Decisions**
(released January 1 to December 31, 2001)

**LICENCE
APPEAL
TRIBUNAL**

LICENCE APPEAL TRIBUNAL

CHAIR – G. Kent McClure, Q.C.

VICE-CHAIRS

E. Alan Garbe	Sheena J. MacAskill
F. Bruce Fitzpatrick	Douglas C. Mackintosh
Marjorie L. Hiley	William McIntosh
David J. Hunt	Brian K. Marotta
Irving Andre	Joanne N. Morrisette
Derek Israel	Beverley J. Reade
Stephen J. Kelly	Terrence A. Wardrop, Q.C.
Jean-Marc Lefebvre, Q.C.	Roland Willis, Q.C.

GENERAL MEMBERS

Antoine Albert Aouad, M.D.	Jeffrey M. Lee, D.C.
Robert A. Adams	Albert Longo
Elaine Argue	Neil J. MacPhee, Q.C.
Ross C. Bennett, M.D.	Norman E. Mealing
Lorraine Bortolussi	Roy Melvin, M.D.
Dino P. Bottero	Peter Menzel
John Carmichael, M.D.	Elmer Merkley
Denis L. Constantineau	Nives Montano
Stuart S. Cork	M. John Oostrom
John Corsi	John Ort
Simon Dann	Al Pilutti
Richard C. Delaney	Nick Pinto
Robert M. Ehrlich, M.D.	Kenneth S. Raven
Paul Faris	Anthony Saldanha
Malcolm Fealing	Charles J. Sandiford
Joan Gentle	Elizabeth L. Sproule
J. Salma Gillani	Joseph Strung
Howard J. Goldstein, M.D.	Phillip Warren Sweetnam
Christopher D.J. Hacio	Cecilia J. Taylor
Hugh R. Hanson	Jerome D. Taylor
William Haskett	Patricia Emily Tyson
Joe Hewitt	Ledwina Vuicic
Alan Holbrook	Clarke Wallace
Raymond Kolynchuk	William J. Warburton
Kenneth W. Koprowski	Frank W. Wolman
Gilles A. Lamarche, D.C.	

CHIEF ADMINISTRATIVE OFFICER AND REGISTRAR – Francine Blais

LICENCE APPEAL TRIBUNAL
2001 LAT DECISIONS
(released January 1 to December 31, 2001)

CITED 2001 L.A.T

- Contains full decisions and reasons given

Made available pursuant to the

Licence Appeal Tribunal Act, 1999,

Ministry of Consumer and Commercial Relations Act,
Revised Statutes of Ontario, 1990, Chapter M. 21

and the

Highway Traffic Act,
Revised Statutes of Ontario, 1990, Chapter H. 8

INCIDES

CHILD AND FAMILY SERVICES ACT

CEMETERIES ACT

COLLECTION AGENCIES ACT

DAY NURSERIES ACT

FUNERAL DIRECTORS AND ESTABLISHMENTS ACT

HIGHWAY TRAFFIC ACT

MOTOR VEHICLE DEALERS ACT

ONTARIO NEW HOME WARRANTIES PLAN ACT

REAL ESTATE AND BUSINESS BROKERS ACT

TRAVEL INDUSTRY ACT

The *Highway Traffic Act* decisions have been divided into six sections based on the type of appeal. The six sections and their letter code abbreviations are set out below.

SECTION CODES:

Abbreviation	Description
ADLS	Administrative Driver's Licence Suspension
CVIS	Commercial Vehicle Impoundment Suspension
CVOR	Commercial Vehicle Operator Registration
GARAGE/MVIS	Garage – Motor Vehicle Inspection Standards
MEDICAL	Licence Suspension or Downgrade for Medical Reasons
MVIA	Motor Vehicle Impoundment

A brief code has been added to many of the file names to help categorize the decision (for example, “EXHP” indicates the appeal ground of exceptional hardship). A table setting out the meaning of these codes is set out below. You can view the code table for each of the three sections (MVIA, ADLS and MEDICAL) by clicking on the section name in the index.

APPEAL/DECISION CODES

Type	Code	Description
ADLS	ADJ	Adjournment
	ALLERGY	Allergy
	ASTHMA	Asthma
	BELLP	Bell's Palsy
	CHEST	Chest Pain
	CLEFT	Cleft Palate
	COLD	Cold
	COUGH	Coughing & Breathing
	FIBMG	Fibromyalgia
	GAG	Gagging
	HDTR	Head Trauma
	HYP	Hyperactive Airway Disease
	LUNG	Lungs
	MANC DEP	Manic Depressive
	MISTAKE	Mistaken Identity
	NOMC	No Medical Condition
	NOSHOW	No Show
	PAND	Panic Disorder
	PULD	Pulmonary Disorder
	RESP	Respiratory Problem

Type	Code	Description
MEDICAL	ADJ	Adjournment
	ALCL	Alcohol
	ANEU	Aneurysm
	CARD	Cardiac
	DOWN	Downgrade of Licence
	DRUG	Drugs/Medication
	EPIL	Epileptic
	MDIS	Mental Disorder
	MINF	Myocardial Infection
	PERC	Perceptual Problems
	SEIZ	Seizure
	SIGHT	Sight
	TUM	Tumor

Type	Code	Description
MVIA	ADJ	Adjournment
	DUDI	Due Diligence
	EXHP	Exceptional Hardship
	NUSP	Not Under Suspension
	STLN	Stolen
	TIME	Extension of time to file

LICENCE APPEAL TRIBUNAL

INDEX

2001 LAT DECISIONS

KEY to "ORDER/RULING" and "FINAL OUTCOME" columns

WEST TALBOT DEVELOPMENTS LTD.

WEST TALBOT DEVELOPMENTS LTD.

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER
THE *ONTARIO NEW HOME WARRANTIES PLAN ACT*

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair, Presiding

APPEARANCES:

JULIA COOK, Agent, representing the Applicant
KENNETH T. ROSENBERG, Counsel, representing the Registrar
of the Ontario New Home Warranty Program,

DATE OF

HEARING: March 29, 2001

Toronto

ORDER

PURSUANT to the provisions of the *Ontario New Home Warranties Plan Act* R.S.O. 1990, Chapter 0.31 as amended, West Talbot Developments Ltd. (the "Applicant") appealed a Proposal of the Registrar of the Ontario New Home Warranty Program (the "Program") set out in a Notice of Proposal dated November 14, 2000 to refuse to renew registration of the Applicant;

WHEREAS, the Applicant filed an appeal with the Tribunal, requesting a hearing;

WHEREAS, the hearing was to be heard on March 29 and 30, 2001 at the Tribunal's Chambers;

AND WHEREAS, the hearing commenced on March 29, 2001 and Counsel for the Applicant advised the Tribunal that on consent of all parties they have concluded a settlement in terms of which the Applicant has withdrawn his appeal and that the Applicant's registration will continue.

AND WHEREAS, the terms of settlement are as follows:

1. The Applicant applies for registration for 2001 in the normal course. The Applicant is to file this registration by April 15, 2001.
2. The Applicant will pay to the Program the registration fee of \$321.00 when the Applicant submits its application for registration.
3. The Applicant will provide the Program with updated net worth statements of the two guarantors Bill Wrebenga and Mark Minor, with the appropriate backup material by April 15, 2001.

4. The Applicant will build or sell no more than eight homes in the 2001 registration period without prior consent of the Program.
5. Regarding the eight homes mentioned in # 4, the Applicant will provide the Program with five thousand dollars (\$5,000.00) security upon the enrolment of each home. The security will be provided by letter of credit or certified cheque.

NOW THEREFORE this Tribunal orders, on the consent of the parties that the proceedings in this matter are hereby withdrawn and this matter is concluded.

LICENCE APPEAL TRIBUNAL

Marjorie L. Hiley, Vice-Chair

Ottawa

ORDER

PURSUANT to the provisions of the *Ontario New Home Warranties Plan Act* R.S.O. 1990, Chapter O.31, as amended, Elizabeth Matte and Cal Stotyn (the "Applicants") appealed a Decision of the Ontario New Home Warranty Program (the "Program") set out in a Decision Letter dated October 26, 2000;

WHEREAS the Applicants filed an appeal with the Tribunal, requesting a hearing;

WHEREAS, the hearing was to held on March 26, 27, 28, 29, 30, and April 2 and 3, 2001, at Ottawa;

AND WHEREAS, the hearing commenced on March 26, 2001 and on March 28, 2001 Counsel for the Applicants advised the Tribunal that on consent of all parties they have concluded a settlement and that the Applicants therefore withdraw their appeal;

NOW THEREFORE this Tribunal orders, on the consent of the parties that the proceedings in this matter are hereby withdrawn and this matter is concluded.

AIDE-EXHP

SHAUN AIDE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: NIVES MONTANO, Presiding member
JOHN OOSTROM, Member
DINO BOTTERO, Member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

SHAUN AIDE, Applicant

RICHARD STERN,
Counsel for Applicant

DATE OF HEARING: March 29, 2001

DECISION RELEASED: April 4, 2001 Toronto

REASONS FOR DECISION

A hearing was held on March 29, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Shaun Aide (the "Applicant")
Motor Vehicle:	1989 GMC Vandura, plate # 3131HV (the "Vehicle")
Date of Appeal:	March 14, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 29, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

OWNER'S POSITION

Mr. Aide is the owner/operator of Metropolitan Steam, an industrial carpet cleaning service. His truck has been fitted with specialized equipment that is instrumental to providing his company's services. It is Mr. Aide's only vehicle. He uses it on every job. Mr. Aide employs a driver to get the truck to and from customers' premises. Without the truck Mr. Aide cannot fulfil his obligations to his customers, he cannot continue to employ his driver and he cannot pay his creditors. Although Mr. Aide has work available to him (see copy of recent earnings statement from ADP for work done by Metro Steam for Sears Canada) he will certainly lose the work and future work should he be left without his truck for any significant period of time. Mr. Aide's financial situation is precarious at this time having recently seen a trustee in bankruptcy who has worked out a Consumer Proposal Agreement to satisfy his creditors (see copy of agreement). Clearly Mr. Aide is financially unable to replace the truck. Therefore he has no alternative to the impounded vehicle available, his loss is immediate, significant and lasting in that his business may not survive this setback and the impact of the loss will be felt by Mr. Aide, his driver, his customers and his creditors. Finally, Mr. Aide has never appealed an impoundment order on the ground of exceptional hardship before.

In his opening remarks, counsel for the Applicant, gave a quick and concise overview of the Owner's Position which was filed with the Tribunal (Exhibit 2).

The Applicant testified that he has owned his company for the past 5 years. His contractual obligations are for both residential and commercial clients. The Applicant has owned the impounded vehicle for the past 3 years. It has been retrofitted with special equipment utilized for carpet/upholstery cleaning.

In September 2000, the Applicant's licence was suspended and in his sworn testimony, advised the Tribunal that he had hired his driver that same month to drive the Applicant to each job site. This driver is remunerated on a percentage basis, approximately \$400 per week.

The Boar and Firkin, a pub on Bayview Avenue contracted the Applicant, on March 1, 2001 at approximately 1:30 a.m., to clean its carpets and upholstery after closing. His driver, who is married with children, refused to drive the Applicant and the impounded vehicle to the job site that evening.

Although the Applicant is aware that he has a suspended licence, he attempted to drive the impounded vehicle to the aforementioned pub. Unfortunately, the Toronto Police pulled him over for an unrelated *Highway Traffic Act* violation and was charged with '*driving while disqualified*'.

When the Applicant was questioned by the Tribunal regarding his loss of business during the impoundment period, his testimony regarding his gross loss of business from 45-50 private customers in addition to 3 commercial accounts (Sears, Crystal Clean and Dirt Busters) amounts to be about \$4,000 per month or a loss of net income after expenses of \$2,300 to \$2,600 per month.

During the impoundment period, the Applicant has been assisting a friend in the same line of business (Canadian Steam Co.) for a modest wage of 10% (gross). His hours of employment are Monday to Saturday from 8 a.m. to 6 p.m. and he is also on-call.

The Applicant also advised the Tribunal that:

- (1) he has not been seeking new contracts because he has been too occupied working for his friend;
- (2) clients calling for service are advised that he would not be in a position to provide service and/or would be unavailable until mid-April;
- (3) none of his private customers have indicated that he had lost their business;
- (4) he could not and did not estimate the number of contracts turned down to date;
- (5) there are trucks/vans available to rent as well as carpet cleaning equipment available to rent, but this equipment would not produce the same results; and
- (6) he faces severe repercussions due to a cut in income as he can no longer keep his contractual obligations to his creditors made to a trustee in bankruptcy in a recent Consumer Proposal Agreement. Therefore, the Applicant indicated that he would soon be looking for alternative employment, e.g. bartending, to supplement his income.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibit 3):

Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Shaun William Aide;

Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;

Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol content in excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 8, 2001

At the hearing the Respondent provided the Tribunal with certified copies of Ministry of Transportation documents on file (Exhibit # 4).

In closing, the Respondent argued that the grounds for hardship were not met and requested the Tribunal to uphold the suspension.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;

- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

The Tribunal may not consider economic hardship as a ground of exceptional hardship unless the Applicant's appeal meets all of the criteria set out in section 22(3) of Regulation 574, R.R.O. 1990 as amended by Reg. 632/98. These include the criteria that no alternative to the impounded vehicle is available and that the loss is immediate, significant and lasting.

(a) "...no alternative to the impounded motor vehicle is available..."

The Applicant testified that alternatives were available in renting a truck with equipment at a high cost which would result in a loss to his company. The Applicant decided against this temporary course of action.

(b) "...the loss will be immediate, significant and lasting..."

The Applicant testified that he has found temporary employment with a friend in the same line of work, which mitigates the significance of Applicant's loss in his own company and his obligations to his creditors. The Tribunal recognizes that the Applicant incurred an immediate loss in his business, due to the impoundment. Certain factors and setbacks may cause irreparable damage to small businesses, but in this case, there is no evidence that the effect of the impoundment on the business will be irreparable. There is no evidence regarding the number of contractual obligations lost during this period.

(c) "...impact of the loss will be upon a person ordinarily transported by the motor vehicle..."

The evidence before the Tribunal does not include the impact of the loss on the driver who normally operates the motor vehicle for the Applicant.

(d) "...loss (i) will be upon a person other than the person where driving while his driver's licence was under suspension stated in the order to impound..."

The Applicant's licence was under suspension. The Applicant was the driver of the motor vehicle. The loss which the Applicant has submitted to the Tribunal is the Applicant's loss, which section 22(3)(d) of the Regulations excludes from this Tribunal's consideration under section 50.2(3) of the Act.

Accordingly, after considering the criteria set out in section 22(3) and (4) of Regulation 340 as amended by Ontario Regulation 632/98, the Tribunal finds the Applicant has not established exceptional hardship as required under section 50.2 of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Nives Montano, Presiding Member

Dino Bottero, Member

RELEASED: April 4, 2001

FOBERT

NORMAN FOBERT

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: BEVERLEY J. READE, Vice-Chair

APPEARANCES:
NORMAN FOBERT, Applicant
NETANUS RUTHERFORD, Counsel, representing Registrar,
Ontario New Home Warranty Program

DATE OF
HEARING: March 30, 2001 *By teleconference*

REASONS FOR DECISION AND ORDER

BACKGROUND:

The Tribunal heard oral submissions from both parties regarding a Notice of Intent to Dismiss Proceedings ("the Notice") issued by the Registrar of this Tribunal on February 13, 2001.

The Notice was issued pursuant to the provisions of section 4.6 of the *Statutory Powers Procedure Act*, R.S.O. 1990, Chapter S.22, as amended ("the S.P.P.A"), and Rule 2.10 of the Rules of Practice of the Licence Appeal Tribunal ("the Rules"), which authorize the License Appeal Tribunal to dismiss a proceeding without a hearing.

The grounds for the Notice were:

- (1) that the Applicant had failed to commence an appeal within the 15-day period prescribed by section 16(2) of the *Ontario New Home Warranties Plan Act*, R.S.O. 1990, c. O.31; and
- (2) that the Applicant had failed to pay the \$100.00 filing fee required pursuant to the *Licence Appeal Tribunal Act, 1999* to be paid to the Minister of Finance.

The Notice gave the Applicant until the February 28, 2001 to make written submissions and payment. The Tribunal received the filing fee, but did not deposit the cheque. The parties consented to oral submissions by way of teleconference on the issue of whether the proceedings should be dismissed without a hearing.

FACTS:

On February 15, 2000, the Registrar under the *Ontario New Home Warranties Plan Act* issued a Notice of Proposal to refuse to renew the Applicant's registration as a builder. The Notice clearly set forth the Applicant's right to an appeal and the process to follow. On February 29, 2000, the Program received a letter which could be interpreted to be a Notice of Appeal. Although it was addressed to the Program, a copy was indicated to have been sent to the attention of the Commercial Registration Appeal Tribunal, whose jurisdiction has been replaced by this Tribunal. No copy of the letter was sent by Mr. Fobert to the Tribunal.

On August 17, 2000, the Program provided a copy of the letter to the Tribunal and asked whether an appeal had been filed. The Registrar immediately wrote to Mr. Fobert, asking whether the letter was a notice requiring a hearing. Mr. Fobert was asked to respond by August 31, 2000.

On August 30, 2000, the Applicant called the Tribunal, advising he would be sending documentation and the filing fee "late". On August 31, 2000, the Applicant wrote to the Tribunal, "The information you will need to make your decision will be sent to you by Sept. 15, 2000."

The Applicant did not send anything to the Tribunal. The Registrar again wrote to him on September 15, 2000, asking for clarification. Considerable documentation was provided by the Applicant on September 20, 2000. It did not include the filing fee or a response to the Registrar's questions. The Registrar wrote the Applicant again on October 2, 2000, November 10, 2000, December 7, 2000 and January 5, 2001 asking for a completed Notice of Appeal form and the filing fee. No response was provided by the Applicant to any of the letters, although he admits receiving them.

It was only after the Notice of Intent to Dismiss Proceedings was issued that the Applicant provided the Tribunal with the filing fee. He stated that he could not afford the \$100.00 fee until then.

The only explanation he gave as to why he did not respond to the numerous letters from the Registrar was that he thought that everything had been resolved, because the Program did not have a case against him. It is clear that there was never any indication by the Program that it did not intend to proceed with the Notice of Proposal. It continued, pursuant to regulatory authority, to request reasonable financial information from the Applicant which he did not provide and which he indicated to the Tribunal he will not provide.

The Applicant also stated that he did not care if his licence as a builder was not renewed as he intended to continue to build or complete new homes but not sell them as new homes, regardless of the outcome of the proceedings.

ISSUE:

The issue in this matter is whether the proceedings should be dismissed without a hearing.

THE LAW:

Both Section 4.6(1) of the S.P.P.A. and Rule 2.10 of the Rules allow the Tribunal to dismiss a proceeding without a hearing if the proceeding is commenced in bad faith or some aspect of the statutory requirements for bringing the proceeding has not been met.

The *New Home Owner's Warranty Plan Act* provides that a notice of appeal must be served on both the Registrar under that act and on the Tribunal, within 15 days after receipt of a Notice of Proposal.

APPLICATION OF LAW TO FACTS:

It is not clear that the Applicant appealed the Notice of Proposal. He did not serve the Tribunal with notice of his appeal within 15 days as required by statute. He failed to respond when asked for clarification as to what he was actually trying to do. He repeatedly failed to provide the filing fee required under the Act. He did not meet the statutory requirements to proceed with an appeal. Accordingly, the proceeding will be dismissed without a hearing.

Because of this determination, it is not necessary to consider whether the Applicant acted in bad faith. However, the Tribunal is satisfied in any event that there are sufficient grounds in the Notice of Proposal which are admitted by the Applicant to justify the Registrar's decision to refuse to renew his license.

DECISION AND ORDER:

The proceeding herein is hereby dismissed. The Registrar is to return the filing fee provided by the Applicant on February 26, 2001.

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE *ONTARIO NEW
HOME WARRANTIES PLAN ACT*

TO DISALLOW A CLAIM

TRIBUNAL: BRIAN K. MAROTTA, VICE-CHAIR

APPEARANCES:

JAMES R. MCINTOSH, Counsel representing the Applicant
KAREN JONES, Counsel representing the Ontario New Home
Warranty Program

DATES OF
HEARING:

March 19 and 20, 2001

Sudbury

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a written Decision of the Ontario New Home Warranty Program (the "Program") dated August 8, 2000 and a Supplementary Decision Letter dated September 28, 2000.

The initial Decision Letter denied the Applicant's claim on the basis that the complaints of the Applicant did not meet the definition of a major structural defect. The Supplementary Decision Letter of September 28, 2000 relied upon the additional ground that the claim was not made within the warranty period and, therefore, was out of time.

The Program reserved its argument on the Motion to Dismiss until the conclusion of the hearing which proceeded in its entirety. At the conclusion of the hearing, the Program presented its Motion to Dismiss based upon the Program having received the required notification after the time limit prescribed by the *Ontario New Home Warranties Plan Act* (the "Act"). For the Motion, the longest notification period provided in the Act is assumed, namely, seven years for major structural defects.

FACTS:

The Certificate of Completion and Possession for the Applicant's home located at 3 Galahad Court, North Bay, Ontario, took effect on February 17, 1992. The Applicant was not the owner of the home at that time.

On August 23, 1995, the previous owner submitted a Proof of Claim indicating that the house had developed two major cracks in the basement walls, directly opposite each

other on what was agreed as the east and west walls. Cracking had also developed in the brick work, as well as the inside of the house on the walls and ceiling.

On September 12, 1995 the Program observed the two major cracks extending below grade, as well as extensive cracking in the brick above, hairline cracks and shifted windows above the damaged brick.

On September 27, 1995, the Program instructed the Builder to do repairs.

Because the prior owner was away from the home much of the time, repairs were completed in stages by the Builder on the inside and outside of the dwelling. The repairs were completed by February 1997.

The Applicant purchased the property by Agreement of Purchase and Sale dated February 26, 1997 and took possession in April 1997.

The Vendor had disclosed to the Applicant that there had been structural problems with the cracks on the east and west wall, which were corrected under HUDAC. The Applicant did not have a professional house inspection.

In the Fall of 1998, the Applicant was working on finishing the previously unfinished basement and noticed that the southeast corner of the basement floor was not level. He poured an estimated eight bags of concrete to raise the floor approximately three inches. He testified that he could have brought it up another one to two inches to make it level. He finished a bedroom in that corner of the basement.

The Applicant and his wife and children occupy and have full use of the house, including the basement.

In late 1998, the Applicant discovered other problems and became concerned about the extent of problems with the home. Subsequently, he met his Real Estate Agent and learned that the house may be covered by the *Ontario New Home Warranties Plan Act*.

By letter dated June 29, 1999, the Applicant made his first complaint to the Program. The Applicant's letter identified a number of problems with the house, which he associated with a re-occurrence of settlement on the southeast corner of the house.

ISSUES:

Was the Applicant's claim of major structural defect made within the period required under the Act?

THE LAW:

Under Section 13 of the *Ontario New Home Warranties Plan Act* states:

13.(1) Every vendor of a home warrants to the owner,

(a) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
.....

Section 13(4) of the Act states:

A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.
.....

Section 14(1)(c) of the Act states:

.....
the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, and the claim is made within four years after the warranty expires or such longer time under such conditions as are prescribed,
.....

Section 16 of Regulation 892 states:

Where a home was enrolled after the 31st day of December, 1990, the claim for damages because of a major structural defect may be made within seven years of the date specified in the certificate of completion and possession.

APPLICATION OF LAW TO FACTS:

There is no dispute that February 17, 1992 is the date the commencement of the warranty under the Act.

Under the Regulations, the warranty for damages resulting from a major structural defect expired on February 17, 1999.

The Applicant did not make a claim to the Program until June 29, 1999, over four months past the expiry date of the warranty period.

However, the Applicant argued that his claims were a continuation of the previous home owner's claim which was reported in time.

The Applicant's expert witness, Mr. D.E. Netherton, gave evidence that according to his measurements of the re-cracking of the original cracks that were repaired in 1995, the southeast corner of the house had continued settling after the repairs were made. There was no evidence available by way of exact measurements or photographs of the width of the original cracks in 1995. By measuring the repaired portions and the expanded cracks, Mr. Netherton estimated that the width of the expanded cracks were approximately 35% of the width of the original cracks. In his opinion, this would mean that the southeast corner continued to settle since repairs were initially made on the

original cracks. He noted that there was no work done on the southeast corner itself and, therefore, he concluded that the problem of the differential shifting of the soil underneath the foundation had never been addressed and the repairs that were made in 1995 to 1997 were only cosmetic.

The Program's expert witness, Mr. Tibor Pal, did not entirely agree. There was some minor movement of the southeast corner resulting in small movements at the repaired cracks. However, he concluded that most of the movement occurred prior to 1996 and that the resulting damages were repaired. He did not measure the cracks but "eyeballed" the cracks and from that determined that the movement after repair was approximately 17%. Mr. Pal admitted that his measurements were only estimates and that Mr. Netherton's measurements would probably be more accurate. With respect to the measurement of the width of the cracks, the Tribunal accepted Mr. Netherton's detailed measurements as accurate.

The Applicant argued that since there had been further differential settling of the earth under the southeast corner of the house, the original problem complained of in 1995 had never been addressed. Therefore, the Applicant submitted, the complaint of major structural damage in 1995 was still alive, and the basis for his claim had been made within the seven year period.

The Applicant's argument assumes that the previous home owner's complaint was not satisfied by the Program's repairs and as such the Applicant is not barred by the expiry of the limitation period under the Act.

The original home owner's complaints were made in 1995 and were made in time. The Program acknowledged these complaints and effected repairs on the complaints that were made. There is no evidence to indicate that the original home owner was not satisfied with the repairs.

The Act does not provide specifically for any extended warranty to cover repair work. The Program's policy, however, is that such repairs are guaranteed for a period of one year. The repairs done on the Applicant's premises were completed by February 1997 and extending the one year policy guarantee from that time would make the expiry date for those repairs February 1998. The Applicant made no complaint during that time regarding the repairs. The Program's policy warranty on those repairs had, therefore, expired. Re: Bisal [1997] O.C.R.A.T.D. No. 117.

The owner has the obligation to monitor and report to the Program any problems with the repairs. The policy of the Program is to warrant repairs for one year after completed, and the Tribunal has no authority under the Act or its Regulations to require the Program to extend the warranty on the repairs. Re: Haddadi [1997] O.C.R.A.T.D. No. 106 and Re: Lichtenberg [1995] O.C.R.A.T.D. No. 99.

It has previously been held that the time limits prescribed in the Act and the Regulations are mandatory. The obligation is on the home owner to report complaints in writing to the Program in a timely fashion, and the Program's responsibility is to deal with the home owner's complaints. It is the duty of the home owner to raise any concern as to the repairs. Re: Goncalves [1995] O.C.R.A.T.D. No. 133 and Re: Lichtenberg [1995] O.C.R.A.T.D. No. 99

The specific complaints that were made in 1995 were repaired without complaint from the home owner. The one year policy warranty on those repairs had expired by the time the Applicant made this complaint in June of 1999. In the present case, the cracks and complaints of the Applicant were not reported within the time limit as prescribed by the Act and regulations and are, therefore, out of time.

DECISION:

The Program's Motion to dismiss the Applicant's appeal is granted.

Accordingly, by virtue of the authority vested in it under Section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal upholds the decision of the Ontario New Home Warranty Program to disallow the claims of the Applicant.

BETWEEN:

WINGS OF THE WORLD INC.

Applicant

- and -

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Wings Of The World Inc. operating as Wings Of The World Travel (hereinafter referred to as "the Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent (registration number 1449980/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since September 13, 1983. The Registrant has also been registered as a travel wholesaler (registration number 1992146/W) since September 17, 1983. The Registrant's fiscal year end is August 31st.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 24(2) of Ontario Regulation 806/93 made under the Act (hereinafter referred to as "the Regulation") states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
3. By letter dated August 10, 2000 the Registrant was requested by TICO to file financial statements for the fiscal year ending August 31, 2000 by November 30, 2000.
4. On December 8, 2000, a second request was sent to the Registrant, providing the Registrant with a deadline to submit the required filing by December 22, 2000.

5. On January 11, 2001, a final request was sent to the Registrant, providing the Registrant with a deadline to submit the required filing by January 24, 2001, failing which the Registrant was advised that a proposal to revoke its registration would be issued.
6. By February 2, 2001, the Registrant had failed to provide its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's Registration.
7. On February 20, 2001, the Registrant filed its Notice of Appeal with the Licence Appeal Tribunal.
8. On March 9, 2001, the Registrant filed its financial statements for its fiscal year ended August 31, 2000, which were due by November 30, 2000.

COMPLIANCE HISTORY – PREVIOUS FILING OF FINANCIAL STATEMENTS

9. The Registrant has a history of late filing of its financial statements as summarized in paragraphs 10 through 14.
10. The Registrant filed its financial statements for its fiscal year ended August 31, 1995, which were due by November 30, 1995, on January 12, 1996.
11. The Registrant filed its financial statements for its fiscal year ended August 31, 1996, which were due by November 30, 1996, on December 30, 1996.
12. The Registrant filed its financial statements for its fiscal year ended August 31, 1997, which were due by November 30, 1997, on June 18, 1998.
13. The Registrant filed its financial statements for its fiscal year ended August 31, 1998, which were due by November 30, 1998, on December 15, 1998.
14. The Registrant filed its financial statements for its fiscal year ended August 31, 1999, which were due by November 30, 1999, on January 14, 2000.
15. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated February 2, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:

- (a) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending August 31, 2001, no later than November 30, 2001;
 - (b) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending August 31, 2002, no later than November 30, 2002;
 - (c) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant;
 - (d) The Registrant shall establish a Travel Industry Act trust account and provide proof thereof to the Registrar by May 31, 2001. Thereafter, the Registrant shall maintain the trust account and comply with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time.
- 3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (c) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
 - 4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

Appeal under Section 50(1) of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KIM GROSSKURTH,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF
HEARING: March 29, 2001

Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit # 1 - Letter of Appeal from the Applicant, received on February 7, 2001, at the Tribunal.

Exhibit # 2 - Letter of Suspension from the Ministry, dated December 22, 1999.

Exhibit # 3 - Applicant's driving record from the Ministry, dated February 27, 2001.

Exhibit # 4 - Tabulated documents (1-18) from the Ministry, received at the Tribunal February 28, 2001.

Exhibit # 5 - Letter from the Applicant to the Bloorview MacMillan Centre, dated June 18, 2000.

FACTS:

The Applicant an eighty year old male, had his driver's licence suspended by the Ministry on January 22, 1999, under section 47(1) of the *Highway Traffic Act*, after receiving an unsolicited letter from the Applicant's family physician, Physician # 1, dated September 10, 1995. Physician # 1 stated the Applicant was an insulin dependant diabetic with a history of documented strokes. He and the Applicant's family had noted the Applicant had problems with memory, judgement and mental alertness that may impair his ability to drive.

The Applicant claimed he had pneumonia at that time and this was not taken into consideration. Never-the-less the Ministry suspended his driver's licence and recommended a neurologist's assessment referencing cognitive functions and a report from driving evaluation.

The Ministry received a letter from Physician # 2, a neurologist, on March 30, 1999. Physician # 2 stated he could not find any neurological reasons why the Applicant should not drive, if he was able to meet the standards set by a driving review centre, such as the Hugh MacMillan Centre.

Physician # 2 also sent a letter to the Applicant's new family physician, outlining his past history and the results of a CT scan in April, 1998. This disclosed multiple cerebral infarctions and periventricular hypodensities

The Applicant had a driving evaluation on June 7, 1999 at the Hugh MacMillan Centre. The instructor and the occupational therapist had concerns about the Applicant's competence to return to driving a motor vehicle. His problem solving abilities to make sound judgements and decisions for driving seemed to be impaired. The instructor felt something happened to affect his reaction time, judgement and the decision-making skills needed for driving.

The Applicant complained that he had to wait an extra hour for the driving test over the lunch period. His driving was affected because he is an insulin dependent diabetic and needs to eat on time.

A second test was carried out on June 13, 2000 at the same place, but by a different evaluator and occupational therapist. The results were very similar - although the Applicant has been driving for several years, it appears his cognitive deficits, and particularly impaired memory, attention, visual perceptual skills and judgement are interfering with his competency to drive a vehicle.

The Applicant's excuse was that it was a rainy day and the rain on the windshield interfered with his vision. He had requested an opportunity to wipe off the windows, but the evaluator refused. He felt a shattering injustice had occurred by someone with inadequate training to make a decision as devastating as this.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) of the *Highway Traffic Act* empowers the Registrar to ---“suspend or cancel” a driver’s licence for “any ---sufficient reason---”. The Registrar suspended the Applicant’s licence after receiving an unsolicited letter, dated September 10, 1998, from Physician # 1, advising that he and the family of the Applicant were concerned about the Applicant’s ability to drive safely, because of problems with memory, judgement and mental alertness.

The Tribunal finds the Registrar acted in accordance with the Regulation in suspending the Applicant’s driver’s licence.

The neurologist Physician # 2 could not find any neurological reason why he should not drive, if he could meet the standards set by a driving review centre. Two separate evaluations were done and both confirmed Physician # 1’s original concerns. His memory, judgement and cognitive skills had deteriorated to the point it would be dangerous for him to drive.

The Tribunal finds that on the evidence the Applicant suffers from disabilities as a result of a series of minor strokes likely to significantly interfere with his ability to drive a motor vehicle within the meaning of section 41 (a), Regulation 340/94.

DECISION:

Upon the application by the Applicant to appeal the decision dated December 22, 1998, of the Registrar of Motor Vehicles (“Registrar”) to suspend his driver’s licence pursuant to Section 47(1) of the *Highway Traffic Act* (“HTA”), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett, M.D., Presiding Member

RELEASED: April 3, 2001

HIGGINS

MOTOR VEHICLE DEALERS ACT
Revised Statutes of Ontario 1990, Chapter M.42

IN THE MATTER OF

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Mark Owen Higgins (hereinafter referred to as "the Applicant") and the Registrar, Motor Vehicle Dealers Act, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Powers Procedure Act, do hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, his registration is automatically revoked.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
5. The Applicant shall not be an officer, director, owner or partner in a dealership.
6. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Applicant confirms that the circumstances surrounding the conviction are substantially as disclosed to the Registrar.
8. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
9. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
10. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
11. The Applicant will provide a copy of this order to his employer forthwith.

12. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
13. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
14. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of March 2001.

Mark Owen Higgins (signature)

APPEARANCES: KIM GROSSKURTH,
Representative for the Registrar of Motor Vehicles

KOLDEN INVESTMENTS INC., Applicant
unrepresented

JULIE HOLDEN, Agent for Applicant

DATE OF HEARING: April 6, 2001

DECISION RELEASED: April 9, 2001 Toronto

REASONS FOR DECISION

A hearing was held by teleconference on April 6, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Kolden Investments Inc. (the “Applicant”)
Motor Vehicle: 2000 Chrysler Neon, plate # AAWA 492 (the “impounded vehicle”)
Date of Appeal: March 19, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on April 6, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant’s evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am the owner of Budget Rent A Car. While this car is impounded we will suffer lost revenue.

Thank you
Owner Don Holden

The Applicant who carries on business as Budget Rent A Car is a solely-owned and operated by Don Holden. Mr. Holden has been in business for the past 3 years. This business is operating out of 581 N. Christina Street in Sarnia, Ontario. The Applicant's current fleet consists of approximately 35 to 40 vehicles. During the course of 1 week, 30 vehicles are rented on average.

On February 19, 2001, Ms. Nahmabin, a frequent customer, entered into a one-month rental agreement (Exhibit 6) with the Applicant. Ms. Nahmabin indicated there would be no other drivers having care and control of the impounded vehicle.

On March 15, 2001 the police advised the Applicant that the vehicle had been in an accident and had been impounded for 45 days. The driver was the son of Ms. Nahmabin and he had been drinking and driving. Ms. Nahmabin had also called the Applicant that morning to advise the same and that her son had taken the keys from her while she was sleeping the night before. She laid no charges against her son.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibits 3 and 4):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Terrence Nahmabin;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension for life for ability impaired.

The Respondent did not call any witnesses.

The Respondent wanted to point out to the Applicant that Ms. Nahmabin may have intentionally rented the vehicle for her son, because the Respondent had proof that Ms. Nahmabin owned 4 other plated vehicles.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at

- the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has requested an appeal on the grounds of "exceptional hardship" under section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact "exceptional hardship" will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardship as described by section 22(2). In order for its claim to be considered under section 22(2), the Agent must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative to the impounded vehicle.

With regard to section 22(3),

- (a) The Applicant is a car rental company. In the Agent's testimony, its fleet consists of approximately 35-40 vehicles. Therefore, there may be available vehicles to be rented and/or leased.
- (b) The Applicant has not proven that the loss of the vehicle will be immediate, significant and lasting. The vehicle is to be released from impoundment on April 29, 2001. The Applicant currently holds approximately \$1,300 in authorizations (being security deposit together with payment assurances) which have not yet been processed. Therefore, the Applicant in its sole discretion may have the right to apply these monies towards Ms. Nahmabin's obligations of approximately \$2,800.
- (c) The Applicant being a rental company is also not considered a person ordinarily transported by the vehicle.

Evidence was heard that the Applicant might have incurred some financial hardship as a result of the loss of the vehicle. The Applicant may pursue compensation from the suspended driver, Terrence Nahmabin, as is stated in section 55.1(21) of the *Highway Traffic Act*:

"The owner of a motor vehicle that is subject to an order to impound under this section may bring an action against the driver of the motor vehicle at the time the order was made to recover any costs or other losses incurred by the owner in connection with the order".

The Applicant and its Agent have not presented the Tribunal with any evidence that would demonstrate that every reasonable option has been considered as contemplated by section 22(4) of the Regulation.

The Tribunal accordingly finds the Applicant has not established that it has or will suffer exceptional hardship as defined by Ontario Regulation 632/98, subsection 22.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

EBORA

RENE AND EVELYN EBORA

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSE OF THE *ONTARIO NEW
HOME WARRANTIES PLAN ACT*

TO DISALLOW A CLAIM

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

RENE and EVELYN EBORA, appearing on their own behalf
TERRI HILBORN, Counsel, representing the Ontario New
Home Warranty Program
ARPAD SZINEGH, Agent for the Added Party, SUNDIAL HOMES
(MAPLE) LIMITED

DATE OF
HEARING: March 29, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal from the decision of the Ontario New Home Warranty Program ("the Program") dated November 15, 2001, wherein the Applicants claim for damages for a breach of the Vendor's warranty was disallowed. As set out herein, the Tribunal found that there were no breaches of warranty. Accordingly, the Applicants are not entitled to succeed in their claim against the Program for the reasons hereinafter set out.

FACTS:

It is not disputed by the parties that the home is a detached single family home built by the Vendor, and sold to the Applicants with a closing date of September 10, 1999. The Applicants filed a Conciliation Request Form dated July 21, 2000 setting out 15 items. A Conciliation Inspection was made on October 11, 2000 by Mr. Warren Northcott who a Warranty Representative for the Program. On November 15, 2000 a Decision Letter was issued by Mr. Northcott, and the Applicants filed a Request for Hearing on November 27, 2000. On the hearing date, the parties agreed that there were 4 issues in dispute.

The first three issues involved the construction of the garage and the fourth issue involved the installation of two pot lights. The Applicants claimed that there were breaches of warranty because the right garage door opening was narrower than the left garage door opening, the construction of the right garage door frame was ugly, the

width of the garage was narrower than the plans, and the bulbs of two pot lights extended beyond the pots.

WITNESS FOR THE APPLICANT

Mr. Rene Eborá testified that there was a problem with the construction of the garage as he could not park his two vehicles in it at the same time. He is able to get his Ford Aerostar Van through the left garage door but is unable to get it through the door on the right side. His second vehicle is a Honda Accord Coupe, and although he is able to get it through the garage door on the right side it is a very tight fit and the car has been scratched. When he measured the distance from the inside of the left side of the frame on the left garage door opening to the inside of the frame on the right of the right garage door opening, he found it was 201 inches. When he was in the model home prior to the purchase, he found this distance to be 206 inches. The measurement of the left garage door opening at his home is 90 inches, and the opening on the right is only 88 inches. Mr. Eborá stated that the extra 2 inches means that he is not able to get his van into the garage. There is also the problem that within the garage the right side there is drywall extended beyond the foundation into the garage further reducing the parking area. As a result when the car is parked in the garage it must be turned and takes up some of the space for the other vehicle with the result that two vehicles cannot be parked in the garage at the same time. When he purchased the home, it was presented to him as a two-car garage, but he is now unable to park two vehicles in the garage as he expected.

Mr. Eborá testified that he paid \$200.00 each for 11 pot lights and that the bulbs in two of them extended beyond the pot. In his opinion, the bulb in a pot light should not extend beyond the pot, and in his opinion they must have been installed incorrectly. He is an electrical technician and could repair it, but he does not want to open the bulkhead to change the components and the casing. Instead, he wants a refund of his \$200.00 per light as he did not get what he was entitled to receive for his money.

In cross-examination, Mr. Eborá confirmed that photographs on pages 2 and 3 of Exhibit 6 at Tab 9 properly show the present condition of the garage door frame. He agreed that the right side garage door opening is only 1 inch per side narrower than the left side garage door opening. A specifications sheet for a Honda Accord Coupe was produced, and he agreed that the width was 70.3 inches and that this would leave 9 inches clearance on either side of the vehicle on the right side garage, however he mentioned that he did not know if this measurement included the two exterior rear view mirrors. He explained that if his Van is in the left side of the garage, he cannot get the car into the right side.

Mr. Eborá stated that the two pot lights in issue are functional and that his concern is that the lights protrude from the pots. When it was suggested to him that in some pot lights the light bulbs do protrude, he disagreed and stated that they were not pot lights. He was shown photographs (Exhibit 7, A, B) of a *recessed lighting* display at a building supplies store (Home Depot) which showed several styles of lights including one in which the bulb protruded from the pot; however, he stated that in his opinion this was not a pot light. When it was suggested that he could try smaller bulbs, he stated that he did and they still protruded. He wanted it to be recessed, but he did not want the repair done as he did not want the bulkhead to be torn apart.

Mr. Eborá was shown the Agreement of Purchase and Sale, and agreed that the builder might have to modify the plans, and agreed that there were no measurements on the drawings given to him; however, he stated that he still wanted what was offered to him and what he had paid for. When it was pointed out to him that the floor plan of his home (Exhibit 5) showed that the area for the curved staircase encroached into the area of the garage, he testified that he had been offered a 2 car garage, and this meant that he should receive a garage in which he could park his 2 vehicles.

WITNESSES FOR THE PROGRAM

Mr. Warren Northcott testified that he has been a Warranty Representative for the Program for 22 months, and prior to that in was a building inspector in Barrie, Ontario, for 10 years. He is also a certified Building Code official. He attended the Applicants' home for the Conciliation meeting and on two later occasions. When he first observed the right hand garage door frame, he saw that there was a 2 X 10 board nailed of the right side to cover a gap. As the bricks were 1 1/2 inches short of the door frame. This was found to be covered by warranty so the board was removed and a new frame was installed. In his opinion, the opening would be wide enough to accommodate a normal sized car, and he saw wear marks on the garage floor to indicate that a vehicle had parked there. The materials and workmanship were satisfactory, and he did not find that there was a Building Code breach. Although he did not measure the opening himself, he accepted Mr. Eborá's measurements and concluded that there was no breach of Warranty. Even though there was 1 1/2 to 2 inches difference in the garage door openings, he did not consider them to be physically different, as he considered the difference minor. Mr. Eborá had told him that he wanted the centre post removed and a single door installed. However, Mr. Northcott considered this to be a problem as it would require substantial structural alteration since it carries the weight of part of the second storey of the home. An application for a building permit would be needed and there might be problems getting the necessary approvals. In his opinion, there was no breach of warranty involving the garage. The Agreement of Purchase and Sale also allows for changes in dimensions as may be necessary for construction reasons or to comply with the Subdivision Agreement.

Mr. Northcott testified that there were different ways to install pot lights. Although the fixture is mounted inside the drywall, the bulb may protrude depending on the type of installation, the housing, and the size of the bulb. He considered this to be an issue of personal preference and explained that he attended at a Home Depot store where he took photographs(Exhibit 7 A, B) showing several styles of recessed lighting which includes one in which the bulb protrudes from the pot. In his opinion there is no breach of warranty as there is no defect in workmanship or materials, and he suggested that the homeowners use smaller bulbs. In this case, the homeowners have stated that they did not wish a repair, and the warranty would therefore be void in any event.

In cross-examination, Mr. Northcott was asked why he did not mention that the bulb in a pot light does not protrude from the pot, and he explained that it is because the bulb may protrude even though the rest of the assembly is recessed within the drywall. He agreed that the pot lights installed in the ceiling were totally recessed, but stated that the pot lights installed in the bulkheads were acceptable even though the bulbs protruded, and he saw no reason that the builder should carry out any repairs.

Mr. Northcott testified that he accepted Mr. Ebor's measurements, and did not measure the garage door openings for himself. He also did not have the Applicant demonstrate how his vehicles did or did not fit through the openings and into the garage. Based on his observations, there were 12 vertical bricks on the left side of the keystone above the right hand garage door opening, and only 11 vertical bricks to the right of the keystone. Mr. Northcott testified that he had been told that the car would fit into the right side of the garage, and he saw evidence of wear on the floor of the garage showing that the vehicle had parked there. When he was asked if it is normally intended to put 2 cars into a 2 car garage, he stated that it is a matter of personal preference. In his experience, garage doors commercially available vary in size, with the smallest being 84 inches (7 feet) wide. Mr. Northcott agreed that there are obstructions in the garage which could interfere with parking a vehicle depending on its size. Based on the home's drawings which were not to scale and had no measurements, it appeared to him that the curved staircase caused an encroachment into the garage. The witness did not know whether a vehicle could enter the right side of the garage if there was another vehicle parked on the left side.

Mr. Arpad Szinegh testified that he is the Director of Quality Control for Sundial Homes and at the time he attended the Conciliation meeting, he was the Director of Warranty Service for Sundial Homes. He stated that he did measure the garage door openings and accepted the measurements provided by the Applicants. In the winter of 1999 the Applicants reported a problem with the door frame for the garage door opening on the right side. A piece of lumber had been used to cover a gap in the door frame and he had it removed. He testified that the standard single door sizes were 7 feet, 7 ½ feet, and 8 feet in width. The standard door sizes for double doors were 14 feet, 15 feet, and 16 feet in width. In his experience the most common single doors were 7 ½ feet and 8 feet in width with the smaller 7 foot doors being used primarily in smaller townhouses. The right side garage opening at the Applicants' home was 88 inches which is only 2 inches less than a 7 ½ foot (90 inch) door. In his opinion it would be a tight fit to get a normal vehicle through the door, but there would be enough room. For a single door to be installed, the homeowner would have to obtain a building permit, and there could be problems with this due to restrictions in the Subdivision Agreement. If a building permit were issued, the change would require a major structural change to the building, as the centre pillar between the doors bears some of the weight of the second story of the home. This change would probably require the installation of steel beams to compensate for the loss of support in the middle, and in the opinion of the witness it would not produce a larger opening. It would still be no more than 201 inches, and there would be no extra room in the interior of the garage. The witness examined the floor plan from the brochure, and later in re-direct examination stated that even though there are no measurements given he would estimate that the encroachment into the garage caused by the curved staircase is approximately 2 feet. This brochure formed part of the promotional material and was included in the Applicants' Agreement of Purchase and Sale, so it was apparent that the design of house caused a loss of space in the garage. Mr. Szinegh testified that the bulkheads can accommodate pot lights as installed, and the homeowners should use smaller bulbs if that is their preference.

In cross-examination Mr. Szinegh was asked if two garage doors meant that two vehicles should be able to park in the garage, and he stated that it did not, and could mean that one side would be used for something else such as a workshop. In the plans for this home, he said that it would be apparent that there would be a problem parking two cars in the garage. He did not know the dimensions of the garage in the model

home, and did not personally attempt to park two cars in the garage. The witness agreed that the right side garage door opening was 2 inches narrower than the left side, but said that both openings are sufficient for a car to enter. In his opinion, most cars are approximately 6 feet wide, and most garage doors are approximately 7 feet wide so there was enough room. The witness agreed that the home was a "fair size" and was not a townhouse that would normally have a small sized garage door. When cross-examined about the pot lights, he agreed that no repair was attempted, and that the bulbs protruded but repeated that they were properly installed as the fixture was flush with the ceiling.

FACTS FOUND PROVEN:

The Applicants' home has a garage which is part of the structure of the building, and the centre pillar between the 2 garage doors supports some of the weight of the second storey of the house above it. On the floor plans to the home in the diagrams provided, there were no measurements, and the garage area was marked as *GARAGE* and was not referred to as a *double garage* or a *2 car garage*. There are 2 openings with separate garage doors. The right side garage opening is 88 inches wide and is 2 inches narrower than the 90 inch opening on the left side. If the centre pillar were removed, the opening would be 201 inches. The Applicants own an Aerostar Van and a Honda Accord. They are able to drive their Van into the left side of the garage and are able to drive their Honda Accord into the right side, but it is a tight fit. Due to the loss of interior space caused by the curved staircase, if the car is parked on the right side, it has to be turned to the left, and into the parking space for the vehicle on the left side. It is not possible to properly park the Applicants' two vehicles in the garage at the same time. To replace the two garage doors with one large door and remove the centre pillar would require a major structural change because an alternate method would have to be used to adequately support the structure above. If this were done, the overall width of the garage opening would still remain approximately 201 inches. The garage door frame has been repaired; is now functional, and the workmanship and materials are acceptable.

There are two pot lights installed on bulkheads in the home, and 9 pot lights installed in the ceiling. The bulbs in the two pot lights installed on the bulkheads protrude from the assembly, and the bulbs in the others installed in the ceiling are recessed. Evidence was produced showing a display of pot lights in which some of the lights were fully recessed and in one model the light protruded from the ceiling area. Two different sized bulbs were produced with one being shorter than the other. The Applicants do not want the bulkheads opened for a repair of the two pot lights. The Tribunal finds that a light is still a pot light if the assembly is recessed into the ceiling or bulkhead and the bulb protrudes.

ISSUES:

The legal issues in this case is whether there was a breach of warranty due to defects in workmanship or materials in the construction of the garage or installation of the two pot lights, or by not providing a garage suitable to park two vehicles at the same time.

APPLICABLE LAW:

Section 1 of the *Ontario New Home Warranties Plan Act* states:

"home means",

- (a) a self-contained one family dwelling, detached or attached to one or more others by a common wall,
- (b) a building composed of one or more than one and not more than two self-contained, one-family dwellings under one ownership,
- (c) a condominium dwelling unit, including the common elements, or

and includes any structure or appurtenance used in conjunction therewith, but does not include a dwelling built and sold for occupancy for temporary periods or for seasonal purposes;

.....

Section 13 of the *Ontario New Home Warranties Plan Act* states:

13.(1) Every vendor of a home warrants to the owner,

(a) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
- (ii) is fit for habitation, and
- (iii) is construction in accordance with the Ontario Building Code;

(b) that the home is free of major structural defects as defined by the regulations; and

(c) such other warranties as are prescribed by the regulations.

(2) A warranty under subsection (1) does not apply in respect of,

- (a) defects in materials, design and work supplied by the owner;
- (b) secondary damage caused by defects, such as property damage and personal injury;
- (c) normal wear and tear;
- (d) normal shrinkage of materials caused by drying after construction;

- (e) damage caused by dampness or condensation due to failure by the owner to maintain adequate ventilation;
- (f) damage resulting from improper maintenance;
- (g) alterations, deletions or additions made by the owner;
- (h) subsidence of the land around the building or along utility lines, other than subsidence beneath the footings of the building;
- (i) damage resulting from an act of God;
- (j) damage caused by insects and rodents, except where construction is in contravention of the Ontario Building Code;
- (k) damage caused by municipal services or other utilities;
- (l) surface defects in work and materials specified and accepted in writing by the owner at the date of possession.

(3) The vendor of a home shall deliver to the owner a certificate specifying the date upon which the home is completed for the owner's possession and the warranties take effect from the date specified in the certificate.

(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.

(5) A warranty is enforceable even though there is no privity of contract between the owner and the vendor.

(6) The warranties set out in subsection (1) apply despite any agreement or waiver to the contrary and are in addition to any other rights the owner may have and to any other warranty agreed upon.

Section 14 of the *Ontario New Home Warranties Plan Act* States:

14.(1) Where,

- (a) a person who has entered into a contract with a vendor for the provision of a home has a cause of action in damages against the vendor for financial loss resulting the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor's failure to perform the contract;
- (b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or
- (c) the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, and

the claim is made within four year after the warranty expires or such longer time under such conditions as are prescribed,

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

(2) In assessing damages, the Corporation shall take into consideration any benefit, compensation or indemnity payable to the person or owner from any source.

(3) The Corporation may perform or arrange for the performance of any work in lieu of or in the mitigation of damages claimed under subsection (1).

Regulation 892, Section 1, *Ontario New Home Warranties Plan Act* states:

"major structural defect" means, for the purposes of clause 13(1)(b) of the Act, any defect in work or materials,

- (a) that results in failure of the load-bearing portion of any building or materially and adversely affects its load-bearing function, or
- (b) that materially and adversely affects the use of such building for the purpose for which it was intended.

including significant damage due to soil movement, major cracks in basement walls collapse or serious distortion of joints or roof structure, and chemical failure of chemicals, but excluding flood damage, dampness not arising from failure of a load-bearing portion of the building, damage to drains or services, damage to finishes and damage arising from acts of God, acts of the owners, and their tenants, licensees and invitees, acts of civil and military authorities, acts of war, riot, insurrection or civil commotion and malicious damage.

Regulation 892 of the *Ontario New Home Warranties Plan Act* states:

.....

4.(1) Each person with a claim under the Plan shall give written notice of the claim to the Corporation.

.....

Regulation 892, Section 6 of the Act states:

.....

6.(3) In the case of a home of a type referred to in clause (a) or (b) of the definition of "home" in section 1 of the Act, the maximum amount payable to the owner out of the guarantee fund in respect of a claim made after August 1, 1989 under clause 14 (1)(b) or (c) of the Act is \$100,000.00.

.....

CASELAW:

Re: ULUDAMAR [1997] O.C.R.A.T. No. 46

In that case, the Applicant claimed that the garage door was not properly centered, the roof of the garage was crooked, and the interior ceiling was crooked. The problems were caused by the design of the roof truss. The problem was partially repaired and the builder went bankrupt before it was completed. The garage door was 10 inches out on the right side of a window and was not possible to move the door to provide the facade as shown in the artists drawings. To move the door five inches to centre it would cost between \$6,000.00 and \$10,000.00. Otherwise the workmanship of the door was adequate, and the door otherwise was functional. The test applied was whether the Program was required to go to the expense of repairing the door to conform to the home's plan when it was otherwise constructed in a workmanlike manner and was free of defects. Although the door was found to be off centre, it did function as the garage door and no breach of warranty was found for that item.

Re: RUSSO [1999] O.C.R.A.T. No. 86

In that case, the Applicants made several claims including one involving the location of the fireplace which was 8 inches off centre because it was necessary to provide space for the required flue. When the problem was realized, the builder did not consult the purchaser to try to find alternatives. The complaint by the Applicant was about the appearance of the fireplace, and the fact they were unable to install bookcases along the wall as they had planned. The test used by the Tribunal at page 8 was:

"whether the consequences of the complaint where the actual item is otherwise constructed in a workmanlike manner and is free from defects in materials, are such as to warrant requiring the Program to go to the expense required to change the item to conform with plans or specifications."

The Tribunal found that the placement of the fireplace was not a warrantable defect under section 13(1)(a)(i) of the Act.

Re: BREEN [1999] O.C.R.A.T. No. 86

In this case, the Applicants claimed that there was a mark on a cupboard door, and that the original front door was defective. The Tribunal found that the mark on the cupboard door was only visible on extremely close inspection and the homeowners had refused the repairs offered by the builder. Similarly, the builder had offered to repair the front door even though they had already made a repair and the homeowners had refused a further repair. The Tribunal found that the mark on the cupboard door was trivial and that the front door had been properly repaired. Although aesthetics are a consideration, the standard is acceptability and not perfection. Even if the Applicants had proven their case, the Tribunal found that their refusal to allow repairs would disentitle them from compensation under the Act.

APPLICATION OF LAW TO FACTS:

The Tribunal finds that both garage doors permit the entry of a vehicle although the Applicants can not drive their van through the right garage door opening as it is 2 inches narrower than the left garage door opening. Due to the construction requirements for the curved staircase, interior space within the garage is lost with the result that the Applicants cannot park both of their vehicles in the garage at the same time although both sides are used separately. Both garage doors are standard sized commercially available garage doors, and the openings are sufficient to permit the entry of vehicles although it is tight. The floor plans for the home do not give measurements, although they clearly show the encroachment into the parking space within the garage caused by the curved staircase. In the documentation, there are no specifications for the garage and it is not referred to as a *two car garage* and is simply referred to as a *garage*. The garage was constructed in a workmanlike manner as set out in the floor plans provided, and it does function as a garage. There is no breach of warranty. Even if there had been a breach of warranty, the solution suggested by the Applicants would involve a major structural change at the substantial cost and would not produce any further interior space to allow the Applicants to park their two vehicles comfortably within the garage.

The Tribunal finds that the two pot lights were properly installed on the bulkheads and although the bulbs presently in the fixtures protrude, there is no defect in workmanship or materials and no breach of warranty. The Applicants have indicated that they did not want any repairs done and have thereby disentitled themselves from succeeding on his claim in any event.

DECISION:

Therefore, by virtue of the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the claims.

LICENCE APPEAL TRIBUNAL

David J. Hunt
Vice-Chair

RELEASED: April 9, 2001

ADLS - 498

Appeal under section 50.1 of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 48.3(2) of that Act;

TO APPEAL A 90-DAY ADMINISTRATIVE DRIVER'S LICENCE SUSPENSION

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding Member

APPEARANCES: KYLE M. BIEL,

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding Member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant

Counsel for Applicant

DATE OF
HEARING: April 3, 2001

DECISION
RELEASED: April 4, 2001 Toronto

REASONS FOR DECISION

A written hearing was held on April 3, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on April 4, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended,

chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of a written hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated February 23, 2001, and was received by the Tribunal on February 28, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"This is a case of mistaken identity. I am not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken."

Preliminary Matters

Being a written hearing, there were no preliminary matters and the matter was heard without delay.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 2 Notice of Appeal Form dated February 23, 2001.
- b) Exhibit # 3a,b,c, Sworn Affidavits from Witness # 1, Witness # 2 and Witness # 3.

By the Respondent:

- a) Exhibit # 1 Notice to Registrar dated January 31, 2001.
- b) Exhibit # 4 MTO Submissions Received March 23, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(a) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Was the Applicant whose licence was suspended not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason”.

The HTA states under Section 50.1(4):

The Board may confirm the suspension or may order that the suspension be set aside.

Finally, section 13 of Regulation 574 (amended) provides:

“A person appealing a suspension has the onus of establishing the merit of the appeal”.

FACTS:

The Tribunal considered all of the evidence presented. The only evidence presented by the Applicant were three sworn affidavits. One from himself, the others from Witness # 2 and one from Witness # 3. In summary, the Applicant contends that he was not the driver of the vehicle which had an accident nor had he care and control of the vehicle. He states that “this affidavit is made by me in support of an appeal of any administrative drives licence suspension on the first ground that there was a mistake made as to the identity of the driver and not for any other or improper purpose.”

However, the issue is not one of whether or not the Applicant was or was not the driver of the vehicle. The issue was whether the Applicant whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made or from whom a sample of breath or blood was taken? The facts are quite clear in this case. The Applicant was the individual who was given the breath demand and subsequently charged under Section 253(b) of the Criminal Code of Canada of Over 80mgs Alcohol.

The evidence presented by Police Officer # 1 and Police Officer # 2 and Police Officer # 3, is uncontested. The Applicant did provide two breath samples over the legal limit for which he was appropriately charged.

APPLICATION OF THE LAW TO FACTS:

The Applicant as stated above, has based his appeal of the fact that he claimed he was not the driver of the motor vehicle which was involved in the minor accident. At issue is not whether he was the driver of the vehicle but rather he is “the same individual to whom a demand for a sample of breath was made, or from whom a sample of breath or blood was taken. The Tribunal’s jurisdiction is not to determine whether the Applicant was or was not operating the vehicle. Rather the Tribunal’s jurisdiction is circumscribed

to the provisions set forth in Section 50.1 of the *Highway Traffic Act*. As stated above, the evidence is clear that in fact the Applicant was indeed the individual from whom a demand for a breath sample was requested.

Regulation 574 as amended, with particular attention to Section 13, provides that the Applicant has the onus of establishing the merit of the appeal. The Tribunal finds that the Applicant, has failed to do so. In fact, all of the written submissions presented by the Applicant do not address the issue at hand.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated January 31, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

LICENCE APPEAL TRIBUNAL

Jeffrey M. Lee, D.C.,
Presiding Member

RELEASED: April 10, 2001

AFZAL-STLN

MOHAMMAD AFZAL

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: KENNETH W. KOPROWSKI,
Presiding member

APPEARANCES: KIM GROSSKURTH,
Representative for the Registrar of Motor Vehicles

MOHAMMAD AFZAL, Applicant
unrepresented

DATE OF HEARING: April 10, 2001

DECISION RELEASED: April 11, 2001 Toronto

REASONS FOR DECISION

A written hearing was held on April 10, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Mohammad Afzal (the "Applicant")
Motor Vehicle: 1988 Olds CCA, Plate No. AKKH 478 (the "vehicle")
Date of Appeal: March 21, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on April 10, 2001 and proceeded as a written hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

This case is self explanatory with the letter attached send to Police by my son Shayne. This fellow Art is charged with hitting Sharon Conlon. Police Officer, resistance arrest; convicted many times and spend Lots of time in Jail; He used unnecessary force to get the key and drive my car without my knowledge and my son's knowledge at that time. Police did not have enough information to charge him stealing this car. (Exhibit 2)

I Request a written hearing and request:

—

This case is self explanatory, after you read the letter attached. I was in Toronto, and this incident happened in Kitchener. So I do not feel to go in front of the Tribunal Board, because I am not the witness. Please get this information from the Police dept.

Thanks
Mohammad Afzal

Dear Cst Stover,

With regards to occurrence # 25953 dated March 14th 2001, I am a newly licensed Driver as a matter of fact I got my license on March 6th 2001, My Dad lives in Toronto Got me this 88 Olds. Calay.

On the day of March 14th 2001 My little sister Chantele's Birthday few people came in include Chentelle's Dad "Art" I was sleeping upstairs every one had few drinks and some arguments "Art" hit my Mom and my Mom through him out.

Mom send my sisters boyfriend Tim to buy some things from the store, along with Art's sister Heather that's where the whole thing begin, they found Art on the Road, Art ask Tim to move over he wants to drive the Car, Their are two people witness that Tim Said No I can not give you the key, Art pushed Tim to the back seat and took control of the car Tim being 16 years old small built kid cannot do any thing about it That's where you Caught Art Thomas driving.

Cst Stover I know the Law my Dad told me not to give this car to any one with no license, I was not there my Dad who owns the car was not there, my dad just spend \$945.00 on the car to fix, S&V Towing asking for \$15 p/day plus pick up from Brothers Towing + other charges, according to them if car stays there 45 days will cost from \$800 to \$1000. Believe me or not my Dad will not pay for the cost, my mother is on welfare she cannot afford to pay for it, So if this car stays there 45 days I will loose the car.

My Dad is willing to pay up to two hundred dollars if I will be able to take this car out in couple of weeks Right now no body can do any thing except you, Please charge Art for using force to get the keys.

I will call you on Thursday, if you are in the office before please get my car out soon.

Thanks.

Shayne.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Thomas Thomas;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until December 9, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed "stolen" if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

When all of the written submissions of the Applicant are read together, the essence of the argument of the Applicant seems to be as follows. The Applicant is the registered owner of the automobile that had been impounded. The Applicant lives in Etobicoke, Ontario.

The automobile was actually in the possession of one Shayne Conlon, whom the Applicant, in his letter of Appeal, describes as his “son.” Mr. Conlon had sent to the Tribunal an undated letter of explanation (Exhibit #4) in support of the Applicant’s appeal.

Mr. Conlon’s letter states that, on the night in question, he was in Kitchener, Ontario, at a house together with his mother and his sister. They were celebrating his sister’s birthday. Apparently, Thomas Thomas, who was also there, hit Mr. Conlon’s mother. The Applicant confirms this incident in his letter of Appeal when he states that Mr. Thomas hit one Sharon Conlon, who is presumably the “mom” referred to in Mr. Conlon’s letter. Ms. Conlon then had Mr. Thomas leave the house.

Mr. Thomas is the person who later drove the automobile in question, and whose driver’s licence it was that had been suspended, and the one whom Mr. Conlon refers to, in his letter, as “Art.”

While Shayne Conlon was sleeping, his mother asked another person, referred to in Mr. Conlon’s letter as “Tim”, to buy some things at a store. Although it is not crystal clear from Mr. Conlon’s letter, nevertheless, it appears that “Tim” had to use the Applicant’s car for this purpose. As he was setting out in the vehicle, Mr. Thomas again appeared on the scene and, even though “Tim” initially refused to surrender his position in the car, Mr. Thomas forced “Tim” out of the driver’s seat. Mr. Thomas then continued to drive the vehicle, with passengers inside. It was while he was driving, even though his driver’s licence had been suspended, that the police stopped him and impounded the vehicle.

The Applicant appealed on the ground that, under these circumstances, his vehicle had been stolen.

Considering the definition of “stolen” as recited above from Black’s Law Dictionary (Sixth Edition), there appears to be some element of a wrongful taking of the automobile in question by Mr. Thomas, and certainly there was a taking without any permission from the Applicant.

However, the evidence ends there, regrettably. There is no evidence that, in addition to the above elements of the definition of “stolen”, there was also the intent to deprive the owner of the benefit of ownership or possession **permanently**. (emphasis is the Tribunal’s)

Where was Mr. Thomas going with the automobile? What was he going to do with it? How long was he going to keep it? What were his ultimate intentions? Was he going to return it or abandon it? The answers to these questions, and no doubt others, would

have to be known before drawing a conclusion that Mr. Thomas was going to deprive the Applicant of possession of his automobile permanently.

It is noteworthy that, in the Applicant's letter of Appeal, he states that even the police themselves did not have "enough information to charge him stealing this car"(sic). Far be it from this Tribunal, on the evidence before it now, to make such a determination that the police investigators, who were much closer to the action, could not even themselves conclude.

It is the Applicant who has the onus to establish his case. The Tribunal does not find that the Applicant has done so, considering the evidence he has submitted.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

POWELL

MARJORIE POWELL

APPEAL FROM THE DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: SHEILA A. SPOTTON, Vice-Chair

APPEARANCES:

ROBERT R. REYNOLDS, Counsel representing the Applicant
ANDREW LEWIS, Counsel representing the Ontario New Home
Warranty Program
JAMIE BRAUER, Agent representing the Added Party, BRAUER
HOUSING DEVELOPMENTS INC.

DATES OF HEARING: February 28 and 29, 2000 & March 1, 2 and 3, 2000 &
April 3 and 4, 2000 & June 22 and 23, 2000 Belleville, Ontario

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal under the *Ontario New Home Warranties Plan Act* (the "Act") to the Commercial Registration Appeal Tribunal (which as of April 1, 2001, is known as Licence Appeal Tribunal) by Marjorie Powell (the "Applicant") from a written decision of the Ontario New Home Warranty Program (the "Program") set out in a decision letter dated June 17, 1999 and a supplemental decision letter dated July 26, 1999.

On or about June 26, 1996 the Applicant and the Added Party, Brauer Housing Developments Inc. ("Brauer") entered into a construction agreement (the "contract") wherein Brauer agreed to construct a single family home on the property owned by the Applicant, and legally described as Part Lot 5, Conc. 10, Township of Rawdon, County of Hastings being more particularly described as Part 1, Plan 21R-17546, and municipally described as 912 Bateman Road, Springbrook, Ontario.

The transaction of purchase and sale closed, and the Applicant took possession of her home on or about September 19, 1996.

The Applicant appeals the decision of the Program dated June 19, 1999 (the "Decision Letter") and the supplemental decision of the Program dated July 26, 1999. The decision letter dated June 19, 1999 addressed a total of 31 claims by the Applicant. The supplemental decision letter dated July 26, 1999 (the "Supplemental Decision") addressed a total of 5 claims by the Applicant. At the commencement of the hearing,

the parties advised the Tribunal that many of the claims had been withdrawn, and some had been conceded by the Program. Ultimately, the Tribunal was requested to determine the following claims:

- Claim No. 1. No sump pump as paid for
- Claim No. 2. No sludge well tank for clean-out
- Claim No. 3. No drainage tile and 3/4" clean stone around foundation
- Claim No. 4. No drainclad at the exterior below grade (including inadequate insulation on exterior walls)
- Claim No. 5. Only 380 stones delivered, not the 1050 as paid for
- Claim No. 6. Laundry room is not 27 1/2" deep and cannot put washing machine and dryer in
- Claim No. 9. Cracks in the foundation wall
- Claim No. 10. Cracks in the basement and garage floors
- Claim No. 11. Cracks in the porch
- Claim No. 12. Master Bathroom door not square
- Claim No. 13. Walls under the stairs not plumb
- Claim No. 14. Master bath toilet takes 2 or 3 flushes and has rust in the bowl
- Claim No. 18. Drywall downstairs is cracking and bowing
- Claim No. 19. Crack in drywall at ceiling and kitchen wall and at outside walls at ceiling level. Cracks in the drywall where the wall and ceiling meet which open and close during the year.
- Claim No. 21. I agreed to a Jenish House Plan B23585 on page 2 of the contract. The builder has no rights to their plans and my house is not built to the Plans I expected.
- Claim No. 23. Blocks have split under side door to the garage and at the front step.
- Claim No. 24. Garage ceiling poly on the wrong side.
- Claim No. 26. Exhaust vents not connected to the exterior.
- Claim No. 27. Ceiling insulation (roof area) not as per Code .
- Claim No. 30. Garage not completely gasproofed.
- Claim No. 31. Insulation in the garage ceiling not to Code

And in the Supplemental Decision letter dated July 26, 1999:

- Claim No. 1. HRV reimbursement
- Claim No. 2. Paint colour on trim after repairs (conceded by Program)

The claim numbers noted above are the claim numbers set out in the Decision Letter and the Supplemental Decision.

EVIDENCE:

The Applicant's case was based on documentary evidence and on the oral testimonies of the Applicant, James Tugnette, who has resided in the home with the Applicant since September 29, 1996, Irene Nicholl, a neighbour friend, and Mr. L. Robert McEwen, a Professional Engineer.

Mr. McEwen graduated with a Bachelor of Science in Engineering in 1972. He worked for the Department of National Defence as a military engineer for approximately 3 years. Mr. McEwen left the military, and, after a year of working as manager of engineering services for a major consulting engineering firm, established his own consulting engineering firm in 1978. Mr. McEwen is the President of Robert G. McEwen &

Associates. Mr. McEwen has acquired experience in building design and construction and specializes in forensic engineering investigation services. Mr. McEwen has provided expert testimony in the past regarding Ontario Building Code ("OBC") violations, problems with design for residences, and structural defects. Mr. McEwen has been retained by the Program in the past to provide expert testimony regarding warrantable defects. Mr. McEwen was declared an expert witness before the Tribunal, and the Applicant relied on the expert written opinion of Mr. McEwen in support of her case.

The case for the Program was based on documentary evidence and the oral testimonies of Mr. Philip Mayhew, Warranty Representative for the Program, Mr. Verhoog and Dr. Robert E. Tester.

Mr. Mayhew, a Certified Engineering Technician, has been employed by the Program for approximately 22 years. Mr. Mayhew had inspected the Applicant's home and was the author of the Decision Letter and the Supplemental Decision letter.

Mr. Jerome Verhoog, is a licensed carpenter and principal of Demill Construction. Mr. Verhoog had been retained by the Program to conduct repair work on the Applicant's home.

Mr. Jamie Brauer is owner and President of the Added Party, Brauer Housing Developments Inc. ("Brauer").

Dr. Robert E. Tester, a Professional Engineer. Dr. Tester graduated in 1979 in civil engineering, and received his doctorate in civil engineering in 1991. Frost heave mechanics was central to Dr. Tester's Ph.D. work. Dr. Tester has practiced civil engineering since 1979, and during the past 10 years has acquired expertise in soil mechanics and forensic engineering including geotechnical investigations, and structural failure investigations. Dr. Tester is currently President of Concord Engineering and lectures at St. Lawrence College in the civil engineering technology program. Dr. Tester has represented homeowners, builders and the Program in the past and has testified before this Tribunal. Dr. Tester was declared an expert witness before the Tribunal.

FACTS:

The Tribunal finds, pursuant to the evidence in these proceedings, the following as proven.

Claims in Decision Letter Numbers 1 through 4 and 21:

1. "No Sump Pump",
2. "No Sludge Well Tank",
3. "No Drainage Tile and 3/4" Stone Around Foundation",
4. "No Drainclad at the exterior below grade (Including inadequate insulation on exterior walls) which the Applicant cross references to claim 21. Jenish Home Plan".

The Tribunal heard extensive argument on the above four claims at the commencement of the hearing. The Program's position was that these four items were originally deemed warranted as "incomplete work" as reflected in the contract. However, the Program had subsequently reviewed the correspondence between Counsel for the Applicant and Counsel for Brauer and decided that these four items were included in the negotiations between Brauer and the Applicant that ultimately arrived at a final contract price taking into consideration these four items. The Program decided that these four items had been resolved and were therefore not warranted.

The Applicant's position was that these four items were required by the contract, and that Brauer had failed to deliver them. The Applicant argued that the final payment of \$607.00, following the negotiations prior to closing, and paid to Brauer, represented "full satisfaction of all claims for extras and allowances, but not, compensation for any "deficiencies".

Further, the Program submitted that regardless of whether or not a final agreement on purchase price was reached which included these items, or whether the Applicant released any claim for them, the Applicant received a benefit payable within the meaning of Section 14(2) of the *Act* which must be taken into account.

After hearing submissions, and reviewing Section 13(6) of the *Act* and the case law provided by both parties, the Tribunal ruled that the Applicant was entitled to lead evidence to prove that the four items were warrantable claims under section 13(1) of the *Act*, and that the Program was entitled to adduce evidence of any benefit or compensation payable to the Applicant pursuant to Section 14(2) of the *Act*.

The Applicant testified that there was no agreement whereby she accepted any compensation in respect of any deficiencies. The Applicant stated that she had spoken with Mr. LeBlanc, President of the Program, prior to closing, and he had advised her not to enter into any such agreement regarding deficiencies. The handwritten notes of the Applicant written at the time of the closing (Exhibit 12) do not make reference to any of the four items. In addition, the Applicant refused to execute the release for all claims, requested by Brauer's Counsel. A review of the correspondence between Counsel for the Applicant and Counsel for the Program reveals that no agreement was reached regarding compensation for deficiencies.

The Program submitted that the entire course of negotiations between the parties up to September 18, 1996 was aimed at a final contract price which took into account all outstanding items. The Program submitted that the Applicant did not waive her warranty rights, but that her contractual entitlement to these four items ceased when she agreed to accept the lower purchase price in exchange for not receiving these items. The Program's argued that the Applicant was no longer contractually entitled to these items.

Based on the evidence before the Tribunal, the Tribunal finds that the final payment of \$607.00 paid by the Applicant to Brauer, represented a final settlement for extras and allowances and did not take into consideration compensation for these four items that were not provided to the Applicant.

With respect to the issue of the substitution of these four items, Mr. Brauer testified that it was necessary to change to a better drainage system given the location of the home.

Mr. Brauer stated that the site plans were drawn assuming the home would be built on a knoll, however, the location had changed and the house was moved back 20 feet. Brauer needed to make the home higher to provide positive drain away. As a result, three extra courses of brick were necessary and extra fill was required to make the basement higher. Mr. Brauer stated that the Applicant received a better quality drainage system as a result of the changes, and the four items were no longer necessary.

The Applicant denied being consulted about the location of the house and the substitution of materials. It was clear at the hearing that there had been a breakdown in the communications between Brauer and the Applicant.

Other than the statement made by Mr. Brauer that, in his opinion, the Applicant received a better drainage system, there was no evidence before the Tribunal that the Applicant received substituted materials that were of equal or better value.

The Applicant submitted that the appropriate remedy is for the Tribunal to order the Program to install these four items as required in the original contract.

The Program submitted that, even if the Applicant were contractually entitled to these four items, the uncontradicted evidence before the Tribunal was that these items are not required by the *Ontario Building Code* (the "OBC") and, in fact, there is no purpose to their installation. The Program submitted that the best evidence of the value of these four items is the written estimate of value assigned to these four items contained in the correspondence from the Applicant's solicitor during the negotiations prior to closing:

Item 1-Sump Pump	\$ 69.82
Item 2-Sludge Tank & Pump	409.99
Item 3-Drainage Pipe/Clear Stone	107.97
	283.00
Item 4-Drainclad at exterior below grade	239.76
Total	\$1,110.54

With respect to the issue of insulation on the foundation, Counsel for the Applicant advised the Tribunal that the Applicant believed this to be included in Claim number 4, being, "no drainclad at the exterior below grade". The position of the Program was that, although the OBC required the foundation to be insulated, this complaint was not reported on time, and therefore the Tribunal has no jurisdiction to deal with this issue.

The date of possession was September 19, 1996. The Applicant submitted that this was included in her original letter of September 3, 1997 listing defects including:

"Page 3 Stud Walls: Dow Cladmate was R5 value insulation
"Insulation in walls was to be R20 Fibreglass. Mr. Brauer put R13 value in the walls. At this rate I have only a R18 insulation value. NOT the R5 + R20 value. This is an electric forced air heated home."

Subsequently, in a conciliation request form submitted to the Program in January, 1998, the Applicant stated:

“Paid for R20 got R13 fibreglass insulation all outside walls (this house is electrically heated); Building Spec. Pg. 3)”

Page 3 of the Building specifications contained the following:

"Insulation:

R-20 Fibreglass insulation in exterior walls"

In addition, the Applicant submitted that she had complained in her original letter, and the conciliation form that the builder had not constructed the home in accordance with the Jenish House Plan and that those plans required insulation in all exterior walls. Therefore, the Applicant submitted, the written complaint regarding non-compliance with the Jenish Plan was sufficient notice to cover the failure to properly insulate the exterior foundation walls.

The Program's position is that the Applicant's written complaints refer to lack of insulation in the stud walls where the contract called for R20 fibreglass insulation and that the complaint does not refer to the insulation in the foundation walls. The Program warranted and repaired this complaint regarding insufficient fiberglass insulation on the outside stud walls in the Fall of 1998. The Applicant admitted the repairs had been completed and did not raise the complaint regarding insulation on the foundation walls at that time. The Program states that the lack of insulation on the foundation was not, in fact, discovered until the investigation by the engineers of the foundation cracks in late 1999, and therefore the complaint was not timely and is not warrantable.

The Applicant submitted that the provisions of the *Act* that require the homeowner to give written notice within certain time periods should be liberally interpreted in order to provide the homeowner with protection from defects as intended by the *Act*. The Applicant states that the homeowner need only identify in writing the symptoms which the homeowner is aware of within the warranty period, she need not identify underlying cause of the symptoms.

The Applicant further argued that the cracks in the exterior foundation walls would not have occurred if the insulation had been installed, the lack of insulation caused at least some of the cracks, and by raising concerns about the insulation, the Applicant provided the Program with a timely written complaint of "cracks in the foundation".

The Program submits that there was no evidence on this point at the hearing. Neither Mr. McEwen nor Dr. Tester suggested that the lack of insulation in the foundation did or could contribute to adfreezing and consequently the foundation cracks.

The Tribunal agrees with the position of the Program. The Applicant did not prove on a balance of probabilities that the lack of insulation on the foundation was a cause of the cracking on the exterior foundation walls.

Further, the Tribunal accepts the Program's position that the written complaints made by the Applicant specifically referred to the lack of fiberglass insulation in the stud walls where the contract called for R20 fiberglass insulation on the outside walls.

The Applicant also argued that written notice covering the lack of insulation on the foundation walls was given in the written complaint regarding the failure of the home to conform to the Jenish Home Plan B23585. That Plan requires insulation on all exterior walls. Therefore, the Applicant submitted, written notice of non-compliance with the Jenish Plan is sufficient notice of defects in issue at the hearing.

The Jenish Home Plan (Claim Number 21 in Decision Letter)

The Applicant's claim with respect to the Jenish Home Plan was as follows:

"I agreed to a Jenish House Plan B23545 on page 2 of the contract. The builder has no rights to their plans and my house is not built to the Plans I expected".

Although there was some discussion at the beginning of the hearing that this claim had been withdrawn prior to the hearing, the Applicant continued to argue the legitimacy of this claim as it related to other claims, and the timely notice of claims, such as insulation on the foundation walls. Therefore, it is necessary for the Tribunal to make a determination regarding this claim.

Page 1 of the contract between the Applicant and Brauer, at paragraph 1, states as follows:

1. Construction

The Contractor agrees that it will construct on the property, a single family home (the "Building") in a good and workmanlike manner in accordance with the Plans and Specifications already examined or available for examination by the Owner and any amendments thereto.

In the specifications in Schedule "B" to the contract it states:

GENERAL:

1064 sf of finished space basement entry with a 400 sf garage Jenish House plan B23585

The Applicant submitted that the Tribunal should find that the Jenish Plan, including its requirements, should be found to have been incorporated into the contract by reference, and that a written complaint regarding non-compliance with the Jenish Plan was sufficient notice to cover the specific instance of failure to properly insulate the exterior foundation walls. The Program argued that this could not be notice of a specific deficiency, otherwise, a homeowner need only state "Agreement of Purchase & Sale not complied with" to make specific deficiency claims. The Tribunal agrees with the Program's position on this issue.

The Program submitted that the Applicant had withdrawn her claim regarding not receiving a Jenish home (referred to in the decision letter as claim number 21) prior to the hearing. Nevertheless, the Program argued that the reference to the Jenish Plan in the Contract was merely a reference to the layout of a home, depicted in Exhibits 8 and 13. Exhibit 8 depicts the layout of a two storey home of 1095 square feet. The actual plan approved by the Applicant was for a two storey home with several changes to this layout, including a reduction of 30 sq. ft. to 1064 square feet, two bedrooms instead of three, laundry room on main floor, no fireplace in livingroom, chimney finished to ground, changes to roof pitch, and other modifications.

During the hearing, the Tribunal heard conflicting evidence from the Applicant and Mr. Brauer regarding the events leading up to the execution of the contract and what each understood reference in the contract to the Jenish Plan meant. Based on the evidence before the Tribunal, the Tribunal finds the following respecting the Jenish Plan.

- (a) The Applicant requested Brauer to build her a home as depicted in the photocopy of the layout of a home designed by Jenish House Design Limited with some modifications (Exhibit 8). Exhibit 8 is a photocopy of a plan for a home that depicts a "total 1095 sq.ft.PLAN NO. B2-34-585 ...All Designs, plans and renderings @copyright Jenish House Design Limited". From this photocopy, and the Applicant's requests for modifications, Brauer's draughtsman drew up the mylar plans dated May 15, 1996 (Exhibit 15) based on the depiction of the layout of the home in Exhibit 8. The Applicant was not happy with the cost of the home depicted on the plans dated May 15, 1996 (Exhibit 15). Brauer suggested some changes that would reduce the cost of the home. The Applicant then drew two pages of sketches of her own (Exhibit 14) and submitted them to Brauer. These changes were incorporated into the revised plan dated June 20, 1996 (Exhibit 16). A blue print plan was drawn from these revisions and dated June 20, 1996 (Exhibit 9). The Applicant reviewed the plan dated June 20, 1996, (Exhibit 9) made some changes to it in "red ink" and approved this final plan (Exhibit 9). In Exhibit 9, there is no reference to "Jenish House Design Limited" on any of the plans provided by Brauer to the Applicant. In fact, the references on Exhibits 15, 16 and 9 state that the plans are the property of "Brauer Homes Ltd." and, further that they are "designed by Brauer/Turrall, drawn by Turrall".
- (b) After approving of the final plan (Exhibit 9), the Applicant and Brauer executed the contract on June 26, 1996 and construction commenced shortly thereafter.
- (c) The actual Jenish House Plan B23585 (Exhibit 7) copyright of Jenish House Design Limited and the specifications, was not obtained by the Applicant until approximately March of 1999, over two years after the home had been constructed.
- (d) The contract entered into by the Applicant and Brauer on June 26, 1996 contains only a reference to a Jenish plan: "1064 sf of finished space basement entry with a 400 sf garage Jenish House Plan B23585". The Applicant approved the final Brauer design and plans in Exhibit 9, and executed the contract on June 26, 1996 providing for a home to be constructed in accordance with the plans approved by the Applicant.

On the basis of the above evidence, the Tribunal finds that the contract between the Applicant and Brauer provided for building a home in accordance with the plans in Exhibit 9 approved by the Applicant that were drawn and designed by Brauer.

2. Decision Letter Claim Number 5. "Only 380 stones delivered not the 1050 as paid for"

The Applicant and the Program agreed that the construction contract provided for the supply and installation of 1050 bricks for an allowance of \$1,000. The Applicant submitted she had agreed to "Grey Smooth" brick, but Brauer supplied and installed 380 "Laurentian Blue" bricks. The Applicant argued that Brauer failed to perform the contract by not delivering the additional 670 bricks and that the Applicant has a valid warranty claim against the Program.

The Applicant did not adduce evidence that she was not satisfied with the substituted "Laurentian Blue" brick, nor did she provide any evidence regarding the nature of the materials or the value of the materials that Brauer had substituted for the brick that was not installed.

With respect to damages, the Applicant requests compensation for the value of the 670 bricks that Brauer failed to deliver as required by the original contract. The Applicant stated that the contract provided for 1050 installed bricks for a value of \$1,000. The Applicant submitted that the best source of evidence to assess the damages is the original contractual allowance of \$0.9524 per brick. The Applicant asked that the Tribunal order the Program to compensate her for 670 bricks @\$0.9524 per brick for a total of \$638.10.

The Program does not dispute that the contract required the supply and installation of 1,050 bricks, and that Brauer only supplied and installed 380 bricks. However, the Program argued that the bricks were taken into consideration in the negotiations arriving at a final purchase price of the home prior to closing, and that the Applicant had lost her contractual entitlement to the additional bricks. If the Applicant was contractually entitled to the additional bricks, the Program argued that the best evidence of the value of the bricks was found in Brauer's counsel's letter dated September 13, 1996. The total cost of delivering and installing the 380 bricks was \$922.88. The Program's position is that the value assigned as an allowance in the contract was \$1,000, and the Applicant received bricks valued at \$922.88, including installation, and that the proper measure of damages is \$77.13 being the difference between these two amounts.

3. Decision Letter Claim Number 6. "Laundry Room is too small"

The Applicant's complaint was that the laundry room was not deep enough to install a normal sized washer and dryer. It is undisputed that the Applicant asked Brauer to design the plans to include a main floor laundry room, and Brauer designed a plan to accommodate this. The laundry room that was built measures approximately 26 inches deep, while normal residential washers and dryers take up approximately 30 inches in depth. The Applicant is unable to close the doors to the laundry room. Further, with the placement of normal sized residential washers and dryers, the hallway width is reduced to 32 inches wide. The OBC requires an unobstructed hallway of 34 inches.

The Applicant submitted that the design and installation of the laundry room was the responsibility of Brauer, and since Brauer did not construct a laundry room that would accommodate normal laundry appliances, Brauer failed to construct the home in a workmanlike manner free from defects, and the Applicant's claim is warrantable pursuant to Section 13(1)(a)(i) of the *Act*. In addition, the Applicant argued that the hallway is a violation of the OBC and therefore a warrantable item pursuant to Section 13(1)(a)(iii) of the *Act*.

The Applicant submitted that the appropriate remedy is to move the rear wall of the laundry room back a few inches in order to provide adequate clearance for normal appliances.

The Program argued that the design of the laundry room was supplied by the Applicant, and was excluded under section 13(2)(a) of the *Act*. In support of this position, the Program argued that the Applicant admitted she had an "integral part in designing" the home, was knowledgeable and experienced in design and construction of homes, and had directed the location of the laundry room and relation of an entire bathroom to accommodate it. Further, the Program stated that the Applicant knew and approved of the size of the laundry closet, was aware of the space required to fit her things into the house and had made some changes accordingly.

Further, the Program argued that even if this item is not excluded from warranty, no breach of warranty occurred because the laundry room is acceptable for the purpose for which it was intended, and the Applicant can purchase apartment size appliances that will fit. In addition, the Program argued that the existence of an OBC violation is due to the Applicant's choice of normal sized appliances, not because of the laundry closet size.

Dr. Tester and Mr. McEwen, expert witnesses for the Program and the Applicant respectively, both confirmed that the OBC requires the hallway to have an unobstructed width of 34 inches, and the Tribunal therefore finds that this constitutes an OBC violation.

4. Decision Letter Claim Number 12. "Master Bathroom Door Not Square"

The Program has conceded that this is a warrantable item.

5. Decision Letter Claim Number 14. "Master Bath Toilet"

The Program has conceded that this is a warrantable item.

6. Decision Letter Claim Number 24. "Garage Ceiling Poly on the Wrong Side", and Claim Number 31. "Insulation in Garage Ceiling Not to OBC"

The Applicant's claim is that Brauer had installed the vapour barrier on the wrong side of the insulation in the ceiling of the garage. The OBC requires that the vapour barrier in the ceiling separating the garage from the above bedroom be placed on the warm side of the insulation. The Applicant stated that it has been installed on the cold side.

The Program conceded that the installation of the vapour barrier is on the wrong side and is an OBC violation but argued that the Applicant did not report this problem until an

inspection by the Program on November 12, 1998. The date of possession of the home was September 19th, 1996, and the time frame for reporting this type of defect is two years. As a result, the Program stated that the Applicant failed to report this defect to the Program in writing within the required two year time limit, and it is not covered by warranty.

Also, the Applicant's claim regarding the insulation in the garage ceiling is that it does not meet the required R25 insulation as required by the OBC. The Applicant stated that Brauer provided much less, ranging from R13, to R20.

The Program conceded that the insulation in the ceiling of the garage is an OBC violation, but the Program argued that the Applicant failed to report this defect to the Program in writing within the two year expiry period, and therefore was not covered by warranty. The Program argued that a previous, and timely complaint had been made in writing by the Applicant that dealt specifically with the exterior walls, had been deemed to be warranted by the Program and the Program proceeded to rectify this deficiency. However, the Program argued that this previous, specific complaint is not sufficient notice for a new complaint regarding inadequate insulation in the garage ceiling.

The Applicant further argued that these deficiencies have caused a buildup of moisture in the floor/ceiling space leading to growth of microorganisms, and that she is unable to use this bedroom because she is unable to maintain acceptable temperature levels in the bedroom. In addition to the Applicant's submission that timely notice of claim was given in her original written notice of deficiencies regarding the insulation, the Applicant further submitted that, in any event, these deficiencies are a major structural defect as defined under the Act, and notice was given to the Program within the longer time frame allowed in respect of such defects.

The Applicant relied on the original letters of complaint to the Program of September 3, 1997:

"Page 3 Stud Walls: Dow Cladmate was R5 value insulation
"Insulation in walls was to be R20 Fibreglass. Mr. Brauer put
R13 value in the walls. At this rate I have only a R18
insulation value. NOT the R5 + R20 value. This is an
electric forced air heated home."

Subsequently, in a conciliation request form submitted to the Program in January, 1998, the Applicant stated:

"Paid for R20 got R13 fibreglass insulation all outside walls (this house is electrically heated); Building Spec. Pg. 3)"

Page 3 of the Building specifications contained the following:

"Insulation:

R-20 Fibreglass insulation in exterior walls
R-32 blown cellulose in ceilings
Poly vapour barrier on exterior walls and ceilings"

The Applicant further relied on the original complaint that the home was not constructed in accordance with the Jenish Home Plan #B23585. Those plans, Exhibit #7 set out requirements for wall and ceiling insulation and vapour barriers.

The Program argued that the complaints in the letter of September 3, 1997 and the conciliation report in January, 1998 specifically refer to the lack of insulation in the stud walls where the contract called for R-20 fibreglass insulation, not the vapour barrier and blown cellulose insulation called for in the garage ceiling. The first complaint to the Program on this issue was made by the Applicant to Mr. Terry Kidd, Warranty Representative, during his inspection on November 12, 1998, more than two years after the date of occupancy. The first written complaint referring to the vapour barrier and the inadequate insulation in the ceiling of the garage was filed by the Applicant in her letter dated March 16, 1999, after the two year warranty period expired.

With respect to the reliance on the original complaint that the home was not constructed in accordance with the Jenish Home Plan B23545, the Tribunal repeats its previous finding, that the Applicant and Brauer did not contract to build a Jenish home. The Applicant and Brauer contracted to build a home in accordance with the plans approved by the Applicant that were designed and drawn by Brauer.

Based on the evidence, the Tribunal finds that the vapour barrier and insulation in the garage ceiling were not reported in writing, as required by the legislation, within the two year warranty period.

The Applicant further submitted that as a result of these deficiencies the Applicant was unable to use the bedroom above the garage because it is too cold and damp to be used for its intended purpose. When it was used as a computer room, warmer clothing was required. In colder weather, the only way of maintaining the temperature at normal levels was with a space heater. The Applicant stated that the dampness gives rise to moisture buildup which can lead to growth of microorganism, representing a hazard to health. The Applicant stated that since this room is one of two bedrooms in the home, and the Applicant is unable to use it for the purpose intended, this amounts to a major structural defect as defined under the Act and that notice was given within the longer time period of seven years in respect of such defects.

The Program argued that the evidence is clear that the Applicant is able to use the home in its entirety for the purpose of which it was intended; that is, a home for residential occupancy. The Program submitted that the evidence before the Tribunal is that the bedroom above the garage is used as a computer room by the Applicant and Mr. Tugnette, and may be continuously used as a bedroom in colder weather with the assistance of a space heater. The Applicant can use the bedroom all year. The Program adds that the Applicant did not find the room unuseable due to the cold because she did not complain in writing until her letter of March 16, 1999, over two years after the date of occupancy. In addition, the Program stated that there is no evidence that any dampness in the room arises from a failure of a load-bearing portion of the building, and there is no evidence of past or current growth of mould. Concerns for the future growth of mould do not constitute a major structural defect.

The Program submitted that the Applicant had not established a major structural defect because the problem arising from the alleged defect was not a continuous one which prevented use of an integral part of the home for the purpose of which was intended.

7. Decision Letter Claim Number 27. "Ceiling Insulation (Roof Area) not as per OBC"

The Applicant's claim is that the insulation in the ceiling is inadequate. The Program's initial decision was that the level of insulation in the attic was sufficient to comply with the OBC. The OBC requires R-35 insulation. A check with the local Building Official confirmed that R-40 had been installed on occupancy, and at the time of the inspection by Mr. Kidd, the Warranty Representative, the insulation had settled to R35.

At the hearing, the Program conceded that the insulation in the attic was insufficient and in violation of the OBC. However, the Program argued that this complaint was not made in writing within the two year warranty period. The first complaint to the Program on this issue was made orally during the inspection of November 12, 1998, more than two years after the date of occupancy.

The Applicant relied on the original letters of complaint to the Program of September 3, 1997:

"Page 3 Stud Walls: Dow Cladmate was R5 value insulation
 "Insulation in walls was to be R20 Fibreglass. Mr. Brauer put
 R13 value in the walls. At this rate I have only a R18
 insulation value. NOT the R5 + R20 value. This is an
 electric forced air heated home."

Subsequently, in a conciliation request form submitted to the Program in January, 1998, the Applicant stated:

"Paid for R20 got R13 fibreglass insulation all outside walls (this house is electrically heated); Building Spec. Pg. 3)"

Page 3 of the Building specifications contained the following:

"Insulation:
R-20 Fibreglass insulation in exterior walls
R-32 blown cellulose in ceilings
Poly vapour barrier on exterior walls and ceilings"

The Applicant replied that even if the Tribunal were to find that the above complaints did not provide adequate notice of the complaint within the warranty period, the Applicant had filed a written complaint of cracking in the ceiling. The Applicant submits that any defect found to contribute to that cracking is covered by the written complaint about the cracking. The Applicant stated that Dr. Tester, the Program's expert witness asserted that the deficient insulation in the attic is probably a contributing cause to the cracking in the ceiling of the upper floor of the home, which he attributes to truss uplift. At page 12 and 13 of Dr. Tester's report he advances the view that the inadequate and uneven insulation in the attic may be contributing to the excessive moisture conditions in the attic to which he relates the truss uplift. The Applicant submits that Dr. Tester indicated that the inadequate and uneven insulation contributed to the cracking.

The Program argued that Dr. Tester never directly connected truss uplift with the attic insulation issue in his report, let alone that it was a "probable" contributing cause to truss uplift. On page 13 of Dr. Tester's report he states:

The attic space ventilation is unsatisfactory and vapour barrier performance is suspect or may be compromised. The uneven insulation in the attic may also be a contributing factor with respect to condensation.

The Program stated that Dr. Tester did not consider the attic insulation deficiency to be a contributing factor to the cracks since he did not include it with the items (ventilation and vapour barrier) which he thought could have that effect. The Program submitted that even if Dr. Tester's report can be construed as stating there may be a relationship between the deficient attic insulation and the drywall cracks, this is insufficient evidence for the Applicant to discharge her onus of proving on a balance of probabilities that such a cause-effect relationship exists.

8. Decision Letter Claim Number 30 and (being also Claim Number 4 in Supplementary Decision Letter). "Garage Not Completely Gasproofed"

The Program conceded that this is a warranted issue and will arrange for it to be completed at a time satisfactory to the Applicant.

9. Decision Letter Claim Number 26. "Exhaust Vents not connected to exterior"

The Applicant's claimed that the exhaust vent remedial work was inadequate. During remedial work conducted by the Program, it was discovered that the exhaust vent from the bathroom was not connected to the outside as required by the OBC. The Program admitted it was a warrantable defect and arranged for a contractor to repair it. The Applicant's complaint is that the repair was not effective. The Applicant stated that the Program's contractor connected the ducting leading from the bathroom exhaust to the soffit of the home. The soffit is a perforated type, allowing free movement of the air into and out of the attic space. The Applicant testified that the air coming out of the bathroom exhaust vent could be seen being pulled back into the attic space through the perforated soffit. The buildup of water still remained on the siding. The Applicant added that it is evident from Dr. Tester's report that he had found excessive moisture present in the attic during his inspection in late 1999.

The Applicant argued that the connection of the exhaust duct by the Program's contractor does not comply with the OBC and relies on clauses 9.19.1.1(1) and s.s.9.32.3.12(1) of the Code to argue that the bathroom exhaust must be located away from the perforated soffit:

9.19.1.1(1)...every roof space or attic above an insulated ceiling shall be ventilated with openings to the exterior to provide unobstructed vent area of not less than 1/300 of insulated ceiling area.

9.32.3.12(1) Separate air intake and exhaust outlet openings, when located on the same wall or roof, shall be installed so as to avoid contamination of the ventilation air by the exhaust air.

The Applicant submitted that the perforated soffits constitute one large vent for the intake and exhaust of air from the attic space. The bathroom exhaust had been installed by the Program's contractor in the soffit. The Applicant stated that she observed exhaust from the bathroom reentering the attic through the soffit, and therefore the placement of the vent contravenes the OBC.

The Program argued that it was a warranted item and that the repair contractor had already completed repairs. Mr. Mayhew's testimony rejected the Applicant's interpretation of the OBC. He testified that locating the exhaust vent from the bathroom under the perforated soffit was common and an accepted practice within the industry and that more than 90% of vents are ducted in this manner. Mr. Verhoog, a licenced carpenter for over 10 years was retained by the Program to do the repair work. He stated that this is standard practice and the way he always installs the exhaust vent where there is a perforated soffit. Mr. Verhoog added that no one has ever complained of a problem before. The Program argued that the Applicant did not meet the burden of proof on this issue, and the conclusion that the exhaust caused moisture in the attic was not proven by the Applicant but based on conjecture. The evidence was not that the exhaust location was actually causing problems in the attic but that the air from the exhaust was entering the attic.

The Applicant reached her conclusions that bathroom exhaust was causing dampness in the attic. She did not call any other witnesses with knowledge of the OBC to support her position that this was an OBC violation. Her expert witness, Mr. McEwen did not give evidence on this issue.

10. Supplementary Decision Claim Number 1. "HRV Reimbursement"

The Applicant claimed that the contract called for her to receive two heat recovery units (HRV's), she paid for two, but she only received one. The Program originally warranted this issue in a conciliation report dated April 20, 1998. The supplementary decision letter states that:

"A thorough review of the documents indicated that one HRV was to be installed in the home".

The Program stated that the issue "was beyond the scope of the Act and therefore this item is no longer covered" on the basis that if the Applicant had paid twice, this was an overpayment and not incomplete work specific to the contract.

The Applicant submitted that the issue is whether or not the contract called for the installation of two HRV's or one HRV. If the contract called for two, then provision of one is a warrantable item, and the Applicant claims compensation from the Program.

The Tribunal finds that the contract provided for the installation of one HRV. Nowhere in the contract does it state that two HRV's are to be provided. The total contract price agreed to by the parties was \$90,711.22. It is clear that the cost of the HRV was included in the contract price of \$90,711.22.

11. Supplementary Decision Claim Number 2. "Paint Colour on Trim After Repairs Does Not Match"

The Program conceded that the paint on the window trim varies in colour, and it will arrange for the repair contractor to return and repaint the trim to match the existing wall colour as closely as possible.

12. Decision Letter Claim Number 13. "Wall Under Stairs Not Plumb"

The Applicant claims that the wall on the ground floor under the stairs was out of plumb. The Applicant filed a written complaint on this item in her letter of September 3, 1997, and it appears in the conciliation form of January, 1998.

Dr. Tester's written report indicates that the drywall was bowed approximately 3/8" in the horizontal plane over two stud spans and at page 9 Dr. Tester states:

"Alignment problems of this nature are not uncommon in wood framed construction. The bow is due to the warping of the studs as the moisture content of the wood changes. The periodic appearance of cracks is likely environment controlled as a response to variations in temperature and moisture content".

A photograph of deformed candles contained in Dr. Tester's written report was, in his opinion, evidence of the results from the heat from the wood stove. Mr. Mayhew testified that the drywall bowing was caused from the heat generated from the wood stove. Mr. Mayhew added that the bowing was not readily noticeable, and in his opinion there was no defect in workmanship or materials.

The Program argued that the evidence of Dr. Tester and Mr. Mayhew is uncontroverted and that the only evidence before the Tribunal is that the bowing is caused by normal shrinkage of materials, which is an exclusion from warranty in Section 13(2)(d) of the Act.

While the Applicant disagreed with the explanation of the Program, and submitted in her closing arguments that "it was apparent that the deviation was readily observable", the Applicant did not adduce any evidence to contradict the evidence of the witnesses called by the Program to provide any other explanation for the bowing. The Applicant did not call her expert witness, Mr. McEwen to provide an explanation.

13. Cracks in Foundation Walls, Floor Slab, and Interior Drywall

The Program's decision to deny these claims was based on the following reasons:

(a) Decision Letter Claim Number 9. "Cracks In Foundation Walls"

The foundation consists of a slab on grade with an exterior block wall. Some minor cracks are visible in the block below the slab level but no large cracks are visible in the foundation wall, which would indicate some movement. According to the owner the footings are sitting on rock. The cracks are consistent with the normal shrinkage of materials when drying

after construction and is strictly excluded from warranty by section 13(2)(d) of the Act.

(b) Decision Letter Claim Number 10. "Cracks in Basement and Garage Floors"

Minor cracks are visible in the basement and garage concrete floor. This complaint is consistent with normal shrinkage and settlement of materials associated with residential home construction, and is specifically excluded from warranty under Section 13(2)(d) of the Act.

(c) Decision Letter Claim Number 11. "Cracks in the Porch"

The porch slab was replaced by an ONHWP contractor because of its slope which was causing water leakage and is therefore no longer an issue.

(d) Decision Letter Claim Number 18. "Drywall Downstairs is cracking and bowing"

The drywall cracks are visible. This complaint is consistent with normal shrinkage and settlement of materials associated with residential home construction, and is specifically excluded from warranty under Section 13(2)(d) of the Act.

(e) Decision Letter Claim Number 19. " Crack in Drywall at ceiling and kitchen wall and at outside walls at ceiling level. Also there are cracks in the drywall where the wall and ceiling meet which open and close during the year"

This has been caused by some minor truss uplift and shrinkage of material. This complaint is consistent with normal shrinkage and settlement of materials associated with residential home construction, and is specifically excluded from warranty under section 13(2)(d) of the Act.

(f) Decision Letter Claim Number 23. "Blocks have split under side door to the garage and at front step"

The top course of block was removed at the front step in order to obtain slope for new slab. Therefore this is no longer an issue. There are minor cracks in the block near the small garage door at the right side of the home. This home has a slab on grade and according to the owner the footings are sitting on rock. Some shrinkage of materials has caused the minor cracks in the block. These minor cracks do not constitute a Major Structural Defect but the foundation is covered under the 7 year warranty period, if a MSD develops. Out position on the warrantability of these cracks remains the same, not warranted. (See also item 9 above).

The Applicant's position with respect to the foregoing claims was that the cracking would fit the definition of a "major structural defect". The Applicant's expert witness, Mr. McEwen, was of the opinion that movement of the foundation was the cause of all the cracks and other issues. In addition, in closing arguments, the Applicant submitted that she complained of the cracks within the first year of warranty. Having met the requirement of making her claim during that initial year for any warrantable defect under

the Act, the Applicant submitted that to succeed in her claim, she need only prove that a defect exists and she need not prove "major structural defect".

In support of the Applicant's claim of a major structural defect, the Applicant relied on the written report of expert witness, Mr. McEwen. Mr. McEwen was of the opinion that movement of the foundation was the cause of cracking in the foundation walls, floor slab and interior drywall. On page 3 of Mr. McEwen's written report, he states:

The writer notes that movement of the masonry block foundation has occurred along the west foundation wall and the east foundation wall. Diagonal cracking of the west foundation masonry block wall from differential movement is visible, as is lateral movement of the foundation. In the writer's opinion, this is a major structural problem which indicates that the foundation is unstable...

The east foundation wall has also moved but to a lesser degree than the west wall....

The foundation movement discussed above has caused the west end of the house, and to some extent, the east end of the Powell home to lift. This has caused the roof trusses to lift off their north and south wall. The writer observed cracks on the wall/ceiling joints along the north and south walls in confirmation of the foundation movement. This bending effect has caused the truss roof, which is triangular in shape, to lift en masse, creating separation of roof trusses from the support walls...

The lifting actions of the two ends of the house have also caused some compression of the roof deck causing visible ripples of the roof shingles at deck sheeting joints....

This lifting has also caused compression of the kitchen window opening above the sink. The valance above the kitchen sink was removed when all the windows in the house were reset due to the lack of wall insulation. Although the overhead cupboards were not removed, the valance is now 1/8 inch too wide for the space it originally occupied.

In examination in chief, Mr. McEwen confirmed his opinion that the cracks and other issues in the house were caused by the movement of the foundation. Mr. McEwen stated that the cracks were "structurally significant" because there was no evidence that they would not continue. It was his opinion, the cracking was not merely a defect but a major structural defect because the movement was ongoing and it would ultimately lead to structural failure, if not remedied. Mr. McEwen testified that he did not know what was causing the foundation to move. He could not determine the actual cause of the movement on the available evidence. He stated that Dr. Tester had done a far more extensive job than he was able to do but without excavation and soil examination, in his opinion, there was no way to determine the cause. Mr. McEwen stated that he could only speculate as to the cause of the movement of the foundation. Mr. McEwen recommended a geotechnical investigation to ascertain the cause of the movement.

On cross-examination, Mr. McEwen admitted that he had conducted a brief visual inspection of the home and that, in his opinion, the cracks were not major. Although it

was his practice to photograph evidence of structural defects, he had run out of film and was unable to photograph all of the evidence. He further admitted that there was no present major structural defect, but the cracks indicated potential for a major structural problem. Mr. McEwen stated that he did not disagree with Dr. Tester's observations, however, he did not agree with them. He agreed that the cracking in the foundation under the man door of the garage floor was probably caused from shrinkage of materials, something he had not considered at the time of his investigation and report. Mr. McEwen also admitted that there was no evidence of failure of the walls yet but that they "could" fail in the future.

In support of Mr. McEwen's single theory of continuing movement of the foundation, the Applicant submitted that the foundation cracks are expanding over time. The Applicant relied on Mr. McEwen's evidence on his inspection that the cracks ranged from hairline to 3/8" in width and that Dr. Tester testified that on December 21, 1999 they were hairline to 1/16" wide "a change of as much as 50%". The Applicant argued that this is evidence that the cracks are moving. Further, the Applicant submitted that the cracks in the slab on ground open and close over time and this is evidence of continuing movement of the foundation.

In support of the Applicant's theory that the foundation was moving, the Applicant stated that the front door and interior doors would pop open and stick in response to temperature changes. In addition, the Applicant submitted that the cracking in the drywall would expand and contract over time. With respect to the cracking in the upper floor and ceiling joints, the Applicant, Mr. Tugnette and Ms. Nicholl testified that the cracks expand and contract on a seasonal basis in response to temperature changes. The Applicant further argued that Mr. McEwen's theory that the ends of the house are lifting as a result of movement of the foundation was supported by the valance ceasing to fit between the cupboards and the roof rippling at the seams.

With respect to the existence of a major structural defect, the Program argued that the Applicant's evidence falls far short of establishing the existence of a major structural defect.

Dr. Tester disagreed with Mr. McEwen's opinion that the foundation was moving. Dr. Tester's investigation was more extensive and involved excavation of the soil surrounding the foundation. Dr. Tester's opinion was that the home was structurally sound and there was no evidence of a major structural defect. Dr. Tester clearly stated he had no concern that the structural integrity of the building was compromised by the cracks or their causes now or would be in the future. He stated that walls were in "pristine condition" with minor cracks and no evidence of structural failure. Dr. Tester provided the Tribunal with the following evidence to prove Mr. McEwen was incorrect in his theory of continuing movement of the foundation:

- (a) Dr. Tester stated that if the east and west walls were moving, one would see evidence of some cracking on the south wall, and there was none. There was no magnitude of cracking on the east wall, except for one minor and isolated crack under the patio door. The evidence of the pattern of cracking on the west wall, was, in his opinion, proof beyond a reasonable doubt that the cracks were due to minor settlement, and that no vertical cycling had occurred. The diagonal crack on the west wall at the corner was wider at the top and narrower at the bottom with no corresponding diagonal crack. Dr. Tester stated that the absence of the

corresponding diagonal crack is totally inconsistent with vertical movement of the east and west walls. If Mr. McEwen were correct, Dr. Tester stated that one would see a totally different pattern of cracking, and signs of significant permanent damage.

- (b) Dr. Tester added that the bearing conditions of the soil are good at the home and therefore the settlement that has occurred is minor. If Mr. McEwen were correct, you would see substantial, permanent damage and not the cyclical opening and closing of cracks.
- (c) Dr. Tester further stated that given the age of the home and the fact that it had gone through three cycles, if the foundation were moving, one would see large cracks with chips and chunks falling out, filled with debris and soil. Instead, Dr. Tester found crisp cracks, with perfectly logical and simple explanations. Dr. Tester stated that there was no evidence to indicate vertical cycling and no sign of movement associated with structural failure, now or in the future.
- (d) With respect to the interior drywall cracks and the Applicant's evidence that they were opening and closing, Dr. Tester stated that it was extremely clear these were not the result of movement of the foundation, because one would have seen massive, permanent cracks, and not the minor cracks that open and close. The interior cracks, were, in his opinion, the result of truss uplift. Dr. Tester stated that the timing of the opening and closing of the cracks, together with the magnitude of the cracks were consistent with the theory of truss uplift. In addition,
- (e) Dr. Tester stated that all of the cracks had stabilized except for the cracks which he attributed to localized problems that could be dealt with.

Dr. Tester's written and oral evidence was that there were numerous mechanisms causing what he observed in the house. He gave the following additional evidence as to the cause of the cracking and other issues.

Cracks on West Foundation Wall Towards the South End

The step cracks on the west foundation wall towards the south end were caused by minor settlement of the foundation. In Dr. Tester's opinion, these were not structural, but minor cracks caused by minor settlement.

The Program submitted that no defect in materials/workmanship or damages have been proven in respect of this item, and therefore it is not a warrantable item.

Crack on West Foundation Wall at Northwest Corner

Dr. Tester stated that this crack was caused by localized adfreeze. The adfreeze was caused because there was a downspout above that, and the water from the downspout was saturating the soil. Dr. Tester stated that adfreeze occurs where water in the soil freezes and the soil adheres to the wall. He stated this was not a structural problem. The remedy would be to deal with the drainage from the downspout to prevent the adfreeze from occurring.

The Program agreed that the problem with the drainage from the downspout was warrantable and that the remedy for this situation is to deal with drainage from the downspout to prevent the adfreeze from occurring.

Crack on West Foundation Wall Under Man Door

The crack under the man door to the garage was, in Dr. Tester's opinion, caused by normal shrinkage of the floor slab pulling the block under the man door. Dr. Tester testified that this is the result of normal shrinkage of materials caused by drying after construction, and not indicative of a structural problem. Mr. McEwen agreed, on cross examination, that this could be caused by shrinkage of materials.

The Program submitted that this is normal shrinkage of materials and is excluded from the warranties, in Section 13(2)(d) of the Act, and therefore not warrantable.

Cracks On Slab on Ground

Dr. Tester and Mr. Mayhew testified that these cracks are due to normal shrinkage of materials after construction and that this is a common occurrence.

The Program submitted that these cracks are caused by normal shrinkage of materials and excluded from the warranties under Section 13(2)(d) of the Act and are not warrantable.

Crack at Front

In Dr. Tester's opinion, the cracking at the front of the house was caused by adfreeze as a result of water coming off of the driveway and being trapped by the patio stones in that location.

The Program agreed that this is a warrantable item. The Program submitted that since the evidence before the Tribunal is that this is caused by adfreeze as a result of water being trapped by patio stones, the Program should simply be ordered to take the appropriate measures to alleviate the problem.

Cracks In Upper Level Drywall

Mr. McEwen's opinion was that some of the cracks could be explained by truss uplift, but not the cracks in the second floor ceiling and outside walls. Mr. McEwen stated that the cracks in the second floor ceiling and outside walls were caused by the movement of the foundation. The Applicant complained that the cracks would open periodically on the inside and outside walls.

At the time of Dr. Tester's inspection, only hairline cracks could be discerned at the intersection of the wall and ceiling. In Dr. Tester's opinion, truss uplift caused the cracks in the upper level drywall that he observed and the cracks verbally reported by the Applicant. Dr. Tester explained that truss uplift has long been recognized as a mechanism that results in minor cracking of ceiling drywall.

The Program submitted that Dr. Tester's evidence indicated that a number of things could or may have contributed to truss uplift, but the Applicant cannot rely upon this as

proof on a balance of probabilities. Dr. Tester stated that truss uplift is common and that no matter what one does, no matter how good construction is, truss uplift can and does occur because the trusses are wood and react to their environment. The Program submitted that the cracks are minor, that no defect in workmanship or materials has been established, and that this item is not warrantable.

Drywall Cracks Downstairs and Bowing

Dr. Tester stated that these cracks were not evident at the time of his inspection. However, the Applicant had indicated that the cracks would open periodically at the joint between the ceiling and the wall. In Dr. Tester's opinion, the periodic drywall cracking in the lower level hallway was likely a response to environmental variations in temperature and moisture content. He noted that the Applicant heated with a wood stove and that wood structures respond to environmental conditions. Dr. Tester stated that he saw no evidence of doors sticking on the lower level during his visit, but that doors commonly stick in houses due to environmental changes. Dr. Tester added that the Applicant's use of the woodburning stove might be related. Mr. Mayhew agreed. Further, Mr. Mayhew stated that the sticking and opening of downstairs doors had never been brought to his attention at anytime.

No Ducting In Floor Slab

The Applicant submitted that heating ducts were required to be installed in the floor slab pursuant to the OBC, and failure to install the heating ducts caused cracking in the foundation and the floor slab. The Program agreed that failure to install this item was an OBC violation, but argued that this issue was not dealt with in the Decision Letter and therefore the Tribunal does not have jurisdiction to consider or make an order on this claim.

The Applicant conceded that this specific complaint was not made within the applicable warranty period, but argued that the defect was a contributing cause of the symptom of "foundation and floor slab cracks" which complaint was made in writing by the Applicant on a timely basis.

The Tribunal finds that the Applicant did not lead any evidence that would connect the absence of ducting to the cracking. The Applicant attempted to have Dr. Tester agree to this assertion on cross-examination, however Dr. Tester stated he disagreed. Dr. Tester stated that there could be a relationship between frost heave and floor slab cracks, if frost heave had occurred, but he clearly stated that this is not the case here because the cracks are minor, crisp, and there is no evidence that frost heave had occurred. Dr. Tester stated that if frost heave had occurred, one would have seen a change in the dimension of the cracks, and one would see the cracks throughout.

The Applicant stated that the cracks in the slab on ground would open and close. The Program submitted that the opening and closing of these cracks was never brought to the attention of the Program prior to the hearing. In addition, Dr. Tester stated that the only mechanism that would cause these cracks to open and close would be frost heave and that frost heave had not occurred; if it had, the cracks would be on a vertical plane and not a horizontal plane.

With respect to the cracking on the west wall, Dr. Tester stated that the evidence of adfreeze at this particular location was adjacent to the unheated garage where the floor slab would not be heated, and the absence of ducting would not have affected that wall.

The Applicant in closing submissions, stated that there is “undisturbed evidence that the lack of ducting would have contributed to the adfreeze cracking on the front wall”. However, the Program’s position was that Dr. Tester ‘s evidence was that there could be a relationship between the duct absence and frost action, but this falls short of discharging the Applicant’s onus of proof. The Program stated that the Applicant did not question Dr. Tester about this specific area, however, since the cracking is located adjacent to the unheated garage where the floor slab would not be heated in any case, the lack of heating would not have been a contributory factor to this cracking.

The Program submitted that even if the Tribunal determines that it has jurisdiction to consider this claim, the Applicant has not proven on a balance of probabilities that the absence of ducting caused the “cracking in the foundation and floor slab” as reported within the one year warranty period.

THE LAW:

Section 13 of the *Ontario New Home Warranties Plan Act* states:

13.(1) Every vendor of a home warrants to the owner,

(d) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
- (ii) is fit for habitation, and
- (iii) is construction in accordance with the Ontario Building Code;

(e) that the home is free of major structural defects as defined by the regulations; and

(f) such other warranties as are prescribed by the regulations.

(2) A warranty under subsection (1) does not apply in respect of,

(m) defects in materials, design and work supplied by the owner;

(n) secondary damage caused by defects, such as property damage and personal injury;

(o) normal wear and tear;

(p) normal shrinkage of materials caused by drying after construction;

- (q) damage caused by dampness or condensation due to failure by the owner to maintain adequate ventilation;
 - (r) damage resulting from improper maintenance;
 - (s) alterations, deletions or additions made by the owner;
 - (t) subsidence of the land around the building or along utility lines, other than subsidence beneath the footings of the building;
 - (u) damage resulting from an act of God;
 - (v) damage caused by insects and rodents, except where construction is in contravention of the Ontario Building Code;
 - (w) damage caused by municipal services or other utilities;
 - (x) surface defects in work and materials specified and accepted in writing by the owner at the date of possession.
- (3) The vendor of a home shall deliver to the owner a certificate specifying the date upon which the home is completed for the owner's possession and the warranties take effect from the date specified in the certificate.
- (4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.
- (5) A warranty is enforceable even though there is no privity of contract between the owner and the vendor.
- (6) The warranties set out in subsection (1) apply despite any agreement or waiver to the contrary and are in addition to any other rights the owner may have and to any other warranty agreed upon.

Section 14 of the *Ontario New Home Warranties Plan Act* States:

14.(1) Where,

- (d) a person who has entered into a contract with a vendor for the provision of a home has a cause of action in damages against the vendor for financial loss resulting the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor's failure to perform the contract;
- (e) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or
- (f) the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, and

the claim is made within four year after the warranty expires or such longer time under such conditions as are prescribed,

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

(2) In assessing damages, the Corporation shall take into consideration any benefit, compensation or indemnity payable to the person or owner from any source.

(3) The Corporation may perform or arrange for the performance of any work in lieu of or in the mitigation of damages claimed under subsection (1).

Regulation 892 of the *Ontario New Home Warranties Plan Act* states:

14. Every vendor of a new home warrants to the owner that there will be no water penetration through the basement or foundation of the home for two years after the date upon which the home is completed for possession.

.....

15.(1) In this section,

"building envelope" means the wall and roof assemblies that contain the building space, and includes all those elements of the assembly that contribute to the separation of the outdoor and indoor environments so that the indoor environment can be controlled within acceptable limits;

"delivery and distribution systems" include all wires, conduits, pipes, junctions, switches, receptacles and seals, but does not include appliances, fittings and fixtures;

"exterior cladding" means all exterior wall coverings and includes siding and above-grade masonry as required and detailed in the relevant sections of the Ontario Building Code under which the Building Permit was issued.

(2) Every vendor of a new home warrants to the owner,

(a) that the home is constructed in a workmanlike manner and is free from defects in materials including windows, doors and caulking such that the building envelope of the home prevents water penetration;

(b) that the electrical, plumbing and heating delivery and distribution systems are free from defects in material and work;

- (c) that all exterior cladding of the home is free from defects in material and work resulting in detachment, displacement or physical deterioration;
- (d) that the home is free from violations of the Ontario Building Code regulations under which the Building Permit was issued, affecting health and safety, including but not limited to fire safety, insulation, air and vapour barriers, ventilation, heating and structural adequacy; and
- (e) that the home is free of major structural defects.

(3) The warranties described in subsection (2) apply only in respect of claims made within two years after the home was completed for possession, in respect of homes that were enrolled, or should have been enrolled, after the 31st day of December, 1990.

(4) The warranties described in subsection (2) are prescribed under clause 13(1)(c) of the Act.

.....

16. Where a home was enrolled after the 31st day of December, 1990, the claim for damages because of a major structural defect may be made within seven years of the date specified in the certificate of completion and possession.

APPLICATION OF LAW TO FACTS:

The onus of proof in this hearing rests upon the Applicant to prove her allegations on a balance of probabilities. The Applicant must prove that a breach of warranty has occurred and that damages have resulted from the breach of warranty.

1. Claims in Decision Letter Numbers 1 through 4:

- 1. No Sump Pump,
- 2. No Sludge Well Tank,
- 3. No Drainage Tile and 3/4" Stone Around Foundation,
- 4. No Drainclad at the exterior below grade, lack of Insulation on Foundation Walls (referencing Claim Number 21-Jenish House Plan Number B23585)

The Tribunal finds that the negotiations prior to closing resulted in a settlement of the extras and allowances, but not the "deficiencies".

The Applicant submitted that she has a valid claim against the Program for breach of warranty because she has established that the builder failed to perform the contract by not delivering and installing the first four items, and that the appropriate remedy is for the Tribunal to order the Program to install them.

The Program submitted that the Applicant still must prove damages flowed from that breach even if she was contractually entitled to the four items.

There was no evidence before the Tribunal of the value of the materials substituted by Brauer for these four items.

The Applicant requested that the Tribunal order the items to be installed so that she is put in the same position as if the contract had been performed. The Tribunal agrees with the position of the Applicant. Accordingly, the Tribunal will allow the four items claimed in numbers 1 through 4.

With respect to the issue of lack of insulation on the foundation walls, the Tribunal finds that this complaint was not made in writing within the required two year warranty period, and it is disallowed.

With respect to the claim that the Applicant did not get a Jenish house, the Tribunal finds that the contract that the Applicant and Brauer entered into was not for a Jenish home, but a contract to build a home in accordance with the plans approved by the Applicant. Accordingly, the Applicant's claim number 21 in the Decision Letter is disallowed.

2. Decision Letter Claim Number 5. "Only 380 stones delivered, not the 1050 as paid for"

The Tribunal finds on the evidence that Brauer failed to install and deliver 670 bricks as required by the contract.

The Tribunal has not been assisted by the Applicant with evidence of what materials Brauer substituted instead of the 670 bricks that were not installed. The Applicant submits that the best source of evidence to assess the damages is the original contractual allowance of \$0.9524 per brick. The Applicant claims 670 bricks @\$0.9524 per brick for a total of \$638.10.

Also, the Tribunal has not been assisted by the Program with evidence that the substituted materials were of equal or better value. Instead, the Program's position is that the best evidence available to the Tribunal is Brauer's solicitor's letter sent during the negotiations prior to closing stating that the actual cost of delivering and installing the 380 bricks was \$922.88, and therefore the proper measure of damages is \$77.13 being the difference between these two amounts.

In order to put the Applicant in the same position as if the contract had been performed, the Tribunal could order the Program to install the 670 bricks, but the parties have only provided submissions relating to the appropriate amount of compensation. The Tribunal accepts the Applicant's submissions on the appropriate amount of compensation. There was insufficient evidence before the Tribunal to make a determination that the Applicant had received a benefit, or compensation under Section 14(2) of the *Act* with respect to this claim.

3. Decision Letter Claim Number 6. "Laundry room is not 27 1/2" deep and cannot put washing machine and dryer in"

The Applicant argued that the construction of the laundry room does not accommodate normal size appliances, that the builder failed to perform the work in a workmanlike

manner and that this is a breach of warranty pursuant to Section 13(1)(a)(i) of the Act. Also, the use of normal size appliances has resulted in an violation because the appliances obstruct the hallway, and the Applicant is entitled to relief under Section 13(a)(iii) of the Act.

The Program submitted that the design of the laundry room was supplied by the Applicant, and would therefore be excluded under Section 13(2)(a) of the Act. Further, even if the laundry room is not excluded from warranty, it does not amount to a breach of warranty under the Act.

The Applicant asked Brauer to design a plan with a laundry room on the main floor. The plans approved by the Applicant prior to construction are in Exhibit 9. These plans show the dimensions of the laundry room to be 27 ½ inches. The Applicant did not instruct Brauer to construct the laundry room with specific dimension. Although the Applicant did make some changes in red to the final plan (Exhibit 9), she did not alter Brauer's design of the laundry room. Brauer did not advise her that the dimensions would not accommodate normal appliances. In fact, the Applicant did not know that normal appliances would not fit, until she moved in and tried to install them.

The Tribunal finds that the Applicant is not responsible for the design of the laundry room given to her by Brauer. Further, the Tribunal agrees with the position of the Applicant, that it is reasonable for a homeowner to rely on the builder to provide construction of a laundry room that would accommodate normal appliances. If this is not possible, the builder ought to inform the homeowner so that the appropriate changes can be made to the design. On cross-examination, Mr. Mayhew admitted that it would not be good practice not to inform a homeowner in this situation. In this case, the workmanship has also resulted in an violation because the appliances obstruct the hallway. The Applicant has proven on a balance of probabilities that a breach of warranty has occurred and that the Applicant is entitled to an appropriate remedy. The Applicant has submitted that the appropriate remedy is to move the rear wall of the laundry room back a few inches in order to provide adequate clearance for normal appliances.

Accordingly, the Tribunal allows this claim and orders the Program to have the rear wall of the laundry room moved back support to provide adequate clearance for normal appliances.

4. Decision Letter Claim Number 12. "Master Bathroom Door not square"

The Program has conceded this issue is warrantable. Accordingly, the Tribunal finds that the Applicant's claim is warrantable and orders the Program to carry out the appropriate repairs.

5. Decision Letter Claim Number 14. "Master bath toilet takes 2 or 3 flushes and has rust in the bowl"

The Program has conceded that this is a warrantable item. Accordingly, the Tribunal finds that the Applicants claim is warrantable and orders the Program to replace the master bath toilet with a toilet of reasonable quality consistent with the contract specifications.

6. Decision Letter Claim Number 24. "Garage ceiling poly on the wrong side" and Claim Number 31. "Insulation in the garage ceiling not to OBC"

The Tribunal finds that the Applicant has not proven that there is a major structural defect under the Act. The evidence before the Tribunal is that the Applicant has been using the room above the garage continuously since she occupied the home in 1996.

In addition, the Tribunal finds that the vapour barrier and insulation in the garage ceiling were not reported in writing as required by the legislation within the required two year warranty period. Accordingly, the Tribunal disallows these claims.

7. Decision Letter Claim Number 27. "Ceiling insulation (roof area) not as per OBC"

The Program conceded that the insulation in the attic was insufficient and in violation of the OBC but the Applicant's complaint was not made in writing within the required two year warranty period. The first complaint to the Program on this issue was an oral complaint during an inspection in November, 1998, more than two years after the date of occupancy.

The Applicant submits that this particular complaint was a contributing cause of the cracking in the ceiling, which written complaint had been filed on a timely basis within the one year warranty period. However, the Applicant did not lead any evidence to connect the lack of ceiling insulation with the cracking in the ceiling.

The onus of proof is on the Applicant to prove on a balance of probabilities that the insufficient insulation in the ceiling is a cause of the cracking in the ceiling. The Applicant relies on the evidence of the Program's expert witness, Dr. Tester. The Program submits that Dr. Tester never directly connected truss uplift with the attic insulation issue in his report.

The Tribunal agrees with the position of the Program on this issue. The Applicant has not proven, on a balance of probabilities, that the deficient attic insulation was a contributing cause of the cracking in the ceiling. Accordingly, the Applicant cannot rely on the written complaint of "cracking in the ceiling".

The Tribunal finds that the Applicant has not reported this complaint in writing within the required two year warranty period as prescribed by the legislation, and this claim is disallowed.

8. Decision Letter Claim Number 30, and in Supplementary Decision Number 4. "Garage not completely gasproofed"

The Program has conceded this item. Accordingly, the Tribunal finds that this claim is warrantable and orders the Program to complete the gasproofing of the garage.

9. Decision Letter Claim Number 26. "Exhaust vents not connected to the exterior"

The Program had two experienced witnesses to testify that there was no defect in workmanship or materials or a violation of the OBC. The Tribunal finds that the Applicant did not lead sufficient evidence to prove, on a balance of probabilities, that the remedial work done by the Program has resulted in a defect in workmanship or

materials or a violation of the OBC. The Applicant relied on her opinion, but this was not sufficient to discharge her burden of proof.

Accordingly, the Tribunal disallows this claim.

10. Supplementary Decision Claim Number 1. "HRV reimbursement"

Brauer delivered only one HRV. Based on the evidence before the Tribunal, the Applicant has not proven on a balance of probabilities that the contract provided for two HRV's, that Brauer charged for two, and that the Applicant paid for two. The Applicant has not discharged her burden of proof to show a failure to comply with a contractual obligation within Section 14(1)(a)(i) of the *Act*.

Therefore, the Tribunal disallows this claim.

11. Supplementary Decision Claim Number 2. "Paint colour on trim after repairs"

The Program has conceded this issue. Accordingly, the Tribunal finds this to be a warrantable claim and orders the Program to repaint the trim around the windows to match the paint colour of the existing walls as closely as possible.

12. Decision Letter Claim Number 13. "Walls under the stairs not plumb"

The Applicant did not lead sufficient evidence to discharge her burden of proof that the bowing of the wall was a defect in workmanship and materials and therefore a breach of warranty. The Applicant did not adduce evidence to contradict the Program's evidence that the bowing in the wall was caused by normal shrinkage of materials, which is an exclusion from warranty in Section 13(2)(d) of the *Act*. The Tribunal disallows this claim.

13. Decision Letter Claim Numbers 9, 10, 11, 18, 19 and 23:

- Cracks in Foundation Walls

- Cracks in the basement and garage floors

- Cracks in the porch

- Drywall downstairs is cracking and bowing

- Crack in drywall at ceiling and kitchen wall and at outside walls at ceiling level.

- Cracks in the drywall where the wall and ceiling meet which open and close during the year.

- Blocks have split under side door to the garage and at the front step.

- No Ducting in Floor Slab

The Applicant has relied on the single theory of causation of her expert witness, Mr. McEwen, that the cracking and the above claims are the result of movement of the foundation. The thrust of Mr. McEwen's written opinion and evidence is that the cracking would fit the definition of a "major structural defect" because of its serious implications for the structural integrity of the home.

The Applicant alleged that there was evidence of a major structural defect as a result of the movement of the foundation. The Applicant did not adduce any other evidence as to the cause of these claims, or defects in workmanship and/or materials, or damages arising from those defects.

Mr. McEwen testified that he had conducted a visual inspection only, that it was done hastily, and that the cracks were not major. Mr. McEwen also testified that there was no present major structural defect, and no evidence of failure of the walls, but that there could in the future. Mr. McEwen also stated that the cracking in the foundation under the main door in the garage could be caused by shrinking, which he had not considered at the time of his report. The Tribunal prefers the evidence of Dr. Tester with respect to these issues. Mr. McEwen's oral testimony was inconsistent with the opinions expressed in his written report. On the contrary, Dr. Tester was consistent, clear and provided the Tribunal with cogent evidence. His knowledge of the subject matter provided the Tribunal with convincing proof that there were different causes for different phenomena and that the foundation was not moving as opined by Mr. McEwen.

The Tribunal finds that the Applicant has not met her onus of proof to establish that a major structural defect exists within the meaning of Section 1 of Regulation 892.

The Applicant further argued that she need not prove that the cracks fit the definition of "major structural defect" to succeed but only needed to prove that the cracking represented a defect, and having made the "cracking complaint" within the one year of occupancy, it is a claim for a valid warranty item, and the Program is required to remedy the defect.

The difficulty with this argument made in the Applicant's closing submissions, is that the Applicant did not lead other evidence at the hearing to prove the cause of the cracking complaints is to permit the Tribunal to draw a connection with a warranty specified under the Act. A crack in a wall may be undisputed but the Tribunal must have evidence to establish if the crack is warranted under the Act. (e.g. major structural defect) or not warranted under the Act (e.g. normal shrinkage). The Applicant must prove that the defect complained of is the type of defect for which the Act provides the type of defect for which the Act provides a warranty. Dr. Tester provided the Tribunal with different causes for different things and his evidence did not support the Applicant's claim for warranty coverage under the Act. In the absence of any other evidence to contradict Dr. Tester's theories, the Applicant's claim fails since she has not adduced sufficient evidence to prove the cause of the complaints are those for which the Act provides a warranty.

Cracks in Foundation Walls

The Applicant has not proven, on a balance of probabilities that the cracks on the foundation walls are a major structural defect, and did not adduce sufficient evidence to prove that the cracks are a defect in workmanship or materials. The Tribunal finds that the cracks on the west foundation wall towards the south end were caused by settlement of the foundation, that they are minor, not structural, and they do not amount to a breach of warranty under section 13(2)(i) of the *Act*. Accordingly, this claim is disallowed.

The Tribunal finds that the crack on the west foundation wall was caused by localized adfreeze because of the downspout above. The Program agrees that this is a warrantable claim, and the Tribunal orders the Program to remedy the drainage from the downspout to prevent the adfreeze from occurring.

With respect to the crack on the west foundation wall under the man door, the Applicant has not proven, on a balance of probabilities that the crack is a major structural defect, and did not adduce sufficient evidence to prove that the crack is a defect in workmanship or materials.

The Tribunal finds that this crack was caused by normal shrinkage of materials caused by drying after construction. Accordingly, this claim is excluded from warranties pursuant to Section 13(2) of the Act.

Cracks in Slab on Ground

The Applicant has not proven, on a balance of probabilities that the cracks are a major structural defect, and did not adduce sufficient evidence to prove that the cracks amount to a defect in workmanship or materials.

The Tribunal finds that the cracks in the slab on ground are due to normal shrinkage of materials after construction and this is excluded from warranty pursuant to Section 13(2) of the Act. The Tribunal disallows this claim.

Cracks at Front

The Tribunal finds that the cracking at the front of the house was caused by adfreeze as a result of water coming off of the driveway and being trapped by the patio stones in that location. The Program has conceded that this is a warrantable item and should be alleviated. Accordingly, the Tribunal orders the Program to undertake remedial work to correct the problem of water being trapped by the patio stones in that location.

Cracks in Upper Level Drywall

There was no evidence produced by the Applicant to dispute or contradict the Program's position that the cracks are minor in nature and not a major structural defect. The Applicant has not proven, on a balance of probabilities that the cracks are a major structural defect and did not adduce sufficient evidence to prove that these cracks amount to a defect in workmanship or materials. The Tribunal finds that the cracks in the upper level drywall are minor and not a defect in workmanship or materials. Accordingly, the Tribunal disallows this claim.

Drywall Downstairs is Cracking and Bowing

The Applicant's evidence in support of these claims is the continuing movement of the foundation. However, this theory was proved incorrect by Dr. Tester. The Applicant did not adduce any evidence to prove the cracks amounts to a defect in workmanship or materials to contradict the Program's evidence that the above issues were the result of environmental changes. As no defect in workmanship or materials has been proven, the Tribunal disallows this claim.

No Ducting in Floor Slab

The Tribunal finds that the Applicant did not file this claim within the required warranty period of two years, as required by the legislation, and that it is not included in any of the other complaints filed on a timely basis. In addition, the Program did not make a

decision with respect to this specific issue, and, consequently, the Tribunal has no jurisdiction to make a determination with respect to the absence of ducting in the floor slab.

ORDER:

Accordingly, by virtue of the authority vested in it under Section 16(3) of the Act, the Tribunal directs the Program:

1. To install the sump pump, sludge well tank for clean-out, drainage tile and $\frac{3}{4}$ " clear stone around the foundation and the drainclad below grade as provided for in the contract;
2. To have 670 bricks delivered and installed within 90 days of the date of this Order, or, at the option of the Program, pay the Applicant the sum of \$638.10 in full satisfaction of any obligations with respect to this claim;
3. To move the rear wall of the laundry room back the appropriate amount of inches to provide clearance for a normal sized washer and dryer;
4. To carry out the appropriate repairs to the master bathroom door to make it square;
5. To replace the master bath toilet with a toilet of reasonable quality consistent with the contract specifications;
6. To complete the gasproofing of the garage;
7. To repaint the trim around the windows to match the paint colour of the existing walls as closely as possible;
8. To remedy the drainage from the downspout at the northwest corner of the home to prevent the adfreeze from occurring; and
9. To undertake remedial work at the front of the home to correct the problem of water being trapped by the patio stones and causing the localized adfreeze.

The above noted work is to be completed within 90 days of the date of this Order. All other claims of the Applicant in the Decision Letter and the Supplemental Decision are disallowed.

LICENCE APPEAL TRIBUNAL

Sheila A. Spotton, Vice-Chair

RELEASED: April 12, 2001

PAULA M. SPEARS

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: STUART CORK,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

PAULA M. SPEARS, Applicant
unrepresented

DATE OF HEARING: April 12, 2001

DECISION RELEASED: April 17, 2001 Toronto

REASONS FOR DECISION

A hearing was held by teleconference on April 12, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Paula M. Spears (the "Applicant")
Motor Vehicle: 1999 GMC SIE, plate no. 3917CZ (the "vehicle")
Date of Appeal: March 20, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on April 12, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals, which were entered into evidence as exhibit #3.

All documents were submitted into evidence with the consent of both parties.

The Applicant stated that she had intended to file her appeal only under the grounds of Exceptional Hardship as per 50.2(3)(d) of the Act, and that the bottom of the form had been cut off by her fax machine when it was submitted to the Tribunal. She had handwritten in "Exceptional Hardship" on the form, yet placed a check mark beside the box marked for Due Diligence. The representative for the Respondent agreed to proceed with the hearing under the grounds of Exceptional Hardship only.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- I was not aware that the truck was going to be used until my mother-in-law came out to get it on the 2nd.
- I was in Cuba from Mar 2-9. 2001.
- It was lent to her so she was able to get my children where they needed to go. (school, sports).
- The truck was impounded before she was able to get to the farm.
- a two wheel vehicle is not always able to get down my 3/4 mile long lane way.

To Whom it may Concern.

I (Paula Spears) was on holidays from Mar 2nd to Mar 9th. My mother-in-law was coming up to the farm on the 2nd to help look after the children and drive them where they needed to go (school & sports). The children were late getting ready for the bus and missed it so Gerry drove them in. I realize that is not any excuse for him to be driving, but he was pressured by the kids wanting to get to school on time. He has never drove any vehicles to my knowledge since his last charge.

My mother-in-law arrived that afternoon of the 2nd, to find out that the truck had been impounded. My biggest concern is that I have 20 horses that are needing hay and other farm work needs to be done and it is very difficult to do it without my truck. Also my lane, to the house is about 3/4 of a mile long and a two wheel vehicle cannot always make it in. At this point the Kids and I are having to walk in and out because the car can't make it in for the snow. Once the snow melts it's a whole new ball game with the mud. If we have an emergency with the kids or livestock, I don't know how we would get them out.

This new law that has been enforced was all new to me and has been a hard lesson learned. I depend on a reliable vehicle for everyday and now I don't have it.

It has taken me 2 years to save up for my holiday and I have no idea how I am going to pay to get my truck back.

Yours truly
P. Spears

The Applicant testified that her husband, whose licence was then under suspension, had taken her vehicle to drive their children to school. The children had missed their daily school bus, and the Applicant's mother in law, who was to assist in the driving of the family, arrived at the Applicant's residence later that afternoon. The Applicant was out of town at the time, and returned some seven days later.

The Applicant resides on a farm that has a lengthy lane way from the road to her house. Her vehicle is a four wheel drive pick up truck that she relies upon to drive this lane way during the winter when it is often covered by snow drifts, and in the spring when it is very muddy. The Applicant also relies upon her vehicle to transport feed to the horses that she raises on her farm, as well as tow a horse trailer when the horses are taken to be sold.

The Applicant testified that since her vehicle was impounded, she has had to rely upon outside sources for delivery of feed for her horses, and at added expense. The feed is then distributed to her animals with the use of her farm tractor. The Applicant has a

second vehicle, a 1987 Toyota that is currently used for basic transportation. Since it is a two wheel drive vehicle, it must be parked at the end of the lane way at the road side, and the Applicant and her family must walk into their house from the road.

The Applicant has not looked into any other alternatives to the impounded vehicle as she believed that none would be affordable.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Gerald L. Spears;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving while Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until November 27, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claims to be considered under section 22(2)(a), (b), and (c), she must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Tribunal may consider economic loss only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of that Regulation). In this case, the Applicant's horse farm has not been shown to be suffering any significant financial or employment loss, as an alternative delivery method for the horse feed had been arranged, and the horses did not yet need to be taken in their trailer to be sold.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable alternative option has been considered and inquired into as required under section 22(4) of the Regulation. In fact, the testimony of the Applicant was that she had not pursued any alternatives to the impounded vehicle, since she believed that none were affordable. However, no evidence was presented that would support that claim.

The Applicant has been able to maintain the daily activities of her business and her family through the use of various alternatives that she had at hand. These include the school bus for taking her children to school, her mother in law and her vehicle, the Applicant's 1987 Toyota, and the out side delivery services for feed for her horses. The Tribunal recognizes that the Applicant and her family has been inconvenienced by the loss of her vehicle, however no evidence was heard that would support a finding of exceptional hardship, nor a loss that was significant or lasting, as required by the Act.

Therefore, the Tribunal finds that the Applicant has failed to meet the onus under section 22(4) of the Regulation and is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Voyages Encore Travel Inc. (hereinafter referred to as "the Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent (registration number 4361184/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since July 13, 1995. The Registrant's fiscal year end is August 31st.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 24(2) of Ontario Regulation 806/93 made under the Act (hereinafter referred to as "the Regulation") states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
3. By letter dated August 10, 2000 the Registrant was requested by TICO to file financial statements for the fiscal year ending August 31, 2000 by November 30, 2000.
4. On December 8, 2000, a second request was sent to the Registrant, providing the Registrant with a deadline to submit the required filing by December 22, 2000.
5. On January 11, 2001, a final request was sent to the Registrant, providing the Registrant with a deadline to submit the required filing by January 24, 2001, failing which the Registrant was advised that a proposal to revoke its registration would be issued.

6. By February 2, 2001, the Registrant had failed to provide its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's Registration.
7. On February 6, 2001, the Registrant filed its Notice of Appeal with the Licence Appeal Tribunal.
8. On February 6, 2001, the Registrant filed its financial statements for its fiscal year ended August 31, 2000, which were due by November 30, 2000.

COMPLIANCE HISTORY – PREVIOUS FILING OF FINANCIAL STATEMENTS

9. The Registrant has a history of late filing of its financial statements as summarized in paragraphs 10 through 13.
10. The Registrant filed its financial statements for its fiscal year ended August 31, 1996, which were due by November 30, 1996, on December 23, 1996.
11. The Registrant filed its financial statements for its fiscal year ended August 31, 1997, which were due by November 30, 1997, on April 9, 1998.
12. The Registrant filed its financial statements for its fiscal year ended August 31, 1998, which were due by November 30, 1998, on December 1, 1998.
13. The Registrant filed its financial statements for its fiscal year ended August 31, 1999, which were due by November 30, 1999, on December 2, 1999.
14. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated February 2, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending August 31, 2001, no later than November 30, 2001;
 - (b) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending August 31, 2002, no later than November 30, 2002;

- (c) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant;
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (c) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of
the Registrar of Motor Vehicles pursuant to Section
47(1) of that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: Ross C. Bennett M.D., Presiding Member

APPEARANCES: Kyle M. Biel,
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: April 12, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of *The Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit # 1- Notice of Appeal filed by the Applicant March 13, 2001.

Exhibit # 2- Notice of Suspension from the Ministry dated November 14, 2000.

Exhibit # 3- Tabulated documents (1-12) received from the Ministry April 2, 2001.

Exhibit # 4- Applicant's driving record dated March 19, 2001.

FACTS:

The Applicant, a 53 year old construction site supervisor, had his driver's licence suspended November 14, 2000, after the Ministry received an unsolicited letter, dated October 11, 2000, from Physician # 1 an emergency physician at the Credit Valley

Hospital. Physician # 1 advised the Ministry that the Applicant had suffered an alcohol related seizure on that date and there was a history of two previous seizures.

The Applicant, in evidence, stated that he had been drinking beer with some friends the previous evening and when he got up to go to work in the morning, he drank a shot of brandy that had been left on the table. Shortly after arriving at his job site the Applicant collapsed and was taken to the hospital. He awoke in the ambulance after about ten minutes, but was not confused, did not void and did not bite his tongue.

On examination, Physician # 1 detected an enlarged liver. He told him that he should stop drinking immediately and should not drive until he has been thoroughly examined by his family physician.

The Applicant has not had a drink of alcohol since October 11, 2000. He saw his family physician, had multiple blood tests, a CT scan and an EEG, which were all reported normal. He had a psychiatric assessment by Physician # 2, who stated "other than a mild anxiety tension there is no other psychopathology".

The Applicant's family doctor recommended he attend the Vitanova Foundation, which provides a continuum of health services relating to the treatment and rehabilitation from alcohol and drug abuse. The Applicant attended a two week introductory treatment course and has continued to attend an evening each week since November 28, 2000. The Executive Director wrote two letters and his Addiction Therapist wrote one to the Ministry supporting him in his endeavours.

The Applicant's poor command of the English language created problems giving evidence, but a son in law attended with him and helped by interpreting and also giving evidence. It was impossible to elicit any information regarding the two other seizures mentioned by Physician # 1 in his initial report.

ISSUE:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly Interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) a CVOR certificate,
- on the grounds of,
- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
 - (f) conviction of the holder for an offence referred to in subsection 210(1) or (2);
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) empowers the Registrar of Motor Vehicles to "-----suspend or cancel" a driver's licence for "any---sufficient reason---". The Registrar originally suspended the Applicant's licence after receiving an unsolicited letter dated October 11, 2000 from Physician # 1, advising that the Applicant had a seizure on that date, which he attributed to alcohol withdrawal.

The Tribunal finds the Registrar acted in accordance with the Regulation in suspending the Applicant's licence.

The language problems and the lack of an eye witness made it difficult to determine precisely whether he had a true seizure, because several features were not present. However, the fact he was unconscious for approximately ten minutes would suggest it was. There is a long history of continuous drinking with resultant liver damage, which is no doubt cirrhosis.

The Canadian Medical Association's "Guide for Physicians in Determining Medical Fitness to Drive," recommends- "patients with a diagnosis of alcohol dependence, including those with alcohol withdrawal induced seizures, should not be allowed to drive any type of motor vehicle until they remain alcohol free and seizure free for 12 months".

Although the Applicant is certain he will not drink again, the combination of a seizure, alcoholism and liver damage is threatening and he has only been abstinent for a six months period.

DECISION:

Upon the application by the Applicant to appeal the decision dated November 14, 2000, by the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Globe Travels Inc. (hereinafter referred to as "the Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent (registration number 4385456/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since November 20, 1995. The Registrant's fiscal year end is December 31st.

GROUND FOR THE PROPOSAL

2. On June 14, 2000, the Registrant filed its financial statements for its fiscal year-ended December 31, 1999, which were due by March 31, 2000.
3. The Registrant's gross sales reported in its December 31, 1999 financial statements were \$2,220,291.00, which required the Registrant to have a minimum working capital of \$25,000.00. The Travel Industry Council of Ontario's ("TICO") review of those financial statements revealed a working capital of \$20,533.00.
4. By letter dated November 6, 2000, TICO advised the Registrant that it had a working capital shortfall of \$4,467.00 and asked the Registrant to provide information regarding the steps it was taking to address the shortfall by November 22, 2000.
5. An inspection of the Registrant in April of 2000 revealed that the Registrant's *Travel Industry Act* trust account was overdrawn on several occasions. In its

November 6, 2000 letter, TICO asked the Registrant to provide customer deposit reconciliations for the months of September and October 2000 and its *Travel Industry Act* trust account bank statements for those periods to show that it was maintaining proper trust accounting. This information was to be submitted by November 22, 2000.

6. By January 8, 2001, the Registrant had failed to provide evidence that it had corrected its working capital and the requested trust account statements and reconciliations. On that date, the Registrar issued the Proposal to Revoke the Registrant's Registration.

EVENTS AFTER THE ISSUANCE OF THE PROPOSAL

7. On February 1, 2001, the Registrant provided TICO with a CIBC deposit slip showing a \$5,000.00 deposit to correct the Registrant's working capital shortfall.
8. On February 6, 2001, the Registrant provided TICO with copies of its trust account bank statements for the months of September and October 2000. The statements revealed that the trust account was overdrawn on several occasions. The Registrant has not provided a customer deposit reconciliation showing the customer obligations for that period, as TICO required it to do.
9. The Registrant has not yet filed its financial statements for its fiscal year-ended December 31, 2000, which were due by March 31, 2001. By letter dated April 10, 2001, TICO informed the Registrant that it must file its financial statements on or before April 30, 2001.

COMPLIANCE HISTORY

10. The Registrant has a history of late filing and working capital shortages as summarized in paragraphs 11 through 14.
11. The Registrant filed its financial statements for its fiscal year ended December 31, 1995, which were due by March 31, 1996, on June 25, 1996. TICO's review of these financial statements revealed a working capital shortfall of \$1,242.00. On July 9, 1996, the Registrant provided TICO with evidence of a shareholder injection of \$1,250.00 to correct the shortfall.
12. The Registrant filed its financial statements for its fiscal year ended December 31, 1996, which were due by March 31, 1997, on June 13, 1997. TICO's review of these financial statements revealed a working capital shortfall of \$10,737.00. On August 8, 1996, the Registrant provided TICO with evidence of a shareholder injection of \$11,000.00 to correct the shortfall.
13. By June 30, 1997, the Registrant had failed to file its financial statements for its fiscal year ended December 31, 1997, which were due by March 31, 1998. On that date, the Registrar issued a Proposal to Revoke the Registrant's registration. On August 14, 1998, the Registrant filed its financial statements. TICO's review of these financial statements revealed a working capital shortfall of \$12,119.00. On September 23, 1998, the Registrant provided TICO with evidence of a

shareholder injection of \$12,500.00 to correct the shortfall. On September 25, 1998, the Registrar withdrew the Proposal.

14. The Registrant filed its financial statements for its fiscal year ended December 31, 1998, which were due by March 31, 1999, on June 28, 1999. TICO's review of these financial statements revealed a working capital shortfall of \$11,386.00. On September 29, 1999, the Registrant provided TICO with evidence of a shareholder injection of \$11,450.00 to correct the shortfall.

15. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated January 8, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall maintain a properly designated "Travel Industry Act Trust Account" and comply with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time and as explained in the Travel Industry Council of Ontario Trust Accounting Guidelines, a copy of which is attached as Appendix "A";
 - (b) The Registrant shall not disburse or withdraw any money held in a trust account designated as a "Travel Industry Act Trust Account" pursuant to section 36 of the Regulation until payment is made to the supplier of the travel services for which the money was received, except to provide a refund to the customer from whom the money was received;
 - (c) The Registrant shall submit a monthly trust account reconciliation to the Registrar beginning with the month of March, 2001, no later than 30 days after the end of each calendar month, for so long as the Registrar shall so require;
 - (d) If the above-noted trust account reconciliations as filed according to paragraph (2)(l) are incomplete or reveal a customer deposit deficiency, the Registrant will have ten (10) days from the date of the notice of the deficiency to fully and completely address any deficiency and produce proof of the correction acceptable to the Registrar in his sole discretion. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail;
 - (e) The Registrant shall file complete financial statements as required by section 24 of the Regulation for its fiscal year ended December 31, 2000, no later than April 30, 2001;

- (f) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the deficiency, if any, shall be sent by registered mail to the Registrant. At all times thereafter, the Registrant shall maintain minimum working capital as required by section 25 of the Regulation or such subsequent provision as may be in force from time to time;
 - (g) The Registrant shall ensure that any shareholder or related party loans shall be repaid only at such time and in such amounts as will allow the Registrant to remain in compliance with working capital requirements of the Act and the Regulation;
 - (h) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending December 31, 2001, no later than March 31, 2002;
 - (i) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending December 31, 2002, no later than March 31, 2003;
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (i) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED at Mississauga this ____ day of April, 2001

JACOBS-EXHP

BRIAN JACOBS

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ALAN HOLBROOK,
Presiding member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

BRIAN JACOBS, Applicant
unrepresented

DATE OF HEARING: April 18, 2001

DECISION RELEASED: April 24, 2001

Hamilton

REASONS FOR DECISION

A hearing was held on April 18, 2001 at Hamilton, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Brian Jacobs (the “Applicant”)
Motor Vehicle: 1985 GMC S15, plate no. 7813HT (the “vehicle”)
Date of Appeal: March 22, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on April 18, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

PRELIMINARY ISSUES:

A request was made by Mr. Brian Jacobs (the Applicant) to submit additional evidence in the form of a letter from his Mother dated April 18, 2001, which also had on the same page a photocopy of a reminder of his next appointment with his Doctor. The Tribunal ruled to accept the documents as evidence and marked it as Exhibit 4 upon agreement by both parties.

Mr. Kyle Biel (representative for the respondent) indicated at this time he had additional evidence to present but would wait until his cross-examination to introduce it. The Tribunal asked the nature of the evidence and agreed that it could be submitted later with agreement from Mr. Jacobs.

The hearing then proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am having reconstructive shoulder surgery on March 21/01. I need my vehicle in order to get back and forth to my physiotherapy appointments to rehabilitate my left arm or it could result in the loss of my arm. If the procedure isn't done it could result in the loss of my arm anyway. Both my parents work, I live on my own in Welland, and I have no other way to get to my appointments. I am disabled and on disability which only pays enough to cover my bills and I have no money to pay for towing and impound which means I will lose my truck. Estimates from Peter and Paul Towing Company from Brantford are \$1000.00 or more for 45 days impound and towing. I would like to go back to College but I have to save money first which means I need a job. I can't work because of my injury so I need surgery and rehabilitation.

Thank-you for taking the time to read over my appeal.

Mr. Jacobs testified he had gone out for drinks and to play pool with Mr. James (Jay) Mitchell prior to having surgery on his shoulder March 21, 2001. Having consumed too much beer, to legally drive, he allowed Mr. Mitchell to drive his vehicle. Assuming he had a licence, Mr. Jacobs did not investigate or ask to see Mr. Mitchell's licence. On their way home, police stopped them and it was found that Mr. Mitchell's licence was under suspension and Mr. Jacobs's truck was impounded.

Mr. Jacobs testified he had injured his shoulder several years ago two or three times playing hockey and as a result had not been able to work in two years. Mr. Jacobs stated he has been undergoing treatment for four years for ligament and muscle damage and for a broken collarbone.

He attends school in Welland but not this year due to a lack of funds. He is presently living with his parents in Port Dover, Ontario.

He stated, he doubts he will be able to raise the money to pay the impound and towing fees associated with this impoundment.

Both his parents work and need their vehicles to get to their jobs. He is most concerned about getting to his physiotherapy treatments in Brantford.

Cross-Examination:

Under cross-examination by Mr. Biel, Mr. Jacobs stated he has one up coming appointment with his surgeon and physiotherapy to commence on April 19, 2001 in Brantford, Ontario. He is within walking distance of his family doctor in Port Dover. At this point, approximately 32 days of the 45 day impound have expired leaving 13 days.

Mr. Jacobs is not presently employed or attending school, nor had he been immediately prior to the Order to Impound.

His physiotherapy is scheduled to start, at the Brantford Hospital on April 19, 2001 and Mr. Jacobs stated there is neither taxi service nor bus service to Brantford.

He had not priced a rental car but felt it would not be an option because it would be too expensive for him. Financial assistance from his parents is not an option due to the seasonal nature of their employment.

Mr. Jacobs has made only casual inquiries of neighbours regarding riding with them to Brantford for his treatment.

At this point, Mr. Beil submitted, with the agreement of Mr. Jacobs, copies of registrations for three vehicles owned by Mr. Jacobs parents, one 1984 Honda motorcycle owned by his father, a 1993 Chrysler owned by his mother, and a 1986 Dodge van owned by his father (Exhibit 5 a, b, and c).

Mr. Jacobs stated he did not have a motorcycle licence nor could he ride with his medical condition and that his father needed the van to carry his tools for work.

Mr. Biel then suggested three scenarios to Mr. Jacobs for consideration;

1. That one of his parents drive him to Brantford for his therapy then go to work and then return to pick him up after work.
2. That his parents share a ride to their place of employment and lend a vehicle to Mr. Jacobs; or
3. That Mr. Jacobs speak to his Doctor to see if his treatments can be delayed for two weeks until the impoundment period has expired.

A fourth possibility was discussed during cross-examination. Mr. Jacobs stated he had been offered a job as a supervisor for a landscaping business, in Welland, but had not enquired as to whether a company vehicle would be supplied with the job.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner.
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Jay Mitchell;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;

4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Fail to Provide Blood or Breath Sample under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 6, 2002.

Collectively these documents were marked as Exhibit 3.

The respondent relied only on Exhibit 3, and Exhibit 5 a, b, and c, and cross-examination for their case.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

As to whether the impoundment will cause exceptional hardship to the Applicant, the evidence established that the Applicant had not examined all possible alternatives to the impounded motor vehicle, as required under section 55.1HTA. Reg 632/98 section 22(1). In fact, even if the Applicant had established that there was no alternative to the impounded motor vehicle, there was no evidence presented to suggest that there is a threat to Mr. Jacob's health, as set out in section 22.(1)(a). He did not establish that his physiotherapy had to start on April 19, 2001, or that delaying the start of treatment would compromise his chances of recovery. Accordingly, the Applicant has failed to meet the onus required of him to establish exceptional hardship as stipulated in section 50.2(3)(d) of the Act as circumscribed by section 22 of Ontario Regulation 574, as amended.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

FERN NEEDHAM, Applicant
unrepresented

DATE OF HEARING: April 20, 2001

DECISION RELEASED: April 24, 2001 Toronto

REASONS FOR DECISION

A hearing was held by teleconference on April 20, 2001, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Fern Needham (the "Applicant")
Motor Vehicle: 1985 Chevrolet C30, plate no. FW1325 (the "vehicle")
Date of Appeal: March 30, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on April 20, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal considered the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

March 27, 2001
V. Fern Needham
R.R. # 3 Ilderton ON
14078 9 Mile Rd.
N0M 2A0

Dear Sir or Madam

I am 75 years old. I need my truck to hand hay to my horses every day.
I remain,
Sincerely
Fern Needham

Dear Sir/Madame

My name is Greg Stilson. I am the person that was charged for driving Fern Needhams truck. I am sorry to say, that I lied to Mr. Needham about having a license. I showed her a false or should I say, an expired license.

I write this letter in hope's that my honesty will help her situation. It's the only vehicle she has on the road.

My sincerest
Apologies
Greg Stilson

At the hearing, under oath the Applicant simply stated that she believes she has been "*dealt with unfairly*".

During cross-examination, the Applicant testified that as the horses are not able to go to the hay, she now uses a wheelbarrow to take the hay to feed the horses. The Applicant attested that the horses would become sick unless fed, but that no horses have become sick due to the impoundment.

The Applicant admitted to having another vehicle but it needs to be towed to have a hose replaced. It would cost \$10.00 to replace the hose.

The Applicant confirmed that she has incurred no financial loss, and that if she were to require assistance, her neighbors would help.

In her closing remarks the Applicant commented that she "*wants her truck back as soon as possible*".

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Gregory B. Stilson;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until December 18, 2002.

The Respondent offered no evidence other than the documentation presented prior to the hearing.

In closing, the Respondent stated that the Applicant appealed on the “...*grounds of inconvenience and not financial loss*”. Respondent contended that the Applicant has an alternative vehicle and her health and safety are not in danger due to the impoundment. Further, the Applicant is aware that she can sue Mr. Stilson.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner’s right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver’s licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner’s motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The “owner” for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. “Owner” is defined as:

“Owner” means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) “owner” means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (g) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Tribunal may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant testified that she has an alternate vehicle and that she is able to feed her horses by using a wheelbarrow.

Thus, as the Applicant has alternate methods of transportation and as she manages to continue to carry on her responsibilities without the impounded vehicle, the Tribunal may not consider the provisions of 22.1 of Regulation 574.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of O. Reg. 632/98, Subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting. The Applicant denied having incurred any financial burden.

The Applicant has not satisfied the Tribunal that financial loss has been incurred or that extra expenses which could be considered hardship have occurred.

Is the loss upon a person ordinarily transported in the motor vehicle?

This clause is not applicable as there was no evidence that any person other than the Applicant was being transported by the vehicle. Therefore, the requirements under O. Reg. 632/98, Subsection 22(3)(c) are not met.

Is the loss upon a person other than the driver of the motor vehicle and not a result of that driver's loss?

O. Reg. 632/98, Subsection 22(3)(d)(i)(ii), amending Regulation 574 provides that this Tribunal may not consider economic loss unless the owner demonstrates that:

d) the impact of the loss,

- i) will be upon a person other than the person whose driving while his or her driver's license was under suspension resulted in the order to impound the motor vehicle and...
- ii) will not be a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d).

The Applicant meets the requirements of Subsection 22(3)(d)(i) as the loss of the impounded vehicle is upon a person other than the suspended driver. As the clause is cumulative, the Applicant is also required to meet the requirements of 22(3)(d)(i)(ii). There are no such losses, the Applicant, therefore, does not meet the criteria set out in 22(3)(d)(i)(ii).

After assessing the evidence presented, the Tribunal finds that the Applicant suffered no hardship.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **confirms** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: April 24, 2001

EBENEZER M. ASARE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: JOE HEWITT,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

EBENEZER M. ASARE, Applicant
unrepresented

DATE OF HEARING: April 19, 2001

DECISION RELEASED: April 25, 2001 Toronto

REASONS FOR DECISION

A hearing was held on April 19, 2001, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Ebenezer M. Asare (the "Applicant")
Motor Vehicle: 1995 GMC Safari, plate no. AAJV370 (the "vehicle")
Date of Appeal: March 30, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on April 19, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

The Applicant's written submission filed with the Tribunal in support of appeal states:

A friend of mine by name Paul Tekpenor had requested to use my van to transport his family and some belongings to their new apartment. Knowing that, Paul was a new immigrant and did not have an Ontario drivers Licence, I refused him access to driving my Van. At the time of the request, another friend who happened to be present opted to help in driving the van since I will be going to work at the time. I personally knew this friend and have seen his drivers License before.

I even requested him to show me his drivers License, which he did before I gave the keys to him. I had no clue to call the MTO to verify his license. At the time of the police pull over, Mr. Paul and his family were in the vehicle.

I have three young children and the impoundment is causing great hardship for my family and my work.

Applicant expressed to the Tribunal that he was appealing the impoundment of his motor vehicle on the grounds of exceptional hardship and due diligence.

DUE DILIGENCE

In the Applicant's oral evidence he stated that he was helping out his friend Paul, in moving to a new apartment. The Applicant knew that Paul only had a Cuban driver's licence and told him that he could not lend him his van because he did not have an Ontario driver's licence. Another friend of his, by the name of Bala Fatty was present and offered to drive Paul and his family to their new home. The Applicant had previously seen Bala drive and had also seen his licence in his wallet. The Applicant felt that it would be better that an experienced Ontario driver drives his vehicle than one with a Cuban driver's licence. The Applicant asked Bala Fatty if he did have a driver's licence, Bala Fatty in answer to which he said he did. The Applicant did not ask to see the driver's licence or inspect the driver's licence of Bala Fatty on the day of the vehicle's impoundment. The Applicant also testified that Bala Fatty does not own a vehicle and that Mr. Fatty did not know that his licence was under suspension.

EXCEPTIONAL HARDSHIP

The Applicant testified that the impoundment has caused great inconvenience to him and his family in that he works afternoon shifts in Rexdale and lives in Maple. He starts work at 4:00 p.m. and has to drop off his son at a baby sitter then take a cab to work at a cost of \$35.00. There are no buses to Maple at the end of his midnight shift, so he must rely on his wife to pick him up in her car. She has to wake up the children ages nine, seven and three, and bring them with her which is causing them to lose sleep. The loss of sleep is taking a toll on his wife and children.

The impoundment will result in him not keeping up with some current expenses and he may have to rely on credit cards to take him through this period. He has investigated other means of transportation and a rental car would be too expensive at about \$60.00 per day. On occasion he has made other arrangements to start work later so he can use his wife's car. The impounded van is not used in any commercial venture and is solely a family vehicle.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that Mr. Bala Fatty was driving the vehicle at the time it was detained;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Criminal Negligence Causing Bodily Harm under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 28, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;

- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

To succeed in this appeal, the Applicant must establish that he exercised due diligence to determine that Bala Fatty's driver's licence was not under suspension at the time of the vehicle's impoundment.

The Tribunal finds that Bala Fatty's driver's licence was under suspension and further finds that he was driving the Applicant's motor vehicle at the time of the impoundment.

Section 50.2(3)(c) of the Act requires that the Applicant exercise due diligence in attempting to determine that Bala Fatty's driver's licence was not suspended at the time of the impoundment of the applicant's motor vehicle.

The evidence establishes that the Applicant made no inquiries with respect to the status of Bala Fatty's driver's licence, prior to the impoundment. His failure to do so indicates he did not exercise due diligence as required by section 50.2(3)(c) of the Act.

The Tribunal therefore finds that the Applicant, having made no inquiries as to the status of Bala Fatty's driver's licence, has failed to establish that he exercised due diligence as required by subsection 50.2(3)(c) of the Act.

The Applicant has also appealed on the grounds of exceptional hardship. Section 22 of Regulation 574, R.R.O. 1990, as amended by Regulation 632/98 sets out what the Tribunal shall consider in dealing with exceptional hardship.

Based on the evidence, the Applicant has not satisfied the Tribunal that he will suffer exceptional hardship pursuant to the impoundment. He may suffer inconvenience but not exceptional hardship. He has also not satisfied the Tribunal that there is no alternative available to him to the impounded vehicle and has not proven that there is a threat to the health and safety of persons, such as his family, as a result of the impoundment. Furthermore, the Applicant has not proven that the impoundment will result in a loss which will be immediate, lasting and significant. Finally, nothing has been placed before the Tribunal to satisfy it that every reasonable option has been considered and required into so as to investigate the loss.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Joe Hewitt, Presiding Member

RELEASED: April 25, 2001

GUIDO VANDEKERCKHOVE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

OSWALD W. STAHL, Counsel for Applicant

DATE OF HEARING: April 20, 2001

DECISION RELEASED: April 25, 2001 Toronto

REASONS FOR DECISION

A written hearing was held on April 20, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Guido Vandekerckhove (the "Applicant")
Motor Vehicle:	1994 International 40S, plate no. 3202H0 (the "vehicle")
Date of Appeal:	March 29, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on April 20, 2001 and proceeded as a written hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal considered the evidence presented in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

IN THE MATTER OF A
NOTICE OF APPEAL
FOR A MOTOR VEHICLE IMPOUNDMENT

I GUIDO, VANDEKERCKHOVE, of Norfolk County, MAKE OATH AND SAY AS FOLLOWS:

1. I am the owner of a vehicle bearing Plate No. 3202H0, being an International 405.
2. The said vehicle was leased to Norfolk Fruit Growers' Association by myself.
3. Pursuant to the said Lease Agreement, Norfolk Fruit Growers' Association was to provide a driver for the vehicle.
4. The said Norfolk Fruit Growers' Association hired Don Marinuk of the Town of Simcoe to be the driver of the vehicle.
5. Pursuant to an Agreement between the Norfolk Fruit Growers' Association and Don Marinuk, Don Marinuk covenanted and agreed to carry out his duties in a conscientious manner and said that he had a valid D Drivers Licence.
6. Attached hereto and marked as Exhibit "A" is a copy of a Contract of Services between Don Marinuk and Norfolk Fruit Growers' Association. Clause 2(a) refers to his having a valid D Drivers Licence.
7. I relied on this Contract of Services, in particular Clause 2(a) in allowing Don Marinuk to drive the vehicle.
8. I am informed, and do verily believe, that the vehicle was impounded on March 12, 2001 with Impounding Order No. 1510511.
9. I am informed, and do verily believe that Donald P. Marinuk, the driver, did not possess a valid D Drivers Licence.
10. This came as a complete surprise to me, and it appears to be in contravention of the Contract of Services, as attached hereto.
11. I make this Appeal stating that I honestly relied on the Contract of Services as proof that Donald Marinuk had a valid D Driver Licence.
12. I make this Affidavit in support of a request for a written Hearing and the consent of the Registrar and the Ministry of Transport to do so.
13. This Affidavit is made in an Appeal of an Impounding Order, and for no improper purpose.

Swore before me at Norfolk County,
This 27th day of March, 2001.

A Commissioner, etc.

This is Exhibit "A" referred to in the Affidavit of Guido Vandekerckhove, sworn before me at Norfolk County, this 27th day of March, 2001.

A Commissioner, etc.

CONTRACT OF SERVICES

THIS AGREEMENT made in duplicate the 25th day of September, 2000

BETWEEN: THE NORFOLK FRUIT GROWERS' ASSOCIATION
hereinafter referred to as "NORFOLK"

OF THE FIRST PART;

-and- DON MARINUK
of Simcoe, in the Regional Municipality of Haldimand Norfolk
hereinafter referred to as "Don Marinuk"

OF THE SECOND PART;

WHEREAS Norfolk sell apples, (hereinafter called "PRODUCT") both retail and wholesale;

AND WHEREAS Norfolk has acquired a delivery truck;

AND WHEREAS Don Marinuk has agreed to deliver product for Norfolk:

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the mutual covenants herein contained, the parties hereto covenant and agree as follows:

1. NORFOLK COVENANTS AND AGREES:
 - (a) to pay Don Marinuk \$11.00 per hour for his services rendered under the within agreement.
2. Don Marinuk COVENANTS AND AGREES:
 - (a) that he has a valid D driver's license;
 - (b) that he will be available for delivered to any location, at any time, for all hours required, at the standard hourly rate.
 - (c) that, as an official Norfolk contact, Don Marinuk will conduct himself in the best interests of Norfolk at all times and encourage additional business where possible;
 - (d) acknowledges that he is not an agent of Norfolk;
 - (e) not to assign the within agreement without the consent, in writing, of Norfolk.
3. THE PARTIES HERETO COVENANT AND AGREE:
 - (a) that this agreement may be terminated and cancelled on fifteen (15) days notice, in writing, delivered to the other party, it being understood

that such notice must be in writing and sent by registered mail, in the case of Norfolk, to:

The Norfolk Fruit Growers' Association
P.O. Box 279
Simcoe, Ontario
N3Y 4L1
and in the case of Don Marinuk, to:

86 Pond St.
Simcoe, ON N3Y 2T6
Phone No. (519)42805691

- (b) that there are no representations or collateral arrangements between the parties hereto, save as stated in writing and;

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Donald P. Marinuk;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;

4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until June 10, 2004.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: **A.** adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

There is only one issue to be considered in this appeal and is dealt with hereunder.

The Tribunal finds that Donald P. Marinuk's driver's licence was under suspension at the time of the impoundment and that he was driving the Applicant's vehicle at that time. The grounds of appeal under Section 50.2(3)(c) of the Act require that the Applicant show the Tribunal that he exercised due diligence in attempting to determine that Mr. Marinuk's driver's licence was not suspended at the time of the impoundment of the Applicant's vehicle.

The evidence submitted by the Applicant has indicated that he relied on Norkfolk Fruit Grower's Association to verify that Mr. Marinuk's driver's licence was not at the time the order was made, under suspension. This is insufficient in demonstrating due diligence on the part of the owner of the vehicle, Mr. Vandekerckhove.

Mr. Vandekerckhove makes no reference in his submissions that he, as owner made any attempt or inquiries to verify that Mr. Marinuk's driver's licence was not then under suspension as required by the Act.

The Tribunal finds that the Applicant has failed to establish that he exercised due diligence as required by the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF
HEARING: April 17, 2001 Windsor

DECISION
RELEASED: April 18, 2001

REASONS FOR DECISION

A hearing was held on April 17, 2001, at Windsor, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on April 18, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO SET ASIDE the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that her appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway*

Traffic Act was dated March 22, 2001, and was received by the Tribunal on March 30, 2001 together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

Prior to the commencement of the hearing, the Representative of the Ministry requested a thirty minute adjournment, in order to contact the Ministry's witness, Police Officer # 1.

Adjournment granted.

The Representative of the Ministry provided the Tribunal with certified copies of Ministry of Transportation documents on file, as well as a "*Will Say Statement*" taken "04MAR01" from Police Officer # 1.

The Applicant admitted to having knowledge of the contents of the "*Will Say Statement*", and had no objection to said document being entered as an exhibit.

All documents were entered on consent.

The Applicant stated for the record that she would be appearing without counsel, as she was advised that she had complied with all the requirements.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar dated February 21, 2001.
- b) Exhibit # 2 Notice of Appeal Form received at the Tribunal March 30, 2001.
- c) Exhibit # 5 ECG test results from Four Counties Health Services – received April 17, 2001.

By the Respondent:

- a) Exhibit # 3 Ministry of Transportation submissions – received April 11, 2001.
- b) Exhibit # 4 Will say/statement from Police Officer # 1, taken March 4, 2001 - received April 17, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The Board may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1), (2) and (3) requires that a medical report must contain:

15. (1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Board from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant's Driver's Licence was suspended "*February 21, 2001*" as per Notice of Appeal. (Exhibit #2)

Page 2 of Notice of Appeal, is dated March 14, 2001, and is signed by Physician # 1, who has been the Applicant's physician for "*6 years and 6 months*".

A typewritten note sets out the handwritten information on the Notice of Appeal and describes the Applicant's diagnosis as "*...acute chest wall injury; chronic pain; history of fibromyalgia...*".

Physician # 1 construes that "*It is indeed possible that the combination of chronic fibromyalgia and the acute chest discomfort contributed to impaired chest wall motion and inadequate deep inspiration/expiration.*"

A physical examination of the Applicant revealed "*chest wall strain*". The Applicant's visits to the physician occurred on "*November 10, 2000; February 2, 2001, March 9, 2001*".

The Respondent provided the following Documents:

- * Certified Copy of Notice to the Registrar, sealed April 4, 2001.
- * Certified Copy of Driving Record of the Applicant, sealed April 4, 2001.
- * Copy of Vehicle Search from Occurrence date, sealed April 5, 2001.
- * Medical report of Physician # 2, Neurologist, dated January 15, 1998.
- * Medical report of Physician # 3, dated April 10. 2001.

The Applicant's driving record since 1982 indicates that the Applicant's licence was previously suspended on 98 /04/16 for medical reasons and reinstated on 98/04/29.

In a report dated January 15, 1998, Physician # 2 describes the symptoms of fibromyalgia as "*...generalized and localized pain ...may involve trunk, hip ...low back pain ...legs ...arms ...neck...*" and comments "*Patients with a diagnosis of fibromyalgia ...seldom if ever, have respiratory problems or shortness of breath...*"

In a report dated April 10, 2001, Physician # 3, FRCP (C) a consultant in respiratory medicine with the Rosedale Medical Centre, and in practice since 1982, asserts that she has "*...lengthy experience with performance and interpretation of pulmonary function tests ...Assistant Professor at the University of Toronto ...know the background*"

evaluation of instrumentation such as Intoxilyzer 5000 cc and also Alcotest ...aware of breath sampling criteria required to provide acceptable information using the above instrumentation."

After reviewing the information provided in this case, Physician # 3 concludes that *"...inability ...to provide a breath sample is secondary to voluntary lack of effort rather than physical limitation."*

At the hearing, the Applicant testified both in examination in chief and in cross-examination, that she tried to provide a breath sample but was unable to do so, due to her medical condition at the time. The Applicant has been diagnosed with *"acute chest wall injury"* which she was told occurred on the night in question. She is still under investigation to determine what is wrong.

The Applicant attested to the fact that she was *"a nervous wreck and very scared"*. She fainted while in custody and was given baby aspirin by the paramedics. At this time the Applicant felt she just wanted to go home.

The Applicant further testified that her chest pain intensified and that she fainted a second time, after arriving home. This time she was taken to hospital by ambulance. The Applicant confirmed that she has the bills for the ambulance and her physician has the hospital's report, but neither was aware that this information would be required at the hearing.

At this time, a short recess was granted, to afford the Applicant the opportunity to obtain proof of her hospital visit, from her doctor. The Applicant was able to produce an ECG from the Four Counties Health Centre, indicating that she was examined at 04:45:16 on February 21, 2001.

The Respondent had no witnesses. In closing, the Respondent argued that there was no medical reason as to why the Applicant failed to provide a breath sample. The Respondent contends that the Applicant simply was not motivated.

The Respondent further asserts that Physician # 1's report is flawed in that it fails to state the fact that the Applicant was taken to hospital, and more importantly fails to provide insight as to how the Applicant's medical condition could have contributed to her failure to provide a breath a sample.

The Respondent alluded to Physician # 1's use of the word *"possible"* to dismiss Dr. Mawji's statement in the Notice of Appeal as a *"guess"*.

APPLICATION OF THE LAW TO FACTS:

The issues are, how does the medical condition of the Applicant relate to Section 50.1 (2) (b), and did this medical condition cause the Applicant to fail or not comply with the breath demand? Pursuant to Section 13 of Regulation 574 (Amended), the onus is on the Applicant to provide the Tribunal with a medical reason as to why a breath sample could not be provided.

The Respondent proffered no first hand evidence from the officer involved, as to the Applicant's demeanor on the night in question. The Tribunal notes that Police Officer # 1's "Will Say Statement" is neither signed nor sworn. Thus, the entirety of the Respondent's evidence is based on the medical information available.

The Respondent suggested that the Tribunal consider Physician # 2's report over Physician # 1's "guess".

With all due respect to Physician # 3's credentials as an expert in the field, the Tribunal notes that not only, did Physician # 3 not observe the Applicant directly, but was also provided with limited information with which to form an opinion. Yet, while the Tribunal agrees with the Respondent that Physician # 1's report is not detailed as to all the events that occurred that evening, the Tribunal disagrees as to the weight of Physician # 1's statement in the Notice of Appeal: *"It is indeed possible that the combination of chronic fibromyalgia and the acute chest discomfort contributed to impaired chest wall motion and inadequate deep inspiration/expiration."* (Exhibit 2)

The Tribunal acknowledges Physician # 2's report of January 15, 1998, which notes that *"Patients with a diagnosis of fibromyalgia ...seldom if ever, have respiratory problems or shortness of breath..."*. However, according to Physician # 1 *"the acute chest discomfort"* was a contributing factor to the Applicant's inability to provide a breath sample. Further, the Tribunal recognizes the possibility of momentary disorientation during episodes of anxiety or chest discomfort. It is evident that the Applicant suffered such pain, as she was eventually taken to hospital and medicated.

Based on the evidence before the Tribunal, and on a balance of probabilities, the Tribunal finds that the Applicant meets the criteria of Section 50.1(2)(b), in that she was able to demonstrate that she suffers from a medical condition which would prevent her from providing a breath sample.

The Tribunal finds that there is sufficient medical reasons as to why the Applicant was unable to comply with the request to provide breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated February 21, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal orders the suspension be set aside.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ALAN HOLBROOK,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
KIM GROSSKURTH,
Representatives for the Registrar of Motor Vehicles

No one appearing for the Applicant

DATE OF HEARING: April 26, 2001

DECISION RELEASED: April 27, 2001 Hamilton

REASONS FOR DECISION

A hearing was held on April 26, 2001, at Hamilton, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Michelle Lickers (the "Applicant")
Motor Vehicle:	1999 Chevrolet Astro Van, plate no. AEXM 133 (the "vehicle")
Date of Appeal:	April 9, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on April 26, 2001 and proceeded as an oral hearing.

The Applicant was not in attendance at 10:00 a.m. at the commencement of this hearing. The matter stood down until 11:00 a.m. by which time the Applicant was still not in attendance. No communication had been received from the Applicant as to the reason for her non attendance.

The Tribunal asked the Respondent's Agent if she wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Loss of vehicle will result in exceptional hardship.

- I will possibly have to take time off work as I work until 1am and it is extremely difficult to find a ride at that time, as the mother of 4 young children (4 weeks-4yrs) this will result in extreme financial hardship.
- will have to withdraw my 4yr old son from school as this is his main source of transportation getting there.
- none of these losses affect the suspended driver

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record of the proceedings were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner.
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Gary W. Silversmith;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until July 23, 2006.

The Respondent relied solely on written documentation.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;

- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The issue to be considered is whether the impoundment of the vehicle will result in exceptional hardship.

The Tribunal finds that the Applicant is the owner of the impounded motor vehicle and that that vehicle at the time of its impoundment was driven by Gary W. Silversmith whose driver's licence was then under suspension.

The onus of proof is upon the Applicant to prove that she will suffer exceptional hardship as a result of the impoundment of the Applicant's motor vehicle.

Section 22(1) of Regulation 574 R.R.O. 1990 as amended by Regulation 632/98 states that the Tribunal shall consider in determining if there has been exceptional hardship, whether no alternative to the impounded vehicle is available. In Applicant's "owner's position on appeal" no mention whatsoever is made by her of what options or alternatives have been considered by her and enquired into. In fact no where in her supporting documents does she refer to or deal with alternate reasonable options having been inquired into or considered.

She has not shown the Tribunal that she is faced with exceptional hardship nor has she demonstrated any efforts having been made by her to consider alternatives to the impounded motor vehicle as is required of her by section 22(4) of Regulation 574 as amended.

The Applicant may be inconvenienced by the impoundment of her motor vehicle but the Tribunal may not consider inconvenience in determining exceptional hardship by virtue of section 22(2) of the aforesaid Regulation.

The Tribunal accordingly finds the Applicant has not established exceptional hardship.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Alan Holbrook, Presiding Member

RELEASED: April 27, 2001

MED - 534

Appeal under Section 50(1) of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROY MELVIN, M.D., Presiding Member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

Applicant,
by written submissions only

DATE OF
HEARING: April 27, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the Highway Traffic Act (Ontario).

FACTS:

The Applicant, age 41 received his drivers licence in January 1977 at age 17. His first infraction for impaired driving was November 6, 1977 and again on August 2, 1978, May 6, 1989, September 7, 1989, May 27, 1993 and June 14, 1997.

In 1996 his licence was suspended. He was requested to submit a medical report detailing his use of alcohol pending reinstatement. A report by Physician # 1 was submitted on January 29, 1997 indicating "no signs of alcohol abuse". On February 7, 1997 the Ministry of Transportation advised the Applicant that a notice of reinstatement will be mailed provided he comply with the requirements of the Defaulted Fines Control Centre and that a further medical report would be required in January 1998.

Despite the favourable report from Physician # 1 and reinstatement of his licence, he lapsed into drinking while driving and incurred a court conviction on April 1, 1998 which sentenced him to 21 days in jail and a suspension of his drivers licence for two years.

On June 18, 1998, he was charged again with failure to stop at an intersection. This occurred apparently while his drivers licence was already suspended.

His suspension was registered again on November 3, 1998 for unpaid fines. Apparently he paid these fines in June 2000 and was under the mistaken impression that his licence would automatically be reinstated. Nowhere does the Ministry of Transportation state this in writing. The letter of June 23, 2000 notifies the Applicant that he is required to file an assessment from his physician or a physician specializing in addiction medicine regarding his consumption of alcohol. Thereafter he saw Physician # 2 and addiction specialist on August 29, 2000 who filled out the Alcohol Assessment Form and ordered lab tests. He recommended Abstinence and or relapse prevention program to monitor his progress and document his period of abstinence. This he failed or refused to do, resulting in the Ministry of Transportation notice of October 10, 2000 - maintaining his suspension.

The positive laboratory findings of August 24, 2000 indicating consumption of babiluates benzodiazepines and opiates require clarification. These may be due to prescribed drugs for the treatment of his ongoing shoulder and back disability but dosage and side effects should be monitored as to the effect on his ability to drive safely.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (h) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Under section 47 of the Act, the Registrar may suspend the Applicant's driver's licence for sufficient reasons. Section 14(b) of Regulation 340/94 indicates that driver must not be addicted to alcohol to an extent to drive a motor vehicle safely.

The Applicant has a twelve-year history of convictions for impaired driving.

Physician # 2, an addiction specialist recommended a course of therapy which was not followed. We have only the Applicant's statement that he has not been drinking since January 1999.

The Physicians Guide to determine medical fitness to drive. (6th edition - Canadian Medical Association 2000) Section 3.3 recommends that patients with alcohol dependence must complete a recognized rehabilitation program for substance abuse and remain alcohol free for 12 months before recommencing driving. This period may be reduced under specific controlled programs.

The Tribunal finds on the evidence that the Applicant is addicted to alcohol to an extent to significantly affect his ability to drive a motor vehicle.

DECISION:

Upon the application by the Applicant to appeal the decision dated October 10, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

Roy Melvin, M.D., Presiding Member

RELEASED: April 30, 2001

Appeal under section 50.(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Minister pursuant to section 32(12)(b)(i) of that Act.

TO CHANGE THE CLASS OR CLASSES OF MOTOR VEHICLE IN RESPECT OF WHICH THE LICENCE WAS ISSUED

TRIBUNAL: ROBERT M. EHRLICH, M.D., Presiding Member

APPEARANCES: KYLE M. BIEL, Respondent
Representative for the Minister

Applicant,
unrepresented

DATE OF HEARING: April 24, 2001 Toronto

DECISION AND REASONS

A hearing was held on April 24, 2001 at Toronto, Ontario by way of an oral hearing to consider the Applicant's appeal pursuant to Section 50.(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H. 8 amended ("HTA"). The Tribunal makes the following Order, with Reasons to follow:

THE TRIBUNAL CONFIRMS the decision of the Minister pursuant to Section 50.(2) of the HTA.

LICENCE APPEAL TRIBUNAL

Robert M. Ehrlich, M.D.,
Presiding Member

RELEASED: April 25, 2001

Appeal under section 50(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Minister pursuant to section 32(12)(b)(i) of that Act.

TO CHANGE THE CLASS OR CLASSES OF MOTOR VEHICLE IN RESPECT OF WHICH THE LICENCE WAS ISSUED

TRIBUNAL: ROBERT EHRLICH, M.D., Presiding Member

APPEARANCES: KYLE M. BIEL, Respondent
Representative for the Minister

Applicant,
unrepresented

DATE OF HEARING: April 24, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act* (Ontario).

EXHIBITS

By Applicant:

- # 1 Notice of Appeal dated March 8, 2001.
- # 2 Letter from Physician # 1 dated March 14, 2001.

By Respondent:

- # 3 Ministry of Transportation SubmissionsTabs1-6 dated April 11, 2001.

PRELIMINARY MATTERS:

The Respondent submitted a file summary containing the itemized list, as well as a copy of the *Highway Traffic Act* and National Safety Code for Motor Carriers items 3.2 to 3.9.

FACTS:

The Applicant is appealing the downgrading of his licence from a Class B to Class G. because of medical letters from Physician # 2 (November 8, 2000) and Physician #1 (December 12, 2000). Physician # 2 indicated that the Applicant has Atrial Fibrillation which is controlled on medication.(Tab 1, Exhibit 3) Physician # 1 stated that the Applicant has had Atrial Fibrillation for 8 years which is currently asymptomatic. An echocardiogram detected Grade 3 left ventricular dysfunction and moderate mitral regurgitation. (Tab 3A, Exhibit 3) Based on this the Applicant's licence was downgraded from a B to a G on November 22, 2000. The medical Review Committee of the MTO upheld this downgrade on February 6, 2001. (Tab 5, Exhibit 3) Dr. Fenech wrote on March 14, 2001 that it was too early to reassess the Applicant. (Exhibit 2) The Applicant has worked for Mississauga Transit as a relief bus driver for 25 years. He has never had an accident. (Tab 6, Exhibit 3) He claims to be able ride a bicycle for 26 kms without any distress. He denies chest pain on exertion or shortness of breath at rest or on exertion. He is on 4 medications: Lanoxin, Atenol, Altase and Coumidin. In closing, the respondent indicated that the Ministry of Transportation's last medical letter was December 12, 2000 but would reconsider his status if they received further medical information.

ISSUES:

Should the decision of the Minister to change the class or class of motor vehicles in respect of which the licence is issued in accordance with the result of the examination be varied, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

- 17. (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
 - (a) has no history or clinical diagnosis of diabetes that requires insulin for control;

- (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the applicable class safely;
 - (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class;
 - (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
- (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure, qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.
- (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full recovery and there is no established history of a second occurrence of myocardial infarction, thrombosis or recurring angina pectoris.
- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.
18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,

- (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
- (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
 - (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

- (1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 17.(1)(d) of Regulation 340/94 states a history of arrhythmia disqualifies a person from holding a Class A to F licence. Section 17.(2) indicates that if a person may hold such a licence " if he or she demonstrates the ability to drive a motor vehicle in the applicable class as safely as any person who meets these qualifications". The Applicant has had Atrial Fibrillation since 1992 and has operated a bus safely without any accidents. (Tab 6, Exhibit 3) Section 3.4 of the National Safety Code for Motor Carriers gives the levels of left ventricular function acceptable to hold a Class A-F licence. The Applicant has Class 3 ventricular dysfunction as stated by Physician # 1 (Tab3A, Exhibit #3). This clearly is below the acceptable standard. Physician # 1 has not re-evaluated the Applicant's ventricular function as stated in the letter of March 14, 2000 (Exhibit #2).

DECISION:

Upon the application by the Applicant to appeal the decision dated November 22, 2000 of the Minister ("Respondent") to change the class or classes of motor vehicle in respect of which the licence was issued pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50.(2) of the Act that the decision of the Registrar be confirmed pending further medical evidence that his ventricular function has improved.

LICENCE APPEAL TRIBUNAL

G. Kent McClure, Q.C.
Chair

RELEASED: April 20, 2001

RONALD A. DESROCHES

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: CHARLES J. SANDIFORD,
Presiding member

APPEARANCES: BRIGITTE HAMMOND
Representative for the Registrar of Motor Vehicles

RONALD A. DESROCHES, Applicant
unrepresented

DATE OF HEARING: April 24, 2001

DECISION RELEASED: May 1, 2001 Toronto

REASONS FOR DECISION

A hearing was held by teleconference on April 24, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Ronald A. Desroches (the "Applicant")
Motor Vehicle: 1988 Plymouth VOF, plate no. AJWB944 (the "vehicle")
Date of Appeal: April 5, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on April 24, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals which were entered into evidence as Exhibit # 3. These documents were submitted with consent of all parties.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

OWNER IS HANDICAPPED (BAD LEGS) HAS DIABETES, IS UNABLE TO WALK FAR.
RELIES ON VAN TO GET TO DOCTORS AND HOSPITAL FOR APPOINTMENTS,

LIVES IN COUNTRY. THE VAN IS THE ONLY MEANS OF GETTING AROUND WHEN NEEDED.

The Applicant testified that while he was asleep the landlord's son took his van in order to get urgently needed medication for his friend. He stated that the police stopped his van as it was similar to a wanted vehicle sought by police. A standard check on the driver's licence revealed the driver was under suspension for "failing to remain", and as a result the Applicant's vehicle was immediately impounded.

He stated permission was neither asked nor given for the use of his vehicle, and he knew Richard Dean's licence was in trouble.

The Applicant's health requires him to make frequent medical visits into town. He testified that because of his rural address he needs his car to attend to his Doctor's office and other essential needs such as groceries. He spoke of the high costs of taxis and of his inability to find other means of travel. He is very concerned in the event he needs emergency health care for his suspected heart condition.

The seventy year old Applicant has a very limited income and cannot afford to replace his vehicle or rent a car.

Joan Dean, his landlord, and the mother of Richard Dean, the suspended driver, testified in support of the Applicant, but added no other evidence.

Neither witness testified why the impoundment took place at 0130 hours or where the driver expected to get medication so late at night for the friend.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Richard J. H. Dean;

Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;

Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Fail To Remain At Accident under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 4, 2001.

It was determined by the Registrar during the examination of the Applicant that although several community agencies provide transportation for those in need at a very nominal

cost, none of these options had been investigated by the Applicant. It was also learned that a second party in the impounded vehicle who was qualified to drive, road as a passenger. No explanation was offered except that he was asleep.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
 - (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from consideration of any other factors not arising from or directly related to the impoundment itself.

Section 22(3)(d) of Regulation 632/98 precludes the Tribunal considering the impact of any loss as a result of the impoundment that may be on the person who was driving the vehicle at the time impoundment while their driver's licence was under suspension. In this case it was the landlord's son whose licence was already under suspension and not the Applicant.

In order for the Applicant's claim to be considered under Section 22(2)(b), (c), and (d), he must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been explored for an alternative vehicle. Also, the evidence does not establish that the impoundment results in a threat to the health or safety of any person normally transported in the motor vehicle, as referred to in section 22(1)(a) of Regulation 574, amended.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable option has been explored and inquired into under section 22(4) of the Regulation. In fact the evidence indicates a number of options remain to be considered as the Registrar suggested and that section 22(3) has not been met.

Therefore, the Tribunal finds that the Applicant has failed to meet the onus of proof under Section 22(2) of the Regulation and is therefore precluded from consideration of the Applicant's claim of exceptional hardship under Section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Charles J. Sandiford
Presiding Member

RELEASED: May 1, 2001

C.C. CONTRACTING INC. O/A 1400598 ONTARIO LTD.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: NORMAN MEALING,
Presiding member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

C.C. CONTRACTING INC. O/A 1400598 ONTARIO LTD., Applicant

CHRIS COLUCCI, Agent for Applicant

DATE OF HEARING: April 30, 2001

DECISION RELEASED: May 2, 2001 Toronto

REASONS FOR DECISION

A hearing was held on April 30, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: C.C. Contracting Inc. o/a 1400598 Ontario Ltd. (the "Applicant")
Motor Vehicle: 1997 Ford COF, plate no. 194 1JB (the "vehicle")
Date of Appeal: April 10, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on April 30, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Driver Licence was Suspendent

The Applicant stated that Mr. Borley had worked for C.C. Contracting, Inc. for "about two and a half years", and, at the time of Mr. Borley's employment, a Driver's Abstract had been obtained that indicated Mr. Borley was in possession of a valid driver's licence. The Applicant did not provide written evidence in support of this statement.

The Applicant further stated that, on the day the impoundment took place, Mr. Borley was driving the vehicle in place of another employee. He also stated that this was an exceptional situation in that Mr. Borley was not required to drive on a regular basis in the course of performing his job. The Applicant indicated that, on the day in question, he did not confirm that Mr. Borley possessed a valid driver's licence.

The Applicant also indicated, during the course of his statement, that the truck impounded was equipped with special fuel tanks, a tool chest, and specialised electrical equipment, and that it served a particular purpose in servicing C.C. Contracting, Inc. job sites at the airport, and in Woodbridge and Whitby. He also indicated that the cost of replacing the impounded truck would affect the profitability of the company, and that the company could not afford to rent a replacement truck. The Applicant provided no documentation to this effect.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. John D. Borley;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Fail to Provide Breath or Blood Sample under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until December 1, 2002.

At the hearing, the Agent for the Registrar, with the consent of the Applicant, introduced documentation which showed that C.C. Contracting, Inc. had at its disposal three leased trucks, including the truck which was impounded.

The Agent for the Registrar questioned the Applicant concerning the driver abstract obtained for Mr. Borley at the time of his employment with C.C. Contracting Inc., and, in particular, his statement that “nothing appeared” on Mr. Borley’s record. The Agent pointed out that, given Mr. Borley’s driving record, the Applicant should have noticed previous convictions and suspensions dating from 1997. The Agent also confirmed that the Applicant had not checked the status of Mr. Borley’s driver’s licence on the day of the impoundment.

The Agent for the Registrar also questioned the Applicant on the impacts on C.C. Contracting Inc. as a result of the impoundment. His questioning established that C.C. Contracting Inc. continues to work at jobs at the airport, and in Woodbridge and Whitby, that no contracts had been lost, and no layoffs had occurred. He also questioned the Applicant concerning alternatives to replace the impounded truck, and, in response, the Applicant indicated that the specialized equipment referred to in his testimony had been removed from the impounded truck and placed in one of the other trucks. The Applicant also indicated that he had explored renting a replacement truck, but that it was too costly. He did not, however, recall the exact cost, nor did he have any documentation to support this statement.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner’s right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver’s licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,

- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant appealed the impound order on the grounds of due diligence and exceptional hardship. The onus, therefore, is on the Applicant to demonstrate that either condition exists.

With respect to due diligence, the law requires that the owner exercised all reasonable efforts to determine that Mr. Borley's driver's licence was not suspended. The evidence indicates that the Applicant stated that he had obtained a driver's abstract for Mr. Borley at the time of his employment "about two and a half years ago", and that, at that time, Mr. Borley held a valid driver's licence. However, Mr. Borley's driving record indicates that his licence was suspended from July 18, 1997 to July 18, 1998 or roughly at the time of his employment with C.C. Contracting Inc. The Applicant's failure to provide an exact date for Mr. Borley's employment, and his statement that the abstract showed a clean record raises doubts as to the veracity of this claim. Moreover, the Applicant stated that Mr. Borley did not regularly drive as part of his employment, but, rather, worked closely with the applicant. It is not unreasonable to conclude that, depending upon the nature of the working relationship, that the Applicant might have been aware of Mr. Borley's most recent suspension which occurred on December 21, 1999. The Applicant also testified that, at the time Mr. Borley was asked to drive the impounded truck, he did not request that Mr. Borley show him his driver's licence.

In light of the evidence, therefore, the Tribunal finds that the Applicant has failed to demonstrate that he exercised due diligence, i.e. all reasonable efforts, to determine that Mr. Borley's driver's licence was not suspended.

With respect to exceptional hardship, Section 22 of Regulation 632/98 is very specific in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

The evidence indicates that the Applicant has been inconvenienced due to the impoundment. However, other alternatives to the impounded truck are available to the Applicant including the use of two other trucks leased to C.C. Contracting Inc. There is no evidence of there being a health or safety issue as a result of the impoundment.

There is also no evidence of immediate or significant economic impact given that the company continues to work, no contracts have been lost, and no layoffs have occurred.

Therefore, the Tribunal finds that the Applicant has failed to demonstrate that C.C. Contracting Inc. has suffered exceptional hardship as a result of the vehicle impoundment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Norman Mealing, Presiding Member

RELEASED: May 2, 2001

POLSINELLI

VINCENZO POLSINELLI

APPEAL FROM A DECISION OF THE BOARD OF
DIRECTORS OF THE TRAVEL INDUSTRY COUNCIL
OF ONTARIO

TO DISALLOW A CLAIM

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES: STEVE POLSINELLI, Agent, representing the Applicant
TREVOR BRANION, Counsel, representing the Travel Industry
Council of Ontario

DATES OF
HEARING: April 5, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a written decision dated November 7, 2000 of the Board of Directors of the Travel Industry Council of Ontario (the "TICO") to deny the Applicant's claim for reimbursement in the amount of \$379.00 from the Compensation Fund established under section 45(1) of the Ontario Regulation 806/93 (the "Fund").

Vincenzo Polsinelli (the "Applicant") bases his claim on the provisions of Section 50(1) of Regulation 806/93 (the "Regulation") made under the *Travel Industry Act* (the "Act").

THE EVIDENCE:

Evidence was both oral and documentary. Oral testimony was given by the Applicant, Vincenzo Polsinelli, and his wife Rose Polsinelli. The Applicant stated that when he tried to purchase a one-way airline ticket home from Mexico, the agent in Mexico told him that he had to buy a regular ticket and could not buy a *charter* ticket as he had come to the country by car. The Applicant stated that he did not know it was illegal to leave the country on a *charter* flight if he had not arrived by a *charter* flight.

The Applicant testified that prior to his leaving Canada, Anna the travel agent at Richmond Hill Travel had told him that if he needed a ticket to call her. Accordingly, when he could not get a ticket in Mexico, he called his wife and instructed her to buy a ticket from Anna at Richmond Hill Travel. He did not tell his wife about the problem with a *charter* ticket, and his wife purchased a *charter* ticket at Richmond Hill Travel.

When the Applicant tried to pick up the ticket in Mexico, he was advised that he could not use it, and he never received the ticket. In order to fly back to Canada, he had to buy a package of tickets which cost him \$600.00 in U.S. funds. There was a delay in his departure from Mexico as he had to apply to the Immigration department to extend his visitor's permit. Once he returned to Canada, he tried to get his money back from Richmond Hill Travel, but was told that he needed the ticket which he was never given. Finally, he received a voucher from Premier Travel, but when he tried to use it, he found that it would have been more expensive than buying a ticket from Air Canada.

Under cross-examination, the Applicant stated that he had driven to Mexico and flown home before, but did not remember if he had returned on a *charter* flight. He denied that Anna at Richmond Hill Travel had advised him that there could be the problem if he tried to return with a *charter* ticket.

Mrs. Rose Polsinelli testified that she is the wife of the Applicant, and made arrangements with Richmond Hill Travel to obtain a ticket for him to come home. She did not request any particular type of ticket, and did not advise the travel agent that the Applicant had tried to purchase a *charter* ticket but had been told that he could not fly out of Mexico with it. The witness did not think that the travel agent had advised her that the ticket she purchased was non-refundable, but she was not sure.

Cindy Mirochnick and Lori Furlan gave evidence on behalf of TICO.

Cindy Mirochnick testified that she had been employed as a Complaints Officer with TICO for one year. Prior to that, she was the Systems and Operations Manager for Premier Holidays. Although she had no dealings with this case, she confirmed that Premier Holidays was registered as a wholesaler and that the ticket purchase by the Applicant's wife was a non-refundable *risk* seat. Ms. Mirochnick stated that the travel agent, Richmond Hill Travel would be aware that the seat was non-refundable, and was obliged by section 21(2) of Regulation 806/93 to the Act to advise the customer. When she was asked about the voucher given by Premier Holidays, she explained that although the wholesaler was not responsible to provide a refund to the customer, the voucher was given as a *goodwill gesture*. She explained that when the customer tried to use the voucher to purchase *charter* travel for a trip with a stay of more than one or two weeks, it may have been more expensive than a regular ticket, as the customer would have to purchase two return trip tickets and forfeit the travel one-way on each ticket. Ms. Mirochnick explained that the travel agent would take the credit card payment in the name of the wholesaler, as the travel agent did not have status as a merchant to accept payments. She testified that Premier Holidays would not have advised the Applicant or his wife that the ticket sold through Richmond Hill Travel was non-refundable. In cross-examination, she agreed that Premier Holidays would know that a person could not fly out of Mexico on a *charter* if they had driven into the country.

Ms. Lori Furlan testified that she is the claims coordinator for TICO and dealt with this matter. She stated that the amount eligible for the claim was \$350.00 as the amount paid for tax was not eligible. Her evaluation of the case was that the claim would be denied as the \$350.00 voucher was given as a "good will gesture" and was excluded by the Act. She also stated that the travel agent advised her that the claimant told them that he was driving to Mexico and wanted the one-way ticket Toronto and that they

claimed to have advised him he would have problems using a ticket for a *charter* flight to come back, but that he advised them that he had done it before.

FACTS FOUND PROVEN:

The Tribunal finds that the travel agent at Richmond Hill Travel knew that she had not sold a *charter* ticket for the Applicant to travel to Mexico.

The Applicant testified that he was not warned that if he drove to Mexico he would not be able to fly home on a *charter* ticket. There was evidence that the travel agent told the investigator for the Fund that she had warned the Applicant that he could have trouble leaving Mexico with a *charter* ticket and that she was told by the Applicant that he had done it before. However, the travel agent did not testify before the Tribunal, and the best evidence before the Tribunal was that of the Applicant. The Tribunal finds that the travel agent did not, as required, warn the Applicant and did not warn the Applicant's wife of the potential problems with the ticket that was sold. The travel agent at Richmond Hill Travel sold a *charter* ticket which the Applicant would not be able to use, and it was also non-refundable. The travel agent purchased the ticket through Premier Holidays and offered the Applicant a refund on a condition that the Applicant could not fulfill. Premier Holidays attempted to resolve the matter by giving a voucher in the amount of \$350.00. However, when the Applicant tried to use the voucher, it did not make economic sense to do so.

In this case, the ticket sold for the use of the Applicant did not provide travel services as it could not be used by him for reasons within the knowledge of the travel agent. The Applicant intended to use the ticket, but could not do so. He did not choose not to use it. There was a refusal to provide him with a refund without the ticket, and he was later given a voucher by Premier Holidays. This voucher could have been used for the purchase of travel services from Premier Holidays, however it was not cost-effective to do so and was of no value to him.

ISSUE:

Does the claim for \$379.00 by the Applicant for the cost of the ticket purchased from Premier Holidays through Richmond Hill Travel fall within the terms of Regulation 806/93 to the Act?

THE LAW:

The relevant portions of regulation 806/93 of the *Travel Industry Act* that are applicable to these proceedings are:

Section 21(2) which states:

.....

(2) Before reserving travel services for a customer, the travel agent shall bring to the attention of the customer any conditions related to the

purchase of travel services that the travel agent has reason to believe may affect the customer's decision to purchase and shall,

- (a) disclose the price and the terms and conditions of reservation,

.....

Section 50(1), which reads as follows:

Section 50(1) A customer is entitled to be reimbursed for travel services paid for but not provided if,

- (a) the customer made payment for the travel services directly to or through a registered travel agent;
- (b) the customer has made a demand for payment from the registered travel agent or the appropriate registered wholesaler; and
- (c) the customer has not been reimbursed by,
 - (i) the registrant because the registrant is unable to pay by reason of bankruptcy or insolvency,
 - (ii) any other person who has received the customer's money, or
 - (iii) any other person who may be legally obliged to reimburse or compensate the customer, including a person obliged under a contract for insurance.

.....

Section 50(3), which reads as follows:

Section 50(3) A customer is not entitled to be reimbursed for the following or in the following circumstances:

.....

- 4. For a payment, including a non-refundable payment, for travel services that were available but not received if the failure to receive the travel services is due to the customer's or the traveller's action or failure to act.

.....

- 7. For any taxes, fees or levies imposed by a government or a government body.

APPLICATION OF LAW TO FACTS:

As required by section 50(1)(a) of Regulation 806/93, the Applicant made payment for travel service directly to or through a registered travel agent. Here the Applicant made payment to the registered Wholesaler Premier Holidays through the registered travel agent Richmond Hill Travel.

The Applicant made demand for payment as required by section 50(1)(b) of Regulation 806/93. Premier Holidays attempted to settle the matter by giving the Applicant a voucher for travel services. He attempted to use it, but in the circumstances it would have cost him more to use it than to purchase service elsewhere. The voucher, therefore, is not a factor relevant to this claim.

As required by section 50(1)(a) of Regulation 806/93 the customer has not been reimbursed by the registrant, because Premier Holidays became bankrupt or by any other person who has received the Applicant's money, that is Richmond Hill Travel; or by any other person or legally obliged to reimburse or compensate the Applicant.

Also, the services were not available and it was not due to the Applicant's action or failure to act. Here the Applicant tried to obtain the *charter* ticket to fly back to Canada. It was not released to him because a condition, known to the travel agent but not to the Applicant, was not met.

The allowable amount of the Applicant's claim only includes the cost of the travel services which are \$350.00. Any amount paid for taxes, fees, or levies imposed by a government or government agency are excluded under section 50(3) paragraph 7 of Regulation 806/93.

DECISION:

Accordingly, pursuant to the authority vested in it by section 62(6)(a) of Regulation 806/93 under the *Travel Industry Act*, this Tribunal allows the Applicant's claim in the sum of \$350.00 against the Travel Industry Council of Ontario and directs the Council to pay such amount out of the Compensation Fund to the Applicant.

LICENCE APPEAL TRIBUNAL

David J. Hunt
Vice-Chair

Released: May 2, 2001

DURETTE-EXHP

SUSAN DURETTE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

SUSAN DURETTE, Applicant
unrepresented

DATE OF HEARING: May 1, 2001

DECISION RELEASED: May 4, 2001 Belleville

REASONS FOR DECISION

A hearing was held on May 1, 2001, at Belleville, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Susan Durette (the "Applicant")
Motor Vehicle: 1986 Pontiac Firebird, plate # AJWF 825 (the "vehicle")
Date of Appeal: April 11, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on May 1, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

pg1

To whom it may concern:

Brian Paterson and I, (Susan Durette) had just bought a /86 firebird so we could travel back and forth to work also for everything else as we live out in the country with our 13 yr old son. Right after I got the car saftied and on the road, Brian did a tune up on the car and crossed the wires. We called out to Bill Leeman's garage and talked to Timmy Brix,

he told us to bring the car into Rossman and he would look at it. It took Timmy about two hours to fix the problem and we all went to test drive the car to make sure it was running properly. That was when we came across a ride program and got stopped. The officer asked Timmy for his licence and he told them he didn't have one.

pg2

Right away I offered my licence, ownership and insurance to him. He then arrested Timmy and talked to my boyfriend Brian. They then impounded my car for 45 days. The next day I phoned the police to find out where the car was and find out what I could do to get the car back. They told me the car was at Academy Towing, and because I didn't know Timmy didn't have a licence that I could appeal this. I then phoned Academy Towing to find out what the cost would be after the 45 days and they said it would be about \$850.00 approx. I had recently just moved back into the Picton/Belleville area. We found a home to live in, I had just gotten an insurance back as it lapsed due to funds. I also just got a car, due to the fact that my other one was no longer working. Brian and I are on

pg3

Ontario Works trying to get off of it by trying to get any work we can. To say that having no car is a hardship is an understatement for the following reasons. As I live out in the country I have no transportation of any kind, and there are no buses. I also have a daughter with a new born baby; which dose not have any transportation and rely on me to take her and the baby to the doctors, grocery's ect. I am now also behind in my rent as a result of losing the car, we are unable to get back and forth to work. My mother and father let us use their car when they don't need it, but that doesn't help us for work hours, as my mother needs the car for herself. They also have my little brother at home with lots of medical problems and needs their car there in case

pg4

of any emergencies. We put money into a van in which the rad went on it and froze up, we tried to put a Mustang on the road and the trans-mission went on it the same day we put a trip permit on it. So we picked up a transmission and found out that the front pump on it was broken. Brought it back to R & B's, Randy the owner didn't have another transmission and he wouldn't give us our money back, but he said he would give us credit for in store parts. In which we didn't need or use. We told Randy we would wait on a transmission. This is now two months later. So then we came across the firebird and desperately needed a car for ourselves. We took our income tax money bought the car. Had Timmy do all the work and got it on the road. And that is how I came to this situation. I would never of let Timmy Brix drive my car if I had known he didn't have a licence.

Susan Durette

As someone wipted out my mail box through the winter, I've had to have all my mail sent to my mothers.

Address is
Susan Durette
R R 2 Picton Ont
K0K-2T0
Thank you.

To whom it may concern:

I James D. Brix was working on Susan Durette's car in Rosemore on Thursday, March 29th, 2001 at Leeman's Auto Restoration. When we finished the car I test drove it and was pulled over and charged. Susan Durette was not informed that I didn't have a licence.

James Daniel Brix
April 4, 2001

To whom it may concern.

Susan Durette had her 1986 Firebird here at my shop on March 29/01 then (Jim) worked on it until approx. 10:30-10:45 they took it for a test drive.

William B. Leeman

The Applicant was on Ontario Works Programmed and was registered with three "Temp" Agencies. The Applicant was basically *"on call"* and had to get to work when called. The Applicant testified that she lost *"lots of work"* because of lack of transportation.

The Applicant stated in her sworn testimony that she cannot afford to pay the impoundment charges.

Under cross-examination, the Applicant re-iterated her viva voce evidence and confirmed that she lost her home and is now living in her mother's trailer. The Applicant admitted that Ontario works had promised her assistance in repairing her mother's car, the Mustang, but that vehicle broke down shortly it was put on the road. At this time, her parents need the Mustang as their other car is in need of repair.

The Applicant is able to borrow her mother's car, but not during work hours, as her parents need the car to get to work. As for after hours, the Applicant affirmed that her brother needs special medical attention and her mother is reluctant to lend her the car as the brother, who is in a wheel chair, may need medical intervention.

The Applicant was not aware that she still had a car registered in her name as that car was taken to the scrap yard.

According to the Applicant, neither the driver of the vehicle nor the owner of the garage have offered to pay the Applicant's costs in recovering her car.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. James D. Brix;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 6, 2001.

The Respondent offered no evidence other than the documents on file presented for the hearing.

In closing, the Respondent quoted section 22 of the Act. The Respondent argues that the impoundment may be inconvenient to the Applicant, but that there is no hardship, as Ontario Works would have provided for transportation costs for a recipient to get to and from work.

The Respondent contends that the Applicant made no efforts to mitigate her losses, by making herself aware of the venues available to her through Social Services.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional: Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Before proceeding to set out the reasons for the decision, the Tribunal will address the Respondent's comment regarding the dates of the notes submitted by the Applicant, from Jimmy Daniel Brix, the driver of the vehicle and William B. Leeman, the owner of the garage where Mr. Brix works.

The Tribunal acknowledges that both notes refer to the date the car was in the garage as March 29, 2001. The Respondent argued quite correctly that the impoundment took place on March 28, 2001.

The Tribunal refers to the Notice of Appeal filed by the Applicant, wherein the date of impoundment is shown as "*March 29/01*". The Tribunal has no alternative but to assume that the Applicant has confused the dates and accepts the handwritten notes from Mr. Leeman and Mr. Brix, as evidence.

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2 of the Act.

Subsection 22(2) of Regulation 574 as amended by O. Reg. 632/98 provides that for the purposes of considering hardship, inconvenience, financial loss, loss of employment or opportunity for employment cannot be considered, unless there is no alternative vehicle and the economic loss is immediate, significant and long lasting, and the impact of the loss is on a person other than suspended driver.

The Tribunal will address each point separately.

Is there no alternative to the impounded vehicle?

The Respondent confirmed that there is no public transportation in the area, but contends that Ontario Works would have paid for taxis on the daily basis, if needed. The Applicant testified that she was in touch with her Worker who in fact suggested that assistance would be provided to fix the Applicant's mother's car, but at no time did the worker inform the Applicant that transportation could in fact be provided.

The Tribunal is aware of the current policy guidelines in place with respect to special transportation and that *transportation costs may also be covered*. The pertinent word being "*may*". The Applicant did not receive such a benefit, and the Applicant's Social Worker failed to inform the Applicant that such payments were available to her. The Tribunal cannot find that the Applicant would have been entitled to benefit, but finds that the Applicant did not receive such a benefit.

With respect to the Applicant's possible use of other vehicles, the Tribunal accepts the testimony of the Applicant that doing so, would not only probably require not only extra costs in repairs, but also could put her brother at risk.

Subsection 22(3)(a) of Regulation 574 as amended by O. Reg. 632/98 provides that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available. The Tribunal finds that there is no alternative vehicle to replace the impounded vehicle.

Is the loss immediate, significant and lasting?

This Tribunal further finds that the Applicant meets the criteria of O. Reg. 632/98, Subsection 22(3)(b) which provides that economic loss may be regarded if the loss is immediate, significant and lasting.

The Applicant testified that she has lost work due to her lack of transportation. The Tribunal finds this loss of income to be immediate and in the circumstances of the Applicant working for "temp" agencies, it will have possibly long lasting cumulative effects.

The Applicant satisfied the Tribunal that she has in fact incurred a loss of income and extra expenses which could be considered hardship which must be immediate, significant and lasting.

Is the loss upon a person ordinarily transported in the motor vehicle?

The evidence indicates that the impact of the loss will be borne by the owner of the vehicle who ordinarily uses the vehicle, not the driver. Therefore, the requirements under O. Reg. 632/98, Subsection 22(3)(c) are met.

Is the loss upon a person other than the driver of the motor vehicle and not a result of that driver's loss?

O. Reg. 632/98, Subsection 22(3)(d)(i)(ii), amending Regulation 574, provides that this Tribunal may not consider economic loss unless the owner demonstrates that:

d) the impact of the loss,

i) will be upon a person other than the person whose driving while his or her driver's license was under suspension resulted in the order to impound the motor vehicle and...

ii) will not be a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d).

The Applicant meets the requirements of Subsection 22(3)(d)(i) as the loss of the impounded vehicle is upon a person other than the suspended driver. The Applicant meets the cumulative requirements of the requirements 22(3). There is no doubt that the economic losses incurred by the Applicant are not a result of a loss by the suspended driver. At this point in time the Applicant is the sole provider, for her family, the loss of the motor vehicle significantly affects her earning capacity.

After assessing the evidence presented, the Tribunal finds the Applicant has met all the criteria of Subsection 22(3) and that the Appellant has suffered exceptional hardship as a result of the impoundment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **sets aside** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Jawad Hakim (hereinafter referred to as “the Applicant”) and the Registrar, Motor Vehicle Dealers Act, (hereinafter referred to as “the Registrar”), in accordance with section 4.1 of the Statutory Powers Procedure Act, do hereby waive the requirements of a hearing and consent to an order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
3. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
4. The Applicant shall not be an officer, director, owner or partner in a dealership.
5. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
6. The Applicant confirms that the circumstances surrounding the conviction are substantially as disclosed to the Registrar.
7. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
8. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
9. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, or if he is convicted under the

Criminal Code or convicted under any law of an industry-specific offence, the Registrar is directed to and shall carry out the proposal.

10. The Applicant will provide a copy of this order to his employer forthwith.
11. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
12. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
13. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of April 2001.

Jawad Hakim (signature)

CUONG KIEN NGUYEN

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

CUONG KIEN NGUYEN, representing himself
A. MICHAEL ROTHE, counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATES OF

HEARING: April 30, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a written Notice of Proposal dated December 7, 2000, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to refuse the registration of Cuong Kien Nguyen ("Nguyen") as a motor vehicle salesperson under the provisions of the Act. Nguyen appeals the Notice of Proposal to the Tribunal.

The Registrar's Notice of Proposal to refuse registration states as follows:

The intention and objective of the Act is to protect the public interest. The requirements of the Act include that the Applicant be financially responsible in the conduct of business and that the Applicant carry on business in accordance with the law and with integrity and honesty. The Applicant's conduct is inconsistent with the intention and objective of the Act, and therefore warrants disentitlement to registration under the Act.

The Registrar's Notice of Proposal also states that the following are the particulars upon which the Registrar relies:

1. The Applicant applied for registration on or about November 20, 2000. The Applicant proposes to work for Markham Mazda.
2. Question 9 of the application for registration asks "Have you ever been found guilty or convicted of an offence under any law or any charges pending". The Applicant answered, "Yes" indicating "theft under fell (sic) to report".
3. A criminal background check revealed the following convictions:

May 5, 1988 (Youth Court)

(1) Theft Under \$1,000.00

(2) Fail to Appear

May 10, 1988	Poss of Property obtained by Crime over \$1,000
May 5, 1989	Theft by Conversion over \$1,000
Nov 23, 1989	Fail to Comply with Recognizance
July 3, 1990	Att Fraud under \$1,000.00
Mar 4, 1991	(1) Fraud under \$1,000 (2) Attempt to Obstruct Justice (3 Chgs.) (3) Theft Over \$1,000
Mar 11, 1991	(1) Fraud over \$1,000 (2) Fraud under \$1,000 (3) Att Fraud under \$1,000
April 17, 1991	(1) Attempt to Obstruct Justice (2) Theft under \$1,000 (3) Fail to Comply with Probation Order Sec 740CC
Sep 7, 1994	Theft over \$1,000.00
July 30, 1997	(1) Conspiracy to Traffic in a Narcotic (2) Trafficking in a Narcotic (3 Chgs)
December 16, 1997	Fail to Comply with Probation Order
4. The Applicant was granted parole on November 7, 2000.
 5. The Applicant is wanted in the Province of Quebec in relation to a Fraud offence that occurred January 30, 1986.

THE EVIDENCE:

The sole witness for the Registrar was Laura Gordon ("Gordon").

She testified that she is the Director of Compliance with the Ontario Motor Vehicle Industry Council ("OMVIC"). OMVIC, which was created in 1997, is charged with enforcing and ensuring compliance with the Act and its Regulations. Her duties include overseeing compliance with the Act and Regulations which includes reviewing applications for registration as salespersons.

In the course of her duties she became aware of Nguyen's application for registration, and she is familiar with the details surrounding his application and the investigations instituted by OMVIC relative to his application.

On November 13, 2000 OMVIC received Nguyen's application for registration (Exhibit 3, Tab 3). Together with the application were two attachments. The first attachment was a letter of October 11, 2000 addressed "To whom it may concern" from Muriel Lett, Nguyen's Parole Officer, which read as follows:

This is to advise that Kien Cuong (Jason) Nguyen, D.O.B. 1969-12-30, has been on Full Parole since 1999-09-29. Throughout this time, there have been no apparent violations of his parole.

The second attachment is a letter from the Sales Manager of Markham Mazda also addressed "To whom it may concern" and dated November 10, 2000, which reads as follows:

This letter is to recommend Mr Jason Kien Nguyen. We believe that Mr Nguyen will be a great asset to our company. Since Mr Nguyen employed by us, he has been a good role model and the team leader by consistently exceeding his target of the month and being employee of the month for 5 consecutive months. We are not hesitated to recommending Mr Nguyen to OMVIC to get his sales license. We known about his past criminal record and we strongly feel that Mr Nguyen has changed and dedicated himself to an automotive industry. If there are any questions or information needed please feel free to contact me at the number above.

Gordon stated that when she reviewed Nguyen's application she had concerns with his answer to question 9 which question reads as follows:

Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes instances where a conditional or absolute discharge has been ordered). If yes, list all charges and/or convictions, and the circumstances surrounding each (attach additional sheets if necessary).

To this question Nguyen had answered "Yes" and also stated:

Theft under and fell (sic) to report"

Subsequent to receipt of Nguyen's application for registration OMVIC, on November 15, 2000, received a letter from Nguyen reading as follows:

My name is Jason Kien Nguyen, I'm would like to register with OMVIC for my sales license to work at car dealership. I do have a criminal record and I'm currently under parole for the charger of conspiracy and trafficking, as you can see the attached with the application is the 2 recommendations from my parole officer and my boss at Markham Mazda.

I have convictions for theft under and fail to comply with the bail condition. Most current one is back in 1994 I have difficulty with my wife and her family so I started to associated with the wrong crown of friend, I got in troubles, I plead guilty for conspiracy and trafficking in 1997. I admitted what I did is wrong and I had served my sentence and now I'm on parole. Due to this unthoughtful thing that I had done, I got sentence for 7 years and lost my wife and my two children. While I'm serving my time I had been attending a few educational courses, I got all the recommend from the teacher as well as the volunteer works. Presently I employed with Markham Mazda and my boss is well aware with my record, he has given me a chance and I found my future in automotive industry. This is my chance and my only chance that I have to make thing right and to contribute myself to the society. I like to ask for your approval with my license so I can continue with my job at Markham Mazda, and if there is any other needed information please feel free to contact me at 416 977-6608.

In order to verify the accuracy of Nguyen's statements in answer to question 9 a C.P.I.C. report was obtained on November 23, 2000.

The C.P.I.C. report contained a list of criminal charges against Nguyen as well as convictions. These convictions are referred to in the particulars in the Notice of Proposal to refuse registration. (Exhibit 3, Tabs 1and 5)

Upon receipt of the C.P.I.C. report Gordon noted that Nguyen had not made full disclosure of his criminal record despite the following warning appearing at the foot of question 9 on the application:

Note: Applicants are subject to background and criminal record searches. Submitting a false or incomplete disclosure is an offence under the MVDA and will result in disqualification. Do not assume that convictions are automatically deleted from your record. If you have any questions about the information you must disclose please call OMVIC.

Gordon's initial concern was that Nguyen had not made complete disclosure.

She also stated that she had a further concern in that Nguyen's criminal activity spanned the period of 1988 to 1997 which is indicative of a pattern of dishonesty as well as a course of ongoing misconduct. Her concern was heightened by the fact that Nguyen had not fully disclosed his criminal past which indicated that he was not telling the truth.

Gordon also stated that the Act's primary purpose is to ensure consumer protection and sets out the criteria for registration of persons to ensure that the public is protected when dealing with motor vehicle salespersons.

Nguyen gave evidence himself, and he confirmed the convictions as listed in the C.P.I.C. report which are convictions also referred to in the Notice of Proposal.

However, he did wish to bring to the Tribunal's attention that the date of each conviction related to an offence that had occurred some two or more years before the conviction. Therefore the last date when he committed a criminal offence was not on December 16, 1997 but in approximately 1994. Accordingly, he contended he has been conviction free since 1994.

He denied that he did not intend to disclose his convictions as alleged by Gordon and pointed to the fact that on November 15, 2000, some two days after his application was reviewed by OMVIC, he wrote to the latter giving additional disclosure.

He also stated that he has paid for his criminal past. He is reformed and is now working for a car dealership as a motor vehicle salesperson. His position with the dealership has given him the opportunity to change his life. He has voluntarily attended 5 courses of counselling and has not breached his parole in any manner. He has also done volunteer work.

Under cross-examination, he admitted that he is working as an unregistered motor vehicle salesperson and that the dealership is aware of his past convictions. He contended that he is not aware that being unregistered as a salesperson disentitled him to act as a motor vehicle salesperson.

FACTS FOUND PROVEN:

The following are the facts found proven by the Tribunal, based upon the evidence presented in this matter.

1. On November 7, 2000 Nguyen signed and executed an application for registration as a motor vehicle salesperson and attached to that application were two letters; one from Nguyen's Parole Officer and the other from a motor vehicle dealership, namely Markham Mazda. (Exhibit 3, Tab 3)
2. The aforesaid application and attachments were received by OMVIC on November 13, 2000.
3. On November 15, 2000 Nguyen wrote a letter to OMVIC in amplification of his application and which letter was received by OMVIC on November 15, 2000. (Exhibit 3, Tab 4)
4. Nguyen was convicted of the various criminal offences between May 5, 1988 and December 16, 1997 as are set out in the C.P.I.C. report of November 23, 2000. (Exhibit 3, Tab 5)

THE LAW:

The *Motor Vehicle Dealers Act*, Section 5.(1)(b) and (d) state as follows:

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

.....

Section 6.(1) of the Act states:

Section 6.(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 5.

.....

Section 7.(1) and (4) of the Act state as follows:

Section 7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefore, on the applicant or registrant.

.....

Section 7.(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

DECISION AND REASONS:

The onus of proof rests upon the Registrar to prove that the past conduct of Nguyen affords reasonable grounds for the belief that Nguyen will not carry on business in accordance with law and with integrity and honesty.

The proper test to be applied in a matter of this nature has been set out in *RE BRENNER*, 19 CRAT 58 in which Southey J. stated:

The effect of section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself.

The Tribunal finds that Nguyen did initially, in answer to question 9 in the application, fail to fully answer that question. However, on November 15, 2000 some two days after OMVIC received Nguyen's application it was in possession of his subsequent letter expanding on his convictions. This letter was not a complete disclosure of his convictions, but nevertheless the Tribunal is not able to find a deliberate attempt to cover up his criminal past. Nguyen's answer to question 9 and his follow up letter leaves the Tribunal with the belief that there was no deliberate non-disclosure but rather a partial disclosure due to carelessness and the lack of attention to detail. Nevertheless, there was a warning at the foot of question 9 that full and complete disclosure was required and this was clearly not adhered to by Nguyen.

However, of greater moment is Nguyen's past conduct as reflected by his admitted criminal convictions. Those convictions are many and span a period of nearly ten years. They show an ongoing inability to abide by the law. Many of the convictions relate to fraud and theft which in themselves indicate a lack of integrity and honesty. Taken in their totality these convictions show an ongoing course of conduct unacceptable in an ordered and law-abiding society.

The Tribunal believes, that having regard to the recent past misconduct of Nguyen, sufficient grounds exist to support the Registrar's opinion that Nguyen will likely not act within the law and with integrity and honesty. This is borne out by Nguyen continuing to act as an unregistered motor vehicle salesperson. This in and of itself indicates flouting

of the law and a non-acceptance of an ordered society - one which accepts and embraces the rule of law. Not only in the past has Nugyen seriously transgressed the law and acted without integrity and honesty but also his present day activity of acting as an unregistered salesperson is indicative that he will in the future not act lawfully and with honesty and integrity.

The Tribunal notes that Nugyen has been conviction free since December 16, 1997. However, the period of some three and one half years since his last conviction is not sufficient to imbue this Tribunal with confidence that Nguyen is now fully reformed. In the matter of *RIPANI*, 18 CRAT 356, the Commercial Registration Appeal Tribunal in discussing the recent nature of convictions stated:

What all these cases indicate is that where past conduct includes criminal convictions, generally, unless exceptional circumstances exist, no registration will be permitted until some time after the sentence has been served and parole or probation have been completed; then a period of reformation has been exhibited; and even then, certain terms and conditions will be imposed.

The Tribunal believes that at this stage, at any event, Nguyen's many convictions are too recent and that some further time must be allowed to pass within which Nguyen does not re-offend. Only with the passage of time, coupled with exemplary behaviour, will it be possible to consider him for registration as a salesperson. At the present, the Tribunal finds that there is no error in the Registrar's proposal to refuse Nguyen registration.

DECISION:

By virtue of the authority vested in it under section 7(4) of the *Motor Vehicle Dealer Act*, the Tribunal directs the Registrar to carry out his proposal dated December 7, 2000 to refuse the registration of Cuong Kien Nguyen as a motor vehicle salesperson under the Act.

APPEARANCES:

ROSS HAINSWORTH, representing himself
LARRY A. BANACK, counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATES OF

HEARING: April 23, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a written Notice of Proposal dated November 15, 2000, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to refuse the registration of Ross Hainsworth ("Hainsworth") as a motor vehicle salesperson under the provisions of the Act.

The Registrar issued the Notice of Proposal in terms of Section 7(1) of the Act. The reasons for the Registrar having issued the Notice of Proposal are stated in that proposal to be as follows:

The intention and objective of the Act is to protect the public interest. The requirements of the Act include that Registrants be financially responsible in the conduct of business and that Registrants carry on business in accordance with the law and with integrity and honesty. The Applicant's past conduct is inconsistent with the intention and objective of the Act, and therefore warrants disentitlement to registration under the Act. Therefore, the Registrar is unwilling to register Ross Hainsworth as a motor vehicle salesperson.

The Registrar, under the heading "Particulars," gives the following reasons for his proposal:

1. Ross Hainsworth submitted an application for registration as a motor vehicle salesperson to the Registrar on or about July 13, 2000.
2. On his application for registration the applicant disclosed that he was disbarred by the Law Society of Upper Canada in 1995. The applicant further disclosed that there were charges pending against him relating to criminal harassment of a member of provincial parliament.

3. Subsequent to submitting the applicant, Hainsworth was convicted of criminal harassment.
4. Mr. Hainsworth's disbarment together with his conviction are inconsistent with the intention and objective of the Motor Vehicle Dealers Act and therefore the applicant is not entitled to registration as a salesperson pursuant to the Act.

Hainsworth, in terms of Section 7(2) of the Act, has appealed the Registrar's proposal to this Tribunal.

THE EVIDENCE:

The sole witness for the Registrar was Mary Jane South, a summary of whose testimony follows.

Ms. South stated that since 1997 she has acted as the Deputy Registrar under the Act and is employed by the Ontario Motor Vehicle Industry Council (OMVIC) which is a non-profit corporation with delegated powers to administer the Act and its Regulations. She explained that the Act is a consumer protection statute.

In the course of her duties, she oversees applications for registration as a motor vehicle salespersons and became familiar with Hainsworth's written application for registration as a motor vehicle salesperson which was marked as Exhibit 3. When the application was reviewed, it was noted that Hainsworth had disclosed a pending criminal harassment charge against him and that he had been disbarred as a lawyer in Ontario and a criminal record check was run on Hainsworth.

Ms. South stated that a copy was obtained of the February 22, 2000 criminal indictment of Hainsworth before the Superior Court of Justice which indicated that he had been charged on five counts and plead guilty to two of those counts upon which two counts he was found guilty on October 13, 2000.

The two charges being counts two and five in the indictment read as follows:

2. ROSS HAINSWORTH stands further charged that he, on or about the 7th day of May in the year 1999, at the City of Toronto, in the Toronto Region, did without lawful authority, and knowing that the staff of Tony Ianno, M.P. or being reckless as to whether the said staff of Tony Ianno, M.P. was harassed, engaged in conduct that caused them reasonably, in all the circumstance, to fear for their safety, contrary to the Criminal Code.

5. ROSS HAINSWORTH stands further charged that he, on or about the 17th day of September in the year 1999, at the City of Toronto, in the Toronto Region, being at large on his recognizance entered into before a justice and being bound to comply with a condition of that recognizance directed by the said justice, did fail without lawful excuse to comply with that condition, to wit: abstain from communicating directly or indirectly with the staff of Tony Ianno, M.P. except as reviewed in advance and

forwarded through Constable Mike Stone of 14 Division or his designate on the Toronto Police Service, contrary to the Criminal Code.

On counts 1, 3 and 4, Hainsworth was found not guilty.

Ms. South further stated that Hainsworth had been disbarred as a Barrister and his name struck off the Roll of Solicitors after having been found guilty on March 23, 1995 of professional misconduct by the Law Society of Upper Canada in that he had suborned or counselled perjury.

Under cross-examination, Ms. South stated that she accepted the findings of the Discipline Committee of the Law Society of Upper Canada and Hainsworth's disbarment by Convocation. She confirmed that she made the recommendation to the Registrar, after reviewing the Hainsworth file, that the Registrar proceed with the Notice of Proposal to refuse registration as a motor vehicle salesperson. She further stated that at the time Hainsworth applied for registration as a salesperson, she knew that he was employed by Dave Nicholls Toyota and that it was a contravention of the Act to act as a motor vehicle salesperson when not registered as such under the Act.

Hainsworth testified on his own behalf. He did not call any other witness to testify on his behalf.

Hainsworth testified that his disbarment was unlawful and that the Law Society of Upper Canada had erred in making the findings it made. He appealed his disbarment by the Society, but his appeal was dismissed for delay.

As to his criminal convictions of October 13, 2000, he stated that he plead guilty to counts two and five "in view of the hopelessly biased appeal judge". He stated that he did write "mildly threatening" letters to his Member of Provincial Parliament and pursuant to such letters, was charged with criminal harassment. He stated that he has filed a notice of appeal to his conviction but has not perfected the appeal. He confirmed that in relation to count 5 of the indictment, to which he had plead guilty, such count referred to letters he had sent to his Member of Provincial Parliament.

On cross-examination, he stated he confirmed working for Dave Nicholls Toyota in or about May, 2000. He had been hired as a motor vehicle salesperson and performed the services of such at Dave Nicholls Toyota.

Until the receipt of the Registrar's Notice of Proposal to refuse registration, he was enrolled and studying in the certification course more fully referred to in "Option (b)" on page 2 of his application for registration. (Exhibit 3) He stated that he was not aware that the course materials dealt with it being illegal or improper to act as a motor vehicle salesperson while he was enrolled in this course. He confirmed that he signed the application for registration as a motor vehicle salesperson and did not disclose under Section D thereof that he had been employed by Dave Nicholls Toyota in the three years prior to his signing the application. He conceded that immediately above his signature on the application the following paragraph appeared in that application:

I understand that I may not buy or sell vehicles for a motor vehicle dealer unless I am registered under the Act as a salesperson to that dealer. I acknowledge that 'buying or selling' refers to any form of negotiation concerning the purchase, sale or lease of a

vehicle, and is not limited to the signing of contracts. I know that this also includes attendance at wholesale auctions or the positions commonly referred to as Sales Manager, Finance and Insurance Manager and Business Manager. I confirm that I will not buy, sell or lease for any dealer until I receive confirmation from OMVIC that I am registered as a salesperson.

Hainsworth acknowledged the transcript of the criminal proceedings before Mr. Justice Hamilton on October 13, 2000, which transcript incorporated the Judge's reasons as well as Hainsworth's submission made before sentence was passed. (Exhibit 5)

The Registrar's counsel handed Hainsworth six photocopies of letters which Hainsworth acknowledged having authored and signed and which were accepted into evidence as exhibits 6 through 11.

Hainsworth confirmed that he believed the contents of all six letters to be true when he wrote such letters and stated that his allegations in his letters dealt with hereunder are accurate.

Exhibit 6 dated December 5, 2000

This letter is addressed to the Law Society of Upper Canada for the attention of Robert Armstrong, Q.C., Treasurer. It states that Hainsworth has received two anonymous threatening telephone calls, and he suspects the Toronto Police or R.C.M.P. may be responsible for such calls. In addition, he states other likely candidates for these telephone calls are most likely Michael Royce "who headed up the Law Society cover-up" and Frank Marrocco "who played a key role in my wrongful disbarment and absconded with \$22,000.00 of mine".

Exhibit 7 dated December 15, 2000

This letter is addressed to "The Honourable Michael D. Harris, M.P.P., The Premier of Ontario" in which he states "would you please not lie to me. Do you think you can lie to me to cover-up your Attorney General's dereliction of duty in my case?" The letter continues...

I have repeatedly complained about your Attorney Generals' failure to do anything about the Law Society's cover-up of my wrongful disbarment, and now I am complaining that Mr. Flaherty will do nothing to get Chief Justice McMurtry to answer my request for an appointment of counsel in my appeal. Clearly, both Attorney General Flaherty and Chief Justice McMurtry support the Law Society in its cover-up of my wrongful disbarment. This is why I wrote to you - I have to go outside the legal establishment to get proper action in my case.

Exhibit 8 dated December 20, 2000

This letter is addressed to "The Honourable David Tsubouchi, Solicitor General of Ontario". In this letter, Hainsworth writes that he has received three threatening telephone calls and the police refuse to respond to his complaints.

Hainsworth states that the threatening telephone calls emanate from either someone connected with the Law Society of Upper Canada or the Attorney General. Hainsworth also accuses the Chief of Police of a cover-up and states he suspects "either Attorney General Flaherty instructed the Premier's staff to lie to me....., or the Premier's staff

independently lied to me". He goes on to state "It is clear that Attorney General Flaherty is involved in the Law Society's cover-up of my wrongful disbarment".

Exhibit 9 dated December 29, 2000

This letter is addressed to Lenczner Slaght Royce Smith Griffin for the attention of Michael E. Royce. In this letter Hainsworth states as follows:

RE: Hainsworth v. Law Society of Upper Canada
Court File Nos. 95-CU-901703, 261/95

Do you expect me to believe your pronouncement that you're not the source of the threatening calls I've been receiving?

You've lied from the beginning. Your statement of defence is a pack of lies. There's clear evidence I was wrongfully disbarred, and from a procedural standpoint any idiot lawyer can see that your client should not have charged me until after the court martial proceedings were concluded, (if at all). You've just covered up for your client, who never reviewed the evidence at the Gravline trial and then stupidly accepted the provably false testimony against me. You never even read my account of what I did in the Gravline case.

Your client has made mistake after mistake and you've covered up by lying and willful ignorance. You even secretly instructed the registrar of the Divisional Court to dismiss my appeal for delay when you knew Tinsley had caused the delay by refusing to produce the full record.

You will pay for your lies and cover-up. I'm going to sue you, and I won't be deterred by any threatening phone calls. Will one of your partners represent you, or will you retain outside counsel? I will phone you in the new year for your answer.

Exhibit 10 dated April 4, 2001

This letter is addressed to Smith Lyons, Barristers and Solicitors for the attention of Frank N. Marrocco, Q.C., and reads as follows:

Dear Sir:

I enclose a copy of my letter today to W. Keith Gauntlett, Deputy Registrar of the Court of Appeal.

I now add to my letters: you are lazy, stupid, incompetent and corrupt; and I invite you to sue me for libel.

Furthermore, I enclose a copy of my pamphlet headed TO ALL LAWYERS, BENCHERS, AND ONTARIO SUPERIOR COURT JUDGES.

I am sending a copy of this letter and my pamphlet to Larry Banack, and I ask him to confirm that he has distributed them to all benchers. If Mr. Banack refuses to do this - I suspect he will refuse, because he appears to be corrupt as well, along with the corrupt and idiotic Tinsley - I will rely on these two letters and my pamphlet at the Licence Appeal Tribunal scheduled to start April 23.

Also, I need to know who is going to act on behalf of the Crown Law Office-Civil Division in my action against Barry and the provincial Crown. And who is going to act for Royce and his firm in my action against them for their role in the Law Society cover-up?

The enclosure to the above letter reads as follows:

TO ALL LAWYERS, BENCHERS, AND ONTARIO SUPERIOR COURT JUDGES

Many of you will already know that I was wrongfully disbarred in 1995 and the Law Society of Upper Canada, through its diverse agents in the legal establishment, has covered up. There is clear evidence in existence that proves I was wrongfully disbarred, and the evidence of cover-up is widespread.

What you should also know, to avoid a repetition of such a wrongful disbarment and cover-up in the future, is who was primarily responsible for it. I know the following individuals played significant roles, as outlined:

1. Gavin MacKenzie, who was the lead Law Society prosecutor, laid charges before any investigation of the allegations against me had been conducted. An investigation would have shown the allegations against me are false.

2. Clayton Ruby, who was a bencher and chair of a panel of the Discipline Committee prior to the hearing, wrongly decided that a hearing must proceed in the absence of an investigation and while there were unconcluded parallel criminal proceedings.

3. Paul Copeland, who was a bencher and chair of the hearing panel of the Law Society's Discipline Committee, wrongly decided to proceed with a hearing in my absence. He knew I had not been personally served with a notice of the time and place of the hearing but he went ahead with the hearing anyway. He ignored evidence that showed my accusers had lied in their allegations.

4. Paul Lamek, Q.C., then the treasurer of the Law Society, led the benchers to wrongly decide to adopt the report of Mr. Copeland's panel. Mr. Lamek was more interested in paying deference to his bencher colleagues than applying the law.

5. Frank Marrocco, Q.C., then my counsel and now a bencher, maintained a pretense of representing me while he was secretly representing the Law Society. He charged me over \$22,000 for achieving nothing on my behalf, and had the nerve to try to bill me an additional \$8,000 after I fired him.

6. Michael Royce, Law Society counsel after my wrongful disbarment, failed to properly advise the Law Society. He has done everything in his power to manipulate court officials to the advantage of his client.

7. Successive Attorney Generals of Ontario, Charles Harnick and James Flaherty, refused to look into my charge of a Law Society cover-up. Also, the Chief Justice of Ontario, R. Roy McMurtry, a bencher by virtue of his former position as the Attorney General of Ontario, refused to look into my charge of a Law Society cover-up.

Exhibit 11 dated April 4, 2001

This letter is addressed to Court of Appeal for Ontario, Osgoode Hall and is marked for the attention of W. Keith Gauntlett, Deputy Registrar. This letter is sent in reply to Gauntlett's letter to Hainsworth admonishing the former for what Gauntlett called an obnoxious and disgraceful letter Hainsworth had addressed to him. Hainsworth's letter to Gauntlett reads as follows:

1. A Deputy Registrar of the Court of Appeal (you) who cannot think of one good reason why an appellant (me) should not embark on a campaign of vandalism in and about Osgoode Hall, and then lies by stating he can think of a "number" of reasons;

2. A Deputy Registrar of the Court of Appeal (you again) who refuses to report to the Chief Justice of Ontario that two of his colleagues, (Kromkamp and Poole), have executed their duties in a biased and incompetent manner, or have committed a serious misconduct, (Poole), by accepting a bribe from the Law Society;
3. An Attorney General of Ontario, (Flaherty), who ignores evidence that the Law Society is covering up a wrongful disbarment (mine) and then instructs his staff not to answer his correspondence;
4. An Attorney General of Ontario, (Flaherty again), who refuses to investigate an allegation (mine again) that an accused (me) was subjected to a perverse six-month pre-trial incarceration, and the Ontario criminal process was employed to buttress the Crown's ongoing contempt of a court order and an abuse of power;
5. A bencher, (Frank Marrocco, Q.C.), who charges his client (me again) over \$22,000 to represent him in Law Society discipline proceedings, achieved absolutely nothing, and then demands another \$8,000 in fees and disbursements;
6. An Assistant Crown Attorney, (Calvin Barry), who wrongly charges an accused (me again) with multiple counts of criminal harassment, and advocates he be incarcerated solely to punish him for pleading not guilty to multiple counts;
7. Law Society counsel, (Michael Royce), who refuses to investigate a well-founded allegation that his opposing party, acting in person (me again), was wrongfully disbarred and there exists evidence to prove it, and he is withholding evidence tending to show there was a wrongful disbarment;
8. A Registrar of the Divisional Court (Poole) who causes an order to issue dismissing an appeal of disbarment (mine) on grounds of delay, when the delay was caused by the Law Society secretary withholding evidence tending to show the appellant was wrongfully disbarred;
9. A pack of corrupt, know-nothing, lazy benchers, (the Law Society of Upper Canada), who would prefer not to hear that they charged, prosecuted and disbarred the wrong lawyer; and
10. A Member of Parliament (Tony Ianno) who would rather throw a constituent of his in jail (me again), than lobby a Minister of Justice (McLellan), to appoint an independent counsel to investigate his allegation that he was illegally prosecuted as a civilian under the military justice system, and subjected to an abuse of governmental power by the RCMP and the military acting as agents of the government.

I could go on and on, but ten is a nice round number. Which of the above do you not find obnoxious and disgraceful?

You think I am obnoxious and disgraceful. You are arrogant, incompetent, lazy, stupid, and a liar. You should not be employed in the position you currently hold. You should be fired. Furthermore, Kromkamp is lazy, stupid and incompetent. And Poole, also, is lazy, stupid and incompetent. Crown Attorney Barry is lazy, stupid and incompetent. Michael Royce is lazy, stupid, incompetent and corrupt. Please convey my opinion of these "people" to each of them individually.

I will send a copy of this letter to bencher Larry Banack, and ask that he distribute copies to all of the benchers of the Law Society. Finally, I invite you, or any of Kromkamp, Poole, Barry, or Royce, to sue me for libel.

FACTS FOUND PROVEN:

The following facts, based on both oral and documentary evidence adduced at the hearing, are found to have been proven.

1. By a decision of Convocation of the Law Society of Upper Canada Hainsworth was, on March 23, 1995 disbarred as a Barrister and his name was struck off the Roll of Solicitors.
2. The decision of Convocation followed upon the Report and Decision of the Discipline Committee of the Law Society of Upper Canada of August 5, 1993 wherein Hainsworth was found guilty of professional misconduct.
3. The professional misconduct of which Hainsworth was found guilty by the Law Society of Upper Canada was for suborning or counselling perjury and offering an indirect financial benefit to a witness for his false evidence.
4. On October 13, 2000 Hainsworth plead guilty before Mr. Justice Hamilton of the Superior Court of Justice and was convicted of reckless harassment of the staff of Tony Ianno, a member of the Ontario Provincial Parliament, which conduct caused Ianno or his staff to reasonably fear for their safety contrary to the Criminal Code.
5. On October 13, 2000, Hainsworth also plead guilty to and was convicted before Mr. Justice Hamilton of the Superior Court of Justice on the charge that, while at large on his recognizance entered into before a justice and being bound to comply with a condition of that recognizance directed by the said justice, did fail without lawful excuse to comply with that condition namely: abstaining from communicating directly or indirectly with the staff of Tony Ianno, M.P., except as reviewed in advance and forwarded through Constable Mike Stone of 14 Division or his designate on the Toronto Police Service, contrary to the Criminal Code.
6. In or about July 2000, Hainsworth was employed by Dave Nicholls Toyota and during such employment he acted as a motor vehicle salesperson without registration under the Act.
7. Hainsworth completed and signed an application for registration as a motor vehicle salesperson on July 12, 2000 and failed to disclose therein that he was at that time employed as a motor vehicle salesperson by Dave Nicholls Toyota and was acting as such for Dave Nicholls Toyota.
8. Hainsworth authored and signed letters, copies whereof are marked exhibits 6 through 11 inclusive.

THE LAW:

The Act's relevant portions are:

Section 5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

.....

Section 7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefore, on the applicant or registrant.

.....

Section 3.(1)(b) of the Act reads as follows:

.....

(b) act as a salesperson of or on behalf of a motor vehicle dealer unless the person is registered as a salesperson of such dealer and such dealer is registered as a motor vehicle dealer under this Act.

.....

DECISION AND REASONS:

The onus of proof falls upon the Registrar to show that the past conduct of Hainsworth affords the Registrar reasonable grounds for belief that Hainsworth will not carry on business in accordance with law and with integrity and honesty.

The Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks the Registrar was in error in concluding that the past conduct of Hainsworth afforded reasonable grounds for belief that Hainsworth will not carry on business in accordance with law and with integrity and honesty. This was clearly indicated in the case of *Brenner v. Ontario (Registrar of Motor Vehicle Dealers and Salesman)* [1983] O.J. No. 1017, April 7, 1983. To overrule the decision of the Registrar, the Tribunal must conclude that he was wrong in his decision and that the conduct of Hainsworth does not afford reasonable grounds for belief that Hainsworth will in the future carry on activities in contravention of the Act and its Regulations.

The Tribunal's conclusions and the reasons for its conclusion based upon the evidence, are set out hereunder.

DISBARRMENT

The Discipline Committee of the Law Society of Upper Canada recommended to Convocation that Hainsworth be disbarred after it found that professional misconduct had been established in that:

1. Between February 3 and 5, 1991, inclusive, the Solicitor attempted to induce David Clost, a witness at the General Court Marshall of Corporal Gravline, to give false evidence in that proceeding.
2. Between February 3 and 5, 1991, inclusive, the Solicitor offered to accept a financial reward from David Clost for providing Mr. Clost with assistance in connection with a claim which Mr. Clost might be able to assert against the Government of Canada.

(Exhibit 12, Tab 2, page 2)

Convocation, in the presence of Hainsworth's counsel, read the Discipline Committee's report of August 5, 1993 and, having heard counsel, Convocation ordered Hainsworth disbarred.

The Tribunal quotes from the Discipline Committee's reasons for its recommendation to Convocation:

The actions of Mr. Hainsworth in this case are totally contrary to the behavior one would expect and require of a solicitor. Suborning and counseling perjury and offering an indirect financial benefit to a witness for his false evidence are most serious offences.

Our courts require that the evidence presented before them be truthful. Very serious penalties are imposed for perjury even in minor matters. Perjury is bad enough for lay people. Lawyers with their skill and knowledge know what evidence will be important. They better than anyone else will know what false evidence will assist in a case. If lawyers think that it is permissible to fabricate evidence or to have witnesses lie, our system of justice will break down.

An attorney actively engaged in the conduct of a trial is not merely another citizen. He is an intimate and trusted and essential part of the machinery of justice, an "officer of the court" in most compelling sense. Frankfurter J in *Re Sawyer*, 360 U.S. 622, 668 (1959)

In our view the behaviour of Mr. Hainsworth is more serious than misappropriation of funds by a lawyer.

The public must be assured by our decision that we totally disapprove of and reject this type of behaviour. General deterrence is an important aspect of the penalty in this case. Generally speaking disbarment is required in these types of cases. In the absence of any mitigating factors concerning the actions of Mr. Hainsworth, i.e. stress, psychiatric problems, substance addictions, coupled with character evidence, or a proven background of professional excellence and contribution, Mr. Hainsworth should be disbarred.

The disbarment of Hainsworth remains undisturbed and the reasons for his disbarment are compelling. Hainsworth's suggestion that this Tribunal should permit evidence to be introduced before this Tribunal as to why he considers his disbarment improper or wrongfully is without merit. The fact that Hainsworth's disbarment in 1995 has not been set aside or disturbed is sufficient to satisfy this Tribunal as to the final disposition of the matter of his disbarment. This Tribunal is not the forum either to reconsider or to overrule the decision of Convocation and cannot look behind that decision. It is not open to Hainsworth to relitigate before the Tribunal a matter in which the Tribunal has no jurisdiction and in which the Tribunal certainly has no appellate jurisdiction. See *Maria Didaskalow* and the Motor Vehicle Dealers Compensation Fund released by the Divisional Court on November 29, 1994.

CONVICTION

Hainsworth presently stands convicted of one count of criminal harassment and another count of breach of recognizance. To both of these criminal charges he plead guilty on October 13, 2000 before being sentenced. Although Hainsworth contends that he has filed an appeal, he concedes he has not perfected that appeal. The appeal therefore presently stands undisturbed.

A conviction on a criminal harassment charge is a serious matter and from a reading of the Judge's decision on sentence, the harassment may well have had a traumatizing effect on one particular party, who felt compelled to leave her employment due to the fear that the harassment caused.

UNREGISTERED SALESPERSON

Apart from Hainsworth's disbarment and criminal conviction, it is clear by Hainsworth's own admission, that he acted as a motor vehicle salesperson when not registered. The Act requires that no person shall act as a motor vehicle salesperson unless registered as such under the Act (Section 3.(1)(b)).

Hainsworth is neither an uneducated nor an illiterate person. He is quite articulate and has had training and experience as a lawyer. Despite this, when he executed the application form for registration as a salesperson on July 12, 2000 he ignored the warning in the application form, which appears immediately above his signature, that he was not permitted to buy or sell vehicles unless registered under the Act. By his own admission he was selling motor vehicles without registration and was thereby violating the Act. Additionally, Hainsworth did not disclose in his application that he was employed by Dave Nicholls Toyota in the three years proceeding the execution of his application. As a lawyer, he ought to have known how important it was to comply with all the terms and conditions on the application form. The irresistible inference to be drawn from Hainsworth's material non-disclosure is that he did not wish OMVIC to know of his employment as a motor vehicle salesperson while he was unregistered with Dave Nicholls Toyota.

The Tribunal believes that his violating the Act was done when he knew or should have known that what he was doing was wrong.

The numerous letters (Exhibits 6 through 11), to which reference has been made in this decision, were all written by Hainsworth subsequent to his conviction for criminal harassment. Following upon his conviction - to which charge he plead guilty - and having expressed remorse to the Court in regard to his actions, the Tribunal imagines Hainsworth would be more circumspect in the allegations contained in his letters. All these letters speak to the fact that Hainsworth has learned little, if anything, from his past conduct and conviction and that it is reasonable for the Registrar to have concluded that Hainsworth's future conduct will be reflective of his past conduct. In Hainsworth's submissions to Court prior to his sentencing he stated as follows:

For over eight years, I started lawsuits. I hired, I fired lawyers. I wrote enumerable letters to lawyers, judges and politicians. I wrote to any public official I thought may be in a position, I thought, to correct the injustice that had been done to me. I complained excessively to anyone who might listen. The whole thing consumed me. Both mentally, financially and emotionally it entirely consumed me. It was a 24-hour a day preoccupation.

Having regard to the letters written recently by Hainsworth, it is evident that he is, even at this stage, still consumed by his grievances. The Tribunal believes that if he were to be registered as a motor vehicle salesperson, members of the public with whom he would have occasion to deal would be the recipients of the same vitriol as he has directed to the addressees of his letters.

Both the disbarment of Hainsworth and his convictions reflect directly on his lack of integrity and honesty as well as his inability to conduct himself in accordance with law. The subsequent letters written by Hainsworth lead the Tribunal to the conclusion that the past conduct of Hainsworth will continue in the future and that the Registrar was not wrong in concluding that Hainsworth is not suitable for registration as a motor vehicle salesperson.

Counsel for the Registrar made application, at the conclusion of the hearing, for costs citing Section 8 of the Licence Appeal Tribunal Act, 1999 which states as follows:

If, on the application of a party to a hearing before the Tribunal with notice to the other parties, the Tribunal is satisfied that the application for the hearing is frivolous or vexatious, the Tribunal may refuse to grant the hearing or may terminate the hearing at any time and make an order of costs as it considers appropriate in the circumstances.

The Registrar's Notice of Proposal contains a clause that Section 8 of the above Act would be invoked at the hearing by the Registrar. Hainsworth in his final submissions did not respond to or deal with the Registrar's application for costs.

For the Registrar to be successful in his application for costs he must show that the appeal of Hainsworth was frivolous and vexatious. Black's Law Dictionary, Sixth Edition defines a "frivolous appeal" as

One in which no justiciable question has been presented and appeal is readily recognizable as devoid of merit in that there is little prospect that it can ever succeed.

"Vexations" is defined in Black's Dictionary as

without reasonable or probable cause or excuse.

The Tribunal believes that there is a "justiciable question" that was presented to the Tribunal and, although the appeal fails, it cannot be said to be devoid of or entirely without merit. There was a serious question to be tried.

Accordingly, the Registrar's application for costs is denied.

DECISION:

Accordingly, pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealer Act*, the Tribunal directs the Registrar to carry out the Registrar's proposal dated November 15, 2000 to refuse the registration of Ross Hainsworth as a motor vehicle salesperson under the Act.

LICENCE APPEAL TRIBUNAL

Derek Israel
Vice-Chair

Released: May 9, 2001

CANADIAN WILDERNESS PROGRAM

CANADIAN WILDERNESS PROGRAM

APPEAL FROM A PROPOSAL OF THE DIRECTOR
UNDER THE *CHILD AND FAMILY SERVICES ACT*

TO REFUSE TO RENEW LICENCE

TRIBUNAL:

HUGH HANSON, Presiding Member
JOE HEWITT, Member
JOAN GENTLE, Member

APPEARANCES:

GREGORY DuCHARME, Counsel for the Applicant
KATHARINE RENISON, Counsel for the Director

DATES OF
HEARING:

December 18, 19, 20, 2000 &
February 12, 13, 14, 2001

North Bay

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Director's Notice of Intention dated September 22, 2000 to refuse to renew a licence under the *Child and Family Services Act* ("CFSA") held by Canadian Wildlife Program (the "Applicant" or "CWP") to operate a group home. An appeal dated September 29, 2000 was lodged with Licence Appeal Tribunal. The hearing of this appeal began December 18, 2000. After the sixth day on February 14, 2001, the hearing was adjourned pending receipt of written submissions.

The Director's Notice contains some 17 allegations of non-compliance with the CFSA and Regulation, many of which contain sub-points.

Two preliminary issues were raised. The first was an objection by counsel for the Director to the Applicant's request to have a witness testify by teleconference from Germany. Counsel for the Applicant argued that the witness was essential to the defence. The Tribunal reserved judgement and learned before giving a decision the next day that the witness would travel to Canada to testify in person.

The second preliminary matter was a request by counsel for the Applicant that only evidence bearing on the allegations in the Notice of Intention be admitted. He argued that he was prepared to answer those allegations but had not prepared for any other matters that may have arisen in the past. Counsel for the Director argued that the Tribunal should be aware of all previous non-compliances, which the Director takes into account in deciding about the decision he must make. The Tribunal ruled that it would hear evidence only on the issues raised in the Notice, but would allow evidence of previous problems relating to those particular issues.

The following witnesses were called by the Director:

- 1) Shirley Price
- 2) Donna Murray
- 3) John Goch
- 4) Germain Lacoursiere

The following witnesses were called by the Applicant:

- 1) Mr. Robert Fairbridge
- 2) Herr Christian Seidl

The documentary evidence was voluminous.

THE ISSUE:

The *Child and Family Services Act* states:

Section 197.(4) Where an applicant or licensee requires a hearing under subsection (2), the Tribunal shall appoint a time for and hold a hearing and may, on hearing the matter,

- (a) order the Director to carry out the proposal; or
- (b) order the Director to take such other action as the Tribunal considers appropriate, in accordance with this Part and the regulations,

and the Tribunal may substitute its opinion for that of the Director.

The issue before the Tribunal is to determine which of these courses of action to take.

THE LAW:

The *Child and Family Services Act* states:

Section 196. A Director may refuse to renew or may revoke a licence where, in the Director's opinion,

- (a) the licensee or an employee of the licensee, or where the licensee is a corporation, an officer or director of the corporation has contravened or has knowingly permitted a person under his or her control or direction or associated with him or her to contravene,
 - (i) this Act or the regulations,
 - (ii) another Act, or the regulations made under another Act, that applies to the activity for which the licence is required, or
 - (iii) a term or condition of the licence;
- (b) the premises where the children's residence is located or the residential care is provided do not comply with the requirements of this Part and the regulations;
- (c) the activity for which the licence is required is carried on in a manner that is prejudicial to the children's health, safety or welfare;

- (d) a person has made a false statement in the application for the licence or for its renewal, or in any report or document required to be furnished by this Act or the regulations, or by another Act or regulations made under another Act that applies to the activity for which the licence is required; or
- (e) a change has occurred in the employees, officers or directors of the applicant that would, if the applicant were applying for the licence in the first instance, afford grounds under clause 195 (b) for refusing to issue the licence. R.S.O. 1990, c. C11, s 196.

Section 197 of the CFSA states:

- (1) Where a Director proposes to refuse to issue a licence under section 195 or to refuse to renew or to revoke a licence under section 196, the Director shall cause notice of the proposal, together with written reasons, to be served on the applicant or licensee, who may require a hearing.
- (2) A notice under subsection (1) shall inform the applicant or licensee that the applicant or licensee is entitled to a hearing by the Tribunal if he, she or it mails or delivers to the Director and to the Tribunal, within ten days after notice under subsection (1) is served, a written request for a hearing.
- (3) Where an applicant or licensee does not require a hearing under subsection (2), the Director may carry out the proposal.
- (4) Where an applicant or licensee requires a hearing under subsection (2), the Tribunal shall appoint a time for and hold a hearing and may, on hearing the matter,
 - (a) order the Director to carry out the proposal; or
 - (b) order the Director to take such other action as the Tribunal considers appropriate, in accordance with this Part and the regulations,and the Tribunal may substitute its opinion for that of the Director.

HISTORY OF THE PROGRAM

The Canadian Wilderness Program (CWP) was begun in 1993 by Robert Fairbridge (the “operator”) to provide a year-long experience for troubled German youth. Taking “truth, trust and respect” as its motto, the program aims to build self-confidence in its clients. Located in Northern Ontario, CWP places heavy emphasis on outdoor activities. There are two properties, one at Restoule, the other in Mattawa.

Children are referred to the program by Fachsentrum fuer Kinder–Jugend-und Familienhilfe der Diakonie Freistadt, a German agency that serves German youth. The youth referred to CWP have been in conflict with family or society. Guardianship of each child in the program is transferred to Robert Fairbridge with the consent of the agency, child and parent. The program is funded by German Social Services.

After a visit by a Licensing Officer and Program Advisor of the Ministry of Community and Social Services in June 1997, the decision was taken to require the program to be licensed as a group home (staff based with more than three unrelated children in the home) under the *Child and Family Services Act*. The first full licensing inspection of the Restoule property occurred on 3 and 4 November 1997, and the first provisional license

for the Restoule program was issued in April 1998. The Mattawa property has never been licensed.

Since that time, there have been five provisional licenses issued, each with a number of conditions attached:

- April, 1998 to June, 1998
- June, 1998 to December, 1998
- April, 1999 to August, 1999
- October, 1999 to January, 2000
- July, 2000 to September, 2000.

The operator, Mr. Fairbridge, has a long history of service in residential programs, both in British Columbia and Ontario. He was on the staff of the Ontario Ministry of Community and Social Services for nine years, during which time, among other things, he conducted licensing inspections of facilities for young offenders. He has been Senior Manager of Project DARE, operating out of a wilderness campus.

THE ALLEGATIONS AND EVIDENCE:

This section identifies the specific allegations in the Notice of Intention and the relevant evidence brought forward at the hearing.

1. It is alleged that contrary to section 196(a)(i) of the Child and Family Services Act, the licensee or an employee of the licensee has contravened or has knowingly permitted a person under its control or direction or associated with it to contravene the Act or the regulations and more particularly:

- (a) there was a failure to ensure that each and every person employed in the residence received such immunizations as required by the local medical officer of health (only one of seven staff persons – NL – submitted a record of immunizations prior to hire) and a health assessment (only two of seven staff persons – NL and KS – submitted medical certificates prior to hire) prior to commencing employment as required by section 75 of Regulation 70 under the Child and Family Services Act as identified during licence inspections August 23, 24 and September 23, 2000.*

There is the credible testimony of Ms. Price and Mr. Goch, supported by the documentary evidence relating to the August 2000 inspection, to lead the Tribunal to conclude that certain staff immunization records were missing. Records of previous inspections, such as can be found in exhibits R-2-69, 88, 98, and 101, indicate that this has been an enduring problem. The operator admitted that he was not in full compliance. Not having medical qualifications, the Tribunal refrains from commenting on the assertion in the Applicant's submissions that staff immunization does not affect the health of children. The Tribunal finds that this is a clear, if partial, non-compliance.

(b) there was a failure to ensure that each person employed in the residence received an orientation with respect to the policies and procedures of the residence within thirty days of commencement of employment, as required by section 76 of Regulation 70 under the Child and Family Services Act as identified during licensing inspections on September 13, 2000 (none noted in the personnel records of the following staffpersons: AK, PG, KS and TB).

The operator provided documentary evidence of orientations for AK and TB (exhibits A-3-20 & 23), but could not produce evidence regarding PG and KS. He testified that all staff are given appropriate orientation when hired. Given his extensive experience with residential programs for young people, we find that, on the balance of probabilities, this is true. Nevertheless, he had a responsibility to document this so as to demonstrate compliance. Evidence that he has not done so despite repeated urging is found in exhibits R-2-86 and 88. The Tribunal finds this to be a non-compliance.

(c) there was a failure to ensure that the plans of care were complete in that case records revealed that none of the residents' files included a statement of the educational program that is to be developed for a resident, as required by section 86(2)(d) of Regulation 70 under the Child and Family Services Act as identified during licensing inspections on August 23, 24, and September 13, 2000.

The testimony of Ms. Price, which we find credible, is that there was no educational program in the plans of care that she examined in the August 2000 inspection. A review of the provisional licences issued to the applicant (for example, exhibits R-2-10, 12 13, & 128) indicate that an educational component was missing from the plans of care, since conditions are put on a licence when those items are not in compliance at the time of the issuance of the licence.

There was credible testimony that the German authorities have waived the need for any formal education for the children while they are at CWP. These are typically children for whom formal schooling has proved to be unsuitable. There was credible testimony that attempts have been made to find some compromise with the education authorities, but that these have been unsuccessful.

It is not for the Tribunal to set out an appropriate educational program for these children, to determine how much, if any, academic content there should be, or to disregard the requirement for children in Ontario to be involved in the education system at least until the age of sixteen. Since CWP admits children under the age of sixteen, it has a responsibility to incorporate some specific educational programming in its plans of care. The Tribunal finds that the applicant is in non-compliance in this regard.

(d) there was a failure to ensure that plans of care were reviewed as required by section 86(6) of Regulation 70 of the Child and Family Services Act in that there was no monthly review of the development of the residents in relation to the plan of care

developed for the residents as identified during licensing inspections on August 23, 24, and September 13, 2000.

There is credible evidence that the inspections of August and September 2000 failed to find monthly reviews of the development of children in relation to their plans of care. There is also credible testimony that the operator submits monthly reports on each child's progress to Germany. Herr Seidl testified that he regularly received these reports. There is no evidence that any of these expected reports were not received in Germany. These reports (exhibit A-4) give an assessment of the child's progress for the month and often identify specific goals towards which the child will be working. The Tribunal cannot determine whether the inspectors in August and September 2000 would have been satisfied in regard to this Regulation had copies of these reports been shown to them. No doubt the operator was remiss in not having these reports available, but seems to have kept some files on site, and some off-site. The Tribunal finds that these reports substantially meet the requirement of the Regulation and that, although two reports could not be found, on the balance of probabilities, the operator was in compliance in this respect.

(e) there was a failure to ensure that plans of care were reviewed, as required by section 86(8) of Regulation 70 under the Child and Family Services Act in that the records revealed that there was no review of the plan of care for LP (open file) which was due on July 5, 2000 and the review of the plan of care for DT (closed file) was done on April 27, 2000, three months past the due date.

Section 86(8) of the Regulation reads:

(8) Every licensee shall ensure that each plan of care with respect to each resident in a residence operated by the licensee is reviewed three months and six months after the resident is admitted to the residence and if requested by any person involved with the development of the plan of care every six months after the initial six-month review.

The inspectors were unable to find evidence of reviews of plans of care for two children. In submissions, the Applicant suggests that the monthly reports prepared for Germany should be considered as evidence of the required reviews. The Regulation is quite specific, requiring a review of the plan for each resident at specific times. The Applicant failed to provide the Tribunal with evidence that persuades it that such specific reviews are in fact undertaken. Indeed, he testified that he does not do so specifically and that there is no difference between monthly and three-monthly reviews. The Tribunal finds that this is a non-compliance.

(f) there was a failure to maintain a written record for each resident of any personal, family, and social history and assessment that has been prepared by the licensee or provided to the licensee as required by section 99(1)(c) of Regulation 70 under the Child and Family Services Act. Specifically, case records reviewed (closed files – DT, SG, SP; open files – KW, OE, RF, LP) revealed no social/family history for DT and only brief overviews for the other residents and no assessments were prepared by the licensee or

provided to the licensee regarding the residents' personal, family and social histories as identified during licensing inspections on August 23, 24 and September 13, 2000.

The Tribunal was presented with credible evidence that the Applicant, despite requests, has not in the past been provided with many details of the residents' personal, family and social history and assessments by the authorities in Germany. Those authorities have been reluctant to disclose confidential information about the children in their charge. There was a commitment by Herr Seidl that more such information would be forthcoming in the future. The requirement of this regulation is to maintain records, not to obtain information with which to create a record. There is no evidence that the Applicant failed to maintain any such records with which he had been provided, and he testified that he kept whatever was provided. There is no evidence that he has not maintained any such records that he had prepared. The inspections of August and September 2000 uncovered certain of these records, as is evidenced by the Notice of Intention itself. The Director has failed to persuade the Tribunal that this is a non-compliance.

(g) there was a failure to designate a person in charge of the shift in situations where more than one program staff person was on duty per shift, contrary to section 104(3) of Regulation 70 under the Child and Family Services Act as identified during licensing inspections on August 23, 24, and September 13, 2000.

The testimony of Ms. Price is that, in interviews with staff, there lacked clarity about who would be in charge when more than one staff person is on the premises. The operator testified that decisions are to be made by consensus, whenever possible. Reference can be made to him if necessary. If he were not available, the most senior staff would take charge. He provided a policy statement dated November 16, 2000 outlining this policy (exhibit A-3-39). There is also a letter signed by Ryan Small dated November 14, 2000 intended to clear up a misinterpretation of an answer given to a social worker visiting CWP (exhibit A-3-40). The writer of the letter maintains that the policy set out in exhibit A-3-39 is and has been in place. The Tribunal finds it difficult to place much weight on the letter and written policy; they were written nearly three months after the inspection of August 23 and 24 when the deficiency was identified. In testimony the operator said that there was no formal policy in this regard and that the designated person in charge was not recorded on the shift schedule. The Tribunal finds this to be a non-compliance.

(h) there was a failure to ensure that the water temperature in a washroom or bathroom in a residence does not exceed 49 degrees Celsius as required by section 106(9) of Regulation 70 under the Child and Family Services Act as identified during licensing inspections on August 23, 24, and September 13, 2000.

The inspections on February 29 and March 1, 2000 found the water temperature to exceed 49 degrees Celsius, as did the inspections mentioned in the allegation. Exhibit A-5 is a fax sent to the operator on November 17, 2000 indicating that the author had

turned down the water heater as per the operator's request that past spring. The Tribunal cannot know from the evidence placed before it, just when this adjustment was made. There is, however, uncontradicted evidence that the water temperature was too high both in the spring and late summer. The Tribunal finds this to be a non-compliance.

- (i) there was a failure to ensure that records were kept of each monthly fire alarm drill contrary to section 109(1)(b)(ii) of Regulation 70 under the Child and Family Services Act as identified during licensing inspection on August 23, 23, and September 13, 2000.*

Ms. Price testified that she found an appropriate policy in regard to fire drills but not evidence that there was compliance with that policy. The log book, she testified, noted fire drills on only February 21 and June 13, in 2000. The provisional licence of October 25, 1999 indicates that there was a record of a fire drill on only in May of that year (exhibit R-2-88). The resident children interviewed in the August-September 2000 inspections indicated that fire drills were held irregularly. One child had experienced only two fire drills since arriving in April (exhibit R-2-155). Applicant's exhibit A-3-42, a record of fire drills, indicates that drills were held in February, April, June (twice) and September. This is not what the Regulation calls for. The Tribunal finds this to be a non-compliance.

- (j) there was no evidence to indicate that staff were trained in the proper use of fire extinguishing equipment and there was a failure to ensure that records were kept of each training session involving proper use of fire extinguishing equipment by all staffpersons contrary to section 109(1)(f) of Regulation 70 under the Child and Family Services Act as identified during licensing inspections on August 23 and 24 and September 13, 2000.*

Ms. Price testified that during the inspections noted in the allegation, there was no policy relating to staff training on the proper use of fire extinguishing equipment, nor was there a policy requiring recording of such training. There was no record of training in the personnel files, she testified. Exhibit R-2-99, the terms, conditions and directives to be attached to the proposed final provisional licence to expire September 5, 2000, identifies this section of the Regulation. We conclude that this is a result of an identified non-compliance. Exhibit A-3-44 shows photos of a fire equipment training session. The operator testified that he did not record the training in the files. Exhibit A-3-51 appears to be a contract, signed by the operator, for annual inspection of fire extinguishing equipment and a "Hands-On" fire extinguisher demonstration. This one-time training session gives no assurance that all staff will be given appropriate training in this area, and there is no policy to ensure it. The Tribunal finds that to be a non-compliance.

- (k) there was a failure to ensure that nightly inspections of the premises were recorded, contrary to sections 109(1)(g) and (h) of Regulation 70 under the Child and Family Services Act as identified during licensing inspections on August 23, 24, and September 13, 2000.*

Ms. Price testified that in the inspection noted in the allegation there was not, to the best of her belief, a policy regarding nightly inspections of the property, and that the daily log showed no recordings of such safety inspections having been done. Exhibit R-2-70, the summary of terms and conditions of a CWP provisional licence effective April 26, 1999, identifies this issue. The operator testified that such nightly checks are carried out without exception. He said that there was no separate log, but note is made in the daily log. Exhibit A-3-52 shows daily logs with the security check mentioned. These logs, however, begin on September 13, 2000, the day of the last inspection. The Tribunal finds that, at the time of the inspections, this was a continuing non-compliance.

2. It is alleged that contrary to section 196(a)(iii) of the said Act, a term or condition of the licence has been contravened and more particularly,

(a) there was a failure to create a policy setting out an on-call procedure at such times as only one staff is available in the residence which would include:

(i) a description of who is on call during each shift and where they can be reached;

(ii) the ability of such person to respond within a reasonable timeframe (i.e. within twenty minutes).

The operator testified that the on-call policy has been in the policy manual throughout 2000. The policy in that manual appears to be satisfactory to the Tribunal. A list of instructors is kept in the office, as is a list of neighbours who might assist in an emergency. The operator is available on his cell-phone when he cannot be contacted by land-line. While in practice the program does not specifically identify an individual who is on-call at any particular time, the Tribunal is satisfied that the spirit of the requirement is met and that the safety and welfare of the residents is in no way jeopardized as a result. The Tribunal finds that this is not a non-compliance.

(b) there was a failure to amend current policies and procedures to provide:

(i) attempts to be made by the licensee to obtain immunization records of the residents from the referring agency;

(ii) where the attempts set out in (i) were not successful, this was to be noted/dated/signed off in the resident's file;

(iii) consultation with the local Medical Officer of Health regarding the need for immunization on a case by case basis where the children's immunization records were not available from Germany;

(iv) where recommendations for immunizations by the Medical Officer of Health were carried out in accordance with (iii), that appropriate records of such immunizations should be kept in each child's file;

- (v) inclusion of this new practice as part of the screening/orientation of program/residence.*

With respect to (b)(i), exhibit A-3-61 shows a fax dated April 10, 2000 from the operator to Herr Seidl emphasizing the importance of getting immunization records of the residents from the German authorities. The Tribunal finds that this condition was met.

The operator admitted that the recording specified in (b)(ii) was not done. The Tribunal finds that this is a non-compliance.

There is evidence (exhibit A-3-17 and the operator's testimony) that the operator wrote to the local medical officer of health on June 25, 2000 asking for advice on developing a policy for instances where he has no immunization record for residents. When no reply was received, he hand-delivered a copy to the doctor's office. At the time of the hearing there still had been no reply. The Tribunal finds that the operator has made sincere attempts to comply with item (b)(iii). That the attempts have failed is not the fault of the operator. Since items (b)(iv) and (v) depend on accomplishing item (b)(iii), it would be unreasonable to find the operator in non-compliance in these regards.

3. *It is alleged that contrary to section 196(c) of the said Act, the activity for which the licence is required is carried on in a manner that is prejudicial to the children's health, welfare and safety in that:*

(a) The Language Barrier:

- (i) There was a failure to ensure that the residents clearly understood their rights and responsibilities during their placement.*

The residents are isolated by virtue of the language barrier. Most of the residents arrive in Canada from Germany and do not understand or speak English. None of the current staff speak German satisfactorily and there are no persons who are readily available to the residents with whom they can communicate in their native language.

The licensee has submitted a protocol that would enable staff (not residents) to contact German-speaking individuals on an as-needed basis.

Information with respect to residents' rights, fire evacuation plan, complaint procedure, and information with respect to appropriate individuals to contact for the purpose of lodging a complaint have been translated into German and posted at the residence.

However, the written procedures governing the expression of concerns or complaints by residents are insufficient in terms of questions and concerns that residents may have regarding the posted written procedures. There is a need for the residents to

have someone available who can effectively address their immediate questions and concerns (i.e. ideally a German-speaking staffperson who would be available at all times).

The language barrier between the residents and staff means that the rights of the child are effectively compromised.

For example, one resident, SG, was illiterate and, thus, the posted translation in and of itself, without verbal translation, would have been of no assistance in ensuring he understood his rights.

During the licensing inspections of August 23, 24 and September 13, 2000, it was revealed that staffpersons rely on other residents to translate for them when they feel it is necessary. To rely on the children for translation is inappropriate and does not guarantee that the residents truly comprehend their rights.

Both the operator and Herr Seidl testified that the children are explained their rights and responsibilities before they come to Canada. Those rights, however, may not comply exactly with those contained in the CFSA. Both an English copy of their rights and a German translation are available on-site. As the Applicant's submissions point out, the children come to the program voluntarily, with the consent of parents and the social service agency. There is a clear understanding on the part of these parties that the environment is one of English immersion. The Tribunal finds no problem in having to rely on a resident to translate for an illiterate colleague, especially as this would be a near repetition of what the child had already heard in Germany. The list of German-speaking contacts in CWP's Policy Manual (exhibit A-2) is clearly there for the benefit of the children, regardless of who makes the initial call. Herr Seidl testified that he is in contact with residents on an as-needed basis. The Tribunal finds no fault with the operator in this aspect of the "language barrier."

(b) The Potential Impact of the Language Barrier During High Risk Situations and Wilderness Events:

- (i) the personal safety of a resident and/or others at the residence would be at risk if a resident does not fully understand the procedure to follow during emergencies (e.g. fires).*
- (ii) the personal safety of a resident or others would be at risk if a resident does not understand instructions or directions when participating in the wilderness activities.*

If regular fire drills were conducted, a matter in which the Tribunal has found the operator to be in non-compliance, language would be no issue in case of fire. The operator testified that children are not involved in any potentially dangerous activity until the instructors are satisfied that the child will be successful. Nonetheless, unexpected events can occur. It has been the individual experience of the members of the panel that in such cases instructions are conveyed as much in gestures as orally, and, if

orally, in very simple terms. There is no evidence that this potential risk to safety has ever materialized at CWP. While it would be ideal to have someone bilingual in English and German with the children at all times, the lack thereof has not been demonstrated to the Tribunal's satisfaction to constitute a serious risk to the residents.

(c) Process Concerning Serious Incidents

There are serious concerns related to the process followed with regard to a resident's (OE) potentially suicidal gesture on August 15, 2000 as noted in the daily log. The incident involved the resident running out of the residence into the barn and being found in an extremely agitated state holding a rope. The child needed to be restrained. Although the child was brought to hospital, he was taken back to the residence before being seen by a doctor.

Of particular concern is that there is nothing to indicate that the child has received any follow-up treatment.

The operator phoned Ms. Murray on the day of this incident, mentioning his concern about OE. He took the child to the hospital. He took the child to the doctor who serves the program. At the time, the local Community Counselling Service was on strike and could not provide treatment, but OE has subsequently received counselling. The incident was written up in the daily log. At the time the operator did not consider this incident to constitute a "serious occurrence." Some days later Ms. Murray told the operator that she thought this should be reported as a serious occurrence, and the operator subsequently submitted a serious occurrence report. Three days after the incident the child turned eighteen and passed out of the jurisdiction of the Director. There is no evidence of other serious occurrences before the Tribunal. The Tribunal does not find the Director's concern, as noted in the allegation, to be substantiated.

(d) Complaint Procedure

According to the complaint procedure, there is a four-step approach to the follow. As it reads, each step of the process must be exhausted before moving to the next one (in short, the process involves first discussing a problem with an instructor and if the problem remains unresolved, it goes to the Director, then to the child's parents or the child's social worker or the Ontario Ombudman's Office and finally, a contact list is included which sets out the telephone numbers of the referral source and various agencies).

Of serious concern is that the procedure suggests that only at Steps 3 or 4 should a resident speak to an independent third party regarding his complaint. This not only compromises the complaint procedure but it also appears to conflict with the rights of the child as set out in section 103 of Part V (Rights of Children in Care) of the Child and Family Services Act.

The Tribunal considers it entirely appropriate that an attempt should be made to resolve complaints internally before calling in an outside mediator. None of the rights outlined in

section 103 of the CFSA is denied to a child by the CWP complaints procedure, although no mention is made of the Office of Child and Family Service Advocacy, an omission that should be rectified. The Tribunal finds that the Director's concerns in this regard are without foundation.

ANALYSIS:

The operator has a long history of service in residential care. He has been an official in the Ministry of Community and Social Services, during which time he conducted licensing inspections of residences for young people. He should be fully aware of the need to comply with the Act and Regulation governing the running of group homes. Nevertheless, he has been in continuous non-compliance in a number of areas since the first provisional licence was issued.

Some of the areas in which the Tribunal finds the operator to be in non-compliance are in fact only partial non-compliances. Record keeping has obviously been a substantial problem. Nevertheless, there are ample areas of non-compliance to justify the Director in his decision not to renew the CWP licence. The operator had been warned that the last provisional licence was to be the final one, but various non-compliances were still found in the September 2000 inspection.

There is evidence that the operator has taken a number of steps to bring CWP into compliance in certain areas since the Notice of Intention was issued. In addition, it appears that more information about the residents will be forthcoming from the authorities in Germany. These improvements should stand the operator in good stead if he decides to reapply for a licence in the future.

The Tribunal recognizes that closing the program will entail significant problems for the facility, its staff, the young people involved, and the German authorities. We propose, therefore, to instruct the Director to wait six weeks from the time of the issuance of the order to implement his proposal.

DECISION:

Pursuant to the authority vested in it by section 197(4) of the *Child and Family Services Act*, the Tribunal orders the Director to carry out his proposal not to renew the licence of Canadian Wilderness Program, this order to be effective six weeks from the date of issuance.

HEADGATE HOMES (NORTH) INC.

HEADGATE HOMES (NORTH) INC.

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER
THE *ONTARIO NEW HOME WARRANTIES PLAN ACT*

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

BRIAN M. CAMPBELL, Counsel, representing the Applicant
MICHAEL W. BADER, Counsel, representing Registrar, Ontario
New Home Warranty Program

DATES OF HEARING: November 14, 15, 16 and 17, 2000 and
November 28, 29, 20, 2000 and May 7, 8, and 9, 2001 Toronto

ORDER

PURSUANT to the provisions of the *Ontario New Home Warranties Plan Act* R.S.O. 1990, Chapter 0.31, as amended, Headgate Homes (North) Inc. (the "Applicant") appealed a Notice of Proposal dated June 8, 2000 of the Registrar of the Ontario New Home Warranty Program (the "Registrar") to refuse to renew registration of the Applicant;

WHEREAS the Applicant appealed the proposal to the Licence Appeal Tribunal requesting a hearing;

AND WHEREAS the hearing was held on November 14-17, 2000 and continued November 28-30, 2000 and further continued on May 7-9, 2001 at Toronto;

AND WHEREAS the hearing commenced on May 9, 2001 and Counsel for the Registrar advised the Tribunal that they have withdrawn their Proposal;

NOW THEREFORE this Tribunal orders, on the consent of the parties that the proceedings in this matter are hereby withdrawn and this matter before the Tribunal is therefore concluded.

Schedule "A"

LICENCE APPEAL TRIBUNAL

Between:

ANN-MARIE MATE

Applicant

-and-

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the Statutory Powers Procedure Act, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in **Order to Impound #V1502360** was impounded in accordance with subsection 55.1(3) of the Highway Traffic Act, RSO 1990, c. H. 8 as amended, on December 4, 1999.
2. The applicant, **ANN-MARIE MATE**, whose name is shown on the plate and vehicle portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. No other order to impound under section 55.1 of the Act has ever previously been made with respect to any motor vehicle then owned by the applicant.
4. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(d) of the Highway Traffic Act, stating **that the order will result in exceptional hardship.**
5. Materials provided to the Registrar indicate that the said motor vehicle is needed to transport the applicant on a regular basis for health and safety reasons and that continued impoundment of the said motor vehicle will, therefore, cause a serious threat to the health and safety of the person for whom the transportation is required.
6. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.
7. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the Highway Traffic Act that the Tribunal set aside the order to impound.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the Motor Vehicle Dealers Act, (hereafter the "Act") the parties to the proceeding, Henley Motors Ltd, (hereafter the "Dealer"), Donald Hurst and Frederick Hurst, (hereafter the 'Salespersons') and the Registrar, Motor Vehicle Dealers Act, (hereafter the "Registrar") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle dealer and salesperson:

1. The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
2. The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying, selling and leasing on behalf of a dealer. "Buying, selling and leasing" refers to showing a vehicle to a prospective purchasers or lessees or any form of negotiation concerning the purchase, sale or lease of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.

3. The Dealer agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required by the Motor Vehicle Dealers Act. The Dealer further agrees to store its books and records at the location approved by the Registrar.
4. The Dealer will ensure that all advertisements placed by or on behalf of the Dealer will identify its registered name and the address of the location approved by the Registrar.
5. The Dealer agrees not to invite the public to deal at a place other than its approved location.
6. The Dealer agrees to operate exclusively from the registered premises approved by the Registrar. The Dealer agrees to apply for the Registrar's approval, by way of prior written notice, of any change in registered premises address in the form required by the Registrar.
7. The Dealer will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a dealer under the Motor Vehicle Dealers Act.
8. The Dealer will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
9. The Dealer will not purchase vehicles without ensuring that the vehicle is registered to the seller.
10. The Dealer agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
11. The Dealer agrees that it is under a positive obligation to disclose, in writing, all material facts about the vehicles it sells or leases to its purchasers or lessees. Material facts include, but are limited to disclosure of salvage, previous salvage, accidented and repaired, frame damage and unibody damage. The Dealer agrees to make reasonable efforts to research the history of all vehicles prior to sale or lease to ensure all material facts are disclosed. The Dealer agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Dealer has sold or leased, the Dealer will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser or lessee.
12. The Dealer agrees to conduct a thorough audit of all sales of used motor vehicles sold or leased within the last 2 years, and contact all purchasers or lessees who purchased or leased vehicles without full disclosure of material fact. The Dealer further agrees to provide reasonable compensation to all purchasers or lessees of vehicles who purchased or leased same without full disclosure of material fact. The Dealer shall provide written proof that it has complied with this term of the Term and Conditions to the Registrar within 60 days of the date of this order. Said proof shall include a list of all vehicles sold or leased without full disclosure of material fact, copies of the purchase

and sale contracts or lease contracts, and the nature of reasonable compensation made or offered to the purchasers or lessees.

13. The Dealer acknowledges and understands that its registration will not be used to buy or sell motor vehicles where the Dealer knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
14. The Dealer and salespersons acknowledge that the Registrar may take further administrative action, including a proposal to revoke its registration, arising from any matters that have occurred or may occur related to honesty and integrity or financial position.
15. The Dealer and salespersons acknowledge that they have obtained or have had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out herein.
16. The Dealer agrees to comply with the OMVIC Code of Ethics and Standards of Business Practice.
17. The Dealer and Salespersons hereby consent to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
18. The Dealer and Salespersons agree and acknowledge that should either the Dealer or Salespersons intentionally breach any of the terms and conditions set out herein, in a material or significant way, in whole or in part, the Registrar is directed to and shall carry out the proposal and the Dealer's and Salespersons' registrations shall automatically be revoked.
19. The Dealer and Salespersons hereby withdraw their appeals to the Licence Appeal Tribunal.
20. The Dealer and Salespersons hereby acknowledge that they have obtained or have had the opportunity to obtain independent legal advice with respect to their consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of _____, 2001.

Date:

ASH-FAB ROOFING SYSTEMS LTD.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: MALCOLM FEALING,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

STEVE WHITLOCK, Agent for Applicant

DATE OF HEARING: May 7, 2001

DECISION RELEASED: May 14, 2001 Toronto

REASONS FOR DECISION

A hearing was held on May 7, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Ash-Fab Roofing Systems Ltd. (the "Applicant")
Motor Vehicle: 1989 GMC Sierra, plate no. XV6 847 (the "vehicle")
Date of Appeal: April 12, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on May 7, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Please see attached documents proving due diligence

- signed letters by co workers
- personal guarantee to myself several times
- letter signed by employee in question
- 3 year drivers search
- copy of employment records stating length of employment
- copy of impound # 1600209
- copy of ownership reg.

Re: Impoundment of Vehicle –Impound Order Number#1600209

To whom it may concern,

Our Ash-Fab Roofing Systems business truck was impounded March 31, 01 for a period of 45 days. We understand the reason for this impoundment was due to an unlicensed driver operating vehicle. We're in complete surprise the driver operating this vehicle, Rodney Alexander was operating this vehicle without a valid drivers license.

We understood Rodney Alexander's driver was valid upon his employment mid 2000 (please see attached drivers search).

It is our company policy to check license validity periodically, and recently Rodney Alexander claimed and made known his license to be valid. At the time of impoundment we had other valid licensed drivers available to drive this vehicle as follows:

Darryl Flynn	License# F 5688-15606-10106
Bob Wilson	License# W 4395-65806-11003
Stephen A. Whitlock	License# W 3525-72216-10930
Mark C. Whitlock	License# W 3525-52155-20419

All of the above mentioned licensed drivers were lead to believe Rodney Alexander's driver license was valid at the time of this incident. Other employees of Ash-Fab Roofing Systems were frequently car-pooled in Rodney Alexander's personal vehicle, therefore we understood his drivers license to be valid. As a go forward Ash-Fab Roofing Systems has contacted our insurance agent to ensure more frequent searches on our all employees driving records.

Please feel free to contact myself directly at (905) 564-0043, should any additional information be required.

Regards,
"Stephen A. Whitlock"

Re: Impoundment of Vehicle –Impound Order Number#1600209

To whom it may concern,
I had no reason to believe at the time the Ash-Fab Roofing Systems Inc. vehicle was impounded that Rodney Alexander's license was invalid. Please find my signature below that attests to this fact as follows:

Darryl Flynn "Darryl Flynn"
Bob Wilson "Bob Wilson"
Stephen A. Whitlock "Stephen A. Whitlock"
Mark C. Whitlock "Marc C. Whitlock"

Please feel free to contact myself directly at (905) 564-0043, should any additional information be required.

Licence Appeal Tribunal
1 St. Clair Avenue, West, Suite 1200
Toronto, ON M4V 1K6

Re: Impoundment of Vehicle –Impound Order Number#1600209

To whom it may concern,

I Rodney Alexander believed at the time (March 31, 2001) of the Ash-Fab Roofing Systems Inc. vehicle impoundment that my drivers license was valid.

Regards,

Rodney Alexander "Rodney Alexander"

Ash- Fab Roofing Systems Inc. did not produce any witnesses.

The agent, Mr. Whitlock had little to add to his appeal. He testified that Rodney Alexander joined the Company on May 5, 2000, and at that time his company was informed by it's Insurance Company that Mr. Alexander's driving licence was valid. He stated that he always admonished his employees to be careful, and that they should not drink and drive, but he never had any reason to check the validity of Rodney's licence.

As indicated above, Mr. Alexander himself stated in writing that he had not been aware that his licence had been suspended. He knew that he had been charged with impaired

driving, but he had not attended at his court hearing in February, and was therefore not aware of the suspension.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Rodney Alexander;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol content in excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 26, 2002.

The Respondent's only direct questions to Mr. Whitlock were whether he ever checked his employees drivers' licences himself, and whether the licences were checked more than once a year.

Mr. Whitlock testified that his company depended on the Insurance Company to do the checking, and that it was normal practice to do the checks once a year. He claimed that he had learned his lesson and that he would check personally and intermittently in the future.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

As to issue filed, the Tribunal finds that Rodney Alexander's driver's licence was under suspension at the time of the impoundment, and that he was driving the Applicants vehicle at the time. The grounds of appeal under section 50.2(3)(c) of the Act require that the Applicant show the Tribunal that he exercised due diligence in attempting to determine that Mr. Alexander's driver's licence was not suspended at the time of the impoundment of the Applicant's vehicle.

While the Applicant's Insurance Company policy did demonstrate an effort in this regard, the Tribunal finds that simply asking Mr. Alexander if he had licence and relying on the insurance company was insufficient in demonstrating due diligence on the Applicant's part. The Tribunal finds that it is not the responsibility of a third party, such as the Applicant's insurance company, to perform the tasks required of the Applicant to show its own due diligence.

The Tribunal finds that the Applicant has failed to establish that it exercised due diligence as required by the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

MED - 0549

Appeal under section 50(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Minister pursuant to section 32(12)(b)(i) of that Act.

TO CHANGE THE CLASS OR CLASSES OF MOTOR VEHICLE IN RESPECT OF WHICH THE LICENCE WAS ISSUED

TRIBUNAL: ROY MELVIN, M.D., Presiding Member

APPEARANCES: KIM BEINTEMA, Respondent
Representative for the Minister

Applicant,
unrepresented

DATE OF HEARING: May 3, 2001 Peterborough

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act* (Ontario).

FACTS:

The Applicant suffers from cardiac disease and made a good recovery from an M.I. in August 1997, as reported by his family doctor Physician # 1 on April 24, 2000. The Ministry of Transportation advised him that he no longer meets the medical standards for a classified licence with instructions on how to apply for a medical waiver.

He was referred to a cardiologist Physician # 2 who reported his condition on October 10, 2000 and suggested that consideration of a medical waiver be deferred awaiting cardiac investigation. Physician # 2's report of December 22, 2000 indicates that the Thallium Scan raises the possibility of two vessel C.A.D. An Echodoppler test showed grade 2 1/2 L.V. A repeat coronary angiogram was ordered.

On January 23, 2001 the Ministry of Transportation notified the Applicant that his licence was downgraded to "G" and that he may appeal this decision to the Licence Appeal Tribunal. The Applicant submitted an appeal received on April 4, 2001.

On February 27, 2001 there was a reassessment report from Physician # 2 indicating that his angiogram shows evidence of new disease and despite his relative freedom from symptoms, should have an angioplasty.

The Medical Advisory Committee's report of April 17, 2001 upheld the downgrading of his licence to "G" and notified the Applicant that he would require an up-to-date medical assessment from an interventional cardiologist to decide if he can safely operate a class "A" motor vehicle.

All of the above evidence was presented by the Respondent as received by the Ministry for the purpose of this appeal.

The Applicant began his testimony by providing new medical reports of his progress since the last report on file. It indicated that he had an angioplasty on March 1, 2001 by Physician # 3 at the T.G.H. and a follow-up assessment by his cardiologist dated April 27, 2001 indicating the beneficial effects of his surgery and improved cardiac status.

It was explained to the Applicant that this new evidence was inadmissible for this hearing because of their late disclosure contrary to the Tribunal's Rules of Procedure. These reports were given directly to the Ministry's representative who will submit them as soon as possible to the Medical Advisory Committee for reconsideration.

ISSUES:

Should the decision of the Minister to change the class or class of motor vehicles in respect of which the licence is issued in accordance with the result of the examination be varied, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

17.
 - (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
 - (a) has no history or clinical diagnosis of diabetes that requires insulin for control;
 - (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the applicable class safely;
 - (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class;
 - (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
 - (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure, qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.
 - (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full recovery and there is no established history of a second occurrence of myocardial infarction, thrombosis or recurring angina pectoris.

- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.
- 18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,
 - (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
 - (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
 - (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

- (1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

From the medical evidence presented for the purpose of this appeal. This Tribunal finds that the Applicant did have significant coronary insufficiency to contravene Regulation 340/94, Section 17(1)(c).

The CMA Physicians guide to determine Medical Fitness to Drive, Section 8.1.4 states that angiographic demonstration of 50% or greater reduction in patency of the left main coronary artery should disqualify that person for commercial driving.

DECISION:

Upon the application by the Applicant to appeal the decision dated January 29, 2001 of the Minister ("Respondent") to change the class or classes of motor vehicle in respect of which the licence was issued pursuant to Section 32(12)(b)(i) of the Highway Traffic Act ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

Roy Melvin, M.D.,
Presiding Member

RELEASED: May 10, 2001

CHAD J.H. McNAMARA

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: JEAN-MARC LEFEBVRE, Q.C.,
Vice-Chair

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

CHAD J.H. McNAMARA, Applicant

DEBBY JO HILL, Agent for the Applicant

DATE OF HEARING: May 10, 2001

DECISION RELEASED: May 16, 2001 Ottawa

REASONS FOR DECISION

A hearing was held on May 10, 2001, at Ottawa, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Chad J.H. McNamara (the “Applicant”)
Motor Vehicle:	1989 Honda Civic, plate no. AEJT 104 (the “vehicle”)
Date of Appeal:	April 17, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on May 10, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Owner's Position to Appeal

On Friday March 31, 2001 Tim Stallwood, Steve Wakely and myself Chad McNamara went into Ottawa to go out for the evening. We had plans to go to a nightclub so we went to my sisters house to park the car. She lives in the west end of Ottawa. Our intention was to take the bus downtown. Steve mentioned the buses would not be running when the clubs closed and not wanting to walk back offered to be the DD or designated driver for the evening. In support of grounds to appeal #3- I had not seen Mr. Wakely for several weeks. I was not aware that he had been to court and had his licence suspended. Neither he nor any of my other friends mentioned this to me. At the time I had no reason not to accept his offer to be our DD for the evening. On reflection I realize I made the innocent mistake of assuming that everything was correct. I now realize, hopefully not too late, that one should ask even those you think are friends relevant questions.

I feel that the lose of my car does fall under section 55.1 of the Act. I attend college in downtown Ottawa and live in a small rural community 32 km from the nearest public transit. To get to school I drive to the Park & Ride where I take the bus. I have attached the enrolment papers for my course. Since losing my car I have been unable to find a ride to the bus stop. This has interrupted my studies. As I was not the driver nor the person under suspension I feel Section 22 (3) (d) (i) of regulation 574, R.R.O. 1990 applies to my case.

In closing I would appreciate the tribunal setting aside the impound order so I can continue my education. While I realize ignorance is not a defense, I do hope that I will not be punished for my "friends" dishonesty or omit ion.

The following documents are attached as

- Money order for \$100.00 payable to the Minister of Finance
- Notice of Appeal form
- Owner's Position in Appeal
- Copy of Ministry's order to impounding the vehicle
- Copy of the owner's ownership permit
- Two copies of all written material

Applicant also sought permission to introduce a photocopy of an original letter, dated August 30, 2000, addressed to him by Willis College of Business and Technology, for the purpose of establishing that he was enrolled as a full time student in a Network Architect Diploma Program, at a tuition cost of \$16,000.00, for a full year term extending from the end of November 2000 to the end of November 2001. The representative of the Registrar indicated that a copy of the letter in question had been forwarded to the Registrar and consented to its introduction as an exhibit. A copy of the document, which had been previously filed by Applicant with the Tribunal, was compared with the original and all parties agreed to its filing as exhibit #7.

Applicant was the only witness to present evidence in this matter. His evidence was forthright. It followed very closely the written memorandum which he had submitted to the Tribunal and was entirely consistent with the content of the memorandum throughout.

Applicant stated unequivocally that he permitted his friend, Steven B. Wakely, to drive his motor vehicle on the April 31, 2001 without even thinking of asking him whether he was currently in possession of a valid driver's licence.

Applicant testified that he only became aware that Steven Wakely's licence had been suspended when Steven admitted, to the Ottawa Police Constable who had intercepted

the vehicle for a minor traffic infraction, that his licence was under suspension since a few days earlier. In fact, the suspension was for the Criminal Code of Canada offence of driving with more than 80 milligrams of alcohol in his blood, for which he was convicted on April 21, 2001.

Applicant testified that that he did not take any steps, nor did he undertake any enquiries whatsoever, to ascertain the licence status of the proposed driver and that he merely presumed that Steven Wakely was the holder of a license. When he was cross-examined, he readily admitted that he had not undertaken any active steps whatsoever in fulfilment of the onus upon him as set out in Subsection 50.2(c) of the *Highway Traffic Act*, R. S. O. 1990, Chap H.8, as amended.

Applicant presented the following evidence in support of his appeal on the grounds of exceptional hardship: he lives at the outer reaches of the newly revised boundaries of the amalgamated city of Ottawa, namely at Constance Bay, where there is no public transportation. The closest public transportation is 32 kilometers away from his home. To get around, he has to find random rides with friends. He has a sister in Ottawa. However, he states that there are already too many people living with her, in her home, and that to contemplate asking her to take him in for the duration of the vehicle impoundment period would have been unreasonable, as he would have to be getting up by 4:00 a.m. to be able to get ready for school, having regard to the large number of persons in the premises who also have to get going in the morning. He stated that it was really too inconvenient, and he did not consider this a reasonable option. He readily admits that he did not seek her help in that regard.

On cross-examination, he testified that he had an arrangement in place with his mother to get him to school or to the bus to get to school for the next 5 days i.e. when his vehicle impoundment period would run out. He stated that he had missed 7 or 8 days of school since the impoundment began. He stated that he had otherwise managed to get to school, albeit sometimes arriving late and being taken to task for this by his teachers. He did state that his studies had not faltered and that he did not, at that time, have an educational loss although his reputation for timeliness had suffered and he had been warned on the matters of missing school and lateness.

It is at this juncture that he outlined the future difficulties which he would face by reason of his impecunious state: he is facing the prospect of being unable to pay the impoundment charges. On cross-examination he readily admitted that what was of great concern to him was the continuing difficulty he would encounter by the prospect of forfeiture of his vehicle for non-payment of impound charges and the vehicle's probable sale for impound charge recovery; he was also concerned about the likelihood that he may also have to become responsible for a shortfall in impoundment recovery charges, if the vehicle is sold for less than the amount owed for the impound.

In cross-examination, Applicant was apprised of the fact that he may be entitled to recourse against the driver who brought about the difficulties, to which the Applicant expressed surprise.

Evidence for the Registrar

The Registrar did not present any oral evidence but rather made submissions based upon the law and upon the responses elicited in cross-examination of the Applicant.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Steven B. Wakely;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol Content in Excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 21, 2002.

The Registrar referred to two decisions of the Tribunal and produced copies thereof for the Applicant and for the Tribunal. The decisions with reasons are Re: Sheri Spinks – 0190/MVIA/00/041, a decision released on September 20, 2000, and Re: Debra Theakston – MVIA/99/33, a decision released on May 18, 1999.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;

- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Applicant's evidence and his submissions were not sufficient to meet the onus upon him set out by the legislation, and this Tribunal is not persuaded that it would be appropriate to set aside the impoundment order.

As to the both grounds of appeal, the evidence of the Applicant was not persuasive.

In summation, the Registrar rightly pointed out that: the evidence of the Applicant did not sustain the reasons or grounds upon which the Applicant had filed his appeal.

With respect to the due diligence grounds of appeal: there was no evidence whatsoever to sustain it.

With respect to the Applicant's appeal on the ground of "exceptional hardship", the Registrar's representative analyzed the Applicant's evidence, piece by piece, to show that the hardship which the Applicant really was alluding to was a hardship which, might or might not, come about after the impoundment period would expire, that is to say, that the difficulties which he has been facing would not be resolved by the fact that the impoundment period was due to expire in five days. His dilemma is that he is concerned by the prospect of the future loss of his educational prospects, if he cannot pay the impound charges, as he claims that he will have no way to get to school. He is also facing the prospect of having to repay the Ontario Government for the large school loan he had obtained (\$16,000.00) and he feels that he would then be unable to get a job, for lack of transportation. This Tribunal cannot indulge in such speculation and, certainly, no hard evidence was brought forward to sustain it. The Applicant has not met the onus of establishing that he has no alternative to the impounded motor vehicle.

Applicant admitted that he had not sought compensation from Mr. Stevens, and this fact was alluded to by the representative of the Registrar of Motor Vehicles as further evidence that every reasonable option had not been considered by the Applicant or inquired into, to attempt to eliminate or adequately mitigate any threat or loss.

The evidence establishes clearly that the Applicant has managed, albeit with great inconvenience, and his efforts have been successful in keeping him going, despite the difficulties he encountered. His hardship has not been exceptional nor has the Applicant established that the loss is immediate, significant and lasting.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Jean-Marc Lefebvre, Q.C., Vice-Chair

RELEASED: May 16, 2001

LORI ANNE REID

TRIBUNAL: TERENCE A. WARDROP, Q.C., Vice-Chair

DATE OF
HEARING: March 26, 2001 Toronto

BACKGROUND:

The Appellant, by a notice in writing to the Registrar and the Tribunal dated July 6, 2000, appealed the Proposal and requested a hearing by the Tribunal pursuant to Section 9(2) of the Act.

The Registrar bases the Proposal upon Section 8(2) of the Act whereby the Registrar may revoke the registration of the Appellant as a salesperson in circumstances which would disentitle the Appellant to such registration if the Appellant were an applicant for such registration. It is the opinion of the Registrar, as stated in the Proposal, that the past conduct of the Appellant affords reasonable grounds for belief that the Appellant will not carry on business in accordance with law and with integrity and honesty as required by Section 6(1)(b) of the Act.

The Appellant appeals the resulting decision emanating from this opinion of the Registrar based not only on an incomplete understanding by the Registrar of the particular circumstances of the various facts relied upon by the Registrar in the Proposal, but also upon the remedial efforts made by the Appellant following such circumstances to rectify any errors in judgement on the part of the Appellant which gave rise to such opinion and decision.

EVIDENCE:

Margaret James, a Registration Officer of the Real Estate Council of Ontario, was called as a witness by the Registrar and gave evidence as to the documentary evidence which was relied upon by the Registrar in reaching the opinion of the Registrar as contained in the Proposal. She also gave evidence as to the occasion of an interview between the Appellant and Brian Schlotzhauer, the Assistant Registrar, during which the aforesaid issues were discussed.

Brian Schlotzhauer, the Assistant Registrar, also gave evidence as to the said interview and his assessment of the circumstances of the allegations set forth in the Proposal with particular regard to the facts or events which lead to the opinion and decision of the Registrar.

The Respondent called one other witness to give evidence at the hearing, that being Christine Mitchell, who is and was at all material times subsequent to March 1, 1994, the owner and principal of Garden Green Realty / Better Homes and Gardens, the employer of the Appellant up to the date of termination on December 17, 1998. The evidence given at the hearing by Christine Mitchell dealt mainly with the events of her investigation over the course of two days from December 15, 1998 to December 17, 1998 respecting certain business transactions completed by the Appellant prior to such investigation and the said termination of employment of the Appellant. The said investigation revealed forgeries and manipulation of documents by the Appellant, including the unauthorized use of a stamping device in the exclusive custody of her employer for the purpose of obtaining temporary loans or other fraudulent financial advances on a revolving basis for the sole benefit of the Appellant. It was particularly difficult for this witness to testify as to these matters given the pre-existing friendship and trust between them due to the mentor relationship offered to and accepted by the Appellant. The facts revealed by the investigation lead directly to a report thereon to the local police authorities which thence lead to criminal charges laid against the Appellant.

The documentary evidence identified by Margaret James discloses a conviction and sentence imposed by the Ontario Court of Justice on the Appellant at a trial of these charges on October 18, 1999 at Chatham, Ontario.

The Notice appealing the Proposal signed and filed by the Appellant with the Tribunal makes reference to some facts and certain remedial actions taken by the Appellant, but due to the absence of the Appellant at the hearing before this Tribunal, no evidence was given which would substantiate these references.

THE FACTS:

From all of the evidence given at the hearing, this Tribunal finds as facts the following:

1. The Appellant at the date of the Notice of Proposal was and is registered as a salesperson under the Act, and as such is a "registrant" within the meaning of section 9 of the Act;
2. The alleged Registration History of the Appellant as set out in Section C of the Notice of Proposal, Paragraphs 1 to 18, inclusive, are true as set out therein;

3. The alleged Fraud Conviction of the Appellant as set out in Section C of the Notice of Proposal, Paragraphs 19 to 31, inclusive, are true as set out therein;
4. The alleged Bankruptcy and Terms & Conditions of the Appellant as set out in Section C of the Notice of Proposal, Paragraphs 32 to 41, inclusive, are true as set out therein;
5. The Registrar served a notice of the Proposal on the Appellant as a registrant on June 15, 1999, stating that the Registrar proposes to revoke the registration of the Appellant as a salesperson based upon the opinion of the Registrar that such past conduct affords reasonable grounds for belief that the Appellant will not carry on business in accordance with law and with integrity and honesty.

THE LAW:

Pursuant to section 8(2) of the Act, the Registrar may revoke the registration of the Appellant under the Act for any reason that would disentitle the Appellant to registration under section 6 of the Act:

.....

"8(2) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 6 or 7 if the registrant were an applicant or where the registrant is in breach of a term or condition of registration."

Pursuant to section 6(1)(b) of the Act, the Appellant is entitled to registration or renewal of registration by the Registrar, inter alia as a salesperson, except where the past conduct of the Appellant affords reasonable grounds for belief that the Appellant will not carry on business lawfully:

"6.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) ...; or

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty;"

.....

Based upon the above noted facts, the Registrar has reached the decision that there is reasonable grounds for belief that the Appellant will not carry on business in a lawful manner, and pursuant to section 9(1) and (2) is required to serve a notice on the Appellant:

"9.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar

shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal."

.....

The appeal comes to this Tribunal by virtue of section 9(4) of the Act, which provides:

.....

"9.(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar."

.....

Applying the statutory provisions of the Act to the facts of this particular case, the only question to be determined by this Tribunal is whether or not the Registrar erred in reaching the decision that the past conduct of the Appellant affords reasonable grounds for belief that the Appellant will not in the future carry on business as a salesperson in accordance with the law and with honesty and integrity. Such an opinion requires an examination into the particular circumstances of the past conduct of the registrant and the likelihood that such conduct will be repeated by the registrant in the future or some other equivalent conduct or unlawful act. In the opinion of this Tribunal, the opinion of the Registrar as contained in the Proposal is entirely appropriate in this case.

DECISION AND ORDER:

The onus of proof that the Proposal is correct lies with the Registrar, and this Tribunal finds that this onus has been discharged in the face of all of the evidence given at the hearing and for the reasons hereinbefore stated. Accordingly, this Tribunal, pursuant to the authority vested in it by section 9(4) of the Act, directs the Registrar to carry out the Proposal to revoke the registration of the Appellant as a salesperson under the Act.

LICENCE APPEAL TRIBUNAL

Terence A. Wardrop, Q.C.,
Vice-Chair

RELEASED: May 17, 2001

GEORGINA TOULOUSE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

GEORGINA TOULOUSUE, Applicant
unrepresented

DATE OF HEARING: May 16, 2001

DECISION RELEASED: May 17, 2001 Toronto

REASONS FOR DECISION

A hearing was held by teleconference on May 16, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Georgina Toulouse (the "Applicant")
Motor Vehicle: 1996 Chevrolet Monte Carlo, plate no. 823 ZAN (the
"vehicle")
Date of Appeal: May 7, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on May 16, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The Licence Suspension Appeal Board
1 St. Clair Avenue West, 12th Floor
Toronto, Ontario
M4V 1K6

April 18, 2001

Reference No. 2G1WW12M22T9131710

Impound Order No. 1501981

Dear Sir:

This letter is to appeal "The Order To Impound" on the following grounds:

"The loss of my vehicle will result in exceptional hardship". The vehicle is required for basic necessities which are located at another town and city. It is 10 miles to the nearest school, grocery store, pharmacy and bank. The closest hospital in case of emergency is 25 miles away in Espanola or Elliot Lake.

Your consideration on this appeal will be greatly appreciated. As owner of this vehicle, I was not aware of the above circumstances. This has caused considerable stress. Thank you in advance for giving this matter your consideration.

Georgina Toulouse

At the hearing, both in examination in chief and cross-examination, the Applicant attested to the fact that she walks to work and has alternate modes of transportation when required. The Applicant owns another vehicle which she uses to take refuse to the dump.

The Applicant has admitted to losing no time of work due to the impoundment, and confirmed that she has incurred no financial loss.

The Applicant further testified that her health has not been, nor would it be at risk, due to the loss of the vehicle. If she were to require assistance, her neighbours and family would be there to help.

The driver of the vehicle at the time of impoundment has agreed to pay a portion of the cost of impoundment.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Justin J. E. Lewis;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 6, 2002.

The Respondent offered no evidence other than the documentation offered prior to the hearing.

In closing, the Respondent argued that the Applicant appealed on the grounds of "...financial hardship...". The Applicant has an alternative vehicle and her health and safety are not in danger due to the impoundment. Further the Applicant suffered no immediate and long lasting losses, and is aware that she can recover the costs from the driver of the vehicle.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional: Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant testified that she has an alternate vehicle.

Thus, as the Applicant has alternate methods of transportation and as she manages to continue to carry on her responsibilities without the impounded vehicle, the Tribunal may not consider the grounds set out in 22.(1) of Regulation 574 as amended.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of section 22(3)(b) O. Reg. 574 as amended by which provides that the Tribunal may not regard the grounds of appeal set out in clauses 2(b), (c) or (d) of section 22(2) unless the Applicant shows proof that loss will be immediate, significant and lasting. The Applicant denied having incurred any financial burden.

The Applicant has not satisfied the Tribunal that financial loss has been incurred or that extra expenses which could be considered hardship have occurred.

Is the loss upon a person ordinarily transported in the motor vehicle?

The Applicant is a person ordinarily transported in the vehicle.

Is the loss upon a person other than the driver of the motor vehicle and not a result of that driver's loss?

O. Reg. 632/98, Subsection 22(3)(d)(i)(ii), amending Regulation 574 provides that this Tribunal may not consider loss set out in section 22(2)(b), (c) or (d) unless the owner demonstrates that:

d) the impact of the loss,

i) will be upon a person other than the person whose driving while his or her driver's license was under suspension resulted in the order to impound the motor vehicle and...

ii) will not be a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d).

The Applicant meets the requirements of Subsection 22(3)(d)(i) as the loss of the impounded vehicle is upon a person other than the suspended driver.

The clause in section 22(3) are cumulative, the Applicant must meet all the criteria set out in that section in an appeal. As indicated above, the Applicant does not meet the criteria of clause 22(3)(a) and (b).

After assessing the evidence presented, the Tribunal finds that the Applicant has not established that she has suffered exceptional hardship as required under section 50.2(3) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: May 17, 2001

WILLIAMS and MAXAM

SHARON WILLIAMS AND DANIEL MAXAM

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE *ONTARIO NEW
HOME WARRANTIES PLAN ACT*

TO DISALLOW A CLAIM

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

SHARON WILLIAMS AND DANIEL MAXAM, appearing on their
own behalf
KAREN JONES, Counsel, representing the Ontario New
Home Warranty Program
No one appearing on behalf of CHAHAL AND SON CONTRACTOR
INC., the Added Party

DATES OF HEARING: March 13 and 14, 2001 and
May 7, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

Sharon Williams and Daniel Maxam (the "Applicants"), appeal the decision of the Ontario New Home Warranty Program (the "Program") set out in its decision letter of April 25, 2000 (Exhibit 1).

The home of the Applicants, which is the subject matter of this hearing, is situated at 34 B Lambton Avenue in the City of York. The Applicants purchased the home pursuant to an Agreement of Purchase and Sale with Chahal and Son Contractor Inc., (the "Added Party"). The transaction closed and Applicants obtained possession of the home on September 31, 1997. After the Applicants obtained possession of the home, the Added Party went out of business.

At the commencement of the hearing on March 13, 2001, counsel for the Program, made a motion to the Tribunal on the basis set out as follows:

1. On November 8, 2000 when this matter came before the Tribunal for hearing, the Applicants had handed the Program a report by an individual who the Applicants intended to call as an expert witness.
2. The Applicants had failed to comply with Rule 6.(4) of the Rules of Practice of the Tribunal in that they had failed to make timely disclosure of the written report of the Applicants' expert.

3. The Program accordingly moved for an adjournment of the hearing in order to consider the Applicants' expert's reports handed to the Program's counsel on November 8, 2000.
4. The Tribunal issued an Order on November 8, 2000, granting the Program an adjournment so as to enable the Program's counsel to consult its expert for the purpose of examining the report of the Applicants' expert.
5. The November 8, 2000 Order of the Tribunal also stated that the Applicants were to provide a Curriculum Vitae "of any expert witness upon whom they intended to rely at the hearing".
6. At the commencement of the hearing on March 13, 2001, Applicants handed to the Program's counsel a report of one Kaleides who had been retained by the Applicants in lieu of the expert whose report they had attempted to hand in on November 8, 2000.
7. The report of the Applicants' new expert, Kaleides, was provided in an untimely fashion without complying with Rule 6(4) of the Tribunal's Rules of Practice and no Curriculum Vitae of Kaleides was provided. This was done in breach of the November 8, 2000 Order of the Tribunal.
8. The Program's counsel accordingly moved that the Kaleides report not be permitted to be entered or received in evidence.

In response to the Program's submissions, the Applicants conceded that they had not provided the Program with a Curriculum Vitae of Kaleides but had merely provided a report of Kaleides to the Program's counsel on the morning of the hearing on March 13, 2001. The Applicants also conceded that this was a report of a new expert retained by them in the last few days, well after November 8, 2000. The Applicants also stated that the late production of the Kaleides report was due to the fact that the Applicants' original expert had not cooperated with them and as a result they had sought the services of someone else to testify on their behalf. Their endeavours to find a replacement for their original expert were not successful until they managed to retain Kaleides when it was then too late to comply with the Tribunal's November 8, 2000 Order.

Having heard the parties submissions and upon considering such submissions, the Tribunal ruled that the Applicants had complied with neither the Tribunal's Rules of Disclosure regarding expert witnesses nor the Tribunal's Order of November 8, 2000. Accordingly, the Tribunal ordered that Kaleides would not be permitted to testify as an expert witness.

The hearing then proceeded and Sharon Williams commenced her testimony.

The Added Party, added as a party to this hearing by the Tribunal's Order of July 18, 2000, was not present or represented at the hearing.

THE EVIDENCE:

The evidence adduced at the hearing, both documentary and oral, was as follows.

On October 29, 1997 the Program received written notice from the Applicants of certain deficiencies in the home. On March 1, 1998 Applicants completed a conciliation request form and forwarded it to the Program. (Exhibit 4, Tab 3)

On April 21, 1998 the Program's warranty representative Mark Roccatagliata attended at the Applicant's home with the Applicants to inspect the home. The Added Party did not attend the meeting. At the meeting, Roccatagliata completed a written "Field Report". (Exhibit 4, Tab 4) This report noted the complaints pointed out to Roccatagliata by the Applicants and his observations regarding those complaints.

On April 29, 1998 following the inspection of April 21, 1998, the Program's conciliation report was sent to the Applicants. The report contained 27 items which the Program considered as covered under warranty (Schedule A(1) items) and four items considered as not covered under warranty (Schedule A(2) items). At the hearing, Applicants took no issue with the four non warranted items.

The Program called upon the Added Party to repair the items covered under warranty. Due to the non cooperation by the Added Party, the Program approached three building contractors on July 7, 1998 and invited them to quote on the repair of the items covered under warranty. Of the three contractors only one responded and submitted a quotation. This contractor had done work for the Program before and the Program had found the work to be satisfactory. Accordingly this contractor, The Paisley Group Inc., was awarded the contract for repairs in regard to the warranted items. The Program had prepared a work schedule in regard to the 27 items covered under warranty. This schedule included the scope of repair work to be done relative to each item and the estimated cost of repair work for each such item. (Exhibit 4, Tab 8) The total estimated cost of repairs to the 27 warranted items was \$12,993.75 plus G.S.T. in the sum of \$901.16.

Subsequently, reinspections were held at the home on September 24, 1998 and October 1, 1998. The Applicants, Roccatagliata and Dwight Lawrence, another warranty representative, attended these reinspections.

Pursuant to these two reinspections a conciliation reinspection report was issued by the Program in which a further 6 items were noted as items covered under warranty. The total estimated cost of repairs to these six additional items was \$7,075.00 plus \$495.25 G.S.T. A work schedule of repairs necessary for each item, together with the cost of repairs to each item, was prepared by the Program and accepted by The Paisley Group Inc. which was awarded this contract on October 21, 1998. (Exhibit 4, Tab 12)

The Applicants took issue with neither the 27 warranted items nor the six additional warranted items. The Applicants had been notified by the Program as to the repairs, the scope of the repairs and the awarding of the contracts for such repairs to The Paisley Group Inc.

On October 27, 1998 The Paisley Group Inc., advised Roccatagliata that although numerous attempts had been made by it to make interior repairs to the home, the Applicants had not allowed access to the home.

In early November of 1998, Sharon Williams informed Roccatagliata that she did not want the repair work to proceed as she had a young baby who she feared would be adversely affected by the repair work, and she wished the repairs to be delayed until the Spring of 1999. Certain work had already been done by The Paisley Group Inc., and by the end of November 1998 they had debited the Program with \$7,657.00 in repair costs. However, the Applicants were not satisfied with the repairs done by The Paisley Group Inc., and refused to allow further repairs to the home. On December 9, 1998 the Program offered the Applicants a cash settlement in lieu of having the balance of repair work done. This cash offer made to the Applicants by the Program was for \$9,308.81. The offer was refused by the Applicants.

On May 3, 1999 a further conciliation reinspection of the home was carried out Dwight Lawrence of the Program in the presence of both Applicants. On May 11, 1999 a conciliation reinspection report was issued by Lawrence (Exhibit 4, Tab 22).

On June 11, 1999 the Program made a revised cash settlement offer to the Applicants. This offer comprised:

- (a) The outstanding items not repaired by The Paisley Group Inc. on the first work schedule (Exhibit 4, Tab 8) and set forth in that work schedule under item numbers 2, 3, 4, 7, 8, 11, 12, 13, 14, 15, 16, 18, 22, 23, 25, 26 and 27. The amount offered in respect of the aforesaid items was \$4,361.25.
- (b) One outstanding item of repair on the work schedule of October 21, 1999 (Exhibit 4, Tab 12). This item number 4 and the estimated value thereof was \$775.00.
- (c) All items, other than item 7, on the May 11, 1999 conciliation reinspection report which were estimated to cost \$10,760.00. Item 7, according to Roccatagliata, been repaired.

The sums contained in (a), (b) and (c) above total \$15,896.25.

Lawrence testified that he is currently employed with the Program as the Regional Manager for the East/Central area of Ontario and is responsible for an office staff of 18 persons. Prior to his holding this position, he was Manager of the Program's West Central office. Before joining the Program, he was the Director of Construction for an international company and had personal involvement in the overseeing of the construction of thousands of homes.

He stated that he attended at inspections of the Applicants' home with Roccatagliata and the Applicants and confirmed with reasons why the Program was warranting various items in the home while not warranting other items.

Roccatagliata also testified at the hearing and gave a background of his experience in the building industry which dated back to 1982 and includes a college diploma in architectural technology. Since 1988 he has worked at the Program and held positions as a conciliator, warranty representative and contract manager. In his employment with

the Program he has inspected approximately 2800 homes. Roccatagliata further testified as to the estimated cost of repairs to the various warranted items and described from his nearly twenty years experience in the building industry how the repair cost of each item was calculated for both labour and materials.

Sharon Williams conceded in her testimony that the Program's June 11, 1999 offer of \$15,896.25 had been received by the Applicants. By September 29, 1999 she had not decided or advised the Program whether or not the Applicants would accept the Program's offer of settlement. She did however write to the Program on September 29, 1999 advising it that she was going to obtain an assessment of the cost of repairs still outstanding from an independent contractor as she believed such outstanding repairs was between \$35,000.00 and \$40,000.00.

On October 14, 1999 the Program wrote to the Applicants in reply to the Sharon Williams letter of September 29, 1999 pointing out that some four months had passed since the June 1999 offer of settlement and that if the Applicants continued to dispute the offer the Program would issue a final decision letter which would allow the Applicants to appeal the Program's decision to the Tribunal. Finally, on January 5, 2000 the Applicants faxed to the Program a quotation from a contractor which, she conceded in her testimony, had neither details as to the scope of repairs nor the cost of repairs to individual outstanding warranted items but only contained a final globular figure of \$45,000.00 (Exhibit 4, Tab 29). The Program rejected this quotation as it was not able to assess the individual items' scope of repairs and cost of repairs. No further quotation was received by the Program from the Applicants.

Sharon Williams further stated that she had not been successful in obtaining any further quotations from contractors as none of the contractors she had approached for a quotation had agreed to furnish her with one.

Sharon Williams also stated that the Applicants had refused to accept the Program's offer of \$15,896.25 because they viewed it as inadequate to cover the cost of repairs to the outstanding warranted items. She further stated the Applicants were dissatisfied with the repairs done by The Paisley Group Inc. and for this reason she had refused them further access to the home and that she will continue to refuse them access. She also stated she will refuse to accept any contractor nominated by the Program due to the Applicants no longer having any faith in the Program or its contractors' abilities to satisfactorily do the necessary repairs to the warranted items.

FACTS FOUND PROVEN:

Based upon the oral and documentary evidence presented to the Tribunal, the following are the facts found proven:

1. On August 25, 1997, the Applicants contracted with the Added Party to have a residential home constructed by such builder at 34 B Lambton Avenue, City of York, Ontario.
2. Pursuant to the contract, title to and possession of the home was given to the Applicants on September 31, 1997.

3. On or about October 29, 1997, the Applicants advised the Program in writing of certain deficiencies in the home which the Added Party had failed or refused to repair.
4. On or about March 1, 1997, the Applicants requested the Program to hold a conciliation inspection of the home regarding the deficiencies noted by the Applicants.
5. On April 21, 1998, a conciliation meeting was held at the Applicants' home. Present at that meeting were the Applicants and the Program's representative Mark Roccatagliata who noted on a "Field Report" the nature and particulars of the deficiencies complained of by the Applicants.
6. On April 29, 1998, the Program issued its written conciliation report relating to the April 21, 1998 meeting and forwarded it to the Applicants.
7. The conciliation report contained a list titled "Schedule A1" of 27 items of deficiencies in the Applicants home which the Program considered to be covered under warranty. The report also contained a list titled "Schedule A 2" of what the Program considered not to be covered under warranty.
8. The four items in Schedule A 2 of the conciliation report of April 29, 1998 were not disputed by the Applicants.
9. The Program awarded The Paisley Group Inc. the contract for repairs to the 27 items covered under warranty in the above conciliation report.
10. Under the contract awarded to it by the Program, the scope of repair work to be done by The Paisley Group Inc. was accepted by the latter on September 16, 1998 at an agreed total price of \$12,993.75 plus G.S.T. of \$901.16.
11. Certain repairs were carried out by The Paisley Group Inc. and it was paid by the Program for such repairs.
12. On October 1, 1998, following a reinspection of the premises by Roccatagliata together with warranty representative Dwight Lawrence and the Applicants, the Program issued a reinspection report listing a further six complaints all of which were covered under warranty by the Program.
13. Pursuant to the October 1, 1998 reinspection report, the contract for repairs in regard to the six warranted items was awarded by the Program to The Paisley Group Inc. Under that contract, the scope of repair work to be done was set out as well as the cost of repairs, which cost totalled \$7,075.00 plus G.S.T. of \$495.25.
14. By November 26, 1998, the Program had paid \$7,657.00 to The Paisley Group Inc. for repair work done by it at the home and that repair work had been verified by the Program as complete.
15. The Paisley Group Inc. since November 1998 has not been permitted access to the home by the Applicants who since that date have refused The Paisley

Group Inc., as well as any other contractor nominated by the Program, permission to do repairs.

16. The Applicants refused to accept a cash settlement offer of \$9,308.81 made to them by the Program on December 1998.
17. On May 3, 1999, a further conciliation reinspection was held at the home when the Applicants and Dwight Lawrence of the Program were present.
18. On May 11, 1999, a conciliation reinspection report was issued identifying eight outstanding items covered under warranty and three items not covered under warranty. The estimated cost of repair to the eight outstanding warranted items was \$10,760.00.
19. The total cost of estimated repairs to all outstanding warranted items in the Applicants' home is \$15,896.25 which sum was offered on June 11, 1999 by the Program to the Applicants as a cash settlement which was not accepted by the Applicants and will not be accepted by them as they consider the offer to be inadequate.
20. On January 5, 2000, the Applicants submitted a written document to the Program listing 35 items that they assert require repair, for a total cost of \$45,000.00. The document does not attribute the cost to individual items or identify the scope or nature of the work required.
21. The Program rejected the sum of \$45,000.00 as it was not able to assess how that sum was arrived at as it lacked an item by item breakdown.

THE LAW:

The *Ontario New Home Warranties Plan Act* (the "Act") states as follows:

Section 13.(1) Every vendor of a home warrants to the owner,

(a) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
- (ii) is fit for habitation, and
- (iii) is construction in accordance with the Ontario Building Code;

.....

Section 14.(1)(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or

.....

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

.....

Section 14.(3) The Corporation may perform or arrange for the performance of any work in lieu of or in the mitigation of damages claimed under subsection (1).

DECISION:

The onus of proof in this matter rests upon the Applicants.

The evidence, both documentary and oral, reveals that there were deficiencies in the construction of the Applicants home. Both witnesses for the Program, Roccatagliata and Lawrence, freely conceded that there were defects in the home's construction and that it was not constructed in a workmanlike manner, free from defects in material and in breach of the Ontario Building Code. The Program accordingly conceded that there had been a violation of Section 13(1)(a)(i) and (iii).

Initially the Program listed 27 items as deficiencies "covered under warranty" and required the Added Party to repair these deficiencies. The Added Party did not repair the deficiencies and the Program, as it was entitled to do, awarded the contract for repairs to The Paisley Group Inc., a construction company which the Program had successfully used before to rectify builders' deficiencies. Subsequently, upon further reinspections of the home by the Program, there were additional deficiencies revealed and the Program added to the initial list of 27 items that it had already "covered under warranty". The repair of the further warranted deficiencies were awarded to The Paisley Group Inc.

When the Applicants complained regarding the repairs that The Paisley Group Inc. was carrying out and refused to allow the latter to continue, the Program's Roccatagliata inspected the repairs effected by The Paisley Group Inc. determined the extent of such repairs and paid the cost of such completed repair. Roccatagliata confirmed and satisfied himself as to the competency of the repairs carried out by The Paisley Group Inc. a cash settlement was offered to the Applicants by the Program in lieu of further repair work being done on the home. All offers of settlement were rejected by the Applicants including the Program's final cash offer of \$15,896.25 made on June 11, 1999. All offers of settlement were rejected as being inadequate, and the Applicants refused to allow any work on the outstanding deficiencies to be carried out by the Program's contractors.

The Applicants took the position that they would not permit repairs to be done by the Program or its contractor, and they would not accept any offers made by the Program including the final cash offer of settlement. This position was confirmed and repeated by Sharon Williams in her testimony during the hearing. She was adamant that the Applicants would not allow the Program's contractors access to the home so as to effect repairs nor would they consider accepting all offers of cash settlement in lieu of repairs.

Despite the Program's repeated requests to the Applicants to furnish a quotation or quotations as to the cost of outstanding repairs, the Applicants failed to do so. Eventually, in January 2000, the Applicants sent Program a list of items that according to the Applicants required "work to be done", with no breakdown as to the individual cost of repair to each item but merely with a total cost of \$45,000.00.

It is clear to the Tribunal that the Applicants were, and continue to be, unreasonable and uncooperative in their attitude in either allowing the Program to complete repairs or in refusing to accept the final offer of the Program. The Applicants have given no rational or reasonable explanation for refusing the Program's offer of \$15,896.25. They merely take the position it is insufficient without producing evidence as to why it is not sufficient.

The evidence of Roccatagliata and Lawrence left the Tribunal in no doubt as to their competence and expertise in the field of residential home construction. Roccatagliata, in particular, has vast practical experience in residential construction including the nature and cost of repairs to the Applicants home. The evidence showed that the Program was quick to respond to the Applicants complaints, was supportive of their concerns and in no way delayed, either in the implementation of repairs or in making cash settlement offers.

In contrast to the Program's position is the Applicants' position which can be termed as one of obstructiveness and unreasonableness. The Applicants persist in their refusal to allow access to their home for the purposes of repairs, whether by the Program or its contractors. The Applicants persist in their refusal to accept the cash settlement offered by the Program while providing no credible basis for their belief that the cash settlement offer is too low.

Under section 14(1)(b) of the Act, the Applicant's may claim the amount of their damages where they have a cause of action for damages for breach of warranty. The evidence is that the Program assessed the Applicant's claims and arranged to repair the defects. The Tribunal finds that the Program's conclusions respecting the repairs and their scope, as testified by Roccatagliata, are reasonable. The Program made every reasonable effort to arrange for the performance of the necessary work.

The Applicants refused access to the Program's agent to perform the work necessary to repair the defects. The Program has been denied the opportunity to complete the repairs. The Program's repairs would have cost the Applicants nothing as the repairs would have been done under warranty, and the Applicants would have no damages. The Applicants, by refusing to permit the Program to effect repairs, have failed to mitigate their damages.

Under section 14(3) of the Act, the Program is entitled to arrange for the performance of any work in lieu of or in mitigation of any damages claimed by the Applicants. The work arranged by the Program would, on the evidence, fully satisfy the Applicant's claims under section 14(1). The Program has arranged for the work, but the Applicant's have refused it. The evidence shows no justification for the Applicant's refusal to permit the Program to effect repairs. The Tribunal finds that the Program's arrangements are those contemplated by section 14(3) of the Act and although implementation of the arrangements is frustrated by the Applicants' conduct, the arrangements are, in themselves, sufficient to be in lieu of the Applicants claims under section 14(1).

ORDER:

Accordingly, by virtue of the authority vested in it under Section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow this claim.

Toronto

ORDER

Following attendances on May 18, 2001 at a hearing before the Licence Appeal Tribunal of G. Peter Abrahams, Counsel for JKA Motors Ltd. and Alireza Moghaddam (the "Applicants") and Aviva R. Harari, Counsel for the Registrar, *Motor Vehicle Dealers Act* (the "Registrar"),

After the hearing of evidence in this matter, rather than adjourning to another date for submissions from counsel, it became preferable to require written submissions.

Accordingly, on consent, both parties are ordered to make submissions as follows:

1. Within fifteen days from May 18, 2001, counsel for the Applicant will serve on the Registrar and file with the Tribunal his written submission.
2. Within thirty days thereafter, counsel for the Registrar will serve on the Applicant and file with the Tribunal her written submission.
3. Within ten days thereafter, counsel for the Applicant will serve on the Registrar and file with the Tribunal any written reply he wishes to make.

ORDER

Following attendances on May 15, 2001 at a hearing before the Licence Appeal Tribunal of Hassan Zayat, Agent for Cyrville Star Top Auto Sales Inc. and Hassan Zayat (the "Applicants") and Mary Jane South, Agent for the Registrar, *Motor Vehicle Dealers Act* (the "Registrar"),

WHEREAS, prior to the commencement of the hearing of this matter, I advised the parties that upon reviewing the material it became apparent to me that I had some dealings in the past with the Applicant, Hassan Zayat. Some seven years ago Mr. Zayat was a party in a proceeding where I was counsel for an opposing party. I suggested in the circumstance it might be better if I recuse myself. Both counsel for the Applicant, Mr. Samek and the representative of OMVIC, Mary Jane South, agreed.

The parties further agreed that the matter is to proceed before another Chairperson on July 18 and 19, 2001, at Ottawa. The parties agreed that I could bind over to the next hearing date two independent witnesses which had been summonsed by OMVIC, namely Nadine Cosentino of 1717 Burton Road, Vars, Ontario and Rachelle Denis also of 1717 Burton Road, Vars, Ontario. I advised the witnesses they were bound over, and I so order.

APPEARANCES:

EDWIN G. HOOKER, Counsel, representing the Applicant
NETANUS RUTHERFORD, Counsel, representing the Registrar,
Ontario New Home Warranty Program

DATE OF
HEARING: May 14, 2001 Toronto

REASONS FOR RULING AND ORDER

BACKGROUND:

The Ontario New Home Warranty Program (the "Program") issued a Notice of Proposal dated June 15, 2000 to refuse to renew the registration of Carmelo De Cicco Construction Co. Limited (the "Applicant") under the *Ontario New Home Warranties Plan Act* (the "Act"). The Applicant did not file its appeal to the Registrar's proposal within the time fixed by the Act and brought an application to the Tribunal for an extension of time. The hearing of the Application for extension originally came before the Tribunal on November 10, 2000 on which date it was adjourned to November 20, 2000 and eventually came to hearing before the Tribunal on January 19, 2001.

On January 19, 2001 Vice-Chair Hiley presided, heard testimony and at the conclusion of the hearing granted the Applicant an extension of time for the filing of its appeal to the Registrar's proposal on the following conditions:

1. On or before January 29, 2001, the Applicant pays to the Program a security deposit on those homes that were enrolled after June 15, 2000 and for which no security deposit has yet been paid, provided that any existing security deposits held by the Program but now repayable to the Applicant can be used by the Applicant for the payment of security deposits on these particular homes, and
2. The Applicant will not enroll any new homes prior to the hearing and decision of the Tribunal unless he immediately pays a security deposit of \$5000.00 per home to the Program.

This hearing is therefore to consider whether the Applicant is in compliance with the conditions set out in paragraph 1 of the Tribunal's January 19, 2001 Order.

THE EVIDENCE:

The evidence placed before the Tribunal on May 14, 2001, was both documentary and oral.

The only persons who testified before the Tribunal were Pat Varcoe for the Program and Vincenzo Emmanuel De Cicco for the Applicant.

Pat Varcoe stated he is a chartered accountant by profession and the Vice President, Licensing and Underwriting, with the Program. He testified that between the date of the Tribunal's Order of January 19, 2001 and January 29, 2001 the Applicant provided no security deposit to the Program nor has security been provided to date.

On January 26, 2001 Varcoe addressed a letter to the Applicant setting out how the Program calculated that \$30,000.00 was owing to the Program for which a security deposit was required in terms of paragraph 1 of the Tribunal's Order. (Exhibit 1, Tab 3)

On January 29, 2001 Julia Cook, the agent for the Applicant, wrote to the Program acknowledging receipt by the Applicant of the Program's letter of January 26, 2001. Cook's letter disputed the correctness of the Program's calculations. (Exhibit 2, Tab 8)

The Program replied to Cook by letter dated January 31, 2001 in which it took issue with the contentions of Cook and reiterated that \$30,000.00 was, according to the Program's calculations, owing by the Applicant and that the Applicant had not complied with the Order of the Tribunal.

Varcoe testified further that neither Cook nor De Cicco contacted the Program to discuss the Program's letter of January 26, 2001. Furthermore, no explanation of any of the Program's calculations was requested by Cook or De Cicco, nor was any request made for time to consider the Program's calculations.

Varcoe explained that in order to calculate what security deposit was to be furnished by the Applicant, it was necessary to calculate how many homes had been "enrolled after June 15, 2000 and for which no security deposit had yet been paid" as stated in paragraph 1 of the Tribunal's January 19, 2001 Order.

According to Varcoe, the homes enrolled after June 15, 2000 required \$5,000.00 per enrollment and as 12 homes were enrolled after June 15, 2000, \$60,000.00 was the security required, which has not been paid by the Applicant to the Program.

Varcoe went on to explain that the 12 homes enrolled with the Program were set forth in a document prepared by the Program and which document was current to the date of its preparation, namely January 26, 2001. This document had been sent to the Applicant with the Program's letter of January 26, 2001. Varcoe confirmed that there was no change as to that document's contents between January 26 and January 29, 2001, the latter date being the compliance date set out in the Tribunal's January 19, 2001 Order. (Exhibit 1, Tab 5)

Varcoe stated that the Tribunal's January 19, 2001 Order further stated that "any existing security deposits held by the Program but now repayable to the Applicant can

be used by the Applicant for the payment of security deposits on these particular homes".

According to Varcoe, the amount the Program received as security deposits from the Applicant was \$85,000.00. The Program repaid \$5,000.00 to De Cicco. The Applicant had enrolled 22 homes on or before June 15, 2000 of which 14 homes were still under first year warranty, and the security deposits in respect of those 14 homes is not repayable to the Applicant at this time. Of the 14 homes still under warranty, the Applicant paid security deposits for 11 homes, but did not pay security deposits for 3 homes. These 3 homes are referred to in the Registrar's Notice of Proposal. Accordingly, the 14 homes enrolled before June 15, 2000 and still under first year warranty require \$70,000.00 in security deposits. Of this the Applicant has paid \$55,000.00. Still outstanding is \$15,000.00 in security deposits for the three homes for which the Applicant had provided no security. The net result according to Varcoe was that the Applicant owes the Program \$30,000.00 in security deposits.

At the end of Varcoe's evidence Vincenzo De Cicco took the stand.

The evidence of Vincenzo De Cicco was that he is the majority shareholder of the Applicant and has been Vice President of the Applicant for the past three years during which time he has been employed by the Applicant.

De Cicco acknowledged that he received the Program's faxed letter to the Applicant on the afternoon of Friday, January 26, 2001. As he disagreed with the Applicant's calculations he instructed agent Cook to write to the Program, which she did by way of her letter dated January 29, 2001. He stated that he calculated that the Applicant owed the Program \$10,000.00 and not the \$30,000.00. He was at a loss as to how the Program had arrived at the figure of \$30,000.00.

Under cross-examination, he stated that the Applicant had received the Tribunal's Order of January 19, 2001. He also stated that he has data available to him "to do the figures and I did them and calculated I had to pay \$10,000.00." He conceded that he did not notify the Program that the Applicant owed it \$10,000.00.

De Cicco stated that when the Applicant received the Program's letter of January 26, 2001, it was then too late on that date to arrange payment through the Applicant's bank. Also, on Monday, January 29, 2001 he did not go to the Applicant's bank to arrange for payment of \$10,000.00 to the Program.

De Cicco further stated that Cook's letter to the Program of January 29, 2001 correctly reflects his instructions to Cook and that that letter did not enquire of the Program how the Program calculated its figures.

FACTS FOUND PROVEN:

The following are the facts found proven based on the evidence, both documentary and oral.

1. On January 19, 2001, the Tribunal issued an Order that the Applicant's application to extend the filing of its appeal be granted on two conditions, the first being:
 1. On or before January 29, 2001, the Applicant pays to the Program a security deposit on those homes that were enrolled after June 15, 2000 and for which no security deposit has yet been paid, provided that any existing security deposits held by the Program but now repayable to the Applicant can be used by the Applicant for the payment of security deposits on these particular homes, and ...
2. The Tribunal's January 19, 2001 Order was sent to and received by the Applicant.
3. The security deposit requirements of the Program, which requirements the Applicant accepted, is \$5,000.00 per home.
4. On January 26, 2001 the Program addressed a letter to the Applicant in which letter it detailed how it calculated that the Applicant owed the Program \$30,000.00 which the Applicant was to pay the Program a security deposit in terms of the Tribunal's January 19, 2001 Order.
5. The Program's letter of January 26, 2001 was faxed to and received by the Applicant on the afternoon of January 26, 2001.
6. Other than Cook's letter of January 31, 2001 addressed to the Program, the Applicant at no time after January 19, 2001 contacted or communicated with the Program or paid to the Program any amount in terms of paragraph 1 of the Tribunal's January 19, 2001 Order.
7. Twelve homes were enrolled by the Applicant with the Program after June 15, 2000.
8. The Applicant was required to establish security for the 12 homes enrolled after June 15, 2000 at \$5,000.00 per home, for a total of \$60,000.00.
9. The Applicant has not paid the Program security deposits for the 12 homes enrolled after June 15, 2000 and is presently indebted to the Program in the sum of \$60,000.00 respecting those 12 homes.
10. There are presently 11 homes that the Applicant had, prior to June 15, 2000, enrolled with the Program and which 11 homes remain under first year warranty, and those security deposits are not at this time refundable to the Applicant.

11. The security deposit required by the Program was \$5,000.00 for each of the 11 homes enrolled by the Applicant prior to June 15, 2000, a total of \$55,000.00.
12. Prior to June 15, 2000, the Program received \$85,000.00 in security deposits from the Applicant.
13. At present, the Applicant's outstanding and unpaid security deposits total \$30,000.00.

DECISION:

The Tribunal, in its January 19, 2001 Order referred to the concern it had as to the Applicant continuing to enroll homes without establishing the required security. That concern was therefore addressed by placing conditions on the Applicant "if he wishes to have the opportunity to appeal the Notice of Proposal".

In terms of the Tribunal's Order of January 19, 2001, the Applicant was given the opportunity to pay the Program the requisite security deposit by January 29, 2001.

Despite the Tribunal having given the Applicant the opportunity to meet the legitimate security deposit requirements, the Applicant has done nothing to comply with the Order. The Applicant's Vincenzo De Cicco, by his own admission when under cross-examination, stated that the Applicant owes \$10,000.00. Despite this admission the Applicant has established no security deposit whether in the sum of \$10,000.00 it admits owing or in any other amount.

Not only did the Applicant not pay or tender payment of \$10,000.00 to the Program but it made no effort to request an explanation of the Program's calculations which had been set forth in the Program's letter of January 26, 2001. The Program had furnished the Applicant with detailed schedules and information in support of its calculations. The attitude of the Applicant as reflected by the letter of Cook - which was written on and in accordance with the Applicant's instructions - is in no way indicative of the Applicant seeking a resolution of the dispute.

Vincenzo De Cicco's conduct in this matter is difficult to understand. In De Cicco's evidence he concedes that the Applicant owes the sum of \$10,000.00 and yet he did not notify the Program of owing it this amount and did nothing to pay that sum to the Program. He had full opportunity on January 29, 2001 to make payment of security in the amount that he admitted owing but chose not to do so.

Nothing was placed before the Tribunal to indicate that repayment of security deposits held by the Program has been unduly delayed or withheld from the Applicant.

The Tribunal had the opportunity of observing Varcoe and De Cicco when they testified, and it has no difficulty in preferring the evidence of Varcoe to that of De Cicco. Varcoe's evidence was given in a straight forward manner while De Cicco was at times evasive in his responses.

The Tribunal accepts the evidence of Varcoe that the calculations of the Program are correct and that the amount owing by the Applicant under paragraph 1 of the January 19, 2001 order is \$30,000.00.

The Applicant's conduct continues to be obstructive as evidenced by the testimony of Vincenzo De Cicco. Even if the calculations of the Program were not correct (which the Tribunal has not found to be the case) the failure of the Applicant to pay what it conceded as owing is not excusable and in and of itself indicated non compliance with the terms of the Tribunal's January 19, 2001 Order.

ORDER:

The Tribunal accordingly finds that the Applicant has not complied with the condition 1 of the Order of the Tribunal of January 19, 2001 and denies the Applicant an extension of time within which to file its appeal under section 7 of the *Licence Appeal Tribunal Act*, 1999.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

Released: May 23, 2001

PREHEARING

DON FOURNIER SERVICE CENTRE INC. AND DONALD FOURNIER

**APPEAL FROM A PROPOSAL OF THE DIRECTOR OF VEHICLE
INSPECTION STANDARDS ISSUED PURSUANT TO CLAUSES
91(8)(a)(c) and (e) AND CLAUSES 93(c) OF THE *HIGHWAY
TRAFFIC ACT* R.S.O. 1990, CHAPTER H.8 AS AMENDED**

**To revoke Don Fournier Service Centre Inc.'s registration as a
Motor Vehicle Inspection Station and Donald Fournier's
registration as a Motor Vehicle Inspection Mechanic**

TRIBUNAL: Alan Holbrook, Member

APPEARANCES: Ronald G. Guertin, Counsel, representing the Applicant

Patrick Moore, Counsel, representing the Director of Vehicle
Inspection Standards

DATE OF
PRE-HEARING: May 23, 2001 *(By teleconference)*

ORDER

Following attendances on May 23, 2001 at a pre-hearing by teleconference before this Tribunal of Ronald G. Guertin, Counsel on behalf of Don Fournier Service Centre Inc. and Donald Fournier (the "Applicants") and Patrick Moore, Counsel, on behalf of the Director of Vehicle Inspection Standards ("the Director");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m., on Monday, June 25, 2001, and to continue if necessary, on June 26 and 27, 2001, 2001 at a venue in Ottawa to be determined by the Tribunal;

1. The Parties to the hearing are
 - (a) Don Fournier Service Centre Inc.;
 - (b) Donald Fournier; and
 - (c) The Director of Vehicle Inspection Standards
2. The parties present at the pre hearing recorded that there was no resolution of the issues raised in the Director's Notice of Proposal.
3. The parties confirmed that the Applicant has received all of the Ministry of Transportation materials in support of the Director's proposal.

4. The Applicant had asked the Tribunal to schedule the hearing for a date subsequent to the related court date. The Respondent objected on the grounds that public interest and safety would not be served by delaying a decision in this matter by the Tribunal. The Tribunal ruled the hearing before the Tribunal dates will be set as soon as possible, independent of the court proceedings.
5. The Director intends to call at least 8 witnesses. They will give evidence to a number of Safety Standard Certificates issued by the Applicant in violation of the *Highway Traffic Act*. The Director will request that the witnesses be qualified by the Tribunal as expert witnesses in the field of automobile mechanics, and they will give mechanical evidence with respect to those vehicles inspected.
6. The Applicant intends, to call at least 8 witnesses, who will give testimony pertaining to the alleged infractions. In addition, witnesses with automotive engineering background will be called, and the Applicant will ask that they be qualified as experts by the Tribunal. Mr. Donald Fournier will give testimony regarding the allegations related to the Applicant's record keeping.
7. On or before June 4, 2001, each party will, by facsimile, forward to the other party and to the Tribunal a complete list of their witnesses and respective resumes.

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the Statutory Powers Procedure Act, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in **Order to Impound #1605411** was impounded in accordance with subsection 55.1(3) of the Highway Traffic Act, RSO 1990, c. H. 8 as amended, on May 5, 2001.
2. The applicant, **Stanislaw Konefal**, whose name is shown on the plate portion of the permit for the impounded motor vehicle, is the lessee of the said vehicle.
3. No other order to impound under section 55.1 of the Act has ever previously been made with respect to any motor vehicle then owned by the applicant.
4. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(c) of the Highway Traffic Act, stating **that the applicant exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at in respect of which the order was made was not then under suspension.**
5. The Registrar is satisfied, having reviewed the evidence, that the applicant met the due diligence requirement on the date of the rental.
6. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.
7. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the Highway Traffic Act that the Tribunal set aside the order to impound.

GREGORCZYK

MACIEJ SEBASTIEN GREGORCZYK

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: SHEENA MACASKILL, Vice-Chair

APPEARANCES:

MACIEJ SEBASTIEN GREGORCZYK, representing himself
YOVANKA McBEAN, Agent, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING:

April 18, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated November 30, 2000, issued by the Registrar of the *Motor Vehicles Dealers Act* (the "Act"), to refuse under the provisions of the Act the registration as a motor vehicle salesperson of Maciej Sebastien Gregorczyk.

The Registrar bases her Proposal on the provisions of Section 6 of the Act as read with paragraph 5(1)(b) thereof.

FACTS:

Evidence was given by Aviva Harari, in house legal counsel to the Registrar and Manager, Ontario Motor Vehicle Industry Council ("OMVIC"), and by Maciej Sebastien Gregorczyk (the "Applicant").

1. The Applicant is 24 years old and resides in Markham, Ontario. He is currently employed as a landscaper.

2. The Applicant has a record of criminal activity:

Date of Offence	Offence	Plea	Disposition and Date
Dec. 29, 1995	Impaired Driving	Guilty	Fine, 6 months probation Prohibited from driving for one year July 4, 1996
Feb. 2, 1996	Fail to Appear	Guilty	Fine – July 4, 1996
Nov. 1, 1997	Robbery	Guilty	convicted, 4 years penitentiary Prohibited use of weapons for life Sept. 8, 1999
Feb. 15, 1999	Assault	Guilty	convicted, 60 days consecutive Sept. 10, 1999.

3. The Applicant applied to OMVIC for registration as a motor vehicle salesperson on October 30, 2000. The Applicant proposed to work for Saturn Saab Isuzu of Thornhill. A sixty day conditional registration was granted to the Applicant pursuant to section 13(3) of Regulation 801 to the Act. Conditional registrations are granted pending verification of applicants' registrations.
4. Question 9 of the application for registration states "Have you ever been found guilty or convicted of an offence under any law or are any charges pending?" (Ex. 4, Tab 3). The Applicant answered in the affirmative indicating "Robbery- Home Invasion financial debt, assault/intent to resist arrest, D.U.I." The Applicant also provided the name and telephone number of his parole officer.
5. By facsimile letter dated November 3, 2000 the Ontario Provincial Police provided to the Registrar a summary of a CPIC Data Banks check on the Applicant, which summary is consistent with the information in paragraph 2 above.
6. By letter dated November 6, 2000 OMVIC wrote to Lee Wittick, General Manager, Roy Foss Motors Ltd. to advise that, based on the criminal convictions listed on the CPIC summary, the Applicant's conditional registration was cancelled.
7. On November 8, 2000, the Applicant wrote to OMVIC in response to the letter to Lee Wittick dated November 6, 2000 to provide an explanation of the circumstances of his criminal convictions.
8. On November 30, 2000 the Registrar issued a Notice of Proposal to refuse Registration under the Act of the Applicant as a motor vehicle salesperson.

9. Ms. Harari testified on behalf of the Registrar in her capacity as legal counsel to the Registrar and Manager. She stated that the past conduct of the Applicant is extremely negative. She states that the Applicant is seeking entry into a regulated industry yet has demonstrated, through his recent criminal record, a flagrant disregard for the law as well as an inability to act with honesty and integrity. Ms. Harari points to the assault against a police officer as particularly troublesome, indicating the Applicant's disrespect for authority. As well, the reason given by the Applicant in a letter submitted to OMVIC for the home invasion robbery in 1997, was to collect a debt. Ms. Harari testified that this indicates to the Registrar a willingness by the Applicant to commit a violent act for monetary gain. Ms. Harari also noted that the month of the Applicant's application for registration (October, 2000) coincided with the month that the Applicant was released from penitentiary.
10. The Applicant's position is basically three-fold. Firstly, he submits that with the exception of the 'fail to appear' charge, he did disclose all of his criminal convictions on the registration application, with the invitation to contact his parole officer for more information. The Applicant believes that it was unjust for OMVIC to grant a sixty day 'conditional' registration in the face of full and frank disclosure of a criminal record. The Tribunal is not without sympathy for the Applicant in this regard. Secondly, the Applicant submits that notwithstanding his criminal record, he is an honest person who has never committed fraud. Accordingly, he states that he poses no risk to a consumer purchasing a vehicle. Moreover the fact that he will be monitored by his parole officer and OMVIC should give greater reassurance that the public will be protected. Thirdly, the Applicant maintains that he has reformed himself. He testified that he has a 1 ½ year old daughter and that he is engaged to be married. He is trained as an automotive technician and he has a "love of cars". He believes that he will succeed in auto sales if just given the chance.

ISSUE:

Does the Registrar have sufficient grounds for refusing the registration of the Applicant as a motor vehicle salesperson, under the provisions of the Act?

THE LAW:

The relevant portions of the *Motor Vehicle Dealers Act* that are applicable to these proceedings are:

Section 5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

Section 6.(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 5.

.....

The Registrar has the onus of proof to satisfy the Tribunal that the Registrar has reasonable grounds to believe that the registration of the Applicant should be refused.

The question to be determined is whether the Applicant's convictions on the charges of impaired driving, robbery and assault provide the Registrar with reasonable grounds to believe that the Applicant will not carry on business as required by section 5(1)(b) of the Act.

According to the leading decision of Brenner, 19 CRAT SCO Decisions and Orders (1971-1989), the Tribunal should only refuse to direct the Registrar to carry out his proposal if it believes that the Registrar is in error in concluding that reasonable grounds exist for her belief, Brenner 19 CRAT SCO Decisions and Orders (1971-1989).

APPLICATION OF LAW TO FACTS:

The Applicant argues that the 'non fraudulent' nature of his criminal record is a factor which should ameliorate any concern that he will not act with integrity and honesty as a motor vehicle salesperson. On the contrary, this Tribunal is very concerned that the motivation behind the home invasion robbery was a financial debt. The violent nature of this act, coupled with the assault conviction, indicate a wanton disregard by the Applicant for the rule of law. As was stated in the Cooke (Re) decision, (1999) O.C.R.A.T.D. No. 4, para. 21:

"The convictions for forgery, theft, false pretences, uttering and the fraudulent use of a credit card are by no stretch of the imagination other than convictions that directly relate to a lack of honesty and integrity on the part of the Applicant. In fact, convictions relating to such offences clearly indicate a non acceptance of the rule of law of an ordered society – a society that accepts and embraces the rule of law."

It is vital that the Applicant show through a recent and sufficiently long course of conduct that he is a person to be trusted and not unfit to be registered under this Act. The Applicant is unable to satisfy this test. The Applicant's most recent offence date is February, 1999. His most recent conviction date is September, 1999. Clearly, insufficient time has passed since his conviction less than two years ago. Further, apart from a vague reference to attending some family counselling, no cogent evidence was adduced by the Applicant to establish that he has taken steps to gain insight into his past conduct. It is the Tribunal's finding that a greater amount of time is needed to persuade the Tribunal that the Applicant has established a new and reliable course of honest conduct in all of his dealings.

DECISION AND ORDER:

Accordingly, pursuant to the authority vested in it by Section 7(4) of the Act, the Tribunal directs the Registrar to carry out his proposal to refuse the registration of Maciej Sebastien Gregorczyk.

Toronto

REVISED ORDER

Following attendances on May 18, 2001 at a hearing before the Licence Appeal Tribunal of G. Peter Abrahams, Counsel for JKA Motors Ltd. and Alireza Moghaddam (the "Applicants") and Aviva R. Harari, Counsel for the Registrar, *Motor Vehicle Dealers Act* (the "Registrar"),

After the hearing of evidence in this matter, rather than adjourning to another date for submissions from counsel, it became preferable to require written submissions.

Accordingly, on consent, both parties are ordered to make submissions as follows:

1. Within thirty days from May 18, 2001, counsel for the Registrar will serve on the Applicant and file with the Tribunal the Registrar's written submission.
2. Within fifteen days thereafter, counsel for the Applicant will serve on the Registrar and file with the Tribunal the Applicant's written submission.
3. Within ten days thereafter, counsel for the Registrar will serve on the Applicant and file with the Tribunal any written reply the Registrar wishes to make.

LICENCE APPEAL TRIBUNAL

Douglas Mackintosh
Vice-Chair

Released: May 25, 2001

KIRK

GARY AND CINDY KIRK

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

GARY AND CINDY KIRK, appearing on their own behalf
KAREN JONES, Counsel representing the Ontario New
Home Warranty Program
MARCELLO GRANNACE, agent representing the Added
Party, First View Properties Inc.

DATE OF
HEARING: May 2 & 3, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal from the decision dated November 6, 2000 of the Ontario New Home Warranty Program ("the Program") denying the claim of the Gary and Cindy Kirk (the "Applicants") for breach of the Vendor's warranty under the *Ontario New Home Warranties Plan Act*. The Applicants were seeking an order that the deficiencies be repaired and did not claim financial compensation. As set out herein, the Tribunal found that the Applicants are entitled to succeed in part in their claim against the Program.

FACTS:

It is not disputed by the parties that the Applicants' home was built by the Vendor, First View Properties Inc. ("First View") and sold to the Applicants with a closing date of September 29, 1998. The date on the Certificate of Completion is September 28, 1998. A Conciliation Inspection was requested by the Applicants and took place on May 25, 2000.

A Conciliation Reinspection was done on October 16, 2000. Numerous items were repaired by the builder and an impasse was reached on the issue of the landing on the staircase, the gaps on two risers on the staircase, the veneer on the staircase, the colour of the brick and mortar, the damage to the family room ceiling, and the area below the brick beside the garage doors on the front of the house.

WITNESSES FOR THE APPLICANT

Mr. Gary Kirk testified that he did not wish financial compensation for his claim but was seeking to have the deficiencies satisfactorily repaired as he did not have the skill to do it himself. There were four parts to his claim and he dealt with each separately.

The first issue was the staircase leading from the main floor to the second floor of the home. He explained that he had paid approximately \$1,800.00 extra to have an "L" shaped oak staircase, and provided the stain himself. When the staircase was installed, he found that it was oak veneer rather than solid oak, but he did not complain about it as the Agreement of Purchase and Sale did not specify solid oak.

The first problem with the staircase he described was that the landing between the two parts of the staircase had been left as particle board, and he was unable to do the repairs himself. In the Agreement of Purchase and Sale, the builder gave him a rebate for installing the flooring in the first floor of the house. He and his brother-in-law installed hardwood themselves, however he was not able to install the hardwood on the landing due to the height of the "nosing". Although he did not know the cost of installing the proper size of nosing, he knew that it was a large job involving re-installing the pickets from the handrail. He stated that he was not told that he would be left with an unfinished landing and assumed that it would have been finished as part of the staircase.

The second problem with the staircase Mr. Kirk described was that the veneer was peeling off. He told Joseph Grannace, who was one of the owners of First View, and he told Mr. Kirk to note it on the Pre-Delivery Inspection Form (Exhibit 3, Tab 2, page 2, Item 2), Mr. Kirk assumed that it would be fixed.

The third problem with the staircase was that there were two gaps of up to a quarter inch between the risers and stairs on the eighth and ninth stair. He stated that these were visible, and became even more apparent when the basement light was on. When he discussed this matter with Marcello Grannace, he was told that the builder had changed stair companies.

The second item was the issue of water damage in the ceiling. The main bathroom was above the family room, and there was obvious water damage on the ceiling of the family room. It appears to have become wet and the drywall tape had started to pull away in an "L" shaped pattern. Over time, the granular surface of the ceiling began to crumble. On two occasions, the builder sent tradesmen to replace something involving the bathtub drain, but the repair was not successful. When the Warranty Representative, Mr. Gibson came to do the inspection, Mr. Kirk offered to run water in the bathtub to demonstrate the problem, but he was told that it was not needed. Mr. Kirk assumed that Mr. Gibson could see the problem in the pictures and that it would be found to be warranted and would be repaired. There was also an area around the bathtub without silicone caulking. When the Applicants' claim was refused, Mr. Kirk asked Mr. Gibson to come and take a second look, and Mr. Gibson advised him that a second Warranty Representative would come to give a second opinion. When Mr. Gibson came back on October 16, 2000 he was by himself and there was no second opinion. A water test was done on an area outside where a leak was repaired, but Gibson again did not want to do a water test of the bathtub. Mr. Kirk testified that he is afraid to have the bathtub

fixed as it would void his warranty, and he does not allow children to use the shower in that bathtub very often.

The third item was bricks missing just above grade on each side of the garage door opening. Mr. Kirk complained that the area was done in rough concrete and the builder had promised either to parge it properly or face it with brick. Mr. Kirk testified that the brickwork on homes built by First View is generally very good but this was not up to standard and people commented on how bad it looked. He assumed it would be repaired and did not put off moving in to wait for it to be completed. In his opinion, the job was not done in a workmanlike manner.

The last item was the colour of the brickwork. On the Certificate of Completion and Possession (Exhibit 3, Tab 2) he noted that it was necessary to dye the outside of the house before winter. He stated that his neighbor had the same problem and produced a photograph (Exhibit 4g) of the neighbors house showing the colour of the brick after it had been re-stained over a 5 date period. When he saw the problem in the neighbor's home corrected, he assumed that they could do the same at his home but they did not. Mr. Kirk testified that two men came to do the work in the middle of August 1999 but it was very hot and they only stayed for part of 2 days and never came back. He disagreed with the Warranty Report (Exhibit 3, Tab 7) in which Mr. Gibson stated that:

"The builder had Brampton Brick perform dye colouring to the entire brick exterior of the house prior to this inspection."

The witness produced a series of photographs (Exhibit 4,a, b, c, d, e, f) showing the colour variations in the mortar between the bricks. In his opinion, these colour variations were not acceptable, and he wanted the house to be dyed like the neighbor's house.

In cross-examination, he explained that he works for Standard Auto Glass and has no expertise in carpentry or brick laying. Mr. Kirk agreed that the original stairs in the Agreement of Purchase and Sale (Exhibit 3 Tab 1) prior to his upgrade was a circular staircase from the main floor with broadloomed treads and risers (Schedule A # 39), and that the flooring shown for the stairs (Schedule A, # 45) was to be broadloom. He agreed that he and his brother-in-law installed the flooring prior to the closing of the home, and that there was no mention of the landing on the Certificate of Completion and Possession (Exhibit 3, Tab 2).

There were no pictures of the veneer coming away from the stairs, and he agreed that he could not say whether the gaps on the risers were caused by shrinkage. He maintained his position that he sees the gaps all the time and that people have commented on them. Mr. Kirk explained that if he had known that the landing would not be finished he would have asked for a different height of 'nosing' to accommodate the flooring he used on the main floor of the home.

Mr. Kirk stated that the photographs (Exhibit 4, l, m) showing the damaged ceiling were taken by his wife at the end of July 2000 and properly showed the condition of the ceiling at that time. He did not agree that the area looked the same at the first and second inspections as small pieces continue to fall off the ceiling, and he denied that he told Mr. Gibson that he did not know if there was a leak. Initially, his children used the bathroom and shower when they first moved into the home. He did not see water on the floor after they used the shower, and he had even left a towel on the floor to see if there

was water. Finally, he ended up watching his children to ensure that they did not get water on the floor. Mr. Kirk stated that he knew that there was not a leak in a pipe feeding water into the system as it would cause of continuous drip. Based on his tests, the leak seemed to be a problem with outgoing water. He did not recall Mr. Gibson saying that he would have to look under the bathtub to determine what type of problem there was.

When Mr. Kirk was cross-examined about the "missing bricks" to the bottom at the garage door, he stated that he disagreed that the job was up to industry standards as the quality of the work was below the standard of good workmanship provided in other homes by First View. He also confirmed that the photographs (Exhibit 4, k and j) were taken from approximately 10 to 15 feet away although no actual measurement was made.

Mr. Kirk agreed that no remedial work was done on his bricks until August 1999. He disagreed that the colour variation on his home was acceptable and said he had never seen it that bad on other houses. He agreed that there was no mention of tinting the bricks in the Agreement of Purchase and Sale and that he had not paid for the tinting that was carried out. Mr. Kirk explained that the Warranty Representative Mr. Gibson had been late in arriving for the initial inspection and did not get to his home until approximately noon. Although he did not leave until between 4:30 p.m. and 5:00 p.m. Mr. Kirk assumed that Mr. Gibson had been very rushed due to the number of errors in the report.

WITNESSES FOR THE PROGRAM

Mr. Crawford Lance Gibson testified on behalf of the Program. He stated that he has been a Warranty Representative since December 1, 1999, and prior to that has extensive experience in the building industry. In 1975 he obtained a certificate from Fanshaw College as a manufacturing technician, and in 1977 / 78 qualified as a welder and fitter at Conestoga College. He worked as a welder for General Motors in their locomotive division and moved to the armored vehicle division where he became a supervisor. The company moved him to the position in Alberta where he left that employment and worked for a private building company as the New Home Warranty Representative to ensure compliance with provincial new home warranty legislation. Following that he worked for WINALTA SHELTERS INC. which was a company that built custom homes from blueprints. He then worked as a carpenter's helper for the Department of National Defense and was accredited as a carpenter based on 16,000 hours of experience. When he moved to Ontario, he did small renovations then began to work as a project manager for I.C.M. which was a Colorado based company that did renovations for SCOTTS and PIZZA HUT franchisees. Mr. Gibson then worked for the DAVID C. RICHARDSON CONSTRUCTION COMPANY which specialized in large renovation projects and was licensed for work on historical buildings. On December 1, 1999 he began work with the Program on a one year renewable contract.

Mr. Gibson testified that he was late for the first inspection of the home and arrived at approximately noon, then spent the rest of the day going through the list of complaints. He started the process by sitting down with the parties to determine what issues were unresolved and to explain the process. During this inspection, Mr. and Mrs. Kirk and Mr. Marcello Grannace were present.

Mr. Gibson stated that he examined the staircase which he found to be "L" shaped with a very dark stain on an oak veneer. He put his hand on it and felt slight imperfections, and could not see the wood under the veneer. When he looked for the gaps he saw one on the 8th riser but did not see the one on the 9th riser until later. Both of these gaps, were similar. Mr. Kirk turned off the light in the basement and he could then see the gaps more clearly. He described them as being the thickness of a dime or a nickel on one side, and narrowing to no gap on the other side. The stairs did not squeak and there appeared to be no signs of movement where they joined the wall. As required for an "L" shaped staircase, there was a landing between the two sets of stairs. The landing was covered with a 5/8 inch thick board and there was a "nosing" around it. Mr. Kirk complained that there was no finished flooring on the landing but Mr. Gibson determined that the flooring was the responsibility of Mr. Kirk who was to supply the flooring for the main floor of the house. His understanding was that the landing does not form part of the staircase as the requirements in the building code for support and bracing treat it as part of the floor. On that basis, he found no defect in workmanship or materials.

Mr. Gibson testified that during the first inspection he looked at the damaged area of the family room ceiling and noted that it was finished with an acoustical textured material. He stated that the taped joints had separated as the compound had apparently become wet, and there was obvious water damage although the drywall in the ceiling was not sagging. This damage was in an "L" shape and was in a 4 ft. by 10 ft. area. There was no indication that it was still damp, and he saw no signs of water damage on the hardwood floor below it. When he was at the house he did go to look at the washroom. Mr. Kirk offered to do a water test by running water in the tub, but Mr. Kirk told him that if they did do a test and the item was found not to be warranted, the Applicants would be responsible for the damage. At the reinspection, the Applicants again offered to do a water test but Mr. Gibson did not do it as he did not know where the water was leaking from and a Warranty Representative was not permitted to do destructive testing which would have been the only way to expose the area for proper examination. Mr. Gibson testified that he advised Mr. Kirk that the area could only be properly examined if the drywall was opened. He did not express an opinion at the house as to whether it was a breach of warranty as he does not tell homeowners of his decision during the inspection. His recollection was that the Applicants did not know when the leak started, or when it became visible as a mark on the ceiling. He remembers Mr. Kirk telling him that it only seemed to occur when the children used the shower. When he examined the bathtub, he noticed one area where the ceramic backsplash met the deck in which a 6 inch area of caulking appeared to have been a repaired but had shrunk and did not form a seal. It is normal for caulking to shrink and crack, and he was advised by the builder that they had repaired the area though it was the owner's responsibility. He could not tell if there was water penetration as a result of this problem. There was no indication that the bathtub was otherwise improperly installed. The drain seemed secure and there was no indication of a problem with the seal around the drain basket. It did not appear that there was frequent seepage of water, as there were no signs of mold in the damaged area, and this would be visible if there was constant exposure to water. Mr. Gibson said that he could not determine what the cause of the water seepage was and could not find the builder at fault. Secondly, he considered it to be possibly secondary damage and not a defect of workmanship and material. If it was an issue of improper maintenance due to the homeowner not maintaining the caulking, it would be excluded from the warranty. During the re-inspection on October 16, 2000, the damage appeared to be the

same as before, and he was advised that the family was not using the washroom as often. According to the builder, a service man had already checked the integrity of the drain.

Mr. Gibson testified that he looked at the corner areas beside the garage doors to determine if there was missing brickwork. The areas were filled in with cement and smoothed with a trowel. He stated that if the area had been faced with brick, the frost would cause the brick to fall off. In his opinion the appearance of the work is such that it would not be visible from the street and it was acceptable.

Mr. Gibson testified that colour variation is common for clay bricks and some discolouration occurs during the drying process. He looked at the entire house during the reinspection and saw a colour variation which he described as minor. The mortar had been mixed by hand and the colour was not fully consistent. In his opinion, there was no defect in workmanship or materials as these variations can take place depending upon conditions under which the mortar is mixed. He agreed that he had made a mistake in the decision letter when he said that the mortar had been raked, and indicated that the front of the home had been raked but that the sides and back had been done with a concave tool. Mr. Gibson stated that the home blended well into the subdivision, and there was nothing "gross" about it. He found that the colour variations in the brick and mortar were acceptable.

In cross-examination, Mr. Kirk reviewed Mr. Gibson's experience level and the nature of his contract. On the question of the stairs, Mr. Gibson maintained that he did not remember the veneer flaking off and did not find it noticeable although he admitted that it was hard to assess due to the dark colour. He agreed that if it was flaking off, it would be a serious matter. Mr. Gibson explained that he considered the landing as part of the main floor, and therefore covered by the amendment to the Agreement of Purchase and Sale which required the Applicants to supply and install the flooring on the main floor. He testified that landings must meet the same requirements for spans, means of support, joist spacing, bridging and strapping as the other floors of the house and their purpose is to provide a secure footing and break the fall of anyone on the flight of stairs. Section 9.8 of the Ontario Building Code (Exhibit 5) deals with the construction requirements for stairs, and section 9.8.4.2 sets out the situations in which landings are required, but it does not directly say that the landing forms part of the floor.

Mr. Gibson testified that the drywall on the ceiling and family room was still detached from the ceiling and he did not probe into the drywall as he not allowed to carry out "destructive testing", and did not direct the homeowner to open part of the ceiling to permit him to determine the exact cause of the leak. He knew that this was a major issue for the Applicants. He agreed that he probably said that it was not necessary to show him a water test with the bathtub drain because it would not prove where the leak was, even if he saw that there was water as there could be several sources. He repeated that there was a deteriorated area of caulking approximately six inches long, which could have been tested but was not. He agreed that the builder did not provide proof of a repair and also agreed that even though the drain basket did not feel loose, it could leak if it had been over tightened when it was installed or repaired. In Mr. Gibson's opinion, the problem remained hidden in the floor and he could not conclude that it was a defect in workmanship or materials. Mr. Gibson explained that caulking naturally dries and cracks and is considered a maintenance item and the responsibility of the

homeowner, and accordingly he referred to improper maintenance by the Applicants in his Conciliation Inspection Report.

Mr. Gibson testified that the areas beside the garage doors which the Applicants claim should be faced with brick, are finished in an acceptable manner despite the gaps and dents. In his opinion this method of repair is acceptable and not uncommon when the builder is dealing with differences in elevations. He was told by the builder that there were bricks or partial bricks behind the mortar and according to the building code there is to be a separation between the grass and bricks in any event.

Mr. Gibson stated that the differences in the colour of the brick and mortar were from light red to medium red or medium red to dark red and is only a minor variation. When he was shown the photographs of the house (Exhibits 4c, e, f), he repeated his opinion that the colour variation on the house was acceptable. During his attendances at the home, he approached from the front and saw that the home appeared to fit into the neighborhood. He did not observe the home from the road to see how the colour of the brick and mortar compared with other homes in the area and could not say that he closely examined the brick and mortar from the backyard. Since he began his employment with the Program, Mr. Gibson has never seen an Agreement of Purchase and Sale that required a house to be the tinted.

Mr. Gibson agreed that on the second appointment for inspection, he told the Applicants that there would be a second person coming with him, however that person became unavailable and it was necessary for him to do the reinspection on his own.

Mr. Marcello Grannace testified that he is one of the owners of First View Properties Inc. The company began as a family business in 1988 in Barrie, Ontario, and after over 12 years of business has constructed more than 1000 homes. Prior to starting the company, he had no experience in the construction field and primarily oversees the documentation and customer service for the company. His brother Joe Grannace is one of the five owners, and deals mainly construction issues. All of the owners take part in the business and deal with problems as they arise. The company has an excellent rating as a builder from the Program and had no prior chargeable conciliations.

Mr. Grannace testified that according to item number 7 in the Agreement of Purchase and Sale (Exhibit 3, Tab 1) the builder has architectural control of the colour of the brick even though the purchasers are allowed to select the colour of the brick for the home. Mr. Grannace agreed that the homeowner had paid for the upgraded stairs and explained that the original staircase would have been built with "carpet grade" wood. He explained that if a circular staircase was used, it is installed as one piece. For an "L" shaped staircase, however the builder receives two sets of stairs and builds a landing between the two when they are installed. The landing is structurally the same as a floor in the house. He explained that the stairs were installed and finished before the flooring was put in by the homeowner, and no complaints were received by the builder until well after the floor was installed. The witness could not remember if the Applicants were permitted to move in before or after the flooring was installed on the main floor of the home. On the Certificate of Completion there was no mention of a problem with the landing. Mr. Grannace did not remember if he was in the home prior to the closing date, but he did attend the Conciliation Inspection, and he did not see anything unusual about the stairs. Although he saw gaps in the risers, he attributed this to normal shrinkage and did not consider it unusual. When the light was on in the basement, the gaps were more

visible and this was accentuated by the dark stain on the stairs. In his opinion, the workmanship and materials on the stairs were of excellent quality.

Mr. Grannace stated that he had sent a service man or a plumber to the Applicants' home when he received the complaint about the leak and the damage to the ceiling in the family room. He did not know what steps were taken but explained that the normal procedure would be to tighten the drain basket, check the overflow, and run a bead of caulking where necessary. In this case, he had received a complaint that the tub was leaking, sent a repairman, and received the note back from the repairman with the notation "done". Unless the problem is more serious, he does not receive a report with more detail. During the Conciliation Inspection, he saw that the tape was peeling and there were signs of water damage. In his opinion, it appeared to be a "one time thing" as repeated water leaks would produce mold and a dark stain. When he looked at the area around the tub, he did not see any evidence of water penetration and said that there were no corner cracks or silicone pulling away. He did not see the 6 inch area of silicone described by Mr. Gibson, and he described in the area as having been repaired. The area around the drain and faucet looked fine to him, and he found the workmanship and materials to be acceptable. During the second inspection he stated that the only difference in the damaged ceiling was that some of the stippling had fallen away and attributed this to vibration caused by people walking on the floor above it. He did not recall the discussion of what had caused the problem. This confirmed his belief that it was not an ongoing problem as it did not get worse, and mold had not formed. In his opinion, if there was a problem with the bathtub drain, it should have been evident immediately, and he said that the duration of the showering should not matter. The other possibility in his opinion was that water could be seeping through cracks in the caulking.

Mr. Grannace explained that bricks were not supposed to extend to the level of the ground, and they were not able to run another course of bricks in the area beside the garage doors. His understanding was that some partial bricks would be used, and covered with mortar. This was an acceptable method of dealing with differences in elevations. He did not consider it to be unsightly when he observed it while approaching the home. He expected that the homeowners would see it as they did not like it, and their attention would be drawn to it.

The brick used in home is a clay brick produced by the Brampton Brick Company, and Mr. Grannace explained that it is common to have some variation even in bricks of the same colour. The mortar used was dyed by the bricklayers, and it is also common to have a variation in the colour of the mortar as it can be affected by various factors such as exposure to sun and the amount of humidity. He explained that the neighbour's home was dyed by the Brampton Brick Company but that is an unusual procedure. It was necessary as other repairs were done incorrectly, and the only way to correct the situation was to dye the brick and mortar on the entire home. His recollection was that the Applicants had sent him a note saying that they were unhappy with the colour in a couple places. Even though he thought that the colour was acceptable prior to the closing of the transaction, he sent a tinting company to the Applicants' home and told them to do as much as possible to satisfy the customers. The complaint by the Applicants was primarily colour variations in the mortar, and in his opinion the colour differences were acceptable.

In cross-examination, Mr. Grannace explained that it was important for his company to have good customer relations and do everything possible to provide fast service for customer complaints. Some items are dealt with at the end of the first year, and the company will often repair problems caused by shrinkage and other things beyond the scope of their warranty obligations.

Mr. Grannace stated that he was not present for the Pre Delivery Inspection, but it would be normal for the builder's representative to write down a customer's complaint even if the representative did not see the problem personally. He said that he did not know that the landing was a problem until a year after the Applicants moved into the house. In his experience, the gaps occur commonly in wood due to natural shrinkage and are normally not seen as they are usually covered by a carpet. These gaps are not a defect, and are easily repaired with a bead of "Dap" the same colour as the stairs. As far as changing the "nosing", this would be an expensive job as it would involve the pickets, and would be more than he would be willing to do as a good will gesture to accommodate the homeowners.

Mr. Grannace testified that he is not a plumber and sent a service man to deal with the problem of the leak when he was contacted by the Applicants. The service man was capable of doing minor repairs and would have checked the overflow, the drain basket, and the caulking, but he would not have cut into the drywall to examine the enclosed parts of the plumbing. There was a notation on the paperwork received from the service man that nothing was found to be wrong but there was no indication of what was done. When Mr. Grannace saw the damage to the ceiling during the first inspection, he thought there had been an accidental spill of water in the washroom, but he had no idea of what had happened or if there was a leak, exactly where it was. At time of the second inspection, the situation had not changed. He repeated that during the first inspection everything "looked fine" and he did not see cracks or shrinkage in the caulking. There were no marks on the floor under the ceiling damage to show that there had been a leak onto the floor. This examination of the ceiling was done while standing on the floor below the damage, and he did not run water in the tub to see if there was still a problem. He explained that if there was a leak around the drain, and the tub was used once or twice per week the water would pool and would not have time to dry with the result that it would drain through the crack in the ceiling. Mold would also form and dark stained areas would be visible.

Mr. Grannace testified that he has used the same bricklayers for a long time and considered the areas beside the garage doors to have been finished in a workmanlike manner. In his opinion, it would not be reasonable to face the disputed areas with slices of brick as they would fall off or crack when exposed to frost or winter conditions.

Mr. Grannace stated that is not normal to refer to tinting bricks or mortar in an Agreement of Purchase and Sale. He knew that the house was bricked in June or July, and he knew that tint work was done on the Applicant's home, but they were not satisfied. Mr. Grannace assumed that Brampton Brick had done the work and commented that they guarantee their work and no invoice would have been sent. When he was shown the photographs of the house (Exhibit 4), he did not see a noticeable shade variation. Under cross-examination he agreed that there was a slight variation but he considered it normal.

In redirect examination, he explained that he had tried to resolve issues before the Conciliation Inspection and when he tried to gain entry to the home for repairs, it was refused by the homeowners.

FACTS FOUND PROVEN:

The Tribunal finds that there are small gaps in two of the risers on the stairs. These are not immediately obvious but become visible when the light in basement is turned on. Both gaps are small and there is no evidence that they are not consistent with the normal shrinkage of materials. There is a landing between the two flights of stairs in the L shaped staircase. No hardwood flooring has been installed on the landing and it is finished with a board suitable for sub flooring. The height of the nosing around the landing will not accommodate strips of the hardwood flooring installed by the Applicant on the main floor of the home and the pickets for the railing are attached to the nosing. This landing was completed by the builder prior to the Applicants taking possession of the house and was not mentioned on the Certificate of Completion and Possession. The construction characteristics of the landing meet the requirements in the Ontario Building Code for a floor. Under the terms of the Agreement of Purchase and Sale, the floors and stairs were to be carpeted, but the Applicants agreed that no flooring would be installed by the builder on the main floor except for ceramic tile in the foyer and powder room. This Tribunal accepts the evidence of the Applicant that some of the veneer on the stair case is not smooth, but accepts the evidence that the wood core of the stairs is not visible and finds that there are minor surface defects only.

The areas beside the garage doors below the first course of brick are found to be coated with mortar and have a very rough, unfinished and uneven surface. This is not immediately apparent from the street but becomes apparent to anyone approaching it although not a part of the house that would immediately draw the attention of a casual observer. There is no evidence that it does not function properly, and the Tribunal accepts the evidence that facing this area with pieces of brick as suggested by the Applicant would not be a suitable method of construction.

The Tribunal finds that the colour of the brickwork on the home is not uniform and there are variations in the colour of the bricks and mortar as described by the witnesses. When the colour variations are compared with the neighbour's home, they are more noticeable. That home has undergone an extensive staining process by the brick manufacturer leaving a consistency of colour which is as perfect as can be achieved by the installer's expert workmen.

The Tribunal finds that the damage to the ceiling in the family room was caused by water from the bathroom on the floor directly above it. The damage has remained basically consistent since it was originally noted, and the only change has been that particles have flaked off of the ceiling. The drywall tape has not apparently pulled away from the ceiling any more. There has been no sagging of the drywall and there is no indication of the formation of mold to indicate continuous dampness. The Tribunal finds that the drain basket was inspected and found to be apparently intact, and the caulking on the side of the tub in one area had pulled away so that it no longer formed a proper seal. The leak could come from several sources, and is found to be from water leaving the bathtub. This could be due to an improper seal in the drain basket, or due to the shrinkage of the caulking, or from water spilling onto the floor.

ISSUES:

Are there defects in workmanship or materials such that there was a Breach of Warranty under the Act, and if so, do the Applicants have a cause of action against the builder for damages suffered as a result of the Breach of Warranty?

APPLICABLE LAW:

Section 1 of the *Ontario New Home Warranties Plan Act* states:

"home means",

- (a) a self-contained one family dwelling, detached or attached to one or more others by a common wall,
- (b) a building composed of one or more than one and not more than two self-contained, one family dwellings under one ownership,
- (c) a condominium dwelling unit, including the common elements, or
-

and includes any structure or appurtenance used in conjunction therewith, but does not include a dwelling built and sold for occupancy for temporary periods or for seasonal purposes;

Section 13 of the *Ontario New Home Warranties Plan Act* states:

13.(1) Every vendor of a home warrants to the owner,

(b) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
- (ii) is fit for habitation, and
- (iii) is construction in accordance with the Ontario Building Code;

(c) that the home is free of major structural defects as defined by the regulations; and

(d) such other warranties as are prescribed by the regulations.

(2) A warranty under subsection (1) does not apply in respect of,

(a) defects in materials, design and work supplied by the owner;

- (b) secondary damage caused by defects, such as property damage and personal injury;
- (c) normal wear and tear;
- (d) normal shrinkage of materials caused by drying after construction;
- (e) damage caused by dampness or condensation due to failure by the owner to maintain adequate ventilation;
- (f) damage resulting from improper maintenance;
- (g) alterations, deletions or additions made by the owner;
- (h) subsidence of the land around the building or along utility lines, other than subsidence beneath the footings of the building;
- (i) damage resulting from an act of God;
- (j) damage caused by insects and rodents, except where construction is in contravention of the Ontario Building Code;
- (k) damage caused by municipal services or other utilities;
- (l) surface defects in work and materials specified and accepted in writing by the owner at the date of possession.

(3) The vendor of a home shall deliver to the owner a certificate specifying the date upon which the home is completed for the owner's possession and the warranties take effect from the date specified in the certificate.

(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.

(5) A warranty is enforceable even though there is no privity of contract between the owner and the vendor.

(6) The warranties set out in subsection (1) apply despite any agreement or waiver to the contrary and are in addition to any other rights the owner may have and to any other warranty agreed upon.

Section 14 of the *Ontario New Home Warranties Plan Act* States:

14.(1) Where,

- (a) a person who has entered into a contract with a vendor for the provision of a home has a cause of action in damages against the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor's failure to perform the contract;
- (b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or
- (c) the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, and the claim is made within four year after the warranty expires or such longer time under such conditions as are prescribed,

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

(2) In assessing damages, the Corporation shall take into consideration any benefit, compensation or indemnity payable to the person or owner from any source.

(3) The Corporation may perform or arrange for the performance of any work in lieu of or in the mitigation of damages claimed under subsection (1).

Regulation 892, Section 1, of the *Ontario New Home Warranties Plan Act* states:

"major structural defect" means for the purposes of clause 13(1)(b) of the Act, any defect in work or materials,

- (a) that results in failure of the load-bearing portion of any building or materially and adversely affects its load-bearing function, or
- (b) that materially and adversely affects the use of such building for the purpose for which it was intended.

including significant damage due to soil movement, major cracks in basement walls collapse or serious distortion of joints or roof structure, and chemical failure of chemicals, but excluding flood damage, dampness not arising from failure of a load-bearing portion of the building, damage to drains or services, damage to finishes and damage arising from acts of God, acts of the owners, and their tenants, licensees and invitees, acts of civil and military authorities, acts of war, riot, insurrection or civil commotion and malicious damage.

Regulation 892, Section 4, of the Ontario New Home Warranties Plan Act states:

(1) Each person with a claim under the Plan shall give written notice of the claim to the Corporation.

.....

Regulation 892, Section 6, of the Ontario New Home Warranties Plan Act states:

.....

(3) In the case of a home of a type referred to in clause (a) or (b) of the definition of "home" in section 1 of the Act, the maximum amount payable to the owner out of the guarantee fund in respect of a claim made after August 1, 1989 under clause 14 (1)(b) or (c) of the Act is \$100,000.00.

.....

CASELAW:

Re: BREEN [1999] O.C.R.A.T.D No. 86

In this case, the Applicants claimed that there was a mark on a cupboard door, and that the original front door was defective. The Tribunal found that the mark on the cupboard door was only visible on extremely close inspection and the homeowners had refused the repairs offered by the builder. Similarly the builder had offered to repair the front door even though they had already made a repair and the homeowners had refused a further repair.

The Tribunal found that the mark on the cupboard door was trivial and that the front door had been properly repaired. Although aesthetics is a consideration, the standard is acceptability and not perfection. Even if the Applicants had proven their case, the Tribunal found that their refusal to allow repairs would disentitle them from compensation under the Act.

BALDASSARRE (RE) [1998] O.C.R.A.T.D. No. 83

In this matter the Applicant claimed that there were defects in the home resulting from defective workmanship and materials supplied by the vendor. The Applicant complained that there were lines on the drywall caused by protruding studs in the area of the main stairwell; drywall was exposed at the entrance of the dining room; floor joices were improperly installed causing a visible deflection in the flooring; the bricks on the exterior of the home were chipped, cracked and defective, with cracked mortar inconsistent colour having repairs of major cracks in the mortar inconsistent in colour; was a leak in basement; and cracks in basement floor. The Tribunal found that the Applicant had not discharged the onus of proof. It was not possible for the Tribunal to find that the problems with the drywall and the floor were not caused by the normal shrinkage of materials. In the alternative, the Tribunal found that most claims failed as the Applicant had denied the builder access to the home to try to rectify the defects when the builder had offered to do so. The Applicant was also found to have put no evidence before the Tribunal of any damages suffered.

SAPORITO (RE) [1999] O.C.R.A.T.D. No. 166

In this matter the Applicants claimed that there were a number of deficiencies, some of which were repaired by the builder. The builder claimed that the Applicants had refused entry to the premises for repairs to be made and had also harassed the tradesmen who were sent to conduct repairs. There were complaints by the Applicant that there were excessive colour variations in the mahogany wood trim, and that the nail heads were not properly covered. The Tribunal found that this colour variations were a natural characteristic of the wood and the builder had properly attended to the nail heads. Pictures were produced which showed that the nosing around of the railings on the stairs were not noticeably uneven and there was not an unacceptable height differential between the nosing and the parkay flooring. No building experts were produced by the Applicants to substantiate their position, and the only witnesses with experience in the building field gave evidence of the favour of the builder. There was evidence that a fractious relationship had developed between the builder and homeowner. Perfection was not a reasonable expectation for the homeowner and allowances must be made for minor imperfections. The Tribunal quoted from the case of TEITELMAN (1987) 16 CRAT 179 at page 181:

"The Teitelmans were not the authors of the defects and the Tribunal understands that they a constant source of irritation to them. However, they must accept the fact that no house, new or old, is perfect or is warranted to be perfect. Floors and stairs will squeak, wood will shrink and warp, cracks will appear and paint will peel. All that can be done is to keep these imperfections at reasonable acceptable levels. The limited warranty provided by the Ontario New Home Warranties Plan Act recognize these facts and this Tribunal is obliged to make findings in accordance with the statutory provisions and not otherwise."

The Tribunal concluded that the Applicants had no cause of action has no breach of warranty was proven.

MISSIOS (RE) Licence Appeal Tribunal, May 5, 2000 (Unreported)

In this matter the Applicants complained of defects of workmanship and materials in the construction and installation of the staircase in their home. They complained that it was poorly finished with varnish, it squeaked excessively, the oak veneer risers should have been solid oak, it had chips and dents, it was stained, there were in nails on the railing, and the railing did not match. The Applicants did not provide expert evidence, and the only expert evidence was provided on behalf of the builder. The Tribunal found that the staircase was to be solid oak as well as veneer, that it is constructed in a workmanlike manner, that the imperfections in the wood had occurred naturally or were due to external means and had been properly remedied, there were no squeaks or stains, and that the differences in the colour of the stairs and the railing occurred naturally due to the grain of the oak and was acceptable. Although the builder had tried to accommodate the Applicant it was not possible as the homeowner insisted on near perfection in both workmanship and materials. The Tribunal accepted the ratios in the cases of TEITELMAN (1987) 16 CRAT at page 181 and SAPORITA (1999) CRAT which held that the standard is not perfection and that the Applicant must be realistic in their expectations.

ROTUNDO (RE) [1996] O.C.R.A.T.D. No. 81

In this matter the Applicants complained that defective brick was used in the construction of the home. They selected the brick from a sample board and a colour card provided by the vendor. When it was delivered, the Applicants immediately complained about the colour and the texture. An expert was retained by the Applicants who testified that the colour of only about 20% of the bricks in the home worked within the acceptable margin set by the sample board. Another expert from a company specializing in the colour treatment of masonry products testified for the Program that the range in colour was within acceptable limits and there was no improper grouping of similarly coloured bricks causing aesthetic deficiencies. In his opinion, the Applicant's dissatisfaction with the colour was only a matter of personal preference. Further evidence was called that the bricks used in the construction of the home had passed the normal inspection process. The issue for the Tribunal was whether the colour range rendered the bricks defective materials used in the construction of the home and therefore a warrantable and compensable item under the Act. The Tribunal found that the brick conformed to the proper standards which could be reasonably expected by the purchaser of a new home and that a range of colour variations would be expected. Although the colour variation was greater than in the nearby homes, it was not sufficient to render the bricks defective in any way. The Tribunal concluded that to hold the builder to a standard of uniformity sought by the Applicants would be unrealistic.

GORSCAK (RE) [1999] O.C.R.A.T.D No. 22

In this matter the builder had contracted with the Applicants to use "genuine clay brick" in the construction of the home. After they made their complaint, the Applicants refused to permit the builder access to the home prior to the inspection by the Program, and an offer of repair was refused prior to the issuance of the decision letter by the Program. The home was inspected by Canada Brick (the manufacturer of the bricks) and an opinion was provided which stated that some of the brick used on the home did not match but were within the proper colour range, and offered to colour treat those bricks. Despite this offer, the Applicants removed some of the bricks and they were brought as exhibits to the Tribunal. There was also a complaint that the colour of the mortar varied from light gray to dark gray to light brown. An offer had been made to correct the colour differences in the mortar, but it was rejected by the Applicant. The Tribunal found that the texture and quality of the two types of brick installed on the Applicant's home were the same and even though there was a variation in colour, it was acceptable. Both types of brick used were "genuine clay brick" and the use of the second type was a substitution of a material of equal quality and value as permitted under the the Act. The Tribunal ordered that repairs to the mortar offered to the Applicant be carried out.

APPLICATION OF LAW TO FACTS:

In the matter of the staircase, the two small gaps in the risers have been found to be consistent with normal shrinkage and are not caused by defects in workmanship or materials. The problem with the landing arose when it was found that the hardwood flooring selected by the Applicants was not the correct thickness for the nosing. It is unclear if the landing is part of the main floor and therefore the responsibility of the homeowner to provide floor covering, or if it is part of the second floor of the home in which case it is the responsibility of the builder to provide floor covering (carpeting).

There is no proof for either position, and as the onus falls on the Applicants the burden of proof is not met.

The Tribunal has found that some of the surface of the veneer on the staircase is rough, but there was no proof that the veneer is coming away from the wood. There is no proof of a defect in the workmanship and materials.

Although the mortar finish beside the garage doors at ground level is structurally sound, the Tribunal finds that it does not appear to look finished and there is a defect in workmanship although the materials are adequate.

The Tribunal finds that the colour variation on the brick and mortar on the Applicants' home is noticeable especially on very close inspection but when viewed from a reasonable distance is acceptable even though it does not meet the highest standards of the workmanship of the neighboring home which was subject to the brick and mortar tinting process by the manufacturer of the brick. The standard to be applied is not perfection upon close examination, and the onus of proof has not been met.

The Tribunal finds that there are at least three possible sources for the escape of water from the bathroom which caused the damage to the ceiling in the family room. If the source is a leak in the drain, it would be the responsibility of the builder. However, if it is caused by water seeping into the area where the caulking has shrunk, or by water spilled onto the floor, it would not be the responsibility of the builder and there would be no defect in workmanship or materials. The Applicants have not proven that the source of the water is a defect in workmanship or materials, and they have therefore not met the onus of proving that there is a breach of warranty under the Act.

DECISION:

Therefore by virtue of the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal allows the claim in part and directs the Ontario New Home Warranty Program to do or arrange the following worked to be done in the Applicants' home no later than July 10, 2001:

1. To have the areas of cement on each side of each of the two garage doors finished to a smooth and even surface.

LICENCE APPEAL TRIBUNAL

David J. Hunt
Vice-Chair, Presiding

RELEASED: May 25, 2001

MED - 0519

Appeal under section 50(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Minister pursuant to section 32(12)(b)(i) of that Act.

**TO CHANGE THE CLASS OR CLASSES OF
MOTOR VEHICLE IN RESPECT OF WHICH
THE LICENCE WAS ISSUED**

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KIM BEINTEMA, Respondent
Representative for the Minister

No one appearing for the Applicant

DATE OF
HEARING: May 16, 2001
Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act* (Ontario).

PRELIMINARY ISSUES:

At 8:20 a.m. on May 16, 2001, the day of the appeal, the Tribunal's office received a voice mail message from the Applicant stating he did not feel well this morning and would not be coming to present this appeal. He further stated the appeal should go ahead without him and let him know the results. A supervisor contacted the Applicant to confirm the message and to advise him that the appeal would proceed without him being present.

The Tribunal decided to open the Hearing at the appointed time, recessed for 30 minutes to ensure the Applicant was not coming and then proceeded with the Respondent's evidence.

FACTS:

The Applicant is a forty two year old bus and streetcar driver with the TTC who had his driver's licence downgraded under section 32(12)(b)(i) of the *Highway Traffic Act* because a medical report from his family physician, Physician # 1, filed for a classified licence, indicated he no longer met the medical standards. The Applicant had held a "CZ" licence which was downgraded to a class "G" on September 19, 2000.

The Applicant had suffered a flue-like illness 2 years previously and when examined was found to be in cardiac failure with ventricular premature beats and episodes of ventricular tachycardia. This was diagnosed to be dilated cardiomyopathy. A Muga ejection fraction in April 1999 was 24% but one in June 1998 was only 18%. The recommended standard by the CMA is greater than 30%. Medications prescribed were allopurinol, aminodarone, amiloride, Vasotec, Coumadin, lanoxin and zaroxylyn.

In November 2000 an Echo Doppler test reported the Applicant's left ventricular function to be a Grade III. The CMA's Guide for Physicians "Medical Fitness to Drive", recommended that commercial drivers with cardiomyopathy and a grade III left ventricular function should be disqualified.

Physician # 2, a consultant cardiologist from the Toronto General, examined the Applicant and ordered most of the tests. He stated he had concerns about recommending upgrading the Applicant's licence because of the ambient arrhythmia's and the large number of medications, which could produce momentary hypotension or even possibly be arrhythmogenic because of potassium and other electrolyte disturbances.

The Medical Advisory Committee notified the Applicant in February 2001 that his waiver application would be reconsidered with a satisfactory cardiac assessment indicating he met requirements of CCS Class 1 and LV ejection fraction greater than 35%. The reason being, with a LV of 24%, cardiac arrhythmia is of serious concern and does not meet the requirements for waiver consideration.

ISSUES:

Should the decision of the Minister to change the class or class of motor vehicles in respect of which the licence is issued in accordance with the result of the examination be varied, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and

- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

- 17.
 - (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
 - (a) has no history or clinical diagnosis of diabetes that requires insulin for control;
 - (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the applicable class safely;
 - (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class;
 - (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
 - (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure, qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.
 - (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full

recovery and there is no established history of a second occurrence of myocardial infraction, thrombosis or recurring angina pectoris.

- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.
- 18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,
 - (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
 - (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
 - (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

- (1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.
- (3) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 32(12)(b)(i) of the *Highway Traffic Act* empowers the Minister to "...change the class or classes in respect of which the licence is issued". The Minister originally downgraded the Applicant's licence after receiving an unsolicited Medical Condition report, from the Applicant's family Physician # 1. It stated the Applicant suffers from cardiovascular disease as a result of viral myocarditis.

Regulation 390/94 of Section 14(b) is clear in that:

"An applicant for a holder of a driver's licence must not,

a) suffer from a mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely..."

Section 17 states:

17.(1) Qualifications required by an applicant for a holder of a class A, B, C, D, E or F drivers licence are that the applicant or holder,

.....

(b) is not taking any drug that could, in the dosage prescribed impair his or her ability to drive a motor vehicle of the applicable class safely;

.....

(d) has not established medical history of heart disease including arrhythmia...likely to interfere with the safe driving of a motor vehicle of the applicable class;

As a result of viral infection, the Applicant comes under both sections 14(b) and 17(1). He has a dilated cardiomyopathy with cardiac failure and nonsustained ventricular tachycardia, frequent premature beats and isolated ventricular couplets. Assessment based on functional classification of left ventricular function and presence of ventricular arrhythmia is class III, which is the lowest.

The drugs being taken in an effort to control the cardiac rhythm can create their own problems such as hypotension, loss of potassium and other electrolyte disturbances that Physician # 2 brought out.

DECISION:

Upon the application by the Applicant to appeal the decision dated February 12, 2001 of the Minister ("Respondent") to change the class or classes of motor vehicle in respect of which the licence was issued pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

Chair

Released: May 28, 2001

DONALD E. SWALM

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: NIVES MONTANO,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

DONALD E. SWALM, Applicant
unrepresented

DATE OF HEARING: May 25, 2001

DECISION RELEASED: May 29, 2001 Toronto

REASONS FOR DECISION

A hearing was held by teleconference on May 25, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Donald E. Swalm (the "Applicant")
Motor Vehicle: 1999 Dodge Dakota, plate no. 881 5EY(the "impounded vehicle")
Date of Appeal: May 4, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on May 25, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

The Applicant's written submission filed with the Tribunal in support of appeal states:

My truck (1999 Dodge Dakota) was taken off the road and stored for the winter at my x wifes residence in Barrie Ont. I live in Niagara Falls Ont. My 24 yr old son, Jeffrey who lives in the Barrie area, went to my wife's residence during the night, went thru her belongings while she slept, found the keys and stole the vehicle. (Altho, not with malicious intent for profit). In no way would I condone this act, as I had removed the insurance (PL & PD) for the winter, from the truck and in the event of an accident I could be sued for everything I've worked for, for 40 years.

The following is a summary of the Applicant's affirmed testimony.

The Applicant purchased the impounded vehicle with the intent of using it only during the summer months. The Applicant obtained a tag for the vehicle that was issued on June 30, 1999 and expired on September 23, 1999. To date, no further tags have been

issued for this vehicle. The Applicant stores the impounded vehicle in the driveway at his ex-wife's home who resides in Barrie, Ontario. When the impounded vehicle was stored in 1999, the Applicant removed all insurance on it except for "fire and theft".

The Applicant's wife hid the keys to the impounded vehicle in one of her dresser drawers in her bedroom. On the evening the vehicle was impounded, and as stated above, Jeffrey, the Applicant's 24 year-old son, "went through his mother's belongings while she slept, found the keys and stole the vehicle." The Applicant testified that his ex-wife has been diagnosed with cancer and has undergone chemotherapy. Therefore, she may not have heard her son in her room due to the side effects of this disease and/or its treatment. Jeffrey has not lived with the Applicant for approximately 11 years. Jeffrey resides in Innisfil, Ontario.

When the Applicant's ex-wife awoke, she realized the impounded vehicle was gone and called the police to report it stolen. The police at this point advised her that her son, Jeffrey, had been arrested and the vehicle had been impounded. The police prepared a full report on the incident.

When the Applicant was asked what charges were laid against his son Jeffrey, the Applicant replied that he did not know, but that his younger son, Brad, told him that Jeffrey was charged with "impaired" and "taken without consent".

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibit 3):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Jeffrey C. Swalm;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence "Ability Impaired" under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until June 1, 2003.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- 1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of “stolen” is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of “stolen” as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black’s Law Dictionary (Sixth edition), page 1419-1420 provides the definition of “stolen” as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word “stolen” as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

The burden of proof is on the Applicant to establish whether the impounded vehicle was, in fact, stolen.

The Tribunal found that the Applicant's son took the Applicant's vehicle without the Applicant's prior knowledge or consent. However, there is no evidence before the Tribunal that the actions on the part of his son constituted theft of the vehicle.

The Applicant attended at the police station in Barrie, Ontario approximately one week after the vehicle was impounded and his son, Jeffrey, was arrested. The Applicant spoke to the police officer involved in this matter. The police officer provided him with the incident report and the Applicant signed it. When the Tribunal asked why he did not charge his son with “theft”, he replied that he wasn't sure he could have done that.

The Applicant did not believe his son intended to deprive him of the benefit of ownership (or possession) permanently or committed this crime with “malicious intent for profit”. He feels that his son was out on a “joy ride and had to “go somewhere to get something”.

In the Applicant's testimony, he advised the Tribunal that this was not the first time Jeffrey had done something like this. Jeffrey had once before, taken the Applicant's

boat for a ride without the Applicant's knowledge or consent. The fact remains that the Applicant did not properly store the vehicle in a secure location, as this was not the first time something like this has happened.

In further testimony, it was revealed that the vehicle was purchased with the intent of giving it to the Applicant's younger son when he successfully obtained a valid driver's licence.

The Tribunal sympathizes with the Applicant wherein he feels that he is the victim of circumstance. He continues to pay the monthly premiums on the impounded vehicle as well as now having to bear the burden of paying the towing and impoundment costs. Jeffrey is currently employed at a roofing company, but the Applicant is of the opinion that it is unlikely that his son will pay him back. The Tribunal would like to point out to the Applicant that he may pursue compensation from his son, as is stated in Section 55.1(21) of the *Highway Traffic Act*:

"The owner of a motor vehicle that is subject to an order to impound under this section may bring an action against the driver of the motor vehicle at the time the order was made to recover any costs or other losses incurred by the owner in connection with the order".

The Applicant's appeal is that the vehicle was stolen by his son, but this has not been substantiated by evidence.

Therefore, the Tribunal finds that the Applicant has insufficient grounds for appeal under section 50.3(3)(a).

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Nives Montano, Presiding Member

RELEASED: May 29, 2001

MED - 0567

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of
the Registrar of Motor Vehicles pursuant to Section
47(1) of that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF
HEARING: May 24, 2001 Hamilton

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the Highway Traffic Act (Ontario).

EXHIBITS:

Exhibit # 1 - Decision letter from Ministry of Transportation, Dated November 7, 2000.

Exhibit # 2 - Notice of Appeal Form received at the Tribunal April 24, 2001.

Exhibit # 3 - Tabulated documents from the Ministry of Transportation (1-11), Dated May 8, 2001.

Exhibit # 4 - Fax received from Applicant May 18, 2001 with attached blood test results.

FACTS:

The Applicant, a fifty three-year-old construction safety officer, had a 10-15 year history of heavy alcohol consumption. Two days before his daughter's wedding on October 29, 2000, he made a decision to quit drinking alcohol and consulted a friend about the "AA" program. At the wedding, he suffered a full-blown grand mal seizure and was taken to the Joseph Brant Hospital in a confused state. The emergency physician, Physician # 1, notified the Ministry of the seizure and checked off "alcohol and drug abuse" and "situation is a serious road safety risk".

The Ministry notified the Applicant November 7, 2000, that his driver's licence was being suspended.

Physician # 1 referred him to a neurologist, Physician # 2. A neurological examination, an EEG and a CT scan of his brain, were all normal. The Applicant was discharged October 31, 2000 with a diagnosis of " Grand mal seizure - alcohol withdrawal type".

The Applicant then consulted Physician # 3, a specialist in Addiction Medicine on December 21, 2000 and began attending AA meetings 4 times each week. Physician # 3 advised him to abstain from alcohol completely, for his own health and safety, not just to have his licence reinstated. The Applicant maintained that his last drink was on October 27, 2000, and promised he would see his family physician every month for MCV and GGT blood tests.

The Applicant testified he had previously attempted to quit drinking a couple of times, but abstinence only lasted a couple of weeks. He and his wife both stated that they were positive he would be successful this time. She gave evidence that he did all of his drinking at home, during the evenings and on weekends. He did not drink and drive and required his car to get to work.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) a CVOR certificate,
- on the grounds of,
- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
 - (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

The Registrar of Motor Vehicles was empowered under Section 47(1) of the *Highway Traffic Act* to "---suspend or cancel" a driver's licence for "any -----sufficient reason----". An unsolicited Medical Condition Report was received from Physician # 1, an emergency physician at the Joseph Brant Hospital, dated October 29, 2000, advising the Ministry that the Applicant had suffered a seizure on that date, as a result of alcohol or drug abuse. This was sufficient for the Registrar to act.

The seizure appears to have been Grand mal in type and the result of alcohol withdrawal after long term use. The Applicant admitted in evidence to increased alcohol consumption over the past ten to fifteen years and stopping two days before the seizure occurred.

The Canadian Medical Association's "Guide for Physicians in Determining Medical Fitness to Drive" recommends "-patients with a diagnosis of alcohol dependence, including those with alcohol withdrawal induced seizures, should not be allowed to drive any type of motor vehicle until they remain alcohol free and seizure free for 12 months".

Three physicians, who attended the Applicant, advised him he could possibly have his licence returned after he established 12 months of abstinence from alcohol. He felt, that since he was not driving when the seizure occurred and since he was determined to quit drinking, he should not be penalized by a guideline for physicians. Physician # 3, the Addictions specialist, informed the Applicant that he would support his licence reinstatement in September or October, 2001, if he abided by the guidelines.

The Applicant appears to have determination, good insight into his problem and family support, so should be able to be complete this period successfully and never return to alcohol. However, the medical evidence before this Tribunal supports continued abstinence for the immediate future.

DECISION:

Upon the application by the Applicant to appeal the decision dated November 16, 200 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

A. MICHAEL ROTHE, counsel, representing the Registrar,
Motor Vehicle Dealers Act,

DATES OF

HEARING: March 6, 2001 and April 18, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") by Ahmad Shah ("Shah") operating as Best Choice Auto Sale ("Best Choice") from a Notice of Proposal (the "Proposal") dated December 5, 2000 as amplified by the Notice of Further and Other Particulars dated February 16, 2001 (the "Further Particulars"). The Proposal issued by the Registrar proposes to revoke the registration of Shah as a salesperson under the *Motor Vehicle Dealers Act* (the "Act").

The Proposal was issued in terms of Section 7(1) of the Act.

THE EVIDENCE:

The evidence presented to the Tribunal by the Registrar consisted of both documentary and oral evidence, all of which the Registrar contends warrant the revocation of Shah's registration as a motor vehicle salesperson.

The allegations of the Registrar are set out in the Proposal (Exhibit 3, Tab 1) and the Further Particulars (Exhibit 3, Tab 2).

The particulars to the Proposal read as follows:

PARTICULARS

The reasons for this proposal are:

1. Ahmad Shah o/a Best Choice Auto Sale is currently registered as a motor vehicle dealer. He was first registered on or about June 10, 1992.
2. On or about April 3, 1999 Ahmad Shah o/a Best Choice Auto Sale purchased a 1989 Honda Accord (VIN: JHMCA5526KC810069) with an odometer reading of 197,146kms from Crown Auto Used Cars. On or about October 30, 1999 Ahmad Shah o/a Best Choice Auto Sale sold a 1989 Honda Accord (VIN: JHMCA5526KC810069) to Qais Azizi with an odometer reading of 147,000kms.
3. It has come to the Registrar's attention that a 1989 Honda Civic (VIN: JHMED3609KS803611) was purchased by Ahmad Shah o/a Best Choice Auto Sale with an odometer reading in excess of 200,000kms. On or about February 17, 2000 Ahmad Shah o/a Best Choice Auto Sale sold a 1989 Honda Civic (VIN: JHMED3609KS803611) to Malak Zaki with an odometer reading of 148,082kms.
4. On or about March 3, 2000 Ahmad Shah o/a Best Choice Auto Sale purchased a 1989 Honda Accord (VIN: JHMCA5624KC808027) with an odometer reading of 367,447kms from CGU Insurance Company of Canada at Impact Auto Auctions. On or about June 26, 2000 Ahmad Shah o/a Best Choice Auto Sale sold a 1989 Honda Accord (VIN: JHMCA562AKC808027) to Thayalan Arumugarajah with an odometer reading of 167,887 kms.
5. Ahmad Shah o/a Best Choice Auto Sale has provided false documentation to the Registrar relating to a 1989 Honda Civic (VIN: JHMED3609KS803611).
6. Ahmad Shah o/a Best Choice Auto Sale failed to disclose pertinent material facts about the vehicles he was selling to purchasers.

(Exhibit 1)

The Further Particulars read as follows:

FURTHER PARTICULARS

It is further alleged as follows:

1. That Ahmad Shah o/a Best Choice Auto Sale (hereinafter referred to as the "Dealer"), breached the Registrar's terms and conditions, he signed and agreed to on or about March 10, 1999.

2. On or about October 10, 2000, the Dealer purchased a 1992 Toyota Camry (VIN: JT2SK11FXN0029789), through Impact Auto Auctions, who specialize in salvage and stolen recovery vehicles. On or about November 24, 2000, the Dealer sold the vehicle to Masoud Golbazi and failed to disclose all material facts.

(Exhibit 3, Tab 2)

The oral evidence in support of the Registrar's allegations consisted of the testimony of Qais Azizi ("Azizi"), Malak Zaki ("Zaki"), Jennifer Andrew ("Andrew") and Laura Gordon ("Gordon"). Their evidence is reviewed hereunder.

QAIS AZIZI

Azizi stated he is 19 years of age. On October 29, 1999 when he purchased the 1989 Honda Accord, the only document he obtained from the salesperson at Best Choice was a hand written document reading as follows:

I sold Yousofzai the Honda Accord Ex. For \$2500 cert + emission with 147,000 km and cerial JHMCA5526KC810069 on Oct/29/99 to Qais Azizi.
"Ahmad Shah"

(Exhibit 3, Tab 11)

Azizi went on to state that the bill of sale in respect of the purchase of the Honda from Best Choice was signed by him, and he identified his signature on that document when it was shown to him during cross-examination by the Registrar's counsel (Exhibit 7). However, he denied that he received a copy of this bill of sale from Shah either at the time of purchase or later. Azizi stated that while he did sign the bill of sale, at that time that document had no handwritten information filled in on it other than that his name, address, driver's licence number and the words Honda Accord ADX and blue. Other than that, there was nothing else filled in on that document. (Exhibit 3, Tab 8) He was told by the salesperson before placing his signature on the bill of sale that the motor vehicle had been involved in a "minor fender bumper".

He further testified that he recently received from the Ontario Motor Vehicle Industry Council ("OMVIC") a document (Exhibit 3, Tab 10) with a request that he complete and return that document to OMVIC. This he did. When completing the document, he wrote in that the odometer reading as indicated on the bill of sale was 147,000 kms and that he paid \$2,500.00 cash to Best Choice in respect of the purchase of the Honda vehicle.

MALAK ZAKI

Zaki stated in evidence that he purchased a 1989 Honda Civic from Best Choice. In negotiating the purchase, he dealt with Shah's brother who represented Best Choice. Shah's brother told him there was "no problem" with the vehicle and that he had himself used it for a while. The purchase price of the vehicle was \$4,000.00 which sum he paid in cash. At the time of purchase, the odometer reading of the vehicle was "150 something". Subsequent to the purchase, Zaki spent about \$1,000.00 on repairs to the vehicle. Prior to purchasing the vehicle, he received only two documents from Best Choice which were a hand written receipt for a \$200.00 deposit paid on February 17, 2000 and a debit slip dated February 19, 2000 showing that \$1,600.00 had been paid

from his chequing account to Best Choice. (Exhibit 3, Tab 15). When Zaki was shown a copy of a bill of sale by Shah's counsel (Exhibit 3, Tab 13), he stated that the "purchaser's signature" thereon was not his although it "looks like my signature". He also denied having been given a copy of this bill of sale by Best Choice at the time of the sale or any time later. Under cross-examination, he did testify that the "distance travelled" by the vehicle at the time of sale could have been 147,210 kms.

Zaki further stated that OMVIC recently sent a document to him for his completion and return. (Exhibit 3, Tab 14) He completed the document in his handwriting and returned it to OMVIC. He explained that the purchase price of \$5,000.00 he wrote in that document included \$1,000.00 he subsequently paid to have the vehicle repaired by a third party. The vehicle's purchase price was in fact \$4,000.00.

JENNIFER ANDREW

Andrew testified that she is presently employed by OMVIC where she has worked for three years. For the last year she has been employed in the capacity as an inspector.

She stated that pursuant to a complaint to OMVIC, she proceeded on July 20, 2000 to Best Choice's premises at 2359 Danforth Avenue, Toronto. The purpose of her visit was to inspect the books and records of Best Choice to ensure compliance with the Act and its regulations. On July 20, 2000 there were no books and records at Best Choice. On July 25, 2000 she returned to Best Choice, spoke with Shah and inspected Best Choice's books and records which were then made available to her. She removed certain documents to OMVIC's offices and there made copies of such documents.

Andrew stated that among the documents she removed from Best Choice on July 25, 2000 was the bill of sale in the Azizi transaction (Exhibit 3, Tab 8) and the wholesale buyer's car order and agreement reflecting the purchase by Best Choice of three motor vehicles including the motor vehicle subsequently sold by Best Choice to Azizi (Exhibit 3, Tab 9). This latter motor vehicle, she identified as being the first vehicle listed on the wholesale buyer's car order and agreement. The distance travelled by this vehicle is shown on that document as 197,146 kms at the time of its purchase by Best Choice. This document also had written on it across its face the words "three above cars is insurance write off accident repair - sold as is". The signature of the Purchaser on that document is that of Shah.

Andrew further testified that when she inspected the original bill of sale regarding the sale of the 1989 Honda Accord from Best Choice to Azizi, she noticed that that original had a different hand writing on the left hand side under "optional equipment" and that the "distance travelled" appeared not to be 197,422 kms but rather appeared to be 147,422 kms.

Andrew further testified that she obtained the document at Exhibit 3, Tab 16 from Best Choice during her inspection of the records of the latter. She identified this document as pertaining to the Zaki vehicle.

LAURA GORDON

Gordon testified that she has been the Director of Compliance at OMVIC since 1997. She explained that OMVIC is a non-profit corporation which oversees compliance with

the Act, investigates consumer's complaints and attempts to mediate and resolve disputes between motor vehicle dealers and consumers.

Gordon briefly described the various documents in the Registrar's book of disclosure (Exhibit 3). She explained the various computerized print outs from the records of the Ministry of Transportation which formed a portion of the documents contained in the Registrar's Book of Disclosure. She also testified that Shah has two brothers one of whom, was the subject of a hearing before this Tribunal when his registration under the Act was revoked pursuant to the Tribunal's order and decision.

Gordon then dealt with two complaints made to OMVIC by consumers. Pursuant to these two complaints by Thayalan and Golbazi, Gordon met with Mr. and Mrs. Thayalan at OMVIC's offices on July 20, 2000. Gordon stated she made notes of her interview with the Thayalans and read from and referred to her notes when testifying. After meeting with the Thayalans, Gordon met in OMVIC's offices with Shah. Gordon's evidence was as follows:

Thayalan Vehicle

Gordon stated that the bill of sale dated June 26, 2000 between Best Choice and Thayalan Arumugarajah (Thayalan") was obtained by Andrew from Shah following a complaint made to OMVIC by Thayalan. This bill of sale relates to a 1989 Honda Accord EX with VIN # JHMCA56Z4KC80827, (Exhibit 3, Tab 21). Also obtained by OMVIC from Best Choice was the bill of sale of this motor vehicle when Impact Auto Sales of Stouffville sold it to Best Choice on March 14, 2000. That bill of sale reflected that the vehicle had an odometer reading of "367,447", that the vehicle was branded as salvage and was sold at the Impact auction on behalf of C.G.U. Group Canada Ltd. which Gordon identified as an Insurance Company. (Exhibit 3, Tab 24) She also testified that she is familiar with Impact Auto Auction whose business is the selling of accident write off motor vehicles on behalf of insurance companies which acquire motor vehicles after having paid out the registered owners thereof. The vehicles sold by Impact are those which the insurance companies decide are worth less than the cost of repairs.

Thayalan informed Gordon that he had seen a Honda motor vehicle advertised in the "Auto Trader" publication of June 22-28, 2000. From the advertisement he believed the seller was a member of the public who owned the vehicle. He called the telephone number in the advertisement and spoke to someone who he later came to know as Anisa Ebadi, the wife of Shah. Ebadi told Thayalan that the advertised vehicle had about 160,000 kms recorded on it and could be seen at a certain address, namely 31 Sierra Drive, to which the Thayalan and his wife proceeded on June 23, 2000. At the address the Thayalans met with Ebadi who told them she had owned the vehicle for 3 years and was selling it as she was pregnant and wished to purchase furniture with the proceeds of the sale. Thayalan then gave Ebadi a deposit of \$600.00, and a few days later Shah delivered the car to the Thayalans' home when the balance of the purchase price was paid by Thayalan to Shah. The Thayalans were then given a used car information package by Shah from which Thayalan observed that the vehicle was a rebuilt vehicle. Thayalan questioned Shah regarding this information as to the vehicle being a rebuild. Shah denied any knowledge of the vehicle being a rebuild and stated he had purchased the vehicle from one Richard Lynn.

Disturbed by the fact that the information package referred to the vehicle as a rebuild, Thayalan told Shah he wanted the deal cancelled and his money returned. Shah refused to do so and insisted on retaining \$500.00. On the information package which Thayalan retained, he observed Best Choice to be the owner of the motor vehicle. Thayalan's wife ascertained Best Choice's telephone number and called that number. Shah answered the telephone and confirmed that Best Choice was the owner of the vehicle and persisted in his refusal to refund the purchase price to Thayalan as he insisted he needed \$500.00 for taxes.

Thayalan then contacted OMVIC and informed OMVIC of his complaint.

Pursuant to OMVIC being informed of Thayalan's complaints, OMVIC contacted Shah and requested a copy of the bill of sale between Best Choice and Thayalan.

Gordon went on to state that shortly after OMVIC's request to Shah for a copy of the bill of sale, Shah, according to what Thayalan told her, went to the latter with \$3,700.00 in cash which Shah offered as a refund to Thayalan. At that meeting, Shah produced an unsigned bill of sale in respect of the 1989 Honda Accord. (Exhibit 3, Tab 21) Shah insisted that Thayalan sign the bill of sale and write on it the word "cancelled". Thayalan refused the \$3,700.00 tendered by Shah and refused either to sign the bill of sale or to write cancelled across the face of the bill of sale.

Subsequently, on July 20, 2000 the matter was resolved as a result of OMVIC's intercession. It was then that Thayalan and Shah attended OMVIC's offices and the matter was settled by Shah refunding the \$4,000.00 purchase price to Thayalan and Thayalan returning the vehicle's keys to Shah. At this time, both Shah and Thayalan signed a letter acknowledging the cancellation of the deal and the refund of \$4,000.00 (Exhibit 4).

Gordon expressed concern that the bill of sale placed before Thayalan by Shah when he requested it be signed and cancelled was the first occasion Thayalan saw a bill of sale in connection with the transaction. After Thayalan had left OMVIC's offices, Gordon spoke with Shah in OMVIC's offices. Shah could give her no explanation why Shah's wife, Enisa Ebadi, was attempting to sell the vehicle to Thayalan when, in fact, Best Choice had purchased the vehicle from Impact and the transaction had gone through Best Choice's RIN number in the Ministry of Transportation's records (Exhibit 3, Tab 24).

Golbazi Vehicle

Gordon testified that Shah had supplied OMVIC with a copy of the bill of sale between Best Choice and Masoud Golbazi relating to a 1992 Toyota Camry. This bill of sale was obtained by OMVIC following a complaint by Golbazi to OMVIC (Exhibit 3, Tab 26).

Golbazi had advised Gordon that he was concerned that the Toyota Camry motor vehicle had been involved in a collision. He was given no bill of sale from Best Choice, the vendor of that vehicle. He told Gordon he had signed a blank bill of sale with Best Choice. When Gordon queried why he would do this, he replied that he trusted Shah. He told Gordon that at the time of the transaction he did not know the vehicle had been in an accident let alone written off.

Gordon stated that OMVIC obtained a copy of a condition report from Impact Auto Auctions of Stouffville. She concluded from this report that the Toyota Camry had suffered damage to its front, right hand side and rear (Exhibit 5).

Gordon further stated that when she spoke with Shah following upon Golbazi's complaint, Shah agreed to refund \$9,250.00 to Golbazi which was the purchase price of the Camry.

Gordon referred to the Ministry of Transportation's VIN history of the Camry vehicle (Exhibit 3, Tab 26). She explained that the Camry had been branded as stolen on this VIN history and that it had been transferred from The Personal Insurance Company of Canada prior to that company transferring title to Best Choice on November 8, 2000. On November 25, 2000 the Camry was sold under a bill of sale to Golbazi (Exhibit 3, Tab 25).

When Gordon was shown the condition report on the Golbazi vehicle (Exhibit 5), she stated that she could not determine the extent of the damage to the vehicle.

Under cross-examination, Gordon stated that an insurance write off vehicle could include, for example, where an insurance company had paid out its insured for the vehicle and had taken title to that vehicle; that a salvage vehicle and theft recovery vehicle could include the situation where an insurance company had paid out the owner of the vehicle and had then taken title to it. She further stated that when an insured vehicle is written off as stolen, its owner being paid out by its insurer and the insurer then taking title to the vehicle upon its recovery, it may be possible that such theft recovery vehicle could be in the same condition as it was prior to its theft.

Shah was the only witness for the Applicant. Shah's testimony was as follows.

Although Shah could not remember signing the terms and conditions dated March 10, 1999 (Exhibit 3, Tab 5), he did acknowledge that the signature appearing thereon was his signature.

Qais Azizi Vehicle

Shah acknowledged that he signed, as Purchaser, the Wholesale Buyer's Car Order and Agreement (Exhibit 3, Tab 9) when he purchased the Honda Accord that was subsequently sold by him to Azizi. He acknowledged having received the aforesaid agreement at the time of his purchase of the three motor vehicles listed therein and that the first of the three vehicles purchased under that agreement for \$850.00 was the 1989 Honda Accord, the vehicle he subsequently sold to Azizi. He also acknowledged that the agreement stated that the vehicle at the time of his purchasing it had travelled a distance of 197,146 kms.

He further stated that he subsequently sold the Honda Accord to Azizi under a bill of sale (Exhibit 3, Tab 8) for \$950.00 and that that bill of sale indicated that the motor vehicle had then travelled 197,422 kms and that the vehicle was an insurance write off.

Shah went on to state further that his brother, who was not employed by him at Best Choice and who was under psychiatric supervision, did occasionally visit the premises of Best Choice and without Shah's knowledge or authority gave Azizi a handwritten

document (in his brother's handwriting) and under his brother's signature recording that the Honda had been sold to Azizi (Exhibit 3, Tab 11).

Shah under cross-examination, denied Azizi's testimony that the latter signed the bill of sale when that document was blank.

Malak Zaki Vehicle

Shah testified that the bill of sale (Exhibit 3, Tab 13) bears his signature and that Zaki was given a copy of this document on conclusion of the sale. He also stated that the distance traveled by the vehicle, namely 147,210 kms, was written on the bill of sale when he prepared such bill and that there was disclosure on the bill that the vehicle was an "insurance write off".

Thayalan Vehicle

Shah handed in a photocopy of the bill of sale between Shah and Thayalan (Exhibit 10) which Shah stated was part of Best Choice's records. He also tendered as evidence from Best Choice's records the original bill of sale between Best Choice and Anisa Ebadi who he acknowledged as his spouse. Both these bills of sale referred to same Honda motor vehicle.

Shah testified that he did sell this Honda motor vehicle to his wife Anisa Ebadi and confirmed ownership was transferred into her name on April 25, 2000. He stated that prior to selling the Honda to Ebadi he had obtained ownership thereof on March 10, 2000 from an insurance company. After Ebadi obtained ownership in the Honda from Shah she transferred ownership therein back to Shah on June 26, 2000 and on that date Shah transferred ownership to Thayalan.

Shah stated that the advertisement that was placed in the Auto Trader which Thayalan had referred to with Ebadi's telephone number within that advertisement was placed by a friend of Shah who had Shah's permission to use Ebadi's telephone number.

After the sale of the Honda to Thayalan the latter approached Shah and stated he did not like the car and complained about damage to the left rear door that Thayalan insisted Shah repair. As such damage occurred after Thayalan took delivery of the Honda, Shah refused to repair the door. This was when Thayalan complained to OMVIC. As Shah wished to avoid trouble, he returned the full purchase price of the Honda to Thayalan although at that stage Thayalan had already enjoyed the use of the vehicle for one month. After taking back the vehicle from Thayalan, Shah sold it to Sarah Mousair some seven weeks later for \$3,500.00. Shah contended that Thayalan's signature does not appear on the bill of sale when Shah sold him the vehicle (Exhibit 10) as Thayalan refused to sign it.

In cross-examination, it was put to Shah that the copy of the bill of sale (Exhibit 3, Tab 21) relating to the Honda vehicle reflected the distance travelled by it as 167,887 kms. Shah explained that the bill of sale had been prepared in duplicate, the duplicate copy being a carbon copy of the original and that the figure "3" in 367,887 kms did not adequately come through on the carbon copy leaving the impression that there is a "1" where the "3" should have been. The original was given to Thayalan.

Golbazi Vehicle

Shah stated that when he concluded the sale of the Toyota Camry to Golbazi, Golbazi refused to accept the copy of the bill of sale when Shah attempted to give it to him and insisted that he be given the original bill of sale. This Shah did and retained the copy in Best Choice's records. When Gordon spoke with him about this sale, Shah agreed to refund the \$9,250.00 paid by Golbazi for the vehicle and did refund that sum.

FACTS FOUND PROVEN:

Based upon the evidence placed before the Tribunal, the following are the facts found to have been proven.

1. Shah is presently registered under the Act as a motor vehicle dealer and carries on business as sole proprietor of Best Choice.
2. On April 3, 1999 Shah as Purchaser entered into a written Wholesale Buyer's Car Order Agreement with Crown Auto Used Cars ("Crown") as vendor in terms of which Shah purchased a 1989 Honda Accord EX motor vehicle (the "Accord") for \$850.00. At the time of purchase of the vehicle, it was disclosed by Crown to Shah that the Honda motor vehicle had travelled a distance of 197,146 kms. and was an "insurance write off accident repair".
3. On October 30, 1999 Shah entered into a written bill of sale with Azizi in relation to the Accord, referred to in paragraph 2 above, in terms of which he sold that motor vehicle to Azizi for \$950.00. The bill of sale recorded that the vehicle had travelled a distance of 197,422 kms. and was an "insurance write off accident repair". The signature on the bill of sale, as purchaser of the vehicle, was Azizi.
4. On February 17, 2000 Shah as Vendor entered into a written bill of sale with Zaki as purchaser of a 1989 Honda Civic motor vehicle (the "Civic") for \$460.00. The distance travelled by the Civic was recorded on that bill of sale as 147,210 kms.
5. On March 14, 2000 Shah purchased a 1989 Honda Accord EX (the "EX") from Impact Auto Auctions of Stouffville when the odometer reading of that motor vehicle was disclosed by Impact on the bill of sale to Shah was 367,447 kms. The vehicle was branded as "salvage" on the Impact bill of sale.
6. On April 24, 2000 Shah sold the EX to his wife Anisa Ebadi by a written bill of sale whereby title to the vehicle was registered in the name of Ebadi on April 25, 2000. The bill of sale reflected that the motor vehicle was an "insurance write off, accident repair".
7. Thayalan spoke with Anisa Ebadi on or about June 23, 2000 upon which date Thayalan went to 31 Sierra Drive where he inspected the EX.

8. On June 23, 2000, Thayalan gave Ebadi the sum of \$600.00 as a deposit on the EX.
9. On June 26, 2000 title to the EX was transferred from Ebadi to Shah who on June 26, 2000 caused title to the vehicle to be registered in Thayalan's name. pursuant to the sale of that motor vehicle to Thayalan for \$4,000.00.
10. At the time of the sale by Shah to Thayalan, Shah failed to provide Thayalan with a duplicate copy of the bill of sale with Thayalan's signature thereon, as purchaser.
11. At or about the time that Shah made refund of \$4,000.00 to Thayalan he presented Thayalan with a bill of sale in respect of the sale of the EX and requested that Thayalan sign the bill of sale and write across the face of the bill of sale the word "cancelled". Thayalan refused to sign the bill of sale and also refused to write "cancelled" across the face of the bill of sale.
12. Shah failed to act with honesty, and integrity when he attempted to create a bill of sale and presented it to Thayalan for Thayalan's signature and when Shah required Thayalan write the word "cancelled" thereon.
13. Shah refunded \$4,000.00 to Thayalan being the purchase price paid to him by Thayalan and thereafter resold the EX to Sarah Mousair.
14. Shah handed Golbazi, at the time of the sale of the Toyota Camry to Golbazi, the original bill of sale for that motor vehicle.

THE LAW:

The Act's relevant portions are:

Section 5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

.....

Section 6.(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle

the registrant to registration under section 5 if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.

Section 7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefore, on the applicant or registrant.

.....

Section 7.(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

.....

DECISION AND REASONS:

The onus of proof rests upon the Registrar to satisfy the Tribunal that he has reasonable grounds to believe that the registration of Shah ought to be revoked based upon Shah having carried on activities in contravention of the Act and Regulations and which past conduct affords reasonable grounds for belief that he will not carry on business in compliance with Section 5 of the Act.

The Divisional Court decision released April 7, 1983 of *Brenner*, reported in 19 CRAT 58, held that the Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks the Registrar was in error in concluding that the past conduct of an Applicant afforded reasonable grounds for belief that such Applicant would not carry on business in accordance with law and with integrity and honesty. Southey J. for the Court reviewed the authority of the Tribunal under section 7(4) of the *Motor Vehicle Dealers Act* respecting the proposal of the Registrar under *Brenner* at Section 5(1)(b) of the that Act. He states at page 60:

The effect of Section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law

and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give

him a second chance because there was a possibility that he, indeed, might have reformed himself.

In the *Brenner* case, due to the particular facts in this case Southey J. sent it back for a rehearing, however, he adds in the third last paragraph:

The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

To overrule the decision of the Registrar, the Tribunal must conclude that the Registrar was wrong in his decision and that the conduct of an Applicant does not afford reasonable grounds for the Registrar's belief that the Applicant will in the future carry on activities in contravention of the Act and its Regulations. This was confirmed by Divisional Court in the matter of *Albert Fascenda (1994) 26 CRAT Part II 1050* where that court quashed the Tribunal's decision to direct a Registrar not to carry out his proposal and in sending the matter back for re-hearing stated at page 1051.

It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought the Registrar was in error in his belief.

The Tribunal's analysis of the evidence before the Tribunal and the Tribunal's conclusions pursuant to the analysis follow.

Qais Azizi Vehicle

Azizi testified that when he affixed his signature to the bill of sale (Exhibit 3, Tab 10) the only portions of that document completed in handwriting were his name, address, driver's licence number and the words Honda Accord ADX and blue. When asked why he would sign an incomplete document he stated that "it was a matter of trust", inferring that he trusted Shah as to the completion of the document.

When OMVIC sent him a questionnaire for completion (Exhibit 3, Tab 10) some considerable time after the sale of the vehicle to him, he stated on that questionnaire that he had "forgotten" the distance travelled by the vehicle at the time of purchase.

Having observed Azizi when he testified, the Tribunal noted the uncertainty with which he answered questions put to him which indicated to the Tribunal that he no longer remembered events with clarity. The crux of the Registrar's case respecting this allegation is the motor vehicle's odometer reading at the time of its sale to Azizi. His indecision when giving evidence coupled with his prior statement that he had "forgotten" the distance travelled by the vehicle at the time of purchase leads the Tribunal to discount his evidence. Such unreliable and uncorroborated testimony does not discharge the Registrar's onus respecting the Qais Azizi vehicle.

Malak Zaki Vehicle

Zaki testified under cross-examination that at the time he purchased the 1989 Honda Civic motor vehicle, the distance on the odometer could have, at time of purchase, been 147,210 kms. The Registrar contended that at the time of that purchase the vehicle had an odometer reading "in excess of 200,000 kms".

The evidence of the Registrar does not support of the allegation that at the time of the Zaki purchase the odometer was in excess of 200,000 kilometers. That evidence shows that the Honda Civic was sold to Shah by one Ricci Aleandra (Exhibit 3, Tab 16). The Ministry of Transportation's records tendered by the Registrar (Exhibit 3, Tab 20) confirm that Ricci transferred titled to Shah prior to Shah selling the vehicle to Zaki. The Tribunal would have imagined that Ricci would have been subpoenaed to give evidence before the Tribunal to confirm the distance travelled by the vehicle at the time of sale. No such evidence was produced and Ricci did not testify. The only evidence the Registrar produced to support his allegation that the vehicle had travelled "in excess of 200,000 kms." was an undated handwritten note (Exhibit 3, Tab 18) from "Peter" at Finch Car Clinic that one "Rizi Pallinare" had sold a "white Honda" to him with a "high mileage over 300,000 kms. which he sold to "Sam at Sunoco for parts". In addition to the aforementioned undated handwritten note, the Registrar tendered in evidence an undated handwritten note (Exhibit 3, Tab 19) from one S. D'Angelo in which D'Angelo stated that he sold a "white Honda Civic 4 doors for scrap parts km. about 200,000".

There is nothing in the two indicated handwritten notes that connect the vehicle or vehicles referred to in those notes with the Honda Civic motor vehicle sold by Shah to Zaki. There are no VIN numbers mentioned and the notes give no information as to details of the Honda referred to in those notes as being the same Honda as sold to Zaki. Neither "Peter" nor "D'Angelo" gave evidence at the hearing, the Registrar being apparently content to rely on the vague documents he tendered in evidence.

The evidence tendered by the Registrar is so vague, ambiguous and unhelpful in establishing that the vehicle sold to Zaki had travelled over 200,000 kms. when Shah purchased it, that the Tribunal cannot find that the Registrar has discharged the onus that rests upon him with respect to the Malak Zaki vehicle.

Thayalan Vehicle

Thayalan did not testify at the hearing, and the best evidence regarding Thayalan's allegations was not presented. The Registrar relied upon hearsay evidence presented by Gordon, Director of Compliance with OMVIC. The Tribunal is entitled to receive hearsay evidence and to place what weight it believes should be attributed to such hearsay evidence.

The evidence of Gordon was given in a straightforward manner and was a detailed recounting by her from an interview held at OMVIC's offices with Thayalan and his wife. Gordon read from notes which she made at the time of her interviewing the Thayalans. Gordon's evidence, although hearsay, is accepted in its entirety by this Tribunal as being an honest and credible relating of information given to her by the Thayalans.

Of particular importance to the testimony of Gordon was her having spoken to Shah in OMVIC's offices after her meeting with Thayalan earlier that day. Shah was asked by Gordon why Ebadi had attempted to sell the Honda to Thayalan when Shah, operating as Best Choice, was, in fact, the owner of that vehicle. He could give Gordon no explanation. This aspect of Shah's evidence was not questioned by Shah's counsel in his cross-examination of Gordon. Gordon's evidence on this particular aspect, being uncontested, is accepted by the Tribunal.

Furthermore, it is clear from the documentary evidence adduced by the Registrar that Shah purchased this vehicle from an insurance company and took title thereto on March 23, 2000. (Exhibit 3, Tab 24) It is further apparent from the documentary evidence, which was not contested by Shah's counsel, that Shah transferred title to the vehicle to his wife Ebadi on April 25, 2000 and that she retained title until June 26, 2000 on which date Ebadi transferred title to the vehicle back to Shah who in turn transferred title to Thayalan. During the period of April 25, 2000 and June 26, 2000 when Ebadi had title, she offered the vehicle to Thayalan for sale on June 22, 2000 and met with him on June 23, 2000 when she received the \$600.00 deposit from Thayalan. Some three days later, on June 26, 2000, Thayalan paid the balance of the vehicle's purchase price. It was on that date that Ebadi transferred title back to Shah who in turn transferred title to Thayalan.

Accordingly, the Tribunal finds that the version presented through Gordon's evidence is entirely credible and acceptable. Thayalan was lead to Ebadi through the advertisement in the Auto Trader of June 22, 2000 and spoke with and paid to Ebadi the \$600.00 deposit. The Tribunal finds that Ebadi was nothing more than a front for Shah. Shah's evidence that a friend of his placed the advertisement which Thayalan saw in the Auto Trader is rejected as so unlikely a scenario as to be unbelievable.

Having found the testimony of Gordon, although hearsay, to be credible the Tribunal attributes considerable weight thereto and much prefers her evidence to that of Shah.

Insofar as Azizi, Zaki and Thayalan vehicle's odometer readings are concerned, the Tribunal is cognizant of the decision of the *Coates v. Registrar of Motor Vehicle Dealers and Salesman* 65 O.R. (2d) 526 in which it was held that clear and convincing proof based on cogent evidence would be necessary to support cancellation of registration. The Tribunal is not reasonably satisfied that the evidence of Azizi and Zaki is convincing enough to sustain the revocation of Shah's registration. Azizi's and Zaki's evidence was insufficiently convincing having regard to the nature and consequences of the facts to be proved, the seriousness of the allegations and the gravity of the consequences that will follow from a finding supportive of the Registrar's proposal.

As to the Thayalan allegations, the Tribunal is of the opinion that the detailed evidence of Gordon, viewed in the totality of the circumstances and the documentary evidence presented, supports the belief of the Tribunal that Shah's conduct was without integrity and that such conduct is likely to reoccur in the future to the detriment of the public.

Golbazi Vehicle

As to the Golbazi allegations, it is again noted that the Registrar failed to call Golbazi to testify and chose to rely on the hearsay evidence of Gordon. There was no indication Golbazi could not attend the hearing. Shah contested the Registrar's evidence that he failed to give Golbazi a copy of the bill of sale. Shah contended he gave Golbazi the original bill of sale as requested by Golbazi and retained the carbon copy which he gave to OMVIC.

In the absence of Golbazi's viva voce evidence and the opportunity to allow cross-examination of Golbazi, there is no opportunity to test Golbazi's allegations. Unlike the evidence in the Thayalan matter, Gordon's evidence was directly disputed by Shah. Accordingly, the Tribunal is unable to make a finding in favour of the Registrar when the Registrar precludes cross-examination of Golbazi by not having him testify and, when Shah directly contradicted the hearsay evidence of Gordon. Furthermore, for the Registrar to rely solely on Impact Auto Auction's written schematic drawing (Exhibit 5) in no way satisfactorily proves there was material damage to the vehicle when Shah purchased it at auction, nor does the drawing in any way indicate the nature and extent of damage. The damage could have consisted of nothing more than scrapes or scratches.

There is a conflict between the evidence of Gordon and the evidence of Shah as to whether Shah gave Golbazi a bill of sale for the vehicle. Shah stated he gave the original bill of sale to Golbazi and Gordon says this was not the case. Shah specifically dealt with and contradicted Gordon's hearsay evidence and on this basis the Tribunal accepts the evidence of Shah.

The Tribunal does not therefore agree with the Registrar's conclusion that Shah failed to disclose all material facts to Golbazi in the bill of sale.

DECISION:

Accordingly, pursuant to the authority vested in it by section 7(4) and (5) of the *Motor Vehicle Dealer Act*, the Tribunal directs the Registrar to refrain from carrying out the Registrar's proposal dated December 5, 2000 to revoke the registration of Ahmad Shah o/a Best Choice Auto Sale and orders that the following terms and conditions be attached to the registration of Ahmad Shah o/a Best Choice Auto Sale.

- 1) By no later than 5:00 p.m. on the next business day immediately following upon the day a bill of sale is executed by Ahmad Shah o/a Best Choice Auto Sale and a purchaser, Ahmad Shah shall by prepaid registered mail send a true, complete and signed copy of such bill of sale to the Ontario Motor Vehicle Industry Council ("OMVIC") at 36 York Mills Road, Suite 110, North York, Ontario, M2P 2E9.
- 2) Ahmad Shah shall, at his cost and expense, forthwith enroll in the first available Automotive Certification Course offered by Georgian College of Applied Arts and Technology, Barrie, Ontario.

- 3) Ahmad Shah shall fully complete and successfully pass all tests/or examinations required to meet the criteria set by Georgian College for a passing grade no later than December 31, 2001.
- 4) Ahmad Shah shall, by prepaid registered mail, advise OMVIC in writing within 7 days of his enrollment in the course and notify OMVIC of his Georgian College student identification number no later than September 31, 2001.

LICENCE APPEAL TRIBUNAL

Derek Israel
Vice-Chair

Released: May 11, 2001

KELLY'S ALE HOUSE AND GRILL INC.-DISS

HIGHWAY TRAFFIC ACT

Section 50.2 and Regulation 574, R.S.O. 1990, Chap. H8 as amended

KELLY'S ALE HOUSE AND GRILL INC.

IN THE MATTER of an APPEAL of AN ORDER TO IMPOUND A
MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES

AND IN THE MATTER OF an ORDER of the Registrar of Motor
Vehicles made pursuant to section 55.1 of the *Highway Traffic Act*
of an Order to Impound a motor vehicle for a period of 45 days
dated April 6, 2001

AND IN THE MATTER of a requirement for a hearing respecting
the said ORDER

KELLY'S ALE HOUSE AND GRILL INC.

Applicant

-and-

REGISTRAR OF MOTOR VEHICLES

Respondent

DISMISSAL ORDER

PURSUANT to the provisions of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended (the "Act"), Kelly's Ale House and Grill Inc. (the "Applicant") initiated an appeal under section 50.2 of the Order of the Registrar of Motor Vehicles pursuant to section 55.1 of that Act, dated April 6, 2001 to impound the Applicant's motor vehicle for a period of 45 days;

AND WHEREAS, the Applicant has failed to pay the filing fee within the 15 day period prescribed by section 20(1) of the Ontario Regulation 632/98 under the *Highway Traffic Act*;

AND WHEREAS, the Applicant has not responded to the Tribunal's Notice of Intent to Dismiss Proceedings sent to the Applicant pursuant to section 4.6 of the *Statutory Powers Procedures Act*, R.S.O. 1990, Chapter S. 22 as amended, and Rule 2.10 of the Rules of Practice of the Licence Appeal Tribunal, whereby a proceeding before this Tribunal may be dismissed without a hearing for failure to commence an appeal within the 15 day period;

NOW THEREFORE, this Tribunal orders that:

1. Pursuant to the authority vested in it under section 4.6 of the *Statutory Powers and Procedures Act*, as amended, this proceeding, initiated by the Applicant's request for a hearing before this Tribunal, is dismissed;
2. Pursuant to the authority vested in it under section 50.2(5) of the *Highway Traffic Act*, this Tribunal confirms the Order of the Registrar of Motor Vehicles dated April 6, 2001, to impound the Kelly's Ale House and Grill Inc.'s motor vehicle for a period of 45 days.

LICENCE APPEAL TRIBUNAL

G. Kent McClure, Q.C.,
Chair

Released: June 4, 2001

JOEL LEFORT

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL:	ANTOINE AOUAD, M.D., Presiding member	
APPEARANCES:	BRIGITTE HAMMOND, Representative for the Registrar of Motor Vehicles	
	JOEL LEFORT, Applicant unrepresented	
DATE OF HEARING:	May 29, 2001	Windsor
DECISION RELEASED:	June 6, 2001	

REASONS FOR DECISION

A hearing was held on May 29, 2001, at Windsor, Ontario, to consider the Applicant’s appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Joel Lefort (the "Applicant")
Motor Vehicle: 1997 Chevrolet Cavalier Z24, plate no. AJTJ855 (the "vehicle")
Date of Appeal: May 9, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on May 29, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Respondent filed certified copies of Ministry of Transportation documents, previously submitted as part of the Respondent's evidence.

Documents tendered were entered into evidence as exhibits with the consent of both parties.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

5/07/01
windsor,ont

To license appeal tribunal:

My vehicle has been impounded last weekend April 29/2001, because the driver (a friend) having suspended license. I didn't know about his situation and I didn't ask because I seen him driving a car just a few days before. I was in the passenger side because I had a few drinks earlier on, and I know better than to drive.

Still today, I don't know why the police stop us but he did. I need my car to go to work, for I work outside of town where there is no bus. I don't have my ownership because Chatham towing has it and I,m not getting any cooperation from them.

Thank you for your time,
Joel Lefort

At the hearing the Applicant elected to make a statement rather than testify under oath.

The Applicant stated that rather than drive under the influence, he asked his friend to drive.

The Applicant was not aware that his friend's driver's licence was suspended as he had seen his friend driving before and had seen his licence on that occasion. The Applicant did notice that his friend's address was wrong but did not see any other signs that the licence might be suspended.

As for losses, the Applicant claims that lost one week off work due to lack of transportation at the time, but other than that, incurred no other expenses due to the impoundment of the vehicle.

The Applicant admitted to using his father's van when said vehicle is not needed by his father. Whenever, possible the Applicant gets a ride from a friend to take him to and from work. Public transportation is available to the Applicant.

In reply to questions posed by the Respondent the Applicant confirmed that he has not inquired into the possibility of renting another vehicle and that health and safety are not a concern.

Although shown a statement from the Ministry of Transport indicating he owns another vehicle, with a license plate which expired in January, the Applicant denied ownership of the vehicle described in the Ministry's abstract.

The Applicant is aware that he may sue Steven Mathies for reimbursement of expenses assumed as a result of the impoundment.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Steven J. Mathies;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until May 12, 2001.

The Respondent offered no viva voce evidence at the hearing choosing to stand on the information provided.

In closing, the Respondent asked the Tribunal to confirm the decision of the Registrar and uphold the suspension, on the grounds that "due diligence requires an Applicant to do more than look at a driver's license. The Ministry of Transportation has a number which can be called to obtain information on the validity of the licenses of motorists on the roads.

As for hardship the Respondent maintains that the Applicant's testimony amounted to inconvenience but did not constitute hardship.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the

particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.

- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the due diligence and exceptional hardship grounds of appeal as provided in subsection 50.2(3)(c) and 50.2(3)(b) and(d) of the Act, respectively.

The Tribunal will address the matter of due diligence first, and address the meaning of “due diligence” as raised by the Respondent.

The Respondent quoted the definition of “due diligence” from the 6th edition of Blacks Law Dictionary, which the Tribunal transcribed as follows: “Due diligence, such a measure of prudence, activity, assiduity as is properly to be expected from and ordinarily exercised by a reasonable and prudent man under the circumstances, not measured by any absolute standard but depending on the relative facts of the case.”

Although interpretation is always subjective, in order to justify its decision, the Tribunal receives assistance from two significant criteria in this definition. First, it is clear that the measure of “due diligence “ is, as also described in the Notice of Appeal, that “all reasonable efforts” be made. Further, it is noted that due diligence is “not measured by any absolute standard but depending on the relative facts of the case.” The circumstances surrounding this case are that the Applicant decided he had too much to drink and prudently asked his friend to drive him home. He did look at his friend's driver's licence and noticed that the address was wrong. This was notice that the friend's licence was not current.

The Respondent contends that the Applicant did not exercise proper due diligence in that he failed to do more than look at that his friend's license.

Section 50.2 (3) (c) is clear in the requirement:

“that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s license of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension.”

This Tribunal has previously adjudicated that in order to exercise proper due diligence the owner of a motor vehicle must physically see the driver’s license of the prospect driver immediately prior to allowing the car to be driven by the individual. The Applicant stated he did so, and the Tribunal has no reason to disbelieve him. This may be enough in some cases to be due diligence and in other cases not enough; this depends on the circumstances. The Tribunal has relatively little evidence as to the circumstances of the friendship between the owner and the driver. It appears that the friendship was not close enough for the owner to learn that the driver had been convicted of driving a motor vehicle with over the legal limit of alcohol in his blood. However, when the owner saw that the driver’s licence was not current, merely seeing it does not amount to a reasonable effort to confirm its validity, and is not enough to establish due diligence.

The Respondent would have the Applicant call a 1 900 number available to the public. The Tribunal does not believe that it is necessary to decide what the owner might have done to establish due diligence. It is only necessary to find that the particular inquiry the owner made in this case does or does not amount to due diligence. As stated above, merely relying on a licence known by the owner not to be current does not amount to due diligence in this case.

The Tribunal is not satisfied that the criteria for due diligence as set out in Section 50.2(3)(c) was met.

With respect to exceptional hardship under subsection 50.2(3)(d) of the Act, the Tribunal will proceed to review the criteria required to meet the onus for consideration of financial loss.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Tribunal will not comment on whether or not the Applicant owns another vehicle, as the information concerning the possible ownership of another vehicle was presented at the hearing and not within the allotted time for disclosure.

The Applicant stated that he is able to drive his father’s van, and also that he is driven to work by a friend. Thus the criteria of Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 requiring that no alternative is available to the Applicant does not apply.

Is the loss immediate, significant and lasting?

The Applicant stated that he lost one week off work, but that other than that he incurred no incidental or any other out of pocket expenses. In fact he has been working over time.

The Applicant does not meet the criteria of subsection 22(3)(b) O. Reg. 574, as amended which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting.

Is the loss upon a person ordinarily transported in the motor vehicle?

The evidence indicates that the impact of the impoundment will be borne by the owner of the vehicle.

Is the loss upon a person other than the driver of the motor vehicle and not a result of that driver's loss?

O. Reg. 632/98, Subsection 22(3)(d)(i)(ii), amending Regulation 574 provides that this Tribunal may not consider economic loss unless the owner demonstrates that:

d) the impact of the loss,

i) will be upon a person other than the person whose driving while his or her driver's license was under suspension resulted in the order to impound the motor vehicle and...

ii) will not be a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d).

On the evidence, the impact of the loss on the owner will not be a result of the loss affecting the suspended driver.

The owner has an alternative to the impounded vehicle and the loss is not immediate, significant and lasting. The criteria set out in section 22(3)(d) of O. Reg. 574, as amended, being cumulative, the Tribunal may not consider the Applicant's loss as being exceptional hardship under section 50.2(3) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D., Presiding Member

RELEASED: June 6, 2001

BARRY R. COPPARD

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

BARRY R. COPPARD, Applicant
unrepresented

DATE OF HEARING: May 28, 2001

DECISION RELEASED: June 6, 2001 Hamilton

REASONS FOR DECISION

A hearing was held on May 28, 2001, at Hamilton, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Barry R. Coppard (the “Applicant”)
Motor Vehicle: 1995 Ford F150, plate no. 339 55E (the “vehicle”)
Date of Appeal: May 3, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on May 28, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant’s evidence follows.

Applicant’s written submission filed with the Tribunal in support of appeal states:

To Whom it may concern:

The impounded vehicle is used to transport me and my other son (Mark) to work. There is another vehicle in the household, however neither me nor Mark are able to be insured to drive the said vehicle. It was requested by the insurance company that I sign a waiver declaring that I do not drive the vehicle.

I live in an area that has no public transportation system, therefore I cannot exercise this option. There are no family members that live near by or that have a vehicle that I could use.

As a chef my work shifts are very different than those of the owner of the other vehicle and not able to get a ride from them. There are no other staff members where I work that

live in my area to be able to use that option. I am not in a position to rent or purchase another vehicle, I still have to make payments on the truck as it is not paid for.

I am paid hourly and if I miss work I do not get paid thus diminishing my wage by the amount of time that I miss. I do not have any savings to fall back on, I also incur living expenses such as, cost of housing, Life insurance, Truck payment, and Truck insurance. There is no extra cash flow to be able to pay the \$4,500 impound fee that the Police Officer said that it would be to get the truck back from the pound. My son Mark is dependent on a ride to and from work and is not in a position to be able to rent or purchase another vehicle. The used vehicle that he purchased blew up on the highway and is not repairable. We have searched Canada the US and overseas for a replacement engine. Apparently the manufacture decided to put a different type of motor in that year model than they had previously or since used. Consequently he is left with a vehicle that he cannot even get towed to the wreckers as there is a loan outstanding on it which he still has to pay and no usable vehicle.

I am in a losing situation, I cannot afford to get the truck back but it is not paid for, I would still have a payment with the possibility of no vehicle.

At the hearing, the Applicant testified that the loss of the impounded vehicle has caused severe hardship, in that both the Applicant and his son have faced difficulty in getting to work. According to the Applicant there is no public transportation available in the area. In order to get to work the Applicant has relied on his friends to drive him and his wife to pick him up at night. However the Applicant stated that he has been forced to cut his shifts back an hour as his wife likes to go to bed early.

The other person normally using the vehicle is the Applicant's son, who has now been taking taxis to work. The son does own another vehicle but it would cost approximately \$3,500.00 to repair as said vehicle has no engine.

The Applicant has admitted to losing only one day of work due to the impoundment, but confirmed that he has lost approximately an hour every day, which reduces his pay.

From previous experience the Applicant believes that the cost of renting a vehicle would be prohibitive, but admitted in cross-examination that no attempt has been made to ascertain the cost of so doing.

The Applicant further testified that the family's health has not been, nor would it be at risk, due to the loss of the vehicle.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Colin Coppard;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;

4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol Content in Excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until August 17, 2001.

The Respondent offered no evidence other than the documentation offered prior to the hearing.

In closing, the Respondent reiterated the criteria for hardship and asked that the Tribunal confirm the decision of the Registrar as the Applicant's testimony amounted to proof of inconvenience which did not constitute hardship.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a

permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

The Tribunal will proceed to review the criteria required to meet the onus for consideration of financial loss.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant testified that there has not been much of a problem getting to and from work, as he has relied on the assistance of a friend and his wife.

As the Applicant has alternate methods of transportation available, the Applicant has failed to show there is not an alternative to the impounded vehicle, as required by the provisions of section 22 of Regulation 574.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of O. Reg. 632/98, Subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting.

There is no doubt that the Applicant has incurred some losses. Nonetheless said losses amount to a day and several hours off work, which albeit apparently significant to the Applicant, cannot be considered long lasting.

The Applicant has not satisfied the Tribunal that he has in fact incurred any loss of income or extra expenses which could be considered hardship.

Is the loss upon a person ordinarily transported in the motor vehicle?

The evidence indicates that the impact of the loss will be borne not only by the owner of the vehicle but also by his son, who was not the suspended driver, but is the person ordinarily transported in the motor vehicle.

However, the Applicant testified that his son has been taking taxis and has not missed time off work.

Is the loss upon a person other than the driver of the motor vehicle and not a result of that driver's loss?

O. Reg. 632/98, Subsection 22(3)(d)(i)(ii), amending Regulation 574 provides that this Tribunal may not consider economic loss unless the owner demonstrates that:

d) the impact of the loss,

i) will be upon a person other than the person whose driving while his or her driver's license was under suspension resulted in the order to impound the motor vehicle and...

ii) will not be a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d).

The Applicant meets the requirements of Subsection 22(3)(d)(i) as the loss of the impounded vehicle is upon a person other than the suspended driver. As the clause is cumulative, the Applicant is also required to meet the other requirements of section 22(3). However, the Applicant does not meet the criteria of no alternative being available to the impounded vehicle or that the loss is significant and lasting also set out in 22(3)(d). The Tribunal may not consider any such loss.

After assessing the evidence presented, the Tribunal finds that the Applicant has not established exceptional hardship as required under section 50.2(3) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: June 6, 2001

BALKO DRYWALL INC.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ELMER MERKLEY,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

STEVE BALJKO, Agent for Applicant
unrepresented

DATE OF HEARING: June 1, 2001

DECISION RELEASED: June 7, 2001

London

REASONS FOR DECISION

A hearing was held on June 1, 2001, at London, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Balko Drywall Inc. (the “Applicant”)
Motor Vehicle: 2000 Chevrolet Astro Van, plate no. 397 5HZ (the “vehicle”)
Date of Appeal: May 17, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on June 1, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant’s evidence follows.

Applicant’s written submission filed with the Tribunal in support of appeal states:

- The employee has been with us for over 3 years.
- We were not aware of his suspension.
- The van is used by this employee and one other.
- It was recently purchased because of the need for an extra vehicle.
- The van is necessary every day to do service work and spraying of ceilings at various locations in and around the London area.

- The van is necessary for storages of certain materials which saves time for all employees. No driving to storage to load equipment and materials and returning to unload and change equipment for different type job.

"Steve Baljko"

Balko Drywall Inc. was represented by the President, Mr. Steve Baljko. Mr. Baljko testified that he operates Balko Drywall Inc. located at 170 Parkview Drive in Dorchester, Ontario. His company employs approximately twenty-two employees and grossed \$ 2.6 million this past year. He stated his son, Matthew Baljko, an employee of Balko Drywall Inc., was driving the currently impounded vehicle without the benefit of a valid driver's licence. The impounded vehicle is used to transport ceiling spray equipment within a sixty kilometer radius of Dorchester, Ontario. The spray equipment is weather sensitive and must be transported in a van type vehicle or be covered with a tarpaulin if it is carried in an open pickup truck. While he has two other company-owned pickup type vehicles, one is used by himself for business purposes and an older unit is used solely for job clean up. He stated a fourth company-owned vehicle is a sport utility model, and is normally in the possession of his wife.

In his testimony, Mr. Baljko stated that he has access to a friend's vehicle during the impoundment period but considerable time is lost transferring the equipment and covering the material while travelling to and from job sites. The manual transfer of the spray equipment from truck to truck has the potential to cause a health and safety issue due to the heavy lifting involved.

Mr. Baljko testified that he is well aware that a rental unit can be obtained similar to the impounded model for about \$47.00 per day of use. However, it becomes a major inconvenience shifting the equipment and assigning different vehicles to employees during the impoundment period.

Balko Drywall Inc. has not lost any business opportunities during the impoundment period. Nevertheless, the impoundment, as well as his son's driver's licence suspension, has been a major inconvenience during this busy time of year. Mr. Baljko stated that his company has no policy in place to ensure that employees who drive company vehicles hold a valid driver's licence.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Matthew Baljko;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;

4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 20, 2002.
5. Copy of the Ministry of Transportation records indicating that the driver of the impounded vehicle and son of Mr. Steve Baljko owns a 1994 Ford pickup truck.

The Respondent submits that the Applicant has not lost any business opportunities during the impoundment period or made an effort to investigate all the possible alternatives to the impounded vehicle. It was pointed out by the Respondent that Mr. Baljko's son's vehicle may be available during the impoundment period. Mr. Baljko stated that this was not an option based on economics and, the insurance problems it could create for his company.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,

- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The issue to be considered in the appeal is to determine whether “exceptional hardship” will result from the Registrar’s order to impound the vehicle.

The onus of proof, based on the balance of probabilities, rests with the Applicant.

Section 22 of Regulation 632/98 is very specific in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact “exceptional hardship” will result from the impoundment. The Applicant in this case argued that the impoundment is causing the company major inconvenience and lost time shifting the spraying equipment from truck to truck and covering the load during inclement weather.

Mr. Baljko, representing the Applicant, readily admits that his company has not lost any business opportunities during the impoundment period.

Mr. Baljko testified that he has access to his friend's pickup truck during the impoundment period and has not investigated or pursued any other options for an alternative suitable vehicle.

The Tribunal finds that the Applicant has not established "exceptional hardship" as prescribed under Section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: STUART CORK,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

LI LI, Applicant
unrepresented

DATE OF HEARING: June 5, 2001

DECISION RELEASED: June 14, 2001

Toronto

REASONS FOR DECISION

A hearing was held on June 5, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Li li (the "Applicant")
Motor Vehicle: 2001 Nissan Pathfinder, plate no. AJFH 078 (the "vehicle")
Date of Appeal: May 14, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on June 5, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals, which were entered into evidence as exhibit #3.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Because of the worke, I'm the Holistic Practitioner, I got pathents oll over the city, And sametimes I got appontment in sarborough and then anather and Mesissaga and thes's my a reguloir pathents. Also thes's is my own business and by the Bus I cannot travel these for distance and I will lose my business. Because this my responsibility to see my patients regularly. If I lose this job, I can not pay mortgage or car payments.
"Li Li"

The Applicant testified that Iouri Mriazew, the driver of her vehicle at the time of the impoundment, had been hired by her to do some painting work at her residence. Mr. Mriazew was a friend of one of the Applicant's friends, and just prior the impoundment, the Applicant had left the keys to her vehicle on a table in her house. The Applicant had left her house with another friend, and at that time, Mr. Mriazew drove her vehicle and was subsequently stopped by the police and the vehicle was impounded.

The Applicant further testified that she and a partner run a Holistic clinic in the North West end of Toronto. The Applicant relies upon her vehicle for basic transportation, as well as for getting to and from the residences of her various patients that rely on her for house calls.

Since the Applicant has lost her vehicle, she has had to rely upon public transit for transportation to her clinic from her residence in the East end of Toronto, and has been unable to maintain her house call appointment schedule to its full extent. The Applicant has managed to obtain transportation on a sporadic basis from her friends when they are available. The Applicant testified that she believed taxi's were too expensive for her, and has made inquiries to a rental company, but found that the cost would also be too expensive for her.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Iouri Mriazew;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until November 3, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under

- suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claims to be considered under section 22(2)(a), (b), and (c), she must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Tribunal may consider economic loss only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of that Regulation). In this case, the Applicant's house call services as a practitioner had been affected, however the Tribunal was not satisfied that the impact of this temporary loss of this aspect of her business was in fact significant and lasting as prescribed by the Act.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable alternative option has been considered and inquired into as required under section 22(4) of the Regulation. The oral testimony of the Applicant was that she had investigated renting as an alternative to the impounded vehicle, yet not taxi cabs. She stated that these alternatives were not affordable for her, however, no supporting evidence was presented that would support that claim.

The Applicant has been able to maintain the daily activities of her business and through the use of various alternatives that she had at hand. These include the use of public transit to transport her to and from her clinic, as well as the occasional use of a friend's vehicle. The Tribunal recognizes that the Applicant has been inconvenienced by the loss of her vehicle, however no evidence was heard that would support a finding of exceptional hardship, nor a loss that was significant or lasting, as required by the Act.

Therefore, the Tribunal finds that the Applicant has failed to meet the requirements of section 22(4) of the Regulation, and the Tribunal is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

LENWORTH MORRIS, Applicant
Unrepresented, by electronic (telephone conference)

DATE OF HEARING: June 7, 2001

DECISION RELEASED: June 14, 2001 Toronto

REASONS FOR DECISION

A hearing was held on June 7, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Lenworth Morris (the "Applicant")
Motor Vehicle: 1989 Chrysler Daytona, plate no. AJLR 289 (the "vehicle")
Date of Appeal: May 16, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(a) and (d) of the Act.

This matter came before this Tribunal on June 7, 2001 and proceeded as an electronic hearing (telephone conference).

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The lost of my car result in the lost of my job. I went to sleep and wake up to find my car was gone I phane the Police and my Girl Friend was arested for driving the car under suspension and when I went to the Police station to get my car I was told my car was impounded for 45 days. My old address was in Scarbrough now I live in Witby with my Girdfriend one child. My Girl friend does not work. So the lost of my car could cost us

our place of resedent. My Girl Friend has nevery had a licence to drive. I lost one week of work bue to lost of my car, I talk to my boss at work and explaine my problem and he told me that he would try to keep my job for a cuple weeks.

The Applicant, Mr. Morris was affirmed and gave oral testimony. He stated that on that particular evening, he had come home from work, ate his dinner and went to sleep at about 10:00 p.m. When he awoke around 5:00 a.m., he found his girlfriend and his car were not there. According to the Applicant, he telephoned the police. The police informed him that they had his girlfriend in custody and had arrested her for driving while under suspension and that his vehicle had been impounded. The Applicant then testified that he told the police that his girlfriend did not have his permission to use his car as she does not possess a driver's licence. Mr Morris did not understand why she was not charged with theft of his vehicle. Mr. Morris was not able to produce a police report indicating that the vehicle was in fact stolen. According to Mr. Morris, he has had to take time off of work to look after his daughter as the child's mother was incarcerated and received a six month sentence which was to be served on weekends. He stated that he was residing at his mother's home where he would be able to get to work using public transportation.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Ms. Danyelle Murphy;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until May 14, 2004.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of section(s) 50.2(3)(a) and (d).

For appeal under 50.2(3)(a):

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of “stolen” is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of “stolen” as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black’s Law Dictionary (Sixth edition), page 1419-1420 provides the definition of “stolen” as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word “stolen” as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S., Colo, 338F.2d 787,788*. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430*.

For appeal under 50(3)(d):

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

There are two issues to be considered in this appeal and it is dealt with hereunder.

(a) Stolen Vehicle:

The evidence before the Tribunal establishes that the Applicant was aware that the driver, Ms. Danyelle Murphy was not in possession of a driver's licence and in fact, the Applicant testified that he was usually very careful about where he hid his keys, so she would not take the car. The Applicant testified that he had called the police and reported his vehicle stolen but was not able to substantiate this claim as no police report was submitted.

The Tribunal therefore can find no evidence that the vehicle was in fact stolen as per Section 50.2(3)(a).

(b) Exceptional Hardship:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship as per Section 55.2(3)(d)?

Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment.

The Applicant in this case has argued that the impoundment will result in hardships as described in Section 22(2). In order for his claims to be considered under Section 22(2), he must have demonstrated that all of Section 22(3) has been met. Furthermore Section 22(4) of the Regulations provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle.

The Applicant testified that he has missed two weeks of work however this was due to the fact that he did not have a sitter for his daughter as the child's mother who would have normally looked after the child was incarcerated and not available. The Applicant has also testified that he has moved to his mother's residence so that he would have access to his work via the local transit system. He has been able to attend work.

The Tribunal finds that the Applicant has found an alternative vehicle to attend work, namely public transportation.

The Applicant has failed to meet the criteria as described in Section 22(4) of Regulation 632/98.

The Tribunal does acknowledge that the Applicant will suffer from a certain amount of inconvenience however after having weighed all of the evidence presented before it, the Tribunal finds that the Applicant will not suffer exceptional hardship, as circumscribed by regulation 632/98.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Jeffrey M. Lee, D.C., Presiding Member

RELEASED: June 14, 2001

BAKKE'S TRUCKING LTD.

BAKKE'S TRUCKING LTD.

Appeal under Section 50.3 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from an Order of the Registrar of Motor Vehicles pursuant to Section 82.1 of that Act.

TO APPEAL AN ORDER TO SUSPEND AND IMPOUND A COMMERCIAL MOTOR VEHICLE OR TRAILER

TRIBUNAL: ALAN HOLBROOK, Presiding Member
ELMER MERKLEY, Member

APPEARANCES: PATRICK MOORE, Counsel for Respondent

BAKKE'S TRUCKING LTD., Applicant
RONALD GARLICK, Agent for Applicant

DATE OF HEARING: June 6, 2001 North Bay

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by Bakke's Trucking Ltd. (the "Applicant") respecting an Order of the Registrar of Motor Vehicles (the "Respondent") pursuant to sections 50.3 and 82.1 respectively of the *Highway Traffic Act* (Ontario), R.S.O. 1990, Chap. H.8 as amended.

EXHIBITS:

- Exhibit 1 – Order to Impound and Suspend dated April 27, 2001 issued by the Registrar of Motor Vehicles.
- Exhibit 2 – Notice of Appeal Form received at the Tribunal May 7, 2001, filed by the Applicant.
- Exhibit 3 – Respondents Record Book (Blue Bound Book)
- Exhibit 4 – Applicants Submissions Bakke's Trucking Ltd. (Faxed Copy)
- Exhibit 5 – Brake Defect Check List.

PRELIMINARY MATTERS:

Mr. Patrick Moore, counsel for the Respondent stated there was an omission from the original submissions, a copy of a Brake Defect Checklist, and requested it be entered as evidence. Mr. Ronald Garlick, Agent for the Applicant, presented a bound, indexed copy of his original submissions to the Tribunal.

RULING ON THE MOTION:

The Brake Defect Checklist was accepted and marked as Exhibit 5, with no objections. The indexed copy of the Applicants Submissions was accepted and marked as exhibit 6 with no objections.

FACTS:

On April 27, 2001 at approximately 1:35 p.m. a 1994 Freightliner registered to Bakke's Truck Rental Ltd. (Ontario licence number PL2679) was detained for a Level 1 inspection at the South Bound Wasi Inspection Station, in North Himsworth by MTO, Enforcement Officer Mark Tremblay.

The unit was a 3-axle power unit drawing a 1985 Timmins, 5-axle trailer, (Ontario licence number P46291).

The driver was Thomas G. Page, who assisted Officer Mark Tremblay with the inspection. Defects were found, in the brakes and air systems and the trailer was detained.

Officer Mark Tremblay was the first witness for the Respondent.

He testified that while he was weighing the truck he did a visual check of the brake slack adjustors and decided to do a level one inspection based on his observations.

Officer Tremblay stated that the driver, Thomas Page, understood and complied with instructions during the inspection.

It was established during the inspection that the trailer was equipped with an airbrake system with type 20, short stroke, clamp type air brake chambers on the first two axles (lift axles) and type 30, short stroke, clamp type air brake chambers on the three rear most axles (non lift axles).

Officer Tremblay testified that he used the "mark and measure" method to measure push rod travel and found seven of ten brake slack adjustors more than $\frac{1}{4}$ inch out of adjustment which indicates a critical defect according to the *Highway Traffic Act*, Reg 512/97 section 7.

Officer Tremblay explained that to "mark and measure " he used soap stone to mark the push rods at the face of the brake chamber with the brakes released and then had Mr.

Page apply a full brake application with the system charged to between 90 and 100 pounds per square inch and Officer Tremblay then measured the "travel" with a steel ruler.

Officer Tremblay then called Enforcement Officer Bryan Jean to assist him to do a second inspection of the brake system. The two officers used the "Fixed Point Measuring Method" and they used a digital tape measure, which was equipped with a mechanical tape measure built into it. The results of this inspection by Officer Tremblay can be found in Exhibit 3 Page 6 and Officer Jean's results in Exhibit 5.

Officer Tremblay explained that with the "Fixed Point Measuring Method" they measured from the air brake chamber face to the clevis pin on the slack adjuster with the brakes released and again with the brakes applied and then he and Officer Jean separately determined the differences in the two sets of numbers which determined the push rod travel.

During the second inspection by both officers they had placed MTO air gauges on the glad hands of the air system between the tractor and trailer to verify the air pressure in the system. Both officers were under the trailer and observed the measurements and verified the accuracy of the measurements as they were taken. The two officers also used callipers to verify the size of the brake chambers. The engine was shut off.

The second inspection was done with the assistance of the driver, Mr. Page.

After the second inspection of the brakes both officers agreed there was a critical defect and a Notice To Registrar Of Critical Defect Inspection was completed and faxed to the MTO (Exhibit 3 Page 2), by Officer Tremblay. Mr. Page was advised of the situation. Some discrepancies were noted between the first inspection and the second inspection in the push rod travel and Officer Tremblay explained to the Tribunal that the Fixed Point Method is more accurate and those results were used for the purposes of the impoundment.

Mr. Tremblay testified that he noted some brakes were warm and others cool indicating to him that some of the brakes were not fully functional.

The driver and the company were charged with operating an unsafe vehicle and the trailer impounded.

Officer Tremblay observed a service vehicle arrive with two men, (Mr. Ken Adams, Service Supervisor for Bakke's Trucking Ltd. and Mr. Dale Kitching, a mechanic for Bakke's Trucking Ltd.) and later Mr. Garlick, Bakke's Trucking, Safety and Compliance Manager, arrived. Mr. Tremblay spoke with them and observed them working under the trailer.

A copy of the impound order and an appeal booklet was given to Mr. Garlick.

Under cross-examination by Mr. Garlick Officer Tremblay stated he didn't observe any smoke or signs of over heating of the brakes.

He chose to do a Level One inspection after visually checking the slack adjusters while the truck crossed the scale plate at the inspection station. Officer Tremblay stated that a visual inspection is not accurate but is a good way to see if more detailed

measurements are required. Officer Tremblay's original notes of the measurements can be found in Exhibit 3 Page 7.

Officer Tremblay filled out all reports and signed them and Officer Jean verified the details and signed them. No further notes were taken.

Officer Tremblay was asked if he noticed any brakes "bottomed out" or "cammed over" which would indicate excessive travel. He stated he had not.

Mr. Garlick asked why two different methods of measuring had been used and was told, by Officer Tremblay, the first method of mark and measure was used because it is quicker and the second is used if an impoundment is possible because it takes longer but is more accurate.

When asked by Mr. Garlick, why he would not re measure, or at least observe Bakke's employees re measure, the slack adjuster travel, Officer Tremblay stated he had measured the slack adjuster travel two times. Officer Jean had verified the results of the second inspection and he was satisfied with the accuracy of the measurements and the methods they had used. In conversation with Mr. Garlick they discussed differences in the slack adjuster travel as measured by Officers Tremblay and Jean and ones taken by Mr. Adams and Mr. Kitching.

Officer Tremblay stated he did not have confidence in the method Mr. Adams was using to apply the brakes, with a pinch bar as opposed to using air pressure from the trucks air system and this would explain any discrepancies.

Mr. Garlick suggested the brakes be adjusted; the trailer moved to Bakke's yard, unloaded and then surrendered voluntarily, empty, to the Impoundment yard. Officer Tremblay denied this request for procedural reasons.

Enforcement Officer Bryan Jean was then called to testify as the Respondent's second witness.

Officer Jean testified he was called by Officer Tremblay and told there was a possible critical defect situation and that Officer Tremblay was requesting assistance. This was prior to the second measuring of the slack adjuster travel by the two Officers.

Officer Jean attended the Southbound Inspection Station where he and Officer Tremblay then performed the second inspection, with the driver Thomas Page's assistance. This time they used the Fixed Point Method of measuring.

Officer Jean testified they lay head to head on creepers under the trailer so both officers could read the digital tape and verify the measurements were accurate.

Officer Tremblay used the MTO "Brake defect checklist" form to write the measurements on, leaving the "Push-rod Travel" sections blank.

When all measurements were obtained both officers returned to the Inspection Station Office and photocopied the "Push-rod Travel" form and then separately did the math to determine the amount of travel of the push-rods, fill in that section of the form and then compared results to ensure the accuracy. Exhibits 3 page 6 was Officer Tremblay's form and Exhibit 5 Officer Jean's copy.

Officer Tremblay at this time proceeded to process the critical defect forms.

Under cross-examination Officer Jean stated that he agreed impoundment is a harsh penalty.

He also stated that as enforcement officers they have no discretion once they find a possible critical defect. The process is that they fill out the appropriate forms and submit them to the MTO office for a final decision to impound. This procedure is laid out in the HTA.

He also stated that they could not allow the trailer to be moved, by the carrier, for unloading and surrendered at a later time, as was suggested by Mr. Garlick, because the procedure is clearly laid out in the *Highway Traffic Act* Regulations.

Doug Reece was then called to testify for the Respondent as their third witness.

He testified he was an Enforcement Officer, Certified Truck And Car Mechanic, Enforcement Programs Advisor, and an Investigator with the Ontario Ministry Of Transportation. In addition he had worked as a mechanic in the private sector and worked at Inspection Stations, as an Enforcement Officer. In 1994 he was a Special Investigator into wheel separations and was an instructor for the C.V.S.A program. He had also attended various courses presented by manufacturers of truck braking systems. He had been declared an expert witness and testified as such before the Licence Appeal Tribunal and in Ontario Courts in the past.

Mr. Moore asked that the Tribunal declare him as an expert witness. There were no objections by the Applicant and he was so declared.

Mr. Reece testified that Officers Jean and Tremblay used approved methods of measuring the slack adjuster travel as laid out in the Reg 512 of the Highway Traffic Act and the Driver's Guide to Push Rod Stroke Inspection and Adjustment (found in Exhibit 3 page 17 and Exhibit 4 page 5).

He further testified that the method used by Bakke's mechanics (using a pinch bar instead of air pressure to apply the brakes) did not reproduce the same conditions as would be found in a full brake application and therefore was not an accurate way to check slack adjuster travel.

During examination and cross-examination, Mr. Reece explained that there are many ways to check pushrod travel.

In Mr. Reece's opinion; visual inspection, as used by Officer Tremblay while the truck was crossing the scale, is the quickest and easiest but also least accurate. In this method the relative position of the slack adjuster and the push rod are compared to see if they are at approximately 90 degrees of angle.

The mark and measure method used by Bakke's, in which the inspector uses a pry bar to force the push rod out of the air chamber to simulate a brake application, then measure the travel is a useful *guide* to see if further adjustment is necessary. This method, in Mr. Reece's opinion, does not apply enough force on the brake components to be accurate. Mr. Garlick challenged this opinion.

The mark and measure method using the trucks air supply and a full brake application is quite accurate and used in roadside inspections with CVSA approval.

However to maintain fairness and the most accuracy in the case of critical defect impoundments, the MTO verifies push rod travel with the use of the Point to Point Measure Method using the trucks air supply and a full brake application. There are other methods of checking for correct adjustment discussed in the Drivers Guide To Pushrod Stroke Inspection And Adjustment. But they were not brought before the Tribunal for discussion.

There was some discussion of the paragraph entitled "Check Free Travel" in Exhibit 3 page 36, in which the use of a pinch bar is used, but the Tribunal established that Free Travel or Free Stroke and Full Brake Application are two different tests and not necessarily related as described in the paragraph "Applied Stroke" on page 28 of Exhibit 3.

The first witness for the Applicant was Mr. Kitching a mechanic for Bakke's Trucking Ltd. Mr. Adams the maintenance supervisor at the time of the impoundment would have been called also but is no longer with the company. Both Mr. Adams and Mr. Kitching attended the Inspection station on the day of the impoundment with Mr. Garlick.

Mr. Kitching testified he is a licenced mechanic Class T (heavy trucks) and works for Bakke's Trucking Ltd. On the day of the impoundment, he and Mr. Adams went to the Inspection Station and after Mr. Garlick arrived, Mr. Kitching was instructed to assist Mr. Adams measure the push rod travel on the trailer in question. They used a 2-½ foot pinch bar to simulate a brake application and used the mark and measure method. Mr. Adams marked down the measurements. Mr. Adams then presented them to Mr. Garlick. Mr. Garlick then spoke to Officer Tremblay.

Mr. Kitching testified he often used the pinch bar method and was not aware of any problems resulting from using this method of checking air brakes nor had he ever be made aware or disciplined for any problems resulting from his work. Mr. Kitching testified he was instructed later to assist Mr. Adams to measure the pushrod travel again, this time using a full brake application from the trucks air brake system. Also they were instructed to photograph the procedure so that the results could be seen in the pictures. One brake was measured. Several attempts to photograph the results failed and the procedure was abandoned.

Mr. Kitching was then instructed to repair an airline and remove the licence plate from the trailer, which was surrendered to Officer Tremblay.

In cross-examination, Mr. Kitching stated he did not know how much pressure would be exerted on the brake components using a 2-½ foot bar. The physics were outside his area of expertise.

Asked why a full air brake application using the trucks air system and a mark and measure method was not completed if they were disputing Officer Tremblay's measurements, Mr. Kitching stated that it was not his decision to make.

The next witness for the Applicant was Mr. Garlick who is Bakke's safety and compliance manager.

Mr. Garlick testified that Bakke's Trucking Ltd. had not had an out of service violation related to brakes for three years. The company has been in business since 1972. They run 40 company power units with 5 owner operators and 65 trailers and have invested millions of dollars in up grading equipment in the last several years. The trailer had had a full brake job less than 5000 miles prior to the impoundment. The company has three full time mechanics plus the maintenance supervisor and two shop labourers. They run all 48 U.S. states and across Canada.

Mr. Garlick testified he is certified to adjust brakes and instruct brake adjustment training. He was trained and certified by the Ontario Trucking Association.

Mr. Garlick testified he was confident in the method of using a pry bar to simulate a full air brake application for the purpose of measuring push rod travel.

Upon arriving at the truck inspection station, Mr. Garlick testified he spoke to Mr. Adams and Officer Tremblay and then instructed his mechanics to check the pushrod travel but not make any adjustments at this time. He approached Officer Tremblay and asked if he would observe the measuring to verify the results. Officer Tremblay refused stating he had measured twice already and was confident he had done so accurately.

When discrepancies were found Mr. Garlick approached officer Tremblay once more and discussed the results and again invited Officer Tremblay to observe. Officer Tremblay expressed doubts about the method of measuring being used and refused again to take part.

Mr. Kitching, Mr. Adams and Mr. Garlick then made an attempt to measure using the full air brake application and mark and measure method and photograph the procedure. As Mr. Kitching testified to earlier, after failing to get clear enough photographs the attempt was abandoned after one brake was checked.

The Respondent then asked if Mr. Reece could be recalled to clarify some points.

Mr. Reece restated that in his opinion the pinch bar method could not exert enough force on the brake system to provide for accurate measurements.

Under cross-examination, Mr. Reese stated that he was not at the inspection station and did not know the condition of the trailer.

ISSUES:

Should the order of the Registrar to impound and suspend the Applicant's commercial motor vehicle or trailer be confirmed or set aside?

LAW:

Section 50.3 of the *Highway Traffic Act* states as follows:

- (1) The owner of a commercial motor vehicle or trailer that is subject to an order to impound and suspend under section 82.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

Grounds for appeal:

- (3) The only ground on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound and suspend are:
 - (a) that the commercial motor vehicle or trailer that is subject to the order was stolen at the time the order was made;
 - or
 - (b) that the commercial motor vehicle or trailer had no critical defects at the time of the inspection under section 82.1

Powers of Tribunal:

- (5) The Tribunal may confirm or set aside the order to impound and suspend.

Section 82.1(37) provides that:

- (37) The Lieutenant Governor in Counsel may make regulations,
 - (a) prescribing what constitutes a critical defect;

Regulation 512/97 of the *Highway Traffic Act* states:

PART II

CRITICAL DEFECTS

INTERPRETATION

- 5.(1) In this Part,
 - “broken”, when used to refer to a vehicle component, means that the component or any of its sub-components is split into more than one part;
 - “cracked”, when used to refer to a vehicle component, means that the component is not broken but has a split that penetrates completely through the component or any of its sub-components;
 - “steering axle” means any axle of a commercial motor vehicle that is controlled by the driver to provide direction to the motor vehicle.
- (2) For the purposes of an inspection for critical defects under section 82.1 of the Act,
 - (a) a liftable axle, being an axle that is designed to be adjusted vertically and to lift its tires from contact with the surface of the highway when in a raised position, shall be considered part of a vehicle;
 - (b) a conversion unit shall be considered part of the vehicle that it converts; and
 - (c) a trailer converter dolly, if carrying a trailer, shall be considered part of that trailer.

BRAKES

- 6. In sections 7 and 8, “rotor” includes a disc.

AIR BRAKES

- 7.(1) In this section, the measurement of travel of a push rod out of a service brake chamber shall be taken with the vehicle engine turned off, the air system pressure between 90 and 100 psi (620 and 690 kPa), the park brakes released and the service brake actuator fully applied.
- (2) A commercial motor vehicle or trailer, if the trailer is required by subsection 64 (5) of the Act to have brakes, equipped with an air brake system other than an air-over-hydraulic brake system has a critical defect for the purposes of section 82.1 of the Act if one or more of the following defects is present on more than 50 percent of the wheel brakes of the vehicle:
1. A drum or rotor is cracked, broken or missing.
 2. A chamber housing, chamber support, chamber push rod, slack adjuster, cam shaft, or cam shaft support bracket is broken or missing.
 3. A shoe, shoe lining, shoe block, pad, pad lining or pad block is missing.
 4. The push rod travel out of the service brake chamber is 1/4 inch (6.3 mm) or more beyond the measurement listed in Column 2 of Schedule 1 for the type of chamber listed in Column 1 of Schedule 1 if the brake is cam or disc type.

The Tribunal must determine if the Registrar has established that the Applicants' vehicle had a critical defect as defined under Regulation 517/97 of the *Highway Traffic Act*. This matter involves Air Brake and section 7 and Schedule 1 of Regulation 517/97 set out the method for the measurement of travel of a push rod and permitted travel distance. There is a critical defect if more than 50% of the wheel brakes of a vehicle exceed 1/4 inch travel beyond that permitted under Schedule 1.

APPLICATION OF LAW FACTS:

The Ministry of Transportation measurements found the Applicant's trailer to have a critical defect. The Applicant's measurements found the trailer to be in an Out of Service position.

Officer Trembley initially measured by the mark and measure method and then had Officer Jean assist and verify the results of a second measuring using the Fixed Point measuring method. Both inspections were done with a full brake application using the truck's air brake system. Section 7(1) of Regulation 512/97 of the *Highway Traffic Act* states:

7(1) In this section, the measurement of travel of a push rod out of a service brake chamber shall be taken with the vehicle engine turned off, the air system pressure between 90 and 100 psi (620 and 69 Kpa), the park brakes released and the service brake occlusion fully applied.
(emphasis added)

Applicant presented its evidence in a clear and credible manner and demonstrated that it is concerned for safety and is diligent in its maintenance. The Applicant disagreed with the method used to measure travel of a push rod out of a service brake chamber.

The evidence of the Applicant's mechanic is based on using a pinch bar to simulate a full brake application to provide the measurement of travel of a push rod out of the service brake chamber. Although using a pinch bar may give an indication of travel, the Tribunal finds that the use of the truck's air brake system is the methodology required by section 7(1) of Regulation 512/97. Accordingly, the Tribunal accepts the evidence of Officer's Trembley and Jean over that of the Applicant with respect to the travel of the push rods. The majority of the travel of push rods exceeding the limits prescribed in Schedule 1 of Regulation 512/97 the Ministry of Transportation has established that the Applicant's trailer had the critical defect, which is the basis for the impoundment under the *Highway Traffic Act*.

DECISION:

Upon the application by Bakke's Trucking Ltd. (the "Applicant") to appeal the order to impound and suspend dated April 27, 2001 of the Registrar of Motor Vehicles ("Registrar") to impound and suspend a commercial motor vehicle or trailer pursuant to Section 50.3 of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL that the Order of the Registrar to impound and suspend the commercial motor vehicle or trailer of the Applicant be confirmed.

-and-

REGISTRAR OF MOTOR VEHICLES

Respondent

DISMISSAL ORDER

PURSUANT to the provisions of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended (the "Act"), Shelley White (the "Applicant") initiated an appeal under section 50.2 of the Order of the Registrar of Motor Vehicles pursuant to section 55.1 of that Act, dated March 15, 2001 to impound the Applicant's motor vehicle for a period of 45 days;

AND WHEREAS, the Applicant has failed to commence an appeal within the 15 day period prescribed by section 20(1) of the Ontario Regulation 632/98 under the *Highway Traffic Act*;

AND WHEREAS, the Applicant has not responded to the Tribunal's Notice of Intent to Dismiss Proceedings sent to the Applicant pursuant to section 4.6 of the *Statutory Powers Procedures Act*, R.S.O. 1990, Chapter S. 22 as amended, and Rule 2.10 of the Rules of Practice of the Licence Appeal Tribunal, whereby a proceeding before this Tribunal may be dismissed without a hearing for failure to commence an appeal within the 15 day period;

NOW THEREFORE, this Tribunal orders that:

1. Pursuant to the authority vested in it under section 4.6 of the *Statutory Powers and Procedures Act*, as amended, this proceeding, initiated by the Applicant's request for a hearing before this Tribunal, is dismissed;
2. Pursuant to the authority vested in it under section 50.2(5) of the *Highway Traffic Act*, this Tribunal confirms the Order of the Registrar of Motor Vehicles dated March 15, 2001, to impound Shelley White's motor vehicle for a period of 45 days.

Appeal under Section 50(1) of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: JOHN CARMICHAEL, M.D., Presiding Member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: June 1, 2001

Ottawa

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- Exhibit 1 – Notice of Appeal, May 2, 2001.
- Exhibit 2 – MTO documents, Tabs 1-12.
- Exhibit 3 – Applicant's documents, Tabs 1-5, Received May 30, 2001.
- Exhibit 4 – Case Study, Medical Advisory Committee, MTO May 30, 2001.
- Exhibit 5 – Letter Physician # 1 May 22, 2001.
- Exhibit 6 – Law Society of Upper Canada Report, October 6, 1999.

FACTS:

On October 27, 1997 the Applicant was notified by the Ministry of Transportation that her Driver's licence was to be suspended and that official notice of suspension was to follow. (Exhibit 2, Tab 2). This suspension was the result of a letter written by Physician

2, Acting Head, Acute Care, Inpatient Psychiatric Service, Ottawa Civic Hospital (Exhibit 2, Tab 1). Physician # 2 stated that she had recently treated the Applicant and based on her observations and medical opinion diagnosed the Applicant as suffering from a "Bipolar Affective Disorder". It was her further opinion that the Applicant should not operate a vehicle at this time.

On July 9, 1999 the Applicant submitted a Ministry of Transportation Medical Report completed by Physician # 3, family physician. Both the history and physical examinations were reported negative (Exhibit 2, Tab 3).

In January 1999, the Applicant underwent a psychological assessment "The Minnesota Report", interpreted by James N. Butcher PhD. (Exhibit 2, Tab 5). The report states the Client's clinical profile "is within normal limits". The observer qualifies the accuracy of the clinical profile, stating that "the client attempted to put herself in an overly positive light by minimising faults and denying psychological problems" and is "unlikely to seek psychological treatment or to cooperate fully with treatment if it is implemented"

On February 13, 2001 the Ministry of Transportation received a letter from Physician # 4 psychiatrist (Exhibit 2, Tab 9, Tab11). Physician # 4 reported that he had seen the Applicant on two recent occasions. He found "no psychiatric evidence of impairment of her ability to drive" and expressed his willingness to discuss his findings with the Ministry.

On April 11, 2001 the Applicant was again examined by Physician # 3. Family physician (Exhibit 2, Tab11b, Tab11e). The completed Ministry of Transportation Medical Report again states the history and physical examination to be normal.

At the Hearing, the Applicant submitted a letter from Physician # 1, family practitioner dated May 22, 2001 (Exhibit 5). Physician # 1 states that he saw the applicant on 5 occasions between July, 1997 and January, 1998. Physician # 1's letter states that there is no documentation in her office medical file pertaining to the Applicant's ability to drive.

The Tribunal has no evidence of any other medical, particularly psychiatric assessment since the Applicant's licence suspension, October 1997.

The Ministry in its submission calls attention to 2 Administrative Review – Medical Suspension reports (Exhibit 2, Tabs 6 & 11) in which the Applicant's answers contain an element of denial and are occasionally contrary to the known facts. In its final summation, the Ministry provided a Law Society report dated October 6, 1999 (Exhibit 6) contradicting the Applicants claim of good standing in that society (Exhibit 5, Tab 3).

The Applicant denied receiving official notice of her licence suspension. She also denied awareness of Physician # 2's letter despite Physician # 2 stating that the Applicant had been informed and despite the Applicant's later attempt to contact Physician # 2 to obtain a copy of the letter. The Applicant has been apprehended twice for driving with her licence suspended. She states that she was not aware of the suspension and is appealing these convictions. The Applicant stated that she had a Quebec driver's licence during this time.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) a CVOR certificate,
- on the grounds of,
- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
 - (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

The Applicant submitted that section 47(1) of the *Highway Traffic Act* is not applicable in this instance, that the information received in Dr. Cole's letter did not comply with

section 15(1) of Regulation 574 under the *Highway Traffic Act*, and that *Acker v. N.B. (Registrar of Motor Vehicles)* (1991), 34 M.V.R. (2d) 101, 11 N.B.R. (2d) 77, 300 A.P.R. 77, 84 D.L.R. (4th) 555 (C.A.) should be followed by the Tribunal in this case.

Under section 47 of the Act, the Registrar may suspend a driver's licence for sufficient reason. As set out below, the Tribunal finds sufficient reason for the Registrar's decision in the case.

As to Section 15(1) of Regulation 574 under the Act, that is a requirement relating to a medical report applicable to an appeal under section 50.1 of the Act and not applicable to an appeal as this case is, under section 50 following a decision by the Registrar under section 47.

The Tribunal also notes that *Acker v. N.B. (Registrar of Motor Vehicles)* is a decision based on the particular facts and law in that case and, accordingly, is not binding on this Tribunal.

Bipolar Affective Disorder is a well-defined psychiatric diagnosis. The condition is characterised by intermittent episodes of depression and mania. The frequency of the attacks varies from patient to patient and are unpredictable. During the interval between attacks, the patient is usually perfectly normal and emotionally stable. Many such patients play prominent and responsible roles in society. Bipolar Affective Disorder can be effectively controlled in most instances with appropriate medication. The concern here is that a patient while driving during a period of depression or more particularly acute mania may behave in such a manner as to endanger him/her self or others. The Tribunal in this case must decide if the conclusion of Physician # 2 that the Applicant not operate a motor vehicle has been displaced by the evidence brought forward by the Applicant.

The Tribunal found the details of the Applicant's argument confusing and frequently contradictory. The Applicant's principal argument to have her licence restated is based on her membership in two law societies, her responsible and intellectually demanding role in society and her long accident free driving record. The Tribunal has considered these points but they are not determinative of the issue at hand, but the medical evidence is of significant importance. Physician #2's opinion is clearly that the Applicant should not operate a motor vehicle.

The medical reports by the family Physician # 3 both report a negative history, (including psychiatric disorders) and physical examination. However, the physical exam should be expected to be negative, and the medical history is incorrect. Physician # 1's letter of May 22, 2001 does not provide any information concerning the Applicant's psychiatric status.

The profile validity comments made by James N. Blutcher, PhD accompanying the Minnesota Report suggest continuing psychological or psychiatric problems and does not draw a conclusion respecting the specific issue of the Applicant's ability to operate a motor vehicle.

Physician # 4's letter of February 13, 2001 states that he finds no psychiatric evidence of her inability to drive. While this may be correct on any given day between episodes, he makes no reference to the applicant's past psychiatric history, specifically the current status of her Bipolar Affective Disorder and its treatment, if any. The Tribunal did not

have the opportunity to hear direct evidence from Physician # 4 to clarify whether his findings have general application.

It is the opinion of the Tribunal that the opinion of Physician # 2 that the Applicant not operate a motor vehicle has not been displaced by the evidence brought forward by the Applicant.

DECISION:

Upon the application by the Applicant to appeal the decision dated November 23, 1997 of the Registrar of Motor Vehicles ("Registrar") to suspend her/his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

DRIVER'S LICENCE SUSPENSION**

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding Member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF
HEARING: June 8, 2001

DECISION
RELEASED: June 11, 2001 Toronto

REASONS FOR DECISION

A hearing was held on June 8, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on June 11, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic*

Act was dated April 26, 2001, and was received by the Tribunal on May 9, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Applicant, attempted to enter into evidence, a pair of shoes he claims he was wearing on the evening that he was allegedly assaulted. It was pointed out to the Applicant that his appeal was based on presentation of evidence to show that he had a medical condition that precluded him from providing the requested sample of his breath. As no relevance was shown, the shoes were not entered into evidence. There were no other preliminary matters and the hearing proceeded.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Suspension Reminder.
- b) Exhibit # 2 Notice of Appeal Received May 9, 2001.

By the Respondent:

- a) Exhibit # 3 MTO Submissions.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason”.

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) “a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner.”

Finally, section 13 of Regulation 574 (amended) provides:

“A person appealing a suspension has the onus of establishing the merit of the appeal”.

FACTS:

The Applicant was charged with failing to provide a breath sample and subsequently was given a 90-day administrative licence suspension on March 31, 2001.

According to the Applicant, he had been attacked earlier in the evening and was beaten with aluminium baseball bats about the head, arms, legs and feet. He was initially interviewed by the police and sent home by cab. The reason for the cab, was that the police believed that the Applicant was intoxicated and was not able to operate his motor vehicle. However, the Applicant testified that he left the scene by cab, went to his friends house about a twenty minute drive and then returned to "help the police to catch the criminals". The Applicant was seen driving his vehicle westbound on Lakeshore Blvd by police and was pulled over. The Applicant stated to police, " I know I should not have been driving, did you arrest those guys?, you did not catch those guys, I am the criminal".

The Applicant was advised of his right to counsel as well he was read the breath demand. The Applicant was transported to 22 Division where he was seen by the Sergeant. The Applicant after initially refusing medical treatment, stated that he wanted to go to hospital. The Applicant was transported to St. Joseph's' where he was placed in a treatment room. The Breathalyser technician, Police Officer # 1 was dispatched to the hospital to obtain an a sample of the Applicants' breath for analysis. According to the sworn Affidavit of Police Officer # 1, he arrived at St. Joseph's' Hospital at 04:10hrs. Police Officer # 1 stated the while he was attempting to set up the equipment, the Applicant would not sit down and was disturbing the set up. As a result , the Applicant was cuffed to the chair.

According to the observations of Police Officer # 1, the Applicant was impaired and presented with the odour of an alcoholic beverage on his breath, has bloodshot and glassy eyes and dilated pupils. When asked by Police Officer # 1 if the Applicant suffered from any medical conditions, the Applicant responded "None of your business". According to the testimony, the Applicant was belligerent and uncooperative. The Applicant was made aware of the consequences of not providing a breath sample . The Applicant responded with "I don't care what you demand, I ain't blowing nothing."

The Applicant was so charged and released on a promise to appear. He was also given the 90 day Administrative Drivers Licence Suspension Appeal notice. The Applicant was released from St. Joseph's' Hospital and was taken by police to the Islington/Bloor subway station.

Both officers, Police Officer # 2 and Police Officer # 3 took the stand, were sworn and gave testimony. There testimony confirmed the above sequence of events.

APPLICATION OF THE LAW TO FACTS:

In an appeal of this nature, the onus is on the Applicant to substantiate his position. The evidence submitted by the Applicant does not substantiate his claim to the effect that he had a present medical condition which precluded him from providing a breath or blood sample.

The physicians report submitted with the appeal (Exhibit # 2) was left blank. When questioned by the Tribunal, the Applicant stated he did not know that he had to fill the form out. What was submitted was an emergency room sheet, triage & ambulatory care flow sheet and X-ray report.

The information contained in these reports did not substantiate the Applicants' claim that that he had a medical condition that precluded him from providing a breath sample. The report(s) fails to meet the specific requirements of section 15(1) of Regulation 574 of the *Highway Traffic Act* in the following respects: There is no indication that the Physician, Physician # 1 was aware that the information may be used in support of an appeal to the Tribunal from the suspension of a driver's licence under section 50.1 of the Act. There are no details with respect to physical examination findings, no treatment prescribed and the patient was released.

The Tribunal after very careful review of the medical information, the Tribunal attaches very little weight to these reports.

Reviewing the foregoing facts, the Tribunal finds that the Applicant did not relate a medical condition to Regulation 574 and Section 59(1)(2)(b).

The evidence does not support the Applicant's position that he refused to provide an adequate sample of breath for a medical reason. The evidence submitted suggests to the Tribunal that the actions of the Applicant were more indicative of the applicant having no intention of providing a proper breath sample. The evidence presented clearly shows that the Applicant flatly refused to provide a sample when requested. The Applicant would not converse with the police about his conditions and would only respond with "I ain't blowin anything."

DECISION:

The Applicant has not discharged the onus of establishing a valid medical reason for his failure to provide a breath sample when demanded under Section 254 of the Criminal code (Canada).

Upon the application by the Applicant to appeal the suspension order dated March 31, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

Margaret Jean Latimer, Applicant

DATE OF
MOTION: June 15, 2001

By teleconference

ORDER

A motion was heard by teleconference on June 15, 2001, at Toronto, Ontario, to consider the Applicant's request for an extension of time to appeal the impoundment order of the Registrar affecting the Applicant's motor vehicle. The motion is brought pursuant to Section 20(7) of Ontario Regulation 632/98 amending Regulation 574 of the Revised Regulations of Ontario, 1990 made under the *Highway Traffic Act*, R.S.O. 1990. c.H.8 amended ("HTA").

SUBMISSIONS OF WRITTEN MATERIAL:

The Applicant submitted the following documents:

- a) Photocopy of Notice of Appeal dated May 18, 2001 and signed by the Applicant, accompanied by Owner's Position, stamped "received May 18, 2001 Licence Appeal Tribunal";
- b) Photocopy of a letter dated June 9, 1999 from D.V.Krishnaprasad, F.R.C.P.C. (Psychiatrist) outlining the Applicant's diagnosis;
- c) Photocopy of description of "Manic Depressive Illness";
- d) Photocopy of The Arthritis Association webpage describing "Fibromyalgia"; and
- e) Photocopy of description on "Flashbacks"; and
- f) Photocopy of letter from Ministry of Transportation signed by Kim Grosskurth, Team Leader, dated May 23, 2001, stamped "received May 24, 2001" at Licence Appeal Tribunal not consenting to the extension.

THE FACTS:

The Applicant is the owner of a motor vehicle impounded for a period of 45 days pursuant to an order of the Registrar issued under section 55.1 of the Highway Traffic Act R.S.O. 1990, c. H.8 as amended (the "Act").

The motor vehicle was order impounded on April 11, 2001 while being driven by Tyler Edson, whose driver's licence was under suspension at the time of the impoundment. Mr. Edson took the vehicle without the knowledge or consent of the Applicant.

The Applicant's Notice of Appeal to the impoundment was dated May 18, 2001 and was received by the Tribunal by facsimile on May 18, 2001, 37 days after the vehicle was impounded. The motion presently before the Tribunal is for an order requesting an extension of the time for the filing of the Notice of Appeal.

The following is the Applicant's testimony and explanation for not filing an appeal of the impoundment of its vehicle within the required 15 days.

The Applicant is a 32 year-old mother of 4 children who is currently separated from her second husband. The Applicant is unemployed and is currently receiving social assistance. Her husband is employed as a truck driver who was "never home". The current financial arrangement is that he pays the mortgage on the home she is living in, in lieu of support. He is the biological father of the youngest child. The Applicant's first husband is an alcoholic, the father of her first 3 children, and she does not hear from him for long periods of time.

Four years ago, the Applicant was diagnosed with Fibromyalgia as well as chronic fatigue disorder. She was also diagnosed with Chronic Post Traumatic Stress Disorder as well as Recurrent flashbacks. Approximately 3 days out of 7 she is bedridden due to the soreness in her body and chronic fatigue. She is currently under the care of an

occupational therapist, 2 personal support workers, a psychiatrist, her family doctor and a neurosurgeon.

On the day the vehicle was impounded, Mr. Edson was babysitting the Applicant's 2-year-old child while the Applicant was bedridden. She was fully aware that he was a suspended driver and did not permit him or give her consent to have care and control of her vehicle. She received a call from Mr. Edson who "called from the Esso station after he was caught" and advised her that her van was being impounded.

The Applicant testified that she did not recall receiving the Order to Impound by mail, but found the "yellow copy" left by Mr. Edson in her home some time later. She was unsure whom to call or how to fill out a Notice of Appeal, and notwithstanding her current physical ailments, time lapsed and the Appeal was filed in May with the assistance of her occupational therapist and personal support worker who lent her the money for the filing fee.

The Applicant testified that she has made numerous attempts in laying charges against Mr. Edson for taking her vehicle, but Officer Sinclair, the impounding officer, has not returned her phone calls.

THE LAW:

Section 20(1) of Regulation 632/98 states:

20. (1) An appeal to the Tribunal under section 50.2 of the Act shall be commenced by filing a notice of appeal with the Tribunal within 15 days of the issuance of the order to impound, together with a fee of \$100 payable to the Minister of Finance.

Section 20(7) of Regulation 632/98 states:

20. (7) Despite subsection (1), the Tribunal may extend the time for commencing an appeal if the owner establishes that the owner, acting in good faith, was unable through accident, illness, or other cause beyond the owner's control to bring the appeal within the prescribed 15 days.

Section 7 of the Licence Appeal Tribunal Act, 1999 states:

7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 11 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

- (a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and
- (b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

Section 20(7) of Regulation 632/98, provides the Tribunal with the specific criteria that the Applicant must meet to satisfy the Tribunal that an extension of the time for commencing an appeal ought to be granted. The Applicant must establish that she, acting in good faith, was unable through accident, illness or other cause beyond her control to bring the appeal within the prescribed 15 days in circumstances where the

Registrar does not give his or her consent in writing for an appeal to be commenced after the expiry of the prescribed time.

The criteria listed in Section 20(7), which the Tribunal should consider in granting an extension, are matters outside the Applicant's control.

The Applicant's Notice of Appeal to the impoundment was dated May 18, 2001. The Tribunal received it on May 18, 2001, 37 days into the impoundment period, and 22 days past the appeal deadline date prescribed by Section 20(1) of Regulation 632/98 made under the Highway Traffic Act. The motion presently before the Tribunal is for an order, in terms of section 20(7) of the above regulation, for an extension of the time for the filing of the Notice of Appeal.

The owner of a vehicle needed to expeditiously inquire and/or file the necessary paperwork for an appeal process as stipulated on the reverse of the Notice to Registrar within a fifteen day time period. But as stated in her testimony, a number of reasons were given to preclude a timely filing including finding the "yellow copy" of the Notice to Registrar in her home some time after the impoundment. Due to her medical condition, her personal care worker and occupational therapist assisted the Applicant in preparing the necessary forms to file this appeal. Although the Applicant is on social assistance and is suffering financially, her personal care worker lent her the money to proceed with this appeal. The Tribunal is of the view that the Applicant provided a satisfactory reason as to why there was a delay in completing and delivering the appeal.

Due to the uniqueness of this particular case, the Tribunal is satisfied that the evidence before it is sufficient to show that the Applicant was unable through a cause beyond the Applicant's control, to bring the appeal within the prescribed fifteen days.

The evidence presented does establish that the Applicant's delay in appealing the order impounding the vehicle under Section 55.1 of the *Highway Traffic Act* was the result of accident, illness or other cause beyond the Applicant's control. As well, under section 7 of the *Licence Appeal Tribunal Act*, 1999, "... if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may, extend the time for giving the notice either before or after the expiration of the limitation of time so limit".

ORDER:

Accordingly, the motion herein of the Applicant requesting an extension of time to appeal, pursuant to section 20(7) of Ontario Regulation 632/98 amending Regulation 574, R.R.O. 1990, is granted.

LICENCE APPEAL TRIBUNAL

Nives Montano,
Presiding Member

RELEASED: June 19, 2001

RUTH ANNE RILEY

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

RUTH ANNE RILEY, Applicant

MARK PETERS, Solicitor for the Applicant

DATE OF HEARING: June 13, 2001

DECISION RELEASED: June 19, 2001

London

REASONS FOR DECISION

A hearing was held on June 13, 2001, at London, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Ruth Anne Riley (the "Applicant")
Motor Vehicle: 1994 Pontiac Grand Prix, plate no. AHVW 491 (the "vehicle")
Date of Appeal: May 23, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on June 13, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Notice of Appeal - Ruth Riley - OWNER'S POSITION

- 1) I am Appealing the Impoundment of the vehicle I own on the Grounds that it is causing and will continue to cause exceptional hardship (I have never had a vehicle owned by me impounded before)
- 2) The exceptional hardship relates mainly to the services I provide to my client through my position as a Homemaker
- 3) My Client relies on me to provide homemaking services on a daily basis and since my car was impounded I have missed 5 working days so far out of 10 working days since it was impounded

- 4) My Client is an elderly woman who suffers from Diabetes and other illnesses and is an amputee
- 5) She has been designated a Homemaker because of her needs and it is hard for her to find someone to replace me especially given our close relationship
- 6) I live mostly during the week in London with my common-law husband
- 7) Although not a responsibility of my job, I take my client grocery shopping at least once or twice a week as well as make short runs for her for items she runs out of frequently
- 8) When she can not find a medical driver I take her to her doctors and other medical appointments
- 9) I also frequently pick up her Insulin and other prescriptions as well as other medical supplies for her
- 10) My Client has no one else to rely on for her in home and almost all of her out of home needs
- 11) I would also like to explain the circumstances by which my car was impounded
- 12) I know my common law husband is under suspension from driving and we have an understanding that he is not allowed to drive my car
- 13) Mr. Bear often stays at a trailer next to where I provide Homemaking services and also visits at times with myself and my client
- 14) On the day my car was impounded I went with my client and her medical driver to a doctor's appointment
- 15) I had not thought that I had left my car keys hanging up in my Client's home
- 16) While we were gone Mr. Bear came to the house and took my keys and my car and was soon after that pulled over by the O.P.P.
- 17) I am very upset over this but am aware that Mr. Bear has been charged once again for driving while prohibited and he will have to deal with that under the law

The Applicant, Ruth Anne Riley was affirmed and gave testimony. The testimony provided corroborated her written submissions provided by her solicitor, Mr. Mark Peters.

During the Applicant's testimony it came to light that the client referred to in the submissions, is also the Applicants' mother and had been providing homemaker duties for the past eleven years to her. When asked by the Respondent if this was allowed by the Chippawa Thames Band, the Applicant indicated that it was, even though the representative for the Respondent, Ms. Hammond, provided a statement which had been provided to the Ministry from the Chippawa Thames Band indicating that it is in direct opposition to the written guidelines to provide services for family members. Ms. Riley did not provide this Tribunal with any corroborating statements from the Council with regard to this situation.

Ms. Riley also indicated that "my client has no one else to rely on for her in home and almost all of her out of home needs." During testimony, Ms. Riley acknowledged that Ms. Riley's sister Judy has provided transportation for both herself and her mother. As well, Ms. Riley has a brother, who also resides in the mother's home. There is also a

friend who has provided transportation for Ms. Riley. When questioned by the Respondent with respect to an alternative vehicle, Ms. Riley stated flat out that it was too expensive to take a taxi, costing \$50.00 dollars or more. When asked how she knew this, the Applicant said "someone told me, I did not check this out but it may be hearsay". When asked about renting a vehicle, again the Applicant said it would be too costly, even though she did not investigate the possibility.

Mr. Peters referred to missed work (Exhibit # 2), "My client relies on me to providing homemaking services on a daily basis and since by car was impounded I have missed 5 working days so far out of 10 working days since it was impounded." Ms. Riley during testimony stated that she sometimes stays in a trailer located next to her mother/clients' home. The available of living quarters' in such close proximity to her employment would certainly have mitigated her losses with respect to attending at her work place. When questioned if the use of her vehicle was a requirement of her job, the Applicant indicated that it was not.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner.
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Dwight Bear;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until May 12, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

- (3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that

was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

There is only one issue to be considered in this appeal and is dealt with hereunder.

a) Exceptional Hardship:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship as per Section 55.2(3)(d)?

Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment.

The Applicants' solicitor has argued that the impoundment will result in hardships as described in Section 22(2). In order for her claim to be considered under Section 22(2), she must have demonstrated that all of Section 22(3) has been met. Furthermore, Section 22(4) of the Regulations provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle.

The Applicant testified she initially lost time from work because of the loss of her vehicle but has managed to find alternative transportation to and from London to her work. She has also stated that she has available living accommodations next to her work. She has not considered either taxi or vehicle rentals believing that they are too costly. However she has not actively inquired into either their availability or cost.

The Tribunal was asked to consider Section 22(2)(a), (b), (c) and (d). However this section is only to be considered if it were shown that no alternative to the impounded vehicle was available.

The Applicant has managed to find rides back and forth to her work, through relatives and friends. Albeit a great inconvenience and imposition upon herself, friends and relatives, the Applicant has managed to continue work. Exceptional hardship has not been demonstrated.

In consideration of all of the evidence presented, the Tribunal finds that the Applicant, Ruth Anne Riley, has not demonstrated exceptional hardship as circumscribed by Section 22 of Ontario Regulation 632/98 amending Ontario Regulation 574 under the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Jeffrey M. Lee, D.C., Presiding Member

RELEASED: June 19, 2001

MARTENS-STLN

MARK MARTENS

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: KENNETH KOPROWSKI,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

MARK MARTENS, Applicant
by Written submission only

DATE OF HEARING: June 15, 2001

DECISION RELEASED: June 20, 2001 Written

REASONS FOR DECISION

A written hearing was held on June 15, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Mark Martens (the "Applicant")
Motor Vehicle: 1988 Dodge Minicargo Van, plate no. 2X6 877 (the "vehicle")
Date of Appeal: May 24, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on June 15, 2001 and proceeded as a written hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

On or about may 11 I reported to the city police of Sarnia my minivan stolen officer Stewart Bremner #94 investigating occurrence # 2728637. On that date several other vehicles were either broken into and items stolen in my yard at home. The vehicle (plate # ZX6877) was driven by Randy Osborne who took it unlawfully from my yard. He has been charged by Const: Chrystal Jones Point Edward O.P.P. 519-336-8691. Please enquire with them as to the charges (I cannot get those) I respectfully request the return of my vehicle as I have nothing to do with this person at all.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Randy Osborn;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 27, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed "stolen" if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

The burden of proof is on the Applicant to establish whether the impounded vehicle had, in fact, been stolen.

This Tribunal finds, on the evidence of the Applicant, that the driver of the Applicant's vehicle took the vehicle. The Applicant states, in his evidence, that the vehicle had been taken unlawfully, but he does not explain why he felt that this was the case. There is absolutely nothing in the Applicant's material that explains the circumstances under which the vehicle had been taken.

Had the driver ever used the vehicle before? Where was the Applicant at the time the vehicle was driven by the driver? How secure had the Applicant made the vehicle? Where had the keys been left? What time of day was it when the vehicle had been taken? Had the Applicant known the driver before this incident took place? What was the driver's intent?

In short, without evidence to answer these, and similar questions, although the vehicle had been taken, the evidence of the Applicant falls far short of the evidence necessary to enable this Tribunal to conclude that the vehicle had been taken, as the definition, quoted above, from Black's Law Dictionary requires, **"with the intent to deprive the owner of the benefit of ownership (or possession) permanently."**(emphasis is added).

The Tribunal may sympathize with the Applicant, nevertheless, it must agree with the position of the Respondent, as put forward in its Submissions (Exhibit #3). The Respondent concludes, as does this Tribunal, that there is no evidence to prove that the Applicant's vehicle had been stolen at the time of the impoundment. The Applicant has not satisfied his burden of proof.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Kenneth Koprowski, Presiding Member

RELEASED: June 20, 2001

ENTERPRISE RENT-A-CAR CANADA LIMITED

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: DEREK ISRAEL, Vice-Chair, Presiding member
RICHARD C. DELANEY, Member

APPEARANCES: RICHARD G. HEPNER,
Counsel for Applicant, Enterprise Rent-A-Car Canada Limited

PATRICK MOORE,
Counsel for the Registrar of Motor Vehicles

DATE OF HEARING: June 20, 2001

DECISION RELEASED: June 25, 2001 Toronto

REASONS FOR DECISION

A hearing was held on June 20, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Enterprise Rent-A-Car Canada Limited (the "Applicant")
Motor Vehicle:	2000 Toyota Echo, plate no. AHZN 655 (the "vehicle")
Date of Appeal:	June 4, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance. Although the Applicant did not file its appeal within the time prescribed by section 20(1) of the Ontario Regulation 632/98 under the Act, the Registrar consented to the late filing.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on June 20, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit # 8) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Schedule "A"

Owner's Position on Appeal

This appeal is brought outside of the 15 day time frame mandated by the Act with respect to the timing of the application for appeal. The Appellant respectfully requests an extension to allow for the filing of the appeal for the following reasons:

The owner in this instance is a large corporate company known as Enterprise Rent-A-Car. The appellant upon being notified of its vehicle being impounded wished to consider its legal options and rights. Being a large corporate entity the decision to appeal was not made quickly as there was a cost benefit ratio that had to be considered by various levels of bureaucracy within the company. This was particularly so as Enterprise in the past had appealed two previous orders impounding their vehicles and had lost.

In light of this fact, and the fact that this was their third infraction (vehicle now to be seized for 180 days) they were facing serious economic costs due to the vehicle being impounded for that duration, it was decided to retain legal counsel and to seek an opinion as to whether or not there were grounds to appeal. The decision to appeal was only made on May 25, 2001 with counsel being retained to deal with the appeal on May 28, 2001.

After considering their legal options Enterprise submitted their \$100 filing fee and asked for an extension of time on May 30, 2001. Given the 180 day impound penalty faced by the company, and the fact that the extension request is of a relatively minor nature and there would likely exist no prejudice to the appeal tribunal that could not be compensated for by costs, the appellant submits that this would be an appropriate case for an extension of time to be granted, given the severe nature of the penalty that the appellant now faces. In addition the appellant submits that its appeal has merit and should be heard by the tribunal.

BACKGROUND FACTS

Enterprise Rent-A-Car Canada Limited, the owner of the 2000 Toyota Echo seized on May 11, 2001 disputes the seizing of its vehicle under the Impoundment Order for the following reasons:

1. The vehicle was subject to a rental agreement number D482389 entered into between Joyce Pittman and Enterprise Rent-A-Car Canada Limited. This contract provided that Ms. Pittman was the only authorized driver of this vehicle. When the vehicle was impounded it was alleged that it was being driven by Jeff Pittman who was not authorized to drive the car.
2. The rental agreement specifically states that the renter, Joyce Pittman, was the only authorized person allowed to drive the vehicle.
3. Ms. Pittman at all material times had a valid Ontario drivers license (bearing Ontario permit #P47224143495808)
4. Pursuant to the terms and conditions of the rental agreement, there were no other authorized drivers and that the renter, Ms. Pittman, was made aware that she was not to permit anyone else to drive the car.
5. Jeff Pittman is cited as the operator of the subject vehicle. He has reportedly been charged with driving with a suspended licence as well as other offenses.

OWNER'S POSITION AND LEGAL ARGUMENT

Due diligence appeal argument:

The legislation permits as one of the grounds of appeal, that *"the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's license was not suspended."*

Due diligence has been defined by the Ontario Court of Appeal to be the following:

*"[T]he defence of due diligence may take one of two forms: (1) holding a reasonable belief in a mistaken set of facts, and (2) taking all reasonable steps to avoid the offending event."*¹ (emphasis added)

In the context of regulatory offences the Court in *R. v. Bata Industries Ltd. (No. 2.)*(1992), 70 C.C.C.(3d)394(Ont.Prov.Div.) held that in order to establish the defence of "due diligence" in relation to a charge under an environmental protection statute [which the owner submits is analogous to the *Comprehensive Road Safety Act*] the accused must establish that he/she/it exercised all reasonable care by instituting a proper system to prevent the commission of the offence and by taking reasonable steps to ensure the effective operation of such a system.

By taking the steps outlined in the background facts, it is Enterprise's position that they in fact met the standard of due diligence for the following reasons:

- It entered into an agreement with a person who had a valid Ontario driver's license. Pursuant to the contract that was in place, no other drivers were permitted. This specific box was signed by Ms. Pittman indicating that this clause had been explained to her and that she understood that there was no other permitted drivers. At this point, Enterprise allowed its vehicle to be rented on the basis of the above conditions.
- When the vehicle was impounded, it was impounded because it was alleged to have been driven by Jeff Pittman. Jeff Pittman was not an authorized driver under the rental contract. At no time did Enterprise allow Jeff Pittman to gain access to the keys, nor at any time was Jeff Pittman an authorized driver.

Thus the owner submits that prior to the vehicle leaving its lot, it had ensured that the only person allowed to drive the vehicle had a valid driver's license. The contract specifically prohibited other drivers. By checking the licence in the manner in which they did and ensuring the rental agreement was understood, the owner submits that within the meaning of the legislation "it took all reasonable steps to avoid the happening of the event."

The Appellant has appealed two previous Orders of the Registrar impounding two Enterprise vehicles. This appeal has been to the Licence Suspension Appeal Board, and the Appellant has raised in each appeal the due diligence argument as discussed above.

This tribunal in the decisions of *Enterprise Rent A Car Limited v. Registrar of Motor Vehicles* dated March 14, 2000 and *Enterprise Rent A Car v. Registrar of Motor Vehicles* dated November 9, 2000 considered the due diligence argument and rejected it. The tribunal barely considered the argument and in dismissing the Appellant's argument stated (in *Enterprise Rent A Car Limited v. Registrar of Motor Vehicles* dated March 14, 2000) the following:

¹ See *R. v. London Excavators & Trucking Limited* (1998), 125 C.C.C.(3d) 83 (Ont. C.A.)

Did the owner exercise due diligence, respecting the driver's licence of the driver of the vehicle?

The Appellant's representative conceded that Mr. Gagnon's driver's licence was not inspected at the time of rental agreement being entered into. Indeed, there would have been no reason to have done so for it did not or could not have known that Mr. Gagnon would drive their vehicle. However, the legislation is clear and unambiguous. It is the driver's licence of the driver of the vehicle that must be looked into to attempt to determine that it was not under suspension. This Appellant failed to do so. The issue is not whether Appellant has shown due diligence in so far as Ms. Lucifera is concerned but whether due diligence was shown regarding Mr. Gagnon." (At p. 13 of the decision)

The Appellant submits that the above passage indicates that the board accepted the fact that Enterprise would have discharged its duty with respect to due diligence had the license of the renter been checked and found to be valid, but suspended between the time of renting and when the driver was stopped with a suspended license. The decision also seems to recognize that Enterprise Rent A Car could not have checked the licence of the suspended driver as they had no way of knowing he would drive the vehicle.

In effect the Appellant submits that the two decisions referred to above hold that the defence of due diligence is not available to Enterprise Rent A Car, or any other rental car company, if the vehicle is given by the renter to some other party who has a suspended licence. With all deference to the tribunal, this result could not have been the intention of the legislation amending the Highway Traffic Act which created the impoundment process for the following reasons discussed below.

Board has Discretion to Release Vehicle Given Consideration to the Entire Scheme

It is the Appellant's respectful submission that this board has the discretion to order the release of the Enterprise vehicle, if it is satisfied that Enterprise Rent A Car did all it could do to ensure that the vehicle which it rented would not be driven by a suspended driver. Indeed, the two decisions considering the due diligence argument give no guidance to Enterprise as what they could do in the future to avoid their cars being impounded in similar circumstances.

The Appellant submits that the discretion to release the Appellant's vehicles exists within the amended legislation, and becomes apparent upon reading all of provisions of the statute and not just section 50.2(3) of the Highway Traffic Act. It is also important to consider the purpose of the legislation which defines what the provisions are intended to accomplish.

In 1997 the Ontario government passed a Bill amending the Highway Traffic Act known as the *Comprehensive Road Safety Act*. The preamble to Bill stated as follows:

An Act to promote road safety by increasing periods of suspension for Criminal Code convictions, impounding vehicles of suspended drivers, requiring treatment for impaired drivers, raising fines for driving while suspended, impounding critically defective commercial vehicles, creating an absolute liability offence for wheel separations, raising fines for passing school stopped school buses, streamlining accident reporting requirements and amending other road safety programs.

It is critical in this Appellant's submission to examine the intent of the amendments to the legislation, which on their face were designed to "promote road safety". In addition the impounding of vehicles of suspended driver's was clearly intended to punish repeat drunk driving offenders who either continue to drive their own cars, or use other people's vehicles. Lastly, the legislature saw fit to specifically state that, with respect to wheel separations only, they would create "an absolute liability offence."

By inference the other offences and punishments created by the legislation, including impounding of vehicles, were not to be considered absolute liability offences, and were to be considered "strict liability offences" where the accused/Enterprise is afforded the right of establishing the defence of due diligence.

In this appellants' submission the above distinction between absolute and strict liability is critical in examining the role and power of the tribunal to exercise its discretion in considering the ground of appeal set out in section 50.2(3) of the Act.

The tribunal in the two decisions where they considered the owner's appeal regarding their exercise of due diligence, dismissed the appeal by finding in effect, that the owner could never exercise due diligence if a vehicle was driven by someone other than the renter. In effect by rejecting this argument they removed the only defence available to Enterprise and thus created an "absolute liability offence" which clearly was not the Act's intention.

It must be remembered that if Enterprise released their vehicle to a renter who has a valid driver's license and exercises due diligence in that regard, the vehicle will never be impounded unless the renter's licence is suspended between the time the vehicle was released to the renter and the renter in turn was stopped by the police. This would be very few cases, if ever, given the short-term nature of car rental contracts.

Instead, every time an Enterprise Rent A Car vehicle is impounded it is because either the vehicle was stolen, in which case their vehicle has been released, or the renter gave the vehicle to a suspended driver. Enterprise Rent A Car can never prevent the renter from physically giving control of the vehicle to another person once the vehicle leaves their lot. As such, all they can do is to establish that they checked the license of the renter, made the renter sign a contract that they were to give the vehicle to no one else and had the renter agree to the fact that they would never give the vehicle to anyone else to drive.

The Appellant submits that in the context of the provisions of the Act, Enterprise by doing these things has satisfied s. 50.2(1) of the Act. The Tribunal, contrary to its earlier decisions does in fact have discretion, which is conferred on it by the Act to release the vehicle in these circumstance where Enterprise has established that the renter had a valid licence.

Evidence of Boards Discretion

The Act in numerous points clearly establishes that the Registrar has wide discretion in the impounding and releasing of vehicles. The Act mandates when a vehicle could be impounded at s. 55.1(2) where it states as follows:

(2) Where a police officer or officer appointed for carrying out the provisions of this Act is satisfied that a person was driving the motor vehicle on a highway while his or her driver's licence is under suspension under section 41, 42, or 43 even if it is under suspension at the same time for any other reason, the officer shall,

- (a) notify the Registrar of the fact or cause the Registrar to be notified; and
- (b) detain the motor vehicle that was being driven by the person whose driver's licence is under suspension until the Registrar issues and order under subsection (3).

(3) Upon notification under subsection (2), the Registrar may (emphasis mine), without a hearing, issue an order to release the motor vehicle or (emphasis mine) issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

(1) For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded...

(4) **The order to impound issued under this section is intended to promote compliance with this Act and to thereby safeguard the public and does not constitute an alternative to any proceeding or penalty arising from the same circumstances or around the same time.** (emphasis mine).

(5) The registrar shall notify a police officer or officer appointed for carrying out the provisions of this Act of an order made under subsection (3) and shall send notice of the order to the owner of the motor vehicle at the most recent address for the owner appearing in the records of the Ministry.

(6) **Upon notification of the Registrar's order to release the motor vehicle**, a police officer or officer appointed for carrying out provisions of this Act shall forthwith release the motor vehicle....

The Appellant submits that it is clear from reading sections 55.1(2), 55.1(3), 55.1(4) and 55.1(6) that the Registrar upon being notified of the vehicle being impounded has discretion, without a hearing, to release the vehicle to the owner. There is no language in the Act that mandates that the Registrar must in all cases impound the vehicle, nor in a case where the vehicle has been detained by the police will an order impounding the vehicle always be made. The ability to release the vehicle without a hearing clearly indicates that the Act confers wide discretion on the Registrar and the Tribunal.

Further, a recent amendment to s. 55.1(14.1) provides that the Registrar:
"despite any order to impound issued under this section, the Registrar may, on application by a person belonging to a class of persons prescribed by regulation, release an impounded motor vehicle...prior to the end of impound period specified in the order on such conditions as he or she considers just."

This section clearly contemplates the exercise of discretion on the part of the Registrar to release the vehicle on "such conditions he or she considers just." Thus, the Act read as a whole clearly contemplates that the board should exercise wide discretion, and indeed as evidenced by this further amended section, they can release a vehicle on conditions that they consider just, which words clearly contemplate the exercise of discretion.

Finally, yet an additional example of discretion conferred onto the Tribunal is the "exceptional hardship" provision (at s. 50.2(3)(d)) and the fact that the board clearly has discretion in deciding what constitutes "exceptional hardship" and whether or not he appellant meets those guidelines. However, for reasons which will be discussed below, the Appellant cannot rely on this section either.

Impounding of Enterprise Rent A Car vehicle in No way Promotes the Act:

The appellant submits that the amendment to the Act clearly intended to promote "road safety" by punishing those persons who allow suspended drivers to drive their vehicles, thus stopping convicted drivers with suspended licences from continuing to drive. The appellant submits that having regard to the intent of the amendment, the seizing of an Enterprise Rent A Car vehicle for 180 days in no way promotes the goal of the Act.

The person to whom Enterprise Rent A Car rented the vehicle could the very same day that the vehicle is impounded, turn around and rent another vehicle from another car rental agency. That vehicle in turn could be given to the person whose licence was under suspension with no deprivation or cost to the suspended driver or renter. Enterprise and any other car rental agency, in order to recover their substantial costs (in this case well in excess of \$10,000) must then incur further legal expense and sue the renter who likely cannot re-imburse Enterprise for their money lost.

This draconian impact not only on Enterprise but on the car industry as whole, could not have been the intent of the legislature as the seizing of these vehicle in no way promotes public safety.

The whole purpose in taking away the "owner's vehicle" was to punish those people who allow, or don't care enough, to check the licences of persons to whom they gave their vehicle. In these circumstances a friend of the suspended driver facing the loss of their vehicle ranging from 45 days (on the first offence) to 180 days would likely not allow access to that vehicle by the suspended driver following the vehicle's release. Clearly, the punishment aspect of the legislation would work in that example. However, Enterprise and car rental companies as whole provide a necessary public service and

must continue to rent vehicles as part of their business. The only way that they could protect themselves from any monetary loss would be to demand a deposit of \$9000.00 per vehicle prior to it being rented. This of course is ludicrous as no car rental agency would survive demanding this level of deposit. As such, the car rental industry must continue to bear these horrendous costs until this Tribunal considers the circumstances that Enterprise faces in regards to this legislation, which the Appellant respectfully submits this board did not do in its previous interpretation of the appeal provisions.

Tribunal's Exercise of Discretion:

Noted authors' in the field of administrative law, Brown and Evans in their loose leaf text "*Administrative Law*" text have stated that boards and decision-makers in general when exercising their discretion:

"Must be prepared to entertain and consider representations that are designed to show not only that, properly interpreted, a rule or policy does not cover the facts of a particular matter, but also even if it does, an exception should be made in light of the facts of a particular case." At p. 12-36

If boards or Tribunals fail to do this, then their decision may be reviewed by a Court for failure to properly exercise their inherent jurisdiction. Brown and Evans in their text further point out instances where "decisions were set aside because the agency failed to make an independent judgment and instead merely applied a policy or guideline without considering the specific circumstances of the particular case." (At p 12-39)

Indeed, the Brown and Evans text, cites cases where evidence of failing to exercise proper discretion can be proven if an agency in its decision making process makes reference to it being bound by the policy, and that the guidelines it had to enforce were "definitive rather than tentative, and from the fact that non-compliance was treated by the agency and its staff as an occasion for the exercise of powers of enforcement." (At p.12-44)

The appellant respectfully submits that the tribunals two previous decisions with respect to the argument of due diligence, clearly establish that the Tribunal fettered its discretion. The tribunal did this, by not considering the legislation in conjunction with its purpose and the unique circumstances of, not just Enterprise but the car rental industry as a whole. The tribunal's reasons in rejecting Enterprise's argument regarding due diligence effectively created an absolute liability offence. This clearly the appellant submits was not the intent of the legislature.

The appellant further submits that by failing to take into account that Enterprise could never establish due diligence in the circumstances of these cases is clear evidence of the Tribunal's failure to exercise their discretion and interpret the provision fairly. It was and is open to Tribunal to decide that Enterprise as owner, met the test of due diligence if the renter had a valid licence and signed an agreement not allowing any other drivers. Failure to take into account this argument in the previous two hearings has deprived the Appellant of their right of establishing a defence of due diligence.

Further evidence that the legislation was not drafted to take into account the unique situation of rental car companies is s. 50.2(4) which states that the section dealing with exceptional hardship as a ground for releasing the vehicle can only be relied upon once, and that any subsequent order to impound cannot consider s. 50.2(3)(d) as a ground. The rationale for removing s. 50.2(3)(d) as a grounds for releasing the vehicle is obvious. Section 50.2(4) is intended to deal with a situation where someone on a prior occasion was able to get their vehicle released by relying on the provision of "exceptional hardship" to them by the impounding of their vehicle. If an owner's vehicle is stopped again, they are penalized more harshly on the second and subsequent offences as they should not have let a suspended driver operate their vehicle again.

As such on a second offence/impoundment regardless of whether or not "exceptional hardship" exists, the vehicle would remain impounded as a penalty to the owner. However, this provision clearly did not take into account rental vehicles and the fact that car rental companies own thousands of vehicles yet are treated as if they only own one vehicle. A grounds for appeal, quite separate and apart from the due diligence argument

Enterprise has made, would be the horrendous cost per vehicle it now faces. The costs associated for each impounded vehicle is in excess of \$10,000 because their vehicles will now be impounded for 180 days as they have had more than three vehicles impounded. This huge cost might in turn qualify them for the "exceptional hardship" provision. However, as they have had more than one vehicle impounded this argument is not open to them. The appellant submits that this fact is yet one more piece of objective evidence establishing that the legislation did not contemplate its effect on car rental agencies, and that the Tribunal should take into account the special circumstances involving rental vehicles.

Thus, the Appellant submits that the Tribunal in disposing of this appeal must consider the purpose of the Act and all its provisions. The Tribunal should further give effect to the intent of the Act by interpreting the provisions fairly keeping in mind the unique circumstances of the Appellant, while considering whether or not the Appellant has satisfied the Tribunal that they have "taken all reasonable steps to avoid the offending event" and thus have met the defence of due diligence.

Two persons gave evidence on behalf of the Applicant which evidence is summarized as follows:

Braden Edward McQueen testified that he is employed as Branch Manager at the Applicant's Orangeville location which position he has held since February 1, 2001. His duties are to attend to the branch's day-to-day operations.

He remembered that Joyce Pittman called at the Applicant's Orangeville branch on April 19, 2001 to rent a motor vehicle. He dealt with Ms. Pittman and prepared the rental agreement whereby the Applicant rented the vehicle to Ms. Pittman. He inspected her driver's licence and was satisfied as to its validity. In response to his question as to who would be the driver of the vehicle Ms. Pittman informed him she would be the sole driver. Ms. Pittman and he on behalf of the Applicant signed the rental agreement which stated that no other driver was permitted to drive the vehicle.

He had not previously had dealings with Ms. Pittman who came to the Applicant through her insurance company. The latter had arranged for a rental vehicle to be provided to her while her own vehicle was being repaired. The insurance company was responsible for and paid the rental charges for the vehicle.

The second witness for the Applicant was Craig Kazuo Hirota who has been employed by the Applicant as its Group Loss Manager since 1993. He testified that he was familiar with the vehicle impoundment provisions in the Act and knew it was of great importance to inspect the driver's licence of all motor vehicle renters prior to the vehicle being allowed off the Applicant's premises.

Mr. Hirota stated that during the vehicle's rental period it was impounded for a period of 180 days as this was the third time a rental vehicle of the Applicant had been impounded in terms of Section 50.2(3)(c) of the Act. He stated that the "down time" of one of the Applicant's motor vehicles - the period when that vehicle is not out on rental - is approximately \$30.00 per day and that translated to about \$5,400.00 over the 180 days during which the impoundment was in effect.

Additionally, there were impoundment storage charges and towing charges which would amount to about \$4,000.00. Further loss would be suffered due to deterioration of the impounded vehicle while in impoundment as its tires and battery would have to be replaced. In total, Mr. Hirota estimated that the impoundment of the vehicle would cost

the Applicant approximately \$10,800.00 apart from legal fees of between \$2,000.00 and \$5,000.00.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Jeffrey Pittman ;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until April 20, 2003.

No oral evidence was brought before the Tribunal by the Registrar.

FACTS FOUND PROVEN:

The Tribunal finds, on the evidence presented at this hearing, that the following facts to be found proven.

1. The Applicant is the owner of the vehicle.
2. Applicant rented the vehicle to Ms. Joyce Pittman and at the time of renting the vehicle to Ms. Joyce Pittman, the Applicant inspected her driver's licence.
3. Mr. Jeffrey Pittman was the driver of the vehicle at the time of its impoundment.
4. At the time of the vehicle's impoundment Mr. Jeffrey Pittman's driver's licence was under suspension due to his conviction under the Criminal Code of Canada of the offence of driving with more than 80 MGS Alcohol in his Blood.
5. The Applicant at no time attempted to determine that the driver's licence of Mr. Jeffrey Pittman at the time in respect of which the impoundment order was made was not then under suspension.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at

- the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

The onus of proof based on the balance of probabilities rests with the Applicant.

At the commencement of the hearing it was conceded by the Applicant's counsel that the driver of the impounded motor vehicle at the time of its impoundment was Jeffrey Pittman and that his licence was then under suspension and remains under suspension until April 20, 2003 due to his conviction under the Criminal Code of Canada of the offence of driving with more than 80 mgs alcohol in his blood. It was also conceded that the driver's licence of Jeffrey Pittman was at no time seen or inspected by the Applicant.

The only ground on which the Applicant has appealed is that ground set forth in section 50.2(3)(c) of the Act which states:

-
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
-

The above ground of appeal is the only ground on which the Tribunal in this matter may set aside the order to impound.

No evidence was placed before the Tribunal by the Applicant that it had attempted "to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension". (underlining is that of the Tribunal)

Section 50.2(3)(c) of the Act is clear and unambiguous. It is vehicle's owner's obligation (the Applicant) to attempt to determine that the driver's licence of the motor vehicle at the time in respect of which the order was made (Jeffrey Pittman) was not then under suspension. The Applicant did not attempt to determine the status of Jeffrey Pittman's driver's licence. Indeed, it could not have done so as he was unknown to the Applicant.

The Applicant's counsel in his submissions to the Tribunal advanced the argument that the Tribunal in its prior decision in the matter of *Enterprise Rent-A-Car Limited v. Registrar of Motor Vehicles* released by the Tribunal on March 14, 2000 had taken too narrow an interpretation of section 50.2(3)(c) because there is the possible interpretation that section 50.2(3)(c) applies where the owner has taken all steps to ensure that the vehicle does not end up in a suspended driver's hands. The Tribunal disagrees with this as a possible interpretation of section 50.2(3)(c). The provisions of the section are clear and unambiguous. The legislature clearly had in mind when drafting the section in question that it was the validity of the driver's licence of the driver of the vehicle at the time of the impoundment that was to be determined. There can be no other construction placed upon the words "the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension". Where there is no ambiguity in regard to a section of a statute, as is the case of section 50.2(3)(c), the rule is that the ordinary meaning is to be applied to the section. See: *Drieger On Construction of Statutes*.

Counsel for the Applicant also argued that the Tribunal may order the release of the vehicle from impoundment and that this discretion is conferred on the Tribunal by section 55.1(2) of the Act. The Tribunal does not agree with this submission for it is the Registrar only who has the discretion in terms of that section and not the Tribunal. The Tribunal's jurisdiction extends only to the hearing of an Applicant's appeal in terms of section 50.2(3) of the Act.

Applicant's counsel referred the Tribunal to section 55.1(14.1) of the Act which he contended gives the Registrar power in his discretion to release an impounded vehicle. The Tribunal notes that this section has not been proclaimed into law as yet and had it been proclaimed it only applies to a discretion in favour of the Registrar and not in favour of the Tribunal.

The Tribunal's jurisdiction in this matter is defined by section 50.2(5) of the Act which requires the Tribunal to confirm or set aside the Registrar's order to impound. In coming to a decision to either confirm or set aside the Registrar's order, the Tribunal is duty bound to follow section 50.2(3) of the Act which sets out that only the grounds specified in section 50.2(3) are those on which the Tribunal may set aside the order to impound. The Tribunal does not have the power to add to these grounds. The Tribunal, being a creature of statute, is restricted to the consideration of the four grounds of appeal as set forth in section 50.2(3)(a), (b), (c) and (d).

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Member

RELEASED: June 25, 2001

GRAND PACIFIC TRANSPORT INC.

PREHEARING

GRAND PACIFIC TRANSPORT INC.

IN THE MATTER OF an application by Grand Pacific Transport Inc. dated May 15, 2001 for a hearing before the Licence Appeal Tribunal pursuant to section 50(1) of the *Highway Traffic Act*, to consider the appeal of the Suspension and Seizure Order of the Deputy Registrar dated May 10, 2001;

AND IN THE MATTER of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8 as amended;

AND IN THE MATTER of the Commercial Vehicle Operator Registration CVOR # 124-455-422 issued to Grand Pacific Transport Inc.;

AND IN THE MATTER of the Notice of Suspension and Seizure issued to Grand Pacific Transport Inc. issued on the 24th day of April 2001;

AND IN THE MATTER of the safety record of Grand Pacific Transport Inc.;

AND IN THE MATTER of unpaid fines;

TRIBUNAL: STUART CORK, Presiding Member

APPEARANCES: PATRICK MOORE, Counsel for the Respondent
DALJIT S. KOONER, Agent for the Applicant

DATE OF

PRE-HEARING: June 19, 2001

By teleconference

ORDER

A Pre-hearing teleconference between the parties was held on June 19, 2001 in Toronto at 1 St. Clair Avenue West, 12th Floor as set forth in the Tribunal's Notice of Pre-hearing Conference dated June 8, 2001.

The Tribunal makes the following Orders respecting the hearing:

1. At this Pre-hearing Mr. Daljit Kooner informed the parties that he will be acting as Agent for Grand Pacific Transport Inc. at the hearing. He is the Manager of the company, and is the brother of the owner, Mr. Jagjit Kooner. Mr. Daljit Kooner undertook to confirm in writing by a letter from Jagjit Kooner to the Tribunal and Mr. Moore, authorizing him to act as the Agent on behalf of the Applicant at the hearing. Mr. Kooner will send this letter to the Tribunal and Mr. Moore, via a fax on or before June 20th, 2001.
2. The hearing date has been set for 9:30 a.m. on Wednesday, August 15, 2001, at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario.

3. It was determined that the filing dates with the Tribunal of submissions and documents to be used in the hearing by both parties would occur **on or before Tuesday, July 31, 2001.**

Both parties will file five copies with the Tribunal and deliver one copy to all parties. It was confirmed that the Tribunal requires full disclosure 10 days prior to the hearing.

4. The Respondent will present evidence and testimony from one witness, Carrier Safety Rating Administrator Ms. Bunny McKenna. Ms. McKenna will evidence of all the Applicant's records and information, including the Applicant's CVOR, as well as a facility audit performed on the Applicant's premises in British Columbia.

The Applicant will present evidence and testimony from the owner of the Company, Mr. Jagjit Kooner, as well as the company manager Mr. Daljit Kooner. The Applicant will present evidence such as fuel sheets and driver records, to support their position that their actual proportion of mileage traveled in Ontario is 40% of the total mileage for the company, as opposed to the 23% claimed by the Respondent.

The Applicant could possibly call Mr. George Simpson, the company Safety Supervisor. Mr. Simpson will present evidence such as company safety courses, manuals and pre hiring tests for drivers, to show initiatives and improvement in driver safety at the company.

5. The time period that is expected to be covered by the evidence will be from 1999 to 2001, with some attention given to previous warnings that had occurred at earlier dates.
6. The Registrar has issued a 30 day Suspension and Seizure Order dated May 10, 2001 pursuant to section 50(1) of the *Highway Traffic Act*, as of May 21, 2001 for Grand Pacific Transport Inc.
7. Among the issues to be raised by the Respondent will be the safety record of the Applicant as the basis of the Registrar's May 10, 2001 Order, and possibly the outstanding fines owed by the Applicant.

Among the issues to be raised by the Applicant, will be the circumstances of the accidents involving its vehicles and drivers, as well as the relative mileages that the Applicant travels in Ontario as a function of the total mileage of the company.

The parties present at the pre hearing recorded that there was no resolution of the issues between the parties.

LICENCE APPEAL TRIBUNAL

Stuart Cork, Presiding Member

RELEASED: June 26, 2001

PREHEARING

MROZEK AUTO SERVICE LTD. AND KENNETH E. BARBER

**APPEAL FROM A PROPOSAL OF THE DIRECTOR OF VEHICLE
INSPECTION STANDARDS ISSUED PURSUANT TO CLAUSES
91(3)(a) AND CLAUSE 92(4) OF THE *HIGHWAY TRAFFIC ACT*
R.S.O. 1990, CHAPTER H.8 AS AMENDED**

**To refuse Mrozek Auto Service Ltd.'s registration as a Motor
Vehicle Inspection Station and Kenneth E. Barber's
registration as a Motor Vehicle Inspection Mechanic**

TRIBUNAL: Stuart Cork, Presiding Member

APPEARANCES: PATRICK MOORE, Counsel, representing the Director of
Vehicle Inspection Standards
JAROSLAW MROZEK, Agent for Applicant

DATE OF
PRE-HEARING: June 18, 2001 *By teleconference*

ORDER

Following attendances on June 18, 2001 at a pre-hearing by teleconference before this Tribunal of Jaroslaw Mrozek, Agent on behalf of Mrozek Auto Service Ltd. and Kenneth E. Barber (the "Applicants") and Patrick Moore, Counsel, on behalf of the Director of Vehicle Inspection Standards ("the Director");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m., on Friday, July 27, 2001 at the Ramada Inn London, Churchill "A" Room, 817 Exeter Road, London, Ontario.

1. The Parties to the hearing are
 - (a) Mrozek Auto Service Ltd.;
 - (b) Kenneth E. Barber; and
 - (c) The Director of Vehicle Inspection Standards

2. Mr. Mrozek informed the Parties that he is withdrawing Kenneth Barber from his application as the Motor Vehicle Inspection Mechanic for Mrozek Auto Service Ltd. Mr. Mrozek further stated that he himself has achieved the required certification from the Ministry, and will be re applying as the Motor Vehicle Inspection Mechanic for Mrozek Auto Service Ltd. It was noted that Mr. Mrozek needs to give written notice to the Director as well as to this Tribunal if he wishes to amend his application.
3. Mr. Mrozek will be supplying an interpreter who will assist him with any translations he may need during the course of the hearing. The interpreter will be Mr. Mark Mager, who indicated he has experience as a provider of freelance professional interpretation services. Mr. Mager was informed that the Tribunal requires him to take an oath and be duly sworn before performing as an interpreter at the hearing before the Tribunal.
4. The Respondent will present testimony and evidence from four witnesses. Each witness will testify as experts to give information regarding mechanical details of vehicles certified by the Applicant. The witnesses will discuss information that led to various warnings and convictions of the Applicant.
5. The Applicant will call Mr. Barber, the mechanic at the station, to give evidence regarding the Safety Standards Certificates that were issued, and the findings of the Respondent.
6. The period of time that is expected to be covered by the evidence at this hearing will be from 1996 when the station began operations, until the Proposal from the Director. The years 1997 until 2001 will be in more detail than 1996.
7. Among the issues that will be raised by the Respondent will be the appropriateness of the decision to refuse a licence to the Applicant based upon the evidence. The Applicant's position is that it relied on a person who did the safety checks, is being dealt with too harshly, and has suffered much hardship and loss of revenue.

The parties present at the pre hearing recorded that there was no resolution of the issues between them.

8. It was confirmed at the Prehearing Conference that the Director has issued a Proposal to Refuse Mrozek Auto Service Ltd.'s registration as a Motor Vehicle Inspection Station and Kenneth E. Barber's registration as a Motor Vehicle Inspection Mechanic dated April 27, 2001, pursuant to section 91(3)(a) and section 92(4) of the *Highway Traffic Act*.

9. It was determined that the filing dates with the Tribunal of submissions and documents to be used in the hearing by both parties would occur **on or before Tuesday, July 17, 2001.**

Both parties will file five copies with the Tribunal and deliver one copy to all parties. It was confirmed that the Tribunal requires full disclosure 10 days prior to the hearing.

LICENCE APPEAL TRIBUNAL

Stuart Cork, Presiding Member

RELEASED: June 26, 2001

TERRY-EXHP

KATHLEEN G. TERRY

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: MALCOLM FEALING,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

KATHLEEN G. TERRY, Applicant
unrepresented

DATE OF HEARING: June 18, 2001

DECISION RELEASED: June 26, 2001 Owen Sound

REASONS FOR DECISION

A hearing was held on June 18, 2001, at Owen Sound, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Kathleen G. Terry (the "Applicant")
Motor Vehicle: 1999 Mercury Cougar, plant no. AAAY 826 (the "vehicle")
Date of Appeal: May 29, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on June 18, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am the owner of a 1999 Mercury Cougar described on reverse. The vehicle was left in the care of Dwayne J. Toth, R.R. # 2 Belwood to have repair work done. Plates were removed from the vehicle because I knew Mr. Toth had no licence, and he was not to remove the car from the property. I received a call @ 6AM Sunday May 20/01 from Dwayne Toth. He advised me that he had driven the car & was stopped & charged. My plated expire May 23/01 on both my vehicles. My present transportation is in poor condition & needs repairs. I did not intend to re-licence this vehicle @ this time. I cannot afford the needed repairs. I need the Cougar for transportation to work & various appointments for myself & children.

The Applicant testified that her vehicle, a 1999 Mercury Cougar, plate no. AAAY 826, slid into a ditch sometime in February 2001. She obtained estimates for the repairs to the automobile, but when she spoke to Mr. Toth he advised that he could “cut the cost of the repairs.”

Miss Terry advised that she removed the plates to her car before leaving it at Mr. Toth's place of residence because she knew that he did not have a valid driver's licence. The car was parked at Mr. Toth's home for several weeks, and the Applicant was quite surprised when she received a call on May 21, 2001, saying that Mr. Toth had been stopped while driving the vehicle, and that it had been impounded.

On that day he had been using plate no. 282 VAL, which Miss Terry testified was for a 1983 Buick Regal that she no longer possessed. She had previously lived with Mr. Toth, and had inadvertently left the plates at his home when she moved out.

Miss Terry further testified that she has been using a 1989 mustang pick-up since she had the accident in February. The automobile requires extensive repairs and she does not feel safe driving it. However, she did drive the vehicle from Mount Forrest to Owen Sound for the hearing.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner.
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Dwayne J. Toth;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Licence Suspended under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until June 11, 2002.

The Respondent asked Miss Terry where she worked. She replied, Specialized Pyrotechnics. She works from 7:00 a.m. to 4:00 p.m. and has been able to get lifts to and from work. She has only missed work three times since the day of the impoundment. She has not had any problems with her shopping because she only lives two blocks from town.

Her children have had no problems attending school, and have not had any medical emergencies.

In response to further questions Miss Terry, said that the only Taxi Company she could use had closed one month ago. She had not considered other taxis. She had not asked her neighbor for a lift. She could not rent a car because she did not have a credit card. In any event she did have use of a car. She was concerned that it was not safe, and that she did not want to continue using it.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The evidence established that Miss Terry's claim did not meet the criteria as set out under the Ontario Regulation 632/98 Amending Regulation 574 of R.R.O. 1990, and specifically Section 22.(1), and Sec 22.(4).

Section 22.(1) states that in determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Tribunal shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,

- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle: or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

The evidence shows that there is an alternative available.

Section 22(4) states that in order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a) the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

Again, the evidence is that there is an alternative vehicle available. Because of this the Applicant did not find it necessary to make alternative arrangements.

The Applicant having an alternative to the impounded vehicle, the Applicant is unable to establish exceptional hardship as defined under section 50.2(3)(d) of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Malcolm Fealing, Presiding Member

RELEASED: June 26, 2001

ROSE M. ARMSTRONG

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

ROSE M. ARMSTRONG, Applicant
unrepresented

DATE OF HEARING: June 18, 2001

DECISION RELEASED: June 28, 2001 Belleville

REASONS FOR DECISION

A hearing was held on June 18, 2001, at Belleville, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Rose M. Armstrong (the "Applicant")
Motor Vehicle:	1997 Pontiac GAG, plate no. AJWJ 824 (the "vehicle")
Date of Appeal:	May 29, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on June 18, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I loan the car to my son on occasion as he is a licensed driver. He had permission to have the car on 21 May 01- because he has a few drinks he would not drive - a friend was driving who he thought had his drivers license it had been suspended sometime earlier - I was not aware of the fact that anyone other than my son would be driving the car and I would not have loaned it to him.

My position is one of need as I am a single mother with 4 children. 2 are in University in London. On and 2 are living at home - We have one car in the family - I need the car to drive to and from work each day. The cost of a cab in Trenton is \$5.00 a fare. This would amount to \$50.00 a week for work alone. I also drive my mother to her Dr. and medical appointments as she is being treated for multiple strokes and various medical ailments when I am needed.

I understand the reason the car was impounded but I has no idea anyone other than my son would be driving the car. It would be extremely hard on our family to be without the car for 45 days as I also visit my daughters in London on a regular basis and assist them while they work and attend University.

I would appreciate it if you would consider my case. It will not happen again.

Yours truly
Rose Armstrong

Page 2 of Notice of Appeal states "...loaned the car to son ...not aware ...that anyone other than ...son would be driving ...position is one of need ...Single mother with 4 children ...need the car ...to work ...drive mother to medical appointments..."

At the hearing the Applicant made a statement prior to testifying under oath.

The Applicant re-iterated her comments in the Notice of Appeal. She stated that the "...car is a necessity in a number of ways..." The Applicant confirmed that she has two children in University in Trenton and needs the car to visit them. The Applicant works for Human Resources in Trenton and taking cabs to and from work cost approximately \$60.00 to \$ 70.00 per week, sometimes more.

Further, the Applicant explained that her mother has suffered a number of strokes in recent years and that she needs to be taken to her medical appointments.

The Applicant claimed that it is "...hard to work and take care of family matters without a car..."

According to the Applicant she has no means to pay the required impoundment fee.

The Applicant understands that what happened is the law, but emphasized that she had no control over the situation.

Under oath, the Applicant testified that she has been able to get around by taking cabs and renting a car. As for losses, the Applicant claims the money spent on cabs and the car rental of \$125.00. As well, the Applicant has had to pay friends and family members for driving her around.

Under cross-examination, the Applicant confirmed that she has told her son on several occasions not to lend the car to any of his friends, nor to let them drive unless he has had too much to drink.

The Applicant clarified that her son and some of his friends had slept in the car, and one of his friends woke up and decided to drive home, while the Applicant's son was still asleep.

The Applicant established that she has not missed time off work due to the loss of the vehicle but has been late on occasion, due to the fact that the cabs may make several stops.

The Applicant is not the only person who is able to take her mother to her appointments but she affirmed that she is very close to her mother and that her mother has been asking for her.

In closing, the Applicant asked the Tribunal to reconsider the impoundment on the grounds that she will be more careful in future.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Jonathan Gauthier;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until November 24, 2001.

The Respondent offered no viva voce evidence at the hearing choosing to stand on the information provided.

In closing, the Respondent asked the Tribunal to confirm the decision of the Registrar and uphold the suspension, on the grounds that "due diligence requires the Applicant to take action to prevent an occurrence..." The Respondent argued that the Applicant was unable to take action, as the situation was beyond her control.

As for hardship, the Respondent maintains that the Applicant has had the use of alternative vehicles and that the losses mentioned are neither significant nor likely to be long lasting.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5)

of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the due diligence or exceptional hardship ground of appeal as provided in subsection 50.2(3)(c) and 50.2(3)(b) and (d) of the Act, respectively.

Due Diligence:

The Tribunal has jurisdiction only on the four grounds of appeal set out in section 50.2(3) of the *Highway Traffic Act*. The due diligence ground of appeal set out in subsection 50.2(3)(c) is limited to due diligence with respect to the driver of the motor vehicle at the time of the impoundment. Subsection 50.2(3)(c) states:

(c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension (underlining added by the Tribunal)

The above ground of appeal is the only ground on which the Tribunal may set aside the order to impound on the basis of the owner's due diligence. In this case, the driver of the motor vehicle at the time in respect of which the order was made was Jonathan Gauthier. To succeed in this hearing on the basis of due diligence, therefore, the Applicant must establish that she exercised due diligence in attempting to determine that Jonathan Gauthier's driver's licence was not under suspension. Being unaware that Jonathan Gauthier would drive her vehicle, the Applicant took no steps to inquire about his driver's licence. Jonathan Gauthier's driving of her car was unknown to the Applicant. Accordingly, the Applicant cannot establish due diligence as defined in subsection 50.2(3)(c) of the *Highway Traffic Act*.

Exceptional Hardship:

With respect to exceptional hardship under subsection 50.2(3)(d) of the Act, the Tribunal will proceed to review the criteria required to meet the onus for consideration of financial loss.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant testified that although getting around has been costly and inconvenient, she has found alternatives to the impounded vehicle. She has used cabs and rides with friends and family members. The Tribunal feels that these expenses are incidental and that the Applicant would have incurred comparable costs to drive her own vehicle. Thus, subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 would not be met with the Applicant.

Is the loss immediate, significant and lasting?

Also, the Applicant does not meet O. Reg. 632/98, subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows that loss will be immediate, significant and lasting.

The Applicant stated that there has been no loss of work, nor has the Applicant incurred any other significant expense, which can be considered long lasting and has not met O. Reg. 632/98, subsection 22(3)(b).

After assessing the evidence presented, the Tribunal finds that the Applicant has not established exceptional hardship as defined under subsection 50.2(3) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: June 28, 2001

MED - 0598

Appeal under Section 50(1) of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF
HEARING: June 15, 2001

By teleconference

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- Exhibit 1 - Letter from Ministry of Transportation suspending driver's licence dated November 30, 2000.
- Exhibit 2 - Notice of Appeal filed by the Applicant received at the Tribunal May 16, 2001.
- Exhibit 3 - Tabulated documents (1-23), from the Ministry of Transportation received at the Tribunal June 12, 2001.
- Exhibit 4 - Applicant's driving record, dated May 23, 2001.

FACTS:

The Applicant, a 38 year old former school bus driver, had his "G" driver's licence suspended November 30, 2000, under section 47(1) of the *Highway Traffic Act*. This

action resulted after the Ministry received letters from Physician # 1 and two from the Windsor Police Services' Traffic unit questioning the Applicant's ability to drive.

Physician # 1's letter, dated January 21, 1999, stated that in his opinion the Applicant had physical symptoms that impaired his ability to operate a motor vehicle. The symptoms were double vision and severe pain in his right leg when driving. The Ministry took no action at that time.

The Traffic Unit's letters were from Police Officer # 1, dated June 21, 2000 and October 19, 2000 with accompanying Traffic Reports outlining details of two traffic accidents the Applicant had been involved in. Police Officer # 1 recommended in both letters that the Applicant be re-examined for his driving privileges. Summaries of the accidents follow.

(1) On the morning of June 15, 2000, the Applicant apparently drove past road closed signs off an unfinished portion of road, dropped 10" onto gravel, travelled 30', struck and moved a set of railway tracks. The estimated speed, by the police, was 100 km/hr. The police reported the Applicant appeared to be disorientated and confused, but no alcohol was detected on his breath. The Applicant advised the investigating officer that he was on medication.

(2) On September 30, 2000 the police investigated a report that a male person was unconscious in a jeep parked at an angle on a boulevard and over the sidewalk. When they arrived the individual had been taken to a hospital by the Ambulance Services for a suspected drug O.D. At the hospital, ambulance attendants advised the officers that the driver had been semi-conscious with a bottle of sleeping pills beside him. They related that the driver (the Applicant) admitted to taking the pills and smoking "weed".

The officers recorded the Applicant was placed under arrest for impaired care and control of a motor vehicle. He was advised of his rights and cautioned. They reported he was drifting in and out, but said he understood. He admitted, under caution, to one of the officers that he had been smoking marijuana and seeing double for the past two weeks.

The attending physician advised he was referring the Applicant to a psychiatrist for an assessment.

There were major conflicts regarding this evidence. The Applicant stated there were no "road closed" signs on the highway, only "construction" signs. He said that he had driven that road the day before without any problem. He denied driving 100 km/hr and said he was only travelling 50 km/hr.

He also denied telling the ambulance attendant and the police officer that he had been smoking marijuana. He could not remember seeing a psychiatrist, but if he did, it was simply someone who talked to him in the hospital, who did not introduce himself. He said his blood tests were negative for drugs, so the police did not arrest him for impaired driving.

The Applicant's GGT and ALT (SGPT) were reported as 167 and 54, respectively. Physician # 2, an addiction specialist, states in a medical report dated January 8, 2001 that the Applicant is not habituated or addicted to drugs or alcohol, in his opinion. He has been using analgesics, a narcotic combination and acetaminophen injudiciously and has experienced (a) sedation and (b) some reversible (probably) liver damage.

Physician # 2 did not feel the Applicant needed to take a drug rehabilitation program, but recommended pain management classes in order to be able to avoid medication completely.

The Applicant said the car he was driving had a defect allowing carbon monoxide to leak into the passenger compartment from the engine. This is what caused him to feel unwell and that is why he drove off the road and parked on the boulevard. He claimed a combination of carbon monoxide and his medication Cafergot, which constricted the flow of blood to his brain. He said he had not been advised of this side effect, but Cafergot actually only causes peripheral vasoconstriction in the extremities and does not effect the cerebral blood flow. Neither ambulance personnel nor police investigators apparently noted any evidence of carbon monoxide fumes in the car. The attending physician was not apparently aware of any Co involvement because a blood test was not ordered in the hospital.

The evidence before the Tribunal includes the following prior testing of the Applicant.

On December 27, 1997 Physician # 3 notified the Ministry of Transportation that the Applicant had suffered a "seizure? Withdrawal". As a result the Ministry suspended his driver's licence on February 9, 1998. The Applicant had experienced a light-headed feeling, which he called dizziness and collapsed striking his head on a dresser. He was examined in the hospital by a neurologist and told he had suffered a grand mal seizure. A previous diagnosis of vascular headaches, of migraine type had been made years ago. EEG's a CT brain scan, a Gluco brain scan and physical examination were all reported as normal. His medication was Zantaz, Cafergot and Oxazepam.

On April 6, 1998, the Ministry received a letter from Physician # 4, a neurologist outlining the results of a neurological assessment of the Applicant. It was his opinion the Applicant's dizzy spell and subsequent fall was a result of postural vasovagal syncope with a closed head injury and possible concussion associated with a tonic type of seizure activity.

The Applicant's "G" licence was re-instated on April 5, 1998.

The Ministry received a medical report from Physician # 4 on January 26, 1999 stating the Applicant had not experienced any episodes of light-headedness or syncope since December 28, 1997. This was a request to re-instate the Applicant's "B" licence.

On February 3, 1999 the Ministry received a second letter from Physician # 1 stating the Applicant seems improved with no more double vision or painful extremities and should be allowed to resume driving. This letter was two weeks after Physician # 1 had warned the Ministry of his concerns regarding the Applicant's ability to drive, but no action was taken.

On March 8, 1999 the Ministry re-instated the Applicant's class "B" licence.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (f) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) of the *Highway Traffic Act* empowers the Registrar to "...suspend or cancel" a driver's licence for "any ...sufficient reason...". The Registrar suspended the

Applicant's driver's licence on October 31, 2000 after receiving two unsolicited letters from the Traffic Branch of the Windsor Police Services requesting a re-examination of the Applicant's driving privileges. Police investigated two motor vehicle accidents in July and in September 2000, in which the Applicant appeared to have been impaired.

The Tribunal finds the Ministry acted properly in accordance with the Regulation, in suspending the Applicant's driver's licence, based on the information provided, initially.

In reviewing the evidence, however, there is nothing to substantiate the allegations. Blood tests were all reported as normal with the exception of the GGT and ALT results. These were elevated as a result of long term injudicious use of an acetaminophen and narcotic combination, which an addiction specialist stated he was not habituated or addicted to.

The conflicts in evidence between the Applicant and the police regarding the circumstances of the September investigation and the Applicant attending physician's evidence, regarding a psychiatric assessment, makes it very difficult to obtain a clear picture of what actually happened. The Tribunal is not certain whether the Applicant admitted to smoking marijuana or not, because there was no follow-up investigation. The Applicant's evidence of carbon monoxide in his truck could not be confirmed because there is no mention of it in the medical or police reports and a blood test was not ordered.

The police recommendation was for re-examination for the Applicant's driving privileges. The Tribunal could not find any evidence of a driver's re-examination, which would seem to be part of that evaluation.

In spite of an addiction specialist's (Physician # 2) medical report of January 8, 2001, stating there was no addictions and medical reports from Physician's #s 5, #3, and Physician # 1 indicating the Applicant was physically well, the Ministry is still demanding on March 13, 2001, a detailed assessment from a specialist in addiction medicine, completion of a treatment program, participation in relapse prevention and the results of urine drug screen toxicology. The Applicant gave evidence that he was not taking the analgesics and was willing to provide blood or urine specimens and take pain management classes, if required, to get his "G" driving privileges back.

The Applicant was apparently charged with careless driving after the July accident, but was acquitted because there was not a "road closed" sign at the site.

It is unclear whether the Applicant was charged with anything following the September incident. It states in the police report that he was arrested for impaired care and control of a motor vehicle by drugs, but there is no evidence that a charge was withdrawn or pursued.

Under section 47 of the *Highway Traffic Act*, the onus is on the Registrar to establish sufficient reason to suspend the Applicant's driver's licence. It was apparent that the Applicant's credibility could be questioned and he was guilty of bad judgement at times, but the Tribunal did not feel the Ministry was able to justify a continued suspension of his "G" licence.

DECISION:

Upon the application by the Applicant to appeal the decision dated November 9, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be set aside.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett, M.D. Presiding Member

RELEASED: June 20, 2001

TAMMY FRIZZELL

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ELIZABETH L. SPROULE,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

TAMMY FRIZZELL, Applicant
unrepresented

DATE OF HEARING: June 25, 2001

DECISION RELEASED: June 28, 2001

Kitchener

REASONS FOR DECISION

A hearing was held on June 25, 2001, at Kitchener, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Tammy Frizzell (the "Applicant")
Motor Vehicle: 1995 Chrysler Intrepid, plate no. AJAN 980 (the "vehicle")
Date of Appeal: June 4, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on June 25, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am writing this letter to appeal the decision made to impound my vehicle as the loss of my car will cause exceptional undue hardship to my family. I would like to clarify the incident that led up to my car being impounded. On early Saturday night we had decided to drive to Algonquin Park just for the night. After driving myself the whole way to the park I began to fall asleep, so we thought that because we were extremely close to our camp ground that we would pull over and let Phillip drive. He had been driving for less than 2km when we decided to pull over and consult the map when a car pulled up behind us, That car being the OPP asked for our driver licenses, and when Phillip could not produce his; the police officer realized that his license had been suspended and my car was

impounded. This leaving us strand in that middle of Algonquin Park after the police officer had dropped us off at a campground. Being the long weekend and family and friends all were away, we were left to hitch hike out of the park to Huntsville, where we spent our last one hundred dollars in order to return home.

First let me start off by saying that I am extremely sorry for what has happened, and I realize that there is no valid excuse for this to have happened. We made an extremely poor decision and have suffered grave financial and emotional consequences as a result of our actions. I am appealing to you to modify your decision to impound my vehicle on grounds that it will cause undue hardship to my family, as I am 4 months pregnant, and having a lot of trouble with the pregnancy. Over the past year I have had three surgeries for Ovarian Cyst Disease, it was thought that after having an ectopic pregnancy that it would be very unlikely that I could have a child on my own. After a surgery -in February to remove several cysts from my ovaries I *found out* that, I was pregnant, but because of my medical history it was going to be a very extremely difficult pregnancy and that I have to attend a lot of doctor's appointments and have a lot of tests performed and try to place as little stress on myself as possible.

Even with my car it has been very difficult to juggle between my doctors appointments, tests and work. It is so very important that I have a car to get to work and appointments, due to the fact that I live in Guelph, and my work is located in the city of Kitchener. Since losing my car I have missed a great deal of work, as I have been unable to find a reliable mode of transport to get to and from my place of employment. My employer has stated to me that if I am to keep my job I must remedy this problem immediately I am so afraid that if I don't receive my car back soon that I will lose my job then in turn lose all my maternity benefits, which will be extremely tragic due to the fact that I am the sole supporter of our household. My fiancé has not been employed since January of 2001, and our money situation has been very tight. If I lose my job we will end up without a place to live and I am extremely worried that this potential stress may cause me to lose my baby.

I can only plead with you that despite the extreme lack of judgment we have shown in this matter, that you will see fit to return my vehicle so that I may try to continue on with my pregnancy, keep my job and insure that my baby will have a healthy environment to grow up in.

It is my intent to bring with me to the hearing a doctor's note verifying the above statements in regards to my pregnancy and my health.

I thank you for your time and consideration in this matter.

The Applicant submitted a written note from a Dr. Steven J. Traplin, M.D., Norfolk Medical Centre, Guelph, stating that Applicant suffers from "polycystic ovarian disease-resulting in frequent pelvic pains". This note was referred to in the Applicant's written statement although it was not filed within the prescribed time. The tribunal accepted it into evidence.

The Applicant's oral testimony was that she has been relying upon friends and family for transportation to and from work: that in fact the loss of her vehicle has been "more of an inconvenience" and has not jeopardised her employment or lead to economic hardship as anticipated and described in her written statement.

The Applicant testified that the loss of her car has made it difficult for her to attend various doctor appointments when they are scheduled on a workday as her employment is in Kitchener and her doctors are in Guelph. As a result she has had to miss 4 or 5 appointments. When asked what she has done when this has occurred the applicant stated that she either rescheduled the appointment or went to a walk-in-clinic. When asked whether public transit was available between the two cities the Applicant suggested that because of the varying times of bus departures it was difficult to arrange.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner or if different names registered as vehicle owner and as plate owner, then indicate which one the Applicant is;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Phillip Taylor;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until April 26, 2002.
5. Affidavit of PC Scott Macphie dated June 13, 2001.

The Registrar submitted no oral evidence.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant's basis for her appeal is that of "exceptional hardship" under section 55.2(3)(d). To succeed she must meet the very specific criteria set out in section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, set out above.

In her initial written submissions the Applicant argued that the impoundment will result in hardship as described in section 22(2) however it was made clear in her oral testimony that this in fact did not occur and therefore is not the basis of her appeal. Rather the basis of her appeal is that the impoundment will result in hardship as described in section 22(1).

Under section 22(1) the Tribunal is to consider whether an alternative to the impounded motor vehicle is available and if not whether this will result in a threat to the health or safety of any person ordinarily transported by the motor vehicle. It was not clear to the Tribunal from the Applicant's testimony that an alternative to the impounded vehicle is not available for transporting the Applicant from her place of work to her doctor's in Guelph. In any event there was no evidence given to suggest that the lack of an alternative in these instances would result in a threat to the health or safety of the applicant or her unborn child.

Accordingly, after considering the criteria set out in section 22(1) of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 6322/98, the Tribunal finds the Applicant has not established "exceptional hardship" as set out in section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Elizabeth L. Sproule,
Presiding Member

RELEASED: June 28, 2001

SINGH

CHARAN SINGH

Appeal under section 50.(1) of the *Highway Traffic Act* R.S.O. 1990, Chapter H.8 as amended (the *Act*) from the Suspension and Seizure Order of the Registrar pursuant to section 47(1) of the Act.

**TO APPEAL A SUSPENSION AND SEIZURE ORDER
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: BRIAN K. MAROTTA, PRESIDING VICE-CHAIR
ALAN HOLBROOK, MEMBER
CLARKE WALLACE, MEMBER

APPEARANCES: CHARAN SINGH,
Applicant unrepresented

PATRICK MOORE,
Counsel for the Respondent

DATE OF HEARING: June 12, 2001 Toronto

REASONS FOR DECISION

An oral hearing was held on June 12, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.(1) of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (HTA or the *Act*).

THE TRIBUNAL RULED TO CONFIRM the Suspension and Seizure Order imposed by the Registrar pursuant to section 47(1) of the HTA.

PRELIMINARY MATTERS:

The Tribunal asked the parties if there were any preliminary matters which they wanted the Tribunal to deal with before commencing the hearing.

The person sitting with Mr. Singh identified himself as David Mirwal and requested that he be allowed to be the Interpreter for Mr. Singh. Counsel for the Registrar informed the Tribunal that Mr. Singh had appeared on his own behalf and represented himself in the English language, without any apparent problem, at the meeting with the Deputy Registrar on the 25th day of April 2001. It was the Tribunal's opinion that Mr. Singh had

a right to have an interpreter present to ensure that he entirely understood the proceedings. Mr. Mirwal was, therefore, sworn in as the Interpreter for Mr. Singh.

The second preliminary matter was a request for an adjournment by Mr. Singh. Mr. Singh advised the Tribunal that he did not receive notice of the hearing for June 12th until Friday, June 8th, 2001 and, therefore, he did not have time to prepare for the hearing.

The Tribunal noted that the Notice of Suspension & Seizure was dated the 11th day of April 2001 and that there was a meeting with the Deputy Registrar on the 25th day of April 2001.

Counsel for the Registrar pointed out that this series of events would have prompted anyone to obtain assistance and start preparing for the hearing. Mr. Singh had filed his appeal on May 2nd, 2001 so that he knew there would be a hearing on the matter. It was important that this matter be dealt with quickly in the interest of public safety.

The Tribunal noted that the Chief Administrative Officer and Registrar of this Tribunal sent a letter dated May 7, 2001 to Mr. Singh advising him that the Tribunal would schedule a pre-hearing conference on June 4th, 5th or 6th, 2001, or would proceed directly to the scheduling for this hearing on either one or all of the dates of June 11th, 12th, 13th, 14th and 15th, 2001. Mr. Singh was asked to advise the Tribunal of his preference in writing by May 14th, 2001. There was a letter in the Tribunal's file from Mr. Singh dated May 17th, 2001, when he specifically asked for the date of June 12th, 2001. It was also noted that this Tribunal had sent a notice of hearing to the Applicant by courier on May 29th, 2001. As Mr. Singh did not refute any of his information, the Tribunal declined his request for an adjournment.

Mr. Singh then made a second request for an adjournment based upon a different ground. He stated that he had retained the services of someone to assist him with this appeal and that he was fully prepared for the appeal on today's date until very recently when he lost trust with his advisor. He therefore requested an adjournment on that basis.

The Tribunal noted that the information conveyed by Mr. Singh in this second request for an adjournment was not in conformity with his first request for an adjournment which gave the Tribunal serious doubts as to the sincerity of Mr. Singh. The Tribunal also noted that the request of Mr. Singh was very vague in that he did not indicate that he had retained anyone else to assist him in the appeal, nor had he stated that he intended to retain anyone else. The Tribunal declined Mr. Singh's request for an adjournment and proceeded with the hearing.

BACKGROUND:

This is an appeal under section 50.(1) of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the *Act*).

The Deputy Registrar of Motor Vehicles (the *Registrar*) made a decision to issue a suspension and seizure order under section 47(1) of the *Act*.

The Applicant filed an appeal of this suspension and seizure order with the Licence Appeal Tribunal (the ATribunal) together with supporting documentation and the required \$100.00 filing fee.

On April 25th, 2001, the Applicant met with Mr. John Miller from the Ministry of Transportation and with the Deputy Registrar to show cause why the suspension and seizure order should not be issued. At that meeting, the parties discussed the Deputy Registrar's dissatisfaction with the out of service records of the Applicant's vehicle and the record of accidents and convictions of the Applicant. The Applicant had an opportunity to point out any mistakes that he thought were in his records. Other than one windshield inspection which he did not recall, the Applicant did not dispute any of the records of the Deputy Registrar.

As a result of that meeting, the Deputy Registrar issued the following suspension and seizure order:

SUSPENSION AND SEIZURE ORDER

WHEREAS a Notice of Suspension & Seizure dated the 11th day of April, 2001 was issued proposing a 30 day suspension of the CVOR certificate issued to Singh, Charan and suspension and seizure of plate portion of permits and number plates;

AND WHEREAS provided in the notice, you had the opportunity to make submissions at a meeting with the Deputy Registrar on the 24th day of April 2001, to show cause why the suspension and seizure order should not be issued;

AND WHEREAS I have considered your submissions and your safety record including your record of convictions, accidents, vehicle detentions and vehicle out of service rates, I remain concerned for highway safety;

NOW THEREFORE IT IS ORDERED that pursuant to Section 47 & 47.1 of the Highway Traffic Act that as of the 7th day of May 2001, CVOR certificate 126-368-205 and plate portion of permits for all commercial motor vehicles and trailers issued to Singh, Charan be suspended for 30 days and the plate portion of permits, or if issued, by a jurisdiction other than Ontario, the permits, and the number plates be seized.

ISSUES:

Should the Tribunal confirm, modify or set aside the decision of the Registrar to issue a suspension and seizure order for 30 days?

FACTS:

The Tribunal heard from Mr. John Miller, Carrier Safety Rating Administrator, with the Ministry of Transportation. It was his duty to monitor CVOR operators for safety and performance. Prior to that he was a CVOR Analyst who monitored the CVOR system and before that a National Safety Code Auditor and Transportation Enforcement Officer. He stated that the objective of the Ministry of Transportation is to monitor carriers to ensure that they comply with the provisions of the Act and Regulations. He explained how the CVOR rating system operated and the point system attributed to each infraction. He explained how this was all set out in the Ontario's Carrier Safety Rating and Commercial Vehicle Operators Registration System Public Guideline.

He produced the CVOR Abstract of the Applicant which set out all accidents, convictions and inspections. The Applicant became a CVOR holder on April 21st, 1998 under the CVOR certificate 126-368-205. The Applicant was the owner and operator of a dump truck and trailer with capacity of 53,900 kilograms, which is the upper end of the weigh scale. With the CVOR system, a threshold limit is established by comparing the record of the CVOR holder with operators of comparable fleet size. The threshold limit of the Applicant was therefore adjusted to compare with operations of a fleet size of one vehicle. When the CVOR holder reaches 35% of the threshold a warning letter is sent out. At 65% of the threshold, the holder is put in an audit stage, at 80% of threshold, the operator reaches an interview stage and at 100% of threshold the sanction stage is triggered.

In this case a warning letter was sent to the Applicant on April 17, 2000. On November 6, 2000, he was given a conditional safety rating, but the Applicant had so many accidents in such a short period of time, there was no opportunity to go through the rest of the stages. The Minister's actions are discretionary and can be taken at any stage where the safety of the public is of concern.

In April 2001, Mr. Miller did an analysis of the prior two years operation of the CVOR record of the Applicant. This was forwarded to the Applicant by courier on April 11, 2001 and enclosed the following:

1. Notice of Suspension and Seizure;
2. Commercial Vehicle Operator Record;
3. Rating and CVOR Registration System Public Guideline;
4. MTO's Facility Audit Guideline;
5. Accident Reports;
6. Analysis April/2001;
7. Safety net;

The analysis showed that the Applicant had been involved in five accidents, three convictions and two inspections with an overall threshold rate of 160.1%.

On cross-examination, the Applicant established that although the convictions were a result of driver impropriety, there was only property damage done with no injuries.

Although the Applicant was given the opportunity to take the stand himself or to produce any witnesses, he chose not to do so.

LAW:

- 47(1) Subject to section 47.1, the Registrar may suspend or cancel,
- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) CVOR certificate, on the grounds of,
 - (d) misconduct for which the holder is responsible directly or indirectly, related to the operation or driving of a motor vehicle;
 - (e) conviction of the holder for an offence referred to in subsection 210(1) or (2); or
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).
- (10) The Registrar may, at any time for misconduct or contravention of this Act, the Truck Transportation Act, the Public Vehicles Act or of any regulation thereunder by an owner or lessee of one or more motor vehicles or trailers for which permits have been issued by a jurisdiction or jurisdictions other than the Province of Ontario, order that the permit and number plates issued for the vehicle or vehicles be seized and any police officer or any officer appointed for carrying out this Act or the enforcement of the Public Vehicles Act or the Truck Transportation Act may seize the permit and number plates and deliver them to the Ministry which shall return them to the authority that issued them.

According to Section 22(e) HTA:

22(e) the Lieutenant Governor in Council may make regulations, governing the suspension or cancellation of CVOR certificates under subsection 47(1) or the imposition of a limitation on the fleet size operated under a CVOR certificate under subsection 47(2).

The maintenance requirements under the HTA are found, inter alia, at Regulation 575 (commercial motor vehicle inspections); Regulation 625 (tire standards and specifications); Regulation 762/91 (safety inspections);

The appeal comes to this Tribunal by virtue of s. 50(1) of the HTA which provides:

- 50(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the [Licence Appeal Tribunal].
- (2) The [Tribunal] may confirm, modify or set aside the decision of the Minister or Registrar.

Regulation 574, also addresses appeals to this Tribunal;

- 3(3) Upon receipt of a notice of appeal under subsection (1) the [Tribunal] shall forthwith notify the Minister or Registrar, as the case may be, and the person notified shall forthwith provide the [Tribunal] with all the relevant documents and other material in his or her possession.

3(6) At any hearing under this section, the person making the appeal has the right to attend and make representations and, subject to subsection (7), to adduce evidence respecting the appeal either personally or through counsel.

3(7) At any hearing under this section, the [Tribunal] shall hear only such evidence as was submitted to the Minister or the Registrar, as the case may be, respecting the matter in dispute.®

APPLICATION OF LAW TO FACTS:

From the evidence of Mr. Miller, it is accepted that the methods used by the Ministry and the Deputy Registrar to assess the Applicant, were applied clearly and uniformly. There is no evidence that the Deputy Registrar took into account information about the Applicant which would not be considered in assessing the safety of every other carrier in the Province.

The Applicant did not dispute the records of the Ministry, but instead asserted that the accident reports of the police were not accurate, and therefore the Ministry should not have based its rating system on the Police Reports. It is noted by the Tribunal that the Applicant did not contact any of the Police Officers who prepared the accident reports to request that they make any corrections in their reports even though he had previously been advised of his right to do so. It was also noted that the Applicant had not appeared and defended any of the charges in which convictions were entered. The Applicant chose not to call any evidence and his only submissions were that they would try to keep his truck in better repair and he would try to be a better driver. The Applicant offered no elaboration or plans on how he intended to achieve these goals.

In the case of *Brenner vs. The Registrar of Motor Vehicle Dealers and Salesmen*, 19 CRAT 59, a Decision issued by the Divisional Court on April 7, 1983, Southy, J. stated:

A...the effect of Section 7 (4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty®.

The guidance provided by the Divisional Court in *Brenner* applies in appeal. Accordingly, it is only if the Tribunal finds that the Registrar was in error that the Tribunal will modify or set aside the Registrar's order. In the circumstances of this case, the Tribunal finds that the Registrar had sufficient and reasonable grounds to believe that the past conduct of the Applicant supported the belief that he would not operate a commercial vehicle safely or in accordance with the law. The Tribunal also finds no reason to interfere with the extent of the sanction imposed in the order issued by the Deputy Registrar.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.(2) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the decision of Registrar of Motor Vehicles to issue a suspension and seizure order for 30 days.

LICENCE APPEAL TRIBUNAL

Brian K. Marotta, Vice-Chair,
Presiding

Alan Holbrook, Member

Clarke Wallace, Member

RELEASED: June 28, 2001

BART-POL EXPRESS INC.

Appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: CHARLES J. SANDIFORD,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

JOHN GRUEZIEN AND MRS. JOHN GRUEZIEN, Agents for
BART-POL EXPRESS INC., Applicant

DATE OF HEARING: June 21, 2001

DECISION RELEASED: June 29, 2001 Toronto

REASONS FOR DECISION

A hearing was held on June 21, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Bart-Pol Express Inc. (the "Applicant")
Motor Vehicle: 1998 Volvo Truck, plate no. 2140JB (the "vehicle")
Date of Appeal: May 31, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on June 21, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of documents bearing original certification seals which were entered into evidence as exhibit #3. These documents were submitted with the consent of all parties.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The driver has been employed by the Owner since December 1999.

Owner has a copy (enclosed) of driver licence valid till March 18, 2002.

Ower's insurance is renewed in January each year. Last January renewal did not indicate driver is suspended, when driver history was pulled.

Owner has financing costs in the amount of \$2,159.70 per month for the impounded truck as well as \$1,660.07 attached trailer costs, as well as \$1,000 per month insurance.

Owner is a very small operator (3 trucks) who is very dependent on income generated by these trucks. A 45 day penalty (through not our fault) would be disastrous to the well being of the company and the owner and his family individually.

We strogly beg the Board to immediate release of the truck. We had no knowledge whatsoever that driver had a suspended license, until now. We have done all that was required of the owner that driver had a valid licence. Driver has been employed by us for a year 1/2.

The Applicant's co-owner Mrs. John Gruezien testified that she was unaware that the driver's licence of their driver Edward Kalisz was under suspension. They had been advised by their insurance carrier that the driver had a valid licence in January of this year when a general review was made before renewal of their policy. No evidence was presented to confirm how the insurance company confirmed the status of Mr. Kalisz's driver's licence. No current abstract from Motor Vehicles was produced. There was some uncertainty that confirmation of Mr. Kalisz's driver's licence was a condition of employment for their drivers. Only the insurance check was required by the Applicant.

Mrs. Gruezien testified that the impoundment of their truck could cost them the failure of their business. However, to this point she had not inquired about the cost to rent another vehicle, and they had not attempted to recruit a new driver.

The Respondent's representative questioned Mrs. Gruezien in respect to documents to support her claim that the insurance company had cleared Kalisz to drive in their January 2001 review. These documents were not available for this hearing. The Respondent's representative provided the witness with a pamphlet on how to conduct a drivers licence search at a cost of just \$2.00.

Mrs. Gruezien testified that the gross income from a round trip to their normal California terminal is \$17,000. Costs for such a trip were not detailed by her. As no inquiry had been made in respect to the rental of a power unit, no assessment was offered as to the cost effect to the Applicant's profit.

John Gruezien, the co-owner of the Applicant Bart-Pol Express, also testified that they had been convinced by the insurance company that all was well with Kalisz's licence, but no documentation from the insurer was submitted. He too had not required his own abstract to validate Kalisz's licence even though he testified that he had known about the driver's suspension but had assumed it had been reinstated because of the insurance report. He advised that the production of an abstract is not a hiring requirement by the company but instead is left to the insurer.

The cost of any rental vehicle was dismissed as too costly by Mr. Gruezien even though he had not made any inquiry as to what that cost might. He had made no attempt to hire a new driver.

During his cross-examination by the Respondent's representative, John Gruezien admitted that he knew Kalisz's licence was in trouble, but considered the matter

resolved due to the insurance report. He made no special effort to satisfy himself in respect to Mr. Kalisz's drivers licence but simply felt the insurance carrier's annual review was adequate. When questioned about trip revenue, Mr. Gruezien confirmed that no inquiries had been made as to costs of rentals etc., and as a result no conclusions could be reached. At the suggestion of the Respondent's representative, Mr. Gruezien agreed that their personal satisfaction of the validity of their drivers' licences would be a future requirement in their business.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Edward Kalisz;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the Criminal Code of Canada pursuant to which the driver's licence of the driver was then under suspension until March 1, 2002

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the

particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional: Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,

- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed under section 50.2(3)(c) of the Act on the basis that the Applicant exercised due diligence to confirm the validity of Edward Kalisz's driver's licence, which was under suspension due to a conviction of the offence of Impaired Driving under the Criminal Code of Canada until March 1, 2002.

Statements made by both Mr. and Mrs. John Gruezien revealed that their only effort to verify the validity of their employee's licence was through their insurance company last January, 2001. No evidence was produced to confirm the insurance company's act of validation nor was any name offered of the insurer involved. Furthermore, John Gruezien knew Kalisz's licence was subject to a charge but failed to monitor closely any final conclusion of that charge. In addition, production of a driving abstract is not a condition of employment with the Applicant.

In conclusion, the Tribunal finds that the Applicant has failed to provide the Tribunal with any evidence that the Applicant has met the test of "due diligence" as required by Section 50.2 (3)(c) of the Act.

The Applicant has also appealed under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship. Section 22 of Regulation 632/98 is very specific and provides the Tribunal with clear criteria that must be met by the Applicant in order to establish exceptional hardship as a result of the impoundment. The Tribunal cannot consider any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claim to be considered under section 22(b) and (c), the Applicant must have demonstrated that all of Section 22(3) has been met. Furthermore, section 22(4) of the Regulation requires demonstration that every reasonable option have been explored, including an alternative vehicle.

The Applicant has not presented the Tribunal with any evidence that would demonstrate any reasonable option to the impounded vehicle has been explored and inquired into as required under Section 22(4) of the Regulation. In fact the evidence offered indicates that no alternatives have been investigated by the Applicants.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the Highway Traffic Act, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Charles J. Sandiford, Presiding Member

RELEASED: June 29, 2001

HIGHWAY TRAFFIC ACT
R.S.O. 1990, Chap. H.8 as amended

IN THE MATTER of the ORDER to IMPOUND a MOTOR VEHICLE Order # V1605004 OWNED BY: 1245246 Ontario Ltd. o/a Trees By Nature, 175 Toryork Drive, Unit 47, Toronto, Ontario M9L 2Y7 made pursuant to section 55.1 of the *Highway Traffic Act*, effective on: June 16, 2001.

AND IN THE MATTER of a requirement for a hearing respecting an appeal of the said Order to Impound, pursuant to section 50.2 of the *Highway Traffic Act*.

1245246 Ontario Ltd. O/A Trees By Nature

Applicant

-and-

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the Statutory Powers Procedure Act, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in **Order to Impound #V1605004** was impounded in accordance with subsection 55.1(3) of the Highway Traffic Act, RSO 1990, c. H. 8 as amended, on June 16, 2001.
2. The applicant, **1245246 Ontario Ltd. O/A Trees By Nature**, whose name is shown on the vehicle portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(a) of the Highway Traffic Act, stating **that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made.**
4. Having received information from the police, the Registrar is satisfied that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made.
5. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.
6. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the Highway Traffic Act that the Tribunal set aside the order to impound.

DRIVER'S LICENCE SUSPENSION**

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding Member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

Applicant, unrepresented

DATE OF
HEARING: June 22, 2001

DECISION
RELEASED: June 25, 2001 Oshawa

REASONS FOR DECISION

A hearing was held on June 22, 2001, at Oshawa, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on June 25, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic*

Act was dated June 6, 2001, and was received by the Tribunal on June 7, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

There were no preliminary matters and the hearing proceeded. With permission from both parties, the following submissions were entered into evidence.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice of Appeal Form received June 7, 2001.

By the Respondent:

- a) Exhibit # 2 MTO submissions, 28 pages received June 19, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or

- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason”.

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) “a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner.”

Finally, section 13 of Regulation 574 (amended) provides:

“A person appealing a suspension has the onus of establishing the merit of the appeal”.

FACTS:

The Applicant was sworn and gave the following testimony. The Applicant testified that on May 20, 2001 he attended a bar arriving at approximately 9:30 p.m. and leaving at approximately 2:30 a.m. He stated that he had consumed only 3 beers during this period. When he left the bar at 2:30 a.m., he was pulled over by the police. He was asked by the officer if he had been drinking and how much he had consumed? He replied, “only 3 beers. At that point, the officer explained that he was going to call for a road side screening device. The Applicant was asked to enter the rear of the police vehicle which he did. The officer explained how to provide a sample into the device. The Applicant was given 8 to 9 opportunities to provide a proper breath sample. The

Applicant was advised of his rights as well as the consequences of not providing or failing to provide a proper breath sample. According to the testimony of the Applicant, he told the officer that he had pneumonia for the last year and that it was difficult to blow and that the officer should take him for a blood test. The Applicant stated that he knows he was not drunk and could drive properly. He stated that "I know how much alcohol it takes in my body to blow over and I know that I did not have that much in my system". The Respondent questioned how the Applicant knew how much alcohol it took him to blow over the legal limit and the Applicant responded "I know this information from commercials on the radio". The officer released the Applicant after he was charged with failing to provide and then drove the Applicant home. According to the Applicant he went into his house, listened to the radio for a while and then went to bed.

The Applicant attended Cobourg Clinic on May 22, 2001. The Applicant provided a note from Physician # 1 with a recommendation that he is awaiting an appointment with a lung specialist. Along with the note was one spirometry report.

On cross-examination by the Respondent, the Applicant stated that he went to the hospital to procure a letter for his appeal, which was at the suggestion of Police Officer # 1 and not to seek out medical attention.

Police Officer # 1 was then called to the stand and was sworn. Police Officer # 1 is employed by the Port Hope Police Department. Police Officer # 1 stated the he was on duty on May 20, 2001. At approximately 2:24 a.m., Police Officer # 1 pulled over the Applicant. The Applicant was known to the officer and has previous dealings with the Applicant on other police matters.

Police Officer # 1 stated that earlier that evening he had seen the Applicant in the tavern during a walk through. This walk through was part of the Port Hope Police Chiefs' initiative to have increased Police visibility in the local taverns. Knowing that the Applicant was in the tavern earlier, Police Officer # 1 requested that the Applicant provide him with a breath sample into an approved road side screening device. The Applicant accompanied Police Officer # 1 into the rear of his cruiser whereby the demand for breath was read as well as the Applicant's rights for which he responded that he understood. The Drager unit was demonstrated by Police Officer # 1. This particular unit indicates air movement within the machine. According to Police Officer # 1, no air was entering the unit. After 8 or 9 attempt Police Officer # 1 charged the Applicant's with failure to provide.

The Tribunal questioned Police Officer # 1 about the Applicant contention that he had indicated to the officer the he had breathing problems. Police Officer # 1 stated that he was not a physician, however he is a trained observer and is trained in first aid and would be able to see if the Applicant was in need of immediate medical attention. Police Officer # 1 testified that there was no indication of any breathing difficulties. The Applicant was not wheezing, gasping for air or short of breath. He believed that the reason the road side screening device was not registering was due to the Applicant's lack of effort.

Evidence was submitted by the Registrar which eluded to a report by Physician # 2, Director, Program in Respiratory Rehabilitation, Professor of Medicine, University of Toronto. Physician # 2 reviewed the spirometry tests provided by the Applicant. It was the opinion of Physician # 2 that the "tests themselves were woefully inadequate and would not be accepted in any lab that concerned itself with appropriate standards.

It is an example of a patient who coughed in the middle of the test and by all basic standards of care, the test should have been repeated.”

In conclusion, Physician # 2 states, “there is no evidence from the information supplied to me to suggest that the Applicant could not satisfactorily complete a roadside Alcotest. We have tested many patients with severe lung disease who require up to 14 seconds to complete exhalation. They have been able to complete Alcotest.”

The Tribunal accepts the evidence of Police Officer # 1 as well as the opinion of Physician # 2.

APPLICATION OF THE LAW TO FACTS:

In an appeal of this nature, the onus is on the Applicant to substantiate his position. The documents submitted by the Applicant do not substantiate his claim to the effect that he had a medical condition which precluded him from providing a breath sample.

The Applicant has provided a medical report signed by Physician # 3 MD. Physician # 3 apparently is not his regular family physician. The Applicant's regular family physician is Physician # 4 who did not fill out the form. Physician # 3 lists the present condition as chronic bronchitis, emphysema, recurrent pneumonia. The only test performed with respect to pulmonary function tests was on May 22, 2001, along with a visit to Physician # 1. This visit was precipitated on the advice of Police Officer # 1 to the Applicant.

The report of Physician # 3, the Applicant's medical practitioner fails to meet the specific requirement of section 15(1) of Regulation 574 of the *Highway Traffic Act*. Physician # 3 does not provide a detailed history of the medical condition but only states what the present conditions are with a history of smoking 2 ½ packs of cigarettes per day since the age of 8. There is no detailing of visits for his breathing problems nor is there listed medications prescribed for his condition(s). There is no evidence presented that Applicant had been assessed for these conditions.

Attached to the report was a pulmonary function test which was performed on May 22, 2001 which indicated a reduced flow rate. The Tribunal accepts that this test is effort dependant and that the results obtained are not a true indication of the actual flow rate at the time this test was performed.

For the purposes of this appeal, the Tribunal can give very little weight to the medical report provided by the Applicant.

After reviewing the foregoing facts, the Tribunal finds that the Applicant has not established a medical condition as required by Regulation 574 and Section 50.1(2)(b) of the Act.

The evidence is clear that the Applicant attempted to provide a sample, however an adequate sample was not provided and the Applicant has not established that this was due to a medical reason.

The Tribunal can only conclude from the evidence presented, that the actions taken by the Applicant were actions taken by someone who was unwilling to provide an adequate sample.

The Applicant has not discharged the onus under Section 50.1 of the HTA to establish a valid medical reason for his failure or refusal to comply with a demand made under Section 254 of the Criminal Code (Canada) to provide a sample of breath.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated May 28, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

Toronto

REASONS FOR DECISION

A hearing was held on June 25, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on June 26, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic*

Act was dated June 7, 2001, and was received by the Tribunal on June 7, 2001, together with the prescribed fee of \$100.00, paid by cash.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Representative of the Ministry provided the Tribunal with original certified copies of Ministry of Transportation documents on file.

During Appearances the Applicant informed the Tribunal that he did have a lawyer but that his lawyer was on vacation. The Applicant also stated that he had witnesses who would be testifying at Court hearing, and were not present for today's hearing.

The Applicant confirmed, when questioned several times by the Tribunal, that he was ready to proceed.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1- Notice of Suspension Reminder dated May 15, 2001.
- b) Exhibit # 2- Notice of Appeal form received June 7, 2001.
- c) Exhibit # 3- Medical Report from Physician # 1, M.D., dated June 7, 2001.
- d) Exhibit # 4- Letter from the Applicant received June 18, 2001.

By the Respondent:

- a) Exhibit # 5- Ministry of Transportation Submissions received June 6, 2001.
- b) Exhibit # 6- Breathalyser Test from Police Station received June 21, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant's Driver's Licence was suspended "May 13, 2001" as set out in the Applicant's Notice of Appeal (Exhibit # 1).

Page 2 of Notice of Appeal, which is to be filled in by the Applicant's physician, is blank.

In a letter dated "18th of June 2001 the Applicant establishes his position "...I refused to blow into the machine ...was scared he will lie against me... I refused..." (Exhibit # 2)

By letter dated June 7, 2001 Physician # 1, confirms that he has been the Applicant's physician since June 1999. After interviewing the Applicant Physician # 1 opines that the Applicant refused to provide a breath sample for two reasons: "...he felt intimidated by the police officer ...he believed that the medication he as taking for his skin condition (Atarax and Tretracycline ...would interfere with the test..." (Exhibit # 3).

At the hearing, after being sworn in the Applicant requested an adjournment on the grounds that his lawyer was on vacation. The Applicant explained that he noted in his Notice of Appeal that an agent or lawyer was "NOT APPLICABLE", as he had requested a written hearing.

The Respondent for the Ministry objected and advised the Tribunal that the Applicant had received notice on or about June 12, 2001 that a written hearing was refused, and an oral hearing had been scheduled.

The Applicant acknowledged receiving notice. Nonetheless, the Applicant contends that he failed to request an adjournment earlier as he was unaware of the procedures.

As the Applicant was unable to provide the Tribunal with a letter from his solicitor, the Tribunal notified the Applicant that the hearing would proceed. At the point the Applicant consented.

The Applicant testified as to the circumstances leading up to the suspension. Both in examination in chief and in cross examination the Applicant reiterated his position that he had refused to provide a breath sample for "...two reasons". The Applicant claimed that he was not certain how the medication he has been prescribed by his Dermatologist, for his skin condition would affect the results of the test, and further that he had felt intimidated by the treatment of the police officer.

The Applicant affirmed that he informed the officers that he was on medication, and that he was sick.

The Respondent called Police Officer # 1 as a witness.

Police Officer # 1 testified that he has been in the Police Services for 20 years and that he is a qualified breathalyzer technician.

After relating events of the incident that led to the suspension. Police Officer # 1 attested that at no time did he observe the Applicant being afflicted with a respiratory or

any other physical difficulty. Police Officer # 1 further indicated that the Applicant did not inform him of the fact that he was taking medication.

A videotape of the breathalyzer session was introduced as evidence. The Applicant ignored the Constable's demand to provide a breath sample.

In closing, the Applicant made several statements about his medical condition and the treatment he received from the Police Officer, as well as emphasized as to why he had wanted a lawyer to speak for him, not only on the night in question but also at the Hearing. The Respondent, in closing noted that the videotape indicates a clear refusal from the Applicant to provide a breath sample, and asked that the Tribunal confirm the decision of the Registrar.

APPLICATION OF THE LAW TO FACTS:

During the hearing the Applicant raised several issues not germane to this matter and the Tribunal. It was made perfectly clear to the Applicant, that the Tribunal has no jurisdiction to deal with the issue of police abuse or the use of force by the usage of gun in the carrying out an arrest.

Subsequently, the Respondent also attempted to introduce the matter of the use of the gun as evidence. The Tribunal ruled that any evidence concerning the use of the gun would be inadmissible. Although, the Tribunal considers an objection from the floor a procedural irregularity, the Tribunal must note the objection to the Tribunal's ruling, from an observing member from the Respondent's office. The point raised was that the issue of the use of gun should be addressed as it pertained to the credibility of the Applicant.

The applicable Section of the *Highway Traffic Act*, 50.1 (2) (b) reads:

"The only grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

b) that the person failed or refused to comply with a demand made under section 24 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason"

There is no doubt that the Applicant refused to provide a breath sample, for reasons other than a medical condition. By his own admission, the Applicant confirms as the grounds for Appeal, that he "...refused to blow into the machine ...was scared he will lie against me ...refused" (Exhibit # 2)

The videotape taken during the breathalyzer test session clearly demonstrates the Applicant's refusal. Thus, neither the circumstances leading up to the refusal, nor the credibility of the Applicant are at issue.

The Tribunal's original ruling stands and the Tribunal maintains any evidence relating to intimidation and the excess use of force is irrelevant and inadmissible.

At issue then is did the Applicant have a medical condition that could cause him to fail or not comply with the breath demand. If so, how does the medical condition of the Applicant relate to Section 50.1(2)(b) of the *Highway Traffic Act*. The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

There is no indication that the Applicant has a medical condition that would prevent him from providing a breath sample. The Tribunal notes that, the Medical history in the Notice of Appeal is blank. (Exhibit # 2)

The Tribunal recognizes the possibility that being in a state of intimidation, may cause severe anxiety, which could impair the ability to provide a breath sample. However, it was evident from viewing the videotape that this was not the case.

According to Physician # 1, the Applicant's physician, the Applicant has a "...his skin condition..." for which he is taking medication. Physician # 1 proffers the estimation, that " he believed that the medication he as taking for his skin condition (Atarax and Tretracycline ...would interfere with the test... (Exhibit # 3)

The Applicant in his Notice of Appeal and at the Hearing adheres to this postulation. Although the Applicant claims to have mentioned this fear to Police Officer # 1, the Constable denies this assertion. On viewing the videotape of the request, it is evident that the Applicant offered no explanation for his refusal other than that he wanted to wait for his lawyer, who could not be reached until morning.

The onus being on the Applicant to establish the merit of his appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1 (2) (b), in that he was not able to demonstrate that he suffers from a medical condition, which would prevent him from providing a breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated May 13, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

REASONS FOR DECISION

A hearing was held on June 27, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on June 28, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended,

chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated May 18, 2001, and was received by the Tribunal on May 24, 2001, together with the prescribed fee of \$100.00, paid by cheque.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Representative of the Ministry provided the Tribunal with original certified copies of Ministry of Transportation documents on file.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice of Appeal – received May 24, 2001.
- b) Exhibit # 2 Medical Report from Physician # 1 – received May 17, 2001.

By the Respondent:

- a) Exhibit # 3 Ministry of Transportation submissions – received June 22, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant

to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or

- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;

- (b) the name, date of birth and address of the person who is the subject of the report;

- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;

- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;

- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and

- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

Applicant's Driver's Licence was suspended "April 30/01" as set out in the Applicant's Notice of Appeal (Exhibit # 1).

Page 2 of the Notice of Appeal, signed on May 18, 2001 by the Applicant's Physician # 1, offers no comments regarding: "Details of Diagnosis: History of Diagnosis " or "Type of Measurements or recent test taken ".

Physician # 1 refers to "...ATTACHED letter of Physician # 1 – May 11/2001". Under his letterhead, Physician # 1, confirms that the Applicant "...has a respiratory disease called Chronic Obstructive Pulmonary Disease, also known as emphysema... On examination... on May 7, 2001 she had very reduced breath sounds bilaterally and has a barrel chest which denotes hyperinflation and correlates with the ability to develop only low expiratory flows and small volumes with each breath ...do not have formal pulmonary tests on record ...it is my professional opinion that the effort required to supply a breath sample that would allow a measured reading is more than any effort the Applicant would ever be able to supply given her C.O.P.D., and the restriction his places on her ability to blow out over any sustained period..."(Exhibit # 2).

An Affidavit from of Police Officer # 1 describes the attendance and subsequent volunteer breathalyzer testing of Physician # 1 at the Carlton Police Service. (Exhibit # 3).

In a letter dated June 14 2001 Physician # 2, MB,ChB,FRCP (UK)FRCP(C) FCCP, Director of Program in Respiratory Rehabilitation - University of Toronto, states that he is a "...consultant respiratologist in practice since 1979 with particular interest in chronic respiratory conditions such as: asthma, emphysema and chronic bronchitis... Director of the University of Toronto, Respiratory Divisional Program in Rehabilitation, ... medical advisor to the pulmonary function laboratories for over 16 years... familiar with the Alcotest and the Intoxilyzer 5000C..."(Exhibit # 3).

Physician # 2 states that "... We have tested many patients with very severe chronic obstructive pulmonary disease. The vast majority are able to complete a breath test. It is my view that a decision regarding the Applicant's pulmonary function cannot be made until she has been referred a facility that can accurately measure some simple pulmonary function...."(Exhibit # 3).

At the hearing, the Applicant was represented by counsel, who introduced the Applicant's evidence by questioning the Applicant after allowing the Applicant to take the stand and give her answers under oath.

During the examination-in-chief, the Applicant testified as to her age, place of residence and place of employment.

The Applicant confirmed that Physician # 1 has been her personal physician for over one year, approximately since March, April or May of the year 2000. Prior to April 30, the Applicant had no dealings with Physician # 1 regarding respiratory concerns, and felt herself to be in good health. The Applicant's job requires her to maintain "...good health as the job is very physical".

The Applicant offered evidence regarding the circumstances leading up to the suspension. She explained the Constable approached her in pleasant manner and conformed to her request to move to a side street, in order to hide the situation from possible prying eyes on the main street.

As to the actual breathalyzer testing the Applicant affirmed that in total seven attempts had been made, and that "...I blew as hard as I could, but couldn't..." The Applicant testified that she told the Constable "I can blow longer but I can't get more air in the machine..."

When asked by her counsel whether each subsequent attempt to provide a breath sample got easier or more difficult, the Applicant replied that there was "...no difference..."

The Applicant stated that she was feeling "...excited..." at the time, but did want to be able to provide a breath sample as she was convinced the result would be negative.

Once the breathalyzer test session was finished, the Applicant stepped outside in order to have a cigarette, while the paperwork was completed, then was driven home by the Constable.

In cross-examination, in reply to questions posed by the Respondent the Applicant confirmed that she was not wheezing or out of breath and noted that she "...had more breath..." but the Constable gave her an indication to stop by saying "...whoa... whoa... whoa..."

The Applicant stated that she did not advise the Constable that she was experiencing any physical discomfort. In fact, she did have a cigarette during a break after the fourth attempt and was able to inhale and exhale without any problems.

The Applicant testified that she was not aware of Physician # 1's diagnosis until she saw his report. During the examination on May 7, 2001 Physician # 1 told the Applicant her "...lungs sounded clear...". Physician # 1 advised the Applicant to stop smoking and suggested "...following through would require a different examination..." (Exhibit # 2). To this date, no follow up appointments have been made, no medication was prescribed.

The Respondent called Police Officer # 2 as a witness. Police Officer # 2 testified that he has been in the Police Services since "...September 97 – 3 1/2 years..."

After relating events of the incident that led to the suspension, Police Officer # 2 confirmed that he had difficulty "...locating the plug..." but did find it "...behind the radio..." As the Applicant had expressed some concern, he then proceeded to test the machine to ensure the equipment was in proper working condition.

Police Officer # 2 attested that the machine registered an "error" message during each attempt made by the Applicant to provide a breath sample. The Applicant did not provide a reason as to her inability to provide a breath sample, other than to say "...she could not..." yet, the Constable noted air escaping from the mouthpiece and, not only explained but also demonstrated, the proper procedure for blowing into the machine.

At no time did he observe the Applicant being afflicted with a respiratory or any other physical difficulty, nor did the Applicant indicate to him that she was unwell or required medical assistance.

In closing, the solicitor for the Applicant, stressed that this matter was being appealed solely on the basis of Section 50.1 2(b). Counsel for Applicant remarked that the Constable's evidence had been comprehensive, based on memory supported by written notes and requested the Tribunal to accept the Constable's evidence in its totality. According to counsel for Applicant, the Applicant meets the criteria of Section 50.1 2(b) in that she willingly complied with the demand to provide a breath sample but was

unable to do so for medical reasons, which she was unaware existed, until she visited Physician # 1 on May 7, 2001.

Counsel for Applicant continued to argue that the letter from Physician # 1 should not be challenged and given more weight than Physician # 2's report, as Physician # 1 actually examined the Applicant. Further, Physician # 1 personally took upon himself to attend at the Police Service to voluntarily test the breathalyzer machine. Thus, his opinion of the Applicant's ability to comply with the demand to provide a breath sample is not conjectured but factual, based on personal experience and knowledge.

The Respondent, opened closing remarks by dismissing Physician # 1's report. The Respondent contends, that Physician # 1's report does not conform with the criteria set out in Sections 15(1) and (2) of Regulation 574 which provides "...that the medical practitioner that prepared the report was or is aware that the report may be used, in support of an appeal to the Tribunal...".

Further, the Respondent maintained, "...Physician # 1's letter fails to state the length of time that he has been the Applicant's physician, fails to state if he is a specialist; failed to detail the history and related tests..."

The Respondent emphasized that Physician # 1 proffered a diagnosis of emphysema, but prescribes no medication and does not recommend a follow up by a specialist.

The Respondent quoted a paragraph from Physician # 2's letter detailing the tests done on patients with lung disease and their ability to provide breath samples. In conclusion the Respondent pointed out that the Applicant was not coughing or wheezing nor demonstrating any of the symptoms generally associated with lung disease, and asked the Tribunal to uphold the suspension.

APPLICATION OF THE LAW TO FACTS:

Did the Applicant have a medical condition that could cause the Applicant to fail or not comply with the breath demand? If so, how does the medical condition of the Applicant relate to Section 50.1(2)(b) of the *Highway Traffic Act*. The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

Counsel for the Applicant requested the Tribunal rely implicitly on Police Officer # 2's evidence which indicates the Applicant was at all times cooperative and did not and at any time refuse to comply with the demand to provide a breath sample. Counsel for Applicant would have the Tribunal conclude that the reason the machine registered an "error" message was simply due to the Applicant's medical condition.

In reviewing the totality of Police Officer # 2's testimony, the Tribunal cannot ignore that the Constable also mentioned that he noted: "... air escaping from the side of the mouth piece..."; during a break, the Applicant stepped outside to have a cigarette; at no time was the Applicant perceived to be having any difficulty breathing.

The Applicant, by her own admission, did not note any physical symptoms other than that she was feeling "...excited...". The Applicant also confirmed that "...there was no

difference..." with each subsequent attempt made to provide a breath sample. This Tribunal's knowledge and previous experience in these matters, indicates that someone with emphysema would definitely find it progressively more difficult to continue blowing.

Thus, the Tribunal finds that Police Officer # 2's visual observation and the Applicant's own testimony do not support a finding that the Applicant was unable to provide a breath sample for medical reasons.

The Tribunal will now consider the two medical reports introduced in evidence by the Applicant and the Respondent, respectively, one from Physician # 1, the Applicant's physician, the other from an expert in the field, Physician # 2.

The Respondent contends that Physician # 1's report does not meet the criteria set out Sections 15(1) and (2) of Regulation 574. Section 15(1)(c) provides:

"that the medical practitioner that prepared the report was or is aware that the report may be used, in support of an appeal to the Tribunal from the suspension of a driver's license under section 50.1 of the Act."

The Tribunal disagrees with the Respondent's assumption that Physician # 1 was not aware of the purpose of this report. This premise is substantiated by the lengths that Physician # 1 went to, in arranging for his own participation in a breathalyzer test session. There can be doubt that Physician # 1 was aware of the function his report would serve.

The Tribunal recognizes that Physician #1's report does fail to meet the criteria of Section 15 (2) that further provides:

"The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath sample including the results of any related tests."

It is not disputed, that Physician # 1's report contains no medical history of the disease, nor mention of any follow up or medication prescribed. Yet, having deemed that Physician # 1 was fully cognisant of the reasons he was requested to write a report, the Tribunal will accept said report in evidence. The report's discrepancies are addressed hereinafter.

Physician # 1 asserts that the Applicant "...has a respiratory disease called Chronic Obstructive Pulmonary Disease, also known as emphysema..." (Exhibit # 2).

The word "chronic" implies long term. Taber's Cyclopedic Medical Dictionary provides the following description for C.O.P.D.: "Disease process which causes decreased ability of the lungs to perform their function of ventilation. Diagnostic criteria include history of persistent dyspnea on exertion, with or without chronic cough, and less than one half normal predicted maximum breathing capacity. Diseases which cause this are chronic bronchitis, pulmonary emphysema, chronic asthma, and chronic bronchiolitis". As previously stated, there is no evidence that the Applicant's condition existed prior to the incident on April 30. There is evidence, however, that the Applicant thought herself to be healthy. It appears that the Applicant's job is physically demanding; yet the Applicant encountered no problems before, nor since. Thus, it would appear that the

Applicant does not fit the established profile of someone with Chronic Obstructive Pulmonary Disease.

It could be argued, that since there is no history of the disease, prior to the medical consultation on May 7, the incident on April 30, was the first manifestation of the disease. The Tribunal dismisses this plausibility, due to the conflict created by the statements in Physician # 1's letter and the Applicant's viva voce evidence.

The Applicant testified, that she was not aware of the diagnosis until she read Physician # 1's letter. In fact, during the Applicant's visit to Physician #1's office, following a stethoscope examination, Physician # 1 told the Applicant her "...lungs sounded clear..."

The Tribunal's doubts are supported by the fact that, almost two months have elapsed, and Physician # 1 prescribed no medication, nor ordered a follow up with a specialist.

Counsel for Applicant suggests the Tribunal should "give more weight" to Physician # 1's report, as Physician #1 has tested the equipment himself and concluded that in his "...professional opinion that the effort required to supply a breath sample that would allow a measured reading is more than any effort the Applicant would ever be able to supply given her C.O.P.D., and the restriction this places on her ability to blow out over any sustained period..." (Exhibit # 2) The Respondent adopts the opposite position and requests that Physician # 2's report be given more credence, as Physician # 2 is a respiratory specialist.

The Tribunal concurs with the Respondent. With all due respect to Physician # 1, he is not a specialist in the field of pulmonary disorders, Physician # 2 is, and his credentials are impeccable: "...Director of the University of Toronto, Respiratory Divisional Program in Rehabilitation, ...medical advisor to the pulmonary function laboratories for over 16 years..."

Further, Physician # 2 is "...familiar with the Alcotest and the Intoxilyzer 5000C...". Physician #2 clarifies that he has "...tested many patients with very severe chronic obstructive pulmonary disease. The vast majority are able to complete a breath test."

With respect to the Applicant, Physician # 2 specifically states that her situation is not conclusive "...until she has been referred a facility that can accurately measure some simple pulmonary function..." Such a referral did not take place.

The onus being on the Applicant to establish the merit of the appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1(2)(b), in that he was not able to demonstrate that he suffers from a medical condition, which would prevent providing a breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated April 30, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

LUNNY

PREHEARING

JAMES AND CAROLE LUNNY

APPEAL FROM A DECISION OF THE
CORPORATION DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: E. ALAN GARBE, VICE-CHAIR

APPEARANCES:

JAMES LUNNY, representing himself and on behalf of Carole Lunny (the "Applicants")
FIL CECE, Appeals Clerk and DENIS FAUBERT, Regional Manager, representing the Ontario New Home Warranty Program (the "Respondent")

DATE OF

PREHEARING: May 31, 2001

By teleconference

ORDER

Following attendances *by teleconference* before the Licence Appeal Tribunal (the "Tribunal") on May 31, 2001, at a prehearing of James Lunny, representing himself and on behalf of Carole Lunny (the "Applicants"), and Fil Cece and Denis Faubert on behalf of the Ontario New Home Warranty Program (the "Respondent");

The Tribunal makes the following Order:

- 1) The parties present at the prehearing recorded that there was no resolution of the issues in this matter at this time.
- 2) The parties agree that the three (3) issues to go before the Tribunal at the hearing are the roof shingles, the front step repair and the foundation problem.
- 3) The Applicants' shall provide to the Respondent and the Tribunal on or before June 15, 2001, by facsimile transmission and regular mail, any engineering or other expert reports which the Applicants wish to introduce at the hearing. The Tribunal's disclosure requirements set out in its Rules of Practice (particularly Rule 6.4 respecting the disclosure of the expert's name, qualifications, conclusions and so forth) shall be complied with.

- 4) The Respondent shall provide to the Applicants and the Tribunal on or before June 27, 2001, by facsimile transmission and regular mail, any responding expert reports that the Respondent wishes to introduce at the hearing.
- 5) The parties will exchange books of disclosure in accordance with the Rules of the Tribunal.

Released: June 4, 2001

1280953 ONTARIO LIMITED O/A MORATO CARS AND RADOMIR MILJKOVIC

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATIONS

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

RADOMIR MILJKOVIC, agent, representing himself and 1280953
Ontario Limited o/a Morato Cars
A. MICHAEL ROTHE, counsel, representing the Registrar,
Motor Vehicle Dealers Act,

DATE OF
HEARING: May 11, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a Notice of Proposal (the "Proposal") by the Registrar of the *Motor Vehicle Dealers Act* (the "Registrar") pursuant to Section 7 of the *Motor Vehicle Dealers Act* (the "Act"). The Proposal, dated February 1, 2001, seeks to revoke the registrations of 1280953 Ontario Limited o/a Morato Cars (the "Dealer") as a motor vehicle dealers and of Radomir Miljkovic ("Miljkovic") as a motor vehicle salesperson.

The Proposal sets out the Registrar's reasons for the Registrar seeking an order for the revocation of both the above registrations. The reasons are stated as follows:

The Intention and objective of the Act is to protect the public interest. The requirements of the Act include that Registrants be financially responsible in the conduct of business and that Registrants carry on business in accordance with the law and with integrity and honesty. The Registrants' conduct is inconsistent with the intention and objective of the Act, and therefore warrants disentitlement to registration under the Act.

(Exhibit 3, Tab 1)

The particulars upon which the Registrar relies are stated in the Proposal as follows:

- 1) Radomir Miljkovic (hereinafter referred to as "Miljkovic") was registered as a motor vehicle salesperson on or about August 08, 1998.
- 2) Morato Cars (hereinafter referred to as the "Dealer") is an Ontario Corporation, which was registered as a motor vehicle dealer on or about August 06, 1998. At all material times, Miljkovic was the sole director of the corporation.

- 3) On or about November 8, 1999, the Dealer purchased a 1973 Mercedes 450 SLC VIN 10702412001322. The odometer reading on the vehicle at the time of purchase was unknown. On or about February 20, 2000, the Dealer sold the vehicle to Marcellous Cooper with an odometer reading of 30,609 kilometres thereby misrepresenting to the purchaser the true distance travelled.
- 4) On or about February 15, 2000 the Dealer purchased a 1993 GMC Jimmy, VIN 1GKDT13W8P2501560. The vehicle was branded as salvage and the odometer reading at the time of purchase was unknown. On or about March 7, 2000 the Dealer sold the vehicle to Dragan Marinovic, with an odometer reading of 148,000 kilometres thereby misrepresenting to the purchaser the true odometer reading on the vehicle. The Dealer also failed to disclose on the bill of sale that the vehicle was branded as salvage.
- 5) On or about March 28, 2000, the Dealer purchased a 1991 Volkswagon Jetta VIN WVWPA01G6MW597679. The vehicle was branded as salvage and the odometer reading at the time of purchase was 173,985 kilometres. On or about April 7, 2000, the Dealer sold the vehicle to Veselin Tadic with an odometer reading of 124,170 kilometres thereby misrepresenting to the purchaser the true distance travelled.
- 6) On or about May 9, 2000, the Dealer purchased a 1992 Volkswagon Golf VIN 3VWFA01G4NM023205. The odometer reading on the vehicle at the time of purchase was 200,620 kilometres. On or about June 9, 2000 the Dealer sold the vehicle to Zoran Milosevic with an odometer reading of 165,250 kilometres thereby misrepresenting to the purchaser the true odometer reading on the vehicle. The Dealer also failed to disclose on the bill of sale that the vehicle was branded as salvage.
- 7) On or about June 6, 2000, the Dealer purchased a 1992 Plymouth Grand Voyager, VIN 1P4GH44R9NX211411. The odometer reading on the vehicle at the time of purchase was 180,036 kilometres. On or about July 17, 2000 the Dealer sold the vehicle to Francisc Tarkanyi with an odometer reading of 131,300 kilometres thereby misrepresenting to the purchaser the true distance travelled.
- 8) On or about September 11, 2000, a representative of the Registrar attended the dealer's registered premises, located at 623 Keele Street, Toronto, Ontario, M6N 3E5, for the purposes of conducting an inspection under the Act. During the course of the inspection the dealer provided documents to be inspected which had been altered. In particular:
 - (a) The Dealer provided an Impact Auto computer generated Bill of Sale dated April 25, 2000, for a 1996 Volkswagon Jetta VIN 3VWRJ01H4TM031274, with the original odometer reading of 300,000 kilometres replaced with a hand written odometer reading of 5,960 kilometre;
 - (b) The Dealer provided an Impact Auto computer generated Bill of sale dated February 15, 2000, for a 1991 Volkswagon Gulf VIN 3VWFA01GOMM021790, with a hand written odometer reading;
 - (c) The Dealer provided an Impact Auto computer generated Bill of Sale dated February 29, 2000, for a 1996 Volkswagon Jetta GLS VIN 3VWSL81HXTM113228, with a hand written odometer reading; and
 - (d) The Dealer provided an Impact Auto a computer generated Bill of Sale dated March 14, 2000, for a 1991 Volkswagon Cabriolet VIN VWWCR0153MK017502, with a hand written odometer reading.
- 9) The Dealer has failed to disclose on the Bill of Sale, material information as to the true condition regarding the salvage status of the following vehicles;
 - (a) A 1991 Volkswagon Golf VIN 3VWFA01G0MM021790 sold on or about March 25, 2000, to Maja Miljkovic;

- (b) A 1996 Volkswagon Jetta GLS VIN 3VWSL81HXTM113228 sold on or about June 22, 2000, to Antonita Dordevic; and
- (c) A 1991 Volkswagon Cabriolet VIN WVWCR0153MK017502 sold on or about July 4, 2000, to Dragan Marinovic.

(Exhibit 3, Tab 1)

Subsequent to the Proposal the Registrar filed two Notices of Further and Other Particulars (the "further particulars") dated February 6, 2001 and April 12, 2001. The further particulars respectively stated as follows:

1. The Dealer has not been operating from his registered premise.
(Exhibit 3, Tab 2)

and

1. On or about December 4, 2000, Radomir Miljkovic was convicted for Operating as an Unregistered Dealer.
2. Radomir Miljkovic and 1280953 Ontario Ltd. o/a Morato Cars, has not complied with the provisions of the Motor Vehicle Dealers Act.
(Exhibit 3, Tab 3)

By written Notice the Dealer and Miljkovic informed the Tribunal, in terms of Section 7(2) of the Act, that they require a hearing regarding their appeal appeals to the Registrar's Proposal.

THE EVIDENCE:

The evidence prescribed to the Tribunal by the Registrar consisted of documentary evidence as well as the evidence of Jennifer Andrew ("Andrew") and Amanda Leedempsey ("Leedempsey").

Andrew's testimony was as follows:

She is an inspector with Ontario Motor Vehicle Industry Council ("OMVIC") and has been with OMVIC in that capacity for one and a half years.

On September 11, 2000 she attended at the Dealers premises at 623 Keele Street, Toronto in order to conduct an inspection. She spoke with Miljkovic at the Dealer's premises and inspected its books and records. She made written notes of her findings on that day and also completed a written "Inspection Findings" report. A copy of her "Inspection Findings" were handed to Miljkovic on September 11, 2000 and were signed for by him after she reviewed the findings with him. (Exhibit 3, Tab 7) The "Inspection Findings" state as follows:

Every vehicle that you purchase that is "salvage, or insurance write off" you must disclose that in writing on the bill of sale, accident repair is not acceptable in this case.

Andrew obtained from Miljkovic certain of the Dealer's documents and removed them to OMVIC's office for the purpose of making copies.

1973 MERCEDES 450 SLC

One of such documents was a bill of sale dated November 8, 1999 on the letterhead of Manheim's Oshawa Dealers Exchange ("Manheim"), an auction house. The bill of sale reflected that the Dealer had purchased a 1973 Mercedes 450 SLC (the "Mercedes") with the following declarations on the face of that bill of sale:

"TRUE KILOMETERS UNKNOWN"

and

"ODOMETER DISCLOSURE 30,608 KMS"

(Exhibit 3, Tab 8)

A second document obtained by Andrew at the inspection was a copy of a bill of sale dated February 20, 2000 from the Dealer to one Mr. Cooper in respect of the Mercedes motor vehicle. The VIN number that appeared on the bill of sale between Manheim and the Dealer was the same VIN number that appeared on the bill of sale between the Dealer and Cooper. There was no information given on the latter bill of sale as to the vehicle other than that it was sold "as is". There was no disclosure on the bill of sale from the Dealer to Cooper that the true kilometers were unknown.

1993 GMC JIMMY

A further document obtained by Andrew from the dealer and removed by her to OMVIC's offices was a bill of sale dated February 15, 2000 reflecting the sale by Impact Auto Auction's to the Dealer of a 1993 GMC Jimmy with the notation upon that bill of sale as follows:

"ODOMETER: T.M.U."

The bill of sale also noted that the vehicle was "Salvage".

Also obtained by Andrew at the time of her inspection was a copy of a bill of sale of a 1993 GMC Jimmy to Dragan Marincovic. The seller of this vehicle in terms of the bill of sale was the Dealer and the vehicle's VIN number corresponded to the VIN number of the 1993 GMC Jimmy the Dealer had bought from Impact Auto Auctions on February 15, 2000.

The "distance travelled" by this GMC Jimmy motor vehicle according to the bill of sale when the Dealer sold it to Marincovic was "148,000 kms". There was no information given on the latter bill of sale as to its condition and the statement made on the bill of sale was "as is".

Andrew stated she spoke with Impact Auto Auctions regarding the sale of this vehicle by them to the Dealer and pursuant to this discussion OMVIC received from them a copy of the schematic drawing of the vehicle's visible damage which they made at the time of receiving the vehicle for auction. This drawing indicated damage to the vehicle's left hand side and rear and the notation that it was delivered by "flatbed" to Impact Auto Auctions from which she concluded the vehicle was not in driveable condition. (Exhibit 3, Tab 9)

1991 VOLKSWAGON CABRIOLET

Andrew also stated that she received further documents from the Dealer and these documents related to a 1991 Volkswagon Cabriolet which the Dealer purchased under bill of sale dated March 14, 2000 from Impact Auto Auctions. This bill of sale reflected that the vehicle was a "salvage" vehicle. Also removed from the dealership was a copy of the bill of sale dated July 4, 2000 of this 1991 Volkswagon Cabriolet to Dragan Marincovic. This latter bill of sale, according to Andrew had no information regarding the condition of the vehicle including that it was "salvage" other than the following:

"AS IS MISSING PARTS"
(Exhibit 3, Tab 16)

1991 VOLKSWAGON JETTA

Among the documents Andrew removed from the dealer was a copy of an Impact Auto Auctions' bill of sale dated March 28, 2000 of a 1991 Volkswagon Jetta. The purchaser of this vehicle was the Dealer. The copy of the bill of sale removed by Andrew appeared to have been altered in ink in that the odometer reading of the vehicle was written in ink as "123,985 kms".

Andrew contacted Impact Auto Auctions and received from them a copy of the bill of sale retained by them and signed by Miljkovic on behalf of the Dealer when purchasing the vehicle. On this, Impact Auto Auctions printed bill of sale the odometer reading on it was "173,985" kms. Also obtained by Andrew from Impact Auto Auctions was a copy of the document they completed when they received the vehicle for auction. Amongst the information noted on this document is the odometer reading of the vehicle and it is noted as "173,985" kms. (Exhibit 3, Tab 10, page 1, 2 and 3)

Also removed from the Dealer at the time of inspection by Andrew was the bill of sale dated April 7, 2000 of this 1991 Volkswagon Jetta from the Dealer to Veselin Tadic. On this bill of sale the vehicle's "distance travelled" was recorded as "124,170 kms".

1992 VOLKSWAGON GOLF

When Andrew inspected the records of the Dealer, she removed certain documents relating to this vehicle. Among the documents removed was a copy of a bill of sale between Impact Auto Auctions and the Dealer dated May 9, 2000 when the Dealer purchased a 1992 Volkswagon Golf vehicle at auction. The copy of the bill of sale reflects an alteration in ink to the odometer reading as "165,000" kms. The bill of sale also reflects the vehicle as a "salvage" vehicle. Andrew obtained from Impact Auto Auctions a photocopy of their bill of sale to the Dealer which showed no alterations at all and indicated the vehicle's odometer reading being 200,620 kms. Also obtained from Impact Auto Auctions was a copy of the condition report on this vehicle when it was received for auction, and this document reflects the odometer reading of the vehicle to be "200,620" kms.

Andrew had also received from the Dealer the copy of the bill of sale regarding this vehicle when it was sold by the Dealer to Zoran Milosevic. The "distance travelled" by the vehicle according to this bill of sale was "165,250 kms", and it contained no

information regarding the vehicle other than it being sold by the Dealer to Milosevic "as is". (Exhibit 3, Tab 11)

1992 PLYMOUTH GRAND VOYAGER

Andrew stated she received from the Dealer at the time of her inspection the Dealer's copy of the bill of sale from Impact Auto Auctions when the Dealer bought the vehicle on auction. The copy of the bill of sale dated June 6, 2000 indicated an apparent alteration in ink to the odometer reading of the vehicle at the time of auction. What had been written in ink on this document appeared to be 130,008 kms. Andrew obtained a copy from Impact Auto Auctions of this bill of sale and a copy of the vehicle's condition report completed by Impact Auto Auctions when they received the vehicle for auction.

The bill of sale received from Impact Auto Auctions revealed no alterations to it and also indicated that the vehicle's odometer reading was 180,000 kms. The condition report regarding the vehicle showed it had an odometer reading of 180,036 kms when received by Impact Auto Auctions for auction.

Andrew testified further that she had removed the Dealer's copy of the bill of sale dated July 17, 2000 when it sold this vehicle to Franciso Tarkanyi. On this bill of sale the "distance travelled" was given as "131,300 kms". The bill of sale has the statement on it that the vehicle was sold "as is" and that it had an "electric problem". (Exhibit 3, Tab 12)

1996 VOLKSWAGON JETTA

When inspecting the records of the Dealer on September 11, 2000, Andrew removed for inspection a copy of a bill of sale between Impact Auto Auctions on behalf of their client Wawanesa Mutual Insurance Company and the Dealer dated April 25, 2000 when the Dealer purchased on auction the 1996 Volkswagon Jetta.

The bill of sale appeared to have been altered in that there had been written in ink, after the word "odometer", the figure "5,960". Andrew obtained from Impact a photocopy of the bill of sale in their records as well as the condition report of the vehicle when received for auction. Impact Auto Auctions' copy of the bill of sale of the vehicle to the Dealer reflected the odometer reading as "300,000" kms while the condition report mentioned nothing under the vehicle's odometer reading.

Andrew referred to the Department of Transportation's print out in relation to the various ownership registrations relating to this vehicle and noted that registration of title to this vehicle passed from Wawanesa Mutual Insurance Company to the Dealer on May 1, 2000 and from the Dealer to Impact Auto Auctions on July 19, 2000. (Exhibit 3, Tab 13)

1991 VOLKSWAGON GOLF

Andrew confirmed having obtained from the Dealer a copy of the bill of sale of February 15, 2000 when the Dealer purchased a 1991 Volkswagon Golf motor vehicle from Impact Auto Auctions. A perusal by Andrew of this bill of sale indicated that the odometer reading on the bill of sale appeared to have been altered in ink and now read "162,953 kms".

Andrew obtained from Impact Auto Auctions a copy of the bill of sale according to their records and on receipt of this copy bill of sale noted that Impact Auto Auctions' copy read "162,953" kms.

Andrew also testified that she obtained from the Dealer a copy of the bill of sale dated March 25, 2000 when the Dealer sold the above vehicle to a member of the public. The "distance travelled" by the vehicle on this bill of sale was "163,000 kms", but no mention was made on the bill of sale that it was a salvage vehicle and that it was sold "as is". (Exhibit 3, Tab 14)

1996 VOLKSWAGON JETTA GLS

Andrew testified that a 1996 Volkswagen Jetta GLS had been sold through Impact Auto Auctions to the Dealer under a bill of sale dated February 29, 2000 and that the copy of the bill of sale obtained from the Dealer showed the odometer reading had been written in ink at "128,667" kms. When compared by her to a copy of the bill of sale obtained by OMVIC from Impact Auto Auctions, there was no alteration on the computer generated bill of sale obtained from Impact which did show the odometer reading as "128,667" kms. (Exhibit 3, Tab 15)

Andrew also stated that the bill of sale, from Impact Auto Auctions to the Dealer, stated that the vehicle was "salvage" while the bill of sale from the Dealer to a member of the public makes no reference to the vehicle being "salvage".

1991 VOLKSWAGON CABRIOLET

Andrew stated that a 1991 Volkswagen Cabriolet motor vehicle was sold through Impact Auto Auctions to the Dealer under a bill of sale dated March 14, 2000 and that the copy of that bill of sale obtained by OMVIC from the Dealer's records indicated what appeared to be an alteration in ink on the Dealer's copy respecting the vehicle's odometer reading. The ink alteration indicated the odometer reading as "102,507" kms.

When Impact Auto Auctions' copy of the bill of sale was received from them there was no alteration to Impacts computer generated copy which reflected the vehicle's odometer reading as "102,507" kms.

The bill of sale dated July 4, 2000, when this vehicle was sold to a member of the public by the Dealer, did not disclose that the vehicle was "salvage" whereas the vehicle was sold to the Dealer by Impact Auto Auctions as "salvage" according to that bill of sale. (Exhibit 3, Tab 16)

Upon the completion of Andrew's testimony, Amanda Leedempsey testified for the Registrar and stated that she has been employed by OMVIC since 1997 and has held the position of Manager of Inspections since 1999.

She explained that OMVIC has, since January 1997, delegated authority and responsibility to administer the Act and its Regulations. She stated that she was familiar with the file pertaining to the Dealer and Miljkovic and the reasons for the Notice of Proposal to revoke their registrations. According to the computerized information obtained from the Companies Branch, the business name under which the Dealer operates is "Morato Cars" and that the Dealer is a Corporation with Miljkovic as its sole director. (Exhibit 3, Tab 5)

Leedempsey referred to four charges brought against Miljkovic under the Act, and particularly to two of such charges that related to Miljkovic carrying on business as a motor vehicle dealer and buying and selling motor vehicles when he was not registered to do so as required by Section 3(1)(a) of the *Motor Vehicle Dealer Act*. On December 1, 2000, Miljkovic plead guilty to the two counts of carrying on business as a motor vehicle dealer when he was not registered to do so. He was found guilty on the charges and fined \$250.00 on each charge.

Leedempsey testified of her concerns where a dealer does not disclose the true mileage of a motor vehicle that he sells. This is a material disclosure that should be made in all instances which affects the ability of a purchaser to make an informed decision as to what he considers is the vehicle's true worth. Furthermore, all purchasers are entitled to be informed when purchasing a motor vehicle as to its condition and whether it is a salvage vehicle, which can influence a purchaser in deciding whether or not to purchase the vehicle and what to pay.

At the conclusion of evidence for the Registrar, Miljkovic took the stand and testified.

As to the criminal conviction, Miljkovic stated that he made a mistake in pleading guilty to the two charges and did so on advice he should not have heeded.

Miljkovic also stated that in many cases when he purchased vehicles at auctions the vehicles had no batteries that were operational and hence the digital odometer did not give a reading when the vehicle was inspected prior to bidding on the vehicle. While the bill of sale could be inspected as to conditions relating to the state of the vehicle, this was not always possible as the auctions were rushed affairs with little or no time to adequately view the bill of sale.

Miljkovic testified that the Dealer purchased, the 1996 Volkswagon Jetta, through Impact Auto Auctions under bill of sale dated April 25, 2000 (Exhibit 3, Tab 13). After the vehicle was sold at the auction, Miljkovic started the vehicle and noticed the odometer reading was 5,960 kms. Immediately he went to speak with the owner of Impact Auto Auctions in view of the disclosure on the bill of sale that the vehicle had an odometer reading of 300,000 kms whereas the odometer read 5,960 kms. When the owner of Impact refused to return the purchase price paid by the Dealer, Miljkovic left the vehicle with Impact Auto Auctions with instructions for them to resell it. This they did, and the vehicle was not offered by the Dealer to the public.

FACTS FOUND PROVEN:

On the documentary and oral evidence, the following facts are found to have been proven.

1. Miljkovic is presently registered as a motor vehicle salesperson under the Act.
2. 1280953 Ontario Limited, operates as Morato Cars, and is presently registered as a motor vehicle dealer under the Act.
3. Miljkovic was at all relevant times the sole Director of the Dealer and represented the Dealer in all its purchases and sales transactions.

4. On September 11, 2000, OMVIC investigator handed Miljkovic a written copy of her inspection findings and explained OMVIC's requirements of the Dealer relative to the sale by it of all motor vehicles.
5. On November 8, 1999, the Dealer purchased a 1973 Mercedes 450 SLC motor vehicle through Mannheim Oshawa Dealers Exchange and Miljkovic represented the Dealer in concluding the sale. The bill of sale stated on its face that the Mercedes motor vehicle's true kilometers were unknown while the vehicle's odometer reading disclosed a figure of 30,608 kms. On February 20, 2000, the Dealer entered into a bill of sale in respect of the Mercedes motor vehicle with one M. Cooper, and represented on that bill of sale that the distance then travelled by the vehicle was 30,609 kms.
6. On February 15, 2000, the Dealer purchased a 1993 GMC Jimmy motor vehicle through Impact Auto Auctions, and Miljkovic represented the dealer in concluding that sale. The bill of sale stated on its face that the GMC Jimmy vehicle's true mileage was unknown and that the vehicle was branded as salvage. The Dealer subsequently sold the GMC Jimmy motor vehicle to one, Dragan Marinovic under a bill of sale which disclosed that the vehicle had travelled a distance of 148,000 kms at the date of the sale to Marinovic, and the bill of sale did not disclose that the vehicle was branded as salvage.
7. On March 28, 2000, the Dealer purchased a 1991 Volkswagon Jetta through Impact Auto Auctions, and Miljkovic represented the Dealer in concluding that sale. The bill of sale stated on its face that the 1991 Volkswagon Jetta was branded salvage, and its odometer registered 173,985 kms. On April 7, 2000, the Dealer entered into a bill of sale in respect of the above 1991 Volkswagon Jetta with one Veslin Tadic and represented on that bill of sale that the vehicle had travelled a distance of 124,170 kms.
8. On May 9, 2000, the Dealer purchased a 1992 Volkswagon Golf motor vehicle through Impact Auto Auctions, and Miljkovic represented the Dealer in concluding that sale. The bill of sale stated on its face that the vehicle 1992 Volkswagon Golf motor vehicle was branded salvage and its odometer registered 200,620 kms. Subsequently the Dealer entered into a bill of sale with Zoran Milosevic whereby it sold the vehicle to Milosevic. In the bill of sale to Milosevic, the dealer represented that the vehicle had travelled a distance of 165,250 kms and did not disclose that the vehicle was branded salvage.
9. On June 6, 2000 the Dealer purchased a 1992 Plymouth Grand Voyager through Impact Auto Auctions, and Miljkovic represented the Dealer in concluding that sale. The bill of sale stated on its face that the 1992 Plymouth Grand Voyager had at the time of the sale to the Dealer an odometer reading of 180,000 kms. On July 17, 2000, the Dealer entered into a bill of sale with Franciso Tarkanji in terms of which the Dealer sold the 1992 Plymouth Grand Voyager to Tarkanji. In that bill of sale the Dealer represented that the vehicle had travelled a distance of 131,300 kms.
10. On April 25, 2000, the Dealer purchased a 1996 Volkswagon Jetta through Impact Auto Auctions, and Miljkovic represented the Dealer in concluding that sale. The bill of sale stated on its face that the 1996 Volkswagon Golf had at the

time of its sale to the Dealer an odometer reading of 300,000 kms and was branded salvage. Immediately after completion of the bill of sale, the Dealer left the motor vehicle with Impact Auto Auctions and arranged for it to be resold by the latter for and on behalf of the Dealer. The vehicle was subsequently sold through Impact Auto Auctions for and on behalf of the Dealer.

11. On February 15, 2000, the Dealer purchased 1991 Volkswagon Golf through Impact Auto Auctions, and Miljkovic represented the Dealer in concluding that sale. The bill of sale stated on its face that the 1991 Volkswagon Golf had at the time of its sale to the Dealer an odometer reading of 162,953 kms and was branded as salvage. On March 25, 2000, the Dealer entered into a bill of sale in respect of the vehicle with a member of the public as purchaser. In that bill of sale the Dealer represented that the distance travelled by the vehicle was 163,000 kms but did not state that the vehicle was branded salvage.
12. On February 29, 2000, the Dealer purchased a 1996 Volkswagon Jetta GLS through Impact Auto Auctions, and Miljkovic represented the Dealer in concluding that sale. The bill of sale stated on its face that the vehicle had an odometer reading of 128,667 kms and was branded salvage. On June 22, 2000, the Dealer entered into a bill of sale in respect of the 1996 Volkswagon Jetta GLS with one Antonita Dordevic as purchaser. In the bill of sale, the Dealer represented that the motor vehicle referred to had travelled a distance of 128,705 kms and that "Left Bumper repaired".
13. On March 14, 2000, the Dealer purchased a 1991 Volkswagon Cabriolet through Impact Auto Auctions, and Miljkovic represented the Dealer in concluding that sale. The bill of sale stated on its face that the 1991 Volkswagon Cabriolet had at the time of its sale to the Dealer an odometer reading of 102,507 kms and was branded salvage. On July 4, 2000, the Dealer entered into a bill of sale in respect of the vehicle with one Dragan Marinovic as purchaser. In that bill of sale, the Dealer reflected that the distance travelled by the vehicle was 102,895 kms but did not disclose the vehicle was branded salvage.
14. On December 1, 2000 Miljkovic plead guilty to two counts contravening Section 3(1)(a) of the Act in carrying on business as a motor vehicle dealer when he was not registered to do so. Miljkovic was found guilty of those two counts and fined the sum of \$250.00 on each count.

THE LAW:

Section 3.(1)(a) of the *Motor Vehicle Dealers Act* states:

3.(1) No person shall,

- (a) carry on business as a motor vehicle dealer unless
the person is registered under this Act; or

.....

Section 5.(1)(b) of the *Motor Vehicle Dealers Act* states:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

- (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

Section 6.(2) of the Act states:

.....

(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 5 if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.

.....

Section 16.(2)(o) of Regulation 801 as amended states:

(2) Where a used motor vehicle is sold, the sales or purchase order shall show,

.....

- (o) the distance travelled by the vehicle at the time of sale; and

.....

Section 13.(4)(a) of Regulation 801 as amended states:

(4) It is a condition of registration as a motor vehicle dealer that the motor vehicle dealer,

- (a) operates from premises located in Ontario that are approved by the Registrar;

.....

APPLICATION OF LAW TO FACTS:

In these proceedings the Registrar proposes to revoke the registrations of the Dealer and Miljkovic on the basis of Section 5.(1)(b) and Section 6.(2) of the Act.

There are five issues for consideration by the Tribunal, namely

1. Did the Dealer misrepresent the odometer readings on various motor vehicles it sold to the public?
2. Did the Dealer fail to disclose material facts to various purchasers of motor vehicles at or prior to those purchasers purchasing the vehicles?

3. Did the Dealer, during the course of the Registrar's investigation into and inspection of the Dealer's books and records, alter the numbers in the books and records with the intention of misleading or obstructing the Registrar?
4. Did the Dealer operate the business of a motor vehicle dealer other than from its registered premises?
5. Has Miljkovic been convicted of contravening Section 3.(1)(a) of the Act in that he carried on the business of a motor vehicle dealer when not registered under the Act?

It is necessary to note that it is the Registrar's belief that is at issue in these proceedings, not that of the Tribunal. In the Commercial Registration Appeal Tribunal's decision, released on February 21, 2000, in the matter of *The Registrar of Motor Vehicle Dealers Act* and James Stone, the Tribunal repeated the Court's requirements respecting a proposal:

"The effect of Sec. 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself"

The proper function of the Tribunal is therefore to review the Registrar's decision in order to determine whether or not he was in error in coming to his decision to revoke both registrations. This, therefore, is a review of the Registrar's decision on the five issues pertinent to this matter.

ISSUE 1 - ODOMETER READINGS

When the Dealer, represented by Miljkovic, purchased the 1973 Mercedes 450 SLC motor vehicle at the Maniheim Oshawa Dealers Exchange, he received a bill of sale which clearly states that the true kilometers travelled by the vehicle were unknown. Despite this disclosure, as well as the written warning given by the inspector to Miljkovic when she visited the Dealer on September 11, 2000 and left her written inspection findings with the Dealer, the bill of sale when the Dealer sold the vehicle to Cooper did not mention that the "true kilometers were not known".

Each one of the motor vehicles that was the subject matter of this hearing had been purchased by the Dealer, represented by Miljkovic, at an auction. In each instance, Miljkovic received from the auctioneer at the time of purchase a bill of sale that stated

what the vehicles odometer reading was, or if not known to the auctioneer, that the true mileage was unknown.

When the Dealer, represented by Miljkovic, subsequently sold the vehicles noted below to members of the public, the Dealer did not disclose either the vehicles' true odometer readings or failed to disclose that the vehicles' true odometer readings were unknown.

- (a) With the 1973 Mercedes 450 SLC, despite Miljkovic knowing that the vehicle's true mileage was unknown, he chose not to disclose this fact to the purchaser of the vehicle.
- (b) With the 1993 GMC Jimmy, despite Miljkovic knowing that the vehicle's true mileage was unknown, he failed to disclose this fact on the Dealer's bill of sale when selling the vehicle to a member of the public and falsely stated that the vehicle had travelled a distance of 148,000 kms.
- (c) With the 1991 Volkswagon Jetta, despite Miljkovic knowing that the motor vehicle's odometer registered 173,985 kms, he falsely stated in the bill of sale, when the vehicle was sold by the Dealer to a member of the public, that it had travelled 124,170 kms.
- (d) With the 1992 Volkswagon Golf, despite Miljkovic knowing that the motor vehicle's odometer registered 299,620 kms, he falsely stated in the bill of sale when the vehicle was sold by the Dealer to a member of the public that it had travelled 165,250 kms.
- (e) With the 1992 Plymouth Grand Voyager, despite Miljkovic knowing that the motor vehicle's odometer registered 180,000 kms, he falsely stated in the bill of sale when the vehicle was sold by the Dealer to a member of the public, that it had travelled 131,300 kms.

The Tribunal finds that in the five instances above Miljkovic did not carry on business with integrity and honesty. There can be no doubt that when a member of the public purchases a second hand motor vehicle he wishes to make an informed decision before committing himself to a purchase. It is clearly material to any purchaser of a second hand motor vehicle that the vendor has disclosed to him all relevant and material information concerning the vehicle. It is both relevant and material to the contract that the purchaser knows the true mileage the vehicle has travelled which will help indicate if the price asked is fair and reasonable. The disclosures regarding odometer readings or distances travelled by the five vehicles enumerated above, were not only flagrantly false but flew in the face of the written warning given by investigator Andrew in her written notice to Miljkovic of September 11, 2000 which she handed to Miljkovic and explained to him.

The conduct of Miljkovic affords the Registrar reasonable grounds for belief that neither Miljkovic or the Dealer will carry on business in accordance with law and with integrity and honesty.

ISSUE 2 - NON DISCLOSURE OF MATERIAL FACTS TO PURCHASERS BY MILJKOVIC

In the following instances the Dealer, represented by Miljkovic, failed to disclose to purchasers of motor vehicles that such vehicles were branded salvage despite Miljkovic knowing that the vehicles, when purchased by the Dealer, had been branded salvage.

- (a) the 1993 GMC Jimmy motor vehicle.
- (b) the 1992 Volkswagon Golf motor vehicle.
- (c) the 1991 Volkswagon Golf motor vehicle.
- (d) the 1996 Volkswagon Jetta GLS motor vehicle.
- (e) the 1991 Volkswagon Cabriolet motor vehicle.

The branding of a motor vehicle as salvage indicates serious damage has occurred to the motor vehicle. When such a motor vehicle has, as is the case of each of the five above motor vehicles, been auctioned on behalf of an insurance company it indicates that the insurance company had decided that the vehicle had been damaged beyond economical repair and was being sold as salvage.

Motor vehicle dealers are well aware that at auctions, such as those conducted by Impact Auto Auctions, Dealers will likely buy salvage vehicles, and this fact is clearly stated on the auctioneer's bill of sale.

The Dealer having bought a motor vehicle branded salvage and then selling that vehicle to a member of the public without disclosing that the vehicle is salvage is unethical and clearly contrary to the explicit written instructions given to Miljkovic by Andrew on September 11, 2000 when she was at the Dealer's premises.

The failure of Miljkovic to disclose the fact that the motor vehicle's were branded salvage gives the Registrar further reasonable grounds for belief that neither Miljkovic or the Dealer will carry on business in accordance with law and with integrity and honesty.

ISSUE 3 - ALTERATION OF CERTAIN RECORDS BY THE DEALER

The Registrar contends that the Dealer not only altered its records but also did so with the intention of misleading the Registrar.

The Registrar identified the following bills of sale having been altered by Miljkovic after the Dealer was given the bill of sale by Impact Auto Auctions.

- (a) Impact Auto Auctions bill of sale respecting the letters "TMU" in regard to the 1993 GMC Jimmy.
- (b) Impact Auto Auctions bill of sale respecting the alteration of the odometer reading of the 1991 Volkswagon Jetta from 173,985 kms to 123,985 kms.

- (c) Impact Auto Auctions bill of sale respecting the alteration of the odometer reading of the 1992 Volkswagon Golf from 200,620 kms to 165,000 kms.
- (d) Impact Auto Auctions bill of sale respecting the alteration of the odometer reading of the 1996 Volkswagon Jetta from 300,000 kms to 5,960 kms.

As to the 1993 GMC Jimmy bill of sale referred to in (a) above, the Tribunal finds no alteration was made to the letters "TMU" on the copy of the computer generated bill of sale given to Miljkovic by Impact Auto Auctions. The inked in letters "TMU" are the same letters as appear in the computer generated copy given to Miljkovic. For the Registrar to infer this is an "alteration" is unreasonable and unfair to Miljkovic. The Tribunal finds that there was no change made to the computer generated bill of sale and there was no proof Miljkovic intended to mislead the Registrar by inking over what was already in the computer generated version of the bill of sale.

As to the 1991 Volkswagon Jetta bill of sale dealt with in (b) above, the Tribunal finds that this was an intentional alteration by Miljkovic with the intention to mislead the Registrar and to support the false "distance travelled" recorded by Miljkovic in the Dealers subsequent bill of sale with the purchase of the vehicle.

Similarly, as to the 1992 Volkswagon Golf bill of sale dealt with in (c) above, the Tribunal finds that this was an intentional alteration by Miljkovic with the intention to mislead the Registrar and to support the false "distance travelled" recorded by Miljkovic in the Dealers subsequent bill of sale with the purchaser of that vehicle.

Other "alterations" have not been shown by the Registrar to be other than what in fact appeared in the computer generated copy of the other bills of sale. The fact that Miljkovic wrote in ink in his handwriting on his copy what already appeared on Impact Auto Auctions bill of sale does not support the Registrar's allegation that the "alteration" was made with the intention of misleading or obstructing the Registrar in his investigations.

One bill of sale in respect of the 1996 Volkswagon Jetta requires comment by the Tribunal. The evidence of Miljkovic - undisputed by the Registrar - is that, immediately after the Dealer's purchase of the vehicle at the Impact Auto Auctions auction sale, Miljkovic complained about the digital odometer reading of the vehicle being completely at odds with the 300,000 kms recorded on the bill of sale. That vehicle was never sold to the public by the Dealer. It was left with the auctioneer to resell on behalf of the Dealer, which was done, and there is no allegation that this resale through Impact Auto Auctions disclosed an odometer reading other than 300,000 kms.

In regard to the 1991 Volkswagon Jetta and the 1992 Volkswagon Golf dealt with at (b) and (c) above, the conduct of Miljkovic in falsifying the odometer readings affords the Registrar with reasonable grounds for his belief that Miljkovic will not carry on business in accordance with law and with integrity and honesty.

ISSUE 4 - REGISTERED PREMISES

The Tribunal finds no evidence to support the Registrar's allegation that the Dealer failed to operate from its registered premises.

ISSUE 5 - CRIMINAL CONVICTION

Miljkovic plead guilty to two industry related charges of carrying on business as a motor vehicle dealer when not registered in contravention of Section 3.(1)(a) of the Act. Miljkovic was found guilty as charged and his statement in testimony that he was somehow coerced to plead guilty is not accepted by this Tribunal.

These convictions are recent in time and industry related. The convictions and the course of conduct displayed by Miljkovic in the other matters enumerated above leads the Tribunal to believe that he is an unsuitable person to be registered as a motor vehicle salesperson or to be the Director and controlling mind of a motor vehicle dealer. The Tribunal agrees with the Registrar that the registrations of Miljkovic as a motor vehicle salesperson and the Dealer as a motor vehicle dealer be revoked.

DECISION:

Accordingly, pursuant to the authority vested in it by Section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his Proposal dated February 1, 2001, to revoke the registration of Radomir Miljkovic as a motor vehicle salesperson under the Act and 1280953 Ontario Limited o/a Morato Cars as a motor vehicle dealer under the Act.

REASONS FOR RULING

BACKGROUND:

This is a motion brought by the Applicant for the determination of two preliminary issues:

- 1) Should the Registrar be prohibited from proceeding with the allegations set out in ground #2 of the Notice of Proposal to revoke the registration of the Applicant?
- 2) Has the Registrar provided for full disclosure pursuant to Rules 6.1, 6.2, 6.3 and 6.6 of the Rules of Practice of the Licence Appeal Tribunal?

The parties have agreed, on consent, to adjourn the hearing of this appeal to Friday, September 21, 2001.

FACTS:

The Applicant has been registered as a motor vehicle dealer since November 24, 1989. On July 23, 1993 the Applicant was convicted of aiding and abetting under the Immigration Act. On April 27, 1995 the Applicant was convicted on two counts of assault pursuant to the Criminal Code. According to the materials filed on the motion, the Applicant received a sentence of 30 days, probation for three years and prohibition from possessing firearms, ammunition or explosive substances for ten years. The Applicant did not disclose information about the Immigration Act conviction on his applications for registration under the *Motor Vehicle Dealers Act* (the "Act"). The Applicant did disclose information about the assault convictions on his application for renewal dated August 21, 1996.

By letter dated October 30, 2000 the Registrar received information from the Ontario Provincial Police regarding the following charges against the Applicant: assault with a weapon, use of a firearm to commit, possession of a firearm with altered serial number, possession of a firearm while prohibited, possession of a restricted firearm with ammunition and careless storage of a firearm. On the basis of this information, inter alia, the Registrar issued a Notice of Proposal to Revoke Registration dated December 28, 2000. On January 15, 2001 the Applicant filed a Notice of Appeal.

APPLICANT'S POSITION:

(i) pending charges

The Applicant advances three arguments in support of his motion to prohibit the pending criminal charges as a ground for revocation in the Notice of Proposal. First, counsel for the Applicant states that 'pending charges' are not evidence of past conduct as required under section 5(1)(b) of the Act. Section 5(1)(b) states:

An applicant is entitled to registration or renewal of registration by the Registrar except where,

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty:

The Applicant argues that it would be unfair to allow the Registrar to proceed on the basis of unproven criminal charges. It is his contention that the Registrar is limited to relying on actual convictions as a basis for past conduct.

Second, the Applicant states that it would be highly prejudicial to permit the evidence of the investigating police officers because they were not witnesses to the alleged offences. Counsel states that these charges were made by the Applicant's ex spouse. She reported her complaints to the police officers whom the Registrar intends to call as witnesses. Counsel contends that most, if not all, of the evidence to be given by the two police officers will be hearsay. He submits that the complainant's allegation that she was threatened with a gun is denied by the Applicant. According to the Applicant, it is not disputed that the police found a gun. It is disputed that the Applicant used a gun to threaten the complainant.

Third, the Applicant argues that the "pending charges" and the circumstances relating thereto are irrelevant unless the charges relate to an industry specific offence such as odometer tampering or possession of stolen vehicles. The Applicant's position is that there is no link between the pending charges of assault and possession of a firearm and the Applicant's ability to carry on business with honesty and integrity as a motor vehicle salesperson and/or dealer.

(ii) disclosure

The Applicant seeks disclosure in the form of "will say" statements from the two police officers and the Registrar, Ms. South, pursuant to Rule 6 of the Licence Appeal Tribunal Rules of Practice. The Applicant also requests production of copies of all OPP checks to determine if the Applicant's conviction pursuant to the Immigration Act was considered by the OPP to be a criminal matter. The Applicant asserts that he did not

disclose this matter to the Registrar on his application forms because he did not think that an Immigration Act conviction formed part of a criminal record. It is argued that production of the OPP checks may support the Applicant's honest and mistaken belief. According to Exhibit 'A' to the affidavit of Yovanka McBean, sworn May 29, 2001, the Registrar does not have possession of copies of OPP checks which may have been done on previous applications.

REGISTRAR'S POSITION:

(i) pending charges

The Registrar agrees that the "pending charges" per se are not relevant to past conduct; however, the Registrar contends that the facts and circumstances underlying some of the charges are relevant. Specifically, statements made by the Applicant and the complainant to the investigating police officers subsequent to the commission of the alleged offences may provide reasonable grounds for belief with respect to the Applicant's past conduct. Further, the Registrar points out that hearsay evidence is admissible pursuant to the Statutory Powers Procedures Act. The investigating police officers will testify that they not only obtained evidence from the complainant and the Applicant but were directly involved in the recovery of the gun.

The Registrar cited several authorities for the proposition that it is not industry specific offences alone which may form the basis for a refusal to grant or renew registration under section 5 of the Act. In *Roadsport Automotive Inc.* (1998) O.C.R.A.T.D. No. 138, the Tribunal upheld the Registrar's decision to revoke registration because of the Applicant's history of cocaine trafficking and other drug related convictions. The Tribunal held at paragraph 12:

"There is no evidence before the Tribunal to facilitate a conclusion that questionable personal ethics, that reflect on one's integrity, honesty and propensity to obey the law, can be compartmentalized into either of one's personal or business domains, and not the other."

There is also authority for the proposition that the Tribunal is entitled to consider the facts underlying the pending charges as evidence of past conduct, see *Jacobs Sales & Service Inc.* (Re) (1998) O.C.R.A.T.D. No. 198, *Biunio* (June 27, 2000) David J. Hunt presiding and *Wiebe* (October 2, 1998) Dennis Shrewchuk presiding.

In reply, the Applicant argued that the foregoing cases are distinguishable from the case at hand because the facts underlying the pending charges related to industry specific offences. In *Jacobs*, allegations of odometer tampering formed part of the pending charges and also part of the documented misrepresentations investigated by OMVIC. In *Buinnio*, the police officer who was part of a surveillance team investigating the applicant was permitted to give evidence relating to past conduct. In *Wiebe*, the Tribunal allowed the testimony of the police officer who was involved in the investigation of the Applicant's role in an auto theft ring. The Applicant argues that in these cases, the police officer/witnesses who testified had direct knowledge of the illegal activities. In this case, the police officers will be giving hearsay evidence of what was reported to them by the complainant on matters unrelated to the Applicant's business.

(ii) disclosure

The Tribunal agrees with the Registrar's position that she is under no requirement to provide disclosure or will say statements. It is the Tribunal's view that the Registrar has complied fully with her obligations under Rule 6.

With respect to the request that the Registrar produce copies of the OPP checks for previous applications, the Tribunal is not convinced that these documents are relevant. Even if relevant to the issues in this appeal, the Tribunal accepts the affidavit evidence filed at the motion that the Registrar does not have copies of these documents in her possession.

ANALYSIS:

Section 5(1)(b) of the Act requires the Registrar to examine all past conduct that is relevant to whether the Applicant will carry on business in accordance with the law and with integrity and honesty. Further, the Registrar must look at the totality of that past conduct, considered in light of more current circumstances, *Faccenda* (1994) O.J. No. 954, Div. Ct.

The Tribunal is concerned that evidence of circumstances underlying pending charges may be highly prejudicial to an applicant if a) there are serious issues of credibility, and b) the evidence is introduced by way of hearsay only. In this case, it is undisputed that a gun was recovered by the investigating police officers. It is also undisputed that the Applicant was the subject of a firearm prohibition order at the time that the pending charges were laid. The Tribunal finds that direct evidence from the police officers on this issue is relevant to the issue of the Applicant's past conduct and the test to be met under section 5(1)(b).

ORDER:

For all of the above reasons, the Tribunal dismisses the motion brought by the Applicant for further disclosure. The Tribunal orders that the Registrar may proceed with the allegations set out in #2 of the particulars of the Notice of Proposal to Revoke the Registration of the Applicant insofar as those allegations relate to the use and possession of a firearm while prohibited.

AND TO: Licence Appeal Tribunal
One St. Clair Avenue West, 12th Floor
Toronto, ON M4V 1K6

FROM: Bernard Scott Mercier
275 Farah Ave., Box 30
New Liskeard, On P0J 1P0

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Bernard Scott Mercier (hereinafter referred to as "the Applicant") and the Registrar, Motor Vehicle Dealers Act, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Powers Procedure Act, do hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant acknowledges that the Registrar is relying upon the accuracy of the disclosure provided by the Applicant in entering into these terms and conditions.
2. The Applicant agrees that his explanation of the circumstances surrounding the sale of a 1996 GMC Sierra to Michael Gibson, are substantially as set out in the disclosure provided to the Registrar.
3. The Applicant confirms that he has not in the past and will not in the future, forge a client's signature on any contract, financial agreement or other document. The Applicant further acknowledges that he will not sign as a witness to any contract, financial agreement or other document unless he has witnessed the client's signature on said document
4. The Applicant agrees not to be the final signatory on any sales contracts on behalf of the dealer.
5. The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
6. The Applicant will comply with the Ontario Motor Vehicle Industry Council's Code of Ethics and Standards of Business Practice.
7. The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that he will pass the certification course within 60 days of having his registration reinstated pursuant to this Order.
8. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
9. The Applicant shall not be an officer, director, owner or partner in a dealership.
10. The Applicant agrees to honour any outstanding judgements against the Applicant.

- Signed in the City of _____ this _____ day of March 2001.

EVANIUK, OLEKSANDR o/a ALEX EVANIUK

OLEKSANDR EVANIUK o/a ALEX EVANIUK

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *REAL ESTATE AND BUSINESS BROKERS
ACT*

TO REFUSE TO GRANT REGISTRATION

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

OLEKSANDR EVANIUK, Applicant
TIM SNELL, Counsel, representing the Registrar,
Real Estate and Business Brokers Act

DATE OF
HEARING: April 24 and 25, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

The Registrar, *Real Estate and Business Brokers Act*, by his Proposal dated November 6, 2000, refused to grant the application of Oleksandr Evaniuk, operating as Alex Evaniuk (the "Applicant"), to be registered as a salesperson under the *Real Estate and Business Brokers Act* (the "Act"). The Registrar based his refusal on two grounds under section 6 of the Act:

1. Having regard to the Applicant's financial position, the Applicant cannot reasonably be expected to be financially responsible in the conduct of business; and
2. The past conduct of the Applicant affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

The Applicant by his Notice of Appeal and attachments dated December 1, 2000 contested the Proposal of the Registrar and requested a hearing before the Tribunal. The Registrar had not objected to the late filing of the appeal by the Applicant.

A prehearing conference was held on March 9, 2001. In attendance at that time were Mr. Gary Wise, Counsel for the Applicant and Mr. Tim Snell, Counsel for the Registrar. There were no resolution of any of the issues. The date of the hearing was confirmed as April 24, 2001 and if necessary on April 25, 2001.

Previously the hearing had been scheduled for April 17 and 18, 2001. By consent of the parties and at the request of Counsel for the Registrar, there was an order dated

January 29, 2001 adjourning the hearing to April 24 and 25, 2001 peremptory as against the Respondent.

On April 24, 2001 the Applicant was not present at 9:30 a.m. The hearing was adjourned as is the practice of the Tribunal for thirty minutes to see if the Applicant would appear. The hearing commenced. The Applicant appeared shortly after the commencement.

PRELIMINARY MOTION:

When the Applicant appeared before the Tribunal, the Applicant made a preliminary motion to have the hearing adjourned as he was without Counsel. The Applicant stated that he had no longer retained counsel, Mr. Wise, as his counsel. There was a fax dated April 16, 2001 and received April 17, 2001 at the Tribunal from Mr. Wise stating that he was no longer retained. The Applicant wished an adjournment to retain counsel. Counsel for the Registrar objected to the adjournment.

Argument by Applicant: The Applicant stated that the breakdown of retainer was due to his inability to pay his Counsel. His Counsel had told him over a month ago about the money that would be required to have Counsel attend at the hearing. Mr. Evaniuk did not have the money at that time. He asked for assistance from his relatives but none was forthcoming. Then two days prior to the hearing date, a cousin of Mr. Evaniuk stated that he would give him the money to hire counsel. They met with another counsel the day prior to the hearing but no retainer had been signed pending the adjournment of the hearing.

Argument by Respondent: Counsel stated that the previous counsel, Mr. Wise, had prepared the Notice of Appeal and had appeared at the prehearing date of March 9, 2001. Indeed there had been consent of the Applicant to adjourn the matter from April 17 and 18 to April 24 and 25. The Registrar had also received a fax from Mr. Wise dated April 16 and received on April 17 saying he was not retained for the hearing. On April 23 Counsel for the Registrar received a telephone call from another lawyer saying he had been consulted by the Applicant that day, the appointment having been made on the Friday, but was not on the record for this matter. This lawyer asked what was the position of the Registrar to an adjournment of the hearing so the lawyer could review the file. Counsel stated that he told this lawyer that at this stage in the proceedings the lawyer would have to make that request to the Tribunal as the hearing was to commence the next day. Counsel stated that it was speculative that this lawyer would even be retained by the Applicant.

Decision: The Tribunal denied the request by the Applicant for an adjournment of the hearing. The Tribunal must consider all parties when deciding on such a request. The Tribunal must consider the public interest and whether or not it would be affected by an adjournment. The Tribunal must act with fairness and in granting or refusal the request of the adjournment, it must consider the prejudice to the parties. The Tribunal must take into account the Rules of Practice of the Tribunal, which had been distributed to all parties to this action.

The Tribunal takes seriously the wishes of the Applicant to be represented by counsel. In this case the Applicant had a lawyer up to April 16, 2001, one week before the hearing. The issue, as stated by the Applicant, was one of payment of the lawyer. Yet this matter had been discussed by the Applicant with his lawyer at least one month prior

to the hearing, and the Applicant knew that finances were an issue. The Applicant stated that just prior to the hearing, his cousin stated he would lend him the money to hire a lawyer. Counsel for the Registrar had stated that the Applicant made an appointment with another lawyer the Friday prior to the hearing and met with that lawyer the day before the hearing, yet that lawyer stated that he was not retained on this matter but wanted the adjournment so he could review the file. The Tribunal queried why the Applicant, if now he had the funds, would not have retained Mr. Wise, the lawyer who had acted for him up to and including the prehearing and who presumably had kept the dates free for attendance at the hearing until at least the date of his fax of April 16, 2001. Mr. Wise knew the issues and presumably would have been ready to proceed with the hearing. The Applicant gave no response to this inquiry by the Tribunal.

The Applicant knows the issues and has been in receipt of the documents of the Registrar for some time. On many occasions Applicants represent themselves before the Tribunal in these registration matters. The Tribunal is accommodating to such litigants and is tolerant of any lapses in procedure. The Tribunal did not find that the Applicant in these circumstances would be prejudiced by proceeding without a lawyer at the hearing. The Tribunal gave a short adjournment to see if the Applicant wished to consult with his cousin and/or Mr. Wise. The hearing would proceed at 11:15 a.m. Counsel for the Registrar provided the Applicant with an extra copy of the Registrar's documents which had been made exhibits in this hearing.

ISSUES:

Does the Registrar, *Real Estate and Business Brokers Act*, have reasonable grounds under section 6 of the Act to refuse the application of the Applicant for registration as a salesperson?

TESTIMONY:

Opening Statement of Counsel for the Registrar:

Counsel stated that the refusal of the Registrar to grant registration of the Applicant as a salesperson was based on the past conduct of the Applicant. It was submitted that the Registrar's decision is reasonable, based on:

1. the registration history of the Applicant, who had previously been registered as a salesperson under the Act from August, 1997 to August, 1999;
2. the civil judgments against the Applicant, including their background and circumstances by which they arose;
3. non disclosure on the Applicant's application form dated November 1, 1999;
4. the Applicant's trading in real estate prior to registration or while the registration had elapsed; and
5. the Applicant's ungovernability.

Testimony of Robert Andrew Rennie:

Mr. Rennie is a real estate broker. He has worked in the real estate business since 1974 and has been a broker since 1989. Currently he is the owner/broker of Remax Estates which has three branches and approximately eighty registered salespersons.

He knew Mr. Evaniuk through the real estate business. Mr. Evaniuk wanted to work for him as a salesperson. Mr. Rennie decided to hire him. He knew that Mr. Evaniuk had worked at the Sutton Group and had just completed the required three courses but was not licensed. Mr. Rennie affirmed that he had signed Mr. Evaniuk's application for registration which is dated November 1, 1999. After that time Mr. Evaniuk was given an office.

At some point after that time, the Real Estate Council of Ontario ("RECO") advised Mr. Rennie that there were problems with the registration of Mr. Evaniuk. At first, Mr. Rennie thought the problem was a cheque being returned "NSF". Mr. Rennie testified that he spoke to Mr. Evaniuk about that, and it was his understanding that Mr. Evaniuk had gone personally to RECO to deal with it. Mr. Evaniuk told him that the money had been paid and everything was fine.

Mr. Rennie testified that he then thought Mr. Evaniuk was registered as a salesperson, and orientation was provided to Mr. Evaniuk. Mr. Rennie stated that Mr. Evaniuk was never permitted to start working until his licence had arrived.

Mr. Rennie received a fax in late November, 1999 from Maria Paolercio, an employee of RECO, stating there were problems with Mr. Evaniuk's application. He then talked to Mr. Evaniuk. Mr. Rennie stated he was perturbed by these events and did not want to get into trouble with RECO. Mr. Evaniuk assured him that he was clearing up the problem, but Mr. Rennie wanted to see the licence. He followed this up with Mr. Evaniuk on two later occasions.

Mr. Rennie thought that Mr. Evaniuk was being hounded by a woman for money Mr. Evaniuk owed to her. Mr. Rennie felt it was like a vendetta because she would call Mr. Rennie and warn him about Mr. Evaniuk.

Mr. Evaniuk left Remax Estates, and Mr. Rennie understood that he went to Savoy Real Estate.

Mr. Rennie sent a letter to RECO dated January 13, 2000 stating that Mr. Evaniuk no longer worked for Remax Estates. Mr. Evaniuk had left Remax Estates some time prior to the date of that letter. Mr. Evaniuk had left some personal belongings at Remax Estates. They were not picked up until some six months later.

Mr. Rennie stated that he wrote RECO on February 23, 2000 when requested to do so by Ms. Paolercio. Mr. Rennie reiterated that he had assumed Mr. Evaniuk was reinstated as a real estate salesperson and that it was not until he was informed about the issues that he realized that was not the case. Indeed, Remax Estates had ordered business cards for Mr. Evaniuk when he first came to them. There was an outstanding invoice for \$217.29, which Mr. Rennie thought was for business cards and other office expenses.

Mr. Rennie stated that there was a listing for a property on Lansdowne dated December 7, 1999 which came to his attention at some time after that date. The owners wished to be released from the listing, and he did release them as of December 29, 1999. The listing broker was Remax Estates and Mr. Evaniuk was the salesperson.

Under cross-examination, Mr. Rennie stated that in hiring a salesperson he would want to know if the person was qualified. In this case, Mr. Rennie did not make telephone calls to Mr. Evaniuk's previous brokers.

Mr. Rennie stated that his member number would be known to the secretary who downloaded the listing. That person does not need permission to use his member number. Mr. Rennie stated that use of his member number was restricted to those who worked at Remax Estates.

Mr. Rennie testified that the listing was not in his handwriting and he did not know the seller. He stated that Mr. Evaniuk had not told him about this listing.

Mr. Rennie stated that the third party who was hounding Mr. Evaniuk was a Lena Preje. He knows that she has been paid.

Testimony of Lena Preje:

Ms. Preje is a real estate salesperson who has worked for a number of brokers. She has known Mr. Evaniuk for about four years. He was a friend. She testified that Mr. Evaniuk told her about buying his dream house at the Beaches on Kippendavie. Mr. Evaniuk called her in January, 1998 and asked for a loan as he was to get some real estate commissions but the closings had been delayed. Ms. Preje loaned him \$10,000.00US in January, 1998 and then a further \$10,000.00US some months later. There was a promissory note due May 14, 1998, but Mr. Evaniuk did not pay her then. Mr. Evaniuk gave her a cheque for \$15,000.00 which came back "NSF" due to the account having been closed some days previously.

Ms. Preje testified that she then called Mr. Evaniuk, spoke to Mr. Evaniuk's brother and then called the police.

Subsequently, Mr. Evaniuk's lawyer gave her a note saying that she would be paid from the sale proceeds of a house on Franklin Avenue which Mr. Evaniuk had renovated and was selling. Ms. Preje stated that she did not get the money from that sale.

After listening to promises from Mr. Evaniuk during May to July, 1998, Ms. Preje sued Mr. Evaniuk and obtained a judgment on August 28, 1998 for \$20,940.76US plus \$337.00C in costs. The statement of claim was dated July 22, 1998. A Writ of seizure was filed on September 1, 1998. There was a notice of garnishment of July 27, 1999 against Remax Professional where Mr. Evaniuk was working. She received some money from the garnishment and the balance when the property on Kippendavie was sold. Mr. Evaniuk paid about \$35,000.00C to satisfy the judgment.

Ms. Preje wrote a letter in July, 1999 to RECO making a complaint against Mr. Evaniuk.

Under cross-examination, Ms. Preje stated that Mr. Evaniuk had made some interest payments on the first loan of January 14, 1998. She stated that she did put a lien against 66 Franklin and a writ of seizure and sale against 71 Kippendavie.

Testimony of Maria Paolercio:

Ms. Paolercio works for RECO in its registration office. Prior to that, she had been a registration coordinator under the Ministry of Consumer and Commercial Relations. She reviews the applications for registration under the *Real Estate and Business Brokers Act* when there are problems.

Ms. Paolercio stated that due to the volume of registrations the office does random bankruptcy, sheriff and police checks. There are 45,000 registrants, and they must apply for registration every two years. Ms. Paolercio deals with between 50 and 100 registrations each month. After she has completed her work, she will review some of the applications with the assistant Registrar or the Registrar.

Ms. Paolercio stated that she reviewed the application for registration of Mr. Evaniuk. In the summer of 1999 she received a written complaint from Ms. Preje. At that time, Ms. Paolercio flagged his file as Mr. Evaniuk was not currently registered. He had been registered from August, 1997 to August, 1999. His original application in 1997 had been with Sutton Group partners with Bruce Murray as the broker signing the application. His transfer application to Remax Professions was dated July 6, 1999 as he left the Sutton Group on July 5, 1999.

Ms. Paolercio testified that there was a "NSF" cheque to RECO dated August 14, 1999 in the amount of \$175.00, which is the registration fee.

Ms. Paolercio stated that within the initial two years of registration a salesperson is supposed to complete three mandatory courses. As Mr. Evaniuk had not completed these courses, the transfer application was not processed as he was coming up for renewal in August, 1999. An application was received on November 2, 1999 for reinstatement with Remax Estates. Under question 8 of that application Mr. Evaniuk had answered "No" to having any unpaid judgments. There was a "NSF" cheque for this reinstatement application.

Ms. Paolercio stated that due to the complaint of Ms. Preje she was aware of an unpaid judgment so she ordered an execution search. That execution search showed two outstanding judgments as of November 23, 1999. One was for Lena Preje and the other was a judgment dated October 22, 1999 for Bruce Murray in the amount of \$112,552.66 plus \$1,500.00 costs. Ms. Paolercio stated that after receiving this information she wrote to Mr. Evaniuk at his stated address of 71 Kippendavie asking that he provide her with an execution search. That letter was returned from that address, and she faxed her letter to his business address at ReMax Estates on December 6, 1999. Ms. Paolercio recalled that Mr. Evaniuk had stated that he was having problems getting his mail at 71 Kippendavie.

Ms. Paolercio testified that Mr. Evaniuk sent her a letter dated January 6, 2000 in which he stated that he thought that if he was paying off a judgment, it was not outstanding, and he did not need to state it on his application form. He stated that the judgment by Bruce Murray came after he did the registration form. He stated that it will be paid as it is a registered mortgage against 71 Kippendavie Avenue.

Ms. Paolercio stated that she received a letter from Mr. Rennie stating that Mr. Evaniuk was not longer employed with his firm. Mr. Evaniuk found another broker, Savoy Realty.

Ms. Paolercio met on January 31, 2000 with the assistant Registrar and Mr. Evaniuk. They had a number of issues and wished to obtain answers from Mr. Evaniuk.

Savoy Realty terminated its relationship with Mr. Evaniuk by the letter of Elizabeth Donovan dated January 31, 2000. Home Life signed as the broker for Mr. Evaniuk on his application for reinstatement dated February 8, 2000. Mr. Evaniuk by his letter of February 10, 2000 further explained that he was paying off the judgment to Ms. Preje by garnishment of his wages.

Ms. Paolercio went through the legal documents in her file dealing with 71 Kippendavie and the Bruce Murray judgement. She stated that 71 Kippendavie was sold by Mr. Murray in April 17, 2000 for \$340,000.00.

After she had gathered the paperwork on these matters she passed over the file to the Registrar, Mr. Wright, who was to make the decision on the registration of Mr. Evaniuk.

Testimony of Tom Wright:

Mr. Wright has been the Registrar of the *Real Estate Business Brokers Act* since November, 1997. Prior to that, he was the Information and Privacy Commissioner from 1991 to 1997. He has also worked as the assistant Information and Privacy Commissioner, Director of Legal Services, and Senior Counsel for the Ministry of the Attorney General. He was in private practice prior to his government employment.

His duties as the administrator of the *Real Estate Business Brokers Act* are twofold: 1. To protect the consumer; 2. To regulate trading in real estate. Under section 6 of the Act, he considers the financial responsibilities of the registrants and applicants as well as their honesty, integrity and their ability to act in accordance with law. He considers the past conduct of the registrants and applicants in his assessment.

In this case, Mr. Wright testified that he made the decision to refuse the application for registration of Mr. Evaniuk. He based his decision on the issues of registration history, civil judgments against Mr. Evaniuk, non disclosure and trading while not registered under the Act.

Mr. Wright testified that as regards registration history, he took into consideration that Mr. Evaniuk did not complete the three mandatory courses within the required two years after his initial registration. Without the successful completion of these courses, the initial registration will expire. Mr. Wright did not factor into his consideration the fact that Mr. Evaniuk did complete these courses by November, 1999. Mr. Wright also considered the two "NSF" cheques given by Mr. Evaniuk for his applications. One was written in August, 1999 and the second was written, on a different bank account, in November, 1999. For a matter as important as your application to be a registered real estate salesperson, Mr. Wright felt that Mr. Evaniuk should have exercised more care concerning these application fees.

On the second issue of the civil judgments, Mr. Wright was concerned over their existence and that they were connected to the real estate business as they arose due to

the renovation of a home. He also considered the history of how Mr. Evaniuk dealt with these obligations. There was a series of unkept promises to Ms. Preje and an NSF cheque due to the closure of a bank account, which were all deliberate acts by Mr. Evaniuk. Ms. Preje had to exhaust all legal remedies in order to recover her monies, including garnishment and execution filed on the house of Mr. Evaniuk. Mr. Wright saw no positive action taken by Mr. Evaniuk to satisfy this obligation.

Regarding the Murray judgment, Mr. Wright stated that the creditor again had to go to extraordinary lengths to recover his money. Though there was a mortgage on the Evaniuk home, there was no payments made on it. A statement of claim had to be issued by Mr. Murray followed by Notice of Power of Sale and the transfer of the property to Mr. Murray. Despite these actions, there are still outstanding amounts due on this debt.

Mr. Wright testified that the change of mind of Mr. Murray who was now supportive of the reinstatement of Mr. Evaniuk as a real estate salesperson did not change Mr. Wright's position.

Although Mr. Evaniuk in his correspondence with the Registrar stated that he was selling property in order to pay off his obligations, that was not a correct statement. The sale of the property did not satisfy all of his obligations, and it was not Mr. Evaniuk who initiated the sale but his creditors. It might have been different if Mr. Evaniuk had been the person who actively sought to sell the property.

On the third issue of nondisclosure, Mr. Wright stated that there are over 40,000 registrants that renew every two years. It is essential that the Registrar be able to rely upon the honesty and integrity of the information on the renewal forms. Here, there was non disclosure of the judgments. By the date of the reinstatement application in November, 1999 the judgments had not been satisfied so there were issues of financial responsibility. In the case of Mr. Murray, the relevant date is the date of judgment which was October 22, 1999. It should have been listed on the reinstatement application even if the filing of execution was later on in November, 1999. But the dates were quite close and Mr. Evaniuk had filed a statement of defense in this matter, and Mr. Wright was prepared not to give as much weight to the non disclosure of the Murray judgment as he was to the non disclosure of the Preje judgment.

Regarding the fourth issue, Mr. Wright stated that Mr. Evaniuk knew of his obligation not to trade in real estate when not registered under the Act. Trade includes such actions as obtaining MLS listings from vendors. As Mr. Evaniuk knew prior to the December MLS listing that he was having problems with obtaining his registration, Mr. Wright found his behaviour to be more serious.

In conclusion, Mr. Wright felt that the past conduct of Mr. Evaniuk included promises not kept, creditors who had to go to extreme lengths to obtain their monies, the unwillingness of Mr. Evaniuk to comply with the law as shown by his NSF cheques and not completing his courses. In the opinion of Mr. Wright Mr. Evaniuk showed disrespect for obligations that were voluntarily undertaken.

In response to questions from the Tribunal, Mr. Wright stated that he felt the Proposal to deny the registration was the only reasonable course of action. He had considered the relationship of Mr. Evaniuk with Mr. Murray and Mr. Rennie and other real estate professionals. For there to be conditions, it would require a special relationship to exist

between Mr. Evaniuk and his broker. Due to the past conduct of Mr. Evaniuk, who had been indebted to other real estate professionals, Mr. Wright did not have confidence that terms and conditions with the broker supervising would be sufficient to control the behaviour of Mr. Evaniuk.

Testimony of Oleksandr Evaniuk:

Mr. Evaniuk testified that he became a real estate salesperson on August 15, 1997. He had been successful in real estate and once was the top agent of the month at the Sutton Group.

In 1997, Mr. Evaniuk stated he bought 71 Kippendavie in the Beaches area. He also had an arrangement with Mr. Ali Sabbah regarding 66 Franklin. Mr. Sabbah who was the vendor of this property was a civil engineer who wanted Mr. Evaniuk to be in charge of renovating this property. It was felt that the renovations would cost about \$28,000.00. The house had cost \$121,000.00 and ultimately it sold for \$181,000.00. Due to Mr. Evaniuk's debt to Ms. Preje, Mr. Sabbah had to hold back \$35,000.00 from the sale of this property. That money was tied up for over a year. Ms. Preje released the monies to Mr. Sabbah who did not pay Mr. Evaniuk for the renovations. Mr. Sabbah was upset that Mr. Evaniuk had not disclosed to him about his problems with Ms. Preje. As Mr. Sabbah has not paid him for the cost of renovations, Mr. Evaniuk is suing him. Despite the agreement with Mr. Sabbah being verbal, Mr. Evaniuk stated that he was confident he would win the law-suit as he could show that he had paid for the workers and the materials for the renovations of 66 Franklin.

Mr. Evaniuk stated that he had borrowed money, about \$10,000.00US from Ms. Preje in January, 1998. He also borrowed money from her after that time. He needed it for construction costs. The cost of borrowing was to be 3% monthly. Mr. Evaniuk stated that Ms. Preje's financial position changed when her mother who lived in Israel began to have poor health. Mr. Evaniuk did make some of the monthly payments. When Ms. Preje stated that she really needed the money and she was suicidal, Mr. Evaniuk gave her a cheque for \$15,300.00C but told her he did not yet have the money in his bank account. Then the bank closed that bank account without his knowledge. Mr. Evaniuk stated that Ms. Preje went to the police about this cheque, and the police investigated and found out that the bank had closed out his account without his knowledge.

Mr. Evaniuk stated that when Ms. Preje began to garnishee his wages while he worked at the Sutton Group, he was having 100% of his wages taken. Later, he got a lawyer who sent a letter to his employer to say that only 20% could be garnisheed.

Mr. Evaniuk stated that there were two "NSF" cheques to the Registrar but he did certify the last cheque to pay for his reinstatement application. He stated it was in error as he was under tremendous pressure from the constant harassment by Ms. Preje.

Mr. Evaniuk stated that he could not complete the courses on time as they each cost \$400.00, and he could not afford both the cost of the course plus the full time attendance at each course for about two weeks. He did complete the courses in October and November, 1999.

Mr. Evaniuk stated that Mr. Bruce Murray of Sutton Group was a good friend of his. Due to his financial problems, Mr. Murray did want him to change his place of employment so Mr. Evaniuk went to ReMax Professionals in Harbourfront. But the

owner of that office died and the office was sold to ReMax Condos. After that, Mr. Evaniuk went to ReMax Estates under the broker Mr. Rennie. This broker had three different offices, and he was having problems controlling his business. The manager was named Toni.

At this point Mr. Evaniuk interrupted his testimony to permit the testimony of Mr. Whelan.

Testimony of Christopher Gerald Whelan:

Mr. Whelan is the broker/manager of Homelife Realty. He is the sponsoring broker on the reinstatement application of Mr. Evaniuk. He had initially met Mr. Evaniuk in January or February, 2000. Mr. Whelan spoke to Mr. Evaniuk and then talked to his previous broker, Mr. Murray. As a result of those conversations, Mr. Whelan was satisfied with the conduct of Mr. Evaniuk and agreed to be his sponsoring broker. He was happy with the past income achieved by Mr. Evaniuk as a real estate salesperson.

Mr. Whelan testified that he does not know all the allegations being made against Mr. Evaniuk. He knows that Mr. Evaniuk had ticked off "No" on his application for no outstanding judgments and that had been an error. He stated that Mr. Evaniuk had discussed this problem with him and told him how he owed money to another agent.

Under cross-examination, Mr. Whelan stated that he has been a real estate salesperson since 1983 and has worked for a number of agencies as a broker prior to HomeLife Realty. He stated that during the time he has known Mr. Evaniuk, he knew that Mr. Evaniuk was studying a course on securities. He does not have any paid work at his agency and does no real estate business for them. He made the reference call to Mr. Murray in either February or March, 2000. Mr. Whelan was interested in the fact that Mr. Evaniuk had previously made in the six figures in real estate. He did not investigate that statement by Mr. Evaniuk but accepted it as fact.

Regarding the money owed by Mr. Evaniuk, Mr. Evaniuk told Mr. Whelan that it was now taken care of. Mr. Whelan did not characterize this matter as one of misleading customers or clients.

When it was put to Mr. Whelan that Mr. Evaniuk's past history included two "NSF" cheques to the Registrar, the non completion of mandatory courses, undertaking not fulfilled, writing a cheque on an account which was closed, non payment of a mortgage after one month and creditors having to take their legal remedies, Mr. Whelan replied that real estate agents often lack financial security and that garnishment can happen.

Mr. Whelan stated that he could review Mr. Evaniuk's files as he has to see every transaction in any event. He has 34 registered agents, a full time administrator and three part time administrators in his office.

Mr. Whelan felt that Mr. Evaniuk had been straightforward with him and that there had been no side deals regarding Mr. Evaniuk coming to his office. Mr. Whelan stated that he would chat with Mr. Evaniuk for maybe 5 or 10 minutes every couple of weeks.

Continuation of the Testimony of Mr. Evaniuk:

Mr. Evaniuk testified that when Alexandra Pascoe approached him he went to see Toni, the manager, and she told him to take the listing under the company's name. The writing on the listing agreement and the signature is that of Mr. Evaniuk. Mr. Evaniuk had hoped to have Ms. Pascoe come as a witness, but she did not respond to his telephone messages.

At this time, the testimony of Mr. Evaniuk was interrupted to permit the testimony of Mr. Bruce Murray.

Testimony of Bruce Murray:

Mr. Murray stated that he is the owner of Sutton Group partners as of June, 2000. Prior to that, he had been a partner in the agency since June, 1992. He has been a real estate agent since 1972 and a broker since 1976. Currently he has 53 registered salespersons working for him.

Mr. Murray testified that he has known Alex Evaniuk for about 5 years. He knew Alex when Alex worked as a trainer. He was impressed with his people skills and suggested to Alex that Alex consider a real estate career. Alex took him up on his suggestion, and Mr. Murray did help him out financially while he was taking his real estate courses.

Mr. Murray stated that during his first week of work, Mr. Evaniuk got his first deal which netted him about \$16,000.00 in commission. Although Alex was doing well as a real estate salesperson, he fell into the trap of being involved in renovating of houses. Mr. Murray had initially seen 71 Kippendavie, and Mr. Evaniuk ended up buying the house. The renovations on that house cost between \$150,000.00 and \$200,000.00. Mr. Evaniuk borrowed money from Mr. Murray. At this time, Mr. Murray did not know that Mr. Evaniuk had already borrowed money from another friend. This other person, Ms. Preje, began to telephone the Sutton Group office on a frequent basis, perhaps 25 to 40 calls per day. Finally Mr. Murray had to tell his receptionists to hang up the telephone if Ms. Preje called the office.

Mr. Murray recalls one incident when he was with Mr. Evaniuk and the cell telephone of Mr. Evaniuk began to ring. Mr. Evaniuk handed the telephone to Mr. Murray. Mr. Murray heard Ms. Preje say that this was her 28 telephone calls. This was at about 2 pm. Mr. Murray felt that this harassment put a lot of pressure on Mr. Evaniuk.

Mr. Murray knows about the situation at 66 Franklin. Mr. Evaniuk sold this property to Ali Sabbah and then got involved doing the renovations for him. Mr. Evaniuk had told Ms. Preje that she would get her money from the sale of the renovated home. But Ms. Preje locked up the funds from the sale and then only finally released all of the funds after a year. There was no written agreement between Mr. Sabbah and Mr. Evaniuk.

Mr. Murray testified that ultimately he had to do a power of sale on Mr. Evaniuk's home and then spend another \$48,000.00 to complete the renovations so he could sell it. Ms. Preje was paid by Mr. Murray from the sale of 71 Kippendavie.

Mr. Murray recalls that Ms. Preje had garnisheed Mr. Evaniuk's wages when Mr. Evaniuk still worked at the Sutton Group. Initially it was for 100% but after a lawyer got involved the percentage went down to 20%.

Ms. Preje telephoned him and wanted him to write a letter to Maria Paolencio at RECO. Mr. Murray stated that he did speak to Maria and then sent off a letter. Sometime after that, in June of 2000, Mr. Murray sent another letter to Ms. Paolencio stating that he felt that Mr. Evaniuk should be permitted to work again as a real estate salesperson as Mr. Evaniuk had shown serious remorse about his past conduct. He feels that Mr. Evaniuk has learned his lesson. Mr. Evaniuk loves real estate, and he would think long and hard before he would endanger that again.

Mr. Murray stated that Mr. Evaniuk still owes him about \$82,000.00. He is consulting with his accountant to see if any can be written off.

Under cross-examination, Mr. Murray stated that he probably lent Mr. Evaniuk about \$2,000.00 when Alex was taking the real estate courses as English is not Alex's first language and he had to concentrate on the courses and not spend so much time earning a living.

Mr. Murray agreed that the scenario of money lent, failed promises, bounced cheque, judgment and then execution procedures would lead one not to have confidence in that debtor.

Mr. Murray felt that the telephone calls and badgering by Ms. Preje towards Mr. Evaniuk went far beyond obnoxious behaviour. He agreed that she had not personally harassed him or his family. Mr. Murray did not consider his asking Mr. Evaniuk to find other employment as firing him. Mr. Evaniuk had resisted his attempts to put the property on the market. Once Mr. Evaniuk had left his office, Mr. Murray exercised his legal remedies and foreclosed on the mortgage.

Mr. Murray agreed that he had registered a mortgage in February and by March Mr. Evaniuk was in default on his mortgage payments. Mr. Murray sought a judgement on the mortgage by October.

Mr. Murray stated that in the past, besides helping Mr. Evaniuk when he was initially taking his real estate course, Mr. Murray had to assist him with arrears on a leased vehicle. Indeed, by the summer of 1998 Mr. Evaniuk owed him approximately \$50,000.00.

Regarding the statement of defence filed by Mr. Evaniuk, Mr. Murray stated that several paragraphs of it contained false information. He stated that contrary to paragraph 5, neither Mr. Evaniuk nor his wife had used 71 Kippendavie as their principal residence as it was generally unfit for habitation during the renovations. Mr. Murray stated that paragraph 11 was untrue as Mr. Evaniuk and his wife did receive independent legal advice and though Mr. Murray had recommended a lawyer to them, he had never met this lawyer nor did he have any influence over this lawyer. Regarding paragraphs 14 and 15, Mr. Murray stated they were false as he had advanced even more than the mortgage in order to finish off the renovations on the property.

Regarding the situation with Mr. Sabbah and the 66 Franklin property, Mr. Murray stated that he was not involved in any litigation against Mr. Sabbah. Mr. Murray stated that he has not garnisheed Mr. Evaniuk as he does not know where Mr. Evaniuk is now working.

Regarding his change in attitude towards Mr. Evaniuk, Mr. Murray testified that he had lunch with Mr. Evaniuk some months ago. At that time, Mr. Evaniuk told him about the hearing. Later, Mr. Evaniuk contacted him to come as a witness at the hearing. Mr. Murray felt that Mr. Evaniuk has changed due to this experience. Initially, he felt Mr. Evaniuk was too confident but now he found him to be subdued. The Registrar was trying to take away from Mr. Evaniuk something that Mr. Evaniuk loved. Mr. Murray stated "I am not saying Alec is a reformed man, just that he is not stupid".

Continuation of the testimony of Mr. Evaniuk:

Mr. Evaniuk stated that he had paid over \$8,000.00 to Ms. Preje prior to completing the application. He just misunderstood Question #8. He is willing to pay Mr. Murray.

Regarding the issue of trading while not licensed, Mr. Evaniuk testified that after New Year's, Mr. Rennie told him about his dealings with the Registrar, that he had no licence and that Mr. Rennie was going to terminate his employment at his brokerage. Mr. Evaniuk went to Savoy Realty, but Maria Paolercio told him that Savoy Realty had terminated him. Mr. Evaniuk then went to Homelife and talked to Gerry Whelan. He told Mr. Whelan about his problem with question 8 on the application form.

Mr. Evaniuk stated that he has been taking a Canadian securities course and has a certificate. He took courses in different areas of securities. Now he has sent resumes to different brokerages, but it is difficult to find a job with the stock market being on a down turn.

Mr. Evaniuk stated that he did not try to meet people to sell them real estate, but people would come into the office and he would talk to them. He loved real estate and would be prepared to work under the strict supervision of a real estate broker.

Under cross-examination, Mr. Evaniuk stated that he had not finished the required courses in the first two years. For the first year he was busy working as a real estate agent and making money. He had thought he would start the courses by December, 1998, but his financial position changed, and he could not afford to take the time off work. When he applied for his renewal of his licence in August, 1999 and could not get it without taking the courses, he borrowed the money and completed the courses.

Mr. Evaniuk stated that he had put considerable monies into renovations for the Franklin property and the Kippendavie property. He only had a verbal agreement with Mr. Sabbah for compensation for the renovations on the Franklin property. He had to take out a second mortgage when he bought the Kippendavie property as he had only 15% of the down payment.

Regarding the cheques that bounced for his renewal of registration, Mr. Evaniuk stated that he had a lot to think about and was not concentrating on the cheques. Regarding the cheque to Ms. Preje, he did not know the bank had closed that account. He agreed that when he wrote that cheque, he did not have that money in the account.

Regarding the listing at ReMax Estates, Mr. Evaniuk stated that he made a referral to ReMax Estates. He only signed as a witness. He agreed that there were two vendors for that property but only one signed the listing agreement.

Mr. Evaniuk stated that when he took the securities course, he was on social assistance and they paid for it. It has taken him a long time to find a job as he was taking courses, searching for work and doing volunteer work as well.

CLOSING STATEMENTS:

By Counsel for the Registrar:

Counsel for the Registrar, *Real Estate and Business Brokers Act*, referred to a number of cases in his verbal argument.

He cited Brenner v The Registrar of Motor Vehicle Dealers and Salesmen, (1983) 19 CRAT 58 (Ont. Div. Ct.) on page 61,

“The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.”

In the case of Ontario (Registrar of Real Estate and Business Brokers) v. Faccenda, (1994) O.J.No. 954 (Ont. Div. Ct.) he cited page 2,

“Given the test set out in s. 6(1) of the *Real Estate and Business Brokers Act*. R.S.O. 1990, C.R.4, all past conduct is potentially relevant, notwithstanding that it was the subject of a previous proposal. It is the totality of that past conduct, considered in the light of more current circumstances, which form the basis for the relief.”

In the case of RE Baldwin (1997) O.C.R.A.T. No. 19 Counsel cited the principle that the decision of the Tribunal must be made upon all of the evidence and arguments at the hearing.

In the case of Barroso v. The Registrar of Real Estate and Business Brokers, (1990) 20 C.R.A.T. 422 Counsel referred to the Gilford Garage Service and Ambury case cited at page 429, the Jakobs vs. Registrar of Real Estate and Business Brokers case cited at page 430 and the Giovanni Giannini case cited at page 430 as to the importance of there being complete and honest disclosure on the application form so there can be public confidence in the industry. Counsel stated that there is no prerequisite that there be a consumer complaint in order for there to be a breach of this public confidence.

Counsel stated that Mr. Evaniuk had not thought it a priority to take the required courses prior to the end of the two year term of his initial registration. Though there were witnesses that testified that Mr. Evaniuk was succeeding as a real estate agent, Mr. Evaniuk in his testimony states he could not afford to take the courses. Yet Mr. Evaniuk borrowed considerable amounts of money from several sources for other matters. Counsel submitted that Mr. Evaniuk could have found the funds to take the courses if he had wanted to do so.

Counsel cited the Innovative Ventures Corp. and Robert A. Brown v. The Registrar of Real Estate and Business Brokers, (1990) 20 CRAT 487 for the proposition that what is

considered as trading in real estate does not mean just the closing of a real estate transaction.

Regarding the issue of non disclosure, Mr. Evaniuk had stated that he had paid off some of his loan from Ms. Preje so he did not feel that he had to disclose this judgment on his renewal application. He gave a number of explanations for his non disclosure of the judgments, and in the opinion of Counsel such explanations have a negative impact upon the honesty and integrity of Mr. Evaniuk. Regarding the judgment by Mr. Murray, in the opinion of Counsel it was not credible that Mr. Evaniuk could claim lack of knowledge of it at the time he was applying for his renewal.

Regarding the judgments themselves, Counsel submitted that Mr. Evaniuk had stated that he wrote a cheque to Ms. Preje when he knew he did not have the funds in his account. He gave no credible explanation for this behaviour, in the opinion of Counsel. Mr. Evaniuk did nothing meaningful to pay back his creditors and both creditors had to take legal action and then enforce upon their judgments. In the opinion of Counsel this shows a pattern of behaviour by which Mr. Evaniuk does not fulfill his obligations until he is forced to do so.

Regarding working without a licence, Counsel submitted that the behaviour of Mr. Evaniuk of being at the office of ReMax Estates, having business cards ordered, and witnessing a listing all demonstrate that he was acting as an agent for that broker. Ms. Pascoe was a referral by Mr. Evaniuk to ReMax Estates. Counsel also stated that Mr. Evaniuk did not display good conduct by being a witness to a listing where only one of the two vendors had signed it.

In concluding, Counsel stated that at the present time Mr. Evaniuk still owes Mr. Murray approximately \$82,000.00 under that judgment.

By the Applicant:

Mr. Evaniuk stated that he has made mistakes and has learnt his lesson. He feels that he is honest and deserves to have a real estate licence. He has spent the past eighteen months thinking about his past conduct. He would be more cautious and careful in his future dealings.

LEGISLATION:

The relevant legislation is the *Real Estate and Business Brokers Act*,

Section 6

(1)An applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) having regard to the applicant's financial position, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty;
.....

(2) A registration is subject to such terms and conditions to give effect to the purposes of this Act as are consented to by the applicant, imposed by the Tribunal or prescribed by the regulations.

Section 9

.....

(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

(5) The Tribunal may attach such terms and conditions to its order or to the registration as it considers proper to give effect to the purposes of this Act.
.....

Section 10

A further application for registration may be made upon new or other evidence or where it is clear that material circumstances have changed.

Licence Appeal Tribunal Act, 1999

Section 6

(1) The Tribunal may make rules establishing procedures for hearings held by the Tribunal and the rights of parties to the hearings.....

Rules of Practice of the Licence Appeal Tribunal as amended March, 2001

2.12 Where a party's representative ceases to act for the party in proceedings before the Tribunal, the representative shall in writing promptly notify the Tribunal and all other parties to the proceedings.

15. Practice Directions:

15.1 Adjournments of scheduled hearings at the Licence Appeal Tribunal

(1) Adjournments of scheduled hearings

Once hearing dates have been fixed, the Tribunal will not normally grant an adjournment when:

The parties retain or change counsel a few days prior to the scheduled hearing and the new counsel is not available on the hearing date or has not been retained early enough to prepare for the hearing.

However, the Registrar, after consulting the Tribunal Chair, may consider granting an adjournment on limited grounds, such as when all the parties consent to an adjournment of the scheduled hearing, and the request is submitted to the Tribunal at least 10 days before the scheduled hearing date(s), along with alternative hearing dates, for the Registrar's approval.

(2) Request for an adjournment:

.....(b) for requests received less than 10 days before the hearing date where a party or the Tribunal does not consent to the adjournment, unless there are exceptional circumstances:

- (i) the parties will be asked to appear before the Tribunal panel on the scheduled hearing date(s) to deal with the request for an adjournment.
- (ii) the parties will be advised to present their arguments with respect to an adjournment at the onset of the hearing.
- (iii) all parties must be prepared to proceed with the hearing, should the Tribunal panel not grant the adjournment.

ANALYSIS OF LAW AND FACTS:

This case involved the Registrar, *Real Estate and Business Brokers Act*, issuing a proposal to refuse to permit the reinstatement of the Applicant, Oleksandr Evaniuk known as Alex Evaniuk, as a real estate salesperson. The grounds for refusal by the Registrar were as follows:

1. Having regard to the Applicant's financial position, the Applicant cannot reasonably be expected to be financially responsible in the conduct of business.
2. The past conduct of the Applicant affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honestly.

The Notice of Proposal issued by the Registrar contains detailed particulars on the four main issues raised by the Registrar under these grounds. These issues include the registration history of the Applicant; the civil judgments against the Applicant; non disclosure on the application form; and trading while unregistered. Any one of those items, if substantiated, could form the basis for the refusal to renew the registration of this Applicant. It is the opinion of this Tribunal that the Registrar has succeeded on three of the four issues and therefore that the Applicant should not be registered as a real estate salesperson. It is also the opinion of this Tribunal that this was not a case

whereby terms and conditions would have been appropriate. The Tribunal found the detailed particulars to be of significant assistance in assessing the reasonableness of the grounds submitted by the Registrar against this Applicant.

Since the Brenner *supra* it is a matter of considerable importance that the Tribunal carefully review the reasonableness of the grounds put forward by the Registrar. In so doing the Tribunal needs to look at the “past conduct” of the applicant as this is the wording set out in section 6 of the Act. Whether or not the Applicant is now “reformed” is not the issue. Under section 10 of the Act any applicant has the opportunity to reapply based on new or other evidence or where it is clear that material circumstances have changed since the initial refusal by the Registrar.

The Tribunal has a responsibility not only to those who wish to work within a regulated industry such as real estate but also to the general public to ensure that there is widespread confidence in the honesty and integrity of the real estate and business brokers industry. The Tribunal must balance the desire of an individual who has or wishes to work within this industry with the protection of the general public who wish to buy real estate. The purchase of residential or commercial real estate is often the most significant financial purchase by an individual in their lifetime. The purchasers of real estate need to be reassured that those working within this industry are honest people with integrity who work within the limits of the law. As well, it is important that those working within the real estate industry have sufficient financial resources so they will not be tempted to act outside the law or be foolhardy in their actions.

There is no doubt that Mr. Evaniuk is good at selling real estate. There is no doubt that he enjoys selling real estate. There is no doubt that he has some regret that in the past he acted in a foolhardy and unreasonable manner. But those statements do not hold much weight when compared to his past conduct in the matter of his registration history, the judgments against him and his failure to disclose those judgments on his renewal application. The pattern of his past behaviour shows that he is not willing to be honest, act with integrity or within the law unless he is compelled to do so. That is not good enough to permit him to be registered as a real estate salesperson. He has displayed a shocking disregard for his own personal obligations, and, accordingly, the Tribunal has grave concerns as to his professional judgement as a real estate salesperson.

On the issue of his registration history, Mr. Evaniuk failed to appreciate the purpose behind the requirement that all registrants must complete further courses prior to the expiry of their initial two year period of registration. His explanations showed his complete lack of understanding. He did not want to do the courses when he was making money. Then he did not want to do the courses when he had no money. Yet he could find the time and energy and when necessary money to get himself involved in expensive renovation schemes. The courses are mandatory so that those who have now some experience working in the real estate field will enhance their skills in areas of some complexity. This can only benefit the public. But Mr. Evaniuk only completed those courses when faced with the absolute refusal of the Registrar to entertain his renewal application without having successfully completed those courses.

Regarding the "NSF" cheques for the registration fees, they are not of the same significance as failure to complete the required courses, but they do show a lack of ability to perform one's obligations in a timely manner.

The failure of Mr. Evaniuk to provide a satisfactory address for mail to be forwarded to him and his inability to provide documentation when requested all demonstrate his inability to work within a regulated framework.

The civil judgments are of some importance in this case. If Mr. Evaniuk, through bad timing or even poor financial judgment, had found himself in some financial trouble but had demonstrated a willingness to accept this situation and to work with his creditors to honour his financial responsibilities, then the Tribunal would not have found these judgments to be so negative. But the behaviour of Mr. Evaniuk demonstrated his inability to act with integrity. He made promises that he did not keep. He provided a cheque knowing he did not have the funds in his account. He made little effort to maintain currency on his payment schedule. His behaviour was such that his creditors were forced to obtain court ordered judgments and then to go for such relief as garnishments and executions against property. The Tribunal finds Mr. Evaniuk to be cavalier in his treatment of his creditors. While Ms. Preje's constant telephone calls would be upsetting, it is evident that her anxiety sprang from Mr. Evaniuk's own behaviour towards this financial obligation. The Tribunal finds it incredulous that Mr. Evaniuk, working in the real estate business, would have put so much money into renovations for a home not owned by him and for which he has no written contract. His poor judgment in his own financial arrangements mirrored how he treated third parties to whom he owed substantial amounts of money. His past conduct demonstrated his lack of honesty, lack of integrity and inability to work within the law.

The Tribunal put little weight upon the recommendations of Mr. Murray and Mr. Whelan. It was obvious that Mr. Whelan had little knowledge of the past conduct of Mr. Evaniuk. What he did know was that given the right circumstances Mr. Evaniuk could make in the six figures which would translate into substantial commissions for his brokerage. Mr. Whelan did not appear enthused with taking on any additional responsibilities to strictly supervise Mr. Evaniuk in the case of the Tribunal permitting Mr. Evaniuk to be registered on terms and conditions. Mr. Whelan had done little to check on Mr. Evaniuk's background except for a brief conversation with Mr. Murray, a conversation that Mr. Murray had difficulty in remembering.

Regarding Mr. Murray, the Tribunal found his change in attitude towards Mr. Evaniuk to be somewhat puzzling. In the opinion of the Tribunal, Mr. Murray is a decent and honourable man of considerable experience as a real estate broker. He obviously cared for Mr. Evaniuk as demonstrated by his willingness to continually bail Mr. Evaniuk out of financial problems. Mr. Murray might be resigned to facing a considerable financial loss, but the Tribunal cannot place any reliance on his testimony that Mr. Evaniuk would be less willing to show such behaviour in the future. Indeed, Mr. Murray in his testimony stated, "I am not saying he is a reformed man, just not stupid." I am sure that Mr. Murray continues to have some residual fondness for Mr. Evaniuk, but that cannot be the basis for this Tribunal to permit Mr. Evaniuk to work in this industry. The past conduct of Mr. Evaniuk to Mr. Murray showed a blatant disregard for his obligations towards him. He failed to pay the mortgage within the first month that it was registered against the house yet he persisted in opposing Mr. Murray's plan to sell the property to pay off the debts, both of Mr. Murray and of Ms. Preje.

The Tribunal also puts considerable weight on the fact that these judgments deal with real estate and with creditors within the real estate business. There is no prerequisite that clients of Mr. Evaniuk need complain of his business practices. Here there was

evidence of a fellow colleague complaining of Mr. Evaniuk. That complaint is what alerted Ms. Paolercio to flag Mr. Evaniuk's application at RECO.

As well, both creditors had to go to extraordinary lengths to recover on their loans. Ms. Preje finally got her money and Mr. Murray is still owed the considerable sum of \$82,000.00. They both got judgments. They both had to use creditor remedies to collect on their judgments. Mr. Evaniuk's pattern of behaviour showed no concern for the extra time, effort and money required by Ms. Preje and Mr. Murray, both of whom had been his friends and who had trusted him.

On the issue of non disclosure, the Tribunal would have concurred with the Registrar's Notice of Proposal on this item alone. Mr. Evaniuk deliberately withheld information on the judgment obtained by Ms. Preje. The Tribunal discounts completely his explanation that as he had made some payments to Ms. Preje in the past (albeit distant past) therefore he did not have an outstanding judgment against him. Mr. Evaniuk took the real estate training. He was supposedly a professional within the real estate industry and yet he did not know the meaning of "outstanding judgment". The Tribunal finds this to be an incredulous statement. Mr. Evaniuk knew that Mr. Murray was going for judgment against him. Mr. Evaniuk filed a statement of defence dated August 27, 1999, of which there were numerous paragraphs that Mr. Murray in his testimony disputed as to their accuracy. Mr. Evaniuk ultimately did not contest the matter at court. He should have been aware of the likelihood that a judgment had been registered against him in this matter considering the amount of money owed by him to Mr. Murray and his failure to contest the hearing itself.

The Registrar cannot do background checks on each of the over 40,000 registrants that it deals with each year. The Registrar has to be able to rely upon the honesty and integrity of the applicants that they will fully disclose the relevant information. Mr. Evaniuk by his deliberate misleading of the Registrar as to his financial circumstances displayed a lack of honesty and integrity in his behaviour.

Regarding the fourth issue raised by the Registrar, the Tribunal is not completely convinced that there was proof that Mr. Evaniuk held himself out to be a licenced real estate salesperson with Ms. Pascoe. It would have been helpful to have had the testimony of Ms. Pascoe on this point. The evidence of Mr. Rennie, while damaging, was still vague enough that the Tribunal is prepared to give the benefit of the doubt to Mr. Evaniuk. The Tribunal is aware of the caselaw on this matter, but it feels that the evidence as presented was lacking in the necessary particulars to find Mr. Evaniuk had worked as an unlicensed salesperson.

The Registrar based his case mainly on the past conduct of the Applicant. There was no evidence presented except from the Applicant himself as to the current financial position of the Applicant. Mr. Evaniuk had testified that he had been on social assistance though the Tribunal does not know if he continues to receive Ontario Works. Mr. Evaniuk stated he could not afford to pay for a lawyer for the hearing. Mr. Murray stated he still is owed about \$82,000.00 by Mr. Evaniuk. Based on these statements it is doubtful that the Applicant has a good current financial position. But it is the past conduct of the Applicant in his financial affairs which is the basis upon which this Tribunal has upheld the Notice of Proposal of the Registrar.

Based on the evidence before it, the Tribunal did not find this to be a case whereby the Applicant could be permitted to be registered on terms and conditions. The Tribunal

was not satisfied with Mr. Whelan's knowledge of the Applicant and did not feel, given the diverse responsibilities of Mr. Whelan, that he would have the time to strictly supervise Mr. Evaniuk. In any event, the past conduct of Mr. Evaniuk was of such a severe nature that the Tribunal did not see that terms and conditions would be reasonable under these circumstances.

ORDER:

By virtue of the authority vested in it under section 9(4) of the *Real Estate and Business Brokers Act*, the Tribunal confirms the Notice of Proposal of the Registrar, *Real Estate and Business Brokers Act*, dated November 6, 2000 to refuse to grant registration to Oleksandr Evaniuk as a real estates salesperson.

LICENCE APPEAL TRIBUNAL

Released: June 13, 2001

PREHEARING

ELISA KLEIN AND ELLIOT WEINSTEIN

APPEAL FROM A DECISION OF THE
CORPORATION DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: E. ALAN GARBE, VICE-CHAIR

APPEARANCES:

ALDEN DYCHTENBERG and PAMELA BLAIKIE, Counsel,
representing Elisa Klein and Elliot Weinstein (the "Applicants")
NETANUS RUTHERFORD, Counsel, representing the Ontario New
Home Warranty Program (the "Respondent")
BRIAN CAMPBELL, Counsel, representing Trailwood Homes
Limited (the "Added Party")

DATE OF

PREHEARING: June 11, 2001

Toronto

ORDER

Following the attendance before the Licence Appeal Tribunal (the "Tribunal") on June 11, 2001 at a prehearing of Alden Dychtenberg and Pamela Blaikie, Counsel for the Applicants, the Applicants, Netanus Rutherford, Counsel for the Respondent, Brian Campbell, Counsel for the Added Party and Michael Godfrey on behalf of the Added Party;

The Tribunal makes the following Order:

- 1) The parties present at the prehearing recorded that there was a resolution of the issues in this matter and the parties have executed minutes of settlement.
- 2) The matter before the Tribunal is therefore concluded.

LICENCE APPEAL TRIBUNAL

E. Alan Garbe, Vice-Chair

BLUE RIBBON CHILD CARE SOCIETY CARRYING ON BUSINESS AS
BLUE RIBBON DAY CARE CENTRE

**BLUE RIBBON CHILD CARE SOCIETY CARRYING ON BUSINESS AS
BLUE RIBBON DAY CARE CENTRE**

APPEAL FROM A NOTICE OF DIRECTION TO SUSPEND
THE LICENCE, AND FROM A NOTICE OF INTENTION NOT TO
RENEW THE LICENCE BY THE DIRECTOR UNDER THE
DAY NURSERIES ACT

TRIBUNAL: HUGH HANSON, Presiding Member
MALCOLM FEALING, Member
SIMON DANN, Member

APPEARANCES: GARY SHORTLIFFE, Counsel for the Applicant
KATHARINE RENISON, Counsel for the Director

DATES OF HEARING: March 29, 2001 and April 2, 3, 4, 5, 2001 and
April 6, 7, 8, 9, 10, 11, and 12, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing under the *Day Nurseries Act* arises from a Director's Notice of Direction to Suspend the Licence dated January 18, 2001 and a Director's Notice of Intention Not to Renew the Licence dated March 13, 2001 respecting the Blue Ribbon Child Care Centre operated by the Blue Ribbon Child Care Society at 544 Lansdowne Avenue in Toronto. The Notice of Intention was subsequently amended. It is unclear whether Blue Ribbon Child Card Society carrying on business as Blue Ribbon Day Care Centre (the "Applicant") or (the "Centre") ever formally appealed the amendment.

The Centre is located in a building owned by a Tamil co-operative and was intended to provide service to children and families in the co-operative and surrounding area. The Centre opened in 1989. In July 1999, the City of Toronto stopped purchasing service from the Centre, which quickly lost many of its clients and ran into financial difficulties.

Although the licence was held by the Blue Ribbon Child Care Society, it soon became clear in evidence that the centre was actually run by Siva Kandiah. She is sometimes referred to as "the manager" in these reasons.

The following witnesses were called by the Director:

Carol McNamara	Licensing Specialist
Darlene Chandon	Licensing Specialist
Sophie Abshez	Former Blue Ribbon employee
Mohama Yogarajah	Former Blue Ribbon employee
Kimberley Bolton	Employment Standards Branch
Sennathamby Sittampalam	Property Manager, 544 Lansdowne Avenue
Judy MacLeod	Manager, Compliance Review
Shirley Choon	Former Blue Ribbon employee
Xing Wei	Former Blue Ribbon employee
Brenda Patterson	Director, Contracted Services, Toronto
Sanaz Sharifi-Rad	Former Blue Ribbon employee
Caroline Soto	Former Blue Ribbon employee
Karen Meehan	Director for <i>Day Nurseries Act</i>
Gary McCann	Police Officer
John Long	Police Officer

The following witnesses were called by the Applicant:

Siva Kandiah Manager,	Blue Ribbon Child Care
Denise Pierre	parent
Manuel Gomez	Volunteer caretaker for Blue Ribbon
Regina Vitales	parent
Arijasingham Elaiyathamby	Former President, Blue Ribbon Society
Surinder Ghag	parent
Ledchumy Parameswaran	Founding member, Blue Ribbon Society
Sivathasan Prem Kumar	President, Blue Ribbon Society

A large number of documents were submitted as exhibits by the parties.

THE ISSUE:

The issue before the Tribunal is whether the Director under the *Day Nurseries Act* was justified in issuing the Notice of Direction and Notice of Intention and, if not, what action the Tribunal should order her to take.

PRELIMINARY ISSUES:

Postponement of hearing

As a preliminary issue, counsel for the Applicant moved that the hearing not proceed on the following Monday, since he had not been properly retained and was unprepared. He argued that it is in the interests of both Blue Ribbon and the Tribunal that there be proper representation. Counsel for the Respondent argued that there had been ample time for the Applicant to obtain counsel, that there was no certainty that counsel would be retained if more time were allowed, that the Respondent had witnesses under subpoena, that it would be prejudicial to the Respondent not to proceed with the hearing

dates that had previously been agreed upon, and that delay would disrupt the working of the Tribunal. The Tribunal agreed with the Respondent and ruled that the hearing would proceed as planned. Counsel for the Applicant informed the Tribunal that he would not be able to attend all the hearings, but would come whenever possible.

Joinder

The joinder of issues was raised and, to ensure expeditious disposal of the matters, the Tribunal ruled that the Notice of Direction and the Notice of Intention with its amendment would be heard jointly.

Order for restraint

Counsel for the Respondent asked the Tribunal to restrain the Applicant from having people contact Ministry officials about the case. The Tribunal ruled that it had no power to make such an order.

RECENT LICENSING HISTORY

Exhibit 3-1 shows the recent licensing history of Blue Ribbon, which the Tribunal finds instructive.

Licence	Issued	Expired
Provisional	October 10, 1998	February 28, 1999
Licence/renewal	February 23, 1999	February 23, 2000
Licence/renewal	March 1, 1999	August 23, 1999
Provisional	February 10, 2000	May 9, 2000
Licence/renewal	May 9, 2000	November 8, 2000
Provisional	December 15, 2000	February 13, 2001

It is important to note that provisional licences are given when inspectors identify serious non-compliances with the Act and Regulation. The Director expects the licensee to come into compliance within ten days. Recurring provisional licences are indicators that the operator has serious difficulties in compliance.

THE NOTICE OF DIRECTION

The Tribunal must determine whether the Director had reasonable grounds for ordering that the day nursery be closed and that the licence be suspended until her requirements are met.

THE LAW:

Section 15 of the *Day Nurseries Act* reads as follows:

15(1) Where, in the opinion of a Director, there is a threat to the health, safety or welfare of children cared for in a day nursery or in respect of a private-home day care from a private-home day care agency, as the case may be, the Director shall,

- (a) *give such direction or directions in writing as the Director considers necessary to the operator or to any person on the premises of the day nursery or premises where private-home day care is provided who appears to be in charge of the children being cared for, directing the operator or person in charge, as the case may be, immediately or within such period of time as the Director specifies to eliminate the threat to the health, safety, or welfare of the children or to protect the children from such threat,*

and may

- (b) *direct in writing that the day nursery shall not be used as a day nursery or that private-home day care not be provided on the premises that is the subject of the direction referred to in clause (a) until the Director's direction or directions are complied with.*

(2) Where the Director gives a direction under clause (1)(b), the Director may,

- (a) *notify the parents or guardians of the children enrolled in the day nursery or in receipt of private-home day care, as the case may be, of the direction; and*
- (b) *cause to be affixed to the premises of the day nursery or premises where private-home day care is provided, as the case may be, a notice in the prescribed form and no person except the Director or a program advisor designated under section 16 shall remove the notice unless authorized by the Director or a program advisor.*

(3) Despite section 13, where a direction is given by the Director under subsection (1), the licence of the day nursery or private-home day care agency, as the case may be, shall be deemed to be suspended without a hearing until the Director is satisfied that the direction has been complied with and upon suspension the provisions of section 13 apply as if the direction were a notice of a proposal to revoke the licence under subsection 13(1).

THE EVIDENCE:

Ms. Chandon and Ms. McNamara, Ministry of Community and Social Services licensing specialists, arrived at the Applicant's day nursery on January 17, 2001 in the late morning. Two children were present with a cleaner and the manager. There was no trained staff present. One of the children was six years old and was removed by the manager. (The licence allows only children 2.5 to 5 years old.) The manager testified that one of the inspectors ordered this removal. Shortly thereafter, Ms. Sharifi-Rad, the supervisor, arrived at the centre. She had been distributing flyers for the centre at the manager's instruction. Ms. Sharifi-Rad indicated that she was going to resign that afternoon and that there would be no qualified staff present the following day (two other staff had resigned two days previously).

Shortly after noon, the supervisor realized that a child who was supposed to be picked up from school at 11:30 had not been collected. The child was located in the school office and Ministry staff instructed the supervisor to file a Serious Occurrence Report.

Later that day, the manager took the six-year-old child who was being escorted from school to the day nursery. The evidence about exactly what happened is unclear. The manager testified that she took the child to her own apartment and found a baby-sitter for her. The inspectors testified that the manager would not say where the child was and also that the manager said she took the child home. They also testified that the child had been left alone in the manager's apartment for some hours. The inspectors required that a missing person report be filed as well as a Serious Occurrence Report. The police were called and found the child to be in the manager's apartment. The child's mother testified that the manager had no authorization to take the child anywhere but to school and to the day nursery.

What is to be drawn from this? Clearly the manager had allowed a child to attend the nursery who was over the age limit of the licence. This is a non-compliance, but not one that necessarily constitutes a danger to the health, safety or welfare of that child or the other children. Was the child left alone? We cannot know for certain, but the manager was not forthcoming in talking to the inspectors about it. The Tribunal finds the inspectors' testimony to have greater credibility than that of the manager in this regard, since they had no personal interest in the issue and would not have required a missing person report to be filed, involving the police, if they were not genuinely concerned.

In addition to these two serious occurrences on January 17, 2001, the inspectors recorded additional non-compliances at the day nursery that day (exhibit 3-55) several of which are disputed by the Applicant.

The prime issue in regard to the Notice of Direction is the anticipated lack of a Ministry-approved supervisor and adequate qualified staff. The manager had not given reasonable assurance that such staff would be in attendance on January 18, 2001. As the inspectors had been told that the supervisor would not be returning and there were, apparently, no other qualified staff, the Tribunal finds that the Director had reasonable grounds for issuing the Notice as she did. The appeal is dismissed.

THE NOTICE OF INTENTION

The Tribunal must determine whether the Director had good grounds for issuing this Notice of Intention not to renew the Blue Ribbon licence.

THE LAW:

Section 12 of the *Day Nurseries Act* (the "Act"), states as follows;

12(1) Subject to section 13, a Director may refuse to issue a licence where in the Director's opinion,

(a) the applicant or any employee of the applicant or, where the applicant is a corporation, its officers, directors or employees is or are not competent to establish, operate or maintain a day nursery or a private-home day care agency, as the case may be, in a responsible manner in accordance with this Act and the regulations;

(b) the past conduct of the applicant or any employee of the applicant or, where the applicant is a corporation, of its officers, directors or employees, affords reasonable grounds for belief that the day nursery or the private-home day care agency, as the case may be, will not be established, operated or maintained in accordance with this Act and the regulations; or

(c) the building or buildings or accommodation in which the applicant proposes to establish, operate or maintain the day nursery or provide private-home day care, as the case may be, does not comply with the requirements of this Act and the regulations.

(2) Subject to section 13, a Director may refuse to renew or may revoke a licence issued to a day nursery or a private-home day care agency, where in the Director's opinion,

(a) the licensee or any employee of the licensee, or where the licensee is a corporation, any officer, director or employee thereof, has contravened or has knowingly permitted any person under the control or direction of or associated with the licensee, officer, director or employee, as the case may be, to contravene,

(i) any provisions of this Act or the regulations or of any other Act or the regulations thereunder applying to the establishment, operation or maintenance of the day nursery or the provision of private-home day care, as the case may be, or

(ii) any term or condition of the licence;

(b) the building or buildings or accommodation in which the day nursery is established, operated or maintained or the private-home day care is provided, does not comply with the requirements of this Act and the regulations;

(c) the day nursery is established, operated or maintained or the private-home day care is provided in a manner that is prejudicial to the health, safety or welfare of the children cared for in the day nursery or in the place or places where private-home day care is provided;

(d) any person has made a false statement in the application for the licence or renewal thereof, or in any report, document or other information required to be furnished by this Act or the regulations or by any other Act or regulation that applies to the day nursery or private-home day care agency, as the case may be; or

(e) a change in the officers or directors of the applicant would, if the applicant were applying for the licence in the first instance, afford

grounds for refusing to issue a licence under clause 1(b). R.S.O. 1990, c.D.2,s. 12.

Section 13 of the DNA states as follows;

(1) Where a Director proposes under section 12 to refuse to issue a licence or to refuse to renew or to revoke a licence issued under that section, the Director shall cause notice to be served of the Director's proposal together with written reasons therefor, on the applicant or the licensee, as the case may be.

(2) A notice under subsection (1) shall inform the applicant or licensee, as the case may be, that the applicant or licensee is entitled to a hearing by the Tribunal if the applicant or licensee mails or delivers, within fifteen days, after the notice is served on the applicant or licensee, notice in writing to the Director and the Tribunal, requiring a hearing and the applicant or licensee, as the case may be, may so require such a hearing.

(3) Where an applicant or licensee does not require a hearing by the Tribunal in accordance with subsection (2), the Director may carry out the proposal stated in the Director's notice under the subsection (1) without a hearing.

(4) Where an applicant or licensee requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, at the hearing, may by order direct the Director to carry out the Director's proposal or refrain from carrying out the Director's proposal and to take such action as the Tribunal considers the Director ought to take in accordance with this Act and the regulations, and for such purposes, the Tribunal may substitute its opinion for that of the Director.

(5) Sections 199, 201 and 202 of Part IX of the Child and Family Services Act apply with necessary modifications to proceedings before the Tribunal, to the powers of the Tribunal under this Act and to appeals therefrom.

(6) Where, within the time prescribed therefor or, if no time is prescribed, before expiration of a licence, a licensee has applied for renewal of a licence and paid the prescribed fee, the licence shall be deemed to continue,

(a) until the renewal is granted; or

(b) where the licensee is served with notice that the Director proposes to refuse to grant the renewal, until the time for requiring a hearing has expired and, where a hearing is required, until the Tribunal has made its decision. R.S.O. 1990, c. D.2, s. 13.

THE ALLEGATIONS:

This section deals with the allegations contained in the Director's Notice of Intention.

A. It is alleged that contrary to section 12(2)(a)(i) of the Day Nurseries Act you have contravened or have knowingly permitted persons under your control or direction or associated with you to contravene the provisions of the Day Nurseries Act and the Regulation thereunder applying to the establishment

1. You failed to designate a person to exercise the powers and duties of the operator in the absence of a person appointed to be responsible for the day-to-day operation and management of the day nursery contrary to section 3(3) of the Regulation including but not limited to:

(a) November 8, 2000

(i) it was unclear who was responsible for the day to day operations of the centre.

It is clear to the Tribunal, and it should be clear to the Ministry staff who had dealings with the centre over the years, that it was Mrs. Kandiah (the manager) who was responsible for the day-to-day operation of the nursery. It matters not that she described herself as a volunteer. The whole history of the centre shows that she was in charge. She hired and instructed staff and was a daily presence at the centre. That there was no written documentation of who was responsible is the real problem. The Tribunal finds that this is a non-compliance.

2. You failed to employ a supervisor who shall plan and direct the program of the day nursery, be in charge of the children and oversee the staff, contrary to section 3(5) of the Regulation to the Day Nurseries Act including but not limited to:

(a) November 8, 2000

(i) there was no qualified supervisor on the premises.

There is ample evidence that the manager made diligent attempts to hire qualified supervisors. Her problem was being able to pay them; hence the substantial turnover. There was credible testimony from former employees that there was not always a supervisor in attendance and that sometimes there was no supervisor employed at all. The Tribunal finds that this is a non-compliance.

3. You failed to ensure that the play equipment and furnishings were provided in numbers that are adequate to serve the licensed capacity of the day nursery and are of such a type and design so as to meet the needs of the children enrolled, contrary to section 14(1) of the Regulation to the Day Nurseries Act including but not limited to:

(a) *On January 3, 2001*

- (i) *there was no chalk or brush erasers for the chalkboard*
- (ii) *the games provided did not have any play pieces.*

(b) *On January 17, 2001*

- (i) *there was no evidence of any multicultural books although many of the children come from different cultural backgrounds.*

Testimony concerning this allegation is contradictory. Ms. Pierre and Mr. Gomez testified that the toys were fine. Ms. Soto said that some of the toys were broken and sometimes not clean. Ms. Sharifi-Rad said the toys were not bad and that there were sufficient books for the five children then enrolled, although not many of a multicultural nature. Ms. Wei said that the toys were not as clean as at home. Ms. Choon testified that some of the books had torn pages; small children can damage books. Ms. Yogarajah's testimony may have been influenced by her difficulties in getting paid. She testified that the books were not suitable for children and that she took the children to the library. She also said that there were not enough toys and that some of them were damaged. Ms. Abshez, who admitted having developed an animosity towards the manager, said that the toys and materials were very poor and that 12 of the 20 books were torn. On the balance of probabilities, the Tribunal finds that there is insufficient credible evidence to find that this is a non-compliance.

4. *You failed to ensure that equipment and furnishings used in the day nursery were maintained in a safe and clean condition and kept in a good state of repair contrary to section 16 of the Regulation to the Day Nurseries Act including but not limited to:*

(a) *on January 3, 2001*

- (i) *the dramatic area bench had screws missing, making it unstable*
- (ii) *the folding tri-mirror in the dramatic area was unstable and could fall on a child*
- (iii) *the hinges on the play stove were loose*
- (iv) *the handles were missing from the play fridge*
- (v) *the electronic keyboard was not working.*

(b) *on January 17, 2001*

- (i) *there were protruding screws on the hinges of the play stove*
- (ii) *the handles were missing from the play stove.*

There is sufficient credible testimony to persuade the Tribunal that some of the equipment posed a potential danger to the safety of the children and that this is a non-compliance.

5. This allegation, concerning insurance, was withdrawn by the Director.

6. *You failed to conduct a fire drill at least once a month and keep written records relating to fire protection contrary to section 27(1)(d),(e) of the Regulation to the Day Nurseries Act. This failure was specifically noted on:*

(a) *February 10, 2000*

(b) *January 3, 2001*

The Applicant's submissions state that a record of all fire drills conducted over the past 6 years can be found in Applicant's Book 5. In fact there is a record of only three drills: November and December of 2000, and January of an unknown year. There was testimony that the manager asked Ms. Abshez to conduct a drill and back-date it to October because they had failed to do one that month. Ms. Choon said that during her year at the centre fire drills were held sometimes but not every month. On the balance of probabilities, the Tribunal finds that this is a non-compliance.

7. *You failed to ensure that emergency information was readily accessible to each staff member contrary to section 29(1)(2)(3) of the Regulation to the Day Nurseries Act including but not limited to:*

(a) *February 10, 2000*

(i) *emergency cards were incomplete*

(b) *January 17, 2001*

(i) *there was no emergency card for one of the children*

(ii) *there was no parent information, no doctor's information, no health care or medical information for that child.*

There is ample credible testimony from the inspectors and former employees to substantiate this allegation. The Applicant claims that Book 10 contains the emergency cards. There is no medical information or doctor's information on these cards. Even if the required information was on record, it should have been readily available and the inspectors should have been able to see it. The Tribunal finds that this is a non-compliance.

8. *You failed to maintain a daily record of any incidents affecting the health and safety of children and staff contrary to section 30 of the Regulation to the Day Nurseries Act including but not limited to:*

(a) *February 10, 2000*

(i) *there was no daily record on the premises*

(b) *May 12, 2000*

(i) *entries were missing from the daily record.*

Although a number of non-compliances were noted by the inspectors in the visits of November 1 and 8, 2000 and January 3 and 17, 2001, there is no reference to this section of the Regulation. From this the Tribunal concludes that these daily records were being kept as required. The Tribunal questions the Director's judgement in pointing to omissions in the past that have not been substantiated in recent inspections. The Tribunal finds that this is not a non-compliance.

9. *You failed to maintain proper sanitary practices contrary to section 32 of the Regulation to the Day Nurseries Act including but not limited to:*

(a) *on January 3, 2001*

(i) *there was no evidence of soap or paper towels in the preschool washroom.*

There is credible testimony from the inspectors and former employees that soap and paper towels were sometimes missing. The Tribunal finds this to be a non-compliance.

10. You failed to ensure that before a child is admitted to care, and from time to time thereafter, the child is immunized as recommended by the medical officer of health contrary to section 33(1) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on January 3, 2001

(i) one child's file had no immunization record.

There is credible testimony by Ms. Sharifi-Rad that when immunization information is missing it can take a long time for the parents to provide it. The Applicant maintains that exhibit 12 shows these records to be complete. There is no evidence that the Applicant neglected to ask for this information or that it was never obtained for any specific child. The Tribunal concludes that this is not a non-compliance.

11. You failed to ensure that a drug or medication is administered to a child only where a parent of the child gives written authorization that includes when and the amount of the drug to be administered contrary to section 37(1)(d) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on November 8, 2000

(i) medication was administered to a child without any written authorization from the parent.

There is credible testimony from Ms. McNamara that this happened on the date noted. In Applicant's Book 5 there is a form dated 7 November 2000 giving the parent's consent and instructions regarding the administration of the drug. It is unfortunate that this document was not available for Ms. McNamara to see, raising the question of whether it might have been back-dated. However that may be, there is no evidence that this was a repeated or is a continuing problem. The Tribunal finds that this is not a non-compliance.

12. You failed to ensure that all food or drink is stored, prepared and served so as to retain maximum nutritive value and prevent contamination contrary to section 39)c) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on January 3, 2001

(i) catered food was delivered at a temperature of 100°, which was too cool

(ii) the food warmers were not heated prior to the delivery of the food

(b) on January 17, 2001

(i) food temperature was not recorded upon its arrival prior to 11:30 a.m. When the temperature was taken at 12:05 p.m., the temperature was 100° and the soup was contaminated

(ii) the food warmers were not heated prior to the arrival of the food.

There is no reason to doubt the testimony of the licensing specialist in this regard. There is corroborating testimony from former employees, some of it indicating that the manager wanted false temperatures to be recorded. The Tribunal does not need evidence that the food actually was contaminated to find, as it does, that this is a non-compliance.

13. You failed to ensure that each child one year of age or older is provided with a meal consisting of foods from the four food groups contrary to section 40(1)(a) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on February 10, 2000

(i) not enough meals were ordered for the children in attendance

(b) on November 8, 2000

(ii) two children do not eat meat for religious reasons but no vegetarian substitute was available.

That there were not enough meals ordered on February 10, 2000 may well have been a freak accident. There is no evidence that this is something that occurred with any frequency. The summary report of the November 8, 2000 inspection does not substantiate the allegation; it merely requires a letter from the caterer. Ms. Pierre testified that her child, who has a dietary restriction concerning milk and cheese, had no problems eating at the centre. The Tribunal finds that this allegation is not substantiated.

14. You failed to ensure that each child one year of age or older is provided with nutritious between meal snacks consisting of foods that will promote good dental health at times that will not interfere with a child's appetite for meal times contrary to section 40(1)(b) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on February 10, 2000

(i) no morning snack was served.

There is testimony from four former employees indicating that morning snacks were not provided to the children at the centre. This corroborates the allegation, and the Tribunal finds that this is a non-compliance.

15. You failed to ensure that there were menus posted for the current and following week in a conspicuous place and any substitutions posted contrary to section 41(1) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on November 1, 2000

(i) a substitution for the afternoon snack was required. The menu stated the snack was yogurt, however, there was none on the premises.

The Applicant admits that there sometimes were changes in the menu that were not reflected in the posting. While this may be a relatively trivial matter, the Tribunal nevertheless finds it to be a non-compliance.

16. You failed to carry out special dietary and feeding arrangements in accordance with written instructions of the parent contrary to section 43 of the Regulation to the Day Nurseries Act including but not limited to:

(a) on February 10, 2000

(i) a feeding arrangement letter was required for one child

(b) on January 3, 2001

- (i) two children were listed as having special dietary considerations (no red meat, no milk or sugar) on the allergy list but there was no evidence of these needs in the children's files*
one child does not participate in the lunch routine and is sometimes picked up at lunch time. Other times he stays during lunch and has parts of meals.

There is no reason to doubt that on February 10, 2000 a feeding arrangement letter was lacking for one child. There is no evidence to suggest that the child was not being fed in accordance with the parent's instructions, however. It may be that there should have been reference to dietary needs in the two children's files in January 2001, but note was made of these needs in the allergy list. The Applicant has provided evidence (Book 10) that the caterer was aware of these needs and was providing appropriate meals. The Tribunal finds that this allegation is not substantiated.

17. You failed to ensure that there are written policies and procedures with respect to discipline, punishment and any isolation measures to be used contrary to section 46(1) of the Regulation to the Day Nurseries Act. This failure was specifically noted on:

(a) February 10, 2000

- (i) employees had not signed the behaviour management policy as required.*

That employees had not signed the behaviour management policy does not prove that one did not exist. The Applicant has provided evidence that there was such a policy (Book 7). This allegation has not been substantiated.

18. You failed to ensure that the review of behaviour management policy is signed by the person who made the review contrary to section 47.2(2) of the Regulation to the Day Nurseries Act. This failure was specifically noted on:

(a) November 24, 1998

In the Tribunal's view, a noted non-compliance some 26 months prior to the issuance of the Notice of Intention, with no reporting of the deficiency in subsequent inspections, is insufficient to establish this as a non-compliance.

19. You failed to ensure that there is a written procedure for monitoring the behaviour management practices of employees contrary to section 47.3 of the Regulation to the Day Nurseries Act specifically noted on:

(a) February 10, 2000

The Director cites the inspection summary of February 10, 2000 to support this allegation. The note in that summary, and the oral testimony confirming it, refers to the recording of the monitoring of behaviour management. This is not evidence that the centre lacks a written procedure for monitoring behaviour management. Evidence of this deficiency is found in the summary of the May 12, 2000 inspection. On the basis of that report, and failing to find a relevant written policy in the documentation supplied by the Applicant, the Tribunal finds that this allegation is substantiated and that this is a non-compliance.

20. You failed to ensure that a record is kept of the monitoring of behaviour management practices for at least two years after the entry was made contrary to section 47.3(3) of the Regulation to the Day Nurseries Act specifically noted on:

- (a) November 24, 1998*
- (b) February 10, 2000*
- (c) June 22, 2000*

In Book 7 the Applicant includes certain performance appraisal forms that include the following items to be rated:

- (17) Uses appropriate disciplinary techniques, i.e. positive redirection
- (17A) Is firm and consistent when guiding behaviour
- (17C) Models attitudes and behaviour patterns as expected of children
- (17D) Encourages problem solving and decision making
- (17E) Establishes and maintains room control
- (37) _____ complies/does not comply with our behaviour management policy from _____ to _____

In the Tribunal's view, this constitutes a record that satisfies the Regulation. The examples in Book 7 are dated 1997, 1998 and 1999. The conclusion must be that the 1998 and 2000 inspections did not take these appraisals into account, failed to find them, or deemed them inadequate. The Tribunal has no evidence that more recent performance appraisals are missing or have not been done. Given this evidence, and despite testimony that behaviour management was not monitored, the Tribunal finds that this allegation is not substantiated.

21. You failed to ensure that there was a written procedure for monitoring behaviour management practices of employees and a record was kept of the monitoring done contrary to section 47.3(1)(3) of the Regulation to the Day Nurseries Act specifically noted on:

- (a) May 12, 2000*

This is a repetition of allegations dealt with above.

22. You failed to ensure that up-to-date records are available for inspection and are kept on the premises for each child enrolled contrary to section 48(1)(f)(g)(j) of the Regulation to the Day Nurseries Act including but not limited to:

- (a) on November 24, 1998*
 - (i) doctor's address was required on the application form*
- (b) on May 12, 2000*
 - (i) there was no health card number for two children*
 - (ii) there was no immunization record for four children*
- (c) on January 3, 2001*
 - (i) there was no health card number for one child.*

There is no evidence to dispute the inspectors' finding in this regard. The Tribunal finds that this is a non-compliance.

23. You failed to maintain a record of daily attendance for each child contrary to section 48(2) of the Regulation to the Day Nurseries Act, This deficiency was specifically noted on:

(a) January 17, 2001

(i) there was no daily attendance taken on this day

In testimony the manager said that attendance was not taken on that day because there were no children to record. Credible testimony indicates that there were children at the centre that day. The Tribunal finds this to be a non-compliance.

24. You failed to maintain a daily attendance record showing the arrival, departure and absence of children contrary to section 48(3) of the Regulation to the Day Nurseries Act. This deficiency was specifically noted on:

(a) February 10, 2000

(i) arrival and departure were not indicated on the daily attendance

(b) May 12, 2000

(i) arrival, departure and absence of each child was required

(c) June 22, 2000

(i) attendance was to be documented by time

(d) November 1, 2000

(i) daily attendance was required

(ii) arrival and departure were not indicated on the daily attendance.

There is no reason to doubt the testimony of Ministry officials regarding this allegation. The Applicant provided an attendance book showing arrival and departure times and absences for the period January 2000 to January 2001. There is credible testimony that the centre was closed (locked) by the property manager for lack of rental payment from December 12 to December 14, 2000. Nevertheless, the attendance book shows that four children were in attendance during those days. The Tribunal can put no weight on this document. The Tribunal finds this to be a non-compliance.

25. You failed to ensure that the program of activities is varied and flexible contrary to section 53(1)1.2.3 of the Regulation to the Day Nurseries Act including but not limited to:

(a) on January 3, 2000

(i) the creative shelf was inadequate. There was no evidence of collage materials, glue, variety of papers or scissors

(ii) planned activities were not in evidence.

There is strong evidence that the centre is in severe financial difficulties. This, no doubt, is the reason that adequate supplies were not available. Nevertheless, a certain minimum of materials is needed and the centre seems unable to provide them. The Tribunal finds this to be a non-compliance.

26. You failed to post a daily program plan contrary to section 53(2)(a) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on November 8, 2000

(i) the program plan that was posted was outdated as it was for the week of October 23, 2000 to October 27, 2000.

While it may be true, as submitted by the Applicant, that the centre does its best for the children, it is apparently not doing so in keeping with the Regulation, at least in regard to program plan. The Tribunal finds that this is a non-compliance.

27. You failed to ensure that a child unable to sleep during rest period is not kept in bed for longer than one hour and is permitted to engage in quiet activities contrary to section 53(5)(c) of the Regulation to the Day Nurseries Act as specifically noted on:

(a) November 24, 1998

(i) sleep time was chaotic

(ii) no bottles were provided at bedtime.

The observations do not support the allegation as worded. The inspection report cited was dated over two years ago. Subsequent inspections made no note of this problem. The Tribunal concludes that this is no longer an issue and finds that the allegation is unsubstantiated.

28. You failed to maintain proper staff to child ratio contrary to section 55(3) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on March 25, 1999

(i) trained staff was required from 4-6 p.m.

(b) on November 8, 2000

(i) there was no assistant staff on the premises.

This deficiency was also in evidence on January 17, 2000. The Tribunal finds this to be a non-compliance.

29. You failed to ensure that where fewer than five full-time employees as set out in schedule 3 or 4 are required to meet ratios, that the supervisor may be counted as a full-time employee contrary to section 55(7)(a)(b)(c) of the Regulation to the Day Nurseries Act including but not limited to:

(a) on May 12, 2000

(i) there was no supervisory coverage from 11:00 a.m. to 6:00 p.m.

(ii) the supervisor worked four hours daily.

When the Ministry staff arrived at the centre on 17 January 2001 the supervisor was out distributing flyers. The Tribunal finds this to be a continuing non-compliance.

30. *You failed to ensure that every child is supervised by an adult at all times contrary to section 57 of the Regulation to the Day Nurseries Act including but not limited to:*

(a) *on November 8, 2000*

(i) *in a span of three hours there were observed to be six incidents where the children were left unsupervised*

(b) *on January 3, 2001*

(i) *the children were left unattended in the room while ECE went to kitchen.*

There is credible testimony to support this allegation. As the Applicant submits, these deficiencies are directly related to the financial problems of the centre. The Tribunal, however, cannot overlook a clear non-compliance, which we find this to be.

31. *You failed to ensure that you employed at least one qualified person for each group of children who holds an ECE diploma or is approved by a Director contrary to section 59(1)(a)(b) of the Regulation to the Day Nurseries Act including but not limited to:*

(a) *on July 13, 1999*

(i) *there were 5 children with two untrained staff*

(ii) *trained staff and supervisor were not in attendance during the visit*

(b) *on May 12, 2000*

(i) *there was no trained staff from 11:00 a.m. to 6:00 p.m.*

(c) *on January 17, 200*

(i) *there was no program staff on the premises at 11:30 a.m.*

This allegation is fully corroborated by testimony, and the Tribunal finds that this is a non-compliance.

32. *You failed to post the operator's licence in a conspicuous place contrary to section 75(11) of the Regulation to the Day Nurseries Act as specifically noted on:*

(a) *January 3, 2001.*

Credible testimony corroborates this allegation, and the Tribunal finds it to be a non-compliance.

33. *You failed to keep financial records as required under s. 64(1) and 64(2) of O.Reg. 262.*

Ms. Patterson, the city's Director of Contracted Services, testified that it was the failure to keep appropriate financial records that caused the city to stop the subsidies that it had been providing. In May 1998 the centre's auditor resigned and his audit report for the year ended December 31, 1997 pointed out several serious deficiencies. The auditor of the accounts for the year ended December 31, 1998 refused to offer an opinion because the records were incomplete. The list of accounting deficiencies found in exhibit 3-84 is long and damning. The Tribunal finds this to be a non-compliance.

B. *It is alleged that contrary to section 12(2)(ii) of the Day Nurseries Act you have contravened or have knowingly permitted persons under your control or direction or associated with you to contravene a term or condition of your licence for the reasons set out in paragraph A hereof and additionally that:*

(a) On June 22, 2000 you contravened a term or condition of your licence dated May 9, 2000 by failing to ensure that:

- (i) the centre kept a record of the behaviour management practices of employees, volunteers or students for at least two years after the entry was made contrary to section 47.3(3) of the Regulation to the Day Nurseries Act.*
- (ii) the centre kept daily attendance records showing arrival, departure, or absence of each child contrary to section 48(3) of the Regulation to the Day Nurseries Act.*

(b) On January 3, 2001, you contravened a term of your licence dated December 15, 2000 by failing to ensure that:

- (i) a fire drill was conducted in December 2000 contrary to section 27(1)(e) of the Regulation to the Day Nurseries Act.*

These allegations are essentially a repetition of allegations dealt with above in these reasons.

C. *It is alleged that contrary to section 12(2)(c) of the Day Nurseries Act, the day nursery is operated and maintained in a manner prejudicial to the health, safety and welfare of the children cared for in the day nursery for the reasons already set out in this Notice and further it is alleged that:*

(a) on January 17, 2001 during a morning visit:

- (i) a child was not picked up from morning kindergarten at 11:30 a.m. as required. Mrs. Kandiah, who identified herself as a volunteer, nor the cleaning staff were observed making any efforts to make arrangements to pick-up the child.*
- (ii) Mrs. Kandiah removed one child, April, from the centre at approximately 11:40 a.m. and returned without the child, refusing to state her whereabouts. The supervisor was directed by the licensing specialists to make a Serious Occurrence Report to Toronto Children's Services. The child was later determined to have arrived at school for her afternoon program. The child told the supervisor that Mrs. Kandiah had taken her to her apartment, given cookies and milk, and no lunch and was told to watch television. She was left alone for an undetermined amount of time and reported feeling frightened.*
- (iii) At the end of the school day, the supervisor picked up April and Aries who were going to be picked up at the centre by a family member. The supervisor was met by Mrs. Kandiah on her way back who took April with her. The supervisor was directed to call the Serious Occurrence Line and call the police to report a missing child. Mrs. Kandiah called the centre to report that she had taken April home. There was no answer at April's home and police went to Mrs. Kandiah's home and found April in Mrs. Kandiah's apartment.*

(b) It is further alleged that

- 1. Proper fire drills were not being conducted.*
- 2. Proper emergency medical information was not readily accessible to staff.*
- 3. Equipment and furnishings were unsafe.*
- 4. Medications were being administered without parental authorization.*
- 5. Food was improperly stored, prepared or served.*
- 6. There was not adequate trained staff.*
- 7. The children were not supervised by an adult at all times.*

These allegations are restatements of issues dealt with above.

(c) There was a high turnover of staff and unstable environment for the children as a consequence of fiscal mismanagement including nonpayment of wages, employer obligations to Revenue Canada and provincial authorities and rent.

There had been a very high staff turnover caused, primarily, by the operator's inability to pay wages regularly. There is an abundance of credible evidence concerning this difficulty. The result was that children kept meeting different caregivers and were prevented from forming healthy and helpful bonds. This is clearly not in the best interests of the children.

D. *It is alleged that contrary to section 12(2)(a)(i) of the Day Nurseries Act you have contravened or have knowingly permitted persons under your control or direction or associated with you to contravene the provisions of the Day Nurseries Act and the Regulation thereunder applying to the establishment, operation and maintenance of the day nursery in that:*

- 1. You failed to employ a supervisor who shall plan and direct the program of the day nursery, be in charge of the children and oversee the staff, contrary to section 3(5) of the Regulation to the Day Nurseries Act including but not limited to:*

(a) On December 1, 2000 there was no qualified supervisor employed.

(b) From September 3 to November 3, 2000 there was no qualified supervisor on site or employed.

Although with different specifics, this allegation is a repetition of an issue dealt with above.

OTHER EVIDENCE:

Of particular concern to the Tribunal is the position taken by the board of directors of Blue Ribbon Child Care Society. The society is the operator of the centre, and it is to the society that licences have been issued.

There is credible evidence of a number of meetings between board members and Ministry officials at which the responsibilities of the board were carefully explained. Nevertheless, the board has taken the position that it will do nothing to bring the centre into compliance with the Act and Regulation. They will assume their responsibilities only when the centre has been issued a clean licence. This position is outlined in a letter

dated 19 January 2001 (exhibit 3-61) and in testimony by the president of the society, Mr. Prem Kumar.

ANALYSIS:

Some of the allegations in the Notice of Intention are of a relatively minor nature and would not justify the closing of the centre. Some allegations are found to be unsubstantiated. Nevertheless, the number of non-compliances that have been proven is too great to ignore. Given the financial condition of the society, the recent history of repeated non-compliances, and the position taken by the board of directors, on the balance of probabilities it is unlikely that the centre will be able to operate in accord with the Act and Regulation.

The Tribunal finds that the Director had good grounds for issuing the Notice of Intention. Since the centre is not operating at present, the Tribunal finds no reason to delay the implementation of its Order.

DECISION:

Pursuant to the authority vested in it by section 13(4) of the *Day Nurseries Act*, the Tribunal orders the Director to carry out her proposal not to renew the licence of Blue Ribbon Child Care Centre, such proposal to be effective immediately on the release of this order.

LICENCE APPEAL TRIBUNAL

RELEASED: June 14, 2001

MAIOLO

CATERINA MAIOLO

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: BEVERLEY J. READE, Vice-Chair

APPEARANCES:

PAUL J. OSIER, Counsel representing the Applicant
ANDREA YORK, Counsel representing the Ontario New
Home Warranty Program
BRENT T. HURST, Counsel representing the Added Party,
929763 Ontario Ltd.

DATES OF HEARING: January 25 and 26, 2001 and
April 25, 2001 Toronto

REASONS FOR DECISION AND ORDER

This is an appeal to the Licence Appeal Tribunal by Caterina Maiolo ("the Applicant") from a written decision dated August 28, 2000, issued by the Ontario New Home Warranty Program (the "Program") under the *Ontario New Home Warranties Plan Act* ("the Act").

FACTS:

The parties agreed at the commencement of the hearing that there remained three issues in contention, namely the width and quality of the hardwood flooring, the lack of a hearth on the fireplace, and the dimensions of the residence, particularly the kitchen.

The Tribunal heard evidence from the Applicant, Mr. Nelligan, a warranty representative of the Program, Mr. Mirra, a representative of the builder, and Mr. Hozjan, the real estate broker acted on behalf of the builder in effecting the sale.

The Tribunal also received various documents and letters of opinion from individuals who were not made available for cross-examination.

Based on the evidence before it, the Tribunal makes the following findings of fact:

1. In February 1997 the Applicant decided to purchase a new home. She dealt with Mr. Hozjan, who represented 929763 Ontario Ltd. ("the builder"). She viewed a "Bristol" model home, but was given several lots and home models from which to choose. She selected a lot and the model known as "The

Bristol” and signed an offer to purchase on February 23, 1997. The lot originally chosen had already been sold, unbeknownst to the realtor. She agreed to purchase a different lot, and an agreement of purchase and sale was entered into on February 24, 1997.

2. The purchase price agreed upon was \$152,000. This included many extras according to Schedule B of the Agreement of Purchase and Sale., including, “ALL BRICK, HARDWOOD FLOORS – (plank $\frac{3}{4}$ x 3 – dark stain, pre-finished), and Gas fireplace – oak surround – imitation marble surround – fan – thermostat”.
3. The Applicant was told that the selection of an all brick exterior would reduce the interior dimensions of the home. The agreement of Purchase and Sale gave the builder the right to deviate from the plans and specifications and provided that there were no collateral warranties or representations outside of the contract. During the course of construction, a selection sheet was completed by the Applicant, setting forth her choices of various materials. The selection sheet was not produced in evidence. No reasonable explanation was provided by any of the parties as to why it was not available.
4. The Applicant took possession of the home on August 29, 1997. The certificate of completion and possession noted, *inter alia* that there were holes in the hardwood floor and that the fireplace was not working.
5. On June 6, 1998, the Applicant filed a written complaint with the Program. She said that “The hardwood floors in my home are still splitting and was not satisfied with the first attempt of repair”. The letter noted that “The fireplace is not the correct one which I picked out and it matches the stairs which of course were stained the wrong finish.”
6. On August 28, 1998, a further list of defects was provided by the Applicant. The relevant complaints reiterated the June 6, 1998 letter, and added that “The last person in apparently has stained my carpet in front of the fireplace”, and “The square footage in this house is not even close to what it’s supposed to be.”
7. The Builder repaired the hardwood floor on several occasions. The grade of the hardwood was not specified in the agreement of purchase and sale. A letter from Royal Carpet and Interiors provided to the Builder indicated that,

Upon inspection of the wood, I feel the complaints from the homeowner are unfounded. Unfortunately, the homeowner does not know the difference between product grades and feels there is a problem with the wood, however the items which she is complaining about (i.e. poor end match and side splits) this is very normal for this grade of material. The material looks like Bruce CB924 tavern grade and this is within their levels of acceptance for a Bruce product. I found the installation was done very well and one could not do any better with this grade of product. The material in the house I found to be good quality for this Bruces’ tavern grade.

8. A letter provided to the Applicant’s counsel from Jonathon’s Floor Coverings reads, “The floor appears to be Bruce laurel strip – CB924 – gunstock brown.

The checks and grain differences we noted are consistent with the above mentioned grade. The floor also contains knots and pin worm holes which are typical of CB grade product. The installation was within acceptable industry standards and we saw no deficiencies.

9. Mr. Nelligan, the warranty representative who examined the floors found them to be acceptable. Photographs provided at the request of the Tribunal show the floor to have been repaired satisfactorily. The boards are not the same width as that called for in the purchase agreement. They are one of two standard sizes, neither of which is the size written by the realtor in the schedule to the agreement.
10. The builder's response to the complaint about the home's dimensions was that because the home was all brick, it lost 4" on exterior walls, compared to a similar house made of siding. He also noted that a ten inch bump-out in the dining room had to be eliminated because of the brick, and that the Applicant was made aware of this during construction. The Applicant admitted that she was aware that the brick would change the interior dimensions of the home. The over-all dimension change is within the tolerance allowed by the Program in Builders' Bulletin 22.
11. In order to accommodate the reduced dimensions on the interior of the home, the builder reduced the size of the kitchen. He did not discuss where the reductions in the interior should take place with the Applicant. Her kitchen is smaller than that of the model home she viewed before entering into the agreement of purchase and sale. She has less cupboard space and her table is too large for the kitchen.
12. On February 18, 2000, a lawyer for the Applicant wrote to Mr. Nelligan, complaining that the floors were un-repaired. He noted for the first time in any written complaint, that the contract called for $\frac{3}{4}$ " width floors, "an issue that has never been correctly dealt with by the Program. Obviously the solution here is to rip up the floor and replace it."
13. The letter also noted that the fireplace was not the one chosen, and noted for the first time that there was no hearth, only carpet.
14. The Ontario Building Code does not require a hearth for a gas, zero clearance fireplace. No hearth is mentioned in the agreement of purchase and sale.
15. The February 18, 2000 letter is the first complaint to specifically address the dimensions of the kitchen, rather than the overall dimensions of the house. It notes that there is a loss of two feet of cupboard space and suggests one appropriate remedy to be the removal of the kitchen wall.

ISSUE:

The issues in this matter are whether there has been a breach of warranty by the builder, and whether the Applicant registered her complaints within the time period required by the Act.

THE LAW:

Section 13(1) of the Act provides a warranty that the home is constructed in a workmanlike manner and that it is free from defects in material, and such other warranties as are provided by the regulations.

.....

Section 13(4) provides that this warranty applies only in respect of claims made within one year after the warranty takes effect, or such longer time under such conditions as are prescribed. Section 4 of Regulation 892 dictates that such notice must be in writing.

.....

Section 14(1)(b) provides that where an owner has a cause of action against a vendor for damages resulting from a breach of warranty, the owner is entitled to be paid out of the guarantee fund the amount of such damage, subject to the limits fixed by regulation.

.....

Section 19 of Regulation 892 permits a vendor to make substitution with respect to an item referred to in a purchase agreement, but provides a warranty to the purchaser that the item will be of equal or better quality. However, Section 20 limits the claim under such warranty to those claims made within one year after possession.

.....

The burden of proof in this matter rests with the Applicant.

APPLICATION OF LAW TO FACTS:

FLOORING

Following the Applicant's initial complaint regarding her flooring, several repairs were effected. The repairs may not have resulted in a perfect floor, but the Tribunal finds that they are satisfactory. The installation was performed in a workmanlike manner and the grade of the wood, while not the best, is commonly used in the construction industry.

There was no written complaint about the difference in the width of the boards until long after the one-year period required by the Act.

The Tribunal finds no breach of warranty with respect to the flooring.

HEARTH

The complaint about the hearth being replaced by carpet was not made within the one-year statutory time period and must be dismissed for that reason. In any event, the Tribunal is not persuaded that the purchase agreement provided for a hearth.

DIMENSIONS OF THE HOME AND KITCHEN

The Tribunal is satisfied that the Applicant was aware that her choice of a brick exterior instead of the standard siding would result in a reduction of the interior dimensions of her home. Unfortunately, this reduction was concentrated in the kitchen, an important room to the Applicant. Although it might have been appropriate for the builder to consult with his purchaser as to the best way in which to accommodate the interior changes, the agreement of purchase and sale allowed him to make such alterations in his discretion.

The Applicant has not satisfied the Tribunal on a balance of probabilities that there was a breach of warranty regarding the dimensions of the home and kitchen.

ORDER:

Accordingly, for the reasons stated above and pursuant to the authority vested in it by the Act, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicant's claim.

IN THE MATTER OF a CLAIM by
CHERYL ANN MARSHALL

AND IN THE MATTER OF the DECISION of the
Ontario New Home Warranty Program
(the Corporation designated for the purposes of the
Ontario New Home Warranties Plan Act),
made pursuant to section 16(1) of the Act

AND IN THE MATTER OF a requirement for a hearing respecting
the said Decision

CHERYL ANN MARSHALL

Applicant

-and-

ONTARIO NEW HOME WARRANTY PROGRAM

Respondent

DISMISSAL ORDER

PURSUANT to the provisions of the *Ontario New Home Warranties Plan Act*, R.S.O. 1990, Chapter 0.31 as amended (the "Act"), Cheryl Ann Marshall (the "Applicant") initiated an appeal under section 16(2) of the *Ontario New Home Warranties Plan Act* from a Decision Letter issued by the Program dated April 26, 2000 in terms of which the Program denied the Applicant's claims;

AND WHEREAS, the Applicant has failed to commence an appeal within the 15 day period for this proceeding before the Tribunal, required pursuant to section 16(2) of the *Ontario New Home Warranties Plan Act*;

AND WHEREAS, the Applicant has not responded to the Tribunal's Notice of Intent to Dismiss Proceedings sent to the Applicant pursuant to section 4.6 of the *Statutory Powers Procedures Act*, R.S.O. 1990, Chapter S. 22 as amended, and Rule 2.10 of the Rules of Practice of the Licence Appeal Tribunal, whereby a proceeding before this Tribunal may be dismissed without a hearing for failure to commence an appeal within the 15 day period;

NOW THEREFORE, this Tribunal orders that:

1. Pursuant to the authority vested in it under section 4.6 of the *Statutory Powers Procedures Act*, as amended, this proceeding initiated by the Applicant's request for a hearing before this Tribunal is dismissed;
2. Pursuant to the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, this Tribunal directs the Ontario New Home Warranty Program to deny the Applicant's claims.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Chad Joshua Stuart (hereinafter referred to as "the Applicant") and the Registrar, Motor Vehicle Dealers Act, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Powers Procedure Act, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, the Registrar is directed to and shall carry out the proposal.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
5. The Applicant shall not be an officer, director, owner or partner in a dealership.
6. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Applicant confirms that the circumstances surrounding the conviction are substantially as disclosed to the Registrar.
8. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.

9. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
10. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
11. The Applicant will provide a copy of this order to his employer forthwith.
12. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
13. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
14. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Thavaraj Dave Padayachee (hereinafter referred to as "the Applicant") hereby consents to the following terms and conditions to his registration as a motor vehicle salesperson.

In accordance with section 4.1 of the Statutory Power Procedures Act, the parties hereto hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer. The Applicant shall submit a new application for registration prior to any change in employers.
2. The Applicant shall not be an officer, director, owner, partner or manager in a dealership.
3. The Applicant will not apply for registration as a motor vehicle dealer.
4. The Applicant shall complete the OMVIC certification course and pass the exam within 60 days of the date of the order.
5. The Applicant will not be the final signatory on any bills of sale. The Applicant further agrees that any transaction he is involved in will be supervised and co-signed by Tony Canade. If Tony Canade is not able to supervise the transaction the applicant shall forthwith advise the Registrar, Motor Vehicle Dealers Act. Another manager employed by the dealer, and to whom the Registrar consents, shall be responsible to supervise and co-sign any of the Applicant's transactions.
6. The Applicant agrees to act with financial responsibility.
7. The Applicant agrees not to take any deposits or payments from purchasers, including but not limited to cash, cheque and credit card payments.
8. The Applicant shall not participate in any way, either directly or indirectly, in the provision of vehicles for export or in the sale of vehicles to anyone who the Applicant knows or ought to know is acquiring the vehicle for export either directly or indirectly.
9. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity, which are not currently within the knowledge of the Registrar.
10. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future which are not currently within the knowledge of the Registrar.

11. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal. The Registrar can only carry out the Proposal within 5 years from the date of the Order.
12. The Applicant will provide a copy of this order to his employer forthwith.
13. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
14. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
15. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of Toronto this day of May, 2001.

ROSEDALE HOMES (1996) INC.

MOTION BY THE APPLICANT FOR AN ADJOURNMENT
OF THE HEARING SCHEDULED FOR JUNE 5, 2001

TRIBUNAL: TERENCE A. WARDROP, Q.C., Vice-Chair

APPEARANCES:

BRIAN M. CAMPBELL, Counsel representing Rosedale
Homes (1996) Inc., Applicant

MICHAEL W. BADER, Q.C., Counsel representing the
Ontario New Home Warranty Program, Respondent

DATE

OF HEARING: June 5, 2001

Windsor

REASONS FOR RULING AND ORDER

BACKGROUND:

This is a request by the Applicant for an adjournment of the hearing scheduled to be continued today, June 5, 2001, due mainly to its inability to continue its appeal at this time for financial reasons. As part of its case, Counsel for the Applicant stated it was necessary to place the Applicant in a more sound financial position not only to finance the expense of the continuing hearings before this Tribunal, but also to provide the Respondent and this Tribunal with current financial statements to support its case. As stated by Counsel, this is and was not possible due to the unexpected and recent withdrawal of services by the person responsible for keeping the financial records of the Applicant in circumstances which Counsel suggested may very well involve a misappropriation of funds. Counsel has thus found himself in a situation which prevents him from continuing the appeal on behalf of the Applicant and its defense to the Proposal of the Respondent at this time.

The Proposal of the Respondent, to which the Applicant has appealed, involves the refusal by the Respondent to renew the registration of the Applicant as of February 28, 1999, as contained in the Respondent's Notice of Proposal dated November 9, 1999 and supplemented by its further Notice of Proposal dated June 5, 2000. The Applicant appealed on November 23, 1999, to the Commercial Registration Appeal Tribunal for a hearing respecting the Respondent's Proposal and the matter comes before this Tribunal as successor to the Commercial Registration Appeal Tribunal.

Counsel for the Respondent opposed the request by the Applicant for an adjournment due mainly to the inordinate length of time it has already taken to bring the matter to this stage of the hearings before this Tribunal and the Respondent's quest for an orderly and timely determination of its Proposal as at February, 1999. Indeed, Counsel for the Respondent cited the many instances of delay on the part of the Applicant and its Counsel since the hearings on this matter began in August of 2000. Counsel reminded this Tribunal that the Applicant has continued since the date of the Respondent's Notice

in November, 1999, to build homes as a registrant despite the regulatory duties imposed upon the Respondent. It was stated by Counsel that many homes have been completed by the Applicant during this period of time and at the present time there are only three homes which constitute the work-in-process of the Applicant, one of which is the subject of an Agreement of Purchase and Sale, one of which is a completed model home awaiting a sale to a purchaser and one of which is in the course of being completed.

DECISION AND REASONS:

The decision of this Tribunal on the request for an adjournment by the Applicant must be fair and balanced between the parties since it is important to make an appropriate decision based upon the **main issues** of the Respondent's Proposal and the appeal by the Applicant. It would be inappropriate, therefore, to make a ruling the result of which would lay waste all the time, effort and expense spent by the parties to this date, or otherwise leave open the **main issues** to be determined at a later date through another process or another forum, thereby duplicating the expense. The current hearings on the issues to be determined by this Tribunal have to date involved some thirteen days of hearings not to mention the extra days of preparation and travel by Counsel, so that a ruling on the request for an adjournment of this case is peculiar to these specific circumstances and cannot be made lightly nor constitute a precedent.

The indication by both Counsel is that the case for the Respondent was concluded, or almost concluded, at the close of the previous day's hearing on May 3, 2001, and an estimate of the time necessary to take these hearings to an orderly conclusion is three or four further days of hearings. It would be unfortunate were the result of denying the Applicant's request to terminate effectively the hearings without presenting or understanding the Applicant's case due to the alleged temporary impecuniosity of the Applicant or its inability to present proper financial records and statements.

At the same time the ruling must move to an orderly conclusion of the **main issues** involved in the matter between the parties and not contribute in any way to an abuse of the process.

Accordingly, it is the decision of this Tribunal to place certain conditions upon acceding to the request of the Applicant which must be strictly complied with by the Applicant within the time parameters set, otherwise the hearings will go forward with or without the case for the Applicant being effectively placed before this Tribunal.

Furthermore, it goes without saying that this Tribunal reserves its jurisdiction to make a decision on the **main issues** of the matter between the parties based solely upon the evidence and argument placed formally before this Tribunal during the course of these hearings without regard to the ruling on this adjournment.

This Tribunal has already given an oral ruling upon the request for an adjournment by the Applicant at the conclusion of the hearing in Windsor on Tuesday, June 5, 2001. However, due to the importance of this ruling and the necessary precision required to state the conditions imposed in writing, this Tribunal indicated to Counsel that a written decision would be released which would govern and to which the oral decision would be subject.

ORDER:

Pursuant to the authority vested in it by the *Licence Appeal Tribunal Act*, 1999, the Tribunal orders that the hearings in this matter be adjourned to and continued at 9:30 am, on Tuesday, August 21, 2001, at such location in Windsor, or elsewhere, as the Registrar of the Tribunal shall by written notice to the parties prescribe, and continue at such location, if necessary, on August 22, 23 and 24, 2001, subject to the following conditions, namely:

1. The adjourned hearings shall be pre-emptory as against the Applicant, and no further adjournment requested by the Applicant shall be entertained or granted;
2. The Applicant shall deliver to the Respondent on or before the close of business on Friday, August 10, 2001, current audited financial statements of the Applicant and net-worth financial information as of a recent date respecting the guarantors, which said statements shall be entered in evidence by the Applicant at the commencement of the continuation of the hearings;
3. The Applicant shall cease carrying on business as at this date and shall suspend all business operations until the date of the commencement of the continuation of the hearings, save and except for the orderly completion or winding-up of work-in-process as hereinbefore stated, the completion of any and all business transactions involving the said work-in-process or contracts for the sale and disposal of completed homes, any and all warranty work required and the completion of the financial statements and net-worth financial information hereinbefore specified.

DATE OF
HEARING: June 5, 2001 Windsor

REASONS FOR RULING AND ORDER

BACKGROUND:

This is a request by the Applicant for an adjournment of the hearing scheduled to be continued today, June 5, 2001, due mainly to its inability to continue its appeal at this time for financial reasons. As part of its case, Counsel for the Applicant stated it was necessary to place the Applicant in a more sound financial position not only to finance the expense of the continuing hearings before this Tribunal, but also to provide the Respondent and this Tribunal with current financial statements to support its case. As stated by Counsel, this is and was not possible due to the unexpected and recent withdrawal of services by the person responsible for keeping the financial records of the Applicant in circumstances which Counsel suggested may very well involve a misappropriation of funds. Counsel has thus found himself in a situation which prevents him from continuing the appeal on behalf of the Applicant and its defense to the Proposal of the Respondent at this time.

The Proposal of the Respondent, to which the Applicant has appealed, involves the refusal by the Respondent to renew the registration of the Applicant as of February 28, 1999, as contained in the Respondent's Notice of Proposal dated November 9, 1999 and supplemented by its further Notice of Proposal dated June 5, 2000. The Applicant appealed on November 23, 1999, to the Commercial Registration Appeal Tribunal for a hearing respecting the Respondent's Proposal and the matter comes before this Tribunal as successor to the Commercial Registration Appeal Tribunal.

Counsel for the Respondent opposed the request by the Applicant for an adjournment due mainly to the inordinate length of time it has already taken to bring the matter to this stage of the hearings before this Tribunal and the Respondent's quest for an orderly and timely determination of its Proposal as at February, 1999. Indeed, Counsel for the Respondent cited the many instances of delay on the part of the Applicant and its Counsel since the hearings on this matter began in August of 2000. Counsel reminded this Tribunal that the Applicant has continued since the date of the Respondent's Notice

in November, 1999, to build homes as a registrant despite the regulatory duties imposed upon the Respondent. It was stated by Counsel that many homes have been completed by the Applicant during this period of time and at the present time there are only three homes which constitute the work-in-process of the Applicant, one of which is the subject of an Agreement of Purchase and Sale, one of which is a completed model home awaiting a sale to a purchaser and one of which is in the course of being completed.

DECISION AND REASONS:

The decision of this Tribunal on the request for an adjournment by the Applicant must be fair and balanced between the parties since it is important to make an appropriate decision based upon the **main issues** of the Respondent's Proposal and the appeal by the Applicant. It would be inappropriate, therefore, to make a ruling the result of which would lay waste all the time, effort and expense spent by the parties to this date, or otherwise leave open the **main issues** to be determined at a later date through another process or another forum, thereby duplicating the expense. The current hearings on the issues to be determined by this Tribunal have to date involved some thirteen days of hearings not to mention the extra days of preparation and travel by Counsel, so that a ruling on the request for an adjournment of this case is peculiar to these specific circumstances and cannot be made lightly nor constitute a precedent.

The indication by both Counsel is that the case for the Respondent was concluded, or almost concluded, at the close of the previous day's hearing on May 3, 2001, and an estimate of the time necessary to take these hearings to an orderly conclusion is three or four further days of hearings. It would be unfortunate were the result of denying the Applicant's request to terminate effectively the hearings without presenting or understanding the Applicant's case due to the alleged temporary impecuniosity of the Applicant or its inability to present proper financial records and statements.

At the same time the ruling must move to an orderly conclusion of the **main issues** involved in the matter between the parties and not contribute in any way to an abuse of the process. Accordingly, it is the decision of this Tribunal to place certain conditions upon acceding to the request of the Applicant which must be strictly complied with by the Applicant within the time parameters set, otherwise the hearings will go forward with or without the case for the Applicant being effectively placed before this Tribunal.

Furthermore, it goes without saying that this Tribunal reserves its jurisdiction to make a decision on the **main issues** of the matter between the parties based solely upon the evidence and argument placed formally before this Tribunal during the course of these hearings without regard to the ruling on this adjournment.

This Tribunal has already given an oral ruling upon the request for an adjournment by the Applicant at the conclusion of the hearing in Windsor on Tuesday, June 5, 2001. However, due to the importance of this ruling and the necessary precision required to state the conditions imposed in writing, this Tribunal indicated to Counsel that a written decision would be released which would govern and to which the oral decision would be subject.

ORDER:

Pursuant to the authority vested in it by the Licence Appeal Tribunal Act, 1999, the Tribunal orders that the hearings in this matter be adjourned to and continued at 9:30 am, on Tuesday, August 21, 2001, at such location in Windsor, or elsewhere, as the Registrar of the Tribunal shall by written notice to the parties prescribe, and continue at such location, if necessary, on August 22, 23 and 24, 2001, subject to the following conditions, namely:

1. The adjourned hearings shall be pre-emptory as against the Applicant, and no further adjournment requested by the Applicant shall be entertained or granted;
2. The Applicant shall deliver to the Respondent on or before the close of business on Friday, August 10, 2001, current audited financial statements of the Applicant and net-worth financial information as of a recent date respecting the guarantors, which said statements shall be entered in evidence by the Applicant at the commencement of the continuation of the hearings;
3. The Applicant shall cease carrying on business as at this date and shall suspend all business operations until the date of the commencement of the continuation of the hearings, save and except for the orderly completion or winding-up of work-in-process as hereinbefore stated, the completion of any and all business transactions involving the said work-in-process or contracts for the sale and disposal of completed homes, any and all warranty work required and the completion of the financial statements and net-worth financial information hereinbefore specified.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Sasa Vorkapic o/a SGS Auto (hereinafter referred to as "the Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal based on the following terms and conditions:

1. The Applicant acknowledges and understands that he will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Applicant.
2. The Applicant further acknowledges that the restrictions concerning the activities of a salesperson referred to in these terms and conditions applies to buying, selling and leasing on behalf of a dealer. "Buying, selling and leasing" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase, sale or lease of a motor vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Applicant.
3. The Applicant agrees to maintain a sign at the Applicant's registered premise that will be visible to the public.
4. The Applicant agrees to operate exclusively from the location approved by the Registrar. The Applicant agrees to apply for the Registrar's approval, by way of prior written notice, of any change in location in the form required by the Registrar.
5. The Applicant agrees not to invite the public to deal at a place other than his approved location.
6. The Applicant will not conduct any purchases with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as an Applicant under the Motor Vehicle Dealers Act.
7. The Applicant will ensure that all advertisements placed by or on behalf of the Applicant will identify his registered name and the address of the location approved by the Registrar.
8. The Applicant will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
9. The Applicant will not purchase vehicles without ensuring that the vehicle is registered to the seller.

10. The Applicant agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
11. The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
12. The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or his authorized representatives.
13. The Applicant agrees that he is under a positive obligation to disclose all material facts in writing about the vehicles he sells to his customers. The Applicant agrees to make reasonable efforts to research the history of all his vehicles prior to sale to ensure all material facts are disclosed. The Applicant agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Applicant has sold, the Applicant will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
14. The Applicant will comply with the Ontario Motor Vehicle Industry Council's Code of Ethics and Standards of Business Practice. The Applicant agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required by the Motor Vehicle Dealers Act. The Applicant further agrees to provide free access to his books and records to any authorized representative of the Registrar.
15. The Applicant agrees that all books and records shall be kept at the Applicant's registered premise.
16. The Applicant agrees that all books and records relating to motor vehicles sold or leased by or on behalf of the Applicant before registration shall be kept at the Dealer's registered premise.
17. The Applicant will comply with all aspects of the Retail Sales Act with regards to filing, and ensuring all tax collections are accurately reported and remitted to the Minister of Finance when due.
18. The Applicant understands that his registration will be conditional for 60 days and may be cancelled by the Registrar, in accordance with Section 13(3) of Regulation 801. For the purpose of Section 13(3) of Regulation 801, these Terms and Conditions are part of the Applicant's application.
19. The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council's Automotive Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that he will pass the certification course within 60 days of having his registration reinstated pursuant to this Order.
20. The Applicant agrees that he will not be involved with the buying and selling of motor vehicles without the benefit of registration.
21. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred in the past or that may occur in the future related to his financial circumstances and his honesty and integrity.

22. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
23. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
24. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
25. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
26. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

373503 ONTARIO LIMITED O/A DURABLE CAR AND TRUCK SALES AND ANGELO VELLONE

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATIONS

TRIBUNAL: DAVID J. HUNT, VICE-CHAIR

APPEARANCES:

ANGELO VELLONE, appearing on his own behalf
A. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING:

June 19, 2001

Toronto

ORDER

Following attendances on June 19, 2001 at a hearing before the Licence Appeal Tribunal of Angelo Vellone, appearing on his own behalf and on behalf of 373503 Ontario Limited o/a Durable Car and Truck Sales (the "Applicants") and A. Michael Rothe, Counsel for the Registrar, *Motor Vehicle Dealers Act* (the "Registrar"),

WHEREAS no application for an adjournment was made prior to the hearing date but at the commencement of the hearing on June 19, 2001, the Applicant, Angelo Vellone, applied for an adjournment on the basis that shortly after receipt of the Notice of Hearing, he had retained as his counsel, Patrick Di Monte, who could not attend this hearing due to a conflict in his schedule;

NOW THEREFORE this Tribunal Orders that:

1. this matter is adjourned to commence at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, at 9:30 a.m. on Friday, July 27, 2001.
2. the summons issued for Robert WalRaven (Field Investigator) Ministry of Finance is to continue on July 27, 2001;
3. the Applicant, Angelo Vellone is to provide proof at the hearing on July 27, 2001, that he has made his best efforts to make full or partial payment of the Applicants' debt to the Ministry of Finance;

DYNASTY HOMES LTD.

DYNASTY HOMES LTD.

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES: RICHARD RUPP, Agent representing the Applicant
NETANUS RUTHERFORD, Counsel representing the
Registrar of the Ontario New Home Warranty Program

DATES OF
HEARING: May 30 and 31, 2001 Toronto

REASONS FOR DECISION AND ORDER

This is a hearing before the Licence Appeal Tribunal (the "Tribunal") arising out of a Notice of Proposal issued by the Registrar under the *Ontario New Home Warranties Plan Act* (the "Registrar", and the "Act") respectively. The Notice of Proposal dated January 23, 2001 proposed to refuse to renew the registration of Dynasty Homes Ltd. ("Dynasty" and the "Registrant") under the Act.

BACKGROUND:

The Registrar under the Act proposed to refuse to renew the registration of the Registrant, Dynasty. The grounds relied upon by the Registrar for the Proposal are set out below:

1. Pursuant to the provisions of section 10(3) of Regulation 892 under the Act, the Registrant has failed to complete, execute and deliver to the Registrar such form or forms of application and other document as required by the Registrar by letter dated December 8, 2000 for the renewal of the registration TO WIT;
 - (a) The Registrant has failed to provide the Vendor and Builder Agreements in duplicate as requested; the Registrant has failed to provide a completed 1999 financial statement; and the Registrant has failed to provide personal net worth statements from the guarantors together with supporting documentation to substantiate the assets listed as requested by the Registrar.

- (b) Pursuant to Section 5.1 of the Vendor/Builder Agreement dated October 21, 1996 signed by the Registrant, the Registrant agreed to enter into such further agreements with the Ontario New Home Warranties Program as the Registrar may require for the purpose of modifying or supplementing any of the provisions of that Agreement or for the purpose of superseding that agreement. The Registrant has failed to enter into further agreements as required by the Registrar.
- (c) The Registrant has failed to carry out its obligations under Section 1.3 of Regulation 894 which obliged the Registrant as a condition of its registration to diligently perform or cause to be performed all obligations imposed under the Ontario New Warranties Plan and under any agreement made with the Ontario New Warranties Plan in respect of the 'Program'.
- (d) The Registrant has failed to carry out its obligations under Section 1.5 of regulation 894 by not furnishing the Registrar with documents relating to the Plan as the Registrar may reasonably require.
- (e) The Registrant has failed to meet its obligations pursuant to Section 1.6 of regulation 894 by failing to provide such information relating to its financial affairs and position as the Registrar may reasonably require.
- (f) The Registrant has thereby failed to comply with Section 10(3) of Regulation 892 which requires the Registrant on the renewal of a registration to complete, execute and deliver to the Registrar such forms of application and other documentation as the Registrar may provide.

THE LAW:

Section 7(1)(c)(i) of the *Ontario New Home Warranties Plan Act* (the "Act"), states as follows;

7(1) An applicant is entitled to registration by the Registrar except where,

.....

(c) the applicant is a corporation and,

- (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or
- (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its undertaking will not be carried on in accordance with law and with integrity and honesty;

.....

Section 8(2) of the Act states as follows;

.....

- 8(2) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were an applicant, or where the registrant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts or is in breach of a term or condition of the registration.

Section 9 of Regulation 892 to the Act states as follows;

- 9(1) Each applicant desiring registration under the Plan shall complete, execute, and deliver to the Registrar such form or forms of application as the Registrar may require from time to time.

.....

- 9(3) The applicant shall furnish to the Registrar;

.....

3. Financial statements of the applicant and such other information relating to the applicant's financial affairs as the Registrar may require.

.....

5. Such additional documentation related to the application as the registrar may reasonably require.

.....

Section 10 of Regulation 892 to the Act states as follows:

.....

- 10(4) With each application for renewal of registration under the Plan, the applicant shall pay to the Corporation the prescribed renewal fee set forth in Schedule A.

CASELAW:

Brenner v Ontario (Registrar of Motor Vehicle Dealers and Salesman) 1983 O. J. No. 1017 Ontario Supreme Court-High Court of Justice Divisional Court

This was an appeal by the Registrar of Motor Vehicle Dealers and Salesmen from a decision of the Commercial Registration Appeal Tribunal in which the Tribunal directed the Registrar to grant a conditional registration to the Applicant who had a very serious criminal record which he had disclosed in his application but who had not disclosed three further convictions which were considered by the Registrar to be minor offences. The Tribunal heard evidence from a potential employer and a criminal lawyer who testified that the Applicant was rehabilitated. The court found that the Tribunal had not

applied the proper test and set out this test in paragraph nine of the judgment as follows:

"the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it thought to give him a second chance because there was the possibility that he, indeed, might have reformed himself."

The Court referred the matter back for re-hearing, stating:

"The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for the belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal".

V. Marques Construction Ltd. v Registrar of the Ontario New Home Warranty Program (Commercial Registration Appeal Tribunal) January 21, 1999

In this matter, the Registrar proposed to revoke the registration of the builder. The issues were whether the registrant could challenge a conciliation finding as part of the challenge of the reasonableness of the Registrar's Proposal; whether the Registrar had authority to require security at times other than the original registration or renewal, and if so whether it reasonable; whether the Registrar had authority to request financial statements from the registrant and the guarantor (the company president) of the registrant other than at the initial registration or subsequent renewal; and whether the Registrar is entitled to look at the entire history of the registrant when assessing the Registrant's standing.

The Tribunal adopted the reasoning of the decision in *Brenner* and found that the registrant did not have the right to request a hearing to review the decision of the conciliation. Registrants were found to be required under Regulation 894 section 3.3 to perform all obligations under any agreement with the Ontario New Home Warranty Program (the "ONHWP" and the "Program"), and under paragraph 4.4 (e) of the Vendors and Builders Agreement signed by the registrant, the registrant was required at the time of the initial registration or renewal to supply documentation including guarantees, surety bonds, letters of credit, statements of personal net worth, bank statements and any other documentation or records reasonably required by the Program. The provision stated that security could only be required at the time of initial registration or renewal, and the Program did not have authority to demand security in the circumstances of the case. There was evidence that the financial documents produced at the time of the last renewal showed that the registrant had "substantial equity", and it was therefore not reasonable for the Registrar to require updated financial statements from the guarantor. The Tribunal found that Regulation 894, section

5 gave the Program the power to request documents that were reasonably required by the Registrar, and section 6 of Regulation 894 gave the Registrar the authority to require financial information as reasonably required. This right to require financial information was not limited to the time of registration or renewal. The Registrar was found to have the right to examine the entire relevant history of the registrant. There was a failure by the registrant to indemnify the Ontario New Home Warranty Program, but that was not sufficient grounds for a Proposal, and the problems arose with one home and the amount of money involved was "fairly modest". The Tribunal found that there were not reasonable grounds for the Proposal, as there were no reasonable grounds to request security or financial statements on the basis of the financial information provided on the previous renewal. An Order was made requiring the registrant to indemnify the Program within 30 days, in default of which the registrant would be suspended until payment was made.

Ontario New Home Warranty Program V Lukenda (1991) 2 O.R. (3d) 675 (Ont. C.A.)

In this matter the Ontario New Home Warranty Program had required from an Applicant a third party guarantee. The court held that the Corporation for the purposes of the *Ontario New Home Warranties Plan Act* (the "Corporation") had the capacity of a legal person to require the guarantee as a term of the contract. The president of the applicant company had signed a Vendor/ Builder Agreement requiring documentation, guarantees, surety bonds, statements of personal net worth, bank statements, and other documentation reasonably required. The Program was found to have the capacity to require the guarantee and had the powers of a natural person unless specifically withdrawn. A broad and liberal interpretation of the enabling statute was found to be appropriate.

ISSUE:

The legal issue in this case is whether the Registrar was wrong in his decision to refuse to renew the registration of Dynasty on the basis that Dynasty had failed to provide the documentation requested by the Registrar.

WITNESSES FOR THE REGISTRAR

Mr. Gregory Baker testified that he is a Vice President Of Risk Management and also the Deputy Registrar of the Ontario New Home Warranties Program. He has been employed by the Program since 1997, and has held his present positions since 1998. Mr. Baker has a degree in finance and a law degree from United States as well as experience in industry.

Mr. Baker explained that the prior version of the Vendor/Builder Agreement was discontinued in April 2000. The earliest form of the agreement dates back to 1976 and the second version of the agreement came into use in 1987. Pursuant to paragraph 5.1 of the 1996 Vendor/Builder Agreement, the registrant agreed to enter any further agreements or superseding agreements as may be required by the Registrar.

On April 1, 2000, the Registrar began to use the new Builder Agreement and Vendor Agreement which replaced the earlier Vendor/Builder Agreement. Two separate agreements were developed to recognize that there are differences in the responsibilities for builders and vendors, and to try to simplify and modernize the

agreement. The two new documents are substantially the same with some minor differences. These agreements were developed in consultation with the industry, and as of May 29, 2001, four thousand seven hundred of the approximately five thousand registrants had signed the new agreements. Thirty registrants had refused, and the balance were still pending.

The Registrar's consultation process involved the Ontario Home Builders Association (O.H.B.A.) which is a provincial association of residential home builders formed in 1962 with approximately 3,500 members. Between 40% and 50% of these members are builders and vendors of residential homes. This consultation process began in 1995 when the Board of Directors of the Program formed a subcommittee which met four times per year, and made recommendations for changes in the Vendor/Builder Agreement. The committee included representatives from the O.H.B.A. who reported back to their members and brought the input of those members into the decision-making process. In November 1999, the liaison committee sent a communique to all registrants who had provided their fax numbers on their application forms, to get input on an individual basis from members who wished to bring their concerns to the attention of the committee. Mr. Baker did not think it was feasible to consult individually with each registrant and even though there was no obligation to get the input of the stakeholders, he chose to deal with a representative group and seek input from individual members at a later stage of the process.

Mr. Baker testified that the new Vendor Agreement, and Builder Agreement were much the same as the prior Vendor/Builder Agreement but they were clearer and codified many of the practices that were already in place.

Another purpose of the new agreements was to set out more of the important parts of the Regulations to make the process more understandable and make information available to builders who were unlikely to read the Regulations. Mr. Baker gave the example of the *Home Buyers Guide to After Sales Service* which had been published in some form since 1989, and was now being made available on the Internet. One of the changes in the new agreements was to codify an existing practice which allowed registrants an opportunity to correct information about them before publication of the guide. In his opinion, no new onerous obligations were imposed on the registrants, and some changes were required due to amendments in the Act.

Copies of the new agreements were sent to Dynasty for signature, but they were not signed and returned despite a request in a letter dated December 8, 2000 from Connie Vassallo the Manager of Licensing and Underwriting (Exhibit 3, Tab 14). In this letter, a request was made for the 1999 year end financial statements for Dynasty, up-to-date Personal Net Worth Statements from the guarantors with supporting documentation, signed copies of the new Vendor and Builder Agreements and a signed copy of the application form. Only the signed application form was returned.

In cross-examination, Mr. Baker agreed that only 30% to 50% of the registrants with the Program may be members of the O.H.B.A. and that probably over 50% of the members of the O.H.B.A. are actually builders. He testified that it was not reasonable to consult individually with all registrants, but even though the agreements could have been changed unilaterally, the Program decided to use a consultation process with a representative group of stakeholders.

Mr. Baker testified that although there was no specific provision in the prior Vendor/Builder Agreement for credit checks, it was a common practice, and was necessary to carry out the evaluation for the purposes of Section 7 of the Act which required the Registrar to assess the financial position of applicants for registration or renewal. Therefore, he did not see the new provisions in paragraph 1.4 of the Vendor Agreement (Exhibit 3, Tab 2) or paragraph 1.5 of the Builder Agreement (Exhibit 3, Tab 3) to be a change from the present practice.

Mr. Baker agreed that under the prior Agreement there was no specific power to copy documents as provided for in paragraph 3.1 of both the new Builder Agreement and Vendor Agreement, however in his opinion it did not change the existing practice. He agreed that there was no specific power in the regulations, as Regulation 894, section 1.2 simply allows access to books and records during normal business hours.

Mr. Baker agreed that paragraph 3.3 of the Vendor Agreement (Exhibit 3, Tab 2) which stated that the registrant could not sell and/or collect deposits on homes exceeding the number of homes permitted to be sold without the prior written consent of O.N.H.W.P was not in the prior Agreement or specifically in the Act or Regulations, but he testified that he had received opinions that this was the current practice and followed a legal interpretation of the Act. In his opinion, this was not a change but simply added clarity and specificity.

Mr. Baker agreed that under the prior Agreement there was no specific power for the Program to publish information concerning performance and compliance by builders. However, he stated that this was within the Program's powers as an independent non-profit corporation. The purpose of the existing practice was to protect the public from problem builders, and publishing this information was proper under the consumer protection mandate of the Program. Under the prior Agreement, there was no provision for the publication of the builders' names, addresses, fax numbers, and phone numbers. The witness testified that the information on the Web Site was in the prior publication and stated that the vendor/builder number is accessible on public documents such as building permit applications.

Mr. Baker agreed that paragraph 3.3 of the Builders Agreement (Exhibit 3, Tab 3) allowed the Program to limit the number of homes which could be constructed, and that under paragraph 3.1 of the prior Agreement (Exhibit 3, Tab 1) there was a similar power. He agreed that under Regulation 894, section 1.6(4), the Program is entitled to impose conditions for the construction of homes based on technical competence and financial ability, but he disagreed that this was an expansion of the Program's powers. He stated that the Program simply did not want to repeat the words of the Regulation verbatim and were trying to keep it short and understandable. The Program could already limit the number of homes based on the financial situation of the builder, so this paragraph did not change the existing practice. Under Section 7(2) of the Act, terms and conditions of registration could be imposed with the consent of the Applicant or by an order of the Tribunal, and the intent was to allow the builder to build wherever possible. If there were problems with the builder's finances, adequate guarantors would be required and limits could be put on the number of homes permitted to be built. In his opinion, paragraph 3.3 of the Builders Agreement would still be subject to the Act and Regulations, so the new Agreement did not change the existing practice.

Mr. Rupp, agent for the Applicant produced a copy of a Vendor Agreement (Exhibit 4b) and a Builder Agreement (Exhibit 4a) and pointed out that the publication date was

February 2000 and that the date of the agreements provided in the Program's materials (Exhibit 3) was April 2001. Mr. Baker agreed that the earlier agreements provided for deemed notice for the service of documents to be after three business days and that the newer agreements provided for a five day notice period which is consistent with section 20 of the Act. Mr. Baker explained that when the inconsistency between the original form of the new agreements and the Act was discovered, he ensured that it was changed in the later version and stated that anyone who signed the earlier form of the agreements with the three-day provision would be dealt with on the basis of a five day notice period rather than the three-day notice period in the agreements.

In redirect examination, Mr. Baker stated that credit checks were generally used with smaller builders who did not provide audited financial statements, or new builders who did not have a financial history. He explained that a credit check was only one factor in the evaluation, and that size, tenure, and financial statements were also considered. He stated that the Act is a consumer protection statute and that the largest risk to the consumer is from the financial failure of builders, since the consumer is limited to a claim of \$20,000 if the deposit is lost. Even though the Program had the power to do credit checks before, this was made specific.

Mr. Adil Darr testified that he is a Senior Underwriting Analyst for the Program and has held that position since 1999. He has a degree in commerce from the University of Toronto, and is a chartered accountant.

Mr. Darr makes risk assessments of the financial viability of builders to determine if they meet the standards for registration and whether any terms should be imposed. The assessment involves four factors which include the size of the builder (the number of homes), the tenure (the number of years of registration), the business and technical rating for after sales service, and the financial rating.

For the financial rating, Mr. Darr examines the equity position of the registrant and determines if guarantors are needed. Policy information on this is provided to builders in Builder Bulletin # 28. Each time there is an initial registration or a yearly renewal, this process is followed. He found that Dynasty was first registered on December 1996, and standard personal guarantees dated October 21, 1996 were provided by Richard Rupp and Marco Pereira. The Vendor/Builder Agreement was signed in 1996 by Richard Rupp on behalf of Dynasty. There were renewals of the registration in 1997 and 1998, and on November 1, 1998 a guarantee was signed by Phoebe Rupp and submitted with the application for renewal. Personal net worth statements would have been provided by Phoebe Rupp for her to be approved as a guarantor. Mr. Pereira had left the company, and the Registrar required a new guarantor even though the fact of leaving the company did not remove Pereira as a guarantor.

The 1999 renewal application was not granted as the financial statement provided was a combined financial statement for three companies. Mr. Darr did not consider this statement to be sufficient, and testified that it was not an up-to-date statement which permitted him to properly assess the financial viability of the Registrant. No personal net worth statements or supporting documentation were provided by the guarantors as requested. On February 7, 2000 a letter (Exhibit 3, Tab 8) was sent to Dynasty requiring the finalized 1999 year end financial statements for Dynasty together with up-to-date net worth statements and supporting documentation from the guarantors Richard Rupp and Phoebe Rupp. This information was not sent, and on February 24, 2000 another request was sent by the Program as the final notice.

On March 1, 2000 Mr. Rupp advised the Program by letter (Exhibit 3, Tab 10) that the 1999 year end had not been completed, and that the net worth statements for Phoebe Rupp and him were unchanged from 1998. Mr. Darr explained that he could not rely on verbal assurances on financial matters, and required the material requested to make a proper evaluation. On March 12, 2000 the Manager of the Licensing and Underwriting section, Connie Vassallo, sent a letter (Exhibit 3, Tab 12) to Dynasty advising that they wished to resolve the matter without a Notice of Proposal and explained that it was not possible to carry out the financial evaluation without the required information. On July 5, 2000, Mr. Rupp responded by letter (Exhibit 3, Tab 13) and stated that the 1999 financial statements were not completed, and that there were no fundamental changes since the 1998 statements which the Program already had.

On December 2, 2000, another Application for Renewal form was filed by Dynasty and no further supporting documentation was provided. With the 1999 and 2000 renewal applications still pending, a further letter was sent by Ms. Vassallo (Exhibit 3, Tab 14) again requesting a completed 1999 year and financial statement from an accountant, up-to-date personal net worth statements for the guarantors together with supporting documentation, signed copies of the Vendor Agreement and Builder Agreement, and a signed copy of the registration renewal. When the Renewal Application form was received, there was no supporting documentation but simply a notation that the 1999 financial statements were not yet available, there were no changes since 1998, the net worth of the guarantors was the same as on file, and there had been no building in 1999 -- 2000. In the opinion of Mr. Darr, this was still insufficient for him to make the required financial assessment.

In cross-examination, Mr. Darr agreed that if the registrant owns the shares of other corporations, they would be assets and taken into account, but he stated that a combined statement was not adequate for accounting reasons to assess the financial position of the one company individually. He agreed that personal net worth statements were provided in 1996 and 1997 and that the corporate financial statement was provided in 1997. Mr. Darr was also aware that the last home enrolled by Dynasty was in 1998 and that in the December 2, 2000 Renewal Application form, Dynasty did not propose to construct any homes. In the renewal application form, Mr. Darr agreed that paragraph 6(c) (Exhibit 3, Tab 15) required current financial statements "if available" or "interim statements". He also agreed that Dynasty had provided security deposits on the initial registration, and they were returned. To the question of whether there might be no change in financial position of a builder whose sole business is building and selling homes when no homes are built, Mr. Darr explained that it could be possible, but he would only be guessing and could not be certain. In his opinion, even though a signed application for renewal and a cheque were received, the application was not complete without the financial statements and up-to-date net worth statements.

In re-examination, Mr. Darr explained that even if the application for renewal shows that no homes are planned, it does not prevent the builder from building homes, and a financial assessment is required. Financial statements would still be required to show if the company had received money or paid debts as the construction of homes need not be the only business carried on by the company.

WITNESS FOR THE APPLICANT

Mr. Richard Rupp testified that he and his original partner supplied personal net worth statements when they applied in October 1996. They both signed guarantees, and he signed the Vendor/Builder Agreement. During their first year of business, Dynasty enrolled and built several homes, and provided security deposits as required. At the end of 1997, they received the renewal package with the application form, the blank personal net worth form and the request for financial statements. The required fee was paid, and the documentation was found acceptable and the removal was granted. From December 1997 to December 1998, Dynasty again built and enrolled homes, but after the closing of the last transaction in May 1998, Mr. Rupp bought out his partner's interest in the business. In 1998 he sent the renewal Application together with the financial statements as provided by the accountant, and his personal net worth statement as guarantor.

Mr. Rupp was notified by the Program that a further guarantor was needed as the partner had left the business, and they would probably not renew the registration with only one guarantor. Mr. Rupp had his mother act as a guarantor and provided the necessary personal net worth form. His understanding was that the issue of her guarantee could be revisited in the 1999 renewal, depending on the requirement for guarantors at that time.

After May 1998, no homes were enrolled or built, and another renewal package was received at the end of 1999. He sent in the renewal form together with the fee and a copy of his 1998 financial statement. The Program advised him that a 1999 financial statement was required, and he notified them that his 1999 financial statement was not yet prepared, that there had been no building activities, and that there was no structural changes in the company. In a letter dated June 14, 2000 (Exhibit 5), he advised the Program that the associated companies were owned by Dynasty Homes Ltd. and that their value should be added to the financial consideration. He requested another renewal package, and was advised that the 1998 and 1999 renewal applications was still on Ms. Vassallo's desk and the 2000 package had not been sent. He then contacted Ms. Julia Cook of the Home Builders Advocacy Association. On November 28, 2000, Mr. Rupp sent a registered letter (Exhibit 7) to Ms. Connie Vassallo enclosing his cheque for \$321.00 together with a letter from the Home Builder's Advocacy Association of Ontario and his inquiry why he had not been sent his 2000 registration renewal form.

The Program received Mr. Rupp's cheque on December 13, 2000 and within a few days Mr. Rupp received his renewal application form. Originally, he sent the form in unsigned, but later sent a signed copy. He did not send financial statements, the guarantees, or the Vendor and Builder Agreements. He simply noted on the form that the 1999 financial statements were not completed, that there were no changes since 1998, and that the net worth remained in the same as stated their file.

Mr. Rupp testified that despite the evidence from Mr. Baker that there was consultation with the Ontario Home Builders Association, he was never aware of the new Vendor Agreement and Builder Agreement proposed until he received the communique sent in 1999. By that time, he felt it was too late to have input, as it appeared to be already finalized. Had he known that this consultation process was in place, he would have joined the Ontario Home Builders Association in order to have input even if it was only one vote. In his opinion, the Ontario Home Builders Association was more of a social

organization for people to network and made up of not only builders but subcontractors, bankers, advertisers, and people in the legal community.

On the issue of the new Vendor Agreement and Builder Agreement, he stated that he had specific concerns. The agreements provided to him in the renewal package were different from the ones in Exhibit 3 and had different publication dates. Mr. Rupp said that there were differences between the agreements, and explained his objections to individual paragraphs.

His first objection was to paragraph 1.5 of the Builder Agreement (1.4 of the Vendor Agreement) in which the Registrant authorized the Program to obtain credit information without limiting the sources. He was concerned that inquiries would be made from sources that would be a problem for the builder.

The second objection was to paragraph 1.4 of the Builder Agreement (1.3 of the Vendor Agreement) which required the Registrant to provide information including any driver's license and birth certificate upon request to the Program. Mr. Rupp was concerned that this was beyond the scope of the Act or the Regulations, and was therefore unauthorized as it went beyond "piercing the corporate veil". He stated that he did not have a problem with the request for the statement of personal net worth.

The third objection was to paragraph in 1.8 of the Builder Agreement (1.7 of the Vendor Agreement) by which clauses in the Agreement remain in force and bind the Registrant despite any amendments or alterations or modifications to the Act or the Regulations until such time as the Registrant's obligations are fulfilled or any warranty and limitation periods have expired. He had concerns that the builder or vendor could be subject to terms in the Agreement even after changes in the Act or Regulations which meant that they were no longer legally required.

The fourth objection was to paragraph 3.1 in each Agreement which allowed the Registrar access during normal business hours to inspect books and records as in the earlier Agreement but added a power to make copies of all relevant portions of documents or records. Mr. Rupp testified that in his opinion this was beyond the power given in the Act or Regulations and onerous.

The fifth objection was that paragraph 3.3 of the Vendor Agreement prevented the Registrant from selling or collecting deposits on homes exceeding the maximum number (if any) permitted to be sold by the Program without obtaining prior written consent of the Program.

The sixth objection was to paragraph 3.5 in the Builder Agreement and the Vendor Agreement which required the Registrant to apply annually and to pay the required fee notwithstanding the delivery or nondelivery to the Registrant of the renewal form. In his opinion, this did not comply with Regulation 892, section (10)(3) which stated:

"Every Applicant for renewal of registration shall complete, execute and deliver to the Registrar such form or forms of application and such other documentation as the Registrar may provide from time to time."

The seventh objection was to paragraph 4.2 in the Vendor Agreement and Builder Agreement originally sent to him in which the notice period was three days and not the five days as provided for in section 20 of the Act. He did agree that in the more recent

version of the agreements as provided in the materials filed by the Program, the notice period had been changed to five days.

The eighth objection was to paragraph 4.3 in the new Vendor Agreement and Builder Agreement which authorizes the Program to report the Registrant's performance or compliance in a printed or electronic form available to the public. Mr. Rupp objected that this was beyond the terms of the Act or Regulations and oppressive.

The ninth objection was that paragraph 4.6 of both the Builder Agreement and Vendor Agreement would authorize the Registrar to publish the registrant's name, business address, telephone number and fax number. The Applicant was concerned that there could be security problems with the publication of the "builder number" on the Internet, and that the fax number could lead to the receipt of "junk faxes" as the information would be more widely available than it was with the publication of a booklet.

The tenth objection was that under paragraph 4.12, the Registrant requests that the Agreement and all related documents and instruments be written in English. He had concerns that if he was joined by a French speaking partner, this could cause a problem.

In cross-examination, Mr. Rupp testified that he was not sure if he read the Vendor/Builder Agreement that he signed in 1996 before he signed it, and was also not sure that he read the guarantee in 1996 before he signed it. He stated that Dynasty Homes is the name used by Dynasty Homes Limited and Dynasty Developments Ltd. and that the combined financial statement supplied to the Program included in the statement of Dynasty Homes Ltd. and two other wholly owned corporations.

On February 7, 2000 his accountants commenced preparation of the financial statement for Dynasty Homes Ltd. even though the fiscal year-end was in August. When he received the letter from the Program on February 7, 2000 (Exhibit 3, Tab 8) requesting the 1999 financial statement for Dynasty Homes Ltd., he said that his accountants had been working on it for one or two months. When he received the May 4, 2000 letter from the Program (Exhibit 3, Tab 11), they have left it "on the back burner" as they were busy. Despite this delay, he did not ask the accountants to speed up their work, or try to ensure that they were working diligently. He simply advised the Program that there were no structural changes.

Mr. Rupp stated that after the receipt of the further letter of December 8, 2000 (Exhibit 3, Tab 14) from the Program, he again did not ask his accountants to expedite the preparation of the statement.

Mr. Rupp was asked if he considered the combined statement sufficient after he received the letter of May 4, 2000 (Exhibit 3, Tab 11), and he stated that he did not. He testified that he did form the opinion that the Program should accept his statement that there were no changes in the financial situation. Mr. Rupp stated that he thought that it was unclear to the Program that the equity of the related companies should be taken into account for Dynasty Homes Ltd. He conceded that he was also unsure if he had actually read the 1998 combined financial statement, and agreed that nothing had been submitted since.

When Mr. Rupp was shown the Dynasty Homes statement of May 23, 1998, he was not sure that it was the statement submitted, and testified that he was not sure what was

combined in terms of the companies, assets, and liabilities. On June 14, 2000, he sent a letter (Exhibit 5) to Connie Vassallo at the Program stating that neither of the other two companies were building or selling homes in Ontario, and that their individual values had been added to the financial statements of Dynasty Homes Ltd. Mr Rupp agreed that at the time he sent this letter, he had not actually read the financial statement. When he was again asked if he had at that time formed the opinion that the combined statement was sufficient, he did not answer the question and stated that his accountants could not understand why it was not sufficient. He avoided answering the question when asked if he was prepared to give the Registrar the financial statement for Dynasty Homes Ltd. and instead replied that he had tried to clarify the situation with the Program.

Mr. Rupp testified that he had conversations with Connie Vassallo concerning the guarantee of his mother Phoebe Rupp and was told that the issue would be revisited on the renewal. There was no promise made that the guarantor would be released, as that decision would depend on the financial circumstances at the time of the renewal.

REPLY EVIDENCE:

In reply, Connie Vassallo testified that she is the Manager of Licensing and Underwriting at the Ontario New Home Warranties Program. She stated that she probably did have discussions with Mr. Rupp about an extra guarantor because Dynasty Homes would otherwise be placed under high security, and the extra guarantor could reduce the amount required. Ms. Vassallo stated that she would have explained that an assessment would be done each time there was a renewal, and there would be no automatic release of the guarantor. She testified that the letters received from Mr. Rupp did not change her mind on the requirement for the 1999 financial statement from Dynasty Homes Ltd. and up-to-date financial information from the guarantors.

FACTS FOUND PROVEN:

The Tribunal finds that the Registrant executed a Vendor / Builder Agreement on October 21, 1996 together with the required guarantees. On November 1, 1998 the further guarantee was provided by Ms. Phoebe Rupp together with adequate supporting financial information. A combined financial statement prepared on June 18, 1998 was submitted for 1999, and found not to be sufficient for the financial assessment carried out by the Program. Mr. Rupp wrote on the renewal forms for 1999 and 2000 that there were no changes in the financial situation for the Registrant or the guarantors, but these assurances were found to be inadequate by the Program and no supporting documentation was received despite repeated requests by the Program. No further financial statements for the Registrant or financial information for the guarantors has been submitted by the Registrant. Copies of the year 2000 versions of the new Vendor Agreement and Builder Agreement were sent to the Registrant for signature. They were not signed and returned as requested by the Program. When the Registrant filed the renewal applications in 1999 and 2000, the application fee was paid.

The Tribunal finds that Mr. Rupp had decided that the financial statements for Dynasty Homes Ltd. as a separate corporation would not be provided to the Program as requested. Even if there was initial confusion in his mind as to the sufficiency of the combined financial statement, it is clear that after letters were exchanged, he knew that an individual statement was required, and he took no real steps to obtain it despite

repeated requests. Even if his accountants were slow, as he said, his own evidence is that he did not ask them to produce the statements in a timely fashion. He refused to answer the questions when again asked if he thought the Registrar should accept the combined statement. It is clear from his actions that he had decided that his statement to the Program that there were no structural changes to the company should be sufficient. He did not provide interim statements or a further combined statement or direct his accountants to discuss the matter with the Program. Given the length of the delay, and the fact that no individual statements have been produced to date despite repeated requests, there can be no other conclusion than that his intention was to try to make the Program accept the combined statement from 1998 together with an assurance that nothing had changed in 1999 for the company or the guarantors. In his evidence, he carefully avoided saying that he would not produce the statements, but he has made his intent clear through his actions. While giving evidence at this hearing, he never offered to provide the required statements from the company or information from the guarantors.

The Tribunal finds that the Dynasty has also failed to sign the new Vendor Agreement and Builder Agreement as required by the Program under the terms of paragraph 5.1 of the original Vendor/Builder Agreement signed in 1996.

APPLICATION OF LAW TO FACTS:

The Act and the Regulations give Registrar registration authority under the Act but do not exhaustively set out every rule and procedure to be followed. A legislative framework has been established. The Registrar is entitled to take the necessary actions to carry out the goals of the legislation.

The new home building industry in Ontario is a regulated industry and vendors and builders of new homes are entitled to registration or renewal if they meet the requirements set out in the Act and Regulations. To carry out its duties under the Act, Registrar must be able to evaluate whether a builder or vendor will be a risk to the consumer and has established a method of assessing registrants. This includes financial assessments, technical assessments and the consideration of the prior behavior of the officers of the company. To do the necessary financial assessments, the Registrar requires up-to-date financial statements on registration or renewal to comply with the requirements of section 7(1)(a) and 7(c)(i) of the Act. Under these sections, the Registrar must make a determination of whether a registrant can be reasonably expected to be financial responsible in the conduct of its undertakings.

The Registrar has determined that up-to-date financial information is required for his analysis and will not simply accept the verbal assurances that things are fine or that nothing has changed since the last statements were filed. This Tribunal finds that the requirement for up-to-date financial statements for the registrant is reasonable and necessary to carry out the intention of the Act. Where the registrant does not individually meet the financial requirements set by the Registrar, this Tribunal finds that the requirement for guarantees is a common business practice, and is a reasonable method for the Registrar to carry out his obligations to protect consumers as required by the Act.

To require a guarantee without supporting documentation would give little or no assurance that it would be effective, and the Tribunal therefore finds it reasonable to

require supporting information. To request financial information from the company and supporting information for the guarantors on the renewal of registration is reasonable as financial situations may not remain constant, but may change dramatically from year to year.

The agreements give the Registrar access to books and which the Registrar requires registrants to sign records for inspections to provide confirmation of the financial integrity of a registrant. The new agreements also authorize the Registrar to publish information about the registrant's performance and compliance, and provides a mechanism for the registrant to challenge information prior to its release to the public. The original agreement signed by this registrant obliged the registrant to sign any new agreement as required so long as it is reasonable.

The new agreements were sent to the registrant for signature and were refused. If the new agreement is unreasonable, the registrant is not obliged to sign it to comply with the obligations under the initial agreement. The Tribunal must determine if the paragraphs complained of by the Applicant are reasonable in order to find whether the Registrant has complied with the obligations under the initial Agreement signed in 1996.

THE NEW AGREEMENTS

The Tribunal finds that paragraph 1.4 of the Agreements which permits the Program to obtain credit information from anyone is a clarification of an existing practice and is a normal industry practice for a corporation making a financial assessment, and is reasonable.

The Tribunal finds that paragraph 1.3 of the Agreements which requires in the registrant to provide such information as a driver's licence and birth certificate codifies an existing practice and is reasonable and necessary to properly carry out a bankruptcy search or a criminal records search for registration and renewal assessments.

The Tribunal finds that under paragraph 1.7 of the new Agreements the registrant agrees that all obligations will remain in effect notwithstanding the revocation of registration under the Act or any amendments, alterations, or modifications of the Act or Regulations until such time as the obligations of the registrant have been fulfilled or the warranty periods have expired. This is found to be a reasonable term in the agreements, as it ensures that the consumer will maintain the same level of protection from the time of the home being enrolled until the expiration of any warranty periods. This paragraph does not significantly change the obligations of the registrant from those under paragraph 5.1 of the 1996 Agreement.

The Tribunal finds that the power to make copies under paragraph 3.1 of the Vendor Agreement and Builder Agreement simply states an accepted practice that has developed under the inspection powers in the 1996 Agreement and which in any event would be reasonable to carry out the purposes under the Act and Regulations.

The Tribunal finds that paragraph 3.3 of the Vendor Agreement which restricts the Registrant from selling or collecting deposits on homes in excess of the maximum number of homes (if any) permitted to be sold by the Registrant without obtaining prior written consent of the Program, is reasonable and consistent with the authority of the Program under Regulation 894 sections 6.4 and 9 which gives the Program the power to limit the number of homes which the Registrant can build.

The Tribunal finds that paragraph 3.5 of the Vendor Agreement and Builder Agreement requiring annual renewal, obliges the registrant to use the prescribed form provided by the Registrar, but does not impose an obligation on the Registrar to convey it to the registrant. The Tribunal finds that when the form is made available by the Registrar to the registrant, the Regulation has been complied with. Even though the Registrar has developed a practice of sending forms, it is not required to do so by law.

The Tribunal finds that there is presently no problem with paragraph 4.2 of the Vendor Agreement and Builder Agreement concerning the giving of notice, as it has been amended to comply with section 20 of the Act.

The Tribunal finds that the reporting of performance and compliance by the Registrar is a standard practice that has been in place since the original *Home Buyer's Guide* was published, and is an acceptable practice due to the consumer protection nature of the legislation. This paragraph in both of the new agreements puts a registrant on notice that information will be made available to the public and formalizes the procedure for registrants to correct any errors before the guide is released.

The Tribunal finds that the publication of the name, address, phone number and fax number in the *Home Buyer's Guide* on the Internet is a reasonable way to provide information to customers, and outweighs any inconvenience to the registrants in being exposed to "junk faxes" or telephone calls or other forms of advertising.

The Tribunal finds that the Applicant is English-speaking and does not have French speaking partners. He requires the documents in English. In paragraph 4.12 of the new agreements, the registrant requests that documents and instruments be drawn in English. In the case of this registrant, this term is not unreasonable as he corresponds in English.

The terms of the Agreements are found by the Tribunal to be reasonable to carry out the objectives of the Act and the Regulations, and are within the jurisdiction of the Registrar for the purposes of registration or renewal. These changes simply clarify the existing practices which are within the jurisdiction of the Registrar, and have not materially different from the 1996 Agreement or the practices now in place. By failing to sign the new Agreements, Dynasty is in breach of the terms of the 1996 Agreement and is thereby in breach of Regulation 894, section 1.3 which requires Dynasty to diligently carry out obligations imposed under any agreement made with the Corporation in respect of the Plan.

THE PAYMENT OF THE FEE

The Tribunal finds that the payment of the renewal fee does not guarantee the automatic renewal of the registrant under section 10 (4) of Regulations 892. The Regulation requires Dynasty to provide full particulars of any changes in the facts set out in the most recent application for registration or renewal and requires the filing of any forms or other documentation provided by the Registrar. This renewal process therefore involves an evaluation of information, and a decision to be made by the Registrar. The fee is paid for the application process to take place, and not as a guarantee of the final result or it would defeat the purpose of requiring the decision by

the Registrar. There is no mechanism in the Act or Regulations for the return of the fee if the renewal application is not successful.

On the basis of these findings of fact and their application to the law, this Tribunal finds that due to the failure of Dynasty to meet its obligations under the Act, the Regulations and the Agreement signed in 1996, the Registrar was unable to carry out the financial assessment required, and obtain the necessary signed agreements. The Registrar could therefore not grant the renewal and the decision by the Registrar was not in error.

DECISION:

Therefore, by virtue of the authority vested in it under section 9(4) of the *Ontario New Home Warranties Plan Act*, the Licence Appeal Tribunal directs the Registrar to carry out his proposal to revoke the registration of Dynasty Homes Ltd.

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS **BACKGROUND**

1. Shawna Yoo-Kyung Park o/a Hana Travel and Tours (hereinafter referred to as the "Registrant") has been registered, under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") as a travel agent (registration number 3214945) since March 22, 1990.
2. The Registrant is subject to the prescribed terms and conditions of registration as are set out in Regulation 806/93 made under the Act (hereinafter "the Regulation"). The Registrant is required to participate in the Ontario Travel Industry Compensation Fund by making "Form 1" filings and providing corresponding payments, based on the Registrant's reported sales, to the Travel Industry Council of Ontario ("TICO"), within 45 days of the Registrant's fiscal year and fiscal half-year.

FORM 1 FILING – GROUNDS FOR THE PROPOSAL

3. By letter dated February 26, 2001, TICO advised the Registrant that it had failed to file its Form 1 and make the required payment for the period ended December 31, 2000, which was due on or before February 15, 2000. The Registrant was requested to submit the required filing by March 12, 2001.
4. On March 12, 2001, TICO provided the Registrant with a deadline to submit the required filing by March 26, 2001, failing which a proposal to revoke the Registrant's registration would be issued.
5. By April 6, 2001, the Registrant failed to submit its filing. On that date, the Registrar issued a proposal to revoke the Registrant's registration.

EVENTS AFTER THE ISSUANCE OF THE PROPOSAL

6. On April 27, 2001, the Registrant filed its Notice of Appeal with the Licence Appeal Tribunal.
7. On May 1, 2001, the Registrant made its Form 1 filing and payment of \$785.59 based on reported sales of \$2,732,468.00. The Registrant's total sales reported in its Form 1

filings for its fiscal year 2000 differed from those reported in the its financial statements for that year. There are also discrepancies between the sales reported in the Registrant's Form 1 filings and in its financial statements for the fiscal years 1998 and 1999. The total discrepancy in sales reported for 1998, 1999, and 2000 is \$6,930,094.00. If correct, the discrepancy represents a shortfall of approximately \$2,772.00 in the Registrant's payments to TICO.

8. By letter dated May 9, 2001, TICO advised the Registrant of the discrepancy in its reported sales and asked the Registrant to address the discrepancy by May 30, 2001. To date, the Registrant has not addressed the discrepancy.

COMPLIANCE HISTORY

9. The Registrant has a history of filing its Form 1 filings late, as summarized in paragraphs 10 through 18.
10. The Registrant's Form 1 filing for the fiscal half-year ended January 31, 1995, which was due by March 15, 1995, was filed on May 17, 1995.
11. The Registrant's Form 1 filing for the fiscal year ended July 31, 1995, which was due by September 15, 1995, was filed on December 20, 1995.
12. The Registrant's Form 1 filing for the fiscal half-year ended January 31, 1996, which was due by March 15, 1996, was filed on April 1, 1996.
13. The Registrant's Form 1 filing for the fiscal year ended July 31, 1996, which was due by September 15, 1996, was filed on October 2, 1996.
14. The Registrant's Form 1 filing for the fiscal half-year ended January 31, 1997, which was due by March 15, 1996, was filed on April 3, 1997.
15. The Registrant's Form 1 filing for the fiscal half-year ended June 30, 1998, which was due by August 15, 1998, was filed on September 24, 1999.
16. The Registrant's Form 1 filing for the fiscal year ended December 31, 1998, which was due by February 15, 1999, was filed on September 24, 1999.
17. The Registrant's Form 1 filing for the fiscal half-year ended June 30, 1999, which was due by August 15, 1999, was filed on September 24, 1999.
18. The Registrant's Form 1 filing for the fiscal half-year ended June 30, 2000, which was due by August 15, 2000, was filed on September 11, 2000.
19. The Registrant has a history of filing its financial statements late as summarized by paragraphs 20 through 28.
20. The Registrant's financial statements for its fiscal year ended July 31, 1991, which was due by October 31, 1991, were filed on September 3, 1992. These statements revealed a working capital shortfall of \$7,300.00, which the Registrant subsequently corrected.
21. The Registrant's financial statements for its fiscal year ended July 31, 1992, which was due by October 31, 1992, were filed on April 6, 1993. These statements revealed a working capital shortfall of \$26,642.00, which the Registrant subsequently corrected.
22. The Registrant's financial statements for its fiscal year ended July 31, 1993, which was due by October 31, 1993, were filed on November 12, 1993.

23. The Registrant's financial statements for its fiscal year ended July 31, 1994, which was due by October 31, 1994, were filed on December 2, 1994.
24. The Registrant's financial statements for its fiscal year ended July 31, 1995, which was due by October 31, 1995, were filed on December 8, 1995.
25. In 1996, the Registrant changed its year end to December 31st. The financial statements for that year, which were due by March 31, 1997, were filed on April 4, 1997.
26. The Registrant's financial statements for its fiscal year ended December 31, 1997, which were due by March 31, 1998, were filed on May 29, 1998
27. The Registrant's financial statements for its fiscal year ended December 31, 1998, which were due by March 31, 1999, were filed on June 18, 1999.
28. The Registrant's financial statements for its fiscal year ended December 31, 1999, which were due by March 31, 2000, were filed on April 28, 2000. These financial statements revealed a working capital shortfall of \$73,480.00 based on the Registrant's reported sales of \$5,262,719.00. The Registrant subsequently corrected this shortfall.
29. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

- (i) the Registrar refrain from carrying out the Proposal to Revoke Registration dated April 6, 2001;
- (ii) the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall complete its Form 1 filing for its fiscal half year ending June 30, 2001 and make all applicable payments to TICO by August 15, 2001, as required by section 47 of the Regulation;
 - (b) The Registrant shall complete its Form 1 filing for its fiscal year ending December 31, 2001 and make all applicable payments to TICO by February 15, 2002, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
 - (c) The Registrant shall complete its Form 1 filing for its fiscal half year ending June 30, 2002 and make all applicable payments to TICO by August 15, 2002, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
 - (d) The Registrant shall complete its Form 1 filing for its fiscal year ending December 31, 2002 and make all applicable payments to TICO by February 15, 2003, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
 - (e) The Registrant shall complete its Form 1 filing for its fiscal half year ending June 30, 2003 and make all applicable payments to TICO by August 15, 2003, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time.

- (f) The Registrant shall account for the discrepancy between its Form 1 sales and the sales reported in its financial statements, to the satisfaction of the Registrar, *Travel Industry Act*, by July 31, 2001;
 - (g) The Registrant shall file complete financial statements as required by section 24 of the Regulation, for the fiscal year ended December 31, 2001, no later than March 31, 2002;
 - (h) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for the fiscal year ended December 31, 2002, no later than March 31, 2003; and
 - (i) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for the fiscal year ended December 31, 2003, no later than March 31, 2004;
 - (j) If any of the Registrant's financial statements for its future fiscal years reveal a working capital deficiency, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency will be sent by registered mail to the Registrant.
- (iii) Should the Registrant fail to comply with conditions (ii) (a) to (j) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
- (iv) This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

Daniel Rivard
145 Ottawa Street
Kitchener, ON N2G 3T2

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Daniel Rivard and Reliable Car Sales Ltd. (hereinafter referred to as "the Registrants"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal based on the following terms and conditions:

1. The Registrants acknowledge and understand that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
2. The Registrants further acknowledge that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying, selling and leasing on behalf of a dealer. "Buying, selling and leasing" refers to showing a vehicle to a prospective purchasers or lessees or any form of negotiation concerning the purchase, sale or lease of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.
3. The Registrants agree to maintain a garage register in accordance with the *Highway Traffic Act* and will maintain all books and records as required by the *Motor Vehicle Dealers Act*. The Registrants further agrees to store its books and records at the location approved by the Registrar.
4. The Registrants will ensure that all advertisements placed by or on behalf of the Registrants will identify its registered name and the address of the location approved by the Registrar.
5. The Registrants agree not to invite the public to deal at a place other than its approved location.
6. The Registrants agree to comply with the premises requirements set out in the *Motor Vehicle Dealers Act*. The minimum premises requirements include posting a sign that is clearly visible to the public and maintaining an office for the purpose of conducting the business.

7. The Registrants agree to operate exclusively from the registered premises approved by the Registrar. The Registrants agrees to apply for the Registrar's approval, by way of prior written notice, of any change in registered premises address in the form required by the Registrar.
8. The Registrants will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a Registrant under the *Motor Vehicle Dealers Act*.
9. The Registrants will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
10. The Registrants will not purchase vehicles without ensuring that the vehicle is registered to the seller.
11. The Registrants agree to register all vehicles purchased within 6 days in accordance with the *Highway Traffic Act*.
12. The Registrants agree to meet all their financial obligations in accordance with the *Retail Sales Tax Act*.
13. The Registrants agree that they are under a positive obligation to disclose, in writing, all material facts about the vehicles it sells or leases to its purchasers or lessees. Material facts include, but are not limited to disclosure of salvage, previous salvage, accidented and repaired, frame damage and unibody damage. The Registrants agrees to make reasonable efforts to research the history of all vehicles prior to sale or lease to ensure all material facts are disclosed. The Registrants agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Registrants has sold or leased, the Registrants will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser or lessee.
14. The Registrants agree to conduct a thorough audit of all sales of used motor vehicles sold or leased within the last 1 year, and contact all purchasers or lessees who purchased or leased vehicles without full disclosure of material fact. The Registrants further agree to provide reasonable compensation to all purchasers or lessees of vehicles who purchased or leased same without full disclosure of material fact. The Registrants shall provide written proof that it has complied with this term of the Term and Conditions to the Registrar within 90 days of the date of this order. Said proof shall include a list of all vehicles sold or leased without full disclosure of material fact, copies of the purchase and sale contracts or lease contracts, and the nature of reasonable compensation made or offered to the purchasers or lessees.
15. The Registrants acknowledge and understand that their registration will not be used to buy or sell motor vehicles where the Registrants knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.

16. The Registrants agree to immediately enrol in the Ontario Motor Vehicle Industry Council's Automotive Certification Course and to be responsible for all fees in relation to enrolment. The Registrants further acknowledges that he will pass the certification course within 60 days of having his registration reinstated pursuant to this Order.
17. The Registrants acknowledge that the Registrar may take further administrative action, including a proposal to revoke its registration, arising from any matters that have occurred or may occur related to honesty and integrity or financial position.
18. The Registrants agree to comply with the Ontario Motor Vehicle Industry Council Code of Ethics and Standards of Business Practice.
19. The Registrants hereby consent to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
20. The Registrants agree and acknowledge that should either of the Registrants breach any of the terms and conditions set out herein, in a material or significant way, in whole or in part, the Registrar is directed to and shall carry out the proposal and the Dealer's and Salespersons' registrations shall automatically be revoked.
21. The Registrants hereby withdraw their appeal to the Licence Appeal Tribunal.
22. The Registrants hereby acknowledge that they have obtained or have had the opportunity to obtain independent legal advice with respect to their consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of _____, 2001.

(Signature) Reliable Car Sales Ltd.
I have authority to bind the dealership.

KUZYK

SHELLY ANN KUZYK

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: SHEENA MACASKILL, Vice-Chair,

APPEARANCES: SHELLY ANN KUZYK, representing herself
A. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF HEARING: May 2, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from Notice of Proposal dated November 29, 2000 issued by the Registrar of the *Motor Vehicle Dealers Act* (the "Act") to refuse the registration of Shelly Ann Kuzyk (the "Applicant") as a motor vehicle salesperson under the provisions of the Act.

The Registrar bases her Proposal on the provisions of section 6 of the Act as read with section 5(1)(b) of the Act.

THE FACTS:

The Tribunal received the testimony of Laura Gordon, Director of Compliance with the Ontario Motor Vehicle Industry Council ("OMVIC"). The Tribunal also received the evidence of the Applicant.

The Tribunal finds, pursuant to the evidence given in this proceeding, the following as proven facts.

1. The Applicant submitted an application for registration as a salesperson, which application was dated September 27, 2000. The Applicant signed the application immediately below a paragraph which read "NOTE: PLEASE ENSURE THAT YOU HAVE READ THIS SECTION IN FULL BEFORE SIGNING BELOW. IT IS AN OFFENCE UNDER SECTION 22(1)(a) OF THE MOTOR VEHICLE DEALERS ACT TO KNOWINGLY PROVIDE FALSE INFORMATION ON THIS APPLICATION.

At item 4 of the application, the following question is asked:

Do you have a current and valid Ontario drivers licence? Please provide an explanation if you have indicated that you will be buying or selling vehicles on behalf of the dealer but do not have a valid Ontario drivers licence.

The Applicant answered "yes" to this question.

At item 6 of the application, the following question is asked:

Are you engaged now or have you ever been involved in personal bankruptcy proceedings? If yes, attach a copy of the Assignment in Bankruptcy or proof of discharge.

The Applicant answered "yes" to this question and did attach a copy of a Certificate of Discharge dated August 28, 1998.

At item 9 of the application, the following question is asked:

Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes those instances where a conditional or absolute discharge has been ordered.) If yes, list all charges and/or convictions, and the circumstances surrounding each.

The Applicant answered "no" to this question.

2. By letter dated October 24, 2000, the Ontario Provincial Police wrote to the Registrar providing the results of a CPIC Data Bank check based on the Applicant's name and date of birth. The following criminal record was recorded:

Date and Place	Charge	Disposition
October 18,1991 probation	(1) public mischief	(1) suspended sentence and
	Sec. 140 (1)(A) CC	(2) probation 24 months
	(2) poss of property obtained by crime under \$1000 Sec. 355(B) CC	
March 31, 1995 probation	Forgery	Suspended sentence and
	Section 367 CC	18 months & 80 hours community Service work

In addition, entries on the CPIC Investigative Data Banks revealed that as of October 24, 2000, the Applicant was prohibited from driving because of outstanding unpaid fines.

3. By letter dated October 27, 2000 the Registrar wrote to Tim Bartolozzi, the dealer indicated on the application form, to inform him that the Applicant's conditional registration was cancelled. The Registrar's office asked Mr. Bartolozzi to review the matter with the Applicant. Further, the Applicant was asked to respond in writing to explain why the information concerning the criminal convictions was not disclosed and to provide the circumstances surrounding each charge or conviction.
4. By letter dated November 6, 2000, the Applicant wrote to OMVIC stating that she did plead guilty to a mischief charge. In her letter, the Applicant makes no mention of any other convictions. In her evidence, the Applicant stated that "Indu", the person with whom she spoke at OMVIC, only mentioned the mischief charge and therefore the Applicant made no mention of the other convictions.
5. According to the Applicant's driving record, filed as Exhibit 3, Tab 8, the Applicant's drivers licence was suspended eight times from 1996 to 2001 for non payment of fines. In addition, the Applicant has numerous convictions for driving offences, including speeding, disobeying a red light, failure to use a seat belt, following too close and failure to share the road. Exhibit 3, Tab 8 indicates that the Applicant's licence was suspended on August 17, 2000 and not reinstated until January 9, 2001.
6. In her evidence, the Applicant denied that her drivers licence had been suspended more than three times, or, if it had, she stated that she could not recall all of the suspensions. The Applicant stated that she believed that she did have a valid drivers licence on September 27, 2000 when her application for registration as a salesperson was completed.
7. The Applicant testified that she has been offered a job as a Business Manager at Kia of Hamilton. She has been employed at this dealership for approximately one year as an accountant/office administrator. She states that her employer is aware of her criminal record and driving record. At the time of her conviction for forgery in 1995, the Applicant states that she was in an abusive relationship and under the care of a psychiatrist for treatment of depression.

ISSUE:

Does the Registrar have reasonable grounds for refusing to grant registration of the Applicant as a salesperson?

THE LAW:

The relevant portion of the Act that is applicable to these proceedings is section 5(1)(b) which reads:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

- (a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or

- (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty;

.....

In *Brenner v Ontario (Registrar of Motor Vehicle Dealers)* (1983) O.J. No. 1017, the Divisional Court held:

...the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty.

APPLICATION OF LAW TO THE FACTS:

The Registrar based her refusal on three grounds. First, the criminal convictions which were economic in nature; one involving the proceeds of a theft and the second involving forgery to obtain drugs. Second, the fact of non and then incomplete disclosure by the Applicant of her criminal record and suspension of her driver's licence. Third, and to a much lesser extent, the Registrar relies on the Applicant's bankruptcy in November, 1997.

In her evidence, the Applicant stated that she was convicted for possession of stolen property in 1991 because her best friend stole some gold jewellery and then denied taking it. The Applicant stated that it came down to "her word against mine". In 1995, the Applicant was convicted of forging a doctor's prescription in order to obtain prescription medications because her abusive boyfriend was taking her anti depressant medications. The Applicant stated that she is no longer seeing a psychiatrist and that she has left the abusive relationship. In her submissions, the Applicant stressed that she has turned her life around and that she is much older and wiser since the date of the offences. While the Tribunal has taken note that the forgery offence was committed six years ago, there is no evidence that the Applicant feels any remorse for her actions. Infact, she continues to blame others for her troubles with the law.

The Tribunal is very concerned about the Applicant's extensive twelve year history of driving offences and her cavalier attitude towards her driving record. The Applicant gave no reason for her abysmal driving record other than to say that when she was younger, she was "wild and spoiled" and this is why she would speed and not wear a seatbelt. The repeated convictions for speeding, failing to obey a red light, failing to use a seatbelt, failing to share the road and following too close, show a reckless disregard for her own safety and the safety of others. The eight licence suspensions for non payment of fines show a high level of financial irresponsibility and a total disregard for the laws of the road.

The Registrar's second ground is the failure to disclose fully and completely. The Tribunal finds that the Applicant was not truthful in answering questions about criminal charges and convictions on the application form, nor was she truthful when asked to respond by letter to the information revealed by the CPIC check. Even if the Tribunal accepted the Applicant's evidence that she "forgot" about the criminal convictions at the time that she completed the form, she had ample opportunity to correct herself when

asked by OMVIC to respond in writing. Instead, the Applicant provided a half-truth and blamed an OMVIC employee for misleading her in a telephone conversation.

As stated by the Tribunal in *Moodie (Re)* (1998) O.C.R.A.T.D. No. 120, para. 12:

"While the subsequent failure to provide complete disclosure may also have been due to the lack of thoroughness on the part of the Applicant rather than an attempt to mislead, this too raises doubts about the Applicant's ability to carry on the business of a salesperson in accordance with the law."

The above principle is also applicable to the issue of whether the Applicant failed to disclose the fact that she had no valid drivers licence at the time that she applied for registration. Even if the Tribunal accepts that the Applicant was not aware that her licence had expired in August, 2000, Exhibit 3, Tab 8 shows that her eighth suspension occurred on January 30, 2001 which is one month after filing her appeal in this matter. Even after she was refused registration, the Applicant's behaviour did not change.

With respect to the third ground, counsel for the Registrar acknowledged that the Applicant did disclose the fact of her bankruptcy in 1997 and discharge from bankruptcy in 1998. However, counsel submitted that the bankruptcy, coupled with the continued and systemic driving offences and suspensions due to unpaid fines, provide cogent evidence of financial irresponsibility.

Section 5(1)(a) of the Act states:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business:

The Tribunal finds that the Registrar's decision is reasonably based on the Applicant's past conduct, non-disclosure and financial irresponsibility.

DECISION:

Pursuant to the authority vested in it by section 7(4) of the Act, the Tribunal directs the Registrar to carry out her Proposal dated November 29, 2000 to refuse the application of Shelly Ann Kuzyk for registration as a motor vehicle salesperson under the Act.

DATES OF	December 11, 12, 13 & 14, 2000 &	
HEARING:	January 15 & 16, 2001	Toronto

ORDER

PURSUANT to the provisions of the *Child and Family Services Act*, R.S.O. 190 Chapter 11 as amended, Mr. Duke Oliogu (the "Applicant") representing Danny's Place Support Services a.k.a. Onyeka Ventures appealed a proposal of the Director, under the *Child and Family Services Act*, (the "Director") dated July 4, 2000 to Refuse to Renew the licence of the Danny's Place Support Services Group Home under Section 195 and Section 196 of the *Child and Family Services Act*.

WHEREAS, the hearing was heard on December 11, 12, 13 and 14, 2000 at the Tribunal, and at the end of the day on December 14, 2000 the hearing was not completed and was to continue on January 15, 16, 17 and 18, 2001 at the Tribunal's Chambers;

AND WHEREAS, the hearing continued on January 15, 2001, and on the second day of hearing on January 16, 2001, counsel for the Respondent requested that the matter be adjourned due to the illness of a witness;

AND WHEREAS, counsel for the Applicant consented to the adjournment and additional dates were set;

This Tribunal Orders that:

- 1) The hearing in this matter is adjourned on consent of both parties to commence at the Tribunal's Chamber's, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario at 9:30 a.m. on Tuesday, February 6, 2001 and to continue February 7, 8 and 9, 2001, if necessary.

APPEARANCES:

B. EDWARD SOUTHCOTT, Counsel, representing the
Applicant

AVIVA R.HARARI, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING:

December 7, 2000

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal by Kenneth Maybee (the "Applicant") to the Licence Appeal Tribunal from a Notice of Proposal dated June 28, 2000, issued by the Registrar of the *Motor Vehicle Dealers Act* (the "Act") to revoke the registration of the Applicant as a salesperson.

The Proposal is based upon subsection 5(1) of the Act. The Registrar argues that the past conduct of the Applicant affords reasonable grounds for the belief that the Applicant will not carry on business in accordance with the law and with integrity and honesty, and that, having regard to the financial position of the Applicant, the Applicant cannot reasonably be expected to be financially responsible in the conduct of business.

FACTS:

The Applicant was born on November 10, 1952. He has been registered as a motor vehicle salesperson since 1983. Currently the Applicant is employed as a Used Car and Truck Manager at Michael Boyer Pontiac Buick in Ajax, Ontario.

The Applicant has owned and operated various auto sales businesses in Norwood, Ontario. The history and succession of these businesses is rather complicated. In 1983, the Applicant owned K & R Auto Sales which became Ken's Automotive Collision in 1989. In 1991, a fire destroyed a substantial portion of the Applicant's property. The Applicant used the insurance proceeds from the fire to expand his business, incorporating Norwood Auto Centre Ltd. This new company was registered under the Act as a motor vehicle dealer.

In 1996, the Applicant's ex spouse, Rosemary Maybee, registered Norwood Sales and Service as a motor vehicle dealer under the Act. Although it is agreed that the Applicant operated this business on behalf of Rosemary Maybee, he was never registered as a salesperson to Norwood Sales and Service.

In 1996, the Applicant incorporated 1160081 Ontario Inc. carrying on business as Norwood Auto Leasing. Norwood Auto Leasing has never been registered as a motor vehicle dealer under the Act.

Due to an unsuccessful business venture and ensuing financial difficulties, the Applicant was forced to close Norwood Auto Centre Ltd. in 1997. In the fall of that year, the Applicant formed a sole proprietorship known as Norwood Auto. This business was registered under the Act. The Applicant continued to operate this business until August, 1998. At or about that time the Applicant became bankrupt.

The Applicant's registration as a salesperson was transferred to Michael Boyer Pontiac Buick in September, 1998.

THE ISSUE:

The issue before this Tribunal is whether the evidence affords reasonable grounds for the Registrar's belief, and, as a result, whether the Registrar's Proposal should be carried out.

THE LAW:

Section 5 of the Act states as follows;

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

Section 6 of the Act states as follows;

6.(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 5.

(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitled the registrant to registration under section 5 if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.

THE EVIDENCE

(1) Past Conduct of the Applicant

Laura Gordon, Director of Compliance with the Ontario Motor Vehicle Industry Council ('O.M.V.I.C.') and Manager of O.M.V.I.C.'s Compensation Fund gave evidence on behalf of the Registrar.

Ms. Gordon stated that the Registrar based his conclusion that the Applicant will not carry on business in accordance with the law and with integrity and honesty on the following evidence:

- a) On April 13, 2000, the Applicant was convicted on a global count of possession of a number of motor vehicles, knowing that the vehicles were obtained by crime;
- b) The Applicant acted as a unregistered salesperson for Norwood Sales and Service;
- c) The Applicant is a director of 1160081 Ontario Inc. (Norwood Auto Leasing) which has never been registered as a motor vehicle dealer under the Act; and
- d) The Applicant failed to disclose his bankruptcy on his application form for re-registration to O.M.V.I.C. dated September 19, 1998.

Question 6 on the September 19, 1998 application (Ex. 8) states:

Are you now or have you ever been involved in personal bankruptcy proceedings? If yes, attach Assignment or Discharge papers.

The Applicant responded “no” to this question; however, documentation from the Applicant’s Trustee In Bankruptcy indicates that the Applicant filed a proposal under the Bankruptcy and Insolvency Act on July 2, 1997 (Ex. 7).

With respect to the criminal conviction, the copy of the information of Constable David Robinson, Ontario Provincial Police (Ex. 5, Tab 7) states that between April 1 and April 30, 1999, the Applicant had in his possession vehicles or parts from eighteen vehicles which were stolen, contrary to section 354(1) of the Criminal Code of Canada.

The transcript of the Applicant’s guilty plea before Mr. Justice R.P. Taillon on April 13, 2000 was filed before this Tribunal (Ex. 5, Tab 10). At page 3 of the transcript, the Clerk of the Court reads the charge:

CLERK: Kenneth Maybee you are charged between the 1st day of April 1999 and the 30th day of April 1999 in the Village of Norwood and elsewhere in the Province of Ontario, did have in his possession vehicles to wit: a 1994 Ford motor home, the property of Brian Roddy, a 1993 Ford Escort, the property of Renata Vesquez, a 1994 Ford Escort, the property of Lesley Brown, a 1998 Dodge truck, the property of Canadream Inc., a 1996 G.M.C. truck, the property of Abrams Towing, a 1998 Dodge truck, the property of Chrysler Insurance Canada, a 1997 Chevrolet Cavalier, the property of Norma Deacon, a 1997 Chevrolet Cavalier, the property of Jennifer Scaccia, a 1990 Chevrolet truck, the property of William Orange, a 1990 Chevrolet truck, the property of Ian Scott, a 1995 G.M.C. truck, the property of Designcrete Ltd., a 1997 G.M.C. truck, the property of persons unknown, a 1995 G.M.C. truck, the property of James Waite, a 1995 Ford Truck, the property of Cheryl Tower, a 1993 G.M.C. truck, the property of Laurie Balmer, a 1992 G.M.C. the property of Todd Fortney, of a value exceeding five thousand dollars, knowing that the said property had been obtained by the commission in Canada of an offence punishable by indictment, contrary to the provisions of section 354(1) of the Criminal Code of Canada.

.....

CLERK: How do you plead? Guilty or not guilty?

MR. MAYBEE: Guilty.

Further on in the transcript at page 11, the Judge addresses counsel for the Applicant:

BY THE COURT: Before we get to that, I take it from your comments that that Mr. Maybee does acknowledge the facts that have been alleged in support of the offence?

MR. BAKER: Quite right.

BY THE COURT: Is that correct Mr. Maybee?

MR. MAYBEE: Yes Your Honour.

Ms. Gordon testified that the Registrar is particularly concerned about the criminal conviction because it is an industry related offence committed at a time when the Applicant was registered as a salesperson. Further, the Applicant was convicted in April, 2000 – only eight months prior to this hearing.

The Applicant testified on his own behalf. He did not call any other witnesses.

The Applicant is divorced with two dependent children. His sixteen year old son lives with his ex spouse and his nineteen year old son lives with him. The Applicant has a grade 12 education. After graduating from high school, he began a mechanics training course for two years but left this vocation to work as a correctional officer at Warkworth Penitentiary. The Applicant stated that he rose in the ranks to a senior management position with significant responsibility. In 1989, after sixteen years service, the Applicant was offered a severance package and he retired from the correctional service. That same year he expanded his auto sales business by adding two bays, a mechanical shop and a body shop. In 1991, the Applicant built a “state of the art” building with ten bays, a showroom and house on the adjoining property lot. By 1993, the Applicant had twenty employees working at Norwood Auto Centre Ltd.

With respect to the criminal conviction, the Applicant describes himself as the victim of an unscrupulous group of car thieves who held themselves out as reputable businessmen from Quebec. The Applicant first became acquainted with Claude’s Autowreckers in 1993 through attendances at the insurance auctions in Ontario. Automobile insurance companies sell vehicles by auction that have been either damaged or stolen. There is no evidence before this Tribunal that the Applicant did not enjoy legitimate business dealings with Claude’s Autowreckers from 1993 to 1995. In the first few years, the Applicant purchased car parts for insurance vehicles that he had purchased at auction. The attractive service offered by Claude’s was the ability to supply “hard to find parts” for salvage vehicles. The Applicant stated that while not all parts were stamped with serial numbers, the parts that he received from Claude’s generally came with appropriate serial identification.

In 1996, Claude's Autowreckers announced that it had opened up its own body shop in Quebec. Accordingly, if the Applicant had a vehicle that required a part, Claude's would transport the vehicle to Quebec for installation of the part and complete repairs. The Applicant conceded that the labour costs were more expensive, however, he stated that the arrangement was often well worth it if he had a customer waiting to buy the vehicle. The Applicant also stated that he only used Claude's bodyshop service if he was too busy in his own shop.

According to the Applicant, he received approximately 200 vehicles from Claude's Autowreckers between 1996 and September 1998. He claims that he received ownership documents and bills of sale for all vehicles except the last vehicle received, a 1994 Ford bus, which was purchased by the Applicant at an auction in September, 1998. Claude's Autowreckers told the Applicant that it had the parts for the bus and could have the vehicle fixed within three weeks. When the vehicle was returned, it had been converted from a bus to a motor home without the consent or knowledge of the Applicant. The Applicant states that he noted no serial numbers on the motor home portion of the vehicle. When he made inquiries of the employees from Claude's Autowreckers, he was told that the motor home was a theft recovery vehicle. The Applicant stated that he had no suspicions at this time because it is not uncommon for serial numbers to be removed from stolen vehicles. However, when the Applicant asked for ownership papers, none were forthcoming. The Applicant claims that he "forgot" about the ownership papers over the winter. In April, 1999 he was in the process of transporting the motor home to Michael Boyers Pontiac Buick in Ajax when he was stopped by the police.

The Applicant takes the position that he did not comprehend the meaning of a guilty plea to the charge of possession of stolen property with a value over \$5000. He claims that he was ill advised by his then lawyer who never explained to him the circumstances or elements of the charge. The Applicant claims that he never knew that any of the vehicles were stolen. He erroneously thought that he was guilty of the offence because he was driving the motor home, which he subsequently learned was stolen, at the time he was stopped by the police. In other words, he believed that because he was driving a motor home that was stolen, he would be found guilty.

The Tribunal finds the Applicant's evidence on this issue wholly incredible for several reasons. Firstly, if the Applicant truly believed that he was guilty of possession of stolen property simply because he was driving the motor home, it does not explain why he pleaded guilty to the global charge involving seventeen other vehicles, one of which was parked on his ex spouse's property.

Secondly, the Applicant was employed as a correctional officer at Warkworth Penitentiary for sixteen years. Everyday he interacted with inmates who were convicted of Criminal Code offences and sentenced to periods of incarceration. It

is incomprehensible to this Tribunal that the Applicant did not understand the *mens rea* element of an offence for which he was charged, or, at the very least, question his lawyer closely regarding the ramifications of a guilty plea.

Thirdly, the Applicant related in detail the negotiations that took place between his lawyer and the Crown Attorney leading up to the plea bargain. According to the Applicant, these negotiations took place over a period of at least two days. Indeed, the Applicant was in receipt of the information several months before his sentencing and certainly had knowledge that the vehicles were stolen at least one year prior to the guilty plea.

(2) Financial Position of the Applicant

Ms. Gordon testified that the Registrar also has concerns regarding the Applicant's financial responsibility and this is the second ground for refusing to renew his registration.

An Insolvency Search done in June, 2000 reveals that the Applicant filed a Consumer Proposal under the Bankruptcy and Insolvency Act in 1997, which subsequently failed in 1998 (Ex. 5, Tab 9). The Applicant filed for bankruptcy on November 24, 1998 and, at the date of the hearing, remained an undischarged bankrupt. The Canadian Customs and Revenue Agency (formerly known as Revenue Canada) is contesting the discharge on the basis of allegations that the Applicant is hiding assets. The issue in dispute is a debt owed by Norwood Auto Centre Ltd. and/or Norwood Auto for GST monies. Counsel for O.M.V.I.C. filed a copy of the transcript of the bankruptcy discharge proceeding held before Mr. Justice Farley on March 26, 2000 (Ex. 5, Tab 15). In refusing to grant the discharge from bankruptcy, Mr. Justice Farley concluded at page 33:

"The bankrupt has demonstrated that he has played a shell game with respect to his finances. His books and records are incomplete and to the extent available are meaningless since he acknowledges that the accounts deal with matters for which they are not set up. Arrangements with respect to child support payments are, in my view, an exercise in fictitious bookkeeping."

The Applicant testified that he began to encounter financial difficulties in 1995 after he purchased an Esso service station. According to the Applicant, the Royal Bank reneged on an agreement to help finance the purchase. This resulted in the Applicant having to carry a large debt load, servicing the vendor take-back mortgage on the gas station and the cost of the improvements to the property. The Applicant stated that all of the money earned from Norwood Auto Centre Ltd. was invested in the gas station.

In 1996, the Applicant incorporated Norwood Auto Leasing. He stated that all of the vehicles used in the day to day business of Norwood Auto Centre Ltd. were

transferred to Norwood Auto Leasing. The Applicant claims that this was done to satisfy a property equalization claim brought by his ex spouse under the Family Law Act. According to the Applicant, property owned by Norwood Auto Centre Ltd. was rolled into Norwood Auto Leasing, then he assigned 100% of the shares in the new company to his ex spouse. Arguably, the other purpose of these transfers was to defeat creditors of Norwood Auto Centre Ltd.

In late 1996, when he still had not secured financing, the Applicant decided to put the Esso station up for sale. In December, 1996 the gas station was sold back to the original owner for \$15,000.

By this time, the Applicant had accumulated numerous bad debts to a variety of creditors. These debts and creditors are listed at Ex. 5, Tab 6. The Applicant stated that he attended Alan Lawson, Trustee In Bankruptcy, in 1997 for the purposes of filing a Consumer Proposal. The Applicant claims that this Proposal was accepted by his creditors; however, the Insolvency Search confirms that the Consumer Proposal was annulled on July 2, 1997 and failed on May 20, 1998.

The Applicant stated that during the winter of 1997-1998, creditors began re-possessing his equipment. This had the deleterious effect of preventing him from operating his business. Ultimately, the Applicant was forced into bankruptcy on November 24, 1998.

With respect to the discharge from bankruptcy, the Applicant testified that he is confident that the issue of the GST monies owing will be resolved by the summer of 2001, however he has produced no evidence to support this contention. He remains, as at the time of the hearing, an undischarged bankrupt.

The second factor causing the Registrar to be concerned that the Applicant will not act with financial responsibility relates to a claim made by Gerry McGowan to the O.M.V.I.C. Compensation Fund. Mr. McGowan is a contractor who was hired by the Applicant to perform work on the dealership as well as the Applicant's home. The Applicant and Mr. McGowan agreed that in return for the contracted work, the Applicant would "pay" Mr. McGowan by giving him vehicles that were worth the same amount as the work that was done.

According to a Statutory Declaration sworn by Gerry McGowan on April 18, 2000 (Ex. 5, Tab 11), three vehicles were paid as barter by the Applicant: a 1995 Ford Half Ton truck on November 13, 1998, a 1995 G.M.C. Truck on March 18, 1999 and a 1990 Chevy Truck on March 18, 1999. In May, 1999 the Ontario Provincial Police seized all three vehicles advising Mr. McGowan that they were stolen.

Unfortunately, Mr. McGowan's claim for compensation was denied. Ms. Gordon stated that this was because of specific language in the regulation to the Act which disqualifies claims that arise from "bartered" transactions. According to

Ms. Gordon, Mr. McGowan and his company were not deemed to fall within the definition of “customer” in the regulation.

By letter dated May 12, 2000, Yvonne Hallitt, Compensation Fund Administrator, wrote to the Applicant to advise him that Mr. McGowan had made a claim against the Fund in the total amount of \$53,125.19 on account of three vehicles purchased from the Applicant (Ex., Tab 12, pg. 25). By facsimile letter dated May 17, 2000, the Applicant responded to Ms. Hallitt:

"In June 1998 the Kawartha detachment of the O.P.P. charged me with 18 counts of possession of stolen vehicles. In the 10 years prior, I had bought and sold insurance salvage vehicles on a regular basis. It was alleged that the auto body repair shop/wreckers that we paid to repair the vehicles had turned to using stolen parts and stolen vehicles to do the repairs sometime in 1997. As I had used due diligence in all my dealings with them and all other dealers as well as the fact that I am a retired federal law enforcement officer my lawyer was confident in a full acquittal on all of the charges.

The prosecutor, knowing that I would win at trial offered my lawyer to settle the case by me pleading guilty to one count of possession of stolen property (covering all 18 vehicles) with a nine month term of probation. No fine, jail time or licensee suspension was asked for due to the fact that I was not involved in the theft and had no knowledge of what they were doing.

Due to financial costs (\$30,000) to win at trial I reluctantly agreed to the deal. As I was as much a victim as my customers in that I lost 9 of my own vehicles that were financed I was forced to file a consumer proposal/bankruptcy." (Ex. 5, Tab 12, pg. 26)

There are two statements made in this letter that are at odds with the viva voce evidence given by the Applicant. The Applicant testified that he pleaded guilty to possession of stolen vehicles because he did not understand the elements of the offence, ie. he did not appreciate that he had to have known that the vehicles were stolen. In the above correspondence, the Applicant states that he pleaded guilty to avoid the financial costs of a trial. Secondly, the Applicant testified that he was forced to file a Consumer Proposal/Bankruptcy in 1997 because of the failure to meet his creditor's demands after the Esso station was purchased. In the letter, he suggests that he was forced to file a Consumer Proposal after the police seized nine of his own vehicles that were financed. The evidence is uncontroverted that the Applicant's bankruptcy occurred on November 24, 1998 – long before the police seized any of the stolen vehicles.

It should also be noted that the Applicant makes no mention in his letter to Ms. Hallitt of making restitution for the significant financial loss suffered by Mr. McGowan. The Applicant did testify that a mechanic's lien had been registered by Mr. McGowan against the house, which is now owned by his ex spouse. He stated that once the house is sold, Mr. McGowan will be compensated.

APPLICATION OF LAW TO FACTS:

Section 6 of the Act provides that the Registrar may refuse to register an Applicant under the Act when the Applicant under section 5 cannot reasonably be expected to be financially responsible or the past conduct of the Applicant affords reasonable grounds for belief that the Applicant will not carry on business in accordance with the law and with integrity and honesty.

With respect to the issue of financial responsibility, the Applicant does not present an entirely unsympathetic picture. It would appear that up until 1995, the Applicant had a thriving and successful auto sales business. A poor investment choice by the Applicant lead to the downfall of his business and, it would appear, set the stage for all of the other difficulties that beset the Applicant. That being said, the totality of the evidence indicates that the Applicant has been the author of his own misfortune. It is the finding of this Tribunal that the Applicant is not financially responsible when it comes to monitoring and controlling his own personal and business related finances. He is an undischarged bankrupt with no clear plan to rectify his financial affairs. He showed little or no remorse for having caused significant financial loss to Gerry McGowan.

With respect to the Registrar's decision that the Applicant would not conduct business in accordance with the law and with integrity and honesty, it is the Applicant's past conduct and the cumulative effect of the past conduct which must be considered by this Tribunal.

The Tribunal should only refuse to direct the Registrar to carry out his proposal if it believes that the Registrar is in error in concluding that reasonable grounds exist for his belief. The case of *Brenner and the Registrar of Motor Vehicle Dealers and Salesmen* 19 CRAT SCO Decisions and Orders (1971-1989) sets out the test to be applied by the Tribunal as follows:

"The effect of Sec. 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with the law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that

Brenner would not carry on business in accordance with law and integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself."

It is critical that an Applicant show through a recent and sufficiently long course of conduct that he or she is a person to be trusted and not unfit to be registered under this Act. The Applicant is unable to satisfy this test. Insufficient time has passed since his conviction eight months ago, but more importantly, the Applicant refuses to accept responsibility for his actions. He continues to blame others for his criminal conviction. It is the Tribunal's finding that a greater amount of time is needed to persuade the Tribunal that the Applicant is truly remorseful and that he has established a new and reliable course of honest conduct in all his dealings.

Following the test set out in *Brenner*, the Tribunal finds that the Registrar was not in error in concluding that the past conduct of the Applicant affords reasonable grounds for the belief that he will not carry on business in accordance with the law and with integrity and honesty. He failed to disclose his bankruptcy proceedings on the 1998 application, he acted as an unregistered salesperson and he has a recent industry specific conviction against him.

DECISION AND ORDER:

Accordingly, pursuant to the authority vested in it by Section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his proposal to refuse the registration of Kenneth Maybee as a motor vehicle salesperson.

LICENCE APPEAL TRIBUNAL

Sheena MacAskill
Vice-Chair

Released: January 10, 2001

WATT

NOEL THOMAS WATT

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: E. ALAN GARBE, Vice-Chair

APPEARANCES:

NOEL THOMAS WATT, the Applicant,
AVIVA HARARI, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING:

October 5, 2000

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a notice of proposal dated May 16, 2000, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to revoke the registration of Noel Thomas Watt (the "Applicant") as a motor vehicle salesperson under the provisions of the Act. By Notice of Appeal dated May 23, 2000, the Applicant requested a hearing before the Licence Appeal Tribunal (the "Tribunal"). By Notice of Further or Other Particulars dated September 12, 2000, the Registrar provided further particulars for its proposal to revoke the registration of the Applicant.

REGISTRAR'S POSITION

It is the Registrar's position that the past conduct of the Applicant is inconsistent with the intention and objectives of the Act for the following reasons:

1. On or about July 8, 1997, the Applicant signed terms and conditions that stated that he must inform his employer and the Registrar in writing of any new charges or convictions which may be laid against the Applicant.
2. At the time of signing the said terms and conditions, the Applicant had the following convictions:

- (a) drive with more than 80 mgs of alcohol in blood - November 25, 1988; and
 - (b) drive with more than 80 mgs of alcohol in blood - February 6, 1989.
- 3. On or about June 2, 1999, the Applicant submitted an application to the Registrar to renew his registration and in response to Question 1C: "Are there currently any charges pending or has the applicant ever been found guilty or convicted under any law? If yes to any of the above questions and you have not previously disclosed this information in writing, attach particulars on a signed and dated statement.", the Applicant responded "yes" however, no written disclosure was provided.
- 4. A criminal history check revealed to the Registrar that the Applicant has the following convictions:
 - (a) theft over \$200.00 - September 6, 1978;
 - (b) forgery - September 6, 1978;
 - (c) drive with more than 80 mgs of alcohol in blood - November 25, 1988;
 - (d) drive with more than 80 mgs of alcohol in blood - February 6, 1989; and
 - (e) theft under \$5,000.00 - August 30, 1999.

In addition to the foregoing charges, the criminal record check also indicated that the Applicant was wanted by the Ontario Provincial Police, Whitby Detachment, for driving while prohibited with an offence date of February 28, 1989.

- 5. The Applicant failed to disclose all of his criminal convictions.
- 6. The Applicant has been convicted and fined under the *Income Tax Act*.
- 7. The Applicant has breached his terms and conditions of registration.

By Notice of Further and Other Particulars dated September 12, 2000, the Registrar gave notice to the Applicant that further information had come to the attention of the Registrar relating to the fitness for registration of the Applicant which further particulars are as follows:

1. The Applicant provided a false document to the Registrar's office in support of the hearing before the Tribunal.
2. The Applicant failed to make full disclosure on applications submitted to the Registrar's office.

THE EVIDENCE:

Mary Jane South, Deputy Registrar and Director of Operations of the Ontario Motor Vehicle Industry Council ("OMVIC"), after providing a history of her employment with OMVIC and the purpose of OMVIC, testified that the proposal to revoke was based on three primary matters:

1. the Applicant's non-disclosure;
2. the nature of the convictions against the Applicant; and
3. the Applicant's income tax conviction.

Ms. South provided a history of the Applicant's registration which appears at Tab 21 of the Book of Disclosure which was entered as Exhibit 4 in these proceedings and which indicates that the Applicant was originally registered on April 8, 1983, which registration was terminated on November 2, 1992.

On or about June 16, 1997, the Applicant applied for registration or reinstatement, which application appears at Tab 12 of Exhibit 4 and was received by OMVIC on June 18, 1997 (the "1997 Application").

Ms. South testified that in completing the 1997 Application the Applicant answered "no" to Question 10 which asks: "Have you ever been found guilty or convicted of an offense under any law or are there any charges pending? This includes where a conditional discharge or an absolute discharge has been ordered. If yes, attach full particulars on a separate signed and dated statement. Note: Where the applicant has been previously registered, list only those convictions, conditional discharges, absolute discharges or charges which have not been previously disclosed."

Ms. South stated that a criminal record check was requested and received by OMVIC dated June 23, 1997, which is at Tab 13 of Exhibit 4 and discloses the two previously referred to convictions for driving with more than 80 mgs of alcohol in blood dated November 25, 1988 and February 6, 1989 and that the Applicant was wanted by the Whitby Detachment of the Ontario Provincial Police for driving while prohibited.

Ms. South testified that on June 24, 1997, OMVIC sent to the Applicant its standard form of letter where OMVIC has received a criminal record check indicating that there are charges against an individual of the same name and date of birth requesting that if there are any charges and/or convictions which were not disclosed to please explain in writing why they were not disclosed and the circumstances surrounding each charge or conviction.

The Applicant's response to that letter is a letter dated June 26, 1997, at Tab 15 of Exhibit 4 wherein the Applicant states that he was a little confused by the aforesaid letter from OMVIC and that the only thing that he believed OMVIC could be referring to was an impaired charge in 1989 and another charge in 1990 which was dropped. The letter also states that the Applicant's reason for not referring to the impaired charge was that he had honestly forgotten that it was a criminal offence.

Ms. South testified that by letter dated July 5, 1997, a copy of which appears at Tab 16 of Exhibit 4, the Applicant wrote to Tim Snell at OMVIC referring to a conversation between Mr. Snell and the Applicant and enclosing a copy of a letter from the Applicant's lawyer stating that the matter of the warrant was being looked after and that the Applicant hoped this would satisfy OMVIC. Further, by letter dated July 8, 1997, appearing at Tab 17 of Exhibit 4, Tim Snell of OMVIC wrote to the Applicant advising that the Registrar had approved the Applicant's application for registration however, as had been discussed in a telephone conversation between the parties, because of the impaired driving charges in 1988 and 1989, such approval was subject to terms and conditions and a copy of the said terms and conditions was attached to OMVIC's correspondence. A copy of the terms and conditions dated July 8, 1997 signed by the Applicant and the Applicant's dealer/employer is at Tab 17. Ms. South stated that the signed terms and conditions were received by OMVIC from the Applicant with the letter to OMVIC dated July 9, 1997, a copy of which appears at Tab 18 of Exhibit 4.

Ms. South testified that a renewal form was sent to the Applicant and received back from him on June 2, 1999 and that in response to Question 1.a), "Are there currently any charges pending or has the applicant ever been found guilty or convicted under any law?", the Applicant responded "yes" but did not provide a signed and dated statement as requested in the renewal form.

It was Ms. South's testimony that, in response to a consumer complaint received by OMVIC with respect to the Applicant, a criminal record check was conducted in April 2000 and a copy of the criminal record check response, dated April 17, 2000, appears at Tab 7.

The criminal record check discloses that in addition to the two driving while impaired charges in November 1988 and February 1989, there were convictions on September 6, 1978 in Leduc, Alberta for theft over \$200.00 and forgery for which the Applicant received six weeks detention and 18 months probation

concurrently on each offence and a conviction on August 30, 1999 for theft under \$5,000.00 in Kamloops, British Columbia with a disposition of one year conditional sentence and restitution of \$60,375.00. In addition to the foregoing, the criminal record indicated that the Applicant was on probation for the theft under \$5,000.00 conviction and uttering forged documents with a starting date of August 30, 1999 through to August 29, 2000. Copies of the indictment for the offences of theft and uttering forged documents appear at Tab 8 of Exhibit 4 and the order of the Supreme Court of the Province of British Columbia ordering the Applicant to pay restitution in the amount of \$60,125.00 to the B.C. Insurance Company and \$250.00 to Kamloops Lincoln Mercury appears at Tab 9.

In addition to the foregoing, Ms. South testified that OMVIC received a copy of an information laid against the Applicant which contained nine counts with respect to the making of false or deceptive statements in the Applicant's individual tax returns for the 1994, 1995, 1996 and 1997 taxation years and that the Applicant willfully evaded or attempted to evade payment of taxes imposed under the *Income Tax Act* for the 1996 and 1997 taxation years. The Applicant was convicted on Count #9 of the aforementioned information and ordered to pay a fine of \$28,325.00 with the first of two payments in the amount of \$10,000.00 to be paid forthwith and the balance of \$18,325.00 to be payable by March 31, 2003.

Ms. South testified that when the Notice of Appeal dated May 23, 2000, which appears at Tab 3 of Exhibit 4 was received, there was attached to it an Application for Employee Registration or Reinstatement dated November 25, 1997, which contained a notation that there were "Also pending charges to be dealt with in B.C. in Jan/99." It was Ms. South's evidence that OMVIC had no record of ever having received such an Application for Employee Registration or Reinstatement from the Applicant. Ms. South testified that in November 1997, OMVIC was not aware of the charges against the Applicant.

It was Ms. South's evidence that the Registrar was concerned about the serious nature of the recent convictions and the apparent fraudulent behaviour of the Applicant. It was Ms. South's position, on behalf of the Registrar, that the Applicant had failed to advise OMVIC of his convictions or pending charges during the two year period of the terms and conditions of his registration; had submitted a false document with the Notice of Appeal; and that the type of charges against the Applicant clearly indicated a lack of honesty and integrity.

On cross-examination, Ms. South was asked if the document appearing at Tab 20 of Exhibit 4 being a Notice of Employee Change was double-sided and why the backside of that document had not been produced. Ms. South responded by indicating that the reverse side is similar to the second page of the document at Tab 19 which is also a Notice of Employee Change and that this form does not ask any questions about criminal convictions. Ms. South, when questioned about the procedure where a salesperson's employment with a dealer is terminated

and the salesperson does not apply for a Transfer of Registration within 60 days, referred to Regulation 801 of the Act, Section 13(10). It was Ms. South's testimony that the Notice of Employee Change appearing at Tab 20 was not processed until March 17, 1998 as indicated on the Applicant's registration history appearing at Tab 21 of Exhibit 4.

Ms. South testified, in response to the suggestion that OMVIC had received the document at Tab 4 but sent it back because it was the wrong form, that if OMVIC had received the form, it would have been date-stamped even if it was subsequently returned and the document at Tab 4 was not date-stamped.

Ms. South confirmed that the terms and conditions were in place for a two year period from July 16, 1997 to July 16, 1999. When her attention was drawn to the notation on page 2 of the information appearing at Tab 10 that states: "Summons to issue June 7, 1999", Ms. South acknowledged that OMVIC had no way of knowing when the Applicant learned of the charges contained in the information appearing at Tab 10.

The Applicant testified that on September 30, 1997, he was placed in custody and taken back to Kamloops, British Columbia and not permitted to return to Ontario until November 21, 1997. After his return on November 25, 1997, the Applicant filled out an Application for Reinstatement. It was the Applicant's testimony that he asked his employer what he should say with respect to the situation in British Columbia and it was his employer's suggestion that he merely say there were pending charges.

The Applicant stated that he subsequently learned that he did not need to fill out an Application for Reinstatement and filled out the Notice of Change appearing at Tab 20. When he had not received his licence, the Applicant's employer called and sent the form in again and that is why the notation on the form "Att Chris copy of what was sent to you last year." appears on that document.

The Applicant testified that his employer was fully aware of the charges including the charges in 1976 and the pending charges for theft and that the Applicant was not aware of the charges for theft and forgery until after August 30, 1999, when he returned to British Columbia which was after the two year period for the terms and conditions had expired.

The Applicant testified that a Notice of Employee Change had been sent in after his employer had been contacted by OMVIC and told that the Application for Reinstatement was the wrong form. Further, that the letter that was attached to the letter appearing at Tab 16 of Exhibit 4 was a letter from the Applicant's lawyer saying that those charges relating to the warrant had been dismissed.

When asked on cross-examination as to the whereabouts of the original form which was faxed to OMVIC with the Notice of Appeal, the Applicant advised that

the file was with a paralegal and he did not have the original nor did he have a copy of the cheque which the Applicant indicated would have been sent by his employer.

With respect to the charges in British Columbia, the Applicant testified that he was the general sales manager at Kamloops Lincoln Mercury where there was a "scam" being carried out with respect to deposits and that the \$60,000.00 amount which appears in the Restitution Order at Tab 9 of Exhibit 4 represented the amount of the deposits received for leased vehicles which were cashed and he admitted that this amount has not been repaid.

With respect to the fine levied pursuant to the Fine Order appearing at Tab 11 of Exhibit 4, the \$10,000.00 has been paid and that the \$18,325.00 would be paid by 2003.

With respect to the Applicant's non-disclosure of the theft over \$200.00 and forgery offences for which he was convicted in September 1978, it was the Applicant's position that these offences had been pardoned and that the pardon had not been revoked until August 1999. The Applicant testified that these charges related to automobile parts and that the forgery related to a note with respect to automobile parts. A copy of the pardon was tendered and made Exhibit 5 in these proceedings.

With respect to his negative answer to Question 10 on the Application filed on June 16, 1997, appearing at Tab 12 of Exhibit 4, the Applicant testified that this was a mistake as he did not believe that the impaired driving charges were criminal offences.

Tom Onaczyszyn was called as a witness for the Applicant and stated that he is the general manager of Woodstock Auto Brokers. The witness identified the letter dated September 6, 2000, addressed "To Whom it may Concern" with respect to the Applicant which was made Exhibit 6 in these proceedings. The witness testified that he thought that when an employee changed positions, an Application of Employee Registration form was to be sent to OMVIC and that there was a fee involved but he did not have a copy of the cheque paid when the document at Tab 4 was sent to OMVIC.

The witness testified that it was his suggestion that the Applicant indicate that charges were pending. With respect to the Notice of Employee Change, the witness testified that this had originally been sent but there had been some sort of mix-up and had to be re-sent and that it was his recollection this occurred about three years ago. The witness testified that he was aware of the terms and conditions appearing at Tab 17 of Exhibit 4 and knew of all of the charges set forth in the criminal record check appearing at Tab 17. The witness testified that he had known the Applicant since the mid-1980's.

On cross-examination, Mr. Onaczyszyn stated that Woodstock Auto Brokers was involved in both the wholesale and retail aspects of the automobile business but had concentrated on wholesale over the last few months and that the Applicant looks after the dealership. The witness testified that the Applicant was successful at what he does and helps make the business profitable. The witness had met the Applicant at Royal Chevrolet Oldsmobile where the Applicant previously worked and understood that there had been a conflict between the Applicant and his employer and the witness had hired the Applicant after his employment was terminated with Royal Chevrolet Oldsmobile.

The witness testified that the Application of Employment Registration appearing at Tab 4 was the form filed when the Applicant changed from Royal Chevrolet Oldsmobile to Woodstock Auto Brokers and that he provided the form and had several blank copies in his files. The witness was unclear as to whether the document had been dated at the time that he signed it.

The witness reiterated that it was he who told the Applicant to state that there were pending charges because, as he understood it, the charges had not been laid but he knew about what the witness referred to as the "income tax thing." The witness did not know who had paid the \$175.00 fee for filing the application.

The witness did not recall if the Application for Employee Registration appearing at Tab 4 of Exhibit 5 had been returned and had no correspondence with respect to the form however, he indicated that he did get a call and faxed back the form appearing at Tab 20. The witness indicated that he was aware of the *Income Tax Act* issues when the Applicant had to go to British Columbia in September of 1997.

FACTS FOUND PROVEN:

The following facts are found by this Tribunal to have been proven:

1. The Applicant was originally registered in 1983 which registration terminated in 1992.
2. By application dated June 16, 1997, the Applicant applied for registration and completed an Application for Employee Registration or Reinstatement and in response to Question 10 with respect to whether he had ever been found guilty or convicted of an offence, the Applicant answered "no."
3. At the time the Applicant made his application in June 1997, he had two convictions for driving with more than 80 mgs of alcohol in his blood, the first being November 25, 1988 and the second being February 6, 1989 and that he was, at that time, wanted by the Whitby Detachment of the Ontario Provincial Police for driving while prohibited.

4. Notwithstanding his failure to disclose his convictions in the 1997 Application, the Applicant was permitted to be registered with terms and conditions which included a requirement that the Applicant, if criminally charged in the future, would notify the Registrar of the charges filed against him and also agreed not to transfer his registration as a salesperson to another dealer without first obtaining the approval of the Registrar and that he would voluntarily surrender his registration, if in the opinion of the Registrar, the Applicant had breached any terms and conditions set out in the document setting forth the terms and conditions under which his registration was granted. The terms and conditions were for two years from July 16, 1997 to July 16, 1999.
5. The Applicant's employment with Royal Chevrolet Oldsmobile was terminated on October 2, 1997 and a notice to that effect was filed with OMVIC on or about October 8, 1997 by Royal Chevrolet Oldsmobile.
6. There is no record in the files of OMVIC that the Application for Employee Registration appearing at Tab 4, Exhibit 4 was ever received by OMVIC prior to receipt of the Notice of Appeal.
7. The only record in the files of OMVIC of the Notice of Employee Change whereby the Applicant changed employers from Royal Chevrolet Oldsmobile to Woodstock Auto Brokers was received on March 17, 1998.
8. The Applicant did not obtain the Registrar's approval prior to the transfer of his registration to Woodstock Auto Brokers.
9. The Applicant was found guilty of the charge of committing theft of cheques in the City of Kamloops on August 30, 1999.
10. The Applicant was ordered, pursuant to the finding of guilt with respect to the charge of theft under the Criminal Code, to pay \$60,125.00 to the B.C. Insurance Company and \$250.00 to the Kamloops Lincoln Mercury. That money has not been paid.
11. The Applicant was convicted on the charge that he willfully evaded or attempted to evade the payment of taxes imposed under the *Income Tax Act* and was ordered to pay a fine in the amount of \$28,325.00.

ISSUE:

The issue before this Tribunal is whether or not the Registrar has erred in proposing to revoke the registration of the Applicant under the Act.

LAW:

The authority granted to the Registrar is provided in subsection 5(1)(b) of the Act which states:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

- (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty;

.....

The Registrar has the onus of proof to satisfy the Tribunal that the Registrar has reasonable grounds to believe that the registration of the Applicant should be revoked.

The question to be determined is whether the past conduct of the Applicant provides the Registrar with reasonable grounds for the belief that the Applicant will not carry on business as required by section 5(1)(b) of the Act. It is the Registrar's belief which is at issue in these proceedings not that of the Tribunal.

In order for the Tribunal to carry out its responsibilities pursuant to the Act, the Tribunal must review the decision of the Registrar by examining the allegations of the Registrar with respect to the activities of the Applicant and to consider such allegations in light of the evidence given by the Registrar and the Applicant with respect to those allegations.

The leading case of *Brenner* 19 CRAT SCO Decisions and Orders (1971-1989), page 59, is a decision issued on April 7, 1983 where the Divisional Court overruled a decision of this Tribunal. Southey J. states that the Registrar proposed to refuse registration because of the existence of the specific circumstances set out in Section 5(1)(b) of the *Motor Vehicle Dealers Act*:

The effect of Section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and

with integrity and honest. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed might have reformed himself.

Due to the particular facts in this case Southey J. sent it back for a rehearing, however, adding in the third last paragraph:

The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

Therefore, it is not sufficient for the Tribunal to reach a conclusion that it would have exercised the discretion differently from the way in which the Registrar did. Clearly, in order to overrule the Registrar the Tribunal must conclude that the Registrar was wrong in his decision and that the conduct of the Applicant does not afford reasonable grounds for his belief based upon it.

The above principle was affirmed by the Divisional Court in *Faccenda* [1994] 26 CRAT Part II 1050. In *Faccenda*, the Divisional Court, again on appeal from this Tribunal quashed a decision to direct a Registrar not to carry out his Proposal. At page 1051 the Court held:

It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought that the Registrar was in error in his belief.

APPLICATION OF LAW TO FACTS:

Having considered the evidence given at this hearing, the Tribunal finds that the Application for Employment Registration dated November 25, 1997 which was included with the Applicant's Notice of Appeal was never previously received by OMVIC and was only created by the Applicant to provide the appearance that the Applicant had, by inserting the words: "Also pending charges to be dealt with in BC Jan/99", provided notice to the Registrar in accordance with the terms and conditions which the Applicant had entered into in July 1997. Therefore, the Applicant failed to notify the Registrar of these charges as he was required by the terms and conditions.

When one considers the Applicant's criminal record as it stands today, there are charges dating back to 1978 which relate to the theft of auto parts and forgery

and charges in 1999 relating to incidences which occurred in 1995 and 1997 in Kamloops, British Columbia relating to the Applicant's activities in the automobile industry in that province which provide reasonable grounds for the revocation of the Applicant's registration.

In addition to the Applicant's criminal record, there is the conviction under the *Income Tax Act* for having willfully evaded or attempted to evade the payment of income taxes which raises real concerns that the Applicant will not carry on business in accordance with the law.

Returning to the matter of the terms and conditions, it must be noted that the Applicant clearly breached the terms and conditions by failing to seek the Registrar's consent for his change of employment to Woodstock Auto Brokers. The issue of the timely filing of the Notice of Employee Change appearing at Tab 20 of Exhibit 4 has not been satisfactorily explained by the Applicant.

In applying the evidence placed before the Tribunal to the relevant legal principles, the Tribunal finds that the Registrar has satisfied the onus of proof that the past conduct of the Applicant did afford reasonable grounds for Registrar to believe that the Applicant would not carry on business in accordance with the law and with integrity and honesty.

DECISION AND ORDER:

Accordingly, pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealer Act*, the Tribunal directs the Registrar to carry out the Registrar's proposal dated May 16, 2000 to revoke the registration of Noel Thomas Watt as a motor vehicle salesperson under the Act.

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: WILLIAM McINTOSH, Vice-Chair

APPEARANCES:

AMIN SHOUKRI, Agent, representing the Applicant
MITCHELL GOLDBLOOM, Counsel, representing the
Registrar, *Motor Vehicle Dealers Act*

DATE OF
HEARING:

November 1, 2000

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal brought by Sam Behnamy (the "Applicant") to the Licence Appeal Tribunal from a Proposal of the Registrar of *Motor Vehicle Dealers Act* (the "Registrar") dated June 7, 2000 proposing to refuse the registration of the Applicants under the *Motor Vehicle Dealers Act* R. S.O. 1990, c. M. 42 and Regulations as amended (the "Act"). The Registrar stated in the proposal that the refusal was based upon the belief that due to the past conduct of the Applicant, he would not meet the Act's requirements to be financially responsible in the conduct of business and to carry on business in accordance with the law and with honesty and integrity.

FACTS:

The Particulars listed in the Notice of Proposal included the fact of the cancellation of a 1999 Registration as a Motor Vehicle dealer granted to the Applicant in August of that year. The cancellation occurred approximately 6 weeks after having been granted and within the conditional period set out in section 13(1) of the Act.

Additional particulars included the following assertions:

1. On or about May 2, 2000 a further application for registration was made by Sam Behnamy o/a Silver Auto.
2. Sam Behnamy provided false information on his application in that he failed to disclose a conviction *for contravention of* Section 198(1) of the *Bankruptcy and Insolvency Act*.
3. Sam Behnamy filed an assignment in Bankruptcy on August 14, 1997, and cannot reasonably be expected to be financially responsible in the conduct of business.

ISSUES:

The issue before the Tribunal is whether the Registrar erred in his decision to refuse registration to the Applicant under the Act.

THE LAW:

Section 6(1) of the Act grants to the Registrar the power to refuse an application for registration. It reads:

6.(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 5.

.....

Section 5 outlines the exceptions to the entitlement of registration to an applicant. It reads:

(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or

(b) the past conduct of the applicant affords reasonable grounds for the belief that the applicant will not carry on business in accordance with the law and with integrity and honesty;

EVIDENCE:

Counsel for the Registrar submitted there was evidence to support the Registrar's decision on both of the exceptions stated in section 5 even though as the section is written disjunctively, evidence supporting the grounds in either (a) or (b) would be sufficient for the Tribunal to enter a finding directing the Registrar to carry out the proposal to refuse the registration of the Applicant.

In the view of the Tribunal, the most serious allegations against the Applicant is that he provided false information to the Registrar on his application form. Counsel submitted that this should constitute sufficient grounds for the Registrar exercising his discretion to refuse to grant a registration in that such conduct is clear evidence that the Applicant will not carry on business "with honesty and integrity" as provided for in section 5(1)(b).

In the spring of 2000, the Applicant applied to become registered under the Act . He was to file both a registration on behalf of his company Silver Auto and an individual registration for himself. He obtained the relevant application forms for each. The application filed on behalf of Silver Auto was signed by Mr. Behnamy as owner on April 26, 2000, and his individual application was signed April 28. Both applications were received by the Registrar May 2, 2000. Both were entered as exhibits. Mr. Behnamy was listed on page 2 of the company's application as the person who was to have "effective control of the day to day operations of the dealership".

Question 9 on Mr. Behnamy's individual application states:

"Have you ever been found guilty or convicted of an offence under any law or are any charges pending?"

There is a note after this question to the effect that checks will be made and that it is an offence under the Act to submit false or incomplete information and that doing so will result in disqualification. Mr. Behnamy checked off the "no" answer.

The Applicant had filed an assignment in bankruptcy August 14,1997.

The Registrar entered into evidence at the hearing before this Tribunal a certified copy of the record of the conviction of the Applicant dated March 24, 2000 on a charge of obtaining credit by false representation while an undischarged bankrupt, in contravention of Section 198(1) of the *Bankruptcy and Insolvency Act*. The record shows that the Applicant was convicted on one count of 15 and was granted a conditional discharge and 3 years probation with restitution at \$200.00 per month until the amount of \$7,200.00 is repaid.

On cross-examination, the Applicant admitted to the conviction as presented in evidence.

The Registrar upon receipt of the applications checked the Applicant's answers with the Ontario Provincial Police, and by letter of May was informed by the OPP of a conviction in the Applicant's name. A letter dated June 6, 2000 was in turn forwarded to the Applicant requesting verification of the fact of the conviction and a response. The Applicant responded by going to the offices of the Respondent and offered an explanation, verbally and in writing which included the assertion that he did not think all questions needed to be answered, that he was in a rush when the application form was being filled out, and that he only spent 5 minutes filling out the information. The Respondent was apparently less than satisfied with the explanation and issued the Notice of Proposal dated June 7, 2000 proposing to refuse the registration of the Applicant.

When cross-examined upon the events surrounding the filling out of the application, the Applicant could not square his testimony regarding his apparent haste and the fact that the applications had a lapse of 7 and 5 days respectively between their completion and their reception by the Respondent. The Tribunal finds the testimony of the Applicant on the issue of the false application not credible as an explanation.

Ms. Laura Gordon, Director of Compliance at the Ontario Motor Vehicle Industry Council, who testified on behalf of the Registrar was asked as to the position of the Registrar regarding false information on application forms. She testified that it is taken seriously as the application form is the only real contact between the regulator of the industry and the registrants who are granted the right under the Act to deal with the public.

The Respondent further submitted that pursuant to section 5(1)(b) of the Act, the entirety of the Applicant's past conduct is to be taken into account in arriving at a finding on the issue of his fitness to become a registrant under the Act. On this point, Ms. Gordon outlined the circumstances surrounding the cancellation of the Applicant's registration as a motor vehicle dealer granted in 1999. That registration was granted pursuant to an application signed by Mr. Behnamy on June 15, 1999 and is dated stamped as having been received by the Respondent on June 19. As a registrant, the Applicant agrees to abide by the terms and conditions under which the registration is granted. These were provided in writing to Mr. Behnamy and signed by him on August 3. As with the application in 2000, Mr. Behnamy completed two application forms, one for the Silver Auto dealership and another required under the Act for all persons with an interest in the dealership as salespersons, proprietors, directors or other listed affiliations. As with the April 2000 applications, questions are asked regarding the legal position of the applicant. One of the questions related to the status of the applicant company and individual in relation to the laws of bankruptcy. Mr. Behnamy apparently understood the meaning and import of the questions as he answered correctly on both forms; namely, that the corporation had not been involved in bankruptcy proceedings but that he personally had been. Despite this fact, a registration was granted to Mr. Behnamy.

All registrations under section 13(3) of regulation 801 of the Act, are conditional for 60 days. During this conditional period, investigations were carried out by members of the Respondent's staff. Two sets of reports entitled "Inspection Findings" were issued, one dated August 8 and the other September 2. The August 8 report has noted on it that it was left on the dealer's premises. The September 2 report has the signature of Mr. Behnamy in the "Acknowledgment" section. This section states that the signature is only notice of the receipt of the inspection report, not an admission of findings of non-compliance.

In his report of September 2, the one acknowledged by Mr. Behnamy as having been received, Mr. McKenzie, a member of the Registrar's staff, found contraventions of the conditions of Silver Auto's registration. Mr. Behnamy testified that he was told by a person at the neighbouring dealership that Mr. McKenzie had indicated to him that these contraventions were a failure to register a car within 6 days of purchase and a salesman from another dealership selling Silver Auto's cars. Mr. Behnamy also testified that one month after receiving his registration, he departed for Iran on account of a family illness and that when he had been there two weeks he had received word that his registration had been cancelled. He further stated that he returned to Canada two months later. There was confusion in the testimony of Mr. Behnamy in that he claims to have learned of Mr. McKenzie's findings from his neighbour when his signature appears on McKenzie's inspection report of September 9. The Tribunal found unconvincing Mr. Behnamy's testimony on cross-examination as to his whereabouts during this period.

DECISION AND REASON:

The Registrar has the burden to prove that he had reasonable grounds for his belief that the Applicant can not reasonably be expected to be financially responsible in the conduct of business and would not carry on business in accordance with the law and with honesty and integrity as required by the Act.

Counsel on behalf of the Registrar led evidence as to the fitness of Mr. Behnamy to become a registrant based upon the entirety of his past conduct. This evidence centered around his activities as a conditional registrant in 1999. The Registrar granted his conditional registration in the full knowledge that he was an undischarged bankrupt. Accordingly, the Tribunal cannot find that this history, in itself, can be the basis for the Registrar's belief that the Applicant would not carry on business in a financially responsible manner.

The Applicant failed to disclose the fact of a conviction under the *Bankruptcy and Insolvency Act* on his application form to become a registrant as required by the Act. The Applicant subsequently admitted the conviction. He had filled out similar forms the previous year, at a time when he did not have a conviction, and had answered correctly. The Tribunal finds that the Applicant could not reasonably be said to have been confused by the application form. In addition, the Tribunal finds that the Applicant offered no acceptable reason for failing to

disclose the conviction despite the fact the application form stated that such failure to disclose is an offence under the Act and would result in the disqualification of his application.

The Tribunal accepts the evidence of Laura Graham, called on behalf of the Registrar, that the honesty of disclosure by persons seeking to become registrants under the Act is extremely important to the Registrar who is to ensure that only trustworthy people become entitled to deal with public. Ms. Graham said that the application form is the primary connection between the Registrar and the applicant. The proper administration of the Act requires that the Registrar require the persons who apply for registration be honest. It is equally obvious that the Registrar should act upon knowledge that persons seeking to become registrants have not been forthright. Where a person conceals the very information necessary for the Registrar to make an informed opinion as to the fitness of the person to do business honestly, the Registrar is justified in considering that as a ground to refuse that person registration under the Act.

There was evidence introduced in the form of inspection reports of Mr. McKenzie, an employee of the Respondent, that certain conditions of the Applicant's conditional registration had been breached. Apparently on this basis the 1999 registration was canceled. Mr. Behnamy receipted one of these inspection reports which contained findings that he breached his registration by failing to register cars in his own name within 6 days of their purchase and by allowing a salesperson from a neighbouring dealership to offer for sale his cars. Mr. Behnamy claims to have been in Iran when these findings were made despite the fact that his signature appears on the inspection report.

The Applicant submitted that evidence relating to the 1999 cancellation registration should not be taken into account as evidence of past conduct upon which the Registrar relies to form his belief that the 2000 registration should be cancelled. The seriousness of the breaches of the conditions which led to the 1999 cancellation registration had already been adjudged by the Registrar by the very act of the cancellation. The Applicant argued that the 1999 cancellation must be ignored otherwise every attempt at re-registration would fail because the Applicant's past conduct has already resulted in a previous cancellation. The Tribunal does not feel it necessary to rule on this point or any other save that of the non disclosure of the Applicant on his application form as to his conviction under the *Bankruptcy and Insolvency Act*. The Tribunal finds for the reasons stated that this is sufficient grounds upon which the Registrar could form a belief that the Applicant would not carry on business in accordance with the law and with honesty and integrity.

ORDER:

Therefore, by the authority vested in it by section 7(4) of the *Motor Vehicles Dealers Act*, the Tribunal directs the Registrar to carry out his proposal to refuse the registration of Sam Behnamy o/a Silver Auto.

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *REAL ESTATE AND BUSINESS BROKERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: F. BRUCE FITZPATRICK, Vice-Chair

APPEARANCES:

V. Charles Anipare, Counsel, representing the Applicant
George Drametu, Counsel, representing the Registrar of the
Real Estate and Business Brokers Act

DATE OF HEARING: November 14, 2000 &
January 25, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated June 15, 2000, issued by the Registrar of the *Real Estate and Business Brokers Act* ("the Act") to refuse to grant the Applicant, Linda Ohrstrom-Coelho ("the Applicant") her registration as a real estate salesperson. The refusal was based on the opinion of the Registrar that the Applicant cannot reasonably be expected to be financially responsible in the conduct of business, and past conduct of the Applicant provides a reasonable ground for the belief that the Applicant will not carry on business in accordance with law and with integrity and honesty. The Applicant requested a hearing before this Tribunal.

A pre-hearing in the matter was held on September 25, 2000. Certain facts were agreed to at that time. The hearing commenced on November 14, 2000. At that time, counsel for the Applicant, Mr. Anipare was seriously ill and could not attend. The matter was adjourned peremptorily to the Applicant to January 25, 2001.

THE FACTS:

The facts were not seriously in dispute between the parties. At the pre-hearing certain facts were admitted as follows:

1. The parties to the hearing are the Applicant and Registrar.
2. The issues to be dealt with at the hearing are contained in the Proposal of the Registrar.
3. The Applicant admits that:
 - (a) the judgment against the Applicant in favour of Canada Trustco Mortgage Company referred to in the Registrar's Book of Documents has not been paid by the Applicant as to the principal sum of such judgment, as well as costs and accrued interest.
 - (b) Davhill Investments obtained a judgment against the Applicant in 1996 in the sum of \$2,286.00.
 - (c) in January 1998, she was tried and convicted of the crime of fraud over \$5,000.00 and that pursuant to such conviction she was put on probation for a period of three years and was required to pay restitution of \$15,000.00.
 - (d) she has been charged with breach of the above probation order.

Prior to the commencement of the hearing, the counsel for the parties agreed to admit a series of documents. All documents that each of the parties intended to rely on were admitted.

The Tribunal heard oral evidence from Brian Schlotzhauer, the Assistant Registrar, and from the Applicant, who testified on her own behalf. Based on the evidence presented before it, the facts previously agreed and the documents tendered the Tribunal finds the following facts have been proven.

1. The Applicant was first registered as a salesperson under the Act on or about May 6, 1982. Her registration under the Act had been renewed from time to time. She applied for registration in 1998. That application was under consideration when, by way of another application dated May 19, 2000, the Applicant applied to reinstate her registration as a salesperson.

2. In the early 1990's, the Applicant fell on some hard times. In the course of her financial difficulties, the first mortgage on a condominium she owned, went into default and the first mortgagee, Canada Trust, took steps to sell the property by way of a power of sale. There was a shortfall on the amount of the mortgage debt following the sale. The Applicant was very distressed and did not contest the proceedings taken by Canada Trust. Canada Trust obtained judgment against the Applicant on or about July 5, 1993. As of May 1994, the amount of the judgment was in the order of \$31,796.41.
3. The Applicant also had several civil judgments for payments of money made against her during the 1990's. One judgment on behalf of Davhill Investments for \$2,286.00 was recently settled. A second judgment debt on the part of Canada Trust in respect of a credit card was also settled by the time of the hearing.
4. As at the date of the hearing, the judgment in favour of Canada Trust in respect of the deficiency on the mortgage debt is now approximately \$50,000.00. No payments have been made by the Applicant in respect of this outstanding judgment and the Applicant offered no plans to retire this debt. The Applicant cannot afford to pay the judgment.
5. In or about September 1997, the Applicant was charged with defrauding the Municipality of Metropolitan Toronto Community Services Department, Social Services Division, of a sum of monies of a value exceeding \$5,000.00 contrary to the *Criminal Code*.
6. The Applicant pled not guilty to the charge and was tried. On January 27, 1998, the Applicant was found guilty of the offence and given a conditional discharge with probation for three years. Also, there was a restitution order made that the Municipality was to be repaid the sum of \$15,000.00.
7. The Applicant made a small payment with respect to the restitution order, but it then went into default. She was subsequently charged with breach of probation. That matter was before the courts as at the time of this hearing. The Applicant retained a solicitor, Susan Hunter, to deal with this matter. There was no written documentation provided from Ms. Hunter's office or any particulars offered to advise the Tribunal of the status of those proceedings.
8. The Applicant suffered a breakdown of her marriage in 1981. She lost custody of her children for a period of ten years. These events were quite traumatic for the Applicant and still cause her a great deal of upset.

9. From March 1998 to October 1999, the Applicant attended The Day Hospital, followed by the Day Treatment Program for Adult Mental Health at the North York General Hospital. As of September 21, 2000, she was visiting her psychiatrist and a treating physician, Dr. K.D. Mohan, at least once a month. At that time she was also visiting her psychotherapist once a week. No medical evidence more recent than September 21, 2000 was offered at the hearing.

THE LAW:

The relevant sections of the *Real Estate and Business Brokers Act* are as follows:

Section 6

- 6.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,
 - (a) having regard to the applicant's financial position, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or
 - (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and integrity and honesty;.....
- 6.(2) A registration is subject to such terms and conditions to give effect to the purposes of this Act as are consented to by the applicant, imposed by the Tribunal or prescribed by the regulations.

Section 9

-
- 9.(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

(5) The Tribunal may attach such terms and conditions to its order or to the registration as it considers proper to give effect to the purposes of this Act.

APPLICATION OF THE LAW TO FACTS:

In this case, the Registrar is denying the application by the Applicant that she be registered as a salesperson. While the financial difficulties that the Applicant finds herself in today were known to the Registrar at the time she made application to register in 1996, which registration was accepted, the Registrar now urges that a “global” approach be taken and particular emphasis be given to the fact that the Applicant was convicted of fraud in 1998. It is clear from the oral evidence of the Applicant at the hearing, that she does not accept any responsibility for the fraud conviction. At the hearing she continued to insist that the conviction was as a result of the failure of her solicitor to properly conduct her defence. She also claimed that the written application upon which the charge was prepared was completed by another person, namely a worker at the Municipality, and that she did not understand that a condominium was an asset that had to be disclosed to the Municipality when she applied for welfare. Apparently those arguments were also made to the criminal court during her trial as evidenced by a portion of the transcript of the trial that was set out in the Registrar’s proposal.

This Tribunal cannot go behind the conviction for fraud. It is apparent that Ms. Ohrstom-Coelho does not believe that she did anything wrong and maintains this position to date. To the extent that the Applicant does not admit wrongdoing in the face of conviction for fraud, it is difficult to believe that in future she will conduct herself in accordance with the law and with integrity and honesty.

The Tribunal is bound by the decision of the Divisional Court in *Brenner vs. Ontario* (Registrar of Motor Vehicle Dealers and Salesman) (1983) O.J. #1017 (Div. Ct.) 1983. In that case, the test is clearly enunciated. The Tribunal should only refuse to direct the Registrar to carry out its proposal if it thinks the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for the belief that she will not carry on business in accordance with law and integrity and with honesty. The Tribunal is not to be preoccupied with any sympathetic concerns as to whether or not the Applicant has been generally reformed or circumstances appear that an applicant should be given “a second chance”.

Indeed from 1994 to 1998, a time when the mortgage judgment from Canada Trust was outstanding, (and the debt was mounting rapidly) the Applicant did nothing to satisfy the judgment or take any steps to set up a payment plan or even make a proposal to the judgment creditor. At that time she was licenced

and was working in real estate. The Tribunal is at a loss to understand how the Applicant's counsel can urge that by refusing to carry out the proposal the circumstances will be in any way different than in the past.

When the Applicant had the opportunity to take some steps to put her own affairs back in order she did nothing to erase a significant debt arising from a failed real estate investment. The Tribunal is of the view that given the Applicant's financial position it is reasonable to conclude she will not be financially responsible in the conduct of business. She offered no persuasive evidence as to how she intended to get her own personal finances under control. The Applicant did make reference to the fact that another solicitor recently took some steps on her behalf to make some kind of arrangement with Canada Trust. However, the Applicant provided no particulars and no written evidence of these efforts and her counsel was "only vaguely aware" of the situation and could provide no particulars which would allow the Tribunal to make any finding of fact in this regard.

The Applicant did not offer any excuse as to why she had not paid the Canada Trust mortgage deficiency debt from 1994 to 1998 other than to advise she had been in and out of hospital since 1998. The Tribunal was placed in the difficult position of having no current medical evidence to assess the Applicant's medical difficulties, and indeed the doctor's letters placed in evidence by the Applicant were not at all detailed and hence were not persuasive or particularly helpful to allow the Tribunal to assess what is the prognosis for the Applicant and whether or not her mental health difficulties will prevent her from actively working as a real estate salesperson in future.

The Assistant Registrar, in his evidence, emphasized the fact that the Act is a consumer protection statute and that while a person has an entitlement to be registered, there are qualifications and limits on that right. There are fairly stringent conditions placed on the ability of a person to obtain a registration, if indeed their financial circumstances and past conduct suggests a possibility that they might not be able to be financially responsible or have difficulty acting in accordance with the law and with honesty and integrity. In the present case, the Applicant faces a substantial present debt load and her past conduct including a fraud conviction which carries an outstanding restitution award, suggests the Applicant cannot be expected to be financially responsible in the conduct of business and there are reasonable grounds for the belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

Also, counsel for the Applicant suggested in argument that the nature of the offence was one which was not "as serious" a fraud as may be the case where individuals were defrauded. The Tribunal does not accept this submission and is concerned that the Applicant does not appreciate that she has been found guilty of an offence which speaks directly to the issue of her veracity and her ability to be forthright.

The Tribunal recognizes the difficulties the Applicant has had in the past. However while the Tribunal is sympathetic to those difficulties, that sympathy is not sufficient to permit the Tribunal to ignore the overriding public interest at issue. It does not appear that allowing the Applicant to continue to be registered as a real estate salesperson will create an opportunity for her to set her financial house in order, as indeed she did not do so during the period 1994 to 1998. The Tribunal agrees with the Registrar's assessment that it is reasonable to expect that the Applicant will not be financially responsible in the conduct of business.

The Tribunal also took note of the fact that the Registrar indicated that the real estate business is quite competitive, fast paced and requires salespersons to act independently. There was no evidence led by the Applicant of any particular support mechanism that would be in place for the Applicant if indeed the stress of the day to day affairs of being a real estate agent began to negatively impact on her mental health. The Tribunal is not convinced that the Applicant has accepted the findings of the Court with respect to her fraud conviction, and agrees with the Registrar's assessment that the Applicant's past conduct would not lead a reasonable person to believe that the Applicant would carry on business in accordance with law and with integrity and honesty.

DECISION:

Pursuant to the authority vested in it by Section 9(4) of the *Real Estate and Business Brokers Act*, the Tribunal hereby directs the Registrar to carry out his proposal dated June 15, 2000, to refuse the registration of Linda Ohrstrom-Coelho as a salesperson under the Act.

LICENCE APPEAL TRIBUNAL

F. Bruce Fitzpatrick, Vice-Chair,

RELEASED: January 31, 2001

GEOFFROY

PAUL AND FRANCYN GEOFFROY

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: JOHANNE N. MORISSETTE, Vice-Chair

APPEARANCES:

PAUL AND FRANCYN GEOFFROY, appearing
themselves,
(the "Applicants")
MARK FRIEDMAN, Counsel, representing the Ontario
New Home Warranty Program, (the "Program")
REJEAN LAROSE, Agent, representing the Added
Party, Rejean Larose Construction, (the "Builder")

DATES OF
HEARING:

November 21 and 22, 2000

OTTAWA

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal by Paul and Francyn Geoffroy (the "Applicants") from a written decision dated July 5, 2000 of the Ontario New Home Warranty Program (the "Program").

FACTS:

The Tribunal finds, pursuant to the evidence given in these proceedings, the following as proven facts:

The Applicants took possession of their home on October 26, 1998. They notified the Program in writing by letter dated October 14, 1998, of various complaints from which the following were at issue for this hearing (for ease of reference I will use the numbering in the decision letter):

- 1) #3 hot water tank;

- 2) #12 toilet;
- 3) #13 marble-looking counter tops for the bathroom and kitchen;
- 4) #15 bathroom sink;
- 5) #16 brass lights in the bathroom;
- 6) #48 window frame;
- 7) #54 white front door;
- 8) #55 seal for the front door;
- 9) #56 original lock for front door;
- 10) #58 shingles on roof;
- 11) #60 side garage door;
- 12) #67 post for Clothes line;
- 13) #77 paint selection for interior of house.

The aforesaid complaints can be looked at in three different ways:

- 1) Pre-inspection complaint are the: items #3,12,15,48, and 55;
- 2) Agreement of Purchase and Sale: items #13,16,54,60,67, and 77;
- 3) Other complaints: items #56,and 58.

1) The pre-inspection complaints were those that the Program could not determine as to when the damage occurred. The Applicants testified that they had entered and inspected the property on a number of occasions prior to closing and taking possession of the property, however on those last few days, they inspected only at nighttime and therefore could not see very well. They also alleged that the Certificate of Possession was a forgery by the Builder, as they had not signed this document therefore rendering it irrelevant to the proceedings. The onus is on the Applicants to show that indeed this document should not be taken into consideration for the purpose of establishing the origin of the damages. No pictures were taken of the damages, at the time of taking possession.

Dealing with each item:

- #3 Hot water tank: the damage may have occurred as a result of humidity;
- #12 Toilet scratch: it is unclear as to when the damage occurred;
- #15 The basement sink was replaced with the upstairs sink; there is no evidence as to the cause of the scratch.
- #48 Window frame: there is no evidence as to when the scratch occurred or by whom.
- #55 Seal on door: There are numerous ways that this damage could have occurred.

There is no credible evidence to satisfy this Tribunal that the Certificate of Possession was a forgery. Nor is there any credible evidence as to when the damages occurred. As a result, the Tribunal finds that the Applicants have not

met the onus of establishing the above referenced items as claims warranted under the Act.

2) The complaints dealing with the Agreement of Purchase and Sale are those where the Applicants say that they did not get the color or type of material they had asked for. The Applicants testified that they recall having a color selection sheet done but never asked or got a copy of this selection sheet. The Builder's evidence is that there never was a color selection sheet done for the Applicants, since the choice of colors for the Applicants was the same as the Builder's home. The Tribunal accepts the evidence of Ms. Parent, the Builder's wife, when she described the wish of the Applicants to have their home in the same color coordination as the Builder's home.

Dealing with each item:

#13 The marble counter top: since there is no color selection sheet and this item was not specified in the Agreement of Purchase and Sale, it is therefore not warranted.

#16 The light fixtures: since there is no color selection sheet nor is this specified in the Agreement of Purchase and Sale, it is therefore not warranted.

#54
and

#60 The white front door and the side garage door: the Applicants say they wanted a manufactured white door. Nothing in the Agreement of Purchase and Sale indicated that it ought to be a manufactured door, except for the fact that it was to be white. It is white, and therefore not warranted.

#67 The post for the clothes line: the Applicants say that they requested a metal post and got instead a wooden post. Again nothing in the Agreement of Purchase and Sale indicates that specific request, and it is therefore not warranted.

#77 The interior paint for the house was to be semi-gloss; the Agreement of Purchase and Sale is silent on this point. The Builder's evidence is that it was painted with the exact paint they had in their home and as such is exactly as requested. There is no specific mention in the Agreement of Purchase and Sale as to the kind of paint, and it is therefore is not warranted.

3) The other complaints are those where there is no evidence of specific damage related to the Builder.

- #56 Lock on the front door: the Applicants evidence is that they took this lock to a locksmith to get it cleaned. It may not have been defective, but the Applicants just replaced it and threw out the old one. There is no evidence as to the defect.
- #58 Shingles on the roof: the evidence is that the winds turned a few shingles. This damage, if any, was caused by an Act of God and not a defect in the workmanship of the materials.

The Tribunal finds that these two items are not warranted.

Finally, the Builder testified that the Applicant still owed him \$4,450.00. The evidence about this is not clear. At the time of conciliation, this allegation was not disclosed by the Builder. It surfaced only in the fall of 2000. Also, Mr. Geoffroy, although testifying in chief that he owed no more money to the Builder on closing, in cross-examination advised that he did pay the Builder more money after closing. The Tribunal lacked sufficient evidence to make any findings respecting this allegation.

ISSUES:

The issues to be decided in these proceedings are as follows:

- 1) Whether the Applicants' claims fall within the warranty prescribed in section 13(1)(a) of the Act?
- 2) If so, did the Applicants derive a benefit from the Builder by still owing an amount to the Builder, pursuant to section 14(2) of the Act?

APPLICATION OF LAW TO FACTS:

Section 13(1) of the Act prescribes that:

"Every vendor of a home warrants to the owner:

- (a) that the home,
 - (i) is constructed in a workmanlike manner and is free from defects in material,
 - (ii) is fit for habitation, and
 - (iii) is constructed in accordance with the Ontario Building Code;
-

Section 14(2) of the Act prescribes that:

.....

"In assessing damages, the Corporation shall take into consideration any benefit, compensation or indemnity payable to the person or owner from any source."

.....

The claims made in this matter were received by the Program within the one year warranty period provided under the Act. The onus is on the Applicants to show that their complaints falls within the warranty prescribed under section 13(1) of the Act. As set out above, the Tribunal finds that all items claimed herein, do not fall within the warranty.

DECISION:

Pursuant to the authority vested in it by section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicants' claims.

APPEAL FROM PROPOSALS OF THE REGISTRAR
UNDER THE *ONTARIO NEW HOME WARRANTIES PLAN
ACT*

TO REFUSE TO RENEW REGISTRATIONS

TRIBUNAL: WILLIAM McINTOSH, Vice-Chair, Presiding

APPEARANCES:

BRIAN CAMPBELL, counsel for Bridle Lane Homes Inc.,
Castlemark Developments Inc., and Fairmount Homes Ltd.;
and as agent for Joseph L. Bloomfield, counsel for Siper
Construction Ltd.
CAROL STREET, Counsel for the Registrar, Ontario New
Home Warranty Program

DATE OF
HEARING: January 24, 2001 Toronto

ORDER

WHEREAS the Registrar, Ontario New Home Warranty Program (the "Registrar") under the Ontario New Home Warranties Plan Act (the "Act") has issued a written Notice of Proposal dated June 27, 2000, against Bridle Lane Homes Inc. ("Bridle Lane") to refuse to renew its registration under the Act; a proposal dated June 28, 2000 against Castlemark Developments Inc. ("Castlemark") to refuse to renew its registration under the Act; a proposal dated August 10, 2000 against Siper Construction Ltd. ("Siper") to refuse to renew its registration under the Act; and a proposal dated December 20, 2000 against Fairmount Homes Ltd. ("Fairmount") to refuse to renew its registration under the Act;

AND WHEREAS Bridle Lane, Castlemark, Siper and Fairmount have appealed the Registrar's proposals, by requesting hearings before this Tribunal;

AND WHEREAS the Tribunal was scheduled to hear the Bridle Lane and Castlemark appeals as a consolidated hearing, to commence on January 22, 2001, but on consent adjourned to January 24, 2001;

AND WHEREAS the Tribunal has not yet scheduled a hearing of the Fairmount appeal;

NOW THEREFORE, on the consent of the parties and peremptorily against Bridle Lane, Castlemark, Siper and Fairmount, the Tribunal orders that:

1. The appeals to this Tribunal by Bridle Lane, Castlemark, Siper and Fairmount shall be consolidated into one hearing before this Tribunal; and
2. The consolidated hearing shall be heard at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, commencing at 9:30 a.m. on Monday, February 12, 2001 and continuing, if required on February 13, 14, 15, 16, 2001; February 28, March 1, 2, 2001; April 2, 3, 4, 5, 6, 2001; May 14, 16, 17, 18, 2001; and May 22, 23, 24, 25, 2001.

RIZK

RAMZY RIZK

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: E. ALAN GARBE, Vice-Chair

APPEARANCES:

RAMZY RIZK, the Applicant,
NICOLLE PACE, Law Clerk, representing the Registrar,
Motor Vehicle Dealers Act,

DATE OF
HEARING:

October 26, 2000

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a notice of proposal dated July 31, 2000, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to refuse the registration of Ramzy Rizk (the "Applicant") as a motor vehicle salesperson under the provisions of the Act. By Notice of Appeal dated August 18, 2000, the Applicant stated that he wished to appeal the proposal of the Registrar to the Licence Appeal Tribunal (the "Tribunal").

REGISTRAR'S POSITION

It is the Registrar's position that the Applicant's past conduct is inconsistent with the intention and objectives of the Act for the following reasons:

1. On the Applicant's application to become a registered salesperson dated June 16, 2000, the Applicant responded "yes" to Question 9 which asks: "Have you ever been found guilty or convicted of an offense under any law or are there any charges pending?" and disclosed that he had an assault conviction and a fraud conviction.

2. After conducting a criminal history background check, it came to the Registrar's attention that the Applicant has the following convictions:
 - (a) assault - December 21, 1994;
 - (b) uttering threats - October 19, 1995;
 - (c) forgery - June 6, 1997;
 - (d) uttering forged document - June 6, 1997;
 - (e) fraud under \$5,000.00 - June 6, 1997; and
 - (f) fraud under \$5,000.00 - October 9, 1997.
3. In a previous application for registration by the Applicant dated March 6, 1995, the Applicant did not disclose his past convictions and pending charges on the application form submitted to the Registrar.

THE EVIDENCE:

Aviva Harari, senior counsel for the Ontario Motor Vehicle Industry Council ("OMVIC"), in giving testimony on behalf of the Registrar referred to the Applicant's Application for Employee Registration or Reinstatement dated March 6, 1995, which appears at Tab 3 of the Book of Disclosure which was entered as Exhibit 3 in these proceedings and pointed out that in response to Question 10 which asks if the Applicant has ever been found guilty or convicted of an offence under any law or if there are any charges pending, the Applicant responded "no." Ms. Harari indicated that this application had subsequently been abandoned.

Ms. Harari referred to the current application of the Applicant at Tab 2 of Exhibit 3 wherein the Applicant answered Question 9, which is similar to Question 10 on the previous application, in the affirmative with the explanation that he had been found guilty of assault back in high school and one charge of fraud which he claimed that he did not do but for which he was still charged and that he now had no outstanding charges.

The criminal history check conducted by OMVIC which appears at Tab 5 of Exhibit 3 discloses a conviction on December 21, 1994 in London, Ontario for assault; a conviction on October 19, 1995 in London, Ontario for uttering threats; convictions on June 6, 1997 in St. Thomas, Ontario for forgery, uttering forged document and fraud under \$5,000.00; and a conviction on October 9, 1997 in London, Ontario for fraud under \$5,000.00.

It was Ms. Harari's testimony that in answering Question 10 on the original application in March 1995 in the negative, the Applicant had not been truthful and that although he answered a similar question in the affirmative in his June 2000 application, the notation which he provided failed to disclose the uttering threats, forgery, uttering forged documents and only disclosed one of two charges for fraud under \$5,000.00.

Ms. Harari testified that after receiving the criminal record check, OMVIC sent a letter to the Applicant indicating that OMVIC had not received a complete explanation from the Applicant of the convictions and the circumstances surrounding them and asking that the Applicant provide a response co-signed by the party sponsoring the application for registration within ten days from the date of the letter, being July 14, 2000.

OMVIC received a statement signed by both the Applicant and by Alyan Rizk as the dealer and owner, a copy of which appears at Tab 4 of Exhibit 3. In that statement, the Applicant explained that the uttering death threats related to his relationship with his ex-wife; the assault took place in high school when he endeavoured to defend his younger brother and the charge of fraud under \$5,000.00 related to a period when the Applicant worked for a variety store where he was sent to pick up groceries from a wholesaler with a cheque which the owner of the variety store denied having given to the Applicant. The Applicant stated the same thing had happened to others who worked at this variety store but as the Applicant did not have any money to go and fight the charge in court, he was sentenced to 40 days and paid a fine of \$4,000.00. Ms. Harari testified that it is the Registrar's position that this statement was not a full and complete disclosure of the charges against the Applicant.

Ms. Harari stated that although the Registrar has concerns with respect to all of the charges there is particular concern with respect to the forgery and fraud charges in 1997. The information with respect to the October 1997 charge of fraud under \$5,000.00 in London appears at Tab 7 of Exhibit 3 and indicates that the Applicant was to make restitution of \$3,745.77. A Certificate of Conviction appears at Tab 8 of Exhibit 3 which certifies that on June 6, 1997, the Applicant was convicted of forgery, uttering forged documents and fraud under \$5,000.00 and in addition to incarceration for 60 days concurrently on each charge, was ordered to make restitution in the amount of \$3,433.35 to National Grocers Co. Ltd.

The Applicant gave evidence on his own behalf and stated that he did not honestly know why he answered "no" to Question 10 on the 1995 application and testified that he had called OMVIC before making the application. With respect to the June 2000 application, the Applicant stated that he spoke to Ms. Harari and others with respect to the one charge of fraud, one charge of uttering and one charge of assault. The Applicant testified that the assault charge in 1994 arose as a result of his relationship with his ex-wife and that he provided a

peace bond and that the uttering threats was also as a result of the relationship that he had with his ex-wife. The Applicant testified that he charges in June 1997 in St. Thomas for forgery, uttering forged document and fraud under \$5,000.00 related to the variety store situation and that he had paid the amount ordered to be paid as restitution. The charge of fraud in October 1997 in London was also as a result of employment with the variety store. The Applicant stated that it would be foolish for him to have lied or tried to hide anything. The Applicant testified that the business that was sponsoring his application was his father's business and that he worked in the business doing mechanical work and detailing.

On cross-examination, the Applicant acknowledged that the assault was not a high school incident as noted on the June 2000 application but was with respect to his ex-wife.

The Applicant testified that the charges in St. Thomas in June 1997 and the charge in London in October 1997 were with respect to the same people and that he did not remember that they were separate charges and had thought that they were all one.

When asked if the criminal record check appearing at Tab 5 of Exhibit 3 was an accurate record, the Applicant acknowledged that it was.

When asked if it was his signature that appeared on the second page of the application dated March 6, 1995, the Applicant acknowledged that it was his signature and confirmed that his father had also signed the form. The Applicant stated that his father did not know of the assault charge and that the Applicant was trying to keep the assault charge from his father.

When asked about the notation which the Applicant made on the June 2000 application, the Applicant stated that he had told the truth because he referred to the fraud charge and the assault charge and if he had left out any of the other charges, it was not done on purpose. The Applicant repeated that he had paid the amount of restitution. The Applicant testified that he had worked with cars for the last three to five years doing anything that he could and if asked by people within his community who were considering purchasing a vehicle, he would send them to various dealers. The Applicant stated that he was known within his community as someone who knows about cars and would act as a form of consultant.

FACTS FOUND PROVEN:

The following facts are found by this Tribunal to have been proven:

1. In completing the March 1995 application, the Applicant did not truthfully answer Question 10 with respect to past convictions.

2. In completing the application in June 2000, the Applicant answered a similar question in the affirmative but did not provide full and complete disclosure.
3. In responding to the letter from OMVIC requesting that the Applicant provide a complete explanation of the convictions and the circumstances surrounding such convictions, the Applicant did not provide full and complete disclosure of the convictions against him.

ISSUE:

The issue before this Tribunal is whether or not the Registrar has erred in proposing to deny the registration of the Applicant under the Act.

LAW:

The authority granted to the Registrar is provided in subsection 5(1)(b) of the Act which states:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty;

.....

The Registrar has the onus of proof to satisfy the Tribunal that the Registrar has reasonable grounds to believe that the registration of the Applicant should be refused.

The question to be determined is whether the past conduct of the Applicant provides the Registrar with reasonable grounds for the belief that the Applicant will not carry on business as required by section 5(1)(b) of the Act. It is the Registrar's belief which is at issue in these proceedings not that of the Tribunal.

In order for the Tribunal to carry out its responsibilities pursuant to the Act, the Tribunal must review the decision of the Registrar by examining the allegations of the Registrar with respect to the activities of the Applicant and to consider such allegations in light of the evidence given by the Registrar and the Applicant with respect to those allegations.

The leading case of *Brenner* 19 CRAT SCO Decisions and Orders (1971-1989), page 59, is a decision issued on April 7, 1983 where the Divisional Court overruled a decision of this Tribunal. Southey J. states that the Registrar proposed to refuse registration because of the existence of the specific circumstances set out in Section 5(1)(b) of the *Motor Vehicle Dealers Act*:

The effect of Section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honest. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed might have reformed himself.

Due to the particular facts in this case Southey J. sent it back for a rehearing, however, adding in the third last paragraph:

The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

Therefore, it is not sufficient for the Tribunal to reach a conclusion that it would have exercised the discretion differently from the way in which the Registrar did. Clearly, in order to overrule the Registrar the Tribunal must conclude that the Registrar was wrong in his decision and that the conduct of the Applicant does not afford reasonable grounds for his belief based upon it.

The above principle was affirmed by the Divisional Court in *Faccenda* [1994] 26 CRAT Part II 1050. In *Faccenda*, the Divisional Court, again on appeal from this Tribunal quashed a decision to direct a Registrar not to carry out his Proposal. At page 1051 the Court held:

It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought that the Registrar was in error in his belief.

APPLICATION OF LAW TO FACTS:

This Tribunal finds that the past conduct of the Applicant:

1. in making applications for registration, which, on the first occasion, failed to disclose any criminal record and on the second, failed to provide full and complete disclosure of his criminal record; and
2. having been convicted of offences which, by their very nature, are of direct concern to the Registrar as they relate to the forging of cheques and the committing of fraud during the course of the Applicant's employment, provide reasonable grounds for the Registrar to refuse the registration of the Applicant.

The explanations provided by the Applicant with respect to these matters do not satisfactorily address the Registrar's concerns either with respect to the failure to properly and fully disclose the convictions or the circumstances surrounding the various convictions.

In applying the evidence placed before this Tribunal to the relevant legal principles, the Tribunal finds that the past conduct of the Applicant did afford reasonable grounds for Registrar to believe that the Applicant will not carry on business in accordance with the law and with integrity and honesty.

DECISION AND ORDER:

Accordingly, pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealer Act*, the Tribunal directs the Registrar to carry out the Registrar's proposal dated July 31, 2000 to refuse the registration of Ramzy Rizk as a motor vehicle salesperson under the Act.

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: STEPHEN J. KELLY, Vice-Chair,
Presiding

APPEARANCES:

ALI ABDUL-HUSSEIN, representing himself
MARY JANE SOUTH, Agent, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: December 18, 2000 Ottawa

REASONS FOR DECISION

BACKGROUND:

This hearing arises from a notice of proposal dated August 22, 2000 issued by the Registrar of the *Motor Vehicle Dealers Act* (the "Act") to revoke the registration of the Applicant, Ali Abdul-Hussein O/A B & A Auto Sale, as a motor vehicle dealer under the provisions of the Act. The Registrar provided further particulars by way of a supplemental notice dated December 4, 2000. The Registrar bases his proposal on the provisions of section 6 of the Act as read with subsection 5(1) of the Act.

FACTS:

The Tribunal received evidence from the Applicant, Ali Abdul-Hussein, Mary Jane South, Deputy Registrar under the *Motor Vehicle Dealers Act*, Brian Lia, an inspector with the Ontario Motor Vehicle Industry Council, as well as Stephen Hogan and Zhen Zhu, consumers. Where the evidence of the Applicant was inconsistent with that of any of the other witnesses, the evidence of the other witnesses was accepted. The Tribunal finds that the following facts have been proven:

1. On May 5, 2000, the Applicant purchased a 1993 Mazda 626 from Impact Auto Auction Limited. The purchase and sale agreement stated that the

vehicle was being sold “on – salvage”. The Applicant sold the vehicle on May 22, 2000 and the purchase and sale agreement failed to record that the vehicle had been purchased “on-salvage”. The Applicant explained that the vehicle had been bought in his name by a cousin, without the Applicant’s authority. For family reasons, the Applicant agreed to complete the sale of the vehicle to a third party. As his cousin handled the transaction, he did not note that it was purchased “on-salvage” or that this was not recorded on the bill of sale to the third party. The Tribunal does not accept this explanation. If the cousin had acted without the Applicant’s authority, then this should have heightened the Applicant’s level of awareness. The transaction took place in the Applicant’s name and he had an obligation to complete this transaction correctly. The Tribunal also noted that both the original purchase and sale agreement and the purchase and sale agreement to the third party were located in the Applicant’s records.

2. On May 11, 2000 the Applicant purchased a 1992 GMC Jimmy pick-up truck with an odometer reading of 314,369 km. The Applicant sold the vehicle to Stephen Hogan on May 29, 2000, and the purchase and sale agreement indicated a distance travel of 186,123 km. The vehicle was not sold from the Applicant’s registered place of business, being 3208 Albion Road, Ottawa, but from the curb side at a residence. The Applicant explained that the dash had to be replaced, including the odometer. On the Applicant’s copy of the bill of sale, there is a hand-written note “true mileage unknown”. The Applicant explained that he wrote this to confirm that the mileage on the odometer was not accurate and also stated that he advised Mr. Hogan that the true mileage was in excess of 300,000 km. Mr. Hogan denies that the notation was on the bill of sale when he signed the same, and also denies that the Applicant advised that the true distance travelled exceeded 300,000 km.
3. The Applicant purchased a 1997 Chevrolet Cavalier at auction from Adesa Ottawa on June 15, 2000. The Tribunal finds that at the time of the auction there was a red light on behind the auctioneer indicating that the vehicle had suffered damage in an accident. The purchase and sale agreement also records that the vehicle was damaged in an accident and had suffered structural damage. The Applicant sold the vehicle on June 16, 2000 and the purchase and sale agreement does not record that the vehicle had been damaged in an accident. The Applicant explained that the vehicle was sold to a cousin who was present when the purchased at auction. This fact would not relieve the Applicant from his obligation to comply with the Act and regulations made under it.
4. On or about September 1, 2000, the Applicant purchased a 1991 Honda Accord from an acquaintance. While the vehicle was registered in the name of the Applicant’s wife, the Tribunal finds that the vehicle was in fact the property of the Applicant. The car was advertised in a magazine entitled

“Auto Trader”. The Applicant’s business phone number was set out in the advertisement as the contact number. The Applicant and his wife met with Mr. Zhen Zhu, and the vehicle was sold to Mr. Zhu on December 14, 2000. The Applicant’s purchase and sale agreement form was used and the agreement indicated an odometer reading of 168,277 km. The vehicle was not sold from the Applicant’s place of business but from his residence. Mr. Zhu was subsequently advised by a new car dealer that the odometer reading was not accurate, and the dealer provided prior repair notices for the vehicle which established that as of February 15, 2000 the vehicle already had an odometer reading 246,309 km. Mr. Zhu concluded that the odometer had been tampered with and obtained a refund from the Applicant. The Applicant explained that he checked with his acquaintance who denied that the odometer had been tampered with but offered to take the car back. Despite this offer, the Applicant chose to sell the vehicle to another third party without making any attempt to contact the dealer to confirm whether or not the odometer had been tampered with. The Tribunal finds that the Applicant did not bother to contact the dealer because he knew or, at the very least, suspected that the odometer had been tampered with when he sold the vehicle to Mr. Zhu.

5. Based on inspections by Mr. Lia, the Tribunal also finds that the Applicant displayed vehicles at locations other than his registered place of business, failed to post a sign at his place of business, and did not carry on business from his registered location as his landlord confirmed that he only came around approximately once a month to pick up his mail.

ISSUE:

The issue to be decided in these proceedings is whether the Registrar had sufficient grounds for revoking the Applicant’s registration.

LAW:

The relevant portions of the Act applicable to these proceedings are :

5(1) An Applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....
.....

6(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 5 if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.

The relevant portions of Regulation 801 as amended, made pursuant to the Act, are:

13.(4) It is a condition of registration as motor vehicle dealer that the motor vehicle dealer,

(a) operates from premises located in Ontario that are approved by the Registrar;

.....

(c) has erected at each premises where the motor vehicle dealer operates, a sign that is clearly visible to the public that identifies the motor vehicle dealer's registered name.

.....

16.(2) Where a used motor vehicle is sold, the sales or purchase order shall show,

.....

(o) the distance travelled by the vehicle at the time of sale; and

.....

19.(1) Except in the case of an exchange or repair of an odometer and subject to subsection (2), no motor vehicle dealer or salesperson shall alter, adjust or permit any alteration or adjustment to the odometer on any motor vehicle in the dealer's or salesperson's possession or control in such a manner that as a result of the alteration or adjustment the total distance indicated on the odometer is other than the total distance travelled by the motor vehicle.

19.(2) Where a motor vehicle dealer exchanges an odometer or effects any repairs to the odometer of a motor vehicle in the dealer's possession or control or to any other part of the motor vehicle that is directly related to the odometer, the dealer shall record in the reconditioning record of that motor vehicle the

reading in miles or kilometers that was on the odometer prior to the exchange or repair and shall ensure that the identical reading appears on the odometer of the motor vehicle after the exchanges or repairs have been effected.

The decision of Vice-Chair, D. Israel, of the Commercial Registration Appeal Tribunal, in *Aria* (1998) CRAT released October 17, 1998, is of assistance. In that case, the Tribunal found that the dealer sold one vehicle knowing that it had been declared a total loss by the insurer, and another vehicle knowing that it had been in an accident and had been repaired subsequent to the accident. This information was not provided to the respective purchasers. At page 14, the Tribunal found:

These disclosures should have been made when *Aria* sold the vehicles, more particularly, in the case of the vehicle declared a total loss. Non disclosure of these material facts amounts to dishonesty and unethical business practice.

The Registrar bears the onus of proof that the past conduct of the Applicant affords reasonable grounds for belief that they will not carry on business according with law and with integrity and with honesty. The test to be applied by this Tribunal in reviewing the Registrar's notice of proposal is established by the Divisional Court in the case of Brenner 19 CRAT, S.C.O. Decisions and Orders (1971-1989), where Southy J. states:

The proper question at the re-hearing remains, however, whether the past conduct of the Applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

APPLICATION OF LAW TO FACTS:

The Applicant's past conduct provides reasonable grounds for concern that he will not carry on business in accordance with the law and with integrity and honesty.

The Applicant sold two vehicles (1997 Chevrolet Cavalier and 1993 Mazda 626) knowing that they had suffered significant damage. While the Applicant states with regard to the Cavalier that, as the vehicle was sold to his cousin and his cousin was present when the vehicle was purchased at auction, the status of the vehicle was in the knowledge of the purchaser, the same cannot be said for the Mazda. This vehicle was sold to a third party unknown to the Applicant and this person was not in attendance when the vehicle was purchased. By failing to record on the purchase and sale agreement that the vehicle had originally been bought "on-salvage", the Applicant was not carrying on business with integrity and honesty.

Accepting that the odometer on the 1992 GMC Jimmy pick-up truck had to be removed with other components of the dash, the Applicant breached his obligation under section 19(2) of Regulation 801 to ensure that the new odometer had the correct reading. Further he failed to fulfill his obligation under section 16(2) of Regulation 801 to ensure that the purchase and sale agreement set out the distance travelled by the vehicle at the time of sale. The purchase and sale agreement should have recorded the true distance travelled of 314,369 km. and not 186,123 km., which was the reading on the used replacement odometer. The Tribunal does not accept that the words "true mileage unknown" were recorded on the purchase and sale agreement at the time of sale. Even if this were the case, this does not fulfill the Applicant's responsibility. The true mileage was known, the Applicant simply failed to record it.

The odometer on the 1991 Honda Accord had certainly been tampered with. It is not clear as to whether it was tampered with by the original owner from whom the Applicant acquired the vehicle, or by the Applicant. Mr. Zhu brought the Applicant's attention to the fact that the odometer had been tampered with. If the Applicant had any doubt, the honest thing to do would have been to check with the dealership where earlier repairs had been carried out to confirm the mileage. The Applicant failed to do so. Instead, the Applicant sold the vehicle to a third party with the odometer reflecting an inaccurate reading.

It is also noted that the Applicant did not have a sign at his registered place of business. He displayed vehicles at a location other than his registered place of business, and he contracted business at locations away from his registered place of business, all in contravention of the Act and regulations.

The series of transactions referred to above demonstrate that the Applicant had not carried on his business according to the law and with honesty and integrity. The Act and Regulations made pursuant to the same are designed to protect the public. The Registrar could have no confidence that members of the public purchasing vehicles from the Applicant would be made aware of all essential information regarding the motor vehicle they were purchasing from the Applicant including whether it had been involved in prior serious accident and the correct odometer, both of which are significant in determining the value of a vehicle.

Further, the fact that the Applicant frequently conducted business away from his registered place of business would make it very difficult for the Registrar to govern his activities, and demonstrated that he would likely not carry on business according to the laws set out in the Act and Regulations.

The Tribunal finds that the Registrar had reasonable grounds for proposing to revoke the registration of the Applicant.

DECISION:

Pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his proposal dated August 22, 2000, to revoke the registration of the Applicant.

MITCHELL GOLDBLOOM, Counsel, representing the
Registrar, *Motor Vehicle Dealers Act*

DATE OF
HEARING:

November 24, 2000

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a notice of proposal dated August 22, 2000, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to revoke the registration of Haji Medhi o/a Ultimate Auto Sale Parts & Service (the "Applicant") as a motor vehicle dealer under the provisions of the Act. By Notice of Appeal dated September 5, 2000, the Applicant stated that he wished to appeal the proposal of the Registrar to the Licence Appeal Tribunal (the "Tribunal").

REGISTRAR'S POSITION

It is the Registrar's position that the past conduct of the Applicant is inconsistent with the intention and objectives of the Act for the following reasons:

1. On or about April 5, 2000, the Applicant purchased a 1993 Honda Accord LX, V.I.N. JHMCB7647PC809755, with an odometer reading of 457,415 kilometers which the Applicant subsequently sold with an odometer reading of 137,000 kilometers stating that the true kilometers were unknown when the Applicant knew the distance travelled was at least 457,415 kilometers.

2. On or about May 20, 1999, the Applicant purchased a 1992 Saturn SL V.I.N. 1G8ZF5490NZ150330, with an odometer reading of 350,438 kilometers which the Applicant subsequently sold with an odometer reading of 187,000 kilometers stating that the true mileage was unknown when the Applicant knew the distance travelled was at least 305,438 kilometers.
3. On or about November 17, 1999, the Applicant purchased a 1991 Nissan NX 200, V.I.N. JN1GB36S1MU001484, with an odometer reading of 259,750 kilometers which the Applicant subsequently sold with the distance travelled indicated as 169,000 kilometers. The Applicant represented the mileage to the warranty company as being 169,000 kilometers.
4. On or about May 20, 1999, the Applicant purchased a 1991 Plymouth Laser RS, V.I.N. 4P3BS44U8MEO971O7, with an odometer reading of 275,577 kilometers which the Applicant subsequently sold with the distance travelled indicated as 176,370 kilometers. The Applicant represented the mileage to the warranty company as being 176,370 kilometers.
5. The Applicant failed to complete bills of sale in accordance with the Act, Regulation 801, Section 16.
6. The Applicant failed to submit and register warranties to the warranty company in a timely manner.
7. The Applicant failed to maintain a garage register.
8. The Applicant failed to register vehicles in his name within six (6) days as required by the *Highway Traffic Act*.

THE EVIDENCE:

Amanda Lee Dempsey, was called to give evidence in support of the position of the Registrar and identified herself as a manager of inspections for the Ontario Motor Vehicle Industry Council ("OMVIC"). Ms. Dempsey referred to the Director's Certificate appearing at Tab 3 of the Book of Disclosure which was made Exhibit 3 in these proceedings which indicates that the Applicant was registered under the Act from December 16, 1994 until present.

Ms. Dempsey testified that as a result of an inspection conducted at the Applicant's premises at 855 Alness Street, Unit 25, Toronto, Ontario, on May 5, 2000, documentation was found with respect to certain vehicles as follows.

A sales contract (Tab 4, Exhibit 3) shows that the Applicant purchased a 1993 Honda Accord LX, V.I.N. JHMCB7647PC809755, from Simard & Freres Auto Ltee through a Montreal dealers auction on March 14, 2000, for \$4,000.00 which vehicle was stated in the sales contract to have 457,415 kilometers. Also appearing at Tab 5, is a copy of the Toronto Auto Auctions form whereby the Applicant sold the said Honda Accord LX for \$5,800.00 on April 20, 2000 which document contains the statement: "TRUE KMS UNKNOWN" however, the document also shows an odometer disclosure of 137,000 kilometers.

Ms. Dempsey introduced a bill of sale dated November 17, 1999 (Tab 6, Exhibit 3) from Manheim's Oshawa Dealers Exchange whereby the Applicant purchased a 1991 Nissan NX 200, V.I.N. JN1GB36S1MU001484, from Markview Auto Sales Ltd. located in Scarborough for \$1,550.00 which bill of sale has an odometer disclosure of 259,750 kilometers. Page 2 of Tab 6 contains a copy of a bill of sale dated December 6, 1999, whereby the Applicant sold a Nissan NX 200 with the same serial number to Luis A. Arruda of Toronto for \$1,500.00 with a trade-in of a 1989 Chrysler with a value of \$1,000.00. The bill of sale for the 1991 Nissan NX 200 shows 169,000 kilometers under "DISTANCE TRAVELLED" and contains a notation that the odometer had been changed and shows 259,087 kilometers. Also contained at Tab 6 is a copy of a limited powertrain warranty application for Carrier Warranty Corp. ("CWC") in the name of Luis A. Arruda for the Nissan NX 200 which shows a mileage reading of 169,000 kilometers.

Ms. Dempsey referred to the Toronto Auto Auctions bill of sale dated May 20, 1991, (Page 3, Tab 5, Exhibit 3) pursuant to which the Applicant purchased a 1992 Saturn SL, V.I.N. 1G8ZF5490NZ150330, for \$1,400.00 with a odometer disclosure of 350,438 kilometers. By bill of sale dated April 17, 2000 (Page 2, Tab 5, Exhibit 3), the Applicant sold the said vehicle to Rathod Bhaveshkumar for \$1,700.00. The bill of sale indicates that the distance travelled was 187,000 kilometers. Also at Tab 5 is a copy of OMVIC's Consumer Questionnaire with the name of the purchaser of the 1992 Saturn, telephone number and the date of a phone call, June 29, 2000 at 10:55 a.m. Counsel for the Applicant objected to this document as the maker of the document was not before the Tribunal. Ms. Dempsey testified that the document was prepared by Elizabeth Browning who was is an inspector with OMVIC. In response to the objection, the Tribunal ruled that the document be admitted and that the objection of counsel for the Applicant went to the weight to be placed upon the evidence. Ms. Dempsey testified that the notations with respect to a call being made to the consumer for a copy of the bill of sale were made by Ms. Dempsey and that the follow-up call of September 15, 2000 was made by Elizabeth Browning. It was Ms. Dempsey's evidence that the bill of sale was never faxed to OMVIC by the consumer as requested.

Ms. Dempsey testified that the notation on the document in the enquiry history appearing at Page 6, Tab 7, Exhibit 3, refers to notification given to Ms. Dempsey that a complaint had been made in the east end area which was next to the area for which Ms. Dempsey was responsible. The notation reported that the complaint was with respect to the Applicant from a consumer regarding an odometer being rolled-back for the vehicle identified on the enquiry printout, being a 1991 Plymouth Laser registered in the name of Tony Orrico with V.I.N. 4P3BS44U8MEO971O7.

Ms. Dempsey testified that this information resulted in her attendance at the Applicant's place of business. At the time of the first inspection, certain of the documentation requested was not available, but was available on the second attendance on June 2, 2000. The documentation included a bill of sale dated May 20, 1999 (Page 4, Tab 7, Exhibit 3) from Toronto Auto Auctions whereby the Applicant purchased from East End Auto Sales the 1991 Plymouth Laser with the corresponding vehicle identification number for \$1,500.00 with an odometer disclosure of 275,577 kilometers. The same vehicle was sold pursuant to a bill of sale dated September 13, 1999 (Page 3, Tab 7, Exhibit 3), to Tony Orrico for \$3,000.00 and shows a distance travelled of 176,370 kilometers.

There is a notation on the copy of the bill of sale appearing at Tab 7, which suggests that the car was sold with a warranty and that the odometer had been changed. This document is signed in the place provided for the purchaser's signature.

Page 5, Tab 7 is a copy of a limited powertrain warranty application with CWC, in the name of the purchaser, with a description showing the vehicle identification number for the Plymouth Laser, and indicating a mileage of 176,000 kilometers.

At page 1, Tab 7 is an OMVIC Consumer Questionnaire form which shows that telephone calls were made to Tony Orrico on three separate occasions with messages left for him to return the calls. The last was made on September 20, 2000. On that day, Mr. Orrico did call Elizabeth Browning back and, according to the notes on the Consumer Questionnaire, he said there had been a misunderstanding with respect to the odometer problem and that the odometer had been changed and that he had just forgotten. The notes indicate that Mr. Orrico said that he understood there were more kilometers on the vehicle than 184,000, which was what he recalled as being the mileage on the vehicle.

Ms. Dempsey referred the Tribunal to the bill of sale appearing at the first page at Tab 8 and identified the five (5) different ways in which the bill of sale was incomplete:

1. the absence of a safety standards certificate number;
2. no indication as to whether the vehicle is under warranty;

3. the name of the dealer is incomplete and does not disclose its address;
4. there is no signature of the vendor in the box titled "vendor's acceptance"; and
5. the salesperson's registration number was omitted.

Ms. Dempsey presented a copy of another bill of sale appearing at Page 3 of Tab 8 which had not been properly completed in much the same fashion as the previous bill of sale; however, this bill of sale did not have the initials of the purchaser and had no entry for the certified distance travelled of the trade-in vehicle and did not have the purchaser's signature.

The bill of sale appearing at Page 5, Tab 8, Exhibit 3, is another of the Applicant's bills of sale which has not been properly completed. The bills of sale appearing at Pages 12, 16, 17 and 18 are further examples of what Ms. Dempsey testified to be improperly completed bills of sale.

With respect to the bill of sale dated February 19, 2000, appearing at Page 18, Tab 8, Exhibit 3, Ms. Dempsey noted that this bill of sale indicated that the vehicle was sold "as is" without a warranty; however, the Applicant's files with respect to this transaction contained a CWC limited powertrain warranty application (Page 20) made out in the name of the purchaser of the vehicle dated February 26, 2000. At the May 5, 2000 inspection, this document had not been submitted to CWC even though it was by then three (3) months into the six month warranty period.

Ms. Dempsey testified that a bill of sale of the Applicant dated January 4, 2000 at Page 21 was another example where a vehicle was sold with a CWC warranty for six months but the actual warranty document, appearing at Page 23 of Tab 8 also dated January 4, 2000, had not been submitted to CWC at the time of the inspection on May 5, 2000.

The bill of sale appearing at Page 24, Tab 8 is a further example of an incomplete form of bill of sale issued by the Applicant.

Ms. Dempsey testified that the document appearing at Page 26, Tab 8, Exhibit 3, is an OMVIC Customer Questionnaire completed by Elizabeth Browning as a result of her telephone conversation on July 25, 2000 with Wayne Hemans relating to his dealings with the Applicant. The consumer stated that he had purchased a Honda Accord from the Applicant but had not been told that the vehicle had been in an accident. The substance of the consumer's complaint was that he did not have a key to lock the vehicle and when he spoke to the Applicant about this problem, the Applicant told the consumer that it was the customer's responsibility. The consumer ultimately discovered from Honda that

this vehicle's VIN was not in their records and that the vehicle may have been in an accident, and that is why there are no records of the vehicle in Honda's system. The consumer stated that he was never given a bill of sale for the vehicle.

Ms. Dempsey testified that the bill of sale appearing at Page 1, Tab 9, Exhibit 3, is a bill of sale dated March 31, 2000 for a 1988 Honda Prelude for which an application was made to CWC for a limited powertrain warranty dated April 5, 2000 but was still in the files of the Applicant at the time of the May 5 inspection.

According to the testimony of Ms. Dempsey, the bill of sale appearing at Page 4, Tab 9, Exhibit 3, dated February 15, 2000 discloses that the Applicant sold a 1989 Mazda 626 LX for which a limited powertrain warranty application was made to CWC dated February 15, 2000 but was not submitted by the Applicant to CWC and was still in the Applicant's files at the time of the inspection.

Ms. Dempsey stated that the bill of sale appearing at Page 8, Tab 9, Exhibit 3, dated April 5, 2000 is for the sale, by the Applicant, of a 1992 Pontiac Grand AM SE which bill of sale states that the car was sold "as is" with no warranty; however, there is contained in the Applicant's file an application for a limited powertrain warranty to CWC (Page 10, Tab 9, Exhibit 3) in the name of the purchaser dated April 5, 2000.

The document appearing at Page 11, Tab 9, Exhibit 3, is a bill of sale by the Applicant of a 1990 VW Jetta dated November 27, 1999 for which a limited powertrain warranty application was made to CWC appearing at Page 13, Tab 9, Exhibit 3 in the name of the purchaser of the VW Jetta dated December 4, 1999 which also had not been submitted to CWC.

Ms. Dempsey stated that the document appearing at Page 14, Tab 9, Exhibit 3, was the Applicant's bill of sale dated October 31, 1999, for a 1990 Toyota Cressida, VIN JT2MX83F910056995, which was purchased by George Koliniotis. The bill of sale indicates a distance travelled of 130,701 kilometers and contains the notation: "T.M.U." The documentation appearing at Page 15, Tab 9 is a copy of the bill of sale of Toronto Auto Auctions whereby the Applicant purchased the said Toyota Cressida from Pickard Lane Leasing Ltd. which bill of sale contains an odometer disclosure of 202,277 with a notation: "TRUE KLMS." There is also noted on this document the words: "SPEEDO CHG 72,000 RDS 130,277." Page 16 of Tab 9, Exhibit 3, is a limited powertrain warranty application for CWC in the name of the purchaser of the Toyota Cressida dated November 1, 1999 which discloses no mileage.

Counsel for the Applicant objected to Ms. Dempsey's testimony on the basis that the meaning of the insertion: "SPEEDO CHG" is unclear. Ms. Dempsey testified that the point was that the odometer disclosure was not disclosed on the bill of

sale to the purchaser and that the limited powertrain warranty application had not been submitted as of the May 5 inspection.

Ms. Dempsey testified that Pages 1 through 3, Tab 10, Exhibit 3, were notes made with respect to her inspection on May 5, 2000. Those notes indicate that, although there was some confusion as to the date of the inspector's appointment, the Applicant was at the premises on May 5, 2000 and he advised that the bank statements for the business were at home.

With respect to the 1991 Plymouth Laser purchased by Tony Orrico which was referred to previously and which documents appear at Tab 7, the Applicant indicated that he did not have the records at the office nor did he have a garage register. Ms. Dempsey testified that when enquiry history searches were done for the Applicant, which searches appear at Pages 9 through 17, Tab 10, Exhibit 3, six (6) transactions had documentation missing and there were vehicles on the lot for which the Applicant did not have bills of sale showing his acquisition. Pages 4 and 5 at Tab 10, Exhibit 3, are the inspection findings which state that as a result of the inspection conducted, the following had been revealed:

1. failure to maintain a garage register;
2. failure to complete bills of sale;
3. the need to store books and records at the registered premises;
4. the need to register all vehicles into the name of the customer within six (6) days of the sale and that any vehicles purchased by the Applicant must be registered in the Applicant's name;
5. all warranty contracts must be submitted to the warranty company;
6. any vehicles on the Applicant's lot are to be identified and must be registered in the Applicant's name; and
7. Ms. Dempsey still needed to see the rest of the Applicant's bills of sale for that year and also the bills of sale to match the warranty contracts in the Applicant's book.

Ms. Dempsey testified that her notes indicate that on June 2, 2000, she reattended at 855 Arness address and met with the Applicant who advised her that he had sent all of the warranty contracts to the warranty company.

When asked by Ms. Dempsey about the 1992 Saturn SL referred to at Page 2, Tab 5, Exhibit 3, the Applicant explained that he had someone take out the old odometer and put in a replacement but that he did not get a receipt and had paid cash for the odometer change. It was Ms. Dempsey's evidence that at the June

2, 2000 attendance, the Applicant was still missing some of the paperwork for the deals for which warranty contracts had been issued and that the Applicant had advised that he had looked for them but did not find them all. Ms. Dempsey took away the paperwork for 17 transactions.

Ms. Dempsey stated that Page 7, Tab 10, Exhibit 3, is a copy of the inspection finding report issued by her on June 2, 2000. The report states that the Applicant was still missing the paperwork to match the warranty contracts that she had been given by the Applicant on May 5, 2000 and that she still needed to see the paperwork regarding the 11 transactions listed in the report.

On cross-examination, Ms. Dempsey testified that she had been the manager of inspections since December 1999 and had been an inspector since September 1997 and part of that time she had been self-employed in a cafeteria and catering business. In her present position, she acted as a supervisor and had seven inspectors and one assistant reporting her.

When asked with respect to the licensing procedure, Ms. Dempsey testified that an applicant submits an application and there is a training course to be taken if a person has never registered or if the application is six months or more after the expiry of a previous registration. The course offers basic information in running a dealership, completing bills of sale and lien provisions. Ms. Dempsey testified that the course was a home study course with most questions being answered by selecting one of two choices. The course became part of the registration process in November 1999. It was Ms. Dempsey's evidence that it had not been necessary for the Applicant to take the course as no course was offered when the Applicant registered.

Counsel for the Applicant referred Ms. Dempsey to Tab 4 and asked if the Registrar had inquired as to who prepared the Toronto Auto Auction form or what inquiries were made to verify the correctness of the information contained on the document. Ms. Dempsey responded that she had not checked the accuracy of the document but that the document was taken from the records of the Applicant. Ms. Dempsey acknowledged that they had never checked with the Toronto Auto Auctions about the document and that the Registrar had no knowledge of what information the Applicant provided to the auction.

Counsel referred Ms. Dempsey to her notes contained at Page 9, Tab 10, Exhibit 3, wherein it was noted that the Applicant had advised that he had the odometer changed in Montreal but had not received a receipt. Ms. Dempsey was then asked about other repairs to the vehicle referred to at Tab 4 and the witness responded that she did not recall asking about other repairs and was not told of additional repairs.

Ms. Dempsey confirmed that Item 4 of the Registrar's proposal referred to the documentation appearing at Tab 5, Exhibit 3. Referring to the bill of sale at Page 2, Tab 5, Exhibit 3, Ms. Dempsey acknowledged that the bill of sale contained reference to the dash having been changed and appeared to be signed by the purchaser.

Ms. Dempsey was referred to Page 1 of Tab 5 being the Consumer Questionnaire form of OMVIC and confirmed that on the form there was no place to ask a consumer regarding any discussions which may have occurred with respect to the odometer. Ms. Dempsey confirmed that there was no suggestion that the consumer's copy of the bill of sale differed from that which was produced by the Applicant.

Ms. Dempsey confirmed that Item 5 of the Registrar's proposal refers to the documentation appearing at Tab 6, Exhibit 3 and acknowledged that the bill of sale appearing at Page 3, Tab 6, would not have been prepared by the Applicant and that no one from OMVIC had spoken to anyone at the auction regarding the contents of that document. Ms. Dempsey's attention was then directed to Page 2 at the same tab which is the bill of sale dated December 6, 1999, wherein it was noted that the odometer had been changed and gave a reading which coincided with that on the bill of sale from the auction in Oshawa. Ms. Dempsey agreed with the suggestion that there was no evidence that the consumer did not know what the mileage was for this vehicle.

Ms. Dempsey acknowledged that the material at Tab 7, Exhibit 3, was tendered in support of Item 6 of the Registrar's proposal with respect to the 1991 Plymouth Laser automobile. The witness acknowledged that no steps had been taken to verify the accuracy of the information provided on the Toronto Auto Auctions form appearing at Page 4 of Tab 7. Ms. Dempsey also acknowledged that the difference between the odometer disclosure on the auction form and that shown on the bill of sale to Tony Orrico appearing at Page 3 of Tab 7 was approximately 400 kilometers greater than on the auction form.

Ms. Dempsey acknowledged that the limited powertrain warranty application appearing at Page 5 of Tab 7 did indicate under "TYPE & TERM OF COVERAGE" that it was six month unlimited kilometers and that it was signed by the purchaser, Tony Orrico. Ms. Dempsey confirmed that it was in response to the note appearing on the enquiry history at Page 6 of Tab 7 that gave rise to the inspection of the Applicant.

Ms. Dempsey acknowledged that there is no statutory form for a bill of sale to be used by motor vehicle dealers but that the form used must contain the information required in accordance with Regulation 801 of the Act.

Ms. Dempsey's attention was then drawn to Page 3 of Tab 8 being a bill of sale from the Applicant to Darlene Pauline Zerafa dated April 29, 2000 for a 1988 Nissan Pathfinder, and she acknowledged that the purchaser need not initial the distance travelled entry on the bill of sale and therefore failure to do so does not mean that the bill of sale is statutorily incomplete. Reference was made to the fact that it was a statutory requirement that where a vehicle is taken as a trade-in, the sales or purchase order must show the recorded odometer reading at the time of purchase or trade-in, but this was not done on the bill of sale from the Applicant to the purchaser Zerafa.

With respect to the warranty application form appearing at Page 11 of Tab 8, Ms. Dempsey acknowledged that the Act did not legislate a time period by which a registered dealer must send in the application. The witness confirmed that the Registrar was not aware of anyone who did not receive a warranty from the Applicant.

Ms. Dempsey's attention was then directed to the Toronto Auto Auctions form at Page 25 of Tab 8, Exhibit 3, which contains the words: "THEFT RECOVERY" and confirmed that this term was not defined. Further, the witness acknowledged that although there was a requirement for disclosure if the vehicle was a police car or taxicab, there was no requirement in Regulation 801 or in the Act to disclose that a vehicle was a theft recovery. Ms. Dempsey testified that the fact that a vehicle had been stolen would be a material disclosure and should have been made by the Applicant to the purchaser of the motor vehicle.

After counsel for the Applicant reviewed the seven items on the inspection findings report appearing at Page 4 of Tab 10, he suggested that these were matters of technical non-compliance and asked if Ms. Dempsey had recommended to the Applicant that he should take the course and Ms. Dempsey stated that she had not.

The Applicant gave evidence on his own behalf and testified that he was 36 years old, married with two children ages two and four. The Applicant came from Turkey in 1987 and his mother-tongue was Farsi (Persian) and at the time of his arrival the only English that he knew was the word "hello." The Applicant stated that his early employment had included working in a car wash and delivering pizzas. When asked about his application for registration, the Applicant indicated that all that was required was a police report but there were no examinations and he was not given a copy of any statutes. The Applicant stated that he had no previous problems with OMVIC.

The Applicant testified that the Notice of Appeal appearing at Tab 2 of Exhibit 3 was completed by his wife and although a pre-hearing was requested, none was held. Counsel for the Registrar objected to questions with respect to the pre-hearing as being irrelevant which objection was sustained. The Applicant acknowledged having met with the inspector in May and June 2000.

The Applicant's attention was directed to Page 2 at Tab 4 which is the Toronto Auto Auctions form for the 1993 Honda Accord, and the Applicant acknowledged that he had told the auction that the true kilometers for the vehicle were unknown. The Applicant testified that he had put new tires and rims on the vehicle. The Applicant stated that no one had called him to ask if he knew the odometer reading.

The Applicant stated that after purchasing the vehicle in Montreal from the auction, he tried to drive the vehicle to Toronto but certain of the gauges were not functioning and he had to have them changed before he drove the vehicle back to Toronto.

The Applicant stated that he told Ms. Dempsey that it was because he put new tires and rims on the vehicle at a value of \$600.00, put a new alternator on the vehicle at a cost of \$120.00 and had a new dash board put in to the vehicle for \$150.00 that he was able to sell the vehicle that he had purchased for \$4,000.00 for \$5,800.00.

The Applicant indicated that the notation on the bill of sale at Page 2, Tab 5, Exhibit 3, indicating that the dash had been changed was the Applicant's handwriting. The Applicant acknowledged that he knew the odometer reading but had not put the number into the bill of sale.

With respect to the bill of sale appearing at Page 2 of Tab 6, the Applicant testified that the odometer had been changed and that he had inserted the kilometer reading from the new odometer in the limited powertrain warranty application appearing at Page 4 of Tab 6 so that the warranty application would be consistent with the bill of sale.

It was the Applicant's evidence that a purchaser did not pay for the warranty but that it was included in the price of the car, and it was his evidence that his arrangement with CWC was that they would pick up the warranty applications from his premises. The Applicant stated that CWC never complained about the dating of the contracts and no customer had ever complained.

With respect to the bill of sale appearing at Page 3, Tab 7, Exhibit 3, being the sale to Tony Orrico, the Applicant stated that the two odometer readings were recorded because he had to change the complete dash board on this vehicle as it was cheaper to replace the entire dash board in order to obtain a new odometer rather than to have changed just the instrument alone. It was the Applicant's evidence that the bill of sale with the notation indicating that the odometer had been changed was signed by the purchaser. Further, the Applicant stated that the warranty appearing at Page 5 of Tab 7 was an unlimited warranty.

The Applicant stated that he had never tried to cheat anyone by changing an odometer.

With respect to the various bills of sale appearing at Tab 8 of Exhibit 3, the Applicant acknowledged that they were not filled out completely and stated that no one had told him how to properly fill out the form, and he had only learned what information to put in the form by word of mouth from other dealers. The Applicant agreed that information was missing from the forms. He stated that he never intended to mislead anyone by omitting information. It was the Applicant's evidence that he did know that the bill of sale must contain the name and address of the consumer and the type of vehicle being purchased.

The Applicant admitted that there had been a mix-up with respect to the date of the appointment with the inspector but that he had indeed shown up on May 5, 2000, after being contacted by Ms. Dempsey.

The Applicant testified that he had never had the various matters enumerated in the inspection findings report appearing at Page 5, Tab 10, Exhibit 3 explained to him before his first meeting with the inspector. No one had ever discussed the training course being offered by OMVIC which he had only heard about from other dealers. The Applicant stated that he would be willing to take the course and believed that he would gain benefit from it.

The Applicant testified that he had never previously been investigated with respect to operation of the dealership and had never been before this Tribunal.

On cross-examination, the Applicant testified that when he purchased the 1993 Honda Accord LX referred to at Tab 4, Exhibit 3, he discovered that the odometer was "jumping around." He acknowledged that at that time it showed 457,415 kilometers. The Applicant drove to Montreal and after attending the auction, met a friend who suggested a place where the Applicant could get the odometer fixed before driving the vehicle back to Toronto. The Applicant left the car in Montreal and went back to Toronto and returned to Montreal approximately two days later with a friend who drove.

The Applicant stated that he did not call Adesa, the auction in Montreal, with respect to the odometer problem. After the Applicant picked up the 1993 Honda Accord LX after having the odometer fixed, the alternator light came on and the Applicant thought that perhaps the mechanic who had worked on the odometer had not done his job properly, however, in the end the Applicant had the alternator fixed and paid cash for the work.

When questioned about the tires and rims, the Applicant testified that the tires and rims had been taken off another car which he already owned, and he had estimated the value to be between \$500.00 and \$600.00. The Applicant

acknowledged that in fact he had only paid out \$270.00 in total with respect to the vehicle which he sold 15 days later at the Toronto Auto Auction.

The Applicant acknowledged that he did not tell the auction the real number of kilometers on the vehicle but had indicated that the true kilometers were unknown.

The Applicant testified that with respect to the 1992 Saturn SL referred to at Tab 5, Exhibit 3, the odometer was working when he bought the vehicle in May 1999 but that the vehicle sat on his lot for approximately one year and at some point, the gauge stopped working. The Applicant stated that he had a fellow named Rob come and change the odometer and paid him in cash and had no receipts and paid no P.S.T. or G.S.T.

The Applicant stated that Rob was someone he contacted by pager whenever he needed electrical work done to a vehicle.

The Applicant testified that the letters: "T.M.U." were inserted in the bill of sale for the Saturn at the time of the sale but admitted that he did not insert the odometer reading as shown on the Toronto Auto Auction's bill of sale. The Applicant testified that he did mention the difference in kilometers to the purchaser and could not explain why he did not record the previous odometer reading on the bill of sale. The Applicant stated that he never asked to have the odometer reset and could not explain why he wrote the previous odometer reading on some bills of sale and not on others.

The Applicant testified that he never charged anyone for the warranties that he obtained from CWC and suggested that the warranty company gave him a discount. When questioned regarding the warranty appearing at Page 2, Tab 9, Exhibit 3, the Applicant stated that he sent one cheque for the warranties which he calculated by adding up the various warranties that he was paying for at one time. It was his recollection that a six month warranty cost approximately \$98.00 to \$99.00. The Applicant stated that he sent in a cheque with all the warranties, but he could not remember the amount of the cheque.

The Applicant testified that the cost of a powertrain warranty did not change as a result of the mileage disclosed.

When asked if he knew the meaning of the words "misleading" and "void" appearing in the lower right-hand corner of the CWC application form, the Applicant stated that he did not know what those words meant.

With respect to the bill of sale at Page 18, Tab 8, Exhibit 3, the Applicant testified that the customer had been told by others that the warranty company was no good and the customer decided that she did not want the warranty, and the Applicant wrote up a new bill of sale. On further reflection, the Applicant

suggested that perhaps what had happened was that after the deal, the customer asked for the warranty which the Applicant paid himself at a cost of approximately \$100.00.

The Applicant was then asked about the statement appearing on the bill of sale at Page 8, Tab 9, Exhibit 3, which states that the vehicle was being sold “as is” with no warranty when at Page 10, Tab 9, there is a application for a limited powertrain warranty with CWC. The Applicant stated that an “as is” sale means that the Applicant does not warrant the vehicle but those words do not mean that the customer is not receiving a third party warranty. The Applicant stated that reference to “as is” meant that there was no safety certificate and if the customer was taking the vehicle off the lot, he needed to obtain a temporary permit. The Applicant stated that he learned about the ten day permit requirement from the Ministry of Transportation.

FACTS FOUND PROVEN:

The following facts are found by this Tribunal to have been proven:

1. In the transaction involving the 1993 Honda Accord LX, the Applicant sold the vehicle without disclosing to the purchaser the true distance travelled by the vehicle although that information was known to him.
2. In the transaction involving the 1992 Saturn SL, the Applicant sold the vehicle without disclosing to the purchaser the true distance travelled by the vehicle although that information was known to the him.
3. The Applicant failed to complete bills of sale in the manner required by section 16 of Regulation 801 under the Act.
4. The Applicant has, on numerous occasions, breached subsection 19(2) of Regulation 801 which requires the recording of work done with respect to odometers.
5. The Applicant failed to maintain the proper records as required by Regulation 801.
6. The Applicant failed to register vehicles in his name as required by the *Highway Traffic Act*, section 60.

ISSUE:

The issue before this Tribunal is whether or not the Registrar has erred in proposing to revoke the registration of the Applicant under the Act.

LAW:

The authority granted to the Registrar is provided in subsections 5(1)(b) and 6(2) of the Act which states:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty;

.....

6.(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 5 if the registrant were an applicant or where the registrant is in breach of a term or condition of the registration;

.....

The Registrar has the onus of proof to satisfy the Tribunal that the Registrar has reasonable grounds to believe that the registration of the Applicant should be revoked.

The question to be determined is whether the past conduct of the Applicant provides the Registrar with reasonable grounds for the belief that the Applicant will not carry on business as required by section 5(1)(b) of the Act. It is the Registrar's belief which is at issue in these proceedings not that of the Tribunal.

For the Tribunal to carry out its responsibilities pursuant to the Act, the Tribunal must review the decision of the Registrar by examining the allegations of the Registrar with respect to the activities of the Applicant and to consider such allegations in light of the evidence given by the Registrar and the Applicant with respect to those allegations.

In the leading case of *Brenner* 19 CRAT SCO Decisions and Orders (1971-1989), page 59, is a decision issued on April 7, 1983 where the Divisional Court overruled a decision of this Tribunal. Southey J. states that the Registrar proposed to refuse registration because of the existence of the specific circumstances set out in Section 5(1)(b) of the *Motor Vehicle Dealers Act*:

“The effect of Sec. 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself.”

Due to the particular facts in this case, Southey J. sent it back for a rehearing, however, adding in the third last paragraph:

“The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.”

Therefore, it is not sufficient for the Tribunal to reach a conclusion that it would have exercised the discretion differently from the way in which the Registrar did. Clearly, in order to overrule the Registrar the Tribunal must conclude that the Registrar was wrong in his decision and that the conduct of the Applicant does not afford reasonable grounds for his belief based upon it.

The above principle was affirmed by the Divisional Court in *Faccenda* [1994] 26 CRAT Part II 1050. In *Faccenda*, the Divisional Court, again on appeal from this Tribunal quashed a decision to direct a Registrar not to carry out his Proposal. At page 1051, the Court held:

“It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought that the Registrar was in error in his belief.”

APPLICATION OF LAW TO FACTS:

It is the Registrar’s position that there is ample evidence before the Tribunal to find that the manner in which the Applicant is carrying on business provides reasonable grounds for the belief that the Applicant will not carrying on business in accordance with law and with integrity and honesty.

The Applicant argues that this is not a case of odometer tampering and that Items 7 through 10 of the Registrar's proposal to revoke the Applicant's registration are matters of technical non-compliance. It is the Applicant's position that the revocation of the Applicant's registration is a most serious sanction unwarranted by the actions of the Applicant who is a "first-time offender."

The Applicant argues that no consumer was taken advantage of as a result of the actions of the Applicant and that there is no evidence that any consumer suffered with respect to the failure to submit warranty applications which, in any event, is not a matter over which OMVIC has responsibility.

Although any single act of the Applicant, as presented to the Tribunal during the course of this hearing, may not provide the necessary grounds for the Registrar to revoke the registration of the Applicant, when taken together it is clear that the Applicant has carried on business in a manner that demonstrates a disregard for the statutory requirements of the industry. His actions and omissions far exceed mere sloppiness. The Tribunal does not accept that the activities of the Applicant can be characterized as technical non-compliance.

The *Motor Vehicle Dealer Act* is a consumer protection statute and the requirements under the Act and its Regulations are in place to further that protection. The requirements placed upon a motor vehicle dealer are fundamental to the efforts to carry out the intention and objective of the Act.

In applying the evidence placed before this Tribunal to the relevant legal principles, the Tribunal finds that the past conduct of the Applicant affords reasonable grounds for the Registrar to believe that the Applicant will not carry on business in accordance with the law and with integrity and honesty.

DECISION AND ORDER:

Accordingly, pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his proposal dated August 22, 2000, to revoke the registration of Haji Medhi o/a Ultimate Auto Sale Parts & Service as a motor vehicle dealer under the Act.

PREHEARING

LEO E. MADORE AND MARYANN MADORE

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSE OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

LEO MADORE, Appearing on his own behalf and on behalf
of Maryann Madore,
NETANUS RUTHERFORD, Counsel, representing the
Ontario New Home Warranty Program,
LLOYD ALTER, Agent, representing 20 Niagara Street Ltd.

DATE OF

PRE-HEARING: January 3, 2001

Toronto

ORDER

FOLLOWING attendances on January 3, 2001 at a prehearing before Tribunal of Leo E. Madore, on his own behalf and on behalf of Maryann Madore (the "Applicants"), and Netanus Rutherford, Counsel on behalf of the Ontario New Home Warranty Program (the "Program") and Lloyd Alter, Agent on behalf of 20 Niagara Street Ltd. (the "Added Party");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, February 5, 2001 at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario and to continue if necessary on February 6 and 7, 2001 at 9:30 a.m. at the Tribunal's above Chambers;

1. The Parties present at the prehearing recorded that there had been no resolution of the sole issue for determination in this matter.

2. The Parties to the hearing are the Applicants, the Program and the Added Party.
3. The issue to be dealt with at the hearing is contained in the Program's decision letter of August 31, 2000 under claim # 1 more fully referred to on pages 1 and 2 of that decision letter.
4. The Parties were not able to indicate at this stage whom they propose to call to testify at the hearing nor were they able to indicate how long they believe the hearing will last.
5. All Parties to the hearing shall comply with Rule 6.3 of the Rules of Practice of this Tribunal.

DATES OF
HEARING:

January 25 & 26, 2001

Toronto

ORDER

PURSUANT to the provisions of the *Ontario New Home Warranties Plan Act* R.S.O. 1990, Chapter 0.31 as amended, Caterina Maiolo (the "Applicant") appealed a Decision of the Ontario New Home Warranty Program (the "Program") set out in a Decision Letter dated August 28, 2000;

WHEREAS, the Applicant filed an appeal with the Tribunal, requesting a hearing;

WHEREAS, the hearing was to be heard on January 25 and 26, 2001 at the Tribunal's Chambers;

AND WHEREAS, the hearing commenced on January 25, 2001 and on the second day of hearing on January 26, 2001, the hearing was adjourned on consent of all parties in order to hear further evidence;

This Tribunal Orders that:

- 1) The hearing in this matter is adjourned on consent of all parties to commence at the Tribunal's Chamber's, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario at 9:30 a.m. on Wednesday, February 21, 2001.

LICENCE APPEAL TRIBUNAL

BEIKO

SANDRA BEIKO

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: JOHANNE N. MORISSETTE, Vice-Chair

APPEARANCES:

SANDRA BEIKO, appearing on her own behalf (the
"Applicant")
MARK FRIEDMAN, Counsel, representing the Ontario New
Home Warranty Program (the "Program")
GEORGE GEORGARAS AND JOHN MAC DOUGALL,
Agents, representing the Added Party, Uniform Urban
Developments Ltd.

DATE OF
HEARING:

January 15, 2001

OTTAWA

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal by Sandra Beiko (the "Applicant") from a written decision dated August 29, 2000 of the Ontario New Home Warranty Program (the "Program") under the *Ontario New Home Warranties Plan Act* (the "Act").

FACTS:

The Tribunal finds, pursuant to the evidence given in these proceedings, the following as proven facts:

The Applicant took possession of her home on October 28, 1998 and notified the Program in writing by letter dated October 19, 1998, of various complaints, most of which were adequately repaired by the builder before conciliation, save and except the item stated therein as "hardwood floors separating (repairs done

unacceptable)". The Applicant further claims that the marring of the hardwood floors around the kitchen table is also an item under warranty and, she further claims a refund of the conciliation fee of \$50.00.

ISSUES:

The issues to be decided in these proceedings are as follows:

- 1) Is the separating of the hardwood floor a claim that qualifies as a warranty within section 13(1) of the Act?
- 2) Is the marring of the hardwood floor, a claim that qualifies as a warranty within section 13(1) of the Act?
- 3) Is the Applicant entitled to a refund of the conciliation fee?

LAW:

Section 13(1) of the Act prescribes that:

"Every vendor of a home warrants to the owner,

(b) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
- (ii) is fit for habitation, and
- (iv) is constructed in accordance with the Ontario Building Code;

.....

Section 13(2) of the Act prescribes that:

(2) A warranty under subsection (1) does not apply in respect of,

.....

(c) normal wear and tear;

(d) normal shrinkage of materials caused by drying after construction;

.....

Section 13(4) of the Act prescribes that:

A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under conditions as are prescribed.

APPLICATION OF LAW TO FACTS:

Is the separation of the hardwood floors a warrant able item? This was a complaint made within the one year prescription. The evidence from both the builder and Mr. Rochon of the Program, identifies the separation as what is seen as normal depending on the time of year and the level of humidity in the home. Mr. Rochon testified that upon his first visit to the home, as requested by the builder, on May 3, 2000, he observed the separation of the floor boards. He further observed the fact that the ducts in the living room were closed, and he concluded that could possibly cause a lack of ventilation and drop of humidity that could cause the separation. At that initial visit, there was no mention by the Applicant of the issue of "marring" around the kitchen table, to Mr. Rochon. The next day, May 4, 2000, the Applicant wrote in a new letter to the Program advising them of the marring issue with respect to the hardwood floors.

After that initial meeting, the builder wrote to the ONHWP on June 13, 2000, advising the Program that "all issues were resolved and or accepted except for the issue of the area of marred hardwood floors in the kitchen". There was no evidence from the Applicant or anyone else that the Applicant did not, at that time, agree with that statement.

Mr. Rochon attended the conciliation on July 12, 2000, where the only complaint he had to attend to was the marring around the kitchen table. As a result, his decision letter dealt with only that issue.

Mr. Rochon testified that the Applicant did not ask him, nor did she mention that she was still not satisfied with the separation of the hardwood floors. On cross-examination, the Applicant testified that she did not remember her conversations with Mr. Rochon and did not remember what was at issue during the conciliation process. Mr. Rochon also testified that on July 12, 2000 he observed that the separations that he had observed on his May 3, visit were no longer present. Mr. Rochon added further, that it was very likely that the shrinkage of the separation was consistent with the time of year as there being more humidity in the home and therefore the wood would expand and the separation would be less visible.

The Tribunal finds that there is insufficient evidence to corroborate a claim of poor workmanship on the part of the builder regarding the separation of the floor boards. The evidence of Mr. Rochon with respect to his observations between

May and July clearly shows that there was shrinkage of the wood which is therefore excluded by section 13(2)(d) of the Act.

Regarding the marring of the hardwood floor in the kitchen, was this item part of the initial complaint of the Applicant, so as to allow it under the one year warranty?

The Applicant states that her initial complaint was a blanket complaint and therefore the marring was covered within the one year warranty. The Tribunal finds that even if the blanket complaint would include the marring, there is a lack of convincing evidence that this marring was due to the poor workmanship of the builder. The Applicant has the onus of establishing that the marring was caused by poor workmanship of the builder. The evidence is more in line with the fact that the marring was caused by normal wear and tear and therefore excluded.

DECISION:

Pursuant to the authority vested in it by section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicant's claims.

Applicant

- and -

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Age of Travel Inc. (hereinafter referred to as the "Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent (registration number 2498948) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **April 18, 1986**.

2. The Registrant is subject to the prescribed terms and conditions of registration as are set out in sections 8 to 35 of Regulation 806/93 made under the Act (hereinafter "the Regulation").

WORKING CAPITAL – THE GROUNDS FOR THE PROPOSAL

3. Subsection 25(1) of the Regulation states that a registrant shall maintain a minimum working capital of \$5,000.00 if the registrant had sales in Ontario of less than \$1.5 million during the previous fiscal year.
4. The Registrant's gross sales reported in the financial statements for its fiscal year-ended **January 31, 2000** were \$50,844.00, thus requiring the Registrant to have a minimum working capital of \$5,000.00.
5. The Travel Industry Council of Ontario's ("TICO") review of the Registrant's financial statements for the year-ended January 31, 2000 revealed a working capital deficiency of \$1,799.00 or a total working capital shortfall of \$6,799.00.
6. By letter dated **May 19, 2000**, the Registrant was advised by TICO of the working capital shortfall and asked to address the shortfall and provide information on what steps had been taken to address the shortfall by **June 2, 2000**.
7. On **June 1, 2000**, TICO received evidence of a partial injection of funds to address the working capital shortfall for \$4,995.00 from the Registrant's owner, Mr. Mike Kocet.
8. On **July 4, 2000**, TICO conducted an inspection of the Registrant, which revealed that Mr. Kocet's **June 1st** injection of \$4,995.00 had been removed and that the Registrant was still in non-compliance of the Regulation.
9. By letter dated **July 13, 2000**, the Registrant was advised that working capital must be maintained at all times and was told to inject funds to correct the working capital shortfall by **July 27, 2000**.
10. On **September 12, 2000**, the Registrar issued a Proposal to Revoke the Registrant's Registration on the grounds that the Registrant was in contravention of the Act and Regulation for failing to maintain the minimum working capital as required by section 25 of the Regulation.
11. The Registrant's working capital deficiency has not been corrected.
12. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

- (i) the Registrar refrain from carrying out the Proposal to Revoke Registration dated **September 12, 2000**;
- (ii) the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall correct any and all working capital deficiencies and provide proof of such correction, to the satisfaction of the Registrar, by **April 30, 2001**. At all times thereafter, the Registrant shall maintain a minimum working capital as required pursuant to section 25 of the Regulation or such subsequent provision as may be in force from time to time;
 - (b) The Registrant shall file complete financial statements as required pursuant to section 24 of the Regulation, for the fiscal year ended **January 31, 2001**, no later than **April 30, 2001**;
 - (c) The Registrant shall file complete financial statements as required pursuant to section 24 of the Regulation, for the fiscal year ended **January 31, 2002**, no later than **April 30, 2002**;
 - (d) The Registrant shall file complete financial statements as required pursuant to section 24 of the Regulation, for the fiscal year ended **January 31, 2003**, no later than **April 30, 2003**;
 - (e) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant;
 - (f) In future, the Registrant shall file any and all interim and final financial statements for every year of registration as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time on or before the legislated due date;
 - (g) If any of the Registrant's future financial statements reveal a working capital deficiency, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and

produce proof of such correction to the Registrar. Notice of the working capital deficiency will be sent by registered mail to the Registrant.

- (h) By **March 10, 2001**, the Registrant shall establish a trust account to protect customer funds in accordance with section 36 of the Regulation and, thereafter, the Registrant shall maintain a proper trust account and comply with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time;
- (i) The Registrant shall submit a monthly trust account reconciliation to the Registrar on or before the last business day of each month for the preceding month, beginning on **May 1, 2001**, for the month of **March, 2001**, for so long as the Registrar shall so require; and
- (j) If the above-noted trust account reconciliations as filed according to (ii)(g) are incomplete or reveal a customer deposit deficiency, the Registrant will have **ten (10) days** from the date of the notice of the deficiency to fully and completely address any deficiency and produce proof of the correction acceptable to the Registrar in his sole discretion. Notice of the deficiency, if any, shall be sent by courier or registered mail to the Registrant.
- (iii) Should the Registrant fail to comply with conditions (ii) (a) to (e) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
- (iv) This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

MERLE'S AUTO REPAIRS AND MERRILL THOMAS GORDON

IN THE MATTER OF the *Highway Traffic Act*, R.S.O. 1990 Chapter H.8 as amended

AND IN THE MATTER OF an Application by Merrill Thomas Gordon and Merle's Auto Repairs dated January 10, 2001 for a hearing before the Licence Appeal Tribunal pursuant to Section 95 of the *Highway Traffic Act* appealing the Notice of the Director of Vehicle Inspection Standards dated July 7, 2000;

AND IN THE MATTER OF Motor Vehicle Inspection Station Licence Number 23-33915 in the name of Merle's Auto Repairs;

AND IN THE MATTER OF the registration of Motor Vehicle Inspection Mechanic, Merrill Thomas Gordon holding Trade Certificate Number 310S-038323 and 310T-038323.

PANEL MEMBERS: Alan Holbrook, Presiding Member
Clarke Wallace, Member

APPEARANCES: Patrick Moore,
Counsel for the Director of Vehicle Inspection Standards
Merrill Thomas Gordon did not attend,
Applicant unrepresented

DATE OF HEARING: January 10, 2001

Toronto

DECISION AND REASONS

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal by the licensee Merle's Auto Repairs and the registrant Merrill Thomas Gordon (the "Applicant") respecting a proposal by the Director of Vehicle Inspection Standards under the *Highway Traffic Act* ("HTA") to revoke:

- a) Motor Vehicle Inspection Station Licence No. 23-33915 issued to Merle's Auto Repairs, and
- b) The registration of Motor Vehicle Inspection Mechanic, Merrill Thomas Gordon who holds a Trade Certificate No. 310S-038323 and 310T-038323.

EXHIBITS:

By the Respondent:

Exhibit # 1 Proposal to Revoke MVIS and Mechanics Registrations dated July 7, 2000.

Exhibit # 3 Adjournment Order dated November 22, 2000.

Exhibit # 5 Registrar's Hearing Record (Green Book).

Exhibit # 6 Supplementary Registrar's Hearing Record (Blue Book).

By the Applicant:

Exhibit # 2 Notice of Appeal dated August 23, 2000.

Exhibit # 4 Letter from Applicant dated January 9, 2001.

PRELIMINARY MATTERS:

Mr. Moore asked that the letter from the Applicant dated January 9, 2001 and the Respondent's Supplementary Hearing Record (Blue Book) be entered as exhibits at this time. The Tribunal accepted them and marked as Exhibits # 4 and # 6 respectively.

Exhibit # 4 was discussed. In Exhibit # 4, Mr. Gordon explains that he will be unable to attend this hearing and indicates no intention of sending a representative. Mr. Gordon also states he is aware the hearing will proceed in his absence. The hearing proceeded.

FACTS:

The Director's Grounds for Revocation:

By Notice dated July 7, 2000, the Director of Vehicle Inspection Standards (the "Director") revoked pursuant to subsection 91(8)(a) and (e) and section 93(a) and (c) of the *Highway Traffic Act* R.S.O. 1990, Chap. H8 as amended:

- (a) Motor Vehicle Inspection Station Licence No. 23-33915 issued to Merle's Auto Repairs, and;
- (b) the registration of Motor Vehicle Inspection Mechanic, Merrill Thomas Gordon who holds a Trade Certificate No. 038323.

on the grounds that the licensee and registrant have made false statements and failed to comply with the HTA and regulations in the issuance of safety standards certificate as follows:

1. Certificate number # 6632431 issued February 1997, concerning a 1984 Dodge.
2. Certificate number # 6732478 issued March 1997, concerning a 1984 Oldsmobile.
3. Certificate number # 9362401 issued March 24, 1999, concerning a 1986 Oldsmobile.
4. Annual Inspection Sticker F116-361 issued December 1, 1999 1986 GMC van.
5. Certificate number # 858583 issued on or about April 22, 2000, 1982 GMC.
6. Certificate number # 858582 issued on or about April 22, 2000, 1983 Pontiac.
7. Certificate number # 858599 issued on or about April 22, 2000, 1984 Buick.
8. Certificate number # 858607 issued on or about April 28, 2000, 1982 Honda.
9. Certificate number # 858604 issued on or about April 28, 2000, 1987 Pontiac.
10. Certificate number # 119445 issued on or about July 26, 2000, 1985 Plymouth.

The Director's witnesses were: Ministry of Transportation Enforcement Officers:

Larry Gremaldi, Mark Horton, and Donald Rutherford whose evidence follows.

Officer Gremaldi testified that he is a licenced mechanic with experience in the private sector as a mechanic and as an owner of an Motor Vehicle Inspection Station (MVIS) prior to becoming an officer with the Ministry of Transportation. He explained the spreadsheet at Tab 4 of Exhibit #5 from the Ministry database, listing information on the MVIS record of the Applicant including convictions and warning letters. Officer Gremaldi explained the application form at tab 5, and the Applicant's operation as a 2 bay garage with Mr. Gordon as the only licenced mechanic. Officer Gremaldi testified that they will investigate an MVIS where the number of safety certificates (SSCs) seems excessive, after receiving complaints from customers or on the basis of "rumours they hear in the field".

Officer Gremaldi testified that in 1997, following a complaint, the Ministry investigated and did a field inspection on the 1984 Dodge SSC # 6632431 detailed at Tab 7 of Exhibit 5. The inspection resulted in the removal of the number plates from the vehicle after the vehicle was found to be unfit. No charges were laid as the Applicant and the owner of the vehicle reached a settlement on their own.

Officer Gremaldi testified that in 1997, following a complaint, the Ministry investigated and did a field inspection on the 1984 Oldsmobile SSC # 6732478 detailed at Tab 8 of Exhibit 5. The inspection resulted in charges being laid against the Applicant.

After numerous complaints, in 2000 an SSC audit was carried out and two vehicles, a 1982 Honda SSC #858607 and 1987 Pontiac SSC #858604 were field inspected. The results of the field inspections are set out in tabs 14 and 15 of Exhibit 5 and resulted in charges and convictions against the Applicant.

After the suspension notice was issued in July of 2000, Officer Gremaldi assisted another officer in September, 2000 with an the investigation regarding a 1985 Plymouth SSC # 1197445, (Tab 16 of Exhibit 5) and charges were laid against the Applicant as a result.

Officer Mark Horton testified that that he is a licenced mechanic with experience in the private sector prior to becoming an Officer with the Ministry of Transportation. Officer Horton stated the Ministry had received many complaints by phone and from the police in 1998 or 1999, resulting in an audit of Merle's Auto Repairs. As detailed in Tab 9 of Exhibit 5, a field inspection was done on an 1986 Oldsmobile SSC #9362401 resulting in the removal of the plates and the vehicle was declared unfit. Charges were laid against the Applicant.

Officer Horton testified that a 1986 cube van was stopped. The Annual Safety Sticker was not displayed and subsequent investigation revealed it was never properly affixed to the vehicle as required by the HTA. Tab 10 of Exhibit 5 sets

out details regarding Annual Inspection Sticker F116361 and that no work order was found for the van. Charges were not laid, but a written warning was issued to the Applicant.

As a result of the audit, Officer Horton field inspected an 1986 GMC Suburban SSC # 858583 (Tab 11 Exhibit 5). Major defects were found. The owner was advised by Mr. Horton that the vehicle was unfit for the road. The plates would have been removed, but the vehicle was on private property. Charges were laid against the Applicant.

Tab 12 of Exhibit 5 details a field inspection by Officer Horton of a 1983 Pontiac SSC # 858582. Major defects were found. The owner was advised by Mr. Horton that the vehicle was unfit for the road. The plates would have been removed, but the vehicle was on private property. Charges were laid against the Applicant.

Tab 13 of Exhibit 5 details Officer Horton's field inspection of a 1984 Buick SSC # 858599. Major defects were found. The owner was advised by Officer Horton that the vehicle was unfit for the road. The plates would have been removed, but the vehicle was on private property. Charges were laid against the applicant. No work orders could be found for this vehicle by Mr. Gordon.

In two return visits to retrieve missing work orders, only 2 of 5 were ever produced by Mr. Gordon.

Officer Donald Rutherford testified he has been a licenced mechanic since 1973. Tab 16 of Exhibit 5 details his field inspection, as the result of a complaint on a 1985 Plymouth. The vehicle was found to be unfit. The plates were removed and charges were laid against the Applicant.

The Applicant called no witnesses.

The Tribunal finds proven on the evidence that the MVIS, Merle's Auto Repair, and Mr. Merrill Thomas Gordon issued SSCs without regard for the mechanical fitness of the vehicles as laid out in schedule 611 of the HTA. Consistently the defects found by officers doing field inspections were serious. They found severe corrosion of frame, steering, and brake components, parking brakes not working, windshield wipers and washers not functioning. These are critical defects that existed at the time the SSCs were issued by the Merle's Auto Repair through Mr. Gordon.

ISSUES:

The issues in this case may be summarized as follows:

Should the decision of the Director of Vehicle Inspection Standards to revoke the Motor Vehicle Inspection Station licence be carried out?

Should the decision of the Director of Vehicle Inspection Standards to revoke the Motor Vehicle Inspection Mechanic licence be carried out?

LAW:

The *Highway Traffic Act*, R.S.O. 1990 Chap H.8 as amended, provides as follows:

Motor Vehicle Inspection Station Licence:

- 91(1) No person shall establish, operate or maintain a motor vehicle inspection station except under the authority of a licence issued by the Director under this Act and the Director may issue a licence for a motor vehicle inspection station subject to the conditions that the Director may specify in the licence.
- 91(2) Subject to subsection (3), any person who applies in accordance with this Act and the regulations for a licence to establish, operate or maintain a motor vehicle inspection station and who meets the requirements of this Act and the regulations and who pays the prescribed fee is entitled to be issued the licence

Revocation of a Licence

91(8) The Director may revoke or refuse to renew a motor vehicle inspection station licence where,

- (a) any person has made a false statement in the application for the licence or a renewal thereof or in any safety standards certificate signed by the licensee or a person authorized in writing by the licensee or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the motor vehicle inspection station;
- (b) any inspection authorized by the licence is incompetently performed;
- (c) the licensee or any motor vehicle inspection mechanic employed in the motor vehicle inspection station has misrepresented the condition of a vehicle with respect to the standards of equipment and performance prescribed by the regulations upon an inspection of the vehicle in the station for the purpose of determining whether or not to issue a safety standards certificate, sign a vehicle inspection record or affix a vehicle inspection sticker;
- (d) there is a breach of condition of the licence;

- (e) the licensee does not comply with this Act or the regulations;
- (f) the inspections that can be performed by the motor vehicle inspection station are misrepresented; or
- (g) a change in the officers or directors of any corporation that is a licensee would afford grounds for refusing to issue a motor vehicle inspection station licence under clause (3)(a)

Motor Vehicle Inspection Mechanic:

- 92(1) No person shall sign a vehicle inspection record as mechanic or certify in a safety standards certificate that a vehicle complies with the standards of equipment and performance prescribed by the regulations unless the person is registered by the Director as a motor vehicle inspection mechanic in a motor vehicle inspection station and the Director may so register any person for whom application is made under subsection (2).
- (2) Where a licensee or an applicant for a motor vehicle inspection station applies for the registration as a motor vehicle inspection mechanic in the motor vehicle inspection station of the licensee or in the proposed motor vehicle inspection station of the applicant for a licence, as the case may be, of any person who meets the requirements of this Act and the regulations, the person is entitled to be registered as a motor vehicle inspection mechanic in the motor vehicle inspection station.

93 The Director may revoke the registration of a motor vehicle inspection mechanic where,

- (a) the registrant or the licensee has made a false statement in the application for registration of the registrant or in a safety standards certificate or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the registrant;
- (b) any inspection performed under the authority of the mechanic's registration is incompetently performed by the registrant; or
- (c) the registrant does not comply with this Act or the regulation.

Appeal before the Licence Appeal Tribunal:

- 95(1) Where the Director proposes,
- (a) to refuse to issue or renew a licence;
 - (b) to refuse to make a registration; or

- (c) to revoke a licence or registration,

the Director shall serve notice of his or her proposal, together with written reasons therefor,

- (d) in the case of a proposal to refuse to issue a licence, upon the applicant;
- (e) in the case of a proposal to revoke or to refuse to renew a licence, upon the licensee;
- (f) in the case of a proposal to refuse to make a registration, upon the applicant or licensee and upon the proposed registrant; and
- (g) in the case of a proposal to revoke a registration, upon the registrant and the licensee of the motor vehicle inspection station in which the registrant is employed.

(2) A notice under subsection (1) shall inform the person who is the applicant, licensee, registrant or proposed registrant, as the case may be, that the person is entitled to a hearing by the Tribunal if the person mails or delivers, within fifteen days after receiving service of the notice under subsection (1), notice in writing to the Director and the Tribunal requiring a hearing by the Tribunal and the person may so require the hearing.

(4) Where the applicant, licensee, registrant or proposed registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and shall hold the hearing and may by order direct the Director to carry out his or her proposal and to take the action that the Tribunal considers the Director ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Director.

APPLICATION OF THE LAW TO THE FACTS:

Under the HTA, the relevant sections dealing with revocation state:

91 (8) The Director may revoke or refuse to renew a motor vehicle inspection station licence where,

- (a) any person has made a false statement in the application for the licence or a renewal thereof or in any safety standards certificate signed by the licensee or a person authorized in writing by the licensee or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the motor vehicle inspection station;
- (e) the licensee does not comply with this Act or the regulations;

93. The Director may revoke the registration of a motor vehicle inspection mechanic where,

- (a) the registrant or the licensee has made a false statement in the application for registration of the registrant or in a safety standards certificate or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the registrant;
- (b) *any inspection performed under the authority of the mechanic's registration is incompetently performed by the registrant; or*
- (b) the registrant does not comply with this act or the regulations.

As to the revocation of the motor vehicle inspection licence, the evidence has established that the MVIS, Merle's Auto Repairs, issued safety standards certificates containing false statements and the licensee did not fully comply with the *Highway Traffic Act*, specifically subsection 91(8)(a) and (e).

As to the revocation of the registration of the motor vehicle inspection mechanic, the evidence has established that Mr. Merrill Thomas Gordon made false statements in safety standards certificates and issued safety standard certificates for vehicles that did not conform to standards required by the *Highway Traffic Act*.

DECISION:

Pursuant to the authority vested in it under subsection 95(4) of the *Highway Traffic Act*, the Tribunal confirms the Order of the Director to revoke the MVIS Licence of Merrill Thomas Gordon and Merle's Auto Repair, and to revoke the registration of Merrill Thomas Gordon as a Motor Vehicle Inspection Mechanic.

LEONARD SHERWOOD AND CPG AUTOMOTIVE

IN THE MATTER OF the *Highway Traffic Act*, R.S.O. 1990 Chapter H.8 as amended

AND IN THE MATTER OF an Application by LEONARD SHERWOOD and CPG AUTOMOTIVE dated 21 August 2000 for a hearing before the Licence Appeal Tribunal pursuant to Section 95 of the *Highway Traffic Act* appealing the Notice of the Director of Vehicle Inspection Standards dated 12 June 2000;

AND IN THE MATTER OF Motor Vehicle Inspection Station Licence Number 32-41767 in the name of CPG Automotive;

AND IN THE MATTER OF the registration of Motor Vehicle Inspection Mechanic, Leonard Sherwood holding Trade Certificate Number 310S-903483.

PANEL MEMBERS: HUGH R. HANSON, Presiding Member
 CHARLES J. SANDIFORD, Member

APPEARANCES: PATRICK MOORE
 Counsel for the Director of Vehicle Inspection Standards

DATE OF HEARING: 3 January 2001

Toronto

DECISION AND REASONS

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal by the licensee CPG Automotive and the registrant Leonard Sherwood (the "Applicant") respecting a proposal by the Director of Vehicle Inspection Standard to revoke:

- a) Motor Vehicle Inspection Station Licence No. 32-41767 issued to CPG Automotive and
- b) the registration of Motor Vehicle Inspection Mechanic, Leonard Sherwood who holds a Trade Certificate No. 310S-903483.

EXHIBITS:

Exhibit # 4: Respondent's Appeal Book.

Exhibit # 5: 12 photos re tab 6 of Respondent's Appeal Book.

Exhibit # 6: 3 photos re tab 7 of Respondent's Appeal Book.

Exhibit # 7: 5 photos re tab 8 of Respondent's Appeal Book.

Exhibit # 8: 3 photos re tab 9 of Respondent's Appeal Book.

Exhibit # 9: 4 photos re tab 11 of Respondent's Appeal Book.

Exhibit # 10: Application for Inspection.

PRELIMINARY MATTERS:

The hearing was called for 9:30 am on 3 January 2001. The Tribunal opened the hearing at that time but recessed until 10:05 a.m. to await the appearance of the Applicant or his representative. At 10:05 a.m. the hearing resumed. Neither the Applicant nor anyone representing him appeared before the hearing was concluded.

FACTS:

The Director's Grounds for Revocation:

By Notice dated 12 June 2000 the Director of Vehicle Inspection Standards proposed to revoke pursuant to subsection 91(8)(a) and (e) and section 93(a) and (c) of the *Highway Traffic Act* R.S.O. 1990, Chap. H8 as amended (HTA):

- (a) Motor Vehicle Inspection Station Licence No. 32-41767 issued to CPG Automotive, and;
- (b) the registration of Motor Vehicle Inspection Mechanic, Leonard Sherwood, who holds a Trade Certificate No. 310S903483

on the grounds that the licensee and registrant have made false statements and failed to comply with the act and regulations in the issuance of safety standards certificate as follows:

1. Certificate number 8748694 issued on or about 21 January 1999 concerning a 1988 Chevrolet.
2. Certificate number 9330573 issued on or about 5 March 1999 concerning a 1986 Ford.
3. Certificate Number 9330568 dated on or about 2 March 1999 concerning a 1977 Jeep.
4. Certificate Number 9330569 dated on or about 2 March 1999 concerning a 1982 Dodge.
5. Certificate Number 9330580 dated on or about 8 March 1999 concerning a 1972 Ford.
6. Certificate Number 9330579 dated on or about 8 March 1999 concerning a 1982 Ford.
7. Certificate Number 9298659 dated on or about 31 March 1999 concerning a 1985 Dodge.
8. Certificate Number 9471082 dated on or about 29 April 1999 concerning a 1985 Dodge.

The Director's witnesses were Gerald Dienisch and Gordon Waldron, both Motor Vehicle Inspectors of the Ontario Ministry of Transport. Their evidence, largely supported by inspections reports made out at the time of inspections, was found to be entirely credible. The evidence was as follows:

As a result of complaints received, the Inspectors conducted an in depth audit of the Safety Standards Certificates books of the Applicant on 25 March 1999. Following this audit, inspections were made of eleven vehicles that had been issued safety certificates by the Applicant. These inspections showed that there were numerous instances of faulty recording of odometer readings on the certificates. They showed, too, that many of the vehicles had severe defects that could not have arisen in the interval between the issue of the certificates and the subsequent Ministry inspections. In addition, the Applicant was unable to produce the work orders that had purportedly been issued in connection with the certifications.

As a result of these findings, the Ministry issued summonses on six charges under HTA 90(3)(a), and one charge under HTA 11(2). On 5 January 2000 the Court in Sarnia heard these charges. The Applicant pled guilty and was convicted on all counts, resulting in four fines of \$500 (with Victim Surcharge) and three suspended sentences.

There was testimony that the Applicant had three convictions under the HTA in 1989, and that in the past he had been licensed to operate in the Peterborough area but was unable to be found when Inspectors there sought him. There was also evidence that CPG Automotive was not registered with the Companies Branch of the Ministry of Consumer and Commercial Relations.

The Tribunal finds the above facts, which were unchallenged, to be proven on the evidence.

ISSUES:

The issues in this case may be summarized as follows:

Should the decision of the Director of Vehicle Inspection Standards to revoke the Motor Vehicle Inspection Station licence be carried out?

Should the decision of the Director of Vehicle Inspection Standards to revoke the Motor Vehicle Inspection Mechanic licence be carried out?

LAW:

The *Highway Traffic Act*, R.S.O. 1990 Chap H.8 as amended, provides as follows:

Motor Vehicle Inspection Station Licence:

- 91(1) No person shall establish, operate or maintain a motor vehicle inspection station except under the authority of a licence issued by the Director under this Act and the Director may issue a licence for a motor vehicle inspection station subject to the conditions that the Director may specify in the licence.
- 91(2) Subject to subsection (3), any person who applies in accordance with this Act and the regulations for a licence to establish, operate or maintain a motor vehicle inspection station and who meets the requirements of this Act and the regulations and who pays the prescribed fee is entitled to be issued the licence

Revocation of a Licence

91(8) The Director may revoke or refuse to renew a motor vehicle inspection station licence where,

- (a) any person has made a false statement in the application for the licence or a renewal thereof or in any safety standards certificate signed by the licensee or a person authorized in writing by the licensee or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the motor vehicle inspection station;
- (b) any inspection authorized by the licence is incompetently performed;
- (c) the licensee or any motor vehicle inspection mechanic employed in the motor vehicle inspection station has misrepresented the condition of a vehicle with respect to the standards of equipment and performance prescribed by the regulations upon an inspection of the vehicle in the station for the purpose of determining whether or not to issue a safety standards certificate, sign a vehicle inspection record or affix a vehicle inspection sticker;
- (d) there is a breach of condition of the licence;
- (e) the licensee does not comply with this Act or the regulations;
- (f) the inspections that can be performed by the motor vehicle inspection station are misrepresented; or

- (g) a change in the officers or directors of any corporation that is a licensee would afford grounds for refusing to issue a motor vehicle inspection station licence under clause (3)(a).

Motor Vehicle Inspection Mechanic:

- 92(1) No person shall sign a vehicle inspection record as mechanic or certify in a safety standards certificate that a vehicle complies with the standards of equipment and performance prescribed by the regulations unless the person is registered by the Director as a motor vehicle inspection mechanic in a motor vehicle inspection station and the Director may so register any person for whom application is made under subsection (2).
- (2) Where a licensee or an applicant for a motor vehicle inspection station applies for the registration as a motor vehicle inspection mechanic in the motor vehicle inspection station of the licensee or in the proposed motor vehicle inspection station of the applicant for a licence, as the case may be, of any person who meets the requirements of this Act and the regulations, the person is entitled to be registered as a motor vehicle inspection mechanic in the motor vehicle inspection station.

93 The Director may revoke the registration of a motor vehicle inspection mechanic where,

- (a) the registrant or the licensee has made a false statement in the application for registration of the registrant or in a safety standards certificate or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the registrant;
- (b) any inspection performed under the authority of the mechanic's registration is incompetently performed by the registrant; or
- (c) the registrant does not comply with this Act or the regulation.

Appeal before the Licence Appeal Tribunal:

95(1) Where the Director proposes,

- (a) to refuse to issue or renew a licence;
- (b) to refuse to make a registration; or
- (c) to revoke a licence or registration,

the Director shall serve notice of his or her proposal, together with written reasons therefor,

- (d) in the case of a proposal to refuse to issue a licence, upon the applicant;
- (e) in the case of a proposal to revoke or to refuse to renew a licence, upon the licensee;
- (f) in the case of a proposal to refuse to make a registration, upon the applicant or licensee and upon the proposed registrant; and
- (h) in the case of a proposal to revoke a registration, upon the registrant and the licensee of the motor vehicle inspection station in which the registrant is employed.

(2) A notice under subsection (1) shall inform the person who is the applicant, licensee, registrant or proposed registrant, as the case may be, that the person is entitled to a hearing by the Tribunal if the person mails or delivers, within fifteen days after receiving service of the notice under subsection (1), notice in writing to the Director and the Tribunal requiring a hearing by the Tribunal and the person may so require the hearing.

(4) Where the applicant, licensee, registrant or proposed registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and shall hold the hearing and may by order direct the Director to carry out his or her proposal and to take the action that the Tribunal considers the Director ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Director.

APPLICATION OF THE LAW TO THE FACTS:

Under the HTA, the relevant sections dealing with revocation state:

91 (8) The Director may revoke or refuse to renew a motor vehicle inspection station licence where,

- (a) any person has made a false statement in the application for the licence or a renewal thereof or in any safety standards certificate signed by the licensee or a person authorized in writing by the licensee or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the motor vehicle inspection station;
- (e) the licensee does not comply with this Act or the regulations;

93. The Director may revoke the registration of a motor vehicle inspection mechanic where,

- (c) the registrant or the licensee has made a false statement in the application for registration of the registrant or in a safety standards certificate or in any report, document or other information required to be

furnished by this Act or the regulations or any other Act or regulation that applies to the registrant;

(b) *any inspection performed under the authority of the mechanic's registration is incompetently performed by the registrant; or*

(d) the registrant does not comply with this Act or the regulations.

As to the revocation of the motor vehicle inspection licence, in this case the evidence has established that false statements were repeatedly made in safety standards certificates issued by the licensee. The licensee has clearly failed to comply with the Act.

As to the revocation of the registration of the motor vehicle inspection mechanic, in this case the evidence has established that the Applicant has made numerous false statements in safety standards certificates, has performed inspections incompetently, and has not complied with the Act.

DECISION:

IT IS THE DECISION OF THE TRIBUNAL to confirm the proposal of the Director to revoke the MVIS License of Leonard Sherwood and CPG Automotive, and to revoke the registration of Leonard Sherwood as a Motor Vehicle Inspection Mechanic.

REASONS FOR DECISION AND ORDER

This is a hearing before the Licence Appeal Tribunal (the "Tribunal") arising out of a Notice of Proposal issued by the Registrar under the *Travel Industry Act* (the "Registrar", and the "Act" respectively). The Notice of Proposal dated October 5, 2000 proposed to revoke the registration of 1221786 Ontario Inc o/a Island Travel ("Island Travel") under the Act.

BACKGROUND:

The Registrar under the Act proposed to revoke the registration of Island Travel. The grounds relied upon by the Registrar for the Proposal are set out below:

1. Pursuant to the provisions of section 24(1) of Ontario Regulation 806/93 the registrant failed to file the financial statements as required for the fiscal year ending March 31, 2000 by June 30, 2000 as required. A final request was sent extending the deadline to August 21, 2000 and the registrant failed to file the required financial statements by that date;

The Registrar under the Act issued a Notice of Further and Other Particulars dated December 15, 2000 after the registrant filed the financial statements on October 26, 2000, when it was found that the registrant did not have sufficient working capital. The Notice of Further and Other Particulars states:

1. Pursuant to the provisions of section 25 (1) of Ontario Regulation 806/93 the registrant is required to maintain a minimum working capital of \$5,000.00 as the company has sales in Ontario of less than \$1.5 million during the previous year. The registrant had a working capital deficiency of \$8,425.00, and did not have the required \$5,000.00 minimum as required, resulting in a total shortfall of \$13,425.00. This deficiency has not been corrected to date.

THE LAW:

Section 3 of the *Travel Industry Act* (the "Act"), states as follows,

- (1) No person shall act or hold himself, herself or itself out as being available to act as a travel agent unless the person is registered as a travel agent by the Registrar.
- (2) No person shall act or hold himself, herself or itself out as being available to act as a travel wholesaler unless the person is registered as a travel wholesaler by the Registrar.

Section 4 of the *Travel Industry Act* (the "Act"), states as follows;

- 4(1) An applicant is entitled to registration or renewal of registration as a travel agent or travel wholesaler by the Registrar except where,
 - (a) having regard to his, her or it's financial position, the applicant cannot reasonably be expected to be financially responsible in the conduct of his, her or its business; or
 - (b) the past conduct of the applicant affords reasonable grounds for belief that he, she or it will not carry on business in accordance with law and with integrity and honesty; or
 - (c) the applicant is a corporation and,
 - (i) is incorporated without share capital, or
 - (ii) having regard to it's financial position, it cannot reasonably be expected to be financially responsible in the conduct of its business, or
 - (iii) the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carry on in accordance with law and with integrity and honesty; or

(d) the applicant is carrying on activities that are or will be, if the applicant is registered, in contravention of this Act or the regulations.

.....

Section 5 of the Act states as follows;

(1) Subject to section 6, the Registrar may refuse to register an applicant where in the Registrar's opinion, the applicant is disentitled to registration under section 4.

(2) Subject to section 6, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 4 if he, she or it were an applicant, or where the registrant is in breach of a term or condition of the registration.

Section 6 of the Act states as follows;

.....

(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing, and on the application of the Registrar at the hearing, made by order direct the Registrar to carry out his or her proposal or refrain from carrying out his or her proposal and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

(5) the Tribunal may attach such terms and conditions to its order or to the registration as it considers proper to give effect to the purposes of this Act.

CASELAW:

Brenner v Ontario (Registrar of Motor Vehicle Dealers and Salesman) 1983 O. J. No. 1017 Ontario Supreme Court-High Court of Justice Divisional Court

This was an appeal by the Registrar of Motor Vehicle Dealers and Salesmen from a decision of the Commercial Registration Appeal Tribunal in which the Tribunal directed the Registrar to grant a conditional registration to the

Respondent. The Applicant had a very serious criminal record which he had disclosed in his application, but he had not disclosed three further convictions which were considered by the Registrar to be minor offences. The Applicant heard evidence from a potential employer and a criminal lawyer who testified that the Applicant was rehabilitated himself. The court found that the Tribunal had not applied the proper test, and set out this test in paragraph nine of the judgment as follows:

"the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it thought to give him a second chance because there was the possibility that he, indeed, might have reformed himself."

591578 Ontario Inc. o/a Hansa Travel v Registrar Travel Industry Act (September 17, 1997) Commercial Registration Appeal Tribunal

In this matter the travel agency had failed to maintain the minimum working capital requirement due to a downturn in economy. There was evidence that some financial relief would be available and the business might improve; however, the Tribunal found that the decision by the Registrar was reasonable when it was made, and was found to be reasonable by the Tribunal.

CIAO Travel & Tour Inc. o/a CIAO Travel & Tour v Registrar, Travel Industry Act (August 25, 1998) Commercial Registration Appeal Tribunal

In this matter the travel agency had a history of filing necessary forms late, filing forms which were insufficient, and of not maintaining a sufficient amount of working capital. The Tribunal found that in the circumstances the Registrar had not made an error in deciding that the past conduct of the Registrant and its officers provided reasonable grounds to believe that it would not carry on business in accordance with law.

London South Transportation Center Inc. o/a Diamond Tours Canada v Registrar, Travel Industry Act (February 11, 1999) Commercial Registration Appeal Tribunal

In this matter the travel agency had contravened the Act, the terms and conditions of registration, and an order of the Tribunal. Sufficient working capital was not maintained, there were problems with the trust accounting, and the financial statements were not provided within the proper time limits. Even though the company had the assistance of direct intervention by the Registrar and prior appearances at the Tribunal, they did not appear to understand the importance of compliance with the Act and Regulations to ensure the protection of the public. The deficit in the trust account and the failure to maintain the required working capital were found to pose a substantial risk to the public. In a regulated industry, certain requirements must be met to maintain registration. This guarantees the consumer a measure of protection against business failures, and provides the companies with the benefit of working within an industry which has enhanced public credibility due to the fact it is regulated. The failure of the registrant to follow the requirements of the Act and the Regulations gave the Registrar sufficient grounds to revoke the registration.

ISSUES:

The legal issue in this case is whether the Registrar had sufficient grounds for revoking the registration of the Registrant on the basis of the Registrant's past conduct was failure to comply with the requirements of the Act and the regulations respecting the filing of financial statements and maintaining working capital requirements.

EVIDENCE FOR THE REGISTRAR

Ms. Mary-Ann Harrison testified that she is a chartered accountant and holds a position of Controller for the Travel Industry Council. She oversees the review of financial statements and is involved with prosecutions. The original shareholders identified in the Application for Registration were Antonio Wong and Clio Innes who were both listed as officers and directors of Island Travel. By letter dated May 21, 1999 (Exhibit 4, Tab 17) Clio Innes indicated that she was withdrawing as a shareholder and part owner. In a later letter dated July 6, 1999 (Exhibit 4, Tab 22), she confirmed that she would be the managing supervisor of the Company. On July 9, 1999 Antonio Wong sent a fax to the Travel Industry Council of Ontario (Exhibit 4, Tab 25) in which he signed the Terms and Conditions of Registration form. Among these terms is the requirement under section 24 of the Act to file financial statements which have been reviewed by a licensed public accountant at fiscal year end or more frequently, depending on sales volume.

There is a further requirement under section 25 of the Act to keep a minimum working capital depending on the sales volume of the company. In this case, the minimum working capital required is \$5000.00. A first letter (Exhibit 4, Tab 27)

dated March 9, 2000 was sent to Island Travel advising that the year end was approaching and that the financial statements would have to be filed on or before June 30, 2000 together with a "Review Engagement" or "Auditor's Opinion" signed by a Public Accountant licensed by The Public Accountants Council of Ontario. A second reminder letter dated July 13, 2000 (Exhibit 4, Tab 28) was sent requiring the filing by July 28, 2000. Ms. Innes responded to this letter on behalf of the registrant by a fax dated July 26, 2000 (Exhibit 4, Tab 29) in which she requested an extension to August 31, 2000 although no reason for the request was given. A final letter was sent by Ms. Harrison on August 4, 2000 (Exhibit 4, Tab 30) setting a date for filing of August 21, 2000 after which, action would be taken to revoke the registration of the company. Ms. Innes replied by fax on August 18, 2000 (Exhibit 4, Tab 31) explaining that Mr. Wong was out of the country, and was trying to get back to deal with the matter. Attached to the faxed letter, was a rough copy of a balance sheet for Island Travel. This document was not prepared by an accountant.

The Notice of Proposal was then issued on October 5, 2000. An appeal (Exhibit 2) was filed indicating that Mr. Wong was out of the country, and on October 26, 2000 financial statements (Exhibit 4, Tab 38) were filed. These statements showed a working capital deficit of \$8,425.00. As there was supposed to be a minimum of \$5000.00, the result was a total shortfall of \$13,425.00. Ms. Innes was notified of this non compliance in a letter dated October 27, 2000 (Exhibit 4, Tab 41).

EVIDENCE FOR THE APPLICANT

Ms. Clio Innes testified on behalf of the Applicant, and stated that she was the manager of the company. She was involved in the initial setup of the company but was not a director or officer. Mr. Wong was out of the country much of the time, and came back to Toronto near the end of March, 2000. After a period in hospital, he left the country again.

Ms. Innes gave the books to the bookkeeper Joanne Boyce who did not complete the work until August 18, 2000. The books were supposed to be given to an accountant to meet the filing requirements, but a bookkeeper did not get the books to an accountant, and Mr. Wong did not advise Ms. Innes of who the accountant for the corporation was. Finally, Joanne Boyce directed Ms. Innes to an experienced accountant, Mr. Larry Cappe after the receipt of the Notice of Proposal. Mr. Cappe found that there was an error in the financial records and discovered that Mr. Wong had not filed his income tax since 1996.

Throughout this time, Mr. Wong was in the Philippines and communication was difficult as Mr. Wong was not responding to requests made by telephone, fax or e-mail. In order to get the records released by the accountant, Ms. Innes had to pay the cost herself. After October 23, 2000 she picked up the financial

statements and the income tax material. A copy of the financial statements was sent by her to the Travel Industry Council of Ontario ("T.I.C.O.") by fax on October 25, 2000.

In response, T.I.C.O. advised her that there was a shortfall in the working capital, and money would have to be injected into the corporation. She did not have the money herself, as she was not a partner in the business.

Ms. Innes testified that in April, 2000 she had advised Mr. Wong that it was necessary for the corporation to maintain the working capital requirement, but she was told by him that he would not do it until he was required to do so. On or about October 27, 2000 she telephoned Mr. Wong, who was in the Philippines, that he needed to deposit some money into the company to correct a shortfall, but he did not do so. She offered to put some of her money into the company for this purpose if he would give her shares, but he simply advised her that partners share the losses and profits although he did not make her a formal partner in the company. In her opinion, she had made Mr. Wong aware of his obligations and responsibilities, but he was not responsive.

FACTS FOUND PROVEN:

The facts found by the Tribunal are that after the registration of the company, the owner (Mr. Wong) left his manager Ms. Innes to operate the business with little support or direction. There was little or no effort on his part to ensure that the company financial records were kept up to date, filings were made on time, and the required level of working capital was maintained. It is not clear how much time he spent out of the country, but it is clear that his absences were detrimental to the functioning of the company. When the financial statements were finally produced as required, it was apparent that the company was seriously underfunded, and was in a deficit position in its working capital, so that it was well below the required level of \$5000.00. Although Mr. Wong was advised of this problem in April 2000, he has made no efforts to rectify the situation to date. Mr. Wong was also still out of Canada on the date of hearing before this Tribunal.

APPLICATION OF LAW TO FACTS:

Under section 5 of the Act, the Registrar may revoke registration for any reason that would disentitle an Applicant to registration under section 4, and section 4, among other things, requires a reasonable expectation of financial responsibility in the conduct of business and that business be conducted in accordance with the law.

The owner of the company in this case has paid no attention to the requirements of filing his financial statements within the required time and on the evidence has

specifically refused to maintain the necessary minimum working capital. Although the manager of the company has made efforts to keep the business going, she is getting little cooperation from the owner Mr. Wong. Since Mr. Wong has refused to keep the necessary level of working capital, this Tribunal finds that there is strong evidence that the company cannot reasonably be expected to be financially responsible in the conduct of the business. The lack of cooperation in the preparation of the financial statements required by the regulations, demonstrates that the company will not carry on business in accordance with the law. Mr. Wong signed the Terms and Conditions of Registration on July 9, 1999 (Exhibit 4, Tab 25) and was specifically made aware of the filing requirements and minimum working capital requirements. Despite this and the efforts of his manager, he has failed to comply with the requirements, and there is no evidence that the situation will improve.

The legal test to be used by the Tribunal is whether the Registrar was in error in deciding that the past conduct of the Applicant provided reasonable grounds to believe that the Applicant would not be financially responsible in the conduct of the business or would not carry on business with integrity, honesty, and in accordance with the law. On the facts as found, and the application of the law to those facts, the Tribunal finds that the decision by the Registrar was not in error.

DECISION:

Therefore, by virtue of the authority vested in it under section 6(4) of the *Travel Industry Act*, the Tribunal directs the Registrar to carry out his proposal to revoke the registration of the Applicant.

ORDER

FOLLOWING attendances on January 3, 2001 at a prehearing before Tribunal of Tadeusz and Stanislaw Bolejszo, (the "Applicants"), and Netanus Rutherford, Counsel on behalf of the Ontario New Home Warranty Program (the "Program") and Garo Bostajian, Agent on behalf of 1136364 Ontario Ltd. (the "Added Party");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Tuesday, February 6, 2001 at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario and to continue if necessary on February 7, 2001 at 9:30 a.m. at the Tribunal's above Chambers;

1. The Parties to the hearing are the Applicants, the Program and the Added Party.

2. The only issue to be dealt with at the hearing is the issue of the settlement of the floor in the area of the rear bedroom of Applicants' home and the gaps between the flooring and the baseboards in that room. The garage floor shall not be an issue at the hearing of this matter.
3. The Applicants have disclosed the report of Angus MacKenzie P. Eng. and have accordingly complied with Rule 6.4 of the Tribunal's rules in making such disclosure.
4. The Applicants intend to rely upon Angus MacKenzie's report at the hearing of this matter as well as relying on his evidence.
5. The Added Party shall have its professional engineer inspect the home of the Applicants who, pursuant to such inspection, shall furnish a report based on his findings respecting the rear bedroom floor or slab. The Added Party shall provide such report to all other parties in compliance with the disclosure rules contained in the Rules of Practice of this Tribunal.
6. The parties present at the prehearing recorded that there had been no resolution of the issue in this matter.
7. The Applicants indicated that they both intend to testify at the hearing and that Angus MacKenzie P. Eng. will also testify at the hearing as an expert witness on their behalf.
8. The hearing due to commence in this matter on February 6 and 7, 2001 is by consent of all parties adjourned to Monday, June 4, 2001 at 9:30 a.m. at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario, and to continue if necessary on June 5 and 6, 2001 at 9:30 a.m. at the Tribunal's Chambers.

CLAIRE CYNTHIA EDWARDS-SIMPSON

APPEAL FROM A DECISION OF THE TRAVEL INDUSTRY
COUNCIL OF ONTARIO UNDER THE *TRAVEL INDUSTRY
ACT*

TO DISALLOW A CLAIM

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

CLAIRE CYNTHIA EDWARDS-SIMPSON, appearing on her
own behalf

TREVOR BRANION, Counsel representing the Travel
Industry Council of Ontario

DATE OF
HEARING:

January 3, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

The Travel Industry Council of Ontario by its decision letter dated October 10, 2000, refused the claim of Ms. Claire Cynthia Edwards-Simpson (the "Applicant") for reimbursement from the Travel Industry Compensation Fund. They stated that the claim was received beyond the filing deadline set out in Regulation 806/93 under the *Travel Industry Act* (the "Act").

Ms. Simpson, filed a Notice of Appeal on October 27, 2000, to the Licence Appeal Tribunal.

ISSUES:

Should the claim be dismissed because it was filed beyond the limitation period?

Alternatively, should the claim be dismissed because the payment was non-refundable, the travel services were available and the customer failed to act.

EVIDENCE:

TESTIMONY FOR THE APPLICANT

Ms. Simpson testified that on March 16, 1999, she booked travel services with Sunkiss Travel Agency (the "Registrant") with a departure date of April 29, 1999. The total cost paid by her was \$509.00. She did not buy travel insurance, and the payment was 100% non-refundable (Exhibit 3, Tab 5). She did not receive a ticket, and cancelled her trip as her employer was in failing health, and her sense of duty kept her from leaving until after the elderly woman had passed away. The agency advised her that if she cancelled, they could not refund her money but would agree to provide her with a ticket at a future date. If the price went up she would pay the difference, and if the price went down she would not receive a refund for the difference. They had done this for her before when she had cancelled trips.

In January 2000, Ms. Simpson telephoned the agency to arrange a trip for February, but the calls were answered by a message machine and not returned. When she went to the agency's location she found that they were closed. In February she left the country to attend the funeral of her nephew, and when she returned she made inquiries about how to get her money back. She was advised to contact the Travel Industry Council of Ontario ("TICO"). On June 20, 2000 she was sent a copy of the Customer Claim Form, and on July 26, 2000 it was filed with the Travel Industry Compensation Fund (the "Fund"). When the form was sent to her there was a notation on it that it her claim was beyond the March 29, 2000 deadline. By a letter dated October 10, 2000, the claimant was informed that her claim was denied as it was not within the required six months deadline and on the basis that there was a non-refundable reservation, and a cancellation by her.

Mr. Anselm Pennie testified on behalf of the Applicant that he was the representative of Sunkiss Travel Agency who had dealt with Ms. Simpson. He confirmed that the reservation was 100% non-refundable but explained that if the customer cancelled before they received their ticket, his employer allowed the customers to travel later as described by Ms Simpson. He agreed that this was a gesture of good will by the company and that as far as he knew, the company was under no obligation to do this.

TESTIMONY OF THE RESPONDENT

Ms. Laurie Ferlan is the Claims Coordinator for the Fund and testified that Sunkiss Travel Agency closed on September 28, 1999. The Tribunal accepts this date as the latest date that could be considered the date of the event giving rise to the claim.

On June 20, 2000 Ms. Ferlan received a telephone call from Ms. Simpson. Ms. Ferlan advised Ms. Simpson that the deadline for filing a claim was March 29, 2000, but sent the Appeal form as requested. After an exchange of correspondence, a letter was sent October 10, 2000 (Exhibit 1) denying the claim on the grounds that it was out of time and was not eligible as the reservation was 100% non-refundable. She also explained that if the travel agent had agreed to provide travel services despite the fact the reservation was uninsured and cancelled, the Fund was not permitted by the Regulations to provide compensation.

THE LAW:

Section 50(1) of Regulation 806/93 under the *Travel Industry Act* states that:

Section 50(1) A customer is entitled to be reimbursed for travel services paid for but not provided if,

- a) the customer made payment for the travel services directly to or through a registered travel agent;
- b) the customer has made a demand for payment from the registered travel agent or the appropriate registered wholesaler; and
- c) the customer has not been reimbursed by,
 - i) the registrant because the registrant is unable to pay by reason of bankruptcy or insolvency,
 - ii) any other person who has received the customer's money, or
 - iii) any other person who may be legally obliged to reimburse or compensate the customer, including a person obliged under a contract for insurance.

.....

Section 50(2) A reimbursement under Section (1) is limited to the amount paid by the customer to the travel agent for those travel services that were not provided.

Section 53. A customer or a registrant shall make a claim for reimbursement in writing to the board of directors within six months after the event that gave rise to the claim for reimbursement.

Section 54(1) The claimant shall provide such evidence to the board of directors as it may require to prove the claim.

CASELAW:

Kenneth Sadovnick (C.R.A.T.) January 24, 1995

The Applicant in this matter had purchased 2 non-refundable return tickets to Port of Spain, and bought cancellation insurance in the event he found employment and could not travel. He was required to appear in Court and cancelled his trip. His claim was denied as the travel service was available but he was unable to travel. The Tribunal held that the Ontario Travel Agency Compensation Fund is not a program of insurance to protect travellers against any losses and sets strict requirements which must be met for a claim to be successful. The appeal was denied.

Victoria Molina (C.R.A.T.) October 13, 1995

This claim was denied as it was found to be out of time and there was no proof that payment was made to a registered travel agent. The Applicant in this case attempted to file the claim, but she could not prove when the first attempts were made, and the claim form was received after the deadline. The Tribunal found that the time limit was not a guideline, but was a mandatory date for filing, and the appeal was denied.

Labib Al-Salamony (C.R.A.T.) March 26, 1999

The Applicant in this matter purchased a ticket to travel but was ill and had to cancel. The ticket was 100% non-refundable, and he did not buy cancellation insurance. He testified that the agent told him that if he cancelled he would only lose \$100.00 and would have an open ended travel arrangement. His appeal was denied as the deadline for filing his claim was found to be mandatory, and also he had cancelled the trip, and the services had been available to be used. Even if the agent had extended a "good will gesture" to him, this was not covered by the Compensation Fund.

ANALYSIS:

The Applicant in this matter cancelled her trip due to the most noble motives as she wished to provide care to her employer who was terminally ill, and eventually died. The Applicant had previous experience with the travel agency allowing her to travel after a cancellation; however, in this case, the company ceased operation. The Applicant was not aware of the applicable laws and did not obtain a Customer Claim Form until the prescribed deadline had passed. In this case, even if the form had been filed in time the reservation was 100% non-refundable

and would not have been eligible for compensation in any event. It is a very unfortunate circumstance as the Applicant acted out of the best motives in cancelling her trip and now is not able to fit within the terms of the Act or the prescribed time limit to receive compensation.

The Tribunal accepts the submission of counsel for the Travel Industry Council of Ontario that this claim is excluded due to the limitation period as set out in Section 53 of the Regulation 806/93. Accepting the proposition that the latest date for the event that gave rise to this claim is the business failure of the Sunkiss Travel Agency, then the Applicant would have had to file her claim by no later than March 29, 2000. This claim was not filed until July 26, 2000.

The Tribunal further accepts the submission that this section is a mandatory section, the word "shall" makes it mandatory and precludes the Tribunal from exercising any discretion to permit an extension of time frame for filing the claim.

Therefore, the Tribunal must deny the claim by the Applicant.

ORDER:

Accordingly, pursuant to the authority vested in it by the provisions of the *Travel Industry Act* and Regulations made thereunder, the Tribunal directs the Travel Industry Council of Ontario to disallow the claim of the Applicant.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act, Brian Clements o/a Eastons Corners Auto hereby consent to the following terms and conditions to his registration as a motor vehicle dealer and in accordance with section 4.1 of the Statutory Powers Procedures Act, the parties hereto hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Dealer shall forthwith enter into a repayment plan with the Ministry of Finance for the repayment of all monies currently outstanding, and the dealer shall provide proof to the registrar that a repayment plan has been entered into between the Dealer and the Ministry of Finance. The Dealer shall provide the Registrar with proof of a repayment agreement within 60 days of the date of this order.
2. The Dealer agrees to comply with all of its obligation pursuant to the Retail Sales Tax Act and shall ensure that all monies collected and all remittances and returns are remitted/filed with the Ministry of Finance when due.
3. The dealer acknowledges that these Terms and Conditions do not prevent the Registrar from taking any legal action against it, which may include, but is not limited to a provincial offences prosecution, administrative action or proposal.

4. The Dealer agrees to comply with the Code of Ethics and the Standards of Business Practice.
5. The Dealer agrees not to invite the public to deal at a place other than its approved location.
6. The Dealer agrees to operate exclusively from the location approved by the Registrar. The Dealer agrees to apply for the Registrar's approval, by way of prior written notice, of any change in location of the Registered premise in the form required by the Registrar.
7. The Dealer shall maintain a sign and office as required by the Motor Vehicle Dealers Act.
8. The Dealer will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a dealer under the Motor Vehicle Dealers Act.
9. The Dealer will ensure that all vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
10. The Dealer will not purchase vehicles without ensuring that the vehicle is registered to the seller.
11. The Dealer agrees to register in its name, all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
12. The Dealer acknowledges and understands that its registration will not be used to buy or sell motor vehicles where the Dealer knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
13. The Dealer acknowledges that if he breaches any of the Terms and Conditions herein the Registrar is directed to and shall carry out the Proposal.
14. The Dealer hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
15. The Dealer hereby withdraws his appeal to the Licence Appeal Tribunal.

16. The Dealer hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Noel Alphonso Simmons (hereinafter referred to as "the Applicant"), and the Registrar, Motor Vehicle Dealers Act (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle salesperson:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he convicted under the Criminal Code, his registration is automatically revoked.
3. The Applicant agrees not to transfer his registration as a salesperson under the Act to another dealer without the prior written consent of the Registrar.
4. The Applicant shall not be an officer, director, owner or partner in a dealership.
5. The Applicant will not be the final signatory on any bills of sale.
6. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Applicant agrees that the circumstances surrounding his convictions are substantially as disclosed to the Registrar.
8. The Applicant agrees that he will not be involved with the buying and selling of motor vehicles without the benefit of registration.
9. The Applicant acknowledges and understands that his registration will not be used to sell motor vehicles where the Applicant knows or ought to know that the sale of those motor vehicles will facilitate an illegal or unethical practice.

10. The Applicant agrees not to invite the public to deal at a place other than his employer's registered premises.

Noel A. Simmons (initials)

11. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred in the past or that may occur in the future related to his financial circumstances and his honesty and integrity.
12. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
13. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
14. The Applicant will provide a copy of this order to his employer forthwith.
15. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
16. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
17. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereafter the "Act") the parties to the proceeding, Masoud Pouraziz o/a Stop 55 Auto Sales (hereafter the "Applicant"), and the Registrar, *Motor Vehicle Dealers Act*, (hereafter the "Registrar MVDA") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions to his registration as a motor vehicle Applicant:

1. The Applicant acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Applicant.
2. The Applicant further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of the Applicant. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Applicant.
3. The Applicant agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required. The Applicant further agrees to store its books and records at the location approved

- by the Registrar and to allow representatives of the Registrar's office access to the books and records.
4. The Applicant will ensure that all advertisements placed by or on behalf of the Applicant will identify his registered name and the address of the location approved by the Registrar.
 5. The Applicant agrees that his registration shall be restricted to wholesale transactions.
 6. The Applicant agrees to operate exclusively from the location approved by the Registrar. The Applicant agrees to apply for the Registrar's approval, by way of prior written notice, of any change in business location in the form required by the Registrar.
 7. The Applicant agrees to display a sign that is visible to the public, stating the dealership name.
 8. The Applicant will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a dealer under the Motor Vehicle Dealers Act.
 9. The Applicant will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
 10. The Applicant will not purchase vehicles without ensuring that the vehicle is registered to the seller.
 11. The Applicant agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
 12. The Applicant agrees that he is under a positive obligation to disclose in writing, all material facts about the vehicles they sell to its customers, including other dealers. Material facts include, but are not limited to, salvage, previous salvage, rebuilt, accidented and repaired, theft recovery, previous taxi cab, previous police car, unibody damage, previous daily rental, frame damage and any other material fact that may affect one's decision whether or not to purchase said vehicle. The Applicant agrees to make reasonable efforts to research the history of all vehicles prior to sale to ensure all material facts are disclosed. The Applicant agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Applicant and/or Salesperson has sold, the Applicant will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
 13. The Applicant agrees to comply with the OMVIC Code of Ethics and Standards of Business Practice.

14. The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
15. The Applicant acknowledge that the Registrar may take further administrative action, including a proposal to revoke their registrations, arising from any matters that have occurred or may occur related to honesty and integrity or financial position.
16. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
17. The Applicant and Salesperson agree and acknowledge that should the Applicant breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
18. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
19. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

13.1338904 Ontario Inc. o/a Northern International Travel (hereinafter referred to as the "Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent (registration number 4661955) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **March 11, 1999**.

14. On **February 3, 1999**, prior to the Registrant's registration, Ms Viola Kaloutsi, on the Registrant's behalf, agreed to comply with the prescribed terms and conditions of registration as are set out in sections 7 to 35 of Regulation 806/93 made under the Act (hereinafter "the Regulation"). Among the terms and conditions to which Ms Kaloutsi agreed was the requirement to maintain a minimum working capital level that is dependant on the Registrant's sales according to section 25 of the Regulation.

WORKING CAPITAL – THE GROUNDS FOR THE PROPOSAL

15. Subsection 25(1) of the Regulation states that a registrant shall maintain a minimum working capital of \$5,000.00 if the registrant had sales in Ontario of less than \$1.5 million during the previous fiscal year.
16. The Registrant's gross sales reported in the financial statements for its fiscal year-ended **November 30, 1999** were \$136,178.00, thus requiring the Registrant to have a minimum working capital of \$5,000.00.
17. The Travel Industry Council of Ontario's ("TICO") review of the Registrant's financial statements for the year-ended **November 30, 1999** revealed a working capital deficiency of \$33,786.00 or a total working capital shortfall of \$38,786.00.
18. By letter dated **June 8, 2000**, the Registrant was advised by TICO of the working capital shortfall and asked to address the shortfall and provide information on what steps had been taken to address the shortfall by **June 30, 2000**.
19. By letter dated **August 1, 2000**, the Registrant was given a final due date of **August 11, 2000** to address the working capital shortfall of \$38,786.00.
20. On **August 10, 2000**, the Registrant faxed TICO copies of bank balances to address the working capital shortfall, which were unacceptable.
21. On **August 11, 2000**, TICO notified the Registrant that the **August 10th** copies of its bank statements were unacceptable. The Registrant advised that it would contact its accountant with further details of shareholder injections.
22. On **August 31, 2000**, the Registrant's accountant telephoned TICO and advised that acceptable evidence that shareholder advances had been made to correct the working capital shortfall would be forwarded to TICO.
23. On **October 4, 2000**, TICO received a telephone call that the accountant was in Greece and would require a few more days in order to provide evidence to satisfy the working capital shortfall.

24. By **October 31, 2000**, the working capital shortfall was not corrected. So, on that date, the Registrar issued a Proposal to Revoke the Registrant's registration based on the Registrant's failure to comply with the working capital requirements under subsection 25(1) of the Regulation.
25. To date, the Registrant's working capital deficiency has not been corrected.
26. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

- (v) the Registrar refrain from carrying out the Proposal to Revoke Registration dated **October 31, 2000**;
- (vi) the Registrant's registration is to be subject to the following terms and conditions:
 - (k) The Registrant shall file complete financial statements for its fiscal year ended **November 30, 2000** and correct any and all working capital deficiencies and provide proof of such correction, to the satisfaction of the Registrar, by **February 1, 2001**. At all times thereafter, the Registrant shall maintain a minimum working capital as required pursuant to section 25 of the Regulation or such subsequent provision as may be in force from time to time;
 - (l) The Registrant shall file complete financial statements as required pursuant to section 24 of the Regulation, for the fiscal year ended **November 30, 2001**, no later than **February 28, 2002**;
 - (m) The Registrant shall file complete financial statements as required pursuant to section 24 of the Regulation, for the fiscal year ended **November 30, 2002**, no later than **February 28, 2003**;
 - (n) If any of the Registrant's financial statements for its future fiscal years reveal a working capital deficiency, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency will be sent by registered mail to the Registrant.

- (vii) Should the Registrant fail to comply with conditions (ii) (a) to (d) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
- (viii) This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

Richmond Hill, ON L4C 1T2

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereafter the "Act") the parties to the proceeding, ABC Auto Sales & Service, a partnership (hereafter the "Dealer"), Ebrahim Javady Torabi (hereafter the 'Salesperson'), and the Registrar, *Motor Vehicle Dealers Act*, (hereafter the "Registrar MVDA") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle dealer and Salesperson:

1. The Dealer agrees if he is charged in the future, to immediately notify the Registrar in writing.
2. The Dealer agrees if he is convicted under any law of an industry specific offence or if he convicted under the Criminal Code, his registration is automatically revoked.
3. The Dealer agrees to make full disclosure on all applications submitted to the Registrar's office.
4. The Dealer agrees not to transfer his registration under the *Motor Vehicle Dealers Act*.
5. The Dealer agrees that Mehrdad Arabi shall have no interest whatsoever, either directly or indirectly in the dealership.
6. The Dealer acknowledges that he is the sole officer and director of 1454066 Ontario Inc. and is the sole shareholder. The Dealer further acknowledges that

should another party acquire shares in the corporation or should another individual become an officer and/or director of the corporation, the Dealer shall immediately advise the Registrar in writing and will submit an individual application to the Registrar for any new officer, director or shareholder.

7. The Dealer agrees that Mehrdad Arabi does not have nor will the dealer allow Arabi to acquire any interest whatsoever, either directly or indirectly in 1454066 Ontario Ltd.
8. The Dealer agrees that Mehrdad Arabi will not be involved in any way with Dealer.
9. The Dealer agrees not to conduct any business with Mehrdad Arabi, and in particular will not buy, lease or sell any vehicles either directly or indirectly with Mehrdad Arabi.
10. The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
11. The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.
12. The Dealer agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required. The Dealer further agrees to store his books and records at the location approved by the Registrar.
13. The Dealer will ensure that all advertisements placed by or on behalf of the Dealer will identify his registered name and the address of the location approved by the Registrar.
14. The Dealer agrees not to invite the public to deal at a place other than his approved location.
15. The Dealer agrees to operate exclusively from the location approved by the Registrar. The Dealer agrees to apply for the Registrar's approval, by way of prior written notice, of any change in business location in the form required by the Registrar.
16. The Dealer agrees to display at the registered premises a sign that is visible to the public, stating the dealership name.

17. The Dealer will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a dealer under the Motor Vehicle Dealers Act.
18. The Dealer will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
19. The Dealer will not purchase vehicles without ensuring that the vehicle is registered to the seller.
20. The Dealer agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
21. The Dealer agrees that he is under a positive obligation to disclose in writing, all material facts about the vehicles he sells to his customers. Material facts include, but are not limited to, salvage, previous salvage, rebuilt, accidented and repaired, theft recovery, previous taxi cab, previous police car, unibody damage, previous daily rental, frame damage and any other material fact that may affect one's decision whether or not to purchase said vehicle. The Dealer agrees to make reasonable efforts to research the history of all vehicles prior to sale to ensure all material facts are disclosed. The Dealer agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Dealer has sold, the Dealer will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
22. The Dealer agrees to comply with the OMVIC Code of Ethics and Standards of Business Practice.
23. The Dealer will comply with all of his requirements pursuant to the Retail Sales Tax Act.
24. The Dealer acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Dealer knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
25. The Dealer acknowledges that the Registrar may take further administrative action, including a proposal to revoke his registration, arising from any matters that have occurred or may occur related to honesty and integrity or financial position.
26. The Dealer hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.

27. The Salesperson agrees to be bound by and comply with all of the Terms and Conditions set out herein, and further agrees that should he breach any of the Terms and Conditions, his registration shall be revoked.
28. The Dealer and Salesperson agree and acknowledge that should either the Dealer or salesperson breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal and the Dealer's and Salesperson's registrations.
29. The Dealer and Salesperson hereby withdraws their appeals to the Licence Appeal Tribunal.
30. The Dealer hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of January, 2001.

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

27. Padovani Travel Agency Ltd. (hereinafter referred to as the "Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered, under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") as a travel agent (registration number 4484945) since **January 13, 1997** and as a travel wholesaler (registration number 4561973) since **December 18, 1997**.

28. On **October 30, 1996**, prior to the Registrant's registration, Mr. Michael Giambattista, on the Registrant's behalf, agreed to comply with the prescribed terms and conditions of registration as are set out in sections 7 to 35 of Regulation 806/93 made under the Act (hereinafter "the Regulation"). Among the terms and conditions to which Mr. Giambattista agreed was the requirement to file financial statements in accordance with

section 24 of the Regulation and the requirement to maintain a minimum working capital level that is dependant on the Registrant's sales according to section 25 of the Regulation.

COMPLIANCE HISTORY – PREVIOUS PROPOSAL

29. By letter dated **June 23, 1999**, the Registrant was requested by the Travel Industry Council of Ontario ("TICO") to file financial statements for its fiscal year ended **July 31, 1999** by **October 31, 1999**.
30. On **November 2, 1999**, TICO sent a second request to the Registrant for the financial statements for its year ended **July 31, 1999**, which were due on or before **October 31, 1999**.
31. On **November 18, 1999**, TICO sent a final request for the Registrant's **July 31, 1999** financial statements and gave the Registrant a filing deadline of **December 2, 1999**, failing which a proposal to revoke the Registrant's registration would be issued.
32. By **December 17, 1999**, the Registrant had failed to provide its **July 31, 1999** financial statements. On that date, the Registrar, *Travel Industry Act* issued a proposal to revoke the Registrant's registration.
33. On **December 30, 1999**, TICO received the Registrant's financial statements for its year ended **July 31, 1999**.
34. On **June 2, 2000**, the Registrar withdrew the **December 17, 1999** proposal with the proviso that any subsequent proposal may not be withdrawn, even if there is compliance after the proposal has been issued.

FORM 1 FILING – GROUNDS FOR THE CURRENT PROPOSAL

35. By letter dated **September 26, 2000**, TICO advised the Registrant that it had failed to file its Form 1 for the period ended **July 31, 2000**, which was due on or before **September 15, 2000**. The Registrant was requested to submit the required filing by **October 10, 2000**.
36. On **October 10, 2000**, TICO provided the Registrant with a deadline to submit the required filing by **October 24, 2000**, failing which a proposal to revoke the Registrant's registration would be issued.
37. By **November 6, 2000**, the Registrant failed to submit its filing. On that date, the Registrar issued a proposal to revoke the Registrant's registration.
38. On **November 10, 2000**, the Registrant submitted its Form 1 filing.

39. On **November 28, 2000**, the Registrant appealed the Registrar's **November 6, 2000** proposal to revoke the Registrant's registration.

EVENTS AFTER THE ISSUANCE OF THE PROPOSAL

40. On **November 1, 2000**, the Registrant submitted its financial statements for its year ended **July 31, 2000**. TICO's review of these statements revealed a working capital shortfall of \$190,479.00 due to shareholder drawings during the year.
41. By letter dated **November 28, 2000**, TICO advised the Registrant of the working capital shortfall and required the Registrant to provide evidence that the working capital shortfall had been corrected by shareholder advances or otherwise by **December 12, 2000**.
42. After speaking to the Registrant's accountant on **December 1, 2000**, TICO granted the Registrar until **December 18, 2000** to correct the working capital shortfall.
43. On **January 11, 2001**, the Registrant addressed its working capital shortfall by providing a Letter of Credit in the amount of \$191,000.00.
44. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

- (ix) the Registrar refrain from carrying out the Proposal to Revoke Registration dated **November 6, 2000**;
- (x) the Registrant's registration is to be subject to the following terms and conditions:
 - (o) The Registrant shall at all times satisfy the minimum working capital requirements of section 25 of the Regulation or such subsequent provision as may be in force from time to time;
 - (p) The Registrant shall file complete financial statements as required by section 24 of the Regulation, for the fiscal year ended **July 31, 2001**, no later than **October 31, 2001**;

- (q) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for the fiscal year ended **July 31, 2002**, no later than **October 31, 2002**;
- (r) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for the fiscal year ended **July 31, 2003**, no later than **October 31, 2003**;
- (s) If any of the Registrant's financial statements for its future fiscal years reveal a working capital deficiency, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency will be sent by registered mail to the Registrant.
- (t) The Registrant shall complete its Form 1 filing for its fiscal half year ending **January 31, 2001** and make all applicable payments to TICO by **March 15, 2001**, as required by section 47 of the Regulation;
- (u) The Registrant shall complete its Form 1 filing for its fiscal year ending **July 31, 2001** and make all applicable payments to TICO by **September 15, 2001**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
- (v) The Registrant shall complete its Form 1 filing for its fiscal half year ending **January 31, 2002** and make all applicable payments to TICO by **March 15, 2002**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
- (w) The Registrant shall complete its Form 1 filing for its fiscal year ending **July 31, 2002** and make all applicable payments to TICO by **September 15, 2002**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time; and
- (x) The Registrant shall complete its Form 1 filing for its fiscal half year ending **January 31, 2003** and make all applicable payments to TICO by **March 15, 2003**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time.
- (xi) Should the Registrant fail to comply with conditions (ii) (a) to (j) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.

- (xii) This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

TIECO MANUFACTURING

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A
MOTOR VEHICLE ISSUED BY THE
REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: Nives Montano
Presiding member

APPEARANCES: Kim Grosskurth
Representative for the Registrar of Motor
Vehicles

David Williams
Representative for the Applicant

DATE OF HEARING: December 28, 2000 Toronto

DECISION RELEASED: January 2, 2001 ***By teleconference***

REASONS FOR DECISION

A hearing was held on December 28, 2000, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	TIECO Manufacturing (the "Applicant")
Motor Vehicle:	1989 Dodge Cargo Van, plate # AFVJ 128 (the "vehicle")
Date of Appeal:	December 8, 2000

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on December 28, 2000 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

"As the owner/operator of TIECO Manufacturing I would like to ask that the van specified in these documents be released from impoundment because of the following reasons.

The employee that was driving the vehicle (J Huntley) has been in our employ 1987 and is mainly utilized as a maintenance person for our shop and offices.

We were aware that John was required to attend court proceedings regarding a charge that would put his drivers licence at risk. Mr. Huntley attended court on at least 2 different occasions and we questioned him as to the outcome of each court appearance. We understood that the last court appearance was to be the deciding factor for his case. When Mr. Huntley returned from his last court appearance our General Manager (Kirk Williams) approached him and inquired as to what had happened at court. John told Kirk Williams (General Manager) that he didn't lose his licence and asked if he wanted to see it, Kirk felt that this was not necessary, as he had no reason to disbelieve Mr. Huntley. Mr. Williams's statement is provided with these documents.

In addition to Mr. William's statement you will find a statement from our Shop Foreman, Mr. Bruce Jasper. He also asked Mr. Huntley about the result of his court appearance and was shown the drivers licence, and he also felt that as he had the actual drivers licence that it was indeed valid.

When Mr. Huntley was stopped and subsequently charged with driving while under suspension, he also presented his licence to the officers that stopped him. It was at this time that Mr. Huntley was told by the officer that he was driving while having a suspended drivers licence. When he called Mr. Huntley to our office to ask what the situation was he was very confused about the charge and to find out that he didn't have

valid licence. Mr. Huntley has been a loyal and trustworthy employee for his time with us and we did believe him when he showed us his licence and we also believe him that he had no idea that he was doing anything wrong.

We feel that we made every effort to ascertain that the person driving our vehicle was a licenced driver and we also felt that Mr. Huntley should have had to surrender his licence to authorities when suspension was given, and that he was in possession of it was proof enough it was valid.

We use this vehicle for the day to day running of our business and feel that it is unfair for us to be deprived of its use, as well as burdened with the financial responsibility of clearing up the charges relating to the towing and impoundment of it.”

David Williams
Owner

The following is a summary of the David Williams' affirmed testimony. He is the owner of Tieco Manufacturing (the "Applicant").

The Applicant has been in the marine business since 1958. The company manufactures floating docks, barges and structures for distribution in Ontario and throughout the United States. It employs approximately 30 to 50 employees and owns 4 vehicles.

Mr. Huntley has been employed with the Applicant for approximately 10 years as a janitor. He is also the driver of the impounded vehicle.

David Williams and 2 other employees, the General Manager and Shop Foreman, were aware that Mr. Huntley had to appear in court on at least 2 occasions regarding impaired driving charges. When Mr. Huntley returned from his final court appearance, both the General Manager and the Shop Foreman inquired into the status of his driver's licence. Mr. Huntley advised the Shop Foreman that the court did not take away his privilege to drive and proceeded to show him his driver's licence. Sworn statements by the General Manager and the Shop Foreman have been entered as Exhibit #4.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibit #3):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by John L. Huntley;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol content in excess of .08, under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 29, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: **A.** adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

The issue to be considered in this appeal is whether the Applicant exercised due diligence in attempting to determine that Mr. Huntley’s driver’s licence at the time in respect of which the order was made was not then under suspension.

Mr. Williams testified that the Applicant is the owner of the vehicle that has been impounded and at the time of impoundment Mr. Huntley was driving the vehicle.

The onus of proof is on the Applicant to establish that due diligence was performed which is required under Section 50.2(3)(c) of the Act.

In the course of the hearing, the impoundment itself became a concern of the Tribunal.

Subsections 55.1(2) and (3) of the Act state:

- (2) Where a police officer or officer appointed for carrying out the provisions of this Act is satisfied that a person was driving a motor vehicle on a highway while his or her driver's licence is under suspension under section 41 or 42, even if it is under suspension at the same time for any other reason, the officer shall,
 - (a) notify the Registrar of the fact or cause the Registrar to be notified; and
 - (b) detain the motor vehicle that was being driven by the person whose driver's licence is under suspension until the Registrar issues an order under subsection (3).

- (3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:
1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
 2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
 3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Mr. Williams testified that an OPP officer stopped the vehicle on Friday, December 1, 2000 at approximately 11:15 a.m. on a side road between Lansdowne and another small town in rural Ontario. The officer who appears to have filled out the Notice to Registrar was Office McIvor (Badge No. 9706) of the Gananoque OPP (part of Exhibit #3 and Exhibit #4).

However, the Order to Impound (Exhibit #1) was not issued until Wednesday, December 6, 2000.

When asked by the Tribunal, Mr. Williams advised that he did not see the vehicle being towed away. He did not know where the vehicle was for those 6 days nor does he know where it is at the present time.

When this matter was raised with the representative for the Registrar, she was unable to confirm the cause for the 6 lapsed days of delayed impoundment. She indicated that she would call the investigating officer once she returned to her office to ascertain the details. The representative did not request an adjournment to obtain evidence confirming that the impound order was issued, as required by subsection 55.1(3) "Upon notification" by the police officer that the vehicle was detained. The lapse of six days between the detention of the vehicle and the issuance of the impoundment order raises this concern.

Therefore, the Tribunal has no documentary or oral evidence that the impoundment occurred as required by section 55.1(3) of the HTA, "Upon notification under subsection (2)". Instead, the evidence of a six day delay between the detention of the vehicle and the issuance of the impoundment order supports the conclusion that the impoundment did not occur upon notification.

The jurisdiction of the Tribunal with respect to a hearing is set out as follows:

50.2(5) The Tribunal may confirm or set aside the Order to Impound."

On the evidence, the impoundment does not appear to be in compliance with subsection 55.1(3) of the HTA. Accordingly, the Tribunal is unable to confirm the impoundment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal sets aside the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Nives Montano, Presiding Member

RELEASED: January 2, 2001

1308580 ONTARIO CORPORATION O/A MARLIN TRAVEL

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. 1308580 Ontario Corporation o/a Marlin Travel (hereinafter referred to as the "Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **December 14, 1999**. The Registrant's business fiscal year end is **June 30th**.
2. Prior to registration, on **November 20, 1999**, the Registrant agreed to comply with the terms and conditions for all registrants under the Act and Regulation 806/93 made under the Act (hereinafter referred to as "the Regulation"). Among the terms and conditions of registration to which the Registrant agreed was the requirement, under section 24 of the Regulation, to file

financial statements reviewed by a licenced public accountant at fiscal year end or more frequently depending on the Registrant's sales volume and the requirement, under section 25 of the Regulation, to maintain minimum working capital.

FAILURE TO FILE FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

3. By letter dated **May 31, 2000** the Travel Industry Council of Ontario ("TICO") requested that the Registrant provide the financial statements for its year-ended **June 30, 2000** by **September 30, 2000**.
4. On **October 19, 2000** TICO issued a "reminder" letter informing the Registrant that its financial statements had not been received by the **September 30th** due date and requiring the Registrant to file its financial statements on or before **October 31, 2000**.
5. On **November 3, 2000**, the Registrar sent a third request to the Registrant, which provided the Registrant with a **November 17, 2000** deadline to submit its financial statements, failing which, a proposal to revoke its registration would be issued.
6. By **November 23, 2000**, the Registrant had failed to submit its financial statements for the year-ended **June 30, 2000**. On that date, the Registrar issued a Proposal to Revoke the Registrant's registration.

WORKING CAPITAL SHORTFALL

7. Subsection 25(1) of the Regulation states that a registrant shall maintain a minimum working capital of \$5,000.00 if the registrant had sales in Ontario of less than \$1.5 million during the previous fiscal year.
8. The Registrant submitted its financial statements for the year-ended **June 30, 2000**, which were due by **September 30, 2000**, on **January 19, 2001**. TICO's review of the statements revealed a working capital deficiency of \$17,613.00 or a total working capital shortfall of \$22,613.00.
9. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

- (xiii) the Registrar refrain from carrying out the Proposal to Revoke Registration dated **November 23, 2000**;
- (xiv) the Registrant's registration is to be subject to the following conditions:
 - (y) The Registrant shall correct any and all working capital deficiencies and provide proof of such correction, to the satisfaction of the Registrar, by **February 28, 2001**. At all times thereafter, the Registrant shall maintain a minimum working capital as required pursuant to section 25 of the Regulation or such subsequent provision as may be in force from time to time, and which it has acknowledged in its Terms and Conditions of Registration;
 - (z) The Registrant shall file complete financial statements for the fiscal year ended **June 30, 2001** no later than **September 30, 2001**;
 - (aa) The Registrant shall file complete financial statements for the fiscal year ended **June 30, 2002** no later than **September 30, 2002**;
 - (bb) In the future, the Registrant shall file any and all interim and final financial statements for every year of registration as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time on or before the legislated due date;
 - (cc) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant;
- (xv) Should the Registrant fail to comply with any of the above conditions (ii) (a) to (e) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
- (xvi) This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED at Mississauga this ____ day of January, 2001

Mr. Dimithri Pieris

1308580 Ontario Corporation o/a Marlin Travel
I have authority to bind the corporation

Mr. Michael Pepper

Registrar, *Travel Industry Act*

THRIFTY CANADA, LTD.

THRIFTY CANADA, LTD.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A
MOTOR VEHICLE ISSUED BY THE
REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NIVES MONTANO
Presiding member

APPEARANCES: KIM GROSSKURTH
Representative for the Registrar of Motor
Vehicles

MIKE HARRISON, Agent for Applicant
unrepresented

DATE OF HEARING: January 4, 2001

DECISION RELEASED: January 5, 2001 Toronto

REASONS FOR DECISION

A hearing was held on January 4, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Thrifty Canada, Ltd. (the "Applicant")
Motor Vehicle:	2000 GCK Jeep, plate # 084464277 (the "vehicle")
Date of Appeal:	December 15, 2000

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on January 4, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states (Exhibit #2):

"Thrifty Canada, Ltd. (TCL) is a franchisor and Performance Vehicle Rental Inc. (Performance) is a franchisee of TCL. TCL leases the vehicle impounded to Performance for daily rental purposes under the Thrifty brand. Performance rented the impounded vehicle to Ms. M.P. Jeanette Curnew on November 24, 2000. Ms. Curnew's Driver's License number is C9389-50176-65421 with an expiry date of 4/21/03. Performance undertook all reasonable due diligence available to it, to ensure that Ms. Curnew had a valid drivers license at the time of rental. On or about December 07, 2000 Performance was notified that the vehicle rented by Ms. Curnew had been impounded. Neither Performance or TCL could have or should have known that Mr. B. Curnew had a suspended license or would be in control of the impounded vehicle."

Mike Harrison is the Director, Franchise Operations for Thrifty Canada, Ltd. (the "Applicant"). Performance Vehicle Rental Inc. ("Performance") leases its vehicles from the Applicant who then, in turn, rents these vehicles to customers. The minimum rental period is 1 day to a maximum rental period of 30 days. Performance has approximately 100 fleet vehicles, of which 70 to 80 are rented out each week.

Performance rented the impounded vehicle to Ms. M.P. Jeanette Curnew on November 24, 2000 and said vehicle was to be returned to Performance on December 2, 2000. The vehicle was not returned to Performance and on December 6, 2000, the Hamilton/Wentworth police stopped Mr. William Curnew, the driver of the impounded vehicle, and the vehicle was impounded.

In Mr. Harrison's sworn testimony, he indicated that the standard operating policy for the Applicant including its approximate 30 franchisees is that the customer has a valid driver's licence and credit card. Once the rental agreement has been signed, the customer's signature on the rental agreement is compared to the customer's signature on his/her driver's licence. It is at this point that the customer's driver's licence is more thoroughly examined. The customer must have a credit card, for security deposit purposes, and its signature is also compared.

Mr. Harrison also testified that the Applicant and its franchisees could not afford to obtain driver's abstracts on each individual customer, as the rental car business has a very competitive market and this cost could not be streamlined to each customer. He is of the view that this process would also impose financial harm to the franchisees. The Applicant and franchisees do not want to be the collectors of towing, impoundment fees and lost revenue since this is a difficult

and, in most cases, fruitless process. Mr. Harrison has suggested that this should be an area where both the Ministry and government should assist this type of industry.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibits #3 and #4):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by William Curnew;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving while Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until May 26, 2004.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

The issue to be considered in this appeal is whether the Applicant exercised due diligence in attempting to determine that the William Curnew's driver's licence at the time in respect of which the order was made was not then under suspension.

Mr. Harrison testified that the Applicant is the owner of the vehicle that was leased to Performance which was ultimately impounded and at the time of impoundment the vehicle was being driven by William Curnew whose driver's licence was then under suspension.

The onus of proof is on the Applicant to establish that due diligence was performed which is required under Section 50.2(3)(c) of the Act.

Mr. Harrison indicated that terms and conditions are located on the back of the rental agreement but steps had been taken for the following wording to be clearly visible and prominent on the front of the rental agreement just above renter's signature line:

"THE LESSEE OR THE SIGNATORY TO THIS CONTRACT CERTIFIES THAT HE OR SHE HOLDS A VALID DRIVER'S LICENSE FOR THE OPERATION OF THE VEHICLE(S) REFERRED TO IN THE CONTRACT AND AGREES TO ENSURE THAT ANY PERSON WHO OPERATES THE VEHICLE(S) IN QUESTION HOLDS A VALID DRIVER'S LICENSE OF THE PROPERTY CLASS".

With reference to the above clause, the Applicant and its franchisees are attempting to remove themselves from liability in the event the customer renting the vehicle and/or any other driver do not have a valid driver's licence. This is

not a means of exercising due diligence. Ms. Curnew signed the rental agreement and was responsible for the care and control of the impounded vehicle. She should now be responsible for the charges incurred due to the impoundment.

In his testimony, Mr. Harrison indicated that the Applicant and franchisees rely on the honesty and integrity of their customers in providing a valid driver's licence. Merely viewing a driver's licence does not in itself ensure its validity.

Neither the Applicant nor Performance took any measures at any time prior to the execution of the above-mentioned rental agreement to ensure that Ms. Curnew had a valid driver's licence. Furthermore, there was no evidence heard that would confirm the Applicant and Performance's actions are anything but passive in nature.

The evidence before the Tribunal is that the Applicant has not demonstrated that it made any attempts to satisfy the due diligence requirements of Section 50.2(3)(c) the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Nives Montano,
Presiding Member

RELEASED: January 5, 2001

WONG

TOMMY WONG

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: STUART CORK, Presiding Member

APPEARANCES: KYLE BIEL
Representative for the Registrar of Motor Vehicles

TOMMY WONG, Applicant

KENNY YU, Agent for Applicant

DATE OF HEARING: January 4, 2001

DECISION RELEASED: January 9, 2001 Toronto

REASONS FOR DECISION

A hearing was held on January 4, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Tommy Wong (the "Applicant")
Motor Vehicle:	1990 Dodge Caravan, plate # AAPZ 841 (the "vehicle")
Date of Appeal:	December 15, 2000

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on January 4, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals which were entered into evidence as exhibit #3.

All documents were submitted into evidence with the consent of both parties.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- (1) Because my vehicle is sold to someone else as you are leaving Ontario to go back to Quebec.
- (2) I have financial hardships and want my vehicle released as soon as possible.

The Applicant stated that in May of 1999 he was charged with an alcohol related driving offence and his licence was subsequently suspended. At some time after this, he moved back to live in Montreal. In November of 2000 he drove his vehicle back into Ontario for the purpose of selling it to a buyer in Toronto for which he had already received a deposit for the purchase of the vehicle. While driving the vehicle from Montreal, the Applicant was stopped by police, who found his licence to be then under suspension, and his vehicle was impounded.

The Applicant and his family have managed to maintain their daily activities through the use of public transit, both in Toronto and in Montreal, as well as obtaining rides from friends. The Applicant claims that the loss of the vehicle, and the delay in selling it, has deprived him of the financial resources he needs to travel back home to Montreal, and to purchase another vehicle.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Tommy Wong;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol content in excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 30, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name

appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making

arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claims to be considered under section 22(2)(a), (b), and (c), he must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Applicant has claimed that the impoundment has affected his financial situation, and his ability to sell this vehicle. However, section 22(3)(d) of Regulation 632/98 precludes the Tribunal from considering the impact of any loss as a result of the impoundment that may be upon the person who was driving the vehicle at the time of the impoundment while their driver's licence was then under suspension. Here, the Applicant was the driver of the vehicle at the time of the impoundment. Therefore, the Tribunal may not consider the impacts of the loss that may be experienced by the Applicant. Furthermore, there was no evidence heard at this hearing that would indicate that the Applicant's family, or any other person normally transported by this vehicle, has experienced an exceptional hardship as a result of the impoundment.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable alternative option has been considered and inquired into as required under section 22(4) of the Regulation. The Tribunal finds that the Applicant's statement that an alternative is simply not possible due to his financial limitations, and therefore was not inquired into, is insufficient in meeting the onus under this section of the Regulation. The Tribunal finds that the Applicant has failed to meet the onus under section 22(4) of the Regulation and is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the Highway Traffic Act, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Lucas D. Cole (hereinafter referred to as "the Applicant") and the Registrar, Motor Vehicle Dealers Act, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Power Procedures Act, do hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, his registration is automatically revoked.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The applicant shall not be an officer, director, owner or partner in a dealership.
5. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
6. The Applicant confirms that the circumstances surrounding the conviction are substantially as disclosed to the Registrar.
7. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
8. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
9. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.

10. The Applicant will provide a copy of this order to his employer forthwith.

Lucas D. Cole (initials)

11. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.

12. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.

13. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of January 2001.

Lucas D. Cole (signature)

These Terms and Conditions are accepted by the Registrar, Motor Vehicle Dealers Act.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: STUART CORK,
Presiding member

APPEARANCES: KIM GROSSKURTH,
Representative for the Registrar of Motor Vehicles

ROZANNA YADRAM, Applicant
unrepresented

DATE OF HEARING: January 19, 2001

DECISION RELEASED: January 24, 2001 ***By teleconference***

REASONS FOR DECISION

A hearing was held on January 19, 2001, at Toronto, Ontario, by teleconference to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Rozanna Yadram (the "Applicant")
Motor Vehicle:	2000 Oldsmobile Silhouette, plate # AHYA 539 (the "vehicle")
Date of Appeal:	December 27, 2000

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on January 19, 2000 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals which were entered into evidence as exhibit #3.

All documents were submitted into evidence with the consent of both parties.

The Respondent informed the Tribunal that the Registrar had not received the Owners Position In Appeal, which was written on the reverse side of the Notice of Appeal. The Tribunal provided the Respondent with a copy which was then reviewed.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- (1) I am appealing that consideration be given for the release of my vehicle due to the hardship I'm experiencing getting my children to school, my mother to the doctor's and myself to work. I had no idea that the driver's licence was under suspension. I'm extremely stressed out about the fact that the vehicle would be impounded for 45 days. I have attached documents, and look forward to a hearing as soon as possible.
- (2) I have requested telephone conference because sometimes it's difficult for me to take time off work. But if this cannot be arranged the oral hearing is preferred.

Rozanna
Yadram

The Applicant testified that she was being driven home by Hemraj Odho following a Christmas party, as she was not feeling well enough to drive herself. They were stopped by police at a spot check, and it was determined that Mr. Odho's driver's licence was then under suspension for a Criminal Code conviction. The Applicant stated that she was unaware of the status of Mr. Odho's driver's licence until the impoundment, even though she had known him for a long period of time.

The Applicant further testified that she is a single mother, and relies upon her vehicle to transport her two children to school. She must also drive her mother to various medical appointments on a weekly basis. The Applicant stated that she and her family have had to endure the inconvenience of not having their vehicle. The Applicant owns an older vehicle that was initially used as an alternative to the impounded vehicle, however it later became inoperative due to a costly transmission failure. The Applicant had then to endure the financial hardship associated with the renting of an alternative vehicle, which she continues to drive.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Hemraj Odho;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving while Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 14, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;

- (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claims to be considered under section 22(2)(a), (b), and (c), she must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable alternative option has been considered and inquired into as required under section 22(4) of the Regulation. In fact the forthright testimony of the Applicant was that after her vehicle had been impounded, she had made use of another vehicle that she already owned. Following the breakdown of her initial alternative vehicle that she had owned, the Applicant further stated that she had procured a rental vehicle and maintained its use through out the remainder on the impoundment period up to the date of this hearing. According to the Applicant, he has an alternative vehicle available to her. The Tribunal may not consider inconvenience (see subsections 22(2)(a) of Regulation 574). The Tribunal may consider economic loss only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of that Regulation).

Therefore, the Tribunal finds that the Applicant has failed to meet the onus under section 22(4) of the Regulation and is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the Motor Vehicle Dealers Act, (hereafter the "Act") the parties to the proceeding, Jeanette Abdo o/a Jeanette's Auto Sale (hereafter the "Dealer") and the Registrar, Motor Vehicle Dealers Act, (hereafter the "Registrar") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions:

1. The Dealer acknowledges and understands that she will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
2. The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.
3. The Dealer agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required by Section 16 of Regulation 801. The Dealer further agrees to store books and records at the location approved by the Registrar.
4. The Dealer will ensure that all advertisements placed by or on behalf of the Dealer will identify her registered name and the address of the location approved by the Registrar.
5. The Dealer agrees not to invite the public to deal at a place other than his approved location.
6. The Dealer agrees to operate exclusively from the location approved by the Registrar. The Dealer agrees to apply for the Registrar's approval, by way of prior written notice, of any change in employment location in the form required by the Registrar.
7. The Dealer will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a Dealer under the Motor Vehicle Dealers Act.

8. The Dealer will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
9. The Dealer will not purchase vehicles without ensuring that the vehicle is registered to the seller.
10. The Dealer agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
11. The Dealer agrees that she is under a positive obligation to disclose all material facts about the vehicles he sells to his customers. The Dealer agrees that she is under a positive obligation to ensure that all salespeople also disclose all material facts about vehicles sold to consumers. The Dealer agrees to make reasonable efforts to research the history of all her vehicles prior to sale to ensure all material facts are disclosed. The Dealer agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Dealer has sold, the Dealer will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
12. The Dealer acknowledges and understands that her registration will not be used to buy or sell motor vehicles where the Dealer knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
13. The Dealer will comply with all aspects of the Retail Sales Act with regards to filing, and ensuring all tax collections are accurately reported and remitted to the Minister of Finance when due.
14. The Dealer will pay all amounts owing to the Minister of Finance in respect of all future audit assessments when due.
15. The Dealer acknowledges that Albert Abdo will in no way, either directly or indirectly be involved with the business and will have no interest whatsoever in the dealership.
16. The Dealer agrees she will not be involved with the buying and selling of motor vehicles without the benefit of registration.
17. The Dealer hereby acknowledges that in the event of a breach of any of the terms and conditions set out herein, the Registrar is directed to, and shall revoke the registration of the Dealer.
18. The Dealer understands that her registration will be conditional for 60 days and may be cancelled by the Registrar, in accordance with Section 13(3) of Regulation 801. For the purpose of Section 13(3) of Regulation 801, these Terms and Conditions are part of the Dealer's application.
19. The Dealer acknowledges that the Registrar may take further administrative action, including a proposal to revoke registration, arising from any matters that have occurred or may occur related to honesty and integrity or financial position.

20. The Dealer acknowledges that the Registrar may take legal action, including Provincial Offences prosecution arising from actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
21. The Dealer hereby consents to an order of the Licence Appeal Tribunal, which may include the terms, and conditions set out herein.
22. The Dealer hereby withdraws the appeal to the Licence Appeal Tribunal.
23. The Dealer acknowledges that she has read, understand and will comply with the above terms and conditions of Registration.
24. The Dealer acknowledges that she has obtained or has had the opportunity to obtain independent legal advice with respect to her consent to the terms and conditions set out herein.

Signed in the City of _____, this _____ day of January 2001.

(Signature) Jeanette Abdo

These Terms and Conditions are accepted by the Registrar, Motor Vehicle Dealers Act.

FERGUSON-BAINS

DONNA FERGUSON-BAINS

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: MALCOLM FEALING
Presiding member

APPEARANCES: CLAIRE ROWETT,
Representative for the Registrar of Motor Vehicles

DONNA FERGUSON-BAINS, Applicant
unrepresented

DATE OF HEARING: January 19, 2001

DECISION RELEASED: January 24, 2001 Hamilton

REASONS FOR DECISION

A hearing was held on January 19, 2001, at Hamilton, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Donna Ferguson-Bains (the "Applicant")
Motor Vehicle:	1997 Ford Escort, plate # ABXH 601 (the "vehicle")
Date of Appeal:	December 29, 2000

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on January 19, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Donna Ferguson-Bains
8152 Silver Street
Caistor Centre, Ont
L0R 1E0

File for Appeal

December 22 2000

Appeal Tribunal:

I am writing a desperate pleas for a reconsideration into the impoundment of the motor vehicle that is in my name. This incident occurred on December 20 2000 when my husband drove himself to work while under suspension. We are in the process of a serious marriage breakdown and the vehicle is a critical life line for myself and the children, ages 4 years and 6 weeks. We live in a rural area of the Niagara region and do not have a local taxi or transit service in place. We cannot drink our own water so obtaining water from Smithville 11km away is essential. The nearest grocery store is 11 km away the nearest hospital is West Lincoln Memorial in Grimsby that is 24 km away. Our family doctor is located in Burlington, approx. 48 km away. I no longer have the support of my family as they have returned to Nova Scotia to live. I fear that not having my vehicle will jeopardize the health and well being of the children and myself. As said before my son is only 6 weeks old and daughter is 4. Our home is ready for market sale in January and I have secured with the crown that I will contact the police if my husband fails to demonstrate respect for the court order given to him. I have been able to rent a car but I cannot financially afford to rent for more than 2 weeks as I am presently on maternity leave and my income is reduced.

I have suffered both emotionally and financially and my daughter has sensed the turmoil in the home. I use the impounded vehicle to transport my children to appointments and extra activities like skating and swimming, but because of the mileage restrictions on the rented vehicle I have been unable to bring her to these programs. In the New Year my husband will look for other living arrangements closer to his work. In the mean time I have been transporting him as I have done in the past. I cannot afford to keep up the home on what I make on maternity so until it is sold I will transport my husband when necessary

I am presently seeking employment opportunities in the province of Nova Scotia and will require the vehicle to go there for interviews, and to look for a place to reside when my home is sold.

I am in desperate need for reconsideration, and a release of the vehicle in order provide some sort of stability for my children and to reduce the stress on myself and on them.

Thank you for your time
Sincerely;
Donna Ferguson-Bains

FINANCIAL STATUS:

Donna Feguson Bains

8152 Silver Street
Caistor Centre Ontario
L0R 1E0

With my letter of Appeal I have included copies of my Financial situation
I have the responsibility of Paying for Child Care When my daughter was in
preschool before

Maternity leave. Receipt not enclosed.

Visa Value monthly payment \$140.00
Visa Classic monthly payment \$140.00
Home insurance monthly payment

\$51.00

Car insurance monthly payment \$97.00
The brick monthly payment \$125.00
Telephone bill monthly \$122.00
Hydro bill monthly \$50.00
Gas bill monthly varies \$40.00-\$55.00

I also pay the following

I also purchase the groceries for my children and myself and purchase clothing
and now the
baby needs as well. I also pay for what gas I use in the vehicle. My husband
pays the rest. I

also have a 16 year old step son, and although I do not financially support him I
do give him money at times. And then there is Christmas.. My mother has
helped with the purchasing of gifts for the children this year. Like I said in my
attached letter Our home is ready to go on sale in January, My intentions are to
move back to Nova Scotia and seek employment there once the home is sold.

Sincerely
Donna Ferguson-Bains

" "

Dec 22, 2000

In addition to her written submission, Mrs. Ferguson-Bains advised that her
husband took the car at approximately 1:00 a.m. to go to his place of
employment at Tim Horton's in Milton. Mrs. Ferguson-Bains was not aware that
he had left the house until she received a call at approximately 4:00 a.m. from his
employer.

Mrs. Ferguson-Bains advised that she is presently arranging to list the family
home for sale and that she intends moving to Nova Scotia. Her husband will
reside in Milton.

Mr. and Mrs. Bains live in a remote area south of Smithville. There is no Public
Transportation in the area. Consequently, Mrs. Ferguson-Bains has had to rent
a car. She uses it to take her husband to and from work, to take the children to
the Doctor, and to perform other errands. She drives more than 300 kilometres
per day. Although she continues to drive her husband to and from work, he has
not helped her to pay for the gas, nor has he contributed to the cost of the renting
the car.

Since she is presently on maternity leave, Mrs. Ferguson-Bains is finding these additional expenses extremely onerous; especially since she had already been experiencing financial difficulties.

When questioned by the Representative of the Ministry about a 1990 Hyundai, a Van, and a 1985 Ford Sedan, which were either registered in her name or her husband's, Mrs. Bains replied that the vehicles had been disposed of long ago. She did not understand how they could still be registered in the family name.

Mrs. Ferguson-Bains also advised that she had saved \$4,000.00, but unfortunately most of that had been used for Christmas gifts for her children, and to pay for the car rental. She had approximately \$1,000.00 set aside to be used for moving expenses.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Darshan Singh Bains;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving while Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 26, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to

impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,

- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Tribunal may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

As to the issue of exceptional hardship, the evidence has established that although Mrs. Ferguson-Bains is experiencing financial hardship, she does not meet the criteria set out in Ontario Regulation 632/98 amending Reg. 574 Or R.R.O. 1990. Section 22(1). The Tribunal finds as follows.

The impoundment will not result in a threat or safety of any person ordinarily transported by the motor vehicle. Also, the evidence does not establish a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used. In this case 22(1)(b) is not relevant. Further, as to 22(1)(a) of the Regulation, Mrs. Ferguson-Bains has availed herself with alternative transportation, and in the event of an emergency she does have neighbors as well as access to 911.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

RE: 1432844 Ontario Ltd. o/a Mega City Car Sales, Charit Singh Behniwal, Navtej
Singh Kang and Pavneet Gill

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the Motor Vehicle Dealers Act, (hereinafter the "Act") the parties to the proceeding, 1432844 Ontario Ltd. O/A Mega City Car Sales (hereinafter referred to as "the Dealer"), Charajit Singh Behniwal, Navtej Singh Kang and Pavneet Gill (hereinafter collectively referred to as the "Applicants") and the Registrar, Motor Vehicle Dealers Act (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle dealer and as salespersons:

1. The Dealer and Applicants acknowledge and understand that they will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
2. The Dealer and Applicants further acknowledge that the restrictions concerning the activities of a salesperson referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective

purchaser or any form of negotiation concerning the purchase or sale of a motor vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.

3. The Dealer and Applicants agree to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required by the Motor Vehicle Dealers Act. The Dealer and Applicants further agree to provide free access to their books and records to any authorized representative of the Registrar.
4. The Dealer and Applicants agree that all books and records shall be kept at the Dealer's registered premise.
5. The Dealer and Applicants agree to maintain a sign at the Dealer's registered premise that will be visible to the public.
6. The Dealer and Applicants agree to operate exclusively from the location approved by the Registrar. The Dealer and Applicants agree to apply for the Registrar's approval, by way of prior written notice, of any change in employment location in the form required by the Registrar.
7. The Dealer and Applicants agree not to invite the public to deal at a place other than its approved location.
8. The Dealer and Applicants will not conduct any purchases with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a Dealer under the Motor Vehicle Dealers Act.
9. The Dealer and Applicants will ensure that all advertisements placed by or on behalf of the Dealer will identify their registered name and the address of the location approved by the Registrar.
10. The Dealer and Applicants will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
11. The Dealer and Applicants will not purchase vehicles without ensuring that the vehicle is registered to the seller.
12. The Dealer and Applicants agree to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
13. The Dealer and Applicants agree that they are under a positive obligation to disclose all material facts about the vehicles they sell to their customers. The Dealer and Applicants agree to make reasonable efforts to research the history of all the Dealer's vehicles prior to sale to ensure all material facts are disclosed. The Dealer and Applicants agree that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Dealer has sold, the Dealer and Applicants will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
14. The Dealer and Applicants acknowledge and understand that their registrations will not be used to buy or sell motor vehicles where the Dealer/Applicants know or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
15. The Dealer and Applicants will comply with all aspects of the Retail Sales Act with regards to filing, and ensuring all tax collections are accurately reported and remitted to the Minister of Finance when due.

16. The Dealer and Applicants agree they will not be involved with the buying and selling of motor vehicles without the benefit of registration.
17. The Dealer and Applicants agree, if any one of them is charged in the future, to immediately notify the Registrar.
18. The Dealer and Applicants agree that if any one of them is convicted under any law of an industry specific offence or if any one of them is convicted under the Criminal Code, all their registrations shall be revoked.
19. The Applicants agree to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
20. The Dealer and Applicants will comply with the Ontario Motor Vehicle Industry Council's Code of Ethics and Standards of Business Practice.
21. The Dealer and Applicants hereby acknowledge that in the event of a breach of any of the terms and conditions set out herein, the Registrar is directed to, and shall revoke the registrations of the Dealer and Applicants.
22. The Dealer understands that its registration will be conditional for 60 days and may be cancelled by the Registrar, in accordance with Section 13(3) of Regulation 801. For the purpose of Section 13(3) of Regulation 801, these Terms and Conditions are part of the Dealer's application.
23. The Dealer and Applicants acknowledge that the Registrar may take further administrative action in the form of a proposal to revoke their registrations, arising from any matters that have occurred or may occur related to honesty, integrity, financial position and/or their compliance with these terms and conditions.
24. The Dealer and Applicants acknowledge that the Registrar may take legal action, including Provincial Offences prosecution arising from actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
25. The Dealer and Applicants hereby consent to an Order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
26. The Dealer and Applicants hereby withdraw their appeals to the Licence Appeal Tribunal.
27. The Dealer and Applicants hereby acknowledge that they have obtained or have had the opportunity to obtain independent legal advice with respect to their consent to the terms and conditions set out in this document.

RUPINDER BRAR

APPEAL UNDER SECTION 50.2 OF THE *HIGHWAY TRAFFIC ACT*, R.S.O. 1990, CHAP.H.8 AS AMENDED (THE "ACT"), FOR AN ORDER OF THE REGISTRAR OF MOTOR VEHICLES PURSUANT TO SECTION 55.1(3) OF THE ACT

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES: KIM GROSSKURTH, Representative of Registrar of Motor Vehicles

RUPINDER BRAR, representing herself

DATE OF HEARING: January 29, 2001 Toronto

ORDER

PURSUANT to the provisions of the *Highway Traffic Act*, R.S.O. 1990, Chap. H. 8 as amended, Rupinder Brar (the "Applicant") appealed a decision of the Registrar of Motor Vehicles (the "Registrar") made under section 55.1 of the Act to impound a certain 1997 Chevrolet Blazer motor vehicle, plate number ABFK 693 (the "motor vehicle");

UPON MOTION, made by the representative of the Registrar for an order by the Tribunal dismissing the Applicant's ground of appeal of exceptional hardship as a ground to be heard at a hearing;

UPON READING the exhibits and hearing submissions of the representative of the Registrar as well as submissions by the Applicant, this Tribunal finds that the ground of exceptional hardship [section 50.2(3)(d)] upon which the Applicant relies in this appeal, does not apply by virtue of section 50.2(4) as a previous order to impound under section 55.1 was made with respect to the motor vehicle then owned by the Applicant;

NOW THEREFORE, this Tribunal orders that after considering the evidence and the submissions of the Applicant and the Representative of the Registrar, pursuant to Section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Foti Vitsentzatos (hereinafter referred to as "the Applicant") hereby consents to the following terms and conditions to his registration as a motor vehicle salesperson.

In accordance with section 4.1 of the Statutory Power Procedures Act, the parties hereto hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he convicted under the Criminal Code, his registration is automatically revoked.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The applicant shall not be an officer, director, owner or partner in a dealership.
5. The Applicant will not be the final signatory on any bills of sale.
6. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Applicant agrees that the circumstances surrounding his convictions are substantially as disclosed to the Registrar.
8. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
9. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.

10. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
11. The Applicant will provide a copy of this order to his employer forthwith.
12. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
13. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
14. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

FROM: Jack Poulin
4208 Terrace Avenue
Niagra Falls, On, L2E 3H8

In accordance with Section 4.1 of the *Statutory Powers Procedure Act*, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereafter the "Act") the parties to the proceeding, Jack Poulin hereafter the ("Applicant") and the Registrar, Motor Vehicle Dealers Act, (hereafter the "Registrar") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions:

- 1) The Applicant agrees if he is charged in the future, under any law, to immediately notify the Registrar, in writing of the charges or convictions. Upon any future convictions, the Applicant's registration will be automatically revoked.
- 2) The Applicant agrees he is charged in the future, under any law, to immediately notify his employer of the charges or convictions.
- 3) The Applicant agrees not to transfer his registration as a motor vehicle salesperson to another dealer without having first obtained the prior written consent of the Registrar.
- 4) The Applicant acknowledges that his registration will not prevent the Registrar from taking administrative action, including a proposal to revoke his registration, arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
- 5) The Applicant acknowledge that his registration as a motor vehicle salesperson will not prevent the Registrar from taking legal action, including a Provincial Offences prosecution, arising from matters that may have occurred or that may occur in the future.
- 6) The Applicant acknowledges that the disclosure provided by him to the Registrar, is accurate in all respects and the Registrar is relying upon the veracity of his disclosure in entering into these terms and conditions.
- 7) The Applicant agrees not to invite the public to deal at a place other than the location approved by the Registrar for his employer.
- 8) The Applicant will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a dealer under the Act.
- 9) The Applicant will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser. The Applicant shall ensure that

all bills of sale and financing documentation executed by purchasers and/or by himself are co-signed by a registered salesperson in a supervisory capacity at the dealership

- 10) The Applicant will not purchase vehicles without ensuring that the vehicle is registered to the seller.
- 11) The Applicant agrees not to be a partner, shareholder, officer or director of a motor vehicle dealership. The Applicant shall not loan money to or have a proprietary interest in any motor vehicle dealership.
- 12) The Applicant agrees that he is under a positive obligation to disclose all material facts about the vehicles that he sells to his customers. The Applicant agrees to make reasonable efforts to research the history of all vehicles prior to sale to ensure all material facts are disclosed.
- 13) The Applicant acknowledges that, if, the Registrar has evidence that the Applicant has failed to comply with any of the requirements noted above, the Applicant's registration as a motor vehicle salesperson will be revoked and the Applicant will immediately return all registration certificates to the Registrar.
- 14) I hereby withdraw my appeal to the Licence Appeal Tribunal.
- 15) I acknowledge that I have had the opportunity to obtain independent legal advice with respect to my consent to the terms and conditions set out in this document.

DATE OF
HEARING: January 9, 2001

DECISION
RELEASED: January 10, 2001

Sudbury

REASONS FOR DECISION

A hearing was held on January 9, 2001, at Sudbury, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 10, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated December 6, 2000, and was received by the Tribunal on December 18, 2000, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

“I was unable to provide the required breath sample because of a medical reason.”

Preliminary Matters

The Representative of the Ministry provided the Tribunal with certified copies of Ministry of Transportation documents on file.

The Applicant questioned the Ministry's Representative as to when and how the documents had been forwarded to him, as he had not received them.

The Representative of the Ministry sought to introduce the videotape of the Applicant's breathalyzer session into evidence. The Applicant objected due to the fact that he was “*under medication at the time*”, but agreed to allow a viewing of the video.

The Applicant submitted several documents which were entered as exhibits on consent save and except for a medical report from Physician # 1. The Ministry's Representative argued as to its inadmissibility as an exhibit since there was no previous disclosure.

Submissions of Written Material

By the Applicant:

- a)Exhibit # 1 Suspension Reminder Notice dated November 27, 2000 - issued by the Registrar of Motor Vehicles.

- b) Exhibit # 2 Notice of Appeal Form - received December 13, 2000.
- c) Exhibit # 3 Letter from the Applicant – dated December 15, 2000.
- d) Exhibit # 4 Official Prescription Receipt from Shoppers Drug Mart – dated November 5, 2000.
- e) Exhibit # 6 Resume of the Applicant – received January 9, 2001.
- f) Exhibit # 7 Internet Information titled Security and Military Police Squadron - received January 9, 2001.
- g) Exhibit # 8 Internet notes on Clonazepan – received January 9, 2001.
- h) Exhibit # 9 Information from CNN.com Health with the head lines Study Find Hay-Fever Medication... - received January 9, 2001.

By the Respondent:

- a) Exhibit # 5 Ministry of Transportation submissions – 16 pages – received January 3, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The Tribunal may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Board from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

Applicant's Driver's Licence was suspended "Nov 23 00", as set out in the Suspension Reminder Notice. (Exhibit # 1)

The Notice of Appeal prepared by Physician # 1, the Applicant's psychiatrist for "9 years" states that the Applicant suffers from "*chronic and acute anxiety with episodes of panic attack. Needs tranquilizers...*" (Exhibit # 2)

In a hand written note, the Applicant claims that he "...was on medication that day from 8 am to 2300 ...tranquilizers..."

The Documents introduced at the hearing by the Applicant are as follows:

- A Resume of the Applicant
- B Internet information titled "Security and Military Police Squadron" from the Canadian Air Force
- C Internet notes on Clonazepam
- D Information from CNN.com health with the headlines "Study finds hay-fever medication worse than alcohol in impairing driver skills"

The Respondent provided the following Documents for the hearing:

Certified Copy of Notice to Registrar.
Certified Copy of Driving Record of the Applicant
Certified Copy of Vehicle Record as of Occurrence date

A Ministry of Transportation Driver's Record for the Applicant since 1981 shows several offenses.

At the hearing, the Applicant explained to the Tribunal the reason for the stress in his life, and more particularly for the day in question. According to the Applicant, he had spent a sleepless night in anticipation of his day in Court. Prior to being stopped the Applicant had been in Court from 9 AM to 4 PM, and was feeling an adrenaline high.

The Applicant testified that the combination of adrenaline and medication made him appear "...*drowsy and red eyed.*"

In cross-examination, the Applicant testified that he did not provide a breath sample because he was “*dragged by the ear*” before being given a second chance. The first time he was unable to blow long enough for the machine to record to the sample because he was “*...confused ...delusional and not aware of reality...*”

The Applicant informed the officers that he was on medication but did not advise them at the time that he was having any physical or emotional difficulties.
