The Respondent called the three officers involved in the incident as witnesses.

Police Officer # 1 read from a “*Will Say/Statement*” detailing the events leading up to and surrounding the intoxilizer session. Police Officer # 1 notes “*...the accused ...went a on a long spiel about his health and his lung capacity and his inability to provide breath samples, ...he would attempt to do so ...he could get a medical doctor to issue a notice that he was incapable of doing so ...at approximately 23:05 hours the accused refused to provide suitable samples...*”

At no time did Police Officer # 1 observe the Applicant being afflicted with respiratory or any other physical difficulty.

Police Officer # 2 also reading from a “*Will Say/Statement*” described the Applicant’s behaviour prior and during the breathalyzer session. Police Officer #2 testified that the Applicant stated “*...I ain’t going to blow*”

At no time did Police Officer # 2 observe the Applicant being afflicted with respiratory or any other physical difficulty.

Police Officer # 3 testified that she is a qualified intoxilizer 5000 technician. Reading from a “*Will Say/Statement*”, Police Officer # 3 swore that “*...the accused momentarily touched his mouth to the breath tube, but did not provide any sample. He was ...asked numerous times if he would provide a sample of breath. He advised “no” he would not...*”

At no time did Police Officer # 3 observe the Applicant being afflicted with respiratory or any other physical difficulty.

APPLICATION OF THE LAW TO FACTS:

During the hearing the Applicant raised several issues not germane to this matter and the Tribunal will comment no further.

At issue is, how the medical condition of the Applicant relates to Section 50.1(2)(b) of the *Highway Traffic Act*, and is this medical reason caused him to fail or not comply with the breath demand. The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

The Medical history in the Notice of Appeal relates the Applicant's history of "*chronic and acute anxiety...*" but does not explain how this condition would have prevented the Applicant from providing a suitable breath sample. (Exhibit # 2)

The Tribunal finds that neither of the reports submitted by Physician # 1, complies with the requirements of Sections 15 (1) and (2) of Regulation 574 which provides:

15(1)(c) "that the medical practitioner had prepared the report or is aware that the report may be used, in support of an appeal to the Tribunal from the suspension of a driver's licence under section 50.1 of the Act."

15(2) "The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath sample including the results of any related tests."

The Notice of Appeal purportedly written by Physician # 1 is dated December 5, 2000. There is no indication that the Applicant sought medical assistance at the time of the incident, which occurred in November 23, 2000. (Exhibit # 3)

The Applicant offered no viable explanation as to his refusal to provide a breath sample, other than that he was "*...confused... delusional and not aware of reality...*"

The Tribunal must rely on the eyewitness testimony offered by the officers involved, who attest that they saw no visible signs of respiratory or any other physical difficulties.

The Tribunal finds that there is insufficient medical reasons to establish that the Applicants was unable to comply with the request to provide breath sample due to a medical condition.

The onus being on the Applicant to establish the merit of his appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1 (2) (b), in that he was not able to demonstrate that he suffers from a medical condition which would prevent him from providing a breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated November 23, 2000 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal **confirms** the suspension.

Toronto

REASONS FOR DECISION

A hearing was held on January 25, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 26, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated December 20, 2000, and was received by the Tribunal on December 29, 2000, together with the prescribed fee of \$100.00, paid by cash.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Representative of the Ministry provided the Tribunal with certified copies of Ministry of Transportation documents on file.

The Applicant submitted several documents which were entered as exhibits on consent.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar issued by the Minister of Transportation
 - dated November 5, 2000
- b) Exhibit # 2 Notice of Appeal Form received at the Tribunal December
 29, 2000
- c) Exhibit # 3 Letter from Applicant dated December 23, 2000 with pictures

- d) Exhibit # 5 Letter from Applicant re: driving experience dated January 23, 2001

By the Respondent:

- a) Exhibit # 4 Ministry of Transportation submissions – dated January 19, 2000

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The Tribunal may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Tribunal from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant's Driver's Licence was suspended 'November 05 2000' as per Notice of Appeal. (Exhibit # 2)

Page 2 of Notice of Appeal, dated Dec 22 2000, was prepared by Physician # 1 the Applicant's physician for "1 year 11 months".

In the "Details and Diagnosis of patient's condition" and in "History of Condition" Physician # 1 writes: *"It is possible that with Mr. Austring's hearing deficit he did not understand the situation ...Variable confusion to be investigated..."* (Exhibit # 2)

In a letter dated 23 Dec/2000 the Applicant states the he is *"...almost 100% deaf, and in a noisy crowded area ...hear absolutely nothing..."*

In a letter "22 Dec/2000" the Applicant confirms that *"...At no time did I refuse to give a breath sample. Being 100% deaf I probably never heard or understood the question..."*

The Respondent provided the following Documents:

- Notice to the Registrar
- Driving Record of Reuben A. Austring,
- Vehicle record.

The Applicant's driving record since 1977 shows no convictions.

At the hearing, the Applicant explained to the Tribunal that he was under tremendous medical stress and very tired. He had taken several herbal remedies which he believes might have given the officers the impression he had been drinking.

The Applicant testified that he did not provide a breath sample because one was not demanded of him, and if in fact a breath sample was demanded, he did not hear, as he lost his hearing in 1994.

Throughout his testimony the Applicant vehemently complained about his treatment by the Toronto Police Officers.

The Respondent called as a witness Police Officer # 1 who is a 25-year veteran of the Police Force.

Police Officer #1 gave evidence of the incidents that led up to the breath demand being made.

It is Police Officer #1's testimony that he heard the Applicant refuse to accompany the breath technician to the breathalyzer testing room. The Applicant's refusal to leave the room where he had been placed led to his being charged with failing to provide a breath sample.

In closing, the Respondent argued that the Applicant has not provided medical evidence to prove that there that were medical reasons for his refusal to provide a breath sample.

APPLICATION OF THE LAW TO FACTS:

During the hearing the Applicant raised several issues not germane to this matter and not under this Tribunal's jurisdiction, and no further comment will be made with respect to those issues.

At issue is, how does the medical condition of the Applicant relate to Section 50.1(2)(b) of the *Highway Traffic Act*, and did this medical reason cause him to fail or not comply with the breath demand. The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

The Applicant offered no viable explanation as to his refusal to provide a breath sample, other than that none was requested, and if it was, he did not hear it.

The Medical history in the Notice of Appeal written by Physician # 1 states that "*It is possible that with the Applicant's hearing deficit he did not understand the situation...*". The Tribunal accepts the fact that Applicant may be hearing impaired, nonetheless it must be noted that Police Officer # 1 testified that he was able to converse with the Applicant. Thus, the Tribunal finds that the Applicant's hearing deficit is not a medical reason for failure to provide a breath sample. (Exhibit # 2)

The onus being on the Applicant to establish the merit of his appeal, the Tribunal finds that the Applicant has failed to do so. The Evidence is unequivocal, no breath test was obtained as the Applicant refused to accompany the breathalyzer technician to the testing room. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1 (2) (b), in that he was not able to demonstrate that he suffers from a medical condition which would prevent him from providing a breath sample.

On the evidence, the Tribunal finds insufficient medical reasons as to why the Applicant was unable to comply with the request to provide breath sample for the Applicant to establish the grounds of his appeal.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated November 5, 2000 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal **confirms** the suspension.

REASONS FOR DECISION

A hearing was held on January 30, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 31, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated January 3, 2001, and was received by the Tribunal on January 5, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

“I was unable to provide the required breath sample because of a medical reason.”

Preliminary Matters

At the commencement of the Hearing on January 24, 2001 an adjournment was granted to afford time to the Respondent to review the documents submitted by the Applicant and in order for the Respondent to subpoena a witness.

During the adjournment period further evidence was submitted by the both the Applicant and the Respondent. Said evidence is hereinafter described.

At the reconvened hearing on January 31, 2001, certified copies of the Ministry of Transportation documents on file were submitted by the Respondent.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar – dated January 1, 2001.
- b) Exhibit # 2 Notice of Appeal Form – received at the Tribunal January 5, 2001.

- c) Exhibit # 3 Applicant submissions: Letter from Physician # 1 – Blood test from Canadian Laboratories Limited – Pulmonary test from Scarborough Grace Hospital – received January 22, 2001.
- d) Exhibit # 6 Additional submissions by the Applicant “ American Medical Association” – received January 29, 2001.

By the Respondent:

- a) Exhibit # 4 Ministry of Transportation submissions – received January 18, 2001.
- b) Exhibit # 5 Additional submissions from Physician # 2 – received January 25, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* (“HTA”) states:

50.1 (1) “A person whose driver’s licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason”.

The HTA states under Section 50.1(4):

The Tribunal may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

(a) the name, telephone number and address, with the postal code, of the medical practitioner;

(b) the name, date of birth and address of the person who is the subject of the report;

(c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Board from the suspension of a driver's licence under section 50.1 of the Act;

(d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;

(e) whether the medical practitioner is the family physician of the person who is the subject of the report; and

(f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

Applicant's Driver's Licence was suspended "January 01/01" as per Notice of Appeal. (Exhibit # 2)

Page 2 of Notice of Appeal, unsigned and undated, refers to medical documentation attached. (Exhibit # 2)

Attached to the Notice of Appeal is a letter from the Applicant asking for an expedited hearing. The Applicant explains, in this letter: *"...after three tries, I was unable to blow long enough to obtain a result from the breathalyzer ...63 year old diabetic with accompanying problems, one of them affects my respiratory functions..."*

A handwritten note from Physician # 1 states that the Applicant *"...has been in ...care from 9. 5.1990 ...suffering from diabetes ...on medicine for this ...smoking for a number of years ...recently ...had difficulty breathing ...seen ...January 02 2000 ...referred pulmonary function ...attached ...in care with ...(endocrinologist) and... (urologist)..."*

Pulmonary function Test results attached.

The Respondent provided the following Documents:

Certified Copy of Notice to the Registrar, sealed January 8, 2001
Certified Copy of Driving Record of the Applicant, sealed January 38, 2001
Copy of Vehicle Search from Occurrence date, sealed January 8, 2001

The Applicant's driving record since 1976 shows no previous convictions.

In a report dated January 28, 2001, Physician # 2, MB,ChB,FRCP(UK)FRCP(C) FCCP, Director of Program in Respiratory Rehabilitation - University of Toronto, states that he is a *"...consultant respiratologist in practice since 1979 with particular interest in chronic respiratory conditions such as: asthma, emphysema and chronic bronchitis ...Director of the University of Toronto, Respiratory Divisional Program in Rehabilitation, ...medical advisor to the pulmonary function laboratories for over 16 years ...familiar with the Alcotest and the Intoxilyzer 5000C..."* .

After reviewing all the evidence presented to him Physician # 2 notes that the *"...Pulmonary function tests ...show a slight reduction in flow at low lung volume with a completely normal diffusing capacity ...the flow rate increases following Ventolin administration ...tests such as these would not prevent the subject from providing a technically satisfactory breath sample ...observed changes in the flow volume loop are slight."* (Exhibit # 4)

At the hearing the Applicant was represented by his son. During examination in chief the Applicant testified that has been given three attempts to provide a breath sample, but that each time the officer told him to stop.

The Applicant stated that he was not told the consequences of his failure to provide a breath sample, until after the third attempt, when he was informed by the officer that he was being charged. At this time the Applicant requested that the officer give him another opportunity, but the officer refused.

Under cross-examination the Applicant further testified that he thought he “...was *doing OK*” and that the officer did not advise him he was not blowing properly. This is the reason he did not tell the officer he was having medical problems, other than to state he was diabetic.

The Applicant attested that he now believes he may have been having a mild hypoglycemic episode at the time, but did not request medical assistance as he “...did not feel there was anything wrong...”

Still under oath, the Applicant stated that since he suffers from dry mouth because of the diabetes, it is possible this was reason why he was unable to seal the mouthpiece properly with his lips.

According to the Applicant, his physician has not prescribed an inhaler nor recommended that he see a respiratologist “...as that would take too long...”

The Respondent called, as a witness, Police Officer # 1, who has been with the Ontario Provincial Police, Toronto Detachment for 5 years.

Police Officer # 1 testified that he explained and demonstrated the procedure to the Applicant at the beginning of the session and then again when the machine registered “EO”. In each of the three tries, soon after the Applicant started blowing, the machine registered ‘EO” meaning that the Applicant had stopped blowing but had not provided an adequate sample for the machine to register a reading.

Police Officer # 1 further testified that at no time did he notice any signs that the Applicant was having difficulty breathing, or sweating or shaking. Nor did the Applicant request medical assistance.

In closing the Agent for the Applicant focused on the fact that his client had offered to try again, once informed by the officer he would be charged. The Agent contends that this is an indication that the Applicant was certain the test would indicate he had not been drinking, otherwise his request would not be logical.

The Agent also referred to the dry mouth as a possibility for his client not having been able to seal the mouthpiece adequately.

The Respondent re-iterated the evidence presented, emphasizing that there is insufficient medical evidence to suggest that the Applicant 's failure to provide a breath sample was due to a medical condition.

APPLICATION OF THE LAW TO FACTS:

At issue is, how the medical condition of the Applicant relates to Section 50.1(2)(b), and did this medical reason cause him to fail or not comply with the breath demand.

The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

The Tribunal reviewed all evidence submitted by both parties. The reasons proffered by the Applicant as to why he failed to provide a breath sample are plausible, and would be acceptable if substantiated by medical evidence.

Physician # 1 has been the Applicant's physician since "...9. 5.1990". She confirms in the handwritten report that the Applicant suffers "*...from diabetes ...on medicine for this...*" yet only "*...recently ...had difficulty breathing ...seen ...January 02 2000 ...referred pulmonary function...*". There is no previous history of respiratory impairment. (Exhibit # 2)

According to Physician # 2 the pulmonary function tests " ...show a slight reduction in flow at low lung volume with a completely normal diffusing capacity ...tests such as these would not prevent the subject from providing a technically satisfactory breath sample..." (Exhibit # 4)

The Tribunal concurs with Physician # 2. During the past ten years the Applicant has been in care, Physician # 1 has recommended the Applicant to an "endocrinologist" and a "urologist". The Tribunal notes that after reviewing the test results, Physician # 1 did not refer the Applicant to a respiratologist. It would appear to the Tribunal that the results were not severe enough to warrant follow up. This conclusion is also substantiated by the fact that no inhaler was prescribed.

The Tribunal must rely on the eyewitness testimony offered by the officer involved, who attests that there were no signs of respiratory distress during the breathalyzer session.

The Applicant claims his mouth was dry, but he did not inform the officer, nor ask for a drink of water. The Applicant also suggests he may have been having an hypoglycemic episode, that did not cause him to lose consciousness. Unfortunately, according to both the Applicant himself and Police Officer # 1

there were no visible signs of sweating and shaking as is commonly associated with such a diabetic reaction. At no time did the Applicant request medical assistance.

The onus being on the Applicant to establish the merit of his appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1(2)(b), in that he was not able to demonstrate that he suffers from a medical condition which would prevent him from providing a breath sample.

The Tribunal finds that there is insufficient medical reasons as to why the Applicant was unable to comply with the request to provide breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated January 1, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal **confirms** the suspension.

Toronto

REASONS FOR DECISION

A hearing was held on January 23, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 24, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated December 1, 2000, and was received by the Tribunal on December 22, 2000, together with the prescribed fee of \$100.00, paid by cheque.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Applicant's agent, requested an adjournment on the grounds that the disclosure materials were not received by the Applicant within the prescribed time.

The Respondent confirmed that the documents had been forwarded by courier on the same day as they were sent to the Tribunal. No notification was received by the Ministry suggesting the documents had not been delivered. Further, nothing contained in the materials should be a "*surprise*" to the Applicant or his agent.

The Applicant's agent asked the Respondent the grounds for these proceedings. The Respondent confirmed that this was a hearing under the *Highway Traffic Act* not the *Criminal Code*.

As there still appeared to be confusion on the Applicant's Agent's part, the Tribunal adjourned for one hour to give an opportunity to the Agent to review the material and clarify the matter of grounds for the hearing with the Respondent.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar dated November 26, 2000 issued by the Registrar of Motor Vehicles.
- b) Exhibit # 2 Notice of Appeal Form received at the Tribunal December 22, 2000, filed by the Applicant
- c) Exhibit # 3 Medical Note from Physician # 1 – dated December 01, 2000

By the Respondent:

- a) Exhibit # 4 Ministry of Transportation submissions – 13 pages – received January 18, 2001

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the

case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or

- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason”.

The HTA states under Section 50.1(4):

The Tribunal may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15.(1) “a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Board from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner.”

Finally, section 13 of Regulation 574 (amended) provides:

“A person appealing a suspension has the onus of establishing the merit of the appeal”.

FACTS:

The Applicant's Driver's Licence was suspended on "November 26 2000" as per Suspension Reminder Notice (Exhibit # 1)

Page 2 of Notice of Appeal, dated Dec 1st 2000, was prepared by Physician # 1 the Applicant's physician for "15 years".

In the "Details and Diagnosis of patient's condition" and in "History of Condition:" Physician # 1 writes: " *Acute Bronchitis ...cough... since Nov 23rd 2000.*" (Exhibit # 2)

In the category "Type of Measurements..." Physician # 1 states "...*antibiotic & cough medicine...*" (Exhibit # 2)

A handwritten note from Physician # 1 confirms that the Applicant "*has been sick since Nov 23rd 2000 with intense cough and trachea irritation. This condition could affect his ability to perform breath test Nov 25th, 2000*". (Exhibit # 4)

The Respondent provided the following Documents:

- Certified Copy of Notice to the Registrar, January 3, 2001
- Certified Copy of Driving Record of the Applicant, sealed January 3, 2001
- Copy of Vehicle Search from Occurrence date, sealed January 3, 2001
- Sworn Affidavit of Police Officer # 1, Toronto Police Service. 11 Division, sworn January 5, 2001

The Applicant's driving record since 1984 shows one speeding conviction.

In an Affidavit sworn on January 5, 2001, Police Officer #1 attests: "...*member of Toronto Police Service ...for 1 year... On ...November 26, 2000 observed motor vehicle ...male driver...blood shot eyes ...speech slurred ...gave male the Breath Demand ...1:45am ...entered breath testing room with male ...male successfully provided a breath sample ...at 2:16am the male was requested to provide a second sample. at this time the male refused to give a suitable breath sample and on his last attempt he removed the mouth piece and threw it on the table and stated he was not going to do it anymore ...during this time ...observed nothing to suggest that he was suffering from any medical condition that could possibly affect the giving of a breath sample...*"

At the hearing the Applicant's agent, stated that he would not be allowing the Applicant to give evidence, and that he did not wish to make an opening statement.

The Respondent called, as a witness, Police Officer #2, who has been with the Toronto Police Services for 15 years, and a qualified breath technician since May 1998.

In his testimony, Police Officer #2 described what he believes appeared to be signs of impairment on the part of the Applicant as well as the Applicant's demeanor during the time the Applicant was detained.

Police Officer #2 testified that during the first breath test the Applicant was blowing *"...too hard..."* and had to be admonished to *"...blow softer..."*. At 1:57 AM the Applicant provide a breath sample which met the requirements.

Police Officer #2 further attested that during the second required breath test, the Applicant appeared to be puffing his cheeks but was not blowing into the machine. This conclusion was made as no condensation was observed as forming inside the mouthpiece. Also, there was no sound of air going into the mouthpiece. After several unsuccessful attempts the Applicant *"indicated verbally that he would not try any longer"*

In closing, Agent for the Applicant stated that his client cooperated in the beginning but *"...when he found out about his reading he became nervous and suspicious..."* The officers did not ask the Applicant if there was a medical reason as to why he could not provide a breath sample.

The Applicant has been taking medication which could impair his ability to provide a sample.

Agent for the Applicant referred to Physician # 1's notes which confirm that the Applicant's condition could prevent him from providing a breath sample.

The Respondent argued that there did not appear to be a medical problem during the first breath testing session. The fact that the Applicant was able to successfully provide a breath sample during the first test, and the fact that he was able to blow hard *"...casts serious doubts on the veracity of his ability to blow..."*

As for Physician # 1's reports, the Respondent contends that the operative word is *"could"*, as in the statement *"...This condition could affect his ability to perform breath test Nov 25th, 2000..."*

Further, the Respondent maintains that there are no chest results available such as *"chest x-rays or pulmonary function tests"* to verify a respiratory condition.

APPLICATION OF THE LAW TO FACTS:

At issue is, how does the medical condition of the Applicant relate to Section 50.1 (2)(b), and did this medical reason cause him to not comply with the breath demand.

The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

The Tribunal reviewed all evidence submitted by both parties. The Applicant gave no evidence and proffered no explanation as to why he failed to provide a breath sample when demanded to do so. The Applicant's agent suggests that after finding out about his reading the Applicant became "...*nervous and suspicious...*" The Tribunal can understand the Applicant being nervous but fails to comprehend why the Applicant would have become suspicious and how that would have affected his ability to provide a breath sample.

As for signs of physical distress such as respiratory difficulties, according to Police Officer # 2 there were no such signs. At no time did the Applicant request medical assistance.

The only evidence tendered by the Applicant, other than the information contained in the Notice of Appeal verifying that he is suffering from " *Acute Bronchitis ...cough...*" is a handwritten note confirming that he *'has been sick since Nov 23rd 2000 with intense cough and trachea irritation. This condition could affect his ability to perform breath test Nov 25th, 2000'*. (Exhibits # 2 & # 4 respectively)

The Tribunal concurs with the Respondent, the Applicant's bronchitis did not prevent him from successfully providing a breath sample during the first test. In fact, the Tribunal heard evidence from Police Officer # 2 that the Applicant was blowing "...*too hard...*" and was advised to "...*blow softer...*".

The Tribunal finds that there is insufficient medical reasons as to why the Applicants was unable to comply with the request to provide breath sample.

The onus being on the Applicant to establish the merit of his appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1(2)(b), in that he was not able to demonstrate that he suffers from a medical condition which would prevent him from providing a breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated November 26, 2000 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal **confirms** the suspension.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,

CARMELO DE CICCIO CONSTRUCTION CO. LIMITED

CARMELO DE CICCIO CONSTRUCTION CO. LIMITED

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: MARJORIE L.HILEY, Vice-Chair

APPEARANCES:

JULIA COOK, Agent, representing the Applicant
NETANUS RUTHERFORD, Counsel, representing the
Registrar, Ontario New Home Warranty Program

DATE OF
HEARING:

November 10 and 20, 2000

via teleconference

REASONS FOR RULING AND ORDER

BACKGROUND:

This is an application to the Licence Appeal Tribunal under section 7 of the *Licence Appeal Tribunal Act, 1999* to extend the time for the Applicant to file an appeal from a proposal of the Registrar of the Ontario New Home Warranty Program ("the Program") pursuant to section 9(2) of the *Ontario New Home Warranties Plan Act*.

The hearing of this matter proceeded on the consent of the parties as an electronic hearing. The Tribunal was provided with a Notice of Application for the Extension of time for appeal from the Applicant but no affidavit material. At the first hearing date of November 10, 2000, the Applicant did not have an agent. The Program provided the Tribunal with a motion record which included the affidavit of Roleeta Amo, and attached exhibits and caselaw. At the second hearing date of November 20, 2000, the Applicant had his agent represent him. The Applicant, by affirmation, provided the Tribunal with testimony on his reasons for bringing the application for an extension of time.

ISSUES:

Have the requirements for service of a notice under sections 9 and 20 of the *Ontario New Home Warranties Plan Act* been met in this case?

If the requirements are met and the Notice of Appeal was not filed with the Tribunal within the time prescribed by statute, is this an appropriate case for leave to be extended pursuant to section 7 of the *Licence Appeal Tribunal Act, 1999*?

If an extension is granted, should the Tribunal provide any directions upon such an extension?

EVIDENCE:

Testimony of Vince de Cicco:

Mr. de Cicco stated that there were no difficulties with the Program prior to April, 2000. Then he received a letter requesting more financial information. He did not have that information so he spoke to several representatives from the Program about the problem. He wanted to know what was going to be his security deposit amount for enrolling homes in the future. No one seemed to be able to give him this figure. He wanted an answer in writing. The Program was telling him that he was building too many houses.

Mr. de Cicco stated that there were problems in getting his security deposits on prior homes released by the Program. He was being told that the Program was backlogged one or two months on releasing these securities.

Mr. de Cicco testified that he spoke to an Adul from the Program. Adul told him to send the land tax assessment to the Program as soon as he obtained it. The Program owed him \$75,000.00 in past securities. He wanted his money, but they were saying it could be used as a security blanket or he could continue to pay his security deposits on newly enrolled homes and then the Program would release this money.

Mr. de Cicco stated that he got the Notice of Proposal around June 22, 2000. He tried calling numerous representatives at the Program, but no one returned his calls. He and his wife had already planned a short vacation so they went off on their vacation. While they were away his office was called by the Program representatives who then wanted to speak to him. He sent in his Notice of Appeal on July 24, 2000. No one from the Program helped him with this situation, but he got help from the Homebuilder's Association.

Under cross-examination Mr. de Cicco stated that he was told in writing in April, 1999 that his security deposit was \$5000.00 per house. From April, 1999 to April, 2000 he paid that security deposit. Then in April, 2000 his contract was up for renewal. Though he submitted some bank statements in April, 2000 he could not get documents on the value of his real estate. He did not have his land transfer tax assessment. He did send some documents on his RRSPs and bank

statements to the Program after April, 2000. He recalls sending a draft financial statement and then sending a finalized one after the Program's letter of May 23, 2000.

Mr. de Cicco agreed that he has not provided a tax bill or tax assessment or transfer of deed document for the real estate holdings of Rita and Carmelo de Cicco. Nor has he provided a tax bill or tax assessment or bank statements for Anna Maria Ielapi nor a tax bill or tax assessment document for himself.

Mr. de Cicco stated that he did not know how to deal with the Notice of Proposal. He did call the Program after July 6. As well, he spoke to Julia Cook of the Homebuilders Association. She told him to file his notice of appeal in fifteen days. He knew that when he spoke to Connie Versilo of the Program she just told him to get the appraisals in as soon as possible. He has spent five hundred dollars to get appraisals done of his property but has no documents yet.

Verbal Arguments:

By the Applicant:

Ms. Cook, agent for the Applicant, stated that Mr. de Cicco had filed his renewal on time. He did not have the finalized financial statement from his accountant at that time. She stated that Mr. de Cicco had every intention to provide the necessary information. He told the Program about his intentions and problem with documentation. He was surprised to receive the Notice of Proposal as letters had been passing between himself and the Program regarding the issues in question.

Ms. Cook stated that Mr. de Cicco had made every effort to get the necessary appraisals.

By the Program:

Counsel for the Program stated that the Manz case of the Licence Appeal Tribunal (LAT) released November 9, 2000 stood for the proposition that it is a matter of discretion for the Tribunal to extend the time. The Applicant needs to show reason why the Tribunal should exercise this discretion. The principles are: 1. Applicant has the intention to appeal; 2. It is excusable as to the reason why the notice of appeal was not served; 3. There is no overriding prejudice to the Respondent; and 4. There is a substantial point at issue and the Applicant has a reasonable chance of success.

Regarding the first point, counsel for the Program stated that the deadline for the appeal was either July 6 or 7, but the appeal letter was sent on July 24.

As to the second point, counsel for the Program stated the Applicant was two weeks late in appealing. He knew about the 15 day deadline and had read it in the Notice of Proposal. Even his agent, Ms. Cook, told him to do the appeal within the fifteen day deadline.

Regarding the third point, counsel for the Program stated that there is prejudice to the Program and to the building community and consumers. The Applicant has within that time frame started eleven more homes without any security being posted with the Program. The Program has no way of knowing if this builder is financially sound. The Applicant has failed to provide the information necessary for the Program to make that determination.

Counsel for the Program stated that the Applicant has no reasonable chance of success. He has failed to provide the required documentation within the last six months. He did not provide the information as stated in the letter of May 23, 2000. The Applicant stopped providing security for the newly enrolled homes although security deposit requirements remain in effect.

LEGISLATION:

Section 7 of the Ontario New Home Warranties Plan Act states:

7(1) An applicant is entitled to registration by the Registrar except where,

(a) having regard to the applicant's financial position, the applicant cannot reasonably be expected to be financially responsible in the conduct of the applicant's undertakings;

.....

.....

Section 8(2) of the Act states:

Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were an applicant, or where the registrant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts or is in breach of a term or condition of the registration.

Section 9(1) of the Act states:

Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal.

Section 20 of the *Ontario New Home Warranties Plan Act* states:

20. Any notice or document required by this Act to be served or given may be served or given personally or by registered mail addressed to the person to whom notice is to be given at the person's last known address and, where notice is served or given by mail, the service shall be deemed to have been made on the fifth day after the day of mailing unless the person to whom the notice is given establishes that the person, acting in good faith, through absence, accident, illness or other cause beyond the person's control, did not receive the notice, or did not receive the notice until a later date.

Licence Appeal Tribunal Act, 1999 states:

Section 7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 11 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

(a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and

(b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

Under the *Licence Appeal Tribunal Act, 1999*, the Tribunal has the authority to extend the time period required for an Applicant to submit their appeal on the Notice of Proposal filed by the Program. Previously, the Tribunal had this authority under the *Ministry of Consumer and Commercial Relations Act*.

The Tribunal must be satisfied that there are reasonable grounds provided by the Applicant in applying for an extension of time and for granting that extension of time. The principles used in applying this discretion is found in the CRAT case of Angela Bilodeau July 11, 1994.

At page 4 of that case the Tribunal states, "While no specific authorities were cited to me, both counsel agreed that the principles to be taken into account when considering such an application are those considered on a similar application in the Court of Record and are that the Applicant must show:

1. That she had an intention to appeal within the time limited.
2. That the reason the notice of appeal was not served on time is such that the Applicant should be excused for not doing so and allowed to do it later if she did as soon as the true situation was apprehended.
3. That there is not some overriding prejudice to the Respondent in the allowing of the application.
4. That there is a substantial point in issue and the Applicant has some reasonable chance of success."

The Tribunal in the Manz case also held at page 3, "This Tribunal notes that the fundamental principle in deciding whether to allow an extension is to see that justice is done".

The Tribunal finds that the Notice of Proposal was sent to the Applicant in accordance with the requirements under the Act. Now the Tribunal must consider whether this is a case for granting an extension of time to appeal and, if so, on what terms and conditions.

The Tribunal finds that the Applicant had the intention to appeal within the time limit. He received the Notice of Proposal on June 22, 2000. He immediately called a number of employees of the Program whom he had dealt with prior to this Proposal. Due to it being the end of June these employees did not return his calls and he suspects that many of them were on holidays. He had made arrangements to have a short holiday himself and he went away for several days. He contacted the Homebuilder's Association and was told to file his appeal. It was filed on July 24, 2000. This Applicant stated that he did not know what to do about this matter as he had been in negotiations with the Program and thought he could send certain documentation in a liberal time frame.

The Tribunal finds that the Applicant should be excused for not serving the notice of appeal on time. He called the representatives of the Program, but for various reasons he failed to speak to them during the relevant time frame. He did respond promptly once he was told by the Homebuilder's Association to do so.

The Tribunal is concerned that this builder has continued to enroll homes without paying the required security deposit with the Program. He has only been registered with the Program for two years. This brief period raises a concern that the Applicant may not be able to fulfill his obligations for warranty repair to the homes that he has constructed or is now constructing. However, this concern can be addressed by placing conditions on the Applicant if he wishes to have the opportunity to appeal the Notice of Proposal.

There is a substantial point in issue. It is obvious that there are communication disputes between this builder and the Program. The Applicant stated that he sent the Program certain documentation and was told to send in other documentation when he received it. He did not realize that the Program was considering a Notice of Proposal against him. The Tribunal finds that he has a reasonable chance on this appeal.

The Tribunal is concerned that this Applicant does not understand his obligations under the *Ontario New Home Warranties Plan Act*. Although the Applicant feels that the Program has been slow in releasing his prior security deposits, the Applicant fails to understand that the legislation is there to protect the home buying public. The Program has considerable responsibilities under the Act and the Program must act to protect the home buying public. The Applicant needs to seek expert advice on his responsibilities under the legislation and under his contract with the Program. The Tribunal is of the opinion that justice would not be served by denying the Applicant his right to a hearing. There is an arguable case to present at the hearing.

ORDER:

Accordingly, pursuant to the authority vested in it by the *Licence Appeal Tribunal Act, 1999*, the Tribunal orders that the application to extend the time for filing of the Appeal by the Applicant is granted upon the following conditions:

1. On or before January 29, 2001, the Applicant pays to the Program a security deposit on those homes that were enrolled after June 15, 2000 and for which no security deposit has yet been paid, provided that any existing security deposits held by the Program but now repayable to the Applicant can be used by the Applicant for the payment of security deposits on these particular homes, and

2. The Applicant will not enroll any new homes prior to the hearing and decision of the Tribunal unless he immediately pays a security deposit of \$5000.00 per home to the Program.

 EDWARD QUON and ASSIST FINANCING & LEASING
 INC.

DATES OF September 25, 26, 27, 2000 &
HEARING: December 14, 2000 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Commercial Registration Appeal Tribunal (which as of April 1, 2000 is known as the Licence Appeal Tribunal) from the decisions of the Ontario Motor Vehicle Dealers Compensation Fund ("the Fund") dated June 15, 1998, June 18, 1998 and June 24, 1998, wherein the Applicants' claims for

compensation was disallowed. As set out herein, the Tribunal found that there was no error in the denial of the claims. Accordingly, the Applicants are not entitled to succeed in the claims against the Fund for the reasons hereinafter set out.

WITNESSES FOR THE APPLICANTS

Evidence was given by Luigi Lauricella, Robert Defazio, Stephen Connolly, Detective Jerry Bargeman, Marvin Wayne Pickering, Audrey Johnman, Marco Faiazza, Filipe Sergio, Maria Volpe, Marco Rossi, Bruno Musa, Rosa Tropiano, Vince Tropiana, and Emilio Germana.

Luigi Lauricella testified that in February 1997 he was interested in purchasing a motor vehicle and heard about Ms. Patrice Kwiatkowski from a friend whose brother had purchased a vehicle from Patrice Kwiatkowski. He called Kwiatkowski who came to his house and explained that his friend had purchased the vehicle but could not get financing for it. She said that she knew someone at a bank, and was able to get repossessed vehicles. Later Ms. Kwiatkowski came to his home with a 1997 Acura for him to test drive. A few days later he signed a contract to purchase the vehicle and expected delivery on or about March 3, 1997. When the contract was written by Kwiatkowski, he saw at the top of the document the names "Assist Financing and Leasing Inc." and "Family Auto Wholesale" which both appeared to have been hand printed. There was no discussion of Assist Financing and Leasing Inc., and he assumed she was employed by them. The list price of the vehicle was shown as \$55,000.00 and the sale price was \$28,700.00. G.S.T. was to be charged but the contract stated that the transaction was Retail Sales Tax exempt. The sales commission of \$500.00 was to be paid. The total of \$31,209.00 was paid by a bank draft made payable to Patrice Kwiatkowski. Mr. Lauricella obtained the used car information package, and found that his friend's brother's name was shown as the prior owner with Assist Financing and Leasing Inc. as the present owner. Kwiatkowski explained to him that she needed the bank draft to be in her name so that she could obtain cash to buy the car for him. The car was not delivered, and she gave various excuses when he made inquiries. When he demanded his money back, he received two n.s.f cheques. Mr. Lauricella did not attempt to contact Assist Financing and Leasing Inc. He contacted the police when he did not receive the car or his money. In 1998, he attended at Provincial Court in Hamilton when Kwiatkowski pleaded guilty to fraud, and a restitution order was made. No money has been received as a result that order.

In cross-examination Mr. Lauricella testified that Kwiatkowski wrote two contracts, made a mistake on the first, and filled in the second. He did not notice any difference in the documents at the time. Although he believed the car to be a repossession, he did not find it unusual that it was being sold with the previous owner still being shown on the documentation. Although Kwiatkowski said that she worked for Assist Financing and Leasing Inc., she did not produce a

business card in that name. The correction to the company was from the hand written name on the contract and a Ms. Kwiatkowski's reference to the company. He had also heard the company's name from his friends who had dealt with Kwiatkowski. He had never spoken to Mr. Ed Quon and that name had never been mentioned. The witness agreed that if he went to a dealer to purchase a vehicle, he would expect to pay by cheque with the payee being the name of the dealer, and he did not know why this would be different except that his friends had received their vehicles. He did know that someone was losing money on this transaction, but he accepted Kwiatkowski's statements that the original purchaser had paid the rest. He had not noticed that parts of the contract were not filled in, and he did not question the fact that he got the personal receipt from Kwiatkowski rather than Assist Leasing and Financing Inc. When he received the two refund cheques, he did not notice that they were from Family Auto Sales rather than Family Auto Wholesale as on the contract, and did not question why they were not from Assist Leasing and Financing Inc. He was in court when Kwiatkowski was convicted, and he knew that the restitution order was made against Kwiatkowski, and not against either Edward Quon or Assist Leasing and Financing Inc.

Mr. Roberto Defazio testified that his father had purchased a car from a woman from "Assist Leasing". He spoke to that woman (Kwiatkowski) and she brought a car for him to test drive. When the writing of the contract was completed, he gave her a bank draft for \$24,589.00 payable to Family Auto Sales. She had explained to him that she was making a fleet purchase directly from Chrysler, and although he was skeptical, it sounded plausible to him. When he asked her about the company, she told him that it was her company, and that she could also obtain repossessed vehicles. Although he did not know the value of the vehicle, he knew that he was getting a very good deal. After the delivery date had passed, he contacted her, and found that she was in hospital. By June or July, he knew that something was wrong and called the police. Mr. Defazio had recorded the V.I.N. number from the vehicle he test drove, and traced it to a dealer's lot. He was advised that Kwiatkowski had bought vehicles from the dealer for full price, and she had taken the vehicle out to show it. During the transaction, the name Edward Quon was never mentioned, and he never met Mr. Quon. Any information that he received about Mr. Quon was subsequent to his dealings with Kwiatkowski had ended. In cross examination he agreed that on prior purchases of vehicles he had paid retail sales tax, and that this transaction "looked too good to be true" although he thought that she was still making money on the sale. She told him that she needed all of the money to buy the car for him as part of a fleet purchase. When he attempted to telephone her, he noticed that no company name was used when the phone was answered. Mr. Defazio knew of the restitution order in his favour, but had received nothing.

Stephen Connolly testified that in January 1997 he was interested in purchasing a new vehicle and knew two friends who had received cars from Kwiatkowski. When he met her, she explained to him that it was part of a fleet purchase and

she had to hold the vehicle for 15 days so that it could be sold as used, and thereby avoid Retail Sales Tax. He stated that Kwiatkowski wrote the contract and that the names on the top was Assist Financing and Leasing Inc. and Family Auto Wholesale. He gave her a bank draft for \$24,610.00 in the name of Family Auto Wholesale, and on the contract did see the R.I.N. number of Assist Financing and Leasing Inc. The witness had made a note of the V.I.N number of the vehicle, and traced it to a dealer who advised him that Kwiatkowski had purchased three or four vehicles from him for full value. Although he inquired to find if "Assist" was a registered dealer, he made no further inquiries. When he tried to get a vehicle or a refund from Kwiatkowski, she made numerous excuses and provided a refund cheque which was her personal cheque that was returned n.s.f. At no time during the transaction was there any contact with, or mention of Edward Quon. The witness knew that the address given for Kwiatkowski was a home address, but this did not concern him as he thought that brokers often operate from their homes. He confirmed that he received a business card from her, but the name Family Auto Sales rather than Assist Financing and Leasing Inc. appeared on the card. Mr. Connolly assumed that Family Auto was a division of Assist Financing and Leasing Inc. When he realized that there was a problem and the deal was too good to be true, he did the searches with the Ministry of Transportation. He stated that he also should have been suspicious when Kwiatkowski said that there was a Retail Sales Tax exemption. When Mr. Connolly telephoned her business phone number, he remembered that the call was not answered with a business name. He received a restitution order from the criminal court, but he did not received any money.

Detective Jerry Bargeman testified that he has been with the Hamilton Wentworth Regional Police for 20 years and was with the Metropolitan Toronto Police for five years. An initial police investigation led to a charge of theft against Kwiatkowski which ended in a guilty plea. She came to his attention again in April 1997 when she was selling cars fraudulently. At this time, Detective Bargeman spoke to a representative at O.M.V.I.C. who advised him that the dealer number being used by Kwiatkowski belonged to Assist Financing and Leasing Inc. When he went to the address provided, he met Mr. Pickering who was renting the space. Mr. Pickering told him that Mr. Quon warned Pickering not to deal with Kwiatkowski and that Quon complained that she was using his dealer's number. He spoke to Mr. Quon who told him that he had been contacted by an Acura dealership in Brantford who advised him that Kwiatkowski was using his dealer number as well as her own personal cheques. Mr. Quon told Detective Bargeman that he had telephoned the Ministry to report the problem. Mr. Quon also advised him that Kwiatkowski was living at 495 Highway 8, # 102, Stony Creek which was a condominium unit owned by Mr. Quon. When the officer spoke to Mr. Brouwer at the auto dealership, Acura on Brant, he was advised that the dealership had lost a lot of money dealing with Kwiatkowski and that she had used the dealer number for Assist Financing and Leasing Inc. and paid by personal cheques. The officer found that Kwiatkowski had obtained in total approximately \$500,000.00 through her frauds. At court, she agreed to a

statement of facts confirming that she was using the dealer's number without authorization. In December, 1998, Kwiatkowski entered pleas of guilty and was sentenced to a term of two years in custody. During the investigation of seized business records, the officer also found that Audrey Morris who had been employed by Mr. Quon had been defrauded of approximately \$18,000.00 by Kwiatkowski. The officer could not understand how Kwiatkowski could use Mr. Quon's dealer number without having a business relationship with him, however he could find no proof of any relationship. Attempts were made to trace the funds taken by Kwiatkowski but without success. In his dealings with Kwiatkowski, the officer found that she was very deceptive and, in his opinion, a pathological liar. She was very convincing, able to "size up" people to find their weak points, and in his opinion was one of the most convincing fraud artists he had dealt with in his career. He found that he could not trust anything she said.

Mr. Marvin Wayne Pickering testified that he has been in the Auto business since 1990 and in 1996 opened Just 4 U Auto Sales in space rented from Mr. Quon. When he opened his business, Brantford Auto Sales and Service was across the road and he believed this was owned by Mr. Quon. Mr. Pickering testified that he had never met Kwiatkowski, and stated that he knew that he had spoken to Mr. Quon shortly before speaking to the police, however he was unsure when he spoke the police. He did recall that the conversation with Mr. Quon involving a person using Mr. Quon's R.I.N. number. Mr. Pickering testified that the number is put on various documents, and is usually displayed in the dealer's office so that it is easy for anyone to see.

Audrey Johnman (formerly Audrey Morris) testified that she worked for Mr. Quon in his Hamilton office as an estate administrator. Kwiatkowski was already a client of Mr. Quon by the time the witness began to work there, and they became friends. Kwiatkowski was dealing with a lawyer in the building and would drop in for visits. Mr. Quon was only in the office one day per week, and she is unsure if Kwiatkowski had any dealings with him at all. The witness knew that Mr. Quon had started a car business, but did not discuss it with him. She also knew that Kwiatkowski was involved with cars, and thought that she was trying to earn money to supplement her income. In order to help her, the witness loaned her money when she claimed that she needed to buy beds so that she and her child did not have to sleep on the floor. Later, she loaned money to Kwiatkowski so that she could acquire a vehicle, and was unaware of the extent of her dealings with cars. Ms. Johnman did acquire a vehicle from Kwiatkowski as a partial settlement of her debt. Kwiatkowski was given access to Ms. Johnman's credit cards, and created a large debt. Ms. Johnman had no knowledge of any dealings between Kwiatkowski and Mr. Quon, and only heard that they had any involvement with each other in discussions with other people. In June, 1996, the witness went on maternity leave, cashed in her investments, and paid off the debts created by Kwiatkowski. She did know that Kwiatkowski had borrowed money for prescriptions from Mr. Quon without paying him back, and had fraudulently transferred the townhouse owned by Mr. Quon into her own name,

but did not know the particulars. In her opinion, Kwiatkowski is a pathological liar who claimed to be dying of cancer, and when she is caught in a lie, is always able to explain that it is someone else's fault. She believes Kwiatkowski is delusional, and may believe her own lies.

Marco Faiazza testified that he met Kwiatkowski through his family as she had sold cars to his brothers in early 1997. He contacted her and she brought a 1996 BMW for him. Later, she advised him the car was a repossession and said that if it was not delivered to him within 21 days she would refund his money and pay him 8% interest. After Kwiatkowski had received his money, she told him that Mr. Quon was her employer. The witness testified that she gave him a pen with the name Family Auto Sales on it. He then changed his testimony and said that it had the name Assist and Family Auto Sales, however he could not find the pen. He did recognize a card with Kwiatkowski's name and Family Auto Sales on it. The contract for the purchase of the vehicle was written by Kwiatkowski, and Mr. Faiazza was unsure if the dealer's name was filled in at the top. After 21 days the car was not delivered, and Mr. Faiazza contacted a lawyer. Mr. Faiazza stated that he telephoned Mr. Quon four times, and that Mr. Quon said to him "you are another one taken by that lady", then laughed at him. He was not sure if Mr. Quon told him to call the police. The witness lost \$26,589.00 but did receive a 1993 Jeep for \$14,000.00 on February 14, 1997. Mr. Faiazza agreed that he was saving money on the BMW but stated that he had bought a house under power of sale and was not surprised by the price of the vehicle. He confirmed that the bank drafts given to Kwiatkowski were made payable to her own name, and she had told him that the vehicle would be transferred into the name Family Auto Sales.

Filipe Sergio testified that he met Kwiatkowski in 1997 as Marco Faiazza had said that his brother purchased a car from her. Mr. Sergio told her that he wanted a small BMW and on February 13, 1997 he saw the car and on February 14, 1997 he gave her a bank draft payable to her name for \$27,285.00. The dealer name and dealer numbers at the top of the contract were photocopied onto the document, and the other information was written in by Kwiatkowski. When the car was not delivered, Mr. Sergio contacted the police. At the beginning of the transaction, Marco Faiazza had advised him to be careful and not to get involved. However, Mr. Sergio did proceed with the transaction as he knew the price was very good, and he intended to resell the vehicle for a profit. At the time of the transaction, he did not know about Mr. Quon, and only heard of him afterwards through other people who had been victimized by Kwiatkowski.

Maria Volpe testified that her husband was a co-owner of East End Auto Body which was registered as a motor vehicle dealer, and she had some familiarity with the process of selling used vehicles. She wished to purchase a vehicle and contacted Kwiatkowski as her sister had purchased a vehicle from her. Mrs. Volpe was offered three vehicles and chose a 1996 Intrepid due to the price. After a test drive, she agreed to purchase the car and signed a contract although

she could not recall if the dealer's name was at the top of the contract. The funds were made payable to Kwiatkowski personally as she explained that she would have to cash the cheque and give the money to Assist Leasing which is the company she deals with. She was told that the vehicle was a repossession and that provincial sales tax was not payable as Kwiatkowski had an exemption. The car was not delivered, and Kwiatkowski began to give her a series of excuses. When the deal was not completed, the witness demanded a refund or the vehicle, and was provided with cheques which were not honored by the bank. Mrs. Volpe confirmed that Assist Leasing did have a dealer's number but did not make any efforts to contact them, and she had never heard of Mr. Quon. She did not question the transaction despite some irregularities, since she knew people who had received vehicles from Kwiatkowski.

Mr. Marco Rossi testified that he met Kwiatkowski when his father purchased a car from her. He believed that she was the representative of a dealer and could get repossessed vehicles for resale at the cost of the outstanding debt. The witness signed a contract on January 12, 1997 to purchase a 1996 Pontiac motor vehicle for \$10,700.00. At the top of the contract the names of Assist Leasing and Family Auto were written, but the witness was unsure if it was preprinted or filled in by Kwiatkowski. She brought a motor vehicle for a test drive, and instructed him to give her a bank draft in her name. She told him that she worked for Assist Financing and Leasing Inc. but gave no further details, and he had never heard of Mr. Quon. For a period of time while he was waiting for his car, Mr. Rossi obtained a rental vehicle paid for by Kwiatkowski, and he remembered the contract showing her home to address on Barton Street. In July, Mr. Rossi's father was to receive his vehicle, but when he did not, he called the police. When Kwiatkowski pleaded guilty, the court made a restitution order in his favour, but he has not received any money. During this transaction, he and his father both had concerns as Kwiatkowski brought the cars to them and told them that there was no provincial sales tax.

Mr. Bruno Musa testified that he met Kwiatkowski through his God father's sister who purchased a car from her. She brought a car to him which was worth more than he intended to spend, but he agreed to buy it and signed a contract February 18, 1997 for \$10,165.00. He made payment by a bank draft payable to Kwiatkowski. When the car was not delivered, he began to call her, and she provided him with a rental car for three weeks. The rental contract was in the name of Family Auto Sales. When she was convicted by the court, a restitution order was made in his name, but he has not collected any money from her.

Rosa Tropiano and her husband heard about Kwiatkowski through friends and called her to inquire about a motor vehicle. Kwiatkowski brought a 1997 Intrepid to show them, and on March 13, 1997 a contract was signed for \$13,910.00. Kwiatkowski told them that she worked for Assist, and Family Auto, but gave no other information. No mention was made of Mr. Quon. A bank draft was given to Kwiatkowski payable to her. When the motor vehicle was not delivered,

Kwiatkowski began to make excuses and finally gave them a refund cheque which was not honoured. Mr. Tropiano had bought 11 used cars in the past and was concerned with some things such as the price, which seemed unusually low, but she and her husband trusted Kwiatkowski and found her very convincing.

Mr. Vince Tropiano testified, and confirmed the evidence of his wife Rosa Tropiano. He added the facts that he had called Kwiatkowski a few times, and was still paying for the loan. It was agreed by all parties that there was a restitution order in his name from the criminal court.

Mr. Emilio Germana testified that he met Kwiatkowski through friends, and had heard that she dealt in repossessed motor vehicles. His son was interested in a BMW, and Kwiatkowski brought a 1997 BMW for a test drive. The witness and his son knew that the price was extremely low. Mr. Germana signed a contract on March 27, 1997 in the amount of \$23,219.00. The bank draft was given to Kwiatkowski payable to her. She never delivered a car. Mr. Germana assumed that she was working for Assist Financing and Leasing Inc. based on the name at the top of the contract. He made inquiries, but he was not able to speak to anyone on the telephone. When he obtained the phone number for Assist Financing and Leasing Inc., he asked for Kwiatkowski and was told that there was no one there by that name. She had given him a cheque from another person payable to Assist, however it was not accepted by the bank. He never recovered any money. When he asked Kwiatkowski why the serial number of the motor vehicle was not on the contract, she told him that if it was put on she had problems with customers calling the original owner and spoiling the deal. He explained that the price caused him to make the deal and that his judgment was clouded despite the irregularities in the transaction compared with other vehicles he had purchased.

FACTS FOUND PROVEN:

The scheme used by Kwiatkowski was to represent herself to potential customers as the representative of Assist Financing and Leasing Inc. and Family Auto Sales or Family Auto Wholesale and to offer to sell vehicles well below the market value. In some transactions the vehicle would be delivered to lend credibility to her scheme and spread her name through the community. Customers were allowed to test drive a vehicle and were told that the price was very low because it was part of a fleet purchase or they were paying the outstanding balance of a debt on a repossessed vehicle plus a sales commission. As a further incentive, she explained that she had a provincial sales tax exemption. Kwiatkowski has been described by all witnesses as very convincing and, in particular, the investigating officer with experience in fraud cases said that she was about the best he had ever seen. She pleaded guilty to multiple charges in the criminal court and received a penitentiary sentence. At her sentencing hearing, the agreed statement of fact included the fact that she

had falsely held herself out as representing Assist Financing and Leasing Inc. Restitution orders against Kwiatkowski were made in favour of the various victims on the charges before the court, and there was no evidence that any of these were registered as Judgements. There were no charges against Mr. Quon or Assist Financing and Leasing Inc. as being parties to her offenses.

Kwiatkowski mentioned Assist Financing and Leasing Inc. to some of her customers, and wrote the name at the top of her sales contract together with Family Auto Sales or Family Auto Wholesale. She also used the dealer's number and retail sales tax number of Assist Financing and Leasing Inc., however there was no evidence of how she obtained these numbers. It was clear that these numbers are commonly openly displayed by motor vehicle dealers and are on contracts. There is no evidence that Kwiatkowski at any time gave the customer the telephone number for Assist Financing and Leasing Inc. or that anyone from that company assisted her in the completion of any transaction. Any statements made by Mr. Quon to any customer, motor vehicle dealer, his tenant Mr. Pickering or the police officer, denied any involvement with Kwiatkowski and warned people not to deal with her. There was no act or statement by Mr. Quon or anyone acting on behalf of Assist Financing and Leasing Inc. acknowledging that Kwiatkowski was acting as agent for the company. Mr. Quon appears to have been a victim of her fraudulent behavior, as he had rented her an investment property, and she transferred it into her own name by forging documents. Mr. Quon rectified this situation by bringing the appropriate court proceedings to reverse the transaction.

ISSUES:

Did the Fund err in finding that the Applicants were not entitled to compensation under Section 12(10)(c) of the Schedule to Regulation 810 the *Ontario Motor Vehicle Dealers Act* (the "Act").

Did Ms. Patrice Kwiatowski act as agent for Mr. Edward Quon, and Assist Financing and Leasing Inc. a participant in the Ontario Motor Vehicle Dealers Compensation Fund, and thereby entitle the Applicants to compensation.

APPLICABLE LAW:

Section 10 of the *Motor Vehicle Dealers Act* states:

"motor vehicle" means an automobile, truck or other vehicle propelled or driven otherwise than by muscular power, including a motorcycle, but not including a motorized snow vehicle or a farm tractor or other self-propelled machinery primarily intended for farming or construction purposes;

"motor vehicle dealer" means a person who carries on the business of buying or selling motor vehicles, whether for the person's own account, or the account of any other person, or who holds himself, herself or itself out as carrying on the business of buying or selling motor vehicles;

Section 24 of the *Motor Vehicle Dealers Act* states:

The Lieutenant Governor in Council may make regulations,

.....

(o) providing for the establishment, maintenance, and administration of the Motor Vehicle Dealers Compensation Fund including prescribing provisions relating to investing and paying out of money from the Fund;

.....

(q) providing for payment out of the Fund of claims and procedures to be followed in respect thereto;

.....

Regulation 801, of the *Motor Vehicle Dealers Act* - Schedule, Terms of Compensation Fund - Claims:

12(1) The Fund is established as of the 1st day of July, 1986, to stand in the place of a participant for the payment out of the Fund of claims of customers of the participant where the transactions occurred during the period when the participant was registered under the Act and where the participant has refused after demand or is unable to pay the claims.

(3) A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participant's refusal or failure to pay, even if the motor vehicle dealer with respect to whom the claim is being made ceased to be a participant after the refusal or failure to pay, and where the claim meets one of the following requirements:

1. The customer has recovered in any court in Ontario a judgement in respect of the claim and the judgement has become final by reason of the expiration of the time for appeal or of having been confirmed by the highest court to which an appeal may be taken and the customer makes an application, supported by the judgement, and statement of claim, for payment of the unsatisfied portion of the judgement and costs as assessed.

2. The participant has been convicted of an offence under the Criminal Code (Canada) involving fraud, theft or false pretences in connection with a transaction out of which the claim arose, and the claim is for a liquidated amount and the customer makes an application that is supported by evidence of the conviction and the correctness of the liquidated amount.

.....

(10) Despite subsections (1), (2), (3) and (6) and subsection 15(3) of this Schedule, there shall not be paid out of the Fund,

- (a) more than \$15,000.00 exclusive of costs, to each claimant in respect of each transaction in respect of a claim or claims against any one participant;

- (b) any amount of interest, including interest on a judgement or on costs;

- (c) where there is a judgement, any amount for costs in excess of actual disbursements and fees as assessed;

.....

APPLICATION OF LAW TO FACTS:

The Tribunal finds that Kwiatkowski did not have authorization from Assist Financing and Leasing Inc. to act as agent for that company, and that at no time did Mr. Quon or anyone on behalf of the company acknowledge that she had authority to act as agent for the company. Some persons who dealt with Kwiatkowski had assumed based on statements made by Kwiatkowski and her use of the company name on her contract that she worked for Assist Financing and Leasing Inc. Kwiatkowski met her customers away from the business premises of Assist Financing and Leasing Inc. and did not give the phone number of that company as a contact number to any of her customers. Any cheques given to Kwiatkowski were in her name personally, or in some variation of a business name used by her. When any of her customers contacted Mr. Quon, he made no acknowledgement that Kwiatkowski represented his business in any way.

The consistent and general opinion of the witnesses was that Kwiatkowski did not tell the truth, and she was described as a pathological liar. Even the veteran police officer who dealt with her admitted that despite his years of dealing with persons accused of frauds, she was probably the best he had seen. This Tribunal finds that Kwiatkowski did tell her customers that she was affiliated with Assist Financing and Leasing Inc., however there is no proof that these representations were anything more than additional lies told for the purpose of carrying out a series of fraudulent transactions. When the criminal charges were laid against Kwiatkowski, the police investigated the situation and did not find grounds to bring charges against Mr. Quon or Assist Financing and Leasing Inc. as being involved in any of the fraudulent transactions. When Kwiatkowski was faced with the allegations, a plea of guilt was entered on the basis of the alleged facts, and no mention was made of any involvement by Mr. Quon or Assist Financing and Leasing Inc. No Restitution Orders were made against Assist Financing and Leasing Inc. or Mr. Quon, and there are no judgements against them for any of the Applicants to rely upon.

The Act requires that a claim must be against a registered participant in the Fund, and in this case Kwiatkowski in her personal capacity or under the business names used by her was neither a participant in the Fund, nor an authorized representative of a participant in the Fund. The Fund has no liability for the acts of person fraudulently representing themselves as agent for a participant, and is not a general insurance program to compensate customers for the malfeasance of non participants. Therefore the Fund did not err in disallowing the claims.

DECISION:

Therefore, by virtue of the authority vested in it under the *Motor Vehicle Dealers Act* Regulation 801, section 15(3), the Tribunal directs the Trustee of the Ontario Motor Vehicle Dealers Compensation Fund to disallow each of the claims.

CROUGH

DANIEL P. CROUGH

IN THE MATTER of the Highway Traffic Act, R.S.O. 1990, c.H.8 as amended, Section 50.2;

AND IN THE MATTER of a motion by Daniel P. Crough seeking an extension of the time requirements for this Applicant to commence this appeal from an impoundment order of the Registrar under Section 55.1 of the Highway Traffic Act;

AND IN THE MATTER of

DANIEL P. CROUGH

APPLICANT

-and-

THE REGISTRAR OF MOTOR VEHICLES

RESPONDENT

TRIBUNAL: Stuart Cork, Presiding Member

APPEARANCES: Kim Beintema
Representative for the Registrar of Motor Vehicles

Daniel P. Crough, Applicant

DATE OF
MOTION:

January 4, 2001

By teleconference

ORDER

A motion was heard by teleconference on January 4, 2001, at Toronto, Ontario, to consider the Applicant's request for an extension of time to appeal the impoundment order of the Registrar affecting the Applicant's motor vehicle. The

motion is brought pursuant to Section 20(7) of Ontario Regulation 632/98 amending Regulation 574 of the Revised Regulations of Ontario, 1990 made under the *Highway Traffic Act*, R.S.O. 1990. c.H.8 amended ("HTA").

The Tribunal refused to grant the extension of time requested by the Applicant to commence an appeal for the reasons set out below.

SUBMISSIONS OF WRITTEN MATERIAL:

The Applicant submitted the following documents:

1. Copy of Impound Order dated November 11, 2000 relating to the impoundment of the motor vehicle for 45 days. (Exhibit # 1)
2. Original Notice of Appeal, including Applicant's position on Appeal, dated November 25, 2000 received by the Tribunal on December 8, 2000. (Exhibit # 2)

THE FACTS:

The Applicant is the owner of a motor vehicle impounded for a period of 45 days pursuant to the above-captioned legislation.

The motor vehicle was impounded on November 10, 2000 while being driven by Michelle Watson (Jewell), whose driver's licence was under suspension at the time of the impoundment. The vehicle was taken by Michelle Watson (Jewell) without the knowledge or consent the Applicant.

The Applicant testified that on the night of the impoundment, he was informed by police that his vehicle had been involved in a motor vehicle accident, and appeared to be damaged beyond repair, or a "write off". The following day the Applicant telephoned the police, and attempted to ascertain the whereabouts of his vehicle. The Applicant further testified that no one at the police station knew where his vehicle was and that the officer who informed him of the accident the night before, was on vacation.

The Applicant does not know when he received the Order to Impound.

The fifteen-day deadline for filing an appeal with the Tribunal was November 15, 2000.

The Applicant filed his Notice of Appeal with the Tribunal on December 8, 2000, twenty three days into the impoundment period, and twelve days past the appeal deadline date.

Notwithstanding the fact that Notice of Appeal form was received by the Applicant on the date of expiration of the fifteen-day appeal filing period, it took an additional ten days to file the appeal. The Applicant testified that he made his best effort to pursue the matter, and that due to personal difficulties, he did the best he could under the circumstances.

THE LAW:

Section 20(1) of Regulation 632/98 states:

20. (1) An appeal to the Tribunal under section 50.2 of the Act shall be commenced by filing a notice of appeal with the Tribunal within 15 days of the issuance of the order to impound, together with a fee of \$100 payable to the Minister of Finance.

Section 20(7) of Regulation 632/98 states:

20. (7) Despite subsection (1), the Tribunal may extend the time for commencing an appeal if the owner establishes that the owner, acting in good faith, was unable through accident, illness, or other cause beyond the owner's control to bring the appeal within the prescribed 15 days.

Section 7 of the *Licence Appeal Tribunal Act*, 1999 states:

7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 11 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

- (a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and
- (b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

Section 20(7) of Regulation 632/98, provides the Tribunal with the specific criteria that the Applicant must meet to satisfy the Tribunal that an extension of the time for commencing an appeal ought to be granted. Where the Registrar does not give his or her consent in writing for an appeal to be commenced after the expiry of the prescribed time. The Applicant must establish that he, acting in good faith, was unable through accident, illness or other cause beyond his control to bring the appeal within the prescribed 15 days. The Tribunal is precluded from considering other factors not arising from or directly related to these criteria.

The criteria listed in Section 20(7) which the Tribunal should consider in granting an extension are matters outside the Applicant's control. Whereas the unsupported testimony of the Applicant was that the initial fifteen day delay was caused by his inability to obtain any information from the police, the specific reasons for the further ten day delay in submitting his Notice of Appeal form to the Tribunal remained unclear. The Applicant failed to provide a satisfactory reason as to why this further delay in completing the appeal had occurred.

The Tribunal is not satisfied that the evidence before it shows that the Applicant was unable through a cause beyond the Applicant's control, to bring the appeal within the prescribed fifteen days.

The evidence presented does not establish that the Applicant's delay in appealing the order impounding the vehicle under Section 55.1 of the *Highway Traffic Act* was the result of accident, illness or other cause beyond the Applicant's control.

ORDER:

For the reasons set out above, the motion herein of the Applicant requesting an extension of time to appeal, pursuant to section 20(7) of Ontario Regulation 632/98 amending Regulation 574, R.R.O. 1990, is dismissed.

DOUGLAS AND MARIE FREEMAN

MOTION TO CONSIDER AN APPLICATION FOR
EXTENSION OF TIME

TRIBUNAL: WILLIAM McINTOSH, Vice-Chair, Presiding

APPEARANCES:

PAUL OSIER, Counsel, representing the Applicants
NETANUS RUTHERFORD, Counsel, representing the
Ontario New Home Warranty Program

DATE OF
HEARING: December 8, 2000 By *Teleconference*

REASON FOR RULING AND ORDER

BACKGROUND:

This is an application to the Licence Appeal Tribunal pursuant to section 7 of the *Licence Appeal Tribunal Act*, 1999 to extend the time for the Applicants to file an appeal from a decision of the Ontario New Home Warranty Program ("the Program") under section 16(2) of the *Ontario New Home Warranties Plan Act*, R.S.O. 1990, Chapter 0.31.

FACTS:

On consent of the parties, the Motion proceeded by teleconference. The Tribunal received Affidavit evidence on behalf of the Applicants from Allison McAlpine and on behalf of the Program from Filomena Cece, Gregory Bruce Hedley, and James Barnes. The Tribunal makes the following findings:

Counsel for the Applicants was retained in August of 1998 to assist in receiving redress for construction deficiencies in their home. Counsel submits, based upon the Affidavit of Ms McAlpine, that from this point on he had numerous correspondences with both counsel for the homebuilder and the Program. The Affidavit filed by Mr. Hedley solicitor for the builder, states that the first correspondence with counsel for the Applicant was in May of 1999. This was followed, the Affidavit continues, by correspondence throughout 1999 attempting settlement but none was reached.

In February 2000, counsel for the builder received a fax indicating that the Applicants had opted to sue but that settlement remained the preferred option. The outstanding item was the Applicant's claim that the septic system was over saturating, thereby rendering it useless for periods of time. This was followed May 12, 2000 by a letter addressed to both counsel for the builder and the Program proposing another form of settlement and requesting a reply by May 26, 2000.

There was no response to this letter, as, according to the Hedley Affidavit, it had been made clear to the Applicants that settlement on the proposed terms had been previously turned down.

The response of the Program to the May 12 letter was to issue a Decision Letter dated June 7, 2000. According to the Affidavit of Ms. Cece filed in support of the Program, the Decision letter was duly served upon the solicitors for both the Applicants and the builder. Mr. Hedley, solicitor for the builder states in his Affidavit that after receiving the Decision Letter, there were no communications between himself and solicitors for the Applicants.

LAW:

The Act and Regulations set out the procedures to be followed by the Parties in order to effect a claim. The relevant sections for present purposes are:

Section 14(1)(c) of the Act:

14.(1) Where,

.....
.....

(c) the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, and the claim is made within four years after the warranty expires or such longer time under such conditions as are prescribed, the person or owner is entitled to be paid out of the guarantee fund the amount of such damages subject to such limits as are fixed by the regulations.

.....

Section 4 of Regulation 892:

4.(1) Each person with a claim under the Plan shall give written notice of the claim to the Corporation.

(2) Forthwith upon receipt by the Corporation of such notice, the Corporation shall furnish the claimant with such forms as it or the insurers may reasonably require for the purposes of establishing and verifying the claimant's loss.

(3) If the Corporation fails to furnish such forms, the claimant is entitled to make the claim by giving written notice to the Corporation setting forth in reasonable detail information relating to the claim.

(4) Promptly after receipt by the Corporation of all information reasonably required to be furnished to it in respect of the claim and after determination of any disputes between the claimant and the vendors as to the liability of the vendor, the Corporation shall serve notice of its decision under section 14 of the Act.

Section 16 of the Act:

16.(1) Where the Corporation makes a decision under section 14, it shall serve notice of the decision, together with written reasons therefor, on the person or owner affected.

(2) A notice under subsection (1) shall state that the person or owner served is entitled to a hearing by the Tribunal if the person or owner mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Corporation and the Tribunal.

There is no material before the Tribunal nor is it contested by the Applicants either in submission or by Affidavit that the requirements of these sections of the governing legislation were not complied with by the Program.

The sole issue before the Tribunal therefore is whether it should exercise the discretion granted under Section 7 of the *Licence Appeal Tribunal Act* 1999. The section reads:

7. Despite any limitations of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or from a decision or order of the Tribunal under section 11 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting, it may,

(a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and

(b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

In determining the circumstances under which the Tribunal will exercise its discretion and allow an extension of time under this section the court employs four criteria. These were laid down in the case of in *Re Bilodeau and Ontario New Home Warranty Program* (1994), 26 CRAT 930 and have been subsequently adopted by this Tribunal. They are:

- 1) That there was an intention to appeal within the time limited;
- 2) That the reason the notice of appeal was not served on time is such that the Applicants should be excused for not doing so and allowed to do it later if they did so as soon as the true situation was apprehended;
- 3) That there is not some overriding prejudice to the Respondent in allowing the application;
- 4) That there is a substantial point in issue and the Applicant has some reasonable chance of success.

The Program's Decision letter is dated June 7, 2000 and was served on the Applicant's counsel on June 8, 2000. The Applicant's Notice of Appeal is dated September 19, 2000 and was date stamped as received at the Tribunal September 21, 2000. The time allowed by section 16(2) of the Act for the filing of an appeal from the decision of the Program is 15 days. The filing of the Notice of Appeal is therefore three months after the prescribed time.

In the Decision Letter it states that it is being served pursuant to section 16, the section that contains the limitation period. As well, the letter under the heading, "Right of Appeal" states in bold print that should the owner wish to appeal the decision of the Program that he can do so **"within 15 days"** of service of the letter.

The Tribunal finds that the Applicant was aware of the 15 day appeal period and decided against the appeal.

The Tribunal finds no evidence evincing an intention on the part of the Applicant to pursue an appeal within the 15 day appeal period. Subsequent to the service of the Decision Letter there was no record of any communication between the parties that could be construed as leading to some misapprehension on the part of the Applicant's solicitor as to his client's rights under the Act or the position of the parties relative to the claim such that a reasonable person could conclude that the limitation period was being waived either explicitly or constructively. There was no evidence submitted showing anything beyond the control of the Applicants or their counsel, such as a prolonged illness, which would excuse a party to a proceeding from compliance with the governing statutory procedures. Section 7 of the *Licence Appeal Tribunal Act*, 1999 requires that there are

reasonable grounds for applying for an extension. Here, the Applicant decided against appealing. The 15 day appeal period expired. The Applicant subsequently decided to appeal. The evidence does not establish any reasonable grounds for an extension, and to allow an extension from 15 days to 3 months would render the intention of section 16 of the *Ontario New Home Warranties Plan Act* virtually meaningless.

The Applicant having failed to establish any intention to appeal within the prescribed 15 day period, it is unnecessary to consider whether an extension is prejudicial to the Program or whether a hearing would involve a substantial point in issue. On the evidence presented, the Tribunal finds that it would be inappropriate to exercise its discretion and extend the time for the Applicant to file a notice to appeal the decision of the Program.

ORDER:

Accordingly, pursuant to the authority vested in it by the *Licence Appeal Tribunal Act*, the Tribunal orders that the application to extend the time for filing of an appeal in this matter be dismissed.

LURKAN HOMES INC.

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: DAVID J. HUNT, Vice-Chair, presiding

APPEARANCES:

RICHARD LUTZER, as agent for the Applicant
NETANUS RUTHERFORD, Counsel, representing the
Ontario New Home Warranty Program

DATE OF
HEARING:

December 20, 2000

By Teleconference

REASONS FOR RULING AND ORDER

This is an application to the Licence Appeal Tribunal to extend the time for the Applicant, Lurkan Homes Inc. to file an appeal from a decision of the Ontario New Home Warranty Program ("the Program") pursuant to section 7 of the *Licence Appeal Tribunal Act* ("the Act").

The hearing of this motion proceeded on consent as an electronic hearing. The Tribunal received material and heard evidence from Richard Lutzer the president of the Applicant corporation setting out the reasons for requesting an extension. The Program filed an affidavit on the motion setting out the date of delivery of documents on the Applicant, and the expiry date of the appeal period. There was also some brief information about the Applicant's filing history produced by Connie Carriero the Underwriting Co-ordinator at the Ontario New Home Warranty Program. Mr. Lutzer was given the opportunity to question Ms Carriero but declined the opportunity to do so. The Program opposed the application to extend time, referring to the Applicant's evidence and the Notice of Proposal.

The Tribunal makes the following findings of fact:

Mr. Lutzer received the Notice of Proposal and based on the written warning was aware that he had 15 days to file an appeal. He did intend to file an appeal, but postponed doing so because he was preparing to move his residence. The document was set aside as he thought he would have time to deal with it, and wanted to take care of other matters first. When he did get to it, he was out of time and filed the Appeal on October 11, 2000 with the Tribunal. The appeal was to be filed on October 6, 2000, and was therefore 5 days late.

Under Section 7 of the *Licence Appeal Tribunal Act*, 1999, an Applicant may request an extension of time for giving notice requiring a hearing. This section reads:

7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 11 or under any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,
 - (a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and
 - (b) give the directions it considers proper as a result of extending the time.

In determining whether there are reasonable grounds for applying for the extension and for the granting of the relief, the Tribunal takes into account the four factors set out in the decision of the Commercial Registration Appeal Tribunal in Re Bilodeau and ONHWP (1994), 26 CRAT 930:

1. That there was an intention to appeal within the time limited;
2. That the reason the notice of appeal was not served on time is such that the Applicants should be excused for not doing so and allowed to do it later if they did so as soon as the true situation was apprehended;
3. That there is not some overriding prejudice to the Respondent in allowing the application;
4. That there is a substantial point in issue and the Applicant has some reasonable chance of success.

This Tribunal notes that the fundamental principle in deciding whether to allow an extension is to see that justice is done.

The Tribunal has found that Mr. Lutzer did have the intention to appeal within the time limit but he was pre-occupied by moving his residence. He was aware of the time limit but was not diligent in pursuing it as he decided to deal with other matters in priority to the appeal. Once he filed his appeal, he was beyond the limit but only by a few days. On his own evidence and submissions he was aware of the requirement to file the notice within 15 days. The Tribunal finds that he was careless, but did have the intent to appeal and did file the appeal once he realized he was out of time.

The Tribunal is unable to find any substantial prejudice to the Respondent if the matter were to proceed.

The next issue is whether the Applicant would have a reasonable chance of success on the appeal if the motion is allowed. The grounds raised in the Notice of Appeal do not deny that the Applicant has failed to provide up to date personal net worth statements substantiating the listed assets, or that he has failed to provide a complete 1999 year end financial statement for the company. He raised the following 6 arguments in the Notice of Appeal:

1. He is a small builder and providing the documentation puts a financial burden on him.
2. The Registrar did not clarify the financial criteria for small builders.
3. The Registrar did not consider that there had never been a complaint about the registrant.
4. The Registrar did not consider that the registrant submitted financial data and did not receive assurances of confidentiality.
5. The Registrar failed to consider that the registrant paid a deposit of \$5,000.00 on each home built.
6. The Registrar failed to take into account that the registrant had been registered for 6 years with the Program and complied with the requirements.

Section 7 of the *Ontario New Home Warranties Plan Act* provides that a corporate registrant is entitled to registration unless it fails to meet any of three requirements. These are financial responsibility, the requirement of technical competence, and that the business will be conducted with honesty, integrity and in accordance with the law. The only issue in this Notice of Proposal is the issue of financial responsibility, and there are no issues of technical competence or honesty.

Under Regulation 894 and section 6 the registrant is required to provide the Program with such information relating to the registrant's financial affairs and position as the Registrar may reasonably request, and this requirement is also set out in the Vendor Builder Agreement signed upon the initial registration. The Program has established a system of requiring personal guarantees, deposits, and current financial information to ensure that the test of financial responsibility is met. The grounds of appeal set out in the Applicant's appeal do not deny that the findings by the Registrar in the Notice of Proposal are correct. Instead, they address the issue of whether other matters should be considered instead. In this

case the Registrar is within its jurisdiction under the Act and the Regulations to require the documents and financial information.

The Applicant does assert in point 4 of the Appeal that he has provided financial information, and there could be a triable issue of whether there has been sufficient compliance or there has been a misunderstanding. For justice to be done and to be seen to be done, the Applicant should have the opportunity to have a hearing.

The Tribunal has the jurisdiction under section 9(4) of the Act to direct the Registrar to carry out the Proposal, refrain from carrying out the Proposal or substitute its opinion for that of the Registrar after the hearing has been held. In this case, the Applicant does not have a history of dishonesty, technical incompetence or apparent problems of financial viability. If, after considering the evidence and the submissions, the Tribunal found that the Applicant was able to file the required information within a reasonable time, it would be open to the Tribunal to consider a conditional registration with appropriate terms and conditions to ensure compliance with the filing requirements. The Tribunal finds that there is a substantial point in issue respecting which the Applicant has some reasonable chance of success.

Under these circumstances, it is appropriate for the Tribunal to exercise its discretion and order that the time for filing the appeal be extended to October 11, 2000 when the Applicant filed the request for a hearing.

ORDER:

Accordingly, pursuant to the authority vested in it by the *Licence Appeal Tribunal Act, 1999*, the Tribunal orders that the application to extend the time for filing of the appeal by the Applicant be granted.

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

By the Applicant:

- a) Exhibit # 1 Notice of Appeal – received December 5, 2000.

- b) Exhibit # 3 Additional submissions –2 pages – received January 8, 2000.

By the Respondent:

- a) Exhibit # 2 Ministry of Transportation submissions – tabs 1 – 10
- received December 27, 2000

PRELIMINARY MATTERS:

The Representative of the Ministry provided the Tribunal with certified copies of Ministry of Transportation documents on file. Also as a courtesy to the Tribunal, the Respondent proffered a file summary with respect to this matter as well as the Carswell “2000 - 2001 Annotated Ontario Highway Traffic Act”; Canadian Medical Association - Determining Medical Fitness to Drive”.

The Applicant submitted a letter from C.M. Industries, and a letter from Applicant's wife. Both letters were entered, on consent, as Exhibit # 3.

FACTS:

The Applicant is appealing the suspension of his driving privileges effective ‘87 12 01” as per Notice of Appeal filed as Exhibit # 1.

The effective date of suspension according to the Ministry is September 26, 1999. (Exhibit 2 Tab 8)

In his letter to the Tribunal the Applicant explains that he is “...*self employed ...required to pay a driver to travel back and forth to work ...responded to the Ministry’s ...requests for medical confirmation ...overcome ...problem with alcohol ...several years prior to ...marriage ...not feasible ...financially to attend or time to attend ...courses ...Ministry requesting.*” Exhibit # 1

In a Medical Report dated 99 04 27 prepared by Physician # 1, the Applicant’s family physician for “2 Yrs”, checks “Yes” for “Addictions (Alcohol, Sedatives, Tranquilizers, Narcotics etc.)” (Exhibit # 2 Tab 1)

A MINISTRY OF TRANSPORTATION ASSESSMENT FORM- dated ‘99 07 05”, completed by Physician # 1, indicates as follows:

“NO” is checked under “Personal Health History” for “Addictions

According to the “PHYSICAL ASSESSMENT AND LABORATORY EVALUATION” “*Blood Pressure - NORMAL 125/70; LIVER; NEUROLOGICAL;*

GGT (6) MCV (90.3)" also checked under the category "NORMAL" (Exhibit # 2 Tab 3A).

Under "Recommended goal for alcohol consumption - Abstinence" is circled" (Exhibit # 2 Tab 3A).

The Applicant's physician comments "No Etyl for 4 months" (Exhibit # 2 Tab 3A).

A MEDICAL ADVISORY COMMITTEE CASE STUDY dated August 12, 1999, upheld the suspension. (Exhibit # 2 Tab 4)

On August 26, 1999 a MEDICAL ADVISORY COMMITTEE CASE STUDY upheld the suspension. (Exhibit # 2 Tab 4)

An ADMINISTRATIVE REVIEW - MEDICAL SUSPENSIONS dated 'November 3, 2000 " completed by K. M. Biel, details the Applicant's history as explained by the Applicant: "...1986 has industrial accident ...emotional trauma ...begin drinking ...did not like pain killers ...began drinking more than usual ...wrong ...abstinent 1991-1997...occasional social drink ...no bingeing, not getting drunk (last time drunk 1987) ...no more than two beers in any occasion. Alcohol problem in late "80's" no problem now ...did not need licence in past ...too much at stake now ...matured ...realizes mistakes..." (Exhibit # 2 Tab 8)

Exhibit # 2 Tab 10, is a Ministry of Transportation driving Record for the Applicant since 1980, showing two alcohol related offenses - 1983 - 1987 and a Fail or Refuse to Provide conviction in 1988.

Under the letterhead of C.M. Industries Ltd., C. McLennan informs the Applicant by letter dated December 29, 2000 that "...due to restructuring of ...company, each contractor will be required to be licenced ...it will not be feasible to award contracts ...unless you are qualified to drive..." (Exhibit # 3)

In a letter address "To whom it may concern", dated January 3, 2001, Applicant's wife writes that she "...hopes ...licence reinstated ...Applicant has had to cancel ...visits with ...son ...weekend visits have become harder to maintain..." (Exhibit # 3)

At the hearing the Respondent, relied on the information contained in the documents presented for the hearing, entered as Exhibit # 2, tabs 1 through 10.

The Respondent advised the Ministry that the first time the Applicant was requested to provide medical information regarding his condition was in 1991. It was not until 1999 that the Ministry received the information requested.

The Applicant stated that he did not pursue the return of his driver's licence earlier, as he did not have the financial means to do so.

The Applicant confirmed that by society's standards he would have been considered an alcoholic at the time, but not now. The Applicant testified that he remained sober from 1991-1997. Did drink socially, the last time he had a drink was New Year's Eve. No longer feels the urge to drink.

In reply to the Tribunal's questioning, the Applicant indicated that if he found himself in a situation where he had drank too much, he would find an alternate way home, rather than drive.

As for relapse treatment programs, the Applicant confirmed that he did attend AA in the past, but no longer attends due to time constraints. He has also looked into other relapse programs but the \$600.00 cost is prohibitive.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

(2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) unquestionably empowers the Registrar to “...suspend or cancel” a driver’s licence for “any ... sufficient reason...”. The Applicant came to the attention of the Ministry as a result of drinking and driving convictions. (Exhibit # 2 Tab 2)

The Tribunal finds that the Ministry acted properly and in accordance with the Regulation, at the time of the suspension.

The Respondent refers the Applicant’s previous convictions in order to support the contention that the Applicant’s licence not be reinstated. The Tribunal notes that the last conviction, arising out of an offense committed in 1987, occurred in 1988.

The guidelines introduced by the Ministry, as grounds to sustain the suspension are only policy/guidelines, not legislation.

Section 14(b) of Regulation 340/94 under the HTA, also invoked by the Respondent as being applicable, states:

“An applicant for or a holder of a driver’s licence must not,

b)be addicted to the use of alcohol or drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely."

There is no current medical information that confirms that Applicant is addicted to alcohol. This statement is corroborated by the Applicant's physician on '99 07 05". Physician # 1 checked "NO" is under "Personal Health History" for "Addictions, in the MINISTRY OF TRANSPORTATION ASSESSMENT FORM. (Exhibit # 2 Tab 3A)

Further, Physician # 1 confirms, according to the MINISTRY OF TRANSPORTATION ASSESSMENT FORM, that the Applicant's GGT level (6) and MCV level (90.3) are "NORMAL", and that the Applicant had had " No Etyl for 4 months" (Exhibit # 2 Tab 3A)

This Tribunal is thus unable to find that the Applicant is still addicted to alcohol.

Based on the evidence before the Tribunal, and on a balance of probabilities, the Tribunal finds that the Respondent has not proven that the Applicant is currently suffering from an alcohol addiction which is likely to significantly interfere with his ability to drive a motor vehicle as described by Regulation 340/94 section 14 (b) of the HTA.

DECISION:

Upon the application by the Applicant to appeal the decision dated September 26, 1999 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar **be set aside**.

**Appeal under Section 50(1) of the *Highway Traffic Act*,
R.S.O. 1990, Chap. H.8 as amended, from a Decision
of the Registrar of Motor Vehicles pursuant to Section
47(1) of that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: JOHN A. CARMICHAEL, M.D.,
Presiding Member

APPEARANCES:

KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles
Applicant,
by written submissions only

DATE OF
HEARING: January 26, 2001 Kingston

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- #1) Ministry of Transportation and Communications Medical Condition Report.
- #2) CT Head.
- #3) Chest Xray.
- #4) Bilateral Carotid Ultrasound.
- #5) EKG.
- #6) Ministry of Transportation letter - May, 2000.
- #7) Ministry of Transportation Medical Report - June 15, 2000.
- #8) Medical Review Section letter - July 20, 2000.
- #9) Notice of Appeal - December 11, 2000.

FACTS:

On March 22, 2000, The Ministry of Transport and Communications received a Medical Condition Report from the Applicant's family physician stating that the Applicant was "having episodes of dizziness/weakness and almost blanking out", and that this condition was being investigated. (Exhibit # 1)

Investigations carried out over the next two months included C.T. of the head (Exhibit #2), Chest X ray (Exhibit #3), Bilateral Carotid Ultra Sound (Exhibit #4), and EKG. (Exhibit #5)

On May 4, 2000, the Applicant's Driver's Licence was suspended under Section 47(1) of the *Highway Traffic Act*. (Exhibit #6)

On June 6, 2000, the Ministry received a further report from the family physician 1) confirming that the above test were all negative and 2) that the Applicant was addictive to alcohol (12 drinks/day) and "will be seeking Rx. through addiction program". (Exhibit #7)

On July 20, 2000, the Applicant was asked for an "up to date detailed assessment from a physician who specializes in addiction medicine" in order to consider reinstatement of his Licence. (Exhibit #8)

On December 11, 2000, the Applicant gave notice of appeal of his driver's Licence suspension on the basis that all his medical reports were negative, he has never had a conviction, he is in an addiction program and that "it is unjust to assume that I will have an accident". (Exhibit #9)

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) a CVOR certificate,
- on the grounds of,
- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
 - (f) conviction of the holder for an offence referred to in subsection 210(1) or (2);
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

(2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

The Applicant presents two problems, both specifically addressed under the *Highway Traffic Act*. The episodes of dizziness and weakness under Reg. 340/94 Section (a) and the alcohol addiction under Reg. 340/94 Section (b).

The negative medical investigation suggests that the episodes of dizziness and weakness may remain idiopathic and the only evidence of cure will be a history of freedom from such episodes for an appreciable period of time. The Tribunal has received no such evidence.

The Applicant's alcohol addiction as described by the family physician must be considered significant, (and may well be the underlying cause of the dizziness and weakness episodes). The Tribunal notes in statements made by the Applicant and his physician that the Applicant is in an addiction program. The Tribunal has no evidence of the success of this program or the current status of the Applicant's alcohol addiction.

The Registrar has concluded on the basis of the Applicant's medical condition that there is sufficient reason to suspend the Applicant's licence. On the evidence, the Tribunal supports the decision of the Registrar of Motor Vehicles.

DECISION:

Upon the application by the Applicant to appeal the decision dated of May 4, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

John A. Carmichael, M.D.,

RELEASED: January 31, 2001

355-ALC

MED - 0355

Appeal under Section 50(1) of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: Ross C. Bennett, M.D., Presiding Member

APPEARANCES: Kim Beintema,
Representative for the Registrar of Motor Vehicles

Applicant,
Counsel for Applicant

DATE OF
HEARING: January 23, 2001
London

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit # 1 Notice of Suspension dated June 21, 2000, issued by the Registrar of Motor Vehicles.

Exhibit # 2 Notice of Appeal Form received at the Tribunal November 24, 2000. Filed by the Applicant.

Exhibit # 3 Tabulated documents (1-8) received from the Registrar of Motor Vehicles, dated May 29, 2000.

FACTS:

The Applicant, a 45 year old travelling salesman had his drivers licence suspended July 1, 2000 after the Ministry received an unsolicited letter from Physician # 1, a neurologist, at the London Health Science Centre, dated May 29, 2000.

Physician # 1 reported that the Applicant had lost consciousness on three occasions in the past three years. The first occurred when he fell off his bicycle and struck his head. Repairs to his jaw and nose were required and a subsequent CT scan of his head was normal.

The second occurred a year later, while vacationing in Costa Rica. He bent over to pick up something and lost consciousness for a few minutes. He was disoriented briefly and slightly drowsy, but apparently did not have a seizure. During his evidence, he explained he had been touring the "Rain Forests" and hiking around the Arenal Volcano. He was in a "hot spring" when he felt unwell and climbed out. When he bent over he collapsed. He stated it was a totally different type of episode from the others. He had not been drinking that day, but the day before he had about eight ounces of alcohol.

The third was on "Mother's Day", May 14, 2000. He was at his mother's house when he collapsed. He was orientated when he awoke and had neither been incontinent nor bitten his tongue. He was taken to a hospital for a physical examination, which was negative. The previous day he had had three to four beers, but no alcohol that day.

Physician # 1 diagnosed the seizure due to alcohol withdrawal. The Applicant was advised to stop drinking and seek counselling through his family physician.

Subsequent test results for a neurological examination, EEG, CT scan, ECG were all reported normal.

The Applicant testified that he had changed his whole life style. His last drink was June 26, 2000. He changed his eating habits with the help of a nutritionist, works out regularly at a Health Club and had surgery to correct a problem causing sleep apnea. He went to A.A. for a short period, but did not feel it helped. He is presently attending the "Thames Valley" Addiction Services (ADSTV) and has an appointment for a full assessment on February 7, 2001.

His only medication is Vasotec for high blood pressure.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) a CVOR certificate,
- on the grounds of,
- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
 - (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under

section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) empowers the Registrar to "suspend or cancel" a driver's licence for "any sufficient reason". The Registrar suspended the Applicant's driver's licence after receiving an unsolicited letter dated "May 28, 2000" from Physician # 1, advising that the Applicant has lost consciousness on three occasions in the past three years. Physician # 1's diagnosis of the seizure like episodes was alcohol withdrawal.

The Tribunal finds that the Ministry acted properly and in accordance with the Regulation, in suspending the Applicant's driver's licence.

The Applicant, however, argues that there is insufficient medical evidence to justify continuing the suspension and he has submitted evidence to the Ministry to answer all of the Ministry's concerns. He further stated in evidence that the episode in Costa Rica was simply a fainting spell from being exposed to hot steam and humidity in the Rain Forests. He stated that particular episode was completely different than the other two.

Prior to the Applicant's examination and interview with Physician # 1 he had no idea that alcohol and alcohol withdrawal was causing these episodes. He has been a travelling salesman for twenty two years and a driver's licence is essential if he wants to work.

The Tribunal believes the Applicant has demonstrated a clear awareness of his alcohol problem and has taken steps to change his previous life style. He has remained abstinent for over seven months, is exercising at a fitness centre regularly, working with a nutritionist to improve his diet and joined an "Addiction Centre" for counselling.

DECISION:

Upon the application by Physician # 1 (the "Applicant") to appeal the decision dated June 21, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be set aside.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett, M.D., Presiding Member

RELEASED: January 31, 2001

MED-0362

Appeal under Section 50(1) of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: Ross C. Bennett M.D., Presiding Member

APPEARANCES: Kim Beintema
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: December 28, 2000 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- Exhibit #1** Notice of Suspension dated August 24, 2000 issued by the Registrar of Motor Vehicles.
- Exhibit # 2** Notice of Appeal Form received at the Tribunal November 16, 2000, filed by the Applicant.
- Exhibit #3** Tabulated documents received from the Registrar of Motor Vehicles, dated November 21, 2000.

FACTS:

The Applicant, a 24 year old nursery school teacher, had her driver's licence suspended, after the Ministry received three unsolicited letters from Physician # 1 detailing the Applicant's history of two seizures. The first one occurred in November, 1997, while sleeping and partially witnessed by her mother. The description given was a grand mal seizure. There was a history of déjà vu on several occasions during the previous few months, usually associated with her periods.

A CT scan and several blood tests were all reported normal. An EEG and sleep-deprived EEG were both normal and there were no further episodes of neurological dysfunction, so a diagnosis was not made.

The second seizure occurred in April, 2000. This was reported to the Ministry by Physician # 1's letter dated May 24, 2000. It stated that the seizure occurred while the Applicant was sitting in a bar, next to her boyfriend. It was not as severe although she lost consciousness, but was neither incontinent nor did she bite her tongue. Physician #1 stated "she could now be fitted in the diagnosis of epilepsy". This diagnosis was made before receiving the results of another EEG and a sleep deprived EEG. Her CT scan was again reported as normal.

Physician #1 discussed the taking of an antiepileptic drug, but she said she was being married soon and wanted to get pregnant right away, so he left it up to her.

On receipt of Physician # 1's third letter, dated May 24, 2000 the Ministry suspended her drivers licence on September 3, 2000.

The Applicant gave evidence that she was told all of her tests were normal and she did not have epilepsy. She had asked Physician # 1 to send the Ministry the results of her latest tests, but the Ministry has never received them.

The Applicant has been seizure-free since April 2000, has no déjà vu and is not taking any medication. She stated that she only drives to work and never drives on any highways.

ISSUE:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

THE LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) a CVOR certificate,
- on the grounds of,
- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
 - (g) conviction of the holder for an offence referred to in subsection 210(1) or (2);
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) empowers the Registrar of Motor Vehicles to "-----suspend or cancel" a driver's licence for "any---sufficient reason---". The Registrar originally suspended the Applicant's licence after receiving unsolicited letters, dated November 21, 1997, January 27, 1998 and May 24, 2000 from a neurologist, Physician # 1. These letters outlined the Applicant's history of two seizures, three years apart and the results of tests ordered prior to the last seizure, in April, 2000. The tests were an EEG, a sleep deprived EEG, a CT scan of the Applicant's brain and several blood tests. They were all reported normal.

Subsequent to the seizure in April, the Applicant had another EEG and a sleep deprived EEG, but the results have not been made available to the Ministry.

Based on the Applicant's history of two seizures, Physician # 1 made a diagnosis of epilepsy in his letter of May 24, 2000. It is unfortunate the Applicant has not been examined by Physician # 1 since April, 2000 and the Tribunal did not have an opportunity to view all of the tests results, but under the circumstances the Registrar had no option, but to suspend the licence until a favourable report is received from a neurologist and the case can be reviewed.

DECISION:

Upon the application by Physician #1 (the "Applicant") to appeal the decision dated August 24, 2000, of the Minister ("Respondent") to suspend her driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("*HTA*"), and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett M.D., Presiding Member

RELEASED: January 5, 2001

WEGG

DAN WEGG

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

JULIA COOK, Agent, representing the Applicant
NETANUS RUTHERFORD, Counsel, representing the
Registrar, Ontario New Home Warranty Program

DATE OF
HEARING: November 10 and 17, 2000 *via teleconference*

REASONS FOR RULING AND ORDER

BACKGROUND:

This is an application to the Licence Appeal Tribunal under section 7 of the *Licence Appeal Tribunal Act, 1999* to extend the time for the Applicant to file an appeal from a proposal of the Registrar, Ontario New Home Warranty Program ("the Program") pursuant to section 9 (2) of the *Ontario New Home Warranties Plan Act*.

The hearing of this matter proceeded on the consent of the parties as an electronic hearing. The Tribunal was provided with a Notice of Application for the Extension of time for Appeal from the Applicant but no affidavit material. Initially at the first hearing date of November 10, 2000 the Applicant did not have an agent. The Applicant, by affirmation, provided the Tribunal with testimony on his reasons for bringing the application. The Program provided the Tribunal with a motion record which included the affidavit of Jamal DaSilva and attached exhibits and caselaw. At the second hearing date of November 17, 2000 the Applicant had his agent represent him.

ISSUES:

Have the requirements for service of a notice under sections 9 and 20 of the *Ontario New Home Warranties Plan Act* been met in this case?

If the requirements were met and the Notice of Appeal was not filed with the Tribunal within the time prescribed by statute, is this an appropriate case for leave to be extended pursuant to section 7 of the *Licence Appeal Tribunal Act, 1999*?

If an extension is granted, should the Tribunal provide any directions upon such an extension?

EVIDENCE:

Testimony of Dan Wegg:

Mr. Wegg testified that his wife had picked up an envelope from the Program on or about June 21, 2000. She did not open the envelope but left it on his desk. On July 5, 2000 Mr. Wegg opened the envelope and saw it dealt with the revocation of his registration by the Program.

Mr. Wegg stated that he called Lynn Woodcroft who works with the Program and who had been his contact person with the Program. Ms Woodcroft told him he had fifteen days to respond to the Notice.

Mr. Wegg was aware that this revocation of his registration would affect the livelihood of his family. He had in the past spoken to a Jamal at the Program as he wanted the release of the monies being held by the Program which he estimated to be in the range of \$50,000.00 to \$60,000.00. Mr. Wegg did not want to provide more security until he got back some of these monies.

Mr. Wegg stated that he also spoke to Julie Cook of the Homebuilder's Association. He felt that he had fifteen days from when he got receipt of the letter to respond to it.

Mr. Wegg stated that the problems between himself and the Program should have been worked out without the Program asking for the revocation of his registration. He felt he was squeezed by the Program; that there were no inspections by the Program; that the Program wanted more monies from him; and that the Program was telling him how many houses he could build.

Mr. Wegg was upset because the Program wanted his wife to sign as a guarantor, but she has nothing to do with his construction company.

In prior contacts with the Program, Mr. Wegg had suggested that the representative from the Program contact his lawyer to get any particulars about his land deeds. Mr. Wegg stated that the market to build houses was good, he paid his bills, there were no problems, and he had never gone to conciliation over a house. He is a young man trying to make a living. The lawyers he had consulted about the Program were Real Estate lawyers who were not familiar with it. Instead, Mr. Wegg turned to the Homebuilders Association for advice.

There was no cross-examination of Mr. Wegg's verbal testimony.

Verbal Arguments:

By the Applicant:

At the resumption of the hearing Ms. Cook, as agent for Mr. Wegg, stated that there had been a history of incidents leading up to the Notice dated June 15, 2000. Mr. Wegg got the Notice on July 6, 2000 and appealed by July 20, 2000. Now he was asking for an extension of time to appeal.

Ms. Cook did not see why the Program was permitted to get into the history of its relationship with Mr. Wegg on a motion to ask for an extension of time to appeal. As well, the Program had sent Mr. Wegg numerous pages via the fax just prior to the first hearing of the application including the Fitch case and the Manz case.

Ms. Cook stated that Mr. Wegg has been registered with the Program for two years. If the extension is not granted, he cannot legally build homes.

By the Program:

Counsel for the Program stated that the test in such motions for extension of time was to be found in the Fitch case, CRAT February 27, 1998. In that case, the Tribunal relied upon four principles:

1. That there was an intention to appeal within the time limited.
2. That the reason the notice of appeal was not served on time is such that the Applicants should be excused for not doing so and allowed to do it later if they did so as soon as the true situation was apprehended.
3. That there is not some overriding prejudice to the Respondent in the allowing of the application.

4. That there is a substantial point in issue and the Applicant has some reasonable chance of success.

Counsel for the Program conceded points one and two on November 10, 2000 but she did make some argument on these points as to their facts on November 17, 2000. Counsel argued that there was prejudice to the Program and to the public if this Applicant was permitted to have an extension of time to appeal. Counsel stated that the Applicant has now enrolled twelve more homes on top of the four homes already enrolled. The Program stated that there was no evidence of the financial ability of this Applicant to build that number of homes. Currently the Program has deposit monies of \$20,000 but more deposit monies are required for the additional homes, a further \$60,000.00. The Program, stated its Counsel, does not want consumers to be at risk or for the guarantee fund to be at risk.

Regarding the fourth point, Counsel for the Program stated that the Applicant did not have a reasonable chance of success. The Applicant just stopped giving security monies for new homes enrolled. The Program was applying the same principles, those found in Bulletin #22, to every builder in Ontario. When the Applicant did not comply with those principles, then the Program issued its Notice of Proposal.

Counsel for the Program cited the Licence Appeal Tribunal (LAT) case of Irvin Homes Ltd., released August, 2000 which dealt with the requirements of a builder under the Act. Despite a good track record as a builder, Irvin Homes Ltd was required to comply with the Program's request for disclosure of financial documentation or the company's registration would be revoked.

Counsel for the Program stated that the evidence submitted shows that the Applicant has submitted different financial statements with no supporting documentation.

Counsel for the Program relied on the LAT case of Jacob Manz and Lillian Ruel-Manz, released November 9, 2000, in which the Tribunal held that the Applicants had no reasonable chance of success at the hearing.

Counsel stated that the Applicant has breached his agreement as to the number of homes he can construct in a year; he has breached his agreement to pay \$5000.00 security for each home enrolled in the Program; he has breached his agreement to provide information on his equity position.

LEGISLATION:

Section 7 of the Ontario New Home Warranties Plan Act states:

7(1) An applicant is entitled to registration by the Registrar except where,

- (a) having regard to the applicant's financial position, the applicant cannot reasonably be expected to be financially responsible in the conduct of the applicant's undertakings;

.....
.....

Section 8(2) of the Act states:

Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were an applicant, or where the registrant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts or is in breach of a term or condition of the registration.

Section 9(1) of the Act states:

Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

- (2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal.

Section 20 of the *Ontario New Home Warranties Plan Act* states:

20. Any notice or document required by this Act to be served or given may be served or given personally or by registered mail addressed to the person to whom notice is to be given at the person's last known address and, where notice is served or given by mail, the service shall be deemed to have been made on the fifth day after the day of mailing unless the person to whom the notice is

given establishes that the person, acting in good faith, through absence, accident, illness or other cause beyond the person's control, did not receive the notice, or did not receive the notice until a later date.

Licence Appeal Tribunal Act, 1999 states:

Section 7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 11 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

- (a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and
- (b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

The Tribunal has the authority under the *Licence Appeal Tribunal Act, 1999* to extend the time period for an applicant to submit their appeal on the Proposal of the Program. In prior years the authority of the Tribunal to extend the time period was found in the *Ministry of Consumer and Commercial Relations Act*.

In order for the Tribunal to extend the time period to bring an appeal, the Tribunal must be satisfied that there are reasonable grounds provided by the Applicant for applying for the extension and for granting the extension of time. The caselaw on such motions for an extension of time, whether for an appeal under section 9 if the applicant is a builder or for an appeal under section 14 by a homeowner is extensive.

The Angela Bilodeau case of CRAT July 11, 1994 set out four principles which were considered by the Tribunal. At page 4 of the case, the Tribunal states: "While no specific authorities were cited to me, both counsel agreed that the principles to be taken into account when considering such an application are those considered on a similar application in the Courts of Record and are that the Applicant must show:

1. That she had an intention to appeal within the time limited.
2. That the reason the notice of appeal was not served on time is such that the Applicant should be excused for not doing so and allowed to do it later if she did as soon as the true situation was apprehended.

3. That there is not some overriding prejudice to the Respondent in the allowing of the application.
4. That there is a substantial point in issue and the Applicant has some reasonable chance of success.”

This Tribunal also agrees with the statement of the Tribunal in the Manz supra at page 3 “This Tribunal notes that the fundamental principle in deciding whether to allow an extension is to see that justice is done.”

The Tribunal finds that the Notice of Proposal was sent to the Applicant in accordance with the requirements under the Act. Accordingly, the Tribunal must then consider whether this is a case for granting an extension of time to appeal and if so on what terms and conditions.

The Tribunal finds that the Applicant had the intention to appeal within the time limit. His wife picked up the envelope and brought it home and left it on his desk. He did not open the envelope until some time later. Prior to this envelope, the Applicant had been in frequent contact with the Program regarding the return of previous deposits. The Applicant stated that he thought he could work out this issue with the Program and thereby was not expecting a Proposal to be mailed to him. On that basis the Tribunal finds it not unreasonable that the envelope remained unopened on his desk for a number of days. It is the testimony of the Applicant that once he realized that he had received a Notice of Proposal he contacted the Program for an explanation. As well, he stated that he received advice from the Homebuilder’s Association which led him to believe that he had fifteen days upon opening the envelope to respond to it. He requested a hearing close to the end of what he thought was his time frame.

The Tribunal finds that the Applicant should be excused for not serving the notice of appeal on time. He did not think his situation with the Program had reached that type of situation. He did respond promptly once he realized he was dealing with a Notice of Proposal. Though he misconstrued what was really his time frame to file an appeal he did file the appeal in accordance with his idea of that time frame.

The Tribunal is concerned as to the risk factors to the consumers in this situation. The Applicant has stated that he has continued to enroll homes with the Program in breach of both his allowed number of homes to be constructed and of payment of the security deposits. The Applicant has only been constructing residential homes for the past two years. That is not a significant period of time for an Applicant to establish a record showing that he would fulfill his obligations to his customers as to warranty repairs on his homes. After some consideration, the Tribunal has decided that this concern can be resolved through some conditions being placed upon the Applicant if he wishes to have the opportunity to appeal the Notice of Proposal.

Regarding the fourth principle, the Tribunal finds that there is a substantial point in issue, that being the ongoing registration of this small builder. The Tribunal finds that the Applicant has a reasonable chance in this appeal. It is obvious that there has been miscommunication between the Applicant and the Program. Even the Applicant felt that the grounds of dispute could be resolved without resorting to litigation. It is unfortunate that the Applicant does not have a better understanding of his obligations under the *Ontario New Home Warranties Plan Act*. The Tribunal realizes that the Applicant felt the Program was slow in releasing the prior security deposits. The Applicant needs to understand the purpose of the legislation is to protect the home buying public and accordingly, the Program has been given considerable responsibilities under the Act and it must be vigilant in its duties. The Applicant would be ill advised to rely on others to interpret what are his obligations under the Act and under his contract with the Program. There is an arguable case for this to proceed to a hearing. Justice would not be served by denying this Applicant his right to a hearing.

ORDER

Accordingly, pursuant to the authority vested in it by the *Licence Appeal Tribunal Act, 1999* the Tribunal orders that the application to extend the time for filing of the Appeal by the Applicant is granted upon the following conditions:

1. On or before January 29, 2001, the Applicant pays to the Program a security deposit on those homes that were enrolled after June 15, 2000 and for which no security deposit has yet been paid, provided that any existing security deposits held by the Program but now repayable to the Applicant can be used by the Applicant for the payment of security deposits on these particular homes, and
2. The Applicant will not enroll any new homes prior to the hearing and decision of the Tribunal unless he immediately pays a security deposit of \$5000.00 per home to the Program.

LICENCE APPEAL TRIBUNAL

February 6, 7, & 8, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal from a proposal of the Director, under the *Child and Family Services Act* ("the Act"), dated July 4, 2000 to refuse to renew the licence of Danny's Place Support Services to provide residential care for a maximum of six children at 62 Ravenscliffe Court, Brampton. The proposal is based on the provisions of section 196 of the Act.

PRELIMINARY MATTERS:

The Notice of Appeal in this matter was received by the Tribunal on July 14, 2000. It set forth the following areas to be in issue on the appeal:

1. Allegations that the licensee or an employee of the licensee has contravened or has knowingly permitted a person under his care or control or direction or associated with him to contravene the Act or the regulations;
2. Allegations that activities are carried on in a manner that is prejudicial to the children's health, safety or welfare;

3.
 - (a) Allegation that the supervision plans are not read, dated and signed by all staff in the residence;
 - (b) Allegation that the operator failed to ensure that the agency's policies and procedures are brought into compliance and reviewed by staff, residents and parents (where appropriate) during the period of this license;
4. Whether the alleged infractions and contraventions in the Notice of Intention are technical and remedial in nature, many of which had already been rectified to conform to the Regulations under the Act;
5. Whether those not yet rectified are in the process of being corrected;
6. Whether the Applicant had been afforded enough time to correct each infraction and whether he had been diligently working toward doing so within a reasonable amount of time;
7. Whether the notice of intention is premature, in that it did not allow the Program Director sufficient and reasonable time to rectify any infractions pointed out to him at the end of June 2000;
8. Whether the Ministry is succumbing to pressure being applied by certain (and few) neighbours who do not wish to have Danny's Place near their home.

The Tribunal scheduled the hearing for October 2, 3 and 4, 2000. The Notice of Appeal requested a pre-hearing conference and the prehearing was conducted on September 6, 2000. At that time, the parties asked that the hearing be adjourned to December 11, 12, 13 and 14, 2000. A consent order was made deeming the license to continue until the decision of this Tribunal is released, subject to various conditions.

The hearing was not completed within the time allotted in December and was adjourned again in January because of the illness of a witness. The Tribunal considered striking the evidence-in-chief of the witness, who was unavailable to be cross-examined, in order for the hearing to continue in January. Of particular concern is the length of time that has passed since the filing of the appeal in this matter.

Section 201(8) of the Act provides:

Despite section 21 of the *Statutory Powers Procedure Act*, the Tribunal shall make a final decision and notify the parties of it within ninety days from the day the Tribunal receives the applicant's or licensee's request for a hearing under subsection 197(2) or 198(1).

We were persuaded that the decision of the Divisional Court in Marshall v. Ontario (Child and Family Services Review Board) [1994] O.J. No. 2306 has declared the section to be directory in nature and granted the further adjournment on the consent of both parties. The Tribunal received final written submissions on February 19, 2001.

During the course of the hearing, an issue arose as to whether the Tribunal should consider only those facts which were before the Director at the time the notice was issued. The Tribunal ruled that it would hear the evidence and allow counsel to address this issue in their final submissions.

We have considered these submissions in the circumstances of this case and find that it is appropriate to consider evidence subsequent to the July 4, 2000 notice of proposal. There is no statutory prohibition against such a course of action in the Act, unlike other appeals over which this Tribunal has authority. Further, the authorities provided by counsel indicate that this is a discretionary matter which depends on the circumstances of each case. We are persuaded that it is appropriate to consider such evidence in this appeal because the residence has remained in operation since the notice of proposal was issued and continues to accept referrals from various Children's Aid Societies. The ability of the Appellant to comply with the consent interim order of the Tribunal is relevant to our considerations.

FACTS:

Evidence was given on behalf of the Director by Brian Knight, a licensing specialist with the Ministry of Community and Social Services ("the Ministry"); Ronald Smith, the placement supervisor of the Children's Aid Society of Toronto; Rui Alves, the next door neighbour of Danny's Place; Bonnie Corey, the Director who proposes not to renew the license; Mary Ballantyne, a Program Advisor for the Ministry; and Officers Calvano and Stafford of the Peel Regional Police.

Evidence was given on behalf of the Appellant by Duke Oliogu, the unincorporated Operator of Danny's Place, and by Elizabeth Parker, the supervisor hired by Mr. Oliogu following the prehearing.

The Tribunal finds, pursuant to the evidence given in these proceedings, the following as proven facts:

1. Duke Oliogu is an accomplished, personable and intelligent individual who has an impressive background. He has a diploma in Business Administration with a specialization in marketing, a certificate in accounting and auditing, a Bachelor of Religious Studies from the Ontario Bible College and a Bachelor of Arts in Sociology from York University. According to his resume, he holds First Aid and CPR certificates, as well as certificates on crisis prevention and intervention for persons with exceptional needs, defensive driving and intensive training in pharmacology. He is presently working on a Masters degree.

2. Mr. Oliogu's background includes vocational rehabilitation for persons with disabilities, counseling, support, community work and advocacy, according to his resume. He was a volunteer probation officer for the Ministry of Correctional Services. Since 1996, his employment has been as a Program Manager for Onyeka Venture Place in Markham. This is an unlicensed facility which provides full time care to persons with disabilities. It is funded by residents' families, some of whom are given receipts for respite care by Mr. Oliogu in order to qualify for specialized government funding. No evidence of the propriety of this arrangement was provided to the Tribunal.

3. On January 10, 1999, Mr. Oliogu completed an application for a Licence to Operate a Children's Residence at 62 Ravenscliffe Court in Brampton. The property is described in the application form as being located in a quiet neighbourhood with a clean environment. It is located on a quiet residential court and is surrounded by house-proud families, many of whom have young children.

4. The proposal filed with the application noted that there are insufficient services and facilities in both Brampton and Mississauga which provide well-structured, flexible residential services for youth. This shortage was confirmed by other witnesses heard by the Tribunal. It is clear that Children's Aid Societies throughout the province are desperate in their attempts to find placements for children with special needs. Some of these Agencies filed letters supporting the opening of Danny's Place and continue to place children there.

5. Mr. Oliogu's proposal indicated that the operator wished to open a Type I group home for six children over the age of 13. It was proposed that the children to be assisted in the residence would have behavioural, emotional or social challenges which would be met by the experienced and educated staff to be employed in the home. The proposal stated that all residents referred to the home must have an updated psychological assessment and that all staff employed in the home must possess a relevant Bachelor of Arts or College diploma, residential group home experience and a police record check.

6. The proposal filed with the application concluded as follows:

Onyeka Support Services is a private organization operated under the guidance of Duke Oliogu. Duke Oliogu is a well respected member of the community. He has worked in the field of Social Services for

the last 8 years. A true professional, Duke has reliable expertise gained through working with children and youth across the following regions: Vaughan, Toronto, Peel and York. Also, he is a well-trained foster parent with Children's Aid Society, Newmarket and a therapeutic foster parent with Kinark Child and Family Services, Newmarket. Clientele includes psychiatric patients, schizophrenics, the emotionally disturbed, and persons with anxiety disorders, including those afflicted with Down's syndrome, Tourette's syndrome, the autistic, and the mentally challenged individuals.

7. The City of Brampton's zoning by-laws define a Group Home Type 1 as "a supportive housing facility located within a dwelling unit occupied by four to six persons, exclusive of staff and receiving family, who reside as a unit under responsible supervision consistent with the requirements of its residents and which is licensed or approved under Provincial Statute under the jurisdiction of the Ontario Ministry of Community and Social Services or the Ministry of Health." A Group Home Type 1 shall not include a Group Home Type 2 and it may provide accommodation, supervision and treatment for children under the *Child and Family Services Act*.

8. The by-laws define a Group Home Type 2 as a supportive housing facility which can provide service, *inter alia*, to persons who have been charged under the *Young Offenders Act* but who have been placed in open or secure custody.

9. The City of Brampton recognizes the need for supportive housing. A Group Home Type 1 is permitted as-of-right in all residential zones in the City of Brampton. Nothing in the by-law prevents such a Group Home from accepting residents who have young offender records, as long as they are not serving time in open or secure custody. Part of the registration process with the city involves the requirement for the applicant to meet with the area Councillors to determine the method of public notification that will be required and to answer any outstanding questions that may be unanswered at the time. An inspection is also performed by the By-law Enforcement Division and the Fire Department for compliance with all regulations. If the building meets the various regulations, the Office of the Commissioner of Works and Transportation will approve the application for registration and issue a certificate as evidence that the building complies with the *Child and Family Services Act*.

10. The City of Brampton recognizes the rights and concerns of its residents and taxpayers. To balance the effect that the presence of a group home might have on the other residents of the area, the City encourages, assists and insists on proper public notification. In the extensive information provided to Mr. Oliogu by the City of Brampton, the summary noted as follows:

Particular emphasis should be placed on the need for timely public notification of the opening of a group home and the need to inform area residents of the nature of the particular group home. Good planning in this regard can encourage community acceptance which is one major ingredient to the success of a group home operation.

11. In the same documentation, under the heading "PUBLIC NOTIFICATION", one finds:
Upon receipt of an application for registration, or in the case of new construction, a building permit application, the "Group Home Registration Committee" comprised of "the Members of the Steering Committee for the Joint Policy Review on Group Homes and Lodging Houses: will meet with the group home operator and the Regional and City Councillor for the host ward to devise a suitable method of public notification. The following methods of public notification may be considered by the Committee:
 - a. a letter of notification, or brochure outlining the programming of the group home and the City of Brampton By-law requirements for the use, be circulated to residents within a mutually agreed upon impact area, but not less than 60 metres (200 feet) radius of the proposed group home. This letter of notification should be mailed at least 5 weeks prior to the group home being opened; and/or
 - b. the operator may conduct a door-to-door canvassing of the host neighbourhood encompassing a surrounding area of not less than 60 metres radius of the proposed group home; and/or
 - c. an open house to be held within two months after the group home has commenced operations with neighbouring residents within an agreed upon impact area, but not less than 60 metres radius of the group home being invited; and
 - d. any combination of the above-noted methodologies.

Once the method of public notification has been determined, the Group Home Coordinator will assist the group home operator in devising an appropriate letter of notification based on the methodology. If an Open House forum is chosen, the following persons should be in attendance:

- the group home operator;
- the group home coordinator
- the Manager of Zoning Services
- the Supervisor of By-law Enforcement
- a representative from the sponsoring Ministry; and

- Regional and City Councillors for the host ward.

The Open House should be held either in the group home itself or in a public building within reasonable proximity to the proposed location of the group home.

12. Mr. Oliogu required considerable assistance in completing the application for registration with the City and claims that it was because of a template provided by a City employee that the letter of notification to the residents contained so many inaccuracies. He also claimed that the letter was written during a time of stress. No corroboration was provided by the employee he named, nor was there any medical evidence provided to the Tribunal to justify the misleading and erroneous document he sent to the neighbours he knew were integral to the success of the program. In light of the evidence received in this proceeding, this letter is very relevant to the issues before the Tribunal.

13. The letter is written on Onyeka Ventures letterhead, whose address is listed at 62 Ravenscliffe Court, Brampton. It reads, verbatim, as follows:

March 6, 1999

Dear Neighbors:

I would like to take this opportunity to introduce myself and as well my organization. My name is Duke Oliogu. I am the Executive Director of Onyeka Ventures (Danny Place). This program is a community based residential care group home for children who have been sexually, physically and or emotionally abused.

As the Executive Director, it is my responsibility to inform you that our organization has just purchased 62 Ravenscliffe Court, Brampton. It is our intention to use this property to provide care to six children, ranging in age from 13-16 years.

On Wednesday, March 31, 1999 between the hours of 6:30 p.m. and 8:30 p.m. we will be having an open house and we cordially invite you to come and see our home and meet our staff.

My professional background is that of a Social Worker. I'm a graduate of York University, Sociology of the Family. I spent the last 8 years working exclusively with adolescents placed in Group Homes. My staff of 10, who will be providing direct care to the children placed in our care, have a Child Care Diploma or equivalent, and much experience working with children.

This program will be our first in Brampton, as we presently successfully operate a home in Markham. We bring to your community an agency with both experience of meeting the needs of these children as well, good management skills.

We are expecting to comply with all the City of Brampton and Province of Ontario By-Laws requirement and standards by the end of March, 1999. Our target date for opening is Mid to end of April, 1999.

Enclosed please find a series of questions which I have attempted to answer. However, I am most willing to meet with you at a mutually convenient time to discuss any issues that you may have regarding our residence.

I sincerely look forward to hearing from you and I can be reached at (one of two telephone numbers). Should I not be available, please leave a message with the a member of my staff and I will return your call as soon as possible.

Sincerely,

Duke Oliogu.

14. Attached to the letter was an information sheet which told the neighbours the residents would range in age from 13 to 16 years and that a careful screening process would determine the admission of any resident, with a review to include the Executive Director, the Program Supervisor, Assistant Supervisor and Consulting Psychologist. It said the minimum stay of each resident was six months and, "We do not as a rule allow our residence to be used as an overnight crash facility or a short term holding facility." It reiterated Mr. Oliogu's status as "a professional Social Worker with years of experience." It claimed that the educated and trained staff would provide responsible supervision, including knowing where the residents go, ensuring their return on time and following through with consequences.

15. The neighbours were told in the information sheet that their neighbourhood was selected because of its access to services and "sense of family". They were assured that Danny's Place "prides itself on maintaining both the exterior and interior of our residence." Under the heading, "Will the Youth be Dangerous or Violent?", the neighbours were assured:

NO. This program is intended to address the many needs of children who were sexually, physically and or emotionally abused. By and large, the children who make up this population pose no danger to the community. Unlawful activities by any of our residents are not acceptable. This program objects to the mixing of children who are abused and had to leave their homes

in order to receive help with adolescents who have consciously and frequently committed serious criminal offences.

16. During the hearing, the Tribunal observed that Mr. Oliogu's marketing skills are excellent. We find that the letter was intended to assuage the concerns of the neighbours but it was filled with empty promises and blatant lies. We find that the information provided was intentionally misleading and do not accept the explanations provided by Mr. Oliogu. In his evidence, Mr. Oliogu admitted that he is not a professional social worker. He does not have the professional qualifications to call himself one. He is not a member of the College of Social Workers. An appropriate analogy would be for a law clerk or paralegal to claim that he or she was a lawyer. Mr. Oliogu does not have years of experience in running a licensed group home as his material would lead one to believe. In fact, the evidence heard by the Tribunal leads only to the conclusion that he is not the competent supervisor he indicated but instead had no experience whatsoever in operating such a facility. The material was misleading as Mr. Oliogu has not worked exclusively for the last eight years with adolescents in group homes, he had no consulting psychologist involved with the program, he hired staff who did not have the credentials promised, and youths over the age of 16 were permitted residence at the home.

17. The Tribunal finds that Mr. Oliogu is an unreliable witness. He was evasive in his testimony and tended to blame everyone else for matters that clearly were his responsibility. He received assistance from the City of Brampton, yet blames this assistance for inaccurate statements in his own material, signed by him and an integral part of his application. He received even greater assistance from Ms. Ballantyne, Mr. Knight and other Ministry of Community and Social Services representatives. He was provided with information concerning the regulations and requirements for licencing yet complained at the hearing that he did not understand the confusing requirements, that he was given misinformation or that other people made mistakes. He called no corroborating witnesses other than a recently hired employee.

18. Community reaction to the establishment of the group home was swift. The neighbours contacted the press and their politicians. The City assured the neighbours that because the home was a Type 1 Group Home, no young offenders could be housed there. On May 3, 1999, Mr. Oliogu wrote to his neighbours thanking them for their cooperation and promising, "I therefore assume responsibility that the group home will not accommodate young offenders, but children who are physically and sexually abused." At the hearing, Mr. Oliogu acknowledged that he accepted young offenders into the residence on a regular basis.

19. The evidence is clear that despite concerns on the part of the neighbourhood and its own representatives, the Ministry worked with Mr. Oliogu to assist him in his attempts to operate a successful program. Various visits were made to the premises and reviews of the expectations of the Act and the Regulations were conducted with the operator from the time he expressed interest in opening the home. Although Mr. Oliogu denied receiving some documentation, the Tribunal finds that his evidence in this regard is not credible and finds that

over the course of the summer of 1999, he was made fully aware of the expectations and requirements of a Group Home operation.

20. On November 1, 1999, a Provisional Licence to Operate a Children's Residence was issued. According to Mr. Knight, the first provisional license is given to operators in the expectation of full compliance within a short period of time. The licence expired on March 14, 2000 and was subject to the following term and condition:

The operator is to ensure that the agency's policies and procedures are brought into compliance and reviewed by staff, residents and parents (where appropriate) during the period of this license.

21. The Provisional Licence also noted the following:

At the time this residential program was inspected by the Ministry of Community and Social Services, it did not meet all the requirements of the Child and Family Services Act. A provisional license has been issued to give the operator an opportunity to do what is necessary to bring the residential program into full compliance. This provisional license is valid until March 14, 2000. At that time, if all requirements are met, a license may be issued.

22. A Group Home Review Report delivered with the Provisional License noted, "At the commencement of the provisional license, the required policies and procedures were in place". The Tribunal finds that this was not the case at that time. We also note that throughout our review of the documentary evidence in this proceeding, there were other occasions where Ministry Staff were less than diligent in completing their documentation. Some documents presented to us were not signed, not dated or otherwise not accurate. For the most part, however, the Tribunal was satisfied with the accuracy and integrity of the voluminous documentation presented by the Director.

23. The premises were inspected by the City of Brampton and approved. Photographic evidence supplied to the Tribunal show that considerable work was performed on the interior of the premises in order to comply with fire regulations. The ownership of the premises is unclear, but it appears to be owned by Mr. Oliogu or a corporation in which he is involved. Based on the budget provided by Mr. Oliogu, the approved per diem rate for the new residential program was set at \$176.03. The budget filed by Mr. Oliogu with his original application for license includes a salary to him of \$50,000.00 per year. This salary would appear to be in addition to any income he might receive for running the unlicensed Group Home in Markham.

24. Shortly after the provisional licence was granted, residents were accepted into the home. The first admission occurred on December 3, 1999. The evidence discloses that the residents were not screened as suggested and promised by the operator. It was acknowledged by Mr. Smith that the clients referred and accepted were some of the most difficult youth in care. He noted that both his agency, the Toronto C.A.S. and the York C.A.S. were desperately short of alternatives and referred clients with severe conduct disorders and extremely problematic placement histories to Danny's Place and that they were accepted. He noted that typically, the use of violence to solve problems is almost an automatic response on the part of some of these youth, and stated in a report, "It should come as no surprise that the clustering of these types of individuals would result in a pressure cooker environment in which peer conflict, resistance to caregiver authority, and violent posturing became the norms." Mr. Smith also noted that Mr. Oliogu is tenacious in trying to help his residents and that he was even prepared to allow them to damage his property to keep them in his program.

25. On February 2, 2000, Mr. Oliogu completed an application for the renewal of the licence. By that time, there had been several breakdowns in placements at Danny's Place. Community complaints about the observed behaviour of the clients of the home began to escalate. Some children were observed to be unsupervised, hanging around outside the home and smoking on the driveway. The police began to attend the home on a regular basis. Licensing and monitoring visits by Ministry staff noted damage to the interior of the residence and a lack of upkeep to the exterior. Serious Occurrence reports were not submitted as required by the Regulations under the Act.

26. On March 21, a review of the operations of Danny's Place by Mr. Knight found many areas of serious non-compliance with the Regulations. The files of four children were reviewed and it was noted that various educational records, admission and legal documents were not on file. The children's files were disorganized and contained unrelated information, such as staff resumes and real estate documentation. Staff files were also disorganized and criminal reference checks were only found on four of the nine full time employees and no immunization or medical information was located.

27. The Group Home Licensing Review Report dated March 30, 2000, prepared by Mr. Knight, noted that there were no programs provided to the residents, who spent the day hanging around the home. The program schedule was not being followed. He recommended that a six week Provisional License be granted, stating,

"Mr. Oliogu still has to work on and improve in a number of areas related to licensing before a Regular License can be recommended. The areas that need further development primarily relate to the content and organization of

the children's and staff files, the supervision and programming for the children, and staff training."

28. Mr. Oliogu met with Ministry Staff on April 3, 2000 to review the findings from the licensing visit and complaints received from the community. The areas of non-compliance were reviewed with him at that time. The concerns were confirmed in writing, and although Mr. Oliogu disputes the timing of his receipt of this documentation, the Tribunal finds that he was well aware by April 3, 2000 of the deficiencies in his program. The Ministry issued a further provisional licence effective from April 3, 2000 to June 1, 2000 for Danny's Place, subject to conditions designed to encourage Mr. Oliogu to ensure that policies and procedures were brought into compliance with the Act and Regulations.

29. The Tribunal heard extensive evidence concerning the continued difficulties experienced by the Ministry, the neighbours and the police in dealing with the Danny's Place following the meeting on April 3, 2000. A licensing visit by Mr. Knight and Ms. Ballantyne on June 16, 2000 showed continued extensive deficiencies in the operation of the home and the keeping of proper records. The house showed considerable unrepaired damage caused by the residents. Some residents were staying out past their curfews, missing appointments with their probation officers, had been charged with criminal offenses by the Peel Regional Police, or had been observed smoking in and outside the home. Mr. Knight found what appeared to be marijuana in one resident's room. The first aid kit was incomplete and toxic substances were not locked. The posted menu did not comply with nutritional requirements.

30. Under the Regulations, the Operator is required to maintain records on site. On the June 16, 2000 visit, Mr. Oliogu was keeping the confidential records of the residents in his van. The reason for this was that the office in Danny's Place had been broken into by one of the residents, and files were thrown out the window. One of these files was found by Mr. Knight under the kitchen sink, where it was drying out. Mr. Oliogu carried the files in the van until a new, more secure office could be built in the home. No plausible explanation as to how such an event could occur in a supervised group home was provided. It is clear that by the time of this event, concerns of the Ministry and Community that the residents were in fact running the home instead of the Operator had foundation.

31. On the evening of June 27, 2000, Mr. Oliogu faxed a Serious Occurrence Report dated June 26, 2000 to Ms. Corey, advising her that the neighbours were calling police about residents trespassing on their property. He also advised her that the first aid kit had been replaced, toxic substances were now locked up and he had replaced a missing face plate from an electrical outlet.

32. On June 29, 2000, a meeting was held with Mr. Oliogu regarding his licence. Concerns were reviewed with him at some length. He claims that the information required under the Regulations was available to the Ministry, but they had not been able to locate it on their visit. He says that he was refused the opportunity to show the missing documents at that meeting.

The Tribunal does not accept his evidence in this regard. His documentation and record keeping continued to be in disarray up to the date of the completion of the evidence in this matter, even with the assistance of his new supervisor.

33. On June 30, 2000, a plumber working in the residence had called the police and asked that a threatening charge be laid against one of the residents, who was upset because the water had been turned off. The police attended at the residence and warned the youth, but did not lay charges.

34. On July 4, 2000, the Director issued the Proposal under appeal. The Tribunal received the Notice of Appeal on July 14, 2000. Pursuant to section 199 (2) of the Act, the licence and its conditions are deemed to continue until the decision of this Tribunal is released. However, at the Pre-hearing in this matter on September 6, 2000, the parties agreed that the licence would continue until that time with the following terms and conditions:

- a) Subject to approval of the Director, by September 30, 2000, Mr. Oliogu was to hire a supervisor with very specific duties, to oversee all aspects of the group home, including administration and personnel;
- b) All items of non-compliance were to be remedied to the satisfaction of the Director by September 25, 2000;
- c) A specific staff training procedure was to be implemented, with reporting requirements;
- d) The operator was to make his best efforts to establish a mentoring relationship with an experienced operator.

35. On September 11, 2000 a resident of the home was arrested in a stolen car. He returned to reside in the home. On January 5, 2001, this youth was convicted on three counts of car theft and sentenced to custody. All of the occurrences took place while he lived under the supervision of Mr. Oliogu and Danny's Place staff. He admitted to many other car thefts during that time, for which he was not charged. On September 16, staff found two young women with a resident in his bedroom at 3:15 in the morning. This occurred again on September 18 at 2:00 a.m. On September 27, this youth was returned to the home by the police at 4:15 a.m. in an intoxicated condition.

36. The Tribunal received evidence from the Peel Regional Police officers concerning dozens of occurrence reports filed concerning the children at 62 Ravenscliffe Court, Brampton. Many of the reports relate to routine matters such as verbal threats, but they include violent and dangerous criminal behaviours as well. The reports deal with incidents which occurred both before and after the prehearing. It is not necessary to review each report in detail for the purposes of these reasons, but they are chilling in the composite they draw of this home. For

example, the report dated November 4, 2000, deals with a police investigation of a report by Mr. Oliogu that an unknown youth was sleeping in the home which was vacant while its two residents were out on a weekend pass and the home was unsupervised. Mr. Oliogu was concerned because there was no sign of forced entry. The report notes:

Investigation revealed that the unknown party was a friend of the two residents. He advised that himself, the two residents and a number of other youths had been at the home for most of the evening having a party.

During this investigation, police observed that the home was exceedingly dirty, in poor condition with numerous holes in the walls, and there was very little furniture throughout the house. Upstairs in the bedrooms were numerous mattresses lying on the floor with dirty sheets and blankets. Further, police observed open bottles of alcohol and evidence of drug use.

The Complainant advised that one resident had a pass to stay this weekend with a relative in Brampton. However, the Complainant could not provide the name, address or telephone number of the residence he was supposed to be at. The second resident had simply been provided cash to get himself a bus ticket to Toronto so that he may stay with his brother. Again, the Complainant could not provide the name or telephone number of the brother of this resident.

37. The Tribunal heard equally compelling oral testimony from Officers Stafford and Calvano. Officer Stafford attended at the home on September 12, 2000 and September 20, 2000 to arrest two different residents who were later allowed to remain in the home. On October 14, 2000, he reattended with Officer Calvano to investigate a break and enter in Collingwood. Firearms and vehicles had been stolen and the police used the authority granted to them by the *Criminal Code* to execute a warrantless search of the premises. The residents were not home and the Officer was told by staff that he thought they were just outside, having a cigarette. They were subsequently located and arrested well after their curfew.

38. Officer Stafford attempted to search one of the rooms and found it to be locked. He was told by a staff member that this was to enable the children to have some freedom and space of their own. The two officers gained entry to the bedroom and found empty pizza boxes and dirty utensils in a room which had mattresses on the floor. They found what appeared to be marijuana and other drug paraphernalia in the ensuite bathroom, but found no toilet paper.

39. One of the youths subsequently advised Officer Calvano that he could do what he wanted at Danny's Place, including drugs or alcohol, because the staff either did not care or

never checked up. "It was a joke," the youth told the officer, referring to Danny's Place. He admitted to stealing as many as fifty automobiles while residing there.

40. Mr. Oliogu made a good attempt to find a supervisor subsequent to the prehearing. His first choice was rejected by the Director for lack of experience as a supervisor and an inappropriate educational background. His second choice, Ms. Parker, graduated from the Sheridan College Correctional Worker Program in 1995. Her resume shows no work experience as a supervisor, although she lists supervision of staff and students amongst her many skills. At the time she was hired, she was working as a senior child and youth worker at another group home in Brampton. She testified that this involved supervision of other front line staff. Ms. Parker is an enthusiastic individual, who has had many short-term positions. During her career, she has impressed various individuals. She has good community contacts, is aware of issues and is willing to make an effort in her position.

41. On September 29, 2000, the Director approved Ms. Parker as the new supervisor for the Danny's Place. Her letter of approval noted that Ms. Parker met most of the criteria outlined in the Order and that her educational qualifications and work experience would seem to be suitable. The letter expressed concerns that Ms. Parker did not have much supervisory or program administration experience.

42. Ms. Parker commenced employment with Danny's Place on October 25, 2000. She noted in her evidence that the home was in poor physical condition at that time. There were holes in the walls, the garage was not painted and the house was disorganized and cluttered. Since that time, she has made many improvements to the Program. She has reorganized and updated the Policies and Procedures and understands the requirements of the Regulations.

43. Ms. Parker has hired two staff, only one of whom has a Child and Youth Worker diploma. The other new staff member has experience working with disabled and challenged individuals but her resume does not indicate that she has the special training contemplated in Mr. Oliogu's original proposal as being appropriate for this residence. Ms. Parker did not know that this staff member did not have a Child and Youth Worker diploma until after she had been hired. Ms. Parker noted in her evidence that she was in the process of hiring additional staff, and she spoke very highly of the staff already employed. One staff member who was employed prior to Ms. Parker's involvement has not completed all aspects of training but is employed for relief duties.

44. On November 27, 2000, Ms. Ballantyne performed a further licensing review at the request of Mr. Oliogu. She noted that there had been great improvement in the policies and procedures and that Mr. Oliogu's understanding of the requirements was much improved. However, there continued to be outstanding problems with policies and procedures, and the keeping of proper records relating both to the children and the staff. She noted that the criminal reference check for Ms. Parker was dated January 13, 1998.

45. No residents were living in the home at the time of the November 27, 2000 review. They were in custody or detention as a result of their arrest earlier that month. This respite gave the Operator ample time to bring the home back to good physical condition. Ms. Parker had plenty of time to work on the policies and procedures manual for Danny's Place. The policy and procedures manual is important. It provides the direction to staff for the appropriate management of the program, and outlines the program itself, as well as appropriate disciplinary matters, mandatory requirements, and is the instrument through which the program can be held accountable for doing what it says it is going to do. She admitted in her evidence that the manual is still not complete. The Tribunal notes in reviewing this document that it is much improved from earlier versions. There remains, however, much room for improvement. The book is full of grammar and spelling mistakes and contains many non-sequetors. It can best be described as sloppy. Ms. Parker acknowledged that changes need to be made and that such changes could be made quickly. She is quite amenable to any direction provided by the Ministry.

46. Ms. Parker claims to have instituted a more careful screening process of the residents, although young offenders are still accepted. One of the youths who had been involved in the weapons investigation of the Peel Regional police was allowed to return to the home. He was arrested on January 23, 2000 and is no longer welcome in the home, despite the close attachment Mr. Oliogu has with him as his former foster parent. Despite Mr. Smith's evidence in December that no further placements would be made by his agency at Danny's Place, the first new resident was placed by the Metro Toronto Children's Aid Society on January 19, 2000. Within a week, police attended at the residence because he had assaulted a staff member. By February 8, 2001, three residents resided in the home. Ms. Parker has been successful in reestablishing working relationships with referring agencies.

47. The outside training and mentor relationship contemplated in the Prehearing Order of September have not been accomplished.

48. On January 25, 2000, the Director made an unannounced visit to the home. She reviewed some of the records made available to her. In a short period of time, she noted that there were complete days for which no entries had been made by the staff on duty relating to serious events, including the attendance by police on January 23, 2000. Areas of the log were left blank, to be completed, presumably by the staff who had been on duty. In cross-examination, Ms. Parker admitted that the staff person who was responsible for failing to comply with the recording requirements of the Regulations was Mr. Oliogu.

49. Ms. Parker admitted that she had left areas in the log to be completed by Mr. Oliogu at a later date and that she had spoken to him on more than one occasion about the importance of keeping proper records. She said that he continued to leave gaps in the required reporting of information, “unintentionally, I’m sure.” The only explanation she provided as to why certain logs were blank for a period of almost three weeks in January was that the ink had run out of the printer in her office, and they were unable to print the appropriate sheets.

50. Ms. Parker had not recorded the police attendance at the home on January 23, 2000 at the time of the Director’s visit on January 25, 2000. She said that she had run out of forms and she did not know if the Act said that the daily log needed to be completed that day.

ISSUES:

The issue in this matter is whether the Director has reasonable grounds to refuse to renew the license of Danny’s Place Support Services to provide residential care for a maximum of six children at 62 Ravenscliffe Court, Brampton.

THE LAW:

The powers of the Director to refuse to renew a licence are set forth in section 196 of the Act, which reads as follows:

196. A Director may refuse to renew or may revoke a license where, in the Director’s opinion,

- (a) the licensee or an employee of the licensee, or where the licensee is a corporation, an officer or director of the corporation has contravened or has knowingly permitted a person under his or her control or direction or associated with him or her to contravene,
 - (i) this Act or the regulations,
 - (ii) another Act, or the regulations made under another Act, that applies to the activity for which the licence is required, or
 - (iii) a term or condition of the licence;

- (b) the premises where the children's residence is located or the residential care is provided do not comply with the requirements of this Part and the regulations;
- (c) the activity for which the licence is required is carried on in a manner that is prejudicial to the children's health, safety or welfare;
- (d) a person has made a false statement in the application for the licence or for its renewal, or in a report or document required to be furnished by this Act or the regulations, or by another Act or the regulations made under another Act that applies to the activity for which the licence is required; or
- (e) a change has occurred in the employees, officers or directors of the applicant that would, if the applicant were applying for the licence in the first instance, afford grounds under clause 195(b) for refusing to issue the licence.

Section 195(b) allows the Director to refuse to issue a licence where, in the Director's opinion, the past conduct of the applicant affords reasonable grounds for belief that the activity for which the licence is required will not be carried on in a responsible manner in accordance with the Act and the regulations.

Section 197(4) sets forth the powers of the Tribunal in this appeal. It provides:

Where an applicant or licensee requires a hearing under subsection (2), the Tribunal shall appoint a time for and hold a hearing and may, on hearing the matter,

- (a) order the Director to carry out the proposal; or
- (b) order the Director to take such other action as the Tribunal considers appropriate, in accordance with this Part and the regulations,

and the Tribunal may substitute its opinion for that of the Director.

The regulations under the Act relating to licensing of residences are extensive. They provide for responsible obligations on each licensee who provides residential care.

As part of the necessary management practices, every licensee is obliged to maintain an up to date written statement of policies and procedures, the required contents of which are clearly

set out in the regulations. Every licensee is to required to keep daily logs, serious incident reports, and staff records.

Admission requirements are dealt with extensively in the regulations. Every licensee is required to ensure a written agreement for the provision of service to a child is entered into at the time of admission or as soon as possible thereafter. Every licensee must ensure that each child has had a general medical examination by a physician within thirty days prior to admission or within seventy-two hours after admission.

Programming requirements dictate that a written plan of care for each resident be prepared within thirty days of admission, in consultation with various individuals. Educational and nutritional needs are also stipulated.

Extensive requirements are set forth in the regulations relating to records and reports. Written case records for each resident must be maintained for twenty years. Serious occurrence reports must be made to the Director and others within twenty-four hours of the occurrence.

The Regulations also deal with emergency procedures, staffing, licensing documentation, accommodation, fire safety and health. They require every licensee to ensure that drugs and records are kept in locked containers and that only persons authorized by the licensee have access to them.

Section 1(1) of the Act provides as follows:

The paramount purpose of this Act is to promote the best interests, protection and well being of children.

The powers of the Tribunal on this appeal are circumscribed by the decision of Brenner v. The Registrar of Motor Vehicle Dealers and Salesmen, 19 CRAT 59, a decision issued by the Divisional Court in 1983. In overruling a decision of the Commercial Registration Appeal decision, Southey, J. stated:

The effect of section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty.

Due to the particular facts in this case Southey J. sent it back for a rehearing, however, adding in the third last paragraph:

The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

Therefore, it is not sufficient for the Tribunal to reach a conclusion that it would have exercised the discretion differently from the way in which the Registrar did. Clearly, in order to overrule the Registrar the Tribunal must conclude that the Registrar was wrong in his decision and that the conduct of the Applicant does not afford reasonable grounds for his belief based upon it. The above principle was affirmed by the Divisional Court in *Faccenda* [1994] 26 CRAT Part II 1050. In *Faccenda*, the Divisional Court, again on appeal from this Tribunal quashed a decision to direct a Registrar not to carry out his Proposal. At page 1051 the Court held:

It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought that the Registrar was in error in his belief.

It is only if the Tribunal finds that the Director was in error in her conclusions that an order can be made directing the Director to refrain from carrying out her proposal. This Tribunal is not entitled to substitute its discretion for that of the Director, but is only to determine whether there are reasonable grounds to support the decision of the Director. If reasonable grounds do not exist, the Tribunal can exercise its discretion and direct the Director accordingly.

APPLICATION OF LAW TO FACTS:

The Tribunal is satisfied on the facts before it that the Director has reasonable grounds for proposing not to renew the licence of Danny's Place.

There is uncontradicted evidence that Mr. Oliogu has contravened and knowingly permitted persons under his control or direction to contravene the Act and the regulations. It is clear that the Group Home has been carried on in a manner which is prejudicial to the children's health, safety and welfare. We find that the alleged infractions were not technical and remedial in nature but serious breaches which put children and the public at risk. We find that the Applicant was afforded more than enough time to correct each infraction and that he had not been diligently working toward doing so within a reasonable amount of time.

We find that the Ministry did not succumb to pressure being applied by certain (and few) neighbours in issuing the Proposal.

The addition of Ms. Parker to the staff at Danny's Place has improved the situation immensely, but it is still Mr. Oliogu who is the licensee. The Tribunal finds that he is not competent to carry on the activity for which the licence is required in a responsible manner in accordance with the Act and the regulations. Ms. Parker is unable to provide appropriate controls over his actions.

DECISION AND ORDER:

Pursuant to the authority vested in it by section 197(4)(a) of the *Child and Family Services Act*, the Tribunal directs the Director to carry out her proposal dated July 4, 2000 to refuse to renew the licence of Danny's Place Support Services to provide residential care for a maximum of six children at 62 Ravenscliffe Court, Brampton.

LICENCE APPEAL TRIBUNAL

Beverley J. Reade, Vice-Chair,
Presiding

Cecilia J. Taylor, Member

Charles J. Sandiford, Member

RELEASED: February 23, 2001

NICOLINI

VITTORIO NICOLINI

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

RAYMOND NICOLINI, Agent, representing the Applicant
NETANUS RUTHERFORD, Counsel, representing the
Ontario New Home Warranty Program

DATE OF
HEARING:

November 24, 2000

via teleconference

REASONS FOR RULING AND ORDER

BACKGROUND:

This is an application to the Licence Appeal Tribunal under section 7 of the *Licence Appeal Tribunal Act, 1999*, to extend the time for the Applicant to file an appeal from a decision letter dated June 28, 2000 of the Ontario New Home Warranty Program ("the Program") pursuant to section 16(2) of the *Ontario New Home Warranties Plan Act*.

The hearing of this matter proceeded on the consent of the parties as an electronic hearing. The Tribunal was provided with a Notice of Application for the Extension of Time for Appeal from the Applicant but no affidavit material. The Program provided the Tribunal with an affidavit of Phil Humphreys and three photographs. The Applicant, by affirmation, provided the Tribunal with testimony on his reasons for bringing the application for an extension of time. His son, Raymond Nicolini, by affirmation, provided further testimony. Mr. Humphreys, by affirmation, provided additional explanation of the matters covered in his affidavit.

Mr. Vittorio Nicolini verbally confirmed prior to the start of the motion that he had retained his son, Raymond Nicolini, to be his agent for the motion.

ISSUES:

Have the requirements for service of a notice under sections 16 and 20 of the *Ontario New Home Warranties Plan Act* been met in this case?

If the requirements are met and the Notice of Appeal was not filed with the Tribunal within the time prescribed by statute, is this an appropriate case for leave to be extended pursuant to section 7 of the *Licence Appeal Tribunal Act 1999*?

If an extension is granted, should the Tribunal provide any directions upon such an extension?

EVIDENCE:

Testimony of Raymond Nicolini:

Mr. Raymond Nicolini testified that there had been a great period of time lapse between the initial inspection of the property and when his father received the conciliation report. He stated that he got the mail for his father and he had noticed an envelope with ONHWP on the corner. He did not open the mail. By the time his parents returned there was only one or two days left in the notice period. His parents wanted to contact a friend in the construction business to get advice on this matter. This friend said the problems were the fault of the builder. Then the Notice of Appeal was couriered to the Tribunal.

Mr. Raymond Nicolini stated that there is a videotape of the problems with the deck, the brickwork and basement floor. He thought there would be witnesses to testify on these problems though he could not provide any details on these witnesses. As well, he stated that he felt the construction violated the bylaws of the City of Vaughan and the building code as evidenced by the concrete basement floor cracking.

Mr. Raymond Nicolini stated that he had been active in two previous appeals of decisions of the Program dealing with his house and that of his father, and he had signed the notices of appeals.

Testimony of Vittorio Nicolini:

Mr. Vittorio Nicolini stated that he was away on vacation. When he returned he opened his mail and saw the decision by the Program. He had his son read it as his English is not good. He knew he could appeal. His son could take care of the appeal for him. It had been his son who had picked up the mail, but Mr. Vittorio Nicolini was the one who opened the mail.

Mr. Vittorio Nicolini testified that he felt the building regulations required four steps and a railing and a deck. He stated that the builder first promised to do it and then promised him a refund. He said the brickwork at the back is out by one inch and the Program does not want to fix it. He was there when the representative from the Program and the builder came to inspect his house. The builder only repaired the window.

Mr. Vittorio Nicolini testified that there is a crack in the basement floor which the builder promised to fix but never did. It is his understanding from the municipality that there is a certain type of cement to be used. He has not yet had the cement in his basement tested. He called a friend who is in the concrete business who said that when concrete cracked as it had in the Applicant's house, it could mean it was not on a good base.

Under cross-examination, Mr. Vittorio Nicolini stated he had travelled to Quebec City and Montreal with his wife and friends. He did not remember when he left or came back and thinks the trip was about 10 days or two weeks in length. He stayed at a motel and did not call his son while on the trip.

Mr. Vittorio Nicolini first stated the signature on the postal receipt form was his signature. Then he said it was his son's signature. His son has signed documents for him for the Program. Mr. Vittorio Nicolini stated that anything was possible when asked if he could have forgotten that he had signed for the envelope with Canada Post. He felt that his wife signed her own signature on documents for the Program.

Mr. Vittorio Nicolini stated that he could have got the conciliation report some months before the decision letter from the Program.

Testimony of Phillip Humphries:

Mr. Humphries stated that he was familiar with the form sent in by the Applicant for a request for conciliation. It is dated December 13, 1999. It has two signatures on it. Mr. Humphries stated that to the best of his knowledge one signature was that of Vittorio Nicolini and the other Lina Nicolini. Mr. Humphries felt in his opinion the signature of Vittorio Nicolini on the request for conciliation form and that of the signature on the Canada Post receipt were very similar. Mr. Humphries stated that Mr. Raymond Nicolini's signature as found on the previous Notice of Appeal is different from that of the signature on the request for conciliation form.

Regarding the February 8, 1998 request for conciliation form, Mr. Humphries stated that the signature under owner is similar to that of the Canada Post receipt but not similar to that on the Notice of Appeal and the signature of co owner L. Nicolini is similar to that on the other request for conciliation form.

Regarding the Certificate of Completion form of September 18, 1997 Mr. Humphries stated that there is only one signature on it. That signature is similar to the signature on the Canada Post receipt but not similar to the signature on the Notice of Appeal form.

Mr. Humphries stated that in his opinion the signature on the Notice of Application for extension of time is not similar to that on the Canada Post receipt.

Mr. Humphries stated that the photographs were taken by him on November 21, 2000. They are photographs of the main entranceway to Mr. Vittorio Nicolini's home.

VERBAL ARGUMENTS:

By the Applicant's Agent:

Mr. Raymond Nicolini stated that his father was just a few days late in submitting his notice of appeal. His father has explained why that was the case.

The Tribunal should not give any importance to the signature on the Canada Post receipt as you have to write small on that form. The printing on that receipt is definitely that of Raymond Nicolini.

By Counsel for the Program:

The Program is relying on the Jacob Manz and Lillian Ruel-Manz case by LAT released on November 9, 2000. In that case, the Tribunal found that the Applicants did not have a reasonable case to take to a hearing and the extension was denied.

Counsel stated that there are four points to consider:

1. Is there intention to Appeal? It is the position of the Program that Mr. Vittorio Nicolini was vague in his testimony as to what happened with the decision letter. The Program does not feel that Mr. Vittorio Nicolini formed an intention to appeal.
2. Whether the explanation for being late in appealing is one that the Tribunal can accept as an excuse and permit the applicant to have an extension of time? Counsel for the Program stated that the testimony that Raymond Nicolini signed for the Canada Post receipt is not one to be believed. The comparison of signatures of Mr. Vittorio Nicolini and Mr. Raymond Nicolini with other documents shows there is a difference. As well, Mr. Humphries in his affidavit speaks of a prior CRAT decision whereby the Tribunal had an adverse finding of credibility against Mr. Raymond Nicolini and Mr. Vittorio Nicolini. Mr. Vittorio Nicolini has previous experience in filing appeals. He knows that a report is not necessary prior to filing the notice of appeal.

3. Counsel for the Program conceded there is no prejudice against the Program by allowing the extension of time to appeal the decision letter.
4. The Applicant needs to show there is a substantial point in issue and there is a reasonable chance of success. Here, Mr. Vittorio Nicolini speaks of someone saying there is a problem with the concrete. But there is no report on this. Mr. Humphries's affidavit states the findings on the concrete are the same as when he did the conciliation report. He feels the crack is due to shrinkage. Regarding the brickwork, Mr. Humphries has stated that the builder has done repairs and there is no other problem with it. Regarding the deck, that is not a Program issue as there is nothing in the Agreement of Purchase and Sale which speaks of the provision of a deck. Mr. Humphries stated that the construction complies with the Building Code. The same argument applies to the railing for the front steps which is neither mentioned in the Agreement of Purchase and Sale nor in non-compliance with the Ontario Building Code. Regarding the garage door, Mr. Humphries states that the door from garage to house is an insulated door, but there is no purpose in having an insulated door from the non-insulated garage to the outside. Counsel stated that it is the position of the Program that the Applicant does not have a reasonable chance of success respecting these claims.

LEGISLATION:

Section 14 of the *Ontario New Home Warranties Plan Act* states:

(1) Where,

.....

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or

.....

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

.....

Section 16 of the Act states:

(1) Where the Corporation makes a decision under section 14, it shall serve notice of the decision, together with written reasons therefor, on the person or owner affected.

(2) A notice under subsection (1) shall state that the person or owner served is entitled to a hearing by the Tribunal if the person or owner mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Corporation and the Tribunal.

(3) Where a person or owner gives notice in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and may by order direct the Corporation to take such action as the Tribunal considers the Corporation ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Corporation.

(4) The Corporation, the person or owner who has required the hearing and such other persons as the Tribunal may specify are parties to proceedings before the Tribunal under this section.

Section 20 of the Act states:

Any notice or document required by this Act to be served or given may be served or given personally or by registered mail addressed to the person to whom notice is to be given at the person's last known address and, where notice is served or given by mail, the service shall be deemed to have been made on the fifth day after the day of mailing unless the person to whom the notice is given establishes that the person, acting in good faith, through absence, accident, illness or other cause beyond the person's control, did not receive the notice, or did not receive the notice until a later date.

Licence Appeal Tribunal Act, 1999 states:

Section 7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 2 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

(a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and

(b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

Under the *Licence Appeal Tribunal Act, 1999*, the Tribunal has the authority to extend the time period required for an Applicant to submit their appeal on the decision letter filed by the Program. Previously, the Tribunal had this authority under the *Ministry of Consumer and Commercial Relations Act*.

The Tribunal must be satisfied that there are reasonable grounds provided by the Applicant in applying for an extension of time and for granting that extension of time. The principles used in applying this discretion are found in the CRAT case of Angela Bilodeau July 11, 1994.

At page 4 of that case the Tribunal states, “ While no specific authorities were cited to me, both counsel agreed that the principles to be taken into account when considering such an application are those considered on a similar application in the Court of Record and are that the Applicant must show:

1. That she had an intention to appeal within the time limited.
2. That the reason the notice of appeal was not served on time is such that the Applicant should be excused for not doing so and allowed to do it later if she did as soon as the true situation was apprehended.
3. That there is not some overriding prejudice to the Respondent in the allowing of the application.
4. That there is a substantial point in issue and the Applicant has some reasonable chance of success.”

The Tribunal, in the Manz case supra also held at page 3, “This Tribunal notes that the fundamental principle in deciding whether to allow an extension is to see that justice is done.”

The Tribunal finds that the decision letter was sent to the Applicant in accordance with the requirements under the Act. Now, the Tribunal must consider whether this is a case for granting an extension of time to appeal and, if so, on what terms and conditions.

The Tribunal does not find that the Applicant had an intention to appeal within the time limit. At best his evidence is vague. He cannot remember when he received the decision letter or when he went on his trip. He cannot recall the exact length of time that he was away. He leaves all of these issues to his son. But his son is also vague about the specifics of when he received the notice and when it was decided to send in a Notice of Appeal. The Tribunal finds this vagueness to be significant as the son has participated in two previous appeals to this Tribunal and is well aware of what are the time frames for filing an appeal.

Both father and son have experience in filing an appeal. The Tribunal cannot accept their vague evidence as showing an intention to appeal within the time limit. There was an intention to dispute the findings of the Program but this intention is not shown to have occurred within the time limit for making the appeal but afterwards when a friend of the father's says that the concrete basement floor has problems that are not just due to shrinkage but due to improper workmanship.

The Tribunal does not find that the excuse why the notice of appeal was not served on time is such that the Applicant should be excused for not doing so.

It is agreed that at some point in the relevant time frame the Applicant was on holidays. It is vague as to whether these holidays occurred when the decision letter was delivered by registered mail to the home of the Applicant or whether the holidays occurred after the Applicant had signed for the registered mail. The Tribunal has considerable problems with the testimony of the Applicant who first states that he signed the postal receipt for the decision letter and then when he realizes the implications of his statement backtracks and states that the signature on the postal receipt is that of his son Raymond. The Tribunal puts great weight on the observations of Mr. Humphries who as the Program's warranty representative has had extensive dealings with the Applicant and has viewed the paperwork submitted by the Applicant in his dealings with the Program prior to the issuance of the decision letter. While Mr. Humphries is not a handwriting expert the Tribunal accepts his commonsense observations that the handwriting on documents already in the file of the Program which the Applicant has admitted to signing bear a great similarity to the handwriting on the postal receipt. Those observations when combined with the initial statement of the Applicant that he had signed for the postal receipt leads the Tribunal to conclude that the Applicant knew of the decision letter at the time when it was delivered to his home. Whether he went on his holidays prior or after that time is a matter of speculation as the Applicant could not supply any details on this.

The Tribunal concludes that the Applicant decided to appeal the decision letter at some time when he had the opinion of his friend who works in the concrete business. The Applicant never provided any details which would give any significance as to the credentials of this friend. This is not an excuse acceptable to the Tribunal for an extension of time.

Regarding the third point, the Program has conceded that there is no prejudice.

Regarding the fourth point, the Tribunal finds on the evidence before it that it is unlikely that the Applicant could have any reasonable chance of succeeding on the points raised. The Applicant failed to point out any particular regulation under the Ontario Building Code which states that you must have a deck at the back of his house. Indeed, Mr. Humphries in his affidavit states that the exit from the house does not violate the Building Code and that there is nothing on this point in the Agreement of Purchase and Sale. The Warranty Program is not

there to litigate what should have been in an agreement. The Applicant must pursue other legal remedies for that issue.

Regarding the brickwork, it is speculative at best as to whether the Applicant could provide any evidence to show that this is not a matter of personal taste but one of workmanship or a violation of the Building Code.

Regarding the basement crack, the Applicant has not demonstrated that this matter has any chance of success. Mr. Humphries is stating that the crack is due to shrinkage. The Applicant makes allegations of a failure to follow the rules of the municipality but he has not even had the cement tested nor has he given any details of how this violates the regulations of the municipality. He speaks of a friend who says the crack is due to an improper base, but he does not provide any details on the credentials of this friend or on what basis this friend made this statement. It is pure speculation.

Regarding the railing for the front steps, the Tribunal had the opportunity to examine the photographs taken by Mr. Humphries just prior to the motion. They show no obvious defect. In his testimony the Applicant did not state where in the Building Code it supported his contention that there was a building code violation. This is another matter in which the Agreement of Purchase and Sale is silent. Again the Applicant has other legal avenues to pursue his remedy for this issue.

The garage door is purely an issue within the sphere of the Agreement of Purchase and Sale. There is nothing in the wording which convinces the Tribunal that it would be a reasonable interpretation to hold that there should be an insulated door leading from a noninsulated garage to the outside. This again is a matter for other legal remedies.

Given these facts the Tribunal does not find it appropriate to exercise its discretion and order that the time for giving the notice be extended. There are no reasonable grounds to do so.

ORDER:

Accordingly, pursuant to the authority vested in it by the *Licence Appeal Tribunal Act, 1999* the Tribunal orders that the application to extend the time for filing of the Appeal by the Applicant be dismissed.

LICENCE APPEAL TRIBUNAL

Marjorie L. Hiley, Vice-Chair

Released: February 20, 2001

FARRAR

DAVID FARRAR

APPEAL FROM A DECISION OF THE BOARD OF
TRUSTEES OF THE MOTOR VEHICLE DEALERS
COMPENSATION FUND

TRIBUNAL: E. ALAN GARBE, Vice-Chair

APPEARANCES:

DAVID FARRAR, the Applicant,
LARRY A. BANACK, Counsel, representing the Board of Trustees of
the Motor Vehicle Dealers Compensation Fund

DATE OF
HEARING:

November 30, 2000

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a written decision of the Board of Trustees (the "Board") of the Motor Vehicle Dealers Compensation Fund (the "Fund") dated July 21, 2000, wherein the Board denied the Applicant's claim dated April 28, 2000. By Notice of Appeal dated August 8, 2000, the Applicant stated that he wished to appeal the decision of the Board.

POSITION OF THE PARTIES:

The Board denied the claim of the Applicant for the following reasons:

1. the Applicant did not deal with a registered motor vehicle dealer;
2. the bill of sale for the vehicle, the subject matter of the Applicant's claim, was between the Applicant and a private individual who was not a dealer;
3. the bank draft for which the vehicle was purchased was made out to a private individual who was not a participant in the fund; and

4. the Applicant never attended at the registered premises of the dealer to view or purchase the vehicle.

For the reasons stated above, it is the Board's position that the Applicant's claim does not meet the requirements for compensation from the Fund.

The Applicant's position is that because a registered dealer, Peter Nenkov ("Nenkov"), operating as Pepa Export-Import of Kitchener, Ontario ("Pepa"), was involved in the transaction, the transaction was in fact a transaction involving a registered motor vehicle dealer and therefore the Applicant's claim meets the requirements of the Fund.

The Applicant's claim is for \$18,322.52 which amount is comprised of \$8,450.00 paid for the Vehicle, \$3,333.49 (shown as \$3,336.49 in the Superior Court judgment) for repairs, \$745.22 for interest on the aforesaid amounts and \$5,790.81 for legal expenses.

THE EVIDENCE:

At the commencement of the hearing, the following documents were entered as exhibits in these proceedings: the document brief prepared by counsel for the Board as Exhibit 3; a used vehicle information package as Exhibit 4; a vehicle warranty information sheet as Exhibit 5 and a Director's Certificate stating that Bojan Savic is not and never has been registered under the Act as Exhibit 6.

The Applicant testified that in August 1997 he decided to purchase a VW Golf GTI and saw an advertisement in the Auto Trader magazine for a 1992 Volkswagen Golf GTI. The Applicant arranged to see the vehicle which he drove and, upon being assured that the vehicle had not been involved in any accidents, agreed to purchase the vehicle and gave the seller a deposit of \$200.00. The Applicant referred to a sales agreement appearing at Page 7, Tab 1, Exhibit 3, being an undated sales agreement between Bojan Savic ("Savic") of Mississauga, Ontario who agreed to sell a VW Golf GTI, V.I.N. 3VWHE01G7NM033384 (the "Vehicle") for a price of \$8,000.00. In the sales agreement, Savic acknowledged having received a \$200.00 down payment. The form, which appears to be preprinted, provides a space for the parties to enter their agreement with respect to how the balance of the purchase price, is to be paid however, that space is blank. The form also contains the statement that: "the Vehicle is sold as is, with no warranties except the following" and the words: "4 MONTHS POWER AND TRAIN" have been inserted and initialed. The name of the Applicant is inserted at the bottom of the form, and the Applicant stated that both Savic and the Applicant signed the document.

The Applicant stated that on August 21, 1997, he paid the balance of the purchase price and picked up the Vehicle. The Applicant referred to a second sales agreement which appears at Page 8, Tab 1, Exhibit 3, which is identical in form to the previous sales agreement and has

been filled out in much the same fashion, however in the space where the seller acknowledges receipt of a down payment, the amount of \$8,000.00 has been inserted and after the preprinted words regarding terms for payment of the balance, the words: "NO BALANCE" have been inserted. In addition, the statement with respect to the Vehicle being sold as is and without warranties has been amended to read: "THE VEHICLE IS SOLD WITH WARRANTIES FOLLOWING: 4 MONTH POWER AND TRAIN. 21 08 1997 - 20 12 1997." According to the Applicant, the form was signed by both the seller, Savic and the Applicant.

The Applicant then referred to a copy of the purchaser's receipt for a bank draft appearing at Page 9, Tab 1, Exhibit 3, made out in the name of Jasmina Savic and although the amount stated on the copy is unclear, the Applicant testified that the amount of the draft was \$8,250.00. It was the Applicant's evidence that Savic requested the money be made payable to his wife.

The Applicant stated that he then went to the licence bureau and was told that the Vehicle had already been transferred and the tax paid.

The Applicant testified that when Savic first indicated that he was a motor vehicle salesperson selling for a registered dealer, the Applicant asked that the transaction be cancelled, but Savic refused to cancel the transaction and threatened to take legal action if the Applicant did not complete the purchase of the Vehicle.

The Applicant testified that when he began to experience trouble with the Vehicle he went to Queensway Volkswagen who advised the Applicant that the Vehicle had been written off. The Applicant referred to an invoice from Milton Complete Automotive at Page 14, Tab 1, Exhibit 3 and testified that he had repair work done on the Vehicle at a cost of \$1,617.24 in February 1998.

The Applicant introduced a copy of a used vehicle information package dated January 30, 1998, which is Exhibit 4 in these proceedings. The used vehicle information package states that the Applicant is the current registrant of the Vehicle as of August 21, 1997 and that Nenkov was the previous registered owner as of the same date, August 21, 1997. The used vehicle information package discloses that there had been four owners previous to Nenkov.

The Applicant testified that in 1998 he contacted OMVIC and spoke with Annette Jones. He stated that, as a result of his conversations, OMVIC reached an agreement with Nenkov whereby Nenkov would refund the Applicant's money when Nenkov sold the Vehicle. On June 30, 1998, the Applicant was advised that it was unlikely that Nenkov would give a refund to the Applicant.

It was the Applicant's testimony that Annette Jones told him about the Fund and the need to sue the parties involved in order to qualify under the requirements of the Fund.

The Applicant testified that he commenced legal proceedings against Savic, Nenkov and Pepa, also known as Pepa Exporters and Importers, and referred to a judgment of Superior Court of Justice (Page 29, Tab 1, Exhibit 3) whereby the Applicant obtained judgment against Nenkov and Pepa. The judgment provides that the sales agreements dated August 18, 1997 and August 21, 1997 for the purchase and sale of the Vehicle were rescinded and that those defendants were ordered to pay to the Applicant the sums of \$8,450.00 and \$3,336.49 together with interest of \$745.22 on the aforesaid amounts and costs of \$5,790.81. In addition, the court order provides that upon receipt of the sum of \$8,450.00, the plaintiff is to return the Vehicle to Nenkov. Lastly, the action against Savic was dismissed without prejudice to the Applicant to bring a further claim against Savic should he so intend.

The Applicant referred to an application for transfer, a copy of which appears at Page 11, Tab 1, Exhibit 3, whereby a Ruzica Gavrilov, who is shown as the owner prior to Nenkov on Exhibit 4, transferred the Vehicle to Pepa on August 21, 1997. The Applicant pointed out that in the space to be completed by the buyer, in the blank for insertion of the RIN or driver's licence number, the number 101454975 had been inserted. The application for transfer is dated at the bottom beside the signature of the buyer as "97/08/21." The Applicant then referred to the copies of the vehicle permit appearing at Pages 12 and 13, Tab 1, Exhibit 3, which shows on Page 12 the registered owner of the Vehicle as being "Peter Nenkov, Pepa Export-Import, 528 Lancaster Street West, Kitchener, Ontario." Page 13 is a copy of the completed application for transfer which shows, under the name of the buyer, David Farrar with his address as 1133 Forestvale, Burlington, Ontario L7S 3G6 and is dated "97/08/21" with his signature. The Applicant testified that it was not his signature. The Applicant stated that these documents indicated that a dealer's licence was used to transfer the Vehicle.

The Applicant testified that he tried to contact Nenkov to collect on the judgment without success and passed on whatever information he had to OMVIC.

Under cross-examination, the Applicant stated that he had been employed by SMC Lavelin with respect to the Voisey Bay project but worked in Etobicoke and that he was not an engineer but had a degree in economics. The Applicant stated that he had attended night school at various universities taking accounting courses and had worked as an accounting clerk. The Applicant left SMC Lavelin in January 2000 and was now working as a financial analyst for AT&T.

The Applicant confirmed that he lived at Forestvale Drive in Burlington and had car pooled to his work in Etobicoke using the Vehicle once every four days. The Applicant stated that he was single and resided with his parents. Prior to the car pooling arrangement, the Applicant stated that he had travelled to work with a person for a fee but that that person had left the company, and therefore the Applicant required a vehicle.

The Applicant stated that he had, for some time, wanted to acquire a VW Golf GTI and concentrated on models made in 1992 as they were affordable to the Applicant. The

Applicant stated that the Vehicle for sale by Savic was the third or fourth VW Golf that he had looked at. The Applicant testified that he had done all of his searching within the month of August 1997 and that he had obtained all of his leads through the Auto Trader.

The Applicant stated that he intended from the outset to purchase from a private seller and that he had a price range of between \$8,000.00 and \$9,000.00. The Applicant could not remember the specific prices for the other vehicles that he looked at but believed the prices to be approximately \$8,200.00, \$8,500.00 and \$8,700.00. With respect to the others vehicles, the Applicant stated that they did not appeal to him or had been modified and that he recalled that the mileage on one vehicle was approximately 120,000 kilometers and on another between 95,000 and 97,000 kilometers and on a third between 130,000 and 140,000 kilometers.

With respect to the Vehicle he purchased, the Applicant stated that he test drove the Vehicle but did not negotiate a price. He now knows that he was to pay the 8% PST, but the Applicant was not sure whether sales tax was applicable at the time of his purchase but he was prepared to pay the sales tax and the licensing fee. He considered the cost of certification as a fixed cost.

The Applicant stated that he wanted a private deal as he did not want to pay a "locator fee" and did not want to pay a marked-up price which he felt would be incurred if he went to a dealer.

The Applicant stated that he did go to a dealership but found the vehicles to be overpriced He did not negotiate with the dealership and therefore did not know what the actual sales price would have been.

When asked about his use of the term "locator fee," the Applicant stated that he was referring to the profit a dealership makes on the sale of a vehicle. It was the Applicant's opinion that a purchaser would pay more for a vehicle purchased from a dealer than if bought privately. The Applicant was most emphatic that he did not want to purchase a vehicle from a dealer.

The Applicant stated that the advertised price for the Vehicle for sale by Savic was \$8,500.00 and that the Applicant expected to be able to negotiate that price which he considered to be in the mid-range. The sales price was agreed at \$8,450.00 and Savic said he would pay the tax for the extra \$450.00. The Applicant stated that at that time he did not know the amount of the tax.

The Applicant did not take the Vehicle to a mechanic nor did he ask if he could take the Vehicle to a mechanic. The Applicant test drove the Vehicle for approximately ten minutes.

The Applicant stated that he never met Nenkov and did not know him except through the documentation that he had received and comments by Savic. The Applicant stated that he never saw Nenkov nor did he have any knowledge of Pepa.

The Applicant testified that after he paid the deposit the parties shook hands and the Applicant believed that he had concluded a private sale. The Applicant stated that at the time of purchase the Vehicle had between 92,000 and 95,000 kilometers.

The Applicant testified that the Vehicle had standard transmission and air conditioning and now has approximately 170,000 kilometers. The Applicant still owns the Vehicle even though it was not now on the road. The Applicant drove the Vehicle once every four days to work which was approximately 90 kilometers round trip but did not take long trips with the Vehicle.

The Applicant stated that Savic had told him that he was a mechanic who worked on the Vehicle and had owned it for one year and that he would ensure that the power and train worked. The Applicant stated that he had no way of knowing if Savic drove the Vehicle.

The Applicant testified that he never spoke to the previous owner, Gavrilov.

The Applicant stated that in addition to the work shown on the two Milton Complete Automotive invoices (Pages 14 and 15, Tab 1, Exhibit 3), other repairs had been made to the Vehicle by friends who had only charged for the parts. The Applicant stated that he had transmission work done for a cost of approximately \$800.00 about one year ago at which time the mileage would have been approximately 155,000 kilometers. The Applicant stated that he had muffler work done for approximately \$200.00 at about 140,000 kilometers. The Applicant stopped having repair work done at Milton Complete Automotive because they were too expensive. The Applicant confirmed that the Milton Complete Automotive invoice appearing at Page 14 was in the amount of \$1,617.24 and showed a mileage of 110,950 kilometers on February 23, 1998 and that the invoice from Milton Complete Automotive at Page 15 dated November 11, 1998 showed 141,810 kilometers was for a charge of \$316.25. The Applicant testified that he had replaced the tires which he purchased from a friend for between \$200.00 and \$250.00.

The Applicant stated that he had not sold the Vehicle nor had he tried to sell the Vehicle because he felt that he would have to disclose that it was a write-off. The Applicant testified that he did not believe that Annette Jones told him that Savic was not a registered salesperson. It was the Applicant's testimony that he had been told by a lawyer who was purportedly a specialist in motor vehicle law that the insertion of the number 101454975 on the application for transfer appearing at Page 11, Tab 1, Exhibit 3, meant that the Vehicle had been transferred by a dealer. It was the Applicant's understanding from what was told to him by the lawyer, whose name he thought was Gray, that only registered parties had a RIN.

The Applicant's attention was directed to the enquiry history for the Vehicle appearing at Tab 5, Exhibit 3, and he agreed that the entry for the Applicant's acquisition of the Vehicle shows a RIN. The Applicant acknowledged that the entry on the enquiry history at Tab 5 beneath the Applicant's, is for Nenkov and the RIN associated with that entry is the same number as shown on the application for transfer at Page 11, Tab 1, Exhibit 3.

The Applicant stated that it was not until he obtained the used vehicle information package (Exhibit 4) that he first became aware of Nenkov or his involvement.

The Applicant testified that he had no notes of his conversations with Savic. The Applicant stated that the lawyer drafted the affidavit at Page 16, Tab 1, Exhibit 3. When asked about paragraph 8 of the affidavit at Page 19, the Applicant acknowledged that Savic had not used the words as set forth in that paragraph but repeated that Savic had disclosed that he was selling the Vehicle on behalf of a dealer. The Applicant testified that he was told that he would pay less tax if the deal was done through a dealer. The Applicant admitted that he did not understand why there would be a savings of sales tax if the transaction was done through a dealer.

When asked why he wanted to cancel the deal when told that Savic wanted to put the deal through a dealer, the Applicant stated that he believed that the trust relationship established between Savic and himself had been destroyed by Savic's disclosure. The Applicant stated that his first impression of Savic was that he was someone who could be trusted, however that feeling disappeared upon Savic's statement.

The Applicant testified that Savic pressured the Applicant to complete the transaction and said he would not give the money back as the Applicant made a binding deal.

When asked about the statement contained in the affidavit at paragraph 8, Page 19, wherein the Applicant said that "both defendants" refused to rescind the transaction, the Applicant stated that the use of the word "both" was a mistake.

The Applicant testified that he now had a new vehicle as he would never again buy a used vehicle.

Douglas Lamb was called to give evidence on behalf of the Board.

Mr. Lamb identified himself as having been in the automobile industry for 30 years, was a member of the GM Technician Guild and for 26 years, has been a licensed mechanic.

Mr. Lamb stated that he had appeared as an expert witness in court and had testified before this Tribunal in the past.

Mr. Lamb testified that a RIN was assigned to a transaction as it was possible for a vehicle to be owned without a licence.

Mr. Lamb testified that, calculating backwards, taking a purchase price of \$8,450.00, if the sale had been private with only 8% PST being paid, the actual purchase price for the Vehicle would have been \$7,824.00. If the sale had been made through a dealer where GST and PST would have been paid, the sale price would have been \$7,347.00.

The witness referred to the extract from the Canadian Black Book for used car valuations appearing at Tab 10, Exhibit 3, dated August 15, 1997, which he identified as being a compilation of market values for vehicles obtained through the dealer network for the previous two weeks. The witness stated that for the Vehicle to fall within the average category, it would have to show approximately 20,000 kilometers per year mileage and would have a black book value of \$9,400.00. The price range for a car similar to the Vehicle would be between \$11,000.00 in a retail sale and the mid \$8,000.00 range for a private sale.

Mr. Lamb testified that the mileage shown on the Milton Complete Automotive invoice at Page 14, Tab 1, Exhibit 3, of 110,950 kilometers was consistent with a 1992 vehicle in 1998. The witness stated that the items listed on the invoice would be categorized as "wear items" which would be required maintenance on a vehicle of that age with that number of kilometers. Mr. Lamb's attention was directed to the Milton Complete Automotive invoice at Page 15, Tab 1, Exhibit 3, and he indicated that he would not be surprised that a vehicle with 141,000 kilometers would require replacement of the power steering pump. In addition, the witness stated that the need to change a exhaust system is not unusual as European exhaust systems had a life span of approximately five to six years.

The witness was presented with Exhibit 5 which is a warranty information statement and asked if he knew the meaning of the letter "T" after the word "status" on this form, Mr. Lamb stated that the "T" stood for "totalled" but that there could be a variety of occurrences which gave rise to this status other than a collision such as theft recovery or fire damage. Mr. Lamb testified that it often happens that a car will disappear and after 30 days, the insurance company will pay out the value under the insurance policy and the vehicle subsequently reappears but as the claim has been paid, the vehicle status is shown as "T".

Mr. Lamb stated that the wholesale and retail values shown on Exhibit 4, the used vehicle information package, would have been as of the date of the report, January 30, 1998 and that the value may have been higher six months earlier. The price would not be affected until October or November.

Mr. Lamb stated that the black book value for the Vehicle now, with approximately 170,000 kilometers, may be \$5,000.00 and could be as high as \$6,000.00 to \$6,500.00 if certified. The witness testified that as a car becomes older it is categorized as "rough" whether or not previously written off.

Under cross-examination, Mr. Lamb acknowledged that he had not fixed Volkswagen vehicles but stated that he had knowledge of Volkswagen vehicles. The witness disagreed that the cost of Volkswagen parts was two to three times that of General Motors products.

When asked about the Impact Auto Auction Ltd. invoice appearing at Tab 6, Exhibit, 3, Mr. Lamb stated that Impact Auto Auction Ltd., as an auction, only sells to dealers and the prices are less than the prices for which a dealer would sell similar vehicles.

Mr. Lamb stated that there was no PST payable on the Impact transaction as the Vehicle was purchased for future resale.

Mr. Lamb testified that the used vehicle information package (Exhibit 4) did not disclose any dealer as an owner at any time other than Impact Auto Auction Ltd.

The witness acknowledged that he had never inspected the subject Vehicle.

Mr. Lamb defined the expression: "curbsider" as a licensed dealer representing himself as a private seller.

ISSUE:

The issues in this hearing are whether or not the transaction involving the Applicant is a transaction for which a claim may be made to the Fund and if so, has the Applicant suffered a pecuniary loss with respect to the transaction described in the evidence.

LAW:

The applicability of the Fund to a particular transaction is premised on certain definitions which appear in Section 1 of the Schedule to Regulation 801 defines the following terms:

"claim" means a claim for pecuniary loss arising out of a transaction involving a trade in a motor vehicle.

"participant" means a registered motor vehicle dealer who participates in the Fund.

Section 12(3)(1) of Regulation 801 states:

.....

12(3) A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participants' refusal or failure to pay, even if the motor vehicle dealer with respect to whom

the claim is being made ceased to be a participant after the refusal or failure to pay and where the claim meets one of the following requirements:

12(3)1. The customer has recovered in any court of Ontario a judgment in respect of the claim and the judgment has become final by reason of the expiration of the time for appeal or of having been confirmed by the highest court to which an appeal may be taken and the customer makes an application, supported by the judgment and statement of claim, for payment of the unsatisfied portion of the judgment and costs as assessed.

.....

APPLICATION OF LAW TO FACTS:

In order for the Applicant to succeed with his claim to the Fund, the Applicant first must establish that the transaction was with a registered motor vehicle dealer and secondly that he has suffered a pecuniary loss.

It is clear from the evidence introduced at this hearing that the four reasons given by the Board for denying the Applicant's claim to the Fund are correct. The question then becomes, notwithstanding those four reasons, can the Applicant make a claim to the Fund.

In the decision of this Tribunal in Karter Brar v The Board of Trustees of the Motor Vehicle Dealers Compensation Fund, CRAT Released June 19, 1998, a registrant sold a vehicle from premises other than his registered premises, the purchase price was paid to the registrant personally, and a receipt was given without reference to the vendor being a registered dealer. The registrant in the *Brar* decision was found to be a "curbside dealer" or to use another expression "a curbsider." The consumer was entitled to make a claim to the Fund.

The significant distinction between the *Brar* decision and the matter before this Tribunal is that the consumer in the *Brar* decision, even though he did not know it, dealt with a registered motor vehicle dealer whereas the Applicant did not. The Applicant's dealings were solely with Savic who, according to the Director's Certificate (Exhibit 6) was not and never has been registered under the Act and therefore is not a curbsider.

The fact that Savic was not registered under the Act raises the question of what was the relationship between Savic and Nenkov. It is true that the Vehicle was never registered in the name of Savic and was transferred from Nenkov to the Applicant, however there is no evidence before this Tribunal to show that Nenkov received the money paid by the Applicant for the Vehicle. Although there was the vague suggestion that Nenkov was prepared to refund the money upon the sale of the Vehicle, there was no evidence as to the basis of such a proposal.

In order to extend the benefit of the Fund to a consumer, there must be a more direct relationship between the consumer and the registered motor vehicle dealer than exists in the present situation.

Although the Applicant may have been intimidated by Savic's demand that he complete the transaction, he could have contacted OMVIC immediately thereafter. Instead, he made no complaint until after he experienced problems with the Vehicle and learned that the Vehicle had been written off.

Based on the evidence introduced at this hearing, the Tribunal finds that the Applicant's transaction was not a transaction involving a registered motor vehicle dealer.

Counsel for the Board raised the alternative argument that if the Applicant was entitled to make a claim to the Fund, the Applicant had not suffer a pecuniary loss.

The amount that the Applicant paid for the Vehicle, as a private sale, taking into account GST, was \$7,824.00. There is no suggestion that this amount was excessive. The value of the Vehicle today ranges from a low of \$5,000.00 to a high of \$6,500.00. The Applicant has owned the Vehicle for more than three years and in that period put approximately 75,000 kilometers on the Vehicle.

In considering this matter, the Tribunal is assisted by the decision of the Divisional Court in Didaskalou (1994) 26 CRAT 1034. In that case, the court found that although the excessive price paid for the vehicle in question by the consumer constituted a pecuniary loss, the repair costs were not sufficiently linked to the transaction to be compensated by the Fund.

The Tribunal finds that the repairs done to the Vehicle are in keeping with the type of maintenance repairs that would be required for a vehicle of the age and mileage of the Vehicle and do not therefore constitute a pecuniary loss suffered by the Applicant arising from a trade in a motor vehicle. The difference in the value of the Vehicle in August 1997 and today is reasonable given the passage of time and the additional mileage on the Vehicle.

The Tribunal finds that, if the Applicant had been entitled to make a claim to the Fund, the Applicant has not suffered a pecuniary loss.

The issue of whether the Applicant would be entitled to compensation for his legal costs is more troubling.

In the present situation, the Tribunal finds that the Applicant has not suffered a pecuniary loss and therefore no payment would be forthcoming from the Fund. In such circumstance, it is difficult to accept that the Applicant would be entitled to recover his legal costs with respect to the default judgment. As the Tribunal has found that the Applicant is not entitled to make a claim to the Fund, it need not decide this matter.

ORDER:

The Tribunal finds that the Applicant has not proven his claim for compensation and therefore, pursuant to the provisions of section 15(3) of the Schedule to Ontario Regulation 801, R.R.O., 1990 as amended, made pursuant to the Act, the Tribunal hereby confirms the decision of the Board with respect to the application of the Applicant.

ORDER

Following attendances on February 14, 2001 at the hearing before the Licence Appeal Tribunal, no one appearing for the Applicants, David and Mary Frattaroli (the "Applicants"), Brian M. Campbell, appearing but no longer representing the Applicants, Michael Bader, Counsel, on behalf of the Ontario New Home Warranty Program (the "Program"), and no one appearing for the Added Party, 1160373 Ontario Ltd. (the "Added Party"),

PURSUANT to the provisions of the *Ontario New Home Warranties Plan Act*, R.S.O. 1990, Chapter O.31, as amended, David and Mary Frattaroli (the "Applicants"), appealed a decision of the Ontario New Home Warranty Program (the "Program") set out in a decision letter dated August 9, 2000;

WHEREAS at the commencement of the hearing Mr. Brian M. Campbell appeared and advised the Tribunal that he no longer represented David and Mary Frattaroli in this matter and requested to be taken off the record as his clients had not briefed him and he was unable to contact them;

AND WHEREAS, the Tribunal recessed the matter for one-half hour to allow additional time for the Applicants to appear;

AND WHEREAS, after half an hour, the Tribunal reconvened and proceeded in the absence of the Applicants;

AND WHEREAS the Applicants have failed to appear before the Tribunal, although duly notified, this Tribunal finds that due to non-attendance and failure to proceed on the part of the Applicants, the Applicants have abandoned these proceedings;

NOW THEREFORE, this Tribunal Orders that the appeal by the Applicants is dismissed and pursuant to the authority vested in the Tribunal under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Program is directed to disallow this claim.

PREHEARING

TIMOTHY AND GAIL PHELAN

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSE OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

TIMOTHY PHELAN, Appearing on his own behalf and on behalf of
Gail Phelan,
ANDREA YORK, Counsel, representing the Ontario New Home
Warranty Program,
JOHN RAPOSA, Agent, representing the Added Party, J.R. Diamond
Homes Inc.

DATE OF
PRE-HEARING: February 14, 2001

Toronto

ORDER

FOLLOWING attendances on February 14, 2001 at a prehearing before the Tribunal of Timothy Phelan, on his own behalf and on behalf of Gail Phelan (the "Applicants"), and Carol Street, Counsel on behalf of the Ontario New Home Warranty Program (the "Program") and John Raposa, Agent on behalf of J.R. Diamond Homes Inc., (the "Added Party");

The Tribunal makes the following Order on consent of all parties:

1. The Parties to the hearing are the Applicants, the Program and the Added Party.

2. The Parties have agreed to a complete settlement of all warranty issues on the following basis:
 - i) The Program will pay to the Applicants the sum of fourteen thousand dollars (\$14,000.00), of which four thousand dollars is to be paid by the Added Party.
 - ii) The Added Party will pay its contribution of four thousand dollars (\$4,000.00) to the Program by Wednesday, February 28, 2001.
 - iii) The Program will then pay the total amount of fourteen thousand dollars (\$14,000.00) to the Applicants by Wednesday, March 28, 2001.
 - iv) The Applicants will within seven days of receipt of the monies mentioned in paragraph # 3, sign a release that has been prepared by Counsel for the Program and return that release to the Program forthwith.
 - v) The terms of the release are as follows: a) that it is a release for both the Program and the Added Party; b) that for the payment of fourteen thousand dollars, the Applicants, Timothy and Gail Phelan hereby release the Program and the Added Party from all warranty claims up to and including the date of February 14, 2001. Such warranty claims are extinguished by the payment of the fourteen thousand dollars. The payment of monies and the release is in no way connected with the issue of delayed closing.
3. Now therefore, upon consent of the parties, this Tribunal orders that the proceedings in this matter are concluded on the basis of the terms set out in this order.

TOMASZ WRZALKA O/A TOMY COMMISSION AUTO SALES

TOMASZ WRZALKA O/A TOMY COMMISSION AUTO SALES

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

ANTHONY BAK, Counsel representing the Applicant
AVIVA HARARI, Counsel representing the Registrar,
Motor Vehicle Dealers Act

DATE OF

HEARING: January 29, 2001

Toronto

REASONS FOR DECISION AND ORDER

This is a hearing before the Licence Appeal Tribunal (the "Tribunal") arising out of a Notice of Proposal issued by the Registrar under the *Motor Vehicle Dealers Act* ("the Registrar", and "the Act" respectively). The Notice of Proposal dated November 7, 2000, proposed to revoke the registration of Tomy Commission Auto Sales ("Tomy Commission") under the Act.

BACKGROUND:

The Registrar under the Act proposed to revoke the registration of Tomy Commission Auto Sales (the "Registrant"). The grounds relied upon by the Registrar for the Proposal are set out below:

1. The past conduct of Tomy Commission Auto Sales, the Applicant OR an officer of COMPANY NAME affords reasonable grounds for belief that the Registrant's will not carry on business in accordance with law, and with integrity and honesty, TO WIT;
 - (a) The Registrant has failed to make disclosure to customers that vehicles sold

had been purchased by the Registrant at auction with the disclosure that they were 'accident repaired' or 'accident repaired and frame damage', and has failed to make disclosure that the true distance traveled was unknown.

- (b) The Registrant has failed to make disclosure to other dealers when vehicles were sold at auction that when these vehicles were purchased there was disclosure of "frame damage", "structural damage", and "accident repaired".
- (c) The Registrant has failed to make disclosure that vehicles purchased from Enterprise Rent a Car through the Toronto Auto Auction were 'daily rentals' when the vehicles were sold to customers.

The Registrant has been registered under the Act since November 19, 1991 and has carried on business at 599 York Road, Guelph, Ontario. Mr. Tomasz Wrzalka is the sole proprietor of the business and presently has no employees. He purchases vehicles for resale either wholesale or retail and the vehicles in question in this matter were all acquired at the ADESA Montreal auto auction in Montreal, Quebec, or at the Toronto Auto Auctions. The motor vehicles purchased in Montreal were all sold to the Dealer with disclosure of one or more of the following deficiencies; "accident repaired"; "structural damage"; "frame damage"; and "true distance traveled unknown". When these vehicles were sold to customers there was no such disclosure on the Bill of Sale, however some customers were advised that the vehicle had been in an accident. Other vehicles were sold at auction and there was no disclosure made to the purchasers. The Registrant purchased vehicles at the Toronto Auto Auction, which had been owned by Enterprise Rent a Car, and did not advise the purchasers that these vehicles had been "daily rentals" by marking the appropriate part of the Bill of Sale. There was a record of only one customer complaint involving the Registrant however it did not appear to have been followed up by the customer.

THE LAW:

Section 3 of the *Motor Vehicle Dealers Act* (the "Act"), states as follows,

- (1) No person shall,
 - (a) carry on business as a motor vehicle dealer unless the person is registered under this Act; or
 - (b) act as a salesperson of or on behalf of a motor vehicle dealer unless the person is registered as a salesperson of such dealer and such dealer is registered as a motor vehicle dealer under this Act.

Section 5 of the *Motor Vehicle Dealers Act* (the "Act"), states as follows;

5(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

(c) the applicant is a corporation and,

(i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of business, or

(ii) the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carried on in accordance with law and with integrity and honesty; or

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

(2) A registration is subject to such terms and conditions to give effect to the purposes of this Act as are consented to by the applicant, imposed by the Tribunal or prescribed by the regulations.

Section 6 of the Act states as follows;

(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion, the applicant is disentitled to registration under section 5.

(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 5, if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.

CASELAW:

Brenner v Ontario (Registrar of Motor Vehicle Dealers and Salesman) 1983 O. J. No. 1017 Ontario Supreme Court-High Court of Justice Divisional Court

This was an appeal by the Registrar of Motor Vehicle Dealers and Salesmen from a decision of the Commercial Registration Appeal Tribunal in which the Tribunal directed the Registrar to grant a conditional registration to the Respondent. The Applicant had a very serious criminal record which he had disclosed in his application but he had not disclosed three further convictions which were considered by the Registrar to be minor offences. The Applicant heard evidence from a potential employer and a criminal lawyer who testified that the Applicant was rehabilitated himself. The Court found that the Tribunal had not applied the proper test, and set out this test in paragraph nine of the judgment as follows:

".....the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was the possibility that he, indeed, might have reformed himself."

Due to the particular facts in this case Southey J. sent it back for a rehearing, however, adding in the third last paragraph:

The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

Therefore, it is not sufficient for the Tribunal to reach a conclusion that it would have exercised the discretion differently from the way in which the Registrar did. Clearly, in order to overrule the Registrar the Tribunal must conclude that the Registrar was wrong in his decision and that

the conduct of the Applicant does not afford reasonable grounds for his belief based upon it.

The above principle was affirmed by the Divisional Court in *Faccenda* [1994] 26 CRAT Part II 1050. In *Faccenda*, the Divisional Court, again on appeal from this Tribunal quashed a decision to direct a Registrar not to carry out his Proposal. At page 1051 the Court held:

It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought that the Registrar was in error in his belief.

Off Lease Motor Car Sales Inc and Vasilios Tharrenos (November 5, 1999) Commercial Registration Appeal Tribunal

In this case, a Notice of Proposal had been issued against the Registrant on the basis that he employed unregistered sales persons and was selling vehicles without proper disclosure. The Tribunal found that the Registrant had purchased vehicles which had been involved in serious accidents and had been written off or salvaged. These vehicles were sold to customers without notifying them of the condition of the vehicle. No thorough inspection of the vehicles was done by the Registrant, and in one case he decided that a vehicle had not been in an accident based on a one minute examination of it. In the case of one vehicle, the Tribunal found that the Registrant knowingly sold a seriously damaged vehicle to a consumer and refused to settle the matter until O.M.V.I.C. intervened. For another vehicle with obvious dents and scratches, the Tribunal found that although there was non-disclosure it was not material and did not amount to a misrepresentation due to the visible nature of the damage. There had been allegations of odometer tampering, but the Tribunal found that there were no misrepresentations.

The Tribunal found that a purchaser of a vehicle is entitled to know all relevant information regarding the vehicle. The statement "accident repair" was found to be information that could influence a customer in deciding whether or not to purchase a vehicle, and was therefore relevant and material to the contract. Six instances of material non-disclosure were found, and Mr. Tharrenos was found to be the author of the acts and omissions. In the circumstances the Tribunal found that the past conduct of the Registrant gave the Registrar proper grounds for the decision to revoke the registration.

Coates v. Ontario (Registrar Of Motor Vehicle Dealers and Salesman) Ont. Div. Ct. (1998) 65 O.R. 2d 526

In this case, the company pleaded guilty to 2 counts of fraud and 13 counts of tampering with vehicle odometers. Charges against the Appellant were withdrawn. A Notice of Proposal was issued to revoke the registration of the Registrant to buy and sell vehicles, and this decision was upheld by the Commercial Registration Appeal Tribunal. On appeal to the Ontario Divisional Court the decision of the Tribunal was overturned and the Court found that there was

no proof that the Appellant knew of the fraud. The Court found that the granting or refusal of a license in a regulated industry is a privilege, but the revocation of an existing license interferes with a right not a privilege. The Court accepted the ratio of the *Bernstein* case (1977, 15 O.R. 2d 447) that even though the civil standard of proof is a balance of probabilities, when dealing with a matter involving the loss of the right to make a living there must be clear and convincing proof based on cogent evidence accepted by the Tribunal. The Tribunal must exercise great care as the matter to be decided involved the professional life of the Registrant.

R v. Ontario Chrysler (1977) Ltd (Ont. C.A.) 1994 O. J. No. 428

In this case, the dealership and 9 of 13 salesman were charged with fraud. One of the counts related to the sale 'daily rental' vehicles, and there was evidence that the salesmen clearly understood the history of the vehicles. The Court found that the value of these vehicles was less, as the value is determined by the market place. There was evidence from customers that they perceived the daily rental vehicles as being of less value than those owned by the manufacturer or dealership. The rental vehicles are driven by numerous people who have no interest in the vehicle, whereas vehicles owned by the manufacturer or dealership are more likely to be maintained. On this basis, customers who purchased daily rental vehicles without disclosure of that fact, were the victims of a fraud.

Aria Auto Sales Limited, (October 22, 1998) Commercial Registration Appeal Tribunal

In this case, the Registrant purchased 2 motor vehicles which were in accidents. One car had been declared a total loss by the insurance company, and the other had been in an accident and repaired. When the vehicles were sold, there was no disclosure of this information to the purchasers. The Tribunal found that disclosure should have been made at the time of the sale especially in the case of the vehicle which was a total loss. This non-disclosure of material facts was a dishonest and unethical business practice. There were other complaints against the Registrant including situations in which he collected money for warranties by an independent company, and did not pay the money to the company or register the vehicles. He also employed an unregistered sales person. The Tribunal upheld the decision of the Registrar and found the revocation of the registration to be justified.

ISSUES:

The issue in this case is whether the Registrar was wrong in his decision to revoke the Applicant's licence under the Act on the basis of the Applicant's conduct respecting the allegations of nondisclosure.

WITNESSES FOR THE REGISTRAR

Ms. Louise Gingras testified that she was an inspector for the Ontario Motor Vehicle Industry

Council (O.M.V.I.C.) and held that position for three years. Prior to that she had experience in the private sector as a private investigator, and as an investigator for the Federal Department of Employment and Immigration. She explained that O.M.V.I.C. was formed in 1997 to enforce the provisions of the Motor Vehicle Dealers Act and carry out inspections, registrations, complaint mediation and prosecutions. According to the Act the Dealers are required to carry on business with honesty, integrity, and in accordance with the law.

Based on her investigation, Ms. Gingras formed the opinion that the Registrant failed to meet the standard required by the Act based on the nondisclosure to customers that vehicles purchased by him had disclosure of accident repair, frame damage, structural damage, distance travel unknown, and that some had been daily rentals. On May 25, 2000 she inspected the Registrant's premises, and was given access to all of his books and records for the six-month period as required. The reason for this inspection was that she was carrying out a "blitz" inspection of all dealers in the area. During this inspection she took copies of his purchase invoices, and the bills of sale to customers, and other dealers through the auction. The following transactions were noted by her as failing to meet the requirements of carrying on business with honesty, integrity, and in accordance with the law.

The Registrant purchased a 1997 Nissan, Altima on February 9, 2000 at the Adesa Montreal auction with disclosure declarations on the bill of sale showing that there was no safety check certificate, "accidented and repaired", and "frame damage". On February 19, 2000 the vehicle was sold to Andrea Henry and there was no disclosure on the bill of sale of any accident or defects.

The Registrant purchased a 1998 Nissan, Maxima on January 26, 2000 at the Adesa Montreal auction with a disclosure declaration of "accidented and repaired". On February 7, 2000 the vehicle was sold to Christopher A. Henry with no disclosure on the bill of sale of an accident.

The Registrant purchased a 1995 Neon at the Adesa Montreal Auction with a disclosure of "accidented and repaired" and "frame damage". On March 25, 2000 the vehicle was sold to Catherine Vantrigt with disclosure on the bill of sale that the head gasket would be replaced and a reference to the passenger front door seal.

The Registrant purchased a 1997 Toyota, Camry on March 15, 2000 at the Adesa Montreal auction with disclosure of "accidented and repaired", and "frame damage". On April 2, 2000 the vehicle was sold to Mr. Janusz Boron with no disclosure on the bill of sale of any accident or frame damage.

The Registrant purchased a 1993 Dodge, Shadow on March 9, 2000 at the Canadian Auction Group in Kitchener with disclosure of "bank repo", red light and TKU. This odometer reading on the bill of sale of 149,387 km. On April 8, 2000 the vehicle was sold to Dawn Calder, and there was no disclosure that the vehicle was a bank repossession and the distance traveled had been disclosed as TKU on the original purchased by the Registrant.

The Registrant purchased a 1995 Plymouth, Neon on January 1, 2000 at the Adesa Montreal auction with disclosure of "accident and repaired", "structural damage", and "motor knock". On January 27, 2000 the vehicle was sold by the registrant at the Canadian Auction Group in Kitchener with no disclosure of an accident, structural damage or a motor knock on the bill of sale.

The Registrant purchased a 1995 Chrysler, Intrepid on January 26, 2000 at the Adesa Montreal auction with disclosure of "accident and repaired", and "frame damage". The vehicle was sold by the Registrant at the Toronto Auto Auctions with no disclosure on the bill of sale.

The Registrant purchased a 1994 Infinity on February 9, 2000 at the Adesa Montreal auction with disclosure of "accident and repaired". The vehicle was sold by the Registrant at the Toronto Auto Auctions with no disclosure on the bill of sale.

The Registrant purchased a 1996 Plymouth, Voyager on February 16, 2000 at the Adesa Montreal auction with disclosure of "accident and repaired". On March 2, 2000 the vehicle was sold by the registrant at the Canadian Auction Group with no disclosure.

The Registrant purchased a 1995 Pontiac Grand Am on March 15, 2000 at the Adesa Montreal auction with disclosure of "accident and repaired", "frame damage", and "motor knock". On April 27, 2000 the Registrant sold the vehicle at the Canadian Auction Group with no disclosure.

The Registrant purchased a 1998 Toyota Corolla on April 18, 2000 at the Toronto Auto Auctions. Enterprise Rent-a-Car was the prior owner of the vehicle. On April 1, 2000 the vehicle was sold to Tadeusz Puk Regina and on the bill of sale there was no check mark in the box indicating that the vehicle was a 'former daily rental' or other disclosure.

The Registrant purchased a 1999 Nissan Maxima on March 14, 2000 at the Toronto Auto Auctions. Enterprise Rent-a-Car was the prior owner of the vehicle. The vehicle was sold to Leonid Koursounski and on the bill of sale there was no check mark in the box indicating that the vehicle was a "former daily rental" or other disclosure. On the bill of sale to the customer, the date of the sale was shown as March 10, 2000.

The Registrant purchased a 1998 Toyota Corolla on March 7, 2000 at the Toronto Auto Auctions. Enterprise Rent-a-Car was the prior owner of the vehicle. The vehicle was sold to Karen Kazazien in the on March 8, 2000 and on the bill of sale there was no check mark in the box indicating that the vehicle was a "former daily rental" or other disclosure.

Ms. Gingras testified that when there is a notation of "accident and repaired" it means that

the vehicle has been damaged in an accident but has not been repaired. The witness spoke with Mrs. Henry and was advised that her husband had been told that the vehicle she purchased was in an accident and was off lease. She advised Mrs. Henry to contact Nissan Canada to get further particulars of the damage to the vehicle and get back to her, but has not heard from her since then. The witness attempted to contact Catherine Vantrigt but spoke to her husband who advised her that there was no disclosure at the time of the sale but he suspected that there had been some damage as some of the paint on the car did not match. He told her that he approached the dealer to ask about this, but it was neither confirmed nor denied that the car was in an accident.

The witness stated that the position of the Registrar on the issue of the disclosure of damage and distance travel by a vehicle is that they are both material facts which effect the purchaser's decision of whether to purchase the vehicle, and that buyers have the right to know exactly what they are buying. In her opinion, it is a material nondisclosure for the Registrant to withhold this information from the customer.

In cross-examination the witness agreed that section 18 (2) of Regulation 801 under the *Consumer Protection Act* states:

"No motor vehicle dealer shall advertised or offer for sale any motor vehicle that has been used as a taxicab or police cruiser without making this disclosure in the advertisement for the offer for sale."

She agreed that this section did not include rental vehicles but maintained that it was still a material fact that should be disclosed as it affects the price even if it is not specifically set out in the *Motor Vehicle Dealers Act* or the *Consumer Protection Act*. The witness agreed that she did not know whether the vehicles owned by Enterprise Rent a Car had been used as rental vehicles or employee vehicles. During her investigation, she had no contact at any time with Adesa Montreal auction and had no information about who filled in the bills of sale, or any background information about whether there had been actual damage to the vehicles or the extent of any repairs. The only proof of damage was the notation on the bills of sale, and she acknowledged that just because something is on a piece of paper it does not make it true. On the issue of the 1993 Dodge Shadow with the TKU notation on the original bill of sale from the auction, she agreed that she did not know if the document had been filled out prior to the recording of the actual distance traveled.

In cross-examination the witness stated that she did the complaint mediation for Mr. John Porter and tried to get a settlement, however she was not aware of any legal action brought by him, and the Notice of Proposal did not rely on allegations of a lack of financial responsibility.

It was suggested to the witness that a dealer at an auction would write a false disclosure that a vehicle was in an accident to protect themselves from allegations of nondisclosure in the future and costs of the arbitration process, but she did not venture a firm opinion on this matter.

Ms. Gingras described the business premises as an old gas station with two bays, but did not know if there were hoists in the bays on which the dealer could inspect cars. She was not aware what if any inspections were carried out, or whether he retained third parties to examine the vehicles. The witness was shown a bill of sale from Adesa Montreal (Exhibit 4, tab 1) showing a notation of frame damage for a 1998 Nissan Altima which was not the subject of this proceeding. In cross examination, the witness agreed that at exhibit 4, tab 5, there was an inspection sheet from Toronto Auto Auctions Post Sale Inspection for the same vehicle showing no notation of damage to the frame, however she pointed out that there was no check mark for 'frame' and she did not know if the frame had been inspected for damage or had been repaired.

WITNESS FOR THE APPLICANT

Tomasz Wrzalka testified that he is 42 years of age, has been married for 19 years and has 2 children who are 14 and 17 years of age. He came to Canada from Poland in 1989 and has worked in the motor vehicle industry all of his working life. In Poland he began working part-time in his father's auto repair shop at 15 years of age, and continued his employment there after completing college. Mr. Wrzalka has no formal training and acquired his experience on the job. In 1991 he was licensed as a motor vehicle dealer and did not taken any training to earn the licence. His premises can accommodate between 30 and 40 cars on the lot, there are 2 bays with hoists and a small garage for cleaning vehicles. He explained that he purchases cars primarily at auctions from banks and financial institutions, and also vehicles at the end of a lease. These vehicles are than personally inspected by him to check their mechanical condition and look for any damage.

Mr. Wrzalka stated that he remembered the vehicle sold to Andrea Henry. When he purchased it at the Adesa Montreal auction, the disclosure on the bill of sale stated "accident and repaired" and "frame damage", however when he inspected the vehicle he saw that the front right corner had been bumped but there was no damage to the frame. The radiator support was damaged and replaced, but this did not form part of the frame. He took the car into the service bay, and looked under the hood and checked the bumpers. In his opinion, the car had not been in a serious accident, and the frame was not damaged as the original manufacturer's number was on the parts he inspected. He stated that he advised the purchaser that the car was in an accident but did not put it on the bill of sale at the request of the purchaser as it would have affected the warranty. A Maxima was also purchased from the Adesa Montreal auction and sold to Mr. Henry. He followed the same steps or the inspection of the vehicle and the right rear door appeared to have been repainted. On that basis he told the customer that the car had not been in an accident and permitted Mr. Henry to take the car for an inspection by an independent mechanic. The witness stated that he called Nissan Canada and was advised that the car was not in an accident and it was under warranty. After he received the

Notice of Proposal he contacted Mr. and Mrs. Henry who provided him with a letter.

The witness testified that the car sold to Catherine Vantrigt had been purchased through the Adesa Montreal auction and he acknowledged that the disclosure stated "accidented and repaired" and "frame damage". In his opinion there had been damage to the bumper and radiator support but it was repaired, and based on his inspection of the vehicle he concluded that there was no frame damage. After the Notice of Proposal was issued to him, he obtained a letter from the customers (Exhibit 4, tab 4) stating that they had been advised that the vehicle was in an accident and everything was looked after by the dealer to their satisfaction. He also borrowed the Neon from the customer, and took it for an inspection to Miltowne Collision, a company that checks cars for the Toronto Auto auction. (Exhibit 4, tab 3) There had been no repairs and according to his evidence they found no problems with the vehicle. Their report indicated "yes" and "no" for whether the frame had been repaired, and there was no indication whether or not the frame was within the required specifications. In the written additional comments it stated that there was an accident repair to the front but still damage to the right radiator apron and radiator support.

Mr. Wrzalka stated that he knew Mr. Boron since he came to Canada and had sold him several vehicles. The subject vehicle was Toyota Camry purchased by the dealer at the Adesa Montreal auction with a notation of "accidented and repaired" and "frame damage" on the bill of sale. He inspected the vehicle together with Mr. Boron by putting it up on the hoist and determining that the front right corner had been struck, and there had been a repair to the radiator support and replacement of the bumper. The customer took the vehicle to a Toyota dealer to find out if it had a repair record. Mr. Boron provided a letter (Exhibit 4 tab 7) stating that he was advised the car had been in an accident, had the car independently checked, and was satisfied with it. The witness said that nothing about an accident or damage was put on the bill of sale to the customer at the customer's request.

The Registrant stated that the vehicle sold to Dawn Calder was purchased through the Canadian Auction Group and he did not see any problem with the odometer as it appeared to be working. He obtained a used vehicle information package (Exhibit 4, tab 2) on November 10, 2000 and said that he determined that the distance traveled was approximately 150,000 km. Although there was no indication of distance traveled on the information provided, he explained that he looked at the age and condition of the car, and calculated that the mileage shown was appropriate so it was written on the bill of sale.

Mr. Wrzalka testified that he purchased a 1995 Plymouth Neon at the Adesa Montreal auction (Exhibit 3, tab 10) with the disclosure of an accident, structural damage, and a motor knock. He inspected this vehicle and found that the only damage was to the rear control arm, and determined that this occurred during shipping, and not in an accident. In his opinion the control arm is a mechanical part, and not a part of the body. As a result he replaced the control arm himself, and when he sold the car at the Canadian Auction Group he did not disclose the information shown on his bill of sale.

The witness testified that the 1995 Chrysler Intrepid (Exhibit 3, tab 11) and the 1994 Toyota Infinity (Exhibit 3, tab 12) were both purchased at the Adesa Montreal auction and sold at the Toronto Auto Auctions. He determined that in his opinion, neither car was damaged, and there was nothing to be replaced despite what was in the disclosure information. As a result, he did not make disclosure of any prior damage on the sale at auction. Similarly when he examined 1996 Plymouth Voyager which he had purchased at the Adesa Montreal auction he found that although "accident repaired" was noted on the bill of sale, he examined the vehicle and found that the only sign of damage was that the door had to be repainted. The repainted area was where the door closed, and in his experience this was caused by normal wear on this model of the vehicle, and not by an accident. Therefore he did not make disclosure of any prior damage or accident when he sold the vehicle at auction.

The Registrant testified that he purchased a 1995 Pontiac Grand Am at the Adesa Montreal auction. Although the disclosure of the bill of sale indicated "accident and repaired", "frame damage" and "motor knock", he stated that he inspected the vehicle, and the only sign of damage was that a trailer hitch had been removed. As a result of his opinion, he sold the vehicle at the Canadian Auction group without any disclosure of prior damage or mechanical problems. In total, he estimates that he sold approximately 10 cars which were purchased at the Adesa Montreal auction with disclosure items listed on the bills of sale, without repeating that disclosure on the bill of sale to the purchaser. He testified that in each case he inspected the vehicle and was satisfied that the disclosure was not correct. In his opinion the incorrect disclosure is put on bills of sale because there is no one to inspect the vehicles, and it is in the interests of the commercial vendors to sell vehicles with the disclosure and avoid the possibility of an arbitration if there is later found to be a problem with the vehicles. He explained that the arbitration process is very expensive and dealers wish to avoid it. This disclosure also lowers the price of the vehicles, and makes it easier for them to sell if they have been put up for sale before, but not sold due to the price. To try to prove this point, he purchased a 1998 Nissan Altima at the auction with a disclosure of 'frame damage' on the bill of sale (Exhibit 4, tab 1). He stated that although this vehicle was not mentioned in the Notice of Proposal, he took it for an inspection as a test, and produced the inspection sheet showing no indication of damage (Exhibit 4, Tab 5).

Mr. Wrzalka testified that he has never sold a vehicle that he knew was damaged to a customer without informing them, and has never had a vehicle returned or an arbitration for a vehicle sold at auction. In his experience, even when a customer is advised that the vehicle has been damaged in an accident and repaired, the customer usually does not want this put on the bill and it is left off at their request. He agreed that there had been one complaint about a vehicle not listed in the Notice of Proposal, but said that the problem involving the odometer on the vehicle was not his fault and nothing came of it.

In cross-examination, he agreed that he is not a licensed mechanic or autobody repairman, and had taken no courses either before or after coming to Canada. Prior to the autumn of

1999 he had a licensed mechanic working for him, but he could not afford the salary so he released the mechanic. Since that time, he has been working by himself and all of the vehicle referred to in the hearing were purchased and sold by him.

He stated that for the Nissan sold to Andrea Henry, he saw that frame damage was listed on the bill of sale and took steps to inspect the vehicle personally. To do this he looked at the vehicle from underneath, contacted Nissan, and noted that the only problem was the right front corner. He did not measure the frame to determine if it was damaged, because he test drove the vehicle, and testified that if the frame of the car is not properly aligned, it will be apparent when the car is test driven. In his opinion a car with a damaged frame would not pass a safety inspection even though an inspection of the frame is not part of the safety inspection. His garage facility does not have the equipment necessary to measure the frame, but in his opinion it is not necessary. With his experience, he is confident that he can carry out a visual inspection without any equipment or measurement, and determine if the frame is properly aligned, or has sustained damage. He stated that even some mechanics do not have his ability to make this determination. His inspection of each vehicle takes approximately one hour as he puts the car up on the hoist, looks at the frame, and checks the parts to see if they have been replaced. He then replaces any mechanical parts which are defective and test drives the vehicle. If after this inspection he has determined that the vehicle is in proper condition, he will resell it. No notes are made of this inspection process unless parts are replaced. On the Andrea Henry vehicle he testified that he called Nissan Canada and spoke to three or four people about the service, warranties, repairs, and whether there were any repairs due to an accident, but he made no notes of the conversation. The witness confirmed that he did not tell Mr. or Mrs. Henry that there was a disclosure of frame damage on the vehicle. In his opinion the frame was never damaged so it was not necessary to advise the customer. Instead, he located the damage on the vehicle, and showed it to them. Similarly, he did not advise Mr. Henry that the bill of sale from the auction for the Maxima had disclosure of an accident as he had checked the car himself and found that it had not been in an accident, so there was no need to advise Mr. Henry. He did give the vehicle to Mr. Henry prior to sale so that he could take it to his mechanic for an inspection.

Mr. Wrzalka testified that he was the only person who inspected the vehicle sold to Catherine Vantrigt. He did not tell the purchaser or her husband that when the car was purchased there was a disclosure of an accident and repair and frame damage. Instead, he showed them that there was a weld on the radiator support prior to selling them the car. They are satisfied with the car and they bring it back to him for service. There was no indication of the extent of the service provided, or whether they know that he is not a licensed auto mechanic. Once the Notice of Proposal was served on him, he took their vehicle to a collision repair shop for an inspection, and produced the report (Exhibit 4, Tab 3). There was no notation on the report of whether the frame was within the required specifications, and there was a check mark in both the "yes" and "no" boxes which indicated whether the frame had been repaired. In the additional comments, it stated:

"accident repair front still damaged to right rad apron and rad support"

The witness testified that during this inspection, the car was not put up on the hoist as the damage was visible. He did not know if they measured the frame. In his opinion, it is possible to determine if there is damage to the frame while the car remains on the ground. He explained that it was noted on the report that the car was still damaged because it was repaired by being welded and was not in original condition.

The Registrant stated that for the Boron vehicle (Exhibit 3, Tab 8) he showed the customer the bill of sale from the auction, so Mr. Boron did see the disclosure of the accident repair and frame damage. Mr. Boron inspected the vehicle with him and took it for a further inspection by a Toyota dealership. In the letter of support provided by Mr. Boron (Exhibit 4, Tab 7) it is stated that he was told the car had been accident, he took it to be checked by the local Toyota dealership and that he was satisfied with the vehicle.

Mr. Wrzalka stated that for the Calder vehicle he verified the distance traveled by obtaining a "used vehicle information package" from the Ministry of Transport. When it was pointed out to him that the information provided does not give the distance traveled he stated that he found the distance was accurate based on the condition of the car. 21,000 kilometers per year seemed about right to him, and in his opinion that verified the distance traveled. He stated that he purchased a second "used motor vehicle information package" after the Notice of Proposal was issued. When he was asked why the "used vehicle information package" obtained by the Registrar only listed the later package being ordered on November 10, 2000 he explained that their records must have been in error. In addition, he stated that he tried to verify the distance traveled by calling the previous owner who told him that the vehicle was in good condition and not to bother him anymore.

The Registrant testified that for the 1995 Plymouth Neon (Exhibit 3, tab 10) the disclosure on the bill of sale of "accident and repaired" and "structural damage" must have referred to a mechanical part that he replaced, and disagreed that there was a motor knock. Again on this vehicle he did the repair work personally and has no documents, or receipts and did not bring his notes with him to the hearing. To confirm that there was nothing wrong with the vehicle, the witness said that he sent a fax to F. M. Auto Service which purchased the vehicle through the auction, but had received nothing back from them. There was no copy of the fax in his materials.

The witness stated that he purchased a 1995 Chrysler Intrepid at the Adesa Montreal auction with a notation of "accident and repaired" and "frame damage" on the bill of sale (Exhibit 3, Tab 11). When he examined the vehicle himself, he determined that the vehicle had not been damaged and there were only little plastic pieces missing around the light. As a result he sold the vehicle at auction without disclosure of any damage. Similarly the 1994 Infiniti (Exhibit 3, Tab 12) purchased by him at the Adesa Montreal auction with a notation of "accident and repaired" was examined by him and determined not to have been in an accident. He testified

that he telephoned Guelph Nissan and spoke to three or four people in the service department who advised him that everything was fine. Based on this he sold the vehicle with no disclosure.

Mr. Wrzalka testified that he purchased a 1996 Plymouth Voyager at the Adesa Montreal auction. The bill of sale from the auction disclosed that the vehicle was "accidentated and repaired", however when he sold it at the Canadian Auction Group he made no disclosure to the purchaser. He examined the vehicle and determined that the vehicle had not actually been in an accident as he found that the only damage was a repair to the paint in the area of the hatch. He stated that it was common knowledge that this is normal paint through wear and tear for a 1996, 1997 or 1998 Plymouth Voyager. The vehicle had been properly repaired and there was therefore no need to make disclosure on the sale.

The Registrant testified that he purchased a 1995 Pontiac Grand Am at the Adesa Montreal auction with disclosure of "accidentated and repaired", "frame damage", and "motor knock" on the bill of sale. When he re-sold the vehicle at the Canadian Auction Group, he did not make any disclosure to the purchaser as he had examined the vehicle and determined there had not been an accident and that the frame damage mentioned was as result of holes in the frame caused by the attachment and removal of a trailer hitch.

The witness testified that in his experience it is not common for the disclosure on the vehicles sold at auction to routinely have a disclosure notation of "accidentated and repaired", or "frame damage", but at the Adesa Montreal auto auction it is normal. When there is an indication of frame damage at the auction in Toronto there is more information given, including the location of the damage. In his opinion, many of the disclosures given are not correct, especially with repossessed vehicles which the vendor is trying to sell quickly. By over disclosing, the vendors protect themselves from the time and costs of the arbitration process. To obtain reliable information about accidents, he testified that he has often had to contact the original owner for information about the nature of the accident and repairs.

FACTS FOUND PROVEN:

The facts found by the Tribunal are that the Registrant is operating a motor vehicle dealership selling used cars directly to the public and to other dealers through auctions. Many of these vehicles, and all of the vehicles which are the subject of this hearing were purchased through the Adesa Montreal auto auction or the Toronto Auto Auctions. All of the vehicles purchased in Montreal had notations on the bills of sale that they were "accidentated and repaired", had suffered "frame damage" or had an "engine knock". The vehicles purchased at the Toronto Auto Auctions were all vehicles which had been the property of Enterprise Rent-a-Car. In each of these cases there was no disclosure on the bill of sale for the cars sold retail to customers or wholesale at auction that the car had been purchased with disclosure of the above information, or was a "daily rental vehicle".

There was no evidence before the Tribunal on the issue of whether the vehicles had been in accidents or the severity of any accident other than the fact that there was obviously repaired damage on different vehicles. The Tribunal heard no evidence that the vehicles previously owned by the rental company had been used by employees and not rented to the public. No effort was made by the Registrant or the Registrar to find out whether these vehicles had been rental vehicles. These cars were sold by him with no written disclosure in each case, and there was no check mark in the box provided on the bill of sale. Upon the purchase of all of these vehicles by the Registrant, he followed the same process which was to visually inspect each vehicle to determine if it was damaged, and if it was mechanically sound. He carried out the inspection of the frame without the use of any measuring tool or any equipment. The witness is not a licensed mechanic and had no formal training either in Canada or in Poland. His knowledge has been gained through working in the field as a salesman. To his credit, no record of customer complaints has been produced, and there was no evidence that any vehicles were ever returned from auction sales as defective. If Mr. Wrzalka found damage that he thought was consistent with an accident, he did advise his customers that the vehicle had been in an accident, and he was willing to allow the customer to take the car for an inspection by an independent mechanic. When he was challenged on the issue of what if any background checks he made on some of the vehicles, his evidence was evasive and unsubstantiated. He had no notes of any conversations, and did not know who he spoke to at the service departments of the dealerships. For the one vehicle for which the odometer reading was an issue, his method of confirming mileage rather than noting "distance traveled unknown" on the bill of sale, was to determine the age of the car and find if the average mileage per year seemed appropriate to him.

APPLICATION OF LAW TO FACTS:

The Act provides that the Registrar may revoke the registration of the Registrant where the Registrant's past conduct affords reasonable grounds for belief that the Registrant will not carry on business in accordance with the law, and with integrity and honesty. In this case the Registrar was not dealing with a series of customer complaints about substandard vehicles, and it appears that all of the vehicles involved in this matter have been found satisfactory by the purchasers. In most cases, the purchasers have been advised that the vehicle has been in an accident although the particular disclosure from the original bill of sale was not disclosed. The Registrant made an effort to inspect the vehicles, and made whatever repairs he thought were necessary. He is not a trained and licensed mechanic, but felt confident relying on his own knowledge although he had neither specialized training, nor modern equipment. In this way he decided that the disclosures on the bills of sale were not accurate. He did not provide the information in the disclosure to the customer and allow them to decide if they wanted to purchase the vehicle with full knowledge. It was open to him to provide the information, and

explain why he disagreed with it, but to simply determine that it was incorrect and not provide it to the customer, defeats the purpose of disclosure being made at all. This is a regulated industry, and the dealer is obliged to provide information which will be material to the customer's decision of whether or not to purchase the vehicle, and what is the appropriate price. Although the Registrant's methods provided the customers with vehicles which did not generate complaints, the customers were denied material information. The public must have confidence that the dealer or salesperson will provide them with all relevant information and will not knowingly or inadvertently misrepresent the value or quality of the vehicle. To permit a dealer, especially one who is not a licensed mechanic, to simply inspect a vehicle visually and manually, then unilaterally decide that the disclosure provided to him is wrong, defeats the purpose of requiring material disclosure.

The Tribunal finds that the Registrant failed to make adequate disclosure, however he did inspect the cars to the best of his ability and allowed the customers to have the vehicles independently examined. Unlike the case of *Off Lease Motor Car Sales Inc and Vasilios Tharenos*, Mr. Wrzalka was not selling vehicles which were written off or were salvage without informing his customers, and he was not employing a number of unregistered salespeople. In this case, the Tribunal finds that the Registrant intended to sell serviceable vehicles, but did not adequately comply with the disclosure requirements for a regulated industry.

The legal test to be used by the Tribunal is whether the Registrar was in error in deciding that the past conduct of the Applicant provided reasonable grounds to believe that the Applicant would not carry on business in accordance with integrity honesty and with the law. On the basis of the facts as found, and the application of the law to those facts, the Tribunal finds that the decision by the Registrar was in error.

DECISION:

Therefore, by virtue of the authority vested in it under section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to refrain from carrying out his proposal dated November 7, 2000 to revoke the registration of the Applicant, but directs the Registrar not to revoke the registration of the Applicant if the following conditions are met.

1. The Registrant shall disclose on each bill of sale to any purchaser of any vehicle from the Registrant, any information disclosed in writing at the time of the purchase of the vehicle by the Registrant. This shall include but not be limited to accidents, repairs, frame or structural damage, body damage, engine knock or any other information relating to the physical condition or history of the vehicle.
2. The Registrant shall disclose on each bill of sale to any purchaser of any vehicle from him, whether the vehicle purchased was previously owned by a company that is engaged in the daily rental or lease of vehicles to the public.

3. The Registrant shall disclose on each bill of sale to any purchaser of any vehicle from him, the true distance traveled if known, and if unknown or estimated, shall disclose to the purchaser that the true distance traveled is unknown.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Imad Al-Najjar (hereinafter referred to as "the Registrant") hereby consents to the following terms and conditions to his registration as a motor vehicle salesperson.

In accordance with section 4.1 of the Statutory Power Procedures Act, the parties hereto hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Registrant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Registrant agrees if he is convicted under any law of an industry specific offence or if he convicted under the Criminal Code, his registration is automatically revoked.
3. The Registrant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Registrant shall not be an officer, director, owner or partner in a dealership.
5. The Registrant will not be the final signatory on any bills of sale.
6. The Registrant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Registrant agrees that the circumstances surrounding his convictions are substantially as disclosed to the Registrar.
8. The Registrant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
9. The Registrant acknowledges that the Registrar may take legal action, including a Provincial Offences

prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.

10. The Registrant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
11. The Registrant will provide a copy of this order to his employer forthwith.
12. The Registrant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
13. The Registrant hereby withdraws his appeal to the Licence Appeal Tribunal.
14. The Registrant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of _____, 2000.

SHIRLEY-ANN BLEWETT

APPLICANT

-and-

THE REGISTRAR OF MOTOR VEHICLES

RESPONDENT

TRIBUNAL: Stuart Cork, Presiding Member

APPEARANCES: Claire Rowett,
Representative for the Registrar of Motor Vehicles

Shirley-Ann Blewett, Applicant

DATE OF
MOTION: January 31, 2001

By teleconference

ORDER

A motion was heard by teleconference on January 31, 2001, at Toronto, Ontario, to consider the Applicant's request for an extension of time to appeal the impoundment order of the

Registrar affecting the Applicant's motor vehicle. The motion is brought pursuant to Section 20(7) of Ontario Regulation 632/98 amending Regulation 574 of the Revised Regulations of Ontario, 1990 made under the *Highway Traffic Act*, R.S.O. 1990. c.H.8 amended ("HTA").

SUBMISSIONS OF WRITTEN MATERIAL:

The Applicant submitted the following documents:

1. Copy of Impound Order dated November 25, 2000, relating to the impoundment of the motor vehicle for 45 days. (Exhibit # 1)
2. Original Notice of Appeal, including Applicant's position on Appeal, dated December 21, 2000, received by the Tribunal on December 29, 2000. (Exhibit # 2)
3. Letter from the Applicant received by the Tribunal December 29, 2000.

THE FACTS:

The Applicant is the owner of a motor vehicle impounded for a period of 45 days pursuant to the above-captioned legislation.

The motor vehicle was ordered impounded on November 25, 2000 while being driven by Douglas Karl Blewett, whose driver's licence was under suspension at the time of the impoundment. The vehicle was taken by Mr. Blewett without the knowledge or consent the Applicant.

The fifteen-day deadline for filing an appeal with the Tribunal was December 10, 2000. The Applicant filed her Notice of Appeal with the Tribunal on December 29, 2000, thirty three days into the impoundment period, and nineteen days past the appeal deadline date.

The Applicant testified that she was not aware of the impoundment, and was informed when she received the Order to impound on December 1, 2000. She was subsequently informed by the impound facility of the procedures for filing an appeal, though she was aware of the appeal process from the information contained in the Order. The Applicant assumed that the fifteen day deadline for filing her appeal was measured from the date she received the appeal information package from the Tribunal.

Notwithstanding the fact that the Notice of Appeal form was received by the Applicant on the day after the date of expiration of the fifteen-day appeal filing period, it took an additional six days to file the appeal. The Applicant testified that she made her best effort to pursue the matter, and that due to personal difficulties, suffering from the flu, as well as a general

misunderstanding of the process, she did the best that she could under the circumstances. The Applicant did not provide the Tribunal with any evidence to support her testimony that these reasons prevented her from filing her appeal within the prescribed fifteen day filing period.

THE LAW:

Section 20(1) of Regulation 632/98 states:

20. (1) An appeal to the Tribunal under section 50.2 of the Act shall be commenced by filing a notice of appeal with the Tribunal within 15 days of the issuance of the order to impound, together with a fee of \$100 payable to the Minister of Finance.

Section 20(7) of Regulation 632/98 states:

20. (7) Despite subsection (1), the Tribunal may extend the time for commencing an appeal if the owner establishes that the owner, acting in good faith, was unable through accident, illness, or other cause beyond the owner's control to bring the appeal within the prescribed 15 days.

Section 7 of the Licence Appeal Tribunal Act, 1999 states:

7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 11 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

- (a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and
- (b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

Section 20(7) of Regulation 632/98, provides the Tribunal with the specific criteria that the Applicant must meet to satisfy the Tribunal that an extension of the time for commencing an appeal ought to be granted. The Applicant must establish that she, acting in good faith, was unable through accident, illness or other cause beyond her control to bring the appeal within the prescribed 15 days in circumstances where the Registrar does not give his or her consent in writing for an appeal to be commenced after the expiry of the prescribed time. The Tribunal is precluded from considering other factors not arising from or directly related to these criteria.

The criteria listed in Section 20(7) which the Tribunal should consider in granting an extension are matters outside the Applicant's control. Whereas the testimony of the Applicant was that the initial fifteen day delay was due to her receipt of the Notice to Appeal information package sent by the Tribunal on December 16, 2000. However the specific reasons for the further thirteen day delay in submitting her Notice of Appeal form to the Tribunal remained unclear. A variety of reasons were given, including a misunderstanding of the intent of the regulations regarding the date of which the fifteen day Notice of Appeal filing period was to commence. Upon receipt of the Notice of Appeal package, a further six day delay occurred before the form was sent to the Tribunal, which did not receive the form until another six days had passed. The Applicant failed to provide a satisfactory reason as to why this further delay in completing and delivering the appeal had occurred.

The Tribunal is not satisfied that the evidence before it is sufficient to show that the Applicant was unable through a cause beyond the Applicant's control, to bring the appeal within the prescribed fifteen days.

The evidence presented does not establish that the Applicant's delay in appealing the order impounding the vehicle under Section 55.1 of the *Highway Traffic Act* was the result of accident, illness or other cause beyond the Applicant's control.

ORDER:

Accordingly, the motion herein of the Applicant requesting an extension of time to appeal, pursuant to section 20(7) of Ontario Regulation 632/98 amending Regulation 574, R.R.O. 1990, is dismissed.

RAYMOND PITEK

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: STUART CORK,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

RAYMOND PITEK, Applicant
unrepresented

DATE OF HEARING: February 2, 2001

DECISION RELEASED: February 8, 2001 Toronto

REASONS FOR DECISION

A hearing was held on February 2, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Raymond Pitek (the “Applicant”)
Motor Vehicle:	1995 Chevrolet Van, plate # YF2651 (the “vehicle”)
Date of Appeal:	January 16, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on February 2, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals which were entered into evidence as exhibit #3.

All documents were submitted into evidence with the consent of both parties.

The hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

EXCEPTIONAL HARDSHIP
LICENCE REINSTATED

The Applicant testified that he works as a carpenter and contractor. He relies upon his vehicle for the transportation of tools and materials used in his business. The loss of his vehicle has had a severe economic impact upon him in that he has been forced to find other work at reduced pay.

He further testified that his vehicle was impounded after the police had stopped him while he was driving it on January 4, 2001, and found that his licence was then under suspension. The term of the suspension that he was currently serving was due to expire on January 16, 2001.

The Applicant stated that the economic impact of the impoundment was being felt by him alone. He also believed that he could not afford any alternatives to the impounded vehicle, and none had been investigated.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Raymond Pitek;

3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 14, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

- (3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:
 1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
 2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
 3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The “owner” for the purposes of the section is defined in subsection 50.2(11) as:

“Owner” means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar’s order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making

arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

Section 22(3)(d) of Regulation 632/98 precludes the Tribunal considering the impact of any loss as a result of the impoundment that may be upon the person who was driving the vehicle at the time of the impoundment while their driver's licence was then under suspension. In this case, the Applicant testified that he was driving his vehicle at the time of the impoundment, while his drivers licence was then under suspension.

In order for the Applicant 's claims to be considered under section 22(2)(a), (b), and (c), he must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Tribunal may consider economic loss only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of that Regulation).

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable alternative option has been considered and inquired into as required under section 22(4) of the Regulation. In fact, the testimony of the Applicant was that he had not pursued any alternatives since he believed that they would be too costly.

Therefore, the Tribunal finds that the Applicant has failed to meet the onus under section 22(4) of the Regulation and is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

No one appearing for the Applicant

DATE OF HEARING: February 5, 2001

DECISION RELEASED: February 8, 2001 Toronto

ORDER

PURSUANT to the provisions of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8 as amended, Christine Fleming (the "Applicant"), appealed a decision of the Registrar of Motor Vehicles (the "Registrar") as set out in the Order to Impound, dated January 4, 2001;

WHEREAS the Tribunal set a hearing for February 5, 2001 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th floor, Toronto, Ontario at 9:30 a.m., which did proceed;

AND WHEREAS the Applicant was duly notified by Notice of Hearing, dated January 19, 2001, was delivered by courier to the Applicant on January 22, 2001, and proof of service filed. At 10:00 a.m., the hearing was adjourned until 10:30 a.m. to allow the Applicant more time to arrive or make contact by telephone if they wished to participate. At 10:30 a.m. there being no communication from the Applicant, the hearing commenced in the Applicant's

absence.

AND WHEREAS F. CLAIRE ROWETT, representing the Registrar of Motor Vehicles was present at the hearing on February 5, 2001 and no one appeared on behalf of the Applicant;

AND WHEREAS ON READING the Applicant's Notice of Appeal, Owner's Position, Ministry of Transportation's submissions, no one appearing for the Applicant although properly served as appears from proof of service filed, this Tribunal finds that due to non-attendance and failure to proceed on the part of the Applicant, the Applicant has abandoned these proceedings;

THIS TRIBUNAL ORDERS that the appeal by the Applicant is dismissed and pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, the Tribunal confirms the Registrar's Order to impound the Applicant's motor vehicle.

DATE OF HEARING: February 8, 2001

DECISION RELEASED: February 16, 2001 ***By teleconference***

REASONS FOR DECISION

A hearing was held on February 8, 2001, *by teleconference*, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Billie-Jo MacDonald (the "Applicant")
Motor Vehicle:	1995 Chevrolet Cavalier, plate # AHDE 893 (the "vehicle")
Date of Appeal:	January 19, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on February 8, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

To whom it may concern,

My name is Billie-Jo MacDonald, I have written to you previously to put in an appeal based on hardship as to the 45 day impoundment of my vehicle. I am a 4 month pregnant single mother who is having a hard time financially and emotionally. I am behind in my rent of \$475/month for a bachelor leaving no other choice but to move back home to try to save some money. I only make minimum wage at the moment. In about another 3 months my wages will be cut in half for my maternity leave. I am scared I will loose my car if I don't come up with the money to get it back. I need my car to go back and forth to work and to go to doctors appointments. If I win this appeal I will have my car towed back to my parents house even if I have to give you my plates. I will have CAA tow it back to St. Catharines. I have an appointment with the Licence Appeal Tribunal in Hamilton on February 8th, 2001. So I hope you will help me get my car back in St. Catharines as soon as possible. Thank you for your time.

Billie-Jo MacDonald

P.S. I have already sent in my \$100.00 application fee.

Ms. MacDonald appeared on her own behalf, and restated the reasons for appealing the impound order. Under questioning, she indicated she currently works from 2:30 p.m. until 1:00 a.m., Monday through Thursday, at Bizarre Novelty. In order to get to and from work, she has been able to secure rides from her co-workers, and her father. She further stated that, from time to time, she had been able to use public transit to get to work, but that the service was not available at the end of her shift, and that she had, on occasion, walked home from work. Ms. MacDonald also indicated that she had been able to secure rides from her father to attend to her doctor's appointments.

In her written statement, Ms. MacDonald indicated that she would arrange to have her car towed to her home should it be released before the end of the impound period, and not use it. The Chair questioned this statement, and she responded that she understood that the car could not be used prior to the end of the impound period. This distinction is relevant because, under questioning, Ms. MacDonald indicated that her major concern was the cost of releasing her vehicle from the impound yard.

Although not the grounds for the appeal, Ms. MacDonald indicated that Mark Dunn, the driver of the vehicle, had permission to use her car, and that she was not aware that his driver's licence had been suspended.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Mark Dunn;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 14, 2001.

Mr. Kyle Biel, Agent for the Registrar of Motor Vehicles, presented the Registrar's position, and questioned the Applicant extensively. Mr. Biel submitted that exceptional hardship had not been demonstrated in that Ms. MacDonald had been able to make alternative arrangements for transportation to and from work, her doctor's appointments, both through rides from her co-workers and her father, and through the use of public transit. He further submitted that the cost of releasing the car from impound was not included within the definition of exceptional hardship.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section

55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose

- driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claims to be considered under section 22(2)(a),(b), and (c), he must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The evidence indicates that the Applicant has been inconvenienced due to the impoundment but that she has been able to secure rides from others, use public transit or walk to work when required. Other alternatives to her impounded vehicle are available to her. There is no evidence of there being a health or safety issue as a result of the impoundment. The Tribunal cannot consider inconvenience as exceptional hardship. Also, the Tribunal may consider economic loss only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of the Regulation).

Therefore, the Tribunal finds that the Applicant has failed to meet the onus under section 22(4) of the Regulation and is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

the Order of the Registrar of Motor Vehicles
pursuant to section 55.1(3) of the Act.**

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: ELMER MERKLEY,
Presiding member

APPEARANCES: KIM BEINTEMA,
KIM GROSSKURTH,
Representatives for the Registrar of Motor Vehicles

PATRICIA SNIDER, Applicant

EDWARD KIERNAN, Solicitor for Applicant

DATE OF HEARING: February 7, 2001

DECISION RELEASED: February 13, 2001 Simcoe

REASONS FOR DECISION

A hearing was held on February 7, 2001, at Simcoe, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Patricia Snider (the "Applicant")
Motor Vehicle:	1993 Pontiac Sunbird, plate # AHPV917 (the "vehicle")
Date of Appeal:	January 19, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on February 7, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

STATUTORY DECLARATION

CANADA	}	In the Matter of
Province of Ontario	}	a Motor Vehicle Impoundment - Appeal

TO WIT:----

I, Patricia Snider, of the Town of Norfolk [Simcoe], in the Province of Ontario, am the owner of a 1993 Pontiac Sun-bird, VIN 3G2JC11H8PS831937 bearing Ontario Licence Plate No. AHPV 917 and as such have knowledge of the matters hereinafter deposed.

1. I am the common-law spouse of Wade Reid. We reside at 63 Main Street, Simcoe, Ontario N3Y 2M2.
2. I do not work, I am disabled and am on a disability pension.
3. My spouse, Wade Reid, works in Ancaster, Ontario.
4. Mr. Reid lost his licence for a period of time resulting from a charge of impaired driving.
5. Mr. Reid had completed his suspension period and had paid his fine in respect of same and I was of the understanding, and verily believed, that his licence was in fact reinstated. On the date the car was impounded, Mr. Reid was using my automobile to drive to work. I did believe he had his driver's licence reinstated at this time.
6. Due to my numerous disabilities, I require my vehicle for even short distance transportation. I can not walk very far. I, must attend doctor's appointments, pick up prescriptions, do errands. I cannot manage to do these things without transportation.

7. I live on a disability pension and my income is limited. I can ill afford the cost of the impound and may lose my vehicle as a result of same.
8. The loss of my vehicle has caused me severe hardship and emotional distress coupled with my pre - existing medical problems this has caused further stress in my life.
9. I sincerely require my vehicle to carry on the activities of my every day life and trust you will give due consideration to my appeal.

AND I MAKE THIS SOLEMN DECLARATION conscientiously believing it to be true and knowing that it is the same force and effect as if made under oath and by virtue of the Canada Evidence Act.

DECLARED before me at the Town of	}	
Norfolk, Province of Ontario	}	"Patricia Snider"
this 19th day of January 2001.	}	Patricia Snider
January, 2001	}	

"Lesley Magill"
A Commissioner etc.

LESLEY VIOLET MAGILL, a Commissioner, etc.,
Regional Municipality of Haldimand-Norfolk, for
Smelko Law Office, Barristers and Solicitors.
Expires August 14, 2003.

This Statutory Declaration is supported by a medical report prepared by Dr. B. L. McMeekin, Ms. Snider's family physician. The handwritten report offers the following.

RE: Patricia Snider

This ptnt is on disability due to chronic injuries of her neck, back and knee. She requires the use of a cane, as she is unable to walk greater than 2 blocks due to her knee pain. She lives in an area where there is not public transportation, and is unable to get to medical appointments without a car. She is also under treatment for stress related problems, and is presently suffering from increased headaches due to the stress of having lost her car. I would request that because of these medical problems, she be allowed to get her car back.

Dr. B. L. McMeekin, M.D., C.C.F.P.

The Applicant produced pay stubs from the Ontario Disability Support Program indicating she is on a disability pension and receiving \$930.00 per month for shelter and basic expenses. Ms. Snider's disability is a result of a car accident in 1992 that has left her with manic depression, difficulty walking and chronic injuries to her neck and back. She is currently on six

(6) medications for disability and two (2) other medications for depression. While she has not had to travel to the Carlisle Medical Centre during the impoundment period, she is required to attend the Mental Health Centre in the Norfolk General Hospital in Simcoe as well as have periodic blood work done. During the impoundment period, she has missed one visit to the Mental Health Centre and one visit for blood tests. Renting a vehicle or utilizing a taxi during the impoundment period are out of the question since her disability cheque of \$930.00 per month is fully consumed paying \$700.00 per month for rent, \$33.00 for telephone service and \$44.00 for T.V. cable. Her common law spouse, Mr. Wade Reid, a crane operator in Ancaster, earns \$530.00 per week and assists with groceries, the car insurance premium, and small bills. He has absolutely no money left over after paying for his daily ride from Simcoe to Ancaster as well as the fines and other loans that currently exist.

In her testimony, the Applicant stated that she knew Mr. Reid's driver's licence was suspended in 2000 and truly believed it was reinstated before loaning him her car on January 21, 2001. While she never directly asked him, she assumed the one year suspension was up because he served time in jail in early January 2000 and she witnessed him paying his \$750.00 fine in early January 2001 for driving while disqualified.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Wade Curtis Reid;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving while Disqualified or Prohibited under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 10, 2001.

The Respondent submits that the Applicant has not required or missed a medical appointment with her family physician situated one hour away in Carlisle, Ontario during the impoundment

period. While the Respondent acknowledges that the Applicant suffers with some chronic medical problems and is on a full disability pension, opportunities exist such as utilizing a taxi, calling on friends to supply needed rides, and investigating the possibility of having the pharmacy deliver her prescriptions free within the Town of Simcoe.

Three additional vehicles, according to the Ministry of Transportation records, are registered to the Applicant and could be available for transportation during the impoundment period. The Applicant responded by saying that one is absolutely not roadworthy and the other two may be still in her name and operated by her ex-husband.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The “owner” for the purposes of the section is defined in subsection 50.2(11) as:

“Owner” means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar’s order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if

the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The first issue to be considered in this appeal is whether the motor vehicle owner exercised due diligence to determine that the driver's licence was not suspended.

The onus of proof, based on the balance of probabilities, rests with the Applicant.

The Applicant readily admits that she did not directly ask Mr. Reid if he had a valid driver's licence before loaning her car. She simply assumed that his driver's licence was reinstated after serving time in jail in early January 2000 and paying his \$750.00 fine. Therefore, the one year suspension should have expired in January 2001. The evidence shows that the Applicant took no steps to ascertain the status of Mr. Reid's driver's licence.

The Tribunal finds that the owner of the motor vehicle in accordance with Section 50.2(3)(c) of the H.T.A. did not exercise due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension.

The Applicant also requested an appeal on the grounds of "exceptional hardship" under Section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact "exceptional hardship" will result from the impoundment. The Applicant in this case argued that the impoundment is causing her severe stress and major inconvenience in attending doctor appointments and

running errands during the impoundment period. In order for these claims to be considered under Section 22(2), the Applicant must have demonstrated that all of Section 22(3) has been met. Furthermore, Section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle.

The Applicant testified that she investigated the use of a taxi to get to and from her medical appointments but quickly discarded the idea based on the \$7.00 taxi fare. The Applicant has not asked Mr. Reid to assist with the cost of her transportation problems or contribute to the impoundment fees upon the release of her vehicle. As well, the Applicant has not established that reasonable alternatives have been considered.

While the Applicant has missed two local medical appointments during the impoundment period, it was not clear to the Tribunal whether every reasonable option had been considered and enquired into that could eliminate the problem. In respect to the three additional motor vehicles registered in her name, the Applicant was only able to say that one was not roadworthy. The status of the two other vehicles is unknown to the Tribunal.

With regard to the Applicant's second ground of appeal that the impoundment will result in exceptional hardship, the Tribunal finds that the Applicant has not established exceptional hardship, as prescribed under Section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Elmer Merkley, Presiding Member

RELEASED: February 13, 2001

LORENZ

SANDRA LYNN LORENZ

APPEAL UNDER SECTION 50.2 OF THE *HIGHWAY TRAFFIC ACT*, R.S.O. 1990, CHAP.H.8 AS AMENDED (THE "ACT"),
FOR AN ORDER OF THE REGISTRAR OF MOTOR VEHICLES
PURSUANT TO SECTION 55.1(3) OF THE ACT

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D., Presiding Member

APPEARANCES: KIM BEINTEMA, Representative of Registrar of
Motor Vehicles

SANDRA LYNN LORENZ, representing herself

DATE OF
HEARING: February 20, 2001 *By teleconference*

ORDER

PURSUANT to the provisions of the *Highway Traffic Act*, R.S.O. 1990, Chap. H. 8 as amended, Sandra Lynn Lorenz (the "Applicant") appealed a decision of the Registrar of Motor Vehicles (the "Registrar") made under section 55.1 of the Act to impound a certain 1989 Chevrolet SLE motor vehicle, plate number AELX 142 (the "motor vehicle");

UPON MOTION, made by the representative of the Registrar for an order by the Tribunal dismissing the Applicant's ground of appeal of exceptional hardship as a ground to be heard at a hearing;

UPON READING the exhibits and hearing submissions of the representative of the Registrar as well as submissions by the Applicant, this Tribunal finds that the ground of exceptional hardship [section 50.2(3)(d)] upon which the Applicant relies in this appeal, does not apply by virtue of section 50.2(4) as a previous order to impound under section 55.1 was made with

respect to the motor vehicle then owned by the Applicant;

NOW THEREFORE, this Tribunal orders that after considering the evidence and the submissions of the Applicant and the Representative of the Registrar, pursuant to Section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Representative for the Registrar of Motor Vehicles

HYACINTHE LIRETTE, Applicant
unrepresented

DATE OF HEARING: February 13, 2001

DECISION RELEASED: February 20, 2001 Toronto

REASONS FOR DECISION

A hearing was held on February 13, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Hyacinthe Lirette (the "Applicant")
Motor Vehicle:	1990 Chevrolet Cavalier, plate # 621 JOS (the "vehicle")
Date of Appeal:	January 26, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on February 13, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I was unaware that the Drivers Licence was under suspension at the time of the impoundment.
Apparently it occurred while I was on vacation.

Mrs. Lirette was accompanied by her husband.

Mrs. Lirette testified that her son David was at home waiting to be picked up to go to Hockey practise. When his friend did not turn up, she told him that he could use her car. She said that she and her husband were away in New Brunswick from June to October, and she was under the impression that David may have lost his licence during that time and did not tell them.

Upon being questioned she did admit that David had not been driving. His sister who lives nearby normally drives him to work, and his friends drop by to take him to hockey, etc.

Mrs. Lirette was asked by the representative whether she knew that David had previous suspensions, and she replied that she did not know.

She also stated that she had never asked David whether he had a valid Driver's licence. She did not know that he did not have a valid licence when she suggested he could use the car to go to Hockey practise that day, and was quite surprised when she was advised that her son had not had a valid licence since 1994.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by David J. Lirette;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS of Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until August 21, 2001.

The Registrar's submission was that Mrs. Lirette's evidence confirmed that she and her husband had relied on trust regarding the status of their son's driver's licence and that, therefore, they had not exercised due diligence as stipulated in the Act.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that

the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: **A.** adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

To succeed in this appeal, the Applicant must that he exercised due diligence as required in Section 50.2 (3)(c) of the Act.

Mrs. Lirette confirmed that neither she nor her husband were aware that their son's licence was under suspension at the time of the impoundment. Indeed, she was shocked to learn that her son has been without a valid driver's licence for almost seven years. It is clear that neither the Applicant nor his wife took any active steps to confirm the status of their son's driver's licence. Without taking such steps, the Lirettes could not establish that they exercised due diligence as required by Section 50.2(3)(c) of the Act. Accordingly, the Applicant could not meet the onus required of him under the Act to succeed in this appeal.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Malcolm Fealing, Presiding Member

William Warburton, Member

RELEASED: February 20, 2001

MONIGHAN

JOSEPH E. MONIGHAN

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A
MOTOR VEHICLE ISSUED BY THE
REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

JOSEPH E. MONIGHAN, Applicant
MICHAEL MORRISON, Agent for Applicant

DATE OF HEARING: February 16, 2001

DECISION RELEASED: February 22, 2001 ***By teleconference***

REASONS FOR DECISION

A hearing was held *by teleconference* on February 16, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Joseph E. Monighan (the "Applicant")
Motor Vehicle:	1989 International Harvester Truck, plate # 451 OJN (the "vehicle")
Date of Appeal:	January 30, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on February 16, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Respondent filed certified copies of Ministry of Transportation documents, previously submitted as part of the Respondent's evidence.

Documents tendered were entered into evidence as exhibits with the consent of both parties.

There were no preliminary matters and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Jan. 29, 2001

To Whom it may concern:

Re: Impoundment of 1989 International Harvester Truck

On Jan. 16, 2001 I was informed that our truck was impounded due to the fact our driver was under a licence suspension.

I was totally unaware of this man's suspension. In fact his driver's licence number was given to our insurance company, as a new driver, early in December. (Pearson - Dunn Insurance, Hamilton, Agent Larry French)

This incident was a complete surprise to us and an exceptional hardship. This is the only large truck that I operate in a small local moving business.

We have a number of bookings in the month of February and employ four other people. Without that vehicle we are effectively out of business for the month and our people will be unemployed.

It will be difficult enough to pay the storage and tow fees as it is and the elimination of our February revenue will make it even more difficult.

The driver in question, Mr. Don Beamer, has been dismissed with no possibility of re-hire. I feel his stupid mistake should not affect innocent parties unrelated to his problem.

Any relief of this situation would be greatly appreciated.
Please contact the undersigned as early as possible.
Thank you in advance for your consideration.

"

"

Michael Morrison
905-525-8332

Letter from Michael Morrison dated January 29, 2001 states "...*Totally unaware of this man's suspension ...without this vehicle we are effectively out of business for the month and our people will be unemployed...*"

At the hearing the Applicant's agent, Michael Morrison made a statement according to his knowledge of the facts surrounding this matter.

Michael Morrison is the owner of a moving company that uses the truck owned by the Applicant Joseph E. Monighan.

Joseph E. Monighan was relying on Michael Morrison to ensure that due diligence was carried out.

Michael Morrison requested a driver's licence number from his part-time employee Donald Beamer, sometime in December. This number was submitted to Mr. Morrison's insurance company for further checking. There was no indication from the insurance company that there was any problem.

As for losses, Mr. Morrison claims that he incurred a minimum of \$1,000.00 loss within a month, due to the impoundment of the vehicle. He has had to resort to rent vehicles for the moves and has had to turn down businesses as equipment needed is in the impounded truck.

Mr. Monighan owns a smaller truck, and Mr. Morrison owns a comparable sized truck, but it is not licenced. It would cost several thousands of dollars to fix.

Mr. Morrison feels that the spirit of the law was not intended to punish innocent third parties, but rather to punish those who drive with suspended licences.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Donald G. Beamer;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 23, 2001.

The Respondent offered no viva voce evidence at the hearing choosing to rely on the information provided.

In closing the Respondent asked the Tribunal to uphold the suspension.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the

vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor

vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

(2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

(3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

(4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish due diligence and exceptional hardship ground of appeal as provided in subsection 50.2(3)(c) and 50.2(3)(b) and (d) of the Act, respectively.

The Tribunal will address the matter of due diligence first.

The Respondent contends that the Applicant did not exercise due diligence as the driver's

licence of the driver, Donald Beamer was not actually validated by the owner of the vehicle, Mr. Joseph E. Monighan, nor by his agent Mr. Michael Morrison.

The Applicant's Agent stated that the law is harsh and that he believes the spirit of the law was not to hurt "innocent" third parties. The Tribunal concurs. Unfortunately, the law, as written is quite clear, Sect. 50.2 (3) (c) requires:

"that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension."

In order to exercise proper due diligence the owner of a motor vehicle must take active steps to confirm the status of the driver's licence. What will be required will depend on the circumstance of each case. At a minimum, active inquiry is required. Here, neither the Applicant, nor his agent, made any efforts to check that the driver of the vehicle had a valid driver's licence.

The Tribunal is not satisfied that the criteria for due diligence as set out in Section 50.2(3)(c) was met.

With respect to undue hardship as per subsection 50.2(3)(d) of the Act, the Tribunal will proceed to review the criteria required to meet the onus for consideration of financial loss. These criteria are cumulative. That is, all must be met to establish exceptional hardship under section 50.2(3). The evidence indicates that two of the four criteria are not met.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provides that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant stated the business has had to resort to rentals. Thus the criteria of Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 does not apply.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of O. Reg. 632/98, Subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting.

Although, the losses incurred by Mr. Morrison may not be recoverable, such losses are not permanent. Thus, the Tribunal may not consider O. Reg. 632/98, Subsection 22(3)(b).

As previously stated the individual affected by the impoundment, has an alternative method of transportation, and has incurred no permanent loss.

After assessing the evidence presented, the Tribunal finds that the Applicant has not established exceptional hardship as prescribed by section 50.2(3) of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **confirms** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

ANTOINE AOUAD, M.D.,
Presiding Member

RELEASED: February 22, 2001

ALLAN

LESLIE G. ALLAN

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

LESLIE G. ALLAN, Applicant (not present)

YVONNE ALLAN, Agent for Applicant

DATE OF HEARING: February 13, 2001

DECISION RELEASED: February 21, 2001 Toronto

REASONS FOR DECISION

A hearing was held on February 13, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar

pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Leslie G. Allan (the "Applicant")
Motor Vehicle:	1991 Buick LLF, plate # ACBB 160 (the "vehicle")
Date of Appeal:	January 30, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on February 13, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The hearing was adjourned for 30 minutes as the agent for the Applicant was not present at the start time for the hearing. The hearing was reconvened and the hearing proceeded.

There were no preliminary matters in dispute between the parties.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

This is my consent to waive any disclosures and request the earliest date possible for a hearing.

Yvonne Allan

As the Applicant was not present to give testimony, Yvonne Allan, agent for the Applicant, was sworn and gave the following testimony. She testified that the vehicle was indeed impounded and that the driver of the vehicle was her husband, Leslie Allan. It was her position that the loss of the vehicle presents an exceptional hardship to her as she relied on that vehicle for her job in sales. She did however state that she has rented a vehicle and had just renewed the vehicle for a further period of time and presented a copy of the receipt (see Exhibit # 4). She has no further testimony to provide as she did not want to go into any details surrounding the impoundment of the vehicle.

The Respondent did not have any questions of the agent.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle

at the time it was detained was being driven by Leslie G. Allan;

3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS of Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until July 4, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The “owner” for the purposes of the section is defined in subsection 50.2(11) as:

“Owner” means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar’s order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same *owner*.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98,

provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate

or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

The Applicant has appealed on the grounds of exceptional hardship, in accordance with Section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment.

In order for the Applicant's claims to be considered under Section 22(2)(a)(b), and (c), he must have demonstrated that all of Section 22(3) has been met. Furthermore, Section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant had made no specific claims of exceptional hardship as described in Section 22(1)(a)(b). The Agent for the Applicant did however elude to his current medical conditional but did not provide any substantive documentation to that effect.

The Agent for the Applicant had stated that the Applicant was now employed but did not specify how he was managing to get to work.

Furthermore, the Agent for the Applicant stated that a rental vehicle had been used since the impoundment as the Agent required the vehicle for her work and would be taken for a further period of rental. Alternative transportation is available, therefore.

The Tribunal finds that the Applicant has not met the onus under Section 22(4) of the Regulation, and is therefore precluded from considering the Applicant's claim of exceptional hardship under Section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms

the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

MURISON

THOMAS BRUCE MURISON

**Appeal under section 50.2 of the *Highway Traffic Act*,
R.S.O. 1990, Chap.H.8 as amended (the "Act"), from
the Order of the Registrar of Motor Vehicles
pursuant to section 55.1(3) of the Act.**

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: MALCOLM FEALING,
Presiding member

APPEARANCES: KIM GROSSKURTH,
Representative for the Registrar of Motor Vehicles

THOMAS BRUCE MURISON, Applicant
BILL INGRAHAM, Agent for the Applicant

DATE OF HEARING: February 12, 2001

DECISION RELEASED: February 20, 2001 Toronto

REASONS FOR DECISION

A hearing was held on February 12, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Thomas Bruce Murison (the "Applicant")
Motor Vehicle:	1999 Mercury Cougar, plate # SOV 675 (the "vehicle")
Date of Appeal:	January 30, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on February 12, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

January 29, 2001

Attention: Detective Young

On January 24, 2001 a Cougar licence plate # SOV675 was brought in to our Service department for repairs, to the front end. A repair order was opened and the owner, Mr. Thomas Murison, signed it. After it had been determined that the vehicle needed parts, it was then parked outside that morning, by the front-end technician waiting for the part to arrive the following morning. The technician hung the keys in the designated area, which is accessible to all the Service department personnel.

Between 5 and 6 pm that evening our Service Advisor Kimberly Mercer was approached by Grant Angus, one of our General Technicians, while he was still in his work uniform and requested to take the vehicle out for a "Road Test", the Cougar in question. Kimberly granted the Road Test. Three issues are at stake here:

- A) Only the front-end technician was qualified to work on the vehicle. Grant Angus had not worked on the vehicle, and was not qualified or authorized to do so.
- B) The vehicle was being used for his own personal use, while knowing he was prohibited to drive a motor vehicle, as his licence was revoked.
- C) Permission can only come from Dealership management to drive a customer's vehicle outside of normal working hours. i.e. Intermittent drivability complaints where our specialized technicians would hook up our diagnostic equipment for an extended Road Test or cold start, and I was unaware that Grant's licence was suspended.

Our customer has been extremely anxious and distraught over this matter and, we feel he should not be inconvenienced any longer, therefore I request a Warrant for the arrest of Grant Angus for car theft so we may begin Appeal Tribunal process to have Mr. Murison's vehicle released from impoundment.

Yours truly,

"W.R. Ingraham"
W.R. Ingraham
Service Manager

Mr. William Ingraham, Service Manager for Cruickshank Motors, who appeared as Agent for

the owner, provided evidence as follows.

Between the hours of 5:00 p.m. and 6:00 p. m. on January 24, 2001, Mr. Grant Angus an employee of Cruickshank Motors, approached Ms. Kim Mercer while she was busy with the Company's administrative work, and asked for the keys to the 1999 mercury, plate no.SOV675, so that he might take it for a road test. Although it is normal practise for the mechanics to log off work at 5:00 p.m., Ms. Mercer was aware that some times a mechanic would continue working past that time in order to finish a job. She presumed that was why Mr. Angus was still on site.

Ms. Mercer was also very busy at the time, so without giving Mr. Angus's request further thought, she allowed him to take the keys.

Mr. Ingraham testified that Grant Angus was not qualified to work on the vehicle and therefore had no authority to use the vehicle. Moreover, no vehicle should be taken off the lot without permission from management. Mr. Angus was aware of this, and was also aware that Ms. Mercer was not management. He seemed to have planned the timing of his request when Ms. Mercer was most busy, so that he could catch her off guard.

The owner was advised of the impoundment and reviewed the matter with the dealership. Mr. Angus drove the car from the dealership and that evening he was stopped by the police and the car was impounded. A few days after learning of the impoundment, and dealing with the owner of the motor vehicle, Mr. Ingraham wrote Detective Young and asked "for the arrest of Grant Angus for car theft".

Angus was hired on November 22, 1999. A search of his driving record was made at that time. The driving record which covered a three year period from 1996– 1999, showed that he had an A.D.L.S. suspension. Mr. Ingraham stated that he did not know what A.D.L.S. stood for, or he would not have hired Mr. Angus. He did not agree with Ms. Grosskurth, the MTO representative that he should have made a special effort to find out what the letters stood for.

When Grant Angus was approached concerning the unpaid fines, he provided proof that these had been paid. As a result, his employer presumed that his licence had been reinstated. No further checks were made.

Detective Warren Young, badge no. 2410, of 21 Division was introduced as a witness for the Applicant. After being sworn in, Detective Young testified that Mr. Ingraham came to 21 Division on January 26, 2001 to request that a Warrant for the arrest of Mr. Grant Angus be issued for car theft. Detective Young consulted with a Senior Detective, Alex Poole about the matter, and also consulted with Crown Attorney, Mr Paul Leishman. It was decided that Mr. Angus should be arrested and charged. A court hearing is pending. The detective stated that when he interviewed Mr. Angus about the circumstances under which he had taken the car, Grant claimed that Ms. Mercier knew that he was taking the vehicle home, and would be

returning it to work the next day.

Mr. Angus was charged with Theft by Conversion – theft over \$5000.00. However, Detective Young did indicate while under oath that it was his opinion, (not the court's), that Mr. Angus would probably be convicted of taking the vehicle without consent.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Grant Angus;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 21, 2003.

The Ministry's position was that the owner handed over the care and control of the motor vehicle to Cruickshank Motors, and it was their responsibility to see that only the person or the persons with authority should drive the car. Although it could be construed that Ms. Mercer had been taken advantage of, she did know that she had no authority to give a mechanic permission to take the car keys.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

"Owner" means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect

- (c) of which the order was made was not then under suspension;
that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed "stolen" if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

The evidence has established that Mr. Angus Grant breached the conditions of his employment, when he:

1. Tricked Ms. Mercer into believing that he was working on the automobile;
2. Took the car off the lot after working hours without permission

As a consequence of his actions, he has lost his job and has been charged with theft by conversion.

The Tribunal must note here that the police do not charge a person with theft lightly. However, the Tribunal notes that Mr. Ingraham did not ask that Angus be charged for theft for a few days following the impoundment. In the circumstances of this case, the Tribunal must draw the conclusion that Mr. Angus' employment in the dealership's service department did not support the conclusion that Mr. Angus intended to take the vehicle permanently albeit an unauthorized taking of the vehicle. This is the first time that the Chair of this appeal has seen a case where an automobile has been taken without permission, and a charge for theft has been laid. The Ministry, usually thorough in presenting its case, could not provide any precedent.

With respect to an appeal under Section 50.2(3)(a), alleging that the vehicle was stolen, the meaning of stolen is not provided in the *Highway Traffic Act*.

This Tribunal must rely on the evidence presented. Firstly, Mr. Angus, however wily he may have been, did ask for the keys. He did not sneak into the office and remove them.

Secondly, he did receive permission to take them. Although the evidence shows that he was aware that Ms. Mercer did not have the authority to let him have the keys, he did ask.

The Shorter Oxford Dictionary defines "stolen" as: Accomplished or enjoyed by stealth; secret.

Black's Law Dictionary defines "stolen" as, Acquired, or possessed, as a result of some wrongful or dishonest act, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with intent to deprive the owner of the benefit of ownership (or Possession) permanently.

On the basis of the evidence and the definitions before it, the Tribunal finds that Mr. Angus availed himself of the use of the car in a very sly manner, and the taking was unauthorized but that he did not mean to retain possession of the property or that he wished to deprive the owner of the benefit of ownership permanently. The Tribunal can conclude that Mr. Angus took the vehicle in an unauthorized manner, but the Tribunal can not conclude that the taking amounted to the vehicle being stolen, as required under section 50.2(3)(a) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act, Winston Walter Williams (hereinafter referred to as "the Applicant") and the Registrar, Motor Vehicle Dealers Act, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Power Procedures Act, do hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any of an offence, his registration shall be automatically revoked.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act*.
4. Should the Applicant wish to transfer his registration under the *Motor Vehicle Dealers Act*, the Applicant shall submit a new application. This application shall be subject to the Registrar's prior written approval.
5. The Applicant shall not be an officer, director, owner or partner in a dealership.
6. The Applicant will not be the final signatory on any bills of sale.
7. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
8. The Applicant confirms that the circumstances surrounding the conviction are substantially as disclosed to the Registrar.

9. The Applicant agrees that he will not be involved with the buying and selling of motor vehicles without the benefit of registration. This includes any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts.
10. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
11. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.

Winston W. Williams (initials)

12. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, or if the Applicant's sponsoring dealer is not acceptable to the Registrar, the Registrar is directed to and shall carry out the proposal.
13. The Applicant will provide a copy of this order to his employer forthwith.
14. The Applicant will comply with the Ontario Motor Vehicle Industry Council's Code of Ethics and Standards of Business Practice.
15. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
16. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
17. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of February 2001.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Michael J. Kenny (hereinafter referred to as "the Applicant"), and the Registrar, Motor Vehicle Dealers Act (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle salesperson:

- 1) The Applicant agrees that if he is criminally charged in the future, he will immediately notify his employer in writing of the charges against him and provide a copy of the notification signed by his employer to the Registrar.
- 2) The Applicant agrees that if he is criminally convicted in the future, he will be automatically revoked.
- 3) The Applicant agrees to provide full disclosure on all future applications.
- 4) The Applicant acknowledges that the Registrar is relying upon the accuracy of the disclosure provided in entering into these terms and conditions.
- 5) The Applicant agrees not to be a partner, shareholder, officer, director or sales manager of a dealership.
- 6) The Applicant agrees not to be the final signatory on any sales contracts on behalf of the dealer.
- 7) The Applicant agrees not to transfer his registration as a motor vehicle Salesperson to another dealer without having first obtained the prior written consent of the Registrar.
- 8) The Applicant agrees to forthwith provide the Registrar with documentary evidence that he is currently making restitution regarding his fraud conviction.

- 9) The Applicant agrees that if he does not continue to make restitution in regard to his fraud conviction, he will be automatically revoked.

Michael J. Kenny (initials)

- 10) The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that enrolment in the course entitles him to a sixty (60) day conditional registration period that allows for his successful completion of the course (including passing the exam).
- 11) The Applicant agrees that his registration will not prevent the Registrar from taking administrative action, including a proposal to revoke his registration, arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
- 12) The Applicant acknowledges that his registration as a motor vehicle Salesperson will not prevent the Registrar from taking legal action, including a Provincial Offences prosecution, arising from matters that may have occurred or that may occur in the future.
- 13) The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
- 14) The Applicant will provide a copy of this order to his employer forthwith.
- 15) The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
- 16) The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
- 17) The Applicant acknowledges that he has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of _____ 2001.

HIGHWAY TRAFFIC ACT
R.S.O. 1990, Chap. H.8 as amended

IN THE MATTER of the ORDER to IMPOUND a MOTOR VEHICLE Order # V1605200 OWNED BY: Caron Dunn of: L5 C6 RR1, Norwood, Ontario K0L 2V0 made pursuant to section 55.1 of the *Highway Traffic Act*, effective on: January 27, 2001.

AND IN THE MATTER of a requirement for a hearing respecting an appeal of the said Order to Impound, pursuant to section 50.2 of the *Highway Traffic Act*.

CAROL DUNN

Applicant

-and-

REGISTRAR OF MOTOR VEHICLES

Respondent

CONSENT ORDER

Upon the application to the Tribunal by Carol Dunn, Applicant, and by the representative for the Registrar of Motor Vehicles, for the issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act*, R.S.O. 1990, chapter S.22, and having reviewed the written settlement signed by the Applicant and the Registrar of Motor Vehicles as to the disposition of these proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are disposed of without a hearing on the basis of the facts and on the terms set out in the said Schedule "A".

Schedule "A"

LICENCE APPEAL TRIBUNAL

Between:

Carol Dunn

Applicant

-and-

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the Statutory Powers Procedure Act, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in **Order to Impound #V1605200** was impounded in accordance with subsection 55.1(3) of the Highway Traffic Act, RSO 1990, c. H. 8 as amended, on February 26, 1999.
2. The applicant, **Carol Dunn**, whose name is shown on the vehicle portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(c) of the Highway Traffic Act, stating **that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of motor vehicle at the time of the impoundment was not then under suspension.**
4. Having reviewed the Ministry of Transportation records, the Registrar is satisfied that the driver's licence of the person driving the motor vehicle at the time in respect of which the order was made was valid.
5. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.

6. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the Highway Traffic Act that the Board set aside the order to impound.

Respondent

DISMISSAL ORDER

PURSUANT to the provisions of the *Motor Vehicle Dealers Act*, R.S.O. 1990, Chapter M.42 as amended (the "Act"), Keith Elliott (the "Applicant") initiated an appeal under section 7(4) of the proposal of the Registrar under the Act, dated November 28, 2000 in terms of which the Registrar proposed to refuse registration of the Applicant as a motor vehicle salesperson;

AND WHEREAS, the Applicant has failed to pay the filing fee for this proceeding before the Tribunal, required pursuant to section 7 of the *Licence Appeal Tribunal Act*, 1999;

AND WHEREAS, the Applicant has not responded to the Tribunal's Notice of Intent to Dismiss Proceedings sent to the Applicant pursuant to section 4.6 of the *Statutory Powers Procedures Act*, R.S.O. 1990, Chapter S. 22 as amended, and Rule 2.10 of the Rules of Practice of the Licence Appeal Tribunal, whereby a proceeding before this Tribunal may be dismissed without a hearing for failure to pay the required filing fee;

NOW THEREFORE, this Tribunal orders that:

1. Pursuant to the authority vested in it under section 4.6 of the *Statutory Powers and Procedures Act*, as amended, this proceeding, initiated by the Applicant's request for a hearing before this Tribunal, is dismissed;
2. Pursuant to the authority vested in it under section 7 of the *Motor Vehicle Dealers Act*, this Tribunal directs the Registrar, *Motor Vehicle Dealers Act* to carry out his proposal dated November 28, 2000 to refuse the registration of Keith Elliott.

that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: Ross C. Bennett M.D., Presiding Member

APPEARANCES: Kim Beintema,
Representative for the Registrar of Motor Vehicles

Applicant,
Counsel for the Applicant

DATE OF
HEARING: February 2, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit #1 Notice of Suspension dated February 18, 2000 issued by the Registrar of Motor Vehicles.

Exhibit # 2 Notice of Appeal Form received at the Tribunal January 4, 2001, filed by the Applicant.

Exhibit #3 Tabulated documents received from the Registrar of Motor Vehicles.
(Tabs 1-10)

Exhibit #4 Applicant's Driving Record from the Ministry.

THE FACTS:

The Applicant is a fifty six year old car salesman, who has worked steadily at one dealership for the past seven years. His driver's licence was suspended February 18, 2000, pursuant to section 47(1) of the *Highway Traffic Act*, by the Registrar of Motor Vehicles. An unsolicited letter, dated January 14, 2000, had been received from Physician # 1 at the Peel Memorial Hospital's Chemical Withdrawal Centre, stating the Applicant had presented there in an intoxicated state. Officials at the Ministry assumed drugs were the problem, since it was a doctor from the Chemical Withdrawal Centre, who had reported the incident and recommended suspension.

The Deputy Registrar forwarded the letter of suspension on February 18, 2000, but apparently the Applicant never received it. When he was finally made aware of the suspension, he contacted the Ministry and made an appointment with a Mr. John Wozny. He informed Mr. Wozny that he did not have any problems with drugs, it was alcohol. He was advised that this was a medical suspension, so it really did not matter. The necessary steps to be taken for reinstatement of his licence were outlined to him and an Alcohol Assessment Form was provided.

Physician # 2, the family physician completed the form with the Applicant and forwarded it with a letter outlining the Applicant's medical history. Unfortunately the assessment form, dated May 4, 2000, was incomplete, inaccurate and unacceptable to the Ministry.

This frustrated the Applicant because he thought he had been forthright in answering the questions. He knew the Ministry were aware of his episode in December 1999 when he ended up at the detox centre, so he did not mention it and besides he had gone there to try and help himself and instead he was punished. Prior to that, he had abstained for over a year and since then he has only had one glass of wine at a wedding.

He readily admitted his past alcoholic history is terrible, but he has tried. He is a member of two AA groups and attends two to three times every week. He participated in the Renascent Centre program for three weeks in late 1998. He suffers from chronic Hepatitis "A", which prevents the use of blood tests, such as MCV and GGT, to monitor alcohol use.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

THE LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly Interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

(2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) empowers the Registrar to "---suspend or cancel" a driver's licence for "any sufficient reason---". Section 14 of Regulation 340/94 provides that a holder of a driver's licence must not be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with the holder's ability to drive a motor vehicle safely. The Registrar suspended the Applicant's licence after receiving an unsolicited "note", dated January 14, 2000 from Physician # 1 stating the Applicant had been admitted to the Peel Hospital Chemical Withdrawal Centre in an intoxicated state. There was no mention of what the problem was or any blood tests to confirm the type of intoxication. There was an assumption in the letter that he had driven himself to the hospital, because no one had seen anyone with him, when in fact his daughter and her husband had driven him. The lack of information and follow-up in the letter led to misunderstandings and confusion in the Ministry and ultimately a feeling of distrust and paranoia on the Applicant's part.

The Tribunal believes that he has been honestly attempting to overcome his alcoholism by attending his physician and AA regularly. He has a full time job and his boss supports him and attended one of his "Administrative Reviews". He remained abstinent for over a year in 1999 and has only had one glass of wine in March 2000, which hardly could be considered a relapse.

DECISION:

Upon the application by the Applicant to appeal the decision dated February 18, 2000, by the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be set aside.

LICENCE APPEAL TRIBUNAL

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ANTOINE AOUAD, M.D., Presiding Member
ROBERT EHRLICH, M.D., Member

APPEARANCES: KYLE BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF HEARING: February 13, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal, by way of a written hearing, by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the Highway Traffic Act (Ontario).

EXHIBITS:

By the Applicant:

- a) Exhibit # 1 Notice of Appeal - Dated December 7, 2000.

- b) Exhibit # 2 Letter from the Applicant – received December 15, 2000.
- b) Exhibit # 3 Letter from the Applicant – received January 29, 2001.
- c) Exhibit # 4 Letter from Ms. Adrienne Laudry – received February 1, 2001.
- d) Exhibit # 6 Additional submissions by the Applicant – received February 8, 2001.

By the Respondent:

- a) Exhibit # 5 Ministry of Transportation submissions – tabs 1 – 7 –
- received February 3, 2001.

FACTS:

The Applicant is appealing the suspension of driving privileges effective “00/02/18” as per Ministry of Transportation Driver’s Abstract. (Exhibit # 5 Tab 7)

The Applicant came to the attention of the Ministry as a result of an unsolicited letter, dated “December 2, 1999” from Physician # 1 who informs the Ministry that the Applicant “...has a problem with a psychiatric illness. He might not be fit to operate a vehicle as he tends to have periods of confusion.” (Exhibit # 5 Tab 1)

In an undated handwritten note, received by the Tribunal “Dec 15 2000”, the Applicant states that he “...had a problem with drugs, and quit in 1985...” and that he is “...a recovered alcoholic ...dry date is June 4 1985 16 years ago ...since dealing with problems ...licence does not have one mark against...” (Exhibit # 2)

The Applicant contends that he was “...having a problem with a sleeping disorder, and that’s when ...problems started...” (Exhibit # 2)

In a further letter dated “Jan 20 / 2001” the Applicant re-iterates his previous comments regarding his alleged drug addiction, and requests that his driving privileges be restored on the grounds that he needs his licence as his “...mother is very dependent on my licence for grocery shopping, doctor appointments etc....” (Exhibit # 3)

The Applicant’s mother in a handwritten letter dated “Jan. 27 2001” confirms that the Applicant has no mental problems or addictions that would affect his driving. (Exhibit # 4)

On February 08, 2001, the Tribunal received a handwritten list of the medication prescribed to the Applicant by Physician #1. (Exhibit # 6)

On June 20, 2000, under the letterhead of The St. Catherine's General Hospital, Physician # 2's reports to the Applicant's family physician Physician # 3 as a "*...second opinion requested ...by your self specifically about the question of his desire to get his driver's licence back...*" (Exhibit # 6)

Physician # 2 details the history given him by the Applicant and notes that "*...He is extremely vague about his psychiatric history, and I did not have either Physician # 1's notes, or any from the Welland County General Hospital, to give any more specific about previous psychiatric treatment, or diagnosis...*" (Exhibit # 6)

From his observations and medical examination Physician # 2 concludes that the Applicant was "*...in no distress. His psychomotor rate was normal, and he did not demonstrate objective evidence of parkinsonian side effects of neuroleptics. There certainly was no evidence of mania, suspiciousness, hostility, depressions, or anxiety. He did not express any delusions, and he did not appear to be hallucinating. Insight was poor ...His thinking was concrete, and I would judge him of low average intelligence at best...*" (Exhibit # 6)

Physician # 2 is reluctant to make a recommendation to return the Applicant's driver's licence due to insufficient details about the Applicant's psychiatric history, but does suggest "*...the earliest that I would feel comfortable with him regaining his driver's licence would be 12 months from his last admission ...if he is continuing in full regular outpatient follow-up ...and any other outpatient programs deemed necessary...*". (Exhibit # 6)

On March 20, 2000, Physician # 1 reports to Physician # 3 that he has agreed to write to "*...the Ministry of Transportation ...if necessary.*" (Exhibit # 6)

On May 2, 2000, Physician # 1 forwarded a second letter to the Ministry stating that the Applicant has "*...a severe problem with codeine abuse ...had a few admissions to hospital in acutely psychotic state and has been totally unaware of his surroundings for a number of days...*" (Exhibit # 5 Tab 3)

ADMINISTRATIVE REVIEW - MEDICAL SUSPENSIONS dated "*November 1st, 2000*", completed by Kim Beintema, sets out the Applicant's "*Medical History (Per MTO Documents)*" (Exhibit # 5 Tab 5)

Ms. Beintema verifies that the Applicant's licence was suspended on "*February 8, 2000*" due to "*Codeine abuse, confusion, psychiatric illness.*" Both the date of the diagnosis and the date of the most recent episode are "*Unknown*" with the latter being questioned as having

occurred on “May 2000 as per last report?” (Exhibit # 5 Tab 5)

Exhibit # 5 Tab 7, is a Ministry of Transportation driving Record for the Applicant since 1968, showing a several infractions until October 1980, but none since that date.

The Respondent provided the following Materials and Submissions:

Part I - The Facts: points 1-7

Part II - The Law

Part III - Argument of the Registrar: points 8-19

Section 47 (1) of the Highway Traffic Act

Section referencing Haloperidol (Haldol) from the Canadian Medical Association Guide to Prescription and Over-The-Counter Drugs.

In Part I - the Facts the Respondent described the documentation provided for the hearing filed as Exhibit 5 items 1 through 7.

As Applicable Law - Part II, the Respondent cites: “ Regulation 340/94, section 14; Regulation 340/94, section 17 and 18; Section 32 (12)(b)(i); and Section 50.

The Respondent contends in Part III - The Argument, that *“The Registrar is concerned regarding the Applicant’s insight into his reported condition ...he reports that he does not have a psychiatric illness... Yet the Applicant ...details an admission ...on the Psychiatric floor of Welland Hospital... Physician # 1 reports a few admissions to hospital in an acutely psychotic state. The Registrar questions the Applicant’s understanding of his condition and its affects on his ability to drive safely if he is unwilling to acknowledge the existence of a medical condition ...taking needles for Haldol... According to the Canadian Medical Association Guide to Prescriptions and Over-The-Counter Drugs ...an effective drug in reducing the violent, aggressive manifestations of metal illness such as schizophrenia, mania, dementia and other disorders where hallucinations are experienced...”* (Exhibit 5- Part III - points 12 & 13)

Continuing Part III - the Argument, the Respondent emphasized the fact that *“...There is no evidence on file to indicate that the Applicant’s condition is under control...”* (Exhibit 5- Part III - point 16)

ISSUES:

Should the decision of the Registrar to suspend the Applicant’s licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (f) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

The Notice of Appeal prescribed under the Act, does not state the effective date of suspension. The Tribunal notes the discrepancy between Ms. Beintema's notes in the Administrative Review and Ministry of Transportation. The Tribunal assumes the Ministry of Transportation to be accurate and has used, for the record, the date shown on the Ministry of Transportation Driver's Record.

Prior to reviewing the merits of this matter and setting out the reasons for the decisions the Tribunal must address the issue of the supporting Sections of the *Highway Traffic Act* quoted by the Respondent.

According to the Ministry of Transportation Driver's Record for the Applicant, the Applicant is the holder of a "Class G" licence. Regulation 340/94 section 17 refers to "...an applicant for a holder of a-Class A, B,C,D,E or F..." Section 18 does refer to a "...holder of G, G1, G...", but deals with the individual's visual acuity. The Tribunal fails to see how these two sections are applicable to this matter.

Section 32(12(b)(i) pertains to the driving "*...a motor vehicle ...unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence...*". More specially clause 12 requires that the Applicant "*...submit to the examinations that are authorized by the regulations relating to this section... (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicle.*" Unless there is evidence to which the Tribunal is not privy, the Tribunal finds no requirement to make a finding under this section.

Section 47(1) unquestionably empowers the Registrar to "*...suspend or cancel*" a driver's licence for "*any ...sufficient reason...*". The Registrar originally suspended the Applicant's driver's licence after receiving two unsolicited letters from Physician # 1 informing the Ministry that the Applicant "*...might not be fit to operate a vehicle as he tends to have periods of confusion.*" and has "*...a severe problem with codeine abuse...*" (Exhibit # 5 Tabs 1 & 3 respectively)

Regulation 390/94, Section 14 (a) states that:

"An applicant for a holder of a driver's licence must not,

- a) *suffer from a mental, emotional nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the*

applicable class safely..."

Thus, at issue is not only the mental competency of the Applicant, but how this condition would prevent the Applicant from safely operating a motor vehicle. The Tribunal finds no evidence that the Applicant's mental state has in any way affected his driving. This statement is corroborated by the fact that the Applicant's record shows no violations since October 1980.

According to the Physician # 1 the Applicant "...*might (italics are the writer's) not be fit to operate a vehicle...*". This statement is ambiguous in that Physician # 1 appears equivocal about the Applicant's ability to drive.

Further, Physician # 1 attributes the Applicant's possible inability to safely operate a motor vehicle to an undefined "...*psychiatric illness...*". The Respondent contends that the medication Physician # 1, prescribed to the Applicant, is used to curb "...*violent, aggressive manifestations of mental illness such as schizophrenia, mania, dementia and other disorders...*". There is absolutely no evidence to substantiate the notion that the Applicant suffers from any of these illnesses. Physician # 1 does not actually specify the "...*psychiatric illness*", and the Tribunal cannot speculate as to why such medication was prescribed. (Exhibit # 5 tab 1 and Part III - point 13)

The Tribunal must then rely on the first hand observations of Physician # 2, who "...*In mental status examination...*" found "...*no evidence of mania, suspiciousness, hostility, depressions, or anxiety ...did not express any delusions ...did not appear to be hallucinating...*" (Exhibit # 6)

The Respondent is also concerned about the Applicant's lack of insight into his condition. Physician # 2 seems to concur that the Applicant's "...*Insight was poor ...*" but accentuates that "...*His thinking was concrete...*". Again, the Tribunal points out that the Applicant's lack of insight does not appear to have been detrimental in the past, as is indicated by the Applicant's driving record. (Exhibit # 6)

Nonetheless, the Tribunal must concur with the Respondent that all evidence submitted in this matter is outdated. Thus, the Tribunal requires that the Applicant obtain a new psychiatric report from Physician # 2.

Under section 47 of the *Highway Traffic Act*, the onus is on the Respondent to establish that the Registrar has sufficient reason to suspend the Applicant's licence. The Respondent decides on how best to gather evidence to support the Respondent's case. The Respondent depended on Physician # 1's letters, but did not to present the Tribunal with a complete medical history of the Applicant including the Applicant's previous hospitalizations. Thus, the Tribunal cannot evaluate the full significance nor possible impact of the Applicant's admissions to the hospital. It is possible that the "*psychotic*" episodes described by Physician # 1 may

have been isolated incidents, which would have no effect on the Applicant's ability to drive.

The Tribunal will now proceed to review the evidence adduced with respect to Section 14 (b) of Regulation 340/94, which reads:

"An applicant for or a holder of a driver's licence must not,

b) be addicted to the use of alcohol or drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely."

Physician # 1's unsolicited report advised the Ministry that the Applicant "...has a severe problem with codeine abuse..." The Applicant has admitted to a drug and alcohol problem in his youth, yet both the Applicant and his mother state that there is no current drug abuse. Without further details as to incidents leading up to Physician # 1's diagnosis of codeine abuse, the Tribunal must accept the Applicant's evidence.

Based on the evidence before the Tribunal, on a balance of probabilities, it would appear that the Applicant is not currently suffering from a medical condition or an alcohol or drug addiction which is likely to significantly interfere with his ability to drive a motor vehicle as described by Regulation 340/94 section 14(a) and (b) of the HTA.

DECISION:

Upon the application by the Applicant to appeal the decision dated February 18, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar **be set aside**, provided the Applicant obtain and file with the Registrar a current psychiatric report from Physician # 2 confirming that the Applicant does not suffer from a mental nervous or emotional disability likely to significantly interfere with his ability to drive a motor vehicle.

Registrar of Motor Vehicles pursuant to Section 47(1) of
that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: Ross C. Bennett M.D., Presiding Member
Antoine Aouad, M.D., Member

APPEARANCES: F. Claire Rowett,
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: February 12, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- Exhibit # 1 Notice of Appeal Form received at the Tribunal December 13, 2000.
- Exhibit # 2 Letter from The Ministry of Transportation addressed to the Applicant-
received December 13, 2000.
- Exhibit # 3 Ministry of Transportation submissions- tabs 1-7- received January 26, 2001.
- Exhibit # 4 Letter from (Applicant's Mother) - received January 12, 2001.

Exhibit # 5 Medical Copy - "Maintenance of the Human Body" [Unit Four] -
received January 12, 2001.

PRELIMINARY MATTERS:

The Applicant, brought three witnesses, friends of hers - Samantha Knight, Jeff Jessop and Sheena Nerdlay. The witnesses were excluded until required to give evidence.

FACTS:

The Applicant, a nineteen year old student, was applying for a G1 driver's licence when she was informed her licence was under suspension for "medical reasons". She had apparently changed addresses recently and never received the letter of suspension, dated October 17, 2000, from the Registrar of Motor Vehicles. The Ministry had received an unsolicited letter from Physician # 1, the Applicant's family physician, advising that the Applicant had been advised not to drive, until she had been investigated for loss of consciousness. No other information was given.

According to the evidence, the Applicant had been experimenting with drugs, marijuana, ecstasy, crystal and alcohol at house parties during the winter of 2000. Apparently in April, 2000, a friend had a seizure, which was attributed to drugs. The Applicant became frightened and stopped using them and has not taken them since.

In June, 2000, while at her boyfriend's home in Port Dover, the Applicant felt light headed and collapsed. A witness stated she was unconscious for a few seconds, but was quite coherent immediately after. The following day a similar episode occurred, but was longer in duration with possibly a convulsive component. She attributed it to not eating or sleeping properly and low blood pressure, which often effected her when she stood up quickly. She denied having used drugs of any type since April, 2000.

The Applicant did not seek any medical help for two months, until she went to Physician # 1 in August, 2000. Physician # 1 apparently could not determine any medical reasons for the episodes, and ordered a blood profile, a CT scan and an EEG, which were all normal. Physician # 1 reported the Applicant's unconscious episodes to the Ministry on October 22, 2000, without advising the Applicant.

An appointment was made with Physician # 2, a neurologist for November 6, 2000. The Applicant and her mother, in Exhibit # 4, stated that Physician # 2's visit was very short. Four to five minutes according to the mother. The Applicant admitted telling Physician # 2 that she had experimented with drugs, but denied that she had taken any drugs the weekend of the episodes. Physician # 2 stated in his report to Physician # 1 that the Applicant admitted to

bingeing on up to twenty drinks, which the Applicant denies. She states that what she said was, "I don't drink much, because alcohol has no effect on me, even if I had twenty drinks." Physician # 2's impression was that the Applicant had not forgone drug use and is a high risk to return to such behaviour. He felt that addiction counselling with or without the input of a psychiatrist.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (g) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely

or in accordance with this Act, the regulations and other laws relating to highway safety; or

- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) unquestionably empowers the Registrar to "----suspend or cancel" a driver's licence for "any---sufficient reason---." The Registrar suspended the Applicant's driver's licence after receiving an unsolicited note from a family physician, Physician # 1, which stated the Applicant had a spell of unconsciousness.

Evidence was brought out detailing the results of Physician #1's physical examination, complete blood profile, ECG and CT scan of her brain were all negative. Physician # 1 made an appointment for the Applicant to see Physician # 2, a neurologist. A copy of Physician # 2's report to Physician # 1, dated November 6, 2000, was forwarded to the Ministry. It appears from the report that Physician # 2 did not carry out a complete neurological examination, but based his conclusions mainly on discussions with Physician #1 and the Applicant, which was three and five months after the two episodes.

The Applicant categorically denies some of the statements attributed to her in Physician # 2's report. She gave evidence that she had not taken any drugs since April, 2000, almost three months before the episodes. She also stated that she had told Physician # 2 she did not drink very much, because alcohol had no effect on her and she never binged on twenty drinks at any time. She simply, said she could drink twenty drinks and would not feel anything.

Exhibit # 4, a letter from the Applicant's mother confirms that the appointment was very short and questions how Physician # 2 could determine anything valid or definitive in such a short time. This would account for the limited neurological examination results in his report.

The Tribunal was impressed with the Applicant's forthrightness and considered her a credible witness. She admitted to experimenting with drugs, but said all of her "gang" had stopped

drugs, because one of their friends had suffered a seizure, and it had frightened them.

The Applicant has three witnesses, who gave evidence which substantiated much of her story.

The Tribunal is not convinced the diagnosis of the Applicant's "fainting" spells was a result of chemical intoxication or withdrawal. The evidence heard does not support this diagnosis and as a result there is not an acceptable diagnosis. The Tribunal recommends a second opinion after a complete neurological work-up.

DECISION:

Upon the application by Physician #1 (the "Applicant") to appeal the decision dated October 17, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend her driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be set aside, provided that the Applicant be re-assessed by a neurologist, who confirms in writing that there are no neurological findings to account for the Applicant's fainting on June 10 and June 11, 2000.

Appeal under Section 50(1) of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: Ross C. Bennett M.D., Presiding Member

APPEARANCES: Kyle Biel,
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: February 14, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the Highway Traffic Act (Ontario).

EXHIBITS:

- Exhibit # 1 Notice of Appeal Form received at the Tribunal December 29, 2000.
- Exhibit # 2 Letter of Suspension from The Ministry of Transportation addressed to the Applicant, received December 13, 2000.
- Exhibit # 3 Ministry of Transportation submissions- tabs 1-7, received January 26, 2001.
- Exhibit # 4 Ministry of Transportation Driving Records for the Applicant.

FACTS:

The Applicant, an eighty two year old gentleman, had his licence suspended February 28, 2000 under Section 47(1) of *The Highway Traffic Act*, after receiving an unsolicited letter from the Toronto Police. The Applicant was in a traffic accident on January 19, 2000, involving his car and a TTC bus. According to witnesses, a car was seen entering an intersection against a red light and striking a TTC bus making a right turn. There were no injuries and damage was minimal.

The investigating officer went to the Applicant's residence to continue her investigation. During the interview she noted the Applicant's attention span was extremely limited and he did not seem to comprehend a great deal of what was being explained to him. The officer felt that the Applicant was not mentally fit to operate a motor vehicle any longer.

Following receipt of the suspension notice the Applicant made an appointment with a neurologist, Physician # 1. A diagnosis of mild cognitive impairment was made, but no true dementia. Physician # 1 recommended that if he could pass a formal driving assessment safely, he should be allowed to drive again.

The Applicant's driving skills were tested by "Drivelab", a certified company for Driving Evaluation, on June 15, 2000. The Evaluator's summary was as follows; "Behind the Wheel Assessment, was the Applicant's performance in categories of observation, communication, speed adjustment, vehicle positioning, time and space judgement and vehicle response. Out of 40 performance criteria evaluated, only four were rated with satisfactory performance. The score indicates a very poor rating and a high crash probability at the time of the evaluation."

Recommendations: "based on the in-clinic and Behind the Wheel portions of the driving assessment, the evaluators do not feel it is appropriate for the Applicant to continue operating a motor vehicle at his time."

The Applicant underwent a second assessment at the Bloorview MacMillan Centre on August 2, 2000, after the Ministry refused to re-instate his licence. The recommendations were: "Based on today's performance, the Applicant's medical condition is interfering with his ability to drive safely in today's complex traffic. In particular the evaluators have concern about attention, memory, speed of visual processing and ability to attend to a number of tasks at once. We have concerns for his safety based on today's driving performance and he has been advised he should not drive.

The Applicant's only defence was that he has been driving for sixty five years and this fender bender," was his only accident. He said the evaluator's misinterpreted some of his defensive manoeuvres during his tests. He daims also the light was orange, when he entered the

intersection.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (h) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

(2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(a) states " an Applicant for a driver's licence must not suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle-----safely." Section 47(1) empowers the Registrar to "----suspend or cancel" a driver's licence for "any---sufficient reason---".

The Registrar suspended the Applicant's driver's licence after receiving an unsolicited letter from the Toronto Police making the concerns of the investigating officer known. These concerns were confirmed by the two driving evaluators and was obvious during the Appeal Hearing. The Applicant did not appear to comprehend much of the evidence, and his attention span was very short. When asked to present his evidence, he did not seem to understand what was wanted. As a result, he did not present any evidence or any closing remarks per se.

DECISION:

Upon the application by the Applicant to appeal the decision dated February 28, 2000, of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

TRIBUNAL: ANTOINE AOUAD, M.D., Presiding Member
ROBERT EHRLICH, M.D., Member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF HEARING: February 19, 2001 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

By the Applicant:

- a) Exhibit # 1 Notice of Appeal - Dated January 15, 2001.

By the Respondent:

- a) Exhibit # 2 Ministry of Transportation submissions – tab 1 – 10 –
- received February 9, 2001.

PRELIMINARY MATTERS:

The Respondent submitted a file summary, containing an itemized list of the items submitted prior to the hearing, as well as a copy of the Ontario *Highway Traffic Act*. The Respondent also introduced a certified copy of the Applicant's driver's licence.

FACTS:

The Applicant is appealing the suspension of his driving privileges effective 98 08 14 as per Exhibit # 1.

The Applicant came to the attention of the Ministry as a result of an unsolicited letter dated "20.8.98" from Physician # 1 and Associates, informing the Ministry that the Applicant "...should not operate a motor vehicle ...suffers from diabetes and alcoholism and recently had a seizure..." (Exhibit # 2 Tab 1)

A letter signed by Physician # 1 on November 2, 1999 states that the Applicant "...continued to attend ...office regularly ...has had no further seizures since August 1998 ...continues to drink alcohol and has been advised not to do so ...has not had any severe hypoglycemic episodes in the last year..." (Exhibit # 2 Tab 3)

By letter dated June 1/00, Applicant forwarded Ministry "...Diabetic Assessment; Ministry of Transportation Alcohol Assessment Form; Dextrolog results for the period Jan 24/00 - May 14/00..." (Exhibit # 2 Tab 5)

The Diabetic Assessment from "Date of Examination 00 05 0" prepared by Physician # 1 indicates " Most sugars betw. 4 and 10. No lows noted for over 1 year." (Exhibit # 2 Tab 5A)

The MINISTRY OF TRANSPORTATION ASSESSMENT FORM- dated "19/5 /00", completed by Physician # 1, the Applicant's physician since " 93 / 08 /26 " indicates as follows:

“YES” is checked under “Personal Health History” for “metabolic Disorders; Psychiatric Disorders; and Addictions”

Under “Medical Consequences Related to Alcohol Use”, “Seizures” and “Blackouts” are checked as “YES”

According to the “PHYSICAL ASSESSMENT AND LABORATORY EVALUATION”, “Blood Pressure - NORMAL; LIVER; NEUROLOGICAL; GGT; MCV ” are all checked under the category “NORMAL” (Exhibit # 2 Tab 5 B)

Under “Recommended goal for alcohol consumption - Abstinence” is circled. Physician # 1 writes *“Attended Pinewood in Sept / Oct 1998 Continues to drink 4 - 5 beers/Weekends against medical advice.”* (Exhibit # 2 Tab 5 C)

A MEDICAL ADVISORY COMMITTEE CASE STUDY dated JULY 7, 2000 upheld the suspension, requesting abstinence for a period of one year. (Exhibit # 2 Tab 6)

An Administrative Review - Medical Suspension prepared by K. M. Biel on November 3, 2000 details the Applicant’s history as related by the Applicant. The Review Officer states the *“Diabetes under control. Driver being honest when he says that he has a couple of beers on Sat. Afternoon either at home or out. August 1998 seizure ...one time event...”* (Exhibit # 2 Tab 7)

Exhibit # 2 Tab 10, Ministry of Transportation driving Record for the Applicant since 1968, shows one conviction for failure to remain at scene.

At the hearing, the Respondent reiterated the contents of the information contained in the written material provided for the hearing and filed as Exhibit # 2 Tabs 1 through 10.

On his own behalf the Applicant testified that has never and would never drink and drive.

The Applicant admits to having been an alcoholic years ago, but got that under control and now just drinks socially, with his friends on a Saturday afternoon, and has an occasional drink at home.

The Applicant attested that Physician # 1 is a tea tottler and therefore on his case, particularly because of the diabetes. However, the Applicant emphasized that the diabetes are under control.

The Applicant has not been prescribed any medication for seizures, as in fact he believes he

did not have a seizure, but rather a hypoglycemic episode.

The Applicant also related the incident that led to his conviction of leaving the scene of an accident. The Applicant testified that the episode was not alcohol related.

In cross-examination, the Applicant agreed to provide the Ministry with GGT and MCV results on a monthly basis, if necessary.

In closing the Respondent asked that the decision of the Ministry be confirmed.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;

- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) unquestionably empowers the Registrar to “...suspend or cancel” a driver’s licence for “any ...sufficient reason...” The Registrar originally suspended the Applicant’s driver’s licence after receiving an unsolicited letter dated “20.8.98”, from Physician # 1 and Associates, informing the Ministry that the Applicant “...should not operate a motor vehicle ...suffers from diabetes and alcoholism and recently had a seizure...” (Exhibit # 2 Tab 1)

The Tribunal finds that the Ministry acted properly and in accordance with the Regulation in suspending the Applicant’s driving privileges based on Physician # 1’s report.

Regulation 390/94, Section 14 (a) is clear in that:

“An applicant for a holder of a driver’s licence must not,

a) suffer from a mental, emotional nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely...”

The Tribunal is compelled to consider and accept the latest report written by Physician # 1 who

has been seeing the Applicant on a regular basis. Physician # 1, confirms that Applicant *"...has had no further seizures since August 1998 ...has not had any severe hypoglycemic episodes in the last year..."* (Exhibit # 2 Tab 3)

The Tribunal is satisfied that the Applicant does not suffer from a medical condition *"...likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely..."*

Section 14 (b) of Regulation 340/94 under the HTA, which was also invoked by the Respondent as being applicable, states:

"An applicant for or a holder of a driver's licence must not,

b) be addicted to the use of alcohol or drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely."

While the Applicant admits that he *"...continues to drink alcohol and has been advised not to do so..."*, he was able to satisfy the Tribunal that his occasional drinking, albeit against doctor's orders, is also not *"...likely to significantly interfere with his or her ability to drive a motor vehicle safely."* (Exhibit # 2 Tab 3)

The Tribunal notes the fact that the Applicant's record is free from drinking and driving occurrences.

In weighing the evidence presented, the Tribunal is satisfied that the Applicant is not suffering from a disability or addiction as described in Regulation 340/94 sections 14(a) & (b) of the HTA.

DECISION:

Upon the application by the Applicant to appeal the decision dated August 14, 1998 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar **be set aside** and the Applicant's licence re-instated.

DATE OF HEARING: August 8, 9, 10, 11, 2000 &
September 11, 12, 13, 14, 2000 & January 9, 2001 Windsor

ORDER

WHEREAS the Registrar, Ontario New Home Warranty Program under the *Ontario New Home Warranties Plan Act* (the "Act") has issued a written Notice of Proposal dated November 9, 1999, against 627416 Ontario Limited o/a Rosedale Homes to refuse to renew its registration under the Act, and a proposal dated November 9, 1999, against Rosedale Homes (1996) Inc. to refuse to renew its registration under the Act;

AND WHEREAS the Applicants have appealed the Registrar's proposals, by requesting a hearing before this Tribunal;

AND WHEREAS the hearing was part heard on August 8, 9, 10 and 11, 2000 in Windsor, Ontario, and continued on September 11, 12, 13 and 14, 2000, and was to continue on January 9, 10, 11, and 12, 2001;

AND WHEREAS the hearing commenced on January 9, 2001 and the parties requested that the matter be adjourned in order to discuss a possible settlement;

AND WHEREAS both parties consented to the adjournment;

AND WHEREAS the matter was adjourned to April 2, 3, 4, 5, and 6, 2001, in Windsor, Ontario;

AND WHEREAS the parties advised the Tribunal that they are unable to proceed on the dates of April 2, 3, 4, 5, and 6, 2001;

NOW THEREFORE, this Tribunal Orders that:

- 1) The hearing in this matter is adjourned on consent of both parties to re-commence at the Holiday Inn Select, Kingsville "B" Room, 1855 Huron Church Road, Windsor, Ontario at 9:30 a.m. on Tuesday, May 1, 2001 and to continue May 2, 3 and 4, 2001 and to further continue at the Holiday Inn Select, St. Clair "B" Room, at the above address, at 9:30 a.m. on Monday, June 4, 2001 and to continue June 5, 6, 7 and 8, 2001, if necessary.

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *REAL ESTATE AND BUSINESS BROKERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: TERENCE A. WARDROP, Vice-Chair

APPEARANCES:

David B. Cousins, Counsel, representing the Appellant
Tim Snell, Counsel, representing the Registrar of the
Real Estate and Business Brokers Act

DATE OF
HEARING:

February 5, 6 and 7, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated the June 13, 2000 issued by the Registrar of *Real Estate and Business Brokers Act* (the "Registrar"), which said Notice contains a proposal (the "Proposal") to revoke the registration of Terry McFadden, (the "Appellant"), as a broker pursuant to Section 9(1) of the *Real Estate and Business Brokers Act*, R.S.O. 1990, Chapter R.4 (the "Act").

The Appellant, by a notice in writing to the Registrar and the Tribunal dated June 30, 2000, appealed the Proposal and requested a hearing by the Tribunal pursuant to Section 9(2) of the Act.

ISSUES:

The Registrar bases the Proposal upon Section 8(2) of the Act whereby the Registrar may revoke the registration of the Appellant as a broker in circumstances which would disentitle the Appellant to such registration if the Appellant were an Appellant for such registration. It is the opinion of the Registrar, as stated in the Proposal, that the past conduct of the Appellant affords reasonable grounds for belief that the Appellant will not carry on business in accordance with law and with integrity and honesty as required by Section 6(1)(b) of the Act.

During the course of the hearing before this Tribunal, it is clear that the Proposal was based solely upon the Registrar's opinion that the past conduct of the Appellant with respect to the law disentitled the Appellant to such registration due to the conviction of the Appellant on the charge of simple or common assault under Section 266 of the Criminal Code of Canada, and is not based in anyway on the belief of the Registrar that the Appellant will not carry on business with integrity and honesty as required by the Act.

Also during the course of the hearing before this Tribunal, it became clear that the main issue was the nature and circumstances of the conduct of the Appellant which took place during a five hour period in the late afternoon and early evening of April 14, 1999, and the belief of the Registrar that the nature and circumstances of such conduct would disentitle the Appellant to registration as a broker under the Act were the Appellant an Appellant for such registration.

EVIDENCE:

Yvonne Nandalall, a Senior Registration Officer, of the Real Estate Council of Ontario, was called as a witness by the Registrar and gave evidence as to the documentary evidence which was relied upon by the Registrar in reaching the opinion of the Registrar as contained in the Proposal. She also gave evidence as to two occasions during which she met with the Appellant in dealing with the issues which were before the Registrar. The first occasion was a meeting with the Appellant on August 18, 1999, when the Appellant delivered in person the Judges Reason for Sentencing as requested by her pursuant to Section 13(17) of the Regulations to the Act in her letter to the Appellant dated August 5, 1999. She met the Appellant again on September 16, 1999 on the occasion of the formal interview session with the Registrar and was present with the Registrar at the time of the interview and took notes of the questions and responses of such interview. On both occasions, Yvonne Nandalall found the Appellant to be cooperative, remorseful and very convincing in his explanations. She was impressed with his sincerity and his assurances that such an incident would not reoccur.

The Registrar, Tom Wilson, also gave evidence as to the September 16 interview and his assessment of the difficult situation in which the Appellant had placed himself. He likewise found the Appellant open and sincere in his responses to the questions put to him by the witness. In his cross-examination, Mr. Wilson admitted that there was no question as to the Appellant's integrity or honesty, but only the unfortunate circumstances of the evening of April 14 and the complaint thence issued by the Complainant which resulted in the guilty plea by the Appellant to the charge of simple or common assault.

Mr. Wilson stated in evidence that he had considered at some length whether or not to impose some terms or conditions upon the Appellant's continuing registration as a broker instead of his proposal of revocation contained in the Proposal, but decided that not only were any such terms and conditions impractical or unnecessary in the Appellant's case, but also such would be too difficult to monitor due to a lack of staff able to supervise any such terms or conditions imposed upon the Appellant's continuing registration as a broker.

The Respondent called one other witness to give evidence at the hearing, that being the Complainant in the criminal charge against the Appellant. Both she, and later, the Appellant testified in some considerable detail as to what transpired during the five hours of the ostensible business meeting of April 14, 1999, which gave rise to a charge of sexual assault against the Appellant and the deluge of local media attention to the circumstances of the case. It is apparent that as a result of her relating the facts of the event to her brother-in-law, who was an officer of the Ontario Provincial Police, she later, on April 16, 1999, reported her full complaint to the Bracebridge Detachment of the Ontario Provincial Police, and on February 11, 2000, to Jennifer Benkovic, an inspector of the Real Estate Council of Ontario.

It is notable that the Complainant was a single mother of two children having been separated from her estranged husband, also an officer of the Ontario Provincial Police, for just some six months prior to the events of April 14. The charge of sexual assault was not proceeded with by the prosecution in favour of a plea of guilty by the Appellant to a charge of simple or common assault as hereinbefore noted.

At the conclusion of the Registrar's case with the evidence of the Complainant, the Appellant gave his evidence of what transpired on the evening of April 14 which was not dissimilar to any great degree from that which the Complainant had earlier testified, except perhaps for nuance. It was thus he had accepted the factual statement read into the record by the prosecution at the time of his guilty plea before the Honourable Justice J. Evans of the Ontario Court of Justice on July 13, 1999.

What was not brought out in the evidence of the Complainant however, until cross-examination, was what transpired on the late afternoon and evening of April 9, 1999, when she had previously met with the Appellant for the purpose of viewing residential premises which might be acquired by the Complainant. The evidence of the Appellant of that earlier meeting disclosed a much more inviting Complainant who discussed openly that which she anticipated in a new setting, in a new life, with new people and friends in the Gravenhurst area, free of the constraints of her existing circumstances in her Barrie/Orillia surroundings. According to the testimony of the Appellant, she had inquired of him and learned of his marital circumstances and was eager to meet again the following week when she "would have more time" on her open night depending upon her estranged husband's schedule.

The Appellant testified that they had visited together that evening Prospect Park, and although the Complainant was vague and could not remember much of what transpired on the evening of April 9th, she did admit to such a visit.

It was during cross-examination that the Complainant became defensive and her evidence contrived, and she could not recall using the Appellant's cell phone on April 9, 1999, to call home and to her babysitter's home to inform that she would be late returning home to retrieve her child. The fact that three phone calls were made to the Complainant's home and one to the babysitter's home and corroborated by the telephone records of the Appellant's cell phone, unraveled her clear recollections of what transpired in her earlier testimony and is in contrast to the detailed account she gave in evidence of the April 14th meeting. Not only did the Complainant omit any reference to the earlier meeting of April 9th in her statements to the Ontario Provincial Police and to the inspector investigating the incident on behalf of the Real Estate Council of Ontario, but she gave misinformation and lied at the hearing before this Tribunal when she stated clearly that she had never met the Appellant before being introduced to him on April 14, 1999, by the receptionist at the Remax Real Estate Office at about 5:20 p.m. that afternoon.

Little is to be gained by a further introspection by this Tribunal of the evidence given by the Complainant and the Appellant of what did or did not happen at their ostensible business meetings and phone calls to arrange the same in April of 1999. It is sufficient to state that this Tribunal accepts the testimony of the Appellant where the evidence and nuances differ and rejects the recollections of the Complainant. In summary, the evidence of both the Complainant and the Appellant discloses an unfortunate occurrence between them which was not on a strict business basis and was born out of a conceit on the part of the Appellant of a very successful business and political career with a concomitant miscalculation of the signals from the

Complainant, or the otherwise sudden change of mind by the Complainant in her vulnerable state of a recent marital separation and the care of two children without a spouse. Suffice it to state that the Complainant testified that the Appellant acted consistently as a gentleman throughout, and although forward in approach on occasion, never insisted or pressed any advantage he might have. Indeed, she was quite comfortable in returning to his office alone with him in the later evening of April 14 and utilized his telephone to call her girlfriend.

Counsel for the Appellant completed the case for the Appellant by calling eight witnesses to testify as to the character and reputation of the Appellant, including his wife, Nancy McFadden, his sister, Lisa Speirs, his employer, Roger Kolbuc, and his accountant, Allan Turnbull. The other four character witnesses were:

John Young, Mayor of the Town of Muskoka;
Gordon Adams, Councilor for the District of Muskoka;
Lori Ann McConnell, a longtime family friend; and
Marny Lee Mowat, a former longtime co-worker of the Appellant.

The evidence given by all of the character witnesses as to the reputation and behaviour of the Appellant was indeed impressive and consistently supportive of the exemplary character of the Appellant in the long term. All testified that the unfortunate incident which gave rise to the criminal conviction would not occur again on the part of the Appellant. Those witnesses with political experience, decried the loss of the Appellant in the political arena in the Muskoka area, and his employer/real estate colleague expressed absolute confidence in the Appellant's future as a law abiding potential partner and business associate of integrity and honesty.

THE FACTS:

From all of the evidence given at the hearing, this Tribunal finds as facts the following:

1. The Appellant at all relevant times of the circumstances of this case was and is validly registered as a broker under the Act, and as such is a "registrant" within the meaning of section 9 of the Act;
2. The Appellant met with the Complainant on April 9, 1999, for the purposes of providing services as a broker under the Act;
3. The Appellant and the Complainant arranged a further meeting and met on April 14, 1999 at or about 5:20 p.m. for the ostensible purposes of viewing other residential premises which might be acquired by the Complainant, which meeting lasted until shortly after 9:30 p.m.;
4. The Complainant reported her information respecting the demeanor and actions of the Appellant and the circumstances which occurred during the early evening of April 14, 1999, to the Ontario Provincial Police on April 16, 1999, and as a result thereof, on May 13, 1999 the Appellant was charged with sexual assault contrary to section 271(1) of the Criminal Code;

5. The Complainant made a complaint respecting the conduct of the Appellant to the Muskoka Real Estate Board by a letter dated April 27, 1999, which subsequently was brought to the attention of the Registrar;
6. The Appellant entered a plea of guilty to a charge of simple or common assault contrary to section 266 of the Criminal Code, and on July 13, 1999, the original charge was stayed by the Court which convicted the Appellant of the lesser charge of simple or common assault based upon his guilty plea;
7. The facts as stated by the prosecution in the transcript of the record of the trial of the Appellant on July 13, 1999 are admitted by the Appellant to be substantially correct insofar as such support the plea, but otherwise are not found as facts by this Tribunal nor do such facts form the basis of the Appellant's conviction as alleged by the Registrar;
8. The Appellant met with Yvonne Nandalall, a Registration Officer at the Office of the Registrar, on August 18, 1999, and not on August 19, 1999, as alleged by the Registrar;
9. The Appellant complied with a request for an interview (the "Registrar's interview") with the Registrar and met with the Registrar on September 16, 1999, and not on September 9, 1999 as alleged by the Registrar;
10. The Registrar notified the Appellant by letter dated November 8, 1999, that the Registrar has directed the preparation of a proposal to revoke the Appellant's registration as a broker under the Act; and
11. The Registrar served a notice of the Proposal on the Appellant as a registrant on June 13, 1999, stating that the Registrar proposes to revoke the registration of the Appellant as a broker based upon the Appellant's conviction and the opinion of the Registrar that such past conduct affords reasonable grounds for belief that the Appellant will not carry on business in accordance with law and with integrity and honesty.

THE LAW:

Pursuant to section 8(2) of the Act, the Registrar may revoke the registration of the Appellant as a broker for any reason that would disentitle the Appellant to registration under section 6 of the Act:

.....

"8(2) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 6 or 7 if the registrant were an Applicant or where the registrant is in breach of a term or condition of registration."

.....

Pursuant to section 6(1)(b) of the Act, the Appellant is entitled to registration or renewal of registration by the Registrar, inter alia as a broker, except where the past conduct of the Appellant affords reasonable grounds for belief that the Appellant will not carry on business lawfully:

"6.(1) An Applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) ...; or

(b) the past conduct of the Applicant affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty;"

.....

Based solely upon the above noted conviction of the Appellant, the Registrar has reached the decision that there is reasonable grounds for belief that the Appellant will not carry on business in a lawful manner, and pursuant to section 9(1) and (2) is required to serve a notice on the Appellant:

"9.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the Applicant or registrant.

(2) A notice under subsection (1) shall state that the Applicant or registrant is entitled to a hearing by the Tribunal if the Applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1) , notice in writing requiring a hearing to the Registrar and the Tribunal."

.....

The appeal comes to this Tribunal by virtue of section 9(4) of the Act, which provides:

.....

"9.(4) Where an Applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar."

.....

Applying the statutory provisions of the Act to the facts of this particular case, the only question to be determined by this Tribunal is whether or not the Registrar's opinion that the past conduct of the Appellant affords reasonable grounds for belief that the Appellant will not in the future carry on business as a broker in accordance with the law. Such an opinion requires an examination into the particular circumstances of the past conduct of the registrant and the likelihood that such conduct will be repeated by the registrant in the future or some other unlawful act. In the opinion of this Tribunal, it is not sufficient to base such an opinion solely upon the conviction of the registrant to a crime, particularly in this instance to an admission of guilt by the Appellant's plea.

Counsel for the Respondent urged on this Tribunal that the guilty plea and the conviction in and of themselves was sufficient to support the opinion of the Registrar and little, if anything, more was required to form such an opinion. Having reviewed the cases cited by Counsel, this Tribunal finds nothing to support this proposition, and indeed in each of such cases the decisions deal in detail with the nature and seriousness of the unlawful activity, the conduct of the accused before, during and after the alleged offense and the general reputation of the accused. Further, if this proposition in law was to result in an automatic or almost automatic disentitlement to registration under the Act, then the Act would have so provided. On the contrary, the Act specifically states that the past conduct, which would include a conviction of a crime, must afford reasonable grounds for belief (emphasis added) that the registrant's (future business) conduct will not be lawful.

The Registrar conducted a short interview with the Appellant on September 16, 1999, the notes from which were entered as evidence, and such formed the basis of the Registrar's opinion beyond the actual conviction of the Appellant on his guilty plea to the charge of simple or common assault. To be sure, the Registrar had before him a cursory statement of the prosecuting counsel respecting alleged facts read into the record at the trial for the purpose of sentencing which do not form the basis of the Appellant's conviction. The Registrar likewise had letters of non-support and letters of support respecting the conduct and reputation of the Appellant for the purpose of the opinion which the Registrar must reach in this case, but there is no evidence that interviews or contact (except acknowledgements) were made with any of the writers of such letters.

In contrast, this Tribunal had almost three days of concentrated testimony involving the Appellant and character witnesses, all supporting the Appellant's case, in addition to the evidence of the Complainant. Other than the Complainant, there was no other witness produced at the hearing to give evidence of a non-supportive nature, and this Tribunal has already commented upon the evidence given at the hearing by the Complainant.

If the question to be decided, therefore, is the likelihood or belief of future unlawful business behavior on the part of the Appellant based upon this single unfortunate incident of past conduct and the resulting conviction of the Appellant upon his guilty plea, this Tribunal is of the contrary opinion from that reached by the Registrar as stated in the Proposal. The test set out in *Brenner v. Registrar of Motor Vehicles, Dealers and Salesmen* (1983) 19 CRAT 58 is unless the Tribunal can find that the past conduct of the Appellant does not afford reasonable grounds for belief that the Appellant will not carry on business in accordance with the law and with integrity and honesty, the Tribunal should not order the Registrar to refrain from carrying out the Proposal. This Tribunal finds, however, that on the facts in this particular case, the past

conduct of the Appellant does not afford such reasonable grounds, and that, with respect, the decision reached by the Registrar was in error for the reasons stated above.

The other cases cited by both counsel support the conclusions reached by the Tribunal in this matter. In all of such other cases, the decisions relied upon the number and severity of the criminal convictions or otherwise depended upon the course of conduct of the accused both before and after conviction and the propensity of any reoccurrence of unlawful conduct on the part of the registrant. The Appellant in this case, given the miscalculation of the signals or intentions of the Complainant, acted honourably throughout even as stated by the Complainant. The Senior Registration Officer of the Registrar and all character witnesses gave assertive testimony that the conduct of the Appellant did not give any such reasonable grounds for such belief of the future misconduct. Indeed, there was no evidence at the hearing which supported the decision of the Registrar as proposed in the Proposal.

It is notable that in entering his plea of guilty to the lesser charge, the Appellant was sensitive to the greater harm which would result to his family and to the Complainant from the expected media exposure were he to enter a defense to the original charge of sexual assault. It was, as he stated in evidence, better to take the full responsibility of the unfortunate incident in an expeditious trial with a plea of guilty during the middle of the summer months than expose his children to schoolyard embarrassment and the probable salacious reporting of the media to the detriment of the Complainant and/or his wife. It was, therefore, with a sense of shame and remorse that the Appellant effected a quick end to the incident of April 14 and expressed his apology to the Complainant through his evidence at the hearing. This was confirmed by the evidence of the Senior Registration Officer and all character witnesses who gave evidence at the hearing.

DECISION AND ORDER:

The onus of proof that the Proposal is correct lies with the Registrar, and this Tribunal finds that this onus has not been discharged in the face of all of the evidence given at the hearing and for the reasons hereinbefore stated. Accordingly, this Tribunal, pursuant to the authority vested in it by section 9(4) of the Act, directs the Registrar to refrain from carrying out the Proposal to revoke the registration of the Appellant as a broker under the Act.

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: BRIAN K. MAROTTA, Vice-Chair

APPEARANCES:

MICHAEL GERRIOR, Agent, representing the Applicants
AVIVA R. HARARI, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATES OF HEARING: January 10 & 11, 2001 and
February 19, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is a hearing before the Licence Appeal Tribunal (the "Tribunal") arising out of a Notice of Proposal issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Registrar", and the "Act" respectively). The Notice of Proposal dated June 28, 2000 proposed to revoke the registration of Michael Gerrior (the "Salesperson"), 1080424 Ontario Ltd. ("1080424") and Eastern Auto Wholesale Inc. ("Eastern") under the Act.

FACTS:

Mr. Michael Gerrior has been a registered salesperson since on or about November 24, 1989.

1080424 Ontario Ltd. ("1080424") has been registered as a motor vehicle dealer since on or about August 5, 1994. Michael Gerrior is an officer and director of 1080424.

Eastern Auto Wholesale Inc. ("Eastern") has been registered as a motor vehicle dealer since on or about August 5, 1994. Mr. Gerrior is an officer and director of Eastern along with Mr. Frank Fisico.

Eurospec Fine Cars (1998) Inc. ("Eurospec 1998") had been registered as a motor vehicle dealer since on or about May 29, 1998 with its registration terminated on May 29, 2000 for failing to renew as well as revoked for failing to comply with a Consent Order of the Commercial Registration Appeal Tribunal (now the Licence Appeal Tribunal) dated June 3, 1998 (the "Consent Order"). Mr. Michael Gerrior was both an officer and director of Eurospec 1998.

THE LAW:

Section 3 of the *Motor Vehicle Dealers Act* (the Act) states:

- 3(1) No person shall,
- (a) carry on business as a motor vehicle dealer unless the person is registered under this Act; or
 - (b) act as a salesperson of or on behalf of a motor vehicle dealer unless the person is registered as a salesperson of such dealer and such dealer is registered as a motor vehicle dealer under this Act.

.....

Section 5 of the Act states:

- 5(1) An Applicant is entitled to registration or renewal of registration by the Registrar except where,
- (a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or
 - (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or
 - (c) the applicant is a corporation and,
 - (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its business, or
 - (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carried on in accordance with law and with integrity and honesty;

.....

Section 6 of the Act states:

.....

- 6(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 5 if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.
- R.S.O. 1990, c. M.42, s.6.

Section 7 of the Act states:

7(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall service notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal, and the applicant or registrant may so require a hearing.

.....

(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar out to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar;

(5) The Tribunal may attach such terms and conditions to its order or to the registration as it considers proper to give effect to the purposes of this Act.

.....

Section 10 of the Act states:

10(1) The Registrar or any person designated by him or her in writing may at any reasonable time enter upon the business premises of the registrant to make an inspection to ensure that the provisions of this Act and the regulations relating to registration and the maintenance of trust accounts are being complied with. R.S.O. 1990, c.M.42, s. 10(1).

.....

Section 11 of the Act states:

11(1) Upon an inspection under section 9 or 10, the person inspecting,

(a) is entitled to free access to all books of account, cash, documents, bank accounts, vouchers, correspondence and records of the person being inspected that are relevant for the purposes of the inspection; and

(b) may, upon giving a receipt therefor, remove any material referred to in clause (a) that relates to the purpose of the inspection for the purpose of making a copy thereof, provided that such copying is carried out with reasonable dispatch and the material in question is promptly thereafter returned to the person being inspected,

and no person shall obstruct the person inspecting or withhold or destroy, conceal or refuse to furnish any information or thing required by the person inspecting for the purposes of the inspection.

.....

Section 22 of the *Retail Sales Tax Act* states:

22(1) Any amount collected or collectible as or on account of tax under this Act by a vendor shall be deemed, despite any security interest in the amount so collected or collectible, to be held in trust for Her Majesty in Right of Ontario and separate and apart from the vendor's property and from property held by any secured creditor that but for the security interest would be the vendor's property and shall be paid over by the vendor in the manner and at the time provided under this Act and the regulations.

ISSUE:

Does the Registrar have sufficient grounds for revoking the registration of the salesperson, Michael Gerrior, 1080424 Ontario Ltd. and Eastern Auto Wholesale Inc. under the provisions of the Act?

EVIDENCE:

Jeff Quinn

The first witness on behalf of the Registrar was Mr. Jeff Quinn, Area Manager, of Global Warranty Corporation. Mr. Quinn gave evidence that on or about January 10, 2000, Mr. Michael Gerrior completed a Global Warranty Agreement for a Mr. Carlo Ciampin indicating that the kilometers at the time of the sale of the vehicle to Mr. Ciampin was 100,232 kilometers. Mr. Gerrior had applied on behalf of Mr. Ciampin for a platinum warranty, which had a condition that the kilometers were under 100,000 on any vehicle at the time of the application. Upon examining the Bill of Sale, it was discovered that the actual kilometers on the vehicle at the time of sale was 108,232 and thus the vehicle would not have qualified for the platinum warranty.

On cross-examination by Mr. Gerrior, the witness was questioned as to his knowledge of a meeting between Mr. Gerrior and the president of Global where there was an adjustment in price and the matter was resolved. Mr. Quinn had no knowledge of that meeting and did not know for sure if the warranty was switched from platinum to gold.

As there was not sufficient evidence produced by either party regarding this incident, the Tribunal completely disregards this incident and places no weight on this allegation.

Evidence of Rania Zabeneh

The second witness presented by the Registrar was Miss Rania Zabeneh who was a student at York University. Her evidence was that she bought a 1998 Sunfire motor vehicle from 1080424 carrying on business as Eurospec Fine Cars on September 11, 1998. Mr. Gerrior had told her that the car was in good condition, had been in no accidents and had only travelled 5,500 kilometers. He also stated that it was covered by a GM warranty. On the comment section of the Bill of Sale the words were included Amust be warranty@. She paid \$1,000.00 deposit and \$15,560.00 on delivery, for a total of \$16,560.00 including tax. On September 14, 1998, she picked up her car and when she arrived home and took a closer look at it, she discovered a bubble on one of the tires. She took the car back to Mr. Gerrior who told her she must have hit something on the way home and told her where she could obtain a new tire. She attended at the Tire Depot at Mr. Gerrior-s instructions and obtained a new tire, but she had to pay for it herself and was not reimbursed by Mr. Gerrior. She also purchased a new rim because the car did not drive straight. In February 1999, she took the vehicle to Roy Foss, a GM dealer for warranty work and was told that the warranty on this vehicle was blocked due to the vehicle being a Awrite off@. She returned to speak to Mr. Gerrior about that and requested a refund, which Mr. Gerrior refused. Mr. Gerrior offered her a 1998 Cavalier motor vehicle instead, but that is not what Ms. Zabeneh wanted. Thereafter she contacted the Used Car Dealer Association and the Ontario Motor Vehicle Industry Council, but matters could not be worked out with Mr. Gerrior. She finally obtained a lawyer, commenced an action and obtained Judgment against 1080424 on default for the sum of \$26,609.39, which included costs, pre-judgment interest and punitive damages. Mr. Gerrior would not pay the Judgment, and Ms. Zabeneh was paid the sum of \$15,000.00, plus \$4,762.00 costs from the Motor Vehicle Accident Claims Fund.

On cross-examination, Ms. Zabeneh repeated most of her evidence and Mr. Gerrior produced to her a Vehicle History Search, showing that Eurospec Fine Cars (1998) Inc. had purchased that particular vehicle on September 3, 1998, although her Bill of Sale was from 1080424 carrying on business as Eurospec Fine Cars. Mr. Gerrior tried to establish that Ms. Zabeneh should have known that she sued the wrong Company, because the Bill of Sale that he made out to Ms. Zabeneh was on the wrong Company form. Mr Gerrior also tried to establish through this witness that she had no problem with the GM dealer performing recall work on this vehicle and, therefore, she should not have had any problem with a GM dealer doing warranty work on the vehicle. He tried to establish that when Ms. Zabeneh had taken her vehicle in for recall work that she should have been notified at that time that there was no warranty available on the vehicle and, therefore, she should have brought it back to him sooner than she did.

This Tribunal fails to see how any blame could be shifted from himself to Ms. Zabeneh in the points which Mr. Gerrior tried to establish. Ms. Zabeneh commenced an action against the Company who sold her the vehicle and whose name was on the Bill of Sale only after trying to resolve the matter with Mr. Gerrior and through other means. The action was not defended and she obtained default judgment against 1080424, of which much still remains unpaid. She returned her vehicle to Mr. Gerrior when she was informed by the GM dealer that there was no warranty because the vehicle had been written off as the result of being in a major accident.

Evidence of Douglas Stirrup

The next witness on behalf of the Registrar, was Mr. Douglas Stirrup who was a Collections Manager for the Ministry of Finance. His evidence was that when a *Retail Sales Tax Act* Vendor Permit is issued, the vendor receives return cards which identifies the sales and tax due and which must be remitted to the Minister of Finance with payment on a monthly basis to be deemed to be in compliance. The monies collected by a vendor are trust monies and must be remitted with the return cards. If the Minister of Finance does not receive the return cards or remittance with the return cards, an estimate may be made against the vendor. If the vendor has no sales tax which was collected, the vendor is still required to report this.

1080424 operating as Eurospec Fine Cars, registered under the *Retail Sales Tax Act* on June 14, 1994 and started its business operation on June 30, 1994. An audit was conducted on December 31, 1996 and there was an assessment for tax collected and not remitted. Eastern registered under the *Retail Sales Tax Act* on June 14, 1994 and started its business operation on June 30, 1994. As a result of breaches of the *Retail Sales Tax Act*, both Eastern and 1080424 entered into an agreement with the Ministry of Finance on May 23, 1997. The agreement provided, among other things, that Eastern and 1080424 would file all defaulted returns and commencing with the May 1997 return all future returns, would be filed by the due date with full negotiable payment as required by the Ministry of Finance. The agreement also provided that in default of the agreement, the Minister of Finance may refer the party in default to the Registrar of the Act and the Registrar may issue a proposal to revoke their registration under the Act. In the agreement it was also admitted that Eastern and 1080424 had not met the requirements of the *Retail Sales Tax Act* as to the filing of returns, remitting of tax due and paying of assessments when due. The agreement was signed by Michael Gerrior as president of Eastern Auto Wholesale Inc. and Michael Gerrior as president of 1080424 Ontario Ltd.

On June 3, 1998, a Consent Order was issued by the Commercial Registration Appeal Tribunal (now the Licence Appeal Tribunal) pursuant to an agreement entered into on May 27, 1998. The consent to the registration of Eurospec (1998) as a motor vehicle dealer subject to certain terms and conditions was signed by Michael Gerrior on behalf of 1080424, Michael Gerrior on behalf of Eurospec (1998) and Michael Gerrior. The terms of the Consent Order included:

1. 1080424 Ontario Ltd. o/a Eurospec Fine Cars shall pay the sum of two thousand dollars (\$2,000.00) per month on the 1st of the month to the Ministry of Finance until all arrears including any interest and penalties have been paid in full.
2. The parties agree to file all future returns and pay all remittances on a timely basis in accordance with the *Retail Sales Tax Act*.

3. Michael Gerrior agrees that with respect to all other dealerships in which he has an interest, that said dealerships will comply with the *Retail Sales Tax Act*.

In a report from the Ministry of Finance dated May 31, 2000, the Ministry of Finance reported that, in respect to 1080424, the vendor failed to make the payments of \$2,000.00 per month until the arrears were cleared up as was agreed to in the Consent Order.

Despite numerous phone calls and several collection letters, the vendor did not contact the Ministry of Finance or make any attempt to work out any arrangement for payment.

In respect to Eastern, the vendor had not filed a return since May 31, 1998 and the vendor had not responded to numerous phone calls or collection letters.

In respect to Eurospec (1998), the vendor had never filed a return with payment and several returns were not filed. Despite numerous phone calls and several collection letters, the vendor did not follow through with a payment agreement, and the vendor did not contact the Ministry of Finance to work out any arrangements for payment.

According to the provisions of the *Retail Sales Tax Act*, the Ministry of Finance made an assessment against the three companies of \$55,853.01. Mr. Stirrup stated that Mr. Gerrior contacted the Ministry in December, 2000 and advised that Eurospec (1998) had ceased operations in September 1998. He stated that the Ministry accepted Mr. Gerrior's explanation and as for Eurospec (1998), it was deemed to have filed all returns since September 1998 and the estimate of arrears in retail sales tax was revised to \$25,000.00 outstanding.

Regarding 1080424, Mr. Gerrior attended at the Ministry the day before this hearing commenced to bring the filings up to date. The amount outstanding in non-remitted sales tax at that time was approximately \$4,000.00, however, the late filings made by Mr. Gerrior showed a further \$6,700.00 which should have been paid, but remitted at that time was a cheque for \$500.00, leaving a balance outstanding just over \$10,000.00.

Regarding Eastern, Mr. Gerrior advised the Ministry that it was strictly a holding company and has no taxable sales and, therefore, the Ministry reversed its balance of \$629.26 outstanding to a zero balance. Mr. Stirrup also advised that no filings were made on behalf of Eastern and, therefore, Eastern is still in non-compliance with the Act, which requires filings whether or not there is any tax payable. Therefore, all three companies were not in compliance with the Act and the total owed was over \$35,000.00.

On cross-examination by Mr. Gerrior, he established that the amount that was paid on behalf of 1080424 was close to the amount of the original assessment made in 1996 and the balance outstanding by that company was comprised mostly of interest and penalties. Under the Act, however, interest and penalties form part of the debt.

Evidence of Louise Gingras

The fourth witness on behalf of the Registrar was Louise Gingras of the Ontario Motor Vehicle Industry Council (OMVIC). She testified that she attended at the premises of all three companies which were located at 2116 Lawrence Avenue, Toronto, on behalf of A. Dempsey, who had the original appointment with Mr. Gerrior for that date. She reviewed the garage register and found that it was not up to date. She requested an inspection of the books and records of the companies, but Mr. Gerrior said that they were with his accountant and denied that he had been told to have the last three months of records available. He was advised to update his garage register immediately and told that the books and records of all three companies would have to be made available to be examined as well as the bank statements and cancelled cheques. Mr. Gerrior objected to producing the bank statements and cancelled cheques. He was provided with a copy of the Inspections Findings Notice. He was also advised that although the name of the three businesses were on the outside of the building, they were all operated from one room and, therefore, there would have to be signage inside the building so that patrons would know with which company they were dealing. She made an appointment to return on March 8, 2000 to review the records which she requested. This notice was also provided to Mr. Gerrior in writing.

On March 8, 2000, Ms. Gingras returned to 2116 Lawrence Avenue to conduct the inspection pursuant to the appointment. She met with Mr. Gerrior who stated that he was still not able to supply the records as requested as they were with his accountant and he was very busy. He had three new garage records, however, all of them were blank and he stated that he did not have time to update the records. He provided the Bills of Sale for Eurospec Fine Cars, but not the bank statements and no bank statements were produced for any of the companies. In respect to the identification of the companies and the signage, there was a handwritten piece of paper taped to one desk indicating the name of the business and a second piece of paper taped to the wall behind another desk.

On cross-examination, it was confirmed that the signs outside of the building were in compliance with the Act and the signs that Mr. Gerrior had taped to the desk and the wall above another desk may be in compliance with identifying the companies since this was a gray area. She also confirmed that Mr. Gerrior was advised that he was not in compliance with the Act by not having his books and records located on the premises and by not having the garage register up to date.

Evidence of Mary Jane South

The fifth witness for the Registrar was Mary Jane South, the Deputy Registrar of the Ontario Motor Vehicle Industry Council (OMVIC). OMVIC was created in January of 1997 to administer the *Motor Vehicle Dealers Act* which had previously been administered by the Ministry of Consumer and Commercial Relations. She reviewed how this was a public protection statute administered for the benefit of the public.

She identified the main issues with Mr. Gerrior and his companies. They were the payout by the Compensation Fund with no attempt of reimbursement by Mr. Gerrior, the breaches of the *Retail Sales Tax Act* and the denial of access to the books and records of the companies. She stated that Eurospec (1998) had already been suspended so was not involved in this procedure except by reference to Mr. Gerrior as an officer and director of that company and that the Act required that corporate veil be pierced to hold officers and directors of a company responsible for its actions. She produced corporate searches showing Michael Gerrior as officer and director of all companies involved in this proceeding as well as Eurospec (1998). She reviewed the terms of the Consent Order leading to the revocation of the licence of Eurospec (1998). These terms included that Mr. Gerrior and his companies failed to pay the \$2,000.00 on arrears which he had agreed to, the failure to file retail sales tax returns on time or with the proper amount of payment as required under the *Retail Sales Tax Act* and the failure of the condition that Mr. Gerrior's dealerships would comply with the *Retail Sales Tax Act*. She stated that the Registrar had no belief that Mr. Gerrior would act in good faith because of his failure to abide by prior agreements.

Ms. South described the Motor Vehicle Dealers Compensation Fund, which was established to compensate consumers who suffer financial loss from the purchase of a motor vehicle from a registered dealer. To obtain payment, a claimant must have obtained a judgment against a registered dealer which remained unpaid. The Compensation Fund would pay the judgment up to the sum of \$15,000.00, plus costs and the registered dealer would then be obligated to reimburse the Compensation Fund. Payment was made to Ms. Zabeneh, but no reimbursement was made to the Fund. If an officer and director of a company does not reimburse the Fund and is an officer and director of another company, as is the case with Mr. Gerrior, this shows financial irresponsibility.

In the case of Ms. Zabeneh, the sum of \$15,000.00, plus \$4,762.00 was paid out by the Compensation Fund and since there was no reimbursement, the vehicle was sold for \$8,500.00 and the balance is still outstanding to the Compensation Fund. She referred to a letter dated November 2, 1999 addressed to the Motor Vehicle Dealers Compensation Fund (MVDCF) from Mr. Gerrior's Lawyer stating that the claim was only made against 1080424 and since Mr. Gerrior was no longer making transactions through that company, except in very specific circumstances, that when the claim was made against that company with respect to the Zabeneh transaction, there was no defence filed.

In regard to retail sales tax, Ms. South stated that when consumers pay the retail sales tax, it becomes trust money in the dealer's hand and, therefore, if the dealer does not remit the retail sales tax, they are in breach of trust as the money does not belong to the dealer.

Regarding access to books and records, she stated that this is a very important part of the Act. All books and records of the dealer are to be kept at the dealership's registered premises. Under Sections 10 and 11 of the Act, the Registrar may enter upon the premises at any reasonable time and is entitled to free access to all books, records and bank accounts of the registered company. Access to these documents was denied by Mr. Gerrior. By this denial, the Registrar had no means to ensure that the registered dealer was in compliance with the Act and that the public was being protected.

On cross-examination by Mr. Gerrior, the Deputy Registrar reviewed the Consent Order and how it resulted from a breach of the voluntary arrangement that Mr. Gerrior made with the Ministry of Finance. She also reviewed how Section 22 of the *Retail Sales Tax Act* provided that all amounts collected by a vendor are to be held in trust and kept separate from the vendor's property. She also reviewed the figures on how the compensation was calculated for Ms. Zabeneh under the dealers Compensation Fund. Mr. Gerrior asked her if the Registrar would now make another deal with him, and Ms. South stated that since he had breached all previous agreements he could no longer be trusted to comply with any terms of any other agreement.

On re-examination, Ms. South stated that it was not normal to renegotiate after a Consent Order of this Tribunal had been made and breached. She also stated that Mr. Gerrior never came to OMVIC to renegotiate before this time or state that he had any problem with the payment schedule which he had agreed to. Those terms became part of an Order through mutual agreement including the agreement on the amount of the monthly payment.

Evidence of Amanda Lee Demsey

The sixth witness for the Registrar was Amanda Lee Dempsey who is Manager of Inspections for OMVIC. She stated that she visited Mr. Gerrior for the first time on July 13, 1998 when he was located at 7557 Woodbine Avenue, Toronto. Mr. Gerrior was not there so she left her Inspection Findings Report with a request for Mr. Gerrior to contact her within two days. On October 27, 1998, she again attended at Mr. Gerrior's premises and he was again absent from the premises, so she left a further Inspection Findings Report with a request for him to contact her within the next two days. On her third attendance at the premises, she found the building empty and Mr. Gerrior had not advised OMVIC of his new address at that time. The Inspection Report which she left for Mr. Gerrior indicated that he must have all books and records on the premises for inspection. Mr. Gerrior did contact her, and she advised him that the next scheduled inspection was February 23, 2000 and the purpose of the inspection was to inspect all books and records of the companies on that day and they were to be on the premises. On February 23, 2000, Ms. Dempsey could not attend, and Louise Gingras attended in her place. There was no cross-examination by Mr. Gerrior of Amanda Lee Dempsey. The Registrar then closed its case.

Evidence of Frank Fisico

The first witness called by Mr. Gerrior was Mr. Frank Fisico. His evidence was that Mr. Gerrior had sold him a car and asked him to invest with him in a car dealership and as a result he invested \$500,000.00. He became a director of Eastern. His occupation was a builder and developer and this was just an investment for him without the need for daily participation. He really did not have that much to do with the business and did not know much of what went on. He did know that the rents that the registrant was paying at its Lawrence Avenue address were extremely high, as were his other expenses. He met with Ms. Zabeneh on one occasion and talked to her, but nothing came of it. He did not receive regular statements and ended up losing about \$250,000.00.

In cross-examination, Mr. Fisico stated that he started in the business by investing with Mr. Gerrior around 1997, but he did not pay that much attention to the business as he was too busy. He became an officer and director of Eurospec (1998) on February 18, 1998. He also had a company called A Frank Fisico Car Sales, but it was not an active company. He had a few cars and credit at the auction. Mr. Gerrior had authority to buy cars for Frank Fisico Car Sales. He was not going to bother to sue Mr. Gerrior for his losses as he knows that he has no money.

Evidence of Rosalba D'Angelo

The second witness for the registrant was Rosalba D'Angelo, who had been an employee of Eurospec (1998). Her office duties included updating the garage registry. She said that there was no problem with that while she was there. She obtained her salesperson licence and was selling cars, as well as managing the office. She stated that they had 50 to 60 cars in the inventory on Woodbine Avenue when all four companies were there. Expenses were about \$30,000.00 per month. She remembers one month that nearly 45 cars were sold. She feels that Mr. Gerrior treated people professionally, although there was a large turnover in staff. They had meetings every Saturday morning to discuss issues.

Regarding the Zabeneh vehicle, she had originally written out the Bill of Sale and Mr. Gerrior signed it. She was dealing with the customer but found her difficult, so she turned the customer over to Mr. Gerrior. There were two cars on the lot that were very similar, except that one was a year older. She had given Ms. Zabeneh a price for the older vehicle with the higher mileage, but the bill was written up for the newer vehicle. She thinks that she recalls that this was what happened, but she was not sure. She recalls Mr. Gerrior calling several people to try and correct the problem with the Zabeneh vehicle. She now owns her own dealership.

On cross-examination, she gave evidence that she was with Mr. Gerrior until the company wound down in 1999. There were financial problems with all of the companies, and people from the bank were there often. Frank Fisico paid the rent for all of the companies. Mr. Gerrior was the boss, and she took instructions from him. Although she acted as an Office Manager, no one had any responsibility to report to her.

On redirect, she could not explain how the financial problems affected any of the other companies. She said that Eurospec (1998) was supposed to have most of the deals and that the Zabeneh sale should have gone through that company instead of 1080424.

Evidence of Michael Gerrior

Michael Gerrior gave evidence on behalf of himself and his companies. He stated that he is the sole director of 1080424 which was set up as a holding company to receive payments for consulting fees and other things from the Eurospec (1998). If things did not work out with his new partner, Frank Fisico, he could operate under the 1080424 name. Mr. Fisico had his own company, Frank Fisico Car Sales for a similar purpose. Both companies would work with an operating company, Eurospec Fine Cars (1998) Inc., of which 50% was owned by 1080424 and 50% by Frank Fisico Car Sales.

Eastern was a shell company with Gerrior as sole director, and both companies had OMVIC licences. There were not a large number of transactions under Eastern. Frank Fisico Car Sales did not operate out of the same premises as the other companies.

Mr. Gerrior admitted that he was responsible on a daily basis for management of the companies, and Frank Fisico's participation was only financial. Mr. Fisico had guaranteed a line of credit at the auction and had a \$450,000.00 floor plan with a \$50,000.00 operating loan with the Bank of Nova Scotia.

Eastern was only a flow-through company which took older cars that were traded in, which he did not want on the lot of Eurospec (1998).

1080424 was totally his company and Eastern was owned 50% by him and 50% by Frank Fisico. This was set up according to advice which he received from his Accountants. He admitted that he was an officer and the directing mind of all three corporations, 1080424, Eastern and Eurospec (1998), although Frank Fisico was his partner in Eurospec (1998) and Eastern.

Regarding the sale of the vehicle to Raina Zabeneh, he admitted that the facts set out by the Registrar in paragraph 7 of the Notice of Proposal were correct, except that this sale should have gone through Eurospec (1998) and not his holding company 1080424. When he heard the complaint of Ms. Zabeneh that the car had no warranty as it was written off, he called his lawyer who then called several people. He tried to resolve the matter with the customer and with OMVIC, and he offered to pay \$9,000.00 or \$10,000.00 because that is what Can Auction offered as the vehicle's value. He had no idea that the car had been in an accident and said that he would have to sue the dealership which sold him the car, although he has not yet done so. He offered to pay for a rear axle for the car if the customer kept it, but the customer would not agree. He also offered an after market warranty, which would be as good as the GM warranty, but the customer refused. He offered the customer another car of the same year, but the customer again refused, and he thought that this was very unfair. He did not appeal the customer's judgment against him because he talked to his lawyer who had advised him that it would be cheaper for him to let OMVIC pay the \$15,000.00 less the salvage value of the vehicle. He did not refund the customer's money and take the car back because Frank Fisico had removed his name as a signing authority on Eurospec (1998) by that time and that is the company from which the car should have come. He was considering an action against Frank Fisico.

He was aware that the Motor Vehicle Dealer Compensation Fund paid the purchaser \$15,000.00, plus costs of \$4,762.59. 1080424 refused to repay the Compensation Fund or the purchaser the balance of the judgment because he did not know that the Compensation Fund would pay costs in addition to the \$15,000.00.

He stated that all the companies were moved from the previous address to the Lawrence Avenue address but by that time 1080424 was the only company that was operating. He did not have interior signage for the different companies as his interpretation of the Act was that this was a gray area. He stated that OMVIC had agreed with him on that point.

Regarding the Global Warranty agreement for Carlo Ciampin, he admitted that the number of kilometers which he wrote down on the application for the warranty was incorrect, however, he said that was just an error on his part in transposing the information. He then called the president of Global and paid an extra amount to make sure that the customer received the warranty.

He admitted that on or about February 1, 2000, he purchased a vehicle on behalf of Frank Fisico Car Sales, despite the fact that he was not a registered sales person of Frank Fisico Car Sales. He explained that he signed for it on Frank Fisico's line of credit and that it was only an internal document for financing and was never intended to be registered in the name of Frank Fisico Car Sales.

Regarding the debt owed to the Ministry of Finance, he agreed with the circumstances set out in paragraph 13 of the Notice of Proposal, including the fact that 1080424 was indebted to the Ministry of Finance in the amount of \$8,650.56 as of May 30, 2000. He also admitted the agreement of May 23, 1997 which included a term that all future returns would be filed in accordance with the *Retail Sales Tax Act* and all remittances would be paid on a timely basis. He also admitted to the terms of the Consent Order which included the statement that all dealerships in which he had an interest would be comply with the *Retail Sales Tax Act* and that 1080424 would pay \$2,000.00 a month to clear off the arrears of Eurospec (1998). He explained these agreements as being very aggressive and made by him assuming that he could pay for it, but he ran short of money. He stated that he had paid down quite a bit of the debt, although it just increased again the day before the commencement of this hearing when he filed the last overdue returns with a cheque for only \$500.00 when the amount was increased by about \$6,000.00 with the filing of the late returns. He explained that to his knowledge there were only three NSF cheques, he thinks, but that he "had to put resources to whichever fire was the biggest". He had other problems that he was dealing with and had to allocate his resources. He admitted that he did not contact the Ministry and advise them of any of these problems as he did not know that he could do this. He did not deny any of the allegations, but stated that he did the best he could with the resources available to him.

In regard to Eurospec (1998), the original assessment was \$55,853.01, but after he advised the Ministry that Eurospec (1998) had stopped carrying on business, this amount was reduced to \$24,000.00 owing. He intended to pay this from the GST rebate he expected, but he has not received it yet. He stated that perhaps some other cheques that were pre-written by him had been returned "NSF" by the bank, but he did not know.

He objected to paying the entire amount of \$24,000.00 for Eurospec (1998) as that company was no longer in business and should not be a part of these proceedings. He said that whatever happened, the amount should not be taken into account because the company is no longer operating. Since Frank Fisico was also a director of that company and had revoked his signing privileges for that company, Mr. Gerrior should be liable for half. He testified that he had called the *Retail Sales Tax Act* office and was told that he would only be liable for half of the \$24,000.00 because there was one other director.

Regarding 1080424, Mr. Gerrior was president and sole director. That company received consulting fees of \$1,000.00 a week from Eurospec (1998) which was his salary. He was drawing personal expenses from 1080424. 1080424 would pay other expenses, including the \$2,000.00 a month to retail sales tax under the previous agreement. He had sent in post-dated cheques, but some did come back "NSF" and then there were penalties which were assessed which increased the amount owing. When his filings were brought up to date the day before this hearing commenced, amount owing had increased to \$10,500.00, but he did pay \$500.00 at that time.

Mr. Gerrior did not dispute the amount of \$55,000.00 estimated at the time of the estimate given by the Ministry for non-filed returns for the reason that he could not get his records back from his accountant because he was not paying his accountant's fees. In any event, he straightened this out with the Retail Sales Tax office when he advised that Eurospec 1998 had not been operating for some time. The amount was then revised to \$24,000.00 outstanding of which he felt he was only liable for half.

In respect to the indebtedness of Eastern to the Ministry of Finance in the amount of \$628.26, Mr. Gerrior advised that Eastern was not in the retail business and was not required to pay any tax. The amount owing resulted from a sale of a car from Frank Fisico to his niece. He said that the taxes should have been remitted and if they are owing they will eventually be paid. He stated that he did not file nil returns on behalf of Eastern as required by the Act, however, the day before this hearing commenced, he did file all of the nil returns up to date although he did not pay the \$629.26 assessed against Eastern.

Mr. Gerrior confirmed the terms of the agreement between Eastern and 1080424 with the Ontario Ministry of Finance on May 23, 1997 and admitted that he had breached that agreement. He was also aware that keeping the terms of the agreement was a condition of keeping his licence. He stated at that time he was willing to make whatever arrangement that were required to keep his licence.

Mr. Gerrior admitted that he did make appointments with the Ministry to provide his books and records but the reason that he did not provide them was that his accountant would not give them back because he did not pay his account. He also admitted that his garage registry was not up to date, but it was up to date to a certain point. He had hired a girl who did that for a time, but when she ceased working for him the accountant was supposed to do it but the accountant had not entered the transactions, and he did not have a list available to transpose to the garage register.

Regarding the signage, it was Mr. Gerrior's impression that only signage was needed outside of the building to identify the business premises. After he was warned about it, he tried to be in compliance by taping a sign to one desk and one on the wall over another desk, but he did not separate the desks. He did not identify the cars on the lot of the business premises as to which company owned them because since he moved on August 19, 1999, he usually had no cars in inventory except what he was driving. He would go to the auctions every day and buy a few cars and wholesale them so there was no inventory on the lot. He kept a physical office there just to keep up with the requirements of keeping his licence. There was another dealership not related to him which carried on business on the same premises. As he was on the road all day, he did not know who would be sitting at his desk because there was also a car rental company there which was run by a friend of his.

On cross-examination, Mr. Gerrior admitted that when he entered into the Consent Order of May 27, 1998, issued by the Commercial Registration Appeal Tribunal on June 3, 1998, he was represented by Counsel and entered into the agreement on the advice of his lawyer. Pursuant to payments made under that Order, there were three cheques which were returned "NSF" and he replaced them with his own personal cheques which were also returned "NSF".

When questioning Mr. Gerrior's 50% ownership of Eurospec (1998), Counsel for the Registrar presented a handwritten note signed by Mr. Gerrior and dated March 13, 1998 stating that Michael E. Gerrior has more than a 55% interest in Eurospec Fine Cars (1998) Inc. Mr. Gerrior explained that he had gone to OMVIC to read their regulations on how to dual his licence and had talked to his lawyer about it, 5% of Eurospec (1998) was put into trust so that he complied with the requirements for obtaining a dual licence. He agreed that this gave him a controlling interest in Eurospec (1998), but in reality the profit split was 50-50. His explanation for the cheques that were returned said that "NSF" was that his signing authority was revoked by Frank Fisico for Eurospec (1998) in November 1998, and everything was up to date with the Ministry of Finance until that date. He did not explain why the Ministry of Finance records stated that many returns were not filed and that returns were filed without remittances, but he did agree that Eurospec (1998) owes \$24,000.00 to the Ministry of Finance.

Mr. Gerrior testified that he did not file the returns for Eastern for a two year period because Eastern's business was wholesale and they had nothing to report. He did, however, file nil returns up to the day before the hearing commenced.

When asked where all of the money went that was collected for retail sales tax, Mr. Gerrior stated that he put it into his general account and used it to pay his business expenses.

In relation to the Zabeneh claim, Mr. Gerrior denied that he knew about the claim until after the judgment. It was only after the judgment that he went to his lawyer to have him correspond and settle the matter. He had three meetings with the customer and Frank Fisico was negotiating to take the car back, refund the money and pay the customer \$3,000.00 more, although that was never done. He admitted that he has not paid anything to the customer and that the Compensation Fund recouped some its money by selling the vehicle for \$8,900.00. He has not made any payments to the Compensation Fund to repay it. He stated that he did not appeal the judgment against him for nearly \$30,000.00 because he thought it was better to let the Compensation Fund pay out the maximum of \$15,000.00, less the salvage value so that he would only have to repay the \$6,000.00 balance to the Compensation Fund. He did not think about having to pay the customer anything further for the balance of the judgment above what she received from the Compensation Fund. He also did said he not appeal because the judgment was against his other company which had no assets.

Mr. Gerrior was specifically asked by Counsel for the Registrar if he or any of his former companies were ever charged or convicted of any offences under the *Retail Sales Tax Act*. Mr. Gerrior responded "possibly", but he could not really recall. His memory improved when he was presented with a letter from the Ministry of Finance, Special Investigations Branch, indicating that there was a prosecution of Eurospec Fine Cars Inc. and its president, Michael Gerrior in 1994. His former company was charged under Section 13 of the *Retail Sales Tax Act* with failing to remit retail sales tax collections in the amount of \$57,522.76 and failing to file Retail Sales Tax Returns. Michael Gerrior was charged with assenting to, acquiescing in or participating in the commission of the corporation's offences pursuant to Section 42 of the Act. Pleas of "not guilty" were entered by Mr. Gerrior on behalf of the company and himself and

after trial, both were convicted on March 7, 1994 and fined. Mr. Gerrior objected to that evidence being introduced or the matter even being raised since he said that his former company, Eurospec Fine Cars Inc. ceased operating in 1993 and, therefore, that should have no relevance to the present proceedings.

During Mr. Gerrior's summation, the Tribunal was disturbed by Mr. Gerrior's comment that had he known the procedure, he would have brought more witnesses with him that day. This was disturbing as Mr. Gerrior was represented by and received advice from legal counsel until shortly before the hearing. He was also advised by the Tribunal during the first two days of the hearing being January 10 and 11, 2001 that he could produce any witnesses which he chose to bring and the Tribunal would hear them. He did, in fact, produce two witnesses on January 11, and the Tribunal advised him then, that on the resumption of the third day of hearing on February 19, 2001, he should bring any other witnesses that he wanted to give evidence on his behalf.

FACTS FOUND PROVEN:

Michael Gerrior was president of the former company, Eurospec Fine Cars Inc., which company ceased operating in 1993. Both Mr. Gerrior and his company were charged with breaches of the *Retail Sales Tax Act*, which included failing to file sales tax returns and failing to remit sales tax collections. Both entered pleas of Not guilty and both were convicted at Trial on March 7, 1994 and fined.

1080424 was registered as a motor vehicle dealer on or about August 5, 1994. Michael Gerrior is an officer and director of 1080424.

Eastern was registered as a motor vehicle dealer on or about August 5, 1994. Mr. Gerrior is an officer and director of Eastern, along with Frank Fisico.

Eurospec (1998) was registered as a motor vehicle dealer on or about May 29, 1998. Mr. Gerrior is an officer and director of Eurospec (1998).

Mr. Gerrior was the directing mind of all three corporations.

As a result of Eastern and 1080424 not meeting the requirements of the *Retail Sales Tax Act* as to filing of returns, remitting of tax due and paying assessments when due, Mr. Gerrior as president of both companies, entered into an agreement with the Minister of Finance on May 23, 1997. One of the terms of the agreement was that Eastern and 1080424 would file all future returns by the due date with full negotiable payment as required by the Ministry of Finance. That agreement was breached by Mr. Gerrior in not fulfilling its conditions.

As a result of further breaches of the *Retail Sales Tax Act* by 1080424 and Michael Gerrior, they entered into a Consent Order before the Commercial Registration Appeal Tribunal (now the Licence Appeal Tribunal). The consent to the Order was signed by Michael Gerrior on behalf of 1080424, Michael Gerrior, and Michael Gerrior on behalf of Eurospec (1998). The consent to the order was negotiated by the registrants who were represented by legal counsel.

The Order provided, inter alia, that 1080424 would pay the sum of \$2,000.00 per month to the Ministry of Finance until all arrears, including interest and penalties have been paid in full. The registrants breached that condition. The Order also provided that the parties agreed to file all future returns and pay all remittances on a timely basis in accordance with the *Retail Sales Tax Act*. The registrants breached that condition. The Order also provided that Michael Gerrior agreed that in respect to all other dealerships in which he had an interest, the dealerships would comply with the *Retail Sales Tax Act*. Michael Gerrior breached that condition.

As a result of failing to comply with the Consent Order dated June 3, 1998 and for failing to renew, the registration of Eurospec (1998) was terminated on May 29, 2000.

On September 11, 1998, Mr. Gerrior signed, on behalf of 1080424, a Bill of Sale for a 1998 Sunfire motor vehicle to Ms. Rania Zabeneh. He represented to the customer that the car had not been in any accidents and was covered by a GM warranty. When the customer found that the vehicle had been in an accident and ~~Awritten off~~ so that there was no longer any GM warranty available, she advised Mr. Gerrior and asked for a refund, which he refused. Despite the intervention of the Used Car Dealer Association and OMVIC, no resolution was reached. The customer was forced to take legal action against 1080424, which action was not defended, and she obtained Judgment in the sum of \$26,609.39. Mr. Gerrior was aware of the Judgment, but made no effort to make any payments on it. Mr. Gerrior was aware that the Motor Vehicle Accident Claims Fund paid the sum of \$15,000.00, plus \$4,762.00 costs to the customer, and he failed to reimburse the Motor Vehicle Accident Claims Fund.

Michael Gerrior failed to keep the books and records of his companies on the business premises and failed to provide same for inspection by OMVIC, despite several verbal and written notices to do so.

Michael Gerrior failed to keep the garage registers up to date, contrary to the Act, despite several warnings to do so.

In respect of all the registrants, they failed to respond to numerous phone calls and collection letters from the Ministry of Finance or to live up to their obligations under the *Retail Sales Tax Act*. In regard to Eurospec (1998), it had never filed a return with proper payment and several returns were not filed at all. Mr. Gerrior failed to advise the Ministry until December 2000, that Eurospec (1998) had ceased operation since September of 1998. It has not paid approximately \$25,000.00 still owing to the Ministry of Finance.

In respect to Eastern, a return has not been filed since May 31, 1998, and Eastern is in non-compliance with the Act.

Regarding 1080424, the filings on that company were not made by Mr. Gerrior until the day before this hearing commenced. The proper payments were not remitted with the returns and the company has a balance owing to the Ministry of Finance of approximately \$10,000.00.

Michael Gerrior took the sales tax which was collected from customers as trust funds and deposited it into his general account and used the money to pay business expenses.

APPLICATION OF LAW TO FACTS:

Under Section 6 of the Act, the Registrar may refuse to renew or may suspend or revoke a registration where the applicant, under Section 5, can not reasonably be expected to be financially responsible in the conduct of business or the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty. In the case of a corporation, the Registrar may refuse to renew or may suspend or revoke under Section 5 if the corporation can not reasonably be expected to be financially responsible in the conduct of its business or, the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carried on in accordance with law and with integrity and honesty.

Under Section 22 of the *Retail Sales Tax Act*, any amount collected on account of tax by a vendor is deemed to be held in trust for Her Majesty in Right of Ontario and separate and apart from the vendor's property and it is to be paid over by the vendor in the manner and at the time provided under the Act and regulations.

The *Motor Vehicle Dealers Act* is a public protection statute and as such, adherence to its requirements are necessary in order to obtain or to maintain registration under the Act. Mr. Gerrior's failure to allow OMVIC to inspect the books and records of its company denied OMVIC the opportunity to ensure that the objects of the Act were being met and the public was being protected. This in itself was a major breach of the Act and could not be excused on the basis that his Accountant would not give back his records until his account was paid.

Mr. Gerrior made no attempt to retrieve the books and records for the inspection by OMVIC to comply with the Act.

Mr. Gerrior's misrepresentation to a customer regarding a vehicle he sold not having been in a prior motor vehicle accident and being covered by a GM warranty and his failure to reimburse either the customer or the Compensation Fund, go directly to the issues of financial responsibility in the conduct of his business and to integrity and honesty.

Mr. Gerrior's failure to comply with the *Retail Sales Tax Act* and make filings on time or with the proper remittances, combined with the continued breaches of both the agreement that he entered into with the Ministry of Finance and the Consent Order, goes directly to the issue of whether the applicant could reasonably be expected to carry on business in accordance with law and with integrity and honesty. This is also reflected in the failure to remit monies held in trust which he had intermingled with his company's general account and spent for his company's business purposes.

Mr. Gerrior was not a novice in the requirements of the *Retail Sales Tax Act*. His own prior conviction under that Act, along with the conviction of one of his former companies goes directly to the issue of the past conduct of an officer or director and whether that past conduct affords reasonable grounds or belief that the business of the companies will not be carried on in accordance with law and with integrity and honesty.

Several other statutes, such as the Real Estate and Business Brokers Act have similar wording to the Motor Vehicle Dealers Act. In two matters decided under that Act, Chopra (1993) 25 CRAT 514 and Griese (1993) 25 CRAT 765, it was emphasized that the Tribunal must consider the cumulative affect of the applicant's past conduct. This was also decided in Boce (1998) O.C.R.A.T.D. No. 114, which was a Decision under the Motor Vehicle Dealers Act, where it was stated that the emphasizes must be on Apast conduct@.

The Tribunal was also directed to the matter of Reznisk (1990) 20 CRAT 65 as referred to in Udell (1995) CRAT No. 4, which stated that judgments against an applicant which remain unpaid provide evidence that the applicant is not capable of satisfying the test of financial responsibility set forth in Section 5 (1)(a) of the Act.

As was stated in Brenner (1983) 19 CRAT 58 (Div.Ct.), the Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks that the Registrar is in error in concluding that the past conduct of the applicant affords reasonable grounds for belief that the Applicant will not act in accordance with the law and with integrity and honesty. This was a decision under the *Motor Vehicle Dealers Act*, R.S.O. 1980, Chapter 299.

The Tribunal is aware of the serious consequences of the Registrar's proposal which will result in the denial of a person to earn an income in that person's chosen business. It must carefully consider all of the evidence before deciding if the Registrar has established the grounds necessary under the Act for the Registrar to come to the conclusion set out in the Registrar's proposal.

In the present case the Tribunal has no hesitation in finding that the Registrar has established the grounds to direct the Proposal to be carried out. Mr. Gerrior has shown that he is a stranger, not only to the truth, but to the acceptance of the consequences of his own acts. He felt that his past conviction under the *Retail Sales Tax Act* and his failure to adhere to the terms of his own agreement and with the prior Consent Order should have no bearing on these proceedings as the companies that were involved are no longer carrying on business. He blamed his accountant for his not being able to produce the books and records of his companies, even though he had not paid his accountant. He blamed his office staff and his accountant for not keeping the garage registers up to date, even though he was in charge of the companies. He blamed his financial partner for not continuing to provide enough funding for him to make payments to which he had obligated himself and his companies. He blamed his lawyer for not providing him with proper legal advice. He blamed his sales staff for writing a Bill of Sale on the wrong company when he was the one that signed the Bill of Sale. He blamed his landlord for charging too much rent, when he was the one who agreed to the rent. He blamed OMVIC for requiring him to pay his arrears of retail sales tax in payments as too much per month, even though he was represented by legal counsel and the Consent Order was the result of a negotiated amount. In summary, Mr. Gerrior exhibited no remorse and accepted no responsibility for his past conduct. His complete disregard for the law and for keeping his own agreements justified the Registrars reasonable belief that neither he nor his companies would carry on business in accordance with the law and with integrity and honesty.

DECISION:

Therefore, by virtue of the authority vested in it under section 7(4) of the *Motor Vehicle Dealers Act*, the Licence Appeal Tribunal directs the Registrar to carry out the Proposal dated June 28, 2000, to revoke the registration of the salesperson, Michael Gerrior, 1080424 Ontario Ltd. and Eastern Auto Wholesale Inc.

LICENCE APPEAL TRIBUNAL

Brian K. Marotta,
Vice Chair, Presiding

RELEASED: March 9, 2001

LACIKA

EDUARD AND JOZEFINA LACIKA

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

EDUARD LACIKA, representing himself and Jozefina
Lacika

MICHAEL BADER Q.C., Counsel, representing the Ontario New
Home Warranty Program

DON POCOCK CONSTRUCTION LIMITED, the Added Party, was
not represented

DATES OF

HEARING: February 12 & 13, 2001 and March 2, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") by Eduard and Jozefina Lacika (the "Applicants") from a decision of the Ontario New Home Warranty Program ("the Program") set out in a written decision dated July 14, 2000.

The Applicants' appeal relates to three complaints which are:

1. Water penetration into the basement of the Applicants' home at the foundation on the south-east corner of the breakfast nook.
2. Water hammering that occurs in the main floor bathroom plumbing and the lower floor bathroom plumbing due to the absence of air chambers.
3. Insufficient clearances in the masonry chimney serving the lower level wood stove constituting a violation of the Ontario Building Code.

The Applicants appeal is based upon Section 14(1)(b) of the *Ontario New Home Warranties Plan Act* which reads as follows:

(1) Where,

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; ...

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

THE EVIDENCE:

The evidence for the Applicants

The only witness for the Applicants was Eduard Lacika ("Lacika") whose testimony on the three complaints was as follows.

1. Water Penetration

Lacika confirmed that the date of possession of his home was November 15, 1997.

On November 15, 1997 Lacika addressed a letter to the Program. The initial paragraph of that letter reads as follows:

"My one year new home warranty is going to expire on November 21, 1997, and as of today, November 15, 1997, I have deficiencies and uncompleted items on my house. I am filing these with the Ontario New Home Warranty Program."
(Exhibit 2, page 60)

On January 19, 1998 both Applicants signed a conciliation request form in which they requested a conciliation inspection relating to a list of items. (Exhibit 3, pages 58 and 59) All the items were contained in the two pages sent by the Applicants together with the conciliation request form. (Exhibit 3, pages 60 and 61)

On the conciliation request form and the list of complaints that accompanied it there was mention of neither water penetration into the basement of the home nor water penetration at the southeast corner of the breakfast nook. Lacika confirmed under cross-examination that between November 1997 and January 19, 1998 there was no water penetration into the basement.

On February 17, 1998 a conciliation inspection took place with the Program's representative Tony Allegranza. A conciliation inspection report was completed and dated February 17, 1998 which report was sent by mail to Lacika with a letter dated February 24, 1998.

By letter dated April 17, 1998 over his signature, Lacika wrote to the Program as follows:

"Subject: Expert Advice Request from ONHWP (for item 7 on page 2)

Builder attempted repairs to east garage and utility room east walls without success.

The water leaks are worse after repairs. A new water leak(after repairs) occurred in the utility room, where water is dripping from the 3rd joint (counted from east). If there is rain and wind from east.

Pls. advise builder how to repair above leaks." (Exhibit 3, page 42)

Lacika in his testimony confirmed that "item 7 on page 2" referred to in his above letter was in reference to item 7 of the conciliation inspection report of February 17, 1998, which read as follows:

" **7. Complaint**

Garage – dampness observed along east wall

Seals for bottom of doors should be upgraded (gap observable).

Man door back of garage, water penetration through sill plate.

Overhead doors require reinforcing before using automatic opener.

Observation/Comment:

A water test could not be conducted to determine point of water entry, the builder is asked to address at spring time.

The builder is also asked to reinforce the top of the garage doors.

Reason:

Decision not rendered, seasonal item unable to be determined at this time."

Lacika confirmed that in his letter of April 17, 1998 he made no comment or reference to water hammer. Lacika stated under cross-examination that his next communication with the Program was his letter of August 31, 1998. In that letter Lacika listed eight items which he stated were outstanding items that required repair by the builder. The eighth item reads as follows:

"Following is a list of outstanding items required to be repaired by the builder:

...

8) The builder carried out repairs to the east walls and windows in May, 1998 to stop water leaks in that area. There has not been a rain storm with wind from the east since May 1998, and thus no standpoint can be taken regarding the effectiveness of these repairs." (Exhibit 3, page 57)

Lacika requested a reinspection of the home by the Program and such reinspection was carried out by Allegranza on November 2, 1998. On the memorandum dated December 15, 1998 prepared by Allegranza regarding his reinspection, he notes that item eight of Lacika's letter of August 31, 1998 had been resolved. Under cross-examination Lacika stated that when Allegranza attended at the reinspection on November 2, 1998, at which Lacika was present, he did not report any water problems.

Lacika confirmed in his testimony that on March 8, 1999 he addressed a letter to the Program under the heading "Subject: status of repairs". In this letter Lacika states:

"1. The following items listed in my letter dated August 31, 1998 were repaired by the builder: 1, 2, 3, 6, and 8.

...

3. A storm window was installed on the East window of the breakfast nook on March 9, 1999 to stop rain from leaking into the basement (Item 8)."
(Exhibit 4, page 41)

The next written communication from Lacika to the Program was on October 21, 1999. Lacika testified that on that date he wrote to the Program to report that water leaked into his basement pursuant to a rain storm on October 13 and 14, 1999 and requested repairs be arranged as soon as possible. On December 28, 1999 the Applicants completed and signed a conciliation request form requesting conciliation of all three issues complained about. (Exhibit 4, page 36)

On March 29, 2000 a reinspection of the Applicants' home took place, and on April 27, 2000 a written conciliation report was signed by Chad Foresheew, a warranty representative of the program who had taken over the investigation of the Applicants' complaints from Allegranza who had left the Program. (Exhibit 4, page 28 through 32)

The Program determined in the conciliation report that the water leak complained of by the Applicants was not covered under warranty and accordingly denied Applicants' complaint. The report relating to this complaint reads as follows:

" **1. Complaint:** Water leaks into my basement (item 3 in the letter dated March 8, 1999, and item 8 in the letter dated August 31, 1998) – Ref. No. 4171-841767-WCRO. I faxed a letter to ONHWP (Mr. Tony Allegranza) regarding this item on October 21, 1999.

Observation/Comment: The owner indicated this refers to the southeast corner of the breakfast nook foundation. Water penetration in this area was first reported in writing to ONHWP on April 17, 1998. The owner subsequently advised ONHWP on March 8, 1999, that the builder's repairs (brickwork) done in May 1998 were successful

However, the owner explained that between May 1998 and March 1999 other leaks occurred in this area but he did not make any written reports of these leaks to ONHWP. On March 9, 1999, the window manufacturer installed a storm window on the south breakfast nook windows, which has apparently significantly reduced the leakage.

On October 21, 1999, the owner again reported water penetration to ONHWP; this occurred eleven months after the statutory water penetration warranty expired. At the time of the inspection, the basement insulation was removed from the foundation wall in the southeast breakfast nook corner and the wall was dry. Due to the owner's tight schedule, a short water test was performed at this location focusing on the HRV vent hoods and brick veneer flashing, but no water penetration was observed. The exterior caulking appeared in good condition and there were no significant cracks in the brick veneer that could allow water to penetrate the building envelope. The grade slopes toward the house at this corner.

Reason: ONHWP has not observed water penetration at any time in this home. However, the builder has responded several times to make repairs. ONHWP does not provide warranty beyond the statutory warranty on items that have not been warranted by ONHWP. Section 13(4) of the Ontario New Home Warranties Plan Act (the "Act") and Section 4(1) of Regulation 892 require written notice to be received within the applicable warranty period. Therefore the October 21, 1999 complaint is late because it was not received within the two-year warranty period for water penetration. No defect in workmanship or material resulting in water penetration is noted. Subsidence of soil around the house is excluded from warranty in Section 13(2)(h) of the Act." (Exhibit 4, page 30)

In cross-examination, Lacika stated that between the date in May 1998 of window installation and repairs and March 1999 when he wrote that the leaking into the basement had been repaired he "had no problem with water penetration". Lacika further stated that between November 2, 1998 when Allegranza reinspected the house and December 1999 he had not written to the program regarding water leaks.

2. Water Hammering in main floor bathroom and lower floor bathroom – absence of air chambers

On Exhibit 3 page 61 the Applicants note the water hammer complaint and that they required an "air chamber" to deal with this complaint.

On February 17, 1998 a conciliation inspection took place with the Program's representative Allegranza. A conciliation inspection report was completed and dated February 17, 1998. This report was sent under cover of a letter dated February 24, 1998 to Lacika.

In the report the complaint of Lacika regarding water hammer was referred to as an item "not covered under warranty" with the comment that this item (as well as certain other items) was "done prior to conciliation and considered resolved." (Exhibit 3, page 49)

Lacika stated under cross-examination that he did not communicate with Allegranza, the author of the report, to dispute the statement quoted above.

Lacika testified that there was no provision made by the builder regarding air chambers to prevent water hammer occurring in the plumbing in the home. The first complaint made by Lacika to the program was by letter dated November 15, 1997 in which he noted that "water hammer observed – air chamber required".

Lacika contended that under the Ontario Building Code ("O.B.C. or Code") water hammer arresters or air chambers should be installed by the builder so as to prevent water hammer (Article 7.6.1.13 of the O.B.C. 1993 as amended). The lack of air chambers or water hammer arresters was a violation of the O.B.C.

Lacika stated in his testimony that a conciliation inspection of the home was carried out on February 17, 1998 when both Applicants and the Program's warranty representative, Allegranza, were present. In the conciliation inspection report issued by Allegranza pursuant to the inspection there were nine complaints. All nine complaints were noted as "not covered under warranty"; the reason given was that all nine complaints had been "resolved. One of such complaints was "water hammer observed in plumbing." (Exhibit 3, page 49)

Lacika conceded that he received this conciliation inspection report from the Program and did not dispute that the report said that the complaint of water hammer had been resolved.

Under cross-examination Lacika stated that the complaint of water hammer was not raised in his letter of April 17, 1998 addressed to the Program wherein he wrote regarding the conciliation inspection report of February 17, 1998. In that letter he only mentioned the complaint regarding water leaks. Lacika testified further under cross-examination that the next letter he addressed to the Program was that of August 31, 1998 in which he made no mention of this particular complaint although he listed eight other "outstanding items that required to be repaired by the builder". Lacika states that "at this time" he was not experiencing water hammer problems and that that complaint was "only a minor item" of "no alarming emergency".

Lacika went on to state that on October 27, 1999 an inspection at his home was carried out by himself and a municipal inspector that he had called in to determine the cause of water hammer that he had observed. At this inspection it was found that there was an absence of air chambers on the plumbing in the main bathroom and lower floor bathroom. On November 2, 1999 Lacika then addressed a letter to the builder advising of this inspection and the findings pursuant to that inspection. A copy of this letter was also addressed to the Program. (Exhibit 3, page 31)

Lacika testified that during an inspection of the home by the Program's warranty representative, he was requested by the representative to open a hole in a bulkhead to assist in determining the cause of the water hammering problem. Lacika refused to allow a hole to be made as he felt there were safety issues involved in exposing services that may be located in the bulkhead.

3. Insufficient clearances from combustibles to the masonry chimney serving the lower level wood stove.

At the conciliation reinspection held at the home on November 2, 1998, Lacika testified that this issue was pointed out to the Program's warranty representative, Allegranza. Lacika considered this issue to pose a safety and fire issue.

Lacika further testified that at the beginning of 1998 he pointed out to Don Pocock of the builder that there was a violation of the O.B.C. because there was not a 2" clearance to combustibles for the interior masonry chimney. He was assured by Pocock that he need not worry as there was a metal plate and by using a metal plate there was no safety issue.

Lacika further testified that he knew that warranty protection under the *Ontario New Home Warranties Plan Act* (the "Act") was limited to two years when there are violations of the O.B.C.'s health and safety provisions. He knew of this from having read the Program's documents which he, like all new homeowners, had received from the Program upon obtaining possession of the home. He also testified that it was not until December 9, 1999 that he first notified the Program of this particular complaint in writing.

Under cross-examination, Lacika was questioned regarding the letter dated August 16, 1999 he had written to the Program (Exhibit 4, page 56). Lacika stated that in that letter he was only requesting disclosure of documents by the builder and was informing the Program of such request which he had directed to the builder. He stated that he wished to have disclosed to him a document regarding the "minimum clearances for wood stove chimney" and conceded he did not mention he was making any claim in regard to a chimney. He stated he was merely requesting documents and was indicating nothing more.

The evidence for the Program

The first witness for the program was Chadwick Russel Foreshew ("Foreshew").

Foreshew testified that he has been employed by the Program as a warranty representative for the past six and one half years. Prior to that he was employed as a building official with the Municipality of Peterborough and before that was a plan examiner and building inspector in the Municipality of Aurora. He also testified that he has a college diploma in civil engineering.

Foresheew went on to state that he became involved in this matter in March 2000 upon the retirement of warranty representative Allegranza. At that time, as a result of a conciliation inspection request by Lacika, he arranged an appointment for a conciliation inspection to take place on March 29, 2000. There were three issues involved in the inspection which are the issues that form the basis of the Applicants' claims. Foresheew informed the builder of the date and place of the inspection and the three issues involved. The builder however did not attend the conciliation meeting on March 29, 2000. Foresheew and Lance Gibson, also a warranty representative, attended on behalf of the Program and Lacika represented the Applicants.

While in attendance, Foresheew made written notes of his observations on a "Field Report". (Exhibit 3, pages 10 and 11) This was his normal practice when attending a conciliation inspection.

Foresheew dealt with the three issues as follows.

1. Water Penetration

Foresheew testified he took certain photographs of the home at the time of inspection and described what the photographs depicted.

Photograph identified as #4 (Exhibit 8) depicts the southeast corner of the home's breakfast area where Lacika indicated to Foresheew that the water penetration occurred.

Photographs #3 and #5 (Exhibits 7 and 9 respectively) depict the interior of the home's basement at the south east corner of the basement. These two photographs were taken after a water test had been undertaken on the day of inspection.

Foresheew further stated he conducted water tests at the home during the inspection. He directed water from a garden hose onto the exterior of the home as depicted in photograph #4 (Exhibit 8) where the breakfast nook on the east side of the home is situated. Lacika was positioned inside of the home's basement during the water test and reported to Foresheew that he observed no water penetration into the basement either during or after the test.

Foresheew further testified that at the time of his inspection the insulation for some 2 feet above the floor in the corner of the basement had been peeled back for about four feet on either side of the south-east corner of the basement. This had afforded him an excellent opportunity to view any water penetration. Lacika confirmed to Foresheew that he himself had observed no water penetration on that day.

Foresheew testified that he had inspected the exterior brickwork of the home at its south-east corner as well as the caulking around the windows in that area and the vents from the basement to the exterior (Photograph #4 Exhibit 8). The brick work caulking and the vents all appeared to be in good order and there was no defect in workmanship or materials. The weep holes at the base of the brick veneer at the southeast corner were found to be clear.

Insofar as the conciliation inspection of March 29, 2000 and the report of April 27, 2000 are concerned, Foresheew confirmed he attended the inspection and authored the report. He further stated that he had at no time observed water penetration into the home. Foresheew also stated that at no stage has Lacika furnished the program with a report by a third party regarding water penetration or matters generally related to the three issues involved in this hearing.

Foresheew contended that no defect in workmanship or materials was observed that would have resulted in water penetration.

Foresheew testified further that on August 31, 1998 Lacika wrote to the Program listing outstanding items in the home that required repairs. (Exhibit 4, page 42) In that letter, he stated that the builder had carried out repairs to the east walls and windows of the home in May 1998 to stop water leaks in that area. That the effectiveness of the repairs could not be determined as there had since that date been no rain storm with wind from the east. Subsequently, on March 8, 1999 Lacika again wrote to the Program under the heading of "status of repairs" (Exhibit 4, page 41) in which he stated:

"1. The following items listed in my letter dated August 31, 1998 were repaired by the builder: 1,2,3,6 and 8.

.....

3. A storm window was installed on the east window of the breakfast nook on March 9, 1999 to stop the rain from leaking into the basement (item 8)".

Foresheew further stated that the next letter received by the Program from Lacika was dated October 21, 1999. (Exhibit 4, page 40) This letter stated as follows:

"Subject: water leaks into my basement (item 3 in my letter dated March 8, 1999 and item 8 in my letter dated August 31, 1998.)

There was a rain storm with winds from the east on October 13 and 14, 1999, and water leaked into my utility area of my basement".

Foresheew stated that the letter of Lacika dated October 21, 1999 clearly indicated that the water penetration reported by Lacika as having occurred on October 13 and 14, 1999, took place some eleven months after the statutory period for water penetration warranty expired.

2. Water Hammering

Foresheew drew the Tribunal's notice to certain photographs he had taken at the home at the time of the conciliation inspection.

Photographs #1 and #11 (Exhibit 10) (which are, in fact, one and the same photograph) depict a then existing hole in the walk-in closet in a bedroom through which copper piping could be seen which services the shower on the opposite side of the wall.

Photographs #9 and #10 depict holes in a wall, but it was not possible to determine whether there were air chambers installed as the holes were too small to allow adequate viewing.

Foresheew testified that Article 7.6.1.13 of the Code states as follows:

"Provision shall be made to protect the water distribution system from the adverse effects of water hammer".

He stated that there is no requirement under the Code to have water hammer arresters or air chambers on every faucet and that air chambers or arresters are generally installed on the furthest faucets from the pressure tank. He stated that Article 7.6.1.13. is intended to protect the system from adverse effects of water hammer. He noted that there were air chambers on each side of the shower faucet. This was observed by removal of escutcheon plates. However, due to limited observation areas through the escutcheon plates it was not possible to ascertain if they were installed in other locations. Lacika had refused to allow a hole or holes to be made in a drywall bulkhead to better view whether air chambers had been installed elsewhere.

Mr. Foresheew testified that only minor rattling or vibrations were observed in the vicinity of the bulkhead when the faucet was suddenly closed and these minor aspects could not be investigated due to the insistence by Lacika that there was to be no inspection hole made in the bulkhead. When at least three faucets were closed normally, no rattling or vibration was observed. No damage or adverse effects were observed to the piping that was inspected when the faucets were operated normally. Foresheew accordingly did not warrant this item having found the rattling or vibration to be minor and only observable when there was a sudden closing of a faucet. There was, according to Foresheew, no defect in workmanship or material and there was no violation of the Code as it does not require prevention of water hammer but only the protection of the water distribution system from the adverse effects of water hammer.

3. Masonry Chimney - Insufficient Clearance

Foresheew testified that the masonry chimney which serves the lower level wood stove contains a flue liner and the first floor joists are installed tight to the chimney with sheet metal sandwiched in between. (Exhibit 10, photograph 8). Foresheew conceded that Article 9.21.5.1.(1) of the Code requires a minimum of 2" clearance to combustibles for interior masonry chimneys and that there has been a clear violation of this article due to insufficient clearance. However, Foresheew stated that this issue was raised with the Program for the first time by Lacika in his letter to the Program dated August 16, 1999. (Exhibit 4, page 56) According to Foresheew, this was the first time Lacika made any mention to the Program of "minimum clearance for wood stove chimney", and Lacika's letter was a request for documentation on chimney clearances and in no way indicated a claim in regard to a chimney. This letter was the first indication of this issue and was not received by the Program within the two-year warranty period.

FACTS FOUND PROVEN:

Based upon the evidence presented to the Tribunal, the following are the facts found proven in this matter.

1. The date of possession by the Applicants of the home was November 21, 1996.
2. Water penetration at the south-east corner of the home was initially reported by Lacika in writing to the Program on April 17, 1998.
3. On August 31, 1998, Lacika advised the Program in writing that the builder had carried out repairs in May 1998 in order to stop water leaks in the east walls and windows of the home and that the effectiveness of such repairs could not be determined at that time due to no rain storm and wind having occurred since May 1998.
4. On March 8, 1999, Lacika advised the Program in writing that the water leaks at the south-east corner of the home had been repaired by the builder and that a storm window had been installed by the builder to stop rain from penetrating into the home's basement.
5. On October 21, 1999, Lacika advised the Program that water leaked into the home's basement on October 13 and 14, 1999.
6. At no time did the warranty representatives of the Program observe water leakage into the Applicants' basement.
7. The first occasion that water hammer was reported to the Program was by Lacika's letter to it dated November 15, 1997.
8. Certain air chambers in the home's water distribution system had been provided for by the builder to protect the system from the adverse effects of water hammer.
9. When the home's faucets are operated under normal conditions, there is no noticeable adverse effects of water hammer. Only when faucets in the main and lower floor bathroom showers were abruptly shut was minor rattling observed in the drywall bulkhead.
10. No damage was noted or observed to the water supply piping and there was no violation of the Code in the construction of the piping. The piping was observed to be constructed in a workmanlike manner and is free of defects in material.
11. The masonry chimney serving the lower level floor wood stove was constructed in violation of Article 9.21.5.1(1) of the Code as it failed to have the required minimum 2" clearance to combustibles for interior masonry chimneys.
12. The Applicants first reported in writing the complaint of insufficient clearance regarding the masonry chimney to the Program on August 17, 1999.

THE LAW:

The Act's relevant portions are:

13.(1) Every vendor of a home warrants to the owner,

(a) that the home,

(i) is constructed in a workmanlike manner and is free from defects in material,

(ii) is fit for habitation, and

(iii) is constructed in accordance with the Ontario Building Code;

(b) that the home is free of major structural defects as defined by the regulations; and

(c) such warranties as are prescribed by the regulations.

.....

13.(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.

.....

14.(1) Where,

.....

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty;

.....

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

.....

Regulation 892 to the Act states as follows:

4.(1) Each person with a claim under the Plan shall give written notice of the claim to the Corporation.

.....

14. Every vendor of a new home warrants to the owner that there will be no water penetration through the basement or foundation of the home for two years after the date upon which the home is completed for possession.

15.(2) Every vendor of a new home warrants to the owner

(a) that the home is constructed in a workmanlike manner and is free from defects in materials including windows, doors and caulking such that the building envelope of the home prevents water penetration;

.....

(d) that the home is free from violations of Ontario Building Code regulations under which the Building Permit was issued, affecting health and safety, including but not limited to fire safety, insulation, air and vapour barriers, ventilation, heating and structural adequacy; and

.....

(3) The warranties described in subsection (2) apply only in respect of claims made within two years after the home was completed for possession, in respect of homes that were enrolled, or should have been enrolled, after the 31st day of December, 1990.

.....

APPLICATION OF LAW TO FACTS:

The onus of proof on a balance of probabilities rests upon the Applicant.

Under section 14(1)(6) of the Act, the Applicants must prove that there is a cause of action for damages against the builder resulting from breach of warranty by the builder and must prove the amount of such damage for which he is entitled to be paid by the guarantee fund subject to the limits as fixed by the regulations to the Act.

The Applicant has three claims:

- (a) water penetration into the home's basement;
- (b) water hammering in the main and lower floor bathroom; and
- (c) insufficient clearances from combustibles to the masonry chimney serving the lower level wood stove.

Before dealing with each of the Applicant's individual claims, the Tribunal records that there was no evidence given on behalf of the Applicant in regard to damages. No evidence, whether expert or otherwise, was placed before the Tribunal to prove damages and thereby discharge that onus. Considerable anger and resentment was shown towards the Program during the Applicant's testimony, so much so that despite the repeated urging of the Tribunal that Lacika address the issues involved, he repeatedly testified to what he saw as a lack of ethics on the Program's part, lack of guidelines for and control by the Program of its warranty representatives and lack of ethics when dealing with the issues. Despite the Tribunal ruling on the irrelevance of these aspects, the Applicant repeatedly raised them, ignored the Tribunal's rulings, failed to deal with the issues at hand, and presented no evidence to prove damages.

On the issues before the Tribunal, the evidence of the Applicant and of the warranty representative Foresheew representative diverged on many occasions. The Tribunal, after observing the demeanor of Lacika and Foresheew when they testified, preferred the evidence of Foresheew who gave his testimony in a straight forward, clear and concise manner. Additionally, Foresheew displayed a considerable knowledge on home construction and made reasoned statements on the issues involved. In contrast, the Applicant displayed little or no knowledge regarding technical aspects of the issues involved.

Water Penetration

Sections 15(2)(a) and section 15(3) of Regulation 892 to the Act provide that the vendor (builder) of a home warrants that the home is constructed in a workmanlike manner and "is free from defects in materials..... such that the building envelope of the home prevents water penetration" and that such warranty applies "only in respect of claims made within two years after the home was completed for possession....."

The Applicants' home was completed for possession on November 21, 1996 and the water penetration warranty therefore expired on November 20, 1998. Neither the Act nor the regulations thereto provide warranties after two years of taking possession of a home. In this instance, repairs regarding water penetration were carried out by the builder during the two-year warranty period. Subsequent thereto, Lacika acknowledged in writing to the Program that water leakage into the home's basement had been "repaired by the builder." (Exhibit 4, page 4). Water penetration into the home subsequent to the two-year warranty period falls outside section 15(3) of Regulation 892. The water penetration reported by Lacika in October 1999 fell outside the two-year warranty period; accordingly, the Applicants' claim under this heading must fail.

The onus of proof is on the Applicants to prove their damages under section 14(1)(b) of the Act. Even had the Applicants complied with section 15(3) of the Act (which is not the case), they placed before the Tribunal, no evidence, documentary or otherwise, regarding damages. On the evidence before the Tribunal, it is clear that after October 1999 no water penetration occurred or was reported in writing to the Program.

Water Hammering

The Tribunal finds that water hammer was initially reported in writing to the Program on November 15, 1997 (Exhibit 3, pages 60 and 61). When warranty representative Allegranza held a conciliation inspection on February 17, 1998 nine items were reported to him by the Applicants as having been "resolved". Accordingly, on Allegranza's conciliation report of February 17, 1998 (Exhibit 3, pages 47 to 51) under "items not covered under the warranty" these nine items were recorded as "resolved". The seventh item recorded as "resolved" on the conciliation report was the Applicants' complaint of "water hammer observed in plumbing". This report was sent to the Applicants, and they did not contest Allegranza's statement that this aspect had been resolved.

When Lacika wrote the Program on August 31, 1998 (Exhibit 3, page 57) under the heading of "status of repairs" of the eight "outstanding" items listed as requiring repairs, water hammering was not mentioned. Under cross-examination, Lacika stated that he considered this issue as "a minor item".

The Tribunal accepts the evidence of Foresheew as to his observations of the plumbing when he attended on inspection at the home. Operated normally, there was no problem that he noticed. When certain faucets were suddenly shut, a minor rattle was heard in an overhead bulkhead. Water hammer arresters were seen by Foresheew where escutcheon plates were removed to permit observation. Where plumbing lines could not be observed, Foresheew was not permitted by Lacika to make openings to allow viewing. On the basis of Foresheew's observations, the Tribunal finds there was, at most, a minor rattle heard when certain faucets were suddenly closed. The Applicants provided no independent evidence contesting the incorporation of hammer arresters in the plumbing.

The Tribunal further finds that the Code calls for the protection of the water distribution system from the adverse effects of water hammer (underlining is that of the Tribunal). No adverse effects or damage were shown to exist by Lacika. The minor rattle heard when certain faucets were suddenly opened or shut does not indicate a violation of the Code or damage being caused due to there being no hammer arresters. The Applicants have not shown a violation of the Code and have introduced no evidence of defective workmanship or materials used in the plumbing of the home.

The Tribunal appreciates that Applicants have a significant interest in the quality of their homes, but the warranties under the Act have limits. As stated by the Tribunal in *Mark Teitelman* (1987) 16 CRAT at page 181:

The Teitelmans were not the authors of the defects and the Tribunal understands that they are a constant source of irritation to them. However, they must accept the fact that no house new or old is perfect or is warranted to be perfect. Floors in stairs will squeak, wood will shrink and wall cracks will appear and paint will peel. All that can be done is to keep these imperfections at reasonable acceptable levels. The limited warranty provided by the *Ontario New Home Warranties Plan Act* recognize these facts and this Tribunal is obligated to make findings in accordance with the statutory provisions and not otherwise.

The Tribunal stated in the decision of *Saporita* released on July 28, 1999:

Those few complaints that were not resolved and which have now come before this hearing indicate to the Tribunal that the Applicants were seeking unrealistic standards of perfection and were not always reasonable in their expectations. Perfection and nothing less than perfection is not a reasonable expectation when dealing with what can be termed a standard home. One does not live in a perfect world and allowances must be made for minor imperfections. If imperfections exist in the Applicants' home they are, from the evidence tendered, minor in nature and do not result in aesthetically displeasing results.

Masonry Chimney

The Applicants have established a clear violation of the Code; there is no minimum clearance of 2" as required by Article 9.21.5.1(1) of the Code.

The uncontroverted evidence of Foreshow was that for the first time on August 16, 1999 Lacika in a letter addressed to the Program, mentioned that the builder had been requested to provide documents concerning "minimum clearances for wood stove chimney". (Exhibit 4, page 56) However, this letter is not notification of a claim being made, neither under section 4(1) of Regulation 892 to the Act as read with section 15(2)(d) and (3) of that regulation or otherwise. The letter is nothing more than a request for disclosure. Nowhere in the letter is there an indication of a claim being made regarding the wood stove chimney's clearance.

Accordingly, the Tribunal finds that the requisite notice under the Act and regulations was not given to the Program and there is no warrantable claim.

DECISION:

By virtue of authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicants' claims.

ALPHA CLUB TRAVEL

ALPHA CLUB TRAVEL

APPEAL FROM A DECISION OF THE BOARD OF DIRECTORS
OF THE TRAVEL INDUSTRY COUNCIL OF ONTARIO

TO DISALLOW A CLAIM

TRIBUNAL: WILLIAM McINTOSH, Vice-Chair

APPEARANCES:

JEFF UNO & TERESA SALEIRO, Agents representing the Applicant
DORIAN WERDA, Agent, representing the Travel Industry Council of
Ontario

DATE OF
HEARING:

November 23, 2000

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal brought by Alpha Club Travel from a decision of the Ontario Travel Industry Council of Ontario (the "Respondent") contained in the Respondent's Decision Letter of September 1, 2000. The letter refused the Applicant reimbursement from the Ontario Travel Industry Compensation Fund ("the Fund"). The basis of the refusal was that the Applicant's claim was not been within 6 months from the date giving rise to the claim as required by Section 53 of Regulation 806/93 of the *Travel Industry Act* ("the Act").

FACTS:

The Applicant is a duly registered travel agent under the Act. The Applicant claimed reimbursement from the Fund respecting travel services contracted for by a travel wholesaler Premium Holidays. The travel services contracted for and for which reimbursement is sought was a "air and land" package worth \$3,105.68. The event giving rise to the claim was the bankruptcy of Premium Travel on January 31, 2000. As the time for filing a claim began running from this bankruptcy date, the Applicant had until August 1, 2000 to files its claim with the Respondent. The Applicant delivered its claim to the offices of the Travel Industry Council of Ontario on August 10, 2000.

The Applicant submitted its claim for compensation on a Travel Agent Claim Form. Printed prominently upon the form is a warning to the effect that claims must be submitted within six months of the event giving rise to the claim.

There was no evidence adduced of bad faith or improper conduct on behalf of either party, and the reason for the Applicant missing the filing deadline was simple oversight due to personnel problems within its office. The evidence indicates that the Respondent attempted to warn the Applicant of the approach of the six-month deadline.

THE LAW:

The legislative scheme allowing for the payment of compensation to the traveling public and to retail and wholesale registrants under the Act flows from Section 27:

27. The Lieutenant Governor in Council may make regulations,

.....

(n) providing for the establishment, maintenance and administration of a compensation fund in trust by travel agents and travel wholesalers and prescribing the form and terms of the trust;

(o) providing for the payment of levies into the compensation fund by travel agents and travel wholesalers and prescribing the amounts thereof;

(p) providing for payment out of the compensation fund of claims and procedures to be followed in respect thereto;

(q) requiring participation in the compensation fund by travel agents and travel wholesalers;

.....

The operations of the Compensation Fund are found in Part III of Regulation 806/93:

44.1 The Council shall administer and manage the affairs of the Compensation Fund.

The handling of claims under Part III of the Act is contained in Section 49:

49. The board of directors shall determine whether a claim, or a part of one, meets the requirements of this Part and shall determine the eligible amount of the claim.

The entitlement of a travel agent to be compensated from the Fund is found in section 51 of Part III of Regulation 806/93:

51.(1) A travel agent is entitled to be reimbursed for money paid by the travel agent to reimburse a customer or to provide alternative travel services to the customer if the customer paid the travel agent and if,

- (a) the travel agent acted in good faith and at arm's length with a travel wholesaler;
- (b) the travel agent passed all or part of the customer's money to the travel wholesaler; and
- (c) the travel services were not provided to the customer.

.....

The time limitation imposed upon filing claims is found in Section 53 of Regulation 806/93:

53. A customer or registrant shall make a claim for reimbursement in writing to the board of directors within six months after the event that gave rise to the claim for reimbursement.

ISSUE:

Is the Applicant entitled to compensation from the Compensation Fund when the Applicant's claim was filed with the Respondent after the expiry of the prescribed six month limitation period?

APPLICATION OF LAW TO FACTS:

A request was made by the Tribunal to the Program for further representations as the authority under the Act for the Lieutenant Governor in Council to enact subordinate legislation setting out limitation periods for the submissions of claims for compensation.

The parties duly forwarded submissions for which the Tribunal is grateful.

The Respondent directed the Tribunal to the various subsections of Section 27 listed above. While these subsections delegate legislative authority to set up a compensation scheme they do not expressly grant authority to impose limitation periods upon persons wishing to claim against the Fund. Indeed, the delegated authority in Section 27 does not grant the Lieutenant Governor in Council authority to specify persons eligible for compensation, but only those who have to pay into the Fund. Ordinarily, if rights are to be created, they should not be abridged by subordinate legislation unless specific authority to do so is granted in the governing legislation. Here, rights to compensation are being abridged by the imposition of a limitation period. For effect to be given to that restriction, the authority for that restriction must be inferred from the intent of the governing legislation.

The Respondent's position is that the *Travel Industry Act* contains the legislative intent necessary to support the imposition of a limitation period. The Act provides for a scheme to regulate the industry for the benefit of the users of travel services. Part of that scheme is to compensate persons such as the Applicant who find themselves out of pocket as a result of certain defaults. The Fund providing such compensation is established by the authority granted the Lieutenant Governor in Council by Section 27(n) and (o). That delegation of authority is explicit and clear. Section 27(p) deals with the authority to regulate payments out of the Fund and, it was argued, the authority to pay such compensation implies limits or restrictions on that payment. Such inferences can be drawn, in the Applicant's submissions,

from the implied necessity of having a coherent method of managing the Fund. If, for example there were no time limits within which claimants had to submit their claims, the management of the Fund would be seriously hampered. As long as the time limit is not on its face unreasonable and does not offend the overall legislative scheme, the time limit is authorized by the Act. The six month time limit under Section 53 of Regulation. 806/93 the Respondent submitted, is such an authorized limitation on the Applicant's right to compensation.

The Tribunal agrees with the submissions of the Respondent.

DECISION:

The Tribunal is satisfied that the establishment of the six-month limitation period in Section 53 of Regulation 806/93 is necessary and ancillary to the regulatory authority granted to establish and maintain the Compensation Fund as contemplated by Section 27 of the Act. The Applicant having failed to comply with that requirement, the Applicant's claim must be disallowed.

Accordingly, the Tribunal finds that the Respondent was correct in denying the Applicants claim for compensation.

SHALFOROSHZADEH

EHSAN SHALFOROSHZADEH

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: E. ALAN GARBE, Vice-Chair

APPEARANCES:

LISA ORIENTE, Student-At-Law, representing the Applicant
A. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: January 18, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a notice of proposal dated October 10, 2000, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to refuse the registration of Ehsan Shalforoshzadeh (the "Applicant") as a motor vehicle salesperson under the provisions of the Act. By notice of appeal dated October 17, 2000, the Applicant gave notice that he wished to appeal the proposal of the Registrar to the Licence Appeal Tribunal (the "Tribunal").

REGISTRAR'S POSITION

It is the Registrar's position that the past conduct of the Applicant is inconsistent with the intention and objectives of the Act for the following reasons:

1. In response to Question 9 on the application for registration as a salesperson of the Applicant made on or about August 24, 2000 (the "Application"), which question asks: "Have you ever been found guilty or convicted of an offense under any law or are there any charges pending?", the Applicant answered "Yes" and disclosed that he was "charged & convicted when I was 14 or 15 and now I'm 18 so it's a young offenders Record." No further disclosure on the application was provided.
2. After conducting a criminal history background check, it came to the Registrar's attention that the Applicant has the following convictions:
 - (a) robbery - December 4, 1995;
 - (b) break and enter and theft - March 7, 1996;

- (c) mischief under \$5,000.00 - March 7, 1996;
- (d) fraud under \$5,000.00 - March 25, 1997;
- (e) robbery - May 19, 1998; and
- (f) assault - May 19, 1998.

APPLICANT'S POSITION

It is the Applicant's position that his application was not given fair consideration given his age at the time of the convictions and the subsequent period without convictions. The Applicant contends that the existence of a criminal record in his situation does not provide reasonable grounds for believing that this Applicant will not act with honesty and integrity.

THE EVIDENCE:

Mary Jane South, was called to give evidence in support of the Registrar and identified herself as Deputy Registrar for the Ontario Motor Vehicle Industry Council ("OMVIC") who, in that position, oversees the registration program including the prescreening of applications and refusals.

Ms. South identified the Notice of Proposal to Refuse the Registration of the Applicant appearing at Tab 1 of the Book of Disclosure which was entered as Exhibit 3 in these proceedings. She confirmed the Registrar's position that the Application was refused, first because of the incomplete answer given on the Application, and second due to the types of convictions which include robbery, theft and fraud.

Ms. South identified the Application appearing at Tab 3 of Exhibit 3 and noted that although the Application was not date-stamped, there is the notation in the handwriting of a staff member that on 8/3/2000 the staff member spoke to the Applicant who was to call back. Ms. South then referred to Question 9 on the Application at Tab 3, Exhibit 3 and stated that the answer to Question 9 suggested that the Applicant was referring to a single offence which occurred when the Applicant was a youth and that there were not other disclosures.

Ms. South testified that a criminal record check was requested but when OMVIC was unable to obtain a clearance for the Applicant, a staff member contacted the sponsoring dealer on or about September 5, 2000 and the criminal record check appearing at Tab 4 of Exhibit 3 was received from the Applicant. It was Ms. South's position that the criminal record check contradicts the information provided by the Applicant on the Application.

Ms. South stated that there was also a concern that certain of the convictions involved economic matters and the fraud conviction showed an element of deceit in the Applicant's past conduct.

Ms. South stated that the Application is the first test of the Applicant's readiness to make disclosure. As the industry is one based on disclosure, it is considered very important that the Applicant demonstrate a willingness to make full disclosure.

On cross-examination, Ms. South was questioned as to the basis for her belief that the Applicant's statement on the Application in answer to Question 9 suggested that the Applicant was implying there was a single offence. Ms. South advised that it was her perception that the wording of the response suggested only one occurrence.

When asked about the handwritten notation at the top of the Application noting the date of October 31, 2000, Ms. South advised that the handwriting belonged to Mary Tanga a cash clerk with OMVIC and acknowledged that Ms. South did not know what the note related to but concluded that it related to the payment of the fee for the Application.

Ms. South testified that it was a staff member, Indu Gurn, who, according to OMVIC records, contacted Tannaz Shirazi, the owner of the dealership sponsoring the Applicant to advise that OMVIC required a criminal record clearance for the Applicant. Ms. South acknowledged that OMVIC did not have the details of the Applicant's criminal record until the Applicant provided the particulars by way of the document at Tab 4, Exhibit 3.

The Applicant testified that he was presently 18 years of age and employed with Ontario Auto Re-Sell as a lot man who did detailing and delivering of cars. The Applicant stated that his employer was happy with his work and wanted the Applicant to become a salesperson.

The Applicant testified that he had never had any trouble with his employer and that his job responsibilities included taking cheques to the bank and opening and closing the dealership.

The Applicant produced a letter from Ontario Auto Re-Sell signed by Tannaz Shirazi advising that the Applicant demonstrated great potential to become a sales representative and that he was an extremely hard worker who the dealer felt would be an asset to his establishment. This letter was entered as Exhibit 4 in these proceedings.

The Applicant testified that he had worked for Startach Computers. When he first applied to Startach Computers he was told that there was no job available but the Applicant said that he was prepared to work for nothing just to get experience. The Applicant was hired as a non-salaried employee, did the banking and picked up parts valued at between \$20,000.00 and \$50,000.00 for Startach Computers. The Applicant produced a letter from Startach Computers which was entered as Exhibit 5.

The Applicant stated that he paid rent at his parents' house where he resided, he contributed to the groceries and did the snow shoveling.

With respect to the Application, the Applicant testified that it was his understanding that the offences were young offender offences and that he did not believe he had to disclose the actual convictions.

The Applicant stated that after having received a call from OMVIC about his criminal record, he went the next day and obtained the criminal record appearing at Tab 4, Exhibit 3 and delivered it to OMVIC. The Applicant testified that it had not been his intention when completing his answer to Question 9 on the Application to imply that there had only been one offence.

The Applicant testified that the handwriting on the right-hand side of the document appearing at Tab 4 belonged to the Applicant and that he made the notation to show that the dates appearing on the far left-hand side of the document were the conviction dates, not the offence dates.

The Applicant stated that the last offence took place in 1996 and took 1½ years before he was convicted.

The Applicant testified that while at Zion Heights High School he became involved with the "wrong crowd" which led to these problems, however, the Applicant did accept responsibility for his record.

The Applicant stated that he was 15 years old at the time of the last offence and since then has changed his friends and his life style.

The Applicant stated that he believed that he would act with integrity and honesty and that his long term plan was to work to establish a good credit record so that he might borrow sufficient moneys to open his own dealership.

The Applicant planned to attend night school to take courses in business management and that if his Application were denied he would lose the opportunity of pursuing this career.

On cross-examination, the Applicant stated that he had personally filled out the Application and that it was his signature that appeared in the middle of page 4 of the Application. The Applicant confirmed that he had carefully read the Application and that he had no problems with the English language.

When asked why the Applicant had not disclosed his involvement with Startach Computers, on page 2 under "Employment or other Activities", the Applicant stated that he had not really been an employee. When asked about how Exhibit 5 came into existence, the Applicant stated that he had asked for the letter and picked it up at the business of Startach Computers. He believed that it was prepared by the party who signed it.

The Applicant testified that he believed that by answering "Yes" to Question 9, he had satisfied his obligation because at the time of the convictions, he was a young offender.

The Applicant stated that it was his belief that if OMVIC needed more information, they would contract the Applicant.

The Applicant stated that he called OMVIC several times to see why the Application was taking so long and as a result of one such call, provided the document at Tab 4.

The Applicant acknowledged that he understood that the Registrar would rely upon the Application.

The Applicant testified that he had made disclosure to his employer of his criminal record to the extent of advising that he had been in trouble when he was younger but had not provided any specifics. The Applicant stated that his employer was not relying upon the Application for the purposes of his employment.

With respect to the various convictions, the Applicant testified that the fraud charge arose when he was youngster involved with older boys who were fooling around in a Wal-Mart store and did something with various receipts involving between \$200.00 and \$300.00 and that gave rise to the charge of fraud.

With respect to the first conviction for robbery, the Applicant testified that this arose from an occurrence at a mall and arose out of a fight between various individuals as a result of which some change went missing and he was charged with robbery.

The Applicant stated that the conviction in 1996 arose from his grabbing something from a locker at school and that the 1998 convictions were as a result of grabbing a hat from another student which led to pushing for which he charged. The Applicant stated that the cause of his problems was because he had bad friends and that he had served five days because he had outstanding charges for break and enter, thief and mischief. With respect to the fraud charge, only the Applicant was charged however in the robbery and assault charges other people involved were charged.

The Applicant stated that after he delivered the criminal record at Tab 4, he called OMVIC several times to see how his Application was proceeding.

In reply, Ms. South produced a IntraWeb system print out which records telephone calls to and from OMVIC which was entered as Exhibit 6 in these proceedings. Ms. South testified that the OMVIC staff was trained to record calls in and out and although there may be some missed, it was unlikely that there would be repeatedly unrecorded calls. She stated that according to the print out there were no incoming calls to OMVIC from the Applicant.

FACTS FOUND PROVEN:

The following facts are found by this Tribunal to have been proven:

1. The Applicant did not fully disclose on his Application the extent of his criminal record.
2. The Applicant has been convicted of six various offences including robbery, theft and fraud.
3. Upon being requested to do so by OMVIC, the Applicant provided a copy of his criminal record and that at the time of the offences, the Applicant was 15 years of age or younger.

ISSUE:

The issue before this Tribunal is whether or not the Registrar has erred in proposing to refuse the registration of the Applicant under the Act.

LAW:

The authority granted to the Registrar is provided in subsections 5(1)(b) of the Act which states:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty;

.....

The Registrar has the onus of proof to satisfy the Tribunal that the Registrar has reasonable grounds to believe that the registration of Ehsan Shalforoshzadeh should be refused.

The question to be determined is whether the Applicant's convictions on the charges of robbery, theft and fraud and the Applicant's failure to make full disclosure on the Application provides the Registrar with reasonable grounds to believe that the Applicant will not carry on business as required by section 5(1)(b) of the Act. It is the Registrar's belief which is at issue in these proceedings not that of the Tribunal.

For the Tribunal to carry out its responsibilities pursuant to the Act, the Tribunal must review the decision of the Registrar by examining the allegations of the Registrar with respect to the activities of the Applicant and to consider such allegations in light of the evidence given by the Registrar and the Applicant with respect to those allegations.

In the leading case of *Brenner* 19 CRAT SCO Decisions and Orders (1971-1989), page 59, is a decision issued on April 7, 1983 where the Divisional Court overruled a decision of this Tribunal. Southey J. states that the Registrar proposed to refuse registration because of the existence of the specific circumstances set out in Section 5(1)(b) of the *Motor Vehicle Dealers Act*:

“The effect of Sec. 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself.”

Due to the particular facts in this case, Southey J. sent it back for a rehearing, however, adding in the third last paragraph:

“The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.”

Therefore, it is not sufficient for the Tribunal to reach a conclusion that it would have exercised the discretion differently from the way in which the Registrar did. Clearly, in order to overrule the Registrar, the Tribunal must conclude that the Registrar was wrong in his decision and that the conduct of the Applicant does not afford reasonable grounds for his belief based upon it.

The above principle was affirmed by the Divisional Court in *Faccenda* [1994] 26 CRAT Part II 1050. In *Faccenda*, the Divisional Court, again on appeal from this Tribunal quashed a decision to direct a Registrar not to carry out his Proposal. At page 1051, the Court held:

“It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought that the Registrar was in error in his belief.”

APPLICATION OF LAW TO FACTS:

The Registrar based his refusal on two grounds. First, the failure of the Applicant to fully disclose his criminal record and second the nature of the criminal offenses which were ultimately disclosed.

The Applicant said that he thought that by answering “Yes” to the question and making reference the *Young Offenders Act*, he had met his obligation to disclose. Further, when requested to provide a copy of his criminal record, the Applicant did so immediately.

The Tribunal is not persuaded that it was the intention of the Applicant to mislead the Registrar when completing the Application or to attempt to avoid disclosure.

Counsel for the Registrar directed the Tribunal's attention to the case of *Moodie* [1998] O.C.R.A.T.D. No. 120, a decision of this Tribunal refusing registration where the applicant failed to disclose fully and completely his criminal record. Particular attention was drawn to the following statement contained at Page 4 of that decision:

"While the subsequent failure to provide complete disclosure may also have been due to a lack of thoroughness on the part of the Applicant rather than an attempt to mislead, this too raises doubts about the Applicant's ability to carry on the business of a salesperson in accordance with the law."

As stated above, it is the finding of the Tribunal that the Applicant adequately explained the reasons for his failure to fully disclose, and therefore the present situation can be distinguished from the *Moodie* case.

The Registrar's second ground is the type of convictions against the Applicant which involved robbery, theft and fraud and the second robbery conviction in May 1988. Counsel for the Registrar made reference to the decision of *Cooke* [1999] O.C.R.A.T.D. No. 4 and particularly Page 6 of that decision which reads as follows:

"The convictions for forgery, theft, false pretenses, uttering and the fraudulent use of credit cards are by no stretch of the imagination other than convictions that directly relate to a lack of honesty and integrity on the part of the Applicant. In fact, convictions relating to such offences clearly indicate a non-acceptance of the rule of an ordered society - a society that accepts and embraces the rule of law."

Although the Applicant's convictions are not as numerous nor of the same nature as those of the applicant in the *Cooke* decision, it is of concern that someone of the age of the Applicant has shown a casualness toward the law as indicated by the Applicant's criminal record. Counsel for the Applicant suggests that attention should be given to the period of time that has elapsed since the last conviction which the Applicant testified occurred in 1996. The Tribunal does not accept that the passage of four years from the offence date, but only two years from the date of conviction, is a sufficient period of time to demonstrate that the Applicant has forsaken those tendencies which got him into trouble previously. The Tribunal finds that the Applicant's previous criminal record does provide reasonable grounds for the Registrar's belief in this matter.

ORDER:

Accordingly, pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealer Act*, the Tribunal directs the Registrar to carry out the Registrar's proposal dated October 10, 2000, to refuse the registration of Ehsan Shalforoshzadeh as a motor vehicle salesperson under the Act.

LICENCE APPEAL TRIBUNAL

E. Alan Garbe

Released: March 21, 2001

ACE TRAVEL AGENCY2

ACE TRAVEL AGENCY

APPEAL FROM A DECISION OF THE BOARD OF DIRECTORS
OF THE TRAVEL INDUSTRY COUNCIL OF ONTARIO

TO DISALLOW A CLAIM

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

MOHAMMED SOBHAN, Agent, representing the Applicant
TREVOR BRANION, Counsel, representing the Travel Industry Council of
Ontario

DATE OF
HEARING: February 19, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal from a decision of the Board of Directors of the Travel Industry Council of Ontario ("TICO") at a meeting held on September 26, 2000 and reported to the Applicant by letter dated October 10, 2000.

The Applicant, a travel wholesaler, had claimed for compensation of \$9,684.00 against A-Plus Travel. The claim was denied on the basis that the requirements of sections 52, 50 and 54 of Ontario Regulation 806/93 as amended under the *Travel Industry Act* had not been met.

The Applicant contested this decision by his letter of October 25, 2000 requesting an appeal before the Licence Appeal Tribunal. A hearing was held on February 19, 2001 with both parties in attendance.

ISSUE:

Does the claim of the Applicant meet the requirements for compensation under Regulation 806/93 of the *Travel Industry Act*?

EVIDENCE:

The Applicant in his opening statement explained that he was a wholesaler for airlines. He had done business with A-Plus Travel in the past. He was owed \$9,684.00 by A-Plus Travel. Now A-Plus Travel was out of business, and he made his claim under the Compensation Fund.

Counsel for the Travel Industry Council of Ontario stated that it was their position that the Applicant did not meet the requirements for compensation under the Act and its Regulation.

Testimony of Mohammed Sobhan:

Mr. Sobhan testified that he acts as a wholesaler for airlines and issues tickets to travel agencies. He had been doing business with A-Plus Travel for approximately 8 or 9 months prior to the matter in question.

He testified that A-Plus Travel contacted him to issue ten tickets to Karachi, Pakistan for a total of \$9,684.00 in late October, 2000. He received a cheque dated November 2, 2000 from A-Plus Travel in the amount of \$1270.00. He would not release the tickets without full payment. There was a second cheque from A-Plus Travel dated November 3, 2000 in the amount of \$4,540.00 and a third cheque on November 5, 2000 from A-Plus Travel in the amount of \$4000.00. After receipt of the third cheque the tickets were released.

There was some conflict in Mr. Sobhan's testimony concerning when the tickets were released and when the family used the tickets. Initially, Mr. Sobhan testified that the family were flying on November 12, 2000, but in cross-examination he stated that he gave the tickets to the travel agent on November 5, 2000 once he had the third cheque but before he had deposited it into his bank account as the family were flying the afternoon of November 5, 2000. There was also conflict in his testimony about exactly when he received these cheques. In his statement to the Travel Industry Council of Ontario, he stated that he received all three cheques on October 29, 2000. His initial testimony was that he got the cheques separately over a number of days. But under cross-examination Mr. Sobhan stated he received the cheques on November 1, 2000 which was the date that the tickets were issued.

Mr. Sobhan testified that he had to issue the tickets on November 1 in order to get the discounted fare for this family. But he did not release the tickets to the travel agent until November 5, 2000.

Mr. Sobhan stated that first two cheques were dishonoured by his bank on November 4, 2000 and the third cheque was dishonoured by his bank on November 8, 2000. At the time that he released the tickets on November 5, 2000 he was not aware that the first two cheques had been dishonoured. His bank sends him the dishonoured cheques by mail. He stated that if he had known about the NSF cheques he would not have released the tickets to the travel agent on November 5, 2000.

At the time that he realized that A-Plus Travel had not paid him for the tickets, a representative from the Travel Industry Council of Ontario was in his office checking on his bookkeeping. He mentioned to this representative about his problem, and he stated that the representative said she would try to help him.

Mr. Sobhan testified that he kept after A-Plus Travel for months afterwards to collect his money. He was made promises by the owner of A-Plus Travel, but nothing ever happened. Mr. Sobhan stated that he did no further business with A-Plus Travel after this incident. He discovered that A-Plus Travel had closed its offices in approximately March/April, 2001. He had not received his money from them.

Mr. Sobhan stated that he informed the Travel Industry Council of Ontario about this problem and commenced his claim under the compensation Fund. He felt that the Travel Industry Council of Ontario could have acted earlier, prior to A-Plus Travel going out of business, to collect his debt.

Under cross-examination, Mr. Sobhan stated that prior to this incident he had done approximately \$200,000.00 worth of business with A-Plus Travel. He would get about twenty dollars commission per ticket.

Mr. Sobhan stated that he had no documents from A-Plus Travel to show that A-Plus Travel had collected any funds from the customers. All he knew was that a representative from A-Plus Travel verbally told him that the owner had received all of the monies from the customers. He told the Travel Industry Council of Ontario about this conversation.

Testimony of Bakir Telia:

Mr. Telia is the accountant/bookkeeper for Ace Travel agency. After his employer was owed this money, Mr. Telia went personally to A-Plus Travel and asked for reimbursement. He had been promised the funds, but nothing ever happened.

Mr. Telia verified that the dishonoured cheques were sent to them from their bank through the mail. He said that Ace Travel Agency did not have knowledge of the NSF cheques when it released the tickets to A-Plus Travel on November 5, 2000.

Mr. Telia stated that Ace Travel Agency often dealt with the travel agents on trust and gave them tickets. He was not aware of any policy statement from the TICO regarding payment by cheque.

Mr. Telia stated that on November 11 or 12, 2000 he had told Maria, the TICO representative attending at their business, about this problem, and she said she would look into it for them. She took copies of the cheques. Mr. Telia thought that TICO was investigating this internally for them.

When A-Plus Travel closed its doors, Mr. Telia contacted TICO to learn about their procedures for making a claim. Then he helped Mr. Sobhan prepare the claim application to the Compensation Fund.

Testimony of Lori Furlan:

Ms. Furlan testified that she is the claims coordinator for the Travel Industry Council of Ontario. She had dealt with the application of Ace Travel Agency for compensation under the Act and its regulation. She reviewed the application, investigated the situation and considered the applicability of the Regulation.

She stated that under section 52(2) of Regulation 806/93 under the Act, the wholesaler has to give proof of the customer payment. Otherwise she is unsure if the travel agency did or did not pass any of the monies on to the wholesaler.

She testified that this claim is contrary to section 52(3) of the Regulation as the clients did have the tickets and did travel so the clients do not have a claim against the Compensation Fund. She also referred to section 52(5), section 50 and section 54 of the Regulation.

Ms. Furlan testified that section 55(2) deals with credit arrangements. In this case, TICO is stating that the wholesaler extended credit to the travel agent by giving the travel agent the tickets prior to the cheque clearing the bank.

Ms. Furlan stated that TICO does not intervene between travel wholesalers and travel agents as to their business dealings. Here, Ace Travel Agency had to wait until A-Plus Travel had closed its doors before it could file a claim under the Compensation Fund.

Under cross-examination, Ms. Furlan explained that TICO receives monies from agents and wholesalers for the benefits of the travel customers. TICO does not deal with the business arrangements between wholesalers and agents. It is up to the wholesaler to ensure that the cheque clears prior to releasing any tickets.

Closing statements:

By Applicant:

Mr. Sobhan stated that he has to conduct his business. He cannot survive in business if he has to abide by the precautions as stated by Ms. Furlan.

By Counsel for the TICO:

Counsel stated that TICO agrees that the Applicant did not get their monies from A-Plus Travel. But it is the position of TICO that the Applicant does not qualify for compensation from the Compensation Fund under the Regulation. Section 52 of Regulation 806/93 deals with wholesaler claims to the Compensation Fund. Counsel stated that there is no evidence that the customer did pay the travel agent. In this case, the customer did use the tickets so the customer does not have a claim against the Compensation Fund. Counsel referred to the cases of General Tours CRAT, released April 15, 1998; Sunquest Vacations Ltd. CRAT, released July 7, 1998; and Aventours Inc. CRAT, released September 22, 1998. Counsel stated that it was the position of the TICO that the Applicant was providing credit to the travel agent because the tickets were issued before the final cheque for payment was deposited by the Applicant in the bank.

LEGISLATION:

Regulation 806/93 of the *Travel Industry Act* deals with the Compensation Fund.

Section 50 (3) A customer is not entitled to be reimbursed for the following or in the following circumstances:

1. For a claim arising out of the failure of an end supplier to provide the travel services.

2. For losses or damages incurred by a customer as a result of a failure of an end supplier to provide the travel services.
3. For a payment to a registrant for any travel services that were provided or for which alternate travel services were provided or made available.
4. For a payment, including a non refundable payment, for travel services that were available but not received if the failure to receive the travel services is due to the customer's or the traveller's action or failure to act.
5. If the travel services were received as a prize, an award or a goodwill gesture.
6. If the customer used a voucher, certificate, coupon or other similar document to obtain the travel services or did not pay for the travel services with cash or by cheque, credit card or other similar cash payment method.
7. For any taxes, fees or levies imposed by a government or a government body.
8. For any insurance premiums.
9. If the claim is based on the cost, value or quality of the travel services or alternate travel services that were provided.
10. If the traveller received travel services pursuant to section 60 or 61.

Section 52(1) A travel wholesaler is entitled to be reimbursed for money paid by the travel wholesaler to reimburse a customer for travel services paid for but not provided or to provide the customer with travel services for which the travel wholesaler has not been paid by the travel agent if,

- (a) the travel wholesaler has acted in good faith and at arm's length with a registrant who is a travel agent;
 - (b) the travel agent has failed to pass all or part of the customer's money to the travel wholesaler;
 - (c) the travel wholesaler has had no dealing with the travel agent in which the travel agent has failed to pass the customer's money to the travel wholesaler in respect of travel services or has otherwise been in default in dealing with the travel wholesaler; and
- (d) the travel wholesaler has taken reasonable measures in the circumstances to ensure that the travel agent is reliable and financially responsible.

- (2) The travel wholesaler is entitled to be reimbursed only for the portion of the customer's money received by the travel agent that the travel agent has failed to pass on to the travel wholesaler.
- (3) The travel wholesaler is entitled to be reimbursed only if it can reasonably be established that the travel agent has received the customer's money and the customer would otherwise have had a claim against the Compensation fund.
- (4) The travel wholesaler is not entitled to be reimbursed for an portion of the money owing from the travel agent that represents a commission.
- (5) A travel wholesaler who receives a cheque from a travel agent for travel services that are provided is entitled to be reimbursed if,
 - (a) the cheque is received by the travel wholesaler within seven days before the commencement of the travel services;
 - (b) the cheque is promptly deposited by the travel wholesaler in an account maintained in a financial institution referred to in section 19;
 - (c) the cheque is returned to the travel wholesaler by the financial institution for reasons of insufficient funds; and
 - (d) the travel wholesaler is otherwise entitled to be reimbursed.
- (6) A travel wholesaler who makes a claim for reimbursement under subsection (5) is not entitled to be reimbursed for any portion of the claim that exceeds the travel wholesaler's volume of business with the travel agent for a normal week based on established trading patterns within the twelve month period that immediately preceded the commencement of the travel services.
- (7) A travel wholesaler is not entitled to be reimbursed for any payment made by credit card if the travel agent or travel wholesaler did not obtain prior approval for the payment from the customer and from the card issuer in accordance with the agreement between the card issuer and the registrant who processed the payment.

.....

Section 55 (2) A travel wholesaler is not entitled to be reimbursed if the travel wholesaler was involved in a credit arrangement with a travel agent, another travel wholesaler or an end supplier in order to provide the travel services to which the claim relates.

.....

ANALYSIS:

This is an unfortunate situation for the travel wholesaler, Ace Travel Agency. It had a series of business dealings with the travel agent, A-Plus Travel, for a number of months. Then in late October/early November, 2000 the Applicant was involved in another business dealing with A-Plus Travel which resulted in the loss to the Applicant of a considerable sum of money, \$9,684.00. The travel agency closed its doors and the Applicant thought he would be reimbursed through the Compensation Fund. Obviously the Applicant has paid into this Fund and this was his first claim against it.

What is evident here is that this Applicant, and probably many others, do not understand the intent of the Compensation Fund. It was created mainly to protect the travelling public from fraudulent travel agents, wholesalers and suppliers. It is not to work as a debt collection agency if business dealings between travel agents, travel wholesalers and travel suppliers should fail. As stated clearly by Ms Furlan of TICO, the purpose of the fund is to protect the customers, not to regulate business dealings between agents, wholesalers and suppliers in the travel industry.

The Applicant's failure to understand the purpose of the fund meant he did not pursue his legal remedies at a time when the travel agency was still in operation. His account of how he tried to collect from this travel agency is woefully inadequate. He explains his actions by stating that it is the duty of TICO to collect on his debts, particularly when a TICO representative knew of his problems.

The Applicant must fail in his request for compensation from the Fund as he does not meet the requirements as set out in the legislation. The Tribunal cannot go behind this legislation. The applicable Regulation sets out many limitations on the rights of travel wholesaler to collect under the compensation fund and the language used is complicated.

There is no doubt that the Applicant acted in good faith. There is no doubt that the Applicant has sustained a considerable financial loss. But the facts do not permit this Tribunal to compensate the Applicant under the Regulation to the *Travel Industry Act*.

The Applicant cannot prove that the customer paid the travel agent. Without this kind of proof how can TICO even know what would be the amount payable to the travel wholesaler? It was the obligation of the Applicant to obtain from the travel agent in the months prior to this travel agent ceasing business some document which stated that the customer had paid in full for the ten tickets to Karachi. Failure to do so means this claim must be denied.

There is the fact that the customer did use the tickets and did fly to Karachi. Under the legislation the Applicant also fails as this is in violation of section 50(3) of the Regulation. The customer has no claim against the fund as the customer received the travel services. Under section 52 of the Regulation this precludes the Applicant from obtaining reimbursement.

A further item of concern is that the Applicant permitted the travel agent to have the tickets without having first ascertained that the payments by the travel agent had successfully gone through his account. By doing that, the Applicant has provided informal credit arrangements to the travel agency. The Applicant then takes on the risk that he will not be paid for those credit arrangements. That is a business risk and a resulting loss is not compensated under the fund.

ORDER:

Pursuant to the authority vested in it by section 62(6)(b) of Regulation 806 made under the *Travel Industry Act*, the Tribunal directs the Travel Industry Council of Ontario to disallow the claim of the Applicant, Ace Travel Agency.

PREHEARING

ELIZABETH MATTE AND CAL STOTYN

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSE OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: KENT McCLURE, Chair

APPEARANCES:

MARK HABIB, Counsel, representing the Applicants, with Elizabeth
Matte,
NETANUS RUTHERFORD, Counsel, representing the Ontario New
Home Warranty Program, with Paul Picard
MARTIN BLACK, Counsel, representing 1189534 Ontario Inc., Added
Party, with Erica Smith

DATE OF
PRE-HEARING: March 12, 2001

By teleconference

ORDER

FOLLOWING attendances on March 12, 2001 at a prehearing by *teleconference* before the Tribunal of Mark Habib, Counsel on behalf of Elizabeth Matte and Cal Stotyn (the "Applicants"), with Elizabeth Matte; and Netanus Rutherford, Counsel on behalf of the Ontario New Home Warranty Program (the "Program"), with Paul Picard; and Martin Black, Counsel on behalf of 1189534 Ontario Inc. (the "Added Party"), with Erica Smith;

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, March 26, 2001 at the Gillespie Reporting Services, 130 Slater Street, Suite 200, Ottawa, Ontario and to continue if necessary on March 27, 28, 29, and 30, 2001, and to further continue on Monday, April 2, 2001 and 3, 2001, at 9:30 a.m., at the above address;

1. The Parties to the hearing are the Applicants, the Program and the Added Party.
2. The Applicants abandoned certain claims. Using the Program's decision letter dated October 26, 2000 as a reference, the Applicants abandoned:

Under "Items not covered under warranty" (starting at page 4)

"4. Claim: Hardwood floor uneven at hallway/kitchen joint". (pages 4-5)

"6. Claim: Spring missing first floor sliding door". (page 5)

"7. Claim: Return extra tiles to V.I.P. after work finished". (pages 5-6)

"9. Claim: Fence location between two properties". (page 6)

"12. Claim: We request ONHWP to conciliate between us and Rosewood concerning the double billing of some materials and work". (page 8)

Under "GST Rebate" (starting at page 9)

"1. Claim: GST rebate to be remitted to owner". (pages 9-10)

3. The claims to be dealt with at the hearing are those set out in the balance of the Program's decision letter of October 26, 2000.
4. The Parties agreed to the certain facts.

Using the Program's decision letter dated October 26, 2000 as a reference, under "Items covered under warranty" (starting at page 2), the parties agreed that:

- (1) \$15, 900.00 is the cost of the items set out in the Applicants' claims identified as:

Claims 1 to 16 inclusive
Claims 18 to 32 inclusive
Claims 34 and 35;

- (2) \$3,000.00 is the cash amount for the claim identified as Claim 17, "Credit \$3,000 air conditioning and corrections to air quality system";
- (3) \$2,000.00 is the cash amount for the claim identified as Claim 33, "Credit \$2000 for landscaping" which the Applicant is claiming for trees, shrubs and grass only; and
- (4) the \$3,000 in (2) above and \$2,000 in (3) above were credits to be paid from the holdback amount in dispute between the Applicants and the Added Party.

5. The Parties indicated whom they propose to call to testify at the hearing:

The witnesses for the Applicants will be:

- (1) Elizabeth Matte, Applicant
- (2) Cal Stotyn, Applicant
- (3) Michael Wong, Solicitor
- (4) Marilyn Van Adel, Real Estate Agent
- (5) Jeffrey Arthurs, Building Inspector, City of Ottawa
- (6) Barry Humpries, Real Estate Agent
- (7) Rick Locatelli, Real Estate Agent
- (8) Chris Jaltoczy, Designer
- (9) George White, Fungal Detection Specialist
- (10) Paul Manner, V.I.P. employee

The witness for the Program will be:

- (1) Paul Picard, employee of the Program

The witnesses for the Added Party will be:

- (1) Erica Smith, employee of Added Party
- (2) Helene Amyotte, employee of Added Party
- (3) a realtor, yet to be determined
- (4) an appraiser, yet to be determined

All parties reserved their right to object to any witness being called by another party as an expert without complying with Rule 6.4 of the Tribunal's Rules of Practice.

6. The parties to the hearing were referred to the Rules of Practice of this Tribunal, particularly the disclosure requirements set out in Rule 6. The Applicant's counsel stated that all documents on which the Applicants intend to rely at the hearing would be sent to the other parties by Thursday, March 15, 2001. All parties reserved their right to object to any disclosure made contrary to the Tribunal's Rules of Practice.
7. The Applicants requested that the issues raised in the Program's supplemental decision letter dated March 6, 2001 be heard at the hearing before this Tribunal commencing March 26, 2001. The Tribunal not having received an appeal of the supplemental decision letter, the Tribunal declined to deal with the Applicants' request in this prehearing.
8. The parties agreed that the hearing will use the scheduled hearing dates of March 26, 27, 28, 29, 30, 2001 and April 2 and 3, 2001.
9. A copy of this prehearing order is to be sent by facsimile transmission to:
 10. Mark Habib - (613) 820-8818
 11. Elizabeth Matte - (613) 947-1764
 12. Netanus Rutherford - (416) 229-3858
 13. Mark Friedman - (613) 235-4430
 14. Martin Black (613) 722-5932

ORDER

Following attendances on March 9, 2001 at a prehearing before this Tribunal of Gary Joel Wise, counsel on behalf of Oleksandr Evaniuk o/a Alex Evaniuk (the "Applicant") and Tim Snell, counsel on behalf of the Registrar, *Real Estate and Business Brokers Act* (the "Registrar");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m., on Tuesday, April 24, 2001, and thereafter, if necessary, to continue at 9:30 a.m. on Wednesday, April 25, 2001, at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario:

1. The parties recorded that there had been no resolution of any of the issues in this matter.
2. The parties to the hearing are the Applicant and the Registrar.
3. The issues to be dealt with at the hearing are contained in the Proposal of the Registrar.
4. The Applicant admits the allegations contained in paragraphs 6 and 9 of the Registrar's Notice of Proposal dated November 6, 2000.
5. The Applicant admits that two civil judgments were registered against the Applicant, one in favour of Lena Preje and the other in favour of Bruce Murray.

6. The Applicant does not admit that at the date of his November 1, 1999 Application for registration as a salesperson the aforesaid Bruce Murray judgment was in existence.
7. The Applicant admits the allegations contained in paragraphs 11 and 12 of the Registrar's Notice of Proposal.
8. The Applicant does not admit, and puts the Registrar to the proof thereof, that the Applicant's past conduct affords the Registrar reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.
9. The Applicant does not admit, having regard to his financial position that he cannot reasonably be expected to be financially responsible in the conduct of business.
10. The Applicant intends to call four or five witnesses to testify at the hearing of this matter.
11. The Registrar intends to call four witnesses to testify at the hearing of this matter.
12. Both parties to the hearing shall comply with Rule 6.3 of the Rules of Practice of this Tribunal. Notwithstanding the aforesaid, both parties undertake at this time to disclose every document and thing now in their possession or under their control that they will refer to or tender in evidence at the hearing, and to deliver a copy of such document to the other party.

LICENCE APPEAL TRIBUNAL

BETWEEN:

WORLD-WIDE CONTINENTAL TRAVEL INC.

Applicant

- and -

REGISTRAR, TRAVEL INDUSTRY ACT

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. World-Wide Continental Travel Inc. (hereinafter referred to as the "Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent (registration number 1810500/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **October 8, 1983**. The Registrant has a fiscal year end of **May 31st**.
2. The Registrant is subject to the prescribed terms and conditions of registration as are set out in sections 8 to 35 of Regulation 806/93 made under the Act (hereinafter "the Regulation") and additional terms and conditions to which the Registrant consented on **January 11, 1998**, including the requirement to file financial statements within 3 months of the Registrant's fiscal year end.

FILING FINANCIAL STATEMENTS- THE GROUNDS FOR THE PROPOSAL

3. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
4. By letter dated **May 18, 2000**, the Travel Industry Council of Ontario ("TICO") requested the Registrant to file its financial statements for its year-ended **May 31, 2000** by **August 31, 2000**.
5. On **September 18, 2000**, TICO sent a "reminder letter" to the Registrant giving a further due date of **October 4, 2000**.
6. By letter dated **October 17, 2000**, the Registrar, *Travel Industry Act*, sent a final request to the Registrant with a deadline to submit the required filing by **October 31, 2000** failing which the Registrar would issue a proposal to revoke the Registrant's registration.
7. By **November 17, 2000**, the Registrant had failed to file its financial statements. On that date, the Registrar, *Travel Industry Act* issued a Proposal to Revoke the Registrant's Registration.
8. To date, the Registrant's financial statements for its year-ended **May 31, 2000**, which were due by **August 31, 2000**, remain outstanding.

COMPLIANCE HISTORY

1997

9. By letter dated **April 9, 1997**, the Registrant was requested to file its financial statements for its fiscal year-ended **May 31, 1997** by **August 31, 1997**.
10. On **September 17, 1997**, TICO sent a second request to the Registrant for its financial statements.
11. On **November 5, 1997**, the Registrar, *Travel Industry Act* sent a final request to the Registrant, providing the Registrant with a **November 20, 1997** deadline to submit the required filing.
12. By **December 3, 1997**, the Registrant had failed to submit its required financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's Registration.
13. On **December 5, 1997**, the Registrant filed its financial statements for its year-ended **May 31, 1997**, which were due by **August 31, 1997**. TICO's review of the statements revealed a working capital shortfall of \$14,148.00.
14. By letter dated **December 11, 1997**, the Registrant was informed of the working capital shortfall and told to advise TICO of what steps it had taken to address the shortfall. The Registrant was also told to provide a letter from its bank confirming the designation of a "Travel Industry Act Trust Account" and sign an Acknowledgement and Consent to Terms and Conditions of Registration by **January 8, 1998**.

1998

15. On **January 11, 1998**, the Registrant consented to Terms and Conditions of Registration, which included the following:
 - a. *World-Wide Continental Travel Inc o/a Continental Travel Agency shall hold all monies that it receives from the public for travel services, in trust in Ontario, and Section 36 of Ontario Regulation 806/93 (copy of which is attached to these Terms and Conditions), as amended by Ontario Regulation 570/94, shall apply to World-Wide Continental Travel Inc o/a Continental Travel Agency, effective from the signed and witnessed date of these Terms and Conditions. World-Wide Continental Travel Inc o/a Continental Travel Agency shall operate trust account(s) in accordance with Section 36 of Ontario Regulation 806/93, as amended by Ontario Regulation 570/94, and the attached guidelines for trust accounting prepared by the Ontario Travel Industry Inspections Office;*
 - b. *World-Wide Continental Travel Inc o/a Continental Travel Agency shall, at all times, maintain the following minimum working capital requirements: on gross sales of less than \$1.5 million - \$5000; on gross sales of \$1.5 million to \$10.0 million - \$25,000; on gross sales of \$10.0 million to \$20.0 million - \$50,000; on gross sales over \$20.0 million - \$100,000;*
 - c. *World-Wide Continental Travel Inc o/a Continental Travel Agency shall file with the Ontario Travel Industry Inspections Office financial statements **REVIEWED BY A LICENSED PUBLIC ACCOUNTANT** within 3 months of the registrant's year-end, in accordance with Section 15(1) of the Act and Section 24 of Ontario Regulation 806/93.*
16. On **January 21, 1998**, the Registrar, *Travel Industry Act* withdrew the Proposal to Revoke Registration dated **December 3, 1997** and cautioned the Registrant that any subsequent proposal may not be withdrawn, even if there is compliance after the proposal has been issued.

17. On **October 15, 1998**, the Registrant filed its financial statements for its fiscal year-ended **May 31, 1998**, which were due by **August 31, 1998**. TICO's review of these financial statements revealed a working capital shortage of \$2,131.00.
18. By letter dated **October 23, 1998**, TICO advised the Registrant to address the working capital shortage by **November 6, 1998**. On **November 2, 1998**, TICO received information that the Registrant had corrected its working capital shortage.

1999

19. On **October 1, 1999**, the Registrant filed its financial statements for its fiscal year-ended **May 31, 1999**, which were due by **August 31, 1999**.

2000

20. On **April 27, 2000**, TICO conducted an inspection of the Registrant. The inspection revealed that the Registrant was not adhering to the trust accounting requirements of the Regulation and to which the Registrant had consented on **January 11, 1998**. Both travel and non-travel expenses were being paid through the Registrant's General Account. The Registrant was advised that the Trust Account must be used for customer deposits, payments to travel suppliers, and customer refunds.
21. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated **November 17, 2000**;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall file complete financial statements, as required by section 24 of the Regulation, for its fiscal year-ended **May 31, 2000**, no later than **March 23, 2001**;
 - (b) If the above-noted financial statements as filed reveal an insufficient working capital amount or are otherwise deficient, the Registrant will have 30 days from the date of notice of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail;
 - (c) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **May 31, 2001**, no later than **August 31, 2001**;
 - (d) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending **May 31, 2002**, no later than **August 31, 2002**;
 - (e) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **May 31, 2003**, no later than **August 31, 2003**;
 - (f) If the financial statements referred to in paragraphs (c) through (e) as filed reveal an insufficient working capital amount or are otherwise deficient, the Registrant will have 30 days from the date of notice of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail.

- (g) By **April 1, 2001**, the Registrant shall establish a trust account to protect customer funds in accordance with section 36 of the Regulation and provide evidence of the same to the Registrar. Thereafter, the Registrant shall maintain a proper trust account and comply with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time;
 - (h) The Registrant shall submit a monthly trust account reconciliation to the Registrar on or before the last business day of each month for the preceding month, beginning on **May 1, 2001**, for the month of **April, 2001**, for so long as the Registrar shall so require; and
 - (i) If the above-noted trust account reconciliations as filed according to (ii)(g) are incomplete or reveal a customer deposit deficiency, the Registrant will have **ten (10) days** from the date of the notice of the deficiency to fully and completely address any deficiency and produce proof of the correction acceptable to the Registrar in his sole discretion. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail.
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (i) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

JULIA COOK, Agent, representing the Applicant
CAROL STREET, Counsel, representing Registrar, Ontario New
Home Warranty Program

DATE OF
HEARING: March 19 & 20, 2001 Toronto

ORDER

WHEREAS a written Notice of Proposal dated November 30, 2000 and a Supplemental Notice of Proposal dated December 14, 2000, to refuse to renew the registration of 1288847 Ontario Inc. (the Applicant) were issued by the Registrar of the Ontario New Home Warranty Program (the Registrar) pursuant to the *Ontario New Home Warranties Plan Act*;

AND WHEREAS the Applicant appealed the proposal to the Licence Appeal Tribunal which appeal was to be heard in Toronto on March 19, and 20, 2001;

AND WHEREAS in the course of the second day of hearing on March 20, 2001, the Tribunal was advised that the parties had come to an agreement to settle, with an order to issue on consent with terms and conditions agreed to in Schedule "A" hereto;

AND WHEREAS having reviewed the written settlement signed by the Applicant and the Registrar as to the disposition of further proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of on the basis of the terms set out in the said Schedule "A".

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereafter the "Act") the parties to the proceeding, Collection Auto Inc., (hereafter the "Dealer") and the Registrar, *Motor Vehicle Dealers Act*, (hereafter the "Registrar MVDA") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions to its registration as a motor vehicle dealer:

- a) The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
- b) The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.
- c) The Dealer agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required. The Dealer further agrees to store its books and records at the location approved by the Registrar.
- d) The Dealer will ensure that all advertisements placed by or on behalf of the Dealer will identify their registered name and the address of the location approved by the Registrar.
- e) The Dealer agrees not to invite the public to deal at a place other than their approved location.
- f) The Dealer agrees to operate exclusively from the location approved by the Registrar. The Dealer agrees to apply for the Registrar's approval, by way of prior written notice, of any change in business location in the form required by the Registrar.

- g) The Dealer agrees to store all books and records at the registered premises and to provide access to books and records to representatives of the Registrar.
- h) The Dealer agrees to display a sign that is visible to the public, stating the dealership name.
- i) The Dealer will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a dealer under the Motor Vehicle Dealers Act.
- j) The Dealer will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
- k) The Dealer will not purchase vehicles without ensuring that the vehicle is registered to the seller.
- l) The Dealer agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
- m) The Dealer agrees to comply with all financial obligations, and in particular with the requirements of the Retail Sales Tax Act.
- n) The Dealer agrees that it is under a positive obligation to disclose in writing, all material facts about the vehicles it sells to its customers. Material facts such as; but not limited to, salvage, previous salvage, accidented and repaired, theft recovery, previous taxi cab, previous police car, unibody damage, frame damage and any other material fact that may affect one's decision whether or not to purchase said vehicle. The Dealer agrees to make reasonable efforts to research the history of all his vehicles prior to sale to ensure all material facts are disclosed. The Dealer agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Dealer has sold, the Dealer will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
- o) The Dealer shall comply with the OMVIC Code of Ethics and Standards of Business Practice.
- p) The Dealer acknowledges and understands that its registration will not be used to buy or sell motor vehicles where the Dealer knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
- q) The Dealer acknowledges that the Registrar may take further administrative action, including a proposal to revoke its registration, arising from any matters that have occurred or may occur related to honesty and integrity or financial position.
- r) The Dealer hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
- s) The Dealer agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal and the Applicant's registration shall automatically be revoked.

- t) The Dealer hereby withdraws his appeal to the Licence Appeal Tribunal.
- u) The Dealer hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of Toronto, this day of , 200 .

(Signature) Collection Auto Inc.

BETWEEN:

ABDULKADIR SALAD ALI O/A TRAVEL ROUTE

Applicant

- and -

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Abdulkadir Salad Ali o/a Travel Route (hereinafter referred to as the "Registrant") has been registered as a travel agent (registration number 4634895/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **October 2, 1998**. The Registrant has a fiscal year end of **December 31st**.
2. On **September 17, 1998**, the Registrant agreed to comply with the prescribed terms and conditions of registration as are set out in the Act and Regulation 806/93 made under the Act (hereinafter "the Regulation"). Among the terms and conditions to which the Registrant agreed was the requirement to file financial statements in accordance with section 24 of the Regulation and the requirement to comply with the trust accounting requirements under section 36 of the Regulation.

TRUST ACCOUNTING- THE GROUNDS FOR THE PROPOSAL

3. On **May 17, 2000**, the Travel Industry Council of Ontario ("TICO") conducted an inspection of the Registrant. During the inspection, it was revealed that the Registrant's "Travel Industry Trust Account" was overdrawn several times per month. TICO's inspector explained to the Registrant the procedures for proper maintenance of the trust account. The Registrant signed the "Inspection Findings" indicating that it was aware that the trust account must never be overdrawn, if properly managed. During this inspection, the Registrant agreed to fax TICO copies of its July 2000 trust account bank statement to show proper maintenance and compliance.
4. By letter dated **August 29, 2000**, the Registrar, *Travel Industry Act* reminded the Registrant that if a trust account is handled properly, there will never be a deficiency. A deficiency indicates that funds have been improperly paid out of the trust account. The Registrar requested the Registrant to provide TICO with customer deposit reconciliations accompanied by a copy of the Registrant's trust account bank statements for the months of July, August and September 2000 to be submitted by August 31st, September 30th, and October 31st respectively. The Registrar advised the Registrant that failure to do so may result in administrative action, including a proposal to revoke registration.

5. On **November 22 and 23, 2000**, TICO conducted a further inspection of the Registrant. This inspection revealed that the Registrant's trust account was overdrawn on 64 days during the five-month period from June to October 2000. As at **September 30, 2000**, the Registrant's account was overdrawn by \$12,312.64. The Registrant acknowledged that the trust account should never be overdrawn. To correct the trust account deficit, the Registrant agreed to submit to TICO by **November 30, 2000** one of the following:
 - a. An immediate cash injection of \$12,312.64;
 - b. Additional proof of other trust assets which would be acceptable to the Registrar; or
 - c. A customer deposit reconciliation as at **October 31, 2000**. If there was a customer deposit deficiency and it was less than the deficiency shown on the **September 30, 2000** bank statement, the Registrant would deposit the lesser amount in the trust account.
6. By letter dated **November 27, 2000**, the Registrar required the Registrant to submit a trust account reconciliation for the month of October 2000 accompanied by the "Travel Industry Act Trust Account" for the same period no later than **December 4, 2000**. Failure to do so would result in administrative action.
7. By an undated fax, on a copy of the Registrar's **November 27, 2000** letter, the Registrant advised TICO that the required information would be submitted by **December 6, 2000**.
8. By **December 8, 2000**, the Registrant had failed to file the required information as evidence that it had corrected the deficiencies revealed in its trust account during TICO's inspections. On that date, the Registrar issued the Proposal to Revoke Registration.
9. Following the Proposal to Revoke Registration, the Registrant provided TICO with a deposit slip for its trust account showing that it had deposited \$7,000.00 on **December 13, 2000** to correct its trust account deficiencies.

COMPLIANCE HISTORY- PREVIOUS PROPOSAL

10. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
11. By letter dated **September 8, 1999**, TICO requested that the Registrant file its financial statements for its fiscal year end, which according to TICO's records was **October 31, 1999**, by **January 31, 2000**.
12. On **March 1, 2000**, TICO sent a second request for the Registrant's financial statements.
13. By letter dated **March 6, 2000**, the Registrar informed the Registrant that if it did not provide its financial statements by **March 24, 2000**, the Registrar would initiate administrative action including a proposal to revoke registration.
14. By facsimile dated **March 24, 2000**, the Registrant's accountant informed TICO that since the Registrant was a sole proprietorship, its fiscal year end should be **December 31, 1999**. The accountant indicated that he had not received the finalized books of accounts from the Registrant and would need an extension until **April 24, 2000** to provide the financial statements.
15. By letter dated **May 5, 2000**, the Registrar informed the Registrant that if it did not provide its financial statements by **May 19, 2000**, the Registrar would initiate administrative action including a proposal to revoke registration.

16. By **June 15, 2000**, the Registrant had failed to submit its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's registration.
17. On **June 29, 2000**, the Registrant filed its financial statements for its fiscal year ended **December 31, 1999**, which were due by **March 31, 2000**.
18. On **September 15, 2000**, the Registrar withdrew his Proposal to Revoke the Registrant's Registration dated **June 15, 2000**.
19. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

20. the Registrar refrain from carrying out the Proposal to Revoke Registration dated **December 8, 2000**;
21. the Registrant's registration is to be subject to the following terms and conditions:
 - (j) The Registrant shall maintain a properly designated "Travel Industry Act Trust Account" and comply with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time and as explained in the Travel Industry Council of Ontario Trust Accounting Guidelines, a copy of which is attached as Appendix "A";
 - (k) The Registrant shall not disburse or withdraw any money held in a trust account designated as a "Travel Industry Act Trust Account" pursuant to section 36 of the Regulation until payment is made to the supplier of the travel services for which the money was received, except to provide a refund to the customer from whom the money was received;
 - (l) The Registrant shall ensure that it will not disburse consumer funds from its designated "Travel Industry Act Trust Account(s)" to pay suppliers for risk contracts or otherwise unless such payments relate directly to travel services for which the consumer funds were entrusted to the Registrant. Any payments for which consumer deposits have not been received are NOT to be disbursed from the said trust account(s);
 - (m) The Registrant shall submit a monthly trust account reconciliation to the Registrar beginning with the month of **March, 2001**, no later than 30 days after the end of each calendar month, for so long as the Registrar shall so require;
 - (n) If the above-noted trust account reconciliations as filed according to paragraph (2)(l) are incomplete or reveal a customer deposit deficiency, the Registrant will have **ten (10) days** from the date of the notice of the deficiency to fully and completely address any deficiency and produce proof of the correction acceptable to the Registrar in his sole discretion. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail;
 - (o) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **December 31, 2001**, no later than **March 31, 2002**;
 - (p) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending **December 31, 2002**, no later than **March 31, 2003**;

(q) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant.

22. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (h) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.

23. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. 1146736 Ontario Ltd. (hereinafter referred to as the "Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent operating as Hira Travel (registration number 4461521/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **September 6, 1996**. The Registrant was also registered as a travel wholesaler operating as Sun Stop Holidays (registration number 4461539/W) from **September 6, 1996** to **September 6, 2000** at which time its registration as a travel wholesaler lapsed.
2. The Registrant is subject to the prescribed terms and conditions of registration as are set out in sections 8 to 35 of Regulation 806/93 made under the Act (hereinafter "the Regulation").

FORM 1 FILING- THE GROUNDS FOR THE PROPOSAL

3. Section 47 of the Regulation states that within forty-five days after the end of the Registrant's fiscal year and fiscal half-year the Registrant shall make payments to the Ontario Travel Industry Compensation Fund and said payment shall be accompanied by a completed return, in the form ("Form 1") provided by the Travel Industry Council of Ontario ("TICO") indicating the sales of the Registrant for the reporting period and the amount owing to TICO.
4. By letter dated **December 29, 1999**, TICO advised the Registrant that it had failed to file its Form 1 for its fiscal year year-ended **October 30, 1999**, and to make the required payment to TICO and submit the required filing by **January 12, 2000**.
5. A final request was sent to the Registrant on **January 12, 2000** providing the Registrant with a **January 26, 2000** deadline to submit the required payment and filing, failing which the Registrant was advised that a proposal to revoke its registration would be issued.
6. By **March 3, 2000**, the Registrant had failed to file its Form 1 with the required payment. On that date, the Registrar issued the Proposal to Revoke the Registrant's Registration.
7. By letter dated **March 8, 2000**, the Registrant notified TICO of its intention to appeal the Registrar's Proposal to Revoke Registration. This appeal was not perfected until **January 4, 2001**.

8. On **March 20, 2000**, the Registrant filed its Form 1 and paid TICO \$331.16 based on sales of \$720,000.00.

COMPLIANCE HISTORY

9. By letter dated **October 23, 1997**, TICO requested that the Registrant file its financial statements for its year-ended **October 31, 1997** by **January 31, 1998**.
10. On **January 19, 1998**, TICO sent the Registrant a second request to file its financial statements for its year-ended **October 31, 1997** by **January 31, 1998**.
11. On **March 2, 1998**, a final request was sent to the Registrant providing the Registrant with a deadline of **March 13, 1998** to submit its financial statements.
12. By **March 26, 1998**, the Registrant failed to file its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's Registration.
13. On **March 30, 1998**, the Registrant filed its financial statements for its year-ended **October 31, 1997**, which were due by **January 31, 1998**.
14. On **May 14, 1998**, the Registrar withdrew the Proposal to Revoke Registration dated **March 26, 1998**. The Registrant was cautioned that any subsequent proposal might not be withdrawn, even if there is compliance after the proposal has been issued.
15. On **September 8, 1999**, TICO requested that the Registrant file its financial statements for its year-ended **October 31, 1999** by **January 31, 2000**.
16. On **March 1, 2000**, TICO sent a second request to the Registrant to file its financial statements for its year-ended **October 31, 1999**.
17. On **January 2, 2001**, the Registrant filed its financial statements for its year-ended **October 31, 1999**, which were due by **January 31, 2000**.
18. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

19. the Registrar refrain from carrying out the Proposal to Revoke Registration dated **March 3, 2000**;
20. the Registrant's registration is to be subject to the following terms and conditions:
 - (r) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **October 31, 2001**, no later than **January 31, 2002**;
 - (s) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending **October 31, 2002**, no later than **January 31, 2003**;
 - (t) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **October 31, 2003**, no later than **January 31, 2004**;

- (u) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant;
 - (v) The Registrant shall complete its Form 1 filing for its fiscal half year ending **April 30, 2001** and make all applicable payments to TICO by **June 15, 2001**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
 - (w) The Registrant shall complete its Form 1 filing for its fiscal year ending **October 31, 2001** and make all applicable payments to TICO by **December 15, 2001**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
 - (x) The Registrant shall complete its Form 1 filing for its fiscal half year ending **April 30, 2002** and make all applicable payments to TICO by **June 15, 2002**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
 - (y) The Registrant shall complete its Form 1 filing for its fiscal year ending **October 31, 2002** and make all applicable payments to TICO by **December 15, 2002**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time; and
 - (z) The Registrant shall complete its Form 1 filing for its fiscal half year ending **April 30, 2003** and make all applicable payments to TICO by **June 15, 2003**, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time.
- 21.** Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (i) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
- 22.** This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Caravan Imports & Travel Ltd. (hereinafter referred to as the "Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered as a travel agent (registration number 1827512/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **October 6, 1983**. The Registrant has a fiscal year end of **October 31st**.
2. The Registrant is subject to the prescribed terms and conditions of registration as are set out in sections 8 to 35 of Regulation 806/93 made under the *Act* (hereinafter "the Regulation").

FILING FINANCIAL STATEMENTS- THE GROUNDS FOR THE PROPOSAL

3. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
4. By letter dated **September 8, 1999**, the Travel Industry Council of Ontario ("TICO") requested the Registrant to file its financial statements for its year-ended **October 31, 1999** by **January 31, 2000**.
5. On **March 1, 2000**, TICO sent a second request for the Registrant's financial statements.
6. By letter dated **March 6, 2000**, the Registrar, *Travel Industry Act*, sent a final request to the Registrant with a deadline to submit the required filing by **March 24, 2000** failing which the Registrar would issue a proposal to revoke the Registrant's registration.
7. By **May 26, 2000**, the Registrant had failed to file its financial statements. On that date, the Registrar, *Travel Industry Act* issued a Proposal to Revoke the Registrant's Registration.
8. On **June 5, 2000**, the Registrant notified TICO of its intention to appeal the Registrar's Proposal to Revoke Registration. The appeal was perfected in **January 2001**.

EVENTS SUBSEQUENT TO THE ISSUANCE OF THE PROPOSAL

9. The Registrant filed its financial statements for its year-ended **October 31, 1999**, which were due by **January 31, 2000**, on **July 10, 2000**. TICO's review of the financial statements revealed a working capital deficiency of \$41,048.00 or a total working capital shortfall of \$46,048.00, taking into account the requirement, under section 25 of the Regulation, for all registrants with sales of less than \$1.5 million to maintain a minimum working capital of \$5,000.00.
10. By letter dated **July 14, 2000**, TICO advised the Registrant that it had received the Registrant's financial statements and that they revealed a working capital shortage of \$46,048.00. The Registrant was told to advise TICO of what steps it had taken to address the shortage by **July 28, 2000**.
11. On **August 17, 2000**, the Registrant filed interim financial statements for the eight months ended **June 30, 2000**. These statements revealed that the working capital shortage had been reduced to \$20,945.00.
12. By letter dated **August 25, 2000**, TICO advised the Registrant that an improvement of \$20,945.00 was required to attain the minimum working capital. This could be achieved by means of a shareholder advance.
13. On **September 11, 2000**, the Registrant's accountant called TICO and advised that the Registrant was working on acquiring additional funding.
14. By letter dated **October 24, 2000**, TICO requested the Registrant to file its financial statements for its year-ended **October 31, 2000** by **January 31, 2001**.
15. On **February 5, 2001**, TICO sent a second request for the Registrant's financial statements.
16. The Registrant filed its financial statements for its year-ended **October 31, 2000**, which were due by **January 31, 2001**, on **February 26, 2001**. TICO's review of the financial statements revealed a working capital deficiency of \$5,154.00 or a total working capital shortfall of \$10,514.00.
17. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

18. the Registrar refrain from carrying out the Proposal to Revoke Registration dated **May 26, 2000**;
19. the Registrant's registration is to be subject to the following terms and conditions:
 - (aa) The Registrant shall correct any and all working capital deficiencies and provide proof of such correction, to the satisfaction of the Registrar, by **April 30, 2001**. At all times thereafter, the Registrant shall maintain a minimum working capital as required pursuant to section 25 of the Regulation or such subsequent provision as may be in force from time to time;
 - (bb) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **October 31, 2001**, no later than **January 31, 2002**;
 - (cc) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending **October 31, 2002**, no later than **January 31, 2003**;

(dd) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **October 31, 2003**, no later than **January 31, 2004**;

(ee) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant.

20. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (e) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.

21. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Angie's All Seasons Travel Inc. (hereinafter referred to as the "Registrant") has been registered as a travel agent (registration number 3127887/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since **October 6, 1989**. The Registrant has a fiscal year end of **June 30th**.
2. The Registrant is subject to the terms and conditions of registration prescribed by the Act and Regulation 806/93 made under the Act (hereinafter "the Regulation") and to which the Registrant consented on **March 26, 1998**. Among the terms and conditions to which the Registrant agreed was the requirement to file financial statements within three months of its fiscal year end in accordance with section 24 of the Regulation.

FAILURE TO FILE FINANCIAL STATEMENTS- THE GROUNDS FOR THE PROPOSAL

3. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
4. By letter dated **May 31, 2000**, TICO requested the Registrant to file financial statements for its fiscal year ended **June 30, 2000** by **September 30, 2000**.
5. On **October 16, 2000**, TICO issued a "reminder letter" giving the Registrant a further due date of **October 31, 2000** to file its financial statements.
6. By letter dated **November 2, 2000**, the Registrar, *Travel Industry Act* informed the Registrant that failure to submit the financial statements by **November 16, 2000** would result in administrative action including a proposal to revoke registration.
7. By **November 23, 2000**, the Registrant had failed to submit the required financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's Registration.
8. The Registrant filed its financial statements for its fiscal year ended **June 30, 2000**, which were due by **September 30, 2000**, on **March 7, 2001**.

COMPLIANCE HISTORY

9. The Registrant has a history of non-compliance with the Act and the Regulation, including failure to file its financial statements on time and failure to provide timely responses to TICO's requests for information, as summarized in paragraphs 10 through 38.

1995

10. By letter dated **October 27, 1995**, the Registrar, *Travel Industry Act* informed the Registrant that it had failed to file its financial statements for its fiscal year ended **June 30, 1995**. If the Registrant failed to provide the financial statements by **November 13, 1995**, the Registrar would initiate administrative action including revocation of registration under the Act.
11. On **November 2, 1995**, the Registrant filed its financial statements for its fiscal year ended, which were due by **September 30, 1995**.

1996

12. On **December 4, 1996**, the Registrant filed its financial statements for its fiscal year ended **June 30, 1996**, which were due by **September 30, 1996**.

1997

13. By letter dated **May 16, 1997**, the Registrant was requested to provide its financial statements for its fiscal year ended **June 30, 1997** on or before **September 30, 1997**.
14. On **October 28, 1997** TICO sent a second request for the Registrant's financial statements.
15. By letter dated **November 5, 1997**, the Registrar informed the Registrant that if it did not file its financial statements on or before **November 20, 1997**, he would have no alternative but to initiate administrative action, including revocation of registration under the Act.
16. By **December 12, 1997**, the Registrant had failed to file its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's Registration. The Registrant did not exercise its right to appeal to the Commercial Registration Appeal Tribunal.

1998

17. On **March 6, 1998**, the Registrar issued a Final Notice to the Registrant that he was revoking its registration.
18. On **March 11, 1998**, the Registrar spoke to the Registrant and informed the Registrant that it must provide its financial statements and address all outstanding matters before the Registrar would consider reinstating the Registrant's registration.
19. On **March 23, 1998**, the Registrant filed its financial statements for its year ended **June 30, 1997**, which were due by **September 30, 1997**.
20. On **March 26, 1998**, the Registrant applied to be reinstated as a travel agent and agreed to the following terms and conditions to its registration:

- a. *Angie's All Seasons Travel Inc. shall, at all times, maintain the following minimum working capital requirements: on gross sales of less than \$1.5 million - \$5,000; on gross sales of \$1.5 to \$10.0 million - \$25,000; on gross sales of \$10.0 million to \$20.0 million - \$50,000; on gross sales over \$20.0 million - \$100,000;*
 - b. *Angie's All Seasons Travel Inc. shall hold all monies that it receives from the public for travel services in trust in Ontario, and Section 36 of Ontario Regulation 806/93, as amended by Ontario Regulation 570/94, shall apply to Angie's All Seasons Travel Inc., effective from the date of registration. Angie's All Seasons Travel Inc. shall operate the trust account(s) in accordance with section 36 of Ontario Regulation 806/93, as amended by Ontario Regulation 570/94, and the attached Guidelines for trust accounting prepared by the Ontario Travel Industry Inspections Office;*
 - c. *Angie's All Seasons Travel Inc. shall file with the Ontario Travel Industry Inspections Office financial statements REVIEWED BY A LICENSED PUBLIC ACCOUNTANT within 3 months of the Registrant's fiscal year-end, in accordance with section 15(1) of the Act and Section 24 of Ontario Regulation 806/93; and*
 - d. *Angie's All Seasons Travel Inc. shall ensure shareholders loans and/or advances to Angie's All Seasons Travel Inc. will not be withdrawn until such time as it can be done without reducing working capital below the minimum amount required by the Regulation, Travel Industry Act. In the event the shareholder(s) decide to discontinue operations, any claims against the Ontario Travel Industry Compensation Fund Corporation are to be fully satisfied before shareholder(s) loan(s) then in existence are to be repaid.*
21. The Registrant filed its financial statements for its fiscal year ended **June 30, 1998** on **September 30, 1998**. TICO's review of these financial statements revealed a working capital deficiency of \$40,381.00 or a total working capital shortfall of \$45,381.00. The financial statements also revealed a customer deposit deficit of \$41,439.00.
 22. By letter dated **October 6, 1998**, TICO advised the Registrant of the working capital shortfall and the customer deposit deficit and required the Registrant to correct these matters by **October 21, 1998**.
 23. On **October 21, 1998**, the Registrant provided TICO with copies of bank deposits totaling \$46,000.00 to correct the working capital shortfall.
- 1999**
24. On **February 18, 1999**, TICO conducted an inspection of the Registrant and discovered that on **July 24, 1998**, it issued a cheque to Ms Angela Comella, which had the effect of increasing the Registrant's working capital shortfall from \$45,381.00 to \$75,381.00. Consequently, the Registrant's October 1998 injections did not cover the entire working capital shortfall.
 25. By letter dated **March 8, 1999**, TICO advised the Registrant that to comply with the terms and conditions of its registration, it was required to make an additional improvement of \$29,381.00 in its working capital. Additionally, the Registrant was required to submit a reconciliation of customer obligations and assets as at **February 28, 1999**. This information was to be submitted no later than **March 31, 1999**.
 26. TICO sent a second request for the information requested in its **March 8, 1999** letter on **April 13, 1999**.
 27. On **May 3, 1999**, TICO received a deposit slip from the Registrant showing an injection of \$30,000.00 from Ms Comella.

28. By letter dated **June 7, 1999**, TICO requested the Registrant to file its financial statements for its fiscal year ended **June 30, 1999** on or before **September 30, 1999**.
29. On **September 2, 1999**, TICO conducted an inspection of the Registrant. The inspection revealed that the Registrant did not operate a trust account for customer deposits and supplier payments, contrary to the terms and conditions of registration that the Registrant signed on **March 26, 1998**. The Registrant agreed to submit a customer deposit reconciliation for the month of August 1999 by **September 30, 1999**.
30. On **October 5, 1999**, TICO sent a second request for the Registrant's **June 30, 1999** financial statements.
31. By letter dated **October 8, 1999**, the Registrar, *Travel Industry Act* informed the Registrant that it had failed to submit the required customer deposit reconciliation and file its financial statements by **September 30, 1999**. Failure to provide this information by **October 22, 1999** would lead to administrative action including a proposal to revoke registration.
32. By letter dated **October 27, 1999**, the Registrar informed the Registrant that if it failed to file its financial statements by **November 10, 1999**, he would initiate administrative action, including revocation of registration under the Act.
33. On **November 19, 1999**, the Registrant filed its financial statements for its fiscal year ended **June 30, 1999**, which were due by **September 30, 1999**. TICO's review of the financial statements revealed a customer deposit deficit of \$4,523.00.
34. By letter dated **November 26, 1999**, TICO advised the Registrant of the customer deposit deficit of \$4,523.00 as at **June 30, 1999**. TICO required the Registrant to provide a reconciliation of customer funds and customer obligations, accompanied by a copy of its "Travel Industry Act Trust Account" bank statement for a period to **October 31, 1999**, by **December 15, 1999**, failing which a proposal to revoke registration would be issued.
35. The Registrant did not submit the trust reconciliation by **December 15, 1999**. So, by letter dated **December 17, 1999**, TICO informed the Registrant that it required a letter of credit in the amount of \$25,000.00, with TICO as the beneficiary, which TICO would utilize as a guarantee against customer deposit liabilities. This letter of credit was in lieu of the Registrant providing customer deposit reconciliations, as was required under the terms and conditions of its registration. The letter of credit was to be submitted no later than **January 17, 2000**.

2000

36. On **January 18, 2000**, TICO sent the Registrant a copy of its **December 17, 1999** letter, as the Registrant had failed to provide the letter of credit.
37. By letter dated **February 7, 2000**, the Registrar informed the Registrant that if TICO did not receive the \$25,000.00 letter of credit by **February 21, 2000**, he would issue a proposal to revoke registration.
38. On or about **February 18, 2000**, the Registrant provided a bank draft paid to the order of TICO in the amount of \$25,000.00 to be held in lieu of trust accounting.
39. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

40. the Registrar refrain from carrying out the Proposal to Revoke Registration dated **November 23, 2000**;
41. the Registrant's registration is to be subject to the following terms and conditions:
 - (ff) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending **June 30, 2001**, no later than **September 30, 2001**;
 - (gg) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending **June 30, 2002**, no later than **September 30, 2002**;
 - (hh) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending **June 30, 2003**, no later than **September 30, 2003**;
 - (ii) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending **June 30, 2004**, no later than **September 30, 2004**;
 - (jj) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant.
 - (kk) Where TICO requires the Registrant provide information to satisfy the Registrant's obligations under the Act and the Regulation, the Registrant shall provide TICO with such required information by the date upon which TICO indicates the information is due.
 - (ll) The Registrant shall provide TICO with written acknowledgement of any and all future correspondence from TICO within two (2) days after the Registrant has received said correspondence.
42. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (f) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
43. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED at Mississauga this ____ day of March, 2001

LICENCE APPEAL TRIBUNAL

Marjorie L. Hiley, Vice-Chair,
Presiding

RELEASED: March 7, 2001

DAY

KENNETH HAROLD DAY

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A
MOTOR VEHICLE ISSUED BY THE
REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: Beverley J. Reade, Vice-Chair,
Presiding member

APPEARANCES: Kyle Biel,
Representative for the Registrar of Motor Vehicles

Kenneth Harold Day, Applicant

DATE OF HEARING: March 2, 2001

DECISION RELEASED: March 5, 2001 Kitchener

REASONS FOR DECISION

A hearing was held on March 2, 2001, at Kitchener, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Kenneth Harold Day (the "Applicant")
Motor Vehicle:	1991 Dodge Pickup AD2, plate # JD2070 (the "vehicle")
Date of Appeal:	January 31, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the driver's licence was not under suspension and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(b) and (d) of the Act.

This matter came before this Tribunal on March 2, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit # 2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

My Drivers licence was not under suspension when I was driving. The Man with me John Groshaw (D.OB 66/07/03) was also charged with driving but he was not driving. I have had a meeting with crown attorney William D. William ((519) 741-3222) who advised me that with Mr. Groshaw's Bail hearing on Jan 20/01 he is ordered to have Not contact with me or buy vehicles : I am the son of Ken & Karen Day and this vehicle is used primarily by them. I was allowed to use it this evening as my vehicle had broken down. There was no reasoning to impound this vehicle as Mr. Groshaw was not driving. I would not permit him too! Also the Waterloo Regional & Crown has given me authorization to have Vehicle released.

The Tribunal also received a further letter from Kenneth Day, by fax:

Attention Kyle

Feb 8/01

I would like to amend notice to include exceptional hardship.

I am writing to explain the situation I have found myself in due to the lack of judgment of my son. My wife lost her job due to downsizing in Oct 1999. Her severance has just run out & she had started to draw unemployment ins. They told her she may have to take some courses to update her education as there are no jobs where we live. She has a 15 year old car which she uses for transportation.

I have been out of work since July 2000. I have applications in & received an interview on Feb 6/01. They are supposed to let me know if I do happen to get the job I will need transportation back & forth to job. It is a truck driving job where I will be gone 1 to 5 days at a time. My wife cannot be without transportation that long.

I have nothing on my driving record or no criminal record. I wish to get my truck back so I can take advantage of any jobs that come up. If you wish to check this information...(Mr. Day then provided his driver's licence number and the social insurance numbers for him and Mrs. Day).

"Ken Day"

Mr. Day was accompanied to the hearing by his wife. She did not wish to testify as she attended only to provide moral support to him. She was obviously very upset about the entire situation and she was almost in tears on several occasions. Jeffrey Day did not attend. He was at work and his parents have not spoken to him recently. He has obviously chosen to leave his parents to deal with the problems for which he appears to be responsible.

Jeffrey Day is 37 years old. On January 27, 2001, he was living with his parents in Drayton, a small town of about 1,500 people 30 minutes outside of Kitchener. He had permission to use his father's truck to get to work while his parents were out of town. He did not have his father's permission to allow others to drive the truck. On this appeal, Mr. Day does not contend that the vehicle was stolen. He does not know who was driving the truck before it was impounded.

When Mr. and Mrs. Day returned from their holiday, they learned that the vehicle had been the subject of the Impoundment Order under appeal. They have no personal knowledge concerning the circumstances under which the Order was made. Their son has moved out of their house and there is no communication with him at this time.

Mr. Day is 58 years old was out of work for about eight months. Since the filing of his appeal, he has been successful in obtaining a part-time position as a truck driver for Home Hardware, located in St. Jacobs. He requires transportation to get to work from his home. His driving record is spotless. His new employer searched his record back to 1977 and found not a single infraction.

Mrs. Day is 54 years old and is in receipt of unemployment insurance. She expects that she will need to have retraining at some time in order to continue to qualify, but has not been directed to do so as of the date of the hearing. Her family doctor is in Drayton and Drayton has a 911 emergency service. Her major concern is for her elderly mother who resides in another town in her own home.

Mr. Day owns another vehicle in addition to the impounded truck. It is a 1987 Chrysler 5th Avenue, which Mrs. Day has always had available to her. It is not in great mechanical condition, but it runs. Mr. Day is presently using the vehicle to get to work and said that if he needed to be on the road, Mrs. Day could drive him to work and then drive home. St. Jacobs is 22 kilometers from Drayton, and it would not be good for the vehicle to continue to put extra miles on it.

Jeffrey Day's driver's licence is now under suspension. He has a vehicle, but his parents do not think that he will lend it to them or sell it to assist with the towing or impoundment charges.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by John D. Groshaw;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 21, 2002

5. Copy of Ministry of Transportation records showing ownership by Mr. Day of a 1987 Chrysler motor vehicle.

The Tribunal heard evidence from Officer Etheridge of the Waterloo Regional Police Department. Around bar closing time on January 27, 2001, his radar showed Mr. Day's 1991 Dodge truck travelling 45 kilometers per hour in a 80 kilometer per hour zone. He turned his cruiser around to investigate whether there were mechanical difficulties with the vehicle. By the time he caught up to it, it was stopping. Jeffrey Day then got out of the passenger side of the vehicle, walked around the truck, and entered the driver's door. The vehicle rocked, indicating to the officer that the original driver had slid over to the passenger seat. The only other person in the vehicle was John Groshaw, whose licence was suspended until September 21, 2002 as a result of an impaired driving conviction on September 21, 1999.

Both Mr. Groshaw and Jeffrey Day were arrested and charged with having care and control of the vehicle while their abilities to drive were impaired. Jeffrey Day admitted to Officer Etheridge that he had been stupid to listen to Mr. Groshaw's pleas to let him drive that night.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(b) & (d).

With respect to an appeal under subsection 50.2(3)(b) alleging that the driver's licence of the driver driving at the time of the impoundment order was not under suspension, section 55.1(2) of the Act states:

Where a police officer or officer appointed for carrying out the provisions of this Act is satisfied that a person was driving a motor vehicle on a highway while his or her driver's licence is under suspension under section 41 or 42 or 43, even if it is under suspension at the same time for any other reason, the officer shall,

- (a) notify the Registrar of the fact or cause the Registrar to be notified; and
- (b) detain the motor vehicle that was being driven by the person whose driver's licence is under suspension until the Registrar issues an order under subsection (3).

Section 41 of the *Highway Traffic Act* identify the type of appeals for which a licence is suspended in sections 41(1)(a), (b), (c), (d), and (e) and 41(7) and 42(1) and 42(5) as follows:

Section 41(1) Subject to subsections 41.1 (1), (2) and (3), the driver's licence of a person who is convicted of an offence,

- (a) under section 220, 221 or 236 of the *Criminal Code* (Canada) committed by means of a motor vehicle or a street car within the meaning of this Act or a motorized snow vehicle within the meaning of *Motorized snow vehicle Act*;
- (b) under section 249, 252, 253 or 255 of the *Criminal Code* (Canada) committed while driving or having the care, charge or control of a motor vehicle or street car within the meaning of this Act or a motorized snow vehicle within the meaning of the *Motorized Snow Vehicles Act*;
- (c) under subsection 254 (5) of the *Criminal Code* (Canada) committed in relation to the driving or having the care, charge or control of a motor vehicle or street car within the meaning of this Act or a motorized snow vehicle within the meaning of the *Motorized Snow Vehicles Act*;
- (d) under a provision that is enacted by a state of the United States of America and that is designated by the regulations; or
- (e) referred to in a predecessor to this sub-section, is thereupon suspended

Section 42.(1) The driver's licence of a person who is convicted of an offence under subsection 259 (4) of the *Criminal Code* (Canada) or under a provision that is enacted by state of the United States of America and that is designated by the regulations is thereupon suspended for a period of,

- (a) upon the first conviction, one year; and
- (b) upon a subsequent conviction, two years,

in addition to any other period for which the licence is suspended and consecutively there to.

- (4) This section applies in the same manner as if a person were convicted of an offence if the person pleads guilty to or is found guilty of an offence referred to in subsection (1) and,
 - (a) an order directing that the accused be discharged is made under section 730 of the *Criminal Code* (Canada) or under a provision that is enacted by a state of the United States of America and that is designated by the regulations; or
 - (b) a disposition is made under section 20 or sections 28 to 32 of the *Young Offenders Act* (Canada), including a confirmation or variation of the disposition. R.S.O. 1990, c.H.8, s.42 (1-4).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The evidence establishes on a balance of probabilities that John Groshaw was driving Mr. Day's vehicle at a time when his licence was suspended for impaired driving. The first ground of the appeal fails.

The second ground of the appeal is also unsuccessful. It is clear that Mr. and Mrs. Day have experienced hardship as a result of the Impoundment Order. While Mr. Day has been fortunate in obtaining employment, it is not close to his home and he requires transportation to get to work. This deprives Mrs. Day of her own transportation and has caused concern and stress about her mother. The mounting costs of the storage fees for the vehicle are of obvious concern to this family which has experienced recent employment difficulties. However, because Mr. Day has his second vehicle available to him, the Tribunal cannot find that no alternative to the impounded vehicle is available. In these circumstances, the hardship is not exceptional, as defined by the regulations.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Beverley J. Reade, Vice-Chair,
Presiding Member

RELEASED: March 5, 2001

BLUE RIBBON CHILD CARE SOCIETY CARRYING ON BUSINESS AS
BLUE RIBBON DAY CARE CENTRE

PREHEARING

BLUE RIBBON CHILD CARE SOCIETY CARRYING ON BUSINESS AS

SECTION 15 OF THE *DAY NURSERIES ACT*

TRIBUNAL:

Robert Adams,
Presiding Member

APPEARANCES:

Katharine E. Renison, Counsel for the Director under the
Day Nurseries Act, with Judy McCleod and Sharlene Ziniuk

Siva Kandiah, Agent for the Applicant, Blue Ribbon Child Care Society
carrying on business as Blue Ribbon Day Care Centre, with
S. Chandratitagam

DATE OF

PRE-HEARING: March 12, 2001

Toronto

ORDER

WHEREAS, Blue Ribbon Child Care Society carrying on business as Blue Ribbon Day Care Centre, (the "Applicant") has requested a hearing before the Licence Appeal Tribunal to appeal the Notice of Direction of the Director dated January 18, 2001, (the "Director") under the *Day Nurseries Act*, respecting Blue Ribbon Child Care Society carrying on business as Blue Ribbon Day Care Centre, located at 544 Lansdowne Avenue, in the City of Toronto, Ontario, under Section 15 of the *Day Nurseries Act*.

AND WHEREAS, a pre-hearing was conducted by the Tribunal on March 12, 2001 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, as set forth in the Tribunal's Notice of Pre-Hearing Conference dated March 12, 2001.

The Tribunal makes the following Orders respecting the hearing:

1. The hearing of this matter will be conducted commencing at 9:30 a.m. on March 29, 2001, and continuing on April 2, 3, 4, 5, 6, 9, 10, 11 and 12, 2001 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th floor, Toronto, Ontario.
2. The Applicant and the Director will file with the Tribunal their submissions before 4:30 p.m. on March 19, 2001 at the Tribunal's offices.
3. The Applicant will provide the Tribunal with three additional copies of documents 2, 3, 4, 5, 6, 7, 8 and 9 as marked at the pre-hearing.
4. The Applicant and the Director will comply with the disclosure requirement set out in the Tribunal's Rules of Practice. The Applicant and the Director by March 19, 2001 will provide one copy to the other party and four copies to the Tribunal of any document that the parties wish to rely on at the hearing.
5. The following documents were numbered pre-hearing for consideration as exhibits at the by the Tribunal's panel for the hearing of this matter:

Tendered by the Director:

#1 -Document Book dated March 12, 2001, 72 indexed tabs.

Tendered by the Applicant:

#2 -hand written document dated February 1, 2001, 1 page.
#3 -binder, 25 pages, dated January 17, 2001.
#4 -binder, 41 pages, dated January 8, 2001.
#5 -binder, 4 tabs, dated December 20, 2001.
#6 -document, 13 pages, dated November 3, 2000.
#7 -document, 89 pages, dated My 12, 2000.
#9 -copy of hiring policy, 1 page.

6. It was agreed that before 4:30 p.m., on March 19, 2001, both parties will provide the other party and the Tribunal with a list of witnesses who will be called to provide evidence at the hearing.

LICENCE APPEAL TRIBUNAL

Robert Adams,
Presiding Member

Released: March 16, 2001

KHAN

MOHAMMED SAEED KHAN

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NIVES MONTANO, Presiding member
WILLIAM WARBURTON, Member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

MOHAMMED SAEED KHAN, Applicant
unrepresented

DATE OF HEARING: March 2, 2001 Toronto

DECISION RELEASED: March 7, 2001

REASONS FOR DECISION

A hearing was held on March 2, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Mohammed Saeed Khan (the “Applicant”)
Motor Vehicle:	1989 Nissan Maxima, plate # AHBN 277 (the “vehicle”)
Date of Appeal:	February 6, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 2, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant’s evidence follows.

Applicant’s written submission filed with the Tribunal in support of appeal states:

I need the car to drive to work because of this My wife is recently been in a car accident and she needs to be taken to the doctors almost every week for check ups. I need a oral hearing because I can explain it better.

I have notice of impound. Please I really need it because my wife is unable to take the TTC because of her knee injury.

* I wish to wave disclosure time.

The Applicant with the assistance of his son, the impounded driver, for translating purposes, gave his oral testimony under oath.

The Applicant is a father of 4 children, 3 of which still reside at home. Their ages are 25, 15 and 14. The Applicant is currently the sole provider for the household. For the past 3 years, he has been employed at Masco Metal Finishing Co. Ltd. as a labourer/racker.

The Applicant's wife, Mrs. Khan, was in a car accident in April 1999 wherein she sustained knee and shoulder injuries. Since this accident, Mrs. Khan has been unable to work due to her injuries. She was also employed at Masco Metal Finishing Co. Ltd.

Due to a pending court case regarding the aforementioned accident, Mrs. Khan must see a specialist a minimum of once a week to once every 2 weeks so the specialist can monitor and report to her lawyer on her progress regarding the injuries she sustained in the accident. Mrs. Khan also suffers from asthma which is not life threatening, but which condition and medication must be monitored under a doctor's care.

On the morning the vehicle was impounded, the Applicant's 23 year-old son obtained a ride from a co-worker to the Applicant's place of employment. The Applicant's shift on February 1, 2001 commenced at 11:00 p.m. to 7:00 a.m. Unknown to the Applicant, the Applicant's son took the vehicle to attend a party in Niagara. The Applicant's son confessed that he had taken the spare key from home before he left for work that evening, and he also confirmed that he was aware that he was a suspended driver.

The Applicant resides approximately 25 minutes by car from his place of employment. He currently rides his bicycle to work, which takes approximately 45 minutes depending on the weather.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibits #3 and #4):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Ahmad L. Khan;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 6, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Tribunal must determine whether it should set aside the Registrar's order to impound the vehicle on the basis that the owner of the impounded vehicle will suffer exceptional hardship.

The Applicant has appealed on the grounds of "exceptional hardship" under section 55.2(3)(d).

Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact "exceptional hardship" will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardship as described in section 22(2). In order for his appeal to be considered under section 22(2), he must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulations provides the criteria for demonstrating that every reasonable option has been considered respecting an alternative vehicle.

The Tribunal may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

These criteria are cumulative. That is all of these criteria must be met before the Tribunal may consider the ground of "exceptional hardship" under section 50.2(3)(d). On the evidence the first and second criteria are not met.

- (a) **"no alternative to the impounded motor vehicle is available"** The Applicant has testified that he is currently riding his bicycle to work each day. He has not taken taxis because he cannot afford them and testified that he has not looked into the possibility of renting a vehicle. The Applicant testified that public transit would also not be feasible since he would have to walk a fair distance to his place of employment from where the bus dropped him off.
- (b) **"the loss will be immediate, significant and lasting"** The Applicant testified that (i); he has not missed any days of work or lost any wages due to his vehicle's impoundment; (ii) there is no threat of loss of employment; (iii) he has been able to get to work by riding his bicycle; (iv) he has not incurred a financial loss from his employment but only a monthly contribution towards rent from his son, the impounded driver, when the Applicant's son was employed.

After considering the above requirement, the Tribunal finds that the Applicant albeit inconvenient to get to his place of employment, has alternatives to the impounded vehicle and the impact of the loss will not be immediate, significant and lasting as required by section 22(3) of Regulation 574 as amended by Regulation 632/98.

Accordingly, after considering the criteria set out in section 22(3) and (4) of Regulation 340 as amended by Ontario Regulation 632/98, the Tribunal finds the Applicant has not established exceptional hardship as set out in section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereafter the "Act") the parties to the proceeding, George Babes, (hereafter the "Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereafter the "Registrar MVDA") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions:

1. The Applicant agrees, if he is criminally charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees to advise the Registrar as to the status of any pending charges and upon disposition, to forthwith advise the Registrar in writing as to the disposition of the charges.
3. The Applicant agrees if he is convicted of a criminal code offence or if he is convicted of an industry specific offence under any law, his registration is automatically revoked.
4. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar. Said consent shall not be unreasonably withheld. In addition, the applicant agrees to provide the Registrar with written confirmation, signed by the new employer, that the applicant has made full disclosure to the dealer, of any charges and/or convictions
5. The applicant shall not be an officer, director, manager, owner or partner in a dealership until the earlier of February 14, 2005 or any charges before the court have been disposed of.
6. The Applicant shall not apply for registration as a dealer until the earlier of February 14, 2005 or any charges before the court have disposed of.

7. The Applicant agrees to comply with his financial obligations when said obligations are due.
8. The Applicant shall, upon request by the Registrar, provide any and all documentation to the Registrar relating to the financial affairs of the Applicant.
9. The Applicant will not be the final signatory on any bills of sale, unless purchasing vehicles at a wholesale auction.
10. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
11. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
12. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
13. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal and the Applicant's registration shall automatically be revoked
14. The Applicant will provide a copy of this order to his employer forthwith and to provide proof of same to the Registrar.
15. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
16. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
17. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of _____ 2001.

(Signature) George Babes

These Terms and Conditions are accepted by the Registrar, Motor Vehicle Dealers Act.

Carl Compton, Registrar.

YIP

BETTY JOAN ROSE YIP

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: JOE HEWITT,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

BETTY JOAN ROSE YIP, Applicant
unrepresented

DATE OF HEARING: March 6, 2001

DECISION RELEASED: March 8, 2001 *By teleconference*

REASONS FOR DECISION

A hearing was held *by teleconference* on March 6, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Betty Joan Rose Yip (the “Applicant”)
Motor Vehicle: 1996 Ford COF, plate # 6308EZ (the “vehicle”)
Date of Appeal: February 16, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 6, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant’s evidence follows.

Applicant’s written submission filed with the Tribunal in support of appeal states:

- (iv) The loss of the truck will result in exceptional hardship because of the following:
 - 1) The poor weather conditions and terrain in the district of Algoma area necessitate a safe 4 wheel drive vehicle. The owner just moved and is still in the process of moving from Newmarket Ont. To Searchmont Road Hwy 556. The truck is required to transport furniture this month and to haul firewood to heat the house in Searchmont.

- 2) The owner has a terminally ill brother in Newmarket Southlake hospital and will need the truck to attend to his health matters as she is the only relative responsible for his care (all other family resides in Alberta and B.C).
- 3) The owner is under medical care for anxiety depression and must attend to medical matters and job related matters concerning her own health and work at York District School Board.
- 4) The owner has a house for sale and/or rent in Newmarket and will need a safe truck to travel to and from the Searchmont area and Newmarket to close business matters within this month.
- 5) The truck is required for attending a funeral this Friday, Feb. 16, 2001 for a family friend and must.
- 6) The owner's other vehicle (Ford Taurus) is not in safe condition and has required service for the past 3 days making the release of the truck an urgent matter so that all these medical issues and safe living conditions can be resolved immediately.
- 7) Please notify me immediately at (705) 781 3506 with the decision of the Appeal Board as I do not have vehicle access to pick up my mail in Searchmont. There is no mail delivery.

The evidence of the of the Applicant, Miss Yip testified that she is presently living in Searchmount, Ontario but is still in the process of moving from her home in Newmarket, Ontario.

She testified that she has a terminally ill brother in a Newmarket nursing home and as the only family member in Ontario must attend a scheduled medical meeting on March 9, 2001. That the meeting is to discuss the placement of her brother with the doctor family, friends and her brother's estranged wife and daughter.

She stated that she needs the truck to move boxes and furniture out of her home in Newmarket that is for sale. The possible closing date is April 13, 2001 if the offer is signed back.

The Applicant testified that the terrain in the Searchmount area is very hilly, and she does not feel safe driving any other vehicle except her four-wheel drive pick-up. She advised that a motor mount on her Ford Taurus is broken, and she does not feel safe driving the car to Newmarket.

The Applicant is presently on sick leave from her work in the York Region.

On cross-examination, Miss Yip told the Tribunal that she has investigated taking the bus to Newmarket. She has not looked into renting a vehicle. Her vehicles release date is March 24, 2001, about three weeks prior to her possible house closing date in Newmarket. She said that it would be easier if she could attend the medical placement meeting and pick up her furniture and boxes at that time.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Larry Joe Lapossie;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Fail to provide breath or blood sample under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 29, 2002.

Miss Yip was asked if she had all the copies of the above documents and was given an opportunity to ask any questions or have any information clarified.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

The Applicant has appealed on the grounds of exceptional hardship, in accordance with the section 50.2.3 of the Act Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if exceptional hardship under the Act will result from the impoundment.

The Tribunal is precluded from considering other factors not arising from or directly related to the impoundment itself. This includes the unfortunate fact that the impoundment of the Applicant's vehicle makes it more difficult for the Applicant to visit her brother who is terminally ill. In order to be considered under section 22(2)(a)(b) or (c), she must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the regulation provides that the Applicant demonstrate that every reasonable option has been considered for an alternative to the vehicle. The applicant under cross-examination has testified that alternatives to the impounded motor vehicle are available including, transport by train, bus, and another car.

Though inconvenienced, the Applicant has not suffered any loss of employment as a result of the impoundment. The Applicant has not presented any evidence that would indicate that the loss of the vehicle would be immediate significant and lasting as required by section 22(3)(b) of Regulation 574 as amended by O. Reg. 632/98.

The Tribunal finds that the Applicant has failed to meet the onus required by the Act to establish exceptional hardship under section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Toronto, ON, M4V 1K6

FROM: Bill J. Alder
9 Lunar Crescent
Markham, ON, L3R 2T1

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Bill J. Alder (hereinafter referred to as "the Applicant"), and the Registrar, Motor Vehicle Dealers Act (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle salesperson:

- 1) The Applicant agrees that if he is criminally charged in the future, he will immediately notify his employer in writing of the charges against him and provide a copy of the notification signed by his employer to the Registrar.
- 2) The Applicant agrees that if he is convicted under the Criminal Code or convicted of any industry specific offences under any Statute in the future, he will be automatically revoked.
- 3) The Applicant agrees to provide full disclosure on all future applications.
- 4) The Applicant acknowledges that the Registrar is relying upon the accuracy of the disclosure provided in entering into these terms and conditions.
- 5) The Applicant agrees not to be a partner, shareholder, officer, director or sales manager of a dealership.
- 6) The Applicant agrees not to be the final signatory on any sales contracts on behalf of the dealer.
- 7) The Applicant agrees not to transfer his registration as a motor vehicle Salesperson to another dealer without having first obtained the prior written consent of the Registrar.
- 8) The Applicant agrees that as soon as a disposition is made regarding his pending charge of Threatening Bodily Harm, he will inform the Registrar of the result forthwith.
- 9) The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that enrolment in the course entitles him to a sixty (60) day conditional registration period that allows for his successful completion of the course (including passing the exam).

Bill J. Alder (initials)

- 10) The Applicant agrees that his registration will not prevent the Registrar from taking administrative action, including a proposal to revoke his registration, arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
- 11) The Applicant acknowledges that his registration as a motor vehicle Salesperson will not prevent the Registrar from taking legal action, including a Provincial Offences prosecution, arising from matters that may have occurred or that may occur in the future.
- 12) The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
- 13) The Applicant will provide a copy of this order to his employer forthwith.
- 14) The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
- 15) The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
- 16) The Applicant acknowledges that he has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of _____ 2001.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

RONALD VANDEVENNE, Applicant
unrepresented

DATE OF HEARING: March 16, 2001

DECISION RELEASED: March 20, 2001 Windsor

REASONS FOR DECISION

A hearing was held on March 16, 2001, at Windsor, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Ronald Vandevenne (the "Applicant")
Motor Vehicle: 1988 Ford Tempo, plate # AFLY 917 (the "vehicle")
Date of Appeal: February 14, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 16, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The man that was pulled over with the car did not have permission to drive the car. I was unaware the car was being used by this person. Although I did have the car stored in his garage to be repaired. But there were no stickers on the car because it needed some work done on the exhaust to pass the emissions test. Would like to appeal in Windsor.

At the hearing the Applicant gave evidence as to the events that led up to and surrounding the impoundment.

The Applicant explained that he took the vehicle to Gary Hazel, to have the exhaust fixed. At no time did the Applicant give Gary permission to drive the car, however, the Applicant was advised by the police that he could not lay a charge of theft against Gary Hazel.

In direct and cross-examination, the Applicant testified that he was not able to drive the vehicle prior to same being impounded because the sticker had expired.

The Applicant has been getting around, the same way he did prior to the impoundment, by bus and by taking cabs, if necessary.

The Applicant feels that he misunderstood the meaning of “hardship”. The actual hardship incurred by the Applicant will be the cost of the towing and storing the vehicle, which the Applicant claims he cannot afford.

The Respondent offered no evidence other than the documentation offered prior to the hearing.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Gary D. Hazel;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 15, 2001.

At the hearing, the Respondent provided the Tribunal with certified copies of Ministry of Transportation documents on file.

In closing, the Respondent argued that the grounds for hardship were also not met and asked the Tribunal to uphold the suspension.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

The Tribunal may not consider economic hardship as a ground of exceptional hardship unless the Applicant's appeal meets all of the criteria set out in subsection 20(3) of Regulation 574, R.R.O. 1990 as amended by O. Reg. 632/98. These include the criteria that no alternative to the impounded vehicle is available and that the loss is immediate, significant and lasting.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Board may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant testified that he is able to get about, and in fact was getting about, by bus.

As the Applicant has alternate methods of transportation available to him, the Tribunal may not consider the provisions of 22.1 of Regulation 574.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of O. Reg. 632/98, Subsection 22(3)(b) which provides that the Board may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting. The Applicant's loss is not immediate, significant and lasting.

The Applicant has not satisfied the Tribunal that he has in fact incurred any loss of income or extra expenses which could be considered hardship.

The criteria under subsection 20(3) of Regulation 574 as amended are cumulative. That is, all must be met. In this matter the two above-noted criteria have not been met by the Applicant.

After assessing the evidence presented, the Tribunal finds that the Applicant has not established "exceptional hardship" as required by an appeal under section 50.2 of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **confirms** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the Statutory Powers Procedure Act, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in **Order to Impound #V1500699** was impounded in accordance with subsection 55.1(3) of the Highway Traffic Act, RSO 1990, c. H. 8 as amended, on February 7, 2001.
2. The applicant, **Bruce Ritchie**, whose name is shown on the vehicle portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(a) of the Highway Traffic Act, stating **that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made.**
4. Having received and reviewed the police information, the Registrar is satisfied that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made.
5. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.
6. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the Highway Traffic Act that the Board set aside the order to impound.

AND WHEREAS the purposes of the Act include the protection of customer monies paid for the purchase of travel services;

AND WHEREAS the Registrar, *Travel Industry Act* issued a Proposal to Revoke Blyth & Company's Registration on **February 9, 2001**;

AND WHEREAS Blyth & Company Ltd. (hereinafter referred to as "the Registrant") acknowledges that it has read, understands, and will ensure compliance with the provisions of the Act and the Regulation, as well as with the further terms and conditions of registration set out below;

NOW THEREFORE TAKE NOTICE THAT the parties hereto consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* to resolve this matter, such order directing that:

1. The Registrar refrain from carrying out the Proposal to Revoke Registration dated **February 9, 2001**;
2. The Registrant's registration is to be subject to the following terms and conditions:
 - (mm) The Registrant shall provide the Registrar, *Travel Industry Act* with a statutory declaration listing the shareholders associated with the Registrant, as defined by section 11 of the *Travel Industry Act* (the "Act"), by **April 1, 2001** and notify the Registrar of any changes thereafter within five (5) days of such change;
 - (nn) The Registrant shall file complete financial statements, including a statement of sales made during the period, a balance sheet, an income statement and a reconciliation of customer funds and customer obligations, for its fiscal year ended **January 31, 2001** with a review engagement report from a licensed public accountant no later than **April 30, 2001**. The said financial statements shall be filed with an audit opinion from a licensed accountant no later than **June 15, 2001**;

- (oo) If the above-noted financial statements as filed reveal an insufficient working capital amount, under section 25 of Regulation 806/93 ("the Regulation"), or are otherwise deficient, the Registrant shall, subject to paragraph 2(m) below, have 30 days from the date of notice of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail. Thereafter, the Registrant shall at all times maintain minimum working capital as required by section 25 of the Regulation or such subsequent provision as may be in force from time to time;
- (pp) The Registrant shall file complete audited financial statements including a statement of sales made during the period, a balance sheet, an income statement and a reconciliation of customer funds and customer obligations for its fiscal year ending **January 31, 2002**, no later than **April 30, 2002**;
- (qq) The Registrant shall file complete audited financial statements including a statement of sales made during the period, a balance sheet, an income statement and a reconciliation of customer funds and customer obligations for its fiscal year ending **January 31, 2003**, no later than **April 30, 2003**;
- (rr) The Registrant shall file complete financial statements including a statement of sales made during the period, a balance sheet, an income statement and a reconciliation of customer funds and customer obligations for its fiscal year ending **January 31, 2004**, no later than **April 30, 2004**;
- (ss) The Registrant shall ensure that any shareholder or related party loans shall be repaid only at such time and in such amounts as will allow the Registrant to remain in compliance with the Act and the Regulation. In the event that the Registrant may decide to discontinue operations, any claims against the Ontario Travel Industry Compensation Fund are to be fully satisfied before shareholder or related party loans then in existence are to be repaid;
- (tt) The Registrant shall maintain a properly designated "Travel Industry Act Trust Account" and comply with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time;
- (uu) The Registrant shall not disburse or withdraw any money held in a trust account designated as a "Travel Industry Act Trust Account" pursuant to section 36 of the Regulation until payment is made to the supplier of the travel services for which the money was received, except to provide a refund to the customer from whom the money was received;
- (ww) The Registrant shall ensure that it will not disburse consumer funds from its designated "Travel Industry Act Trust Account(s)" to pay suppliers for risk contracts or otherwise unless such payments relate directly to travel services for which the consumer funds were entrusted to the Registrant. Any payments for which consumer deposits have not been received are NOT to be disbursed from the said trust account(s);
- (ww) The Registrant shall submit a monthly trust account reconciliation to the Registrar beginning with the month of **March, 2001**, no later than 30 days after the end of each calendar month, for so long as the Registrar shall so require;
- (xx) If the above-noted trust account reconciliations as filed according to paragraph (2)(l) are incomplete or reveal a customer deposit deficiency, the Registrant will have **ten (10) days** from the date of the notice of the deficiency to fully and completely address any deficiency and produce proof of the correction acceptable to the Registrar in his sole discretion. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail;

(yy) The Registrant shall not knowingly carry on business with a travel agent or travel wholesaler in Ontario who is not registered;

(zz) The Registrant shall, by **April 1, 2001**, hire a contract Chief Financial Officer to manage and supervise the Registrant's operations who has, in the Registrar's opinion, sufficient experience and knowledge of the business of selling travel services to ensure that the office is managed in compliance with the Act and the Regulation; and

(aaa) The Registrant shall provide the Registrar with a list of all outstanding legal proceedings against the Registrant and/or Mr. Graham David Blyth by **April 1, 2001** and should the Registrant and/or Mr. Graham David Blyth be subject to any further legal proceedings, the Registrant shall, within five (5) days from the day in which the further proceedings come to the attention of the Registrant, notify the Registrar of said proceedings.

3. Should the Registrant fail to comply with conditions listed in paragraphs 2 (a) to (o) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED at Mississauga this ____ day of March, 2001

Mr. Graham David Blyth
Blyth & Company Travel Limited
I have authority to bind the corporation

Mr. Michael Pepper
Registrar, *Travel Industry Act*

SOLOMAN

WILLIAM SOLOMAN

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: JOE HEWITT,
Presiding member

APPEARANCES: CLAIRE ROWETT,
Representative for the Registrar of Motor Vehicles

WILLIAM SOLOMAN, Applicant
unrepresented

DATE OF HEARING: March 20, 2001

DECISION RELEASED: March 23, 2001 *By teleconference*

REASONS FOR DECISION

A hearing was held *by teleconference* on March 20, 2001, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	William Soloman (the "Applicant")
Motor Vehicle:	1993 Pontiac Bonneville, plate # AFTC171 (the "vehicle")
Date of Appeal:	March 2, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 20, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

To whom it may concern:

This impoundment of my car, is causing me, a lot of hardship. I've been diagnosed with congestive heart disease in 1997. I can't walk too far without rest. I live out in the country so I don't have access to bus or Taxi services. I am very sorry for what happened. I have to pick up my medication every so often & I do my grocery shopping. My doctors are Dr. Berney (1-519-786-6363) Dr. Zando ()

Mr. Soloman stated that the loss of his vehicle is a hardship. He is partly disabled because of a heart condition. He is overweight and has a hard time walking because of a broken leg some two years ago. He testified that the loss of his vehicle is a tremendous inconvenience because he has to rely on a friend to take him shopping or pick up items for him. Mr Solomon lives in a rural area outside the Town of Forest. Mr. Solomans' disability income allowance is \$ 563.00 per month, and he has a border who pays him \$300.00 per month. The border also has no vehicle and relies on Mr. Solomans' car.

Mr. Soloman is not employed at the present time. The loss of the use of his vehicle is not a threat to his health or safety. He has not investigated any car lease or rental alternative. The impoundment has not resulted in a financial loss of income. He testified that the impoundment fees will be a financial burden on him.

The Registrar's representative asked Mr. Soloman about three other cars registered to him. Mr. Soloman testified that he no longer has these vehicles in his position and that they have not been licensed since 1996.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Ms. Sheila George;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until July 31, 2003.

The Registrars' representative also filed certified copies of ownership records of three vehicles that were registered to Mr. Soloman, which was entered as Exhibit #3.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 50.2. of the *Highway Traffic Act*. Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with criteria that the Applicant must meet to determine if exceptional hardship under the Act will result from the impoundment.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

The Tribunal is precluded from considering other factors not related to the impoundment itself. Though inconvenienced, the Applicant has not suffered any loss of employment; the impoundment has no effect on Mr. Soloman's health or safety. The Applicant has not presented any evidence that would indicate that the loss of the vehicle would be immediate significant and lasting as required by section 22(3)(b) of the Regulation. In order to be considered under section 20(2), Mr. Soloman must demonstrate that all of section 22(3) has been met, but Mr. Soloman has failed to establish that no alternative to the impounded vehicle is available or that the loss will be immediate, significant and lasting, as required under subsection 20(3)(a) and (b).

Furthermore, section 22(4) of the regulation provides that the applicant demonstrate that every reasonable option has been considered for an alternative to the vehicle. The Applicant under cross-examination has testified that he has not investigated any other alternatives to the impounded motor vehicle.

The Tribunal finds that the Applicant has failed to meet criteria required by subsection 20(3) and (4) of the Regulation, and has therefore failed to establish exceptional hardship under section 50.2 of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Joe Hewitt, Presiding Member

RELEASED: March 23, 2001

TCB EXPRESS INC.

TCB EXPRESS INC.

Appeal under Section 50.3 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from an Order of the Registrar of Motor Vehicles pursuant to Section 82.1 of that Act.

TO APPEAL AN ORDER TO SUSPEND AND IMPOUND A COMMERCIAL MOTOR VEHICLE OR TRAILER

TRIBUNAL: Beverley J. Reade, Vice-Chair

APPEARANCES:

DAVID MOORE, Agent representing the Applicant

PATRICK MOORE, Counsel for Registrar of Motor Vehicles

DATE OF

HEARING: March 7, 2001

Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by TCB Express Inc. (the "Applicant") respecting an Order of the Registrar of Motor Vehicles (the "Registrar") to impound a commercial motor vehicle, and to suspend the vehicle portion of the permit, pursuant to sections 50.3 and 82.1 respectively of the *Highway Traffic Act* (Ontario), R.S.O. 1990, Chap. H.8 as amended.

FACTS:

The Tribunal heard evidence on behalf of the Registrar from Officer Anderson and Officer McConnell. Mr. Moore, the Operations Manager for the Applicant, gave evidence, but did not call any other witnesses.

The Registrar relied upon various documents, including the Order to Impound and Suspend dated February 21, 2001, the Notice to Registrar of Critical Defect Inspection, the Commercial Vehicle Inspection Report, Officer Anderson's notes, licence documentation for the driver and the vehicle, the back of the driver's pre-trip inspection report, a Certificate of Inspection of Defective Vehicle, and Impounded Vehicle Transfer report. Mr. Moore provided a copy of a Safety Standards Certificate dated February 9, 2001, a bill of sale for the vehicle and a copy of an out-dated brochure setting out the appeal process to the Licence Suspension Appeal Board which was provided at the time of the impoundment.

Based on the evidence before it, the Tribunal makes the following findings of fact:

1. TCB Express Inc. owns a fleet of trucks, many of which have been purchased from Mainline Transportation Systems Inc., another company which operates out of the same terminal. On February 14, 2001, TCB purchased a 1990 Ford Aeromax tractor (the "vehicle") from Mainline. A Safety Standards Certificate dated February 9, 2001, valid for a period of 36 days, was provided to the Applicant, and the vehicle was transferred to TCB on February 17, 2001.
2. On February 21, 2001 the vehicle was required to enter the Oakville truck inspection station for a routine inspection. Officer Anderson decided to perform a visual check on the vehicle because it is an older model. He also checked the trailer it pulled. Because the visual inspection of the tractor indicated that there might be a problem with its brakes, Officer Anderson decided to perform a full Level I inspection on both the tractor and the trailer. Officer Anderson has three years experience performing such inspections and holds a Critical Inspection Certificate. He is not a registered auto mechanic.
3. Officer Anderson used an established method to measure the push rod travel of the brakes on both the tractor and the trailer. The driver co-operated. Officer Anderson noted that the tractor had an air brake system on three axles. Of the six wheel brakes, the four driving clamps were type 30 and the steering clamps in the front were type 20. He measured with a calliper and is familiar with this common type of brake. They were not long stroke.
4. Officer Anderson measured the push rod travel out of the service brake chambers and found that on the four back wheel brakes on the tractor, push rod travel was greater than 1/4 inch or more beyond the measurement of 2". All four measured 2 and one-half inches. He was satisfied that the tractor had a critical defect. He was satisfied that there was no critical defect on the trailer.
5. Officer Anderson asked Officer McConnell to review his findings. Officer McConnell also holds a Critical Inspection Certificate. He checked only the brakes over which Officer Anderson was concerned. He confirmed the push rod travel of 2 and one-half inches for each of four of the six wheel brakes of the vehicle.

6. The Driver was notified that the vehicle was to be impounded, and he arranged for a company mechanic to attend at the inspection station to adjust the brakes. There is no evidence that the mechanic measured the push rod travel and came to a different conclusion than the officers. The Tribunal heard evidence that he adjusted the brakes and the vehicle was then impounded pursuant to the Order of the Registrar under appeal.
7. There is no evidence before the Tribunal as to the number of kilometres the vehicle travelled between the time of the Safety Standards Certificate and the date of the Impoundment. Officer Anderson did not complete this information on the form, as required. No evidence was presented by the Applicant as to the actual mileage at the time of impoundment.
8. The pre-trip inspection report prepared by the driver on the day of the impoundment is not properly completed. The driver should either have checked off that the vehicle was in satisfactory condition or that any defects were corrected or did not need to be corrected.

ISSUES:

The only issue in this matter is whether the order of the Registrar to impound and suspend the Applicant's commercial motor vehicle should be confirmed or set aside?

LAW:

Section 50.3 of the *Highway Traffic Act* states as follows:

- (1) The owner of a commercial motor vehicle or trailer that is subject to an order to impound and suspend under section 82.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

Grounds for appeal:

- (3) The only ground on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound and suspend are:
 - (a) that the commercial motor vehicle or trailer that is subject to the order was stolen at the time the order was made;or
 - (b) that the commercial motor vehicle or trailer had no critical defects at the time of the inspection under section 82.1

Powers of Tribunal:

- (5) The Tribunal may confirm or set aside the order to impound and suspend.

Section 82.1(37) provides that:

- (37) The Lieutenant Governor in Counsel may make regulations,
(a) prescribing what constitutes a critical defect;

Regulation 512/97 of the *Highway Traffic Act* states:

PART II CRITICAL DEFECTS

INTERPRETATION

- 5.(1) In this Part,

“broken”, when used to refer to a vehicle component, means that the component or any of its sub-components is split into more than one part;

“cracked”, when used to refer to a vehicle component, means that the component is not broken but has a split that penetrates completely through the component or any of its sub-components;

“steering axle” means any axle of a commercial motor vehicle that is controlled by the driver to provide direction to the motor vehicle.

- (2) For the purposes of an inspection for critical defects under section 82.1 of the Act,

- (a) a liftable axle, being an axle that is designed to be adjusted vertically and to lift its tires from contact with the surface of the highway when in a raised position, shall be considered part of a vehicle;
- (b) a conversion unit shall be considered part of the vehicle that it converts; and
- (c) a trailer converter dolly, if carrying a trailer, shall be considered part of that trailer.

BRAKES

6. In sections 7 and 8, “rotor” includes a disc.

AIR BRAKES

- 7.(1) In this section, the measurement of travel of a push rod out of a service brake chamber shall be taken with the vehicle engine turned off, the air system pressure between 90 and 100 psi (620 and 690 kPa), the park brakes released and the service brake actuator fully applied.

- (2) A commercial motor vehicle or trailer, if the trailer is required by subsection 64 (5) of the Act to have brakes, equipped with an air brake system other than an air-over-hydraulic brake system has a critical defect for the purposes of section 82.1 of the Act if one or more of the following defects is present on more than 50 percent of the wheel brakes of the vehicle:

1. A drum or rotor is cracked, broken or missing.
2. A chamber housing, chamber support, chamber push rod, slack adjuster, cam shaft, or cam shaft support bracket is broken or missing.
3. A shoe, shoe lining, shoe block, pad, pad lining or pad block is missing.
4. The push rod travel out of the service brake chamber is 1/4 inch (6.3 mm) or more beyond the measurement listed in Column 2 of Schedule 1 for the type of chamber listed in Column 1 of Schedule 1 if the brake is cam or disc type.

12.(1) In this section,

“helper leaf spring” means a leaf spring designed for auxiliary load resistance;

“leaf spring assembly” means an assembly of four or more leaf springs, not including helper leaf springs;

“leaf spring” means a long narrow plate of spring steel designed for load resistance.

- (2) A commercial motor vehicle or trailer has a critical defect for the purposes of section 82.1 of the Act if on one or more of its leaf spring assemblies 50 per cent or more of the leaf springs, including the helper leaf springs if in use, are broken.
- (3) A commercial motor vehicle or trailer has a critical defect for the purposes of section 82.1 of the Act if any of its frame members or other structural support members is broken, bent or perforated by corrosion resulting in the shifting of the vehicle’s body onto any component of the vehicle’s steering, clutch, fifth wheel, engine, transmission or suspension systems.

21 inches (53.3cm) and larger but less than 22 inches (55.8cm)	13 inches (33cm)
22 inches and larger (55.8cm)	14 inches (35.5cm)

APPLICATION OF THE LAW TO FACTS:

The evidence before the Tribunal is that more than 50% of the wheel brakes of the three axle trailer had push rod travel out of the service brake chamber 1/4 inch or more beyond the measurements listed in Column 2 of Schedule 1 for the type of chamber listed, creating a critical defect. The only evidence to contradict this is the existence of a safety standards certificate created almost two weeks prior to the inspection.

The Tribunal is satisfied that at the time of inspection, the vehicle had critical defects within the meaning of the regulations. There are therefore no grounds for appeal under section 50.3 of the Act.

DECISION:

Upon the application by TCB Express Inc. to appeal the order to impound and suspend dated February 21 of the Registrar of Motor Vehicles to impound and suspend a commercial motor vehicle pursuant to Section 50.3 of the Highway Traffic Act, and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL that the Order of the Registrar to impound and suspend the commercial motor vehicle of the Applicant be confirmed.

LICENCE APPEAL TRIBUNAL

Beverley J. Reade
Vice-Chair

RELEASED: March 8, 2001

ROBILLIARD

ROBERT ROBILLIARD

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: STUART CORK,
 Presiding member

APPEARANCES: KIM GROSSKURTH,
 Representative for the Registrar of Motor Vehicles

 ROBERT ROBILLIARD, Applicant
 unrepresented

DATE OF HEARING: March 27, 2001

DECISION RELEASED: March 29, 2001 Toronto

REASONS FOR DECISION

A hearing was held by teleconference on March 27, 2001, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Robert Robilliard (the “Applicant”)
Motor Vehicle:	1986 Dodge 600, plate # AARV 018 (the “vehicle”)
Date of Appeal:	March 7, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 27, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals which were entered into evidence as exhibit #3.

All documents were submitted into evidence with the consent of both parties. The hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant’s evidence follows.

Applicant’s written submission filed with the Tribunal in support of appeal states:

I, Robert Robilliard of 4006 Melfort Cres. Mississauga being said owner would like to appeal for the following reason.

I loaned my car 1986 Dodge to my daughter Robin Robilliard living at 1229 Huron St. Apt#307 London Ont. N5Y 4L2. Drivers Lic. # R6020-65967-75825 to seek employment.

However Robin has found no steady employment but is currently involved with Pathways Career Planning doing volunteer work for the Parkinson Foundation of Canada. Southwestern Ontario Region. This requires a lot of travelling.

Unknown to myself Robin loaned the car to a Mike Monette whom was stopped by Constable Butterworth on Feb23/01.

I had no knowledge of this infraction & that he had no valid drivers license until I received the order of impoundment on Feb 27/01.

If at all possible I would like the car to be released so that I may do the necessary changes of ownership into Robin's name & address so she can continue with her career.

I would also appreciate the Telephone conference as my Hearing due to being self employed & having to serve the public daily. My # 905-820-8166.

Thank You
R Robilliard

The Applicant testified that his daughter had been using the vehicle for several years while she resided in Mississauga with him. In October of last year, she moved to London, Ontario with the vehicle, with the Applicant intending to transfer the vehicle ownership into her name.

The Applicant's daughter loaned the vehicle to Mike Monette, whose drivers licence was then under suspension. Mr. Monette was subsequently stopped by the police, and the vehicle was impounded.

The Applicant further testified that the vehicle is used by his daughter for the purposes of fulfilling her duties as a volunteer, in anticipation of some possible full time employment in the future. Since the impoundment, the Applicant's daughter has had to rely upon public transit and has had to reduce her volunteer activities. The Applicant has not made any inquiries into the availabilities of alternatives to the impounded vehicle, nor is he aware of any other attempts made by his daughter to secure alternative transportation to the impounded vehicle.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Michael J. Monette;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 26, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,

- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claims to be considered under section 22(2)(a), (b), and (c), he must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Tribunal may consider economic loss only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of that Regulation). In this case, the Applicant's daughter has not been shown to be suffering any significant financial or employment loss, as she was using the vehicle to carry out her duties as a volunteer in anticipation of a possible future paid position.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable alternative option has been considered and inquired into as required under section 22(4) of the Regulation. In fact, the testimony of the Applicant was that he had not pursued any alternatives to the impounded vehicle, and that to his knowledge, his daughter had been using local public transit to maintain her activities, and had made no other inquiries into alternatives herself.

Therefore, the Tribunal finds that the Applicant has failed to meet the onus under section 22(4) of the Regulation and is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Stuart Cork, Presiding Member

RELEASED: March 29, 2001

BATTEN

HIGHWAY TRAFFIC ACT
R.S.O. 1990, Chap. H.8 as amended

IN THE MATTER of the ORDER to IMPOUND a MOTOR VEHICLE Order # 1601602 OWNED BY: Catherine Batten of: 4396 Carrying Place Road, Seeleys Bay, Ontario, K0H 2N0 made pursuant to section 55.1 of the *Highway Traffic Act*, effective on: March 11, 2001.

AND IN THE MATTER of a requirement for a hearing respecting an appeal of the said Order to Impound, pursuant to section 50.2 of the *Highway Traffic Act*.

CATHERINE BATTEN

Applicant

-and-

REGISTRAR OF MOTOR VEHICLES

Respondent

CONSENT ORDER

Upon the application to the Tribunal by Catherine Batten, Applicant, and by the representative for the Registrar of Motor Vehicles, for the issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act*, R.S.O. 1990, chapter S.22, and having reviewed the written settlement signed by the Applicant and the Registrar of Motor Vehicles as to the disposition of these proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of without a hearing on the basis of the facts and on the terms set out in the said Schedule "A".

Chair

RELEASED: *March 21, 2001*

Schedule "A"

LICENCE APPEAL TRIBUNAL

Between:

CATHERINE BATTEN

Applicant

-and-

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in **Order to Impound #1601602** was impounded in accordance with subsection 55.1(3) of the *Highway Traffic Act*, RSO 1990, c. H. 8 as amended, on March 11, 2001.
2. The applicant, **Catherine Batten**, whose name is shown on the plate portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. No other order to impound under section 55.1 of the Act has ever previously been made with respect to any motor vehicle then owned by the applicant.
4. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(d) of the Highway Traffic Act, stating **that the order will result in exceptional hardship**.
5. Materials provided to the Registrar indicate that the said motor vehicle is required in order for the applicant to attend CDI college. The applicant is contracted through Human Resources Development Canada and receives a training allowance. If the applicant does not attend CDI college as contracted, she does not receive her training allowance, which is her only source of income. The impoundment of the said vehicle will result in a financial loss to the applicant, a loss of employment and employment opportunity, as well as a loss of education or training. Investigations indicate that there are no alternatives to the impounded motor vehicle.
6. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.
7. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the *Highway Traffic Act* that the Tribunal set aside the order to impound.

DATE OF
HEARING: February 28, 2001

DECISION
RELEASED: March 1, 2001 Toronto

REASONS FOR DECISION

A hearing was held on February 28, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on March 1, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated February 2, 2001, and was received by the Tribunal on February 6, 2001 together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The hearing was scheduled to commence at 9.30am however the Solicitor for the Applicant was late and the hearing was adjourned for 30 minutes. The hearing resumed at 9.55am and proceeded without further delay.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice of Appeal.
- b) Exhibit # 2 Medical note from Physician # 1, DDS, Note from Physician # 2.

By the Respondent:

- a) Exhibit # 3 MTO submissions and original certified copies of Notice to Registrar sealed February 7, 2001, certified copy of the diving record of the Applicant, sealed February 7, 2001 and the certified copy of vehicle record as of Occurrence date, sealed, February 9, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The Board may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Board from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and

(f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner.”

Finally, section 13 of Regulation 574 (amended) provides:

“A person appealing a suspension has the onus of establishing the merit of the appeal”.

FACTS:

The Applicant was called to the stand and was sworn before giving testimony. He testified that he was driving his taxi at approximately 3:30 a.m., on January 20, 2001, with a fare in the rear of the taxi. According to testimony of the Applicant, the passenger said that he was in a hurry and asked if he could get to the airport as fast as he could. The Applicant testified that he was in fact speeding. He was pulled over by an OPP Officer from the Port Credit detachment. The Applicant testified that when asked by police if he had been drinking, he stated “I usually don’t drink too much”. He testified that he had bleeding from the rectum and that when he has this bleeding, it makes him short of breath and he coughs.”

The Applicant testified that he had no problem putting his lips around the device’s mouth piece. He also testified that there was no bleeding from his mouth and his lips were not swollen. When asked where he went when he was released from police custody, he stated he went home. He testified that he did not seek medical attention and in fact was not seen by Physician # 1 until January 23, 2001. When asked by the representative for the Respondent if Physician # 1 was aware that the report that he asked to prepare, was going to be used in an appeal?, the Applicant replied “ no, I told him it was for work.”

OPP Constable Police Officer # 1, was sworn and took the stand. He testified that he was working traffic detail . He and his partner, Police Officer # 2, observed a City Peel taxi driving erratically. The time was 4:50 a.m. on January 20, 2001. The taxi was stopped and Police Officer # 1 approached the driver’s side and Police Officer # 2 approached the passenger side. Police Officer # 1 testified that he detected a very strong odour of an alcoholic beverage. He asked the Applicant if he had been drinking, and the reply from the driver was, “I am Muslim, I don’t drink.”

At 4:55 a.m. the driver was read the demand for breath and explained the procedures and then asked if he understood. The driver responded “yes”. The Applicant stated that “I bleed, when I go to the bathroom which makes my breathing difficult and cough”. It was at this time that Police Officer # 1 also noted that the driver’s eyes were blood shot.

In all, Police Officer # 1 attempt 12 or 13 times to retrieve a suitable sample for testing. The driver was cautioned and finally charged with failure to provide a suitable sample. According to the testimony of Police Officer # 1, he did not observe the driver to be in a medical distress or present with any other problems that would have affected the driver's ability to provide a breath sample. Police Officer # 1, although not in his notes, vaguely recalls that the driver mentioned that he had a rotten tooth. However, the driver was able to make a seal around the mouth piece of the machine and in the opinion of Police Officer # 1, the driver was able to provide a breath sample.

Police Officer # 2 testified that when he was present for some of the testing, the breaths provided by the driver were not of sufficient effort to give enough air into the machine. The driver was given the mouth piece and asked to blow into the mouthpiece while it was not attached to the machine. In the opinions of both Police Officer # 1 and Police Officer # 2, there was sufficient air movement on that blow to indicate that the driver was not compliant about providing the requested sample.

The reports from Physician # 2, family physician and Physician # 1 fails to meet the specific requirements of section 15(1)(2) of Regulation 574 of the *Highway Traffic Act* in the following respects:

Neither Physician # 2, nor Physician # 1 provided any subjective tests results to substantiate the Applicant's assertion that due to his medical condition he was unable to provide a proper breath sample. There is nothing in the reports to indicate the history of the condition, which would in anyway interfere with the ability to provide a breath or blood sample. Neither Physician # 2 nor Physician # 1 indicate that they have knowledge of what is actually required to perform the Breathalyser tests nor does either doctor indicate how the Applicant's present medical condition(s) would affect his ability to provide that sample of breath.

The Tribunal after very careful review of the medical information presented by Physician # 2 and Physician # 1 is of the opinion that they are insufficient in content and do not provide sufficient medical evidence to support the position off the applicant. The Tribunal attaches very little weight to these reports.

The evidence present by both Police Officer # 1 and Police Officer # 2 was presented in a clear and forthright manner. The Tribunal accepts the evidence of both officers.

APPLICATION OF THE LAW TO FACTS:

The Applicant's appealed under Section 50.1(2) of the HTA and is required to establish a medical ground for failing to give a breath sample when required. The Applicant has the onus of establishing the merit of the appeal as set out in section 13 of Regulation 574.

The evidence submitted by the Applicant does not substantiate his claim to the effect that he had a present medical condition which precluded him from providing a breath or blood sample.

The Applicant has attempted to related the abscessed tooth which was extracted on January 23, 2001 as well as attempting to relate anal fissures and rectal bleeding for his inability to provide a suitable sample for testing.

The evidence submitted does not establish a causal link between the claimed medical condition and the inability of the Applicant to provide that sample due to these conditions.

The evidence is clear that the Applicant did attempt to provide a sample however that sample was not an adequate sample. The Applicant has not established that failure to provide a breath sample was because the Applicant was unable to do so for a medical reason.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated January 10, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

DATE OF
HEARING: March 21, 2001

DECISION
RELEASED: March 22, 2001 Toronto

REASONS FOR DECISION

A hearing was held on March, 21, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on March 22, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that her appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated February 28, 2001 and was received by the Tribunal on February 28, 2001, together with the prescribed fee of \$100.00, paid by cash.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Tribunal convened at 9:30 a.m. without the Applicant present. The hearing was adjourned until 10:00 a.m. at which time the Tribunal would reconvene. The Applicant arrived and the hearing proceeded without further delay. There were no preliminary matters. The Applicant did however provide a Vietnamese interpreter who was sworn at the commencement of the hearing.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice of Appeal dated February 28, 2001 and received by the Tribunal February 28, 2001.
- b) Exhibit # 2 Medical documentation.
- c) Exhibit # 4 Hand written note from the Applicant to the Tribunal, written March 8, 2001 and received by the Tribunal on March 13, 2001.

By the Respondent:

- a) Exhibit # 3 MTO Submissions, 15 pages received March 14, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The Board may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Board from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and

- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant was sworn and took the stand. She testified that on February 22, 2001, she was pulled over by police. She testified that she provided a breath sample when asked but when asked again to provide a proper sample, she was not able to because of the cold. The Applicant testified that the cold made her feel like she was going to vomit, (but did not). She testified that the police Officer arrested her because she would not sign the papers for a promise to appear notice. She stated that she was handcuffed and put into the rear of the police cruiser. At that point in time, her friend who was also an occupant in the car, acted as an interpreter and it was agreed by the Applicant that she would be released on a promise to appear instead of going to jail. She had nothing further to add.

When questioned by the Panel Chair about the medical information she had provided to the Tribunal, she said "forget it" as they really were not relevant to the issue of providing a sample of her breath for testing. Other than two emergency room reports dated November 6 and 7, 2000 along with a discharge note from Physician # 1, the Applicant provided no other medical information. The section of the Notice of Appeal was filled out only with the Applicants biographical data, no physicians' reports.

The Panel Chair asked if the Applicant suffered from any respiratory problems. The Applicant stated that for the past 4 years or so she suffers when the cold wind enters her mouth, she finds it hard to breath and feels like she is going to vomit. The Applicant stated that she had seen a physician "a few months ago" or "maybe a few years ago" but she did not receive any special testing nor any medication. She was also not referred to any specialist for follow-up.

On cross-examination, the agent for the Respondent asked the Applicant, if at any time was she placed inside of the police cruiser? She responded yes, but only in the back of the seat with the windows open. No further questions were asked by the Agent for the Respondent and the Applicant was excused from the stand.

The Respondent called Police Officer # 1 to the stand. The Officer was sworn and gave the following testimony.

Police Officer # 1 testified that he was working the 14 Traffic response. At approximately 2:56 a.m. he had set up his marked unit on the south side lot at Queen and Gladstone . He observed a Toyota Rav-4 over shoot the markings of the intersection and bring the vehicle to a stop in the intersection. This vehicle began to creep through the intersection as the light turned green, however it was an advanced green for the opposing traffic. Police Officer # 1 pulled out from the lot and followed the vehicle stopping the vehicle on Queen St just by Dufferin Street.

The Officer testified that he approached the vehicle and noticed that there was more than one occupant in the vehicle. When the Applicant rolled down the window he testified that there was a strong odour of an alcoholic beverage. He asked if the driver had been drinking? The male occupant in the front seat spoke up and said he had been drinking. The Officer asked the driver if she had anything to drink that evening and she responded by stating, yes, one drink. At that point, Police Officer # 1 had formed an opinion that the driver may have alcohol in her system and proceeded to demand a sample of her breath. He read the breath demand which is on the back of his note pad. He asked her if she understood? She responded, "I am not sure". He explained again and she was asked again if she understood, and this time she responded , "ok". According to testimony of Police Officer # 1, he demonstrated the Dragger 7410GLC roadside screening device to the Applicant. He proceeded to test the device and got a reading of 0.00 which indicated that he had no alcohol in his system and that the device at this time was functioning properly. He asked her again if she understood what to do and he said, "I think so". According to Police Officer # 1, the Applicant was given a total of 10 attempts to provide an adequate sample. He demonstrated the device on 4 separate occasions. Police Officer #1 testified that only after the 6th attempt, the Applicant stated that "the wind is bother me and I am cold".

At this point in time, according to Police Officer # 1, he placed a city wide call for an Officer who was fluent in the Vietnamese language to attend at the scene, however, there was no one available. Police Officer # 1 further testified that he removed that Applicant from the rear of the cruiser and placed her in the front passenger seat where he put the heat on. At this time he cautioned her about the consequences of not providing him with a proper sample of breath. She responded by saying "I am doing that". Finally, Officer Howard charged her with failing to provide and requested a highway patrol to attend the scene with the ADLS forms. Police Officer # 1 told her that she would have to appear at court if he released her on a promise to appear notice, however she did not want to sign and told him to take her to jail.

Police Officer # 1 placed the Applicant in handcuffs and placed her in the rear of his cruiser. Another female occupant of the vehicle asked if she could talk to her and explain to her what was happening. After conversation between the two females, the Applicant agreed to be released on a promise to appear. The cuffs were removed and she was released from his custody.

The Respondent asked the Officer is he was a trained observer and he responded "yes" but was not trained to give a medical opinion or diagnosis. He did testified that at no time did he observe the Applicant to be in a distress which required medical attention.

The Applicant did not have any questions of the Officer and the Officer was excused from the stand.

The Tribunal accepts the evidence as presented by Police Officer # 1, that he did not observe any shortness of breath or gasping of air. The Applicant was indeed communicative and has a reasonable command of the English language.

In an appeal of this nature, the onus is on the Applicant to substantiate her position. The documents submitted by the Applicant do not substantiate her claim to the effect that she had a present medical condition which precluded her from providing a breath or blood sample.

The two emergency reports and discharge summary which were entered into evidence (Exhibit # 2) have no bearing on any medical condition which may have precluded the Applicant from providing a suitable sample of her breath. After careful examination, the Tribunal can give these "reports" absolutely no weight.

The report (page 2 of 2) of the Notice of Appeal has not been filled in. There has been no medical information provided and therefore fails to meet the specific requirements of section 15(1)(2) and (3) of Regulation 574.

APPLICATION OF THE LAW TO FACTS:

Reviewing the foregoing facts, it is obvious that the Applicant did not relate her medical condition to Regulation 574 and Section 50.1(2)(b) of the Act.

The evidence is clear that the Applicant refused to provide a suitable sample of breath and has provided no evidence that this was due to a medical reason.

The Tribunal finds that the Applicant's actions were actions taken by someone who was unwilling to provide an adequate sample. The evidence provided by Police Officer # 1 is that the Applicant would on some occasions, blow at the mouth piece, without the mouthpiece actually being in her mouth or when she did form a seal, released the seal upon expiration and blew out around the mouthpiece. These are not the actions of someone who is having difficulty providing a sample because of a medical reason.

The Applicant has not discharged the onus under Section 50.1 of the HTA to establish a medical reason for her failure to provide and her refusal to comply with a demand made under Section 254 of the Criminal Code (Canada) to provide a sample of breath or blood.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated February 22, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

REASONS FOR DECISION

A hearing was held on March 22, 2001 at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on March 23, 2001, with Reasons to follow.

THE Tribunal RULED TO CONFIRM the suspension imposed by the Registrar pursuant to Section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated February 23, 2001, and was received by the Tribunal on March 1, 2001, together with the prescribed fee of \$100.00, paid by cash.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters:

There were no preliminary matters and the hearing proceeded. With the consent of both parties the documents presented were entered into evidence.

Submissions of Written Material:

By the Applicant:

- a) Exhibit #1 Notice of Appeal dated February 23, 2001.
- b) Exhibit #2 Applicant's submissions: Medical Report Physician # 1.
- c) Exhibit #3 Note from Physician # 1 on Prescription Pad.

By the Respondent:

- a) Exhibit #4 Ministry of Transportation submissions, 27 pages received March 16, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the Highway Traffic Act, and the Board thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

THE LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The Board may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Board from the suspension of a driver's licence under section 50.1 of the Act;

- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.

(3) The report shall be signed by the medical practitioner.”

Finally, section 13 of Regulation 574 (amended) provides:

“A person appealing a suspension has the onus of establishing the merit of the appeal”.

FACTS:

After hearing the evidence of both the Applicant and the Respondent, the Tribunal must come to a conclusion as to the facts. The Tribunal finds the following facts as proven:

1. The Applicant was the driver of a vehicle, which was registered to A One Rent a Car.
2. Applicant had been drinking during the evening hours on February 12, 2001.
3. The Applicant was asked to provide a sample of his breath.
4. Another Police Officer # 1 attended the scene and attempted to obtain a breath sample for a roadside screening device.
5. The Applicant admits to having two beers to drink.
6. The Applicant is a holder of a G2 class of licence.
7. The Applicant refused or was unwilling to supply a proper sample of his breath.
8. The Applicant was charged under the Criminal code with failing to provide a sample of his breath.
9. The Applicant was served with a 90-day administrative drivers licence suspension.

In an appeal of this nature, the onus is upon the Applicant to substantiate his position. The testimony provided by the Applicant, in the opinion of the Tribunal is lacking a degree of credibility. The Tribunal believes that the Applicant indicated to the officer that he had asthma after the sixth attempted to obtain a sample. When asked by Police Officer #1 if he had a puffer, the Applicant indicated that he did not and that he was not that bad that he needed one. However, when giving testimony, the Applicant stated that he had a puffer, but not on him and could not recall the name of the medication. In fact, he reported to the officer that his asthma was such that he did not have to take medication. The Applicant contradicted himself and stated that he took medication 3 times a day for his asthma but again could not recall what the medication was. The Applicant further testified that he did see a specialist at Toronto East General Hospital about 3 months ago. He could not recall the physician's name or what tests were performed. He did state that "the doctor said I had asthma but it is OK and does not require treatment."

The documents submitted by the Applicant do not substantiate his claim to the effect that he had a present medical condition which precluded him from providing a breath or blood sample.

The report of Physician # 1, dated March 1, 2001, fails to meet the specific requirements of section 15(1) of Regulation 574 of the *Highway Traffic Act*. Physician # 1, does not indicate that he has knowledge of the fact that the report would be used in support of the Applicant's appeal. His report does not contain details required by the medical information form provided or any indication of any type of measurements taken or recent tests undergone by the Applicant or whether any tests were performed by him to corroborate his medical opinion. Physician # 1 writes "he has history of asthma, he was not able to exhale properly on February 13, 2001". This statement is speculative and provides no factual basis. Physician # 1 did not examine his patient when the demand for breath was made, and he did not perform any pulmonary functions tests subsequent to the Applicant's visit.

The Tribunal accepts the oral testimony of Police Officer # 1. The Tribunal accepts that Police Officer # 1 is not a medical practitioner but is a trained observer given the nature of his employment. The Tribunal accepts that at no time did Police Officer # 1 observe the Applicant to be in any distress which require medical attention while attempting to obtain a suitable breath sample.

APPLICATION OF THE LAW TO FACTS

Reviewing the foregoing facts, the Tribunal finds that the Applicant did not relate his medical condition to Regulation 574 and Section 50.1(2)(b) of the Act.

The evidence establishes that the Applicant refused to provide a breath sample for no stated medical reason. The evidence suggests that the Applicant had no intention of giving a proper breath sample. In the testimony provided by Police Officer # 1, the Applicant repeatedly blew with insufficient force to cause the alcotest to register an EO (error code).

The Officer gave the Applicant 7 opportunities to provide a proper sample of his breath, however each time the EO code was registered.

The Tribunal concludes from the evidence that these are actions to prevent a suitable sample from being retrieved and not the action of someone having difficulty providing a sample because of a medical condition.

The Applicant has not discharged the onus under Section 50.1 of the HTA requiring him to establish a medical reason for his failure to provide and his refusal to comply with a demand made under Section 254 of the Criminal Code (Canada) to provide a sample of breath or blood.

DECISION

Upon the application by the Applicant to appeal the suspension order dated 16 February 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

LICENCE APPEAL TRIBUNAL

Jeffrey M. Lee, D.C.,
Presiding Member

RELEASED: March 29, 2001

LUNNY

JAMES AND CAROL LUNNY

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

JAMES LUNNY, Agent, representing himself and on behalf of
Carol Lunny, Applicants
NETANUS RUTHERFORD, Counsel, representing the Ontario
New Home Warranty Program

DATE OF
MOTION:

November 24, 2000

Via Teleconference

REASONS FOR RULING AND ORDER

BACKGROUND:

This is an application to the Licence Appeal Tribunal under section 7 of the *Licence Appeal Tribunal Act, 1999*, to extend the time for the Applicant to file an appeal from a decision letter dated August 3, 2000 of the Ontario New Home Warranty Program ("The Program") pursuant to section 16 of the *Ontario New Home Warranties Plan Act*.

The hearing of this matter proceeded on the consent of the parties as an electronic hearing. The Tribunal was provided with a Notice of Application for Extension of Time for Appeal from the Applicant plus a number of letters, photographs, claim inspection report dated July 31, 2000, memorandum of argument and faxes. The Program provided the Tribunal with the affidavit of Dennis Faubert dated November 16, 2000 and attached exhibits and caselaw.

The Applicant, Carol Lunny, stated via the telephone that she was authorizing her husband, James Lunny, to be her agent in this proceeding. She did not participate in any direct fashion after making that statement. The Applicant, James Lunny, by affirmation, provided the Tribunal with testimony on his reasons for bringing the application for an extension of time.

ISSUES:

Have the requirements for service of a notice under sections 16 and 20 of the *Ontario New Home Warranties Plan Act* been met in this case?

If the requirements are met and the Notice of Appeal was not filed with the Tribunal within the time prescribed by statute, is this an appropriate case for leave to be extended pursuant to section 7 of the *Licence Appeal Tribunal Act, 1999*?

Testimony of James Lunny:

Mr. Lunny testified that he did not receive the decision letter of the Program until the week of August 14, 2000. He did not open the letter from the Program until the end of that week or the beginning of the next week. He feels he was probably aware of the decision letter by August 18, 2000. Mr. Lunny stated that he gets a fair amount of Priority Post mail. He does not think Canada Post tried to deliver it earlier due to his location and the practice of Canada Post not to deliver to his address.

Mr. Lunny testified that he knew he had fifteen working days to respond to the decision letter. His Notice of Appeal is dated August 28, 2000. He mailed it to the Tribunal.

Mr. Lunny testified that he took possession of his home in December, 1992. He did have an inspection then. Mr. Lunny stated that on December 3, 1999 the Program said repairs would be made. Because of that he did not think it was necessary to have the representative back again to inspect the home.

Under cross-examination Mr. Lunny stated that the new building inspector for the municipality has not inspected his home. He agreed that he signed the Canada Post acknowledgement card. He probably picked up the letter and then went back to finish his vacation.

Verbal Arguments:

By the Applicant:

Mr. Lunny argued that one has to look at this matter from the beginning. In December, 1992 the Program knew that the problem existed and was covered under the warranty program. Mr. Lunny stated that the photographs of the problem were done after receiving the conciliation report so that is why the warranty representative has not seen them. There was some delay with communicating with the Program due to health reasons. The teleposts were ordered by the building inspector, but the beam sockets were not installed. The drywall cracks have not been repaired.

By the Program:

The Program relies upon the principles as stated in the Jacob Manz and Lillian Ruel Manz decision of LAT released on November 9, 2000.

Regarding the first principle, Counsel for the Program stated that the appeal period expired on August 29, 2000 so the Applicant did initiate the appeal within the time period though it reached the Tribunal after the appeal period had expired.

Counsel for the Program stated that the reason given by the Applicants of going on holidays is not a sufficient reason to justify non compliance under the second principle.

Regarding the third principle, Counsel stated that there was prejudice to the Program. The Program felt it had closure on this file. Its key witness has had a stroke and cannot testify.

Counsel stated as regards the fourth principle that there is no substantial point in issue and the Applicant has no reasonable chance of success. There is no evidence of defects in workmanship. The Tribunal was urged to view the history of this matter as that set out in the affidavit of Dennis Faubert. In 1994 the Program was prepared to give a cash settlement of \$150.00 for the stucco repair and the front step repair. The lapse of time in this matter is significant.

Counsel stated that the Program received no complaints from 1994 until 2000 regarding the foundation. Mr. Faubert inspected the home in June, 2000.

The repairs on the roof shingles and front steps were done before October, 1994. It took six years for there to be a complaint, which is a significant delay.

There was no complaint regarding the roof shingles under the first or second year warranty, and there is no evidence that they constitute a major structural defect.

LEGISLATION:

Section 14 of the *Ontario New Home Warranties Plan Act* states:

(1) Where,

.....

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or

.....

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

.....

Section 16 of the Act states:

(1) Where the Corporation makes a decision under section 14, it shall serve notice of the decision, together with written reasons therefor, on the person or owner affected.

(2) A notice under subsection (1) shall state that the person or owner served is entitled to a hearing by the Tribunal if the person or owner mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Corporation and the Tribunal.

(3) Where a person or owner gives notice in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and may by order direct the Corporation to take such action as the Tribunal considers the Corporation ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Corporation.

(4) The Corporation, the person or owner who has required the hearing and such other persons as the Tribunal may specify are parties to proceedings before the Tribunal under this section.

Section 20 of the Act states:

Any notice or document required by this Act to be served or given may be served or given personally or by registered mail addressed to the person to whom notice is to be given at the person's last known address and, where notice is served or given by mail, the service shall be deemed to have been made on the fifth day after the day of mailing unless the person to whom the notice is given establishes that the person, acting in good faith, through absence, accident, illness or other cause beyond the person's control, did not receive the notice, or did not receive the notice until a later date.

Licence Appeal Tribunal Act, 1999 states:

Section 7. Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 2 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

(a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and

(b) give the directions that it considers proper as a result of extending the time.

APPLICATION OF LAW TO FACTS:

Under the *Licence Appeal Tribunal Act, 1999* the Tribunal has the authority to extend the time period required for an Applicant to submit their appeal on the decision letter filed by the Program. Previously, the Tribunal had this authority under the *Ministry of Consumer and Commercial Relations Act*.

The Tribunal must be satisfied that there are reasonable grounds provided by the Applicant in applying for an extension of time and for granting that extension of time.

A pivotal case which expounds upon the principles used in applying this discretion is that of Angela Bilodeau CRAT July 11, 1994. In particular at page 4 the Tribunal states, "While no specific authorities were cited to me, both counsel agreed that the principles to be taken into account when considering such an application are those considered on a similar application in the Court of Record and are that the Applicant must show:

1. That she had an intention to appeal within the time limited.
2. That the reason the notice of appeal was not served on time is such that the Applicant should be excused for not doing so and allowed to do it later if she did as soon as the true situation was apprehended.
3. That there is not some overriding prejudice to the Respondent in the allowing of the application.
4. That there is a substantial point in issue and the Applicant has some reasonable chance of success."

In the Mantz case (supra) it was held that, "This Tribunal notes that the fundamental principle in deciding whether to allow an extension is to see that justice is done."

Here the Tribunal finds that the decision letter was sent to the Applicant in accordance with the requirements under the Act. The Tribunal must now consider whether this is a case for granting an extension of time to appeal and, if so, on what terms and conditions.

In order for justice to be done, the Tribunal does find that the Applicant should be permitted to have an extension of time to appeal.

Mr. Lunny states that he did sign the Canada Post delivery card. He felt he received the decision letter on August 18, and the Program felt he received it on August 14, 2000. The Notice of Appeal is dated August 28. The envelope which contained the Notice of Appeal has a strip on its back with August 31 as the date. That would mean that it was processed by Canada Post on August 31 which is two days after the limitation period of fifteen days. It is evident that the Applicant wished to appeal the Notice.

Further, the Tribunal accepts the evidence of the Applicant that when he opened the envelope and saw the Notice of Appeal he realized that he had fifteen days to appeal. Now the Applicant mistakenly thought he had fifteen days from when he knew the envelope contained a decision letter, not from when he picked up the envelope which would likely have been on August 14. So the Applicant was wrong in his calculation of the dates. He states that he often gets priority mail, and he had gone back to his holiday and did not open the envelope immediately. Though that was a mistake, nevertheless the Applicant acted in accordance with what he interpreted to be the fifteen days. The Notice of Appeal is dated within the appeal period. The Tribunal is prepared to accept his explanation for the delay.

The Program states that it is prejudiced by the delay. We are talking here of a delay of a few days. The warranty representative for the Program did have a stroke in early 1999. That will cause some problems for the Program in preparing its case. But that would have been the case if the Applicant had mailed his notice within the time frame. The delay of several days do not by itself put the Program into any greater problems than if the Applicant had acted within the time frame. On that basis the Tribunal does not find that the Program is prejudiced.

The Tribunal does have some concerns regarding some of the issues raised by the Applicants, in particular the stucco repairs, the front steps, and the shingles. The shingles were never mentioned within the first year warranty period. The Tribunal cannot find that the shingles, even if they require roof vents, would fall within the definition of major structural defect. This is not a matter which would have a reasonable chance of success.

The stucco and front step complaints were raised within the first year warranty. It would appear that there was no resolution of these complaints. There is a dispute between the parties as to whether or not the Program was estopped from doing the repairs. The Applicants will have a difficult time showing that after such a significant delay they have a reasonable chance of success.

But the Tribunal is of the opinion that there is a substantial issue regarding the foundation stabilization. The Applicants will have to provide expert evidence, to show that this is a major structural repair. With the proper and relevant evidence the Applicants have a reasonable chance of success on this issue. It is fair to allow the Applicants to proceed with the appeal.

The Nicola Baldassarre CRAT released May 5, 1998 and the Gordon Smith Wilkinson CRAT released May 1, 1998 deal with the refusal of homeowners to allow the Program to make the necessary repairs to the property. The William and Jean Lowry CRAT released November 5, 1999 and the Leon Khamo and Medlin Khamo CRAT released August 19, 1997 cases deal with the issue of major structural repair. While these cases are of some assistance to the Tribunal, they are based on their own fact situations and deal with matters that had the opportunity of full hearings into these issues. Here, we are being asked to allow an Applicant to have his day at the Tribunal. This Tribunal is not prepared to deny the Applicant the opportunity to present his case at a hearing.

The Tribunal does, however, wish to ensure that the matter is dealt with on an expedient basis. Due to the length of time since the date of possession and the concerns this Tribunal has as to the success of some of the issues raised by the Applicants, this Tribunal is ordering that prior to the hearing there be a prehearing to clearly delineate the issues and the evidence to be presented at the hearing.

ORDER:

Accordingly, pursuant to the authority vested in it by the *Licence Appeal Tribunal Act, 1999*, the Tribunal orders that the application to extend the time for filing of the Appeal by the Applicants is granted upon the following condition:

1. That there be a prehearing conference prior to the hearing of this appeal.

LICENCE APPEAL TRIBUNAL

Marjorie L. Hiley, Vice-Chair

458-ALCL

Appeal under Section 50(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 47(1) of that Act.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: Ross C. Bennett M.D., Presiding Member

APPEARANCES: F. Claire Rowett,
Representative for the Registrar of Motor Vehicles

Applicant,

Counsel for Applicant

DATE OF HEARING: February 20, 2001 Toronto

DECISION AND REASONS

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the Highway Traffic Act (Ontario).

EXHIBITS:

- EXHIBIT # 1 Notice of Appeal submitted by the Applicant, dated January 30, 2001.
EXHIBIT # 2 Notice of Suspension of Driver's Licence received from the Ministry dated July 24, 2000.

EXHIBIT# 3 Ministry Submissions – (1-18) tabulated documents.

EXHIBIT # 4 Letter from Physician # 1, dated February 8, 2001 and Laboratory Report, dated February 7, 2001.

EXHIBIT # 5 Medical Advisory Committee Case Study, February 8, 2001.

EXHIBIT # 6 C.M.A.- Determining Fitness to Drive with Guide for Physicians.

FACTS:

The Applicant, a 69-year-old male, had his driver's licence suspended July 24, 2000 after the Ministry received an unsolicited letter from Physician # 1, the Applicant's family physician. Physician # 1 advised the Ministry that the Applicant had been on a 40-day binge and would be a public danger, if he drove. The Applicant's son had taken his car away, but they thought his licence should be suspended until he remained sober. They apparently never thought the suspension would be for at least a year.

The Applicant realized his health was in jeopardy, because his diabetes was out of control and his common law wife was threatening to leave him. With the help of his family, his doctor, Physician # 2 at the Credit Valley Hospital Drug and Alcohol Treatment Program and a psychotherapist, Physician # 3, he turned his life around and is committed to a lifestyle of abstinence. His last drink of alcohol was June 22, 2000 and he claims he has no desire to drink again.

He attended a three-week Treatment Program at the Credit Valley Hospital and is attending the Aftercare Program on a weekly basis, two AA meeting weekly, regular sessions with Physician # 3, at the Oakville Family Therapy Centre and seeing his family doctor every three weeks. Periodic blood and urine tests have been done to monitor his progress and they have all been reported normal.

Physician # 1, Physician # 2, and Physician # 3 all feel the Applicant is no longer a risk and have written letters asking that his driver's licence be re-instated.

The Applicant had not had any problems with alcohol for the previous fifteen years. Prior to that he had marital problems and was divorced. This led to a short period of drinking, but nothing like the last one. The Applicant said any time in the past when he quite drinking, it was always for someone else, but this time it was for himself. This was his way of saying he was committed.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) unquestionably empowers the Registrar of Motor Vehicles to “suspend or cancel” a driver’s licence for “...any... sufficient reason...”. The original suspension was made after the Registrar received an unsolicited letter from the Applicant’s family physician, Physician # 1. The letter reported the Applicant had been on a binge for 40 days and would be a public danger, if he drove. The doctor and the Applicant’s son felt his licence should be suspended until he received some help and sobered up.

Evidence indicated the two “reporters” thought the suspension was a short-term measure until the Applicant was back on track. In September, 2000, Physician # 1 wrote the Ministry and requested the suspension be lifted because the Applicant had remained abstinent since June 22, 2000.

The two other professionals involved in the Applicant’s treatment also believe he is committed to sobriety and fully realizes the dangers of future drinking which he has never accepted previously. They are going to continue to monitor him and have periodic blood and urine tests done, but they have full confidence in him.

The Applicant appeared to be very sincere and was a credible witness. The Tribunal agrees with the Applicant’s counsel that there is no magic number, such as a twelve month suspension, to ensure the person is not going to return to drinking. The Tribunal, however, notes that the Applicant should remain compliant with follow up assessments with his physician for a full 12 months.

The CMA report on “ Determining Medical Fitness to Drive”, a guide for physicians, states “After a three month participation in a monitored program, an addiction medical specialist may provide written support of reinstatement of driving privileges, providing the physician believes that the risk for drinking and driving has been removed. Reinstatement would also be conditional on the patient remaining compliant with follow up assessments with that physician for a full twelve months.”

On the evidence, the Tribunal finds that the Applicant is not now a person addicted to alcohol to an extent likely to significantly interfere with his ability to drive a motor vehicle as set out in section 14(b) of Regulation 340194. The evidence does not establish sufficient reason for the Applicant’s driver’s licence to continue to be under suspension.

DECISION:

Upon the application by the Applicant to appeal the decision dated July 17, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision to suspend the Applicant's driver's licence be set aside.

LICENCE APPEAL TRIBUNAL

that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KYLE BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,
unrepresented

DATE OF
HEARING: March 8, 2001 Ottawa

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- Exhibit # 1 - Notice of Appeal Form received at the Tribunal January 12, 2001.
- Exhibit # 2 - Notice of Suspension of Driver's Licence dated October 28, 1993.
- Exhibit # 3 - Tabulated Documents (1-25), from the Ministry of Transportation, received at the Tribunal February 28, 2001.
- Exhibit # 4 - Applicant's Driving Record from Ministry of Transportation, dated February 6, 2001.

FACTS:

The Applicant, a 77 year old retired man, had his driver's licence suspended November 20, 1993, following receipt of an unsolicited letter from Physician # 1, a Physical Medicine and Rehabilitation Specialist. The doctor recommended the Applicant have a driving assessment before being allowed to drive, because he felt it may be dangerous for him to operate a motor vehicle. Physician # 1 had advised his patient not to drive until an assessment and the results were discussed.

The Applicant had suffered a Right Cerebral Vascular Accident with a Left Hemiparesis following removal of a Giant Aneurysm of the Middle Cerebral Artery. There was also decreased sensation to the left side of his body.

A driving assessment was carried out at the Kingston General Hospital by Lynda Rankin O.T. on December 21, 1993 and was evaluated as "Unsatisfactory". The Summary and Recommendations were: "the Applicant has residual high level cognitive deficits that interfered with his ability to drive safely. It is recommended that he not be permitted to drive."

On March 30, 1994, a second driving assessment at the Kingston General Hospital by a different driving instructor was evaluated as "Unsatisfactory". Details include; poor mechanical control of the car, unsafe driving behaviours evident, causing the instructor to brake several times, failure to shoulder check, entering wrong lanes and going through a stop sign. Summary and Recommendations: "Pre-driving evaluation revealed lack of insight and residual cognitive deficits evident in Applicant's attention and ability to function with multiple stimulation. These deficits were reflected in very unsafe driving during the on road evaluation". It was again recommended that the Applicant not be permitted to drive.

A third driving assessment at the Hugh MacMillan Rehabilitation Centre in Toronto on July 13, 1994 and the Driver Rehabilitation Specialist stated she could not support the reinstatement of the Applicant's driver's licence. She had many conversations with him following the evaluation and stated, "he does not understand how his stroke has interfered with his insight and ability to safely operate a motor vehicle."

A fourth driving assessment at the Smith Falls Community Hospital Department of Occupational Therapy was carried out March 28, 1995. The Summary was, "the Applicant was unable to demonstrate that he had the skills to be a safe driver. He demonstrated poor judgement, with regards to his skills and abilities, poor impulse control and inadequate speed of reaction." Recommendations: the Applicant should not be driving. Further driver skills evaluations would be inappropriate and serve to reinforce the Applicant's unrealistic view of his abilities.

In April 1995, the Applicant had a hearing before the Licence Suspension Appeal Board, which confirmed the decision of the Registrar of Motor Vehicles.

On March 30, 2000, a 5th Occupational Therapy Driving Evaluation was carried out at the Royal Ottawa Health Care Group Occupational Centre. The results were: " Client is unsafe to drive due to cognitive problems related to his stroke. These problems include decreased attention to visual details, decreased concentration, inability to multi-task and slow information processing. The Applicant lacks insight into his disability and his inability to drive safely".

The Ministry received a letter on September 28, 2000, from Physician # 2, the Applicant's family physician, written at the request of the Applicant to ask for reinstatement of his driver's licence. He stated," his family, myself and citizens of Cornwall, do not want him to drive".

The Applicant did not really present any evidence per se. His questions to the Respondent following his evidence were a series of excuses for many of the comments made in the various reports. He felt there was a conspiracy against him by all of the Driving Evaluators, led by Lynda Rankin from the Kingston General Hospital.

In an Administrative Review at the Ministry in August 2000, he said that every doctor he had seen is a bastard and they all should be put in jail. He also expressed discontent of the way he was treated, including the appeal of his suspension. He stated that his present condition should not be a reason to suspend because he had years of driving experience and was a very good driver.

The Applicant carried a cane and was very unsteady when he stood up. He blamed this on a fractured hip that was improperly stabilized, resulting in a hip replacement. His left hand was always held across his chest and did not appear to be functional.

The Applicant mentioned on at least three occasions that he had two Cadillacs in mint condition and they were much better than the cars provided for his tests. He attempted to illustrate what a good driver he was by antidotes. "You have to be a good driver to drive through Mexico City pulling a 31 foot trailer." Another one was about driving across the Ivy Lee Bridge and helping a truck driver whose cab was hanging over the edge of the bridge. I asked when this occurred and he said it was a year or two ago. This was strange because his licence has been suspended for eight years.

He repeatedly asked the Respondent how long was he going to be penalized for having a stroke and who could direct him to a fair driving instructor? The answer was that the referral would have to be made through a doctor. He then replied that Physician # 2 would do that and also write him a letter saying he is fit to drive. This was shortly after the Respondent introduced Physician # 2's last letter stating " His family, myself and the citizens of Cornwall do not want him to drive".

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (f) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) of the *Highway Traffic Act* empowers the Registrar to "...suspend or cancel" a driver's licence for "any...sufficient reason...". The Registrar suspended the Applicant's licence after receiving an unsolicited letter, dated September 2, 1993 from Physician # 1 advising that in his opinion it may be dangerous for the Applicant to operate a motor vehicle until he has a driving assessment. Following removal of a Giant Aneurysm of the Middle Cerebral Artery the Applicant had suffered a C.V.A. with a left hemiparesis and decreased sensation to the left side of the body.

The Tribunal finds that the Registrar acted in accordance with the Regulation in suspending the Applicant's driver's licence.

The Applicant, however, has argued for eight years that there is insufficient medical evidence to justify the suspension. The original letter from Physician # 1 recommended a driving assessment before the Applicant's licence is re-instated. The Applicant has had six driving assessments by six different instructors and failed all of them. The failures were all unequivocal with justification. Several mentioned the Applicant has no insight into his disabilities, which was clearly demonstrated to the Tribunal. No one will ever convince him that he would be a danger to himself and the public if he drove.

The Applicant has a permanent hemiparesis of his left side with no hope of improvement, cognitive deficits that interfere with his ability to drive safely, poor judgement which was obvious during his tests, inadequate speed of reaction and an unrealistic view of his abilities.

The Tribunal finds that on the evidence, the Applicant suffers from a disability likely to significantly interfere with his ability to drive a motor vehicle within the meaning of section 14(a), Regulation 340/94.

DECISION:

Upon the application by the Applicant to appeal the decision dated November 20, 1993 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

APPEARANCES:

STEPHEN BROWN, Counsel, representing the Applicant
TERRI HILBORN, Counsel, representing the Ontario New Home
Warranty Program
ENZO BERTUCCI, Agent, representing Falstaff Heights Development
Corp., Added Party

DATE OF
HEARING: December 18, 2000 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Commercial Registration Appeal Tribunal (which as of April 1, 2000, is known as the Licence Appeal Tribunal) by the Metropolitan Toronto Condominium Corporation No. 1223 (the "Applicant") from a decision letter dated February 11, 2000, issued by the Ontario New Home Warranty Program (the "Program") under the *Ontario New Home Warranties Plan Act* (the "Act").

The Applicant claims warranty protection under Section 13(1) of the *Ontario New Home Warranties Plan Act*. The Program refused the Applicant's claim, as stated in the decision letter, on the basis that the Applicant's claim was received beyond the limitation period established by Section 13(4) of the Act for the filing of such claims.

FACTS:

The facts not in dispute are as follows:

On December 2, 1998 the subject condominium was registered, by the filing of a Declaration as required by the *Condominium Act*. As required by the Act, a Warranty Certificate was issued indicating this registration date.

On December 2, 1999 a Technical Audit was delivered to the Program outlining deficiencies for which warranty protection under Section (1) of the Act was being sought.

The relevant facts in dispute center on whether or not the Applicant sought advice from the Program prior to the delivery of the Technical Report as to the requirements under the Act for an owner to qualify for warranty protection. In the event that the Applicant sought such advice, the parties differ as to the result in law, given the one year limitation period in subsection 13(4) of the Act.

The Applicant contends that he spoke to an employee of the Program named "Mayleen" in the Construction Department and was told that to qualify, he had to submit his record of deficiencies or Technical Audit within one year of the date of the registration of the Condominium, December 2, 1998; that is "by December 2, 1999". The Applicant stated that he took this to mean up to and including December 2, 1999. A hand written note purporting to be a record of the telephone call was entered into evidence by the Applicant. The note includes the telephone number of the Program, the date of December 2, 1998 circled, the names of the participants in the Condominium scheme and "Mayleen-construction dept."

This exhibit was disclosed to the Respondent prior to the hearing.

There is no dispute that the Program invites inquiries from homeowners and that such inquiries are invited as part of the role of the Program under the *Ontario New Home Warranties Plan Act*. However, the Program disputes that one of its employees made the representation alleged by the Applicant.

The Tribunal accepts the evidence of the Applicant that it was informed by the Program to have its warranty claim delivered to the Program "by December 2, 1999". The Tribunal also finds that the Applicant understood that delivery to the offices of the Program on the day of December 2, 1999 would satisfy the requirements.

The Respondent takes the position that Section 13(4) of the Act requires warranty claims under Section 13(1) to be made by an owner within one year of the warranty taking effect; in this case, that is within one year of the Condominium's registration, December 2, 1998. Any information given to the Applicant to the contrary, or which could be reasonably construed as contrary, can be of no effect. As the *Interpretation Act* defines "year" as meaning "calendar year", or 365 days, the time for the filing of the deficiency report was midnight December 1, 1999.

The Applicant takes the position that reasonable reliance upon the advice given to it by the entity charged with administering the Act, namely, the Program, is entirely appropriate to determine when the Applicant should file a claim with the Program. The Applicant submitted that where the Applicant has relied upon the Program's representation that a particular date is available to the Applicant to file a claim, that date applies even if it is past the expiry of a limitation period in the Act.

THE ISSUE:

On the facts before the Tribunal, does the limitation period under the Act require the Applicant to file its claim by December 1, 2000?

Can the Applicant rely upon the Program's representation to make a warranty claim on December 2, 2000 when the Act provides that the claim should be made on or before December 1, 2000?

THE LAW:

The statute establishing the Tribunal, *The Licence Tribunal Act, 1999* outlines the duties and powers of the Tribunal in section 3:

3(1) The Tribunal shall hold the hearing and perform the other duties that are assigned to it by or under any Act or regulation.

3(2) Except as limited by this Act, the tribunal has all the powers that are necessary or expedient for carrying out its duties.

Section 15 of the *Ontario New Home Warranties Plan Act* states:

15. For the purposes of sections 13 and 14, a condominium corporation shall be deemed to be the owner of the common elements of the condominium and the warranties take effect on the date of the registration of the declaration and description.

The hearing in this matter is held pursuant to Section 16(3) of the *Ontario New Home Warranties Plan Act*:

16(3) Where a person or owner gives notice in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and may by order direct the Corporation to take such action as the Tribunal considers the Corporation ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Corporation.

The limitation period in question is contained in Section 13(4) of the *Ontario New Home Warranties Plan Act*:

13(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.

Section 29 of the *Interpretation Act*, R.S.O. 1990, Chap. I.11 provides that:

"year" means a calendar year.

Under section 4 of Regulation 892, written notice of a claim is required:

4(1) Each person with a claim under the Plan shall give written notice of the claim to the Corporation.

Regulation 892 under that Act provides that certain claims may be made more than one year after the warranty takes effect. Section 14 of the Regulation states:

14. Every vendor of a new home warrants to the owner that there will be no water penetration through the basement or foundation of the home for two years after the date upon which the home is completed for possession.

Also, section 16 of Regulation 892 states:

Where a home was enrolled after the 31st day of December, 1990, the claim for damages became a major structural defect may be made within seven years of the date specified in the certificate of completion and possession.

APPLICATION OF LAW TO FACTS:

Section 13(4) of the *Ontario New Home Warranties Plan Act* states that:

.....

13(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.

Such "longer time" is prescribed for water penetration (sec., 14 O. Reg 892) and for major structural defect (sec. 16, O. Reg 892), otherwise "within one year after the warranty period takes effect" applies. Subsection 4(1) of Regulation 892 under the Act requires that "Each person with a claim under the Plan shall give written notice of the claim to the Corporation". Here, the Declaration under the Condominium Act was registered December 2, 1998.

Accordingly, the Applicant's warranty period took effect December 2, 1998 and the calendar year to make the Applicant's claim would expire on the last day of the calendar year, which is December 1, 1999. Water penetration claims would expire December 1, 2000 and major structural claims expire December 1, 2005. In the case before the Tribunal, the Applicant seeks to file claims which should be made within the one year after the warranty period takes effect. For convenience, the Tribunal will refer to these as "one year claims".

The decision of the Tribunal depends upon whether its jurisdiction is bound by the strict wording of subsection 13(4) of the *Ontario New Home Warranties Plan Act*. If so, then the Applicant can not claim warranty protection under section 13 of the Act. Only if the Tribunal has discretion to override the limitation period in subsection 13(4) of the Act, may it consider the Applicant's submissions that the Program can not raise a limitation period against the Applicant's claims.

The case at hand does not involve the Program agreeing to the Applicant making its claim on December 2, 1999 or expressly waiving any rights under subsection 13(4). Here, the Applicant relied upon the Program's representation as to when the Applicant could make a claim under the Act. That representation placed the Applicant's right to make a claim one day beyond the expiry of the governing limitation period. The Applicant contends that it acted reasonably in both its interpretation and its reliance upon the Program's representation, and it contends that the Program is thereby foreclosed from relying upon that limitation period.

The Tribunal must ascribe an ordinary meaning to the words "by December 2". Only then can the Tribunal consider whether or not the Applicant could have been misled at all. If these words, in ordinary parlance, mean "by midnight December 1", then the Applicant would have no argument about having been misled by the advice of the Program, which is the basis for its submissions now before the Tribunal. After considering the words "by December 2", the Tribunal finds that the Applicant was justified in believing that it could make its claim under the Act on December 2, 2000, which is one day beyond the governing limitation period provided by section 13(4) of the Act.

Counsel for the Program relied upon the case of *Chewerda*, CRAT 1997. In *Chewerda* the claim was filed on the same calendar date, one year after the registration date of the property.

By the definition of "year" in the *Interpretation Act*, the expiry of the limitation period was midnight of the prior day. The Tribunal ruled that the Applicant was out of time. The Tribunal concluded that as the Act and Regulations do not provide authority either within the Program or within the Tribunal to waive limitation periods, the failure of the Applicant to file a claim within the limitation period, although unfortunate, could not be remedied.

If the *Chewerda* decision applies to the case now before the Tribunal, then the right of the Applicant to make a warranty claim under the Act expired at midnight December 1, 2000. In the *Chewerda* case, the Program made no any representation to the Applicant as to when the Applicant could make a claim under the Act. In the matter now before the Tribunal, the Program stated that December 2, 2000 was the last date to make a claim. Does the Applicant's reliance on that statement override the express limitation period under subsection 13(4) of the Act?

By the ruling in *Chewerda*, the Program, and by extension its employees, are fixed with knowledge that filings by owners seeking warranty protection on the same calendar date one year from the date of registration of their property will be out of time. Given this, it is not difficult, to conclude that the Program should accurately pass on this information to owners making inquiries. Despite this, the Program's failure to do so may have no effect as to the Tribunal having or not having jurisdiction to adjudicate a matter.

This Tribunal is a statutory body. It has the jurisdiction given it by the statute. The *Licence Appeal Tribunal Act* states in section 3:

3(1) The Tribunal shall hold the hearings and perform the other duties that are assigned to it by or under any Act or regulation.

3(2) Except as limited by this Act, the Tribunal has all the powers that are necessary or expedient for carrying out its duties.

In the case at hand, "all powers that are necessary or expedient for carrying out its duties" would be those necessary to carrying out its duties under the *Ontario New Home Warranties Plan Act*.

Under section 16 of the Ontario New Home Warranties Plan Act, subsection 16(3), the Tribunal shall hold a hearing where a person gives notice under subsection 16(2) and "may by order direct the Corporation to take such actions as the Tribunal considers the Corporation ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Corporation (emphasis added). Under subsection 16(2), a person is entitled to a hearing who receives a notice under subsection 16(1), which is a notice of the Corporation's decision under section 14 of the Act.

Section 14 lists what a person or owner is entitled to under the Act. The entitlement relevant to this case, set out in subsection 14(1)(b), is payment for damages resulting from breach of warranty. A "warranty" is defined under section 1 of the Act as a warranty set out in section 13 of the Act.

Under section 16 of the Act, the Tribunal shall hold a hearing, and under subsection 16(3) make an order "in accordance with the Act and the regulations...."

Under subsection 13(4) of the Act, "A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed". Except in certain claims, such as for water penetration or major structural damage mentioned above, the warranties under the Act only apply to claims made within one year after the warranty takes effect. The Applicant's claim before this Tribunal should be made within the one-year period.

There is no agreement or waiver from the Program to provide jurisdiction to this Tribunal respecting the Applicant's claim. The Applicant did not refer the Tribunal to any cases or legal authority that would support the Tribunal having jurisdiction respecting a claim that should have been made within one year but was not.

The Applicant's submission that it can rely upon the Program's representation may assist the Applicant before the courts. However, this Tribunal is a creature of statute, and that statute does not give this Tribunal jurisdiction over a claim made after the expiry of an express limitation period under subsection 13(4) of the Act.

DECISION:

It is the ruling of the Tribunal that it lacks jurisdiction to hear the Applicant's appeal of the decision dated February 11, 2000 of the Ontario New Home Warranty Program to deny the Applicant's claims.

APPEARANCES:

No one appearing for 1032506 Ontario Ltd., operating as Forte Construction Corp., Applicant
CAROL STREET, Counsel for Registrar under the *Ontario New Home Warranties Plan Act*, Respondent

DATE OF

HEARING:

June 27, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated August 9, 2000, (the "Original Proposal"), issued by the Registrar of the *Ontario New Home Warranties Plan Act* (the "Registrar"), to refuse to renew the registration of 1032506 Ontario Ltd., operating as Forte Construction Corp. (the "Applicant"), as a vendor or a builder under the provisions of Section 8(2) of the *Ontario New Home Warranties Plan Act* R.S.O. 1990. Ch. 0.31 (the "Act").

The Registrar is appointed by Ontario New Home Warranty Program, the corporation designated to administer the Act pursuant to Section 2 thereof (the "Program") and is charged with the duties and required to exercise the powers given to the Registrar by the Act. The Registrar issued a Supplemental Notice of Proposal dated April 18, 2001, (the "First Supplemental Proposal") which, by adding information and statements supplemental to the Original Proposal, had the effect of making the Original Proposal current as at the date of the First Supplemental Proposal. The Registrar issued a further Supplemental Notice of Proposal dated May 17, 2001, (the "Second Supplemental Proposal") which, by adding or amending information and statements supplemental to the Original Proposal and/or the First Supplemental Proposal, had the effect of making the Original Proposal and the First

Supplemental Proposal current as at the date of the Second Supplemental Proposal. This hearing dealt with the Original Proposal, the First Supplemental Proposal and the Second Supplemental Proposal together, as a single proposal (collectively the "Proposal").

The Applicant by a notice requested a hearing before the Licence Appeal Tribunal (the "Tribunal") respecting the Proposal pursuant to the provisions of sections 9(2) and 9(4) of the Act.

ISSUES:

The Registrar issued the Proposal under Section 8(2) of the Act based upon the Registrar's opinion that the Applicant is disentitled to registration as a vendor or a builder pursuant to Section 7(1)(c)(i) and Section 7(1)(d) of the Act. It is the opinion of the Registrar, as stated in the Proposal, that the Applicant cannot reasonably be expected to be financially responsible in the conduct of its undertakings and, further, that the Applicant does not have sufficient technical competence to consistently perform the warranty service required of it.

The Applicant in its Notice of Appeal dated August 25, 2000, (the "Appeal") gave no indication of either the specific items of the Proposal that it wished to appeal nor any reasons therefor and thus, this Tribunal has some difficulty in being able to understand with which item or items in the Proposal the Applicant takes issue, or why. The Applicant's Appeal gives no direction to the Tribunal except a bland, or blanket statement that "all of the issues set out in the" Proposal are to be heard and addressed by this Tribunal.

The issues in this hearing are further complicated due to the fact that the solicitor who undertook the Appeal, and signed the Appeal on behalf of the Applicant as "Solicitor for the Applicant", breached not only his duty to his client but also to the Tribunal by abandoning this matter without either appearing before this Tribunal or the courtesy of a valid explanation for his non-appearance. This Tribunal has not experienced such conduct heretofore and such is beyond the purview of this decision (by the choice of this Tribunal), but may nevertheless be within the interests of the governing body of the legal profession in this Province should it, by choice, wish to review this type of conduct. In any event, the solicitor's non-appearance gives rise to a great waste of time and expense for the Respondent, its Counsel and its witnesses, not to mention the Tribunal and its staff. In this connection, efforts were made by the staff of the Tribunal to ascertain whether any other person, other than the said solicitor, would be attending on behalf of the Applicant at the hearing of the issues raised by the Appeal but to no avail.

EVIDENCE:

The Respondent gave its evidence by way of the testimony of Jamal DaSilva (an employee in the warranty and underwriting department of the Program) and Bob Thoburn (being the Operations Manager of the Brampton Office of the Program). As stated above, the Applicant neither appeared nor gave any evidence at the hearing to support the issues raised in its

Appeal. The evidence given by both witnesses at the hearing was straight forward, clear and precise, thus giving this Tribunal little trouble in understanding the facts which give rise to the Proposal. It is unnecessary to relate in any detail the evidence given at the hearing, except to refer to the 181 items contained within Exhibits #1 and #2 and the other Exhibits filed.

THE FACTS:

From all of the evidence given at the hearing, this Tribunal finds as facts the following:

1. The Applicant executed an agreement with the Program dated September 2, 1994, (the "Vendor/Builder Agreement");
2. The Applicant was validly registered pursuant to the Act as a Vendor/Builder as of September 28, 1994, and operated its business under the name and style of "Forte Construction Management";
3. The registration of the Applicant was renewed from time to time to September 28, 1999, by the Registrar upon the application of the Applicant therefor;
4. On March 26, 1998, the Applicant filed with the Respondent its financial statements dated as at December 31, 1996, in support of its application for a renewal of its registration effective September 28, 1997, and has failed since that date to file further financial statements in spite of numerous requests by the Respondent to bring the financial records of the Applicant and/or its principals to a more current state;
5. The Applicant, at some date between October 31, 1996 and March 24, 1997, changed the name and style under which it carried on business from "Forte Construction Management" to "Forte Construction Corp.", although it continued thereafter to utilize from time to time the name and style "Forte Construction Management" in addition to "Forte Construction Corp.";
6. The Applicant applied to the Program for a renewal of its registration as a Vendor/Builder dated September 25, 1999, which application was filed and received by the Program on November 10, 1999;
7. The Program, by letters dated January 28, 2000 and March 24, 2000, informed the Applicant that a renewal of its registration would proceed only subject to a review by the Registrar of certain documentation requested by the Registrar and payment of an outstanding fee in the amount of \$144.25;
8. The Registrar issued a Notice of Proposal dated August 9, 2000, with respect to the Original Proposal;

9. A solicitor, purporting to act on behalf of the Applicant, filed a Notice of Appeal with the Tribunal pursuant to Section 9(4) of the Act dated August 25, 2000, with respect to the Appeal;
10. The Program, by a letter dated October 10, 2000, informed the Applicant that a cheque dated September 8, 2000 in the amount of \$1,840.00 had been returned marked "Insufficient Funds" and the said amount is still owed by the Applicant to the Program;
11. The Respondent, by a letter dated December 11, 2000, informed the Applicant that a further renewal of its registration would proceed only subject to a review by the Registrar of certain documentation requested by the Registrar and payment of the appropriate renewal fee;
12. The Registrar, by a letter dated January 12, 2001, notified the Applicant that its registration had expired;
13. On or before March 21, 2001, the Applicant changed the name and style under which it carried on business from "Forte Construction Corp." to "Forte 2000 Custom Builders Inc.", and notified its customers "that Forte Construction Corp. is now under new management [and we] look forward to servicing you";
14. The Respondent, by a letter dated April 6, 2001, notified the Applicant that its registration had been reinstated;
15. The Registrar issued a Supplemental Notice of Proposal dated April 18, 2001, with respect to the First Supplemental Proposal;
16. The Registrar issued a Supplemental Notice of Proposal dated May 17, 2001, with respect to the Second Supplemental Proposal;
17. The Respondent provided documentary evidence of a number of breaches of warranty with respect to new homes built by the Applicant with specific reference to the following listed new homes, namely;-
 - (a) Hemphill Residence at 14556 Morris Road, Welland, which resulted in valid claims by the Program against the Applicant in the respective amounts of \$4,147.41, \$676.78 and \$10,345.46;
 - (b) Maddalena Residence at 163 Crysler Crescent, Thorold;
 - (c) Penner Residence at 61 Crysler Crescent, Thorold;
 - (d) Feltrin Residence at 32 Decew Woods Court, Thorold, which resulted in a valid claim by the Program against the Applicant in the amount of \$246.10;
 - (e) Pogacnik Residence at 13 Macturnbull Drive, St. Catherines; and
 - (f) Wilkinson/Moore Residence at 115 Crysler Crescent, Thorold;

18. The Applicant is indebted to the Program in the amount of \$15,415.75 due to the Applicant's failure to rectify breaches of warranty specified in paragraph 17 hereof;
19. The Applicant has consistently failed to perform the contractual obligations specified in paragraph 17 hereof as evidenced by its failure to respond to the complaints of home owners, the conciliation efforts of the Program and the inspection reports issued by the Program in consequence thereof;
20. The Applicant has failed to enroll new homes which it has constructed at 14 Silvercrest Court and 56 Ward Circle in Thorold;
21. The Applicant is in breach of its agreements set forth in the Vendor/Builder Agreement.

THE LAW:

Pursuant to section 8(2) of the Act, the Registrar may refuse to renew the registration the Applicant as a vendor or a builder for any reason that would disentitle the Applicant to registration under section 7(1)(c) and/or section 7(1)(d) of the Act, or in circumstances where the Applicant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts, or is in breach of a term or condition of the registration:

"8 (1) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were an applicant, or where the registrant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts, or is in breach of a term or condition of the registration."

Pursuant to section 7(1)(c) of the Act, the Applicant is entitled to registration by the Registrar except where having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on lawfully, honestly and with integrity:

"7. (1) An applicant is entitled to registration by the Registrar except where,
(a) ...;
(b) ...;
(c) the applicant is a corporation and,

- (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or
- (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on in accordance with law and with integrity and honesty;"

Pursuant to section 7(1)(d) of the Act, the Applicant is entitled to registration as a builder except where the Applicant does not have sufficient technical competence to consistently perform the warranties:

- "7. (1) An applicant is entitled to registration by the Registrar except where,**
- (a) ...;**
 - (b) ...;**
 - (c) ...; or**
 - (d) in the case of an application for registration as a builder, the applicant does not have sufficient technical competence to consistently perform the warranties."**

Based upon the above noted facts, the Registrar has reached the decision that the Applicant cannot reasonably be expected to be financially responsible in the conduct of its undertakings. The Registrar has further concluded that the Applicant has a record of breaches of warranties and a record of failures or unwillingness to complete performance of contracts, and is in breach of a term or condition of its registration. In addition, the Registrar has decided that there are reasonable grounds for belief that the Applicant will not carry on business with integrity. Pursuant to sections 9(1) and 9(2) of the Act, the Registrar is required to serve a notice of proposal on the Applicant:

- "9. (1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.**
- (2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal."**

The appeal comes to this Tribunal by virtue of section 9(4) of the Act, which provides:

"9. (4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar."

Based upon the evidence presented at the hearing, this Tribunal is in accord with the Registrar's conclusions set forth above.

DECISION AND ORDER:

The onus of proof that the Proposal is correct lies with the Respondent and this Tribunal finds that this onus has been discharged in light of all of the evidence given at the hearing and for the reasons hereinbefore stated. Accordingly, pursuant to the authority vested in it by section 9(4) of the Act, this Tribunal directs the Registrar to carry out the Proposal to refuse the renewal of the registration of the Applicant as a vendor/builder under the Act.

Motor Vehicle Dealers Act

DATE OF
MOTION:

May 14, 2001

Ottawa

REASONS FOR RULING

BACKGROUND:

The Applicant, Ali Abdul-Hussein o/a B & A Auto Sale brings this motion seeking an Order for a stay of the Decision of the Licence Appeal Tribunal released January 25, 2001 directing the Registrar, *Motor Vehicle Dealers Act* (the "Registrar") to carry out his proposal to revoke the registration of the Applicant as a motor vehicle Dealer under the *Motor Vehicle Dealers Act* (the "Act"). The Applicant has appealed the decision of the Tribunal by notice of appeal dated February 23, 2001.

FACTS:

The Amended Notice of Motion states as grounds for the relief sought:

1. Subsection 7(9) of the *Motor Vehicle Dealers Act*, R.S.O. 1990, c. M.42;
2. There are serious issues to be dealt with on Appeal;
3. The Appellant will suffer irreparable harm if the stay is not granted;

4. The revocation of the Applicant's registration is inequitable in view of the length of time before the appeal of the Tribunal's decision can be heard;
5. Such further and other grounds as the Tribunal may permit.

In support of the application there was filed the Affidavit of Ali Abdul Hussein. The Affidavit was not cross-examined upon and contains the following assertions:

1. He has been a Registrant under the Act since August 1999 and is the sole owner and operator of the Applicant B & A Auto Sales. Until this matter his licence was at no time suspended, cancelled or revoked.
2. Prior to becoming a Registrant as a dealer, he was registered as a Motor Vehicle Salesman for six months. During this time his registration as salesman under the Act was never revoked.
3. The Applicant does not wish to return to this employment as a salesman in that he could not make an income sufficient to maintain his family and a back injury does not allow him to stand for long periods of time.
4. The Applicant fears that even if successful on appeal the loss of good will with his customers could not be overcome upon his return to the business.
5. The Applicant is 30 years old with a grade 11 education and no formal training towards any other line of employment.
6. The Applicant is married with two children ages 7 and 4. His wife is a civil servant at a salary of \$36,000.00. His monthly expenses are \$3,000.00 of which \$1,500.00 was coming from the business. The combined incomes were necessary to cover most of the monthly expenses. His business account has gone from \$20,000.00 to \$200; \$7,000.00 of which went to Lebanon to pay for life saving surgery on his mother.
7. The loss of his registration has caused considerable stress on the Applicant and his family. This has resulted in a diagnosis of depression and treatment by medication.
8. The Applicant consents to a regime of random inspections by the regulator and the posting of a forfeitable bond in the amount of \$5,000.00 should the Tribunal grant the stay.
9. The Applicant was advised that the earliest hearing date before the Divisional Court would be November 2001.

In response there was filed the Affidavit of Laura Gordon an inspector with the Ontario Motor Vehicle Industry Council ("OMVIC) the body charged with the responsibility of monitoring the

Act. After her review of the Applicant's affidavit, she states:

1. That OMVIC's records show a registration as a salesman from 1993 through 1996 and from March to July 1999.
2. That in answer to the Applicant's claim of having a significant stake in a dealership, the Applicant had in fact filed charges of business address on three occasions in the year 2000.
3. That on the basis of an Affidavit of a fellow investigator attached as an exhibit to her own, an investigation was carried out on the Applicant the results of which the affidavit deposes indicates that the Applicant during 1998 was buying and selling vehicles without being registered as a dealer. As well, there is a report of the investigator to the Registrar indicating that the Applicant had pleaded guilty to 10 counts of selling vehicles without a licence on September 30, 1999.

THE LAW:

The appeal from the decision of the Tribunal to the Divisional Court is brought pursuant to the right granted under section 11 of the *Licence Appeal Tribunal Act*.

Section 25(1) of the *Statutory Power and Procedures Act* ("SPPA") provides:

Unless it is expressly provided to the contrary in the Act under which the proceeding arises an appeal from a decision of a Tribunal to a court or other appellate Tribunal operates as a stay in the matter except where the Tribunal or the court or other body to which the appeal is taken otherwise orders.

Section 7(9) of the *Motor Vehicle Dealers Act* provides:

Although a registrant appeals from an order of the Tribunal under section 11 of the *Licence Appeal Tribunal Act*, the order takes effect immediately, but the Tribunal may grant a stay until disposition of the appeal.

The determination of whether a stay is appropriate in a given action is dependent upon the application by the motions judge of a three part test set forth by the Supreme Court of Canada in the matter of *RJR MacDonald Inc. vs. Canada* (A-G) 111 D.L.R. (4th) 385.

The elements of the test can be summarized as follows:

1. Is there an serious issue to be heard on appeal?
2. Will there be irreparable harm to the Applicant should the stay not be granted?

3. Which of the two parties will suffer the greater damage from the decision of the motions judge?

The first of the tests is a preliminary assessment of the merits of the case to ascertain whether there is a serious issue to be heard on the appeal. In the *RJR MacDonald* case, the court considered the appropriate level of inquiry at the motion stage as to what constituted a "serious issue".

"There are no specific requirements which must be met in order to satisfy this test. The threshold is a low one. The judge on the application must make a preliminary assessment of the merits of the case...Once satisfied that the application is neither vexatious nor frivolous, the motions judge should proceed to consider the second and third tests, even if the opinion that the plaintiff is unlikely to succeed at trial. A prolonged examination of the merits is neither necessary nor desirable."

In answer to this onus, the Applicant has set forth in his notice of appeal the grounds upon which he intends to present his case to the Appeals court. They are as follows:

1. That the Tribunal erred in denying the Appellant's request for an adjournment.
2. That the Tribunal erred in its findings of fact.
3. That the Tribunal erred in its application of Section 5(1)(b) of the Act and thereby erred in holding that the past conduct of the Applicant afforded reasonable grounds for belief that the Applicant would not carry on business in accordance with law and with honesty and integrity.
4. That in the alternative the penalty of revocation of the Applicant's licence was excessive in the circumstance.

On the first point, counsel for the Applicant submitted that he will be putting forth a Charter of Rights argument on this point. His position as understood by the Tribunal will be that the Tribunal should have weighed any prejudice that would have occurred to the Registrar by an adjournment against the right of the Applicant to be represented by counsel.

The position of the Registrar was that all proper notices were given under the Act to the Applicant and that it was his duty to retain counsel if he so wished. There was no retainer or other correspondence produced that would have indicated he was in the process of instructing counsel. It was also submitted that this very assertion by the Applicant coupled with the fact that transcripts had not been ordered should be taken by the Tribunal as evidence of the Appeal being frivolous.

The Tribunal was assured by counsel for the Applicant that transcripts had been ordered, and the fact that he had retained counsel to argue the motion should answer that argument. The

Tribunal accepts the bone fides of counsel and find that his submissions on the point raise a serious issue for appeal.

With regard to the remaining grounds and being mindful of the Supreme Court's caution that there be no in depth review of the findings of the lower court, the Tribunal was given reference to two Divisional Court decisions which dealt directly with the issues raised. Both were heard by the same judge, MacFarland J, and within 10 months of each other. As neither motion has been reviewed on appeal, they must be taken as authoritative. The first, *Jacob's Sales & Service* [1198] OCRATD 215 ("*Jacob's*") was heard in December, 1998. The second, *Registrar, Motor Vehicle Dealers Act and Aghtaie-Mashmoul Hashem* ("*Hashem*") was heard October 18, 1999.

In *Jacob's* there were two types of breaches of the Act under consideration by the Tribunal. The first involved odometer misrepresentations, the second the employment of unregistered salespersons. On the return of the motion to stay, the Tribunal held that the odometer misrepresentation breaches "may raise serious or substantial issues for argument before the Appeal Court". On the unregistered salesperson allegation, the Tribunal noted that the Applicant took no issue with the fact that there had been a breach of the Act. The Tribunal considered the Applicant's submissions that despite this, the more appropriate finding at first instance would have been for the Tribunal to exercise its discretion under section 7(9) of the Act and substitute the Registrar's decision with a lesser punishment than suspension. The Tribunal disagreed, saying that the discretion as to sanction was the Registrar's not the Tribunal's and that to modify a finding by the Registrar the Tribunal would have to find, quoting Southy J in the *Brenner* decision (1983 Div.Ct.) CRAT 19, that..."the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds that he (the Applicant) would not carry on business in accordance with the law and with honesty and integrity". Accordingly, the Tribunal found that there was no serious question for appeal.

MacFarland J. held that as the Tribunal had found that there was a serious issue for appeal respecting "odometer misrepresentations", it should have held this to be sufficient to pass the Applicant on the first part of the court's test. Consideration of the second or "unregistered salespersons", branch of the Applicant's submissions was in effect unnecessary. The Court stated, "there was no other past conduct which would justify the refusal to issue a stay in these circumstances. The only relevant past conduct which was considered was the conduct which underlies the basis for this appeal".

Clearly the court is saying that if there are two sets of circumstances giving rise to a decision by the Registrar and one gives rise to a serious issue for appeal, that is sufficient to satisfy the first part of the test for relief such as a stay of proceedings pending appeal.

In the *Hashem* decision, the Court dealt with the appropriateness of the sanction imposed by the Registrar as a ground for appeal. The Court pointed out that this was not a case involving breaches of the Act involving improper record keeping, failure to honor obligations with regard

to payment of a claim in their warranty coverage, permitting the sale of vehicles by unregistered salespersons, or failure to check on status of salespersons, or failure to provide customers with detailed written information regarding their transactions in accordance with the Act and others. It would appear from the endorsement on the record that in such a case the Applicant is entitled to have the types of breaches of the statute differentiated as to their seriousness and the reasonableness of the Registrar's exercise of discretion would be an issue for appeal. By implication, the Court is saying that if such an analysis is not undertaken at the return of the motion for stay, this supports an issue for appeal. The Court states:

"I am satisfied that the Applicant has raised a serious issue for argument on the appeal. He says in effect, his conduct while technically in breach of the Act, was really 'de minimus' and in no event justified the imposition of the ultimate penalty ie: permanent revocation of his registration as a dealer. There are no allegations of odometer tampering, fraud or other dishonest conduct".

In the affidavit of Laura Gordon referred to above, there were assertions that in 1999 there had been an investigation which resulted in a plea by the Applicant to charges of selling vehicles without a licence. Even if these assertions are true, they did not form part of the conduct under consideration by the Tribunal at first instance nor do they answer the Applicant's affidavit on this appeal. The Tribunal agrees with counsel for the Applicant that they are overarching and should not form part of the Tribunal's considerations on the motion. They were not part of the case to be met at first instance and can not be raised at this juncture. The relevant past conduct on appeal should only be the past conduct upon which there has been an adjudication.

The Tribunal notes that on the information before it, the Applicant was granted his registration as a motor vehicle dealer at the end of August 1999. This appears to be the same period that the unregistered Applicant was under a Provincial Court summons for breaches of the Act outlined above.

The Tribunal holds that the Applicant meets the first part of the test.

The second test is a determination whether the Applicant would suffer irreparable harm if the application was refused. The *RJR MacDonald* case addressed the parameters of this second test as follows:

"At this stage, the only issue to be decided is whether a refusal to grant relief could so adversely affect the applicants' own interests that the harm could not be remedied if the eventual decision on the merits does not accord with the result of the interlocutory application".

The court defined irreparable harm as follows:

"where one party will suffer permanent market loss or irrevocable damage to his business".

The Tribunal takes this to mean that a stay should be granted in cases where a decision in effect shuts down a business, and a stay should be granted to preserve the business as an ongoing concern until such time as the Applicant has had his appeal heard. To decide otherwise would be to render the Applicant's right to appeal moot. This point was canvassed in both *Jacob's* and *Hashem*. In *Hashem* the Court stated:

"If the stay is not granted his business in all likelihood will be lost pending the appeal. This of course will render the appeal moot for all practical purposes and is evidence of irreparable harm".

The uncontested evidence before the Tribunal is that the earliest date for an appeal is November of this year.

Submissions were put forth by the Respondent that other cases were found to have considerably more in the way of lost business potential pending appeal; employees going elsewhere, established clientele and that like. Here the business was low volume and essentially a one man operation.

As the Tribunal interprets the words of MacFarland J., however, these assertions are not determinative as it is the potential loss to the individual applicant that is the relevant measure, not some global figure. Here the evidence before the Tribunal is to the effect that this Applicant would lose a large portion of his household income if his albeit small business was shut down pending appeal. But the essential thrust of the Court's decision is that a right of appeal may be rendered moot by delay in the judicial process.

In light of the decisions of MacFarland J., the Tribunal finds that the Applicant has met the second part of the test.

The third test involves an assessment as to which of the parties to the application would suffer the greater harm from the granting or refusal of the motion.

The Tribunal's application of the third test to the Applicant's case must be undertaken while keeping in mind the fact that the legislation under which its process is governed is consumer protection legislation. To that end, the Act mandates that every person who sells motor vehicles in Ontario must be a registrant under the Act thereby becoming subject to its terms and conditions. All registrants under the Act must be deemed to understand that if they breach their obligations under the Act, they will be subject to sanctions imposed by the Registrar, including revocation of their registration and by extension, their occupation. Furthermore, the governing legislation is exempted from the general rule that an appeal from a Tribunal's ruling acts as a stay as provided by section 25(1) of the SPPA stated above. Section 7(9) of the *Motor Vehicle Dealers Act* expressly provides that the Registrar's ruling takes effect upon its release. In placing this exception in the Act, the legislature has placed some importance on

the immediate removal of a registrant's right to deal with the public.

The difficulty here as, expressed by MacFarland J., is that section 7(9) also granted to the Tribunal the discretion to grant a stay. The Act is a legislative scheme within a regulated industry where everyone has the right to make a living by becoming a registrant subject to decisions of the Registrar which in turn are subject to an appeal process. If the exercise of that appeals process to preserve the entitlement to registration and thereby make a living is rendered meaningless due to unavoidable delays in the administration of justice, then in effect the Registrar's decision is final. This cannot be the sense of the legislation.

The Tribunal is mindful that in the present case the balance by the third test is here being made, not between private litigants but between the holder of a license in an industry that the legislature has seen fit to regulate in order to protect the public interest and the Registrar designated for that purpose. The onus upon a licensee or registrant in such situations is higher than in private litigation. This balance was struck in *Ontario Federation of Anglers and Hunters v. Ontario (Ministry of Natural Resources)* 43 O.R. (3rd) 760. In that case, a regulation was promulgated canceling the spring bear hunt. The Applicants sought judicial review and applied for injunctive relief until a hearing on the merits. Because of the new steps taken by the Minister to amalgamate the effect of the ban and the fact that the hearing on the merits would be heard within thirty days of the motion, a stay was not granted. Here, there is little to lessen the impact on the Applicant if a stay is granted.

Taking into account the decisions of MacFarland J., unless there was some specific evidence of a strain upon the regulator's ability to monitor this Applicant's operations, the prospect of loss livelihood must outweigh the position of the Registrar.

The Applicant therefore has met the third test.

DECISION AND ORDER:

Under the authority under section 7(9) of the Act, the Tribunal grants a stay of its decision on the following conditions:

1. the Applicant will maintain as his place of business the last premises registered with the Registrar and will neither move nor apply for a move;
2. in addition to carrying on his obligation to maintain books and records pursuant to the Act, the Applicant will maintain a journal with a separate record of all transactions in which the Vehicle Identification Number (VIN), make and model will be kept for ready inspection by the Registrar;
3. the Applicant will record beside each entry in the journal record required by paragraph 2, all pertinent details of the vehicle's history, including all notation on the wholesale bill of sale recording the Applicant's purchase of the vehicle;

4. at the end of each month commencing July 30, 2001 until the disposition of the appeal, the Applicant shall forthwith forward that month's journal enteries to the Registrar;
5. before the execution of a retail bill of sale, the Applicant shall note on that retail bill of sale any representations as to the mileage and the condition of the vehicle that appear on the wholesale bill of sale to the Applicant;
6. as offered in his counsel's submissions, the Applicant will within 10 days of the release of this Order post with the Registrar \$5,000.00 in cash or negotiable security as a forfeitable bond to guarantee the Applicant's performance of these conditions;
7. any default in these conditions shall result in the immediate forfeiture of the bond and the Applicant's registration under the Act.

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act Hasan Zayat (hereinafter referred to as "the Applicant") and the Registrar, Motor Vehicle Dealers Act, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Powers Procedure Act, do hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees that he will pay the Automotive Finance Corporation the amount of \$1,000 per month, in certified funds, beginning on August 15, 2001. Said payments will continue to be made until all debts owing to the Automotive Finance Corporation arising out of the operations of Cyrville Star Top Inc. and K&H Motors have been paid.
2. Notwithstanding the above, the Applicant agrees that, should the Automotive Finance Corporation obtain judgement against the Applicant and the judgement is not under appeal, the Applicant will pay all monies owing to the Automotive Finance Corporation forthwith.
3. The Applicant will not be involved in the financing of vehicles, either directly or indirectly.
4. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
5. The Applicant shall not be an officer, director, owner, partner or person in charge of a dealership for a period of five years.
6. Notwithstanding the above conditions, the Applicant agrees that he will pay all his debts and liabilities in a timely fashion.
7. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
8. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity with the exception of issues raised in the Registrar's Proposal to Revoke dated October 24, 2000 and the Notice of Further or Other Particulars dated March 5, 2001.
9. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the

past or that may occur in the future with the exception of issues raised in the Registrar's Proposal to Revoke dated October 24, 2000 and the Notice of Further or Other Particulars dated March 5, 2001.

10. The Applicant acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, or if the Registrar has evidence that the circumstances of the disposal of the vehicles purchased through the Automotive Finance Corporation differ significantly from what the Applicant disclosed in Appendix "A" to this Order, the Registrar is directed to and shall carry out the proposal.
11. The Applicant will provide a copy of this order to his employer forthwith.
12. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
13. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
14. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of _____ 2001.

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated November 24, 2000, (the "Original Proposal"), issued by the Registrar of the Ontario New Home Warranty Program (the "Registrar"), to refuse to register Renaud Homes Inc. (the "Applicant"), as a vendor or a builder under the provisions of Section 8(1) of the *Ontario New Home Warranties Plan Act* R.S.O. 1990. Ch. 0.31 (the "Act"). The Registrar issued a Supplemental Notice of Proposal dated February 9, 2001, (the "Supplemental Proposal") which, by adding information and statements supplemental to the Original Proposal, had the effect of making the Original Proposal current as at the date of the Supplemental Proposal and this hearing dealt with both the Original Proposal and the Supplemental Proposal together as a single proposal (collectively the "Proposal").

The Applicant by a notice dated December 7, 2000, requested a hearing before the Licence Appeal Tribunal (the "Tribunal") respecting the Proposal pursuant to the provisions of sections 9(2) and 9(4) of the Act.

ISSUES:

The Registrar issued the Proposal under Section 8(1) of the Act based upon the Registrar's opinion that the Applicant is disentitled to registration as a vendor or a builder pursuant to Section 7(1)(c) of the Act. It is the opinion of the Registrar, as stated in the Proposal, that the Applicant cannot reasonably be expected to be financially responsible in the conduct of its undertakings and, further, that the past conduct of Arthur Paul Renaud ("Paul Renaud"), one of its officers and a director, affords reasonable grounds for belief that the Applicant's undertakings will not be carried on in accordance with law and with integrity and honesty.

During the course of the hearing before this Tribunal, it is clear that the Proposal was not based upon the past conduct of the officer and director of the Applicant with respect to the law or honesty since no evidence was adduced by the Respondent that Paul Renaud had in the past not carried on in accordance with law or in any way dishonestly, and as such, there were no grounds for such a belief as stated in Section 2 of the Proposal. Rather, the Respondent emphasized and directed this Tribunal's attention to the financial position of the Applicant, including its financial commitments to the Respondent, and the past conduct of Paul Renaud as a guarantor of those commitments, as reasonable grounds for belief that the Applicant's [future] undertakings will not be carried on responsibly, as stated in Section 2 of the Proposal.

Also during the course of the hearing before this Tribunal, it became clear that the main issue was the nature and circumstances of the past financial affairs of Paul Renaud, not only as an officer, director and guarantor of the Applicant, but also as an officer, director and guarantor of a corporation known as Renaud Land Developments Inc. ("RLD").

The evidence disclosed that RLD was an equal partner with a corporation known as Southgate Properties Inc. in a scheme to build and sell new homes on 52 building lots on River Avenue in the community of LaSalle, Ontario, under the name of Riverwood Homes ("Riverwood Homes"), another registrant as a Vendor/Builder under the Act. RLD thus became a registrant under the Act in the capacity of an [equal] partner in an unincorporated registrant, [Riverwood Homes], and as such, its [RLD's] officer, director and guarantor [Paul Renaud] became subject to the provisions of the Act. The evidence also discloses that the other equal partner [Southgate Properties Inc.] later withdrew from the partnership [Riverwood Homes] and assigned all its rights to Paul Renaud and obtained an indemnity from Paul Renaud with respect to the debts and obligations of Riverwood Homes.

It is notable that the Supplemental Proposal is identical to the Original Proposal save and except for an "additional ground" added by the Respondent relating to Section 10 of the Act whereby the Respondent alleges that, since the refusal by the Respondent to renew the registration of the Applicant in 1997, the Applicant has failed to provide any new evidence or any change in material circumstances as required by the Act. This, then, is a further issue to be dealt with by this Tribunal.

EVIDENCE:

The Respondent gave its evidence by way of the testimony of Pat Varcoe, C.A. (Vice President, Licencing and Underwriting of the Respondent), Ken Holtrop and Vern Nelligan (the latter two both being Warranty Representatives from the South West Regional Office of the Respondent). The Applicant gave its evidence through the testimony of its principal, Paul Renaud (its sole officer and director), and also the guarantor of the Applicant's debts and obligations to the Respondent. The evidence given by all witnesses at the hearing was straight forward, clear and precise, thus giving this Tribunal little trouble in understanding the facts which give rise to this appeal from the Proposal. There was little, if any, dispute between the parties as to the facts, and as such, it is unnecessary to relate in any detail the evidence given at the hearing, except to refer to the 170 items contained within Exhibits #3 and #4 and the other Exhibits filed. These facts, however, give rise to a greater degree of complexity than might first be thought when dealing with the resulting legal issues, as this Tribunal will express later in this decision.

THE FACTS:

From all of the evidence given at the hearing, this Tribunal finds as facts the following:

1. The Applicant was validly registered as a Vendor/Builder from April 18, 1989, to April 18, 1996 within the meaning of section 6 of the Act;
2. The Respondent, by a letter dated November 22, 1996, informed the Applicant that the Applicant's request for a renewal of its registration would not be approved due to the default of Paul Renaud, "a principal/officer/director/guarantor" of RLD and/or Riverwood Homes to pay the outstanding claim owed by Riverwood Homes to the Respondent in the amount of \$3,076.25;
3. The Respondent's letter dated November 22, 1996, made serious errors of fact and erroneously claimed money from the Applicant without any right in law to make such a claim against the Applicant for a claim the Respondent had against Riverwood Homes and/or its principal RLD and/or the guarantors of Riverwood Homes;
4. On November 22, 1996, Paul Renaud was a principal, officer and director of both the Applicant and RLD, and a guarantor of the obligations of the Applicant and of Riverwood Homes to the Respondent;
5. The Respondent issued a Notice of Proposal to the Applicant dated July 31, 1997, ("1997 Proposal") based upon an accurate statement of facts which corrected the errors made in the said letter dated November 22, 1996, the effect of which 1997 Proposal was to refuse to renew the registration of the Applicant, and to which Notice

thereof the Applicant failed to appeal as allowed under the Act thus affording the Respondent the right to carry out the 1997 Proposal under Section 9(3) of the Act;

6. The Respondent carried out the 1997 Proposal on October 3, 1997, and by notice to the Applicant terminated its registration effective October 3, 1997;
7. The Applicant applied for [re-]registration as a Vendor/Builder under the Act on April 11, 2000, and provided supporting documentation;
8. By letter to the Applicant dated July 5, 2000, the Respondent reasonably requested that the application for registration be further supported by way of eight enumerated items required by the Respondent in order to assess properly the said application;
9. The Respondent issued the Original Proposal pursuant to Section 9(1) of the Act on November 24, 2000;
10. The Applicant issued a Notice of Appeal pursuant to Section 9(4) of the Act on December 7, 2000;
11. The Respondent issued the Supplemental Proposal pursuant to Section 9(1) of the Act on February 9, 2001;
12. The Applicant is indebted to the Respondent in the amount of \$1,230.50 due to the Applicant's failure to rectify breaches of warranty on October 13, 1999, and on December 7, 1999, respecting two new homes built and sold by the Applicant at 365 Menard Lane and 375 Menard Lane, and enrolled with the Respondent as #821185 and #821186, respectively;
13. Paul Renaud, an officer and a director of the Applicant, executed a valid guarantee respecting the debts and obligations of the Applicant to the Respondent in the amount of \$1,230.50, and has failed to honour his guarantee subsequent to a demand therefore by the Respondent;
14. Riverwood Homes, a partnership between RLD and Southgate Properties Inc. was validly registered as a Vendor/Builder from April 5, 1994, to April 5, 1996 within the meaning of section 6 of the Act;
15. The registration of Riverwood Homes as a Vendor/Builder lapsed on April 5, 1996, due to the failure of its principals to apply for a renewal of such registration;
16. Neither Riverwood Homes nor its partners, RLD and Southgate Properties Inc., are parties to this hearing, and as such, this Tribunal is unable to make any findings of fact with respect to the claims of the Respondent against Riverwood Homes in the aggregate amount of \$15,723.47;

17. Insofar as Paul Renaud is a guarantor of all obligations of Riverwood Homes to the Respondent and is also a principal, officer and director of RLD, one of the equal partners of Riverwood Homes, this Tribunal was not made aware during the testimony of Paul Renaud as a witness at these hearings of any serious dispute which the said Paul Renaud had with respect to the said claims of the Respondent against Riverwood Homes, and as such, Paul Renaud is indebted as a guarantor to the Respondent in the amount of \$15,723.47 due to the Respondent's undisputed claims against Riverwood Homes;
18. The Applicant has failed to provide sufficient information or documentation as reasonably requested and required by the Respondent in its letter of July 5, 2000 and later correspondence, in order that the Respondent might assess properly the Applicant's application for [re-]registration in accordance with the duties imposed upon the Respondent under the Act, and which said information and documentation is specifically enumerated in Section 4 of the Proposal;
19. The Applicant has failed to provide any new evidence or give evidence of a change in any material circumstance from that which existed on October 3, 1997.

THE LAW:

Pursuant to section 8(1) of the Act, the Registrar may refuse to register the Applicant as a vendor or a builder for any reason that would disentitle the Applicant to registration under section 7(1)(c) of the Act:

"8 (1) Subject to section 9, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 7."

Pursuant to section 7(1)(c) of the Act, the Applicant is entitled to registration by the Registrar except where having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on lawfully, honestly and with integrity:

"7. (1) An applicant is entitled to registration by the Registrar except where,
(a) ...;
(b) ...;
(c) the applicant is a corporation and,

(i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or

(ii) the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on in accordance with law and with integrity and honesty;"

Based upon the above noted facts, the Registrar has reached the decision that the Applicant cannot reasonably be expected to be financially responsible in the conduct of its undertakings and that there are reasonable grounds for belief that the Applicant will not carry on business in a lawful manner, honestly and with integrity. Pursuant to sections 9(1) and 9(2) of the Act, the Registrar is required to serve a notice of proposal on the Applicant:

"9. (1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal."

The appeal comes to this Tribunal by virtue of section 9(4) of the Act, which provides:

"9. (4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar."

A proposal carried out by the Registrar is not the final determination of the issue, however, since a further application for registration may be made by the Applicant pursuant to section 10 of the Act upon new evidence or where circumstances have changed:

"10. A further application for registration may be made upon new or other evidence or where it is clear that material circumstances have changed."

This Tribunal is unable to find any evidence which supports the Registrar's opinion that the past conduct of Paul Renaud as an officer or a director of the Applicant, or of RLD, affords reasonable grounds for belief that the Applicant's undertakings will not be carried on in accordance with law and with honesty. Although Counsel for the Respondent argued all of the grounds relied upon by the Registrar for the decision reached in issuing the Proposal, it is apparent to this Tribunal that applying all of the statutory grounds in this case is inappropriate, and certainly the allegation respecting the past conduct of Paul Renaud affords no grounds that the Applicant will not carry on lawfully and honestly.

The Act, however, includes the word "integrity". The Oxford Dictionary expands the meaning of the word "integrity" beyond just honesty to include "wholeness, soundness and rightness." This Tribunal has some difficulty when applying the test of integrity to the past conduct of Paul Renaud insofar as the defaults in honouring his guarantees for both the Applicant and Riverwood Homes do not lead to financial wholeness, soundness nor rightness. Indeed, all of the issues between the parties in this hearing are about the integrity of the financial position of the Applicant and the impecuniosity of Paul Renaud due to the unfortunate business venture he undertook, through RLD, with Riverwood Homes.

The arrangement to develop and build new homes on 52 lots on River Avenue in partnership with the land owner, Southgate Properties Inc., seems on the face of it to have been an advantageous transaction for Paul Renaud. However, to transfer attention to RLD and allow the Applicant to become temporarily dormant appears to be the undoing of the financial integrity of Paul Renaud, particularly when the transaction as it unfolded was to build fewer homes than planned and loose exclusivity. This situation was exacerbated by the assumption by Paul Renaud of the debts and liabilities of Riverwood Homes and the indemnity to the other partner.

The Respondent initially leveraged the defaults of Riverwood Homes, another separate and distinct registrant under the Act, against the Applicant by way of the guarantee of Paul Renaud. This tact was inappropriate and this Tribunal has already been critical of the Respondent's letter of November 22, 1996. The obligations of another registrant cannot prejudice in any way the Applicant's reputation or its registration. The Act requires another step to be taken through the past conduct of an officer or director common to both registrants, and only then as such affects the lawfulness, honesty and integrity of the Applicant's future undertakings. There is no reference in the Act to the past conduct of a guarantor common to both registrants, and although somewhat subtle, it is clear to this Tribunal that the apparent default of a guarantor gives rise to many equities between parties to a transaction, not the least of which is a valid defense against the principal debtor and creditor and which, in turn, does not fall within the meaning of integrity.

While this Tribunal cannot share the Respondent's opinion that the past conduct of Paul Renaud affords reasonable grounds for belief that the Applicant's undertakings will not be carried on in accordance with law and with integrity and honesty, the Tribunal is in accord with the Registrar that the Applicant has failed to provide the necessary information or documentation as required under the Act to show it can reasonably be expected to be financially responsible in the conduct of its [future] undertakings. There is an onerous duty placed upon the Registrar to regulate the building and selling of new homes in Ontario and it cannot be satisfied by just building homes, but rather the management of the business of building new homes. In short, a builder must not only build a new home, but it must also manage the business of building homes in a financially sound manner with integrity.

This Tribunal does not possess the infrastructure to assess the financial responsibility of the Applicant nor to supervise any conditions which it might attach to its decision were it to substitute its opinion for that of the Registrar's. Furthermore, it would be inappropriate to do so. This Tribunal, for the reasons stated above, therefore is in agreement with the conclusions reached by the Respondent in Sections 1 and 4 of the Proposal.

DECISION AND ORDER:

The onus of proof that the Proposal is correct lies with the Respondent and this Tribunal finds that this onus has been discharged in light of all of the evidence given at the hearing and for the reasons hereinbefore stated. It is anticipated that the Applicant would be given an opportunity during a limited time before implementing the Proposal to satisfy the Registrar respecting its financial responsibility by providing the information and documentation already reasonably requested by the Registrar and making satisfactory arrangements to liquidate the indebtedness of Paul Renaud to the Respondent.

Accordingly, and in default of the Applicant taking advantage of the said opportunity, this Tribunal, pursuant to the authority vested in it by section 9(4) of the Act, directs the Registrar to carry out the Proposal to refuse the registration of the Applicant as a vendor/builder under the Act.

JOHNSON

DALTON G. JOHNSON

APPEAL FROM A DECISION OF THE MOTOR VEHICLE
DEALERS COMPENSATION FUND

TO DISALLOW A CLAIM

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

G. PETER ABRAHAMS, Counsel representing the Applicant
LARRY BANACK, Counsel representing the Motor Vehicle Dealers
Compensation Fund

DATE OF

HEARING: July 6, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal from the decision of the Motor Vehicle Dealers Compensation Fund the ("Fund") dated December 18, 2000, wherein the Applicant's claim for compensation was disallowed in part. The claim was for a total of \$6,848.38 and the Applicant was paid \$1,600.00 by the Fund. As set out herein, the Tribunal found that the claim should be denied for the reasons set out below.

FACTS:

The following facts were agreed by the parties.

The Applicant purchased a 1990 Honda Accord from EGLINTON FINE CARS, a registered motor vehicle dealer. The price on the contract was \$6,000.00 plus tax, the value of the trade in vehicle was \$3,000.00, and there was a notation that \$4,000.00 was paid in cash. Shortly after receipt of the vehicle, although there were mechanical problems, the Applicant paid the dealer a further \$3,047.00. Later, the Applicant wanted to rescind the Agreement.

The dealer agreed, and the Applicant received back the return of his 1988 Honda Prelude and \$2,000.00 from the dealer. The Applicant brought a Small Claims Court action and received a judgment for \$6,848.38 including costs. When the Applicant tried to enforce this judgment against the dealer, he was unable to do so and made an application to the Fund. He was paid \$1,600.00 by the Fund and now disputes that amount.

The Fund disputes the entitlement of the Applicant to further compensation under section 12(10)(c) of the Schedule to Regulation 810 the *Motor Vehicle Dealers Act* (the "Act").

ISSUE:

Is the Applicant entitled to more than the \$1,600.00 paid to the Applicant by the Motor Vehicle Dealers Compensation Fund?

APPLICABLE LAW:

Section 1 of the *Motor Vehicle Dealers Act* states:

"motor vehicle" means an automobile, truck or other vehicle propelled or driven otherwise than by muscular power, including a motorcycle, but not including a motorized snow vehicle or a farm tractor or other self-propelled machinery primarily intended for farming or construction purposes.

"motor vehicle dealer" means a person who carries on the business of buying or selling motor vehicles, whether for the person's own account, or the account of any other person, or who holds himself, herself or itself out as carrying on the business of buying or selling motor vehicles.

Section 24 of the *Motor Vehicle Dealers Act* states:

The Lieutenant Governor in Council may make regulations,
.....

(o) providing for the establishment, maintenance, and administration of the Motor Vehicle Dealers Compensation Fund including prescribing provisions relating to the investing and paying out of money from the Fund.
.....

(q) providing for payment out of the Fund of claims and procedures to be followed in respect thereto.

.....

Regulation 801, Schedule

Terms of Compensation Fund

1. Definitions

"claim" means a claim for a pecuniary loss arising out of a transaction involving a trade in a motor vehicle.

- 12.(1) The Fund is established as of the 1st day of July, 1986, to stand in the place of a participant for the payment out of the Fund of claims of customers of the participant where the transactions occurred during the period when the participant was registered under the Act and where the participant has refused after demand or is unable to pay the claims.

.....

- (3) A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participant's refusal or failure to pay, even if the motor vehicle dealer with respect to whom the claim is being made ceased to be a participant after the refusal or failure to pay, and where the claim meets one of the following requirements:

1. The customer has recovered in any court in Ontario a judgement in respect of the claim and the judgement has become final by reason of the expiration of the time for appeal or of having been confirmed by the highest court to which an appeal may be taken and the customer makes an application, supported by the judgement, and statement of claim, for payment of the unsatisfied portion of the judgement and costs as assessed.

.....

- (5) No customer or any participant shall have any vested or absolute right to payment of a claim against the Board, the Tribunal, the Trustee, or the Fund.
- (6) The Board shall determine the eligibility and the amount of any claim made by a claimant and shall direct the Trustee to pay any claim or any part of it that meets the requirements of this Schedule and subject to section 15 of this Schedule, the decision of the Board is final.

.....

- (10) Despite subsections (1), (2), (3) and (6) and subsection 15(3) of this Schedule,

there shall not be paid out of the Fund,

(a) more than \$15,000 exclusive of costs, to each claimant in respect of each transaction, in respect of a claim or claims against any one participant;

(b) any amount of interest, including interest on a judgement or on costs;

(c) where there is a judgement, any amount for costs in excess of actual disbursements and fees as assessed;

.....

Hearing by Tribunal

15(1) Where the Board determines that a claim or any part of it made under section 12 of this Schedule is not a proper claim, it shall serve notice of its decision, together with written reasons, on the claimant, and the notice shall inform the claimant that the claimant is entitled to a hearing by the Tribunal if the claimant mails or delivers to the Registrar and the Tribunal, within fifteen days after the notice is served on the claimant, notice in writing requiring a hearing.

.....

(3) Where a claimant requires a hearing before the Tribunal under subsection (1), the Tribunal shall appoint a time for and hold the hearing and, after affording the claimant an opportunity to be heard, may confirm the determination of the Board or may set aside the determination of the Board with respect to all or any part of a claim and direct the Trustee to pay the amount determined by the Tribunal.

.....

APPLICANT'S EVIDENCE

Mr. Johnson testified that he is thirty two years old, lives with his parents, is employed, and is the part owner of a restaurant. A friend had referred him to Mr. Mohamed Salhia who owned EGLINTON FINE CARS, and he first saw the vehicle on the lot with a sign on the windshield showing a selling price of over \$7,000.00. He decided to purchase the car, withdrew \$4,000.00 in cash from the bank on July 6, 1998 (Exhibit 3, Tab 3), paid it to the dealer and turned over his own vehicle as a trade-in. Mr. Johnson stated that he thought the final price would be something around \$10,000.00 but the particulars of the transaction was not explained. Mr. Salhia told him that the taxes were being waived although taxes were shown as paid on the invoice so he knew that the figures were not right. Mr. Johnson drove the car home that night, but promised to bring a further cheque in the amount of \$3,047.00 and did so on

June 11, 1998. He had been told that his trade-in was valued at \$2,000.00 but when he reviewed the transaction, it was shown as \$3,000.00. When he drove his new vehicle on the highway, the battery cable kept coming off, and when he did a background check of the vehicle with the Ministry of Transportation, he found that the vehicle had been in an accident. Mr. Johnson testified that he asked the dealer to reverse the transaction and the dealer agreed. He received back his trade-in vehicle, and \$2,000.00 from the dealer but a cheque for \$1,000.00 was not honored. Mr. Johnson filed a statement of claim against the dealer (Exhibit 3, Tab 4) for the maximum \$6,000.00 plus costs. He received a judgment for \$6,848.38 (Exhibit 3, Tab 5) and then made a claim to the Motor Vehicle Dealers Compensation Fund which paid him \$1,600.00.

In cross-examination, Mr. Johnson testified that he works as a coordinator for a cleaning company, and at the time of the purchase was working in a restaurant in which he owns an interest. He testified that he holds a diploma in general arts from George Brown College.

Mr. Johnson testified that he bought his 1988 Honda Prelude privately in 1998 for \$3,000.00 even though he knew that the market price was under \$3,000.00, but he was desperate to buy the vehicle. Even though he spent approximately \$2,000.00 on repairs, he decided to replace it with a newer vehicle. After looking in the "Auto Trader," he thought that the price range for a 1990 Honda Accord was between \$7,500.00 and \$7,900.00. He was referred to Eglinton Fine Cars Limited by a friend, attended at the dealership, and decided to buy the car. He testified that he was told the price was close to \$10,000.00 but the taxes would be waived and he believed the price was between \$9,000.00 and \$10,000.00. Mr. Johnson stated that after he received the car, he decided that he had paid too much. He did not know the formula used to calculate the price by the dealer.

Mr. Johnson testified that he took the cash from his bank account on Friday July 6, 1998, and had the car for the weekend. When it was pointed out to him that July 6, 1998 was a Monday, he stated that he was at the dealer on Saturday, and took the car home. He confirmed that he did not have any document showing that the trade-in value of his vehicle was \$2,000.00 but maintained his position that the dealer had quoted \$2,000.00 rather than the \$3,000.00 shown on the bills of sale. The bill of sale dated July 3, 1998 (Exhibit 3, Tab 3 p. 6) was presented to him by the dealer, but he did not sign it. He agreed that the dealer told him that he was going to save money on taxes, and that the tax paid was less than the amount properly due for the actual sale price. Mr. Johnson acknowledged that he knew that the price of \$6,000.00 on the July 3, 1998 bill of sale was not correct. Mr. Johnson stated that the total price was more than \$7,000.00 but when he calculated the amount he paid, it seemed too high. Mr. Johnson agreed that in his Statement of Claim (Exhibit 3, Tab 4) he claimed that the asking price of the vehicle was \$7,047.00 although he was not sure if that was actually the price for it. He had simply used the total of the money he paid to the dealer in the transaction. Mr. Johnson stated that he did not include the value of the trade-in vehicle to the claim as there was a limit to the financial jurisdiction of the court.

Mr. Johnson testified that he had problems with the car prior to delivering the cheque on July 11, 1998, however the dealer fixed the battery cable problem and assured him that everything was fine. On the strength of this, he turned over the cheque for \$3,047.00. He explained that he re-evaluated the situation after approximately a week, as he saw that the dealer was having problems with other clients.

EVIDENCE FOR THE FUND

Mr. Redinger testified that he is the Secretary Treasurer of Ready Import Co. which is a Honda dealership and has eleven years experience with that company. He oversees the paperwork for the selling of used cars, and stated that in his opinion on July 3, 1998, a 1990 Honda Accord LX with 143,941 km would be sold for \$6,000.00 as a used car. Further, in his opinion a 1980 a Honda Prelude with 158,451 km would be sold for \$3,000.00 by a dealer in a retail transaction.

In cross-examination, Mr. Redinger agreed that different factors including mileage and conditions of vehicle can effect the price of car. He explained that customers have different levels of sophistication when shopping for a car. He stated that different dealerships may sell for different amounts and that people often pay less than the asking price.

In redirect examination, Mr. Redinger explained that the price quoted took into account the evidence that the vehicle had been in an accident, and that there were mechanical problems. An 8 year old vehicle with that mileage would not have been worth \$10,000.00.

FACTS FOUND PROVEN:

The Tribunal finds that the bills of sale produced in evidence (the initial purchase and the re transfer to dealer) were the bills of sale given by the dealer "Eglinton Fine Cars" to the Applicant. On the contract of July 3, 1998, the list price of the vehicle is \$6,000.00, the trade in allowance is \$3000, the taxes are \$450.00 and the deposit is \$4000.00.

The Tribunal finds that the dealer did receive \$4000.00 on July 3, 1998. The Tribunal places no importance on the bank transaction being shown on July 6 as it is possible that a transaction carried out on Friday, July 3 or Saturday, July 4 would be shown on the next business day which was July 6.

There is a notation on the original bill of sale that the dealer was paid in full on July 11. If the actual price of the vehicle had been \$6,000.00 plus tax, the balance owing on the transaction after receipt of the trade-in would have been only \$3,450.00 so it is clear that the bill of sale document does not represent the actual transaction. The Tribunal finds Mr. Johnson made a

private agreement with the dealer even though he did not know the particulars. He was prepared to enter the agreement even though it was not in writing and he was well aware that the lower price listed on the bill of sale was for the purposes of immediately evading the payment of the proper amount of Retail Sales Tax and G.S.T. and ultimately evading the payment of the proper amount of income tax on money earned by the dealership. Despite problems with the vehicle, Mr. Johnson delivered a cheque on July 11, 1998 to the dealer in the amount of \$3,047.00 as he chose to complete the transaction with knowledge of the tax evasion scheme and the mechanical problems.

The Tribunal is unable to find whether the dealer breached his unwritten illegal contract with Mr. Johnson as its terms are not known. The Tribunal finds that the judgment obtained in Small Claims Court does not reflect the transaction between Mr. Johnson and the dealer. The terms of the agreement are not known, and the asking price of the vehicle in Mr. Johnson's Statements of Claim is simply a total of the payments he made. The Judgement Mr. Johnson obtained does not reflect the actual contract of sale Mr. Johnson entered into with the dealer.

APPLICATION OF LAW TO FACTS:

In this matter, the Tribunal has been provided with a written contract that does not set out the parties' actual monetary transaction, and it was not signed by Mr. Johnson. A verbal agreement between Mr. Johnson and the dealer was the operative agreement. Even for the agreement the actual asking price of vehicle is not clear; indeed, the terms of the agreement are not clear to the Applicant. The underlying purpose of the unwritten agreement between Mr. Johnson and the dealer was to illegally evade the immediate payment of Retail Sales Tax, and G.S.T. and later allow the dealer to avoid payment of income tax.

This is not a case where a consumer has made a legal contract for the purchase of a vehicle, and has suffered a loss. The issue is whether the Applicant is entitled to receive compensation from the Fund for a loss arising from an agreement left unwritten for the purpose of evading the payment of various taxes. This Tribunal finds that if a party takes part in a tax evasion scheme, and suffers a loss, that is not the type of loss the Fund was established to reimburse. It is not an insurance plan for losses suffered in illegal transactions in which the customer is a knowing participant. The Motor Vehicle Dealers Compensation Fund has paid \$1,600.00 to the Applicants on the basis of the cost of the vehicle, taxes and the trade in value shown on the contract, plus the \$150.00 for court costs, less the \$2,000.00 received from the dealer. The Tribunal does not find the Applicant entitled to further compensation.

DECISION

Therefore, by virtue of the authority vested in it under the *Motor Vehicle Dealers Act*, Regulation 801, Section 15(3), the Tribunal directs the Board of Trustees of the Motor Vehicle Dealers Compensation Fund to disallow the claim.

LICENCE APPEAL TRIBUNAL

David J. Hunt,
Vice-Chair

Released: July 27, 2001

MOGHADDAM, ALIREZA and JKA Motors Ltd.

JKA MOTORS LTD. AND ALIZERA MOGHADDAM

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATIONS

TRIBUNAL: DOUGLAS C. MACKINTOSH, Vice-Chair

APPEARANCES: G. PETER ABRAMS, Counsel representing the Applicants
AVIVA R. HARARI, Counsel representing the Registrar

DATE OF HEARING: May 18, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal from a proposal by the Registrar under the *Motor Vehicle Dealers Act* ("the Act") dated December 28, 2000 to revoke the registrations of the Applicants JKA Motors Ltd. as a dealer and Alizera Moghaddam as a salesperson.

The Applicant, Alizera Moghaddam, is 42 years old and came to Canada in 1989. He grew up in Iran and got some experience with the workings of cars by helping his father who was a mechanic. He also got experience selling cars with his brother who was in the business. He is educated with a masters degree from Kashmir University in the Science of Geology. He speaks four languages and indicated that he understood the proceedings.

After his arrival in Canada, he ran a fast food business and took a computer course at George Brown Community College. In March 1999 he applied to the Ontario Motor Vehicles Industry Council ("OMVIC") to be registered as a car salesman and for his company JKA Motor Sales Ltd. ("the Company") to be registered as a dealer. He paid the fees and obtained the necessary licences in May 1999. Alizera Moghaddam was the sole director and officer of the company.

A property was leased in Toronto, located at 395 Dundas Street East. It has enough space for 25 to 30 cars and a garage for cleaning and checking used vehicles bought for sale and is rated by the OMVIC inspector as a fair sized dealer but not a franchised one. The Company employs three people. It does not have a licensed mechanic.

Mrs. Moghaddam, his wife, looks after the books. Unfortunately, according to Alizera Moghaddam, she had an accident with some glass falling on her head, after which she kept forgetting things and is currently on medication.

THE ISSUE:

Is the Registrar's proposal wrong to revoke the licence of the Applicant corporation and the Applicant salesperson Alireza Moghaddam? Are there sufficient grounds, based on the Applicants' past conduct, to believe that the Applicants' will not carry on business with honesty, integrity or in accordance with the law?

THE FACTS:

The Registrar relies mainly on 8 transgressions by the company to support the proposal.

The context is important in which this took place. It was established by Ms. Louise Gingras, who is an experienced inspector for OMVIC. She testified that in September 1999 she visited the dealership and gave instructions to Alizera Moghaddam to correct the poor manner in which he was carrying on business. In particular, she left an inspection notice with him which he signed. The text of that notice reads:

"You must disclose material fact on your bills of sale. Any disclosure made on the bill of sale when you purchase a vehicle must be indicated on the bill of sale when the vehicle is sold.

You have been provided with a garage registry today. Please ensure this is kept up to date at all times".

Alizera Moghaddam confirmed his understanding about the significance of disclosure by telling Ms. Gingras that he was forced to take back a vehicle sold by him at the Toronto Auto Auction for the lack of disclosure.

However, a year later in September 2000 when Ms. Gingras visited the dealership her advice had not been taken. The garage registry (a requirement under the *Highway Traffic Act*) had not been kept up to date and various infractions were discovered. These were later confirmed by some of the buyers of the vehicles involved and are set out below:

1. In October 1999 a 1995 Ford Contour was purchased by the dealer at auction marked "accident repaired" on the invoice. It was sold in May 2000 to K. Spaczynski without this disclosure on the invoice.

2. In February 2000 a Chevrolet Cavalier was purchased by the dealer at auction marked on the invoice "accident and repaired" and, although hard to read, a further declaration "frame damage". It was sold almost immediately to K. Cybelius without this disclosure. Mr. Cybelius testified that he would not have purchased the vehicle if he had known of the accident.
3. In March 2000 a 1989 Ford Probe was purchased by the dealer at auction marked "accident repaired" on the invoice. In June 2000 the vehicle was sold to M. Musiychuk without this disclosure. Mr. Musiychuk only found out about the accident when he was having the oil changed. He testified he might have bought the car if he had been made aware of the accident repair notation but would have argued about the price.

Musiychuk's version of the process of financing differs from the Applicant's version. He said he had arranged a bank loan of \$5,000 before he went to buy the car and that he took the bill of sale to the bank and obtained the loan. Alizera Moghaddam, on the other hand, which this Tribunal does not accept, said that he told Musiychuk of the accident but was asked not to write it on the invoice because the buyer did not care and wanted to get a bank loan.

4. In March 2000 a Honda Civic LX was purchased by the Applicant dealer at auction marked "True KM unknown" on the invoice. The vehicle was sold to L. Roberts without this disclosure. The odometer reading when Mr. Roberts bought the vehicle was 163,527.

Alizera Moghaddam testified that he inspected the vehicle and inquired from Honda about the average kilometres on a car of its age and found the reading to be about right.

5. In April 2000 a 1996 Mazda MX3 Precidia was purchased by the Applicant dealer at auction marked "acc. repair" on the invoice. It was sold to C. Guzman in June without this disclosure shown on the invoice obtained from the dealer.
6. In June 2000 a 1992 Plymouth Sundance was purchased by the Applicant dealer at auction marked "Police car" on the invoice. It was sold in February 2001 to L. Trieu without this disclosure. However, the buyer wrote a letter to OMVIC indicating that the salesman said the car was from the government. That turned out to be the case. Nothing, therefore, turns on this transaction.

7. In June 2000 a 1997 Chevrolet Cavalier was purchased by the dealer at auction marked "accident repaired" on the invoice. This was sold to A. Sheikh without this disclosure being noted on the buyer's copy of the invoice. What is significant is that the company's copy of the invoice reads:

"The vehicle is equipped as seen final sale. Accident repair"

Mr. Sheikh testified that he bought the car for his daughter and only found out about the accident because the back seats were loose. He had various other problems with the vehicle and said he would not have bought the car if he had known of the accident.

Alizera Moghaddam testified that he disclosed the accident to Mr. Sheikh who demanded the accident not be put on the invoice because of resale. Alizera Moghaddam went on to say the value of this vehicle involved without an accident noted was \$10,000 and with an accident noted \$5,500 which is what the buyer paid. He added that "accident repaired" is put on at auction sales to avoid arbitration.

8. In August 2000 a 1998 Ford Contour was purchased by the Applicant dealer at auction marked "accident repair" on the invoice. It was sold to S. Razdan without this disclosure on his copy of the invoice of sale although the company's copy is marked "accident repair". The evidence given by Ms. Gingras was that all three copies of these bills of sale should be the same except for the signatures.

The Tribunal finds that the Applicant Alireza Moghaddam inspected these particular vehicles to satisfy himself and that when there subsequent problems, he reduced the cost of repairs.

THE POSITION OF THE PARTIES:

The position of the Applicants' counsel is that these transgressions should be related to the total volume of business which is that 120 cars were sold retail and 20 wholesale in the year 2000. 15 to 20 clients were seen on a daily basis. (These figures are accepted). The shortcomings of disclosure, he says, are statistically minute in relation to the total number of vehicles sold and therefore do not amount to that level of past conduct affording reasonable grounds for the belief the Applicants will not carry on business in accordance with the law, integrity and honesty.

The Registrar's counsel argues that the past conduct of the Applicants is dishonest and provides adequate grounds for the proposal. The dealer deliberately misrepresented the vehicles to the consumer and failed to comply with the instructions from the inspector from OMVIC, Ms. Gingras. The provision of false doctored documents was a devious attempt to mislead the inspector.

THE LAW:

Section 3 of the Act states;

(1) No person shall,

(a) carry on business as a motor vehicle dealer unless the person is registered under this Act; or

(b) act as a salesperson of or on behalf of a motor dealer unless the person is registered as a salesperson of such dealer and such dealer is registered as a motor vehicle dealer under this Act.

.....

Section 5.(1) of the Act states:

(1) An applicant is entitled to registration or renewal of registration except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

(c) the applicant is a corporation and,

.....

ii) the past conduct of its officers or directors affords reasonable grounds for the belief that its business will not be carried on accordance with law and with integrity and honesty;

.....

Section 7.(4) of the Act states:

7. (4).....the Tribunal ...may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take...

.....

The leading case is Brenner v Registrar of Motor Vehicles and Salesmen 1983 19 CRAT Divisional Court which confirms how the Act should apply:

"The effect of s. 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for the belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question. Instead the Board seems to have been pre-occupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself."

In Wrzalka v Registrar LAT 29 Jan 2001 an appeal was allowed where the Applicant had a number of similar infractions. But the circumstances were different. To a large extent it appears that the Tribunal accepted the explanations given by the Applicant, although at one point it was noted his evidence was evasive and unsubstantiated. But the Tribunal stated, "...it appears that all of the vehicles involved in this matter have been found satisfactory by the purchasers. In most cases the purchasers have been advised that the vehicle has been in an accident although the particular disclosure from the original bill of sale was not disclosed".

It is significant that the inspector in this case had not previously instructed the Applicant on the disclosure required to be made.

APPLICATION OF THE LAW TO THE FACTS:

The Tribunal is called upon to determine whether or not the past conduct of Alizera Moghaddam and his company afford reasonable grounds for revoking their licences. Alizera Moghaddam obviously has the required ability and personality for the business of selling cars. He is well educated and intelligent. But when it comes to matters of credibility, this Tribunal prefers the evidence of the other witnesses to that of the Applicant Alizera Moghaddam. Too many facts do not support him.

The Applicants' conduct was clearly at odds with the instructions given by the inspector, Louise Gingras, respecting disclosure required on the sale of vehicles. Alizera Moghaddam did not follow her instructions. Moreover, he doctored his copies of two bills of sale attempting to show disclosure had been made when it had not been.

Obviously a notation of "accident repaired" is information that would influence a normal person on whether to buy a vehicle at all or whether to bargain for a better price. In the example given by the Applicant, there is a huge 45% drop in the price from \$10,000 to \$5,500 when disclosure is made about accident repaired.

By way of explanation, Alizera Moghaddam claimed that some disclosure was omitted at the request of the buyer for resale purposes. Even if believed, it has not escaped the Tribunal that to be doing so is in itself not honest and simply enables the buyer to cheat someone else on resale with the assistance from the dealer conveniently omitting the record of accident.

In totality, this conduct is unquestionably dishonest and provides ample grounds for the reasonable belief on the part of the Registrar to support the proposal to revoke the Applicants' licences. The business of selling cars requires the consumer protection of honest dealings. The maxim *caveat emptor* has been significantly restricted by the Act for the benefit of the public. Proper disclosure is a vital part of the scheme.

DECISION AND ORDER:

Accordingly, pursuant to the authority vested in it by Section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his Proposal dated December 28, 2000 to revoke the registrations of JKA Motors Ltd as a motor vehicle dealer under the Act and Alizera Moghaddam as a motor vehicle salesperson under the Act.

K.W. USED CAR SALES LTD. and KRZYSTOF WAWRYKA

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

Z. R. BELINA -CZECHOWSKI, Agent representing the Applicant
AVIVA R. HARARI, Counsel representing the Registrar under the
Motor Vehicle Dealers Act

DATES OF HEARING: April 27, 2001 &
June 27, 2001 Toronto

REASONS FOR DECISION AND ORDER

This is a hearing before the Licence Appeal Tribunal (the "Tribunal") arising out of a Notice of Proposal issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Registrar", and the "Act" respectively). The Notice of Proposal dated December 28, 2000 proposed to revoke the registration of K. W. Used Car Sales Ltd. ("K.W.") as a dealer, and Krzysztof Wawryka as a salesman under the Act.

BACKGROUND:

The Registrar under the Act proposed to revoke the registration of "K.W." as a motor vehicle dealer, and Krzysztof Wawryka as a salesman. The grounds relied upon by the Registrar for the Proposal are set out below:

1. The Registrant Krzysztof Wawryka is the sole officer of K. W. Used Car Sales Ltd. and the past conduct of Krzysztof Wawryka affords reasonable grounds for belief that the Registrant's undertakings will not be carried out in accordance with law, and with integrity and honesty, TO WIT;
 - (a) The Registrant K. W. Used Car Sales Ltd. has failed to disclose material information to purchasers of vehicles from the dealership on a number of transactions.

THE LAW:

Section 3 of the *Motor Vehicle Dealers Act* (the "Act"), states as follows,

- (1) No person shall,
 - (a) carry on business as a motor vehicle dealer unless the person is registered under this Act; or
 - (b) act as a salesperson of or on behalf of a motor vehicle dealer unless the person is registered as a salesperson of such dealer and such dealer is registered as a motor vehicle dealer under this Act.

.....

Section 5 of the *Motor Vehicle Dealers Act* (the "Act"), states as follows;

- 5(1) An applicant is entitled to registration by the Registrar except where,
 - (a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or
 - (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law, and with integrity and honesty; or
 - (c) the applicant is a corporation and,
 - (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of business, or
 - (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carried on in accordance with law and with integrity and honesty; or
 - (d) the applicant is carrying on activities that are or will be, if the applicant is registered, in contravention of this Act or the regulations.
- (2) A registration is subject to such terms and conditions to give effect to the purposes of this Act as are consented to by the applicant, imposed by the Tribunal or prescribed by the regulations.

Section 6 of the Act states as follows;

(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion, the applicant is disentitled to registration under section 5.

(2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 5, if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.

CASELAW:

Brenner v Ontario (Registrar of Motor Vehicle Dealers and Salesman) 1983 O. J. No. 1017 Ontario Supreme Court-High Court of Justice Divisional Court

This was an appeal by the Registrar of Motor Vehicle Dealers and Salesmen from a decision of the Commercial Registration Appeal Tribunal in which the Tribunal directed the Registrar to grant a conditional registration to the Respondent. The Applicant had a serious criminal record which he had disclosed in his application but he had not disclosed three further convictions which were considered by the Registrar to be minor offences. The Applicant heard evidence from a potential employer and a criminal lawyer who testified that the Applicant was rehabilitated. The Court found that the Tribunal had not applied the proper test, and set out this test in paragraph nine of its judgment as follows:

"the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was the possibility that he, indeed, might have reformed himself."

Off Lease Motor Car Sales Inc and Vasilios Tharrenos (November 5, 1999) Commercial Registration Appeal Tribunal

In this case, a Notice of Proposal had been issued against the registrant on the basis that he employed unregistered sales persons and was selling vehicles without proper disclosure. The Tribunal found that the registrant had purchased vehicles which had been involved in serious accidents and had been written off or salvaged. These vehicles were sold to customers without notifying them of the condition of the vehicle. No thorough inspection of the vehicles was done by the registrant, and in one case he decided that a vehicle had not been in an accident based on a one minute examination of it. In the case of one vehicle, the Tribunal found that the registrant knowingly sold a seriously damaged vehicle to a consumer and refused to settle the matter until the Ontario Motor Vehicle Industry Council intervened. For another vehicle with obvious dents and scratches, the Tribunal found that although there was non-disclosure, it was not material and did not amount to a misrepresentation due to the visible nature of the damage. There had been allegations of odometer tampering, but the Tribunal found that there were no misrepresentations.

The Tribunal found that a purchaser of a vehicle is entitled to know all relevant information regarding the vehicle. The statement 'accident repair' was found to be information that could influence a customer in deciding whether or not to purchase a vehicle, and was therefore relevant and material to the contract. Six instances of material non-disclosure were found, and Mr. Tharrenos was found to be the author of the acts and omissions. In the circumstances, the Tribunal found that the past conduct of the Registrant gave the Registrar proper grounds for the decision to revoke the registration.

Aria Auto Sales Ltd & Yousofzai Shah [1998] O.C.R.A.T.D. No. 237

In this case, a Notice of Proposal had been issued to revoke the registrations of the dealer and the salesman on the basis of past conduct. It was alleged that the dealer was leading customers to believe that they had warranties which were not registered and was not disclosing that vehicles were theft recovery or had sustained accident damage and were repaired. The Tribunal found that there was not sufficient disclosure. At page 9 (para. 30) the Tribunal stated:

“These disclosures should have been made when Aria sold the vehicles, more particularly in the case of the of the vehicle declared a total loss. Non disclosure of these material facts is tantamount to dishonesty and unethical business practice. In addition, non disclosure may have been unlawful in that such non disclosure contravened the Business Practices Act, more particularly, s. 2, thereof, which deals with unfair practices.”

The dealer was also found to be employing an unregistered salesperson. The dealer also failed to register the motor vehicles within six days of their purchase as required by section 11(2) of the *Highway Traffic Act*, denying the Province of Ontario timely payment of Sales Tax and up to date information about the vehicle which the Tribunal found to be dishonest behaviour. The Tribunal found that there were sufficient and justifiable grounds for the decision of the Registrar.

**1280953 Ontario Limited O/A Morato Cars and Radomir Miljkovic [May 11, 2001]
Licence Appeal Tribunal**

In this matter, the Registrar had issued a Notice of Proposal to revoke the registration of the dealer and salesperson on the basis of past conduct. There were allegations that the dealer misrepresented odometer readings to customers, failed to disclose material facts, altered the company books to mislead the investigator, sold vehicles from other than its registered premises, and carried on business when not registered.

The Tribunal found that vehicles were purchased by the dealer with true kilometers traveled unknown but sold by the dealer without disclosure of the true reading or the fact the true reading was unknown. The readings were found to be important to a consumer and the failure to make adequate disclosure was a flagrant disregard of the dealer's obligations and contrary to the written notice given to the dealer. This was found to be sufficient to afford the Registrar reasonable grounds to believe that the Registrant and the salesman would not carry on business in accordance with law, integrity and honesty.

The Tribunal found that the dealer, through its salesman, failed to disclose to customers that five vehicles had been branded as salvage. Branding as salvage indicated that there had been serious damage, and this was indicated on the bill of sale from the auction to the dealer. On page 17 the Tribunal found that:

"The failure of Miljkovic to disclose the fact that the motor vehicles were branded as salvage gives the Registrar further reasonable grounds for belief that neither Miljkovic nor the Dealer will carry on business in accordance with law and with integrity and honesty."

The Tribunal found that the alteration of records by the dealer to mislead the Ministry and the recent industry-related convictions of Miljkovic afforded grounds for the Registrar to find that the registrations of the dealer and salesman should be revoked.

ISSUES:

The legal issue in this case is whether the Registrar was wrong in his decision to revoke the registration of the dealer and the salesman under the Act on the basis of past conduct.

WITNESS FOR THE REGISTRAR

Mr. Greg Weeks testified that he purchased a 1997 Acura (V.I.N. # 19VYA2252VL800276) from K. W. Used Car Sales Ltd. for \$18,055.00 including tax. He dealt with Mr. Wawryka and

was told that the car had damage to the front and rear, but he was given no information as to the extent of the damage. He was skeptical, as the price was up to \$3000 lower than similar vehicles he had seen, and he took a friend who was a mechanic with him to look at the car. He asked to see the pictures of the vehicle prior to the repairs and was advised that the pictures were at a residence. When he attended at the residence, he did not see the pictures and found that the vehicle's engine was warm even though he had been told that the vehicle was not being used. When he test drove the vehicle, it drove well, and he saw that it had no apparent body or frame damage. In his opinion, it generally looked very good. He still wanted to see the pictures, but he completed transaction and relied on Mr. Wawryka's assurance that there had been damage to the front and rear of the vehicle. There was still a minor blemish on the rear tail light, and he still had concerns due to the fact there had been damage to the front and the back of the vehicle. Mr. Weeks testified that he was not been told that the vehicle had been a "write off" or that it had been branded "salvage", and would have not have purchased the vehicle if he had been given this information. The bill of sale had the notation "accident repair" and Mr. Weeks was not sure why this notation was there, and assumed it related to the damage mentioned by the salesman.

In cross-examination, Mr. Weeks said that he was not sure what "salvage" meant, but would guess that it means the car was a wreck, and thought that "insurance write off" meant that the cost of the repair of the damage exceeded the value of the car. In the past, he had owned a car which was in an accident, written off by the insurance company and repaired. Mr. Weeks agreed that on his ownership document, there was a notation "branded-rebuilt", but he did not receive this until the transaction was completed. He stated that his friend (the mechanic) who inspected the car with him had left the decision to him, and he was impressed with the price of the vehicle. The witness thought it was odd that the vehicle was at a private residence when he saw it and that he was told that the pictures of the car prior to the repairs were in the console of the vehicle. His present opinion is that based on all that he knows now, he does not think it is a good car. If he had known that the vehicle was a "write off", he would not have purchase it. One concern he had was that the resale value would be lower when he wished to sell it. With his present knowledge of the history of the vehicle, he feels uncomfortable when he hears any type of noise while driving the vehicle. Mr. Weeks testified that he did not complain to K.W. or to the Ontario Motor Vehicle Industry Council ("O.M.V.I.C."), but on October 6, 2000 someone from O.M.V.I.C. called him, told him his rights, and asked what information had been given. They asked about the purchase and asked if he had been specifically told that the vehicle was "salvage" or a "write off", and he told them "no".

Mr. Mike Haran testified that he purchased a 1993 Mazda 626 (V.I.N. # 1YVGE22A7P5151474) from K.W. for \$6,900.00 including tax. He stated that Mr. Wawryka gave him little information, and he did not to get a background check as he had been told previously that dealers did not need to give the information package. Mr. Haran stated that he was told nothing about the history of the vehicle and did not know that it had been insurance "write off" or that it had been branded as "salvage". This would have given him concern as he has a son and he wants his family in a safe vehicle. When he opened the trunk, he saw that there were rivets on one side but not the other. He testified that he asked Mr. Wawryka about it, and he was told that there had been some damage. He stated that he would not have bought

the car if he knew the extent of the damage.

In cross-examination, Mr. Haran agreed that he did not know what it meant for the vehicle to be an insurance "write off" and did not know if it meant that the vehicle had been a total loss, or what connection it would have to the actual condition of the vehicle. His father had looked at the vehicle and did not see a problem with it. He confirmed that he did not go to the Ministry of Transportation for an information package as he did not think he needed one. Mr. Haran complained that the trunk on the car does not line up, the hood is "like a piece of paper" and the car pulls to the right, but he said there are no other major problems.

Mr. Robert Sembay testified that he is a registered motor vehicle dealer and the president of North Queen Auto Parts which has been in business since 1959, and he has worked there since 1969. The company sells used parts and damaged vehicles to people who repair them, and also repairs and sells the repaired vehicles to the public. North Queen Auto Parts is a member of the Ontario Auto Recyclers Association and in March 2001 he finished his term on the board of the organization. This association has approximately 150 members who carry on the same type of business. He confirmed that he had sold vehicles to K.W. Used Car Sales Ltd. and identified the four vehicles referred to in the Notice of Further and Other Particulars (Exhibit 3) as having been sold by North Queen Auto Parts. Mr. Sembay identified insurance company repair estimates for the vehicles and the bills of sale for the sales to K.W. (Exhibit 4, Tab 32).

Mr. Sembay testified that North Queen Auto Parts sold the following vehicles to K.W.:

- i) a 1993 Mazda (sold to Mr. Haran by the Registrant) was sold to K.W. on May 17, 2000 for \$2,675.00. This vehicle was purchased by North Queen Auto Parts from the Dominion of Canada Insurance Company as a "total loss". Repair costs were estimated at \$10,607.00, and it was branded as salvage.
- ii) a 1996 Corolla (V.I.N. # 2T1BA05E8TC141581) was sold to the Registrant by North Queen Auto Parts Ltd. for \$3,445.00 and the estimate of the total cost of repairs was \$12,051.81 and it was branded as salvage.
- iii) a 1991 Integra (V.I.N. # JH4DA9446MS805915) was sold to the Registrant for \$13,000.00 and "total loss" was stamped on the repair estimate. Repair costs were estimated at \$5,762.99 and the vehicle was branded as salvage.
- iv) a 1990 Nissan (V.I.N. # JN1RZ26S0LX000306) was sold to the Registrant for \$6,420.00, the estimate of repairs was \$12,621.38, and the estimate was stamped "total loss".

Mr. Sembay testified that when K.W. purchased these four vehicles, K.W. would be aware of

their condition, and he considered it very important to provide full information to purchasers who eventually bought them.

Mr. Sembay stated that he was familiar with the branding process which is a voluntary program by which vehicles are designated as stolen, salvage, or irreparable. If a vehicle is irreparable, it is not permitted back on the road; however, if it is "salvage", it can be repaired and shown as "rebuilt". This process of branding is a voluntary program and if the vehicle is not branded, there is no guarantee that it has not been in an accident. In Mr. Sembay's opinion, whether a vehicle is branded or not, full information should be given to the consumer.

In cross-examination, Mr. Sembay accepted the suggestion that a vehicle would be considered salvage if the cost of repair exceeded the fair market value prior to the damage. He agreed that before the vehicle can be sold as fit, it must have a structural certificate and must be designated as "rebuilt". Mr. Sembay agreed that a vehicle can be considered a "total loss" for economic reasons but still be repairable. He testified that his company purchases damaged vehicles, repairs them and resells them to the public, however he made it clear that the consumers are advised that the vehicles have been in accidents and repaired. The vehicles must pass a structural inspection and photographs of the vehicle and the accident damage together with any invoices for parts and labor and other relevant documentation must be presented to the mechanic who inspects a vehicle. Mechanics who do structural inspections are specially licensed, and Mr. Sembay believes that it was a type of body shop license. A structural inspection form must be produced to change the branding from "salvage" to "rebuilt". His evidence was that the photographs are left with the mechanic. Recovered stolen vehicles are branded as "stolen", and insurance company decides if they will be branded as "salvage".

Ms. Louise Gingras testified that she has been employed as inspector for O.M.V.I.C. since July 1997. Prior to that, she worked for one-year as a private investigator and for four years as an investigator for the federal government. She testified that O.M.V.I.C. was created in 1997 to administer and enforce the *Ontario Motor Vehicle Dealers Act*. The purpose of the legislation is consumer protection which is achieved through registration, inspection, and investigation. Under section 5 of the Act, an applicant is entitled to registration or renewal subject to considerations of the past conduct, honesty, and integrity of the officers of the company. In this case, the owner of the company is the salesman, and is the operating mind of the company.

All the issues in the Registrar's Proposal and in the Notice of Further and Other Particulars relate to the issue of whether there has been nondisclosure of material information to consumers. The dealer registrant, K.W. Used Cars Ltd., was originally registered on June 6, 1996, and Mr. Wawryka was first registered as a salesman on September 23, 1994.

Ms. Gingras explained that the branding program began in 1998 and is a voluntary program by the insurance companies by which vehicles are designated as "salvage", "irreparable", or

"stolen". The salvage or stolen vehicles can be later branded as "rebuilt" after they have passed a structural inspection. If a vehicle is not branded, it does not mean that there has not been a serious accident as the program is voluntary. The result is that there are many vehicles on the road which have been in accidents but not branded. Even if the vehicle is not branded, it would still be necessary for a dealer to disclose all material facts so that the customer can make the decision of whether to purchase, or what is the appropriate price based on complete information. In the opinion of Ms. Gingras, if a vehicle has sustained substantial damage, it is a material fact and should be disclosed.

Ms. Gingras stated that the registrant, K.W., had purchased vehicles from Impact Auto Auctions Ltd. which was a company that deals exclusively with insurance write-offs and stolen/recovered vehicles. A buyer's registration package (Exhibit 4, Tab 17) is provided to dealers so that they may understand the nature of the product. The vehicles for sale are arranged in rows, and their motors are not started by the potential purchasers. Some of the vehicles are in pieces, and much of the area looks like a wrecking yard. Ms. Gingras reviewed the documents obtained during her inspection and examined the purchase invoices from Impact Auto Auctions Ltd. together with the corresponding bills of sale from K. W. Used Cars Sales Ltd. to the various customers.

A summary of Ms. Gingras review of these invoices follows:

1996 Honda Accord

The first document (Exhibit 4, Tab 7) was the invoice from Impact Auto Auctions Ltd. for the 1996 Honda Accord which was sold to K.W. for \$6,179.25 with a notation that the vehicle was branded as "salvage". On the Bill of Sale from the Applicant to the customer Mr. Franciszek Gubernat (Exhibit 4, Tab 8) the purchase price was \$11,212.00 and there was a notation "as is". The witness testified that she did not think the notation "as is" was sufficient as it did not inform the purchaser that the car was in an accident, was salvage, or had been a write off. She stated that the customer had now died, but during a conversation with him, she asked if the car had been in an accident. He had said "no", and when she asked if the car with damaged at the time he purchased it, he stated "no".

1997 Ford Escort

The next invoice (Exhibit 4, Tab 11) was for a 1997 Ford Escort which was sold to Stephen Thompson for \$8,625.00 with no information provided in the "remarks" area of the invoice. The invoice from Impact Auto Auctions Ltd. showed that the vehicle was sold for \$4,226.50 and was not branded. Ms. Gingras testified that it could be assumed that the vehicle was damaged due to the low price and the fact that it was sold by Impact Auto Auctions Ltd. In her opinion, there should have been an appropriate notation on the bill of sale. When she spoke to Mr. Thompson on October 6, 2000, her notes indicated that he told her that the salesman told him that the car was in an accident but assured him that it was not a write off, there was no frame damage, and that the drivers side was repainted and replaced. His understanding was that the car had been hit on the front driver's side, and he was assured that everything had

been properly repaired. Ms. Gingras concluded that there was not proper disclosure to Mr. Thompson, and she gave him a form letter he could use if he wanted to send a letter rescinding the Agreement.

1997 Acura

The next vehicle and was a 1997 Acura. On the invoice for the sale from Impact Auto Auctions Ltd. to the Applicant, the sale price was \$6,339.75 and the vehicle was branded as "salvage" (Exhibit 4, Tab 13). This vehicle was sold by K.W. to Mr. Greg Weeks for \$18,055.00 with a notation on the bill of sale of "accident repair" (Exhibit 4, Tab 14).

1991 Acura Integra

Ms. Gingras testified that the K.W. sold a 1991 Acura Integra to Mr. Sivakumar for \$4,140.00 with a notation "car sold as is" (Exhibit 4, Tab 18). Ms. Gingras stated that according to the Ministry of Transport records (Exhibit 4, Tab 19) this vehicle was purchased by K. W. Used Cars Sales Ltd. and was branded as "salvage". In her opinion, the use of the term "as is" was not adequate, and the term is not defined in the Act or Regulations. She concluded that there was inadequate disclosure made to the customer.

1996 Toyota Corolla

A 1996 Toyota Corolla was sold by the dealer to Mr. Kalic for \$9,602.50 with no notation in the remarks area of the bill of sale (Exhibit 4, Tab 20). This vehicle had been purchased by K.W. from North Queen Auto Parts Ltd. for \$3,745.00 (Exhibit 4, Tab 21). In her conversation with Mr. Kalic, Ms. Gingras was told that Mr. Wawryka had told him that the car was in good shape, was a good car, and had been in an accident which caused damage to the side of the car. The purchaser was given no information as to the extent of the damage or the repairs done. Ms. Gingras testified that the vehicle had been branded as salvage and rebuilt, and that in her opinion the information given to the purchaser was inadequate disclosure.

1990 Nissan 300ZX

The next bill of sale was for a 1990 Nissan 300 ZX which was sold by K.W. to Mr. Harduwar for \$14,030.00 with no notation in the remarks area on the bill of sale (Exhibit 4, Tab 24). This vehicle was purchased by K.W. from North Queen Auto Parts for \$6,420.00 (Exhibit 4, Tab 25), and Ms. Gingras testified that on that bill of sale it had been branded as "salvage". Ms. Gingras stated that Mr. Harduwar advised her that he was told the car was salvage because the engine had water in it due to excessive rain, but that the engine had been replaced. He thought that he paid a fair price for the car, and was happy with it. Ms. Gingras obtained a copy of the insurance company's estimate which showed an estimated repair costs of \$12,621.38 and described the car as a "total loss".

1993 Mazda 626

Ms. Gingras testified that K. W. Used Cars Sales Ltd. sold a 1993 Mazda 626 to Mr. Haran for \$6,900.00 (Exhibit 4, Tab 28), and there was no notation of any damage in the remarks area of the bill of sale. This vehicle was purchased by K.W. from North Queen Auto Parts Ltd. The Ministry of Transport printout (Exhibit 4, Tab 31) showed that the vehicle had been branded as "rebuilt" at the time that it was transferred to Mr. Haran. Ms. Gingras testified that K.W. had failed to disclose to the purchaser that the car had been salvage and had thereby breached its obligations under the *Business Practices Act* by not disclosing a material fact. In the opinion of the Registrar, the Applicant was not obliged to divulge the price paid for the vehicle, but nondisclosure relating to the history of the vehicle was an issue of honesty and integrity. Even though the dealer is not obliged to provide a copy of the vehicle information package, it is important that customers know what they are buying so that they can properly determine the appropriate price, and the physical integrity of the vehicle.

In cross-examination, Ms. Gingras explained her understanding of the terms insurance "write-off" and "total loss" and their relation to the decision by the insurance company whether the cost of repairs exceeded the value of the vehicle. A vehicle sold "as is" was sold without a safety certificate, could not be issued a licence plate, and could not be driven on the street until certified and licenced. Ms. Gingras also said that she was not sure why she had gone to the Applicant's premises as she did not know if there had been a complaint and thought that it could have been a routine inspection. She advised that she was not sure how many bills of sale she examined. In addition, Ms. Gingras testified that if a car is branded as salvage, the brand cannot be changed unless there is a structural inspection certificate from an authorized station. The station would receive photographs of the car prior to the repair showing all four sides of the vehicle. The photographs must be kept by the inspection station for six years. She stated that she had spoken to Mr. Weeks and had sent him information, but she did not hear from him. Ms. Gingras agreed that she had initiated all calls, and that none of the parties had contacted her with complaints about the vehicle. She explained that when the vehicle is branded "stolen" it has not been recovered and that the brand is used to keep a stolen vehicle from being transferred.

WITNESS FOR THE APPLICANT

Mr. Krzyszyof Wawryka testified that he came to Canada 1996, and has been carrying on business as a car dealer. His policy is to tell the truth to customers and to invite them to take vehicles for inspection by an independent mechanic. He explained that he shows them where the car has been repaired and shows them the pictures of the prior damage if he has them. Until Ms. Gingras began contacting his clients, he never had a complaint; but as a result of her

actions, he did receive a letter asking to reverse the transaction.

Mr. Wawryka stated that he replaces any necessary parts, has an alignment done, and has the vehicle then checked by a structural inspector who keeps pictures of the vehicle for five or six years. Mr. Wawryka testified that when he shows the vehicles to customers, he tells them everything about the vehicle that he knows. He complained that there were no instructions given to dealers on the what to write on the bills of sale or what to tell customers. He said that he advises the customers that the vehicles have been in an accident, and tells them what parts have been repaired. Mr. Wawryka stated that customers often asks for the car without a safety certificate and emissions test as it is cheaper, so he sells the car "as is". His understanding is that "as is" means that the vehicle is bought in its present condition, is uncertified, and is the responsibility of the purchaser. For the vehicle sold to Mr. Thompson, Mr. Wawryka stated that he agreed not to put "accident" on the bill of sale at the request of Mr. Thompson even though he knew it was not the right procedure.

In cross-examination, Mr. Wawryka testified that when he got Mr. Thompson's letter, it appeared that Mr. Thompson wished to sell the car and wanted \$1000 from him. Mr. Thompson had been concerned about frame damage, had explained to him that he was intending to sell the car and wanted the money as compensation. Mr. Wawryka stated that if people ask where he got a car, he tells them, and he advised Thompson that he got the car from the insurance company at auction. He produced a letter dated October 16, 2000 from Mr. Thompson (Exhibit 10) in which Mr. Thompson sought to rescind the Agreement under section 4 of the Act. In this letter, Mr. Thompson confirmed that he had been advised that the vehicle was in an accident and claimed that he was told there was no frame damage.

FACTS FOUND PROVEN:

The Tribunal finds that Mr. Wawryka is the sole proprietor and salesman for K. W. Used Cars Sales Ltd. and was responsible for the acquisition and sale of all vehicles.

The 1996 Honda Accord V.I.N. #1HGCD5634TA12336 was purchased by K. W. Used Car Sales Limited from Zenith Insurance through Impact Auto Auctions Limited for \$6,170.25 and was branded as "salvage" on the bill of sale. The car was sold by the dealer to Mr. Franciszek Gubernat for \$11,212.00 with the notation that the car was sold "as is". Unfortunately, the customer had died subsequent to speaking with Ms. Gingras and her notes provided the only hearsay recollection of the conversation. There were also concern as to his language skills. She asked him the car had been in accident and he stated "no". When she asked if the car was damaged at the time he purchased it, he also stated "no". It is not clear whether he understood the question about the accident to mean before or after it was purchased, so his response is not useful to determine what he meant by what he said. Mr. Wawryka, however,

had stated that when a vehicle is purchased "as is", it is bought in the "present condition" and all responsibility for it is on the purchaser.

The 1997 Ford Escort V.I.N # 3FALP15P8VR152013 was purchased by K.W. Used Car Sales Limited from the Pilot Insurance Company through Impact Auto Auctions for \$4,226.50. When it was sold to Stephen M. Thompson for \$8,625.00, there was no reference to accident, salvage or write-off on the bill of sale to Mr. Thompson. When Mr. Thompson was advised by Ms. Gingras that the vehicle was an insurance write-off and provided with a format for a letter to request to rescind the Agreement, he sent it to the Applicant. There is an undated document apparently sworn by an unknown Commissioner of Oaths indicating that Mr. Thompson had received a satisfactory explanation and wished to keep his car. The document further stated that he had been told the car was in an accident and had asked the dealer not to mention this on the invoice as it would have made his financing more difficult. This document was offered on behalf of K.W. and shows that the only information provided by the dealer to the customer was that the car was in an accident. When the customer was later told by Ms. Gingras that the vehicle had been insurance write-off, he was clearly surprised, and decided to rescind the Agreement until he was given a suitable explanation by the dealer. Mr. Wawryka was also willing to omit any reference to an accident from the bill of sale so that the bank would not have full and correct information for the loan application.

The 1997 Acura V.I.N. # 19UYA225VL800276 was purchased by K.W. from Unifund Assurance Company through Impact Auto Auctions for \$6,339.75 and was branded as "salvage". It was then sold to Greg Weeks for \$18,055.00 with the notation of "accident repair" on the bill of sale. The Tribunal accepts the testimony of Mr. Weeks that he was told that there was damage to the front and rear of the vehicle but was not given any indication about the severity of the accident. He made efforts to see the photographs of the vehicle prior to the repairs, but was unable to view them. Mr. Weeks knew that the price was considerably lower than other similar vehicles, and had concerns, but he relied upon the information provided by K.W. In his statement to Ms. Gingras, Mr. Weeks advised her that his understanding from the dealer was that the car had suffered "a minor collision basically a bump". Even though he had no specific complaints with the performance of the vehicle, he was clear that he would not have purchased the vehicle if he had known that it had been salvage or an insurance write-off. He understood that an insurance write-off meant that the cost of repairs was estimated to be greater than the value of the vehicle and stated that he had owned an insurance write-off in the past. The Tribunal finds that he was not advised of the history of the vehicle or the extent of the estimated damage.

The 1991 Acura Integra V.I.N. #JH4DA9446MS805915 was purchased by the dealer from North Queen Auto Parts Ltd. for \$1,391.00. It was in a damaged condition and was branded as "salvage". K.W. Used Cars Sales Ltd. sold the vehicle to Mr. Sivakumar Thiyagarajah for \$4,140.00 with the notation on the bill of sale of "as is". There was no further evidence about any information provided except the general statement of Mr. Wawryka concerning his

responsibilities on the sale of an "as is" vehicle. The Tribunal finds that the purchaser received the vehicle, and in the mind of the dealer assumed all responsibility for it as purchased.

The 1996 Toyota Corolla V.I.N. # 2T1BA05E8TC141581 was purchased by K.W. from North Queen Auto Parts Ltd. for \$3,745.00 in a damaged condition and branded as "salvage". K. W. Used Car Sales Limited sold the vehicle to Mr. Kalic for \$9,602.50, and there was no notation on the bill of sale that the car had been branded as salvage or had even been in an accident. The Tribunal accepts the evidence of Ms. Gingras that the purchaser knew that the vehicle had been in an accident but there is no evidence that the knew the extent of the accident or that it had been branded as salvage and rebuilt.

The 1990 Nissan V.I.N. #JN1RZ26S0LX000306 was purchased by K.W. from North Queen Auto Parts Ltd. for \$6,420.00 and had been written off by the insurance Company as a "total loss". K. W. Used Cars Sales Limited sold the vehicle to Kamdeo Harduwar for \$14,030.00 and there was no notation on the bill of sale that the vehicle was in an accident or had been insurance write-off. The Tribunal accepts the evidence of Ms. Gingras that Mr. Harduwar told her that he had been advised that the car was salvage but understood that this was because rain water had found its way into the engine and the engine had been replaced. Mr. Harduwar was satisfied with the vehicle.

The 1993 Mazda 626 VIN #1YVGE22A7P5151474 was purchased by K.W. from North Queen Auto Parts Ltd. for \$2, 675.00. It was sold to Mr. Michael Haran for \$6,900.00 with no notation on bill of sale that it had been in an accident or had been insurance write-off. The Tribunal accepts the testimony of Mr. Haran that he was not given information about the history of the vehicle. He did not know it had been insurance write-off or that it had been branded as salvage. Had he known of the history of the vehicle, and the extent of the damage, the Tribunal finds that he would not have purchased the vehicle as he had concerns about the safety of his family.

The Tribunal finds that some information was provided to K.W. customers about the vehicles by Mr. Wawryka, but his practice was to minimize the accidents. In the materials provided by him, there is no evidence that the customers knew that vehicles they purchased had been insurance write-offs. Only in the testimony of Ms. Gingras was there evidence of Mr. Haduwar being told that the vehicle had been salvage, however the explanation provided clearly minimized the situation. The Tribunal finds that Mr. Wawryka was not forthright with the information provided and rejects his evidence that his practice is to explain to his customers all of the parts that have been replaced and show them pictures of the vehicle in the damaged condition. The testimony of the two customers before this Tribunal is consistent, and is accepted as evidence that this is not the policy of Mr. Wawryka. Ms. Gingras' conversations with K.W. customers are consistent with this.

APPLICATION OF LAW TO FACTS:

The Act provides that the Registrar may revoke the registration of a registrant where the

registrant's past conduct affords reasonable grounds for belief that the registrant will not carry on business in accordance with the law, and with integrity and honesty. The Tribunal has found that Mr. Wawryka did not provide an accurate description of the prior condition of the vehicles so that customers could properly take that information into consideration in their decisions of whether or not to purchase vehicles from K.W. It was argued on behalf of the Applicant that if customers were advised that the vehicle had been "salvage" or "a total loss" they would not buy the car. This confirms the value of this information to the customers when making a decision to purchase a motor vehicle.

Failure by K.W. to disclose that a vehicle has been in an accident and was considered an economic write-off is nonetheless failure to disclose a material fact to the customer even if the customer is satisfied with the vehicle.

A motor vehicle dealer or salesperson deals with members of the public who are purchasing products of substantial value. Customers depend on the motor vehicle dealer or salesperson not to withhold material information that would affect the value or quality of the vehicles. A dealer or salesperson who withholds material information about a motor vehicle that is crucial to potential purchasers is not conducting business with honesty and integrity.

The legal test to be used by the Tribunal is whether the Registrar was in error in deciding that the past conduct of the Applicant provided reasonable grounds to believe that the Applicant would not carry on business in accordance with integrity, honesty and in accordance with law. On the basis of the facts as found, and the application of the law to those facts, the Tribunal finds that the decision by the Registrar was not in error.

DECISION:

Therefore, by virtue of the authority vested in it under section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his proposal to revoke the registration of K.W. Used Cars Sales Limited as a motor vehicle dealer and Krzysztof Wawryks as a motor vehicle salesman.

LICENCE APPEAL TRIBUNAL

TAGHI VAHID SHAHIDI o/a GTA AUTO

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: WILLIAM McINTOSH, Vice-Chair

APPEARANCES:

ANTHONY E. BAK, Counsel representing the Applicant
AVIVA R. HARARI, Counsel representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING:

April 26, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal pursuant to the entitlement granted to the Applicant in Section 7(2) of the *Motor Vehicle Dealers Act* RSO, 1990 c M.42 ("the Act") from a decision of the Registrar contained in a Notice of Proposal dated January 17, 2001 and supplemented by a Notice of Further and other Particulars dated March 13, 2001. The grounds given for the unwillingness of the Registrar to continue the Applicant's registration under the Act are that the Applicant's past conduct is inconsistent with his obligation under Section 5 of the Act to carry on business with integrity and honesty. The Applicant has been a Registrant under the Act since October 1999.

THE EVIDENCE:

The Notice of Proposal and Notice of Further and other Particulars contain a number of allegations regarding specific transactions of the Applicant's business which the Registrar believes gives sufficient grounds to warrant the action contemplated by the Notice of Proposal. Three of the allegations refer to vehicles sold with apparent discrepancies between the real number of kilometers traveled and the figures registered on the vehicle's odometer. Another refers to a transaction involving a vehicle with an undisclosed prior accident. The Registrar's position is that the evidence supports a finding that the Applicant completed the transactions with this knowledge. The Applicant's position is that the evidence is more consistent with a finding of carelessness on the part of the Applicant, not active dishonesty, and in any event that

the revocation of the Applicant's licence is disproportionate to the alleged breaches of the Act. Evidence was lead from inspectors from the Ontario Motor Vehicle Industry Council ("OMVIC") regarding inspections of the Applicant's dealership and consultations with the Applicant resulting from those inspections. The first of these contacts with the Applicant occurred February 17, 2000, the second on April 7, 2000 and the third on June 29, 2000. The usual routine for the inspector was to visit the Applicant's dealership, proceed with an investigation, take notes and reduce these to writing in the form of "Investigation Findings". These "Investigation Findings" were reviewed with the Applicant and signed by the Applicant and the inspector. This routine was followed for the first two visits. The record of the third visit includes only the inspector's notes.

The testimony of the inspectors and their notes reveal concerns over odometer readings and Bills of Sale. On the "Investigation Findings" produced from the February and April inspections, the Applicant was admonished to the effect that when a vehicle is sold with an unknown mileage, the customer must be told and the highest last known mileage must be indicated on the Bill of Sale along with the words "True Mileage Unknown".

The first transaction reviewed involved a 1994 Volkswagen Jetta. The copy of the retail Bill of Sale between the Applicant and his customer dated March 30, 2000, recovered from the Registrant's files indicates in the box designated "Distance Traveled" the figure 52,000 km. On the wholesale document entitled "Sale Agreement" dated March 22, 2000, produced as evidence of the purchase of the car by the Applicant at the dealer's auction in Montreal (ADESA), there are two references to the vehicle's odometer. One in the box labeled "odom" the figure 53,540 km appears. The other occurs in the box labeled "declarations" and includes the statement "odo broken 225,000 km and more". The base auction price was \$5,550, the base price to the Applicant's customer was \$7,200. Evidence was introduced to show certain unavoidable costs incurred by the dealer to bring the vehicles to market, for example \$150 in transportation costs. Such evidence was led to indicate the actual profit margin available to the dealer.

The customer who signed the Bill of Sale was not called, his wife was. She testified that she was present at the time of purchase and did not recall any mention of the odometer reading of 52,000 km being different from the 225,000 km plus noted on the ADESA contract. She further testified that the car would not have been purchased if this discrepancy would have been revealed. She also testified about the subsequent dealings between the parties to the contract, including testimony that the Applicant did some repair work on the vehicle pursuant to a complaint by the customer. Approximately \$1,600 was stated as the value of the repairs, however no documentary evidence was produced in support.

In answer, the Applicant testified that when he purchased the vehicle at the auction, the mileage number on the vehicle's windshield as it stood in the auction lot for inspection matched the odometer. As well, he stated that a buyer such as himself does not actually get the ADESA contract, which notes any discrepancies, until he attends at the Auctions office some two hours after bidding on the individual vehicles. He stated he did not notice the difference between the actual odometer reading and the note on his copy of the ADESA

contract.

The second vehicle alleged to have been sold by the Applicant with a misrepresented odometer reading was a 1993 Volkswagen Jetta. For this vehicle, the retail Bill of Sale dated January 20, 2000 between the Applicant and his customer had the "Distance Traveled" box left blank. On the wholesale contract, again an ADESA document, the box entitled "ODOM" contains the figure 48,838 km, but the box entitled Declarations contains the statement "True Mileage 348,838", a difference of exactly 300,000 kilometers.

The purchaser of the 1993 Volkswagen Jetta vehicle gave a statement to the Registrar and testified at this hearing. He testified that the odometer registered 48,838 at the time of purchase. He identified the Applicant as the person with whom he dealt. When he queried the Applicant as to the accuracy of the odometer reading, he was told that as far as the Applicant knew the numbers were correct. He further stated that he would not have gone through with the purchase if he had known of the 348,838 figure. As with the 1994 Volkswagen Jetta mechanical trouble ensued necessitating repairs.

The third vehicle sold by the Applicant with questionable odometer accuracy was a 1993 Honda Civic. As above, the vehicle was an ADESA auction purchase. The odometer box on the ADESA contract, dated February 16, 2000, read 154,332 but the Declaration box stated "odo change mileage 310,000 km". The retail contract between the Applicant and the customer, dated June 19, 2000 had in the "Distance Traveled" box 155,000. It was the testimony of the purchaser that the Applicant, the person with whom he dealt at the time of purchase, did not advise him of the discrepancy noted on the ADESA contract. The Applicant in his testimony confirmed that he did not tell the purchaser about the odometer discrepancies.

This purchase was specifically referred to in the June 29, 2000 notes of one of the OMVIC inspectors called. There were no "Investigation Findings" signed by the Applicant. The inspector testified that her notes were contemporaneous with her investigation. Those notes indicate that the Applicant told her that he did not disclose the true mileage because cars with over 150,000 on the odometer cannot get financing. Obviously, this would reduce the breath of the market for such vehicles. A letter from the company which did the financing on the vehicle was introduced to confirm this point. The author of the letter was not called. The Applicant testified that he did not mislead the finance company or mislead the OMVIC inspector on this issue.

In testimony related to his usual business practices, the Applicant stated that most weeks he attends at the Montreal auction from whence the subject vehicles were auctioned and buys a few vehicles. The evidence shows that on his licence approximately 160 cars have been sold. The Applicant testified that once he suspected the odometer problems at the Montreal auction, he scaled back his dealings; yet, he further stated that he keeps returning, with his latest trip being two weeks prior to the hearing.

From the testimony as it relates to the documents in his possession, namely the auction or ADESA contracts, the Applicant sold vehicles under his licence without passing on to the customer the gross discrepancies between the odometer information on those ADESA contracts and the actual numbers on the vehicle's instruments. The customer was misled on an item central to the determination of the value of the vehicle.

The Applicant's counsel suggested that as there was no direct evidence from ADESA, the information on the ADESA contracts about the odometers should not be given much weight. The counter argument was that as the ADESA contracts came from the Applicant's own files, the Applicant had to have been aware of the discrepancies. Further, whether the information on the ADESA contracts was or was not correct in no way diminishes the duty of a registrant under the Act to disclose any doubt as to the true mileage on a vehicle to the purchaser.

The fourth vehicle purchase in question was that of a 1995 Mazda Millenia. The vehicle was purchased by the Applicant wholesale from Toronto Auto Auctions by contract dated May 30, 2000. It was sold under the Applicant's Bill of Sale dated June 26, 2000. On the wholesale contract retrieved from the Applicant's records, the words "Accident Repair" occur. The copy of the retail bill of sale retrieved from the Applicant's files contains no reference to an accident. Counsel for the Applicant tendered a copy of another Bill of Sale between the purchaser and the customer which clearly indicates the car was an "Accident repair" and that the customer accepted the car in full knowledge of this fact. Clearly the documents both purport to be a contract between the Applicant and a customer but equally clearly they are not carbon copies of each other. The copy introduced through the OMVIC inspector and according to her testimony retrieved from the Applicant's files not only is absent information regarding an accident but has a price of \$13,500 while the other document has a sale price of \$12,750. The purchaser was not called to verify the contents of the documents or his signature. As well, there was no verification that the statement on the wholesale Bill of Sale is accurate, supported by the documents such as repair invoices and the like.

The Applicant offered an explanation for the fact of there being two documents both ostensibly a retail Bill of Sale for the same car. He stated that he was absent when the transaction took place and when this occurs he signs Bills of Sale "clear" in order that his salesman can complete transactions. This is what occurred with regard to the Bill of Sale with no reference to an accident. He went on to say that when he realized that the accident information had not been passed on to the customer, he made up a new Bill of Sale the next day reducing the price and including the accident information but keeping the June 26, 2000 date. This new document was not shown to inspectors.

Further testimony on this point was given by the Applicant's salesperson involved in the transaction. He stated that the document retrieved by the inspectors was in his handwriting and that the subsequent document was in the Applicant's. He repeated the explanation of the Applicant as to how the subsequent Bill of Sale came to be produced. He further stated that the signatures on the documents were those of the customer.

THE LAW:

Section 5(1)(c)(ii) of the Act under which the registrar seeks to revoke the Applicant's registration reads;

5.(1) An Applicant is entitled to registration or renewal of registration by the registrar except where,

.....

(c) the applicant is a corporation and,

.....

(ii) the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carried on in accordance with law and with integrity and honesty; or

.....

Section 7(4) details the process and the mandate of the Tribunal upon the exercise of the Applicant's right of appeal:

7(4) Where the applicant or registrant requires a hearing by the Tribunal in accordance with subsection 2, the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

There was no dispute as to the duty of a registrant under the Act to disclose to the consumer any variance between the reading on the vehicle's odometer and any information to the contrary.

The issue of how the courts should view odometer readings as they relate to the consumer protection aspect of the sale of automobiles was dealt with by Cory J, as he then was, in *Re Herman Motor Sales Inc et al and the Registrar of Motor Vehicle Dealers and Salesmen* 29 O.R.(2d)431. He addressed the subject on page 3 as follows:

"However, the Act and regulations stress the importance of odometer readings. There can be no doubt that the readings form the basis for the assessment in value of most vehicles. To tamper or interfere with the odometer readings must be considered seriously and must constitute a grave breach of the duty of the dealer."

The *Herman* case was one of active odometer tampering at the registrant or retail dealer level. The situation now before the Tribunal concerns vehicles that come into the registrant's possession for resale with a discrepancy between what is stated on the wholesale contract as the distance traveled and the numbers that appear on the actual odometer, and that discrepancy not being passed on to the purchaser. In line with the reasoning of Cory J., surely the end result is the same when it comes to the consumer protection aspect of the Act and questionable odometer readings. At the very least the consumer is deprived of the ability to assess accurately the worth of the vehicle being purchased, and at worst is duped into paying more for the vehicle than it is worth.

In the *Herman* case there was a plea to 77 of 82 counts of the fraud charge of odometer tampering. The court concluded that on this amount of evidence of past conduct, it was not unreasonable for the Registrar to have found that pursuant to 5(1)(c)(ii) of the Act the registrant would not carry on future business with honesty and integrity.

It was urged by counsel for the Applicant that the present case is qualitatively different from a case involving fraud and that therefore unless the Registrar made out a case of active misrepresentation, the penalty of revoking the Applicant's licence and therefore his ability to earn a living would be too severe. The evidence, in the Applicant's submission, amounts to a failure to disclose through careless business practices, not actively to mislead the consumer. Counsel likened the penalty of licence revocation in this case to that of the death penalty for a first offense. While obvious hyperbole, the sanction of revocation would deny the Applicant his right to pursue his chosen occupation. There is ample case law to the effect that this entitlement should not be taken away by a regulator without sufficient grounds. If the Tribunal does concur with the Registrar's proposal, the Applicant's recourse for reinstatement as a registrant lies in Section 8 of the Act which reads:

A further application for registration may be made upon new or other evidence or where it is clear that material circumstances have changed.

While not canvassed in testimony, it would appear to be cold comfort to a prior registrant to submit an application for reinstatement to the scrutiny of the very regulator that revoked his licence in the first place.

The Tribunal was referred to a number of cases for which it gives thanks to both counsel. The decision most often referred to for guidance as to how section 5(1)(c)(ii) should be interpreted is *Brenner and the The Registrar of Motor Vehicle Dealers and Salesmen* March 1983 (orally); Southy J. The case came before the Tribunal on appeal from a decision of the Registrar to refuse an application for a salesman's licence. The applicant had an extensive criminal record including 14 convictions over 20 years, including fraud, theft, attempted armed robbery, and narcotics possession. As well, he had served prison time and was deported back to Canada from the USA. Evidence had been adduced at the Tribunal level to the effect that the applicant had changed his ways and was on the road to rehabilitation. The Tribunal, relying on this evidence and despite the evidence of prior bad conduct set aside the decision

of the Registrar. Southy J reviewed the powers of the Tribunal set out in Section 7(4) stated above. He concluded on page 3 of his judgment as follows:

"The effect of s.7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with honesty and integrity.

It transpired that no stay of the Tribunal's order was sought and the Court thought the appropriate remedy given the lapse of time was to order a rehearing . At the rehearing the Court stated the proper question to be:

"...whether the past conduct of the Applicant affords reasonable grounds for belief that he will not carry on business in accordance with the law and with honesty and integrity. Unless the Tribunal can find that it does not, the tribunal should not order the Registrar to refrain from carrying out his proposal."

The Registrars obligation as set forth in section 5 of the Act is to balance the entitlement to registration with the protection of the consumer. Any comparisons between the scope of the transgressions in the *Herman* or *Brenner* cases to those alleged here would, of course, be grotesque. Nevertheless, the Tribunal has before it certain objective evidence of past conduct, upon which the Registrar relied as grounds for his opinion that the Applicant would not carry on business properly in the future as the Act requires. The issue for the Tribunal in light of the *Brenner* decision is whether that evidence is sufficient to form the basis of the.. "reasonable grounds for belief that the Applicant will not carry on business in accordance with the law and with honesty and integrity"... called for in section 5(1)(b).

The evidence indicates that since the commencement of the Applicant's business in October of 1999 and the issuance of the Proposal in January of this year followed by the Notice of further Particulars in March, there have been between one and two hundred cars sold from the Applicant's lot. This comes from the approximation of the number of vehicles purchased through ADESA. An exact figure is not necessary for present purposes. Of that number, there are three transactions with questionable odometer readings which, without doubt imposed a clear duty of notification to his customer upon the Applicant as a registrant under the Act. Clearly that duty was not fulfilled. There is no information in the initiating documents nor in the evidence of any other such transgressions. The Tribunal can only conclude that since the Applicant's files were searched, these are the only instances that in the view of the Registrar occurred. Of these three transactions, two occurred after representatives of the regulator gave specific warnings to the Applicant that this was unacceptable .

The Applicant was also given specific instructions by the regulator as to how to complete a Bill of Sale when there are odometer discrepancies.

The Tribunal understands the argument of the Registrar to be that unless it can be shown that the Registrar acted unreasonably in the exercise of his discretion, then the Tribunal has no alternative but to put its imprimatur upon the Registrar's decision. However, it is difficult to see how such an analysis squares with Section 7(4) which calls for the exercise of the Tribunal's discretion. In the present case, the Registrar imposed the ultimate sanction available to his office, revocation of a licence, on the evidence of three breaches of the Applicant's duty to disclose differences between the wholesale and retail odometer readings to a customer. This same sanction was imposed in the *Herman* and *Brenner* cases where there were dozens of such offenses and in the *Brenner* case an extensive criminal record. If the position of the Registrar is accepted as presented, there is no authority in the Tribunal to compare the cases before it with others. The logical extension of that position would be that once there is a single finding of a particular breach of a duty imposed upon a dealer by the Act, the "reasonableness" of the Registrar's cancellation of that dealer's licence cannot be modified by the Tribunal. After all as Cory J points out in the *Herman*, it is obvious that a regulator would look to the past conduct of a registrant in order to assess future behavior. How could a conclusion based upon the only objective criterion available ever be found "unreasonable" in the sense very ably urged by counsel for the Registrar.

The Tribunal was referred to the decision of *O'Leary J in Re Bernstein and the College of Physicians and Surgeons of Ontario* (1977), 15 O.R.(2nd) 447. The matter involved a review of a decision of the Discipline Committee of the College involving the suspension of a physician's licence. The issue on appeal before the Divisional Court was the quality of the evidence upon which the Discipline Committee sentenced the Appellant to "professional death", as the court put it. The doctor in the case had been sanctioned for improper conduct largely on the uncorroborated testimony of a patient who had an extensive history of psychiatric problems. The court found the Discipline Committee's reasoning on the point unsatisfactory. The Discipline Committee held as follows: "With respect to that issue where the evidence of Miss Johnston and Dr. Bernstein is in conflict as to whether sexual intercourse took place, we accept the evidence of Miss Johnston in preference to that of Dr. Bernstein". It was argued by the counsel for the Applicant that where the consequences of a Tribunal's decision are grave as in the case where an entitlement to a licence is revoked, a higher burden of proof is required than a mere balance of probabilities. Also, the Tribunal should give some indication of the criteria it employed in weighing the evidence before it and not rely upon bald assertions as above.

Counsel for the Applicant submitted that if the Tribunal exacts the ultimate penalty of licence revocation, it should insist upon a standard of evidence similar to that in a case of fraud. It should not accept as sufficient the "bald assertion" of the figures on the ADESA contracts as conclusive evidence of the true mileage of the vehicles, at least not as the basis upon which such a serious outcome flows. If these contracts were in fact authored by the Applicant, counsel concedes that would be a different matter. Counsel for the Registrar points out that it is not the truth of the figures on the ADESA contracts that should be determinative but rather the fact that these discrepancies were not disclosed to the customer. The Applicant took the stand in his defense and denied that he deliberately misled customers as to the mileage on

the three vehicles in question.

DECISION AND ORDER:

The Tribunal in this case was faced with a set of facts similar to those in others that have come before it. In each case vehicles are purchased from a wholesaler not covered by the legislation, in this case ADESA. On the wholesale Bills of Sale there are two numbers relating to the number of kilometers traveled by the vehicle, one as the actual reading on the installed odometer, the other under the heading "declarations" the latter being many times greater than the former and put forth as the true indication of mileage. No explanation was given as to how the wholesaler knew of this differential (though none was called for in the instant case) without the wholesaler knowing how it happened to come about. All of the lower odometer readings were below 150,000 kms, the number which, according to the evidence, is the cut off point for financing. Obviously a lower odometer reading and the ability to get financing makes a vehicle more marketable at both the wholesale and retail level. The retail level is the one covered by the Act, section 7(4) of which charges the Tribunal with directing the Registrar to take such action as the Tribunal deems appropriate in the circumstances of the case.

In the present case, the Tribunal sees its responsibility as striking a balance between the Applicant's entitlement to making a living as a dealer by becoming a registrant under the Act and the curtailment of that entitlement if it threatens the protection of the consumer.

Accordingly, the Tribunal orders as the Applicant to be permitted a registrant under the Act under the following conditions:

- 1) In addition to the obligation to maintain books and records in accordance with the Act, the Applicant will maintain a separate journal of all vehicle purchase and sale transactions which will be kept available for ready inspection by a representative of the Registrar. Each entry will be identified by the Vehicle Identification number (VIN) and the make and model;
- 2) Beside the record of each transaction there will be kept a record of all pertinent details of each vehicle's history including all entries from the Bill of Sale or other document through which the Applicant became the owner;
- 3) The Applicant will forward to the Registrar at the end of each month a copy of that month's journal entries until the Registrar informs the Applicant that the Registrar no longer requires this to be done.
- 4) Before the execution of every retail Bill of Sale with a customer the Applicant will show and include on that Bill of Sale any statements as to that vehicle's odometer status appearing on the document by which the Applicant obtained the vehicle and the Applicant shall explain such information to the customer. The Applicant will in writing on the face of the Bill of Sale in the presence of the customer attest to having done this.

- 5) Any default in any of these conditions shall result in the immediate forfeiture of the Applicant's registration under the Act.

ORDER

Following attendances on July 6, 2001 at a hearing before the Licence Appeal Tribunal of Arif Raza, Counsel for Gurnek Singh o/a Sarwan Auto Sales (the "Applicant") and A. Michael Rothe, Counsel for the Registrar, *Motor Vehicle Dealers Act* (the "Registrar");

WHEREAS the Applicant requested a hearing before the Tribunal to appeal the proposal of the Registrar, *Motor Vehicle Dealers Act*, to revoke the registration of Gurnek Singh o/a Sarwan Auto Sales, pursuant to section 7(4) of the Act;

AND WHEREAS the hearing was to be heard on May 14, 2001 at the Tribunal's Chambers;

AND WHEREAS upon consent of the parties, the matter was adjourned peremptory against the Respondent to July 6, 2001 at the Tribunal;

AND WHEREAS upon commencement of the hearing on July 6, 2001, counsel for the Applicant requested the hearing be further adjourned to a later date, due to having lost his client's file a week before the hearing and in addition, lacked an essential witness who was out of the country;

NOW THEREFORE this Tribunal Orders that:

- 1) this matter is adjourned upon consent and peremptory against both parties to commence at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, at 9:30 a.m., on Monday, September 24, 2001;
- 2) the conditions set out in "Schedule A" hereto, must be complied with by the Applicant in the interim.

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is a hearing before the Licence Appeal Tribunal (the "Tribunal") arising out of a Notice of Proposal issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Registrar", and the "Act" respectively). The Notice of Proposal dated February 1, 2001 proposed to revoke the registrations of Shine Car Sales Inc. ("Shine") as a Dealer and Omar Hassan Rahim ("Rahim") as a salesperson under the Act.

FACTS:

The Registrar under the Act proposed to revoke the registration of Shine and Rahim. The grounds relied upon by the Registrar for the Proposal are set out below:

1. The past conduct of Rahim as a salesperson and as the directing mind of the dealer "Shine" affords reasonable grounds for belief that the Registrant's undertakings will not be carried out in accordance with law, and with integrity and honesty, TO WIT;
 - (a) The Registrant was convicted of 2 charges of odometer tampering by the Provincial Offenses Court.

- (b) The Registrant has failed to disclose material information to purchasers of vehicles.

THE LAW:

Section 3 of the *Motor Vehicle Dealers Act* states as follows,

- (1) No person shall,
 - (a) carry on business as a motor vehicle dealer unless the person is registered under this Act; or
 - (b) act as a salesperson of or on behalf of a motor vehicle dealer unless the person is registered as a salesperson of such dealer and such dealer is registered as a motor vehicle dealer under this Act.

Section 5 of the *Motor Vehicle Dealers Act* states as follows;

- 5(1) An applicant is entitled to registration by the Registrar except where,
 - (a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or
 - (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law, and with integrity and honesty; or
 - (c) the applicant is a corporation and,
 - (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of business, or
 - (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carried on in accordance with law and with integrity and honesty; or
 - (d) the applicant is carrying on activities that are or will be, if the applicant is registered, in contravention of this Act or the regulations.
- (2) A registration is subject to such terms and conditions to give effect to the purposes of this Act as are consented to by the applicant, imposed by the Tribunal or prescribed by the regulations.

Section 6 of the Act states as follows;

- (1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion, the applicant is disentitled to registration under section 5.
- (2) Subject to section 7, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 5, if the registrant were an applicant, or where the registrant is in breach of a term or condition of the registration.

CASELAW:

Brenner v Ontario (Registrar of Motor Vehicle Dealers and Salesman) 1983 O. J. No. 1017 Ontario Supreme Court-High Court of Justice Divisional Court

This was an appeal by the Registrar of Motor Vehicle Dealers and Salesmen from a decision of the Commercial Registration Appeal Tribunal in which the Tribunal directed the Registrar to grant a conditional registration to the Respondent. The Applicant had a very serious criminal record which he had disclosed in his application, but he had not disclosed three further convictions which were considered by the Registrar to be minor offenses. The Tribunal heard evidence from a potential employer and a criminal lawyer who testified that the Applicant was rehabilitating himself. The Tribunal found that "possibly the applicant will in the future, be a person of honesty and integrity", and the Tribunal expressed a willingness to "encourage that objective". The Court found that the Tribunal had not applied the proper test, and set out this test in paragraph nine of the judgment as follows:

"the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was the possibility that he, indeed, might have reformed himself."

Re Harrison [1998] O.C.R.A.T.D. No. 65

In this matter, the Applicant had applied to be a Gaming Assistant and was refused

registration on the grounds of past conduct. He was found guilty of a charge of Fraud Under \$1,000.00 and given a conditional discharge with 6 months probation and a Compensation Order for \$483.90. The Applicant claimed he did not have a criminal record, denied being on probation and denied that he was to pay restitution. He had disclosed the offense on an application for a security guard licence but gave an explanation that denied the requisite *mens rea* for the offense, and did not take responsibility for the offense. He said that he took the plea bargain as a simple and easy way to end the matter and was told by the Court that he would not have a criminal record. The Tribunal found that it could not go behind the finding of guilt to avoid the consequences of it and that *mens rea* is an essential element of the offense that is admitted by a plea of guilt. A conviction for fraud was a serious matter and relevant to the roving casino industry which demands a high standard of honesty and integrity to protect the public interest. A recent finding of guilt for fraud raised reasonable concerns as to his honesty and integrity, and the Tribunal can not look behind the guilty plea. The Registrar's Proposed Order was upheld.

**1280953 Ontario Limited O/A Morato Cars and Radomir Miljkovic [May 11, 2001]
Licence Appeal Tribunal**

In this matter, the Registrar had issued a Notice of Proposal to revoke the registration of the dealer and salesperson on the basis of past conduct. There were allegations that the dealer misrepresented odometer readings to customers, failed to disclose material facts, altered the company books to mislead the investigator, sold vehicles from other than its registered premises, and carried on business when not registered.

The Tribunal found that vehicles were purchased by the dealer with true kilometers travelled unknown but sold by the dealer without disclosure of the true reading or the fact the true reading was unknown. The readings were found to be important to a consumer and the failure to make adequate disclosure was a flagrant disregard of the dealer's obligations and contrary to the written warning given to the dealer. This warning was explained and given in writing to Miljkovic by the Inspector. The conduct was found to be sufficient to afford the Registrar reasonable grounds to believe that the Registrant and the salesman would not carry on business in accordance with law, integrity and honesty.

The Tribunal found that the dealer, through its salesman, failed to disclose to customers that five vehicles had been branded as salvage. Branding as salvage indicated that the vehicles were damaged beyond economical repair, and this was indicated on the bill of sale from the auction to the dealer. On page 17 the Tribunal found that:

"The failure of Miljkovic to disclose the fact that the motor vehicles were branded as salvage gives the Registrar further reasonable grounds for belief that neither Miljkovic nor the Dealer will carry on business in accordance with law and with integrity and honesty."

The Tribunal found that the alteration of records by the dealer to mislead the Ministry and the recent industry-related convictions of Miljkovic afforded grounds for the Registrar to find that

Miljkovic is an unsuitable person to be a motor vehicle salesperson, or the director and controlling mind of a motor vehicle dealer. The Tribunal found that the Registrar did not err, and the registrations of the dealer and salesperson should be revoked.

ISSUES:

The legal issue in this case is whether the Registrar was wrong in his decision to revoke the registrations of Shine Auto Sales Inc. as a dealer and Omar Hassan Rahim as a salesperson.

WITNESSES FOR THE REGISTRAR

Mr. Ferrante

Mr. Domenico Farrante testified that his son had wanted to by a 1989 Honda Civic he had seen at the "Shine". His son looked at the car and test drove it prior to the purchase. The price of the vehicle was \$4,500.00 plus tax, and he stated that on the bill of sale (Exhibit 4, Tab 11) \$2,000.00 was written as a way of saving tax even though the actual price was \$4,500.00. There was a notation of "repair and repaint" on the bill and sale, and Mr. Ferrante stated that when he asked if the car had been in a big accident, Mr. Rahim had told him that the car had been involved in a "fender, bender" but not in a major accident. Mr. Ferrante testified that the vehicle had been obviously poorly repainted as the colour had been changed from red to yellow. Two days after the purchase of the car, his son complained that there were no brakes. When the witness examined the vehicle, he said that there were no brake shoes, and there was also damage to the rear of the car. Mr. Ferrante explained that he had experience with motor vehicles as he had been a Toronto Transit Commission mechanic for 30 years and certainly could tell if something was wrong with the car. When the car was taken back, the Applicant did a repair to the brakes, but did not do further work on the car and simply told them that if there was a problem, to bring the car back and he would have it fixed. He explained that Mr. Rahim had promised to return his money, but kept giving him excuses so he went to the dealer's business premises on March 10 to get his money back. Mr. Rahim had told him that he would repaint the vehicle and return \$500.00. Mr. Ferrante became angry at him, and Mr. Rahim called his brother who hit Mr. Ferrante with a coffee mug. Mr. Ferrante explained that he saw a truck outside, and that Mr. Rahim had people out there intending to beat him. He was pushed out of the door and in the incident, his wife suffered a back injury. If he had known about the condition of the vehicle, he said he would not have bought it. He did not feel that he had been dealt with fairly.

In cross-examination, Mr. Ferrante testified that he still has the car, and although it was off the road for five months, it is now being driven again. When he purchased the car, it looked like there had been a major repair, but he trusted the Applicant, and did not carefully inspect the vehicle himself. He agreed that the bill of sale showed the purchase price as \$2,000.00 and that he knowingly put his signature on a false document as it would save some tax. His evidence was that he did this as the Applicant had told him to do it. When he was asked about a conversation with Ms. Gingras, an inspector with the Ontario Motor Vehicle Industry Council,

he explained that she called him but he could not hear on the phone so she spoke with his son. According to her notes (Exhibit, 5, Tab 8, p.3), he told her that he had paid \$3,500.00 for the vehicle, but he could not remember if that is what he said. Mr. Ferrante explained that he has problems sleeping and problems remembering anything, and if he had told Ms. Gingras that he had paid \$3,500.00 he could not explained why. At this time he was unsure of what he had paid but knew that his son remembered. On May 15, 2001 he signed a statement showing that he had paid \$4,500.00 and explained that at the time of the statement, that was his recollection and his son confirmed it for him. He stated that his memory was not bad while he was giving evidence to the Tribunal.

Mr. Ferrante testified that he called the police. They spoke to Mr. Rahim and then told him that they could not lay charges without witnesses.

Mr. Ferrante stated that the Ontario Motor Vehicle Industry Council ("OMVIC") had told him to try to get his money back and explained some information about the vehicle, and that prior to this information he did not know that the accident had been anything other than a "fender bender". He repeated that he had seen damage to the back shocks but accepted the Applicant's assurance that they would repair anything that was wrong. There were no "big problems" with the car and it appeared that they had fixed it. In response to questions posed by the Tribunal, he agreed that there were problems with the clutch, the brakes and damage to the suspension and yet he allowed his son to drive the vehicle.

Mr. Vahle

Mr. Harald Vahle testified that he is familiar with Mr. Rahim and has purchased vehicles from him. He traded a Ford Explorer and purchased a 1995 Ford Aerostar and Jeep Cherokee (Exhibit 4, Tab 10) as an even trade. The Ford Aerostar was received three weeks after the transaction because repairs were being done, so he took possession of the Jeep Cherokee and used it until the Aerostar was ready. He had looked at the Aerostar but did not see the odometer. Mr. Rahim told him that the mileage was 55,000 kilometers and the witness explained that because the vehicle has a digital dashboard, the mileage was not visible as there was no battery in the vehicle. Until a battery was connected and the ignition key was turned, nothing would be visible with a digital dashboard. He had been advised that the vehicle was an insurance write-off and knew this from his inspection in any event. Mr. Vahle stated that he had no problems with the vehicle subsequently and drove it for approximately two years. He sold it to a dealership because it was too large for his needs and later reacquired it and drove it again without problems for a further year. When he was contacted by O.M.V.I.C approximately a year ago, he said that he was satisfied that the vehicle had approximately 85,000 kilometers and had completed the purchase even though he was originally told 55,000 kilometers. He repeated that the odometer could not be read until a battery was hooked up and the dashboard was activated.

In cross-examination, he confirmed that the Aerostar and Cherokee were the first vehicles that he had purchased from Mr. Rahim and was advised by Mr. Rahim that the Aerostar was an insurance write-off. Mr. Rahim also told him that the "distance travelled" quoted was not

accurate, but was not at all concerned when he found that there were 25,000 kilometers extra on the vehicle. Mr. Rahim repainted his mother's car to compensate him for any depreciation in the value caused by the extra mileage and had also offered to let him out of the deal. He did not feel deceived, and did not want out of the deal. For the Jeep Cherokee, he agreed that the 137,700 kilometers shown on the bill of sale was accurate and understood that it was branded "rebuilt" and had been in an accident. When he later sold the Cherokee, he did so because he did something bigger, and purchased a 1994 Ford Explorer on a straight trade. He did not feel that any information was withheld from him by Mr. Rahim.

Ms. Gingras

Ms. Louise Gingras testified that she has been an inspector with O.M.V.I.C. for four years and prior to that was investigator with the federal government for five years and was also a private investigator in the private sector. She explained that the *Ontario Motor Vehicle Dealers Act* is a public protection statute which deals with the registration and regulation of motor vehicle dealers and salespersons. Under section 5 of the Act, a person is entitled to registration unless they fail to meet the required standards for financial responsibility and conduct. The test for conduct is whether they will carry on business with honesty, integrity, and in accordance with the law. In the Notice of Proposal (Exhibit 1), the grounds for revocation were that the dealer was convicted of two counts of odometer tampering under the *Motor Vehicle Dealers Act* for failure to disclose altered or adjusted odometers. A guilty plea was entered in December 2000 on these charges in Provincial Offenses Court. In the Notice of Further and Other Particulars dated May 17, 2001 (Exhibit 3) allegations were made of nondisclosure that vehicles were salvage. Ms. Gingras found that Mr. Rahim was registered as the only officer and director of Shine Car Sales Inc. (Exhibit 4, Tab 6).

On January 14, 2000 Ms. Gingras conducted a routine inspection at the dealership to ensure compliance with the Act and Regulations. Ms. Gingras testified that during this inspection she found various documents which related to the allegations in the Notice of Further and Other Particulars. She produced a bill of sale (Exhibit 4, Tab 9 p. 2) from Impact Auto Auctions Ltd. to Shine Car Sales Inc. for a 1992 Ford Aerostar V.I.N. #1FMDA31X7NZA23589 by which the vehicle was sold on behalf of the Zurich Insurance company for \$750.00. The odometer reading shown was T.M.U. (true mileage unknown). This vehicle was later sold by "Shine" to Mr. Carl Kisshundat for \$3,000.00 with a notation of "accident repair" and the distance travelled shown as 207,156 kilometers rather than T.M.U. (Exhibit 4, Tab 9, p. 1) Ms. Gingras stated that she was concerned that distance travelled shown on the bill of sale to the customer differed from the notation on the bill of sale to the dealer. Ms. Gingras produced a bill of sale for a 1995 Ford Aerostar V.I.N. # 1FMDA31X2SZA75014 from Impact Auto Auctions Ltd. to Shine Car Sales Inc. by which the vehicle was sold on behalf of the Citadel General Assurance Co. for \$2,600.00 with a notation of "T.M.U." for the distance travelled. The vehicle was then sold by the dealer to Mr. Harald Vahle for \$12,000.00 with a notation of 55,000 kilometers for the distance travelled rather than T.M.U. Ms. Gingras testified that she was concerned over the lack of disclosure concerning the distance travelled as well as the condition of the vehicle. According to the records of the Ministry of Transport (Exhibit 4, Tab 10) she was also concerned that the transfer to the dealer was done 30 days from the date of purchase from

Impact Auto Auctions Ltd. and not within the six days required by statute. Next, Ms. Gingras produced the bill of sale for the 1989 Honda Civic V.I.N. # 2HGED6302KH006732 from Impact Auto Auctions Ltd. to Shine Car Sales Inc. by which the vehicle was sold on behalf of Pilot Insurance Company for \$350.00 (Exhibit 4, Tab 11). Ms. Gingras was concerned about the condition of the vehicle when purchased by the dealer as the vehicle was repainted prior to sale by the dealer.

Ms. Gingras testified that odometer readings are important as they affect the value of the vehicle, and are taken into account by the consumer or another dealer assessing the value of the vehicle. If the vehicle is "T.M.U." this would, in her opinion, affect the amount of money that the customer would pay for the vehicle. A vehicle which has been an insurance write-off or salvage has less monetary value as the insurance company has determined it would cost more to fix properly than it is worth. The consumer is entitled to this information as a material fact. She was also concerned in this case, that the dealer had been convicted of odometer tampering and was therefore not acting with honesty, integrity, and in accordance with law.

In cross-examination, she stated that a vehicle was sold as a write-off after it has been recovered following a theft and the claim has been paid. If a vehicle has suffered little or no damage, it would be sold from a different part of the Impact Auto Auctions Ltd. property. She repeated that the dealer must disclose material facts. She conceded that there is no requirement under the Act or Regulations that where there has been some damage which has been disclosed, the dealer must tell a consumer that the vehicle has been an insurance write-off. Ms. Gingras testified that she was not sure if there were other instances of odometer tampering and agreed that the provincial prosecution only involved two vehicles with no charges being dismissed and no charges being withdrawn. She agreed that the odometer tampering occurred in 1999 and was not surprised that the charges were not laid until eight months later. Mr. George Riekstins who was the investigator laid the charges.

Ms. Gingras testified that she considered the incidents with the mileage shown in the Notice of Further and Other Particulars to be serious as the distance travelled should have been shown as unknown. When she was asked about digital odometers, she could not disagree that it was necessary to supply power to the dashboard to get a reading, and agreed that it would be possible that if a vehicle was not started, the bill of sale would read T.M.U. even though a reading would appear later when power was supplied. Ms. Gingras disagreed that a reading of 207,156 kilometers on the Kisshundat vehicle was necessarily a high reading and stated that she did not know if that was the correct reading in any event. In her opinion, the distance travelled notation of 207,156 kilometers was still misleading as the dealer must advise the customer of the possibility that the true mileage was not 207,156 kilometers. Even where there is an analog odometer, she agreed that there is still a chance that the kilometers shown are not the true distance travelled. She also considered the mileage notation on the Vahle vehicle dishonest as Mr. Rahim had agreed to repaint the customer's mother's car to compensate him for the difference.

Ms. Gingras did not agree that the plea of guilt to the provincial offenses was a sign of remorse, and stated that admitting wrongdoing may not be the first step to stopping behaviour

as it depends on the person and their willingness to change.

Ms. Gingras agreed that there was no mileage problem with the Ferrante vehicle, but she was troubled by the fact that the car was repainted and felt that there was a problem of material nondisclosure although she never inspected the vehicle. She was concerned that the vehicle had sold at auction for only \$350.00 and was re-sold for \$3,500.00. Ms. Gingras understood that she had been told by Mr. Ferrante that the vehicle was sold for \$3,500.00 and in his Consumer Questionnaire (Exhibit 4, Tab 12) he stated that he had paid \$4,500.00. However, she assumed that he was troubled by the fact that O.M.V.I.C. was a government agency and was worried about having avoided paying tax.

In redirect examination, Ms. Gingras testified that the vehicles for sale at Impact Auto Auctions Inc. are set out in rows, and the dealers are taken to look at the cars. The onus to disclose true odometer readings is on the vendor. In her opinion, there is a difference between accident repair and salvage, however she considers insurance write-off to mean salvage. An accident repair may refer to a minor repair, but if the vehicle is a write-off it means that the cost of repair exceeds the value of the vehicle. If an odometer is replaced, section 19 of the Regulations require that the replacement odometer show the same mileage as the odometer which was replaced.

WITNESSES FOR THE APPLICANT

Mr. Romano

Mr. Tony Romano testified that he knows Mr. Rahim as he owns a vintage Volkswagen "beetle" which was repaired at Shine Auto Body. In 1999 he attended regularly at Shine Auto Body to monitor the work being done on his car, and near the end of the year he witnessed an incident involving Mr. Ferrante. When Mr. Romano went to Mr. Rahim's office, he saw Mr. Rahim sitting at his desk while three or four of his employees put Mr. Ferrante out of the office. Mr. Ferrante was attempting to get at Mr. Rahim and Mr. Ferrante's wife was "uncontrollable". There appeared to be three or four people outside with Mr. and Mrs. Ferrante. The witness stated that Mr. Ferrante was not being beaten up, but was trying to break free and get back into the office. He saw no blood on Mr. Ferrante, but did see injuries on Mr. Rahim's head and hand. When the police arrived, Mr. Romano provided a statement. At the time he did not see Mr. Rahim strike Mr. Ferrante.

In cross-examination, Mr. Romano explained that he had no dealings with Mr. Rahim except for the repair of his Volkswagen and had no social contact with him. When he went into the shop, he would usually spend an hour examining his car, and on this occasion went into the office where he saw the altercation in progress. He noticed that a piece of glass had been broken and that there were people outside with Mr. Ferrante when he was put out.

Mr. Rahim

Mr. Omar Hassan Rahim testified that he is the sole officer of Shine Car Sales Inc. and has operated the business since 1997. During the inspection, he gave Ms. Gingras access to his records and the only records she did not have, involved prior purchases of vehicles from private individuals. In the past he had not filled out complete paperwork, but once she explained the requirements to him, he kept proper records. Mr. Rahim stated that he is 37 years old, had been in Canada approximately 18 years, has no criminal record, and has never been convicted of a provincial offense except for the two charges involving odometers. He agreed that he broke the law, and pleaded guilty because he was guilty. Faulty odometers had been replaced with odometers that he knew had lower readings so although he did not roll back the odometers he did knowingly break the law. Since then he has not had to replace an odometer. When Ms. Gingras completed her inspection, she advised him to keep a proper "garage register" and since that time he has been doing that as well. She also told him that when he buys a car from Impact Auto Auctions, he should write the name of the seller as Impact. Up to the time of the inspection Mr. Rahim estimated that he had sold approximately 125 vehicles and there were records for all transactions except for between 10 and 15 private purchases. The inspection by Ms. Gingras lasted 3 or 4 hours, and she made copies of any documents she wanted.

Mr. Rahim testified that when he purchased the 1992 Ford Aerostar from Impact Auto Auctions Ltd., he had to estimate the repair cost as he did not know the mileage. There was no battery in the vehicle, so the digital odometer did not show a reading. When he purchased the vehicle, Impact put "T.M.U." on the bill of sale as there was no odometer reading. Most of the vehicles at Impact Auto Auctions Ltd. have analog odometers which are visible without electrical power so for those vehicles the mileage is shown on bills of sale based on the odometer reading. He paid \$909.50 for the vehicle, and sold it for \$3,000.00 as it was not badly damaged and it was repaired in his auto body shop for probably under \$2000.00. When the vehicle was started, he was shocked at the amount of mileage, but had no reason to suspect it was either more or less. He knew that the vehicle was an "insurance write-off" and wrote "accident repair" and did not know that he was required to write anything else, however after the discussion with Ms. Gingras, he now writes "salvage" if the vehicle is sold unrepaired and "rebuilt" if it has been repaired. In addition, he advises the customer that the vehicle has been written off and repaired. Before the 1992 Ford Aerostar was sold to Mr. Kisshundat, he said that the customer saw the vehicle during the repairs, but could not remember if he had told him that it was a write-off. Mr. Kisshundat still owns the vehicle and brings it in for oil changes.

Mr. Rahim testified that he purchased the 1995 Ford Aerostar from Impact Auto Auctions Ltd. It was badly damaged, and because there was a digital odometer and no battery in the vehicle, there was a notation T.M.U. on the bill of sale from Impact. Mr. Vahle saw the vehicle while it was being repaired, and was told that it was a "write-off" although it was not written on the bill of sale. Mr. Rahim agreed that he wrote 55,000 kilometers on the bill of sale but does not know why as the proper reading was over 80,000 kilometers.

Mr. Rahim testified that when he was licensed as a dealer there were no courses available but he did understand that as a registered dealer he was required to know the rules. Since that time, he has voluntarily taken a course from the Used Car Dealers Association, and had become familiar with the Ontario Motor Vehicle Dealers Association rules and *Motor Vehicle Dealers Act Regulations*.

Mr. Rahim testified that the 1989 Honda sold to Mr. Ferrante was a "theft recovery" vehicle which was sold as the insurance company had already pay the claim. There was no damage the front or back of the vehicle, and he only had to repaint it and replace the ignition. Normally, he repaints any vehicle purchased from Impact Auto Auctions Ltd. On the bill of sale from Impact there was nothing showing that it was a "theft recovery" or had been damaged. He disagreed with Ms. Gingras, and testified that "theft recovered" vehicles can be in the same area as damage vehicles. Mr. Rahim said that he did tell Mr. Ferrante that the vehicle was a "theft recovery", and testified that the sale price was \$2,150.00 has shown on the bill of sale. Even at this price, he knew that he made some money on the vehicle. He agreed that the vehicle was returned for a repair of the brakes, but he was not aware of exactly what work was done. In cross-examination, he stated that the vehicle had been issued with a "safety certificate" by the licensed mechanic. Mr. Rahim was sure that there was no frame damage to the vehicle. Several months later he received a call from Mr. Ferrante who asked for his money back because a lady from O.M.V.I.C. had called and advised him that the car was not roadworthy. He was surprised as he had regularly seen the car being driven in the area. Mr. Rahim testified that he agreed to take the car back and return the money but he had sold the "trade in" to someone else and could not get it back immediately as that customer was on holiday in Jamaica. Mr. Ferrante wanted his money back immediately as he was planning a trip to Italy and came to his office. When Mr. Ferrante came in and walked towards him Mr. Rahim got up and walked away. He is not sure what was said but knows that some of his employees came and tried to put Mr. Ferrante out the door. During this confrontation, a glass partition was broken, and one of the workmen called the police. When the police arrived they interviewed witnesses, spoke to the parties and decided not to lay any charges.

Mr. Rahim produced a series of 13 bills of sale on which it was noted that the vehicles were "salvage", "repair-rebuilt", "branded rebuilt", "salvage-theft recovery", and "as is-salvage". He stated that he would be willing to abide by any terms and conditions in order to keep his registration, would submit all of his bills of sale on a monthly basis to O.M.V.I.C., would take any courses, and would provide any financial information required.

In cross-examination, he agreed that he is the sole officer of "Shine" and is the only registered salesperson who buys and sells autos. He confirmed that his date of birth is August 27, 1963 and testified that he did not recall an assault charge in 1988 although he did remember an egg-throwing incident on a picket line when he was the president of a union. When he was asked about a charge of Theft Under \$5000 in 1997, he remembered that he was with a group of people, there was a theft, he was charged, and he pleaded guilty for convenience as he did not want to go to prison, or hire a lawyer.

Mr. Rahim testified that when he looks at a car, the age of the vehicle and the price are factors. He agreed that if everything else is the same, the mileage can affect the price and the mileage information may come from the vendor. On the bill of sale from Impact Auto Auctions Ltd. for the Kisshundat vehicle, he agreed T.M.U. was shown for distance travelled and that the selling price was \$750.00. He agreed that he sold the vehicle for \$3,000.00 and the mileage noted on the bill of sale was 207,156 kilometers. There was no notation that the vehicle was a write-off.

Mr. Rahim agreed that the 1995 Ford Aerostar sold to Mr. Vahle was purchased from Impact Auto Auctions Ltd. for \$2,600.00 with a notation of T.M.U. on the bill of sale. When he sold the vehicle to Mr. Vahle, he put 55,000 kilometers on the bill of sale, and did not write down that it had been an "insurance write-off". He also explained that the transfers are not always done within the 6-day time limit under the Highway Traffic Act of Ontario, because the transfers from "Impact" are often delayed. Even though he repaints 99% of the vehicles, this is not mentioned on the bills of sale as it is not required.

The witness confirmed that "Shine" was inspected by O.M.V.I.C. shortly after the business opened and he identified an "Inspection Findings" document (Exhibit 6) which had been left with him. In paragraph 3 it stated:

"any and all information regarding a vehicle such as theft recovery, insurance write off or accident repair must be written on the contract and signed by the customer when you sell the vehicle."

Mr. Rahim stated in reply that the form was filed away in the office, and he had forgotten about it.

FACTS FOUND PROVEN:

The facts found by the Tribunal are as follows:

The Provincial Offense Charges

Mr. Rahim pleaded guilty in December, 2000 to two charges of odometer tampering which arose in 1999. There were no other charges before the court, and no charges were withdrawn. The Tribunal accepts Mr. Rahim's explanation that he had replaced faulty odometers for two vehicles, and did not adjust the replacement odometers to match the readings on the replaced odometers.

1989 Honda Civic

The Tribunal finds that Mr. Rahim purchased the 1989 Honda Civic for Shine Car Sales Inc. from Impact Auto Auctions Ltd. for \$350.00. Mr. Domenico Ferrante purchased the vehicle for his son after it was test driven, and there was a notation of "repair and repaint" on the bill of

sale. The Tribunal finds that repairs were done to the brakes but rejects the evidence that there was extensive damage to the rear suspension of the car and that there were no brake shoes. Mr. Ferrante is an experienced mechanic employed by the Toronto Transit Commission and the Tribunal does not find the witness' evidence credible that he would observe damage to the rear suspension of the car and permit his son to drive it in reliance on the promise by Mr. Rahim that if there was a problem he would fix it. Further, if the car had no brake shoes, the Tribunal does not find it credible that a mechanic of 30 years experience would not detect it immediately. The Tribunal does not find his evidence that he paid \$4,500.00 to be credible, as he also told Ms. Gingras that he had paid \$3,500.00 and in cross-examination tried to explain it by saying that he had problems remembering anything, although his memory while giving evidence was not bad. The purchase price of the vehicle is found to be \$2000.00, less trade in allowance, plus tax as shown on the bill of sale.

Mr. Ferrante's recollection of the particulars of the incident in Mr. Rahim's office is found to be unreliable. Mr. Ferrante stated that when he was pushed out of the office by the employees, Mr. Rahim had a group of people waiting outside to beat him. Mr. Romano was a customer at Shine Autobody and also observed the people outside. He saw that these people appeared to have been with Mr. Ferrante. The Tribunal finds that after receiving information from Ms. Gingras, Mr. Ferrante attended at the dealer's premises to demand his money back together with the return of his "trade in" vehicle. He did not receive his money back, and in the course of the argument he was pushed out of the office, and a pane of glass was broken.

The Tribunal prefers the evidence of Mr. Rahim on the question of what information was given to Mr. Ferrante at the time of the purchase. The Tribunal finds that Mr. Rahim told Mr. Ferrante that the vehicle was a "theft recovery", and finds that the ignition was replaced and the vehicle was repainted.

1992 Ford Aerostar

The Tribunal finds that the vehicle was purchased by Shine Car Sales Inc. from Impact Auto Auctions Ltd. for \$750.00 with a notation of T.M.U. on the invoice as the vehicle had a digital odometer and there was no electrical power to the odometer when the vehicle was sold by "Impact". "Shine" sold the vehicle for \$3,000.00 to Mr. Kisshundat with the distance travelled shown on the bill of sale as 207,156 kilometers, and a notation of "accident repair". The Tribunal accepts that Mr. Rahim wrote 207,156 kilometers on the bill of sale as that was the number that showed on the odometer when a battery was connected to the electrical system. Further, it is found that the customer saw the vehicle during the repairs, still owns the vehicle and still deals with Shine Car Sales Inc. for oil changes. Mr. Rahim knew that the vehicle was an "insurance write-off" and there is no evidence that the customer was told or notified in writing, although he did see the vehicle while the repairs were being done, and would have had some knowledge of the condition of the vehicle. There was no intention to deceive in the circumstances.

1995 Ford Aerostar

The Tribunal finds that the vehicle was purchased by Shine Car Sales Inc. from Impact Auto Auctions Ltd. for \$2,740.00. It was in very badly damaged condition and the distance travelled was shown as T.M.U. as the vehicle had a digital odometer which was without electrical power. Mr. Rahim advised Mr. Vahle that the vehicle was an "insurance write-off" but did not make a notation on this on the bill of sale. He also wrote an incorrect mileage once the odometer reading was visible. Mr. Vahle was satisfied with the vehicle and did not think that he was deceived by Mr. Rahim.

Inspection Findings document

The Tribunal finds that Mr. Rahim was personally served with a document on May 22, 1998 setting out examples of suggested disclosure that O.M.V.I.C. considers necessary on a bill of sale. This list is not exhaustive and is not set out specifically in the Act or regulations and is information which O.M.V.I.C. has determined would effect the purchasers decision. The list includes "theft recovery", "insurance write-off", and "accident repair" and does not mention "salvage" or "rebuilt". Mr. Rahim disregarded this document and it was filed away somewhere in the office.

Criminal Record

The Tribunal finds that Mr. Rahim stated under oath that he had no criminal record when he had been found guilty of one charge of assault in 1988 and one charge of theft in 1997. There is no proof that either of these charges was industry related, and both were minimized by the witness, however the Tribunal finds that the requisite *mens rea* and *actus reus* requirements were satisfied beyond a reasonable doubt.

Correction of Procedure

The Tribunal finds that when Ms. Gingras advised Mr. Rahim that he must complete the formal paperwork for a private purchase of vehicles, he did correct his procedure. Similarly the Tribunal accepts his evidence as substantiated by bills of sale subsequent to the Notice of Proposal that he has made notations of "salvage", "repair-rebuilt", "branded rebuilt", "salvage-theft recovery", and "as is-salvage" on bills of sale. He also complied with the requirement to send copies of his bills of sale to Ms. Gingras during the adjournment of this hearing between June 6 and June 25, 2001.

APPLICATION OF LAW TO FACTS:

The Act provides that the Registrar may revoke the registration of the Applicant where the Applicant's past conduct affords reasonable grounds for belief that the Applicant will not carry on business in accordance with the law, and with integrity and honesty. The Tribunal finds the

following facts to be relevant past conduct.

Provincial Offenses

The Applicant pleaded guilty to the charges of odometer tampering and provided an explanation for his behaviour which was consistent with his guilt, but was mitigating. These charges relate to two incidents in 1999 and there has been no subsequent similar behaviour.

Criminal Record

Mr. Rahim was not completely forthright on this issue, and attempted to downplay his involvement in the incidents. The first charge was quite dated, and did not involve dishonesty, and although the theft charge gives some concern to the Tribunal, it is not industry related and there is no evidence that it involved a credit card, a cheque or a course of behaviour of any significant duration.

Material nondisclosure

Prior to the issue of the Notice of Proposal, Mr. Rahim did not write "salvage", or "insurance write-off" on his bills of sale. However, of the three vehicle involve in the allegations in the Notice of Further and Other Particulars, there is evidence that the purchaser of the 1992 Aerostar saw the vehicle during repairs, the purchaser of the 1995 Aerostar was told that the vehicle was an "insurance write-off", and the purchaser of the 1989 Honda was advised that the vehicle was a "theft recovery" which was repaired and repainted. Unlike the situation in the *Miljkovic* case referred to by Counsel, Mr. Rahim had not been given "explicit written instructions" received by Miljkovic although he did fail to advise one of two customers that the vehicle was an "insurance write-off" despite having received the Inspection Findings form on May 22, 1998. There is also evidence of behavior subsequent to the Notice of Proposal which shows that the registrant is making disclosure according to the guidelines set out by O.M.V.I.C. This is consistent with his apparent correction of his improper procedure when purchasing a vehicle from private individuals. After his discussion with Ms. Gingras, Mr. Rahim began to keep proper records based on suggestions given to him.

Odometer

The Tribunal finds that the Applicant has provided a reasonable explanation for his actions in not showing T.M.U. (true mileage unknown) on the bills of sale for vehicles with digital odometers that were purchased at Impact Auto Auctions Ltd. These vehicles had working odometers, but the true readings were not visible, and therefore not known until a battery was connected. At the time the vehicles were sold by Impact Auto Auctions Ltd., the readings were not known. However, at the time the vehicles were sold by the registrant, the readings were known, although in the case of the 1995 Aerostar the reading was improperly recorded on the bill of sale. The Tribunal finds that there was no intend to deceive in the failure of the registrant to record T.M.U. on the bills of sale.

A motor vehicle dealer or salesperson deals with members of the public who are purchasing or selling products of substantial value and are depended upon not to misrepresent to value or quality of the vehicles. By withholding or falsifying information, they are in a position to take advantage of a vulnerable consumer, and the public must have confidence that the dealer or salesperson will not put their own personal interests ahead of their responsibility to conduct business with honesty and integrity. The legal test to be used by the Tribunal is whether the Registrar was in error in deciding that the past conduct of the Applicant provided reasonable grounds to believe that the Applicant would not carry on business in accordance with integrity honesty and with the law. On the basis of the facts as found, and the application of the law to those facts, the Tribunal finds that the decision by the Registrar was in error. The Tribunal finds that although some of his practices were careless, in this case Mr. Rahim as the salesperson and operating mind of the dealer was not acting without integrity and honesty, or not in accordance with the law in his dealings with the public. His behaviour subsequent to the inspection has shown that he will implement and follow better procedures when advised to do so.

COSTS:

Counsel for the Registrar applied for an order for costs against the Applicant on the basis that one day was set aside for the hearing of the matter but it was adjourned to a further day as the Applicant wished time to consider whether he would call a further witness. No allegations of improper conduct by the Applicant's Counsel were made and it was conceded by the Counsel for the Registrar and noted by the Tribunal that Mr. Ulrich had conducted himself in a proper and highly professional manner throughout the proceeding. Counsel for the Registrar pointed out that in the original Notice of Proposal dated February 1, 2001 the Applicant was put on notice that under section 8 of the *Licence Appeal Tribunal Act*, the Tribunal may entertain an application for costs by a party to the proceeding.

This section gives the Tribunal the power to refuse to grant a hearing or to terminate the hearing at any time, and make an order for costs where the Tribunal finds that there has been notice and that the application for the hearing is frivolous or vexatious. In this matter, the chronology of events is significant as the inspection of the Registrant's premises was carried out in January, 2000, the Notice of Proposal was dated February 1, 2001, the Applicant filed his appeal on February 14, 2001, and the Registrar filed a Notice of Further and Other Particulars dated May 17, 2001. The Registrar complied with the rules of the Tribunal, however as the hearing was scheduled for one day, and was to commence on June 6, 2001, the registrants were left with little time to prepare. The original Notice of Proposal referred only to the two charges of odometer tampering which was dealt with in the Provincial Offenses Court whereas the allegations referred to in the Notice of Further and Other Particulars dealt with the sale of three vehicles which were purchased from Impact Auto Auctions Ltd. These allegations potentially raised issues of odometer readings, the condition of the vehicles and the procedures for sale used at Impact Auto Auctions Ltd. Shortly after 4:00 p.m. on June 6, 2001 Counsel for the registrants requested an adjournment so that he could consider whether he needed to call a witness on this issue. The adjournment was granted, and the matter was

adjourned to June 25, 2001 for argument if no further evidence was to be called, and the date of July 27, 2001 was reserved if further evidence was to be called before final argument. The Tribunal would not have commenced argument on June 6, 2001 as it was too late in the day, and the matter would have been adjourned in any event. This Tribunal finds that the request for an adjournment was neither vexatious nor frivolous in view of the fact that the new and different grounds were added by the Registrar virtually at the last moment notwithstanding within the time required by the Tribunal's Rules of Practice and based on information from the inspection carried out in January, 2000. In such circumstances, the Tribunal finds that the application for costs is without merit and is refused.

DECISION:

Therefore, by virtue of the authority vested in it under section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar not to carry out his proposal to revoke the registration of the registrants, Shine Car Sales Inc. as a motor vehicle dealer and Mr. Omar Hassan Rahim as a salesperson provided the following conditions are complied with.

1. When Shine Car Sales Inc. purchases a vehicle for which the distance travelled or odometer reading is shown as unknown, the contract of sale from Shine Car Sales Inc. to any purchaser of that vehicle shall contain a statement that the true distance travelled is not known and the odometer reading may not be accurate.
2. When Shine Car Sales Inc. sells a motor vehicle that has an odometer which has been replaced, the registrant Shine Car Sales Inc. shall confirm that at the time of replacement the replacement odometer had the same reading as the replaced odometer and the contract of sale from Shine Car Sales Inc. to any purchaser of that vehicle shall contain a statement that the odometer has been replaced and that the true distance travelled is unknown.
3. When Shine Car Sales Inc. purchases a motor vehicle described as an insurance write off, or salvage, or a theft recovery, the contract of sale from Shine Car Sales Inc. to any purchaser of that motor vehicle shall contain a statement respecting that identical description.

FULLER and SWICK

PREHEARING

TIMOTHY FULLER AND PATRICIA SWICK

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: MARJORIE L. HILEY, VICE-CHAIR

APPEARANCES:

TIMOTHY FULLER, representing himself and Patricia Swick
NETANUS RUTHERFORD, Counsel, and CORY BEVERDAM, warranty
representative, for the Ontario New Home Warranty
Program
JOHN JAWORSKI, Counsel, and MR. CHOO, MR. YIP and
MS. WICKI, representatives, for the Added Party,
ASHCROFT HOMES CENTRAL PARK INC.

DATE OF
PREHEARING: June 11, 2001

Ottawa
via teleconference

ORDER

A prehearing conference by teleconference was heard by this Tribunal on June 11, 2001. In attendance were representatives of the Applicants, the Program and the Added Party. There was a written consent from Patricia Swick agreeing to Timothy Fuller to represent her at this hearing.

The Tribunal explained to Mr. Fuller why Ashcroft Homes Central Park Inc. was added to the proceedings as an Added Party under the jurisdiction of the Rules of Practice of the Tribunal and the *Statutory Powers Procedure Act*.

The issues were canvassed with all the parties. Despite lengthy discussions, there was no resolution of these issues.

The Tribunal issues the following order:

1. Ashcroft Homes Central Park Inc. is an Added Party to these proceedings.
2. The hearing will commence at 1:00 p.m. on Tuesday, September 25, 2001 and continue if necessary at 9:30 a.m. on September 26 and 27, 2001. The hearing will be held at Gillespie Reporting Services at 130 Slater Street, suite 200, Ottawa, Ontario.
3. The following continue to be issues to be heard at the hearing:

Section # 1 of the Decision Letter of February 8, 2001:

1. Heating to the loft area and the 2nd bedroom – Item # 27 (items covered under warranty) in Conciliation Report # 1
2. Replacement of kitchen and bath cupboards as not being maple – Item # 32 (items covered under warranty) in Conciliation Report #1
3. Drywall repairs to the powder room – item #4, twisted post –item #3, and stair stringer – item #17 (all items covered under warranty) in Conciliation Report #1
4. Painting of repairs – item #2, item #19, item #20 (all items covered under warranty) in Conciliation Report #1; item #5 and item #6 (items covered under warranty) in Conciliation Report #2
5. Repair the patio door track – item #11 (items covered under warranty) in Conciliation Report #1
6. Replace siding with proper colour – Item #43 (items NOT covered under warranty) in Conciliation Report #1

Section #2 of the Decision Letter of February 8, 2001:

Items mentioned in the August 28, 2000 letter as follows:

- trim by front foyer door and paint it – item #5 (items NOT covered under warranty) in Conciliation Report #1
- replace tiles at fireplace/level floor – item #6 (items covered under warranty) in Conciliation Report #1
- repair livingroom floor near fireplace – item #7 (items covered under warranty) in Conciliation report #1
- baseboards by fireplace – item #8 (items covered under warranty) in Conciliation report #1
- repair crack in drywall near fireplace – item #9 (items covered under warranty) in Conciliation report #1
- nosing at junction of vinyl floor and hardwood floor – item #10 (items covered under warranty) in Conciliation report #1
- drywall joint at top of stairs – item #18 (items covered under warranty) in Conciliation report

#1

- stipple on cathedral ceiling – item #19 (see section I of decision letter)
- patch drywall in spare room – item #20 (see section I of decision letter)
- repair bathroom wall/new ceramic tiles- items # 21 & #22 (items covered under warranty) in Conciliation Report #1
- repair wall under bathroom vanity – item # 23 (items covered under warranty) in Conciliation report #1
- repair by rec room plug – item # 24 (items covered under warranty) in Conciliation report #1
- baseboard in rec room – item #25 (items covered under warranty) in Conciliation report #1
- repair concrete floor in unfinished basement – item #26 (items covered under warranty) in Conciliation report #1
- install telephone jack in kitchen – item # 33(items covered under warranty) in Conciliation report #1
- repair windowsill at basement stairwell – item # 35 (items covered under warranty) in Conciliation report #1
- straighten garage door frame – item #8(items covered under warranty) in Conciliation report #2
- repair parging at rear corner of foundation – item #10(items covered under warranty) in Conciliation report #2
- repair shingles at top section of roof – item #11(items covered under warranty) in Conciliation report #2
- repair window wells at rear of home – item #1(items covered under warranty) in Conciliation report #2
- repair toe kick below pantry - ?item # 14(items NOT covered under warranty) in Conciliation report #1
- replace finish to right of dishwasher - ?item # 10(items NOT covered under warranty) in Conciliation report #1
- replace runner to main stair – item # 16 & 17(items NOT covered under warranty) in Conciliation report #1

Section #3 of the Decision Letter of February 8, 2001:

The following items are still in dispute:

#4 – front door repair (it is item #4 of items NOT covered under warranty in the Conciliation report #1)

#29 –drain from furnace (it is item #29 of items NOT covered under warranty in the Conciliation report #1)

#44 – loft wall not as per plans (it is item #45 of items NOT covered under warranty in the Conciliation report #1)

#45 – fireplace – not correct mantel (it is item # 46 of items NOT covered under warranty in the Conciliation report #1)

#46 hydro, cable and phone boxes (it is item #47 of items NOT covered under warranty in the Conciliation report #1)

#47 obstacles obstructing property easement (it is item #48 of items NOT covered under warranty in the Conciliation report #1)

#48 delay in closing – (it is item #49 of items NOT covered under warranty in the Conciliation report #1)

#49 structural problems with basement (it is item #50 of items NOT covered under warranty in the Conciliation report #1)

#5 – shingles not overhanging front roof apex (it is item #5 of items NOT covered under warranty in the Conciliation report #2)

#9- landscaping not complete (it is item #9 of items NOT covered under warranty in the Conciliation report #2)

4. The parties were reminded of their obligations to disclose all documents to be used at the hearing at least ten days prior to the hearing date and to comply with the additional provisions respecting expert witness evidence covered under Rule 6.4 of the Rules of Practice of the Tribunal. The Applicant must disclose expert reports, curriculum vitae of the expert and conclusions of the expert who will be providing verbal testimony at least thirty days prior to the hearing. Other parties must do so at least twenty days prior to the hearing.

TREVOR BRANION, Counsel representing the Registrar,
Travel Industry Act

DATE OF
PRE-HEARING: June 29, 2001 Toronto

ORDER

WHEREAS, a Notice of Proposal dated March 20, 2001 was issued by the Registrar under the *Travel Industry Act* (the "Registrar"), to Revoke the registration of 794658 Ontario Ltd. o/a Travel Media/Jet-A-Way Vacations (the "Applicant");

AND WHEREAS, the Applicant has appealed the Notice of Proposal to the Tribunal;

AND WHEREAS, the prehearing conference was set down for hearing before the Tribunal, on Friday, June 29, 2001, at 9:30 a.m. at 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario;

AND WHEREAS, when the prehearing came before the Tribunal on June 29, 2001 there was no resolution of any of the issues in this matter;

NOW THEREFORE the Tribunal makes the following Order respecting the hearing scheduled to be heard before the Tribunal:

1. The Parties to the hearing are the Applicant and the Registrar.
2. That the hearing of the matter shall commence at 9:30 a.m., on Tuesday, September 18, 2001, and thereafter, if necessary to continue September 19 and 20, 2001 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario.
3. That the parties shall fully comply with Rule 6.3 of the Tribunal's Rules of Practice.
4. That the Tribunal orders the parties to disclose to the other the existence of all documents and things that the party will refer to or tender as evidence at the hearing.
5. That the Tribunal further orders the parties deliver to the other at least 30 days before the hearing copies of all documents that the party will produce as evidence at the hearing.

CENTER CITY QUALITY CARS INC. AND EVELYN MAY WATLING

CENTER CITY QUALITY CARS INC. AND EVELYN MAY WATLING

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: DERK ISRAEL, Vice-Chair

JOHN ORT, Member

APPEARANCES:

ROSS MacDONALD, counsel, representing the Applicants

A. MICHAEL ROTHE, counsel, representing the Registrar,
Motor Vehicle Dealers Act,

DATE OF

HEARING: July 9, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a written Notice of Proposal dated April 11, 2001, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to refuse registration of Center City Quality Cars Inc. ("Center City") as a motor vehicle dealer under the provisions of the Act and to refuse the registration of Evelyn May Watling ("Watling") as a motor vehicle salesperson under the provisions of the Act.

THE ISSUES:

The Registrar bases his proposal to refuse the registration of Center City and Watling under section 6(1) of the Act, which reads as follows:

6.(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 5.

The Registrar further bases his proposal to refuse registration in terms of section 5(1)(b), (c)(ii), and (d) of the Act, which read as follows:

5.(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

(c) the applicant is a corporation and,

.....

(ii) the past conduct of its officers or directors affords reasonable grounds for belief that is business will not be carried on in accordance with law and with integrity and honesty; or

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

In support of the Notice of Proposal to refuse registration of Center City and Watling the Registrar furnished particulars, which reads as follows:

PARTICULARS

The reason for this proposal are:

- 1) Center City Quality Cars Inc. applied for registration as a motor vehicle dealer on or about December 12, 2000. Evelyn May Watling is the only officer or director of Center City Quality Cars Inc.
- 2) Evelyn May Watling applied for registration as a motor vehicle salesperson on or about December 12, 2000.
- 3) On or about January 30, 2001, Evelyn May Watling signed terms and conditions of registration on behalf of the Dealer. Clauses a) and b) of these terms and conditions read as follows:
 - a. The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
 - b. The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer".
- 4) The application of the Dealer and the Salesperson were approved on or about January 30, 2001.
- 5) On or about February 28, 2001 a representative of the Registrar attended at the registered premises of Center City Quality Cars Inc. for the purpose of conducting an inspection. This inspection revealed that Alex Kalsatos had been left in charge of the dealership in the

absence of Evelyn May Watling and that Alex Kalsatos had acted as an unregistered salesperson on behalf of the Dealer.

- 6) On or about March 20, 2001, the registration of Center City Quality Cars Inc. and Evelyn May Watling was cancelled in accordance with Section 13(3) of Regulation 801 to the Act.
- 7) Subsequent to the February 28, 2001 inspection, further evidence was found of Alex Kalsatos acting as an unregistered salesperson on behalf of Center City Quality Cars Inc.
- 8) On or about July 22, 1999 a proposal to refuse an application by Alex Kalsatos was issued by the Registrar. Mr. Kalsatos did not appeal the proposal and the application of Alex Kalsatos was refused in accordance with Section 7 of the Act.

THE EVIDENCE:

The evidence introduced by the Registrar consisted of the testimony of Sharon Mills, John Taylor and Mary Jane South. In addition the Registrar introduced documentary evidence through the above parties.

TESTIMONY OF SHARON MILLS

Ms. Mills testified that her sister has previously dealt with Center City when she purchased a motor vehicle through Center City. Ms. Mills decided to also deal with Center City and accordingly she went to 2383 Dundas Street West, Toronto, the premises of Center City. She was shown motor vehicles that were on display at Center City's premises. The person who showed her the motor vehicles was Alex Kalsatos ("Kalsatos"). She left Center City's premises without purchasing a motor vehicle that day. The following day she telephoned Center City and spoke with Kalsatos and told him she was interested in a particular car she had viewed the previous day when she was at Center City's premises. Arrangements were then made for her to attend at Center City's premises to sign papers and to finalize the purchase transaction.

On March 8, 2001 Ms. Mills attended at Center City's premises and met with both Watling and Kalsatos. She was presented with a vehicle purchase agreement (Exhibit 4, Tab A) the top portion whereof has been completed according to the particulars she had earlier given over the telephone. The balance of the information on the vehicle purchase agreement was completed on March 8, 2001 by Kalsatos in the presence of Ms. Mills and Watling. The vehicle purchase agreement was then signed by Watling on behalf of Center City and Ms. Mills signed as purchaser. Kalsatos when completing the information on the vehicle purchase agreement wrote on that agreement "Paid & Delivered on March 8, 01 at 6:30 p.m.". Alongside these words both Ms. Mills and Kalsatos placed their initials.

No questions were put to Ms. Mills by counsel for Center City or Watling.

TESTIMONY OF JOHN TAYLOR

John Taylor ("Taylor") testified that he has been an inspector with the Ontario Motor Vehicle Industry Council ("OMVIC") since January 2001 and was a complaint's manager with OMVIC

prior thereto. His present duties as an inspector include inspections of Registrants to ensure that they are in compliance with the Act and regulations.

On February 28, 2001 Taylor in the normal course of his duties, called at the premises of Center City at 2382 Dundas Street, Toronto to ensure that Center City was in compliance with the Act and regulations. The only person then on the premises was Kalsatos with whom Taylor spoke. Taylor asked to speak with Watling and was informed by Kalsatos that she was at home. Kalsatos in the presence of Taylor telephoned Watling at her home and Taylor then spoke with her. At the request of Taylor, Watling faxed to him three bills of sale concluded by Center City (Exhibit 3, Tab 7). The purchasers in terms of those three bill of sales were Taylor, Vaz and Mare. On receipt of these three bill of sales Taylor noted that Kalsatos had signed on each of the bills as the authorized representative of Center City. Before leaving the premises of Center City, Taylor wrote out and handed to Kalsatos a notice entitled "Inspection Findings" (Exhibit 3, Tab 6) in which he pointed out that only persons registered as salespersons to Center City may "buy, sell, lease or represent vehicles" on behalf of Center City and that "Alex Kalsatos is not registered and is therefore not permitted to buy sell, lease or represent vehicles". These "findings" were handed to Kalsatos who signed acknowledging receipt thereof.

Under cross-examination by counsel for Center City and Watling, Taylor stated that Kalsatos was cooperative in that he supplied Taylor with all information that had been requested.

TESTIMONY OF MARY JANE SOUTH

Ms. South testified that she is the Deputy Registrar under the Act and that she oversees the registration under the Act of all persons who apply for registration.

Ms. South then reviewed the particulars contained in the Notice of Proposal (Exhibit 1).

She also reviewed the two applications that were completed by Watling for her registration as a salesperson and for Center City's registration as a motor vehicle dealer. Both these applications were received by OMVIC on December 12, 2000.

She also reviewed the Articles of Incorporation of Center City furnished to OMVIC by Watling in which document the latter was both the incorporator of the corporation and the first Director of Center City.

Ms. South explained that on January 30, 2001, at the request of OMVIC, Walling on behalf of Center City executed written "terms and conditions" to which its registration would be subject. The first two clauses of these executed "terms and conditions" stated as follows:

- a) The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
- b) The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is

not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.

On receipt of the executed "terms and conditions" Center City and Watling were registered as a dealer and salesperson respectively under Section 13(3) of Regulation 801 to the Act which states as follows:

13.(3) Every registration is conditional for a sixty-day period following registration pending verification of the registrant's application.

On March 20, 2001 OMVIC wrote to Center City advising that its registration had been cancelled in terms of section 13(3) of Regulation 801 to the Act as a recent inspection of Center City indicated that it has used the services of an unregistered salesperson on "all three retail sales which have been made this far" (Exhibit 3, Tab 7).

By letter dated March 27, 2001 Watling wrote to OMVIC in which she stated as follows:

Just to let you know, my husband Alex Kalsatos, has filed for bankruptcy in Jan'01. He just had a creditors meeting on Friday, March 23, 01 and representatives from Revenue Canada were at the meeting. I believe that the problems with his sales license involve Revenue Canada. From this meeting, if Revenue Canada does not dispute his bankruptcy then it is my understanding that Alex could be "discharged" by April'01. At that time, I believe he would be eligible to reapply for his "Salesperson License" from your office.

I just want to let you know that if I am fortunate enough to be allowed to continue business, I will abide by all of the rules and regulations set out by OMVIC to the best of my ability. I **do** understand that I would be the only licensed salesperson at the dealership, at this time, and therefore it is my responsibility to speak to customers regarding any vehicles they are interested in purchasing and finalizing the sale. My husband will be there in the capacity of Service Manager and will therefore deal with any problems the customers have involving service to their vehicles. He will **not** be involved in the selling of vehicles until which time as his license has been reinstated. He will also have to be there when I am out on the road or when I have to take my two-year-old daughter home for her nap. She is still nursing and therefore, at this time, I am the one who has to take her home for afternoon nap. **Please Note:** Even if I am not in the office, I can be reached by cell phone at anytime.

Ms. South stated that subsequent to execution on January 30, 2001 of the "terms and conditions", Center City entered into a bill of sale with Sharon Mills on March 8, 2001 (Exhibit 4, Tab A) and with Judith Bush (Exhibit 4, Tab B) also on March 8, 2001. Both these sales were handled by Kalsatos on behalf of Center City.

Ms. South went on to state that to her knowledge a corporation which was previously registered as a motor vehicle dealer and of which Kalsatos was the director and controlling mind had its registration revoked. That corporation had failed to comply with the *Retail Sales Tax Act* to file returns, remit tax when due and pay assessments when due. The registration of that corporation was revoked in November 1996.

Ms. South further stated that Kalsatos had applied for registration as a motor vehicle salesperson. On July 22, 1999 the Registrar had issued a proposal to refuse Kalsatos'

registration as he had failed to pay \$277,270.20 he owed under the *Retail Sales Tax Act*. This according to Ms. South constituted a failure by Kalsatos to demonstrate financial responsibility and to act with honesty and integrity in that monies collected for the Ministry of Finance had not been remitted. As Kalsatos had not exercised his right to a hearing before the Tribunal in accordance with section 7(2) of the Act, the proposal to refuse registration became final. According to the Ministry of Finance, the amount owing to that Ministry, which at June 15, 2001 stood at the sum of \$322,795.00, has not been paid by Kalsatos who filed for personal bankruptcy effective January 22, 2001.

Ms. South further testified that according to a CPIC report the dated May 7, 2001 obtained by OMVIC Kalsatos has a criminal record as follows:

<u>DATE & PLACE</u>	<u>CHARGE</u>	<u>DISPOSITION</u>
JAN 20 75 TORONTO	(1) FORGERY (3 CHGS) (2) UTTERING	(1-2) SUSP SENT & PROB FOR 1 YR
APR 22 94 TORONTO	BREACH OF INCOME TAX ACT (9 CHGS)	14 DAYS ON EACH CHG CONSEC
JUN 06 94		PAROLED
SEP 12 95 TORONTO	(1) BREACH OF INCOME TAX ACT (2) BREACH OF INCOME TAX ACT (6 CHGS)	(1) 12 DAYS INTERMITTENT (2) 12 DAYS INTERMITTENT CONSEC

Ms. South finally testified that in terms of bills of sale dated June 12, 2001, May 5, 2001 and April 20, 2001 entered into between Center City and Mabellineo Gousalves, Maria Carneiro and Peter Koufos respectively, Center City sold motor vehicles to such parties. In each instance, the sale was handled by Kalsatos who completed the bills of sale and signed same as salesperson for Center City. (Exhibit 6, 7 and 8). All three transactions were entered into after Watling in her letter of March 27, 2001 undertook not to use unregistered salespersons.

At the conclusion of the evidence of the above three persons, Watling testified on her own behalf and on behalf of Center City.

TESTIMONY OF EVELYN MAY WATLING

Ms. Watling stated that she lives with Kalsatos who is her common law spouse. They have a 2-year-old child.

She attended at Bloor Collegiate Institute and received her grade 13 diploma in the general program. She then attended the University of Toronto to pursue a three-year Bachelor of Arts degree. Due to family problems she left university and did not attain that degree. She subsequently completed two of five levels in the Certified General Accountants Program and has received the Canadian Payroll Association certification. She worked as a payroll

manager until 1998 when she left her employment to pursue a career in the second hand car business.

Ms. Watling stated that she is customarily on the premises of Center City except when doing banking or taking her daughter home for a "nap". When these events occur, she leaves Kalsatos on the premises. Kalsatos is a motor mechanic and his presence as such is needed on Center City's premises.

She remembers the Mills transaction and that she telephoned Ms. Mills to obtain her personal information to partially complete the bill of sale. When Ms. Mills returned to Center City's premises to complete the transaction, Kalsatos, in Ms. Watling's presence, completed in his handwriting the remainder of the bill of sale.

Ms. Watling confirmed that she completed both applications for registration by Center City as dealer and herself as salesperson.

She also confirmed that the letter of March 27, 2001 (Exhibit 3, Tab 9) addressed to OMVIC was written and signed by her. She further stated that she understands that Kalsatos cannot engage in the sale of motor vehicles as he is not a licenced motor vehicle salesperson and that she would not utilize his services as a salesperson if Center City's application for registration were to be granted.

Under cross-examination by counsel for the Registrar, Watling stated that the bill of sale entered into between Center City and Ms. Mills (Exhibit 4, Tab A) was partially completed by her from information she obtained over the telephone from Ms. Mills. The remainder of the bill of sale containing financial information under the headings of "Purchase Price and Payment" and "Basic vehicle and Options" was completed by Kalsatos in his hand writing and such information was entered on the bill of sale by Kalsatos on March 8, 2001 when the sale was concluded in the presence of Watling, Ms. Mills and Kalsatos.

Ms. Watling also stated under cross-examination that she completed the information on the Judith Bush bill of sale (Exhibit 4, Tab B). However, Kalsatos wrote the words "Paid by cheque # 001 delivered on March 8, 2001, at 7:30 p.m." on the face of the bill of sale and placed his initials alongside Ms. Shaw's initials next to those words. This was done by Kalsatos in the presence of Watling at the time of the conclusion of the sale transaction at which she and Ms. Bush were present.

Watling further stated under cross-examination that she faxed to OMVIC copies of the bills of sale between Center City and purchasers Takcor, Vaz and Mare dated January 15, 2001, February 10, 2001 and February 14, 2001 respectively (Exhibit 4, Tab 7, first, second and third pages). She confirmed that she was present in each instance when the bills of sale were

drawn up by Kalsatos and when the three purchasers signed and when the bills of sale were signed by Kalsatos as authorized representative of Center City.

Exhibits 6, 7 and 8 were shown to Watling by counsel for the Registrar. Watling confirmed that these three exhibits were copies of three bills of sale between Center City and Gonslaves, Carneiro and Kouros dated June 12, 2001, May 5, 2001 and April 20, 2001 respectively. Watling further confirmed that she was present when each of these bills of sale was completed by Kalsatos in Kalsatos' handwriting. She was also present when the individual purchasers signed their respective bills of sale and when Kalsatos signed each bill of sale as salesperson on behalf of Center City.

Watling further stated under cross-examination that she had completed the certification course required by OMVIC. In the certification course she studied the Act and its Regulations and therefore knows that unregistered salespersons are not permitted to be employed by motor vehicle dealers. She stated further that when executing her application for registration as a motor vehicle salesperson, she acknowledged in the application that she has completed the certification course and also acknowledged that she knew that "buying and selling" motor vehicles includes any form of negotiation concerning the purchase and sale of a vehicle and is not limited to the signing of contracts.

Finally, Watling confirmed that on January 30, 2001 she has signed "terms and conditions" (Exhibit 3, Tab 5) and that such terms and conditions contained, among others, two conditions, which state as follows:

- a. The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
- b. The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer".

No further persons testified for Center City and Watling.

FACTS FOUND TO BE PROVEN:

The following are the facts found by the Tribunal to have been proven, based on the oral and documentary evidence presented at the hearing.

- 1) Center City applied for registration as a motor vehicle dealer under the Act by written application dated December 12, 2000.
- 2) Watling applied for registration as a motor vehicle salesperson under the Act by written application dated December 12, 2000.
- 3) Watling is the sole Director and the controlling mind of Center City which was incorporated on November 22, 2000.
- 4) Watling on behalf of Center City signed and executed written terms and conditions dated January 30, 2001. Such terms and conditions, contained among others, the following:
 - a. The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer.
 - b. The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer".
- 5) On January 30, 2001 Center City and Watling were conditionally registered in terms of Regulation 801, Section 13(3) for a period of 60 days pending verification by the Registrar of their applications.
- 6) Center City, therein represented by Kalsatos, was at all material times an unregistered motor vehicle salesperson who represented Center City when it entered into written bills of sales with the following purchasers of motor vehicles on the dates shown hereunder:

Kackor	January 15, 2001
Vaz	February 10, 2001
Mare	February 14, 2001
Sharon Mills	March 8, 2001
Judith Bush	March 8, 2001
Koufos	April 20, 2001
Carneiro	May 5, 2001
Gonsalves	June 12, 2001
- 7) Watling was at all material times aware that Kalsatos was an unregistered salesperson and was representing Center City as a motor vehicle salesperson in connection with the above eight sales of motor vehicles.

DECISION AND REASONS:

The onus of proof rests upon the Registrar to satisfy the Tribunal that he has reasonable grounds to believe that the registration of Center City and Watling ought to be refused based upon the activities of Center City and Watling having been carried on in contravention of the Act and Regulations and which past conduct affords reasonable grounds for belief that Watling will not carry on business in compliance with Section 5 of the Act.

The Divisional Court decision released April 7, 1983 of *Brenner*, reported in 19 CRAT 58, held that the Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks the Registrar was in error in concluding that the past conduct of an Applicant afforded reasonable grounds for belief that such Applicant would not carry on business in accordance with law and with integrity and honesty. Southey J. for the Court reviewed the authority of the Tribunal under section 7(4) of the *Motor Vehicle Dealers Act* respecting the proposal of the Registrar under *Brenner* at Section 5(1)(b) of the that Act. He states at page 60:

The effect of Section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself.

In the *Brenner* case, due to the particular facts in this case Southey J. sent it back for a rehearing, however, he adds in the third last paragraph:

The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

To overrule the decision of the Registrar, the Tribunal must conclude that the Registrar was wrong in his decision and that the conduct of an Applicant does not afford reasonable grounds for the Registrar's belief that the Applicant will in the future carry on activities in contravention of the Act and its Regulations. This was confirmed by Divisional Court in the matter of *Albert Fascenda (1994) 26 CRAT Part II 1050* where that court reversed the Tribunal's decision to direct a Registrar not to carry out his proposal and in sending the matter back for re-hearing stated at page 1051.

It follows that the Tribunal should have refused to direct the Registrar to carry

out his proposal only if it thought the Registrar was in error in his belief.

The Tribunal's analysis of the evidence before the Tribunal and the Tribunal's conclusions pursuant to the analysis follow.

Watling in her testimony did not attempt to deny that Kalsatos was not a registered salesperson in terms of the Act. Indeed, it was clear from the evidence that she was aware that Kalsatos was not registered as a motor vehicle salesperson. This was borne out by the fact that she had successfully completed OMVIC's certification course prior to making application to OMVIC for registration and her acknowledgement that in the course of studying for the certification she had been made aware that unregistered salespersons are prohibited in terms of the Act from buying or selling motor vehicles.

In addition she had, on January 30, 2001, signed terms and conditions that specifically spelled out that unregistered salesperson were not to be retained by a motor vehicle dealership. These terms and conditions clearly stated what constituted "buying or selling" of motor vehicles. Despite Watling according to her own evidence being aware that she could not employ an unregistered salesperson in the dealership, she nevertheless employed Kalsatos, her common law husband, who she knew was not licenced to act as salesperson.

On January 30, 2001 the provisional registrations of both Watling and Center City were granted subject to the terms and conditions signed by Watling. On February 10, 2001, February 14, 2001 and March 8, 2001 four bills of sale were concluded by Center City with Naz, Mare, Mills and Bush. Each of these sales was negotiated by Kalsatos with the full knowledge of Watling. Watling, by knowingly allowing Kalsatos to act as a salesperson for Center City after signing the terms and conditions, was following a course of conduct in direct contravention of the terms and conditions she had so recently signed and in contravention of the Act which she admitted she knew and had studied in the OMVIC certification course.

To compound the course of conduct as evidenced by the above four sales, Watling continued after her letter to OMVIC of March 27, 2001 to permit her common law spouse Kalsatos to act for Center City as an unregistered salesperson in three contracts of sale with Koufos, Carneiro and Gonsalves.

Compelling and persuasive evidence exists that Watling (the controlling mind of Center City) as well as Center City have not conducted themselves in accordance with law and with integrity and honesty. This past conduct does afford the Registrar with reasonable grounds for the belief that both these parties have not conducted themselves in accordance with law and with integrity and honesty. The sales that were handled by Kalsatos were not isolated instances but rather appear to be an ongoing course of conduct and are all industry related.

Having regard to the findings of the Tribunal in regard to the above instances, the Tribunal is faced with the question of whether the past conduct of Watling is likely to result in future acts or omissions that would or could reasonably give rise to the belief that Watling and Center City will in the future not carry on business in accordance with law and with integrity and honesty. The evidence of the Registrar and the evidence of Watling herself supports the Registrar's decision that Watling and Center City will in the future not carry on business with integrity and honesty and that the Act and that its Regulations will not be adhered to.

Counsel for Watling and Center City submitted that while Watling had acted contrary to the requirements of the Act, the penalty of refusing registrations would be too harsh a sanction to impose. The Tribunal does not agree with this submission and in particular does not agree that the dissenting judgement of Holland J. in the matter of *Camp Cars Ltd. v. Registrar of Motor Vehicle Dealers and Salesman* [1993] O.J. No 578 is supportive of Counsel's contentions as the facts in that case related to odometer roll backs and not to using the services of unregistered salespersons.

Having regard to all the aforesaid reasons, this Tribunal finds no grounds to interfere with the Registrar's proposal.

ORDER:

Accordingly, the Tribunal pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, directs the Registrar to carry out his proposal dated April 11, 2001 to refuse the registrations of Center City as a motor vehicle dealer and Watling as a motor vehicle salesperson under the Act.

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Simple Escapes Inc. (hereinafter referred to as "the Registrant") is a company incorporated pursuant to the laws of Ontario and has been registered under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") as a travel agent (registration number 50006738/R) since September 29, 1999 and as a travel wholesaler (registration number 50008331) since August 17, 2000. The Registrant's fiscal year end is September 30th.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 24(2) of Ontario Regulation 806/93 made under the Act (hereinafter referred to as "the Regulation") states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
3. By letter dated August 29, 2000 the Registrant was requested by the Travel Industry Council of Ontario ("TICO") to file financial statements for the fiscal year ending September 30, 2000 by December 31, 2000.
4. On January 17, 2001, a second request was sent to the Registrant, providing the Registrant with a deadline to submit the required filing by January 31, 2001.
5. By letter dated February 5, 2001, the Registrar, *Travel Industry Act* issued a final due date of February 16, 2001 for the Registrant's September 30, 2000 financial statements, failing which the Registrant was advised that a proposal to revoke its registration would be issued.

6. By April 19, 2001, the Registrant had failed to provide its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's Registration.
7. On May 16, 2001, the Registrant filed its Notice of Appeal with the Licence Appeal Tribunal.
8. On June 15, 2001, the Registrant filed its financial statements for its fiscal year ended September 30, 2000, which were due by December 31, 2000. The statements indicated that the Registrant had adequate working capital as of September 30, 2000.

EVENTS AFTER THE ISSUANCE OF THE PROPOSAL

9. On June 11, 2001, the Registrant issued a cheque payable to TICO in the amount of \$85.98 for its contribution to the Compensation Fund, under section 47 of the Regulation. On June 18, 2001, the cheque was returned NSF.
10. On July 4, 2001, TICO conducted an inspection of the Registrant. The inspection revealed that the Registrant's general account had a negative balance of \$59,328.49, as of May 31, 2001, which suggested that the Registrant was not maintaining minimum working capital as required by section 25 of the Regulation. The inspection also revealed that as of May 31, 2001, the Registrant appeared to be maintaining proper trust accounting. In March and April, however, the trust account was overdrawn on occasion and there were disbursements drawn from the trust account that were not related to the travel services for which the funds were received.
11. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated April 19, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall replace the NSF cheque to TICO for \$85.98 by July 31, 2001;
 - (b) The Registrant shall submit interim financial statements for the nine month period ended June 30, 2001 by August 31, 2001;
 - (c) If the above-noted financial statements as submitted reveal an insufficient working capital amount, the Registrant will have 60 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant;
 - (d) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending September 30, 2001, no later than December 31, 2001;
 - (e) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending September 30, 2002, no later than December 31, 2002;

(f) The Registrant shall submit a monthly trust account reconciliation to the Registrar for the months of June and July, 2001 no later than 30 days after the end of each respective month; and

(g) If the above-noted trust account reconciliations as filed according to paragraph (2)(f) are incomplete or reveal a customer deposit deficiency, the Registrant will have ten (10) days from the date of the notice of the deficiency to fully and completely address any deficiency and produce proof of the correction acceptable to the Registrar in his sole discretion. Notice of the deficiency, if any, shall be sent to the Registrant by courier or registered mail

3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (g) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.

4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

MICHAEL F. GARCIA

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: SIMON DANN,
Presiding member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

MICHAEL F. GARCIA, Applicant
unrepresented

DATE OF HEARING: June 29, 2001

DECISION RELEASED: July 5, 2001

Toronto

REASONS FOR DECISION

A hearing was held on June 29, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Michael G. Garcia (the "Applicant")
Motor Vehicle:	1994 Chevrolet CC1, plate 511 ZLB (the "vehicle")
Date of Appeal:	June 11, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on June 29, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The original certified documents of copies on file, from the Ministry of Transportation, were submitted by the Respondent. Documents received were filed on consent as Exhibit #1.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship, as provided in section 50.2(3)(d)?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am currently unemployed and a student at Humber College. I am an MCSE student and my course will be finished within the month. I am losing class time, and am unable to travel to exams due to the loss of my vehicle. I am usually driven by my brother (with my car). I also believe this will prevent me from finding future employment. I will be unable to pay the cost of impoundment, this is why I would like to retrieve my car as soon as possible, (to lessen the cost) my brother (who shares the car) will also lose his transportation to and from work. (subsection 3)

At the hearing the Applicant reiterated the points stated on the Notice of Appeal, emphasizing that the hardship he faces is the cost of the impoundment of the vehicle and that it might be an obstacle to his search for employment between the time his course finished and the conclusion of the impound period.

The Applicant further stated that the impoundment was causing some difficulty for his brother's ability to get to and from work.

Under questioning, the Applicant admitted that there were actually three other vehicles in the family household with current licence plates and that his family, consisting of father, mother, sister and brother were getting along and that no one has missed work or encountered an emergency situation where any family member was unable to obtain transportation due to the absence of the impounded vehicle. The Applicant pointed out that while there were three other currently plated motor vehicles, one of the three was unreliable.

The Applicant further acknowledged that even though his mother did not drive, the family has always cooperated in helping each other and that no inquiries or alternative actions had been taken to replace the impounded vehicle.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Michael F. Garcia;

3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS of Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 21, 2002.

Further, the Respondent also submitted original certified documents (entered as Exhibit numbers 3.1, 3.2 and 3.3) indicating that in addition to the Applicant's impounded motor vehicle, three other motor vehicles were registered to other members of the Applicant's household.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate

or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

The Tribunal will proceed to review the criteria required to meet the onus for consideration of financial hardship.

Is there no alternative to the impounded vehicle?

The Applicant testified that no inquiries had been made or steps taken to provide a replacement for the impounded motor vehicle.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of O.Reg 632/98, Subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting.

The Applicant did not submit any evidence to establish that he had incurred any loss of income or extra expenses which could be considered hardship.

The failure to establish that there was no alternative to the impounded vehicle and the failure to establish that the loss was immediate, significant and lasting prevents the Applicant from succeeding on the ground of exceptional hardship under the Regulation.

Further, the Applicant is one and the same as the person who was found to be driving disqualified and therefore does not meet the criteria set out in 22(3)(d)(i)(ii). The Tribunal may not consider any such loss with respect to him. This does not prevent the Applicant, subject to certain limitation in the Act, from establishing that the impoundment may result in exceptional hardship to a person other than himself.

After assessing the evidence presented, the Tribunal finds that the Applicant has not established that the order of impoundment will result in exceptional hardship.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

JOHN M. GAUTHIER, Applicant
unrepresented

DATE OF HEARING: July 6, 2001

DECISION RELEASED: July 13, 2001 North Bay

REASONS FOR DECISION

A hearing was held on July 6, 2001, at North Bay, Ontario, to consider the Applicant’s appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	John M. Gauthier (the "Applicant")
Motor Vehicle:	1986 Chevrolet K10, plate no. WCK 799 (the "vehicle")
Date of Appeal:	June 19, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(a) and (d) of the Act.

This matter came before this Tribunal on July 6, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I need the vehicle to go to work and provide for myself and my children.

The person who borrowed the truck without my permission is at fault, because of this I have lost employment which would have earned my wages.

The documents that I have enclosed prove that what has happened proves me to be the innocent party.

Thank you for giving me the time to explain my situation.

Also would like vehicle returned to A&S Towing - 497-8565.
Truck impoundment # 1605207.

I John Gauthier would like my vehicle returned from the above company a.s.a.p.
I have already lost one weeks work as of now due to this situation.
As vehicle is needed for employment use, return a.s.ap. is imperative.

AFFIDAVIT

I Don Kingsbury of the City/Town/Municipality of North Bay make an oath or affirm and say as follows:

Donald Kingsbury removed and Borrowed my vehicle (VIN # 2GCEK14HOG1134527)
Alberta Reg. Licence Plate # WCK 799 on June 13/2001 at approx. 6:00 a.m. in the city of North Bay in the District of Nipissing without my consent or permission. I would like the return of my vehicle ASAP because I am self-employed and I have lost two days work due to this problem. I reported this to the North Bay Police Department about 10:00 AM on the same day as was stolen.

Sworn (or affirmed) before me at the City
Of North Bay this 15th day of
June 2001

"

signature of Commissioner

"

"

signature of deponent

The Applicant, Mr. Gauthier was sworn and gave the following testimony. He testified that on the evening of June 12, 2001 and the following day he and Mr. Kingsbury were drinking heavily. He was at Mr. Kingsbury's residence. According to the testimony of the Applicant, he stated that Mr. Kingsbury had awoken him to tell him that his truck had been impounded. Applicant said that he was very upset and wanted to get the vehicle back. He went to see the police and told them that the vehicle was taken without his permission yet according to the Applicant, the police would not file charges of theft against Mr. Kingsbury and he believes the reason to be that he was very intoxicated at the time.

Applicant stated that he required the vehicle for work. When questioned by the Representative for the Respondent, he stated that he did not have a registered company and that he had used Mr. Kingsbury on a few part time jobs only. He testified that he wanted to register a company but had not made up his mind as to when that may happen. He also testified that he may be returning to Alberta in the very near future and had been on a visit to Ontario for the past 2 months.

The Applicant claims that the vehicle was stolen by Mr. Kingsbury. The representative for the Respondent asked the Applicant if he believed that Mr. Kingsbury took the vehicle with the intention of permanently depriving him of the vehicle. The Applicant responded "I believe so, he took my vehicle without my permission or consent". There were not further questions for the Applicant and he was excused from the stand.

Mr. Kingsbury was called as a witness and was sworn. He gave testimony that he and Mr. Gauthier had been drinking heavily. Upon awakening decided to get coffee for himself and his boss, the Applicant. He borrowed the truck and drove to the donut shop. After purchasing two coffees, he left the donut shop He was subsequently pulled over by the North Bay Police. He was arrested for impaired driving after he provided two breath samples to police. As he was driving while under suspension the vehicle was impounded. Mr. Kingsbury was co-operative with police and was released on a promise to appear. Mr. Kingsbury returned to his apartment where he told the Applicant what had happened and what had happened to his vehicle.

After Mr. Kingsbury took the stand and presented his testimony, it became very clear that there was no intention to permanently deprive Mr. Gauthier of the use of his truck. The Tribunal asked Mr. Kingsbury who prepared the sworn affidavit which was presented in evidence. Mr. Kingsbury said that it was prepared by the Applicant. He said that he would not sign the affidavit as prepared because he claims not to have stolen the vehicle. The affidavit was altered with pen and the word "stolen" was changed to "borrowed" to which Mr. Kingsbury did sign his name.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Donald Kingsbury;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving while Licence Suspended under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 16, 2002.

The Respondent called to the stand Police Officer Andre Berube, Badge number 5526. The officer was sworn and gave testimony that on June 13, 2001, the driver of vehicle with Alberta plates #WCK799, was charged with impaired driving and driving while under suspension. Officer Berube testified that the driver provided samples of 209mg per 100 ml of blood and then 15 minutes later provided sample of 189mg/100ml of blood. The driver was arrested and then released on a promise to appear. The Applicant, the owner of the vehicle attempted to have the vehicle released by telling the officer that the vehicle was stolen. The officer and fellow officers who had had dealings with Mr. Gauthier did not believe the vehicle was in fact stolen. According to testimony, the Officer had informed the Applicant that he may face charges of mischief as he had placed a call to the insurance company and attempted to have the company pay for the impoundment fee as he indicated to the insurer that the vehicle was stolen. Subsequent telephone calls by the insurer to the police department led to the police closing the file.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of

- which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(a) and (d).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed "stolen" if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,

- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle that is the subject to the order was stolen at the time in respect of which the order was made as per section 50.2(3)(a)?

The evidence before the Tribunal is that Mr. Kingsbury's licence was under suspension at the time of the impoundment and that he in fact had borrowed the said vehicle with the intention of returning the property to Mr. Gauthier, the registered owner of the vehicle which was the subject of the impoundment.

The Tribunal found the evidence of Mr. Kingsbury to be forthright and credible and accepts his testimony. In contrast, the evidence of the Applicant was convoluted and fraught with missing details. The Tribunal attaches very little weight to the testimony of the Applicant.

The Tribunal after weighing all of the evidence before it, finds that the Applicant has not demonstrated that the vehicle was stolen,

The Applicant in this case has argued that the impoundment will result in exceptional hardship as described the Section 22(2). In order for his claim to be considered under Section 22(2), he must have demonstrated that all the requirements of Section 22(3) have been met. Furthermore, Section 22(4) of the Regulation sets out the criteria for demonstrating that every reasonable option has been considered and inquired into. The Applicant has not shown that he considered or inquired into alternative options.

The Applicant testified that he simply could not afford any alternative to the impounded vehicle.

With no evidence showing that every reasonable option had been considered and inquired into, the Tribunal finds that the Applicant has failed to meet the requirements of by Section 22(4) of the Regulation 632/98 and finds that the Applicant will not suffer exceptional hardship.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Jeffrey M. Lee, D.C.,
Presiding Member

RELEASED: July 13, 2001

WIEGERTJE ZWIERS

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NIVES MONTANO,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

WIEGERTJE ZWIERS, Applicant
unrepresented

DATE OF HEARING: July 12, 2001

DECISION RELEASED: July 19, 2001

By teleconference

REASONS FOR DECISION

A hearing was held *by teleconference* on July 12, 2001, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Wiegertje Zwiers (the “Applicant”)
Motor Vehicle:	1995 Oldsmobile, plate no. AELY718 (the “impounded vehicle”)
Date of Appeal:	June 20, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on July 12, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The reasoning of my appeal in regards to the impoundment of my car on June 11/01, will result in exceptional hardship as I have given my daughter Deborah Langdon the use of the vehicle for transportation back & forth to work & for emergencies.

I had no knowledge that my daughter had let her boyfriend Hugh Kirby drive the car while he was under suspension. My daughter also had no knowledge of this as well.

She also has 2 children.

I will not be able to pick up the car, as I just had surgery.

I am asking permission that my daughter can pick it up.

The Applicant is employed as an R.P.N. who works in a clinic 4 days a week. On June 6th, 2001 she underwent surgery in which her recovery period would take approximately 6 weeks. She is scheduled to see her physician on July 16th to determine whether she can return to work.

The Applicant resides with her husband in Lombardy, Ontario. The Applicant's husband is no longer employed and is collecting a pension. They currently own two vehicles, one vehicle being the impounded vehicle and the other for their personal use.

The Applicant took out a loan to purchase the impounded vehicle so that her daughter (who is a single mother of 2 children, ages 7 and 16) would have a means of transportation.

The week prior to the vehicle being impounded, the Applicant's daughter became employed at Sterling Lodge in Newborough. This place of employment was approximately 15 minutes from home. The Applicant's daughter has not been employed since the impoundment due to not having a means of transportation, and is again receiving social assistance. In her testimony, the Applicant did advise the Tribunal that her daughter would get her job back once the impounded vehicle was released.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibits 3 and 4):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Hugh Kirby;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 22, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every

reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Tribunal must determine whether it should set aside the Registrar's order to impound the vehicle on the basis that the owner of the impounded vehicle will suffer exceptional hardship.

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

The Applicant has appealed on the grounds of "exceptional hardship" under section 55.2(3)(d).

Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact "exceptional hardship" will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardship as described in section 22(2). In order for her appeal to be considered under section 22(2), she must have demonstrated that all of section 22(3) has been met.

Furthermore, section 22(4) of the Regulations provides the criteria for demonstrating that every reasonable option has been considered respecting an alternative vehicle.

The Tribunal may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

These criteria are cumulative. That is all of these criteria must be met before the Tribunal may consider the ground of "exceptional hardship" under section 50.2(3)(d).

The Tribunal finds this appeal to be solely based on section 22(3)(d)(i) "*the impact of the loss*

will be upon a person ordinarily transported by the motor vehicle". On the evidence, these criteria do not affect or have an impact on the Applicant, but rather on the Applicant's daughter. The Tribunal shall proceed and review sections 22(3)(a), (b) and (c):

- (a) "**no alternative to the impounded motor vehicle is available**". The Applicant testified that her daughter has not considered or has looked into taking taxis to and from Sterling Lodge. In actual fact, the Applicant has testified that she and her husband own another vehicle and this vehicle could be used by her daughter.
- (b) "**the loss will be immediate, significant and lasting**" The Applicant testified that:
 - (i) she has been off work for the past 6 weeks due to surgery and technically she has not missed any days of work or lost any wages due to his vehicle's impoundment. But since the vehicle was purchased for her daughter, her daughter chose not find a means of getting to work (i.e., taxis and/or the use of the other family vehicle);
 - (ii) there is no threat of loss of employment to the Applicant. There is also no threat of loss of employment to the Applicant's daughter since in her testimony, Sterling Lodge will re-employ her once the Applicant's vehicle is released from impound;
 - (iii) The Applicant has been unable to work due to surgery. The Applicant's daughter has chosen not to find a means of getting to work; and
 - (iii) The Applicant has not incurred a financial loss from her employment. She has suffered the financial loan repayments from her daughter due to her not being employed.
- (c) "**the impact of the loss will be upon a person ordinarily transported by the motor vehicle**". As stated above, the impact of the loss will be on the Applicant's daughter.

In considering the above requirement, the Tribunal is of the opinion that the Applicant has not investigated all reasonable alternatives to the impounded vehicle as required by section 22(4) of Regulation 574 as amended by Regulation 632/98.

There is a provision in Section 55.1(21) of the *Highway Traffic Act* to pursue compensation from the suspended driver, Hugh Kirby:

"The owner of a motor vehicle that is subject to an order to impound under this section may bring an action against the driver of the motor vehicle at the time the order was made to recover any costs or other losses incurred by the owner in connection with the order".

In the Applicant's testimony, Mr. Kirby is quite remorseful for what has transpired and has indicated to the Applicant and her daughter that he will pay for the release of the impounded vehicle and related charges. The Tribunal was advised that Mr. Kirby has spoken to his employer to authorize the garnishment of his wages to cover the impoundment costs.

None of the claims presented by the Applicant have been substantiated by the evidence as being exceptional hardship. None of the losses presented in the Applicant's submissions have been proven to be immediate, significant and lasting.

After considering the above requirement, the Tribunal finds that the Applicant has an alternative to the impounded vehicle and the impact of the loss will not be immediate, significant and lasting as required by section 22(3) of Regulation 574 as amended by Regulation 632/98.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

ALEX McDONALD

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: STUART CORK,
 Presiding member

APPEARANCES: BRIGITTE HAMMOND,
 Representative for the Registrar of Motor Vehicles

ALEX McDONALD, Applicant
unrepresented

DATE OF HEARING: July 11, 2001

DECISION RELEASED: July 16, 2001

Oshawa

REASONS FOR DECISION

A hearing was held on July 11, 2001, at Oshawa, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Alex McDonald (the "Applicant")
Motor Vehicle:	1987 Ford COF, plate no. 570 4EP (the "vehicle")
Date of Appeal:	June 21, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on July 11, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. The Respondent submitted a set of copies of documents bearing original certification seals, which were entered into evidence as exhibit #3.

The Applicant had indicated on his Notice of Appeal (Exhibit #2) that his brother, Robert McDonald was driving the vehicle at the time of the impoundment. The Applicant stated that his brother was in possession of a valid driver's licence, and therefore the impoundment should be set aside. The documentation supplied by the Respondent indicated that it was the Applicant who was driving the vehicle at the time of the impoundment.

As the onus of proof rests with the Applicant, the Tribunal was not satisfied that the uncorroborated statement of the Applicant, as well as his documentary notation, was sufficient to meet his burden of proof. Therefore, the Tribunal finds that it was the Applicant who was driving the vehicle at the time of the impoundment.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of

the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

As I have a neurological problem (i.e. seizures) I cannot work my occupation of construction until a doctor okays it.

Without working my wife & kids will lose their home. (I am seperated and pay a big portion of their mortgage and my rent)

As I do not want to see them on the street, or in a shelter, I need my truck to make a living to provide for them.

My truck in my possession would enable my wife and kids to continue to live in the home as opposed to the street.

P.S. Will provide mortgage papers, kids birth certificates, separation papers, letter of unemployment, cost of living summary.

"Alex McDonald"

The Applicant testified that he uses the impounded vehicle as transportation for materials collected by his scrap and recycling business. The Applicant's father would normally drive the vehicle to the sites that he and the Applicant would clean up, and then to a scrap yard where the material would be unloaded for re-cycling.

At the time of the impoundment, the Applicant was at a scrap yard with his brother unloading the vehicle when they were met by police, who asked who the vehicle belonged to. The Applicant stated to the police officer that the vehicle belonged to him, and he was subsequently charged with driving while under suspension, and the vehicle was subsequently impounded.

The Applicant further testified that he is currently not able to work at his profession in the construction industry due to a medical condition. His only source of income is the scrap collections that he does with the impounded vehicle, and that his income is used to aid in the support of his ex-wife, and his children. His ex-wife currently owns and drives her own vehicle, and has an income from her dog grooming business.

The Applicant is considering renting a vehicle, however he stated that he has yet to make any inquiries as to the costs.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Alex McDonald;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 19, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner

of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or

circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and

- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. The Tribunal is precluded from considering any other factors not arising from or directly related to the impoundment itself.

In order for the Applicant's claims to be considered under section 22(2)(a), (b), and (c), he must also have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Tribunal may consider economic loss only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of that Regulation). In this case, the Applicant's scrap metal collection and recycling services have been affected, however the Tribunal was not satisfied that the impact of this temporary loss of this business was in fact significant and lasting as prescribed by the Act.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable alternative option has been considered and inquired into as required under section 22(4) of the Regulation. The oral testimony of the Applicant was that he had not investigated renting as an alternative to the impounded vehicle, though was considering it. He stated that this alternative was likely not affordable for him, however, no supporting evidence was presented that would support that claim.

The Applicant has been able to maintain his daily activities and medical appointments through

the use of various alternatives such as public transit. Furthermore, the testimony of the Applicant was that his ex-wife currently owns and drives her own vehicle, and does not rely upon the impounded vehicle for basic transportation. The Tribunal recognizes that the Applicant has been inconvenienced by the loss of his vehicle, however no evidence was heard that would support a finding of exceptional hardship being experienced by his ex wife and his children, nor a loss that was significant or lasting, as required by the Act.

Therefore, the Tribunal finds that the Applicant has failed to meet the requirements of section 22(4) of the Regulation, and the Tribunal is therefore precluded from considering the Applicant's claim of exceptional hardship under section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: KIM GROSSKURTH,
Representative for the Registrar of Motor Vehicles

MARGARET JEAN LATIMER, Applicant
unrepresented

DATE OF HEARING: July 6, 2001

DECISION RELEASED: July 10, 2001

Kingston

REASONS FOR DECISION

A hearing was held on July 6, 2001, at Kingston, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Margaret Jean Latimer (the "Applicant")
Motor Vehicle:	1990 Plymouth Van, plate no. AJWP 526 (the "vehicle")
Date of Appeal:	June 19, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on July 6, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Respondent noted that the Respondent did not receive the letter from Dr. Frank Adams, submitted by the Applicant, being entered as Exhibit # 4. At this point the Tribunal recessed for 15 minutes to afford the Respondent an opportunity to review the new evidence.

It was agreed that the hereinto before mentioned documents be filed at the hearing as evidence.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

May 16/2001

Attn: Licence Appeal Tribunal;

I'm writing this letter in regards to appeal my vehicle impoundment due to hardship and health issues. I've been unable to write before today because I've been very sick and I live in the country with 4 children age 12 and under and no vehicle. I've also had no money to pay the fee you require but finally managed to borrow it from a new friend. I've enclosed a copy of my mental diagnosis from Dr. Krishnaprasad, but I've been physically ill with fibromyalgia really bad for 4 years as well.

I really didn't know how to write a letter to you, but my R.N. and my occupational therapist helped me. I've also enclosed a copy of my functional assessment evaluation, it will better help to explain about me some more.

When Tyler Edson took my van from my yard, he was suppose to be baby sitting while I was sick upstairs in bed. I was unable to move around a lot or walk well that day. I didn't hear him put the babu to bed and leave. I had no idea he took my van and he didn't have my permission either. When Tyler called me from the Esso station after he was caught, he called me and woke me up. He told me he took the van, ran out of gas and the police towed my van.

I asked for the officer's name so I could call and find out what's going on and Tyler told me his name.

When I reached the opp station, the officer wasn't in and they said he'd call me back. By the time he called me back, Tyler was back at my house standing right beside me. Tyler is about 5'11 tall and weighs about 250 lbs. I guess I have to say he intimidated me. I wanted to tell the officer that Tyler took the van without permission, but the officer told me that Tyler had told him that I was his half-sister. I have no idea why?!?! We're not related in any way what so ever. I'm only 5'4 109 lbs myself.

I've missed several of my doctors appointments since this has happened. It takes 20 minutes-30 minutes for an ambulance to get to me if anything happened to me or my 4 children.

I'm a single mother who was wrongly taken advantage of and guess I just thought that since I have no money to pay for anything, whats the sense in me even trying?

I was just going to move back into town because I can't afford to pay \$1400.00 to get my van back, I can barely afford to pay the \$100.00 fee for appealing.

Please excuse my handwriting my muscle spasms and hand with very little fine motor skills some days.

I've also enclosed some information on both my physical and mental disability. I'm doing a lot better now than I was before thanks to my physiotherapist and psychiatrist. I'm able to confidently write to you this letter of appeal. Knowing full well that I have a legitimate grounds for hardship appeal.

I'm hoping this will be a positive decision. I really can't afford to move to town, but I really can't afford to miss my doctors appointments either.

Please reconsider the impoundment charge & fee.

Thank you
Sincerely
Jeannie Latimer

P.S. I'm sorry I didn't appeal sooner, but with the Bipolar Affective Disorder, I go from manic to severe depressive easily, and I've been so sick and scared of how can I manage without a vehicle. Thank God my friend did my grocery shopping for me to help.

P.S.S. Fibromyalgia is a widespread musculaokelta pain and fatigue disorder which means pain in muscles, ligaments, tendons, fibrosis tissue of the body. Other symptoms include: nausea, fatigue, "PAIN", sleep disorder, cognitive imparement etc.

A letter dated June 9, 1999 under the letterhead of Dr. Krishnaprasad, Psychiatrist diagnoses the Applicant as follows:

“Axis I. Chronic Post Traumatic Stress Disorder

Differential Diagnosis: Brief Reactive Psychosis

Depersonalization Disorder

Bipolar Disorder Mixed

Axis II Borderline Personality Disorder

Axis III Psychosocial stressors: Recurrent flashbacks from past traumatic incidents-Moderate

Axis IV Highest level of adaptive functioning during the pat year-poor GAF score around 50”

The Applicant provided an Internet sheet of “Quick Facts” on Fibromyalgia, and Flashbacks.

A letter dated October 3, 2000 under the letterhead of Frank, Adams, MD, FRCP, DAAPM, and a specialist in neuromedicine confirms the Applicant has “...long history of progressively increasing severe intractable pain diagnosed a fibromyalgia. Neurological accompaniment ...equally severely disabling, neurocognitive deficits ...can hardly walk ...muscles ...tense and in spasm ...developed hypokinesia, a brain neglect condition that causes objects to unexpectedly fall from her hands ...nominal dysphasia impairment of automatic word retrieval which results in word searching...

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Ivan Tyler Edson;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving while Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until July 26, 2001.

At the hearing, during examination in chief and in cross-examination, the Applicant reiterated the comments made in the letter supporting her grounds for appeal.

The Applicant confirmed that she is a single mother, on Canada Pension Disability, looking after 4 children, and that she has some health issues, which require frequent visits to physicians.

Although she drives, the Applicant testified that the assistance of her "dad" is needed to drive her around when she is too ill to drive herself.

The Applicant stated that she does own another vehicle but it is not in working condition and that she is unable to afford the rental of a vehicle or to expend \$20.00 for a one-way cab ride.

When asked if any extra expenses had been incurred due to the impoundment the Applicant replied "...not really...". As the Applicant is not currently working the only loss incurred was the cost of the impoundment.

Regarding health and safety the Applicant described an incident that had occurred a couple of

years ago and repeated the fact that although there was no emergency she did lose some medical appointments.

The Respondent called Constable Robert Angus Sinclair as a witness. Constable Sinclair testified that he has been with the Ontario Provincial Police "...for six years, one and a half in the Brockville area".

After relating the events leading up to the suspension as well as his subsequent contact with the Applicant to inform her of the impoundment, Constable Sinclair proceeded to tell the Tribunal about several other unrelated visits to the Applicant's home.

The Tribunal notes that at this point the Applicant began shouting several obscenities at the Constable. The Tribunal made several attempts to pacify the Applicant but she proceeded to leave the room. The Tribunal continued the Hearing in absentia.

The Respondent in the closing remarks contended that the Applicant had proven neither loss nor risk of health and safety. Precedents of previous decisions were submitted for the Tribunal reference.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and

- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 50.2(3)(d) of the Act. Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with specific criteria the Applicant must meet to determine exceptional hardship under the Act will result from the impoundment. The onus is on the Applicant to establish the criteria is met.

The Tribunal is precluded from considering other factors not arising from or directly related to the impoundment itself. This includes the issue of whether or not Mr. Edson chose to drive the vehicle without the Applicant's consent, as well as any fees associated with the impoundment and subsequent release of the vehicle.

In considering its decision, the Tribunal has to consider several questions, which delineate the criteria and establish the merits of the evidence.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant testified that there are alternate modes of transportation available such as a cab but she has not availed herself of this option.

As the Applicant has alternate methods of transportation available, the Tribunal may not

consider the provisions of 22.1 of Regulation 574.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria set forth in O. Reg. 632/98, Subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting. The Applicant denied having incurred any financial burden, other than the cost of the impoundment.

The Applicant has accordingly not satisfied the Tribunal that she has in fact incurred any loss of income or extra expenses, which could be considered hardship.

Is the loss upon a person ordinarily transported in the motor vehicle?

There is no evidence of loss by any person or persons; therefore, the requirements under O. Reg. 632/98, Subsection 22(3)(c) are not met.

Is the loss upon a person other than the driver of the motor vehicle and not a result of that driver's loss?

O. Reg. 632/98, Subsection 22(3)(d)(i)(ii), amending Regulation 574 provides that this Tribunal may not consider economic loss unless the owner demonstrates that:

d) the impact of the loss,

i) will be upon a person other than the person whose driving while his or her driver's license was under suspension resulted in the order to impound the motor vehicle and...

ii) will not be a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d).

According to the Applicant there were no such losses.

After assessing the evidence presented, the Tribunal finds that the Applicant suffered no hardship. Accordingly, the Applicant's ground of appeal based on hardship is dismissed.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: July 10, 2001

VALUE VACATIONS LTD.

VALUE VACATIONS LTD.

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *TRAVEL INDUSTRY ACT*

TO REVOKE REGISTRATION WITH IMMEDIATE SUSPENSION

TRIBUNAL: DOUGLAS MACKINTOSH, Vice-Chair

APPEARANCES:

CHARLES A. PINNOCK, Agent representing the Applicant
TREVOR BRANION, Counsel representing the Registrar,
Travel Industry Act

DATE OF
HEARING:

July 12, 2001

Toronto

INTERIM ORDER

BACKGROUND:

This matter came for hearing before the Tribunal on July 12, 2001 to consider the appeal of Value Vacations Ltd. (the "Company" or the "Applicant") of a proposal of the Registrar, *Travel Industry Act* (the "Registrar" and the "Act"; respectively) to revoke the Registration of the Company under the Act. Charles A. Pinnock, agent for the Company requested an adjournment of the matter, and the Registrar's counsel asked for a continuation of the suspension of the Company ordered by the Registrar under section 7 of the *Travel Industry Act*. After hearing evidence respecting the continuation of the suspension, the Tribunal ordered that the matter be adjourned and that the suspension of the Company be continued.

REQUEST FOR ADJOURNMENT:

The adjournment was requested by the Applicant, Value Vacations Ltd. (the "Company"), through its president and owner Charles Pinnock. He informed the Tribunal that the Company needs six weeks to prepare and to seek legal counsel. The request was made with adequate warning to the Registrar in a letter dated July 11, 2001. The Tribunal found that the request was reasonable since the alleged infractions under the Act cover a long period of time and are complex with some 65 notations set out in the Registrar's decision letter dated June 12, 2001. In view of the complexity of the issues involved, a prehearing is required.

REQUEST FOR CONTINUATION OF THE INTERIM LICENCE SUSPENSION:

The Evidence of the Registrar, Michael Pepper

The Registrar gave sworn testimony. He indicated that this is a very serious situation not suitable for the imposition of conditions since there are so many concerns arising from contravention of the Act and Regulations over a lengthy period of time. An additional worry is that the Applicant Company had given inadequate financial information to inspectors making it impossible to impose the working capital requirements or to assess the risk of the Company's continued operation. In contrast, he noted that only a tiny proportion of Travel agents give problems, maybe 5% of the 2,5000 in the Province and of these nearly all of them are brought into compliance after negotiation with suitable conditions. This approach enables him to carry out his duty to ensure the Act is complied with in the public interest which is mainly directed at consumer protection set out in the legislation.

The Registrar gave two of examples of the Company's deficiency. Not disclosed by the Company, there is an amount of over \$57,000 owing to Sunquest Tours. Also, there is a judgement against the Company from another tour operator.

In addition there were other problems with the Company misusing credit cards, and charge-backs and by the Company wrongly purchasing travel service under an unlicensed name (Value Marketing and Promotions). In answer to a rhetorical question during cross-examination to the effect that everything was all right because the Company had made amends, the Registrar replied that correcting an abuse after the fact is not normal business practice.

The Registrar further condemned the continued use of Sunquest's services after this organization had issued both a verbal and a written stop and decess order to Value Vacations Ltd. He also took issue with the Company substituting a client's travel plans contrary to the Act, a matter referred to below in the evidence of the witness Michael Leader.

This situation, the Registrar said, falls outside his philosophy to get compliance from travel agents with compromise wherever possible. The Tribunal found that the Registrar's evidence was clear, convincing, fair and to the point.

The Evidence of Michael Leader

Michael Leader testified he purchased a vacation holiday for two from Charles Pinnock to go to the Nassau Beach Hotel in Jamaica. This did not materialize because the day before leaving he was told to go to Conquest at the Airport instead of to Sunquest. There he discovered he was booked into another hotel, the Clarion, at the opposite end of the island. This led to dissatisfaction and extra expense. Also important was the fact that he paid the \$1998 fee to the wrong unlicenced name, Value Marketing and Promotions, not to the Applicant Company. The complaint he made on returning remains unresolved.

The Evidence of Charles Pinnock

Charles Pinnock testified that he is now the sole owner of Value Vacations Ltd. (the "Company"). He worked in the travel agency business since 1980, gaining experience by managing The Last Minute Club for four years. In 1984 he set up this Company with a partner. Six years later, in 1990, a similar proposal to revoke the Company was commenced but terminated when the Company's registration expired which left nothing to revoke. Subsequently, he was charged with 20 counts of operating as an unlicensed agent but claims that he was successful on appealing this to the Supreme Court of Canada in 1991.

Respecting the evidence against his Company, he said there were mistakes made with credit cards but nothing deliberate was done with them or with the charge-backs. No one paid for a trip that they did not get although he admitted that he had switched on occasion. He claimed that the Company has not hurt consumers. He admitted there may be some \$57,000 owing to the North American Liesure Group Inc. operating as Sunquest and Alba Tours, but he is not sure of the exact amount. The debt apparently arose from the Company's share of advertisements put in newspapers.

He claimed his operation was being unfairly singled out as he had had up to eight visits a year from inspectors. As to the financial position of the company, he felt the security deposit of \$10,000 made by his Company was sufficient safeguard for the public.

With respect to the continued use of Sunquest services after the stop and decess order, Charles Pinnock claimed he was justified in doing so because Sunquest continued to send him solicitations by fax.

EXHIBITS:

The Registrar's decision letter was filed as an exhibit. In the letter he set out four reasons why the Company's registration should be revoked. Suffice it to say that the wide variety and the seriousness of non-compliances detailed in sixty five notations entirely support both the reasons given in the letter for the suspension and the evidence given by the Registrar himself.

Not mentioned in particular by the Registrar were quite a number of other concerns such as NSF cheques issued and essential money withdrawn to repay a loan.

An affidavit filed as an exhibit from the manager of accounts for Leisure Group Inc, d.b.a. Sunquest, and Alba Tours contained documents showing the amount owing by the Applicant Company is \$57,512.50. There was also a copy of a letter dated August 17 1999 directed to the Applicant Company ordering it to cease and desist use of Sunquest, followed by copies of advertisements showing that the order was ignored.

Copies of documents were also received giving the details of the witness Michael Leader's testimony dealing with the Company.

This Tribunal has no difficulty in accepting the evidence, both oral and written, submitted by the Registrar in its entirety. The evidence of Charles Pinnock, the owner of the Company, did little or nothing to mitigate the serious allegations being made. The Tribunal finds that the suspension of the Company's licence should be continued.

ORDER:

The Tribunal orders as follows:

- (1) the proceedings in this matter are adjourned peremptorily against the Applicant for a prehearing conference to commence at 9:30 a.m. on Wednesday, August 8, 2001 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario.
- (2) by virtue of the authority vested in it under section 7 of the Act, the time of expiration of the Registrar's Order of Interim Suspension of the registration of the Company under the Act be and the same is hereby extended until the hearing of this matter before the Tribunal is concluded.

Pursuant to subsection 5(2) of the *Motor Vehicle Dealers Act*, Ryan Running (hereinafter referred to as "the Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Powers Procedure Act, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, the Registrar is directed to and shall carry out the proposal.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
5. The Applicant shall not be an officer, director, owner or partner in a dealership.
6. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Applicant confirms that the circumstances surrounding the convictions are substantially as disclosed to the Registrar.
8. The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that he will pass the certification course within 60 days of the date of this Order.
9. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
10. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past

or that may occur in the future.

Ryan Running (initials)

11. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
12. The Applicant will provide a copy of this order to his employer forthwith.
13. The Applicant hereby consents to an Order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
14. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
15. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of July 2001.

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the Statutory Powers Procedure Act, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in **Order to Impound #1504060** was impounded in accordance with subsection 55.1(3) of the Highway Traffic Act, RSO 1990, c. H. 8 as amended, on July 1, 2001.
2. The applicant, **Edward (Ted) Jurgens**, whose name is shown on the vehicle portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(a) of the Highway Traffic Act, stating that **the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made.**
4. Having received information from the police, the Registrar is satisfied that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made.
5. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.
6. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the Highway Traffic Act that the Tribunal set aside the order to impound.

REASONS FOR DECISION

A hearing was held on July 24, 2001, at Hamilton, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Centennial Construction and Contracting (Niagara) Inc. (the "Applicant")
Motor Vehicle:	1988 Ford CTV-Cube Van, plate # 127 4EB (the "vehicle")
Date of Appeal:	July 6, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on July 24, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

To Whom It May Concern:

Brad Hitchcock who was the driver of the impounded company vehicle was hired with Centennial Construction and Contracting (Niagara) Inc. as a general labourer. He was not under any circumstances authorized to drive any company vehicles. Brad Hitchcock took it upon himself over the long weekend to take the keys to a company vehicle and proceeded to use it. Another employee of the company reported the situation to Darren Peters (company supervisor) who proceeded to contact the local police. The local police did not know the location of this vehicle. The supervisor proceeded to call the OPP who stated that this vehicle had been impounded. Centennial Construction and Contracting (Niagara) Inc. is treating this vehicle as stolen. Should you have any questions please contact the undersigned.

Best Regards,
"

Domenic DiLalla
Owner/President
Centennial Construction & Contracting (Niagara) Inc.

The Hearing was attended by Mr. Darren Peters who identified himself as being an employee of Centennial Construction & Contracting (Niagara) Inc. and also Brad Hitchcock's supervisor.

Mr. Peters advised that he was appearing as a witness on behalf of the Applicant as he (Peters) was the one with direct knowledge of the events pertaining to Mr. Hitchcock's use of the impounded vehicle. The witness then provided the following background points:

1. Brad Hitchcock had only recently been hired by the company and that Mr. Peters was the direct supervisor;
2. Mr. Peters knew that Mr. Hitchcock had just won custody of his son, had stopped drinking and was starting a new life;
3. Mr. Peters stated that on the Friday before the impoundment, Mr. Hitchcock had asked to use the company's van for a personal move;
4. Mr. Peters felt there was nothing wrong with this, he wanted to be helpful and he gave Mr. Hitchcock permission to use the van on the understanding that it was for a personal move in the area and it was expected that the van would be returned before the end of

the weekend;

5. Mr. Peters confirmed that he only learned about the impoundment on Sunday after his boss called and asked for the missing van;
6. Mr. Peters said he called the OPP and subsequently learned about the impoundment;
7. Mr. Peters confirmed he only reported the van missing as he did not want to place a theft charge against his employee;
8. Mr. Peters said that he was probably naïve in giving the employee permission to use the van because while all new employees are supposed to supply driver's licence information, Mr. Hitchcock had not done so and had Mr. Peters known about his employee's licence record, he would not have allowed him use of the van.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Bradley Hitchcock;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 29, 2001.

The Respondent indicated that in addition to the submitted documents, there were several questions which were of interest. In summary these were:

1. Did Mr. Peters personally give vehicle keys to his employee?
 - 1.1 Mr. Peters replied he did not.
2. Did Mr. Peters believe it was his employee's intention to not return the vehicle?
 - 2.1 Mr. Peters said that he did not know what his employee's plan was and he did not know what Mr. Hitchcock was doing in Mississauga and on his way to Cobourg, which the witness thought was too far from where his employee was supposed to be.
3. Did Mr. Peters give consent to use the vehicle?

3.1 Mr. Peters replied that he had given permission.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transportation of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed "stolen" if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

The Applicant's appeal is based on the vehicle having been stolen. The evidence clearly establishes that the driver received his supervisor's permission to use the vehicle. In addition, there was no evidence to indicate that there was any "intent to deprive the owner of the benefit of ownership (or possession) permanently."

On the evidence, the Tribunal finds no evidence to prove that the Applicant's vehicle had been stolen at the time of impoundment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

CARL ANTHONY SALMON

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NORMAN MEALING,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

CARL ANTHONY SALMON, Applicant
unrepresented

DATE OF HEARING: July 26, 2001

DECISION RELEASED: July 30, 2001

Toronto

REASONS FOR DECISION

A hearing was held on July 26, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Carl Anthony Salmon (the "Applicant")
Motor Vehicle:	1988 Honda Accord, plate no, AKNT 688 (the "vehicle")
Date of Appeal:	July 9, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act. In addition, during the course of the hearing, the owner broadened the appeal to include the claim that the vehicle had been stolen [Section 50.2(3)(a) of the Act].

This matter came before this Tribunal on July 26, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal. In addition, during the course of the hearing, the Applicant amended his appeal to include the claim that his vehicle had been stolen.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship, or that the vehicle had been stolen?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The impoundment of my car is costing me time off my job and money I cannot afford, which now I am experiencing hardship.

- (1) Thursday 5th July 01 gave my car to employee of Gold Star Auto Repair at 1798 Dundas West Toronto for body work and paint job to be finished for pick up on Friday 6th of July.
- (2) Friday 6th/01 at 12 noon went to pick up my car and was told by owner work was been done on the car but they did not know where my car was because the person that performed the work on the car did not show up for work.
- (3) They made some phone calls trying to locate the employee who did not show for work and after words told me my car was in the pound for 45 days without any reason.
- (4) Friday July 6th/01 at 1pm I proceed to the near Police Station to report the matter, at that time I was given more information has to what happen.

My position at this time, is I am no guilty of any wrong doing of any kind and as an innocent citizen will ask for the release of my car. I will attempt to obtain a copy of the police report to support my grounds along with a oral appeal.

The Applicant reiterated his written statement in his oral testimony. He also indicated that, since his vehicle had been impounded, he had to refuse work offered by his employer, the Liquor Control Board of Ontario, due to the difficulty in arranging transportation to and from the workplace, and he estimated that he had lost about twenty hours of employment since July 6, 2001, a substantial number given his casual employee status.

He also indicated that the medication that he needed for treatment of hypertension was in his vehicle, and that he had been unable to retrieve it. He also explained that he had been unable to attend the gym in order to exercise, a part of the treatment regimen to deal with his medical condition. He concluded his testimony by saying that "he was taking the TTC as best as I can".

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner.
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Ishwar N. Singh;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 29, 2003.

The Respondent questioned the Applicant at length about his attempts to secure alternative transportation. She pointed out that Ministry of Transportation records indicated that he owned a second vehicle. In reply, the Applicant indicated that he had sold this car to "the wreckers" prior to acquiring the impounded vehicle. The Respondent questioned the Applicant on the use of the TTC as an alternative, and, in replying to this line of questioning, the Applicant indicated that, as a casual employee of the LCBO, he was subject to being called to work on very short notice, and could be, and had been, assigned to work on a variety of locations both within and outside the city, and that these two facts made exclusive reliance on the TTC impractical. The Respondent also questioned the Applicant with respect to car rentals, and support from family and friends to which the Applicant indicated that he could not afford the former, and that he had no family or friends that he could call on. Finally, in response to a question concerning whether or not he had approached the garage in question for assistance, the Applicant indicated that he had, and that he had been refused both financial support, and a "loaner".

The Tribunal then questioned the Applicant with respect to two areas, namely, had the Applicant given the garage owner or his staff permission to drive his vehicle, and had he considered having the individual who took his vehicle charged with theft. In response to the first query, the Applicant indicated that he had given no one permission to drive his vehicle, and, in response to the second query, the Applicant indicated that he had been advised by the police that a theft charge was not warranted but that a charge related to using a vehicle without the owner's permission would be laid. At this point, the Tribunal asked the Applicant if he wanted to broaden his appeal to include reference to the vehicle being stolen, and adjourned the hearing to allow the Applicant to consider this option.

When the hearing resumed, the Applicant advised that he wished the appeal to include reference to his vehicle having been stolen. There was no objection raised by the Respondent.

The Applicant provided no additional testimony, but the Respondent placed in evidence correspondence from the police which made no reference to any charges being laid relative to the unauthorized use of the vehicle in question. The respondent concluded by referring to an earlier Tribunal ruling in a similar case Thomas Bruce Murison vs. the Registrar of Motor Vehicles, where the decision to impound was confirmed.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in

subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a) and 50.2(3)(d).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed "stolen" if the defendant thereafter forms the intent to deprive the owner

of the rights and benefits of ownership, and converts the vehicle to his own use. United States v. Turley, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;

- (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has filed his appeal under Sections 50.2(3)(a) and 50.2(3)(d) of the *Highway Traffic Act*.

Section 50.2.(3)(a) states that the order to impound may be set aside if the "motor vehicle that is subject to the order was stolen at the time in respect of which the order was made". In this particular case, no charges of theft have apparently been laid against the driver, although the Applicant has been given verbal indications that a lesser charge involving the unauthorized use of a motor vehicle would be laid. The circumstances surrounding that unauthorized use are that permission was not been given by the Applicant to the garage to drive the vehicle. The vehicle was in the garage for body work and a paint job and there is no implication in such work that the vehicle would require a test drive. There is no evidence that the vehicle was impounded while on its way back to Gold Star Auto Repair which could imply that the taking was temporary only. The incident which resulted in the impoundment occurred at 8:48 p.m. in the evening of July 5, 2001. The garage owner simply knew that the employee who performed work on the car did not show up for work and did not know the whereabouts of either the vehicle or his employee [the driver] at noon on July 6, 2001. The Applicant would be justified in considering that his vehicle had been stolen when the incident occurred leading to the impoundment. In these unique circumstances, the evidence favours the conclusion that the taking of the vehicle was to permanently keep it from the Applicant and, therefore, the vehicle

was stolen at the time of its impoundment.

Section 50.2(3)(d) states that the order to impound may be set aside if "the order will result in exceptional hardship". Regulation 632/98 further describes exceptional hardship in terms of health [22.1(a)], available alternatives [22.3(a)], losses [22.3(b)], and impact on a person other than the driver [22.3(d)(l)]. In this particular case, the Applicant has demonstrated that treatment of his hypertension has been prejudiced, that no alternative exists which reasonably meets of his transportation needs, that he has experienced immediate economic loss through lost employment opportunities and that the loss is significant given the particular nature of his employment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal sets aside the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

AND TO: Licence Appeal Tribunal
One St. Clair Avenue West, 12th Floor
Toronto, ON M4V 1K6

FROM: Ryan Running
2229 Highway # 38, RR 1
Kingston, ON K0H 2X0

Pursuant to subsection 5(2) of the *Motor Vehicle Dealers Act*, Ryan Running (hereinafter referred to as "the Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Powers Procedure Act, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, the Registrar is directed to and shall carry out the proposal.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
5. The Applicant shall not be an officer, director, owner or partner in a dealership.
6. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Applicant confirms that the circumstances surrounding the convictions are substantially as disclosed to the Registrar.
8. The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that he will pass the certification course within 60 days of the date of this Order.
9. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
10. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the

past or that may occur in the future.

Ryan Running (initials)

11. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
12. The Applicant will provide a copy of this order to his employer forthwith.
13. The Applicant hereby consents to an Order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
14. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
15. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of July 2001.

Ryan Running (signature)

These Terms and Conditions are accepted by the Registrar, *Motor Vehicle Dealers Act*.

Belleville, ON K8N 4Z4

Pursuant to subsection 5(2) of the Motor Vehicle Dealers Act, Justin Easterbrook (hereinafter referred to as "the Applicant") and in accordance with section 4.1 of the Statutory Power Procedures Act, the parties hereto hereby waive the requirements of a hearing and consent to a decision of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he convicted under the Criminal Code, his registration is automatically revoked.
3. The Applicant agrees to complete the OMVIC certification course within 60 days of the date of this order.
4. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
5. The applicant shall not be an officer, director, owner or partner in a dealership.
6. The Applicant will not be the final signatory on any bills of sale.
7. All sales completed by Justin Easterbrook will be supervised and signed by an authorized representative of the dealership.
8. The Applicant agrees that he will make full written disclosure of all material facts with respect to any motor vehicles he sells, whether sale is retail or wholesale.
9. The Applicant agrees that he is under a positive obligation to disclose in writing, all material facts about the vehicles he sells to customers, including other dealers. Material facts include, but are not limited to, salvage, previous salvage, rebuilt, accidented and repaired, theft recovery, previous taxi cab, previous police car, unibody damage, previous daily rental, frame damage and any other material fact that may affect one's decision whether or not to purchase said vehicle. The Applicant agrees to make reasonable efforts to research the history of all vehicles prior to sale to ensure all material facts are disclosed.

10. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
11. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
12. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
13. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
14. The Applicant will provide a copy of this order to his employer forthwith.
15. The Salesperson hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
16. The Salesperson hereby withdraws his appeal to the Licence Appeal Tribunal.
17. These Terms and Conditions shall remain in place for 2 years from the date of the order.
18. The Salesperson hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this day of _____, 2001.

REASONS FOR DECISION

A hearing was held on July 17, 2001, at Windsor, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on July 18, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated June 12, 2001, and was received by the Tribunal on June 18, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Representative of the Ministry provided the Tribunal with original certified copies of Ministry of Transportation documents on file.

The Applicant failed to appear. A thirty-minute grace period was granted during which the Applicant's home in Michigan was called. There was no answer and no answering machine.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice of Appeal Form received at the Tribunal June 18, 2001.

By the Respondent:

- a) Exhibit # 2 Ministry of Transportation Submissions received at the Tribunal July 11, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

15. (1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,

- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence

under section 50.1 of the Act;

- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner.”

Finally, section 13 of Regulation 574 (amended) provides:

“A person appealing a suspension has the onus of establishing the merit of the appeal”.

FACTS:

The Applicant’s Driver’s Licence was suspended “May 26th 2001” as per Notice of Appeal (Exhibit # 1)

Applicant’s Evidence:

Page 2 of the Notice of Appeal was prepared by the Applicant’s physician of 5 years, Physician # 1.

Under the heading “Details and Diagnosis” Physician # 1 writes: “*Due to patient’s significant pulmonary disease, the effort that the patient gave you, was the best he could do ... enclosed pulmonary function study*”.

Physician # 1 describes the Applicant’s history as follows: “...*has chronic congestive heart failure which further increases his overall weakness*”.

As for the heading “ Relevant details of last visit: Physician # 1 confirms, “ 6/8/01 - *pt was in congestive heart failure and lost 13 1/3 lbs. of fluid, from his pulmonary fluid overload.*”

By letter dated June 8, 2001, attaching the Pulmonary Function Study results, Physician # 1 confirms the Applicant's condition *"...presently being treated for Chronic Obstructive Pulmonary Disease and Congestive Heart Failure"*, and opines that *"...Either one of these conditions, would make it difficult at best, to perform a breath sample..."*

The Respondent provided the following Documents:

1. Medical opinion on the Applicant prepared by Physician # 2, dated July 4, 2001.
2. Notice to the Registrar, certified June 22, 2001.
3. Ministry of Transportation's Suspension Record of the Applicant, certified June 21, 2001.

The Respondent's evidence further contains a letter from a specialist in respiratory medicine. Physician # 2, FRCP (C) a consultant in respiratory medicine with Rosedale medical Centre, in a letter dated July 4, 2001, qualifies that she has been in practice since 1982, and that she has *"...extensive experience in the management of chronic respiratory illness such as obstructive lung disease and asthma."* Physician # 2 goes on to describe her qualifications: *"...lengthy experience with performance and interpretation of pulmonary function tests ...Assistant Professor at the University of Toronto...know the background evaluation of instrumentation such as Intoxilyzer 5000 cc and also Alcotest...aware of breath sampling criteria required to provide acceptable information using the above instrumentation."*

After reviewing the evidence before her, Physician # 2 notes that there is no report from a cardiologist and no indication of the medication taken by the Applicant. Physician # 2 concludes that in expert opinion *"...Although the spirometry which is provided is consistent with moderately severe COPD the flow rate that this individual is able to generate which is consistent with 41% FEV1 for his predicted height and age is not incompatible with the ability to give a breath sample ...failure to provide a sample is inadequate effort ...a breathalyzer is an effort dependent test and is not only dependent on underlying heart or lung disease."*

The Respondent called the officer involved in the incident as witnesses.

Windsor Police Services Police Officer # 1 testified that he is a qualified Intoxilyzer Technician and detailed the events leading up to and surrounding the breathalyzer test session.

Police Officer # 1 confirmed that the Applicant after being read his rights and receiving instructions on how to blow into the machine, the Applicant was given four opportunities to provide a breath sample. The Applicant appeared to be blowing. He *"...puffed his cheeks and turned red..."* But no audible sound was heard from the machine denoting that air was not going in. After his third attempt the Applicant informed the Constable that he suffered from asthma as needed to use his "puffer".

At no time did Police Officer # 1 observe the Applicant being afflicted with respiratory or any other physical difficulty, nor did the Applicant request medical assistance.

In closing, the Respondent asked that the Tribunal confirm the decision of the Registrar based on the evidence presented.

The Respondent reiterated the Constable's evidence, emphasizing that the Applicant did not demonstrate visible signs of breathing difficulties, and quoted passages from the text of Physician # 2's report. The Respondent, further, pointed out that the Applicant did not request medical assistance nor see his physician until two weeks after the incident.

APPLICATION OF THE LAW TO FACTS:

As the Applicant failed to appear the hearing was held in absentia.

At issue is, how does the medical condition of the Applicant relate to Section 50.1(2)(b) of the *Highway Traffic Act*, and did this medical reason cause him to fail or not comply with the breath demand. The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

It is unfortunate that the Applicant did not appear to state his case before the Tribunal. The Tribunal has a medical report from the Applicant's physician confirming that the Applicant suffers from "*Chronic Obstructive Pulmonary Disease and Congestive Heart Failure*". In Physician # 1's opinion "...*Either one of these conditions, would make it difficult at best, to perform a breath sample...*" This evidence is refuted by Physician # 2 who contends that "...*Although the spirometry ...is consistent with moderately severe COPD the flow rate that this individual is able to generate ...is not incompatible with the ability to give a breath sample...*"

As Physician # 2 is a respiratologist with 20 years experience and with extensive "...*background evaluation of instrumentation such as Intoxilyzer 5000 cc...*" the Tribunal must give more weight to Physician # 2's considered judgement.

The Tribunal notes that according to Police Officer # 1 the Applicant did inform him that he suffered from asthma and needed to use an inhaler. Nonetheless, the Tribunal refers to Physician # 2's report wherein she clarifies that "...*a breathalyzer is an effort dependent test and is not only dependent on underlying heart or lung disease.*" Physician #2 concludes that the Applicant's inability to provide a breath sample was due to "...*inadequate effort...*" The Tribunal concurs.

The Tribunal's position is further substantiated by the fact the Police Officer # 1, attested that the Applicant showed no visible signs of respiratory or any other physical afflictions.

According to Police Officer # 1's testimony, the Applicant's behaviour during the breathalyzer session, i.e. puffing his cheeks but not blowing into the machine, is consistent with someone avoiding to provide a breath sample.

The onus being on the Applicant to establish the merit of his appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1(2)(b), in that he was not able to demonstrate that he suffers from a medical condition which would prevent him from providing a breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated May 26, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

REASONS FOR DECISION

A hearing was held on July 16, 2001, at Ottawa, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on July 18, 2001, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated June 22, 2001, and was received by the Tribunal on June 27, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Applicant's counsel requested that the Tribunal disallow the statement of Police Officer # 3 which was sent by fax and received by the Applicant's solicitor on Friday, July 13, 2001. The Tribunal ruled that the faxed transmission was not going to be allowed into evidence. This was not contested by the Respondent.

The representative for the Respondent presented the true and certified copies of the Notice to Registrar, a vehicle search and driver's search, which were added to the Respondents' prior submissions. There were no other preliminary matters, and with the consent of both parties the documents submitted were entered into evidence and the hearing proceeded.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice of Appeal received by the Tribunal on June 27, 2001.

By the Respondent:

- a) Exhibit # 2 MTO submissions 23 pages into total received July 11, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

50.1 (1) A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

(2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,

- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason.

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1), (2) and (3) requires that a medical report must contain:

15. (1) a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;

- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner.

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant was sworn and gave the following testimony.

The Applicant testified that she had difficulty breathing and could not provide a breath sample. She was also under the care of Physician # 1. Her major complaints were that she had emphysema (a chronic lung condition) which was aggravated by allergies and car exhaust. She stated that she was exposed to the car exhaust while waiting at the side of the road for the police which she claims caused her to have increased difficulty in breathing. The Applicant testified that the police officers refused to allow her to use her inhaler.

The Applicant was taken to the Police station where she attempted to provide a sample of her breath. The Applicant stated that she attempted to provide a suitable sample on four separate occasions, but was unsuccessful. The Applicant stated she asked for her "puffer" but was initially denied the use of it, however she was eventually allowed to use it. The Applicant also testified that she suffers from "Thrush", which is a yeast infection in her throat. The medication used to treat this has as part of its composition an alcohol base. The Applicant believes that this was the "odour of alcohol" which the police claim that they had smelled on her breath.

The Applicant further testified that, she told police that she wanted to see a doctor in order to take a blood sample which would prove that she was not impaired.

The Applicant asked for her medication for her headache and was allowed to take her medication.

When asked how long she had been with her present physician, the Applicant responded, since January 2001. The Applicant indicated that Physician # 1 is a General Practitioner and not a specialist. Prior to this, she was under the care of a lung specialist. She was last seen by the lung specialist in 1983. She has had two pneumothorax and eventually underwent surgery. Physician # 1 had taken x-rays in January 2001 which confirmed the presence of her disease. (Exhibit 1). The Applicant admitted that she still smokes, "mainly due to stress".

The Applicant also admitted that she had consumed alcohol, "3 beers". The counsel for the Applicant had presented a medical report dated May 2, 2001 written by Physician # 1. Counsel for Applicant indicates that Physician # 1 is of the opinion that the Applicant "Because of her emphysema, she will have difficulty in performing a breathalyzer test which will be suboptimal because of her underlying medical condition. In such circumstances, it is often better to perform a blood alcohol level rather than do a breathalyzer test to see if someone is impaired."

The Applicant further testified that her lungs were sore, she was co-operative with the Police and that she attempted to provide the sample that was requested of her. The Applicant did state that on one attempt, a sample was obtained and she believed that it was an acceptable sample however the police were not satisfied that it was suitable.

The Representative for the Respondent called Police Officer # 1 to the stand. The officer was sworn and gave the following testimony.

On April 30, 2001 at approximately 5:30 p.m., Police Officer # 1 received a call to a single vehicle accident on the Queensway at St. Laurent. When he arrived on the scene at approximately 5:30 p.m., he saw a blue escort nose first into the guard rail and two females outside of the vehicle. The driver, identified as the Applicant, approached Police Officer # 1 and said "I got cut off by a fucking goof in a burgundy intrepid" Police Officer # 1 testified that he detected the odour of an alcoholic beverage on her breath. The second female at the scene was identified as a witness to the accident. Police Officer # 1 asked the Applicant to get into the rear seat of his police cruiser. The Applicant, according to Police Officer # 1's testimony became very angry, yelling and screaming and refused to get into the back of his cruiser. The Applicant finished her cigarette and then got into the cruiser. Police Officer # 1 stated that the Applicant tried to keep the door of the cruiser open. The Applicant told that she was being followed by two men. Police Officer # 1 asked the Applicant if she had consumed any alcohol? The Applicant replied, "I had three beers today." Police Officer # 1 testified that

he formed the opinion that the driver, was impaired by alcohol and he was going to transport her back to the detachment in order to have a breath technician gather a breath sample from the driver.

Police Officer # 1 arrived at the detachment at approximately 6:25 p.m. The Applicant was turned over to Police Officer # 2 at approximately 6:47 p.m. Police Officer # 1 testified that he did not observe the Applicant to be in any medical distress. Counsel for Applicant asked Police Officer # 1 if he recalled seeking the Applicant's eyes and if they were bloodshot? Police Officer # 1 replied, "no, she was wearing sunglasses."

The Representative for the Respondent called Police Officer # 2 to the stand. Police Officer # 2 was sworn and gave the following testimony. Police Officer # 2 testified that he took custody of the Applicant.

Police Officer # 2 testified that at that time, he detected the odour of an alcoholic beverage on her breath. The Applicant was read the breath demand. The Applicant stated that she understood what was required of her. She was also allowed to speak to counsel for Applicant. The Applicant was given numerous opportunities to provide a suitable sample. The Applicant on her first attempt, created a tight seal around the mouthpiece yet there was no air entering the instrument. The next sample provided the Applicant registered 91mg to 103mg per 100ml of blood which in the opinion of Police Officer # 2 was not a suitable sample and not acceptable. The next sample that the Applicant provided produced a reading of 95 to 112 mg/100ml of blood. The other attempts failed because the Applicant either puffed out her cheeks and blew no air into the instrument or not a sufficient pressure of air entering the instrument to obtain a proper reading. According to Police Officer # 2, during his dealings with the Applicant, he observed her to have excessive mood swings as well as behaviour ranging from co-operative to combative. During the final attempt to get a suitable sample, the Applicant pulled on the instrument mouthpiece causing the machine to move off of the table. Police Officer # 2 caught the machine, and forcibly removed the Applicant from the breath room and placed her in a cell. Police Officer # 2 had no further dealings with the Applicant.

The Tribunal accepts the evidence of Police Officer # 1 and 2. Neither Police Officer # 1 and 2 are trained medical personnel but have taken first aid and are trained observers. Neither of these officers observed the Applicant to have any shortness of breath or difficulty breathing which would have required them to seek out medical attention for the Applicant.

Counsel for Applicant submitted that the Applicant had provided enough medical evidence to meet the onus required of the Applicant. In the report from it was Counsel for Applicant contention that Physician # 1's opinion with respect to the Applicant's chronic lung condition

was all that was required to support his position that the Applicant would not be able to provide a suitable sample of breath. In his report, Physician # 1 states “because of her emphysema, she **will have difficulty** in performing a breathalyser test which will be suboptimal because of her underlying medical condition.”

The Tribunal finds that the medical documentation provided by the Applicant does not support the conclusion that the Applicant's condition would preclude her from providing a suitable sample. It goes not further than stating that she “will have difficulty”.

The report of Physician # 1, the Applicant's medical practitioner, fails to meet the specific requirements of section 15(1) of Regulation 574 of the *Highway Traffic Act*. Given the diagnosis of Chronic Obstructive Pulmonary Disease, Physician # 1 confirms the diagnosis by radiological examination as indicated in the report dated January 9, 2001. The opinion of this report is “COPD. No acute pulmonary disease.” Physician # 1's report has not provided a documented history from the lung specialist who cared for the Applicant. Physician # 1 did not see the patient until May 16, 2001 for follow up for injuries sustained in a motor vehicle accident. Physician # 1's report does not provide any pathology tests, i.e. PFT to corroborate his medical opinion. Physician # 1 stated “the Applicant is a new patient in Jan '01 and I have never performed pulmonary function testing. My only diagnostic test is the chest x-ray report.”

Of greatest importance to the Tribunal, Physician # 1 has not indicated how the Applicant's condition would prevent her from providing a suitable sample.

In an appeal of this nature, the onus is on the Applicant to substantiate her position. The documents submitted by the Applicant do not substantiate her claim to the effect that she has a medical condition which precluded her from providing a breath or blood sample.

In addition to the report, the Tribunal has before it the evidence of the Applicant, Police Officers # 1 and 2. That evidence does not support the Applicant's position that a medical condition prevented the Applicant from providing a breath sample.

APPLICATION OF THE LAW TO FACTS:

Reviewing the foregoing facts, the Applicant did not relate her medical condition to Regulation 574 and Section 50 (1)(2)(b) of the Act.

The evidence establishes that the Applicant refused to provide a suitable sample for no established medical reason. The evidence submitted suggests the action of the Applicant were such as to lead this Tribunal to believe that she had no intention of giving a proper breath sample. In testimony provided by Police Officer # 2, the Applicant repeatedly puffed out her

cheeks without allowing air to enter the machine. The Tribunal concludes from the evidence that these are the actions to prevent a suitable sample from being retrieved and not the actions of someone having difficulty providing a sample because of a medical condition. The Applicant indicated that she required her "puffer" to help her breath. Her own testimony indicated that she did use the puffer twice within a 1 hour period. Once released, the Applicant did not then seek medical attention for a breathing problem, and was not seen by Physician # 1 until May 16, 2001.

The Applicant has not discharged the onus under section 50.1 of the HTA to establish a medical reason for her failure to provide and her refusal to comply with a demand made under Section 254 of the Criminal code (Canada) to provide a sample of breath.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated April 30, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of the
Registrar of Motor Vehicles pursuant to Section 47(1) of
that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KIM GROSSKURTH,
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: July 23, 2001 Written

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit # 1 - Notice of Appeal Form received at the Tribunal June 15, 2001, filed by the Applicant.

Exhibit # 2 - Tabulated documents (1-9) received July 13, 2001, from the Ministry of Transportation.

Exhibit # 3 - Conviction Report, dated September 20, 2000.

FACTS:

This was a written appeal.

The Applicant had his driver's licence suspended by the Ministry on July 29, 2000 (Exhibit 2, Tab 2) after an unsolicited Medical Condition Report (tab # 1) was received on February 15, 2000 from Physician # 1 at the Credit Valley Hospital. Physician # 1 simply stated "seizure like activity".

On March 22, 2000, the Ministry received a letter from Physician # 2, an internist at the Brampton Memorial Hospital (Ex #2 tab #3). Physician # 2 stated that he had examined the Applicant in the emergency room in January, 2000 after the Applicant had experienced two seizures with syncope in the previous 24 hours, which he felt were alcohol related, yet he did not report these facts to the Ministry. He apparently did not order any tests to confirm his assumption that the cause of the seizures was alcohol. There is no mention of follow-up and yet he contends the Applicant has been seizure free since January and recommends he should be allowed to drive again.

The Applicant requested and had an Administrative review on October 17, 2000 and stated he had not driven since January 2000. His driving record, however, indicates he had disobeyed a red light signal on September 2, 2000.

On three occasions the Ministry advised the Applicant he must obtain an assessment from a neurologist or a physician specializing in addiction medicine to have licence reinstatement considered. The only medical report available is the one from Physician # 2, dated March 13, 2000, which is outdated and short on details.

The Applicant failed to have the Ministry's Alcohol Assessment form completed and has provided no evidence that a rehabilitation program has been successfully completed or that he has remained seizure free.

The Canadian Medical Association's "Determining Medical Fitness to Drive" standard states "patients who have suffered an alcohol related withdrawal seizure must complete a recognized rehabilitation program for substance dependence and remain alcohol free and seizure free for 12 months before recommencing driving".

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) unquestionably empowers the Registrar to "----suspend or cancel" a driver's licence for "any----sufficient reason---". The Applicant's licence was suspended after the Ministry received an unsolicited letter from Physician # 1, indicating the applicant had a seizure disorder.

The Tribunal finds the Ministry acted properly and in accordance with the Regulation, at the time of suspension. In the letter of suspension, dated February 29, 2000, the Ministry outlined certain specific steps the Applicant must take, in order to have his licence reinstated. Following this, a letter was received from an internist, Physician # 2, which did not provide any details of an investigation of the seizures or any information about the Applicant's apparent alcoholism, as requested by the Ministry.

Without up to date and reliable information, it is impossible to assess the Applicant's appeal. The Applicant has relied completely on Physician # 2's letter with the recommendation that "he should be allowed to drive without restriction" and has not bothered to fulfil any of the Ministry's requests for further information. Physician # 2 has relied upon the Applicant for information. However, the Applicant's credibility comes into question with his conviction for failing to obey a red light occurring six weeks before his statement to the Administrative Reviewer that he had not driven in the past eight months. This casts doubt on the Applicant's statement in his letter to the Ministry, dated May 22, 2001, that he has been abstinent, since there is no other evidence to support this statement.

The Tribunal finds the Applicant has made no effort to provide any medical evidence to substantiate his own claims of being seizure free and remaining abstinent from alcohol. The Ministry has acted in accordance with governing legislation and regulations and has applied the appropriate medical standards. The Tribunal accepts the medical evidence which is clear and uncontradicted and within the scope of the authority granted under the *Highway Traffic Act*.

DECISION:

Upon the application by the Applicant to appeal the decision dated March 11, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section

50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett, M.D., Presiding Member

RELEASED: July 25, 2001

649-TUM

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of the
Registrar of Motor Vehicles pursuant to Section 47(1) of
that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROY MELVIN, M.D., Presiding Member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: July 20, 2001 Hamilton

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

FACTS:

On December 27, 2000 the Applicant was involved in a minor motor vehicle accident at which time it appeared that he had had a seizure. He was taken to hospital; a report from the hospital to the Registrar of Motor Vehicles triggered his licence suspension on medical grounds.

Investigation in hospital revealed a brain lesion and he came to surgery on January 15, 2001. A right Temporal craniotomy revealed a chronic inflammatory process which was resected. Tissue pathology proved it to be a Tuberculous origin. He was transferred to the care of a specialist in Infectious Diseases and was started on a course of anti-T.B. medication as well as anticonvulsant drugs. He progressed very well, did not have any further seizures and the anticonvulsant drugs were discontinued in February 2001. Neurologist report on July 3, 2001 states that his medical and neurological conditions are normal, that his risk of seizure is low but to further reduce this risk, he was started again on anticonvulsive drugs.

Throughout his recovery, medical reports were sent to the Ministry of Transportation recommending reinstatement of his driver's licence. However, the medical review section of the MTO decided that his licence remain suspended awaiting a neurological assessment to confirm that he has remained seizure free for 12 months.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (f) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

In an attempt to be guided by the Canadian Medical Association "Guidelines to Determine Medical to Drive". The relevant sections are:

Section 5.2 Febrile or toxic convulsions

Where convulsions are directly related to a toxic illness, either in childhood or in adult life, and the patient has fully recovered from the illness, these convulsions are of no concern in evaluating his or her medical fitness to drive.

and

Section 5.8.1 Benign tumours

If a patient's judgement, coordination, visual fields, sense of balance, motor power and reflexes are all found to be normal after the removal of a benign intracranial tumour, there is usually no reason to recommend any permanent driving restrictions. If a seizure occurred either before or after the removal of a tumour, the patient should be *seizure free for at least 12 months with or without medication before resuming driving*.

Unfortunately, this case cannot be categorized into either of these sections but has elements of both.

Re: Section 5.2

The Tuberculous lesion is an infective process and the seizure could have been caused by its toxicity - in which case its resolution would not prevent him from resuming to drive.

Re: Section 5.8.1

A Tuberculous mass is a tumour of sorts in that it is a mass but is not a new growth implied by the word tumour benign or malignant. This "growth" has been excised and we have the assurance of his medical attendants that it will not recur. The restrictions applied by the Ministry of Transportation are based on this section.

The Applicant has been attended by specialists related to his unique situation - a neurosurgeon - a neurologist and an infectious disease internist - all of whom attest to his excellent progress, favourable prognosis and recommend his driver's licence be reinstated.

The Applicant will continue to be medically monitored. His last M.R.I. in May 2001 was negative. At the hearing he appears cooperative and in no distress. In fact he states that he feels better now than before the operation.

This Tribunal finds that on the evidence that the Applicant does not suffer from a physical disability likely to significantly interfere with his ability to drive a motor vehicle.

DECISION:

Upon the application by the Applicant to appeal the decision dated January 18, 2001 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be set aside.

LICENCE APPEAL TRIBUNAL

Roy Melvin, M.D., Presiding Member

RELEASED: July 25, 2001

660-EPLI

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of the
Registrar of Motor Vehicles pursuant to Section 47(1) of
that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

Applicant,

DATE OF
HEARING: July 23, 2001 Oshawa

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit # 1 - Notice of Suspension of Driver's Licence, Issued by the Ministry of Transportation, dated October 27, 2000.

Exhibit # 2 - Notice of Appeal Form received at the Tribunal June 26, 2001, filed by the Applicant.

Exhibit # 3 - Applicant's Driving Record dated July 3, 2001.

Exhibit # 4 - Medical Advisory Committee Report, dated July 17, 2001.

Exhibit #5 - Reasons for Appeal filed by the Applicant.

FACTS:

The Applicant, a 38 year old cement truck driver, had his driver's licence suspended November 5, 2000 after the Ministry received an unsolicited letter, dated September 13, 2000, from Physician # 1, a neurologist. Physician # 1 reported that the Applicant had suffered a seizure at home, following a weekend of heavy drinking.

On September 7, 2000, the Applicant collapsed at the breakfast table and seized for approximately 30 seconds. He bit his tongue, was very confused and aggressive until he was taken to the Ajax Pickering Hospital. A neurological examination, CT scan and EEG were all reported negative.

A week later he was seen by Physician # 1. A repeat EEG disclosed an epileptic diathesis. Carbamazepine, an anticonvulsant, was ordered and he was advised to quit drinking. Physician # 1 recommended the Applicant be allowed to drive.

On October 23, 2000, the Applicant was seen by Physician # 2, another neurologist. His neurological examination was normal and he ordered another EEG and MRI. Dr. Bruni discontinued the Carbamazepine from October 26 until December 5, 2000, when he received the test results. The EEG was abnormal showing right temporal sharp wave activity. He ordered Tegretol, another form of Carbamazepine, and increased the dose because with the focal abnormality found, there is a great risk of recurrent seizures. During that period without drugs, the Applicant did not suffer any seizures or drink alcohol.

The Applicant did not accept that he was an epileptic and stopped his medication early in March, 2001. On a Sunday evening, late in March, he had a few drinks while watching a hockey game with some friends. The following morning he had another seizure. This episode convinced him that the blackouts were directly related to his consumption of alcohol without medication. He went away the long weekend in May with his friends, but he refrained from drinking.

The Applicant is very annoyed, because the Ministry considers him to be an alcoholic. He claims that he drinks very little and only when he is on a holiday with his friends.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (g) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the

Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

On receipt of the letter from Physician # 1, advising the Ministry of the Applicant's seizure, the Registrar had no other recourse, but to suspend the Applicant's driver's licence. Section 47(1) empowers the Registrar to "-----suspend or cancel" a driver's licence for "any -----sufficient reason---".

Regulation 390/94, Section 14(b) is clear in that:

"An applicant for a holder of a driver's licence must not,

- a) suffer from mental, emotional nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely---".

The Applicant suffered two seizures as a result of alcohol withdrawal. The second one might be considered an experiment, to prove to himself that he really did not have a problem. Unfortunately, it proved that he did.

The Tribunal accepts the Applicant's statement that he is not an alcoholic, just an occasional drinker, but his abnormal EEGs, demonstrate an epileptic diathesis. The Canadian Medical Association's "Determining Medical Fitness to Drive" states "patients who have suffered an alcohol related withdrawal seizure" must complete a recognized rehabilitation program for substance dependence and remain alcohol free and seizure free for 12 months before recommencing driving".

The Tribunal does not believe the Applicant requires a rehabilitation program but he should complete a 12 month period of being seizure free. It is only 5 months since the Applicant disregarded the directions given to him by two neurologists and a Medical Drug Reference on the drug "Carbamazepine", discontinued the medication, had several drinks and seized.

DECISION:

Upon the application by the Applicant to appeal the decision dated November 5, 2000 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett, M.D., Presiding Member

RELEASED: July 26, 2001

663-ALCL

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of the
Registrar of Motor Vehicles pursuant to Section 47(1) of
that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROY MELVIN, M.D., Presiding Member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

Applicant

Counsel for Applicant

DATE OF
HEARING: July 25, 2001

Cornwall

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

FACTS:

The Applicant's first driving offence was January 27, 1991, when he was found to be driving with a blood alcohol level above the legal limit. His next alcohol related offence was on August 13, 1996 which earned him a one year licence suspension. Two more alcohol related offences and driving while his licence was suspended resulted in an accumulated suspension until January 22, 2000. Because of this history, his name came up for medical review by the Ministry of Transportation before reinstatement. Unfortunately, he did not receive notification from the Ministry of Transportation because he had moved and did not register his new address. As a result, his licence was again suspended for failure to meet the medical requirements to satisfy the Ministry of his ability to operate a motor vehicle safely.

Eventually, The Applicant went through the medical process and submitted reports from his family doctor, Physician # 1 of Cornwall, the required blood tests and a review by a specialist Physician # 2 in Ottawa on May 8, 2000. Nothing in these reports point to any psychiatric disorder or impulse control disorder which may lead to addiction to alcohol. Physically he suffers from angina pectoris requiring nitroglycerin. His blood tests of August 1999 do show certain abnormalities viz; elevated M.C.V. G.G.T. cholesterol and blood sugar. His family doctor does not explain the elevated liver function test. The specialist, Physician # 2, is unable to vouch for the Applicant's fitness to drive based solely on these blood tests. The tests were repeated on February 9, 2001. The M.C.V. went down slightly to a reading which is only slightly above the upper limits of normal. The G.G.T. is also down but is still considerably abnormal. On March 12, 2001 his FD reports that he could find no physical evidence of alcohol abuse. On March 20, 2000 the Medical Review Section of the Ministry of Transportation decided again that his licence remain under suspension.

The Applicant sought the advise of his counsel in making his appeal and was led to believe that the Ministry of Transportation was obliged to reinstate his licence automatically on completion of his terms of suspension. His counsel makes the argument that a clause in the 1998 revision of the *Highway Traffic Act* which requires a driver to undergo a medical review before reinstatement, does not apply retroactively to a 1997 conviction. To support his argument, he presented a collection of legislative material and extracts of case law from other Canadian provinces (Exhibit 4).

The Ministry's representative stated that this Tribunal sits to adjudicate matters relating to the *Highway Traffic Act* Section 47.(1) and section 14 of regulation 340/94 and that the Ministry of Transportation appears to have just cause to request a medical review prior to considering two reinstatements of his driver's licence because of prior convictions for alcohol related violations.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (h) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

50.(1) Every person aggrieved by a decision of the Minister under subsection 17(2) or (3) or subclause 32(12)(b)(i) or a decision of the Registrar under section 47 may appeal the decision to the Licence Appeal Tribunal.

- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

The Tribunal is not required to address the question of whether the Ministry acted improperly by failure to reinstate the Applicant's driver's licence automatically or requesting a medical review.

The Applicant has consumed alcohol for many years and at times has driven an automobile while legally impaired. For these violations he has had several convictions and has lost his licence for almost four years. During this time, he has apparently modified his lifestyle eg. moved close to his place of business, does not drink with his customers, engages in community affairs etc.

Under section 47 of the *Highway Traffic Act* (the "HTA"), the Registrar of Motor Vehicles is required to show sufficient reason to suspend a driver's licence. The Registrar argued the evidence before this Tribunal that the evidence supports a finding that the Applicant is addictive to alcohol to an extent likely to significantly interfere with the Applicant's ability to drive a motor vehicle as prohibited under section 14 of Regulation 340/84.

The Applicant's medical reports do not confirm addiction or chronic alcoholism. He does have coronary heart disease with stable angina. His high liver function tests may indicate a yet undiagnosed liver disease.

This Tribunal therefore finds that the Applicant does not suffer from any disability or addiction to drugs or alcohol to an extent likely to significantly interfere with his ability to drive a motor vehicle safely.

DECISION:

Upon the application by the Applicant to appeal the decision dated January 15, 1997 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be set aside.

MEHTA

GULSHAN AND SUKHDEV MEHTA

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: TERENCE A. WARDROP, Q.C., Vice-Chair

APPEARANCES:

DAVID A. STEIN, counsel, representing the Applicants
ANDREA YORK, counsel, representing the Ontario New Home Warranty
Program
MICHAEL A. COHEN, counsel, representing the Added Party,
Town Wood Homes Limited

DATES OF March 5-9, 2001 &
HEARING: April 19, 2001

MAHADEO

STEVEN MAHADEO

APPEAL FROM A DECISION OF THE BOARD OF TRUSTEES OF
THE MOTOR VEHICLE DEALERS COMPENSATION FUND

TO DISALLOW A CLAIM

TRIBUNAL: MARJORIE L. HILEY, VICE-CHAIR

APPEARANCES:

STEVEN MAHADEO, appearing on his own behalf
AVIVA R. HARARI, Counsel, representing the Board of Trustees
of the Ontario Motor Vehicle Dealers Compensation Fund

DATE OF
MOTION:

July 31, 2001

Toronto

RULING

Following attendances on July 31, 2001 at a motion before the Licence Appeal Tribunal of Steven Mahadeo, appearing on his own behalf (the "Applicant") and Aviva R. Harari, Counsel for the Ontario Motor Vehicle Dealers Compensation Fund (the "Fund");

WHEREAS an application for an adjournment was made at the motion on July 31, 2001, by the Respondent, and the Applicant was present after a delay of 30 minutes and indicated that he did not consent to the adjournment of the hearing;

The Tribunal granted the request of the Respondent for an adjournment. The parties agreed to the date of September 10, 2001.

The adjournment was granted on the basis of the motion record filed as an exhibit at the motion and the verbal agreement of the Respondent.

The Respondent had acted promptly to request an adjournment upon being served with the Notice of Hearing. The Respondent prepared a motion record which was served upon the Applicant. That motion record stated that counsel for the Respondent was unavailable due to previous trial commitments and a key witness for the Respondent would be out of town and not available to testify on August 7, 2001. These are reasonable grounds to ask for an adjournment.

The Applicant had refused to consent to the adjournment as he felt the dealership would not attend if the hearing were to be delayed. The Tribunal explained to the Applicant that the motor vehicle dealership did not have to be present for him to claim against the Compensation Fund. The Applicant then was agreeable to a short adjournment.

The Respondent asked for costs of the motion. The Applicant had received notice of this request for costs in the letter of July 19, 2001 which was filed as an exhibit at the motion.

This request for costs was based on section 8 of the *Licence Appeal Tribunal Act*, 1999. The Tribunal denied this request.

Under section 17.1 of the *Statutory Powers Procedure Act*, as amended, the Tribunal has the authority to order the payment of the other party's costs. It reads:

Section 17.1

(1) Subject to subsection (2) a tribunal may, in the circumstances set out in a rule made under section 25.1, order a party to pay all or part of another party's costs in a proceeding.

(2) A tribunal shall not make an order to pay costs under this section unless,

(a) the conduct or course of conduct of a party has been unreasonable, frivolous or vexatious or a party has acted in bad faith; and

(b) the tribunal has made rules under section 25.1 with respect to the ordering of costs which include the circumstances in which costs may be ordered and the amount of the costs or the manner in which the amount of costs is to be determined.

(3) The amount of the costs ordered under this section shall be determined in accordance with the rules made under section 25.1.

(4) Despite section 32, nothing in this section shall prevent a tribunal from ordering a party to pay all or part of another party's costs in a proceeding in circumstances other than those set out in and without complying with, subsections (1) to (3) if the tribunal makes the order in accordance with the provisions of an Act that are in force on the day this section comes into force.

Section 17.1 of the *Statutory Powers Procedure Act* is more broadly based than section 8 of the *Licence Appeal Tribunal Act*, 1999 which reads:

8. If, on the application of a party to a hearing before the Tribunal with notice to the other parties, the Tribunal is satisfied that the application for the hearing is frivolous or vexatious, the Tribunal may refuse to grant the hearing or may terminate the hearing at any time and make an order of costs as it considers appropriate in the circumstances.

Section 17.1 of the *Statutory Powers Procedure Act* speaks of "unreasonable, frivolous or vexatious or a party has acted in bad faith", while section 8 of the *Licence Appeal Tribunal Act*, 1999 speaks of "frivolous or vexatious".

The Licence Appeal Tribunal has not yet under section 25.1 of the *Statutory Powers Procedure Act* made rules in respect to costs. This should happen in the near future. If such rules were in place, this Tribunal would have to consider carefully the request of the Respondent, particularly as to whether the conduct of the Applicant has been unreasonable.

As stated under section 17.1(4) this Tribunal can look to another Act, in this case the *Licence Appeal Tribunal Act*, 1999 as to an order for costs.

There are two barriers to the Tribunal granting the request of the Respondent under section 8 of the *Licence Appeal Tribunal Act*, 1999. The first is that the section specifically uses the word "hearing" not the more broadly based word "proceedings". This request is within the context of a motion. The Respondent is not asking that the application for hearing be struck out. The Tribunal does not feel it can stretch the word "hearing" to include a motion within a hearing.

The second barrier deals with the use of the words "frivolous or vexatious". Black's Law Dictionary 6th edition speaks of frivolous as "of little weight or importance"... A claim or defense is frivolous if a proponent can present no rational argument based upon the evidence or law in support of that claim or defense". "Vexatious" is defined in the Black's Law Dictionary 6th edition as "without reasonable or probable cause or excuse".

The Tribunal does not find that the conduct of the Applicant in refusing to consent to the adjournment or in arriving late for the motion to be within the confines of frivolous or vexatious. The defense of the Applicant that he was worried that a delay would mean the dealership would not participate in the hearing and therefore he would lose his ability to ask for compensation was misguided and wrong. But the Applicant is not a person familiar with the complex language of the *Motor Vehicle Dealers Act* or its regulations, and his worry is not without some merit in that context. This matter has had a convoluted legal history

before this Tribunal and in other courts. The Tribunal cannot say his concern is frivolous or vexatious.

NOW THEREFORE this Tribunal Orders that:

1. this matter is adjourned *peremptory against the Respondent* to commence at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, at 9:30 a.m. on Monday, September 10, 2001.
2. there is no order as to costs under section 8 of the *Licence Appeal Tribunal Act*, 1999.

KETER

MORRIS KETER

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: WILLIAM McINTOSH, Vice-Chair, Presiding

APPEARANCES:

MORRIS KETER, representing himself
ANDREA YORK and ANDREW LEWIS, Counsels representing the
Ontario New Home Warranty Program
MICHAEL COHEN, Counsel representing the Added Party,
Townwood Homes Inc.

DATES OF

HEARING: March 16, 2001 and June 6 & 7, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an Appeal by Morris Keter (the "Applicant") to the Licence Appeal Tribunal from a decision of the Ontario New Home Warranty Program (the "Program") contained in a decision letter dated August 14, 2000 (the "Decision Letter").

By a Proof of Claim dated July 4, 2000, the Applicant asserted a right to the return of his deposit on the basis that the house was not built according to the Agreement of Purchase and Sale as it did not conform to the house plan submitted to the Municipality and that it contained unauthorized modifications and major deficiencies rendering it unfit for habitation. The principle deviation from the home plan that the Applicant complained of was the addition of four windows.

The position taken by the Program as outlined in its Decision letter was that the Applicant's claim for financial loss resulting from non return of his deposit by the Added Party under an Agreement of Purchase and Sale (the "Agreement") was not available under the Ontario New Home Warranties Plan Act (the "Act") for the following reasons:

1. The Applicant did not establish that the Added party failed to perform the Agreement. From the material presented to the Program for consideration it appeared that the Added Party was willing and able to complete the transaction and that Applicant failed to close due to the lack of rectification of deficiencies identified by the Applicant.
2. The Municipality had approved the home for occupancy as required by the Agreement.
3. The construction deficiencies listed by the Applicant did not constitute a failure to perform through fundamental breach and the Applicant's proper course would have been to close the purchase and seek damages for breach of warranty under the Act.
4. The addition of four windows to the home did not constitute a fundamental breach such as to allow the Applicant to terminate the Agreement; and indeed the windows were not raised with the Added Party until after the closing date had come and gone.
5. In summary the Applicant's refusal to close was itself a wrongful repudiation of the contract.

It was the position of the Applicant that he would have closed the purchase if his demands regarding further work to the property would have been met. He further asserted that, despite legal advice to the contrary he was not bound by the provisions of the Agreement for the reasons stated above.

The Agreement was duly executed between Townwood Homes Inc., the Added Party, as Vendor and the Applicant as Purchaser on November 4, 1999, with a deposit of \$20,000.00. There were amendments to the Agreement also duly executed on November 14, 2000. The Applicant signed the Agreement pursuant to legal advice.

A delay of 2 to 3 weeks in the closing date of May 25, 2000 was sought by the Applicant and confirmed by his solicitor to solicitors for the Added Party by letter dated May 24, 2000. By return letter the following day solicitors for the Added Party agreed to a postponement of closing to June 1, 2000.

On June 1, 2000 there was no appearance by the Applicant or his solicitor at the Registry Office where closing was to take place. The Added Party asserted tender and claimed forfeiture of the \$20,000.00 deposit pursuant to the terms of the Agreement.

The Applicant claimed against the Program for the amount of the deposit as financial loss as evidenced by an executed and sworn "Proof of Claim" dated July 4, 2000.

The Added Party adopted the reasoning of the Program and added that the evidence was most consistent with a conclusion that the Applicant's failure to close was due to a lack of available funds for closing and not with his assertions of non conformity to the house plan and construction defects. The Added Party relied upon the provisions of the Agreement of Purchase and Sale in support of its position that there was no fundamental breach of the contract and, that there was no validity in the Applicant's position that he was not bound by its provisions.

EVIDENCE:

The Applicant denied the allegation of the Added Party that the Applicant's failure to close resulted from his lack of funds. The Applicant said it was the result of his dissatisfaction with the house. When he was challenged on the point, the Applicant declared that such funds were available but, he was unwilling to produce evidence to that effect.

The Tribunal must determine whether there had been a repudiation of the Agreement by the Added Party to allow the Applicant to claim compensation under section 14(1)(a) of the Act. A summary of the dealings between the Added Party and the Applicant subsequent to the execution of the Agreement on November 4, 1999 follows.

1. The first letter in the chronology dated April 27, 2000 was from the solicitor for the Added Party to the solicitor for the Applicant urging him to forward title instructions for the preparation of the deed as they had yet to be provided despite numerous requests. These instructions were required under the Agreement 30 days prior to the closing date of May 25, 2000.
2. The Town of Richmond Hill issued a Certificate of Occupancy on May 17, 2000. This document represents the opinion of the Building Inspector that the dwelling was constructed pursuant to the requirements of the Ontario Building Code and is thereby suitable for occupancy.
3. An inspection was carried out and notations made on a form provided by the Added Party on May 20, 2000. There was no mention of additional windows.
4. On May 23, 2000 there was an inspection carried out by Majestic Home Inspection on the Applicant's behalf. There were defects listed but no mention of windows. On cross-examination, the Applicant admitted that this was not forwarded to the builder.

5. On May 24, 2000 the Applicant's solicitor requested a postponement of closing in order that some defects could be rectified up and the dust cleared out prior to occupancy as the Applicant had an asthmatic child. There was no mention of special circumstances of an asthmatic child in the Agreement. There was no reference to windows under the "major defects" claimed in the letter.
6. On May 25, 2000 the solicitors for the builder (Added Party) wrote to the solicitor for the Applicant agreeing to extend closing to June 1, all other terms and conditions remaining the same.
7. On May 31, 2000 solicitors for the Applicant informed solicitors for the Added Party that as there were numerous deficiencies left uncorrected, he was under instructions to say that closing would not occur until such deficiencies were cleared up. The deficiencies listed include cracks in the basement, ridges on the walls and compound on the floor, but there was no mention of extra sets of windows or of the house not being built to Plan.
8. On June 1, 2000 solicitors for the Added Party wrote to solicitors for the Applicant that there would be no postponement of closing.
9. On June 2, 2000 solicitors for the Added Party wrote solicitors for the Applicant stating that as there was a failure to close at the appointed time, tender was effected and the deposit forfeited.
10. On June 6, 2000 Applicant's solicitor wrote to solicitors for the Added Party denying their right to retain the deposit.
11. On June 8, 2000 the Applicant requested a deposit claim form from the Respondent.
12. On June 15, 2000 solicitors for the Applicant wrote solicitors for the Added Party claiming the house did not conform to the Plan in that it had four extra windows. This is the first evidence before the Tribunal of the rationale for refusing to close on the part of the Applicant having anything to do with windows.
13. The claim in the Applicant's letter of June 15, 2000 was denied by the Added Party in a letter of June 19, 2000.

14. A further letter on the subject of the windows was sent from the Applicant's solicitors to those of the Added Party pointing out two not four windows in the family room of the house.
15. On July 6, 2000 a "Deposit Refund" claim was lodged with the Respondent.
16. Correspondence between the parties and the Respondent took place and the Respondent issued the Decision Letter of August 14, 2000 denying the Applicant's claim.
17. The Applicant filed his Appeal to the Tribunal August 23, 2000.

The Agreement of Purchase and Sale as stated was executed upon legal advice with each page initialed by the Applicant:

Several provisions of the Agreement were relied upon by the Added Party and the Respondent :

Schedule 1(a) " The Vendor will construct if not already constructed and complete upon the property a dwelling ("the Dwelling") of the type herein before indicated in accordance with the plans and specifications already examined by the Purchaser and filed or to be filed and approved by the Municipality. The Dwelling shall be deemed to be completed when all interior work has been substantially completed as determined by the vendor and the Purchaser agrees in such cases to close this transaction, without holdback of any part of the Purchase Price..."

Schedule 2(e) " Acceptance of construction, sitting and grading by the Municipality shall conclusively constitute acceptance by the Purchaser. The Vendor shall have the right to substitute materials of those designated in the plans/and or specifications provided the quality is equal or better, and also to make minor changes in plans, siting and specifications, provided there is no objection from the Municipality."

Schedule S 4 "...Provide further that 'tender for any reason by the Vendor shall be deemed as sufficiently made when the Vendor or his solicitor appears at the recording land registry office for the property on the Closing Date or any extension thereof and tender shall be accordingly deemed to have been sufficiently made by the Vendor notwithstanding the nonappearance of the Purchaser or his solicitor at such date."

Schedule S 8 " This offer is to be read with all changes of gender or number required by the context, when accepted shall constitute a binding contract of Purchase and Sale, and time shall in all respects, be of the essence. The deposit monies are expressly deemed to be deposit monies only and are not partial payments. Default in payment of any amount payable pursuant to this agreement on the date or within the time specified, shall constitute substantial default hereunder, and the Vendor shall have the right to terminate this Agreement and forfeit all deposit monies in full".

Mr. Jeffery Reid a building official from Richmond Hill was called by the Applicant. Mr. Reid was the inspector who issued the Certificate of Occupancy for the subject house. Ostensibly Mr. Reid was called to bolster the Applicant's case that the four extra windows constituted a significant deviation from the plans to which the house was built. Instead Mr. Reid testified that as the house was on a corner lot the extra windows were permitted for design reasons. There were revised plans lodged with the Municipality by the Added Party to satisfy the notification of installation of the extra windows. The Certificate of Occupancy remained in effect and in the words of Mr. Reid speaking for the Municipality, there was no problem with the house.

As to the Respondent's position, Ms. Susan Scheunemann, the customer service representative who issued the Decision Letter of August 14, 2000 was called. She explained clearly the Respondent's procedures for dealing with claims for deposit returns. Essentially ONWNP relies upon the Certification by the Municipality and the contents of the Agreement of Purchase and Sale to determine whether it should intervene and order a return of a deposit after an aborted closing. She undertakes essentially the same analysis as would a Court in order to determine whether there was a fundamental breach which would have justified the refusal to close the transaction as called for in the Agreement of Purchase and Sale. In this case, she was presented with no evidence that the windows were an alteration not contemplated by the terms of the Agreement, or that they diminished the value of the house. Indeed in her experience windows generally increase the worth of a house not the opposite and in any event they were not even a subject of his complaint to ONHWP until after the date of closing. Finally, as the municipality was satisfied with the property, she saw no reason to disagree with the issuance of the Certificate of Occupancy. She stood by her decision that the Applicant's failure to close was itself a wrongful repudiation of the Agreement.

THE LAW:

The Applicant's appeal is based upon the provisions of section 14(1) of the Act. Prior to May 5, 2001 the section stated:

14(1) Where,

(a) a person who has entered into a contract with a vendor for the provision of a home has a cause of action in damages against the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor's failure to perform the contract;

.....

the person or owner is entitled to be paid out of the guarantee fund the amount of such damages subject to such limits as are fixed by the regulations.

On and after May 5, 2001, the section states:

14(1) Subject to the regulations, a person who has entered into a contract to purchase a home from a vendor is entitled to receive payment out of the guarantee fund for the amount that the person paid to the vendor as a deposit to be credited to the purchase price under the contract on closing if,

(a) the person has exercised a statutory right to rescind the contract before closing: or,

.....

For the purposes of the case, the Applicant is claiming return of the deposit, and that type of claim is contemplated under both versions of subsection 14(1).

Section 6(1) of Regulation 892 to the Act reads:

A purchaser who has a claim under 14(l)(a) of the Act in respect of a purchase agreement entered into after the 30th day of June, 1988 is entitled to be paid out of the guarantee fund an amount for damages arising from the breach of the agreement by the vendor that does not exceed \$20,000.00.

APPLICATION OF THE LAW TO FACTS:

The Applicant asserts that he had no obligations remaining under the Agreement of Purchase and Sale at the date of closing due to the non-performance of the Added Party as vendor. He therefore further asserts that tender by the Added Party is of no effect and the Added Party's claim to forfeiture of the deposit monies is without merit.

The Respondent and the Added Party submitted that for the Applicant to make out a claim under Section 14(1)(a) he must as the section indicates prove to the Tribunal that he has made out a cause of action against the vendor, in this case for financial loss. In order to make out such a cause of action, the Applicant would have to satisfy the Tribunal on the balance of probabilities that the vendor had committed a fundamental breach of the Agreement of Purchase and Sale. If the vendor had committed a fundamental breach, the purchaser could treat the contract as at an end. And in their joint submissions they argue that he has not done so.

Fundamental Breach:

Explanations of the notion of fundamental breach abound in case law and in the texts. Essentially it arises from the doctrine of substantial performance. If a party has substantially completed his promises under a contract, the law will not allow the other party to declare the contract void and thereby be released him from his obligations on the basis of some minor non completion. The remedy for the aggrieved party in such cases is to complete his part of the bargain and seek a remedy in damages. The converse also holds true that if there is substantial non completion or as the cases put it "the very thing bargained for has not been provided" the aggrieved party should not be left to the mercies of some possibly ephemeral action in damages and should be able to treat the contract as though it never existed, rescind it and be returned to his original position – here, have the return of the deposit.

A good general description of the operation of the doctrine of substantial performance is given by E. MacDonald J. in the case of *Townwood Homes v Khanna* [1994] OJ No. 940. In that case, the court was faced with the situation of a house having been built with a single as opposed to a double garage door. Townwood argued that the mistake about the garage door was a minor not a fundamental breach and, in any event, variations to plans were contemplated and agreed to by the Agreement of Purchase and Sale. This being the case Mr. Khanna should have closed and sued for damages. It was the position of Mr. Khanna that he was entitled to a house with a double garage door and having not received it, he was entitled to walk away from the contract. The court looked at some surrounding details prior to ruling on the issue of fundamental breach. As in the present case, the court was less than satisfied that there was financing available to close. As well there was no substantial as opposed to aesthetic reason for the house to have a double garage door.

The single door did not affect the habitability of the house. In short, there were no grounds for asserting that "the very thing bargained for has not been provided" by the builder.

On the evidence presented, it is clear to the Tribunal that the reason the Applicant failed to live up to his obligation to close under the terms of the Agreement of Purchase and Sale was in not connected to the issue of four extra windows in the house. In any event, the windows could in no way be considered a fundamental breach of the Agreement such as to allow the Applicant to treat the contract as at an end and be entitled to the return of his deposit. There was no evidence that the windows were an issue until after the closing date. In the opinion of the Tribunal, the Applicant used the issue of the windows as an excuse to justify his claim. There are no grounds for asserting that "the very thing bargained for has not been provided".

The Respondent and the Added Party were correct in their interpretation of the Agreement of Purchase and Sale that the addition of the windows was a variation contemplated by its terms.

The Tribunal finds no ground upon which to overturn the decision of the Respondent contained in the Decision Letter of August 14, 2000.

DECISION:

Pursuant to the authority vested in it by section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicant's claim.

LICENCE APPEAL TRIBUNAL

William McIntosh, Vice-Chair

RELEASED: August 29, 2001

CASTLETON CUSTOM HOMES DESIGN & BUILD LTD.

CASTLETON CUSTOM HOMES DESIGN & BUILD LTD.

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REVOKE REGISTRATION

TRIBUNAL: DAVID J. HUNT, Vice-Chair

APPEARANCES:

BRIAN M. CAMPBELL, Counsel, representing the Applicant
ANDREW LEWIS, Counsel, representing Registrar, Ontario New
Home Warranty Program

DATES OF HEARING: April 9, 2001, May 10, May 23
and August 1, 2001

Toronto

ORDER

Following attendances on August 1, 2001 at a continuation of hearing before the Licence Appeal Tribunal of Brian M. Campbell, counsel on behalf of Castleton Custom Homes Design & Build Ltd. (the "Applicant") and Andrew Lewis, counsel on behalf of the Registrar, Ontario New Home Warranty Program (the "Registrar");

WHEREAS at the hearing on August 1, 2001, the Tribunal was advised that the parties had come to an agreement to settle, with an order to issue on consent with terms and conditions agreed to in Schedule "A" hereto;

AND WHEREAS having reviewed the written settlement signed by the Applicant and the Registrar as to the disposition of further proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of on the basis of the terms set out in the said Schedule "A".

Vice-Chair

JANECZEK

WILLIAM JANECZEK

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: WILLIAM MCINTOSH, Vice -Chair

APPEARANCES:

WILLIAM JANECZEK, representing himself
DENNIS FAUBERT, Agent, representing the Ontario New Home
Warranty Program

DATE OF
PREHEARING: July 25, 2001

Sudbury

ORDER

Following attendances before the Licence Appeal Tribunal (the "Tribunal") on July 25, 2001, at a prehearing of William Janeczek, representing himself (the "Applicant"), and Dennis Faubert, Agent representing Ontario New Home Warranty Program (the "Respondent");

The Tribunal makes the following Order:

- 1) The Parties present came to no resolution of the issues which are the subject of the Appeal.
- 2) The only Parties to be present at the hearing of the Appeal will be the Applicant and the Respondent.
- 3) The hearing is to commence at the Holiday Inn Sudbury, Suite 134, 50 Brady Street, Sudbury, Ontario, at 9:30 a.m. on Monday, September 10, 2001 and to continue September 11 and 12, 2001, if necessary.

- 4) By August 21, 2001 each of the Parties shall submit to the other statements of facts and a chronology of events. By August 29, 2001 each of the parties shall deliver to the other their responses. By September 1, 2001, the parties shall forward to the Tribunal their agreed statement of facts or failing agreement the chronology of events.
- 5) The Parties shall comply with the disclosure provisions of the Tribunal's Rules of Practice, and
 - a) Should the Applicant intend to rely upon expert testimony at the hearing, he shall deliver to the Respondent the items called for in Rule 6.4 of the Tribunal's Rules of Practice.
 - b) The Applicant shall provide to the Respondent within the time allotted by the Tribunal's Rules of Practice (10 days before the date set for the hearing) all other documents and other things to be relied upon at the hearing.
- 6) By August 29, 2001, the Applicant will advise the Respondent which employees of the Respondent the Applicant wishes to call as a witness, and the Respondent shall forthwith advise the Applicant of the availability of such employees.

T-MAG MARKETING INC. O/A VISCOUNT HOMES

T-MAG MARKETING INC. O/A VISCOUNT HOMES

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *ONTARIO NEW HOME WARRANTIES PLAN ACT*

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

JULIA COOK, Agent, representing the Applicant
NETANUS RUTHERFORD, Counsel, representing the Registrar,
Ontario New Home Warranty Program

DATE OF
HEARING: May 28, 2001 Windsor

REASONS FOR DECISION AND ORDER

BACKGROUND:

The Registrar issued a Notice of Proposal dated January 12, 2001 in which he refused to renew the registration of the Applicant. The refusal was based on two grounds: 1. That the Applicant failed to execute a Vendor and Builder Agreement; 2. That the Applicant failed to substantiate the assets listed in the personal net worth statement for Albert J. Viscount.

The Applicant filed a Notice of Appeal dated January 18, 2001 in which he requested a hearing from the Licence Appeal Tribunal. In his Notice of Appeal the Applicant stated that the execution of the Vendor and Builder Agreement infringed his constitutional rights, that his company has an excellent building history and that proper documents have been filed with renewals of registration.

The Notice of Hearing was issued on February 21, 2001. There was no prehearing in this matter. The parties were in attendance for a hearing in Windsor on May 28, 2001.

ISSUE:

Does the failure of the Applicant to sign the new Vendor and Builder Agreements provide the Registrar of the Ontario New Home Warranty Plan with the grounds to refuse to renew the registration of the Applicant?

Does the failure of the Applicant to provide supporting documentation to substantiate the net worth statements provide the Registrar of the Ontario New Home Warranty Plan with the grounds to refuse to renew the registration of the Applicant?

PRELIMINARY MATTERS:

1. The Applicant in his Notice of Appeal had stated that signing the Vendor and Builder Agreement was against his constitutional rights. He did not comply with the procedural requirements as stated in section 8 of the Rules of Procedure of the Licence Appeal Tribunal. He did not serve on the other parties, the Tribunal, the Attorney General of Ontario and the Attorney General of Canada a notice of constitutional question. Accordingly the Tribunal would not listen to any constitutional or Charter arguments.
2. The Applicant provided to the Tribunal a number of documents which had not been served upon the other parties to the action. The Applicant described these documents as letters of reference and his plans for future building proposals. The Tribunal ruled that these documents had not been disclosed as required under section 6 of the Rules of Procedure of the Licence Appeal Tribunal. The documents were not relevant to the issues before the Tribunal. Accordingly, the Tribunal refused to allow the documents to be entered as exhibits in the proceeding.

TESTIMONY:

Opening Statement of Program:

There are two issues: 1. The failure to sign the two agreements, the Vendor Agreement and the Builder Agreement.; 2. The failure to provide documents to substantiate net worth statement of Applicant

Counsel for the Program stated that this Applicant had initially applied for registration in 1994. It was granted on May 15, 1995. The Applicant had signed the "old agreement" which was a combined Vendor/Builder agreement. Albert Viscount signed as the guarantee. The registration was renewed by the Program until the spring of 2000.

In the spring of 2000, the Applicant submitted an application for a renewal of registration. The Applicant was asked to sign new Agreements and to provide supporting documents for the personal net worth statements. The Applicant has not done so.

The Home Builders Advocacy Association uses the acronym HBAA. The Ontario Home Builders Association uses the acronym OHBA. They are two separate and distinct organizations.

Opening Statement of the Applicant:

The agent for the Applicant stated that the position of the Applicant is contained in the letters of May 10, 2000 and October 10, 2000 sent by the Applicant to the Program.

The Home Builders Advocacy Association was started in 1998. It has 4232 members who are builders. The Ontario Home Builders Association has approximately 3800 members of which 921 are builders and the rest are associate members. There are 5976 builders in Ontario.

Testimony of Gregory Baker:

Mr. Baker is the vice president of risk management for the Program. His responsibility includes business analysis and policy creation. He has held this position since September, 1997 and also acts as the Deputy Registrar. He has a Bachelor of Finance degree and a MBA. He is not a member of the Law Society of Upper Canada nor can he practice law in Canada.

The old Vendor/Builder Agreement was discontinued as of April 1, 2000. It had been last updated in 1987. The Applicant had previously signed such an Agreement. Clause 5.1 of that Agreement provided that the Agreement could be modified or supplemented in the following words: "This agreement shall remain in full force and effect throughout the registration of the Vendor under the Plan; provided that the Vendor shall enter into such further agreements with the corporation as the Registrar may require for the purpose of modifying or supplementing any of the provisions hereof or for the purpose of superseding this agreement."

As of April 1, 2000 there are now two Agreements: a Vendor Agreement and a Builder Agreement. Both are effective for renewals from April 1, 2000. Approximately 4800 builders have executed these new Agreements.

Prior to the implementation of the two new Agreements, the Program had consulted with the industry members for a number of years. Mr. Baker testified that his task when he joined the Program in 1997 was to facilitate such consultation. There is an OHBA/ONHWP liaison committee which considered these two Agreements. The Agreements were approved by the local members of the OHBA, then approved by the Board of Directors of the OHBA, then approved by the Board of Directors of the Ontario New Home Warranty Program ("ONHWP" or the "Program").

The OHBA/ONHWP Liaison Committee has between 30 and 40 builder representatives. The whole process of consultation took over 4 years. The various drafts of the two Agreements were circulated to the local areas for consultation with their members.

Mr. Baker stated that the OHBA is the formal industry voice. It has approximately 3500 members of which some are builder members. They nominate people for membership on the Board of Directors of the ONHWP. The participants in the consultation process were builder members who were industry representatives, not ONHWP representatives.

Mr. Baker stated that the ONHWP is an independent corporation. Its management policy is to try to work with its stakeholders. It uses liaison committees as its formal consultative mechanism. It does not make business sense to deal with each individual in the industry. ONHWP communicates with individual registrants through newsletters and Annual Reports. An Announcement on the New Vendor and Builder Agreements was sent out to individual registrants. This Announcement had the logos of both the ONHWP and of the OHBA. It was mailed on January 28, 2000 for a April 1, 2000 launch. It is the policy of the ONHWP to give 60 days notice of any impending changes.

Mr. Baker testified that the new Agreements in substance are not much different from the original Vendor/Builder Agreement. The clauses in the new Agreements are more specific while the old Agreement was vague in its language. The new Agreements spell out the statutory and regulatory obligations of the parties. Under the old Vendor/Builder Agreement those obligations were set out in the Regulations to the legislation.

Mr. Baker stated that the Program had responded to the letter of concern from Mr. Viscount dated May 10, 2000 by its letter of August 28, 2000. Mr. Viscount by his letter of October 10, 2000 stated he was not prepared to sign the new Agreements.

Under cross-examination, Mr. Baker stated that all the builders in Ontario would have received the new Agreements with their renewals of registration. If a builder does not belong to the OHBA, he would still have received mailings and the Annual Reports of ONHWP. There was no formal liaison by the ONHWP with the HBAA. The new Agreements have not been changed since their inception in April, 2000.

Mr. Baker stated that he was aware of ONHWP trying to meet with the HBAA but to his knowledge this has not happened. He is not aware of any communications between the Ministry of Consumer and Commercial Relations and HBAA.

Testimony of Adil Darr:

Mr. Darr is a senior underwriting analyst with the Program. He assesses risk respecting builders and sets terms and conditions for their registration. He has a Bachelor of Commerce degree and is a chartered accountant.

Mr. Darr is familiar with the application for registration of the Applicant. Mr. Viscount had signed as a guarantor in July, 1994. The Vendor/Builder Agreement was signed in 1994 as well. The Applicant received its renewals of registration after that time. When it was time for the renewal of the registration in 2000 Mr. Darr needed to do a risk assessment based on the information received from the builder.

The risk assessment procedure is outlined in #28 Builder Bulletin. A number of factors are considered, such as: the size of the builder, that is, the number of homes the builder has constructed in the past; the tenure of the builder, that is, how many years has the builder been registered; and the technical rating of the business based on the after sales record, with a new builder having a different test. Also considered is the Financial Information supplied by the builder to determine the equity per unit and the need for a guarantor. All of these factors must be combined to determine what, if any, terms and conditions are required for that builder.

Mr. Darr had examined the Personal Net Worth statement of the guarantor, Mr. Viscount. This was received by the Program on May 16, 2000. The Personal Net Worth statement is a summary of the assets and liabilities of the individual who is the guarantor. Normally, the Program would ask for updated information every year. There is a requirement that the Applicant provide supporting information to substantiate the figures provided on the personal net worth statement. These documents assist Mr. Darr as to who owns the assets and the evaluation value of the assets. Mr. Darr was not provided with tax assessment or Transfer/Deed to provide a value for the property. No bank statements were provided. There was no identification of the second property or documents to prove its value. On September 9, 2000 a letter was sent to Mr. Viscount asking for this information and documents. A deadline of October 15, 2000 was provided to Mr. Viscount to comply with the request. Mr. Viscount provided neither the information nor documents requested by the Program. Accordingly, Mr. Darr gave the personal net worth statement zero value. As the December 31, 1999 Financial Statement of the company showed a deficit of \$87,043.00 Mr. Darr could not consider the company to have passed the risk assessment on the financial requirements.

Under cross-examination, Mr. Darr stated that he was not aware of any serious concerns by the Program regarding the Applicant during the period of 1995 to 2000. Mr. Darr agreed that in the past the Applicant had not been required to post security for homes that he was constructing.

Testimony of Albert Joseph Viscount:

Mr. Viscount testified that his father had been a contractor. He had previously been registered with the Program. He had worked in the Yukon and British Columbia as a contractor. He allowed his registration to lapse and had gone into the motel business. Then in the mid 1990's he re-registered with the Program and built some homes.

Mr. Viscount stated that he refused to sign the new Vendor and Builder Agreements. He had called the Program about his complaints with these new Agreements and he had been advised to send in his application with his cheque and a covering letter outlining his concerns. He had been working on a project regarding land development for the past eighteen months, and he had intended to build empty nester homes in this project.

Although he had been registered in good standing with the Program from 1995 to 2000 he had some real concerns about the new Agreements.

Mr. Viscount's concerns were the following:

1. He did not want information on his business and credit information being distributed to people with whom he is not doing business dealings. He objected to his personal information being given to strangers.
2. The Program could send confidential information on his business to other suppliers. He did not want to deal with telephone solicitations from these other suppliers.
3. The Program could determine the number of houses that he could build in the course of a year. He objected to this as he would have to pre-sell a number of units in order to get bank financing for the project he was considering which might possibly be 54 units. Under the new Agreements, the Program could determine not only the number of units he could build in this project but also the amount of security that he should provide per unit. Under the old Agreement he just paid a per house registration fee.
4. Under the new Agreements the Program could come into the Applicant's business premises and seize its books and records.
5. Under the new Agreements the Program can demand that Mr. Viscount provide them with his driver's licence and birth certificate, which had no bearing on how he built homes.

6. If the Program felt there was a problem, which the Applicant could dispute as something that was the homeowner's responsibility, nonetheless the Program could distribute the information about this problem. The Applicant's reputation for after sales service would suffer and yet the matter was really in dispute between the Program and the Applicant. Further, the Program could tell people about any conciliations that had occurred between the Applicant and the homeowners.

Mr. Viscount stated that he had not been told about the new Agreements before they were imposed upon him. He had never been a member of the OHBA as he never needed to join that organization in order to make a living as a builder. Mr. Viscount felt the OHBA was just a social club.

Mr. Viscount testified that when he was given the application for renewal in May of 2000, he was told that he must sign these two new Agreements. He was never given the opportunity to provide his comments on these new Agreements.

Mr. Viscount stated that he is a member of the HBAA. He wants the HBAA to advocate for new legislation on secondary insurance of homes. Mr. Viscount did not feel that he should have to subsidize the Program by providing it with security deposits on each house that he builds. He stated that such security deposits are causing the small builders not to build houses. Before, suppliers and tradespeople would work for small builders and collect their monies upon the sale of the house, but, he stated, that could not happen under this system.

Regarding the personal net worth statement, Mr. Viscount felt that if he did not provide supporting documentation the information supplied "may be discounted" but not ignored. He always completed this statement, had it notarized by a lawyer, and it has been accepted. He did not want to give the Program a copy of the deed to his house so they can attach the house. In the past, he was never obliged to put in any supporting documentation with his personal net worth statement. Mr. Viscount has all the required supporting documents, but he made the decision not to send them to the Program.

Mr. Viscount agreed that the corporate financial statement for 1999 shows a deficit for 1999. He cannot recall if previous corporate financial statements showed a deficit or not, but he thought some might have had a deficit.

Under cross-examination, Mr. Viscount testified that he had signed the original Vendor/Builder Agreement. He had probably read it in the past. At some point he had probably read the Regulations to the *Ontario New Home Warranties Plan Act*. Mr. Viscount was not aware of the Homebuyer's Guide that is produced by the Program. Although he is a fairly busy businessman, he stated that he tries to read the materials that come into his office.

Mr. Viscount stated that he joined the HBAA after the Program said they were not going to renew his registration. He has received newsletters from the HBAA. As well, Mr. Viscount agreed that he did receive some newsletters from the Program, but only after the Program had said he was to sign these two new Agreements. He remembered getting a newsletter about the new Agreements, but only after he had received the Notice of Proposal from the Program. Reading the newsletter which is issued jointly by the ONHWP and the OHBA did not change his mind about the issues of stripping of his rights and the invasion of his privacy. He stated that it would not have mattered if he had received this newsletter at an earlier stage in this proceeding.

Mr. Viscount remembered receiving the letter from Mr. Varcoe of the Program dated August 28, 2000. That letter did not change his mind about his concerns with the two new Agreements.

Further Testimony of Mr. Darr:

The Tribunal permitted the recall of a previous witness, Mr. Darr.

Mr. Darr testified that in 1997 the Program changed its policy, and from then on supporting documents were required on personal net worth statements.

Mr. Darr testified that there is a certain threshold that builders can build without the Program requiring backup information. To his recollection, that threshold was about 4 to 5 homes. Mr. Darr checked his records for the Applicant. He stated that the registration forms show that in 1996 the Applicant was listed at building between 0-6 homes; in 1997 the Applicant was listed as building no homes; in 1998 the Applicant was listed as building no homes; and in 1999 the Applicant was listed as building one home.

Mr. Darr was unsure if between 1995 and October, 1998 there was a consistent policy of requiring backup information in order to do the risk assessment. That policy was in consistent operation by October, 1999. Mr. Darr was unsure if the change in policy on backup information was communicated to all of the stakeholders of the Program.

Closing Statements:

By the Program:

Counsel for the Program stated that the Applicant had not complied with the requests of the Program. The issue is whether these requests are grounds for the refusal to renew the registration of the Applicant.

The Program contended that the failure of the Applicant to sign the new Agreements is a breach of section 1.3 of Regulation 894 and a breach of section 1.5 of Regulation 894. The Applicant had signed the Vendor/Builder Agreement in 1994 which contained clause 5.1 which requires the Applicant to enter into further agreements as are found necessary by the Program. It does not matter whether or not the Applicant received the communiques from the Program regarding these new Agreements. There is an obligation under this clause to enter into the new Agreements. It is a condition of registration.

Counsel cited the case of Ontario New Home Warranty Program v Lukenda 1991 2 O.R.(3d) p.675 (Ontario Court of Appeal) as support for its proposition that the Ontario New Home Warranty Corporation has the capacity of a natural person and can therefore require that a registrant sign its new Agreements.

Counsel stated that the new Agreements were done under the authority of section 5.1 of Regulation 894. As well, the Program had consulted with such stakeholders as the Ontario Home Builders Association when it was preparing the new Vendor Agreement and the new Builder Agreement. It was not feasible to consult with each and every builder in the Province of Ontario.

Counsel stated that the new Agreements do not impose any new significant obligations on builders. The old Vendor/Builder agreement had vague language and was a short document. The new agreements have specific language and are long documents. The new agreements codify existing practices, the Regulations and add some business clauses. Clause 4.4(e) of the old agreement permitted the Program to request personal documents as does section 1.5 and 1.6 of the Regulation 894. Search and seizure powers were provided in clause 4.4(c) of the old agreement and under section 1.2 of Regulation 894. While the old agreement was silent as to the Program's ability to collect information, there was no confidentiality clause and the Program had the power to use the information as required. But the new agreements impose limitations on the use of and disclosure of such information by the Program.

Regarding the complaint that the Program was disclosing information to anyone concerning after sales performance records, Counsel stated that the Program was issuing such information to those who requested it prior to the implementation of the Vendor Agreement. A Guide to After Sales Service brochure had been sent out to registrants and it dealt with this process. Under the new Vendor Agreement, the registrant now has fifteen days to challenge the use of this information.

As well, the new Vendor agreement has a clause dealing with correcting information being disclosed. This was not part of the old Vendor/Builder agreement, but it codifies existing practice. It is designed to protect the public while ensuring the builder that the information disclosed is correct.

Counsel for the Program stated that under the new Agreements the builders now have a clearer understanding of their rights and obligations and that consumers can obtain information on builders from the Program.

Regarding the issue of not providing supporting documents for the Personal Net Worth statement, Counsel stated that the old Vendor/Builder agreement contained the Applicant's consent under clause 4.4(e). A personal net worth statement is information relating to financial affairs. The supporting documents are important to know who owns the property and to support the statements of the guarantee. Under the *Ontario New Home Warranties Plan Act* section 7(1)(c), the Program is required to assess the financial position of the registrant. As well, consumers consider that a builder registered with the Program has a financial stamp of approval. Supporting documentation of personal net worth statements is critical to the effectiveness of providing consumer protection under the Act.

Counsel for the Program referred to the Skinner & Laprise General Contractors Ltd. case by the Commercial Registration Appeal Tribunal released May 5, 1999. The leading case of Brenner 19 CRAT 59 is discussed regarding the power of the Tribunal to act if it finds that the Registrar was in error in his conclusions regarding the Applicant's financial situation. In particular, Counsel drew attention to the following statement;

"This Tribunal has noted on numerous occasions in the past that it is the nature of a regulated industry that certain requirements for continued registration must be met for the mutual advantage of the industry and the consumer. In this fashion, the consumer is guaranteed a measure of protection against business failures with negative consequences for consumers and those regulated companies reap the benefit of working in an industry with enhanced public credibility as a result of effective regulation."

Counsel for the Program requested that the Tribunal carry out the Notice of Proposal of the Registrar. Counsel submitted that terms and conditions would be difficult as a proper risk assessment has not been carried out and would mean having to do a supplementary proposal.

Closing statement by Applicant:

Mr. Viscount decided that he wished to make the closing statement rather than the Applicant's agent. The Tribunal permitted this.

Mr. Viscount found it totally unacceptable that these new Agreements had to be signed just because the old Agreement had been signed.

Mr. Viscount stated that he has the evidence to substantiate his personal net worth statement, but he is worried as to what other documents the Program will ask of him, such as his birth certificate or driver's licence.

Mr. Viscount stated that he did not feel the new Agreements were any improvement over the old ones and therefore as he had signed the old one it should stand. He stated that the only reason the Program wanted him to sign the two new Agreements was to violate his rights.

Mr. Viscount stated that he felt the new agreements are an invasion of privacy. The Program can publicize disputes over after sales issues. The Program can circulate his private information. There are no sanctions against the Program for doing this.

In conclusion, Mr. Viscount stated that he has no problems with providing proof of personal net worth and his status as a businessperson, but he has a problem with signing documents that totally take away his rights and prevent him from supporting his family.

LEGISLATION:

The relevant statute is the *Ontario New Home Warranties Plan Act* and its Regulations:

.....

Section 8 (2) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were an applicant or where the registrant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts or is in breach of a term or condition of the registration.

Section 23(1) The Corporation may make bylaws,

- (a) governing applications for registration of vendors and builders and the expiration and renewal of registration;

.....

- (f) governing agreements entered into between the Corporation and vendors;

.....

- (l) requiring vendors and builders to be bonded in such form and terms and with such collateral security as are prescribed, and providing for the forfeiture of bonds and the disposition of the proceeds;

.....

- (n) prescribing any matter required or authorized by this Act to be, or referred to in this Act as, prescribed by the regulations;

- (o) prescribing forms for the purposes of the Corporation;

(2) A bylaw passed under subsection (1) shall be deemed to be a regulation to which the *Regulations Act* applies.

.....

Regulation 892

Part III Registration

9(1) Each applicant desiring registration under the Plan shall complete, execute and deliver to the Registrar such form or forms of application as the Registrar may require from time to time.

.....

(3) The applicant shall furnish to the Registrar:

1. An agreement between the applicant and the Corporation providing for the respective rights and obligations of the parties as to the enrolment of homes under the Plan, the performance of work by builders, the sale of homes by vendors and such other matters as the Corporation may reasonably require, such agreement to be in such form as may be required by the Corporation and to be fully completed and executed by the applicant in duplicate.

.....

3. Financial statements of the applicant and such other information relating to the applicant's financial affairs as the Registrar may require.

.....

5. Such additional documentation related to the application as the Registrar may reasonably require.

10(3) Every applicant for renewal of registration shall complete, execute and deliver to the Registrar such form or forms of application and such other documentation as the Registrar may provide from time to time.

Regulation 894

Terms and Conditions of Registration of Builders and Vendors

1. The following are conditions of every registration under the Plan:

.....

3. The registrant shall diligently perform or cause to be performed all obligations imposed under the Plan and under any agreement made with the Corporation in respect of the Plan;

.....

5. The registrant shall from time to time, at the registrant's expense, furnish the Registrar with such documents relating to the Plan as the Registrar may reasonably require.

6. The registrant shall furnish the Registrar with such information relating to the registrant's financial affairs and position as the Registrar may reasonably request.

.....

ANALYSIS:

This is a case where a registrant has refused to comply with certain requirements as stated in writing by the Program. In particular, this registrant will not sign the new Agreements entitled Builder Agreement and Vendor Agreement nor will the registrant provide supporting documentation for his personal net worth statement. The Registrar, after attempts to have the registrant provide these documents and to sign the Vendor Agreement and the Builder Agreement, has issued a Notice of Proposal to refuse to renew the registration of this registrant. It is agreed that the Applicant (registrant) has been registered with the Program since 1995; that the Applicant has received renewals of his registration from that time until the date for renewal in 2000; and that there is no history of any problems with the Program until the

renewal of registration in 2000. There is no proof before the Tribunal that prior to 2000 the Applicant was asked to provide supporting documentation for his personal net worth statement. It is unclear if prior to this renewal period the company T Mag Marketing Inc. o/a Viscount Homes had suffered financial losses. It is agreed that the financial statement for the company for the time period of January, 1999 to December 31, 1999 shows that the company did have a loss for that fiscal year of \$87,043.00.

The Applicant had proposed to make an argument based on constitutional grounds but neither the Applicant nor his agent had complied with the requirements of the Rules of Practice for the Tribunal and served a Notice of Constitutional Question upon the relevant parties. The Tribunal could not consider this argument due to this deficiency. It is unfortunate that the Applicant had not received proper legal advice on this point. This Tribunal cannot urge strongly enough that applicants prepare their cases thoroughly and have read carefully the Rules of Practice of the Tribunal which is given to every applicant when they have filed their Notice of Appeal. The Licence Appeal Tribunal is an administrative tribunal without the inherent powers of the higher courts. The Tribunal can only look at matters within its statutory mandate and that have been processed properly. The Tribunal can look at issues of constitutional importance but only after the Notice of Constitutional Question has been served in accordance with the rules.

The Applicant argued that he was under no obligation to send the two new Agreements or to provide supporting documentation for his Personal Net Worth Statement. The Tribunal cannot find any support for that argument, either in the Act and its Regulations or in the original Vendor/Builder Agreement which was voluntarily signed by the Applicant on May 15, 1995.

The original Agreement has under Clause 3.1 the authority of the Program to limit the number of houses to be constructed by the vendor. It states "The Vendor acknowledges that the conditions of his registration in the Plan or the conditions of any renewal of such registration may require the Vendor to obtain the written consent of the Registrar prior to commencing the construction of homes in excess of the maximum number permitted to be constructed or prior to commencing the construction of homes of any clause, the construction of which is restricted." The Applicant was saying that now under the new Agreements he is restricted as to the number of homes and as to the security deposits required on those homes. That authority was in the original Agreement.

Under Clause 4.4 of the original Agreement it states, "(e) The Vendor at his own expense shall supply to the Corporation upon request whether for purpose of initial registration or renewal, documentation in the form of guarantees, surety bonds, letters of credit, statements of personal net worth, bank statements and other such documentation and records as the Corporation may reasonably require." The Applicant argued that since he never had to provide supporting documentation in the past, therefore he should not have to do so now. It may be that over the past years of registration the Program did not specifically ask this Applicant for such documentation, but the Program has clear authority not only under the legislation but in the

agreement signed by the Applicant to ask for such documents. Whether or not the Program wanted such documents previously, the Program has stated clearly in writing what documents it needs from the Applicant. The document request is not unreasonable, particularly when you consider the debt load of the Applicant's company as stated in the financial statement ending December 31, 1999.

Finally, under Clause 5.1 of the original Agreement it states, "This Agreement shall remain in full force and effect throughout the registration of the Vendor under the Plan; provided that the Vendor shall enter into such further agreements with the corporation as the Registrar may require for the purpose of modifying or supplementing any of the provisions hereof or for the purpose of superseding this agreement....". The Vendor signed this original agreement. Whether he understood it or not, by so doing he placed himself in the legal position of having to sign the two new Agreements that were drafted and implemented by the Program after a long period of consultation within the building industry.

The Applicant is not just bound by the contractual obligations of signing the original Vendor/Builder Agreement in May of 1995. He is bound by the *Ontario New Home Warranties Plan Act* and Regulations 892 and 894. He wishes to work in a regulated industry. The Government of Ontario has for many years regulated the building industry as it relates to new homes and condominiums. The legislation passed by the Province and binding on all who wish to build new homes and condominiums in Ontario is clear in its intent that a corporation, now entitled the Ontario New Home Warranty Program, has widespread powers to control builders within Ontario. Section 8(2) of the Act permits the Registrar of the Program to refuse to renew or suspend or revoke registration if the builder breaches terms or conditions of the registration. Failure to provide financial documentation or failure to sign the new Agreements is a breach of terms and conditions of registration. Section 23 of the Act makes it clear that the Program has the authority to make bylaws governing applications for registration, the governing agreements between the Program and the vendors, types of collateral security, kinds of forms, the fees to be paid and many other items. Regulation 892 states in section 9 that the Applicant must provide financial documents, other additional documents and sign an agreement between the Program and the applicant. Section 10 makes it clear that this applies to renewals of registration. The terms and conditions as stated in Regulation 894 ensure that the registrant must perform his obligations under the agreement with the Program and provide documents, be they financial documents or any other documents, to the Registrar.

Whether the Applicant agrees or not with the broad powers granted by the Government of Ontario to the Ontario New Home Warranty Program those are the powers granted. The issue to be decided by this Tribunal is whether in the circumstances of this case the Program's request of the Applicant are an exercise of those powers. The Applicant's arguments as stated in this case do not overrule the authority of the Program as given to it by the Act and Regulations and originally agreed to by the Applicant in signing the Vendor/Builder Agreement in May of 1995.

The Applicant has stated in writing by letters to the Program and verbally in testimony before this Tribunal that he will not sign the new Agreements. He has also stated before this Tribunal that although he has all the supporting documentation requested by the Program, he will not provide it as he feels it is an infringement of his privacy. Due to these statements it is not appropriate for the Tribunal to consider a renewal of registration based on terms and conditions.

The Tribunal found the Applicant to be a sincere and honest individual. The Tribunal hopes that in the future the Applicant changes his position and again applies for registration on the basis of signing the two new Agreements and providing the Program with the documents supporting his personal net worth statement. It is unfortunate that the Applicant has not understood the legalities of working in the building industry in Ontario as it is presently regulated by the *Ontario New Home Warranties Plan Act* and its Regulations. This Act and its Regulations are there to protect the new home buying public in the Province of Ontario through the registration of builders. The Applicant must understand that to work in a regulated industry, it must comply with the applicable regulation requirements. Where there is a conflict between the Applicant's wishes and the Regulation's requirements, the Regulation's prevail.

ORDER:

Accordingly, based on the evidence and under the authority of section 9(4) of the *Ontario New Home Warranties Plan Act* the Tribunal confirms the Notice of Proposal of the Registrar, Ontario New Home Warranties Program, to refuse to renew the registration of T-Mag Marketing Inc. o/a Viscount Homes under the Act.

LICENCE APPEAL TRIBUNAL

Marjorie L. Hiley, Vice-Chair

RELEASED: August 22, 2001

RANCE

CARLTON RANCE

APPEAL FROM A DECISION OF THE ONTARIO
MOTOR VEHICLE DEALERS COMPENSATION FUND

TO DISALLOW A CLAIM

TRIBUNAL: DAVID J. HUNT, Vice-Chair Presiding
RICHARD C. DELANEY, Member

APPEARANCES:
CARLTON RANCE, representing himself
LARRY A. BANACK, Counsel representing the
Ontario Motor Vehicle Dealers Compensation Fund

DATE OF
HEARING: June 5, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal from the decision of the Ontario Motor Vehicle Dealers Compensation Fund ("the Fund") dated January 25, 2001, wherein the Applicant's claim for compensation was disallowed. The claim was for a total of \$2,509.45. As set out herein, the Tribunal found that the claim should be denied and that the Applicant is not entitled to succeed in the claim against the Fund for the reasons hereinafter set out.

ISSUES:

The issues to be determined in this matter are as follows:

- 1) Does Mr. Rance have a "claim" as defined by Regulation 801?
- 2) If he does have a claim, does it meet the requirements of Section 12(3) of Regulation 801?

APPLICABLE LAW:

Section 1 of the *Motor Vehicle Dealers Act* states:

"motor vehicle" means an automobile, truck or other vehicle propelled or driven otherwise than by muscular power, including a motorcycle, but not including a motorised snow vehicle or a farm tractor or other self-propelled machinery primarily intended for farming or construction purposes.

"motor vehicle dealer" means a person who carries on the business of buying or selling motor vehicles, whether for the person's own account, or the account of any other person, or who holds himself, herself or itself out as carrying on the business of buying or selling motor vehicles.

Section 24 of the *Motor Vehicle Dealers Act* states:

The Lieutenant Governor in Council may make regulations,
.....

(o) providing for the establishment, maintenance, and administration of the Motor Vehicle Dealers Compensation Fund including prescribing provisions relating to the investing and paying out of money from the Fund.

(q) providing for payment out of the Fund of claims and procedures to be followed in respect thereto.

Regulation 801, Schedule

Terms of Compensation Fund

12(1) The Fund is established as of the 1st day of July, 1986, to stand in the place of a participant for the payment out of the Fund of claims of customers of the participant where the transactions occurred during the period when the participant was registered under the Act and where the participant has refused after demand or is unable to pay the claims.

(3) A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participant's refusal or failure to pay, even if the motor vehicle dealer with respect to whom the claim is being made ceased to be a participant after the refusal or failure to pay, and where the claim meets one of the following requirements:

1. The customer has recovered in any court in Ontario a judgement in respect of the claim and the judgement has become final by reason of the expiration of the time for appeal or of having been confirmed by the highest court to which an appeal may be taken and the customer makes an application, supported by the judgement, and statement of claim, for payment of the unsatisfied portion of the judgement and costs as assessed.

.....

(10) Despite subsections (1), (2), (3) and (6) and subsection 15(3) of this Schedule, there shall not be paid out of the Fund,

(a) more than \$15,000.00 exclusive of costs, to each claimant in respect of each transaction in respect of a claim or claims against any one participant;

(b) any amount of interest, including interest on a judgement or on costs;

(c) where there is a judgement, any amount for costs in excess of actual disbursements and fees as assessed;

....

FACTS:

The Fund disputes the entitlement of the Applicant to compensation under Section 12 (10)(c) of the Schedule to Regulation 801 the *Motor Vehicle Dealers Act* (the "Act").

APPLICANT'S EVIDENCE:

During the month of September 1997, the Applicant, Carlton O. Rance (hereinafter "Rance") negotiated with a representative Al-Maz Motors, 125 Ashwarren Road, Downsview, Ontario to purchase a 1990 Honda Accord (hereinafter "the Honda"). These negotiations concluded on or about September 23, 1997 and are evidenced by a Vehicle Purchase Agreement of the same date (Tab 1, Exhibit 3, P. 8).

During the negotiations, Rance dealt directly with an Al-Maz representative and another individual who was identified as Al-Maz's financier. Also present during the negotiations was Marvalin Bonnick (hereinafter "Bonnick"). Bonnick was Rance's girlfriend at the time. Bonnick was also the purchaser of the vehicle as Rance had financial problems at the relevant time. Bonnick did not testify before the Tribunal.

The Honda was test driven prior to purchase. The Al-Maz representative drove the vehicle with Rance and Bonnick present. The test drive was limited to city streets around the dealership and was concluded in under one-half hour. Other than a malfunctioning cruise-control light, no other problems were observed or reported by Rance or Bonnick.

Rance testified that he discussed an extended warranty with Al-Maz and the financier during the purchase negotiations. He vaguely recalled mention of a six-year or 60,000 kilometre extended warranty. No limitations on the warranty or exclusions for electronic malfunction were recalled. The cost of this warranty was \$150.00.

The \$150.00 premium was apparently to purchase warranty coverage from Lubrico Warranty Inc. This coverage was never placed by Al-Maz Motors Inc. as evidenced by a letter dated February 5, 1999 from Lisa Norcross of Lubrico Warranty Inc. (Exhibit 3, Tab 1, page 16).

Rance indicated he began experiencing difficulties within a month of purchasing the vehicle. A green "S-light" was flashing most of the time. No other problems were experienced with the Honda.

In January 1998, Rance was still having difficulties with the Honda. He took it to Ortis Automotive Centre Inc. on or about January 25, 1998 complaining that the automatic transmission was not shifting properly. The Honda had a performance feature in the shifting procedure. Rance complained that this performance feature was malfunctioning. At that time he received an estimate from Ortis of \$2,241.30 for a rebuilt transmission and fluid replacement.(Exhibit 3, Tab 1, page 24)

Rance did not effect the repairs estimated by Ortis.

On or about December 28, 1999, Rance took the Honda to AP Automatic Transmissions complaining of flashing green light and transmission shifting troubles. The vehicle was left for about one hour following which an estimate was provided for, among other things, a rebuilt transmission and speed sensor replacement (Exhibit 3, Tab 1, page 25).

Rance did not effect the repairs estimated by AP Automatic Transmissions.

On or about January 20, 2000, Rance again took the Honda to a repair shop to check the "s-light". The car was taken to Dalt's Honda. The Honda had previously been taken to Dalt's Honda with respect to the transmission problem. However, Rance was unable to confirm the date of the first visit to Dalt's Honda or that any repairs were done at that time.

Dalt's Honda was asked to provide an estimate for a rebuilt replacement transmission, and the estimate was \$3,550.00 (Exhibit 3, Tab 1, page 26). Rance never completed the repairs estimated by Dalt's Honda.

Rance or Bonnick have been driving the vehicle since it was purchased to the present.

On or about March 8, 1999, Rance and Bonnick commenced a Small Claims Court action in the North York Small Claims Court against Al-Maz Motors. After some procedural delays, Rance and Bonnick obtained default judgement against Al-Maz Motors on November 23, 2000 in the amount of \$2,300.15. The Judgement appears to be based on the Ortis Automotive Centre Inc. estimate of \$2,241.30 dated January 1, 1998.

EVIDENCE FOR THE FUND:

Bob Redinger is the Secretary Treasurer and General Manager of Ready Honda. Mr. Redinger has extensive experience in the automotive industry and, in particular, with Honda vehicles. He has been extensively involved on a full-time basis in the Ready Honda dealership since 1983.

Mr. Redinger was very familiar with the 1990 Honda Accord model. He was at Ready Honda when the model was introduced. He stated the model enjoyed a four-year run and that it is still sold as a used vehicle today.

Mr. Redinger has never examined the Rance Honda and based his testimony on the evidence given by Rance.

With respect to the warranty issue presented in the matter, Mr. Redinger was quite familiar with the products offered on the market to consumers. He was specifically familiar with the third party warranty company Lubrico and their warranty products.

Mr. Redinger testified that 100% of all warranties issued by third party warranty companies cover only mechanical or "sudden failure". "Sudden failure" was described as when an item just stops working. Issues characterised as reduced performance would not be covered under these warranties.

If a transmission is inoperative then the vehicle cannot be driven. This is an example of transmission "sudden failure". However, if a vehicle is driveable and can be operated then there is no "sudden failure".

According to Mr. Redinger, Ready Honda issues dealer warranties in about 1% of all sales. However, they are always time-limited and strictly cover "sudden failure".

He testified that two types of problems are typical with transmission function. First, there are mechanical problems that result in a vehicle that cannot be driven. Second, there are problems with the electronic system such as the speed sensor. The latter problems are not covered by even the best warranties available to consumers.

When asked if he was aware of any warranty that would cover a driveable transmission, Mr. Redinger responded "...not for any money". Also, he was certain that a six-year warranty would not be available for the price of \$150.00 from any warranty company.

Mr. Redinger also reviewed the operation of the sport shift function on the 1990 Honda Accord model. Absent the engagement of the shift feature, the vehicle will shift automatically between gears one and four. The "s-light" stays off and the vehicle shifts more slowly between each gear. When the feature is engaged, the driver is able to accelerate faster between gears.

The "s-light" on the dashboard indicates to the driver that the sport feature has been engaged. When the "s-light" is flashing, as was the condition described by Mr. Rance, this indicates a malfunction. However, the malfunction is not one that affects the operation of the transmission. Mr. Redinger stated that, based on the problems described by Rance, the likely cause of the vehicle problems was a faulty wiring harness in the transmission or a problem with the speed sensor. In either case, the issue is electronic and would not be covered by any known warranty product. Had the problem been diagnosed in 1997, the necessary repairs would have been \$300.00-\$400.00. Today, the same repairs would cost \$600.00-\$700.00.

Mr. Redinger reviewed all of the estimates provided by Mr. Rance and concluded that they revealed probable electronic malfunctions. However, nothing was apparent that suggested the need to replace the transmission.

FACTS FOUND PROVEN:

The Tribunal finds the following facts to have been proven:

- 1) Rance and Bonnick purchased the Honda on or about September 23, 1997;
- 2) Included in the negotiated purchase price was an extended warranty which cost \$150.00;
- 3) The extended warranty was a dealer warranty;
- 4) The extended warranty would have covered only "sudden failure" or mechanical problems and not electronic problems;
- 5) Rance or Bonnick have never effected repairs to the Honda, having only obtained estimates;

- 6) The Honda has always been able to be driven and is still being driven today;
- 7) Rance's complaints regarding the Honda's function reveal an electronic malfunction.

APPLICATION OF LAW TO FACTS AND ISSUES:

The issues in this matter were:

- 1) Does Mr. Rance have a "claim" as defined by Regulation 801?
- 2) If he does have a claim, does it meet the requirements of Section 12(3) of Regulation 801?

As to issue number one, "claim " is defined in the regulation as follows:

"claim" means a claim *for pecuniary loss* arising out of a trade in a motor vehicle.
(emphasis added)

Black's Law Dictionary describes "pecuniary loss" as follows:

...a loss of money, or of something by which money or something of money value may be acquired...

Mr. Rance has never made repairs to the vehicle in question and has not suffered any pecuniary loss as a result.

With respect to the second issue, there was no evidence of any mechanical or "sudden failure". The Honda has always operated and continues to be driven today. Mr. Redinger testified that there was no warranty coverage available for the problems described by Mr. Rance. Therefore, even if one accepts that Mr. Rance purchased a premium, six-year warranty for \$150.00, there is no evidence that the complaints would have even enjoyed warranty coverage. Quite to the contrary, the likely problems with the vehicle were beyond the scope of coverage of even the best warranty products.

Moreover, there is evidence a third party warranty application was not processed by the dealership. Therefore, if Rance purchased any warranty coverage it was some limited warranty coverage from the dealer. Mr. Redinger testified that these warranties are rare and are time-limited and would not have covered an electronic system malfunction.

DECISION:

Therefore, by virtue of the authority vested in it under the *Motor Vehicle Dealers Act*, Regulation 801, Section 15(3), the Tribunal directs the Board of Trustees of the Motor Vehicle Dealers Compensation Fund to disallow the claim.

LICENCE APPEAL TRIBUNAL

David J. Hunt, Vice-Chair
Presiding

Richard C. Delaney, Member

RELEASED: August 14, 2001

ELLIOTT

KEITH ELLIOTT

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: SHEENA MACASKILL, Vice-Chair

APPEARANCES:

JOEL E. LEVITT, Counsel, representing the Applicant
A. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING:

June 13, 2001

Toronto

REASONS FOR DECISIONS AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated November 25, 2000, issued by the Registrar under the *Motor Vehicle Dealers Act* (the "Act") to refuse the registration of Keith Gordon Elliott (the "Applicant") as a motor vehicle salesperson under the provisions of the Act. The Applicant appeals the Notice of Proposal to the Tribunal.

The Registrar's Notice of Proposal to refuse registration states as follows:

"The intention and objective of the Act is to protect the public interest. The requirements of the Act include that Registrants be financially responsible in the conduct of business and that Registrants carry on business in accordance with the law and with integrity and honesty. The Applicant's past conduct is inconsistent with the intention and objective of the Act and therefore warrants disentitlement to registration under the Act. Therefore, the Registrar is unwilling to register (sic) Keith Gordon Elliott as a motor vehicle salesperson."

The Registrar's Notice of Proposal also states that the following are the particulars upon which the Registrar relies:

1. Keith Gordon Elliott submitted an application for registration as a motor vehicle salesperson to the Registrar on or about November 3, 2000.
2. On the application for registration submitted to the Registrar's office, the applicant failed to disclose that he had a charge pending for theft over.
3. The applicant had previously applied for registration on or about January 16, 1998. At that time the applicant made disclosure relating to an assault, but failed to disclose the theft over charge which was pending at the time the application for registration was submitted on January 16, 1998.
4. The application for registration submitted January 16, 1998 was ultimately abandoned by the Applicant.
5. The applicant had submitted an application for registration on or about April 27, 2000 but said application was not processed as the applicant had submitted an out of date application form.

THE EVIDENCE:

The first witness for the Registrar was Detective Jack Haze. Detective Haze is a police officer with the Major Fraud Unit, Durham Regional Police. On May 29, 1996 Detective Haze swore an Information charging the Applicant with theft over \$5000.00 contrary to the Criminal Code (Ex. 4, Tab 9). Detective Haze testified that he first became involved with this case as an investigator in 1995. The charge relates to the theft of approximately \$16,000.00 from The T.D.L. Group, trading as Tim Hortons, between October 30 and November 10, 1995. During this period, the Applicant was employed as a Manager for two Tim Hortons stores in Whitby, Ontario. According to Detective Haze, the Applicant's duty was to look after the day to day operation of the stores, including responsibility for the daily deposits.

In late 1995, just prior to the Applicant ceasing employment with Tim Hortons, approximately \$16,000.00 was found missing from the deposits of the Whitby stores. As part of the investigation, a forensic audit was conducted which revealed irregularities in the deposits dating back to June, 1995. In addition, it was discovered that the Applicant was not depositing the monies in the proper accounts. When confronted by the police, the Applicant stated that some monies had been deposited into the accounts for other Tim Hortons stores. According to Detective Haze, this explanation was denied by the other store managers and the bank.

Detective Haze stated that at the time that the charge was laid, the Applicant agreed to make full restitution to The T.D.L. Group on the condition that no criminal conviction be entered. Detective Haze testified that The T.D.L. Group agreed to this stipulation, however no restitution was forthcoming from the Applicant. Accordingly, the matter was returned to the Court for legal process.

The Court Certified Information and docket (Ex. 4, Tab 9) shows that between June, 1996 and March, 2001 there were numerous trial dates set and adjourned. On March 12, 1998, the Applicant was charged with failing to appear. On November 30, 2000 the Applicant appeared without counsel to enter a plea of guilty to the charge of theft over \$5000.00. According to notes from the Crown Attorney's file, introduced into evidence by Detective Haze, the following written proposal was made to the Applicant for sentencing (Ex. 5):

- (1) If Mr. Elliott pays all restitution up front, the Crown will seek a 6 month conditional sentence, with a house arrest except for work, medical appointments, and a set 3 hour period each week for shopping and errands. Mr. Elliott is open to make whatever sentencing submissions he wishes.
- (2) If Mr. Elliott does not pay the restitution up front, the Crown will seek 6 months real jail time plus probation with a stand alone restitution order. Mr. Elliott will again be open to make whatever submissions he wishes.

Re: FTA charge – once he is sentenced, w/draw. On this count, Mr. Elliott claims that he showed up later in the day and Paul Greenaway had the warrant rescinded. I spoke to Greenaway and he said that this is possible. If at a later date Mr. Elliott strikes his plea on the theft, I'd run the FTA and see if the Judge believes his story.

According to the evidence of Detective Haze, the Court adjourned the matter to March 15, 2001 in order to allow the Applicant to arrange restitution. On March 15, 2001 the Applicant failed to appear before the Court and a bench warrant was issued for his arrest. The Applicant was subsequently jailed for three days (Ex. 4, Tab 11).

According to Ex. 5 filed, the Crown Attorney having carriage of the criminal prosecution, wrote the following note in the file:

May 3/01
R v Keith Elliott
.....

The matter was adjourned for four months for Mr. Elliott to pay the restitution as he said this is how long it would take. Stone ordered the matter back up after a couple of months so he could monitor Mr. Elliott's progress with restitution.

What has happened since is this:

- (1) Elliott didn't show up for the "monitor progress" date so he now has a new FTA. Crown should seek a short custody (7 – 10 days) on this is my view as it was a pseudo-sentencing date.
- (2) Elliott showed up today and said he can pay the money through his company but he hasn't paid any of it yet. Matter adjourned to May 11 #8 for Elliott to show some progress on payment...

The final note in the file is dated May 11/01:

Accused (sic) came in today with a personal (uncertified) cheque for \$1000. Stone is really losing patience with him accused. Put over to June 19,01 #3, marked for sentence on theft under. Cheque received today.

Detective Haze was cross-examined closely on the issue of the cause of the delay in processing the theft over charge. He acknowledged that he could not comment on the reason why the matter was adjourned by the Court on each and every occasion between June, 1996 and March, 2001. Detective Haze did state that on May 13, 1997 the Applicant was offered a deal by the Crown Attorney's office whereby the criminal charge would be withdrawn, with no conviction, if full restitution was made by the Applicant. As no restitution was ever made, the offer was rescinded.

Laura Gordon also testified for the Registrar. Ms. Gordon is the Director of Compliance with the Ontario Motor Vehicle Industry Council ("OMVIC"). OMVIC, which was created in 1997, is charged with enforcing and ensuring compliance with the Act and its Regulations. Her duties include overseeing compliance with the Act and Regulations which includes receiving applications for registration as salespersons.

Ms. Gordon reiterated that the Registrar's Proposal to refuse registration dated November 28, 2000 is based on the following grounds:

1. An application for registration received November 3, 2000 failed to disclose the charge pending for theft over.
2. A previous application received January 16, 1998 disclosed an assault matter but failed to disclose the charge pending for theft over.

Ms. Gordon reviewed three separate applications for registration made by the Applicant dated January 16, 1998, April 27, 2000 and November 3, 2000 (Ex. 4, Tabs 7,6 and 5).

With respect to the January 16, 1998 application, Ms. Gordon noted that a handwritten letter signed by the Applicant and attached to the application, states that the Applicant was the subject of a peacebond in 1996 or 1997 for assault. There is no mention in the handwritten letter of the pending theft over charge. Ms. Gordon testified that the Applicant did not disclose any information about the theft over charge in this application. It should be noted that a complete copy of the 1998 application was not available to the Tribunal at the time of the hearing. Ms. Gordon also pointed out that the Applicant made no mention of his employment with Tim Hortons on this application.

On April 27, 2000, OMVIC received a second application from the Applicant. At item 10, the Applicant answered in the affirmative to the following question:

10. Have you ever been found guilty or convicted of an offence under any law or are there any charges pending? This includes where a conditional or absolute discharge has been ordered.

If yes, attach full particulars on a separate signed and dated statement.

Note: Where the applicant has been previously registered, list only those convictions, conditional discharges absolute discharges or charges which have not previously been disclosed.

According to Ms. Gordon, the Applicant did not attach full particulars of his pending charge on a separate signed and dated statement.

The third application was received by OMVIC on November 3, 2000. At item 3 of the application, the Applicant indicated that his sales licence with OMVIC had been refused "pending legal outcome". At item 8, the Applicant stated that there was an unpaid judgment outstanding against him in the amount of \$3000.00. At item 9, the Applicant answered "No" to the question:

"Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes those instances where a conditional or absolute discharge has been ordered). If yes, list all charges and/or convictions, and the circumstances surrounding each (attach additional sheets if necessary)."

Ms. Gordon testified that an Ontario Provincial Police CPIC check revealed that the Applicant was awaiting disposition on a fail to appear charge and theft over charge in Durham Region (Ex. 4, Tab 8).

By letter dated November 10, 2000, the Applicant wrote to OMVIC, explaining the charges (Ex. 6):

“In 1995, I was charged with fraud over \$5000 by The T.D.L. Group, my employer at the time. Since '95, a hearing or trial has been scheduled 5 times, each time being delayed by the Crown. I am eager to prove my innocence but have been unable due to the delays. The next trial date is set for November 30, 2000.”

Ms. Gordon stated that the Applicant made no disclosure about the theft over charge until he was specifically asked. In addition, he failed to disclose his previous employment with The T.D.L. Group. The Registrar views non disclosure by any Applicant as a serious breach of trust. Ms. Gordon also notes that the criminal charge involves theft of funds from an employer. In his employment as a motor vehicle salesperson, the Applicant will come into contact with purchasers funds and credit card information. Lastly, Ms. Gordon stated that despite the Notice of Proposal dated November 28, 2000 and the fact that the Applicant is not registered under the Act, he was working as a salesperson at Mississauga Toyota in May, 2001.

On cross-examination, Ms. Gordon stated that all three applications have the letters V.I.P. written on the first page which means that a verification of the Applicant's criminal record/pending charges was done. Ms. Gordon also stated that the April, 2000 application was never processed because it is an out of date form. She recalls receiving other out of date forms from the same dealership in Mississauga. She agreed that she could not be certain that the Applicant was advised by OMVIC that this application was outdated. Ms. Gordon also agreed that the Applicant answered in the affirmative to the question of whether he had convictions or pending charges.

Ms. Gordon also agreed that the Registrar did not have information that the Applicant had pleaded guilty to the theft over charge when the Notice of proposal was issued on November 28, 2000. However, she stated that the nature of the charge was known to OMVIC and was of grave concern to the Registrar.

Ms. Gordon stated that she became aware that the Applicant was working as a salesperson for Mississauga Toyota in May, 2001. She testified that dealers are well aware of the requirement that all salespersons be registered. She also stated that the Applicant would be well aware of this requirement as he had completed the OMVIC Certification Course. The Tribunal notes that at page 4 of the November 3, 2000 application, directly above the Applicant's signature, it states:

“I understand that I may not buy or sell vehicles for a motor vehicle dealer unless I am registered under the Act as a salesperson.”

The Applicant gave evidence on his own behalf. He is 36 years old with a university education. He has sold vehicles at various dealerships "off and on" since 1986. The Applicant was first registered under the Act on October 31, 1986. It is not clear when his registration lapsed. In 1994, he commenced employment with The T.D.L. Group/Tim Hortons as a District Manager. He left that position in October, 1995 to open his own restaurant. In 1998, he returned to car sales for approximately 1 ½ years, leaving the business again to "go travelling" in 1999. In April, 2000 he decided to return to car sales and commenced work as a salesperson at Mississauga Toyota.

It is the Applicant's evidence that he was not aware that he was not allowed to work as a motor vehicle salesperson pending his appeal. On May 16, 2001 he was advised by his employer that he had to cease work.

With respect to the first application dated January 16, 1998 the Applicant stated that he did not disclose any information about the theft over charge because he had understood that the charge would be withdrawn or dismissed if he paid restitution. He claims to have received this information from his former lawyer. He also stated that he and his wife had separated and he was hoping to pay restitution with his share of the proceeds from the sale of his matrimonial home.

With respect to the April, 2000 application, the Applicant stated that he believes that he did attach a letter providing particulars about his pending charge. He stated that he did not intend to hide anything from OMVIC. He also testified that prior to submitting his April, 2000 application, he met three or four times with "Stan", an OMVIC employee, to discuss the completion of his application.

The Applicant maintains that when he completed and signed the November, 2000 application, he was not aware that it was an application for registration to OMVIC. He stated that he thought that it was an internal document for use at the dealership. According to the Applicant, he was approached by the company controller to complete the form during the course of an audit of the dealership. He testified that he completed the form as fast as he could because he was very busy. He testified that he was not aware that the April, 2000 application had been abandoned. The Applicant stated that when he received a request from OMVIC on November 10, 2000 to disclose all information pertaining to his criminal charges, he thought that the request was in reference to his April, 2000 application.

The Applicant testified that his "paperwork is always in order".

On November 30, 2000 the Applicant pleaded guilty to the theft over charge because a) the matter was dragging on too long, and b) he felt responsible for the lost money. At the time of this hearing, the Applicant had paid back only \$1000 of the \$16,000 stolen. The Applicant states that he has not made full restitution for the following reasons: he lost all his assets (house and business) through divorce, he is paying \$1600 per month child support and his salary is being garnished for a judgment outstanding to the federal government.

On cross-examination, the Applicant acknowledged that he achieved 98% on his OMVIC Certification Course in October, 2000. He also agreed that he personally completed and signed the three applications and that all three documents clearly state OMVIC on the first page. The Applicant stated that since 1986, he has completed five or six such applications and he is aware that OMVIC and his employer rely on the information provided. The Applicant agreed that he clearly understood the question asked about convictions or pending charges.

The Applicant testified that the Court stayed his plea of guilty until the return date of the sentencing hearing. The Applicant stated that he still believes that all charges will be withdrawn; however, on cross-examination, he admitted that the Crown Attorney's resolution notes make no mention of the withdrawal of charges under any circumstances.

The Applicant admitted that he never received confirmation of his registration from OMVIC in the form of a certificate after the three applications were submitted. He stated that he abandoned the January, 1998 application when his then employer, Formula Honda, advised him that his application had been refused.

The Applicant steadfastly denies stealing the \$16,000.00 but claims that he pleaded guilty because he felt responsible as the District Manager in charge of the stores. The Applicant claims that he handles significant sums of money working as a salesperson at Mississauga Toyota and "not a penny has ever gone missing."

ISSUES:

The issue before this Tribunal is does the Registrar have reasonable grounds for refusing to grant registration of the Applicant as a salesperson?

THE LAW:

The relevant portion of the Act that is applicable to these proceedings is section 5(1)(a) which reads:

1. An Applicant is entitled to registration or renewal of registration by the Registrar except where,...

(b) the past conduct of the Applicant affords reasonable grounds for the belief that the Applicant will not carry on business in accordance with law and with integrity and Honesty;....

As established by the Divisional Court of Ontario in the decision of R.G. Brenner v Registrar of Motor Vehicle Dealers, March 9, 1983, unreported,

...the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty.

APPLICATION OF LAW TO THE FACTS:

The Registrar based her refusal on two grounds: first, the fact of non disclosure by the Applicant, second, the pending charges and the circumstances surrounding these charges which go straight to the issue of the Applicant's ability to carry on business in accordance with the law and with integrity and honesty.

The Tribunal concludes, based on all of the evidence, that the Applicant did fail to disclose information relating to his past conduct and did attempt to mislead the Registrar. The Applicant admitted that he clearly understood the questions on the applications asking whether he had convictions or charges pending. With respect to the January, 1998 application, the Applicant admitted that he did not disclose information about the pending theft over charge because he thought that the charges would be withdrawn when he made restitution. However, the uncontraverted evidence is that the Applicant did not make any restitution until May, 2001—six years after the offence occurred. In the face of this fact, the Applicant's testimony that he believed that the charge would be withdrawn is simply not credible.

With respect to the November, 2000 application, the Tribunal does not accept the Applicant's testimony that he thought that he was filling out an internal document for his employer. The document is clearly titled 'OMVIC - Ontario Motor Vehicle Industry Council - Application for Registration under the Motor Vehicle Dealers Act – Individual Application.'

The words "ALREADY SENT" are printed on page 4 above the words "Have you attached your Cheque or Money Order?" Moreover, the Applicant testified that his paperwork is always in order, he has a university education, he scored 98% on the OMVIC Certification Course and he had completed at least five or six OMVIC applications prior to that date. It is not believable that he mistook this document for anything other than an OMVIC application form.

Further, when asked to provide particulars on November 10, 2000, the Applicant continued to mislead the Registrar by stating "I am eager to prove my innocence". Twenty days later he pleaded guilty to the theft over charge.

In *Cooke(Re)* (1999) OCRATD, No. 4, the Tribunal held at paragraph 16:

The question asked of the Applicant in both applications is highly relevant and of great importance to the Registrar in his consideration as to whether or not an applicant is a worthy candidate for registration. The Applicant when signing both applications certified that the information provided in support of those applications was to the best of his knowledge and belief true. The Registrar's faith in and belief in the integrity and honesty of the Applicant must understandably be destroyed when such Applicant not only once, but on a second occasion conceals relevant information specifically requested of him in the application for registration.

The Tribunal is of the opinion that the dishonest answers to the questions in the January, 1998 and November, 2000 applications afforded the Registrar with reasonable grounds for the belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

Secondly, the Tribunal finds that the economic nature of the charge against the Applicant, and subsequent conviction, directly relate to a lack of honesty and integrity on the part of the Applicant. The Applicant argues that it would be more appropriate to consider the offence date of 1995 rather than the recent conviction date of November 28, 2000. The Applicant further argues that the conviction may be stayed if and when restitution is paid, and this is a relevant factor for the Tribunal to consider. The Tribunal disagrees. If the Applicant was serious about making restitution in order to avoid criminal conviction, payment would have been made years ago. The overwhelming evidence is that the Applicant has delayed, and continues to delay, legal process of the criminal charge in an attempt to avoid restitution and conviction. Further, the Applicant shows no remorse for the serious theft that he committed six years ago. He testified that he pleaded guilty, not because he committed the theft, but because he felt responsible in his position as manager.

Finally, the Applicant knew that his application had been refused yet he continued to flaunt the requirements under the Act by working unregistered until May, 2001. Infact, it became apparent through the Applicant's own evidence that he worked at several dealerships in 1998 and 1999 without being registered. This is further evidence that the Applicant cannot carry on business in accordance with the law and with integrity and honesty.

This Tribunal, therefore, finds that the Registrar has acted reasonably and properly in refusing to allow the Applicant to be registered as a motor vehicle salesperson and in accordingly proposing to refuse the Applicant's registration.

DECISION:

By virtue of the authority vested in it under section 7(4) of the *Motor Vehicle Dealer Act*, this Tribunal directs the Registrar to carry out his proposal dated November 28, 2000 to refuse the registration of Keith Gordon Elliott as a motor vehicle salesperson under the Act.

THOMAS HENRY STANGE

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE THE REGISTRATION

TRIBUNAL: WILLIAM MCINTOSH, Vice-Chair
NEIL J. MACPHEE, Q.C., Member

APPEARANCES: DOUGLAS SULMAN Q.C., Counsel for the Applicant
A. MICHAEL ROTHE, Counsel for the Registrar,
Motor Vehicle Dealers Act

DATE OF HEARING: July 31, 2001 Windsor

REASONS FOR DECISION AND ORDER

BACKGROUND:

This Appeal comes to the Tribunal by way of a Notice of Appeal dated April 9, 2001 brought by Thomas Henry Stange (the "Applicant") pursuant to the right granted in section 7(2) of the *Motor Vehicle Dealers Act*, R.S.O. 1990 Chapter M. 42 as amended (the "Act"). The Appeal is in response to the service upon the Applicant pursuant to section 7(1) of the "Act" by the Registrar of *Motor Vehicle Dealers Act* of a Notice of Proposal to Refuse the Registration under the *Motor Vehicle Dealers Act* of the Applicant as a salesperson (the "Proposal").

On February 1, 2001 the Applicant completed and submitted an application to the Ontario Motor Vehicle Industry Council ("OMVIC") for registration as a motor vehicle salesperson under the Act. Every application, if granted, is initially for a 60 day conditional period. Included in the application form is a section which obliges the motor vehicle dealer which employs the Applicant to certify that the form has been reviewed with the Applicant to ensure the accuracy of the answers. This was done. A person is prohibited under the Act from acting as a salesperson unless he is a registrant under the Act. The Applicant answered "NO" to the question dealing with past criminal records even though the form states that a search of such records will be made and that it was an offence not to disclose such records.

On February 22, 2001 OMVIC informed the Applicant's employer Richmond Motors Ltd in writing that a search had been made, and the Applicant's name had come up showing a criminal record. As the application required further answers on the Applicant's background, his conditional registration was cancelled. This cancellation of the conditional registration also included a demand that any undisclosed criminal records be forwarded to the Registrar.

The Applicant had on two previous occasions applied for and been granted registration as a motor vehicle salesperson, in 1993 and in 1996. The latter registration lapsed which required the submission of the application under review.

The "Particulars" section of the Proposal gives the reasons for the Registrar's decision for the revocation of the Applicant's registration. The Registrar informed the Applicant that his conditional registration was being revoked as he had not disclosed his criminal record on his application form as required and had subsequently failed to fully disclose such record when requested.

The Applicant requested a pre hearing conference pursuant to Rule 9.2 of the Tribunal's Rules of Practice. The Registrar did not consent to a pre-hearing and the Appeal proceeded without one.

EVIDENCE:

The Criminal Record:

The evidence before the Tribunal disclosed the following list of charges and convictions as they appear from the search of the records of the Ontario Provincial Police.

1) 1980: Armed robbery; two cartons of cigarettes from an IGA store. He breached the terms of his recognizance for the offence by not being in his residence during the times required. The disposition was 2 months for the offence plus one week concurrent for the breach of recognizance. The Applicant was 16 years of age at the time.

2) 1986: Theft under \$1,000.00. Disposition: 1 day.

3) 1987: Uttering and illegal possession of company cheques. A forged cheque in the amount of \$150.00 drawn on a Winnipeg bank. Disposition: none, as the applicant failed to appear to answer the charges. There was surety of \$2,500.00 according to the endorsements and the issuance of a bondsman writ in 1989. There was no evidence led as to whether the company cheques were those of an employer or otherwise.

4) 1989: Possession of narcotics. Disposition: \$100.00

5) 1990: Fraud, two counts. Disposition: \$50.00 each

6) 1992: Driving under the influence of alcohol. Disposition: \$700.00, I-D 5 days, loss of licence 3 months

7) 1997: Theft by person required to account. Disposition: suspended sentence and 3 years probation. Plea of guilty entered in 1999 and restitution of \$1,671.00 ordered.

The Application Forms:

The 1993 form submitted by the Applicant to the Registrar had the following wording to the question regarding past criminal records:

“Have you ever been convicted or found guilty of an offence under any law or are there any charges pending? If yes attach full particulars on a separate signed and dated statement.

NOTE: Where the applicant has been previously registered, list only those convictions which have occurred since the date of last filing.”

The 1996 form had the following wording to the same question:

“Have you ever been found guilty or convicted of an offence under any law or are there any charges pending? This includes where a conditional discharge or an absolute discharge has been ordered.

If yes attach full particulars on a separate signed and dated statement.

Note: where the applicant has been previously registered, list only those convictions, conditional discharges, absolute discharges or charges which have not previously been disclosed.”

The 2001 form which prompted the present appeal contains the following words to the question:

“Have you ever been found guilty of an offence under any law or are there any charges pending? (This includes those instances where a conditional or absolute discharge has been ordered.) If yes, list all charges and/or convictions, and the circumstances surrounding each (attach additional sheets if necessary).”

All forms included the warning that submitting false information is an offence. The 2001 form goes on to state that applicants are subject to a background check and criminal record searches.

The 2001 form does not include the provision as do the other two that instances of charges or convictions prior to the application being submitted which have previously been disclosed need not be listed. The reason for this change in requirements was not made clear.

The Answers and follow up procedures:

On the 1993 form, the Applicant the Applicant submitted the following answer to the query about criminal records:

“Impaired Driving -1991”

Subsequent to the receipt of the application, there was a conversation between OMVIC and the Applicant regarding non disclosed criminal records. The Applicant submitted a letter which disclosed in addition to the 1991 impaired driving charge, the charges as are listed above with the exception of the Winnipeg uttering. He included a 1990 failure to remain charge not listed for which he was fined \$200.00. There was some discussion whether he actually disclosed the 1990 fraud charge as he described it as “false pretences”. He did disclose the two \$50.00 fines, and the Tribunal can only conclude that the reference in the Applicant’s letter of explanation was indeed to the actual fraud charge.

On the 1996 form the Applicant answered the criminal records query thusly:

“Previously disclosed”

There does not appear to have been a follow up to this application, and the Applicant was re-registered as a salesperson.

On both the 1993 and 1996 applications there is the attestation of a representative of the employer Andre Lanoue Pontiac that to the best of that representative’s knowledge the information on the form was accurate. The Applicant was retained in the employ of this dealership after learning of the extent of the Applicant’s record.

On the 2001 form as stated, the answer to the criminal records question was “NO”, a flat denial with no explanatory note such as “previously recorded”. This application was filed while the Applicant was in the employ of a new employer Richmond Motors, which was unaware of the record. The Applicant admitted that he purposely belied his record to his employer and to

OMVIC. As stated, this was a new form with different criteria regarding the answer to the question regarding past records. Unlike the two previous forms, this one did not allow for leaving out records already on file preceding the registration. The form required the listing of all previous convictions and charges previously recorded or not.

Upon receipt of the 2001 application, a check was run and a reply sent out to Richmond Motors dated February 22, 2001. In it OMVIC informed the employer that the Applicant's conditional licence was being cancelled and that upon the receipt of a written explanation as to the failure to reveal his record, his application would be processed further. If the explanation proved unsatisfactory, the refusal of the registration would continue; if satisfactory, a new application would be called for.

A written explanation was received by OMVIC May 15, 2001 signed by both the Applicant and Richmond Motors. In it his previously disclosed record was set out in part. There was no mention of the as yet undisclosed 1987 Winnipeg charge of uttering or of the 1990 fraud charges previously disclosed in his letter of explanation to OMVIC of April 1994.

A summary of the evidence adduced on the Applicant's record appears to reveal that at the time of the 2001 application, the Respondent would have had on file all but items 3) and 6) of the above noted record.

When the Respondent asked the Applicant for an explanation as to why the Applicant's record was not disclosed as required, the Applicant stated that not doing so was an error in judgment and that he hoped OMVIC would "grandfather" the issue given his prior applications. He attributed his record of criminal behaviour to alcohol abuse.

The witness on behalf of the Respondent stated that as regulator on behalf of the consumer, OMVIC was particularly concerned with crimes of an economic nature, namely any offence with a fraudulent component. This, it was stated, was in keeping with the regulator's duty under the Act.

Employment history:

The Respondent testified that the records at OMVIC did not reveal any complaints against the Applicant while employed as a salesman.

The Applicant's current employer was called. He testified he was disappointed that the Applicant had not confided in him about his record but accepted the answer that it was due to embarrassment. He demanded a long interview during which the record was discussed. Some of the specifics of the discussion could not be remembered on cross-examination, for example he did not recall the Winnipeg charge being raised. As well, he checked with prior employers. As far as the Applicant's continued employment was concerned, the employer testified it did not matter. He went on to describe how the Applicant was charged with handling sums of

money and had his complete trust. The Applicant was a good employee and was wanted as a salesman.

At the commencement of the hearing, counsel for the Applicant submitted for the Tribunal's consideration three letters of endorsement from organizations for whom the Applicant had worked. Counsel for the Respondent objected on the grounds that they were late disclosure and as the authors were not present to be cross-examined, the Respondent would be prejudiced. Applicant's counsel assured the Tribunal that one of the authors would have been available save for a scheduling problem with the Tribunal. The Tribunal accepted this submission, and in any event, these matters may have been dealt with in the pre hearing requested by the Applicant. The letter in question is from a firm which does fundraising for various charities including the Chatham Police Association, crime stoppers and drug and alcohol awareness programs. The letter refers in glowing terms to the Applicant's ability and trustworthiness as a fundraiser. He was, according to the letter, in charge of handling sums of money and there were never any complaints about his trustworthiness.

THE LAW:

The Tribunal receives its authority to adjudicate and rule upon the matter before it from section 7(4) of the Act. It states:

7(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection 2, the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

Section 5 of the Act states:

5(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

.....

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with honesty and integrity.

Section 8 of the Act states:

8. A further application for registration may be made upon new or other evidence or where it is made clear that material circumstances have changed.

Section 22 of the Act states:

22(1) Every person who, knowingly,

(a) furnishes false information in any application under this Act or in any statement or return required to be furnished under this Act or the Regulations;

“.....is guilty of an offence and on conviction is liable to a fine of not more than \$25,000 or to imprisonment for a term of not more than one year, or both.

As stated above, on the application form under review, under the question regarding past criminal records there is the following note:

“Note: Applicants are subject to background and criminal record searches. Submitting a false or incomplete disclosure is an offense under the MVDA and will result in disqualification. Do not assume that convictions are automatically deleted from your record. If you have any questions about the information you must disclose please call OMVIC.”

In the case of a salesperson's application, it is also necessary to have the applicant's criminal record shown to the Applicant's employer as the employer must attest to the information on the form prior to its submission to the Registrar under the Act.

ISSUES:

The Registrar has two fundamental concerns with the Applicant's application for registration: one, that the Applicant deliberately did not properly disclose his record on the form as required; two, that the criminal record contains offences which are inconsistent with conduct required by registrants in the industry.

APPLICATION OF LAW TO FACTS:

The non disclosure would be an indicator to any regulator that the Applicant is at this primary contact point already proving to be generally dishonest, which the regulator is charged to look out for in fulfilling the role as protector of the consumer.

The Applicant's criminal record revealed charges of fraud and uttering which reasonably give rise to specific concerns when authorizing someone to deal with the public.

The evidence before the Tribunal appears to cut two ways. On the one hand, there is undisputed evidence that no complaints were lodged against the Applicant when acting in the past as a motor vehicle salesman. As well, there is the evidence from people for whom he has worked who gave glowing accounts as to his suitability as an employee and of his trustworthiness. On the other hand, there is the undisputed testimony that he knowingly mislead both the regulator and his employer in his attempt to become licenced.

There is, in keeping with the duty imposed upon the Respondent in section 5(1)(b), evidence that would support the finding of the Registrar that there were reasonable grounds for concluding that the Applicant's past record described a person not suitable to deal with the public. There is also the evidence that his actual record as a motor vehicle salesman revealed no complaints.

Counsel for the Applicant urged that this actual record should be more persuasive as evidence of trustworthiness than the assumption of future dishonesty based upon a criminal record which in any event was largely already on file and despite which previous registrations had been granted. Counsel's closing submission was that at worst the Applicant's registration should be allowed to continue with conditions attached.

The Tribunal was impressed with the attempts of the Applicant to put his past behind him and is optimistic that he will continue to do so.

The Tribunal, however, must remain cognizant of the fact that the Act is consumer protection legislation. The Registrar has as a primary duty under the Act the protection of the purchasers of motor vehicles. To that end, the Respondent has set up certain screening criteria for those seeking to become salespersons under the Act. The first contact with the regulator is the application form. Of all the instances when honesty is called for from a potential registrant, surely it is at this ab initio stage.

It is the legislated duty of the Registrar to assess whether or not an applicant can be expected to deal with the public within the criteria established in section 5 of the Act quoted above. The past conduct of an individual is an obvious starting point as a guide to predicting future behavior. Disguising such past conduct removes from the regulator an important part of his ability to make that assessment.

It is true that to a large extent the Applicant's record was already on file for the Registrar's assessment. However, the Tribunal does not see how this somehow excuses the deliberate misleading of both his employer and the Registrar. Assessing the evidence before it, the Tribunal finds that the Registrar's cancellation of the Applicant's conditional registration was a reasonable exercise of the Registrar's duty under the Act. As such, the Tribunal sees no reason to interfere with the Registrar's decision.

The Applicant is entitled to reapply for registration pursuant to the criteria set forth in section 8 of the Act. Hopefully with the continued support of his employer and others in the community he will do so.

DECISION:

Accordingly, the Tribunal pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, directs the Registrar to carry out his proposal dated March 28, 2001 to refuse the registration of a Thomas Henry Stange as a motor vehicle salesperson under the Act.

Toronto

REVISED ORDER

PURSUANT to the provisions of the *Ontario New Home Warranties Plan Act* R.S.O. 1990, Chapter O.31, as amended, Terry and Doreen Banks (the "Applicants") appealed a Decision of the Ontario New Home Warranty Program (the "Program") set out in a Decision Letter dated April 3, 2001;

WHEREAS the Applicants filed an appeal with the Tribunal, requesting a hearing;

AND WHEREAS the hearing was to commence on August 13 and 14, 2001;

AND WHEREAS, upon commencement of the hearing on August 13, 2001, the Tribunal was advised that the parties have come to a verbal agreement;

AND WHEREAS, in reference to claim number 1 in the decision letter, the Added Party agreed to pay \$800.00 to the Applicant within 7 days of today's date and the Applicants agreed to withdraw their claim number 2;

NOW THEREFORE this Tribunal orders, on the consent of the parties that the proceedings in this matter are hereby withdrawn and this matter is concluded.

GRAND PACIFIC TRANSPORT INC.

TO APPEAL A SUSPENSION AND SEIZURE ORDER ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

APPEARANCES: GRAND PACIFIC TRANSPORT INC., Applicant
No one Appearing

PATRICK MOORE,
Counsel for the Respondent

DATE OF HEARING: August 15, 2001 Toronto

An oral hearing was held on August 15, 2001 at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.(1) of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Suspension and Seizure Order imposed by the Registrar of Motor Vehicles pursuant to section 47(1) of the HTA.

BACKGROUND:

This is an appeal under section 50.(1) of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar") made a decision to issue a suspension and seizure order under section 47(1) of the Act.

The Applicant filed an appeal of this suspension and seizure order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 filing fee. The Tribunal conducted a prehearing on June 19, 2001 and sent the prehearing order to the parties on June 26, 2001 by fax, which indicated that the date of the hearing before the Tribunal was August 15, 2001.

The Applicant by a fax dated August 13, 2001 (Exhibit 3) notified the Tribunal that there would be no representative attending the hearing on August 15, 2001 and requested an adjournment. The reason given was that the Applicant was "pre-occupied in compiling the information desired by the Office of Superintendent of Motor Vehicles" in British Columbia for a Show Cause Hearing regarding a proposal to cancel the company's National Safety Code Certificate. This information was required by August 14, 2001.

The Tribunal by fax advised the Applicant that without the consent of the other party to an adjournment, the Applicant was required to have a representative attend at the hearing to request an adjournment and that if the Tribunal did not grant an adjournment, the hearing would proceed in the absence of the Applicant. At the opening of the hearing before this Tribunal on August 15, 2001, no one appeared for the Applicant.

Ms. Stacy Murphy the Group Leader at the Tribunal testified that she had contacted the Applicant by telephone on August 15, 2001 prior to the commencement of the hearing and spoke to Mr. Dale Kooner. She testified that he advised her that Mr. Daljit Singh Kooner was not available and that a fax had been sent requesting an adjournment. Ms. Murphy advised him that two subsequent faxes had been sent to the Applicant by the Tribunal advising the Applicant that the Registrar of Motor Vehicles did not consent to an adjournment and that it was necessary for someone to attend on behalf of the Applicant.

After recessing for 30 minutes, the Tribunal asked Counsel for the Registrar if he wished to make any submissions on the request for adjournment. After hearing his submissions, the Tribunal refused the adjournment on the basis that the Applicant had not complied with Tribunal's Rules of Practice respecting adjournments, that an adjournment was prejudicial to the Registrar of Motor Vehicles and that the Applicant had not provided sufficient grounds to justify an adjournment of the hearing before the Tribunal.

The hearing proceeded.

ISSUES:

Should the Tribunal confirm, modify or set aside the decision of the Registrar to issue a suspension and seizure order for 30 days and until all fines are paid?

FACTS:

Ms. Burnadette McKenna testified that she is a Carrier Safety Rating Administrator with the Ontario Ministry of Transportation and has had twenty five years of experience with that Ministry. One of her duties is to prepare an analysis of carriers to rate them for safety and performance, and to identify those which should be subject to sanctions. She reports to Ms. Margaret Mooney who is the head of Control and Sanctions for the Ontario Ministry of Transportation, who reports to Mr. Beatty who is the Deputy Registrar of Motor Vehicles. It is Mr. Beatty who makes the decisions as to sanctions. Ms. McKenna explained how the CVOR rating system operates, and how there is a point system for various types of infractions including accidents, convictions, and deficiencies found during inspections and audits. In this case, an audit had been conducted by the Department of Motor Vehicles in British Columbia and the results forwarded to the Ontario Ministry of Transportation. This system was explained in the Ontario Carrier Safety Rating and Commercial Vehicle Operators Registration System Public Guideline (Exhibit 5, Tab 21).

Ms. McKenna produced the Applicant's CVOR Abstract showing all accidents, convictions and inspections from April 19, 1998 to January 4, 2001 (Exhibit 5, Tab 9) together with her Analysis (Exhibit 5, Tab 7) which set out the history of the company. Mr. Jagjit Kooner is the President of the company which is based in Surrey, British Columbia. The Applicant's CVOR certificate # 124-455-422 was issued on November 21, 1996 and the company operated a fleet of 40 commercial vehicles carrying general freight. 22.3% of the Applicant's travel is in Ontario, so the size of the fleet was adjusted to 9 to compensate for this in the calculation of violation rates. Ms. McKenna found that the overall violation rate was 133.6% over the threshold. The rate of accidents was 129% over the threshold, the conviction rate was 226.4% over the threshold, and the inspection failure rate was 50% over the threshold. Ms. McKenna explained that the thresholds are set considerably higher than the Provincial averages, and that accidents are given the greatest weight (double) due to the importance of road safety. She also had concerns due to the Applicant's non payment of fines. At the Ministry's Show Cause meeting on May 3, 2001 with the Applicant, there had been a promise to pay the fines, but as of August 14, 2001 there were still fines outstanding, and some predated her Analysis which was done in March 2001.

In the Analysis, Ms. McKenna reviewed the accidents and referred to the SafetyNet Report which listed all of the deficiencies found in the inspections and showed if the accident and deficiencies were sufficient to have the vehicles taken out of service. According to that report, in 1999 and 2000 the rates of "Out of Service" defects for the Applicant were 52.2% and 57.1% which she testified compared unfavourably with the Provincial averages for the same period of 38% and 35%. The CVOR Record (Exhibit 5, Tab 9) was also produced showing the particulars of the defects found in the inspections, and the convictions. From February 27, 1999 to February 26, 2001 there were 13 accidents and 50 convictions, with 45 of the convictions being considered safety related.

Ms. McKenna testified that on April 24, 2001 a letter was sent by the Deputy Registrar of Motor Vehicles (Exhibit 5, Tab13) to notify the Applicant that an Unsatisfactory safety rating was being assigned to it with a proposed Suspension and a Conditional rating until the beginning of the Suspension. On June 4, 2000 an audit was requested from the Motor Vehicle Branch Inspection and Carrier Safety (British Columbia) (Exhibit 5, Tab 16) and the Audit dated April 23, 2001 was received (Exhibit 5, Tab 17). As a result of this audit, a Show Cause Hearing was recommended in British Columbia to cancel the National Safety Code Safety Certificate of Grand Pacific Transport Inc. Ms. McKenna testified that the Audit revealed some serious problems. The Applicant was not obtaining and reviewing driver abstracts, not receiving accident reports, not keeping records of driver training, drivers were not performing pre-trip inspections, and drivers were not keeping proper daily log books.

On May 3, 2001 a Ministry Show Cause Hearing was held in Ontario with Mr. Beatty, Ms. Mooney, Ms. McKenna and Mr. Parminder Pannu on behalf of the Applicant. Mr. Pannu had produced a written authorization from the Applicant allowing him to appear. Ms. McKenna testified that Mr. Pannu had little information about the company. He advised them that the company was not obtaining driver abstracts and that he was not sure if pre-trip inspections were being done. After the meeting, Mr. Pannu was given a CVOR Update form to fill in and return. When this form was not received, the Applicant was contacted, and the witness was advised that Mr. Pannu no longer worked for the Applicant and that they did not know where he was.

The Registrar of Motor Vehicles issued a Suspension and Seizure Order dated May 10, 2001 which states:

SUSPENSION AND SEIZURE ORDER

WHEREAS a Notice of Suspension & Seizure dated the 24th day of April, 2001 was issued proposing a 30 day suspension of the CVOR certificate issued to Grand Pacific Transport Inc. (124-455-422) and thereafter until all fines were paid and suspension and seizure of plate portions of permits and number plates;

AND WHEREAS provided in the notice, you had the opportunity to make submissions at a meeting with Deputy Registrar on the 3rd day of May, 2001 to show cause why the suspension and seizure order should not be issued;

AND WHEREAS I have considered your submissions, your safety record, your history of and current unpaid fines, I remain concerned for highway safety.

NOW THEREFORE IT IS ORDERED that pursuant to Section 47 & 47.1 of the Highway Traffic Act that as of 15th day of May, 2001, CVOR certificate # 124-455-422 and the plate portion of permits for all commercial motor vehicles and trailers issued to Grand Pacific Transport Inc. be suspended for 30 days and thereafter until all fines are paid and the plate portion of permits, or if issued by a jurisdiction other than Ontario, the permits, and the number plates be seized.

This suspension and seizure will be effective the 21st day of May, 2001 at 9:00 a.m. Eastern Standard Time to 20th day of June at 8:59 a.m. and thereafter until all fines are paid.

DATED at St. Catharines this 10th day of May, 2001.

LAW:

- 47(1) Subject to section 47.1, the Registrar may suspend or cancel,
- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) CVOR certificate, on the grounds of,
 - (d) misconduct for which the holder is responsible directly or indirectly, related to the operation or driving of a motor vehicle;
 - (e) conviction of the holder for an offence referred to in subsection 210(1) or (2); or
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).
- (10) The Registrar may, at any time for misconduct or contravention of this Act, the Truck Transportation Act, the Public Vehicles Act or of any regulation thereunder by an owner or lessee of one or more motor vehicles or trailers for which permits have been issued by a jurisdiction or jurisdictions other than the Province of Ontario, order that the permit and number plates issued for the vehicle or vehicles be seized and any police officer or any officer appointed for carrying out this Act or the enforcement of the Public Vehicles Act or the Truck Transportation Act may seize the permit and number plates and deliver them to the Ministry which shall return them to the authority that issued them.

According to Section 22(e) HTA:

- 22(e) the Lieutenant Governor in Council may make regulations, governing the suspension or cancellation of CVOR certificates under subsection 47(1) or the imposition of a limitation on the fleet size operated under a CVOR certificate under subsection 47(2).

Maintenance requirements under the HTA are found in Regulation 575 (commercial motor vehicle inspections); Regulation 577 (covering of loads); Regulation 587 (re brake push rod travel); Regulation 597 (gross vehicle weights); Regulation 625 (tire standards and specifications); Regulation 762/91 (safety inspections); and Regulation 614 (security of loads).

The appeal comes to this Tribunal by virtue of s. 50(1) of the HTA which provides:

- 50(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal.
- (2) The [Tribunal] may confirm, modify or set aside the decision of the Minister or Registrar.

Regulation 574, also addresses appeals to this Tribunal;

- 3(3) Upon receipt of a notice of appeal under subsection (1) the [Tribunal] shall forthwith notify the Minister or Registrar, as the case may be, and the person notified shall forthwith provide the [Tribunal] with all the relevant documents and other material in his or her possession.
- 3(6) At any hearing under this section, the person making the appeal has the right to attend and make representations and, subject to subsection (7), to adduce evidence respecting the appeal either personally or through counsel.
- 3(7) At any hearing under this section, the [Tribunal] shall hear only such evidence as was submitted to the Minister or the Registrar, as the case may be, respecting the matter in dispute."

CASELAW:

Brenner v Ontario (Registrar of Motor Vehicle Dealers and Salesman) 1983 O. J. No. 1017 Ontario Supreme Court-High Court of Justice Divisional Court

This was an appeal by the Registrar of Motor Vehicle Dealers and Salesmen from a decision of the Commercial Registration Appeal Tribunal in which the Tribunal directed the Registrar to grant a conditional registration to the Respondent. The Applicant had a very serious criminal

record which he had disclosed in his application but he had not disclosed three further convictions which were considered by the Registrar to be minor offences. The Tribunal heard evidence from a potential employer and a criminal lawyer who testified that the Applicant was rehabilitating himself. The Tribunal found that “possibly the applicant will in the future, be a person of honesty and integrity”, and the Tribunal expressed a willingness to “encourage that objective”. The Court found that the Tribunal had not applied the proper test, and set out this test in paragraph nine of the judgment as follows:

"the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty."

APPLICATION LAW TO FACTS:

The evidence of Ms. McKenna is found to be credible, clear and internally consistent. Relevant information was gathered from reliable sources, and assessed without favour or bias. The same sources of information, and methods of evaluation are used by the Ministry of Transportation in reviewing the safety record of every other commercial carrier in the Province of Ontario.

The Applicant did not dispute the accuracy of the information in the Show Cause Hearing. It is noteworthy that although notified of this hearing, the Applicant failed to appear or to have any representative attend on the Applicant's behalf to dispute the evidence of the Registrar of Motor Vehicles. In the violations involving safety inspections, a significant number of the deficiencies related to the condition of brakes and tires which poses an obvious and immediate safety concern, and serious questions about vehicle inspection and maintenance procedures. Although given sufficient time and reason to do so, the Applicant has not put forward a plan to deal with issues of maintenance, inspection or driver screening and education.

As set out in the *Brenner* decision, the Tribunal is to determine whether the decision of the regulation is reasonable. The Tribunal finds that the decision of the Registrar in this case was not in error, but was reasonable and appropriate. The past conduct of the Applicant shown by the safety record provides ample evidence to support the decision of the Registrar of Motor Vehicles to issue a suspension and seizure order for 30 days and until all fines are paid. The Tribunal finds no reason to interfere with the sanction imposed in the order issued by the Registrar.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.(2) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the decision of Registrar of Motor Vehicles to issue a suspension and seizure order for 30 days and until all fines are paid.

BACKGROUND

1. Gerald Bolton o/a Transtario Tours (hereinafter referred to as the "Registrant") has been registered as a travel agent (registration number 1988922/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since September 11, 1983 and has been registered as a travel wholesaler (registration number 1988948/W) since September 18, 1984. The Registrant has a fiscal year end of December 31st.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.

3. By letter dated November 22, 2000, TICO requested that the Registrant file its financial statements for its fiscal year ending December 31, 2000 by March 31, 2001.
4. On April 10, 2001, TICO sent a second request for the Registrant's financial statements for its December 31, 2000 year-end, which gave the Registrant a deadline of April 30, 2001.
5. By letter dated May 1, 2001, the Registrar, *Travel Industry Act* informed the Registrant that if it did not provide its financial statements by May 16, 2001, the Registrar would initiate administrative action including a proposal to revoke registration.
6. By June 11, 2001, the Registrant had failed to submit its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's registration.

COMPLIANCE HISTORY – PREVIOUS PROPOSAL (FORM 1 FILING)

7. Section 47 of the Regulation states that within forty-five days after the end of the Registrant's fiscal year and fiscal half-year the Registrant shall make payments to the Ontario Travel Industry Compensation Fund and said payment shall be accompanied by a completed return, in the form ("Form 1") provided by the Travel Industry Council of Ontario ("TICO") indicating the sales of the Registrant for the reporting period and the amount owing to TICO.
8. By letter dated February 26, 2001, TICO advised the Registrant that it had failed to file its Form 1 for its fiscal year year-ended December 31, 2000, and to make the required payment to TICO and submit the required filing by March 12, 2001.
9. A final request was sent to the Registrant on March 12, 2001 providing the Registrant with a March 26, 2001 deadline to submit the required payment and filing, failing which the Registrant was advised that a proposal to revoke its registration would be issued.
10. By April 6, 2001, the Registrant had failed to file its Form 1 with the required payment. On that date, the Registrar issued the Proposal to Revoke the Registrant's Registration.
11. On May 5, 2001, the Registrant filed its Form 1 and paid TICO \$28.75 based on estimated sales of \$100,000.00.

12. On May 7, 2001, the Registrar withdrew his Proposal dated April 6, 2001 and cautioned the Registrant that a subsequent proposal may not be withdrawn even if there is compliance after the proposal is initiated.

EVENTS AFTER THE ISSUANCE OF THE PROPOSAL

13. On August 20, 2001, the Registrant filed financial statements for its fiscal year-ended December 31, 2000. The statements were accompanied by a Notice to Reader and did not include a Review Engagement Report. TICO's review of these financial statements showed that the Registrant had a working capital of \$2,598.00.
14. Given the Registrant's reported working capital position, TICO required a Statement of Personal Net Worth of Mr. Gerald Bolton, the Registrant's sole proprietor. On August 22, 2001, the Registrant submitted a Statement of Mr. Bolton's Net Worth, which was noted to be \$240,612.00. The Statement noted that Mr. Bolton's Net Worth could be subject to contingent liabilities due to the bankruptcy of Transtario Bus Lines Inc., a company solely owned by Mr. Bolton. These liabilities are not known at this time.
15. The Registrant's Form 1 filings and corresponding payment to the Compensation Fund for the period ended June 30, 2001, which was due by August 15, 2001, remains outstanding.
16. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated June 11, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall establish a properly designated "Travel Industry Act Trust Account" and provide proof thereof to the Registrar by September 15, 2001. Thereafter, the Registrant shall comply with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time and as explained in the Travel Industry Council of Ontario Trust Accounting Guidelines, a copy of which is attached as Appendix "A";

- (b) The Registrant shall submit a monthly trust account reconciliation to the Registrar beginning with the month of September 2001 for so long as the Registrar shall so require. Each reconciliation shall be submitted no later than the last day of the month which immediately follows the month to which the reconciliation refers;
- (c) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time, for its fiscal year ending December 31, 2001, no later than March 31, 2002;
- (d) The Registrant shall file complete financial statements as required by section 24 of the Regulation or such subsequent provision as may be in force from time to time for its fiscal year ending December 31, 2002, no later than March 31, 2003;
- (e) If the above-noted financial statements as filed are incomplete and/or reveal an insufficient working capital amount, the Registrant will have 30 days from the date of notice of the amount of the deficiency to fully and completely address any deficiency and produce proof of such correction to the Registrar. Notice of the working capital deficiency, if any, shall be sent by registered mail to the Registrant.
- (f) The Registrant shall complete its Form 1 filing for its fiscal half year ended June 30, 2001 and make all applicable payments to TICO by September 4, 2001;
- (g) The Registrant shall complete its Form 1 filing for its fiscal year ending December 31, 2001 and make all applicable payments to TICO by February 15, 2002, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
- (h) The Registrant shall complete its Form 1 filing for its fiscal half year ending June 30, 2002 and make all applicable payments to TICO by August 15, 2002, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time;
- (i) The Registrant shall complete its Form 1 filing for its fiscal year ending December 31, 2002 and make all applicable payments to TICO by February 15, 2003, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time; and

- (j) The Registrant shall complete its Form 1 filing for its fiscal half year ending June 30, 2003 and make all applicable payments to TICO by August 15, 2003, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time.
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) to (j) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED this ____ day of August, 2001

DATE OF

PREHEARING: August 8, 2001

Toronto

ORDER

BACKGROUND:

Pursuant to Sections 6(1) and 7 of the *Travel Industry Act*, Revised Statutes of Ontario, 1990, Chapter T.19, (the "Act"), a Notice of Proposal dated June 21, 2001, (the "Proposal") was issued by the Registrar under the Act (the "Registrar") to revoke the registration of Value Vacations Ltd. (the "Applicant") as a travel agent and by order temporarily suspended the said registration effective the date upon which the Proposal was issued (the "Suspension Order").

The Applicant by a Notice of Appeal dated June 22, 2001 (the "Appeal"), and filed at the offices of the Licence Appeal Tribunal (the "Tribunal") on June 28, 2001, requires a hearing by the Tribunal in respect of the Proposal and the Suspension Order pursuant to Section 6(2) of the Act.

The Proposal and the Appeal was set down for a hearing before the Tribunal on July 12, 2001, and, at that time and at the request of the Applicant, the hearing was adjourned by the Tribunal for the purpose of affording the Applicant an opportunity to engage and instruct counsel to represent the Applicant. At the said hearing on July 12, 2001 the Tribunal heard evidence from three witnesses and continued the Suspension Order pending a prehearing conference (the "Prehearing Conference") before the Tribunal for the purpose of identifying and/or simplifying the issues contained within the Proposal and the Appeal.

The Tribunal issued an Interim Order released July 27, 2001 (the "Interim Order"), respecting the adjournment, the continuation of the Suspension Order, the evidence presented at the said hearing of July 12, 2001 and the need for the Prehearing Conference in order to refine the issues raised in the Proposal and the Appeal.

Participation in the Prehearing Conference was set down for a conference on August 8, 2001, in accordance with the Rules of Practice of the Tribunal. At the Prehearing Conference, both the Registrar and the Applicant were represented by counsel and the principal of the Applicant, Charles A. Pinnock, was also present and participated.

DECISION:

It became apparent at the Prehearing Conference that the issues involved in the Proposal and the Appeal were more simple and straight forward than noted in the chronological factual particulars alleged in the Proposal since such were repetitious and resulted from numerous alleged breaches by the Applicant on separate occasions respecting the same issue or issues. In order for the Registrar to comply with the heavy duty imposed upon him to regulate the travel industry, it became obvious to his officials that the Applicant was continually and repeatedly called upon to comply with the Act and the regulations promulgated thereunder and to rectify its alleged non-compliance.

The Registrar sets out some sixty-two items in Part D of the Proposal in which specific "particulars" of non-compliance by the Applicant of statutory or regulatory requirements are alleged. Section 3 of Part D of the Proposal places all enumerated items of non-compliance into the following eight categories;

- late filing of financial statements,
- failing to maintain working capital,
- misuse of credit cards,
- issuing NSF cheques,
- failing to meet its financial responsibilities to wholesalers,
- misrepresentation,
- failing to notify the Travel Industry Council of Ontario ("TICO") of changes in its financial institutions, and

- deficient advertising.

To these categories listed in the said Section 3, there are two additional categories into which the enumerated items are placed, being;

- failure to maintain proper records, and

- failure to deal with customers' complaints.

Each of these ten categories of non-compliance is therefore an issue to be dealt with at the hearing and the sixty-two enumerated items can be grouped into the categorized issues as follows:

1. Late filing of financial statements;

Items #9 to #12

Item #25

Items #27(c) to #28

Item #32

Items #35 to #37

Item #47

2. Failing to maintain working capital;

Item #12

Items #15 to #16

Items #23 to #24

Items #26 to #27(a)

Items #28 to #29

Items #37 to #43

Items #47 to #50

Items #53 to #54

Item #60

3. Misuse of credit cards;

Items #13 to #14

Item #15

Items #17 to #19

Items #21 to #22

Item #40

Items #55 to #58

4. Issuing NSF cheques;

Item #16

Items #20 to #21

Item #44

Item #46

Item #62

5. Failing to meet its financial responsibilities to wholesalers;

Item #14

Item #21

Items #30 to #31

Item #47

6. Misrepresentation;

Item #23

Items #33 to #34

Item #51

Item #59

Item #61

Item #64

7. Failing to notify TICO of changes in its financial institutions;

Item #23

Item #44

Item #61

8. Deficient advertising;

Items #4 to #8

Items #51 to #52

9. Failure to maintain proper records;

Item #15

Item #18

Item #20

Item #27(b)

Item #45

Items #49 to #50

Item #60

10. Failure to deal with customers' complaints.

Item #63

Item #65

Upon the direction of the Tribunal at the Prehearing Conference, each of the enumerated items was discussed, some in more detail than others, and this exchange or discovery process between counsel seemed to clarify the issues contained in the Proposal and Appeal to the extent that the documentation was admitted as factual between the Parties but not the contents of the documentation. In this connection, Counsel for the Applicant required more detailed

particulars of many of the alleged enumerated items of non-compliance contained within the ten categories of issues.

It was also clear at the Prehearing Conference that these categories or issues were subordinate to the main issue of the Applicant's ability or fitness to comply with the regulatory requirements of the Act as determined by the Registrar and to do business with other registrants and wholesalers. As stated in the Interim Order, it is and was not sufficient for the Applicant to attempt to explain away the enumerated items, but rather to ensure that such did not occur in the first place. It is apparent to the Registrar that the sheer number of enumerated items makes his duty under the Act difficult to administer.

Another issue may emerge from the facts and circumstances of this matter, as the evidence which was presented at the Prehearing Conference involves the "last-minute" segment of the travel industry market. Insofar as Mr. Pinnock, the principal of the Applicant, deals in this "discount" portion of the market, it is apparent that more customer complaints will be generated and more difficulties will arise from "last-minute" decisions in the efforts by both planners and customers, not to mention carriers and wholesalers, to fill the last places or seats. This, in turn, makes this "bargain-hunter" market more difficult to regulate, and conversely, more difficult to comply with regulatory requirements by those who would choose to deal principally in this particular, yet important, segment of the travel industry market.

The foregoing Decision is without prejudice to the stated intention of Counsel for the the Registrar to issue a further notice of proposal supplemental to the Proposal which has the effect to bring the hearing to a current state having regard to the efficiency of having the Tribunal deal with all current factual matters involved with the issues between the Parties, and the concomitant right of the Applicant to file an amended notice of appeal, all within the appropriate time limits and constraints of the Tribunal's Rules of Practice.

ORDER:

The Tribunal therefore makes the following Order respecting the hearing to be heard before the Tribunal:

1. The Parties to the hearing are the Applicant and the Registrar;
2. The hearing shall take place at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, during the week commencing on Monday, September 4, 2001, or at such other expeditious time as ordered by the Registrar of the Tribunal having regard to the estimated duration of the hearing to be four days and the reasonable availability of Counsel and the witnesses which each intend to call upon to give evidence at the hearing;

3. The Parties shall fully comply with Rules 6.3 and 6.4 of the Tribunal's Rules of Practice;

LICENCE APPEAL TRIBUNAL

Terence A. Wardrop, Q.C.,

RELEASED: August 22, 2001

SMITH

DONALD T. SMITH

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: ELMER MERKLEY,
 Presiding member

APPEARANCES: BRIGITTE HAMMOND,

 Representative for the Registrar of Motor Vehicles

 DONALD T. SMITH, Applicant
 unrepresented

DATE OF HEARING: July 30, 2001

DECISION RELEASED: August 2, 2001

Written

REASONS FOR DECISION

A written hearing was held on July 30, 2001, at London, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Donald T. Smith (the "Applicant")
Motor Vehicle:	1996 LVA GMC, plate # ACKA650 (the "vehicle")
Date of Appeal:	July 5, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on July 30, 2001 and proceeded as a written hearing.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal reviewed the evidence provided in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

July 3, 2001

Reason for Appeal - Exception Hardship

As I live in a small village with no public transportation or taxi services, I need transportation to seek employment and to be able to get to a place of employment when employment is found.

My daughter uses the vehicle to travel to her place of employment and to transport other members of the family around. Also my brother uses the vehicle to transport his children to and from doctor appointments, and their mother's residence.

As I also pay child support for my daughters. I need to be able to get to and from anyplace that I can get employment.

Thank you.

Donald T. Smith

The Applicant did not provide the Tribunal and the Respondent with any reply after receiving the Respondent's submissions and supporting evidence.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Donald T. Smith;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 23, 2002.

The Registrar submitted that the criteria to establish exceptional hardship is cumulative and therefore the Applicant must meet all the requirements of the Regulation before his appeal can be considered and that Mr. Smith has failed to meet the conditions set out for demonstrating exceptional hardship, as prescribed in the *Highway Traffic Act* Regulations 632/98.

The Applicant relied on the submission that he was experiencing hardship as the impounded vehicle was his only way of getting around his rural residence. The onus is on the Applicant to establish this ground. Section 22 of Regulation 574 of R.R.O. 1990, as amended by Ontario Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. In order for the Applicant's claims to be considered, Section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle in order to adequately mitigate any potential loss.

The Registrar submitted that in the "*Owner's Position in Appeal*", no mention is made by the Applicant of what options or alternatives have been considered by him and inquired into and that the Applicant has failed to demonstrate that he has even considered any option or alternative to the impounded vehicle. For example, the Applicant offered no evidence as to whether the Applicant has considered transportation by taxi, renting a vehicle, public transportation or sharing a ride, and whether the costs of these other alternatives were reasonable. The Registrar submitted that the Applicant did not meet the criteria set out in Section 22(3)(a) and (4), Regulation 574, R.R.O. 1990, as amended by Ontario Regulation 632/98; specifically, he failed to demonstrate that no alternative to the impounded motor vehicle is available to adequately mitigate any potential loss.

As to the Owner's Position dated July 3, 2001, the Registrar submitted that there are reasonable alternatives to the impounded vehicle and presented a certified copy of vehicle registration sealed July 10, 2001 of Donald T. Smith for a vehicle VIN # 1G1LV11W5KY139755. This is for a vehicle other than the one impounded. While the Registrar recognized that this vehicle is not currently plated, the Registrar submitted that there was no evidence from the Applicant that this vehicle could not be easily plated and used as an alternative.

Further, the Registrar submitted that Applicant had not demonstrated that the loss was immediate, significant and lasting as prescribed by Section 22(3)(b). The Applicant stated that he cannot look for work without his vehicle. The Registrar responded that while the Applicant stated that he was seeking employment, there was no evidence that there exists a possible employment opportunity that is jeopardized by the impoundment of his vehicle or that the Applicant required the vehicle to look for work. The Registrar also submitted that any hardship that may be associated with employment (or potential employment) loss is not corroborated by supporting evidence in the Owner's Position in Appeal.

As to the Applicant's statement that he is paying child support for his daughters, the Registrar submitted that there is no evidence that the impoundment of the vehicle affects this.

The Applicant submitted that his hardship includes the inability "*to transport other members of the family around..to and from doctor's appointments*". The Registrar responded that there is no evidence that Mr. Smith or anyone ordinarily transported by the impounded vehicle has any current health concerns that may be potentially jeopardized by the loss of the vehicle under Section 22(1)(a) of Regulation 632/98 and that the Applicant has not provided evidence or details of any health problem. If an emergency possibly arose, the Registrar submitted that emergency personnel could be called.

As to the Owner's Position, dated July 10, 2001, the Registrar submitted that for the Applicant's claims to be considered under Section 22(2)(a), (b), and (c), he must demonstrate that all of section (22)(3) has been met, and section 22(4) of the Regulation provides that the Applicant must demonstrate that every reasonable option has been considered for an alternative to the vehicle. The Registrar submitted that the Applicant has not met these requirements.

Further, the Registrar submitted that any suggested loss, economic or otherwise, by the suspended driver cannot be considered as hardship by the Tribunal pursuant to Reg. 632/98, 22(3)(d)(i)(ii). In this case, the Applicant is the suspended driver and the Regulation states that the loss must be upon a person other than the driver of the motor vehicle and not a result of the driver's loss.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment.

For the Applicant's claims to be considered under section 22(2)(a), (b), and (c), he must demonstrate that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by section 22(1)(a) or (b).

The Tribunal may consider loss of employment opportunity only if no alternative to the impounded vehicle is available (see subsection 22(3)(a) of that Regulation). In this case, the Owner's Position of Appeal fails to provide supporting evidence of any specific hardship associated with employment loss or potential employment loss under Section 22(c).

While the Owner's Position makes reference to the Applicant's daughter and his brother using the vehicle from time to time, there is no evidence before the Tribunal to establish that the impoundment results in types of hardships that are immediate, significant and lasting.

The Applicant has not presented the Tribunal with evidence that would demonstrate that every reasonable option has been considered and inquired into as required under section 22(4) of the Regulation. The evidence indicates that the Applicant is currently paying child support for his daughters; however, there is no evidence that the impoundment results in a financial loss that is immediate, significant and lasting.

The Tribunal recognizes that the Applicant, his daughter, and his brother have been greatly inconvenienced by the loss of his vehicle, however, no evidence was provided that would support a finding of exceptional hardship.

The Tribunal finds that the Applicant has failed to meet the requirements of Section 22(4) of the Regulation, and the Tribunal is therefore precluded from considering the Applicant's claim of exceptional hardship under Section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

SECTION 15 OF THE *DAY NURSERIES ACT*

TRIBUNAL: STUART CORK, Presiding Member

APPEARANCES:

V. WILLIAM ANDREOU, Counsel for Applicant

KATHARINE E. RENISON, Counsel for the Director under the
Day Nurseries Act, Respondent

DATE OF

PRE-HEARING: August 17, 2001

Toronto

ORDER

WHEREAS, St. James Day Care Services Inc., (the "Applicant") has requested a hearing before the Licence Appeal Tribunal to appeal the Notice of Intention dated June 25, 2001 and the Notice of Direction of the Director dated July 19, 2001, (the "Director") under the *Day Nurseries Act*, respecting St. James Day Care Services Inc., located at 1200 Lawrence Avenue West, in the City of Toronto, Ontario, under Section 15 of the *Day Nurseries Act*.

AND WHEREAS, a pre-hearing was conducted by the Tribunal on August 17, 2001 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, as set forth in the Tribunal's Notice of Pre-Hearing Conference dated July 31, 2001.

The Tribunal makes the following Orders respecting the hearing:

1. On consent of the Respondent and the Applicant, the Applicant's appeal of the Notice of Intention of the Director dated June 25, 2001, and the Notice of Direction of the Director dated July 19, 2001 will be heard together by this Tribunal.
2. The hearing of this matter will require ten days to heard at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th floor, Toronto, Ontario, commencing at 9:30 a.m. on Monday, September 17, 2001 and if necessary, to continue September 18-21, 2001 and to further continue Tuesday, October 9, 2001 and to continue October 10-12, 2001 and to continue Monday, October 15, 2001.
3. The Applicant and the Director will comply with the disclosure requirement set out in the Tribunal's Rules of Practice.
 - (1) On or before 4:30 p.m. on August 28, 2001, the Applicant and the Director each will provide one copy to the other party and 4 copies to the Tribunal of any document that the parties wish to rely on at the hearing, and their witness lists.
 - (2) On or before 4:30 p.m. on September 7, 2001, the Applicant and the Director each will provide one copy to the other party and 4 copies to the Tribunal of their submissions and any further documents to be used in the hearing by both parties.

It was noted that the Tribunal's Rules of Practice requires full disclosure 10 days prior to the hearing of all documents on which a party wishes to rely as evidence at the hearing.

3. The Respondent will call approximately 30 witnesses, including Ministry employees and officials, and parents. The Respondents witnesses will provide evidence in relation to the items detailed in the Notice of Intention, as observed from each of their particular roles.
4. The Applicant will call approximately 15 witnesses, including Mr. and Mrs. Pellegrini, employees, and parents. The Applicant's witnesses will give evidence that they were in compliance with the requirements of the Director, however pressure from the news media had influenced the Director in her dealing with the Applicant.

5. There was no resolution of the issues between the parties, which are set out in the Notice of Intention of the Director dated June 25, 2001 and the Notice of Direction of the Director dated July 19, 2001.

VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: NIVES MONTANO,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

PAUL LATOUR, Applicant
unrepresented

DATE OF HEARING: August 2, 2001

DECISION RELEASED: August 7, 2001

By Teleconference

REASONS FOR DECISION

A hearing was held on August 2, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Paul Latour (the "Applicant")
Motor Vehicle:	1985 Chevrolet Pickup, plate no. HX6100 (the "vehicle")
Date of Appeal:	July 10, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on August 2, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Mr. Latour is owner of the vehicle which was impounded.
He was not aware that the person which was driving his vehicle had had his licence suspended.
Mr. Latour is 79 years of age and requires his vehicle in order to drive to the doctor's and to drive to the grocery store. Also his wife Mrs. Doris Latour (75) has lived inside the house for 8 months due to rhumatic legs and is incapable of walking without a cane. Therefore Transportation is always very important vigil in case of Emergencies.

Acknowledged by husband
Paul Latour

The following is a summary of the Applicant's affirmed testimony.

The Applicant is a 79-year-old gentleman who lives alone with his 75-year-old wife who has been house-ridden for the past 8 months. Mrs. Latour suffers from diabetes and seizures. The Applicant is currently on blood thinning medication as well as having shingles on one leg and is limited to walking no more than 50 feet without resting. They have no children, but only 1 niece who resides 2 miles on the outskirts of town, who helps them in any way she can. The Applicant sold his business 20 years ago and he and his wife are now on a fixed income.

To pass the time and to earn some extra income, the Applicant repairs appliances like fridges and washing machines. Jerry Pawaluk, the driver of the impounded vehicle, has worked 2 days a week for the Applicant for the past 8 months. Mr. Pawaluk helps load and unload the appliances for the Applicant. He also, on occasion, drives the truck for the Applicant.

On the day the vehicle was impounded, Mr. Pawaluk and the Applicant were on their way to town. Mr. Pawaluk was driving the vehicle. OPP signalled for Mr. Pawaluk to pull the vehicle over to the side of the road, which he did. The Applicant did not know why the police stopped them. The police spoke with Mr. Pawaluk for 2 hours as the Applicant sat in his truck. The police finally informed the Applicant that the vehicle was being impounded for 45 days because Mr. Pawaluk was a suspended driver.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibit 3):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that Jerry Pawaluk was driving the vehicle at the time it was detained;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 23, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: **A.** adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Appeal – Exceptional Hardship

The Applicant has requested an appeal on the grounds of “exceptional hardship” under section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact “exceptional hardship” will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardships as described by section 22(2). In order for his claim to be considered under section 22(2), he must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative to the impounded vehicle.

The Applicant is a retired gentleman and occupies his time in repairing broken appliances. Therefore, the only loss would be the cost of the repaired appliances since the Applicant and his wife receive a monthly pension.

With regard to an alternative to the impounded vehicle, the Applicant’s niece assists in whatever capacity she can. The Applicant has received gracious offers from friends and neighbours to help as well, but the Applicant does not want to be obligated to them. The Applicant has taken taxis to or from the grocery store, which is about a ¼ mile away. There is no public transit in this community. Although inconvenient, there are alternatives to the impounded vehicle.

The Applicant’s niece brings the Applicant’s wife to her doctor’s appointments as well as pick up her medication. This community has a hospital and is 911 accessible. Therefore, there is no threat of health or safety to the Applicant or his wife.

Accordingly, after considering the criteria set out in section 22(3) and (4) of Regulation 340 as amended by Ontario Regulation 632/98, the Tribunal finds the Applicant has not established exceptional hardship as required under section 50.2 of the Act.

The Applicant has not proven that the loss of the vehicle will be immediate, significant and lasting.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable option has been considered as contemplated by section 22(4) of the Regulation.

The Tribunal accordingly finds the Applicant has not established that he has or will suffer exceptional hardship as defined by Ontario Regulation 632/98, subsection 22.

Appeal – Due Diligence

The second issue to be considered in this appeal is whether the Applicant exercised due diligence in attempting to determine that Mr. Pawaluk's driver's licence at the time in respect of which the order was made was not then under suspension.

The onus of proof is on the Applicant to establish that due diligence was performed which is required under Section 50.2(3)(c) of the Act.

The Applicant testified that he is the owner of the vehicle that has been impounded and at the time of impoundment Mr. Pawaluk was driving the vehicle and the Applicant was a passenger.

The Applicant lives in a small, close-knit community wherein everyone knows and helps each other. Information flows freely among this community. Mr. Pawaluk lives 6 streets away from the Applicant. At no time did the Applicant hear or suspect that Mr. Pawaluk was in any trouble with the law or had lost his driver's licence.

Due to the relative facts of this unique appeal, one must look at what would constitute what "reasonable" steps would be taken to avoid impoundment in this instance:

1. Mr. Pawaluk showed the Applicant his driver's licence last Christmas. According to Mr. Pawaluk's driver's abstract, his suspension did not appear on his driver's abstract until January 23, 2001 for an offence incurred December 23, 2001.
2. The Applicant assumed Mr. Pawaluk had a valid driver's licence since he owned and drove his own vehicle.
3. Mr. Pawaluk was employed for the Applicant twice a week for the past 8 months. Calculated on a full-time basis, Mr. Pawaluk worked for the Applicant for 2 months and only drove the truck on occasion.
4. After the vehicle was impounded, Mr. Pawaluk told the Applicant that he did not go to court for a driving offence that occurred earlier in the year, and advised the Applicant, that he did not know he was suspended.

5. Mr. Pawaluk was well known to the Applicant, but at no point in time did the Applicant see or hear of any "red flags" to query Mr. Pawaluk further into the status of his driver's licence.

The Tribunal is of the opinion that under these circumstances, the Applicant exercised adequate due diligence required by section 50.2(3)(c) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal sets aside the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

No one appearing for the Applicant

DATE OF HEARING: August 3, 2001

DECISION RELEASED: August 7, 2001 Peterborough

REASONS FOR DECISION

A hearing was held on August 3, 2001, at Peterborough, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Clarence Wilson (the "Applicant")
Motor Vehicle:	1991 Chevrolet Cavalier, plate no. 555 ZPY (the "vehicle")
Date of Appeal:	July 12, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on August 3, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Applicant not being present at the time prescribed for the hearing, the Tribunal allowed a 30-minute grace period.

Having verified that the address on the courier slip accurately matched the Applicant's stated address as per the Notice of Appeal; and as the Applicant failed to appear within the allotted grace period; and as the Respondent was present and ready to proceed, the Hearing continued in absentia.

The Respondent provided the Tribunal with original certified copies of the documents on file.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Vehicle was taken by my son without permission.
He is now serving 18 mts.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Greg Wilson;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until June 27, 2010.

At the hearing the Respondent emphasized the fact that the onus is on the Applicant to prove the grounds for the appeal. The Registrar contends that the evidence introduced by the Applicant in the Notice of Appeal is insufficient to corroborate that the vehicle was stolen.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the

vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds that the vehicle was stolen at the time of impoundment, in accordance with section 50.2(3)(a) of the Act. The onus is on the Applicant to establish the merits of the grounds for the appeal.

In order to decide whether the vehicle was stolen at the time of impoundment, the Tribunal must consider the meaning of the word “stolen”. As the *Highway Traffic Act* does not define the word “stolen”, the Tribunal looks to Black’s Law Dictionary for reference as to what is commonly accepted by the judiciary as constituting stolen.

According to Black’s Law Dictionary, “stolen” is defined as follows: “Acquired or possessed, as a result of some wrongful or dishonest act or taking, whereby a person wilfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.”

The Respondent pointed out the Applicant’s statement in the Notice of Appeal does not proffer adequate information to answer the questions raised by the definition. The Tribunal concurs. The Applicant remarks: “...*Vehicle was taken by my son without permission...*”. There is no indication of intent, did the Applicant’s son “intend to deprive” the Applicant of the use of the vehicle “permanently”, or did he simply take the vehicle for his convenience with the intent to return the vehicle after use.

The Tribunal finds that the evidence presented is, therefore, insufficient to support the ground of appeal that the vehicle was stolen at the time of the impoundment, as described by section 50.2(3)(a) of the Act. Accordingly, the Applicant’s ground of appeal based on the vehicle being stolen is dismissed.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

TRIBUNAL: NIVES MONTANO,
Presiding member

APPEARANCES: BRIGITTE HAMMOND,
Representative for the Registrar of Motor Vehicles

AARON FRANK FOX, Applicant
unrepresented

DATE OF HEARING: August 2, 2001

DECISION RELEASED: August 8, 2001

Toronto

REASONS FOR DECISION

A hearing was held on August 2, 2001, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Aaron Frank Fox (the "Applicant")
Motor Vehicle:	1990 Ford COF, plate no. FOXXXX (the "vehicle")
Date of Appeal:	July 17, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on August 2, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- 1) On the day in question I had oral surgery and was sleeping when truck was driven. Was advised by Officer on phone as to situation. (see receipt)
- 2) As to brother's suspension I have asked him numerous times as to his licence, never informed he was suspended.
- 3) I have been on WSIB for approximately 4 years and I am at present attending retraining in another city (Brampton). As I live in Rural Norval (farming area). There is no public transportation. This truck is the only vehicle I own and my only means of transportation. If I can't attend school I will be dropped from WSIB who currently provided my only source of income. Due to my shoulder injury I can't find work without this training.

The following is a summary of the Applicant's affirmed testimony.

The Applicant is a 50-year-old gentleman who is currently enrolled in an 11-month upgrading/retraining program due to a work-related injury, which occurred 3 years ago while employed as a landscaper for his brother-in-law in Toronto. His only current source of income is from the WSIB to attend the upgrading/retraining course.

The Applicant commenced this upgrading/retraining program in March 2001 between the hours of 1:00 p.m. to 4:00 p.m. each day. Once this program is completed, he will attend Humber College for an additional 2 years to obtain a diploma in a specialized computer program. The school in which the Applicant attends is approximately 19 kilometres from his home. His usual routine in getting to school is walking approximately 1 ½ kilometres on a rural road to Highway 7 where he either hitchhikes or is fortunate enough to catch a GO bus passing by. He then travels to Highway 10 and Queen Street where he takes the Brampton public

transit system for another 30 minutes until he reached Kennedy Road and Clarence. On his return home, he tries to secure a ride from a classmate to the furthest point possible.

Frank Fox, the Applicant's brother and driver at the time the vehicle was impounded, has resided with the Applicant for the past 3 years. As stated in Exhibit 2, on the day the vehicle was impounded, the Applicant had oral surgery earlier in the day. He was given pain medication as well as antibiotics. In his testimony, he spent the remaining part of the day sleeping.

As stated in Exhibit 2, the Applicant queried his brother on the status of his driver's licence on a number of occasions. The Applicant was led to believe that his brother had won the "failing to remain" conviction and that his driver's licence was in good status. The Applicant was unaware of the fact that his brother still had a suspended licence. In his testimony, the Applicant advised the Tribunal that he had only viewed his brother's driver's licence approximately 2 years ago.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibit 3):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Frank A. Fox;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of "Fail to Remain at Accident" under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 26, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;

- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Appeal – Due Diligence

The first issue to be considered in this appeal is whether the Applicant exercised due diligence in attempting to determine that the Applicant's brother's driver's licence at the time in respect of which the order was made was not then under suspension as required by section 50.2(3)(c) of the Act.

The Applicant has conceded that he is the owner of the vehicle that has been impounded. At the time of the impoundment, the vehicle was being driven by Mr. Frank Adolf Fox whose driver's licence was then under suspension due to a conviction under the *Criminal Code of Canada* for failing to remain at a scene of an accident.

The evidence before the Tribunal, in the Applicant's own testimony, was that the Applicant viewed his brother's driver's licence about 2 years ago. The Applicant was aware that his brother had a court appearance respecting his driving. Nonetheless, at no point did he make inquiries with the Ministry of Transportation concerning his brother's driver's licence to take reasonable measures to avoid impoundment and/or to determine whether or not his brother's driver's licence was in good standing since the Applicant's brother did, on occasion, drive the impounded vehicle.

The Tribunal therefore has no evidence that the Applicant exercised due diligence as required by section 50.2(3)(c) of the Act.

Appeal – Exceptional Hardship

The Applicant has also requested an appeal on the grounds of "exceptional hardship" under section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact "exceptional hardship" will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardships as described by section 22(2). In order for his claims to be considered under section 22(2), he must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative to the impounded vehicle.

With regard to section 22(3):

(a) "...no alternative to the impounded motor vehicle is available..."

The Applicant testified that he walks, travels by GO bus and with the Brampton public transit system to get to school. He also secures rides from classmates after school, when possible, to the further point closest to his home. He did not look into renting a vehicle as he is on a fixed income and other family members do not own a vehicle. Taxis are also available, but the cost is an issue. In his testimony, the Applicant did acknowledge that he receives mileage benefits from the WSIB.

(b) "...the loss will be immediate, significant and lasting..."

The Applicant has managed to carry on his day-to-day routine and attend school during the course of this impoundment. He has missed only a few days of schooling due to this impoundment. The Applicant has been unable to do any grocery shopping, but testified that his brother picks up a few things on his way home from work.

(c) "...impact of the loss will be upon a person ordinarily transported by the motor vehicle..."

There is no evidence before the Tribunal that there is an impact of loss on anyone but the Applicant. The Applicant testified that his brother's employer each day picks his brother up and drops him off after work.

Accordingly, after considering the criteria set out in section 22(3) and (4) of Regulation 340 as amended by Ontario Regulation 632/98, the Tribunal finds the Applicant has not established exceptional hardship as required under section 50.2 of the Act.

The Applicant has not proven that the loss of the vehicle will be immediate, significant and lasting.

There is a provision in Section 55.1(21) of the *Highway Traffic Act* to pursue compensation from the suspended driver, Frank Fox:

"The owner of a motor vehicle that is subject to an order to impound under this section may bring an action against the driver of the motor vehicle at the time the order was made to recover any costs or other losses incurred by the owner in connection with the order".

In the Applicant's testimony, Frank Fox will be paying for the release of the impounded vehicle and related charges.

The Applicant has not presented the Tribunal with any evidence that would demonstrate that every reasonable option has been considered as contemplated by section 22(4) of the Regulation.

The Tribunal accordingly finds the Applicant has not established that he has or will suffer exceptional hardship as defined by Ontario Regulation 632/98, subsection 22.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

MURDOCH GROUP INC., Applicant

ANDY CHARBONNEAU, Agent for Applicant

DATE OF HEARING: August 8, 2001

DECISION RELEASED: August 13, 2001

Toronto
By teleconference

REASONS FOR DECISION

A hearing by teleconference was held on August 8, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Murdoch Group Inc. (the "Applicant")
Motor Vehicle:	2001 Pontiac Grand Am, plate # AEWV 357 (the "vehicle")
Date of Appeal:	July 19, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3)(c) of the Act.

This matter came before this Tribunal on August 8, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Car was rented at Liz-Belair. Plante as the authorized driver. Mr. John Henson was not to drive the vehicle. He only signed the rental agreement because his credit card was used for payment.

We don't feel this vehicle should be impounded, since we did take the necessary pre-cautions as owners of the vehicle, to insure that Mr. Henson was not to drive the vehicle.

We require a telephone conference - due to location distance.

"Andy Charbonneau"

Mr. Charbonneau's opening statement offered little more than was submitted in his Appeal request. He considered his instruction to Henson, the second party to the rental agreement, that he was not to drive the car and only his credit card was to be used. The contract for the rental of the car was not submitted to the Tribunal by the Applicant and was therefore not available for examination by the Tribunal. Mr. Charbonneau was asked if he had any further evidence or statements he wished to make and answered in the negative.

When questioned about the contract being separate from the rental bill, it was explained that this was an industry practice to protect the privacy of their clients. Driver's licence information is not recorded on any document but is entered in the company's database.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. John P. Henson;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until Nov.14, 2001.

The Respondent had nothing to add to the submissions entered under Exhibit #2.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed under section 50.2(3)(c) of the Act on the basis that his instruction to Henson was that he was not to drive the rented car offered by the Applicant. No evidence was submitted by the Applicant as to why he issued these orders. The second part of the rental contract is separate from the billing instrument and was not submitted by the Applicant to the Tribunal for examination.

In a discussion after closing remarks, the Respondent outlined three methods by which any person can validate a persons driver's licence at little or no cost 24 hours a day. Surprisingly, the Applicant was aware of this service, but he stated that it was not widely used in the industry but had been discussed at Association meetings without any conclusions as to its use industry wide.

The onus on the Applicant is to show that he exercised due diligence to determine that the driver's licence was not under suspension at the time of the impoundment. The Tribunal finds that the Applicant failed to provide the Tribunal with evidence to support the test of "due diligence" as required by Section 50.2(3)(c) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

pursuant to section 55.1(3) of the Act.**

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: CHARLES J. SANDIFORD,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

BRIAN BERNARD O'NEIL, Applicant
unrepresented

DATE OF HEARING: August 7, 2001

DECISION RELEASED: August 15, 2001

Toronto
By teleconference

REASONS FOR DECISION

A hearing by teleconference was held on August 7, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Brian Bernard O'Neil (the "Applicant")
Motor Vehicle:	1991 Pontiac 6000 LE, plate no. ZMC 475 (the "vehicle")
Date of Appeal:	July 23, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on August 7, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Mr. Anderson assured me he was a legally licenced driver.
I live in Hamilton and work in Mississauga. Without a car, I cannot get to work as there are no buses. Taxi is not economically viable. I do mediations (insurance) that require me to be in downtown Toronto for 2 or 3 days per month. I am a contract employee and therefore request a telephone conference as I am paid by the hour and cannot afford to lose time from work.

The Applicant's testimony expanded little on his written submission in respect to his friend's qualifications to drive. It appeared he had simply taken his friend's word that his licence was valid and gave the issue no further consideration.

While some thought was given to alternative means of transportation they were soon dismissed by the Applicant as unworkable or too costly. He did not support these conclusions with any facts or figures. The general tone of his statement was of resignation and despair.

The Respondent asked why Anderson was elected to drive and why police stopped the car. To the first question the Applicant replied that Anderson had less to drink than he had and so more able to drive. To the second question he replied that they had to swerve violently to avoid a head on collision with a van. A police officer pulled them over and it was determined that Anderson's licence was under suspension until 2005. The vehicle was impounded and Anderson taken to jail where he still resides pending trial.

The Respondent offered a number of options that the Applicant might consider until his vehicle is recovered, none of which were received by the Applicant with any interest. According to evidence given by the Respondent, "Go Transit" and buses could serve him albeit with some inconvenience. He is currently using his sister's car and while she has asked for it back by August 14, 2001, her position might change given the circumstances.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Edward Anderson;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until July 18, 2005.

The evidence from the Respondent was revealed during their examination of the Applicant. The Respondent's closing statement reviewed the Applicant's own evidence to support the Registrar's position that the Order to Impound be confirmed by the Tribunal.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;

- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and

- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed under section 50.2(3)(c) of the Act on the basis that the Applicant exercised due diligence to confirm the validity of Edward Anderson's licence. No evidence was given to support his claim. In fact, beyond a statement that he asked whether or not his licence was valid, nothing else was pursued even though conditions warranted a closer appraisal of Anderson's claim.

In conclusion, the Tribunal finds that the Applicant has failed to provide any evidence to the Tribunal that would satisfy the test of "due diligence" as required by section 50.2(3)(c) of the Act.

The Applicant has also appealed under section 50.2(3)(d) alleging that the impoundment would result in the loss of his job as he needs his car for his work. Section 22 of Regulation 632/98 is very specific and provides the Tribunal with clear criteria that must be met by the Applicant in order to establish exceptional hardship as a result of the impoundment. The Tribunal cannot consider any other factors arising from or directly related to the impoundment itself.

In order for the Applicant's claim to be considered under section 22 (b) and (c) the Applicant must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation requires demonstration that every reasonable option has been explored, including an alternative vehicle.

The Applicant has not presented the Tribunal with any evidence that would demonstrate any reasonable option to the impounded vehicle has been explored and inquired into as required under section 22(4) of the Regulation. In fact, the evidence offered indicates that no option has been considered once his sister's car is no longer available to the Applicant.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Charles J. Sandiford, Presiding Member

RELEASED: August 15, 2001

KRYGER

JANET KRYGER

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: ELMER MERKLEY,
 Presiding member

APPEARANCES: KYLE M. BIEL,
 Representative for the Registrar of Motor Vehicles

JANET KRYGER, Applicant
unrepresented

DATE OF HEARING: August 20, 2001

DECISION RELEASED: August 21, 2001 Written

REASONS FOR DECISION

A written hearing was held on August 20, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Janet Kryger (the “Applicant”)
Motor Vehicle:	2001 GMC Sierra, plate no. 4710HC (the “vehicle”)
Date of Appeal:	July 26, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on August 20, 2001 and proceeded as written hearing.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal reviewed the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant’s evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

To whom it may concern:

In regards to the appeal, I am requesting a written hearing with the consent from the Ministry and the Tribunal because the loss of vehicle will cause hardship. My husband Paul Wilson, owner of Ken-Tash & Son Construction needs this vehicle for work and has drivers available. The vehicle is registered commercial and is needed at different job sites. At this time Ken-Tash & Son Construction have a contract with the City of Kawartha Lakes. With this vehicle loss, our contract is at stake and we will suffer financially. In closing I am requesting an appeal in writing, as we have a contract and we need this vehicle back to work as soon as possible.

The Applicant did not provide the Tribunal and the Respondent with any reply after receiving the Respondent's submissions and supporting evidence.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Paul B. Wilson;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 11, 2002.

The Registrar submits that the criteria to establish exceptional hardship is cumulative and therefore the Applicant must meet all the requirements of the Regulation before her appeal can be considered. Ms. Kryger has failed to meet the conditions set out for demonstrating exceptional hardship, as prescribed in the *Highway Traffic Act*, Section 22(3) of Regulation 574, R.R.O., as amended by Regulation 632/98.

The Applicant has presented no evidence that she, or anyone else for that matter, is normally transported by the impounded motor vehicle. She only states that her husband, Paul Wilson, the suspended driver, needs this vehicle for work at different job sites.

The Applicant relies on the submission that the impounded vehicle is needed for her husband's work purposes. The onus is on the Applicant to establish this ground. Section 22 of Regulation 574, R.R.O. 1190, as amended by Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment. In order for the Applicant's claims to be considered, Section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle in order to adequately mitigate any potential loss.

In the "*Owner's Position in Appeal*", the Registrar submits that the Applicant has failed to provide any evidence that other options or alternatives have been considered and inquired into to replace the impounded vehicle. The Applicant does not indicate whether she has inquired into renting a truck or whether Ken-Tash & Son Construction has other vehicles that may be utilized.

The Applicant, in her appeal, has claimed that she will be suffering a financial loss as a result of the impoundment of her vehicle. The Applicant has not demonstrated that the alleged financial loss will be immediate, significant and lasting as prescribed by Section 22(3)(b) of the Regulation. She states that "*With this vehicle loss, our contract is at stake and we will suffer financially*". The Registrar submits that this is speculation and that no hard evidence was brought forward to sustain it. The Applicant has not detailed any lost business or business opportunities. There is no evidence of missed work, layoffs or contracts not completed or terminated. There is no evidence of the Applicant's current monthly income and expenses compared with the amount necessary to perhaps rent a vehicle. The Applicant has not provided any information or insight into her financial status. Therefore the Applicant has failed to demonstrate any financial or economic loss under subsection 22(2)(b).

The Applicant has failed to mention in her appeal if there is any loss of employment, employment opportunity or loss of education or training to any person including herself.

The Registrar submits that no evidence exists that would indicate whether the impoundment will result in a threat to the health or safety of any person ordinarily transported by the motor vehicle.

As to the Owner's Position, the Registrar submits that for the Applicant's claims to be considered under Section 22(2)(a), (b) and (c), she must demonstrate that all of Section 22(3) has been met, and Section 22(4) of the Regulation provides that the Applicant must demonstrate that every reasonable option has been considered for an alternative to the impounded vehicle. The Applicant has not met these requirements.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and

- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds of exceptional hardship, in accordance with Section 55.2(3)(d). Section 22 of Regulation 632/98 is very specific in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if in fact exceptional hardship will result from the impoundment.

For the Applicant's claims to be considered under Section 22(2)(a), (b), and (c), she must demonstrate that all of Section 22(3) has been met. Furthermore, Section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative vehicle. The Applicant has made no specific claims of exceptional hardship as described by Section 22(1)(a) or (b).

While the Owner's Position makes reference to the Applicant's husband needing this vehicle for work and has available drivers, the Applicant has not presented the Tribunal with evidence that would demonstrate that every reasonable option has been considered and inquired into as required under Section 22(4) of the Regulation. Without supporting evidence, the Tribunal cannot conclude that the contract with the City of Kawartha Lakes is in jeopardy and the impact of the loss will be immediate, significant and lasting.

The Tribunal recognizes that Ken-Tash & Son Construction is greatly inconvenienced by the loss of the vehicle, however, no evidence is provided that would support a finding of exceptional hardship.

The Tribunal finds that the Applicant has failed to meet the requirements of Section 22(4) of the Regulation, and the Tribunal is therefore precluded from considering the Applicant's claim of exceptional hardship under Section 22(2) of the Regulation.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Elmer Merkley, Presiding Member

RELEASED: August 21, 2001

JHAND

PREHEARING

JARNAIL SINGH JHAND

IN THE MATTER OF an application by Jarnail Singh Jhand dated July 26, 2001 for a hearing before the Licence Appeal Tribunal pursuant to section 50(1) of the *Highway Traffic Act*, to consider the appeal of the Notice of Refusal to Issue an Operating Licence dated May 30, 2001 and the Notice of Refusal to Issue a Commercial Vehicle Operator's Registration Certificate dated May 30, 2001 issued by the Registrar of Motor Vehicles;

AND IN THE MATTER of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8 as amended;

AND IN THE MATTER of an application of Jarnail Singh Jhand for a Commercial Vehicle Operator's Registration Certificate;

TRIBUNAL: ALAN HOLBROOK, Presiding Member

APPEARANCES: PATRICK MOORE, Counsel for the Respondent
JAMES F. LEE, Agent for the Applicant

DATE OF
PRE-HEARING: August 24, 2001 Toronto

ORDER

A Pre-hearing conference between the parties was held on August 24, 2001 in Toronto at 1 St. Clair Avenue West, 12th Floor as set forth in the Tribunal's Notice of Pre-hearing Conference dated August 15, 2001.

The Tribunal makes the following Orders respecting the hearing:

1. The parties to the hearing are Jarnail Singh Jhand and the Registrar of Motor Vehicles.
2. The hearing date has been set for 9:30 a.m. on Wednesday, September 26, 2001, at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario.
3. The parties present at the prehearing recorded that there was no resolution of the issues between the parties.
4. On or before September 16, 2001, both parties will file with the Tribunal their submissions and documents to be used at the hearing. Both parties will file five copies with the Tribunal and deliver one copy to all parties. It was confirmed that the Tribunal requires full disclosure at least 10 days prior to the hearing. Mr. Lee asked only for an index for documents already received from the Ministry Of Transportation and any further documents the Respondent wishes to file.
5. Both parties agreed that Jarnail Singh Jhand and Charan Singh are brothers and reside at the same address.
6. The Registrar of Motor Vehicles will call one witness John Miller, Carrier Safety Rating Administrator for the Ministry of Transportation, to testify regarding a previous sanction imposed on Charan Singh by the Registrar of Motor Vehicles and this application by the Applicant, Jarnail Singh Jhand . Mr. Miller will also testify to statements made to him by Charon Singh after his Show Cause Hearing in St. Catherine's, Ontario
7. The Applicant will call two witnesses, the Applicant, Jarnail Singh Jhand and his brother Charan Singh.
8. The Applicant informed the Tribunal and the Registrar of Motor Vehicles that the Applicant does not intend to rely on any documentary evidence at the hearing before this Tribunal.

9. Mr. Moore, Representative for the Registrar of Motor Vehicles, expressed a desire for an interpreter at the hearing. Mr. James Lee representative for the Applicant assured the Tribunal that it was unnecessary that it would delay the proceedings and that it would result in additional costs to the Applicant. The Applicant was not in attendance at the prehearing and the need for an Interpreter will be dealt with by the Tribunal panel at the hearing of this matter, if required.

Alan Holbrook, Presiding Member

RELEASED: August 29, 2001

MARSHALL

WENDY S. MARSHALL

Appeal under section 50.2 of the *Highway Traffic Act*,
R.S.O. 1990, Chap.H.8 as amended (the "Act"), from
the Order of the Registrar of Motor Vehicles
pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

WENDY S. MARSHALL, Applicant
Represented by JAMES MARSHALL.

DATE OF HEARING: August 17, 2001

DECISION RELEASED: August 22, 2001

Toronto
By teleconference

REASONS FOR DECISION

A hearing by teleconference was held on August 17, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Wendy S. Marshall (the "Applicant")
Motor Vehicle:	1999 Chevrolet Cavalier Z24, plate no. ADXJ032 (the "vehicle")
Date of Appeal:	July 27, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(a) and (d) of the Act.

This matter came before this Tribunal on August 17, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- The vehicle was stolen when impounded.
 - Police occurrence # 620490.
 - I am in Parry Sound on Holidays (705) 746-8716.
 - I left my vehicle with a licenced driver in order to ensure my daughter got her medication daily (in Belleville, Ont) She lives in Trenton, Not with me.
 - Driver was Brianna Graham - 26 years old - licenced.
 - This impoundment is unfair - causes severe hardship.
 - Please release my vehicle.
 - There have been temporary argt's made but I must have my vehicle returned. I need it Monday July 30th.
-

- My daughter goes to Oshawa weekly for a doctors care. (Trenton-Oshawa)
- She has to get medication from Belleville Ont daily. This medication is not available in Trenton.
- Doctor Esben has been her doctor for eight months now.
- First step medical clinic in Oshawa.
- Occurrence # 620940
- Vehicle was taken July 24th & impounded because the thief's licence was suspended.

Please contact me @ 705-746-8716 For a telephone hearing at the earliest convenience.
Thank you.

c.c. Kim Grosskurth

Mr. Marshall was affirmed and gave the following testimony on behalf of his wife, Wendy Marshall. Mr. Marshall testified that he and his wife had given the vehicle to Ms. Brianna Graham. They checked Ms. Grahams' driver's licence which she showed them and Mr. Marshall believed that it was valid. The vehicle was left with Ms. Graham in order that there would be transportation available to take Miss Marshall to Belleville and to Oshawa for her medical appointments. According to Mr. Marshall, the keys were stolen from Miss Graham by Jason Butler. Mr. Butler was stopped by police.

Mr. Butler admitted to having taken the vehicle without permission. Mr. Butler was arrested and the vehicle was impounded. Mr. Marshall believes that the impoundment is unjust and wanted the vehicle released. Mr. Marshall had nothing further to add and was excused.

Miss Brianna Graham was affirmed and gave the following testimony. She stated that the Marshalls had given her the car to take their daughter for medical appointments. Ms. Graham stated that on the evening of the impoundment, she went to bed leaving the keys and her purse on the kitchen table. Mr. Butler, who is also residing in the same home as Ms. Graham and Ms. Marshall removed the keys and took the vehicle without her permission. Testimony from Ms. Graham indicated that she called the police after she was called that the vehicle was going to be impounded. She reported the vehicle stolen to the Q.W.P.S. The evidence presented indicated that the Q.W.P.S. after their investigations, laid a charge of Take Auto Without Permission against the driver, Mr. Jason Butler. No charge of theft was ever laid.

Ms. Graham had nothing further to add was excused.

Mr. Jason Butler was affirmed and gave the following testimony. He stated that he stole the vehicle from Ms. Graham. He stated that he believed that he could do his errands and return the vehicle without anyone being the wiser. However, he was stopped by police and upon checking, the Police arrested him. He stated that he asked the police for a break and that the vehicle was not his and that he had borrowed it and perhaps Ms. Graham could come and pick it up. He believed that the vehicle was not going to be impounded however the QWPS after becoming more familiar with the motor vehicle impoundment program, issued the impoundment notice to the registrar and impounded the vehicle. Mr. Butler does not understand why he was not charged with theft of the vehicle. A sworn statement was submitted by Mr. Marshall in which Mr. Butler states " I removed the subject vehicle from the care and control of Ms. Brianna Graham". The affidavit does not indicated that the vehicle was stolen as the intent was to return the vehicle after it had been used without the knowledge of Ms. Graham to whom the vehicle had been entrusted.

Mr. Butler had no further information to give and was excused.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Jason Leslie Butler;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until April 10, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(a) and (d).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word “stolen” as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

There are two issues to be considered in this appeal and are dealt with hereunder.

First, should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle that is the subject to the order was stolen at the time in respect of which the order was made as per section 50.2(3)(a)?

(1) Stolen Vehicle:

The evidence before the Tribunal establishes that the driver of the subject vehicle, Mr. Jason Butler was in fact driving while under suspension for a criminal code conviction, impaired ability. The Tribunal accepts this as fact. The Tribunal also accepts the evidence as presented by the Quinte West Police Services. The evidence indicates that the vehicle which is the subject of the impound was in fact taken without permission by Mr. Jason Butler. However, there is no evidence before this Tribunal that Mr. Butler who used the vehicle without permission had the intent of permanently depriving the owner, Wendy Marshall of her vehicle. In fact, Mr. Butler testified that he had every intention after he finished using the vehicle, to "return it and put the keys back before any knew that I had taken it." This is sufficient evidence to confirm to this Tribunal that the impounded vehicle was indeed not stolen. Further, care and control was left with Ms. Brianna Graham and in fact the keys to the impounded vehicle were left out on a table which afforded anyone easy access to them showing a lack of concern. Mr. Butler who also resides at the same residence as both Ms. Graham and Ms. Marshall, seized the opportunity and removed the keys, but there is no evidence to support the allegation that the car was stolen.

While the Applicant has made statements to the Police to the effect that the vehicle was stolen, the Police after investigation, failed to lay a charge of stolen. After weighing the evidence presented, the Tribunal - therefore can find no evidence that the vehicle was in fact stolen as per Section 50.2.3(a).

(2) Exceptional Hardship:

Should the Tribunal set aside the Registrar's order to impound the vehicle as the basis that the order will result in exceptional hardship as per Section 55.2(3)(d)?

Mr. Marshall indicated to the Tribunal that he was abandoning this ground of appeal as it was his contention that the exceptional hardship suffered was only for the first two weeks of the impoundment period and that there was no longer exceptional hardship being suffered.

The Applicant has failed to meet the criteria as described in Section 22(4) of Regulation 632/98.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

RELEASED: August 22, 2001

GILLARD

DEBRA L. GILLARD

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: WILLIAM WARBURTON,
Presiding Member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

DEBRA L. GILLARD, Applicant
Unrepresented

DATE OF HEARING: August 15, 2001

DECISION RELEASED: August 24, 2001 Toronto

REASONS FOR DECISION

A hearing was held on August 15, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Debra L. Gillard (the "Applicant")
Motor Vehicle:	1986 Pontiac Bonneville, plate # ALBF 841 (the "vehicle")
Date of Appeal:	July 30, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on August 15, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

My common law husband took the car without my knowledge. He was stopped for driving under suspension and fail to comply with probation order. I am a single mother on family benefits and I need my car to look for employment. Also I do not and will not have the \$800.00 or \$900.00 the towing company tells me it will cost to pick it up after 45 days. I just bought the car in July 2001, I paid \$2000.00. This would be half the cost of the car.

The Applicant has been married common law to Daniel Campbell for fifteen years. Their young daughter, Heather, will be entering the third grade in September. Throughout their married life the Applicant has been the principal breadwinner. However, due to some health problems, she retired early from her job with the Toronto Public School Board in February, 2001. She received a retirement benefits package from the Board. The money that she received in her benefits package was used to pay debts, expenses and to purchase a car. The Applicant is not eligible to receive Employment Insurance benefits until February, 2002.

Daniel Campbell is a recovering drug abuser and alcoholic. He has been "clean and sober" for approximately the previous twelve months. Also, approximately twelve months ago, Mr. Campbell secured full-time employment. Previously, he had been without a steady job for ten years. In early May, 2001, he went on a medical leave of absence due to a severely infected finger. He has received no income during his leave of absence. He has filed a pending application for Employment Insurance sick benefits.

On June 18, 2001, Mr. Campbell was convicted of leaving the scene of an accident. He was sentenced to ninety days in jail to be served on weekends. His driver's licence was suspended until June 18, 2002.

On July 6, 2001, the Applicant purchased a 1986 Pontiac Bonneville for \$2,000. The purchase severely depleted her savings. She used the car when shopping for groceries, going to the laundromat, going to her appointments with a chiropractor. Also, she drove her husband to his medical appointments and on Monday mornings she drove him to their home from the Corrections Centre. In the fall she was planning to utilize the car to transport her daughter to school and to facilitate the Applicant's search for a new job.

On July 25, 2001, the Applicant drove her husband to St. Joseph's Medical Centre where he underwent day surgery on his finger. Later, while returning to their home from the Medical Centre, the Applicant and her husband had an argument about money. They had spent their last few available dollars to purchase gasoline for the car. Subsequently, they "did not have [money for] a bus ticket." Upon arriving at home, Mr. Campbell said that he was feeling shaky and that he wanted to go to an Alcoholics Anonymous meeting. He asked the Applicant to drive him to the meeting. The Applicant was feeling angry with her husband and she had a headache. Therefore, she refused to drive him to the A.A. meeting. She subsequently fell asleep. When she awoke she realized that her husband had left the house. Initially, she assumed that a friend had driven her husband to be A.A. meeting. Mr. Campbell was stopped by the police while driving homeward from the meeting. The car was subsequently impounded.

As a result of his actions Mr. Campbell is presently incarcerated on a full-time basis.

On July 30, 2001, the Applicant applied for social assistance. She presently receives \$957 per month in social assistance. Her rent is \$800 per month. She also receives approximately \$100 per month from the Child Tax Credit.

The Applicant's most acute concern about the impoundment is that she cannot afford to pay the impoundment fees. Therefore, she will be forced to forfeit the car and lose her investment of \$2,000.

Although the Applicant is entitled under the Act to recover costs arising from the impoundment from the suspended driver, Mr. Campbell has no current income and no apparent recoverable assets. Furthermore, as a matter of principle, the Applicant is reluctant to press any claim against him. She does not wish to make his situation any more aggravated.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Daniel Campbell;

3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of failure to remain at the scene of an accident under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was placed under suspension until June 18, 2002.

Questioned by the Respondent's representative, the Applicant stated that she does not believe that the health or safety of any member of her family is being jeopardized by the impoundment.

Also, as noted above, the Applicant outlined the nature of her vehicle utilization and her intended future utilization. She stipulated that prior to the purchase of the vehicle on July 6, 2001, she had relied upon public transportation and walking to meet her requirements. In particular, she stated several times that she needed the vehicle to transport her daughter to school. However, she said that during the previous school year she walked with her daughter to school. She also mentioned that her chiropractor is located in Richmond Hill and that it is particularly inconvenient and time consuming to travel there by public transit.

The Registrar's representative asserted that the impoundment only necessitated that the Applicant resume the lifestyle that she had pursued prior to the purchase of the vehicle. She submitted that the Applicant had not established that there is no alternative to the impounded vehicle available. Furthermore, she asserted that since the Applicant had owned the vehicle for only nineteen days prior to the impoundment, any losses arising from the impoundment cannot be regarded as immediate, significant and lasting.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed on the grounds that the impoundment of her vehicle will result in exceptional hardship.

Under Section 22 of Regulation 574 of R.R.O. 1990, as amended by Ontario Regulation 632/98, the owner must establish that no alternative to the impounded vehicle is available as a prerequisite condition for a finding of exceptional hardship under subsections (1) or (3).

Since the Applicant's responsibilities and transportation requirements have not significantly changed since the period prior to the purchase of the vehicle, the Tribunal must conclude that public transportation and walking do constitute somewhat less convenient alternatives to the impounded vehicle.

Furthermore, the Applicant has also failed to establish any of the other conditions required for a finding of exceptional hardship. In addition to establishing that no alternative to the impounded vehicle is available, the Applicant must establish that the impoundment will result in:

- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety...of a community in whose service the motor vehicle is ordinarily used; or
- (c) financial loss of employment or education that will be immediate, significant and lasting.

Regarding (c) above, the Applicant expressed considerable anxiety over her inability to pay the impoundment fees and the possible forfeiture of her car, and said that the possible forfeiture would represent a loss of the \$2,000 required to purchase the vehicle. The Applicant is not currently employed. However, financial loss may not be considered because there is an alternative to the impounded vehicle, as set out above.

Section 22.3(b) of Regulation 574, does permit the Tribunal to consider financial loss, but the losses contemplated in subsection 3(b) are losses incurred as a result of the loss of use of the impounded vehicle predicated on the assumption that no alternative to the impounded vehicle is available. Therefore, the impoundment fees are excluded from consideration as a loss under section 22.3. Similarly, the purchase price of \$2,000 is also excluded from consideration.

Regarding (a) above, the Applicant stipulated that she does not contend that the impoundment has placed the health or safety of any member of her family at risk.

Regarding (b) above, public health and safety is not at issue in this case.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

William Warburton, Presiding Member

RELEASED: August 24, 2001

LEFLER

DAVID LEFLER

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

DAVID LEFLER, Applicant
unrepresented

DATE OF HEARING: August 17, 2001

DECISION RELEASED: August 22, 2001 Owen Sound

REASONS FOR DECISION

A hearing was held on August 17, 2001, at Owen Sound, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	David Lefler (the "Applicant")
Motor Vehicle:	1988 Dodge N15, plate no. 5921JH (the "vehicle")
Date of Appeal:	July 27, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on August 17, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

At this time the Tribunal ordered the exclusion of witnesses, and the Applicant's witness left the room.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

My nephew told me time and time again that he had his licence so I didn't think to check it out cause I trust him. He is willing to state that. I need my truck for I live away from town some three miles and that's the only transportation I have to get my food and to the bank. My nephew will come with me to the hearing.

.....
To whom it may concern

I George Ryder did not tell my uncle about my fine and that I was okay to drive. Since he was my uncle he trusted me. He needs his truck to get around for he lives few miles from town and he has to buy his food and pay his bills. Sometimes he has to go out a fix Modle T Fords for his friends and he gets paid for this so its extra income for him for he is on a pension. He has no phone so he uses my number in case of emergency. I would appreciate if you gave him his truck back and I will pay for any cost.

George Ryder

P.S. He cant get his mail everyday so if you could send anything to me and I will get it to him.

George Ryder 6699 Falconer Dr. # 54
Mississauga ONT.
L5N-2E3

At the hearing the Applicant re-iterated his comments in the Notice of Appeal testifying that he assumed the driver of the vehicle at the time of the impoundment, had a valid driver's licence as he was "driving around". The Applicant did not ask to see the licence.

In cross-examination, the Applicant admitted that he did not ask to see Mr. Ryder's drivers licence.

The Applicant testified that he needed the truck to periodically allow him to "...fix antique cars..." in order to supplement his pension income.

The Applicant admitted to owning another vehicle, registered July 27, but stated that the vehicle was in Brampton for bodywork. Mechanically there is nothing wrong with the vehicle.

As for losses, the Applicant claims that no extra long lasting expenses have been incurred due to the impoundment of the vehicle.

The Applicant confirmed that he is inconvenienced by the inability to use the vehicle; nonetheless he manages to get about with the assistance of a neighbour.

The Applicant's health has not suffered as a result of the loss of the vehicle.

Mr. George Alexander Ryder, the driver of the vehicle at the time of impoundment, appeared as a witness on behalf of the Applicant. Mr. Ryder admitted to being guilty of deceiving the Applicant, by showing him a "phoney license". Mr. Ryder further remarked that the Applicant should not be made to "suffer" as a result of someone else's dishonesty.

The Applicant, in closing, repeated his desire to have the vehicle returned.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. George A. Ryder;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until November 23, 2001.

The Respondent offered no viva voce evidence at the hearing choosing to stand on the information provided.

In closing, the Respondent asked the Tribunal to confirm the decision of the Registrar and uphold the impoundment, on the grounds that “due diligence” requires an Applicant to do more than assume the driver has a valid driver's license.

As for hardship the Respondent maintained that the Applicant's testimony amounted to inconvenience but did not constitute hardship.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the due diligence and exceptional hardship grounds of appeal as provided in subsection 50.2(3)(c) and 50.2(3) and (d) of the Act, respectively.

The Tribunal will address the matter of due diligence first. Section 50.2 (3) (c) is clear in the requirement:

“that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s license of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension.”

The Respondent argues that “assumption” does not constitute due diligence. The Tribunal concurs. Due diligence requires that “all reasonable efforts” be made.

The 6th edition of Blacks Law Dictionary, defines “due diligence” as follows: “Due diligence, such a measure of prudence, activity, assiduity as is properly to be expected from and ordinarily exercised by a reasonable and prudent man under the circumstances, not measured by any absolute standard but depending on the relative facts of the case.”

Whether the Applicant was shown a “phoney licence” or “assumed” Mr Ryder had a valid licence, the fact remains that the Applicant made insufficient effort, to ensure that the individual to whom he loaned the vehicle was a licenced driver.

The Tribunal finds that the Applicant did not satisfy the criteria of Section 50.2(3)(c).

With respect to undue hardship as per subsection 50.2(3)(d) of the Act, the Tribunal will proceed to review the criteria required to meet the onus for consideration of financial loss.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant owns another vehicle, but has chosen to have bodywork done on the vehicle at this time. Further, the Applicant has been getting about with the assistance of his neighbour.

As the Applicant has alternate methods of transportation available, the Tribunal may not consider the provisions of 22.1 of Regulation 574.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of O. Reg. 632/98, Subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting.

The Applicant stated that he incurred no incidental or any other out of pocket expenses, as a result of the impoundment.

Thus, the Tribunal may not consider O. Reg. 632/98, Subsection 22(3)(b).

The Applicant having an alternative vehicle and the loss due to the impoundment not being immediate, significant or lasting, it is not necessary to review further criteria set out in the Regulation.

The individual affected by the impoundment, has an alternative method of transportation, and has incurred no significant or permanent loss.

After assessing the evidence presented, the Tribunal finds that the Applicant has not established exceptional hardship ground for appeal, as required under section 50.2(3) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: August 22, 2001

PAOLO

MARY ALICE PAOLO

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: SIMON DANN,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

MARY ALICE PAOLO, Applicant
unrepresented

DATE OF HEARING: August 20, 2001

DECISION RELEASED: August 23, 2001 Hamilton

REASONS FOR DECISION

A hearing was held on August 20, 2001, at Hamilton, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Mary Alice Paolo (the "Applicant")
Motor Vehicle:	1996 Chevrolet Monte Carlo(MLS) plate # MAP57 (the "vehicle")
Date of Appeal:	August 1, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on August 20, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

To whom it may concern:

July 27/01

On Friday July 20th around 5:30 a.m. my friends and me left for Bobcaygeon for a couple of days. My mother (Mrs. Mary Lou Paolo) took my cats that day before, July 19th, till I returned. We returned on Sunday July 22, approx. 10:30 a.m. I seen that my car was gone, I thought that my mother had come and got it because there other vehicle is in the shop for repairs. When I got inside my home, I noticed that I didn't have any messages as I picked up the phone to call my mother. I asked my mother to bring back my cats and if she had my car. She said that she didn't, then I told her I would call herback. I went to my bedroom to check if my spare set was under my mattress. As I was doing this Mr. A. Braster called me from the Thorold Detention Centre. I asked him about my car, if he had taken it, he said yes and then said haven't the police called me yet, I said no because I just had gotten home. I was extremely upset and started yelling at him, so he then hung up on me. Right then I phoned the police station to find out about my car. It took them about 5-8 min. to find where my car was, by now I'm going insane. The girl on the phone from the police station told me that my car was impounded in Oakville. The police station sent over Constable Pardoe, badge # 9652, Ext. 2200 905/688-4111 to make a report that my car was taken.

Mr. Braster lives with me only as a border/friend. I have known him for sometime and am aware that he is an alcoholic, I have been trying to help himout. He does not pay any rent, some food, and comes and goes as he pleases. When Mr. Braster gets out of jail he will no longer reside with me.

Thank you
Mary Alice Paolo

To whom it may concern

July 27/01

I Mary Lou Paolo picked up my daughter's Mary Alice Paolo cat on Thursday, July 19/01. She was going away for a couple of days with friends. On her return she called asked if I had her car I said "no". She called me later to day Mr. Braster had take it without her knowledge, he called to tell her he was in jail. She called the police they told her it had been impounded.

July 27/01
Mary Lou Paolo

The Applicant confirmed the information provided in the Notice of Appeal and added that she was unaware of Mr. Braster's lifetime licence suspension and neither did she know about the record of licence suspensions. The Applicant acknowledged that Braster would periodically take her car on errands and in response she had developed the habit of hiding her spare keys. The Applicant testified she had completed and provided to the police a charge of "taking without consent" against Mr. Braster and could not understand why there was no record of her charge. She also added that she did not think he was intending to permanently deprive her of the vehicle but was only intending to go to the liquor store and then return the vehicle.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Anthonius A. Braster;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 9, 2008.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;

- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(a).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed "stolen" if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

To be successful in this appeal, the Applicant must establish that the motor vehicle was stolen as set out in section 50.2(3)(a) of the *Highway Traffic Act*.

The Applicant has provided this Tribunal with no evidence to indicate that there was any "intent to deprive the owner of the benefit of ownership (or possession) permanently." The evidence clearly established that while the driver may have been using the vehicle without consent, the driver was a resident within the Applicant's home and, as confirmed by the Applicant, had been known to use the vehicle for short periods of time before returning it. The Applicant's testimony describing Mr. Braster's presumed intentions on the day the vehicle was impounded, supported the conclusion that it was the driver's intention to return the vehicle and that he was only prevented from doing so by the impoundment. The evidence does not support the Applicant's argument that the vehicle was stolen at the time of its impoundment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

TRIBUNAL: NEIL J. MACPHEE, Q.C.,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

MICHAEL MURL MAXEY, Applicant
CHRISTINA SWEET, Counsel for Applicant

DATE OF HEARING: August 21, 2001

DECISION RELEASED: August 29, 2001

Windsor

REASONS FOR DECISION

A hearing was held on August 21, 2001, at Windsor, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Michael Murl Maxey (the "Applicant")
Motor Vehicle:	1995 Chevrolet 1500 Series, plate no. XF8 699 (the "vehicle")
Date of Appeal:	August 1, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3) of the Act.

This matter came before this Tribunal on August 21, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing. Originals of documents from the Ministry of Transportation on file were submitted by the Registrar and the Appellant submitted a receipt dated May 11, 2001 issued by the Ontario Court of Justice to Ryan M. Maxey.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

1. I allowed my brother, Ryan Maxey, to operate my motor vehicle and honestly believed that he had a valid driver's licence to do so;
2. Although I know that he had a conviction for exceeding the breathalyser, I was advised by him that when he attended the court house to seek an extension for payment of his fine that he was advised by a Clerk that he did not have suspension;
3. I understood furthermore that he received a driver's licence in the mail from the Ministry of Transportation and Communication, that he contacted the Ministry to inquiry in terms of the validity of the licence which he had received, and was assured that they would not have sent him a licence if he didn't have authority to drive;
4. I further know that he received validation stickers which were affixed to his motor vehicle and it is my understanding that he would not be able to obtain validation stickers if in fact he had a suspended licence;
5. In view of the foregoing I had no reason to believe that he was driving while suspended;
6. Furthermore, I would not have allowed him to operate my motor vehicle if I know that he was suspended or had any reason to believe that he was suspended;
7. I reside in Leamington, Ontario which is approximately 45 miles from my place of employment in Windsor, Ontario and require this motor vehicle, which is my only motor vehicle, to travel to and from work and for all other necessary transportation purposes.

The driver, Ryan Marc Maxey testified as follows:

1. He admitted that his driver's licence had been suspended as set forth in Exhibit #5 until January 24, 2004 for the offence of driving with more than 80 mgs. of alcohol in his blood.
2. He attended at the Ontario Court of Justice on May 11, 2001 to make a payment on his fine as evidenced by Exhibit #6 and was told by a clerk that his licence was no longer suspended.
3. Subsequently, his mother telephoned the Ministry of Transportation and was told that his driver's licence was no longer suspended.
4. A valid driver's licence was sent to him in the mail after its 90 day suspension in March, 2000. He believed that someone had made a mistake and that he had "gotten lucky".
5. On the occasion of the impoundment, the police officer who pulled him over because his daughter was not secured properly in the car, conducted a search of his driving record and determined that his driver's licence was under suspension. The police officer took possession of the driver's licence.
6. He believed that through some mistake his driver's licence had been reinstated.

The Applicant/Owner Michael Murl Maxey testified as follows:

1. He knew his brother's driver's licence had been suspended in October, 2000.
2. His brother showed him the valid driver's licence issued to him in spite of the suspension.
3. His brother told him that a clerk at the Ontario Court of Justice told him that his driver's licence was not under suspension.
4. His mother told him that she had telephoned the Ministry of Transportation and was told that his brother's driver's licence was not under suspension.
5. He lent his truck to his brother only on the one occasion, the day of the impoundment.
6. He would not have done so if he had known that his driver's licence was suspended.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Ryan Marc Maxey;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS of Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 24, 2004.

No witnesses were called for the Respondent who relied on Exhibits 3, 4 and 5 to establish the offence and the reason for the impoundment.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

- (3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: **A.** adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish that he had exercised due diligence in determining that his brother the driver had a valid driver's licence. The inquiries that were made and the information known to the Applicant are set out above. As pointed out by counsel for the Applicant, the definition of "due diligence" as contained in Black's Law Dictionary states that the standard is what a "reasonable person" would do.

After assessing the evidence presented, the Tribunal finds that the Applicant has established that he did in fact exercise due diligence in reaching the conclusion that his brother had a valid driver's licence.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal sets aside the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

On behalf of Applicant

DATE OF HEARING: August 22, 2001

DECISION RELEASED: August 27, 2001 Toronto

REASONS FOR DECISION

A hearing was held on August 22, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the Highway Traffic Act, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under Section 50.2 of the Highway Traffic Act, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under Section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Winston O. Lennon (the "Applicant")
Motor Vehicle:	1985 Chevrolet CCL, plate no. 623 RWK (the "vehicle")
Date of Appeal:	August 1, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven as provided in Section 50.2(3) of the Act.

This matter came before this Tribunal on August 22, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal indicated that the ground of appeal was that the vehicle was stolen, but the owner did not submit any written documentation with his notice of appeal form setting out any details supporting the owner's position.

Winston O. Lennon was sworn in and gave evidence. He indicated that his 1985 Caprice vehicle was not working and required immediate repair. A tow truck brought his car to the Evon Auto Repair shop.

Mr. Lennon had dealings with Evon Auto Repair for, at least, the past 25 years; where he had his vehicles variously repaired. He indicated that, a couple of days after his car was towed in, he was advised that his car had been impounded.

Police Constable Jason Wrong had contacted him and told him what had happened. Mr. Lennon indicated that he did not know the person who took his car. He also advised that Police Constable Wrong would want a video statement regarding the potential theft of his car; if he chose to go that route.

On August 8, 2001, Mr. Lennon appealed the Order of Impoundment on the grounds that the car was stolen; requesting that the Order of the Registrar of Motor Vehicles be appealed and set aside.

Mr. Lennon testified that he was quite upset that his car had been driven without his knowledge and he did not know the person who had taken his car. The keys had been with his car when it was towed to the Evon Auto Repair shop; which he considered normal given that the keys would be required to start the car and unlock the wheels.

He had assumed that, if the car were to be driven, it would strictly be driven in the context of potential road testing. He indicated that he had no idea who Stuart L. Miller, the driver of his car, was or his relationship with the garage. Mr. Lennon's relationship was with Mr. Bell, owner of Evon Auto Repair. Mr. Miller was driving Mr. Lennon's car at the time he was charged with impaired driving (July 15, 2001). His licence had been previously suspended and cancelled and was unrenewable.

Evon Bell, owner of the Evon Auto Repair shop, provided evidence as a witness for Mr. Lennon. He was sworn in and testified that Mr. Miller was not an employee of his; however, he had used space at his shop to repair various vehicles.

On the date that the vehicle was impounded, July 15, 2001, Mr. Bell had asked Mr. Miller to attend to some minor transmission leaks to Mr. Lennon's car and to contact Mr. Lennon that his car was ready. He indicated that he never gave permission to Mr. Miller to drive the car. He simply advised him to call Mr. Lennon which, apparently, he never did.

Mr. Bell indicated that he did not know that Mr. Miller did not have a valid driver's licence and he testified that Mr. Miller had often driven cars in and out of the lot in the course of his own specific repairs. His evidence was that he had not given specific permission to Mr. Miller to drive the car. He solely asked that Mr. Miller attend to some minor repairs on the vehicle and to call Mr. Lennon that his car was ready.

Under cross-examination by Kyle M. Biel, representative for the Registrar of Motor Vehicles, Mr. Lennon indicated that, when his vehicle was being towed away for repair, he did not specifically ask that the vehicle not be driven. He acknowledged that no charge of theft had been made against Mr. Miller given that Police Constable Wrong had never got back to him in a timely fashion to take a video statement.

Under cross-examination, Mr. Bell indicated that he had spoken to Police Constable Wrong, and the officer had advised him that theft charges would not be appropriate since Mr. Miller had access to the vehicle and it could not be proven that he took the car without consent.

In his closing statements, Mr. Lennon felt strongly that the person who took his car without his consent should be the one to pay the penalties and costs for the impoundment. He asked that the vehicle be released immediately given that he operated a small business and that his business was suffering as a result of the lack of the vehicle.

Mr. Biel's closing statement centred on the reason of appeal being based upon the car having been stolen. He presented the case that Mr. Miller had implied consent to use the vehicle in the course of its repair, the keys were readily available for the car, and there was no evidence that he was not going to return the vehicle; which is a major test to determine whether or not the vehicle was stolen.

A review of Mr. Miller's driving records indicates that he was previously convicted for impaired driving on at least four occasions. His status is unlicencable.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner or if different names registered as vehicle owner and as plate owner, then indicate which one the Applicant is.
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Stuart L. Miller.
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle.
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence Driving while licence suspended under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until June 18, 2003.
5. Notice of Appeal Form received at the Tribunal August 1, 2001; filed by the Applicant.

Items 1, 2, and 4 were couriered to the Applicant on August 14, 2001.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and Section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to Subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to Subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

- (3) Upon notification under Subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this Section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this Section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this Section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in Section 50.2 of the Act, with Subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under Section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By Subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the Section is defined in Subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in Subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in Subsection 50.2(3):

(3) The only grounds on which an owner may appeal under Subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or

- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of Subsection 50.2(3)(a).

With respect to an appeal under Subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of “stolen” is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of “stolen” as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black’s Law Dictionary (Sixth edition), page 1419-1420 provides the definition of “stolen” as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word “stolen” as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

APPLICATION OF LAW TO FACTS:

The Applicant had filed his appeal under Section 50.2(3)(a) of the Highway Traffic Act. Section 50.2(3)(a) states that an order to impound a vehicle may be set aside if the “motor vehicle that is subject to the Order was stolen at the time in respect of which the Order was made.”

In this particular instance, Mr. Lennon's vehicle was taken by Mr. Miller, who used space at the Evon Auto Repair shop. Mr. Miller repaired cars at the Evon Auto Repair shop where he utilized some of the space and was well known to the owner. Mr. Bell, owner of the auto repair shop, asked Mr. Miller to make some minor repairs to the vehicle and to call Mr. Lennon. He would not have normally been shocked or surprised to see the vehicle gone from the lot, on a temporary basis, since repairs would have been recently undertaken. It has not been established that his intent was to steal the vehicle and not return it permanently.

The onus is on the Applicant to prove the case that his vehicle was stolen. Whilst he indicated that the vehicle was driven on the day of its impoundment without his specific consent, Mr. Lennon had, in fact, consented to have the vehicle repaired at a shop where he had dealings for many years and a test drive of the vehicle is a reasonable possibility. It was not proven that Mr. Miller took Mr. Lennon's vehicle without any intent of returning it.

It is noted that Mr. Miller, driver of the vehicle, was not charged with theft.

The Tribunal finds that the evidence presented is insufficient to support the grounds of appeal that the vehicle was stolen at the time of impoundment as described by Section 50.2(3)(a) of the Highway Traffic Act.

Accordingly, the Applicant's ground of appeal based on the vehicle being stolen is dismissed.

This case describes an unfortunate situation where a man, in good faith, left a car for repair at an auto shop. It was subsequently driven on a short or temporary basis by a driver whose licence was under suspension and who, in fact, was unlicencable. The Tribunal would wish to draw the Applicant's attention to Section 51.1(21) of the Highway Traffic Act which states that:

"The owner of a motor vehicle that is subject to an order to impound under this Section may bring an action against the driver of the motor vehicle at the time the order was made to recover any costs or other losses incurred by the owner in connection with the order."

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under Section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Dino Bottero, Presiding Member

RELEASED: August 27, 2001

FOSTER

JULIE A. FOSTER

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: SIMON DANN,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

JULIE A. FOSTER, Applicant
unrepresented

DATE OF HEARING: August 20, 2001

DECISION RELEASED: August 23, 2001 Hamilton

REASONS FOR DECISION

A hearing was held on August 20, 2001, at Hamilton, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Julie A. Foster (the "Applicant")
Motor Vehicle:	1996 Chrysler Intrepid, plate no. 999 RJF (the "vehicle")
Date of Appeal:	August 2, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on August 20, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I was doing a friend a favour by driving him from Hamilton to Thunder Bay. I was extremely exhausted he offered to drive.

I'm separated and need my car for work. I reside in Hamilton and work in Burlington. I also have a pregnant daughter who relies on my car. I had assumed that my friends licence was reinstated. My car is now in Sault Ste Marie which is quite an inconvenient drive for me to attend a hearing. I'm also under a doctors care for depression and this situation is putting more stress on me.

I require my car before the 45 day limit.

The Applicant confirmed she had allowed her friend to help out with driving the long distance to Thunder Bay and that she was unaware his licence was suspended nor that he had never been licenced.

The Applicant confirmed she lives in Hamilton and works in Burlington but has been off on stress leave since about a week before the impoundment incident. She is separated from her husband. Her pregnant daughter, who has a young child, used the car to take her child to the babysitter but she did not use it on a daily basis. In the meantime, her son had been helping out by taking the child to the babysitter.

The Applicant confirmed she was not certain when she would be returning to work. She has an upcoming doctor's appointment and may be advised she could return to work by August 27, 2001.

The Applicant acknowledged she had made no inquiries about car pool participation because she worked flex hours. She acknowledged she had not looked into GO bus schedules even though the Aldershot station would be near her place of employment and she could take a taxi the balance of the distance. The Applicant confirmed she had rented a vehicle during the impoundment and that she felt it as a financial loss.

The Applicant also confirmed there had been no loss of employment, no loss of education and that she had no knowledge of any missed doctor's appointment by her daughter due to the impoundment.

The Applicant said that she had no hope of being able to obtain compensation from the driver of her vehicle for the impacts caused by the impoundment.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Christopher Gregorchuk;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 4, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Regulation 632/98 provides specific criteria the Tribunal is to take into consideration in determining if the Applicant has suffered exceptional hardship as a result of the impoundment of her vehicle. Under section 22(1) of the Regulation, the Tribunal may consider the health or safety of any person ordinarily transported in the vehicle. Under section 22(2)(3) financial or economic loss or loss of employment is not to be considered unless there is alternative to the impounded vehicle.

As to the Applicant's appeal to have the impounded vehicle returned on the basis that the loss of the vehicle will result in exceptional hardship, the evidence that was presented confirmed (i) that as the Applicant was on medical leave from her place of employment from just prior to the time the vehicle was impounded there had been no loss of employment; (ii) that alternative arrangements had been made for family and personal transportation needs; (iii) that no medical appointments had been missed; and (iv) that public transit options were also available in the event the Applicant returned to work before the end of the impoundment period.

Accordingly, the Applicant has not established exceptional hardship as required under the Regulation 632/98 and section 50.2 of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Simon Dann, Presiding Member

RELEASED: August 23, 2001

THOMSEN

KIM THOMSEN/CITY PAWNBROKERS LIMITED

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: JEAN-MARC LEFEBVRE, Q.C.,
Vice-Chair Presiding

APPEARANCES: KIM GROSSKURTH
Representative for the Registrar of Motor Vehicles

KIM THOMSEN/ CITY PAWNBROKERS LIMITED,
Applicant unrepresented

DATE OF HEARING: August 22, 2001

DECISION RELEASED: August 28, 2001 Ottawa

REASONS FOR DECISION

A hearing was held on August 22, 2001, at Ottawa, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal shown on the Notice of Appeal are as follows:

Owner:	Kim Thomsen (the "Applicant")
Motor Vehicle:	2001 GMC Jimmy 4x4, plate no. 440 YJR (the "vehicle")
Date of Appeal:	August 2, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on August 22, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Tribunal made its ruling on the preliminary issue which follows.

A request was made for a ruling as to whether Applicant is the "owner" as defined under subsection 50.2 (11) and if not, the Applicant requested permission of the Tribunal to amend the Notice of Appeal to indicate the correct name of the vehicle/plate owner as shown on the actual plate and registration documents, namely: City Pawnbrokers Limited. The agent representing the Registrar of Motor Vehicles consented to this request. Accordingly, the Tribunal granted the request and ordered that the style of cause of this matter be amended to show the name of the applicant to read Kim Thomsen/City Pawnbrokers Limited and ordered that the notice of appeal be also deemed to include the name City Pawnbrokers Limited with Kim Thomson being its authorized agent for the purpose of this hearing.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- only form of transportation
- I live 45 minutes out of town and I work in town
- have three children to provide for who also have volunteer work and activities
- husband was charged not convicted
- vehicle was taken off private property where husband was charged
- we also volunteer our time to helping with childrens programs
- vehicle is also used for business is also registered under the business
- there are no public transportation in the country

The only witness presented by the Applicant was Kim Thomsen. She was very credible and her evidence was forthright. She stated that she had taken over her husband's pawn brokerage business approximately five (5) years earlier and that she was the sole director, officer and shareholder thereof; previously her husband had been a shareholder thereof with other shareholders and the business had been reorganized so that she was the only one having any interest therein.

She stated that the police had advised her that her husband was not to be involved in the business as there were concerns due to his "record" and that, as such, he was simply not involved. Instead, he stays at home with the children but he is not very proficient at that task and she has to get back home early in the afternoons to take care of her children, aged 6, 10 and 12. Her husband does not work and he has been under suspension from driving any motor vehicle for various previous *Criminal Code of Canada* offences and he is currently under a lifetime suspension for "dangerous driving".

She is the sole provider for the household. She lives out in the country at or near Sarsfield Ontario, a small hamlet with one country store, 45 minutes from her place of business where there is no public transit and there are no taxis. She maintains that she has no family or friends in the area upon whom she can depend.

She has rented a vehicle since the date of impoundment at a cost of \$500.00 per week, making the payments by "maxing out" her credit card and she states that she cannot afford to pay off the card. She claims that she has no source of income to continue the payments other than her drawings of \$3000.00 monthly as a salary from the business and she maintains that her expenses: groceries, mortgage, insurance, and payments on her credit cards eat up all of her income. Her business has revenues averaging \$8,000 to \$10,000 per month and her overhead averages \$4,000 to \$5,000 per month.

She owes personal back taxes and the business owes some arrears in payroll deductions for both herself and two other employees of the business. The business has an inventory of approximately \$65,000; however, these assets are not liquid i.e. these are pawned items which she must keep at least 30 days for customer purposes and retain a further 30 days for other legal purposes, or as she says for "police" purposes, before she can dispose of them. She did not allude to any outstanding business loans but she did state that she was concerned that her inability to pay the replacement car rental costs could put her out of business. She did not produce any personal or business financial statements to corroborate her financial situation.

She made much of the fact that a vehicle is needed for her to transport her children to extracurricular activities to Orleans, Ontario, where she provides volunteer services while her children are involved in the activities, as a method of reducing the cost to her for her children's activities, i.e. she provides 33 hours of volunteer service per month to set off part of the children's registration fees. She would have to stop these activities, if she has no vehicle.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of City Pawnbrokers Limited as owner and as plate owner,

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Arno H. Thomsen and the vehicle owner is City Pawnbrokers Ltd. (sic.);
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Dangerous Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension for life.

The Registrar of Motor Vehicles did not present any witnesses and the documents produced by the Registrar were not contested by Kim Thomsen, agent on behalf of the Applicant. The representative for the Registrar of Motor Vehicles agreed to permit the Applicant to produce a copy of registration documents to establish the correct name of the vehicle/plate owner. This was done.

Upon cross-examination, the Applicant stated that the impounded vehicle was a 2001 vehicle purchased a few days before the impoundment and that the business had made a conscious decision to purchase a newer vehicle. Although it was not "brand new", this was suggested as an indication that the business felt it had the ability to purchase such a vehicle. The Applicant's response was to the effect that a replacement vehicle was needed and that the one selected suited the purpose. The Applicant did not really explain how such a decision was made, if the business was in such dire straits. The Tribunal is not persuaded that the business would fold as a result of continuing the \$500 per week rental for a replacement vehicle for the relatively short number of days remaining until the impoundment lapses.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

As to the issue whether the loss of the vehicle will result in exceptional hardship the evidence established that the Applicant was, in fact, able to secure an alternative vehicle. While there is no doubt that the Applicant personally and the business are suffering financially, immediately and significantly, it is the view of this Tribunal that the ultimate effect upon them will not be lasting. The Tribunal holds that the business will survive despite the extra burden of the weekly rental for the alternative vehicle payments.

The Applicant has therefore not discharged the onus of establishing that the conditions contemplated by all 6 subclauses of section 22(3) have been met.

The Tribunal finds that the hardship being faced is not “exceptional” hardship as contemplated under section 50.2 of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Jean-Marc Lefebvre, Q.C., Vice-Chair

RELEASED: August 28, 2001

RAFUSE

MICHELE RAFUSE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NORMAN MEALING,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

MICHELE RAFUSE, Applicant
unrepresented

DATE OF HEARING: August 23, 2001

DECISION RELEASED: August 29, 2001

Toronto
By teleconference

REASONS FOR DECISION

A hearing by teleconference was held on August 23, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Michele Rafuse (the “Applicant”)
Motor Vehicle:	1993 Plymouth Acclaim, plate no. AKFJ 593 (the “vehicle”)
Date of Appeal:	August 3, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on August 23, 2001 and proceeded as an oral hearing. The Applicant participated via teleconference.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am a married mother with a 21/2 yr old daughter. On July 23/01 my husband was at our newly rented home - cleaning, preparing and painting the house so that we could move in. I am almost 9 months pregnant with our second child. I had driven the car to the new house to pick up my husband so that he could come home for supper. It was extremely hot this day. We arrived home after running a few errands and prepared dinner. Around 9pm my husband wanted to go back to the house to continue on with repairs - he asked that I drive him back. I was very pregnant, exhausted, trying to settle our 21/2 yr old - in the middle of a bath. So I asked my husband to just drive the car back to the house as I was very tired. He did so reluctantly but was wanting to finish repairs ASAP. He drove carefully, within the speed limit and followed all the rules. When he arrived to our new neighbour hood (much to be desired a reputation for "questionnaire activity" at all times of the day) - a police officer stopped him. Not because he was observed driving erratically or broke the law - only because of the neighbourhood and the type of car we drive is high on the "theft list". Continued impoundment of the car will I feel result in exceptional hardship for me. I have just gone on maternity leave I am the only person in the household with an income - and how that is much more limited. I am expecting the birth of my 2nd child any day now. My due date is Aug 2/01 with no way to the hospital if I have no car or no way to bring my child home. To me the loss of the car will obviously affect me and my children while it was not my licence that was under suspension. I do accept responsibility for my part and am regretful of my decision to ask my husband to drive. I wish I wasn't tired, pregnant and giving my 21/2 yr old daughter a bath - those are the facts. I cannot change them. I respectfully ask for your mercy and understanding in this matter and would like this to be resolved as soon as possible.

Thank you
Michele Rafuse

The Applicant repeated the circumstances surrounding the impoundment of her vehicle, and the basis for her appeal. She advised the Tribunal that she had recently given birth [August 13th], and that her baby was delivered via caesarian section which resulted in complications requiring a longer than expected stay in hospital. She also pointed out that the circumstances of her baby's birth meant she was under doctor's orders to avoid over-exerting herself through lifting, walking, etc. for a period of six weeks. She also made the point that the circumstances of her baby's birth meant that there were more frequent visits to their doctor. In response to questioning, she indicated that she initially relied on walking immediately following the impoundment, that a friend had transported her to and from the hospital, and that her family had been staying with her for the past three days. She also acknowledged the availability of public transit. She discounted the use of taxis as too expensive given her present income, i.e. maternity leave benefits.

The Applicant also acknowledged that she had encouraged her husband to drive her car on the night it was impounded, and that she was aware that his driver's licence was under suspension at that time.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by William Christopher Gordon;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving with more than 80 MGS Alcohol in Blood under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 3, 2002.

The Respondent questioned the Applicant with respect to the availability of alternative transportation, in particular, transit, taxis, friends, and families. She also questioned the Applicant as to whether or not she had contacted social services to help out, specifically in relation to the trips to and from doctors' appointments. In reply to this line of questioning, the Applicant indicated that she had spoken to a social worker while in hospital but had not pursued this possibility further. The issue of financial hardship was raised, and the Applicant pointed out that the most significant financial issue was the fee payable to retrieve her car from the impound.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Exceptional hardship requires that the Tribunal consider whether or not the impoundment will result in a threat to the health or safety of any person ordinarily transported by the motor vehicle, and while the circumstances of the birth of the Applicant's baby were such that visits to the doctor are more frequent, the availability of alternative transportation, including emergency services, if required, suggest that the health and safety of the Applicant and her baby are not at risk due to the loss of her motor vehicle.

Exceptional hardship also requires that the owner demonstrate that no alternative to the impounded motor vehicle is available. Under questioning, the Applicant acknowledged that she had been able to manage thus far with the help of friends and family, and that public transit was available, although she considered it inconvenient.

In addition, exceptional hardship requires that the owner demonstrate that the loss associated with the vehicle will be immediate, significant, and lasting. Under questioning the Applicant confirmed that most significant issue facing her was the cost of retrieving her vehicle from the impound. She also confirmed that her own employment circumstances had not changed in that she continues to receive maternity benefits.

On the evidence before it, the Tribunal finds that the Applicant has not established that the impoundment of the vehicle has resulted in exceptional hardship, as required under section 50.2(3)(d) of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Norman Mealing, Presiding Member

RELEASED: August 29, 2001

TASSIE

PAMELA T. TASSIE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

PAMELA T. TASSIE, Applicant
unrepresented

DATE OF HEARING: August 24, 2001

DECISION RELEASED: August 29, 2001 Owen Sound

REASONS FOR DECISION

A hearing was held on August 24, 2001, at Owen Sound, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Pamela T. Tassie (the “Applicant”)
Motor Vehicle:	1993 Ford Taurus Wagon, plate no. 319 XXJ (the “vehicle”)
Date of Appeal:	August 7, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on August 24, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

Prior to the commencement of the Hearing the Respondent requested an exclusion of witnesses and provided the Tribunal with original certified copies of the documents on file.

There were no other preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

July 31, 2001

Licence Appeal Tribunal
1 St. Clair Avenue West, Suite 1200
Toronto, Ontario
M4V 1K6
Telephone: 416-314-4260
Fax: 416-314-4270
or 426-314-6307

To whom it may concern,

Re Impound order No. 1504524

I Pamela Tassie am the registered owner of the vehicle as well as the plate owner.

The car in question was lent to a Mr. Edward Conway as he had appointment's to attend to in Owen Sound and his vehicle was in need of repair. Unfortunately he did not take enough precautions in order to make sure the vehicle was only driven by him. He is a licenced driver.

The loss of the vehicle is an exceptional hardship to me as I am currently applying for a disability pension and there would be no way I could afford the \$1200.00 fee to release the car. The car was a gift in the first place from my brother in-law as he didn't like to see his nieces riding around in unsafe vehicles.

I am currently in treatment at the South Grey Mental Team in Markdale Ontario because of a sexual assault. I have attached a letter of proof from my counsellor stating that I am receiving help from them. I have had to cancel my appointments due to no transportation. The only way would be to hire a taxi which I cannot afford as it is \$30.00 round trip. It is approximately 10 miles to town I am unable to lease or replace this vehicle because of my lack of income. I receive \$830.00 per month from social services of which \$500.00 goes out from rent.

I live in rural Ontario and I would be unable to continue my every day needs without the vehicle.

They are as follows;
To seek mental health counselling

To attend doctor appointments with my family physician for myself & children
To pick up my Prescriptions from the Pharmacy
