Decisions

(released January 1, 2002 to March 31, 2003)

**LICENCE
APPEAL
TRIBUNAL**

LICENCE APPEAL TRIBUNAL

CHAIR – Carl. F. Dombek
to April 30, 2002 – G. Kent McClure, Q.C.

VICE-CHAIRS

Victor L. Drevnig, Q.C.	Sheena J. MacAskill
E. Alan Garbe	Douglas C. Mackintosh
F. Bruce Fitzpatrick	William McIntosh
Marjorie L. Hiley	Brian K. Marotta
David J. Hunt	Joanne N. Morrisette
Irving Andre	Brian H. Somer
Derek Israel	Michael H. Turk
Stephen J. Kelly	Terence A. Wardrop, Q.C.
Jean-Marc Lefebvre, Q.C.	

GENERAL MEMBERS

Antoine Albert Aouad, M.D.	Terrence V. Lorette
Elaine Argue	Neil J. MacPhee, Q.C.
Ross C. Bennett, M.D.	Roy Melvin, M.D.
Donald Benninger	Peter Menzel
Dino P. Bottero	Elmer Merkley
John Carmichael, M.D.	Nives Montano
Stuart S. Cork	M. John Oostrom
John Corsi	John Ort
Simon Dann	Al Pilutti
Richard C. Delaney	Nick Pinto
Robert M. Ehrlich, M.D.	Kenneth S. Raven
Paul Faris	Anthony Saldanha
Malcolm Fealing	Charles J. Sandiford
Barbara A. Fraser	Elizabeth L. Sproule
Joan Gentle	Susanna Stark
Howard J. Goldstein, M.D.	Joseph Strung
Christopher D.J. Hacio	Phillip Warren Sweetnam
William Haskett	Cecilia J. Taylor
Joe Hewitt	Jerome D. Taylor
Alan Holbrook	Patricia Emily Tyson
Raymond Kolynchuk	Ledwina Vuicic
Kenneth W. Koprowski	Clarke Wallace
Gilles A. Lamarche, D.C.	William J. Warburton
Jeffrey M. Lee, D.C.	Frank W. Wolman
Albert Longo	

CHIEF ADMINISTRATIVE OFFICER AND REGISTRAR – Francine Blais

LICENCE APPEAL TRIBUNAL

2002-2003 LAT DECISIONS
(released January 1, 2002 to March 31, 2003)

CITED 2002 L.A.T.

- Contains full decisions and reasons given

Made available pursuant to the

Licence Appeal Tribunal Act, 1999,

Ministry of Consumer and Commercial Relations Act,
Revised Statutes of Ontario, 1990, Chapter M. 21

and the

Highway Traffic Act,
Revised Statutes of Ontario, 1990, Chapter H. 8

INDICES

CEMETERIES ACT

COLLECTION AGENCIES ACT

CHILD AND FAMILY SERVICES ACT

DAY NURSERIES ACT

FUNERAL DIRECTORS AND ESTABLISHMENTS ACT

HIGHWAY TRAFFIC ACT

MOTOR VEHICLE DEALERS ACT

ONTARIO NEW HOME WARRANTIES PLAN ACT

PRIVATE CAREER COLLEGES ACT

REAL ESTATE AND BUSINESS BROKERS ACT

TRAVEL INDUSTRY ACT

The *Highway Traffic Act* decisions have been divided into six sections based on the type of appeal. The six sections and their letter code abbreviations are set out below.

SECTION CODES:

Abbreviation	Description
ADLS	Administrative Driver's Licence Suspension
CVIS	Commercial Vehicle Impoundment Suspension
CVOR	Commercial Vehicle Operator Registration
GARAGE/MVIS	Garage – Motor Vehicle Inspection Station
MEDICAL	Licence Suspension or Downgrade for Medical Reasons
MVIA	Motor Vehicle Impoundment

A brief code has been added to many of the file names to help categorize the decision (for example, “EXHP” indicates the appeal ground of exceptional hardship). A table setting out the meaning of these codes is set out below. The code table for three sections (MVIA, ADLS and MEDICAL) can be viewed by clicking on the section name in the index.

APPEAL/DECISION CODES

Type	Code	Description
ADLS	ADJ	Adjournment
	ANX	Anxiety Attack
	ALLERGY	Allergy
	ASTHMA	Asthma
	CHEST	Chest Pain
	CLEFT	Cleft Palate
	COLD	Cold
	COUGH	Coughing & Breathing
	FIBMG	Fibromyalgia
	GAG	Gagging
	HDTR	Head Trauma
	HYP	Hyperactive Airway Disease
	LUNG	Lungs
	MANC DEP	Manic Depressive
	MISTAKE	Mistaken Identity
	NOMC	No Medical Condition
	NOSHOW	No Show
	PAND	Panic Disorder
	PULD	Pulmonary Disorder
	RESP	Respiratory Problem

Type	Code	Description
MEDICAL	ADJ	Adjournment
	ALCL	Alcohol
	ANEU	Aneurysm
	CARD	Cardiac
	DOWN	Downgrade of Licence
	DRUG	Drugs/Medication
	EPIL	Epileptic
	MDIS	Mental Disorder
	MINF	Myocardial Infection
	MTR	Motor Dysfunction
	NOMC	No Medical Condition
	PERC	Perceptual Problems
	SEIZ	Seizure
	SIGHT	Sight
	TUM	Tumor

Type	Code	Description
MVIA	ADJ	Adjournment
	DUDI	Due Diligence
	EXHP	Exceptional Hardship
	NUSP	Not Under Suspension
	STLN	Stolen
	TIME	Extension of time to file

LICENCE APPEAL TRIBUNAL

INDEX

2002-2003 LAT DECISIONS

KEY to "ORDER/RULING" and "FINAL OUTCOME" columns

Consent	Agreement reached by parties
Adjournment	Hearing moved to new date(s)
Order/Ruling	Decision on a procedural matter
Successful	Applicant Successful
Successful, in part	Applicant Successful, in part
Unsuccessful	Applicant Unsuccessful

KELLY

MICHAEL KELLY

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: MALCOLM FEALING,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

MICHAEL KELLY, Applicant
MICHAEL FAIR, Counsel for Applicant

DATE OF HEARING: December 27, 2001

DECISION RELEASED: January 3, 2002

By Teleconference

REASONS FOR DECISION

A hearing was held on December 27, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Michael Kelly (the "Applicant")
Motor Vehicle:	1994 Pontiac SLE, plate no. 682 THX (the "vehicle")
Date of Appeal:	December 10, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on December 27, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

To:

Licence appeal tribunal

RE: Michael Kelly-vehicle impoundment

The continued impoundment of my only motor vehicle currently licenced and insured is an economic hardship to me, as I have no opportunity for employment, except to arrange for transportation by another driver using my car. I have current work available as a tree removal worker, provided that I can obtain the release of my vehicle.

Mr. Michael Fair the Applicant's counsel advised that he did not have anything to add to the Applicant's submission. Mr. Kelly acknowledged his guilt, but wished to have his car back in order to apply for a job as a tree removal worker.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Michael Kelly;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under

suspension until June 13, 2007.

The Respondent did not have any questions to put to Mr. Fair.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases

where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to

impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,

- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

(2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

(3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

(4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Section 22(3)(d)(i) of Regulation 632/98 amending Regulation 574 of R.R.O. 1990 limits the

grounds of appeal under section 50.2 of the *Highway Traffic Act*. Section 22(3)(d)(i) excludes economic or employment loss as a ground of appeal if such loss is that of the driver of the impounded vehicle whose driver's licence was under suspension which resulted in the vehicle's impoundment. Here, the economic and employment loss raised by the Applicant is his own. However, the Applicant is also the driver whose driver's licence was under suspension, which resulted in the vehicle's impoundment. This type of loss cannot be considered by the Tribunal as exceptional hardship under section 50.2(3)(d) of the *Highway Traffic Act*.

No evidence of any other type of loss was raised by the Applicant. Accordingly, the Applicant has not established the exceptional hardship ground of appeal under section 50.2 of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Malcolm Fealing, Presiding Member

RELEASED: January 3, 2002

McLAREN

DAVID LARRY McLAREN

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: BRIAN K. MAROTTA, Vice-Chair

APPEARANCES:
JAMES R. MCINTOSH, Counsel representing the Applicant
KAREN JONES, Counsel representing the Ontario New Home Warranty
Program

DATES OF
HEARING: March 19 and 20, 2001 Sudbury

RULING

WHEREAS the Applicant had appealed to the Licence Appeal Tribunal from a written Decision of the Respondent dated August 8, 2000 and supplementary Decision letter dated September 28, 2000;

AND WHEREAS the matter was heard in Sudbury, Ontario, on March 19 and March 20, 2001;

AND WHEREAS at the conclusion of the hearing, the Respondent brought a Motion to dismiss the Applicant's appeal on the basis that the warranty period had expired prior to the Applicant making a claim on the Respondent;

AND WHEREAS the Respondent's Motion was allowed;

AND WHEREAS the Honourable Justice R. G. S. Delfrate made an Order on November 8, 2001 that the matter be returned to the Licence Appeal Tribunal for determination as to:

- (a) whether the deficiencies forming the subject matter of the Applicant's claim under Section 14 of the *Ontario New Home Warranties Plan Act* made June 29, 1999, constitute a continuation of the major structural defect reported in writing to the Respondent on August 23, 1995, and;
- (b) the quantum of compensation to which the Applicant is entitled, if any.

AND WHEREAS the Tribunal has reviewed the oral and documentary evidence provided by the parties at the hearing, the Tribunal on the basis of that evidence finds as follows:

- (a) the deficiencies forming the subject matter of the Applicant's claim under Section 14 of the *Ontario New Home Warranties Plan Act* made June 29, 1999, constitute a continuation of the major structural defect reported in writing to the Respondent on August 23, 1995; and
- (b) had there been a decision in favour of the Applicant, the quantum of compensation to which the Applicant would have been entitled would have been \$88,438.80, plus applicable taxes.

LICENCE APPEAL TRIBUNAL

Brian K. Marotta, Vice-Chair

Released: January 11, 2002

DON FOURNIER SERVICE CENTRE INC. AND DONALD FOURNIER

DON FOURNIER SERVICE CENTRE INC. AND DONALD FOURNIER

IN THE MATTER OF the *Highway Traffic Act*,
R.S.O. 1990 Chapter H.8 as amended

AND IN THE MATTER OF an Application by Don Fournier Service Centre Inc. and Donald Fournier dated April 9, 2001 for a hearing before the Licence Appeal Tribunal pursuant to Section 95 of the *Highway Traffic Act* appealing the Notice of the Director of Vehicle Inspection Standards dated January 3, 2001;

AND IN THE MATTER OF Motor Vehicle Inspection Station Licence Number 42-42288 in the name of Don Fournier Service Centre Inc.;

AND IN THE MATTER OF the registration of Motor Vehicle Inspection Mechanic, Donald Fournier holding Trade Certificate Number 310T217060.

TRIBUNAL: JOHANNE N. MORISSETTE, Presiding Member

APPEARANCES: PATRICK MOORE, Counsel for the Director of Vehicle Inspection Standards

DONALD FOURNIER, Applicant
RONALD G. GUERTIN, Counsel for the Applicant

DATES OF HEARING: June 25, 26 and 27, 2001 and September 10, 2001 and
December 3, 4, 5 and 6, 2001 Ottawa

DECISION AND REASONS

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal by the licensee Don Fournier Service Centre Inc. and the registrant Donald Fournier (the "Applicant") respecting a proposal by the Director of Vehicle Inspection Standards to revoke:

- a) Motor Vehicle Inspection Station Licence No. 42-42288 issued to Don Fournier Service Centre Inc., and
- b) the registration of Motor Vehicle Inspection Mechanic, Donald Fournier who holds a Trade Certificate No. 310T217060.

PRELIMINARY MATTERS:

The hearing scheduled on September 10, and 11, 2001 was to be the continuation of the hearing which commenced on June 25, 26, and 27, 2001, but due to the Applicant's brother's illness he requested an adjournment, which was on consent and was granted.

As well, on September 10, 2001, the Tribunal also issued a certificate of non attendance for the failure of Mr. David Hair to attend the hearing to give evidence to this Tribunal, although served with a Summons to attend issued by this Tribunal on September 4, 2001 under the authority of the *Statutory Powers and Procedure Act*.

FACTS:

The Director's Grounds for Revocation:

By Notice dated January 3, 2001, the Director of Vehicle Inspection Standards revoked pursuant to subsection 91(8)(a)(c) and (e) and section 93(c) of the *Highway Traffic Act* R.S.O. 1990, Chap. H8 as amended (the "Act"):

- (a) Motor Vehicle Inspection Station Licence No. 42-42288 issued to Don Fournier Service Centre Inc., and;
- (b) the registration of Motor Vehicle Inspection Mechanic, Donald Fournier who holds a Trade Certificate No. 310T217060.

on the grounds that the licensee and registrant have made false statements and failed to comply with the Act and regulations in the issuance of safety standards certificate as follows:

1. Certificate Number 1253544 dated on or about July 19, 2000 concerning a 1993 Chevrolet, hereinafter referred to as the "Lascelle vehicle";

2. Certificate Number 1360025 dated on or about August 18, 2000 concerning a 1995 Ford, hereinafter referred to as the "Nagy vehicle";
3. Certificate Number 1360070 dated on or about August 29, 2000 concerning a 1986 GMC, hereinafter referred to as the "Hair vehicle";
4. Certificate Number 1360023 dated on or about August 18, 2000 concerning a 1986 Pontiac, hereinafter referred to as the "Marsolais vehicle";
5. Certificate Number 1308246 dated on or about August 8, 2000 concerning an 1984 Pontiac, hereinafter referred to as the "Lauzon vehicle";
6. Certificate Number 1308245 dated on or about August 4, 2000 concerning a 1985 GMC, hereinafter referred to as the "Proulx vehicle";
7. Certificate Number 1360060 dated on or about August 24, 2000 concerning a 1987 Chevrolet, hereinafter referred to as the "Tracey vehicle";
8. Certificate Number 1308244 dated on or about August 15, 2000 concerning a 1987 Chevrolet, hereinafter referred to as the "Poulin vehicle";

And further on the grounds that the licensee failed to comply with the Act and regulations by the sale of safety standards certificates as follows:

9. Certificate Number 1253544 dated on or about July 19, 2000 concerning a 1983 Chevrolet, hereinafter referred to as the "Lascelle vehicle";
10. Certificate Number 1360070 dated on or about August 29, 2000 concerning a 1986 GMC, hereinafter referred to as the "Hair vehicle".

And further on grounds that the said licensee failed to maintain records of safety standard certificates issued by the licensee as required under Regulation 601 of the *Highway Traffic Act*.

And further on the grounds that the said licensee failed to meet the conditions in the equipment of the motor vehicle inspection station in accordance with Regulation 601 made under the *Highway Traffic Act*.

The Director presented 9 witnesses, who were: Mr. Walter Nagy, Mr. Robert Poulin, Ms. Pamela Marsolais, Officer Brian Jahn, Officer John Bell, Mr. Micheal Lauzon, Ms. Shirley Lascelle, Mr. David Hair, and Officer Robert Riddell.

The Applicant presented 4 witnesses, who were: The Applicant himself, Mr. Dan Mitchell, Mr. Roger Bélair, and Mr. Gordon Lacroix.

The evidence of each witness was as follows:

Walter Nagy:

He bought his vehicle for \$500 in the “as is” condition. The car needed work. He worked on it to get it ready for a safety check. He changed some brake lines and some brake hoses, fixed the trunk and reinforced the frame on the front passenger's side. He then talked to a friend of his, Aaron Dennehy who runs a garage. Nagy took his car to Dennehy's garage and talked for about one half hour to Dennehy about the work Nagy did. Dennehy did not look at the car. Mr. Nagy left the registration of the car with Dennehy, and drove away with the car. Two to three days later, Dennehy provided Nagy with a safety certificate from a garage station known as “Don Fournier Service Centre Inc.”

Robert Poulin:

He bought his vehicle for \$600 in the “as is” condition. His original statement provided to Officer Riddell was to the effect that he attended the Fournier garage without the vehicle in question and obtained a safety certificate for the price of \$150.00. At the hearing, he changed his story and said that he had given his vehicle to a Roger Bélair who said he could get him a safety certificate.

The Tribunal found that the evidence of this witness lacked credibility. He had no valid explanation for why he changed his story. As a result, the Tribunal has given his evidence little weight.

Pamela Marsolais:

She bought her vehicle from a friend of the family for \$400. The vehicle was already certified. When Officer Riddell came to examine her vehicle, he found a lot of problems with the vehicle, and she decided to scrap the vehicle instead of trying to fix it. She sold it to Debbie's Delivery for parts.

Officer Brian Jahn:

Officer Jahn is an officer with the Ministry of Transportation and an inspector under the *Highway Traffic Act* in Renfrew and Lanark Counties. His duties are to inspect vehicles. He has been a licensed mechanic since 1965. He was qualified by the Tribunal as an expert witness with respect to the field of automotive mechanics.

Officer Jahn received the initial complaint made by Ms. Lascelle on August 4, 2000. He met with Ms. Lascelle and inspected the vehicle in question on August 10, 2000. He noted numerous defects with the vehicle, which included:

- i) left front 8 wheel fasteners loose;
- ii) left front brake hose cracked at caliper end exposing inner fabric;
- iii) left outer tie rod end excessively loose;
- iv) left upper control arm retaining bolts loose, allowing arm to move in and out;
- v) right front brake hose cracked at caliper end exposing inner fabric;
- vi) right front brake caliper lower retaining bolt missing;
- vii) right rear axle seal leaking, contaminating brakes;
- viii) right side shoulder lap belt assembly laying on front seat not attached;
- ix) numerous small holes in right side floor pan;
- x) left side sun visor loose, retained by one screw;
- xi) defroster lever broken;
- xii) two wheel fastening missing, right rear wheel;
- xiii) one wheel fastener missing, left rear wheel;
- xiv) headlights out of adjustment;
- xv) windshield washers inoperative; and
- xvi) windshield glass loose in mounting.

Of the sixteen defects, he testified that 5 of them, in his opinion, had to be present at the time of the safety inspection, namely defects ii, iii, iv, vii, and ix. As to others, he expressed caution, and he could not be absolutely sure of their presence at the time of the safety inspection. Officer Jahn took the plates off the Lascelle vehicle and inscribed the registration of the vehicle as unfit.

Officer John Bell:

Officer Bell is an officer of the Ministry of Transport and an inspector under the *Highway Traffic Act* for Renfrew County, since 1984. He has been a licensed mechanic since 1989. He was qualified by the Tribunal as an expert witness respecting the field of automotive mechanics.

Officer Bell investigated certain vehicles that had been certified by the Applicant. One of those was the Tracey vehicle which he inspected on September 25, 2000. The lapse between the time of the Applicant's safety inspection and Officer Bell's inspection was 32 days and 2312 km travelled. Officer Bell found a number of defects which include:

- i) front left frame rail perforated by corrosion;
- ii) a metal patch applied over one side with the spot weld pulling away and with a large hole at the patch;
- iii) the gas tank may possibly have been leaking, but he could not say for sure;

- iv) brake fluid levels were low;
- v) right rear tire with only one thirty-second of an inch of tread remaining;
- vi) right rear window cracked; and
- vii) high beam lights inoperative.

Of the 7 defects, items i and ii were, in his opinion, definitely present at time of the Applicant's safety check. As to the remaining 5 items, he could not express an absolute opinion. The basis for Officer Bell's opinion respecting the perforation, item ii, was based on his experience as a mechanic. He said the mileage did not affect his opinion. In his opinion, the perforations caused by corrosion were definitely present at the time of the safety inspection certificate's date since there was no apparent fatigue or recent damage.

Mr. Micheal Lauzon:

Mr. Lauzon bought this vehicle for \$1.00 in the "as is" condition. He wanted to do some work on the vehicle before it could be given a safety certificate. He was sitting in the "Do drop Inn" Bar close to Cornwall, and he mentioned that he needed a safety check. Somebody, he could not remember the name, told him that he could get Mr. Lauzon a safety certificate for \$100. The vehicle was at Mr. Lauzon's home, and it never was brought to any garage. Mr. Lauzon received the safety certificate from that same individual in early August. The Safety certificate came from the Applicant's establishment.

Ms. Shirley Lascelle:

Ms. Lascelle's former husband, Blake Dennehy bought the vehicle, a truck, in question and asked her to take care of getting a safety certificate. The vehicle was delivered to her house on a flat bed truck by the vendor, on July 5, 2000. She took the vehicle to Tire Craft for a pre-safety to ascertain what work had to be done. Tire Craft advised her that there was going to be \$1,200 in parts plus labour at \$80 per hour. She was shocked. She went to a relative across the street from Tire Craft where she met Dan Mitchell. He advised her that he did safeties and he could do the work for her for half-price. He said he was a mechanic. The agreement was that Mitchell would do the work and then it would go back to Tire Craft for the safety certificate, but Mitchell advised, after 10 days had lapsed and \$1,200 had been paid to him, that Tire Craft did not have time that day. He advised her that he could get a safety certificate from somewhere else, in Ottawa. Mitchell picked her up to go to Ottawa. He wanted \$150. He said that we did not need the vehicle to obtain the safety certificate. She testified that they drove to Ottawa to the Applicant's garage. She stayed outside the Applicant's garage, and Mitchell came back with her safety certificate and other similar papers which he put in a basket. She said she was sure at the time that the document looked like

other safety certificates she had seen. However, on cross-examination, she said she could no longer be certain of this.

Soon after the truck was registered, it broke down. She tried to charge Mitchell but, in filing a complaint with the Ministry, she got the investigation started against the Applicant.

Mr. David Hair:

Mr. Hair was brought to this hearing by the police to testify. He was very reluctant and certainly not cooperative. He advised that he had received a threatening phone call the night before the hearing in June, advising him not to attend or he could end up in hospital. He did not know who had called him.

He testified that he bought an uncertified vehicle for \$1,500. The condition of the truck was that it needed minor body work, which he started to do before he got a safety certificate. He talked to Chuck Collins, a friend of his, who said he knew someone who could get him the safety certificate. He said he wanted a place where they would overlook a few things since he had not finished the body work, and he paid \$150. He drove the vehicle to Collin's house. A couple of days later, the certificate from the Applicant was left at a neighbour's house, and he knew it was a false safety. He said that, if he would have wanted a regular safety certificate, he would have gone to Warner's garage, which is a friend of his father's. However, he knew that there would have been much more work required on the vehicle to obtain a regular safety certificate, and he wanted the vehicle right away for his work. On cross-examination, he said that he did not know Roger Bélair.

Mr. Hair's evidence, although somewhat reluctantly provided, was in the Tribunal's opinion, frank and credible as to what occurred in this case.

Officer Robert Riddell:

The leading inspector and investigator in this case, Officer Riddell, has been with the Ministry of Transportation since 1976 and a licensed mechanic since 1977. He became a Ministry Officer in 1981. His expert opinion was based on his experience considering the following factors: time lapsed, lapsed kilometers, age of vehicle, and types of defects.

Officer Riddell testified that the initial investigation centred on the records of the licensee, Don Fournier Service Centre Inc. The Officer testified that during the following periods, the following number of safety certificates had been issued by the Applicant:

December 21 st , 1998 to December 31 st , 1999:	560 certificates;
January 1 st , 2000 to December 31 st , 2000:	1000 certificates;
January 1 st , 20001 to June 15 th , 2001:	500 certificates;

In his opinion, this was a very large number of certificates for the size of the garage, with only two licensed mechanics. He said the average in the industry would be between 60 to 80 per year. However, if the licensee is involved with a used car dealer, then he would have a lot more clients and that could bring the average up to 200 to 240 certificates per year.

His investigation led him to attend at the Applicant's premises on August 30, 2000 with Officer Jahn. They checked the licensee's records. They specifically asked to see the repair records of the Lascelle vehicle. It was not produced. They took away 20 books of safety certificates issued between mid June 2000 and late August 2000, which are listed at page 69 of Exhibit 3 to this hearing. They further asked for all of the repair records of those 20 books of certificates in their possession.

They interviewed Dan Mitchell, who admitted that he had obtained the safety certificate for the Lascelle vehicle from the Applicant, without providing the vehicle in question to the Applicant for inspection.

Officer Riddell personally inspected the following five vehicles.

Nagy vehicle:

Officer Riddell inspected the vehicle on September 7, 2000. 20 days had elapsed since the certificate had been issued and 745 km travelled. The following defects were found:

- along the driver's side the frame member had cracked just to the rear of the wheel well; and
- the bottom flange was corroded and cracked. The corroded area was three inches by four inches.

In his opinion, the crack in the flange was worrisome when the frame stretches. His opinion was that the corroded area was definitely present 20 days prior to his inspection and that the crack came from that corroded area. He said that the crack also was most probably there when the safety certificate was issued, but he could not say this was a certainty.

Hair vehicle:

Officer Riddell inspected the Hair vehicle on September 13, 2000. 15 days had passed since the certificate had been issued and 1949 km travelled. The following defects were found:

- big rust perforations in the vehicle's underbody; and
- tie rod ends and the flex hose problems.

He testified that in his opinion, the big rusted perforations were definitely there 15 days prior to his investigation. However, on cross-examination, he conceded he could not be definite this was the situation, and he agreed that he could not see whether the body was sealed off or not.

He testified that the tie rod ends had 1/16" play which was excessive play, and in his opinion, not certifiable. His opinion was that play had to have been present at the time the safety certificate was issued. Extensive cross-examination was conducted on his opinion of how he conducted his inspection of the tie rod ends. In re-direct examination, he explained that he conducted his inspection of the tie rod ends in a way less likely to show play in the tie rod ends than another acceptable method and that the inspection method did not prejudice the Applicant but, in fact, helped him. Nonetheless, excessive play was found.

Regarding the flex hose, Officer Riddell's evidence and opinion was that the crack in the flex hose was so extensive that it had to have been there 15 days prior to his inspection.

Marsolais vehicle:

Officer Riddell inspected the Marsolais vehicle on September 13, 2000. 26 days had elapsed since the safety certificate had been issued and 54,161 km less than was indicated on the safety certificate. The officer presumed that an error must have been made on the certificate. As to the defects, he found that he could stick his finger through the underbody in the driver's floor pan area and the floor pan adjacent to the driver's side. The perforation was six inches by one inch. He said that this defect would have been there when the safety certificate was issued, except for the 3/8 inch hole in the passenger floor pan which, on cross-examination, he said could have occurred in the 26 days following the date of the safety certificate. He said he could not give his opinion on the front exhaust, the manifold area, or the brakes fluid level.

Proulx vehicle:

Officer Riddell inspected this vehicle on September 19, 2000. 46 days had elapsed since the safety inspection, and 155,811 km less than indicated on the certificate. Mr. Proulx advised the officer that he had, since the inspection, changed the motor and had changed the odometer. The following defects were found.

- there was a hole in the floor. The underbody was perforated by rust between the seats in driver-passenger compartment, twenty-one inches long by a quarter inch in width. He found a bird's nest on the spring hanger, and he did not believe that the bird's nest could actually sit there while the vehicle was being driven. His opinion was that the vehicle had just sat there. As a result, his opinion was that the perforation was present 46 days before his inspection.
- the exhaust system was not present.

- the parking brake cable had seized. He could not be sure that it had been seized 46 days prior to his inspection, but in his opinion, such a seizure is usually due to lack of use.
- there was excessive play in a tie rod end. In his opinion, this would have been present at the time the safety certificate was issued.

Lauzon vehicle:

Officer Riddell inspected the Lauzon vehicle on September 19, 2000. 42 days had passed since the safety inspection and 862 km travelled. Officer Riddell found an exhaust leak, but he could not be sure that this leak would have been present at the time of the safety inspection and therefore gave no opinion respecting this vehicle.

Finally, Officer Riddell testified that the Applicant's record keeping was poor, if not non-existent. He also testified that the Applicant had a prior conviction in 1997 with regard to his poor record keeping. Further, he testified that the Applicant failed to produce repair records of vehicles inspected. He produced 53 repair orders for 231 certificates issued between mid June 2000 and late August 2000. Officer Riddell testified that he did not receive any work orders for the 8 vehicles he investigated.

Mr. Donald Fournier:

The Applicant testified that he has been in business for 12 years and was licensed in 1987. He is the choice mechanic for Blossom Park Auto Sales, and for them alone he does approximately 100 safety inspections per year. He works long hours and 5 to 6 days per week. His clientele comes from far and wide. He testified that he takes approximately 15 to 20 minutes to do a safety inspection and that it does not take a "rocket scientist" to do them. He is always helped by someone else while he conducts the inspections.

He advised that he moved his garage location and that was part of the reason why he was not able to produce the records as requested, as many of the records had been placed at his manager's residence due to the move. He testified at length on his knowledge of mechanics and advised that he understood what it took to certify a vehicle.

He admitted to having certified the Lascelle vehicle without seeing the vehicle. He says, that was a mistake and that it was the only one.

He had little recollection of the certification of the vehicles in question. However, he acknowledged his signature on the certificates and therefore testified that he had done the safety inspections. He testified that he knew that the Hair and Poulin vehicles were brought in by Mr. Bélair, because Roger told him this the day after the August 30th meeting with the Ministry.

His opinion on the various defects of the vehicles in question was to the effect that, notwithstanding his lack of recollection of the inspections, the defects in question would not have been present at the time of inspection, since he certified those vehicles.

Specifically regarding the Proulx vehicle, he testified that he saw the exhaust system in the back of the vehicle, when he attended to see the vehicle during the investigation. He said it had to have been removed by the owner after the inspection. Mr. Fournier is convinced that the perforation would have occurred only after his safety inspection. He agreed with Officer Riddell that any play at all in a tie rod end is excessive, but he did not agree that there was play at the time of his inspection.

In cross-examination, the Applicant explained that his lack of record keeping was mostly due to the move of his establishment. He could not explain why he had not filled out the back of the certificates, except to say that it was his manager's job to do that. When going through the 231 certificates issued in the summer of 2000, he acknowledged that 87% of his certificates are on 1990 or older cars, which he explained was his type of clientele.

Mr. Dan Mitchell:

Mr. Mitchell identified himself as an apprentice, which is beyond an exaggeration for someone who was an apprentice four years ago for eight months and has not been an apprentice since that time.

He had a number of complaints about the way that mechanics in Cornwall were doing their work and he felt that, basically, he had no trust in any of them. He felt he knew better than most mechanics. He trusted the Applicant implicitly.

He testified that Ms. Lascelle was not with him when he went to the Applicant's garage for the safety. He also testified that he has never brought any other vehicle for a safety without bringing it to the Applicant.

Mr. Roger Bélair:

Mr. Bélair does automotive repairs at his aunt's house and is paid by his clients to do so. He is not a licensed mechanic. He testified that he brought the Poulin vehicle and Hair vehicle to the Applicant. He knew of Mr. Chuck Collins through a friend.

He met Mr. Hair through Mr. Collins. He was surprised that Mr. Hair did not know him, since he had done the work on the Hair vehicle and brought it to the Applicant.

In cross-examination, he denied having ever talked to the Applicant the day after August 30th or any other time, except for the day before the hearing where it was necessary for him to come and testify.

He indicated to the Tribunal, on a number of occasions, that he was telling the truth, by swearing on the life of his children. This did not impress the Tribunal, as to the truth of his testimony.

Mr. Gordon Lacroix:

Mr. Lacroix is a good friend of the Applicant. He advised the investigating officer that he himself had done the muffler job on a vehicle, and as a result Officer Riddell accepted that explanation and did not include that vehicle in the charges against the Applicants.

THE TRIBUNAL FINDS THE FOLLOWING FACTS TO BE PROVEN ON THE EVIDENCE:

- 1) The Lascelle vehicle was not inspected by the Applicant. The Applicant issued a safety standards certificate for the vehicle.
- 2) The Nagy vehicle was not inspected by the Applicant. The Applicant issued a safety standards certificate for the vehicle. The Tribunal accepts the evidence that Walter Nagy did not leave his vehicle with Aaron Dennehy or the Applicant and that its safety certificate from the Applicant was sold to Mr. Nagy.
- 3) The Hair vehicle had the following defects which, on the balance of probabilities, were present at the date of the safety inspection by the Applicant: rust perforation, loose tie rod ends and cracked flex hose.
- 4) The Marsolais vehicle had the following defects which, on the balance of probabilities, were present at the date of the safety inspection by the Applicant: rust perforation.
- 5) The Proulx vehicle had the following defects which, on the balance of probabilities, were present at the date of the safety inspection by the Applicant: rust perforation, and loose tie rod ends. The Tribunal accepts the evidence that the owner had taken off the exhaust system, that the vehicle had been stationary over the 46 days following the date of the safety certificate and that the vehicle's safety certificate was obtained either without inspecting the vehicle or with an incompetent inspection.
- 6) The Tracey vehicle had the following defects which, on the balance of probabilities, were present at the date of the safety inspection by the Applicant: rust perforation.
- 7) The Lascelle vehicle was not inspected by the Applicant. The Applicant issued a safety standards certificate for the vehicle.

- 8) The Applicant failed to comply with the statutory obligation to keep records. This failure is aggravated by the fact that Mr. Fournier should have known quite well about this obligation having been convicted a few years previous, in 1997, of not keeping the required records on the premises. The fact that Mr. Fournier moved his establishment in early 1999 had no significant effect on Mr. Fournier's ability to keep accurate records of the safety certificates for the summer of 2000.

ISSUES:

The issues in this case may be summarized as follows:

Should the decision of the Director of Vehicle Inspection Standards to revoke the Motor Vehicle Inspection Station licence be carried out?

Should the decision of the Director of Vehicle Inspection Standards to revoke the Motor Vehicle Inspection Mechanic licence be carried out?

LAW:

The *Highway Traffic Act*, R.S.O. 1990 Chap H.8 as amended, provides as follows:

Motor Vehicle Inspection Station Licence:

- 91(1) No person shall establish, operate or maintain a motor vehicle inspection station except under the authority of a licence issued by the Director under this Act and the Director may issue a licence for a motor vehicle inspection station subject to the conditions that the Director may specify in the licence.
- 91(2) Subject to subsection (3), any person who applies in accordance with this Act and the regulations for a licence to establish, operate or maintain a motor vehicle inspection station and who meets the requirements of this Act and the regulations and who pays the prescribed fee is entitled to be issued the licence

Revocation of a Licence

- 91(8) The Director may revoke or refuse to renew a motor vehicle inspection station licence where,

- (a) any person has made a false statement in the application for the licence or a renewal thereof or in any safety standards certificate signed by the licensee or a person authorized in writing by the licensee or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the motor vehicle inspection station;
- (b) any inspection authorized by the licence is incompetently performed;
- (c) the licensee or any motor vehicle inspection mechanic employed in the motor vehicle inspection station has misrepresented the condition of a vehicle with respect to the standards of equipment and performance prescribed by the regulations upon an inspection of the vehicle in the station for the purpose of determining whether or not to issue a safety standards certificate, sign a vehicle inspection record or affix a vehicle inspection sticker;
- (d) there is a breach of condition of the licence;
- (e) the licensee does not comply with this Act or the regulations;
- (f) the inspections that can be performed by the motor vehicle inspection station are misrepresented; or
- (i) a change in the officers or directors of any corporation that is a licensee would afford grounds for refusing to issue a motor vehicle inspection station licence under clause (3)(a)

Motor Vehicle Inspection Mechanic:

92(1) No person shall sign a vehicle inspection record as mechanic or certify in a safety standards certificate that a vehicle complies with the standards of equipment and performance prescribed by the regulations unless the person is registered by the Director as a motor vehicle inspection mechanic in a motor vehicle inspection station and the Director may so register any person for whom application is made under subsection (2).

- (2) Where a licensee or an applicant for a motor vehicle inspection station applies for the registration as a motor vehicle inspection mechanic in the motor vehicle inspection station of the licensee or in the proposed motor vehicle inspection station of the applicant for a licence, as the case may be, of any person who meets the requirements of this Act and the regulations, the person is entitled to be registered as a motor vehicle inspection mechanic in the motor vehicle inspection station.

93 The Director may revoke the registration of a motor vehicle inspection mechanic where,

- (a) the registrant or the licensee has made a false statement in the application for registration of the registrant or in a safety standards certificate or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the registrant;
- (b) any inspection performed under the authority of the mechanic's registration is incompetently performed by the registrant; or
- (c) the registrant does not comply with this Act or the regulation.

Appeal before the Licence Appeal Tribunal:

95(1) Where the Director proposes,

- (a) to refuse to issue or renew a licence;
- (b) to refuse to make a registration; or
- (c) to revoke a licence or registration,

the Director shall serve notice of his or her proposal, together with written reasons therefor,

- (d) in the case of a proposal to refuse to issue a licence, upon the applicant;
- (e) in the case of a proposal to revoke or to refuse to renew a licence, upon the licensee;
- (f) in the case of a proposal to refuse to make a registration, upon the applicant or licensee and upon the proposed registrant; and
- (j) in the case of a proposal to revoke a registration, upon the registrant and the licensee of the motor vehicle inspection station in which the registrant is employed.

(2) A notice under subsection (1) shall inform the person who is the applicant, licensee, registrant or proposed registrant, as the case may be, that the person is entitled to a hearing by the [Tribunal] if the person mails or delivers, within fifteen days after receiving service of the notice under subsection (1), notice in writing to the Director and the [Tribunal] requiring a hearing by the [Tribunal] and the person may so require the hearing.

(4) Where the applicant, licensee, registrant or proposed registrant requires a hearing by the [Tribunal] in accordance with subsection (2), the [Tribunal] shall appoint a time for and shall hold the hearing and may by order direct the Director to carry out his or her proposal and to take the action that the [Tribunal] considers the Director ought to take in accordance with this Act and the regulations, and for such purposes the [Tribunal] may substitute its opinion for that of the Director.

APPLICATION OF LAW TO FACTS:

Under the Act, the relevant sections dealing with revocation state:

91 (8) The Director may revoke or refuse to renew a motor vehicle inspection station licence where,

- (a) any person has made a false statement in the application for the licence or a renewal thereof or in any safety standards certificate signed by the licensee or a person authorized in writing by the licensee or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the motor vehicle inspection station;

5. any inspection authorized by the licence is incompetently performed;

- (e) the licensee does not comply with this Act or the regulations;

93. The Director may revoke the registration of a motor vehicle inspection mechanic where,

- (a) the registrant or the licensee has made a false statement in the application for registration of the registrant or in a safety standards certificate or in any report, document or other information required to be furnished by this Act or the regulations or any other Act or regulation that applies to the registrant;

- (b) any inspection performed under the authority of the mechanic's registration is incompetently performed by the registrant; or
- (c) the registrant does not comply with this act or the regulations.

36 day life of certificate

The Applicant's counsel argued that a safety certificate has a shelf life of 36 days and that all of the evidence with respect to certificates that are 36 days and older, such as the Proulx and Lauzon vehicle, cannot form part of the evidence on which the Tribunal will determine whether or not the Applicant has performed safety inspections competently. Counsel argued that the legislation allowing the certificate to be valid for 36 days is there to protect the mechanic. He elaborated his argument by submitting that legislation has provided for a mechanic's lien period of 37 days and therefore there must have been a link between that legislation and the *Highway Traffic Act*. He does not provide the Tribunal with any jurisprudence on this issue.

Counsel for the Director argued that the *Highway Traffic Act* is consumer protection legislation and the 36 day provides a reasonable amount of time for dealings to take place between vendors and purchasers for the transfer of vehicles. Recognizing that the vendor may be the one to get the safety standards certificate, the time period provides time after that happens for the vehicle to be transferred, but it is not determinative of what evidence may be admitted at this hearing.

The Tribunal finds that the 36 day life of a certificate is not a limitation period which would impose a restriction on the evidence to be adduced in this type of proceeding.

Expert Opinion

Counsel for the Applicant also objected to the Tribunal considering the opinion evidence provided by Officer Riddell, Officer Jahn and Officer Bell as worthy of weight. Counsel for the Applicant argued that the Officers:

- 1) cannot provide independent expert opinion, since they are the investigating officers and therefore have a vested interest in the outcome of the case;
- 2) although licenced mechanics, they have no scientific knowledge of the subject matter they are testifying to; and
- 3) not being in the field "getting their hands dirty", their expertise is less worthy than working mechanics.

Counsel for the Director submitted the Rice v. Sockett case on this issue and argued that this case stands for the following general statement:

"expert", refers to a person:

"...entitled according to the law and practice to give opinion evidence."

and in looking at whether mechanics, artisans and workmen are experts, the Tribunal should accept the following quotation as the general rule:

"The derivation of the term 'expert' implies that he is one who by experience has acquired special or peculiar knowledge of the subject of which he undertakes to testify, and it does not matter whether such knowledge has been acquired by study of scientific works or by practical observation; and one who is an old hunter, and has thus had much experience in the use of firearms, may be as well qualified to testify as to the appearance which a gun recently fired would present as a highly educated and skilled gunsmith."

Are the Officers persons who by experience have acquired special or peculiar knowledge of the subject of their testimony? All three Officers are licensed mechanics for many years. They also have lengthy specialized experience in the inspection of the matters contained in their testimony: perforations by rust, play in tie rod ends, and damage to flex hoses. Their duties are to inspect vehicles for these defects day in and day out.

The Tribunal found that Officers Riddell, Jahn and Bell have the qualifications necessary for the Tribunal to qualify them as experts and ruled that they were qualified to testify as experts with respect to the field of automotive mechanics.

Further, the Tribunal found that Officers Riddell, Jahn and Bill gave their evidence in a balance, forthright manner. They were cautious in the delivery of their opinion testimony, and the Tribunal does not accept the argument of counsel for the Applicant that they had a malicious intent or vested interest in this case.

Counsel for the Applicants submitted that on the allegation that the licensee failed to maintain records of safety standard certificates as required by Regulation 601 of the *Highway Traffic Act*, such failure was not because Mr. Fournier is an irresponsible person, but rather because he is a person who is very busy and not a very good record keeper. Mr. Guertin suggested that the Tribunal should not confirm the order of the Director because the Applicant has now learned his lesson and will keep proper records. On the evidence, however, the Tribunal finds no support for this argument, particularly in light of the prior 1997 conviction. The evidence has established that the Applicant has no respect for his obligations under his licence and is not willing to keep the records required by Regulation 601.

As to the revocation of the motor vehicle inspection licence and the revocation of the registration of Donald Fournier as a motor vehicle inspection mechanic, in this case the evidence has established that the Applicants signed and issued safety certificates for vehicles for which no inspections were actually performed. False statements were made on those certificates and they were sold. These facts give the Director the necessary grounds for the revocation of the Applicants' licence and registration under sections 91(8)(a) and 93 (a) and (c) of the *Highway Traffic Act*.

Further, the evidence has established that inspections and the issuance of certificates were performed incompletely by the Applicants for safety certificates for vehicles for which uncerifiable defects were present at the time of inspection. This gives the Director the necessary grounds for the revocation of the Applicants' licence and registration under sections 91(8)(b) and 93 (b) and (c) of the *Highway Traffic Act*.

DECISION:

The Tribunal finds that the Director has proven that the Applicants signed and issued a significant volume of inaccurate safety certificates and acted in a manner that defeats the integrity of the MVIS system and misled the public. This compromised the very essence of the system for which the Applicants were licenced and registered.

Counsel for the Applicant asked the Tribunal to use its discretion to impose as conditions of licence and registration that the Applicants be subject to periodic surveillance by the Ministry. This surveillance is already part of the duties of the Director's office. Considering the conduct of the Applicants, such a condition would not be appropriate in this case. It would be inappropriate for the public purse to continually monitor Applicants who have already demonstrated a total lack of respect for the obligations imposed by law on a licensee and a registrant. The evidence in this case of numerous false safety certificates being sold supports the Registrar's decision.

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 95(4) of the *Highway Traffic Act* to confirm the Order of the Director to revoke the Motor Vehicle Inspection Station Licence issued to Don Fournier Service Centre Inc., and to revoke the registration of Donald Fournier as a Motor Vehicle Inspection Mechanic.

LICENCE APPEAL TRIBUNAL

Johanne N. Morissette, Presiding Member

RELEASED: January 18, 2002

SWERBRICK and MACINTYRE

PREHEARING

DOUGLAS SWERBRICK AND JENNIFER MACINTYRE

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

JEHUDA J. KAMINER, Counsel representing the Applicants
SEAN KELLY, Counsel, representing the Ontario New Home Warranty
Program (the "Respondent")
WAYNE C. GAY, Counsel, representing C.H. O'Dette Construction Ltd.
(the "Added Party")

DATE OF
PREHEARING: January 7, 2002

Toronto

ORDER

FOLLOWING attendances on January 7, 2002 at a prehearing by teleconference before the Tribunal of Jehuda J. Kaminer, Counsel on behalf of Douglas Swerbrick and Jennifer MacIntyre, (the "Applicants"), and Sean Kelly, Counsel on behalf of the Ontario New Home Warranty Program (the "Program"), Phil Mayhew, Warranty Representative and Wayne C. Gay, Counsel on behalf of C.H. O'Dette Construction Ltd. (the "Added Party");

The Tribunal makes the following Order:

1. The Parties to the hearing are the Applicants, the Program and the Added Party.
2. It is agreed by the parties that the following are the issues before the Tribunal at the continuation of the hearing:

- a) repair of the garage floor – it is a warranty issue but the dispute is over who will do the repairs.
 - b) lintel failure.
 - c) repair of south and west (the rear) of garage.
3. It was agreed by the parties that the repairs at upper level near garage are a warranted issue, the amount of repairs as stated on the invoice provided by the Applicant has been accepted by the Program. The builder is to pay the amount to the Applicant.
4. There are a number of engineering reports that have been disclosed to all parties. The Applicant has or will disclose all three reports (August 8, 2001, August 9, 2001 and December 11, 2001) to all of the parties. The Added Party has or will disclose all five reports (2 dated November 21, 2001, December 14, 2001, December 19, 2001 and supplemental report received January 7, 2002) to all parties. Any further reports will be disclosed in accordance with the disclosure provisions of the Tribunal's Rules of Practice.
5. The parties have provided their tentative list of witnesses. The Program has one witness, Mr. Mayhew. The Added Party had two witnesses, Mr. O'Dette and an engineer. The Applicants have three engineers and Mr. Swerbrick. The parties agree to inform each other of any further witnesses prior to the hearing in accordance with the disclosure provisions of the Tribunal's Rules of Practice.
6. The original Notice of Appeal and the Amended Notice of Appeal are consolidated into one hearing. No further filing of application fees are required.
7. The Parties agree that this matter will continue before Mr. Douglas C. Mackintosh, Vice-Chair. The hearing will continue on Tuesday, May 14, 2002 and continue if necessary on Thursday, May 16, 2002 and Friday, May 17, 2002 at 9:30 a.m. at the Frontenac Reporting Services, 308 Wellington Street, 1st Floor, Kingston, Ontario .

APPEARANCES: JOHN O'LEARY, representing himself and
Sean Kelly
KAREN SPECTOR, Counsel, representing
the Ontario New Home Warranty Program
CHARLES B. KATES, Counsel, representing
the Added Party, Presview Development Inc.

DATE OF
HEARING: December 3, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

The Applicants have made claims under the *Ontario New Home Warranties Plan Act* (the "Act"). The Applicants gave written notice of their claims to the Ontario New Home Warranty Program (the "Program"). Their claim respecting substitution of a hot water tank was made November 5, 2000 and their claims respecting a damaged floor and absent toe nosing was made March 22, 2001. This is an appeal to the Licence Appeal Tribunal (the "Tribunal") by John O'Leary and Sean Kelly (the "Applicants") from a decision of the Program set out in a written decision dated July 16, 2001 denying the Applicants' claims.

The Applicants' appeal relates to three complaints which are:

1. Hot water tank (50 gallon power vent tank) substituted by Luna 24 Fi boiler;
2. Damaged hardwood floor; and

3. Toe nosing absent on part of kitchen stairs.

The Applicants' appeal is based upon Section 14(1)(b) of the *Ontario New Home Warranties Plan Act*.

ISSUE:

Should the Tribunal set aside, confirm, or modify the decision of the Program to disallow the Applicants' claim for compensation under section 14(1)(b) of the *Ontario New Home Warranties Plan Act* (the "Act")?

THE FACTS:

The evidence presented by the Applicants consisted of the testimony of John O'Leary and Robert Rosset as well as documentary evidence introduced through them.

TESTIMONY OF JOHN O'LEARY:

1. Hot Water Tank Substituted by Luna 24 Fi Boiler

Mr. O'Leary referred to clause 18 of the Agreement of Purchase and Sale, set out at page 4 of tab 2 of exhibit 4, which states in part: "THE PURCHASER acknowledges that the hot water heater tank may be on rental...". Mr. O'Leary then pointed out on page 2 of Schedule "C" of that Agreement of Purchase and Sale, set out under the heading "Laundry, Electrical & Lighting", the following: "Energy-saving hydronic forced air space heating system". Mr. O'Leary stated that the Applicants expected the home to contain a hot water tank.

Mr. O'Leary then testified that there is no hot water heater tank. He referred to page 6 of tab 2 of exhibit 5, the second paragraph of the Conciliation Inspection Report, stating: "This home contains a hydronic heating system comprised of a boiler unit (Luna Ocean Boiler brand) that is on a lease agreement from Union Energy. The boiler unit supplies hot water to a heat transfer coil contained in an air-handling module. the boiler also supplies domestic hot water on demand (i.e. there is no hot water storage tank)...".

Mr. O'Leary also pointed out the start of page 2 of letter from Presview Development Inc. dated November 27, 2000 which states: "An alternative way to heat up a home is to use a regular gas furnace. Typically for any newly-built homes, a 'power vent hot water tank' will be installed with the gas furnace. The monthly rental for a power vent tank is about \$17.95 per month...Under the Lease-to-Own Program from Union Energy, you are paying a fixed monthly fee of \$34.99.". Mr. O'Leary also referred to Consumer Lease Agreement stamped May 23, 2000, set out at pages 3 and 4 of tab 7 of exhibit 5, stating: "Lessee hereby agrees to lease

the Equipment for a term of 132 months...with...monthly lease payments...in the amount of \$34.99 (plus applicable taxes)...Lessee shall, when not in default...upon six months prior written notice to Lessor, have the option to purchase all but not less than all of the Equipment on the option date(s) and for the option price(s) referred to below...(a) \$425 together with the 120 lease Payments due hereunder; or (b) On the last day of the Term at the Fair Market Value...The fair Market Value of the Equipment for the purpose of determining an option price shall be as may be reasonably estimated by the Lessor.". The option dates are not specified. Consumer Lease Agreement set out at the last page of tab 7 of exhibit 5, as pointed out by Mr. O'Leary, states: "Lessee hereby agrees to lease the Equipment for a term of 144 months ... with...monthly lease payments...in the amount of \$34.99...". Mr. O'Leary testified that there is a difference between \$17.95 per month to be paid for a hot water tank and \$34.99 payable for the Luna boiler.

Mr. O'Leary complained that there is an exhaust fan that runs all the time. It vents the drier to the back of the house. Mr. O'Leary testified that the fan is noisy and can be heard upstairs in the house. However, upon cross-examination by Ms. Spector, Mr. O'Leary admitted that he does not know if the fan would run continuously if there were a hot water tank installed instead of the Luna boiler.

Mr. O'Leary testified that he lost storage space. He pointed to page 3 of tab 3 of exhibit 3, which sets out the original location of the hydronic heating system and hot water tank in a furnace room in the lower level and sets out the relocated hydronic heating system in a storage area shown on south elevation of house. On the other hand, Mr. O'Leary admitted that the Luna boiler takes up less space in the basement than the removed furnace room would have required.

Upon cross-examination by Ms. Spector, Mr. O'Leary stated that the Luna boiler does provide adequate amounts of hot water. He also said that there is a delay of 2-3 minutes before hot water starts to flow out of the shower. He said that very hot water then comes out and the shower must be adjusted. Afterwards, he stated, the water temperature is fine.

2. Damaged Hardwood Floor

Mr. O'Leary referred to the last page of the Certificate of Completion and Possession, set out at tab 7 of exhibit 4, which states: "There are 7 dents/gouges out of the hardwood floor in the living room." He testified that the Applicants properly entered that notation on the Certificate of Completion and Possession before closing, not after the final inspection meeting. Mr. O'Leary further testified that the Applicants did not get a copy of the Certificate of Completion and Possession after it was completed, because there was no photocopier on the site. Mr. O'Leary stated that the builder took the original Certificate of Completion and Possession with him.

Upon cross-examination by Ms. Spector, Mr. O'Leary added that the builder sent two people to examine the damage to the hardwood floors. The people said that they would take out and replace the damaged flooring. When the workmen came to do the repair they did not have the proper width of hardwood with them. All the workmen did was to apply putty with a crayon on the affected areas. Mr. O'Leary testified that the putty was gone at the time of the conciliation report. He referred to item 2 under the heading "Items Not Covered Under Warranty" in the Conciliation Inspection Report, set out at tab 2 of exhibit 5, which states: "Approximately 2 to 4 surface scratches (scuffs), roughly 6" to 8" in length were observed in the finish under the coffee table."

3. Toe Nosing

Mr. O'Leary referred to page 2 of Revised Upgrades & Revisions, set out at tab 4 of exhibit 3, which states in part: "Vendor to install oak nosing to be stained chestnut on staircase to second level (14r) and on staircase between kitchen/dining room stairs (7r). Alternate plan kitchen at front (7r to be stained also chestnut nosing)."

Next, Mr. O'Leary referred to the last page of the Certificate of Completion and Possession, set out at tab 7, exhibit 4, which states: "stair rail next to cabinet (kitchen) still needs nosing". Mr. O'Leary testified that the notation was properly entered before closing and not after the final inspection meeting.

Mr. O'Leary stated that the nosing is still missing.

The evidence presented by the Program consisted of the testimony of Robert Rosset as well as documentary evidence introduced through him.

TESTIMONY OF ROBERT ROSSET:

Mr. Rosset stated that he is a warranty representative at the Ontario New Home Warranty Program and that he has worked there for thirteen years. He also stated that he is certified by HRAI to make residential calculations of heat loss, heat gain and ventilation, as well as to design heating and air conditioning systems.

1. Hot Water Tank Substituted by Luna 24 Fi Boiler

Mr. Rosset distinguished a hot water tank from a hot water boiler by stating that burners in a boiler come on only when there is demand for hot water, and that a boiler does not retain any sufficient quantity of water. After distinguishing the two items, Mr. Rosset also stated that in his opinion "hot water tank" is a generic term that includes "hot water boiler". He did not state that this opinion comes from the dictionary meaning of the words, and he did not state that such

opinion was general usage in the trade.

With respect to the "energy-saving hydronic forced air space heating system", mentioned on page 2 of schedule "C" to the Agreement of Purchase and Sale, set out at tab 2 of exhibit 3, Mr. Rosset stated that such a heating system may include either a hot water tank or a hot water boiler.

Mr. Rosset also said that a hot water tank could be added to the installed heating system, but that it is not advisable to do so in his opinion.

With respect to the letter from Marathon Industries concerning annual heat loss analysis of residential water heaters, set out at tab 14, exhibit 4, in response to a request by the Tribunal for clarification, Mr. Rosset stated that no comparable heat loss analysis of a hot water boiler heating system was presented as evidence.

In response to a request by the Tribunal for assistance, Mr. Rosset was unable to explain the difference between the "domestic" and "space heating" columns on the Combo-Systems Energy Savings Analysis, set out at tab 15, exhibit 4. Mr. Rosset also could not explain the n/a notation for the Luna 24 Fi under the "domestic" column of that analysis. Further, Mr. Rosset was unable to explain how the monthly savings figures of 47.17% and \$30.99 for the Luna 24 Fi boiler vs. a power-vented hot water tank were calculated from the information set out above in the analysis. Mr. Rosset pointed out that the size of the home and the number of people living in the home would affect the calculation of monthly savings. No sensitivity analysis was provided.

2. Damaged Hardwood Floor

Mr. Rosset testified that he denied the Applicants' claim because he could not determine when the damage was done, and the complaint does not appear on the Certificate of Completion and Possession. Upon cross-examination by Mr. O'Leary, Mr. Rosset admitted that a notation concerning dents/gouges on the hardwood floor in the living room does appear on the last page of the Certificate of Completion and Possession, set out at tab 7 of exhibit 4.

3. Toe Nosing

Mr. Rosset said that he denied the Applicants' claim, because the Agreement of Purchase and Sale is mute on the exact location of the toe nosing. He testified that toe nosing is capable of being installed on the other side of the staircase where it is missing.

THE LAW:

Section 14(1) of the *Ontario New Home Warranties Plan Act* (the "Act") to May 4, 2001 stated in part:

"Where...(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty;...the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations."

On or after May 5, 2001, the relevant part of section 14 stated:

(3) Subject to the regulations, an owner of a home is entitled to receive payment out of the guarantee fund for the cost of the remedial work required to correct a breach of warranty if,

- (a) the person became the owner of the home through receiving a transfer of title to it from a vendor or through the substantial performance by a builder of a contract to construct the home on land owned by the person; and
- (b) the person has a cause of action against the vendor or the builder, as the case may be, for damages resulting from the breach of warranty.

.....

Section 13(1) of the Act partly states:

"Every vendor of a home warrants to the owner,

- (a) that the home,
 - (i) is constructed in a workmanlike manner and is free from defects in material,...
- (c) such other warranties as are prescribed by regulations."

Section 19 of Regulation 892 to the Act (the "Regulation") adds:

"Every vendor of a new home warrants to the purchaser that, where the vendor makes a substitution with respect to an item that is referred to in the purchase agreement that is not an item that is to be selected by the purchaser, the item will be of equal or better quality than the item referred to in the purchase agreement."

FINDINGS OF FACT:

The Tribunal finds that:

1. The vendor Presview Development Inc. made a substitution with respect to an item that is referred to in the purchase agreement that is not an item that is to be selected by the purchaser, substituting a Luna 24 Fi boiler for a hot water tank.
2. The substitution of the Luna 24 Fi boiler for a hot water tank was substitution of an item of equal or better quality than the item referred to in the purchase agreement. The Combo-Systems Energy Savings Analysis states that there are savings of \$30.99 per month with the Luna 24 Fi boiler vs. a power-vented hot water tank. No contrary evidence was presented. The analysis may depend on the size of the house and the number of people that live in the house, but no evidence about the effect of such factors on the monthly dollar savings was presented. The monthly savings due to higher efficiency of the Luna 24 Fi boiler are greater than the increased monthly rental cost of \$34.99 for the boiler compared to \$17.95 for a hot water tank. No dollar figure for damages due to loss of storage space was presented.
3. The damage to the hardwood floor was done prior to closing. This finding is supported by Mr. O'Leary's uncontradicted testimony that the builder sent workmen to take out and replace the damaged flooring. Further, the flooring was not constructed in a workmanlike manner, free from defects in material.
4. The staircase was not constructed in a workmanlike manner. It is reasonable to expect both sides of a staircase to be built the same. The omission of toe nosing on one side of a staircase is a defect. Also, there is no clear language in the agreement of purchase and sale stating that toe nosing should be provided only on one side of the staircase.

APPLICATION OF LAW TO FACTS:

Section 19 of Regulation 892 to the Act requires that a substitution be of equal or better quality which has been established in this case respecting the substitution of a Luna 24 Fi boiler for a hot water tank. Accordingly, as to that matter the Tribunal finds that the decision of the Program was not in error in denying the Applicants' warranty claim.

Section 13(1)(a)(i) of the Act requires that a home be constructed in a workmanlike manner. On the facts as found, the Tribunal finds that the decision of the Program was in error in denying the warranty claims of the Applicants regarding damaged hardwood floor and toe nosing. Contrary to the warranty of the vendor Presview Development Inc. to the Applicants

set out in section 13(1)(a)(i), the hardwood floor was not constructed in a workmanlike manner, free of defects in material. Similarly, the omission of toe nosing is a breach of the warranty, set out in section 13(1)(a), that the home is constructed in a workmanlike manner.

DECISION:

Accordingly, the Tribunal makes the following order:

- 1) By virtue of the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program:
 - (a) to disallow the Applicants' claim concerning substitution of a Luna 24 Fi boiler for a hot water tank.
 - (b) to allow the Applicants' claims concerning damaged hardwood floor and absent toe nosing by repairing the damaged hardwood floor and installing the absent toe molding within six months of the release of this decision, provided that the Program and its authorized agents shall give reasonable notice to the Applicants of the time or times needed to effect the repair and installation for which the Applicants shall provide the Program and its authorized agents with reasonable access to the Applicants' home.
- 2) Pursuant to Rule 7 of the Rules of Practice of the Licence Appeal Tribunal, the Tribunal orders that:
 - (a) the document, set out at tab 2 of exhibit 4 to these proceedings and containing Social Insurance Numbers of the Applicants, not be accessible to the public; and
 - (b) the Registrar of the Tribunal shall separate such documents from the Tribunal's records and keep it confidential unless and until otherwise ordered.

McGLYNN

PENELOPE J. McGLYNN

APPEAL FROM A DECISION OF THE BOARD OF
DIRECTORS OF THE ONTARIO TRAVEL
INDUSTRY COMPENSATION FUND CORPORATION
UNDER THE *TRAVEL INDUSTRY ACT*

TO DISALLOW A CLAIM

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

PENELOPE J. McGLYNN, appearing on her own behalf
TREVOR BRANION, Counsel representing the Travel Industry Council
of Ontario

DATE OF
HEARING: January 7, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal by Penelope J. McGlynn (the "Applicant") to the Licence Appeal Tribunal from a written decision dated October 3, 2001 of the Board of Directors of the Ontario Travel Industry Compensation Fund Corporation (the "Fund") to deny the Applicant's claim for compensation in the amount of \$926.10 (U.S.).

The Applicant bases her claim on Section 50(1) of Regulation 806/93 (the "Regulation") made under the *Travel Industry Act* (the "Act").

THE EVIDENCE:

The evidence was both oral and documentary. Oral testimony was given by the Applicant and Dorian Werda on behalf of the Fund.

The Applicant testified that on or about February 13, 2000 she booked an expedition cruise through Marine Expeditions. This cruise, to Greenland, was to take place in the summer of 2000. At the time of booking the cruise she paid Marine Expeditions the sum of \$926.10 (U.S.) by way of a credit card. On conversion to Canadian funds the amount of \$926.10 (U.S.) was \$1,341.45 (Canadian).

On August 18, 2000 shortly prior to the date of departure, the Applicant was informed by Marine Expeditions that the cruise had been cancelled due to mechanical problems with the engines of the cruise ship. At the time of cancellation the Applicant was given a "Marine Expeditions Travel Certificate" for \$1,100.00 (U.S.) which she could utilize for future travel, departing between August 1, 2000 and July 1, 2003. The difference between the sum of \$926.10 (U.S.) and the \$1,100.00 (U.S.) travel certificate represented compensation for inconvenience the Applicant had suffered due to cancellation of the cruise.

In or about April 2001, the Applicant booked a similar expedition cruise departing in the summer of 2001. The Applicant utilized the travel certificate when paying for the 2001 cruise. When acknowledging receipt of the Applicants' booking, Marine Expeditions wrote to her on April 24, 2001 as follows:

I'd like to thank you for booking your June 21st Summer Solstice voyage through Marine Expeditions.

I'm pleased to advise you that we have arranged for all bookings to be handled through Marine Expeditions Travel, a registered travel agency in the Province of Ontario (Retail No. 50009128, Wholesale No. 50009132).

Your deposits to Marine Expeditions Travel are subject to the very strict consumer protection legislation, administered by the Travel Industry Council of Ontario (T.I.C.O.) and the industry-financed Ontario Travel Industry Compensation Fund.

Please feel free to call me at any time, should you have any questions about your upcoming trip.

In June 2001, prior to the departure of the 2001 cruise, the Applicant was informed that the cruise had been cancelled and Marine Expeditions Travel was no longer in existence.

The Applicant made a claim to the fund for reimbursement of the amount she had paid for the 2001 summer cruise but this claim was rejected by the Fund. The basis for the rejection was set forth in the closing paragraphs of the Fund's letter of October 3, 2001 which states:

It appears that you have dealt directly with Marine Expeditions Inc. (cruise line), which was a separate company operating as an end-supplier of travel services, and was therefore, not required to be registered with the Travel Industry Council of Ontario. In addition, Marine Expeditions Inc. (cruise line) provided you with Travel Certificates, which you, in turn, used to offset the cost of your new voyage. Section 50(3)6 states, in part, that a customer is not entitled to be reimbursed if the customer used a voucher, certificate, coupon or other similar document to obtain the travel services.

Notwithstanding the above, Section 62 of the Regulation and subsequent subsections thereto, entitle you to a hearing by the Licence Appeal Tribunal with respect to the ineligible amount. To file such an appeal, you must mail or deliver a written request within 15 days of receipt of this notice.

The evidence introduced by the Fund consisted of documentary evidence and the oral testimony of Dorian Werda who is employed by the Travel Industry Council of Ontario (TICO) which administers the Fund and is empowered to determine the eligibility of claims made against the Fund.

Ms. Werda testified that Marine Expeditions Inc. which operated as Marine Expeditions was at no stage registered as a travel agent under the Act but operated as a cruise line. She contended that in contracting with Marine Expeditions the Applicant was not dealing with a registered travel agent, and accordingly the Applicant was not covered by the Fund.

Ms. Werda went on to state that Marine Expeditions was placed in bankruptcy on September 12, 2000. The travel certificate issued by Marine Expeditions was sent to the Applicant in August, 2000.

This travel certificate was sent by the Applicant to Marine Expeditions on April of 2001 in payment of the summer 2001 cruise. The travel certificate was then passed to and accepted as payment for the 2001 summer cruise by Canadian Venture Travel Ltd. trading as Marine Expeditions Travel which was registered as a travel agent under the Act on February 20, 2001. The address of Marine Expeditions was 890 Yonge Street, Toronto, and the address of Canadian Venture Travel Ltd. was also 890 Yonge Street, Toronto.

Furthermore, Ms. Werda stated that a customer, such as the Applicant, is not entitled to be reimbursed by the Fund if that customer used a voucher or gift certificate which is what the Applicant in fact did when contracting with Marine Expeditions for its 2001 cruise.

FACTS FOUND PROVEN:

The following are the facts to have been proven.

1. Neither Marine Expeditions nor Marine Expeditions Inc. were at all relevant times registered with the Fund as either travel agent or travel wholesaler.
2. In or about February 2000, the Applicant booked a cruise through Marine Expeditions, which cruise was to depart in the summer of 2000.
3. The Applicant paid Marine Expeditions by way of a credit card for the cruise due to depart in the summer of 2000. The amount paid by the Applicant was the sum of \$926.10 (U.S.) equivalent to \$1,341.45 (Canadian).
4. The summer 2000 cruise for which the Applicant had paid Marine Expeditions the sum of \$1,341.45 was cancelled due to the cruise ship developing mechanical problems.
5. Reimbursement of the amount of \$1,341.45 was not made to the Applicant. On August 18, 2000 Applicant was provided with a travel voucher by Marine Expeditions for \$1,100.00 (U.S.) which voucher could be used by the Applicant towards the future cost of travel.
6. In September 2000 Marine Expeditions was placed in bankruptcy.
7. In or about April 2001, the Applicant forwarded to Marine Expeditions the aforesaid travel certificate with the request that it be used as payment for a cruise the Applicant wished to take in the summer of 2001.
8. The travel certificate of Marine Expeditions was passed to Marine Expeditions Travel, a registered travel agent, which accepted same in respect of the cost of the 2001 summer cruise.
9. Marine Expeditions Travel ceased to operate as a travel agent on June 6, 2001 and the 2001 cruise was cancelled prior to its departure. The Applicant has not received reimbursement of any amounts paid by her to Marine Expeditions by means of her credit card or by Marine Expeditions Travel in respect of the travel voucher accepted by Marine Expeditions Travel.

THE ISSUE:

Does the Applicant's claim fall within the terms of Regulation 806/93 to the Act?

THE LAW:

The relevant portions of Regulation 806/93 to the Act that are applicable to these proceedings are:

50.(1) A customer is entitled to be reimbursed for travel services paid for but not provided if,

- (a) the customer made payment for the travel services directly to or through a registered travel agent;
- (b) the customer had made a demand for payment from the registered travel agent or the appropriate registered wholesaler; and
- (c) the customer has not been reimbursed by,
 - (i) the registrant because the registrant is unable to pay by reason of bankruptcy or insolvency,
 - (ii) any other person who has received the customer's money, or
 - (iii) any other person who may be legally obliged to reimburse or compensate the customer, including a person obliged under a contract for insurance.

Section 50(3), which reads as follows:

(3) A customer is not entitled to be reimbursed for the following or in the following circumstances:

1. For a claim arising out of the failure of an end supplier to provide the travel services.
2. For losses or damages incurred by a customer as a result of a failure of an end supplier to provide the travel services.

.....

6. If the customer used a voucher, certificate, coupon or other similar document to obtain the travel services or did not pay for the travel services with cash or by cheque, credit card or other similar cash payment method.

Section 59.(1), which reads as follows:

59.(1) A customer or registrant is not entitled to be reimbursed if the failure to provide travel services is due to the failure of an end supplier and not to the bankruptcy or insolvency of a registrant.

Section 62.(1), (2) and (6) which respectively read as follows:

62.(1) If the board of directors of the Council determines that a claim, or any part thereof made under section 50, 51 or 52 is not eligible for reimbursement, the Council shall immediately serve notice of the decision on the claimant.

(2) A person who receives notice under subsection (1) is entitled to a hearing before the Tribunal if, within 15 days after notice is served, the person mails or delivers a written request for a hearing to the Registrar, the Council and the Tribunal.

.....

62.(6) The Tribunal may,

- (a) allow the claim, in whole or in part, and direct the Council to pay the amount allowed out of the Compensation Fund; or
- (b) refuse to allow the claim in whole or in part.

APPLICATION OF LAW TO FACTS:

The Applicant in her written claim directed to the Travel Industry Council of Ontario claimed reimbursement from the Fund in respect of the summer 2001 cruise which had been cancelled.

2001 Summer Cruise

The travel services, namely the arrangements for the 2001 summer cruise, were provided by Marine Expeditions Travel. The Applicant used a travel voucher, issued to her by Marine Expeditions, to pay for that cruise. Section 50.(3)6 of Regulation 806/93 states that a customer is not entitled to be reimbursed where the customer "used a voucher, certificate, coupon or other similar document to obtain travel services and did not pay for the travel services with cash or by cheque, credit card or other similar cash payment method". Payment having been made by the Applicant by way of a travel certificate disentitles her to reimbursement from the Fund when Marine Expeditions Travel went out of business and the cruise was cancelled.

2000 Summer Cruise

The cancellation of the 2000 summer cruise led to Marine Expeditions handing the Applicant a travel voucher. Marine Expeditions was not a registered travel agent. Had the Applicant based her claim for reimbursement in respect of that cancelled 2000 summer cruise, her claim for reimbursement from the Fund would also have failed as Section 50.(1)(a) of Regulation 806/93 requires that payment for travel services be paid "directly or through a registered travel agent". The Applicant's payment to Marine Expeditions, not a registered travel agent, was not made in compliance with the Regulation, and the Applicant would not be entitled to reimbursement from the Fund for the 2000 summer cruise.

DECISION:

Accordingly, pursuant to the authority vested in it by the Travel Industry Act and Regulations thereunder, the Tribunal upholds the decision of the Board of Trustees of the Travel Industry Council of Ontario to refuse the Applicant's claim.

PREHEARING

RADCLIFFE REID DBA RAD CAR CARE

APPEAL FROM A NOTICE OF THE DIRECTOR OF VEHICLE INSPECTION STANDARDS ISSUED PURSUANT TO CLAUSES 91(8)(a), (b) and (e) AND CLAUSES 93(a), (b) and (c) OF THE *HIGHWAY TRAFFIC ACT* R.S.O. 1990, CHAPTER H.8 AS AMENDED

TO REVOKE RADCLIFFE REID DBA RAD CAR CARE'S LICENCE AS A MOTOR VEHICLE INSPECTION STATION AND RADCLIFFE REID'S REGISTRATION AS A MOTOR VEHICLE INSPECTION MECHANIC

TRIBUNAL: STUART CORK, Member

APPEARANCES: GEORGE KOSTYK, Agent, representing the Applicants

PATRICK MOORE, Counsel, representing the Director of Vehicle Inspection Standards

DATE OF
PRE-HEARING: January 9, 2002 Toronto

ORDER

Following attendances on January 9, 2002, at a pre-hearing before this Tribunal of George Kostyk, Agent on behalf of Radcliffe Reid dba Rad Car Care (the "Applicants") and Patrick Moore, Counsel, on behalf of the Director of Vehicle Inspection Standards ("the Director");

The Tribunal makes the following Order respecting the hearing scheduled to commence at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario at 9:30 a.m., on Friday, February 15, 2002, and to continue if necessary on Tuesday, February 19, 2002 at 9:30 a.m.

1. The Parties to the hearing are
 - (a) Radcliffe Reid dba Rad Car Care;
 - (b) Radcliffe Reid; and
 - (c) The Director of Vehicle Inspection Standards
2. Mr. Kostyk, the Agent for the Applicant, informed the Tribunal at this Prehearing that he did not expect to continue to represent the Applicant in this matter. He indicated to the Tribunal that he was authorized to represent the Applicant at this Prehearing, but he would not be representing the Applicant subsequently at the hearing. He requested that all further correspondence be sent directly to the Applicant's address.
3. It was determined that the filing dates with the Tribunal of submissions and documents to be used in the hearing by both parties would occur **on or before Friday, February 8, 2002.**

Both parties will file five copies with the Tribunal and deliver one copy to all parties. It was confirmed that the Tribunal requires full disclosure 10 days prior to the hearing.

4. The Respondent will present testimony and evidence from three witnesses, all of whom are MTO Inspectors: Officer Mark Horton, Officer Larry Grimaldi, and Officer Gordon Waldron. The witnesses will give evidence and testimony relating to the background and prior history of convictions and interventions by the MTO since the early 1980's, as well as proceedings before the Licence Suspension Appeal Board in 1987.

Each witness for the Respondent will also testify as experts to give information supporting the facts for convictions against the Applicant. The witnesses will give evidence regarding vehicle safety standards, vehicle inspections, and facility inspections that led to those convictions against the Applicant. Among the materials the Respondent's witness will rely upon will be notes, Field Inspection Reports, and MTO records from the Ministry computerized data base.

5. The Applicant will call several witnesses, including Mr. Radcliffe Reid the owner of Rad Care Care, two mechanics apprentices, the Shop Manager, and as many as ten of the Applicant's past and current customers. The Applicants' witnesses will testify that the circumstances of this case are not appropriate for either the revocation of Rad Car Care's licences as a motor vehicle inspection station or the revocation of the registration of Radcliffe Reid as a motor vehicle inspection mechanic.
6. The Applicant agreed to provide the Respondent and the Tribunal with a complete witness list ten days prior to the commencement of the hearing. It was noted that should the Applicant call any witnesses to testify as experts, the Tribunals Rules of Practice,

Section 6.4, provides specific criteria that the parties must follow regarding expert witnesses at a hearing before the Tribunal.

7. At issue for the Applicants is whether there could be some middle ground in the approach taken by the MTO in the form of some measure of probation, and the Respondents position is that the body of evidence is sufficient for revocation.

The parties present at the pre hearing recorded that there was no resolution of the issues between them.

8. It was confirmed at the Prehearing Conference that the Director has issued a Notice to Revoke Radcliffe Reid d/b/a Rad Car Care licence as a Motor Vehicle Inspection Station pursuant to clause 91(8)(a), (b) and (e) of the *Highway Traffic Act* (the "Act") and Radcliff Reid's registration as a Motor Vehicle Inspection Mechanic pursuant to clauses 93(a), (b) and (c) of the *Highway Traffic Act*, with the Notice to Revoke being dated September 13, 2001.

CONSENT ORDER

Upon the application to the Licence Appeal Tribunal by J.A.B. International Ltd., the Applicant, and counsel for the Registrar under the *Travel Industry Act* for issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act*, R.S.O. 1990, chapter S.22; and

Having reviewed the written settlement signed by the Applicant and the Registrar under the *Travel Industry Act* as to the disposition of these proceedings which is filed and attached hereto as Schedule AA@;

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of without a hearing on the basis of the terms set out in the said Schedule AA@.

LICENCE APPEAL TRIBUNAL

LICENCE APPEAL TRIBUNAL

BETWEEN:

J.A.B. INTERNATIONAL LTD.

Applicant

- and -

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The Registrant is registered as a travel agent and travel wholesaler (Registration Nos. 4258588/R & 50007109/W).
2. Maintenance of a "*Travel Industry Act Trust Account*" is one of the Terms and Conditions of registration, signed on April 7, 1994.
3. The registrant was visited by one of TICO's Inspectors on November 7, 2000. It was noted during the visit that the "*Travel Industry Act Trust Account*" was not handled properly in that the account had been consistently overdrawn on several occasions.
4. The registrant was requested by TICO, by letter dated March 23, 2001, to submit a customer deposit reconciliation for the month of February 28, 2001 due by April 6, 2001. The reconciliation was to be accompanied by a copy of the "*Travel Industry Act Trust Account*" bank statement for the same period.

5. By letter dated April 12, 2001, the Registrant was issued a final due date of April 30, 2001 by TICO, to file the required customer deposit reconciliation.
6. On May 1, 2001 the Registrant telephoned TICO and advised Pamela Stout, Financial Inspections Co-ordinator for TICO, that the information was with the accountant, but that the Registrant would have the reconciliation submitted by May 7, 2001.
7. By fax dated May 30, 2001, the Registrant was advised by TICO that the required trust account reconciliation, which was due by April 30, 2001 had not been received. The Registrant was also reminded in the fax dated May 30, 2001 that the financial statements, for the fiscal year ended March 31, 2001, which were due by June 30, 2001 must also disclose the customer deposit position, pursuant to section 24 (5) of the Act.
8. By letter dated July 20, 2001, the Registrant was advised by the Registrar that TICO was unable to determine its customer deposit position due to the absence of the requested trust account reconciliations, and given a further final due date of August 31, 2001 to submit the required customer deposit reconciliation certified by a Licensed Public Accountant, by August 31, 2001.
9. The Registrar's July 20, 2001 letter was re-sent to the Registrant on September 21, 2001.
10. By October 11, 2001, the Registrant had failed to provide the requested customer deposit reconciliations. On that date, the Registrar issued a Proposal to Revoke the Registrant's registration.
11. On November 30, 2001, the Registrant submitted customer deposit reconciliations for the months of September, October and November 2001. The reconciliations, as submitted, indicated that the Registrant had sufficient funds in its trust account to cover its customer obligations.
12. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated October 11, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - a. The Registrant shall at all times maintain sufficient funds to cover its customer obligations. Such funds shall be maintained in a properly designated "Travel Industry Act Trust Account" and in accordance with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time; and
 - b. The Registrant shall submit a monthly trust account reconciliation with corresponding bank statements to the Registrar beginning with the month of December, 2001, no later than 30 days after the end of each calendar month, for so long as the Registrar shall so require.
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) and (b) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED at Mississauga this ____ day of December, 2001

Mr. Ponniah Jeenathan
J.A.B. International Ltd.
I have authority to bind the corporation

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit # 1 - Letter Dated November 27, 2001, issued by The Registrar, Ministry of Transportation.

Exhibit # 2 - Notice of Appeal Form Received at the Tribunal November 16, 2001, filed by the Applicant.

FACTS:

The Applicant, a 76 year old semi-retired general practitioner, had his driver's licence suspended March 16, 1998, under Section 47(1) of *The Highway Traffic Act*, following receipt of a Medical Report, dated February 18, 1998, from Physician # 1. The report stated that the Applicant had a condition likely to significantly interfere with driving and the condition was alcohol abuse.

The Applicant has a long history of excessive alcohol use since 1981, when he developed cirrhosis of the liver. He was also treated for ascites in 1996. His problem came to light when he collapsed on February 18, 1998 and was taken to the North York General Emergency. Following this episode, the Applicant consulted a cardiologist, Physician # 2, who diagnosed orthostatic hypotension and syncope.

In a letter dated April 23, 1998, Physician # 2 provided the following information leading up to the collapse on February 18, 1998. He stated the Applicant had experienced spells of lightheadedness and found his blood pressure to be 100/60 to 70. Around that time he was taking 6 - 8 oz. of alcohol daily, in the belief that it might raise his pressure somewhat.

The Applicant collapsed in the apartment hallway outside his front door. His wife heard him and went to the door. Apparently there were no signs of epilepsy and no evidence of any heart problems. At the time he was taking Aldactone 25 mg. per day, which is an anti-hypertensive. He was removed to the hospital by ambulance, treated for four hours and released. With the exception of an elevated Bilirubin, a test for liver function, all of the other blood tests were normal.

Physician # 2 concluded that the syncope was due to hypotension, possibly as a result of a combination of Aldactone and excessive alcohol intake, which probably caused vaso dilatation and fainting.

The Applicant consulted Physician # 3, an addiction specialist, on October 1, 1998, at the request of the Medical Advisory Committee. Physician # 3 saw the Applicant on three occasions, the last being November 25, 1998. He related that the Applicant claimed he had stopped drinking liquor after the February 18, 1998, episode, but was drinking a maximum of two glasses of wine per week.

Blood tests revealed the Applicant's GGT was elevated to 123 and his MCV was 103, both consistent with alcohol damage. Physician # 3 stated that it was unlikely that two glasses of wine per week would produce these lab results. He added that a possible explanation is that the liver tests were significantly elevated in February and had been gradually declining since then.

A liver ultrasound revealed signs of cirrhosis and ascites, which would also be inconsistent with drinking two glasses of wine weekly for nine months.

Physician # 3 recommended that the Applicant receive extra support from AA or another treatment program, but the Applicant refused because he said he had stopped consuming alcohol and did not feel the need for any further treatment.

The Ministry of Transportation notified the Applicant on February 1, 1999, that his file had been reviewed and his driving privilege would remain under suspension. The Ministry wanted another assessment by an addiction specialist and confirmation of a successful completion of a treatment program and a one-year period of abstinence from alcohol supported by lab tests.

Physician # 3's letter of December 2, 1998 is the last piece of information in the Applicant's file. The Applicant apparently did not feel it was necessary either to follow Physician # 3's recommendations or to respond to the Ministry's letter of February 1, 1999 before filing an appeal.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

In suspending the Applicant's driver's licence the Registrar acted in accordance with governing legislation and regulations. Section 14(b) of Regulation 340/94 and Section 47(1)(f) of the *Highway Traffic Act* apply.

The medical evidence available is clear and uncontradicted. The Applicant has not put forth any new or recent evidence for the past three years, so the Tribunal must deal with the information received.

Physician # 1 initially reported the Applicant to the Ministry following a "fainting spell", which was diagnosed later, as orthostatic hypotension, by Physician # 2, a cardiologist. Physician # 2 elicited a past history of cirrhosis and later, ascites and the fact that the Applicant had been drinking excessive alcohol prior to his collapse on February 18, 1998. The Applicant also admitted to Physician # 2 that he was still drinking about 2 glasses of wine per week.

The fact that the Applicant, a physician, has continued to drink alcohol despite it causing severe medical problems in the past, including cirrhosis, causes great concern.

"Determining medical fitness to drive" published by the Canadian Medical

Association states in Section 3.2, "the major medical criteria for the diagnosis of alcohol dependence, are loss of control and compulsive behaviour related to alcohol ingestion and continued use despite the presence of the clinical consequences of alcohol abuse."

In the fall of 1998, the Applicant consulted Physician # 3, an addiction specialist, on three occasions. He determined the Applicant's MCV and GGT blood tests were both elevated, consistent with alcohol damage and unlikely the result of two glasses of wine per week. He also found evidence of cirrhosis and ascites, also inconsistent with that amount of wine over a nine-month period. These inconsistencies suggest that the Applicant is not being forthright with Physician # 3 regarding his consumption of alcohol.

Physician # 3 recommended that the Applicant seek extra support for the treatment of alcohol abuse, including AA or a treatment program, but as yet there is no evidence that he has made this effort. There is also no evidence presented to the Tribunal to contradict any of the medical evidence presented or to demonstrate that the Applicant has abstained from alcohol for any length of time.

The Registrar has acted in accordance with the appropriate governing legislation and regulations and has applied the appropriate medical standards that have not been refuted. The medical evidence is clear and uncontradicted and supports the Registrar's conclusion that the Applicant is addicted to the use of alcohol to an extent likely to significantly interfere with the Applicant's ability to drive a motor vehicle safely. Accordingly, the Tribunal finds that the Registrar has acted within the authority granted under the *Highway Traffic Act* to suspend the Applicant's driver's licence.

DECISION:

Upon the application by the Applicant to appeal the decision dated April 6, 1998 of the Registrar of Motor Vehicles to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act*, and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- 1) Notice of Appeal from the Applicant received at the Tribunal and dated May 16, 2001.
- 2) Notice from the Registrar, June 29, 2001 advising the Applicant that his driving privileges have been downgraded.
- 3) Case summary from the Ministry received at the Tribunal December 22, 2001.

THE FACTS:

The Applicant, a 55 year old truck driver had his driver's licence downgraded from a "D" to a "G" on May 16, 2001, after the Registrar received an unsolicited Medical Report from a neurologist, Physician # 1, on August 25, 2000. Physician # 1 advised that the Applicant had suffered two grand mal type seizures on August 23 and August 24, 2000 and she had prescribed Dilantin.

On July 6, 1999, Physician # 2, a neurologist, had sent a Medical Report to the Ministry suggesting a medical review for the Applicant because of possible seizures. On September 9, 1999 the Ministry requested an up-to-date medical assessment by a neurologist.

Physician # 2 reported on October 20, 1999, that the Applicant had been experiencing irregular episodes once or twice a month, which involved disorientation, followed by recent memory loss. He also had an abnormal sleep EEG. In his opinion these episodes may represent complex partial seizures. Physician # 2 recommended a trial of an anti-convulsant, such as Tegretol. In evidence it was brought out that the Applicant never took the Tegretol, because he had been advised of possible liver damage and he had Hepatitis C.

Physician # 2 reported on April 25, 2000 that the Applicant has not had anything to suggest a seizure since December and that he has stopped drinking alcohol. Also his liver function tests were normal. The Applicant stated in cross-examination that he never had a seizure in December 2000. His only seizures were in August 2000.

On May 16, 2001, the Ministry advised the Applicant that his driver's licence had been downgraded from a "D" to a "G".

Physician # 1 informed the Ministry on May 29, 2001, that the Applicant had been investigated for seizures previously and that a sleep deprived EEG was normal. In cross-examination, she admitted she had not seen the EEG report, but had been given that information by the Applicant. No more seizures had occurred, since he had been put on Dilantin and regular blood checks had indicated therapeutic levels.

A MRI scan had demonstrated multiple white matter changes, but no definite cause for the seizures was found. A neurological examination was normal.

In a letter from Physician # 1, dated July 23, 2001, she took exception to the Ministry's reference to the seizures being long standing. She states that the seizures were on one day only. In cross-examination, she admitted that she had attempted to obtain Physician # 2's records, but was unsuccessful. She was unaware of the previous seizures and that Physician # 2 had considered them as being complex partial seizures.

Physician # 1 now states in her letter of July 23, 2001 that she suspects the two seizures were actually a result of alcohol withdrawal and that the Applicant no longer drinks alcohol. On cross-examination the Respondent asked her "why she had prescribed Dilantin in August 2000, if she believed the cause was a result of alcohol withdrawal? Also, when did she change her diagnosis and if so, why is the Applicant still on Dilantin?" Physician # 1 responded that she was unsure when she changed the diagnosis, but she had continued the Dilantin because she did not want to risk another seizure, since the Applicant wanted to get his licence upgraded, as soon as possible. The Respondent then asked, "why, if she was so sure of alcohol withdrawal being the cause, was the Dilantin necessary?" Physician # 1 said "she might discontinue it at anytime, maybe even next week, if the Applicant came into her office."

The Ministry received two letters from the Applicant's solicitor, with a copy of Physician # 1's letter of July 23, 2001, requesting the Ministry reconsider the Applicant's application for reinstatement of a class "D" licence. He reiterated that there were only two seizures on August 24, 2000 with no previous history.

ISSUES:

Should the decision of the Minister to change the class or class of motor vehicles in respect of which the licence is issued in accordance with the result of the examination be varied, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

- 17. (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
 - (a) has no history or clinical diagnosis of diabetes that requires insulin for control;

- (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the applicable class safely;
 - (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class;
 - (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
- (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure, qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.
- (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full recovery and there is no established history of a second occurrence of myocardial infarction, thrombosis or recurring angina pectoris.

- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.
- 18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,
 - (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
 - (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
 - (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

- 50(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

The Registrar acted in accordance with governing legislation, Regulation 340/94, Section 14, of the *Highway Traffic Act*, in downgrading the Applicant's driver's licence, after receiving Physician # 1's medical report that the Applicant had suffered two generalized seizures.

The medical evidence presented to the Tribunal had several important conflicts. Physician # 1 was unaware that Physician # 2 had diagnosed possible "complex partial seizures" and a sleep deprived EEG, was abnormal. She had apparently attempted to obtain copies of the medical records, but was unsuccessful. As a result she had to rely on information from the Applicant, which was not always factual.

The Applicant's solicitor, apparently also relied on information from his client and Physician # 1's letter of May 29, 2001.

The Tribunal accepts Physician # 2's diagnosis of "complex partial seizures" over a period of time and that the sleep deprived EEG was abnormal.

The possibility of the seizures being caused by alcohol withdrawal cannot be answered without further investigation. This theory was not suggested until July 23, 2001, in Physician # 1's letter and the Applicant had been taking Dilantin since August 24, 2000. Physician # 1 said she was 90% certain that alcohol withdrawal was the cause, but she still did not stop the Dilantin.

The Applicant testified that he stopped drinking alcohol in August, 2000, after the seizures and did not require help from AA or anyone specializing in Addictions Medicine.

The medical evidence presented of seizures supports the Registrar's decision to refuse to upgrade the Applicant's driver's licence. It confirms a condition likely to significantly interfere with the Applicant's ability to drive a truck, and supports the downgrade of the Applicant's driver's licence pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act*.

DECISION:

Upon the application by the Applicant to appeal the decision dated June 29, 2001 of the Minister to change the class or classes of motor vehicle in respect of which the licence was issued pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act*, and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

DATE OF HEARING: December 21, 2001

DECISION RELEASED: January 10, 2002 Orillia

REASONS FOR DECISION

A hearing was held on December 21, 2001, at Orillia, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Brian Christiansen (the "Applicant")
Motor Vehicle:	1992 Dodge Sprint, plate no. AEFK 192 (the "vehicle")
Date of Appeal:	December 4, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on December 21, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Undo hardship
I need the car back or my boss will fire me.
Vehicle Impoundment Notice. More to follow.

The owner of the vehicle, Mr. Christiansen was sworn and gave the following testimony. He testified that at the time of the order to impound he had left his vehicle with his friend, Karen Aileen Egan. Ms. Egan had been under stress at the time and had allowed Mr. James F. Canning to drive Mr. Christiansens' vehicle. Mr. Christiansen was not aware of this until he received a phone call from Ms. Egan that his vehicle had been impounded.

According to Mr. Christiansen, he had not given Mr. Canning permission to use his vehicle and that he needed his vehicle to get to his work. As a truck driver, he travels all over and has to transport himself to the location of the tractor trailer. Where he resides there is no public transportation at the hour that he would need to be transported.

Mr. Christiansen called to the stand Ms. Karen Aileen Egan. Ms. Egan was sworn and gave the following testimony. She testified that she had the use of Mr. Christiansens' vehicle. According to Ms. Egan, she has been under tremendous emotional stress. She stated that she wanted to go for a drive but was not in any state of mind to drive and had asked Mr. Canning if he would drive. She testified that she asked Mr. Canning if he had a driver's licence and he told her that he had. She had no reason not to believe him as she had seen him driving previously. It was not until the vehicle was stopped by police and Mr. Canning was asked to produce a driver's licence which he could not. The police indicated that he had a record which indicated that he had a criminal code conviction and was driving while under suspension and that the vehicle was going to be impounded. Ms. Egan had nothing further to add and was excused from the stand.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. James F. Canning;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 5, 2004.

The Tribunal accepts the evidence as submitted by the Respondent which does in fact indicate that the driver of the impounded vehicle, Mr. James. F. Canning was driving while under suspension.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6 To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a

defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicants vehicle was impounded by the Registrar under Section 55.1 of the *Highway Traffic Act* when it was found to be driven by a driver whose licence at the time was under suspension.

1. Due Diligence

The grounds of appeal under Section 50.2(3)(c) of the Act require that the Applicant show the Tribunal that he, the owner, Mr. Christiansen had exercised due diligence in attempting to determine that Mr. Canning's driver's licence was not suspended at the time of the

impoundment of the Applicant's vehicle.

The Applicant provided nothing to this Tribunal that indicated that any attempt was made to ascertain if in fact, the driver Mr. Canning was in possession of a valid driver's licence.

The onus is upon the Applicant to establish that he in fact exercised due diligence. The Applicant by his own admission had not made inquiries as to the driver's licence as he was unaware that his vehicle was being driven by Mr. Canning. The Applicant believed that Ms. Egan exercised due diligence. The evidence does not support his belief that Ms. Egan was diligent in her inquiry as to the status of Mr. Canning's driver's licence. She made no effort to ask to see Mr. Canning's Driver's licence. In any event, the legislation requires that the onus is upon the owner of the impounded vehicle to exercise due diligence. It is quite clear that due diligence was not performed in any manner as required by subsection 50.2(3)(c).

2. Exceptional Hardship

(a) Health and Safety

The Applicant has provided no supporting evidence to support his claim that the impoundment of his vehicle will result in a threat to the life or safety of any one transported by his vehicle, including himself as described by Regulation 632/98, section 22(1)(a).

(b) Financial/Employment Loss

The Applicant claims via documentary and oral testimony, that the loss of the vehicle had resulted in exceptional hardship as described by Regulation 632/98, section 22(2). In order for the Tribunal to consider whether exceptional hardship will result from the impoundment under that section, the Tribunal can only consider the specific items listed by Regulation 632/98, section 22(2)(b), (c) and (d) and if the Applicant can demonstrate that all the criteria of section 22(3) have been met.

The Applicant has not shown the Tribunal that in attempting to mitigate the loss of his vehicle, he has considered every reasonable alternative and that no alternative to the impounded vehicle was available. The Applicant was not able to provide evidence that he had in fact attempted to procure another vehicle during the impoundment period or that he had considered other alternatives such as obtaining a ride from a friend or relative, or borrowing another vehicle, or traveling by taxi. In addition, the Applicant provided no evidence of significant financial loss or threat to his employment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section

50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

DECISION
RELEASED: January 8, 2002 Toronto

REASONS FOR DECISION

A hearing was held on January 7, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 8, 2002 with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated December 13, 2001, and was received by the Tribunal on December 17, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

The Representative of the Ministry provided the Tribunal with original certified copies of Ministry of Transportation documents on file.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar – dated November 27, 2001.
- b) Exhibit # 2 Notice of Appeal Form – received December 17, 2001.

By the Respondent:

- a) Exhibit # 3 Ministry of Transportation submissions – received December 28, 2001.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the

Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the

subject of the report; and

- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant's Driver's Licence was suspended "Nov 27 2001" as per Notice of Appeal (Exhibit # 2).

Applicant's Evidence:

The Applicant's Notice Appeal is incomplete, in that it does not provide the medical information requested.

At the hearing, the Applicant related the events that led up to the breathalyser test. The Applicant testified that he felt "... shocked, terrified ... humiliated", because of the way he was treated by the officers. The situation caused the Applicant stress which combined with the fact that the Applicant has been a heavy smoker for forty years rendered the Applicant unable to provide a breath sample, as demanded.

The Applicant explained to the Tribunal that he felt embarrassed to approach his family physician with the Notice of Appeal, and that he did not realize the importance of the information required.

In cross-examination, the Applicant confirmed that he had some heart and chest problems in the past, but the only medication he takes now, is Tylenol "...for everything ...stomach ...back ...stress...".

The Applicant established for the Respondent's Representative that he did not tell the officers of any health problems other than his back problems.

The Applicant called his wife, Eva Balog as a witness. Mrs. Balog testified as to the number of telephone calls she received from the police and the way the truck was found in the parking lot of the beer store.

In closing, the Applicant re-iterated his position regarding the incidents of the night in question. The Applicant emphasized that his treatment at the hands of the officers had made him upset, and that the stress created as a result made him uncomfortable and unable to supply a breath sample.

Respondent's Evidence:

The Respondent provided the following Documents:

1. Notice to the Registrar, certified December 21, 2001.
2. Driving Record of the Applicant, certified December 21, 2001.
3. Vehicle Record as of occurrence date, certified December 21, 2001.

The Applicant's driver's record according to the Ministry of Transportation shows no infractions since 1972, other than the current suspension. (Exhibit #3)

The Respondent called Police Officer # 1 as a witness. Police Officer # 1 testified that he has been with the Toronto Police Services since "...26 August '96".

Police Officer # 1 described the events that led to the Applicant's arrest and the subsequent demand for a breath sample.

Police Officer # 1 was present during the breathalyser session but did not administer the test. The videotape made during the Applicant's breathalyser session was ruled inadmissible, as it was not disclosed prior to the hearing.

During his dealings with the Applicant at no time did Police Officer # 1 observe the Applicant wheezing, or exhibiting any other symptoms of shortness of breath. Police Officer # 1 attested that he was present when the Applicant informed the night Sergeant at the station of a "back problem". No breathing difficulties were mentioned, nor medical assistance asked for, by the Applicant, to the Sergeant or at any other time.

In closing, the Respondent noted that the onus is on the Applicant to prove the ground for appeal. The Applicant failed to provide medical evidence to support his claim that he was unable to provide a breath sample for medical reasons.

APPLICATION OF THE LAW TO FACTS:

In his testimony and closing remarks, the Applicant raised the issue of police impropriety. As the Applicant was advised during the hearing, the Tribunal has no jurisdiction in this matter, and will not comment.

Section 50.1 (2) (b) of the *Highway Traffic Act* which allows for an appeal in circumstances where a

*“... person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood **because he or she was unable to do so for a medical reason...**”*

At issue is did the Applicant have a medical condition that could cause the Applicant to fail or not comply with the breath demand.

The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

As pointed out by the Respondent, the Applicant failed to substantiate the basis for an appeal on medical grounds, as he did not provide the Tribunal with any medical reports.

The Tribunal understands and commiserates with the Applicant, regarding his embarrassment in discussing the situation with his physician. Nonetheless, page 2 of the Notice of Appeal is an important opportunity to provide medical evidence that must form the foundation of any appeal under Section 50.1(2)(b) of the *Highway Traffic Act*. As previously stated, that page is blank.

The Tribunal heard the evidence of Police Officer # 1, who at no time, during the time the Applicant was in custody, observed the Applicant afflicted with any breathing difficulties “...no wheezing ...or shortness of breath.” At no time during the course of his arrest did the Applicant seek medical assistance.

The Applicant’s testimony was credible, but by his own admission, the Applicant did not inform any of the officers involved that he had any breathing difficulties or that he was feeling anxious or stressed.

The onus being on the Applicant to establish the merit of the appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1(2)(b), in that he was not able to demonstrate that he suffers from a medical condition, which would prevent him from providing a breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated November 27, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal **confirms** the suspension.

TRANSPORT MADIGAN TRUCKING INC.

TRANSPORT MADIGAN TRUCKING INC.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

TRANSPORT MADIGAN TRUCKING INC., Applicant
TERENCE A. MADIGAN, Agent for Applicant

DATE OF HEARING: December 28, 2001

DECISION RELEASED: January 4, 2002 Ottawa

REASONS FOR DECISION

A hearing was held on December 28, 2001, at Ottawa, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Transport Madigan Trucking Inc. (the "Applicant")
Motor Vehicle:	1994 Kenworth COE, plate # PP9210 (the "vehicle")
Date of Appeal:	December 10, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on December 28, 2001 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Respondent filed certified copies of Ministry of Transportation documents, previously submitted as part of the Respondent's evidence.

The Applicant submitted copies of Mr. Joseph Anthony Jarrell's Social Security and Social Insurance cards, which were entered as exhibits without objection from the Respondent's Representative.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I, Terence A. Madigan, president of TRANSPORT MADIGAN TRUCKING INC., supply the following documents regarding the impoundment order – Driver Driving when licence under suspension.

I am appealing this matter by proving that I exercised due diligence to determine that the driver's licence of Mr. Joseph Anthony Jarrell was not suspended.

Mr. Joseph Anthony Jarrell (03/02/1960) had a valid Michigan Commercial Vehicle Licence #J64 441 067 162. In addition he supplied a Michigan Department of State BUREAU OF DRIVER AND VEHICLE RECORDS abstract dated October 25th, 2001, stating NO ACCIDENTS OR CONVICTIONS FOR LAST 5 YEARS.

Seeing as it is illegal for anyone to possess more than one licence, we had no reason to investigate him having a licence in any other jurisdiction.

He supplied us with proof of Indian status; therefore allowing him to work for us in Canada.

With all the above information Mr. Jarrell commenced employment on October 29th, 2001. I believe that all steps were taken to ensure that the driver's licence in question was not under suspension.

At the hearing, Mr. Terence A. Madigan, appearing on behalf of Transport Madigan Trucking Inc., re-iterated the comments in the Notice of Appeal. A summary of the evidence follows.

Mr. Joseph Anthony Jarrell was a driver employed by an Owner Operator that worked for the Applicant.

When the truck Mr. Jarrell was driving, broke down, the Applicant hired him so that he would not lose any pay. At this time, the Applicant requested certain paperwork from the Owner Operator and from Mr. Jarrell; including, driver's licence, driver's abstract, and letter of employment authorization.

When the Applicant viewed Mr. Jarrell's driver's licence, a copy was made for its file and the information sent to its insurance company. Mr. Jarrell showed the Applicant a valid Michigan driver's licence showing that Mr. Jarrell had a Michigan address. The Applicant hired Mr. Jarrell as a driver.

Mr. Jarrell asked the Applicant to consider him Canadian for income tax purposes. As an Aboriginal, Mr. Jarrell is allowed to choose between Canadian and U.S.A. taxing authorities.

In cross-examination, the Respondent suggested that the Applicant should have checked to see if Mr. Jarrell had a driver's licence in Ontario and if it was under suspension. Mr. Madigan testified that he is aware of a North American Agreement that permits residents of North America to drive across the borders, and he is also aware that it is illegal to possess more than one driver's licence. This was not disputed by the Respondent. Accordingly, once Mr. Madigan had determined that Mr. Jarrell had a valid Michigan driver's licence, he felt no need to check if Mr. Jarrell had a driver's licence elsewhere. Transport Madigan hires drivers to drive across North America. Mr. Madigan testified that the cost to check the other forty-nine states and 10 Canadian Provinces would be exorbitant, as well as unnecessary. Thus, the Applicant, having physically seen Mr. Jarrell's Michigan driver's licence and read the clean record of the Michigan Bureau of Drive and Vehicle Records, was satisfied that no further checking was required.

The Applicant did not consider the date of issue of Mr. Jarrell's driver's licence as it is the practice of Transport Madigan to hire recently licensed drivers. Normally, further checking into a new driver's past is required, however, because Mr. Jarrell did show a clean abstract and was already working for one of the Applicant's Owner Operators, further checking was not conducted.

The Applicant testified that each driver is checked every three months for any violations but only in the jurisdiction in which they reside.

Records of Mr. Jarrell's driver's information were sent by the Applicant to the Applicant's Insurance Company for further verification.

In closing, the Applicant commented that he believed that he did all the law required of him.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Joseph Anthony Jarrell;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the Ontario driver's licence of the driver was then under suspension until September 25, 2002.

The Respondent offered no viva voce evidence at the hearing choosing to stand on the information provided.

In closing, the Respondent asked the Tribunal to confirm the decision of the Registrar and uphold the impoundment, on the grounds that "due diligence" requires an Applicant to do more than accept that the driver had a valid driver's license in the State of Michigan.

As there is no reciprocal agreement with the State of Michigan the Respondent's Representative contended that the Applicant should have checked with the Ontario Ministry of Transportation.

The Respondent argued that the onus is on the Applicant to verify the information provided by the driver and not to assume that no crime was committed. As the Applicant did not follow the proper enquiries with the Ministry of Transportation for Ontario, the Respondent submitted that the Applicant did not perform due diligence.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to

- determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be given or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish due diligence under 50.2(3)(c) of the *Highway Traffic Act* (Ontario), which provides:

"that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's license of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension."

The above ground of appeal is the only ground on which the Tribunal may set aside the order to impound on the basis of the owner's due diligence. In this case, the driver of the motor vehicle at the time in respect of which the order was made was Mr. Joseph Anthony Jarrell. To succeed in this hearing on the basis of due diligence, therefore, the Applicant must establish that due diligence was exercised in attempting to determine that Mr. Joseph Anthony Jarrell's driver's licence was not under suspension.

The interpretation of "due diligence" in any particular case depends upon the facts of that case. The 6th edition of Black's Law Dictionary defines "due diligence" as:

“...such a measure of prudence, activity, assiduity as is properly to be expected from and ordinarily exercised by a reasonable and prudent man under the circumstances, not measured by any absolute standard but depending on the relative facts of the case.”

At issue is whether the Applicant was “reasonable and prudent” in its efforts to ensure that the driver, Mr. Joseph Anthony Jarrell, had a valid driver’s licence.

Incontrovertible evidence demonstrates that the Applicant procured and obtained the necessary information prior to hiring Mr. Joseph Anthony Jarrell. Copies of Mr. Jarrell’s Michigan driver’s licence and abstract were filed with the Tribunal by the Applicant. This information confirms Mr. Jarrell as a resident of Michigan.

The Respondent’s representative contends that accepting the information provided at face value is not sufficient and that the Applicant should have checked with the Ontario Ministry of Transportation. The Applicant counters that he hires drivers to drive across North America. The Applicant stressed that since it is illegal to possess more than one driver’s licence, verification is required only from the driver’s jurisdiction of residence. In this case, the jurisdiction of residence is Michigan and the Applicant was provided not only with a valid driver’s licence but also with a clean abstract.

The Respondent’s representative argued that a necessary element to show that the Applicant exercised due diligence is that the owner of a motor vehicle must physically see the driver’s license of the prospect driver prior to allowing the individual to drive. This criterion was met by the Applicant. The Applicant examined Mr. Jarrell’s driver’s licence, photocopied it and forwarded a copy to the Applicant’s Insurance Company. A copy of the licence is on file. The Respondent’s representative called attention to the fact that the Applicant failed to notice the date of issue of the Mr. Jarrell’s licence, which is immediately after Mr. Jarrell’s licence was suspended in Ontario. The Respondent’s representative implied that this behaviour denotes an intent to be deceptive. However, the Applicant was not aware of the Ontario driver’s licence, and the driver should not have had more than one driver’s licence. Any intent on the part of the driver to be deceptive can not be attributed to the Applicant. The Applicant also retorted that he frequently hires new drivers, thus the date of issue of a driver licence would not be too much of a concern. More particularly, there was no reason to suspect deviousness, as Mr. Jarrell was already working as a driver for one of the Applicant’s Owner Operator’s, and his abstract, dated on Oct 25th, 2001” from the Michigan Department of State BUREAU OF DRIVER AND VEHICLE RECORDS showed: “NO ACCIDENTS OR CONVICTIONS FOR AT LEAST 5 YEARS...”. Also, there is no documented evidence to corroborate the argument of the Respondent’s representative regarding concern arising from the date of issue of Mr. Jarrell’s licence. The evidence indicates that the licence expires on “ 3/2/2005” and the abstract is dated October 25th, 2001. Mr. Jarrell’s alleged intent to deceive can only be assumed and has not been proven. As a resident of Michigan State, Mr. Jarrell is entitled to a

Michigan driver's licence. The evidence regarding residence is found in Mr. Joseph Anthony Jarrell's current and valid driver's licence which shows his address as: 514 E Clarence Road – Harrison – Michigan 48625-9507.

With respect to the matter of tax deductions, the Tribunal heard evidence from the Applicant, that Mr. Jarrell requested his deductions as per Canadian regulations. As an Aboriginal, Mr. Jarrell is allowed to have dual citizenship. The Tribunal has no evidence as to whether Mr. Jarrell will be filing his income tax as a resident or non-resident. On the evidence available, the Tribunal does not find that this was sufficient reason for the Applicant to assume Mr. Jarrell was not a resident of Michigan.

The Applicant has satisfied the Tribunal that it acted reasonably and prudently according to the information provided to it and exercised due diligence to ensure the Applicant had a valid driver's licence.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **sets aside** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: MALCOLM FEALING,
Presiding member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

445227 ONTARIO LTD., Applicant
MARY NANDRAJOG, Agent for Applicant

DATE OF HEARING: December 27, 2001

DECISION RELEASED: January 3, 2002

By Teleconference

REASONS FOR DECISION

A hearing was held on December 27, 2001, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	445227 Ontario Ltd. (the "Applicant")
Motor Vehicle:	2001 Honda CRV, plate no. AKDM 528 (the "vehicle")
Date of Appeal:	December 11, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on December 27, 2001 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

My position is that the loss of this vehicle will result in exceptional hardship. I live in Caledon near Orangeville, Ontario and my business Video Effects Canada also known as 445227 Ontario Ltd. is in Brampton 40 km away. There is no public transportation in this area so a car is essential for getting back and forth to work. I also use the car for business purposes each day.

My son took the car without my permission while my wife and I were asleep. Thus the impact of the loss is upon me rather than my son who was driving while his licence was suspended.

Ved Nandrajog

Mr. Nandrajog's wife Mary acted as his agent. She asked that 445227 Ontario Ltd. Be referred to as Video Effects Canada during the hearing. She stated that the business was in Brampton, 40 Kilometres away from her home in Caledon. There is no public transportation between Caledon and Brampton.

Mrs. Nandrajog advised that the car was taken without permission by her son Gopal while she and Mr. Nandrajog were asleep. Her husband is experiencing undue hardship because he does not have the use of the automobile to drive to work and to carry out his business during the day.

As to the other automobiles registered in the family name, she gave the following explanation.

The Hyundai, KM8SC83D21U117663 is used by Surinder, her husband's brother. He lives in Brampton.

The Buick, 2G4WS52JXY1102070, is used by David Miller an employee of the company. Mary uses the Ford Mustang 1FAFP4447XF157896, to do her shopping and visiting, etc.

The Mercury Topaz, 1MEBM36XOLK616873, was recently towed to the wreckers. Daughter Prya uses the Ford Winstar 2FMDA56461BB58957.

Mr. Nandrajog has been driving Prya to work since the Honda was impounded. It takes two hours to go to Don Mills from Caledon in the morning, and another hour and a half to drive back to Brampton. This is a great loss of time that could otherwise be used to conduct business. "Time is money," said Mary, but she did admit that the loss of time was mostly a nuisance. Her husband uses the Winstar to conduct his business during the day.

In response to a further question from the Respondent, she replied that no consideration had been given to renting a car. She had a good idea how much it would cost to rent an automobile.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Gopal, Rai, D. Nandrajog;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until March 9, 2002.

The Respondent also relied upon the information provided by Mrs. Nandrajog, including full details of the use of the other automobiles, her explanation that her husband had alternative transportation, and that the hours spent traveling were more of a nuisance than a financial burden.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;

- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

As to the issue filed, the evidence established that an alternative to the impounded vehicle is available. Mr. Nandrajog has the use of a Ford Winstar to get to work and to carry out his daily business activities. The impoundment has resulted in inconvenience but has not resulted in,

- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

Ontario Regulation 632/98 amending Regulation 574 of R. R.O. 1990 excludes exceptional hardship where there is an alternative automobile available and where the loss of the automobile amounts to inconvenience. Also, the possibility of a slight loss of business income is, in any event, not a degree of loss that is equivalent to exceptional hardship.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

REASONS FOR DECISION

A hearing was held on January 10, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 11, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated December 14, 2001, and was received by the Tribunal on December 14, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

There were no preliminary matters. The documents submitted were entered as exhibits with the consent of both parties.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar.
- b) Exhibit # 2 Notice of Appeal, 3 pages.

By the Respondent:

- a) Exhibit # 3 MTO submissions.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical

practitioner;

- (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
 - (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant took the stand and was affirmed. He testified that on the evening of December 9, 2001 he was driving a friend's vehicle travelling westbound on Major Mackenzie Drive. At Bathurst St. he made a left turn to proceed southbound on Bathurst St. He testified that as he made his left turn onto Bathurst St., there was an animal on the road, causing him to swerve right and left so as to navigate around the obstacle. It was at this time that he saw a police car behind him. He stated that he was about 50 meters south of Major Mackenzie when he was pulled over. He pulled over to the right side of the road and stopped his vehicle. The officer approached his vehicle and asked to see his documents and if he had been drinking that evening? The Applicant responded that he had not had anything to drink. The officer asked him to provide a breath sample in a machine. The Applicant complied and followed the officer back to the police car. The Applicant testified that he was shown how to provide a sample of his breath, that he could not, and that he did not give the officer any reason for his failure to

provide the sample of breath when requested. The Applicant asked the officer if he could be taken to give blood to prove that he was not drunk. The Applicant recalled attempting to provide a breath sample on four or five occasions but simply could not.

The Applicant testified that he was cautioned and was subsequently arrested and placed in handcuffs. The Applicant testified that the handcuffs were hurting him and asked the officer to remove them or make them looser. The Applicant was released and given a promise to appear notice. The Applicant testified that after he was released, he went home. He went to Physician # 1 on December 14, 2001 as indicated on the prescription note pad. That note indicated an antibiotic prescription and that the Applicant was off work due to illness. According to the Applicant, he has suffered from tonsillitis since the age of 18 and that is why he could not provide a sample of breath. The medical report of Physician # 1 states "off, work, 10-14/xii/01 (illness)." (Exhibit #2). When questioned, the Applicant admitted that this was a note written for work purposes and that the physician was unaware that the note would be used in this appeal. The Applicant had nothing further to add and was excused from the stand.

Police Officer # 1 took the stand and was sworn. He testified that on December 9, 2001 at approximately 11:27 p.m., he stopped a vehicle being driven by the Applicant. According to the officer, he testified that he was travelling in a marked police cruiser, eastbound on Major Mackenzie Drive in the Town of Richmond Hill. He observed a vehicle, a black neon travelling west bound on Major Mackenzie at a fast rate of speed. Police Officer # 1 turned his cruiser around and followed the Applicant's vehicle. Police Officer # 1 testified that he observed the vehicle make a left hand turn (southbound) from the left through lane on Major Mackenzie. As the subject vehicle made the turn, the vehicle was weaving in and out of the lane. Police Officer # 1 also testified that the Applicant's vehicle accelerated to between 100 and 120km/hour. Police Officer # 1 activated his roof lights and stopped the vehicle approximately 1 km south of Major Mackenzie Drive at Weldrick Ave. The officer testified that when he spoke with the driver, he detected a strong odour of an alcoholic beverage and formed the opinion that the driver had alcohol in his system. Police Officer # 1 read the demand for a breath sample to the driver, and the driver stated that he understood and would comply with the demand. The officer had the Applicant sit in his cruiser. The Officer explained the device and how to provide a sample. The Applicant was given approximately six or seven opportunities to provide an adequate sample. The Applicant was warned that if he did not provide an adequate sample, he would be charged. Subsequently, Police Officer # 1 charged the Applicant with failure to provide. After the Applicant had been charged, the Applicant asked for another opportunity which Police Officer # 1 afforded to him and again no sample was provided. The Applicant was charged and released on a promise to appear.

According to the testimony provided by Police Officer # 1, at no time did the Applicant indicate that he suffered from any medical condition which would have precluded him from providing a breath sample when requested. Police Officer # 1 stated that he is a trained observer and did not observe any indication of distress in the Applicant.

The Officer had no further testimony to give, and the Applicant had no questions of the witness. The officer was excused from the stand.

The Tribunal accepts the evidence presented by the Police Officer # 1 as fact, and where his evidence conflicts with the Applicant's evidence, prefers the evidence of Police Officer # 1.

The Applicant eludes to a "medical condition" which he has as reason for his failure to provide the breath sample as requested by police. In an appeal of this nature, the onus is on the Applicant to substantiate his position. The documents submitted by the Applicant do not substantiate his claim to the effect that he had a present medical condition which precluded him from providing a breath sample when requested by Police Officer # 1.

The report of Physician # 1, the Applicant's medical practitioner, fails to meet the specific requirements of section 15(1) of Regulation 574 of the *Highway Traffic Act* in the following respects:

1. Physician # 1 does not indicate knowledge that the report would be used in support of the Applicant's appeal; she did not sign, send, or receive the Applicant's medical information form provided with the Notice of Appeal. It was presented to the Tribunal "blank".
2. Physician # 1 does not provide any clinical information with respect to his medical condition, the history of such condition, the treatment, present or past, or how long the Applicant has had this condition.
3. Physician # 1 does not provide any details of the diagnosis, nor any clinic testing.

It appears that the Applicant did not ask Physician # 1 to provide a report for this appeal. The report does not meet the requirements of Section 15(1), and the Tribunal can attach little weight to it with respect to this appeal.

The explanatory note submitted by the Applicant sheds no light at all on his medical condition which forms the basis of the appeal.

APPLICATION OF THE LAW TO FACTS:

A review the foregoing facts establishes that the Applicant has not related his medical condition to, the requirement of Regulation 574 and Section 50(1)(2)(b) of the *Highway Traffic Act*.

The evidence is clear that the Applicant refused to blow for no stated medical reason. The Tribunal accepts the evidence of Police Officer # 1. The Tribunal recognized that the officer is not a medical physician but that he is a trained observer. Police Officer # 1 has attested to the

fact the Applicant had a strong smell of an alcoholic beverage on his breath which was the reason for him to request the sample of breath. The Applicant's failure to provide an adequate sample was the action of a person unwilling to provide that sample because of the possible negative consequences of providing that sample. As indicated by Police Officer # 1, the Applicant blew around the mouth piece or puffed out his cheeks, not forming a tight seal around the mouth piece.

The Applicant has not discharged the onus under Section 50.1 of the *Highway Traffic Act* to establish a medical reason for his failure to provide and his refusal to comply with a demand made under Section 254 of the Criminal Code (Canada) to provide a sample of breath.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated December 10, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

PAWELL HAAS, Applicant
MERRILL F. BAKER, Counsel for the Applicant

DATE OF HEARING: January 8, 2002

DECISION RELEASED: January 11, 2002 ***By Teleconference***

REASONS FOR DECISION

A hearing was held on January 8, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Pawell Haas (the "Applicant")
Motor Vehicle:	1989 Ford Van, plate no. ACLL 807 (the "vehicle")
Date of Appeal:	December 19, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven and the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended, as provided in sections 50.2(3)(a) and (c) of the Act.

This matter came before this Tribunal on January 8, 2002 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am not sure who was driving the vehicle when impounded. The vehicle was delivered on or about November 24, 2001 to Leo Lolande who held himself out as a mechanic. The vehicle was in need of repair. It had a vacuum hose problem, required a tune up, and a safety check. The vehicle was delivered to 678 Brent, Windsor to effect the repairs. Leo Lolande, the mechanic, advised and I verily believed the repairs would be completed within one (1) weeks time. No permission was given to any party to operate the vehicle. No consent was given to its use. The vehicle was surrendered solely for needed repairs to be performed. I have no information as to the circumstances that led to the vehicle being impounded on December 12, 2001. I am not aware of the status of Leo Lolande's drivers licence, nor did I have any reason to inquire as vehicle was not to be driven by him or others.

After a review of the Applicant's submission, it was determined that the vehicle in question was not currently licenced. Because there was only an expired sticker, the Applicant saw no need to see Lalondes licence nor verify its validity as it should not be driven on the road unlicenced. There was no explanation as to why the officer did not add this offence to his report. There is reason to believe that Lalonde could have required a road test to verify the result of his repairs.

A fellow employee of the Applicant recommended Lalonde to the Applicant. Lalonde's place of business was his home. While the Applicant's submission states the vehicle was delivered November 24, 2001, it was corrected to November 30, 2001. The Applicant's casual follow up on the repair work was because of the Applicant intended to sell the vehicle once it could be certified. He had two other vehicles he could use.

When the Applicant received the impoundment order on December 12, 2001, he did not report to the police that the vehicle had been stolen, even though no permission was given to Lalonde to use the vehicle. There was no clear testimony that the Applicant told Lalonde not to drive the vehicle. It appears the Applicant assumed this would not happen because of the vehicle's expired licence plates.

Evidence for the Registrar

A summary of the Registrar's evidence follows. The Respondent reviewed with the Applicant

what is acceptable under the Act in respect of “due diligence” and what constitutes “stolen”, the Applicant’s grounds for appeal. At this time, counsel for the Applicant challenged the Act’s definition of “stolen” specifically the American Case Law reference in Black’s Law Dictionary.

The absence of a police report was again noted by the Respondent’s representative.

Due to circumstances regarding the vehicle’s expired licence plates, the issue of diligence was not pursued, as there was none.

The Respondent’s representative identified the section of the Act 51.1(21) that outlines the path for recovery of costs from Lalonde through the courts. Counsel for the Applicant stated that this course of action was already under consideration.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Leo L. Lalonde;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver’s licence of the driver was then under suspension until May 7, 2003.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner’s right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

- (3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver’s licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(a) and (c).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of “stolen” is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of “stolen” as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of “stolen” as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word “stolen” as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: **A.** adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular

circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

The Applicant filed an appeal under section 50.2(3)(a) and (c) of the Act. Section 50.2(3)(a) states that an order to impound a vehicle may be set aside if the motor vehicle subject to the Order was stolen at the time the Order to Impound was made.

The onus to prove that the vehicle was stolen is that of the Applicant. For a vehicle to be stolen, there must be a taking of the vehicle by a person who intends to deprive the owner of that vehicle. Here, there is no evidence on which the Tribunal can draw the conclusion that Mr. Lalonde intended to deprive Mr. Haas of the latter's vehicle. Mr. Haas had left the vehicle with Mr. Lalonde for a number of days. When Mr. Haas became aware that Mr. Lalonde had been driving it and that it had been impounded, Mr. Haas did not report to the police that it was stolen. No police report was offered in evidence to support such a conclusion. Accordingly, the evidence presented at the hearing does not support the ground of appeal that the vehicle was stolen as required by section 50.2(3)(a).

As to section 50.2(3)(c) in respect to the Applicant's "due diligence", there is no evidence that the Applicant made any inquiries as to the status of Mr. Lalonde's driver's licence. Accordingly, the Applicant has not established due diligence as required under section 50.2(3)(c) of the Act.

The Tribunal finds that the evidence presented at this hearing does not support the Applicant's appeal under sections 50.2(3)(a) and 50.2(3)(c) which is the test required under the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: CHARLES J. SANDIFORD,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

WAYNE KOZAK, Applicant
unrepresented

DATE OF HEARING: January 10, 2002

DECISION RELEASED: January 17, 2002 Peterborough

REASONS FOR DECISION

A hearing was held on January 10, 2002, at Peterborough, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Wayne Kozak (the "Applicant")
Motor Vehicle:	1991 Ford F600, plate no. 601 3KE (the "vehicle")
Date of Appeal:	December 21, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven and that the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(a) and (d) of the Act.

This matter came before this Tribunal on January 10, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Appeal for vehicle release

My truck was stolen at 1:00 am while I was asleep.

When I woke up in the morning I learned that it had been taken by a drunk who was subsequently arrested.

My truck was impounded for forty-five days beginning December 18th 2001. The "drunk" in question is someone who is known to me but I have never let him drive my truck and never would since I know that he has no license to drive.

I made a complaint against him right away at the police station where he was arrested and they have charged him with theft of my truck.

I use this truck on a daily basis to earn my living, such as it is. It is my only means of earning a living, and without it for forty-five days I am sure to fall into default on my credit card balances and usual living expenses such as rent.

I ask you to consider strongly that this is financial hardship, since I only have a hand to mouth income as it is.

Also I would like to add that I personally take a very harsh view of it in the behavior of others.

Please release my truck to me as soon as is possible.

I thank you for your consideration

Sincerely

Wayne Kozak

After a review of the Applicant's submission, the Applicant expanded his relationship with the driver of the Applicant's truck at the time of the impoundment Order dated December 18, 2001 at 0124 hrs. The driver, Frank Norris, is the Applicant's employee who works in the Applicant's cartage business. The Applicant insisted at no time was Norris ever allowed to drive the Applicant's truck as he was aware of Norris' very poor driving record. Also, because Norris had knowledge of the Applicant's customer list, the Applicant considered that Norris might use the Applicant's truck to take the Applicant's business. He also stated that Norris had no key to the Applicant's vehicle but did state that during the course of a day Norris would have the opportunity to have keys made. During the Respondent's agent's questions, the Applicant reported that keys for the Applicant's truck were often left under the seat of the vehicle to facilitate the opening of the locked storage compartment so that cargo could be safely stored or delivered. This information was common to both Norris and a second employee.

The Applicant could not provide this Tribunal with a police report in spite of his continual efforts and visits to the police station and at this juncture no police report for theft of the Applicant's truck has been obtained.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The Registrar's agent established that the Applicant worked in the Toronto area throughout the week but lived in the Campbellford area on the weekend. The agent determined that the keys to the Applicant's truck could have been taken from under the seat of the Applicant's vehicle without his knowledge. The Applicant also could offer no evidence that Norris intended to keep the truck permanently.

During his statements to the Respondent's agent, it was revealed that the Applicant's insurance company had paid a claim for an accident with his truck on the same date of the Impoundment Order. The Applicant could not supply any evidence to support this information as it was not available from his, the Applicant's insurer.

The agent for the Respondent had contacted the Police Station involved with the issue and no charge of theft has been laid.

In response to the Registrar's agent's questions, it was determined that the Applicant has two other vehicles but that they cannot be used for a replacement vehicle as they both require major repairs and/or alterations before they would be suitable for his business. The Applicant dismissed any consideration for the rental of a truck as being too expensive for the possible income he might derive from its use. The Applicant did not supply any evidence to support the economics of this position.

The agent for the Registrar outlined the section of the Act (Section 55, subsection 21) where the Applicant might recover his costs against the driver through the court. The Agent also read the definition of theft contained in previous decisions of the Tribunal and the sections of Regulation 574, as amended, dealing with the term "exceptional hardship".

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Frank R. Norris;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until November 29, 2004.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(a) and (d).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of "stolen" is not provided in *The Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of "stolen" as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black's Law Dictionary (Sixth edition), page 1419-1420 provides the definition of "stolen" as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word "stolen" as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner

of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant filed an appeal under section 50.2(3)(a) and (d) of the Act.

Section 50.2(3)(a) states that an order to impound a vehicle may be set aside if the motor vehicle subject to the Order was stolen at the time the Order to impound was issued. The onus to prove that the vehicle was stolen is that of the Applicant. Blacks Law Dictionary (sixth edition), page 1419-1420 provides the definition of "stolen". The key point in the definition is the deprivation of possession of the property from the rightful owner. No evidence to support this conclusion was offered by the Applicant. A charge of theft by the police was not confirmed by a police report. Accordingly, the evidence presented at the hearing does not support the grounds of appeal that the Applicant's vehicle was stolen as required by section 50.2(3)(a) of

the Act.

The Applicant identifies economic loss and loss of employment opportunities as a result of the impoundment and argues that this has resulted in exceptional hardship under section 50.2(3)(d) of the *Highway Traffic Act*.

As to the Applicant's appeal under section 50.2(3)(d) for exceptional hardship, section 22(2) of Regulation 632/98 is very specific and provides the Tribunal with clear criteria that must be met by the Applicant in order to establish exceptional hardship as a result of the impoundment.

The Applicant has not provided the Tribunal with financial information to establish his sales or the effect the impoundment has had on his sales or net revenues.

Also, under section 22(2) of Regulation 632/98, the Tribunal cannot consider financial or economic loss or loss of employment opportunity unless the Applicant demonstrates that all criteria set out in section 22(3) apply. One of those criteria is that no alternative vehicle is available. Furthermore, section 22(4) of the Regulation requires the Applicant to demonstrate that every reasonable option has been explored including an alternative vehicle.

In this case, the Applicant has not shown any detailed cost figures to refit his two other vehicles to substitute for his impounded vehicle. He did not cost out the option of a rented vehicle. Such costs were not presented as evidence to the Tribunal to support his claim that a refit or a rental were revenue negative alternatives.

The burden of proof to support the Applicant's appeal under the Act is on the Applicant. Here there is insufficient evidence from the Applicant to set aside the Order of Impoundment of his vehicle on the basis of either the ground of stolen under section 50.2(3)(d) of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Charles J. Sandiford,
Presiding Member

RELEASED: January 17, 2002

FRANKLIN

MELANIE FRANKLIN

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: SIMON DANN,
 Presiding member

APPEARANCES: LUBA NEUWIRTH,
 Representative for the Registrar of Motor Vehicles

MELANIE FRANKLIN, Applicant
unrepresented

DATE OF HEARING: January 16, 2002

DECISION RELEASED: January 18, 2002 ***By teleconference***

REASONS FOR DECISION

A hearing was held on January 16, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Melanie Franklin (the “Applicant”)
Motor Vehicle:	1989 Hyundai Sonata, plate no. ALVZ 122 (the “vehicle”)
Date of Appeal:	December 28, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on January 16, 2002 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

A friend was fixing my stereo and took it to drop some people off in Cambridge without my knowledge on Dec. 23/01. It ended up that he went to Missasauga to see someone and got a flat tire he proceeded into traffic on the 401 and the OPP pulled him over for speeding. His licence was under suspension. This is very inconvenient for my son and I who is 5 yrs old. I work and live in Woodstock ONT and need my car to get back and forth to work, also to take my son to daycare and to school when I work. My doctor lives in Tavistock and my son has asthma which flares up once and awhile and recently had a pnemonia whereas I was back and forth to the doctor and for chest x-rays and for blood work.

I have also been putting resumes out for a new job and have an interview in Jan in Cambridge at a restaurant called Crabby Joe's. Right now I'm working at Swiss Chalet.

This is going to be very costly for me and it will even be more if I have to leave my car in the impound too much longer. I only recently purchased the car which my mother lent me the money because winter was coming and it was better to get around for work, school, day care, doctors, groceries etc.

Basicly, the bottom line is that I would be in dire straits if I had to leave my car at the impound for the whole 45 days. I don't know how I could afford it.

I'm very sorry that this situation has taken place and so is the person who was driving. I also now have to go out and purchase a new tire and have it installed. All these things take money and I wish this never would of transpired, but it did and I'm appealing to you please let me have my care released before the 45 days.

I'm requesting a telephone hearing because I have no vehicle to travel to Toronto from Woodstock.

I am enclosing my pay stubs from Swiss Chalet and from Ontario Works.

I'm also paying off my mother for the car and paying a student loan.

I hope that I have given you enough information. I will also give you my son's doctor's name and phone number. Dr. Hedge, Tavistock Medical, 1-519-655-2322.

P.S. I also have rent, hydro, which are necessities for us that I have to pay.

Thank you for your time. I sometimes work split shifts and the best time to get a hold of me is in the morning before 11:00 a.m.

Melanie Franklin

The Applicant confirmed that a friend of hers was installing a radio in her vehicle and that she had not given him any kind of permission to drive the vehicle. She also confirmed she is a single mother with a four-year old son who suffers from asthma and is recovering from bacterial pneumonia.

She confirmed that with her split-shift employment schedule she is experiencing undue hardship in meeting her employment obligations and ensuring her child does not spend excessively long days (11:00 a.m. to 8:30 p.m.) in a daycare centre.

She also has been unable to visit the family physician in the event of any setbacks during his recovery from bacterial pneumonia and has on one occasion had to use the Woodstock hospital emergency services.

Ms. Franklin also advised her son is very hyperactive and she is unable to leave him in the daycare centre for such a long day as it might impact his health and psychological development. She also has another daughter who lives with her mother in Oshawa and is currently unable to make the trip from Woodstock to Oshawa.

In addition, the Applicant stated the income from her minimum wage salary and the benefits she receives for daycare subsidization do not leave her any extra money.

As supporting evidence, the Applicant provided copies of a recent pay stub showing an income of \$5.95 per hour and confirmation of day care subsidy allowance. She then detailed monthly living expenses of rent, utilities, auto insurance, outstanding car and student loans which totaled approximately \$1,125.00 per month, before food and other necessities.

The Applicant confirmed that bus service is available but buses do not run after 6:00 p.m. This is a problem for her afternoon and evening split-shift schedule. She confirmed that she has taken taxis but that the \$6.00 per trip cost is unaffordable for her.

On occasion, she has received rides from a co-worker and neighbour but this was not a reliable substitute to ensure that she would always be able to get her son to daycare and then be able to pick him up, especially as her current place of employment is “across town”

The Applicant also confirmed that she has not always been able to take her son to daycare and has had to hire a babysitter as an extra expense.

Evidence for the Registrar

A summary of the Registrar’s evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Joseph Denham;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 25, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant's appeal to have the impounded vehicle returned is that the loss of the vehicle will result in exceptional hardship within the meaning of section 50.2(3)(d) of the *Highway Traffic Act* and Regulation 574 as amended by Regulation 632/98. The requirements for exceptional hardship under the Act and Regulations and the relevant evidence follows.

- *Is there "no alternative to the impounded motor vehicle..."*;

The evidence shows that the Applicant has considered every reasonable alternative to the impounded vehicle, and there is none available. The evidence shows:

1. while the Applicant does have access to bus service, it does not run after 6:00 p.m. which leaves her without transit access for her second daily shift;
2. during the day shift period, each bus trip takes one hour which makes it impractical to pick up her son from daycare at 3:30 p.m., take him home and then be back at work by 5:00 p.m.;
3. while rides have occasionally been provided by others, the Applicant is unable to depend on them and establish a reliable schedule;
4. the Applicant is unable to afford a rental car or taxis.

- *Is there "a threat to the health or safety of any person ordinarily transported by the motor vehicle"?*

The Applicant's son is recovering from bronchial pneumonia. In the unique circumstances in this case, the health or safety of the Applicant's son is prejudiced due to the loss of the vehicle.

It is noteworthy that (a) her son's relapse, which was treated at a nearby hospital, may have been avoided if the Applicant had been able to travel to her regular doctor (in Woodstock) for the recommended checkup after initial treatment for bacterial pneumonia; (b) her workplace supervisor's letter expresses concern for the Applicant's mobility in meeting her split shift

schedule as well as attending to a family medical emergency during a shift period, and (c) although, the Applicant was able to access the local Woodstock hospital's emergency service, regular doctor checkups for her son were cancelled as the Applicant had no transportation to Tavistock.

- *Is there “a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used”;*

The evidence establishes there is none.

The Tribunal has also considered the Applicant's financial loss as follows:

- *Will the “loss will be immediate, significant and lasting;”*

The evidence does not clearly establish that the loss has been immediate and significant. However, the Tribunal notes that on the basis of her income versus living cost details, it appears the Applicant may have to deal with an extra financial burden for an extended period of time due to the impoundment.

- *Will the “the impact of the loss will be upon a person ordinarily transported by the motor vehicle”?*

The evidence suggests the Applicant's son may be spending longer days than necessary at the daycare centre and his mother must use alternate forms of transportation to meet her employment obligations.

- *Will the impact of the loss “be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle”?*

The evidence clearly establishes that there is loss to the Applicant who is (a) having difficulty delivering the care and attention she believes her son requires; (b) is concerned about meeting her employment obligations and the impact this may have on her relationship with her employer; and (c) experiencing additional stress about how she will afford the additional costs imposed on her by the vehicle impoundment.

Considering all of the above, the Tribunal finds that the impoundment of the Applicant's vehicle is a risk to her son's health while he is recovering from bronchial pneumonia. On that basis the Tribunal finds that the Applicant has established the ground of exceptional hardship under section 50.2(3)(d) of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal sets aside the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Respondent

CONSENT ORDER

Upon the application to the Tribunal by Roger Nicolas Barakat, Applicant, and the Registrar under the *Motor Vehicle Dealers Act* for issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act* R.S.O. 1990, chapter S.22; and

Having reviewed the written settlement signed by the Applicant and the Registrar under the *Motor Vehicle Dealers Act* as to the disposition of these proceedings which is filed and attached hereto as Schedule AA@;

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of without a hearing on the basis of the terms set out in the said Schedule AA@.

LICENCE APPEAL TRIBUNAL

G. Kent McClure, Q.C.
Chair

Released: January 2, 2002

TO: The Registrar
Motor Vehicle Dealers Act
Ontario Motor Vehicle Industry Council
36 York Mills Road Suite #110
North York, ON, M2P 2E9

AND TO: Licence Appeal Tribunal
One St. Clair Avenue West, 12th Floor
Toronto, ON, M4V 1K6

FROM: Roger Nicolas Barakat
2300 Danforth Ave.
Toronto, ON M4C 1K6

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Roger Nicolas Barakt (hereinafter referred to as "the Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle salesperson:

- 1) The Applicant agrees that if he is criminally charged or convicted in the future, he will immediately notify his employer in writing of the charges or convictions against him and provide a copy of the notification signed by his employer to the Registrar, giving the particulars of the charges or convictions.
- 2) The Applicant agrees that if he is convicted under the Criminal Code or convicted of any industry specific offences under any Statute in the future, he will be automatically revoked.
- 3) The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or his authorized representatives regardless of previous disclosure.
- 4) The Applicant acknowledges that the Registrar is relying upon the accuracy of the disclosure provided in entering into these terms and conditions.
- 5) The Applicant agrees that he will provide written notification from his employer forthwith, stating that the Applicant has disclosed to them the circumstances of his pending charges.
- 6) The Applicant agrees that his explanation of the circumstances of his pending charges, are substantially as set out in the disclosure provided to the Registrar.
- 7) The Applicant agrees not to be a partner, shareholder, officer, director or sales manager of a dealership.
- 8) The Applicant agrees not to be the final signatory on any sales contracts on behalf of the dealer.
- 9) The Applicant agrees not to transfer his registration as a motor vehicle Salesperson to another dealer without having first obtained the prior written consent of the Registrar.

- 10) The Applicant agrees that as soon as a disposition is made regarding his pending charge of "Possn for the Purpose", he will inform the Registrar of the result forthwith.

Roger Nicolas Barakat (initials)

- 11) The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that enrolment in the course entitles him to a sixty (60) day conditional registration period that allows for his successful completion of the course (including passing the exam).
- 12) The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
- 13) The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
- 14) The Applicant agrees that his registration will not prevent the Registrar from taking administrative action, including a proposal to revoke his registration, arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
- 15) The Applicant acknowledges that his registration as a motor vehicle Salesperson will not prevent the Registrar from taking legal action, including a Provincial Offences prosecution, arising from matters that may have occurred or that may occur in the future.
- 16) The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
- 17) The Applicant will provide a copy of this order to his employer forthwith.
- 18) The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
- 19) The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
- 20) The Applicant acknowledges that he has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of _____ 2001.

(Signature) Roger Nicolas Barakat

These Terms and Conditions are accepted by the Registrar, Motor Vehicle Dealers Act.

HUGO JOSE MERLO

**Appeal under section 50.2 of the *Highway Traffic Act*,
R.S.O. 1990, Chap.H.8 as amended (the "Act"), from
the Order of the Registrar of Motor Vehicles
pursuant to section 55.1(3) of the Act.**

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: NEIL J. MACPHEE,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

HUGO JOSE MERLO, Applicant
RODRIGO JOSE MERLO, Representing the Applicant

DATE OF HEARING: January 15, 2002

DECISION RELEASED: January 17, 2002 Windsor

REASONS FOR DECISION

A hearing was held on January 15, 2002, at Windsor, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Hugo Jose Merlo (the "Applicant")
Motor Vehicle:	1995 Mitsubishi Eclipse, plate no. TORITO (the "vehicle")
Date of Appeal:	December 28, 2001

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on January 15, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

On Thursday December the 20th of the current year my 1995 Mitsubishi Eclipse was impounded by the Ontario Provincial Police in the town of Plympton-Wyoming for a period of 45 days. I would like to appeal this matter under section iii. the vehicle owner exercised due diligence to determine that the driver's license was not suspended and section iv. the loss of the vehicle will result in exceptional hardship. My son Rodrigo Javier Merlo was the driver of the car mentioned above when it was impounded. Note that he is not the registered owner nor has the insurance under his name. Rodrigo was found guilty on the charge that drive disqualified s. 259(1) ccc on November 27, 2000, for a period of one year. Before he drove in Canada I Hugo Jose Merlo called the Brampton Criminal Court of Justice (905-456-4702) to determine the status of his conviction. I was told by a lady named Kathy that his sentence was for a period of one year and that it was up on November 27 of the year 2001. My son then later called to confirm that information and the response was the same. It was my understanding that he was no longer prohibited to drive in Canada. Furthermore Rodrigo clearly remembered that the Judge had told him not to drive for a year in Canada, back in November 27th 2000. In addition to this his lawyer also made clear to my son what the judge had said in court. While driving on the 401 east bound my son was pulled over arrested and my car was impounded. The police officer insisted that he was suspended until August 11, 2002. When he arrived at the police station there was still a misunderstanding as to why he was still suspended. After a period longer than 3 hours the officer explained to my son that the Ministry of Transportation has him suspended until August 11, 2001. because his first sentence had to conclude in order for the second one to start. At this time I was very confused, my son, called the Court in Brampton one more time. He was told again that his sentence was up on November 27, 2001. The same response that we both got before. After he told the court that he got arrested they told my son that the Ministry of Transportation had added an extra year to his sentence. Rodrigo called the Ministry of Transportation, and indeed they told him he was suspended until August 2002. The court said that it had nothing to do with them (court in Brampton) the Ministry of Transportation told him that a registered letter was send out warning my son of his added on suspension. The letter was send to and address in Canada and Rodrigo lives in Michigan. The register letter was never signed. The lost of my car has caused a great amount of problems in my household. I cannot drive myself to work anymore. I live in a town called Rochester Hills in Michigan which does not offer any kind of public transportation. My two younger kids need a drive to and from school, because the bus does not pick them up. I start work at seven in the morning and my two kids start school at 7:30. My wife does not have a drivers license nor a car to drive them to school. This matter is confusing to me because I'm still trying to find exactly how and why my son is suspended after he has completed his sentence, and his indeed causing exceptional hardship.

Hugo Jose Merlo.

The Applicant testified that he contacted by telephone the Brampton Criminal court of Justice prior to December 20, 2001, and was told by a court employee named Kathy that the suspension of his son Rodrigo's driver's licence had expired on November 27, 2001. The Applicant was a credible witness and the Tribunal accepts his evidence as to the telephone call.

The Applicant further testified that he had suffered exceptional hardship from the impoundment since there is no public transportation in Rochester Hills, Michigan where he and his family live, that he has two school-age children who now have to walk to school as there is no school transportation available, that visits to the doctor and the nearest hospital are very difficult as his younger son is subject to sudden asthma attacks and that his wife does not have a drivers licence. He stated that he could rent a substitute automobile but that this was expensive. The Tribunal finds that there is an alternative available to the Applicant to the impounded vehicle. He is able to rent a vehicle, although he may not wish to do so.

The second witness for the Applicant was Rodrigo Jose Merlo, his son, who was the driver of the impounded vehicle and whose drivers licence was suspended at the time. He testified that he was told by his lawyer at the time of the suspension that it was for a period of one year, to November 27, 2001. He also testified that he, like his father, contacted by telephone the Brampton Criminal Court of Justice before December 20, 2001, and was told that the suspension of his drivers licence had expired. He further testified that he moved with his family to Rochester Hills, Michigan from North York, Ontario and thereafter obtained a Michigan drivers licence and surrendered his Ontario drivers licence to the Michigan authorities. This is confirmed by Exhibit #8 which is a letter from the Michigan Department of State. He produced Exhibit #6 which is a letter from the Ontario Provincial Police confirming that a notice of further suspension of his drivers licence to August 12, 2002, was sent to Rodrigo J. Merlo addressed to 445 Rustic Road, North York, Ontario. The witness states that he never received that notice as he had not lived in North York since 1996. The Tribunal accepts the testimony of this witness.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Rodrigo J. Merlo;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until August 11, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The

“owner” for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. “Owner” is defined as:

“Owner” means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) “owner” means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar’s order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

As to due diligence, the evidence established that the Applicant relied upon the information given to him and his son by the court. Information sent to him by the Ministry of Transportation extending the suspension period was not received by him. Reliance upon the Court's information was reasonable in the circumstances. Accordingly, the Tribunal finds the Applicant had exercised due diligence in attempting to determine that his son's driver's licence was not under suspension at the time of the impoundment.

As to exceptional hardship, the evidence confirms that an alternative to the impounded vehicle is available to the Applicant. Accordingly, the Applicant has not established that the impoundment would result in exceptional hardship as defined by section 22(3) and (4) of Regulation 632/98 amending Regulation 574 to the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal sets aside the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Neil J. MacPhee, Presiding Member

RELEASED: January 17, 2002

EASTERBROOK, BRADIN WAYNE AND 1306609 ONTARIO INC. O/A AUTO
WHOLESALE

BRADIN WAYNE EASTERBROOK AND 1306609 ONTARIO INC.
o/a AUTO WHOLESALE

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: JOHN ORT, Member

APPEARANCES:

BRADIN WAYNE EASTERBROOK, Agent, representing himself and on
behalf of 1306609 Ontario Inc. o/a Auto Wholesale, Applicants
A. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: December 17, 2001 *Via Teleconference*

REASONS FOR RULING AND ORDER

BACKGROUND:

A motion was heard by the Licence Appeal Tribunal by teleconference on December 17, 2001, at Toronto, Ontario. Bradin Wayne Easterbrook and 1306609 Ontario Inc. o/a Auto Wholesale (the "Applicants") have filed an appeal from a Notice of Proposal (the "Proposal") by the Registrar, *Motor Vehicle Dealers Act* (the "Registrar" and the "Act", respectively). The Proposal, dated August 3, 2001, seeks to revoke the registration of 1306609 Ontario Inc. o/a Auto Wholesale and Bradin Wayne Easterbrook under the Act. The Registrar's position is that the Applicants failed to request a hearing before this Tribunal within the prescribed time. The Applicants request an extension of time pursuant to section 7 of the *Licence Appeal Tribunal Act, 1999*. The Registrar submits that an extension of time should not be granted.

The hearing of this matter proceeded on the consent of the parties as an electronic hearing. The evidence introduced by the Applicants consisted of the testimony of the Applicant Bradin Wayne Easterbrook. Documentary evidence was submitted by the Registrar.

ISSUES:

Have the requirements for service of a notice of hearing under section 7 and 20 of the *Motor Vehicle Dealers Act* been met in this case?

If the Notice of Appeal was not filed with the Licence Appeal Tribunal within the time prescribed by statute, is this an appropriate case for an extension of that time pursuant to section 7 of the *Licence Appeal Tribunal Act, 1999*?

THE FACTS:

The Registrar, *Motor Vehicle Dealers Act*, submitted the affidavit dated December 3, 2001 of Yovanka McBean. Paragraph 2 of that affidavit states in part: "On August 3, 2001 I sent a Notice of Proposal to Revoke the Registration of 1306609 Ontario Inc. o/a Auto Wholesale and Bradin Wayne Easterbrook (hereinafter referred to as the "Proposal"), by registered mail to the last known addresses for service appearing on OMVIC's records ...". Paragraph 3 of that affidavit states: "I have reviewed the documentation from Canada Post pertaining to the delivery status of said Proposals and have determined that the Proposals sent to 108 Surrey Street East, Guelph, Ontario, N1G 3P4 and 104 Surrey Street East, Guelph, Ontario, N1H 3P4 were successfully delivered on August 7, 2001. Attached hereto as Exhibit 'B' is a true copy of said documentation." Exhibit "B" of that affidavit shows that both deliveries were signed for by R. Overland on August 7, 2001.

The Registrar also submitted the affidavit dated December 3, 2001 of Janet Elizabeth Currah. Paragraph 2 of that affidavit states: "On August 7, 2001 I had a telephone conversation with Bradin Wayne Easterbrook at which time I informed him that he had been sent a Notice of Proposal to Revoke the Registration of 1306609 Ontario Inc. o/a Auto Wholesale and himself and that if he wished to maintain his registration as a motor vehicle dealer he would have to appeal the Proposal. Attached hereto as Exhibit 'A' is a copy of the electronic notes of my telephone conversation with Mr. Easterbrook, which I entered into the computer shortly after I hung up the telephone." Under the heading "notes", exhibit "A" states: "DEALER CALLED SAYS HIS FIRST LETTERS FROM AMANDA WERE NOT SENT TO HIS BUSINESS ADDRESS, I ADVISED THAT YES THAT IS WHERE THEY WERE SENT, HE THEN WANTED TO KNOW IF THERE WERE ONLY WOMEN WORKING IN THIS OFFICE. I THEN TERMINATED THE CALL, I ADVISED DEALER THAT HE HAS TO APPEAL HIS DECISION AND THAT I CANNOT DISCUSS ISSUES WITH HIM."

Testimony of Bradin Wayne Easterbrook:

Mr. Easterbrook said that the registered mail letter containing the Proposal was signed for by a Richard Overland, a previous neighbouring tenant. Mr. Easterbrook testified that he received the Proposal on August 23, 2001.

The Notice of Appeal is dated August 23, 2001 and is stamped received August 27, 2001 by the Licence Appeal Tribunal.

THE LAW:

Section 20 of the Act partly states:

"(1) Any notice or order required to be given or served under this Act or the regulations is sufficiently given or served if delivered personally or sent by registered mail ...

"(2) Where service is made by registered mail, the service shall be deemed to be made on the third day after the day of mailing unless the person on whom service is being made establishes that the person did not, acting in good faith, through absence, accident, illness or other cause beyond the person's control receive the notice or order until a later date..."

Section 7 of the Act adds in part:

"...(2) A notice ... shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice... notice in writing requiring a hearing to the Registrar and the Tribunal, and the applicant or registrant may so require a hearing..."

Section 7 of the *Licence Appeal Tribunal Act* states:

"Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal ..., if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

- (a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and
- (b) give the directions that it considers proper as a result of extending the time."

APPLICATION OF LAW TO FACTS:

The evidence submitted by the Registrar proves that the Proposal was deliver to R. Overland on August 7, 2001. Mr. Easterbrook received notice that a Proposal was sent to him during his conversation with Ms. Currah on August 7, 2001. Such notice does not appear to have been sufficient to enable him to file an appeal. The Tribunal accepts the testimony of Mr. Easterbrook that he received the Proposal on August 23, 2001. The Tribunal finds that Applicants did not, acting in good faith, through a cause beyond their control receive the Proposal until August 23, 2001. Pursuant to section 20 of the Act, the Tribunal finds that service of the Notice of Proposal was made on August 23, 2001.

The Notice of Appeal was received by this Tribunal on August 27, 2001, within fifteen days of August 23, 2001, as required by section 7 of the Act.

ORDER:

For the reasons set out above, the Tribunal finds that the Applicants filed their requests for a hearing within the prescribed time.

LICENCE APPEAL TRIBUNAL

RELEASED: January 7, 2002

J.M.M.

HIGHWAY TRAFFIC ACT

Section 50.1 and Regulation 574, R.S.O. 1990, Chap. H8 as amended

J.M.M.

IN THE MATTER of an APPEAL of A 90-DAY ADMINISTRATIVE
DRIVER'S LICENCE SUSPENSION

AND IN THE MATTER OF the DECISION dated November 15, 2001 of
the Registrar of Motor Vehicles made pursuant to section 48.3(2) of the
Highway Traffic Act TO SUSPEND A PERSON'S DRIVER'S LICENCE
FOR A PERIOD OF 90 DAYS

AND IN THE MATTER of a requirement for a hearing respecting the said
DECISION

J.M.M.

Applicant

-and-

REGISTRAR OF MOTOR VEHICLES

Respondent

DISMISSAL ORDER

PURSUANT to the provisions of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended (the "Act"), J.M.M. (the "Applicant") initiated an appeal under section 50.1 of the Decision dated November 15, 2001 of the Registrar of Motor Vehicles made pursuant to section 48.3(2) of that Act to suspend the Applicant's driver's licence for a period of 90 days;

AND WHEREAS, the Applicant has failed to pay the filing fee authorized under section 9 of the *Licence Appeal Tribunal Act*, 1999;

AND WHEREAS, the Applicant has not responded to the Tribunal's Notice of Intent to Dismiss Proceedings sent to the Applicant pursuant to section 4.6 of the *Statutory Powers Procedures Act*, R.S.O. 1990, Chapter S. 22 as amended, and Rule 2.10 of the Rules of Practice of the Licence Appeal Tribunal, whereby a proceeding before this Tribunal may be dismissed without a hearing for failure to pay the required filing fee;

NOW THEREFORE, this Tribunal orders that:

1. Pursuant to the authority vested in it under section 4.6 of the *Statutory Powers and Procedures Act*, as amended, this proceeding, initiated by the Applicant's request for a hearing before this Tribunal, is dismissed;
2. Pursuant to the authority vested in it under section 50.1(4) of the *Highway Traffic Act*, this Tribunal confirms the Order of the Registrar of Motor Vehicles dated November 15, 2001 to suspend the driver's licence of J.M.M. for a period of 90 days.

DATE OF
HEARING: January 24, 2002

DECISION
RELEASED: January 25, 2002 Kitchener

REASONS FOR DECISION

A hearing was held on January 24, 2002, at Kitchener, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 25, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated December 20, 2001 and was received by the Tribunal on December 24, 2001, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

There were no preliminary matters and the Hearing proceeded.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar dated December 8, 2001, issued by the Registrar of Motor Vehicles.
- b) Exhibit # 2 Notice of Appeal Form received at the Tribunal December 24, 2001.

By the Respondent:

- a) Exhibit # 3 Ministry of Transportation submissions – received January 21, 2002.

ISSUE:

Having established that this appeal falls within section 50.1 of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;

- (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
 - (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

Applicant's Driver's Licence was suspended "DEC 08/ '01" as per Notice of Appeal (Exhibit # 2)

Applicant's Evidence:

The Applicant provided the Tribunal with a copy of the hospital emergency report from the night in question.

Under the heading "Triage Assessment" the attending care provider noted: "...assaulted & punched & kicked in the mouth by several guys ...Aches all over."

The Physician's "History & Finding" expand as follows: "...conjunctival haemorrhages ...orbital swelling ...tender Lzygoma ...bruising/swelling ...o tender mandibular ...tender nose ...o obvious deformity ...dried epistaxis ...o loose ...cracked teeth noted..."

The Applicant's solicitor of record was unable to attend. The Applicant opted to proceed.

The Applicant explained to the panel that he would have liked to introduce the pictures taken after the beating, but was unable to obtain them, from either the police or the Crown Attorney's office.

As testimony the Applicant related the events that led up to the beating and the demand for a breath sample.

The Applicant testified that he was unable to provide a breath sample "...just because of the pain. Could not squeeze down with my mouth good enough. But, this I did not relate to them."

The Applicant relayed to the Tribunal, a conversation between two officers, overheard by him, wherein the female officer suggested that a blood sample be obtained at the hospital. The Applicant testified that the listener, a male officer, outright refused the female officer's suggestion. The Applicant denied declining any "td toxoid", as stated in the emergency report from the hospital.

In cross-examination, the Applicant contested the Respondent's Representative account of the reason the mouthpiece got stuck to his mouth. The Respondent's Representative inferred the Applicant gripped it and pulled it out. The Applicant stated the mouthpiece got stuck to his lips due to dried blood in his mouth.

The Applicant denied recollection of any refusal statements made to either officer.

The Applicant confirms not requesting treatment or medical assistance, of the officers. He requested to be allowed to get cleaned up, as his face and his suit was covered in dried blood.

After being taken to hospital, by the officers, the Applicant told the attending physician that he did not have any cuts to the inside of his mouth, and that the blood was coming from his nose.

The Applicant attested that he had been uncooperative that night to everyone except the night nurse and the doctor because they were the only people civil to him.

In response to a question posed by the Respondent's Representative, regarding follow up visits to his family doctor, or to the hospital, the Applicant replied that he had not done so, until approximately two weeks later, after realizing he needed more information for the Hearing.

The Tribunal heard evidence on behalf of the Applicant from N.D.: "...Was there ...15/20 twenty guys hitting on Louis. Pretty bad, for him to blow, I don't think ...he could have blown very well."

In cross-examination, N.D. established that he had not been present at the time of the breathalyzer session, and that he was not aware of the instrument requirements to obtain a breath sample.

N.D. saw that the Applicant was covered in blood but could not determine where the blood was coming from, and whether or not there were injuries to the Applicant's mouth.

J.L.R. also testified on behalf of the Applicant. J.L.R. did not see the Applicant until one week after the incident, at which time she noticed the Applicant's face was "...swollen under the eyes..." J.L.R. testified that she did not discern any facial bruising, but that she believed that Applicant was still in considerable pain "...could not breath ...could not chew..."

After hearing the evidence of Police Officer # 1 the Applicant objected to her affirmations that he refused medical attention. The Applicant stated that he would have gone to the hospital had the offer been made.

Prior to closing remarks, the member of the panel, Ms. Sproule, asked to re-examine the witness J.L.R. to clarify the witness's time of arrival at home and the method of transportation used to get there. The Applicant objected as he saw no relevance to this line of questioning and his inability to provide a breath sample for medical reasons.

In closing, the Applicant re-iterated his position regarding the incidents of the night in question. The Applicant emphasized that he was treated "...a little too badly in the whole situation." The Applicant feels he was set up by the off duty officer at the scene who gave him back the keys and pushed him into the truck.

The Applicant reaffirmed the fact that he could not blow into the instrument as he was in too much pain. He said that he was belligerent at the hospital he was belligerent because he already knew he had been charged. It is the Applicant's belief that the doctor did not treat him like a regular patient after he saw the officer push him up against the table. He said that the only nice person at the hospital was the nurse.

Respondent's Evidence

The Respondent provided the following Documents:

1. Notice to the Registrar, certified December 27, 2001.
2. Driving Record of the Applicant, certified December 27, 2001.
3. Vehicle Record as of occurrence date, certified December 27, 2001.

The Applicant's driver's record, according to the Ministry of Transportation, shows several infractions since 1982. (Exhibit # 3)

The Respondent called Constable Sandy Boyd as a witness. Police Officer # 1 testified that she has been employed by the City of Guelph, as a Police Officer since "...October '92".

Police Officer # 1 described the events that led to the Applicant's arrest and the subsequent demand for a breath sample. According to Police Officer # 1, a demand for a breath sample was made of the Applicant while still at the roadside. The Applicant's reply was "No".

After being transported to the station, the Applicant was asked if he wanted medical assistance. The Applicant again replied "No", but after speaking to Duty Counsel the Applicant requested to see a doctor.

The Applicant was handed over to the breathalyzer technician by Police Officer # 1 who stayed in the room as a procedural requisite. Police Officer # 1 noted that when the first demand to provide a breath sample was made by Police Officer # 2, the Applicant "...refused to blow until after using the washroom". After the second demand the Applicant "...puffed into the mouthpiece, removed it from his mouth and stated "Fuck You".

Once Police Officer # 2 determined that the Applicant was refusing to blow, the Applicant was taken to hospital. Police Officer # 1 testified that she received information from the attending physician that the Applicant had no injuries to his mouth and that the bleeding was from his nose.

Police Officer # 1, verified that the Applicant's face was covered in dried blood, prior to being cleaned at the hospital, but she did not observe any "cuts ...visible marks ...bruises ...swelling..." after the blood was "wiped out".

Police Officer # 1, substantiated the Applicant's claims that she suggested a blood sample be obtained at the hospital, but the final decision is made by the Sergeant not herself.

The Respondent's Representative also called the Breathalyzer Technician Police Officer # 2 to give evidence in this matter.

Police Officer # 2 indicated that he has been a member of the City of Guelph Police Services since 1996, and that he became a Qualified Breathalyzer Technician in "...November '99."

From his notes Police Officer # 2 was able to testify that the Applicant had preferred to remain standing, rather than acquiesce to the suggestion to sit down.

When Police Officer # 2 asked the Applicant if he understood the caution and demand that had been read to him the Applicant replied: "Yeah. I have to take a piss.". Police Officer # 2 then asked the Applicant to blow and "...held the tube towards him". Police Officer # 2 was able to detect from the Applicant's demeanour that he had no intention of providing a breath

sample, thus followed up his demand by reading the "Failure to provide Breath Sample", document. At this time the Applicant sated "I have to take a piss. I just had the shit kicked out of me. I am not blowing into that."

Police Officer # 2 declared on the stand that after a further request to provide a breath sample, the Applicant "...bent over at the waist puffed into the instrument about less than a second, when he stood up again he had the mouthpiece in his mouth ...subsequently it fell out of his mouth onto the floor..." When asked again by Police Officer # 2 "Why will you not provide a breath sample?" the Applicant replied "Fuck you".

At no time did Police Officer # 2 observe the Applicant to be bleeding, although there was dried blood on his face. The Constable noticed no "...flowing blood, swollen face or lips ...mouth."

Constable Ralph Newmann testified that he has no recollection of Police Officer # 1 suggesting that a blood sample be obtained at the hospital. According to Police Officer # 2, blood sample are discretionary and rare, and are recommended only in the event of serious injury. In this particular case, it was Police Officer # 2's opinion that the Applicant was able to provide a breath sample.

In closing, the Respondent's Representative noted that the onus is on the Applicant to prove the ground for appeal. The Applicant failed to provide medical evidence to support his claim that he was unable to provide a breath sample for medical reasons.

The Respondent's Representative argued that the Applicant clearly demonstrated that he had no intention to provide a breath sample. When asked by Police Officer # 1 at the roadside he responded in the negative. When asked several times by Police Officer # 2 to provide a breath sample, he replied "Fuck You".

The Respondent's Representative argued that the Applicant was just "playing a game" there was no medical condition that prevented him from providing a breath sample. The Respondent's Representative quoted from the medical report which states the Applicant was "uncooperative".

APPLICATION OF THE LAW TO FACTS:

The onus is on the Applicant to provide the Tribunal with a medical reason as to why he was unable to provide a breath sample.

The Tribunal accepts as fact that the Applicant was involved in a skirmish and that he was physically assaulted.

Section 50.1 (2) (b) of the *Highway Traffic Act* which allows for an appeal in circumstances where a

*“...person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood **because he or she was unable to do so for a medical reason...**”*

At issue is whether the facial injuries sustained by the Applicant were severe enough to cause the Applicant to fail or not comply with the breath demand.

The Applicant maintains that due to having been beaten about the face, he was in too much pain to form a proper seal around the mouthpiece and blow long enough to provide a breath sample. The Respondent's Representative counters that the Applicant's behaviour on the night in question denotes an obvious intention to not comply with the demand for a breath sample.

The Tribunal concurs with the Respondent's Representative. By his own admission, the Applicant stated more than once during the hearing that he had been “uncooperative” because of the way he had been treated.

As pointed out by the Respondent, the Applicant failed to substantiate the basis for an appeal on medical grounds. As far as the extent of the injuries, the Tribunal heard the evidence of both officers that there was no swelling, no visible lacerations or bruises that would prevent the Applicant giving a breath sample. The Applicant repeated several times at this hearing that he was in extreme pain, yet there is no evidence that he sought medical attention after the brawl. Evidence proves that the Applicant went home instead. Further, no medical attention was sought until the Applicant realized he needed to backup his claims for court purposes.

The Tribunal noted that the Applicant recalled the events of the night with enough clarity to challenge some of the statements made by both officers, yet he did not refute their testimony as to what took place in the breathalyser room. At the time he attempted to give a breath sample, he did not tell the officers that he could not grip the mouthpiece because of pain or discomfort although he had no difficulty expressing himself otherwise.

The onus being on the Applicant to establish the merit of the appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1 (2) (b), in that he was not able to demonstrate that he suffers from a medical condition, which would prevent him from providing a breath sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated December 8, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal **confirms** the suspension.

JOHN L. COWAN LIMITED

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REVOKE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

JOHN L. COWAN and STEVEN COWAN, Agents representing the
Applicant
CAROL STREET, Counsel, representing the Ontario New Home
Warranty Program

DATE OF
PREHEARING: January 24, 2002 Toronto

ORDER

FOLLOWING attendances on January 24, 2002 at a prehearing before this Tribunal of John L. Cowan and Steven Cowan, Agents, appearing on behalf of John L. Cowan Limited (the "Applicant"), and Carol Street, Counsel on behalf of the Ontario New Home Warranty Program (the "Program");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Tuesday, March 5, 2002 at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario and to continue if necessary on March 6 and 7, 2002 at the Tribunal's above chambers;

1. The Parties to the hearing are the Applicant and the Program.

2. Attached to this Order is a Statement of Facts marked “B” with its attachment marked “Exhibit A”. This was presented at the prehearing by Carol Street, Counsel for the Program. Both the Program and the Applicant agreed that the facts enumerated in paragraphs 1 through 10 inclusive, are facts that the parties have agreed upon. The facts contained in paragraph 11 of the Statement of facts were not agreed to by the Applicant as the Applicant has no personal knowledge of the allegations there in contained.
- 3.a) The Applicant must serve the Program and the Attorney General, and file with the Tribunal, on or before February 8, 2002:
 - i) What particular provisions of any legislation, regulations, bylaws, and/or the impugned Vendor and Builders Agreements does the Applicant say infringe the Charter.
 - ii) What sections of the Charter does the Applicant say are infringed, and how they are infringed.
 - iii) The evidence, in affidavit form, that the Applicant relies upon in support of i) and ii);
 - iv) The remedy the Applicant seeks from the Tribunal;
 - v) A statement of issues, fact and law that summarizes the Applicant’s Charter challenge.
3. b) The Program must serve the Applicant, the Attorneys General of Ontario and of Canada and file with the Tribunal on or before February 18, 2002:
 - i) The evidence, in affidavit form, on which the Program relies in defending the Applicant’s Charter challenge;
 - ii) A statement of issues, fact and law that summarizes the Program’s response and defence to the Applicant’s Charter challenge.
3. c) Either party may cross-examine the deponents of the opposing party’s affidavits. These cross-examinations must take place between February 19 and March 1, 2002 inclusive. Transcripts of the cross-examinations must be provided to opposing counsel and filed with the Tribunal on or before March 5, 2002. No viva voce evidence will be heard by the Tribunal at the hearing with respect to Charter issues unless permitted by the Tribunal.

3. d) If either party fails to comply with paragraphs 3(a) through 3(c) above, the Tribunal will not hear submissions from such party regarding the Charter issues.
4. All parties to the hearing shall fully comply with the requirements of disclosure of documents or things as set forth in Rule 6.3 of the Rules of Practice of the Tribunal. All parties shall also fully comply with the disclosure requirements set forth in Rule 6.4 of the Rules of Practice of the Tribunal dealing with expert witnesses.
5. There was no settlement of any of the issues dealt with in the Registrar's Notice of Proposal and those issues remain to be decided at the hearing.

ORDER

FOLLOWING attendances on January 24, 2002 at a prehearing before this Tribunal of Barry Mills, Agent, appearing on behalf of 933891 Ontario Limited o/a Classic Country Homes (the "Applicant"), and Carol Street and Beth Symes, Counsel on behalf of the Ontario New Home Warranty Program (the "Program");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Wednesday, April 3, 2002 at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario and to continue if necessary on April 4 and 5, 2002 at the Tribunal's above chambers;

1. The Parties to the hearing are the Applicant and the Program.

2. Attached to this Order is a Statement of Facts marked "B" with its attachment marked "Exhibit A". This was presented at the prehearing by Carol Street, Counsel for the Program. Both the Program and the Applicant agreed that the facts enumerated in paragraphs 1 through 14 inclusive, are facts that the parties have agreed upon. The facts contained in paragraph 15 of the Statement of facts were not agreed to by the Applicant as the Applicant has no personal knowledge of the allegations there in contained.
- 3.a) The Applicant must serve the Program and the Attorney General, and file with the Tribunal, on or before February 15, 2002:
 - vi) What particular provisions of any legislation, regulations, bylaws, and/or the impugned Vendor and Builders Agreements does the Applicant say infringe the Charter.
 - vii) What sections of the Charter does the Applicant say are infringed, and how they are infringed.
 - viii) The evidence, in affidavit form, that the Applicant relies upon in support of i) and ii);
 - ix) The remedy the Applicant seeks from the Tribunal;
 - x) A statement of issues, fact and law that summarizes the Applicant's Charter challenge.
3. b) The Program must serve the Applicant, the Attorneys General of Ontario and of Canada and file with the Tribunal on or before March 4, 2002:
 - iii) The evidence, in affidavit form, on which the Program relies in defending the Applicant's Charter challenge;
 - iv) A statement of issues, fact and law that summarizes the Program's response and defence to the Applicant's Charter challenge.
3. c) Either party may cross-examine the deponents of the opposing party's affidavits. These cross-examinations must take place between March 5 and 22, 2002 inclusive. Transcripts of the cross-examinations must be provided to opposing counsel and filed with the Tribunal on or before March 28, 2002. No viva voce evidence will be heard by the Tribunal at the hearing with respect to Charter issues unless permitted by the Tribunal.

3. d) If either party fails to comply with paragraphs 3(a) through 3(c) above, the Tribunal will not hear submissions from such party regarding the Charter issues.
4. All parties to the hearing shall fully comply with the requirements of disclosure of documents or things as set forth in Rule 6.3 of the Rules of Practice of the Tribunal. All parties shall also fully comply with the disclosure requirements set forth in Rule 6.4 of the Rules of Practice of the Tribunal dealing with expert witnesses.
5. There was no settlement of any of the issues dealt with in the Registrar's Notice of Proposal and those issues remain to be decided at the hearing.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

RELEASED: January 25, 2002

FAWZI

FIRYAL FAWZI

MOTION TO CONSIDER AN APPLICATION
FOR EXTENSION OF TIME

TRIBUNAL: JOHN ORT, Member

APPEARANCES: JALAL AL-HINNAWI, Agent, representing the Applicant
NETANUS RUTHERFORD, Counsel, representing the
Ontario New Home Warranty Program

DATE OF HEARING: January 8, 2002 *Via Teleconference*

REASONS FOR RULING AND ORDER

BACKGROUND:

A motion was heard by the Licence Appeal Tribunal by teleconference on January 8, 2002, at Toronto, Ontario. Firyal Fawzi (the "Applicant") has filed an appeal from a decision by the Ontario New Home Warranty Program (the "Program") dated September 24, 2001, wherein the Applicant's claim for a breach of warranty under section 14(3) of the *Ontario New Home Warranties Plan Act* (the "Act") was denied. The Program's position is that the Applicant failed to request a hearing before this Tribunal within the prescribed time. The Applicant requests an extension of time pursuant to section 7 of the *Licence Appeal Tribunal Act, 1999*. The Program submits that an extension of time should not be granted.

The hearing of this matter proceeded on the consent of the parties as an electronic hearing. The evidence introduced by the Applicant consisted of the testimony of Jalal Al-Hinnawi as well as documentary evidence introduced through him. The evidence submitted by the Program consisted of the testimony of Sherri Lumley and documentary evidence introduced through her.

ISSUES:

Have the requirements for service of a Notice of Appeal under sections 16 and 20 of the *Ontario New Home Warranties Plan Act* been met in this case?

If the Notice of Appeal was not filed with the Licence Appeal Tribunal within the time prescribed by statute, is this an appropriate case for an extension of that time pursuant to section 7 of the *Licence Appeal Tribunal Act, 1999*?

FACTS:

Testimony of Jalal al-Hinnawi:

Mr. Jalal al-Hinnawi testified that the Applicant, Firyal Fawzi, is his mother. He stated that the Applicant does not know sufficient English to represent herself at the hearing. Mr. Jalal al-Hinnawi said that his parents left for a vacation in Montreal around September 25, 2001. He testified that, while his mother was away, he received a card from Canada Post advising of a letter addressed to Firyal Fawzi from the Program. Mr. Jalal al-Hinnawi stated that he showed his identification at the post office, signed his name, and picked up the letter on September 28. He repeatedly stated that he did not open the letter, because it was addressed to his mother and he did not have authority to open it.

Upon cross-examination by Ms. Rutherford, Mr. Jalal al-Hinnawi stated that he had no contact with his parents while they were away in Montreal. He admitted that he could have contacted his parents if he had wanted to do so. He stated that his family received many prior letters from the Program but that none concerned a hearing.

Exhibit 3 is a Notice of Application for the Extension of Time to Appeal dated December 6, 2001 addressed to the Licence Appeal Tribunal from Firyal Fawzi, stating in part: "I firyal Fawzi was away in Montreal on vacation with my husband because he have done an operation and he was not feeling well, so I did not receive the mail my self, therefore I was not in Toronto before the due date for filing." Mr. Jalal al-Hinnawi testified that his mother opened the letter from the Program after her return from Montreal and filed a Notice of Appeal within fifteen days of her return, on October 18.

Exhibit 1 is the decision of the Program denying the Applicant's twenty claims. Mr. Jalal al-Hinnawi said that claim no. 1 was made within one year of completion of the home for the owner's possession. Although Mr. Jalal al-Hinnawi also mentioned claims no. 15 and 19, he stated that he does not remember whether those claims were submitted within the one year.

He did not claim that any of the other claims were still unresolved and were made within the one year.

Regarding claim no. 1, Mr. Jalal al-Hinnawi stated that the stairs between the main floor and the second floor squeak. He testified that he was told by Mr. Ken Haller of Home Inspection Service Inc. that the stairs were installed in a substandard way causing a bouncy feeling and that a repair would cost \$500 to \$1,000.

Testimony of Sherri Lumley:

Ms. Sherri Lumley testified that she has been a warranty representative for the Program for two years and that she is the author of the decision denying the Applicant's claims. Ms. Lumley stated that only claims no. 1, 2, and 6 described in her decision were made within the required one year.

As to claim no. 1, she stated that only a claim about squeaks in the bedroom was submitted within the one year and that squeaks in other locations were complained of only in the request for conciliation. On the other hand, the decision letter gives the reason for denial of the claim for squeaky stairs as: "While there is a slight deflection between the drywall and the stair stringer this is considered minor in nature and not readily apparent. Therefore, no warranty applied as per section 13(1)(a) of the Act." Although many claims in the decision letter are denied because they were not received within the applicable warranty period, no such wording is set out in the discussion of claim no. 1.

The Program's decision letter states in part: "There is a slight deflection heard between the drywall and the stair stringer." Upon cross-examination by Mr. Jalal al-Hannawi, Ms. Lumley admitted that she heard a noise when he walked to the top of the stairs.

Ms. Lumley testified that during her inspection on June 13, 2001, Mr. Jalal al-Hannawi and both his parents were present. Later, upon cross-examination she admitted that only Mr. Jalal al-Hannawi and his father were present, not the Applicant, Firyal Fawzi.

Upon submission of Ms. Rutherford, the Tribunal ordered production of the acknowledgement of receipt of the registered-mail letter picked up by Mr. Jalal al-Hannawi. The person who signed the acknowledgement is identified as Firyal Fawzi. The signature is illegible. The Notice of Appeal submitted by Firyal Fawzi and Jalal al-Hinnawi has two signatures, but neither signature is identified as belonging to Firyal Fawzi or Jalal al-Hinnawi, and both signatures are illegible.

THE LAW:

Section 13 of the *Ontario New Home Warranties Plan Act* partly states:

"(1) Every vendor of a home warrants to the owner,

"(a) that the home,

"(1) is constructed in a workmanlike manner and is free from defects in material,
...

"(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, ...".

Section 20 of the Act states in part:

"Any notice or document required by this Act to be served or given may be served or given ... by registered mail ... and, where notice is served or given by mail, the service shall be deemed to have been made on the fifth day after the day of mailing unless the person to whom the notice is given establishes that the person, acting in good faith, through absence, accident, illness or other cause beyond the person's control did not receive the notice until a later date."

Section 16 of the Act adds in part:

"(1) Where the Corporation makes a decision ... it shall serve notice of the decision ...

"(2) A notice under subsection (1) shall state that the person or owner served is entitled to a hearing by the Tribunal if the person or owner mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing ...".

Section 7 of the *Licence Appeal Tribunal Act* states:

"Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal ..., if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

(a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and

(b) give the directions that it considers proper as a result of extending the time."

FINDINGS OF FACT:

The Tribunal finds that:

1. The Applicant, acting in good faith, did not receive notice of the Program's decision until she returned home from Montreal, after the time for filing had passed.
2. The Applicant filed the Notice of Appeal with the Licence Appeal Tribunal within fifteen days after her return home.

APPLICATION OF LAW TO FACTS:

The Tribunal found Mr. Jalal al-Hinnawi to be a credible witness. In case of conflict in the evidence, the Tribunal accepts his evidence.

The Applicant received notice of the Program's decision when she returned home from Montreal. It was then her responsibility to open the registered-mail letter from the Program. According to section 20 of the Act, the Program's letter was thus served on the Applicant when she returned home.

Mr. Jalal al-Hinnawi testified that the Notice of Appeal was filed within fifteen days of the Applicant's return from Montreal. Therefore, the Notice of Appeal was filed within fifteen days after service of the Program's letter, and it was filed within the time prescribed by section 16 of the Act.

ORDER:

For the reasons set out above, the Tribunal finds that the Applicant filed her request for a hearing within the prescribed time.

TIM SNELL, Counsel, representing the Registrar,
Real Estate and Business Brokers Act, Respondent

DATE OF

PREHEARING:

January 21, 2002

Toronto

ORDER

Following attendances on January 21, 2002 at a prehearing before the Licence Appeal Tribunal (the "Tribunal") of Howard Stanley Buckman representing himself (the "Applicant") and Tim Snell, Counsel, representing the Registrar, *Real Estate and Business Brokers Act* (the "Registrar");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, February 25, 2002, and thereafter, if necessary, to continue at 9:30 a.m. on Tuesday, February 26, 2002, at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario:

1. The parties to the hearing are the Applicant and the Registrar.
2. Particulars set out as items 1 to 16, both inclusive, and particulars set out as item 24 on the Registrar's Notice of Proposal to Refuse to Grant Registration dated October 24, 2001 are admitted by the Applicant.

3. Letter from Heather A. Werry, Counsel, Law Society of Upper Canada addressed to Yvonne Nandalall, Registration Officer, Real Estate Counsel of Ontario, dated November 16, 2001, at tab 4 of book 2 of the Registrar's book of documents, is admitted without proof by consent of the parties.
4. There was no resolution of any other issues between the parties.
5. The parties shall comply fully and in a timely manner with the disclosure requirements as required by Rule 6 of the Tribunal's Rules of Practice.

CLYKE

CHRISTINA CLYKE

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NIVES MONTANO,
Presiding member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

CHRISTINA CLYKE, Applicant
unrepresented

DATE OF HEARING: January 24, 2002

DECISION RELEASED: January 28, 2002 Toronto

REASONS FOR DECISION

A hearing was held on January 24, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Christina Clyde (the “Applicant”)
Motor Vehicle:	1992 Nissan CX1, plate no. ALNM 581 (the “vehicle”)
Date of Appeal:	January 4, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on January 24, 2002 and proceeded as an oral hearing.

After a brief recess due to the late arrival of the Applicant, the Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant’s request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant’s appeal.

Should the Tribunal set aside the Registrar’s order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states (Exhibit #2):

My boyfriend borrowed my car without my permission, I knew his licence was suspended. I would have never allowed him to drive it with my consent, I do really need my car, I work nights, I live in Brampton and I work downtown Toronto. I have no other way of driving there, I would like to keep my job, if I can't get my car back, I will then be forced to quit my job.

Sincerely Christina Clyde

The following is a summary of the Applicant's sworn testimony.

The Applicant is a single, young woman who resides with her father in Brampton, Ontario. She is employed as a full-time waitress/bartender at Don Cherry's Sports Grill located near Kipling Avenue at The Queensway. Her hours of employment are 6 p.m. to closing, 5 to 6 days a week. Her place of employment is approximately a 30 to 35 minute drive from her home.

The Applicant's father owns a vehicle but since he works the evening shift as well (6 p.m. to 2 a.m.) at Maple Leaf Foods in Burlington, Ontario, his vehicle is inaccessible to the Applicant, as they both work the same hours.

With respect to the circumstances surrounding the impoundment, Mr. Bruce, the Applicant's boyfriend, came to visit the Applicant since she was home sick. Mr. Bruce asked the Applicant if she could drive him to various locations since he had some errands to run. She advised Mr. Bruce that once she gets up from resting, she would drive him. Mr. Bruce took the vehicle at approximately 2 p.m. while the Applicant was sleeping. He returned to her home that same evening at about 6 p.m. with a ticket and the *Notice to Registrar* form in hand. The Applicant is well aware that Mr. Bruce has a suspended licence and testified that she does not allow him to have care and control of her vehicle at any time.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibits #3 and #4):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by James Bruce;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 19, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Tribunal must determine whether it should set aside the Registrar's order to impound the vehicle on the basis that the owner of the impounded vehicle will suffer exceptional hardship.

The Applicant has appealed on the grounds of "exceptional hardship" under section 55.2(3)(d).

Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact "exceptional hardship" will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardship as described in section 22(2). In order for her appeal to be considered under section 22(2), she must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulations provides the criteria for demonstrating that every reasonable option has been considered respecting an alternative vehicle.

The Tribunal may consider the criteria set out in clause (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

These criteria are cumulative. That is, all of these criteria must be met before the Tribunal may consider the ground of "exceptional hardship" under section 50.2(3)(d). On the evidence the first and second criteria are not met.

- (a) **"no alternative to the impounded motor vehicle is available"** The Applicant has testified that she has been renting a vehicle for the past 2 weeks, but is unsure she would be able to continue to rent the vehicle as she cannot afford it.

- (b) **"the loss will be immediate, significant and lasting"** The Applicant testified that (i); she has missed 1 week of employment (the first week the vehicle was impounded); (ii) there is no threat of loss of employment since the employer is aware of her situation; (iii) she has been able to get to work with her rented vehicle; and (iv) she has not been able to contribute to the household since all her money is spent on the rented vehicle;

After considering the above requirement, the Tribunal finds that the Applicant, albeit inconvenient to get to her place of employment, has alternatives to the impounded vehicle and the impact of the loss will not be immediate, significant and lasting as required by section 22(3) of Regulation 574 as amended by Regulation 632/98.

Evidence was heard that the Applicant has incurred financial hardship as a result of the loss of the vehicle. The Applicant may pursue compensation from the suspended driver, James Bruce, as is stated in section 55.1(21) of the *Highway Traffic Act*:

"The owner of a motor vehicle that is subject to an order to impound under this section may bring an action against the driver of the motor vehicle at the time the order was made to recover any costs or other losses incurred by the owner in connection with the order".

Accordingly, after considering the criteria set out in section 22(3) and (4) of Regulation 340 as amended by Ontario Regulation 632/98, the Tribunal finds the Applicant has not established exceptional hardship as set out in section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Nives Montano, Presiding Member

RELEASED: January 28, 2002

BARKLEY

HIGHWAY TRAFFIC ACT
R.S.O. 1990, Chap. H.8 as amended

IN THE MATTER of the ORDER to IMPOUND a MOTOR VEHICLE Order # 2500200 OWNED BY: Margaret Barkley of: 5421 Roger Stevens Drive, R 5, Smith Falls, Ontario, K7A 4S6 made pursuant to section 55.1 of the *Highway Traffic Act*, effective on: January 23, 2002.

AND IN THE MATTER of a requirement for a hearing respecting an appeal of the said Order to Impound, pursuant to section 50.2 of the *Highway Traffic Act*.

MARGARET BARKLEY

Applicant

-and-

REGISTRAR OF MOTOR VEHICLES

Respondent

CONSENT ORDER

Upon the application to the Tribunal by Margaret Barkley, Applicant, and by the representative for the Registrar of Motor Vehicles, for the issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act*, R.S.O. 1990, chapter S.22, and having reviewed the written settlement signed by the Applicant and the Registrar of Motor Vehicles as to the disposition of these proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are disposed of without a hearing on the basis of the facts and on the terms set out in the said Schedule "A".

LICENCE APPEAL TRIBUNAL

Between:

MARGARET BARKLEY

Applicant

-and-

THE REGISTRAR OF MOTOR VEHICLES

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. The motor vehicle described in Order to Impound #2500200 was impounded in accordance with subsection 55.1(3) of the *Highway Traffic Act*, RSO 1990, c. H. 8 as amended, on January 23, 2002.
2. The applicant, Margaret Barkley, whose name is shown on the vehicle and plate portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. No other order to impound under section 55.1 of the Act has ever previously been made with respect to any motor vehicle then owned by the applicant.
4. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(b) of the *Highway Traffic Act*, stating that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension.
5. Investigations conducted by the Registrar revealed that the driver of the motor vehicle at the time the impound order was made was not then under suspension.
6. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.

7. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the *Highway Traffic Act* that the Tribunal set aside the order to impound.

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles
Applicant
unrepresented

DATE OF
HEARING: January 23, 2002 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- Exhibit # 1 - Applicants Notice of Appeal dated December 17, 2001.
- Exhibit # 2 - Ministry's Notice of Suspension dated September 21, 2001.
- Exhibit # 3 - The Respondent's Summary of the File presented to the Tribunal on this date.
- Exhibit # 4 - Applicant's driving record entered on this date.

FACTS:

The Applicant is a 56 year old female, who had her licence suspended after the Ministry received an unsolicited Medical Report, dated July 1, 2000, from Physician # 1, who worked in a Walk-in clinic, where the Applicant had gone to obtain some sleeping medication. Physician # 1 reported that the Applicant suffers from alcoholism and declines treatment. This was the only occasion that he had treated the Applicant. She stated that she had not been drinking for a couple of days, but had been on a binge and could not sleep.

There was a history of drinking for approximately thirty years. In 1987 she attended AA for a year and received her pin for attendance. After that, the Applicant began binge drinking again, two to three times each year. In 1991 she was hospitalized for drinking and after being released, returned to AA.

In 1994 the Applicant resumed drinking and said she felt out of control, when on a binge. She eventually was able to stop on her own for four years. In 1998 she started drinking again for unknown reasons. During the following two years the Applicant was absent from work for 37 days, because of drinking.

On April 11, 2001 the Applicant received a letter from the Ministry informing her she must have an up-to-date assessment by a physician regarding her consumption of alcohol in order to ensure her fitness to drive.

On July 20, 2001 the Applicant had an Alcohol Form completed by Physician # 2. The doctor reported under the DSM-IV Criteria for alcohol dependence; the Applicant has a loss of control during binges and reduces her important activities. She also admits to continuing to drink despite knowledge of alcohol-related physical and psychological problems.

Physician # 2 stated that the Applicant's last alcoholic drink was on July 1, 2001 and the Applicant confirmed this in evidence. Laboratory blood tests disclosed AST and ALT results abnormally high, but GGT and MCV tests were normal.

On November 1, 2001 the Applicant had an appointment with Physician # 3, a consultant in Addiction Medicine. She admitted to alcoholic binges, lasting a week, once or twice a year since 1991. She usually drank a mickey of vodka per day.

Physician # 3 counselled the Applicant regarding complete abstinence and encouraged her to continue AA meetings on a regular basis. She accepted an offer from Physician # 3 for counselling and has continued to attend twice monthly.

The Applicant states that she only drinks at home, either alone or with her sister. She never drinks and drives and has a clean driving record. She mainly uses her car to get to and from work in the early morning and late at night. She does not understand why she lost her licence because she had not been drinking when she was reported, but had admitted a drinking problem to the doctor.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

THE LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
 - (b) a driver's licence; or
 - (c) a CVOR certificate,
- on the grounds of,
- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
 - (f) conviction of the holder for an offence referred to in subsection 210(1) or (2);
 - (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
 - (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

In suspending the Applicant's driver's licence the Registrar of Motor Vehicles acted according to the law, section 47(1), after being notified by Physician # 1 on July 1, 2000, that the Applicant suffered from alcoholism and declined treatment. The Tribunal was concerned, however, that the Ministry did not contact the Applicant until April 11, 2001 to request a medical assessment and then made the due date, June 6, 2001, which is eleven months from the date of notification. To add to this time delay, the licence was not formally suspended until September 21, 2001. The reason given for this protracted period of time was a backlog of cases the Ministry was processing. Hopefully there is some prioritizing in handling the notifications, because if the Applicant had been a danger to the public, this delay would have been unacceptable.

The Applicant stopped drinking on July 1, 2001 and joined AA, once more. She made an appointment with her family physician, who completed an Alcohol Assessment Form and recommended reduced drinking. MCV and GGT blood tests were reported as normal.

Following the actual suspension of her licence, the Applicant consulted a specialist in addiction medicine, Physician # 3. Physician # 3 recommended total abstinence, continued AA meetings and one to one counselling.

In summary, the Applicant has stated that she never drinks and drives, has a clean driving record, only drinks at home, either alone or with her sister, has stopped drinking and has an incentive to remain abstinent, for the first time. She mainly needs her car to get to work and when she was drinking, stayed home and lost 37 days of work in two years. The Applicant is attending AA once a week and being counselled twice a month.

To compound the problem for the Applicant, during the delay in notification, she purchased a new car. The MAC Case Study dated November 16, 2001, states that the Applicant continues to drink in spite of serious health related concerns, inspite of the fact she had stopped drinking July 1, 2001.

The Tribunal agrees there is a concern about a relapse, but the Applicant is now fully aware of the consequences of any further drinking and has never demonstrated any disregard for the laws in the past.

The Tribunal does not find that the evidence presented supports the Registrar's refusal to reinstate the Applicant's driver's licence, based on Section 47(1).

DECISION

Upon the application by the Applicant to appeal the decision dated September 21, 2001 of the Registrar of Motor Vehicles to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act*, and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be set aside.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett, M.D., Presiding Member

RELEASED: January 30, 2002

WEATHERBEE

JAMES WEATHERBEE

APPEAL FROM A PROPOSAL OF THE REGISTRAR
OF THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: JOHANNE M. MORISSETTE, Vice-Chair

APPEARANCES:

JAMES WEATHERBEE, representing himself
A. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: January 22, 2002 Ottawa

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated May 7, 2001 issued by the Registrar of the *Motor Vehicle Dealers Act* (the "Act") to refuse the registration of James R. Weatherbee (the "Applicant") as a motor vehicle salesperson under the provisions of the Act.

The Registrar's Notice of Proposal states that the reasons for the proposal are:

- 1) The Applicant applied for registration as a motor vehicle salesperson on or about April 17, 2001. He proposes to work for Direct Motor Company Ltd. o/a Bank Street Mazda.
- 2) On the application to become a registered salesperson question 8 asks:
"Are there any unpaid judgements outstanding against you? If yes, submit a copy of each judgment. State amount outstanding and repayment arrangements."
The Applicant said "yes". "See attached letter".
- 3) On the application to become a registered salesperson question 9 asks:
"Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes those instances where a conditional or absolute discharge has been ordered)".
The Applicant said "yes".

- 4) The Applicant provided a letter indicating:
"AS TO MY PAST RECORD THE ONLY THING I HAVE LEFT TO PAY IS A FINE IN NOVA SCOTIA FOR POSESSION OF CONTRABAND CIGARETTES. WHICH I AM PAYING \$100.00 PER MONTH".

"ALL OTHER CHARGES HAVE BEEN DEALT WITH AND THERE IS NOTHING BEFORE THE COURTS AT THIS TIME. I HOPE THIS IS SATISFACTORY FOR YOU AND HOPE YOU CONSIDER HOW I CLEANED UP MY PAST. LOOKING TO HAVE A GOOD FUTURE".
- 5) A criminal record search found that the Applicant has the following convictions
False Pretences – October 14, 1971
Assault Causing Bodily Harm – October 21, 1977
Assault Causing Bodily Harm – May 11, 1978
Attempted Theft – March 14, 1979
Possession of Stolen Property Under \$200 – March 14, 1979
Possession of Stolen Property Over \$200 – March 14, 1979
Possession of Stolen Property Over \$200 – September 4, 1980
Break & Enter with Intent – October 30, 1980
Theft Over \$200 – October 30, 1980
Possession of Firearm without Firearm Acquisition Certificate – November 20, 1981
Trafficking in a Narcotic – February 23, 1987
Possession of Spirits Unlawfully Imported – September 15, 1995
Unlawfully Have or Sell Manufactured Tobacco or Cigars – October 11, 1995
Conspiracy to Sell Unlawfully Imported Spirits – January 24, 1997
Possession of a Schedule 1 Substance – February 26, 1999
- 6) In June 1998, the Applicant had a previous application for registration refused pursuant to section 7(3) of the Act.

THE LAW:

The relevant portion of the Act that is applicable to these proceedings is section 5(1) which reads:

1. An Applicant is entitled to registration or renewal of registration by the Registrar except where,.....

(b) the past conduct of the Applicant affords reasonable grounds for the belief that the Applicant will not carry on business in accordance with the law and with integrity and honesty; or
.....

As established by the Divisional Court of Ontario in the decision R.G. Brenner v. Registrar of the Motor Vehicle Dealers, March 9, 1983, unreported,

.....the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with the law and with integrity and honesty

THE EVIDENCE:

REGISTRAR'S CASE:

The only witness for the Registrar is Ms. Mary Jane South who has been Deputy Registrar since 1997 for the Ontario Motor Vehicle Industry Council ("OMVIC"). Ms. South, testified that she conducted the investigation relating to the Applicant's application (Exhibit 3, Tab 4). Ms South testified that the Applicant had never been previously registered, although he had applied on two previous occasions.

On May 25, 1998, the Applicant applied for the first time to OMVIC. At that time, he answered Question #10 in the negative, although after a search of the records, it was discovered that the Applicant did have a lengthy prior criminal record. He was denied registration by a Proposal dated June 25, 1998. The Applicant did not appeal that decision.

On September 20, 1999, the Applicant applied again to OMVIC, but this time he answered yes to question #10, but without any details of his convictions. He abandoned his application, prior to a decision being rendered.

On April 10, 2001, the Applicant applied again to OMVIC, which is the subject application to which the Proposal is made. The new format of applications, has the question about the past criminal activity in question #9. The Applicant did answer "yes" to question #9, however he failed to fully disclose his criminal record, including his most recent conviction of possession of schedule 1 substance (i.e. marihuana) on February 26, 1999.

APPLICANT'S CASE:

The Applicant gave evidence on his own behalf and called just one other witness, namely Mr. Richard Macleod, who is the general manager of Bank Street Mazda, the Applicant's current employer.

The Applicant stated that, when answering question #10 on the first application, he thought that he only had to go back three years, and that is why he responded "no" to that question. Mr. Weatherbee was of the view that his past criminal record that dates back to the 1970's and early 1980's should not be taken into consideration, since he had changed since that time. The Applicant further stated that he had stop drinking and smoking and that since the last 3 to 4 years, he had "cleaned up his act". He had been working for the same employer since that time and wanted a chance to improve his lot in life.

When asked in cross-examination, why he did not disclose his most recent conviction of February 1999 in question #9, he said, that he thought that OMVIC knew or ought to have know about it, and therefore he did not have to disclose it.

Mr. Richard Macleod, testified only to the fact that he felt that Mr. Weatherbee was trustworthy and should be given a chance. Mr. Macleod knew about his past criminal record but also felt that the Applicant had rehabilitated himself in the last few years.

APPLICATION OF LAW TO THE FACTS:

The Registrar bases her refusal on two grounds: first, the lack of disclosure by the Applicant on three separate applications to OMVIC and second, the nature and pattern of the criminal offences committed over a period of time by the Applicant that are economic in nature.

The Tribunal is not satisfied that the Applicant intentionally mislead the Registrar by failing to specifically disclose his most recent conviction of 1999 in his application of 2001. The applicant testified that he knew from the previous decision rendered in 1998, that the Registrar was aware of his record and he thought that the Registrar would also know about his most recent conviction. This does not exonerate his obligation to fully disclose, but on that ground alone, the Tribunal would not support the Proposal.

The Registrar's second ground is the more significant, that being the nature and pattern and more importantly continued and recent criminal activity of the Applicant. The Tribunal notes that Mr. Weatherbee has been conviction free since February 1999. This period is just short of three years since his last conviction and is not sufficient to impart to this Tribunal the confidence that Mr. Weatherbee is now fully reformed and that the Registrar has erred in his decision.

The Tribunal believes that Mr. Weatherbee certainly has been on the right track over the last three of four years. This is encouraging. However, considering the Applicant's history, it is reasonable that before the Applicant applies for registration more time should pass since his last offence and that at the time of re-application the Applicant provide full and honest disclosure. At present, therefore, the Tribunal finds that there is no error in the Registrar's decision to refuse Mr. Weatherbee registration.

DECISION:

By virtue of the authority vested in it under section 7 (4) of the *Motor Vehicle Dealer Act*, the Tribunal directs the Registrar to carry out his proposal dated May 7, 2001 to refuse the registration of James R. Weatherbee as a motor vehicle salesperson under the Act.

Pursuant to subsection 5(2) of the *Motor Vehicle Dealers Act*, John Roderick Feher (hereinafter referred to as "the Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the *Statutory Powers Procedure Act*, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, the Registrar is directed to and shall carry out the proposal.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant agrees not to be involved in the process of buying, selling or leasing motor vehicles without the benefit of registration.
5. The Applicant agrees not to drive in test drives without a valid driver's licence.
6. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
7. The Applicant confirms that the circumstances surrounding his charges/convictions are substantially as disclosed to the Registrar.
8. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
9. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
10. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
11. The Applicant will provide a copy of this order to his employer forthwith.

BARBARA AND ALFRED GALLO

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: KENT MCCLURE, Chair, presiding
VICTOR DREVNIG, Vice-Chair

APPEARANCES:
ALFRED GALLO, representing himself and Barbara Gallo
KAREN JONES, Counsel, representing the Ontario New Home
Warranty Program
JOHN SESTITO, Counsel, representing GREYSTONE COUNTRY
PROPERTIES LIMITED, the Added Party

DATES OF
HEARING: January 15 and 16, 2002 at Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") by Barbara and Alfred Gallo (the "Applicants") from a decision of the Ontario New Home Warranty Program ("the Program") set out in a written decision dated March 15, 2001, which denied the Applicants' claims for compensation under the *Ontario New Home Warranties Plan Act* (the "Act").

The Applicants' appeal relates to two complaints respecting the Applicants' home:

1. the placement of the furnace and the hot water heater on the ground floor; and
2. the absence of a full length closet off the entrance foyer.

The Applicants' appeal is based on Section 14(1)(b) of the *Ontario New Home Warranties*

Plan Act (the “Act”) which reads as follows:

(1) Where,

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; ...

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

THE EVIDENCE:

The evidence for the Applicants

The only witness for the Applicants was Alfred Gallo. His testimony on the two complaints is summarized below.

The Applicants, after consulting with their lawyer, signed an Agreement of Purchase and Sale (“APS”) on September 27, 1996 to purchase a Sussex style town house unit on Lot 42 from Greystone Country Properties Limited (“Greystone”). Greystone signed the agreement on September 30, 1996.

The APS contains Schedule “D”, which sets out the unit’s floor plan. The ground floor (basement level) shows a garage, a low headroom storage area, an area for a furnace and water heater, a finished room, and a laundry room. The main floor shows a foyer. In that foyer and running along the side of the foyer from the front door entrance is the notation “MIRRORED DOORS” behind which is a rectangular space with an “X” running from corner to corner with no descriptive wording.

There were written amendments to the APS. The amendment dated February 18, 1997 provided for what was described in testimony as a “switch”; that is, the laundry room originally to be installed on the ground floor (basement level) was moved to the second floor, and the washroom originally to be installed on the second floor was moved to the ground floor (basement level).

The closing date in the APS was originally August 15, 1997. This was changed to February 26, 1998 when Mr. and Mrs. Gallo received title and took possession of the property.

Mr. Gallo testified that when the unit was being built, he and Mrs. Gallo visited the site and found that the builder was making a change in the layout of the ground floor (basement level). The furnace and hot water heater were being moved to a walled-in area next to the washroom

area and would occupy part of the area designated on the building plan for the finished room. Schedule "D" to the APS shows the finished room layout with a floor area 13 feet 4 inches by 20 feet. The new walled-in area for the furnace and hot water heater reduced the finished room area by an area approximately 8 feet by 5 feet 2 inches.

Mr. Gallo complained to the builder's on site supervisor, Mr. Tony Rinomato, that this relocation was contrary to the floor layout in the APS. The Applicants were told that the move was necessary because the original location would adversely affect the operation of the furnace and would be contrary to the Ontario Building Code. Mr. Gallo told Mr. Rinomato that the Applicants would rather eliminate the washroom on the ground floor (basement level) and have the furnace and hot water heater occupy that space than have the size of the finished room reduced. Mr. Rinomato did not agree with this alternative. The builder retained the washroom and located the furnace and hot water heater in the walled-in area that diminished the finished room.

In his testimony, Mr. Gallo conceded that the relocation of the furnace and hot water heater was required. In his cross-examination, he agreed that paragraph 11 of the APS provided for modifications to comply with the Ontario Building Code. However, he felt that the builder should have followed his request to eliminate the washroom area and not diminish the size of the finished room. He felt that the builder's relocation diminished the value of the unit. Mr. Gallo testified that the reduced space of the finished room could be used, but he felt that the reduction in its space by the relocation of the furnace and hot water heater was unacceptable. He said it resulted in less space for his grandchildren to play and also less space for the Applicants' furniture. He also believed that the reduction in the size of the finished room resulted in a room that did not justify, in future, the installation of an optional direct vent gas fireplace noted on the layout in Schedule "D" to the APS. He also said that the noise of the furnace could be heard in the finished room.

In cross-examination, counsel for the Program asked Mr. Gallo for the basis on which he claimed that the relocation proposed by the builder reduced the value of the unit. Mr. Gallo stated that he had spoken to a realtor, Linda Emerson, who told him that it was very difficult to estimate a possible reduction in the unit's value because of the builder's relocation of the furnace and hot water heater. She had suggested that eliminating the washroom from the basement could reduce the unit's value by \$5,000.00. Counsel pointed out that eliminating the washroom was the Applicants' suggestion, not the builder's. Mr. Gallo responded that the realtor had indicated that it would be difficult to calculate how the relocation would affect the unit's value. Mr. Gallo referred to the Applicants' Judgment against the builder and said that the Court's Reasons for Judgment would have dealt with this, but that he had not had the Reasons for Judgment transcribed because of the cost.

Also prior to closing, and about the time that the Applicants discovered the builder's relocation of the furnace and hot water heater, the Applicants found that the front hall closet off the foyer (the "foyer closet") was not a full-length closet, as they had expected. The foyer's floor was a

lower level than the adjacent main floor that was over the garage. The recessed area of the foyer closet was over the garage. The result was that the recessed area of the foyer closet was at a higher level than the floor of the foyer by approximately one metre. The foyer closet's recessed area was only able to accommodate short jackets, not full length coats.

Mr. Gallo testified that the Applicants had expected a full-length closet and that any reasonable person would have. In cross-examination, Mr. Gallo confirmed that in Schedule "D" to the APS, the diagram shows an "X" running from corner to corner of the area behind the mirror doors in the foyer, that the diagram contains no words to the effect that this is a full closet, and that the APS contains no words "full length closet". He also conceded that off the kitchen an area is described as a broom closet and that it has no similar "X" mark. He said, however, that this distinction meant nothing to him and that a reasonable person would have concluded that the foyer closet is a full-length closet. He expected a full-length closet off the entrance foyer, and he was never warned otherwise by the builder.

Mr. Gallo testified that he complained to Mr. Tony Rinomato about the unit having a half rather than full closet off the foyer. Mr. Rinomato said that this was the result of the difference in elevations between the foyer and the adjoining main floor. Although he indicated that he was sympathetic, Mr. Rinomato took the position that the closet was built according to the APS.

Mr. Gallo investigated the cost of moving the closet to the other side of the foyer. He testified that he understood that this would require building the closet out from the exterior wall because the Ontario Building Code did not permit a reduction in the width of the foyer area. In turn, this would require approval of the local municipality because it would require a variance from the set back requirements of a local by-law. Mr. Gallo testified that he had no estimate of the cost of doing this except an oral estimate of a contractor who quoted \$3,852.00. In cross-examination, Mr. Gallo confirmed that he had no other estimate of the cost of moving the closet, had not obtained any details as to the likelihood of getting municipal approval and had no estimate of any effect the size of the closet had on the value of the unit. He stated that the realtor, Linda Emerson, had told him that the unit with or without a full-length closet would be a problem to estimate and that she would have difficulty coming up with such an estimate. He relied upon the fact that he had obtained a Judgment against the builder to confirm that he had suffered damages. He said that the Judge had remarked that it was reasonable to expect a full-length closet behind the mirrored doors off the foyer. As indicated above, the Reasons for Judgment were not provided to the Tribunal.

Mr. Gallo testified that he discussed this concern and others with his lawyer. Mr. Gallo testified that the prices of real estate had increased over the prior two years, and the Applicants would be faced with higher prices had they wished to buy another property. He felt the builder could resell the unit without difficulty. Also, the Applicants had resided in a temporary location for approximately two years, and they did not wish to start again to search out new alternatives. The Applicants decided that they would complete the purchase but negotiate with the builder

as many resolutions as possible prior to closing and seek any available remedies after closing.

Mr. Gallo also testified that he made a telephone call to the Program in January of 1998 and spoke with Judy Kruse, an employee of the Program. He testified that he told her about his concerns with the unit, including the relocation of the furnace and hot water heater. Mr. Gallo testified that Ms. Kruse advised him that the Program would not consider his complaint a warranted matter. In cross-examination, Mr. Gallo said that Ms. Kruse told him to take legal action. Later in cross-examination, when asked about whether he had notified the Program that he was suing the builder, he said he did this by telling Ms. Kruse during their conversation that that he would sue the builder. He said he accepted Ms. Kruse's statement as to the Program's position and did not again involve the Program until after he had renovated the ground floor (basement level), referred to later in this decision. He said Ms. Kruse never told him to put his concerns to the Program in writing. During cross-examination, Mr. Gallo was asked if he had received the Program's material for homebuyers. He said he had. He was asked if he read that homebuyers were required to put their concerns to the Program in writing. He said he could not recall if he had read the material cover to cover and what he recalled was not "subtle points" like that. He also responded by saying that he had been ill served by a lawyer who gave him legal advice, although he was not able to recall which particular lawyer of the lawyers he consulted, because he remembers the lawyer's advice being to sue but remembers no discussion about the Ontario New Home Warranty Program.

On February 4, 1998, Mr. Gallo inspected the unit with a representative of the builder, prior to closing the purchase. Both signed a Pre-Occupancy Inspection form and an attachment listing complaints about the unit. Mr. Gallo prepared the attached page, and one of its paragraphs states:

Interior

Major Problems include 1) lack of front hall closed and 2) movement of furnace and water heater into ground floor living space. These items will be dealt with by litigation, given lack of response by Country Homes.

The builder's lawyer sent letters on February 6, 10, 16 and 19, 1998 to the Applicants' lawyers explaining the need to relocate the furnace and offering to terminate the purchase agreement with the return of any funds paid by the Applicants if the Applicants would sign a mutual release. The Applicants did not accept this offer. On February 26, 1998 the sale closed, and the Applicants received title to the unit.

On March 2, 1998 the Applicants issued a Statement of Claim against the builder (Exhibit 4, Tab 15). The builder defended the action by Statement of Defence dated April 8, 1998 (Exhibit 4, Tab 16).

The Applicants sent a letter dated April 16, 1998 to the builder, with a copy to the Program, listing the Applicants' complaints about the unit (Exhibit 3, Tab 4). The complaints included the two complaints now before this Tribunal.

The Applicants did not start living in the unit for three months. Mr. Gallo, in cross-examination, stated that by February 24, 1998, the Applicants had decided to take possession of the home, retain a contractor, and sue the builder. They had a contractor renovate the ground floor (basement level) to achieve the placement of the furnace and hot water heater where they had asked Tony Rinomato to put them prior to the date of closing. Their contractor replaced the contents of the washroom on the ground floor (basement level) with the furnace and hot water heater, and removed the walled-in area that had contained the furnace and hot water heater to increase the size of the finished room to match that set out in the floor plan attached to the APS as Schedule "D". Mr. Gallo testified that this renovation cost \$2,300.00 to move and reinstall the furnace and hot water heater, \$1,100.00 for the building contractor, and \$1,800.00 for the carpet. Mr. Gallo did not provide the Tribunal with copies of the bills for these costs. Mr. Gallo, in cross-examination, stated that he did not advise the builder or Program that he was having this work done. The Applicants moved into the unit in May of 1998.

By facsimile transmission dated September 28, 1988, Mr. Gallo advised the builder, with a copy to the Program, of a number of defects with the unit (Exhibit 3, Tab 6).

On December 17, 1998 the Applicants obtained a Judgment of the Ontario Court of Justice (General Division) against the builder for the sum of \$13,962.64, prejudgment interest of \$563.88, their costs in the action of \$3,600.00, and interest on the Judgment at 7% per annum. The Added Party's Book of Documents contains a draft Judgment approved as to form and content by the builder's solicitors, which the parties agreed duplicated the Judgment as issued by the Court (Exhibit 4, Tab 17).

By facsimile transmission dated January 4, 1999 Mr. Gallo advised Judy Kruse, an employee of the Program of certain defects in the unit (Exhibit 3, Tab 7). Those defects did not include the matters now before this Tribunal.

By letter dated June 2, 1999, with a copy to the Program, Mr. Gallo advised the builder of defects in the unit "not yet corrected" (Exhibit 3, Tab 8). Those defects did not include the complaints now before this Tribunal.

By letter dated March 10, 2000 the Applicants advised Judy Kruse of the Program that he had attempted to have the builder take action but that there were a number of outstanding deficiencies with the unit, and he asked for the assistance of the Program (Exhibit 3, Tab 9). The particular defects were not set out in that letter. In cross-examination, counsel for the

Program asked Mr. Gallo if this was the first time the Applicants contacted the Program in writing. Mr. Gallo replied yes, it was the first time the Applicants asked the Program for assistance. However, the Tribunal notes that copies of some of the Applicants' letters to the builder were sent to the Program prior to the March 10, 2000 letter.

By letter dated April 4, 2000, Dwight Lawrence of the Program informed the Applicants that the Program would not assist the Applicants. The letter contains what appears to be a typographical error and inaccurately describes the contents of the Gallo's letter of March 10, 2000. In any event, the Program's letter states that the Program can not assist the Applicants and identifies two reasons: 1) because the Applicants had repaired the matter complained of without the Program first being given an opportunity to do an inspection and 2) because the Program cannot assist in non-payment of the Applicants' court award (Exhibit 3, Tab 10).

By facsimile transmission dated April 19, 2000, Mr. Gallo sent Judy Kruse of the Program an updated list of deficiencies (Exhibit 3, Tab 10). The specific deficiencies are not part of that Exhibit. By letter dated May 1, 2000, Ms. Kruse advised the Applicants "We received your letter on Apr. 18, 2000. We have sent a copy of your letter to your builder and have reminded them of their obligations. We trust they will contact you." Also, the Program informed the Applicants that dispute mediation service was available from the Program, if necessary (Exhibit 3, Tab 11).

There was further correspondence between the Applicants and the Program. Mr. Gallo testified that he was frustrated with the Program's process of passing on to the builder the Applicants' complaints when the Applicants had already made the builder aware of those complaints. Mr. Gallo wanted the Program to be more directly involved in satisfying the Applicants' requests. Mr. Gallo testified that the Applicants had obtained Judgment against the builder but found they could not recover payment from the builder because the builder no longer had the required assets. Mr. Gallo felt that the Program should compensate the Applicants for the amount of the Judgment.

On November 11, 2000, the Applicants signed and forwarded to the Program the Program's Request for Conciliation Form, indicating that the Applicants had obtained a Judgment "in regard to (1) Change in location of furnace room and (2) Lack of full-size closet in front hall way...". The Applicants attached a list of 9 items, of which item 10 referred to the closet and item 11 referred to the furnace room (Exhibit 3, Tab 17).

By letter dated December 20, 2000, the builder replied to the Program respecting the Applicants' request for conciliation and responding to the complaints listed by the Applicants. By letter dated March 3, 2001, the builder wrote the Applicants, with a copy to the Program, offering to do certain work listed in the letter "In the interest of bringing any and all outstanding warranty issues to a close..." (Exhibit 3, Tab 18).

By letter dated March 15, 2001, the Program wrote the Applicants confirming that the Applicants wished to withdraw their request for conciliation on items 1 through 9 of their Conciliation Request Form. Also, the letter advises that the Program would be sending the Applicants a Decision Letter “pertaining to recovery of the Court Judgment through ONHWP.” (Exhibit 3, Tab 20)

By letter dated March 15, 2001 the Program denied the Applicants’ claim respecting the movement of the furnace room. (Exhibit 3, Tab 21) The parties to this hearing confirmed that the Program also denied the Applicants’ claim for the front hall closet.

The evidence for the Program

The witness for the Program was Robert Rosset. Mr. Rosset is a Warranty Representative employed by the Program and has been a Warranty Representative for 13 years. His responsibilities include dealing with claims of homeowners under the Act, arranging conciliations, and identifying defects under the Ontario Building Code. In the course of these duties, he has inspected more than 1,000 homes.

Mr. Rosset described the Program’s process in receiving a complaint from a homeowner. A telephone caller is asked to make a complaint in writing. After receiving a letter, the builder is advised. If a complaint is not resolved, conciliation is arranged and supporting documents requested. The Warranty Representative contacts the builder and attempts to have the builder resolve the problem. If there is no resolution, the conciliation is conducted, and a conciliation report is written with the complaints categorized as warranted or not warranted. The Program asks the builder to satisfy the complaints categorized as warranted. If the homeowner is not satisfied with this resolution, the Program issues a Decision Letter. The homeowner may appeal that decision to this Tribunal.

With respect to the Applicants’ claims, Mr. Rosset testified that the Applicants’ letter of March 10, 2000 (Exhibit 3, Tab 9) was the first written request to the Program for assistance.

Mr. Rosset testified that the Applicants requested a conciliation with the Program (Exhibit 3, Tab 17) but later withdrew items 1 through 9 of the 11 items they listed. The Program did not consider the two remaining items warranted under the Act, and the Program issued a Decision Letter (Exhibit 3, Tab 21) denying the Applicants’ claims.

Mr. Rosset testified that the Applicants had taken the builder to court and were successful, but they were unable to collect on the Judgment and sought reimbursement from the Program. Mr. Rosset said that reimbursement of the Applicants’ judgment against the builder was outside the jurisdiction of the Program. He said that the Program only dealt with warranties under the Act. He felt the Applicants’ claims respecting the relocation of the furnace and hot water heater and the size of the foyer closet were not warranted.

Mr. Rosset said the relocation of the furnace and hot water tank was not warranted as a substitution. A substitution claim is not appropriate because the same furnace and same hot water tank contracted for by the Applicants were installed, although not at the location on the original floor plan, due to Ontario Building Code and the equipment's operational requirements. Moving their location in the basement was not a substitution of one material for another.

Mr. Rosset said that the Applicants had themselves renovated the basement and did this without giving the Program an opportunity to inspect the builder's work and decide if the original installation had problems warranted under the Act. Now, what was installed was the Applicants' work, rather than the work of the builder, and the Act only provides warranty coverage for the builder's work.

In addition, Mr. Rosset said that the Applicants' immediate renovation of their basement not only denied the Program an opportunity to inspect the builder's work but also denied the Program the opportunity to perform remediation at no cost to the Applicants. The Applicants' renovation without notice to the Program denied the Program this opportunity, which was contrary to the Act, and showed that the Applicants were not taking the opportunity to mitigate their damages.

He also said that he saw no contravention of the Ontario Building Code in the matters complained of.

As to the foyer closet, Mr. Rosset said the closet was a matter of design, was built as provided in the APS, and the Applicants, therefore, had no warranted claim.

Evidence of the Added Party

The added party had two witnesses. The first witness was Mr. Tony Rinomato who was on the site supervisor and was familiar with the Applicants' home and the claims now before the Tribunal.

Mr. Rinomato testified that during construction of the unit, Mr. Gallo told him that there should be a full-length closet off the foyer. Mr. Gallo also told him that he wanted the closet moved to the outside wall of the unit. Mr. Rinomato did not agree with Mr. Gallo. In cross-examination, Mr. Rinomato said that he had no involvement in discussing the requirements for a move of the closet to the other side of the vestibule.

Mr. Rinomato said that he did not give detailed construction plans to purchasers of the units and said that the foyer closet was built according to the drawings.

Also, Mr. Rinomato said that during construction of the unit, Mr. Gallo told him that the location of the furnace and hot water heater was wrong. Mr. Gallo wanted to eliminate the washroom

on the ground floor, and Mr. Rinomato disagreed with this. In cross-examination, Mr. Rinomato said he could not remember Mr. Gallo saying that he was going to hire his own contractor to change the ground floor layout or that he would start a lawsuit. He said that the layout was changed because the mechanical contractor said it had to be done (Exhibit 4, Tab 6) and that this was later confirmed by a professional engineer who said that the original location would be in violation of the Ontario Building Code. (Exhibit 4, Tab 11)

Mr. Rinomato said he first knew of the Applicants' renovation of the ground floor only after the Applicants took possession of their home and Mr. Gallo asked during the renovation if someone wanted the bathtub being removed from the ground floor.

The Added Party's second witness was Mr. William Lane, a service manager employed by the builder, who was familiar with the file.

Mr. Lane referred to Schedule "E" of the APS and confirmed that the Applicants had requested moving the washroom to the ground floor in exchange for the laundry room. (Exhibit 4, Tab 14)

Mr. Lane also referred to Schedule "D" of the APS, which is the layout diagram for the unit. He explained that the foyer closet had to have a partial obstruction in the recessed area because the level of the recessed area was raised due to the height of the garage below it. Therefore, the foyer closet's recessed area had a higher level than the foyer floor. He said the wording of the APS did not specifically state the height of the closet. It was mute on this point. In cross-examination, Mr. Lane was asked if he felt there was any obligation on the builder to advise a purchaser that there was an obstruction in the recessed area of the foyer closet. He replied that this would be "shooting themselves in the foot" as a salesman and that the buyer had the opportunity to review the layout with their own experts. He said that the floor plan was clear to him. For example, he said that a dashed line in the garage near the foyer closet indicated to him that there would be strapping and insulation behind the mirrored doors off the foyer, and the "X" in the foyer closet area indicated that the height of the closet would vary with the height of the garage.

Mr. Lane reviewed a number of reasons why the furnace could not be located in the area originally set out in the floor plan, referring to the letter of a mechanical contractor (Exhibit 4, Tab 8) and the letter from a professional engineer. (Exhibit 4, Tab 11) He indicated that the ventilation ductwork would have large, boxed-in pipes that would greatly restrict the use of the ground floor area. He said the relocation was done at no cost to the Applicants and that the enclosure of the furnace and hot water tank was like a sliding door closet in the finished room. He referred to the Program's Builder Bulletin No. 22 which indicated that a 2% variance in unit area was within the Program's acceptable standards, and he testified that the walled-in area accommodating the furnace and hot water heater was less than 2% of the unit's area.

Mr. Lane stated that the builder was not aware that the Applicants intended to have their contractor renovate the basement and first learned of this while the Applicant's contractor was

doing the work. He said that the builder knew that the Applicants were “unhappy” with the builder’s relocation plan but that the Applicants were given an opportunity to withdraw completely from the purchase, and in spite of this they proceeded.

FACTS FOUND PROVEN:

Based upon the evidence presented to the Tribunal, the following are facts found proven in this matter.

1. The Applicants took possession of their home on February 26, 1998 and immediately thereafter had their contractor start renovating the ground floor (basement level).
2. Schedule “D” to the Agreement of Purchase and Sale is a diagram of the floor plan of the Applicant’s home. The Ground Floor shows a foyer with mirrored doors and a recessed area behind the mirrored doors that contains an “X” from corner to corner of the recessed area, with no other description. This recessed area is a closet. The Main Floor shows the furnace and hot water heater located near the stairs. When the builder constructed the Applicants’ home, these pieces of equipment were located in a walled in area in part of the area shown on the Schedule “D” floor plan for the Finished Room.
3. The elevation of the garage below the recessed area of the foyer closet resulted in that recessed area being approximately 1 metre above the foyer’s floor level. The recessed area could accommodate short jackets, but not full-length coats.
4. The original location of the furnace and hot water heater on the Schedule “D” floor plan would have contravened the Ontario Building Code and restricted the operation of the equipment. As a result, it was necessary for this equipment to be moved elsewhere on the ground floor. Paragraph 11 of the Agreement of Purchase and Sale provides for modifications in the construction of the home required to comply with the Ontario Building Code.
5. When the Applicants took possession of their home on February 26, 1998, they could have inhabited the unit as a home but chose to renovate the ground floor of the unit. The primary result of their renovation was to remove the contents of the washroom, replace those contents with the furnace and hot water heater and construct the finished room to the shape and size set out in Schedule “D” to the Agreement of Purchase and Sale. The Applicants renovated without notice to the builder or the Program.
6. On March 2, 1998, the Applicants sued the builder for breach of the Agreement of Purchase and Sale. The builder defended the action. On December 17, 1998, the Applicants obtained Judgment (details noted above) against the builder. The Applicants were unable to recover the funds they were entitled to under the Judgment.

7. On March 10, 2000, the Applicants notified the Program in writing that they required the Program's assistance respecting their claims against the builder.
8. On March 15, 2001, the Program issued its Decision Letter to the Applicants, denying the Applicants claims under the Act.

THE LAW:

The Act's relevant portions are:

13.(1) Every vendor of a home warrants to the owner,

(a) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
- (ii) is fit for habitation, and
- (iii) is constructed in accordance with the Ontario Building Code;

(b) that the home is free of major structural defects as defined by the regulations; and

(c) such warranties as are prescribed by the regulations.

.....

13.(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.

.....

14.(1) Where,

- (a) a person who has entered into a contract with a vendor for the provision of a home has a cause of action in damages against the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor's failure to perform the contract;
- (b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or

(c) the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, and the claim is made within four years after the warranty expires or such longer time under such conditions as are prescribed,

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

In considering the authority of the Tribunal, the Superior Court of Justice (Divisional Court) in *Gourlay v. Ontario New Home Warranty Program* (Court file no. 654/98) held that "Section 14(1) (a) of the Act is intended to protect those who contract with a vendor and suffer financial loss where the vendor/builder never completes the transaction."

The jurisdiction of the Tribunal to make an order in this matter is set out in section 16(3) of the Ontario New Home Warranties Plan Act, which states:

16(3) Where a person or owner gives notice in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and may by order direct the Corporation to take such action as the Tribunal considers the Corporation ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Corporation.

Regulation 892 to the Act states as follows:

1. In this Regulation,

.....

"major structural defect" means, for the purposes of clause 13(1)(b) of the Act, any defect in work or materials,

(a) that results in failure of the load-bearing portion of any building ...or

(b) that materially and adversely affects the use of such building for the purpose for which it was intended,

including significant damage due to soil movement, major cracks in basement walls, ...but excluding floor damage, dampness not arising from failure of a load-bearing portion of the building, ...

4.(1) Each person with a claim under the Plan shall give written notice of the claim to the Corporation.

.....

15.(2) Every vendor of a new home warrants to the owner

(a) that the home is constructed in a workmanlike manner and is free from defects in materials including windows, doors and caulking such that the building envelope of the home prevents water penetration;

.....

(d) that the home is free from violations of Ontario Building Code regulations under which the Building Permit was issued, affecting health and safety, including but not limited to fire safety, insulation, air and vapour barriers, ventilation, heating and structural adequacy; and

(e) that the home is free of major structural defects.

.....

19. Every vendor of a new home warrants to the owner that where the vendor makes a substitution with respect to an item that is referred to in the purchase agreement that is not an item that is to be selected by the purchaser, the item will be of equal or better quality than the item referred to in the purchase agreement.

APPLICATION OF LAW TO FACTS:

The onus of proof on a balance of probabilities rests upon the Applicant.

Where the purchase of a home is completed, as in the Applicants' matter now before the Tribunal, the Tribunal's jurisdiction to order a remedy for the Applicants is limited to a remedy available for a breach of a warranty provide under the Act (see the *Gourlay* case above).

Under the Act, payment out of the fund is provided under section 14(1)(b) where the owner has a cause of action against a vendor for damages resulting from a breach of warranty and section 14(1) (c) where the owner suffers damage because of a major structural defect as defined in the regulations.

The Applicant has two claims:

1. the placement of the furnace and the hot water heater on the ground floor; and
2. the absence of a full length closet off the entrance foyer.

Mr. Gallo indicated in his communications with the Program that he expected compensation for the two claims now before the Tribunal primarily because he had obtained judgment against the builder, which he could not recover from the builder. That Judgment indicated that the Applicants had a remedy against the builder in the courts; however, for the Applicants to

have a remedy before this Tribunal, the Applicants must establish their entitlement under the *Ontario New Home Warranties Plan Act*. The Tribunal can consider the Applicants' claims only on that basis, and the Tribunal's analysis of the application of the Act and Regulation 892 to the Applicants' claims follows.

1. Placement of the furnace and hot water heater

Was the builder's placement of the furnace and hot water heater a breach of warranty under the Act and Regulation?

Construction in a workmanlike manner

Section 13(1)(a)(i) of the Act provides that the vendor warrants to the owner that the home is constructed in a workmanlike manner and is free from defects in material.

The Applicants conceded that the furnace and hot water heater had to be located in a different place in the basement than the place designated in the floor plan contained in Schedule "D" to the Agreement of Purchase and Sale.

The Tribunal appreciates that the Applicants wanted this relocation to be to a different location than that selected by the builder and that the Applicants believed that the builder proceeded without due regard to the Applicants' wishes. However, The Applicants provided the Tribunal with no evidence that the builder's relocation was not done in a workmanlike manner. Indeed, the Applicants removed the evidence of the builder's work by renovating the ground floor on taking possession of the property.

The Tribunal therefore does not find that the builder's relocation of the furnace and hot water heater was a breach of the warranty under the Act to construct the home in a workmanlike manner.

Not fit for habitation

The Applicants argued that the relocation of the furnace and hot water heater was a breach of the warranty under section 13(1)(ii) "that the home,...(ii) is fit for habitation".

The evidence of Mr. Gallo is that the Applicants could have moved into the home immediately on taking possession but instead chose to have their contractor renovate the ground floor (basement level). He stated that the move into the home was delayed so that the Applicants would not be subject to the noise and dust of their contractor's work.

The builder's relocation not affecting the ability of the Applicants to occupy the home, the Tribunal finds that builder did not breach the warranty that the home is fit for habitation.

Major structural defect

The Applicants, through Mr. Gallo, stated that the builder's relocation resulted in a major structural defect by significantly reducing the size of the ground floor's finished room and thereby limiting the Applicants' use of the room.

The Applicants relied upon the warranty under section 14(1)(c) that the home is free of major structural defects. Regulation 892 defines "major structural defect. The Applicants argued that the definition applied to the builder's placement of the furnace and hot water heater. Regulation 892 defines major structural defect for the purposes of clause 13(1)(b) of the Act as "any defect in work or materials, ..(b) that materially and adversely affects the use of such building for the purposes for which it was intended...".

For this definition to apply to the Applicants' complaint, the Applicants must establish the initial requirement that the subject matter of the complaint is "any defect in work or materials". However, the subject matter of the Applicants' complaint is the builder's relocation of the furnace and hot water heater to a particular site with which they disagreed. This is not "any defect in work or materials". Accordingly, the Applicants' complaint is not covered by the warranty respecting a major structural defect under the Act.

Even were the builder's relocation of the furnace and hot water heater interpreted as a defect in work, which is not the Tribunal's interpretation, the Tribunal finds that the relocation of the furnace and hot water heater on the ground floor was not work that "materially and adversely affects the use of such building for the purpose for which it was intended." Certainly, the builder's relocation of this equipment was not what the Applicants expected under the APS, and the relocation inconvenienced the Applicants by reducing the size of the finished room. Nonetheless, the reduced finished room could be used as a finished room and the building could be used as a home.

The Tribunal finds that the Applicants have not established that builder's relocation was a defect in work or materials or that the builder's relocation materially and adversely affected the use of the building for the purposes for which it was intended. Accordingly, the builder's relocation of the furnace and hot water heater was not a major structural defect under the Act.

Not a substitution of an item for equal or better quality

Section 19 of Regulation 892 provides that "where the vendor makes a substitution with respect to an item....the item will be of equal or better quality than the item referred to in the purchase agreement".

The Applicants stated that the builder's relocation of the furnace and hot water heater was a substitution under section 19 of Regulation 892 and was a substitution that was not of equal or better quality.

The Applicants agreed that relocation of the furnace and hot water heater was needed to comply with the Ontario Building Code and that the relocation of this equipment was permitted under the APS as a necessary modification of the home's plan. The Applicants also agree that there was no change in the furnace and hot water heater. Their complaint is that the site of this equipment set out in the APS was changed and that such change breached the warranty under section 19 of Regulation 892. Section 19 of Regulation 892 states:

19. Every vendor of a new home warrants to the owner that where the vendor makes a substitution with respect to an item that is referred to in the purchase agreement that is not to be selected by the purchaser, the item will be of equal or better quality than the item referred to in the purchase agreement.

The Applicants argued that the "item" in the purchase agreement was the specific location set out in the APS for the furnace and hot water heater. When the vendor changed that location, the vendor made a substitution of that item, which required compliance with section 19 of Regulation 892. The Applicants argued the builder's relocation was not of equal or better quality than the location referred to in the APS and is a breach of the warranty set out in section 19 of Regulation 892.

The Tribunal interprets section 19 to refer to physical items, not their locations. The section refers to a substitution of an item and requires that where there is a substitution, "the item will be of equal or better quality". The use of the term "item" and the requirement that it possess "equal or better quality" implies a material thing rather than its location. The location of the furnace and hot water heater not being a material thing, the change of the location is not within the warranty set out in section 19 of Regulation 892.

Even if section 19 were interpreted to mean that a location is an item, which is not the Tribunal's interpretation, and applied to the location of the furnace and hot water heater, the Applicants conceded that a relocation had to occur. They agreed that the original location set out in the APS was contrary to the Building Code and would prevent the proper operation of the equipment. It was necessary for the builder to relocate the equipment, and the builder's relocation resulted in compliance with the Ontario Building Code and enhanced the operation of the equipment. The builder's change of location was a change resulting in a location of better quality than that originally set out in the APS. Accordingly, the substitution of location met the requirements of section 19 of Regulation 892 that the substitution be of "equal or better quality".

On the evidence before it, the Tribunal finds that the relocation of the furnace and hot water heater was not a substitution under section 19 of the Regulation and not a breach of that warranty under the Act.

Proof of Damages

The Program also argued that even if the Applicants were able to establish one of the above areas of warranty coverage under the Act, the Applicants did not provide the Tribunal with evidence that they have suffered damages as a result of the builder's relocation of the furnace and hot water heater. The builder's relocation was to a different area than that wished by the Applicants. However, the Applicants' relocation would have eliminated the ground floor (basement level) washroom. The evidence of Mr. Gallo was that the realtor, Linda Emerson, said an estimate was very difficult, but that eliminating the washroom could result in the home's value being diminished by \$5,000.00. This supports the builder's relocation decision.

The Applicants, through Mr. Gallo, testified that they expended money in renovating the ground floor upon taking possession of the home. He provided no corroboration of his statements except indirectly through reference to a Judgment of the Court against the builder, which contains no details respecting the items now before this Tribunal. Mr. Gallo testified that his direct costs respecting the relocation of the furnace and hot water heater were \$2,300.00 to move the furnace and hot water heater, \$1,100.00, for the building contractor, and \$1,800.00 for carpeting. Counsel for the Program or the Added Party did not press Mr. Gallo's statement on these figures, and the Tribunal accepts these figures as accurate. However, as stated above, the relocation of the furnace and hot water heater is not valid a warranty claim under the Act, and the Applicants may not recover these expenses under the Act.

Mitigation of damages

The Program also argued that in any event the Applicants should not recover under the Act because they had not mitigated their damages by giving the Program an opportunity to perform any remedial work found to be warranted under the Act.

The Applicants' renovations were done without notice to the Program and before the Program had issued a decision letter on the Applicants' complaint. Mr. Gallo expressed his concern that the Program was moving too slowly in resolving his concerns. He also expressed the opinion that a verbal conversation he had with Ms. Kruse of the Program prior to the Applicants' putting their claims to the Program in writing gave him the impression that the Program would not consider his claims as warranted. He decided to proceed without involving the Program, which he did by suing the builder and by immediately renovating the ground floor of the home upon taking possession. The Applicants' renovations provided the Program with no opportunity to do the work claimed by the Applicants as warranted with respect to the relocation of the furnace and hot water heater.

The Act provides the Program with an opportunity to remedy a warranty claim, and the Program would do this at no cost to the Applicants. Under section 14(3) of the Act, the Program has a right to “perform or arrange for the performance of any work in lieu of or in mitigation of damages claimed under subsection (1).” In some cases it may not be reasonable for Applicants to delay doing remedial work because delay will result in further damage to their home, such as, the interior of the home being open to rain. However, the Applicants’ complaint in the matter before the Tribunal is not that type, and the Program is entitled to rely on section 14(3) of the Act.

The Applicants immediately started renovations to the ground floor when they took possession of the home. This prevented the Program from exercising its right to arrange for the performance of any work in lieu of or in mitigation of the damages claimed by the Applicants, contrary to section 14(3) of the Act. Had the Tribunal found that the Applicants were entitled to their claim under the Act respecting relocation of the furnace and hot water heater, the Applicants’ renovation would have relieved the Program of its duty to satisfy the Applicants’ claim under the Act.

2. Foyer closet

Construction in a workmanlike manner

The Applicants argued that the construction of the foyer closet was a breach of warranty under the Act in that it was not constructed in a workmanlike manner, as required under section 13(1)(a) of the Act.

The Applicants did not object to the quality of the construction of the foyer closet. They objected that it was too small to take full-length coats. Certainly, the closet was not as large as the Applicants expected. The Tribunal has no difficulty understanding the concerns of the Applicants’ disappointment that the foyer closet was too small to accommodate full-length coats. However, the size of the closet is not a warranted matter unless it was not constructed in a workmanlike manner. There is no evidence that space for a full-length closet was available but ignored. The evidence is that the closet was built to fully occupy the space that was available to it, taking into account the height of the garage below the closet’s recessed area. There is no evidence of a defect in work or materials in the closet’s construction. Accordingly, the Tribunal finds no breach of the warranty under section 13(1)(a) the Act requiring that the foyer closet be constructed in a workmanlike manner.

Proof of Damages

There being no breach of warranty under the Act with respect to the foyer closet, it is not necessary to deal with the Program’s argument that the Applicants have shown no proof of damages resulting from the construction of the foyer closet. The Applicants felt there was a reduction in their home’s value because the closet was not full-length. There is no evidence

that the home's value was depreciated by the construction of the foyer closet. The Applicants' Judgment against the builder does not provide information on this particular point. Also, Mr. Gallo testified that the realtor he consulted said she was uncertain whether or not the height of the foyer closet changed the value of the home. Mr. Gallo provided no such evaluation to the Tribunal, and from this the Tribunal has drawn the inference that there is no difference in the value of the home based on the height of the foyer closet.

DECISION:

By virtue of authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicants' claims.

LICENCE APPEAL TRIBUNAL

Kent McClure, Chair

Victor Drevnig, Vice-Chair

RELEASED: January 31, 2002

BRIDLE LANE HOMES INC.
CASTLEMARK DEVELOPMENT INC.
FAIRMOUNT HOMES LTD.
SIPER CONSTRUCTION LIMITED

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: WILLIAM MCINTOSH, Vice-Chair

APPEARANCES:

BRIAN CAMPBELL, Counsel for Bridle Lane Homes Inc.,
Castlemark Development Inc., and Fairmount Homes Ltd., Applicants
JOSEPH BLOOMENFELD, Counsel for Siper Construction Limited,
Applicant
CAROL STREET, Counsel for the Registrar, Ontario New Home
Warranty Program, Respondent

DATES OF HEARING: January 22 and 24, 2001, February 12-16, 2001, February 28, 2001,
March 1, 2001, April 2-5, 2001, May 16-17, 2001, January 25, 2002

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from Notices of Proposal to refuse to renew registrations sent by the Registrar under the *Ontario New Home Warranties Plan Act* (the “Registrar” and “Act” respectively) to the Applicant, Bridle Lane Homes Inc. (“Bridle Lane”) dated June 27, 2000, and to the Applicant, Castlemark Development Inc. (“Castlemark”) dated June 28, 2000, and to the Applicant, Siper Construction Limited (“Siper”) dated August 10, 2000, and to the Applicant, Fairmount Homes Ltd. (“Fairmount”) dated December 20, 2000. In addition to these original Notices, the Registrar sent Supplemental Notices of Proposal dated January 31, 2001 to each of the Applicants. The Notices of Proposal and Supplemental Notices of Proposal are hereinafter referred to as the “Proposals”.

The Registrar issued the Proposals pursuant to section 8(2) of the *Ontario New Home Warranties Plan Act* R.S.O. 1990 Chapter O.31 (the “Act”).

The Applicants each filed Notices of Appeal pursuant to section 9(2) of the Act.

By Order dated January 26, 2001, the Tribunal ordered the Appeals to be heard together.

In her opening statement, counsel for the Registrar pointed out that while the hearing involved the entitlement to registration under the Act of the named Applicants, that entitlement was in large part dependent upon evidence of the past behavior of LaGuardia Construction Ltd. ("LaGuardia"). The rationale was that LaGuardia has officers and directors common to the named Applicants, and Section 7 of the Act mandates the Registrar to review the "past conduct" of those persons in coming to his determination as to the appropriateness of continued registration. Also, by a Settlement dated December 13, 1999 (the "LaGuardia settlement"), LaGuardia agreed not to seek renewal of its registration and the Registrar withdrew his Notice of Proposal against LaGuardia while retaining the right to rely upon the "claims history and any facts with respect to LaGuardia" in assessing the right to registration of related companies.

In response, counsel for the Applicants took the position that the record of LaGuardia is irrelevant to proceedings now before the Tribunal. Counsel for the Applicants argued that it was a misuse of the Tribunal's jurisdiction to impose a judgment upon the four Applicants now before the Tribunal on the basis of the actions of a separate corporate entity. They argued that LaGuardia's obligations to the Registrar should be resolved on the basis of the agreements and guarantees between LaGuardia and the Registrar and not be used as a vehicle for policing other registrants simply on the basis of interlocking directorships.

In reply, counsel for the Registrar argued that the Registrar's position with respect to the Applicants should be affected by such facts. Indeed, it is the responsibility of the Registrar to look into activities of officers and directors of registrants for it has long been recognized that such past activities are the best guide to their ongoing suitability as home builders. Additionally, it was argued that the principal purpose of the Act is consumer protection and any suggestion that the sanctity of the corporate veil should take precedence is ill founded. Otherwise, as a practical matter, builders would be allowed to "walk away" from projects, form a new company, re-register under that new name and escape liability.

LAGUARDIA:

Ms. Vassallo, an employee of the Program, testified on behalf of the Registrar. She testified that LaGuardia was first registered with the Ontario New Home Warranty Program in August of 1986. Listed as the company's principals were Frank Sinopoli, Angelo Gentile, and Romolo Doria. The usual Vendor/Builder Agreements and a Contract of Guarantee were filed. As outlined below, the Registrar entered into these agreements pursuant to the regulations as a method of assuring compliance with Act and the guarantee was to save harmless the Registrar for any amounts paid from the guarantee fund due to breaches of warranty. All three of the LaGuardia's principals were bound and have never been released from their obligations, with the exception of Mr. Doria who died and whose place was taken by his wife in 1997.

LaGuardia renewed its registration under the Act without incident through the following years. The financial statements to 1995 reveal a company in good health. Commencing in 1995, as

shown on that year's application for registration, LaGuardia began construction of 4 homes in Tecumseh and continued in 1996 with an additional 35. These are the only years LaGuardia indicated for construction outside of Richmond Hill.

In 1996, the Registrar's underwriting department wrote Mr. Gentile at LaGuardia indicating that the required financial statements had not been received. He was told that to proceed with the renewal of registration, these financial statements would have to be reviewed along with the statements of net worth underpinning the guarantees. Also, a creditworthiness assessment was carried out on LaGuardia. That assessment revealed there was not sufficient underlying security for the homes being built. The assets of the guarantors as set forth in the statements of net worth support the guarantees. Insufficient assets requires a builder to post a security deposit with the Program on the issuance of each building certificate to safeguard the fund against the increased risk of warranty claims. The security deposit (usually \$5,000 per new unit) is returned to the builder upon expiry of the warranty in the absence of any warranty claim. A rolling account is thereby established with the Program. Security deposits are received upon enrolment of units and redeemed upon their completion.

The failure of LaGuardia to provide financial information required under the Act resulted in further risk assessments being carried out, one in April and one in May of 1998. The result, based mainly on the diminishing value of the net worth behind the various guarantors of the company, was a risk assessment requiring the imposition of a \$5,000.00 security deposit for each new home. Concerns were expressed to Mr. Gentile in a letter of May 8, 1998. Those concerns were:

- insufficient equity to cover total units under risk,
- an unfavorable credit rating from a rating agency,
- an increase in the number of homes being built,
- previous claim history, and
- below average after sales history commencing in 1997.

LaGuardia was asked for security deposits in the amount of \$120,000.00 to be received by May 22, 1998 for 24 enrolments. In cross-examination, this figure was admitted to be overstated, the correct figure being \$95,000.00. These concerns with LaGuardia were never solved to the satisfaction of the Program. Later, resolution of these LaGuardia problems was put on the Applicant Fairmount in a letter of January 29, 1999 as a condition of that company's continued registration. These conditions were agreed to by Angelo Gentile, Frank Sinopoli, Dominic Sinopoli and Mrs. Doria.

As nothing satisfactory transpired, a Notice of Proposal of June 12, 1998 was served on LaGuardia. A Supplementary Notice was issued October 21, 1998 adding grounds for failure to comply with conciliation reports and failure to diligently perform the tasks required under the Vendor/Builder agreement, being a breach of subsection 3 of Regulation 894. A further Supplementary Notice was issued January 8, 1999. Still another Supplementary Notice was issued on February 11, 1999 adding grounds of lack of technical proficiency.

The Tribunal was given a corporate history of the Applicants and there interrelationships as follows:

BRIDLE LANE:

Bridle Lane was first registered under the Act on August 10, 1994. The Application required a listing of persons with ownership interests in the company. The three principals were:

Frank Sinopoli
Angelo Gentile
Romolo Doria

The required Guarantee was filed September 14, 1994 listing as guarantors:

Frank Sinopoli
Angelo Gentile
Romolo Doria

The Vendor/Builder Agreement, required by the Regulation, was filed August 18, 1994. It was signed by Angelo Gentile, President, and Romolo Doria, Vice-President. A guarantee for Bridle Lane was executed by LaGuardia Construction and signed by Angelo Gentile. As well, a guarantee was signed by all three principals.

Registration was renewed in 1995 showing Angelo Gentile as President. Registration was renewed in 1996 showing Angelo Gentile as President. In the places on that Application form for indicating enclosure of financial statements, there is the notation, "July 3 in progress" and for Statements of Net Worth, "to follow if requested". Registration was renewed in 1997 showing Angelo Gentile as President. Marked as enclosed were the 1995 financial statements and statements of Personal Net Worth. Registration was renewed in 1998 showing Angelo Gentile as President.

In May, 1998, the Registrar carried out a risk assessment. This assessment was carried out with the three principals personally and LaGuardia as guarantors. The equity underlying the guarantee of LaGuardia was discounted to zero for being outdated. The result was an underlying "investment per unit" of \$11,857.00 or a "financial score" of 15. The financial score combined with other criteria resulted in a "total score" of 59. This score is an "average risk" and resulted in a requirement of \$5,000.00 per unit as security. This information was communicated to Bridle Lane by letter of July 2, 1998. There followed a letter of July 15, 1998 demanding security of \$5,000.00 for each of 7 homes. As there was no satisfactory answer to these demands, a Notice of Proposal was issued dated July 24, 1998. As pointed out by Ms. Vassallo, the underwriting witness employed by the Program, the real negative in the risk assessment of Bridle Lane was the underlying financial fragility of one of the guarantors, LaGuardia. As of the summer of 1998, there was in reserve at the Program \$11,000 against claims and 15 chargeable conciliations for 286 enrollments.

The Registrar by letter of February 12, 1999 agreed to allow the 1998 registration of Bridle Lane to continue on certain conditions. These included provision of updated financials and net worth statements along with the security deposits required for new and existing homes in the Windsor area.

These events also gave rise to a new risk assessment dated February 2, 1999. As all net worth statements save that of Ms. Doria were outdated and therefore discounted for underwriting purposes to nil, the ratio of underlying assets to units of construction was \$9,913. This resulted in a score of 10 on the financial side of the assessment requiring a security deposit of \$5,000 per unit. The \$35,000 security demanded by the Respondent was received and the Registrar withdrew the Proposal of July 1998. The effect was that Bridle Lane was back in good standing on March 5, 1999.

As 1999 continued, however, Bridle Lane was not enrolling new houses with the Program upon the issuance of the building certificates. Nor was the Program receiving timely financial statements. The scheme whereby security for each new home would be posted upon receipt of security refunds from closings was bypassed. The Program took the position that it was not going to chase Bridle Lane for outstanding security and would instead reinstate the requirement for \$5,000 per house upon enrollment. The record shows that the last security was received by the Program on April 4, 1999. After this date, homes were being enrolled without posting security of approximately \$50,000. The Program's informal arrangement to allow the continued registration of Bridle Lane was terminated.

In January of 2000, the Program carried out a new assessment. The result of this assessment was another "below average" rating and a further requirement to post \$5,000 as security for each new unit.

Beyond this assessment, a more in depth review was carried out as to the credit worthiness of Bridle Lane. By letter dated March 2, 2000 addressed to Angelo Gentile, Bridle Lane was informed that the further investigation revealed Statements of Claim outstanding of almost \$400,000 and details were requested as to any settlements of these outstanding claims before an assessment as to ongoing registration could be undertaken.

It was the position of Bridle Lane's counsel that such credit information, gathered from a credit-reporting agency, was an inappropriate use of the Program's mandate and jurisdiction. The Program was not party to the lawsuits and there was no way of assessing the validity of the claims. Including such inchoate amounts within the financial risk assessment may overstate the actual indebtedness of Bridle Lane and understate the value of the net worth of the guarantors. As such, counsel for the Applicant argued, including this information as grounds for revocation in the January, 2001 Notice of Proposal should be deemed invalid.

The Registrar took the position that the letter of March 2, 2000 requested an explanation from Mr. Gentile, as the controlling mind of Bridle Lane, and from the other Applicants regarding these claims against the company was a request for information perfectly within the purview of

the Program in assessing the financial ability of a company to build homes with minimum risk to the homebuyer.

As to Bridle Lane's financial stability and forthrightness with the Program, the Registrar argued that there was evidence showing that Bridle Lane commenced home construction without the payment of the prescribed fee as required by Section 12 of the Act. Counsel for Bridle Lane, Castlemark, and Fairmount took the position that this was inappropriate as evidence of underlying financial instability. They also argued that any shortcomings of Bridle Lane should not serve as evidence as to the financial circumstances of Castlemark and Fairmount solely on the basis that the companies have common officers and directors. Against this, the Registrar argued that it is possible to judge the past actions of a company through its officers and directors as they are directing minds common to all of the Applicants. If the financial constraints through obligation or otherwise upon a related company were having an adverse effect upon another related company, then the protection of the public is affected.

The end result was the Notice of Proposal of June 17, 2000 and the Supplementary Notice of January 31, 2001, both stating the Registrar's position that registration of Bridle Lane under the Act should not be renewed.

The grounds relied upon by the Registrar to sustain its position under Section 7(1)(c)(i) of the Act included:

- failure to provide financial statements necessary to enable the Program to assess the financial viability of the company
- failure to provide evidence that the company had satisfactorily dealt with the claims against it, giving the Registrar reasonable concerns about the financial well being of the company, and
- failure to complete Agreements of Purchase and Sale.

Further, under Section 8(2) the Registrar alleged breaches of terms and conditions of registration, including:

- failure to enroll homes,
- failure to provide necessary corporate documents,
- failing to fulfill warranty obligations to homebuyers and failure to offer adequate explanations for not doing so,
- failure to indemnify and save harmless the Program under the Vendor Builder Agreement for losses incurred,
- high ratio of chargeable conciliations to possessions indicating poor after sales service, and
- failure to provide required security for new home starts.

In addition, pursuant to section 7(1)(c)(i) and (ii) the Registrar found that the past behaviour of Mr. Gentile, Mr. Sinpoli and Josephine Doria as officers, directors and guarantors of not only Bridle Lane but also the related companies Castlemark and LaGuardia afforded reasonable

grounds for belief that Bridle Lane would not be financially responsible or carry on business with honesty and integrity. As grounds for this assertion, the Supplementary Notice listed under LaGuardia 39 chargeable conciliations for 43 enrolments and under Bridle Lane 27 chargeable conciliations in 43 enrolments.

CASTLEMARK:

The original application for registration by Castlemark was in June 1997 as a limited company. The contact person was listed as Angelo Gentile. The sole director and principal was also Mr. Gentile. The registration form also included the association Mr. Gentile had with LaGuardia. Eighteen units of construction were listed as the year's schedule. No financial statements were furnished with this initial application. The Vendor/Builder agreements and Guarantee were filed. No security deposits were required to be posted as, according to the witness for the Program, the associated companies at the time had favourable ratings and allowed a waiver of this requirement.

In 1998, Castlemark applied for a renewal of its registration. The application had a schedule which listed the construction of 20 homes in the Tecumseh area. No financials were provided. As stated, financial statements for the company and net worth statements of the guarantors are annual requirements for continued registration. It soon became apparent that security would be required as the situation of the related company LaGuardia was deteriorating, thereby causing the underlying assets of Mr. Gentile to decrease in the Program's risk assessment. No financial statements were received although a letter requesting them was sent September 16, 1998. Risk assessments were carried out in October 1998 and in January 1999 which resulted in a letter of January 28, 1999 advising Castlemark, through Mr. Gentile, that security of \$5,000 would be required for each new enrolment.

In July 1999, Castlemark sought a renewal of registration. Its application stated that 37 homes being constructed had been sold. Mr. Gentile was the sole principal. A guarantee with the unwitnessed signature of a Mr. Lap Hin Hui accompanied the application. No net worth statement was produced. While possibly too early in the history of Castlemark for there to be sufficient chargeable conciliations against units to warrant \$5,000 security being imposed for every enrolment, in the opinion of the Program there were sufficient defects in related companies to require this of Castlemark as a term of its continued registration under the Act.

As a result of the foregoing, a Notice of Proposal was issued June 28, 2000 which listed as the grounds for refusing renewal of registration:

- refusal to submit financial statements as required,
- failure to replace an NSF cheque for enrolment fee indicating lack of financial stability,
- failure to supply underlying financial worth behind guarantees,
- the past conduct of Mr. Gentile, a guarantor and sole officer and director of Castlemark and a principal of Bridle Lane, a related company which had a record of breaches of warranty made good by the Program's guarantee fund and for which Bridle Lane has been invoiced and defaulted,

- the breaches of Bridle Lane in failing to enroll homes without paying the required fee, and
- the failure of Bridle Lane to satisfy outstanding debts.

On January 31, 2001, the Registrar issued a Supplementary Notice repeating the material complaints against Mr. Gentile save for the NSF cheque for \$5,000, which was apparently made good, and adding as grounds the past conduct of LaGuardia, a related company of which Mr. Gentile was also an officer and director. As well, the Registrar alleged poor after sales performance citing three chargeable conciliations in 35 starts, which is above the 1 in 25 ratio required to maintain the Program's "excellent" rating and to avoid the requirement to post security. The principal grounds behind the Registrar's refusal to renew Castlemark's registration is the record Mr. Gentile developed within the industry due to shortcomings of companies with which he has been involved as an officer and director.

Counsel for the parties agreed as to the breaches of warranty of the related companies LaGuardia and Bridle Lane. Accordingly, evidence was led as to warranty problems specific to Castlemark. In the Supplemental Notice served on Castlemark, there are 3 chargeable conciliations listed against the company. As well, during the hearing two additional claims were brought forth without objection.

The first witness to give evidence respecting the Castlemark record was Mr. Hanas, an Operations Manager from the Program. He spoke to two claims specific to Castlemark. Both claims were for return of deposit due to non-completion by the closing date. The amounts were \$20,000 in each case. In both instances Castlemark exercised its right to extend the closing date up to 120 days. In neither case was a new closing date specified. Both claims were determined to be valid and were paid by the Program. At the hearing there was no testimony from the Applicants regarding the ability to pay these claims. There was cross-examination on the process undertaken by the Program in determining the claims to be valid. The Tribunal did not find the cross-examination diminished Mr. Hanas' evidence, and accepts Mr. Hanas' evidence in its entirety.

The second witness to speak to the Castlemark record was another warranty representative, Mr. Blanchard. Mr. Blanchard testified in detail respecting Castlemark's warrantable claims which, in the main, remain outstanding. It is not necessary for the purposes of this decision to parse out each of those details. The evidence showed there were untoward delays by Castlemark in rectifying complaints.

There was testimony from Mr. De Felice an employee of Castlemark, who testified as to the difficulties encountered with the homes in the Windsor area. He was not familiar with the specifics of most of the complaints dealt in the testimony of Mr. Blanchard, however he was able to speak to the general problems the Applicant had in the Windsor area.

Mr. De Felice, admitted there were delays in answering some complaints. He was not personally involved to the point of knowing the company's record of chargeable conciliations to enrolments. He stated that a large part of the difficulty an "out of town" contractor can have is

the lack of an established record with the local tradesmen. Should liens or even rumours of liens begin to appear, the local trades are chary of committing to work to clean up warrantable claims. This situation can soon result in a builder being unable to complete work in a timely manner. He testified that in the Southern Ontario market there is an "invisible barrier" at London which a Toronto builder crosses at its peril. He also spoke of the differences in completion times of projects done with Windsor or "local" trades and those done with Toronto trades. As an example, he compared what a Toronto bricklayer could do in two days to that which takes one week by one hired locally. As well, he told of the difficulty with freeing up ongoing financing with so much as one lien being registered. A \$500.00 lien could hold up a \$10,000 advance. Finally, he testified that in the Windsor area there is the lure of Detroit and payment in American currency. For all of these reasons, he concluded that Castlemark's experience in Windsor appeared to put it into the same difficulties as experienced by LaGuardia and Bridle Lane.

Mr. Gentile did not testify.

FAIRMOUNT:

A Notice of Proposal to refuse the renewal of registration of Fairmount was issued December 20, 2000. The Program's grounds were the refusal to provide financial information and the past conduct of Mr. Gentile, Mr. Sinopoli and Mr. Doria as officers and directors of companies related to Fairmount. The Registrar alleged that such conduct was sufficient to render Fairmount a future unacceptable risk to consumers of new homes. The Notice of Proposal listed allegations of numerous defaults by LaGuardia, Bridle Lane and Castlemark.

A Supplementary Notice was issued January 31, 2001. The Supplementary Notice added to the past record of Bridle Lane, LaGuardia, Castlemark and Siper. As stated, the records of Bridle Lane and LaGuardia were not challenged at this hearing, and the remaining issue for argument was how those records should affect the ongoing registrations of Fairmount.

Fairmount was incorporated in January 1989 and first registered under the Act in 1989. The application for registration shows Dominic Sinopoli as the contact person and President. The corporate record shows the original Officers and Directors as Angelo Gentile, Romolo Doria (replaced after his death by his wife Josephine), Frank Sinopoli, Tony Sinopoli and Frank Fulciniti. The required Guarantee and Vendor/Builder Agreements were duly executed and filed.

The last financial documentation was the 1998 unaudited Financial Report.

Up until 1999, Fairmount was itself an "excellent" rated company requiring no posting of security for new homes.

Due to the financial difficulties that were surfacing in LaGuardia and Bridle Lane, the Program imposed a \$5,000 security requirement upon Fairmount. A notice was sent requiring security for three homes. In order to preserve Fairmount's registration, an arrangement was reached

between Dominic Sinopoli and the Program. That arrangement was reduced to writing by letter dated January 29, 1999 to Mr. Sinopoli outlining terms and conditions that were being imposed upon Fairmount. These were:

- that “the construction performance problems of a related company La Guardia are resolved to our satisfaction as soon as possible”;
- payment of the \$15,000 owing; and
- agreement to provide \$5,000 security for each new enrolment.

These terms were acknowledged by the signatures of Frank Sinopoli, Dominic Sinopoli, Angelo Gentile, and Josephine Doria.

By a letter dated February 25, 1999 to the Program, counsel for the Applicants proposed that security being held in respect of Bridle Lane and Fairmount of some \$50,000 be blanket security for the purposes of clearing up LaGuardia’s obligations. The pledge of assets by the related corporations was an attempt to solve the burden La Guardia was placing upon the others.

There was no satisfactory resolution to the ongoing difficulties, and Fairmount’s registration for 2000 became subject to the Notice of Proposal and the Supplementary Notice.

It was the position of counsel for Fairmount that there was no “logic” in canceling the registration of a company with an excellent record on the basis of the activities of another corporate registrant, regardless of the commonality of principals between them.

It was the position of counsel for the Program that the whole scheme of the Act is to allow the Registrar to make predictive assessments to prevent Fairmount becoming like the related companies, a predictable outcome based upon the evidence of the past record of the common principals.

SIPER:

Siper was first registered in 1984 with Frank Sinopoli, Elizabeth Sinopoli, and Vito Sinopoli as officers and directors, and Frank Sinopoli as President. Both Frank and Elizabeth Sinopoli appear as guarantors on the Guarantee. The Vendor/Builder Agreement dated February 9, 1984 is signed by Elizabeth Sinopoli.

Siper’s failure to enroll a home under section 12 of the Act was established through a certified copy of the offence and evidence of breaches of warranty.

There was evidence of an attempted resignation of Mr. Sinopoli from Bridle Lane to release his personal responsibility for that company. However, there was not proper documentation before the Tribunal nor explanation as to how a unilateral withdrawal from a contractual guarantee could possibly relieve the withdrawing party from his obligations under the guarantee.

Mr. Sinopoli did not testify.

Approximately halfway through this hearing, counsel submitted an agreement to shorten the hearing. By that agreement, it was not necessary that the Registrar prove the breaches of warranty against Bridle Lane and LaGuardia. As a result, counsel representing the Applicants Bridle Lane, Fairmount and Castlemark addressed in argument only the evidence regarding the latter two. Siper, being separately represented, had its counsel speak on its behalf.

The Registrar added two additional claims as grounds for his proposal. These were deposit claims. It was noted that the agreement between the Registrar and LaGuardia, set out in Exhibit 19, preserved the Registrar's right to:

“consider and rely upon LaGuadia's registration and claims history, and apply any facts with respect to LaGuardia, in assessing the right to, or any terms and condition of, new applications for registration, or applications for renewal of registration of any currently or previously related applicants or registrants.”

The Rating System:

The evidence shows that the Registrar analyses the operations of each registrant in order to determine whether an amount in the form of a security should be levied against the registrant as a contingency against future after sales warranty problems. The amount of security required varies according to the type of new home being constructed and the number of points assessed against the builder on the basis of a formula. The analysis results in a risk assessment. The amount of security can vary but cannot exceed \$10,000 per unit. The security is kept for the one-year warranty period from the date of possession, with a discretion in the Program to release it back to the builder earlier.

The basis of these risk assessments was set out in the Program's Builder Bulletin 28, effective November 15 1995. The following criteria applied in the formulation of the assessment:

- Size: the average number of possessions per year, including associated companies;
- Tenure: the number of consecutive years of registration including associated companies;
- Business and Technical skills: essentially the level of after sales performance (the figure 1 in 25 homes problem free rates an “excellent” rating); and
- Financial Information: a review of financial statements, credit rating and payment history.

These criteria are each assigned a point total.

The Program does not require securities for builders with “excellent” after sales records. However, if a registrant's risk assessment falls below a rating of 1 “chargeable conciliation” to each 25 homes built, payment of a security deposit is imposed. The amount of security

deposit is required to be submitted to the Program prior to the enrolment of a home for construction. After a registered builder receives a municipality's permission to commence construction of a home, that builder must put that home under the warranty protection of the Act. The builder does so by the process referred to as enrolment. As enrolment is a precondition to the commencement of construction, the payment of the security becomes a precondition to continued registration as a builder.

The security deposits are kept against future warranty problems and are released back to the registrant after the expiry of the one year warranty period under the Act. These payments and refunds become, in effect, a rolling account.

The required statements of net worth assure an underlying equity in the builder for the units being constructed. If an individual is a principal in more than one company, his net worth is measured against all of the companies with which he is involved; that is, his net worth is diluted. Also, if there are unsupported statements of assets, their value is discounted to zero. For example, if a real estate holding is listed as \$250,000 in value but is not supported by a valuation, the measurable worth for the purpose of assessment is nothing. On the basis of the Program's communications to applicants and registrants, registrants are, or should be, aware of these facts.

The net worth is divided by the number of units built by of the registrant and a ratio arrived at. For example in assessing the worth of Mr. Gentile's assets underlying the units of LaGuardia, that worth would be discounted by the extent of the number of assets in Bridle Lane being underwritten by those same assets. If the resulting ratio falls below a certain figure, the registrant can be called upon to provide security per unit, as a safeguard against warranty claims being filed with the Program.

The Tribunal did not hear evidence that impugned the appropriateness of the rating system.

ISSUES:

The Issue before this Tribunal is whether the Registrar erred in his decision not to renew the registration of the Applicants under the Act.

THE LAW:

Pursuant to section 8 of the Act, the Registrar may refuse to register or renew the registration of an applicant as a vendor or a builder for any reason that would disentitle the applicant to registration under section 7(1)(c) of the Act:

"8(1) Subject to section 9, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 7."

(2) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were a an applicant, or where the registrant has a record of breaches of warranties or a failure or unwillingness to complete performance of contracts or is in breach of a term or condition of the registration.

Pursuant to section 7(1)(c) of the Act, an applicant is entitled to registration by the Registrar except where having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on lawfully, honestly and with integrity:

- "7. (1) An applicant is entitled to registration by the Registrar except where,
- (a) ...;
 - (b) ...;
 - (c) the applicant is a corporation and,
 - (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or
 - (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on in accordance with law and with integrity and honesty;"

Section 7(2) sets forth the terms and conditions of registration.

7(2) A registration is subject to such terms and conditions to give effect to the purposes of this Act as are consented to by the applicant or imposed by the Tribunal or prescribed by the regulations.

The terms and conditions to which a registration is subject by 7(2) and upon which the Registrar is empowered to act by section 8(2) are laid out in section 1 of Regulation 894. The enumerated paragraphs in section 1 of Regulation 894 relevant to the present case are as follows:

3. The registrant shall diligently perform or cause to be performed all obligations imposed under the Plan and under any agreement made with the Corporation in respect of the Plan. ("Plan" means the Ontario New Home Warranties Plan")
4. The registrant shall indemnify and save harmless the Corporation and the insurers for the time being under any contract or contracts of insurance establishing the guarantee fund, from any loss which they or any of them may suffer by reason of the registrant's failure to diligently perform or cause to be performed all obligations imposed under the Plan and under any agreement made with the Corporation in respect of the Plan.
5. The registrant from time to time, at the registrant's expense furnish the Registrar with such documents relating to the Plan as the Registrar may reasonably require.
6. The registrant shall furnish the Registrar with such information relating to the registrant's financial affairs and position as the Registrar may reasonably request.

The Registrar can also look to section 7(2) of the Act to find his authority to act upon conditions of registration "consented to" by a registrant. These are found in the "Vendor Builder" agreements entered into by the Applicants and the Program. The obligations of the builder are set forth in these agreements and the assurance that these obligations will be met are separately contained in guarantee. Essentially these guarantees oblige the guarantors jointly and severally to save harmless the "fund" from any payments made to satisfy warranty claims left unsatisfied by the registrants. There can be no release from the guarantee obligations unless in writing.

Section 9 of the Act sets out the procedural requirements for an appeal from a decision of the Registrar and the jurisdiction of the Tribunal.

"9.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal."

(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection 2, the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and may substitute its opinion for that of the Registrar

A proposal carried out by the Registrar is not the final determination of the issue, however, since an Applicant can subsequently apply for registration pursuant to section 10 of the Act upon new evidence or where circumstances have changed:

"10. A further application for registration may be made upon new or other evidence or where it is clear that material circumstances have changed."

CASES:

The Tribunal was first referred to the case of *Norhome Development Inc.* 11 April 1986. In that case the Tribunal had to decide whether the Registrar acted reasonably in deciding that the past default on an obligation to the Program of one corporation could prejudice a second corporation if the two corporations had common principals. The reimbursement to the Program by the Applicant Norhome of the amounts paid out under warranty obligations of the related company was imposed as a condition of registration. Norhome took the position that despite the two companies having common officers, the new company should be judged in the absence of any activity attributable to the prior corporation. The Tribunal ruled that the record of a common officer could be taken into account by the Registrar in determining the suitability of any company with which he was or is associated despite the fact that there was no evidence

to suggest that Norhome itself was financially insecure. The Tribunal in interpreting section 7 of the Act stated:

“To protect the public trust, the legislation requires the Tribunal to look behind the corporate veil and it is clear under these provisions that in the case of a corporation the past conduct of its officers and directors may be taken into account in determining whether to grant registration.”

Counsel for the Applicants attempted to distinguish the present cases as being renewals of ongoing registrants as opposed to new applicants. In reviewing the powers granted to the Registrar under Section 8, the Tribunal sees this as a distinction without significance.

In the case of *Canario Design and Development* CRAT 14 November 1990, the Tribunal was asked to determine whether the Registrar acted reasonably in determining that the failure of a corporation to pay the amounts invoiced by the Program for past breaches of warranty provided grounds for revoking the registration of a related company. Once the Tribunal was satisfied that there was commonality of principals and a failure to make good on a financial obligation, it held in effect that the default of one could be regarded as the default of the other for purposes of determining whether the company would carry on business with integrity and honesty.

The case of *791209 Ontario Limited*, a Commercial Registration Appeal Tribunal decision of September 1992, involved a proposal of the Registrar to revoke the registration of the Applicant on the basis of the failure of a related company to honour an obligation to the Program. The Tribunal held that this default offered sufficient grounds for the Registrar to invoke his authority to refuse registration. It stated:

“We find as a fact that Michael Fiume is an officer and director of 791209 Ontario Limited and a former officer and director of 655533 Ontario Inc. We also find on the evidence that the corporation 655533 Ontario Inc. is indebted to the Ontario New Home Warranty Program in the sum of \$18,140.66 and Mr. Fiume under his Vendor and Purchaser(sic) Agreement is in default in respect of repayment. This is a fact of which Mr. Fiume is well aware and the repayment of which he and his company have consistently attempted to evade. He has demonstrated neither the honesty nor integrity expected of a builder under the Act nor the good faith required of any registrant who enters a contract with the Plan.”

In the case of *Castleguard* CRAT 1 September 1992, the Tribunal was asked to consider the question as to whether or not the Registrar should invoke his authority under Section 7 to revoke a registration in circumstances where there is a default by a company related to the Applicant to pay an amount owing the Program and a failure to carry out obligations to repair poor workmanship. The evidence in that case showed a failure to carry out repairs by the related company which resulted in the Program having to pay out of the Guarantee Fund but did not show an actual guarantee agreement signed by the common principal as stipulated in the Notice of Proposal. The Tribunal ruled in favour of the Applicant. The Program appealed. The Divisional Court reversed the Tribunal. The endorsement stated;

“The specific allegation against the Respondent raised DeJong's personal guarantee.-The Tribunal found this was not proven.

However there was substantial evidence supporting allegations that DeJong's past conduct was grounds for belief the Respondent would not honestly carry out its undertakings. Those included failure to repair, and failure to advise of DeJong's divesting himself of interest in the respondent a related company.

These matters were all fully explored at the hearing and the respondent was given a full opportunity to meet them. There was no failure of natural justice."

APPLICATION OF LAW TO FACTS:

The position of the Applicants is that the present hearing is a way to extract from them monies owing by LaGuardia and is therefore an illegitimate use of the Tribunal. The minutes of settlement referred to above allowing the record of LaGuardia into evidence should not be used to discredit the registration status of the other Applicants. Whatever monies LaGuardia owes to the Program should be sought through the Guarantors. The Applicants argued that LaGuardia's business and corporate history are irrelevant to the assessment of the other Applicants, and the past problems of Bridle Lane are not referable to the future conduct of the affairs of Fairmount, Castlemark, and Siper.

It is not disputed that there were breaches of warranty, particularly by LaGuardia and Bridle Lane, and that the pledged assets were not sufficient to indemnify the Program. Also, it can not be disputed that the Applicant companies and LaGuardia were related, with common addresses, the same persons listed in the corporate records and a commonality in their pledged assets. Also, LaGuardia agreed that the Registrar could rely on the record of LaGuardia in assessing the right to or terms of registration of future or existing related companies.

As to the Applicants' failure to file the necessary financial information, the evidence confirms the validity of these grounds stated in the Notices and Supplementary Notices. The issue is whether these omissions provide the Registrar with a "reasonable" basis to exercise his discretion in the present case. The position of the Registrar is that to protect the home buying public, the Registrar must have the ability to assess the financial viability of builders, and to do this he must have ongoing access to the registrant's financial information.

The Registrar also submits that this appeal is not an alternative debt collection forum. Instead, it is an appeal of the Registrar's decision under the Act to refuse to renew the registration of builders whose past record, in the opinion of the Registrar, shows them to be financially irresponsible. Whether a company's past record is built by officers while directing the affairs of the registrant company now under review or while directing the affairs of another or related company should not be viewed by the Tribunal as being a significant distinction.

Counsel for the Registrar stressed that the Act is consumer protection legislation. Corporations work through their officers, and it is a legitimate assumption that a bad building record in one company will translate into a similar record in a connected company with the same directing minds. The Registrar is specifically charged to assess the past conduct of a corporate registrant's officer or directors under section 7(1)(c)(ii) of the Act as to their conduct being carried out in accordance with the law and with integrity and honesty. Further, to state

that an associated company can not breach the warranties of another is correct in law, but if the officers of the defaulting and non defaulting company are common thereby having a common directing mind, it is legitimate to assume the business practices, good and bad would also be common. To assume otherwise would allow the sanctity of the corporate veil to thwart the object of consumer protection legislation. All consumer protection legislation assumes, to some degree, an unequal playing field between the consumer and the supplier of goods and services. The object of such legislation, in part, is to ensure that the supplier is ethically and financially sound, which is part of the Registrar's mandate set forth in section 7 of the Act.

Under Section 8(2) of the Act, the Registrar is empowered to disentitle a builder from continuing in business through refusal to renew registration. This depends upon the Registrar's assessment of the application of the grounds in Section 7. The Registrar when making a decision on renewal will consider the registrant's record of breaches of warranties, failure to complete contracts, breaches of terms and conditions of registration, and, if a corporate registrant, the past conduct of its officer or directors.

The breadth and detailed nature of the Registrar's authority under the Act leaves no doubt that the Legislature intended to give wide latitude to the Registrar to control the homebuilding industry.

There are breaches of the Act specific to Fairmount outside of the grounds of common directing minds which allow the Registrar to refuse to renew Fairmount's registration. These breaches are failure to produce annual financial reports and failure to provide documentation sufficient to allow the Registrar to properly assess the financial strength of the company. The Tribunal finds these alone are sufficient for the Registrar to invoke the authority invested in him under Section 8(2) of the Act.

The main thrust of the Registrar's refusal to renew the registrations of the Applicants, however, is that the past defaults of related companies with common officers and directors permit the Registrar to conclude that the Applicants are too great a future risk to the public to be allowed to continue as builders.

Counsel for the Registrar urged the Tribunal that under Southy J's ruling in *Brenner* (orally, March 1983 Divisional Court) deference must be given to the Registrar when reviewing his opinion on appeal. However, this deference cannot limit the obligation placed upon the Tribunal under section 9(4) of the Act to exercise its judgment in furtherance of the legislative intent of the Act. As Southy J stated:

"The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with the law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal"

The *Brenner* case dealt with an appeal from the *Ontario Motor Vehicle Dealers Act* which has wording similar to the Act under consideration in this appeal. Accordingly, this Tribunal must

determine whether the Registrar acted reasonably in determining that there were sufficient grounds to refuse to renew the registrations of the Applicants based upon the past records of companies with common officers and directors.

There was no strenuous argument against the proposition that corporations act through their officers and directors. There was no serious contest about the existence of interrelationships among the companies now before this Tribunal; assets of one were pledged to guarantee another, with similar directors and officers giving common/personal guarantees. There was only one type of enterprise, building houses. Even the company addresses were common. From the evidence, it is clear that the slipping fortunes of first LaGuardia and then Bridle Lane affected the risk assessments of the Applicants Fairmount, Castlemark and Siper. This, in turn, led the Program to impose security requirements before new construction could commence, which further added to the companies' problems. It is also clear from the evidence that the personal guarantees given by the common officers and directors were not honoured. Surprisingly, none of the common officers was called to testify to clarify or challenge what was being alleged against them. Counsel for Siper submitted that inherent in the agreement not to challenge the breaches of Bridle Lane and LaGuardia was the removal of the necessity of the testimony of Mr. Sinopoli and Mr. Gentile. The Tribunal finds this assertion unconvincing, given the breadth of available testimony. The failure to testify more likely suggests a fear of cross-examination.

It is clear from the evidence that despite requests of the Registrar, the proper financial documentation necessary for the Registrar to assess the degree of risk to the public, and any corresponding need for security, was not forthcoming.

The Tribunal does not accept the submissions of the Applicant's counsel that the Program may have issued the Notices of Proposal as a means of debt collection and a misuse of the Tribunal. The Tribunal was not presented with evidence which would indicate misuse of its process, and it sees no reason to question the Registrar's motive in this proceeding.

On the evidence, the Tribunal concludes that there were numerous failures on the part of the Applicants to fulfill even the fundamental obligations as registrants under the Act. The evidence of Mr. De Felice about the difficulties encountered by Toronto builders in other areas of the Province and other evidence respecting the record the Applicants shows a deterioration in the after sales performance of previously good companies. The evidence also shows a failure to provide the Registrar with information requested by the Registrar and required by the Act, Regulation, and the registrants' agreements.

There was evidence of many types of shortcomings, such as, fines for commencing homes without payment of the appropriate fee in breach of section 12, failures to provide relevant financial information to the Program and failures to make repairs.

The Tribunal wishes to stress that it is the entirety of the evidence, not individual shortcomings of the Applicants, that underlies its decision. Taken as a whole, it is clear that the principals got involved in enterprises for which they were unprepared. This resulted in a series of

manoeuvres with the Program, trying to keep a step ahead of the inevitable discovery that their record as builders was coming unstuck. A great deal of time and resources of the Program was spent in assessing and corresponding with the principals, to little avail. The principals did not testify at the hearing. What the Applicants, in the end, were left with was their argument that the Program should be limited to viewing the obligations of the companies as separate and distinct from the principals. This position, assiduously argued by counsel, had to overcome the fact obvious to the Tribunal that any such treatment would undermine the ability of the Program to carry out its oversight function.

The Tribunal was faced throughout this hearing with the balance between the principle of limited corporations as discrete legal entities having separate and distinct rights and responsibilities in law and the Registrar's obligations under legislation enacted to regulate an industry. The Applicants in this case submitted that the Tribunal should respect the principle of distinct corporate entities to the point that the past activities of one corporation should not be taken into consideration when deciding the continued registration of another corporation even though the two are related through common officers and directors. The Act clearly mandates the Registrar to examine and adjudge the past conduct of officers and directors of companies engaged in the home building industry when considering whether the companies should remain registered or not. It is this power to allow or disallow registration under the Act that underpins the Regulator's ability to carry out the overall scheme of the Act to protect the consumer of new homes. It was the position of the Program that this power must extend to related companies or the regulatory scheme would be easily circumvented by defaulting builders. The Tribunal agrees with the Registrar's position.

DECISION AND ORDER:

Subsequent to the close of the case but prior to the issuance of the decision, the parties in these proceedings came to an agreement as to the disposition of the matter with respect to the Applicants Bridle Lane Homes Inc., Fairmount Homes Ltd., and Siper Construction Limited. The Tribunal was asked to render its decision respecting the Applicants in accordance with this agreement.

While resolutions of matters directly between parties is encouraged it has to be remembered that the Act is consumer protection legislation. Accordingly, to discharge its oversight function the Tribunal instructed the parties to make submissions to satisfy it that the public interest was protected by their agreement. The Minutes of Settlement were forwarded.

In essence it was the position of the parties that the Tribunal should render its decision on the evidence with regard to the Applicant Castlemark only and that the Minutes of Settlement be adopted with the other Applicants.

The Minutes of Settlement set forth a plan whereby the security provided by Fairmount and Siper be applied by the Program against the debt owed by LaGuardia and Bridle Lane. Bridle Lane's registration is to be terminated pursuant to the Notice of Proposal of June 27, 2000

and the Supplementary Notice of Proposal of January 31, 2001. The debts to the date of settlement have been satisfied and both Fairmount and Siper have agreed as a term of their continued registration up to and including February 2003 to continue to provide security of \$5,000 for each new enrolment as blanket security for additional payments out of the compensation fund. As well, the Program retains the right to revoke the registration of Siper and Fairmount should there be a default in the obligations. Finally, in any future actions by the Program against Siper and Fairmount the Program retains the right to rely upon evidence of past conduct by the officers of Siper and Fairmount and the prior registrants LaGuardia and Bridle Lane. It is the position of the Program that by this arrangement the officers and directors of the two companies have acknowledged and have accepted the past and continuing responsibilities of their corporations.

The Program put forth the additional argument that to revoke the registrations of Siper and Fairmount at this time would raise unnecessary disruption in the construction schedules of the homes they have are currently building.

The Tribunal having read the Minutes of Settlement and listened to submissions by counsel agrees that the public interest is adequately protected by the agreement reached between the parties. The Minutes of Settlement are attached to this decision.

NOW, THEREFORE, pursuant to the authority under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal makes the following Order:

1. The proceedings in this matter with respect to the Applicants Bridle Lane Homes Inc., Fairmount Homes Ltd., and Siper Construction Limited are concluded and disposed of on the basis of the terms set out in the Minutes of Settlement attached to this decision and marked as Schedule "A";
2. The Registrar is directed to carry out his proposal to refuse registration of Castlemark Developments Inc. as a builder under the *Ontario New Home Warranties Plan Act*.

LICENCE APPEAL TRIBUNAL

William McIntosh, Vice-Chair

RELEASED: February 20, 2002

McLAREN, DAVID LARRY

DAVID LARRY McLAREN

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: BRIAN K. MAROTTA, Vice-Chair

APPEARANCES:

JAMES R. MCINTOSH, Counsel representing the Applicant
KAREN JONES, Counsel representing the Ontario New Home Warranty
Program

DATES OF

HEARING: March 19 and 20, 2001

Sudbury

REASONS FOR RULING

WHEREAS the Applicant had appealed to the Licence Appeal Tribunal from a written Decision of the Respondent dated August 8, 2000 and supplementary Decision letter dated September 28, 2000;

AND WHEREAS the matter was heard in Sudbury, Ontario, on March 19 and March 20, 2001;

AND WHEREAS at the conclusion of the hearing, the Respondent brought a Motion to dismiss the Applicant's appeal on the basis that the warranty period under the *Ontario New Home Warranties Plan Act* had expired prior to the Applicant making a claim under that Act;

AND WHEREAS the Respondent's Motion was allowed;

AND WHEREAS the Honourable Justice R. G. S. Delfrate made an Order on November 8, 2001 that the matter be returned to the Licence Appeal Tribunal for determination as to:

- (a) whether the deficiencies forming the subject matter of the Applicant's claim under Section 14 of the *Ontario New Home Warranties Plan Act* made June 29, 1999, constitute a continuation of the major structural defect reported in writing to the Respondent on August 23, 1995, and;
- (b) the quantum of compensation to which the Applicant is entitled, if any.

AND WHEREAS the Tribunal had reviewed the oral and documentary evidence provided by the parties at the hearing, and the Tribunal on the basis of that evidence released its Ruling on January 11, 2002.

AND WHEREAS the Tribunal was requested to provide reasons for its Ruling, the Reasons follow:

Continuation of Major Structural Defect

The previous owner of the property had submitted a proof of claim on August 23, 1995, well within the warranty period. The complaint included two major cracks in the basement walls, directly opposite each other, cracks in the brick work and cracks on the inside of the house on the walls and ceiling. The Program observed the two major cracks extending below grade as well as extensive cracking in the brick above. They also noted the interior cracks and shifted windows above the damaged brick. The Program ordered the builder to repair the premises and the repairs were completed by February 1997. The repairs to the exterior of the building consisted of repointing the brick and digging and placing hydraulic cement at the crack lines. There was no soil testing done nor any significant inspection of the footings or the foundation, aside from the areas directly below the visible cracks.

In June 1999, the present owner of the residence wrote to the Program indicating a significant number of complaints as follows:

1. A ridge had developed in the floor of the master bedroom.
2. One side of the bathroom floor in the ensuite had sunk.
3. The bathroom doors were out of plumb.
4. The main entrance door had separated from the brick work.
5. The mud room window had separated from the brick.
6. There was a crack in the foundation under the deck.
7. There was a crack in the foundation under the basement window.
8. There were cracks in bricks under the master bedroom window.
9. There were cracks in bricks under the bathroom window.
10. A crack had developed in the block foundation on the southeast side of the house.
11. The cracks that were repaired on the east and west sides of the home had reopened.
12. There was a stress crack in the roof of the house.
13. The windows in the master bedroom and basement bedroom were off level.
14. There was a buckle in the drywall in the dining room.
15. The windows in the bedrooms on the east side have started to separate from the brick work.
16. The patio door was separating from the brick work.

As a result of the owner's complaints, Mr. Kevin Blacklock, a warranty representative visited the premises in August 1999. He did not, however, issue any written report. Mr. Dennis

Faubert, on behalf of the Program, attended the site to view the claims on February 16, 2000 and revisited the site with an Engineer, Mr. Tibor Pal, P. Eng., on April 13, 2000.

As the result of the inspections, Mr. Tibor Pal wrote to Mr. Faubert with his findings on April 25, 2000 and listed the conditions which he observed. Most of the conditions observed were as indicated by the homeowner with the exception of some which could not be viewed because of snow cover. Mr. Pal concluded, however, by saying that it appeared that most of the movement had occurred between 1991 to 1996 and the resulting damages were repaired. He classified the movement at the areas which were repaired as small and resulting in only minor damages which did not result in the failure of load bearing elements or make the house unusable.

Mr. Faubert's Inspection Report of August 4, 2000 addresses the complaints of the homeowner and appear to attempt to minimize those complaints and to give conclusions without providing supporting facts for arriving at those conclusions.

In correspondence from the homeowner to Mr. Faubert on October 11, 2000 and in his evidence given at the hearing, the homeowner pointed out a number of deficiencies and matters overlooked in Mr. Faubert's report. Some of the items included, that the ridge in the master bedroom extended nearly all the way across the floor and not just three feet as indicated in the Report. In addition, the Report cited that the homeowner had constructed the wall under the ridge when in fact the wall was constructed by the builder. Mr. Faubert had stated that the homeowner said that there had been no water penetration into the basement when there had been. The Report had indicated that the sliding bedroom windows on the west side of the home opened without force and there had been no water penetration whereas the evidence was that the windows were casement windows located on the east side of the home and that the homeowner had not been asked about water penetration. The Tribunal prefers to accept the evidence of the homeowner where there is a conflict between statements in the Report and the evidence of the homeowner.

On cross examination, Mr. Faubert opined that the lack of cracks in the drywall indicated to him that there was no significant movement and that no major structural defect existed. He stated that a one inch slope in four feet distance in the master bedroom was not significant. He did not consider the safety aspect. When asked if it is possible that the skeleton of the house could draw back from the brick veneer without causing cracking in the drywall, he acknowledged it could be possible but he had not seen it in his experience although he admitted that may be an explanation respecting this home. He did not go under the deck to examine the crack in the foundation. He did not measure the cracks in the bricks and said that he could not argue with Mr. Netherton's measurements. He reviewed the original notes of the complaints in 1995, but there were apparently no measurements or photographs taken at that time. The Program had addressed the complaints of cracks and had not looked any further. Mr. Faubert stated that when he attended the residence with Mr. Pal, the cracks were "eyeballed" because they were only looking for large cracks or distortions. The Program had taken no measurements in 1995 and had no accurate measurements now. There had been some separation in the cracks that were repaired in 1995, however, he considered it as minor.

It was accepted as a major structural defect in 1995. He said that he hired Mr. Pal to review the matter, and to deal with certain things that he could not explain.

Mr. Pal stated that he had gone through each of the homeowner's complaints when he attended on one occasion at the residence on April 13, 2000. Generally, he had the same observations as Mr. Faubert. He viewed the cracks that had been repaired prior in the east and west wall, but did not take any measurements of them. He noticed that there had been separation from the original repair but did not think it was significant. Because the width of the separation from the original repairs was not as wide as the original repairs he came to the conclusion that most of the settlement had taken place before the repairs were made. He also opined that the rate of settlement had decreased considerably and was close to coming to a period of equilibrium. He noted that Mr. Netherton's measurements of the width of the cracks were wider than his estimates and acknowledged that Mr. Netherton's measurements would be more accurate.

Mr. Pal disagreed with Mr. Netherton's opinion that as the house settled the load was redistributed to the beam running east and west and that the southeast corner was lifting. Mr. Pal thought that the post had not settled at the same rate as the southeast corner so that beam was carrying more load and creating the ridge across the bedroom floor. Mr. Pal stated that some settlement was normal and he disagreed with the anchor method proposed by Mr. Netherton. It was his opinion that the anchors would put additional strain on the inside of the foundation walls and could possibly fail. He did not think that the block foundation walls were strong enough to resist both the soil pressure and the screw anchors additional load. He did not present any evidence to support his conclusion. He stated that normal settlement is not a major structural defect if the settlement does not affect a load bearing structure and that settlement of foundations themselves do not indicate failure of a load bearing structure.

On cross examination, Mr. Pal acknowledged that there were no tests or measurements done in 1995. He had only visited the residence on one occasion and had "eyeballed" measurements except for levels taken by instrument. He did not go under the deck to examine the crack in the foundation and made his estimate of the width from a distance of approximately twelve feet or more. He never examined the footings or the sub soil and took no soil tests. He does not know the soil composition or the conditions on which the foundation was built. He agreed the southeast corner had settled four and one quarter inches. He estimated the movement from what was repaired in 1995 to the condition that existed in 2000. He admitted that to measure movement it would be more accurate to take measurements at different times at precisely the same location and that he had not done that. A drop of four and one quarter inches is indicative of footing settling and settlement has occurred at different rates at different locations but that this was not a concern until it affected load bearing elements. He felt that his one visit was enough for him to form an opinion as to whether the house had achieved equilibrium. His opinion regarding the movement at the southeast corner was based upon his experience.

He rejected the Helical Pier system proposed by Mr. Netherton as being unnecessary. In his opinion, the structure was already in a position where it is moving very little and, therefore, it is

not necessary to stabilize the house. In Mr. Pal's opinion the movement would soon cease and then the bricks could be removed and replaced at a lot less cost. He did not offer any further information regarding repair or cost as he was not retained to comment on corrective measures and that is why there was no method of repair or costs included in his Report.

Mr. Pal admitted that four and one quarter inch settlement is excessive and more than acceptable but maintained that it had not resulted in failure of a load bearing element. He stated that the footing was a load bearing element and the walls and the concrete slab had followed the footing down, but the settlement occurred below the footing. He could have provided additional information on how the structure has behaved if he had gone back again at a later interval, however he was not asked to do so.

The homeowners witness was Dennis Netherton, P. Eng. Mr. Netherton attended at the homeowners residence on three different occasions, took soil samples, photographs and precise measurements. Some of the items commented on by Mr. Netherton were that the ridge in the bedroom floor is nine feet long and not three feet as in the Program's report. The Building Code provides for a movement of one part in one hundred and eighty and the movement in this area is one in twenty-five. His measurements of the bathroom floor showed ongoing settlement. The slope in the bathroom floor is one part in forty-eight whereas the Building Code allows for one part in one hundred and eighty. He used calibrated instruments in reaching his conclusions. He noted that the southeast corner of the house had settled four and one quarter inches. He could not state how much of that settlement occurred after the repairs but assumed that it was significant considering the length of time since the repairs were completed. The cracks that were repaired in the house foundation were not visible when the homeowner purchased the house in 1997, but were clearly visible by 1999, along with other new cracks. This evidences that the settlement is ongoing. The new crack under the deck in the foundation was one quarter inch wide which indicates there has to have been substantial settlement. He compared the elevation of the southeast corner with the estimates made by the Program on April 13, 2000 and there had been one quarter to one half inch movement since that time. He disagreed with the Program that the lack of cracks in the drywall itself was meaningful. In his opinion, the skeleton of the house was drawing away from the brick veneer facia and the windows were separating from the frames, rather than causing cracks in the drywall. He admitted that usually there is faster settlement at first and then it tapers off, but in the present situation his measurements indicated significant and ongoing settling. His inspection of the doors disclosed that the lock bolts no longer fit into the holes in the door jam demonstrating notable movement. He said it was difficult to give an accurate evaluation of the movement since the repairs were completed in 1995 because of the lack of information from that time. However, along with the new cracks which have appeared, by calculating the width of the fill in the old cracks and the distance which they have widened, he stated that there has been 35% more movement since the repairs were completed.

The conclusions of Mr. Netherton were that there was significant continued movement due to lack of adequate footing area and inadequate support from the foundation. The ongoing movement was due to the fact that the original repairs were not adequate. The original repairs were only cosmetic and did not address the actual cause of the problem. The items already

mentioned along with the buckling on the south side of the roof was consistent with his findings that additional significant distress in the structure would result if correct repairs were not made. The repairs made by the Program in 1995 were carried out in the wrong location and in an incorrect manner. The repairs corrected temporarily the effect of the problem but not its cause or location. Failure to recognize and correct the cause of the damage has resulted in significant new damage and in a failure of the load bearing portions of the house.

The evidence of Mr. Netherton was detailed, factual and based upon carefully calibrated measurements made over a period of time and a series of inspections at the residence. The Tribunal accepts Mr. Netherton's findings, opinions and conclusions in its finding that the deficiencies forming the subject matter of the Applicant's claim made June 29, 1999 constitute a continuation of the major structural defect reported on August 23, 1995.

Quantum of Damages

There was a full hearing of this matter and both parties had the opportunity to put forth any evidence they wished the Tribunal to consider, including the method of repair and quantum of damages, if they so chose. Aside from a brief reference by Mr. Pal that it could be done cheaper than the method recommended by Mr. Netherton and that he disagreed with the method proposed, there was little evidence given on costs or remedy by the Program.

Mr. Netherton provided a detailed list of the costs to rectify the deficiencies and install an anchor method to prevent further movement on the house. The cost estimated presented was \$76,903.30, plus applicable taxes. To that amount a contingency of 35% was added to bring the total to \$103,819.46 plus taxes. The Tribunal notes that the usual contingency is between 10% to 15% and considers a contingency of 35% to be excessive. Considering the nature of the problem, the Tribunal has allowed a contingency of 15% to bring the quantum of compensation to \$88,438.80 plus applicable taxes.

LICENCE APPEAL TRIBUNAL

Released: February 25, 2002

BAHRAMI, AFSHIN S.

MOTOR VEHICLE DEALERS ACT
Revised Statutes of Ontario 1990, Chapter M.42

IN THE MATTER OF
AFSHIN S. BAHRAMI

AND IN THE MATTER of the PROPOSAL by
the Registrar, *Motor Vehicle Dealers Act*
TO REFUSE REGISTRATION
- Proposal dated: January 4, 2002

AND IN THE MATTER of a requirement for a hearing respecting the said Proposal

AFSHIN S. BAHRAMI

Applicant

- and -

REGISTRAR, *MOTOR VEHICLE DEALERS ACT*

Respondent

CONSENT ORDER

Upon the application to the Tribunal by Afshin S. Bahrami, Applicant, and the Registrar under the *Motor Vehicle Dealers Act* for issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act* R.S.O. 1990, chapter S.22; and

Having reviewed the written settlement signed by the Applicant and the Registrar under the *Motor Vehicle Dealers Act* as to the disposition of these proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of without a hearing on the basis of the terms set out in the said Schedule "A".

LICENCE APPEAL TRIBUNAL

Pursuant to subsection 5(2) of the *Motor Vehicle Dealers Act* Afshin Shan Bahrami (hereinafter referred to as "the Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the *Statutory Powers Procedure Act*, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees not to be involved in the process of buying, selling or leasing motor vehicles without the benefit of registration.
2. The Applicant agrees to provide full and complete disclosure on all future applications and discussions with the Registrar, regardless of whether disclosure has been previously provided to the Registrar.
3. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
4. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
5. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
6. The Applicant will provide a copy of this order to his employer forthwith.
7. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
8. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
9. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of _____ 2002.

Afshin Bahrami (signature)

These Terms and Conditions are accepted by the Registrar, *Motor Vehicle Dealers Act*.

LUNENBURG AUTO SALES

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: JEAN-MARC LEFEBVRE, Q.C.,
VICE-CHAIR

APPEARANCES: KIM BEINTEMA,
Representative for the Registrar of Motor Vehicles

VINCE M. CHAISSON
Agent for LUNENBURG AUTO SALES, Applicant
failed to attend the hearing or to send a representative

DATE OF HEARING: January 30, 2002

DECISION RELEASED: February 1, 2002 Ottawa

REASONS FOR DECISION

A hearing was held on January 30, 2002, at Ottawa, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Vince M. Chaisson/Lunenburg Auto Sales (the "Applicant")
Motor Vehicle:	1990 GMC Sierra Pickup (the "vehicle")
Date of Appeal:	January 10, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on January 30, 2002 and proceeded as an oral hearing because the Applicant had requested an oral (in person) hearing before the Tribunal when his/its appeal form was filed with the Tribunal.

The Tribunal asked the agent representing the Ministry of Transportation if the Ministry wished to make any submissions prior to the Tribunal commencing the hearing.

A request was made for a ruling as to the fact that the Applicant had failed to attend the hearing scheduled before this Tribunal and had failed to send a representative to this hearing.

The Tribunal made its ruling on the preliminary issue in question and determined that the appointed hour set for the hearing had come and gone. The Tribunal waited at least an extra one-half hour. The Applicant failed to attend and failed to send a representative to the hearing. No explanatory telephone call or letter was received by the Tribunal.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal read the evidence given in support of the Applicant's position, in the form of a notice of Appeal accompanied by the Applicant's written submissions. The Tribunal read the materials and submissions of the Respondent, reviewed the evidence filed by the Respondent and heard the oral submissions of the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Lunenburg Auto Sales
18 Couty Road
P.O. Box 9
Lunenburg, Ontario, K0C 1R0
(613) 936-9900
(613) 361-0056

January 7, 2002

To whom it may concern

I, Vince Chaisson, owner of Lunenburg Auto Sales, and the 1991 GMC pickup VIN # 2GTEK19K7L1517864 currently impounded. I wish to explain my position on the situation, appeal the impound order and reclaim my property.

On December 28, 2001 at approximately 11:45 p.m. my vehicle was stopped by a routine check by the Cornwall Police Department on Water St. East in Cornwall. At the time vehicle was in the possession of Daniel Shaver an employee of my company Lunenburg Auto Sales. The vehicle was licensed and Mr. Shaver had permission to use it. Due to the fact that Mr. Shaver had been drinking the night of the incident, his friend, Mr. Craig Currier offered to drive. Mr. Shaver had no reason to question whether Mr. Currier was legally licensed to drive. When the vehicle was stopped by the police it was determined that Mr. Currier's license was under

suspension, the vehicle was seized and impounded. Prior to this incident, the vehicle had been safetied and certified on December 20, 2001.

Mr. Donald Bower gave my salesman Jim McKee a \$500.00 cash deposit on December 28, 2001 to purchase the truck and agreed to pay the balance owing the first week of January 2002. Mr. Bower has since been made aware of the situation and would still like to complete the purchase, if we can resolve this problem and get the truck back within a reasonable time frame, or the deal will be cancelled and Mr. McKee will lose his commission.

I have attached a copy of the safety inspection certificate a copy of the bill of sale to Mr. Bower and the vehicle registration. I can only hope that poor judgment during the holiday season on the part of my employee won't cause me to lose not only the sale of the vehicle, and a good customer, as well as incur extra expenses for towing and storage, and Mr. McKee to lose income through no fault of our own.

Thank you for your consideration

Vince Chaisson

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Mr. Craig C. Currier;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until October 15, 2004.

The Respondent made the following submissions:

1. The Applicant did not, on the evidence before the tribunal in the form of a written statement of the Applicant attached to his/its notice of Appeal, discharge the onus of due diligence. No attempt whatsoever was made by the owner of the vehicle to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension.

In fact the driver of the motor vehicle was a driver whose licence was under suspension under the Ontario *Highway Traffic Act*, pursuant to a conviction under the sections of the *Criminal Code of Canada* contemplated by the Act.

2. Under Ontario Regulation 632/98, the owner has the onus of establishing that he/it has satisfied the cumulative requirements of Section 22 (3) (a), (b), (c) and (d) (i) and (ii). Nothing in the submissions of the applicant establishes that any particular person has been or is ordinarily transported by this motor vehicle. Furthermore the ultimate prospective purchaser of the vehicle has professed a continued interest in acquiring the vehicle. The reference to the possibility that the salesman might be deprived of his commission if the proposed sale falls through is not really relevant in this case and is certainly not the type of financial hardship criteria contemplated by the Regulation under Subsections 22 (2) (b) or (3) (b) and (c).

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Based upon the evidence and submissions before this tribunal as outlined above, this Tribunal agrees entirely with the representations of the Respondent. All of the representations are factual and the analysis of the facts and of the law as submitted and listed by the Respondent as outlined herein are accepted without question as being correct in all respects. No attempt whatsoever was made by the owner of the vehicle to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension. In fact the driver of the motor vehicle was a driver whose licence was under suspension under the Ontario *Highway Traffic Act*, pursuant to a conviction under the sections of the *Criminal Code of Canada* contemplated by the Act.

Nothing in the submissions of the applicant establishes that any particular person has been or is ordinarily transported by this motor vehicle. Furthermore the ultimate prospective purchaser of the vehicle has professed a continued interest in acquiring the vehicle. The reference to the possibility that the salesman might be deprived of his commission if the proposed sale falls through is not really relevant in this case and is certainly not the type of financial hardship criteria contemplated by the Regulation under section 22 (2) (b) or (3) (b) and (c).

The Applicant has failed to discharge the onus upon him/it and his/its appeal must fail.

COSTS:

The Respondent seeks its costs in this appeal, on the basis that the Applicant has acted unreasonably in failing to attend the hearing or to send a representative and in failing to contact the Tribunal and the Ministry.

The file was reviewed and it was ascertained that the Applicant had notice of the hearing. The Tribunal waited for the Applicant for one-half hour. The hearing was then entertained by the Tribunal in the absence of the Applicant and evidence was received.

Section 14 of the Licence Appeal Tribunal Rules of Practice as amended provides that where a party believes that another party has acted unreasonably in a proceedings, that party may make a request for costs, which request shall be made with notice to all other parties to the proceedings and prior to the release by the Tribunal of its final order in the proceedings.

Rule 14 of the Licence Appeal Tribunal Rules of Practice provides as follows:

14. COSTS

14.1 Where a party believes that another party in proceedings before the Tribunal has acted unreasonably, frivolously, vexatiously, or in bad faith, that party may make a request to the Tribunal for costs, which request shall be made with notice to all other parties to the proceedings and prior to the release by the Tribunal of its final order in the proceedings.

14.2 The Tribunal in determining whether a party has acted unreasonably, frivolously, vexatiously, or in bad faith shall consider all of the circumstances, including, without limiting the generality of the foregoing, circumstances such as a party:

- (a) failing to attend a hearing before the Tribunal or to send a representative when properly given notice, without contacting the Tribunal and other parties to the hearing;
- (b) failing to comply in a timely manner with a procedural order or direction of the Tribunal where the result therefrom is undue prejudice or delay to another party or parties in the proceedings before the Tribunal;
- (c) failure to comply in a timely manner with the disclosure requirements set out in the Tribunal's Rules of Practice, including, without limiting the generality of the foregoing, the disclosure requirements respecting documents, particulars, or constitutional issues; or
- (d) knowingly presenting false or misleading evidence.

14.3 Where the Tribunal finds that a party has acted unreasonably, frivolously, vexatiously, or in bad faith, the Tribunal may order that party pay the costs of another party or parties to the proceedings subject to Rule 14.4 respecting the amount of costs that may be ordered by the Tribunal panel.

14.4 Where the Tribunal determines that an order for costs may be made under Rule 14.3,

- (1) the Tribunal when determining the appropriate award of costs shall consider all the circumstances, including without limiting the generality of the foregoing, factors such as the seriousness of the misconduct, the amount of

costs incurred by the party requesting costs, or the conduct of the party requesting costs; and

- (2) the amount of costs shall not exceed,
 - (a) where the Tribunal has not commenced a hearing, the sum of \$400.00; or
 - (b) where the Tribunal has commenced a hearing, the sum of \$800.00 multiplied by the number of days that the Tribunal conducts a hearing of the matter, with any part day being considered a full day for the purpose of this calculation of costs.

The Tribunal has considered the submissions made by the Ministry and notes that the Respondent's representative has travelled from Toronto, and has incurred overnight accommodation expenses as well, for this hearing in addition to other travelling and related costs. This Tribunal determines that the Applicant party has acted unreasonably, and that an order for costs is warranted and will be awarded unless the Applicant is able to satisfy this Tribunal that an award of costs is unwarranted.

The Tribunal considers failure to contact the Tribunal to be a form of misconduct as contemplated by Rule 14.4 (1). It is a misconduct of omission in the form of poor judgment and thoughtlessness. This particular circumstance cannot be categorized at the upper scale of misconduct seriousness although the repercussions on the party who had to travel and to incur costs are serious. In the absence of evidence of more serious consequences, this Tribunal determines the costs at \$400.00. The Tribunal did commence and conduct the hearing. Following the scheme outlined by the rules, the allocation of costs shall be \$400.00 multiplied by 1, for one day that the Tribunal conducted its hearing.

This decision is an interim decision pending February 28, 2002. The Applicant is given notice of an intention to award costs as outlined above. The Applicant is given the opportunity to make submissions to this Tribunal on the matter of costs, by forwarding written submissions on the subject of costs, to be received by the Licence Appeal Tribunal at its offices 12th Floor, 1 St. Clair Avenue West, Toronto, Ontario M4V 1K6, directed to this Tribunal, and by also forwarding a copy of the submissions to the Ontario Ministry of Transportation, Driver Improvement Office, Building A. 2680 Keele Street, Downsview, Ontario M3M 3E6, directed to the attention of Ms. Kim Beintema, hearing officer for the Registrar of Motor Vehicles, both of which are to be received by the respective offices on or before February 15, 2002. In the event Ms. Beintema receives submissions, the Registrar of Motor Vehicles shall provide its own response to the Licence Appeal Tribunal at the same address outlined herein and to the Applicant within six (6) days of such receipt and this Tribunal will take the matter under advisement.

In the event the Applicant does not avail himself/itself of the opportunity to file submissions within the time frame allocated, this decision will automatically become a final decision.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Costs are awarded to the Respondent in the amount of Four Hundred (\$400.00) dollars payable to the Respondent forthwith.

DATE OF
HEARING: February 1, 2002

DECISION
RELEASED: February 4, 2002 Written

REASONS FOR DECISION

A written hearing was held on February 1, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on February 4, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated December 28, 2001, and was received by the Tribunal on January 4, 2002, together with the prescribed fee of \$100.00, paid by certified cheque.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

There were no preliminary matters

Submissions of Written Material

By the Applicant:

- a) Exhibit # 4 Written submissions of the Applicant.

By the Respondent:

- a) Exhibit # 1 Notice to Registrar dated December 20, 2001.
- b) Exhibit # 2 Notice of Appeal Form.
- c) Exhibit # 3 Materials and Submissions of the Respondent.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the

Applicant fail or refuse to comply with a demand made to provide a sample of breath because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The Tribunal may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

This appeal arises out of the following facts.

On December 20, 2001, Police Officer # 1, Unit Commander of the Ontario Provincial Police (OPP) Tillsonburg Traffic Management Unit/RIDE Team, was conducting a RIDE Program with his team. The Unit was set up on regional Road 3 at the intersection of Regional Road 11, in the County of Haldimand, Province of Ontario.

The sequence of events that followed is set out in the Respondent's Statement of Facts contained in its written submissions. The Applicant, through his counsel, states, in his written submissions, that he adopts those facts.

Finley is a 27-year veteran of the OPP, was a qualified Breathalyzer technician from 1980 to 1991, and was, at the time of this incident, a qualified Intoxilyzer technician since February, 2000. He had conducted over one thousand breath tests on drinking subjects, and was acquainted with approved screening devices, and had provided many samples into approved screening devices for demonstration and calibration purposes.

On December 20, 2001, Finley stopped the vehicle being driven by its lone occupant, identified as the Applicant in this Hearing. The vehicle was stopped at 8:52 p.m. For the reasons that follow, this Tribunal considers that the time at which he was stopped was one of the significant factors in coming to its conclusion on this appeal.

At first, the Applicant stated to Police Officer # 1 that he had not been consuming any alcoholic beverages. Nevertheless, Police Officer # 1 detected an odour of alcohol on the Applicant's breath, and noticed that the Applicant's eyes were bloodshot and watery. Upon being questioned further, the Applicant finally admitted that he had a couple of drinks on the way home, about an hour or so earlier.

Police Officer # 1 then asked the Applicant to provide a suitable breath sample into the approved breath-screening device, an Alcotest 7410 GLC. Police Officer # 1 found the instrument to be functioning properly, and demonstrated to the Applicant how to provide such a

breath sample. He also told the Applicant to blow into the mouthpiece until Police Officer # 1 advised him to stop.

After nine attempts, the Applicant still could not provide a suitable breath sample. The Applicant would blow hard at the beginning, but stopped before Finley told him to.

After the fourth unsuccessful attempt, Police Officer # 1 had the Applicant remove the mouthpiece from the instrument, and told him to seal his lips around the one end and blow into Finley's hand. Finley could feel the Applicant blowing through the mouthpiece without difficulty. After returning the mouthpiece to the instrument, Police Officer # 1 instructed the Applicant to blow again.

The Applicant continued to blow unsuitable breath samples on five more occasions. During all nine attempts, it is significant that the Applicant gave no explanation for his failure to provide a suitable breath sample, neither presented nor complained of symptoms of any respiratory problems, injury or signs of physical condition, never requested or indicated a need for medical assistance, nor indicated that he suffered from any medical condition. Police Officer # 1 noticed no swelling in the Applicant's mouth area, but, in fact, could see that the Applicant was able to make a seal around the mouthpiece.

The Applicant maintained that he was blowing, and that there must be a problem with the machine.

After nine unsuitable breath samples, Police Officer # 1 informed the Applicant that he would be given one more opportunity to provide a suitable breath sample, failing which, he would be charged with refusal to provide a suitable breath sample.

In fact, Police Officer # 1 allowed the Applicant two more opportunities (making eleven attempts in all), but with the same unsatisfactory results.

As a result, Police Officer # 1 charged the Applicant with failure to provide a suitable breath sample, and as a result the Applicant's driver's licence was suspended for ninety days.

In appealing the ninety-day suspension of his licence, the Applicant, through his counsel, filed his written submissions, and also a note dated December 21, 2001, from his Dentist, written on a prescription note pad. The written note states that the Applicant had had a dental appointment on the evening of December 20, 2001, at 5:30, requiring the administration of a local anaesthetic.

The Applicant's Dentist also signed a further form on December 28, 2001, being a Medical Information form filed with the Notice of Appeal. On that form, the Dentist states that the Applicant had extensive dental work done on the evening of December 20, 2001, requiring a local anaesthetic, producing numbness in his tongue and lip.

In neither note did the Dentist draw any conclusion as to how the dental procedure and the

administration of a local anaesthetic affected the Applicant's ability to provide a suitable breath sample into the Alcotest instrument.

Furthermore, in support of his appeal, the Applicant's solicitor, in his written submissions, states, first, that the Applicant was never asked, throughout the above-stated sequence of events with Police Officer # 1, if he had a medical problem. Secondly, he states that the Applicant was at all times attempting to blow into the instrument as best he could. Thirdly, he speculates that the officer may have been blocking the hole in the device that allows for air to escape.

APPLICATION OF THE LAW TO FACTS:

This Tribunal cannot make a decision on speculation, so that this Tribunal dismisses the third argument, above, outright.

As for the first argument, above, it was open to the Applicant throughout the entire procedure with Police Officer # 1 to advise the officer of any medical problem that might have prevented him from providing a suitable breath sample, just as it had been open to him to make the suggestion that it was the machine that was at fault throughout the process. Not only did he fail to suggest a medical problem, but he also demonstrated no sign of a medical problem, a fact that, as already has been noted, is adopted in the Applicant's written submissions. Consequently, the argument that the police officer did not ask him specifically about any medical problem does not help the Applicant. In fact, he was never prevented from suggesting such a reason throughout the process.

As for the second argument, above, this Tribunal has doubts that the Applicant attempted to blow as best he could. These doubts are borne out by the agreed-upon fact that, on eleven occasions, the Applicant blew hard enough, but never long enough, without there being any explanation for his inability to do so.

The Tribunal is also not persuaded by the note dated December 21, 2001, and the subsequent report, dated December 28, 2001, of the Dentist, in support of the argument that the Applicant was unable to provide a suitable breath sample because of a medical condition.

Neither report complies with all the precise requirements of section 15 of Regulation 574 (as amended) under the *Highway Traffic Act*. In particular, there is no compliance with s. 15(1)(d), (e), or (f), outlined earlier in these Reasons.

But, even aside from those technical requirements, there is, more significantly, no compliance with section 15(2), as outlined earlier, to allow this Tribunal to even consider the Applicant's diagnosis and history of any condition that would prevent him from providing a suitable breath sample. Nor has this Tribunal been provided with the results of any related tests, which would allow this Tribunal to conclude that the Applicant could not legitimately provide a suitable breath sample.

Further, although Applicant's Dentist states that the Applicant had been given a local anaesthetic and that he had numbness in his tongue and his lip, the Dentist does not state how this could affect the Applicant's ability to provide a suitable breath sample. Nor does he state how long the numbness would last. This Tribunal notes that the dental procedure was performed at 5:30 p.m. The Applicant had been stopped at 8:52 p.m. How long did the numbness last? Would it prevent the Applicant from giving a suitable breath sample over three hours later, despite the efforts of an experienced officer? The Applicant did not complain of any numbness at the time he was to provide the breath samples.

These unanswered questions do not permit this Tribunal to conclude that the reports from the Applicant's Dentist satisfy this Tribunal that the Applicant suffered from a medical condition that would prevent him from providing a suitable breath sample.

Nor is this Tribunal able to so conclude, given the observations of Police Officer # 1, and the silence of the Applicant relating to any medical problem he was experiencing at the time he was asked to provide the breath samples.

This Tribunal finds that the Applicant has not satisfied the onus of establishing the merit of this Appeal.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated December 20, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

BRIAN CAMPBELL, Counsel, on behalf of 753367 Ontario Limited o/a
South Shore Homes
CAROL STREET, Counsel, representing the Ontario New Home
Warranty Program

DATE OF
PREHEARING: February 4, 2002 Toronto

ORDER

FOLLOWING attendances by teleconference on February 4, 2002 at a prehearing before this Tribunal of Brian Campbell, Counsel, on behalf of 753367 Ontario Limited o/a South Shore Homes (the "Applicant"), and Carol Street, Counsel on behalf of the Ontario New Home Warranty Program (the "Program");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Tuesday, March 12, 2002 at Gillespie Reporting Services, 130 Slater Street, Suite 200, Ottawa, Ontario and to continue if necessary on March 13, 14 and 15, 2002 at the above address of Gillespie Reporting;

1. The Parties to the hearing are the Applicant and the Program.

2. On or before February 11, 2002 the Applicant will provide Carol Street, the Program's Counsel, signed Vendor and Builder Agreements and Financial Statements for the year ending December 31, 2000 (and, if available, for the year ending December 31, 2001.) The Program's Counsel shall hold those documents in escrow until the Applicant's Counsel, Brian Campbell, confirms receipt of the documents referred to in clause 3 below.
3. Carol Street shall obtain from the Program and provide to Brian Campbell, a letter from the Program confirming that the Program will not release the Financial Statements of the Applicant to any third party, including a credit agency. Brian Campbell undertakes to hold this document in escrow until Carol Street confirms that she is in receipt of the documents referred to in clause 2 above.
4. Once the documents in clauses 2 and 3 have been exchanged, the Program will withdraw its Notice of Proposal and will forthwith advise the Tribunal that the hearing will not proceed. The Program will then process the renewal of the Applicant's registration in the normal course.
5. A second Pre-Hearing by teleconference shall proceed at 9:30 a.m. on Monday, February 25, 2002 if the intended settlement set out above is not implemented. If the intended settlement proceeds as set out above, the Program will advise the Tribunal that the February 25, 2002 Pre-Hearing shall not proceed and at the same time, the Program shall advise the Tribunal that the Notice of Proposal has been withdrawn.

TRIBUNAL: STUART CORK, Member

APPEARANCES: AHMAD A. KHAN, Agent, representing the Applicants

PATRICK MOORE, Counsel, representing the Director of
Vehicle Inspection Standards

DATE OF
PRE-HEARING: January 29, 2002 Toronto

ORDER

Following attendances on January 29, 2002, at a pre-hearing before this Tribunal of Ahmad A. Khan, Agent on behalf of Amzad A. Khan dba Khan Auto Repairs and Amzad A. Khan (the "Applicants") and Patrick Moore, Counsel, on behalf of the Director of Vehicle Inspection Standards ("the Director");

The Tribunal makes the following Order respecting the hearing scheduled to commence at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario at 9:30 a.m., on Monday May 6, 2002, and to continue if necessary May 7, 8, 9 and May 10, 2002.

1. The Parties to the hearing are
 - (a) Amzad A. Khan dba Khan Auto Repairs;
 - (b) Amzad A. Khan; and
 - (c) The Director of Vehicle Inspection Standards

2. It was determined that the filing dates with the Tribunal of submissions and documents to be used in the hearing by both parties would occur on or before Friday April 26, 2002.

Both parties will file five copies with the Tribunal and deliver one copy to all parties. It was confirmed that the Tribunal requires full disclosure 10 days prior to the hearing.

3. The Respondent will present testimony and evidence from five witnesses, all of whom are Ontario Ministry of Transportation ("MTO") Inspectors: Officer John Tomasone, Officer Cory Stewart, Officer Dan Ventura, Officer Ivor Johnson, and possibly retired Officer Helmut Beintner.

Each witness for the Respondent will testify as an expert to give information supporting the facts for charges against the Applicant. The witnesses will give evidence regarding the following:

- Safety Standard Certificates ("SSC's") that were issued to vehicles that later turned out to be defective,
- False statements in an Application for a mechanics licence made by the Applicant
- Mr. Ahmad Khan's continuation of issuing SSC's following the refusal of his application by the Director
- The excessive number of SSC's and inspection stickers issued by the Applicant,
- Whether the station is in control of the licensee Mr. Ahmzad Khan
- Mr. Ahmzad Khan's lack of attendance at the facility,
- Documented pre-signing of SSC's and annual inspection certificates,
- History of previously held licences by related persons, and
- SSC's not itemized in the Director's Notice, but part of the Director's case.

The Respondent's evidence will cover the period from the end of 1998 to the date of issuance of the Director's .Noice as well as the relationship of the Applicant, Mr. Khan, with other inspection stations.

Among the materials the Respondent's witness will rely upon will be notes, Field Inspection Reports, and MTO records from the Ministry computerized data base.

4. The Applicant will present evidence and testimony from four witnesses, including Ahmzad Khan, licensee and brother of the Applicant, Azam Khan, son of the Agent Ahmad Khan, and two mechanics from the Applicant's facility, Wayne and Randy.

The Witnesses for the Applicant will testify that the vehicles in question were properly certified. The Applicant's witnesses will also present documentary evidence that Officer Bob Lickers improperly closed the Applicant's facility.

5. The Applicant is to provide the Respondent and the Tribunal with a complete witness list which is to include the full names of each of the Applicant's witnesses, within one

week of receiving this Order. It was noted that should the Applicants decide to call any witnesses to testify as experts, the Applicants must comply with the Tribunal's Rules of Practice, and particularly Rule 6.4 which provides specific criteria that parties must follow regarding expert witnesses at a hearing before the Tribunal.

6. The parties present at this Prehearing Conference recorded that there was no resolution of the issues between them.
7. It was confirmed at the Prehearing Conference that the Director has issued a Notice to Revoke Amzad A. Khan, d/b/a/ Khan Auto Repairs licence as a Motor Vehicle Inspection Station pursuant to clause 91(8)(a) and (c) of the *Highway Traffic Act* (the "Act") and Amzad A. Khan's registration as a Motor Vehicle Inspection Mechanic pursuant to clauses 93(a) and (c) of the *Highway Traffic Act*, with the Notice to Revoke being dated November 24, 2001.

AND WHEREAS the Tribunal scheduled a prehearing and a hearing of this matter to commence in person at Kingston, Ontario;

AND WHEREAS there was a motion brought by the Respondent to convert an in person hearing to an electronic hearing on short notice;

AND WHEREAS both parties consented to convert the in person hearing to an electronic hearing.

NOW THEREFORE this Tribunal orders that the prehearing in this matter shall proceed electronically on Thursday, February 7, 2002 at 9:30 a.m.

DEVONIAN HOMES LTD.

MOTION TO CONVERT AN IN PERSON HEARING TO
A ELECTRONIC HEARING ON SHORT NOTICE UNDER
THE *ONTARIO NEW HOME WARRANTIES PLAN ACT*
RESPECTING AN APPEAL OF A PROPOSAL

TO SUSPEND REGISTRATION

TRIBUNAL: JOHN ORT, Member

APPEARANCES:

BRUCE LONNEBERG, Agent, representing the Applicant
CAROL STREET, Counsel, representing the Registrar,
Ontario New Home Warranties Plan Act

DATE OF
MOTION:

February 4, 2002

By Teleconference

ORDER

WHEREAS the Registrar under the Ontario New Home Warranty Program ("Respondent ", "Program") issued a proposal dated October 29, 2001 to suspend the registration of Devonian Homes Ltd. (the "Applicant") under the *Ontario New Home Warranties Plan Act*;

AND WHEREAS the Applicant requested a prehearing and a hearing before the Licence Appeal Tribunal to appeal the above noted proposal;

AND WHEREAS the Tribunal scheduled a prehearing and a hearing of this matter to commence in person at Kingston, Ontario;

AND WHEREAS there was a motion brought by the Respondent to convert an in person hearing to an electronic hearing on short notice;

AND WHEREAS at the commencement of the motion on February 4, 2002 by teleconference the parties came to an agreement that:

(1) the Builder will sign the Vendor and Builder Agreements, pay the renewal fee of \$321.00 and provide financial statements and backup documentation confirming the information set out in its Personal Net Worth Form and return the information to the Ontario New Home Warranty Program by February 18, 2002;

(2) if the Builder does not execute and provide the Program with a copy of the Vendor and Builder Agreements by February 18, 2002, the parties will attend a prehearing before this Tribunal on February 20, 2002 by teleconference at 1:30 p.m.; and

(3) if the Builder provides the above-noted documentation by February 18, 2002, the request for a prehearing on February 20, 2002 before this Tribunal is on consent of both parties withdrawn and the Program will withdraw its Notice of Proposal to suspend the Applicant's registration and will so advise the Tribunal.

NOW THEREFORE IT IS ORDERED THAT:

1. Subject to paragraph 2 below, the prehearing before this Tribunal scheduled for February 6, 2002 is adjourned to 1:30 p.m. on February 20, 2002 and is to be conducted by teleconference; and
2. If on or before February 19, 2002, the Program notifies the Tribunal in writing that the above-noted terms of settlement have been complied with, these proceedings are hereby concluded before this Tribunal.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: JEFFREY M. LEE, D.C,
Presiding member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

SHERRY LYNN SHEPHARD, Applicant
unrepresented

DATE OF HEARING: February 4, 2002

DECISION RELEASED: February 12, 2002

By Teleconference

REASONS FOR DECISION

A hearing was held on February 4, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Sherry Lynn Shepard (the "Applicant")
Motor Vehicle:	1991 Ford Taurus, plate no. 773 RSM (the "vehicle")
Date of Appeal:	January 17, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on February 4, 2002 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I am requesting this appeal because my vehicle was taken without my permission by my common-law spouse, while I was sleeping. He had another man with him who had a drivers licence, whom I thought would have been driving my car, when I got up in the morning and noticed my car was gone; so I did not report it stolen.

I live in the country about five miles away from town with three children aging from 16 to one and a half years old. I have no telephone and no other vehicle. I am now a single mom as my common-law spouse is incarcerated due to this incident. I am on Ontario Works (Welfare) and have no other source of income and I will not be able to afford the impound fees; which I have found out will be in the amount of \$1037.50. I will not be able to find work or get around without imposing on others; therefore I need my car back. Thank you for your time and consideration.

Sherry Lynn Shephard

At the hearing, the Applicant re-iterated the points stated on the Notice of Appeal, basically emphasising her inability to get the money to pay for the impoundment/storage charges.

The Applicant also explained the circumstances leading up to the incident which resulted in the vehicle impoundment. She and the driver of the vehicle, Mr. John Douglas Knapman have been living common-law for some time. Ms. Shephard was well aware that Mr. Knapman has never had a drivers' licence and that he has a lifetime suspension on driving. The Applicant believed that his friend whom she believes has a driver's licence would drive the vehicle. She stated that she was not aware that Mr. Knapman would drive the car. The Applicant claims that the vehicle was not stolen but taken without her permission. The Applicant did not report the car missing due to her relationship with Mr. Knapman.

The Applicant noted that she cannot afford to rent a vehicle, but has relied on her father and sister, who both live 5 miles from her in the town of Brighton to assist her with her daily needs. For their services to her, she pays them 5 to 10 dollars each time that they transport her. Other than this expenditure, she has not suffered any financial losses.

When asked if she had explored the possibility of renting or borrowing a vehicle, she stated that it was out of the questions as she was on a fixed income.

The Applicant had nothing further to add.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

3. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner
4. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by John Douglas Knapman;
5. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
6. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Driving While Disqualified under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until February 26, 2004.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned

by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving

- (ii) while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The ground of appeal is that of exceptional hardship. The onus is upon the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2(3)(d) of the Act.

The Applicant has not argued or presented evidence that the impoundment will be a threat to the health or safety of a person ordinarily transported in the vehicle under subsection 22(1) of Regulation 574.

The Tribunal will proceed to review the criteria required to meet the onus for consideration of financial loss.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that the Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available

The Applicant had not made any inquiry into any other available vehicles which may have been at her disposal during the impoundment period. She took the position that she was on a fixed income and could not afford it. However, she has been able to rely on her father and sister for needed transportation to meet her everyday needs. An alternative to the impounded vehicle is available, although inconvenient.

The criteria required under subsection 22(3) of O. Reg. 632/98 is cumulative. That is, to be successful, an Applicant must demonstrate all of the criteria of subsection 22(3). There being an alternative to the impounded vehicle, the Tribunal may not consider the balance of the criteria under subsection 22(3) of the Regulation with respect to financial or economic loss. Therefore, the Tribunal may not consider the loss identified by the Applicant.

After assessing the evidence presented, the Tribunal finds that Applicant has been

inconvenienced but has not demonstrated exceptional hardship as circumscribed by section 22 of Ontario Regulation 632/98 amending Ontario Regulation 574 under the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

1. On January 22, 2002, the motor vehicle described in **Order to Impound #2500198** was impounded in accordance with subsection 55.1(3) of the *Highway Traffic Act*, RSO 1990, c. H. 8 as amended.
2. The applicant, the National Childrens Burn Society, whose name is shown on the vehicle portion and the plate portion of the permit for the impounded motor vehicle, is the owner of the said vehicle.
3. No other order to impound under section 55.1 of the Act has ever previously been made with respect to any motor vehicle then owned by the applicant.
4. The applicant filed an appeal to the impoundment order, in accordance with the grounds permitted under clause 50.2(3)(d) of the *Highway Traffic Act*, stating **that the order will result in exceptional hardship.**
5. Materials provided to the Registrar indicate that exceptional hardship will result from the impoundment of the motor vehicle as defined by Regulation 632/98 of the *Highway Traffic Act*.
6. The applicant has had the opportunity to obtain independent legal advice with respect to consent to this Order.
7. The parties agree that this agreement does not bind the Ministry of Transportation or the Registrar of Motor Vehicles in any way, with respect to future hearings or consent orders.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsection 50.2(5) of the Highway Traffic Act that the Tribunal set aside the order to impound.

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Baldwin Travel & Tours Ltd. ("the Registrant") has been registered as a travel agent (Registration No. 2324770/R) since February 18, 1985 and as a travel wholesaler (Registration No. 4228433/W) since February 8, 1994. Maintenance of a "*Travel Industry Act Trust Account*" is one of the Terms and Conditions of the Registrant's registration.

GROUND FOR THE PROPOSAL

2. Subsection 36 (1) of Ontario Regulation 806/93, as amended, made under the Act (the "Regulation") states that a registrant shall maintain a trust account to protect customer funds if the registrant is required to maintain a trust account under the terms and conditions specified in the registrant's registration.
3. The registrant was visited by one of TICO's Inspectors on November 20, 1995. It was noted during the visit that the "*Travel Industry Act Trust Account*" was not being maintained in that it was inactive and incorrectly labelled. The Registrant advised the inspector, that it would immediately implement trust accounting.
4. By letter dated June 24, 1999, TICO advised the Registrant that there was information missing from the financial statements for the fiscal year ended January 31, 1999. The Registrant was asked to file the previously requested accounts receivable listing over 90 days old, the gross Ontario travel sales,

and the trust reconciliation, by July 7, 1999, failing which the Registrar would initiate administrative action including a possible proposal to revoke registration.

5. On June 28, 1999, the Registrant telephoned TICO and left a voice message that it was not required to be on trust accounting.
6. By letter dated June 28, 1999, the Registrant was advised by TICO that it was required to reply in writing, to TICO's letter dated June 24, 1999, and provide the required documentation, which had been omitted from the annual filing of its financial statements for January 1999. The letter also reminded the Registrant that Trust Accounting is one of the Terms and Conditions of its wholesale registration, and that the trust reconciliation is an annual requirement to be filed with the financial statements for the Registrant. This information was due July 7, 1999.
7. On July 16, 1999, TICO received a fax from the Registrant's accountant, detailing the accounts receivable listing, the gross travel sales, and advising that the trust account balance was nil.
8. On October 7, 1999, the Registrant was visited by one of TICO's inspectors. The visit revealed that the Registrant had not implemented trust accounting. The Registrant indicated during the visit that it was installing a new computer system. The visit concluded that monthly monitoring was strongly recommended and that the Registrant could result in a risk to the Fund without proper implementation and maintenance of its trust account.
9. On October 26, 1999, one of TICO's inspectors requested by fax, from the Registrant, a progress report on the implementation of the new accounting system and trust accounting.
10. By fax dated November 3, 1999, the Registrant advised TICO that as of December 1, 1999, the Registrant would be commencing full implementation of its new accounting system and trust accounting.
11. On March 6, 2000, one of TICO's inspectors reminded the Registrant that the January 2000 financial statements, which were due by April 30, 2000, were to include the trust reconciliation (customer obligation list and reconciliation of customer funds and obligations), as part of its annual filing.
12. By fax dated July 6, 2000 the Registrant was advised by TICO that a review of its financial statements for fiscal January 2000, received on May 16, 2000, could not be completed, due to missing information, despite the Registrant's assurances that its January 2000 financial statements would be filed in the required format. Missing from the financial statements were the trust reconciliation, sales, and accounts receivable listing.
13. By letter dated October 11, 2000, TICO reminded the Registrant that financial statements for the fiscal year ended January 31, 2000 were missing information. The letter advised that despite numerous telephone and fax correspondence over the past five months, TICO was unable to complete its financial review. The letter gave a due date of October 31, 2000, to file all missing required information.
14. By fax dated October 30, 2000, the Registrant's accountant provided the required information, which had been omitted from the January 2000 financial statements.
15. On April 24, 2001, the Registrant was visited by one of TICO's inspectors. The visit concluded that the Registrant continued to demonstrate resistance to operating a trust bank account.
16. By letter dated May 22, 2001, the Registrar, *Travel Industry Act* advised the Registrant that a review of its files indicated ongoing compliance problems regarding improper maintenance of its *Travel Industry Act Trust Account*. The Registrant was requested to provide a letter of credit in lieu of trust

accounting no later than June 15, 2001, failing which the Registrar would issue a proposal to revoke registration.

17. On June 6, 2001, TICO received financial statements for the Registrant for the fiscal year ended January 31, 2001, which were due April 30, 2001. Those statements revealed a trust deficit of \$81,809.
18. On June 7, 2001 the Registrant telephoned TICO and advised that it could not provide a letter of credit to TICO, and promised that it would immediately implement and maintain the trust account. The Registrant asked for two months to get organized.
19. On June 27, 2001 the Registrant was requested by TICO to provide additional information in order that TICO be able to complete its review of the Registrant's financial statements for the fiscal year ended January 31, 2001.
20. By letter dated August 13, 2001, the Registrant was requested by TICO to provide proof that it had implemented and was properly maintaining the *Travel Industry Act Trust Account*. Additionally, the Registrant was asked to provide copies of the most current bank statements, for all accounts, no later than August 31, 2001.
21. On August 16, 2001, the Registrant's accountant telephoned TICO to advise that he would attempt to produce a hand written list of customer obligations. He stated that the Registrant did not do trust accounting, and that general and trust monies were co-mingled.
22. On August 22, 2001 the Registrant telephoned TICO to advise that it had taken the necessary steps to bring the company into compliance re: trust accounting.
23. On September 4, 2001, the Registrant provided TICO with a written list detailing steps taken to meet trust account requirements, along with bank branch information, and bank account numbers. Copies of bank statements were not provided, as previously requested.
24. On October 9, 2001 the Registrar, *Travel Industry Act*, issued a letter to the Registrant acknowledging receipt of steps taken by the Registrant to meet its trust account requirements. The letter requested a trust reconciliation for the month of September 2001, to be accompanied by a copy of the *Travel Industry Act Trust Account* bank statement(s) for the corresponding period. This information was due by October 30, 2001.
25. By November 6, 2001, there had been no further response from the Registrant and TICO had not received the required customer deposit reconciliation. On that date, the Registrar issued the Proposal to Revoke the Registrant's Registration.
26. The Registrant has since provided trust reconciliations and the corresponding bank statements for the months of September, October, November, and December 2001. The reconciliations, as filed, indicate that the Registrant is currently adhering to the trust accounting requirements of the Regulation.
27. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated November 6, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall at all times maintain sufficient funds to cover its customer obligations. Such funds shall be maintained in a properly designated "Travel Industry Act Trust Account" and in accordance with the trust accounting requirements as stipulated in section 36 of the Regulation or such subsequent provision as may be in force from time to time;
 - (b) The Registrant shall submit a monthly trust account reconciliation with corresponding bank statements to the Registrar's satisfaction beginning with the month of January 2002, no later than 30 days after the end of each calendar month, for so long as the Registrar shall so require;
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) and (b) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED at Mississauga this ____ day of January, 2002

Ms Harjeet Davda
Baldwin Travel & Tours Ltd.
I have authority to bind the corporation

Mr. Michael Pepper
Registrar, *Travel Industry Act*

J.R. DIAMOND HOMES INC.

APPEAL FROM PROPOSAL OF THE REGISTRAR UNDER
THE *ONTARIO NEW HOME WARRANTIES PLAN ACT*

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: TERENCE A. WARDROP, Q.C., Vice-Chair, Presiding

APPEARANCES:

No one appearing for J.R. DIAMOND HOMES
CAROL STREET, Counsel, for the Registrar, Ontario New Home
Warranty Program

DATE OF
HEARING: January 7, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated June 7, 2001, (the "Original Proposal"), issued by the Registrar of the Ontario New Home Warranties Plan (the "Registrar"), to refuse to renew the registration of J. R. Diamond Homes Inc. (the "Applicant"), as a vendor or a builder under the provisions of Section 8(2) of the *Ontario New Home Warranties Plan Act* R.S.O. 1990. Ch. 0.31 (the "Act"). Pursuant to Section 3 of the Act, the Registrar is appointed by Ontario New Home Warranty Program, the corporation designated to administer the Act under Section 2 thereof (the "Program") and is charged with the duties and required to exercise the powers given to the Registrar by the Act.

The Registrar issued a Supplemental Notice of Proposal dated November 29, 2001, (the "Supplemental Proposal") which, by adding information and statements supplemental to the Original Proposal, had the effect of making the Original Proposal current as at the date of the Supplemental Proposal. This hearing dealt with the Original Proposal and the Supplemental Proposal together, as a single proposal (collectively the "Proposal").

The Applicant by a notice requested a hearing before the Licence Appeal Tribunal (the "Tribunal") respecting the Proposal pursuant to the provisions of sections 9(2) and 9(4) of the Act.

ISSUES:

The Registrar issued the Proposal under Section 8(2) of the Act based upon the Registrar's opinion that the Applicant is disentitled to registration as a vendor or a builder pursuant to Section 7(1) and Section 8(2) of the Act. It is the opinion of the Registrar, as stated in the Proposal, that the Applicant cannot reasonably be expected to be financially responsible in the conduct of its undertakings, the past conduct of the Applicant and its officers and directors affords reasonable grounds for belief that the Applicant will not carry on the Applicant's undertakings in accordance with law and with integrity and honesty, and further, that the Applicant does not have sufficient technical competence to consistently perform the warranty service required of it. The Registrar also alleges in the Proposal that the Applicant is in breach of a term or condition of its registration and the Act.

The Applicant in its Notice of Appeal dated June 22, 2001, (the "Appeal") gave no indication of either the specific items of the Proposal that it wished to appeal nor any reasons therefor and thus, this Tribunal has some difficulty in being able to understand with which item or items of the Proposal the Applicant takes issue, or why. The Applicant's Appeal gives no direction to the Tribunal except a bland, or blanket, statement that it "disagrees with ... the Registrar of ONHWP on all counts in the NOP", that is, of all the issues set out in the Proposal which are to be heard and addressed by this Tribunal.

The issues in this hearing are further complicated due to the fact that the solicitor who undertook the Appeal, and signed the Appeal on behalf of the Applicant as its "Representative", breached not only his duty to his client but also to the Tribunal by abandoning this matter without appearing before this Tribunal.

In any event, the solicitor's non-appearance gives rise to a great deal of wasted time and expense for the Respondent, its Counsel and its witnesses, not to mention the Tribunal and its staff. In this connection, efforts were made by the Respondent's Counsel and the staff of the Tribunal to ascertain whether any other person, other than the said solicitor, would be attending on behalf of the Applicant at the hearing of the issues raised by the Appeal but to no avail.

EVIDENCE:

The Respondent gave its evidence by way of the testimony of Adil Darr (an employee in the licensing and underwriting department of the Program) and Richard Johnston (being a Warranty Representative of the Program). As stated above, the Applicant neither appeared nor gave any evidence at the hearing to support the issues raised in its Appeal. The evidence given by both witnesses at the hearing was straight forward, clear and precise, thus giving this Tribunal little trouble in understanding the facts which give rise to the Proposal. It is unnecessary to relate in any detail the evidence given at the hearing, except to refer to the 240 items contained within the four volumes of Exhibit #3 and the other Exhibits filed.

THE FACTS:

From all of the evidence given at the hearing, this Tribunal finds as facts the following:

1. The Applicant executed an agreement with the Program dated August 12, 1999, (the "Vendor/Builder Agreement");
2. The Applicant was validly registered pursuant to the Act as a Vendor/Builder as of May 2, 2000;
3. The Applicant applied to the Program for a renewal of its registration as a Vendor/Builder dated May 2, 2001, which application was filed and received by the Program on May 3, 2001, without any supporting current financial or up-to-date notarized net worth statements as required in the form of application;
4. The Registrar issued a Notice of Proposal dated June 7, 2001, with respect to the Original Proposal;
5. A solicitor, purporting to act on behalf of the Applicant, filed a Notice of Appeal with the Tribunal pursuant to Section 9(4) of the Act dated June 22, 2001, with respect to the Appeal;
6. The Registrar issued a Supplemental Notice of Proposal dated November 29, 2001, with respect to the Supplemental Proposal;
7. The Applicant is in breach of its agreements set forth in the Vendor/Builder Agreement;
8. The allegations described and contained within the Proposal are true.

THE LAW:

Pursuant to section 8(2) of the Act, the Registrar may refuse to renew the registration the Applicant as a vendor or a builder for any reason that would disentitle the Applicant to registration under section 7(1) of the Act, or in circumstances where the Applicant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts, or is in breach of a term or condition of the registration:

"8 (2) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were an applicant, or where the registrant has a record of breaches of warranties or of failure or unwillingness to complete performance of contracts, or is in breach of a term or condition of the registration."

Pursuant to subsections (a), (b) and (c) of section 7(1) of the Act, the Applicant is entitled to registration by the Registrar except where having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or its past conduct or the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on lawfully, honestly and with integrity:

- "7. (1) An applicant is entitled to registration by the Registrar except where,
- (a) having regard to the applicant's financial position, the applicant cannot reasonably be expected to be financially responsible in the conduct of the applicant's undertakings;
 - (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on the applicant's undertaking in accordance with law and with integrity and honesty;
 - (c) the applicant is a corporation and,
 - (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or
 - (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on in accordance with law and with integrity and honesty;"

Pursuant to section 7(1)(d) of the Act, the Applicant is entitled to registration as a builder except where the Applicant does not have sufficient technical competence to consistently perform the warranties:

- "7. (1) An applicant is entitled to registration by the Registrar except where,
- (a) ...;
 - (b) ...;
 - (c) ...; or
 - (d) in the case of an application for registration as a builder, the applicant does not have sufficient technical competence to consistently perform the warranties."

Based upon the above noted facts, the Registrar has reached the decision that the Applicant cannot reasonably be expected to be financially responsible in the conduct of its undertakings. The Registrar has further concluded that the Applicant has a record of breaches of warranties and a record of failures or unwillingness to complete performance of contracts, and is in breach of a term or condition of its registration. In addition, the Registrar has decided that there are reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty. Pursuant to sections 9(1) and 9(2) of the Act, the Registrar is required to serve a notice of proposal on the Applicant:

- "9. (1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.
- (2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal."

The appeal comes to this Tribunal by virtue of section 9(4) of the Act, which provides:

"9. (4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar."

Based upon the evidence presented at the hearing, this Tribunal is in accord with the Registrar's conclusions set forth above.

DECISION AND ORDER:

The onus of proof that the Proposal is correct lies with the Respondent and this Tribunal finds that this onus has been discharged in light of all of the evidence given at the hearing and for the reasons hereinbefore stated. Accordingly, pursuant to the authority vested in it by section 9(4) of the Act, this Tribunal directs the Registrar to carry out the Proposal to refuse the renewal of the registration of the Applicant as a vendor/builder under the Act.

LICENCE APPEAL TRIBUNAL

Terence A. Wardrop, Q.C.,

Released: February 13, 2002

LEE, DONALD P.

MOTOR VEHICLE DEALERS ACT
Revised Statutes of Ontario 1990, Chapter M.42

IN THE MATTER OF
DONALD P. LEE

AND IN THE MATTER of the PROPOSAL by
the Registrar, *Motor Vehicle Dealers Act*
TO REFUSE REGISTRATION
- Proposal dated: September 25, 2001

AND IN THE MATTER of a requirement for a hearing respecting the said Proposal

DONALD P. LEE

Applicant

- and -

REGISTRAR, *MOTOR VEHICLE DEALERS ACT*

Respondent

CONSENT ORDER

Upon the application to the Tribunal by Donald P. Lee, Applicant, and the Registrar under the *Motor Vehicle Dealers Act* for issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act* R.S.O. 1990, chapter S.22; and

Having reviewed the written settlement signed by the Applicant and the Registrar under the *Motor Vehicle Dealers Act* as to the disposition of these proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of without a hearing on the basis of the terms set out in the said Schedule "A".

LICENCE APPEAL TRIBUNAL

G. Kent McClure, Q.C.
Chair

Released: February 13, 2002

TO: The Registrar
Motor Vehicle Dealers Act
Ontario Motor Vehicle Industry Council
36 York Mills Road Suite #110
North York, ON, M2P 2E9

AND TO: Licence Appeal Tribunal
One St. Clair Avenue West, 12th Floor
Toronto, ON, M4V 1K6

FROM: Donald Patrick Lee
21489 Warden Avenue West
Queensville, ON L0G 1R0

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Donald Patrick Lee (hereinafter referred to as "the Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle salesperson:

1. The Applicant agrees that if he is criminally charged or convicted in the future, he will immediately notify his employer in writing of the charges or convictions against him and provide a copy of the notification signed by his employer to the Registrar, giving the particulars of the charges or convictions.
2. The Applicant agrees that if he is convicted under the Criminal Code or convicted of any industry specific offences under any Statute in the future, he will be automatically revoked.
3. The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or his authorized representatives regardless of previous disclosure.
4. The Applicant acknowledges that the Registrar is relying upon the accuracy of the disclosure provided by the Applicant in entering into these terms and conditions.
5. The Applicant agrees that his explanation of the circumstances of his criminal record, are substantially as set out in the disclosure provided to the Registrar.
6. The Applicant agrees that he will continue to follow the current and all future treatments prescribed by his physician.
7. The Applicant agrees not to be a partner, shareholder, officer, director or sales manager of a dealership.
8. The Applicant agrees not to be the final signatory on any sales contracts on behalf of the dealer.
9. The Applicant agrees not to transfer his registration as a motor vehicle Salesperson to another dealer without having first obtained the prior written consent of the Registrar.
10. The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that enrolment in the course entitles him to a sixty (60) day conditional registration period that allows for his successful completion of the course (including passing the exam).

11. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
12. The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
13. The Applicant agrees that his registration will not prevent the Registrar from taking administrative action, including a proposal to revoke his registration, arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
14. The Applicant acknowledges that his registration as a motor vehicle Salesperson will not prevent the Registrar from taking legal action, including a Provincial Offences prosecution arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
15. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
16. The Applicant will provide a copy of this order to any future employer.
17. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
18. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
19. The Applicant acknowledges that he has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of _____ 2002

(Signature) Donald Patrick Lee

These Terms and Conditions are accepted by the Registrar, Motor Vehicle Dealers Act.

ADİYAMAN, SÜLEYMAN

SÜLEYMAN ADİYAMAN

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

PHILIP I. ULRICH, Counsel, representing the Applicant
A. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: February 5, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

Suleyman Adiyaman (the "Applicant") appeals the Proposal of the Registrar of the *Motor Vehicle Dealers Act* (the "Act") to refuse the Applicant's registration as a salesperson of motor vehicles. The Proposal was issued on August 8, 2001 in terms of Section 7(1) of the Act.

THE ISSUES:

The Registrar bases his proposal to refuse the Applicant's registration under section 6.(1) of the Act which reads as follows:

6.(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 5.

The Registrar further bases his proposal under section 5.(1)(b) and section 7.(1) of the Act which reads as follows:

5(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefore, on the applicant or registrant.

In support of his Notice of Proposal to refuse, the Registrar furnished the following particulars:

The reasons for this proposal are:

1. On or about July 24, 2001 Suleyman Adiyaman (the "Applicant") submitted an application for registration as a salesperson.
2. On the application to become a registered salesperson question 9 asks:
"Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes those instances where an absolute discharge has been ordered). If yes, list all charges and/or convictions and the circumstances surrounding each (attach additional sheets if necessary)."
The Applicant said "yes", and stated in the space provided:
"I was found guilty of fraud over \$1,000 in 1995 in the prosece(sic) waiting for my pardon to come.
3. A criminal record search found that the Applicant has the following convictions:

Poss of Property Obtained by	
Crime over \$1,000	March 8, 1995;
Fraud over \$1,000	March 8, 1995;
Fraud over \$1,000 (3 Chgs)	April 6, 1995;
Poss of Property Obtained by	
Crime over \$1,000	April 6, 1995; and
Fraud over \$1,000	April 6, 1995.
4. The Applicant has failed to comply with the Act and in particular with section 5.

THE EVIDENCE:

The evidence of the Registrar consisted of documentary evidence as well as the testimony of Louise Gingras ("Gingras"). Gingras' evidence is summarized hereunder.

LOUISE GINGRAS

Gingras testified that she has been an inspector with the Ontario Motor Vehicle Industry Council ("OMVIC") since 1977.

She explained that OMVIC has since 1977 been delegated with responsibility to administer

the Act which has been enacted to protect the public. OMVIC, in terms of its delegated duties, oversees the registration of applicants, inspects dealerships, institutes investigations and attempts, through mediation, to resolve disputes between consumers and motor vehicle dealers. Her duties further include conducting investigations with a view to ensuring compliance with the Act.

Gingras stated that she is familiar with the Registrar's file pertaining to the Applicant. The Applicant has at no time been registered as a salesperson of motor vehicles under the Act.

In July 1996 the Applicant submitted an application for registration as a motor vehicle salesperson. Question # 10 on that application stated as follows:

Have you ever been found guilty or convicted of an offence under any law or are there any charges pending? This includes where a conditional discharge or an absolute discharge has been ordered.

If yes, attach full particulars on a separate signed and dated statement.

Note: Where the applicant has been previously registered, list only those convictions, conditional charges, absolute discharges or charges which have not been previously disclosed.

Alongside this question the Applicant had ticked "Yes" in answer to the question. Nubridge Auto Centre Inc. had certified at the end of the Application that it was willing to employ the Applicant subject to his registration being granted. (Exhibit 1, Tab 7)

Following receipt of the Applicant's July 1996 application the Ministry of Consumer and Commercial Relations, which at that time handled all applications for registration, called for a C.P.I.C. report on the Applicant from the Ontario Provincial Police. In response to the request, a C.P.I.C. report was furnished to the Ministry and that report revealed that the Applicant had the following criminal record:

<u>DATE & PLACE</u>	<u>CHARGE</u>	<u>DISPOSITION</u>
MAR 08 95 TORONTO	(1) POSS OF PROPERTY OBTAINED BY CRIME OVER \$1000 SEC 354(A) CC (2) FRAUD OVER \$1000 SEC 380(1) CC	(1-2) 9 MOS ON EACH CHG CONC
APR 06 95 TORONTO	(1) FRAUD OVER \$1000 (3 CHGS)	(1-3) 9 MOS ON ECAH CHG CONC
	(2) POSS OF PROPERTY OBTAINED BY CRIME OVER \$1000 (3) FRAUD OVER \$1000	
JUL 06 95		PAROLED

It was this C.P.I.C. report that influenced the Ministry to decide to issue a Notice of Proposal to

refuse the Applicant's registration as a motor vehicle salesperson.

The Applicant, according to Gingras, abandoned his July 1996 application.

When in 1997 OMVIC was established, it took over the functions and duties that had previously been attended to by the Ministry of Consumer and Commercial Relations. When this transition took place the records of the Ministry, including the file relating to the Applicant, in microfiche form, were sent to OMVIC. Included in this file was the information regarding the Applicant's criminal record.

In May 1997 the Applicant again made written application for registration as a motor vehicle salesperson and as OMVIC were now handling all applications for registration this 1997 application was directed to OMVIC. In this application form the same question # 10 appeared as appeared on the Applicant's 1996 application. In completing the application form the Applicant again answered "Yes" to question # 10. Attached to this application form was a letter under the Applicant's signature which stated as follows:

May 16, 1997

Suleman Adiyaman
20 Black Oak Drive
Brampton, Ontario
L6R 1C1

Dear Sir or Madom:

This is to regard to my application for salesmen licence. I applied for this licence in 1996 but was rejected, due to my criminal charges in april of 1995. I feel that I am very sorry for want (sic) I have done and regret any and all actions, that I have done at that time.

But I must look for the future now, and look to you for your help, and hopefully you can look past (sic) my mistacks (sic) as I but (sic) my best foot forward for the future for me and my family.

If you have any questions please call me at: (416) 746-7010 or (416) 806-7039

Yours Truly,
S. Adiyaman

(Exhibit 1, Tab 6)

The Registrar issued a Proposal to Refuse registration pursuant to his application of May 1997 and the Applicant abandoned his 1997 application. The particulars of the Registrar's Notice of Proposal to refuse registration was as follows:

PARTICULARS

The reasons for this proposal are:

1. The Applicant submitted an application for registration as a motor vehicle salesperson on or about May 16, 1997.

2. The Applicant has a record of criminal convictions including possession of property obtained by crime over \$1,000 and 3 counts of fraud over \$1,000.

(Exhibit 2)

In July 1999 the Applicant again made written application for registration as a motor vehicle salesperson. In answer to question # 9 in that application, which contained the same wording as question # 10 in the previous two applications, the Applicant answered "No". (Exhibit 1, Tab 5)

As with his two previous applications, this application was abandoned by the Applicant due to opposition from the Registrar.

In July 2001, the Applicant again filed an application for registration as a motor vehicle salesperson, and it is this application that has resulted in the Registrar's present Notice of Proposal to refuse registration. In the July 2001 application, the following question is posed:

Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes those instances where a conditional or absolute discharge has been ordered). If yes, list all charges and/or convictions, and the circumstances surrounding each (attach additional sheets if necessary).

Note: Applicants are subject to background and criminal record searches. Submitting a false or incomplete disclosure is an offence under the MVDA and will result in disqualification. Do not assume that convictions are automatically deleted from your record. If you have any questions about the information you must disclose please call OMVIC.

(Exhibit 1, Tab 4)

The Applicant answered "yes" to that question.

In the space provided under question 9 the Applicant wrote as follows:

I was found guilty of fraud over \$1000. in 1995 in the prosece (sic) of waiting for my pardon to come.

(Exhibit 1, Tab 4)

In the 1997, 1999 and 2001 applications the motor vehicle dealer that certified that it was prepared to employ the Applicant was Rita Adiyaman operating under the name of Megacity Motors Inc.

Gingras stated that after receiving the 2001 application from the Applicant the Registrar called for a further C.P.I.C. report. This report was obtained and contained the same information as the C.P.I.C. report obtained by the Ministry of Consumer and Commercial Relations in 1996. (Exhibit 1, Tab 8)

Gingras further stated that although the Registrar had asked the Applicant for details of its convictions, he did not furnish such details and the details obtained regarding the Applicant's convictions came from the C.P.I.C. report. Following receipt of the C.P.I.C. report, the

Registrar obtained from court details of the charges that led to the Applicant's convictions. (Exhibit 1, Tab 9)

On charges 1 and 2 the Applicant plead guilty and was found guilty. He was sentenced on each charge to 9 months imprisonment to run concurrently.

On a further charges the Applicant also plead guilty and was found guilty and sentenced on each further charge to 9 months imprisonment to be served concurrently.

The court also ordered restitution to be made by the Applicant to "his victims" in a total sum of \$38,500. Other charges that were brought against the Applicant were withdrawn.

In conclusion of her testimony in chief, Gingras stated that the Registrar's position remains that a full and accurate disclosure by all applicants is necessary and this was not done by the Applicant.

Under cross-examination by the Applicant's counsel, Gingras stated that it is not the position of the Registrar that an Applicant should be barred from registration for life if such Applicant has prior criminal convictions. In considering an application by an Applicant with prior convictions, it would be relevant to consider the time that has elapsed since the offences took place. In this instance, the acts which resulted in convictions against the Applicant took place in 1993/1994, some eight years ago. She said that eight years is insufficient for the Registrar to consider consenting to register the Applicant, more particularly as the convictions were industry related. However, she was not able to indicate what period would have to elapse to enable the Registrar to favourably consider registering the Applicant.

Gingras did agree with the Applicant's counsel that where a party makes restitution to a victim of a crime, such fact would be relevant in affecting the Registrar's decision. Further, if there were no convictions within the past eight years, that fact would be relevant as far as the Registrar is concerned. A further relevant factor would be cooperation by an Applicant with the police.

Gingras stated that as of August 1996 the Ministry of Consumer and Commercial Relations was in possession of the Applicant's criminal history and that OMVIC would have been in possession of the Applicant's criminal history when it took over the administration of the Act in 1997.

The evidence for the Applicant consisted of his testimony. There were no witnesses who were called to testify on behalf of the Applicant.

SULEYMAN ADIYAMAN

The Applicant stated he is 34 years of age and that he landed in Canada as an immigrant from Turkey in July 1992. He is presently married with two children who were born to him and his

wife Rita Adiyaman. He also has a 17 year old son whom he sponsored as an immigrant to Canada after the Applicant who sponsored him to Canada.

The Applicant confirmed he was denied registration as a motor vehicle dealer pursuant to his 1996 application. The reason for his being denied registration was his criminal record. At the time of the criminal charges being laid against him, he was in partnership in a auto body shop. He and his partner brought stolen motor vehicles and they changed the VIN's on the stolen vehicles and then sold them with false VIN's. From October 1993 to about February 1994 they sold four or five stolen vehicles. When in 1994 he and his partner terminated their partnership their criminal activity ceased. Within a week of the Applicant and his partner "splitting", the police arrived at the body shop and observed a stolen vehicle on the premises and charged the Applicant. He stated that upon being charged with the criminal activities, he cooperated with the police, admitted his involvement in such activities and subsequently plead guilty to the five criminal charges that were brought against him. He was sentenced to 9 months imprisonment on the charges to run concurrently. Prior to his sentencing on the charges, the Applicant made full restitution to the victims of the crimes. The total amount that he paid in restitution was about \$80,000.00.

The Applicant also stated that due to the convictions, he was prevented from applying for Canadian Citizenship until recently, and he has been restricted in travel to the United States. Furthermore, he has not been able to become a registered motor vehicle salesperson. He confirmed that he had applied for registration in 1996, 1997, 1999 as well as 2001 and that in all the applications, save and except the 1999 application, he had disclosed by answering "Yes" alongside the relevant question, that he had been convicted. He stated that the answer of "No" to question 9 in his 1999 application was a "mistake" on his part and was not done with the intention of misleading the Registrar who, already as far back as 1996 had knowledge of his criminal convictions. The Registrar had initially gained this knowledge from the Applicants own voluntary disclosure in his 1996 application for registration as well as from the C.P.I.C. report that had been obtained in 1996 by the Minister of Consumer and Commercial Relations following the Applicant's disclosure.

Following his convictions and imprisonment, the Applicant has worked as a truck driver for two to three years for his brother in law who trades as Miracle King Bedding. Since 1997 he has been employed by Megacity Motors Inc. where he repairs motor vehicles as well as attending to administrative matters. He does not attend auto auctions nor does he buy or sell motor vehicles. He does drive cars for Megacity Motors Inc. when it is necessary to deliver vehicles to auto auctions or drive vehicles from auto auctions. The business of Megacity Motors Inc. is owned by Rita Adiyaman, his wife.

In conclusion of his testimony in chief, the Applicant stated that he wants a second chance in life and that he has now matured and has settled down with a family.

Under cross-examination, the Applicant stated that he in fact runs Megacity Motors Inc. and makes all business decisions. He does not go to the auto auctions nor does he act as a salesperson. He conceded that by making restitution to the victims of his crimes "things would

go easier for me in court”.

In answer to questions put to him by the Tribunal, the Applicant stated that his two children by his wife are nine and four years old and that in August of 1998 he and his wife jointly purchased a home in Calendon East where he, his wife and all the children now reside. He also stated that he has no debt.

FACTS FOUND PROVEN:

The following are the facts found to have been proven.

- 1) On March 8, 1995 the Applicant was charged with and found guilty of possession of property over \$1,000.00 obtained by crime in terms of section 354(A) of the Criminal Code of Canada.
- 2) On March 8, 1995 the Applicant was charged with and found guilty of fraud over \$1,000.00 in terms of section 380(1) of the Criminal Code of Canada.
- 3) The Applicant was sentenced by court to 9 months imprisonment on each of the charges in paragraphs 1 and 2 above to be served concurrently and the Applicant was ordered to make restitution to the victims of the crimes referred to in paragraphs 1 and 2 above.
- 4) On April 6, 1995 the Applicant was charged with and found guilty of charges of fraud over \$1,000.00, was charged with and was found guilty of a charge of possession of property over \$1,000.00 obtained by crime, and was charged with and found guilty of fraud over \$1,000.00.
- 5) The Applicant was sentenced by Court to 9 months imprisonment on each of the charges in paragraph 4 above to be served concurrently, and the Applicant was ordered to make restitution to the victims of the crimes referred to in paragraph 4 above.
- 6) The Applicant has served the sentences of imprisonment imposed upon him and has made restitution to all the victims of his crimes in a total amount of approximately \$80,000.00.
- 7) The Applicant made written application for registration as a motor vehicle salesperson in 1996, 1997, 1999 and 2001.
- 8) In 1996, the Ministry of Consumer and Commercial Relations obtained a C.P.I.C. report from the Ontario Provincial Police concerning the criminal convictions of the Applicant and denied the Applicant's 1996 application for registration as a motor vehicle salesperson as a result of such C.P.I.C. report.

- 9) The aforesaid C.P.I.C. report was forwarded by the above Ministry to OMVIC in 1997 when OMVIC assumed the duties of the Ministry to administer the Act and its regulations.
- 10) OMVIC has since 1997 been in possession of, and knew of, the Applicant's criminal record through the C.P.I.C report.
- 11) The Applicant, in response to question on his 1996, 1997 and 2001 applications for registration as a motor vehicle salesperson, answered "Yes" to whether he had ever been found guilty of or convicted under any law.
- 12) The Applicant answered "No" to the question in his 1999 registration application, which asked whether he had ever been found guilty of or convicted under any law.
- 13) The Applicant has, to the knowledge of the Registrar, not been convicted of any offence since his convictions in March and April 1995.
- 14) The Applicant has made restitution in the approximate amount of \$80,000 to victims of crimes he committed in 1993/94.
- 15) The Applicant has, since his release from incarceration following upon his convictions for his 1993/1994 crimes, been employed by his brother-in-law as a truck driver for some three years and thereafter and to date has been employed in his wife's motor vehicle dealership in the capacity as manager of such dealership.
- 16) The Applicant is married and he and his wife are the parents of two children, ages four and nine years.
- 17) The Applicant sponsored his 17 year old son as a landed immigrant to Canada and that son resides with the Applicant and his wife and 2 children.
- 18) In 1998/1999 the Applicant and his wife have jointly purchased and become the owners of a residential home in Ontario where he resides with his wife and children.
- 19) The Applicant has no personal debt.

DECISION AND REASONS:

The issue for decision is whether the Registrar erred in his refusal to register the Applicant as a salesperson.

Section 6.(1) of the Act entitles the Registrar to refuse the Applicant's registration where the Registrar is of the opinion that the Applicant is disentitled to registration under Section 5.(1)(b) of the Act. The aforementioned section entitles the Applicant to

registration, except where the past conduct of the Applicant affords the Registrar reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

The onus of proof rests on the Registrar to satisfy the Tribunal that reasonable grounds exist to enable the Registrar to believe that the Applicant should be refused registration, as his past conduct affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

In the case of *Brenner 19 CRAT SCO Decisions and Orders (1971-1989) page 95*, Southey J. held that a Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks the Registrar was in error in concluding that the past conduct of an Applicant afforded reasonable grounds for belief that such Applicant would not carry on business in accordance with law and with integrity and honesty.

In the *Brenner* case, the learned Judge stated that the proper question for a Tribunal to consider is "whether the past conduct of the Applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal."

Accordingly, to overrule the decision of the Registrar the Tribunal must conclude that the Registrar was in error and that the conduct of the Applicant does not afford reasonable grounds for the Registrar's belief that the Applicant will in the future carry on business in contravention of the Act. In confirming this, the Divisional Court in the matter of *Albert Fascenda (1994) CRAT Part 11, 1050* stated that "it follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought the Registrar was in error in his belief."

In this matter, the Registrar bases his proposal on two grounds.

The first ground is that the Applicant failed to fully disclose his criminal convictions to the Registrar when the Applicant submitted his July 24, 2001 application for registration as a motor vehicle salesperson. This failure to fully disclose convictions is indicative of a lack of honesty and integrity on the Applicant's part, which justified the Registrar in his decision to refuse the Applicant's registration as it was predictive of the Applicant's future conduct in business.

The second ground upon which the Registrar relies, is that the Applicant has a criminal record which affords the Registrar reasonable grounds for his belief that the Applicant will not in the future carry on business in accordance with law and with integrity and honesty.

These two grounds are analyzed hereunder.

FAILURE TO DISCLOSE:

The evidence of Gingras is clear and unambiguous. She stated that pursuant to the Applicant's 1996 application, the Ministry of Consumer and Commercial Relations called for and obtained the C.P.I.C report which contained all the criminal convictions pertaining to the Applicant. When in 1997 OMVIC took over the duties of the Ministry, it received from that Ministry the records of the Applicant, including the 1996 C.P.I.C. report. The Registrar therefore knew of the Applicant's convictions when the 1997, 1999 and 2001 applications were made. The Applicant himself was aware that OMVIC was in possession of that C.P.I.C. report, and it was on the strength of that report that the Registrar decided not to register the Applicant.

Gingras also conceded that in the Applicant's 1996, 1997 and 2001 applications, the Applicant did respond in the affirmative when asked if he had previous convictions. In responding in his 1999 application in the negative, it is clear in the Tribunal's mind that such negative statement was, as the Applicant stated in his testimony, "a mistake." There is in the Tribunal's opinion, no justification for the Registrar implying that there was intent on the Applicant's part to mislead the Registrar for he had already disclosed the fact of his convictions in his 1996 and 1997 applications.

Based on the Applicant's convictions, the Applicant was denied registration in 1996, 1997 and 1999. Again in 2001 the Applicant was denied registration due to his criminal convictions as contained in the C.P.I.C. report. The C.P.I.C report of July 27, 2001 indicated that there were no further or other convictions registered against the Applicant since 1995. The July 27, 2001 C.P.I.C. report mirrored the original report furnished to the Ministry of Consumer and Commercial Relations in 1995.

Accordingly, the Registrar was in possession of the Applicant's criminal convictions when he considered not only the Applicant's 1997 and 1999 applications but also his July 24, 2001 application. For the Registrar to imply that the Applicant had not disclosed his convictions in his July 24, 2001 application is both incorrect and unjustified. The Registrar did know of the Applicant's convictions when considering his 2001 application, as well as when he considered the 1997 and 1999 applications.

Accordingly, the Tribunal finds that in his applications the Applicant did disclose the fact that he had criminal convictions although he failed to give explicit details of such convictions. However, the Registrar became fully aware of the nature of the convictions as far back as 1997 when OMVIC commenced administering the Act and its regulations. The failure by the Applicant to be explicit in his 1999 application as to his convictions is in no way indicative of an intention to deceive the Registrar, particularly when the Registrar had full and complete knowledge of such convictions, and the Applicant had disclosed those convictions in his 1996 and 1997 applications.

The Tribunal accordingly believes that the Registrar erred in concluding that the Applicant was without integrity and honesty when he did not fully answer the questions regarding convictions in his 1999 application.

CRIMINAL CONVICTIONS:

The Applicant's convictions were recorded in March and April of 1995, some seven years ago, since which time the Applicant has been conviction free. The criminal acts upon which the convictions are based occurred some eight years ago, in the period commencing October 1993 and terminating with his arrest in March 1994. The Applicant has an unblemished record since the commission of the crimes and his convictions. He has made full restitution to the victims of his crimes in the amount of approximately \$80,000. There was no evidence to the contrary to show that the Applicant had not made full restitution. He pleaded guilty to the crimes of which he stands convicted. He disclosed his convictions to the Ministry of Consumer and Commercial Relations and OMVIC in his applications, other than in his 1999 application. The Tribunal found the Applicant forthright in his evidence when subjected to cross-examination. He did not attempt to colour his testimony or offer excuses for his past conduct, and he appeared to be remorseful of his conduct. The Tribunal accepts that in not disclosing his convictions in his 1999 application, the Applicant did not intend to mislead the Registrar and further accepts that the non disclosure was a "mistake."

The Applicant has since 1997 been employed by and has administered his wife's motor vehicle dealership. There is no evidence to show that consumers have been jeopardised through the Applicant's administration of his wife's dealership. There have been no complaints registered against the dealership. The Applicant, since the commission of his crimes, has married and become the father of two young children, ages nine and four years. The Applicant and his wife have jointly become the owners of a home. He has no debt, which speaks to his financial stability. Since his imprisonment he has been gainfully employed, initially as a truck driver with a firm owned by his brother-in-law and presently in the capacity of a manager of a motor vehicle dealership.

All the above are important factors in predicting the future behaviour of the Applicant should he be registered under the Act.

In contradiction to the above mitigating facts there are the convictions themselves. The crimes resulting in the convictions are industry related. The nature of the crimes are serious and the amounts involved were large. The past conduct of the Applicant was not only dishonest, but criminal.

The question to be dealt with by the Tribunal is whether the actual convictions of the Applicant are indicative that he will in the future not carry on business in accordance with the law and with integrity and honesty.

The Registrar bases his refusal to register the Applicant on the past conduct of the Applicant which the Registrar believes affords reasonable grounds to conclude that the Applicant will not carry on business in accordance with law and with integrity and honesty.

The Registrar has not placed any evidence before the Tribunal that the Applicant's behaviour

since 1993/1994 is indicative of conduct that would afford the Registrar reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty. Opposed to the Registrar's lack of evidence in the above regard are the uncontested mitigating factors to which the Applicant testified. The Applicant's unblemished conduct over the last eight years does not support the Registrar's belief that the Applicant should not be registered. The mitigating factors found by the Tribunal clearly outweigh any negative factors that stand in contradiction of the mitigating factors.

The penalty sought by the Registrar is too severe and the Tribunal believes that registration, subject to terms and conditions, are appropriate in this matter.

Accordingly, the Tribunal believes that the Applicant is entitled to registration as a motor vehicle salesperson, subject to terms and conditions.

DECISION:

Accordingly, the Tribunal pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, directs the Registrar to refrain from carrying out his proposal dated August 8, 2001 to refuse the Applicant's registration subject to the Applicant complying with the following five terms and conditions.

1. If the Applicant at any time in the future shall be charged with, found guilty of or convicted of any offence under any law he shall forthwith advise the Registrar.
2. If the Applicant at any time in the future is convicted of any charge under the Criminal Code of Canada, the Registrar shall be entitled to forthwith revoke the Applicant's registration as a motor vehicle salesperson under the Act.
3. The Applicant shall at no time in the future, unless with the Registrar's prior written consent, become an officer, director or partner in a motor vehicle dealership.
4. The Applicant shall not transfer his registration as a motor vehicle salesperson without the prior written consent of the Registrar.
5. The Applicant, in all his future applications for registration, renewal or reinstatement as a motor vehicle salesperson, shall fully and honestly answer all questions in his application forms. Should he fail to do so, the Registrar shall be entitled to forthwith revoke the Applicant's registration as a motor vehicle salesperson.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

Released: February 13, 2002

PREHEARING

L. J. KERNAGHAN LIMITED

APPEAL FROM A PROPOSAL BY THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REVOKE REGISTRATION

TRIBUNAL: DOUGLAS MACKINTOSH, Vice-Chair

APPEARANCES:

L. JOHN KERNAGHAN, agent representing the Applicant
CAROL STREET, Counsel, representing the Ontario New Home
Warranty Program

DATE OF
PREHEARING: February 7, 2002 teleconference

ORDER

Following the attendance at a prehearing by teleconference before the Licence Appeal Tribunal ("the Tribunal") on February 7, 2002 with L. John Kernaghan representing his company, L.J. Kernaghan Limited ("the Applicant") and Carol Street, Counsel representing the the Ontario New Home Warranty Program ("the Program");

The Tribunal makes the following order respecting the hearing scheduled to commence at 9:30 a.m. on Monday April 22, 2002 at the Tribunal's Chambers at 1 St. Clair Avenue West, 12th Floor Toronto and to continue if necessary on April 23 and April 24, 2002;

1. The Parties to the hearing are the Applicant and the Program.
2. The facts and evidence agreed upon between the Parties are attached and marked as Exhibit "A"
3.
 - (a) The Applicant must serve the Program, the Attorney Generals of Ontario and of Canada and file with the Tribunal on or before Friday March 8, 2002 with:
 - i) The particular provisions of any legislation, regulations, by-laws and the particular parts of the impugned Vendor and Builder's Agreement which the Applicant says infringes the Canadian Charter of Rights and Freedoms.

- ii) The particular sections of the Charter which the Applicant says are infringed and how these sections are infringed.
 - iii) The evidence, in affidavit form, which the Applicant relies on in support of i) and ii)
 - iv) The remedy the Applicant seeks from the Tribunal
 - v) A statement of issues, fact and law that summarizes the Applicant's Charter challenge.
- (b) The Program must serve the Applicant, the Attorney Generals of Ontario and Canada and file with the Tribunal on or before March 22, 2002 with:
- i) The evidence in affidavit form on which the Program relies in defending the Applicant's Charter challenge.
- ii) A statement of issues, fact and law that summarizes the Programs Response and defence to the Applicants's Charter challenge.
- (c) Either party may cross-examine the deponent of the opposing party on his or her affidavit. This must be completed between March 25, 2002 and April 5, 2002. Transcripts of the cross-examinations must be provided to the opposite party and filed with the Tribunal by April 12, 2002.

No viva voce evidence will be heard by the Tribunal at the ensuing hearing at this Tribunal with respect to the Charter issues unless specifically permitted by the Tribunal.

- 4. If either party fails to comply with these requirements, the Tribunal will not hear submissions from such party regarding the Charter issues.
- 5. Both parties to the hearing shall fully comply with the requirements of disclosure of documents and things under section 6.3 of the Rules of Practice of the Tribunal. In addition, both parties must comply with section 6.4 of the Rules of Practice of the Tribunal dealing with expert witnesses.
- 6. Although the above dates in this order have been agreed to by both parties, the Applicant, nevertheless, is encouraged to start the process sooner, if possible.

LICENCE APPEAL TRIBUNAL

BETWEEN:

1241757 ONTARIO LTD. O/A MARLIN TRAVEL

Applicant

- and -

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. 1241757 Ontario Ltd. o/a Marlin Travel (hereinafter referred to as the "Registrant") has been registered as a travel agent (registration number 4535613/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since July 24, 1997. The Registrant has a fiscal year end of May 31st.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
3. By letter dated April 23, 2001, the Travel Industry Council of Ontario ("TICO") requested that the Registrant file its financial statements for its fiscal year ending May 31, 2001 by August 31, 2001.

4. On August 30, 2001 TICO received a fax from the Registrant requesting a “small extension”, and made reference to its accountant, and the telephone number for the accountant.
5. On August 31, 2001 the Registrant was advised by fax, by TICO, that there was no provision in the Act for extensions, and that TICO was unable to agree to the Registrants request.
6. By letter dated September 20, 2001, TICO advised the Registrant to file its financial statements by September 30, 2001.
7. On October 3, 2001, the Registrant was issued a further final due date of October 11, 2001 to file its financial statements, failing which the Registrant was advised that a proposal to revoke its registration would be issued.
8. By October 30, 2001, the Registrant had failed to submit its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant’s registration.
9. To date, the Registrant’s financial statements for its fiscal year ended May 31, 2001, which were due by August 31, 2001, remain outstanding.

COMPLIANCE HISTORY – LATE FILING / WORKING CAPITAL

10. The Registrant has a history of late filing and failing to meet the minimum working capital requirements as summarized by paragraphs 11 through 16.
11. The Registrant’s financial statements for its fiscal year ended May 31, 1998 revealed a working capital shortage of \$8,175.00 based on the Registrant’s reported sales of \$927,172.00. The Registrant subsequently addressed this shortfall.
12. The Registrant’s financial statements for its fiscal year ended May 31, 1999, which were due by August 31, 1999, were filed on October 1, 1999. The statements, as filed, revealed a working capital shortfall of \$16,425.00 based on the Registrant’s reported sales of \$1,419,178.00. The Registrant subsequently addressed this shortfall.
13. The Registrant’s financial statements for its fiscal year ended May 31, 2000, which were due by August 31, 2000, were filed on September 25, 2000. The statements, as filed, revealed a working capital shortfall of \$25,000.00 based on the Registrant’s reported sales of \$2,228,521.00. The Registrant subsequently addressed this shortfall.

14. The Registrar issued a previous Proposal to Revoke the Registrant's registration on September 20, 2000 due to the Registrant's failure to file its Form 1 and make the corresponding payment to TICO for its fiscal year ended May 31, 2000, as required by section 47 of the Regulation.
15. On September 25, 2000, the Registrant completed its Form 1 for its fiscal year ended May 31, 2000.
16. On January 17, 2001, the Registrar withdrew his proposal dated September 20, 2000 and cautioned the Registrant that should circumstances require another proposal to be issued there may be sufficient grounds to believe that the Registrant is not capable of carrying on business in accordance with the law and with integrity and honesty and that any subsequent proposal may not be withdrawn, even if there is compliance after the proposal has been issued.
17. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated October 30, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall file its financial statements for its fiscal year ended May 31, 2001 by March 31, 2002;
 - (b) If the above-noted financial statements as filed reveal a working capital shortfall or are otherwise deficient, the Registrant will have 30 days from the date of notice of the deficiency to fully and completely address the deficiency and produce proof of such correction to the Registrar. Thereafter, the Registrant shall maintain the minimum working capital as required by section 25 of the Regulation or such subsequent provision as may be in force from time to time. The Registrar shall send a Notice of the deficiency, if any, by courier or registered mail to the Registrant.
 - (c) The Registrant shall file its financial statements for its fiscal year ended May 31, 2002 by August 31, 2002 and in accordance with section 24 of the Regulation or such subsequent provision as may be in force from time to time;

- (d) The Registrant shall file its financial statements for its fiscal year ended May 31, 2003 by August 31, 2003 and in accordance with section 24 of the Regulation or such subsequent provision as may be in force from time to time;
 - (e) The Registrant shall file Form 1 filing for its fiscal year ended May 30, 2002 on time and make the corresponding payments to TICO, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time; and
 - (f) The Registrant shall file its Form 1 filing for its fiscal half-year ending November 30, 2002 on time and make the corresponding payments to TICO, as required by section 47 of the Regulation or such subsequent provision as may be in force from time to time.
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) through (f) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Russell Hockey Enterprises Ltd. (hereinafter referred to as the "Registrant") has been registered as a travel agent (registration number 4671004/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since May 14, 1999. The Registrant has a fiscal year end of May 31st.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
3. By letter dated April 23, 2001, the Travel Industry Council of Ontario ("TICO") requested that the Registrant file its financial statements for its fiscal year ending May 31, 2001 by August 31, 2001.

4. By letter dated September 20, 2001, TICO advised the Registrant to file its financial statements by September 30, 2001.
5. On September 25, 2001, the Registrant faxed financial information to TICO. This information was unacceptable, because it was not reviewed and signed by a Licensed Public Accountant, as required by the Regulation.
6. On September 26, 2001, TICO telephoned the Registrant to advise that the financial information submitted was unacceptable. The Registrant advised TICO that the required information would be forthcoming.
7. On October 3, 2001, the Registrant was issued a further final due date of October 11, 2001 to file its financial statements, failing which the Registrant was advised that a proposal to revoke its registration would be issued.
8. On October 11, 2001, the Registrant faxed an exact copy of the unacceptable financial information, which had been previously faxed on September 25, 2001. TICO telephoned the Registrant, and again advised that the financial information submitted was unacceptable.
9. By October 30, 2001, the Registrant had failed to submit its financial statements as required by the Regulation. On that date, the Registrar issued a Proposal to Revoke the Registrant's registration.
10. To date, the Registrant's financial statements for its fiscal year ended May 31, 2001, which were due by August 31, 2001, remain outstanding.
11. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated October 30, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall file its financial statements for its fiscal year ended May 31, 2001 by March 31, 2002;

- (b) If the above-noted financial statements as filed reveal a working capital shortfall or are otherwise deficient, the Registrant will have 30 days from the date of notice of the deficiency to fully and completely address the deficiency and produce proof of such correction to the Registrar. Thereafter, the Registrant shall maintain the minimum working capital as required by section 25 of the Regulation or such subsequent provision as may be in force from time to time. The Registrar shall send a Notice of the deficiency, if any, by courier or registered mail to the Registrant; and
 - (c) The Registrant shall file its financial statements for its fiscal year ended May 31, 2002 by August 31, 2002 and in accordance with section 24 of the Regulation or such subsequent provision as may be in force from time to time.
- 3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) through (c) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
 - 4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED this ____ day of February, 2002

Mr. Robert Russell
Russell Hockey Enterprises Ltd.
I have authority to bind the company

Mr. Michael Pepper
Registrar, *Travel Industry Act*

OLYMPIC HOLIDAYS CANADA LTD.

TRAVEL INDUSTRY ACT
Revised Statutes of Ontario, 1990 Chapter T.19

APPEARANCES:

SHEILA GIBSON, representing herself
EUGENE ZALUCKY, Counsel, representing the Respondent,
MICHAEL NEWEDIUK of Newediuk Funeral Home
BERNIE LEBLANC, Counsel, representing the Board of Funeral
Services

DATE OF
HEARING:

December 17, 2001

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This matter was commenced by the decision of the Complaints Committee dated April 4, 2001 and released on May 14, 2001 by the Registrar, Board of Funeral Services. The Complainant, Sheila Gibson, by her Notice of Appeal dated May 15, 2001 requested a hearing before the Tribunal under the *Funeral Directors and Establishments Act* (the "Act"). The hearing was held on December 17, 2001 with the Complainant, Sheila Gibson, and the Respondent, Michael Newediuk, and the Registrar, Board of Funeral Services, in attendance.

ISSUES:

Did the Complaints Committee of the Board of Funeral Services err in not referring the complaint of Sheila Gibson to the Discipline Committee of the Board of Funeral Services?

EVIDENCE:

Preliminary Matters:

The Applicant had a number of photographs of the mausoleum. The Tribunal did not find these to be relevant and they were not admitted into evidence. The death certificate of Brian John Gibson was admitted as an exhibit.

Opening Statements:

Applicant:

The Applicant submitted that the Complaints Committee based its decision on materials that were not relevant. She stated that she was not treated properly by the Funeral Home. She submitted that the Funeral Home should act by what is right and not by who is paying the bill.

Respondent:

Counsel stated that the conduct of the Respondent did not warrant a referral to the Discipline Committee. The funeral director is not responsible for the arrangements at the cemetery or for the inscription on the marker.

The Tribunal should consider the decision in Brenner. The Tribunal must find that the Complaints Committee was wrong in its decision.

Counsel submitted that though a trial was mentioned, nothing in the Complaints Committee decision turns on that. In this case the funeral home gave reasonable advice. There was a family situation in which the funeral director had no ability to resolve the dispute.

Board of Funeral Services:

Counsel stated that the Board of Funeral Services did not wish to take an active role in this case.

Testimony of Sheila Gibson:

Ms. Gibson testified that she had custody of her young son, Brian, by a court order in April, 1992. She was in a car accident on November 18, 1994. Her son, Brian, was injured in that accident. His father, Brian MacDonald, was notified. Mr. MacDonald came to the hospital on November 19th. The child was on life support and was brain dead. Following the visit to the

hospital, Mr. MacDonald went to the Newediuk Funeral Home.

Ms. Gibson testified that on November 20th, 1994 her child was pronounced dead. He was three years of age. At that time she was at another hospital having treatment for her injuries. On November 21st her sister brought Ms. Gibson to Toronto. While at her sister's house, Ms. Gibson telephoned the Newediuk Funeral Home at 4:00 pm on November 21st. She thought she was speaking to Mr. Michael Newediuk but it could have been his son. She requested that her son Brian be buried in a tuxedo which she would be providing prior to the burial.

Ms. Gibson stated that she was told that Mr. MacDonald was paying for the funeral and that clothes for Brian had already been provided by Mr. MacDonald. She was told to discuss the matter with Mr. MacDonald. She told the funeral home that she could not speak to Mr. MacDonald.

Ms. Gibson stated that after this conversation she did speak to Mr. MacDonald's sister, Helen, to ask that Brian be buried in the proper clothing. Helen did not want to get involved. Ms. Gibson then called the Funeral Home on November 21st at 4:30 pm to speak to Michael Newediuk but he was not available. The viewing was scheduled from 2 pm to 4 pm on November 22nd, 1994. Ms. Gibson took the tuxedo over to the Funeral Home and spoke to an employee there. She wanted Brian to be put in the tuxedo, but her request was ignored by this employee. On November 23rd Ms. Gibson attended the funeral in the morning and then went to the cemetery. She was shocked to find that Brian was not being buried in the family plot which contained a still born baby girl. Instead he was buried in the mausoleum in the same cemetery, Glendale Memorial Gardens.

Ms. Gibson stated that she had no discussions with Mr. Newediuk about the burial arrangements. She did discuss the burial arrangements with Mr. MacDonald. Ms. Gibson stated that Brian was not buried in accordance with the discussion she had with Mr. MacDonald.

Ms. Gibson testified that she asked the Funeral Home for a copy of the death certificate. She telephoned the Funeral Home from November of 1994 to January of 1995 asking to speak to Mr. Newediuk. She does not know who she spoke to at the Funeral Home. She sent a letter on January 10, 1995. She did not get a response, and finally she got the death certificate from the Registrar's office in Thunder Bay.

Under cross-examination, Ms. Gibson stated that Brian had lived with her in Simcoe and Mr. MacDonald had access to him every other weekend. Ms. Gibson believed that she had sole custody of Brian, not joint custody.

Ms. Gibson stated that though the doctors suggested taking Brian off life support and Mr. MacDonald agreed to that, she did not want it to happen. She held Brian in her arms when he was taken off life support.

Ms. Gibson agreed that Mr. MacDonald had told her he was making the funeral arrangements.

She had used Newediuk Funeral Home when they had the still born baby. She did not oppose Mr. MacDonald making the funeral arrangements.

Ms. Gibson could not recall if Mr. Newediuk told her that he had spoken to Mr. MacDonald about the clothing and that Mr. MacDonald had not consented to it.

According to Ms. Gibson, Mr. MacDonald was not a father to Brian as he did not pay child support for Brian.

Ms. Gibson agreed she had not discussed the burial arrangements with the Newediuk Funeral Home.

In response to the question of why she made the complaint after six years, Ms. Gibson responded that after her conviction she had restrictions and conditions on her. It was in 2001 that she was finally off probation.

Testimony of Carol McComb:

Ms. McComb is a friend of Ms. Gibson. She had given Ms. Gibson a tuxedo for Brian at the Christmas prior to the accident. She could see that Ms. Gibson was distraught when at the viewing at the Funeral Home. Ms. Gibson had brought the tuxedo wrapped in plastic to the Funeral Home. The employee had said there was nothing they could do about this and that she should put the tuxedo away and go over to the Gibson side of the room.

Under cross-examination, Ms. McComb stated she did not know who Ms. Gibson spoke to about the tuxedo. The arrangements were made by Mr. MacDonald. They were to stay on opposite sides of the room. Brian was dressed in child's clothes like jeans.

Testimony of Judy Gibson:

Ms. Judy Gibson is the sister of the Complainant, Sheila Gibson. She testified that Ms. Gibson told her that the Funeral Home had said that if she could not resolve the issue of the clothing then she could take the funeral elsewhere. She knew that her sister made a number of calls to the Funeral Home but Mr. Newediuk was not available. Ms. Gibson stated that it was a very emotional situation.

Under cross-examination, Ms. Gibson stated that she did not have a direct conversation with the Funeral Home. Her sister made the telephone calls from her kitchen in Toronto.

Testimony of Brian MacDonald:

Mr. MacDonald is the natural father of the child Brian John MacDonald. Mr. MacDonald said that the child was registered as Brian John MacDonald at birth, but subsequently, he believed, the child's name was changed to Brian John Gibson.

Mr. MacDonald would visit Brian every second weekend. He was under the impression that he had joint custody.

On November 19th, 1994 he spoke to his son that morning. Brian was coming to Toronto for the Santa Claus parade that weekend. He never heard from them. Ms. Gibson's father told Mr. MacDonald that Brian had been hospitalized but did not say it was serious. Mr. MacDonald telephoned hospitals until he found his son at the London Hospital. He went there on the Friday night and spoke to the doctors. Brian was on a number of machines. Ms. Gibson was not there. He did have a brief discussion with Ms. Gibson on Saturday.

Brian died in his arms. Ms. Gibson was not there when the child died as Brian lasted some time after he was off the machines. Mr. MacDonald stated that Ms. Gibson did not object to Brian going off the machines nor to him making the funeral arrangements. He went to the Newediuk Funeral Home on the Sunday evening. He made the arrangements and paid for the funeral.

Mr. MacDonald stated that he remembered at some point that Ms. Gibson wanted a limo for her parents. He buried Brian in jeans, Power Rangers sweat shirt and his jean jacket. Those were Brian's favorite clothes. He remembered someone calling him from the Funeral Home about Ms. Gibson's request that Brian be buried in a suit. He refused that request. Mr. MacDonald could not recall if Ms. Gibson ever spoke to him directly about the clothes. He did make the funeral arrangements with Newediuk Funeral Home and the burial arrangements with the cemetery.

Testimony of Michael William Sanders:

Mr. Sanders is a licensed funeral director. He has been licensed since September, 1978. He recalled that Mr. MacDonald called him on Saturday to say that Brian was not expected to live. They discussed the transportation issues as the child was out of town. On Sunday, Mr. MacDonald called him to say that Brian had died. Mr. Sanders then called the hospital in London.

Mr. Sanders stated that the funeral arrangements were made by Mr. MacDonald and his sister and paid for by them. Mr. MacDonald told him that Ms. Gibson knew that the funeral arrangements were being made by Mr. MacDonald.

Mr. Sanders stated that the death was registered in the name of John Brian Gibson. Mr. MacDonald brought in the clothing for the child. Mr. Sanders had no contact with Ms. Gibson. When Ms. Gibson spoke of Mike she was referring to Michael Newediuk.

In response to a question from the Tribunal, Mr. Sanders stated that there were no guidelines for funeral directors as to who should make the funeral arrangements in these circumstances. Custody was never discussed nor was the issue of who had the legal care of the child. Mr. Sanders stated that he had never been involved in this type of situation before. He was not aware of any directives from the Registrar on this issue. He did not know there was any

dispute between the parties regarding the funeral arrangements.

Testimony of Michael Newediuk:

Mr. Newediuk stated that he has been a licensed funeral director since 1989. He is the manager of Newediuk Funeral Home. Ms. Gibson called the funeral home regarding the issue of clothing. Mr. Newediuk knew she was the mother of the child. She had a tuxedo which she wanted Brian to wear for the burial but he already had clothes for the child which had been given to him by the father. Mr. Newediuk told Ms. Gibson that the child was dressed in that clothing. He told her that he would have to contact Mr. MacDonald about this issue of clothing.

Mr. Newediuk stated there was no discussion as to custody, and he had not questioned Mr. MacDonald's right to make the funeral arrangements.

Mr. Newediuk stated that he contacted Mr. MacDonald who told him that he wanted Brian in the clothing provided by Mr. MacDonald. Mr. Newediuk then told Ms. Gibson that Mr. MacDonald did not agree to the tuxedo and she would have to speak to Mr. MacDonald and reach some resolution of this issue. As he did not hear further from Ms. Gibson Mr. Newediuk thought the matter had been settled. Mr. Newediuk was not at the Funeral House for the viewing but conducted the funeral the next day. Mr. Newediuk has no recollection of any other requests by Ms. Gibson. The next time he heard about the clothing issue was when he got notice of Ms. Gibson's complaint.

Mr. Newediuk stated that he had no knowledge of the telephone calls made by Ms. Gibson after the funeral. He has a pager and his staff can reach him at any time. There were no messages from her. He had no correspondence from her.

Mr. Newediuk testified that he had no recollection of Ms. Gibson stating to him that she had custody of Brian. There are no guidelines to establish custody of a child prior to making the funeral arrangements.

Under cross-examination, Mr. Newediuk stated that his employee would have been reprimanded for saying to Ms. Gibson to stay on one side of the room if he had known about this comment.

In response to a question from the Tribunal, Mr. Newediuk stated that if he had thought there was a dispute he would have sought advice from the Register, Board of Funeral Services or from legal counsel. He did not think there was an outstanding issue.

Closing Statements:

By Ms. Gibson:

Ms. Gibson stated that there should be guidelines for funeral directors to follow in these situations. She had told the Funeral Home that she had sole custody of the child.

By Counsel for Mr. Newediuk:

Counsel stated that even if the Tribunal accepts the evidence of Ms. Gibson, it still falls far short of being misconduct. Mr. Newediuk never refused to listen to Ms. Gibson. He had expected that if the problem had remained, Ms. Gibson would have contacted him again. But that did not happen.

Counsel stated that the Complaints Committee did what they were supposed to do. They set out the evidence in their report.

Counsel stated that the Alice Spokina case (CRAT Feb.1999) dealt with a conflict within the family over the private viewing of the body. This case cites the Brenner case 19 CRAT SCO Decisions and Orders (1971-1989). The test is as follows: "The effect of Section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty."

LEGISLATION:

The relevant legislation is the *Funeral Directors and Establishments Act* which provides as follows:

Section 14(1) The Complaints Committee shall consider and investigate complaints regarding the conduct or actions of any licensee, but no action shall be taken by the Complaints Committee under subsection (2) unless,

- a) a written complaint has been filed with the Registrar and the licensee whose conduct or actions are being investigated has been notified of the complaint and given at least two weeks in which to submit in writing to the Committee any explanations or representations the licensee may wish to make concerning the matter; and
- b) the Committee has examined or has made every reasonable effort to examine all records and other documents relating to the complaint.

(2) The Complaints Committee in accordance with the information it receives may,

- (a) consider all or part of the matter;
- (b) direct that all or part of the matter be referred to the Discipline Committee; and
- (c) subject to subsection (9), take or recommend such action that it considers appropriate in the circumstances and that is not inconsistent with this Act, the regulations or the bylaws.

(3) The Complaints Committee shall advise the Registrar in writing of the action it proposes to take or recommend and its reasons therefor.

(4) Subsections (3) and (6) do not apply to a matter that is referred to the Discipline Committee.

(5) The Complaints Committee is not required to hold a hearing or to afford any person an opportunity for a hearing or to make oral submissions before it prior to it taking action or making a recommendation under this section.

(6) The Registrar shall send to the complainant and to the person complained against by prepaid first class mail a copy of the proposal of the Complaints Committee and its reasons therefore, if any, together with notice that informs the person to whom it is sent that the person is entitled to a hearing by the Tribunal if the person mails or delivers to the Registrar and to the Tribunal, within fifteen days after the notice is served on the person, notice in writing requiring a hearing and the person may so require such a hearing.

(7) If a complainant or the person complained against does not require a hearing by the Tribunal, the Complaints Committee may carry out the proposal stated in the notice to the complainant or the person complained against.

(8) If the complainant or the person complained against requires a hearing, the Tribunal shall appoint a time for and hold a hearing.

(9) After holding a hearing, the Tribunal may by order direct the Complaints Committee to carry out the proposal or refrain from carrying out the proposal and to take such action as the Tribunal considers the Complaints Committee ought to take in accordance with this Act and the regulations and, for such purposes, the Tribunal may substitute its opinion for that of the Complaints Committee.

(10) The Tribunal may attach such conditions to its order as it considers proper to give effect to the purposes of this Act.

(11) The Registrar, the person who required the hearing and such other persons as the Tribunal may specify are parties to proceedings before the Tribunal under this section.

APPLICATION OF LAW TO FACTS:

This is a complaint brought by Ms Gibson against Mr. Newediuk and the Newediuk Funeral Home. The funeral of her son had taken place on November 23, 1994. Ms. Gibson sent a written complaint to the Registrar, Board of Funeral Services on January 26, 2001. The Complaints Committee of the Board of Funeral Services by its decision dated April 4, 2001 and released to Ms. Gibson on May 14, 2001 found that the complaints of Ms. Gibson had no basis for a referral to the Discipline Committee. Ms. Gibson upon receipt of this decision of the Complaints Committee filed a Notice of Appeal dated May 15th, 2001 with the Tribunal. In her Notice of Appeal, Ms. Gibson listed her complaints as follows: 1. Her rights were violated; 2. Her son was buried with the wrong surname and in the wrong place in the cemetery; 3. The information considered by the Complaints Committee was not relevant; and 4. The Newediuk Funeral Home acted inappropriately and in a rude fashion to her. The Tribunal will deal with

each issue in turn.

1. Her rights were violated as the custodian parent:

Ms. Gibson stated that she was the custodian parent of the child Brian Gibson. She stated that this was by court order. Mr. MacDonald, the natural father of the child, suggested that it was a joint custody order. The custody order was not filed as an exhibit. The Tribunal assumes that Ms. Gibson does have legal custody. Her letter of January 26, 2001 speaks of her being the custodial parent. That was not challenged by Mr. Newediuk or his counsel.

When asked by the Tribunal, both Mr. Sanders and Mr. Newediuk stated that they knew of no directives or guidelines established by the Board of Funeral Services to assist funeral directors when dealing with the death of minor children of separated or divorced parents. Both funeral directors stated that they were not told of any formal custodial arrangements by either Mr. MacDonald or Ms. Gibson. They knew that Mr. MacDonald was the father of the deceased child. They were not aware that Ms. Gibson was challenging the authority of Mr. MacDonald to make the arrangements. Mr. Newediuk stated that if he had known of any dispute in such a situation he would have sought advice from the Registrar, Board of Funeral Services or from legal counsel.

The Tribunal was surprised that there are no directives or guidelines issued by the Board of Funeral Services to assist funeral directors with such difficult legal situations. Divorce, separation and blended families are quite common in today's society. The death of a minor child will always be a terribly stressful event for the parents and for the funeral directors who are guiding the grieving parents through the funeral rites. It would be extremely helpful if the Board of Funeral Services were to issue some directives or guidelines to its funeral directors so they are aware of any legal or ethical problems when dealing with the death of a minor child whose parents are separated or divorced. It does not necessarily follow that the parent who arranges the funeral services and pays the bills is in control of the process.

In this case the Tribunal does not find that Ms. Gibson's rights as a custodial parent were violated. She testified that Mr. MacDonald informed her that he would make the funeral arrangements. She knew the Newediuk Funeral Home, as they had buried a still born baby using its services. She did not oppose Mr. MacDonald making the funeral arrangements. Ms. Gibson cannot now state that her rights were violated when over seven years ago she did not vocalize any opposition to Mr. MacDonald making the funeral arrangements. Although neither Mr. Sanders nor Mr. Newediuk inquired into custody, that does not mean that they violated the rights of Ms. Gibson. It is the opinion of the Tribunal that this ground of the complaint has no legal basis.

2. Her son was buried with the wrong name and in the wrong place in the cemetery:

Ms. Gibson testified that though she obtained custody of her son under the name of Brian John MacDonald, she had legally changed his surname to Brian John Gibson. Mr. MacDonald

testified that his son had been registered at birth as Brian John MacDonald. He thought the name had been changed. He told the Complaints Committee that the surname had been changed without his consent. It was the testimony of Mr. Sanders and Mr. Newediuk that the Newediuk Funeral Home dealt with the funeral arrangements. Mr. MacDonald stated that he made separate arrangements with Glendale Gardens for the burial arrangements.

The Tribunal finds no basis for the complaint by Ms. Gibson. The Newediuk Funeral Home was responsible for the funeral arrangements only. They did register the child as Brian John Gibson. They were not responsible for the burial arrangements for the child. Ms. Gibson would need to deal with Glendale Gardens on that point and arrange with them to change the headstone. Having seen the interaction between Ms. Gibson and Mr. MacDonald in the hearing room, the Tribunal is quite aware of the animosity between these parties. While it is upsetting to Ms. Gibson that her son is buried with an incorrect headstone, she cannot attribute that error to Newediuk Funeral Home but more likely to Mr. MacDonald who had and continues to show great anger towards her over the death of his son. He made the burial arrangements, and he told Glendale Gardens what name to be inscribed on the headstone. As to where the child was buried, that again is not the responsibility of Newediuk Funeral Homes but Mr. MacDonald. Ms. Gibson did not show any inclination to challenge the decisions of Mr. MacDonald at the time of the burial and it is not appropriate to do so now. In any event, this Tribunal has no authority to exhume bodies. The child has been buried now for over seven years.

3. The Complaints Committee looked at materials that were not relevant to the complaint:

Under section 14(1) of the *Funeral Directors and Establishments Act* the Complaints Committee has the authority to examine all records or other documents relating to the complaint. Though Ms. Gibson does not go into specifics on this ground in her Notice of Appeal nor in her verbal testimony, the Tribunal assumes she is complaining of the information that the Complaints Committee received from Mr. MacDonald and Mrs. Misener, the sister of Mr. MacDonald. Though this information might cause some distress to Ms. Gibson it would appear to be factually correct. She was convicted of impaired driving arising out of the accident in which her son was injured. Her son did die from those injuries. There were newspaper articles arising out of the criminal trial and her conviction. The Complaints Committee did not specifically mention these matters in its reasons for decision. This was quite proper as these facts had no bearing on the issues before the Complaints Committee which were dealing with the conduct of Mr. Newediuk. Under section 14(2) of the *Funeral Directors and Establishments Act*, the Complaints Committee can consider all or part of the materials before it. The Tribunal finds that the Complaints Committee acted properly in its consideration of the evidence.

4. That Newediuk Funeral Home acted inappropriately and in a rude fashion to Ms. Gibson

Ms. Gibson stated that Mr. Newediuk did not act appropriately when he denied her request to

have her son buried in a tuxedo. As well she and her family and friends were told to stay on one side of the room during the viewing of the body and nothing was done about the tuxedo when she brought it with her to the viewing. She further stated that her requests for a copy of the death certificate were not honoured. Mr. Newediuk stated that he had a conversation with Ms. Gibson, was told about her wishes, contacted Mr. MacDonald who said no to the tuxedo and then spoke to Ms. Gibson and asked her to reach some resolution of the matter with Mr. MacDonald.

He said he was not present for the viewing of the body though he was present at the funeral. He had no knowledge that she was trying to contact him after his initial telephone conversations with Ms. Gibson. He did not receive the letter dated January 10, 1995 requesting the death certificate although he agreed the address in the letter for the Newediuk Funeral Home was correct. There is no postal receipt to indicate the letter was ever mailed to the Funeral Home.

The Tribunal finds that if there is any discrepancies between the testimony of Mr. Newediuk and that of Ms. Gibson, the Tribunal accepts that of Mr. Newediuk. Ms. Gibson in her verbal testimony before the Tribunal contradicted a number of statements made in her letter of written complaint dated January 26, 2001 to the Registrar, Board of Funeral Services. She stated in her letter that Mr. MacDonald made the funeral arrangements with Newediuk Funeral Home without her knowledge, yet in her testimony she stated that she knew he was going to make such arrangements as he told her when they talked at the hospital on the Saturday. In her letter, she says Mr. Newediuk only told her Mr. MacDonald was paying for the funeral and they would follow his requests. However, in her testimony, she stated that Mr. Newediuk had asked her to talk to Mr. MacDonald about the matter.

The Tribunal finds that Mr. Newediuk did not act inappropriately. He tried to mediate between the parties. He did contact Mr. MacDonald and told him of Ms. Gibson's request. He asked Ms. Gibson to discuss the matter with Mr. MacDonald. When he did not hear back from Ms. Gibson, he assumed an agreement had been reached between the parties. While that was a wrong assumption, it was still up to Ms. Gibson to assert herself if this was a matter of serious concern. Going to the viewing with the tuxedo is not appropriate as by that time Ms. Gibson should have realized that the child was already dressed for the burial. If Ms. Gibson and Ms. McComb thought the attendant was rude, that should have been brought to the attention of someone in authority at the funeral home. As Mr. Newediuk stated, such a comment was not proper and the employee would have been reprimanded if he had known of that comment. The Tribunal does not find this ground of complaint to have any legal basis.

The Tribunal finds that the Complaints Committee decision was correct and dismisses the grounds of appeal stated by Ms. Gibson. In so doing, the Tribunal is sympathetic to the circumstances of Ms. Gibson and the tragic circumstances that led to his death. The Tribunal considered the delay of over six years before sending the January 26, 2001 to be a significant factor. Despite the evidence of Ms. Gibson that she was confined by certain conditions on her probation, there was nothing presented to show that she was prevented from sending a letter of complaint within a reasonable period of time after the funeral of her son. It is obvious that

Ms. Gibson continues to emotionally suffer from the death of her son. It would be in her best interests if she were to seek out professional help to counsel her and provide closure in this matter.

ORDER:

Pursuant to the authority vested in it by section 14(9) of the *Funeral Directors and Establishments Act*, the Tribunal orders the Complaints Committee of the Board of Funeral Services to refrain from referring the complaint of Sheila Gibson made against Michael Newediuk of Newediuk's Funeral Home Limited to the Discipline Committee of the Board of Funeral Services.

Warranty Program

DATE OF
PREHEARING: February 18, 2002 Toronto

ORDER

FOLLOWING attendances on February 18, 2002 at a prehearing before this Tribunal of Richard McPhee, Agent, appearing on behalf of Richard McPhee and Company Limited (the "Applicant"), and Carol Street, Counsel on behalf of the Ontario New Home Warranty Program (the "Program");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, April 15, 2002 at the Tribunal's Chambers, 1 St. Clair, Avenue West, 12th Floor, Toronto, Ontario and to continue if necessary on April 16 and 17, 2002 at the Tribunal's above chambers;

1. The Parties to the hearing are the Applicant and the Program.
2. Attached to this Order is a Statement of Facts marked "B" with its attachment marked "Exhibit A". This was presented at the prehearing by Carol Street, Counsel for the Program. Both the Program and the Applicant agreed that the facts enumerated in paragraphs 1 through 14 inclusive, are facts that the parties have agreed upon.

3.

a) The Applicant must serve the Program and the Attorney General, and file with the Tribunal, on or before March 15, 2002 the following:

- i) The particular provisions of any legislation, regulations, bylaws, and/or the impugned Vendor and Builders Agreements that the Applicant says infringes the Charter.
- ii) The sections of the Charter that the Applicant says are infringed, and how they are infringed.
- iii) The evidence, in affidavit form, that the Applicant relies upon in support of i) and ii);
- iv) The remedy the Applicant seeks from the Tribunal;
- v) A statement of issues, fact and law that summarizes the Applicant's Charter challenge.

b) The Program must serve the Applicant, the Attorneys General of Ontario and of Canada and file with the Tribunal on or before April 2, 2002 the following:

- i) The evidence, in affidavit form, on which the Program relies in defending the Applicant's Charter challenge;
- ii) A statement of issues, fact and law that summarizes the Program's response and defence to the Applicant's Charter challenge.

c) Either party may cross-examine the deponents of the opposing party's affidavits. These cross-examinations must take place between April 3 and April 10, 2002 inclusive. Transcripts of the cross-examinations must be provided to opposing counsel and filed with the Tribunal on or before April 12, 2002. No viva voce evidence will be heard by the Tribunal at the hearing with respect to Charter issues unless permitted by the Tribunal.

d) If either party fails to comply with paragraphs 3(a) through 3(c) above, the Tribunal will not hear submissions from such party regarding the Charter issues.

4. All parties to the hearing shall fully comply with the requirements of disclosure of documents or things as set forth in Rule 6.3 of the Rules of Practice of the Tribunal. All parties shall also fully comply with the disclosure requirements set forth in Rule 6.4 of the Rules of Practice of the Tribunal dealing with expert witnesses.

5. There was no settlement of any of the issues dealt with in the Registrar's Notice of

Proposal and those issues remain to be decided at the hearing.

6. The Tribunal noted at this prehearing that the Applicant made reference to possible further reasons for appeal. The Tribunal urged the Applicant to advise the Program of any such reasons well in advance of the hearing to avoid objections being raised by the Program.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

RELEASED: February 19, 2002

D'ANGELO, MARCO

MARCO D'ANGELO

**Appeal under section 50.2 of the *Highway Traffic Act*,
R.S.O. 1990, Chap.H.8 as amended (the "Act"), from
the Order of the Registrar of Motor Vehicles
pursuant to section 55.1(3) of the Act.**

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: CHARLES J. SANDIFORD,
Presiding member

APPEARANCES: KIM BEINTEMA
Representative for the Registrar of Motor Vehicles

MARCO D'ANGELO, Applicant
unrepresented

DATE OF HEARING: February 15, 2002

DECISION RELEASED: February 19, 2002 Orillia

REASONS FOR DECISION

A hearing was held on February 15, 2002, at Orillia, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Marco D'Angelo (the "Applicant")
Motor Vehicle:	1983 Chevrolet Pickup, plate no. 4910EY (the "vehicle")
Date of Appeal:	January 25, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on February 15, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

January 23, 2002-02-05

I Marco D'Angelo, am the owner of the 1983 Chevrolet pick up truck plate number 491 0EY, impound order number 2500197. I am appealing the order for the impoundment of my truck.

The driver Les Cruickshanks was under hire to do repairs on my truck. He was not given permission to drive my truck. He told me of the suspension of his license. That is why I made arrangements with his girlfriend Robin to deliver the truck back to me. I needed it to plow that evening. He had informed Officer Wallbank of the situation immediately. Office Wallbank was aware that Les did not have authority to drive the truck. I also informed Officer Wallbank of the situation when I arrived. I told him myself that Les Cruickshanks did not have permission to drive the truck. There was no room for doubt in the matter of who was to be driving the truck. Under advisement of my lawyer my truck should not have been impounded at all.

I need my truck for plowing this winter. Without it we will suffer monetary loss that could be devastating. The purchase of my house and the costs of an upcoming wedding have us in the need of extra money. The extra money from plowing is keeping our ends met. The loss of the truck for 45 days will surely see us through the end of the winter season and no means for us to make up the loss of income.

Sincerely
Marco P. D'Angelo

During the Applicant's testimony he stated he was fully aware of the driver's licence of Les Cruickshank's was suspended for driving while impaired. That being the case, further investigation of this issue would be redundant.

The Applicant again stated he made it very clear to Cruickshank that he was not to drive the truck, only repair it. The driving of the vehicle was delegated to Cruickshank's girlfriend, Robin.

The Respondent questioned the Applicant in respect to his fulltime job. He is on the counter of a large auto parts firm for the past five years where he earns thirty nine thousand dollars a year. His income from clearing driveways is up to eight hundred dollars annually. His customers are his brother, parents and a neighbour.

He has another vehicle for personal transportation, which is a 1991 Corsica.

He offered a copy of an invoice for the part, which Cruickshank needed to repair his truck, which was entered as Exhibit #3. He stated that he had known Cruickshank for a long time and he had repaired his truck many times in the past and felt he would not drive the vehicle as requested.

The lawyer referred to in the Applicant's submission was actually a quasi-legal service. The Applicant offered no witnesses.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Leslie Thomas Cruickshanks;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol Content in Excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until November 26, 2002.

The Respondent's representative reestablished that the Applicant was fully aware that Cruickshank's licence was under suspension and reviewed the terms of the Act under which the Applicant was seeking his appeal.

Constable Wallbank testified as a witness for the Respondent. Constable Wallbank has spent fifteen years in police service work and has been with OPP for the past eighteen months. Some member of the Applicant's circle of friends informed Constable Wallbank that Cruickshank never stopped driving after his conviction and was at this time driving the Applicant's truck, which led to his apprehension. Wallbank was advised of this information by email from his office as it dealt with his area of patrol. The unknown informant also stated that Cruickshank worked for the Applicant plowing driveways and had for sometime.

The Respondent's representative in her closing remarks asked the Tribunal to give

considerable weight to the officer's evidence even though it was clearly hearsay.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection

50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has appealed under section 50.2(3)(c) and (d) of the Act. With respect to Section (c), the Applicant argued that he did exercise due diligence to determine the status of the driver's licence. He was aware without any investigation that Cruickshank's licence to drive had been suspended. Failure to make any investigation is not "due diligence." More importantly section 50.2(3)(c) requires due diligence to determine that the driver's licence was not under suspension. Here the driver's licence was under suspension. This fact obviated the need for any "due diligence" as described in the Act. The Applicant's decision to allow Cruickshank and his friend to take the vehicle under these circumstances was an extreme risk.

In regard to 50.2(d) of the Act, the Applicant argued that the impoundment of the vehicle will and has resulted in exceptional hardship due to the loss of earning from the truck which will support the upcoming wedding expense and house repairs he has undertaken and indeed his ability to "make ends meet."

Section 22 of Regulation 632/98 is very specific and provides the Tribunal with clear criteria that must be met by the Applicant in order to establish exceptional hardship as a result of the impoundment.

The Tribunal cannot consider any other factors arising from or directly related to the impoundment itself.

Under section 22(2) of the Regulation 632/98 the Tribunal cannot consider financial or economic loss or loss of employment or employment opportunity unless the Applicant demonstrates that all the criteria set out in section 22(3) apply. One of those criteria is that no alternative to the impounded vehicle is available.

In this case, the Applicant's impounded vehicle was used to clear snow. the Applicant offered no evidence that an attempt to secure an alternate vehicle was undertaken. The loss while immediate, was not significant nor lasting. The income from the use of the impounded vehicle is secondary to his salary from his regular employment which is unaffected by the impoundment of the subject vehicle as he has another car for transportation.

The burden of proof to provide evidence for the grounds of the Applicant's appeal under section 50.2(3)(c) and (d) of the Act is that of the Applicant. The Tribunal based on the evidence presented does not find support for Applicant's Appeal.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

DATE OF HEARING: February 14, 2002

DECISION RELEASED: February 20, 2002 Toronto

REASONS FOR DECISION

A hearing was held on February 14, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Alexis E. Everson (the "Applicant")
Motor Vehicle:	1991 Volkswagon Jetta, plate no. AMDJ 866 (the "vehicle")
Date of Appeal:	January 28, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on February 14, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I AM APPEALING THIS IMPOUNDMENT ON THE FOLLOWING BASIS:

1. EXCEPTIONAL HARDSHIP: I AM A REAL ESTATE SALES REPRESENTATIVE AND REQUIRE MY VEHICLE TO TRAVEL TO AND TRANSPORT CLIENTS TO AND FROM PROPERTIES IN ORDER TO EARN A LIVING. I HAVE BEEN UNABLE TO RENT A VEHICLE BECAUSE I DO NOT HAVE A CREDIT CARD. I HAVE, ALSO, BEEN UNSUCCESSFUL IN BORROWING A VEHICLE.
2. MY DAUGHTER, SHIRLEY EVERSON, WHO DROVE MY VEHICLE TO THE LOCATION AT WHICH IT WAS IMPOUNDED, ASSURED ME THAT SHE HELD A VALID DRIVER'S LICENCE. I WAS AWARE THAT IT HAD BEEN SUSPENDED AT SOME TIME PRIOR TO THE LETTER OF REINSTATEMENT DATED SEPT 5, 2000 (COPY ENCLOSED). I WAS UNAWARE THAT IT HAD BEEN SUSPENDED A SECOND TIME AND HAD NO REASON TO DOUBT MY DAUGHTER'S WORD. IF I HAD KNOWN THAT HER LICENCE WAS UNDER SUSPENSION I WOULD NOT HAVE LET HER DRIVE. MY DAUGHTER, SHIRLEY EVERSON, WILL NOT BE ALLOWED TO DRIVE ANY VEHICLE OF MINE IN THE FUTURE. ENCLOSED: COPIES OF OWNERSHIP, LETTER OF REINSTATEMENT, IMPOUND ORDER.

ALEXIS E. EVERSON

The following is a summary of the Applicant's affirmed testimony.

The Applicant is a full-time real estate agent with Coldwell Banker Case Realty located on Kingston Road in Toronto. She is a mother of 3 children, the youngest, 19, residing with her in Toronto. The Applicant's 2 other children reside in Lindsay, Ontario. One of the two children residing in Lindsay, Shirley Everson, is a single mother of 2 children on welfare. Her sibling resides with her at the moment since he is unemployed. None of the children are employed, own vehicles or possess credit cards.

At the request of the Tribunal, the Applicant was asked after much testimony, to provide the Tribunal with information surrounding the circumstances of the impoundment.

On the evening the vehicle was impounded, the Applicant was visiting Shirley in Lindsay for the weekend. Shirley had asked the Applicant to borrow her vehicle so that she could meet up with an acquaintance who got off work at 11 p.m. She would then follow this acquaintance to

her home to pick up some used baby clothes and baby items. Once at the location, the acquaintance and Shirley went to a back shed to get the clothing. Allegedly, a neighbour heard noises and saw someone other than the occupant of the home, loading items into a vehicle in the driveway. The neighbours proceed to call the police. The police arrived and advised Shirley and her acquaintance that they had been called regarding a possible “break and enter”. The Applicant testified that Shirley failed to provide her driver’s licence to police as identification and therefore they impounded the vehicle and arrested her.

The Applicant also provided the Tribunal with information regarding her financial circumstances.

The Registrar’s representative did not call the police officer who was involved in the impoundment to give evidence in this matter.

Evidence for the Registrar

A summary of the Registrar’s evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibits 4 and 5):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven or in the possession of Shirley Margaret Everson;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Dangerous Driving under the *Criminal Code of Canada* pursuant to which the driver’s licence of the driver was then under suspension until September 12, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner’s right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or

- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

- (4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section

55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Appeal under Due Diligence

The issue to be considered in this appeal is whether the Applicant exercised due diligence in attempting to determine that Shirley Everson's driver's licence at the time in respect of which the order was made was not then under suspension.

The Applicant testified that she is the owner of the vehicle that has been impounded and at the time of impoundment her daughter, Shirley, was driving the vehicle.

The onus of proof is on the Applicant to establish that due diligence was performed which is required under Section 50.2(3)(c) of the Act.

The evidence before the Tribunal, in the Applicant's own testimony, was that the Applicant at no point in time saw Shirley's valid driver's licence. Shirley showed the Applicant her driver's reinstatement paperwork on or about December 2000. She was under the impression and merely assumed that her daughter had a valid driver's licence and the thought never crossed her mind to check. She relied on her daughter's word. Unfortunately, the Applicant did not take any measures to ensure that her daughter had a valid driver's licence. Furthermore, there was no evidence heard that would confirm the Applicant's actions were anything but passive in nature.

The Tribunal therefore has no evidence that the Applicant exercised due diligence as required by section 50.2(3)(c) of the Act.

Appeal under Exceptional Hardship

The Applicant has requested an appeal on the grounds of "exceptional hardship" under section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if in fact "exceptional hardship" will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardship as described by section 22(2). In order for her claim to be considered under section 22(2), the Applicant must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative to the impounded vehicle.

The Tribunal may consider the criteria set out in clause (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,

- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
- (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

These criteria are cumulative. That is, all of these criteria must be met before the Tribunal may consider the ground of "exceptional hardship" under section 50.2(3)(d). On the evidence the first and second criteria are not met.

(a) **"no alternative to the impounded motor vehicle is available"** The Applicant said she was unsuccessful in borrowing vehicles from her sister, friends and co-workers. Coldwell Banker Case Realty does not have fleet vehicles. The Applicant was unable to rent a vehicle because she did not have a credit card due to bad credit. The Applicant provided no details as to her inquiries respecting rental cars. The Applicant has testified that she has been getting to work by way of public transit. Taxis are available, but the Applicant "thought about taxis", but did not inquire into them. The Tribunal finds that alternatives to the Applicant's vehicle are available, although inconvenient.

(b) **"the loss will be immediate, significant and lasting"** The Applicant testified that:

- (i) within the 8 weeks prior to the vehicle being impounded, she sold 8 homes, all of which have closed. She was able to draw 65% from each sale prior to its closing, but indicated that since it was during the Christmas period, she spent "a lot" of money and has nothing left;
- (ii) she currently has 1 client which she had before the impoundment. She gained 2 additional clients within the 2-3 weeks of impoundment, but they subsequently moved onto other agents. One of the two new clients told the Applicant they were going elsewhere since she could not chauffeur them around. Each of these 2 new clients purchased homes. The Applicant advised that the loss of commission is between \$2,500 and \$4,000. She did not provide the Tribunal with proof of these sales. She currently remains with her original client whom she does not foresee purchasing a property until June, 2002;
- (iii) she currently has no listings;
- (iv) there is no threat of loss of employment since she is an independent agent;
- (v) she has been able to get to work by way of public transit;
- (vi) being a real estate agent is her only source of income. When the Tribunal inquired about her Fenelon Falls address, she advised it was her family home/rental property. The last tenants were evicted in October, 2001 and has been vacant since due to a number of renovations which need to be made;

The Applicant testified that there is no possible threat to the health or safety of any person ordinarily transported by the motor vehicle. Nor has she missed any doctors' appointments.

After considering the above requirements, the Tribunal finds that the Applicant, albeit inconvenient to carry on her day-to-day operations, has alternatives to the impounded vehicle

and that the impact of the loss will not be immediate, significant and lasting as required by section 22(3) of Regulation 574 as amended by Regulation 632/98.

Accordingly, after considering the criteria set out in section 22(3) and (4) of Regulation 340 as amended by Ontario Regulation 632/98, the Tribunal finds the Applicant has not established exceptional hardship as set out in section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

Pursuant to subsection 5(2) of the *Motor Vehicle Dealers Act*, Rickey A. Stewart (hereinafter referred to as "the Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the Statutory Power Procedures Act, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry-specific offence or if he is convicted under the Criminal Code, the Registrar is directed to and shall carry out the proposal.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant shall not be an officer, director, owner or partner in a dealership.
5. The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or his authorized representatives regardless of previous disclosure.
6. The Applicant confirms that the circumstances surrounding the conviction are substantially as disclosed to the Registrar.
7. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
8. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
9. The Applicant will provide a copy of this order to his employer forthwith.
10. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.

- Signed in the City of _____ this _____ day of February 2002.

These Terms and Conditions are accepted by the Registrar, *Motor Vehicle Dealers Act*.

APPEAL FROM A DECISION OF THE BOARD OF TRUSTEES OF
THE ONTARIO MOTOR VEHICLE DEALERS COMPENSATION
FUND

TO DISALLOW A CLAIM

TRIBUNAL: JOHN ORT, Member

APPEARANCES:

H. DAVID MARKS, Q.C., Counsel, representing
the Applicants
LARRY BANACK, Counsel, representing the Board of
Trustees, Ontario Motor Vehicle Dealers Compensation
Fund

DATE OF
HEARING: January 25, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a decision letter of the Board of Trustees, Ontario Motor Vehicle Dealers Compensation Fund (the "Board") dated October 1, 2001. The Board refused the Applicants' claim on the basis that the Applicant 1357138 Ontario Inc., as claimant, does not fall within the definition of "customer" set out in the Terms of Compensation Fund Schedule to Regulation 801 under the *Motor Vehicle Dealers Act* (the "Schedule"). Section 1 of the Schedule was amended on March 23, 2000 to define "customer" as follows: "a natural person but does not include a natural person, partnership or association of individuals acting in the course of carrying on business".

PRELIMINARY ORDER:

On motion made at the hearing by counsel for Tullio Pento and 1357138 Ontario Inc., on consent of the parties, the Tribunal ordered that 1357138 Ontario Inc. be added as Applicant.

ISSUE:

Should the Tribunal confirm the determination of the Board or set aside the determination of the Board and allow the Applicants' claim for compensation under section 12(3) of the Terms of Compensation Fund Schedule of Regulation 801 under the *Motor Vehicle Dealers Act*, in whole or in part?

FACTS:

The evidence introduced by the parties consisted of documentary evidence. No witness testified.

Exhibit 4 sets out facts that are not in dispute. It states that:

- 1.) 1357138 Ontario Inc. was incorporated on or about September 10, 1999. Ms. Franca Pento occupies all of the officer positions and acts as director of 1357138 Ontario Inc. She is the wife of the Applicant Tullio Pento.
- 2.) On or about September 29, 1999, 1357138 Ontario Inc. became the registered owner of a 1998 blue 4 door Toyota Corolla bearing VIN #2T1BR12E4WC710630 (the "Vehicle").
- 3.) On or about December 21, 1999, 1357138 Ontario Inc., as vendor, sold the vehicle to 1085693 Ontario Inc. c.o.b. as Northern Auto Service ("Northern Auto") for \$12,176.00.
- 4.) Northern Auto provided a cheque payable to 1357138 Ontario Ltd. in the amount of \$12,181.10, post-dated to January 10, 2000 (also set out at Exhibit 3, Tab 4). The parties to this hearing agree that the payee was intended to be 1357138 Ontario Inc. The cheque was not honoured by the bank on or about January 13, 2000 and was stamped "pursuant to clearing this cheque should not be cleared unless certified" (Exhibit 3, Tab 4).
- 5.) At all relevant times Northern Auto was a registered dealer under the *Motor Vehicle Dealers Act*.

An Application for Claim was filed with the Motor Vehicle Dealers Compensation Fund on December 18, 2000 by "1357138 Ontario Ltd. Tullio Pento" for \$12,176.60 (Exhibit 5, Tab 2, Page 1). The parties agree that the name 1357138 Ontario Inc. should have been on the Application for Claim.

The basis of the claim is that the principal of Northern Auto, Jamie Gillies, has been convicted of theft and fraud not relating to this transaction (Exhibit 5, Tab 2, Page 2).

The Application for Claim was presented to the Board of Trustees of the Motor Vehicle Dealers Compensation Fund on September 19, 2001, and the Board of Trustees denied the claim by letter dated October 1, 2001 (Exhibit 1). The decision was appealed by Notice of Appeal dated October 15, 2001 (Exhibit 2).

LAW:

Section 1 of the Terms of Compensation Fund Schedule of Regulation 801 under the *Motor Vehicle Dealers Act* (the "Schedule", the "Regulation" and the "Act", respectively) was amended by Regulation 207/00 under the Act on March 23, 2000 by adding the following definition:

"'customer' means a natural person but does not include a natural person, partnership or association of individuals acting in the course of carrying on business".

"Participant" is defined in section 1 of the Schedule as:

"a registered motor vehicle dealer who participates in the Fund".

Section 12(3) of the Schedule states in part:

"A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participant's refusal or failure to pay, ... and where the claim meets one of the following requirements:

1. The customer has recovered in any court in Ontario a judgment ...
2. The participant has been convicted of an offence under the *Criminal Code* (Canada) involving fraud, theft or false pretences in connection with a transaction out of which the claim arose and the claim is for a liquidated amount and the customer makes an application that is supported by evidence of the conviction and of the correctness of the liquidated amount.
3. The participant has become bankrupt ...
4. The customer has made payment ... to a participant with respect to an undelivered motor vehicle ...
5. The customer has made payment for an extended warranty or service plan ...".

Section 12(5) of the Schedule adds:

"No customer of any participant shall have any vested or absolute right to payment of a claim against the Board, the Tribunal, the Trustee or the Fund."

Section 15(3) of the Schedule states:

"Where a claimant requires a hearing before the Tribunal under subsection (1), the Tribunal shall appoint a time for and hold the hearing and, after affording the claimant an opportunity to be heard, may confirm the determination of the Board or may set aside the determination of the Board with respect to all or any part of a claim and direct the Trustee to pay the amount determined by the Tribunal."

APPLICATION OF LAW TO FACTS:

According to section 12(3) of the Schedule, a customer may make a claim against the fund within two years of the participant's refusal or failure to pay. At all relevant times, Northern Auto was a participant, a registered motor vehicle dealer who participates in the compensation

fund. The Vehicle was sold to Northern Auto by 1357138 Ontario Inc., not by Tullio Pento. The participant issued a cheque that was dishonoured to 1357138 Ontario Inc., not to Tullio Pento. Therefore, Tullio Pento is not a customer within the meaning of section 12(3) of the Schedule, and Tullio Pento is not entitled to compensation under that section.

Further, section 12(3) of the Schedule states that a customer may make a claim against the compensation fund within two years of refusal or failure to pay, and where the claim meets one of the five requirements that follow in that section. The basis of the claim of 1357138 Ontario Inc. is that the principal of Northern Auto, Jamie Gillies, has been convicted of theft and fraud not relating to this transaction. One of the requirements enumerated in section 12(3) is: "The participant has been convicted of an offence under the *Criminal Code* (Canada) involving fraud, theft or false pretences in connection with a transaction out of which the claim arose and the claim is for a liquidated amount and the customer makes an application that is supported by evidence of the conviction and of the correctness of the liquidated amount.". Northern Auto, and not Jamie Gillies, was the registered motor vehicle dealer who participated in the compensation fund. Therefore, Jamie Gillies is not a participant. There was no evidence suggesting that Northern Auto was convicted of theft. Further, it is admitted by the Applicants that the conviction of Jamie Gillies does not relate to this transaction. No evidence was introduced of compliance with any of the other alternate requirements set out in section 12(3) of the Schedule.

Therefore, the Applicant 1357138 Ontario Inc. failed to satisfy section 12(3) of the schedule and is not entitled to compensation under that section.

Counsel for the Applicants argued that amendment of schedule 1 on March 23, 2000 to introduce the definition of "customer" as "a natural person but does not include a natural person, partnership or association of individuals acting in the course of carrying on business" does not apply in this matter. It is admitted that the Vehicle was sold by 1357138 Ontario Inc. and the cheque issued by Northern Auto was dishonoured before the amendment. It is also admitted that the schedule was amended before the Application for Claim was filed with the Board.

Counsel for 1357138 Ontario Inc. argued that his client had an accrued, vested right that could not be taken away by the amendment unless the amendment specifically said so. Counsel for the Applicants argued that it is presumed that legislation is not intended to have a retroactive or retrospective application. Further, counsel argued that application of the definition of "customer" added to the Schedule repeals the right of the Applicant 1357138 Ontario Inc. to be an applicant under the compensation fund.

On the other hand, Counsel for the Board argued that section 12(5) of the Schedule precludes an argument that the Applicant 1357138 Ontario Inc. had any vested right. Section 12(5) states that no customer shall have any vested or absolute right to payment of a claim.

Clearly, it is not necessary for the Tribunal to decide this matter. Since both counsel asked for

guidance on this point, the Tribunal states its opinion that the Applicant 1357138 Ontario Inc. had no vested right prior to submitting an Application of Claim, due to section 12(5) of the Schedule, and that the definition of "customer" added on March 23, 2000 applies to exclude the claim of 1357138 Ontario Inc. against the Board.

ORDER:

Accordingly, by virtue of the authority vested in the Tribunal under section 15(3) of the Terms of Compensation Fund Schedule of Regulation 801 under the *Motor Vehicle Dealers Act*, the Tribunal confirms the determination of the Board of Trustees of the Ontario Motor Vehicle Dealers Compensation Fund dated October 1, 2001 to disallow the claim.

REGISTRAR, *MOTOR VEHICLE DEALERS ACT*

Respondent

CONSENT ORDER

Upon the application to the Tribunal by Charles Eric Gardiner, Applicant, and the Registrar under the *Motor Vehicle Dealers Act* for issuance of a Consent Order of the Tribunal without a hearing pursuant to section 4.1 of the *Statutory Powers Procedure Act* R.S.O. 1990, chapter S.22; and

Having reviewed the written settlement signed by the Applicant and the Registrar under the *Motor Vehicle Dealers Act* as to the disposition of these proceedings which is filed and attached hereto as Schedule "A";

NOW THEREFORE, upon the consent of the parties, this Tribunal orders that the proceedings in this matter are concluded and disposed of without a hearing on the basis of the terms set out in the said Schedule "A".

LICENCE APPEAL TRIBUNAL

G. Kent McClure, Q.C.
Chair

Released: February 21, 2002

TO: The Registrar
Motor Vehicle Dealer Act
Ontario Motor Vehicle Industry Council
36 York Mills Road, Suite 110
Toronto, Ontario M2P 2E9

AND TO: Licence Appeal Tribunal
One St. Clair Avenue West, 12th Floor
Toronto, ON M4V 1K6

FROM: Charles Gardiner
22 D'Aubigny Road, Apt. B
Brantford, ON N3T 6K1

Pursuant to subsection 5(2) of the *Motor Vehicle Dealers Act* Charles Eric Gardiner (hereinafter referred to as "the Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the *Statutory Powers Procedure Act*, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, the Registrar is directed to and shall carry out the proposal.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant agrees not to be involved in the process of buying, selling or leasing motor vehicles without the benefit of registration.
5. The Applicant shall not be an officer, director, owner or partner in a dealership.
6. The Applicant confirms that the circumstances surrounding the convictions are substantially as disclosed to the Registrar.
7. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
8. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
9. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
10. The Applicant will provide a copy of this order to his employer forthwith.
11. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
12. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.

13. The Applicant hereby acknowledges that he has obtained or has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____ this _____ day of _____ 2002.

Charles Gardiner (signature)

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.
Presiding member

APPEARANCES: KYLE BIEL,
Representative for the Registrar of Motor Vehicles

ZAHRA KIANI, Applicant
unrepresented

DATE OF HEARING: February 18, 2002

DECISION RELEASED: February 21, 2002 Toronto

REASONS FOR DECISION

A hearing was held on February 18, 2002, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Zahra Kiani (the "Applicant")
Motor Vehicle:	1993 Honda Civic Si, plate no. AKJR 489(the "vehicle")
Date of Appeal:	January 30, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the motor vehicle was stolen at the time it was being driven and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(a) and (d) of the Act.

This matter came before this Tribunal on February 18, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

Prior to the commencement of the Hearing, the Tribunal established that the Applicant's son, Amin Amirsalam was present, only to assist his mother in the event of language comprehension difficulties.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the motor vehicle was stolen at the time in respect of which the order was made?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The owner's grounds for appeal are:

- a) that the owner was unaware that the suspended driver was taking the vehicle,
- b) that the impoundment order will cause exceptional hardship for the owner.

At the hearing the Applicant reiterated the grounds for the appeal. The Applicant explained that her son Omid Amirsalam, the driver of the vehicle at the time of suspension, suffers from schizophrenia. Sometimes, he forgets that he is not allowed to drive. The Applicant testified that normally she hides the keys to the car, but on the occasion in question he was able to obtain the keys while she was out of the room.

The Applicant feels that vehicle was taken without her permission, however she did not lay charges, as she could not do that to her son, particularly one who is ill.

The Applicant admitted to owning another vehicle with current license plates valid until 2002. Given the cost of the insurance, the Applicant does not drive the vehicle in the winter, and cancelled the insurance for the time being.

The Applicant has arranged for someone from her work to drive her to work and back and pays \$50.00 to \$60.00 a week for the service. Thus, the Applicant has not missed any time off work.

As for extra expenses, the Applicant mentioned the cost of storage at the pound.

Mr. Omid Amirsalam is required to see his doctor once or twice per month, yet the Applicant has managed to get him there, and he has not missed any appointments.

The Applicant, in closing, confirmed the need for the vehicle.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Omid Amirsalam;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Dangerous Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until January 24, 2002.

The Respondent offered no viva voce evidence at the hearing choosing to stand on the information provided.

The Respondent's Representative proffered into evidence a Ministry of Transportation Vehicle Registration search, indicating that the Applicant has a 1998 convertible BMW registered in her name. Said document was entered on consent, as Exhibit #4.

In closing the Respondent's Representative, read out the applicable legislation and asked the Tribunal to confirm the decision of the Registrar and uphold the impoundment, on the grounds that the Applicant's testimony might amount to inconvenience but did not constitute hardship.

As for the Applicant's argument that the vehicle was stolen, the Respondent's Representative referred to the Divisional Court's decision, issued February 14th 2002, as to what constitutes theft. According to Mr. Biel, the Court has suggested that instead of Black's Law Dictionary, the Tribunal should be referring to the Criminal Code of Canada for the definition of "Theft". Mr. Biel quoted section 322.(1), from the Carswell Pocket Criminal Code 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of section(s) 50.2(3)(a) and (d).

With respect to an appeal under subsection 50.2(3)(a) alleging that the vehicle was stolen, the meaning of “stolen” is not provided in the *Highway Traffic Act*.

The Shorter Oxford Dictionary, provides the definition of “stolen” as follows:

Stolen: 1. Obtained by theft. 2. Accomplished or enjoyed by stealth; secret. 3. Of time: obtained by contrivance

Theft: 1. The action of a thief; the felonious taking away of the personal goods of another; larceny 2. That which is or has been stolen; the proceeds of thieving.

Black’s Law Dictionary (Sixth edition), page 1419-1420 provides the definition of “stolen” as follows:

Stolen: Acquired, or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently.

The word “stolen” as used in the crime of interstate transpiration of stolen motor vehicles includes all wrongful and dishonest taking of motor vehicles with the intent to deprive the owner of the rights and benefits of ownership, regardless of whether theft constitutes common-law larceny; and felonious taking may be effected by diverse means known to both common and statutory law, such as larceny, embezzlement, false pretenses, larceny by trick and other types of wrongful acquisition. *Lake v. U.S.*, Colo, 338F.2d 787,788. It is not necessary that the taking of the vehicle be unlawful. Even if possession of the vehicle is lawfully acquired, the vehicle will be deemed “stolen” if the defendant thereafter forms the intent to deprive the owner of the rights and benefits of ownership, and converts the vehicle to his own use. *United States v. Turley*, 352 U.S. 407, 417, 77 S.Ct. 397, 402. 1 L.Ed.2d 430.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making

arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the stolen vehicle and exceptional hardship grounds of appeal as provided in subsections 50.2(3)(a) and 50.2(3) and (d) of the Act, respectively.

The Applicant has appealed on the grounds that the vehicle was stolen at the time of impoundment, in accordance with section 50.2(3)(a) of the Act.

In order to decide whether the vehicle was stolen at the time of impoundment, the Tribunal must consider the meaning of the word "stolen". As the *Highway Traffic Act* does not define the word "stolen". The Tribunal would ordinarily look to Black's Law Dictionary for reference as to what is commonly accepted by the judiciary as constituting theft. In this case the Tribunal has also reviewed the information presented by the Respondent's Representative, section 322 (1) found in Carswell's Pocket Criminal Code 2002 which prescribes as follows:

"Every one commits theft who fraudulently and without colour of rights takes, or fraudulently and without colour of right converts to his use or to the use of another person, anything whether animate or inanimate, with intent

a) to deprive, temporarily or absolutely, the owner of it, or the person who has a special property or interest in it, of the thing or of his property or interest in it..."

The passage hereinbefore quoted does not differ substantially from Black's Law Dictionary which defines "stolen" as follows: "...acquired or possessed, as a result of some wrongful or dishonest act or taking, whereby a person willfully obtains or retains possession of property which belongs to another, without or beyond any permission given, and with the intent to deprive the owner of the benefit of ownership (or possession) permanently."

In any event, regardless of the legal point of reference used, the fact remains as the Respondent's Representative pointed out, that the Applicant failed to report the vehicle missing or to lay charges against the suspended driver, Omid Amirsalam. The Tribunal understands and sympathizes with the Applicant's situation in that Mr. Omid Amirsalam is her son. Nonetheless, according to the Applicant's own admission Mr. Omid Amirsalam did not intend "...to deprive, temporarily or absolutely ..." the Applicant. Further, no charges were laid, thus the Tribunal cannot support the Applicant's ground of appeal that the vehicle was stolen at the time of the impoundment, as described by section 50.2(3)(a) of the Act. Accordingly, the Applicant's ground of appeal based on the vehicle being stolen is dismissed.

With respect to undue hardship as per subsection 50.2(3)(d) of the Act, the Tribunal will proceed to review the criteria required to meet the onus for consideration of financial loss.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provided that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Applicant owns another vehicle, but has chosen to cancel the insurance and not drive the vehicle in the winter. Further the Applicant has successfully made arrangements with a co-worker to be taken to and from work.

As the Applicant has alternate methods of transportation available, the Tribunal may not consider the provisions of 22.1 of Regulation 574.

Is the loss immediate, significant and lasting?

The Applicant does not meet the criteria of O. Reg. 632/98, Subsection 22(3)(b) which provides that the Tribunal may not regard economic loss unless the Applicant shows proof that loss will be immediate, significant and lasting.

The Applicant stated that she incurred no incidental or any other out of pocket expenses, as a result of the impoundment, other than the cost of the impoundment.

Thus, the Tribunal may not consider O. Reg. 632/98, Subsection 22(3)(b).

The Applicant having an alternative vehicle and the loss due to the impoundment not being immediate, significant or lasting, it is not necessary to review further criteria set out in the Regulation.

The individual affected by the impoundment, has an alternative method of transportation, and has incurred no significant or permanent loss.

After assessing the evidence presented, the Tribunal finds that the Applicant has not established exceptional hardship ground for appeal, as required under section 50.2(3) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **confirms** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: February 21, 2002

CELESTIAL HOMES INC.

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: JOHN ORT, Member

APPEARANCES: No-one appearing for the Applicant
KENNETH T. ROSENBERG, Counsel, representing
the Registrar, *Ontario New Home Warranties Plan Act*

DATE OF
HEARING: February 11, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a Notice of Proposal (the "Proposal") issued by the Registrar, *Ontario New Home Warranties Plan Act* (the "Registrar") pursuant to Section 9 of the *Ontario New Home Warranties Plan Act* (the "Act"). The Proposal dated August 24, 2001 seeks to refuse to renew the registration of Celestial Homes Inc. (the "Applicant", the "Registrant") under the Act.

In the Proposal and in a Supplementary Notice of Proposal dated January 11, 2002, the Registrar alleges that:

- a) having regard to the Registrant's financial position, the Registrant cannot reasonably be expected to be responsible in the conduct of its undertakings,
- b) the Registrant has failed to enrol homes built for sale,
- c) the Registrant has failed to provide the security required with respect to the construction and sale of units,
- d) the Registrant has a record of breaches of warranties,
- e) the Registrant does not have sufficient technical competence to consistently perform warranties, and
- f) the Registrant is in breach of a term or condition of registration, including failure to furnish the Registrar with such documents relating to the Ontario New Home Warranties Plan as the Registrar may reasonably require.

No-one appeared for the Applicant at 9:42 a.m. on February 11, 2002. The hearing was adjourned for thirty minutes in case the Applicant was delayed. When the hearing commenced at 10:20 a.m., no-one appeared for the Applicant. The Tribunal proceeded to hear the evidence of the Registrar in the absence of the Applicant.

ISSUE:

Should the Tribunal direct the Registrar to carry out the Registrar's Proposal to refuse to renew the registration of Celestial Homes Inc.?

FACTS:

The evidence presented by the Registrar consisted of the testimony of Mr. Adil Darr as well as documentary evidence introduced through him.

TESTIMONY OF ADIL DARR:

Mr. Darr stated that he is a Chartered Accountant and holds a Bachelor of Commerce degree. He testified that he is a senior financial analyst with the Ontario New Home Warranty Program (the "Program"), and that he analyzes financial statements to determine financial viability of builders.

At tab 14, volume 1 of exhibit 3 is a letter dated October 24, 2001 from Connie Carreiro of the Ontario New Home Warranty Program to Tom Tester, Celestial Homes Inc. Mr. Darr testified that he is familiar with the author of the letter and with the letter itself. He stated that the letter was sent by the Program in its normal, ordinary course of business. The letter asks the Registrant for the following:

1. \$321.00 renewal fee,
2. completion of enclosed personal net worth statement along with supporting documents,
3. 2001-year-end financial statements for the Registrant,
4. copies of certificates of completion of possession for homes that have closed,
5. payment of outstanding claim in the amount of \$4,266.14 for the home at 8 Grist Mill Crt., Tyrone, and
6. satisfaction of the statements of claims on Celestial Homes Inc.

Mr. Darr testified that to date the Program has received none of the items requested in the letter of October 24, 2001.

A letter from Sarbjit Sandhu of the Ontario New Home Warranty Program to Tom Tester, Celestial Homes Inc., dated February 2, 2001 appears at tab 6 of volume 1 of exhibit 3. It requests a current financial statement for Celestial Homes Inc., prepared by an accountant. A

further letter to Tom Tester, Celestial Homes Inc., dated March 8, 2001, appearing at tab 7 of volume 1 of exhibit 3, states in part: "We have not received any of the information requested in our letter. This is your final notice. If we do not hear from you by March 22, 2001, the Registrar must refuse to renew your application for renewal registration." Mr. Darr testified that both letters were sent by the Program in its normal, ordinary course of business, and that the financial statement has not been received by the Program.

The first page of exhibit 4 is an invoice dated January 16, 2002 from the Program to Celestial Homes Inc. demanding payment of \$2,042.63, including warranty claim of \$1,660.00, regarding the residence of Mr. & Mrs. Pearsall at 2483 Prestonvale Rd., Courtice. Mr. Darr stated that the amount is still owing.

Mr. Darr pointed out the Builder Agreement at tab 8 of volume 1 of exhibit 3 and the Vendor Agreement at tab 9 of volume 1 of exhibit 3, both signed by Tom Tester of Celestial Homes Inc. Clause 2.1 of both agreements requires the Registrant to indemnify and save the Program harmless from and against all losses, claims, costs, damages and/or liabilities whatsoever resulting from non-performance or inadequate performance of warranty obligations.

Mr. Darr said that he requested the Equifax Commercial Credit Report dated February 8, 2002 concerning Celestial Homes Inc. set out in exhibit 4. The summary of the report shows 2 collection claims for \$1,669, 8 legal suits for about \$279,000, and 1 judgment for \$12,173. Further, the report gives particulars of statements of claim for services rendered, and goods sold & delivered by various trade contractors, including Canales Carpentry, Anti-Wall Concrete Forming Inc., Keyon Dry Wall, and Raymar Building Contractors. Mr. Darr testified that the number and amounts of statements of claim are significant and raise concerns about the financial viability of the Registrant.

Mr. Darr pointed out at tab 5 of volume 1 of exhibit 3 a guarantee signed by Tom Tester as guarantor with respect to Celestial Homes Inc. as vendor/builder. The guarantee states in part that the guarantor agrees to indemnify and save harmless the Program from any loss which it may suffer by reason of the failure of the vendor to diligently perform all obligations imposed on it under the program and/or the Ontario New Home Warranties Plan. Therefore, Mr. Darr requested the Equifax Consumer Report of exhibit 4 concerning Thomas Tester. He said that the Beacon score of 510 shown in the report is low. Mr. Darr testified that a score of 650 usually is the minimum accepted by the Program.

At tab 10 of volume 1 of exhibit 3 is a letter from Aubrey L. LeBlanc, President/Registrar of the Ontario New Home Warranty Program, dated July 12, 2001 addressed to Tom Tester, Celestial Homes Inc. and consented and agreed to by him. The letter states in part:

"I propose to make your registration in ONHWP subject to the following conditions:

(1) During the term of your registration you shall not, without prior written consent, have under construction or in inventory more than six (6) homes or a condominium project.

(2) You shall provide security of \$5,000 with each enrolment."

At tab 11 of volume 1 of exhibit 3 is a photocopy of a cheque, regarding 7 Robert Adams Drive, for \$5,580 from Celestial Homes Inc. to ONHWP marked "Pursuant to clearing rules, this item may not be cleared again unless certified.". A letter dated July 31, 2001 from Connie Carreiro of the Program to Tom Tester, Celestial Homes Inc. appears at tab 12, volume 1, exhibit 3. The letter requests a certified replacement cheque in the amount of \$5,626.75. Mr. Darr testified that no such cheque has been received by the Program.

At tab 27 of volume 1 of exhibit 3 appears a photocopy of certified true copies of an Information and related documents concerning conviction of the Registrant on eleven counts of an offence under section 22(1)(b) of the Act of constructing homes without having notified the Program and without having paid the prescribed fees as required by section 12 of the Act.

At tab 28 of volume 1 of exhibit 3 is a similar photocopy concerning conviction of Tom Tester on eleven counts of an offence contrary to section 22(1)(b) of the Act of constructing homes without having notified the Program and without having paid the prescribed fees as required by section 12 of the Act.

LAW:

Section 8 of the Act states:

"(1) Subject to section 9, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 7.
(2) Subject to section 9, the Registrar may refuse to renew or may suspend or revoke a registration for any reason that would disentitle the registrant to registration under section 7, if the registrant were an applicant, or where the registrant has a record of breaches of warranties or a failure or unwillingness to complete performance of contracts or is in breach of a term or condition of the registration."

Section 7(1) of the Act adds in part:

"An applicant is entitled to registration by the Registrar except where,...

(c) the applicant is a corporation and,
(i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its undertakings, or
(ii) the past conduct of its officers or directors affords reasonable grounds for belief that its undertakings will not be carried on in accordance with law and with integrity and honesty ...".

Section 12 of the Act states:

"A builder shall not commence to construct a home until the builder has notified the Corporation of the fact, has provided the Corporation with such particulars as the Corporation requires and has paid the prescribed fee to the Corporation."

Section 22 of the Act adds in part:

"Every person who, ... contravenes section ... 12 ... and every director or officer of a corporation who knowingly concurs in such ... contravention is guilty of an offence ..."

Section 5 of Regulation 894 under the Act states:

"The registrant shall from time to time, at the registrant's expense, furnish the Registrar with such documents relating to the Plan as the Registrar may reasonably require."

Section 6 of Regulation 894 under the Act adds:

"The registrant shall furnish the Registrar with such information relating to the registrant's financial affairs and position as the Registrar may reasonably request."

APPLICATION OF LAW TO FACTS:

The Registrant has failed to provide information requested by the Registrar, including its corporate financial statements and personal net worth statement of Mr. Tester. Such information is required to evaluate the viability of the builder and to protect the public. It is reasonable for the Registrar to request such information and the failure of the Registrant to provide it is contrary to sections 5 and 6 of Regulation 894 under the Act, the Vendor Agreement, and the Builder Agreement signed by Mr. Tester on behalf of Celestial Homes Inc.

The credit report shows an unsatisfied judgment against the Registrant and legal suits against it, mainly by trade creditors, for about \$279,000. Similarly, the Beacon score on the credit report of Mr. Tester is unsatisfactory. Clearly, the Registrant, having regard to its financial position, cannot reasonably be expected to be financially responsible in the conduct of its undertakings, contrary to section 7(1) of the Act.

The registrant has failed to provide security of \$5,000 with respect to enrolment of 7 Robert Adams Drive, breaching Registrant's condition of registration, contrary to section 8(2) of the Act.

The Registrant and Tom Tester have been convicted of an offence under section 22 of the Act. Clearly, the past conduct of the Registrant and of Tom Tester affords reasonable grounds for belief that the Registrant's undertakings will not be carried on in accordance with the law and with integrity and honesty, contrary to section 7 of the Act.

DECISION:

Accordingly, by virtue of the authority vested in it under section 9(4) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Registrar to carry out the Proposal to refuse to renew the registration of Celestial Homes Inc.

LICENCE APPEAL TRIBUNAL

John Ort, Presiding Member

Released: February 21, 2002

GOODARZI, ROOHOLLAH

ROOHOLLAH GOODARZI

APPEAL FROM A PROPOSAL OF THE REGISTRAR
UNDER THE *MOTOR VEHICLE DEALERS ACT*

TO REFUSE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

RICHARD KESTON, Agent, representing the Applicant
B. MICHAEL ROTHE, Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: February 12, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

Roohollah Goodarzi (the "Applicant") appeals the Proposal of the Registrar of the *Motor Vehicle Dealers Act* (the "Act") to refuse the Applicant's registration as a motor vehicle salesperson. The Proposal was issued on October 24, 2002 pursuant to Section 7(1) of the Act.

THE ISSUES:

The reasons given by the Registrar in his Proposal for refusing the registration of the Applicant are as follows:

The intention and objective of the Act is to protect the public interest. The requirements of the Act include that Registrants be financially responsible in the conduct of business and that Registrants carry on business in accordance with the law and with integrity and honesty. The Applicant's past conduct is inconsistent with the intention and objective of the Act, and therefore warrants disentitlement to registration under the Act. Therefore, the Registrar is unwilling to register Roohollah Abtin Goodarzi under the *Motor Vehicle Dealers Act*.

The particulars given by the Registrar in his Proposal to Refuse the Applicant's registration are

as follows:

The reasons for this proposal are:

1. The Applicant applied for registration as a motor vehicle salesperson on or about July 23, 2001. He proposes to work for 1249592 Ontario Ltd. o/a Quality Auto Wholesalers.
2. On the application to become a registered salesperson question 9 asks:
"Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes those instances where an absolute discharge has been ordered)."

The Applicant said "no".

3. A criminal record search found that the Applicant has the following convictions:

June 29, 1998:	Assault (Youth Court)
August 02, 2000:	Possession of a Scheduled Substance
January 18, 2001:	Assault (withdrawn)
	Peace Bond of \$500 for one year

4. The Applicant's Driver's Licence is suspended for unpaid fines.
5. The Applicant has failed to comply with the Act, in particular with Section 5.

The Applicant appealed the Registrar's proposal to Refuse, and gave as his reason for appealing, the following:

The Applicant's past conduct is consistent with the intention and objective of the *Motor Vehicle Dealers Act*. The Applicant's past conduct, under the circumstances should not disentitle him from registration under the Act.

At the outset of the hearing, the Applicant's Agent admitted on the Applicant's behalf that the Applicant was charged with unlawfully possessing a controlled substance, to wit cannabis (marihuana), in an amount not exceeding 30 grams, contrary to Section 4(1) of the *Controlled Drugs and Substances Act* and that the Applicant on August 2, 2000 pleaded guilty to and was found guilty on such charge when he was sentenced to a conditional discharge and placed on probation for one year. (Exhibit 3, Tab 8)

The Applicant's agent also admitted the correctness of the contents of the Ministry of Transportation's extract from its records relating to the convictions, discharges, and other actions regarding the applicant. (Exhibit 3, Tab 6, last 3 pages)

THE EVIDENCE:

The evidence consisted of both documentation and oral testimony. The oral testimony for the Registrar was presented by Laura Gordon. The Applicant testified on his own behalf and his testimony was followed by his father's, Rakmkhoda Goodarzi.

Testimony of Laura Gordon

Laura Gordon ("Gordon") stated that she is the Director of Compliance with the Ontario Motor Vehicle Industry Council ("OMVIC"). OMVIC is a non-profit organization and was established in 1997 with authority to ensure compliance with the Act and regulations. By ensuring that the Act and regulations are complied with, the public is protected in their dealings with motor vehicle dealers and salespersons. It is for this reason that the Act is referred to as a consumer protection statute.

Ms. Gordon reviewed the Notice of Proposal of October 24th, 2001, and the particulars therein, which formed the basis for such proposal. (Exhibit 3, Tab 2)

Ms. Gordon also reviewed the Applicant's written application, dated June 6, 2001, for registration as a motor vehicle salesperson. This application was only received by OMVIC July 24, 2001. (Exhibit 3, Tab 4)

She stated that when reviewing the application, question 4 therein caught her attention. This question reads as follows:

"Do you have a current and valid Ontario driver's licence? Please provide an explanation if you have indicated that you will be buying and or selling vehicles on behalf of the dealer but do not have a valid Ontario driver's licence?"

In response to the question the Applicant had answered "Yes" and the following words were added under the question:

"my driver's licence is suspended until I pay the fines."

She also noted that to question 8 in the application, which reads as follows:

"Are there any unpaid judgements or outstanding court orders pending against you? If yes, submit a copy of each judgement and/or court order. State the amount outstanding and repayment arrangements."

the Applicant had answered "Yes" and in addition the following words had been added by the Applicant:

"I am paying my tickets monthly."

Ms. Gordon went on to state that in answer to question 9 on the application which reads:

"Have you ever been found guilty or convicted of an offence under the law or are any charges pending? (This includes instances where a conditional or absolute discharge had been ordered). If yes, list all charges and/or convictions, and the circumstances surrounding each (attach additional sheets if necessary)."

the answer "No" had been ticked.

On receipt of the application, the Applicant was contacted by OMVIC. Pursuant to this contact the Applicant, on October 16th, 2001, forwarded to OMVIC an extract of his driver's record which he had obtained from the Ministry of Transportation. (Exhibit 3, Tab 6)

A perusal of this extract indicated that the Applicant was initially licenced to drive with a class "G2" licence on December 2, 1997 and that licence was suspended on March 12, 2001 for unpaid fines. The extract also revealed seven speeding convictions during the period March 21, 2000 and July 16, 2001, as well as convictions for "failing to have insurance card", improper turns, an unsafe move, and disobeying a red traffic signal.

After receipt of the Applicant's driver's record, OMVIC sought and obtained a copy of the Ontario Provincial Police's CPIC report. This report revealed that on August 8, 2000, the Applicant was convicted on a criminal charge under the *Controlled Drugs and Substances Act* of Possession of a Scheduled Substance. The Applicant pleaded guilty to this charge, was found guilty and received a conditional discharge and probation for one year.

Ms. Gordon stated further that OMVIC caused a print out to be obtained from the Ministry of Transportation's data base regarding the Applicant's driving record. This print out confirmed the contents of the extract regarding the Applicant's driver's record already forwarded to OMVIC by the Applicant.

Upon considering the Applicant's driver's licence record, the CPIC report of the Applicant's criminal record and the Applicant's failure to disclose his criminal conviction in his application for registration, the Registrar concluded that the Applicant had failed to meet the test of honesty and integrity, and acting within the law as required by Section 5 of the Act. The registrar accordingly denied the Applicant's registration and issued his Proposal to Refuse the Applicant's registration.

Testimony of Roohollah Abtin Goodarzi

The Applicant testified that that he emigrated from Iran in 1994. He has been in Canada since that time. The Applicant stated that he signed his application for registration as a motor vehicle salesperson on June 6, 2001.

He confirmed that he had enrolled in OMVIC's certification course with the Canadian Automotive Institute at Georgian College. He stated that he made a "mistake" when, in answer to question 4 in his application for registration, he had answered "Yes" to that question which asked whether he had a current and valid driver's licence. (Exhibit 3, Tab 4, page 3)

He went on and stated that in answering "Yes" to question 4 he did add the following words to his answer:

"my driver's licence is suspended until I pay the fines."

He stated that he has now paid all fines, totalling some \$2,000.00, which were levied against him regarding driving infractions.

Insofar as question 9 on his application form was concerned, to which he had answered "No", he stated that when he pleaded guilty and was found guilty and sentenced on the criminal charge of possession of a controlled substance, duty counsel representing him told him that the conviction would not appear on his record, and that was the reason for his not disclosing the conviction of possessing a controlled substance.

On cross examination, the Applicant repeated that he did not know his convictions would appear on his record as duty counsel had informed him it would not appear. The Applicant was asked by the Registrar's Counsel to review the record of his convictions for driving offences as enumerated in the print out of the Ministry of Transportation's records (Exhibit 3, Tab 9), and he confirmed the correctness of those convictions and the description of the offences with which he had been charged. He also confirmed the suspension of his driver's licence as recorded in the Ministry's records. He went on to state that he "understood enough of the questions" in his application to enable him to answer the questions.

RAHMKOHDA GOODARZI

Following upon the evidence given by his son, the Applicant, the latter's father, Rahmkohda Goodarzi, testified as follows.

He stated that he reviewed the application with his son before his son signed it. He also stated that he was present in court when his son was convicted on the charge of possession of a controlled substance and stated that "according to our understanding" his son's conviction "would not affect his record."

Finally, Rahmkohda Goodarzi handed in photocopies of four letters from friends of his.

Each of the above typed letters are identical and read as follows:

"Re: Roohollah Abtin Goodarzi

I have known Abtin and his family for many years. Abtin is of good character and is a moral and honest person.

I have no hesitation in providing this reference in support of Abtin's application for a sales licence pursuant to the Motor Vehicle Dealers Act."

Each letter bears a signature and date.

(Exhibits 4, 5, 6, and 7)

Rahmkohda Goodarzi. stated that all four of the persons who signed the above letter were friends who knew the family and also knew the Applicant. In each instance he had informed the

four persons, prior to their signing their individual letter, “about my son’s convictions.”

FACTS FOUND PROVEN

The following are the facts the Tribunal has found proven.

- 1.) The Applicant applied for registration as a motor vehicle salesperson by written application dated June 6, 2001. The Applicant signed the Application.
- 2.) On August 2, 2000 the Applicant, pursuant to his pleading guilty, was found guilty and was convicted of unlawfully possessing a controlled substance namely cannabis (marihuana) in an amount not exceeding 30 g rams, in contravention of Section 4(1) of the *Controlled Drugs and Substances Act*.
- 3.) The Applicant received a conditional discharge when sentenced by court on the above charge and was placed on probation for 1 year.
- 4.) The Applicant received a class “G2” driver’s licence on December 2, 1997.
- 5.) The Applicant, during the period March 21, 2000 and July 16, 2001 was convicted of 7 speeding violations and in addition was convicted of “fail to have insurance card, improper left turn at intersection, unsafe move, disobeying a red light traffic signal.
- 6.) The Applicant’s driver’s licence was, on December 2, 2001, suspended for unpaid fines and was thereafter April 8, 2001 again suspended for 60 days.
- 7.) As of October 3, 2001 the Applicant had accumulated 4 demerit points on his driver’s licence.
- 8.) The Applicant, in his June 6, 2001 application for registration as a motor vehicle salesperson, in answer to questions therein as to whether he had ever been found guilty or convicted of an offence under any law, answered “No.”

THE ISSUES

The following are the issues to be decided by the Tribunal.

1. Does the criminal conviction against the Applicant under Section 4(1) of the *Controlled Drugs and Substances Act* as well as the various convictions against the Applicant for driving offences under the *Highway Traffic Act* constitute past conduct that affords the Registrar reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty?
2. Does the Applicant’s failure to disclose his criminal conviction and convictions under

the *Highway Traffic Act* in answer to question 9 in his application constitute past conduct that affords the Registrar reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty?

THE LAW

5(1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

.....

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

.....

6.(1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section 5.

.....

7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefore, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing before the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal, and the applicant or registrant may so require a hearing.

.....

DECISION AND REASONS

The onus of proof rests on the Registrar to prove that the past conduct of the Applicant affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

The grounds upon which the Registrar bases his Proposal are:

- (a) The criminal conviction registered against the Applicant upon his being found guilty of unlawfully being in possession of a controlled substance, which conviction was admitted by the Applicant through his agent during the course of the hearing,
- (b) The driving record of the Applicant which contains convictions registered against the Applicant for numerous offences and which convictions were admitted by the Applicant through his agent during the course of the hearing, and,
- (c) The non-disclosure by the Applicant in his June 6, 2001 application for registration regarding his August 2, 2000 conviction of unlawfully possessing a controlled

substance namely cannabis (marihuana) in an amount not exceeding 30 grams, a contravention of Section 4(1) of the *Controlled Drugs and Substances Act*.

In the leading case of *Brenner 19 CRAT SCO Decisions and Orders (1971–1989) page 95 Southey J.* held that a Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks the Registrar was in error in concluding that the past conduct of an Applicant afforded reasonable grounds for belief that such Applicant would not carry on business in accordance with law and with integrity and honesty.

Brenner 19 CRAT SCO Decisions and Orders (1971-1989), page 59, is a decision issued on April 7, 1983 where the Divisional Court overruled a decision of this Tribunal. Southey J. states that the Registrar proposed to refuse registration because of the existence of the specific circumstances set out in Section 5(1)(b) of the *Motor Vehicle Dealers Act*:

The effect of Section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself.

In the *Brenner* case, due to the particular facts in that case, Southey J. sent it back for a rehearing. However, he adds in the third last paragraph:

The proper question at the rehearing remains, however, whether the past conduct of the applicant affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty. Unless the Tribunal can find that it does not, the Tribunal should not order the Registrar to refrain from carrying out his proposal.

To overrule the decision of the Registrar, the Tribunal must conclude that he was wrong in his decision and that the conduct of an Applicant does not afford reasonable grounds for the Registrar's belief that the Applicant will in the future carry on activities in contravention of the Act and its Regulations. This was confirmed by Divisional Court in the matter of *Albert Fascenda (1994) 26 CRAT Part II 1050* where that court on appeal quashed the Tribunal's decision to direct a Registrar not to carry out his proposal and in sending the matter back for re-hearing stated at page 1051.

It follows that the Tribunal should have refused to direct the Registrar to carry out his proposal only if it thought the Registrar was in error in his belief.

Based upon the evidence adduced at the hearing, the Tribunal's conclusions and reasons follow.

CRIMINAL CONVICTION and CONVICTIONS FOR DRIVING OFFENCES

The Applicant has conceded and admitted that he was convicted of possessing a controlled substance, namely marihuana, in contravention of Section 4(1) of the *Controlled Drugs and Substances Act*. This conviction is recent in time having taken place on August 2, 2000. The offence upon which the conviction was based took place on or about May 21, 2000 and is also recent in time.

There is no doubt in the Tribunal's mind, that when the Applicant completed his application for registration on June 6, 2001 he was well aware of his conviction which had taken place some ten months previously. Question 9 in his application is clear and unambiguous. That question refers not to the Applicant's having a record (the underlining is that of the Tribunal) of a conviction or convictions, but refers to whether the Applicant had "ever been found guilty or convicted of an offence under any law." The Applicant in his testimony stated that he understood the questions on the application form. From the Tribunal's observation of the Applicant it is satisfied that the Applicant, although by no means perfect in expressing himself in the English language, readily grasped the questions put to him in English and clearly understands the English language. The Tribunal has no difficulty in concluding that, not only question 9 was understood by the Applicant, but that in answering the question in the negative the Applicant was being dishonest in deliberately withholding material and relevant information from the Registrar.

The Tribunal further believes that it is not credible that duty counsel would have advised the Applicant that the conviction would not appear on his record. The Tribunal notes that in his testimony the Applicant's father stated that he heard the discussion between duty counsel and the Applicant and that "according to our understanding" (underlining is that of the Tribunal) he believed the conviction would not affect his son's record. He did not state that he heard duty counsel actually say the conviction would not appear on the Applicant's record.

Insofar as the *Highway Traffic Act* convictions are concerned, all of the convictions were admitted by the Applicant, and the Tribunal accepts that there clearly was full disclosure by the Applicant in regard to these violations and convictions.

However, the very nature of the repeated and many traffic violations by the Applicant speaks to the Applicant's disregard for law and of the Applicant's refusal to act in a lawful and orderly manner

All the traffic violations are recent in nature. The seven speeding violations occurred over a period of approximately fifteen months. In that period the Applicant violated the *Highway Traffic Act* in many other ways as is indicated in the facts found proven. His conduct indicated a reckless disregard or concern for other users of the road, and the convictions showed a

disregard and disrespect for the law.

The Applicant's course of conduct both in regard to his criminal conviction and his *Highway Traffic Act* convictions paint a picture of an individual who has not been prepared to comply with the laws that govern a law abiding society. There is much in the recent conduct of the Applicant which indicates that the Applicant's future business conduct will not be in accordance with law and with integrity and honesty.

Based upon the Applicant's recent conduct, the Tribunal has no difficulty in concluding that the Registrar was justified his belief that the Applicant will not in the future carry on business in accordance with law and with integrity.

DECISION:

Accordingly, pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealer Act*, the Tribunal confirms the Registrar's decision and directs the Registrar to carry out his proposal Proposal to Refuse the Applicant's registration as a motor vehicle salesperson.

LICENCE APPEAL TRIBUNAL

DATE OF
HEARING: February 20, 2002

DECISION
RELEASED: February 22, 2002 Ottawa

REASONS FOR DECISION

A hearing was held on February 20, 2002, at Ottawa, Ontario, to consider appeal of The Applicant (the "Applicant") pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on February 22, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated January 14, 2002, and was received by the Tribunal on January 15, 2002, together with the prescribed fee of \$100.00, paid by certified cheque.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason.

Preliminary Matters

The Representative of the Ministry provided the Tribunal with original certified copies of Ministry of Transportation documents on file, which were entered as exhibits with the consent of the Applicant's solicitor.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar dated December 23, 2001
- b) Exhibit # 2 Notice Of Appeal Form – received January 15, 2001
- b) Exhibit # 4 Understanding Depression brochure – received February 20, 2002
- b) Exhibit # 5 Recognizing Excessive Anxiety brochure – received February 20, 2002

By the Respondent:

- a) Exhibit # 3 Ministry of Transportation submissions – received February 15, 2002

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;

- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

Appellant's Driver's Licence was suspended "2001.12/23" as per Notice of Appeal (Exhibit # 2)

Appellant's Evidence

Page two of Notice of Appeal dated January 7, 2002, under the signature of Physician #1 informs under the category "Details and Diagnosis of patient's present condition", that the Applicant " has been taking medication to treat anxiety and depression since Dec 11/01 ...under a great amount of stress...". Physician #1 goes on to describe the symptoms of the anxiety attacks "...heart racing, sweating, dry mouth, hyperventilation ...difficulty with his memory... "

Under "Relevant details of last visit and when your patient was last seen" Physician #1 writes that "...It is quite possible that if ...placed in a stressful situation that he could suffer an anxiety attack that rendered him incapable of performing properly what was requested..." (Exhibit # 2)

In a letter addressed to the Applicant's solicitor, Physician #1 details the treatment and medication that the Applicant is undergoing and concludes that "...the "fight-flight" reaction which the body mimics during an acute anxiety attack could have caused him a dry mouth, hyperventilation, confusion, tremulousness and difficulty in concentrating. All of which led him to be unable to perform a breath test properly."

Copies of the side effects of the prescribed medication form part of the Applicant's appeal. At the hearing, submissions on behalf the Applicant were made by his counsel who advised the Tribunal that the Applicant would not be testifying.

Applicant's Solicitor called Physician #1 as a witness. For the benefit of the Tribunal,

Physician #1, established her credentials as a physician stating that she has been a physician for ten years, and has owned a walk-in-clinic for nine. The walk-in-clinic consists of a group practice of four full time physicians and six part-time physicians.

Physician #1 described the bulk of her practice as being mainly family care, which involves a considerable amount of psychotherapy. Physician #1 attested that she is accustomed to dealing with depression arising out of situational crisis. It is difficult to obtain psychological care in the city, thus, Physician #1 elucidated that psychotherapy is a significant part of her practice, as she tends to take care of her own patients' mild to moderate depressions.

Prior to becoming Physician #1's patient in "...October of 98...", the Applicant was seen at the clinic as a walk-in patient since "...January 14, '97".

In the past the Applicant was seen about once or twice a year, for check ups, but has been seen on a more regular basis since "...December 11th, 2001". At that time the Applicant presented with a situational crisis as well as symptoms of anxiety and depression.

Physician #1's testified that the Applicant had had a "...very stressful fall...", having had moved out of "...his dream home in approximately September...". The stress level was culminated, by changes at work, as the Applicant found it difficult to adjust to a new Manager, and by the Applicant's father who was required to undergo emergency surgery.

Physician #1's used the "SADIFACES" flyer, introduced and entered on consent as exhibit # 4, as a tool to evaluate the Applicant's depression.

Based on the criteria set out in "SADIFACES", Physician #1 assessed the Applicant as being in a depressed and anxious state warranting medication. Physician #1 detailed the Applicant's depressive symptoms, at the time as "...disturbances in sleep, in appetite, in mood, in interest, fatigue, agitation, ...denied concentration/memory changes, although a little memory problems, difficulty concentrating but not excessive, as well as some suicidal thoughts".

In terms of the Applicant's anxiety level, Physician #1 confirmed that the Applicant "...had begun to suffer from daily anxiety attacks ...symptoms including heart racing, sweating, dry mouth, hyperventilation and tremulousness ...difficulty controlling ...emotions ...tearful and irritable ...difficulty sleeping and ...suicidal thoughts..."

Physician #1's conclusions as to the Applicant's state of mind were arrived through questioning the Applicant, her observations of the Applicant while in her office as well as by the information provided by the Applicant's boss. The Applicant's boss was concerned enough with The Applicant's behaviour to call the clinic to discuss the matter with Physician #1 and to subsequently accompany him on a visit to the clinic.

During the hour and half visit, Physician #1's perception of the Applicant was noted as "...his mood was down, but his affect was agitated, he was agitated he was speaking quickly, he was

somewhat tremulous, he was jumping from thing to thing, he wasn't hyperventilating but he certainly had breathing and speaking quickly, just a very anxious affect at that time". At the end of this particular visit, Physician #1 was able to determine a final diagnosis of "...situational stress plus depression and anxiety, plus/minus depression and anxiety..."

Physician #1 asserted during her testimony that if an individual is in a severe enough anxious state, no triggers are required to set off an attack, but that when placed in a stressful situation an anxious individual will probably respond to the stimuli by having an anxiety attack.

At this time the Applicant's counsel suggested the flyer entitled "Recognizing Excessive Anxiety", be entered as an exhibit. That flyer was entered on consent as Exhibit # 5.

As a method of treatment, the Applicant was prescribed with a medication called Effexor, which is used to treat anxiety as well as depression, and the anxiolytic Clonazepam. Both medications were prescribed because, according to Physician #1, the Applicant "...was excessively anxious ...he was very agitated ...he had a lot on his plate, he had to deal with his work situation, he had his father that was going into emergency surgery..."

For most of the remainder of her testimony-in-chief Physician #1 offered in depth testimony as to alterations in the dosages of the Applicant's medications, as well as the effects and possible side effects of the medications prescribed to the Applicant.

Physician #1 quoted from page 501 of the C.P.S. guide introduced as part of the Applicant written submissions. Some common side effects of Effexor mentioned by Physician #1, were: "...somnolence, insomnia, dizziness, nervousness, anxiety, tremor, dry mouth, anorexia, nausea, vomiting, headache, sweating ...the possibility of cognitive impairment ...abnormal thinking, confusion ...changes in behaviour and personality..."

With respect to the side effects of Clonazepam, Physician #1 noted that Clonazepam is a member of the Benzodiazepines family, and that "...sedation" is the strongest contraindication. Other adverse effects could be listed as "...ataxia, dizziness, light headedness, residual day time drowsiness, weakness, fatigue, dry mouth ...confusion, slurred speech, headache, tachycardia, palpitations, trembling, unusual tiredness or weakness..."

Physician #1 also recommended that the Applicant seek the assistance of a psychologist, in order to learn relaxation techniques and stress management strategies. Although she has not as yet received a formal report, Physician #1 is aware that the Applicant has consulted with Physician #2.

The Applicant's counsel, Applicant's Solicitor, asked Physician #1 to offer an opinion as to whether or not there was a medical reason as to why the Applicant was unable to provide a breath sample on the night in question. Physician #1 replied, "...from what The Applicant had discussed and described ...on a subsequent visit, he had described symptoms in keeping with an anxiety attack ...heart racing, sweating, dry mouth, hyperventilation, tremulousness. He was particularly distraught as to how dry his mouth was..."

Physician #1 verified that the clinic was open Thursday and Friday during the week of Christmas, and that she had seen the Applicant on December 28th for the purpose of reviewing the dosage of his medication. It was during the January 3rd, 2002 visit that the Applicant related to Physician #1, the occurrence of his arrest. Apparently the Applicant had concerns about what happened during the incident and was looking for answers, as to whether the medication could have possibly have an effect on his ability to provide a breath sample.

Applicant's Solicitor repeated her previous question to Physician #1, "Is it your opinion that there was a medical reason for him not being able to provide a sample suitable to the officer, and if so what would that medical condition be?" Physician #1, replied: "I wasn't there ...these symptoms were being reported back to me, but if somebody had presented this constellation of symptoms and knowing how stressed this patient was, knowing that he was having some anxiety attacks, and with the description of symptoms compatible with anxiety, my feeling was that it quite probable or highly probable that The Applicant was experiencing an anxiety attack at the time of the incident ...probably 80%, 75%/80%..."

Physician #1, recited for the Tribunal the symptoms experienced on the night in question by the Applicant as he described them to her: "...nervous ...begun to shake ...trembling ...hyperventilating ...difficulty blowing ...very dry mouth ...having difficulty concentrating and feeling overwhelmed..."

The Applicant is still on medication and being seen regularly by Physician #1.

In cross-examination by Ms. Beintema, the Respondent's Representative, Physician #1 reiterated that the focus of the Applicant on the December 28th and January 3rd was to discuss the side effects of the medication that the Applicant was experiencing and to re-adjust the dosages.

Ms. Beintema pointed out to Physician #1, that in her report she offered two possible motives as to why she believed the Applicant was unable to provide a breath sample, the first being anxiety, the second the side effects of the medication. Ms. Beintema, asked Physician #1 for clarification as to "...whether it was his medications or it was an anxiety attack..." that prevented the Applicant from providing an adequate breath sample. Physician #1 retorted, "...both things could have played in there..."

In response to Ms. Beintema's questions, Physician #1, was reluctant to confirm that some of the symptoms of anxiety are clearly visible to the untrained person. Physician #1 feels that some people may experience symptoms, such heart racing or sweating, and yet go unnoticed. There is a spectrum, and whether the signs are noticeable or not depends on the degree of the attack.

Ms. Beintema questioned whether Physician #1 ever considered reporting the Applicant to the Department of Motor Vehicles, given the Applicant's established condition. Physician #1 countered that she believed that the Applicant could be treated with medication and support,

regain control of his life, and that "...he was not in any danger to himself or to others..."

Physician #1 confirmed that the Applicant has seen a psychologist and is taking his medication, and continues to attend her clinic every four to six weeks.

Under questioning from Ms. Beintema, Physician #1, admitted to not being familiar with the Alcotest requirements, nor ever having administered Pulmonary Function Tests.

The Applicant was never prescribed an inhaler to control his breathing, nor referred to a pulmonary flow test by Physician #1.

At the request of Ms. Beintema, Physician #1 explained to the Tribunal the "fight-flight" reaction experienced by humans.

Ms. Beintema reviewed with Physician #1, the symptoms experienced by the Applicant, on the night in question, as he related them to her during his visit on January 3rd: "nervous, shaking, trembling, dry mouth, hyperventilating, overwhelmed, difficulty concentrating". Ms. Beintema asked Physician #1 if she believed that these symptoms could be noticeable by the untrained eye, as signs of distress. Physician #1 replied, "they could ...yes". Physician #1 also emphasized that someone experiencing the symptoms described would not be able to just sit and have a normal conversation, "... one might notice that the patient was anxious ... having difficulty breathing ..."

Physician #1 referred to the Constable #1's notes and picked out the fact that the Applicant "...started and stopped..." might signify that hyperventilation.

Physician #1, proffered that if faced with a similar situation she "...would be a little more anxious than usual but that does not mean that I can't provide what is required ..."

Applicant's Solicitor in redirect questioned Physician #1 as to the possibility of the Applicant experiencing progressive symptoms. It was not just any one symptom but the combination thereof which made it impossible for the Applicant to provide a breath sample. Physician #1 replied that based on her experience and her knowledge of the Applicant's history, she would think it "...possible ...likely".

In closing, the Applicant's counsel Applicant's Solicitor noted that it was clearly demonstrated to the Tribunal that the Applicant did not wilfully refuse to provide a sample. Documented evidence both before and after the occurrence illustrates that the Applicant suffered from anxiety. The contention, substantiated by Physician #1's testimony is that it is possible that the Applicant was having an anxiety attack, albeit unnoticed by Constable #1, and that this attack was the reason the Applicant was unable to provide a breath sample. Constable #1 did consider the possibility the instrument could be malfunctioning, but being untrained, did not turn his mind to the possibility that there was a medical reason why the applicant was not complying.

Respondent's Evidence

The Respondent provided the following Documents:

1. Notice to the Registrar, certified January 17th, 2002.
2. Driving Record of The Applicant, certified January 18th, 2002
3. Vehicle record, certified January 18th, 2002
4. Notes of Constable #1, Badge # XXXXX, Ontario Provincial Police, Ottawa Detachment.

The Applicant's driver's record, since 1981, according to the Ministry of Transportation, shows the current suspension and one other infraction. (Exhibit # 3)

The Respondent called Constable #1 as a witness. Constable #1 testified that he has been employed with the Ontario Provincial Police since November 19th, 2001. Prior to that he had been with the Carlton Place Police since August 1990.

Constable #1 has been conducting roadside breathalyser tests since 1990 and became a Qualified Breathalyser Technician in November of 1998. Over the years Constable #1, has conducted over three hundred breath tests.

Referring to his notes to refresh his memory, Constable #1 attested to the events of the evening that led to the demand for the breath sample.

After reading the breath demand to the Applicant and asking him if he understood it, the applicant replied, "I guess". Constable #1 repeated the demand and the Applicant paraphrased it, indicating that he has understood. Constable #1 also demonstrated by blowing into the air, how the breath sample was to be provided into the machine. Constable #1 was sitting in the front seat of the cruiser, approximately "a foot and a half..." from the Applicant who was in the back seat.

The Applicant was co-operative; he was not shaking or trembling. He attempted to provide a sample but provided a "short sample". Constable #1 described what is meant by a "short sample". The Applicant "started to blow, initially. He stopped, then he continued to blow ...that re-sets the machine and shows an error code, because he did not blow long enough for the instrument to recognize..." the sample.

Constable #1 stated that the Applicant "...at that time had no difficulty whatsoever breathing, he was not hyperventilating, he was very calm, he was very cool..."

The Applicant was given a total of five opportunities to provide a breath sample and each time he "started and stopped." Constable #1 indicated that the Applicant never gave any reason, medical or otherwise as to why he could not provide a breath sample. He just indicated to the Constable that: "...he was trying."

Constable #1 recollected that at one point, he asked the Applicant to "...just blow ...take a normal breath and just blow. And he had no trouble with that whatsoever...".

Constable #1 testified that the Applicant had at first denied having a drink but later recanted and admitted to having had something to drink at the Casino.

At no time did the Applicant request medical attention, or to be taken to hospital. At no time did Constable #1 observe the Applicant as having any type of breathing difficulty. The Applicant did not appear to be shaking, sweating or exhibiting any other signs of physical distress. In fact the Applicant was able to remove the mouthpiece from the instrument and insert a fresh one.

Constable #1 noted that the only time that the Applicant expressed nervousness was after being advised that he was under arrest for failing to provide a breath sample. The Applicant stated, "You are scaring me ...I do not understand...".

The Applicant did not appear to be in a confused state. He was able to contest the date that he was given to go and provide his fingerprints. The Applicant was able to inform Constable #1 that he would be away on holidays at that time.

In cross-examination Constable #1 indicated that he was in close enough proximity to the Applicant to be able to detect any signs of physical distress.

Constable #1 is not only a trained observer as his job requires him to be, but is also certified in First Aid and CPR, as well as being a qualified Life Guard since 1993. In terms of psychological training, Constable #1 studied psychology for a year as part of his police training.

Applicant's Solicitor suggested the possibility that some of the Applicant's comments and symptoms were omitted from Constable #1's notes. Constable #1 clarified that his notes are basically to refresh his memory and prod his independent recollection.

Constable #1 emphasized that he coached the Applicant on how to blow into the machine, and had no reason to believe that the Applicant did not understand as he summarized what was said.

In reply to Applicant's Solicitor's question as to why he gave the Applicant five chances after testifying that three is the norm, Constable #1 stated that he likes to give everyone "...the benefit of the doubt...", and that when testifying in court he needs to be absolutely sure, when he tells a Judge that the individual "...was playing games...". Further, Constable #1 likes to test the instrument himself to erase any doubt from his own mind or any one else's mind that the instrument is working well.

In closing, the Respondent's Representative, Ms. Beintema, accepted the Applicant's diagnosis of anxiety disorder, but argues that neither Physician #1's written nor viva voce

evidence substantiate the claim that the Applicant was unable to provide a breath sample for medical reasons. Physician #1 speculates that “it is possible”, that the Applicant was having an anxiety attack at the time he was requested to provide a breath sample. Ms. Beintema contends that an officer of Constable’s experience would have been able to detect the signs described by the Applicant as signs of physical distress.

Ms. Beintema alluded to the fact that the Applicant did not seek medical attention immediately after the incident. Further, when he visited Physician #1’s clinic on December the 28th, it was to follow up on the medication. Following up on the medication was also the purpose of his visit on January the 3rd, but the issue of the breathalyser came up in conversation, and the Applicant related the incident to Physician #1.

There is the contention that the Applicant was also exhibiting signs of confusion at the time, yet his head was clear enough to remember he would be away on vacation on the date assigned for fingerprints.

Physician #1’s evidence is that it “...may have, could have, it might...” Constable #1 is a first hand witness at to the events that took place on the night in question.

Ms. Beintema asked that the Tribunal confirm the order of the Registrar.

APPLICATION OF THE LAW TO FACTS:

The circumstances leading up to the breathalyzer session and whether or not the Applicant actually showed signs of impairment or was impaired are not relevant to these proceedings.

What is relevant is Section 50.1 (2) (b) of the Highway Traffic Act, which prescribes:

“...person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason...”

Thus, at issue is did the Applicant have a medical condition that could cause the Applicant to fail or not comply with the breath demand.

The Tribunal finds that the Applicant suffers from depression and an anxiety disorder. Physician #1’s well written report and erudite viva voce evidence substantiates this finding.

The question remains, how does the medical condition preclude the Applicant from providing an adequate breath sample.

Much evidence was proffered as to the Applicant’s physical and mental condition as well as regarding the possible adverse effects of the medication the Applicant is taking.

The Respondent's Representative claims that Physician #1's testimony is pure speculation as far as it relates to the ability of the Applicant to provide a breath sample. Physician #1, very truthfully pointed out that she "...wasn't there...". The events of the night were relayed to Physician #1 by the Applicant.

The Respondent's Representative further contends that the only pertinent evidence consists of the visual observations of Constable #1. The Tribunal must concur. Physician #1's testimony is quite useful in establishing that the Applicant suffers from depression and an anxiety disorder, but at best it is a knowledgeable educated guess, as to the Applicant's ability to provide a breath sample when it was requested by Constable #1.

Two people were present during the incident, and privy to what transpired, the Applicant and Constable #1. The Applicant opted not testify on his own behalf. The Tribunal has no alternative but rely solely on the testimony of Constable #1 concerning the Applicant's demeanour during the breathalyser session.

Applicant's Solicitor challenged the testimony of Constable #1, as he is not trained in matters of depression and anxiety disorders. Ms. Beintema maintains that the symptoms exhibited by the Applicant: "nervous, shaking, trembling, dry mouth, hyperventilating, overwhelmed, difficulty concentrating", could easily be detected by an untrained observer, let alone a trained experienced observer like Constable #1.

The Tribunal agrees with the Respondent. Constable #1's credentials are impeccable; he has been a qualified breath technician since 1998. He is an experienced police officer who has spent ten years with the Carlton Place Police Force and two years with the Ontario Provincial Police. Constable #1 testified that he has taken one-year psychology, is certified in First Aid and CPR, and is a qualified Life Guard. On the stand Constable #1, was a credible witness. His testimony was straightforward and forthcoming. The Tribunal finds him to be a reliable witness.

There is no doubt that Constable #1, due to his training and his close proximity to the Applicant, would have been able to detect any signs of physical distress. According to Constable #1, at the time of the incident the Applicant did not demonstrate any sign of breathing difficulties, such as shortness of breath, nor any of the signs of anxiety as described by the Applicant to Physician #1. Constable #1 was adamant that the Applicant "...had no difficulty whatsoever breathing, he was not hyperventilating, he was very calm, he was very cool...".

As pointed out by the Respondent's Representative and corroborated by Constable #1's evidence, at no time did the Applicant request medical attention.

As mentioned by the Respondent's Representative, the Applicant's condition was not severe enough to warrant seeking medical assistance immediately after the incident. Although the Applicant's first visit to his physician was on December the 28th, he did not feel the incident

merited discussing. It was not until the second visit on January 3rd that the matter came up in conversation. The original focus of both visits has been to re-assess the dosage of the Applicant's medication according to Physician #1's testimony, during testimony-in-chief and cross-examination.

The onus being on the Applicant to establish the merit of the appeal, the Tribunal finds that the Applicant has failed to do so. Thus, the Tribunal finds that the Applicant does not meet the criteria of Section 50.1 (2) (b), in that he was not able to demonstrate that he suffers from a medical condition, which would prevent him from providing a breath sample when requested by Constable #1.

DECISION:

Upon the application by The Applicant to appeal the suspension order of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal **confirms** the suspension.

LICENCE APPEAL TRIBUNAL

HANS AND JO CONSTRUCTION LTD.

PREHEARING

HANS AND JO CONSTRUCTION LTD.

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO SUSPEND REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES: by teleconference
ANS and HANS VAN DEN HANENBERG, Agents representing the
Applicant
CAROL STREET, Counsel, representing the Ontario New Home
Warranty Program

DATE OF
PREHEARING: February 22, 2002 Toronto

ORDER

FOLLOWING attendances on February 22, 2002 at a prehearing by teleconference before this Tribunal of Ans and Hans van den Hanenberg, Agents, appearing on behalf of Hans and Jo Construction Ltd. (the "Applicant"), and Carol Street, Counsel on behalf of the Ontario New Home Warranty Program (the "Program");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Tuesday, May 21, 2002 at Gillespie Reporting Services, 130 Slater Street, Suite 200, Ottawa, Ontario and to continue if necessary on May 22 and 23, 2002 at the aforesaid address;

1. The Parties to the hearing are the Applicant and the Program.
2. Attached to this Order is a Statement of Facts marked "B." This was presented at the prehearing by Carol Street, Counsel for the Program. The Applicant at this stage cannot confirm the contents of Paragraph 1 of that Statement of Facts. Both the Program and the Applicant agreed that the facts enumerated in paragraphs 2 through 19 inclusive of that Statement of Facts, are facts that the parties have agreed upon.

3. Ms. Carol Street, Counsel for the Program, undertook to ascertain from Mr. Pat Varco of the Program whether the Program is prepared to furnish the Applicant with a letter confirming that in the event of the Applicant executing the new Builder and Vendor agreements, already sent to the Applicant, no personal liability would attach to either Ans or Hans van den Hanenberg under those agreements.
4. In the event of the Program furnishing Ans and Hans van den Hanenberg with a letter confirming that they would have no personal liability pursuant to the Applicant executing the Builder and Vendor agreements, the Applicant undertakes to immediately sign and return those agreements to the Program.
5. Upon receipt of the signed Builder and Vendor agreements, the Program undertakes to immediately withdraw its Proposal to Suspend the Applicant's registration and the Applicant shall in writing withdraw its appeal to this Tribunal.
6. Should the Applicant fail or refuse to sign the Builder and Vendor agreements after the Applicant receives the Program's letter referred to in paragraph 4 above, this matter will proceed to the hearing as presently scheduled. In this event, the Applicant shall by no later than April 26, 2002 serve the Program and file with the Tribunal full particulars specifying each and every section of the Builder and Vendor agreements that will be in contention at the hearing.
7. All parties to the hearing shall fully comply with the requirements of disclosure of documents or things as set forth in Rule 6.3 of the Rules of Practice of the Tribunal. All parties shall also fully comply with the disclosure requirements set forth in Rule 6.4 of the Rules of Practice of the Tribunal dealing with expert witnesses.

Warranty Program
COLLEEN BURN, Counsel, representing the Added Party,
ASHCROFT HOMES CENTRAL PARK INC.

DATES OF
HEARING:

September 25-28, 2001

Ottawa

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal by Timothy Fuller and Patricia Swick (the "Applicants") from a decision of the Ontario New Home Warranty Program ("the Program" or "ONHWP") set out in a letter dated February 8, 2001.

THE FACTS:

On November 16, 1997, the Applicants entered into a contract with Ashcroft Homes - Central Park Inc. ("Ashcroft") to build and sell to them a new home at 63 Central Park Drive, which is part of a large new subdivision in Ottawa. The final price was \$155,125 and it was the first house the Applicants had ever purchased.

The vendor, Ashcroft Homes Central Park Inc. ("Ashcroft") is owned by Mr. David Choo, a highly qualified engineer with 30 years experience in the business. The vendor had an extensive enterprise. He offered 95 models for the 1,300 low profile houses being constructed in the subdivision. Five "after sales service" employees looked after problems that might arise with newly constructed homes. At the time, Ashcroft Homes was selling 40 to 50 new houses each month.

The original closing date for the sale was June 27, 1998, but on due notice it was delayed two months to August 28, 1998. Unfortunately, the City of Ottawa had not issued an occupancy permit as a blue dye test had not been done for the plumbing system.

Prior to taking possession, Mr. Fuller was unable to do the pre-delivery inspection report ("PDIR") on schedule. He had retained an agent from Ottawa Valley Building Inspection Service to assist him, but when they went to do the inspection on August 26, 1998, there were still seven tradespeople in the house, and the inspection that day had to be called off.

Mr. Fuller had expressed dissatisfaction about the quality of the vendor's service in a letter of July 20, 1998 to the construction manager, Mr. John Stokes (Exhibit # 9).

The PDIR (Exhibit # 3/6) was done on August 27, 1998 prior to closing. It contains a list of 48 items needing correction, with 18 additions made by Mr. Fuller. All but five were recognized by Ashcroft as deficiencies. The number was abnormal because Mr. Choo testified that a PDIR rarely exceeds 10 to 15 items.

On their solicitor's advice, the Applicants did not move in until September 4, 1998. At this time the dye test was complete and they had an undertaking from Ashcroft to obtain the occupancy permit.

Upon moving in, the Applicants were beset with a large number of construction deficiencies, four or five times the norm. This surprised them as they had previously checked with the Program for the standing of the vendor, Ashcroft Homes, and it appeared to be faultless (Exhibit # 3/16).

For a year, Mr. Fuller tried to get these deficiencies remedied. In January 1999, he wrote to the Program asking for help with his growing concern about the quality of service and the lack of consultation (Exhibit # 3/16).

The relationship deteriorated. On the one side, Ashcroft informed the Program (but not Mr. Fuller) that the new owners were not co-operating, making it hard for Ashcroft to fulfill its contract. On the other side, Mr. Fuller claimed that Ashcroft was not performing and was not treating him with due courtesy (Exhibit # 3/15).

By August of 1999 Mr. Fuller had compiled a list with 5 pages of grievances which he sent to the Program (Exhibit # 3/17). The list covered 112 deficiencies and fourteen substitutions made by Ashcroft without the Applicants' agreement. The Program responded by urging both parties to settle the disputes between themselves (Exhibit # 3/18 and 19).

In November of 1999, the Applicants wrote for the forms for conciliation (Exhibit # 3/26). Soon after, the Program warned Ashcroft that if there was only one item that Ashcroft had not remedied which was found to be a warrantable during the conciliation, the conciliation would

be charged to Ashcroft as the vendor, and it could affect their rating. (Exhibit # 3/29). This was of no avail.

The Conciliation inspection then took place on two different days. The matters inside the house were inspected on February 25, 2000, and, the matters on the outside of the house were inspected on April 18, 2000. The findings were issued in two reports dated March 14, 2000 and May 4, 2000 respectively. (Exhibit # 3/36,37 and 48, 49)

Over one hundred complaints were addressed. The Program found that 46 complaints were warranted and 61 were not warranted. Cory Beverdam, the Program's warranty representative, who has a wide experience in house construction, prepared the reports.

The Program gave Ashcroft a deadline to do the warranted work, which Ashcroft did not meet. As a result, the Program notified Ashcroft on August 11, 2000 that Ashcroft had not resolved all the warrantable items in the conciliation reports and was in breach of its warranty obligations. The Program wrote, "... we will now proceed to resolve this claim" (Exhibit # 3/64). This was critical information for the Applicants to know, but the Program did not tell them about it until February 20, 2001.

In December of 2000, the Program's warranty representative, Mr. Beverdam, contacted Mr. Fuller and offered to settle the remaining claims. Mr. Fuller did not know that the Program had taken over the claims. A meeting was arranged with the addition of the Program's acting operations manager, Mr. Perry Harkin. The Program's settlement offer was \$6,350 on six warranty items. On the remaining 21 warranty items, based on estimates that Mr. Fuller had obtained, the settlement offer was \$6,475 making a total of \$12,825. At that meeting, Mr. Fuller felt intimidated by Mr. Harkin's threat that, if he did not settle, the situation could change to his disadvantage. The Program's offer was subsequently put in writing but was rejected by Mr. Fuller for a variety of reasons.

Mr. Fuller would have accepted the offers but for the conditions attached, including the agreement of a signed release which would absolve both Ashcroft and the Program from all existing and all future claims. Mr. Fuller wrote to the Program indicating he would accept the settlement offer without the restrictions (Exhibit # 3/68), but the Program did not respond.

Following the aborted attempt to settle, the Program issued its decision letter of February 8, 2001 (Exhibit # 3/1). The key paragraph in bold reads:

It is ONHWP's formal decision in keeping with sections 14(2) & (3) of the Act, the owner(s) as a result of refusing the offered settlement, have failed to mitigate their damages and can offer no further assistance in this matter.
(sic)

The wording is misleading in this sentence (indicating that it is the owner, rather than the Program, who can offer no further assistance) but it seems obvious what is meant.

The Applicants forthwith appealed the Program's decision.

At the four day hearing before this Tribunal, Mr. Fuller, unrepresented by counsel, and Counsel for the respondent, the Program, and the Added Party, Ashcroft were well prepared. The Tribunal heard testimony from five witnesses and 158 exhibits were filed.

THE LAW:

The Act's relevant portions are:

13.(1) Every vendor of a home warrants to the owner,

(a) that the home,

- (i) is constructed in a workmanlike manner and is free from defects in material,
- (ii) is fit for habitation, and
- (iii) is constructed in accordance with the Ontario Building Code;

(b) that the home is free of major structural defects as defined by the regulations; and

(c) such warranties as are prescribed by the regulations.

.....

13.(4) A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect, or such longer time under such conditions as are prescribed.

.....

14.(1) Where,

(a) a person who has entered into a contract with a vendor for the provision of a home has a cause of action in damages against the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor's failure to perform the contract;

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or

(c) the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, and the claim is made within four years after the warranty expires or such longer time under such conditions as are prescribed,

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

In considering the authority of the Tribunal, the Superior Court of Justice (Divisional Court) in *Gourlay v. Ontario New Home Warranty Program* (Court file no. 654/98) held that "Section 14(1) (a) of the Act is intended to protect those who contract with a vendor and suffer financial loss where the vendor/builder never completes the transaction."

The jurisdiction of the Tribunal to make an order in this matter is set out in section 16(3) of the Ontario New Home Warranties Plan Act, which states:

16(3) Where a person or owner gives notice in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and may by order direct the Corporation to take such action as the Tribunal considers the Corporation ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Corporation.

Regulation 892 to the Act states as follows:

4.(1) Each person with a claim under the Plan shall give written notice of the claim to the Corporation.

.....

15.(2) Every vendor of a new home warrants to the owner

(a) that the home is constructed in a workmanlike manner and is free from defects in materials including windows, doors and caulking such that the building envelope of the home prevents water penetration;

.....

(d) that the home is free from violations of Ontario Building Code regulations under which the Building Permit was issued, affecting health and safety, including but not limited to fire safety, insulation, air and vapour barriers, ventilation, heating and structural adequacy; and

(e) that the home is free of major structural defects.

.....

17. (1) Every vendor of a new home of a type referred to in clause (a) or (b) of the definition of "home" in section 1 of the Act warrants to the owner that in the event of a delay in closing that is more than five days beyond,

- (a) the date originally fixed for closing the purchase agreement; or
- (b) an extension referred to in clause 3 (a) or (b),

the vendor shall compensate the owner for all direct costs caused by the delay in an amount that does not exceed \$100 a day for living expenses and \$5,000 in total. R.R.O. 1990, Reg. 892, s. 17 (1).

.....

18. (1) Every vendor of a new home warrants to the owner that the vendor shall make no substitutions in those items of construction or finishing for which the purchaser is entitled to make selection pursuant to the purchase agreement without the written consent of the purchaser. R.R.O. 1990, Reg. 892, s. 18 (1).

2) Subsection (1) does not apply where,

(a) the purchaser, having been notified, does not make a selection within thirty days after executing the purchase agreement or within such other time period as may be agreed; or

(b) an item selected under clause (a) is not available and the purchaser does not make a selection within seven days of receiving written notice from the vendor or within such other time period as may be agreed that the item is unavailable. R.R.O. 1990, Reg. 892, s. 18 (2).

(3) Every vendor of a new home warrants to the owner that where the purchaser fails to make a selection under clause (2) (a) or (b) that the vendor will make a selection on the purchaser's behalf that is of equal or better quality than the original selection as set out in the purchase agreement. R.R.O. 1990, Reg. 892, s. 18 (3)

19. Every vendor of a new home warrants to the owner that where the vendor makes a substitution with respect to an item that is referred to in the purchase agreement that is not an item that is to be selected by the purchaser, the item will be of equal or better quality than the item referred to in the purchase agreement.

THE ISSUES:

The Tribunal dealt with five issues in its analysis.

1. Was the home constructed in a workmanlike manner as warranted under section 13(1) of the Act ?
2. Did the builder substitute items contrary to section 18 or 19 of Regulation 892 of the Act?

3. Are the Applicants entitled to damages for delay in closing, pursuant to section 17 of Regulation 892 of the Act?
4. Where the Applicants can establish that the Vendor has breached a warranty under the Act, what is the amount of the Applicant's damages?
5. Are the Applicants disentitled to warranty coverage under the Act due to their rejection of the offer of settlement made by the Vendor or by refusing to give the Vendor access to the home?

APPLICATION OF LAW TO FACTS:

The Tribunal's analysis below is divided into four categories:

- 1.) Claims that are not warranted under the Act
- 2.) Claims that are warranted under the Act
- 3.) The effect of the settlement offer on the Applicants' claim
- 4.) The effect of the denial of access on the Applicants' claim

1.) CLAIMS THAT ARE NOT WARRANTED UNDER THE ACT

#45 Change in the Loft Dimensions (numbered from the Conciliation report)

Mr. Fuller claims that a 6" jog in the loft wall encroaches into the original plans of the home. This, he says, reduces the area of their home and he wants compensation based on that reduction compared to the overall floor area of the home.

Cory Beverdam, for the Program, testified that the industry standard is to accept up to a 2% reduction in the floor area of a house. He said the jog measured 4 inches by 6 or 7 feet and that fell within the 2%. He said he was not sure why the jog was made. But, he said, a builder is entitled to make minor changes and the industry guidelines allows a 2% deviation respecting the total square feet without penalty. The Program's policy is the same.

Since the jog or check is found to be within the 2% variance allowed and since there is no evidence before this Tribunal that this affected the value of the home, this claim is denied.

#45 The Fireplace

The Applicants' claim is that they are entitled to a more expensive fireplace than that which was installed. Mr. Fuller said that he had contracted for a more expensive fireplace in Schedule D of the Agreement of Purchase and Sale (ex3/3 p7). That schedule lists extras. The relevant section referring to the fireplace reads:

FIREPLACE IN LIVING ROOM (NOT A FULL WALL, SHELF TYPE INSTALLATION) Price
\$3,000 incl

Since both types of fireplaces available are shown to have shelves (photos ex 8 nos. 29 & 53) and since the description is unclear, the Tribunal is not persuaded Ashcroft knowingly made a substitution. Mr. Fuller is quite sure about what he chose and therefore that there was a substitution. A salesman, he said, took the details of what he wanted and wrote it down on the order. But Mr. Fuller's intention does not by itself determine if there was a contract for what he wanted.

In Eli Lilly v Novopharm [1998] 2 SCR 129 para 54 the Court said,

The contractual intent of the parties is to be determined by reference to the words they used in drafting the document, possibly in the light of the surrounding circumstances which were prevalent at the time. Evidence of one party's subjective intention has no independent place in this determination

The Tribunal is left in some doubt as to contractual intent of the parties. In addition, there is the evidence that the fireplace Mr. Fuller wanted could not be installed because the open concept in his Tiffany model home did not allow it. Also, Mr. Beverdam indicated that the two fireplaces in question were of equal value.

The Tribunal finds that the Applicants have not discharged the onus of proof which rests upon them to prove their claim's validity on the balance of probabilities. Accordingly, the Tribunal is unable to find in their favour, and this claim is denied.

#46 Hydro and Phone Boxes

The Tribunal has concluded that the offending hydro box is probably located off the Applicants' property. No survey was presented. The best evidence came from Mr. Beverdam who said he used the water valve stand pipes as a guide as they are usually on the property line, and he concluded that the hydro box was outside the Applicants' property. He said, and the Tribunal accepts, that municipal services are excluded from warranty.

The Tribunal finds that the Applicant's complaint is not a warrantable claim under the Act and the claim is denied.

The Retaining Wall (Item 48 from Applicants' Summary (Exhibit #4)).

Along the back perimeter of the Applicants' property, there is a retaining wall built a few feet inside the fence line. It is a top quality grey stone wall about three feet high and three feet wide made up of three layers of big stones (Exhibit # 8 photos) and (Exhibit # 3/81). The Applicants' complaint is that the wall encroaches on a five-foot-wide right-of-way (which enables occupants of adjacent houses to get to their back yards on foot), and repositions the right-of-way further onto the Applicants' property.

The contract of sale stipulates,

"the title will be subject to certain rights of way,

(a) a pedestrian right of way around the block (not exceeding five feet) of the rear yard". (Exhibit # 3/1 page 4)

Mr. Choo testified that the wall was necessary for pipes etc., that it was the most expensive type of wall, and that the wall sets off the perimeter nicely.

The Applicants have not persuaded the Tribunal that they have suffered any damage.

The Tribunal therefore denies this claim.

#50 Structural Anomaly - Basement (number taken from Conciliation Report)

This claim involves a footing pad supporting an upright beam shown in Exhibit # 8, photo 12. Proof of the Applicant's claim would require evidence from an expert. Mr. Fuller indicated that at this time he did not want to pursue this further. The Applicants not proceeding with this claim, the Applicants' claim is denied.

2.) CLAIMS THAT ARE WARRANTED UNDER THE ACT

Identity Numbers are from Exhibit #4 (the list of warranted items)

The following items by agreement are warranted with the following values:

#2	Foyer Moulding	\$ 10
#9	Cracked plaster near fireplace	\$ 15
#18	Drywall defect near main stairs	\$ 50
#19	Plaster stipple defect	\$ 25
#20	Plaster paint defect	\$ 15
#24	Damaged drywall	\$ 15
#25	Moulding defect	\$ 15
#33	Missing phone jack	\$ 50
#35	Window frame not plumb	\$ 150
#1	Window well improperly installed	\$ 125
#10	Parging required	\$ 50
#11	Shingle on roof lifted	\$ 75
	Painting of repaired areas	\$ <u>300</u>

Total \$ 895

The Tribunal finds the Applicants entitled to \$895.00 for the above-noted items.

The following items are agreed to be warranted, but the parties did not agree as to their value. The Tribunal's evaluation of their value follows.

Both the Program and Mr. Fuller obtained quotations for repairs on a number of warranted items. The contractors who submitted the quotations were not called by either party although the Program 's warranty representative, Cory Beverdam, reviewed some quotes.

The Program's quotations came from A. Philion Construction Inc. The Applicants' quotations were obtained from Impeccable Construction. Where there is no other evidence besides the two quotes, the Tribunal finds that a reasonable solution is to split the difference between the quotations. The Tribunal finds that the Applicants are entitled to \$1,740 respecting the following items.

#3 Correct twisted pillar

Program's proposal \$320.	Applicants' claim \$500.	Tribunal's Award \$410

#4 Repair crooked bathroom maple wall

Program's proposal \$320.	Applicants' claim \$500.	Tribunal's Award \$410

#8 Repair door jamb in garage

Program's proposal \$320.	Applicants' claim \$800.	Tribunal's Award \$560

#17 Strengthen stringer on the stairs

Program's proposal \$220.	Applicants' claim \$500.	Tribunal's Award \$360

Total Award	<u>\$1,740</u>

#26 Poured footing not finished

The assessment of this claim was not a contested issue as Mr. Fuller indicated in his evidence that he accepts \$180.

Program's proposal \$180.	Applicants' claim \$500.	Tribunal's Award \$180

Repairs to drywall

This item was not challenged by other evidence from the Applicants.

Program's proposal \$860	Tribunal's Award \$860

#11 Repairs to the runner on the sliding door

For this item, the Tribunal accepts the evidence of the Program's representative Mr. Beverdam, who inspected the door and found dents and scratches in the runner which needed filing. He stated \$50 would repair the damage. He had another quotation for \$150. Mr. Fuller at first wanted the door replaced for \$1,000 as the supplier had indicated on the phone that the runner could not be fixed. In evidence, Mr. Fuller said he would take \$300.

Program's proposal \$50. Applicants' proposal \$300. Tribunal's Award \$150

The parties did not agree that the following items were warranted, or their values. The Tribunal finds these items warranted under the Act and its evaluation of their values follows.

#29 Hose lying across the basement floor (draining the furnace)

Mr. Beverdam testified he examined the hose on the concrete basement floor, connecting the furnace to the drain. He explained that the rule about drains in the basement used to be that they could simply empty into a hole in the concrete floor. That rule has been changed and that procedure is no longer allowed. Mr. Beverdam said the hose must now go directly into a drain which it does by going across the basement floor. He found this was not a defect and not in conflict with the Ontario Building Code ("OBC").

Mr. Fuller on the other hand submitted the hose lying across the floor constitutes an intrusive trip hazard.

The Tribunal finds that the builder should have anticipated the drain requirement before the concrete floor was poured. A pipe could have been set in the concrete going to the drain. This new home should not have such things as an essential drain hose obstructing the basement floor.

The current installation breaches the warranty that the home be constructed in a workmanlike manner and is a warranted claim. Mr. Fuller's claim is for \$100 and that is what the Tribunal finds reasonable.

Tribunal's Award \$100

#32 Kitchen and bathroom cabinets

The evidence in this dispute is really a matter of contract. It relates to the manner in which specific selections were made by Mr. Fuller.

During the preparation of the agreement of purchase and sale, the Applicants made a variety of specific choices on a selection sheet. One choice was for the kitchen cabinets and another was for the bathroom cabinets. Mr. Fuller stated that sales staff (Fran and Sherrie) gave their approval.

The selection sheet has various headings. It is a formal document signed by both Applicants. Under the caption of Kitchen & Vanities, the following choices were indicated:

Kitchen style	CHATEAU
Kitchen colour	NATURAL <u>MAPLE</u> (underlined twice)
Main washroom style	CHATEAU
Main washroom colour	DESERT

The Applicants did not get the natural maple cabinet they selected. Instead they got oak. But, as it turns out, natural maple was not a selection they should have been able to make because their house was a Tiffany style that did not permit the choice of maple cabinets. Mr. Choo testified that maple cabinets were three or four levels up from oak and several times more expensive. He also stated that "Desert" is not available for the Chateau line to which the Applicants were confined. The Chateau line only comes in oak.

Ashcroft sales staff had therefore agreed to selections the Applicants should not have been given.

Mr. Fuller testified that before the cabinets were installed, he had pointed out to Ashcroft that they were the wrong ones. He also testified that Mr. Choo said they would replace their cabinets, then a few days later reversed himself and said he would not. Mr. Fuller's solicitor brought this to the attention of Ashcroft's solicitor in his letter of August 31, 1998 in which he wrote, "During a telephone conversation of August 27, 1998 with Mr. Choo (Ashcroft President), my client was informed that the cabinetry will be changed".

Mr. Choo confirmed this but said at that point he was doing it for customer relations. No doubt he also had in mind that approval had been given by his sales staff. Mr. Choo stressed that it was Mr. Fuller's responsibility to know if a maple cabinet was outside the standard Regal line. However, the Tribunal finds the failure was on the part of the sales staff, and not the fault of the Mr. Fuller. Mr. Choo also claimed the selection is a colour selection not a type selection, implying that a colour choice exculpates Ashcroft from having to provide a natural maple wood cabinet.

The position taken by Ashcroft has not been consistent. On June 12, 2000 Ashcroft's After Sales Manager, Patricia Corkum, wrote to the Program (Exhibit # 3/55) with this paragraph. "In addition I have had discussions with Mr. Fuller respecting repair/replacement of the kitchen cabinets. As you can appreciate this (is a) great deal of work. Mr. Fuller indicated that he in no way wished to be inconvenience(d) in this process. This is impossible and therefore Ashcroft Homes is unable to proceed further with this matter".

Next month, that position changed. On July 14, 2000 Ashcroft issued one of its deficiency correction forms (Exhibit # 6/29) directed to Canac, the supplier of these cabinets. It reads as follows:

Deficiencies to be completed ...

"this is the house that the kitchen cupboards need to be made in MAPLE, please attend to measure the cupboards".

(in unsigned handwriting)

the Chateau door is an 'oak' the maple door is Tuscon or Toledo. Cost to replace kitchen \$1,950 + gst".

Now, Ashcroft suggested \$1,950 is the value of the maple cabinets. To the contrary, Canac, the manufacturer, quoted Mr. Fuller \$5,200 for the maple cabinets that he had selected (Exhibit # 3/7). This higher value is supported by Mr. Choo's statement that the maple selected is several times more expensive.

Counsel for the Program, however, also argued that any compensation should be based on the figure of \$1,950 appearing in handwriting on the deficiency form. That value Mr. Beverdam testified is equivalent to the value of the oak cabinet.

Mr. Fuller's position has not been consistent either. On July 21, 2000 (Exhibit # 3/21), Mr. Fuller wrote to Ashcroft and asked for \$2,100 compensation for the kitchen and bathroom cabinets. This amount was later changed to \$6,000 consisting of \$5,200 for maple cabinets and \$800 to remove the existing cabinets in the kitchen and bathroom. He testified that both his contractor and Canac, the manufacturer, said there would be no salvage value.

Finally, in his testimony Mr. Fuller indicated that he would settle for the cost of the maple cabinet without the cost of removal. That makes sense as it avoids concern about unjust enrichment and the benefit that would be accruing to the Applicants by keeping the oak cabinets.

The Tribunal concludes that there was an offer and acceptance in this specific selection of kitchen and bathroom cabinets and therefore a contractual obligation on the part of Ashcroft to provide a maple cabinet in the kitchen and "Desert" in the bathroom which the vendor substituted with oak.

Respecting a fair compensation on the kitchen cabinet, Tribunal's decision is that it should be the \$5,200 less the value of the oak cabinet of \$1,950 for an award of \$3,250 in round figures.

With respect to the specific colour selection of "Desert" for the bathroom, Mr. Beverdam testified he got a quotation from Canac for \$200 to \$300, so another \$250 should be added for a total award for this item of \$3,500.

Wrong Colour of Siding (Item 43)

This item involves a question of resolving another conflict in the contract of sale.

On the selection sheet (Exhibit # 3/3) in the contract of sale, the Applicants are shown to have chosen Exterior package 4 which apparently indicates "Antique Rose" as a siding colour. However, instead they got "Grey" and they claim \$2,000 in compensation. Ashcroft offered \$1,800 in the settlement to the Applicants to replace the siding (Exhibit # 3/67).

The Program originally found the selection of the colour not to be warranted, but later changed its position because it found that the Applicants had made a specific selection which is covered by section 18 of Regulation 892. But in his evidence, Mr. Beverdam made the distinction between an acceptance of the colour as opposed to a selection of this colour. Both Counsel advanced the same argument, but the Tribunal finds it is without substance.

Mr. Fuller described how he chose the siding. In a letter to the Program of June 2, 2000 (Exhibit # 3/54) he wrote the following,

"The colour package for our home (including the siding) was shown to and accepted by us before the building was erected. The siding on our home is grey and not rose as per the selection sheet."

In this context the Applicants' acceptance of the colour rose is a selection of the colour rose. The fact is recorded on a selection sheet with other choices by the Applicants. Antique rose is the colour they were shown and the colour they wanted. The colour of a house is usually a matter of great significance to the owners.

It is understandable, as Mr. Choo testified, that architectural control attends to the look and feel of the subdivision to avoid monotony. A variety of house colours adds to the value of the houses in a subdivision. The photographic evidence does not enlighten the Tribunal on whether a change in colour was called for (Exhibit # 8 and 3/81).

Mr. Choo admitted he would change the selection process now. His reliance for denying the claim rested on a clause in schedule "B" of the contract of sale which reads,

" All exterior material, elevations and colours are subject to architectural control".

Section 18 of Regulation 892 addresses the selection process for warranty and overrides that clause.

Accordingly, the Tribunal finds the Applicants were entitled to have the siding they selected, and are entitled to compensation. The value ascribed by Ashcroft Homes in the settlement

offer of December 15, 2000 (Exhibit # 3/67) is \$1,800. Mr. Fuller obtained a recent quote from Maize Siding (Exhibit # 3/7) for \$3,870. There being no evidence to resolve the difference in value, the Tribunal finds a fair value to be the average of the two prices and awards the Applicants \$2,835.00.

Lack of Shingle Overlap #5 (from Conciliation Report of May 2, 2000)

The Program takes the position that the lack of overhang on the front gable end of the roof is not warrantable. Mr. Cory Beverdam, for the Program, testified this was not readily visible, and that the condition was therefore not a defect in workmanship.

The Tribunal notes that this may appear as a small matter but in the photograph in Exhibit 8 there is no visible overhang. That lack should be rectified, not just for appearance but certainly for its function. The overhang obviously helps to keep the weather away from the fascia board. Mr. Fuller asks for \$100 and that is reasonable. Accordingly, for this breach of warranty, the Tribunal awards the Applicants \$100.

#49 Delay in Closing (numbered from the Conciliation Report)

As already related, the original closing date was June 27, 1998. On April 21st it was changed to August 13th and then, at the request of the Applicants to avoid bank charges, changed again to August 28th. But on their solicitor's advice the Applicants did not move in until September 4, 1998, seven days later. The city of Ottawa had not issued an occupancy permit and could not do so until a dye test had been carried out. When that was done, the Applicants accepted an undertaking from Ashcroft to procure the permit.

The Program submitted that the seven day delay in closing (August 28 to September 4, 1998) was not caused by Ashcroft. The Program argued that the delay was caused when the Applicants would not close without an occupation permit, required and issued by the City of Ottawa.

The evidence is quite clear. Ashcroft had failed to ask for this occupation permit. The City had not done the dye test needed before it could issue the permit. On August 28, the City still had this test to do, and it was not until September 4 that it was completed by the City, a fact recorded in the correspondence between the solicitors for the vendor and the buyers (Exhibit # 3/14). When the test was finally done, the Applicants accepted an undertaking from Ashcroft to provide the permit and took possession.

From the delay, the Applicants make two claims, one for legal expenses caused by the delay and the other for living expenses.

The Applicants are seeking \$799.83 for the extra legal expense pertaining to work done after the closing of August 28, 1998. Their solicitor, Patrick Murray, makes the point in a letter to Ashcroft's solicitor dated December 4, 1998, " our client received two separate invoices, one

for fees relating to the transaction up to the original closing date, and the other for fees (only) incurred due to the delay in closing” (Exhibit # 3/14).

Mr. Murray’s account is for 5.5 hours resulting from the delay in closing, which from his invoice shows $\frac{3}{4}$ of his \$747.50, account is related to the problems of the late closing. (Exhibit # 13/p.34) Therefore, the Tribunal finds that \$600, with GST included, is directly a cost of the delayed closing.

The situation required legal advice and negotiation power. The contract of sale provides:

31. TIME IS OF THE ESSENCE Time shall be in all respects of the essence in this agreement and every part hereof.

The Applicants therefore needed legal advice. The possibilities of not closing on the specified date could have exposed them to significant liabilities.

The legal cost of \$600 is directly a result of the delayed closing.

Section 17 (1) of Regulation 892 provides,

Every vendor of a new home warrants to the owner that in the event of a delay in closing that is more than 5 days beyond

.....

b) an extension referred to in clause 3(a) or (b),

the vendor shall compensate the owner for *all direct costs caused by the delay* in an amount that does not exceed \$100 a day for living expenses and \$5,000 total. [Emphasis added]

The \$600 being a direct cost, as required under section 17 of regulation 892, the Tribunal finds the Applicants’ claim for this amount falls within the warranty provisions of the Act.

The remaining question is how much compensation, if any, is due to the Applicants for alternate living expense.

The Applicants extended the lease of their accommodation for a month at a cost of \$620. Both party’s Counsels argue that the Applicants had committed themselves to this extended rent before they knew they would not be able to close as scheduled. As it turns out that was a wise precaution and justified by the subsequent events. In the circumstances the Tribunal finds that \$100 a day would be fair for the seven days of delay, but with only evidence before it of \$620.00, the Tribunal’s award is limited to \$620.00. Accordingly, the Tribunal finds the Applicants’ claim of \$600.00 for legal costs and \$620.00 for living expenses are claims within the warranties provided by the Act.

When the Applicants took possession of their home, there was an open duct on the furnace leading nowhere. It should have gone to the loft above the garage but somehow that got omitted. This omission is not construction of the home in a workmanlike manner as warranted under the Act. In the first offer of settlement the Program quoted \$500.00 from the builder as compensation (Exhibit3/67) which the Tribunal finds reasonable, and the Tribunal finds the Applicants entitled to \$500.00.

#9 Landscaping (Number Taken from Conciliation Report)

The Applicants complain that they did not get the trees they expected as shown on the site plan (Exhibit # 18). However, most of these trees were outside their property and there should have been only one tree, a Serviceberry, just inside their property line. Its absence is established by photos 44 and 45 in Exhibit # 8.

Mr. Choo testified that there are various holdbacks and an \$8 million line of credit. He suggested that an owner of a house can complain to the City to rectify the lack of trees which the City can arrange by the use of the line of credit.

The Tribunal finds that Mr. Fuller should get the missing tree, for which he was quoted \$225 by Knippel Nursery (Exhibit # 3/77).

The Tribunal finds the Applicants entitled to \$225.00

#10 Repair to the floor where hardwood meets vinyl

The problem with the floor is shown in a photograph contained in (Exhibit # 8/26). There is clearly a defect that needs fixing. An offer to fix the floor for \$150 is shown in Exhibit # 4, which the Tribunal finds and awards to the Applicants \$150.

With respect to the balance of the Applicants' claims in these proceedings that are not specifically mentioned in this decision, the onus is on the Applicants to establish the amount of damage they have suffered. That has not been done. For instance, there is some intimation respecting items 12, 13 & 14 in Exhibit # 4 that it might take \$400 to repair those items. Lacking evidence, the Tribunal can not rely on such a figure. Accordingly, unless the Tribunal has specifically found a claim warranted in this decision, that claim in these proceedings is dismissed.

The Tribunal therefore finds the Applicants entitled to a total award of \$12,455 for claims warranted under the Act.

3. EFFECT OF THE OFFER OF SETTLEMENT ON THE APPLICANTS' CLAIMS

Counsel for the Program referred to the letter of December 15, 2000 from the Program (Exhibit # 3/67) and submitted that the Applicants failed to mitigate their damages by refusing a reasonable settlement offer. This was the basis for the Program's position set out in its decision letter that the Program could not be of further assistance.

Counsel for Ashcroft submitted that the Applicants' appeal should be dismissed because the offer of settlement was a reasonable one and by rejecting it they failed to mitigate their damages. Counsel also submitted that the Applicants' rejection of the offer should be taken into account in assessing any damages in these proceedings.

An important first finding by the Tribunal is that the release was an essential part of the whole offer to settle, which was in two sections. The release was treated that way by Mr. Fuller in his response to the Program (Exhibit # 3/68). In addition, Ashcroft set this pattern in an earlier offer mentioned in its letter of May 4, 2000 to the Program where a \$3,500 cash settlement was tied to a waiver (Exhibit # 3/47). It read,

“.... as well, Ashcroft Homes lawyer will be including a waiver that must be signed by the homeowners.”

Mr. Beverdam initiated the settlement offer over the phone. The Applicants requested a meeting which took place on December 6, 2000. Mr. Perry Harkin from the Program came with Mr. Beverdam. The meeting was not a success, according to Mr. Fuller, as he felt threatened both by Mr. Harkin's statement that if he did not settle, it could change to his disadvantage and by the terms of the offer to settle with its conditions and waiver of liability. Mr. Fuller's observation was that the Program was not being a conciliator but an ally with Ashcroft, against him.

During these negotiations for settlement, Mr. Fuller still had not been informed that, four months before in August, the Program had found Ashcroft in breach of its warranty obligations and had taken over the claim. Consequently, until February 20, 2001, when the Program finally informed him of the situation, Mr. Fuller remained under the misapprehension that he was still dealing with both the Program and Ashcroft.

The Program put the terms of the settlement offer in writing but Mr. Fuller rejected it because of the attached release which was required and, according to Mr. Beverdam, drawn up by Ashcroft's lawyer. (Exhibit # 3/67, 68).

Section 14(3) of the Act provides:

The corporation may perform or arrange for the performance of any work in lieu of or in mitigation of damages claimed under this section.

Under the settlement, the Program was not going to arrange for the performance of work. Rather, the Program was to delegate to Ashcroft which was to delegate to the Applicants who

in turn were to delegate the work to a particular contractor. All of this was proposed in the absence of an existing contract without any prior consultation with Mr. Fuller.

In addition, there is nothing in the Act entitling the Program to demand a waiver of liability and nothing to allow the Program to shed its responsibility for the 7 year warranty for a major structural defect.

The release offered to the Applicants contains five conditions which rightly caused them concern (Exhibit # 3/68).

1. The work on 21 warranted items had to be done by a company called Impeccable General Contracting ("Impeccable"). This decision was made without any consultation with the Applicants. At the time, the Applicants' only dealings with Impeccable were an informal oral estimate and some talk of availability. There was no contract between them.
2. The \$6,475 for the work to be done was to be paid, not to the Applicants out of the guarantee fund, but by Ashcroft. In addition it was to be paid to Impeccable directly. The liability of any costs overrun would of course have been the Applicants', as Impeccable was identified as the contractor of the undersigned Applicants.
3. Ashcroft would only pay the \$6,475 upon completion of the work.
4. The work on the 21 items had to be complete within 60 days.
5. A discharge had to be given by the Applicants to Ashcroft and to the Program absolving them from any future claims and from all claims made to date for deficiencies in the construction of their home.(Exhibit # 368/)

The Tribunal finds these requirements inappropriate in the circumstances. The Program had taken over the claim. Under the Act it could have either compensated the homeowners or arranged for work to be done, but it did neither. For some reason the Program was safeguarding Ashcroft's interests.

Mr. Fuller is entitled to sue Ashcroft quite apart from warranted matters under the Act. That should not be a concern of the Program once their conciliation efforts are over.

Mr. Fuller rightly protested. He had no binding contract with the contractor Impeccable, only estimates. He knew repairs done by Impeccable would not be covered by the extended warranty, but he would have had an extended warranty if the Program had arranged the repairs. And he was not happy with the time limit, as the work was extensive and would mean a substantial inconvenience for him with no arrangements for alternate accommodations being made. Also, the loss of the seven-year warranty for major structural defects implicit in the release of both the Program and Ashcroft of that liability would have adversely affected the value of the home and was an attempt to contract out of the Act.

Mr. Fuller made a reasonable response in his letter of December 22, 2000 where he wrote out his objections and added:

"In the event that there was agreement to remove the, in effect, illegal restriction, we would consider accepting compensation in the amount of \$12,925.00 which is the total value of reparations already being proposed". (Exhibit # 3/68).

The Program did not act on that proposal. There was no response except as set out in the decision letter.

For these reasons, the Tribunal finds that the Applicants had no obligation to accept the settlement offer to mitigate their damages. Indeed, it would have been unwise for them to have done so. Accordingly, the Tribunal finds that the Applicants refusal to accept the proposed settlement does not affect their entitlement to compensation for breach of warranties under the Act.

4. EFFECT OF THE DENIAL OF ACCESS ON THE APPLICANTS' CLAIMS

Considerable controversy developed over Ashcroft's right of access to the home. The agreement of purchase and sale carried this section,

18. ACCESS TO PROPERTY It is understood and agreed that at any time either before or after the completion of the within transaction and the delivery of a transfer to the purchaser, the vendor, its servants, agents or any person authorized by the Vendor, upon giving notice, 48 hours minimum, shall have free access at all reasonable hours to the lands and buildings comprising the Real Property in order to make inspections or do any work or repair therein or thereon which the Vendor may deem necessary.

Prior to August 11, 2000 when the Program took over the claim (Exhibit # 3/64), Ashcroft's employees were refused access on several occasions for various reasons.

Undoubtedly from Ashcroft's perspective Mr. Fuller was being difficult. He had so many claims, some unnecessarily detailed, and he wanted some control of the proposed methods of repair. Ashcroft says it alone had the right to decide on the method of repair and that Mr. Fuller was uncooperative.

To some extent that is true, but the Applicants were contending for years with a disturbing number of unsolved deficiencies in their home. This may have arisen because Ashcroft was "in great difficulties with finishing houses" according to a fax (Exhibit # 3/44) from Patricia Corkum, Ashcroft's After Sales and Service Manager. The Applicants became dissatisfied early on with the quality of service provided by Ashcroft (which Mr. Fuller described as like having a broken leg re-broken) and he complained about the slowness of response and Ashcroft's discourteous attitude. He had another complaint. When the Applicants wanted to

be re-assured that their home would be restored to its prior condition after some proposed repairs and asked for the details, Ashcroft refused to give them the details in advance.

Mr. Fuller testified he took offence to a letter from Ashcroft to the Program stating that numerous items could have been dealt with if he had allowed access to the residence (Exhibit # 3/55) . He said he knew of his obligation to allow tradespeople in, and he had gone beyond that. He also maintained that he had been co-operative and that he was never informed prior to this hearing that he had not been.

Mr. Fuller conceded that there were three occasions that he refused access to Ashcroft employees. Once, Mr. Fuller refused entry to an Ashcroft worker called Pierre who came to the home unscheduled. On a second occasion, Mr. Fuller refused access when Pierre and Flemec, tradespersons, refused to sign a waiver. Mr. Fuller said he asked for a waiver because the Program recommended that he get one. Mr. Fuller refused access a third time when Mr. John Stokes, the construction manager, arrived with Patricia Corkum. On this occasion, Mr. Fuller said, Mr. Stokes became flustered and left when Mr. Fuller told him he only wanted one person in at a time, and they decided Ms. Corkum would be the one. Mr. Fuller only wanted one person in at a time because on a previous occasion two had come at once and each disappeared off into the house independently, making it impossible for Mr. Fuller to follow what they were each doing. Mr. Stokes was not excluded from the house when he was by himself. He testified he had been through the house with Mr. Fuller on another occasion and had been over the list of deficiencies.

In the written submissions, Counsel for the Program argued that where Mr. Fuller refused access to Ashcroft's employees or tradespeople, the Applicants are disentitled to compensation on eight claims amounting to over \$6,430.

Counsel for Ashcroft submitted that the Applicants' appeal should be dismissed noting that had the Applicants been fully co-operative and allowed the repairs to be undertaken without interference of any kind, including the manner of the repairs, they would not have suffered any damages.

These positions are in sharp contrast to the position taken by Mr. Fuller. There are a number of factors favouring Mr. Fuller, in particular the poor performance by Ashcroft.

By August of 1999, Mr. Fuller sent to the Program an accumulated list of five pages of issues still outstanding, some of them respecting shoddy work. He was not alone in his observation about poor performance because in the Final Notice letter to Ashcroft dated June 28, 2000 Mr. Beverdam, wrote:

"Seems that there have (been) a lot of people/trades in the home to LOOK at the repairs that have to be done, but very little action taken to resolve them" (Exhibit # 3/57).

New home owners are entitled to have deficiency claims handled with reasonable dispatch, efficiency and courtesy, enabling them to live without undue disruption. There has to be

reasonableness on both sides, the purchasers' and the vendor's, otherwise a vendor could easily upset the purchaser of a new home to the point where the purchaser is bound to refuse access for repairs of deficiencies and the vendor would get the benefit of the purchaser being disqualified from making claims.

Mr. Fuller expressed his predicament in a letter of August 28, 2001 addressed to the Program (Exhibit # 3/66). He wrote:

"I have an idea as to the proper sequence of events which should transpire to end this two year plus nightmare. Would you please inform me of the process which will bring this issue to a judicious end".

Although poor performance appears to be quite out of character for Ashcroft Homes, it continued and led to the company being found in breach of its warranty obligations leaving the Program to take over the Applicants' claims (Exhibit # 3/64). The Tribunal finds that this was the root cause when the Applicants refused access to Ashcroft.

As an example of poor performance, there is one photo in Exhibit#8 showing a conspicuous piece of molding repair stuck on the wall at the top of the stairs. The molding is off level, the edges do not meet the vertical corner, and they are not flush against the step under it. In addition, the molding sticks out beyond the step. The plaster repaired around the molding is smudged and uneven.

Mr. Fuller was naturally reluctant to have his home repaired in this fashion and wanted to be sure that the proposed repairs were what should be done. He therefore wanted some say to make sure the repairs did not create further problems.

A number of events concerning specific refusals should be considered individually, as follows:

Replacement of Kitchen Cabinets

In this instance, the refusal is claimed to be set out in a letter from Ashcroft to the Program on June 12, 2000 (Exhibit # 3/55), which states,

"Mr. Fuller indicated to me that he in no way wishes to be inconvenienced during this process. This is impossible and therefore Ashcroft is unable to proceed further with this matter".

What the note does not mention is that Mr. Fuller was obviously simply holding his ground during negotiations with Ashcroft on an offer recorded in Ashcroft's letter of May 4, 2000 to the Program (Exhibit # 3/47), which read,

"We have offered \$3,500 and I have enclosed a breakdown of what it would cover.

Kitchen and vanity	\$1,733
Hardwood floor	800

Vent run in garage	300
vinyl floor repair	70
Miscellaneous	<u>597</u>
	\$3,500

.... as well, Ashcroft Homes lawyer will be including a waiver that must be signed by the homeowners."

Ashcroft is not in a good position here to complain about Mr. Fuller. The conciliation had already taken place (March 14, 2000 and May 4, 2000) and the May 19, 2000 deadline for arrangements to be made to resolve the warranted items with the homeowners had passed.

In this instance, the Applicants' refusal of access was reasonable and the complaint respecting that refusal is therefore not justified.

#27 Duct to the loft

On January 21, 1999 Pierre and another person arrived at the home with a sledge hammer to carry out the instructions on a Deficiency and Correction Form that read, "Reconnect or run missing heat run as previously discussed". Under that, is a note " Does not want job done. REL I WILL NOT SIGN RELEASE!" followed by an initial (Exhibit # 6/51).

Mr. Fuller asked the men for a waiver as he says he had been advised to do so by the Program. The workers proposed two systems of repair to install the duct in a box on one visit and to go through the garage on another visit. Neither would have left the Applicants' home in its condition prior to the repair being done, and Mr. Fuller sent the two workers away.

Mr. Fuller should have been more cooperative with Ashcroft. Nonetheless, under the circumstances the refusal was not altogether unreasonable.

#10 Repair to the floor where hardwood meets vinyl

A letter from Argos Carpets indicates that they arrived on February 20, 1999 to repair the vinyl floor where it meets the hardwood floor, but Mr. Fuller was not interested unless they were going to do all their work, which included replacing the tiles in the bathroom. (Exhibit # 3/41)

This was a conditional refusal. The underlying implication was that Mr. Fuller did not want repairmen visiting endlessly but wanted them to do all the jobs they could while they were there. In such circumstances, Mr. Fuller's refusal showed a lack of co-operation but was not of sufficient weight to carry the penalty of forfeiting the Applicants warrantable claims under the Act.

7 Shimming of the living room floor and adjustment of the hearth

In his evidence, Mr. Fuller acknowledged that he did not permit an Ashcroft worker, Pierre, to use a wedge to fix the sagging floor in the living room. This floor dips down to a wall (shown in a photograph, Exhibit # 8). Mr. Fuller described the inadequacy of the proposed method of correction as comical. Also, he knew Pierre and believed that the work was outside Pierre's area of expertise. So Mr. Fuller told Pierre to go back to Ashcroft.

Mr. Fuller's evidence was uncontradicted. He said the sagging floor appeared to be caused by defective framing. The Tribunal wonders how a problem of that magnitude could be solved with a wedge. Later, Ashcroft arranged for a structural engineer to examine the problem, which Ashcroft should have done in the first place (Exhibit # 3/62).

The proposed method of repair that was presented to the Applicants was unreasonable and sending the worker back to Ashcroft should not result in the Applicants losing this claim under the Act.

On various occasions the Tribunal has taken into account a homeowner's refusal to allow the Program or the builder to carry out remedial work.

In Migliano [1994]12 CRAT 137 the Tribunal found no breach of warranty because "the builder made what appeared to be a reasonable offer to repair or compensate". The Tribunal directed the Program "to deny the claim of the Applicants so long as the Applicants continue to refuse the builder's offer to repair or compensate because no breach of warranty exists". This order is a common sense approach allowing the Applicants to undo their refusal and co-operate.

In Wilkinson [1998] CRAT 78 the Applicant did not relent and consistently refused to allow the builder to repair his driveway with sealant. His claim was denied. That is not the situation in this case. Mr. Fuller was obviously fully prepared to be co-operative.

To some extent, both the Applicants and the Builder were in the wrong. However, the instances of lack of access for the Builder do not warrant loss of the Applicants' claims under the Act.

ORDER:

Accordingly, pursuant to the authority vested in it by section 16 (3) of the *Ontario New Home Warranties Plan Act* , the Tribunal directs the Ontario New Home Warranty Plan to pay \$12,455.00 compensation to the Applicants to cover all the warranty claims found by the Tribunal in these proceedings to be warranted under the Act.

LICENCE APPEAL TRIBUNAL

Douglas Mackintosh,

DAGENAIS, DAVID

PREHEARING

DAVID DAGENAIS

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: DEREK ISRAEL, VICE-CHAIR

APPEARANCES: by teleconference
DAVID DAGENAIS, representing himself
FIL CECE, Agent, representing the Ontario New Home Warranty
Program
CHRIS THOMPSON, Agent, representing C. Thompson Homes Ltd., the
Added Party

DATE OF
PREHEARING: February 22, 2002 Toronto

ORDER

Following the attendances by teleconference on February 22, 2002 at a prehearing before this Tribunal of David Dagenais, appearing on his own behalf (the "Applicant"), and Fil Cece, Agent on behalf of the Ontario New Home Warranty Program (the "Program") and Chris Thompson, Agent on behalf of C. Thompson Homes Ltd. (the "Added Party");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Tuesday April 2, 2002 at Holiday Inn Select, St. Clair "B" Room, 1855 Huron Church Road, Windsor, Ontario and to continue, if necessary, on April 3, 2002 at the aforesaid address;

- 1) The Parties to the hearing are the Applicant, the Program and the Added Party;
- 2) There were no facts or evidence agreed upon by the parties, nor was there settlement of any issue or issues;

- 3) The Applicant informed the Tribunal that he had not consulted with nor had he retained a legal advisor or expert in connection with the hearing due to commence on April 2, 2002. The Tribunal urged the Applicant to do so immediately, more particularly in that all parties are required by the Rules of Practice of the Tribunal to make disclosure of documents and things in terms of Rule 6.3 and to make disclosure under Rule 6.4 where a party intends to rely on or refer to the evidence of an expert witness at the hearing. The Tribunal informed the Applicant that where he or any other party intends to rely on the evidence of an expert witness at the hearing that party shall provide to every other party the information set forth under Rule 6.4 (a)(b)(c) and (d) within at least 30 days before the hearing on April 2, 2002

FROM: Mohamad Shah
o/a Shah Auto Service and Used Parts
2359 Danforth Avenue
Toronto, ON M4C 1K8

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Mohamad Shah o/a Shah Auto Service and Used Parts (hereinafter referred to as "the Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal based on the following terms and conditions:

1. The Applicant acknowledges and understands that he will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Applicant.
2. The Applicant further acknowledges that the restrictions concerning the activities of a salesperson referred to in these terms and conditions applies to buying, selling and leasing on behalf of a dealer. "Buying, selling and leasing" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase, sale or lease of a motor vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Applicant.
3. The Applicant agrees to operate exclusively from the location approved by the Registrar. The Applicant agrees to apply for the Registrar's approval, by way of prior written notice, of any change in location in the form required by the Registrar.
4. The Applicant agrees not to invite the public to deal at a place other than his approved location.
5. The Applicant will not knowingly purchase or sell a motor vehicle to anyone who is in the business of buying and selling motor vehicles.
6. The Applicant will ensure that all advertisements placed by or on behalf of the Applicant will identify his registered name and the address of the location approved by the Registrar.
7. The Applicant will ensure that any vehicles purchased or sold are registered in the name of the purchaser. The Applicant further agrees to register all vehicles purchased in his name within 6 days in accordance with the Highway Traffic Act.
8. The Applicant will not purchase vehicles without ensuring that the vehicle is registered to the seller.

9. The Applicant will not knowingly engage in any illegal activity or breach the provisions of the Motor Vehicle Dealers Act or any other act which impacts upon the purchase and sale of a motor vehicle.
10. The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or his authorized representatives regardless of previous disclosure.
11. The Applicant acknowledges that he has provided full and complete disclosure to the Registrar in all previous discussions with representatives of the Registrar and on all previous applications for registration. The Applicant further acknowledges that the Registrar is relying upon the accuracy of the disclosure provided by the Applicant in entering into these terms and conditions.
12. The Applicant agrees that he is under a positive obligation to disclose all material facts in writing about the vehicles he sells to his customers. Material facts include but are not limited to salvage, previous salvage, frame and unibody damage, rebuilt, accident repair, theft recovery, prior use as a police cruiser, taxicab or daily rental and branded vehicles. The Applicant agrees that should any material fact come to light concerning a vehicle the Applicant has sold, the Applicant will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
13. The Applicant agrees that where a vehicle's odometer reading is unknown the Applicant is under a positive obligation to disclose in writing the last known mileage and that the true mileage is unknown. The Applicant further agrees that if he exchanges or repairs an odometer he will do so in accordance with the Motor Vehicle Dealers Act and ensure that the identical reading appears on the new odometer.
14. The Applicant will comply with the Ontario Motor Vehicle Industry Council's Code of Ethics and Standards of Business Practice as may be amended from time to time. Attached hereto as Schedule "A" is a copy of the current Standards of Business Practice.
15. The Applicant agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required by the Motor Vehicle Dealers Act. The Applicant agrees that all books and records relating to motor vehicles sold or leased by or on behalf of the Applicant before and after registration shall be kept at the Dealer's registered premises and be readily available for inspection. The Applicant further agrees to provide free access to his books and records to any authorized representative of the Registrar without any prior notice being given.
16. The Applicant agrees to ensure that all third party warranties and fees collected pursuant to those warranty agreements are submitted to the warranty company in question within 7 days of completing the agreement. The Applicant further agrees that if for whatever reason a warranty company fails to accept the warranty and/or the fees the Applicant will inform the consumer forthwith.
17. The Applicant agrees that he will not be involved with the buying and selling of motor vehicles without the benefit of registration.
18. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred in the past or that may occur in the future related to his financial circumstances and his honesty and integrity.
19. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences

prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.

20. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
21. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
22. The Applicant hereby acknowledges that he have obtained or have had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of this day of February 2002.

Mohamad Shah
o/a Shah Auto Service and Used Parts (signature)

These Terms and Conditions are accepted by the Registrar, Motor Vehicle Dealers Act.

LICENCE APPEAL TRIBUNAL

BETWEEN:

NICORR INVESTMENTS INC. O/A ALL WORLD TRAVEL

Applicant

- and -

REGISTRAR, *TRAVEL INDUSTRY ACT*

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Nicorr Investments o/a All World Travel (hereinafter referred to as the "Registrant") has been registered as a travel agent (registration number 2547220/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since July 1, 1986. The Registrant has a fiscal year end of May 31st.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 24(2) of the Regulation states that if a registrant had sales of less than \$10 million during the previous fiscal year, the registrant shall file within three months of the end of the fiscal year annual financial statements with a review engagement report by a public accountant licensed under the *Public Accountancy Act*.
3. By letter dated April 23, 2001, the Travel Industry Council of Ontario ("TICO") requested that the Registrant file its financial statements for its fiscal year ending May 31, 2001 by August 31, 2001.

4. By letter dated September 20, 2001, TICO advised the Registrant to file its financial statements by September 30, 2001.
5. On October 3, 2001, the Registrant was issued a further final due date of October 11, 2001 to file its financial statements, failing which the Registrant was advised that a proposal to revoke its registration would be issued.
6. By October 30, 2001, the Registrant had failed to submit its financial statements. On that date, the Registrar issued a Proposal to Revoke the Registrant's registration.
7. The Registrant's financial statements for its fiscal year ended May 31, 2001, which were due by August 31, 2001, were filed on December 7, 2001.

COMPLIANCE HISTORY – LATE FILING

8. The Registrant has a history of late filing and failing to meet the minimum working capital requirements as summarized by paragraphs 10 through 15.
9. The Registrant's financial statements for its fiscal year ended May 31, 1993, which were due by August 31, 1993, were filed on October 29, 1993.
10. The Registrant's financial statements for its fiscal year ended May 31, 1994, which were due by August 31, 1994, were filed on October 18, 1994.
11. The Registrant's financial statements for its fiscal year ended May 31, 1995, which were due by August 31, 1995, were filed on September 18, 1995.
12. The Registrant's financial statements for its fiscal year ended May 31, 1996, which were due by August 31, 1996, were filed on November 6, 1996.
13. The Registrant's financial statements for its fiscal year ended May 31, 1997, which were due by August 31, 1997, were filed on November 18, 1997.
14. The Registrant's financial statements for its fiscal year ended May 31, 1998, which were due by August 31, 1998, were filed on November 18, 1998.
15. The Registrant's financial statements for its fiscal year ended May 31, 2000, which were due by August 31, 2000, were filed on October 6, 2000.
16. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated October 30, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (c) The Registrant shall file its financial statements for its fiscal year ended May 31, 2002 by August 31, 2002 and in accordance with section 24 of the Regulation or such subsequent provision as may be in force from time to time;
 - (d) The Registrant shall file its financial statements for its fiscal year ended May 31, 2003 by August 31, 2003 and in accordance with section 24 of the Regulation or such subsequent provision as may be in force from time to time; and
 - (e) If the above-noted financial statements as filed reveal a working capital shortfall or are otherwise deficient, the Registrant will have 30 days from the date of notice of the deficiency to fully and completely address the deficiency and produce proof of such correction to the Registrar. The Registrar shall send a Notice of the deficiency, if any, by courier or registered mail to the Registrant.
3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) through (c) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

DATED this ____ day of February, 2002

KAAFARANI, JIHAD

JIHAD KAAFARANI

APPEAL FROM A DECISION OF THE REGISTRAR OF THE
MOTOR VEHICLE DEALERS ACT

TO REFUSE A REGISTRATION

TRIBUNAL: WILLIAM MCINTOSH, Vice-Chair

APPEARANCES:

JIHAD KAAFARANI, on his own behalf
YOVANKA MCBEAN, Agent for the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: November 26, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This matter came before the Tribunal by way of a Notice of Appeal dated May 4, 2001. The Appeal was filed in response to a Notice of Proposal to Refuse Registration dated April 20, 2001. By this document the Registrar gave notice to the Applicant that his Application to become registered under the *Motor Vehicle Dealers Act*, R.S.O. 1990, c.M.42 (the "Act") was being refused.

Every person in Ontario who wishes to become an automobile salesperson must first become registered as a salesperson under the Act. The process of registration begins with an applicant filling out an Application form in the form prescribed. The form consists of a number of questions dealing with the background of the Applicant. The answers are designed to provide the Registrar with the information required to screen out inappropriate persons from entering the field. The receipt of the application form is followed by a background check. Applicants for registration are informed of the possibility of such background checks and the difficulties that will arise with their application if false information is provided. The applicant signs an acknowledgement of these provisions. Finally, the form requires a representative of a recognized dealer to sign a certificate to the effect that he or she has personally reviewed the responses to the questions with the applicant prior to signing. Both the Applicant and an authorized dealer properly executed the application form on February 1, 2001.

The Registrar upon receipt of the Applicant's application form commenced a review and responded by way of a Notice of Proposal to Refuse Registration (the "Notice") dated April 20, 2001.

The grounds for this refusal were set forth in the Notice as follows:

- the Applicant filed an application form which contained false and/or incomplete information
- a background check of the Applicant revealed that he had been convicted of fraud over \$5,000.00 and of a breach of the *Bankruptcy Act*
- the Applicant had been refused a previous application and had not appealed the refusal.

The answers to two of the questions on the Application form were of concern to the Registrar. Question 6 reads as follows:

"Are you engaged now or have you ever been involved in personal bankruptcy proceedings? If yes, attach a copy of the assignment in bankruptcy or proof of discharge."

Question 9 reads:

"Have you ever been found guilty or convicted of an offence under any law or are any charges pending?(This includes those instances where a conditional or absolute discharges been ordered). If yes, list all charges and/or convictions, and the circumstances surrounding each."

To question 6 the Applicant answered "yes" but did not provide the particulars the question demanded.

Similarly to question 9 the applicant indicated that he had a criminal record but did not provide the required details. Included in the text of question 9 is an admonition regarding false statements and a warning that the applicant is subject to background checks. It reads:

"Applicants are subject to background and criminal record searches. Submitting a false or incomplete disclosure is an offence under the MVDA and will result in disqualification. Do not assume that convictions are automatically deleted from your record. If you have any questions about the information you must disclose."

In the Notice, the Registrar informed the Applicant that in addition to the affirmative answer given regarding his criminal convictions the Applicant had been convicted of both a breach of the *Bankruptcy Act* and of Fraud over \$5,000.00.

The Notice informed the Applicant that the grounds upon which the Registration was being refused were that his conduct was sufficient for the Registrar to conclude that he would not carry on business in accordance with the objective of the Act, namely the protection of the public interest.

ISSUE:

The issue in this hearing is whether the Registrar acted unreasonably in the exercise of his discretion to refuse registration to the Applicant under the Act.

THE LAW:

The Tribunal receives its authority to adjudicate and rule upon the matter before it by section 7(4) of the Act which reads:

7(4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection 2, the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such actions as the Tribunal considers the Registrar ought to take in accordance with this Act and Regulations, and for such purposes the Tribunal may substitute its opinion for that of the Registrar.

Section 5(1)(a) of the Act sets forth both the entitlement of Applicants to registration and the grounds upon which it can be refused. It reads:

- 5(1) An Applicant is entitled to registration or renewal of registration by the Registrar except where,
- (a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business, or
 - (b) the past conduct of the applicant affords reasonable for belief that the applicant will not carry on business in accordance with law and with honesty and integrity

In the case of a refusal of registration section 8 of the Act allows the applicant to reapply. It reads:

8 A further application for registration may be made upon new or other evidence or where it is clear that material circumstances have changed.

EVIDENCE:

The witness called in support of the Registrar's position laid out the facts in support of the Registrar's position that given the evidence of the application form and background investigations of the Applicant there was a reasonable belief that the Applicant fell outside of the requirements of section 5.

Further, the Registrar took note of the fact that there had been no compliance with the order of restitution and that the bankruptcy remained undischarged.

The Applicant's indictment record dated February 4, 1998 showed a plea of guilty and a finding that the Applicant was guilty of contraventions of section 380(1)(a) of the *Criminal Code* and of section 198(h) of the *Bankruptcy and Insolvency Act*. The former involving fraud over \$5,000, the latter pledging credit within 12 months of an assignment into bankruptcy. An order of restitution was also issued.

The witness for the Registrar testified that offences of this nature for obvious reasons were of particular concern when deciding upon an applicant's fitness to deal with the public. She further produced documents from the Applicant's creditors declaring that no restitution has been received despite the fact that the Applicant was employed. That employment was as a clerk in an automobile dealership and did not yield a large income particularly for a man with children. The Registrar's position was that no attempt, however modest, to comply with the restitution order reflected badly upon the Applicant. There was in the words of the witness "no period of positive conduct" brought to the attention of the Registrar. In total the Applicant's financial position was \$1,000 in assets against \$100,000 in debt.

The Applicant testified on his own behalf. He called no other witnesses as to fact or character. He testified that he has been in this country for 10 years and was married with three young children. He is presently 24 years of age. While not trying to excuse his errant behaviour he implied that his wayward youth was now behind him and that he was seeking a "second chance". He appeared genuinely contrite. As well, he did not contest the grounds leading to his criminal record.

The *Motor Vehicle Dealers Act* requires that all persons who sell automobiles as a business to the public must be registered under the Act for the express purpose of protecting the automobile buying public. It follows that there has to be a mechanism to determine which persons are suitable candidates for registration and which are not. The Registrar has been granted that power and in the exercise of that mandate he has put in place a system by which those wishing to become registered as salespersons can apply. The application form is the first indication to the Registrar of the candidate's suitability. This being the case the Tribunal accepts the position that any dissembling on the application should be taken seriously. It is after all the first contact the Registrar has with prospective registrants and if there is an attempt to mislead the regulator at this juncture, it does not speak well of the applicant's ability to deal properly with the public.

It was pointed out to the Tribunal that section 5 which empowers the Registrar to make these decisions about suitability directs him to look at the past conduct of applicants as a predictor of future behavior.

The Tribunal is sympathetic to the plight of the Applicant and hopes the Applicant continues to improve on his record. However, that record shows relatively recent evidence of improper conduct. As there were no character witnesses called on the Applicant's behalf or any other evidence of mitigation or explanation, the only basis the Tribunal is left with is the evidence of the Registrar.

The Tribunal accepts the evidence of the representative of the Registrar that at this time the Applicant should be refused registration.

DECISION:

Pursuant to the authority vested in it under section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his proposal to refuse the registration of Jihad Kaafarani under the Act.

LICENCE APPEAL TRIBUNAL

William McIntosh, Vice-Chair

RELEASED: February 26, 2002

POWER LAND AND CATTLE DEVELOPMENT CORP.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: MALCOLM FEALING
Presiding member

APPEARANCES: LUBA NEUWIRTH
Representative for the Registrar of Motor Vehicles

JAYSON SCHWARZ
Counsel for the Applicant

DATE OF HEARING: February 18, 2002

DECISION RELEASED: February 26, 2002 Toronto

REASONS FOR DECISION

A hearing was held on February 18, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Power Land & Cattle Development Corporation (the "Applicant")
Motor Vehicle:	1995 GMC SIE pickup, plate no. 2402HK (the "vehicle")
Date of Appeal:	January 31, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on February 18, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Mr. Sorel, the driver, is a contractor , who was hired by the owner to do maintenance on its 55 industrial units located at 10, 20 & 100 Wilkinson Road, Brampton, Ontario. When hired, he advised that he did not have a licence. He was advised at that time that on the odd occasion he could use the truck for maintenance purposes on the property only. The vehicle was never to leave the property. This vehicle is kept on site for the sole purpose of snow removal and sanding during the winter months for all three industrial/commercial buildings. There is an individual hired for the sole purposes of snow removal.

This vehicle is required for this purpose, and if not returned, the owner will not be able to fulfil its obligations as landlord at these three locations. The tenants will not have proper access to their units, and will likely sue the owner for its failure to live up to the requirements of the leases of the tenants.

Mr. Sorel was instructed not to remove the truck from the commercial premises. He was not to operate it on any street, road, highway, or other public place. The owner has been given to understand that Mr. Sorel, who is of below average intelligence, decided that the truck was dirty and needed a wash, and was stopped while on his way to the car wash. While Mr. Sorel was operating the vehicle outside the parameters of the consent given, the owner does not feel he possessed the intent to commit a theft.

Under the circumstances, and in light of Mr. Sorel's personal circumstances, the owner has no wish to see him saddled with any further legal difficulties.

The owner will suffer severe financial hardship if the vehicle is not returned. The owner will ensure that there is no question but that this vehicle is not operated by anyone except a properly licenced driver in the future. Mr. Sorel will not be permitted to operate the vehicle in future.

Mr. Schwarz advised the Tribunal that he was not only representing the owner of the automobile, but he was also the chief witness. He was sworn in.

In his testimony, Mr. Schwarz stated that he is the President of Power Land and Cattle Corp. Ltd, and that Ms. Heather Welner is his partner. The truck that had been impounded was owned by the Corporation. Power Land and Cattle Corp. managed three industrial lots which occupy 250,000 sq. ft. of land space. The automobile was purchased for the sole purpose of salting the property and clearing the snow after a snowfall.

This maintenance was the responsibility of Gordon McLean. 11/2 years ago Mr. McLean hired Scott Surrel to drive the truck and clear the snow. Mr. McLean was aware that Scott did not have a driving license, and according to Mr. Schwarz, Scott had been instructed never to drive the truck off the lot.

Scott Surrel, said Mr. Schwarz is 41 years old, with an I.Q. of approximately 60. He has to be

constantly supervised. Unfortunately Gordon McLean died last year, and his responsibilities were taken over by his brother Wayne McLean. On the day the vehicle was impounded, Scott heard Heather tell Wayne that the truck should be washed. Thinking that he would please Heather, Scott took it upon himself to get the truck washed. In order to do this he had to drive the automobile off the lot. He was stopped and the truck was impounded.

The truck is used to clear snow so that a safety hazard is not created. Immediate snow removal is necessary and another vehicle is not available on a timely basis.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Scott C. Surrel;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's license of the driver was then under suspension until August 15, 2002.

The Respondent's first question to Mr. Schwarz was whether there was an alternative to the vehicle. Mr. Schwarz's response was that there was no alternative to the vehicle. He said that 72,000 square feet of the complex was vacant and that there was no cash flow to purchase a new vehicle. In any event the 45 days would soon be up so an expenditure of \$15,000.00 was not warranted. He was asked whether it would not be possible to borrow a truck. Borrowing would be next to impossible he said. His competitors would not be inclined to lend him their vehicle. Of course he could arrange to have a snow removal company clear his property after a snowfall, but Heather had looked into this and had ascertained that it would take 1½ days to have the snow cleared.

Mr. Schwarz advised that he had 40 tenants with approximately 200 employees. The complex was very busy with a great deal of daily traffic. Large transport trucks regularly drove through the property. Access to the property was off Steeles Avenue, and cornering into the property was difficult. Entering the property after a snowfall would be hazardous and for that reason it would be necessary to clear the area immediately after a snowfall. To wait 1½ days for a

contractor to come to salt the place and clear the snow would be inviting trouble.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's license of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's license of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or

to the environment or property of a community in whose service the motor vehicle is ordinarily used.

- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Section 22 of Regulation 574 R.R.O.1990 as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor

- vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

The Tribunal finds that there is sufficient evidence to show that in this instance exceptional hardship will result from an order to impound under section 55.1 of the Act. Section 22(1)(b) of Regulation 574 applies. If snow is not cleared promptly there is a threat to the safety of the public who use the premises. In an area as described by the Appellant, and during this time of the year, the snow removal truck is an absolute necessity and should be available at all times. In the circumstances of this case, only the impounded vehicle is available for this purpose.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal sets aside the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

APPEARANCES: STANLEY FIENBERG, Counsel, representing the Applicant
AVIVA HARARI, Counsel, representing the Board of Trustees,
Ontario Motor Vehicle Dealers Compensation Fund

DATE OF HEARING: February 1, 2002

Toronto

REASONS FOR DECISION AND ORDER

Background:

Myrna McMullen ("the Applicant") made a claim to the Board of Trustees of the Motor Vehicle Dealers Compensation Fund. That claim was heard by the Board of Trustees on September 19, 2001. By letter dated October 9, 2001 the Board of Trustees denied the claim of the Applicant. The denial was based on three reasons:

1. The applicant had not suffered a pecuniary loss;
2. The repairs on the vehicle were routine maintenance repairs; and
3. The vehicle was sold without a warranty.

By Notice of Appeal dated October 17, 2001 with attached schedule the Applicant appealed the denial to this Tribunal. There was no prehearing. The matter was heard by the Tribunal on February 1, 2002 with all the parties in attendance.

Issue:

Were the Board of Trustees of the Ontario Motor Vehicle Dealers Compensation Fund correct in denying the claim of Myrna McMullen?

Evidence:

Testimony of Myrna McMullen:

Mrs. McMullen testified that she had purchased a 1985 Starcraft van from Traders Auto Exchange on February 20, 1999. The van had been advertised in the Auto Trader. When she went to Traders Auto Exchange she saw John, a salesman who told her that the van had 152,300 km on it before the odometer was broken. It had broken while John was driving his relatives around the area. John said the vehicle was in great shape. Mrs. McMullen was concerned about safety as she drives foster children.

Mrs. McMullen stated that she signed a vehicle purchase agreement on February 20, 1999 that had no statement of the odometer reading. John explained that he would have to change the instrument cluster. The purchase price was \$5,000.00 all inclusive.

When she returned in early March, 1999 Mrs. McMullen signed a second contract which had 278,006 km as the odometer reading. She spoke to someone she thought was John's father. She was told that the instrument cluster had been changed. She thought the mileage was a little more than 152,000, km not 278,006 km. She wanted "true mileage unknown" put on the contract. She stated that the GST and BxP stripes were not filled out on the contract when she signed it. She did not get a copy of this contract but was given a written receipt. She said that when she signed this contract only 5000 and 4500 were filled in on it.

After receiving the van, the Applicant found that the gas gauge and the speedometer were not working. Her husband took it to a mechanic suggested by Traders. That mechanic told him the original mileage was 290,000 km. The Applicant said that there were other problems as well: activating the turning blinkers made the lights go off, there was something wrong with the springs, and the vehicle would not start the day after they got it. They took the van to Georgian Pontiac Buick in Barrie and paid \$564.61 for repairs. They had some discussions with Traders while the car was at Georgian and Traders reimbursed them for over \$100.00 of the cost of the repairs that should have been fixed for safety reasons, like the springs and the rear licence plate. Georgian also said that if they had done the safety, they would have replaced two of the tires.

Mrs. McMullen testified that eventually they sold the car as it would not work most of the time. They left it sitting in their driveway when they commenced the court action. They sold it in April of 2000 to a Mr. Brandridge for \$2800.00.

There had been a loan on the vehicle, repayable \$221.00 per month from March, 1999 to April, 2000.

The Applicant obtained a Small Claims Court judgment which included \$2200.00 for loss on the resale of the vehicle, \$547.00 for repairs, \$841.00 for loss of interest and \$500.00 for loss of use. The costs consisted of \$300.00 for inconvenience, \$300.00 for counsel fee and

\$150.00 for filing fees. Although the defendant filed a statement of defence, the defendant did not show for the trial.

Mrs. McMullen stated that her evidence was the same at the court trial as it was at the hearing before the Tribunal. She stated that she would not have bought the van if she had known the mileage was 278,000 or 290,000 km.

Under cross examination, Mrs. McMullen stated that the dealer had said the odometer had broken recently. She agreed that there was no warranty on the vehicle. She had asked the dealer to fix some items such as the radio and the seat, but that was not done.

Mrs. McMullen stated that she had been registered as a motor vehicle salesperson for over ten years. She last worked in 1996 although her licence was not terminated until February 8, 1999. She stated that she did not know the meaning of the words TMU. She knew she was entitled to a copy of the bill of sale. When the dealer asked if she would be content with a receipt, she said yes. She was given the opportunity to test drive and inspect the vehicle prior to purchase. She was satisfied at that time except for some minor problems. The vehicle was plated between March, 1999 and April, 2000. She thought she would get a mechanic to inspect the car prior to going to court. There was a claim for rescission in the statement of claim but later that was dropped and the claim became only for damages.

Mrs. McMullen stated that at the beginning of April, 1999 she leased a Toyota Tercel. In the fall of 1999, she leased a GM minivan.

Mrs. McMullen agreed that the receipt for the purchase of the car by Mr. Brandridge did not mention an odometer reading. He had towed the car away after purchasing it. She did not think it odd to have signed two contracts as when she had worked as a new car salesperson she had been used to working with one contract and then having a final contract.

Testimony of Norman McMullen:

Mr. McMullen testified that he was the person who had driven the van out of the dealership. He noticed at that time wobbly movements of the tires and the back end. When he put on the turning blinkers the other lights would go off, the temperature gauge was not rising and the speedometer was not working. The test drive had been short as there was ice rain at the time.

The vehicle had electricity problems. Even though he charged the battery, the vehicle quit prior to reaching Georgian Buick in Barrie and had to be towed.

He took the vehicle back to Traders to get the speedometer and other items repaired. He went to the mechanics recommended by Trader. They took out the instrument cluster and replaced it with one that had 270,000 km on it. When he asked the mechanics to put the odometer back to its original mileage, he was told that the original mileage was 270,000 km.

Mr. McMullen stated that the transmission had problems, a spring had to be replaced and the vehicle continued to have problems with starting. He complained to Traders about the transmission and the tires but nothing was done. The whitewalls on the tires were damaged.

In cross examination, Mr. McMullen stated that though his wife did most of the negotiating he knew of the odometer problems. He saw the bill of sale as it was being signed. He agreed that he had the opportunity to take it for a test drive and to inspect it. There were some items not fixed such as the radio, the squeak in the front end and the sidewalls on the tires. He wanted Traders to take the car back.

Mr. McMullen stated that he dealt directly with Traders and did not go to the Ministry of Transportation over the deficiencies in the safety certificate. He felt Traders was responsible for the safety certificate.

Mr. McMullen stated that the speedometer was replaced on a number of occasions within a short period of time after they had purchased the car.

He stated that initially the odometer was at 152,000 km. in February, 1999. Then in March, 1999 the odometer was at 278,000 km. At one point the odometer was changed twice in one day.

Testimony of Luigi Lagana:

Mr. Lagana was the owner of Traders Auto Exchange Ltd. That company is no longer in business. He has over 23 years of experience in the motor vehicle business. He sold the 1985 van to the Applicant in February, 1999.

Mr. Lagana testified that his salesperson, John, had the keys to this van and used to drive his relatives around in it. Mr. and Mrs. McMullen had a test drive in the van. They said they had driven it on Highway 400 for twenty minutes. The original price for the van was \$5995.00. He made a deal with the McMullens to sell them the van for \$5000.00 inclusive of tax. At the time of this transaction, the odometer on the van read 152,000 km. The gas and heater gauges were not working. The mileage on the van was really 278,000 km.

Mr. Lagana stated that the first bill of sale for the van had TMU, true mileage unknown, written on it. He had the van certified. Then the McMullens had another test drive, the conditions of sale were inserted into the bill of sale and Mrs. McMullen signed it.

Mr. Lagana remembered Mr. McMullen stating that the van had got stuck. He offered to repair it but the van was already at Georgian. He did pay \$155.00 of that bill. He did have the speedometer changed on the van. Mr. Lagana drove the van and everything was working. He knows that Mr. McMullen asked Kim, his mechanic, to change the kilometres on the speedometer.

The original mileage on the van was 278,000 km. It was on the bill of sale that Mrs. McMullen

signed on March 1, 1999. Mr. Lagana stated that he gave Mrs. McMullen a copy of the March 1, 1999 bill of sale. She had copies of both bills of sale plus the yellow copy. He had wanted to sell them a warranty but Mrs. McMullen said she could not afford one.

Under cross examination Mr. Lagana stated that when he bought the van in September, 1997 it had 268,000 km on it. The van was driven for about 18 months prior to the sale and about 10,000 were put on it. The speedometer broke a couple of months prior to February, 1999, and he had changed the instrument cluster. He was there when the McMullens were discussing the van with John. He had written TMU on the first bill of sale. He did that because of the cluster being replaced. He did not tell Mrs. McMullen that the mileage was 268,000 km. when he had purchased the van.

Mr. Lagana stated that he had an agent put in a Statement of Defence to the court action by the McMullens, but he did not go to the trial as the company had closed by that time.

Testimony of Douglas Lamb:

Mr. Lamb has been a licensed technician since 1974. He has been in the motor vehicle business for 33 years. When he worked for City Buick he did all of the used car reconditioning work. The Tribunal found Mr. Lamb to be an expert in relation to safety standard certificates and work done or not done under these certificates.

Mr. Lamb testified that safety standard certificates are an indication of minimum standards at the date of inspection. The inspection relates to safety equipment. The certificate lasts for 36 days. It is a snapshot in time of the safety condition of the vehicle. It is not a warranty for the car.

Mr. Lamb reviewed the Georgian invoice for repairs of the van. There was an inspection of the steering, suspension components, electrical and exhaust systems. The car was towed to Georgian. There were repairs to the alternator. This can go at any time without prior warning. The licence plate was rewired. There was a replacement of the right side leaf spring which is an ancillary spring, not the main spring. The invoice has no mention of any problem with the tires. Mr. Lamb stated that often the sidewall outer casing of tires will crack but there would be no structural damage.

Mr. Lamb did not feel that the mileage, whether 152,000 km or 278,000 km had any relevancy to these repair items.

Under cross examination, Mr. Lamb stated that minor cracks in the sidewalls of tires are not a safety issue. If there are slices in the sidewalls, that would be considered a safety issue. Mr. Lamb thought that the repairs to the wheel stud happened when the mechanic pulled off the wheels for inspection. Regarding the alternator, he felt the mechanic had repaired parts of it which were corroded.

Testimony of Laura Gordon:

Ms Gordon has been employed by OMVIC for the past five years. Among her responsibilities is managing the Compensation Fund under the direction of its Board of Trustees. Ms Gordon indicated the various documents as found in Exhibit 4 Tab 3 which were before the Board of Trustees at the time of their decision.

Ms Gordon stated that the reasons for denial of the application were threefold: 1. There was no pecuniary loss; 2. The repairs were of routine maintenance nature; 3. There was no warranty. As well, Ms Gordon stated that from February 26, 1999 to April 20, 2000 the van was active and plated, and the McMullens would have been paying insurance on it. She does not understand why the McMullens would have kept the van active and plated for this time period.

Ms Gordon stated that under the legislation, interest charges cannot be reimbursed through the Compensation Fund. There can be reimbursement for loss of use but that would depend on the individual circumstances.

Under cross examination, Ms Gordon stated that the documents filed at the Small Claims Court dealing with mileage tampering were before the Board of Trustees. The March 1, 1999 Bill of Sale was not part of the package prepared by her office but was provided to the Board of Trustees by the dealer.

Reply by Mrs. McMullen:

In her reply evidence, Mrs. McMullen stated that Mr. Lagana had not been there in the initial part of their dealings with John and had not been there when they discussed the odometer reading. Mr. Lagana was brought in on the negotiations when it came to the part dealing with the price of the vehicle. Mr. Lagana was present during the signing of the second contract.

Closing Statements:

By Applicant:

Counsel for the Applicant stated that the statutory requirements for compensation under the Fund had been met by the Applicant. There had been a judgment, the appeal period had expired and the judgment had not been satisfied. The Board of Trustees cannot say it was not a proper claim.

The allegation of odometer tampering has been put before the Small Claims Court and this Tribunal. The Applicant purchased a van with 152,000 kms and then found out that was not the true mileage. The Tribunal needs to consider Regulation 801 section 16 (2) (0) and section 19. Mr. Lagana knew the true mileage. He cannot write mileage unknown but must make an honest disclosure of the mileage.

There is a slight discrepancy of the \$155.00 refund. The Small Claims Court judge allowed one half of the interest.

By the Registrar:

Counsel for the Registrar stated that the March 1, 1999 bill of sale was a perfect disclosure of the mileage travelled by the van. Section 16(2)(o) of Regulation 801 under the *Motor Vehicle Dealers Act* speaks of the distance travelled by the vehicle at the time of sale. The final Bill of Sale lists the mileage as 278,006 true mileage unknown.

Counsel submitted that to be paid from the Compensation Fund it is not enough to have a judgment. There has to be a pecuniary loss.

Counsel referred to the Taylor (Re) (1999) O.C.R.A.T. No. 144. In particular page 4 which discusses the Divisional Court case of The Motor Vehicle Dealers Compensation Fund v. Didaskalou (1994) 26 C.R.A.T.1034. The Divisional Court gives guidance on what constitutes a claim and a pecuniary loss under the statute.

Counsel argued that the loss of use is not a pecuniary loss. As well the repairs are not a result of the transaction and are regular maintenance for a sixteen year old vehicle. Counsel submitted that Mrs. McMullen was a salesperson registered under the Act for thirteen years. The car was not sold for another fourteen months and it would be unreasonable to expect the Fund to pay for depreciation of a used vehicle. Under Schedule A section 12(10)(b) of the Schedule to Regulation 801, no interest is to be paid by the Fund.

Reply by Applicant:

Counsel for the Applicant replied that the time lapse was due to the claim filed for rescission. This is a loss arising from the trade of a vehicle. The expenses are costs flowing from the misrepresentation of the dealer.

Legislation:

The applicable statute is the *Motor Vehicle Dealers Act*. The relevant portions are as follows:

Section 24:

The Lieutenant Governor in Council may make regulations,

...

- (o) providing for the establishment, maintenance and administration of the Motor Vehicle Dealers Compensation Fund, including prescribing provisions relating to investing and paying out of money from the Fund;

Regulation 801:

Section 16 (2) Where a used motor vehicle is sold, the sales or purchase order shall show,

...

- (o) the distance travelled by the vehicle at the time of sale;

...

Section 19 (1) Except in the case of an exchange or repair of an odometer and subject to subsection (2), no motor vehicle dealer or salesperson shall alter, adjust, or permit any alteration or adjustment to the odometer on any motor vehicle in the dealer's or salesperson's possession or control in such a manner that as a result of the alteration or adjustment the total distance indicated on the odometer is other than the total distance travelled by the motor vehicle.

(2) Where a motor vehicle dealer exchanges an odometer or effects any repairs to the odometer of a motor vehicle in the dealer's possession or control or to any other part of the motor vehicle that is directly related to the odometer, the dealer shall record in the reconditioning record of that motor vehicle the reading in miles or kilometres that was on the odometer prior to the exchange or repair and shall ensure that the identical reading appears on the odometer of the motor vehicle after the exchanges or repairs have been effected.

Schedule to Regulation 801, Terms of Compensation Fund

Section 1

"claim" means a claim for pecuniary loss arising out of a transaction involving a trade in a motor vehicle;

"participant" means a registered motor vehicle dealer who participates in the Fund;

section 12:

- (1) The Fund is established as of the 1st day of July, 1986 to stand in the place of a participant for the payment out of the fund of claims of customers of the participant where the transactions occurred during the period when the participants was registered under the Act and where the participant has refused after demand or is unable to pay the claims.
- (3) A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participant's refusal or failure to pay, even if the motor vehicle dealers with respect to whom the claim is being made ceased to be a participant after the refusal or failure to pay, and where the claim meets one of the following requirements:
1. The customer has recovered in any court in Ontario a judgment in respect of the claim and the judgment has become final by reason of the expiration of time for appeal or of having been confirmed by the highest court to which an appeal may be taken and the customer makes an application, supported by the judgment and the statement of claim, for payment of the unsatisfied portion of the judgment and costs as assessed.
- (6) The Board shall determine the eligibility and the amount of any claim made by a claimant and shall direct the Trustee to pay any claim or any part of it that meets the requirements of this Schedule and, subject to section 15 of this Schedule, the decision of the Board is final.
- (10) Despite subsections (1), (2), (3), and (6) and subsection 15 (3) of this Schedule, there shall not be paid out of the Fund,
- (b) any amount for interest, including interest on a judgment or on costs;
 - (c) where there is a judgment, any amount for costs in excess of actual disbursements and fees as assessed;

section 15:

- (1) Where the Board determines that a claim or any part of it made under section 12 of this Schedule is a not a proper claim, it shall serve notice of its decision, together with written reasons, on the claimant and the notice shall inform the claimant that the claimant is entitled to a hearing by the Tribunal if the claimant mails or delivers to the Registrar and the Tribunal within fifteen days after the notice is served on the claimant, notice in writing requiring a hearing.
- ...
- (3) Where a claimant requires a hearing before the Tribunal under subsection (1), the Tribunal shall appoint a time for and hold the hearing and, after affording the claimant an opportunity to be heard, may confirm the determination of the Board or may set aside the determination of the Board with respect to all or any part of a claim and direct the Trustee to pay the amount determined by the Tribunal.

- (4) The claimant who has requested the hearing and such other persons as the Tribunal may specify are parties to a hearing before the Tribunal under this section.

Application of the law to the facts:

The Applicant brought an application before the Board of Trustees for compensation under the Motor Vehicle Dealers Compensation Fund. Her application is dated April 16, 2001. She asked for \$5,023.17, being the balance outstanding on February 9, 2001 of the judgment of February 5, 2001 of \$4088.00 plus costs and interest. She had bought a 1985 van from Traders Auto Exchange Ltd. on March 1, 1999 for a price of \$5000.00 inclusive of taxes. Traders Auto Exchange Ltd. is no longer registered as a motor vehicle dealer.

The evidence is clear that Mrs. McMullen purchased the van for \$5000.00 on March 1, 1999 and sold it for \$2800.00 in April, 2000. There was a safety standards certificate on the van dated February 25, 1999.

Mrs. McMullen commenced a small claims court action in 1999. A defence was filed at the court on June 25, 1999. Judgment was obtained on February 5, 2001. The judgment amount was \$4088.00 plus pre judgment interest of \$171.10 plus costs of \$750.00 plus \$4.07 post judgment interest plus \$10.00 for the certificate of judgment for a total of \$5023.17.

The Tribunal understands from the evidence, both verbally and in the exhibits filed that the breakdown of the judgment is as follows: \$2200.00 loss on the resale of the vehicle; \$547.00 for repairs (though the Applicant did receive \$155.00 of that repair cost back from Traders Auto Exchange), \$841.00 for interest charges due to the loan in existence for this vehicle; and \$500.00 for loss of use. The Tribunal understands that the breakdown on the costs is as follows: \$300.00 for inconvenience, \$300.00 for counsel fee and \$150.00 for filing fees.

In order for the Applicant to succeed her claim must be a claim for pecuniary loss arising out of a transaction involving a trade in a motor vehicle. The Divisional Court in Didaskalou stated that:

the Board of Trustees cannot look behind the judgment to decide whether the judge erred in awarding damages or in fixing the amount of those damages. Instead, pursuant to the definition of "claim" in section 1 of the Schedule, the Trustees are simply required to decide (a) whether the damages awarded amount to a claim for a pecuniary loss and, if so, (b) whether they arose out of a transaction involving a trade in a motor vehicle.

....

In order to amount to a pecuniary loss under s.12(3) (1) the loss must simply be one which is capable of evaluation on a monetary basis. While such a loss would not, by way of example, include damages for pain and suffering, it would,

as the tribunal found, include damages referable to the excessive price paid for a motor vehicle and the cost of repair.

However, mere pecuniary loss will not of itself lead to a successful claim under s.12(3)(1). The loss must be shown to have arisen out of a transaction involving the trade in a motor vehicle.

The Applicant alleges that her losses arose from the deception of the motor vehicle dealer in selling her a van with substantially more mileage travelled than she had been informed by the dealer. She made those allegations at the Small Claims Court and based on her evidence alone the judge did award her the cost of her losses, inconvenience, repairs and filing fees and counsel fees.

The Tribunal has sympathy for Mrs. McMullen. She bought a van with a safety certificate, found she could not use it and over a year later sold it at a loss without a safety certificate, or warranty or odometer reading. As the van is currently active and plated according to the records provided by the Registrar its current owner has obviously obtained the requisite safety certificate.

But the Tribunal cannot overlook the bills of sale signed by Mrs. McMullen for this van. The first bill of sale dated February 20, 1999 had a specific condition of sale stating the vendor is relieved of "all and any responsibility as to any problems or defects developing in the vehicle". It had no odometer reading but stated "change speedo tmu".

The safety certificate is dated February 25, 1999. In small print on the right hand bottom the certificate states "This certificate indicates that the items on the reverse side met the required...on the date of inspection and is not a warranty on the condition of the ve...". The Tribunal accepts the evidence of Mr. Lamb that the safety certificate is a snapshot of the safety items of the vehicle at the date of inspection. That is one reason why a safety certificate is only valid for 36 days for the date of inspection.

Then there is the final bill of sale dated March 1, 1999. It contains the same stamped condition of sale as on the February 20, 1999 bill of sale. Interestingly, it states "speedo has been changed". It has an odometer reading of 278006 km. The words "true miles unknown" are written under the odometer reading. Mrs. McMullen initialled both at the condition of sale stamp and under the true miles unknown handwriting. It is clear to this Tribunal that Mrs. McMullen knew at the time of the final purchase that she was buying a 14 year old van with 278,006 km and no warranty.

The evidence of Mr. and Mrs. McMullen and Mr. Lagana was that the van was test driven prior to purchase. There is no evidence that the McMullens asked to have it inspected by their mechanic or that such a request was denied by Mr. Lagana. The McMullen purchased an elderly van relying upon their own expertise. They were wrong as to its condition and their error led to considerable inconvenience and expense. But there is nothing on either bill of sale

to lead this Tribunal to believe that the McMullens were duped into purchasing this van based on its odometer reading. Whatever might have been the verbal representations, it is evident from the paperwork that the dealer was not engaged in odometer tampering. Despite what was stated by Counsel for the Applicants, the dealer has no obligation to tell purchasers what was the odometer reading when he bought the vehicle. He does have a legal obligation under section 16 (2) of Regulation 801 to specify "the distance travelled by the vehicle at the time of sale" on the bill of sale. This he clearly did by the bill of sale dated March 1, 1999.

The repair bill from Georgian Pontiac Buick GMC Inc. dated March 3, 1999 lists a number of items on it. The Tribunal accepts the evidence of Mr. Lamb as to which items would be considered under a safety certificate. The licence plate light and the right side leaf spring broken are considered safety items. But the dealer did reimburse the McMullens for those items. The other repairs on that bill are not items under the safety certificate. It should be noted that the safety certificate does not warrant that the van can be driven.

Based on the evidence before it, the Tribunal agrees that the Applicant suffered pecuniary loss as to the repairs, inconvenience, loss of use, loss in value, filing fees and counsel fees. But the Tribunal does not find that this pecuniary loss arises out of the purchase of the van on March 1, 1999 from Traders Auto Exchange Ltd. The Applicant purchased a 14 year old van without warranty and without having her mechanic check its condition. The bill of sale clearly states the last known odometer reading and states true mileage unknown. The pecuniary losses of the Applicant arise from her error in judgment in not having this van thoroughly inspected prior to purchase. Unfortunately she made a bad deal and she has had to pay the consequences of that. The Motor Vehicle Dealers Compensation Fund was not drafted to protect consumers from such errors of judgment.

Order:

Pursuant to the authority vested in it by the *Motor Vehicle Dealers Act*, in particular section 15 (3) of the Schedule in Regulation 801, the Tribunal directs the Board of Trustees of the Motor Vehicle Dealers Compensation Fund to disallow the claim of the Applicant.

LICENCE APPEAL TRIBUNAL

Marjorie L. Hiley, Vice-Chair
Presiding

Released: February 28, 2002

909 - MED - DRUG

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of the
Registrar of Motor Vehicles pursuant to Section 47(1) of
that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: KYLE M. BIEL,
Representative for the Registrar of Motor Vehicles

Applicant
unrepresented

DATES OF
HEARING: January 16, 2002 and February 20, 2002 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the "Applicant" respecting a decision of the Registrar of Motor Vehicles (the "Respondent") pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

Exhibit # 1 - Letter of Licence Suspension from the Ministry dated May 24, 2001

Exhibit # 2 - Letter of Appeal from the Applicant received at the Tribunal

Exhibit # 3 – Summary of the Applicant's file introduced by the Respondent.

Exhibit # 4 – The Applicant's driving record received from the Ministry.

Exhibit # 5 – File of six letters from Physician #1 to the Applicant introduced by the Applicant

on January 16, 2002.

PRELIMINARY MATTERS

This Appeal was opened on January 16, 2002 and proceeded for approximately three hours. The Applicant kept referring to a white binder on the table, which contained important information that would assist him, but was incomplete. He requested an adjournment for a couple of weeks to allow him to complete his brief. He argued that it would be unfair if the Tribunal would not allow him to have a fair and complete hearing.

The Tribunal granted the adjournment and requested that he have a neurological assessment and a driving examination in the interim. A date that was satisfactory for all was determined and the Appeal was adjourned until February 20, 2002. The following morning an Order stating the date, time and place of the hearing was sent to all parties.

On the morning of February 20, 2002, the Applicant called the Licence Appeal Tribunal three times requesting to speak to the Respondent. He was told the Respondent worked for the Ministry of Transportation and was given that number. He subsequently called the number twice, but failed to leave a message.

A fax was received at the Tribunal from the Applicant, which contained several duplicate reports from the original file and a hand written letter, dated 01/11/26, apparently from a Physician #2, the Applicant's family doctor. It stated that the Applicant was presently medically competent to undergo a driver's test assessment for the purpose of regaining his driver's licence. The signature was illegible and some names on the letterhead, including Physician #2, were blanked out.

At 1:30 P.M. when the Appeal was to open the Applicant failed to show. The Appeal was opened as scheduled and then recessed for thirty minutes in case the Applicant had been delayed. When he did not appear, he was contacted by phone at his home. He was advised the Tribunal would be calling back in fifteen minutes on a teleconferencing call to determine why he did not show up and to complete the Appeal.

The reason given was that his brief was not yet complete and he wanted to have an opinion on whether it could be kept confidential. He was advised that the Tribunal could not provide any opinion until the contents of the brief were known. The Applicant then asked for more time, but he could not say how long it would take. The Tribunal rejected this request. The Applicant was advised the Appeal would be completed on the teleconferencing call, and he agreed.

FACTS:

The Applicant, a 77 year old retired accountant, had his driver's licence suspended on May 24, 2001, after the Registrar received a Medical Report on March 26, 2001, from Physician #1.

Physician #1, a pain specialist, stated he had been involved in the management of this man's chronic pain condition for the past ten years. Recently his patient's medical condition has deteriorated to such an extent that Physician #1 was concerned about his fitness to drive a car. He recommended that his patient be considered unfit to drive until his condition improves and stabilizes and he is able to successfully complete a driver's assessment at the Centre or at the Driveable Assessment Program.

The Applicant had been previously assessed at the Centre in 1997 on a referral from Physician #1. He had a history of cervical spine surgery in 1979, type II diabetes, recent pneumonia and depression following the death of his wife.

The driving part of his examination was satisfactory, but a series of lessons, to ensure consistency, reliability of skills and build confidence in various multi-stimuli situations was recommended.

The cervical spine injury and subsequent surgery resulted in a spinal stenosis and left the Applicant with the chronic pain problem requiring the use of opioid therapy and constant monitoring by his physician. The long term use of MS contin (oral Morphine Sulphate), created problems between the Applicant and Physician #1, which are outlined in a series of letters (exhibit # 5), from Physician #1 to the Applicant in April 2001. These were introduced by the Applicant.

There are allegations in these letters that the Applicant had not been taking his drugs as prescribed and had been "hoarding medication". This "erratic" medication dosing causes great fluctuations in his blood levels with increased side effects, such as confusion, light-headedness and falls. Physician #1 believed this led to an admission to a local hospital for treatment of multiple rib and other fractures as well as another admission in a state of delirium.

The Applicant is also alleged to have visited multiple other physicians and hospital emergency departments in search of drugs and was noted by one physician to be in mild withdrawal one day, but not as severe as other times he had seen him. In an attempt to control the possibility of an addiction disorder, but recognizing the Applicant required pain medication, Physician #1 stopped the oral MSContin and switched to a Duragesic Patch. This is an analgesic for bone pain, which delivers stable blood levels of opioid. The Applicant was very unhappy about this change in medication and demanded the oral analgesic. Physician #1 relented and prescribed another morphine preparation, Kadian, which is long acting and taken once daily. The Applicant was also on several other drugs for diabetes, hypertension, psychosis, depression and arthritis.

The Applicant accused Physician #1 of preventing him from obtaining medical help from other physicians and emergency departments in the area, by contacting them and asking them not to prescribe analgesics to him.

Physician #1 appears to be a very caring physician, who according to his letters went far beyond the call of duty in an effort to help the Applicant, but received little co-operation. He

worked hard to find the proper drugs to alleviate the Applicant's pain and arranged for Home Care nurses to visit daily to administer the drugs as prescribed and monitor his patient.

On January 29, 2001 the Ministry of Transportation received a letter from Supervisor #1, an Acting Centre Supervisor at the B Driver Examination Centre (exhibit #3, item #5). The letter stated that the Applicant had made several attempts to pass the G2 exit test without success. He took another test at the B Centre on January 26, 2001 and was again unsuccessful. The examiner expressed concerns to Supervisor #1, that she felt the Applicant had more of an issue besides being unable to pass the road test, possibly a medical concern.

The Applicant had been issued a G1 licence to allow him to take the test, but not to drive alone. Supervisor #1 observed him leaving the office and get into a car. She went out and advised him that he was not licenced to drive alone. He told her he had a friend in a restaurant in the plaza and after a little confrontation drove off and out of the parking lot.

Following Supervisor #1's initial conversation with the Applicant, she expressed a very poignant point in her letter - "it became evident to her that the Applicant made up his own rules of the road."

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;
- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50.(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal
 - (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

The Registrar of Motor Vehicles acted appropriately in suspending the Applicant's driver's licence under Section 47(1) of the *Highway Traffic Act*, when the letter from Physician #1 was received March 26, 2001, outlining his concerns about the Applicant's fitness to drive.

Physician #1 had similar concerns in the spring of 1997 when he referred the Applicant to the Centre for testing. The Centre recommended he return for a series of lessons to improve his driving capabilities. There is no record of his attendance at the Centre for these lessons.

According to the letter of January 29, 2001 from the B Office of the Ministry of Transportation, the Applicant had attempted to pass the G2 exit test several times and had been unsuccessful. This is why the Tribunal requested that he take a driving evaluation during the adjournment of the Appeal, but he apparently failed to follow through.

Instead of obtaining a neurological assessment, as requested, he faxed a hand written letter dated November 11, 2001 with an illegible signature, indicating it was written by his family physician, Physician #2. Half of the names on the letterhead are blanked out, including Physician #2'. Furthermore the Ministry had requested an up-to-date medical assessment from a neurologist /gerontologist referencing physical, cognitive and visual function, on February 6, 2001. The request for a medical assessment was made again on May 24, 2001 and neither were received.

The Applicant is alleged to have been taking opiates for a long period of time and inappropriately. The Tribunal has no reason to disbelieve this information. These drugs alone could interfere with his driving ability and coupled with his diabetic, antiarthritic and antipsychotic medications could cause serious problems.

The Applicant's repeated refusal to co-operate with his physician, with the Medical Advisory Committee and the Tribunal does not help his cause.

The evidence presented to the Appeal supports the Registrar's decision to refuse to reinstate the Applicant's driver's licence pursuant to Section 47(1) of the *Highway Traffic Act*.

DECISION:

Upon the application by the Applicant to appeal the decision dated May 24, 2001 of the Registrar of Motor Vehicles ("Registrar") to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar be confirmed.

LICENCE APPEAL TRIBUNAL

Ross C. Bennett, M.D.,
Presiding Member

RELEASED: February 28, 2002

JANKOVIC, TOMKA AND MILAN

TOMKA AND MILAN JANKOVIC

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: JOHN ORT, Member

APPEARANCES: MILAN JANKOVIC, representing himself and
Tomka Jankovic
KAREN JONES, Counsel, representing
the Ontario New Home Warranty Program
KAREN VEENSTRA, Agent, Student-at-Law,
representing the Added Party, Forever
Homes Inc.

DATE OF
HEARING: January 28 & 29, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") by Tomka Jankovic and Milan Jankovic (the "Applicants") respecting a decision by the Ontario New Home Warranty Program (the "Program" or the "Respondent") dated May 17, 2001, wherein the Applicants' claim for compensation for breach of warranty was disallowed.

ISSUE:

What action should the Tribunal direct the Program to take in accordance with the *Ontario New Home Warranties Plan Act* (the "Act") and regulations under the Act? Should the Tribunal set aside, confirm, or modify the decision of the Program to disallow the Applicants' claim for compensation for breach of warranty under the Act?

FACTS:

The evidence introduced by the Applicants consisted of the testimony of the Applicant Milan Jankovic as well as documentary evidence, including a video tape, introduced through him.

TESTIMONY OF MILAN JANKOVIC:

Mr. Jankovic stated that the Applicant Tomka Jankovic signed the Agreement of Purchase and Sale with the Added Party, Forever Homes Inc., in December 1999. He testified that the Applicants moved into the house on the closing date of March 31, 2000.

During the hearing, Mr. Jankovic withdrew several claims described in the decision letter, exhibit 1, as follows:

- 5 - Water continues to leak under the faucet and into the bathroom vanity.
- 6 - The builder promised to put in a plate (balancer) in the master bedroom heating duct for control.
- 11 - The builder replaced one of the exhaust outlets with a smaller outlet.

As stated in the prehearing order at tab 27 of exhibit 3, the following claims set out in the decision letter, exhibit 1, remained:

- 1 - Hardwood floor is cracked and do not sit flat on the sub-floor.
- 2 - Creaking floor, master bedroom and east bedroom.
- 9 - There are significant cracks (up to 1 cm wide and 2m long) in the basement foundation, which will cause further leakage in the future.
- 13 - There is a crack on the east side of the family room.
- 16 - Drywall nails have to be fixed because they are becoming visible and corner holes that appeared (kitchen ceramic edges, living and other places that are visible) need to be closed in.

1. Cracks

Mr. Jankovic testified that on April 2, 2000 the Applicants noted a large crack below the window on the east side of the fourth level of the house. For convenience, throughout the hearing, this crack was referred to as crack 1.

A second crack, crack 2, was part of the Applicants' claim but the claim respecting crack 2 was settled and is not dealt with in this decision.

Mr. Jankovic stated that water came through cracks into the basement from the start. He said that in mid-April a dehumidifier was put in, that the builder took back the dehumidifier after about a month, and that a new dehumidifier was then immediately put in. Mr. Jankovic testified that the air conditioning was installed by the builder on July 4, 2000. He said that the Applicants were notified two or three days before. Mr. Jankovic stated that it is not true that he

did not want the builder to install the air conditioning sooner. Mr. Jankovic did testify that he works in the U.S.A. and that July 4 is a holiday there.

Mr. Jankovic referred to a letter at tab 5 of exhibit 3, dated July 22, 2000, addressed by him to Forever Homes, stating in part: "On July the 9th, 2000 it was raining and the water was seen on east, south and west side of the family room. The builder was informed and that night around 10 pm he came and saw it. Richard, the builder said that it is water and that he is going to fix it."

Mr. Jankovic also pointed to the letter at tab 6 of exhibit 3, addressed to Mr. and Mrs. Jankovic by Betty Tam, Forever Homes. That letter states: "On the 30th July 2000, Mrs. Jankovic reported there is a serious leaking problem leaving repeated messages, ... there was water seepage from the form ties in the family room."

Next, Mr. Jankovic referred to a letter from Joseph Brinac of Bitz, Szemenyei, Ferguson & MacKenzie, lawyer for the Applicants, to the Ontario New Home Warranty Program, dated August 4, 2000, at tab 7 of exhibit 3. That letter adds: "Our clients have encountered serious water leakage problems with respect to the premises which occurs after every rainfall. In the family room, there are currently 14 leaks from the foundation. In the basement there are 4 or 5 additional leaks. Our clients have discussed the matter with the builder Forever Homes. They have attempted some remedial measures, but after the rainfall on Sunday July 30, it is clear that these measures are not working."

Mr. Jankovic also pointed out the letter at tab 8 of exhibit 3, dated August 31, 2000, from Betty Tam, Forever Homes Inc., to ONHWP. The letter states: "As you may well know, we have had record high rain fall this year, and yes there is some water seepage from the form ties, but, they did not have standing water which can result in mould and bad odorous."

Mr. Jankovic testified that in September 2000 there was a water leak through a crack in the family room on the third level of the east side of the house. For convenience, this crack was referred to as crack 3 during the hearing. Mr. Jankovic stated that something like cement mortar was applied to the inside of the crack and to the outside of the crack from the foundation top to ground level in August of 2001.

Mr. Jankovic also referred to a letter at tab 9 of exhibit 3, dated September 14, 2000, from Mr. Jankovic to the Ontario New Home Warranty Program. An attachment to the letter entitled "Summary of Deficiencies at 694 Longworth Road London" includes the following:

1. Cracks in concrete foundation. Repairs done but still leaking at one location.
2. Multiple water leaks in family room foundation walls.

Mr. Jankovic also pointed out a work order at the end of tab 12 of exhibit 3. Entitled "Order to Comply - General Contravention, The Corporation of the City of London, Building Division", the order directed to Forever Homes Inc. describes the nature and location of the contravention as:

1. Concrete walls to be damproofed. Shall have holes and recesses resulting from the removal of form ties sealed with cement mortar or damproofing material.
2. Dampproofing material shall be applied over the parging or concrete below ground level...

This foundation's perimeter is to be completely excavated and the dampproofing and sealing of the snap-tie holes is to be completely re-done. Weeping tile system and sump pit connection to the weeping tile system is also to be re-done.

Mr. Jankovic stated that the ordered work was done.

About six months prior to the hearing, Mr. Jankovic noticed a crack above the foundation on the outside of the house in the general area of crack 1, the crack on the fourth level of the house.

Counsel for the Respondent objected that the outside crack has not been complained of. Mr. Jankovic argued that the crack on the outside of the house is an extension of crack 1. The Tribunal ruled the evidence admissible.

Mr. Jankovic testified that the outside crack extends from the fourth level of the house to above the window on the first level of the house and up to the roof. The videotape showed cracks in the mortar between bricks rather than through the bricks themselves. The position of the crack in vertical mortar joints was readily visible. The crack through horizontal mortar joints was not visible to the Tribunal. The videotape did not include a shot of the outside wall all the way to the roof. Mr. Jankovic testified that when he noted the outside crack the inside of the house was already finished except in the basement.

During cross-examination by counsel for the Respondent, Mr. Jankovic stated that he saw water leakage personally at least once and that on two occasions he saw a large amount of water in the northwest corner. Asked whether pipes in the basement were dripping with condensation soon after closing, Mr. Jankovic replied no. Mr. Jankovic stated that the dehumidifier lent to the Applicants by the builder was running on a regular basis during the week. He also stated that the fan on the furnace was regularly turned on during the week. Mr. Jankovic added that, after the work order from the city, he paid for plastic to be installed on the outside of the wall of the family room.

Asked by counsel for the Respondent whether there were no more leaks after repairs to cracks from the outside, Mr. Jankovic replied that there were no leaks through crack 3, but that there was water leakage through crack 1 about ten inches below the window in the spring of 2001.

2. Hardwood Floor

Mr. Jankovic pointed to several photographs of the hardwood floor on pages 2 and 3 of exhibit 6. Three of the photographs show a board laid across the floor with one end of the board close to the moulding. Gaps appear between the floor and the board lying across it. The floor is wavy rather than level. On another photograph, an irregular gap appears above the floor under the moulding along the wall. Again, the floor is not level.

Mr. Jankovic testified that the hardwood is cracked and that the heating register does not fit into the hardwood floor.

Mr. Jankovic argued that damage to the hardwood floor resulted from high humidity caused by water leaking through concrete, as set out in the above discussion of cracks, and by the initial absence of air conditioning.

3. Creaking Floor in Master Bedroom and East Bedroom

Mr. Jankovic testified that the floor in the bedrooms squeaks. He pointed out that the video tape shows screws coming down from the bedroom, through the subfloor, missing floor joists underneath. He stated that the top of the bedroom floor is now covered by stretched carpeting.

Mr. Jankovic argued that the bedroom floors squeak because the screws are not in the joists.

4. Drywall Nails Visible, Corner Holes

Mr. Jankovic testified that nails are becoming visible throughout the house, especially in the kitchen, the dining room, and the living room. He stated that the caps of nails are visible where they came through tape and filler.

Evidence presented by the Respondent consisted of the testimony of John Verhey and Tim Semenuk as well as documentary evidence introduced through them.

TESTIMONY OF JOHN VERHEY

Mr. Verhey testified that he has owned and operated Sacwal Flooring (London) since 1988. The business supplies and installs floor coverings, twenty per cent being hardwood. He stated that his firm does two to three hardwood jobs per week. He said that he was trained by hardwood suppliers.

Mr. Verhey stated that his firm installed the hardwood flooring in the Applicants' house. He inspected the hardwood floor on July 4, 2000. Mr. Verhey found some cracked boards in the living room and in the dining room. He says that the cracks were about the size of a grain. He testified that some of the boards were slightly raised up and some showed cupping. He stated that the raised boards were more evident along the walls.

Mr. Verhey testified that he visited the fourth level of the house below the living room and the dining room. He observed that the dehumidifier ran, stopped, and ran again. He stated that he did not see water on the floor or walls.

Mr. Verhey said that he measured the moisture in the joists and the subfloor. The reading for the hardwood floor and subfloor was 11%. Mr. Verhey stated that such a reading is high. He said that a reading of 9% is acceptable.

Mr. Verhey also measured relative humidity upstairs in the living room or dining room. The reading was 65% at 23 degrees Celsius. He testified that a reading of 45-55% is acceptable.

Mr. Verhey used a magnet to locate where the hardwood floor was nailed down. He stated that it was nailed properly.

Mr. Verhey lifted the heating register and noted that the hardwood had expanded over the register hole in excess of half an inch. He stated that this was unusual, but made sense given the high relative humidity.

Mr. Verhey opined that the main cause of the damage to the hardwood floor was high humidity. He stated that excessive moisture under the hardwood floor or above it would be needed to cause such damage. He disagreed that the damage could be due to leaks in the basement. Mr. Verhey stated that excessive humidity can be brought down by running the fan in the furnace, air conditioning, dehumidifier, or heating.

Mr. Verhey referred to the letter at tab 30 of exhibit 3, dated August 8, 2000, from Robert Woolley of Goodfellow Inc. to his firm. He stated that Goodfellow Inc. was the distributor that provided the hardwood flooring for the Applicant's house. Mr. Verhey testified that Carmen Pepe of Goodfellow Inc. examined the hardwood floor with him on July 4, 2000.

The letter from Mr. Woolley states these observations:

- (1) Wood moisture by weight 11%.
- (2) Wood floor showing cupping.
- (3) Dehumidifier was working but inadequate.
- (4) Relative Humidity 65 @ 23 degrees C.

That letter adds:

Cracks appear to be pressure fractures, because of excessive moisture being introduced to the wood floor.
cupping is caused due to a moisture imbalance from underneath the floor, causing expansion of the bottom of the floor at a higher rate than the top.

The stated conclusion is:

...we have rejected this complaint for the following reasons:

- (1) Locally caused moisture problems.
- (2) Lack of proper humidity control.

Mr. Verhey testified that he re-inspected the hardwood flooring on September 18, 2001. He stated that fifteen to twenty of the boards were severely damaged and that he could almost see open cracks in them while standing up. He also noted that some boards were squeaking. Mr. Verhey again took moisture readings of the subfloor and the joists. He claimed that he had difficulty getting a reading, because the instrument scale starts at 6%. On the other hand, Mr. Verhey's letter dated September 26, 2001, addressed to Forever Homes, set out at tab 30 of exhibit 3, states that wood moisture by weight was 8%.

In the letter of September 18, Mr. Verhey says that the relative humidity level has been reduced to 44% @ 24 degrees. He states that the moisture and relative humidity levels are acceptable. He also says: "The floor can be repaired by replacing approximately 15-20 of the more severely cracked boards and replacing the last 2-3 rows along the exterior wall. The cost for this repair would be \$450.00 plus GST."

TESTIMONY OF TIM SEMENUK

Mr. Semenuk testified that he has a Civil Engineering Technologist diploma. He stated that he worked for a consulting engineering firm from 1989 to 2001. Since 2001, Mr. Semenuk said, he is a warranty representative for the Ontario New Home Warranty Program.

Mr. Semenuk stated that he is the author of the Conciliation Inspection Report, set out at tab 17 of exhibit 3, and the Ontario New Home Warranty Program Decision Letter at tab 23 of exhibit 3.

Concerning crack 1, Mr. Semenuk testified that the concrete wall was black and moist where the insulation was removed. He attributed the black colour to mould and the moistness to condensation. He stated that the inside of the crack was dry. Regarding the width of the crack, the decision letter describes the complaint as follows: "There are significant cracks (up to 1 cm wide and 2 m long) in the basement foundation ...".

Mr. Semenuk stated that Mrs. Jankovic told him that there was no water leakage since exterior repairs were made. He said that he did not hear complaints from the Applicants about water leakage subsequently.

Mr. Semenuk claimed that the crack does not affect the weight-bearing capacity of the wall. He stated that the wall was even on both sides of the crack. Mr. Semenuk also claimed that the crack is not a defect.

He said that he first saw the crack on the outside of the house on the videotape presented by

the Applicant. Mr. Semenuk stated that it is hard for him to tell whether the outside crack is a defect without making a personal inspection. He said that the crack would be more serious if it passed through bricks instead of the mortar between bricks. He stated that such a crack would be more likely due to detachment of cladding from the structural component of the house, the wood frame. To repair the outside crack, Mr. Semenuk suggested that it be filled with mortar to improve appearance.

With respect to crack 3, Mr. Semenuk testified that he only examined the crack from the outside, because the inside was covered with drywall. He noted that parging was reapplied over the crack and that a hairline crack appeared in the parging from ground level to the brick line. He stated that he asked the Applicants whether there was any water seepage and was told that there was none.

Mr. Semenuk opined that crack 3 was caused by shrinkage, because he saw no lateral movement of the wall. Later, he stated that if the crack were widening, if the walls were settling laterally or tilting, if one side were moving down, then he would conclude that there is a problem with the footings.

On cross-examination, Mr. Jankovic drew Mr. Semenuk's attention to exhibit 8, a letter dated December 9, 2001, from Mr. Jankovic to the Ontario New Home Warranty Program to the attention of the manager. The letter states in part: "This is to inform you that the crack on the east foundation wall is showing signs of separations and extending into the brick wall above.". Mr. Semenuk stated that the letter had not come to his attention previously.

Mr. Semenuk stated that the cracks in the hardwood floor were difficult to see. He said that he saw cupping and raised boards near the corners. He saw no dislodged boards. He claims that there is no defect in installation and no defect in materials. He attributed the problem to high humidity. The decision letter states in part: "The dining room heating register was noted to not seat fully due to the misalignment of the hardwood and the ductwork. A few areas were noted to be raised off the sub floor resulting in isolated humps in the floor. The joints in the flooring are tight together, the finish is good and the humped areas are not readily visible.".

Regarding the creaking floor in the bedrooms, Mr. Semenuk stated that he did not notice excessive noise from the floor. He did hear slight noises and considered them to be within reasonable tolerance. In the decision letter at tab 23 of exhibit 3, he stated: "The floor noises detected during this visit are minor and typical of wood construction.". He said that it is typical for nails to miss joists, as seen in the video. He testified that he would expect any problems to be noted during the framing inspection that is done before flooring is applied. He claimed that there is no defect in workmanship or materials.

On cross-examination by Mr. Jankovic, Mr. Semenuk added that the hardwood floor was humped in areas. He also stated that he heard squeaks pretty uniformly distributed around the bed in the bedroom.

Concerning drywall nails and corner holes, the decision letter states: "The joint between the

baseboard and the hard surface flooring results in a hairline gap. The baseboard rests directly on top of the flooring, however irregularities and shrinkage have resulted in the reported gaps."

Evidence presented by the Added Party consisted of the testimony of Betty Tam, as well as documentary evidence introduced through her.

TESTIMONY OF BETTY TAM:

Ms. Tam testified that she and her husband, Richard Fung, are the principals of Forever Homes Inc. She stated that she completed a residential construction course. Ms. Tam said that she is involved in design, setting appointments for contractors, and on-site job supervision. She testified that the business was started in 1993.

Ms. Tam stated that the Applicants' house and a model house were the first built in the subdivision.

Ms. Tam testified that during the pre-possession inspection of the house, around 10 p.m., she told the Applicants that they need to have the furnace fan on all the time. She stated that it was cold and she said the builder will come back maybe late April to install the air conditioning. She said that during the inspection she advised the Applicants to have a dehumidifier. She also stated that she told the Applicants not to put the temperature up so high, to keep it at 20 degrees, maybe 21 degrees Celsius, because the material will dry too fast.

Later, Ms. Tam admitted that the furnace fan can be heard upstairs and is noisy.

Ms. Tam stated that during the first week of April the Applicants called regarding crack 1. She said that she saw a crack at the floor going up to the blanket insulation with a water mark where the wall met the floor. Mrs. Tam said that she told the Applicants to try a dehumidifier.

Ms. Tam said that a couple of days after closing she investigated the Applicants' complaint that the bedroom was too cold. She stated that her husband observed the temperature to be around 25 degrees Celsius and cautioned Mrs. Jankovic that the temperature was too high for a new home.

Mrs. Tam testified that, when the heating contractor came to inspect the house around the middle of April, the furnace fan was not on, the water pipes were sweating, and there was no dehumidifier. She said that the builder then lent the Applicants a dehumidifier.

Ms. Tam said that she visited the house several times between April and May. She testified that the furnace fan was not running during those visits.

Ms. Tam stated that the dehumidifier was not on when she visited the house on May 29, 2000. She said that she saw many water marks around a corner. She stated: "I would say condensation issue."

During the inspection on May 29, 2000 she said Mr. Jankovic wanted to be present when the air conditioning is installed. She said that is why the builder chose July 4, 2000 for the installation.

Ms. Tam testified that crack 1 was repaired from the outside in the summer of 2000, but that there was still water seepage afterwards.

Ms. Tam stated that crack 3 was reported in the summer of 2000. She said that the crack was repaired outside above ground only.

Ms. Tam said that in September or October of 2000 the builder dug all the way down to the footing, cleaned dirt on the face of the foundation, applied another coat of damp-proofing, and put in another weeping tile to replace the one damaged during digging. Ms. Tam said that this was done all around the house including around crack 1 and crack 3.

Ms. Tam referred to exhibit 9, a letter dated October 18, 2000, from Kevin Hewitson of Boehmers to Forever Homes. She said that Boehmers was the concrete supplier. The letter states: "On Thursday, October 12, 2000 a Schmidt Hammer was performed on the basement walls ... It was determined that the approximate compressive strength of the concrete is 22.9 mpa. The concrete supplied by Boehmers exceeds that specified strength ordered by the contractor.". Ms. Tam said that the building code requires 20 mpa.

Ms. Tam last inspected crack 1 on January 16, 2002. She testified that she saw no change in the crack since spring of 2001.

Ms. Tam also stated that cracks are usual in a foundation wall.

Concerning the hardwood floor, Ms. Tam said that she did not see any significant crack. She added that the humidity level of a house is a big issue in hardwood damage.

Ms. Tam testified that creaks in the bedrooms were first complained of around April of 2000. She said that the subfloor was attached to joists using nails by a contractor. Further, she stated that the entire floor was screwed on by her husband.

Ms. Tam said that the issue of drywall nails was first raised in the Spring of 2001. She said that she saw a little pop-up of nails with no cracks around the nails in the hallway of the bedroom level. She stated that this was usual and not significant.

Cross-examination of Betty Tam by Applicant Milan Jankovic:

Ms. Tam stated that the earth around the house is clay. She said that the builder put a fibreglass drain block on a neighbouring home because the builder finished the basement on that home and put insulation inside. Therefore, she said, the builder had to put in a drain block.

Mr. Jankovic drew the attention of Ms. Tam to the following paragraph in the letter at tab 14 of exhibit 3: "Regarding the work order from the City of London, we have materials to prove that the work order was a mistake. Our lawyer is on vacation now; I will share them with you when he comes back.". Ms. Tam was unable to provide any such information.

Ms. Tam said that the squeaking floor was usual for a wood-frame house.

Cross-examination of Betty Tam by Counsel for Respondent:

Ms. Tam stated that in the first two weeks of April of 2000 she saw no puddles in the basement, no water seeping through a crack. She said that she saw evidence of dampness in the south-east corner and in the north-west corner near the garage.

Ms. Tam testified that she saw water penetration through crack 1 and through tie holes on the third and fourth levels. She stated that she saw no pools of water on the floor, but that she did see water marks on the floor.

Ms. Tam testified that on June 24, 2000 she saw condensation and that the dehumidifier and furnace fan were both off.

Ms. Tam stated that in June of 2000, the builder excavated ten feet on each side of crack 1 to the footing. She said that the area was cleaned, damp-proofing applied, and hydraulic cement put on the crack. She also stated that a drainage board was put along the twenty feet. She admitted that the repair did not work and that she saw water going through crack 1 afterwards.

Ms. Tam referred to the letter at tab 10 of exhibit 3. The letter states that Supreme Seal verbally quoted \$400 as the cost of repairs for injection from the inside. Ms. Tam clarified that the quote was for the repair of crack 1 only.

Ms. Tam testified that in October of 2000 hydraulic cement was applied at least to crack 1, crack 3, and tie holes. She said that a drainage board was put around the entire foundation. She later added that \$1,000 was paid by the Applicants for the drainage board. Ms. Tam stated that since the repair there were no complaints about water seepage.

Ms. Tam stated that she saw crack 1 in April of 2000, March of 2001, and January of 2002. She testified that the width of the crack had not changed. Ms. Tam said that in January of 2000 the crack was dry inside.

Ms. Tam admitted that she received the letter of exhibit 8 which refers to a crack extending into the brick wall. She said that she did not check the crack on the outside of the house.

Ms. Tam testified that she was not present when the nails and the screws were put through the subfloor of the bedrooms. She claims that when she inspected the work she saw additional nails and screws, suggesting that they were put in after some fasteners missed the joists

underneath.

Ms. Tam said that on the drywall she could see little bumps, the curved heads of nails. Ms. Tam stated that she could not see the body of the nails. She claimed that this is usual and related to the drying of material.

LAW:

Section 13 of the *Ontario New Home Warranties Plan Act* states:

- 1) Every vendor of a home warrants to the owner,
 - (a) that the home,
 - (i) is constructed in a workmanlike manner and is free from defects in material,
 - (ii) is fit for habitation, and
 - (iii) is constructed in accordance with the Ontario Building Code;
 - (b) that the home is free of major structural defects as defined in the regulations; and
 - (c) such other warranties as are prescribed by regulations.
- (2) A warranty under subsection (1) does not apply in respect of, ...
 - (b) secondary damage caused by defects, such as property damage and personal injury;
 - (d) normal shrinkage of materials caused by drying after construction;
 - (e) damage caused by dampness or condensation due to failure by the owner to maintain adequate ventilation;
 - (f) damage resulting from improper maintenance; ...

Section 14(1) of the Act stated:

- (1) Where, ...
 - (b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or
 - (c) the owner suffers damage because of a major structural defect as defined in the regulations for the purposes of section 13, ...

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations.

Section 1 of Regulation 892 under the Act defines "major structural defect" for the purposes of clause 13(1)(b) of the Act as:

- any defect in work or materials,
- (a) that results in failure of the load-bearing portion of any building or materially and adversely affects its load-bearing function, or
 - (b) that materially and adversely affects the use of such building for the purpose for which it was intended,
- including significant damage due to soil movements, major cracks in basement walls, collapse or serious distortion of joints or roof structure and chemical failure of materials, but excluding

floor damage, dampness not arising from failure of a load-bearing portion of the building, damage to drains or services, damage to finishes and damage arising from acts of God, acts of the owners and their tenants, licensees and invitees, acts of civil and military authorities, acts of war, riot, insurrection or civil commotion and malicious damage;

Section 14 of Regulation 892 under the act adds:

Every vendor of a new home warrants to the owner that there will be no water penetration through the basement or foundation of the home for two years after the date upon which the home is completed for possession.

APPLICATION OF LAW TO FACTS:

Crack 1 is a major crack, both long and wide. The Tribunal finds that cracks 1 and 3 are defects and are breaches of the warranty to the owner in section 13(1)(a)(i) of the Act that the home be constructed in a workmanlike manner and be free from defects in material.

The only available estimate for repair of a crack is a verbal quotation of \$400 from Supreme Seal. Ms. Tam testified that the estimate relates to crack 1 only. However, there is significant similarity between crack 1 and crack 3 and the cost of repair should also be similar. Also, the Tribunal notes from the letter at tab 9 of exhibit 3 that the Program at one point recommended to the Applicants that they settle their claim for cracks for \$800. To cover both crack 1 and crack 3 and applicable taxes, the Tribunal orders the Program to pay \$800 to the Applicants.

Mr. Semenuk and Mr. Verhey provided expert testimony that the hardwood floor was properly installed, constructed in a workmanlike manner, and was free from defects in material, in accordance with the warranty of section 13(1)(a)(i) of the Act. No experts testified on behalf of the Applicant. Mr. Jankovic concentrated only on events after installation. He did not provide evidence that the installation of the hardwood floor or the material of the hardwood floor was defective. He argued that damage to the hardwood floors resulted from high humidity caused by water leakage in the lower floors of the house, but he did not provide any expert opinion to prove that connection.

The onus was on the Applicant to prove that the hardwood floor was not constructed in a workmanlike manner or that the material was defective. The Tribunal finds that the Applicant failed to satisfy that burden. The Tribunal confirms the program's decision to disallow the Applicants' claim for compensation for damage to the hardwood floor.

The Applicant testified that the floor in the bedrooms squeaks. Mr. Semenuk testified that he did not notice excessive noise from the floor. He said that he did hear slight noises and considered them to be within reasonable tolerance. He stated in the decision letter that the noises detected are minor and typical of wood construction. Again, no expert testimony was introduced in support of the Applicants' claim.

Mr. Jankovic provided evidence of the underside of the subfloor of the bedrooms showing that

some fasteners missed the underlying joists. Ms. Tam testified that some fasteners did pass through the subfloor into the joists. There is no evidence that the framing inspection of the area was done improperly or noted a problem.

Given conflicting testimony, the Tribunal accepts the testimony of Mr. Semenuk, the expert witness. Therefore, the Tribunal confirms the program's decision to disallow the claim of the Applicants for compensation for the creaking floor in the master bedroom and the east bedroom.

Concerning drywall nails and corner holes, there is again conflicting testimony. Mr. Jankovic testified that the caps of drywall nails are visible where they moved through tape and filler. Ms. Tam stated that she saw a little pop-up of nails with no cracks around the nails. In the decision letter, Mr. Semenuk stated: "The joint between the baseboard and the hard surface flooring results in a hairline gap. The baseboard rests directly on top of the flooring, however irregularities and shrinkage have resulted in the reported gaps.". Mr. Semenuk concludes that gap is minor in nature and does not exceed normal construction tolerances. Mr. Semenuk concluded that the damage regarding drywall nails and corner holes is the result of normal shrinkage of materials caused by drying after construction. No expert testimony to the contrary was offered on behalf of the Applicant. The Tribunal accepts the testimony of Mr. Semenuk and confirms the Program's decision to disallow the claim concerning drywall nails and corner holes.

DECISION:

Accordingly, under the authority of section 9(4) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to allow the Applicants' claim for cracks in the basement foundation and on the east side of the family room and directs the Program to pay to the Applicants \$800 in satisfaction of that claim. Further, the Tribunal directs the Ontario New Home Warranty Program to disallow all of the other Applicants' claims.

AND IN THE MATTER OF A MOTION FOR A STAY OF
THE ORDER OF THE LICENCE APPEAL TRIBUNAL
RELEASED NOVEMBER 19, 2001 UNTIL DISPOSITION
OF AN APPEAL TO THE DIVISIONAL COURT OF
THE SUPERIOR COURT OF JUSTICE

TRIBUNAL: JOHN ORT, Member

APPEARANCES: ARIF RAZA,
Counsel, representing the Applicant
MICHAEL ROTHE,
Counsel, representing the Registrar,
Motor Vehicle Dealers Act

DATE OF
HEARING: February 22, 2002 Toronto

ORDER

Counsel for the Registrar, *Motor Vehicle Dealers Act* (the "Registrar") requested an adjournment of the hearing, because two affidavits of the Applicant were provided to him only on the afternoon before the hearing. Counsel for the Applicants consented to an adjournment.

Counsel for the Registrar also made a request to the Tribunal for costs of \$600 on the basis that the Applicant acted unreasonably, frivolously, or vexatiously in failing to comply in a timely manner with the disclosure requirements set out in the Tribunal's Rules of Practice. It is admitted that the two affidavits made by the Applicant were provided to counsel for the Registrar late and not in compliance with the Rules of Practice of the Tribunal. Counsel for the Registrar argued that he wasted time and effort, and his client has to pay additional fees to the Licence Appeal Tribunal, because the Applicant did not comply with the disclosure requirements of the Rules of Practice and his appearance was required before this Tribunal before the parties consented to an adjournment of the hearing of the motion.

The Tribunal makes no order as to costs. The request for an adjournment was made by counsel for the Registrar. The Applicant wants to proceed with the motion as soon as possible. Counsel for the Applicant stated that he was in court on the morning of the day of the hearing before this Tribunal and was not available to consent to an adjournment. No witness attended on behalf of the Registrar. Counsel for the Registrar only travelled to the hearing from his office in Toronto. The Tribunal finds that the Applicant did not act unreasonably, frivolously, vexatiously, or in bad faith.

On consent of the parties, the Tribunal orders the hearing in this matter adjourned to 1:30 p.m. on Friday, March 15, 2002.

McCONNELL, LORRAINE AND FINCH, PERCY

PREHEARING

LORRAINE McCONNELL AND PERCY FINCH

APPEAL FROM A DECISION OF THE MOTOR VEHICLE
DEALERS COMPENSATION FUND

TO DISALLOW A CLAIM

TRIBUNAL: JOHN ORT, Member

APPEARANCES:

No-one appearing for the Applicants
AVIVA R. HARARI, Counsel, representing the Motor
Vehicle Dealers Compensation Fund

DATE OF

HEARING: February 19, 2002

Toronto

ORDER

Since no one had appeared for the Applicants at the start of the prehearing at 9:40 a.m. on February 19, 2002, the Tribunal adjourned for half an hour. At the resumption of the prehearing at 10:10 a.m. no one had appeared for the Applicants and no word had been received as to their absence. The prehearing continued without the Applicants.

Counsel for the Motor Vehicle Dealers Compensation Fund (the "Respondent") made a request to the Tribunal for costs of \$800 on the basis that the Applicants acted unreasonably, frivolously, vexatiously, or in bad faith, in failing to attend the prehearing before the Tribunal or to send a representative when properly given notice, without contacting the Tribunal and other parties to the prehearing. The Tribunal declines to make an order as to costs. The Applicants could not be contacted by telephone. No explicit notice was given to the Applicants that the Respondent may make a request to the Tribunal for costs. It is not clear that the Applicants received notice of the prehearing. No witness attended on behalf of the Respondent. Counsel for the Respondent only travelled from her office in Toronto. The Tribunal finds that the applicants did not act unreasonably, frivolously, vexatiously, or in bad faith.

Following attendance at the prehearing before this Tribunal of Aviva R. Harari, counsel on behalf of the Motor Vehicle Dealers Compensation Fund;

The Tribunal makes the following Order:

- 1) The Parties to the hearing are the Applicant and the Registrar.
- 2) That there was no resolution of any of the issues between the parties.
- 3) That the parties shall fully comply with Rule 6.3 and Rule 6.4 of the Tribunal's Rules of Practice.
- 4) That the hearing of the matter shall commence at 9:30 a.m. on Friday, June 14, 2002, at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario.

APPEARANCES:

KRISHNAWATI AND BENNY RAM, Applicants
KAREN SPECTOR, Counsel representing the Ontario New Home
Warranty Program
A. JAMES YOUSIF, Student at Law, Counsel representing the added
party ROSEHAVEN HOMES LIMITED

DATES OF

HEARING: October 29 and 30, 2001: January 28, 2002 Toronto

REASONS FOR DECISION AND ORDER

This is an appeal by Krishnawati and Benny Ram (the “Applicants”) to the Licence Appeal Tribunal from a written decision of the Ontario New Home Warranty Program (the “Program”) dated June 21st, 2001 and a supplementary decision of the Program dated July 19th, 2001.

Preliminary Matters

The decision of the Program enumerated thirteen claims made by the Applicants. Prior to the commencement of the hearing, the Tribunal was advised that the parties had come to an agreement with respect to claim number one, that is water penetration of the Applicants’ basement. On the Friday proceeding the hearing on October 29th, 2001, footing and weeping tiles had been installed in an area immediately below a spot where the Applicants had been experiencing water penetration in their basement. The Tribunal was advised that a further one-year warranty from October 26th, 2001 to October 26th, 2002, had been acknowledged by the Program and by the added party Rosehaven Homes Limited (“Rosehaven”) The Tribunal accordingly treated this matter as settled for the purposes of this hearing.

In a letter dated October 5th, 2001, the Applicants, among other things, alleged that “our rights under section 1 (equality) and section 15 (equal protection) of the *Canadian Charter of Rights and Freedoms* have been vilolated (sic) by the dispute resolution process of the ONHWP.”

Counsel for the Program made a preliminary objection with respect to this allegation. The Applicants acknowledged that they had failed to give proper notice to the Attorney General for the Province of Ontario and the Attorney General for Canada pursuant to section 8 of the Tribunal's Rules of Procedure. In any event, it was the Tribunal's view, which was expressed to the parties following submissions on the point (and prior to the commencement of the hearing of evidence), that the alleged violations during the dispute resolution process had no bearing on the parties' ability to conduct the hearing and to fully make their case before the Tribunal. Accordingly, the Applicants did not argue the matter further.

Throughout the hearing it was apparent that the Applicants had failed to make timely disclosure of certain documents, particularly to Rosehaven. On an individual basis, the counsel for the Program and for Rosehaven made proper and timely objections to the evidence being admitted. The Tribunal uniformly overruled these objections on the basis that the prejudice to the respondents did not appear to outweigh the probative value of the evidence tendered. While the Tribunal certainly does not encourage late disclosure, it appeared that the particular evidence at issue (in the main, photographs), were acknowledged by the respondents to be pictures of the particular subjects at issue and were therefore helpful to the Tribunal in making its decision.

Background

This appeal involves a residential property at 10 Vitlor Drive in the Town of Richmond Hill (the "Home"). The Applicants entered into an Agreement of Purchase and Sale with Rosehaven dated August 3rd, 1999 (the "Agreement"). The Agreement was exhibited at the hearing and admitted by the parties. In terms of the Agreement, Rosehaven was to construct the Home in Richmond Hill for the consideration of \$352,000.00. The Agreement contained several schedules which contained material provisions respecting the claims at issue. The specific sections will be quoted when dealing with the individual claims.

The Applicants took possession of the Home on January 26th, 2000. Notice of claim was provided by letter received by the Program on February 9th, 2000, February 25th, 2000, March 6th, 2000, March 20th, 2000, May 1st, 2000, May 8th, 2000, October 3rd, 2000, October 12th, 2000 and November 23rd, 2000. The Program acknowledged that the claims were all properly reported within the one-year period of the statutory warranty at issue.

The Program's representative conducted an inspection of the Home on April 30th, 2001 and May 24th, 2001. As noted above, the claims were denied on June 21st, 2001 and also by way of a supplementary decision letter dated July 19th, 2001.

The Evidence of the Parties

At the commencement of the hearing, the Applicants agreed that the documents that they would be relying on, among others, were contained in two document briefs submitted respectively by the Program and by Rosehaven and entered as Exhibits 4 and 5 at the

hearing. Also, a number of photographs were presented to the Tribunal. There was some dispute concerning the actual colours of items depicted in the photographs, which was a material issue of this decision on a number of issues.

Benny Ram gave evidence on behalf of himself and his wife, the Applicants. In order to assist the Tribunal, Mr. Ram organized his evidence in accordance with the various claims that had been set out in the decision letter. The witnesses on behalf of the Program, Mr. Jim Fortune, and the witnesses for Rosehaven, Mr. Michael Puzzolanti and Ms. Laura Duhacek followed this format when giving their evidence in chief. The cooperation of the parties in this regard was helpful to the Tribunal in dealing with the case. The Tribunal will utilize that format to discuss the evidence at issue.

Claim Number 2 – Garage Drywall Poor Finish

The Applicants referenced Schedule A of the Agreement, and specifically item 20 under heading “Exterior Features” which read:

“ENTIRE GARAGE TO BE DRYWALLED, TAPED AND PRIME PAINTED – INCLUDING CEILING”.

The Applicants provided photos of the garage and their complaint can be summarized as follows:

1. That the frame of the second garage door was not painted; and
2. That a very small section of the drywall above the other garage door was defective.

The photographs submitted by the Applicants were very useful to the Tribunal in assessing the merits of this particular claim. It is evident from the photographs that the doorframe in the garage was not painted and that there were gaps in the seams of the drywall at or near a garage door opener.

Claim Number 3 – Bathtub

The parties admitted that the one bathtub (of three that are located on the second floor of the Home) was not the specific one required by the Agreement. A photograph of the bathtub was introduced as Exhibit “8”. Mr. Ram initially described the shape of the bathtub as “oblong square” but then he corrected himself to say it was more rectangular. Mr. Ram candidly admitted that the complaint in respect of this claim was as a result of the aesthetics of the tub and not with regard to its use or operation. The Agreement at Schedule “A” provided for “ACRYLIC OVAL TUB WITH SEPARATE SHOWER in ensuite bathrooms as per plan. The only plans that were attached to the Agreement were diagrams indicating where pot lights were located (Schedule X of the Agreement). On those drawings were sketches showing the three tubs.

Claim Number 4 – Wrong Backer Board in Showers

The Applicants again referred to Schedule A and specifically item 89 under the heading “Bathroom and Laundry Features”, which read as follows:

“FULL HEIGHT CEMENT WONDERBOARD BACKING on all non-glass shower enclosed areas.”

The Applicants claimed that the use of the word “wonderboard” was a very important element in their decision to buy this Home. The applicant testified that he was aware that “wonderboard” was the best cement backer board for showers as a result of previous experience he had with another home he had owned. The Applicants did not know the name of the manufacturer of “wonderboard” and did not offer any scientific evidence that the actual cement backer board installed in the showers at his Home differed in any material way from “wonderboard”. The representative of Rosehaven admitted that “wonderboard” was not used in the showers, but that a like product was utilized. Mr. Ram admitted that there had been no failure as at the date of the hearing of the shower backing material.

Claim Number 5 – Difference in the Colour of Stain between the main floor and the stairs leading to the second floor

The Applicants submitted a photograph of the stairs leading to the second floor which also indicated the colour of the wood floors in the area at the foot of the stairs. The Agreement dealt with the stain colours in a schedule to the Agreement, which was executed by the Applicants. The staircases were indicated to be “glint brown” whereas the flooring was to be “mellow”.

Again, the Applicants freely admitted that the only issue was an aesthetic one. There was otherwise no material defect in the stairs or the main floor, other than in the Applicants’ view that the colours appreciably were different. The Applicants suggested that the only appropriate repair would be to rip up the main floor (as opposed to the stairs) and then match the new floor to the stain on the stairway. No estimates of this cost were given other than Mr. Ram’s opinion that it would cost between \$5,000.00 to \$10,000.00. Mr. Fortune testified that while the photograph submitted was of the stairs and the floor, the colours in the photograph were not representative of what he witnessed when he attended at the Home. Mr. Fortune candidly admitted that if such had been the case, he would have agreed with this element of the Applicants’ claim.

Claim Number 6 – Wrong Extractor Fan

The Applicants submitted a sales brochure produced by Rosehaven, which had been used for certain Homes built by Rosehaven in the “Rouge River development”. In that sales brochure, there was an extensive list of “quality features” (some 116). One of the features of the brochure indicated as follows:

“Kitchen Features

#72 “Cypress AK9000” hood exhaust fan with six inch vent to exterior.”

The student at law representing Rosehaven objected to the introduction of this sales brochure on the basis of the parole evidence rule and the “entire agreement” clause in the agreement. The Tribunal overruled these objections and admitted the document to evidence.

In the Agreement, Schedule “A” tracked exactly the items listed in the “quality features” of the sales brochure (which was Exhibit 9). There was one exception. Number 72 in Schedule “A” of the Agreement read as follows:

“72 Coloured hood exhaust fan with six inch vent to exterior”.

Mr. Ram testified that he had gone to a model Home in the Rouge River development to look at the design of the Home, which he ultimately purchased. He claimed that a “Cypress AK9000” fan has actually two fans whereas the fan installed in his Home has only one. Rosehaven and the Program took the position that the Applicants received exactly what they bargained for in the Agreement, namely a coloured hood exhaust fan with a six inch vent to exterior. There was some dispute in the evidence as to whether or not the fan had one or two speeds. Mr. Ram claimed the fan was “noisy” and that the family could not use it at the lower speed.

Claim Number 7 – Water Ponding at “Walkup”

The parties agreed that initially the builder had recognized that a repair was necessary to the exterior landing of the patio doors at the basement of the Home. A photograph was introduced into evidence at Exhibit 10, which appeared to the Tribunal to indicate that the parging, which the builder had placed over the concrete slab had come away to a certain minimal extent. During argument, the Applicants tried to introduce a picture of the steps as they existed at the date of the argument. The Tribunal declined to accept the picture on the basis of timeliness. Mr. Ram admitted that the water no longer ponds on that section of the stairs, but submitted that the parging would simply “flake off” over time.

Claim Number 8 – Missing Header (Back Window)

A photograph of the area was introduced at Exhibit 12. Mr. Ram testified that the fact that the header is not there would cause difficulty in the future when he goes to renovate the basement. Specifically, he is concerned that a heating duct will have to drop two inches below the window and this will affect the light coming in the window. A raised wooden deck is immediately outside the window and the parties agreed that the deck would obstruct, to a certain degree, light coming through the window in any event. Mr. Puzzolanti admitted that the header does not exist as indicated, but suggested that there was no structural issue concerning the first floor.

Mr. Puzzolanti testified that the floor area does not require a header, because there is no structural beam that is penetrated by the joist system.

Claim Number 9 – Wrong Pedestal Sink

The parties agreed that following occupancy, a mirror in a bathroom on the first floor fell off the wall and damaged the original pedestal sink which had been installed beneath the mirror.

Two photographs of the sink were submitted, respectively Exhibits 13 and 14. Mr. Ram candidly admitted that the colour complaint which he was making, was not readily apparent from the photographs submitted. Mr. Ram complained that the sink is unsightly because one can see the plumbing behind the sink if one stands far enough back from the sink and outside the bathroom. Mr. Ram asserted that the replacement sink was a “lower grade” and the white did not exactly match the toilet in the bathroom. The sink was not installed in Mr. Ram’s presence. Mr. Fortune of the Program did not see the first sink that was installed and had nothing to compare it to.

Claim Number 10 – Basement not Continuously Wrapped with Waterproof Membrane

The parties agreed that two exterior “wing walls” which sit on either side of a walkout stairs leading up to grade are not wrapped with a waterproof membrane. The parties agreed that these “wing walls” are not exterior walls. However Mr. Ram complained that the detail was necessary so as to prevent the “inside” of the wing walls becoming damp when it rains. Extensive evidence was given by Mr. Puzzolanti concerning the necessity for a waterproof membrane in circumstances for a wall at and below grade.

Claim Number 11 – Ducts not Vacuumed

The Agreement provided that air ducts would be cleaned prior to occupancy. Mr. Ram claims that the heating and cold air return ducts of the Home were vacuumed, prior to occupancy but not very well and therefore not in accordance with the Agreement. He suggested that the procedure used for the duct cleaning was improper, although he did not witness it personally. He indicated that his opinion arose from his experience in his previous home. Apparently, there were no “cut ins” to the duct work, as had been the case as Mr. Ram experienced in the past. On behalf of the builder, Mr. Puzzolanti testified that the “cut in” methodology was not used in the circumstances because that method is only effective when a furnace is also being cleaned. Mr. Puzzolanti testified that the ducts, in fact, were cleaned.

Claim Number 12 – Rough and Uneven Areas on the Steps Leading up from the Basement

Photographs of this area were produced at Exhibit 15, 15A and 15B. Mr. Ram testified that initially his complaint was with respect to the “interior of the wing walls” which was duly repaired by the builder. However, Mr. Ram testified that the workmanship along the risers and each stair was rough and uneven.

Claim Number 13- Building not Graded as a “Lookout Lot”

A lot diagram was contained in Schedule “L” of the Agreement. Mr. Ram’s lot was Number 33. In handwriting on the lot diagram was the indication “L/O” for Lot 33. The parties agreed that Mr. Ram’s lot was supposed to be “a lookout lot” although the parties disagreed as to what exactly this meant in practice. Mr. Puzzolanti described it as a “marketing term” which describes a circumstance where a portion of a basement is below grade, and as such a window can be installed in the basement from which an adult person of ordinary will be able to “look out”.

Mr. Ram testified that prior to the construction of the Home, he could not tell precisely what that grade would be in the rear of his property, because there was a large pile of topsoil located there. Mr. Ram testified that he paid a premium of \$9,000.00 for a “lookout lot”. Mr. Ram expected that his first floor would be significantly higher off the ground and this is what is meant by a “lookout lot”. Practically speaking, he expected to be able to walk up three stairs from his basement door to grade, as opposed to the eight stairs that were ultimately installed at his Home given the grade. In any event, Mr. Ram believed that at the rear of his Home there would be a better opportunity for greater light infiltration as a result of the higher first floor.

The Law

The *Ontario New Home Warranties Act Plan Act* was recently amended. However, at the time of the facts material to this claim the relevant sections of the “old” Act were as follows:

Section 14 of the Act provides:

“14(1) Where,

(a) a person who has entered into a contract with a vendor for the provision of a Home has a cause of action in damages against the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor’s failure to perform the contract;

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; or”

Certain general principles concerning the jurisdiction of the Tribunal and the general purposes of the Act are relevant to the application of the law to the facts as found by the Tribunal.

While the Act gives a person (in Section 14(1)(a)) and an owner (in Section 14(1)(b)) an entitlement to seek compensation from the guarantee fund following a hearing before this Tribunal, in the event the Program denies such claims it cannot be implied from the language of the Act that the jurisdiction of this Tribunal is exclusive and a person or an owner is precluded from seeking a remedy from the vendor of a Home in another forum, namely the Ontario Court of Justice. (*Belanger vs 686853 Ontario Inc.* 74 O.R. 2nd (114)) DCO 1990,

Wright D.C.J.).

The general purposes of the Act were summarized by Judge Zalev (as he then was) in the *Ontario New Home Warranty Program v. Crown Trust Co.* (1984), 50 O.R. (2d) 588, 32 R.P.R. 214 (Co. Ct.)[affd (1985), 50 O.R. (2d) 593 (note (C.A.))], at p. 590 O.R. , p. 217 R.P.R.. Judge Zalev said;

“In my view the object of the statute is to provide the warranties set out in s. 13 of the Act to persons who first acquire a Home from its vendor for occupancy, and to protect such persons from any unscrupulous, financially irresponsible, or technically incompetent person from whom they might purchase”.

The Applicants bear the onus of proving that their situation falls within the meaning of the relevant sections.

Application of Law to the Facts

Benny Ram is an accountant who works for the Alcohol Gaming Commission of the Province of Ontario. He admitted he has no particular experience in building other than having performed some renovations to a home which he previously owned. However, during argument Mr. Ram asserted he was an “expert” on construction. The Tribunal advised Mr. Ram that it did not accept him as an expert in this area as he had not given evidence which would satisfy the Tribunal of his expertise in this area. The only witness for the Applicants was Mr. Ram. Accordingly, the Tribunal had no expert evidence on behalf of the Applicants. Further, the Tribunal had no evidence of any estimates to repair or value the matters at issue from the Applicants other than the opinion of Mr. Ram. Because Mr. Ram is not an expert in such matters, Mr. Ram’s opinion with respect to damages is not evidence on which the Tribunal can rely.

The Applicants have the burden to prove on the balance of probabilities that they have a cause of action against a builder for damages resulting the builder’s failure to perform the contract or damages resulting from a breach of warranty by the builder. Also, the Tribunal may deal only with claims to which the statute applies. Further, evidence of damages must be adduced which is credible.

In general terms, the Applicants’ most serious complaint was resolved at the beginning of the hearing. The majority of issues heard by the Tribunal were ones of aesthetics and perception insofar as they did not relate to the use, operation, efficiency or functionality of the Home. With those overall comments in mind, the Tribunal makes the following decision concerning each of the issues before it.

Claim Number 2– Garage Drywall Finish Poor

During argument, Rosehaven’s counsel indicated that they would be prepared to pay

something to paint the unpainted frame around one of the garage doors. Also, the photograph of the drywall at Exhibit 18B indicates that there is a gap between the drywall panel and the frame around the garage door. The Tribunal can understand that the Applicants would be “annoyed” at what was clearly deficient work. However, the deficiency is quite minor but not up to a workmanlike standard and represents a breach of the statutory warranty. Accordingly, the Tribunal orders that the Ram’s be compensated in the amount of \$50.00 in respect of this item.

Claim Number 3 – Wrong Bathtub

From the photographs submitted, it appears the bathtub is not “as oval” as from the pot light location diagrams at Schedule X of the Agreement but, looking at the photograph of the bathtub, the shape appeared to the Tribunal to be in the shape of an “oval” if one understands oval’s to be shaped in a manner similar to a horse racing track or a track where the Daytona 500 is held. The Tribunal therefore find that the bathtub is an oval bathtub. The bathtub functions as it was suppose to. It certainly looks like it has a lovely finish in what is otherwise a very lovely Home. The Applicants’ complaint in this regard is dismissed.

Claim Number 4 – Wrong Backer Board in Showers

The Tribunal accepts the evidence of the witness for Rosehaven, Mr. Puzzolanti, that while the product used was not “wonder board” it was equal or better quality. The shower has not failed. Accordingly, the Applicants’ complaint in this regard is dismissed.

Claim Number 5 – Different Stain on Hardwood Floor

The photograph accepted into evidence indicates a difference in colour between the stairs and the ground floor. However, the Tribunal accepts that on occasion, photographs do not accurately indicate colour. In this circumstance, the Tribunal relies on the eye witness evidence of Mr. Fortune to find that the shade difference in the colour of the stain is minor, not readily apparent and is acceptable. The Tribunal finds that this complaint does not fall within the warranties provided by the Act, and accordingly, is dismissed.

Claim Number 6 - Wrong Extractor Fan

The Applicants got what they bargained for. The Applicants had independent legal advice when reviewing the contract. From the evidence, the Tribunal finds that the Applicants were people who are very meticulous and pay close attention to detail. It is this attention to detail which founds the basis of many of their complaints. It was difficult for the Tribunal to accept what it took to be the Applicants’ submission that the Applicants failure to read the fine print is to be excused because they were simply lay people. The evidence was clear that the Applicants got what they bargained for in the contract and no evidence that was persuasive was introduced to the Tribunal to allow it to find that somehow the operation of the fan was so deficient as to materially affect the Applicants’ use of their Home.

Claim Number 7 – Water Ponding at Walkup

It appeared from the photograph of the area that the cement material that had been placed on top of the slab at this door was coming off. The Tribunal finds that this workmanship is not sufficient and awards the Applicants the sum of \$25.00 in respect of this particular item.

Claim Number 8 – Missing Header

The parties agree that the header is missing, however there was no evidence to suggest the structure of the Home was adversely affected or that this is a deficiency resulting from poor workmanship. Accordingly, the Applicants claim in this respect is dismissed.

Claim Number 9 – Wrong Pedestal Sink

The Tribunal finds that the pedestal sink as installed by the builder is “white”. There was no photograph of the toilet, preventing the Tribunal from determining if the two “whites” of these facilities actually matched. The Tribunal finds that this item is not warrantable and the Applicants’ claim is dismissed.

Claim Number 10 - Basement not Continuously Wrapped with Waterproof Membrane

The Tribunal finds in these circumstances that the wing walls do not require an air gap waterproof membrane as no interior space is affected. The Applicants’ claim in this respect is dismissed.

Claim Number 11 - Ducts not Vacuumed

Mr. Ram agreed that the ducts had been vacuumed, only not to his liking. The Tribunal prefers the evidence of Mr. Puzzolanti over Mr. Ram in this regard. Neither were present when the ducts were vacuumed. Again, the onus is on the Applicants, and they have failed to prove that this is an item that is covered by the warranty, and accordingly this element of the claim is dismissed.

Claim Number 12 – Rough and Uneven Areas Leading up from the Basement

The photograph of the area shows what appears to be a common finish for exterior stairs, particularly those that are below grade. No evidence was led as to how this alleged defect adversely affected this particular detail of the Home. Accordingly, the claim is dismissed.

Claim Number 13 – Lookout Lot

It appears from the photographs of the basement that were provided to the Tribunal that one can in fact look out from the basement to above grade. There was no evidence before the Tribunal which would allow it to determine whether or not “look out” was a building science

term or simply a marketing term. Again, the Tribunal believes that the Rams got what they bargained for in this respect. Accordingly, their complaint on this issue is dismissed.

Costs

On several occasions during the evidence, counsel for Rosehaven intimated to the panel that he would be seeking an award of costs in this case. The Tribunal was recently given the authority to award costs in certain circumstances.

In the Tribunal's view, although the Applicants were not successful in the main with respect to many of the complaints that were brought forward, this is not a situation where costs are warranted. The applicant conducted himself in an appropriate, gentlemanly and reserved manner. He certainly did not do any better or worse in presenting his evidence than did the solicitor for the Program, or the student-at-law for Rosehaven. The Tribunal believes that the costs sanctions recently enacted are meant to deal with "extreme" scenarios. In this Province, administrative Tribunals historically have had significantly more relaxed rules of procedure and approaches to adjudication of disputes than the courts. The costs provisions are to discourage those litigants who act unreasonably, frivolously, vexatiously or in bad faith. Clearly, this is not what occurred in this case, although the Tribunal could understand why an objective person may believe that bringing forward the complaints as the Applicants did, might have warranted a cost sanction were the matter adjudicated in the civil courts. Clearly, litigants do benefit when represented by counsel, both from the counsel's experience, knowledge of the law and understanding of procedure. However, in this case, while the Applicants were unrepresented, they presented their case in a useful and organized way that permitted the Tribunal understand fully the issues and the position of the Applicants. Accordingly, there is no award of costs.

Decision

Pursuant to the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal orders that:

1. With respect to the Applicants' claims number 2 and number 7 the Program shall forthwith pay to the Applicants the total of \$75.00 in full satisfaction of such claims; and,
2. In all other respects the Applicants claims are dismissed.

LICENCE APPEAL TRIBUNAL

F. Bruce Fitzpatrick, Vice-Chair

RELEASED: February 28, 2002

0939 - ADLS - NOMC

Appeal under section 50.1 of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 48.3(2) of that Act;

Toronto

DECISION

A hearing was held on January 25, 2002, at Toronto, Ontario, by way of an oral hearing to consider the Applicant's appeal pursuant to Section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA"). The Tribunal makes the following Order, with Reasons to follow:

THE TRIBUNAL CONFIRMS the suspension imposed by the Registrar pursuant to Section 48.3 HTA.

LICENCE APPEAL TRIBUNAL

Jeffrey M. Lee, D.C., Presiding Member

RELEASED: January 28, 2002

Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to section 48.3(2) of that Act;

**TO APPEAL A 90-DAY ADMINISTRATIVE
DRIVER'S LICENCE SUSPENSION**

TRIBUNAL: JEFFREY M. LEE, D.C.,
Presiding Member

APPEARANCES: LUBA NEUWIRTH,
Representative for the Registrar of Motor Vehicles

Applicant
unrepresented

DATE OF
HEARING: January 25, 2002

DECISION
RELEASED: January 28, 2002 Toronto

REASONS FOR DECISION

A hearing was held on January 25, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on January 28, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated January 8, 2002, and was received by the Tribunal on January 8, 2002, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

There were no preliminary matters. The documents presented to the Tribunal were entered into evidence with the permission of both parties. The hearing proceeded.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar.
- b) Exhibit # 2 Notice of Appeal.

By the Respondent:

- a) Exhibit # 3 MTO Submissions total pages 21.

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath or blood because he or she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.

- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant was sworn and took the stand. He testified that on the December 27, 2001 at approximately 6:00 p.m., he was driving in Georgetown and was stopped by police. The Applicant testified that he had just completed a job estimate and was returning home when he was stopped by police. The Applicant testified that he was put into the police car in handcuffs and asked to blow into the machine. The Applicant stated that it was difficult to blow into the machine because of the pain in his back. He did not tell the officer that he was having difficulty providing the breath sample because of the pain. The Applicant testified that he was given three opportunities to provide a sample of his breath but was unable to provide them due to his back pain. The Applicant testified that he was subsequently charged and then released. The Applicant was asked if he had any previous experience in providing a breath sample. The Applicant stated that he had done this test four or five years earlier and that he knew what was required. The Applicant also testified that he had lost his drivers licence for unpaid fines. When asked by the Representative for the Respondent if he had anything to drink that day, the Applicant responded, "No, nothing." The Applicant had nothing further to add and was excused from the stand.

Police Officer # 1 was called to the stand. He was sworn and gave the following evidence. He testified that on December 27, 2001, he was working for the Halton Regional Police on the 6:00 p.m. to 6:00 a.m. shift. He was in a marked police cruiser. He testified that he observed a truck licence 7148HE approaching him at a high rate of speed. He activated his radar device and took two readings. One reading 95km /50 and the other 98km/hr in a posted 50km zone. Police Officer # 1 made a U turn and caught up to the truck. Police Officer # 1 then observed the above noted truck fail to come to a complete stop at a four way stop. Police Officer # 1 initiated a stop and pulled the truck over. The driver of the vehicle was identified as the Applicant. The officer testified that he detected an odour of an alcoholic beverage. The officer testified that he asked the driver "have you had anything of an alcoholic beverage to drink today?", the Applicant responded, "two glasses of wine". Police Officer # 1 read the demand for a breath sample to the driver. The Officer requested that the Applicant provide a breath sample into the approved road side screening device. According to the officer, the device will read either pass, 12 hour suspension or fail. Fail would indicate over 100mg of alcohol. The Applicant sat in the driver's seat of his truck and the officer produced the machine. He testified that he demonstrated how to provide the sample to which the Applicant stated that he understood. The Applicant provided a sample of his breath as requested and the Applicant failed the road side test.

Police Officer # 1 arrested the Applicant for impaired operation of a motor vehicle and place the Applicant in hand cuffs and escorted him back to his cruiser. The Applicant was transported back to the station. The Applicant, according to the officer would not answer his questions or respond to him with regard to wanting to see duty counsel. The Applicant remained silent. According to Police Officer # 1, the Applicant refused to get out of the cruiser at the police station. The Applicant was finally removed from the car and brought into the breath room. The Applicant was again cautioned about failing to provide a breath sample. According to Police Officer # 1, he did not observe the Applicant to be in any medical distress or require any medical attention. The Applicant was not short of breath, was not wheezing or

complaint of any medical condition that would have prevented him from providing a breath sample. The officer stated that the Applicant did mention that he had low back pain and took medication for that. The Applicant was given numerous opportunities to provide the sample but did not comply. In his attempt he blew air into his cheeks, thus no air entered into the machine. The Applicant was asked if he understood the consequence of not providing a breath sample and he stated that he understood. He was subsequently charged.

When asked to sign a promise to appear, he stated that he wanted an interpreter. A friend of his came down to the station and translated (according to the officer, the friend asked the same questions mostly in broken English, to which the Applicant responded). The Applicant signed the forms and was released. The Applicant was asked if he had any questions of the officer to which he replied, "no". The Tribunal indicated to the Applicant that this would be the only time that he would be allowed to ask the officer any questions about the testimony given by the officer, to which the Applicant indicated that the officer was truthful and he did not dispute any of the testimony. The officer was excused from the stand.

The Tribunal accepts the evidence presented by Police Officer # 1. The evidence presented was straight forward and well documented. The evidence presented by the Applicant was sketchy and misleading. The Applicant made no attempt to link a medical condition to his inability to provide a breath sample.

In an appeal of this nature, the onus is on the Applicant to substantiate his position. The documents submitted by the Applicant do not substantiate his claim to the effect that he had a present medical condition that precluded him from providing a breath or blood sample.

The report of Physician # 1, the Applicant's medical practitioner, fails to meet the specific requirements of Section 15(1) of Regulation 574 of the *Highway Traffic Act* respects: Physician # 1 indicates on the notice of appeal that the last visit after a fall which was a WCB related accident, the Applicant was seen monthly. There is no indication of how the WCB accident would affect the patient's ability to provide a breath sample. Physician # 1 indicates that x-rays were taken on February 27, 2001, however what area was x-rayed was not indicated nor were the results of such x-rays included. The report sheds no light on the medical condition, which is the basis of his appeal.

The report of Physician # 1 has failed to meet the requirements of section 15(1) and the Tribunal attached no weight to this report.

APPLICATION OF THE LAW TO FACTS:

Reviewing the foregoing facts, the Tribunal finds that the Applicant did not relate his medical condition to Regulation 574 and Section 50(1)(2)(b).

The evidence is clear that the Applicant refused to blow for no stated medical reason. The evidence submitted suggests the actions of the Applicant were such as to lead this Tribunal to believe that he had no intention of giving a proper breath sample. As indicated by the Applicant's testimony, he believed that the first sample provided to Police Officer # 1 was sufficient (which registered a "fail", over 100) and that he did not understand the need for a

further sample and why he was charged with failure to provided a breath or blood sample. It was explained to the Applicant that further breath was required at the police station to obtain an accurate reading as to the amount of a lcohol he had in his system. The Applicant blew into his cheeks and not the instrument as instructed and demonstrated as well as blowing around the mouth piece. These are all actions to prevent a suitable sample from being retrieved and not the action of someone having difficulty in providing a sample because of a medical condition.

The Applicant has not discharged the onus to establish a valid medical reason for his failure to provide and his refusal to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated December 27, 2001 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

VALIANT, EDWARD AND SUZANNE

EDWARD AND SUZANNE VALIANT

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSE OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: WILLIAM MCINTOSH, Vice-Chair

APPEARANCES:

BRUCE DRAKE, Counsel for the Applicants
KENNETH ROSENBERG AND KAREN JONES, Counsel for the
Ontario New Home Warranty Program

DATE OF
HEARING: October 10, 2001 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an Appeal by Edward and Suzanne Valiant (the "Applicants") from a decision of the New Home Warranty Program (the "Program") contained in a letter (the "Decision Letter") of January 16, 2001. The Decision Letter was in response to a claim for the loss of a \$20,000 deposit paid on account of the purchase price under an agreement of purchase and sale. The claim of the Applicants was made pursuant to the provisions of section 14(1)(a) of the *Ontario New Home Plan Warranties Act* R.S.O. 1990 chapter 31 (the "Act").

FACTS:

The Applicant, Mrs. Valiant, outlined the events leading up to the purchase. She was transferred to the Toronto office of her employer Royal Insurance ("Royal") from its Halifax branch. Royal had a transfer program whereby it would issue a cheque for the deposit monies on the purchase of new homes of transferred employees until such time as the employee's former residence was sold, at which time the company would be reimbursed out of the proceeds. The testimony of the witness called on behalf of Royal made it clear that the deposit advance was a repayable loan for which the Applicants remain liable and was not a grant.

The Applicants agreed to purchase and signed an agreement of purchase and sale ("APS")

for Lot 77 Plan 65M-3100 ("Lot 77"). They paid a \$20,000 deposit that is the basis of the claim now before the Tribunal. The Vendor was Enchanted Homes, a registrant builder under the Act at the time of the agreement. The agreed closing date was September 5, 1997.

The Valiants found that the home on Lot 77 would not be built by the September 5, 1997 closing date. As Mrs. Valiant stated in her testimony when she arrived in Toronto to take up her new position, "... there wasn't even a hole in the ground". As there was no possibility of their new home being ready, and as they had a ailing two year old child, the Applicants decided to enter into what they thought would become a new arrangement with Enchanted Homes namely an amendment to the APS for Lot 77.

After negotiations, which the Applicants thought had been finalized, the Applicants signed a document which would have given them title to a new property on Lot 68 in lieu of Lot 77, with an intervening period of leasehold on that property allowing them occupancy until the agreed closing date for Lot 68 of September 20, 1997. The Applicants forwarded the document to the Vendor expecting an acceptance for the completion of the transaction. They were given a key to the new premises by the site manager of Enchanted Homes. No completed version of the amendment to the agreement of purchase and sale was received in evidence. A possible explanation was contained in correspondence from the solicitors for Enchanted to the effect that as they did not have a copy of the attempted new agreement regarding Lot 68 as it was directly between the Applicants and the owner of Enchanted, Mr. Harry Weingarten. The rent stated in the purported amendment was to have been \$3,500.00 per month and a cheque for two months rent was drawn in favour of Enchanted Homes.

Mrs. Valiant testified that after taking occupancy of Lot 68, she found that refurbishments to Lot 68 which she had contracted for with Enchanted were not done, and she ordered a stop payment on the rental cheque. In early August, Mrs. Valiant made a detailed list of the Applicants' complaints with Lot 68 and forwarded it to their solicitors. The Applicants also forwarded \$800.00 which they considered a reasonable rental payment for the period of the actual occupancy, being part of August and part of September.

After the Applicants had occupied Lot 68, the solicitors for the Mortgagee of the property by letter dated August 6, 1997 informed the Applicants' solicitors that the Applicants were illegally in possession of Lot 68. The Applicants' solicitors responded, informing the solicitors for the Mortgagee that a representative of the builder had let the Applicants into the property, and to the Applicants' knowledge that representative had legal capacity to deal with the property. This assumption was in error as Enchanted had been placed in bankruptcy. Although a Notice of Sale Under Mortgage dated June 13, 1997 had been sent to Mr. Weingarten and others with a default date of July 19, 1997, Mrs. Valiant testified that until there was a knock on the door by a representative of the Trustee telling her to vacate, she did not know of any difficulty with the title to the property.

Mr. Weingarten did not testify at the hearing before this Tribunal.

The capacity of Enchanted to complete what the Applicants thought was an amendment to their original agreement was shown to be a false assumption when the Applicants' solicitors received notice of a transfer title of Lot 68 under a Mortgagee's Power of Sale.

The Applicants' solicitors made a claim against the Program under section 14(1)(a) of the Act by letter dated August 22, 1997. The Program responded by sending the Applicants claim forms, which were signed on September 26, 1997 and returned to the Program on October 1, 1997, along with copies of the original agreement for Lot 77, the purported amendment and a copy of the deposit cheque for \$20,000. There were a number of telephone calls between the Applicants' solicitors and the Program attempting to clarify matters. The Applicants' solicitors sent a letter March 20, 1998 to the Program informing the Program that the solicitor presumed there was a completed amendment in the hands of Enchanted's solicitors. As stated, this was not the case.

By a letter dated May 7, 1998 the Program informed the Applicants that their claim could not be processed regarding Lot 68 as the only signed agreement was for Lot 77. The Program was also concerned that there was no satisfactory explanation of the arrangement between the issuer of the deposit cheque, Royal, and the Applicants.

Mrs. Valiant testified that, due to the condition of the house, at the end of September they moved from Lot 68 to a new home unconnected to the properties in issue in these proceedings.

By letter dated December 14, 1998, the Applicants' solicitors responded to the Program's letter of May 7, 1998. They explained the loan arrangement with Royal and its transferred employees, stated the Valiants' position regarding Lot 68 due to concerns over title and the condition of the property, and explained that \$800.00 was appropriate rent for the time the Applicants spent in Lot 68 during part of August and September 1997 because the lessor failed to make agreed repairs to the premises.

The Program responded to the Applicants' letter of December 14, 1998 by letter of December 24. In that letter the Program refused to pay the claim on Lot 68 until such time as a satisfactory explanation was given regarding the deposit cheque and the fact that the only signed APS was for Lot 77. By transmission on January 25, 1999, the Applicants' solicitors forwarded material to the Program to satisfy these requests. A follow up letter was sent on March 30.

It appears from the evidence that the Program's Decision Letter was sent to the Applicants' solicitors as there was a postal receipt to that effect dated June 19, 1999. Unfortunately, the letter was undated, and the Applicants' solicitors state they never received it.

After the lapse of almost a year, the Applicants' solicitors wrote to the Program by letter of May 16, 2000 enclosing a duly executed proof of claim, this time for Lot 77 the subject property of the original APS. The Applicants' position was that the bankruptcy removed the capacity of the

vendor to complete the amendment to the APS leaving the original APS with continuing legal effect and capable of forming the basis under the Act for a return of deposit claim.

The Program responded on May 24 acknowledging the May 16 letter, stating that it was the Program's position that the claim had time lapsed and referring to the undated letter of the Program. This was countered by letter of May 29 from Applicants' solicitors, taking the position that the Decision Letter had not been received and in any event the present claim was for a different property.

Numerous exchanges of correspondence followed. The Program's September 14, 2000 letter to the Applicants' solicitors asked for particulars surrounding the Applicants' new claim regarding Lot 77. By letter of September 26, 2000 the Applicants' solicitors sent the Program an outline of the facts behind the Lot 77 claim. The Program issued its Decision Letter, dated January 16, 2001, with regard to Lot 77. On the same day the Program also sent a copy of the undated Decision Letter refusing the original return of deposit claim on Lot 68; the reasons in this Decision Letter affect the Lot 77 refusal.

The Program's Decision Letter of January 16, 2001 respecting Lot 77, the claim before this Tribunal, provides the following reasons for refusing the Applicants' claim:

1. The Applicants were not ready willing and able to close the transaction for lot 77 which was the subject of the claim, and they did not prove that either the vendor Enchanted Homes or the lien trustee was unwilling to close.
2. The Program was not satisfied that the Applicants had in fact suffered a financial loss. The actual deposit cheque was issued by Mrs. Valiant's employer, Royal Insurance. The Program was not satisfied that the Applicants were bound to indemnify Royal for the deposit amount. Unless such an obligation were shown, Royal would be the party owed the deposit monies. As Royal could not be a party under the Act, it would have no standing to make a claim.
3. In any event, the amount claimed would have to be reduced by any outstanding rent owing on the property identified as lot 68 which had been occupied pursuant to a rental agreement which formed part of an amendment or an attempted amendment to the agreement of purchase and sale for lot 77.

The Program's undated Decision Letter respecting Lot 68 provides the following reasons for refusing the Applicants' claim in that matter:

1. There was no signed agreement of purchase and sale for Lot 68. The only signed agreement is with regard to Lot 77, and the amendment thereto regarding Lot 68 was not executed.
2. There was no evidence that the \$20,000 deposit paid by Mrs. Valliant's employer Royal Insurance was repaid by her, resulting in there being no economic loss.

3. In any event, any loss was offset by unpaid rent, amounting to a total loss at best of \$13,800.

LAW:

The Applicants' claim is based on section 14(1)(a) of the *Ontario New Home Warranties Plan Act* which states:

"Where,

- (a) a person who has entered into a contract with a vendor for the provision of a home has a cause of action in damages against the vendor for financial loss resulting from the bankruptcy of the vendor or the vendor's failure to perform the contract,

the person or owner is entitled to be paid out of the guarantee fund the amount of such damages subject to such limits as are fixed by the regulations"

The limit to the liability of the guarantee fund is found in section 6(1) of Regulation 892:

"A purchaser who has a claim under clause 14(1)(a) of the Act in respect of a purchase agreement entered into after the 30th day of June, 1988 is entitled to be paid out of the guarantee fund an amount for damages arising from the breach of the agreement by the vendor that does not exceed \$20,000."

The Act provides that benefits received by a claimant under 14(1)(a) must be offset by any amounts provable under section 14(2) which reads:

"In assessing damages, the Corporation shall take into consideration any benefit, compensation or indemnity payable to the person or owner from any source."

The Tribunal's authority to make an order under the Act is provided by section 16(3) of the Act which states:

"Where a person or owner gives notice in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and may by order direct the Corporation to take such action as the Tribunal considers the Corporation ought to take in accordance with this Act and the regulations, and for such purposes the Tribunal may substitute its opinion for that of the Corporation."

APPLICATION OF LAW TO FACTS:

The Applicants' position is that they paid a deposit for Lot 77, that the transaction did not close due to the vendor's failure to perform the contract due to bankruptcy, and that the Applicants are entitled to return of their deposit under section 14(1)(a) of the Act.

Counsel for the Program argued that the Applicants' claim must be denied on the basis of one

or more of the following arguments. Counsel argued that the Applicants do not have a cause of action, as required by section 14(1)(a), either because they were not ready, willing and able to close, or because they abandoned and are estopped from pursuing that course of action. As to estoppel, counsel argued that the Applicants are estopped from pursuing their claim for the refund of their deposit on Lot 77 (the property that was the subject of the original Agreement of Purchase and Sale) by their first claim for relief for Lot 68 (the second property which was the subject of an attempted amendment to the original APS). If the Applicants have a cause of action, counsel for the Program argued that they should not recover because they suffered no loss, or if they did suffer a loss, it was diminished by the benefits they received from the vendor.

1. Do the Applicants have a cause of action against the vendor?

(a) Were the Applicants ready, willing and able to close?

On the evidence, The Tribunal finds that the home on Lot 77 was not to be completed by the vendor by the closing date. The actions of Mr. Weingarten to have the Applicants move into the home on Lot 68 confirms this. The Applicants were prepared to close that purchase. When that lot was not available, the Applicants were prepared to close the purchase of the house on Lot 68 but were prevented from doing so by the bankruptcy of the vendor or the inability of the trustee to complete the home by the closing date.

(b) Are the Applicants estopped?

Council for the Program argued that the Applicants abandoned and are estopped from their cause of action, and that the Tribunal must therefore dismiss their claim under section 14(1)(a).

The Program takes the position that there was an abandonment of the first APS for Lot 77 with a transfer of the deposit to the new Lot 68, the subject of an amended APS. The Applicants claimed a return of their deposit on Lot 68, as evidenced by their solicitor's letter of March 20, 1998, thereby acting as though there was an abandonment of any rights under the APS for Lot 77. Counsel argued that this extinguished their right to assert a cause of action on the original APS, and Section 14(1)(a) requires such a cause of action before there can be a claim for compensation.

The Applicants take the position that any activity subsequent to the original APS is irrelevant to their claim under 14(1)(a) unless it can be shown that such activities take them outside of the section. They only claimed under Lot 68 as they believed an enforceable contract was in existence. As there was not, the Tribunal should view the claim as though the APS for Lot 77 remained in force.

The Tribunal finds that the Applicants first claimed the return of the deposit for Lot 68 believing that after they signed the amended APS it had been executed by the vendor, that the \$20,000 deposit had been applied to the new Lot 68 property, and that the original APS was

superceded. However, there was no acceptance of the amended APS by the vendor, through lack of legal capacity or otherwise. As there was no new contract, there was no alteration in the legal relationship created by the original APS.

The following cases were put before the Tribunal for assistance.

In the case of *Re Tudale Explorations Ltd and Bruce et al.* 20 O.R. (2d) 593, cited by the Program, an appeal was brought against an order of the Mining and Lands Commissioner of Ontario holding that certain mining claims were vested in the Respondent Tudale. The Appellant, Teck Mining Group, by written agreement with Tudale had been granted the right and option for three years to explore and develop certain claims. Under the agreement, all modifications had to be in writing and the option had to be exercised within three years. It was accepted as evidence that a telephone conversation had taken place between the principals of the two companies subsequent to the signing of the contract regarding an extension of time for the exercise of the option. The details of the extension were not put in writing as required by the contract. There was no agreement as to the exact length of time of the extension. There was conduct, however, showing an intention to allow a yet to be determined amendment to the original agreement. The Respondent took the position that this subsequent conduct was not sufficient to prohibit him from insisting upon his rights under the signed contract. Teck purported to exercise the option, and in opposition Tudale applied to the Commissioner for an order vesting the claims in it. The Commissioner held for Tudale rejecting Teck's argument that the promises subsequent to the original contract were relied upon to its detriment and that Tudale was estopped from relying upon the original terms. The Court on appeal held that Tudale could not insist upon the terms of the original contract being enforceable. Grange J quoted from Snell's Principles of Equity 27th ed. (1973), p.563 to elucidate what he believed to be the rule of promissory estoppel.

"Where by his words or conduct one party to a transaction makes to the other an unambiguous promise or assurance which is intended to affect the legal relations between them (whether contractual or otherwise), and the other party acts upon it, altering his position to his detriment, the party making the promise or assurance will not be permitted to act inconsistently with it."

Wauchope v Maida et al [1972] 1 O.R. 27 dealt with an oral agreement to alter the original terms of a written agreement. The Appellants were the owners of a property which they had agreed to sell to the plaintiff pursuant to a written agreement. The contract stated that the purchaser would assume a mortgage bearing an interest rate of 10%. On receipt of the statement of adjustments the purchaser and her solicitor discovered that a mortgage had been arranged by the vendor as called for in the agreement but at 10½% not 10%. Discussions ensued and the trial judge found as a fact that a new arrangement was entered into orally whereby a new second mortgage for \$9,000 instead of the original \$10,000 would be given back, the \$1,000 difference being compensation for the ½% variation in the first mortgage rate. Despite these negotiations, the plaintiffs at closing insisted that the transaction proceed in accordance with the original agreement of purchase and sale. At trial it was held that the

alteration to the original contract was a mere “waiver” unsupported by consideration and therefore revocable provided notification was given to the defendant before he acted upon the alteration to his detriment. This not being the case, the plaintiff was excused from completing the contract on the amended terms. On appeal it was held that the plaintiff’s position was untenable. The contract was still in an executory state and in such a state a promise can be good consideration for a promise. The variation or “waiver” was therefore not a negotiation unsupported by good and valid consideration. The court continued that although not in writing and therefore offending the *Statute of Frauds*, the variation albeit oral may be used as a defence in an action for breach on the original contract. Thus in an action by the purchasers for the return of their deposit, the defendants can raise the assented to variation as a defence to such a claim. As the Appellants were ready and willing to close the transaction on the altered basis, the Respondent purchaser’s refusal to close on that same basis amounted to a repudiation and a forfeiture of their right to the return of their deposit.

In the case of *Owen Sound Public Library Board Mial Developments Ltd et al* 26 O.R.(2d) 459, the Court of Appeal had to decide when and under what circumstances legal relations between contracting parties are altered when there is evidence that the intention of the parties is to change the nature or extent of the obligations of the parties while the contract is in an executory state. The original agreement called for payment by the owners within 5 days of the issuance of an architect’s certificate authorizing such payment; if the payment was in default past 7 days of such issuance, the contractor was entitled to terminate the contract upon 5 days notice. On the occasion of one such payment authorization, the owner asked the contractor for a formally executed document from a sub contractor backing up the architect’s certificate, and the contractor agreed. The contractor did not secure the document, and when the time for payment elapsed, he attempted to terminate the contract according to its original terms. The owner sued for breach of contract and was denied in the court below and appealed, stating as grounds that the trial judge erred in finding that the intention of the promisor was a prerequisite to the invocation of the doctrine of promissory estoppel. The court was asked to conclude that the contractor’s promise to obtain the documentation requested by the owner was a sufficient basis upon which the owner could reasonably believe that its obligation to forward payment would be in abeyance until the contractor had lived up to his new undertaking. The Court of Appeal in allowing the appeal canvassed a series of cases dealing with the issue of the rights of the parties to contracts in an executory state when on the evidence adduced the terms can be said to have been altered by the conduct of one of the parties. The authorities show that the equitable defence of promissory estoppel has been available and has always centered around the requisite intention of the promisor to actually have agreed to an alteration in the terms of the contract. LaCouriere J. concluded that his review of the authorities shows that while both intention and knowledge are necessary for the operation of the doctrine of promissory estoppel, the intent to alter legal relations does not require direct statements to that effect but may be inferred through the evidence. In the case before him, there was sufficient evidence to show that an experienced contractor giving a promise to obtain a certificate had the requisite knowledge of the relationship for the court to infer that there was an intent to alter the legal relationship, respecting the time limit for authorizing payment.

In the case of *Rock v Foster* [1988] O.J. No. 1784 before Chadwick J., an action for specific performance was brought against the Defendants Foster and Ralroy Corporation. The action was based upon an agreement of purchase and sale dated September 9, 1987 with a closing date of December 18, 1987. On November 20, 1987 Ralroy entered into another agreement of purchase and sale with Horn for the same property at an increased price. The first agreement with Rock was conditional upon both the sale of the Rocks' existing property by December 4th and the Rocks satisfying themselves that a building permit and septic system were possible. Failing either condition, the agreement became void. As well, the agreement contained a stipulation that the vendors could offer the property to others and in the case of a higher offer notify the Rocks by ordinary mail or delivery of the offer, giving the Rocks 72 hours to match the new price and to waive the conditions by notice in writing. Failure to abide by this provision would result in the agreement becoming void and the deposit being returned without interest. The court accepted the evidence of the defendant Foster, the principal shareholder of the vendor Ralroy Corporation as to what the defendant Horn understood to be the conditions attached to the agreement between them, particularly the "escape clause" available to Rock. Foster was not able to deliver the "Notice of New Offer" to Rock until November 22nd. The original form of the Notice contained an expiry date for the exercise of Rock's rights of waiver of 11:59 on November 24, but because of the difficulty in delivering the Notice to Rock the vendor adjusted the time of expiry to 11:59 on November 25. This extension of time granted to Rock was conveyed to Horn. Horn upon this notification did not take issue with the alteration from the original agreement between them. In the morning of November 24, Rock called Foster informing him that the waiver would be exercised and the sale to Rock could proceed. The contract reducing this conversation to writing did not in fact take place until November 25, however the court accepted that the conversation constituted an agreement. Horn's solicitor advised Foster that as the right to waive the conditions was not exercised by 11:59 on November 24th, as stipulated in the original agreement between Rock and Foster(Ralroy), he was registering a *lis pendens* against the property. The Rocks were at all times ready willing and able to close. The Trial judge, on the basis of Foster's conversation with Horn as to the new arrangement with Rock, extending the 72 hour requirement from that set forth in the original agreement, found that Horn understood there to have been such a change and that he did not object to it. The Court also accepted the evidence of Foster that this lack of objection convinced him that it was not necessary to advise the Rocks to give them a chance to act within the originally agreed upon allotted time to exercise their waiver rights. This lack of objection by Horn was enough in the Court's mind to create a reasonable belief in Foster's mind that Horn had accepted the new time limit thereby creating an estoppel to Horn's insistence upon the original time.

The Tribunal was also referred to the case of *Robichaud v Caisse Populaire de Pokemouche Ltée*. 69D.L.R. (4th) 589. In 1983 the Caisse obtained a judgment against Robichaud in the amount of \$3,887. As well the Royal Bank brought an action against Robichaud claiming \$10,000. Mr. Robichaud informed his creditors of his financial difficulties and that he was contemplating bankruptcy. The bank and the Caisse both agreed to settle their claims against Robichaud for \$1,000 each. The Caisse through its manager confirmed the arrangement in writing. Subsequently, the Caisse's board refused to ratify the arrangement. The plaintiff

brought suit to enforce the agreement made between himself and the Caisse. The legal position taken at trial by the Caisse was that the bargain struck with the plaintiff was void for lack of consideration. The Trial Judge agreed. On appeal, the appeal court reasoned that even if the law did not permit the extinguishment of a debt for less than the amount owed, the doctrine of estoppel can be invoked. The evidence before the trial judge was that after receiving the assurance from the Caisse, the plaintiff rearranged his financial situation by hiring lawyers and mortgaging the matrimonial home. In the appeal court's opinion Robichaud had suffered the requisite detriment flowing from the promise of the promisor (the Caisse), and Rice JA held that :

..."If the principle of promissory estoppel could be invoked successfully as ground of defence in an action by the Caisse Populaire against the appellant, then considering the relations between them, to refuse its application on the pretext that it is not invoked as grounds of defence is, in my opinion untenable, and contrary to the principles of equity on which the doctrine is based. In the case at bar the appellant is merely asking that the Caisse Populaire respect the promise that it made to him and upon which he relied to his detriment"

From the foregoing court decisions, it is clear that estoppel is dependent upon the intent of the parties to effect a change in their legal relationship. In the matter now before this Tribunal, there is a mistaken belief in one party to an agreement that an alteration in the legal relationship between them had occurred. There was no alteration due to the legal incapacity of one of the parties.

In argument, counsel for the Applicants directed the Tribunal to the Reasons in the Program's Decision Letter dealing with the Applicants' claim for return of deposit on Lot 68 (the first claim). The Program refused the claim because no signed Agreement of Purchase and Sale was produced on which to ground a cause of action by the Applicants against the vendor, Enchanted Homes, under section 14(1)(a). The Reasons explained that there was a signed Agreement of Purchase and Sale for lot 77 but not a change to Lot 68. There was no disagreement that section 14(1)(a) does not operate without a breach of a duly signed APS giving rise to a cause of action through bankruptcy or failure to perform.

The evidence was that the Decision Letter dealing with Lot 68 was sent by registered mail on June 18, 1998 to the Applicants' solicitors. Future correspondence from those solicitors indicates that the Program's decision was received orally by their firm and a copy of the undated letter was forwarded to the Applicants' solicitors. A plain reading of this decision would have led the recipient to believe that it was Lot 77 that had to form the basis of a claim for return of deposit and that any claim against Lot 68 was invalid for want of a contractual nexus between vendor and purchaser. The Applicants took the further position that an appeal under the Act with regard to Lot 68 was not in order as the Program had informed them that their claim for return of deposit had been made on the wrong property. The Tribunal sees this as a reasonable interpretation. To come within the bounds of the Act, the return of deposit claim would have to be in relation to Lot 77 the property covenanted for under the signed APS.

Counsel for the Applicants also argued that it was not appropriate for the Program to deny the claim for deposit with regard to Lot 77, on the basis of an estoppel created by an ineffective attempt to amend the agreement of purchase and sale. The Program indicated that the APS for lot 77 was properly executed in its original Decision Letter. The Applicants' belief that the APS was amended to Lot 68 was incorrect, their attempt to claim against Lot 68 was to no effect, and the Program considered a claim against Lot 68 to be of no effect. Accordingly, the Program was not prejudiced by the Applicants' claim respecting Lot 68.

The Applicants' counsel also submitted that section 14(1)(a) of the Act does not require a purchaser ready willing and able to close. The Act requires a bankrupt registrant vendor. If there is no possibility of a successful closing of a real estate transaction under an agreement of purchase and sale due to the bankruptcy of the party responsible for building the home, then whether or not the purchaser is ready to close is of no relevance.

On the issue of estoppel raised by the Program, counsel argued that the doctrine should not be used to create a dilemma. If there was a contract through negotiations for Lot 77, there was no ability for the Vendor to close. If there was no new contract, there was no abandonment of the original. There may have been an attempt to change the contract, but that attempt came to nothing. It can hardly be said that the Program altered its position due to the actions of the Applicants, thereby giving rise to an estoppel if the Program assumed that due to legal incapacity no legal position was altered.

The most that could be drawn from the evidence for the benefit of the vendor is that the Applicants were willing to purchase the Lot 68 property from the vendor instead of Lot 77. Any thought that the vendor might have that the sale of Lot 77 property was revoked by the Applicants was dependent on the vendor's substitution of Lot 68 for Lot 77. Any such intention that was made orally by Mr. Weingarten must be implied to be on the condition that the Applicants bought the Lot 68 property. Lot 77 was not replaced by Lot 68. Accordingly, the Tribunal finds no intention of the parties that supports the Applicants being estopped in their cause of action against the vendor for damages for failure to close the sale of the Lot 77 property.

2. Have the Applicants suffered a loss?

On the issue of the payment of the deposit by the Applicant's employer and not Mrs. Valiant in her own name, the Tribunal accepts the evidence of Mrs. Cox from Royal Insurance that as an employee Mrs. Valiant owed the deposit amount of \$20,000 to the company. That being the case, the amount can form the basis of a claim for return of deposit.

As to the Applicants' loss being offset by rent under the rental agreement, the only evidence before the Tribunal is that the rental property remained in a state of disrepair despite promises to the contrary. The Applicants accordingly paid \$800.00 as rent as their estimate of what a fair bargain should be in the absence of the agreed upon repairs. The Tribunal accepts that

\$800.00 is the appropriate rent to be paid and that the Applicants did not receive a benefit under the rental arrangement that would reduce their claim for return of their deposit.

The Tribunal finds that at there was a valid contract for the purchase of Lot 77 by the Applicants and that the failure of the vendor through bankruptcy to perform that contract gives rise to the "cause of action" required by section 14(1)(a) of the Act for which the Applicants are entitled to their deposit of \$20,000.00.

DECISION:

Therefore, pursuant to the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to allow the Applicants' claim for deposit monies in the amount of \$20,000 without reduction.

LICENCE APPEAL TRIBUNAL

William McIntosh, Vice-Chair

RELEASED: March 8, 2002

HARDCASTLE

STEPHEN AND PAULA HARDCASTLE

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE ONTARIO NEW
HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: WILLIAM MCINTOSH, Vice Chair presiding
KENNETH KOPROWSKI, Vice Chair

APPEARANCES: STEPHEN AND PAULA HARDCASTLE, Applicants
KAREN JONES, Counsel, Ontario New Home Warranty Program

DATES: July 26 and 27, and September 19 and 20, 2001 Sudbury

REASONS AND DECISION

BACKGROUND:

This matter comes before the tribunal by way of a Notice of Appeal filed by Stephen and Paula Hardcastle ("the Applicants") pursuant to the right of Appeal granted to the Applicants by section 16(2) of the *Ontario New Home Warranties Plan Act* R.S.O. 1990 chapter 31 ("the Act"). The Appeal is from a decision of the Respondent, the Ontario New Home Warranty Program ("the Program") contained in its Decision Letter issued on February 26, 2001 denying the Applicants' claim under the Act.

The Applicants bought their new home pursuant to an agreement of Purchase and Sale dated August 29, 1993 and took possession on November 15, 1993. The Applicants' complaints were directed to the builder and to the Program over several years. Most of the complaints were corrected. One exception was the problem with condensation, at times turning to ice on the interior surface of the exterior panes of the upper level windows of the house when the outside air temperature fell below -9 degrees C. It is this remaining complaint which forms the basis of this Appeal.

The position of the Program is set out in the decision letter as follows:

"The windows are installed in a workmanlike manner and are free from defects

in materials, the home is fit for habitation, there is no Ontario Building Code violation from which the owner has suffered damages, and this is not a major structural defect as defined by the *Ontario New Home Warranties Plan Act*.

The Applicants' position is that the Program is incorrect for the reasons set out in their Notice of Appeal:

1. Outer slider windows freezing shut; two year warranty item. The inability to open in the event of a fire for example, is a violation of the Ontario Building Code health and safety provisions.
2. Replacement weather stripping no longer stays in place; reported within one year of replacement.
3. Outer slider windows freezing shut. One year warranty excludes humidity problems within one year due to ONWP documents stating house drying out.
4. Outer slider windows freezing/frosting. Health and safety issues- unable to provide ventilation and restricts light.

ISSUE:

Is the complaint of persistent condensation and ice build up under the conditions described by the Applicants on the home's windows a breach of warranty under the Act?

THE EVIDENCE:

The Applicant, Mr. Hardcastle, described the history of the claim. His testimony was supplemented by photographs and a screen presentation. He testified as the homeowner and not as an expert although he stated that he held a PhD in environmental engineering with a specialty in ventilation. This was in fact the area of his employment at the mining company for which he worked.

The municipality's Certificate of Occupancy was signed on November 11, 1993. The house was described as a four level split.

From the outset of his occupancy, the Applicant testified that he noted condensation and freezing on some of the sliding aluminum windows when the outside air temperature reached around minus 9 degrees C. This could, during some winters, persist for a week or two. It also resulted in difficulty opening the slider portion of the windows to the outside. The window's construction consists of 4 panes, 3 sliders and one fixed. The Applicant stated that he was not overly concerned about the problem at the outset of the occupancy having been told that the problem would abate with the normal drying of the house during the first year after construction. After the first year, however, the problem did not abate, and in July of 1995 it was formally brought to the attention of the Program in a letter from the Applicants.

Some construction difficulties were identified as adding to the problem, such as, an

inoperative vent to the outside and a leaking range exhaust system.

To answer ongoing complaints each winter about the problem, a testing regime was established to see if air flow was the problem. As well, the weather stripping was replaced but with still no appreciable improvement. The Applicants then installed a heat recovery ventilator (HRV) which lessened the problem, but according to the Applicants there remained ice formation on the interior surface of the exterior pane during cold weather. It was this ice build up that the Applicants insist is a breach of the Ontario Building Code (the "Code") as it prevents easy opening of the slider to provide an escape route in an emergency.

David Hallock testified for the Applicants. Mr. Hallock is a graduate Engineering Technologist. On the basis of his education and his experience in residential construction, the Tribunal accepted him as an expert and allowed him to offer opinion evidence on his examination of the Applicants' home and on the provisions of the Code.

Mr. Hallock had originally been retained to carry out a pre-inspection of the property in 1993.

After receipt of the Program's Decision Letter, Mr. Hallock was again retained to assist the Applicants in the preparation of this Appeal.

Mr. Hallock's work and his findings can be summarized as follows:

1. He first examined the photographs of the condensation on the windows, as there was no direct evidence due to the time of year.
2. He removed the casing on a side of one of the windows to check the quality and integrity of the installation. As well, he removed the panes from the windows to check for problems such as dents, shrinkage or misalignment which if present could account for the problem.
3. He checked the ventilation available in the home.
4. He checked the Agreement of Purchase and Sale to confirm that the agreed upon windows had been installed. The Agreement contained the following clause:

"All windows are thermo pane and thermally broken aluminum casement and slides as per window schedule in building plan"

Mr. Hallock concluded from his inspection that the windows had been installed properly and were constructed of thermally broken aluminum frames as required.

He also testified that from his experience the windows were "low end" and more suitable for a laundry room than a bedroom.

Further, he stated that if the slider windows can not be opened when ice has formed as described by the Applicants, then the windows can not meet the Code requirements for building egress.

Mr. Hallock's essential conclusion from his observations was that excess moisture would have been the result of one or more of improper installation, excessive amounts of interior relative humidity, or improper design for the environment into which the windows were to be put in service. As there appeared to be nothing wrong with the first two, he concluded that the problem must lie in the window's design. When asked about the amount of interior moisture or relative humidity in the house being a problem, he replied in the affirmative, cautioning that the Code is usually conservative. For example, if the homeowners ran an unusual number of hot showers on cold days there would, of course, be condensation build up.

The Plans submitted to the municipality to obtain the Building Permit have a notation to the effect that the 1993 Code requirements were to be incorporated into the house. Mr. Hallock presumed that these would have to be met since the Building Permit was issued in the summer of that year. The item in question was the mandatory installation of a mechanical ventilator. The device was in fact installed sometime later. The dispute that arose was whether this device was covered by the transitional rules of the Code (Part 12) giving a grace period for contractors from the new requirements. Later evidence showed that the transition rules were in effect for the house in the present case, and the mechanical ventilator was not a requirement given the date of the issuance of the Building Permit.

Mr. Hallock agreed with the descriptions of window types and their operation as well as their testing. He agreed that the home's windows were "sliders" and to accommodate the slider mechanism there is a larger gap between the panes and therefore less thermal efficiency than with a non-slider thermal window.

He agreed that there were four essential standards applied to windows, namely: air leakage, water penetration, wind tolerance and proper glazing. He could not comment on whether these standards had or had not been met in the present case. Accordingly, he could not state whether there had been a Building Code violation of these standards.

The Tribunal summarizes Mr. Hallock's testimony as follows:

1. The installation of the windows showed no signs of poor workmanship.
2. The windows were in good shape, for a seven year installation.
3. He relied upon photographic not actual evidence of the condensation.
4. There was a visible sign of water damage such as mold formation.
5. He could not say the materials in the window installation violated the Code.
6. From the above, he concluded that the condensation and the attendant problems must lie in the window's design.

Mr. Zygmunt Zuckelkowski testified on behalf of the Program. He submitted his qualifications and report. His ability to offer expert testimony was based on the following:

1. He holds a masters degree in construction from the University of Posnan in Poland.

2. Since 1999 has had his own consulting business, testing for and advising window manufacturers.
3. His prior employment involved conformity testing for building interiors or “envelopes”.

He testified that since 1987 he has been involved in the testing of thousands of windows for the home building industry. He identified the windows in question as being manufactured by Toro and known as Thermal Broken, Aluminum Frame with Aluminum extrusion. The frames of the windows consist of an exterior extrusion, a thermal break and an interior extrusion. The interior sash creates the air barrier and has a heavier weather stripping to block air movement than the exterior sash which has a pile stripping that allows for certain air movement. The thermal break is installed in the frame to prevent heat loss. The frame is the part of the window installation that abuts the sash.

Mr. Zuckulkowski stated that these windows are installed throughout Canada including Northern Ontario and that they meet Building Code requirements. They were known in the business as a “good performing window”. He took issue with Mr. Hallock’s description of them as being low end.

Mr. Zuckulkowski was asked to perform certain tests to confirm whether the windows met the required standards. The standards are laid out in the Code:

“Window Standard. Windows shall conform with CAN/CSA-A440-M, ‘windows’ and shall meet at least a classification of A1 for air leakage, B1 for water leakage, and C1 for wind load resistance in CAN/CSA –A440-M.”

Specific to bedroom windows, the Code requires the following:

At least one outside window that can be opened from the inside without the use of tools.

When sliding windows are used the minimum dimension described in sentence one (3.8 sq ft) apply to the openable portion of the window.

He agreed with Mr. Hallock that the gap between the panes was 1 1/2 inches to accommodate the sliders as compared with the 1/2 to 5/8 gap in non-sliding window assemblies.

His tests results were reported on October 1, 1998. He found:

1. Air tightness: there are three levels of air tightness ranging from A1 the lowest performing to A3 the highest performance with the least apparent leakage. The Applicant’s windows tested A2. The testing protocol involved the measurement of a given quantity of air over a given time with a fixed pressure differential across the window assembly.
2. Water tightness: as with air infiltration, there is a scale of quality below which the

degree of water infiltration would be unacceptable for Code standards. The range for this parameter of quality was from B1 to B7. The Applicant's windows tested B3. The testing protocol involved the measurement over time at varying pressure differentials of a quantity of water to see if there was penetration.

He stated in his report that in response to the complaint of excessive condensation on the interior face of the exterior sash panel ... "the test window passed A2 and B3 ratings for air and water tightness and consequently met the performance criteria for the Sudbury area..."

He went on to state:

Possibly the thermal break is being by-passed due to the fact that the window is on the outside of the wall assembly thereby exposing the frame's interior section to the cold air cavity behind the siding.

The Applicant when given these results replied that:

1. The tests were invalid due to the improper calibration of the instruments.
2. A reduction in the interior relative humidity from the 30 to 35% to below 25% to help alleviate the problem would put the house at an acceptable comfort level.
3. The minimum dimensions of the window opening do not meet the Code when freezing occurs.
4. The thermal break was being bypassed due to the frame's interior section being exposed to the cold air cavity behind the siding.

The last point was amplified in testimony by Mr. Zuckulkowski. He stated that such thermal bridging was not occurring as it would have been evidenced by condensation on the inner panel or pane. The evidence was that the installation of the ventilation system did away with the condensation on the inner windows leaving the condensation on the interior surface of the exterior pane as the problem. On the issue of calibration, he stated that if the dates for calibration of the equipment had passed, there would not have been any significant difference in the results. If totally unexpected test results had occurred, the technician would have checked the instruments calibration.

Mr. Zuckulkowski concluded that there will always be some condensation on Northern Ontario windows in very cold weather. The Code does not contain condensation criteria. It is simply a fact of northern climates that water vapour in the interior air of homes will condense on window panes if the outside air temperature lowers the surface temperature of window panes low enough. The problem will be exacerbated the higher the interior relative humidity and the lower the outside temperature. As the latter can not be controlled, it is incumbent upon the homeowner to regulate the former. The problem can be further alleviated by ensuring air flow around the window is not impeded and proper house ventilation is maintained. Proper ventilation is enhanced by ensuring the system is balanced to ensure not too great a pressure differential over the window and therefore too great an air flow. Slightly opening the window

when very cold weather approaches can help, but this adds to fuel costs. It is necessary for the homeowner to be aware of the weather as it takes about 48 hours to stabilize the differential between the outside and inside air pressures.

Dennis Faubert also testified on behalf of the Program. Mr. Faubert is a warranty representative for the Program. Prior to his present position, he was a building inspector for 13 years. In these capacities he stated that he had inspected hundreds of homes for various reasons including ensuring compliance with the Code. His responsibility in circumstances such as the case before the Tribunal is to do an inspection in response to a complaint and then to inform the homeowner if the Program is of the opinion that there is a warrantable claim.

Mr. Faubert's inspection confirmed that the windows installed in the home were as described in the Agreement of Purchase and Sale. The description in the agreement reads: "...all windows are thermo pane and thermally broken aluminum casement and slides as per window schedule in building plan". There were similar windows in the kitchen and recreation room, but he confirmed that it was the upper floor windows which had the condensation problem.

Mr. Faubert is the author of the Conciliation Inspection Report dated February 22, 2001. He notes in his report that the date of possession was November 15, 1993. Also, a heat exchanger was installed subsequent to possession, resulting in an abatement of the condensation problem.

Mr. Faubert carried out his inspection pursuant to the 1990 version of the Code as the 1993 amendments were not in force. He explained that section 12 of the Code allows for a grace or transition period before the amendments became mandatory. In this case the effective date of the amendments was subsequent to the issuance of the Building Permit. He said that any notations to the contrary on the Building Plans would have been made without authority. The amendment required that a venting system be part of the required construction. In any event, a venting system was subsequently installed and did help the problem.

The Code sections pointed out by Mr. Faubert were:

2.2.1.1 All materials, appliances, systems and equipment installed to meet the requirements of this code shall possess the necessary characteristics to perform their intended functions when installed in a building

9.7.1.3 Bedroom Windows:

Every floor level containing bedrooms in a suite shall be provided with:

- (a) at least one outside bedroom window that can be opened to the outside without the use of tools, and
- (b) each window shall provide an individual unobstructed open portion having a minimum of 3.8 square feet

Mr. Faubert referred to section 9.9.2.4 of the Code to counter the suggestion by the Applicants that the freezing of the windows and the consequent inability to open them breached the “egress” requirements of the Code. The section reads:

- (1) Except as permitted in sentence 2 elevators, slides, escapes or windows shall not be considered as being a required means of egress(Sentence 2 deals with mercantile occupancy)

It was the conclusion of Mr. Faubert from his inspection that:

1. There were no breaches of the Building Code.
2. There no defects in workmanship. A fact confirmed by Mr. Hallock.
3. The windows were not an illegal substitution from an obligation under the Agreement of Purchase and Sale and therefore was not a breach of Regulation 892.

He testified that what was being complained of was the design of the windows themselves.

On the basis of the evidence presented, the Tribunal finds the following facts to have been established:

1. There was a build up of condensation on the upper floor windows when the outside temperature dropped to approximately minus 9 degrees Celsius. For certain periods during the winter months this could result in ice formation on the interior surface of the exterior panes resulting in difficulty in opening the sliding parts of the window assemblies.
2. The Applicants kept the relative humidity in their home at between 30 and 35% which though higher than ideal to reduce the problem was maintained for reasons of comfort. As the source of the water vapour for the condensation is the interior air of the home, the higher the moisture content of that air the more the likelihood of condensation.
3. The installation of a ventilation system in the home resulted in an abatement of the problem.
4. The installation of the windows was workmanlike with no causal connection to the Applicants complaint.
5. There was no substitution of an inferior grade of window to that agreed upon in the Agreement of Purchase and Sale.
6. The windows installed in the Applicants' home were tested and approved for use under the Ontario Building Code.

THE LAW:

To establish their claim for compensation under the *Ontario New Home Warranties Plan Act*, the Applicants must satisfy certain requirements.

Section 14(1)(b) of the Act states:

Where, ...

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty; ...

the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulation.

Section 13 contains the warranty protection available to the Applicant homebuyers. It states:

13. (1) Every vendor of a home warrants to the owner,

(a) that the home,

(i) is constructed in a workmanlike manner and is free from defects in material,

(ii) is fit for habitation, and

(iii) is constructed in accordance with the Ontario Building Code;

Section 13(2) also contains exclusions from warranty protection. The relevant subsections read:

(2) A warranty under subsection (1) does not apply in respect of, ...

(e) damage caused by dampness or condensation due to failure by the owner to maintain adequate ventilation;

(f) damage resulting from improper maintenance;

Section 15 of Regulation 892 refers to the applicability of the Code. It provides:

15(2) Every vendor of a new home warrants to the owner,

(d) that the home is free from violations of the Ontario Building Code regulations under which the building permit was issued, affecting health and safety, including but not limited to fire safety, insulation, air and vapour barriers, ventilation, heating and structural adequacy; ...

The issue of substitutions of items agreed upon under the Agreement of Purchase and Sale is

dealt with in Regulation 892 section 19. It reads:

892(19) Every vendor of a new home warrants to the purchaser that, where the vendor makes a substitution with respect to an item that is referred to in the purchase agreement that is not an item that is to be selected by the purchaser, the item will be of equal or better quality than the item referred to in the purchase agreement.

CASES:

Several cases were referred to the Tribunal. In the case of *Maycock* (1994) 26 C.R.A.T. 439 the owner had complained of excessive amounts of condensation forming in the home even when the weather was warm and dry. The warranty representative found from his investigation that the home was well insulated. He also found the humidifier was kept running. He concluded that in well insulated modern homes a sufficient flow of ventilated air must be maintained and that a lower interior humidity must be maintained in given conditions. The Tribunal found that the homeowner's solution to high humidity in the home was to ensure proper ventilation and to turn off the humidifier when a high level of humidity existed in the home.

In the case of *Szymczakowska* (1997) C.R.A.T. (released December 4, 1997) the Tribunal had to decide whether moisture build up in a new home was the result of improper home maintenance or poor construction. The homeowner had not properly vented the dryer, resulting in a high interior relative humidity. It was a situation where the relative humidity was such that the house could not properly vent itself. If the prevailing ambient conditions allowed for the water vapour in the interior air to condense, the Tribunal found that the homeowner must maintain adequate ventilation to reduce that condensation.

In the case of *Chinnery and Jenkins* (1995) 27 C.R.A.T. 359 the Tribunal had to decide whether a condensation build up was the result of poor workmanship or the failure of the owner to maintain proper ventilation as excluded by section 13(2)(e) of the Act. The Tribunal found that the Applicants failed to show that the condensation was the result of poor workmanship. Instead, the Tribunal found that the more plausible explanation was failure to maintain adequate ventilation and the Applicants' claim respecting condensation was dismissed.

APPLICATION OF LAW TO FACTS:

The Applicants have the burden of showing that they have a cause of action under 14(1)(b) and that there has been a breach of warranty under the Act that is not excluded under 13(2)(e) or (f).

The Tribunal accepts the evidence of Mr. Hardcastle that condensation formed on the interior

surface of the exterior panes of the upper floor slider window assemblies installed in his new home when the outside air temperature fell below minus 9 degrees C. The higher the interior relative humidity and the lower the outside temperature, the more severe the condensation problem. The Tribunal also accepts the evidence that after the installation of a ventilation system the problem abated.

There was no independent verification of the complaint due to the lack of testing during the necessary ambient conditions under which the condensation occurred. However, the Applicants did produce photographs, and the Tribunal accepts the fact that for varying periods of up to two weeks each winter the ice build up on the windows could impede the opening of the slider portion. The Tribunal also accepts the expert testimony that the condensation was not the result of poor workmanship in the windows' installation. As well, there was no evidence of any physical damage to the structure of the window assembly requiring repair. The sole complaint is the condensation on the exterior window panes.

It was the position of the Applicant that in the absence of evidence of poor workmanship, the problem must lie with the design of the window. That is, windows that allow such condensation must not be suitable for installation in the Sudbury area and by extension must be below the requirements of the Code. Alternatively, the Applicants submitted that the requirements of the Code are inadequate. On either of these bases, the Applicants argued that the Tribunal should find a breach of warranty to have occurred under section 13(1)(a)(iii) of the Act.

The Program argued that the Applicants have not shown a breach of warranty and have no cause of action under section 14(1)(b). Any non compliance with the Code must be shown on the preponderance of the evidence. It can not be presumed. And in any event the ongoing problem with condensation is more consistent with the acts or omissions of the Applicants themselves thereby bringing into effect the exclusions from the warranties set out in section 13(2)(e) and (f).

The Program asserted that the evidence best supports a conclusion that the windows met the requirements of the Code. In the absence of a cause and effect grounded on poor workmanship or other bases the condensation most probably resulted from the improper maintenance of the home, more particularly too high a relative humidity with poor interior air movement. The solution lay in lowering the relative humidity when the outside air temperature dipped. The relative humidity level of 30 to 35% maintained by the Applicants was bound to result in condensation at low temperatures. While less relative humidity in the home during periods of low temperatures produces a home environment less than desirable from the Applicants point of view, the expectation of an ideal comfort level under all ambient conditions is simply an unreasonable expectation in northern climates. The Code is there to impose on builders reasonable industry standards within available technology. A home free of condensation during northern Ontario winters is not such a reasonable standard.

Failing sufficient proof that the window assemblies fall short of Code requirements, the Program submitted that the Applicants' complaints do not fall within the warranty provisions of

the Act.

As well, the Program asserted that the Applicants' claim that the provisions of the Code themselves are inadequate is beyond the jurisdiction of the Tribunal to determine.

The first matter to be dealt with is the design of the windows. The Applicants asserted that the faulty design of the window led to the build-up of condensation. The Tribunal may consider the design of the window as it does or does not conform to the requirements of the Code. The Tribunal has no jurisdiction to rule on the question whether the design approved by the Code is appropriate.

Secondly, the Tribunal finds that the windows as installed were those bargained for in the Agreement of Purchase and Sale which stipulated "...All windows are Thermo pane and thermally broken aluminum casement and slides as per window schedule in the building plan." From the evidence the Tribunal can not conclude there was a violation of Section 19 of Regulation 892 which deals with unauthorized substitutions.

The Tribunal finds that the builder complied with the correct version of the Code at the time of construction. As explained in the evidence the Building Permit was issued in the summer of 1993 and the 1993 amendments to the Code became mandatory after September of that year.

On the evidence, the Tribunal find that the Applicants have not established a breach of warranty under the *Ontario New Home Warranties Plan Act*.

DECISION:

Pursuant to the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act* the Tribunal directs the Program to disallow the Applicants claim under the Act.

LICENCE APPEAL TRIBUNAL

William McIntosh,
Vice-Chair, presiding

Kenneth Koprowski,
Vice-Chair

RELEASED: March 11, 2002

SINGH, GURNEK o/a SARWAN AUTO SALES

GURNEK SINGH o/a SARWAN AUTO SALES

MOTION TO CONSIDER A STAY OF AN ORDER OF THE
LICENCE APPEAL TRIBUNAL

TRIBUNAL: JOHN ORT, Member

APPEARANCES: ARIF RAZA, Counsel, representing the Applicant
MICHAEL ROTHE, Counsel, representing the
Registrar, the *Motor Vehicle Dealers Act*

DATE OF HEARING: March 15, 2002 Toronto

REASONS FOR RULING

BACKGROUND:

Gurnek Singh (the "Applicant") brings a motion to the Licence Appeal Tribunal (the "Tribunal") for a stay of the decision of the Tribunal released November 19, 2001, (the "Decision"). The Tribunal's Decision directs the Registrar under the *Motor Vehicle Dealers Act* (the "Act" and the "Respondent", respectively) to carry out his proposal dated January 23, 2001, to revoke the registration of Gurnek Singh o/a Sarwan Auto Sales as a motor vehicle dealer under the Act.

The grounds for the motion are:

1. The Applicant has made an Appeal to the Divisional Court of the Superior Court of Justice against a decision of the Order of the Licensing Appeal Tribunal released November 19, 2001.
2. There is a serious issue to be decided by the Appellate Court.
3. If a stay is not granted, the Applicant would suffer demonstrable and unusual hardship.
4. Granting a stay would not prejudice the Respondent whereas compliance with the Order appealed against would cause irreparable harm to the Applicant, and the Panel should consider the balance of convenience in favour of the Applicant.
5. There is no statutory provision prohibiting the granting of a stay pending appeal with the Divisional Court.

6. Such further and other grounds that counsel may advise and the Panel may permit.

The grounds for the appeal to the Divisional Court of the Superior Court of Justice are:

1. The Tribunal erred in finding that the Appellant's conduct is inconsistent with the intention and objectives of the *Motor Vehicle Dealers Act*.
2. The Tribunal erred in finding that the Appellant would not be financially responsible in the conduct of the business in accordance with the law and with integrity and honesty.
3. The Tribunal's decision was contrary to the evidence and the weight of that evidence.
4. Such further and other grounds as this honourable Court may allow.

ISSUE:

Should the Tribunal grant a stay until disposition of the appeal?

FACTS:

TESTIMONY OF GURNEK SINGH:

Mr. Singh testified that he understood the contents of his affidavits dated February 19, 2002, and February 22, 2002, filed as exhibits 4 and 5 respectively, that the contents of the affidavits were true and correct and that they are still correct.

Mr. Singh also stated that from May 2001 to November 19, 2001, he satisfied all the undertakings set out in exhibit 9 that he gave to the Respondent concerning the conduct of his business as a motor vehicle dealer.

LAW:

Section 7(9) of the *Motor Vehicle Dealers Act* states:

"Although a registrant appeals from an order of the Tribunal under section 11 of the *Ministry of Consumer and Commercial Relations Act*, the order takes effect immediately, but the Tribunal may grant a stay until disposition of the appeal."

RJR-Macdonald Inc. v. Canada (Attorney General), (1994) 111 D.L.R. (4th) 385, (S.C.C.), sets out a three-part test that must be satisfied for a stay to be granted:

1. A preliminary assessment must be made of the merits of the appeal to ensure that there is a serious question to be tried.

2. It must be determined whether the Applicant would suffer irreparable harm if the application were refused.

3. An assessment must be made as to which of the parties would suffer greater harm from the granting or refusal of the remedy pending a decision.

APPLICATION OF LAW TO FACTS:

Section 7(9) of the Act states in part that an order of the Tribunal takes effect immediately, but the Tribunal may grant a stay. Counsel for both parties agreed that the three-part test set out in RJR-Macdonald Inc. v. Canada (Attorney General) applies to the motion and must be satisfied for the Applicant to succeed.

Part 1 of test in RJR-Macdonald Inc. v. Canada (Attorney General)

Counsel for the Applicant argued that the Decision is based on unsubstantiated allegations contrary to the evidence submitted and referred to the following passage on page 13 of the Decision: "The second charge of conspiracy to commit a crime under section 465(1)(c) of the Code and Singh's plea of guilty and consequent conviction together with Constable Scerbovic's evidence that Singh was the leader of the conspiracy itself and the nature of the conspiracy leads the Tribunal to the conclusion that he not only planned criminal acts but caused such acts to be carried out." Counsel for the Applicant submitted that there is a justiciable question, a serious question to be tried, whether such evidence should be admitted and relied upon.

On the other hand, counsel for the Respondent argued that the Decision revokes the registration of Gurnek Singh o/a Sarwan Auto Sales as a motor vehicle dealer under the Act based on fact, not hearsay. Counsel for the Respondent referred to the following on page 13 of the Decision: "Both the convictions and the repeated non-disclosure of such convictions, affords the Registrar reasonable grounds for his belief that Singh will not carry on business in accordance with the law and with integrity and honesty as required by section 5(1)(b) of the Act."

On this motion, the Tribunal finds that there is no serious question to be tried regarding the existence of the convictions of the Applicant Singh and that the Decision properly relied on such convictions in concluding that the past conduct of the Applicant affords to the Respondent reasonable grounds for his belief that the Applicant will not carry on business in accordance with the law and with integrity and honesty as required by section 5(1)(b) of the Act. Accordingly, the Tribunal finds that the Applicant has failed to satisfy the first part of the test in

RJR-Macdonald Inc. v. Canada (Attorney General).

Part 2 of test in RJR-Macdonald Inc. v. Canada (Attorney General)

The Tribunal finds persuasive the following passage quoted by Counsel for the Respondent out of Foster v. Registrar, Motor Vehicle Dealers and Salesmen Act, April 23, 1993, (C.R.A.T.): "In that regard, there is no doubt that Mr. Foster is unable to carry on as a salesman and this is a hardship. But this is a hardship which the Legislature of the Act must have been aware when it drafted the legislation; nevertheless, it saw fit to legislate that the status quo would change, once a judgement was rendered against a registrant by this Tribunal in favour of the Registrar. And the reason for this, presumably, was that after a contested hearing on the merits, it was felt that the greater protection was now owed to the public."

The Tribunal finds that the Applicant's affidavits establish that he would suffer harm, but not irreparable harm, if the application were refused. Accordingly, the Tribunal finds that the Applicant has failed to satisfy the second part of the test in RJR-Macdonald Inc. v. Canada (Attorney General).

Part 3 of test in RJR-Macdonald Inc. v. Canada (Attorney General)

Given that there have been no recent convictions of the Applicant and that the Applicant has recently conducted his business in compliance with the undertakings set out in exhibit 9, the Tribunal finds that there is little danger of harm to the public if the Applicant is granted a stay. On the other hand, the Applicant will obviously suffer harm if the stay is not granted and he is not allowed to continue his business. Accordingly, the Tribunal finds that the Applicant has satisfied the third part of the test in RJR-Macdonald Inc. v. Canada (Attorney General).

In summary, the Tribunal finds that the Applicant has failed to satisfy all parts of the test set out in RJR-Macdonald Inc. v. Canada (Attorney General).

ORDER:

For the reasons set out above, pursuant to the authority vested in it by section 7(9) of the *Motor Vehicle Dealers Act*, the Tribunal dismisses the Applicant's motion for a stay of the Tribunal's decision of November 19, 2001.

ONTARIO HISTORICAL SOCIETY

APPEAL FROM A DECISION OF THE REGISTRAR OF
THE *CEMETERIES ACT* R.S.O CHAPTER C.4 AS
AMENDED

TO CLOSE A CEMETERY

TRIBUNAL: MARJORIE L. HILEY, Vice-Chair

APPEARANCES:

MELISSA BARNETT, Agent, representing the Moving Party, St. Alban's
Anglican Church and Gordon Barr

CATHERINE BRAY, Counsel, representing the Applicant, Ontario
Historical Society

JAMES STEBBING, Counsel, representing the Registrar, *Cemeteries
Act*

DATE OF
MOTION:

March 4, 2002

Toronto

ORDER

BACKGROUND:

This is a motion brought by St. Alban's Anglican Church (the "Diocese") and Gordon Barr. The moving parties are requesting that the Tribunal add them as party respondents to the appeal by the Ontario Historical Society from a decision of the Registrar, *Cemeteries Act (Revised)*, ordering a partial closure of the St. Alban's Cemetery, Palgrave, Ontario. As well, the moving parties are requesting that the Tribunal hold a further prehearing conference.

The Acting Registrar, *Cemeteries Act (Revised)*, by his order dated June 8, 2001, made a decision to partially close the St. Alban's Cemetery in Palgrave Ontario. Notice of this decision was sent to a number of organizations and individuals as specified under section 49 of Regulation 130/92 of the *Cemeteries Act (Revised)*. The Ontario Historical Society by its President filed a Notice of Appeal dated June 29, 2001. There was a prehearing on October 1, 2001 at which time the parties to the hearing were established to be the Registrar, *Cemeteries Act (revised)* and the Ontario Historical Society. Notice of this prehearing

conference was sent to a number of individuals and organizations including the moving parties in September, 2001. In attendance on the date of the prehearing, were counsel for the Registrar and for the Ontario Historical Society. The hearing dates were initially established for February 4 to 8, 2002. Upon consent of the Registrar and the Ontario Historical Society, the hearing was adjourned to the dates of April 22 to 26, 2002. The hearing will be before a three-member panel.

The Tribunal by a notice dated January 4, 2002, sent to Counsel for the Ontario Historical Society, the Registrar, *Cemeteries Act (revised)*, the Anglican Church of the Incorporated Synod of the Diocese of Toronto and Gordon Barr, established the date of March 4, 2002, for the hearing of this motion. All those parties appeared before the Tribunal on March 4, 2002. Argument was confined to written materials filed before the Tribunal and the verbal submissions of Counsel.

ISSUES:

Should the Anglican Church of the Incorporated Synod of the Diocese of Toronto and Gordon Barr be permitted to be added as party respondents?

Should there be a further prehearing for all the party respondents?

ARGUMENT:

Counsel for the Moving Parties:

Counsel stated that the Anglican Diocese and Mr. Gordon Barr wished to be added as parties to this proceeding. It was submitted that the Tribunal has the jurisdiction to add interested parties. Counsel stated that the Anglican Diocese and Gordon Barr are interested parties based on the following grounds: 1. they have a proprietary interest in the subject matter; 2. the ultimate decision by the Tribunal will affect their proprietary interest; and 3. both have been involved in the closure of the cemetery for the past six years and have an abundance of knowledge which would be of interest to the Tribunal in making its decision.

Counsel stated that a further prehearing is required to exchange information, narrow the issues and assist with any resolution of matters in dispute. To date, the moving parties have given information to the Registrar but do not know if that information has been transmitted to the Ontario Historical Society. As well, the moving parties would like the information available to the Registrar and the Ontario Historical Society.

Counsel assisted the Tribunal with a brief history of the action. The Diocese and Mr. Barr had an initial sale agreement for the St. Alban's cemetery and its church and property in 1996. This sales agreement was conditional on closure of the cemetery. In October, 1996, the

Diocese brought an application to the Registrar for closure of the cemetery. Sometime in the fall of 1996, Mr. Barr sought rezoning of the property from the Town of Caledon. In October, 1998, Mr. Barr took title of the property although there had been no decision by the Registrar on the application to close the cemetery. In March, 2000, Mr. Barr sought site plan approval from the Town of Caledon. In January, 2001, it was proposed that there be partial closure of the cemetery with a 25 square foot plot for the graves near Highway 50. In June, 2001, the Registrar ordered the partial closure of the cemetery. The Ontario Historical Society commenced an appeal. There was a prehearing on October 1, 2001, with a hearing to commence in February, 2002. That hearing was adjourned on consent to be held on April 22-26, 2002 before a three-member panel of the Tribunal.

Counsel submitted that the Tribunal has the jurisdiction to add interested parties under section 10 of the *Cemeteries Act*. There is no definition in the Act as to “interested parties”. Under the *Statutory Powers Procedures Act*, section 5 speaks of the parties entitled by law. The rules of procedure of the Tribunal, section 9.2 and 9.3 deal with the prehearing procedures.

Counsel stated that Mr. Barr, on behalf of himself and the Diocese, informed Counsel for the Registrar that they wished to be added as parties. Tab E of Exhibit #6 is a letter dated September 25, 2001, from Counsel for the Registrar to Counsel for the Ontario Historical Society and to this Tribunal, stating that Gordon Barr and his brother Glen Barr expressed their wish to be added as parties to the hearing. As well, Mr. Nemeth, architect for Mr. Barr, by letter dated September 21, 2001 to Counsel for the Registrar, stated that the original applicant wished to attend the prehearing. Counsel stated that the term “original applicant” means the Diocese, which started the original application to the Registrar for closure of the cemetery.

Counsel directed the Tribunal to her factum, in particular the case of Re Royal Commission on the Northern Environment 144 D.L.R. (3d) 416, a case of the Divisional Court dated January 26, 1983. In that case, the Divisional Court had to decide who could be added as parties. The definition under the *Public Inquiries Act*, allowed standing to “any person who satisfies it that he has a substantial and direct interest in the subject matter of the inquiry”. Counsel stated that the threshold under that Act was higher than that under the *Cemeteries Act (Revised)* which just required an “interested party”. Counsel stated that the court looked at three factors: 1. Concrete – the more specific, practical and concrete the subject of the inquiry, the more likely it would be that property rights would be affected. Here there is a specific property owned by Mr. Barr, which would be directly affected. 2. Interest in subject matter – Mr. Barr holds title to the property and the Diocese has a mortgage registered against the property. The Diocese seeks an order from the Registrar. Both Mr. Barr and the Diocese have an interest in the subject matter. They have both been involved for over five years and have vital information to provide to the Tribunal. Their participation is essential if the Tribunal is to adjudicate effectively on the issue. 3. Effect of the Tribunal's decision on the interested parties – the Tribunal's findings have the potential to seriously affect the individuals. The initial agreement of purchase and sale was conditional on an order to close the cemetery. If the order of the Registrar is not upheld, the agreement will not be completed. Mr. Barr will not have his home and the diocese will be left with future responsibilities.

Counsel stated that it is not enough to add Mr. Barr and the Diocese as witnesses as witnesses cannot call evidence or cross examine witness.

Counsel stated that the Ontario Historical Society's opposition is based on two factors, costs and delay. Neither Mr. Barr nor the Diocese wish to add to the costs of the Ontario Historical Society. They must have been contemplated as being witnesses to this proceeding. There will be less work if the diocese and Mr. Barr are allowed to prepare their own case. Both the Diocese and Mr. Barr are able to attend the trial on April 22 to 26, 2002.

At the prehearing conference of October 1, 2002, it was held that interested parties should be added within fifteen days. Counsel for the Registrar in her letter of October 2, 2001 does not mention that time frame.

The notice of motion now before the Tribunal is dated December 10, 2001. The consent of the Registrar is dated October 29, 2001. There were some delays in obtaining guidance on how to approach this motion.

In conclusion, Counsel stated that it is necessary to add the Diocese and Mr. Barr due to their proprietary interests, the direct impact on those interests by the decision of the Tribunal and the need for the Tribunal to adjudicate in a complete fashion. The moving parties have consulted experts and sought planning approvals and that information needs to be before the Tribunal.

Counsel for the Registrar:

Counsel for the Registrar stated that the Registrar has given consent to add Mr. Barr and the Diocese as parties and that a further prehearing prior to the trial would be helpful.

Counsel for the Ontario Historical Society:

Counsel stated there was a conditional agreement of purchase and sale in 1996. In 1998 Mr. Barr bought the property. He was the owner and the Church no longer owned the property. Mr. Barr knew the cemetery was on the property and that the Diocese had started the process with the Registrar and it had been proceeding for several years. He should have known that permission to close the cemetery might not happen, yet he still bought the cemetery. This is different from dealing with proprietary rights. As well, the Church had the property deconsecrated. They have the obligation to remove the bodies unless the order of the Registrar is successfully challenged.

Counsel stated that Reverend Bone says the property had historical and religious significance. But that is not enough of an interest. If Mr. Barr applied to demolish the church structure, the Diocese is not entitled to notice.

Counsel stated that the Tribunal has the discretion to add the Diocese and Mr. Barr, but it should not do so. When one becomes a party, one can cross-examine, call witnesses, and make argument, but the Diocese and Mr. Barr can have meaningful involvement as witnesses. The Registrar will advise the Tribunal on how he came to his decision. There will not be new evidence from the Diocese or Mr. Barr. The statute does not automatically make them parties.

Counsel submitted that the issue at the main hearing involves whether partial closure of the cemetery is in the public interest. Mr. Barr and the Diocese would be repeating evidence and not add anything new. The statute contemplates that the Registrar is responsible for what is in the public interest. Mr. Barr and the Registrar have a private interest.

Counsel stated that the property has been rezoned to village commercial. That means that it can only be residential if part of a commercial development. That goes to the nature of the proprietary interest. The issue is not monetary but what is best for the public interest.

Counsel submitted that there is a difference if a decision affects a benefit than if it affects a right. Here the decision is a denial of a benefit. As well, the nature of the decision must be considered. A policy decision deals with the public interest rather than someone's individual rights. A policy decision has broader implications. Under the regulations, the Ontario Historical Society is one of the parties that is to be given notice if there is an application to close a cemetery.

Counsel stated that the length of the proceeding could be affected if additional parties are included. As well, there are cost concerns. The Ontario Historical Society is a non profit charitable organization. Its input is contemplated by the regulations. A longer hearing would mean more costs to the Ontario Historical Society. As well, there will be additional costs to taxpayers if the hearing is made longer.

Counsel also stated that timing is of significance in this matter. If both the Diocese and Mr. Barr had cared, they could have done something about it long before the date of this motion. They had notice of the Registrar's order of June 8, 2001. They had notice of the appeal by the Ontario Historical Society. They could have appealed then. Indeed, Counsel for the Registrar wrote to the Diocese, Mr. Barr and a number of others by her letter of September 10, 2001 informing them of the prehearing of October 1, 2001. There were a number of documents, including the rules of procedure of the Tribunal, which informs of the times for filing. Counsel for the Registrar informed them that they had to bring a motion as soon as possible after the prehearing of October 1, 2001. They had ample opportunity to appeal or bring a motion.

Counsel stated that the case of Royal Commission on Northern Environment dealt with an inquiry on rights being affected. It can be distinguished from the current matter which deals with benefits being granted. Counsel submitted that this is not specific, practical or concrete. In that case, the public interest was broad based. The Grand Council contained a large number of people and is unlike the current matter.

Counsel submitted that if the Diocese and Mr. Barr were added as parties, there should be a prehearing as soon as possible.

Reply by Counsel for the moving parties:

There could be new information provided by Mr. Barr or the Diocese. She could not say exactly what that information would be at this time. Mr. Barr and the Diocese were not interested in appealing the order of the Registrar but are interested parties under the statute.

LEGISLATION:

The relevant legislation is the *Cemeteries Act (revised)* and its regulations.

Section 8

- (1) In this section and in sections 9, 10, 11, 12, and 13, a reference to a cemetery includes any part of a cemetery.
- (2) The Registrar may order a cemetery closed if the closing is in the public interest.
- (3) An order shall not be made under subsection (2) until.
 - (a) notice of the intention to make the order is given in the manner and to the persons prescribed; and
 - (b) interested persons are given the opportunity to make submissions to the Registrar within such time as is prescribed
- (4) Notice is not required if,
 - (a) the request is from the owner;
 - (b) no interments have been made in the cemetery to be closed; and
 - (c) the consent of all affected interment rights holders has been obtained.

Section 9

- (1) In an order to close a cemetery, the Registrar may,
 - (a) declare a cemetery or a portion thereof closed;
 - (b) require the owner to disinter all human remains therein and specify the manner of disinterment and the manner and place of reintering or dealing with the remains;
 - (c) require the owner to remove any markers and relocate them to a specified place; and
 - (d) require the owner to provide or acquire equivalent interment rights for all holders of interment rights with respect to unused lots in the cemetery.
- (2) In an order to close a cemetery, the Registrar may designate another person to do anything that the owner may be required to do.
- (3) The Registrar shall give every person who made a submission notice of the order and at the same time advise the person of the right of appeal.
- (4) Subject to subsection (5) an order to close a cemetery comes into force thirty days after it is made unless there is an appeal filed before the order comes into force or the order sets out a later date.
- (5) If submissions were made in respect of the order, the order comes into force thirty days after notice has been given to each person who made a submission unless there is an appeal filed before the order comes into force or the order sets out a later date.
- (6) An order that is appealed comes into force upon being upheld by the Tribunal.

Section 10

A person with an interest therein may appeal, to the Tribunal,

- (a) an order to close a cemetery any time before the order comes into force; or
- (b) a refusal to order a cemetery closed.

Ontario Regulation 130/92

Establishing, operating and closing cemeteries and crematoria

Section 49

- (1) For the purposes of clause 8(3) (a) of the Act, an owner who wishes to obtain an order closing a cemetery shall give notice, in accordance with this section, of the owner's intention to apply for the order.
- (2) The notice shall be published,
 - (a) once in *The Ontario Gazette*; and
 - (b) once a week for two consecutive weeks in a newspaper with general circulation in the locality in which the cemetery is located.
- (3) The notice shall be sent by registered mail to,
 - (a) each interment rights holder whose lot is situated in the portion of the cemetery subject to the order, mailed to the rights holder's last address known to the owner;
 - (b) the municipality in which the cemetery is located;
 - (c) the Local Architectural Conservation Advisory Committee, if any, established under the *Ontario Heritage Act* for the locality in which the cemetery is located;
 - (d) the Archives of Ontario, the Ontario Historical Society, the Ontario Archaeological Society and the Ontario Genealogical Society; and
 - (e) the Minister of Culture and Communications.
- (4) The notice shall be conspicuously posted on a sign at the entrance to the cemetery before publication of the first notice under clause (2)(b) and shall remain posted until the Registrar makes, or refuses to make, the order sought by the owner.

Section 50

For the purposes of clause 8(3) (b) of the Act, the time within which interested persons may make submissions to the Registrar is forty-five days after the later of,

- (a) the day on which the final notice under clause 4 (2) (b) is published; or
- (b) five days after the day on which the final notice is mailed under subsection 49 (3).

ANALYSIS:

This motion is brought by the present owner of the land upon which the cemetery is located and the mortgagor of that property. Although they have not appealed the decision of the Registrar, they now wish to be considered as parties to the proceedings. The only appeal was by the Ontario Historical Society. This matter was adjourned on consent of the parties from its original February hearing dates until those in April, 2002. It will be heard by a three-member panel.

It is agreed by the Registrar, *Cemeteries Act (revised)* and the Ontario Historical Society that the Tribunal has discretion both under the *Cemeteries Act (Revised)* and the *Statutory Powers Procedures Act* to add parties to the proceedings. Section 8 (3) of the *Cemeteries Act*

(Revised) speaks of interested parties being given the opportunity to make submissions to the Registrar and section 10 speaks of a person with an interest appealing to the Tribunal an order of the Registrar. The Tribunal agrees that it has the authority to add interested parties.

The Tribunal concurs with the submission by Counsel for the moving parties that in determining who is entitled to party standings in a proceeding the Tribunal needs to consider the factors of: 1. the subject matter of the proceeding; 2. the interest of the person in the subject matter; and 3. the effect that the decision of the Tribunal may have on that interest.

The Tribunal also agrees that as stated in the case of *Re. Ont. (Royal Commission on the Northern Environment) (1983)* 144 D.L.R. 416 of the Ontario Divisional Court "The more specific, practical and concrete the subject of any inquiry is, the more likely it would be that the property or individual rights of a person are affected and hence, he would have a substantial and direct interest."

The present owner of the property, Mr. Gordon Barr, and the present mortgagor of the property, the Anglican Diocese for Toronto, have an interest in the property and in the appeal. If the appeal by the Ontario Historical Society is successful, the cemetery will not be partially closed. Mr. Barr will have to readjust his plans for the property and the Diocese may or may not be relieved of certain obligations. It is unclear what exactly are the terms of the sale in 1998 and whether or not by this sale the original conditions imposed in 1996 are maintained. It is also unclear what are the present plans of Mr. Gordon Barr assuming that the village commercial zoning is now the current zoning permitted on this property.

The subject matter before this Tribunal is whether or not the Registrar acted reasonably in making his order to partially close the St. Alban's cemetery. His order was issued in June, 2001 after the completion of the sale to Mr. Gordon Barr by the Diocese and after the rezoning application was approved by the Town of Caledon. In making his decision, the Registrar presumably would have been considering not only the public interests but also the private interests of those who have a proprietary interest in the property.

The Tribunal in reviewing the order of the Registrar needs to balance both the public interest and the private interest in determining the reasonableness of the order. The decision by the Tribunal will have an impact on both types of interests.

The Tribunal finds that the Diocese and Mr. Gordon Barr meet the three tests stated in *RE Ont. (Royal Commission on the Northern Environment)*.

The Tribunal is cognizant of the arguments made by the Ontario Historical Society as to possible delays in the proceedings and the additional cost to the original parties if additional parties are added. The Tribunal attaches great significance to the assurances of Counsel for the moving parties that they are willing and able to participate at the dates of hearing already established by the Tribunal for April, 2002. The Tribunal also notes that time has not been of

the essence for either of the original parties as there was a consent agreement to adjourn the original dates of hearing from February to April, 2002.

Regarding additional cost, the Tribunal notes that under the Regulation notice must be given to multiple parties when closure or partial closure of a cemetery is contemplated. Accordingly, the legislators have considered that more than one party would have an interest in the closure of a cemetery and that would affect the costs of the proceeding. By having such matters dealt with by an administrative Tribunal, the legislators have also made policy decisions that benefit the non-profit or charitable organizations who wish to participate in such proceedings. This Tribunal does not anticipate that the adding of Mr. Gordon Barr or the Diocese will have a significant adverse effect from a costs perspective upon the Ontario Historical Society.

The Tribunal is also fully aware that both Mr. Gordon Barr and the Anglican Diocese of Toronto did not act as quickly as might have been expected to assert their wishes to be parties to this proceeding. But the order of the Registrar was dated June 8, 2001 and by September, 2001 there was some indication at least to Counsel for the Registrar that other parties besides the Ontario Historical Society were expressing some interest in the proceedings. The Tribunal does not feel it unreasonable that Mr. Gordon Barr and the Diocese did not appeal the order of the Registrar as they are in agreement with it. But they have shown that if there was opposition to that order, they wish to have a voice in the proceeding. There is no disagreement between the parties that there was a discussion at the prehearing as to possible other parties to the proceeding. The October 2, 2001 letter by Counsel for the Registrar speaks to that discussion even if it did not form part of the prehearing order itself. The October 29, 2001 consent of the Registrar is evidence that Mr. Gordon Barr and the Diocese had within a short time after the prehearing conference started to ask for party status.

The closure or partial closure of a cemetery by the Registrar, *Cemeteries Act (Revised)* is a complicated matter as shown by the terms of the legislation and the notice provisions of the Regulations. The Tribunal in reviewing such a decision needs to ensure that it has before it all the issues relevant to such a matter. It is not clear to this Tribunal at this point in the proceedings as to what materials, if any, will be provided by the Diocese or Mr. Gordon Barr that could not have been provided by the Registrar. But the Tribunal feels it is essential that the opportunity be given to all parties to provide relevant information at the hearing. The issues need to be examined in a thorough fashion and allowing party standing to the Diocese and Mr. Gordon Barr will permit them through their counsel to fully offer their information and perspectives to the three member panel.

The Tribunal is ordering that there be a second prehearing in this matter which will include the Registrar, *Cemeteries Act (Revised)*, the Ontario Historical Society, the Diocese and Mr. Gordon Barr. This prehearing must be held by April 12, 2002. The Tribunal expects all parties to be cooperative and flexible in the scheduling of this prehearing conference. All parties must come to the prehearing with the full authority of their clients to narrow the issues and settle issues if at all possible. All parties must come to this prehearing prepared to share all of their

proposed exhibits for the hearing and their witness lists. Expert reports and curricula vitae must have been provided to all parties by Friday, April 5, 2002.

ORDER:

The Tribunal orders the following:

1. The Anglican Church of the Incorporated Synod of the Diocese of Toronto (the "Diocese") and Gordon Barr are added as parties to this matter.
2. There will be a prehearing no later than April 12, 2002 involving the Registrar, *Cemeteries Act (Revised)*, the Ontario Historical Society, the Diocese and Gordon Barr. All proposed exhibits and witness lists will be provided to all parties at this prehearing conference. Expert reports and curricula vitae will be provided to all parties by April 5, 2002.

WELCOME TO KENNEDY SALES AND LEASING LIMITED
and RONALD KENNEDY

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO MOTOR VEHICLES DEALERS ACT

TO REVOKE REGISTRATION

TRIBUNAL: DOUGLAS MACKINTOSH, Vice-Chair

APPEARANCES: MICHAEL J. PRETSELL, Counsel for the Applicants
AVIVA HARARI, Counsel for the Registrar

DATES
OF HEARING: February 12 & 13, 2002 Kingston

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is a hearing before the Licence Appeal Tribunal arising out of a Proposal to refuse the registrations of Welcome to Kennedy Sales and Leasing Limited as a motor vehicle dealer and of Ronald Nelson Kennedy as a salesperson (collectively, the "Applicants"). This Proposal was issued on October 1, 2001 by the Registrar under the *Motor Vehicles Dealers Act* (the "Registrar" and the "Act", respectively).

THE ISSUE:

The issue is whether, in relying on the past conduct of the Applicants, the Registrar is justified in refusing to register Welcome to Kennedy Sales & Leasing Limited and Ronald Kennedy as a motor vehicle dealer and salesperson respectively.

THE EVIDENCE:

In May of 1997 Ronald Kennedy was registered under the Act as a salesperson. He incorporated a company, Paul Kennedy Sales and Leasing Limited, which was registered under the Act as a dealer. The business premises were situated at Highways 41 and 401, R.R. 6, Napanee, Ontario.

The information in the exhibits is summarized in the following paragraphs.

On October 13, 1998 Paul Kennedy, the son of Ronald Kennedy, was convicted on seven counts of fraud over \$5,000 involving motor vehicles (ex.1/39). He received 9 months custody as a conditional sentence.

On October 26, 1998, the Registrar issued a proposal (ex.1/9) to revoke the registrations of Paul Kennedy and Paul Kennedy Sales and Leasing Limited. The Registrar relied on Paul Kennedy's convictions and the fact that Paul Kennedy was the sole director of Paul Kennedy Sales and Leasing Limited.

The proposal was appealed to this Tribunal's predecessor, the Ontario Commercial Registration Appeal Tribunal ("CRAT"). The Tribunal made two consent orders with conditions.

The Order for the company was made on March 26, 1999. The order directed the company name to be changed to eliminate any reference to Paul Kennedy, and the name was changed to Welcome to Kennedy Sales and Leasing Limited.

The Order for Paul Kennedy was made on March 30, 1999. Paul Kennedy's registration was suspended for one year ending April 5, 2000. The Tribunal's Order restricted him from dealing in motor vehicles except for daily or short term vehicle leasing. He was not to enter the business premises of the company and he was not to work in any capacity for it or have any interest in it.

When the conditions imposed by the Tribunal on the company, Welcome to Kennedy Sales and Leasing Limited, were breached, the Registrar issued a second Proposal (ex.1/15) on October 7, 1999 to revoke the registration of the company. The Registrar cited the original grounds from the first proposal and added five new ones with a sixth concluding paragraph as follows:

- i) On or about June 30 and July 28, 1999, Paul Kennedy signed cheques on behalf of an entity known as Paul Kennedy Sales and Service. Such conduct is contrary to the terms of the consent order;
- ii) An inspector from the Registrar's office called the Dealer on August 23, 1999 (and) inquired who the general manager was. The inspector was informed that would be Mary Linda or Paul Kennedy;
- iii) On August 23, 1999, an inspector from the Registrar's Office spoke with Paul Kennedy and advised Paul that an inspection would be performed on Tuesday or Wednesday that week. Mr. Kennedy advised he was available as "he was there everyday"
- iv) On August 25, 1999 an inspector from the Registrar's Office attended at the registered premises of the Dealer and observed a mail slot for Paul Kennedy.

The receptionist paged Paul Kennedy who met with the inspector and delivered copies of bills of sale and bank records for the Dealer; and

v) On or about Friday, September 24, 1999, the Dealer allowed an advertisement to be displayed in the Napanee newspaper that demonstrated a clear association between the Dealer and the Salesperson (Paul Kennedy).

The Dealer (the company) has displayed a disregard for the Act and an order of the Commercial Appeal Tribunal.

Welcome to Kennedy Sales and Leasing Limited appealed the proposal. On March 6, 2000 (Exhibit 1/17) CRAT issued a consent Order re-affirming that Paul Kennedy was to have nothing to do with the company and in particular was not to be on its registered premises for a further 60 days. The Order for the company spelled out the proper business practices to be followed by the company. The Order also contained an automatic revocation clause to come into effect if the Registrar had evidence that the company had failed to comply.

On March 15, 2000, Welcome to Kennedy Sales and Leasing Limited was convicted of five offences. Three of the company's salespersons were convicted as co-accused on some of the same offences for misrepresentation of true distances vehicles had travelled and failing to give required information on the sale of other vehicles. The charges were withdrawn against Ronald Kennedy but the company was fined \$1,300. The three salespersons were also fined.

As a result of breaches of the second consent Order, the automatic revocation came into effect. This was established in a letter dated September 6, 2000 from the Ontario Motor Vehicle Industry Council ("OMVIC").

Ronald Kennedy indicated that he wished to appeal but then decided to make new applications for registration for himself and for Welcome to Kennedy Sales and Leasing Limited. On October 1, 2001 the Registrar issued the Proposal to refuse the applications, and this is the subject of this appeal.

On November 20, 2001 the Director, *Motor Vehicle Dealers Act* obtained a Superior Court order directed to Paul Kennedy. Amongst other conditions the Order banned him from acting as a motor vehicle dealer or salesperson and from receiving any commission directly or indirectly in the sale, transfer, purchase, lease or change in the registration of a motor vehicle. He was also prohibited from locating and/or brokering the sale of motor vehicles as a business.

The evidence presented by the witnesses is summarized in the following paragraphs.

The Registrar called three witnesses. Amanda Dempsey, the manager of inspections for OMVIC explained the role of OMVIC which, since 1997, has looked after registration, complaint mediation, inspection and investigation under the Act.

Ms. Dempsey's first contact with Welcome to Kennedy Sales and Leasing Limited was by telephone on August 20, 2000. She asked for the person in charge or the dealer and was directed to Mary Linda or Paul Kennedy. Paul booked an appointment two days later with her for August 22, 2000.

On August 22, 2000, she met with both Paul Kennedy and Ronald Kennedy individually. She asked Ron for the last 10 - 20 deals. The documents provided took a lot of unravelling. The first 10 or so transactions were for 2000 models but they were not in their garage register (required under the *Highway Traffic Act*). The Garage Register was also missing a number of entries that should have corresponded with the records in the RIN (the Registered Identity Number) data base of the Ministry of Transport ("MTO") which lists the transactions for a particular dealer.

Ms. Dempsey found other documents missing covering the transactions in the company's files. Bills of sale were absent. Vendor and purchaser signatures were absent. Warranties had not been delivered. When Ms. Dempsey questioned Ronald Kennedy about the deals on the 2000 models, he told her that he put a stop to it around February or March.

While she was at the company's premises, Ms. Dempsey took down the number of a dealer plate on the vehicle Paul Kennedy was driving, 408DHC. MTO records show this dealer plate belonging to the company. However, the MTO records also show that the vehicle he was driving belonged to 1159274 Ontario Limited o/a Thrifty Rentals, a company not owned by either Ronald or Paul Kennedy.

Ms. Dempsey explained the legal requirement that a dealer plate may only be used by the very dealer owning it and then only to buy or sell vehicles or to pick those vehicles up.

Ms. Dempsey also went across the road from the company's premises to a motel (later established to be owned by Ronald Kennedy) where she understood Paul Kennedy had an office from which he was operating. She introduced herself to him and noticed his office had the usual trappings of a car dealership.

She then returned to the company's premises and obtained a safety Standards certificate pinned to an invoice. There were irregularities in it. The certificate listed Paul Kennedy's S & S as the licensee of a 1993 Ford. The attached covering invoice was written on a form with a printed heading, "Paul Kennedy's Sales and Service" but this name was crossed out and the words "410 Auto Service" were hand-written above it.

Ms. Dempsey was further concerned about three cheques from Welcome to Kennedy Sales and Leasing Limited.

June 19, 1999	to Paul Kennedy Sales and Service	\$10,000
June 18, 1999	to Kennedy Service	\$20,000

June 29, 1999

to Kennedy Service

\$20,000

Ms. Dempsey retrieved other documents from the company. She explained how the sales of six new 2000 model cars were disguised as 6 months leases to improperly gain the large discounts which the distributors allow to organisations renting vehicles. These discounts are available only to dealers with fleet numbers and then only if the lease on a vehicle runs for at least six months before the vehicle is sold. Ms. Dempsey suggested that Paul Kennedy set up the deals, using his numbered company 1324653 Ontario Limited O/A Thrifty Car Rental ("Thrifty") which, although never registered as a dealer, had the necessary fleet rental number with which to buy vehicles and claim the discount.

Ms. Dempsey used the records she had retrieved from Welcome to Kennedy Sales and Leasing Limited and compared them to the MTO records to illustrate how the discount process worked. Since MTO records do not show the transfer of ownership from the manufacturer to the distributor, but only to the first owner, the initial MTO entry for each of the six vehicles shows ownership in the dealer, Paul's Thrifty. The next entry, done within a day or so, records ownership in the customer and, immediately after, records ownership returning back to Thrifty for the six months to disguise the scheme. At the end of the six months period, ownership is shown in the Welcome to Kennedy Sales and Leasing Limited, and, almost immediately, MTO records show ownership back with the customer.

In these transactions, Ms. Dempsey had numerous concerns. She wondered why the cars were ever in Thrifty's name, and what ownership the customer was using. She was concerned about missing documents and lack of detail in Welcome to Kennedy Sales and Leasing Limited's files and Garage Register.

The next witness for the Program was David Wagner, an OMVIC inspector. He testified that he went to Welcome to Kennedy Sales and Leasing Limited's premises on October 19, 2000. He saw five or six cars facing the road with streamers on a couple of them. Because of the way the cars were lined up with no licence plates he believed it to be a retail car outlet.

This inspector knew of an article in the Whig Standard, indicating that Paul Kennedy could conduct the business of finding cars, but he assumed it was in error as he knew Paul Kennedy's registration as a salesperson had been revoked.

David Wagner looked at a Dodge pick-up truck on display. Paul Kennedy came and spoke with the investigator for 10 minutes. Paul said the pick-up was for sale for \$32,500 with 14,000 KM and warranty still on it. The inspector asked for his business card and Paul tore off a small piece of paper on which he wrote the following down.

PAUL KENNEDY

354-4000

561-4000

Later, when Ronald Kennedy testified, he confirmed that 354-4000 had been the telephone number of Welcome to Kennedy Sales and Leasing Limited since the start up.

Another experienced OMVIC investigator, David Wilson, testified. He stated that he went to the company's premises on March 20, 2001. Although he knew Welcome to Kennedy Sales and Leasing Limited had motor vehicles on lease, he took the premises to be a used car lot.

At the time of this visit, Mr. Wilson knew the company was not registered under the Act as a dealer because of the automatic revocation which had occurred. He also knew that the CRAT Order contained a condition that the dealer was not to invite the public to deal at a place other than registered premises.

He saw signs and took the photographs which were entered as exhibits. They showed a long red-roofed building with a conspicuous sign on the roof reading KENNEDY Sales & Leasing. There were other signs. One under the peak of the roof read:

NEED A CAR?
WE FINANCE EVERYONE
NO TURN DOWN ... IF YOU WORK, YOUR
(next words obliterated)

There were signs on each side of an entrance door. In front of the signs, there were six cars and two trucks facing the road, several of them unplated. On the glass of the front door there were several stickers for credit cards for Visa, Master card, American Express, and four or five others.

Also, on that door, a sign read, "LTO customers - if closed here make payments at Napanee Inn (Motel) across the highway. Thank you". The initials "LTO" indicate Lease to Own.

The investigator looked through the office window and saw a board on the wall with three captions with the following information:

CUSTOMER	SAFETY	LENDER
THOMPSON 95 CHEV	JACKS	STATE FARM
NEHRLONG 2000 DURANGO	JACKS	ROYAL BANK
WHITE 94 CAVALIER	JACKS	CAC
SWENSON 95 AEROSTAR	JACKS	CAC
LITTLE 94 GR. VOYAGEUR	JACKS	CAC
CHARTRAND 96 TAURUS LX	JACKS	CAC
NOXWORTHY 91 ESCORT GT	JACKS	CAC
KPRNIKE		

He saw people looking at cars coming and going. While he was there on several other occasions and on February 11, 2002, the day before this hearing, he saw more cars on the lot, probably 17 of them.

David Wilson also spoke to Ronald Kennedy, who made the remark that Paul Kennedy was his son and that he could not keep him away.

Ronald Kennedy also said "If you want me to take the signs down, I will". But the inspector replied that he was not ordering him to do so.

The Applicant then called a witness Lee Anne Kennedy. She is the present wife of Paul Kennedy. She stated he was now working to sell swimming pools.

She testified that she had worked as a salesperson from June or July of 2000 until February of 2001, but that her own registration was now suspended or revoked. In addition, she admitted there are outstanding charges of stolen property (a motor vehicle) against her and against Paul Kennedy.

She stated that she had no knowledge of Paul selling cars for Welcome to Kennedy Sales and Leasing Limited. It did business both sides of the road, she said.

Although she was looking after Paul Kennedy's son Dusty, on the west side of the road where Welcome to Kennedy Sales and Leasing Limited is located, she stated that Paul Kennedy never came over the road from the east Motel side to see him. She added that Paul Kennedy ran a business under the name of Paul Kennedy Sales and Service using the premises of 401 Auto Service on the east side of the road.

There were two character witness who testified on behalf of Ronald Kennedy. Mr. Brian Wilson who has known Ronald Kennedy all his life as a neighbour. He does not socialize with Ronald Kennedy but knows Ronald Kennedy is highly thought of and never lies or cheats. The Reverend John Craig has known the family well and knows of Ronald Kennedy's reputation as a good farmer who helps with social work, for instance helping with furniture after a house fire and with finding a vehicle for someone needing transportation to get to work.

Ronald Kennedy testified. He formed Welcome to Kennedy Sales and Leasing Limited and owned all the shares. His son Paul never owned any of the shares. Petro Canada leases the present business premises to the company at the intersection of Highways 41 and 401.

Ronald Kennedy testified that after March 6, 2000 (the date of the second CRAT Order) Paul Kennedy never worked or sold for him. He said he did not trust Paul or the Company staff.

He commented on his sales manager, Brant Wilson, who was a co-accused and convicted with the Company on two counts of improper motor vehicle dealings and was fined \$550. In

spite of that, Ronald Kennedy said that Brant Wilson was the most honourable man there, and added that most of them were not.

Respecting the complaint by OMVIC over an advertisement in the Napanee newspaper on September 24, 1999, Ronald Kennedy said he was surprised by this but did not know who had put it in the paper. The advertisement carried a conspicuous photograph of Paul Kennedy, with the caption, "Welcome to Kennedy Sales and Leasing GRAND OPENING to be part of the United Way kick-off." The advertisement concluded with a special \$10 price for an oil change.

Ronald Kennedy stated that the three cheques totaling \$50,000 paid to Paul Kennedy's business were for installing a hoist.

Ronald Kennedy said that the signs which were set up on the Welcome to Kennedy Sales and Leasing Limited's premises related to the 40 cars he had. The 17 cars noted on the premises by OMVIC inspector David Wilson were half "junkies" or vehicles returned. He said the inspector told him not to take the signs down.

Ronald Kennedy stated he did not know what was going on respecting the OMVIC complaint about the safety certificate. It concerned a sale by his company, Welcome to Kennedy Sales and Leasing Limited, of a Ford. A mechanic, Charles Garrow, had issued it. The invoice covering the cost of the certificate (for \$279.81) was paid by his company to 401 Auto Service. However, he explained that Jack Dorey, the owner of 401 Auto Service, could not be called to confirm for whom the work was being done.

When asked why Lee Anne Kennedy had been driving a Winstar with Welcome to Kennedy Sales and Leasing Limited's dealer plate on it, Ronald Kennedy said he knew she had a yellow dealer's plate on the vehicle. He conceded that it was improper for him to put his plate on another vehicle. He admitted he knew dealer plates are only allowed for selling and picking up vehicles. But, he said, he had no way of knowing if the vehicle had just been picked up.

Ronald Kennedy's evidence was that when he found out about the Thrifty franchise and the scheme to obtain the fleet discount, he knew it was not legitimate and put a stop to it. He thought that there were around 40 similar deals with the bulk taking place in January and February 2001. It came to his attention in February or March 2001 when company sales of new cars suddenly showed a large increase. There were suddenly sales of 50 new cars where typically there would only have been 2 or 3.

Ronald Kennedy said he did not try to straighten out the situation by transferring the vehicles to the customers at the time that he discovered the suspicious deals in February or March, rather he decided to wait out the six months to protect the discount. The cars were paid for in January. He stated he was protecting the customer and his company.

He admitted that significant profits accrued to his company as a result of these deals. He never spoke to Trenton Chrysler, the distributor to tell them about the scheme and he testified

that there were no customer complaints.

He stated that he did not know how his son Paul made money from the scheme, although the Tribunal notes that the financing documents in Welcome to Kennedy Sales and Leasing Limited's files show discounts were made out to Paul Kennedy.

Ronald Kennedy said that Mary Linda Kemmett was the business manager and did all the transactions. He noted that he was alerted to what was going on when he noticed that she had been paid a \$10,000 commission, which was unusual. Her commission and the staff's commissions on the sales of these new cars were all paid.

He admitted his company, Welcome to Kennedy Sales and Leasing Limited, was using Paul Kennedy's company, Thrifty, to get favourable discounts and that his company paid the franchise dealer directly.

Ronald Kennedy stated that the transactions in the scheme were not in the garage register as required, because he treated them as a "lease owned", meaning the buyer leases before he or she buys.

Ronald Kennedy pointed out that he now knew he had to establish better control over his company. He had been spending 4 or 5 hours a day at the company after farming in the morning. However, he was not there every day and had roughly 20 employees who had been running the business in his absence. Now, he says, the situation is 180 degrees different as he has got rid of the staff and wants to reduce the volume of business to 10 cars a month from 50 a month.

He testified that he has been losing \$10,000 a month since September 2000 when his company's registration was suspended. All he wants, he testified, is to be able to sell 10 cars a month.

THE LAW

The sections of the *Motor Vehicles Dealers Act* relevant to this appeal are as follows:

3. (1) No person shall,

(a) carry on the business of a motor vehicle dealer unless the person is registered under this Act; or

(b) act as a salesperson of or on behalf of a motor vehicle dealer unless the person is registered as a salesperson of such dealer and such dealer is registered as a motor vehicle dealer under this Act

(3) a registered motor vehicle dealer shall not carry on business in a name other than the name in which it is registered or invite the public to deal in a place other than that authorized by the registration

4. A motor vehicle dealer shall not retain the services of a salesperson who is not registered under this act.

5. (1) An applicant is entitled to registration or renewal of registration by the Registrar except where, ...

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with the law and with integrity and honesty;

(c) the applicant is a corporation and,

(ii) the past conduct of its officers or directors affords reasonable grounds for the belief that its business will not be carried on in accordance with the law and with integrity and honesty; or

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

8. A further application for registration may be made upon new or other evidence or where it is clear that material circumstances have changed.

FINDING OF FACTS:

The Tribunal accepts the evidence in the exhibits and the evidence from the three Program witnesses respecting the transgressions of the Act.

From the evidence gathered by the experienced investigators, the Tribunal finds the activities on the company premises were in breach of the consent orders.

Ronald Kennedy has to take responsibility for this. He was surrounded by dishonest employees which included his son. The resulting problems were partly due to Ronald Kennedy not paying enough attention to the business and partly due to his own bad judgment.

The employees' conduct led to his company, Welcome to Kennedy Sales and Leasing Limited, being convicted on five counts of making improper sales, contrary to the Act and contrary to the *Business Practices Act*. The total fines for the company were \$1,300. Three of his employees were also convicted and fined, one of them his sales manager.

In addition, in exhibit 1/34 there is one outstanding charge against Welcome to Kennedy Sales and Leasing Limited for carrying on business when not registered, between October 13, 2000 and March 20, 2001.

During the period following the CRAT orders until recently Ronald Kennedy has been unable to keep his son Paul away from the company business.

The leasing discount operation looms as the most important transgression. Ronald Kennedy stated that about 40 new cars were involved, and OMVIC has produced the records relating to 6 of them. MTO records clearly disclose how the transactions were disguised and manipulated. Paul Kennedy was obviously involved as the first buyer from the distributors as the sales are variously addressed to his company or trade name:

1324653 Ontario Ltd O/A Thrifty Car Rental
Kennedy Sales & Leasing
Kennedy Sales & Leasing/Thrifty

But when the final transfer of ownership goes to the customer from Welcome to Kennedy Sales and Leasing Limited there is no document to show how the company got its right to do so from Paul Kennedy's company, Thrifty.

None of the six bills of sale are signed by the buyers, as is required.

In the company's files, the documents relating to the financing of the cars show Paul Kennedy as the dealer entitled to get the discounts. Presumably, he collected the discounts on the six vehicles totaling \$2,544 (on financing of \$177,570). If, as related by Ronald Kennedy, there were, in fact, 40 cars sold under the scheme, Paul Kennedy would probably have collected well over \$15,000.

The Tribunal finds that the reaction of Ronald Kennedy when he found out about the leasing/discount scheme was inexcusable. By allowing the scheme to continue from February or March for the six months of the leases, he knowingly preserved the significant profit for his company. The distributors were defrauded of substantial discounts. On the six cars traced by OMVIC, there were discounts of over \$18,000. Translated into discounts for 40 cars that total could amount to over \$100,000.

The risk for the customers and financing companies is unknown.

The Tribunal finds Ronald Kennedy's conduct particularly reprehensible after the help he has received from OMVIC. In the consent orders agreed to, OMVIC showed flexibility and sympathy for Ronald Kennedy, as well as for his 20 employees. It gave Ronald Kennedy an unusual second and third chance.

APPLICATION OF THE LAW TO THE FACTS:

The leading case is Brenner v Registrar of Motor Vehicles and Salesmen 1983 19 CRAT

Divisional Court which confirms how the Act should apply:

"The effect of s. 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for the belief that he would not carry on business in accordance with law and with integrity and honesty. The Board does not appear to have directed itself to this question. Instead the Board seems to have been pre-occupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself."

The accumulated improprieties of Ronald Kennedy and his company, before the leasing/discount scheme arose, suffice to have their registrations revoked on the basis of past conduct.

The leasing/discount scheme by itself does likewise. It was of significant proportions. Taking all these improprieties together, there is overwhelming support for the Registrar's decision to deny the Applicants registration under the Act.

DECISION:

Accordingly, by virtue of the authority vested in it under section 7(4) of the *Motor Vehicle Dealers Act*, the Licence Appeal Tribunal directs the Registrar to carry out his proposal to refuse the registrations of Welcome to Kennedy Sales and Leasing Limited as a motor vehicle dealer and of Ronald Nelson Kennedy as a salesperson under the Act.

CHINENYE, BASIL

BASIL CHINENYE

APPEAL FROM A DECISION OF THE BOARD OF TRUSTEES OF THE
ONTARIO MOTOR VEHICLE DEALERS COMPENSATION FUND

TO DISALLOW A CLAIM

TRIBUNAL: JOHN ORT, Member

APPEARANCES:

BASIL CHINENYE, Applicant
ALMAIDA CHINENYE, Agent, representing the Applicant
URSULA BOYLAN, Counsel, representing the Board of Trustees,
Ontario Motor Vehicle Dealers Compensation Fund

DATE OF

HEARING: February 25, 2002

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a decision letter of the Board of Trustees, Ontario Motor Vehicle Dealers Compensation Fund (the "Respondent") dated October 9, 2001, being exhibit 1. The Respondent refused the Applicant's claim on the basis that the claim arises from a dispute over a repair invoice rather than a trade in a motor vehicle.

ISSUE:

Should the Tribunal confirm the determination of the Board or set aside the determination of the Board and allow in whole or in part the Applicant's claim for compensation under section 12(3) of the Terms of Compensation Fund Schedule of Regulation 801 under the *Motor Vehicle Dealers Act*?

FACTS:

The evidence presented by the Applicant consisted of the testimony of Basil Chinenye and Almaida Chinenye as well as documentary evidence introduced through them.

TESTIMONY OF BASIL CHINENYE:

Mr. Chinenye stated that he wanted a car for work. He testified that he purchased a 1989 Honda Accord (the "Vehicle" or the "Car") from Mr. Abdul Rahmani of Eastview Auto Sale at 1221 Queen St. East, Toronto. He referred to a bill of sale dated October 18, 2000 at tab 2 of exhibit 3, which sets out a total sale price of \$2,800 and a total including taxes of \$3,220. Mr. Chinenye testified that the total purchase price for the Vehicle was \$3,500. At page 6 of tab 3 of exhibit 3, Mr. Chinenye states: "He [Mr. Abdul Rahmani] had told me that the sum of \$280.00 he subtracts for the cost of the Car satisfaction and emission control expenses."

Mr. Chinenye also said that he purchased from Mr. Abdul Rahmani a Powertrain Plan 750 insurance policy from Autogard Warranty Corp., set out at page 10 of tab 2 of exhibit 3.

On October 19, 2000 Mr. Chinenye testified that he took delivery of the Vehicle. According to Mr. Chinenye, on the way home the Vehicle broke down. On cross-examination by Ms. Boylan, Mr. Chinenye stated that, as his wife drove the Vehicle, the car stopped suddenly and he saw smoke coming out of the hood. Mr. Chinenye testified that he then called Mr. Rahmani and told him that he was returning the Car. Mr. Chinenye stated that Mr. Rahmani told him that if it happens the next day then he should bring the Car in. Mr. Chinenye testified that he and his wife waited about twenty minutes before driving home and, even then, the Car was jerking.

Mr. Chinenye stated that his wife told Mr. Rahmani the next day that they will bring the Car back immediately. Mr. Chinenye said that Mr. Rahmani told Mrs. Chinenye that he will be abroad for about twelve days and Mr. Rahmani asked for a chance to fix the Vehicle on his return. Mr. Chinenye testified that the Vehicle was parked on his driveway and no-one used it. He stated that he and his wife started the Car a couple of times and each time the Vehicle appeared to overheat after ten to fifteen minutes.

According to Mr. Chinenye, his wife found out on November 4, 2000 that Mr. Rahmani was back at Eastview Auto Sale. He stated that on November 5 he drove the Car back to Mr. Rahmani and that the Car stopped about ten times for fifteen to twenty-five minutes each time. Finally, Mr. Chinenye telephoned Mr. Rahmani, and Mr. Rahmani towed the Car to Eastview Auto Sale.

Mr. Chinenye testified that on November 10 Mr. Rahmani telephoned him and said that he had the Car fixed at another shop. Mr. Chinenye said that he picked up the Car that same day and that it again broke down on the way home. He stated that he saw smoke come out of the Car.

Mr. Chinenye testified that he telephoned Mr. Rahmani from a telephone booth and said that he wants his money back. Mr. Chinenye stated that Mr. Rahmani answered that he will not do anything more. Mr. Chinenye stated that he then had the Car towed home. Mr. Chinenye testified that the next day his wife spoke to Mr. Rahmani at Eastview Auto Sale and asked for the money back. Mr. Chinenye stated that Mr. Rahmani refused to return the money.

Mr. Chinenye stated that a few days later he telephoned the Ontario Motor Vehicle Industry Council ("OMVIC") and spoke to Ms. Marlene Wildman. He told her that the Car is no good and that he wants his money back. Mr. Chinenye said that Ms. Wildman asked him to give Mr. Rahmani a chance to fix the Car. After a day or so, Mr. Chinenye testified, Ms. Wildman telephoned that Mr. Rahmani will look at the Car. On November 16, Mr. Chinenye testified, he had the Car towed to Eastview Auto Sale. Mr. Chinenye later added that Mr. Rahmani told him that he will receive a telephone call from Autogard Warranty Corp. that they will fix the Car. Mr. Chinenye testified that Autogard telephoned him, but that they refused to pay for the repair, and that they claimed the Car has a pre-purchase problem. Mr. Chinenye said that Ms. Wildman telephoned him about two days later and said that the Car's head cylinder is bad, that the engine is completely gone, that repairs will cost \$800, and that Mr. Rahmani is asking Mr. Chinenye to pay \$400 of the cost. Mr. Chinenye stated that Ms. Wildman told him to accept Mr. Rahmani's offer or to take any action suitable to him. Mr. Chinenye testified that he and his wife went to Eastview Auto Sale, that he offered Mr. Rahmani \$400, but that Mr. Rahmani refused to accept the money and demanded \$800. Further, Mr. Chinenye stated, Mr. Rahmani said the Car was at Weston Road and that Mr. Rahmani will not give them access to the Car unless he gets the \$800.

Mr. Chinenye testified that on December 8, 2000, he filed a claim in Small Claims Court. Mr. Rahmani did not appear at court. As set out on pages 19 and 20 of tab 2 of exhibit 3, on February 13, 2001, Mr. Chinenye recovered judgment against Abdul Rahmani and Eastview Auto Sale for \$3,917.95 and \$270 costs together with interest at 6% from November 16, 2000. Mr. Chinenye stated that \$417.95 of the \$3,917.95 was for automobile insurance.

The Small Claims Court issued a notice to Abdul Rahmani to attend a debtor examination to determine the means he has to satisfy the judgment. Mr. Chinenye testified that he mailed the notice by registered mail to Mr. Rahmani at Eastview Auto Sale. Mr. Chinenye testified that the letter came back and that, when he investigated, he found that Eastview Auto Sale had moved from 1221 Queen St. East. Mr. Chinenye also found that the telephone number of Eastview Auto Sale was out of service. He stated that Mr. Rahmani's cellular telephone was only accepting voice mail. Mr. Chinenye said that he obtained a Business Names Report from the Ministry of Consumer and Commercial Relations. He stated that he then sent a registered mail letter with the Small Claims Court notice to Mr. Rahmani at the home address shown on the Business Names Report, but the letter was returned. Mr. Chinenye also said that he asked the police to locate Mr. Rahmani. Mr. Chinenye testified that he has been unable to locate Mr. Rahmani and Eastview Auto Sale. He stated that Mr. Rahmani has failed to appear for debtor examinations at the Small Claims Court.

On May 28, 2001 Mr. Chinenye submitted an application for claim to the Motor Vehicle Dealers Compensation Fund for \$4,280 on the basis of a judgment against a motor vehicle dealer which has remained unpaid for ninety days, as set out at tab 2 of exhibit 3.

The evidence presented by the Respondent consisted of the testimony of Marlene Wildman as well as documentary evidence introduced through her.

TESTIMONY OF MARLENE WILDMAN:

Ms. Wildman testified that she has been a complaint mediator with OMVIC for two years. She stated that Mr. Rahmani told her that he was willing to resolve the matter by paying only for labour of about \$250 and having Mr. Chinenye pay \$600, not \$400, for the balance of the repair because Mr. Rahmani claimed that the overheating of the Car caused more damage to it and that he would not assume responsibility for such damage.

LAW:

Section 1 of the Terms of Compensation Fund schedule of Regulation 801 to the *Motor Vehicle Dealers Act* (the "Schedule") states:

"'claim' means a claim for pecuniary loss arising out of a transaction involving a trade in a motor vehicle".

Section 12(3) of the Schedule adds in part:

"A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participant's refusal or failure to pay, even if the motor vehicle dealer with respect to whom the claim is being made ceased to be a participant after the refusal or failure to pay, and where the claim meets one of the following requirements:

"1. The customer has recovered in any court in Ontario a judgment in respect of the claim and the judgment has become final by reason of the expiration of the time for appeal or of having been confirmed by the highest court to which an appeal may be taken and the customer makes an application, supported by the judgment and statement of claim, for payment of the unsatisfied portion of the judgment and costs as assessed.".

Section 12(10) of the Schedule states in part:

"... there shall not be paid out of the Fund, ...

"(b) any amount for interest, including interest on a judgment or on costs".

APPLICATION OF THE LAW TO THE FACTS:

Mr. Chinenye testified that the Vehicle broke down on his way from Eastview Auto Sale to his home. He stated that he then called Mr. Rahmani and said that he was returning the Car. Mr. Chinenye stated that it was Mr. Rahmani who asked for a chance to fix the car.

On November 10, Mr. Rahmani claimed that the car was repaired. Mr. Chinenye testified that the Car again broke down and that he again asked for his money back. Mr. Rahmani refused.

Mr. Chinenye stated that he telephoned OMVIC and told Ms. Wildman that the car is no good and that he wants his money back. Mr. Chinenye said that it was Ms. Wildman who asked him to give Mr. Rahmani a chance to fix the car. Mr. Chinenye had the Car towed back to Eastview Auto Sale. Autogard Warranty Corp. refused to pay for the repair on the grounds that the Car had a pre-existing defect. Mr. Chinenye testified that he and Mr. Rahmani did not agree on payment for the second repair. Mr. Chinenye further testified that Mr. Rahmani then refused to give the Car back to Mr. Chinenye.

Thus, the Tribunal finds that the Car had a pre-existing defect and that Mr. Chinenye made a timely request for his money back.

Mr. Chinenye has no car. First, Mr. Rahmani refused to return his money. Then, Mr. Rahmani refused to return his Car. This is not a case of a dealership repairing a vehicle and refusing to return it to a customer until the customer pays for repairs. Mr. Rahmani refused to return the Vehicle before the second repair was done.

Eastview Auto Sale failed to deliver a car to Mr. Chinenye that is fit for the ordinary purposes for which cars are used. Mr. Chinenye clearly suffered a pecuniary loss. Any disagreement that Mr. Chinenye had with Mr. Rahmani over repair costs was only part of the greater disagreement over the purchase of the Car and Mr. Chinenye's attempt to return the Car for a full refund. Accordingly, the Tribunal finds that Mr. Chinenye does have a claim for pecuniary loss arising out of a transaction involving a trade in a motor vehicle, a claim as defined by section 1 of the Schedule.

The Tribunal must determine the proper amount of such claim. Mr. Chinenye obtained a judgment in compliance with section 12(3) of the Schedule. The total judgment is for \$3,917.95 and \$270 costs together with interest. According to the bill of sale the purchase price is \$3,220. Mr. Chinenye provided no evidence that he paid a further \$280 to Eastview Auto Sale. Mr. Chinenye also claimed damages of \$417.95 paid for insurance. Such insurance relates to the period after the trade transaction. The Tribunal declines to find that the cost of insurance is a loss arising out of a transaction involving a trade. Finally, Mr. Chinenye claims interest from November 16, 2000. According to section 12(10) of the Schedule, such amount shall not be paid out of the Fund. Therefore, the Tribunal finds that \$3,490, being the sum of the bill of sale total of \$3,220 plus \$270 court costs, is the proper amount of the Applicant's claim for pecuniary loss arising out of a transaction involving a trade in a motor vehicle.

On the facts as found, the Tribunal finds that the decision of the Respondent was in error in denying the Applicant's claim for compensation of \$3,490 under section 12(3) of the Terms of Compensation Fund Schedule of Regulation 801 under the *Motor Vehicle Dealers Act*.

DECISION:

Accordingly, under the authority vested in it under section 15(3) of Regulation 801 under the *Motor Vehicle Dealers Act*, the Tribunal directs the Board of Trustees of the Motor Vehicle Dealers Compensation Fund to allow the Applicant's claim in the amount of \$3,490.

TO DISALLOW A CLAIM

TRIBUNAL: F. BRUCE FITZPATRICK, VICE CHAIR

APPEARANCES:

BRUCE AND ZOE CHRISTO, the Applicants
FIL CECE and SCOTT ROWAND, Agents, representing the Ontario
New Home Warranty Program
MARY KEDDY, DANIEL BELANGER AND RICHARD
CURTIS, Counsel representing the added party Minto
Yorkville Inc.

DATE OF

PRE-HEARING: February 18th, 2002,

Toronto

ORDER

Following the attendance before the Licence Appeal Tribunal (the "Tribunal") on February 18th, 2002 at a pre-hearing of Bruce and Zoe Christo (the "Applicants") with Fil Cece and Scott Rowand for the Ontario New Home Warranty Program (the "Program") and with Mary Keddy, Daniel Belanger and Richard Curtis for Minto Yorkville Inc. (the "Added Party");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday April 29th, 2002 to continue if necessary on Tuesday April 30th, 2002, at the Tribunal's Chambers;

1. The parties to the hearing are the Applicants, the Program and the Added Party.
2. The Applicants' complaint to the Program was made within the time required by the Act, and the timeliness of that complaint is not in issue.

3. The Applicants took possession of their home on September 27th, 1999, and that is the agreed date the warranty at issue in this notice commenced under the *Ontario New Home Warranties Plan Act*.
4. The Applicants' claim is for compensation or repair of cupping in a hardwood floor of a living room/dining room area of their condominium, unit 512 located at 38 Avenue Road in the City of Toronto. The size of the affected area is approximately 440 square feet.
5. The Applicants, the Program and the Added Party shall exchange all documents to be relied upon at the hearing on or before April 19th, 2002, in accordance with the Tribunal's Rules of Practice.
6. The hearing is estimated to require two days.
7. The Applicants, the Program and the Added Party will cooperate to set up an appointment to view and take photographs of the area effected in unit 512, 38 Avenue Road on or before March 15th, 2002.

SAVERIO AND MIRELLA RIZZO

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE *ONTARIO NEW
HOME WARRANTIES PLAN ACT*

TO DISALLOW A CLAIM

TRIBUNAL: JOHN ORT, Presiding
VICTOR L. DREVNIG, Q.C.

APPEARANCES: SAVERIO RIZZO AND MIRELLA RIZZO, Applicants
KAREN JONES, Counsel, representing the Ontario New Home
Warranty Program

DATE OF HEARING: February 28, 2002 Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") by Saverio Rizzo and Mirella Rizzo (the "Applicants") respecting a decision by the Ontario New Home Warranty Program (the "Program" or the "Respondent") dated October 12, 2001, wherein the Applicants' claim for compensation for breach of warranty under section 14(3) of the *Ontario New Home Warranties Plan Act* (the "Act") was disallowed.

ISSUE:

What action should the Tribunal direct the Program to take in accordance with the *Ontario New Home Warranties Plan Act* and regulations under the Act? Should the Tribunal set aside, confirm, or modify the decision of the Program to disallow the Applicants' claim for compensation for breach of warranty under the Act?

FACTS:

The evidence introduced by the Applicants consisted of the testimony of the Applicants Saverio Rizzo and Mirella Rizzo as well as documentary evidence, including a videotape, introduced through them.

The parties agree that the claim for compensation is timely.

TESTIMONY OF MIRELLA RIZZO:

Ms. Rizzo testified that the outside brickwork weaves in and out of the plane of the wall on three sides of the Applicants' house. She stated that the weave cannot easily be seen when looked at perpendicularly to the wall. Ms. Rizzo said that the weave can be seen more readily at an angle and at night. She testified that the weave can be seen from across the street, about forty feet away. Ms. Rizzo stated that the weave can be seen more easily next to lines of string put up vertically along the walls by her husband. She also said that the walls are not quite vertical and referred to a deviation of the top of the walls from the lines of string.

TESTIMONY OF SAVERIO RIZZO:

Mr. Rizzo testified that he has been a plumber for about ten years. He also stated that he has done carpentry work and has assisted carpenters building new houses.

Mr. Rizzo said that he put up a line of string at various points along the walls. He stated that he used a four inch torpedo level to adjust the string so that it was vertical before attaching it to nails at the top and the bottom of each wall. Upon cross-examination by counsel for the Program, Mr. Rizzo said that he used the same level that carpenters use for their plumb lines.

Mr. Rizzo testified that he measured the weaving of the bricks at three points on each of the three walls about which the Applicants are complaining. He stated that he found deviations of one half inch to three quarters of an inch.

Mr. Rizzo also said that he measured a deviation of the top of the walls from the vertical lines of string of two inches to two and a quarter inches.

Mr. Rizzo also testified that three experienced bricklayers told him that the work is not acceptable. He said that one advised him that the only way to fix the walls is to take them down and rebuild them.

The evidence presented by the Respondent consisted of the testimony of Sherri Lumley and James Fortune as well as documentary evidence introduced through them.

TESTIMONY OF SHERRI LUMLEY:

Ms. Lumley stated that she has been a warranty representative for the Ontario New Home Warranty Program for over two years. She also testified that her previous employment included six years with a builder as a customer service manager. Ms. Lumley said that she is certified under part 9 of the Ontario Building Code, dealing with residences.

Ms. Lumley testified that she saw weaving of the walls. She stated that she did not measure the divergence of the bricks with a ruler, but she estimated the deviations to be a quarter of an inch to an inch. She stated that such deviations are acceptable. Later, she said that the weaving cannot be seen from twenty feet away from the walls.

Ms. Lumley stated that she could not say if the lines of string were vertical. She testified that one cannot tell if such lines are vertical using a torpedo level. Ms. Lumley said that she did not see the walls departing from vertical.

Ms. Lumley referred to a letter addressed to her from Andrew Kiwala of B.J. Brickwork Construction Ltd., dated October 28, 2001, found at tab 10 of exhibit 3. The letter partly states: "Although no measurements were taken it would appear that the deviations from plumb do not exceed what would be termed unacceptable by building code standards.". Ms. Lumley admitted that in a telephone conversation Mr. Kiwala told her that the walls are of poor workmanship.

TESTIMONY OF JAMES FORTUNE:

Mr. Fortune stated that he has been a customer service representative with the Ontario New Home Warranty Program for about nine years. He said that he is certified in part 9 of the Ontario Building Code and that he inspects about 80 - 100 units per year.

Mr. Fortune stated that he was asked to provide a second opinion on the walls of the Applicants' house. He testified that it is not unusual to ask a second person to provide an opinion when the item is subjective in nature. Later, he added that there is nothing in the Ontario Building Code regarding weaving.

Mr. Fortune testified that he measured brick deviations of up to 5/8th of an inch in the weaving. He stated that the weaving is not excessive, not unusual, and not a defect.

Mr. Fortune said that he could not detect that any wall of the Applicants' house was not plumb. He testified that he did not attempt to measure whether the lines of string put up by Mr. Rizzo were plumb. He did state that the only way to determine if a wall is properly vertical is to drop a plumb line, a line with a weight attached at the bottom. Mr. Fortune testified that using a torpedo level to determine whether a string is vertical is not sufficient. He also said that he would notice a one inch to two inch divergence from

vertical of a two storey wall without a plumb line. Mr. Fortune stated that there is nothing in the Ontario Building Code concerning a wall that is not plumb.

LAW:

Section 13(1)(a) of the *Ontario New Home Warranties Plan Act* states:

"Every vendor of a home warrants to the owner,

"(a) that the home,

"(i) is constructed in a workmanlike manner and is free from defects in material".

APPLICATION OF LAW TO FACTS:

The onus of proof on a balance of probabilities rests on the Applicants. There was no evidence given on behalf of the Applicants regarding damages.

There was little disagreement regarding the extent of weaving of the outside brickwork. Mr. and Mrs. Rizzo believe that the weaving is a defect.

No expert testified on behalf of the Applicants. The Tribunal gives little weight to hearsay evidence that three bricklayers stated that the work is not acceptable. Those persons did not attend the hearing and could not be cross-examined. The letter from Andrew Kiwala states that the deviations do not exceed what would be termed unacceptable. On the other hand, Mr. Kiwala told Ms. Lumley that the walls are of poor workmanship. Since there is conflicting evidence about the opinion of Andrew Kiwala, the Tribunal gives no weight to his opinion.

Mr. Fortune admitted that the weaving is an item that is subjective in nature. He stated that the weaving is not excessive, not unusual, and not a defect. Ms. Lumley said that the deviations that she observed are acceptable and are not a defect. Ms. Lumley and Mr. Fortune have extensive experience in inspecting houses; therefore, the Tribunal places greater weight on their testimony than on the testimony of Mr. & Mrs. Rizzo regarding the weaving of the brickwork. Accordingly, the Tribunal finds that the weaving of the brickwork is not a defect.

The parties disagree on whether the walls deviate from plumb. Mr. Rizzo testified that he found a divergence of the wall from the string that he put up of up to two and a quarter inches. The Tribunal finds that the top of the walls does deviate from the string put up by Mr. Rizzo. Mr. Rizzo said that he used a torpedo level to adjust the string until it was plumb. Ms. Lumley and Mr. Fortune both stated that one cannot determine whether such string is vertical using a torpedo level. Mr. Fortune said that the only way to determine if a wall is vertical is to drop a plumb line, a line with a weight attached at the bottom. Both Ms. Lumley and Mr. Fortune testified that they could not see any walls departing from vertical. Mr. Fortune stated that he

would notice a one inch to two inch divergence from vertical of a two storey wall without a plumb line. Again, no expert testified on behalf of the Applicants. The Tribunal puts greater weight on the testimony of the experts, Ms. Lumley and Mr. Fortune, than on the testimony of Mr. Rizzo, and the Tribunal finds that the Applicants failed to prove that the string put up by Mr. Rizzo is plumb. The Tribunal concludes that the deviation of walls from the lines of string does not prove that the walls are not vertical. Thus, the Tribunal does not find that the alleged deviation of walls from vertical is a defect.

Section 13(1) of the *Ontario New Home Warranties Plan Act* partly states that a vendor of a home warrants to the vendor that the home is constructed in a workmanlike manner and is free from defects in material. On the facts as found, the Tribunal finds no breach of the warranty under section 13(1) of the Act, and the Tribunal finds that the decision of the Program was not in error.

DECISION:

Accordingly, by virtue of the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicants' claims.

ORDER AND REASONS FOR ORDER

BACKGROUND

Ronccone Construction Limited (the "Applicant") appeals the Notice of Proposal ("the Proposal") to suspend its registration as a builder/vendor under the *Ontario New Home Warranties Plan Act* (the "Act"). The Proposal issued by the Ontario New Home Warranty Program (the "Program") is dated October 31, 2001.

Following service of the Proposal on the Applicant, the Applicant filed a Notice of Appeal with the Tribunal and pursuant to provisions of the Act a hearing of the Applicant's appeal is to be heard in London, Ontario on May 13, 14 and 15, 2002.

By notice of the Tribunal dated January 7, 2002 sent to the Applicant and the Program, an in person pre-hearing was set down for hearing in London, Ontario for March 28, 2002 at 9:30 am. This pre-hearing was called pursuant to Section 9 (4) of the Act in response to the Applicant's request for such pre-hearing.

By Notice of Motion dated March 13, 2002 the Program now moves for an order that the in person pre-hearing scheduled to be heard in London, Ontario be rescheduled to proceed electronically, by teleconference, at the same scheduled time and date, namely 9:30 a.m. on March 28, 2002. The Applicant opposes the granting of such order.

POSITIONS OF THE PROGRAM

The Program filed an affidavit by Netanus Rutherford ("Rutherford") in support of its motion.

Rutherford states as follows on her affidavit:

1. She is the Manager, Dispute Resolution and Counsel of the Program.
2. The Applicant, when filing its appeal, requested a pre-hearing in person to which the Program agreed as long as it could be done in a cost-efficient and time-efficient manner. It is her understanding that when an Applicant resides a significant distance from Toronto, the Tribunal's general practice is to conduct pre-hearings by teleconference so as to save the time and expenses of travel by the parties and the Vice-Chair. Accordingly, the Program's position, outlined by it in a letter to the Tribunal, is that a pre-hearing in this matter should be held by teleconference if it is not to be held in Toronto.
3. The Applicant took the position that it would not agree to the pre-hearing being conducted by teleconference but gave no reasons whatsoever for its refusal.
4. The Tribunal by notice dated January 7, 2002 advised the parties that the pre-hearing was scheduled to be held at London, Ontario on March 28, 2002.
5. The Program has retained Toronto Counsel in this and eight other similar matters and Netanus Rutherford goes on to state:
 - i. The Program has retained Toronto Counsel in this and eight similar matters referred to below. The Program has selected this Counsel for her expertise in both the *Ontario New Home Warranties Plan Act* and the *Canadian Charter of Rights and Freedoms*, as well as her availability on the dates scheduled for both the pre-hearings and hearings in all nine matters. To send Counsel to London, ONHWP will incur an expense for round-trip train fare. In addition to expense, the travel time for Counsel will be about 6 hours (including check-in) for the round trip. This will grossly exceed the time actually spent in the pre-hearing itself, which will likely last less than an hour.
 - ii. The Applicant's reasons for requesting a hearing are identical to those of eight other Applicant builders with hearings pending before the Tribunal. All nine Applicants, including the Applicant, have refused to sign the new Vendor and Builder Agreements; all nine Applicants have as a result received Notices of Proposal from ONHWP; and all nine appealed at about the same time and filed identical grounds for appeal. All nine allege that the new Agreements contravene the *Canadian Charter of Rights and Freedoms*, but fail to include any section numbers or other particulars. Given the identical wording of the grounds for appeal, it appears that these Applicants are

working together as a group or under a common advisor.

- iii. Pre-hearings have already taken place with respect to a number of this group. In every case that is proceeding further, the presiding Vice-Chair has obtained approval from the parties as to certain agreed facts and set out a schedule for disclosure of the Charter arguments and responses.
- iv. The Program, will seek substantially the same order at the pre-hearing in this matter. That is, the Program will seek a schedule for disclosure of the Charter argument by the Applicant, well in advance of the hearing.
- v. There is no reason why the pre-hearing must proceed in person in London rather than by teleconference.
- vi. On the contrary, there are several reasons why a teleconference pre-hearing would be more appropriate than an in-person pre-hearing in London:
 - a) the lack of prejudice to the Applicant;
 - b) the cost required to travel to London for a short pre-hearing
 - c) the time required to travel to London for a short pre-hearing
 - d) the Tribunal's own practice of conducting "long-distance" pre-hearings by teleconference rather than in person;
 - e) the fact that the pre-hearing is necessitated by the Applicant's own conduct in failing to include the necessary particulars in its Notice of Appeal;
 - f) most importantly, the existence of pre-hearing orders made in two identical cases, and the desirability of consistent case management for all common appeals.

Counsel for the Program, in her submissions to the Tribunal, reviewed the affidavit of Ms. Rutherford and submitted that Rule 10.2, of the Tribunal's Rules of Practice permit the Tribunal holding a hearing in an electronic form and that "a hearing" includes a pre-hearing conference.

She further submitted that Rule 10.2.1 of the Tribunal's Rules of Practice state, that in deciding whether to hold an electronic hearing, the Tribunal may consider the cost, efficiency and timeliness of such proceedings. Counsel further submitted that there would be no prejudice to the Applicant for the pre-hearing taking place by teleconference, particularly as the date and time proposed for the pre-hearing by teleconference is the same date and time as that scheduled for the in person pre-hearing in London, Ontario.

POSITION OF THE APPLICANT

By letter dated March 21, 2002 addressed by the Applicant to the Tribunal and received by the Tribunal at 8:30 a.m. on March 22, 2002, the Applicant's representative Mr. Francesco Roncone stated that the Applicant objected to the pre-hearing taking place electronically. He

also stated that “due to the extremely short time given of this notice, I will be unavailable on Friday, the 22nd day of March 2002 commencing at 9:30 a.m.”

Stacy Murphy of the Tribunal, testified at the hearing of this motion that she telephoned and spoke with Francesco Roncone at 8:25 a.m. on Friday March 22, 2002. Ms. Murphy stated that she advised Mr. Roncone that he would again be telephoned at 9:30 a.m. so as to join in and participate in the teleconference call in regard to the Motion. Ms. Murphy was informed by Mr. Roncone that he was not available and would not participate in the teleconference call. Ms. Murphy advised Mr. Roncone that if he did not attend on the teleconference call at 9:30 a.m. the motion would proceed in his absence and an order may then be made. At 9:30 a.m. and again at 9:40 a.m., Ms. Murphy attempted to communicate telephonically with Mr. Roncone for the purpose of the teleconference but on both occasions the telephone was not answered. The hearing of the motion was proceeded with the absence of the Applicant.

THE LAW

Section 25.1 (1) of the statutory Powers Procedure Act R.S.O states:

“A Tribunal may make rules governing the practice and procedure before it.”

Section 5.2 (1) of the Statutory Powers Procedure Act R.S.O states:

“A Tribunal whose rules made under section 25.1 deal with electronic hearings may hold an electronic hearing in a proceeding.”

Section 5.2 (2) of the Statutory Powers Procedure Act R.S.O states:

“The Tribunal shall not hold an electronic hearing if a party satisfies the Tribunal that holding an electronic rather than an oral hearing is likely to cause the party significant prejudice.”

Rule 9.2 of the Rules of Practice of the Tribunal states:

“The Tribunal on its own initiative or in response to a motion by one of the parties may direct the parties to participate in a pre-hearing conference.....”

Rule 10.2 of the Rules of Practice of the Tribunal states:

“ The Tribunal may, in accordance with these rules and subject to the Act under which the proceeding arises, hold an electronic hearing.”

APPLICATION OF LAW TO FACTS

The Program seeks an Order that the pre-hearing conference in this matter, scheduled to

proceed on Thursday March 28, 2002 at 9:30 a.m. in London, Ontario be rescheduled to proceed electronically at the same scheduled time and date.

The Applicant opposes the Motion but did not partake in the Motion hearing and accordingly made no submissions. The hearing of the Motion proceeded in the absence of the Applicant and the Tribunal after hearing the Program's submission issued an Order, with reasons to follow, that the pre-hearing scheduled to proceed on March 28, 2002 at 9:30 a.m. in London, Ontario be rescheduled to proceed electronically on the same date and time. The Tribunal's reasons for its Order follow.

The Tribunal, in terms of Rule 10.2 of its Rules of Practice, may hold an electronic hearing. A hearing shall, in the Tribunal's opinion, include a pre-hearing.

In considering whether to hold an electronic hearing the Tribunal may, in terms of Rule 10.2.1, consider any relevant factors, including the cost, efficiency and timeliness of proceedings. The Tribunal may, in its discretion, order an electronic hearing. It would be both fair and reasonable that in this instance an electronic pre-hearing be ordered. An electronic pre-hearing is a cost efficient manner of dealing with the pre-hearing. By requiring a party or parties to travel for some distance over a period of many hours, so as to attend a pre-hearing conference, would be unreasonable and uneconomic when an equally efficient and more economic method could be used, such as teleconference. There would be no disadvantage or prejudice to the Applicant if a teleconference pre-hearing were to be held.

The expense and time of the Program's Counsel's travel to an in-person pre-hearing in London, Ontario is not called for when a teleconference could adequately, efficiently and economically take the place of such in person pre-hearing. There would be no change as to the time and date of the pre-hearing and there is no prejudice to the Applicant in regard to that aspect. A teleconference pre-hearing would allow the Applicant to remain at its office in Sarnia and would also save the Applicant the time and cost involved in travelling to and from London, Ontario. It is therefore to the advantage of the Applicant to have the pre-hearing by teleconference.

Having regard to the facts that have been placed before the Tribunal, there is no reason to believe the Applicant will suffer prejudice in the event of a pre-hearing being conducted by teleconference. The Applicant's representative declined to offer convincing evidence of any prejudice.

DECISION AND ORDER

It is therefore ordered that the pre-hearing in this matter, scheduled to proceed on Thursday March 28, 2002 at 9:30 a.m. in London, Ontario be rescheduled to proceed electronically at the same scheduled time and date.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Paul Mendell (hereinafter referred to as "the Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal based on the following terms and conditions:

1. The Applicant will not conduct any purchases with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a Dealer under the Motor Vehicle Dealers Act.
2. The Applicant agrees to make arrangements, satisfactory to the Toronto Auto Auction, for the repayment of all monies owing with regard to the 1993 Infinite (VIN JNKNG01C9PM224394) within 60 days of the date of having his registration reinstated pursuant to this Order.
3. The Applicant warrants that all documents submitted to the Receiver and Trustee in Bankruptcy are complete and accurate in all material respects. The Applicant further acknowledges that the Registrar is relying upon the accuracy of the disclosure provided by the Applicant to the Registrar in entering into these terms and conditions.
4. The Applicant agrees not to be a partner, shareholder, officer, director or sales manager of a motor vehicle dealership.
5. The Applicant agrees to provide the Registrar with proof of his/her Discharge From Bankruptcy, immediately upon being discharged.
6. The Applicant agrees not to transfer his/her registration as a motor vehicle salesperson to another dealer without having first obtained the prior written consent of the Registrar.
7. The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
8. The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or her authorized representatives regardless of previous disclosure.
9. The Applicant agrees that he is under a positive obligation to disclose all material facts in writing about the vehicles he sells to his customers. Material facts include but are not limited to salvage, previous

salvage, frame and unibody damage, rebuilt, accident repair, theft recovery, prior use as a police cruiser or taxicab and branded vehicles.

10. The Applicant agrees that where a vehicle's odometer reading is unknown the Applicant is under a positive obligation to disclose in writing the last known mileage and that the true mileage is unknown. The Applicant's further agrees that if he exchanges or repairs an odometer he will do so in accordance with the Motor Vehicle Dealers Act and ensure that the identical reading appears on the new odometer.
11. The Applicant will comply with the Ontario Motor Vehicle Industry Council's Code of Ethics and Standards of Business Practice as may be amended from time to time.
12. The Applicant agrees that he will not be involved with the buying and selling of motor vehicles without the benefit of registration.
13. The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council's Automotive Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that he will pass the certification course within 60 days of having his registration reinstated pursuant to this Order.
14. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred in the past or that may occur in the future related to his financial circumstances and his honesty and integrity.
15. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
16. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
17. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
18. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
19. The Applicant hereby acknowledges that he have obtained or have had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of Toronto this day of March, 2002.

Paul Mendell (signature)

JOHNSTONE, CRAIG AND MARGARET

PREHEARING

CRAIG AND MARGARET JOHNSTONE

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: DEREK ISRAEL, VICE-CHAIR

APPEARANCES:

CRAIG AND MARGARET JOHNSTONE, appearing on their own behalf
FIL CECE, Agent, representing the Ontario New Home Warranty
Program
JEFFREY J. BRANDWEIN, Agent, representing Lakeside Community
Inc., the Added Party

DATE OF

PREHEARING: March 12, 2002

Toronto

ORDER

Following the attendances on March 12, 2002 at a prehearing before this Tribunal of Craig and Margaret Johnstone, appearing on their own behalf (the "Applicants"), and Fil Cece, Agent on behalf of the Ontario New Home Warranty Program (the "Program") and Jeffrey J. Brandwein, Agent on behalf of Lakeside Community Inc. (the "Added Party");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday June 10, 2002 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario and to continue, if necessary, on June 11 and June 12, 2002 at the Tribunal's above chambers;

- 1) The Parties to the hearing are the Applicants, the Program and the Added Party;

- 2) The parties agreed that the following facts enumerated under the heading “The Facts” on pages 2 and 3 of the Program’s decision letter dated November 7, 2001, are correctly described:

Facts

Number 2
Number 3
Number 4
Number 5
Number 6
Number 7
Number 8
Number 10
Number 14
Number 15
Number 16

- 3) With respect to the matters enumerated under the heading “The Facts” on pages 2 and 3 of the Program’s decision letter dated November 7, 2001, the parties agreed as follows:

Number 1 The Agreement of Purchase and Sale was entered into on October 20, 1999.

Number 9 The conciliation report that is disputed by the Applicants is not dated October 4, 2001, but is dated June 26, 2001.

Number 11 Craig Johnstone representing the Applicants confirmed that he called the Program to cancel the conciliation inspection, but he was not able to confirm or deny that he called on August 10, 2001.

Number 12 The Applicants were unable to confirm what attempts, if any, the Program made to contact them to establish a date for the conciliation reinspection.

Number 13 On August 29, 2001 Craig Johnstone met with the Program’s Charlie Spillane at the Program’s Offices in Newmarket and confirmed September 24, 2001 as the date of the reinspection of the Applicants’ home.

- 4) The Applicants shall permit both the Program and its experts and the Added Party and their experts to inspect the Applicants’ home to assess the condition of the home and to inspect the alleged deficiencies therein. The Program and/or the Added Party shall communicate with the Applicants by telephone as to a time and date for such

inspection(s) and shall confirm to the Applicants the date(s) and time(s) of the inspection(s) by way of fax at least 5 days prior to such inspection/ inspections.

- 5) All parties to the hearing shall fully comply with the requirements of disclosure of documents or things as set forth in Rule 6.3 of the Rules of Practice of the Tribunal. All parties shall also fully comply with the disclosure requirements set forth in Rule 6.4 of the Rules of Practice of the Tribunal dealing with expert witnesses.
- 6) Notwithstanding the paragraph above, by no later than March 28, 2002 the Applicants shall deliver to the Program copies of the reports of the following persons who they intend to have testify as experts on the Applicants' behalf at the hearing. These reports were shown to the agents of the Program and the Added Party at the pre-hearing.
 - (i) The written report dated March 7, 2001, of Eldon Hung of Durham Engineering which consisted of 4 typed pages and 8 colour photographs.
 - (ii) The written report dated November 9, 2001, of George of Mr. Rooter Plumbing written on invoice 21222 of Mr. Rooter Plumbing.
 - (iii) The letter dated January 14, 2002, signed by Doug McNeill of NEXFOR and addressed to the Applicants to which was attached a 3 page document from the National Oak Flooring Manufacturers Association.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the Motor Vehicle Dealers Act, (hereafter the "Act") the parties to the proceeding, 620773 Ontario Limited o/a Classic Caddies Cars, (hereafter the "Dealer"), and the Registrar, Motor Vehicle Dealers Act, (hereafter the "Registrar") waive the requirement of a hearing and consent to an Order of the Licence Appeal Tribunal (hereafter the "Consent Order") based on the following terms and conditions to its registration as a motor vehicle dealer:

1. The Dealer acknowledges and understands that it will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Dealer. In particular the Dealer will not retain Donald Horton in any capacity at the Dealership, unless Donald Horton is registered as a salesperson under the Act.
2. The Dealer agrees not to allow its registration to be used to facilitate conduct which would violate the Motor Vehicle Dealers Act. In particular the Dealer will not allow any other person to use the dealer number or dealer registration.
3. The Dealer further acknowledges that the restrictions concerning the activities of salespersons referred to in these terms and conditions, applies to both buying and selling on behalf of a dealer. "Buying and selling" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase or sale of a vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Dealer.
4. The Dealer agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required by the Motor Vehicle Dealers Act. The Dealer further agrees to store its books and records at the location approved by the Registrar.

5. The Dealer will ensure that all advertisements placed by or on behalf of the Dealer will identify its registered name and the address of the location approved by the Registrar.
6. The Dealer agrees not to invite the public to deal at a place other than its approved location.
7. The Dealer agrees to operate exclusively from the registered premises approved by the Registrar. The Dealer agrees to apply for the Registrar's approval, by way of prior written notice, of any change in registered premises address in the form required by the Registrar.
8. The Dealer will not conduct any purchases or sales with anyone who is in the business of buying and selling motor vehicles without confirming that they are registered as a dealer under the Motor Vehicle Dealers Act.
9. The Dealer will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.
10. The Dealer will not purchase vehicles without ensuring that the vehicle is registered to the seller.
11. The Dealer agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
12. The Dealer agrees that it is under a positive obligation to disclose, in writing, all material facts about the vehicles it sells to its customers. Material facts include, but is not limited to disclosure of salvage, previous salvage, accidented and repaired, frame damage and unibody damage. The Dealer agrees to make reasonable efforts to research the history of all vehicles prior to sale to ensure all material facts are disclosed. The Dealer agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Dealer has sold, the Dealer will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
13. The Dealer agrees to comply with the Code of Ethics and Standards of Business Practice
14. The Dealer agrees to comply with all of its obligations pursuant to the Retail Sales Tax Act.
15. The Dealer acknowledges and understands that its registration will not be used to buy or sell motor vehicles where the Dealer knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
16. The Dealer acknowledges that the Registrar may take further administrative action, including a proposal to revoke its registration, arising from any matters that have occurred or may occur related to honesty and integrity or financial position.
17. The Dealer hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
18. The Dealer agrees and acknowledges that should it breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.

19. The Dealer hereby withdraws its appeal to the Licence Appeal Tribunal.

20. The Dealer acknowledges that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out herein.

Signed in the City of _____, this _____ day of _____ 2002.

HEARING: March 14, 2002 Written

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- 1) Notice of Appeal, filed by the Applicant, January 1, 2002.
- 2) Notice of downgrading of Applicant's Licence, dated December 10, 2001 from the Ministry of Transportation.
- 3) Medical Advisory Committee ("MAC") Case Study dated November 7, 2001.
- 4) Letter from Applicant's endocrinologist dated February 14, 2002.

- 5) Letter from Applicant's endocrinologist dated March 7, 2002.
- 6) Summary of the evidence prepared by the Respondent.
- 7) National Safety Code sections on Metabolic Diseases Diabetes Mellitus, Thyroid Disease

FACTS:

The Applicant is a 54-year-old truck driver, who had his driver's licence downgraded from Class "ACM" to a Class "GM" on December 10, 2001. This was a recommendation from the Medical Advisory Committee (Exhibit #3), after monitoring the Applicant's medical reports, received from his endocrinologists, Doctor #1 and Doctor #2.

As a result of the most recent report, the MAC did not feel the Applicant had insight into his condition, in that he was on a high dose of insulin, instead of improving his diabetic diet and losing weight. His self-monitoring of his blood sugars was only every few days and it was felt the risk of hypoglycemic reactions was high. The MAC determined his diabetes was not well controlled for a commercial licence and he should be disqualified as per National Safety Code 8.2(3)(3,4,5).

The Applicant has had a Class "A" licence, since 1992. At that time, he had been diabetic for six years and was well controlled on 30 units of Humulin-N insulin and weighed 230 pounds. He also has hypothyroidism and a history of hypertension, but both are well controlled.

Since his licence was downgraded, he has instituted regular blood glucose monitoring 2-4 times daily and is closely followed by a diabetic teaching nurse and a dietician at the Diabetic Teaching Centre. According to his endocrinologist, he has made significant lifestyle improvements with normal blood sugars. He has experienced mild hypoglycemia with a feeling of diaphoresis, weakness and tremor, relieved by taking adequate carbohydrate. He has never had an episode of severe hypoglycemia.

The Applicant's endocrinologist further states he is on a moderate dose of insulin and has improved his dietary compliance significantly. With his current blood sugar control, he does not have any symptoms of hyperglycemia either and in Doctor #2's opinion, he is "unequivocally safe to operate a commercial vehicle."

ISSUES:

Should the decision of the Minister to change the class or class of motor vehicles in respect of which the licence is issued in accordance with the result of the examination be varied, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

- 17. (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
 - (a) has no history or clinical diagnosis of diabetes that requires insulin for control;
 - (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the applicable class safely;
 - (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe

driving of a motor vehicle of the applicable class;

- (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
- (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure, qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.
- (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full recovery and there is no established history of a second occurrence of myocardial infraction, thrombosis or recurring angina pectoris.
- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.
- 18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,
 - (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
 - (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places

that the Minister may require and the Minister may,

- (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

50(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal.

(2) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

When the Medical Advisory Committee recommended that the Applicant's driver's licence be downgraded, the Minister acted in accordance with the *Highway Traffic Act*, Regulation 340/94 Section 14(a) and Sections 17 and 18 in downgrading his driver's licence from an "ACM" to a "GM".

The Applicant, according to his endocrinologist, was then not following the accepted monitoring procedures and although he had not suffered a hypoglycemic reaction, he was a high risk for one. The Applicant immediately attended a diabetic clinic, improved his diet, began regular monitoring of his blood sugars and visiting his endocrinologist on a regular basis. The same endocrinologist, who reported him initially, stated in a letter of March 7, 2002 (exhibit #5), "in my opinion as an endocrinologist he is unequivocally safe to operate a commercial vehicle".

The MAC based its recommendation on the National Safety Code for Motor Carriers 8.2(3) (3,4,5). The first section 8.2(3) states:

"The major concern in diabetes and driving is hypoglycemia, particularly if there is a lack of awareness of warning symptoms. Type II diabetics treated with insulin are less prone to hypoglycemia because they are relatively resistant to insulin. ----- Diabetic individuals treated with injectable insulin are eligible for class 5 licence, if they are not subject to hypoglycemia and do not have disqualifying cardiovascular, neurologic (sic) or ophthalmic disease.

The Canadian Diabetes Association has recommended that diabetics treated with injectable insulin who hold commercial licences observe the following guidelines for driving:

- 1) the driver must at all times while driving carry self-monitoring equipment, a source of rapidly

absorbable glucose on his person, and insulin and shringes/pump/injector;

- 2) the blood glucose concentration must be tested within an hour before driving and every 4 hours while driving. Driving must be stopped if the blood glucose value is less than 6 mmol/l, until the glucose level has risen by food ingestion;
- 3) driving should be limited to a maximum period of 12 hours in a day, with a maximum of 6 consecutive hours between meals.

May be considered for class 1,2,3,4 only if the following conditions are met:

- 1) No episode of hypoglycemia requiring the need for intervention by an outsider for correction within the previous 2 years;
- 2) No evidence of hypoglycemia unawareness;
- 3) The diabetes is well controlled;
- 4) Self-monitoring is adequate-a verifiable log is maintained;
- 5) Knowledge of the disease and causes, symptoms and treatment of hypoglycemia is adequate;
- 6) No other disqualifying complications."

Section 8.3 states:

Hypoglycemia

Standard: Individuals subject to spontaneous attacks may not operate any type of motor vehicle until the condition is treated and the cause eliminated.

Section 8.4 states:

Thyroid Disease

Individuals with marked hyperthyroidism cannot operate any type of motor vehicle safely because of the frequent coexistence of cardiac problems and emotional disturbances.

Standard; not permitted any class of licence until the condition has been medically treated and controlled.

This is not applicable as the Applicant has hypothyroid disease controlled with Thyroxin.

The Tribunal does not find that any of these sections from the National Safety Code for Motor Carriers pertains to the Applicant's diabetic or hypothyroid conditions. As confirmed by Doctor #2 medical reports (exhibits # 4 & 5), the Applicant's diabetes is well controlled on his present regime and he has never experienced a severe hypoglycemic attack. He admits to mild hypoglycemia with adequate warnings of diaphoresis, weakness and tremor relieved by ingesting carbohydrates.

Once Doctor #2 brought the Applicant's poor self-monitoring and general diabetic control to his attention, the Applicant rectified his protocol immediately and has followed through with continued attendance at the diabetic clinic, regular blood glucose testing and maintaining a log. He has made significant lifestyle changes and has good insight into his medical condition. He is self-employed so he is able to modify his hours of work as required.

The Tribunal did not find that the evidence presented at the hearing is sufficient to support the Minister's decision to downgrade the Applicant's driver's licence from an "ACM" to "GM".

DECISION:

Upon the application by the Applicant to appeal the decision dated December 10, 2001 of the Minister to change the class or classes of motor vehicle in respect of which the licence was issued pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act*, and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Minister be set aside.

LICENCE APPEAL TRIBUNAL

Ross Bennett, M.D.,
Presiding Member

RELEASED: March 22, 2002

GHANDOUR, ALI M.

ALI M. GHANDOUR

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
MOTOR VEHICLE DEALERS ACT

TO REFUSE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

ALI M. GHANDOUR, Applicant, appeared on his own behalf
YOVANKA McBEAN, Agent, representing the Registrar under the
Motor Vehicle Dealers Act

DATES OF
HEARING:

March 14 and 15, 2002

OTTAWA

DECISION AND ORDER

BACKGROUND:

Ali M. Ghandour (the "Applicant") appeals the Proposal of the Registrar of the *Motor Vehicle Dealers Act* (the "Act") to refuse the Applicant's registration as a salesperson of motor vehicles. The Proposal was issued on November 6, 2001 in terms of s. 7.(1) of the Act and the Registrar bases his Proposal on s. 5 (1) (a) and (b) of the Act.

The Registrar takes the position that the Applicant's registration should be refused as the Applicant's past conduct affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty; further the Applicant cannot be reasonably expected to be financially responsible in the conduct of business.

The reasons given by the Registrar in his Proposal for his refusal to register the Applicant are as follows:

The intention and objective of the Act is to protect the public interest. The requirements of the Act include that Registrants be financially responsible in the conduct of business and that Registrants carry on business in accordance with the law and with integrity and honesty. The Applicant's past conduct is inconsistent with the intention and objective of the Act, and therefore warrants disentitlement to registration under the Act. Therefore, the Registrar is unwilling to register Ali Mohamad Ghandour under the *Motor Vehicle Dealers Act*.

The Registrar's Proposal gives the following particulars regarding the reasons for his Proposal:

- 1) The Applicant applied for registration as a motor vehicle salesperson on October 4, 2001. He proposes to work for Youssef Akil Abdul-Hussein o/a Express Auto Sales.
- 2) The Applicant failed to disclose his previous employment at A1 Tire Centre.
- 3) Mohamed Ahmed Tirani O/A A1 Tire Centre was a registered motor vehicle dealer whose registration was revoked on June 24, 2000.
- 4) On or about January 29, 1998, Ali Ghandour completed an application for registration as a salesperson under the Act and the sponsoring dealer was Mohamed Tirani O/A A1 Tire Centre. In response to question 6 on the application, which asks if the Applicant has ever been involved in personal bankruptcy proceedings, Mr. Ghandour answered "no".
- 5) The Applicant had declared personal bankruptcy on October 22, 1997.
- 6) The Applicant failed to provide full disclosure to the Registrar on his January 29, 1998 application for registration.
- 7) On or about March 7, 2000, Ali Ghandour purchased a 1989 Honda Civic (VIN 2HGED6303KH006917) on behalf of Mohamed Tirani O/A A1 Tire Centre. The odometer reading at the time of Mr. Ghandour's purchase of the vehicle was 253,997 kilometres.
- 8) On or around June 2000, the 1989 Honda was the subject of an insurance claim filed by Ali Ghandour with Wawanesa Insurance. Wawanesa Insurance consequently sold the vehicle as salvage on or about July 5, 2001. The odometer reading at the time of sale by Wawanesa was 162,977 kilometres.
- 9) On or about September 9, 1998 Ali Ghandour purchased a 1992 Pontiac Bonneville (VIN 1G2HX53LXN1295678). The odometer reading at the time of Mr. Ghandour's purchase was approximately 291,000.
- 10) On or around June 2000, the 1992 Pontiac Bonneville was also the subject of an insurance claim filed by Ali Ghandour with Wawanesa Insurance. Wawanesa Insurance consequently sold the vehicle as salvage on or about July 10, 2001. The odometer reading at the time of sale by Wawanesa was

141,119 kilometres.

11) The Applicant has provided false information on previous applications submitted to the Registrar.

12) Ali Ghandour O/A All Star Auto Sales submitted an application for registration as a motor vehicle dealer on or about September 8, 2000.

13) The Applicant had his application for registration as a motor vehicle dealer refused on April 19, 2001.

14) The Applicant has failed to comply with the Act, in particular with Section 5.
[Exhibit 1, Tab 1]

THE EVIDENCE:

The evidence for the Registrar consisted of documents as well as the testimony of Andrew Michael Lloyd and Mary Jane South. The evidence of the Applicant consisted of the testimony of the Applicant himself.

Testimony of Andrew Michael Lloyd

Andrew Michael Lloyd ("Lloyd") stated that he is a field adjuster with Wawanesa Mutual Insurance Company ("Wawanesa") in Ottawa. In his capacity as adjuster he addresses insurance claims made against Wawanesa. In February 2000, he received the file of the Applicant with the purpose of adjusting the file in regard to a claim made by the Applicant.

Lloyd testified that the Applicant, whose 1989 Honda Civic DX was insured with Wawanesa, reported that on June 19, 2000 his motor vehicle had been involved in a collision. The Applicant had reported that this Honda vehicle, then driven by the Applicant, had been stationary behind another vehicle at a traffic light. When the light turned green, the vehicle in front of him reversed into the Honda instead of proceeding forward. The vehicle that collided with the Applicant's Honda then sped off and the Applicant tried to follow but was not successful in stopping the other car which was then lost in traffic, without the Applicant being able to obtain the vehicle's registration number.

Pursuant to the Applicant's report of the collision, an in-house appraiser inspected the Honda and determined that it had been damaged to the extent that the cost of repairing it exceeded the vehicle's cash value immediately before the collision. It was accordingly deemed a "salvage" vehicle and Wawanesa decided to pay out the Applicant for the value of the vehicle prior to the collision. Wawanesa offered the Applicant \$2700.00, less the Applicant's deductible of \$300.00, for a net payment of \$2400.00 including P.S.T. The Applicant rejected this offer claiming the Honda was worth some \$5,000.00, having been repainted at a cost of \$1,300.00 a month prior to its collision. Negotiations for an acceptable settlement ensued with

the Applicant and eventually the Applicant accepted a settlement in the sum of \$3,930.00 after the \$300.00 deductible has been factored in.

In the course of settlement negotiations, Wawanesa had obtained certain documentation relative to the Honda vehicle which indicated that at the time it was involved in the collision, on June 19, 2000, it had an odometer reading of 162,977 kilometres. This was considered a low kilometre reading for a 1989 Honda. Normally a Honda of 1989 vintage would, on average, have a 15% higher odometer reading. In valuing the Honda for the purpose of settlement of the Applicant's claim, the low odometer reading was taken into account and Wawanesa increased its offer and ultimately settled with the Applicant.

(Exhibit 1, Tab 13, Pages 1 – 32)

Lloyd proceeded to deal with another claim made against Wawanesa by the Applicant arising out of a collision involving a 1992 Pontiac Bonneville motor vehicle ("Pontiac"). This vehicle was owned by the Applicant and insured with Wawanesa. The collision involving this vehicle occurred on July 10, 2000 some 19 days after the collision involving the Applicant's Honda. The Applicant had stated in his report of the collision that he was driving the Pontiac at the time of the collision and that he was following a car which kept slowing down. The driver of the vehicle he was following gave no signals and the Applicant decided to pass this vehicle. While doing so, the vehicle he was passing made a sudden turn in order to enter a parking lot and in doing so, collided with the Applicant's Pontiac. The collision was reported to the police by the Applicant and the driver of the other vehicle. After speaking with the Applicant, Wawanesa communicated with the insurer of the vehicle with whom the Applicant had collided and ascertained that the collision had in fact taken place and that the vehicle with whom the Applicant collided was insured. That insurer confirmed that its insured driver had been charged with making an unsafe turn but was contesting this charge.

Lloyd stated that the odometer reading of the Pontiac, upon inspection after the collision, was observed to be 141,119 kilometres. The Pontiac was also determined to have been damaged in the collision to such an extent, that the cost of repairing it exceeded the vehicle's cash value immediately before the collision. Accordingly, it was deemed "salvage" and Wawanesa decided to pay out the market value of the vehicle to the Applicant. In assessing the value of the Pontiac prior to the collision, Wawanesa determined that the low kilometres registered on its odometer had to be taken into account. 141,119 kilometres was considered by Wawanesa to be 14% lower than the average distance traveled by a 1992 motor vehicle. Accordingly, in assessing the market value of the Pontiac, Wawanesa added \$630.00 to the base value to compensate the Applicant for the low distance registered on the odometer. After negotiating with the Applicant, the latter and Wawanesa settled on a figure of \$7,626.00 which was paid to the Applicant by Wawanesa.

Testimony of Mary Jane South

Mary Jane South ("South") stated that she is the Deputy Registrar, appointed under the Act,

and is employed by the Ontario Motor Vehicle Industry Council ("OMVIC"). OMVIC is a non-profit organization which is empowered to administer the Act and its regulators and to ensure compliance with the Act and regulations by the Motor Vehicle dealers and salespersons appointed as such under the Act.

Ms. South reviewed section 5 of the Act and stated that such section reflects the consumer protection nature of the Act.

Ms. South further stated that the Applicant is not registered as a motor vehicle salesperson under the Act. She went on to refer to the Applicant's written application for registration as a salesperson dated January 29, 1998. (Exhibit 1, Tab 8). In that application, the Applicant answered "No" to two questions. One of such questions asked whether the Applicant was then or had ever been involved in personal bankruptcy proceedings. The other question asked if the Applicant had any unpaid judgements outstanding against him.

(Exhibit 1, Tab 8)

When this application was received by OMVIC it was reviewed. It was decided that the Applicant would be refused registration due to Applicant's outstanding debts and his bankruptcy. However, before a Proposal could be issued by the Registrar, the Applicant abandoned his application for registration.

On September 8, 2000, OMVIC received a further application from the Applicant for registration as a motor vehicle salesperson. This application was dated September 7, 2000. In this application, the Applicant answered "No" to questions 6 and 8. Question 6 asked whether the Applicant was then engaged or had ever been involved in personal bankruptcy proceedings. Question 8 asked if there were any unpaid judgements outstanding against the Applicant. In this application, the Applicant also stated that he was employed by Blue Line Taxi, as a taxi driver, from April 1996 to August 2000.

(Exhibit 1, Tab 19)

After receipt of this application, Ms. South wrote the following letter, dated October 31, 2000 to the Applicant.

"This is further to your application for registration as a new motor vehicle dealer.

This is to advise you that, on October 7, 2000, we received an anonymous complaint concerning you. Among other things, the complaint alleged that you sold a number of vehicles without the benefit of registration. This causes me concern particularly, in light of a conversation that my colleague Janet Currah advised me she had with you. She indicated to me that you disclosed in a telephone conversation with her that you were already selling vehicles using someone else's name while awaiting approval of your application.

As a result of this complaint, I ran a credit check on you. Your credit report indicates your current employment as 'A1 Tire' and shows your previous employment as 'A G Auto'. Could you please confirm whether you have been employed, in any capacity, with either one of these dealerships and advise me why this was not disclosed on your original application. The credit

report also shows that you declared bankruptcy in 1997. Could you please confirm whether this is accurate and advise me why this was not disclosed on your application for registration. I would also appreciate your explanation as to the circumstances leading up to your bankruptcy. Also, your credit report shows that there is an outstanding judgement against you in the favour of the Trans Canada Credit Corp in the amount of \$5,940. Could you please advise me what this is about and why it was not disclosed on your application.

Your written response to this letter would be appreciated.”

(Exhibit 1 Tab 20)

In response to Ms. South's letter of October 31, 2000 the Applicant, on November 6, 2000, replied as follows:

“This is further to your letter of October 31, 2000 with respect to the above-noted subject.

I was extremely surprised regarding the issues raised in your letter. The facts are as follows:

- I did not call or speak to your colleague Janet Currah.
- I did not sell or participate in the sales of cars. I do not have any business activities. My effort was to comply with OMVIC requirements to obtain my dealer permit. The anonymous caller is not telling the truth and obviously trying to hurt me.
- With respect to A1 Tire, it is true that I did work for them for a short period of time in the repair area. I was not a car salesman.
- With respect to A G Auto, I never heard this name before and I don't know why this Company was listed as my employer at the credit bureau.
- In 1997, I had some financial difficulties and filed bankruptcy accordingly. The application was prepared by a consulting firm. I provided them with the list of information they requested. I was not aware that this information is needed on the application form. I was discharged long time ago. The debt amount of Canada trust was before the bankruptcy. Please note that the omission of this fact on my application was not intentionally. I relied on the Consulting firm for its completion.

Would you please consider the foregoing is the truth. I am willing to take an oath and sign an affidavit accordingly concerning this matter.

If you require any further information, please feel free to call me at (613) 299-7222. Thank you for your understanding.”

(Exhibit 1, Tab 22)

On November 27, 2000, the Registrar issued a Notice of Proposal to Refuse the Applicant's registration as a motor vehicle salesperson and amplified the proposal by a Notice of Further and other Particulars dated April 3, 2001.

(Exhibit 1, Tab 23 and Tab 24 respectively)

The Applicant failed to exercise his right to a hearing before this Tribunal, in terms of section 7.(2) of the Act. The Registrar accordingly gave the Applicant written notice, pursuant to section 7.(3) of the Act, that he was carrying out his Proposal to Refuse the Applicants

registration as a motor vehicle salesperson.

(Exhibit 1, Tab 25)

Ms. South stated that by written application dated October 2, 2001 the Applicant once again applied for registration as a motor vehicle salesperson. In this application, the Applicant stated he was employed as a taxi driver by "Taxi Blue Line" from May 1990 to the present. Further, the Applicant now answered "Yes" to the question asking whether he was then or ever had been involved in personal bankruptcy proceedings. He again answered "No" to the question of whether there were any unpaid judgements pending against him. Attached to the application was a copy of a completed statement of affairs under the *Bankruptcy and Insolvency Act*, signed by the Applicant, in which the Applicant had stated that he had been unemployed in the last five years and that his monthly income included \$1392.00 from Social Assistance. This statement of affairs was dated October 22, 1997. Ms. South also stated that the Applicant's statement of affairs contained a statement that he was unemployed in the five years before October 22, 1997. This was inconsistent with his statement in his application of October 2, 2001 that he worked for "Taxi Blue Line" from May 1990 to "present".

(Exhibit 1, Tab 4)

Ms. South further stated in her testimony that the Applicant's statement on his September 2000 application for registration (Exhibit 1, Tab 19 Section D), that he was employed by Blue Line Taxi from April 1996 to August 2000, was inconsistent with his statement in his statement of affairs signed on October 22, 1997 that he had been unemployed for "the last 5 years". (Exhibit 1, Tab 4). She also stated that the Applicant's statement in his September 2000 application for registration (Exhibit 1, Tab 19) that he was employed by Blue Line Taxi from April 1996 to August 2000 was inconsistent with the Applicant's statement in his statement of affairs that he was not employed for "the last 5 years" prior to his signing that statement of affairs on October 22, 1997.

She also stated that the Applicant's denials regarding his bankruptcy and the judgement were false and inconsistent with the fact he had been declared a bankrupt and had an unsatisfied judgement registered against him.

Ms. South also stated that the 1989 Honda Civic, that was involved in a collision and was declared "salvage" by Wawanesa, was purchased for \$759.70 at an auction conducted by Winchester Auto Auctions on March 7, 2000. The buyer's name is shown on the auction bill of sale as "A-1 Tire Centre" of Ottawa. The buyer's signature is unclear on the bill of sale. Written in ink under the buyer's name and address are the words "Ali Mohamad" which words, Ms. South claims, indicate that the buyer's representative at the auction was the Applicant. On the bill of sale the odometer reading of the Honda is stated to be 253,997 Kilometres.

(Exhibit 1, Tab 10)

Ms. South referred to the extract from the Ministry of Transportation's records that indicated that Mohamed Tirani, operating as A-1 Tire Centre, became the registered owner of the Honda on March 8, 2000 and that ownership of the vehicle passed to the Applicant on March

18, 2000.

(Exhibit 1, Tab 12)

Ms. South also referred to the 1992 Pontiac Bonneville motor vehicle which was also owned by the Applicant and was written off as "salvage" following the collision previously referred to. She referred to documentation, placed before the Tribunal, that indicated that the Pontiac was sold on September 3, 1998 at an auction in Ottawa conducted by ADESA auctions. The auction bill of sale reflects the purchaser of the Pontiac to be "A-1 Tire Centre," with an illegible signature of the purchaser's representative appearing at the foot of the bill of sale. The odometer reading of the Pontiac is shown on the bill of sale as 292, 670 Kilometres.

(Exhibit 1 Tab 15)

An extract from the records of the Ministry of Transportation indicated that Mohamed Tirani became the registered owner of the Pontiac on September 9, 1998 and that on October 28, 1998 the Applicant became the next registered owner of the vehicle.

Ms. South states that when OMVIC wrote to the Applicant on October 31, 2000 enquiring of the Applicant if he had been employed by "A1 Tire," the Applicant replied by letter dated November 6, 2000 in which he stated that he did work for "A1 Tire" for a short period of time in the repair area, but not as a car salesperson. Based upon this statement of the Applicant, Ms. South stated " it is reasonable to assume the Applicant therefore spun the odometers."

Testimony of the Applicant

The Applicant testified that he did work intermittently for Blue Line Taxi but was unable to say when he did so. He stated that he obtained and forwarded to OMVIC, together with his September 2000 application for registration, a letter from Blue Line Taxi, dated August 22, 2000 in which letter that taxi firm confirmed that the Applicant worked for Blue Line taxi as a self employed taxi driver, from April 3 1996 to March 31, 2000. His earnings could not be confirmed by Blue Line Taxi as he was self-employed and Blue Line Taxi has no record of his earnings.

(Exhibit 1, Tab 19)

The Applicant denied responsibility for tampering with the odometers of either the 1989 Honda Civic or the 1992 Pontiac Bonneville. He also denied that his signature appears as the purchaser's representative on either of the auction bills of sale regarding both vehicles.

He stated that his signature appeared on all his applications for registration sent to OMVIC.

He also stated that he knew Mohamed Ahmed Tirani for five or six years although he has not seen him over the last two years. He worked for Mohamed Tirani as a mechanic for a short time although he was unable to say exactly when he worked for Tirani or for how long.

FACTS FOUND PROVEN:

The following were the facts that were found proven in this matter.

1. The Applicant is not presently registered as a motor vehicle dealer under the Act.
2. The Applicant made application for registration as a motor vehicle salesperson on January 29, 1998, which application was not granted.
3. In the Applicant's application of January 29, 1998 the Applicant answered "no" to questions whether he had ever been involved in personal bankruptcy proceedings, and whether there were any unpaid judgements outstanding against him.
4. The Applicant filed an assignment into bankruptcy on October 23, 1997. The Applicant completed and signed a statement relating to his affairs dated October 22, 1997 in terms of which he acknowledged he was then unemployed and had not been self-employed in the prior five years.
5. In or about October 1997 a judgement was obtained against the Applicant at the instance of Trans Canada Credit Corporation Ltd. in an amount of \$ 5,940.00 which judgement has not been satisfied.
6. In the Applicant's January 29, 1998 application, the Applicant stated that in the three years preceding January 29, 1998 he was in Lebanon between February 1995 and August 1996 and was not working from February 1996 to January 1998.
7. On September 7, 2000 the Applicant made a further application for registration as a motor vehicle salesperson in terms of the Act. The Applicant did not obtain registration pursuant to this application.
8. In the Applicant's September 7, 2000 application, the Applicant answered "no" to questions whether he had ever been involved in bankruptcy proceedings, and whether there were any unpaid judgements outstanding against him.
9. In the Applicant's September 7, 2000 application, the Applicant stated that he was employed as a taxi driver from April 1996 to August 2000.
10. The Applicant made a further application for registration as a motor vehicle salesperson by way of written application dated October 2, 2001.
11. In the Applicant's application of October 2, 2001, the Applicant denied there were any unpaid judgments registered against him.
12. In the Applicant's application of October 2, 2001, the Applicant stated he was

employed as a taxi driver with "Taxi Blue Line" from May 1990 "to present".

13. The Applicant worked for Mohamed Ahmed Tirani operating as "A-1 Tire Centre" as a motor mechanic.
14. "A-1 Tire Centre" purchased a 1989 Honda Civic DX at an auto auction on September 7, 2000 at which time the odometer reading of the Honda registered 253,997 Kilometres.
15. Mohamed Tirani operating as "A-1 Tire Centre" became the registered owner of the above Honda Civic DX motor vehicle on March 8, 2000 and thereafter on March 18, 2000 transferred its ownership to the Applicant.
16. On or about June 19, 2000, the aforesaid Honda Civic DX, while being driven by the Applicant, was involved in a collision. Pursuant to that collision the Applicant was paid out by its insurer, Wawanesa, the sum of \$4,000.00. The odometer reading of the Honda Civic, at date of collision, was 162,977 kilometres upon which reading Wawanesa based its pay out figure of \$4,000.00.
17. "A-1 Tire Centre" purchased a 1992 Pontiac Bonneville at an auto auction on September 3, 1998 at which time the odometer reading of the Pontiac was 292,670 kilometres.
18. Mohamad Ahmed Tirani operating as "A-1 Tire Centre" became the registered owner of the Pontiac motor vehicle on September 9, 1998 and transferred its ownership to the Applicant on October 28, 1998.
19. On or about July 10, 2000, the aforesaid Pontiac motor vehicle, while being driven by the Applicant, was involved in a collision. Pursuant to that collision, the Applicant was paid out by the insurer of the vehicle, Wawanesa, the sum of \$7,626.00. The odometer reading of the Pontiac at the date of collision was 141,119 kilometres upon which reading Wawanesa based its pay out figure of \$7,626.00.

THE LAW:

Section 7.(1) and 7.(2) of the Act states:

7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after

service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal, and the applicant or registrant may so require a hearing.

Section 5.(1) of the Act states:

5. (1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

(d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

Section 6.(1) of the Act states:

6. (1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section

DECISION AND REASONS:

The onus of proof rests upon the Registrar to prove the past conduct of the Applicant affords him reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

The grounds upon which the Registrar basis his Proposal are:

- (a) Tampering with the odometer readings relating to a 1989 Honda Civic DX motor vehicle and a 1992 Pontiac Bonneville motor vehicle.
- (b) Non disclosure in the Applicant's applications for registration in regard to his bankruptcy and an outstanding judgement registered against him.

In *Brenner v. Ontario (Registrar of Motor Vehicle Dealers and Salesman)* [1983] O.J. No.1017, April 7, 1983, it was clearly stated that the Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks the Registrar was in error in concluding that the past conduct of the Applicant affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty. To overrule the decision of the Registrar, the Tribunal must conclude that he was wrong in his decision and that the conduct of the Applicant does not afford reasonable grounds for belief that the

Applicant will in the future carry on activities in contravention of the Act and its Regulations.

The Tribunal's conclusions and the reasons for its conclusions, based upon the evidence, follow.

ODOMETER TAMPERING

The evidence placed before the Tribunal indicates that in relation to the purchase at the auction sales of both the Honda and the Pontiac motor vehicles, the Purchaser was A-1 Tire Centre which was then owned and operated by one Mohamad Tirani.

(Exhibit 1 Tab 10 and Tab 15)

There was no evidence from the Registrar to show that the Purchaser of either vehicles at the auction sales was other than A-1 Tire Centre. The Applicant, in his testimony, denied that he had attended either of those auction sales or purchased the vehicles on behalf of A-1 Tire Centre.

The only evidence the Registrar introduced at the hearing to implicate the Applicant in the Honda auction sale were the words "Ali Mohamed Gam" that appeared in ink in some unknown person's handwriting on the copy of the auction bill of sale. (Exhibit 1 Tab 10). These words were written next to the Purchaser's name and do not appear as a signature of the Purchaser or his duly authorized representative. There was no other evidence to link the Applicant to either his attendance at the auction sale or having acted as representative of the Purchaser at the auction sale.

As to the allegation of odometer tampering regarding the Pontiac Bonneville, again there is no evidence before the Tribunal from the Registrar to indicate that the Applicant was at the auction sale when A-1 Tire Centre purchased the Pontiac motor vehicle. The signature on the bill of sale is not decipherable and was not shown to be that of the Applicant.

In both instances of the Honda and Pontiac purchases, there is no evidence to show that the Applicant was aware of either vehicle's odometer readings at the time of purchase by A-1 Tire Centre. Further, there was no evidence that showed that either odometers were tampered with by the Applicant himself after A-1 Tire Centre came into possession of the vehicles. The fact that both vehicles' odometers had in all likelihood been tampered with at some time after the auction sales and prior to the time of the collisions, does not in any way prove that the Applicant was responsible for the tampering. That the Applicant admitted working for some two weeks for A-1 Tire Centre at some unclear and unproven date or dates is by no means evidence that proves the Applicant's involvement in any odometer tampering.

The Tribunal was troubled by the Applicant's evasive answers to many questions put to him during his cross-examination. He repeatedly answered questions put to him by saying that he was not able to remember events and showed himself to be unnecessarily argumentative and combative. His repeated evasiveness did not imbue a sense of confidence in the Tribunal as

to his veracity. However, it was not incumbent on the Applicant to assist the Registrar in proving the Registrar's case by providing the necessary evidence to prove the Registrar's case.

Accordingly, the Tribunal finds that in both instances relating to the Honda and Pontiac, the Registrar has not proven that the Applicant was involved in, or responsible for, the tampering with either vehicle's odometer.

NON-DISCLOSURE

The Applicant made written application to the Registrar for registration as a motor vehicle dealer on three separate occasions since 1998. The first of the three applications was made in January 1998, the second application was made in September 2000 and the most recent application was made in October 2001.

The Registrar has alleged that in all three applications the Applicant has failed to make full and honest disclosure and that the Registrar, who should be able to rely on the veracity and the completeness of all answers given by the Applicant, has been misled by the untrue and incomplete answers given by the Applicant. The Registrar argues that the repeated dishonest conduct of non-disclosure by the Applicant is justification for the Registrar's reasonable belief that the Applicant will in the future not carry on business in accordance with law and with integrity and honesty.

Having regard to the Applicant's January 1998 application, it becomes clear that the Applicant failed to disclose his bankruptcy and the judgment registered against him.

Again, in regard to the Applicant's September 2000 application, he clearly failed to disclose his bankruptcy and the judgment registered against him.

The Tribunal finds that the non-disclosure of Applicant's bankruptcy and the judgment registered against him were material non-disclosures. The questions posed to the Applicant in the application, regarding bankruptcy and judgments, were important questions that related to whether the Applicant was financially stable and responsible and could safely be registered to conduct business. The Applicant was sufficiently knowledgeable in the English language to answer all questions in the application forms. His excuse for not truthfully answering the two material questions relating to his bankruptcy and judgment was not that he did not understand the questions, but that he made a mistake with his answers. The Applicant's statement that he made a mistake is not believable and not acceptable by the Tribunal which is of the view that he did not wish to truthfully disclose the bankruptcy and the judgment for fear that such disclosure would prejudice his registration.

Only in the Applicant's third application for registration in October 2001 did he disclose his bankruptcy, but he still denied a judgment had been registered against him. In disclosing his bankruptcy, the Applicant forwarded to the Registrar a copy of his signed Statement of Affairs

which he had filed in October 1997 with his Trustee in bankruptcy. This statement of affairs revealed that he claimed to be a recipient of monthly social assistance payments of \$1392.00 and that he was unemployed and had, within the previous five years, not been self employed. Such statements are inconsistent with the Applicant's statement in his September 2000 application that he had been employed as a taxi driver with Blue Line Taxi from April 1996 to August 2000, which is inconsistent with his statement in his October 2001 application that he worked for "Taxi Blue Line" as a taxi driver from May 1990 to "present".

The Tribunal finds that the past conduct of the Applicant in not disclosing his bankruptcy and judgment, his inconsistent statements in his applications, and his general demeanor and of evasiveness under cross-examination, affords the Registrar with reasonable grounds for his belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

DECISION:

Pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his Proposal dated November 6, 2001 to refuse the registration of the Applicant as a motor vehicle salesperson under the *Motor Vehicle Dealers Act*, as amended.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

Released: March 27, 2002

0959 - MED - SEIZ

**Appeal under Section 50(1) of the Highway Traffic Act,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of the
Registrar of Motor Vehicles pursuant to Section 47(1) of
that Act.**

TO APPEAL A SUSPENDED LICENCE

TRIBUNAL: ROSS BENNETT, M.D., Presiding Member

APPEARANCES: KYLE BIEL
Representative for the Registrar of Motor Vehicles

Agent for Applicant

DATE OF
HEARING: February 28, 2002 Hamilton

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Registrar of Motor Vehicles (the "Respondent") to suspend the Applicant's driver's licence pursuant to section 47(1) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- (1) The Applicant's notice of Appeal received at the Tribunal January 18, 2002.
- (2) The Ministry's Order of Suspension dated February 18, 2000.
- (3) Summary of the evidence introduced by the Respondent.
- (4) Indexed file compiled by the Ministry.

FACTS:

The Applicant, a 57-year-old landscaper had his driver's licence suspended on February 18, 2000. The Ministry had received a medical report on February 2, 2000 from a neurologist, Doctor #1, reporting that the Applicant had suffered a seizure on December 12, 1999. It was possibly alcohol related and presented a serious road safety risk. He also stated the Applicant had two previous seizures of unknown etiology three and nine years ago.

The Applicant had been on an "all inclusive vacation" in Mexico and is reported to have partied too much one night and laid out in the sun the following day. During dinner he suffered a seizure and was unconscious for approximately four to five minutes. On awakening he was confused for several minutes and had bitten his tongue.

The Applicant was taken to a hospital and kept overnight. He had a CT Scan and an EEG and were both reported as normal. He was discharged the following day with a small number of Dilantin tablets. On his return home he was examined by Doctor #1 and had a second EEG, also normal.

Doctor #1 stated in a letter to the Ministry on April 19, 2000 that the Applicant probably had an alcohol withdrawal seizure. He recommended a full year seizure-free and abstinence from alcohol before driving, because of the possibility of seizure recurrence. The Applicant and his two daughters, who were present at Doctor #1's office, did not believe it was an alcohol-related seizure. The doctor assured them that any other form of syncope would not have produced this duration of convulsive activity and post ictal confusion.

The Applicant has remained seizure-free since December 12, 1999 and has continued to drink intermittently, but less than before the incident. He has been examined by Doctor #1 on three occasions, visited his family doctor a few times and attended an addiction assessment centre (ADAPT) in Burlington on two occasions.

Doctor #1 last saw the Applicant on February 8, 2001 at which time he stated in a letter to the Ministry that he was ordering an EEG and if it is normal he could clear the Applicant neurologically for seizure risk. The Applicant actually had two EEG's and both were reported normal.

Doctor #1, however, was unsure about a possible relapse to alcohol consumption. He recommended that his family physician Doctor #2, refer the Applicant to an addiction assessment centre at the Credit Valley Hospital and also ensure monthly MCV and GGT tests are carried out. Unfortunately, there is not a notation on this letter that a copy was being sent to Doctor #2.

The Applicant gave evidence that he could not go to the Credit Valley Hospital because it would take him two hours on public transportation. Instead he went to ADATP in Burlington.

There were no records entered regarding the blood tests.

The Applicant said that he stopped drinking for about four months after the incident and then would have 4-5 bottles of beer on a weekend. He believes the seizure was a result of dehydration after being out in the sun all day. In the fall of 2001 the Applicant stopped drinking again, for another four months. He could not give a reason why he stopped or restarted drinking.

The Applicant denies having any previous seizures and does not know where Doctor #1 got that information.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffers from an mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Section 47(1) states:

Subject to section 47.1, the Registrar may suspend or cancel,

- (a) the plate portion of a permit as defined in Part II;
- (b) a driver's licence; or
- (c) a CVOR certificate,

on the grounds of,

- (d) misconduct for which the holder is responsible, directly or indirectly, related to the operation or driving of a motor vehicle;

- (e) conviction of the holder for an offence referred to in subsection 210(1) or (2);
- (f) the Registrar having reason to believe, having regard to the safety record of the holder or of a person related to the holder, and any other information that the Registrar considers relevant, that the holder will not operate a commercial motor vehicle safely or in accordance with this Act, the regulations and other laws relating to highway safety; or
- (g) any other sufficient reason not referred to in clause (d), (e) or (f).

Section 50 of the Act states:

- 50(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or the Registrar.

APPLICATION OF THE LAW TO FACTS:

The Registrar of Motor Vehicles acted in compliance with the *Highway Traffic Act*, Section 41(1) in suspending the Applicant's driver's licence after receiving Doctor #1's medical report stating that the Applicant's seizure presented a serious road safety risk.

This incident occurred December 12, 1999 in Mexico so he has been seizure-free for 31/2 years. During this time he has been drinking moderately, but remained abstinent for two four month periods. Doctor #1 cleared him for neurological risk in February 2001 and he now has been stable for another year.

The Applicant has been to a neurologist several times, has a CT Scan, several EEG's, attended an addiction centre twice and followed up with his family physician. Unfortunately there appears to be a communication breakdown somewhere. No one has provided the information requested by the Medical Assessment Committee, such as, an Alcohol Assessment Report and laboratory blood test results, including MCV and GGT markers.

The fact remains that the Applicant has been symptom-free since the incident in December 1999 and has not been drinking enough to cause any problems or to be a threat to road safety. Based on this the Tribunal does not find that the evidence presented supports the Registrar's refusal to reinstate the Applicant's driver's licence.

DECISION:

Upon the application by the Applicant to appeal the decision dated February 27, 2000 of the Registrar of Motor Vehicles to suspend his driver's licence pursuant to Section 47(1) of the *Highway Traffic Act*, and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Registrar to suspend the Applicant's driver's licence be set aside.

LICENCE APPEAL TRIBUNAL

Ross Bennett, M.D.,
Presiding Member

RELEASED: March 5, 2002

SISTERS MOVING SYSTEM INC.

PREHEARING

SISTERS MOVING SYSTEM INC.

IN THE MATTER OF an application by Sisters Moving Systems Inc. dated January 25th, 2002 for a hearing before the Licence Appeal Tribunal pursuant to section 50(1) of the *Highway Traffic Act*, to consider the appeal of the Notice of Refusal to issue a Commercial Vehicle Operator's Registration Certificate by the Registrar of Motor Vehicles dated November 9th, 2001;

AND IN THE MATTER OF the *Motor Vehicle Transport Act*, 1987, S.C. 1987, Chapter 35, as amended by R.S. 1989, Chapter 29 and the *Truck Transportation Act*, R.S.O. Chapter H.8 as amended;

AND IN THE MATTER OF an Application for Operating Licence by Sisters Moving System Inc;

AND IN THE MATTER OF the *Highway Traffic Act*, R.S.O. Chapter H.8 as amended;

AND IN THE MATTER OF an Application by Sisters Moving System Inc. for a Commercial Vehicle Operator's Registration Certificate.

TRIBUNAL: STUART CORK, Presiding Member

APPEARANCES: MURRAY FORBES, Counsel for the Respondent
JUAN ESTABLE, Counsel for the Applicant

DATE OF
PRE-HEARING: March 13th, 2002

Toronto

ORDER

A Pre-hearing between the parties was held on March 13th, 2002 in Toronto at 1 St. Clair Avenue West, 12th Floor as set forth in the Tribunal's Notice of Pre-hearing Conference dated February 15, 2002.

The Tribunal makes the following Orders respecting the hearing:

1. The hearing dates have been set for 9:30 a.m. commencing on **June 17, 18 and 19th, 2002**, at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario.
2. It was determined that the filing dates with the Tribunal of submissions and documents to be used in the hearing by both parties would occur **on or before June 6th, 2002**.

Both parties will file five copies with the Tribunal and deliver one copy to all parties. It was confirmed that the Tribunal requires full disclosure 10 days prior to the hearing.

3. The Respondent will present evidence and testimony from one witness, Carrier Safety Rating Administrator Bunny McKenna. Ms. McKenna will provide evidence of all the Applicant's records and information, including notes taken at a show cause meeting on November 28th, 2001, an analysis of how the Applicant relates and is connected to two other companies, AAA Safe and Private Storage, and Cyrus Moving Systems Inc. CVOR summary for the Applicant as of November 2, 2001, Articles of Incorporation (Corporate Profile Report) for the Applicant, Cyrus Moving Systems and AAA Safe and Private Storage, CVOR summary and record for Cyrus Moving Systems Inc., MTO enforcement officer reports, CVIR reports relating to out of service rates, mechanical inspections with supporting CVIR's for both the Applicant and Cyrus Moving Systems.

Further evidence will include ICON reports for unpaid fines, vehicle registrations systems inquiries, warning letter issued to the Applicant and the CVOR record and summary that gave rise to the warning, and filled applications for CVOR certificates.

Ms McKenna will also provide general information regarding the operation of the CVOR system, and will introduce the CVOR handbook. Ms. McKenna will also describe the connections between the Applicant and another company that had been previously sanctioned.

4. The Applicant will present evidence and testimony from up to five witnesses: Owner of Sisters Moving Inc., Fariba Rezvanian, possibly her brother Cyrus Rezvanian, as well as three drivers for the Applicant: Ali Krodan, Karman Zia Terighat, and Behrooz Aghazadeh.

The witness for the Applicant will present the documentation they produced for the show cause hearing, invoices and advertising copy paid for by the Applicant.

The three truck drivers will testify that they have only dealt with Fariba Rezvanian and Sisters Moving Inc, and have only been paid and contracted by her.

5. Among the issues to be raised by the Respondent will be whether there is sufficient evidence to support the Registrar's November 9th, 2002 Notice of Refusal.
6. Among the issues to be raised by the Applicant will be that they were dealt with unfairly at the show cause meeting, that they have not been given adequate reasons for the Refusal and that the Director did not give adequate reasons for the Director's decision, further, the Applicant is concerned that the Director fails to acknowledge the independence between the Applicant and Cyrus Moving Systems and that the safety record of Cyrus Moving Systems should have no bearing upon that of the Applicant.
7. It was outlined at the Prehearing Conference that:

The Registrar has issued a Notice of Refusal to issue a Commercial Vehicle Operator's Registration Certificate dated November 9th, 2001, pursuant to section 17 of the *Highway Traffic Act*, for Sisters Moving System Inc.
8. The parties present at the prehearing recorded that there was no resolution of the issues between the parties.
9. The Applicant will provide if necessary, at its own expense, a Certified Court Interpreter who is accredited through the Provincial Court System, to provide translation services.
10. At the hearing of this matter, the Tribunal will be asked to review in detail the time period from when the Applicant filed its application for a CVOR certificate on August 8th, 2001, until the date of the Notice.

LICENCE APPEAL TRIBUNAL

Stuart Cork, Presiding Member

RELEASED: March 21, 2002

PREHEARING

IN THE MATTER OF an application by RTS Transport Ltd. dated January 31st, 2002 for a hearing before the Licence Appeal Tribunal pursuant to section 50(1) of the *Highway Traffic Act*, to consider the appeal of the Suspension and Seizure Order of the Registrar of Motor Vehicles dated January 28th, 2002;

AND IN THE MATTER of the Commercial Vehicle Operator's Registration
CVOR # 135-802-571 issued to RTS Transport Ltd;

AND IN THE MATTER of the safety record of RTS Transport Ltd.

APPEARANCES: PATRICK MOORE, Counsel for the Respondent
Patrick Di Monte, Counsel for the Applicant

ORDER

A Pre-hearing between the parties was held on March 6th, 2002 in Toronto at 1 St. Clair Avenue West, 12th Floor as set forth in the Tribunal's Notice of Pre-hearing Conference dated February 13th/2002.

The Tribunal makes the following Order respecting the hearing:

1. The hearing date has been set for 9:30 a.m. on May 30, 31 and June 3, 2002, at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario.
2. It was determined that the filing dates with the Tribunal of submissions and documents to be used in the hearing by both parties would occur **on or before May 17th, 2002.**

Both parties will file five copies with the Tribunal and deliver one copy to all parties. It was confirmed that the Tribunal requires full disclosure 10 days prior to the hearing.

3. The Respondent will present evidence and testimony from one witness, Carrier Safety Rating Administrator Bernadette McKenna. Ms. McKenna will provide evidence of all the Applicant's records and information, including the Applicant's CVOR and analysis, safety record, accident reports, show cause meeting, correspondence regarding fleet size, and the Applicant's activities in the United States including "SAFER" Reports. Ms McKenna will provide general information regarding the operation of the CVOR system, and will introduce the CVOR handbook. Ms. McKenna will also describe the connections between the Applicant and another company that had been previously sanctioned.
4. The Applicant will present evidence and testimony from two witnesses: Mr. Daman Grewal, who is the Safety manager for the Applicant and a part time dispatcher, and Mr. Gurpinder Pandher, one of the two brothers who own RTS Transportation. The Applicant may bring a witness to counter evidence regarding any evidence brought forward by the Respondent with respect to other carrier companies previously sanctioned and related to the Applicant.

The witnesses for the Applicant will provide evidence relating to all relative safety and mechanical issues, driver safety issues, driver histories, information and files, accident files, and details. The witnesses for the Applicant will also introduce the safety manuals and instructions set up by the Applicant, including on and off site inspection systems, and information from an official United States government audit.

5. Among the issues to be raised by the Respondent will be the safety record of the Applicant as the basis of the Registrar's January 28th, 2002 Order.
6. Among the issues to be raised by the Applicant will be the point weighting of the accidents, the calculation of the fleet size for the purposes of the CVOR, the lack of preparedness of the Applicant for the Show Cause meeting of January 2002, and that the suspension is harsh and unwarranted, and will result in the Applicant being put out of business.

7. It was outlined at the Prehearing Conference that:

The Registrar has issued a 30 day Suspension and Seizure Order dated January 28th, 2002, pursuant to section 50(1) of the *Highway Traffic Act*, as February 5th, 2002, for RTS Transport Ltd.

8. The parties present at the prehearing recorded that there was no resolution of the issues between the parties.
9. The Applicant will provide if necessary, at its own expense, a Certified Court Interpreter who is accredited through the Provincial Court System, to provide translation services.
10. At the hearing of this matter, the Tribunal will be asked to review in detail a time period from when the CVOR was first issued to the Applicant in June of 2000, until the date of the Order.

LICENCE APPEAL TRIBUNAL

G. Kent McClure, Q.C.
Chair

Released: March 5, 2002

TO: The Registrar
Motor Vehicle Applicants Act
Ontario Motor Vehicle Industry Council
36 York Mills Road, Suite 110
Toronto, Ontario M2P 2E9

AND TO: Licence Appeal Tribunal
One St. Clair Avenue West, 12th Floor
Toronto, ON M4V 1K6

FROM: Gina Verdjinia Vorkapic
o/a Gina's Auto Sales
213 King Street West
Hamilton, ON L8P 1A6

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Gina Verdjinia Vorkapic o/a Gina's Auto Sales (hereinafter referred to as "the Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal based on the following terms and conditions:

1. The Applicant acknowledges and understands that she will not retain the services of a salesperson unless the salesperson is registered as a salesperson to the Applicant.
2. The Applicant acknowledges that Sasa Vorkapic will in no way, either directly or indirectly be involved with the operation or financing of the business. However, Sasa Vorkapic will be permitted to effect repairs to vehicles purchased by the Applicant. The Applicant further acknowledges and understands that Sasa Vorkapic will not be permitted on the Applicant's registered premises or to have any contact either directly or indirectly with the customers of the Applicant.
3. The Applicant further acknowledges that the restrictions concerning the activities of a salesperson referred to in these terms and conditions applies to buying, selling and leasing on behalf of a dealer. "Buying, selling and leasing" refers to showing a vehicle to a prospective purchaser or any form of negotiation concerning the purchase, sale or lease of a motor vehicle and is not limited to the signing of contracts. This further includes attendance at auctions on behalf of the Applicant.
4. The Applicant agrees to operate exclusively from the location approved by the Registrar. The Applicant agrees to apply for the Registrar's approval, by way of prior written notice, of any change in location in the form required by the Registrar.
5. The Applicant agrees not to invite the public to deal at a place other than her approved location.
6. The Applicant will not conduct any purchases with anyone who is in the business of buying and selling motor vehicles without confirming that he or she is registered as a Dealer under the Motor Vehicle Dealers Act.
7. The Applicant will ensure that all advertisements placed by or on behalf of the Applicant will identify her registered name and the address of the location approved by the Registrar.
8. The Applicant will ensure that any vehicles sold are registered in the name of the purchaser before releasing the vehicle to the purchaser.

9. The Applicant will not purchase vehicles without ensuring that the vehicle is registered to the seller.
10. The Applicant agrees to register all vehicles purchased within 6 days in accordance with the Highway Traffic Act.
11. The Applicant acknowledges and understands that her registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
12. The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or his authorized representatives regardless of previous disclosure.
13. The Applicant agrees that she is under a positive obligation to disclose all material facts in writing about the vehicles she sells to her customers. Material facts include but are not limited to salvage, previous salvage, frame and unibody damage, rebuilt, accident repair, theft recovery, prior use as a police cruiser or taxicab and branded vehicles. The Applicant agrees to make reasonable efforts to research the history of all her vehicles prior to sale to ensure all material facts are disclosed. The Applicant agrees that should any information come to light, which the Registrar deems to be a material fact concerning a vehicle the Applicant have sold, the Applicant will comply with all reasonable requests made by the Registrar to provide compensation to the purchaser.
14. The Applicant agrees that where a vehicle's odometer reading is unknown the Applicant's are under a positive obligation to disclose in writing the last known mileage and that the true mileage is unknown. The Applicant further agrees that if she exchanges or repairs an odometer she will do so in accordance with the Motor Vehicle Dealers Act and ensure that the identical reading appears on the new odometer.
15. The Applicant will comply with the Ontario Motor Vehicle Industry Council's Code of Ethics and Standards of Business Practice.
16. The Applicant agrees to maintain a garage register in accordance with the Highway Traffic Act and will maintain all books and records as required by the Motor Vehicle Dealers Act. The Applicant agrees that all books and records relating to motor vehicles sold or leased by or on behalf of the Applicant before and after registration shall be kept at the Dealer's registered premises and be readily available for inspection. The Applicant further agrees to provide free access to her books and records to any authorized representative of the Registrar without any prior notice being given.
17. The Applicant agrees that she will not be involved with the buying and selling of motor vehicles without the benefit of registration.
18. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke her registration as a motor vehicle salesperson arising from any matters that have occurred in the past or that may occur in the future related to her financial circumstances and her honesty and integrity.
19. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from her actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
20. The Applicant agrees and acknowledges that should she breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.

21. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
22. The Applicant hereby withdraws her appeal to the Licence Appeal Tribunal.
23. The Applicant hereby acknowledges that he have obtained or have had the opportunity to obtain independent legal advice with respect to her consent to the terms and conditions set out in this document.

Signed in the City of Hamilton this day of 2002.

Gina Verjinia Vorkapic
o/a Gina's Auto Sales (signature)

These Terms and Conditions are accepted by the Registrar, Motor Vehicle Dealers Act.

**Appeal under section 50.2 of the *Highway Traffic Act*,
R.S.O. 1990, Chap.H.8 as amended (the “Act”), from
the Order of the Registrar of Motor Vehicles
pursuant to section 55.1(3) of the Act.**

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: ALAN HOLBROOK
Presiding member

APPEARANCES: KIM BEINTEMA
Representative for the Registrar of Motor Vehicles

GEORGE H. CANCELLA
Solicitor for the Applicant

DATE OF HEARING: February 28, 2002

DECISION RELEASED: March 4, 2002 Toronto

REASONS FOR DECISION

A hearing was held on February 28, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Bondi Produce Co. Ltd. (the "Applicant")
Motor Vehicle:	1995 Freightliner Conventional Tractor Plate no. 6193KJ (the "vehicle")
Date of Appeal:	February 7, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the driver's licence was not under suspension and the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended as provided in sections 50.2(3)(b) and (c) of the Act.

This matter came before this Tribunal on February 28, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

Kim Beintema, Representative for the Registrar of Motor Vehicles asked that the Original Certified Copies of the Respondent's submissions be placed into evidence. Both parties agreed and they were marked as Exhibit #3.

George H. Cancilla, Solicitor for the Applicant noted he had two witnesses and his second witness, Mr. Bondi, was waiting outside the Hearing Room. The Tribunal agreed with the voluntary exclusion of the second witness during the first witness's testimony.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The owner had been previously made aware that the driver had lost his driving privileges by reason of a prior conviction for impaired driving. The owner was advised by the driver personally, and as a result the owner employed the driver in a non-driving capacity as a warehouse worker at 879 Islington Avenue, Toronto. The driver advised the owner that he had pleaded guilty to the impaired driving offence and lost his driving privilege for a period of 1 year as a result, his driving privileges were re-instated in the month of October 2001. The driver produced at the request of the owner, his new photo ID licence which he states was received from the Ministry of Transportation and Communications in the month of October 2001. the owner took a photocopy of the re-instated licence of the driver for the company file. The driver advised the owner he had received no notice whatsoever of any additional suspension.

On the 3^d day of February 2002 while the driver was driving the owners 1995 Freightliner tandem vehicle to Hamilton he was stopped by Burlington OPP Officer Sobilo, 8528 who advised that the driver was under suspension and the vehicle was impounded. At all material times the owner and the driver were acting in the belief that the driver had a valid driver's licence. The owner prevented the driver at all times from driving its vehicle until such time as the driver produced a valid authorized driver's licence.

The first witness for the applicant was Mr. Francesco (Frank) Chiarella. Mr. Chiarella was sworn in and took the witness stand. Mr. Chiarella testified he was 38 years old and employed by Bondi Produce as a warehouseman for approximately 4 years. He lived at 237 Melrose St. Apt 2 in Etobicoke. He has known Mr. Bondi for approximately 20 years as a friend. In August 1998 he was charged with driving with more than 80mgs. of alcohol in his blood. His trial for the charge was heard two years later in August of 2000. He plead guilty and received 14 days in jail and a one year suspension of his driver's licence under the *Criminal Code of Canada*. He informed his employer Mr. Bondi and was employed as a warehouseman after serving his sentence of 14 days. At the time of his conviction he surrendered his wallet portion of his driver's licence.

In October 2001 Mr. Chiarella received the wallet portion of his driver's licence, which he had

surrendered at his trial, by mail. The issue date on the licence is June 28th 2000. The expiry date is May 6th 2005.

Mr. Chiarella believed his driving privileges had been restored and informed his employer, Mr. Bondi, it was legal for him to drive again. Mr. Bondi made a photocopy of the licence for his files and returned it to Mr. Chiarella.

On Sunday, February 3rd, 2002 Mr. Bondi assigned him to drive a company truck to deliver produce in Hamilton Ontario. The Ontario Provincial Police, because of missing signage, stopped the 1995 Freightliner and carried out a check of the related paper work. The investigation revealed the one-year suspension of Mr. Chiarella's driver's licence under the *Criminal Code of Canada*, which was completed. The investigation also revealed a three-year suspension under the Ontario *Highway Traffic Act*. The Ontario *Highway Traffic Act* suspension had approximately two more years until it was complete. Mr. Chiarella was charged with driving while disqualified and the truck was impounded. Mr. Chiarella stated he intends to plead not guilty to the charge because he believes he is qualified to drive.

The witness was then cross examined by the Representative for the Respondent, Ms. Beintema.

Mr. Chiarella couldn't remember if he had signed a Prohibition Order on his driver's licence at the conclusion of his trial in August 2000. He stated he knew only that he was sentenced to 14 days in jail and a one-year suspension of his driver's licence.

Ms. Beintema asked that a "Notice of Suspension" issued by the Ministry of Transportation be entered as evidence. Mr. Cancilla, Solicitor for the Applicant, objected on the basis that the Order should have been included in Pre Hearing Submissions according to the Licence Appeal Tribunal's Rules of Practice section 6.3.

Ms. Beintema argued that the rules allowed her to tender the document during cross-examination.

The Tribunal ruled the document would not be allowed as evidence due to the fact it was not tendered with the rest of the Respondent's Submissions prior to the hearing as set out in the Rules of Practice. Ms. Beintema was allowed to refer to the document solely for the purpose of cross-examination. Ms. Beintema confirmed with the witness his home address had not changed and explained the document in question would have been mailed to him.

Mr. Chiarella denied ever having received or seeing the Notice of Suspension.

Mr. Chiarella was asked why he did not call the Ministry of Transportation about his licence in August 2001 when the one-year suspension would have been completed. He replied he did not need it for work, he did not own a car and he walked to work.

When asked why the dates on the licence he received in the mail did not cause him concern, he replied he assumed the Ministry had simply returned the original licence he had surrendered.

Mr. Gus Bondi was then called as the second witness for the Applicant. He was sworn and took the witness stand.

Mr. Bondi testified he was the owner of Bondi Produce. He had run the company for ten years. The business operates a fleet of nine trucks and supplies produce to retail stores, hotels and restaurants. Mr. Bondi has known Mr. Chiarella for twenty years as a friend and hired him as a warehouseman four years ago. He never had reason to doubt Mr. Chiarella's truthfulness. He was aware of Mr. Chiarella's driving record, conviction and suspension, but was not concerned because Mr. Chiarella was not employed as a driver. Mr. Bondi knew Mr. Chiarella as a capable truck driver because on occasion he had witnessed him backing in trucks for outside drivers who had trouble getting in to the company loading docks.

On Sunday February 3rd, 2002 Mr. Bondi asked Mr. Chiarella to replace a truck driver that had not reported for work.

Mr. Bondi believed Mr. Chiarella was now qualified to drive because the Ministry of Transportation had returned his licence to him and his suspension had been served.

The Ontario Provincial Police stopped the company truck because of signage problems and discovered Mr. Chiarella's licence was suspended according to their records. A charge of driving while disqualified was laid against Mr. Chiarella and the company truck impounded.

The witness was then cross-examined by Ms. Beintema.

Mr. Bondi testified the company had 16 employees. Nine were required to drive, and 3 were warehousemen who may be asked to drive occasionally if needed.

Mr. Bondi stated when hiring someone he did not know, he would demand a driver's abstract and forward the name and driver's information to his insurance broker who would investigate the driver's record.

Mr. Bondi felt it was insulting to demand an abstract from a friend. He would simply take the employee's/friend's word that the licence was valid and submit the information to the insurance broker.

Mr. Chiarella had never been asked for a driver's abstract and his name and information had not been sent to the insurance broker since he was employed as a warehouseman. Mr. Bondi believed Mr. Chiarella was qualified based on Mr. Chiarella's word and having seen the wallet portion of his licence. Mr. Chiarella was only asked to drive because no other class 'A' driver was available. It was a Sunday so no checks with the insurance broker could be made.

The Tribunal found both witnesses to be credible and had no reason to doubt the testimony they provided. Both witnesses believed Mr. Chiarella was qualified to drive and held a valid driver's licence. The wallet document had been returned to Mr. Chiarella by mail approximately two months after the one-year suspension had ended. Neither was aware of any other suspension orders against Mr. Chiarella's licence. They stated in testimony a "Notice of Suspension" was never received regarding an additional period of suspension.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Francesco Chiarella;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Blood/Alcohol Content in Excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until August 15, 2003.

The Respondent relied only on written documents filed with the Tribunal prior to the Hearing, and cross-examination. The Respondent called no witnesses.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(b) and (c).

With respect to an appeal under subsection 50.2(3)(b) alleging that the driver's licence of the driver driving at the time of the impoundment order was not under suspension, section 55.1(2) of the Act states:

Where a police officer or officer appointed for carrying out the provisions of this Act is satisfied that a person was driving a motor vehicle on a highway while his or her driver's licence is under suspension under section 41 or 42 or 43, even if it is under suspension at the same time for any other reason, the officer shall,

- (a) notify the Registrar of the fact or cause the Registrar to be notified; and
- (b) detain the motor vehicle that was being driven by the person whose driver's licence is under suspension until the Registrar issues an order under subsection (3).

Section 41 of the *Highway Traffic Act* identify the type of appeals for which a licence is suspended in sections 41(1)(a), (b), (c), (d), and (e) and 41(7) and 42(1) and 42(5) as follows:

Section 41(1) Subject to subsections 41.1 (1), (2) and (3), the driver's licence of a person who is convicted of an offence,

- (a) under section 220, 221 or 236 of the *Criminal Code* (Canada) committed by means of a motor vehicle or a street car within the meaning of this Act or a motorized snow vehicle within the meaning of *Motorized snow vehicle Act*;
- (b) under section 249, 252, 253 or 255 of the *Criminal Code* (Canada) committed while driving or having the care, charge or control of a motor vehicle or street car within the meaning of this Act or a motorized snow vehicle within the meaning of the *Motorized Snow Vehicles Act*;
- (c) under subsection 254 (5) of the *Criminal Code* (Canada) committed in relation to the driving or having the care, charge or control of a motor vehicle or street car within the meaning of this Act or a motorized snow vehicle within the meaning of the *Motorized Snow Vehicles Act*;
- (d) under a provision that is enacted by a state of the United States of America and that is designated by the regulations; or
- (e) referred to in a predecessor to this sub-section, is thereupon suspended

Section 42.(1) The driver's licence of a person who is convicted of an offence under subsection 259 (4) of the *Criminal Code* (Canada) or under a provision that is enacted by state of the United States of America and that is designated by the regulations is thereupon suspended for a period of,

- (a) upon the first conviction, one year; and
- (b) upon a subsequent conviction, two years,

in addition to any other period for which the licence is suspended and consecutively there to.

- (4) This section applies in the same manner as if a person were convicted of an offence if the person pleads guilty to or is found guilty of an offence referred to in subsection (1) and,
 - (a) an order directing that the accused be discharged is made under section 730 of the Criminal Code (Canada) or under a provision that is enacted by a state of the United States of America and that is designated by the regulations; or
 - (b) a disposition is made under section 20 or sections 28 to 32 of the *Young Offenders Act* (Canada), including a confirmation or variation of the disposition. R.S.O. 1990, c.H.8, s.42 (1-4).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. *Law.* The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

Having received the wallet portion in the mail and having not seen the “Order Of Suspension” Mr. Chiarella and Mr. Bondi believed the licence was not suspended.

As to whether Mr. Chiarella’s licence was NOT under suspension at the time of the impoundment order the evidence presented by the Respondent established that it was under suspension under the *Highway Traffic Act*.

As to whether the Applicant exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended, the Tribunal found that Mr. Chiarella had made no attempt to verify his licence was valid before or after he received the wallet portion in the mail. He assumed it was valid.

Mr. Bondi, on behalf of the Applicant, relied solely on Mr. Chiarella's wallet portion of the licence as proof of validity. Mr. Bondi's usual practice of checking a person's driver's licence was not followed. No checks were made through the Ministry of Transportation or through Mr. Bondi's insurance broker prior to Mr. Chiarella being assigned to drive a company vehicle. Such a check would have revealed the suspension on the Ministry of Transportation records. Failure to make these inquiries is not due diligence.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: ALAN HOLBROOK
Presiding member

APPEARANCES: KIM BEINTEMA
Representative for the Registrar of Motor Vehicles

MABEL E. VISCONTI, Applicant
unrepresented

DATE OF HEARING: February 27, 2002

DECISION RELEASED: March 1, 2002 Toronto

REASONS FOR DECISION

A hearing was held on February 27, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Mabel E. Visconti (the "Applicant")
Motor Vehicle:	1995 Nissan 240, plate # AMEH 161 (the "vehicle")
Date of Appeal:	February 8, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on February 27, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Respondent asked that the copies of their submissions be replaced with the Original Certified Copies prior to being entered as evidence. Both parties agreed and the Originals were marked as Exhibit #3. There were no other preliminary matters, and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- 1) This is my car
- 2) Nor the driver or myself has any notice of his drivers licence was suspended.
The proof is he had in is posession a valid drivers licence.
I beieve this is a court's clerk error, from Nov 29/01

Ms. Visconti (The Applicant) chose not to give sworn evidence as a witness. She presented her appeal as her own representative. Ms. Visconti called no witnesses on her behalf. She stated that on November 22nd 2001, her son Cleaudio Roberto Negrette appeared in court and was convicted of driving with more than 80mgs of alcohol in his blood. Ms. Visconti talked to her son's lawyer after the trial and was informed of the sentence Mr. Negrette received, but she states he did not inform her of a licence suspension and she did not ask specifically about a suspension. She further stated that no notification of a suspension came to her attention from the Court or the Ministry of Transportation. Ms. Visconti stated that Mr. Negrette told her he had received no such notification of a suspension of his drivers licence and that he still held a valid drivers licence. Ms. Visconti stated she was unaware a driver's licence suspension would automatically follow a conviction of this type.

Ms. Visconti told the Tribunal that on February 5th 2002 Mr. Negrette asked to borrow the car. When asked by the Tribunal if she attempted to verify he held a valid licence, she answered she had viewed the wallet portion Mr. Negrette carried, but had not checked the dates on it.

Mr. Negrette and Ms. Visconti live at the same address.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Cleaudio Roberto Negrette;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver, at the time of impoundment, had been convicted of the offence of Driving with more than 80 mgs alcohol in blood under the *Criminal Code of Canada*, pursuant to which the driver's licence of the driver was then under suspension until November 22, 2004.

The Respondent relied on written the submissions as their only evidence and did not cross-examine because Ms. Visconti chose not to be sworn as a witness.

The Tribunal asked for a brief oral review of Mr. Negrette's Extended Driver Record Search for Criminal Code Convictions, as found in Exhibit #3. The Driver Record shows three criminal code convictions, two for Driving with more than 80 mgs alcohol in blood under the *Criminal Code of Canada*, and one for driving while disqualified for a criminal code conviction. As well the record shows other charges and convictions under the Highway Traffic Act of Ontario. The Tribunal also reviewed the Notice Of Suspension of Driver's Licence dated, November 20th, 2001 for Mr. Negrette.

Ms. Kim Beintema, Representative for the Registrar of Motor Vehicles, stated that the portion of the licence Mr. Negrette possessed should have been turned into the Ministry Of Transportation as the result of an earlier charge and suspension order under the HTA but was not. In fact the licence in question was suspended on November 7th 2001 for violation of novice driver conditions, a suspension that predated Mr. Negrette's Criminal Code conviction on November 22nd 2001.

Ms. Beintema also stated that possessing the wallet portion of the drivers licence is not proof the licence is valid.

Ms. Beintema stated that the Ministry's documents showed a copy of the suspension order for the November 22nd 2001 conviction was mailed to Mr. Negrette's last known address.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to

- determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

As to the issue of a clerk's error in not notifying the respondent of the suspension of Mr. Negrette's driver's licence, the evidence established that a suspension order was issued and dated November 29th 2001.

Ms. Visconti did not enquire as to the status of the Mr. Negrette's driver's licence, other than to ask him. She made no other inquiries.

Ms. Visconti indicated during the Appeal that she was aware of Mr. Negrette's driving record including past suspensions. This alone should have prompted her to exercise more care in determining the true status of his driver's licence.

The Tribunal found that Ms. Visconti did not exercise "due diligence" in trying to establish the status of Mr. Negrette's driver's licence prior to allowing Mr. Negrette to drive her motor vehicle.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

ORDER

Following attendances on March 22, 2002, at a pre-hearing before the Licence Appeal Tribunal (the "Tribunal") of James F. Lee, Agent, representing the Applicant IBL Transport Co. Ltd. (the "Applicant"), and Patrick Moore, Counsel, representing the Registrar of Motor Vehicles (the "Registrar");

The Tribunal makes the following Order:

1. The parties to the hearing are the Applicant and the Registrar.
2. The Applicant concedes that the Registrar's audit results respecting the Applicant are correct. The parties recorded that there had been no resolution of any of the other issues in this matter.
3. The parties shall comply fully and in a timely manner with the disclosure requirements as required by Rule 6 of the Tribunal's Rules of Practice.
4. The hearing will commence at 9:30 a.m. at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario, on June 25, 2002, and continue on June 26, 2002, if necessary.

LICENCE APPEAL TRIBUNAL

John Ort, Member

RELEASED: March 28, 2002

1008 - ADLS - NOMC

Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to section 48.3(2) of that Act;

TO APPEAL A 90-DAY ADMINISTRATIVE DRIVER'S LICENCE SUSPENSION

TRIBUNAL: KENNETH W. KOPROWSKI
Presiding Member

APPEARANCES: KYLE M. BIEL
Representative for the Registrar of Motor Vehicles

Applicant
by written submissions only

DATE OF HEARING: March 14, 2002
Written

REASONS FOR DECISION

A hearing was held on March 14, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of a written hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated February 15, 2002, and was received by the Tribunal on February 19, 2002, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

There were no preliminary matters.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar dated January 13, 2002
- b) Exhibit # 2 Notice of Appeal

By the Respondent:

- a) Exhibit # 3 Materials and Submissions of Respondent

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.

- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

On January 12, 2002, the Applicant, who is 68 years old, had been driving a van on a road named Middle Line, at Four Rod Road, in the municipality of Chatham-Kent. In his cruiser, at about 11:32 p.m., police constable Constable #1, of the Chatham-Kent Police Service, approached the Applicant's vehicle from behind, following at the same speed of 45 km/hour. Despite the fact that Constable #1 activated his emergency lights, the Applicant's vehicle did not stop, but weaved from the centre line onto the shoulder of the road, then back to the centre line. Only after Constable #1 activated his siren did The Applicant stop his vehicle on the right shoulder of the road.

The Applicant was the only occupant of the van. On speaking to the Applicant through the open driver's window of the van, Constable #1 could immediately smell an odour of an alcoholic beverage on the breath of the driver. The Applicant was slumped forward in the driver's seat of the van, and his eyes were glossy and red. Constable #1 arrested the Applicant for impaired driving.

Constable #1 drove the Applicant to the Chatham-Kent Police Headquarters. Constable #2, a qualified breath technician, asked the Applicant to perform a breath test on an Intoxilyzer 5000C unit. Constable #2 noticed that the Applicant was "very, very intoxicated". In response to questions from Constable #2, the Applicant said that he was not ill, had been taking a lot of medication, and had no physical handicaps and was not injured.

The Applicant was given seven opportunities to provide a proper breath sample. On three of those attempts, the Applicant was able to obtain enough pressure to obtain a tone in the Intoxilyzer; however, a sufficient breath sample was never obtained. At no time during the process did the Applicant demonstrate any coughing or wheezing, nor did he indicate that he was suffering from a medical problem. The Applicant was charged with refusing to provide a breath sample, resulting in a 90-day suspension of his driver's licence.

The Applicant appeals the suspension of his licence on the ground that the inability to provide a breath sample was because of a medical reason. In support of this argument, there is attached to the Applicant's Notice of Appeal, Exhibit 2, three reports. One is a report dated September 7, 2001 (approximately 18 weeks before this incident occurred on January 12, 2002) from Doctor #1, an internal medicine specialist. A second report is an undated report

from the Department of Diagnostic Imaging at Chatham-Kent Health Alliance, St. Joseph's campus, referring to X-rays taken on March 23, 1998. A third report is a Discharge Summary dated August 20, 2001, in which there is a list of all the medication that the Applicant must take.

APPLICATION OF THE LAW TO FACTS:

The Diagnostic Imaging Report and the Discharge Summary say nothing whatsoever about The Applicant's ability to provide a breath sample, with the result that they add nothing to support The Applicant's argument.

The report of September 7, 2001, does, in fact, refer to the Applicant having been admitted to hospital with an exacerbation of chronic obstructive lung disease; however, the report goes on to say that the Applicant himself stated that "he has improved very significantly". Even aside from the fact that this report is dated about 18 weeks before the Applicant had been arrested, nothing is said in it, however, about his inability to provide a breath sample. Nor does the report comply with any of the requirements of section 15 of Regulation 574 (amended), referred to earlier in these Reasons.

As far as the events of January 12, 2002, are concerned, all the evidence that this Tribunal has before it for consideration in this appeal is the affidavit of Constable #1 and the affidavit of Constable #2, the salient portions of which I have outlined at the beginning of these Reasons. I have no reliable medical evidence, nor even any evidence from the Applicant himself, about his medical condition on January 12, 2002. This is significant because, as already stated, it is the Applicant who has the onus to establish the merit of his appeal. The lack of evidence requires that this Tribunal conclude that the Applicant has failed to meet this onus.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated January 13, 2002 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

LICENCE APPEAL TRIBUNAL

Kenneth Koprowski,
Presiding Member

RELEASED: March 15, 2002

HETU, SARA

SARA HETU

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NEIL MacPHEE
Presiding member

APPEARANCES: KIM BEINTEMA
Representative for the Registrar of Motor Vehicles

SARA HETU, Applicant
unrepresented

DATE OF HEARING: March 8, 2002

DECISION RELEASED: March 19, 2002 Windsor

REASONS FOR DECISION

A hearing was held on March 8, 2002, at Windsor, Ontario, to consider the Applicant’s appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Sara J. Hetu (the "Applicant")
Motor Vehicle:	Chevrolet Pick-up, plate 4935JT (the "vehicle")
Date of Appeal:	February 17, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 8, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

The hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Dear Sir / Madame:

The reason for this letter is because I would like to file an appeal to get my vehicle out of impoundment.

I would like to do it in writing because I don't have the ability to get to a hearing. Also, I don't have the money to pay for a ride to the hearing.

The grounds that I am appealing is that it is causing exceptional hardships. This is because I am a young mother with one child and I need to be able to take her to her doctor appointments that are in Sarnia, Ontario. Also, I need the vehicle to get to my doctor's appointments, also in Sarnia, Ontario. It is also difficult to get groceries due to having no vehicle.

The last reason for my appeal is that I started a job that requires a vehicle. I am an independent consultant with Partylite so that I can earn some money to provide for my child.

In conclusion, I would appreciate it if you would take my reasons into consideration for appealing the impoundment of my vehicle.

I would like to thank you in advance.

Sincerely,
"Sara Hetu"
Sara Hetu

Regarding Partylite, if you have any questions please call Shirley Wood, 1-519-683-6007

The Applicant, Sara Hetu, testified that she is 22 years of age and lives in Wallaceburg, Ontario, with her daughter who is 9 ½ months old and her boyfriend Laird Caron who is 23 years of age and was the driver of her automobile when it was impounded. The Applicant stated that her daughter's doctor and her doctor and dentist have their offices in Sarnia, which is about a ½ hour drive from Wallaceburg and that she requires her motor vehicle to get to appointments there. The daughter has no particular health problems and sees the doctor every month for a check-up. The Applicant testified that there are doctors in Wallaceburg and one hospital. She testified that she has no health problems at the time but she does have asthma which is controlled with inhalers. She has used the walk-in medical clinic in Wallaceburg on occasion. She testified that there was no public transportation system in Wallaceburg but there were taxicabs available. The Applicant has recently worked for Partylite which involves putting on shows for the purpose of selling the products. She testified that she could probably borrow a car either from her mother or from her boyfriend's relatives if she asked them. For the shows for Partylite, she testified that she could take a taxicab but she does not have much money.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Caron M. Laird.
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until December 14, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,

- (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The grounds for the Appeal are that the impoundment of her vehicle will result in exceptional hardship to the Applicant and her daughter. For this to succeed the Tribunal must find that there is no alternative to the impounded vehicle. Based on the facts and evidence, the Tribunal finds that the Applicant does in fact have alternative transportation to the impounded vehicle. But if the Tribunal did not so find, the Tribunal finds also find that the Applicant has not brought herself within the circumstances set out in Ontario Regulation 574, Section 22(2) and (3).

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: JEFFREY LEE, D.C.
Presiding member

APPEARANCES: KYLE BIEL
Representative for the Registrar of Motor Vehicles

WLODZIMIERZ REJAK, Applicant
Unrepresented

DATE OF HEARING: March 7, 2002

DECISION RELEASED: March 14, 2002

REASONS FOR DECISION

A hearing was held on March 7, 2002, at London, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Wlodzimierz Rejak (the "Applicant")
Motor Vehicle:	1987 Plymouth Voyager, plate # ZDF 739 (the "vehicle")
Date of Appeal:	February 19, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on March 7, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I would like to appeal because I did not know that Mr. W. Gicele had his driver's licence suspended. That night I was leaving bar in order to take a taxi cab because I had a few drinks when I met Mr. W. Gicele (I know Mr. Gicele very little, he sometimes buys antiques from me) and he told me that leaving my car here for a whole night it is not good idea because of a bad area and also he offered me that he drive me to his house (400 m), so I could leave my car on his driveway and take the taxi from there.

I own small business (Antiques and refinishing) and my car is very important to this business. I also have part time job, (delivering flyers) so because of impoundment I will lose this job. Please review my case carefully because my car is very important for my job.

The Applicant was called to the stand. He was sworn in and gave the following testimony. He testified that on the evening of the impoundment he had gone to a bar. At the end of the evening, he decided to leave his vehicle at the bar as he had consumed too much alcohol in his opinion to operate his vehicle safely. He was in the company of Mr. W. Gicele. Mr. Gicele told the Applicant that it probably was not a good idea to leave his vehicle at the bar as the area that the bar was in was less than desirable. Mr. Gicele offered to let the Applicant park his vehicle in his driveway. He also offered to drive the Applicant's vehicle. It was on the way home that they were stopped by police. It was ascertained by police that the driver, Mr. Gicele, was under suspension, and the vehicle which he was operating was impounded.

The Applicant testified that he had seen Mr. Gicele drive a vehicle before and had assumed that he was in possession of a valid driver's licence. When asked if he had asked to see Mr. Gicele's driver's licence, he responded, "no." The Applicant felt that he exercised good judgement in allowing Mr. Gicele to drive his vehicle as he was unable to operate his vehicle due to alcohol ingestion. In the Applicant's opinion, he felt it was safe and it was only for a short distance that Mr. Gicele drove his van.

The representative for the Respondent asked the Applicant if he had relied on the impounded vehicle for his full and part time business. The Applicant replied that he has been able to borrow a vehicle when needed and as far as his part time job as courier was concerned, he was able to borrow a vehicle. The Respondent again confirmed that the Applicant did not see the driver's licence of Mr. Gicele and that the Applicant took no other steps to see if the driver of the impounded vehicle was a suspended driver.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Wojciech Gicala;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Fail to Provide Breath or Blood Sample under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until August 29, 2003.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, "due diligence" in Black's Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

There was only one issue to be considered in this appeal and it is dealt with hereunder.

Due Diligence:

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order to impound was made was not then under suspension as per section 50.2 (3) (c)?

The evidence before the Tribunal is that Mr. Gicele's driver's licence was under suspension at the time of the impoundment and that he was driving the Applicant's vehicle at that time. The Tribunal heard testimony from the Applicant that he believed that because Mr. Gicele had his own vehicle and he was seen driving it, it was assumed that he had a valid driver's licence. The Applicant felt that he was being responsible to let his friend drive as he had consumed too much alcohol and that it was also not wise to leave his vehicle at the bar over night.

The Applicant admitted that he never asked to see Mr. Gicele's driver's licence. The Tribunal finds that the Applicant made little or no effort to determine if the Applicant had a valid driver's licence. Accordingly, the Applicant has not shown that he exercised due diligence in determining the status of Mr. Gicele's driver's licence before allowing him to drive his vehicle.

The Tribunal therefore can find no evidence that the Applicant exercised due diligence as required by subsection 50.2(3)(c) of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Jeffrey Lee, D.C., Presiding Member

RELEASED: March 14, 2002

1011 - MED - DOWN

Appeal under section 50(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Minister pursuant to section 32(12)(b)(i) of that Act.

TO CHANGE THE CLASS OR CLASSES OF MOTOR VEHICLE IN RESPECT OF WHICH THE LICENCE WAS ISSUED

TRIBUNAL: ROSS BENNETT, M.D., Presiding Member

APPEARANCES:

MURRAY FORBES
Counsel for the Registrar of Motor Vehicles

Applicant
Counsel for Applicant

DATE OF HEARING: March 22, 2002 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act* (Ontario).

EXHIBITS:

- 1) Notice of Appeal filed by the Applicant February 2, 2002
- 2) Notice of downgrading of Applicant's Licence, dated January 30, 2002 from the Ministry of Transportation.
- 3) Applicant's File, prepared by his Counsel

- 4) Copy of the National Safety Code introduced by Respondent
- 5) Copy of Introduction to the National Safety Code. Introduced by the Applicant's Counsel

FACTS:

The Applicant is a 51-year-old truck driver, who had his driver's licence downgraded from Class "AZ" to a Class "GM" on January 30, 2002, after receiving a Cyclical Medical Report, dated June 15, 2001, from the Applicant's family physician, Physician #1. The Ministry requested additional information from the Applicant's cardiologist and received a copy of a letter to Physician #1, dated October 11, 2001 from Physician #2. A follow-up Medical Waiver Certificate from Physician #2 was received on December 5, 2001.

The reports indicated the Applicant underwent septal ethanol ablation for obstructive hypertrophic cardiomyopathy in December 1999. The procedure was successful and a permanent pacemaker was inserted. Physician #2 stated in the Waiver, that the Applicant was medically fit and able to function normally, taking into account the stability of his condition, physical, mental and emotional status and the pressure associated with driving a large tractor-trailer.

The Medical Advisory Committee's (MAC's) Case Study stated "the driver has defibrillator and therefore does not qualify for classified – NSC (National Safety Code) 3.5.9– no longer meets CCS standards".

This decision by the "MAC" created confusion because the Applicant has a permanent Pacemaker, but does not have a defibrillator.

ISSUES:

Should the decision of the Minister to change the class or class of motor vehicles in respect of which the licence is issued in accordance with the result of the examination be varied, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly

interfere with his or her ability to drive a motor vehicle of the applicable class safely;
and

- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

- 17. (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
 - (a) has no history or clinical diagnosis of diabetes that requires insulin for control;
 - (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the applicable class safely;
 - (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class;
 - (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
- (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure,

qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.

- (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full recovery and there is no established history of a second occurrence of myocardial infraction, thrombosis or recurring angina pectoris.
- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.
- 18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,
 - (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
 - (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
 - (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

- 50(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal.
- (3) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
- (b) in the case of a person who holds a driver's licence,
- (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or
-

The Minister followed this legislation to downgrade the Applicant's Driver's Licence after receiving medical reports from Physician #1 and Physician #2 reporting that the Applicant had undergone surgery for Hypertrophic Cardiomyopathy.

The "MAC" Case Study supported a downgrading of the Applicant's licence on the basis that the driver had a defibrillator and therefore does not qualify as classified and no longer meets the CCS standards.

However, the Tribunal finds that the Applicant has a pacemaker but not a defibrillator and this makes him eligible for Class 1,2 3, and 4 licences.

The Applicant's cardiologist, who is an Assistant Professor of Medicine in the Department of Cardiology at the University of Toronto, signed a Medical Waiver Certificate stating that the Applicant is medically fit and able to drive a tractor-trailer. The Applicant's surgery was deemed successful by his cardiologist and his family doctor. He is able to function normally without any restrictions and was driving following recovery from his surgery in December 1999, until his licence was downgraded in January 2002.

The Tribunal did not find that the Ministry of Transportation presented enough evidence to justify the Minister's decision to downgrade the Applicant's driver's licence from the Class "AZ"

DECISION:

Upon the application by the Applicant to appeal the decision dated January 30, 2002 of the Minister to change the class or classes of motor vehicle in respect of which the licence was issued pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act*, and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Minister to change the Applicant's driver's licence from Class "AZ" be set aside.

LICENCE APPEAL TRIBUNAL

Ross Bennett, M.D.,
Presiding Member

RELEASED: March 28, 2002

1342630 ONTARIO LTD.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: MALCOLM FEALING
Presiding member

APPEARANCES: DAVID MILNER
Representative for the Registrar of Motor Vehicles

A. SALEEM NASEER,
Agent for Applicant

DATE OF HEARING: March 18, 2002

DECISION RELEASED: March 25, 2002 Toronto

REASONS FOR DECISION

A hearing was held on March 18, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. The order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	1342630 Ontario Ltd. (the "Applicant")
Motor Vehicle:	2000 Ford Cube Van, plate 9853JP (the "vehicle")
Date of Appeal:	February 25, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 18, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

Dear Sir/ Madam,

I would like to appeal the Order of Impound for my vehicle V.I.N. IFDE45F5YHB27775 Registered to 1342630 Ontario Ltd.

I am one of the owners of 1342630 Ontario Ltd.

We are a small company who recently hired one employee in January of 2002. All other persons working with me are called in whenever I have extra work and need additional labour.

The only person that drives my truck other than myself is Shayne Todd who sometimes comes to help me when required.

With my truck impounded for the 45 days, this will cause my company severe financial burden. I am a very small company with one commercial vehicle, which is the basis for this appeal. I cannot afford to rent a truck for 45 days as well as the added burden of impound fees and fines.

I have never authorized Angad Persaud to drive my vehicle. He is a general labourer only. His responsibility is general work in our shop and occasionally install on site.

My company is used generally as a labour company hired to provide services to large exhibit builders. We use our truck to transport our tools and equipment as well as small prefab exhibits. Without my vehicle I have no way to continue conduction business.

It is for this reason I am appealing the length of duration of the impound. I trust you will take all of these circumstances into consideration and look favorable upon my appeal.

I thank you in advance for your consideration.

Friday Feb. 22/2002-02-22

To whom it may concern,

I, Shayne Todd, am a lead hand contracted by E.I.S., Mr. Naseer had me doing some finishing touches on the V.W. of America early Saturday morning. I had a pick-up on the loading dock at the SkyDome, it can be a bit confusing with traffic going from one loading dock to another, so I had asked Angad to drive us over. I was working extra long hours that night to have all of the exhibit ready for that mornings' opening, Feb16th.

A buddy was tagging along for the ride over to the other loading dock. After this particular drop off of tools for Mitsubishi and articles to be taken back to the shop in Brampton, I was done until the next day. We were pulled over by the M.T.O. for what, they did not say and thought initially it was for seatbelt violations but still did not say. Angad had told the officer that he did not have his licence on him, I had not realized the importance for myself to stick around (at the most a fine or to show I.D. within a 24 hr.period), I had a call back to the M.T.C.C. booth and told my friend to hang and I would either meet him at the docks or right where I left the truck.

After a half hour had past I made my way to the docks and then to the truck spot, my cell was dead and had no communication with me. At the top of the hour there was at least 3-4 cruisers there when I arrived and was not sure if I should investigate but the client needed some things done and that involved the companies' bread and butter (the truck). There were contracts on the line here and wanted to clear up whatever motivated this situation, remember the M.T.O. did not say what it was (reason) that prompted the pullover.

There were at least a hundred persons on the road lining up for tickets to the auto show and I had told security that and borrowed their phone to call Mr.Naseer and tell him about my problem with the truck, left a message about maybe it was about the trucks' log book not being in the new cube trucks' cab, I had filled one or two out last year.

I had made my way through the crowd, cut across the path of a cruiser that was now protecting the throng of persons from a very busy intersection and walked 200 feet to the Overly protected cube truck (I had initially thought that maybe the driver was a wanted terrorist, I'm from Ottawa and hear about the cities new security format). After being told of what actually was wrong I upset with my new help and offered to take the truck and to leave Angad behind to deal with his problem, which became mine and E.I.S's. This is not fair to me, for sure, for I am a contractor from out of town and need the work as does E.I.S and it's employee's. We are forward thinking people I hope, and do not believe in crossing my fingers.

Sincerely,
S.Todd
"Shayne Todd"

Statement

February 18st 2002

On the morning of 16 February 2002, we were finishing up the VW exhibit at the auto show, I was asked by Shane Todd a supervisor contracted by A. Saleem Naseer to show him where the Skydome loading docks were. I told him I could drive him over. He asked me if I had a driver' licence, I told him I did.

Shane is from Ottawa and does not know the areas around the skydome very well. I knew my license was suspended but since it was less than 2 blocks I was going I thought I would be ok.

We were stopped by the MTO at around 9:30 am. They asked for my license; I told them that I forgot it at home. While the MTO was questioning me Shane had to go to check out the materials we had to pick up at the skydome. He left me there to talk to the MTO. When he came back he was told that my license was suspended and the vehicle was impounded.

I am a sub-contractor to Mr. Naseer, I am only a general labour, and I have never been asked to drive by Mr. Naseer before. I taught by showing how useful I can be he might hire me full time. I am sorry this happened. I need a job; the only person to blame is me for all of this. Mr. Naseer cannot be blamed for this he had no knowledge of me driving.

Angad Persaud
"Angad Persaud"
18/02/02

In his testimony, Mr. Naseer said that Shayne Todd helps him when he has a large exhibit to set up. On the day the vehicle was impounded, Shayne wanted to get to the Sky Dome loading docks. Shayne resides in Ottawa, and only comes to Toronto four or five times a year to assist Mr. Naseer when he has a large exhibit to set up. Mr. Naseer said that he hires Mr. Todd because there are not many people experienced in setting up large exhibits.

Todd did not know how to get to the loading docks, so he asked Angad how to get there. Angad did not say that he was under suspension when he offered to drive the truck to the docks.

The truck is used to carry tools and ladders to exhibits. The company does a lot of its work for Rogers, as well as other companies such as Telus. Mr. Naseer is afraid that he will lose his contacts if the company cannot fulfil its obligations. He has already incurred \$2725.00 in rental fees, and his truck has been out of his possession for less than a month. He estimates that including the towing and impound fees, he is already out of pocket in the amount of \$5525.00. Mr. Naseer claimed that his Credit Cards are at their limits, and he has lost income because he does not have a truck at his disposal. At the moment, he rents an automobile from Hertz in Brampton when he needs one.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;

2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Angad Persaud;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension for life.

In response to Mr. Milner's questions, Mr. Naseer said that he had been in business for two years. He took over the company 1½ years ago. The previous owner had been using a red van, but since it was not suitable for carrying long ladders and heavy loads, the Cube truck was purchased. Most of the work done is for Rogers within the Metropolitan area. The company charges a flat rate per job. For example a job in Oshawa is \$350.00, while one in Barry would be \$400.00. Gross weekly revenues from Rogers would be about \$2000.00. This work would be supplemented by jobs for other companies such as Telus.

Mr. Nasser employs only one full time staff. The company does not generate sufficient income to employ more than one person. Todd Shayne and Angad Persaud are only employed when their services are required.

He said that having to rent a vehicle is a great hardship to the Company. His costs will have to be defrayed over time.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
 - (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

As to the issue of exceptional hardship, the evidence established that section 22(1) of Ontario Regulation 632/98 Amending Reg. 574 of R.R.O. does not apply. Not having a vehicle will not result in:

- (a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or,
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

Mr. Naseer has advised that he rents a vehicle when one is needed. He therefore has an alternative to the impounded vehicle.

Section 22(2) of Regulation 632/98 states that in determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not consider whether the impoundment will result in inconvenience to any person, and will not consider financial or economic loss unless the criteria of section 22(3) are met which includes that there is no alternative available to the impounded vehicle. Here, there is an alternative to the impounded vehicle. The Applicant has rented another vehicle when required.

It is unfortunate that Mr. Persaud misled Mr. Todd when asked whether he had a licence. Mr. Todd was in charge of the vehicle on the day it was impounded. As such he was representing the company. The resulting impoundment therefore falls on the company.

Mr. Naseer is, thus far, able to obtain an alternative vehicle, and the impact of the loss will not be lasting. He can defray his costs over time.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Malcolm Fealing, Presiding Member

RELEASED: March 25, 2002

PORKOLAB, ZSOLT

ZSOLT PORKOLAB

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: ANTOINE AOUAD, M.D.
Presiding member

APPEARANCES: MURRAY FORBES
Counsel for the Registrar of Motor Vehicles

ZSOLT PORKOLAB, Applicant
unrepresented

DATE OF HEARING: March 15, 2002

DECISION RELEASED: March 19, 2002 Toronto

REASONS FOR DECISION

A hearing was held on March 15, 2002, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO SET ASIDE the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Zsolt Porkolab (the "Applicant")
Motor Vehicle:	GMC Safari Van, plate 5051KD (the "vehicle")
Date of Appeal:	February 25, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 15, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

The Counsel of the Ministry provided the Tribunal with two documents from Abrams Towing Services Ltd.

The Applicant objected to the documents from Abrams Towing Services Ltd., on the grounds that the documents suggest that the Applicant was the individual driving while under suspension.

The Respondent's Counsel acknowledged that the Applicant is not the suspended driver and explained that the documents are standard, and would have little bearing on the Applicant's case.

The Applicant's objection and the Respondent's counsel's comments having been noted the documents in question were entered as Exhibits # 4 and # 5.

There were no other preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

It is a working vheicle which I depend on for work and income. Also it is the only vheicle that I own. I use for transpotation, as well as pricing jobs. It carays the company logo all over it. With out it I can not work all my tools and equipment are stored inside it, which is crucial for considering the situation. A part of my life is in your hands and I mean it, so please help me out comaity. yours truly.

At the hearing, the Applicant explained that, on the night the car was impounded, he had gone to a party and had a few too many drinks, and did not feel safe driving home. When another guest offered to drive, the Applicant accepted, not knowing the individual's driver's licence had been suspended.

Both in evidence-in-chief and in cross-examination, the Applicant testified that he has not been able to honour his contracts since the day of the impoundment, approximately "fifteen days ago". The Applicant has been unable to work because, not only is the impounded vehicle the Applicant's only means of transportation, but also all the Applicant's tools and equipment are stored inside the impounded vehicle.

The Applicant made enquiries into the possibility of renting a car, and was quoted \$400.00 a week, which he cannot afford. Also, the rental company would not let him place his equipment, including a ladder, in or on the rental vehicle because of potential damage to the rental vehicle. There is no possibility of borrowing another vehicle.

As to the other two vehicles registered to the Applicant's address, both are registered to and

belong to the Applicant's brother. The Applicant's brother is a Courier and needs to drive the van. The other car is a Mustang with a standard gearshift, which the Applicant is unable to drive, and is not suitable for the Applicant's business. The Applicant stated that the Mustang is too small to accommodate the big ladders and the number of paint cans the Applicant has to carry.

In closing, the Applicant re-iterated his comments with respect to the need for the car. Without his vehicle the Applicant stated that he is unable to meet his debts, as he is unable to work.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Derek William Lambe;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until September 8, 2002.

The Respondent's counsel referred to the Applicant's testimony and the documents filed with the Tribunal.

In closing, the Respondent's counsel asked the Tribunal to confirm the Registrar's decision, and quoted the various clauses of section 22 of the Act to substantiate the argument.

The Respondent's counsel argued that the impoundment may be inconvenient to the Applicant, but that inconvenience is not grounds for reversal.

The Respondent's counsel contended that financial loss or economic loss cannot be considered, as the Applicant has made no attempts to mitigate his losses. The Applicant has two other alternate vehicles, owned by his brother, available to him but has chosen not to use them. The Respondent's counsel further submitted that the Applicant has not demonstrated why he is not able to rent another vehicle, or drive with any one else.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons

are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to

impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,

- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

(2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,

- (a) inconvenience to any person;
- (b) financial or economic loss to any person;
- (c) loss of employment or employment opportunity to any person; or
- (d) loss of education or training or of an educational or training opportunity to any person.

(3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

(4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The onus is on the Applicant to establish the exceptional hardship ground of appeal as provided in subsection 50.2 of the Act.

Subsection 22 (2) Regulation 574 as amended by O. Reg. 632/98 provides that for the purposes of considering exceptional hardship, inconvenience cannot be considered, and financial loss, loss of employment or opportunity for employment cannot be considered unless there is no alternative vehicle and that loss is immediate, significant and long lasting, impact of loss is on a person ordinarily transported in the vehicle and other than the suspended driver.

The Tribunal will address each point separately.

Is there no alternative to the impounded vehicle?

Subsection 22(3)(a) Regulation 574 as amended by O. Reg. 632/98 provides that this Tribunal may not consider financial or economic loss as a ground of appeal unless no alternative to the impounded vehicle is available.

The Respondent's counsel referred to the above mentioned section and emphasized that financial loss or economic loss cannot be considered in the event an Applicant has an alternate mode of transportation. In this case, the Respondent's counsel asserts that the Applicant has two other alternate vehicles at his disposal. The Applicant assured the Tribunal that neither car is available to him. The Applicant's brother uses the van for his own business. The Applicant cannot drive a vehicle with a standard transmission and even if he could, a Mustang is not a useful vehicle for his type of business. Also, both cars are the property of his brother.

The Tribunal is aware that financial loss is not to be taken into consideration if an alternate vehicle is available. However, in this particular case the Tribunal finds for the Applicant. There is no doubt that the two other vehicles registered to the Applicant's address are registered in his brother's name. Further, the Tribunal found the Applicant to be a credible witness. The Tribunal accepts the Applicant's statements as to why the vehicles are not accessible to him and finds the Applicant's explanations to be reasonable.

The Respondent's counsel suggested that the Applicant has not established the reasons for not being able to rent another vehicle. The Applicant testified that he made enquiries into the possibility of renting but found the cost to exceed his means and being unable to rent an alternative vehicle, the Applicant does not have access to such a vehicle. The Tribunal found that the Applicant gave his testimony in a forthright manner.

The Tribunal accepts the Applicant's testimony and finds that the Applicant made an effort to mitigate his losses, as required by the Act, but after investigating, the Applicant found the cost of renting to be prohibitive, and therefore renting was not an option.

Accordingly, the Tribunal finds that there is no reasonable alternative vehicle to replace the impounded vehicle.

Is the loss immediate, significant and lasting?

This Tribunal further finds that the Applicant has met the criteria of O. Reg. 632/98, subsection 22(3)(b) which provides that economic loss may be regarded if the loss is immediate, significant and lasting.

The Applicant testified that he has lost work and income due to the impoundment of his vehicle. The Applicant uses the vehicle for transportation as well as for storage of tools and equipment and advertising. According to the Applicant's written submissions and his viva voce evidence, the vehicle has "... the company logo all over it...", not being able to drive it curtails the Applicant's ability to advertise and therefore attract further business. The Tribunal finds the Applicant's loss of income to be immediate, with significant and long lasting cumulative effects.

Is the loss upon a person ordinarily transported in the motor vehicle?

The evidence indicates that the impact of the loss will be borne by the owner of the vehicle, not the suspended driver. Therefore, the requirements under O. Reg. 632/98, Subsection 22(3)(c) are met.

Is the loss upon a person other than the driver of the motor vehicle and not a result of that driver's loss?

O. Reg. 632/98, Subsection 22(3)(d)(i)(ii), amending Regulation 574, provides that this Tribunal may not consider economic loss unless the owner demonstrates that:

d) the impact of the loss,

i) will be upon a person other than the person whose driving while his or her driver's license was under suspension resulted in the order to impound the motor vehicle and...

ii) will not be a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d).

The Applicant meets the requirements of Subsection 22(3)(d)(i) as the loss of the impounded vehicle is upon the vehicle owner who is a person other than the suspended driver.

The Applicant has met the requirements of section 22(3)(d)(i)(ii). The economic losses incurred by the Applicant are not "... a result of a loss by the suspended driver of the type set out in clause 2(b)(c) or (d)".

After assessing the evidence presented, the Tribunal finds the Applicant has met all the criteria of Subsection 22(3) of Ontario Regulation 574 as amended by Ontario Regulation 632/98, and finds that the Applicant will suffer exceptional hardship as a result of the impoundment.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **sets aside** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: March 19, 2002

BALTZER, CLARENCE

CLARENCE BALTZER

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NEIL MacPHEE,
Presiding member

APPEARANCES: KIM BEINTEMA
Representative for the Registrar of Motor Vehicles

SHIRLEY BALTZER,
Agent for Applicant

DATE OF HEARING: March 8, 2002

DECISION RELEASED: March 19, 2002 Windsor

REASONS FOR DECISION

A hearing was held on March 8, 2002, at Windsor, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Clarence A. Baltzer (the "Applicant")
Motor Vehicle: 1996 Dodge Dakota pickup, plate 8408AF (the "vehicle")
Date of Appeal: February 26, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 8, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

On Feb.21, 2002 my husband was arrested for driving our family vehicle while under suspension. This has caused a great hardship upon our family. (We have 3 children, one of whom is pregnant). I (Shirley Baltzer) have just started a new job with a commute of 50

minutes to get to work. If we do not get the truck back as quickly as possible I will lose my job. My husband is still in jail and no other income is coming into the household. We cannot afford to be without the vehicle.

I would greatly appreciate an emergency hearing as soon as possible.

Shirley Baltzer, wife of the Applicant and acting as his agent testified that she resides in the City of Windsor with her 19 year old daughter and a teenage son. The 19 year old daughter is pregnant and is not employed, and the son works at Red Lobster. The witness works at a restaurant in Leamington and commenced employment there on February 21, 2002. She works four to five hours a day at different times of the day. She states that her daughter has to go to the doctor for regular check-ups for which she needs the subject automobile and she also drives her son to and from work at Red Lobster. She testified that the bus does not go often from Windsor to Leamington, maybe once a day, and that it would cost \$20 to \$25 per day for this type of transportation. She testified that if she does not get the Applicant's truck back, she will lose her job. She states that her mother lives in Windsor and owns a car and that she has borrowed it on occasion but can not do this frequently as her mother is on disability. She further testified that friends have an automobile which she has used in the past, but before she can use it on a regular basis, the brakes will have to be fixed.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Clarence Baltzer;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of Impaired Driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until July 18, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the

Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or

- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The grounds for this appeal are that the impoundment of her husband's vehicle will result in exceptional hardship to Mrs. Baltzer and her family. For this to succeed, the Tribunal must find first that there is not an alternative to the impounded vehicle. Based on the facts in evidence, the Tribunal finds that Mrs. Baltzer does in fact have alternative transportation to the impounded vehicle. But if the Tribunal did not so find, the Tribunal also finds the Applicant has not brought herself within the circumstances set out within Ontario Regulation 574, Section 22(2) and (3).

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Neil MacPhee, Presiding Member

RELEASED: March 19, 2002

TELECOMMUNICATIONS SANS FIL (TSF) INC.

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: SIMON DANN,
Presiding member

APPEARANCES: JOHN PETROSONIAK,
Representative for the Registrar of Motor Vehicles

RICK PEISTER.
Agent for the Applicant

DATE OF HEARING: March 19, 2002

DECISION RELEASED: March 21, 2002 ***By Teleconference***

REASONS FOR DECISION

A hearing was held on March 19, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Telecommunications Sans Fil (TSF) Inc. (the "Applicant")
Motor Vehicle:	Ford DRW Pickup (the "vehicle")
Date of Appeal:	February 27, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on March 19, 2002 and proceeded as an electronic hearing.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

TRYLON TSF
ISO 9001 Registered
21 Southfield Drive, PO Box 186, Elmira, Ontario, N3B 2Z6 - Tel: (519) 669-5421 - Fax (519)-669-8912
Website: www.tryon.com

February, 14 / 2002

Attachment to: Page 2 of 2 Notice of Appeal

We appeal for the release of our vehicle for the following reason: Please find the ownership and valid insurance certificate attachment.

1. The Trylon TSF Ford F350 vehicle has no mechanical defects and had not been reported as stolen.
2. The infraction committed by the employee (Doug Rhijnsburger) at the time, which resulted in our vehicle being impounded, was that of driving while under suspension.
3. This infraction led to his immediate dismissal from the company. Please see the attached letter of termination.
4. The results of Mr. Rhijnsburger's infraction has left us short of a work vehicle and we have had to lay off 3 employees as a result. They are now collecting UIC.

Please contact Mr. Rick Peister (Director of Finance) @ 519-669-5421 X 257 as the TSF contact person.

Sincerely,
"Rick Peister"
Rick Peister
Director of Finance
Trylon TSF

The Applicant's representative, Mr. Peister, confirmed the details stated in the appeal and added the following information:

- While the company has two policy checks in place to confirm that new employees have valid driver licences, Mr. Rhijnsburger's licence was not checked when he was first employed (about two years ago) as he was not hired to work in a position where he might be driving a company vehicle; as a result, the company did not have an interest in examining Mr. Rhijnburger's driver's licence status;
- Mr. Peister confirmed that when Mr. Rhijnsburger was promoted to a position where he would be driving company vehicles, the company did not carry out a driver's licence

check and did not apply the company's stated policies;

- The Applicant confirmed that while the loss of the impounded vehicle had resulted in the lay-off of the work crew that used that truck, the company had not lost any work or contracts as it had been able to move vehicles and crews from other regions (specifically from Quebec where the company was not as busy) to meet its project obligations; in addition, the company had also been able to extend the work schedule of other local crews over the seven day week instead of the regular work week;
- Mr. Peister also confirmed that based on prior experience the company had not examined a short-term vehicle rental as a practical option due to cost and vehicle equipment.

Mr. Peister also confirmed that as a result of the company's experience it had now instituted a new policy which would require quarterly driver licence abstracts to be obtained on all drivers.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Doug John Rhijnsburger;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offences of Impaired Driving and Fail or Refuse to Provide Breath or Blood Sample under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension for life.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

(1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which

- (d) the order was made was not then under suspension; or
that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of “due diligence” as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

To succeed in this appeal, the Applicant must establish either due diligence in determining the validity of the driver's licence under section 50.2(3)(c) or exceptional hardship under section 50.2(3)(d) of the Act.

As to the Applicant's appeal to have the impounded vehicle returned on the basis that the loss of the vehicle will result in exceptional hardship, the evidence established:

- (i) the company failed to follow its policy requirements and exercise its own policy of due diligence at the time the driver of the impounded vehicle was promoted to driver status,
- (ii) the company had been able to reschedule other crews and vehicles to continue to meet its contractual obligations,
- (iii) the company had not lost any contracts or work due to the loss of use of the impounded vehicle,
- (iv) there was no evidence to show the company had suffered financial hardship,
- (v) the company had not sought out alternate vehicle rental arrangements as it was able to bring in needed vehicular equipment from another operating region (Quebec).

This evidence does not establish either due diligence or exceptional hardship as required under section 50.2(3) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR
VEHICLE ISSUED BY THE REGISTRAR OF MOTOR
VEHICLES**

TRIBUNAL: ALAN HOLBROOK
Presiding member

APPEARANCES: DAVID MILNER
Counsel for the Registrar of Motor Vehicles

No one appearing on behalf of the Applicant

DATE OF HEARING: March 20, 2002

DECISION RELEASED: March 25, 2002 London

REASONS FOR DECISION

A hearing was held on March 20, 2002, at London, Ontario, to consider the Applicant's appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Greg Thorne (the "Applicant")
Motor Vehicle:	1997 Ford COF, Licence Plate 9601EH (the "vehicle")
Date of Appeal:	March 1, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 20, 2002 and proceeded as an oral hearing.

The hearing was scheduled to commence at 1:30 p.m. At 1:45 p.m., neither party had arrived. The Tribunal recessed until 2:00 p.m. Counsel for the Respondent was present at that time, but not the Applicant.

The hearing was adjourned until 2:45 p.m. to give the Applicant more time to arrive.

At 2:45 p.m., the hearing was commenced in Mr. Thorne's absence.

The Tribunal asked the counsel for the Respondent if he wished to make any submissions prior to the Tribunal commencing the hearing. The counsel for the Respondent, Mr. Milner, asked to file the original certified copies of the Ministry of Transportation submissions. They were marked as Exhibit #3 and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal reviewed the written material given in support of the Applicant and the Respondent.

Evidence for the Applicant

The material filed by the Applicant for this hearing refers to the Applicant's dire financial situation.

The Applicant's written submission filed with the Tribunal in support of appeal states:

I AM SENDING THIS NOTICE OF APPEAL DUE TO THE CIRCUMSTANCES OF A FORE CLOSURE ON MY MORTGAGE OF MY HOUSE. I HAVE BEEN TRYING TO SELL THE VEHICLE FOR SOME TIME FOR A RESONIBLE PRICE TO CATCH UP ON THE MORTGAGE. I AM COLLECTING UNEMPLOYMENT INSURANCE AND MONEY IS TIGHT. MY NAME IS NOT THE ONLY NAME ON THE MORTGAGE. THIS PERSON CREDIT FOR SOMETHING THAT IS NOT HER FAULT. I HAVE TALKED TO A DEALER ABOUT THE SALE OF THE VEHICLE. I'M SURE IF THIS APPEAL IS APPROVED THE VEHICLE WILL BE SOLD IMMEDIATELY. I APOLOGIZE FOR SENDING THIS LATE BECAUSE I COULD NOT PAY FILING FEE TILL THE WEEK OF FEB. 24/02. ALSO THERE IS A LOAN ON THE VEHICLE IN MY PARENTS NAME THAT THEY HAVE BEEN PAYING SINCE I HAVE BEEN UNEMPLOYED. THE VEHICLE HAS TO BE SOLD TO PAY OFF THE LOAN.

Evidence for the Registrar

A summary of the Registrar evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Gregory Thorne.
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of driving with more than 80 mgs. of alcohol in the blood under the *Criminal Code of Canada*

pursuant to which the driver's licence of the driver was then under suspension until August 1, 2002.

The Respondent called no witnesses and relied only on the written submissions.

In summation, Mr. Milner pointed out that the owner and the driver of the impounded motor vehicle was Mr. Thorne. There was no evidence put forth to indicate that there would be any hardship suffered by anyone other than the suspended driver of the impounded vehicle.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11) as:

“Owner” means the person whose name appears on the certificate of registration for the vehicle, and, where the certificate of registration for the vehicle consists of a vehicle portion and plate portion, means the person whose name appears on the vehicle portion.

The owner may appeal the Registrar’s order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of section 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22
- (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
 - (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the Board shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
 - (3) The Board may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
 - (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

As to the issue that the loss of the vehicle will result in exceptional hardship, the Applicant's

evidence failed to establish the criteria set out in section 22(1) of Regulation 574 of either,

(a) a threat to the health or safety of any person ordinarily transported by the motor vehicle; or

(b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

Further, the Applicant's evidence did not establish the criteria set out in section 22(3) that:

(a) no alternative vehicle was available.

(b) the loss will be immediate, significant and lasting

(c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and

(d) the impact of the loss,

(i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and

(ii) will not be a result of a loss by the suspended driver of the type set out in clause (2) (b), (c) or (d).

Accordingly, the Tribunal finds that the Applicant has failed to establish exceptional hardship as required under section 50.2 of the *Highway Traffic Act*.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the Highway Traffic Act, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Alan Holbrook, Presiding Member

RELEASED: March 25, 2002

MEGAN, MYRNA

MYRNA MEGAN

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NIVES MONTANO
Presiding member

APPEARANCES: MURRAY FORBES
Senior Counsel for the Registrar of Motor Vehicles

MYRNA MEGAN, Applicant
unrepresented

DATE OF HEARING: March 21, 2002

DECISION RELEASED: March 26, 2002 Toronto

REASONS FOR DECISION

A hearing was held on March 21, 2002, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Myrna Megan (the "Applicant")
Motor Vehicle:	1997 Ford F150 Pick Up, plate 6181HH (the "vehicle")
Date of Appeal:	March 1, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on March 21, 2002 and proceeded as an electronic hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #3) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

- 1) I need my truck to take my daughter (Katelin Gagnon) to her appointment in Thunder Bay March 14/02 at 10:00 AM
- 2) Katelin Gagnon My daughter has another appointment in Toronto on April 3/02 I need my vehicle to take her to these appointment
- 3) Also my son (Darius) has a hockey tournament in thunder, Bay Ont. March 10 to 16
- 4) I also need it to take my children to sitters when I go to work, and hockey practise

The following is a summary of the Applicant's affirmed testimony.

The Applicant is a married mother of five children who resides with her five children and her husband, Bernard Gagnon, the driver of the impounded vehicle, on a reserve in Aroland which is approximately 20 minutes from Nakina, Ontario (about four hours north of Thunder Bay). She is employed as a full-time office administrator (bookkeeper, receptions, etc.) at ARO-FOR, a logging company four blocks from home. One of her duties includes bank deposits and cheque certification. The closest daily-operating bank is 80 kilometres away in Geraldton. The bank in Nakina is only open two days a week and has no overnight deposit box.

With respect to the circumstances surrounding the impoundment, the Applicant testified that she was aware of her husband's suspension. Since a new motor was put in the vehicle that day, the Applicant, together with some friends, asked her husband, Mr. Gagnon, to test drive the vehicle as he had a better understanding on how vehicles ran.

The Applicant testified that they were stopped in Nakina near a restaurant in which there are always OPP monitoring the area. No charges were laid, but the vehicle was impounded.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibits 4-11):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Bernard Gagnon;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the

time of impoundment had been convicted of the offence of blood/alcohol content in excess of .08 under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until August 30, 2004;

5. Certified copies of Driver's Abstracts for Trevor (brother), Tommy (uncle), Roger (uncle), Charles (father), Alexander (cousin) and Andy Megan (uncle), all relatives of the Applicant.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

(3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,

- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
- (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
- (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
- (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has requested an appeal on the grounds of “exceptional hardship” under section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if “exceptional hardship” will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardship as described by section 22(2). In order for her claim to be considered under section 22(2), the Applicant must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative to the impounded vehicle.

Since the Applicant lives in a remote part of Ontario and this location is not 911 accessible. The nearest hospital is approximately 1 hour away.

The Tribunal may consider the criteria set out in clause (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

These criteria are cumulative. That is, all of these criteria must be met before the Tribunal may consider the ground of "exceptional hardship" under section 50.2(3)(d). On the evidence, none of the above-mentioned criteria have been met.

(a) **“no alternative to the impounded motor vehicle is available”**

- (i) The nearest town in which to rent a vehicle is 80 kilometers away. There is no public transit and/or taxis on the reserve. The Applicant has testified that she has been walking to work.
- (ii) The Applicant lives in a tight-knit community wherein since her marriage to Mr. Gagnon, she is now related to almost everyone on the reserve. As noted above, Exhibits 6 through 11 are persons in her immediate family who own vehicles.
- (iii) The Applicant's mother, on occasion, has provided the Applicant with a vehicle so that she could transport her children to their appointments.
- (iv) The Applicant's employer has 3 extra vehicles for his employees to bring them to the job sites. Should the Applicant require a vehicle to carry out her duties for her

- employer, the Tribunal is of the opinion that her employer would permit the Applicant to use one of the company's fleet vehicles.
- (v) There is also the possibility of obtaining a ride from someone on the reserve or walking to her place of employment which is only 4 blocks away.

In Exhibit 2, Owner's Position in Appeal, points 1 and 3 read as follow:

1. I need my truck to take my daughter (Katelin Gagnon) to her appointment in Thunder Bay March 14/02 at 10:00 AM; and
3. Also my son (Darius) has a hockey tournament in thunder, Bay Ont. March 10 to 16

In her testimony, the Applicant borrowed her mother's vehicle to drive to Thunder Bay to keep her daughter's March 14th appointment and remained for the duration of her son's hockey tournament.

The Tribunal finds that alternatives to the Applicant's vehicle are available, although inconvenient.

(b) "**the loss will be immediate, significant and lasting**" The Applicant testified that:

- (i) 3 children has been able to get to school, which is also 4 blocks away from home, without any time missed due to the impoundment;
- (ii) 2 children have been able to get to the sitter;
- (iii) the Applicant has not missed any days off work due to the impoundment, but only has been late for work;
- (iv) there is no threat of loss of employment;
- (v) she has been able to get to work by walking;
- (vi) no doctors' appointments have been missed; and
- (vii) Mr. Gagnon, the Applicant's husband and driver of the impounded vehicle, has been able to get to work by carpooling with others.

Although the Applicant's son is schedule for dental surgery on March 28, 2002, and the Applicant's daughter is scheduled for a follow-up cardiological appointment in Toronto on April 5, 2002, the Tribunal is of the opinion there are a number of vehicles available to the Applicant so that she and her children could be transported to Thunder Bay to (1) keep her son's dental appointment; and (2) to board a flight departing in Thunder Bay for Toronto.

After considering the above requirement, the Tribunal finds that the Applicant albeit inconvenient, has alternatives to the impounded vehicle and the impact of the loss will not be immediate, significant and lasting as required by section 22(3) of Regulation 574 as amended by Regulation 632/98.

Accordingly, after considering the criteria set out in section 22(3) and (4) of Regulation 340 as

amended by Ontario Regulation 632/98, the Tribunal finds the Applicant has not established exceptional hardship as set out in section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

MARKETING INC. AND JEFFREY GELLER

Applicants

-and-

REGISTRAR, *MOTOR VEHICLE DEALERS ACT*

Respondent

DISMISSAL ORDER

PURSUANT to the provisions of the *Motor Vehicle Dealers Act*, R.S.O. 1990, Chapter M.42 as amended (the "Act"), Exclusively Yours Leasing Inc., Exclusive Auto Marketing Inc. and Jeffrey Geller (the "Applicants") initiated an appeal under section 7(4) of the proposal of the Registrar under the Act, dated January 25, 2002 in terms of which the Registrar proposed to revoke registrations of the Applicants as motor vehicle dealers and salesperson;

AND WHEREAS, the Applicants have failed to pay the filing fee for this proceeding before the Tribunal, required pursuant to section 7 of the *Licence Appeal Tribunal Act*, 1999;

AND WHEREAS, the Applicants have not responded to the Tribunal's Notice of Intent to Dismiss Proceedings sent to the Applicants pursuant to section 4.6 of the *Statutory Powers Procedures Act*, R.S.O. 1990, Chapter S. 22 as amended, and Rule 2.10 of the Rules of

Practice of the Licence Appeal Tribunal, whereby a proceeding before this Tribunal may be dismissed without a hearing for failure to pay the required filing fee;

NOW THEREFORE, this Tribunal orders that:

1. Pursuant to the authority vested in it under section 4.6 of the *Statutory Powers and Procedures Act*, as amended, this proceeding, initiated by the Applicants' request for a hearing before this Tribunal, is dismissed;
2. Pursuant to the authority vested in it under section 7 of the *Motor Vehicle Dealers Act*, this Tribunal directs the Registrar, *Motor Vehicle Dealers Act* to carry out his proposal dated January 25, 2002 to revoke the registrations of Exclusively Yours Leasing Inc., Exclusive Auto Marketing Inc. and Jeffrey Geller.

627416 ONTARIO INC. O/A ROSEDALE HOMES

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE *ONTARIO
NEW HOME WARRANTIES PLAN ACT*

TO REFUSE TO RENEW REGISTRATION

TRIBUNAL: TERENCE A. WARDROP Q.C., Vice-Chair

APPEARANCES:

BRIAN CAMPBELL, counsel for the Applicant, 627416 Ontario Inc.,
o/a Rosedale Homes,
MICHAEL BADER Q.C., counsel for the Ontario New Home Warranty
Program

DATES OF August 8 to 11 (inclusive), 2000, September 11 to 14 (inclusive),
HEARING: 2000, January 9 and 10, 2001, May 1 to 3 (inclusive), 2001, June 5,
2001, August 21, 2001, November 27 and 28, 2001, at Windsor; and
January 4 and 14, 2002, at Toronto; in all, 19 days of Hearings.

REASONS FOR DECISION AND ORDER

BACKGROUND:

This hearing arises from a Notice of Proposal dated November 9, 1999, (the "Original Proposal") issued by the Registrar of the Ontario New Home Warranty Program (the "Registrar") to refuse to renew the registration of 627416 (Ontario) Inc., operating as Rosedale Homes (the "Applicant"), as a vendor or a builder under the provisions of Section 8(2) of the *Ontario New Home Warranties Plan Act* R.S.O. 1990. Ch. 0.31 (the "Act").

The Registrar is appointed by Ontario New Home Warranty Program, the corporation designated to administer the Act pursuant to Section 2 thereof (the "Program") and is charged with the duties and required to exercise the powers given to the Registrar by the Act.

The Registrar issued a Supplemental Notice of Proposal dated November 29, 2001, (the "Supplemental Proposal") which, by adding information and statements supplemental to the Original Proposal, had the effect of making the Original Proposal current as at the date of the Supplemental Proposal. This hearing dealt with the Original Proposal and the Supplemental Proposal together, as a single proposal (collectively the "Proposal").

The Registrar bases the Proposal on the provisions of Section 8 of the Act, as read together with Section 7 of the Act.

The Applicant by a notice dated November 23rd, 1999, (the "Appeal"), requested a hearing before the Commercial Registration Appeal Tribunal which, as of April 1, 2000, is known as the Licence Appeal Tribunal (the "Tribunal") respecting the Proposal and bases its claim on the provisions of Section 9(2) of the Act.

At the commencement of these hearings, Counsel for both the Applicant and the Respondent requested that, as the issues to be determined in this case were based upon the evidence of the same witnesses as those called to give evidence in the case of a notice of proposal issued by the Registrar to refuse to renew the registration of Rosedale Homes (1996) Inc., and since the facts in each case were similar and the principles of each of the applicants were common to both cases, it would be expedient and a saving of time and costs to conduct the hearings of both cases together simultaneously. Counsel for the applicants in both cases urged, however, that although many of the issues in each case were identical, the facts were similar ***but not*** identical, and as such, were peculiar to each case and would require separate decisions dealing with the particular matters of each case respectively, and independently from each other. With this caveat, this Tribunal agreed to hear both cases together and simultaneously. It is notable that the principles of both Applicants are related to each other and common to both cases although in differing capacities except as to the personal cross-guarantees. Counsel for the Respondent concurred but stressed that the inter-connected Applicants were so identical in purpose and common business undertakings that for all practical purposes or reasons, including the cross-guarantees and the inter-relationships, they can both be considered as a single enterprise.

ISSUES:

During the early part of the hearing, evidence was given by way of documentation that the Applicant was no longer in existence due to its dissolution and, as such, the renewal application, being the subject matter of the Proposal and Appeal, was a nullity. Counsel for the Applicant argued that the Applicant could be revived retroactive to the date of its dissolution by way of an application by any "interested person" pursuant to Section 241(5) of the Business Corporations Act R.S.O. 1990. Ch. B.16. The Tribunal, at the request of both Counsel and due to the fact that the case respecting Rosedale Homes (1996) Inc. with similar issues would be proceeding in any event, agreed to reserve its decision on this particular issue until the end of

the hearing and/or pending the decision of Counsel for the Applicant as to whether an application for such a revival would or would not be commenced by his client.

The Tribunal thence continued to hear the evidence and argument respecting this case, and the concomitant case respecting Rosedale Homes (1996) Inc., since it would be a saving of time and expense to proceed with both cases subject only to the decision of the Tribunal with respect to **this issue in this case.**

FACTS:

This Tribunal finds as a fact that the Applicant was dissolved on or prior to November 9, 1999, and as such, the application for renewal of registration of the Applicant as a builder was a nullity as at that date and the Proposal of no purpose.

THE LAW:

The Applicant having been dissolved on or prior to November 9, 1999, its registration as a builder under the Act is extinguished as at the date of its dissolution and any application for a renewal of such registration before or after the date of dissolution is a nullity, subject only to a retroactive revival of the Applicant at the discretion of the Director appointed pursuant to the Business Corporations Act R.S.O. 1990. Ch. B.16 (the "Business Corporations Act"). Section 241(5) of the Business Corporations Act provides for the revival of dissolved corporations, as follows:

"241(5) Where a corporation is dissolved under subsection (4) or any predecessor of it, the Director on the application of any interested person, may, in his or her discretion, on the terms and conditions that the Director sees fit to impose, revive the corporation; upon revival, the corporation, subject to the terms and conditions imposed by the Director and to the rights, if any, acquired by any person during the period of dissolution, shall be deemed for all purposes to have never been dissolved. 1999,c.12,Sched. F,s.9."

DECISION:

As no application has been made by any interested person to the Director appointed pursuant to the Business Corporations Act for revival of the Applicant under Section 241(5) as at this date, there is neither an Applicant nor an application for a renewal of any registration before this Tribunal at this time and the Appeal is therefore dismissed.

RELEASED: March 20, 2002

The hearing was recorded. Transcripts can be made available at your expense. The period to appeal a decision to the Superior Court of Justice is 30 calendar days from the date of release of the decision. Please arrange to pick up your Exhibits within 30 days after that period has passed. The Tribunal requires seven days notice prior to releasing Exhibits.

ONTARIO HISTORICAL SOCIETY

PREHEARING

THE ONTARIO HISTORICAL SOCIETY

APPEAL FROM A DECISION OF THE REGISTRAR OF THE
CEMETERIES ACT R.S.O., 1990 CHAPTER C. 4, AS AMENDED

TO CLOSE A CEMETERY

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

CATHERINE BRAY, Counsel, representing the Applicant, Ontario
Historical Society

JAMES STEBBING, Counsel, representing the Registrar, *Cemeteries
Act*

MELISSA BARNETT, Counsel, representing the Anglican Church of the
Incorporated Synod of the Diocese of Toronto and Gordon Barr

DATE OF

PREHEARING: April 5, 2002

TORONTO

ORDER

FOLLOWING attendances on April 5, 2002 at a pre-hearing before this Tribunal of Catherine Bray, Counsel on behalf of the Ontario Historical Society (the "Applicant"), and James Stebbing, Counsel on behalf of the Registrar, *Cemeteries Act* (the "Registrar") and Melissa Barnett, Counsel on behalf of the Anglican Church of the Incorporated Synod of the Diocese of Toronto (the "Diocese") and Gordon Barr ("Barr") (the "Added Parties");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, April 22, 2002 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario and to continue if necessary on April 23, 24, 25 and 26, 2002 at 9:30 a.m. at the Tribunal's above chambers;

1. The Parties to the hearing are the Applicant, the Registrar and the Added Parties.
2. The Applicant's Counsel advised the Tribunal that the Applicant intends to have the following persons testify at the hearing as expert witnesses:

Marjorie Stuart
Dianne Clendenan
Patricia Neal

The aforesaid parties' curricula vitae shall be furnished by the Applicant to all other parties by no later than April 5, 2002.

The Applicant's Counsel indicated to the Tribunal that the Applicant intends to call a Land Use Planner to testify at the hearing, and the Applicant was ordered to furnish such person's curriculum vitae as soon as such person is retained by the Applicant.

3. The Registrar's Counsel advised the Tribunal that the Registrar intends to have the following persons testify at the hearing as expert witnesses:

David Osler or Brian Lauder regarding the zoning by laws of the Town of Caledon
Michael D'Mello the Registrar (Acting) *Cemeteries Act* (Revised)

The Registrar will not rely on or refer to written reports of the above persons at the hearing but shall, by no later than April 10, 2002, provide to the Applicant and the Added Parties the curricula vitae of the such parties.

In addition to the foregoing persons, the Registrar, at the hearing, intends to rely on or refer to the evidence of the following persons as expert witnesses:

Bonnie Glencross author of a document titled *The St. Alban's Anglican Church and Assessment Report* dated December 1996 which report has already been disclosed by the Registrar to the Applicant and Added Parties, and
Heather Broadbent

At the hearing the Registrar shall not rely on or refer to any written report of Heather Broadbent but shall, by not later than April 10, 2002, provide the Applicant and the Added Parties such persons' curricula vitae.

4. The Added Parties' Counsel advised the Tribunal, that the Added Parties intended to have the following persons testify at the hearing, as expert witnesses:

Harry Huskins
Dr. Ron Williamson
Brian Gilchrist

Counsel for the Added Parties advised the Tribunal that the Added Parties shall not, at the hearing, rely upon or refer to written reports of the above three persons.

The Added Parties shall by not later than 5:00 p.m. on April 5, 2002 fully comply with the requirements of Rule 6.4 (1)(b) and (c) of the Rules of Practice of the Tribunal.

5. At the hearing:

(a) OPENING STATEMENTS

An opening statement shall be presented by the Parties in the following sequence:

- (i) the Registrar
- (ii) the Anglican Church of the Incorporated Synod of the Diocese of Toronto (the "Diocese")
- (iii) Gordon Barr ("Barr")
- (iv) the Applicant

(b) WITNESSES

The Parties' witnesses shall be presented in the following sequence:

- (i) the Registrar's witnesses
- (ii) the Diocese witnesses
- (iii) Barr's witnesses
- (iv) the Applicant's witnesses

(c) REGISTRAR'S WITNESSES

Each of the Registrar's witnesses after giving evidence in chief, may be asked questions of clarification, if any, by the Added Parties followed by cross examination by the Applicant, followed by re-examination, if any, by the Registrar's Counsel.

(d) DIOCESE WITNESSES

Each of the Diocese's witnesses after giving evidence in chief, may be asked questions of clarification, if any, by the Registrar and Barr, followed by cross

examination by the Applicant, followed by re-examination, if any, by the Diocese's Counsel.

(e) BARR'S WITNESSES

Each of Barr's witnesses after giving evidence in chief, may be asked questions of clarification, if any, by the Registrar and the Diocese, followed by cross examination by the Applicant, followed by re-examination, if any, by Barr's Counsel.

(f) APPLICANT'S WITNESSES

Each of the Applicant's witnesses after giving evidence in chief, may be cross examined by the Registrar, then by the Diocese, then by Barr, followed by re-examination, if any, by the Applicant's Counsel.

6. Counsel for the Registrar estimated that the testimony of the Registrar's witnesses should take approximately three days to complete.
7. Counsel for the Applicant estimated that the testimony of the Applicant's witnesses should take between approximately six and ten days to complete.
8. Counsel for the Added Parties estimated that the testimony of the Added Parties should take approximately two days to complete.
9. There was no settlement of any or all of the issues.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

RELEASED: April 8, 2002

ABBOTT, ANDY AND ALANDY AUTO SALES LTD.

ANDY ABBOTT AND ALANDY AUTO SALES LTD.

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER
THE *MOTOR VEHICLE DEALERS ACT*

TO REVOKE REGISTRATION

TRIBUNAL: MARJORIE HILEY, Vice Chair

APPEARANCES:

ANDY ABBOTT, Applicant, representing himself
MICHAEL ROTHE, Counsel, representing the Registrar, *Motor Vehicle Dealers Act*

HEARING: March 5, 2002 Toronto

DECISION AND ORDER

BACKGROUND:

The Registrar, *Motor Vehicle Dealers Act*, issued a Notice of Proposal dated September, 6, 2001 by which he sought to revoke the registration of Andy Abbott as a motor vehicle salesperson and Alandy Auto Sales Ltd. as a motor vehicle dealership. The reasons for his proposal are based on section 5 of the Act and in particular: 1. The dealer was evicted from his premises in August, 2000 for non-payment of rent; 2. The premises of the dealer as of November, 2000 lacked municipal approval and had not been approved by the Registrar; 3. The dealer had failed to comply with the requirements of the *Retail Sales Tax Act* and owed over \$28,000.00 to the Ministry of Finance; 4. The dealer did not maintain his books and records at the registered premises.

Mr. Abbott, on behalf of himself and the dealership, filed his Notice of Appeal dated September 21, 2001. He disputed most of the particulars as set out in the Proposal of the Registrar. He did not dispute that the dealership, Alandy Auto Sales Ltd. was registered as a motor vehicle dealership on April 12, 1996 nor that Andy Abbott was the operating mind of the said corporation.

There was no prehearing. The matter was scheduled for hearing on March 5, 2002. At that time all parties were in attendance. Mr. Abbott represented himself and the dealership.

ISSUES:

Did the Registrar, *Motor Vehicle Dealers Act*, act reasonably in revoking the registration of Andy Abbott as a motor vehicle salesperson under the Act?

Did the Registrar, *Motor Vehicle Dealers Act*, act reasonably in revoking the registration of Alandy Auto Sales Ltd. as a motor vehicle dealership under the Act?

EVIDENCE:

Opening Statements:

By Counsel for the Registrar:

The Registrar wishes to revoke the registration of Mr. Abbott and the corporation because under section 5(1) of the Act: 1. The premises are not maintained, nor the books and records; 2. The financial position of the corporation and the past conduct of Mr. Abbott shows a disregard for honesty, integrity, and acting in accordance with the law.

By Mr. Abbott:

He has been a registered salesperson under the Act for over twenty years. He tried to act within the *Motor Vehicle Dealers Act* and had never run away from his responsibilities. There were circumstances beyond his control. He was trying to make amends. The motor vehicle industry is the only business where he is capable of working.

Testimony of Bob Walraven:

Mr. Walraven is a field collection officer with the Ministry of Finance. He has worked for nineteen years with the Collections Branch. He has also worked as a loans officer at a Trust company. It is his responsibility to bring resolution to tax issues not previously resolved. He acts as a witness at various hearings.

Mr. Walraven stated he was familiar with the registrants. The file had been assigned to him, and he had undertaken a review of the file. The dealership was on the collection side of the Ministry of Finance from 1997 to present. The Ministry of Finance requested of the Ontario Motor Vehicle Industry Council ("OMVIC") that they revoke the licence of the dealership.

In May, 1997 the Collections Branch was in contact with the registrant who was supposed to remit sales tax on a monthly basis, but there were problems. In 1999 there was a formal agreement to pay \$500.00 per month for the arrears plus keep current with the monthly payments. That agreement has been broken three times since that time. The Collections Branch has tried to seize funds in the bank account of the registrant, and in January, 2001

there was an execution by the Sheriff of Durham to attend at the premises of the dealership and seize the inventory. That execution was unsuccessful as the inventory had been moved. Currently, the arrears totals over thirty thousand dollars.

Mr. Walraven testified that the dealership filed active returns to April, 2000 but there have been no returns since then. Mr. Walraven stated that the dealership was not collecting sales tax after that time. Although there had been a formal payment agreement since 1999, the registrant could not pay on it. In 1998 there was payment of \$15,955.00; in 1999 payment of \$1500.00; in 2000 payment of \$1000.00 and in 2001 payment of \$1300.00. The arrears schedule of the Ministry of Finance takes into account these payments.

Mr. Walraven stated that the *Retail Sales Tax Act* deals with sales tax charged at the point of sale. Vendors are required to make remittances on the sales tax that they have collected. If there is no business, then they can say so. The Ministry of Finance allows the vendors to deduct 5% off the sales tax collected. The taxes collected are deemed to be trust funds and do not belong to the vendor. Mr. Walraven stated that \$21,228.40 of sales tax was collected but not remitted to the Ministry of Finance.

In determining what is in the best interests of the Ministry of Finance, they have to find a reasonable prospect of recovery. They would want monthly remittances and to have the arrears decreased. Otherwise they can look at recovery through the director personally.

Mr. Walraven stated that he did a full print-out of the collection history of the dealership and had personally reviewed every entry going back to 1997. There were 21 periods of default between 1998 and April, 2000. The returns were not filed on a monthly basis but in groups of 4 to 8 at a time. The arrears balance continued to accrue.

Under cross-examination, Mr. Walraven stated that he had first looked at the collection history of the company approximately two weeks prior to the hearing. The file had shown that Mr. Abbott was involved in litigation with his landlord. At first the amount in dispute was \$100,000.00, then \$80,000.00 and finally for \$40,000.00. This history does not indicate why the registrant could not maintain the agreement. The Collection Branch officials had spoken to both Mr. Abbott and his wife. There had also been an issue with a bookkeeper and then the computer hard drive had crashed.

Mr. Walraven agreed that there had been attempts to pay the arrears. \$1,300.00 had been received after the Ministry had released a lien on a car so Mr. Abbott could sell it. There were 21 periods where the company received sales tax but did not remit it to the Ministry of Finance.

Mr. Walraven stated that the Ministry of Finance would have to look at what is reasonable under all the circumstances. There would have to be a quick solution. In 1998 to 2000 the Ministry had been looking at due diligence against the corporation's director.

Evidence of Louise Gingras:

Ms. Gingras is an inspector with OMVIC. She has held that position since early 1997. It is her responsibility to inspect motor vehicle dealers. The *Motor Vehicle Dealers Act* is a public protection act. It has four functions: 1. Registration of salespeople and dealerships; 2. Deal with complaints from the public; 3. Investigations; and 4. Inspections.

Ms. Gingras testified that she is familiar with the Notice of Proposal issued by the Registrar. Mr. Abbott was first registered as a motor vehicle salesperson in February, 1982. The corporation, Alandy Auto Sales Ltd., was first registered as a motor vehicle dealership on April 12, 1996. Mr. Abbott is the registered salesperson for that dealership.

Ms. Gingras stated that early in October, 2000 OMVIC received information that the dealership had been evicted from its premises by its landlord for non payment of rent. As well, OMVIC had received information that the dealership was now in some premises which was not approved by the municipality and therefore not in compliance with the legislation. OMVIC was not aware of the premises from which the corporation was operating from November, 2000 until January, 2002.

Ms. Gingras stated that in August, 2000 Ms Elizabeth Browning of OMVIC had inspected the premises of Alandy Auto Sales Ltd. Initially there was no one there, but Mr. Abbott arrived as Ms. Browning was leaving a written message for him. Mr. Abbott felt he could refuse Ms. Browning's request to inspect his books and records unless it was a written request from the Registrar. Accordingly, the lawyer for OMVIC, Mr. Goldbloom, wrote to Mr. Abbott on August 31, 2000 telling him OMVIC wanted to inspect his books and records. That never happened as when Ms. Pauline Williams from OMVIC went back to the premises on September 6, 2000 Mr. Abbott was not present. Then in February, 2002 Ms. Williams attended at 796 Simcoe Street, which was a site provided by Mr. Abbott. At that time the dealership was just getting settled in at the site and there was construction going on at the time. Mr. Abbott requested time to get organized and Ms. Williams agreed to an extension of time for the inspection.

Ms. Gingras testified that a premises is required under the legislation. There needs to be an office to conduct the business of the dealership which has been approved by the Registrar. This office must be in compliance with the local bylaws. Customers need to know that this is the business office, and the books and records need to be available there for inspection.

Sales tax is collected by the dealer to remit to the Ministry of Finance. Ms. Gingras said that this is trust money. Motor vehicle dealers are selling an expensive product, and they must deal with their financial obligations in an honest way. They have a responsibility for their financial transactions.

Under cross-examination, Ms. Gingras stated that OMVIC had telephoned the City of Oshawa and asked if the premises complied with the bylaws. OMVIC was told by someone at the City

of Oshawa that the premises were not in compliance with the bylaws. The City of Oshawa had laid charges against the dealership, but they were later dropped when the dealership moved from those premises.

Regarding the complaint about the dealership being evicted, Ms. Gingras was not aware of what actions were taken by OMVIC to validate that complaint.

Ms. Gingras stated that Mr. Abbott had refused to allow inspection of the books and records at the August 22, 2000 site visit. She understood that after that time a number of letters sent by OMVIC to the dealership were returned to OMVIC as not being capable of delivery.

Ms. Gingras agreed that the books and records under the Act did not have to be at the registered premises, but when an inspector came to the registered premises, the books and records had to be available for inspection.

Testimony of Andy Abbott:

Mr. Abbott testified that he had been in the motor vehicle industry for many years starting when he was young and his uncle was a motor vehicle dealer. After a stint in the armed forces, Mr. Abbott was registered as a motor vehicle salesperson in 1982. He worked for a number of dealers as a salesperson and ultimately as a sales manager. Then he worked for a year at a factory but he was injured at that workplace. In 1996 Alandy Auto Sales Ltd. was registered as a motor vehicle dealership. He had registered that company with the province many years ago and after he paid the fees due to the province from 1984 until 1996, he was permitted to use that corporation and to register it as a dealership.

The first premises for his dealership were 146 Brock Street North. The lady who owned the premises died and he then dealt with her estate. Problems arose and ultimately he sued the estate. The matter has been set down for trial just recently.

In 1997 he moved to 792 Simcoe Street South. He had anticipated buying the property, and his lawyer did a lien search and found no liens. But they did not know of the certificate of pending litigation that had been filed against the property in January, 1994. The offer to purchase that he had made in April, 1997 could not close and he never got clear title to the property. The payments he was making on the property were supposed to be mortgage payments not rental payments.

Mr. Abbott testified that on August 31, 2000 he surrendered 792 Simcoe Street South and rented a lot to store his remaining vehicles and his trailer. He was not in business and did not remit sales tax.

The City of Oshawa laid two charges against him, but due to utilization of a grandfather clause they were obliged to withdraw the charges.

Mr. Abbott testified that he informed OMVIC and they inspected his premises in February, 2002. The City of Oshawa had approved his business licence. His last one expired in December, 2001.

Mr. Abbott explained that due to personal problems and health problems, he could not keep his agreement with the Ministry of Finance. As well, he was not in business for a period of time.

Mr. Abbott examined the particulars as set out in the Notice of Proposal by the Registrar. He stated that OMVIC had nothing to prove that he had been evicted. Regarding the lack of municipal approval, Mr. Abbott stated that there had been no investigation to show he was not in compliance with the bylaws. He stated that he attempted to make restitution and hoped to have some more funds available for this purpose soon. He was unsure if he owed as much as stated, that being over \$28,000.00. He always had his books available for inspection. He disagreed with the testimony of Ms Gingras who stated that Ms. Browning had not inspected his books. She had inspected his books at the time of her inspection. He did want a request for inspection of his books to be in writing.

Mr. Abbott stated that due to his problems, his money had gone on other things such as bank charges. From August, 2000 until February, 2002, he did not have a business location and his vehicles were in storage. He was not in business during that time period. There were circumstances beyond his control, such as the time frame for his litigation. He stated that he had never run away from his responsibilities, and he would pay the Ministry of Finance.

Under cross-examination, Mr. Abbott stated that he was registered as a salesperson from 1982 and had the dealership registration from 1996. He had his corporation revived by going to the government and asking how to do that. From 1996 until August, 2000 he operated the dealership. He was in a new location at 796 Simcoe Street as of February, 2002. He knew of some of the requirements under the *Motor Vehicle Dealers Act*. He stated that his record was clean and there were no consumer complaints against his dealership.

Mr. Abbott agreed that there was a trade freeze imposed by OMVIC in November, 2000. At that time he spoke to someone at OMVIC, and he had about thirty-five cars. There was a 1946 Ford which he sold to Bowen and from which sale he paid the Ministry of Finance \$1,300.00. The following cars were all lease ends: 1989 GMC van, 1987 Olds, 1985 Cadillac, 1989 Caravan, 1946 Ford and a Caprice car. Mr. Abbott agreed that he only submitted money to the Ministry of Finance for one car, the 1946 Ford.

Mr. Abbott testified that in 1998 he changed the location of his dealership. He went into collections with the Ministry of Finance in April, 1998. He had made an agreement with the Ministry of Finance in May, 1999. Mr. Abbott agreed that the figure for the amount of arrears,

that being \$28,000.00, was not a totally unreasonable figure. He knew that he had to remit the sales tax and that he was behind in his remittances after April, 1998.

Mr. Abbott stated that he was renting at 146 Brock Street, but the landlord died and the agreement with her estate fell apart in early 1997. He had wanted to purchase 792 Simcoe Street though it was to be in his wife's name in April, 1997. Due to the certificate of pending litigation, he could not get clear title of the property, and the money paid should have been considered as mortgage payments, rather than rental payments. He said he did not have documents to prove it was for mortgage payments but litigation on this matter was started in 1997. His wife's company, JVK Enterprises, was to purchase the property, and he would lease from her company.

Regarding the lease end vehicles, Mr. Abbott stated that the lease payments were sold to other companies with the car still being in his name. The buy-out cost \$101.00. That was the amount of the residual. The car was then transferred out of his dealership's name, thereby avoiding the transfer fees.

Reply evidence of Ms Gingras:

Ms Gingras stated in her reply evidence that there were three complaints listed against the dealership. The first dealt with a dispute over repairs whereby a car was repaired for \$2200.00 without the authorization of the owner. OMVIC never heard back from that consumer. The second dealt with a cheque that bounced, but the consumer was paid back by Mr. Abbott. The third complaint dealt with a lien on a vehicle, the 1946 Ford purchased by Bowen. The Ministry of Finance did lift the lien on that vehicle. Ms. Gingras stated that a dealer is not to sell a motor vehicle if it has a lien against it.

Under cross-examination Ms Gingras stated that when OMVIC receives a complaint from a consumer, they first contact the dealer. Complaints are registered against the dealer whether or not the complaint is a valid one.

Closing Statements:

By the Registrar:

There are two problems with this dealership and salesperson. One deals with the premises and the other with financial responsibility, honesty and integrity and acting in accordance with the law. The *Motor Vehicle Dealers Act* is a public protection statute which requires that the Registrar look at past conduct.

Regarding the premises, Counsel submitted that under section 13(4) of Regulation 801, the dealership must operate from premises approved by the Registrar. Here, the premises were

not in compliance with the Act. As well, the dealership was being operated without being in proper premises.

Counsel referred to the case of Markview Auto Sales Ltd. (re) (1998) O.C.R.A.T.D. No.170 where at paragraph 32 the Tribunal states: "The absence of books and records at the registered place of business, and the storage of these books and records at the home of the Registrant, is clear and convincing evidence that Markview is not managing and controlling its business from its approved premises, as required by paragraph (a) of subsection 14(4) of Regulation 801 made under the Act". Counsel stated that the books and records of the dealership have not been inspected and there is a need for such access as this is a disclosure-based industry.

Regarding the second point, Counsel stated that under section 22 of the *Retail Sales Tax Act*, money collected is trust monies. Mr. Abbott has agreed that the amount of arrears being stated as \$28,000.00 is a fair assessment. Mr. Abbott has made four payments in four years, the last payment being done to remove a lien against a vehicle. He has abrogated the terms and conditions of his agreement with the Ministry of Finance three times during its time frame.

Counsel stated that the excuses being offered now by Mr. Abbott are not sufficient. He cannot now on the eve of losing his registration state he wants to make some deal with the Ministry of Finance. There is no evidence to prove any of the outside circumstances mentioned by Mr. Abbott.

Counsel referred to the case of 1213127 Ontario Inc. (c.o.b M.H.D. Towing and Cars Trading (re)) (1999) O.C.R.A.T.D. No.291 at paragraph 7 where the Tribunal states: "Under section 22 of the *Retail Sales Tax Act* the tax money is trust money. By failing to make payments, the Applicant has breached that trust. Under section 20 of the same Act, the assessment is conclusive and is not open to question by this Tribunal. The purpose of the hearing is not to appeal the assessment, but to establish if the Registrar has reasonable grounds to believe that the applicant is not financially responsible."

Counsel stated that the dealership should be revoked as for the past four years it has been in arrears on its remittances to the Ministry of Finance.

Counsel stated that if the Tribunal were to consider permitting Mr. Abbott to keep his registration as a salesperson, which Counsel opposes, then it should be based on conditions. Counsel stated that Mr. Abbott should be obliged to make fast settlement of the outstanding monies to the Ministry of Finance. As well, Mr. Abbott needs to be properly supervised which means he should not work at a small dealership or for a friend. Mr. Abbott should take the certification course offered by OMVIC. Mr. Abbott should not be the final signatory on a bill of sale or have signing authority for a bank account nor be an officer or director of a dealership.

Counsel stated that Mr. Abbott should be revoked of his registration as a salesperson at this time. It is not a lifetime ban. But this is a regulated industry, and at this time Mr. Abbott should not be permitted to work in this particular industry.

By Mr. Abbott:

Mr. Abbott stated that everyone makes mistakes. People live their lives. The Ministry of Finance does not want to renegotiate the agreement.

Mr. Abbott submitted that he is not denying that he did not pay the retail sales tax. But everything else was done properly. There is nothing to suggest he was not a good salesperson.

LEGISLATION:

The relevant legislation is that of the *Motor Vehicle Dealers Act*.

Section 5

- (1) An applicant is entitled to registration or renewal of registration by the Registrar, except where,
 - (a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or
 - (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or
 - (c) the applicant is a corporation and,
 - (i) having regard to its financial position, it cannot reasonably be expected to be financially responsible in the conduct of its business, or
 - (ii) the past conduct of its officers or directors affords reasonable grounds for belief that its business will not be carried on in accordance with law and with integrity and honesty; or
 - (d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.
- (2) A registration is subject to such terms and conditions to give effect to the purposes of this Act as are consented to by the applicant, imposed by the Tribunal or prescribed by the regulations.

Section 7

- (4) Where an applicant or registrant requires a hearing by the Tribunal in accordance with subsection (2), the Tribunal shall appoint a time for and hold the hearing and, on the application of the Registrar at the hearing, may by order direct the Registrar to carry out the Registrar's proposal or refrain from carrying it out and to take such action as the Tribunal considers the Registrar ought to take in accordance with this Act and the regulations, and for such purposes

the Tribunal may substitute its opinion for that of the Registrar.

(5) The Tribunal may attach such terms and conditions to its order or to the registration as it considers proper to give effect to the purposes of this Act.

Section 10

- (1) The Registrar or any person designated by him or her in writing may at any reasonable time enter upon the business premises of the registrant to make an inspection to ensure that the provisions of this Act and the regulations relating to registration and the maintenance of trust accounts are being complied with.

Section 11

- (1) Upon an inspection under section 9 or 10, the person inspecting,
(a) is entitled to free access to all books of account, cash, documents, bank accounts, vouchers, correspondence and records of the person being inspected that are relevant for the purposes of the inspection; and

and no person shall obstruct the person inspecting or withhold or destroy, conceal or refuse to furnish any information or thing required by the person inspecting for the purposes of the inspection.

Regulation 801

Section 13 (4) It is a condition of registration as a motor vehicle dealer that the motor vehicle dealer

- (a) operates from premises located in Ontario that are approved by the Registrar;
 - (b) has an office for the conduct of business at each premises where the motor vehicle dealer operates; and
 - (c) has erected at each premises where the motor vehicle dealer operates, a sign that is clearly visible to the public that identifies the motor vehicle dealer's registered name.
- (5) Every motor vehicle dealer shall, within five days after the event, notify the Registrar in a form provided by the Minister of any change in the location of the dealer's place or of any of the dealer's places of business.

ANALYSIS:

The Registrar in his Notice of Proposal has requested that the registration of Mr. Abbott as a salesperson and that of Alandy Auto Sales Ltd. as a dealership be revoked. At the conclusion of the hearing on March 5, 2002, the Tribunal had stated that it would be revoking the registration of Alandy Auto Sales Ltd. as a dealership and that it would be providing the parties with a written decision outlining its reasons for that revocation and as well stating whether or not it agreed with the Notice of Proposal to revoke the salesperson registration for Mr. Abbott.

The Tribunal decided to revoke the registration of Alandy Auto Sales Ltd. based on the evidence as to the arrears owed to the Ministry of Finance for failure to remit retail sales tax.

The evidence of Mr. Walraven was of considerable importance to the Tribunal as he outlined not only the amount of arrears owed to the Ministry of Finance but the history of the Collections branch with Alandy Auto Sales Ltd. Within two years of operation as a dealership, Alandy Auto Sales Ltd. had failed to make proper remittances to the Ministry of Finance on retail sales tax that it had collected from consumers when they purchased or leased motor vehicles. The Ministry of Finance has never recovered those arrears except for four payments made over a period of four years from 1998 to 2001. It is agreed by the parties that the amount owing to the Ministry of Finance exceeds \$28,000.00. It is also agreed by the parties that though there was an agreement made by Alandy Auto Sales with the Ministry of Finance in 1999, it has been breached at least three times since its inception. Mr. Walraven outlined the extraordinary steps taken by the Collections branch to attempt to obtain these arrears, including liens on vehicles and an attempt to seize assets by the Sheriff of Durham.

Mr. Abbott's explanations as to why his dealership could not make these payments were insufficient in the opinion of this Tribunal. When a company collects retail sales tax, it is acting as a Trustee on behalf of the Ministry of Finance. The money collected from the consumer were trust funds which were to be remitted on a monthly basis to the Ministry of Finance less 5% which the company is permitted to keep as its collection fee. Alandy Auto Sales Ltd. willfully kept the retail sales tax for a number of months. It has never paid back the arrears despite an agreement to do so made with the Ministry of Finance. This is an example of extreme financial irresponsibility contrary to section 5 (1) (c) of the Act. Mr. Abbott has explained that there were circumstances beyond his control such as litigation with two of his landlords. He provided little in the way of information on these matters, and in any event they fail to explain why the company could not remit the sales tax. They collect it directly from the consumer and just need to send it on to the Ministry of Finance. There is no need for the monies to come out of the profits of the company or its operating expenses. It is a flow-through transaction.

The corporate applicant made an agreement and failed to honour it. There has been no evidence of any serious attempts by the corporate applicant to negotiate with the Ministry of Finance based on changed circumstances. The Ministry of Finance is under no obligation at this late date to agree to any proposals being made by the corporate applicant, particularly when those proposals are speculative at best. Mr. Abbott has stated that he hopes to win a lawsuit in the near future. Even if that does occur, securing a judgment and then collecting on a judgment are two distinct activities. It could be years before Mr. Abbott and his company collect any funds from the unsuccessful defendant. The scenario is too speculative to be given any credence by this Tribunal.

The Registrar had also based his case on the issue of problems with the premises. The Tribunal finds that there has not been sufficient evidence presented on this matter. The Applicant has explained that the City of Oshawa did drop the charges based on a grandfather clause in the bylaws. The Applicant has explained that he did not owe money in rent but that the allegations were due to a conflict between him and the landlord which has resulted in a

second piece of litigation.

Regarding the inspection of books and records the Tribunal does find that the Applicant was somewhat uncooperative in allowing the inspector to view his books. Based on the information before it, that being the inspection notes of Ms Browning, Ms Williams and the letter of August 31, 2000 from Mr. Goldbloom, the Tribunal concludes that the books and records were not inspected by September 6, 2000. Though Mr. Abbott states that his company was not in operation from August 31, 2000 until February, 2002, there was his verbal evidence that he did transfer ownership of a number of vehicles during that time frame when they reached the end of the lease agreement. Technically, those actions show the company to be still in operation. Accordingly, OMVIC would have wanted to review the books and records during this time frame. It would appear that Mr. Abbott was cooperative with the inspector in February, 2002 and though books and records were not inspected at this time, it was a mutual arrangement between the Applicant and the inspector based on the agreed factual situation that the company had just moved to new premises and construction was still being done on those premises. Based on the above evidence, the Tribunal would not have found the lack of inspection of the books and records to have been a serious enough breach of the Act to have caused the revocation of the registration of Alandy Auto Sales Ltd.

Regarding the registration of Andy Abbott, the Tribunal will permit him to keep his registration as a motor vehicle salesperson but only under stringent conditions. In doing so, the Tribunal is fully aware of the position of the Registrar that Mr. Abbott should have his licence revoked. As well, the Tribunal, in accordance with the Brenner 19 (1983) CRAT 58 decision, understands the test to be applied is whether the Registrar was in error in concluding that the past conduct of the Applicant afforded reasonable grounds for belief that he would not carry on business in accordance with law and with integrity and honesty. The Tribunal realizes that Mr. Abbott was the controlling mind of the corporation, Alandy Auto Sales Ltd., and that Alandy Auto Sales Ltd. has lost its registration based on its collections history with the Ministry of Finance. That conduct by Mr. Abbott is why the Tribunal wishes to have conditions put on his registration as a sales person.

The Tribunal does not feel that Mr. Abbott should have any positions of responsibility within a dealership, as he has shown that he can be tempted into actions of financial irresponsibility. But the Tribunal does not feel that the Registrar acted reasonably in revoking his salesperson licence when Mr. Abbott has been a salesperson for almost twenty years and has had no proven problems with OMVIC, its predecessor the Ministry of Consumer and Commercial Relations or consumers during the time period when he was not in charge of a dealership. The level of responsibility to be exhibited when in charge of a dealership is higher than when one is a salesperson, in the opinion of this Tribunal. The Tribunal does not find the history of complaints regarding Mr. Abbott to be of significance in this matter, particularly as Ms Gingras has testified that it is the policy of OMVIC to register complaints against a dealership/salesperson whether or not the complaints are valid ones. The Tribunal is not satisfied that sufficient efforts were made to investigate the complaints and accordingly is

treating them as unvalidated or pro forma type complaints.

The Tribunal is aware of its responsibility and of the responsibility of the Registrar to protect the motor vehicle buying public from those who do not act with honesty, integrity and in accordance with the law. There is no doubt that Mr. Abbott, as the controlling mind of Alandy Auto Sales Ltd., erred in not remitting the retail sales tax to the Ministry of Finance. There is no doubt that Mr. Abbott's past history as the controlling mind of a dealership shows that he is not equal to the pressures of such a position. Accordingly, while Mr. Abbott will be permitted to retain his salesperson licence, he is not permitted to hold any positions of authority, such as being a sales manager, for at least two years from the date of the release by the Tribunal of this decision. In the meantime, Mr. Abbott needs to take a number of measures in order to improve his conduct within the industry. The conditions to be imposed upon him will suffice to protect the public while permitting him to work within a regulated industry. As was stated to him at the hearing, no one is forcing him to work within a regulated industry. If you so choose, then you must abide by the rules and regulations of that industry to the satisfaction of the industry regulator, which in this case is the Ontario Motor Vehicle Industry Council.

This Tribunal has stated at the hearing how impressed it has been with the efforts of the OMVIC since its inception to educate those working within the motor vehicle industry so that those registered will show integrity, honesty and act in accordance with the law. There are now certification courses for those new to the industry. OMVIC provides guidance to those registered under the *Motor Vehicle Dealers Act* through its publications and policies. Its efforts are having a positive effect on the motor vehicle industry. In drafting the conditions of registration, this Tribunal has attempted to protect the public, permit Mr. Abbott to work within the industry if he complies with the conditions and not to overburden the limited resources available to OMVIC in its responsibilities of registration, complaints, investigations and inspections.

Besides Mr. Abbott not being in a position of responsibility for the next two years, the Tribunal wishes him to take the certification course offered by OMVIC at the earliest opportunity, to work at a dealership where the sales manager can properly supervise his work, not to be an officer or director of a dealership, and to have all bills of sale signed by his sales manager without exception. Besides Mr. Abbott finding a job in compliance with section 13(10) of Regulation 801 (transfer of registration within 60 days), he must make realistic plans for the payment of the over \$28,000.00 that his former company owes to the Ministry of Finance. The Tribunal noted the comment made by Mr. Walraven of the Collections Branch of the Ministry of Finance that they can look for recovery through the director of the corporation in that director's personal capacity. While Mr. Abbott awaits the results of his litigation against his former landlords, he needs to make a payment plan with the Collections Branch which he can honour through his earnings as a motor vehicle salesperson. The Tribunal expects that there will be some reduction made in the arrears owing to the Ministry of Finance within the next year through a monthly payment plan, though this will not be a condition of the registration.

ORDER:

Pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his Proposal dated September 6, 2001 as against the Applicant, Alandy Auto Sales Ltd. The Tribunal directs the Registrar to register Andy Abbott as a salesperson under the *Motor Vehicle Dealers Act* with the following conditions:

1. Within one year from the date of this decision, Andy Abbott will take the certification course offered by OMVIC,
2. For two years from the release of this Tribunal's decision, Andy Abbott will not be permitted to be an officer or director of a motor vehicle dealership.
3. For two years from the date of this decision, Andy Abbott will not be permitted to have a position of authority in a motor vehicle dealership, such as, a sales manager position,
4. For one year from the date of this decision, all bills of sale of motor vehicles involving Andy Abbott will require the signature of his sales manager who has responsibility to supervise the work of at least two salespersons.

LICENCE APPEAL TRIBUNAL

Marjorie Hiley, Vice-Chair

Released: April 2, 2002

The hearing was recorded. Transcripts can be made available at your expense. The period to appeal a decision to the Superior Court of Justice is 30 calendar days from the date of release of the decision. Please arrange to pick up your Exhibits within 30 days after that period has passed. The Tribunal requires seven days notice prior to releasing Exhibits.

RONCONE CONSTRUCTION LIMITED

PREHEARING

RONCONE CONSTRUCTION LIMITED

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO REVOKE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

DARIO RONCONE, Agent representing the Applicant
CAROL STREET, Counsel, representing the Ontario New Home
Warranty Program

DATE OF

PREHEARING: March 28, 2002

By teleconference

ORDER

FOLLOWING attendances on March 28, 2002 at a teleconference pre-hearing before this Tribunal of Dario Roncone, Agent, appearing on behalf of Roncone Construction Limited (the "Applicant"), and Carol Street, Counsel on behalf of the Ontario New Home Warranty Program (the "Program");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, May 13, 2002 at the Middlesex County Building, North Room, 399 Ridout Street, London, Ontario and to continue if necessary on May 14 and 15, 2002 at the above address;

1. The Parties to the hearing are the Applicant and the Program.
2. Attached to this Order is a Statement of Facts marked "B". This was presented subsequent to the pre-hearing by Carol Street, Counsel for the Program. Both the Program and the Applicant agreed that the facts enumerated in paragraphs 1 through 11 inclusive, are facts that the parties have agreed upon.

- 3.a) The Applicant must serve the Program and the Attorneys General of Ontario and of Canada, and file with the Tribunal, on or before April 10, 2002 the following:
- i) The particular provisions of any legislation, regulations, bylaws, and/or the impugned Vendor and Builders Agreements that the Applicant says infringes the Charter.
 - ii) The sections of the Charter that the Applicant says are infringed, and how they are infringed.
 - iii) The evidence, in affidavit form, that the Applicant relies upon in support of i) and ii);
 - iv) The remedy the Applicant seeks from the Tribunal;
 - v) A statement of issues, fact and law that summarizes the Applicant's Charter challenge.
3. b) The Program must serve the Applicant, the Attorneys General of Ontario and of Canada and file with the Tribunal on or before April 23, 2002 the following:
- i) The evidence, in affidavit form, on which the Program relies in defending the Applicant's Charter challenge;
 - ii) A statement of issues, fact and law that summarizes the Program's response and defence to the Applicant's Charter challenge.
3. c) Either party may cross-examine the deponents of the opposing party's affidavits. These cross-examinations must take place between April 24 and May 3, 2002 inclusive. Transcripts of the cross-examinations must be provided to opposing counsel and filed with the Tribunal on or before May 10, 2002. No viva voce evidence will be heard by the Tribunal at the hearing with respect to Charter issues unless permitted by the Tribunal.
3. d) If either party fails to comply with paragraphs 3(a) through 3(c) above, the Tribunal will not hear submissions from such party regarding the Charter issues.
4. All parties to the hearing shall fully comply with the requirements of disclosure of documents or things as set forth in Rule 6.3 of the Rules of Practice of the Tribunal. All parties shall also fully comply with the disclosure requirements set forth in Rule 6.4 of the Rules of Practice of the Tribunal dealing with expert witnesses.

5. There was no settlement of any of the issues dealt with in the Registrar's Notice of Proposal and those issues remain to be decided at the hearing.
6. The Tribunal noted at this prehearing that the Applicant made reference to possible further reasons for appeal. The Tribunal urged the Applicant to advise the Program of any such reasons well in advance of the hearing to avoid objections being raised by the Program.

Respondent

WAIVER AND CONSENT

In accordance with section 4.1 of the *Statutory Powers Procedure Act*, the parties hereto waive the requirement of a hearing and consent to a Decision in writing based upon the following Agreed Statement of Facts and Joint Submission.

AGREED STATEMENT OF FACTS

BACKGROUND

1. Parwaz Travel & Tourism Inc. (hereinafter referred to as the "Registrant") has been registered as a travel agent (registration number 4671533/R) under the *Travel Industry Act*, R.S.O., c. T-19, as amended (hereinafter referred to as "the Act") since June 25, 1999. The Registrant has a fiscal year end of April 30th.

FINANCIAL STATEMENTS – GROUNDS FOR THE PROPOSAL

2. Subsection 25(1) of Regulation 806/93 made under the Act ("the Regulation") states that a registrant shall maintain a minimum working capital of \$5,000.00 if the registrant had sales in Ontario of less than \$1.5 million during the previous fiscal year.

3. The Registrant's financial statements for its fiscal year ended April 30, 2001 revealed a working capital shortfall of \$5312.00 based on the Registrant's reported gross sales of \$112,713.00.
4. By letter dated October 9, 2001, the Travel Industry Council of Ontario ("TICO") advised the Registrant of its working capital shortfall and told the Registrant to address the shortfall by October 25, 2001.
5. On October 18, 2001, Mr. Mirza Alamgir Beg, the Registrant's manager advised TICO that the Registrant did not have funds available at that time to address the working capital shortfall.
6. By October 30, 2001, the Registrant had failed to address its working capital shortfall. On that date, the Registrar issued a Proposal to Revoke the Registrant's licence.
7. On December 14, 2001, the Registrant presented evidence that it had injected \$4069.07 to partially address its working capital shortfall.
8. On January 7, 2002, the Registrant issued an NSF cheque to TICO for \$28.75 to pay for its contribution to the Compensation Fund. The monies injected on December 14, 2001 were no longer in place.
9. By letter dated January 15, 2002, TICO advised the Registrant of its NSF cheque.
10. On January 25, 2002, the Registrant replaced the NSF cheque.
11. The parties agree that the facts set out in the above-noted document are true.

JOINT SUBMISSION

Accordingly, the parties consent to an order of the Licence Appeal Tribunal under subsections 6 (4) and (5) of the *Travel Industry Act* directing that:

1. the Registrar refrain from carrying out the Proposal to Revoke Registration dated October 30, 2001;
2. the Registrant's registration is to be subject to the following terms and conditions:
 - (a) The Registrant shall provide TICO with a statement of its working capital position as at February 28, 2002, which shall be certified by a licensed public

accountant, by April 15, 2002. If the statement reveals that the Registrant does not have sufficient working capital as at February 28, 2002, the statement shall be accompanied by evidence to the satisfaction of the Registrar that the Registrant has corrected any and all working capital deficiencies. The Registrant shall at all times thereafter maintain the minimum working capital as required by section 25 of the Regulation or such subsequent provision as may be in force from time to time; and

(b) The Registrant shall file its financial statements for its fiscal year ended April 30, 2002 by July 31, 2002 and in accordance with section 24 of the Regulation.

3. Should the Registrant fail to comply with conditions listed in paragraphs (2) (a) and (b) inclusive, the Registrar shall revoke the Registrant's registration on five (5) days written notice sent via hand delivery or by registered mail.
4. This order shall enure to the benefit of and be binding upon the respective successors and assigns of each of the parties to this order.

INDEPENDENT LEGAL ADVICE

The Registrant further acknowledges by its signature below that it has obtained or has had the opportunity to obtain independent legal advice with respect to its consent to the terms and conditions set out in this document.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Richard Roberts (hereinafter referred to as the "Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle salesperson:

1. The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
2. The Applicant agrees not to invite the public to deal at a place other than his employer's registered premises.
3. The Applicant will not use nominees for the purpose of acquiring motor vehicles.
4. The Applicant confirms that his signature on a retail bill of sale confirms that he has personally witnessed the consumer's signature.
5. The Applicant will not be involved in arranging for the delivery or delivering any vehicles sold by his sponsoring dealer to anyone other than the consumer indicated in the dealer's books and records. If the Applicant has reason to believe that any vehicle sold by the dealership is being delivered to anyone other than the customer indicated on the dealer's books and records, the Applicant will forthwith notify his sponsoring dealer.
6. The Applicant will not receive any form of compensation in relation to his activities as a motor vehicle salesperson except from his sponsoring dealer.
7. The Applicant will disclose to the seller the purpose of acquiring a vehicle including, but not limited to, that the vehicle is being purchased for the purpose of export. The Applicant further agrees to disclose to the seller the identity of the purchaser.
8. The Applicant agrees not to create books and records, which are misleading as to the nature of a transaction involving the purchase, sale or lease of a motor vehicle.
9. The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles

will facilitate an illegal or unethical practice.

10. The Applicant agrees that he is under a positive obligation to disclose all material facts about the vehicles he sells to his customers. Material facts include but are not limited to salvage, previous salvage, frame and unibody damage, rebuilt, accident repair, theft recovery, prior use as a police cruiser, taxicab or daily rental and branded vehicles. The Applicant agrees to make reasonable efforts to research the history of all vehicles he sells prior to sale to ensure all material facts are disclosed in writing to the purchaser.
11. The Applicant agrees not to be the final signatory on any sales contracts on behalf of the dealer.
12. The Applicant shall within five days after the event, notify the Registrar, in writing of any commencement or termination of his or her employment.
13. The Applicant agrees to immediately enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that enrolment in the course entitles him to a sixty (60) day conditional registration period that allows for his successful completion of the course (including passing the exam).
14. The Applicant agrees that his registration will not prevent the Registrar from taking administrative action, including a proposal to revoke his registration, arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
15. The Applicant acknowledges that his registration as a motor vehicle Salesperson will not prevent the Registrar from taking legal action, including a Provincial Offences prosecution, arising from matters that may have occurred or that may occur in the future.
16. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
17. The Applicant will provide a copy of this order to his employer forthwith.
18. The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
19. The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
20. The Applicant acknowledges that he has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

Signed in the City of _____, this _____ day of _____ 2002.

In accordance with Section 4.1 of the Statutory Powers Procedure Act, and subsection 5(2) of the *Motor Vehicle Dealers Act*, (hereinafter the "Act") the parties to the proceeding, Kenneth Anderson (hereinafter referred to as "the Applicant"), and the Registrar, *Motor Vehicle Dealers Act* (hereinafter the "Registrar") waive the requirement of a hearing and hereby consent to an Order of the Licence Appeal Tribunal (hereinafter the "Consent Order") based on the following terms and conditions to their registrations as a motor vehicle salesperson:

- 1) The Applicant agrees that if he is criminally charged or convicted in the future, he will immediately notify his employer in writing of the charges or convictions against him and provide a copy of the notification signed by his employer to the Registrar, giving the particulars of the charges or convictions.
- 2) The Applicant agrees that if he is convicted under the Criminal Code or convicted of any industry specific offences under any Statute in the future, he will be automatically revoked.
- 3) The Applicant agrees to provide full and accurate disclosure on any applications, documents, statements or other form of communication/information provided to the Registrar or his authorized representatives regardless of previous disclosure.
- 4) The Applicant acknowledges that the Registrar is relying upon the accuracy of the disclosure provided in entering into these terms and conditions.
- 5) The Applicant agrees that he will provide written notification from his employer forthwith, stating that the Applicant has disclosed to them his criminal convictions.
- 6) The Applicant agrees not to be a partner, shareholder, officer or director of a dealership.
- 7) The Applicant agrees not to be the final signatory on any sales contracts on behalf of the dealer.
- 8) The Applicant agrees not to transfer his registration as a motor vehicle Salesperson to another dealer without having first obtained the prior written consent of the Registrar.
- 9) The Applicant agrees not to be involved in the process of buying or selling motor vehicles without the benefit of registration.
- 10) The Applicant agrees to enrol in the Ontario Motor Vehicle Industry Council Certification Course and to be responsible for all fees in relation to enrolment. The Applicant further acknowledges that enrolment in the course entitles him to a sixty (60) day conditional registration period that allows for his successful completion of the course (including passing the exam).

- 11) The Applicant agrees not to drive in test drives while he does not have a valid drivers licence.
- 12) The Applicant acknowledges and understands that his registration will not be used to buy or sell motor vehicles where the Applicant knows or ought to know that the purchase or sale of those motor vehicles will facilitate an illegal or unethical practice.
- 13) The Applicant agrees that his registration will not prevent the Registrar from taking administrative action, including a proposal to revoke his registration, arising from matters that may have occurred or may occur in the future related to his financial circumstances and honesty and integrity.
- 14) The Applicant acknowledges that his registration as a motor vehicle Salesperson will not prevent the Registrar from taking legal action, including a Provincial Offences prosecution, arising from matters that may have occurred or that may occur in the future.
- 15) The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.
- 16) The Applicant will provide a copy of this order to his employer forthwith.
- 17) The Applicant hereby consents to an order of the Licence Appeal Tribunal, which may include the Terms and Conditions set out herein.
- 18) The Applicant hereby withdraws his appeal to the Licence Appeal Tribunal.
- 19) The Applicant acknowledges that he has had the opportunity to obtain independent legal advice with respect to his consent to the terms and conditions set out in this document.

**Appeal under Section 50(1) of the *Highway Traffic Act*,
R.S.O. 1990, Chap. H.8 as amended, from a Decision of the
Minister of Transportation pursuant to Section 32(12)(b)(i)
of that Act.**

TO APPEAL A DOWNGRADED LICENCE

TRIBUNAL: ROSS C. BENNETT, M.D., Presiding Member

APPEARANCES: MURRAY FORBES, Counsel for the Minister of Transportation
Applicant
Counsel for the Applicant

DATE OF HEARING: March 27, 2002 Ottawa

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister of Transportation (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8 ("HTA").

EXHIBITS:

- Exhibit #1 Notice of Appeal by the Applicant, dated February 8, 2002
- Exhibit #2 Notice of licence downgrading from "AZ" to a "G", dated January 30, 2001.
- Exhibit #3 Tabulated File (1-28) compiled by the Ministry.
- Exhibit #4 Letter to the Applicant from his neurologist, Physician #1, dated February 12, 2002.

FACTS:

The Applicant, a 58 year old farmer and truck driver, had his driver's licence suspended on October 7, 1999 under Section 47(1) of the *Highway Traffic Act*. The Ministry had received an unsolicited Medical Condition Report from a neurologist, Physician #2, that the Applicant had suffered a seizure on September 2, 1999. A second Report was received at the Ministry November 9, 1999 from a Physician #3 at the Ottawa General Hospital, also reporting a seizure. The Applicant's licence was later downgraded from an "AZ" to a "G" on January 30, 2001.

Physician #2 referred the Applicant to a cardiologist, Physician #4 for a Holter test, to rule out any cardiac involvement, but the examination was negative.

Physician #4, in a letter to Physician #3 (sic) dated September 19, 1999, describes what appeared to be a full-blown grand mal seizure the Applicant suffered at home, with his wife as a witness. The Applicant was taken to the Winchester Hospital and then transferred to the Ottawa General.

A skull xray was negative, but an EEG disclosed a mild intermittent slow disturbance of cerebral activity in the left temporal region. No clear epileptiform features were seen.

On October 6, 1999 a CT Scan disclosed a large left Middle Cerebral Artery Aneurysm and a small right Middle Cerebral Aneurysm. The left aneurysm was clipped on December 13, 1999. The right one was considered clinically important, but left to be followed, for any change in size. While the Applicant was in the recovery room he had two small seizures. A postoperative CT Scan on December 17, 1999 did not disclose any evidence of postoperative infarction.

An EEG on January 9, 2001, showed intermittent and at times persistent slowing of cerebral activity in the left temporal and frontotemporal area, but no evidence of seizure activity.

Physician #1, the Applicant's pre and postoperative neurologist, stated in a letter of January 22, 2001, "in his opinion the Applicant has a risk of sudden incapacitation that is higher than that of the normal population, but his risk is acceptable to be considered fit for a class G operator's licence". He recommended neurological follow-ups every 6 months and an agreement to report any changes in his neurological status during that time.

Physician #1's diagnosis, in a letter dated September 25, 2001, is that the Applicant suffered the seizure in September 1999 probably due to cortical irritation from the MCA aneurysm. There is no evidence that the right MCA aneurysm is clinically important at this time, but needs to be followed for changes in size.

In a Medical Condition Report dated August 1, 2001, Physician #1 states the seizure in September 1999, was due to an aneurysm, which was surgically repaired and he has not had

a seizure since and should not have any more.

In a letter dated September 25, 2001, Physician #1 mentions the two small seizure-like events in the recovery room, but otherwise his recovery was uneventful. He further states, "the lifetime risk of a recurrence of seizure is in the order of 8-10% given his adherence to diet and sleep hygiene. This risk is based on his seizures in pre and perioperative period, his EEG and lack of cortical damage from the original ruptured aneurysm and subsequent surgery."

"The ongoing risk of the rupture of the second aneurysm is in the order of 0.3 to 0.5 of 1% per year depending on the size of the neck. Careful monitoring with yearly angiographic information will further refine this risk."

Physician #1 also repeats in his September letter that "in his opinion this man has a risk of sudden incapacitation that is higher than that of the normal population due to two separate disease processes. Since his two conditions are not dealt with specifically by the CMA guidelines, it is my opinion, with careful monitoring and follow-up, his risk is acceptable to be considered for a class "A" licence, if he remains seizure free for two years from the perioperative period and that there be no change in size of the remaining cerebral aneurysm.'

In a letter dated February 12, 2002 (exhibit #4), Physician #1 states that in his opinion the Applicant is acceptable to be considered for a class "A" licence with the careful follow-up outlined in his previous correspondence.

ISSUES:

Should the decision of the Registrar to suspend the Applicant's licence be confirmed, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

17. (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
- (a) has no history or clinical diagnosis of diabetes that requires insulin for control;
 - (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the applicable class safely;
 - (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class;
 - (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
- (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure, qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.
- (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full recovery and there

is no established history of a second occurrence of myocardial infraction, thrombosis or recurring angina pectoris.

- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.
- 18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,
 - (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
 - (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
 - (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

- 50(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal.
- (2) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

Section 47(1) of the *Highway Traffic Act* unquestionably empowered the Registrar of Motor

Vehicles to originally suspend the Applicant's driver's licence on October 7, 1999 on receiving two Medical Condition Reports from Drs. #2 and #3 informing the Ministry of the Applicant's seizure on September 2, 1999.

On January 30, 2001, the Applicant's driver's licence was downgraded from "AZ" to "G" under Section 32(12)(b)(i) of the *HTA*. Under that particular section, the holder of a driver's licence "shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require..." Following this, "..... the Minister may... change the class of motor vehicle in respect of which the licence is issued in accordance with the results of the examinations". The downgrade of the licence was in accordance with the basic medical standards found in Regulation 340/94 under the *HTA*. The Registrar relied on section 17(1)(g)(h) of that Regulation which states that:

" the applicant for or the holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition and has no established medical history of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class."

The medical evidence presented by the Applicant's counsel does not support a downgrade, but instead supports the Applicant's retention of his "A" licence. The Applicant's primary neurologist, Physician #1, maintains in two separate letters, sixteen months apart that the Applicant is acceptable to be considered for a class "A" licence. Physician #1 also signed a Medical Waiver, which stated "I have considered the medical condition of the individual taking into account the stability of his condition, physical, mental and emotional status and the stresses associated with driving a large truck It is my opinion that this individual is medically fit and able to function normally."

Counsel for the Applicant disputed the allegation that the Applicant had a chronic or recurring condition, in that he only had a single seizure and the cause was eliminated by surgery. The two events in the recovery room were described by Physician #1 to be seizure- like.

The Tribunal believes that the attending neurologist, who had an in-depth knowledge of the Applicant's medical history and progress, is more qualified to determine his present status and predict the future than the MAC, who only have a few medical reports and most of them are Physician #1's, to make a judgement

The Applicant's work involves driving a dump truck and farm vehicles in a rural area. The Tribunal found him to be a quiet, sensible type of person, who has a clean driving and work record.

The Tribunal finds that the evidence presented does not support the Respondent's position, but supports the Applicant's position that he should retain his Class "A" licence and not be downgraded to Class "G" Licence.

DECISION:

Upon the application by the Applicant to appeal the decision dated January 10, 2001 of the Minister to downgrade his driver's licence pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act*, and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Minister to change the Applicant's class of driver's licence from class "A" be set aside.

(b) and (c) OF THE HIGHWAY TRAFFIC ACT R.S.O.1990, CHAPTER H.8 AS
AMENDED

TO REVOKE T & R AUTO SERVICE CENTRE INC. LICENCE AS A MOTOR
VEHICLE INSPECTION STATION AND NASEEM JAMIL'S REGISTRATION AS A
MOTOR VEHICLE INSPECTION MECHANIC

TRIBUNAL: ALAN HOLBROOK, Member

APPEARANCES:

DAVID M. CLANCY, Representative for the Applicant
NASEEM JAMIL, Applicant
PATRICK MOORE, Counsel representing the Director of Vehicle
Inspection Standards

DATE OF
PRE-HEARING: March 27, 2002

ORDER

Following attendances, on March 27, 2002, at a pre-hearing before this Tribunal, David M. Clancy representing T & R Auto Service Inc. and Jamil Naseem, Jamil Naseem (the Applicants) and Patrick Moore, Counsel on behalf of the Director of Vehicle Inspection Standards ("the Director");

The Tribunal makes the following Order respecting the hearing scheduled to commence at the Cindy Jones Verbatim Reporting Service, 1 King Street, West, Suite 1504, Hamilton, Ontario at 10:00 a.m. on Thursday, July 4, 2002 and to continue if necessary on Friday, July, 5, 2002

1. The parties to the hearing are:

- a) T & R Auto Service Inc.
- b) Jamil Naseem (the Applicant)
- c) The Director Of Motor Vehicle Inspection Standards

2. It was determined that the filing dates with the Tribunal, of submissions and all documents to be used in the hearing by both parties, would occur by June 18, 2002, at least 10 days prior to the hearing with the disclosure of expert's reports complying with the additional requirements of Rule 6.3 of the Tribunal's Rules of Practice. Both parties will file five copies with the Tribunal and deliver one copy to all parties.
3. The parties present at the pre-hearing agreed that there is no resolution of the issues raised in the Director's Notice of Proposal.
4. The Applicant will call three witnesses; Mr. Naseem Jamil, one other witness and an expert witness. The nature of their testimony and names will be included with submissions 10 days prior to the hearing.
5. The Director will call 5 witnesses; M.T.O. Officers Horton, Grimaldi, Greybar, Smith, and former M.T.O. Officer Rutherford. All five are licenced mechanics and some will be called as expert witnesses. They will give evidence on the issues stated in the Director's Notice of Proposal.
6. The Applicants intend to challenge the validity of allegations, made by the Director, in which no convictions resulted and whether or not they are relevant or prejudicial to the Applicants at the Hearing.
7. The Applicant intends to establish that the Director's records showing allegations brought against other licencees that were associated with the Applicants in the past are not relevant to this hearing.

LICENCE APPEAL TRIBUNAL

Alan Holbrook, Member

RELEASED: April 2, 2002

1029 - MED - CARD

Appeal under section 50(1) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Minister pursuant to section 32(12)(b)(i) of that Act.

TO CHANGE THE CLASS OR CLASSES OF MOTOR VEHICLE IN RESPECT OF WHICH THE LICENCE WAS ISSUED

TRIBUNAL: ROY MELVIN, M.D., Presiding Member

APPEARANCES: JOHN PETROSONIAK, Counsel for the Minister
Applicant, unrepresented

DATE OF HEARING: March 28, 2002 Toronto

DECISION AND REASONS

This is an appeal to the Licence Appeal Tribunal by the Applicant respecting a decision of the Minister (the "Respondent") pursuant to section 32(12)(b)(i) of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8 ("HTA").

FACTS:

The Applicant, is a 62-year-old truck driver with a 30-year record of driving various sized vehicles without mishap.

In 1995, he suffered a myocardial infarct and was admitted to hospital. He was treated by coronary angioplasty and made a complete recovery. A medical report to the Ministry of Transportation ("Ministry") in 1996 revealed this history of cardiovascular disease. On the basis of regulation 340/94 section 17(1)(c) of the *Highway Traffic Act*, his ability to maintain a

class "A" driver's licence came into question. A medical waiver certificate was submitted by his cardiologist in February 1997 stating that he was asymptomatic, taking maintenance medication and had no alarming physical or laboratory findings. The Ministry accepted this waiver and has apparently renewed this acceptance until the latest medical report from his current cardiologist Physician #1 of Barrie, Ontario on September 2001. This reveals a positive stress EKG by way of chest discomfort at the five minute mark with slight S.T. depression on the EKG tracing.

Physician #1 reports that this indicates some degree of progression of his coronary disease but clinically he remains stable and asymptomatic on medication. On January 2, 2002 the Medical Advisory Committee at the Ministry of Transportation denied this waiver but would reconsider pending further medical reports to demonstrate improvement. He was granted a "G" licence instead.

ISSUES:

Should the decision of the Minister to change the class or class of motor vehicles in respect of which the licence is issued in accordance with the result of the examination be varied, modified or set aside?

LAW:

Regulation 340/94, Section 14 states:

An applicant for or a holder of a driver's licence must not,

- (a) suffer from any mental, emotional, nervous or physical disability likely to significantly interfere with his or her ability to drive a motor vehicle of the applicable class safely; and
- (b) be addicted to the use of alcohol or a drug to an extent likely to significantly interfere with his or her ability to drive a motor vehicle safely.

Regulation 340/94, Section 17 and 18 states:

- 17. (1) Qualifications required by an applicant for a holder of a Class A, B, C, D, E or F driver's licence are that the applicant or holder,
 - (a) has no history or clinical diagnosis of diabetes that requires insulin for control;
 - (b) is not taking any drug that could, in the dosage prescribed or in the dosage recommended by the manufacturer, impair his or her ability to drive a motor vehicle of the

applicable class safely;

- (c) has no established medical history of myocardial infarction, angina pectoris, coronary insufficiency or thrombosis;
 - (d) has no established medical history of heart disease including arrhythmia or of respiratory dysfunction likely to interfere with the safe driving of a motor vehicle of the applicable class;
 - (e) is not suffering from an aortic aneurysm, whether resected or not;
 - (f) is not suffering from hypertension accompanied by postural hypotension resulting in giddiness when under treatment;
 - (g) has no established medical history of loss of consciousness or awareness due to a chronic or recurring condition;
 - (h) has no established medical history of a disorder of the musculoskeletal or nervous system that may interfere with the safe driving of a motor vehicle of the applicable class;
 - (i) has no established medical history of an intractable psychotic or psychoneurotic disorder, having particular regard for sustained hostile, aggressive, paranoid, suicidal or other destructive tendencies or depression unless it is medically determined that the condition from which the person has suffered is corrected or controlled;
 - (j) has a visual acuity by Snellen Rating, with or without the aid of corrective lenses, no poorer than 20/30 in the better eye and 20/50 in the weaker eye; and
 - (k) has a horizontal visual field of at least 120 degrees in each eye as measured by confrontation tests.
- (2) An applicant for or a holder of a Class A, B, C, D, E or F driver's licence who fails to meet the qualifications referred to in clauses (1)(a) to (i) may, despite the failure, qualify for the class of licence applied for or held if he or she demonstrated the ability to drive a motor vehicle in the applicable class as safely as any person who meets those qualifications.
- (3) An applicant for or a holder of a Class D driver's licence who fails to meet the qualification referred to in clause (1)(c) may, despite the failure, qualify for that class of licence if it is medically determined that he or she has made a full recovery and there is no established history of a second occurrence of myocardial infarction, thrombosis or recurring angina pectoris.
- (4) An applicant for or a holder of a Class B, C, E or F driver's licence whose hearing in one ear is better than in the other must be able to perceive in the better ear, with or without a hearing aid, a forced whisper at a distance of 1.5 metres or, if an audiometer is used to test the person's hearing, must not have a loss in the better ear of more than 40 decibels at 500, 1,000 and 2,000 hertz.

18. An applicant for or a holder of a G, G1, G2, L, M, M1, M2, or R driver's licence must have,
- (a) in the case of a person whose vision in one eye is better than in the other, visual acuity in the better eye that is no poorer than 20/40 as measured by Snellen Rating; and
 - (b) a horizontal visual field of at least 120 degrees as measured by confrontation tests.

Section 32(12)(b)(i) states:

- 32 No person shall drive a motor vehicle on a highway unless the motor vehicle is within a class of motor vehicles in respect of which the person holds a driver's licence issued to him or her under this Act.
- (12) An applicant for a driver's licence or a person who holds a driver's licence shall submit to the examinations that are authorized by the regulations relating to this section and required by the Minister at the time and places that the Minister may require and the Minister may,
- (b) in the case of a person who holds a driver's licence,
 - (i) impose or remove the conditions or endorsements authorized by the regulations or change the class or classes of motor vehicles in respect of which the licence is issued in accordance with the result of the examinations, or

Section 50 states:

- 50(1) Every person aggrieved by a decision of the Minister under subclause 32(12)(b)(i) or a decision of the Registrar under section 17 or 47 may appeal the decision to the Tribunal.
- (3) The Tribunal may confirm, modify or set aside the decision of the Minister or Registrar.

APPLICATION OF THE LAW TO FACTS:

The Ministry's decision is based on Regulation 340/94 section 17(1)(c) to downgrade the Applicant's driver's licence from "A" to "G" because of his history of myocardial disease. However, regulation 340/94 section 17(2) allows for the Applicant to hold his class "A" licence if he demonstrates the ability to drive a motor vehicle of this class as safely as any person who meets the qualifications.

The Applicant has demonstrated this ability. His cardiologist is of the opinion that his cardiac condition is stable and would approve of a medical waiver. It would appear from his report that

the likelihood of sudden incapacitation significant enough to cause loss of vehicle control is remote. Regulation 340/94 section 14(a) does not apply in that the disability is not likely to significantly interfere with his ability to drive a motor vehicle of the applicable class safely.

DECISION:

Upon the application by the "Applicant to appeal the decision of the Minister ("Respondent") to change the class or classes of motor vehicle in respect of which the licence was issued pursuant to Section 32(12)(b)(i) of the *Highway Traffic Act* ("HTA"), and having considered the evidence filed with the Tribunal, and the submissions of the Respondent and of the Applicant;

IT IS THE DECISION OF THE TRIBUNAL pursuant to the authority vested in it under section 50(2) of the Act that the decision of the Minister to change the Applicant's class of driver's licence from class "A" be set aside.

DATE OF
HEARING: March 21, 2002

DECISION
RELEASED: March 25, 2002 Toronto

REASONS FOR DECISION

A hearing was held on March 21, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on March 25, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated March 4, 2002, and was received by the Tribunal on March 4, 2002, together with the prescribed fee of \$100.00, paid by cash.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

It was noted that Mr. Moore, counsel for the Respondent, objected to the statements of the Applicant that the Applicant was only prepared to answer questions relating to his health and nothing else that had to do with the circumstances surrounding the incident which resulted in the laying of the charges of failing to provide a breath or blood sample upon request. The Applicant, stated that this position was on the advice of his solicitor. The objection was so noted and the hearing proceeded. The Applicant asked the Tribunal to allow further medical information into the record. There was objection from the counsel for the Respondent. Mr. Moore also requested that the true and certified copies of the following documents, namely the Notice to Registrar, Driver vehicle record and driver's licence abstract be added to the MTO submissions. There was no objection from the Applicant and the documents were added.

Submissions of Written Material

By the Applicant:

a)	Exhibit # 2a	Notice of Appeal Form received by the Tribunal, March 4, 2002
b)	Exhibit # 2B	Initial Consultation form signed by Physician #1, dated February 7, 2000

- c) Exhibit # 2C Note on Prescription Pad of Physician #1, unsigned & undated
- d) Exhibit # 2D Medical Letter from Physician #2 to Physician #3, dated May 17, 2000
- e) Exhibit #2E Surgical Final Report, Printed "26 Sep 1997"
- f) Exhibit #2F Record of Operation dated "24 Nov 1997"
- g) Exhibit #2G Medical Letter from Physician #4 to Physician #5, dated September 28, 2000
- h) Exhibit # 2H Letter from Physician #5 to Physician #3

By the Respondent:

- a) Exhibit # 3 MTO Submissions, 18 pages

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
 - (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant was sworn and took the stand. He stated that he was unable to provide a breath sample because of a medical reason. The Applicant testified that he suffered from a chronic throat problem and had surgery in 1997 because of this problem. The Applicant stated "because of my medical condition, I did not blow, I was afraid that I would get something from the machine." When asked if he even attempted to provide a sample, the Applicant responded "no". The Applicant stated that the medical notes he provided indicated that he was not in the best of health and suffered from chronic throat problems.

The Applicant was asked why the back of the Notice of Appeal was left blank. This side would have to have been completed by his physician to supply information in support of his appeal.

The Applicant replied that he did not have time to get it filled in and had only been able to get copies of the medical letters provided with his Notice of Appeal. On cross-examination, the Applicant was asked if he told either officers that he had a fear of contracting AIDS from the mouth piece. The Applicant responded that he told both police officers that he suffered from throat problems and that one of the officers, Officer #1 saw a note in his documents that indicated that the Applicant also suffered from arthritis. The Applicant was asked how many times the demand for a breath sample was made. The Applicant responded, "one time". The Applicant responded that he was not going to provide a sample as he "needed more information about the machine and the mouth piece and since neither of the officers, were doctors, he was not going to blow into the machine." The Applicant proceeded to go through the documents which were entered as exhibits. The Tribunal asked that the Applicant to indicate where on these "letters" the physician(s) had indicated how his "condition" would have precluded him from providing a breath sample. After looking through the documents, the Applicant was not able to answer the question.

The Applicant had nothing further to add and was excused from the stand.

Officer #2 was called to the stand and was sworn. She testified that on the 16th of February 2002, she was working with her partner, Officer #1, when they received a call about a possible impaired driver. The vehicle was described as a white GMC van bearing Ontario licence plate number XXXXX. The vehicle was spotted and Officers #1 and #2 proceeded to observe the vehicle. According to Officer #2, she observed the vehicle weaving to the shoulder and onto the roadway again. The subject vehicle was stopped. Officer #1 approached the driver's side of the vehicle and asked to see the driver's documents. Officer #1 told Officer #2 that he detected an odor of an alcoholic beverage on the driver's breath. Officer #2 ordered another vehicle to the scene which would be able to provide the approved road side screening device. Officer #2 testified that she also detected the odor of an alcoholic beverage when she spoke with the driver. The driver was asked to exit his vehicle and sit in the rear of the police cruiser which he did. Officer #2 read the demand for breath from her notebook. The Applicant stated that he understood what she was demanding. However, the Applicant told Officer #2 "I know the AIDS you can get, I know because I am a master plumber". Officer #2 indicated to the Applicant that the mouthpieces were in sealed bags and had never been used before. The Applicant responded, "I don't care, are you a doctor?" The Applicant was cautioned about not providing a breath sample and that if he continued to refuse, he would be charged under Section 254 of the *Criminal Code* with failure to provide. According to Officer #2, she cautioned the Applicant on three separate occasions. When told he was finally going to be charged, the Applicant responded, "do whatever you want". According to Officer #2, the Applicant, again, told her "I told you, I am not blowing into anything!" At approximately 3:48 a.m., the Applicant was arrested for refusal to provide a breath sample. The forms were prepared and the Applicant refused to sign them. The officer asked if the Applicant wished to speak with duty counsel. The Applicant did speak with counsel and then signed the papers. The Applicant was subsequently released. Officer #2 had nothing further to add and was excused from the stand.

Officer #1, badge number xxx took the stand and was sworn. Officer #1's testimony confirmed the testimony of Officer #2. Both Officer #2 and Officer #1 both testified that the Applicant did not exhibit any medical condition that would have required immediate attention. Both officers have stated that they are not medical doctors but are trained observers and are trained in first aid and would be able to recognize a situation that would require emergency treatment. Officer #1 was excused from the stand.

The Tribunal accepts the evidence of Officer #2 and Officer #1.

The evidence presented by the Applicant is quite clear. He simply refused to provide a sample. His reason was that he was afraid he would contract AIDS.

In an appeal of this nature, the onus is on the Applicant to substantiate his position. The documents submitted by the Applicant do not substantiate his claim to the effect that he had a present medical condition which precluded him from providing a breath or blood sample.

The Notice of Appeal form (Exhibit # 2a) is very specific in the respect to the information required to be provided from the Applicant's medical practitioner. This form was not filled out. When asked why, the Applicant responded, "I did not have time to get it filled out". The other medical evidence submitted by the Applicant, (Exhibits b-h) fail to meet the specific requirements of Section 15(1) of Regulation 574 of the *Highway Traffic Act*.

The Tribunal can attach no weight to any of the "reports" submitted. None of the "reports" submitted by the Applicant sheds any light on a purported medical condition which is the basis of his appeal.

APPLICATION OF THE LAW TO FACTS:

After reviewing the foregoing facts, the Tribunal finds that the Applicant did not relate his medical condition to Regulation 574 and Section 50 (1)(2)(b) of the *Highway Traffic Act*. The onus pursuant to Section 13 of Regulation 574 to establish the merit of the appeal is upon the Applicant.

The parties do not dispute that the Applicant refused to give a breath sample when requested. The Applicant argues that he suffers from a medical condition which prevented him from providing a breath sample. The documents submitted by the Applicant do not substantiate his claim to the effect that he had a present medical condition which precluded him from providing a breath sample.

The Tribunal can only conclude, based on the evidence presented, that the actions taken by the Applicant were not those of someone who was unable to provide a sample, but rather the actions of someone who was unwilling to provide the sample because of the negative

consequences of providing that sample.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated February 16th, 2002 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

DECISION
RELEASED: March 28, 2002 Toronto

REASONS FOR DECISION

A hearing was held on March 27, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on March 28, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that her appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was dated March 6, 2002, and was received by the Tribunal on March 8, 2002, together with the prescribed fee of \$100.00, paid by cash.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason."

Preliminary Matters

Counsel for the Applicant provided an enlarged copy of a letter written by Physician #1. This letter was already in the file and simply added to the documents to be entered. There were no other preliminary matters and the hearing proceeded.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar, dated February 9, 2002
- b) Exhibit # 2 Notice of Appeal
- c) Exhibit # 4 Prescription Receipt, dated February 13, 2002

By the Respondent:

- a) Exhibit # 3 MTO Submissions

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath because she was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
 - (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
 - (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
 - (a) the name, telephone number and address, with the postal code, of the medical practitioner;
 - (b) the name, date of birth and address of the person who is the subject of the report;
 - (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
 - (d) the length of time and frequency with which the medical practitioner has attended upon

the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;

- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
 - (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant was sworn and took the stand. The Applicant testified that on the evening of February 8, 2002, she and two of her friends went to Berlin Night Club located at Yonge Street and Sheppard Avenue, Toronto, arriving at approximately 10:00 p.m. She testified that she consumed only one drink, a Singapore Sling, and this was at approximately 10:05 p.m. She testified that she had nothing further to drink that evening and left the nightclub at about 1:30 a.m.

While driving on Eglinton Avenue East, the Applicant testified that she came upon a R.I.D.E. spot check. The officer, identified as Officer #1, approached the Applicant's vehicle and asked her if she had anything of an alcoholic nature to drink that evening. The Applicant testified that she responded "yes". The officer asked her to come into the booth and blow into a machine. The officer demonstrated how to provide the breath sample and provided a new mouthpiece which was placed in the instrument to which the Applicant was instructed to continue to blow until told to stop. The attempt did not provide a reading. According to the Applicant, she tried to blow many times and 'blew until she gagged'. The Applicant testified that she has had no prior experience with the device and has had trouble in her tonsils. She testified that she has had trouble with her tonsils since the age of 20. She is now 46 years old, so for the past 26 years she has had "trouble with her tonsils", whereby she claims that she requires antibiotics every three months. The Applicant testified that she did not inform the officer of her throat problems. The Applicant testified that at the beginning of the "tests" she was not experiencing any problems with her throat but as the testing continued, she began to develop soreness in her throat and began choking.

The Applicant testified that she has never seen a specialist, only Physician #1 for her throat

condition. She also testified that she saw Physician #1 on Monday, February 11, 2002 and had her prescription filled on February 13, 2002. The Applicant had nothing further to add and was excused from the stand.

The counsel for the Applicant, called Witness #1 to the stand. Witness #1 is the son of the Applicant. He is 27 years of age. He testified that he saw his mother the day following the incident and recalls that she was very distraught and that she could barely talk to him. Witness #1 testified that he observed there to be "puffiness" around her throat and that she could barely speak." He claims that he has never seen her like this before. He had nothing further to add and was excused from the stand.

Counsel for the Respondent called Officer #1 to the stand. She testified that on the evening of February 8, 2002, she was working a R.I.D.E. detail set up on Eglinton Avenue at the D.V.P. At approximately 2:13 a.m. on February 9, 2002, she approached a red Dodge vehicle which had come upon the spot-check. Officer #1 asked the driver of the vehicle, who was identified as the Applicant, if she had anything to drink that evening. Officer #1 notes that the Applicant responded and answered "two drinks, about a half hour ago." At 2:15 a.m., Officer #1 read the demand for a breath sample from the back of her notebook.

The Applicant accompanied the officer and proceeded to attempt to provide a sample of her breath. According to Officer #1, she detected the odour of an alcoholic beverage on her breath yet did not believe that the Applicant was in fact impaired. According to Officer #1, the Applicant only blew for a short period of time, providing only puff blows to a maximum of three to four seconds. The officer did comment that the Applicant did in fact create a tight seal with her lips around the mouthpiece, however she would not provide a breath of sufficient length to obtain a satisfactory reading.

The officer testified that at no time did the Applicant exhibit any shortness of breath, gasping for air or choking. At one point, the Applicant stated " I am choking" however, according to the officer, the Applicant did not exhibit any sounds or actions of someone choking. The officer stated that she is not a medical doctor but that she is a trained observer and has received first aid training. In her professional capacity as a police officer, Officer #1 felt that if someone was in need of medical attention, she would have called an ambulance to the scene and provided prompt attention to that individual, however this was not the case in this instance. The officer had nothing further to add and was excused from the stand.

The Tribunal accepts the evidence of Officer #1. The Tribunal found the evidence presented by the Applicant was disjointed with respect to her previous medical history and alleged treatment, which were not substantiated by the medical documentation submitted for review. The Tribunal finds that the Applicant's testimony lacks credibility.

APPLICATION OF THE LAW TO FACTS:

In an appeal of this kind, the onus is upon the Applicant to substantiate her position. The documents submitted by the Applicant do not substantiate her claim that she had a medical condition at the time the demand for breath was made which precluded her from providing a breath sample.

The report from Physician #1, the Applicant's medical practitioner, fails to meet the specific requirements of section 15(1) of Regulation 574 of the *Highway Traffic Act* in the following respects.

Physician #1 does not provide any history with regards to the Applicant suffering from a chronic throat involvement. In fact, he states that the Applicant on the 11th of February complained of sore throat for two days and had a husky voice. Physician #1 further states that on examination the Applicant had enlarged red tonsils and swollen glands in her neck. She was treated with antibiotics. Physician #1 states that "this is a painful condition and could certainly diminish her ability to blow hard in a tube." This is a statement only of a possibility, and at no time was there a question as to the force of the blow being provided by the Applicant but only that her attempts were not of a long enough duration to provide an adequate sample. Physician #1 has not provided any history of this "condition" as described by the Applicant that her "condition" is chronic in nature and that she has had numerous courses of antibiotics as indicated by the Applicant. Physician #1 has not indicated that he has referred her to a specialist for further testing nor has he indicated how her condition, other than to state that it could be painful, would have precluded her from providing a sample of breath when requested by the police officer.

The report has failed to meet the requirements of Section 15(1), and the Tribunal after careful review attaches no weight to this report.

DECISION:

Upon the application by the Applicant to appeal the suspension order dated February 9, 2002 of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

LICENCE APPEAL TRIBUNAL

Jeffrey Lee, D.C.,
Presiding Member

RELEASED: April 5, 2002

1040 - ADLS - ASTHMA

Appeal under section 50.1 of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 as amended, from a Decision of the Registrar of Motor Vehicles pursuant to Section 48.3(2) of that Act;

TO APPEAL A 90-DAY ADMINISTRATIVE DRIVER'S LICENCE SUSPENSION

TRIBUNAL: ANTOINE AOUAD, M.D.
Presiding Member

APPEARANCES: PATRICK MOORE,
Counsel for the Registrar of Motor Vehicles

Applicant
Counsel for the Applicant

DATE OF HEARING: March 27, 2002
Hamilton

DECISION

A hearing was held on March 27, 2002, at Hamilton, Ontario, by way of an oral hearing to consider the Applicant's appeal pursuant to Section 50.1 of the Highway Traffic Act, R.S.O. 1990, Chap. H.8 amended ("HTA"). The Tribunal makes the following Order, with Reasons to follow:

THE TRIBUNAL CONFIRMS the suspension imposed by the Registrar pursuant to Section 48.3 HTA.

DATE OF
HEARING: March 27, 2002

DECISION
RELEASED: March 28, 2002

Hamilton

REASONS FOR DECISION

A hearing was held on March 27, 2002, at Hamilton, Ontario, to consider appeal of the Applicant pursuant to section 50.1 of the *Highway Traffic Act*, R.S.O. 1990, Chap. H.8 amended ("HTA").

The Tribunal released its Decision on March 28, 2002, with Reasons to follow.

THE TRIBUNAL RULED TO CONFIRM the suspension imposed by the Registrar pursuant to section 48.3 HTA for the following reasons.

REASONS

BACKGROUND:

Notice of Appeal and Prescribed Fee

This appeal comes before the Tribunal on behalf of the Applicant, by way of a Notice of Appeal under section 50.1 of the *Highway Traffic Act*, R.S.O. 1990 as amended, chapter H.8. The Applicant elected that his appeal be decided by the Tribunal by way of an oral hearing. The form of Notice of Appeal under section 50.1 of the *Highway Traffic Act* was undated, and was received by the Tribunal on March 11, 2002, together with the prescribed fee of \$100.00, paid by money order.

Reason for the Appeal

The reason for the appeal cited by the Applicant was stated as follows in the said notice:

"I was unable to provide the required breath sample because of a medical reason.

Preliminary Matters

There were no preliminary matters in dispute between the parties and the hearing proceeded.

Submissions of Written Material

By the Applicant:

- a) Exhibit # 1 Notice to Registrar dated February 17, 2002
- b) Exhibit # 2 Notice Of Appeal Form – 9 pages – received March 11, 2002

ISSUE:

Having established that this appeal falls within subsection 50.1(2)(b) of the *Highway Traffic Act*, and the Tribunal thereby having jurisdiction, the question to be answered is: Did the Applicant fail or refuse to comply with a demand made to provide a sample of breath because he was unable to do so for a medical reason?

LAW:

The legislation governing the Administrative Drivers Licence Suspension (ADLS) under subsection 50.1(1) and (2) of the *Highway Traffic Act* ("HTA") states:

- 50.1(1) "A person whose driver's licence is suspended under Section 48.3 may appeal the suspension to the Tribunal.
- (2) The grounds on which a person may appeal under subsection (1) and the only grounds on which the Tribunal may order that the suspension be set aside are,
- (a) that the person whose licence was suspended is not the same individual to whom a demand for a sample of breath or blood was made, or from whom a sample of breath or blood was taken, as the case may be, under or pursuant to the provisions of the Criminal Code (Canada) referred to in subsection 48.3(3); or
- (b) that the person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason".

The HTA states under Section 50.1(4):

The [Tribunal] may confirm the suspension or may order that the suspension be set aside.

Regulation 574 (amended), *Highway Traffic Act* at subsection 15(1),(2) and (3) requires that a medical report must contain:

- 15.(1) "a report of a legally qualified medical practitioner that is to be submitted in evidence shall clearly state,
- (a) the name, telephone number and address, with the postal code, of the medical practitioner;
- (b) the name, date of birth and address of the person who is the subject of the report;
- (c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the [Tribunal] from the suspension of a driver's licence under section 50.1 of the Act;
- (d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination of the person that supports the findings set out in the report;
- (e) whether the medical practitioner is the family physician of the person who is the subject of the report; and
- (f) whether the medical practitioner is a specialist and, if so, the field of speciality.
- (2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath or blood sample including the results of any related tests.
- (3) The report shall be signed by the medical practitioner."

Finally, section 13 of Regulation 574 (amended) provides:

"A person appealing a suspension has the onus of establishing the merit of the appeal".

FACTS:

The Applicant's Notice of Appeal states that the Applicant's driver's licence was suspended "Feb 17/02". (Exhibit # 2)

Applicant's Evidence

Page two of the Applicant's Notice of Appeal is blank.

The Applicant introduced two letters from his family physician of eight months, Physician #1 of the Aboriginal Health Centre.

The first letter, dated February 27th, 2002 states that the "...patient was seen on Wednesday, February 27th, 2002". Under the heading "Additional Notes", Physician #1 explains that the Applicant: "...has been and is being treated for reactive airway disease ...prescribed inhalers ...recently ...exacerbation of ...symptoms...".

A second letter dated March 6th, 2002 repeats the comments in the previous note, expanding that Physician #1 has known the Applicant "...for 8 months..."

At the hearing, the Applicant was represented by Counsel.

In examination-in-chief, under questioning from his counsel, the Applicant testified that his father had "...*died of a heart attack February 15th ...*". Prior to his father's death the Applicant lived with his parents. He has continued to reside with his mother. She is having a hard time coping with the death of her husband, and is not able to get around on her own because she is legally blind.

In his testimony about the events that led up to the demand for the breath sample, the Applicant told the Tribunal that on the day in question, February 17th, he picked up his sister, whom he "...*had not seen in eighteen years...*", at the train station. The Applicant continued, testifying as follows: "...*it wasn't exactly the reunion ...wanted ...arrived at ...house, ...mother broke, severely ...sister was very upset, the two of them being upset, I got very upset ...left to get cigarettes at the gas station...*". Being asked, by his counsel, how the emotion was demonstrated, the Applicant replied: "*Yeah, we were all crying...*"

The Applicant affirmed that during the day and up to the time he went to the gas station to buy cigarettes he had nothing of an alcoholic nature to drink. In the words of his counsel: "...no

wine, beer or hard liquor, like whiskey...".

When he came out of the gas station, the Applicant was approached by two police cruisers and subsequently demanded to provide a breath sample.

In five attempts, the Applicant was unable to blow hard enough for the machine to register. The Applicant believes that he was unable to blow adequately into the machine due to "...*asthma...*". The officers asked and were informed that the Applicant was asthmatic.

The Applicant was agreeable to being taken to the police station, but the suggestion was not followed up. No request for a blood sample was made after the Applicant told the officers that he had an asthmatic condition.

The Applicant confirmed that he requires medication for the condition and has been on "Flavolent" for about five years.

In cross-examination, by the Respondent's Counsel, the Applicant reiterated his previous testimony and emphasized that he had not been concerned about what would happen if he were to provide a proper sample.

Attempting to answer the Respondent's Counsel's question of how "reactive airway disease" was connected to his asthma, the Applicant explained that "...*every once in a while ...trouble breathing ...lungs get very tight...*". The Applicant added that he must take his medication on a regular basis, two or three times daily.

The Applicant denied uttering the words "*I'm screwed either way*", as suggested by the Respondent's counsel.

Other than the two letters submitted from Physician #1, the Applicant has no other medical reports.

The Applicant did not request medical attention at the site of the breathalyzer session, nor did he seek medical attention until "...*a few days later...*".

Prior to closing remarks, the Tribunal asked the Applicant's solicitor if he was aware of the reason the Applicant's physician had not completed page 2 of the Notice of Appeal. Applicant's Counsel replied that not having spoken to the physician, himself, he only could assume that the medical report provided in Physician #1's letters was "...*in lieu of...*" page 2. Applicant's Counsel elucidated that Physician #1 was "...*asked ...for a second letter to comply with the requirements of the section as to how long ...had been a patient.*" of Physician #1.

Respondent's Evidence

The Respondent provided no written submissions for the hearing.

The Respondent's Counsel, called Officer #1, Badge number _____, of the Brantford Police Services as a witness at the hearing.

The Applicant's solicitor objected to Officer #1 using his notes to refresh his memory, on the grounds that the notes were not available to him, as part of the disclosure mandated by the Tribunal's procedure. Given the fact that the Constable's notes served to contradict the Applicant's recollection of events, Applicant's Counsel contended that he would have liked the opportunity to review the notes prior to the hearing and *"...make independent investigations..."*.

Mr. Moore, the Respondent's Counsel, quoted Section 6.3 of the Rules of Practice of the Tribunal and commented that their interpretation and application within the confines of the Tribunal is less stringent than in a court of law. The Tribunal has traditionally required only the disclosure of documents entered into evidence. In this case, the notes are only a means to refresh Officer #1's memory. The Registrar had no intention to enter Officer #1's notes as an exhibit.

The Tribunal noted that it is the procedure of this Tribunal to allow reference to the notes, and since the notes were not being entered as an exhibit, they would be allowed. The Tribunal asked Applicant's Counsel if he would like to take a half hour recess to review the notes. As, in fact, Officer #1's notes had been given to Applicant's Counsel, prior to the hearing, Applicant's Counsel, having made his objection noted, was agreeable to proceeding.

Referring to his notes to refresh his memory Officer #1 attested to the events that led to the demand for the breath sample and to the suspension.

While on patrol, Officer #1 received a call that the Applicant had been reported impaired, by the gas station attendant.

After the routine requirements were completed, the formal request was read, and the Applicant was given instructions on how to use the roadside-screening device to provide a breath sample.

The Applicant was given five opportunities to provide an adequate breath sample. In his first attempt, the Applicant *"...was providing a sufficient air stream to sound the device the air stopped at some point for whatever reason ...approximately one second..."*

Officer #1 confirmed, *"...each blow was exactly the same..."*. As to whether the Applicant offered any reason for not being able to provide a breath sample, Officer #1 noted that the Applicant stated: "asthma".

Officer #1 did not proffer his own opinion, as to possible reasons for the Applicant's failure to provide a breath sample as, not being a qualified breath technician, it was deemed that he is not an expert on breath samples.

Regarding the Applicant's well being, Officer #1 noted: "...he became ...agitated and slightly uncooperative but in regards to his asthma ...nothing I can indicate..."

At one point during the breath sample test session, Officer #1 recorded that during a brief interchange between himself and the Applicant, the Applicant stated: "I'm screwed either way".

The Applicant's counsel challenged the relevancy of asking Officer #1 to offer his understanding of the Applicant's comment. The Respondent's counsel responded that the relevance was in establishing "...whether or not there was actually a genuine attempt to provide a breath sample, and if not, that would detract from the idea that there was a medical problem...". After clarifying his rationale, Mr. Moore conceded that the "...words speak for themselves...". Rather than objecting, Mr. Moore left the issue to the Tribunal to assess the weight that would be given to the statement.

Officer #1 testified that the Applicant never overtly refused to provide a breath sample, but did ask to be taken to the station. Officer #1 verified with his Superior and ascertained that there was no necessity to comply with the Applicant's request.

The Applicant's counsel cross-examined Officer #1 on his use of the word "fumbled", and the fact that Officer #1 testified that he told the Applicant "...to keep going, keep going, keep going...". The Applicant's counsel pointed out that neither comment is mentioned in Officer #1's notes. Officer #1 replied that he was testifying from recollection.

Officer #1 was asked about the procedure of taking someone back to the station and of obtaining a blood sample from an individual. Officer #1 declared only individuals who failed the roadside test were taken back to the station for a second test. Regarding the blood samples, Officer #1 admitted to having no such experience.

Officer #1 asserted that he did not notice any difference in the Applicant's appearance occurring throughout the breath sample testing session.

The Applicant's counsel questioned Officer #1's testimony regarding the smell of alcohol. The Applicant's counsel inferred the possibility that smell of alcohol could have been emanating from the other officer in the vehicle. Officer #1 retorted that he was in close enough proximity to the Applicant to be able to state categorically "...the alcohol odour was coming from The Applicant..."

In answer to the specific question as to why Officer #1 did not transport the Applicant to the station for another sample, Officer #1 replied that he "...did not have the authority as it is not

procedure...".

As asked, by the Applicant's counsel Officer #1 provided the name of his supervisor and other officer in the vehicle, and agreed that they both made notes at the time, which will be used at the trial "...if the Crown so desires...".

In re-direct, the Respondent's counsel asked Officer #1 to differentiate between the type of results obtainable from a road side screening device and those of a breathalyzer device. Officer #1 explained that the reading available from a roadside-screening device is "Fail, Warning, or Pass", where as a breathalyzer device provides an accurate reading of the level of alcohol in the blood.

Officer #1 emphasized his previous testimony that he was not aware of any procedure requiring an individual to be taken for a breathalyzer test in the event of failure to provide a sample at the roadside.

Counsels' Closing Remarks

In closing, the Applicant's counsel noted that it was clearly demonstrated to the Tribunal that the Applicant did not wilfully refuse to provide a sample.

The Applicant tried to establish in good faith that he has a medical condition that prevented him from providing "...*not the sample itself, he was able to provide a sample, but a long enough sample to register in the machine...*"

The Applicant has brought forth two letters from his physician to confirm his testimony that he has a diagnosed asthma condition and that he requires the use of an inhaler.

Applicant's Counsel also alluded to the Applicant's motivation and stressed it was genuine. The Applicant wants to be able to help his blind mother. At the road side, the Applicant had unsuccessfully tried five times to provide a breath sample, which is consistent with his medical condition, yet he still offered to go back to the station and try again.

The Applicant's counsel reminded the Tribunal of the facts at the time of the incident. The Applicant was upset over his father's death, he had been crying and was very distraught.

As to Officer #1's evidence, Applicant's Counsel, indicated that it was surprising that a trained officer has not detected the odour of alcohol at first contact.

The Applicant's counsel concluded by asking the Tribunal to re-instate the Applicant's driver's licence as on a balance of probabilities the Applicant had satisfied his position.

In his closing remarks, the Respondent's counsel, quoted the pertinent sections of the Act and Regulations regarding the grounds for appeal.

In order to succeed in an appeal, the Applicant has to establish that he has a medical condition that prevented him from providing an adequate breath sample. The Respondent's counsel maintained that the letters provided by the Applicant's physician do not comply with the requirements of Section 15 of Regulation 574, which is specific as to the information required in a medical report.

There is no evidence of how "reactive airway disease" relates to the Applicant's inability to blow into the device. Further, neither letter contains details of the present condition nor the history of the condition, including tests performed on the Applicant to assess his breathing.

Mr. Moore stressed a few of the matters, which are not relevant to the Tribunal's determination. For instance, the Tribunal cannot infer that the Applicant's pursuit of this matter is an indication of bona fides as Applicant's Counsel's insinuates. Nor should the Applicant's offer to go to the police station and provide a breath sample, be considered as an indication of a bona fide attempt to provide a sample. However if one "...is to look at the bona fides of what was occurring..." the relevancy of the Applicant's statement "*I'm screwed either way*" is more demonstrative "*...of the good faith in which The Applicant was participating in this attempt...*"

The Respondent's counsel also asked the Tribunal not to relate the death of the Applicant's father to his inability to provide a breath sample.

Mr. Moore closed by remarking that in his opinion the Applicant has not put forth substantial evidence to prove that he was unable to provide a breath sample for medical reasons.

As a rebuttal to the Respondent's counsel's closing remarks regarding Section 15, Applicant's Counsel argued that the fact the physician's letter is addressed "*To Whom it May Concern ...indicates that the report can go to anyone ...and it was done after he received the information of the Tribunal on the appeal...*"

As to the Applicant's medical condition, Applicant's Counsel indicated that the need for the use of an inhaler, in itself, demonstrates the fact that the individual has difficulty breathing.

Applicant's Counsel further pointed out, that "*...had the policeman disclosed the notes where we know that it was the length of the time and the duration of the blow that was the problem that they could not get the reading because he was not going for the full five or six seconds, we might have taken that to the physician and said this is the problem, medically is that caused by his condition. We did not have that opportunity...*"

APPLICATION OF THE LAW TO FACTS:

Applicant's Counsel argued that the Applicant was denied his right to a proper defence, as a

result of the non-disclosure of Officer #1's notes. The Tribunal disagrees with that argument but it is not necessary to comment further respecting that argument because the Applicant's appeal fails without any reference to Officer #1's testimony.

An appeal was brought by the Applicant under Section 50.1(2)(b) of the *Highway Traffic Act*, which prescribes:

"...person failed or refused to comply with a demand made under section 254 of the Criminal Code (Canada) to provide a sample of breath or blood because he or she was unable to do so for a medical reason..."

Thus, the issue is, does the Applicant have a medical condition that could cause the Applicant to fail or not comply with the breath demand.

The Applicant opted to submit two letters from his physician Physician #1 of the Aboriginal Health Centre *"...in lieu of..."* having page 2 of the Notice of Appeal completed by his physician.

The Respondent's counsel challenged the admissibility of these letters as a medical report. Mr. Moore contended that the information contained in these letters, does not meet the criteria set out in Section 15 of Regulation 574, more particularly Section 15(1)(c)(d) and 15(2). The Tribunal will address each section individually.

Section 15(1)(c), (d) and 15(2) of Regulation 574 prescribes as follows:

15(1) A report of a legally qualified medical practitioner that is submitted in evidence shall clearly state:

.....

(c) that the medical practitioner has prepared the report, or is aware that the report may be used, in support of an appeal to the Tribunal from the suspension of a driver's license under section 50.1 of the Act.

Applicant's Counsel dismisses the suggestion of the Respondent's counsel that the Applicant's physician was unaware of the purpose of his report by arguing that *"To Whom it May Concern ...indicates that the report can go to anyone..."*. Although that is correct, nonetheless because Physician #1's report is not addressed to anyone in particular, there is no indication Physician #1 was aware of its intended purpose. Further, the fact that the report *"...was done after he received the information of the Tribunal on the appeal..."* does not substantiate Applicant's Counsel's premise either. The Tribunal finds that Physician #1's letters fall short of the meeting the criteria set out in Section 15(1)(c) of Regulation 574.

Section 15(1)(d) of Regulation 574 states:

15(1)(d) the length of time and frequency with which the medical practitioner has attended upon the person who is the subject of the report, including the date of the most recent examination

of the person that supports the findings set out in the report;

The second report from Physician #1, dated “March 6, 2002”, partially complies with Section 15 (1)(d) of Regulation 574. Physician #1’s letter of “March 6, 2002”, speaks to the length of time the Applicant has been his patient “...8 months...”. However, the “...frequency...” of the visits is not specified. Thus, Section 15 (1)(d) of Regulation 574 is not met.

Section 15(2) of Regulation 574 is, perhaps, the most relevant. Section 15(2) of Regulation 574 states:

15(2) The report shall provide the details of any present condition, diagnosis and history of the condition that precludes the person who is the subject of the report from providing a breath sample including the results of any related tests.

The essence of this clause requires that the physician establish a link between the patient’s condition and the inability to provide a breath sample. This clause relates specifically to the detailed information required on page 2 of the Notice of Appeal, which serves as a valuable guideline to the Tribunal as it is designed to provide pertinent details of the Applicant’s condition, such as:

- Details and diagnosis of the patient’s present condition;
- History of condition;
- Type of Measurements or recent test taken with (date indicated): (Reference to any pathology test (e.g.: PTF represent important corroboration of your medication opinion);
- Relevant details of last visit and when ...patient was last seen

The Applicant’s counsel told the Tribunal that upon recognizing the shortcomings of the Applicant’s physician original report an effort was made to request and obtain “...a *second letter to comply with the requirements...*”. The Tribunal is left unsure as to why Physician #1 was not asked to complete page 2 of the Notice of Appeal. In any event, Physician #1 does not offer any rationalization of how the Applicant’s diagnosis of a “reactive airway disease” affects the Applicant’s breathing pattern. Nor does Physician #1 provide any justification as to how this problem could have affected the Applicant’s ability to provide a breath sample. It is evident that Section 15 (2) of Regulation 574 is not met.

Having established the weight according to the written submissions provided for the hearing, the Tribunal will now proceed to review and consider the viva voce evidence.

The Applicant testified that he suffers from “...asthma...” and uses an inhaler on a daily basis. The Applicant further elucidated that “...every once in a while ...trouble breathing ...lungs get very tight...”. Applicant’s Counsel stresses, that an individual who has been prescribed an inhaler obviously suffers from a respiratory deficiency.

The Respondent's counsel maintains that neither letter from Physician #1 contains any details of the Applicant's present condition nor the history of the condition, including tests performed on the Applicant to assess his breathing.

The Tribunal does not disagree that the Applicant is asthmatic, nor dispute Applicant's Counsel's assertion that the use of an inhaler confirms the presence of a respiratory ailment. The question remains, what is the severity of the deficiency and how did this condition preclude the Applicant from providing an adequate breath sample.

The Tribunal concurs with the Respondent's counsel that no evidence was provided as to the results of any pulmonary function tests that may have been taken by the Applicant. There is no evidence that the Applicant has ever been referred to a respiratologist. The Tribunal is thus, impaired by lack of evidence to determine the degree of severity of the Applicant's respiratory condition.

Accessing the occurrence on the night of the roadside breath test, the Tribunal is told by both the Applicant and his solicitor that he was distraught at the time of breath test session due to his father's recent death. The Tribunal commiserates with the Applicant and accepts that his condition could have been exacerbated by his highly charged emotional state. Nonetheless, no evidence was introduced that at the time the Applicant was exhibiting any of the signs commonly associated with respiratory distress, such as wheezing, shortness of breath or choking. Further, the Applicant's condition was not severe enough to warrant requesting or seeking medical assistance during or immediately after the incident. This statement is corroborated by the Applicant's own admission that he did not request medical attention from the officers, and that he sought medical attention "...a few days later..."

Applicant's Counsel suggests the possibility of a blood sample being obtained. Subsection 48.3 (3) 1 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H-8 as amended is clear in its provision, the concentration of alcohol in the blood may be obtained "...by an analysis of the person's breath sample or blood taken..." However, the decision to request a blood sample is at the discretion of the officers, according to established policy. As the Applicant showed no visible signs of respiratory impairment, at the time, the issue of a blood sample was not pursued.

The onus being on the Applicant to establish the merit of the appeal, the Tribunal finds that the Applicant has failed to do so, and the Applicant has not meet the criteria of Section 50.1 (2) (b), in that he was not able to demonstrate that he suffers from a medical condition, which would prevent him from providing a breath sample.

DECISION:

Upon the application by to appeal the suspension order of the Registrar of Motor Vehicles pursuant to section 48.3 of the *Highway Traffic Act* ("HTA") and having considered the evidence filed with the Tribunal, and the submissions of the Registrar and of the Applicant;

Pursuant to the authority vested in it under section 50.1(4) of the HTA, the Tribunal confirms the suspension.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: April 5, 2002

da CAMARA

MARCELINO da CAMARA

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: JOE HEWITT, Presiding member

APPEARANCES: DAVID MILNER, Counsel for the Registrar of Motor Vehicles
TIAGO da CAMARA, Representative for the Applicant

DATE OF HEARING: April 2, 2002

DECISION RELEASED: April 8, 2002 *By teleconference*

REASONS FOR DECISION

A hearing was held on April 2, 2002, at Toronto, Ontario, to consider the Applicant’s appeal pursuant to Section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to Section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the “Registrar”), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Marcelino da Camara (the “Applicant”)
Motor Vehicle: 1988 Chevrolet Celebrity, plate no. ALW 108 (the “vehicle”)
Date of Appeal: March 12, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the “Tribunal”) together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence (i.e. all reasonable efforts) to determine that the driver's licence was not suspended and the loss of the vehicle will result in exceptional hardship as provided in sections 50.2(3)(c) and (d) of the Act.

This matter came before this Tribunal on April 2, 2002 and proceeded as a teleconference hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There being no preliminary matters and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

The owner of the vehicle, Mr. M. da Camara exercised reasonable effort to determine if Mr. T. da Camara had a legal licence to drive a motor vehicle. He was reassured repeatedly that all licensing was in order on several occasions. This turned out to be untrue and Mr. M. da Camara had no knowledge of this fact.

It is also noted that Mr. Marcelino da Camara is 80 years old and needs transportation for daily groceries, medical needs and religious meetings. As Mr. da Camara is a pensioner on a fixed income, the impoundment order will also cause him extreme financial difficulty.

Mr. Marcelino da Camara also feels that he is being personally punished for losing his vehicle as a result of the illegal actions of a suspended driver.

Mr. da Camara is asking for an electronic hearing because of his age and health.

Mr. da Camara's phone number is 1-519-681-3677 and can be contacted at anytime.

The Representative shall be Mr. Tiago da Camara, phone #1-519-686-0300.

We would prefer the hearing to be held at Marcelino da Camara's home number at 12 Haymarket Place, London Ont N6C – 4Y2

Mr. Tiago da Camara, agent and son of the owner, reiterated the points stated in the notice of Appeal and emphasized the inconvenience caused by the loss of the motor vehicle. He stated that Marcelino da Camara was 80 years old and needed the vehicle for groceries, medical appointments and church meetings. Marcelino is retired, on a fixed income and the impoundment will cause him financial hardship. He stated further that Marcelino should not have to suffer because of something that was the fault of Tiago da Camara who Tiago misled his father by showing him a licence and repeatedly telling him it was valid. Also, he stated that the loss of the vehicle has brought much pain and suffering to Marcelino and his wife because of the social and psychological pressure of this incident.

Tiago da Camara testified that his parents live in a residential area of older London, Ontario and that there is bus service within the City. They can't afford taxi service and rely on church friends for help with transportation. There are no major medical problems with his mother or father.

Mr. Marcelino da Camara also testified that he was told that Tiago's driver's licence was valid. He uses his car for church meetings and day-to-day shopping. He stated that he was in good health.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Tiago da Camara;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of driving with more than 80 mgs alcohol in blood under the Criminal Code of Canada pursuant to which the driver's licence of the driver was then under suspension until October 4, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of sections 50.2(3)(c) and (d).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3. Careful attention, heedfulness, caution. 4. Law. The attention and care due from a person in a

given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines “exceptional hardship” as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

(h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
- (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
- (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.

- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
- (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
- (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

Due Diligence

To succeed in the appeal, the Applicant must establish that he exercised due diligence to determine that Tiago da Camara's driver's licence was not under suspension at the time of impoundment.

Section 50.2(3)(c) of the Act required that the owner, Marcelino da Camara, exercise due diligence in attempting to determine that Tiago da Camara's driver's licence was not suspended at the time of the impoundment of the owner's motor vehicle.

The evidence establishes that the Applicant made no significant inquiries with respect to the status of Tiago da Camara's driver's licence. The Applicant may have made a verbal inquiry as to the status of Tiago's driver's licence and Tiago may have produced a licence that had expired. Tiago da Damara testified that he had a valid licence since 1992 or 1993.

Meeting the requirements of subsection 50.2(3)(c) is the basis of the Applicant's appeal before the Tribunal. The Tribunal finds the Applicant, having made no substantial inquiries as to the status of Mr. Tiago da Camara's driver's licence, and therefore has failed to establish that the owner of the vehicle exercised due diligence as required by subsection 50.2(3)(c) of the Act.

Exceptional Hardship

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

The Applicant has appealed on the grounds of exceptional hardship, in accordance with the section 50.2(3) of the Act. Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the specific criteria the Applicant must meet to determine if exceptional hardship under the Act will result from the impoundment.

The Tribunal is precluded from considering other factors not arising from or directly related to the impoundment itself. The unfortunate fact is that the impoundment of the Applicant's vehicle makes it more difficult for the Applicant to get to appointments and shopping; however, this inconvenience does not amount to exceptional hardship.

There is no evidence to establish a threat to health or safety under section 22(2)(b) or (c) of Regulation 632/98. To succeed under section 22(3) of Regulation 632/98 the Applicant must demonstrate that all of section 22(3) has been met. Furthermore, section 22(4) of the regulation provides that the Applicant demonstrate that every reasonable option has been considered for an alternative to the vehicle. The Applicant's agent under cross-examination has testified that alternatives to the impounded motor vehicle are available including taxicab, bus, and friends cars.

Though inconvenienced, the Applicant has not suffered any loss of employment as a result of the impoundment. The Applicant has not presented any evidence that would indicate that the loss of the vehicle would be immediate significant and lasting as required by section 22(3)(b) of Regulation 574 as amended by O. Reg. 632/98.

On the evidence, the Tribunal finds that the Applicant has failed to meet the onus required by the Act to establish exceptional hardship under section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

DECISION AND ORDER

BACKGROUND:

Evan Back (the "Applicant") appeals the Proposal to refuse his registration as a motor vehicle salesperson brought by the Registrar of the *Motor Vehicle Dealers Act* (the "Registrar" and "Act" respectively). The Registrar contends that the Applicant's registration should be refused as the Applicant's past conduct affords the Registrar with reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty and that the Applicant cannot be expected to be financially responsible in the conduct of business.

The particulars given by the Registrar in his Proposal dated November 6, 2000, state as follows:

1. The Applicant, who was previously registered under the *Motor Vehicle Dealers Act*, failed to transfer his registration from his previous employer to Sorenson Page Chrysler in the time stipulated under the *Motor Vehicle Dealers Act* and was therefore required to submit a new application.

2. The Applicant applied for registration on or about August 24, 2000. The Applicant proposes to work for Sorenson Page Chrysler.
3. Question 9 of the application for registration asks "Have you ever been found guilty or convicted of an offence under any law or any charges pending". The Applicant answered "yes" and provided summaries of the charges against him which are 4 charges of Fraud which occurred from December 24, 1999 until June 2000.
4. The police summary indicates that the charges relate to instances of conduct where there at least thirty victims. The Applicant defrauded members of the public by approaching individuals in their place of businesses and lied about "emergencies" he was experiencing. These emergencies were similar each time and in the nature of a broken car, the Applicant would ask to borrow money and in exchange or as collateral, the Applicant would give a cheque from a defunct company known as the Tint King. Mr. Back knew the cheques would be returned Not Sufficient Funds.
5. Mr. Back previously operated a registered dealership known as Back-On Bay Fine Cars Inc. This Dealership licence was revoked on March 15, 1994. The dealership went bankrupt on or about 1993. As a result of the bankruptcy, claims totalling \$2,319.00 were paid by the fund.
6. On December 7, 1996, the Applicant agreed to pay back 25% of the debt owing to the Motor Vehicle Dealers Compensation Fund without interest at a minimum of \$25.00 per month. On May 2, 1997 after paying \$100.00 to the Compensation Fund, the Applicant defaulted on his repayment arrangement. On or about May 21, 1998, the Applicant paid the balance owing to the Compensation Fund.
7. Mr. Back made an assignment into bankruptcy on April 22, 1999.

(Exhibit 1 Tab 1)

The Registrar amplified the above particulars by furnishing the following further particulars dated March 8, 2002:

1. On November 21, 2000, the Applicant was convicted of Fraud Under \$5000 and ordered to pay restitution within 30 days.
2. The Applicant's restitution order is in default.
3. The Applicant's driver's licence is currently suspended for unpaid fines.
4. The Applicant has numerous *Highway Traffic Act* (HTA) convictions.

(Exhibit 1 Tab 2)

At the commencement of the hearing, Ms. Heather McArthur, an associate of Mr. John Rosen, Counsel retained by the Applicant in this matter, advised the Tribunal that Mr. Rosen would not be representing the Applicant at the hearing, as he had not been successful in his attempts to arrange to meet with the Applicant and to obtain instructions. Ms. McArthur further advised the Tribunal, that the Applicant had not returned Mr. Rosen's several telephone calls and when Mr. Rosen finally did speak with the Applicant and arranged several appointments to meet with the Applicant, the latter had failed to attend.

Mr. Rosen did however speak with the Applicant on March 31, 2002, at which time he was advised by the Applicant that he was being admitted to hospital on April 1, 2002. No details were provided by the Applicant to Mr. Rosen, but the Applicant did indicate that he would provide a letter from the attending physician to both the Tribunal and the Counsel for the Registrar.

Counsel for the Registrar informed the Tribunal that she had received no letter from the Applicant nor any physician. No communication has been received by the Tribunal from the Applicant or his physician.

Ms. McArthur requested that Mr. Rosen be removed as Counsel of record for the Applicant and her request was granted by the Tribunal.

The hearing of the matter then stood down for thirty minutes. At the end of that time, as there was no appearance by the Applicant, the matter proceeded in his absence.

THE EVIDENCE:

The evidence of the Registrar consisted of the oral testimony of Ms. Laura Gordon ("Ms. Gordon").

Ms. Gordon stated that she is the Director of Compliance with the Ontario Motor Vehicle Industry Council ("OMVIC"), a non profit organization created in 1977 with the necessary authority to enforce the terms of the Act and regulations. She also stated that the Act is a public protection statute which deals with the criteria to be considered regarding the registration of motor vehicle salespersons and dealers.

Ms. Gordon reviewed for the Tribunal the Applicant's application for registration as a motor vehicle salesperson dated August 24, 2002.

(Exhibit 1 Tab 4)

She confirmed that the Applicant disclosed in that application that he had previously been registered as a motor vehicle salesperson, that he had previously been involved in personal bankruptcy proceedings, as well as the bankruptcy of a corporation in which he had held office, and that there were unpaid judgements against him albeit, that there were no judgements against him since his bankruptcy in April 1999. The Applicant also disclosed, by reference to Mr. Rosen's letter of August 18, 2000 which had been addressed to OMVIC, that he was facing two counts of fraud under \$5000.00, contrary to section 380(1) of the *Criminal Code of Canada*.

(Exhibit 1 Tab 5)

Mr. Rosen's letter enclosed a summary of alleged facts prepared by the Peel Regional Police in respect of the two counts of fraud above referred to. One of the counts referred to a loan of

\$53.00 made to the Applicant which loan the Applicant secured by a cheque for \$143.45. That cheque was dishonoured when presented for payment at the bank. The other count involved the purchase by the Applicant of merchandise which the Applicant paid for by a cheque for \$126.95 and which cheque was returned N.S.F. The letter indicates that the Applicant was "in the process of reimbursing the complainants".

Ms. Gordon testified further that Mr. Rosen's letter of August 18, 2000 also referred to one count of fraud under \$5,000.00 contrary to section 380(1) of the *Criminal Code of Canada*, that had been preferred against the Applicant by Halton Regional Police on June 8, 2000. Mr. Rosen enclosed a summary of alleged facts prepared by the Halton Regional Police, from which the allegations it appears more complainants were involved and the nature of the allegations involved "a course of conduct similar (to) that alleged in respect of the Peel Region charges". Mr. Rosen stated that most complainants were repaid before charges were laid, and that the Applicant was in the process of repaying the remainder of the complainants. The summary prepared by the Halton Regional Police stated that at least thirty victims were identified in Oakville and Burlington and the complaints received of Applicant's activities were identical. The Applicant was alleged to have approached individuals on the street or at their businesses and "lied about an emergency he was experiencing". He persuaded persons to loan him small amounts of money ranging from \$40.00 to \$600.00.

(Exhibit 1 Tab 5)

The Applicant, in order to secure some of the loans, gave cheques to the persons who made the loans which cheques were drawn by "Tint King". When those persons tried to cash the cheques they were unsuccessful and the cheques were returned marked "account closed". "Tint King", according to the police allegations, was a business operated by the Applicant in Markham from 1987 to 1991 and during that time the Applicant opened a banking account with and obtained cheques in the name of "Tint King" from the Bank of Montreal. This banking account was closed in 1991 but the Applicant retained the cheques forms. The Applicant, between March 1999 and May 2000 drew cheques on "Tint King's" account and gave these cheques as collateral to persons who gave him loans.

Ms. Gordon continued to testify that on November 21, 2000 the Applicant appeared in court in Oakville on a charge of fraud of a sum of money not exceeding \$5,000.00, contrary to section 380(1)(b) of the *Criminal Code of Canada*. To this charge the Applicant plead guilty and was found guilty. He was ordered to make restitution of \$1,150.00 but defaulted under the restitution order.

Continuing her testimony, Ms. Gordon stated the Applicant has, according to the Ministry of Transportation's records, on seven separate occasions had his driver's licence suspended for failure to pay fines and that since March 2001 his driver's licence remains suspended.

Ms. Gordon also testified that the Applicant operated a motor vehicle dealership known as Back-On Bay Fine Cars Inc. On March 15, 1994 that dealership's registration was revoked and it "went bankrupt" in about 1993. Pursuant to the bankruptcy the Motor Vehicle Dealers

Compensation Fund paid claims of \$2,319.00 made against the dealership. In 1996 the Applicant agreed to pay the Fund 25% of the monies paid by it at a minimum of \$25.00 per month but, after paying \$100.00 to the Fund, the Applicant defaulted. The Applicant only paid the balance owing in May 1998.

In conclusion, Ms. Gordon stated that the Applicant filed an assignment in personal bankruptcy on April 22, 1999.

FACTS FOUND PROVEN:

The following are the facts that were found proven in this matter.

1. On July 26, 2000, the Applicant completed and signed an application for registration as a motor vehicle salesperson under the Act.
2. The aforesaid application was received by OMVIC on August 24, 2000.
3. In the aforesaid application, the Applicant disclosed:
 - (a) the Peel Regional Police charged the Applicant, on May 17, 2000, with two counts of fraud under \$5000.00 contrary to section 380(1) of the *Criminal Code of Canada*.
 - (b) the Halton Regional Police charged the Applicant on June 8, 2000 with one count of fraud under \$5000.00 contrary to section 380(1) of the *Criminal Code of Canada*.
4. The two counts of fraud referred to in paragraph 3(a) above were withdrawn by the Crown and no convictions were recorded in regard thereto.
5. The one count of fraud referred to in paragraph 3(b) above,
 - (a) came before court in Oakville, Ontario on November 21, 2000 at which time the Applicant pled guilty to the charge and was found guilty in respect of that charge, and
 - (b) the court ordered the Applicant to make restitution of \$1,150.00, which order was not complied with the Applicant being in default under that order.
6. During the period 1987 to 1991 the Applicant operated a business in Markham known as "Tint King" which business was discontinued in 1991. Prior to 1991, the business of "Tint King" operated by the Applicant in Markham, conducted its banking at the Bank of Montreal. The Bank of Montreal had issued cheque forms to the Applicant, operating as "Tint King".

7. During the period March 1999 to May 2000, the Applicant obtained various loans from various persons. As collateral for such loans, the Applicant gave the various persons cheques issued by "Tint King" Markham.
8. The bank account operated by the Applicant under the name of "Tint King" in Markham was closed in 1991 when "Tint King" Markham ceased operations.
9. The Applicant, in issuing cheques to various persons in 1999 and 2000 drawn on "Tint King's" bank account with the Bank of Montreal, acted well knowing the cheques would not be honoured when deposited for collection.
10. The cheques issued to the various persons above were dishonoured by the bank and were not paid to the various persons.
11. The Applicant filed a personal assignment in bankruptcy on April 22, 1999.
12. The Applicant was registered as a motor vehicle dealer, and operated as such, under the name Back-On Bay Fine Cars Inc. until 1993 when that firm went into bankruptcy and its registration was revoked in March 1994.
13. On December 7, 1996, the Applicant undertook to reimburse the Motor Vehicle Dealers Compensation Fund with 25% of \$2,319.00 which that Fund had paid to various persons pursuant to the bankruptcy of Back-On Bay Fine Cars Inc. The Applicant defaulted in his undertaking after paying the Fund \$100.00. The Applicant paid the balance of the amount to the Fund on or about May 21, 1998.
14. The Applicant's driver's licence has been suspended on seven occasions by reason of the fact that the Applicant has failed to pay traffic fines. The last suspension of the Applicant's driver's licence was on March 19, 2001, since which date the Applicant's driver's licence has been in suspension.

THE LAW:

Section 7.(1) and 7.(2) of the Act states:

7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal, and the applicant or registrant may so require a hearing.

Section 5.(1) of the Act states:

5. (1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

- (a) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or
- (b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or
- (d) the applicant is carrying on activities that are, or will be, if the applicant is registered, in contravention of this Act or the regulations.

Section 6.(1) of the Act states:

6. (1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section

DECISION AND REASONS:

The onus of proof rests upon the Registrar to prove the past conduct of the Applicant affords him reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

The grounds upon which the Registrar relies are:

- (a) The two counts of Fraud under \$5,000.00 brought against the Applicant by the Peel Regional Police under section 380(1) of the *Criminal Code of Canada*.
- (b) The one fraud conviction against the Applicant pursuant to charges being laid against him by the Halton Regional Police under section 380(1) of the *Criminal Code of Canada*.
- (c) The personal bankruptcy of the Applicant on or about April 1999 and the bankruptcy of the Applicant's previous motor vehicle dealership on or about 1993.
- (d) The failure of the Applicant to abide by his undertaking to reimburse in a timely manner the Motor Vehicle Dealers Compensation Fund to compensate that Fund for its payment to creditors of the Applicant's previous motor vehicle dealership.
- (e) The failure of the Applicant to comply with the court's restitution order imposed upon him when the Applicant was convicted of Fraud under \$5000.00 in terms of section 380(1) of the *Criminal Code of Canada*.

- (f) The failure of the Applicant to pay various speeding and traffic fines imposed upon him under the *Highway Traffic Act* and the suspension on seven occasions of the Applicant's driver's licence.

In *Brenner v. Ontario (Registrar of Motor Vehicle Dealers and Salesman)* [1983] O.J. No.1017, April 7, 1983, it was clearly stated that the Tribunal should only refuse to direct the Registrar to carry out his proposal if it thinks the Registrar was in error in concluding that the past conduct of the Applicant affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty. To overrule the decision of the Registrar, the Tribunal must conclude that he was wrong in his decision and that the conduct of the Applicant does not afford reasonable grounds for belief that the Applicant will in the future carry on activities in contravention of the Act and its Regulations.

The Tribunal's conclusions and the reasons for its conclusions, based upon the evidence, follow.

FRAUD CHARGES UNDER SECTION 380(1) OF THE *CRIMINAL CODE* (PEEL REGIONAL POLICE)

The fraud charges that emanated from the Peel Regional Police were allegations and did not result in a conviction. In fact, the charges were withdrawn against the Applicant.

The Tribunal believes the Registrar was in error in concluding that charges laid against the Applicant and subsequently withdrawn affords reasonable grounds for belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

FRAUD CHARGES UNDER SECTION 380(1) OF THE *CRIMINAL CODE* (HALTON REGIONAL POLICE)

In this instance the Applicant on November 2, 2000, pled guilty to one count of Fraud under \$5,000.00 and was found guilty on that one count. The allegations that gave rise to this plea of guilty and the courts finding of guilt have been referred to in this decision in an overview of the evidence. Various parties became victims of the Applicant's fraudulent actions and the court recognized the plight of the victims when ordering restitution. The evidence at the hearing indicates that restitution has not been made by the Applicant.

The fact that the Applicant pled guilty to fraud, was found guilty pursuant to his plea and has not made restitution as ordered, leads the Tribunal to conclude that, despite the Applicant's acknowledgement of his fraudulent conduct and guilt, he has ignored the restitution order. All this is supportive of the Registrar's conclusion that reasonable grounds exist for his belief that the Applicant will not carry on business in accordance with law with integrity and honesty. The

actions of the Applicant that lead to his guilty plea and conviction are indicative of deceit on the part of the Applicant.

The Applicant's actions, which he acknowledged when he plead guilty, indicate the Applicant's lack of honesty and integrity.

The Tribunal finds that the Registrar is not in error in his belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

BANKRUPTCY OF APPLICANT AND OF HIS PREVIOUS DEALERSHIP

In April 1999, the Applicant was placed in bankruptcy, and from the Applicant's Statement of Affairs filed with his Trustee in bankruptcy it is evident that he had large liabilities. The Applicant's previous dealership was previously placed in bankruptcy. Both bankruptcies are indicative of an inability of the Applicant to conduct his financial affairs responsibly. The dealership became bankrupt in 1993 and some six years later the Applicant personally became bankrupt. The Applicant, in both his business and personal financial affairs exhibited an inability to be financially responsible.

The Applicant's conduct, in the opinion of the Tribunal, indicates an ongoing course of financial instability on the part of the Applicant that supports the Registrar's belief that the Applicant cannot be expected to be financially responsible in the conduct of business in the future.

APPLICANT'S FAILURE IN A TIMELY MANNER (a) TO REIMBURSE THE COMPENSATION FUND AND (b) TO ABIDE BY THE COURT'S RESTITUTION ORDER

The Applicant met his undertaking to repay 25% of his indebtedness of \$2,319.00 to the Motor Vehicle Dealer's Compensation Fund. However, he defaulted in the agreed scheme of repayment and fell into arrears.

The failure of the Applicant in meeting his undertaking on a timely and agreed basis, once again reflects the Applicant's inability to conduct business in a financially responsible manner.

This conduct indicates an ongoing course of financial irresponsibility on the part of the Applicant. Such conduct supports the Registrar's belief that the Applicant cannot be financially responsible in the conduct of business.

Of greater concern to the Tribunal is the Applicant's failure to comply with the Court's restitution order. Not only does this fact indicate financial irresponsibility by the Applicant in the conduct of his affairs which is likely to pervade his conduct in business, but it reflects a disregard for an Order of Court. No effort has been made to repay the amount of restitution ordered. No explanation has been offered by the Applicant for this failure. Such conduct reflects an attitude of being unable or unwilling to abide by the rules of an ordered society. The Applicant's conduct supports the Registrar's opinion that the Applicant will not in the future

carry on business in accordance with law and with integrity and honesty.

THE APPLICANT'S CONVICTIONS UNDER THE *HIGHWAY TRAFFIC ACT* AND HIS FAILURE TO PAY CONSEQUENT FINES

The Applicant's driver's licence has been suspended under the *Highway Traffic Act* on seven occasions between October 1997 and March 2001. The suspensions arose out of the Applicant's non payment of court ordered traffic fines following his convictions for speeding, improper driving, failure to use a seat belt, having no validation tag on his vehicle's licence plate and driving while his driver's licence was under suspension.

Each of the convictions, while not criminal in nature, do indicate acts and omissions of a person who has not complied with the law. The many and various convictions, in and of themselves, reflect the Applicant's disregard for the law. His repeated failure to pay the court ordered fines, imposed pursuant to his convictions, reflect the Applicant's disregard for the court's orders.

Such past conduct of the Applicant gives the Tribunal no confidence that the Applicant's future conduct, whether in business or in his personal affairs, will be in accordance with law and with integrity and honesty.

Taking into account the cumulative acts and omissions of the Applicant over many years, the Tribunal does not believe the Registrar was in error in concluding that the Applicant will in the future not carry on business in accordance with law and with integrity and honesty.

DECISION:

Pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his Proposal dated November 6, 2000 to refuse the registration of the Applicant as a motor vehicle salesperson under the *Motor Vehicle Dealers Act*.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

Released: April 12, 2002

The hearing was recorded. Transcripts can be made available at your expense. The period to appeal a decision to the Superior Court of Justice is 30 calendar days from the date of release of the decision. Please arrange to pick up your Exhibits within 30 days after that period has passed. The Tribunal requires seven days notice prior to releasing Exhibits.

MEL HALL TRANSPORT LIMITED

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the "Act"), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE ISSUED BY THE REGISTRAR OF MOTOR VEHICLES

TRIBUNAL: ANTOINE AOUAD, M.D.,
Presiding member

APPEARANCES: JOHN PETROSONIAK,
Counsel for the Registrar of Motor Vehicles

MARVIN HIGGS, Agent for the Applicant

DATE OF HEARING: April 10, 2002

DECISION RELEASED: April 16, 2002 **LONDON**

REASONS FOR DECISION

A hearing was held on April 10, 2002, at London, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended ("HTA" or the "Act").

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the "Act").

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner:	Mel Hall Transport Limited (the "Applicant")
Motor Vehicle:	1997 VOLV, Wag, plate # PR2441 (the "vehicle")
Date of Appeal:	March 26, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the vehicle owner exercised due diligence to determine that the driver's licence was not suspended as provided in section 50.2(3) of the Act.

This matter came before this Tribunal on April 10, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #1) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

To whom it may concern:

This letter is in relevance to an Order to Impound that was imposed on us February 5, 2002. The driver on that day was found to have a suspended license. The officer that came up with that information said he had the right and did, have our vehicle towed and impounded for 45 days. He was talking to me and allowed me to know that this was happening but I could appeal it, if desired. I expressed to him my lack of experience in this area since we have never been in this position. He responded by telling me that there was a booklet pertaining to this and he would send a copy of it with our driver.

Upon receiving the documentation, I noticed that the "order to impound" said to see reverse for appeal information. Since the copy was blank on the reverse and a book came with the documents, I proceeded to read the book. The book is called 'Appealing your Commercial/Vehicle Trailer Impoundment and Suspension Order'. According to this book we have the duration of the impoundment to put together and file an appeal. That would seem to be 45 days.

Taking most of the time to get all of our facts together, we were set to file an appeal at approximately the 40 day mark. When we inquired as to where to take or send the information, we were then told we were to late, as we only had 15 days to file an appeal. Apparently the book pertains to a different section of the Highway Traffic Act then we were charged with.

In hindsight this would have been good information to know up front. I hope there is some way of still doing this appeal since it has always been our position and the position of the driver that none of us could have been aware of his suspension. While it was the officer initially just doing his job, I also relied on his expertise to get through the appeal process, without question.

Safety and Compliance Manager
Marvin Higgs
March 20, 2002

At the hearing, the Applicant, Mel Hall Transport Limited, was represented by Mr. Marvin Higgs, the Safety and Compliance Manager for the company.

Mr. Higgs began by explaining the drivers' and the company's predicament to the Tribunal. According to Mr. Higgs, the driver, himself, was not aware that his licence was under suspension. He had been charged in March of 2001 with the offenses of which he was convicted in November 2001. At the time, he was ordered to pay a fine and was given time to

pay.

Mel Transports hires its drivers through Fifth Wheel, an agency that does all the background checking of its drivers. It does a check on a yearly basis.

Mr. Crawford began driving for Mel Transport in October 2001. At that time Mr. Crawford showed the company his driver's licence. Mel Transport also relied on Fifth Wheel's information package containing the background information on Mr. Crawford. The package contained a driver's licence abstract which indicated that the enquiry was done in May 2001.

The Applicant subsequently had Mr. Crawford's driver's licence renewed in July, 2001. Mr. Crawford's driver's licence was subsequently suspended in November, 2001 for one year.

The Applicant's agent, Mr. Higgs, informed the Tribunal that Mr. Crawford is fighting the suspension registered against him.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows:

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Errol Roy Crawford;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of dangerous driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until November 19, 2002.

The Registrar's Counsel, Mr. John Petrosoniak noted that there are only four situations in which the Tribunal has jurisdiction to look into these matters.

Mr. Petrosoniak quoted Section 50.(2) (c) and emphasized that the onus is on the Applicant to prove due diligence.

Mr. Crawford was convicted in November of 2001 and whether he was aware or not, his driver's licence was automatically suspended. Thus, at the time of his arrest, Mr. Crawford's driver's licence was under suspension.

The Registrar's counsel submitted that the Applicant should have been more diligent in reviewing the driver's abstract. Although a check of Mr. Crawford's licence with the Ministry in October or early November would have still shown a clean abstract, such an inquiry was not made. Had such an inquiry been made, the Applicant might have been able to argue due diligence. However, the driver's licence abstract is dated May, 2001.

Further, Mr. Petrosoniak contended that the questions asked in the Driver's Reference Check are too narrow in scope, as they are restricted to enquiring as to any driving impairment charges. It would be more diligent to consider other charges that carry mandatory licence suspensions.

The Registrar's Counsel was not able to provide the Tribunal with proof of notification of suspension served upon the driver, Mr. Errol Crawford.

It appears that Mr. Crawford's driver's licence has since been re-instated.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(c).

With respect to an appeal under subsection 50.2(3)(c) alleging that the owner exercised due diligence prior to releasing the vehicle to the driver, the Shorter Oxford Dictionary provides the definition of "due diligence" as follows:

Due: A. adj. 1. That is owing or payable, as a debt. 2. Belonging or falling to by right. 3. That ought to be giving or rendered; merited. 4. Such as ought to be; fitting; proper; rightful. 5. Such as is requisite or necessary; adequate. 6. To be ascribed or attributed; owing to, caused by, in consequence of. 7. Under engagement or contract to be ready or arrive (at a defined time).

Diligence: 1. The quality of being diligent; industry, assiduity. 2. Speed, dispatch. 3.

Careful attention, heedfulness, caution. 4. *Law*. The attention and care due from a person in a given situation....

Also, “due diligence” in Black’s Law Dictionary (sixth edition) at page 457 is as follows:

Due diligence: Such a measure of prudence, activity, or assiduity, as is properly to be expected from, and ordinarily exercised by, a reasonable and prudent man under the particular circumstances; not measured by any absolute standard, but depending on the relative facts of the special case.

APPLICATION OF LAW TO FACTS:

Much was said as to the validity of the suspension, whether or not the Applicant was aware of the suspension, and whether the licence has been re-instated. The Tribunal has no mandate to deal with these issues, and it will not address these issues.

The Tribunal has jurisdiction only on the four grounds of appeal set out in section 50.2(3) of the *Highway Traffic Act*. The due diligence ground of appeal set out in subsection 50.2(3)(c) is limited to due diligence with respect to the status of the driver of the motor vehicle at the time of the impoundment.

The Registrar’s Counsel is correct in arguing that the onus is on the Applicant to establish due diligence according to 50.2(3)(c), which provides:

“that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver’s license of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension.”

The above ground of appeal is the only ground on which the Tribunal may set aside the order to impound on the basis of the owner’s due diligence. In this case, the driver of the motor vehicle at the time in respect of which the order was made was Mr. Errol Crawford. To succeed in this hearing on the basis of due diligence, therefore, the Applicant must establish that due diligence was exercised in attempting to determine that Mr. Errol Crawford driver’s licence was not under suspension.

The 6th edition of Black’s Law Dictionary defines “due diligence” as:

“...such a measure of prudence, activity, assiduity as is properly to be expected from and ordinarily exercised by a reasonable and prudent man under the circumstances, not measured by any absolute standard but depending on the relative facts of the case.”

At issue is whether the Applicant was “reasonable and prudent” in his efforts to ensure the driver Mr. Errol Crawford had a valid driver’s licence.

Incontrovertible evidence demonstrates that the Applicant procured and obtained the necessary information prior to hiring Mr. Joseph Anthony Jarrell. Copies of Mr. Errol Crawford's driver's licence and abstract were filed with the Tribunal by the Applicant. This information was obtained from the Applicant's agent upon hiring Mr. Errol Crawford.

The Respondent's Counsel contends that accepting the information provided at face value is not sufficient. The Applicant could have different types of questions and checked the driver's abstract more often.

The Tribunal realizes that the onus is on the drivers to inform the employers as to any offences or restrictions on their driver's licence. Further, the Tribunal applauds the fact that recognizing the consequences of Mr. Crawford not paying his fines, the Applicant's agent was planning to carry out an earlier licence check. Nonetheless, the fact remains that the period of one year between checks is unreasonably lengthy, preceded the Applicant's hiring of the driver by a number of months, and in the Tribunal's opinion such conduct does not constitute "reasonable and prudent" measures.

Further, section 50.2 of the Act is specific in its requirement "...that the owner of the motor vehicle..." exercise due diligence. The Applicant relied on a third party for its background check and accepted the information provided without further questioning. If the Applicant relies on third party, the Applicant must exercise careful supervision over the third party's efforts.

The Tribunal finds that the Applicant's endeavour was in fact not "reasonable" and sufficient to be due diligent.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal **confirms** the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Antoine Aouad, M.D.,
Presiding Member

RELEASED: April 16, 2002

BAHRAMI

SHAHRAM BAHRAMI

Appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chap.H.8 as amended (the “Act”), from the Order of the Registrar of Motor Vehicles pursuant to section 55.1(3) of the Act.

**TO APPEAL AN ORDER TO IMPOUND A MOTOR VEHICLE
ISSUED BY THE REGISTRAR OF MOTOR VEHICLES**

TRIBUNAL: NIVES MONTANO, Presiding member

APPEARANCES: JOHN PETROSONIAK,
Representative for the Registrar of Motor Vehicles

SHAHRAM BAHRAMI, Applicant
unrepresented

DATE OF HEARING: April 11, 2002

DECISION RELEASED: April 16, 2002 TORONTO

REASONS FOR DECISION

A hearing was held on April 11, 2002, at Toronto, Ontario, to consider the Applicant's appeal pursuant to section 50.2 of the *Highway Traffic Act*, R.S.O., 1990, Chap. H.8 amended (“HTA” or the “Act”).

THE TRIBUNAL RULED TO CONFIRM the Order to Impound imposed by the Registrar pursuant to section 55.1(3) of the HTA.

BACKGROUND:

This is an appeal under section 50.2 of the *Highway Traffic Act*, R.S.O. 1990, Chapter H.8, as amended (the “Act”).

The Registrar of Motor Vehicles (the "Registrar"), made an order under section 55.1 of the Act to impound a motor vehicle. That order has been appealed by the owner. The owner, motor vehicle, and date of appeal are as follows:

Owner: Shahram Bahrami (the "Applicant")
Motor Vehicle: 1991 Lincoln SIG, plate AKPH 055 (the "vehicle")
Date of Appeal: March 25, 2002

The Applicant filed an appeal of this impoundment order with the Licence Appeal Tribunal (the "Tribunal") together with supporting documentation and the required \$100.00 fee payable to the Minister of Finance.

The owner appeals on the basis that the loss of the vehicle will result in exceptional hardship as provided in section 50.2(3)(d) of the Act.

This matter came before this Tribunal on April 11, 2002 and proceeded as an oral hearing.

The Tribunal asked the parties if they wished to make any submissions prior to the Tribunal commencing the hearing.

There were no preliminary matters in dispute between the parties and the hearing proceeded.

ISSUE:

The Applicant's request for a hearing filed with this Tribunal (Exhibit #2) identifies the basis of the Applicant's appeal.

Should the Tribunal set aside the Registrar's order to impound the vehicle on the basis that the order will result in exceptional hardship?

FACTS:

The Tribunal heard the evidence given in support of the Applicant and the Respondent.

Evidence for the Applicant

A summary of the Applicant's evidence follows.

Applicant's written submission filed with the Tribunal in support of appeal states:

I have been dealing with depretion and other problems since 1997 after seperation with my ex-wife and financial problems are among those. After my Driver's L. was suspended I was not

able to work even P.T. Also I have disability in my left hand so finding a job is almost impossible. I hardly afford the money that I have to pay for Medication and Food. On the other hand I have to deal with the charges and Tickets that I received recently which I don't have the money for a lawyer or Agent and/or the Tickets. Above all of this I have to pay \$5000 to the person who gave me the money to buy this car and work with it (As a Limo Driver). By the time that I can get this car I have to pay them \$800 which I don't have it plus as I mentioned before I have to pay to a lawyer or agent to deal with my charge and after all I have to pay the Fines. At this moment I'm on social Assistance and I have no extra money or savings. During month of March I haven't been able to pay for my medication (4 different kinds) even proper food. I really don't know how I can pay this money (\$800) to the Touring company or hire a lawyer or agent plus the \$5000 that I owe for the car. Basically my situation is not getting better and really need your help. I'm going to attach some document but if there is anything else that you need please let me know and I will provide them up on hiring. Thank you very much.

The following is a summary of the Applicant's affirmed testimony.

The Applicant came to Canada with his wife from Iran seeking political asylum in 1995. He became a landed immigrant in 1997, as well as becoming separated from his wife that same year. He and his wife had no children and the Applicant has no family in Canada. He is currently on social assistance.

Before his suspension in June of 2001 for dangerous driving, he was employed as a limousine driver. Since then, he has applied for various other jobs but has been unsuccessful. As the Applicant allegedly has a disability in his left hand, this also hinders his chances for employment.

In his testimony, the Applicant indicated he is currently prescribed four types of medication. One of the medications is an anti-depressant. He was unable to tell the Tribunal what the other three medications were for. He is also currently under the counselling of a psychiatrist.

At his place of residence on Elwood Boulevard, the landlord had a small driveway and garage which the Applicant was not permitted to use since they had a vehicle as well. The Applicant testified he tried to obtain a municipal permit through the City of Toronto, but they were no longer being issued. He also tried to sell the vehicle, but he only received one offer in the amount of \$500, which he declined.

With respect to the circumstances surrounding the impoundment, the Applicant testified that he had parked his vehicle on Avenue Road for the day. It was after 5 p.m. when the Applicant went to move his vehicle. Vehicles are not permitted to be parked on a main road after 4 p.m. The Applicant advised that the reason for his tardiness was due to his medications. When the Applicant was in his car warming it up, he noticed a police officer in his vehicle in his rear-view mirror. The Applicant then proceeded out of his parking spot and made a right turn onto Elwood Boulevard (approximately 2-4 metres away), wherein he was pulled over by the police officer. When the police officer asked for his driver's licence, the Applicant surrendered it to him.

Evidence for the Registrar

A summary of the Registrar's evidence follows.

The documents tendered by the Registrar and admitted into the record on consent of the Applicant were as follows (Exhibit 3):

1. Copy of the Ministry of Transportation records indicating that, among other things, the impounded motor vehicle herein is registered in the name of the Applicant as owner;
2. Copy of Notice to the Registrar indicating, among other things, that the vehicle at the time it was detained was being driven by Shahram Bahrami;
3. Copy of the Order by the Registrar of Motor Vehicles to impound the vehicle;
4. Copy of the Ministry of Transportation records indicating that the driver at the time of impoundment had been convicted of the offence of dangerous driving under the *Criminal Code of Canada* pursuant to which the driver's licence of the driver was then under suspension until June 22, 2002.

LAW:

Section 55.1 of the Act provides that the Registrar may make an order that a motor vehicle be impounded, and section 50.2 provides the motor vehicle owner's right of appeal to the Tribunal. The Tribunal on the appeal may, pursuant to subsection 50.2(5) of the Act, confirm or set aside the order to impound, and the decision of the Tribunal is, pursuant to subsection 50.2(8) final and binding.

Subsection 55.1(3) of the Act states:

(3) Upon notification under subsection (2), the Registrar may, without a hearing, issue an order to release the motor vehicle or issue an order to impound the motor vehicle that was being driven by the driver whose driver's licence is under suspension, as follows:

1. For 45 days, if an order to impound under this section has not previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
2. For 90 days, if one order to impound under this section has previously been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.
3. For 180 days, if more than one order to impound under this section has previously

been made, within a prescribed period, with respect to any motor vehicle then owned by the owner of the vehicle currently being impounded.

Ontario Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 631/98 provides that the prescribed period, referred to above, is two years.

The right of the owner to appeal to this Tribunal where that owner's motor vehicle has been impounded is provided in section 50.2 of the Act, with subsection 50.2(1) stating:

- (1) The owner of a motor vehicle that is subject to an order to impound under section 55.1 may, upon paying the prescribed fee, appeal the order to the Tribunal.

By subsection 50.2(2) of the Act, the parties to an appeal are the owner and the Registrar. The "owner" for the purposes of the section is defined in subsection 50.2(11), as amended December 6, 2000. "Owner" is defined as:

"Owner" means each person whose name appears on the certificate of registration for the vehicle but in subsection (4) "owner" means the person whose name appears on the plate portion of a permit in cases where the certificate of registration consists of a vehicle portion and a plate portion and different persons are named on each portion.

The owner may appeal the Registrar's order on only four specific grounds set out in subsection 50.2(3):

- (3) The only grounds on which an owner may appeal under subsection (1) and the only grounds on which the Tribunal may set aside the order to impound are,
- (a) that the motor vehicle that is subject to the order was stolen at the time in respect of which the order was made;
 - (b) that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension;
 - (c) that the owner of the motor vehicle exercised due diligence in attempting to determine that the driver's licence of the driver of the motor vehicle at the time in respect of which the order was made was not then under suspension; or
 - (d) that the order will result in exceptional hardship.

The Applicant here appeals on the basis of subsection 50.2(3)(d).

With respect to an appeal under section 50.2(3)(d) alleging that the impoundment results in exceptional hardship, the Shorter Oxford Dictionary defines "exceptional hardship" as follows:

Exceptional : Of the nature of or forming an exception; unusual.

Hardship: 1. The quality of being hard to bear; hardness; severity. 2. Hardness of fate or circumstance; severe toil or suffering; extreme privation.

Also, where the owner appeals on the ground of exceptional hardship, subsection 50.2(4) provides:

(4) Clause (3) (d) does not apply if an order to impound under section 55.1 was previously made with respect to any motor vehicle then owned by the same owner.

Further, subsection 55.1(28) of the Act provides that the Lieutenant Governor in Council may make regulations, and specifically provides in clause (h) of subsection 55.1(28),

- (h) prescribing criteria to be considered, and criteria not to be considered, by the Tribunal in determining in an appeal under section 50.2 whether exceptional hardship will result from an order to impound that is made under this section.

Section 22 of Regulation 574 R.R.O. 1990, as amended by Ontario Regulation 632/98, provides for criteria to be considered and criteria not to be considered by the Tribunal in determining whether exceptional hardship will result from an order to impound under section 55.1 as follows:

- 22 (1) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall consider whether no alternative to the impounded motor vehicle is available and, if no alternative is available, whether the impoundment will result in,
 - (a) a threat to the health or safety or any person ordinarily transported by the motor vehicle; or
 - (b) a threat to the public health and safety or to the environment or property of a community in whose service the motor vehicle is ordinarily used.
- (2) In determining whether exceptional hardship will result from an order to impound under section 55.1 of the Act, the [Tribunal] shall not, subject to subsection (3), consider whether the impoundment will result in,
 - (a) inconvenience to any person;
 - (b) financial or economic loss to any person;
 - (c) loss of employment or employment opportunity to any person; or
 - (d) loss of education or training or of an educational or training opportunity to any person.
- (3) The [Tribunal] may consider the criteria set out in clauses (2) (b), (c) and (d) if the owner demonstrates that,
 - (a) no alternative to the impounded motor vehicle is available;
 - (b) the loss will be immediate, significant and lasting;
 - (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
 - (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension

- (ii) resulted in the order to impound the motor vehicle, and will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).
- (4) In order to show that no alternative to the impounded motor vehicle is available under subsection (1) or clause (3) (a), the owner must demonstrate that every reasonable option has been considered and inquired into that could eliminate or adequately mitigate any threat or loss to the person, including using another vehicle to replace the impounded motor vehicle and making arrangements to do without the impounded motor vehicle or a replacement during the impound period.

APPLICATION OF LAW TO FACTS:

The Applicant has requested an appeal on the grounds of “exceptional hardship” under section 50.2(3)(d). Section 22 of Regulation 632/98 is very specific, in that it provides the Tribunal with the criteria the Applicant must meet to determine if “exceptional hardship” will result from the impoundment. The Applicant in this case has argued that the impoundment will result in hardship as described by section 22(2). In order for his claim to be considered under section 22(2), the Applicant must have demonstrated that all of section 22(3) has been met. Furthermore, section 22(4) of the Regulation provides the criteria for demonstrating that every reasonable option has been considered for an alternative to the impounded vehicle.

The Tribunal may consider the criteria set out in clause (2) (b), (c) and (d) if the owner demonstrates that,

- (a) no alternative to the impounded motor vehicle is available;
- (b) the loss will be immediate, significant and lasting;
- (c) the impact of the loss will be upon a person ordinarily transported by the motor vehicle; and
- (d) the impact of the loss,
 - (i) will be upon a person other than the person whose driving while his or her driver's licence was under suspension resulted in the order to impound the motor vehicle, and
 - (ii) will not be a result of a loss by the suspended driver of the type set out in clause (2)(b), (c) or (d).

These criteria are cumulative. That is, all of these criteria must be met before the Tribunal may consider the ground of "exceptional hardship" under section 50.2(3)(d). On the evidence, only some of the above-mentioned criteria have been met. The Tribunal finds there may be the possibility of the loss being immediate, significant and lasting based on the current financial and emotional hardship the Applicant is facing.

- (a) “**no alternative to the impounded motor vehicle is available**”

The Applicant lives within the City of Toronto, which is also 911 accessible. There are many modes of transportation available, i.e., public transit, taxi cabs. Alternatives are available.

(b) **"the loss will be immediate, significant and lasting"**

The Applicant testified that he is currently on social assistance. He does not have the money for his medications as well as for food. To date, he has borrowed monies for the purchase of his vehicle (\$5,000) as well as for moving expenses and legal advice (\$1,200), which he feels he cannot repay. When his case comes before the court later this month, he will possibly be incarcerated due to his inability to pay the fines. It will cost approximately \$800 to release the vehicle from impound, which money he does not have. The likelihood of job losses are a possibility, though they are not realistic.

(c) **"the impact of the loss will be upon a person ordinarily transported by the motor vehicle"**

(d) **"...other than the person...under suspension..."**

In his testimony, the Applicant testified he was aware that he was not to have care and control of a vehicle. The Applicant's licence was under suspension. The Applicant was the driver of the motor vehicle.

After considering the above requirement, the Tribunal, although sympathetic towards the Applicant's circumstances, finds that the Applicant has not established exceptional hardship as set out in section 50.2(3)(d) of the Act.

DECISION:

After considering the evidence, pursuant to the authority vested in the Tribunal under section 50.2(5) of the *Highway Traffic Act*, R.S.O. 1990, Chap. H8 as amended, the Tribunal confirms the Order of the Registrar of Motor Vehicles to impound the Applicant's motor vehicle.

LICENCE APPEAL TRIBUNAL

Nives Montano, Presiding Member

RELEASED: April 16, 2002

KIM

STEVE KIM

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
MOTOR VEHICLE DEALERS ACT

TO REFUSE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

STEVE KIM, Applicant, neither present nor represented
A. MICHAEL ROTHE, Counsel, representing the Registrar under the
Motor Vehicle Dealers Act

DATE OF
HEARING: April 17, 2002

TORONTO

DECISION AND ORDER

BACKGROUND:

Steve Kim (the "Applicant") appeals the Proposal of the Registrar of the *Motor Vehicle Dealers Act* (the "Registrar" and "Act" respectively) to refuse the Applicant's registration as a salesperson of motor vehicles. The Proposal was issued on December 4, 2001 in terms of section 7.(1) of the Act and the Registrar bases his Proposal on section 5.(1) (a) and (b) of the Act.

The Registrar's position is that the Applicant should be refused registration as his past conduct affords reasonable grounds for belief that he will not carry on business in accordance with law and with integrity and honesty; further, that the Applicant cannot be reasonably expected to be financially responsible in the conduct of business.

The reasons given by the Registrar in his Proposal to Refuse registration of the Applicant are as follows:

The intention and objective of the Act is to protect the public interest. The requirements of the Act include that Registrants be financially responsible in the conduct of business and the Registrants carry on business in accordance with the law and with integrity and honesty. The Applicant's past conduct is inconsistent with the intention and objective of the Act, and therefore warrants disentitlement to registration under the Act. Therefore, the Registrar is unwilling to register Steve Kim under the *Motor Vehicle Dealers Act*.

(Exhibit 1, tab 1)

The Registrar's Proposal gives the following particulars regarding the reasons for his Proposal:

1. The Applicant applied for registration as a motor vehicle salesperson on or about November 1, 2001. He proposes to work for World Fine Cars Ltd.
2. On the application to become a registered salesperson question 9 asks:
"Have you ever been found guilty or convicted of an offence under any law or are any charges pending? (This includes those instances where a conditional or absolute discharge has been ordered)."

The Applicant answered, "Yes", indicating:

"In 1995 I had sold a vehicle for a customer without telling my employer. I had the profit from sale for a year without giving it to the customer. There was a conditional discharge from the court."
3. A criminal record search found that the Applicant has the following convictions:

October 26, 2000: Fraud Over \$5000 (x3)
4. On the application to become a registered salesperson question 6 asks:
"Are you engaged now or have you been involved in personal bankruptcy proceedings? If yes, attach a copy of the Assignment in Bankruptcy or proof of discharge."

The Applicant answered "No."
5. The Applicant has been an undischarged bankrupt since March 15, 1999.
6. The Applicant failed to make full disclosure on his application for registration submitted to the Registrar.
7. The Applicant has failed to comply with the *Motor Vehicle Dealers Act* and in particular with section 5.

(Exhibit 1 Tab 1)

The Registrar amplified his proposal by providing Further and Other Particulars dated March 8, 2002 which states as follows:

1. That Steve Kim (the "Applicant") is in arrears with the Ministry of Community and Social Service's Family Responsibility Office for approximately \$7,000.00.
2. The Applicant's driver's licence was suspended on or about February 20, 2002.

(Exhibit 1 Tab 2)

The Applicant was not present or represented when this matter was called at 9:30 a.m. and accordingly the matter stood down for thirty minutes. When the matter was called after thirty

minutes the Applicant was not present nor was he represented. The matter proceeded in the Applicant's absence.

THE EVIDENCE:

The evidence of the Registrar consisted of Ms. Stacy Murphy's evidence and Ms. Mary Jane South's evidence.

Stacy Murphy

Ms. Murphy testified that she is the hearing's coordinator at the Tribunal and that she caused the Notice of Hearing, dated January 22, 2002 to be sent to the Applicant.

She testified that the Notice of Hearing stated that the hearing would commence at 9:30 a.m. on April 17, 2002 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto. This Notice of Hearing was sent by courier to the Applicant at the address given by the Applicant in his Notice of Appeal. The courier had confirmed to Ms. Murphy that on February 1, 2002 the notice was delivered and that one S Kim had signed having received the document.

Ms. Murphy further stated on April 17, 2002 when this matter stood down for thirty minutes, she attempted to communicate with the Applicant at the two telephone numbers given by the Applicant to the Tribunal in his Notice of Appeal. Ms. Murphy stated she was not successful in speaking with the Applicant, as he was no longer at either of the two telephone numbers.

Mary Jane South

Ms. South testified that she is the Deputy Registrar employed by the Ontario Motor Vehicle Industry Council ("OMVIC") and that her duties include overseeing the registration of motor vehicle salespersons and dealers.

Ms. South stated that OMVIC was created in 1997 and is charged with enforcing compliance with the Act and its regulations. She reviewed the criteria for registration of salespersons under section 5 of the Act and also reviewed the Notice of Proposal to Refuse the Applicant's registration dated December 4, 2001 and the Registrar's Notice of Further Particulars dated March 8, 2002

(Exhibit 1 Tabs 1 and 2)

She testified that she had concerns with the Applicant being granted registration and listed her concerns as follows:

- (i) The Applicant in his written application for registration as a salesperson had failed to disclose three convictions for Fraud over \$5,000.00. These convictions were registered on October 26, 2000 arising out of three separate incidents. The first took place in February 1997 while the remaining two incidents took place during the period May to July 1998. The Applicant was ordered to make restitution of \$32,800.00

(Exhibit 1, Tabs 6 and 7)

- (ii) The Applicant had disclosed in his written application for registration of November 1, 2001 that in 1995 he had sold a customer's motor vehicle without disclosing this transaction to his then employer and had failed, for a period of one year, to account to his customer for monies due to his customer. The Applicant was apparently criminally charged although he did not disclose the charge nor does the charge and the conviction appear on the C.P.I.C. report obtained from the Police by OMVIC.

(Exhibit 1 Tab 6)

- (iii) The Applicant had answered "No" on his November 1, 2001 application for registration to the question whether he then or had previously been involved in personal bankruptcy proceedings.

This answer, according to Ms. South, was false as the Applicant was placed in bankruptcy on March 15, 1993 with total liabilities of \$99,600.00 and with assets of \$200.00.

(Exhibit 1, Tab 9)

- (iv) The Applicant's three recent criminal convictions for Fraud over \$5,000.00 raise serious concerns as far as the Registrar is concerned, as such convictions relate to the Applicant's ability to carry on business in accordance with law and with honesty and integrity. These convictions are recent in time.
- (v) The non-disclosure of the three fraud convictions, as well as the non-disclosure of his bankruptcy, causes concern to the Registrar. The questions posed to the Applicant, and to which he falsely responded, were material. The Registrar relies on a full and honest disclosure when applicants answer questions in their applications. A lack of full and honest disclosure by an applicant, such as in this instance, leads the Registrar to question the veracity of such applicant and his ability or willingness to operate within the law and with honesty and integrity.
- (vi) The Applicant has incurred a debt of \$5,000.00 to Casino Rama which debt remains unpaid. Additionally, the Applicant has an unpaid liability of \$7,000.00 for family support and also owes Enbridge Consumer Gas the sum of \$417.00. These unpaid liabilities indicate to the Registrar that the Applicant's financial position is precarious and that he cannot reasonably be expected to be financially responsible

in the conduct of business.

(Exhibit 1, Tab 8)

FACTS FOUND PROVEN:

The following are the facts that were found to have been proven.

1. On October 26, 2000, the Applicant was found guilty in three counts of Fraud over \$5,000.00 and was ordered to make restitution of \$32,800.00.
2. The fraud that led to the first charge took place on February 25, 1997 and the fraud that led to the remaining two charges occurred during the period May 1998 and July 1998.
3. On or about November 1, 2001 the Applicant completed and signed a written application for registration as a motor vehicle salesperson which application was submitted to and was received by OMVIC on November 1, 2001.
4. In the aforesaid written application of November 1, 2001 the Applicant failed to disclose that he had been declared bankrupt on March 15, 1999, with declared liabilities of \$99,600.00 and declared assets of \$200.00.
5. In the aforesaid written application for registration as a motor vehicle salesperson dated November 1, 2001 the Applicant failed to disclose the three Fraud over \$5,000.00 convictions referred to in paragraph 1 above.
6. The Applicant has three recorded unpaid debts incurred by him. These three debts relate to monies due and owing by the Applicant
 - (a) to Casino Rama in an amount of \$5,000.00
 - (b) for unpaid family support payments of \$7,000.00
 - (c) to Enbridge Consumers Gas in an amount of \$417.00.

THE LAW:

Section 7.(1) and 7.(2) of the Act states:

7.(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with written reasons therefor, on the applicant or registrant.

(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after

service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal, and the applicant or registrant may so require a hearing.

Section 5.(1) of the Act states:

5. (1) An applicant is entitled to registration or renewal of registration by the Registrar except where,

(b) having regard to the financial position of the applicant, the applicant cannot reasonably be expected to be financially responsible in the conduct of business; or

(b) the past conduct of the applicant affords reasonable grounds for belief that the applicant will not carry on business in accordance with law and with integrity and honesty; or

Section 6.(1) of the Act states:

6. (1) Subject to section 7, the Registrar may refuse to register an applicant where in the Registrar's opinion the applicant is disentitled to registration under section

DECISION AND REASONS:

The onus of proof rests upon the Registrar to prove that the past conduct of the Applicant affords reasonable grounds for the belief that the Applicant will not carry on business in accordance with law and with integrity and honesty.

The test to be applied in a matter of this nature has been set out in *re Brenner*, 19 C.R.A.T. 58 in which Southey J. stated:

"The effect of section 7(4) is that the Tribunal should only have refused to direct the Registrar to carry out his proposal if it thought the Registrar was in error in concluding that the past conduct of the applicant afforded reasonable grounds for belief integrity and honesty. The Board does not appear to have directed itself to this question and makes no finding that, in its view, the past conduct of Brenner did not afford reasonable grounds for the belief that Brenner would not carry on business in accordance with law and with integrity and honesty. Instead, the Board appears to have been preoccupied with sympathetic concern as to whether or not Brenner had genuinely reformed, and appears to have decided that it ought to give him a second chance because there was a possibility that he, indeed, might have reformed himself."

The Applicant did not appear at the hearing and therefore did not contest the Registrar's allegations and the testimony of the Registrar's two witnesses. The Tribunal accepts the testimony of the Registrar's two witnesses and finds that the Registrar has discharged the onus of proof that rested upon him.

The Tribunal's reasons for its decision follow.

Non-Disclosure

The Applicant failed to disclose his bankruptcy and the three Fraud over \$5,000.00 convictions registered against him. These criminal convictions reflect deceit on the Applicant's part and are by no means minor offences.

The non-disclosure by the Applicant is material. The Registrar has neither the resources nor time to check all answers and relies on Applicants to be honest and forthright when answering questions in the written application for registration. The Applicant's failure to disclose his convictions and bankruptcy reflect adversely on his honesty and integrity and affords the Registrar reasonable grounds for belief that the Applicant will not in the future carry on business in accordance with integrity and honesty.

Fraud Convictions

The Applicant's three criminal convictions for Fraud over \$5,000.00, in and of themselves, indicate a course of recent misconduct and criminal activity. This misconduct justifiably gives the Registrar cause for concern when considering whether to register the Applicant. The Registrar has a duty and obligation to attempt to ensure that all persons whom he registers as a motor vehicles salesperson will conduct themselves with honesty and integrity and will act within the law and will not place the public in jeopardy in their dealings with dealers or salespersons. Having regard to the Applicant's recent serious criminal convictions, the Registrar is, in the opinion of the Tribunal, correct in refusing to register the Applicant. The Fraud convictions, by their very nature, evidence deception on the part of the Applicant. Compounding this deceit, is the Applicant's non-disclosure of material facts in his application.

Expectation of Financial Responsibility

The Applicant's conduct of his financial affairs reflects irresponsibility. His bankruptcy in 1999 with declared debts of \$99,600.00 and declared assets of \$200.00 coupled with his outstanding family support obligations of some \$7,000.00 are reflective of either an inability to control his financial affairs in an orderly manner or are reflective of a person who lives well beyond his financial means. This conduct is inconsistent with the actions of a financially responsible person. This financial irresponsibility in the Applicant's personal affairs may well, in the future, translate into financial irresponsibility in his conduct of business should the Registrar allow the Applicant's registration. The Tribunal, when viewing the Applicant's past conduct in regard to his financial affairs, believes the Registrar is correct that the Applicant cannot reasonably be expected to be financially responsible in the conduct of business.

On the basis of the cumulative effect of the Applicant's past conduct of non-disclosure, criminal convictions, bankruptcy and financial irresponsibility, the Tribunal finds that the Registrar is not

in error in concluding that the past conduct of the Applicant affords reasonable grounds for belief that the Applicant should not be granted his registration.

DECISION:

Pursuant to the authority vested in it by section 7(4) of the *Motor Vehicle Dealers Act*, the Tribunal directs the Registrar to carry out his Proposal dated December 4, 2001 to refuse the registration of the Applicant as a motor vehicle salesperson under the *Motor Vehicle Dealers Act*.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

Released: April 22, 2002

The hearing was recorded. Transcripts can be made available at your expense. The period to appeal a decision to the Superior Court of Justice is 30 calendar days from the date of release of the decision. Please arrange to pick up your Exhibits within 30 days after that period has passed. The Tribunal requires seven days notice prior to releasing Exhibits.

DRIZEN

KEVIN AND JOANNA DRIZEN

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE
ONTARIO NEW HOME WARRANTIES PLAN ACT

TO DISALLOW A CLAIM

TRIBUNAL: BRIAN K. MAROTTA, Vice-Chair, presiding

APPEARANCES:

KEVIN AND JOANNA DRIZEN, appearing on their own behalf
MARCUS KNAPP, Counsel, representing the Ontario New Warranty
Program
Peter Zions Construction Ltd, Added Party

DATE OF

HEARING: April 11, 2002

Toronto

REASONS FOR DECISION AND ORDER

Kevin and Joanna Drizen (the "Applicants") appeal to the Licence Appeal Tribunal (the "Tribunal") from a decision of the Ontario New Home Warranty Program (the "Program") contained in its decision letter dated December 21, 2001 as amended on January 2, 2002, wherein the Program denied the claim made by the Applicant under section 14(2) of the *Ontario New Home Warranties Plan Act* (the "Act"). The decision of the Program was made under section 16 of the Act.

FACTS FOUND PROVEN:

The Applicants were owners of a building lot on which they intended to construct a residence.

The Applicants had heard of the added party, Peter Zions Construction Ltd. ("Zions"), which was highly recommended to them by several people.

The Applicants made inquiries regarding Peter Zions Construction Ltd. and decided that it was the company that they wanted to construct their dwelling. In addition to making inquiries, the Applicants searched the web site of the Ontario New Home Warranty Program and saw that there were no chargeable offences against Zions and that its after service was rated as excellent.

On September 6, 2001, the Applicants met with Peter Zions, a principal of the company, to discuss his company building their residence. The Applicants had several concepts of their own which they wanted incorporated into their house.

Mr. Zions advised the Applicants that he required \$5,000.00 to get things started. It was agreed with the Applicants that concept drawings had to be completed before the final pricing could be made on the proposed home.

The Applicants were given an invoice from Peter Zions Constructions Ltd. on which Peter Zions had written "Deposit for concept drawings on Lot 4 Beechbrooke. Deposit to be used for total package. A refund of \$1,000.00 to be given if a contract to build is not finalized. Paid by cheque 10/01".

Peter Zions' evidence was that the \$5,000.00 would have been credited towards the cost of building the house if a contract were finalized for his company to build the house. If his company did not enter into a contract and build a house for the Applicants, he would return \$1,000.00 to the Applicants and the balance of \$4,000.00 would be retained as a fee for the concept drawings and the time spent with the Applicants.

Mr. Zions' evidence was that it was impossible to enter into a contract with the Applicants at that time as they required a custom built house and the concept drawings had to be completed first.

The Applicants were anxious to have their house started and applied for a mortgage and advised the bank that they intended to use Peter Zions Constructions Ltd.

The Applicants had meetings with Peter Zions and his draftsman, Trevor Thompson, to discuss various concepts for the home. George Wallis, the Project Estimator for Peter Zions Construction Ltd. provided the Applicants with a three-page list of Upgrades to Standard Pricing, which gave various estimates of costs and choices for the Applicants. It was also noted that a house of that planned size may require two heating systems. The list stated "Please remember that at this time I am using educated guesses for this budget pricing. I will be happy to finalize these options along with any other items that you wish to investigate once the design and the drawings have been completed".

Before the concept designs were completed, Peter Zions Constructions Ltd. made an assignment in bankruptcy.

The Applicants then privately retained the services of Trevor Thompson to complete the design concept drawings which he had been working on as an employee of Peter Zions Construction Ltd.

Mr. Thompson gave evidence that he had spent approximately twenty-five hours on the time sheets of the company before it declared bankruptcy. The charges for concept drawings varies according to the project. According to his evidence and a letter which was written by him at the request of Mr. Drizen, the final concept floor plans and elevations were not completed and more revisions and drawings were needed. He was retained privately by Mr. Drizen to complete the work which included the conversion of the concept drawings into working drawings suitable for submission for a building permit.

At the point that concept drawings were at when Peter Zions Construction Ltd. made an assignment in bankruptcy, it was not possible to have a finished contract as the plans were not completed and the pricing was not done. Even when there was completion of concept drawings that did not always result in a construction contract.

The Applicants demanded that Peter Zions return their full \$5,000.00 and indicated that concept plans were virtually useless. When the \$5,000.00 was not returned, the Applicants applied to the Ontario New Home Warranty Program for full compensation under Section 14 (2) of the Act relating to a claim for failure to substantially perform a construction contract.

In support of his application, Mr. Drizen had his Solicitor write to the Program advising the Program that Mr. Drizen had entered into an oral contract with Peter Zions Construction Ltd. and requested processing of the payment from the guarantee fund as quickly as possible. The letter further stated:

"The parties contemplated that a written building contract would be entered into after the design details and final pricing had been determined.

Peter Zions Construction Ltd. undertook to prepare concept drawings for the new home. These drawings were required to determine the contract price. These drawings were to be appended to the written building contract that the parties intended to enter into."

On December 21, 2001, the Program issued a decision letter denying the Applicants' claim. On January 2, 2002, the Program issued a revised decision letter because of a mistake in the heading of the letter, however, the substance and body of the revised decision letter were the same as the initial letter.

The Applicants appealed the Program's decision to the Licence Appeal Tribunal.

ISSUE:

Did the Applicants enter into an oral contract with Peter Zions Construction Ltd. for the construction of a home and on that basis are the Applicants entitled to succeed in their claim against the Program under the *Ontario New Home Warranties Plan Act*?

THE LAW:

Section 14 (2) of the *Ontario New Home Warranties Plan Act* states:

14 (2) Subject to the regulations, an owner of land who has entered into a contract with a builder for the construction of a home on the land and who has a cause of action against the builder for damages resulting from the builder's failure to substantially perform the contract, is entitled to receive payment out of the guarantee fund of the amount by which the amount paid by the owner to the builder under the contract exceeds the value of the work and materials supplied to the owner under the contract.

If an Applicant is successful in a claim against the guarantee fund, the Act provides the following in Section 14 (6):

14 (6) In assessing the amount for which a person is entitled to receive payment out of the guarantee fund under this section, the Corporation shall take into consideration any benefit, compensation, indemnity payable, or the value of work and materials furnished to the person from any source.

Under Regulation 892, the definition of construction contract is as follows:

"construction contract" means an agreement between a builder and an owner of land which provides for the construction of a home on the land.

APPLICATION OF LAW TO FACTS:

There is no question whatsoever that the Applicants did not have a written building contract. They had an oral agreement with Peter Zions that he would prepare concept drawings in return for a \$5,000.00 deposit. If the parties thereafter agreed to enter into a building contract, the deposit would be applied towards the total package. If they were not able to come to any agreement and did not enter into a building contract, then Mr. Zions would retain \$4,000.00 for his efforts in the concept drawings and a refund of \$1,000.00 would be given to the Applicants. What the parties had was an agreement to prepare concept drawings and to enter into negotiations respecting the building of a home. There was no oral contract to which the Applicants could hold Mr. Zions legally liable to proceed in the construction of their home. The basic ingredients needed for an enforceable contract including the price, the start date, the finish date and what was to be included in the

construction were all undecided at that point. After the concept designs were finished and the project had been priced, the Applicants were free to refuse to enter into a contract with Mr. Zions for the construction of their house if they did not care for the design or for the pricing on the construction. It was also available to Mr. Zions to walk away from the contract if the Applicants did not agree with his terms. There was no enforceable contract with the builder for the construction of a home.

As is stated in G.H.L. Friedman, the Law of Contract (4th Ed.), (Toronto: Carswell, 1999) at page 21:

“Uncertainty about some specific obligation may suffice to make impossible the conclusion that there is a contract in effect between the parties. The test would seem to be whether the term or terms in question relate to essential aspects of the alleged contract. Examples of this are the failure of parties to settle the purchase price for goods, the lack of agreement as to the date of commencement and term of a lease, or the amount of interest to be paid.”

The author continues to state on page 23:

“For the most part, where terms are missing or have not been finalized or there is some ambiguity about the precise meaning of what the parties appear to have agreed to, the general tenor of the decisions is against any possibility of completing the parties' work for them and creating a valid contract out of the vague contractual intent that may be evidenced by their language or conduct.

In other situations the parties may have only agreed to agree. This will be the case where they had left important aspects of the intended contract to be determined by the parties at a later date. Hence it is impossible to conclude that they have arrived at a final, definite contractual relationship. There can not be a contract to enter into a contract. Nor can there be a contract to negotiate, i.e. an agreement to agree. The underlying principal is that all of the terms of the agreement between the parties must be settled. There must be nothing left for negotiation.”

On Goldsmith on Canadian Building Contract (4th Ed.), (Toronto: Carswell 1988, it is stated at page 1-17:

“An agreement to agree in the future is not a contract, since there is no consensus at the time of the original agreement. Furthermore, if some of the terms of the contract are left to future negotiations, the so-called agreement lacks the necessary certainty to make it an enforceable contract.... the court will not make an agreement for the parties, and unless the terms of the contract are certain, or ascertainable without the necessity of further agreement by the parties, it is not enforceable.”

In *re Carvalho*, (September 11, 1992) (Ont. C.R.A.T.), the Applicant had provided the builder with a \$6,000.00 reservation fee for the anticipated purchase of a condominium. The Applicant thought that he was signing a purchasing agreement with the right to obtain return of his monies if it did not proceed and he was convinced that the builders would proceed to build the project. Mr. Carvalho later requested a refund and when the builder declined Mr. Carvalho applied to the Plan for restitution. His request was denied, and he appealed the Program's decision to the Commercial

Registration Appeal Tribunal. The Tribunal held that the transaction between Mr. Carvalho and the builder constituted a contract for the provision of a home and fell within the Act. The Tribunal ordered the Ontario New Home Warranties Plan Act to reimburse Mr. Carvalho for the sum of his deposit. The Plan appealed to the Ontario Divisional Court. In overruling the Tribunal, the Divisional Court stated in part, in the endorsement:

"The Tribunal erred in thinking that it was sufficient that there merely be some kind of transaction for the provision of a home. The statute requires a very particular type of transaction; a contract to provide or agree to sell; not simply a reservation agreement or some other form of contingent option or other transaction. If protection is to be extended to a class of transaction not specified in the legislation that is a matter for the Legislative Assembly, not the court."

In the similar case of *re Bell*, (October 20, 1995) CRAT, the Applicant had entered into a written reservation agreement to purchase a condominium at an agreed upon price. She paid a \$5,000.00 deposit in consideration for which the vendor was to hold the suite for fifteen days to allow the Applicant to examine and sign the Agreement of Purchase and Sale. When the builder declared bankruptcy and the Receiver refused to return the deposit, the Applicant appealed to the Commercial Registration Appeal Tribunal. The Tribunal considered itself bound by the decision of the Divisional Court in *Carvalho* as the parties had no legally enforceable contract for the provision of a home.

In the present case before the Tribunal, the Applicants assert that they have an oral contract with Peter Zions for the construction of their home. They are not entitled to relief from the guarantee fund unless they can satisfy the Tribunal that they fall within the terms of Section 14 (2). The Tribunal is of the opinion that they have failed to do so. They have not "entered into a contract with a builder for the construction of a home...". They have entered into an oral agreement for the provision of concept drawings and if the drawings were suitable and if the price was right and all matters were agreed upon, then the parties would enter into a building contract. The deposit for the concept drawings in no way obligates Zions to build a home for the Applicants and does not bind the Applicants to have Zions build a home for them. Both parties are completely at liberty not to proceed with a building contract. There is no promise to either party, except that if the contract is entered into and Peter Zions Construction Ltd. does build a home for the Applicants then the \$5,000.00 deposit will be applied toward the total package. Indeed, the parties even contemplated that they may not proceed with the building contract as the receipt from Zions sets out that the sum of \$1,000.00 would be returned if the parties did not proceed. The \$5,000.00 deposit merely contemplates the possibility of a future building contract should everything else work out between the parties. The Applicants do not fall within the requirements of section 14 (2) of the Act and accordingly, there is no jurisdiction in this Tribunal to order any payment out of the guarantee fund.

ORDER:

Accordingly, by virtue of the authority vested in it under section 16 of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the claim of the Applicants.

LICENCE APPEAL TRIBUNAL

Brian Marotta, Vice-Chair

Released: April 17, 2002

The hearing was recorded. Transcripts can be made available at your expense. The period to appeal a decision to the Superior Court of Justice is 30 calendar days from the date of release of the decision. Please arrange to pick up your Exhibits within 30 days after that period has passed. The Tribunal requires seven days notice prior to releasing Exhibits.

JOSEPH BRESSI

APPEAL FROM A PROPOSAL OF THE REGISTRAR UNDER THE
REAL ESTATE AND BUSINESS BROKERS ACT

TO REFUSE REGISTRATION

TRIBUNAL: DEREK ISRAEL, Vice-Chair, Presiding
MICHAEL TURK, Vice-Chair

APPEARANCES: JOSEPH BRESSI, appearing on his own behalf
GEORGE P. DRAMETU, Counsel, representing the Registrar, *Real Estate and Business Brokers Act*

DATE OF
PREHEARING: April 17, 2002 Toronto

ORDER

FOLLOWING attendances on April 17, 2002 at a pre-hearing before this Tribunal of Joseph Bressi, (the "Applicant") appearing on his own behalf and George P. Drametu, Counsel on behalf of the Registrar, *Real Estate and Business Brokers Act* (the "Registrar");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, May 17, 2002 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario;

1. The Parties to the hearing are the Applicant and the Registrar.
2. The Parties to the pre-hearing recorded the following in regard to the allegations contained in paragraph one (1) through thirty-four (34) of the Registrar's Notice of Proposal to Refuse to Grant Registration to the Applicant dated January 10, 2002.

- a) The allegations contained in the following paragraphs of the Proposal are agreed to by the Applicant as being factually correct.

Released: April 24, 2002

TO: The Registrar
Motor Vehicle Dealers Act
Ontario Motor Vehicle Industry Council
789 Don Mills Road, Suite 800
Toronto, Ontario M3C 1T5

AND TO: Licence Appeal Tribunal
1 St. Clair Avenue West, 12th Floor
Toronto, ON M4V 1K6

FROM: Bryan Andrews
394 Kerman Avenue
Grimsby, ON L3M 3W8

Pursuant to subsection 5(2) of the *Motor Vehicle Dealers Act* Bryan Edward Andrews (hereinafter referred to as "the Applicant") and the Registrar, *Motor Vehicle Dealers Act*, (hereinafter referred to as "the Registrar"), in accordance with section 4.1 of the *Statutory Powers Procedure Act*, do hereby waive the requirements of a hearing and consent to an Order of the Licence Appeal Tribunal based upon the following Terms and Conditions:

1. The Applicant agrees, if he is charged in the future, to immediately notify his employer in writing and to give the Registrar a copy of this written notification signed by his employer.
2. The Applicant agrees if he is convicted under any law of an industry specific offence or if he is convicted under the Criminal Code, the Registrar is directed to and shall carry out the proposal.
3. The Applicant agrees not to transfer his registration as a salesperson under the *Motor Vehicle Dealers Act* to another dealer without the prior written consent of the Registrar.
4. The Applicant agrees to provide full disclosure on all future applications and/or discussions with the Registrar, regardless of whether or not disclosure has been made in the past.
5. The Applicant agrees not to be involved in the process of buying, selling or leasing motor vehicles without the benefit of registration.
6. The Applicant shall not be an officer, director, owner or partner in a dealership.
7. The Applicant confirms that the circumstances surrounding his convictions are substantially as disclosed to the Registrar.
8. The Applicant acknowledges that the Registrar may take administrative action, including a proposal to revoke his registration as a motor vehicle salesperson arising from any matters that have occurred or that may occur in the future related to his financial circumstances and his honesty and integrity.
9. The Applicant acknowledges that the Registrar may take legal action, including a Provincial Offences prosecution, arising from his actions related to the sale of motor vehicles that may have occurred in the past or that may occur in the future.
10. The Applicant agrees and acknowledges that should he breach any of the terms and conditions set out herein, in whole or in part, the Registrar is directed to and shall carry out the proposal.

- Signed in the City of _____ this _____ day of _____ 2002.

DEVLIN

PATRICK AND DEBRA DEVLIN

APPEAL FROM A DECISION OF THE CORPORATION DESIGNATED
FOR THE PURPOSES OF THE *ONTARIO NEW HOME
WARRANTIES PLAN ACT*

TO DISALLOW A CLAIM

TRIBUNAL: JOHN ORT, Member

APPEARANCES:

PATRICK AND DEBRA DEVLIN, Applicants, representing themselves,
ANDREW LEWIS, Counsel, representing the Ontario New Home
Warranty Program,
JEFFREY W. KRAMER, Counsel, representing the Added Party,
Kansun Homes Ltd.

DATES OF

HEARING:

March 25, 26, and 27, 2002

Toronto

REASONS FOR DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") by Patrick and Debra Devlin (the "Applicants") under section 14(1)(b) of the *Ontario New Home Warranties Plan Act* (the "Act") respecting a decision by the Ontario New Home Warranty Program (the "Respondent" and the "Program") dated April 30, 2001, (the "Decision") denying the Applicants' claim for compensation.

The Decision described the Applicants' complaint as: "Water penetration 2 nd. Bedroom outside wall. Builder reports he fixed leak but 'massive' amounts of rain enter with each rain/shower." The Applicants complain about the presence of mould. The reason given by the Decision for denying the Applicants' claim is: "This complaint does not represent a defect in either materials or workmanship nor is it a violation of the Ontario Building Code and does not affect the structure. Complaint received February 8, 2000 at ONHWP. Pursuant to Section 13(4) of the Act, complaints must be received by ONHWP in writing within the first year after the Owner takes possession. As such, this complaint was received too late to be considered for warranty coverage."

ISSUE:

Should the Tribunal set aside, confirm, or modify the decision of the Program to disallow the Applicants' claim for compensation under section 14(1)(b) of the *Ontario New Home Warranties Plan Act*?

FACTS:

The evidence presented by the Applicants consisted of the testimony of Patrick Devlin, Debra Devlin, and Arthur W. Robinson as well as documentary evidence introduced through them.

TESTIMONY OF PATRICK DEVLIN:

Mr. Devlin testified that the Applicants moved into their new house on the closing date of December 18, 1997.

Mr. Devlin stated that in the spring of 1998 the Applicants discovered a water stain in the second upstairs bedroom. He said that Todd Lewis, an employee of the Added Party, Kansun Homes Ltd. ("Kansun" and the "Builder"), later told him that he fixed the roof leak and will replace the stained portion of the drywall in the bedroom. Mr. Devlin testified that problems with that water leak persisted. He stated that on September 6, 1999, he sent a letter to the Program (exhibit 5, tab 3, pages 3 and 4) with an attachment previously sent to Kansun about outstanding work including the following complaint: "Damage done to drywall in bedroom from leak in roof during winter of 1998". Mr. Devlin said that the Applicants sent to the Program a Conciliation Request Form dated October 6, 1999, (exhibit 7) that states a complaint as: "water penetration in the second bedroom" and specifies the dispute with the Builder as: "Builder reports he fixed leak but 'massive' amounts of rain enter with each rain shower."

Mr. Devlin stated that during continued investigation of the water leak in the autumn of 1999, Kansun's representative cut out a piece of the drywall in the second upstairs bedroom. Mr. Devlin testified that the wall cavity was wet and mould was present on the inside surface of the exterior wall, on the Aspenite sheeting. Mr. Devlin said that after several attempts, the roof leak was satisfactorily repaired in November 1999.

Mr. Devlin testified that the Applicants hired Pillar to Post Professional Home Inspection to examine the exposed exterior wall and the house, and he referred to their report (exhibit 5, tab 9, pages 3 and 4). That report states in part: "Stains typical of water stains and an advanced growth typical of mould/mildew was observed on wall sheathing covering approx. 90% of exposed wall sheathing." The report adds: "Advise consultation with or inspection of moulds/mildews by an Environmental Testing Technician to determine health hazard and treatment of same..."

Dr. Devlin said that Pinchin Environmental Ltd. next inspected the house. He referred to their

report (exhibit 5, tab 10, pages 2 to 4), which states: "Patchy mould growth is present on the Aspenite sheeting with the wall cavity of the children's bedroom and adjacent washroom." The report identifies the mould as *Penicillium implicatum* and *Penicillium roquefortii* and further states: "The moulds identified are not toxic or mycotoxin producing species and are present as a result of water infiltration and or condensation."

Mr. Devlin further testified that Pinchin Environmental Ltd. made a second inspection of the house on May 23, 2000. He stated that mould was found on the whole second floor of the house. Mr. Devlin referred to his letter to Kansun dated June 28, 2000, (exhibit 5, tab 11, pages 2 to 4). That letter states: "A second set of samples were taken from the south and east walls of the house. Mold was visible to the naked eye in these walls at the time. Mr. Siedlecki did not take mold from the west wall (even though a hole was cut in this wall) stating that the mold in the west wall was probably all the same type and a sample was not necessary." Mr. Devlin stated that the Builder refused to release to the Applicants the report prepared by Pinchin Environmental Ltd. following their second inspection.

Mr. Devlin said that the Applicants asked Sick Building Solutions Corporation to investigate. Their report dated September 8, 2000, (exhibit 5, tab 12, pages 5 to 12) states in part: "...no growth was apparent either from visual examination nor from microscopic mycelium examination...Microscopic examination of the mould suggested moulds of the *Penicillium* genus and that there had been no new growth (no apparent recent mycelium growth) on the samples taken...The mould growth appeared to extend behind the studding and continue along the sheathing, with no apparent growth on the studding or sill...It is my opinion that the sheathing was wet either upon application or severely soaked shortly after, with the wall then being sealed by the insulation, vapour barrier and bricks being put in place before the wall had adequate time to dry.-Or-The sheathing was already supporting mould growth at the time of installation." The report also states that *Penicillium implicatum* and *Penicillium roquefortii* are not toxigenic moulds. Among the recommendations of the report is that any water-damaged materials be replaced.

Mr. Devlin said that the second report of Pinchin Environmental Ltd., dated July 20, 2000, (exhibit 5, tab 12, pages 13 to 16) was given to the Applicants by the Program on September 19, 2000.

That report states: "No AIHA [American Industrial Hygiene Association] recognized moulds (Toxic) of concern were identified in air sample collected. The report concludes: "...the mould is more extensive than previously believed and is not a healthy environment for occupants." It recommends: "Remove Aspenite board supporting mould growth and investigate for sources of moisture or high humidity."

Mr. Devlin testified that the Applicants were concerned that removing the Aspenite sheeting from inside might compromise the structural integrity of the house and would leave pieces of Aspenite covered by mould behind the studding. Mr. Devlin stated that the Applicants therefore obtained estimates on removing the mouldy Aspenite from the outside. Mr. Devlin referred to the estimate of Tri-Sant Contracting Ltd. for work for the approximate sum of

\$84,000.00 plus taxes (exhibit 5, tab 19) and to the estimate of Under Construction for \$76,400.00 plus taxes (exhibit 5, tab 20).

Upon cross-examination by Mr. Kramer, Counsel for the Added Party, Mr. Devlin admitted that to his knowledge his family suffered no health problems from the mould.

Mr. Kramer referred Mr. Devlin to a letter dated September 24, 1999, (exhibit 3, tab 7), which states in part: "Enclosed, at your request, is a Request for Conciliation Form, for your completion." Mr. Kramer next showed to Mr. Devlin letter dated November 15, 1999, from the Program to the Applicants (exhibit tab 6, page 2), which states: "In our review of your file, we have noted that you must provide ... Completed request for Conciliation Form..." Mr. Devlin admitted that as of November 15, 1999, the Program had not received the Request for Conciliation Form. Mr. Kramer next showed to Mr. Devlin exhibit 7, the Request Conciliation Form. Mr. Devlin acknowledged that the stamp on the form states: "Received Jan 04 2000 West Central R/O".

TESTIMONY OF DEBRA DEVLIN:

Mrs. Devlin testified mainly about exhibit 4, the Hurley Engineering Inc. Report. Page 3 of the report considers possible causes for the mould on the inner face of the Aspenite. It states: "One, the aspenite may have been stacked on site, without protection from the elements...As the ground floor aspenite appears unaffected by mould, the above premise - lack of protection on site - would suggest that the second floor was sheathed with damp-affected aspenite and the ground floor was not. This seems an unlikely proposition.

"Two, the possibility of moist air entering the second floor at roof level is very real...There appears to be unhindered access by cold moist air immediately adjoining the second floor wall framing. This could lead to condensation, mould formation and water in the wall system. The report concludes: "In undersigned's opinion, the only solution to the problem of the mould-affected aspenite is to remove the material from outside the house. This process would permit repairs to the vapour retarder, review of the state of the batt insulation, etc. It would also confirm whether the base plate ... is in sound condition."

TESTIMONY OF ARTHUR W. ROBINSON:

Mr. Robinson stated that he has an Environmental Science Specialist certification from the University of Toronto. He started his company, Sick Building Solutions Corporation, in 1995. The Tribunal accepted Mr. Robinson as an expert.

Mr. Robinson testified that in his opinion it is not very probable that the mould would grow from the inside surface of the Aspenite to the outside surface. He stated that he found no new growth of the mould, and that the mould is dormant. Mr. Robinson also explained that, in ninety-nine per cent of cases, moisture is the limiting factor in mould growth.

Mr. Robinson also testified that the species of mould identified as present in the house in the second letter of Pinchin Environmental Ltd., dated July 20, 2000, (exhibit 5, tab 12) are not toxic.

Upon cross-examination by Mr. Kramer, counsel for the Added Party, Mr. Robinson stated that application of sodium hypochlorite, bleach, in a concentration of fifteen to twenty per cent is one of the standard ways of treating mould-infested surfaces. He said that one application would kill about half of the mould.

When cross-examined by Mrs. Devlin, Mr. Robinson said that the recommendation of Pinchin Environmental Ltd. set out in their letter of July 20, 2000, (exhibit 5, tab 12) that the Aspenite board be removed is a reasonable recommendation.

In response to a question by the Tribunal, Mr. Robinson said that treatment with a fungicide is another standard, reasonable method of dealing with mould. He also testified that selection among the reasonable, standard methods should be based on cost-effectiveness and simplicity. Mr. Robinson stated that the Applicants should stay away from the house for less than a week, a couple of days, when the mouldy Aspenite is treated.

The evidence presented by the Added Party, Kansun, consisted of the testimony of Alex Talwood and Morris Kansun as well as documentary evidence introduced through them.

TESTIMONY OF ALEX TALWOOD:

Mr. Talwood stated that he obtained a Masters degree in Architecture in 1984 from the University of Michigan. He was accepted as an expert by the Tribunal.

Mr. Talwood testified that he examined hundreds of homes, but that he has never seen mould to this extent in any other residence.

Mr. Talwood said that he disagrees with the second possible cause of dampness set out on page 3 of the Hurley Engineering Inc. report (exhibit 4) as: "...the possibility of moist air entering the second floor at roof level is very real. The roof soffit over the front door does not meet the stonework tightly ..." He said that the joint need not be caulked, because the area is completely protected from rain by the roof overhand.

Mr. Talwood testified that the industry tends to rely on government agencies in similar situations and stated that the mould should be treated with bleach solution, as recommended in a Canada Mortgage and Housing Corporation publication entitled "Clean-Up Procedures for Mold in Houses" following his report (exhibit 6, tab 1).

TESTIMONY OF MORRIS KANSUN:

Mr. Kansun said that he is the president of Kansun Homes Ltd. and that he has been in the

business since 1985.

Mr. Kansun testified that the Applicants wanted the Aspenite removed from the outside, while he was willing to remove it from the inside. He stated that Kansun removed mouldy Aspenite sheeting along about fourteen feet of the second floor of the house. He estimated the cost of treating the mould with bleach solution from the inside as \$7,5000.00, and he estimated the cost of removing mouldy Aspenite from the inside as \$15,000.00.

The evidence presented by the Program consisted of the testimony of Roger Hicks as well as documentary evidence introduced through him.

TESTIMONY OF ROGER HICKS:

Mr. Hicks stated that he has been a warranty representative with the Program for three years. He testified that he is the author of the Desk Assessment Report (exhibit 5, tab 15) and the Decision Letter (exhibit 5, tab 16).

Mr. Lewis, counsel for the Program, showed the stamp stating "Received Jan 04 2000 West Central R/O" on page 2 of the Conciliation Request Form (exhibit 7) to Mr. Hicks and asked him what it means. Mr. Hicks said that January 4, 2000, is the date that the document was received in the Program office. He said that correspondence received by the office is first date-stamped.

Mr. Hicks stated that the letter from the Program to the Applicants dated November 15, 1999, (exhibit 5, tab 6) stating: "you must provide one or more of the following (as indicated below)...Completed Request for Conciliation Form" would suggest that the Program did not have it.

Concerning the letter from the Program to the Applicants dated January 11, 2000, (exhibit 5, tab 8) stating in part: "We received your Request for Conciliation Form." Mr. Hicks said that such is the practice of the Program to acknowledge receipt and is part of the procedure in the office.

Mr. Hicks stated that he does not see a relationship between the roof leak and the mould. He said that he has nothing from experts telling him that it is related.

LAW:

Section 14(1) of the *Ontario New Home Warranties Plan Act (the "Act")* stated in part:

"Where...(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty;...the person or owner is entitled to be paid out of the guarantee fund the amount of such damage subject to such limits as are fixed by the regulations."

Section 13(1) of the Act adds:

"Every vendor of a home warrants to the owner,

"(a) that the home,

"(i) is constructed in a workmanlike manner and is free from defects in material,

"(ii) is fit for habitation, and

"(iii) is constructed in accordance with the Ontario Building Code;

"(b) that the home is free of major structural defects as defined by the regulations; and

"(c) such other warranties as are prescribed by the regulations."

Section 13(4) states in part:

"A warranty under subsection (1) applies only in respect of claims made thereunder within one year after the warranty takes effect ..."

Section 15 of Regulation 892 under the Act states in part:

"(2) Every vendor of a new home warrants to the owner,

"(a) that the home is constructed in a workmanlike manner and is free from defects in materials including windows, doors and caulking such that the building envelope of the home prevents water penetration;"

"(3) The warranties described in subsection (2) apply only in respect of claims made within two years after the home was completed for possession..."

Section 15(1) of Regulation 892 under the Act defines "building envelope" as:

"the wall and roof assemblies that contain the building space, and includes all those elements of the assembly that contribute to the separation of the outdoor and indoor environments so that the indoor environment can be controlled within acceptable limits."

Section 1 of Regulation 892 under the Act defines "major structural defect" for the purposes of clause 13(1)(b) of the Act as:

"any defect in work or materials,

(a) that results in failure of the load-bearing portion of any building or materially and adversely affects its load-bearing function, or

(b) that materially and adversely affects the use of such building for the purpose for which it was intended, including significant damage due to soil movements, major

cracks in basement walls, collapse or serious distortion of joints or roof structure and chemical failure of materials, but excluding floor damage, dampness not arising from failure of a load-bearing portion of the building, damage to drains or services, damage to finishes and damage arising from acts of God, acts of the owners and their tenants, licensees and invitees, acts of civil and military authorities, acts of war, riot, insurrection or civil commotion and malicious damage;".

APPLICATION OF LAW TO FACTS:

The Tribunal finds that the Applicants' complaint about mould and their associated claim for compensation for water penetration was not made within two years after the home was completed for possession. Therefore, section 15(3) of Regulation 892 under the Act is not satisfied. The Applicants' letter to the Program of September 6, 1999, (exhibit 5, tab 3) refers to damage done to the drywall in a bedroom from a leak in the roof during the winter of 1998. That is not sufficient notice of the mould problem. The letter dated November 15, 1999, from the Program to the Applicants (exhibit 5, tab 6) indicates that they must yet provide a completed Request for Conciliation Form. The Request for Conciliation Form may provide sufficient notice of the Applicants' claim, but it was received by the Program on January 4, 2000, as indicated by the date stamp on page 2. Thus, the Applicants' claim for compensation for water penetration under section 15 of Regulation 892 fails.

In the event that the Tribunal is mistaken and timely notice of water penetration was received by the Program, the Tribunal notes that the burden was on the Applicants to prove that the building envelope of the home did not prevent water penetration and that the mould resulted from such water penetration. The Tribunal finds that the Applicants failed to do so and their claim fails. Mr. Robinson testified that the mould is dormant and that moisture is generally the limiting factor in mould growth. There is now no water penetration sufficient to support mould growth. Based on the testimony presented, the Tribunal finds that water penetration from the roof leak was not sufficient to explain mould growth on the entire second floor of the house. Of the theories presented to explain the presence of mould in the house, the Tribunal found most persuasive speculation based on the opinion of Mr. Robinson that the Aspenite sheeting was already supporting mould growth at the time of installation or was wet upon application. Therefore, the Tribunal finds that the home either is not constructed in a workmanlike manner or is not free from defects in material. However, such claim was not made pursuant to section 13(4) of the Act within one year after the warranty takes effect and any such claim fails.

Although, there is a defect in work or materials, the Tribunal finds no major structural defect. No evidence was presented that such defect results in failure of the load-bearing portion the house or materially and adversely affects its load-bearing function. Further, the defect does not materially and adversely affect the use of such building for the purposes for which it was intended. The evidence is that the mould is dormant and non-toxic. Mr. Devlin testified that to his knowledge his family suffered no health problems from the mould. The Applicants continued to use the second floor of their house. Therefore, a claim for compensation under section 13(1)(b) of the Act on the basis of a major structural defect fails.

DECISION:

Accordingly, by virtue of the authority vested in it under section 16(3) of the *Ontario New Home Warranties Plan Act*, the Tribunal directs the Ontario New Home Warranty Program to disallow the Applicants' claim.

LICENCE APPEAL TRIBUNAL

John Ort, Member

Released: April 25, 2002

FILENAME: 0596.nhw.Devlin

The hearing was recorded. Transcripts can be made available at your expense. The period to appeal a decision to the Superior Court of Justice is 30 calendar days from the date of release of the decision. Please arrange to pick up your Exhibits within 30 days after that period has passed. The Tribunal requires seven days notice prior to releasing Exhibits.

SOURIAL

ADEL SOURIAL

APPEAL FROM A DECISION OF THE BOARD OF TRUSTEES OF
THE ONTARIO MOTOR VEHICLE DEALERS COMPENSATION
FUND

TO DISALLOW A CLAIM

TRIBUNAL: DEREK ISRAEL, Vice-Chair

APPEARANCES:

THOMAS W. ZWIEBEL, Counsel, representing the Applicant, Adel
Sourial

LARRY BANACK, Counsel, representing the Ontario Motor Vehicle
Dealers Compensation Fund

DATE OF
HEARING:

April 19, 2002

TORONTO

DECISION AND ORDER

BACKGROUND:

This is an appeal to the Licence Appeal Tribunal (the "Tribunal") from a decision of the Ontario Motor Vehicle Dealers Compensation Fund (the "Fund") dated June 6, 2001 wherein Adel Sourial's (the "Applicant") claim for compensation was disallowed.

The Fund's refusal to allow the Applicant's claim was set out briefly in the Fund's letter of June 6, 2001 which reads as follows:

It was the Board's decision to deny your claim for several reasons; firstly, there is no bill of sale, secondly, it was a cash transaction for which you cannot provide sufficient evidence as to where the money was obtained or how much was actually paid for the vehicle, thirdly, you have indicated that you have sold the vehicle, yet it is still registered in your name.

(Exhibit 1)

The Applicant brings his appeal to the Tribunal pursuant to section 12 of Regulation 801 to the *Motor Vehicle Dealers Act* (the “Act”). The Applicant’s claim to compensation from the Fund is based upon the Fund’s refusal to pay compensation to the Applicant.

Salvatore Sam Muia (“Muia”) was a registered motor vehicle dealer under the Act and a participant in the Motor Vehicle Dealers Compensation Fund. The Applicant and Muia had entered into an agreement in terms of which the Applicant claimed he bought a motor vehicle from Muia and that Muia had breached the terms of that agreement. The Applicant sued Muia in the Superior Court of Justice and recovered, by way of a default judgment, the sum of \$25,552.33.

(Exhibit 3, Tab 3, page 21)

The above-noted judgement has not been paid by Muia.

THE EVIDENCE:

Testimony of the Applicant

The Applicant gave oral testimony at the hearing.

The Applicant stated in his testimony that he is 58 years of age, is a Canadian citizen and has resided in Canada for the past 35 years. He established a corporation that invests in the Middle East. Included in the corporation’s interests is a brick making plant operating in Egypt.

During the past thirty five years, the Applicant has bought many motor cars in Canada. In March 1999 he was looking to buy a motor car and read an advertisement in the “European Auto Trader” in which a 180 Mercedes Benz (the “180”) was advertised for sale. He called the telephone number of the advertiser and spoke to Muia and arranged to view the 180 at an address given to him by Muia. He went to Muia’s address with his wife where they met Muia and viewed the 180 which was parked in the driveway. Muia told him that he was leaving Canada and was returning to Italy and for this reason he was selling the 180.

He test drove the 180 and came to an arrangement with Muia to purchase the 180.

Upon returning home, but before concluding the purchase of the 180, he and his wife decided that the 180 did not really meet their requirements.

The Applicant had seen a Mercedes Benz 420 SEL motor car which had also been parked at Muia’s residence when he had seen the 180. The Mercedes Benz 420 SEL (the “420”) was according to the Applicant in “beautiful” condition and he and his wife decided to purchase the 420 rather than the 180. Accordingly, the Applicant telephoned Muia and told

him that he wished to buy the 420 and not the 180. Muia told him he wanted \$10,000.00 for the 420. The Applicant agreed to pay \$10,000.00 plus G.S.T. and P.S.T.

The following evening, by arrangement with the Applicant, Muia came to the Applicant's residence together with the 420. The 420 was driven by another gentleman while Muia drove himself in another vehicle. The Applicant instructed Muia to have the 420 parked in the basement garage of the building in which the Applicant resided.

After parking the 420, Muia and the person who drove the vehicle as well as the Applicant, proceeded upstairs to the Applicant's apartment. In the Applicant's apartment, the Applicant gave Muia a cheque for \$5,000.00 as well as \$1,500.00 in cash. The Applicant told Muia to "hold" the cheque until the registration papers for the 420 were delivered to the Applicant. When the papers were delivered, the \$5,000.00 cheque would be returned by Muia to the Applicant and the Applicant would replace that cheque with \$5,000.00 in cash.

The Applicant was told by Muia that the latter's sister worked at the motor vehicle licensing department and she "would do a quick transfer".

The following day Muia arrived with the registration papers for the 420 and handed them to the Applicant. Muia returned the \$5,000.00 cheque to the Applicant. The Applicant then gave Muia \$4,500.00 in cash plus a cheque for \$500.00 drawn on the Applicant's wife's bank account. After giving this cheque of \$500.00 to Muia, the Applicant altered the amount of the cheque to \$200.00 and gave Muia \$300.00 in cash.

The next day, according to the Applicant's testimony, "a lot of smoke came from the car's muffler" when he started the car. The Applicant attempted to telephone Muia over the next week to complain about the smoke coming from the muffler. After a week he succeeded in speaking with Muia and he told Muia that "the engine was shot" and that he no longer wanted the car. An argument erupted and the conversation ended.

The Applicant continued that "three to four days later", the 420's transmission "was shot" and he decided to sell the vehicle. The Applicant spoke with his brother-in-law, as he is a motor vehicle dealer operating as Marvena Auto Sales, and he agreed to sell the vehicle for the Applicant. The Applicant subsequently sold the 420 for \$1,100 to a private buyer.

The Applicant contacted the Ontario Motor Vehicle Industry Council ("OMVIC") to complain about the car and its condition. He also complained to the Ministry of Transport regarding the condition of the 420 and the Ministry inspected the vehicle and issued a "Field Inspection Report".

(Exhibit 3, Tab 3, pages 16 and 17)

In regard to the monies used by him in the transaction, the Applicant testified that on February 25, 1994 he withdrew the sum of \$2,000.00 from his banking account (Exhibit 3, Tab 3, page 13) in order to purchase a motor vehicle but he decided against such vehicle

and retained the cash he had withdrawn. He confirmed that on March 17, 1999 he withdrew the sum of \$580.00 from his banking account (Exhibit 3, Tab 3, page 13) and on March 15, 1999 he withdrew a further \$1,000.00 in cash from his wife's banking account (Exhibit 3, Tab 3, page 12).

Under cross-examination the Applicant stated that every two to three months he returns to Canada from Egypt and on all such occasions he brings back with him \$10,000.00 to \$12,000.00 in cash. He either banks these amounts or keeps the cash at his home. He has no office in Canada.

When he went to view the 180, he and his wife travelled to Muia's residential address in the Applicant's Mercedes Benz 300 motor vehicle, which had been involved in a collision and had sustained rear end damage. Pursuant to this collision, he had arrived at a settlement with the vehicle's insurer. The insurer agreed to pay the Applicant \$3,500.00 and to take the vehicle in return for the payment of \$3,500.00.

The Applicant stated that he did not test drive the 420 before purchasing it from Muia. He has no receipt to show for any monies paid to Muia nor has he any documentation regarding the transaction of purchase and sale of the 420.

He conceded that he, his son and his wife drove the 420 for some two months after purchasing the car from Muia. He conceded that at the time of its purchase the vehicle's odometer reading was 154,000 kilometres (Exhibit 3, Tab 3, second last page) whereas at the date of the vehicle's field inspection on May 25, 1999 (Exhibit 3, Tab 3) the vehicle's odometer reading recorded 160,224 kilometres.

The Applicant also stated that he paid \$1,900.00 storage charges for the 420 from April 1, 1999 until November 2000 (Exhibit 3, Tab 3) and that the vehicle's motor gave problems from the day after he purchased it. He further stated that "the transmission failed later". The Applicant also stated he had the 420 comprehensively insured with All State Insurance Company of Canada until November 2000 at a cost to him of \$735.54.

Testimony of Muia

Muia testified that he did advertise both the 180 and the 420 for sale in an auto traders publication and that the Applicant had telephoned him in March 1999 following the advertisements.

Muia stated in his testimony that the 180 was advertised for sale at \$3,500.00 or best offer. When the Applicant initially communicated with him, the Applicant expressed interest in the 180 and after giving the Applicant his residential address, Muia received a visit from the Applicant and his wife. The Applicant took the vehicle for a test drive. He left his 1982/83 Mercedes Benz 300 at Muia's residence while test-driving the 180. He noticed that the Applicant's Mercedes Benz 300 "was smashed at the back". On returning with the 180, the

Applicant was told by Muia that he could not afford to pay more than \$3,000 for the 180 as that was all the insurer of his damaged car was prepared to pay him. The Applicant called Muia the following day and told him he wanted to buy the 420.

The Applicant then asked Muia what deal he would make for the 420. The Applicant stated that he had recently returned from Egypt with little money but he could borrow \$3,000 from someone and was to get \$3,000 from his insurance company for his damaged car. Muia stated that he concluded a deal with the Applicant to sell him the 420 for something "less than \$6,500.00". The condition of the 420 was not discussed although the Applicant wanted it "safetied". Muia did not drive the 420 to test it nor did he enquire as to its condition.

Muia obtained a safety certificate and delivered the 420 to the Applicant's residence. Muia was accompanied by a friend, Eric Walker, when the 420 was delivered into the basement garage of the apartment building where the Applicant resided. Muia and Walker were met by the Applicant and his son and they all then went to the Applicant's apartment in the building. Once in the Applicant's apartment, the Applicant advised that he only had \$4,000.00 in cash with him and would pay the balance of the purchase price the next day. He then gave Muia \$4,000 in cash who accepted same.

Muia retained the ownership papers, as well as the keys to the 420, and left the vehicle parked in the apartment's underground garage.

At the time of the Applicant handing the \$4,000.00 to Muia, the Applicant requested a receipt for this payment. Eric Walker wrote out a receipt, and the Applicant and Muia signed same.

The next morning Muia went to the Applicant's apartment with the 420's registration papers. Muia was then asked by the Applicant to drive him to a bank so he could withdraw the balance of the monies owing to Muia. Muia and the Applicant drove to three separate banks. The Applicant gave Muia \$1,500 in cash which he had withdrawn from his visits to the three banks and gave Muia a cheque for \$500.00 (Exhibit 7). This cheque was given to Muia after the Applicant had visited the second of the three banks. After visiting the third and last bank, the Applicant appeared with \$300.00 in cash which he gave to Muia. Muia then altered the amount of the cheque he had already given to Muia from \$500.00 to \$200.00.

Muia drove the Applicant back to his apartment at which time Muia had received \$1,500 in cash from the Applicant plus the \$300.00 in cash after the Applicant's visit to the second bank plus the cheque for \$200.00, a total of \$2,000.00. Previously the Applicant had paid Muia \$4,000.00 in cash for a total amount of \$6,000.00. At the apartment Muia gave the Applicant the vehicle ownership papers. At this time the Applicant had still not driven the 420.

The Applicant's cheque for \$200.00, after being deposited by Muia, was returned by the bank marked N.S.F.

Muia further testified that, after he had purchased the 420 at an auction sale, he noticed the odometer was not working and the dashboard cluster including the odometer was thereupon removed by a mechanic on Muia's instructions, and the odometer was replaced. Muia further stated that he was subsequently charged for tampering with the vehicle's odometer to which charge he plead guilty, was found guilty and paid a fine of \$1,000.00.

He also stated that he met with the Applicant at the offices of OMVIC in an attempt to settle the matter. He offered to pay the Applicant \$4,000.00 against which payment the Applicant was to return the vehicle to him. This offer was made on the basis that the Applicant had used the vehicle for about a year after purchasing it. The offer was refused by the Applicant.

Under cross-examination, Muia conceded that he could have been charged with three criminal charges. One of the charges related to odometer tampering. Muia stated the Crown withdrew two of the three charges.

Muia also testified under cross-examination that when he purchased the 420, he paid about \$6,100.00.

Testimony of Eric Charles Walker

Eric Walker testified that he assisted Muia to deliver the 420 to the Applicant. He stated that he is a friend of Muia and has been for five or six years.

After he and Muia delivered the 420 to the Applicant's apartment building, they met with the Applicant in the Applicant's apartment and sat around a table. Present at that meeting were the Applicant, the Applicant's son, Muia and himself. The purchase price of the 420 was discussed, and \$6,000.00 was agreed on. The Applicant gave Muia \$4,000.00 in cash, and \$2,000.00 was to be paid the next day.

Mr. Walker was asked by the Applicant to write a receipt on a piece of paper. He wrote that \$4,000.00 was received by Muia in cash and the balance of \$2,000.00 was to be paid the following day. The receipt was dated, signed and given to the Applicant.

Mr. Walker testified further that he attended at OMVIC's offices when Muia met with the Applicant. He recollects that the Applicant expressed dissatisfaction with the 420 and wanted his money refunded by Muia. He also remembers that the Applicant became upset at that meeting and left.

Mr. Walker testified further that when the Applicant and Muia met in the Applicant's apartment, the latter gave Muia \$4,000.00 and not \$5,000.00

FACTS FOUND PROVEN:

The following are the facts to have been proven.

1. In or about March 1999 Muia advertised two vehicles for sale in an auto publication known as the European Auto Trader.
2. The advertisements related to a 180 Mercedes Benz and a 1987 Mercedes Benz 420 SEL (the "420").
3. On or about March 16, 1999 the 420 was sold by Muia to the Applicant.
4. At the time of the sale to the Applicant, the 420's odometer had a reading of 154,000 kilometres.
5. On May 25, 1999 at the time of the Ministry of Transport's Field Inspection regarding the 420, the odometer reading of that vehicle was noted as 160,229 kilometres.
6. The 420 was registered into the name of the Applicant on March 17, 1999 and remained so registered until May 23, 2001.
7. The Applicant paid Allstate Insurance Company of Canada to insure the 420 commencing from April 11, 1999. From July 13, 1999 to November 14, 2000 the 420 was comprehensively insured by Allstate Insurance Company of Canada and the cost of insurance coverage for the 420 was paid by the Applicant.
8. The Applicant paid indoor rental accommodation for the 420 for the period April 1, 1999 to November 30, 2000 in an amount of \$1,900.00.
9. The Applicant withdrew the sum of \$2,000.00 from his banking account on February 25, 1999 as well as the sum of \$580.00 on March 17, 1999. The sum of \$1,000.00 was withdrawn from the banking account of the Applicant's wife, Mervat Sourial, on March 15, 1999.

THE LAW:

Section 12. (3) of Regulation 801 to the *Motor Vehicle Dealers Act* states:

12. (3) A customer may make a claim against the Fund where the customer gives written notice of the claim to the Registrar within two years of the participant's refusal or failure to pay, even if the motor vehicle dealer with respect to whom the claim is being made ceased to

be a participant after the refusal or failure to pay, and where the claim meets one of the following requirements:

1. The customer has recovered in any court in Ontario a judgment in respect of the claim and the judgment has become final by reason of the expiration of the time for appeal or of having been confirmed by the highest court to which an appeal may be taken and the customer makes an application, supported by the judgment and statement of claim, for payment of the unsatisfied portion of the judgment and costs as assessed.

Section 12(10)(a) of the aforesaid regulation states:

12. (10) Despite subsections (1), (2), (3) and (6) and subsection 15 (3) of this Schedule, there shall not be paid out of the Fund,

- (a) more than \$15,000, exclusive of costs, to each claimant in respect of each transaction, in respect of a claim or claims against any one participant;

Section 15. (1) of the aforesaid regulation states:

15. (1) Where the Board determines that a claim or any part of it made under section 12 of this Schedule is not a proper claim, it shall serve notice of its decision, together with written reasons, on the claimant and the notice shall inform the claimant that the claimant is entitled to a hearing by the Tribunal if the claimant mails or delivers to the Registrar and the Tribunal, within fifteen days after the notice is served on the claimant, notice in writing requiring a hearing.

Section 15. (3) of the aforesaid regulation states:

15. (3) Where a claimant requires a hearing before the Tribunal under subsection (1), the Tribunal shall appoint a time for and hold the hearing and, after affording the claimant an opportunity to be heard, may confirm the determination of the Board or may set aside the determination of the Board with respect to all or any part of a claim and direct the Trustee to pay the amount determined by the Tribunal.

DECISION AND REASONS:

The onus of proof rests upon the Applicant in this matter.

The Applicant is required to prove that there was a contract of purchase and sale between himself and Muia. The Applicant is also required to prove the terms of the contract, that Muia breached the contract, and that pursuant to the breach the Applicant suffered damages which are recoverable under Regulation 801.

After considering the oral testimony and the documentation submitted, the Tribunal finds the Applicant has not discharged the onus and for the reasons stated hereunder confirms the Board's determination to disallow the Applicant's claim.

The Applicant and Muia's evidence are diametrically opposed on all major issues that were canvassed at the hearing. They only agreed that there was an agreement arrived

at between them for the sale of the 1987 Mercedes Benz 420 SEL, but no agreement as to the purchase price or whether the contract was breached.

In view of the major differences between the testimonies of the Applicant and Muia, the Tribunal carefully weighed the evidence to determine whether the Applicant has discharged the onus that rests upon him.

An essential element that required proof by the Applicant was the purchase price. The Applicant contended that the agreed price was \$10,000.00 plus G.S.T. and P.S.T. for a total of \$11,500.00 excluding the \$80.00 that was to be paid for the safety certificate. Muia testified that the agreed price was over \$6,000.00 but less than \$6,500.00.

The Applicant testified that he was a businessman with many years of business experience in Egypt. He runs an apparently successful venture in Egypt. He brings \$10,000.00 to \$12,000.00 cash every few months to Canada. Nonetheless, he did not deem it necessary to have or retain a bill of sale or any receipt for the monies he paid to Muia who was a total stranger to him. The Applicant's testimony lacks any supporting documentation. Also, the evidence indicates that although the Applicant felt the vehicle was quite unsatisfactory immediately after buying it from Muia, he nonetheless kept the car for more than two years, when he sold it to third party. The evidence also shows that approximately 6,000 kilometers were put on the vehicle in the Applicant's first seven to eight weeks of ownership which is not consistent with the Applicant's statement that when he received the vehicle, its motor and transmission were "shot". Further, as to the price of the car, the testimony of Muia is more consistent with the little documentation shown to this Tribunal than is the testimony of the Applicant, and the testimony of Muia is corroborated to a large extent by the witness, Mr. Walker.

The Tribunal also notes that the testimony of the Applicant was aggressive and argumentative and did not leave a favourable impression on the Tribunal. Compounding this unfavourable impression was the fact that the Applicant did not produce any documents to substantiate his version of events. There was no bill of sale produced and no receipts whatsoever for the cash that passed between the parties.

DECISION:

Pursuant to the authority vested in it by the Motor Vehicle Dealers Act, in particular section 15(3) of the Schedule in Regulation 801, the Tribunal directs the Board of Trustees of the Motor Vehicle Dealers Compensation Fund to disallow the claim of the Applicant.

ORDER

FOLLOWING attendances on April 23, 2002 at a pre-hearing before this Tribunal of Brian Campbell, Counsel on behalf of Anthony Longo and Sylvie Longo (the "Applicants") and Fil Cece, Agent on behalf of the Ontario New Home Warranty Program (the "Program") and Joe Dilecce, Agent on behalf of Ivy Green Homes Inc. (the "Added Party");

The Tribunal makes the following Order respecting the hearing scheduled to commence at 9:30 a.m. on Monday, July 29, 2002 at the Tribunal's Chambers, 1 St. Clair Avenue West, 12th Floor, Toronto, Ontario and to continue if necessary, on July 30, 31 and August 1 and 2, 2002 at 9:30 a.m. at the Tribunal's above chambers;

1. The Parties to the hearing are the Applicants, the Program and the Added Party.
2. No facts or evidence were agreed upon by the Parties.
3. There was no settlement of any issues.
4. The Applicants' Counsel advised the Tribunal that the Applicants intend to call Tim Maxson to testify at the hearing as an expert in masonry issues.

The Applicants shall comply with Rule 6.4 (1) (a), (b), (c) and (d) of the Tribunal's Rules of Practice in regard to the testimony of Tim Maxson and shall, by no later than Friday, June 14, 2002, send to the other parties by courier all information required in terms of the above stated Rule including a copy of the written report of Tim Maxson.

5. The Agent for the Program advised the Tribunal that the Program may call an expert to testify in regard to the masonry issue at the hearing.

Should the Program decide to call an expert to testify at the hearing, it shall comply with Rule 6.4 (1) (a), (b), (c) and (d) of the Tribunal's Rules of Practice and shall by no later than July 9, 2002 send to the other parties by either prepaid registered mail or by courier all information required in terms of the above stated Rule including a copy of the written report of its expert.

6. The Agent for the Added Party advised the Tribunal that the Added Party intends to call an expert in masonry to testify at the hearing.

The Added Party shall comply with Rule 6.4 (1) (a), (b), (c) and (d) of the Tribunal's Rules of Practice in regard to the testimony of its expert and shall, by no later than July 9, 2002 send to the other parties by either prepaid registered mail or by courier, all information required in terms of the above stated Rule including a copy of the written report of its expert.

7. Nothing in the foregoing shall relieve any party from complying with the Rules of Disclosure referred to in Rule 6.3 of the Rule of Practice of the Tribunal.

8. The Applicants will provide the Program and the Added Party together with their expert witnesses reasonable access to the Applicants' home for the purpose of inspection. The Program and the Added Party shall give the Applicants written notice prior to the inspection of the date and time of such inspection. The inspection shall not be scheduled to take place earlier than seven (7) days after the mailing of the notice which shall be sent by prepaid registered mail addressed to the Applicants at the home.

REASONS FOR RULING AND ORDER

BACKGROUND:

Kenneth Edmonds (the "Applicant") brings a motion before the Tribunal for an Order extending the time for filing an appeal to the Notice of Proposal to refuse registration to the Applicant, dated December 21, 2001. The Notice of Proposal (the "Proposal") was brought by the Registrar, *Motor Vehicle Dealers Act* (the "Act" and "Registrar" respectively.)

The Applicant filed a Notice of Appeal dated March 19, 2002 to the Registrar's Proposal. This Notice of Appeal was received by the Tribunal on March 20, 2002. The Registrar's position is that the Applicant failed to file his Notice of Appeal within the prescribed time. The Applicant has brought this motion for an extension of time pursuant to Section 7 of the *Licence Appeal Tribunal Act*.

THE EVIDENCE:

The Applicant gave testimony by telephone. He stated that he always intended to appeal the Proposal as is evidenced by his letter to the Registrar of November 30, 2001. He expected an answer to his letter but did not receive an answer.

(Exhibit 1, Tab C)

The Applicant also stated it was an oversight on his part in not filing an appeal to the Proposal. He acknowledged having been served with the Proposal towards the end of December 2001 and stated that he read portions only of the Proposal. He did acknowledge that together with the Proposal that was served on him, there was a booklet of the Tribunal on how to proceed with an appeal of a Proposal.

The Registrar did not introduce oral evidence but relied upon the various documents in the Motion Record filed by him.

(Exhibit 1)

The Registrar's Motion Record consisted of an affidavit of Yovanka McBean which stated that she is employed by the Ontario Motor Vehicle Industry Council ("OMVIC") as a legal assistant and has knowledge of the facts attested to by her in her affidavit.

Ms. McBean stated that the Applicant was originally registered as a motor vehicle salesperson in 1983 but his registration lapsed on September 29, 2001 due to his failure to renew that registration. On October 1, 2001 the Registrar received a renewal application from the Applicant and provisionally registered the Applicant. During the period of the Applicant's provisional registration the Registrar ascertained information regarding the Applicant that caused the Registrar to cancel the provisional registration pursuant to Regulation 801 Section 13(3). The Applicant was advised by the Registrar in a letter dated November 28, 2001 that his registration was cancelled. On November 30, 2001 the Applicant wrote to the Registrar. This letter attempts to explain the alleged actions of the Applicant.

(Exhibit 1, Tab C)

The Registrar, after receipt of the Applicant's letter of November 30, 2001 issued his Notice of Proposal to refuse the Applicant's registration. This Proposal was dated December 21, 2001 and was received by the Applicant on December 28, 2001. The Applicant personally signed receipt for delivery of this Proposal. Together with the Proposal was a "Proposal/Order Booklet" published by the Tribunal which sets out the procedure an Applicant or registrant may follow in order to appeal a Proposal.

Prior to the Proposal being issued on December 21, 2001, the Deputy Registrar, Mary Jane South, spoke by telephone with the Applicant. In that conversation Ms. South advised the Applicant of the Proposal that was being prepared for service on him and that if the Applicant disagreed with the allegations in the Proposal "he had the right to appeal and that he would have to file the appeal within 15 days of service of the Proposal." The Proposal was then served on the Applicant on December 28, 2001. The Applicant personally signed for receipt of the Proposal.

The Applicant did not file an appeal to the Proposal within 15 days of service and on January 15, 2002 the Registrar sent a "final notice" by "Xpresspost" to the Applicant.

By letter dated February 18, 2002 the Applicant wrote to the Registrar requesting the granting

of an extension of time within which to file an appeal to the Proposal of December 21, 2001. In his letter of February 18, 2002 the Applicant stated "I provided a response on December 4, 2001" and "thought that was all that was necessary to make an appeal."

On March 5, 2002 the Registrar advised the Applicant that he would not consent to an extension of time for the filing of an appeal by the Applicant.

The Applicant by Notice of Application dated March 21, 2002, notified the Registrar of this motion.

FACTS FOUND PROVEN:

1. The Registrar's Notice of Proposal to refuse the Applicant's registration dated December 21, 2001 was served personally upon the Applicant on December 28, 2001.
2. Together with the delivery on December 28, 2001 to the Applicant of the Notice of Proposal to refuse the Applicant's registration was delivery of an information booklet from the Tribunal on the procedure to be followed in order to appeal a Notice of Proposal.
3. The Deputy Registrar, Mary Jane South, spoke with and explained to the Applicant prior to the service of the Proposal that the Applicant may appeal the Proposal and to do so the Applicant would have to appeal within 15 days of service of the Proposal.
4. The Registrar's "Final Notice" dated January 15, 2002 was sent to the Applicant.
5. On February 18, 2002 the Applicant requested an extension of time to commence an appeal to the Registrar's Proposal.

THE LAW:

Section 20 of the *Motor Vehicle Dealers Act*, R.S.O. 1990, states:

"(1) Any notice or order required to be given or secured under this Act or the regulations is sufficiently given or served if delivered personally or sent by registered mail addressed to the person to whom delivery or service is required to be made at the latest address for service appearing on the records of the Ministry of Consumer and Commercial Relations...."

Section 7 of the *Motor Vehicle Dealers Act*, R.S.O. 1990, states:

"(1) Where the Registrar proposes to refuse to grant or renew a registration or proposes to suspend or revoke a registration, the Registrar shall serve notice of the proposal, together with

written reasons therefor, on the applicant or registrant.

"(2) A notice under subsection (1) shall state that the applicant or registrant is entitled to a hearing by the Tribunal if the applicant or registrant mails or delivers, within fifteen days after service of the notice under subsection (1), notice in writing requiring a hearing to the Registrar and the Tribunal, and the applicant or registrant may so require a hearing.

"(3) Where an applicant or registrant does not require a hearing by the Tribunal in accordance with subsection (2), the Registrar may carry out the proposal stated in the notice under subsection (1)..."

Section 7 of the *Licence Appeal Tribunal Act*, 1999 states:

"Despite any limitation of time fixed by or under any Act for the giving of any notice requiring a hearing by the Tribunal or an appeal from a decision or order of the Tribunal under section 11 or any other Act, if the Tribunal is satisfied that there are reasonable grounds for applying for the extension and for granting relief, it may,

"(a) extend the time for giving the notice either before or after the expiration of the limitation of time so limited; and

"(b) give the directions that it considers proper as a result of extending the time."

REASONS FOR DECISION:

In the matter of *Frey v. MacDonald* (1989) O.J. No. 236 heard on January 27, 1989 before the Ontario Court of Appeal, Blair J.A. stated:

"...Usually, time for an appeal or taking any steps within an appeal is not extended unless the appellant has maintained a firm intention from the beginning to appeal and the failure to observe the time limits is reasonably explained. This, however, is subject to a broader rule that extensions should be granted if the "justice of the case" requires: see *Miller Manufacturing and Development Co. v. Robert J. Alden et al.* (1979), 13 C.P.C. 63 where authorities are collected."

In this matter before the Tribunal the Applicant conceded he had received both the Notice of Proposal and the Tribunal's booklet regarding the procedures to be followed on appealing a Proposal. The evidence indicates that the Proposal was served personally on the Applicant on December 28, 2001. The Applicant did not take steps to appeal that proposal within 15 days after service of the Proposal and only took steps on March 21, 2002 to apply for an extension of time within which to appeal.

The Applicant contended at the hearing that he intended to appeal the Registrar's Proposal and as evidence of his intention to appeal he referred the Tribunal to his letter of November 30, 2001 addressed to the Registrar. However, the Tribunal finds that this letter in no way indicated an intention to appeal the Proposal for it was written some time prior to the issue and service of that Proposal. Furthermore, the letter only attempts to offer information as to the

allegations made by the Registrar. Beyond the letter of November 30, 2001 the Applicant advanced no explanation or reasons for his not filing an appeal within the required time.

The inaction of the Applicant from the time he received the Proposal until March 21, 2002 are indicative of disinterest and neglect on his part and are by no means supportive of his maintaining "a firm intention from the beginning" to appeal the Proposal.

The Tribunal finds that no appeal was filed by the Applicant to the Registrar within the time prescribed by the Act and that no grounds exist for the granting of an order for extending the time for the filing of a Notice of Appeal.

ORDER:

For the reasons set out above the Tribunal refuses the granting of an Order extending the time for the filing of a Notice of Appeal to the Registrar's Notice of Proposal to Refuse Registration of the Applicant dated December 21, 2001.

LICENCE APPEAL TRIBUNAL

Derek Israel, Vice-Chair

Released: April 29, 2002

The hearing was recorded. Transcripts can be made available at your expense. The period to appeal a decision to the Superior Court of Justice is 30 calendar days from the date of release of the decision. Please arrange to pick up your Exhibits within 30 days after that period has passed. The Tribunal requires seven days notice prior to releasing Exhibits.

LIPTON

STEPHEN AND VALERIE LIPTON

APPEAL FROM A DECISION OF THE CORPORATION
DESIGNATED FOR THE PURPOSES OF THE ONTARIO NEW
HOME WARRANTY PROGRAM

TO DISALLOW A CLAIM

TRIBUNAL: WILLIAM McINTOSH, VICE CHAIR

APPEARANCES:

STEPHEN AND VALERIE LIPTON, Applicants
ANDREW LEWIS, Counsel, for the Ontario New Home Warranty
Program
JOSEPH HOFFMAN, Principal of and appearing for the Added Party,
Polaris Restorations Inc.

DATES OF

HEARING: August 27, 28, 29, 30, 31, November 28 and 29, 2001 Toronto

REASONS AND DECISION

BACKGROUND:

This matter comes before the Licence Appeal Tribunal (the "Tribunal") by way of a Notice of Appeal filed by Stephen and Valerie Lipton (the "Applicants") pursuant to the Applicants' right of Appeal under Section 16(2) of the Ontario New Home Warranties Plan Act R.S.O.1990, Chapter O. 31(the "Act"). The Appeal is from a decision of the Respondent, the Ontario New Home Warranty Program ("the Program") contained in a Decision Letter issued by the Program on April 24, 2001.

The subject property is a single-family dwelling. The Applicants entered into an Agreement of Purchase and Sale ("APS") on May 9, 1999 with the Vendor, Polaris Restorations Inc., the Added Party ("Polaris"), with a closing date of August 30, 1999. Polaris retained JAM Construction ("JAM") to build the residence. There was a deposit paid of \$50,000.

The purchase did not close on May 9, 1999 due to difficulties in completing the work but did occur on November 5, 1999. The Applicants took possession on November 8, 1999.

Before closing and after considerable negotiation, the Applicants and Polaris entered into an Amendment to the APS (the "Amendment"), and it was on this basis that the transaction closed. Under the Amendment, in satisfaction of certain claims by the Applicants, the Applicants and the Vendor agreed that the Vendor would construct a deck and gazebo for which the Vendor's obligated for lumber was limited to \$1,000. The parties closed the sale on the basis of this Amendment, and the sale price was abated by \$1,000 to cover the Vendor's lumber obligation. After closing, the Applicants proceeded to claim against the Program for items, which included items the Applicants had agreed to forego under the Amendment.

The Program argued that the Applicants under the Amendment took their compensation for the items listed in the Amendment in satisfaction of their claims against the Vendor and cannot now assert a claim against the Program for those same items. If the Applicants had wanted to claim for deficiencies in construction, they should have closed pursuant to the APS and claimed against the Program as the Act permits them to do.

The Applicants argued that the Amendment was signed under duress in that the alternative was not to close with the Vendor and give up this home and find another home in a rising market. The Applicants were living in a motel and incurring monthly costs. Also, they had paid a \$50,000 deposit when the Act only allows for recovery of \$20,000.00 for return of a deposit, and they risked not recovering the \$30,000 difference. They also stated that any upgrades put into the home would be at risk should they not have agreed to close pursuant to the Amendment. As well, the Applicants argued that the Amendment was rendered of no effect because the Vendor did not fulfill the Vendor's obligations under the Amendment within the required time. On any of these grounds, but particularly on the basis that the Amendment was signed by them under duress, the Applicants argued that they should be free to ignore the Amendment, keep the \$1,000 abatement in the purchase price and seek compensation for their claims from the Program.

The Applicants made a claim for delayed closing. The Program took no issue with the amount of the Applicants' claim for late closing, which was the \$5,000.00 maximum amount recoverable for such a claim under the Act, but disputed the liability to pay the claim.

The Applicants obtained legal advice at all times in their disputes with the Vendor.

ISSUES:

In considering the Applicants' claims, this Tribunal must consider the following issues:

- 1) Are any of those claims not recoverable under the Act due to the Amendment?
- 2) Are the Applicants' claims warranted under the Act?
- 3) Is the Amendment of no effect because the Applicants entered into it under duress?

EVIDENCE:

There were many disputes between the Applicants and the Vendor during the construction of the home. The Applicants were often in contact with the Program, giving the Program descriptions of what they considered to be the defaults by the Vendor.

The Tribunal was presented with a large volume of letters and other pieces of documentary evidence. It is clear that from mid-summer of 1999 onwards, there was virtually no trust between the parties. The Vendor believed he was being held up for too great an abatement in the purchase price. The contractor did not believe he was going to be paid and felt Mrs. Lipton was closely watching him. The Applicants were suspicious of Mr. Hoffman, principal of the Vendor. By the November 5, 1999 closing date, it appears there were four sets of counsel involved in the negotiations, along with the Applicants' real estate agent, Ms. Han, and the Vendor's agent, Mr. D'Aquino.

It was recognized early that the original August 30, 1999 closing date would not be met. The Applicant's solicitors received a facsimile from the Vendor's solicitors late afternoon on the original date of closing, August 30, postponing the closing to September 30. Shortly before the new closing date, the builder, JAM Construction, placed a construction lien on the property.

Prior to the new September 30 closing date, the Applicants' solicitors wrote the Vendor's solicitors indicating that as the September 30 date would not be met, the Applicants were requesting a new date without prejudice:

"to close the transaction with an abatement in the purchase price failing which they will seek specific performance with an abatement in the purchase price."

The end result of all the correspondence and negotiations was the Amendment to the APS, and it was under the terms of this Amendment that the transaction closed.

The events leading up to the subject Amendment to the APS and the idea of a deck and gazebo as compensation for outstanding claims began with a meeting between a Mr. D'Aquino for Polaris and the Applicants on October 7, 1999. A deck and gazebo was first mentioned as a solution to the outstanding items between the parties. Mr. Hoffman, representing Polaris, testified that he became aware of the proposal around October 15 and became concerned about the size of the deck being sought as compensation. The Applicants wanted either abatement in the purchase price or other suitable compensation for the late closing and construction deficiencies. The Vendor wanted a way to resolve the outstanding issues without resort to the Program. Both sides were extremely suspicious of one another and were trying to extract the most favourable terms. Solicitors for both sides were in constant communication. The signing of the Amendment proceeded as follows.

The Applicants signed and delivered to the Vendor a document entitled "Amendment to

Agreements” which stated, in part:

The Amendment states:

“It is understood and agreed between the undersigned parties hereto that the following changes shall be made to the above mentioned Agreement, and except for such changes noted below all other terms and conditions in the Agreement shall remain in full force and effect.”

Under the title “Insert” on the Amendment to Agreement the following words appear:

“Vendor agrees that a deck and gazebo shall be constructed on the subject property by May 1st. 2000, as per renderings provided to James M Gilmore.

Purchasers agree that the above mentioned deck and gazebo shall comprise adequate compensation for all outstanding issues and expense as per letter from James M Novak to James M Gilmore dated October 14, 1999.”

Mr. Hoffman for the Vendor signed back the document, with the following addition:

“vendor limits his cost of one thousand dollars for lumber to construct deck and gazebo in the form of a voucher from Fairbanks Lumber. Construction of Gazebo and Deck to be done by Jeff Marshall J.A.M. Construction no later than May 31, 2000.”

The signed back document was dated October 31, 1999.

The relevant portions of the letter referred to in the Amendment as the “letter from James M. Novak to James M. Gilmore dated October 14, 1999” (“the October 14 letter”) states:

“...my clients request the following:

1. As a result of the reduction in the constructed basement ceiling height to 7’7” instead of 8’, compensation should be paid at 5%=\$18,212.50, as an abatement to the purchase price.
2. The house has been constructed without a cold cellar and compensation should be paid at \$3,000 as an abatement to the purchase price.
3. The area labeled as “Kitchen” in both the Cantor and Cedar Hollow diagrams should have been the only area to be fitted with tile. The entire area variously labeled as Breakfast/Nook, Family Room/Hearth was tiled, in spite of extensive discussions and instructions to limit the tiled area to serve the working area of the kitchen and maintain hardwood flooring in the adjacent areas...To remove the tile in the adjacent areas would cause great inconvenience...The cost of and loss of enjoyment of the kitchen area during this amount of time this requires is compensable. Compensation should be paid at \$3,000 as an abatement to the purchase price.
4. Incorrect Sono tube supports were utilized at the front porch. The purchaser instructs that this is to be corrected prior to closing.
5. The purchaser must now continuously be on site to provide correct instructions or else face

further deficiencies. The purchasers' time is compensable since Valerie Lipton must devote all her time to direct the subcontractors, help builder avoid mistakes and provide whatever assistance will assist in completing the job as soon as possible. Project management - Compensation of \$1,500 as an abatement to the purchase price.

6. In addition, prior to closing my client insists on the following conditions:

a) All work on the house must be completed. The fireplace in perfect working order, the rock washed and the mortar joined. The hardwood flooring to be in place. The cabinets to be adjusted. The trim and walls to be repaired and painted. All electrical and plumbing work to be completed...The furnace, heat exchanger, hot water tank, etc., tested and in good working order..phone panel...all working systems in excellent working order...cleaned...the mica rock face on the front of the house completely built and the outdoor lights installed.

b) The decks built. The grading completed. The driveway graveled. The area completely sodded remaining area to be cleared of debris...garage area cleaned...electric garage door openers installed and tested. All outside doors painted according to the Schedules and the purchasers' instructions to the Builder.

c) For the pre-closing inspection, which is to be conducted during a 7 day period prior to closing, the purchasers reserve the right to contract an independent...inspector...This condition should be acknowledged by the Vendor.

7. In the event that the foregoing is not completed with the purchase price abated, the purchasers would seek the following:

Return of Deposit of \$50,000 plus interest

Reimbursement for 8,5000 in upgrades

Reimbursement for 3,000 for lighting

Reimbursement for 350 for tiling

Reimbursement for 1,400 paid for oak staircase

Reimbursement for 310 paid for cutting of stone for fireplace mantle and hearth

Reimbursement for 9,250 paid for delay compensation, storage, shelter, food

And the Agreement of Purchase and Sale terminated and at an end

On October 21, 1999, the Applicants and the Vendor's representative signed the Certificate of Completion and Possession, required under the Act, with the space for the date of possession entered as October 22, 1999. Beside the signatures of the purchasers, is the following pre-printed block of text:

"Purchaser Certificate: The undersigned Purchaser(s) hereby certify to the New Home Warranty Program that the Purchaser(s) have inspected the home described above and such home is substantially completed and is ready for possession by the Purchaser(s) on the date of possession indicated above notwithstanding completion by the Vendor Builder of surface defects in work and materials and unfinished work as particularly described above. (It is acceptable to sign this form prior to the resolution of the items listed above.) THIS IN NO WAY PRECLUDES THE DISCOVERY AND REPORTING OF FURTHER COMPLAINTS AND OR DEFECTS WITHIN THE SPECIFIED WARRANTY PERIODS."

A list, initialed by the Applicants and the builder's representative, is attached to the Certificate

of Completion and Possession form. On that list, under the heading "Surface defects not accepted by owners" are the following items:

- Keystone above middle garage doors chipped (in dispute)**
- Concrete at left garage door bottom right side damaged (in dispute)**
- Cracked tile in garage dog shower (may be OK if not leaking)
- Laundry room sink drain too close to cabinet floor/to be checked
- Kitchen cabinets to be adjusted by Raywall, hole in door #4 bottom row left of sink
- Master bath shower spout area tiled over
- 2nd bedroom right closet door not aligned at bottom
- Basement window in front of stairs to left inside frame broken
- Basement ceiling height not in accordance with developer's schedule

The Applicants' claim against the Program that the Vendor failed to build a cold cellar is not on this list.

The listed item involving the basement ceiling height is mentioned in both the above Certificate and letter of October 14 from the Applicants' solicitors.

The Vendor's solicitors replied by letter of October 26 to the Applicant's solicitors October 14 letter as follows:

"My client advises me that as a result of meetings between our respective clients that all outstanding issues as between them have been resolved. The basis of the resolution is a deck and gazebo to be constructed no later than May 31 2000. The gazebo and deck are provided as compensation for the issues complained of by your client as referenced in your letter of October 14, 1999 and also as compensation for expenses which they have incurred as a result of delayed closing.

In conversation with you yesterday you indicated that your clients were not prepared to accept the resolution in satisfaction of all their claims including compensation for delayed closing. I confirmed with my clients their understanding that this was part of the negotiation. We subsequently spoke and you indicated that your clients are not prepared to close on the basis that this resolution that was negotiated is a complete resolution including compensation for delayed closing.

As a result it appears as though there has not been a meeting of minds of our clients and unless your client is prepared to complete the transaction on this basis the transaction will be at an end."

The Applicants' solicitors replied immediately by letter of October 26:

"Further to your letter of October 26,1999 please be advised that it was never my client's understanding that the acceptance of a deck and gazebo would waive any of their conciliation rights and recovery under the Ontario New Home Warranty Program for costs and expenses incurred as a result of delayed and improper extensions of closing. This suggestion of a deck and gazebo was to be compensation for lack of the proper basement height."

This letter further indicates that the Applicants would be amenable to compromise had a proper deck and gazebo been proffered, but by that date none had been, and the Applicants' position:

"My letter of October 14 1999 clearly set out the position of my client as to what they were seeking and even to this date there has been no written proposal by your client as to the specifics of a suggested deck and gazebo."

The letter asks what the Vendor was prepared to offer as compensation for the Applicant's claim for damages:

"by setting out specifics and particulars of the deck and gazebo which would then become part of the agreement and included in the purchase price by amendment to the agreement rather than a free extra."

By return post, the Vendor's solicitors sent a rendering of the deck, with the rendering of the gazebo to follow.

By facsimile of October 29, the Vendor's solicitors confirmed that they were receiving the sketch of the gazebo and requested that the Applicants draft their version of an Amendment. The Vendor's solicitors asked for confirmation from the Applicant's solicitors that the deck and gazebo be in exchange for all claims including compensation for delayed closing, and stated that "This is essential before we can move forward"

By return correspondence, the Applicant's solicitors referred to this October 29 facsimile and go on to state:

"... the purchasers have been ready willing and able to close pending the vendor providing in writing specifically what will be constructed by way of a deck and gazebo. The purchasers insist that the vendor provide a specific closing date and fail to understand why the vendor cannot move expeditiously to set out this proposal in writing. At this point my clients are requesting the agent to attend to the preparation and execution of an amendment to the agreement."

On October 30, 1999, Ms Han, the Applicants' real estate agent, sent the following fax to the Applicant, Mr. Lipton. It reads in part:

" I would like you to be aware of a message on my voice mail from Dante D'Aquino/Polaris Construction Inc. sent at 4:40pm when I had already left home to meet him, wherein he stated:

"I've just had a meeting with Mr. Hoffman and he tells me the \$1,000 decreases \$100 a day and he's also thinking that if it doesn't close on Monday of imposing a \$1,000 aggravation tax on the house. He's pretty serious about this, he's going to talk to his lawyers".

On October 31, 1999, Ms Han, wrote to regarding the Amendment, stating:

"I would like to run this by you as you may wish to ask your lawyer whether this reasoning is sound.

The vendor agreed that the deck and gazebo would be constructed and the Purchaser agreed that this deck and gazebo compromise adequate compensation.....

Therefore if there is no deck and gazebo on May 31, 2000 for whatever reason compensation will not have occurred bringing all the issues and expenses to the table under the warranty program or other means of recovery.

The first sentence does not specify who is to consume or pay for the deck, but Mr. Hoffman's insert clarifies who does what (Jeff Marshall still being under contract to the vendor at the time of the amendment). Mr. Hoffman's price limit does not prevent the construction of the deck. He could find other means of providing lumber, for example by negotiation with Jeff Marshall."

On November 2, 1999, Mr. Lipton wrote to his solicitor indicating his desire to close the transaction on the property as soon as possible, stating:

"I believe that we are ready pending finalizing the amendment. On this matter Angela Han is preparing a document which she will review with the builder."

On the subject of the contents of the Amendment, the letter states:

"Yesterday she [Ms. Han] discussed the change to the amendment issued by Polaris Restorations with Joseph Hoffman who feels that the amount of \$1,000 for materials is sufficient and will purchase a significant amount of lumber since the builder can purchase it wholesale. Angela [Ms. Han] feels he will not budge from this position because he feels he can sell this property to someone else at a higher price so there is no pressure for him to change."

"Jeffery Long [the Applicants litigation lawyer] is planning to contact Mr. Drudi [Vendor's litigation lawyer] to discuss the issue. Since Hoffman has dug in his heels I do not feel the proposal will improve in our favour. I do feel however that we could lose this property if Hoffman is able to complete a sale to another party while we are trying to maneuver into a more favourable position."

Mr. Lipton testified that his litigation lawyer's advice was to "close or litigate". It appears that after considering this advice, the Applicants decided to close pursuant to the terms of the Amendment.

On November 3, 1999, the Applicants' solicitors wrote the Vendor's solicitors informing them that the Applicants accepted the terms of the Amendment, stating:

"In any event be advised our clients accept the above noted offer, namely a \$1,000 abatement of the purchase price on closing. In that regard enclosed please find a copy of the Amendment to Agreement as initialed by our clients."

The sale was closed and title transferred to the Applicants on November 5, 1999.

The Amended Statement of Adjustments for the sale of the home shows the agreed abatement as a "Credit to Purchaser" of \$1,000. There is no evidence before the Tribunal of a refusal to accept this abatement in the purchase price on closing. Acceptance of the abatement is evidence of the acceptance of the terms of the Amendment.

On November 18, 1999, the Applicants wrote the Program:

"We wish to bring to your attention some deficiencies which we have identified in our home since finally being able to move in on 08 November."

On November 19, 1999 the Applicants wrote the Program:

"I have mentioned to you during previous discussions that I would like to consider the option of pursuing the Vendor concerning 1) incomplete/deficient items covered under warranty and 2) delayed closing dates."

On January 17, 2000 the Applicants filed a "Delayed Closing Information For Freehold Homes" with the Program. In the following weeks the Applicants made further claims against the Program for compensation for items covered in the Amendment including the cold cellar and the basement ceiling height.

From his testimony, the Applicant Mr. Lipton was aware that the claims being made after closing included items that were covered by the Amendment. He felt he had grounds for not abiding by the terms of the Amendment as he insisted it was signed under duress. He also indicated that would have been content with the \$5,000.00 compensation for the delay in closing and then to abandon the deck and gazebo.

Mrs. Lipton testified that she was in contact with the Program many times and that her post-closing correspondence with the Program allowed her to believe that despite the Amendment, the Applicants could make claims against the Program for items covered by the Amendment.

The Program's warranty representative, Sherri Lumley, carried out an inspection on May 19, 2000 in preparation for the issuance of a conciliation report, which was issued October 10, 2000.

Also on May 19, 2000, the parties attended a conciliation arranged by the Program. Continuation of the conciliation was deferred to June 12 to allow Polaris to make a proposal. On June 8, 2000 counsel for Polaris wrote to the Applicants renewing its offer to build the deck and gazebo to the agreed specifications and give a \$1,000 abatement in the price. As well, there was an offer either to pay \$1,000 towards the cost of sodding or to do the work itself. Further, Polaris offered to give up its claim for legal costs in pursuing its rights under the Amendment. In return, the Applicants would be obliged to withdraw their claims covered by the Amendment while being free too proceed within the warranty period with any claims not set out in the Amendment. On receipt of this offer, the Applicants wrote to the Program exhorting it to

find against the Vendor and to conciliate the disputes in their favour. A further meeting was arranged for June 15. Matters were not fully resolved.

The Program issued its Decision Letter on April 24 2001 denying the Applicants' claims, which are the subject of this hearing.

Both the Applicants' solicitors and the Applicants' real estate agent, Ms. Han, wrote a letter to the Applicants to document their thoughts on the matters raised in the Program's Decision Letter. To the Program's position that the Applicants had the option of not signing the Amendment, closing without an abatement and making a claim against the Program, Ms. Han's letter, written in August of 2001, states her position that there was no such option as the Amendment was a condition of closing, and the Vendor would not have closed without the Amendment. As for not signing the Amendment, not closing and suing the Vendor, Ms. Han's recollection was that given the Applicant's circumstances of not having a home, this was simply too unpleasant to be an alternative.

Mr. Hoffman testified that if the Applicants had not signed the Amendment, he would have closed but without providing the deck and gazebo. He also stated that as there was no closing date stipulated, there was still room to negotiate.

THE LAW:

Section 1 of the Act defines "warranty" as a warranty set out in section 13 of the Act.

Section 1 of the Act defines "home". Under section 1,

"home" means,

(a) a self-contained one-family dwelling, detached or attached to one or more others by common wall,
...

and includes any structure or appurtenance used in conjunction therewith, but does not include a dwelling built and sold for occupancy for temporary periods or for seasonal purposes;

Section 13 of the Act states:

13.(1) Every vendor of a home warrants to the owner,

(a) that the home,

(i) is constructed in a workmanlike manner and is free from defects in material,

(ii) is fit for habitation, and

(iii) is constructed in accordance with the Ontario Building Code

13.(2) A warranty under subsection (1) does not apply in respect of,

(a) defects in materials, design and work supplied by the owner.

13.(3) The Vendor of a home shall deliver to the owner a certificate specifying the date upon which the home is completed for the owner's possession and the warranties take effect from the date specified in the certificate.

13(6) The warranties set out in (1) apply despite any agreement or waiver to the contrary and are in addition to any other rights the owner may have and to any other warranty agreed upon.

Section 14 of the Act states:

14(1) Where,

...

(b) an owner has a cause of action against a vendor for damages resulting from a breach of warranty,

the person or owner is entitled to be paid out of the guarantee fund the amount of such damages subject to such limits as are fixed by the Regulations.

14(2) In assessing damages, the Corporation shall take into consideration any benefit, compensation or indemnity payable to the person or owner from any source.

APPLICATION OF LAW TO FACTS:

Are the Applicants' claims recoverable under the Act?

For the Applicants to establish a claim under the Act, the Applicants must prove a breach of warranty provided under the Act for which they have suffered damages.

Amendment of Agreement of Purchase and Sale

The Program argued that the Applicants cannot recover in this matter because they contracted out of any recovery by signing the Amendment.

The Amendment incorporated items 1 through 6 in the October 14 letter. In return for accepting those items as listed, the Applicants were to receive from the Vendor's a gazebo and deck, with a maximum \$1,000 contribution by the Vendor toward the required lumber.

Items 1 through 6 in the October 14 letter listed matters that were different than provided for in the Agreement of Purchase and Sale. For example, instead of a basement 8 foot ceiling, the ceiling height was 7'7". The Amendment provides that the gazebo and deck "shall comprise adequate compensation for all outstanding issues and expenses" set out in the October 14 letter.

The Vendor paid its \$1,000 obligation to the Applicants through a \$1,000 abatement on the house price, which the Applicants accepted. The Applicants' acceptance of the \$1,000 abatement on closing can only be taken as acceptance by the Applicants of the Amendment. The sale closed on that basis.

The Tribunal therefore finds that the agreement between the Applicants and Vendor is the Agreement of Purchase and Sale as amended by the Amendment, which incorporated items 1 through 6 in the October 14 letter. The Tribunal, therefore, must consider the Applicants' warranty claims in the context of that amended agreement, unless part or all of the Amendment is invalid by operation of law.

Duress

The Applicants argued that the Amendment is invalid because it was signed under duress.

Agreements can be voided if they were completed under circumstances of duress. The Tribunal was referred to *Stott v Merit Investments* (1988), 63 O.R. (2d), 545 a matter where the plaintiff sought relief from a contract he alleged was entered into under circumstances which constituted intimidation. Finlayson J.A. after stating that if the factual basis behind the "intimidation" rose to the level of "economic duress" then relief may be available. He then went on to offer evidentiary parameters within which the relief may be sought:

"The term 'economic duress' as used in recent cases, particularly in England, is no more than a recognition that in our modern life the individual is subject to societal pressures which can be every bit as effective, if improperly used, as flowing from threats of physical abuse. It is an expansion in kind but not class of practices that the law already recognizes as unacceptable such as those resulting from undue influence or persons in authority. But not all pressure, economic or otherwise, is recognized as constituting duress. It must be a pressure which the law does not regard as legitimate and it must be applied to such a degree as to amount to 'a coercion of the will', to use the expression found in English authorities, or it must place the party to whom the pressure is directed in a position where he has no 'realistic alternative' but to submit to it, to adopt the suggestion of Professor Waddams (S. M. Waddams, *The Law of Contract*, 2nd ed. (1984) at p. 376 *et seq.*). Duress has the effect of vitiating consent and an agreement obtained through duress is voidable at the instance of the party subjected to the duress unless by other agreement or through conduct, either express or implied, he affirms the impugned contract at a time when he is no longer the victim of the duress."

Further in his decision his Lordship quotes from *Pao On v. Lau Yiu*, [1979] 3 All E.R. at p. 79 (P.C.), which states in part:

"American law (Williston on Contracts) now recognizes that a contract may be avoided on the ground (sic) of economic duress. The commercial pressure, however, must be such that the victim must have entered the contract against his will, must have had no alternative course open to him, and must have been confronted with coercive acts by the party exerting the pressure: see Williston on Contracts."

In the same paragraph the state of English jurisprudence on the subject was summarized:

"In their Lordships view, there is nothing contrary to principle in recognizing economic duress as a factor which may render a contract voidable, provided always that the basis of such recognition is that it must amount to a coercion of the will, which vitiates consent. It must be shown that the payment made or the contract entered into was not a voluntary act."

In the Stott case the plaintiff was a securities salesman who sold on margin gold futures to a customer who failed to maintain his margin requirements in a falling market forcing a sale by the plaintiff, as was his right, of a portion of those futures contracts to bring into accord the stipulated margin requirements and the market price of the commodity. This action angered the customer, and he confronted the plaintiff with a cheque to cover the deficiency. Upon noting that the cheque was post-dated, the plaintiff informed the customer that he had no authority to accept such payment and brought the matter to his compliance officer for resolution. The compliance officer not only authorized the cheque but also ordered the repurchase of two of the contracts sold to maintain the customer's margin requirement. The cheque when presented to the customer's bank was refused certification. The customer was informed that were funds not available by the Monday, his accounts would be sold out. No monies were forthcoming and the account was sold resulting in indebtedness to the plaintiff's firm of \$66,434. Had the cheque been rejected and the account sold out on that date, the firm would have been owed nothing and the customer would have been in funds to the amount of \$55,000. The following day the customer attended a meeting with the plaintiff and plaintiff's superior. At that meeting, the customer acknowledged his debt and promised to pay it off within the year. All persons were aware that the salesman in accordance with industry practice would be liable for the debt should the customer default. On the day after this meeting, the plaintiff was directed into his superior's office and presented with a document for his signature which made the plaintiff responsible for the debt and that it would be immediately due and payable should he leave the firm. Also during that meeting, it was accepted by the Trial judge that the plaintiff's superior told him that if he did not sign, his time at the firm would not be pleasant and that he would not be easily employed in the field elsewhere. There were also assurances that the customer would pay anyway and that if he did sign, his esteem in the firm's eyes would increase. To quote His Lordship:

"It is idle to argue whether what Kasman (the employer) said amounted, in the circumstances to economic duress; it, is in my view, certainly(sic) amounted to intimidation and I cannot put it more succinctly than Lord Denning did in the case of *D. & C. Builders Ltd, Rees*, {1965} *All E.R.* 837 at p. 841....'No person can insist on a settlement procured by intimidation'

On appeal it was affirmed that as a matter of fact the standard to be imposed was the "know your client" rule and that ordinarily the plaintiff as the salesman was to be held liable for the debts of his customers. It became a matter therefore to examine the effect in law of the intervention of the plaintiff's superior in accepting the post-dated cheque in satisfaction for the slippage in the customer's margin requirements; for clearly the losses all around would have been less had the cheque been refused and the accounts sold on that day instead of the following Monday after a fall in the price of the subject of the futures contract. The Trial judge had found that there was no consideration for the obligation of the plaintiff to make the firm whole, as there was no obligation upon him at first instance. In the absence of the primary

obligation, there could not be a new one created out of contractual conjecture. The appeal court stated that on this reasoning the discussion of a contract being entered under duress was moot as of course there could not be a contract concluded. To the contrary, the appeal court found that the evidence indicated that the plaintiff was aware of his liability for the debt of the customer and entered into an arrangement with the firm whereby a hold back from his commissions would be established in return for the firm's forbearance from suing him for the amount owing. The acknowledgement by the plaintiff that he was responsible for the outstanding debt and the agreement by the firm to forebear collecting on the debt immediately was, in the opinion of the appeal court a contract. And while there may have been a pall of intimidation over the negotiations between the plaintiff and his employer, as outlined, the situation did not rise to the level of economic duress. It did not do so for the reason that the plaintiff had options available and in any event his actions subsequent to the agreement resulted, in the opinion of the court, to an approbation and approval of the arrangement. The court held that the plaintiff's choices were to quit or be fired. He could have refused the offer, taken time to seek legal advice and repudiated the contract. If sued for such a large amount upon the repudiation, more than his gross annual pay, he would have his hearing and if found liable had been no worse off than to have entered into the arrangement to pay off the obligation over time. His options may have been unpleasant but they were available. In any event, the application of duress only renders a contract voidable, subsequent actions of approbation render it enforceable.

In the present case, the Applicants after considering their legal advice and the practical difficulties of their options, decided to accept the Amendment as the best alternative and to close the transaction on the basis of the Amendment. Although the Applicants were in stressful negotiations with the Vendor, both parties were aware of their rights and remedies. The evidence is not consistent with that required to amount to unconscionable coercion. The Tribunal does not find that the Amendment was signed under duress. The Applicants by agreeing to the terms of the Amendment entered into a new APS. The Amendment stands as part of the contractual basis under which the transaction closed.

Applicants' Claims

Accordingly, the Tribunal will consider the Applicants' claims for warranty coverage on the basis that the Vendor was to deliver a home that met the terms of the Agreement of Purchase and Sale as amended by the Amendment.

The items as numbered in the Program's Decision letter of April 24, 2001 are used in the Applicants' Notice of Appeal and in the analysis below.

1. Delayed Closing

The Applicants claimed compensation under the Act for delayed closing.
