Update # 23

Updates

June 1, 2000

2001

[September 7](#)

Deadline for feedback on time report is June 23, 2000

A report and list of preliminary service times for visits and procedures has been circulated to each of the OMA Clinical Sections for review and feedback. The deadline for written responses is Friday, June 23.

2000

[September 22](#)

[August 29](#)

The preliminary service times included in the time report were arrived at largely on the basis of an extensive survey the Commission conducted of Ontario physicians. Details of the survey are included in the report.

[June 1](#)

From each specialty, the Commission is seeking response regarding:

[May 15](#)

[April 3](#)

- ☐ the service times for that specialty's codes
- ☐ the times of other specialties' services with which their specialty has familiarity

1999

[November 24](#)

[October 13](#)

[September 3](#)

[July 23](#)

[February 15](#)

The Commission is looking for:

- ☐ any additional data and information that should be taken into account in finalizing the times
- ☐ comment on the consultation times across each specialty as these times form the base of the service times for the remaining visit services
- ☐ feedback on the assigned proportions and specialty groupings

In addition, for some codes, the Commission has specific questions that are noted in the report's charts. Two examples:

1998

[November 18](#)

[October 6](#)

[September 25](#)

[September 18](#)

- ☐ For some codes, the Commission is looking for a comparison between the times of similar services. Not only should any differences between these services be noted, but also the effect of those differences on the service times. For example, if one service should have a slightly longer time assigned to it compared to a similar service, why and what is the added time associated with the difference.
- ☐ For some codes comprising multiple services (e.g. injections, allergy testing), the Commission is seeking service times for each individual service (i.e. each injection) as well as the typical number of services provided for that code.

[September 9](#)

[July 3](#)

[May 29](#)

[April 8](#)

[March 30](#)

[February 4](#)

1997

[November 19](#)

[October 23](#)

[September 4](#)

[August 7](#)

[July 29](#)

[July 2](#)

Time report on Commission Web site

A copy of the full time report and the service time lists is available on the Commission's Web site (www.rbrvs.on.ca). Written feedback to the Commission regarding the report is invited from anyone interested.
