Commission Completes Meetings with OMA Sections Regarding Time Survey Report

2000

[September 22](#)

The Commission recently met with sixteen OMA Sections to discuss the preliminary service times contained in the Commission's last report. While all OMA Sections were invited to meet with the Commission, eleven Sections chose to provide their feedback in writing. The meetings and the letters were constructive and will inform Commission decisions for the service times that will become a part of the new relative value schedule.

[August 29](#)

[June 1](#)

[May 15](#)

The Commission wishes to thank those Sections that spent considerable time and effort reviewing the preliminary service times in detail and providing feedback.

[April 3](#)

A number of Sections indicated that they were in the process of assembling additional information and data for the Commission's consideration while other Sections indicated they would consult their members to see if additional data was available and useful to the process. The Commission welcomes any supplementary data to assist it in its decisions regarding the service times.

1999

[November 24](#)

Please submit any additional information and data to the Commission no later than Monday, October 2, 2000 to ensure that it receives consideration.

[October 13](#)

[September 3](#)

The Commission's work is proceeding on the other RVS components and a report on Physician Practice Costs is expected for release within the next few weeks.
