FISCAL YEAR 1975/76 REPORT

GENERAL

As in the past, our report for fiscal year 1975/76 contains selected data on the activities of the Sheriffs' Offices and the Supreme, County, Surrogate and Provincial Courts. We collect a large amount of data on court activity. In order to keep the volume at a reasonable size, we have included the data which we considered to be of optimum benefit to those persons receiving this report. Selection of the data to be included was done in consultation with users. Information may have been excluded from the report that could be useful to a limited number of the recipients. If there is information missing from the report which was included in our published quarterly reports or which is a summary of information collected on one of our data sheets, please contact us. Probably, the additional tables required to meet your needs can be produced easily by our department.

CHANGES IN THE REPORT

One of our major objectives is to provide meaningful, accurate and useful data to the users of our reports. To attain this, we continually seek ways to improve the quality of our published data. As a result of our efforts in this area, users will notice a few changes in the format and presentation of this second fiscal year report.

Whenever possible, tables have been constructed to reflect the inflow and outflow of cases in the courts. With a few exceptions, tables contain data for a three year period thus permitting annual comparisons of caseload. Modified charts have been included in the report and are now placed next to the tables to which they relate.

Another major change is the move from an alphabetical listing of counties to a regional format. Ontario has been divided into six geographical regions, plus Metropolitan Toronto, which is listed separately because of its size. The seven regions are:

- Central East
- Central West
- Eastern
- North Eastern
- North Western
- South Western
- Metropolitan Toronto

It is considered that this grouping is more meaningful and helpful to users of our reports as our Ministry progresses towards regionalization.

PROVINCIAL COURT (CRIMINAL DIVISION) DATA

A number of changes have been made to the tables relating to the Provincial Court (Criminal Division). Please bear these changes in mind when considering data from this section of the report.

Data on charges received and disposed have been adjusted so as to exclude the effects of "Reissued Summonses" and "Issued/Enforced Bench Warrants". This change reflects the modification that was made in the Daily Statistical Return for the Provincial Courts (Criminal Division) which was introduced prior to April, 1976.

We have not included "backlog" totals in this volume. Our studies have indicated that there are substantial inaccuracies for certain offices in our total backlog figures. In this connection, it should be indicated that arrangements have been finalized for conducting a Province wide "backlog recount" at the end of December, 1976. This will serve to establish base information on backlog, an important performance indicator. Future reports can build from this initial point to provide the total backlog figures. The 1975/76 report does provide information on the trend in backlog, that is, data is provided on charges received and charges disposed. The difference between these totals indicates whether cases outstanding increased, decreased, or remained static during each fiscal year.

Please note that comparisons of data for satellite court offices may not always be valid. Transfers of cases between court offices in one county or district occur frequently. As a result, comparisons should be made on a county or district basis. Therefore, most tables on court activity provide county or district totals only. To obtain data on the activity of satellite courts, dispositions have been reported by court office (see tables V.8 to V.12).

CONCLUSION

Many of the changes introduced in this report have resulted from extensive discussions with persons who have particular knowledge and experience in the courts. We will continue to seek advice from the users prior to publishing future volumes. We would like to take this opportunity to thank you for your advice and cooperation in the past. We look forward to receiving your constructive criticism of this second attempt at a fiscal year report. We would welcome an opportunity to discuss your comments and/or criticisms.

SYMBOLS USED IN TABLES

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- p preliminary figures.
- r revised figures.

In some tables figures may not add to totals because of rounding.
