PREFACE

The 1978/79 Court Statistics Annual Report contains general rather than specific data, on the activities of the Supreme, County, Surrogate and Provincial Courts and the Sheriff's offices on a three year comparative basis. Where possible, charts have been included to provide a graphic view of the activities in each court level, and tables show the inflow and outflow of cases through the courts. The data included in this report have been updated wherever required, as some data had not been available during the year when the quarterly reports were printed.

Supreme, County and Surrogate Courts and Sheriff's Offices

In April, 1978, new statistical forms were implemented for the Criminal and Civil Appeals. Therefore, Tables I.1 and I.2 were revised as some items are not reported on the new forms. The categories in these tables are very general so that comparative data could be presented for the three year period.

A new table, found on page 11 in this Annual Report, reports a summary of the major activities in the Supreme, County/District and Surrogate Courts as one total for each county or district. Outside of the Judicial District of York, each county or district has one office that performs the functions for each court level. This summary table provides a more complete picture of their activity. Those offices that perform Sheriff functions are highlighted by an asterisk.

In April, 1978, a new form was implemented to collect data on the activity in the County Court Judges' Criminal Court and in the General Sessions of the Peace. Data on the number of persons and the number of charges on each indictment are now being collected. This information provides a better picture of the activity in these courts and is found on pages 30 to 33 of this report.

In this year's annual report, the tables reporting "number of half-days spent in court by the court clerk" in the Supreme, County/District and Surrogate Courts are not included.

This information is available upon request. In the section reporting data on the Surrogate Court, the table showing the number of grants issued has not been included.

This year data on the number of jurors drafted has been included in the Sheriff's Offices section.

Provincial Court (Criminal Division)

In the Provincial Court (Criminal Division), the term "charges" is used. The definition of "charges" is the number of "counts" of an offence laid against an individual.

As the activity under the Criminal Code of Canada, the Narcotic Control Act and the Food and Drug Act are of prime importance, the court offices did a count of the pending charges under these statutes on March 31st, 1979. Therefore, the figures reported as pending at March 31st, 1979 in this report are the recount figures.

Provincial Court (Family Division)

The Family Law Reform Act came into effect March 31st, 1979. The data collected on the number of orders made under this act are reported on page 111 of this annual report.

As the Family Monthly Statistical form was revised to accommodate activity under the Family Law Reform Act, a category on the activity under the Juvenile Delinquents Act was included. This data can be found on page 109 of this report.

For the reader's information, those court offices that are combined criminal and family courts offices are highlighted by an asterisk.

Your comments and/or questions regarding the presentation of this report or the data provided are welcomed.
