The 1980/81 Court Statistics Annual Report contains general rather than specific data, on the activities of the Supreme, County, Surrogate and Provincial Courts and the Sheriff's offices on a three year comparative basis. Where possible, charts have been included to provide a graphic view of the activities in each court level, and tables show the inflow and outflow of cases through the courts. The data included in this report have been updated wherever required, as some data had not been available during the year when the quarterly reports were printed.

In June, 1980, the Judicial District of York was divided into two districts. Metropolitan Toronto is now the Judicial District of York while Newmarket and its surrounding municipalities is the Judicial District of York Region. The Higher Courts' tables reflect this change. The tables on the Provincial Courts have always shown Metropolitan Toronto's data separately from Newmarket's.

SUPREME, COUNTY AND SURROGATE COURTS AND SHERIFF'S OFFICE

Data on the number of actions commenced, judgments and orders issued and completed cases are included in this report. As stated above, detailed information is available upon request.

A new table in this year's report is the number of Examinations for Discovery in the Supreme Court of Ontario. Data for the last two years are shown as we did not commence collecting this information until late during the 1978/79 fiscal year.

Another new table included in this year's report is a summary of Bankruptcy matters. This information has been collected for many years, but was not included in annual reports of previous years.

PROVINCIAL COURT (CRIMINAL DIVISION)

The implementation of the Provincial Offences Act occurred on March 31st, 1980. General activity summary tables for each statute are included in this report so that one could see how many charges were completed under the various procedures allowed under the Provincial Offences Act.

On March 31st, 1981, the staff in the court offices did a count of all outstanding charges. This year we did not include charges on outstanding bench warrants, as in previous years, as the inclusion of bench warrants distorted the

picture of the number of "active" pending charges. Therefore, one cannot compare the 1981 pending figures with the previous years' figures.

Provincial Court (Family Division)

A new statistical form was introduced in the Family Court offices on April 1st, 1980. We are now collecting the number of incoming matters based on the assignment of a court date and the number of completed matters, with which the number of pending matters can be calculated. A major definition change was made with the new statistical report for matters reported under the Family Law Reform Act. Since the implementation of the Family Law Reform Act, the court offices were reporting orders made for each request presented to the court, although only one application was filed. Now the offices are reporting the number of applications, regardless of the number of requests on the applications. As a result of the new format, only the data for the 1980/81 fiscal year are included.

For the reader's information, those court offices that are combined criminal and family courts offices are highlighted by an asterisk.

Your comments and/or questions regarding the presentation of this report or the data provided are welcome.
