Independent Auditor's Report

To the Board of Governors of The Centennial College of Applied Arts and Technology

We have audited the accompanying financial statements of The Centennial College of Applied Arts and Technology, which comprise the statement of financial position as at March 31, 2011 and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements present fairly, in all material respects, the financial position of The Centennial College of Applied Arts and Technology as at March 31, 2011 and the results of its operations and the changes in its net assets and its cash flows for year then ended in accordance with Canadian generally accepted accounting principles.

1. DESCRIPTION OF ORGANIZATION

Centennial College of Applied Arts and Technology, established in 1967, is an Ontario college of applied arts and technology duly established pursuant to Ontario regulation 34/03 made under the Ontario Colleges of Applied Arts and Technology Act, 2002. The College is an agency of the Crown and provides postsecondary, vocationally oriented education in the areas of applied arts, business, health sciences and technology.

The College is a not-for-profit organization and, as such, is exempt from income taxes under the Income Tax Act (Canada).

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements of the College have been prepared in accordance with Canadian generally accepted accounting standards for not-for-profit organizations (using the deferral method of reporting restricted contributions).

Revenue recognition

- The College follows the deferral method of accounting for contributions, which include donations and government grants. Tuition fees and contract training revenues are recognized as income to the extent that the related courses and services are provided within the fiscal year of the College.
- Ancillary revenues including parking, bookstore, residence and other sundry revenues are recognized when products are delivered or services are provided to the student or client. The sales price is fixed and determinable, and collection is reasonably assured.
- Unrestricted contributions are recognized as revenue when received or receivable.
- Externally restricted contributions and restricted investment income are recognized as revenue in the year in which the related expenses are incurred.
- Restricted contributions for the purchase of capital assets are deferred and amortized into revenue at a rate corresponding with the amortization rate for the related capital assets.
- Endowment contributions are recognized as direct increases in endowed net assets.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

Short-term investments are daily interest earned investments. Interest is earned at the Bankers Acceptance rate less 0.15%.

Valuation of inventories

Inventories are valued at the lower of cost and net realizable value. Cost is determined on the first-in first-out basis.

Capital assets

Purchased capital assets are recorded at cost less accumulated amortization. Contributed capital assets are recorded at fair value at the date of contribution. Repairs and maintenance costs are charged to expense. Betterments that extend the estimated life of an asset are capitalized. When a capital asset no longer contributes to the College's ability to provide services, its carrying amount is written down to its net realizable value.

Construction in progress is recorded separately from capital assets until construction is complete and the asset is put into service.

Capital assets are capitalized on acquisition and amortized on a straight-line basis over their useful lives, which has been estimated to be as follows:

Buildings	-	20 or 40 years
Building-student residence	-	20 years
Large machinery	-	20 years
Site & building improvements	-	10 years
Leasehold improvements	-	5 years
Computer software	-	5 years
Furniture, equipment and computers	-	5 years

Vacation pay

The College recognizes vacation pay as an expense on the accrual basis.

Employee future benefits

The College recognizes employee future benefits (health, dental, life insurance and other retirement obligations) as they are earned during the employees' tenure of service.

Vested sick leave

The College has provided for vested sick leave benefits during the year. Eligible employees, after 10 years of service, are entitled to receive 50% of their accumulated sick leave credit on termination or retirement to a maximum of 6 months salary. The program to accumulate sick leave credits ceased for employees hired after March 31, 1991. Historically, the Ministry of Training, Colleges and Universities has undertaken the funding of these expenditures as they are incurred and it is expected that this practice will continue in the future.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments

Unless otherwise noted, it is management's opinion that the College is not exposed to significant interest, currency, or credit risk arising from its financial instruments and their fair value approximates their carrying value.

The College is party to an interest rate swap agreement that manages the exposure to market risks from changing interest rates. The College's policy is not to utilize derivative financial instruments for trading or speculative purposes. The College formally documents the relationships between hedging instruments and hedged items, as well as its risk management objectives and strategies for undertaking hedge transactions. This process includes linking the interest rate swap to the demand loan on the statement of financial position. The College also formally assesses, both at the hedge's inception and on an ongoing basis, whether the interest rate swap that is used in the hedging transaction is highly effective in offsetting changes in cash flows of the hedged items. The College classified its financial instruments as follows:

Loans and receivables

These assets are non-derivative financial assets resulting from the delivery of cash or other assets by a lender to a borrower in return for a promise to repay on a specified date or dates, or on demand. They arise principally through the terms of the transfer payment agreement between the College and the Ministry of Training, Colleges and Universities and is comprised of accounts receivable and long term receivable. They are initially recognized at fair value and subsequently carried at amortized cost, using the effective interest rate method, less any provision for impairment. Transaction costs related to loans and receivables are expensed as incurred.

Other financial liabilities

Other financial liabilities includes all financial liabilities and is comprised of accounts payable and accrued charges, vacation pay, vested sick leave, bank loans and term debt. These liabilities are initially recognized at fair value and subsequently carried at amortized cost using the effective interest rate method.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Management estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the period. Actual results could differ from these estimates.

Capital management

The College's capital consists of its unrestricted net assets, internally restricted net assets and funds invested in capital assets. The College's primary objective of capital management is to ensure that it has sufficient resources to continue to provide services to its students. Annual budgets are developed and monitored to ensure the College's capital is maintained at an appropriate level. The College is not subject to any externally imposed capital requirements other than the funding from the Ministry of Training, Colleges and Universities, which is subject to approved budgeted expenditures. The College has complied with these restrictions.

3. ACCOUNTING STANDARDS FOR NOT-FOR-PROFIT ORGANIZATIONS (NPO)

In December 2010, the Accounting Standards Board (AcSB) and Public Sector Accounting Board (PSAB) issued new standards for not-for-profit organizations (NPOs). Government (public sector) NPOs have a choice of:

1. Public Sector Accounting standards with the current series of NPO-specific standards added with some minor changes; or
2. Public Sector Accounting standards.

The Boards require NPO's to adopt their respective standards for year ends beginning on or after January 1, 2012; early adoption is allowed. Until the date of transition to the new standards, all NPOs will continue to follow the current Canadian Institute of Chartered Accountants Handbook – Accounting Part V- Pre-Changeover standards.

4. CASH AND SHORT-TERM INVESTMENTS

The College's cash and short-term investments include amounts restricted for specific purposes that are not available to be spent at the College's discretion. The amounts available for operations are as follows:

	2011	2010
Total Cash and Short-Term Investments	**$ 59,193,421**	$ 45,364,361
Less amounts restricted for:		
Endowments - externally restricted, less amounts receivable (Note 18)	**11,498,576**	10,085,842
Endowments - Internally Restricted (Note 17)	**808,051**	371,521
Deferred contributions (Note 13)	**1,918,514**	1,700,976
Restricted grants included as part of deferred revenue (Note 9)	**4,880,985**	9,884,773
Unspent deferred capital contributions (Note 14, 15)	**1,058,274**	6,485,401
Unrestricted Cash and Short-Term Investments	**$ 39,029,021**	$ 16,835,848

5. PREPAID LAND LEASE

The College has negotiated a land lease with the University of Toronto. This amount recorded as a prepaid land lease includes the original payment made to the University of Toronto less accumulated amortization for a ninety-nine year lease for land upon which the College has constructed a new campus. The amount will be expensed over the term of the lease.

6. LONG TERM RECEIVABLE

The College has financed the building of the Progress Campus Student Centre on behalf of the Centennial College Student Association Inc. ("CCSAI"). This receivable bears interest at prime minus 25 bps. This receivable is to be repaid through the collection of an annual student centre-building levy, which is collected from all full-time and part-time students.

The College has also agreed to finance the building of the Athletic and Wellness Centre on behalf of the Centennial College Student Association Inc. ("CCSAI"). This receivable bears interest equal to the terms as noted in the term debt note (ii) (Note 11) since debt was acquired to fund this construction. This building is currently under construction, and has a forecasted cost of $22.8 million. The total cost will be repaid through the collection of an annual levy, which is collected from all full-time and part-time students.

	2011	2010
Note receivable on the Student Centre	**$ 2,323,631**	$ 2,807,618
Note receivable on the Athletic and Wellness Centre	**9,554,133**	1,323,081
Less current portion estimate included in accounts receivable	**(2,500,000)**	(1,523,081)
	$ 9,377,764	$ 2,607,618

7. CONSTRUCTION IN PROGRESS

Construction in progress represents costs incurred to date on the construction of a new library and academic facility, of which approximately $40.0 million has been spent to date, and a new Athletic & Wellness centre, of which approximately $16.1 has been spent to date. CIP is recorded separately from capital assets and amortization does not commence until construction is complete and the asset is put in use. As at March 31, 2011, construction in progress amounted to $56,145,641 (2010 - $14,619,606).

	$	**30,698,536**	$	30,349,489

10. BANK LOANS

The College has a $6,000,000 operating line of credit during the months of October through April and a $10,000,000 operating line of credit during the months of May through September. No amount has been drawn upon this operating line of credit as at March 31, 2011. The College has $1,722,121 (2010 - $1,974,421) in letters of credit outstanding as of March 31, 2011. In addition, the College has an unused demand instalment loan facility of $2,145,000. The bank loan outstanding at year-end is as follows:

	2011	2010
Demand loan bearing interest at prime minus 25bps, repayable in monthly instalments of $15,667 excluding interest through 2027. This loan is secured by a general security agreement on all assets of the Student Association (Progress Campus Student Centre)	**$ 3,008,000**	$ 3,196,000

The principal amount due within the next five years and thereafter is as follows:

2012	$	**188,004**

2016		**188,004**
Thereafter		**2,067,980**
Total	$	**3,008,000**

11. TERM DEBT

(i) The College has partially financed the building of the Student Residence through an unsecured non-revolving swap bank loan, repayable in monthly installments of $ 90,900 principal and interest. The College has fixed its interest rate at 6.82% through an interest rate swap for the term of the loan. The interest rate includes a credit spread of 0.35%. The interest rate swap is a derivative financial instrument. It has effectively locked in a fixed rate through 2026. As at March 31, 2011 the agreement qualified as a hedging transaction.

The fair value of the interest rate swap (in favour of the bank) of $2,332,561 (2010 - $2,449,173) is recorded on the statement of financial position. Because the hedging relationship is effective, the change in fair value of the interest rate swap is recorded in the statement of net assets, with no impact on the College's excess of revenue over expenditures.

(ii) The College has partially financed the building of the Athletic & Wellness Centre, Progress Campus through a non-revolving construction facility and fifteen year term loan upon completion of the project from the Ontario Financing Authority (OFA). The construction facility carries interest, compounded quarterly, equal to the ninety-day Ontario Treasury Bill Rate plus 0.40%. The current interest being accumulated is being capitalized. As this project has not been completed and repayment amounts have not been determined, no repayment amounts have been disclosed.

12. EMPLOYEE FUTURE BENEFITS PAYABLE

Employee future benefits include health, dental, life insurance and after retirement obligation. The College recognizes these employee future benefits as they are earned during the employees' tenure of services. The related benefit liability was determined by an actuarial valuation study commissioned by the Council of Regents. Changes to the plan provisions and membership data in the year have resulted in an actuarial gain for 2011 of $4,000 (2010 – $8,000).

The major actuarial assumptions employed for the valuations are as follows:

a) *Interest (discount) rate*

The present value as at March 31, 2011 of the future benefits was determined using a discount rate of 4.75% (2010 – 4.75%).

b) *Drug Costs*

Drug costs were assumed to increase at a 10.5% rate for 2011 and decrease proportionately thereafter to an ultimate rate of 4.5% in 2026 for fiscal 2011 disclosure.

c) *Hospital and other medical*

Hospital and other medical costs were assumed to increase at 4.5% per annum (2010 – 4.5%).

Medical premium increases were assumed to increase at 8.0% per annum in 2008 and decrease proportionately thereafter to an ultimate rate of 4.5% in 2023 for the fiscal 2011 benefits cost.

Medical premium increases were assumed to increase at 8.0% per annum in 2011 and decrease proportionately thereafter to an ultimate rate of 4.5% in 2026 for the fiscal 2011 disclosure.

d) *Dental costs*

Dental costs were assumed to increase at 7.5% per annum in 2008 and decrease proportionately thereafter to an ultimate rate of 4.5% in 2023 for the fiscal 2011 benefits cost.

Dental costs were assumed to increase at 4.5% per annum for fiscal 2011 disclosure.

13. DEFERRED CONTRIBUTIONS

Deferred contributions represent unspent externally restricted funding that has been received and relates to a subsequent year. Changes in the contributions deferred to future periods are as follows:

	2011	2010
Balance, beginning of year	**$ 1,700,976**	$ 2,276,946
Less amounts recognized as revenue in the year	**(3,920,965)**	(3,752,470)
Add amounts received during the year	**4,138,503**	3,176,500
Balance, end of year	**$ 1,918,514**	$ 1,700,976

Comprised of:

	2011	2010

17. INTERNALLY RESTRICTED NET ASSETS

Internally restricted net assets represents money set aside by College senior management for an international student scholarship fund. A commitment has been made by College senior management to contribute 1% of international education tuition fees to this fund annually. As at March 31, 2011, the College’s internally restricted fund amounted to $808,051 (2010 - $371,521).

18. EXTERNALLY RESTRICTED NET ASSETS

Externally restricted net assets include restricted donations received by the College where the endowment principal is required to be maintained intact. The investment income generated from these endowments must be used in accordance with the various purposes established by donors. The College ensures, as part of its fiduciary responsibilities, that all funds received with a restricted purpose are expended for the purpose for which they were provided. The book value of College endowment funds equals market value as at March 31, 2011.

Investment income on externally restricted endowments that was disbursed during the year has been recorded in the statement of operations since this income is available for disbursement as scholarships and bursaries and the donors' conditions have been met. The unspent portion of investment income is recorded in deferred contributions.

Externally restricted endowment funds include grants provided by the Government of Ontario from the Ontario Student Opportunity Trust Fund. Under this program, the government matches funds raised by the College. The purpose of the program is to assist academically qualified individuals who, for financial reasons, would not otherwise be able to attend College.
