A GUIDE TO PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2010-2011 Public Accounts of the Province of Ontario comprise the **Annual Report** and three supporting volumes:

Volume 1 contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

Volume 2 contains the financial statements of Government Organizations and Business Enterprises that are part of the government's reporting entity and other miscellaneous financial statements.

Volume 3 contains detailed schedules of payments made by ministries to vendors and transfer payment recipients.

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided on pages 2-1 to 2-383. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Where applicable, statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities and Claims Against the Crown.

3 TERMS AND DEFINITION USED

Special Warrants

Special Warrants are issued to authorize payments for the purpose of general and necessary government expenditures when the Legislature is not in session.

Cost Recovery Items

In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of \$1,000.

Statutory Appropriations

Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*.

Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Standard Accounts

Spending is forecast for the fiscal year 2010-11 under Standard Accounts at the Item level. The descriptions of the contents of the Standard Accounts given below are intended to serve as brief outlines only and should not be considered all inclusive.

EXPENSES

Salaries and wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to employees.

Employee benefits

Includes the government's contribution as an employer to the Canada Pension Plan; the Ontario Public Service Employees' Union Pension Plan; the Public Service Pension Plan; Employment Insurance; the Workplace Safety and Insurance Board; and other employee benefit plans.

Transportation and communication

Includes traveling expenses of employees on government business and recipients of government services, such as wards of the province; relocation expenses of employees who transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone and data communications.

Services

Includes information services, such as, advertising and communication services provided by professional agencies and advertising placed directly with the media; rental and purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and equipment

Includes provision for the purchase of all machinery and equipment including motor vehicles and computers, both new and used; and the purchase of all materials, supplies and utilities.

Transfer payments

Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other transactions

Includes special transactions, such as interest incentives and subsidies; guarantees honoured; losses on loans; and repayable grants.

ASSETS

ASSETS are balance sheet accounts which require an appropriation in the Estimates. Asset categories include the following:

Deposits and prepaid expenses

Includes payments in advance of receiving related goods or services or in advance of being earned by transfer payment recipients, and which will be recorded in a non-asset standard account in a future fiscal year.

Advances and recoverable amounts

Includes payments to transfer payment recipients that will be repaid to the Province in a future fiscal year.

Loans and investments

Includes payments to debtors under loan agreements and investments in the shares of Crown corporations or other entities.

Land

Includes land purchased or acquired for use, for preservation, for parks and recreation, for building sites, for infrastructure and for other program use.

Buildings

Include large and complex high-rise office towers, special-purpose buildings such as prisons and courthouses, and simple structures such as salt domes and tool sheds. Also includes any construction required to address occupants' work function or aesthetic needs over and above of what is provided within the base accommodation envelope (either owned or leased).

Transportation infrastructure

Is comprised of a complex network of highways, bridges, and related structures and facilities.

Information technology hardware

Includes physical data and voice networks, platforms, wireless devices, networks and access points, mainframe and desktop computers, servers and data repositories, as well as operating systems and related software.

Business application software

Aggregates software components that automate and optimize business functions, processes, tasks and activities.

Land and marine fleet

Includes plated motor vehicles that are owned by ministries: passenger vehicles, medium duty, heavy commercial, and other specialty vehicles. Also includes medium/large boats and ferries.

Aircraft

Encompasses the fixed wing and rotary wing aircraft.

Personal Income Tax is collected by the federal government on behalf of the Province. The amount reported by the Province is net of \$138,435,369 for Ontario Tax Credits excluding property and sales tax credits in 2010-11 and \$30,146,263 in 2009-10.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2011**

For 2011, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to \$37,774; 9.15% for taxable income between \$37,774 and \$75,550; and 11.16% for taxable income over \$75,550. For 2010, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to \$37,106; 9.15% for taxable income between \$37,106 and \$74,214; and 11.16% for taxable income over \$74,214. For 2009, the Ontario Personal Income Tax rates are: 6.05% for taxable income of up to \$36,848; 9.15% for taxable income between \$36,848 and 73,698; and 11.16% for taxable income over \$73,698. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 6.05% for 2009 and 5.05% starting in 2010 (11.16% for charitable donations in excess of \$200), before calculating the provincial surtax or Ontario Tax Reduction. Ontario non-refundable tax credit amounts are indexed annually.

Higher-income earners are subject to a surtax. For 2011, the surtax is equal to 20% of Ontario income tax in excess of \$4,078, plus 36% of Ontario income tax in excess of \$5,219. For 2010, the surtax is equal to 20% of Ontario income tax in excess of \$4,006, plus 36% of Ontario income tax in excess of \$5,127. For 2009, the surtax is equal to 20% of Ontario income tax in excess of \$4,257, plus 36% of Ontario income tax in excess of \$5,370.

Ontario income tax is eliminated if Ontario tax is below a threshold amount. If Ontario tax exceeds the taxpayer's threshold amount, the individual may be eligible to pay a reduced amount of Ontario tax. For 2011, the basic threshold amount is \$210 and the additional amount for each dependent child and each disabled or infirm dependant is \$389. For 2010, the basic threshold amount is \$206 and the additional amount for each dependent child and each disabled or infirm dependant is \$382. For 2009, the basic threshold amount is \$205 and the additional amount for each dependent child and each disabled or infirm dependant is \$379.

The Harmonized Sales Tax (HST) came into effect on July 1, 2010. The Provincial Retail Sales Tax (RST) was replaced with a single value-added sales tax and combined with the Federal Goods and Services Tax (GST) to create the HST. The provincial portion of the HST is eight per cent – the same as the general RST rate before it was replaced – and the federal portion is five per cent, for a combined HST rate of 13 per cent. As part of the move to the HST, responsibility for the collection of the tax was transferred to the Federal Government, where HST revenues are distributed to the Province based on a revenue allocation formula.

Ontario has maintained an 8% sales tax on the same types of insurance previously taxable before July 2010 and has also maintained a sales tax on private transfers of used vehicles, at a rate of 13%. Both the sales tax on insurance premiums and on private sales of used vehicles continue to be administered by Ontario.

Prior to July 1, 2010, Ontario RST was collected for the Province by registered vendors on the fair value of taxable goods and services, exclusive of any Federal GST. The tax was levied on the purchaser of most tangible personal property and certain services at the general rate of 8% of the purchase price. For admission fees to a place of amusement that exceeded \$4.00 and alcoholic beverages sold at licensed establishments, the rate was 10%. Alcoholic beverages sold through retail outlets were taxed at 12%. On transient accommodation, the rate was 5%. Insurance premiums were generally taxed at 8%; however, certain types, including auto insurance premiums and individual life and health insurance premiums were exempt. There was also a Tax for Fuel Conservation levied under the *Retail Sales Tax Act* (the Act). A progressive tax schedule was applied to purchases of new passenger and sport utility vehicles based on their highway fuel consumption ratings. A \$100 tax credit was given to the purchaser of a new passenger car with a highway fuel consumption rating of less than 6.0 litres of gasoline or diesel fuel per 100 kilometres. Persons who produced their own beer and wine in a vendor's place were required to pay a tax of \$0.13 per litre. Persons who produced other tangible personal property for own consumption were required to pay 8% tax on the fair value. The Act provided a range of exemptions and rebates.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2011**

Corporations Tax is comprised of three types of taxes levied on corporations: income, capital and insurance premiums taxes. Details of these taxes follow.

Income tax: The general statutory rate of Corporate Income Tax (CIT) is 14%, reduced to 12% effective July 1, 2010. The general CIT rate will be further reduced to 11% on July 1, 2012 and to 10% on July 1, 2013. Active business income from manufacturing and processing (M&P), mining, logging, fishing and farming is subject to a lower 12% (reduced to 10% effective July 1, 2010) rate of tax. Small Canadian-controlled private corporations are also eligible for a reduced CIT rate of 5.5%, reduced to 4.5% effective July 1 2010, on the first \$500,000 of active business income. The small business deduction surtax of 4.25% phases out the benefit of the small business CIT rate as income rises to \$1.5 million. The small business deduction surtax is eliminated effective July 1, 2010. The Province also levies a Corporate Minimum Tax (“CMT”), that effectively acts as a pre-payment of regular CIT. CMT is calculated as the amount by which 4%, reduced to 2.7% effective July 1, 2010, of adjusted net income for accounting purposes exceeds CIT payable. The Province offers a variety of refundable tax credits that act as incentives for certain activities. These refundable tax credits, are the: (i) Ontario innovation, (ii) Ontario co-operative education, (iii) Ontario apprenticeship training, (iv) Ontario film and television, (v) Ontario book publishing, (vi) Ontario computer animation and special effects, (vii) Ontario business-research institute, (viii) Ontario production services, (ix) Ontario interactive digital media, (x) Ontario sound recording and (xi), beginning July 1, 2010, the Ontario small beer manufacturers’ tax credit. The Province also offers other tax incentives for research and development, political contributions, credit unions and the resources sector.

Insurance premiums tax: Insurance companies are subject to a 2% insurance premiums tax on accident and sickness and life insurance premiums, 3% on any other type of insurance premiums and an additional 1/2% on property insurance premiums. Other corporations are also subject to these same rates of insurance premiums tax on premiums paid to unlicensed insurers. All corporations are also subject to a 2% insurance premiums tax for payments made in respect of uninsured benefit arrangements.

Capital tax: In 2010, prior to July 1, 2010, corporations are generally subject to a tax on capital used in Ontario. The first \$15 million of taxable paid-up capital is exempt from capital tax. The capital tax rate for regular corporations is 0.15%. Capital tax generally applies to financial institutions at a two-tier rate. The rates in 2010 are 0.3% on a financial institution’s adjusted taxable paid-up capital up to \$400 million and 0.45% on any excess. Non-deposit taking financial institutions with taxable paid-up capital over \$400 million are subject to capital tax at the rate of 0.36%. Large financial institutions may reduce their capital tax liability where they make eligible investments in Ontario small businesses under the Small Business Investment Tax Credit. Corporations primarily engaged in manufacturing and resource activities are exempt from capital tax as of January 1, 2007. The capital tax is eliminated for all corporations effective July 1, 2010.

Insurance corporations do not pay regular capital tax. Life insurers pay a special additional tax at a rate of 1.25% of taxable capital in Ontario above a minimum \$10 million exemption, with income tax and CMT creditable against this tax.

For the year ended March 31, 2011

Education property taxes are collected by municipalities and transferred to school boards for the purposes of funding education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.241% for residential properties. Rates for commercial, industrial and pipeline properties vary across the Province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of \$689 million in property tax credits in 2010-11 and \$912 million in property tax credits in 2009-10. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with total annual Ontario remuneration of \$200,000 or less calculate tax payable at a rate of 0.98%; employers with total annual Ontario remuneration over \$200,000 and up to \$400,000 calculate tax payable at graduated rates between 0.98% and 1.95%; and employers with total annual Ontario remuneration in excess of \$400,000 calculate tax payable at 1.95%. A tax exemption is provided for the first \$400,000 of total annual Ontario remuneration paid by private sector employers and their associated entities.

Gasoline Tax is levied on gasoline and propane used in a licensed motor vehicle, and aviation fuel used to power aircraft. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel used in powering aircraft is 2.7 cents per litre. The majority of tax is collected for the Province by Ministry-designated gasoline, propane, and aviation fuel wholesalers.

Land Transfer Tax is collected on the transfer of land. One-half of 1% is levied on the value of consideration for the conveyance up to and including \$55,000; 1.0% on the value of consideration exceeding \$55,000 up to and including \$250,000; 1.5% on the value of consideration exceeding \$250,000; and, where the value of the consideration exceeds \$400,000 and the property contains one or two single family residences, an additional tax of one-half of 1% applies on the value of consideration exceeding \$400,000. First time home buyers who purchase newly constructed homes or resale homes for which agreements of purchase and sale were entered into after December 13, 2007 are eligible to receive a refund of land transfer tax of up to \$2,000.

Tobacco Tax covers all forms of tobacco products. The specific tax rate per cigarette and per gram or part gram of fine cut tobacco and all other tobacco products except cigars is 12.35 cents. The rate of tax on cigars is 56.6% of the taxable price. The majority of tax is collected for the Province by Ministry designated tobacco and cigar wholesalers.

Fuel Tax is levied on every purchaser of clear middle distillate fuel used in internal combustion engines. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. The majority of tax is collected for the Province by Ministry designated wholesalers.

Beer and Wine Taxes were effective July 1, 2010. These taxes replaced certain alcohol charges and were revenue neutral for the Ontario Government. Taxes apply on every purchaser of beer from a beer manufacturer's on-site store, The Beer Store, or a licensed establishment. Taxes are also imposed on purchasers of draft beer made by a brew pub and wine and wine coolers from a winery retail store.

Electricity payments in lieu of taxes (PILs) are made by OPG, HOI and municipal electric utilities to the Ontario Electricity Financial Corporation (OEFC). OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. The amount of PILs replicates the amount of tax that would be payable under the *Income Tax Act* (Canada) *Corporations Tax Act* and *Taxation Act, 2007* if these publicly owned corporations were not exempt from federal and provincial corporate taxes. These corporations also make payments in lieu of additional property taxes.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2011**

The Federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

Ontario levies a mining tax on profits in excess of \$500,000 derived from Ontario mining operations (excluding diamond-mining). The tax rate applied to non-remote mines is 10%. An exemption is available for up to \$10 million of profit earned in the first 3 years by a new non-remote mine or a major expansion of an existing non-remote mine. Remote mines are eligible for a reduced mining tax rate of 5%. An exemption is available for up to \$10 million of profit earned in the first 10 years by a new mine opened in a remote Ontario location. Diamonds are excluded from mining tax and are subject to a royalty on the value of a diamond mine's output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee by an Ontario Court. The amount of tax is equal to \$5 for each \$1,000, or part thereof, of the first \$50,000 of the value of the estate and \$15 for each \$1,000, or part thereof, of the value of the estate exceeding \$50,000. If the value of the estate does not exceed \$1,000, the estate is exempt from this tax.

The Gross Revenue Charge (GRC) is payable to the Ministry of Finance by hydro-electric generating stations owners and water power leaseholders. Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations. The Property Tax component is included as taxation for the Province and the Water Rental component of the GRC is included under Other Revenue – Royalties (page 1-13).

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment. Separate schedules of rates for gas pipelines and oil pipelines are used, which correspond to the schedules for municipal taxation, as, set out in the *Assessment Act*.

The Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 0.5% on all wagers.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of \$1 in organized municipalities and \$4 in unorganized municipalities.

The *Athletics Control Act* states that every person conducting a professional boxing contest or exhibition shall pay to the minister an amount not less than 1% and not more than 5% of the gross receipts in respect of such contests or exhibitions.

The introduction of the Ontario Health Premium (OHP) has helped to ensure the government's ability to make much needed investments in the province's health care system. Every penny of the OHP goes toward improving Ontario's health services. Since 2003-04, health-related spending has increased by \$15.4 billion while health-related revenues, mainly comprised of the OHP and federal transfers, have increased by \$8.6 billion. In 2010-11, OHP revenue increased by \$171 million to \$2,934 million, up from \$2,763 million in 2009-10. During the same period, expenses in the Ministry of Health and Long-Term Care and Ministry of Health Promotion and Sport increased by \$1,614 million to \$44,773 million, up from \$43,159 million in 2009-10.

Ontario Health Premium revenue supports expenditures in all areas of the Ministry of Health and Long-Term Care and the Ministry of Health Promotion and Sport and is not earmarked by program area. In 2010-11, revenue from the health premium was \$2,934 million, or 6.6 per cent of the \$44,773 million in total expenses for the Ministry of Health and Long-Term Care and the Ministry of Health Promotion and Sport. This compares to \$2,763 million or 6.4 per cent of \$43,159 million for the two ministries in 2009-10. Below is a table that shows how health premium revenue supports major investments in the health care sector. Also shown is the level of support in each health care sector if the percentage shares in 2009-10 and 2010-11 were allocated equally across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Equally Across Expense Areas

The Canada Health Transfer (CHT) is a block fund cash contribution used by the federal government to support health care spending in the provinces and territories. The federal government allocates CHT entitlements among provinces and territories making use of a formula that takes into account provincial population and the value of personal and corporate income tax points transferred to provinces in 1977-78. To receive federal CHT cash transfers, provinces and territories must comply with the principles of the *Canada Health Act*.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2011**

The Canada Social Transfer (CST) is a block fund cash contribution used by the federal government to support provincial and territorial expenditures on postsecondary education, social assistance and other social programs. Since 2007-08, the CST has been allocated to provinces and territories on an equal per capita cash basis. To receive federal CST cash transfers, provinces and territories are prohibited from imposing residency requirements in determining eligibility for social assistance.

In November 2009, the Governments of Ontario and Canada signed a Comprehensive Integrated Tax Coordination Agreement (CITCA). As part of this agreement the federal government will provide transitional assistance of \$4.3 billion to Ontario to help offset transition costs and to facilitate economic growth and job creation that arise as a consequence of the transitioning to a harmonized sales tax. Ontario received \$3.0 billion in 2010-11 related to this agreement.

Infrastructure funding to Ontario is provided through a number of agreements that support construction, renewal, improvement and expansion of the province's physical capital, including roads, bridges, public transit and water systems. The 2009 federal budget announced time-limited support for infrastructure through the Infrastructure Stimulus Fund, Knowledge Infrastructure Program and Recreational Infrastructure Canada Program. The 2009 federal budget also announced funding for communities through the top up to the Building Canada Fund – Communities Component. The federal government also provided time-limited funding for the renovation and retrofit of existing social housing and for the construction of social housing for low-income seniors and persons with disabilities.

Equalization is the Government of Canada's transfer program for addressing fiscal disparities among provinces. Equalization payments are unconditional – receiving provinces are free to spend the funds according to their own priorities.

On November 23, 2005 the Government of Ontario and the Government of Canada entered into a Labour Market Development Agreement (LMDA), which provides for the transfer to Ontario of the administration of labour market development programs and services previously run by the federal government. LMDA funding enables provinces and territories to design and deliver skills and employment training programs, particularly for those who are eligible for Employment Insurance (EI) benefits. The 2009 federal budget announced a temporary enhancement to the LMDA, to be provided over two years in 2009-10 and 2010-11, to help respond to the higher demand for labour market programs and training, due to increased unemployment. The LMDA is funded under the legislative authority of Part II of the *Employment Insurance Act*.

Social Housing reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

Indian Welfare Services Agreement payments assist the Province in providing welfare services and programs to persons living on Indian reserves. Under the agreement, the welfare services and programs that are provided on reserves are equal to those available to persons living in other communities.

On February 21, 2008 the Government of Ontario and the Government of Canada signed the Canada-Ontario Labour Market Agreement (LMA). The LMA provides funding for labour market programs and services that focus on skills development for unemployed individuals who are not eligible for Employment Insurance benefits and employed individuals who do not have a high school diploma or recognized certification, or who have low levels of literacy and essential skills.

On January 10, 2008, the federal government announced its intention to create a Community Development Trust to support provincial and territorial initiatives to assist workers and communities that face challenges due to economic volatility. The Community Development Trust, worth \$1 billion nationally was allocated over three years. A base amount of \$10 million was provided to each province and \$3 million to each territory, with the balance of the funding allocated on a per capita basis. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

The 2009 federal budget announced the creation of the Strategic Training and Transition Fund (STTF) to support provincial and territorial initiatives that help workers retrain to retain employment or transition to new jobs in communities and sectors affected by the economic downturn. Funding for the STTF has been provided for two years, 2009-10 and 2010-11.

The Wait Times Reduction Fund was established at the September 2004 First Ministers' Meeting to assist provinces and territories in reducing medical wait times by investing in key activities in areas of training and hiring of health professionals, capacity building for regional centres of excellence and backlog clearance.

Bilingualism Development reimbursements are the federal government's portion of the cost of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

The 2007 federal budget introduced a financial incentive to provinces that reduce or eliminate capital taxes. The incentive returns to the provinces any federal Corporate Income Tax (CIT) windfall that arises from reductions in provincial capital tax occurring after March 18, 2007 and before January 1, 2011.

Under the Labour Market Agreement for Persons with Disabilities (LMAPD), the federal government provides contributions to the Province to support measures that will enhance the economic participation in the labour market of working age adults with disabilities by helping them prepare for, attain and retain employment.

Youth justice transfer payment programs are ongoing, and mandated under the *Youth Criminal Justice Act*. The federal government cost shares a portion of the Youth Justice Services expenditures.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the *Youth Criminal Justice Act*. They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

The federal government announced the creation of a \$400 million Police Officers Recruitment Fund in the 2008 federal budget. The funding was allocated to provinces and territories over five years, 2008-09 to 2012-13, on a per capita basis. The fund was created to support the efforts of provinces and territories in recruiting additional front-line police officers nationwide who can target local crimes and make communities safer. The federal government placed the funds into a third party trust account and the Province booked the revenue according to the draw down schedule provided by the federal government.

Student Assistance includes Canada Study Grants and the administration of Canada Student Loans. Canada Study Grants are provided to students with dependants, high-need part-time students, students with disabilities, and women in doctoral studies.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

The federal government provides support through the Targeted Initiative for Older Workers (TIOW) for employment assistance services and employability improvement activities, such as skills upgrading and work experience, to assist unemployed workers aged 55 to 64 with their return to work.

Other payments from the federal government included:

- a) Annual subsidies of \$7,999,827 under the *Constitution Act, 1907*; and
- b) Interest of \$82,494 on the Common School Fund.

Income from Government Enterprises represents amounts received by the Province from government business enterprises.

The Ontario Lottery and Gaming Corporation (OLG) conducts and manages lottery games, resort casinos, charity casinos, and slot machines at Ontario racetracks on behalf of the Province of Ontario. The Province consolidates the net income from OLG's lotteries, resort casinos, charity casinos and slot machine facilities. In addition to the net income, the Province also earns 20% of gross gaming revenue from Caesars Windsor, Casino Niagara, Niagara Fallsview Casino Resort and Casino Rama. It also earns 20% of gross gaming revenue from slot machines at the Great Blue Heron Charity Casino.

In 2010-11 the proceeds from OLG lotteries, charity casinos and slot machine facilities were allocated by the Province of Ontario to the following Ministries and programs: \$120 million to the Ontario Trillium Foundation for grants to charities and not for profit organisations, \$39 million to the Ministry of Health and Long-Term Care and the Ministry of Health Promotion to support problem gambling and related programs for prevention, treatment and research, \$10 million to the Ministry of Health Promotion and Sport for direct financial support to Ontario high-performance athletes and enhanced coaching development, with the balance being applied to the Ministry of Health and Long-Term Care for the operation of hospitals.

In 2010-11 the proceeds from OLG resort casinos were allocated by the Province of Ontario to general government priorities such as health care, education and public infrastructure. Net income earned in 2010-11 from Casino Rama was distributed to First Nations across Ontario and is not included in the amount reported here.

Liquor Control Board of Ontario (LCBO) profits are generated from the sale of beer, wine, coolers, and spirits.

Hydro One Incorporated (Hydro One) and Ontario Power Generation Incorporated (OPG) were created as part of the restructuring of the former Ontario Hydro. Net income from these two corporations is consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles and buses the fee ranges from \$109 to \$2,722. Fees for passenger cars and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are \$74 per year in Southern Ontario and \$37 per year in Northern Ontario. Fees for motorcycles and mopeds are \$42 and \$12 per year respectively in Southern Ontario and \$21 and \$12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

Liquor licences and permits collected by the Alcohol and Gaming Commission of Ontario include liquor sales licences, mini bar licences, endorsements, liquor delivery services licences, brew on premise licences, special occasion permits and manufacturer's licences.

The registrar's fees consist of fees collected by the Ontario Court (General Division) in estates matters as set by O.Reg. 393/90 made under the *Administration of Justice Act* and the issuing, signing and filing fees for court related documents in civil matters.

Personal Property registration service fees are remittances for the registration and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

Fees for the Drive Clean Program are chargeable to the public for vehicle emissions testing, known as a "Drive Clean Emissions test". Also, an accreditation fee, which varies depending on the type of facility, as well as a fixed annual renewal fee, is chargeable to garages for accreditation certification as Drive Clean facilities.

Companies' service fees are remittances for registration, searches and certificates pertaining to incorporations, limited partnerships and business names. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering commercial suppliers and gaming employees of charitable gaming events, casinos, charity casinos and slot machine facilities. Also included are fees for issuing licences to conduct and manage lottery schemes such as raffles.

Effective January 1, 2001, persons who by virtue of an agreement, lease or other writing are entitled to occupy public lands are required to pay a water rental charge calculated at a rate of 9.5 % on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-5.

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base charge per cubic metre, adjusted annually, is established as a minimum rate. The minimum rate for most harvested timber during 2010-2011 was set at zero (bioproducts only), \$4.00, or \$0.59 per cubic metre depending on the tree species and commodity group. The \$0.59 per cubic metre reflects the rate for several underutilized species and the economic volatility in the forest industry. A residual value charge, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from \$0.00 to \$11.66 per cubic metre.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2010-2011 the FRI rate was set at either \$2.50 or \$0.59, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses until a \$10 million balance in the FRI account was achieved. After reaching the \$10 million level, the FRI charge is set to zero, which occurred for this fiscal year in November 2010. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum charge is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

DETAILS OF REVENUE – Concluded

For the year ended March 31, 2011

Teranet – Polaris Royalties -The Province completed the sale of its 50% ownership in Teranet in 2003-04. As part of this transaction, the Province agreed to suspend royalties from Teranet for a period of 13.67 years to March 31, 2017 in exchange for a lump sum payment of \$205 million. The \$205 million represents deferred royalties to be earned by the Province in future years and have been recognized in the Province's accounts as deferred revenue. The deferred revenue is amortized to revenue over the life of the royalty suspension agreement.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power purchased from and payments made to electricity generators under power purchase contracts and the cost of other supply agreements with the Ontario Electricity Financial Corporation (OEFC), the legal continuation of the former Ontario Hydro.

Power supply contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provided for the purchase of power at prices that were expected to be in excess of the market price. Accordingly, a power purchase contract liability was recorded. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the Ministry of Finance estimated that the bulk of the liability would be eliminated over 12 years, as existing electricity contracts expire. In addition, effective January 1, 2009, OEFC entered into a support contract with Ontario Power Generation (OPG) whereby OPG agreed to maintain the reliability and availability of Lambton and Nanticoke coal-fired stations following implementation of a greenhouse gas emissions-reduction strategy. Under the contract, OEFC agreed to ensure OPG would recover the actual costs of operating the stations after implementing this strategy. Any costs to OEFC under this agreement, which expires December 31, 2014, are fully recovered from ratepayers.

The Electricity Debt Retirement Charge is paid by electricity consumers based on consumption of electricity until stranded debt is defeased. Residual stranded debt originated from the restructuring of the old Ontario Hydro and restructuring of the electricity sector.

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the liability, plus an annual amortization amount for the unrealized revaluation change in 2003 to the estimated value of the power purchase liability.

The Independent Electricity System Operator (IESO) was established through the *Electricity Restructuring Act, 2004*. It operates independently and as a non-profit corporation. Licensed by the Ontario Energy Board, it reports to the legislature through the Ministry of Energy. The IESO, formerly called the Independent Electricity Market Operator, manages the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO revenue is derived primarily from system fees based on OEB-approved rates for each megawatt of electricity withdrawn from the IESO-controlled grid.

*Standard accounts classification is explained on page iv-v. Statutory expense has been allocated to the appropriate Standard Accounts.

Recoveries of expenses by standard accounts are netted at the ministry level to reflect the Estimates structure.

**Expenses are reclassified for the recoveries related to Seconded Legal Services (Ministry of Attorney General), Ontario Internal Audit (Ministry of Finance), Info. & Info. Tech. Cluster (Ministries of Education & Transportation), Land Resources I & IT Cluster (Ministry of Natural Resources) and Government Services Delivery Cluster, Corporate Information and Information Technology & Ontario Shared Services (Ministry of Government Services).

1. Total CRF Expenses reflect expenses subject to appropriation per ministry structure in place when the Estimates for 2010-11 were issued.

2. Ministry reclassification adjustments are to reclassify expenses to new ministry structure.

Program Description

The Ministry of Aboriginal Affairs program's mandate has four key strategies; develop stronger broader partnerships with Aboriginal people, lead strategic policy and priority planning, resolve land claims and address rights, and coordination of Aboriginal issues within the Ontario Public Service (OPS). The activities of the ministry support the broader government priority of Vital Public Interest.

Program Description

Under this strategy, the ministry supports agriculture, food and bio-product sectors through a comprehensive approach. Components of this strategy that contribute to the framework for these sectors include: delivery of farm income stabilization and other assistance programs to the agriculture sector; working with agri-food partners in identifying needs and opportunities, and adopting new technologies; investing in agri-food research; investment attraction and investment retention efforts for the processing sector; and promoting Ontario food and agricultural sales in export and domestic markets.

This strategy also assists rural Ontario in building strong, vital communities with diversified economies and healthy social and environmental climates by working collaboratively with rural communities, municipalities, businesses and organizations to undertake economic development initiatives.

Program Description

This program provides for the overall administration of the Ministry, supplying administrative and support services for the operating programs. The Corporate Services Management Division provides strategic support and advice to the Ministry in the areas of business and fiscal planning, human resources, emergency management, facilities management, research and analysis, and the co-ordination of key strategic projects. The Division also delivers shared services for Freedom of Information and French Language Services to the justice sector ministries, and provides service management for centrally delivered services of audit and quality assurance, and Ontario Shared Services. Ministry Administration also includes the Attorney General's Office, the Deputy Attorney General's Office and the Parliamentary Assistant's Office, Associate Deputy Minister's Office, as well as the Communications Branch.

Program Description

The Policy, Justice Programs and Agencies Program oversees the administration, coordination and delivery of the Ministry's policy development and social/family justice programs across Ontario. The Program manages the Office of the Public Guardian and Trustee, Office of the Children's Lawyer, Bail Verification and Supervision Program, Supervised Access Program, and the Special Investigations Unit. The program also provides for the operation and oversight of the agencies, boards and commissions within the Ministry including the Environment and Land Tribunals of Ontario, Ontario Human Rights Commission, the Human Rights Tribunal of Ontario, the Human Rights Legal Support Centre, the Office of the Independent Police Review Director and Legal Aid Ontario. The Ministry is also responsible for the administration of public inquiries and Federal-Provincial-Territorial relations. In its policy role, the Program is responsible for the Attorney General's legislative agenda and for providing strategic and legal policy advice.

Program Description

This program supports the role of the Attorney General as Chief Law Officer of the Crown by providing the government with expert legal advice, advocacy and representation before tribunals and at all levels of court. Timely and high quality legal advice and services are critical to the government's ability to develop and deliver on its core businesses, policies, programs and services.

This program includes the Office of Legislative Counsel responsible for drafting all provincial bills and regulations in English and French, and providing legal advice on legislative matters to the Legislative Assembly and Cabinet. It also consolidates statutes and regulations.

Program Description

The Court Services Division is responsible for the administration and functioning of criminal, civil, family and small claims courts in Ontario. These services are divided into three components: court administration, judicial services and court construction. Court administration and judicial services provide support to the effective and efficient management of the justice system. Court construction provides funding for new courthouses and large-scale renovations of existing court facilities to support a justice system that is modern, secure and accessible.

Program Description

The Auditor General, who is an Officer of the Assembly, conducts independent audits of government programs, the financial statements of the Province and numerous agencies of the Crown, broader public-sector organizations, and reviews under the authority of the *Auditor General Act* and various other statutes and authorities. The results of these audits and reviews provide assurance, objective information and advice to the Legislative Assembly. In doing so, the Office of the Auditor General assists the Assembly in holding the government, its administrators, and grant recipients accountable for their stewardship of public funds and for the achievement of value-for-money in the delivery of services to the public.

Additionally, under the *Government Advertising Act, 2004*, the Auditor General is required to review specified types of advertising and certain printed matter proposed by government offices to determine whether they meet the standards required by that Act.

Under both Acts, the Auditor General reports the results of the work conducted each year directly to the Legislative Assembly.

Program Description

The Office conducts general elections and by-elections of Members to the Legislative Assembly and provides research, public information and policy advice relating to the electoral process. The Office also trains, directs and supervises the returning officer in each of the 107 electoral districts.

The Chief Electoral Officer also administers the *Election Finances Act*. Over 400 Constituency Associations and 13 registered political parties must file annual returns and inform Elections Ontario of any changes to registration information. Any form filed with Elections Ontario is reviewed for compliance with the *Election Finances Act*.

The Office has responsibility to administer referenda under the *Taxpayer Protection Act*, 1999.

The Office serves Ministries, agencies and the public on a continuing basis by conducting historical and comparative research and providing policy advice and general information regarding the electoral process.

Program Description

Children and Youth Services programs include Early Learning and Child Development, Children and Youth at Risk, Specialized Services and Ontario Child Benefit. Early Learning and Child Development includes child care; Best Start demonstration communities; early identification and intervention services such as the Preschool Speech and Language program, Healthy Babies Healthy Children and family and community support programs. Children and Youth at Risk includes child protection, child and youth mental health, services for youth in high-needs neighborhoods (including employment and outreach) and youth justice services for youth in, or at risk for, conflict with the law. Specialized Services includes autism, children's rehabilitation and enhanced and out-of-home respite programs. The Ontario Child Benefit is an income tested financial benefit that supports low income families with children under the age of 18, whether they are working or not. The Ontario Child Benefit equivalent is provided to children's aid societies in respect of children and youth in care to provide them with increased access to social, educational and recreational opportunities and savings to prepare for leaving care.

* Child care policy and program responsibilities were transferred to the Ministry of Education to facilitate smoother transitions for children from the child care system to the education system. Expenses for child care have been restated to appear in the Ministry of Education.

Program Description

Effective and accountable community-based services are directed to those most in need, in the fairest possible manner. Ontarians in need, including persons with disabilities, can access income and employment supports to help them move towards self-sufficiency. The Family Responsibility Office is a neutral enforcement program working with support payors and support recipients to meet their family support responsibilities. Adult community services support families and communities to help vulnerable adults, including services for people with developmental disabilities and other special needs, women who have experienced domestic violence, and aboriginal people through the Aboriginal Healing and Wellness Strategy. The Accessibility Directorate of Ontario leads the implementation of the *Accessibility for Ontarians with Disabilities Act, 2005* and the *Ontarians with Disabilities Act, 2001* to achieve accessibility for Ontarians with disabilities through the development and enforcement of accessibility standards, public education and guidance, tools and resources for accessibility planning and programming.

Program Description

Reporting to the Commissioner of the Ontario Provincial Police, the OPP is responsible for providing direct front line policing services in hundreds of municipalities and First Nations communities throughout the province. The OPP investigates province-wide and cross-jurisdictional crimes including complex frauds and organized criminal activity. In addition, the OPP patrols provincial highways and is responsible for many of the waterways and trail systems in the province. The OPP maintains specialized provincial registries, e.g., Violent Crimes Linkages Analysis System and the Ontario Sex Offender Registry. Oversight of provincial strategies such as child exploitation and biker enforcement are responsibilities of the OPP. Included as part of its provincial mandate, the OPP also provides emergency services support, is responsible for security for high profile international events, and delivers specialized security and protection services for the Government of Ontario throughout the province.

Program Description

Reporting to the Deputy Minister of Community Safety, this section captures resources and services dedicated to the public safety and security of Ontarians. This is achieved through the efforts of the Office of the Chief Coroner, Office of the Fire Marshal and Emergency Management Ontario. All are devoted to the rapid identification of issues and their resolution through effective mitigation, prevention, preparedness, response, recovery, scientific, investigative, business continuity and public education initiatives. The section strives to be a leader in ensuring that all of Ontario's diverse communities are safe and secure thereby supporting the government in its priority of stronger, safer communities.

Program Description

This program supports economic growth and job creation in Ontario by: providing leadership for the development of economic policies across the government; promoting community, sector and cluster development; attracting investment in strategic sectors; reducing the burden of government regulation on business through the enterprise-wide Open for Business initiative; supporting entrepreneurship and business start-ups; helping small and medium enterprises grow in domestic and international markets; addressing regional needs and building regional/local economic development capacity; and providing assistance to Ontario communities and industry sectors facing economic development challenges.

The program also promotes Ontario as a premier investment location and world class provider of goods and services by: providing site location services and detailed investment information to meet foreign investors' needs; offering services to new business immigrants; branding and marketing Ontario internationally; providing programs to assist Ontario companies in developing new export opportunities; and supporting Ontario's network of ten international offices and the operation of the Ontario Investment and Trade Centre.

Program Description

The program provides policy and program direction, as well as financial support, to elementary and secondary schools and agencies in Ontario in order to foster and sustain a high-quality education system for all students in this province, no matter where they live. The program aims to achieve three primary outcomes: excellence in student achievement; preparation of all students for success in further education, work, and community life; and improvement of Ontario's ability to compete in a global marketplace.

Key components of the program are: supporting the implementation of a rigorous curriculum, supporting student learning and maintaining challenging standards of achievement, and supporting excellence in teaching; provision of financial support to a streamlined and efficient education system with a focus on teaching and learning in the classroom, accountability for the funding of elementary and secondary education, and operation of provincial schools for the deaf, blind, deaf/blind and students with learning disabilities.

Program Description

This program is responsible for developing the energy policy framework of Ontario that is central to the building of a strong and prosperous economy. It provides leadership and support to the energy sector to achieve a diverse, environmentally-sustainable and competitively-priced energy supply and transmission and distribution systems. The program supports energy conservation and efficiency and the development of renewable and cleaner energy, including activities related to the implementation of the *Green Energy and Green Economy Act, 2009*.

This program also includes initiatives that support Ontario's legal obligations with respect to consulting with Aboriginal peoples and that facilitate the participation of Aboriginal peoples in the development and implementation of renewable energy projects, and transmission and distribution systems.

Through its oversight of the Ontario Energy Board, the Ontario Power Authority and the Independent Electricity System Operator, this program is responsible for setting the legislative and policy framework to assure safe and reliable supply and delivery of both electricity and natural gas to the province's energy consumers. It also represents the shareholder in dealings with Hydro One and Ontario Power Generation.

* Includes a Post Fiscal Year End Treasury Board Order of \$108,270,000, approved by Treasury Board on May 19, 2011 and applied retroactively to fiscal year 2010-11, for Transfer payments expenses.

Program Description

This program develops and coordinates implementation of sound infrastructure strategies for the province, including central agency management of the provincial capital planning process and budget development; leads negotiations with the federal government on new cost-shared infrastructure programs; leads the implementation of an asset management framework for the government; provides infrastructure economics and financial advice and analysis, as well as expertise on water economics.

This program provides leadership in the development and implementation of the government's province-wide growth management policy, under the *Places to Grow Act, 2005*. This includes creating regional growth management plans with local governments, Aboriginal communities, and other stakeholders, and facilitating the alignment of government policy and funding across multiple ministries to support implementation of the program. This program provides oversight to Waterfront Toronto and Infrastructure Ontario.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

This program identifies and executes the strategic policy interests of the owner with respect to the stewardship and strategic management of the Ministry's real estate portfolio and the broader government-owned and -controlled portfolio. The program works to ensure that real estate policy and decisions support the broad range of government initiatives and directives. It provides direction and oversight to the Ontario Realty Corporation and works closely with other ministries to develop policies, frameworks and strategies to support real estate planning and decision-making related to the use of Ministry-owned properties and other property and accommodation matters.

Program Description

The Electricity Price Mitigation program assists consumers with the transition to a reliable and cleaner electricity system and would complement existing tax-related mitigation benefits. The Ontario Clean Energy Benefit is a measure to provide direct relief to eligible electricity consumers, providing a benefit equal to 10 per cent of the total cost of electricity on their electricity bills including tax, effective January 1, 2011. Eligible consumers include residential, farm, small business, and other small users who use less than 250,000 kWh per year.

Program Description

The Office of the Budget, Taxation and Pensions advises and assists the Minister and Deputy Minister of Finance and the government in formulating the Ontario Budget and other major economic/fiscal documents. This function includes tax, pension and income security policy development and legislation, inter-governmental taxation, and quantitative analysis and research to identify the economic and fiscal implications of tax, pension and income security policies and emerging trends and developments. The office is also responsible for facilitating the Minister's oversight and accountability of the Liquor Control Board of Ontario, the Ontario Lottery and Gaming Corporation and the Ontario Racing Commission and manages the government's Deposit Return Program for beverage alcohol containers.

‡ In the Estimates, provisions were made for the cost of corporate initiatives. It was not practical, however, to distribute these appropriations among the Votes and Items of each ministry. Accordingly, the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

In this regard, \$897,849,700 of the "Contingencies" appropriations were allocated during the year to the programs and activities of various ministries. The actual costs incurred were not charged against the "Contingencies" activity but rather against those programs and activities to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

Program Description

This program develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; forecasts, monitors and reports on the performance of the Ontario economy; provides expertise and advice on sound economic design of government initiatives; develops demographic forecasts for Ontario; develops the policy and legislative framework for Ontario's financial services industry; develops and implements a fiscal and financial management framework for the public sector in Ontario; assists the Minister of Finance and the government in formulating Ontario's federal-provincial finance policy; develops, monitors and reports on the fiscal plan and results for the province; provides policy advice to clients, managers, and decision makers in the areas of accounting, fiscal and financial management; and fosters greater accountability and fiscal integrity in the public sector in Ontario. The program advises on assessment and property tax policy, grants to municipalities, and education tax rates. It also monitors the fiscal and financial relationship between the province and the municipalities, including providing transfer payments to municipalities.

Treasury Board Office coordinates fiscal strategy, risk assessment and internal audit services for the Ontario Public Service, and supports Treasury Board/ Management Board of Cabinet by providing advice on the appropriate use of public resources to meet government priorities. The program also facilitates integrated supply chain and back-office leading practices in Ontario's broader public sector. It also reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

Program Description

The Financial Services Commission of Ontario (FSCO) regulates the province's financial services sector, including insurance companies, pension plans, credit unions, caisses populaires, mortgage brokers, agents and administrators, loan and trust companies, and co-operatives. FSCO also makes recommendations to the Minister of Finance on matters affecting these sectors. In addition, FSCO is responsible for the administration of the Motor Vehicle Accident Claims Fund (MVACF) which compensates people injured in automobile accidents in Ontario where there is no other insurance available to respond to the claim. FSCO is also responsible for the administration of the Pension Benefits Guarantee Fund (PBGF). The PBGF pays a minimum level of pension benefits if a plan is wound up with insufficient assets.

FSCO works with the Ministry of Finance, consumers and industry stakeholders to protect the public interest, enhance public confidence, and create a business climate that promotes Ontario's domestic and international competitiveness.

Program Description

This program advises government, its ministries and agencies on matters concerning Francophone affairs and the provision of French-language services. It develops policies and programs pertaining to the government's French-language services. It monitors and oversees the implementation by ministries of the *French Language Services Act* and makes recommendations concerning the addition of new designated areas to the schedule and the designation of transfer payment agencies under the Act. It evaluates the quality, quantity and appropriateness of services delivered by ministries to the Francophone population. It also provides information, advice, expertise and assistance to the Francophone community.

Program Description

The Human Resources Services Program supports the government's commitment to be a responsive and innovative world leader in customer service by having a skilled and innovative workforce. All HR service delivery programs focus on supporting the OPS in becoming an employer of choice – an organization able to attract and retain capable employees and having a diverse workforce who can deliver on government's priorities for Ontario's citizens.

HROntario is responsible for creating and sustaining the skilled workforce required to support modern, efficient public services and for building capacity so government can focus on and achieve its priorities. HROntario delivers integrated HR and business transformation services that support ministries' business objectives, and develops and implements strategies and policies that make the OPS an employer of first choice. The program also coordinates the internal security, and emergency planning and management for the OPS.

The Diversity Office supports the OPS' vision of being an inclusive, diverse, equitable and accessible organization that delivers excellent public service and supports all employees in achieving their full potential. It is a center of excellence, providing strategic OPS-wide programs and services to ministries. It also provides advice about the diversity implications of policies, programs, communications, organizational development and change management.

The newly established Labour Relations Secretariat will have the capacity to analyze internal and external factors that drive collective bargaining outcomes in order to develop comprehensive strategies and provide guidance and advice related to bargaining. It will also provide oversight and strategic advice on OPS and Broader Public Sector (BPS) collective bargaining.

Program Description

The Enterprise Business Services Program is responsible for improving delivery of internal and external government-wide services to meet the needs of Ontarians and the OPS. All service delivery programs are focusing on transforming and improving government services.

The Corporate Information and Information Technology Program provides leadership for information management and information technology in government. This includes policy, the implementation of common infrastructure, governance and accountability. It also includes the delivery of OPS-wide common services such as computer processing and network facilities.

Ontario Shared Services provides enterprise-wide employee and business support services to the OPS. This includes financial processing and collections, supply chain management, insurance and risk management, payroll management and processing, and benefits administration.

The Archives of Ontario collects, manages and preserves the records of Ontario and promotes public access to Ontario's historic documents and records. It provides responsible stewardship of the Government of Ontario's art collection, and promotes good record keeping practices in the government.

The Ontario Public Service Green Office provides strategic leadership to ministries in the "greening" and environmental stewardship of government operations. Its mandate is to ensure action plans are in place to reduce the government's carbon footprint, help create sustainable business practices and build an organizational culture that is sensitive to and addresses environmental concerns.

* Includes a Post Fiscal Year End Treasury Board Order of \$6,518,800 approved by Treasury Board on June 16, 2011 and applied retroactively to fiscal year 2010-11, for Major Infrastructure Projects.

Program Description

A number of agencies, boards and commissions associated with MGS provides oversight to ensure effective governance, accountability, and relationship management:

The Licence Appeal Tribunal hears appeals about compensation claims and licensing activities regulated under various ministries' statutes.

The Advertising Review Board is designated as a mandatory central service for the procurement of advertising, public and media relations, and creative communications services for the OPS. This helps ensure ministries and government agencies acquire these services in a manner that is fair, open, transparent and accessible to qualified suppliers.

The Conflict of Interest Commissioner has responsibility for certain conflict of interest and political activity matters as they apply to employees of ministries and public bodies as well as to individuals appointed to public bodies. The Commissioner handles requests for advice or rulings from deputy ministers, chairs of public bodies, and other designated individuals on specific conflict of interest or political activity matters.

Program Description

ServiceOntario is the government's service gateway for information and routine transactional services to both individuals and businesses. ServiceOntario is "making it easier" for Ontarians to receive government services by providing support in-person, kiosk, by mail, telephone and online channels.

ServiceOntario is modernizing its service delivery network to improve access and the quality of service and reduce wait times. It is integrating services and consolidating locations so more Ontarians will be able to make one trip for licensing and registration services.

Program Description

The Health Policy and Research Program integrates strategy and program policy to provide strategic directions for Ontario's health system. System-wide planning allows the Ministry to: support legislation and policy development; monitor alignment with the strategic directions; select and manage portfolios, strategy and other initiatives within the Ministry to further health system and health human resource goals. This will also provide health research investment and planning support and oversight. The work here includes the strategic policy and planning relating to the supply, mix, distribution, recruitment, retention, scoping of practice and training of health providers. The regulation of health professionals is a related activity.

Program Description

eHealth ensures that information and information technology are used to improve and modernize Ontario's health care system, and to improve the quality of and access to health care services. Health System Information Management and Investment provides health information which enables evidence-based decision-making for a sustainable health care system in Ontario. In 2008, the government created eHealth Ontario, an operational agency, to integrate the leadership and functions of the former Smart Systems for Health Agency and the eHealth program delivery. eHealth Ontario provides the information infrastructure required to facilitate the secure electronic communication and exchange of personal information among Ontario's health care providers and supports the Ministry's eHealth initiatives.

Program Description

The Ontario Health Insurance Program is responsible for key elements of Ontario's health care system: client eligibility and health card policies, physicians' payments for services that are insured under the Health Insurance Act, other practitioners' payments, out-of-province/out-of-country services, independent health facilities, midwifery services, colorectal cancer screening, drugs, community laboratories, assistive devices, payment integrity, and protection from health-related fraudulent activity.

Ontario health services are available from health professionals in various settings from family doctors' offices to hospitals to Telehealth Ontario and Telephone Health Advisory Service where triage advice and health information is provided by a registered nurse. Government-funded services are available to Ontarians who have registered, and who are eligible for the Ontario Health Insurance. The Underserved Area Program and the Northern Travel Program offer a number of integrated supports that provide rural and northern communities with access to needed health care services. The focus for Disease Prevention is on improving health and health care for Ontarians living with or at high risk of developing diabetes, congestive heart failure, chronic obstructive pulmonary disease and hypertension. Early detection and intervention for better health outcomes is the driving force behind other preventative care screening such as the Colorectal Cancer Screening Program, regular mammography and pap smear.

Program Description

The goal of the Public Health Program is to protect and enhance health, prevent the onset of disease and premature death of Ontarians at all stages of life. This Program reflects the direction to focus health care resources on preventive health services. The Public Health Program sets standards and protocols, and provides funding to Ontario's boards of health. The Program includes the Office of the Chief Medical Officer of Health, who has independent powers and a responsibility to report annually on the state of public health to the Legislative Assembly of Ontario. In this regard, the mandate of Public Health includes the entire spectrum of infectious diseases, chronic diseases and injury prevention, healthy child development, family and community health, and environmental health - all with a focus on the underlying determinants of health and illness. The newly created Ontario Agency for Health Protection and Promotion will support public health at the provincial and local levels. In addition, the Program provides leadership in planning and responding to emergencies with a health component.

Program Description

As steward for the integrity and long-term sustainability for Ontario's health care system, the Ministry is collaborating with 14 Local Health Integration Networks (LHINs) to promote a patient-focussed, value driven, integrated and co-ordinated health care system. While the Ministry provides strategic direction and guidance, the LHINs are responsible for planning, integrating and funding health service providers in their local health systems. The LHINs exercise their authority under the *Local Health System Integration Act, 2006*. Additional responsibilities and performance expectations are set out in the Memorandum of Understanding and Accountability Agreement with the Ministry of Health and Long-Term Care. The LHINs have the flexibility to address unique local health needs and priorities through the management of services of public hospitals, specialty psychiatric hospitals, community care access centres, long-term care homes, community health centres, community support services, community services for persons with acquired brain injury, assisted living services in supportive housing, mental health and addiction agencies. Together, the Ministry in partnership with LHINs ensures the delivery of accessible, community-responsive and high-quality health care system for all Ontarians.

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship. The vote is responsible for transfer payment accountability, operational policy development, planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Cancer Care Ontario, Community and Priority Services, Operation of Related Facilities, HIV/AIDS and Hepatitis C Programs and Chronic Disease Management Programs. In addition, the program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures (DOE) for the management and delivery of the Transfer payments within the Vote, and for the oversight administration (stewardship) of the Local Health Integration Networks.

Emergency Health Services ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The current system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called ORNGE, and ambulance communications services.

Program Description

Information Systems provides support to the Ministry of Health and Long-Term Care and the Ministry of Health Promotion to ensure the cost-effective and efficient use of I&IT resources to achieve business results. The program offers a broad range of strategic and operational services essential to the effective delivery and support of its client ministries. Additionally, it is the Ontario Public Service wide lead in the provision of professional I&IT project related staff and the promotion of I&IT project management excellence.

Program Description

The mandate of the Pay Equity Office (PEO) is to administer and enforce Ontario's *Pay Equity Act*, which is intended to eliminate systemic gender discrimination in the compensation of work primarily performed by women. To carry out this mandate, the PEO provides education and advice to employers, employees and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, monitors workplaces for compliance, attempts to effect settlements of pay equity issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act*.

Program Description

The role of Labour Relations is to promote a stable labour relations climate and harmonious workplace relationships in the province.

The Ontario Labour Relations Board (OLRB) is an independent, quasi-judicial tribunal which mediates and adjudicates a variety of employment and labour relations-related matters under various Ontario statutes including appeals of decisions of employment standards officers and occupational health and safety inspectors.

The Crown Employees Grievance Settlement Board (GSB) is an independent quasi-judicial tribunal that mediates and adjudicates the labour relations disputes of Ontario Crown Employees. The GSB also provides financial and administrative services to the Public Service Grievance Board, an agency of the Ministry of Government Services.

Dispute Resolution Services provide neutral, third-party assistance to trade unions and employers through collective agreement conciliation and mediation, appointment of arbitrators and collective bargaining information.

Program Description

Occupational Health and Safety's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations to reduce or eliminate workplace injury or illness.

The Occupational Health and Safety Program ensures compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Office of the Worker Adviser provides advisory, representation and educational services to non-unionized injured workers and survivors, and represents them before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

The Office of the Employer Adviser provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal.

Program Description

The Employment Rights and Responsibilities Program (ERRP) is responsible for the administration and enforcement of the *Employment Standards Act, 2000* and its regulations.

The ERRP ensures that Ontario workers are protected by minimum standards of employment covering wages and working conditions. It promotes compliance with these standards through inspections, investigations and enforcement initiatives, and encourages self-reliance through prevention efforts.

Program Description

This program provides the services required by the Lieutenant Governor in performing his constitutional, representational and community duties. In his constitutional role, the Lieutenant Governor represents the Queen, appoints the Premier based on majority support, swears-in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In his community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming world leaders and diplomats. He annually hosts or attends hundreds of community events throughout Ontario. He promotes themes or issues associated with accessibility for people with visible and invisible disabilities, while also enhancing literacy opportunities for Aboriginal youth. He presents honours and awards to outstanding Ontarians and, on request, sends messages for special celebrations and congratulations for birthdays of 90 years and over, and for wedding anniversaries of 50 years and over.

Program Description

The objective of this program is to foster responsible and accountable local governments which have the tools to improve local service delivery, achieve financial sustainability, and respond to local disasters. The Ministry pursues this objective through development and implementation of legislation, policies, formal consultation mechanisms, partnerships and programs; monitoring municipal activity; providing advice, education and training and other activities to build consultative, co-operative relationships with municipalities and stakeholders; and encouraging greater consultation and partnerships among municipalities and aboriginal groups.

* Includes a Post Fiscal Year End Treasury Board Order of \$1,122,000, approved by Treasury Board on May 19, 2011 and applied retroactively to fiscal year 2010-11, for a reimbursement to the federal government for an overpayment received by the Province under the federal Disaster Financial Assistance Arrangements (DFAA), arising from the 2004 Peterborough Area Flood.

Program Description

The objectives of this program are well-planned, safe, strong and sustainable communities that enhance quality of life and support a prosperous economy. This program helps ensure well-managed growth that preserves greenspace and the environment, encourages brownfields redevelopment and provides for population and employment growth. Attaining these objectives includes ensuring the safety of buildings through an effective and efficient building regulatory system. It involves increased energy efficiency and conservation and environmental protection, and greater accessibility. It also requires an effective legislative, policy-led and administrative framework for land-use planning, including a strong one-window provincial planning system, and excellent advice as well as education and training to support municipal and provincial capacity and the implementation of new government plans, programs and initiatives. All of this work is guided by meaningful stakeholder engagement and consultation.

Program Description

The objectives of this program are to deliver on the government's commitments on affordable housing; to create a regulatory framework that protects tenants and encourages proper maintenance and investment in rental housing; and to support municipalities, housing providers and other external stakeholders, helping them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design, delivery and funding for affordable and social housing proponents.

Program Description

The Natural Resources Management Program provides leadership and oversight in the management of Ontario's forests, Crown land, water, renewable energy, aggregate and petroleum resources through the development, implementation and improvement of legislation, policies, programs, and standards.

The Natural Resources Management Program also provides leadership and oversight in the management of Ontario's fish and wildlife resources, parks and protected areas, including the protection and management of provincially significant natural, cultural and recreational environment in order to promote healthy and sustainable ecosystems, conserve biodiversity, and enhance opportunities for outdoor recreation.

In addition, the Program provides leadership and oversight in the management of capital infrastructure assets such as fire management and fish culture facilities, Parks, Crown land, water, and other infrastructure investments necessary to deliver ministry programs.

Program Description

This program helps build a more prosperous Northern Ontario and strong, vibrant and sustainable northern communities. The Ministry leads a range of targeted initiatives aimed at stimulating economic growth, promoting trade and investment, creating jobs, improving infrastructure and providing a better quality of life for northerners. These include enhanced programs of the Northern Ontario Heritage Fund Corporation including the new Entrepreneur Program and the GO North Investor Program. The Ministry co-leads the development and implementation of the government's Growth Plan for Northern Ontario, coordinates provincial economic development initiatives in the North, and markets Northern Ontario's strengths and opportunities to the world. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North's linkages to the rest of Ontario, Canada and beyond.

The program's network of offices provides northerners with access to government economic development programs and services. By engaging northerners in government initiatives including policy and planning activities, this program also ensures northerners have a say in the development of government programs and services that affect them.

Program Description

This program helps build a strong, sustainable provincial mineral sector contributing to the prosperity of all of Ontario. Province-wide geological mapping, online 24-7 access to geoscience information, international marketing, and expert geological advisory services in field offices across the province create a competitive advantage for Ontario - helping a global exploration industry assess Ontario's mineral potential and attract investment, exploration and mineral development to Ontario. This program's knowledge about Ontario's geological and mineral, groundwater, and energy resource endowment helps to support Far North and other land-use planning initiatives, other government priorities such as source water protection efforts, and identification of new industrial and energy development opportunities.

This program area also administers the *Ontario Mining Act* to ensure sustainable and responsible development of Ontario's mineral resources. This involves equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands, and ensuring safe, environmentally sound mineral development and rehabilitation of mining lands through a modernized Mining Act and related regulations and policies.

This program administers the Ontario Diamond Royalty Regulation, values rough stones for export and works with industry partners to pursue value-added opportunities throughout the diamond pipeline.

The program area has responsibility for developing new, collaborative Aboriginal-mineral development engagement and consultation processes and working with communities to build relationships and foster sustainable socio-economic and mineral development.

Program Description

This program undertakes policy development to promote a long-term, economically viable and environmentally sustainable Ontario forest industry. Efforts to respond to unprecedented challenges faced by the forest industry associated social and economic impacts and enhancing the competitiveness of Ontario's forest industry sector continue to be prominent.

The program is also responsible for leading the endeavor to improve the design of Ontario's Crown forest tenure and pricing system.

Program Description

The Ombudsman is an Officer of the Legislature. The Ombudsman's mandate is set out in the *Ombudsman Act*.

The Ombudsman investigates complaints about the administration of Ontario's provincial governmental organizations. The Ombudsman can investigate individual complaints, concerns brought forward by Members of Provincial Parliament, and on his own initiative. The Ombudsman can also investigate citizen's complaints about closed municipal meetings, where no municipal investigator is in place. The Ombudsman services are free. There is a toll-free number and information about the Ombudsman is available on the internet and through Ombudsman publications.

The Ombudsman submits his reports to the Legislative Assembly.

Program Description

The program supports a stronger Ontario by: delivering on the Ontario Innovation Agenda which sets out a comprehensive, targeted and coordinated agenda for promoting research and innovation in Ontario; providing funding to support world-class research and researchers working across Ontario to deliver skills development, business development and commercialization programs focusing on key sectors and regional development opportunities; developing and delivering an overarching strategy for public and stakeholder outreach and promotion to create a broad awareness of excellence and success in research and innovation across Ontario and to attract world-class talent and investment; and connecting innovators across the province - ensuring that the ideas developed in labs make their way into the marketplace.

Program Description

The Tourism Program seeks to sustain and grow Ontario's tourism industry, which directly supports the government's key priority of Strong People, Strong Economy.

The Ministry works in partnership with tourism associations and businesses to strengthen and build the tourism industry and promote Ontario worldwide as a premier, four-season tourist destination. Activities include working with stakeholders to develop destinations and innovative tourism experiences, supporting festivals and events across the province, identifying tourism development opportunities, and providing strategic intelligence to keep tourism stakeholders well informed about trends, issues, and visitor expectations.

The Ministry oversees the activities and accountabilities of eight attractions and agencies that promote tourism, economic growth and job creation. The ministry's tourism attractions and agencies are the stewards of unique historic facilities, green space and parklands in regions across Ontario, and offer a range of educational, recreational, cultural and entertainment programs for residents and visitors.

Program Description

The Tourism and Culture Capital Program preserves and enhances Ontario's investment in tourism and cultural infrastructure.

The Ministry is currently involved in the delivery of the Recreational Infrastructure Canada Program in Ontario (RInC) - a \$390 million federal/provincial infrastructure program intended to provide timely, targeted economic stimulus through investments in existing recreational infrastructure. The RInC Initiative is expected to be completed by March 31, 2011 and the federal/provincial agreement governing RInC is expected to end by June 30, 2011.

The Ministry provides capital repair and rehabilitation funding to 13 of its 21 tourism and cultural agencies and attractions. This funding enables the Ministry's agencies and attractions to undertake repair and rehabilitation of existing infrastructure including: renovations, building code upgrades, health and safety improvements and statutory/regulatory compliance, to help them remain competitive and enhance the visitor experience.

The Ministry also manages the infrastructure development commitments of the province's \$300 million capital infrastructure initiative - the Sports, Culture Tourism Partnership Program.

Program Description

The Postsecondary Education Division works in collaboration with the Strategic Policy and Programs Division to implement government strategies and policy for postsecondary education in Ontario. The Postsecondary Education Division develops and implements operational policies and financial support to postsecondary institutions and students in Ontario, in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, accountable, relevant and accessible postsecondary education.

Key components of the program include operation of the Ontario Student Assistance Program; administering operating and capital transfer payments to colleges and universities and student financial assistance; managing relationships with postsecondary institutions and student groups; managing accountability mechanisms, including governance and relevant legislation; regulating the public colleges of applied arts and technology and private career colleges in accordance with applicable statutes and administering the funding framework for colleges and universities.

Program Description

Employment Ontario (EO) is Ontario's integrated employment and training network. EO will help build and sustain Ontario's prosperity and competitiveness. Through Employment Ontario, the Ministry will:

- Provide effective, relevant skills training and other employment and career planning services, where and when they are needed;
- Enable Ontarians to access the services and support they need to succeed in today's job market;
- Provide a single point of access to employment and training programs and services that individuals and employers need;
- Respond to the needs of employers, job seekers, apprentices and new Canadians;
- Ensure service excellence and public satisfaction with EO programs and services.

EO unites Ontario's community-based network of employment services and training partners with similar programs that were transferred from the federal government, enabling Ontario to better match individual potential with local business needs.

Program Description

The Strategic Policy and Programs Division leads strategic policy development, labour market research and planning, program design and program development within Training, Colleges and Universities (TCU). It is responsible for the development and alignment of province-wide strategic policy direction for postsecondary education and labour market training and support programs. It also performs key functions for the Ministry such as long-term demand planning, capital planning, and the management of inter-jurisdictional relations. The Division brings together expertise from employment and training and postsecondary areas to design and develop programs, establish program standards and perform evaluations with a view to achieving results. The Division's work contributes to the Government's goal of developing a highly knowledgeable and highly skilled workforce able to succeed in today's changing economy.

Program Description

The Ministry Administration Program provides leadership and direction for ministry resources planning, management, controllership, procurement, customer service, accessibility planning, emergency management and other corporate functions.

Support is provided to program areas by the Finance, Communications, Facilities and Business Services, Strategic Human Resources, Internal Audit and Legal Services Branches. While Strategic Human Resources, Internal Audit and Legal Services retain their strategic leadership and dual reporting relationship with the Centre for Leadership/Human Resources Management, the Ministry of Finance and the Attorney General respectively, their costs are assumed by the Ministry of Transportation.

Program Description

The Policy and Planning Program is responsible for identifying and achieving Ontario's long-term, strategic transportation interests. Its primary focus is to plan and promote an efficient and sustainable multimodal transportation system throughout the province.

In consultation with key federal and municipal partners, the program undertakes multimodal transportation policy development and long-range transportation planning to ensure that all of the elements of the system (air, rail, road, marine and transit) work together effectively.

The program provides funding to support a multimodal transportation system and to help achieve provincial transportation-related climate change objectives. It is responsible for managing the province's relationship with Crown Agencies accountable to the Minister of Transportation such as Metrolinx, which includes GO Transit.

Additionally, the division works to advance Ontario's transportation priorities and interests by working with the federal government and other provinces on key areas of common interest.

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through education, enforcement and regulation of safe driving behaviour and motor vehicle safety.

Ontario holds a leading position as one of the safest jurisdictions in North America. Ministry of Transportation's road safety program leads and actively participates with other jurisdictions in Canada and the United States in developing and promoting road safety programs and best practices. The program works with many partners including police, community groups, safety organizations and the private sector to reduce fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs, legislation and regulations for road users, carriers and vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver commercial vehicle programs. It also supports the delivery of programs for other ministries, for example Drive Clean (Ministry of the Environment).

The program also oversees the delivery of services provided by our partners. The program establishes policies and standards in relation to driver and vehicle licensing and registration and other services delivered by our governments and private sector partners.

Program Description

This program oversees the planning, design, construction, maintenance and operation of the provincial highway network and develops strategies to maximize investment results in highway infrastructure.

The program manages activities to deliver a provincial highway network that is safe, provides mobility for people and goods, and promotes economic, environmental and social sustainability. The program delivers these activities through the use of internal resources and a variety of partnerships and private sector service providers.

Sound investment strategies preserve existing highway infrastructure through the application of asset management principles, improve trade corridors leading to key international border crossings, including the Windsor Gateway, and integrate highways with other modes of transportation.

Activities include environmental assessments, investment planning, engineering, property acquisition, rehabilitation, new construction, contract oversight, routine summer and winter maintenance (such as shoulder grading/snow and ice control) for all provincial highways and bridges. In addition to the highway network, the program is responsible for remote airports throughout northern Ontario, ferry services in locations across Ontario, first nations roads subsidies, delivering road improvements in unincorporated areas, service centres, and the production of the official map of Ontario highways.

The program also develops policies and guidelines and sets highway and bridge maintenance, engineering, material, investment planning and construction standards.

Program Description

The Economics and Transportation Cluster provides leadership in the use of information technology for the Ministries of Economic Development and Trade, Labour, Research and Innovation, Consumer Services and Transportation.

Through effective management of information and information technology resources, the Cluster enables the ministries to deliver on elements of their Results-based Plans. The Cluster also plans the ministries' information and information technology investments and delivers quality service while continually measuring and improving its performance. To enhance program delivery, enable new business opportunities and ensure improved customer service, the Cluster works to modernize the ministries' information practices, systems and applications.

*Debt Issued for Investment Purposes, as a result of a debt for equity swap between the Province and Ontario Power Generation Inc. and Hydro One Inc., is eliminated upon consolidation.

SUMMARY OF DEBT OUTSTANDING – Continued**As at March 31, 2011**

The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Plan Board. The Public Service Pension Fund and the Ontario Public Service Employees' Union Pension Fund are administered by the Ontario Pension Board and the Ontario Public Service Employees' Union Pension Trust Fund respectively. Debt due to these funds consists of non-marketable debentures of the Province.

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over.

The Ontario Mortgage and Housing Corporation (OMHC) originally borrowed long-term funds from the Canada Pension Plan Investment Fund (CPP) to provide mortgages to non-profit groups under the Homes Now project. As non-profit groups refinanced their OMHC mortgages in the private sector mortgage market, OMHC lent the available funds to the Province in exchange for Provincial debentures. This debt is eliminated upon consolidation of the Financial Statements of the Public Accounts of Ontario.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's zero coupon bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project.

Public Investors: The Province of Ontario has issued public market bonds denominated in Canadian dollar, United States dollar, Japanese yen, Australian dollar, euro, Swiss franc, New Zealand dollar, U.K. pound sterling, Hong Kong dollar, Norwegian Krone, and South African rand.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest. The Variable-Rate Bonds are redeemable annually on June 21 only, and the Step-Up Bonds may be redeemed semi-annually at the option of the registered holder. Fixed-Rate Bonds are redeemable only at maturity.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

SUMMARY OF DEBT OUTSTANDING – Concluded**As at March 31, 2011**

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 270 days.

The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to \$891 million in June 2003. The Trust provided \$882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program. (As at March 31, 2011, the amount outstanding of \$770 million advanced to School Board is included in Other Assets and outstanding debentures of \$779 million is included in Debt.)

Net consolidation and other adjustments include third party debt of Ontario Mortgage and Housing Corporation (OMHC), Ontario Infrastructure Projects Corporation, Ontario Municipal Improvement Corporation, Ontario Northland Transportation Commission, Niagara Parks Commission, Ornge, Ottawa Convention Centre, and elimination of Province's debt due to OMHC and Ontario treasury bills and bonds held by other government organizations and agencies.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), has borrowed \$230,466,000 from the Canada Pension Plan and has issued public market debentures and treasury bills totalling \$19,021,609,874 Canadian dollars. The proceeds of all such borrowings have been advanced to OEFC in exchange for bonds with like terms and conditions except for a \$500 million issue, maturing June 2, 2031, which was on-lent to OEFC until June 2, 2010, after which the issue was assumed by the Province until the maturity date.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act*, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. (formerly Ontario Hydro Services Company) are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed \$8,885 million of the debt issued by the two corporations in exchange for \$5,126 million in equity from OPG and \$3,759 million in equity from Hydro One Inc.

References:

1. All debt issues are non-callable, except as noted below. Debt is payable at a fixed rate, or a floating rate with reference to a stated index. Interest rate is usually reset every three months (3M). These indices are CBA - Canadian Bankers' Acceptance Rate, Euribor - Euro Interbank Offered Rate, Hibor - Hong Kong Interbank Offered Rate; LIBOR - London Interbank Offered Rate. All foreign currency debt has been converted into Canadian dollars at the rates of the currency exchange agreements if the debt is hedged, or at year end exchange rates if unhedged. 96.4 per cent of foreign currency debt is hedged as at March 31, 2011. The exchange rates of foreign currencies to Canadian dollars as at March 31, 2011 are: Australian dollar 1.0040, euro 1.3756, Hong Kong dollar 0.1245, Japanese yen 0.011659, New Zealand dollar 0.7394, Norwegian krone 0.1755, South African rand 0.1433, Swiss franc 1.0571, United States dollar 0.9688, U.K. pound sterling 1.5563.
2. OPB & OPPT: Pursuant to the Ontario Public Service Employees' Pension Act 1994 and the Asset Transfer Agreement of December 12, 1994, the Province was obligated to re-split the debentures between the Public Service Pension Fund ("PSPF") and the Ontario Public Service Employees' Union Pension Plan Trust Fund ("OPSEU Fund") based on accurate data when it was available. On June 13, 1997 a Restated Sponsorship Amendment and Asset Transfer Agreement was signed, replacing the 1994 agreement and which resulted in the existing split after debt payment. The terms of these debentures require that the principal be repaid in 12 equal monthly payments in the year preceding the date of maturity.
3. SBT: The School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards to support their capital projects prior to the introduction of the student focused funding model in 1998. The Trust issued 30-year sinking fund debentures amounting to \$891 million in June 2003. The Trust provided \$882 million of the proceeds to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province related to this debt. These amounts will be reduced over the 30-year period by the transfer payments made by Ministry of Education to the Trust under the School Board Operating Grant program.
4. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
5. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
6. OIIC: These are zero coupon bonds. Outstanding amount represents the balance payable at maturity.
7. DMTN194: The Province entered into interest rate agreements that effectively converted the interest rate on this obligation to a fixed rate of 2.04%.

* Financial statements of these Corporations, Boards and Commissions are shown in Volume 2, Public Accounts of Ontario.

The *Tile Drainage Act* authorizes the Minister of Finance to purchase, acquire and hold debentures issued by municipalities for construction of private tile drainage works. These debentures are payable within ten years of the issue of the debentures.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the *Tile Drainage Act* and are secured by liens on the properties.

The Ministry has committed to provide a conditional loan up to a maximum of \$175 million to General Motors of Canada Limited to support the company's \$2.5 billion Beacon project. The project supports expansions in vehicle design and manufacturing capabilities at three Ontario plants and a Canadian Engineering Centre, including innovative manufacturing technologies, and advanced training. Also, the Ministry has committed to provide a conditional loan up to a maximum of \$3.0 million to Valiant Corporation to support the company's investment in flexible assembly systems.

The Advanced Manufacturing Investment Strategy provided loans to encourage companies to invest in leading edge technologies and processes that will increase productivity and competitiveness. The program has been closed to new applications since February 5, 2010.

The Strategic Jobs and Investment Fund is a multi-year \$375 million fund, consisting of conditional grants and repayable loans, that aims to attract strategic investments in innovative projects that will help transition Ontario's economy and build global competitiveness and long-term prosperity.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

In 2005-06, as part of the financial restructuring of Stelco Inc., the Ministry of Finance lent \$150 million for ten years at 1% to Stelco in consideration of Stelco paying \$400 million into its pension plans and agreeing to a pension refinancing plan. 75% of the loan will be forgiven if all of Stelco's four main pension plans are fully funded at the end of the ten-year term of the loan.

On April 1, 1999, under the *Energy Competition Act*, 1998, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro: The Ontario Electricity Financial Corporation, Ontario Power Generation Inc., Hydro One Inc. (formerly Ontario Hydro Services Company), the Independent Electricity System Operator and the Electrical Safety Authority.

LOANS AND INVESTMENTS – Continued**For the year ended March 31, 2011**

The Ontario Power Generation Inc. (OPG) and Hydro One Inc. (HOI) entered into a debt-for-equity swap with the Province of Ontario in order to have capital structures competitive with those of other industry participants. The Province assumed \$8,885 million of the debt issued by the two corporations to OEFC in exchange for \$5,126 million in equity from OPG and \$3,759 million in equity from HOI. In addition, OEFC owed HOI for a working capital adjustment in the amount of \$122 million on the initial transfer of assets to HOI on April 1, 1999. HOI agreed to settle this amount as a reduction of their Shareholder's Equity account. In effect, the Province settled the amount on behalf of OEFC, resulting in a reduction of the equity in HOI to \$3,637 million.

The Ontario Infrastructure Projects Corporation (Infrastructure Ontario) was established as a Crown agency incorporated under the *Business Corporations Act (Ontario)* and reports to the Minister of Energy and Infrastructure. The Province of Ontario had provided Infrastructure Ontario with a fifty-year subordinated loan of \$1 billion in exchange for a promissory note, maturing on March 31, 2053. However, Infrastructure Ontario was granted, by Order in Council, a remission to repay \$200.3 million of this loan owing to the Province as of March 30, 2010, thereby leaving the balance outstanding at \$799.7 million as at March 31, 2011. The interest on the note is reset quarterly at the Province's three-month Treasury bill rate and payable quarterly. In addition, as at March 31, 2011, the Province had on-lent \$1,050 million to Infrastructure Ontario.

The Ontario Student Loan Trust was created in August 2001 to loan funds to students in attendance at approved educational institutions in the Province. Funds are borrowed from the Province and advanced to individual students upon application and approval by the Student Support Branch of the Ministry of Training, Colleges and Universities.

The Ontario Electricity Financial Corporation (OEFC) was established as the legal continuation of the former Ontario Hydro. The OEFC is an agency of the Province of Ontario and is responsible for servicing and retiring the former Ontario Hydro's debt and managing certain other legacy liabilities. The Province borrows and on-lends to OEFC as required. In addition, the Province provides short-term loans to OEFC to meet its short term funding requirements. As at March 31, 2011, the Province had advanced to OEFC a term loan in the amount of \$5.3 million.

On January 21, 2009, the restructuring of the frozen Canadian third-party asset-backed commercial paper (ABCP) was completed, and in exchange, the Province received the long-term notes issued by the Master Asset Vehicle (MAV). The asset backed term notes were booked at the net recoverable value upon exchange and are subject to further valuation adjustment if there is loss other than temporary. Principal repayments will be received over the life of the notes.

The Province and the Government of Canada, by way of Export Development Canada (EDC), a Crown corporation wholly-owned by the Government of Canada, provided a co-ordinated response to help achieve long-term viability and competitiveness of the Canadian auto sector. The Province's investment represented one-third of the total Canadian financial assistance provided to General Motors Company, General Motors of Canada Limited, Chrysler LLC and Chrysler Canada Inc. in the restructuring of their operations. As at April 1, 2010, the Province's net investment in the auto companies was \$4,638 million. During the year, the Province's investment was reduced by approximately \$975 million through a combination of repayments received and the disposition of equity holdings, resulting in an ending balance of \$3,663 million as at March 31, 2011.

On behalf of the Province and various provincial Crown corporations and other public bodies, the Ontario Financing Authority (OFA) coordinates borrowing and financial risk management activities; offers short-term investment management services; advises on project financing; and provides centralized finance and cash management services. Acting as an intermediary for the Province, the OFA provides financing to various public bodies, the repayment of which is expected from third party revenues. The funds for these loans are borrowed from the Province. The OFA also continues to manage post-sale activities of the former Province of Ontario Savings Office (POSO), including legal requirements and liaison with former POSO clients, to ensure that the needs of former POSO account holders are adequately met.

School boards have been provided loans under various programs beginning in 2006. During the year ended March 31, 2011, school boards received additional loans and made two semi-annual blended payments of principal and interest, leaving the total outstanding amount at \$4,030 million (2010 - \$2,622 million). These loans bear interest ranging from 3.59% to 5.38% and mature from 2031 to 2036.

The Ontario Lottery and Gaming Corporation (OLG) is a Crown agency of the Province under the *Ontario Lottery and Gaming Corporation Act, 1999*. The outstanding loan balance at March 31, 2011 of \$150 million (2010 - \$188 million) to fund several projects is composed of two term loans, bearing interest ranging from 1.41% to 3.22%.

The Ontario Infrastructure Projects Corporation (Infrastructure Ontario) was established as a Crown agency incorporated under the *Business Corporations Act (Ontario)* and reports to the Minister of Energy and Infrastructure. The OFA has provided Infrastructure Ontario with a 10 year Revolving Credit Facility to a maximum amount of \$200 million. Infrastructure Ontario has drawn \$123 million (2010 - \$100 million) bearing interest rates ranging from 1.98% to 4.00%.

The Ontario Power Authority (OPA) established in 2004, is not a Crown agency, but rather a not for profit corporation. OPA was provided a maximum \$975 million credit facility to fund the Regulated Price Plan variance account. The credit facility expires on December 31, 2013. It has drawn \$30 million (2010 - \$90 million) against this credit facility bearing interest at 1.21%.

The Royal Ontario Museum (ROM) has borrowed \$42.2 million (2010 - \$48.8 million) comprised of \$33.2 million at fixed rates ranging from 5.04% to 5.12% and \$9 million at a floating rate currently at 1.36%. All outstanding loans are scheduled to be repaid by March 2016.

The Corporation of the City of Windsor is a municipality within the meaning of the *Municipal Act*. The financing provided is for the acquisition, design and construction of the Windsor Justice Facility, consisting of a provincial division courthouse and city police headquarters. This is a 20 year loan bearing interest at 6.41% and maturing in March 2021. The outstanding balance as at March 31, 2011 was \$17.2 million (2010 - \$18.4 million).

The Ontario Northland Transportation Commission (ONTC) is a Crown agency of the Province under the *Ontario Northland Transportation Commission Act, 1990*. The ONTC total borrowing is comprised of amortization loans and two operating lines of credit aggregating to \$27.2 million (2010 - \$31 million). Loans of \$14.9 million mature from 2014 to 2031 and bear interest rates ranging from 4.9% to 6.29%. The operating lines of credit totalling \$12.3 million bear floating interest rate ranging from 1.01% to 1.36%.

The Niagara Parks Commission, a Crown agency of the Province, operating under *Niagara Parks Act 1990*, borrowed \$6.3 million (2010 - \$6.5 million) to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. This is a seventeen year loan, bears interest at 5.07% and matures in April 2027.

The Centennial Centre of Science and Technology is a Crown agency of the Province under the *Centennial Centre of Science and Technology Act, 1990*. The \$3 million (2010 - \$3.5 million) loan was made to fund the construction of the Agents of Change project, bears interest at 4.35% and matures in March 2017.

Colleges of Applied Arts and Technology have been loaned \$81.9 million (2010 - \$71 million) for various campus projects, including new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. These loans bear interest ranging from 1.36% to 5.49% and mature from 2011 to 2040.

Pursuant to Subsection 82(4) of the *Pension Benefits Act*, the Minister of Finance is authorized to provide interest-free loans to the Pension Benefits Guarantee Fund (PBGF) if at any time the amount standing to the credit of the Fund is insufficient for the purpose of paying claims, including those arising in respect of the Non-Contributory Pension Plan covering Hourly Paid Bargaining Unit Employees of Algoma Steel Inc. and the Algoma Steel Inc. Salaried Employees Pension Plan for Employees in Canada. In 2003-04, the Province granted a loan of \$330 million to PBGF, repayable in thirty equal annual instalments of \$11 million commencing December 1, 2004. The unamortized discount represents the value of the interest concession on the loan.

Ontario Mortgage Corporation assumed the mortgages on the initial dissolution of the Ontario Land Corporation on March 31, 1987.

The objective of the *Shoreline Property Assistance Act* is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the *Municipal and School Tax Credit Assistance Act*.

Ontario Northland Transportation Commission operates a railroad and maintains communications and transportation services – including bus and marine services – to and within the northern regions of the Province. The \$35,207,935 represents the ministry's equity investment in the Ontario Northland Transportation Commission. The Province provided subsidies of \$66,167,406 (\$52,599,268 in 2009-10). After subsidies, the Commission recorded a net loss of \$10,814,000 for the twelve month period ended March 31, 2011 (net loss \$25,761,000 for 12 month period ended March 31, 2010).

Economic Development: In 2007-08 the Ministry of Northern Development and Mines provided a \$17,000,000 revolving term loan on commercial terms to a northern Ontario company to assist with its working capital needs as part of an overall plan for the company to acquire the business assets of a bankrupt northern Ontario company and to revive that business. In 2009-10, the Ministry of Northern Development, Mines and Forestry assumed a \$6,197,948 loan to a northern Ontario company from a private lender in satisfaction of an existing loan guarantee. In 2010-11, the ministry provided loans of \$25 million and \$8.8 million to two northern Ontario companies for economic development purposes.

Announced on June 2, 2006, the Innovation Demonstration Fund (IDF) is a discretionary, non-entitlement funding program administered by the Ministry of Research and Innovation that focuses on the commercialization and initial technical demonstration of globally competitive, innovative green technologies, processes and/or products. The objective of the IDF is to help companies in their efforts to commercialize innovative technologies in Ontario.

IDF will consider support to proponents developing and commercializing innovative new and emerging technologies that are shown to be among the most competitive and advanced in North America. The IDF is focused on environmental, alternative energy, bio-products, hydrogen and other globally significant technologies at the pilot stage of development. By focusing on pilot-scale technological hurdles, the IDF is addressing the financing gap which is apparent in the commercialization of new technologies. It is expected that companies are able to demonstrate that their concept has been proven and validated and are addressing the scale-up issues necessary on the route to full-scale commercial activities. IDF will provide financial support up to 50 percent of eligible costs for approved projects. The funding potentially available under IDF ranges from a minimum of \$100,000 to a maximum of \$4,000,000 per project total. Financial assistance will be secured and can be structured as term loans, incentive loans, forgivable loans, equity participation or royalty agreements.

The Ministry awarded Science North with a repayable grant of \$500,000 to assist in the designing, constructing and installing of an IMAX Theatre. Repayments began in 1996-97 and are based on 50% of the yearly net revenues.

The Loans for Tools program began in September 1998 to provide loans of up to \$800 to new apprentices who are Ontario residents to help them buy the tools they require for their apprenticeship programs. The loan repayments are to begin a year after their schooling is completed.

The Student Loan program (OSAP) provides needs-tested financial assistance in the form of loans and grants to eligible postsecondary students. Loans repayment to the Ontario Student Loan Trust begins six months after study period ends. If loan repayment is not made and loan default occurs, the loan becomes a debt to the Province and collection activity begins through the province's Collection Management Unit.

The Victim Justice Fund will ensure that funds generated through the federal and provincial surcharges are used for the purpose of providing assistance to victims and enable a separate tracking of these funds as well as permit any unspent funds to be carried into the next fiscal year.

The Ministry of the Attorney General operates a special purpose account related to civil asset forfeiture and the proceeds of unlawful activity. These funds are for use to compensate direct victims of unlawful activity that has led to the forfeiture, offset the administration of civil justice costs associated with civil asset forfeiture cases, and to assist victims and prevent victimization.

The Ministries of Community Safety and Correctional Services and The Attorney General, each operates a special account that has been established for the purpose of holding monies respecting Proceeds of Crime received by, or on behalf of the Crown. Ontario has entered into a Memorandum of Understanding with the federal government indicating the Province's commitment to using proceeds of crime to fund law enforcement and crime prevention initiatives and administration of criminal justice costs associated with proceeds of crime cases. The ministries make payments from these accounts as required by the terms, and interest is credited to these accounts on a quarterly basis.

In the May 1997 Budget, the government made a commitment to create a \$5 million fund to provide scholarships for spouses and children of public safety officers killed in the line of duty. Because public safety officers are subjected to increased risks for the benefit of the rest of society, it is felt that the province has a degree of responsibility to provide for the well being of the families of public-safety officers killed in the line of duty. The Constable Joe MacDonald Public Safety Officers' Survivor Scholarship Fund was established by Order-In-Council and the affairs of the fund are managed by an advisory committee. The ministry makes payments from this account as required by the terms, and interest is credited to this account on a quarterly basis.

The Gaming and Liquor Deposits were established under the authority of Section 14 of the *Alcohol and Gaming Regulation and Public Protection Act*, which allows the Alcohol and Gaming Commission to establish fees and other charges in administering the *Gaming Control Act* and *Liquor Licence Act*. Under Section 9 of the *Gaming Control Act*, all applicants/registrants are required to pay the reasonable costs of an inquiry or investigation related to gaming registrations under the Act. Under Section 7 of the *Liquor Licence Act*, a public notice of an application for a licence to sell liquor must be provided in the prescribed manner. The deposits are used to defray the costs as described. As of March 31, 2011 gaming deposits were \$4,150,615 and liquor deposits were \$657,616 totalling \$4,808,231.

Individuals and Corporations are required to place financial assurance with the Ministry of the Environment to finance environmental cleanups and site rehabilitations relating to Orders and Approvals of the Ministry. The cash portions of the financial assurance contributions are refundable and earn interest while on deposit with the Minister of Finance.

Operators of waste wells are required to pay a fee to the Ministry of the Environment, based on waste disposed in approved disposal wells under the *Environmental Protection Act*. These payments from individuals and corporations are non-refundable and are placed in an interest-bearing account with the Minister of Finance to compensate any person or organization for damage to water or water courses which are rendered unfit for use by reason of the operation of the waste well.

This is an interest bearing Special Purpose Account, held in trust for the community of Port Loring by the Ministry of the Environment, to be used as an operational subsidy for a communal water system which was built to address gasoline contamination of the groundwater that had impacted private wells in the community.

The Motor Vehicle Accident Claims Fund operates under the authority of the *Motor Vehicle Accident Claims Act*. The Fund derives its revenues from two sources: an annual fee charged upon every issuance/renewal of a driver's permit/licence and repayments from debtors (uninsured at-fault motorists). Payments out of the Fund have been subject to a variety of legislative changes over the years of its operation and are detailed in the Notes to the Fund's Financial Statement, which is to be found in Volume 2.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Finance, which were not cashed by March 31, 2011.

Unclaimed fully registered bond interest includes interest on Ontario Savings Bonds matured, but not redeemed as of March 31, 2011.

The Personal Property Security Assurance Fund (PPSAF) was established under the authority of the *Personal Property Security Act* and Regulations and includes claims made under the *Repair and Storage Liens Act*. Any person who suffers a loss or damage that arises from errors or omissions made in personal property registration records may be entitled to compensation. Under the regulations, one per cent of the fees received for registration as well as annual interest payments determined by the government via Order-in-Council are paid into the PPSAF.

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding pension and related benefit funds for the Provincial Judges Pension Fund, Justice of the Peace Supplemental Plan, Supplementary Benefits Accounts and the Deputy Ministers' Supplementary Benefit Account. The amounts recorded by the Province are essentially the sole assets of these plans.

The Reserve for outstanding cheques account represents those cheques issued by the Minister of Health, which were not cashed by March 31, 2011.

Under the *Social Housing Reform Act 2000*, Social Housing costs within the GTA are to be equalized between municipalities. The Ministry facilitates the transfer of funds by receiving the required payments from paying GTA members and forwarding the payments to receiving GTA members. The March 31, 2011 balance represents the funds received but not paid in the fiscal period.

The *Crown Forest Sustainability Act* (the “Act”) provided for the establishment of the Forestry Futures Funds. The purposes of these funds are to provide for: 1) the funding of silvicultural expenses in Crown Forests where forest resources have been killed or damaged by fire or natural causes, 2) the funding of silvicultural expenses on land that is subject to a forest resource licence, if the licensee becomes insolvent, and 3) the funding of intensive stand management and pest control in respect of forest resources in Crown Forests.

The *Crown Forest Sustainability Act* (the “Act”) provided for the establishment of the Forest Renewal Trust Funds. The purposes of these funds are to provide for the sustainability of Crown forests and, in accordance with that objective, to manage Crown forests to meet social, economic and environmental needs of present and future generations. The payments of forest renewal charges are received by the Minister of Finance from a licensee who cuts timber on an area that is subject to an agreement under Section 6 of the Act.

A separate account in the Consolidated Revenue Fund is maintained for the Fish and Wildlife Program for dedicated revenue retention from the sale of licences as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The *Provincial Parks Act* provides for the establishment of a separate account in the Consolidated Revenue Fund for the Ontario Parks Program for the dedicated revenue retention from the collection of Provincial Parks Fees as well as other sources of revenue. The funds are used to offset expenditures incurred by the program.

The Mine Reclamation Fund is a special purpose account established in 1994, within the Consolidated Revenue Fund for the purpose of receiving and dealing with payments of money received as financial assurance dedicated for the closure costs of mine projects pursuant to Section 145 of the *Mining Act* R.S.O. 1990 c.M.14.

The Training Completion Assurance Fund (TCAF) is a provision of the Private Career Colleges Act, 2005 (PCCA). TCAF is administered by the Superintendent of Private Career Colleges with the assistance of a TCAF Advisory Board appointed by the Minister of Training, Colleges and Universities. In the event a PCC closes, the PCC’s financial security will be used to provide students with training completions or refunds. Once the PCC’s financial security has been exhausted, outstanding student claims can be paid out by the TCAF.

The International Registration Plan (IRP) is a continent wide international agreement that facilitates the collection and distribution of commercial vehicle registration fees to all IRP members based on distance traveled in each jurisdiction. All Canadian provinces and U.S. states are members of IRP. The IRP liability account represents registration revenue collected from Ontario truck and bus companies and deposited into an Ontario government U.S. bank account on behalf of U.S. IRP member jurisdictions. These registration revenues are accumulated and distributed monthly to U.S. and Canadian IRP member jurisdictions.

The Local Roads Board (LRB) liability account represents funds deposited to the Consolidated Revenue Fund (CRF) by various LRBs and the federal government for the LRBs, under the Federal Gas Tax program for roadwork that has not yet been performed by the ministry. An LRB consists of an owner or owners of land in a territory without municipal organization and there are approximately 300 - 350 active LRBs in the province. The Roadwork to be performed is determined during an annual meeting between the LRBs and ministry officials and may include emergency repairs, general maintenance or capital upgrades.

The Special Purpose Account (SPA) established for the Alternative Service Delivery of Driver Examination Services (ASD-DE) allows for the sum of \$200,000 per month to be remitted to the government by Serco DES Inc. for the duration of the 10 year contract, with The Ministry of Transportation to draw against the account to pay for the oversight, relationship management and compliance monitoring of the delegate. These funds are used to provide a fiscally neutral means of offsetting the costs of compliance monitoring of Serco and providing an oversight and relationship management office within the ministry.

Two agreements are in place to satisfy the Canadian Nuclear Safety Commission (CNSC) licensing requirements for financial guarantees in respect of Ontario Power Generation Inc's (OPG) nuclear station decommissioning and nuclear waste management obligations. One agreement gives CNSC access (in prescribed circumstances) to the segregated funds established under the Ontario Nuclear Funds Agreement (ONFA). The other agreement between the Province and CNSC provides a direct provincial guarantee to the CNSC on behalf of OPG. This guarantee, for up to \$1,545 million, effective March 1, 2010, relates to the portion of the decommissioning and waste management obligations not funded by the value of the segregated funds as at January 1, 2009. In return, the Province receives from OPG an annual fee equal to 0.5% of the value of the direct provincial guarantee.

References:

1. The Province's maximum liability for the program is \$120,000,000.
2. The Province's maximum liability for the program is \$80,000,000.
3. Loans totalling \$92,900,000 taken by Ontario Mortgage and Housing Corporation for "Homes Now" from the Federal Government's Canada Pension Plan allotment have been guaranteed by the Province. Starting 1993, most of these loans, except for loans related to Student Housing (\$52,956,733), were refinanced by the private sector and funds realized were loaned to the Ministry of Finance. The Ministry of Finance will report its loan of \$39,943,267 as a liability therefore this should be excluded from the guarantee amount.
4. In accordance with the *Capital Investment Plan Act, 1993*, the Ontario Municipal Improvement Corporation's (OMIC) assets and liabilities were transferred to the Ontario Financing Authority (OFA) on November 15, 1993. OMIC received loans from the Canada Pension Plan (CPP) and the Province, which OMIC used to make loans to municipalities and school boards under similar terms as its debt.
5. The Province has guaranteed the repayment of loan facility made by United Communities Credit Union Limited to Pelee Island Cooperative Association for a period beginning May 11, 2010 and ending at the earliest of April 1, 2015 or repayment of all the amounts borrowed. The maximum amount guaranteed is \$ 0.6 million plus any unpaid interest, costs and expenses thereon.
