A GUIDE TO THE PUBLIC ACCOUNTS

1 SCOPE OF THE PUBLIC ACCOUNTS

The 2020–2021 Public Accounts of the Province of Ontario comprise the **Annual Report and Consolidated Financial Statements** and two volumes:

The **Ministry Statements and Schedules** contains ministry statements and detailed schedules of debt and other items. The ministry statements reflect the financial activities of the government's ministries on the accrual basis of accounting, providing a comparison of appropriations with actual spending. Ministry expenses include all expenses that are subject to appropriation approved by the Legislative Assembly, but exclude adjustments arising from consolidation of government organizations whose expenses are not appropriated.

The **Detailed Schedule of Payments** contains the details of payments made by ministries to Vendors (including sales tax) and transfer payments that are not deemed to be prohibited by the *Freedom of Information and Protection of Privacy Act*.

Individual statements of significant provincial corporations, boards and commissions that are part of the government's reporting entity, as well as other miscellaneous financial statements are available via web link to the organization's website through ontario.ca/publicaccounts or upon request.

2 A GUIDE TO VOLUME 1 OF THE PUBLIC ACCOUNTS

(1) Schedules of Revenue and Expenses

(2) Ministry Statements

Individual ministry statements of financial activity are provided in this section. The following five separate statements are presented for each ministry as applicable.

(a) "Summary Statement of Expenses and Assets by Program"

This Statement provides an overview of the expenses and assets by program compared with the related appropriations and previous years' actuals.

(b) "Statement of Expenses and Assets by Vote and Items"

This statement shows the Items comprised within each ministry Vote. The appropriation for each Item is analyzed according to funds appropriated through the Estimates or approved by Treasury Board and the total is compared to the actual amount spent for the fiscal year. Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory payments (denoted as "S") are reported separately. The "program description" narrative contained in the Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenses and Assets by Items and Accounts Classification"

This statement reports the actual ministry expenses and assets for each Vote on the basis of the Accounts Classification within each Item. Statutory amounts are shown separately under the Accounts Classification relating to each program.

(d) "Statement of Revenue"

This ministry statement reports the fiscal year revenues by the standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility related loans and investments made from the Consolidated Revenue Fund.

(3) Schedules of Debt

This section contains details of debt issued, debt retired, a summary and details of debt outstanding at the end of the year.

(4) Other Supplementary Schedules

This section contains summarized schedules for ministries' Loans & Investments, Funds & Other Liabilities, Contingent Liabilities, Claims Against the Crown, Losses Deleted from Accounts and Revenue Remission.

TERMS AND DEFINITIONS USED

Special Warrants

If the Legislature is not in session and expenditures are required that have not been authorized by an *Interim Appropriation Act* or a *Supply Act*, Special Warrants may be issued to authorize such expenditures. Cost Recovery Items

In cases where the anticipated recovery of costs of an Item is equal to or greater than the expenditures, the balance of the Item is shown at the nominal value of \$1,000.

Statutory Appropriations

Statutory Appropriations represent payments pursuant to a specific legislative authority and are not included in the *Supply Act*. Statutory Appropriations are included in the Estimates for information purposes and are not voted by the Legislature. Amounts required for Statutory Appropriations are shown, where applicable, as separate entries under the Standard Accounts Classifications details relating to each Item.

Personal Income Tax revenue is collected by the federal government on behalf of the Province. The amount reported by the Province in 2020–21 is net of \$900,900,547 in Ontario tax credits, excluding tax credits reported as expenses.

¹ Refundable Income Tax Credits:

Section 2 also discloses refundable income tax credits. An operating expense published in the Public Accounts for a refundable income tax credit represents an estimate of the value of the tax credits for the current fiscal year, in addition to any adjustments related to the prior years' published amounts.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2021**

For 2021, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to \$45,142; 9.15% for taxable income over \$45,142 and up to \$90,287; 11.16% for taxable income over \$90,287 and up to \$150,000; 12.16% for taxable income over \$150,000 and up to \$220,000; and 13.16% for taxable income over \$220,000. For 2020, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to \$44,740; 9.15% for taxable income over \$44,740 and up to \$89,482; 11.16% for taxable income over \$89,482 and up to \$150,000; 12.16% for taxable income over \$150,000 and up to \$220,000; and 13.16% for taxable income over \$220,000. For 2019, the Ontario Personal Income Tax rates are: 5.05% for taxable income of up to \$43,906; 9.15% for taxable income over \$43,906 and up to \$87,813; 11.16% for taxable income over \$87,813 and up to \$150,000; 12.16% for taxable income over \$150,000 and up to \$220,000; and 13.16% for taxable income over \$220,000. Ontario non-refundable tax credits are provided for individual and family circumstances (e.g., basic amount, spouse, medical expenses) at the rate of 5.05% (11.16% for charitable donations in excess of \$200), before calculating the provincial surtax and Ontario Tax Reduction. Many Ontario non-refundable tax credit amounts are indexed annually. The Ontario Dividend Tax Credits are calculated after the provincial surtax and before the Ontario Tax Reduction. In 2021 and 2020, these credits were provided at a rate of 10% for eligible dividends and at a rate of 2.9863% for non-eligible dividends. In 2019, these credits are provided at a rate of 10% for eligible dividends and at a rate of 3.2863% for non-eligible dividends.

Those who owe a higher amount of Ontario personal income tax are subject to a surtax. For 2021, the surtax is equal to 20% of Ontario income tax in excess of \$4,874, plus 36% of Ontario income tax in excess of \$6,237. For 2020, the surtax is equal to 20% of Ontario income tax in excess of \$4,830, plus 36% of Ontario income tax in excess of \$6,182. For 2019, the surtax is equal to 20% of Ontario income tax in excess of \$4,740, plus 36% of Ontario income tax in excess of \$6,067.

If a tax filer's Ontario tax exceeds their threshold amount, the Ontario Tax Reduction may reduce their Ontario tax. For 2021, the basic threshold amount is \$251, and the additional amount for each dependent child age 18 and under and each disabled or infirm dependant is \$464. For 2020, the basic threshold amount is \$249 and the additional amount for each dependent child age 18 and, under, and each disabled or infirm dependant, is \$460. For 2019, the basic threshold amount is \$244 and the additional amount for each dependent child age 18 and, under, and each disabled or infirm dependant, is \$452.

The Harmonized Sales Tax (HST) is a single value-added tax based on the federal Goods and Services Tax. The provincial portion of the HST is 8% and the federal portion is 5%, for a combined HST rate of 13%. The federal government is responsible for the collection and administration of the tax, with HST revenues distributed to the Province based on a revenue allocation formula. Ontario also maintains a Retail Sales Tax of 8% on certain insurance premiums and 13% on private transfers of specified vehicles, which is collected and administered by the Province. The Sales Tax amounts reported by the Province are net of sales tax credits of \$2,006,629,462 in 2020–21 and \$1,979,389,427 in 2019–20.

Corporations Tax is comprised of three types of taxes levied on corporations: income tax, insurance premium tax and special additional tax on life insurance corporations. Details of these taxes follow.

Income Tax: The general statutory Corporate Income Tax (CIT) rate is 11.5%. Active business income from manufacturing and processing, mining, logging, fishing and farming is subject to a lower CIT rate of 10%. Small Canadian-controlled private corporations (CCPCs) are also eligible for a lower CIT rate of 3.2% on the first \$500,000 of active business income (the small business CIT rate was reduced from 3.5% to 3.2%, effective January 1, 2020, and is prorated for taxation years that straddle this date). The small business CIT rate is phased out for large CCPCs, and associated groups of CCPCs, that have more than \$10 million (fully eliminated if more than \$15 million) of taxable capital employed in Canada in the previous year. The Province also levies a Corporate Minimum Tax (CMT), which is effectively a pre-payment of regular CIT. CMT is calculated as the amount by which 2.7% of a corporation's adjusted net income for accounting purposes exceeds CIT payable.

DETAILS OF REVENUE – Continued

For the year ended March 31, 2021

Insurance Premium Tax: Insurance companies are subject to a 2% insurance premium tax on life, accident and sickness insurance premiums, 3.5% on property insurance premiums and 3% on other (e.g. casualty) insurance premiums.

Special Additional Tax: Life insurance corporations pay a special additional tax at a rate of 1.25% of taxable capital employed in Ontario that exceeds a minimum capital allowance of \$10 million, with corporate income tax and CMT creditable against this tax.

The Employer Health Tax is paid by employers on their Ontario payroll. Employers with annual Ontario payroll of \$200,000 or less calculate tax payable at 0.98% of their taxable annual Ontario payroll; employers with annual Ontario payroll over \$200,000 and up to \$400,000 calculate tax payable at graduated rates that apply to their taxable annual Ontario payroll starting at 1.101% through to 1.829%; and employers with annual Ontario payroll in excess of \$400,000 calculate tax payable at 1.95% of their taxable annual Ontario payroll. A tax exemption is provided for the amount of annual Ontario payroll paid by private sector employers, including their associated entities, up to a threshold level. The EHT exemption threshold for 2021 is \$1 million. The Ontario Government made permanent the temporary increase to the 2020 exemption from \$490,00 to \$1 million. The exemption is adjusted for inflation every five years using the Ontario Consumer Price Index. The next adjustment is scheduled to occur on January 1, 2029. Employers with annual Ontario payroll in excess of \$5,000,000 are generally not eligible for the exemption.

Education property taxes are collected from taxpayers by municipalities and remitted to school boards for the purposes of funding a portion of elementary and secondary education. Education property tax rates are set annually by the Minister of Finance for each class of real property. The tax is levied on the assessed value of property at a uniform rate of 0.153% for residential properties, in 2020. Rates for commercial, industrial, pipeline and landfill properties vary across the province. These rates are regulated under the *Education Act*. The Education Property Tax amounts shown are net of \$1,183,784,624 in property tax credits and grants in 2019-20 and \$1,222,103,521 in 2020-21. The amounts also reflect a number of rebates, reductions and exemptions available across the province.

The Ontario Health Premium (OHP) helps ensure the government's ability to make investments in the province's health care system. OHP supports expenditure in all areas of the health sector and is not earmarked by program area. In 2020–21, OHP revenue increased by \$271 million to \$4,330 million, up from \$4,059 million in 2019–20. During the same period, expenses in the health sector increased by \$5,762 million to \$69,478 million, up from \$63,761 million in 2019–20.

In 2020–21, revenue from the health premium was \$4,330 million, or 6.2 per cent of the \$69,478 million in total expenses for the health sector. This compares to \$4,059 million or 6.4 per cent of \$63,716 million in 2019–20. Below is a table that shows an example of how the health premium revenue supports major investments in the health care sector and also the level of support each sector would receive if the percentage shares in 2019–20 and 2020–21 were allocated proportionately across each expense area.

Example of How the Health Premium Supports Investments in the Health Care Sector: OHP Revenue as a Share of Total Health Expenditures Applied Proportionately Across Expense Areas		
(\$ Millions)	2020–21 6.2%	2019–20¹ 6.4%
Hospitals	1,566	1,217
OHIP	936	1,005
Home Care, Community and Mental Health Services	435	406
Long-Term Care Homes	370	279
Ontario Drug Programs	317	305
Public Health, Health Promotion and Other	706	847
Total	4,330	4,059

¹ Amounts restated to reflect effect of Adj1-20 journal entry not included in calculations of published information for 2019–20.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2021**

The Ontario Health Premium is paid by individuals resident in Ontario on the last day of the taxation year. An individual's Ontario Health Premium liability is: \$0 for taxable income of up to \$20,000; 6% of taxable income over \$20,000 for taxable income over \$20,000 up to \$25,000; \$300 for taxable income over \$25,000 up to \$36,000; \$300 plus 6% of taxable income over \$36,000 for taxable income over \$36,000 up to \$38,500; \$450 for taxable income over \$38,500 up to \$48,000; \$450 plus 25% of taxable income over \$48,000 for taxable income over \$48,000 up to \$48,600; \$600 for taxable income over \$48,600 up to \$72,000; \$600 plus 25% of taxable income over \$72,000 for taxable income over \$72,000 up to \$72,600; \$750 for taxable income over \$72,600 up to \$200,000; \$750 plus 25% of taxable income over \$200,000 for taxable income over \$200,000 up to \$200,600; and \$900 for taxable income over \$200,600.

Land Transfer Tax is collected on the transfer of land and is payable on the value of the consideration, which is generally the purchase price. Land Transfer Tax rates are 0.5% on the amount up to and including \$55,000; 1% on the amount over \$55,000, up to and including \$250,000; 1.5% on the amount over \$250,000, up to and including \$400,000; and 2% on the amount over \$400,000. For land with one or two single family residences, the tax rate on the amount over \$2,000,000 is 2.5%. Gasoline Tax is levied on gasoline, propane used in a licensed motor vehicle, and aviation fuel. The tax rate for gasoline is 14.7 cents per litre. The tax rate for propane used in licensed motor vehicles is 4.3 cents per litre. The tax rate for aviation fuel is 6.7 cents per litre; however, as of January 1, 2020, the aviation fuel tax rate in Northern Ontario (the geographic areas of Algoma, Cochrane, Kenora, Manitoulin, Nipissing, Parry Sound, Rainy River, Sudbury, Thunder Bay and Timiskaming) is 2.7 cents per litre. Gasoline tax is pre-collected by registered collectors and importers.

Tobacco Tax covers all forms of tobacco products. The specific tax rate is 18.475 cents per cigarette or per gram or part gram of fine cut tobacco and all other tobacco products except cigars. The rate of tax on cigars is 56.6% of the taxable price of the cigar. The majority of tax is collected for the Province by Ministry-designated tobacco and cigar wholesalers.

Fuel Tax is levied on clear middle distillate petroleum fuels, such as those used in diesel-powered vehicles. The fuel tax rate is 14.3 cents per litre, unless the fuel is used in railway equipment, in which case the rate is 4.5 cents per litre. Fuel Tax is pre-collected by registered collectors and importers.

Beer, Wine and Spirits Taxes apply on purchases where the Liquor Control Board of Ontario (LCBO) is not the retailer or wholesaler of the alcohol product. Beer taxes apply on purchases of beer from a beer manufacturer's on-site store, brew pub, the Beer Store, or a licensed establishment. Wine taxes apply on purchases of wine and wine coolers from on and off-site winery retail stores. Spirits taxes apply on purchases of spirits and spirits coolers from a spirits manufacturer's on-site store.

Ontario Power Generation Inc. and its subsidiaries and municipal electricity utilities that are exempt from regular corporate income taxes are liable to make payments in lieu of federal and provincial corporate tax (PILs) to the Ontario Electricity Financial Corporation (OEFC). PILs are equal to regular federal and Ontario corporate income taxes that are levied under the *Income Tax Act* (Canada), the *Corporations Tax Act* and the *Taxation Act, 2007* on entities that are not tax exempt.

OEFC is the Ontario Hydro successor company that is responsible for servicing and retiring the debt and certain other liabilities of the former Ontario Hydro. All PILs received by OEFC are used to service and retire its obligations. As a result of an initial public offering of Hydro One common shares in 2015, Hydro One ceased to be exempt from federal and provincial corporate income taxes and is no longer subject to the PILs regime. The Minister of Finance is required by statute to make payments to the OEFC equal to the amount of provincial tax payable by Hydro One Inc. under the *Taxation Act, 2007*.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2021**

Ontario Power Generation (OPG), Hydro One and municipal electricity utilities also make payments in lieu of additional municipal and school taxes to the OEFC. The Gross Revenue Charge (GRC) portion payable to OEFC is also recorded under electricity PILs.

The federal government remits to the province 35 per cent of the net taxes that it collects with respect to preferred share dividends paid by corporations with operations in Ontario.

The Estate Administration Tax is payable by the estate of a deceased person on the issuance of a certificate of appointment of an estate trustee (referred to as an “estate certificate”) by an Ontario court. For applications for an estate certificate made on or after January 1, 2020, there is no tax payable if the value of the estate is \$50,000 or less. For estates valued over \$50,000, the amount of tax is equal to \$15 for each \$1,000 (or part thereof) of the value of the estate exceeding \$50,000. For applications made before January 1, 2020, the amount of tax is equal to \$5 for each \$1,000, or part thereof, of the first \$50,000 of the value of the estate and \$15 for each \$1,000, or part thereof, of the value of the estate exceeding \$50,000. If the value of the estate does not exceed \$1,000, the estate is exempt from this tax.

Ontario levies a mining tax on profits in excess of \$500,000 derived from the extraction of mineral substances raised and sold by operators of Ontario mines. The \$500,000 annual deduction must be shared by associated corporations. The tax rate on taxable profit subject to mining tax is 10% for non-remote mines and 5% for remote mines. A mining tax exemption on up to \$10 million of profit during an exempt period is available for each new mine. The exempt period for a new non-remote mine is three years and the exempt period for a new remote mine is 10 years. The mining tax exemption is also available for a major expansion of an existing non-remote mine. Mining tax does not apply to diamond mining. Diamonds are subject to a royalty on the value of a diamond mine’s output. The royalty rate is the lesser of 13% and the amount calculated on the value of output according to a graduated rate scale.

Provincial Land Tax is levied on land in areas without municipal organization at the rates prescribed by regulation. The rate that applies depends on which property class the land is classified and whether the land is in a locality as defined by the *Assessment Act*.

The Cannabis Excise Duty is imposed by the federal government on cannabis products, payable by the federal licensee that packages the cannabis products (typically the producer) or, in the case of imports, payable by the importer, owner or other person liable under the Customs Act (Canada). The federal government is responsible for the collection and administration of the tax. For dried cannabis flower, the excise duty rate is the greater of \$1/gram or 10% of the federal licensee’s selling price for the packaged product when delivered to a purchaser, and for edibles, extracts and topicals, the excise duty rate is \$0.01 per milligram of tetrahydrocannabinol (THC). Different rates apply for other product types. Ontario receives 75% of the excise duty collected on cannabis products intended for sale in Ontario, plus an additional sales tax adjustment of 3.9% on the federal licensee’s selling price.

Effective January 1, 2001, the existing property taxes and water rental charges paid by hydro-electric generating station owners and water power leaseholders were replaced with taxes and charges on the gross revenues of hydro-electric generating stations.

The Property Tax component payable to the OEFC is included as PILs on consolidation to the Province and the Property Tax component payable to the Province is reported under Taxation revenue. The Water Rental component of the GRC is included under Other Revenue – Royalties.

The Race Tracks Tax is levied at the rate of 0.5% on all wagers made in Ontario, and is collected and remitted to the Province by track operators.

The Mining Land Tax is a tax levied under the Mining Act, on lands or mining rights liable under the Act, at a rate of \$4 per hectare per year.

The Canada Health Transfer (CHT) is a federal block transfer that supports health care spending in the provinces and territories. Beginning in 2014–15, the CHT has been allocated to provinces and territories on an equal per capita basis. To receive CHT transfers, provinces and territories must comply with the principles of the *Canada Health Act*.

The Canada Social Transfer (CST) is a federal block transfer that supports provincial and territorial expenditures on post-secondary education, social assistance and social services, including early childhood development, and early learning and child care services. Beginning in 2007–08, the CST has been allocated to provinces and territories on an equal per capita basis. To receive CST transfers, provinces and territories cannot impose residency requirements in determining eligibility for social assistance to Canadian citizens, permanent residents, persons with a temporary resident permit, and refugee claimants waiting to receive permanent resident status.

The Safe Restart Agreement (SRA) provided one-time funding in 2020-21 for the safe re-opening of provincial and territorial economies in response to the COVID-19 pandemic. The seven priority spending categories agreed upon by provinces and territories were: testing, contact tracing and data management; health care system capacity; vulnerable populations; municipalities and transit, PPE, child care for returning workers; and a pan-Canadian sick leave program (federal delivery). The SRA agreement was finalized on September 16, 2020; Ontario provided an agreement letter to the federal government outlining its expenditure commitments for these seven sending categories. Ontario's allocation of SRA funding for the 2020 agreement was received on September 30, 2020.

The COVID-19 Essential Workers Support Fund provided one-time funding in 2020-21 as part of the response to the pandemic. This funding supported Ontario's temporary pandemic pay program for eligible frontline workers.

The Safe Return to Class Fund is a one-time federal transfer to provinces and territories to support various initiatives such as adaptation of learning spaces, improving air systems, increased hygiene measures, additional cleaning, procurement of Personal Protective Equipment, support for remote learning and health and safety training for staff. Funding under this agreement was provided in two phases. Ontario received the first payment in September 2020, following a letter from the Prime Minister confirming the federal commitment. Ontario received the second payment in January 2021, following a letter from the Premier to the federal government outlining completed spending for phase one and planned spending for phase two. The funding agreement was finalized in January 29, 2021.

The Labour Market Development Agreement (LMDA) provides funding to Ontario to support the design and delivery of employment and training programs to benefit insured participants (as defined in Part II of Canada's *Employment Insurance Act*) and to fund support measures to help clients obtain employment, facilitate labour market partnerships and support research and innovation activities. The LMDA is an ongoing agreement. Funding secured through the 2017–18 renegotiation of the agreement is allocated until 2022.

Infrastructure funding to Ontario is provided through the Investing in Canada Infrastructure Program, agreement for the Investment in Affordable Housing, Post-Secondary Institutions Strategic Investment Fund, Building Canada Fund, Clean Water and Wastewater Fund, Public Transit Infrastructure Fund and other federal provincial infrastructure programs. These agreements support the construction, renewal, improvement and expansion of the Province's physical capital, including roads, bridges, public transit, affordable housing and water systems.

The Workforce Development Agreement (WDA) funds training and skills development for Ontarians, including those in need of essential skills development, and programming for people with disabilities, youth, newcomers and adult learners. In 2020–21, additional one-time funding was provided to provinces and territories to offer Canadians the skills training and employment support they need, as part of COVID-19 recovery efforts. Funding is recorded in 2020-21 and 2021-22.

Targeted federal funding for access to home and community care and mental health and addictions services is provided to Ontario, beginning in 2017-18, over a 10-year period. This funding is guided by a Common Statement of Principles on Shared Health Priorities that all provinces and territories agreed on.

Direct Transfers to Hospitals, School Boards and Colleges (BPS Organizations) represent federal government funding to BPS Organizations for research, long term and complex hospital care for veterans, enhanced community care for Northern Ontario, Language Instruction for Newcomers to Canada (LINC), Employment Assistance, and post-secondary education programs.

Social Housing Agreement reimbursements are the federal portion of the cost of subsidizing low-rental housing programs. The Province receives funding from the Canada Mortgage and Housing Corporation (CMHC) to administer social housing in Ontario.

The Memorandum of Agreement Respecting Welfare Programs for Indians (Indian Welfare Services Agreement, 1965) is a bilateral cost-sharing agreement under which Canada reimburses Ontario for a portion of expenditures incurred to provide eligible social services to status First Nation individuals living on reserve

(and off reserve for up to 12 months). The Agreement recognizes a shared Ontario-Canada commitment to make available to status First Nation individuals living on reserve, and to those who have moved off reserve for up to one year, eligible social services programs that are available to the population of the province not living on reserve. As this is a bilateral agreement between Canada and Ontario, First Nations are not signatories to the Agreement. The Agreement outlines a formula to determine Canada's financial contribution for services in four program areas outlined in the Agreement, that are provided and funded by Ontario: child protection and child welfare prevention, child care, financial/employment assistance (Ontario Works) and homemakers and nurses services.

Through the Canada-Ontario Early Learning and Child Care Agreement, the federal government provides contributions to Ontario to further improve Ontario's early learning and child care system.

Bilingualism Development reimbursements are the federal government's portion of the costs of providing services in both official languages and of providing adequate educational facilities for teaching the second official language. The federal government also contributes to Ontario's initiatives in French-language schools, such as the establishment of administrative structures in new French-language school boards, and initiatives designed to improve the achievements of French-language students.

Legal Aid payments are the federal government's contribution to assist in providing legal aid services to economically disadvantaged people in serious criminal matters and proceedings under the *Youth Criminal Justice Act*. They also help ensure that certain minimum standards of legal aid are maintained in accordance with the Agreement Respecting Legal Aid in Criminal Law, the *Youth Criminal Justice Act* and immigration and refugee matters.

Youth justice programs are ongoing and mandated under the federal *Youth Criminal Justice Act*. Programs are delivered by the Ministry of Children, Community and Social Services and/or Transfer Payment Partners. As the administration of justice is a joint responsibility between the federal government and the provinces and territories, a portion of the Ontario expenditures are submitted for funding support through a Contribution Agreement with federal Department of Justice on an annual basis.

The Canadian Agricultural Partnership (CAP) is a five-year federal-provincial-territorial commitment to support Ontario's agri-food and agri-products sectors that focuses on the key priority areas of economic development, environmental stewardship, and protection and assurance. CAP came into effect on April 1, 2018 and replaced Growing Forward 2.

Student Assistance includes the Canada Student Grant for Services and Equipment for Students with Permanent Disabilities and the administration of Canada Student Loans Program.

The Immigration Holds Agreement represents reimbursement by the federal government for the cost of detaining people awaiting an immigration examination, inquiry or removal.

Other payments from the federal government included, among others:

- a) Funding to support sector-specific services covered under different agreements, such as the First Nation Policing Agreement, Biology Casework Analysis Contribution Program Agreement for DNA testing, Veteran Priority Access Beds Agreement, Firearms Control Agreement, Exchange of Services Agreement, and Canadian Families Justice Fund for family law services;
- b) Annual subsidies under the *Constitution Act, 1907*;
- c) Interest on the Common School Fund.
- d) One-time in-kind PPE support.
- e) One-time funding through the *Canada-Ontario Bilateral Agreement for Pan-Canadian Virtual Care Priorities in Response to COVID-19*.

The Province's proportional share of net income from Hydro One Limited (and previously Hydro One Inc.) and the net income from OPG are consolidated in the Province's finances. OPG revenue is derived primarily from the sale of electricity from its generating stations. Hydro One revenue is derived primarily from the transmission and distribution of electricity.

Sales and Rentals includes proceeds from the disposal of real property, supplies and equipment, rental of real property, leasing of Crown land and sales of goods and services provided by Provincial institutions.

Vehicle and Driver Registration fees include vehicle registration, carrier, and driver fees. Vehicle registration fees are for the authorization to operate a motor vehicle on a public road. For commercial vehicles the current fee ranges from \$265.25-\$4,693.00. Current fees for passenger vehicles and light commercial vehicles weighing 3,000 kilograms or less used for personal purposes are \$120.00 per year in Southern Ontario and \$60.00 per year in Northern Ontario. Fees for motorcycles and mopeds are \$42 and \$12 per year respectively in Southern Ontario and \$21 and \$12 per year respectively in Northern Ontario. Driver fees consist primarily of driver license renewals.

Personal Property Security Registration service fees are remittances for the registration of security interests and searches of personal property pledged as collateral to secure a loan. The fees are collected at the time of registration or search.

Companies' service fees are remittances for registration and search services pertaining to corporations, limited partnerships and other unincorporated entities. The fees are collected at the time of registration or search.

Gaming-related fees collected by the Alcohol and Gaming Commission of Ontario include fees for registering operators, gaming-related and non-gaming-related suppliers, trade unions and gaming employees of gaming sites for the charitable, commercial and iGaming sectors. Also included are fees for issuing lottery licenses to eligible charitable and/or religious organizations.

Effective January 1, 2001, holders of water power leases are required to pay a water rental charge calculated at a rate of 9.5 per cent on gross revenues from the annual generation from hydro-electric-generating stations. This is the Gross Revenue Charge - Water Rental component referenced on page 1-5.

Teranet – Polaris Royalties - The Province completed the sale of its 50% ownership in Teranet in 2003-04. In 2010–11 the Province negotiated an extension to the original Teranet agreement, resulting in a 50-year extension beyond the original term. \$1 billion in cash was received from Teranet in 2010-11 for it to retain exclusive rights related to the operation of the electronic land registration system. This amount is represented as deferred royalties to be amortized over a 56-year period from fiscal 2011–12 to 2066–67. The annual amortization for the extension is \$18 million.

As negotiated in the extension agreement between Teranet and the Province, effective for the period starting from April 1, 2017, Teranet resumed making royalty payments to the Province. The royalty payment is based on a percentage of various eligible Teranet revenues and is paid quarterly. The royalty stream is to be in place until the end of Teranet's exclusive licence term in 2067.

In 2020–21, the Province reported a total of \$46.5 million (\$45.0 million in 2019–20) in royalty revenue from Teranet.

DETAILS OF REVENUE – Continued**For the year ended March 31, 2021**

Crown Charges – Timber royalties are remittances for the harvesting of Crown timber on Crown land or when timber rights are reserved to the Crown on patent land. Crown charges are typically charged on a per cubic metre basis related to the tree species, end products produced and harvest volume. A base price per cubic metre, adjusted annually, is established as a minimum price. The minimum price for most harvested timber during 2020-2021 was set at \$4.81, or \$0.63 or zero (for bioproducts only) per cubic metre depending on the tree species and commodity group. The \$0.63 per cubic metre rates were assessed on timber species that are in over-supply due to relatively low market value, have limited application, and/or are harvested primarily for forest improvement purposes. A residual value price, based on a percentage of the difference between the cost of manufacturing and the selling price of the forest product, is also assessed. This component based on commodity market prices is adjusted monthly and varied from \$0.00 to \$47.11 per cubic metre, depending on different species groups and product sectors.

Beginning in 2006, funds for the Forest Resource Inventory (FRI) have been collected through the stumpage system. In 2020–2021 the FRI rate was set at either \$2.50 or \$0.63, depending on species group and end-use, and set aside in the Forestry Futures Trust fund account for FRI expenses, until a targeted \$10 million contribution to the FRI account is achieved. After reaching the intended \$10 million level, the FRI charge is set to zero¹. The FRI collection results in no net effect to the forest industry with respect to stumpage charges, as the minimum price is reduced an equivalent amount to FRI charges, while FRI charges are being collected.

Recovery of Prior Years' Expenditures represents monies recovered subsequent to the fiscal year-end in which the related expenditures were made. These receipts represent amounts, which, except for the timing of the recovery, would have been classified as expenditure refunds.

Reimbursements of expenditures are repayments of expenses incurred by the government under formal agreement, understanding or arrangement that the expenses will be recovered in whole or in part.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Revenues under "Power Supply Contract Recoveries" arise from the reselling of power and recovery from electricity consumers of the cost of power supply agreements of the OEFC, the legal continuation of the former Ontario Hydro.

Power purchase contracts were entered into by the former Ontario Hydro with non-utility generators (NUGs) located in Ontario. As the legal continuation of Ontario Hydro, as of April 1, 1999, the OEFC is the counterparty to these contracts. The contracts provide for the purchase of power at prices that were expected to be in excess of market prices. Accordingly, a power purchase contract liability was recorded on a discounted cash-flow basis. Under legislated reforms to the electricity market, OEFC began receiving actual contract prices for power from ratepayers, effective January 1, 2005, and no longer incurs losses on these power purchase contracts. At that time, the decision was made to amortize the liability to revenue over the period when most existing electricity contracts expire with the liability fully eliminated in fiscal 2021–22.

The Reduction of Power Purchase Contracts represents the effective elimination over time of the power purchase contract liability. The amount of change reflects the deduction for estimated in-year losses used to calculate the liability prior to the legislated reforms to the electricity market that effectively eliminated over time the power purchase liability.

The Independent Electricity System Operator (IESO) was established by the *Electricity Act, 1998*. It operates independently as a non-profit corporation without share capital. Licensed by the Ontario Energy Board (OEB), it reports to the legislature through the Ministry of Energy, Northern Development and Mines. The IESO directs the operation and maintains the reliability of the province's power system. The IESO balances demand for electricity against available supply through the wholesale market and directs the flow of electricity across the transmission system. IESO's revenue is derived primarily from OEB-approved fees for each megawatt of electricity withdrawn from the IESO-controlled grid.

¹ The only exception to this rule is bioproducts sector, for which FRI is collected at the rate of \$0.59/m³ throughout the fiscal year.

Program Description

This program includes the Policy Division and the Indigenous Justice Division.

The Policy Division is responsible for developing legislation, regulations and policy initiatives to respond to diverse issues in areas such as civil, family, human rights, administrative and commercial law, as well as regulation of the liquor, gaming and retail cannabis sectors. It is also responsible for policy oversight and partnership building relating to the ministry's regulatory and operational agencies, adjudicative tribunals and programs. This includes: Tribunals Ontario, Legal Aid Ontario, the Alcohol and Gaming Commission of Ontario, the Ontario Human Rights Commission, the Human Rights Legal Support Centre, the Special Investigations Unit, the Office of the Independent Police Review Director, the Public Accountants Council, and the Bail Verification and Supervision Program.

The Policy Division also leads the development and implementation of Ontario's provincial policy and framework for the regulation of recreational cannabis. In addition, the Division administers ministry public appointments to all agencies and adjudicative tribunals and manages legal appointments, providing direct service delivery to non-lawyer notary and commissioner applicants. The Division also provides administrative and other support to the two judicial appointment committees that make recommendations to the Attorney General for judge and justices of the peace appointments in Ontario. The Indigenous Justice Division is dedicated to addressing Indigenous justice issues, with a specific focus on reducing recidivism rates and the overrepresentation of Indigenous people in the justice system as victims, accused and offenders. The Division is committed to building strong and respectful relationships with Indigenous communities in Ontario in order to improve trust in, and understanding of, the justice system. The Division is currently engaged in work that includes overseeing Indigenous justice programs, facilitating Indigenous cultural competency training, legislative reform, policy development and Coroner's Inquests. The Division also provides strategic advice to the Attorney General and Deputy Attorney General on matters tied to Indigenous justice.

The Division works closely with and supports / informs the work of other divisions within the Ministry of the Attorney General, other ministries including Ministry of the Solicitor General and Indigenous Affairs Ontario, the Ontario Provincial Police and First Nations Police Services within the province. In addition to this, the Division supports the Indigenous Justice Advisory Group and the Elders' Council as they provide critical expert advice to the Attorney General and other ministries as requested.

The Children and Youth at Risk program include child protection services delivered by Children's Aid Societies and Indigenous societies to protect children and youth at risk of abuse or neglect; youth justice services to reduce reoffending and provide prevention, rehabilitation and reintegration services and other culturally appropriate services for Francophone and Indigenous communities and adoption information disclosure services.

Supports to Individuals and Families include services for children and youth with developmental and/or physical disabilities; culturally appropriate health and wellness programs for Indigenous peoples; community-based supports for at-risk youth or women and children experiencing violence; and specialized services for children and youth including autism services, rehabilitation services, and supports for those with complex special needs.

Program Description

The Postsecondary Education program (PSE), supported by the Postsecondary Education Division (PSED) and the Advanced Education Learner Supports Division (AELSD) are responsible for supporting institutions and students respectively, to create an innovative, accessible and responsive PSE system in Ontario. The PSE program develops and implements strategic and operational policies, and provides financial support for postsecondary education institutions and students in Ontario. The PSE program works in support of the government's social and economic policy objectives with the goal of providing opportunities for high quality, innovative, responsive and accessible postsecondary education. The PSE program also supports Ontarians who are seeking access to the postsecondary education system by providing financial and regulatory support, as well as modern delivery channels, enabled by technology.

PSED's key programs and activities include: developing policy, legislative and funding frameworks for colleges, Indigenous Institutes, and universities; capital policy and evaluation; administration of operating and capital transfer payments to colleges and universities; managing financial and governance relationships with postsecondary education institutions, agencies and transfer payment (TP) organizations; managing accountability mechanisms; (such as enrolment, program and financial reporting, key performance indicators and Strategic Mandate Agreement annual report backs); providing supports for Indigenous learners; regulating the public colleges of applied arts and technology in accordance with applicable statutes; providing quality assurance to public colleges as well as out of province private postsecondary institutes that are seeking to offer degrees in the province; and developing vocational learning outcomes for non-degree postsecondary programs.

AELSD delivers the Ontario Student Assistance Program (OSAP), an integrated needs-based financial aid program with the federal government. OSAP provides financial assistance, in the form of grants and loans, to qualified students in postsecondary studies. In addition to the funding provided through OSAP, AELSD provides bursaries, scholarships and other aid programs to postsecondary students. Through the Office of the Superintendent of Private Career Colleges, AELSD also regulates private career colleges, ensuring student protection and program quality. AELSD administers the International Student Program which allows institutions in Ontario to accept international students. AELSD is responsible for policy that supports technology-enabled learning at the postsecondary level, the development of a province-wide Digital Learning Strategy, and also administers transfer payment agreements in support of digitally-enabled learning.

Program Description

This program leads and assists in the development and delivery of policies, programs and services that support Northern Ontario businesses and communities. In addition, the program strives to make Northern Ontario strong, healthy and prosperous by providing business and community economic development support and access to government programs and services, promoting trade and investment, and answering northern regional and local infrastructure needs. It also co-leads the implementation of the government's Growth Plan for Northern Ontario through the coordination of provincial economic development initiatives in the North.

The program provides support for policy and program development and implementation on a range of issues and opportunities with respect to Northern Ontario. By engaging Northerners in government initiatives, including policy and planning activities, this program also ensures Northerners have a say in the development of government programs and services that affect them. The program is responsible for applying a Northern lens for policy review and development and champions Northern Ontario interests to further economic development.

This program invests in Northern Ontario infrastructure to support government priorities. Strategic investments in infrastructure such as the Northern Highways Program and telecommunications and information technology are improving the North's linkages to the rest of Ontario, Canada and beyond.

The program area provides economic development support to Northern Ontario businesses and communities. Through this program, the Ministry's network of offices provides northern communities and businesses with access to government economic development programs and services. Ministry programs work to attract trade and investment opportunities to help northern businesses develop and expand domestic and international markets. Program Description

This program encourages, promotes and facilitates the sustained economic benefits of Ontario's mineral resources through its oversight of Ontario's mineral exploration and development sector. It promotes a strong, safe and sustainable Ontario by administering Ontario's Mining Act in a fair and consistent manner, to ensure sustainable and responsible development of our mineral resources. This involves ensuring equitable public access to Crown mineral rights, fair and efficient management of Ontario's mining lands as well as ensuring the safe, environmentally sound mineral development and rehabilitation of mining lands.

It also has responsibility for encouraging and facilitating Aboriginal participation in Ontario's economy in a way that is respectful of Aboriginal rights and culture and meets Ontario's consultation obligations.

The program also generates and disseminates geoscientific data that attracts and guides mineral sector investment and informs a broad range of government policy priorities.

It administers the Ontario Diamond Royalty Regulation, values rough stones for export, and works with industry partners to pursue value-added opportunities throughout the diamond industry.

This program also provides support for policy and program development and implementation on a range of issues and opportunities with respect to development in the Ring of Fire. A dedicated secretariat works with all parties involved, consulting with Northerners including Aboriginal people and the mining community to encourage the region's responsible, sustainable development.

STATEMENT OF EXPENSES AND ASSETS BY VOTE AND ITEMS

For the year ended March 31, 2021

Program Description

The Regulatory Policy and Agency Relations Program provides coordination and oversight of the Ministry of Finance's regulatory policy agenda, and related agency oversight.

This program undertakes pension and income security policy analysis and leads development of relevant legislation and regulations. It tracks emerging trends and developments and identifies the economic and fiscal implications of pension and income security policies, and supports the government in formulating major economic, fiscal and policy documents. The program also manages the government's relationship with the Investment Management Corporation of Ontario.

This program ensures efficient regulation of the provincial financial services sector, including insurance, deposit-taking institutions, co-operatives, mortgage brokers, and the capital markets. This includes providing oversight to the Ontario Securities Commission and collaborating with other jurisdictions to facilitate the implementation of the Cooperative Capital Markets Regulatory System. The program also oversees the new Financial Services Regulatory Authority of Ontario and manages residual activities resulting from the transition and wind-down of the Financial Services Commission of Ontario and the Deposit Insurance Corporation of Ontario.

This program supports the coordination of horizontal policy development on several transformation initiatives spanning multiple ministries, including implementation of beverage alcohol and gaming modernization, and cannabis retail and distribution. It facilitates the Minister's oversight and accountability of the Liquor Control Board of Ontario, the Ontario Cannabis Retail Corporation, and the Ontario Lottery and Gaming Corporation, and manages the Ontario Deposit Return Program for beverage alcohol containers.

The ministry also provides administrative support to the Financial Services Tribunal, an adjudicative tribunal that, at the request of affected persons, holds appeals and hearings for decisions or proposed decisions, of the Chief Executive Officer of the Financial Services Regulatory Authority or from the former Financial Services Commission of Ontario, and the Deposit Insurance Corporation of Ontario.

Program Description

The Economic, Fiscal and Financial Policy Program assists the government in formulating the fiscal plan and monitors and reports on the performance of the Ontario economy through the Ontario Budget, Ontario Quarterly Finances, Ontario Economic Accounts, Economic Outlook and Fiscal Review, and Ontario's Public Accounts. It leads preparation of the Long-term Report on the Economy and contributes to the Pre-Election Report on Ontario's Finances. This program supports, develops and implements sound economic and fiscal strategies to stimulate economic growth and job creation; and it provides financial and economic expertise and advice to support the development, implementation and assessment of the impact of government policies and programs on Ontarians. It undertakes annual population projections for use in resource allocation and planning and develops demographic forecasts for Ontario and its 49 census divisions.

This program assists the Minister of Finance and the government in formulating Ontario's fiscal policy and strategies with respect to federal-provincial fiscal arrangements; and provides policy advice to clients, managers, and decision makers in the areas of fiscal management. The program facilitates engagement with central agency and line ministry partners to provide fiscal and budgetary policy advice and support policy development and prioritization. The program is responsible for statistics policy and is leading efforts to deliver high quality data and information and modernizing Ontario's statistics services.

In addition, the program reflects the transfer of dedicated electricity earnings from the Province to the Ontario Electricity Financial Corporation.

Program Description

The Tax, Benefits and Local Finance Program develops the policy and legislative framework for Ontario's taxation and benefits systems; administers Ontario tax statutes, tax and non-tax revenue programs and a number of benefit programs; maintains the integrity of Ontario's tax system; and manages the Province's fiscal relationship with municipalities.

The program objective is to maintain a tax system that is competitive and transparent for business to support economic growth, while ensuring tax supports are fair and effective for individuals and families in Ontario. To this end, the program provides strategic analysis and advice on personal, corporate, mining, commodity, tobacco, sales, estate administration and payroll tax policy and design.

As part of this work, the program offers front-line customer service across the province including program advice, education and outreach, as well as assistance throughout the registration and account management process. The program also conducts tax compliance activities including audit, inspection, investigation and collection, delivers key benefit programs for low-income seniors and families, as well as income verification services to other benefit programs, and conducts research and analysis of tax compliance.

The program provides advice on the development of policies and regulations governing municipal property taxation in Ontario, manages education property taxes and provincial land tax, establishes the policy and legislative framework for Ontario's property assessment system, and provides oversight of the Municipal Property Assessment Corporation. It also provides oversight of the Ontario Municipal Partnership Fund, the Province's main transfer payment to municipalities.

The program also manages the Province's relationship with the Canada Revenue Agency.

STATEMENT OF EXPENSES AND ASSETS BY VOTE AND ITEMS

For the year ended March 31, 2021

Program Description

Government Infrastructure Projects is responsible for managing the government's General Real Estate Portfolio. This is done through developing policy, legislation and program delivery. The program oversees the real estate management activities of the Ontario Infrastructure and Lands Corporation (Infrastructure Ontario), to implement real estate strategies, portfolio planning, acquisition and disposal of surplus properties, and capital planning. The ministry's Contaminated Sites Plan, the Forfeited Corporate Property Program, and the Transmission Corridor Program are managed by this program.

It is also responsible for optimizing the province's office real estate and driving workplace transformation to reduce cost and improve effectiveness of the workforce. It achieves this through better management of realty assets, by eliminating costly third party leased office space and re-shaping how and where the Ontario Public Service (OPS) works to deliver the best outcomes and services for Ontarians. Major realty projects are delivered through this program, including the Macdonald Block reconstruction and Whitney Block rehabilitation.

SUMMARY STATEMENT OF EXPENSES AND ASSETS BY PROGRAM

For the year ended March 31, 2021

Program Description

This vote includes Provincial Programs, Emergency Health Services and Stewardship. This program is responsible for transfer payment accountability, and operational policy development, including the planning and funding of a wide span of specialized programs. Examples of these transfer payment programs include: Community and Priority Services, Operation of Related Facilities, HIV/AIDS and Hepatitis C Programs, and community Mental Health and Addictions programs. The program provides Ontario's share of funding to the Canadian Blood Services and also supports a blood utilization management strategy for Ontario. This vote also includes ministry-managed Mental Health and Addictions programs which provide implementation support, knowledge exchange and training, quality improvement, and information management in support of direct service mental health and addictions providers.

In addition to transfer payment activities, Provincial Programs and Stewardship also includes Direct Operating Expenditures for health capital planning, the management and delivery of the Transfer Payments within the Vote, and for the oversight administration (stewardship) of the Ontario Health Agency and related programs.

Emergency Health Services (EHS) ensures the existence of a balanced and integrated system of emergency health services throughout Ontario. The ministry is modernizing EHS by building a more updated, integrated and efficient dispatch and communication system that will more effectively meet the needs of communities. The system consists of a series of inter-related programs and services including municipally operated/contracted land ambulance services, the not-for-profit air ambulance organization called Ornge, eight base hospitals that provide medical oversight, and ambulance communications services. Through EHS, the ministry oversees, certifies, and regulates Ontario's paramedics, and land and air-ambulance services through the Ambulance Act. EHS manages province-wide operations in 11 directly-operated Ambulance Communications Centres (ACCs), provides oversight and transfer payment functions for 11 transfer payment ACCs; and ensures strong operational alignment between all land and air ambulance services providers, healthcare services providers, municipal partners, and First Nations communities.

Program Description

The Infrastructure Policy and Planning area is responsible for supporting the overall policy and direction to modernize the Province's infrastructure including highways, roads, bridges, transit, hospitals, colleges, schools, courthouses, correctional facilities, other government buildings, and broadband infrastructure.

Infrastructure Policy and Planning is the area responsible for developing a strategic approach to infrastructure planning based on strong evidence. This includes managing the implementation of the Infrastructure for Jobs & Prosperity Act, which requires the development of the government's long-term infrastructure plan, the development of an asset inventory, the identification of infrastructure needs and a strategy to prioritize infrastructure needs.

The area is the steward of provincial asset management planning, including developing tools and analyses to consistently track both current infrastructure assets and planned investments across government. As well, under the terms of the Act, the area is also responsible for the development of regulations for asset management plans for municipalities and certain broader public-sector entities.

This area leads infrastructure research initiatives, including coordinating, commissioning or undertaking studies to understand and develop best practices in infrastructure planning, and supporting the enhancement of government-wide practices in related fields, such as asset management and infrastructure productivity. The area also promotes and supports the integration of climate change considerations, such as lifecycle assessment, into the infrastructure planning and decision-making process.

The area manages the government's relationship with the federal government by working with federal and municipal governments to negotiate and implement federal infrastructure funding programs. The area also develops and designs municipal infrastructure policy and programs, overseeing their delivery to ensure they are consistent with broader provincial infrastructure policy.

Infrastructure Policy and Planning leads the Province's efforts to expand broadband and cellular access to unserved and underserved communities across Ontario.

STATEMENT OF EXPENSES AND ASSETS VOTE AND ITEMS

For the year ended March 31, 2021

Program Description (continued)

The area manages the Unsolicited Proposals Framework and portal, which provides a clear structure for receiving and assessing unsolicited infrastructure proposals from the private sector, in collaboration with partner ministries.

The area oversees the continued success of Infrastructure Ontario and Waterfront Toronto, which represent two of Ontario's largest infrastructure delivery partners.

The area also develops policy and oversees programs for infrastructure financing, including public-private partnerships, loan program, commercial projects and the non-General Real Estate Portfolio (non-GREP) realty services and supports enhanced transparency through public reporting of data and profiles of infrastructure investments.

The mandate of the PEO is to administer and enforce *Ontario's Pay Equity Act*. To carry out this mandate, the PEO provides education and advice to employers, employees, and bargaining agents in the public and private sectors to achieve and maintain pay equity in their workplaces. The PEO also investigates complaints, conducts monitoring programs, attempts to effect settlements of pay equity issues between the parties and issues Orders for compliance where necessary.

The Pay Equity Hearings Tribunal, a quasi-judicial tri-partite administrative tribunal, is responsible for adjudicating disputes arising under the *Pay Equity Act*.

Program Description

Occupational Health and Safety (OHS) Program's primary mandate is the setting, communicating and enforcing of the occupational health and safety legislation and regulations, and coordinating Ontario's workplace injury and illness prevention system to reduce or eliminate workplace injury or illness.

Largely through inspections and investigations of workplaces, the OHS program monitors compliance with the *Occupational Health and Safety Act* (the Act), and assists workplace parties in securing a healthy and safe working environment. Through the administration and enforcement of the Act and its regulations, it encourages employers and workers to cooperatively identify and control health and safety hazards.

The Prevention Office is responsible for initiatives aimed at preventing occupational injuries, illness and fatalities in Ontario. This includes the development of a province-wide health and safety strategy to align OHS priorities across all system partners, and related implementation activities such as mandatory workplace health and safety training, standards, research and awareness. The Prevention Office establishes standards for, and approval of high risk training programs and providers; as well as requirements for certification of joint health and safety committee members. It also oversees prevention research and innovation grants programs which provide funding to recipients who meet specific eligibility criteria. Through transfer payment agreements, the office designates and maintains oversight of Health and Safety Associations, who offer specific training, consulting and clinical services.

The Office of the Worker Adviser (OWA) provides advisory, representation and educational services to non-unionized injured workers and survivors in workplace insurance cases, including representation before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OWA also provides the same range of services to non-unionized workers in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*, including representation at the Ontario Labour Relations Board.

The Office of the Employer Adviser (OEA) provides advisory and educational services to all Ontario employers and representation services primarily to smaller employers, with fewer than 100 employees, with regard to workplace safety insurance matters before the Workplace Safety and Insurance Board and the Workplace Safety and Insurance Appeals Tribunal. The OEA also provides representation services to employers with fewer than 50 workers at the Ontario Labour Relations Board in reprisal complaint cases under Section 50 of the *Occupational Health and Safety Act*.

Program Description

Employment Ontario (EO), Ontario's employment and training network, makes it easier for employers to access a skilled workforce and for Ontarians to find the employment and training programs and services they need. To remain competitive in the current and future economy, investments in education and skills training play a critical role in preparing people for jobs that ensure future prosperity in the knowledge-based economy. EO programs and services fall into five categories: Apprenticeship, Employment Supports and Services, Skills Training, Adult Education, and Labour Market Development and System Features.

The majority of EO programs and services are delivered through the EO system, composed of Ontario's community-based network including employment service providers, literacy providers, public colleges, direct delivery apprenticeship offices and training delivery agents. EO aims to deliver integrated, customer-focused and effective employment and training to advance Ontario's economic advantage. The program area also leads labour market analysis and workforce development policies and strategies to facilitate connections between the economy, training and education institutions, employers and job seekers.

The Office of the Fairness Commissioner works with the regulated professions and compulsory trades in Ontario to ensure that registration practices are transparent, objective, impartial and fair. The work of the office helps ensure that people are treated fairly and can put their skills and experience to work, regardless of if they were educated domestically or internationally and applies to both Canadians who have gone abroad for training and immigrants.

The Ontario Immigrant Nominee Program works in partnership with the Government of Canada through Immigration, Refugees and Citizenship Canada to recognize and nominate people for permanent residence who have the skills and experience Ontario's economy needs.

Program Description

The program provides the services required by the Lieutenant Governor in performing constitutional, representational and community duties. In the constitutional role, the Lieutenant Governor represents The Queen, appoints as Premier the party leader having the confidence of the Legislative Assembly, swears in the Executive Council, outlines the Government's plans in the Speech from the Throne, provides the Royal Assent needed for bills to become law, approves orders-in-council and appointments recommended by Cabinet, and prorogues or dissolves each session of Parliament. In the representational and community role, the Lieutenant Governor represents the people of Ontario and acts as the Province's official host, welcoming royalty, heads of state, world leaders and members of the diplomatic corps. The Lieutenant Governor promotes and highlights issues of continuing interest to vice-regal office holders, including the relationship between the Crown and Indigenous peoples, Canadian forces, good citizenship, the arts and volunteerism. The Lieutenant Governor also promotes and emphasizes issues of personal interest, currently focused on sustainable development and Ontario in the world.

STATEMENT OF EXPENSES AND ASSETS BY VOTE AND ITEMS

For the year ended March 31, 2021

Program Description

The Ontario government is building healthier and safer communities by creating a 21st century long-term care sector that focuses on residents and a place our province's most vulnerable can call home. To support this vision the Ministry of Long-Term Care (the "ministry") will be focusing on the development of 15,000 new beds and redeveloping an additional 15,000 beds to modern design standards.

Our government has an innovative and flexible plan to responsibly incent development so that our aging population can receive the care it needs and deserves. This plan includes addressing the different regional experiences operators face and identifies several province-wide barriers experienced across the sector. Ontario's government is investing in long-term care development so we can get shovels in the ground and ensure our most vulnerable Ontarians are off waitlists and in beds faster.

The ministry is also leading the response, in collaboration with sector partners, to the recommendations contained in the report from the Public Inquiry into the Safety and Security of Residents in the Long-Term Care Homes System.

Program Description

The objectives of this program are to ensure Ontario's urban and rural municipalities are safe, strong, complete communities with dynamic local economies that are well-planned, sustainable, healthy, and enhance the quality of life and are providing services quickly and efficiently to their residents and businesses. The Local Government and Planning Policy Program contributes to a long-term policy, program, administrative, and legislative framework that enhances the accountability, transparency and effectiveness of local government and democratic processes. This program includes overseeing the Planning Act, Provincial Policy Statement, Municipal Act, and the Places to Grow Act to name a few as well as geographic-specific regulatory policy such as the Growth Plan for the Greater Golden Horseshoe, the Greenbelt Plan and the Oak Ridges Moraine Conservation Plan. The program provides the legislative framework and tools for municipal elections and accountable and effective municipal governments. The program supports infrastructure investment and economic development as well as environmental protection, preservation of agricultural land, and conservation of greenspace. It also provides a framework, through legislation and land use policies, for planning, growth management and development approvals that support the dynamic resiliency of infrastructure, housing and jobs. The program provides tools to improve local service delivery, reduce costs, achieve financial sustainability, and enhance accountability to taxpayers. Through the program, effective partnerships with municipalities, businesses, environmental, non-governmental organizations, Indigenous peoples, other ministries and other governments are built and maintained. All of this policy and program-based work is guided by a partnership approach and meaningful engagement, education and consultation.

Program Description

The objectives of this program are to deliver on the government's commitments on community housing, homelessness and market housing. This includes: engaging with stakeholders on opportunities to improve supportive housing; leading policy and legislative changes to increase housing supply and improve affordability; supporting the sale of surplus government properties; creating a regulatory framework that protects tenants and landlords and encourages maintenance and investment in new rental housing; and, supporting municipalities, housing providers and other external stakeholders, to help them meet their housing responsibilities. To meet its objectives, the program provides a full range of services: policy development, program design and delivery, complaints resolution and enforcement, and funding for housing programs.

Program Description

The Ombudsman is an officer of the Legislature whose mandate is set out in the Ombudsman Act. The Ombudsman promotes fairness, accountability and transparency in the public sector by investigating complaints and systemic issues within his jurisdiction, and making recommendations to improve the administration of public policy, programs and services. As of May 1, 2019, the Ombudsman's mandate was expanded to include complaints related to children and youth in care (children's aid societies, group and foster homes), as well as French language services. This is the result of legislation passed in December 2018 that transferred the responsibilities of the formerly independent French Language Services Commissioner (FLSC) to the Ombudsman, as well as the investigative function of the formerly independent Provincial Advocate for Children and Youth (PACY).

During the 2020-2021 fiscal year, the Office of the Ombudsman received 20,015 complaints. The Office's approved staff complement in 2020-21 was 186 FTEs.

Program Description

The Policy and Planning Program is responsible for identifying the long-term, strategic interests of the province with respect to Ontario's transportation systems, including transit. It develops policies, plans and programs to support an efficient and integrated multi-modal transportation system in Ontario.

This includes leading the development of investment strategies and policies that enhance transit and alleviate traffic congestion while supporting innovation in the transportation sector through policy development and planning for emerging trends such as connected and automated vehicles.

The program is also responsible for managing the province's relationship with Crown Agencies such as Metrolinx, which includes GO Transit.

Additionally, the program works to advance Ontario's strategic transportation objectives with other ministries, the federal government, other provinces, municipalities, and Indigenous communities.

STATEMENT OF EXPENSES AND ASSETS BY VOTE AND ITEMS

For the year ended March 31, 2021

Program Description

The Road User Safety Program develops and implements strategies to improve road safety and mobility through the promotion of responsible driving behaviour and motor vehicle safety.

Ontario has an excellent long-term road safety record and is consistently one of the safest road jurisdictions in North America. The Ministry of Transportation's Road User Safety Program leads and actively participates with other jurisdictions in Canada and the United States in developing, promoting and evaluating road safety initiatives and best practices. The program works with many partners, including law enforcement agencies, community groups, safety organizations, the medical community, international researchers and research institutions, public health units, injury prevention practitioners, the insurance industry and the private sector, to reduce collisions, fatalities and injuries on our roads.

The key responsibilities of the program are to: set safety standards and develop policies, programs, legislation and regulations for road users, commercial carriers and motor vehicles; inspect, monitor and enforce compliance with those standards; manage and deliver driver improvement and commercial vehicle safety programs; conduct leading edge research to inform policy development and guide public education and road safety marketing campaigns; improve public awareness and promote road safety; manage revenue derived from driver and vehicle products and services; focus on the customer by creating faster, smarter, more efficient products and services; and manage and protect personal information and identity. It also supports the delivery of programs for other ministries.

The program establishes policies and standards and oversees the delivery of driver and vehicle licensing, registration and other services by our government and private sector partners.

Program Description

The Provincial Highways Management Program oversees the provincial highway network and related transportation services (including year-round highway maintenance) and protects public investments in highway infrastructure. Program management strategies are developed and implemented to maximize the effectiveness of investments in this infrastructure.

The provincial highway network provides safe mobility for people and goods, and promotes economic, environmental and social sustainability. The program delivers these activities through internal resources, partnerships and private sector service providers. Activities include investment planning, engineering, design, property acquisition, asset rehabilitation and renewal, new construction, contract oversight, corridor management (such as managing development adjacent to highways), summer and winter maintenance (such as shoulder grading / snow and ice control) for the provincial highway network, environmental assessments, and provision of traveller information services to the public. The program is also responsible for remote airports in Ontario's Far North, ferry services in locations across the province, First Nations roads funding, road improvements in unincorporated areas, highway service centres (ONroute), and the production of the Ontario Road Map.

The program also oversees the Owen Sound Transportation Company Limited, an Operational Enterprise Agency of the Province that directly delivers transportation services for three ferry operations.

Program Description

The Labour Relations and Compensation Program supports the government's commitment to positive labour relations within the Ontario Public Service (OPS) and Broader Public Sector (BPS).

The program represents the Crown as the employer in all collective bargaining and labour relations issues affecting the OPS, provides employee and labour relations advisory services, supports ongoing union-management relations, and manages corporate compensation strategies and programs. It also provides fiscal governance of all benefit and pension plans for employees and retirees of the OPS and the judiciary.

The program analyzes internal and external factors that drive collective bargaining outcomes in the BPS, in order to develop and provide evidence-based strategic guidance and advice to government, ministries and BPS employers related to ongoing collective bargaining and labour relations issues. The program also provides policy advice and support on government initiatives impacting executive compensation in the BPS.

Program Description

The Treasury Board Support Program provides leadership and advisory services that support evidence-based decision making, prudent financial management, and transparent public reporting across the public sector in Ontario. The program also provides leadership to ministries and provincial agencies through the delivery of strategic enterprise-wide policies, directives and advice designed to promote excellence in public service, including leading and supporting the review of Ontario's provincial agencies.

The program fosters accountability and fiscal integrity by providing expertise and advice on the development and implementation of fiscal, financial management, performance measurement and infrastructure frameworks. The program ensures the appropriate use of public resources to meet government priorities by supporting Treasury Board/Management Board of Cabinet and providing advice on ministries' annual multi-year plans, the management of in-year expenditures and the design of programs. In addition, the program assists the President of the Treasury Board, Deputy Minister and Secretary of the Treasury Board/Management Board of Cabinet and the government with public reporting on plans and results through, for example, the Expenditure Estimates. The program also provides the Ontario Public Service and broader public sector with accountability and oversight advice.

Program Description

The Office of the Comptroller General program is responsible for government-wide direction and leadership for provincial controllership, enterprise risk management and administrative oversight with respect to the internal audit function. This program provides oversight of functions that ensure strong fiscal accountability, transparency in reporting, a modern public sector comptrollership framework, and financial management, risk and audit capability and capacity.

The program supports the Ontario Public Service and Broader Public Sector in meeting their business objectives by providing a challenge function to support planning and decision-making and evaluating and making recommendations to improve governance, risk management, control, accountability and compliance processes and to improve the effectiveness, efficiency and economy of ministry and provincial agency operations.

In addition, the program assists the President of the Treasury Board and the government with public reporting of the Public Accounts and Annual Report and Consolidated Financial Statements. It provides the Ontario Public Service and Broader Public Sector enhanced internal oversight including accountability, financial management policy and leading risk management practices across government.

Additionally, the program provides advice, direction and development of a strategic framework for building and strengthening the financial, risk management and internal audit communities.

SUMMARY OF DEBT OUTSTANDING - Concluded**As at March 31, 2021**

The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on capital market rates at the time of roll over.

The Ontario Immigrant Investor Corporation (OIIC) is an operational enterprise of the Ontario Government incorporated on April 30, 1999 under the *Development Corporations Act*. The corporation was established to act as Province's receiving vehicle for immigrant investor monies under the federal government's Immigrant Investor Program (IIP). The Ontario Financing Authority manages these monies under an investment management agreement with the OIIC, and the OFA invests these funds received from the IIP in Ontario's bonds.

The Canada Mortgage and Housing Corporation (CMHC) has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public borrowing cost at the time that the Corporation agreed to participate in the project. Debt includes \$66.4 million of CMHC debt transferred from the Ontario Municipal Housing Corporation (OMHC) upon OMHC's dissolution in FY2020-21.

The Province of Ontario has issued to public investors in the capital market bonds denominated in Canadian dollar, United States dollar, Australian dollar, Euro, Swiss franc, and UK pound sterling.

Ontario Savings Bonds (OSBs) were first issued in 1995. OSBs are retail bonds sold by the Province to the residents of Ontario. The bonds are issued once a year and are available for sale through most financial institutions. There are three types of bonds: Variable-Rate Bonds, Step-Up Bonds and Fixed-Rate Bonds. All are available with annual or compound interest. The issuance of new OSBs was discontinued in 2019.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with various maturities up to three years, are sold by tender on a regular basis.

U.S. Commercial Paper issues are non-interest bearing debt with maturities up to 270 days. There is none outstanding this fiscal year-end.

A School Board Trust was created in June 2003 to permanently refinance debt incurred by 55 school boards. The Trust issued 30-year sinking fund debentures amounting to \$891 million and \$882 million of the proceeds was provided to the 55 school boards in exchange for the irrevocable right to receive future transfer payments from the Province. An annual transfer payment is made by the Ministry of Education to the Trust's sinking fund under the School Board Operating Grant program to retire the debt over 30 years.

Net consolidation and other adjustments include third party debt issued by other government organizations after elimination of Provincial debt held by these organizations.

Debt Issued for OEFC: The Province, on behalf of Ontario Electricity Financial Corporation (OEFC), borrows from the Canada Pension Investment Board and issues debentures and treasury bills in the public markets. The proceeds of all such borrowings are advanced to OEFC in exchange for bonds and short term notes with like terms and conditions.

Debt issued for Investment Purposes: On April 1, 1999, under the *Energy Competition Act*, five corporations, together with their subsidiaries, were formed from the former Ontario Hydro. Ontario Power Generation Inc. (OPG) and Hydro One Inc. are two of these five corporations. In order for OPG and Hydro One Inc. to have capital structures competitive with those of other industry participants, the two companies entered into a debt-for-equity swap with the Province of Ontario. The Province assumed \$8,885 million of the debt issued by the two corporations in exchange for \$5,126 million in equity from OPG and \$3,759 million in equity from Hydro One Inc. The change in the value of the debt issued for Hydro One Inc. is the result of proceeds from the sale of Hydro One shares in 2015-16, 2016-17, 2017-18 and 2019-20.

References:

1. All debt issues are non-callable, except as stated in the notes below. Debt is payable at a fixed rate, or a floating rate with reference to a stated index, reset usually every three months (3M). These floating rate indices are CBA - Canadian Bankers' Acceptance Rate, and Libor - London Interbank Offered Rate.
 2. The following debt series are issued for Provincial purposes and for OEFC: DMTN207, DMTN212, DMTN215, HP, DMTN223, DMTN227, KJ, LQ, DMTN240, DMTN158, DMTN164, DMTN182, DMTN204, DMTN214, DMTN220, DMTN228, DMTN231, DMTN236, and DMTN242.
 3. The Canada Pension Plan Investment Board (CPPIB) invests funds in the Province of Ontario's non-marketable securities. Effective July 1, 2005, under a side-letter agreement signed between the CPPIB and the Province, CPPIB offered the Province upon maturity of the debentures held to the credit of the Canada Pension Plan Investment Fund (CPPIF) that were issued before January 1, 1998, an option of issuing new replacement debentures to the CPPIB with a maximum term of 30 years (minimum term of 5 years and with subsequent roll over options subject to the 30 years maximum from the date of issue of the first replacement debenture) at a rate based on the capital market rates at the time of roll over. These debentures are not negotiable or transferable and are assignable only to a wholly-owned subsidiary of the Canada Pension Plan Investment Board. On April 1, 2007, all debentures held to the credit of the CPPIF or purchased by the Minister of Finance of Canada in accordance with Section 110 of the Canada Pension Plan were transferred to the CPPIB.
 4. OIIC: Total outstanding amount is \$2 million issued by the Province.
 5. CMHC: The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest. Debt includes \$66.4 million of CMHC debt transferred from the Ontario Municipal Housing Corporation (OMHC) upon OMHC's dissolution in FY2020-21.
 6. The Province entered into interest rate agreements for certain Canadian bonds to effectively convert their interest rate obligations according to the Province's risk management strategy. These bonds and effective rates are: DMTN180 4.52%, DMTN233 1.31%, DMTN235 1.70%, DMTN239 2.61% and DMTN116 4.22%.
 7. MH: The terms of these debentures require that a special one-time interest payment of 25% of the principal amount outstanding be made at maturity
 8. DMTN157: Interest is payable semi-annually at 15.0% until January 13, 2006 and thereafter at 5.0%.
 9. Series HZ, JA, JB, JC, JD: These are zero coupon bonds which require unequal payments consisting of principal and interest to be made at predetermined irregular intervals with final payment on January 10, 2035. During the fiscal year 2020-21, principal repaid was \$nil million. The total principal and interest to be payable over the life of these bonds is \$1,092 million.
 10. DMTN158: This Real Return Bond bears interest to the index adjusted principal in relation to All-Items Consumer Price Index for Canada (the "CPI"), issued with a base index of 127.54839 on October 4, 2005. Consequent to the change of official time base reference period from 1992 to 2002 by the Bank of Canada on June 19, 2007, the base index has been changed to 107.18352. Total issue size is \$2,844 million in principal, of which \$700 million has been on-lent to OEFC, and \$300 million has been swapped effectively to a nominal debt paying a fixed rate of 4.23%. The amount outstanding represents the indexed value of the principal.
 11. DMTN117: The bond was issued at a high premium in 2004 to offer a yield of 5.74%.
 12. JL: The terms of these debentures require unequal payments, consisting of both principal and interest, to be made at predetermined irregular intervals with the final payment on January 10, 2045. The total principal and interest to be payable over the life of the debenture is \$1,325 million.
 13. OSB: Ontario Savings Bonds are redeemable at the option of the holders on June 21 and December 21 and for 14 calendar days following the redemption date of June 21 and December 21, with the exception of Fixed-Rate bonds which are redeemable at maturity only. Starting in 2009, Variable Rate Bonds are redeemable annually only on June 21. All current outstanding OSBs may be redeemed upon the death of the beneficial owner. The boards under the Unincorporated Roads Program consist of owners of land in a territory without municipal organization and there are approximately 300 active in the province. The roadwork to be performed is determined during the annual meeting between the boards and ministry officials and may include emergency repairs, general maintenance and capital upgrades. The incurred costs for the fiscal year related to the latter undertakings are considered drawdowns from the above mentioned Special Purpose Account.

The Ministry administers the Dedicated Gas Tax Funds for Public Transportation (Gas Tax) Program. Starting in 2004, the province provided one cent per litre of provincial gas tax revenues, increasing the amount to 1.5 cents a litre in October 2005 and 2 cents a litre in October 2006. The Gas Tax program provides a long-term sustainable source of funding for Ontario municipalities to improve and expand public transit. The funding of 2 cents a litre was made permanent with the passing of the Dedicated Funding for Public Accounts Act, 2013 through the 2013 Ontario Budget. A Special Purpose Account entitled the "Dedicated Funding for Public Transportation" was created and funds, determined pursuant to a formula stipulated under the Act, are deposited into it and subsequently paid out to the recipients. In 2013-14, the ministry realigned the gas tax program year to correspond with the provincial fiscal year. For 2020-21, pursuant to the Act, \$378.6 million was deposited into the Special Purpose Account. A total of 109 municipalities serving 144 communities across the province, representing 92% of the total population of Ontario, will receive Gas Tax funding for the 2020-21 program.
