Re: Medical Claims Electronic Data Transfer (MC EDT) Web Page Download
Functionality Temporarily Unavailable

Please be advised that as of Friday, October 21, 2016 the Medical Claims Electronic Data Transfer (MC EDT) web page download functionality is temporarily unavailable for an emergency system update. Remittance Advices (RA's), Error Reports, Batch Edit Reports and Roster Capitation Reports for Fee-for-Service (FFS) and Primary Care providers are not currently available to download at this time via the MC EDT web page. Assistive Devices Program (ADP) vendors will not be able to access their ADP Vendor Reports. Please see Appendix A for a listing of reports that will be unavailable via MC EDT web page. These reports can still be downloaded using MC EDT web service.

Claims can still be submitted by using the upload functionality on MC EDT through the web page, as well as through MC EDT web service.

Error reports that are produced daily through the web page service will not be available; however, the Ministry will ensure this outage is cross-referenced when assessing stale date exemptions.

The Ministry is committed to providing service delivery of electronic reporting and will be communicating when the MC EDT web page download functionality/reporting service will be restored and available for use.

If you have further questions please contact the Service Support Contact Centre at 1-800-262-6524.
