Re: Update: Medical Claims Electronic Data Transfer (MC EDT) Web Page Download Functionality Restored

Please be advised that as of Monday, October 31st, 2016 the Medical Claims Electronic Data Transfer (MC EDT) web page download functionality, including report services is now restored and available for use. Remittance Advices (RA's), Error Reports, Batch Edit Reports and Roster Capitation Reports for Fee-for-Service (FFS) and Primary Care providers are available to download via the MC EDT web page. Assistive Devices Program (ADP) vendors will be able to access their ADP Vendor Reports.

Please note that all browser bookmarks to a specific provider's upload or download page will now be redirected to the MC EDT Upload/Download welcome page.

Please follow the existing stale date exemption process by contacting your local Claims Services Branch (CSB) office for pre-approval before submitting your stale dated claim files so that the time-frames of the service outage can be considered when assessing stale date exemptions.

If you have further questions please contact the Service Support Contact Centre at 1-800-262-6524.
