Re: Mandatory Service Location Indicator (SLI) on Technical Fees

Page 1 of 1

Effective for claims with service dates of April 1, 2020 and later, when a technical fee is submitted without a Service Location Indicator (SLI) the entire claim will reject to the physician/group error report with the new error condition '**VHC – SLI REQUIRED FOR TECH FEE**'.

This will include both Health Care Provider (HCP) and Workplace Safety and Insurance Board (WCB) claims. Claims submitted with a service date prior to April 1, 2020, will continue to pay with the 'W4 - Warning: Service Location Indicator Code Missing' explanatory code. Out of Province claims are not required to have an SLI code on a claim for a technical fee.

The following is a list of valid SLI codes:

HDS	H ospital D ay S urgery
