Claims Processing

1. The codes listed above have been paying correctly since November 1, 2021, because of the implementation of a new payment rule in the claims payment system. These items were originally paid at \$0 with an explanatory code of 'D7 – Not allowed in addition to other procedure'.
2. Claims submitted prior to November 1, 2021 with any of the above codes (including K094A and K095A for the time-period above) will be adjusted to pay in accordance

with the new payment rule.

3. These adjustments will begin to appear on the January 2022 Remittance Advice (RA) and may report over several RA's.
4. Reprocessed claims will appear on the RA with explanatory codes '55 – This deduction is an adjustment on an earlier account' and '57– This payment is an adjustment on an earlier account'.
