**WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 5. Every licensee of a long-term care home shall ensure that the home is a safe and secure environment for its residents. 2007, c. 8, s. 5.**

**Findings/Faits saillants :**

1. On January 30, 2012, the inspector attended the home and was able to gain access to the building at the north side through the receiving area garage door that was left wide open. The door leading from the garage/receiving area was not locked and led to a vestibule where another unlocked door permitted access into the building. The inspector separately encountered two employees and did not identify himself to them. Neither employee questioned who the inspector was nor the purpose for being in the home. One of the employees provided the inspector with the security code for the elevator to gain access to all floors.
2. The garage door was identified as being left open in the inspection report issued October 4, 2011.

**Additional Required Actions:**

***VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance with maintaining a safe and secure environment, to be implemented voluntarily.***

**WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 19. Duty to protect  
Specifically failed to comply with the following subsections:**

**s. 19. (1) Every licensee of a long-term care home shall protect residents from abuse by anyone and shall ensure that residents are not neglected by the licensee or staff. 2007, c. 8, s. 19 (1).**

**Findings/Faits saillants :**

1. On January 30, 2012, the inspector confirmed the following information:  
An identified resident was neglected by his/her primary caregiver by not providing him/her with the care, services or assistance required for health, safety and well-being. A personal care aide (PCA) was assigned to the resident for a particular shift. Shortly after the shift ended and the PCA had left the floor, another PCA began his/her rounds and entered the resident's room. This PCA discovered the resident and his/her room in an unsanitary condition. The PCA reported this to registered staff and together they provided care to the resident and cleaned his/her room. The PCA on the previous shift was supposed to do a final round of resident checks and provide care as necessary prior to the end of his/her shift. The PCA was witnessed to have been sitting at the desk for the latter part of his/her shift.

The identified PCA was trained on Arbour Creek Long Term Care Centre's Abuse Policy in 2010. He/She signed and dated a form indicating he/she read, understood and agreed to comply with this policy.
