WN #1: The Licensee has failed to comply with LTCHA, 2007, S.O. 2007, c.8, s.3 (1)

Every licensee of a long-term care home shall ensure that the following rights of residents are fully respected and promoted:

19. Every resident has the right to have his or her lifestyle and choices respected.

Findings:

1. According to the health file of an identified resident, the resident was a long term participant in a specific lifestyle choice and had clearly expressed the wish to be allowed to continue this choice while residing at the home. The resident was told that he/she was not permitted to do so because it was against home policy. However the home's policy does permit the activity under certain conditions. The staff chose not to permit this particular resident to participate in the activity because it was not good for his health.

WN #2: The Licensee has failed to comply with O.Reg. 79/10, s.148(3)

Before discharging a resident from the home under clause 145 (3) (a), (b) or (d), the licensee shall offer to,

(a) assist the resident in planning for discharge by identifying alternative accommodation, health service organizations and other resources in the community; and

(b) contact appropriate health service organizations and other resources in the community or refer the resident to such organizations and resources

Findings:

1. The health file indicates that an identified resident was told on at least 2 occasions in the month prior to discharge that he/she would possibly be discharged from the home. There was no assistance given to the resident or contacts made to appropriate community resources for alternate living arrangements. CCAC was called the actual day of discharge. The resident had mentioned living with a family member but the health file indicates that the home was informed by the family prior to the resident leaving the home that the resident would not be living with them.
