The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.	Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 8. Policies, etc., to be followed, and records
Specifically failed to comply with the following subsections:

s. 8. (1) Where the Act or this Regulation requires the licensee of a long-term care home to have, institute or otherwise put in place any plan, policy, protocol, procedure, strategy or system, the licensee is required to ensure that the plan, policy, protocol, procedure, strategy or system,
(a) is in compliance with and is implemented in accordance with applicable requirements under the Act; and
(b) is complied with. O. Reg. 79/10, s. 8 (1).

Findings/Faits saillants :

The licensee did not ensure that any plan, policy, protocol, procedure, strategy or system instituted or otherwise put in place is complied with. In 2012 the physician for an identified resident wrote an order for a medication to be administered for an identified number of days. The physician's order was processed to pharmacy using the e-pen, however, the e-pen did not read the order accurately and as a result, the pharmacy interpreted the order to be given fewer days than actually prescribed. The resident's condition did not improve and a number of days after the medication was given, it was noted by staff that the resident did not receive the full dose of the medication. The home's policy [Medication Pass-Digital MAR/TAR Sheets - 04-02-11] indicates: Upon receipt of the new digiMAR/digiTAR sheets, two nurses or facility authorized care providers must check all printed information for correctness, make appropriate corrections and inform pharmacy of any changes. To ensure accuracy, each new sheet must be double checked against the Physician's Order Review, as well as the previous month's digiMAR/digiTAR sheets before being used. Staff interviewed and records reviewed confirmed registered staff did not double check the medication administration record against the physician's order.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that any plan, policy, protocol, procedure, strategy or system instituted or otherwise put in place is complied with, to be implemented voluntarily.

WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 3. Residents' Bill of Rights

Findings/Faits saillants :

The licensee did not ensure that every resident's right to be protected from abuse was fully respected and promoted.
