Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.)	Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD.)
The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.	Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care
Specifically failed to comply with the following subsections:

s. 6. (1) Every licensee of a long-term care home shall ensure that there is a written plan of care for each resident that sets out,
(a) the planned care for the resident;
(b) the goals the care is intended to achieve; and
(c) clear directions to staff and others who provide direct care to the resident. 2007, c. 8, s. 6 (1).

s. 6. (7) The licensee shall ensure that the care set out in the plan of care is provided to the resident as specified in the plan. 2007, c. 8, s. 6 (7).

Findings/Faits saillants :

1. An identified resident's plan of care last updated in April 2011 states the resident is to be administered a treatment continuously. However the resident's current orders made by the physician were changed. The home failed to ensure the plan of care for the resident sets out clear direction for staff who provide direct care for the resident.
2. An identified resident was admitted to the home in 2011 which required a specific treatment. According to progress notes and interview with family, there have been numerous incidences within seven months where the resident's treatment was not administered continuously. The plan of care indicates that the staff are to take action regarding the treatment every three hours. The licensee failed to ensure that the care set out in the plan of care was provided to the resident as specified in the plan.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure all resident's plan of care provide clear direction to staff who provide care to the resident and to ensure the care set out in the plan of care is provided to the resident as specified in the plan, to be implemented voluntarily.
