WN #1: The Licensee has failed to comply with O.Reg 79/10, s. 107. Reports re critical incidents

Specifically failed to comply with the following subsections:

s. 107. (3) The licensee shall ensure that the Director is informed of the following incidents in the home no later than one business day after the occurrence of the incident, followed by the report required under subsection (4):

1. A resident who is missing for less than three hours and who returns to the home with no injury or adverse change in condition.
2. An environmental hazard, including a breakdown or failure of the security system or a breakdown of major equipment or a system in the home that affects the provision of care or the safety, security or well-being of residents for a period greater than six hours.
3. A missing or unaccounted for controlled substance.
4. An injury in respect of which a person is taken to hospital.
5. A medication incident or adverse drug reaction in respect of which a resident is taken to hospital. O. Reg. 79/10, s. 107 (3).

Findings/Faits saillants :

1. The licensee did not inform the Director no later than one business day after the occurrence of an injury in respect of which a person is taken to hospital. In 2011 an identified resident sustained a fall with injury. The resident was sent to hospital for treatment, however the CI report was not reported to the Director within the required timeframe. In 2011, a second resident sustained a fall with injury requiring a same day transfer to hospital for treatment. This CI report was not reported to the Director within the required timeframe.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure the licensee informs the Director no later than one business day after the occurrence of an injury in respect of which a person is taken to hospital, to be implemented voluntarily.

WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Ministry of Health and
Long-Term Care

Inspection Report under
the Long-Term Care
Homes Act, 2007

Ministère de la Santé et des
Soins de longue durée

Rapport d'inspection
prévus le Loi de 2007 les
foyers de soins de longue

Specifically failed to comply with the following subsections:

s. 6. (1) Every licensee of a long-term care home shall ensure that there is a written plan of care for each resident that sets out,

(a) the planned care for the resident;

(b) the goals the care is intended to achieve; and

(c) clear directions to staff and others who provide direct care to the resident. 2007, c. 8, s. 6 (1).

Findings/Faits saillants :

The licensee of the long-term care home did not ensure that there was a written plan of care for each resident that sets out the planned care for the resident; the goals the care is intended to achieve and clear directions to staff and others who provide direct care to the resident. A post falls assessment completed for an identified resident, following a fall with injury in 2011, identified specific safety measures to prevent reoccurrence, however, this information was not made available on the document known as the "care plan", which provides direction to staff providing care. The "care plan" did not identify other safety measures required to ensure the resident's safety.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that there is a written plan of care for each resident that sets out the planned care for the resident; the goals the care is intended to achieve; and provides clear directions to staff and others who provide direct care to the resident, to be implemented voluntarily.
