WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 3. Residents' Bill of Rights

Specifically failed to comply with the following subsections:

11. Every resident has the right to,
 - i. participate fully in the development, implementation, review and revision of his or her plan of care,

27. Every resident has the right to have any friend, family member, or other person of importance to the resident attend any meeting with the licensee or the staff of the home. 2007, c. 8, s. 3 (1).

Findings/Faits saillants :

The licensee did not ensure that every resident was protected from abuse. An identified resident was known to staff to exhibit inappropriate behaviours towards co-residents and had interventions in place to manage the behaviours, however, in 2011 staff observed the identified resident alone with a confused co-resident, during which time the identified resident was exhibiting inappropriate behaviour towards the co-resident. In 2011 staff witnessed the identified resident a second time exhibiting inappropriate behaviours towards a second co-resident.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that every resident is protected from abuse, to be implemented voluntarily.

WN #2: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following subsections:

s. 6. (10) The licensee shall ensure that the resident is reassessed and the plan of care reviewed and revised at least every six months and at any other time when,

(a) a goal in the plan is met;

(b) the resident's care needs change or care set out in the plan is no longer necessary; or

(c) care set out in the plan has not been effective. 2007, c. 8, s. 6 (10).

Findings/Faits saillants :

The licensee did not ensure that the resident is reassessed and the plan of care reviewed and revised at least every six months and at any other time when care set out in the plan has not been effective. The plan of care for an identified resident was reviewed in 2010. The plan of care indicated the identified resident was known to exhibit inappropriate behaviours related to known prior incidents. Interventions were identified in the plan of care to manage the behaviours, however, on two occasions in 2011, staff witnessed the identified resident exhibiting these inappropriate behaviours towards two identified co-residents. The plan of care for the identified resident exhibiting the inappropriate behaviour was not reviewed nor was it revised when interventions were not effective in managing the behaviour.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure the plan of care is revised when care set out in the plan is not effective, to be implemented voluntarily.

WN #3: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 24. Reporting certain matters to Director

Specifically failed to comply with the following subsections:

s. 24. (1) A person who has reasonable grounds to suspect that any of the following has occurred or may occur shall immediately report the suspicion and the information upon which it is based to the Director:

1. Improper or incompetent treatment or care of a resident that resulted in harm or a risk of harm to the resident.
2. Abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or a risk of harm to the resident.
3. Unlawful conduct that resulted in harm or a risk of harm to a resident.
4. Misuse or misappropriation of a resident's money.
5. Misuse or misappropriation of funding provided to a licensee under this Act or the Local Health System Integration Act, 2006. 2007, c. 8, ss. 24 (1), 195 (2).

Findings/Faits saillants :

The licensee did not ensure that the person who had reasonable grounds to suspect that abuse of a resident by anyone that resulted in harm or risk of harm to the resident had occurred or may occur, immediately reported the suspicion and the information upon which it was based to the Director.

According to staff and the home's "risk indicator resident incident" report there were four reported incidents in 2010, of inappropriate behaviour by an identified resident towards co-residents which would be considered abuse. The RAI coordinator verified these incidents were not reported to the Director.

Additional Required Actions:

VPC - pursuant to the Long-Term Care Homes Act, 2007, S.O. 2007, c.8, s.152(2) the licensee is hereby requested to prepare a written plan of correction for achieving compliance to ensure that a person who has reasonable grounds to suspect that abuse of a resident by anyone that resulted in harm or risk of harm that may occur, immediately reports the suspicion and the information upon which it is based to the Director, to be implemented voluntarily.
