Specifically failed to comply with the following subsections:

s. 30. (2) The licensee shall ensure that any actions taken with respect to a resident under a program, including assessments, reassessments, interventions and the resident's responses to interventions are documented. O. Reg. 79/10, s. 30 (2).

1. The licensee has not ensured that any actions taken with respect to a resident under a program, including assessments, were documented. [O.Reg. 79/10, s.30(2)].

An interview with the Administrator and Director of Care and confirmed by the home's Physician indicated the home's medical team assessed an identified resident's information regarding a specific medical condition and determined the resident was not suffering from this condition. This assessment of the resident was not documented in the resident's medical record at the time, as required by this regulation.
