The home has a Policy on "Violence and Harassment Prevention Policy and Program for Resident, # HS-1400, dated February 18, 2011.

As per a Critical Incident Report, one resident's Substitute Decision Maker (SDM) reported to the Home's Management that one employee had a pattern of using rough and inappropriate behaviors when responding to an identified resident's call bell. The SDM reported this employee showed impatience and was observed rolling eyes back when asked to take the resident to the toilet. The SDM reported that the identified resident was afraid of calling for assistance when the employee was on duty.

During the inspection of November 17, 2011, the RPN on duty, confirmed that in August 2011, the same employee was observed using inappropriate and rough techniques while feeding another resident.

The Home conducted an investigation into the alleged abuse and disciplinary measures were implemented as per the Home's Human Resources policy.
