Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.) The following constitutes written notification of non-compliance under paragraph 1 of section 152 of the LTCHA.	Le non-respect des exigences de la Loi de 2007 sur les foyers de soins de longue durée (LFSLD) a été constaté. (Une exigence de la loi comprend les exigences qui font partie des éléments énumérés dans la définition de « exigence prévue par la présente loi », au paragraphe 2(1) de la LFSLD. Ce qui suit constitue un avis écrit de non-respect aux termes du paragraphe 1 de l'article 152 de la LFSLD.

WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 6. Plan of care

Specifically failed to comply with the following:

s. 6. (9) The licensee shall ensure that the following are documented:
1. The provision of the care set out in the plan of care. 2007, c. 8, s. 6 (9).
2. The outcomes of the care set out in the plan of care. 2007, c. 8, s. 6 (9).
3. The effectiveness of the plan of care. 2007, c. 8, s. 6 (9).

Findings/Faits saillants :

The licensee failed to ensure that the administration of medications to the resident was documented accurately to reflect the provision of care set out in the plan of care.
The signed medication administration record for an identified date and time indicated that the resident had received all of their medications as ordered by the physician.
Clinical documentation and confirmed by staff establishes that the resident was not in the home to receive the medications as indicated in the medication record.
The licensee's policy on medication administration # F-05. states:
All medications administered must be initialed as given by the registered staff as soon as the medications have been given. [s. 6. (9) 1.]
