Non-compliance with requirements under the Long-Term Care Homes Act, 2007 (LTCHA) was found. (A requirement under the LTCHA includes the requirements contained in the items listed in the definition of "requirement under this Act" in subsection 2(1) of the LTCHA.) WN #1: The Licensee has failed to comply with LTCHA, 2007 S.O. 2007, c.8, s. 15. Accommodation services
Specifically failed to comply with the following subsections:

s. 15. (2) Every licensee of a long-term care home shall ensure that,
(a) the home, furnishings and equipment are kept clean and sanitary;
(b) each resident's linen and personal clothing is collected, sorted, cleaned and delivered; and
(c) the home, furnishings and equipment are maintained in a safe condition and in a good state of repair. 2007, c. 8, s. 15 (2).

Findings/Faits saillants :

1. Related to s. 15 (2) c:

In June, 2011, a resident fell to the floor as they attempted to raise themselves up off of a raised toilet seat. The resident was transferred to hospital and admitted with an injury. The home's investigation into this incident concluded that the raised toilet seat was installed correctly but that it malfunctioned. The Administrator indicated that the locking mechanism at the front of the toilet seat failed and the flanges at the back of the toilet seat did not fit securely to the toilet rim. The result was that the raised toilet seat lifted off the rim of the toilet and tilted over as the resident used the arms rests for assistance to stand.

WN #2: The Licensee has failed to comply with O.Reg 79/10, s. 107. Reports re critical incidents
Specifically failed to comply with the following subsections:

s. 107. (3) The licensee shall ensure that the Director is informed of the following incidents in the home no later than one business day after the occurrence of the incident, followed by the report required under subsection (4):
1. A resident who is missing for less than three hours and who returns to the home with no injury or adverse change in condition.
2. An environmental hazard, including a breakdown or failure of the security system or a breakdown of major equipment or a system in the home that affects the provision of care or the safety, security or well-being of residents for a period greater than six hours.
3. A missing or unaccounted for controlled substance.
4. An injury in respect of which a person is taken to hospital.
5. A medication incident or adverse drug reaction in respect of which a resident is taken to hospital. O. Reg. 79/10, s. 107 (3).
