July 7, 2009

The Honourable Steve Peters
Speaker of the Legislative Assembly
Room 180, Main Legislative Building
Queen's Park
Toronto, Ontario
M7A 1A2

Dear Mr. Speaker:

It is my pleasure to submit the Annual Report of the Office of the Chief Electoral Officer related to activities of the Office during the year 2007.

It should be noted that this is the third report submitted to you by the Chief Electoral Officer with regard to the year 2007. The first was entitled "*Placing the Elector at the Centre of the Process: Elections Ontario's Report on the 39th General Election in the Province of Ontario*" and the second was "*Provincial Referendum on Electoral System Reform: Report of the Chief Electoral Officer.*"

The focus of this third report is to provide details of the financial activity of Ontario's registered political entities as required by the *Election Finances Act*. Their financial reports were filed with my Office in 2008.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Greg Essensa'.

FOREWORD

This report of the Office of the Chief Electoral Officer is the third report published by the Office reflecting its activities during the year 2007.

The first report was entitled *“Placing the Elector at the Centre of the Process: Elections Ontario’s Report on the 39th General Election in the Province of Ontario”* and the second was, *“Provincial Referendum on Electoral System Reform: Report of the Chief Electoral Officer.”*

This third report also provides information on the administration of the *Election Act* but its main focus is to provide details of the financial activity of Ontario’s registered political entities as required by the *Election Finances Act*. Their financial reports were filed with Elections Ontario in 2008.

ACTIVITIES UNDER THE *ELECTION ACT*

Elections Ontario is a non-partisan agency of the Legislative Assembly of Ontario that operates under the direction of the Chief Electoral Officer (CEO), an officer of the Legislative Assembly. Permanent staff assists the CEO in carrying out his responsibilities. These include:

- The organization and conduct of general elections and by-elections in accordance with the provisions of the *Election Act* and the *Representation Act*
- The administration of the *Election Finances Act* that regulates political contributions, spending limits, and party/candidate registration and third party advertising

Elections Ontario's mission is to protect the integrity and accessibility of the electoral process and to administer elections in a fair and impartial manner.

INTRODUCTION

The activities carried out in 2007 by the Office of the Chief Electoral Officer (Elections Ontario) were focused on preparing for the delivery of the 39th Ontario Provincial General Election in October. The election readiness planning of the previous two years went into implementation mode. Elections Ontario also conducted three by-elections in February without interrupting the flow of our planning for the general election.

This Annual Report covers the on-going activities throughout 2007 under the *Election Act* and the *Election Finances Act*. Information on the activities related to Ontario's 39th Provincial General Election, (*Placing the Elector at the Centre of the Process: Elections Ontario's Report on the 39th General Election in the Province of Ontario*) and referendum (*Provincial Referendum on Electoral System Reform, Report of the Chief Electoral officer, October 10, 2007*) have been tabled with the Speaker of the Legislative Assembly and will not be repeated in this report. Copies of the reports are available online at www.elections.on.ca or can be obtained directly from Elections Ontario.

ON-GOING ACTIVITIES

Our state of readiness for the general election was confirmed as the year began while day-to-day operations continued as well. Three possible by-elections were anticipated due to vacancies that occurred in the membership of the Legislature in late 2006. The by-election plan is always ready and this allowed us to administer by-elections while continuing to implement processes for the general election.

In March, Elections B.C. hosted a national jurisdictional conference on Voter/Elector List Management and Best Practices that was attended by the Chief Electoral Officer. Also in March, the Deputy Chief Electoral Officer attended the Workshop on Democracy, Technology and Education, sponsored by the Conference of Canadian Election Officials and hosted by the Office of the Chief Electoral Officer of Quebec. The Deputy Chief Electoral Officer attended the annual conference of the International Association of Clerks, Records, Election Officials and Treasurers (IACREOT) conference in July.

Also in July, the Chief Electoral Officer was host to parliamentarians from Jordan, a visit sponsored by the National Democratic Institute.

Representatives of Elections Ontario were not able to attend the annual Conference of the Council on Government Ethics Laws (COGEL), that was held during our election period in September in Victoria, British Columbia, but continue to belong to this worthwhile and informative organization.

In December, the year concluded with a visit by a delegation from the Ministry of Supervision, People's Republic of China, to discuss campaign finance legislation.

On a quarterly basis, the Chief Electoral Officer hosted the Political Party Advisory Committee, with representation from all of the registered political parties in Ontario, to discuss legislative updates, election financing, and list management. The Chief Electoral Officer also presented the overall strategy for delivering the 2007 Provincial General Election.

A meeting of the National Technology Accord working group, with representation from Elections Canada, Elections Ontario and all other provincial and territorial electoral agencies, was held in Edmonton in April. At that time, the members of the group discussed future directions but felt that the original mandate of their group had been achieved. As a result, a report to this effect was made to the Conference of Canadian Election Officials and the Chief Electoral Officers present decided that the work undertaken by the working group could be continued by a technology committee, sponsored by the Conference. The scope of the work of the committee and its terms of reference would be established in early 2008.

At a strategic level, data sharing between members of the Tripartite Working Group, composed of Elections Ontario, Elections Canada, and the Municipal Property Assessment Corporation, enabled Elections Ontario to have the most up-to-date elector register data as possible for the 2007 general election. As well, through a further in-depth review of data-sharing processes and business rules, the Tripartite Working Group has been able to move into phase three of the "virtual single list" project. This phase will include the development of a shared online portal for elector registrations and updates. This will enable us to meet our long-term goal of seamlessly sharing data between the Tripartite members and providing quick and easy access for electors to simultaneously provide their information to the three electoral agencies.

LEGISLATIVE CHANGE

The provincial election was the major focus of the activities for 2007 but it also saw many legislative changes. The *Electoral System Referendum Act, 2007* was passed on April 18, 2007 and provided the framework for administering a province-wide referendum on electoral reform. The *Election Statute Law Amendment Act, 2007* was passed on June 4, making amendments to the *Election Act* and the *Election Finances Act*. This new legislation provided for additional event delivery requirements, referendum education and day-to-day activities.¹

A few of the legislative changes to the *Election Act* to note are:

- A title change from Chief Election Officer and Assistant Chief Election Officer to Chief Electoral Officer and Deputy Chief Electoral Officer
- An annual report under the *Election Act* and any recommendations for future amendments to be presented to the Speaker of the Assembly
- More time to vote during an election: 12 hours on Election Day and 13 advance poll days in a provincial general election
- The capacity to test alternative voting methods during by-elections
- Electronic confirmation for electors on their information in the Permanent Register of Electors for Ontario
- Ongoing, formal public education and information programs to inform the public about the electoral process with a focus on groups who are likely to experience difficulty in voting
- A requirement for proof of identity and proof of residence when registering to vote and proof of identity to receive a ballot
- The identification documents required for addition to the List of Voters or to receive a ballot may be determined by the Chief Electoral Officer

Looking forward, the next year will see the beginning of event readiness planning for the 2011 general election. Testing of new processes, streamlining the administration of elections and public education will be at the forefront of our activities.

Pilot Project

During the by-elections, 20 Area Managers were dispatched across each electoral district for the purpose of managing and troubleshooting event-related activities during advance polls and on by-election day. To improve communication between the Returning Officers and their Area Managers, MIKE Technology was piloted in each of the by-elections.

The two-way communication technology allowed the Returning Officers to interact with all of the Area Managers for the purpose of transmitting staffing updates, voting location opening confirmation and polling division status. Updates would be broadcast using the MIKE technology and all Area Managers would receive the same message at one time. This greatly reduced the repetition of the Returning Officer calling each Area Manager with the same message. This new method of communication was also critical in the prevention of unforeseen costly situations during extremely busy times. With the network of 20 Area Managers on one communication system, any necessary deployment of additional staffing to problematic scenarios in the field was easily averted.

Even though this technology proved very successful in the by-elections, upon review, it may not be feasible to apply it across all electoral districts during a general election due to the volume of sets required to meet the needs of 107 returning officers and 769 area managers.

Responsibility for Financial Reporting

The accompanying Balance Sheet, Statement of Election Revenue, Fees and Expenses and Statement of Cash Flows under the *Election Act* have been prepared in accordance with the accounting policies described in Note 2 of the financial statements, and are the responsibility of management. The financial statements have been properly prepared within reasonable limits of materiality and in light of information available up to September 25, 2007.

Management is responsible for the integrity of the financial statements and maintains a system of internal controls designed to provide reasonable assurance that the assets are safeguarded and that reliable financial information is available on a timely basis. The system includes formal policies and procedures and an organization structure that provides for appropriate delegation of authority and segregation of responsibilities.

The financial statements have been audited by the Auditor General. The Auditor General's responsibility is to express an opinion on whether the financial statements are fairly presented in accordance with Canadian generally accepted accounting principles. The Auditor's Report, which appears on the following page, outlines the scope of the Auditor's examination and opinion.

Auditor's Report

To the Chief Electoral Officer

I have audited the balance sheet of the Office of the Chief Electoral Officer under the *Election Act* as at March 31, 2007, and the statements of revenues, fees and expenses and cash flows under the *Election Act* for the year then ended. These financial statements are the responsibility of the Chief Electoral Officer. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Office of the Chief Electoral Officer under the *Election Act* as at March 31, 2007 and its revenues, fees and expenses and cash flows under the *Election Act* for the year then ended in accordance with Canadian generally accepted accounting principles.

Office of the Chief Electoral Officer — *Election Act*

Notes to Financial Statements

March 31, 2007

1. Background

The Office of the Chief Electoral Officer (Elections Ontario) was established under the *Election Act* to conduct any election of Members to the Legislative Assembly. The Office coordinates the training and payment of all election officials and the provision of all polling places, equipment and supplies. As well, Elections Ontario directs and supervises the local returning officer in each electoral district.

Four by-elections were administered during the year ended March 31, 2007. Four by-elections were administered during the year ended March 31, 2006. A general election is scheduled during the next fiscal year.

Salaries and employee benefits for the Chief Electoral Officer and for permanent staff of Elections Ontario are not defined as election fees and expenses under the *Election Act* and consequently are excluded from these financial statements. Salaries and employee benefits paid by the Office of the Assembly on behalf of Elections Ontario for the administration of the *Election Act* for the year ended March 31, 2007 were \$4,110,860 (2006 – \$3,861,088). The Office also administers the *Election Finances Act*, for which separate financial statements are produced.

2. Significant Accounting Policies

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The significant accounting policies used to prepare these financial statements are summarized below:

(A) CAPITAL ASSETS

Capital assets are recorded at historical cost less accumulated amortization. Amortization is calculated using the straight-line method over the estimated useful lives of the assets, with a half year provision in the year the asset is acquired and available for use, as indicated below:

Computer software	3 years
Computer hardware	3 years
Furniture and equipment	5 years
Leasehold improvements	5 years

(B) REVENUE RECOGNITION

Revenue is recognized in the same period as the underlying expenditures are incurred. As a result, deferred revenue is equal to the amount of prepaid expenses at year-end.

(C) DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions represent funds received from the Province of Ontario and used to acquire capital assets. Revenue will be recognized over the same period as the expected life of the capital assets to which they relate, in order to properly match revenues with costs. As a result, the capital assets balance is equal to the deferred capital contributions balance at year-end.

Office of the Chief Electoral Officer — *Election Act*

Notes to Financial Statements

2. Significant Accounting Policies (Continued)

(D) USE OF ESTIMATES

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires that management make estimates and assumptions that affect the reported amounts of assets and liabilities as at the date of the financial statements and the reported amounts of revenues, fees and expenses for the period. Actual amounts could differ from these estimates as additional information becomes available in the future.

(E) FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amount of cash, accounts receivable, accounts payable and accrued liabilities and due to the Province of Ontario approximates fair value due to the short-term nature of these items.

(F) CREDIT RISK

Elections Ontario is not exposed to credit risk from accounts receivables, since the majority of receivables are from other government bodies.

3. Source of Funds and Miscellaneous Revenues

Under the *Election Act* the Province pays the election fees and expenses out of the Consolidated Revenue Fund. An accountable warrant, in the form of cash advances, has been provided to the Office for payments of expenses as they are incurred. Periodically, the Office requests from the Province, replenishments of the amounts spent and drawn down from the accountable warrant balance. The accountable warrant balance as at March 31, 2007 was \$5,000,000 (2006 – \$5,000,000).

Miscellaneous revenues received, including amounts recovered from other governments for costs incurred on their behalf, are not retained by the Office. They are remitted to the Ministry of Finance to the credit of the Consolidated Revenue Fund and have been excluded from revenues under the *Election Act*. The amounts transferred during the year are as follows:

	2007	2006
	\$	\$
Revenue from Elections Canada	7,008	558,253
Revenue from Province of New Brunswick	—	106,099
Interest revenue	93,546	40,049
Forfeited candidate deposits	6,800	3,600
	<u>107,354</u>	<u>708,001</u>

Office of the Chief Electoral Officer — *Election Act*

Notes to Financial Statements

March 31, 2007

4. Related Party Transactions

Elections Ontario provides certain administrative services such as accounting, human resources and information technology support for the administration of the *Election Finances Act* without charge.

Elections Ontario paid the Ontario Realty Corporation \$1,021,561 (2006 – \$1,017,431) for the use of office premises, \$61,294 of which was allocated for space needed to administer the *Election Finances Act* (2006 – \$61,193).

5. Capital Assets

Capital assets consists of the following:

	2007 (\$ 000)			2006 (\$ 000)
	Cost	Accumulated Amortization	Net Book Value	Net Book Value
Computer software	9,030,190	848,235	8,181,955	4,160,145
Computer hardware	2,085,927	454,861	1,631,066	248,482
Furniture and equipment	623,863	166,570	457,293	105,878
Leasehold improvements	268,012	31,715	236,297	44,413
	12,007,992	1,501,381	10,506,611	4,558,918

The carrying amount of Capital Assets includes 7.5 million spent under the *Election Act* for the development of the Election Management System which is not yet being amortized. At the end of March 31, 2007, the total spent on the Election Management System is \$8,489,000, \$989,000 of which has been allocated to assets needed to administer the *Election Finances Act*.

6. Capital Lease

The Office entered into a capital lease agreement for computer hardware. The lease commenced on January 1, 2003 and expired on January 31, 2007. The computer hardware lease was amortized over its estimated useful life of three years and so was fully depreciated by March 31, 2006. Due to the Office exercising part of the lease's bargain purchase option, the Office has recovered part of the amortization expense charged in prior years. The amount of amortization recovered for the year ended March 31, 2007 was \$75,880.

7. Deferred Capital Contributions

Changes in the deferred capital contributions balance are as follows:

	2007 \$	2006 \$
Balance, beginning of year	4,558,918	2,878,933
Additions during year	7,301,895	3,817,188
Amortization of deferred capital contributions	(1,354,202)	(2,137,203)
Balance, end of year	<u>10,506,611</u>	<u>4,558,918</u>

8. Lease Commitments

In June 2004, the Office extended the lease agreement for its current premises for a further term of 10 years to May 31, 2015. The Office shares office space with the Office administering the *Election Finances Act* and the leasing costs are shared based on the square footage occupied by the respective offices.

The minimum lease payments for Elections Ontario, net of amount allocated to the *Election Finances Act*, for the remaining term of the lease are as follows:

2007 ANNUAL REPORT UNDER THE *ELECTION FINANCES ACT*

MANDATE OF THE CHIEF ELECTORAL OFFICER

The primary responsibilities of the Chief Electoral Officer under the *Election Finances Act* are to:

- Oversee the registration of Ontario's political parties, constituency associations, candidates, leadership contestants, and third parties
- Review financial statements to ensure compliance with the limits on contributions and campaign expenses
- Distribute subsidies for audit and campaign expenses
- Issue tax credit receipts for contributions to parties, constituency associations and candidates
- Publish on the Internet the contributions made to political parties as well as the financial statements of all the registrants under the *Election Finances Act*.

OVERVIEW

As required by subsection 2(4) of the *Election Finances Act*, this report provides a summary of the activities undertaken by the Election Finances division of Elections Ontario for 2007. The statement of expenditure, as of March 31, 2007, is found in Appendix A and the chronology of electoral events that has occurred since the inception of the legislation is found in Appendix D.

With a general election and referendum being held on October 10, 2007, the primary focus of the division in 2007 was preparing for this event. In preparing for a general election with 107 new electoral districts as required by the *Representation Act, 2005*, the Chief Electoral Officer was also responsible for implementing a registration system for referendum campaign organizers under the *Electoral System Referendum Act, 2007*. Additionally, in the spring of 2007, the *Election Finances Act* was amended so as to change the administration of the political party registration system and, for the first time in Ontario, to require third party advertisers to register and report their financial activities to the Chief Electoral Officer.

Three by-elections were also held on February 8, 2007 in the electoral districts of Burlington, Markham and York South-Weston.

This report summarizes the important management issues faced by the Chief Electoral Officer, describes the legislative changes that took effect, reviews registration activities, and presents a summary of the campaign and annual financial returns submitted by registered political entities. The statement of expenditure, as of March 31, 2007, for the Election Finances division is found in Appendix A.

MANAGEMENT ISSUES

As noted in the 2006 Annual Report, the continuing challenge Elections Ontario faces is finding the appropriate balance between the enforcement of the requirements of the legislation while, at the same time, providing necessary support and assistance to the network of stakeholders who are largely volunteers.

In its efforts to ensure transparency, the Election Finances division is committed to posting all campaign and financial returns submitted under the *Election Finances Act* to the Elections Ontario website (www.elections.on.ca) within 30 days of the financial filing deadline. In addition, the dates when political entities file the required returns relative to the corresponding filing deadlines are also published on the Internet.

Outreach Activities

The Election Finances division is committed to working closely with political parties in an effort to help ensure their Chief Financial Officers comply with the requirements of the *Election Finances Act*. In this regard, Elections Ontario staff participate in outreach training sessions and, in addition to these formal sessions, routinely communicate with representatives of political parties, constituency associations, candidates and leadership contestants to answer specific election finances related questions.

With the creation of a new third party registration system before the general election, as well as the implementation of a registration system for referendum campaign organizers, it was incumbent upon Elections Ontario to notify the public of these requirements. Advertisements were placed in English and French newspapers to alert Ontarians to these new obligations and detailed guidelines regarding these registration and reporting requirements were posted on the Internet. As described in the post-referendum report of the Chief Electoral Officer, a pamphlet describing these requirements was widely distributed by public education referendum resource officers in every electoral district.

To support the Chief Financial Officers of parties, constituency associations, and candidates, comprehensive guidelines binders, which included searchable compact discs, were distributed and made available online. To supplement these materials, four detailed newsletters were sent out over the course of the campaign period. These newsletters were designed to provide Chief Financial Officers with specific information on election related topics as well as reminders about new legislative requirements and relevant deadlines and reporting obligations.

The Political Party Advisory Committee, a committee made up of representatives from all registered political parties, also proved to be an important forum for providing information to, and obtaining feedback from, parties on election finance requirements for the October 2007 General Election and Referendum.

LEGISLATIVE CHANGE IN 2007

Registration of Political Parties

The provisions in the *Election Finances Act* governing the registration of political parties were amended on May 17, 2007 when the *Budget Measures and Interim Appropriation Act, 2007* was enacted.

Previously, a political party could obtain registration (and the consequent benefits of that status) by nominating candidates in at least 50 per cent of electoral districts following the issuance of writs in a general election or, alternatively, in a non-election period by providing the Chief Electoral Officer with the names, addresses and signatures of 10,000 eligible electors endorsing its registration. These requirements were significantly changed by the budget legislation. The *Election Finances Act* now permits a political party to apply for and obtain registration if it has candidates in at least two electoral districts in a general election (or in two or more concurrent by-elections) or provides the names, addresses and signatures of 1,000 eligible electors.

In addition to the long-standing deregistration provisions in relation to non-filing and non-compliance, the Chief Electoral Officer must now automatically deregister a political party if it fails to run at least two candidates in a general election. Registered political parties are now also required to annually file a statement attesting that participation in public affairs by endorsing candidates and supporting their election is a fundamental purpose of the party. If the Chief Electoral Officer believes the party is not participating in public affairs in accordance with the statement, he may propose to deregister the party.

Registration of Third Parties

The *Election Statute Law Amendment Act, 2007* was enacted on June 4, 2007 and introduced new requirements governing the political advertising by third parties – i.e. persons and entities other than registered political parties, constituency associations and candidates. These new requirements, administered by the Chief Electoral Officer, impose registration and reporting requirements on such persons and entities if they conduct political advertising during an election or by-election.

Advertising Blackout Periods in the October 2007 General Election

The *Election Statute Law Amendment Act, 2007* also introduced new requirements governing the blackout period on political advertising in regularly scheduled general elections.

Where a regularly scheduled general election is called under subsection 9(2) of the *Election Act*, as the October 2007 general election was, the only blackout on political advertising that applies is on polling day and the day before polling day. In contrast, where a “snap” general election or by-election is called, there are two blackout periods during which no political advertising is permitted. The first period begins when the writ is issued and ends on the 22nd day before polling day, and the second period is on polling day and the day before polling day.

Registration of Referendum Campaign Organizers

The *Electoral System Referendum Act, 2007* was enacted on April 18, 2007 and prescribed, among other things, the framework for the registration and finance rules that would be in place if a referendum was required as a result of the report from the Citizens' Assembly on Electoral Reform. The legislation envisioned that the details of these rules would be set out in a regulation made under the Act.

After the government received a report from the Citizens' Assembly on May 15, 2007 that required that a referendum be held, Ontario Regulation 211/07 was filed and came into effect on May 23, 2007 and prescribed, in detail, the registration and financial reporting rules that would apply in respect of the referendum and how they were to be administered by the Chief Electoral Officer.

REGISTRATION ACTIVITIES

Party Name Reservation and Registration

Appendix B provides a summary of all requests for the reservation of names, including new political parties submitted to the Chief Electoral Officer in 2007. Name reservation is the first step to becoming a registered political party. A political party that reserves a party name has a period of one year to meet the qualifications defined in the *Election Finances Act* to be registered as a political party.

In contrast to the three name reservation applications in 2006, there were 16 applications made during 2007. The increase may be attributable to the change in the registration requirements and the fact that 2007 was an election year. Of the 16 applications received, three were rejected on the basis that the name or abbreviation requested, in the opinion of the Chief Electoral Officer, was so close to that of another active political party or organization that it was likely to cause confusion.

Of the 16 applications filed to reserve a name, three political parties were then able to qualify for registration by meeting the new threshold of endorsing two candidates in the October 2007 General Election. These were the first new political party registrations to be granted since 1990. For 2007, this increased the number of registered political parties in Ontario to 12.

Registered parties, to avoid deregistration, also had to ensure they had two candidates, endorsed by the party leader and constituency associations, nominated and running in the October 2007 General Election.

Constituency Association Registration

Appendix C provides a breakdown of the registered constituency associations by political party. In summary, the total number of registered constituency associations increased from 338 in 2006 to 409 in 2007. This rise in registration is likely attributable to the increase in the number of electoral districts as well as the fact it was an election year.

Candidate Registration

For the September 10, 2007 General Election, 599 candidates registered under section 13 of the *Election Finances Act* (not including the six candidates who withdrew). As shown below, this was the highest number of registrations since the 1995 General Election.

Number of Registered Candidates		
General Election Date	Number of Electoral Districts	Number of Candidates
October 10, 2007	107	599
October 2, 2003	103	522

Third Party Registration

Appendix K provides a summary of the 20 people and entities who registered as third party political advertisers for the October 2007 General Election. As this was the first time in Ontario that third party political advertisers were required to register, many persons and organizations – not just those registered – consulted with, or were contacted directly by, the Election Finances division with respect to these new requirements. While no spending and contribution limits were imposed on third party political advertisers, they were required to report on the contribution amounts and sources used to support their political advertising activities.

Referendum Campaign Organizer Registration

Appendix L provides a summary of the ten people and entities who registered as referendum campaign organizers for the referendum on electoral reform that was conducted in conjunction with the October 2007 General Election. Although the referendum was a unique event, the registration and reporting rules were very similar to those adopted for third party political advertisers. Separate registrations were required in respect of election-related advertising activities and referendum-related advertising activities. While no spending and contribution limits were imposed, registered referendum campaign organizers were required to report on the contribution amounts and sources used to support their referendum advertising activities. These reports are posted on the Elections Ontario website.

As with the new third party requirements, many persons and organizations – not just those registered – consulted with, or were contacted directly by, the Election Finances division with respect to these new requirements.

Leadership Contest Registration

In 2007, no political party held a leadership contest.

FINANCIAL RETURNS

Introduction

Elections Ontario is responsible for the review and approval of all financial returns submitted by registered political parties, candidates, constituency associations, leadership contestants, and third parties registered under the *Election Finances Act*. All returns filed with Elections Ontario are available to the public through the public viewing room and summary statements are presented on the Elections Ontario website.

All financial statements (including the list of contributors over \$100) are posted to the website on an 'As Submitted' basis within 30 business days of the filing deadline. Revisions to the information submitted that may be identified during the compliance review process are ultimately reflected in the 'Final' version of the documents that are also posted to the website when approved.

All financial reports filed with Elections Ontario are reviewed to ensure compliance with the provisions of the *Election Finances Act*. The financial information in this report and the accompanying appendices reflect the information as filed with the Chief Electoral Officer and are subsequently revised to the date of publication. Review of some filings continues and, as a result, some of the information in this report may be revised after this publication. Election Finances information within the Elections Ontario website will be updated as revisions become available.

Similar practices and policies are in place with respect to the financial returns submitted by referendum campaign organizers registered under the *Electoral System Referendum Act, 2007* and its regulation.

Contribution Limits

In 2007, eligible persons, corporations or trade unions could contribute up to \$8,400 to any provincial party and up to \$1,120 to any constituency association (but the total contribution to all constituency associations of the same party could not exceed \$5,600). The maximum annual political contribution allowed in 2007 was \$14,000 to each registered party and its constituency associations.

During any campaign period in 2007, for the February by-elections as well as for the general election, eligible persons, corporations or trade unions could make extra contributions. In a campaign period, they could give up to an additional \$8,400 to any provincial party and up to \$1,120 to any candidate so long as the total contribution to all candidates of the same party did not exceed \$5,600.

ANNUAL PERIOD

Revenue and Expenses

Appendix E summarizes the statement of revenue and expenses for each of the registered political parties as reported on their Annual Returns for 2007. Table 1, below, summarizes the contribution information reported in that appendix.

In summary, for the General Election campaign period in 2007, parties, candidates, and their constituency associations raised a total of \$19.69 million. This included \$11.23 million from individuals, \$7.12 million from corporations and \$1.33 million from unions.

Spending Limits

The *Election Finances Act* establishes limits on the campaign expenses of political parties and candidates and their constituency associations. These amounts are established by following a formula set out in the Act that incorporates a basic amount, an indexation factor reflecting changes in the Consumer Price Index for Canada and the number of electors.

For the 2007 General Election, the table below sets out the spending limits for parties and candidates/associations in the column entitled "Expense Limitation". The column entitled "Expenses Subject to Limitation" reflects the actual spending of parties and candidates/associations in the campaign period (apart from spending on those expenses, like research and polling, that are not subject to any limits).

Subsidies

Campaign subsidies are paid to parties who received at least 15 per cent of the popular vote in any electoral district. The subsidy is calculated by multiplying by \$0.05 the number of electors entitled to vote in each electoral district where the party received at least 15 per cent of the popular vote.

In connection with the 2007 General Election, four parties qualified for the party subsidy that totalled \$949,781.

Campaign subsidies are paid to each candidate who received at least 15 per cent of the popular vote in his or her electoral district. The subsidy paid is the lesser of 20 per cent of the expense limit in that electoral district or 20 per cent of the actual subject to limit campaign expenses that were paid. An additional subsidy is provided to eligible candidates in seven specified northern electoral districts.

In connection with the 2007 general election, 234 candidates qualified for subsidies totalling \$2.833 million.

Audit subsidies paid to the auditors of parties and constituency associations for the 2007 annual returns totalled \$276 thousand.

Audit subsidies paid to auditors for the 2007 General Election, totalled \$808,000.

The table below sets out, in detail, the subsidies paid for the 2007 General Election.

Filing of Financial Statements

As reported in previous Annual Reports, entities continue to have difficulty in meeting the filing deadline for financial reporting. Elections Ontario continues in its efforts to encourage and support the parties in addressing these non-compliance issues.

The 2007 General Election campaign financial statements for parties (CR-4s), candidates (CR-1s), and associations (CR-3s) were to be filed by April 10, 2008. As of that date:

- 10 of 12 party CR-4's were filed
- 435 of 605 candidate CR-1's (72 per cent) were filed
- 228 of 409 association CR-3's (56 per cent) were filed

The 2007 annual financial statements for parties (AR-10's) and Associations (AR-1's) were to be filed by May 31, 2008 (effectively June 2, 2008). As of that date:

- 11 of 12 Party AR-10's were filed
- 296 of 409 Association AR-1's (72 per cent) were filed

Ultimately, 14 associations became deregistered for failing to file campaign and/or annual returns within the required timeframe, and 14 candidates (3 of which withdrew) have yet to file their campaign returns.

By-election Financial Statements

In addition to the annual and campaign filings received in 2007, filings were required in connection with the February 8, 2007 by-elections in the electoral districts of Burlington, Markham and York South-Weston.

Campaign subsidies paid for the three by-elections totalled \$85,057 to candidates and \$9,433 to the parties. Appendices G and H summarize the 2007 by-election campaign financial statements for each of the registered political parties and combined candidates and associations.

LEGISLATIVE CHANGES

While no recommendation is made to amend changes in various limits and fees under subsection 2 (5) of the *Election Finances Act*, it is recommended that several housekeeping matters should be addressed in addition to those matters raised in the submission of the Chief Electoral Officer to the Select Committee on Elections in February 2009. That submission is entitled "Modernizing Ontario's Electoral Process: Recommendations for Legislative Change" and is found on the Elections Ontario website www.elections.on.ca.

These matters have been raised in past reports and remain important "housekeeping" topics that it would be helpful to address should the opportunity for legislative amendment arise.

CANDIDATES

The status of “candidate” is essential to the conduct and administration of an election. Within the *Election Finances Act*, a candidate may be a person nominated by a registered party’s constituency association, a person who has filed nomination papers in accordance with the *Election Act*, or a person who declares that he or she is an independent candidate.

Within the *Election Act*, a candidate is a person elected to the Legislative Assembly, a person nominated as a candidate, or one declared to be a candidate after the Writ of Election, by himself or herself, or by others.

Regardless of the route followed to achieve candidate status, every candidate must file an application for registration before polling day. Likewise, to appear on the ballot, candidates must file nomination papers by 2 p.m. on Nomination Day as set by the *Election Act*. Failure to register as a candidate under the *Election Finances Act* denies a candidate the opportunity to accept contributions or incur expenses. Failure to file nomination papers under the *Election Act* denies a candidate the right to appear on the ballot.

Inconsistent references in parallel legislation contribute to reduced clarity in terms of the obligations and benefits that flow from candidate status and possibly compromise the integrity of the electoral process. Two areas of amendment are suggested.

Returning officers should be entitled to reject nomination requests submitted if there is no confirmation of registration under the *Election Finances Act*. This will have the effect of moving the registration deadline to coincide with the nomination deadline, but will not affect the ability of candidates to register and raise money from the start of the campaign period.

CLARIFICATION OF LEGISLATION COVERING EXPENSES

Amendments to the *Election Finances Act* are recommended to provide that only parties, associations, candidates and leadership contestants registered under the Act are authorized to accept contributions and incur expenses. Registered status allows them to accept contributions. It is widely understood that registration must also have occurred in order to incur expenses, although this is not clear in the language of the Act.

PARTY AUTHORITY TO DEREGISTER AN ASSOCIATION

It is proposed that paragraph 12(1) (b) of the *Election Finances Act* be amended to permit the registered party to apply to the Chief Electoral Officer for deregistration of a constituency association that it no longer endorses.

Paragraph 12(1) (b) sets out the authority for the Chief Electoral Officer to deregister a constituency association on application by the constituency association and the party. Recent experience has highlighted the need to clarify the sponsorship relationship between constituency associations and the registered parties.

Registration of a constituency association requires the endorsement of the registered party under subsection 11(2), yet the party may not apply for deregistration without the joint application of the constituency association.

The endorsement by the registered party establishes a degree of proprietorial sponsorship or responsibility; in fact, the constituency association cannot exist without the registered party.

REFERENCES TO REGISTERED PARTIES

Subsection 26(3) contains the term “political party.” Throughout the rest of the Act, it is clear that reference to “party” means a reference to a political party registered under the *Election Finances Act*. Possible misinterpretation could be avoided in the section of the Act that governs group contributions by changing “political party” to “registered party,” which is defined as a political party registered under the *Election Finances Act*.

FILING DEADLINE FOR ANNUAL RETURNS

The current deadline extends for five months beyond the end of the reporting period. The need for such an extended period should be reviewed, particularly from the perspective of openness and transparency.

CAMPAIGN PERIOD

Having fixed date elections in early October results in the campaign period ending in early January of the following year. Having a campaign period spread over two calendar years presents significant difficulties.

Adjusting the campaign period to end on December 31 so that the campaign period is contained within a single calendar year, would address the administrative and definitional challenges faced by chief financial officers and Elections Ontario.

CAMPAIGN EXPENSE EXCLUSIONS

The lack of clear definition for campaign expense exclusions, particularly for the term, “research and polling” and a review of campaign expense exclusions would contribute significantly to improvements in the administration of this important feature of the legislation.

REFERENCES TO GOODS AND SERVICES

Paragraph 29(1) (b) prohibits certain transfers of “funds.” Section 27 describes permitted transfers, but refers to “... funds, goods and services ...” Working with these related provisions has highlighted difficulties with the inconsistent references. While this is an apparent inconsistency, paragraph 29(1) (b) should be reviewed to more clearly reflect the intent of legislators, either to include or to exclude “goods and services” in the list of prohibited transfers.

Responsibility for Financial Reporting

The accompanying financial statements under the *Election Finances Act* have been prepared in accordance with Canadian generally accepted accounting principles, and are the responsibility of management. The financial statements have been properly prepared within reasonable limits of materiality and in light of information available up to September 27, 2007.

Management is responsible for the integrity of the financial statements and maintains a system of internal controls designed to provide reasonable assurance that the assets are safeguarded and that reliable financial information is available on a timely basis. The system includes formal policies and procedures and an organizational structure that provides for appropriate delegation of authority and segregation of responsibilities.

The financial statements have been audited by the Auditor General. The Auditor General's responsibility is to express an opinion on whether the financial statements are fairly presented in accordance with Canadian generally accepted accounting principles. The Auditor's Report, which appears on the following page, outlines the scope of the Auditor's examination and opinion.

Auditor's Report

To the Chief Electoral Officer

I have audited the balance sheet of the Office of the Chief Electoral Officer – *Election Finances Act* as at March 31, 2007 and the statements of revenue and expenses for the year then ended. These financial statements are the responsibility of the Chief Electoral Officer. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Office of the Chief Electoral Officer – *Election Finances Act* as at March 31, 2007 and the results of its operations for the year then ended in accordance with Canadian generally accepted accounting principles.

OFFICE OF THE CHIEF ELECTORAL OFFICER - *ELECTION FINANCES ACT*

Notes to Financial Statements

March 31, 2007

1. Background

The Chief Electoral Officer is responsible for administering the *Election Act* and *Election Finances Act*. These financial statements reflect the activities conducted under the *Election Finances Act*. Under that Act, the Chief Electoral Officer registers and reviews filings from Ontario political parties, constituency associations, candidates and leadership contestants for purposes of monitoring compliance with contribution and expenditure limits established by the Act. The Chief Electoral Officer also pays subsidies to eligible recipients as provided for under the Act.

Four by-elections were administered in the year ended March 31, 2007. Four by-elections were administered during the year ended March 31, 2006. A general election is scheduled during the next fiscal year.

Eligible expenses and asset acquisitions under the *Election Finances Act* are paid by the Office of the Chief Electoral Officer and are reimbursed out of the Consolidated Revenue Fund to the maximum of the voted appropriation. Voted appropriation, which was approved on the modified cash basis of accounting, for the fiscal year ended March 31, 2007 was \$3,136,100 (2006 – \$1,893,100).

2. Significant Accounting Policies

The financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles. The significant accounting policies used to prepare these statements are summarized below.

(A) CAPITAL ASSETS

Capital assets are recorded at historical cost less accumulated amortization. Amortization is calculated using the straight-line method over the estimated useful lives of the assets, with a half-year provision in the year of acquisition, as indicated below:

Computer hardware and software	3 years
Furniture, fixtures and equipment	3 years
Leasehold improvements	5 years

(B) REVENUE RECOGNITION – PROVINCIAL FUNDING

Revenue from the Province is recognized in the same period as the underlying administrative and operating expenses and subsidies are incurred. As a result, Accounts payable and accrued liabilities are equal to the amount of Accounts receivable – consolidated revenue fund.

OFFICE OF THE CHIEF ELECTORAL OFFICER - *ELECTION FINANCES ACT*

Notes to Financial Statements

2. Significant Accounting Policies (Continued)

(C) REVENUE RECOGNITION – ANONYMOUS AND EXCESS CONTRIBUTIONS

Under the Act, anonymous contributions received by a registered political party, constituency association, candidate or leadership contestant must be remitted to the Chief Electoral Officer. In addition, excess contributions over the maximum limits specified in the *Election Finances Act* must be remitted to the Chief Electoral Officer unless the recipient is able to refund the excess contribution to the contributor and recover the official receipt. Due to the unpredictable nature of such contributions, they are recognized when received.

(D) SUBSIDIES

Campaign expense subsidies and audit fee subsidies for campaign returns are recorded in the fiscal year in which the election was held. Leadership contestant audit fee subsidies are recorded in the fiscal year in which the event took place. Annual returns audit fee subsidies are recorded in the fiscal year to which the returns relate.

(E) USE OF ESTIMATES

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires that management make estimates and assumptions that affect the reported amount of assets and liabilities as at the date of the financial statements and the reported amounts of revenues and expenses for the period. Actual amounts could differ from these estimates as additional information becomes available in the future.

3. Capital Assets

Capital assets consists of the following:

	2007			2006
	Cost	Accumulated Amortization	Net Book Value	Net Book Value
	\$	\$	\$	\$
Furniture, fixtures and equipment	40,803	6,194	34,609	1,193
Computer hardware and software	1,103,110	28,238	1,074,872	404,808
Leasehold improvements	6,659	666	5,993	—
	1,150,572	35,098	1,115,474	406,001

Capital assets additions in the current fiscal year consist primarily of costs allocated by The Office of the Chief Electoral Officer to the expenditures under the *Election Finances Act* for developing the Election Management System, which is expected to be completed in the fiscal year 2008. Amortization of these costs will begin when the system is completed. The carrying amounts of capital assets not being amortized at the end of March 31, 2007 totalled \$970,420 (March 31, 2006 – \$389,500).

OFFICE OF THE CHIEF ELECTORAL OFFICER - *ELECTION FINANCES ACT*

Notes to Financial Statements

March 31, 2007

4. Deferred Capital Contributions

Deferred Capital Contributions represent the amount of capital contributions received from the Province of Ontario and used to acquire capital assets but not yet recognized as revenue. Revenue will be recognized over the same period as the expected life of the capital asset to which they relate, in order to properly match revenues with expenses. As a result, the capital assets balance is equal to the deferred capital contributions balance at year-end.

Changes in the deferred capital contributions balance are as follows:

	2007	2006
	\$	\$
Balance, beginning of year	406,001	632
Additions to deferred capital contributions	739,505	408,961
Amount amortized to revenue	(30,032)	(3,592)
Balance, end of the year	1,115,474	406,001

5. Subsidies

The *Election Finances Act* requires payment of various subsidies. The subsidy amounts noted below are effective from January 1, 2004 until December 31, 2008.

- Candidate campaign expenses to every registered candidate who receives at least 15 per cent of the popular vote in an electoral district. The reimbursed amount is the lesser of 20 per cent of the candidate's campaign expenses or 20 per cent of the allowable maximum campaign expenditure limit of \$1.08 per eligible voter. Candidates in designated northern electoral districts may receive an additional \$7,840.
- Campaign expenses to every registered party that receives at least 15 per cent of the popular vote in any electoral district. The reimbursed amount is five cents per eligible voter in each electoral district.
- Audit fees for annual and campaign returns of each registered constituency association to a maximum of \$672 per return.
- Audit fees for annual and campaign returns of each registered party to a maximum of \$1,344 per return.
- Audit fees for campaign returns of each candidate to a maximum of \$1,120 per return.
- Audit fees for campaign returns of each leadership contestant to a maximum of \$896 per return.

6. Employee Future Benefits

(A) PENSION BENEFITS

The Office of the Chief Electoral Officer provides pension benefits for its permanent employees (and to non-permanent employees who elect to participate) through participation in the Ontario Public Service Pension Plan, which is a multi-employer plan established by the Province of Ontario. The Office accounts for this plan as a defined contribution plan and the Office's contribution to the plan for the year for the employees administering the *Election Finances Act*, was \$40,270 (2006 – \$32,477), which is included in salaries and employee benefits.

(B) NON-PENSION BENEFITS

The cost of severance entitlements under the *Public Service of Ontario Act* and unused vacation entitlements earned by employees during the year are accrued for in the financial statements. The cost of post-retirement non-pension benefits are paid by the Ministry of Government Services and accordingly are not included in the Statement of Revenue and Expenses.

7. Related Party transactions

The Office of the Chief Electoral Officer allocated \$61,294 (2006 – \$61,193) for the use of office premises needed to administer the *Election Finances Act*.

Certain administrative services such as accounting, human resources and information technology support needed to administer the *Election Finances Act* are provided by the Office of the Chief Electoral Officer without charge.

8. Lease Commitments

Annual charges by the Office of the Chief Electoral Officer for office rent are based on the square footage occupied and the amounts for future lease commitments related to space needed to administer the *Election Finances Act* are as follows:

	\$
2007/08	63,565
2008/09	63,565
2009/10	61,621
2010/11	59,678
2011/12	59,678
Up to 2015/16	188,982
	<u>497,089</u>

9. Statement of Cash Flows

A statement of cash flows was not presented as the information that it would provide is readily available from these financial statements.

TAXPAYER PROTECTION ACT, 1999

The *Taxpayer Protection Act, 1999* frames the environment for public awareness of increases in the tax rates in designated taxing statutes, new taxes or new taxing authorities. This is achieved through a referendum when the Legislature is in session or, for parties seeking to form the government following a general election, through a notification and publication process without a referendum.

Section 4 of the Act permits the leader of a registered party to set out the party's intentions in the areas covered by the Act, in a written statement given to the Chief Electoral Officer no later than the 14th day before polling day (Nomination Day).

When a party leader provides such a statement, the Chief Electoral Officer is required to review the statement within five days to determine if it complies with subsections 4(2) and 4(3), specifically:

Statement

(2) The statement must contain a clear, concise and unambiguous description of the proposed increase, the proposed new tax or the proposal to give an authority to tax.

Estimate

(3) If the statement refers to a proposed increase or new tax, it must also set out the increase in annual revenues that the leader expects to result from the proposed increase or new tax.

If, after his review, the Chief Electoral Officer finds that the statement does comply with the requirements of these subsections, he is required to provide the Clerk of the Assembly with the statement and a copy of his opinion. He is also required to make the statement and opinion available to the public.

During the 2007 campaign, no statements were received under subsection 4(1) of the *Taxpayer Protection Act, 1999*.

In discharging the Chief Electoral Officer's responsibilities under the *Taxpayer Protection Act, 1999*, Elections Ontario incurred \$8,777 for advertising preparation.
