THE POSTSECONDARY EDUCATION QUALITY ASSESSMENT BOARD

OUR MANDATE

The Postsecondary Education Quality Assessment Board (PEQAB or the “Board”) was created by the *Post-secondary Education Choice and Excellence Act, 2000*. Under sections 5 and 7 of the Act, the Board is empowered to

- review all applications referred by the Minister for consent under the Act
- establish the criteria and procedures to determine the quality of postsecondary programs
- undertake reviews of program quality and organizational capacity
- create subject matter expert review panels, organizational review panels and advisory committees
- undertake research as appropriate
- provide recommendations to the Minister on applications
- address any other matter referred to the Board by the Minister.

To implement this mandate, the Board has established its own standards, benchmarks and procedures for quality reviews with the provision, identified in the Act, that PEQAB’s standards must be those “recognized in Ontario and other jurisdictions.” The Board assesses programs against standards originally developed by PEQAB itself and later incorporated into what are now the degree standards in the Ontario Qualifications Framework and the Canadian Degree Qualifications Framework. PEQAB’s criteria also correspond to other procedures and standards enunciated in the Canadian “Ministerial Statement on Quality Assurance of Degree Education in Canada, 2007,” including provisions for fairness, transparency, the use of expert panels of reviewers, and the opportunity for institutions to respond to reviews prior to Board decisions.

VICE-CHAIR & CHIEF EXECUTIVE OFFICER'S MESSAGE

On behalf of the Postsecondary Education Quality Assessment Board and its Secretariat (PEQAB), we are pleased to introduce the 2019-20 Annual Report. This report details PEQAB's activities from the beginning of April, 2019 to March 31, 2020. Over twelve (12) meetings, the Board made sixty-five (65) recommendations to the Minister on applications for consent. Of these recommendations, forty-five (45) were in respect of Ontario Colleges, four (4) were in respect of other public postsecondary institutions, and sixteen (16) were in respect of private institutions.

We are also pleased to report that the Board received fifty applications for Ministerial consent in December 2019 alone, bringing the total number of referrals in 2019-20 to ninety-nine (99). The Secretariat has been expeditiously managing these reviews.

In addition to information on applications referred to the Board, the 2019-20 Annual Report identifies progress against goals identified in the 2018-19 Annual Report. As detailed on pages 5 and 6, the Board has fully met many of its annual goals and has made progress towards meeting the others.

Secretariat staff continue to strengthen Ontario's relationship with the broader quality assurance community by facilitating a monthly teleconference among the Canadian quality assurance agencies, as well as engaging with global quality assurance agencies through the Board's memberships in the Council for Higher Education Accreditation's International Quality Group and the International Network for Quality Assurance Agencies in Higher Education.

In 2019-20, PEQAB continued its close consultation with its stakeholder institutions, for example, with Ontario Colleges collectively through the College Degree Operating Group (CDOG). CDOG's collaboration with us in developing refinements to criteria continues to be invaluable.

This year in particular CDOG helped us re-shape our requirements for course materials in ways which accommodate Reviewers' needs to understand in appropriate detail the degree programs under Review, while preserving some consistency of expectation amongst the institutions.

With the impact of COVID-19, PEQAB has been modifying and advancing quality assurance practices throughout Ontario's system and, through its connections with other quality assurance agencies, throughout Canada. We are pleased to report that PEQAB has worked collaboratively with the sector to transition from in-person site visits to site visits which occur virtually through video teleconference. This transition has had to be rapid but has also been surprisingly seamless with staff of the Board's Secretariat re-scheduling and re-constructing a large number of in-person site visits planned during the January to March period as new virtual site visits. The Secretariat's attendance at site visits to provide interpretation of PEQAB's Standards and benchmarks is a long-standing PEQAB practice, and it has adapted well to the virtual environment.

We would like to thank long-standing Board members, Rob Devitt and Patricia Lang, for their continued outstanding service to the Board. We also welcomed new Board members, Barbara Dickson, Neil McCartney and Tom Murad in 2019-20, and they too have already proven invaluable. We also thank Dianne Kieren and Catherine Chandler-Crichlow and wish them all the best in their future endeavours, as they retire from their many years of service to the Board. Finally, we would like to give a thank-you and special recognition to Maureen Morton as she retired from the Chair this year, concluding two decades of dedicated service on the PEQAB Board.

PERENNIAL GOALS

In addition to the annual goals – goals developed on an annual basis and unique to each reporting year – the Board has also identified ongoing, year-over-year goals which will be incorporated into standard operating practice. These goals include:

1. Maintaining Client Satisfaction Levels

Maintain exceptional levels of client satisfaction, as determined by the Board's multiple ongoing Client Satisfaction Surveys. Specifically,

- a) Maintain an average of 80% or above for the combined answers 'satisfied' and 'very satisfied' for all questions in PEQAB's post-site visit survey.

2019-20 Progress: As detailed on pages 10-11, the Board maintained an average above 80% for the combined answers 'satisfied' and 'very satisfied' for all questions in PEQAB's post-site-visit survey.

- b) Maintain an average of 90% or above for the combined answers 'satisfied' and 'very satisfied' for all questions in PEQAB's post-review survey.

2019-20 Progress: As detailed on pages 12-13, the Board maintained an average above 90% for the combined answers 'satisfied' and 'very satisfied' for all questions in PEQAB's post-review survey.

- c) Maintain an average of 90% or above for the combined answers 'satisfied' and 'very satisfied' for all questions in PEQAB's External Expert Panel survey.

2019-20 Progress: As detailed on pages 14-15, the Board maintained an average above 90% for the combined answers 'satisfied' and 'very satisfied' for all questions in PEQAB's External Expert Panel survey.

2. Maintaining Publication Schedule

- a) Publish revisions to the Board's *Manuals* and accompanying *Record of Change* to PEQAB's website in August of each reporting year.
- b) Publish the Board's Annual Report in August of each reporting year.

2019-20 Progress: The Board maintained its publication schedule for Revisions to its *Manuals*. The accompanying *Record of Change* will be published to the Board's website in September, 2020. PEQAB's Annual Report will also be published to the Board's website in September, 2020.

3. Engaging with the Quality Assurance Community of Practice

- a) Continuously monitor best practices from national and international quality assurance bodies.
- b) Participate in provincial, national and international discussions, meetings and conferences related to quality assurance.

2019-20 Progress: As detailed on pages 36-38, PEQAB is actively engaged in national quality assurance conferences and the CEO chair's national quality assurance teleconferences.

PERFORMANCE MEASURES

The following performance measures will assist the Board in tracking its progress regarding stakeholder satisfaction and against annually established goals:

1. Satisfaction Levels

Establish performance goals against baseline results of PEQAB's 2019-20 Client Satisfaction Surveys, and track the results year-over-year.

2. Application Timelines

Report on results achieved against the Board's target goals of six months for a review of new programs/renewals and six months for amendments/conditions of consent.

3. Results Achieved against Annual Goals

Report on results achieved against the Board's previous annual goals, on a year-over-year basis.

REPORT ON THE BOARD'S ANNUAL GOALS: 2019-2020

1. **Encourage Breadth Expansion:** Work with colleges to expand available breadth courses beyond their liberal arts offerings and to include courses in other degrees.

Progress: Engaged with the College Degree Operating Group to encourage the expansion of breadth programming to include courses in other degrees. As an example, PEQAB has worked with Canadore College to expand its breadth programming and has approved a Canadore degree program drawing on degree courses offered through OntarioLearn.

2. **Increase Awareness of Student Participation in Quality Assurance:**

Support the planning of Humber and Centennial Colleges inaugural symposium “Student Voices in Higher Education: Quality Assurance Perspectives and Practices” (November 2019).

Progress: Served on the steering committee for the Student Voices in Higher Education symposium hosted by Humber and Centennial College. In addition to supporting the conference, PEQAB staff delivered presentations on topics related to quality assurance.

Research and analyse of the practice of student involvement in quality assurance processes and produce a manual for various levels of student engagement in quality assurance.

Progress: Researched student involvement in quality assurance and incorporated best practices into PEQAB’s quality assurance processes.

Support the involvement of student participation in quality assurance throughout the college sector.

Progress: Colleges now recruit students to serve on Panels for Expedited Reviews.

3. **Expand Work Integrated Learning Experiences:** Increase the range of qualifying experiences for Work Integrated Learning.

Progress: As the impacts of COVID-19 are impacting Work Integrated Learning experiences, the PEQAB decided to increase its research into how best to support experiential learning and report on progress in the next Annual Report.

4. **Increase Number of Expedited Renewals:** Increase the uptake of the Expedited Renewal process for colleges.

Progress: The majority of Ontario’s degree granting Colleges have now utilized PEQAB’s Expedited Renewal process for at least one degree program.

5. **Increase Coordination with other Quality Assurance Agencies and Accreditors:** Support colleges in using reviews by their Program Evaluation Committees during expedited renewals and with those conducted by panels from professional accreditation agencies; in order to reduce institutional burden, regularly conduct gap analyses between PEQAB’s standards and the applicable standards of other quality assurance agencies and/or accreditors working with our stakeholder institutions.

Progress: PEQAB has supported the sector by using reviews conducted by college appointed Program Evaluation Committees and from professional accreditation agencies either in lieu of, or to supplement, PEQAB appointed External Expert Review Panels. Examples include Organization Reviews with Northeastern University’s U.S. accreditor, the New England Commission for Higher Education and Program Reviews with accreditors for Engineering, Canadian Engineering Accreditation Board.

REPORT ON THE BOARD'S ANNUAL GOALS: 2019-2020

6. **Determine Academic Equivalency for Faculty Credentials:** Develop and implement “academic equivalency” to recognize professional expertise in academic institutions.

Progress: PEQAB implemented an “academic equivalency” criterion to its assessment of faculty credentials, recognizing the unique qualifications and industry experience of college level faculty.

7. **Increase Participation Rate for PEQAB’s Client Satisfaction Surveys:**

Increase the applicant response rates for PEQAB’s Client Satisfaction Surveys administered after a PEQAB site-visit and once a quality assurance review has been completed.

Progress: As reported on pages 10-15, there has been an overall average increase in response rates to PEQAB’s Client Satisfaction Surveys.

8. **Revise Organizational Reviews:** Redevelop Organization Reviews for renewals to focus on financial sustainability and administrative capacity.

Progress: PEQAB customized its Organization Review processes to focus on the unique circumstances of applicants, including institutional maturity, previous accreditation reviews and the size and composition of Organization Review Panels.

9. **Improve Reporting on Program Content:** Clarify expectations concerning course schedules and instructor teaching assignments in consent applications.

Progress: PEQAB revised and clarified its expectations related to the reporting assignment of faculty members teaching baccalaureate programming and conducted extensive consultations with the College Degree Operating Group through 2019-20, resulting in a revision to the *Manuals* (passed by the Board, later in 2020).

10. **Revise the PEQAB Benchmark Restricting College Degree**

Nomenclature: Reconsider the language in the footnoted benchmark to the Nomenclature Standard which restricts the nomenclature of applied degrees.

Progress: The Board eliminated a footnote restricting Ontario College degree nomenclatures and applying to them only the same Standard and benchmark as other institutions.

ANNUAL GOALS

The Board has decided to modify its reporting requirements by developing an Annual Report based on calendar year. Annual Goals will be articulated in each Annual Report, published in January of the reporting year. The Board's Annual Goals for 2021 will be published in January 2021.

OTHER ACCOMPLISHMENTS: 2019-2020

During the reporting year, the Board and its Secretariat completed the following initiatives and enhancements.

- During this period, PEQAB was engaged in the processing of 99 applications for Ministerial consent, the most in one fiscal year since PEQAB's inception in 2001.
- PEQAB completed the processing and provided a recommendation to the Minister of Colleges and Universities on the quality of 65 proposed or renewed degree programs—again the most in a single year since inception. (Formerly PEQAB has averaged approximately 30 recommendations per year).
- Due to the impact of COVID-19, PEQAB rescheduled numerous in-person site-visits to virtual site-visits through the month of March 2020. As a result, PEQAB held its first virtual site-visit for the Université de l'Ontario français on March 25, 2020. PEQAB's pioneering work on virtual site-visits continues and will be reported on more fully in the PEQAB's 2021 Annual Report.
- PEQAB reduced red tape by encouraging the use of its Expedited Review process by institutions mature in offering degrees. Twenty-two of PEQAB's recommendations were in response to Expedited Renewals.
- PEQAB utilized its membership in the Council for Higher Education Accreditation (CHEA), specifically its association with the CHEA International Quality Group to recognize one of its many excellent stakeholder degree institutions, Humber College, with a nomination to the International Quality Group Award.
- PEQAB introduced a first stage "Readiness Review" whereby institutions receive at no charge a report from a PEQAB Senior Policy Advisor on how complete their applications are – how "ready" they are—prior to submission.
- PEQAB updated the criteria for inclusion of External Expert Review Panels to add experience with the type of institution at which the program is (or is proposed to be) offered as an additional consideration.
- PEQAB completed and posted on its public-facing website a new manual, the *Breadth Capacity Review Manual*, to guide applicant institutions through the specifics of a full Review of their "breadth" or Liberal Arts curriculum.
- PEQAB requested and gained through Ministerial appointment a Vice-Chair to its Board.
- PEQAB contributed a staff member, Dr. Lennon, to a research project funded through the Ontario Council on Articulation and Transfer that explored the use of learning outcomes as a means to support student transfer. The research cumulated into the forthcoming book *Learning Outcomes as a Potential Tool for Advancing Credit Transfer: An Evaluation for Ontario Postsecondary Education*. Dr. Lennon was also invited to co-author a chapter on North American quality assurance activities in the forthcoming book *Global Trends in Higher Education Quality Assurance*.

PEQAB TIMELINES

PEQAB timelines for the review of applications are calculated based on the application's *referral to recommendation* dates, within the calendar year the Board makes its recommendation. Timelines are averaged and exclude delays in the review process initiated or approved by applicant institutions. The table below identifies PEQAB's timelines for new applications/renewals and amendments/reports on conditions of consent since 2012.

	2012	2013	2014	2015	2016	2017	2018	2019*
New Applications/Renewals	12 months	9 months	7 months	7.5 months	7 months	6.5 months	5.5 months	4 months
Expedited Renewals	-	-	-	-	-	-	-	1.6 months
Amendments/Conditions of Consent	1 month	6 months	5 months	2 months	2 months	2 months	2 months	

* Due to COVID-19, several Reviews which were set up with institutions during the early months of 2020 and originally scheduled to occur post March 11 as **in-person** site visits had to be rescheduled for later as **virtual/video** site visits. The period during which institutions initially delayed to consider whether to wait or to engage with PEQAB's virtual/video site visit program is not included in this calculation. Subsequently and on various schedules as our postsecondary stakeholder institutions gradually "bought in," all site visits have proceeded successfully on a video/virtual basis.

PEQAB SATISFACTION SURVEYS

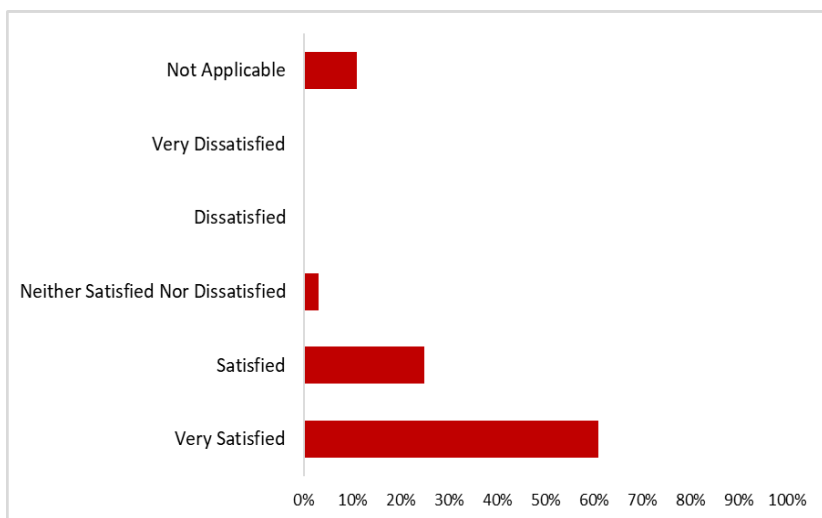

Results from PEQAB's client survey demonstrate exceptional levels of satisfaction among educational institutions and independent academics who review the quality of degree level programming offered in Ontario.

APPLICANT SURVEY

During the course of an application for ministerial consent, the Secretariat sends, via autonomous email link, invitations to applicants to participate in PEQAB's survey on two separate occasions (post site-visit and post-PEQAB review process). Below are the results of surveys administered from April 1, 2019 to March 31, 2020.

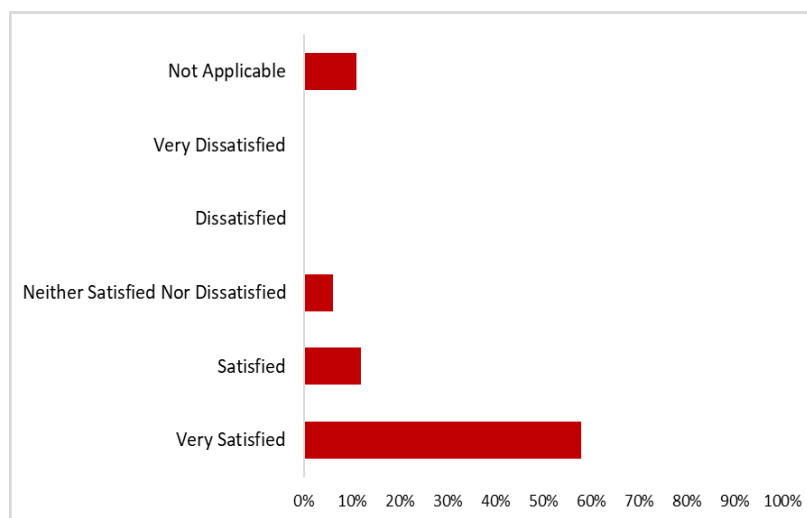

POST SITE-VISIT SURVEY

Q1: How satisfied have you been with the **quality/usefulness** of the responses you received from PEQAB Secretariat staff?

n=36

Q2: How satisfied have you been with the **timeliness** of the response you received from PEQAB Secretariat staff?

At its best, external quality assurance supports and enhances internal quality assurance and continuous improvement in program delivery. The degree of external quality assurance should be proportionate to an institution's ability to both maintain and improve the quality of its programs. Recognising this, the Board encourages institutional capacity for internal quality assurance. The expedited renewal process focusses on the internal quality assurance practices of Ontario Colleges as the basis for a quality review, and subsequent recommendation to the Minister, thereby reducing the overall timeline for consent renewal.

BOARD COMMITTEES

In addition to subject matter External Expert Review Panels, the Board may establish other advisory committees to assist in the review of applications. The Board has two such committees:

ORGANIZATIONAL REVIEW COMMITTEE

This standing committee was established by the Board to review the organizational and financial capacity of applicants. The Board strikes a panel from among the following members of the committee to review applications.

Ronald Bond, PhD
Neil Henry, MA
Doug Owram, PhD
Sam Scully, PhD
Phyllis Clark, MA
Karen Grant, PhD
Scott McAlpine, PhD
David Cray, PhD
Joy McKinnon, PhD
Arthur Haberman, PhD

BREADTH/NON-CORE EDUCATION COMMITTEE

The Board's undergraduate degree standards include expectations that graduates will have knowledge and skills both within and outside their core field of study. Accordingly, the Board requires that undergraduate degree programs include, in addition to the core field of study, a substantial liberal education component. The members of the standing committee on liberal education have expertise in the study of liberal education/general education as a pedagogical issue. The Board selects members from the committee to review applications to offer undergraduate degree programs.

Mr. Devitt recently retired as president and chief executive officer of the Toronto East General Hospital, a teaching hospital serving communities in southeast

Toronto. He has been appointed to assist a number of other hospitals in Ontario, including serving as a supervisor and peer reviewer. In 2009, Mr. Devitt was appointed to serve as interim CEO of eHealth Ontario to turn around the struggling organization. Prior to joining TEGH, he was the president and CEO of the Peterborough Regional Health Centre, where he led the integration and merger of two separate hospitals, and was also successful in securing government approval for the development of a new replacement hospital in Peterborough. Mr. Devitt is active as a preceptor for master's students in administration. He is currently a senior fellow with the Institute of Health Policy, Management and Evaluation at the University of Toronto.

VICE-CHAIR
ALEXANDRE LAURIN

(18-Sept-2012 to 19-Nov-2020) is the director of research for the C.D. Howe Institute. From 1999 to 2008, Mr. Laurin worked for the Parliamentary Information and Research Service, where he provided reports, analysis, and policy advice to members of the House of Commons and the Senate, and to parliamentary committees on a

non-partisan and confidential basis. Mr. Laurin has authored numerous research studies published by the C.D. Howe Institute and other organizations, and he frequently contributes to public policy debates through seminars, conferences, and media appearances. He holds an MA in economics (1998) from Queen's University and a BSc in economics (1997) from Université du Québec à Montréal.

NEIL McCARTNEY

(18-Dec-2019 to 18-Dec-2021) obtained a PhD in Medical Sciences from McMaster University in 1983. He remained at McMaster as a Professor, Director, and Chair in the Department of Kinesiology until 2011 when he assumed a new position at Brock University as Dean of Applied Health Sciences (2011-2013), followed by an appointment as

Provost and Vice-President, Academic (2013-2016). Dr. McCartney has more than three decades of experience as a university teacher, researcher and senior administrator; he is the author/coauthor of more than 80 published scientific papers, several book chapters and contributions to national guidelines, and one book. Dr. McCartney was a founding member of the Canadian Association of Cardiac Rehabilitation (1990) and a Member of the Board of Directors from 1999-2002. In 2009 he was appointed by the Government of Ontario to the Transitional Council of the College of Kinesiologists of Ontario, and served as Vice-President of the Council until 2013, when Kinesiology was proclaimed as a newly regulated health care profession.
