This index is prepared for the purpose of facilitating reference to the record, in the journals of the Legislative Assembly, of any proceedings of the House at any one or more of the sessions from 1925 to 1927, inclusive. Similar indexes have been published from time to time dealing with the sessions from 1867 to 1888, from 1889 to 1900, from 1901 to 1912, from 1913 to 1920, and from 1921 to 1924, so that the publication of the present volume completes a set of indexes of the journals of the Legislature from Confederation to date.

The page numbers given refer to the pages in the volume of the journals for the year indicated in the preceding bracket. An index to sessional papers, and an index to the debates and speeches for the sessions 1925 to 1927 are also included.
