[L.S.]

To Our Faithful, the Members elected to serve in the Legislative Assembly of Our Province of *Ontario*, and to every of you—GREETING:

O. Mowat, }
Attorney-General. } **W**HEREAS it is expedient for certain causes and considerations to convene the Legislative Assembly of Our said Province, We do will that you and each of you, and all others in this behalf interested, on WEDNESDAY, the TWENTY-EIGHTH day of the month of JANUARY next, at OUR CITY OF TORONTO, personally be and appear for the DESPATCH OF BUSINESS, to treat, act, do and conclude upon those things which in our Legislature of the Province of *Ontario* by the Common Council of our said Province may by the favour of God be ordained. **HEREIN FAIL NOT.**

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Our said Province of *Ontario* to be hereunto affixed: WITNESS, The Honourable JOHN BEVERLEY ROBINSON, LIEUTENANT-GOVERNOR of Our Province of *Ontario*, at Our Government House, in Our City of *Toronto*, in Our said Province, this TWENTY-SIXTH day of DECEMBER, in the year of Our Lord one thousand eight hundred and eighty-four and in the forty-eighth of Our Reign.

JOURNALS

OF THE

LEGISLATIVE ASSEMBLY

OF THE

PROVINCE OF ONTARIO.

Wednesday, 28th January, 1885.

3 O'CLOCK P.M.

This being the first day of the Second Session of the Fifth Legislature of *Ontario* for the Despatch of Business, pursuant to a Proclamation of His Honour the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province, and the House having met, His Honour entered the House; and, having taken his seat on the Throne, was pleased to open the Session by the following gracious Speech:—

Mr. Speaker and Gentlemen of the Legislative Assembly:—

It is with much pleasure that I meet you again as a Legislative Assembly for the discharge of those important duties which devolve upon you under our Constitution.

In pursuance of the agreement between this Province and the Province of *Manitoba* which last session received your approval, the question of our Provincial Boundaries has been submitted to the Judicial Committee of Her Majesty's Privy Council, and now I am happy to have it in my power to congratulate you that, so far as their Lordships dealt with the question, they have adjudged our true boundaries to be those which were awarded by the Arbitrators, and have ever since been insisted on by this Province in opposition to the Dominion authorities and to the claim of *Manitoba*.

My Government was anxious that there should be submitted at the same time to the same Tribunal the question of our whole Northern Boundary, and also the question of title to certain lands to which the Federal Government has set up a claim on other grounds. The correspondence on these subjects, and some other correspondence which has taken place on matters affecting the Territory, will be laid before you.

After a decision of the Privy Council, I issued a proclamation bringing into force the Act passed at your last session for establishing the Provisional District of *Thunder Bay*. By another proclamation, authorized by the same statute, that part of the Province which lies west of the old provisional line from *Hunter's Island*, has been erected into a Territorial District under the name of "The Territorial District of *Rainy River*." Legislation will now be necessary for the more effectual administration of Justice, and the establishment of Registry and Surrogate Offices, in this territory; and a Bill for these

purposes will be submitted for your consideration. I commend to your attention also, the propriety of encouraging settlers and settlement by Free Grants in specified portions of the territory.

I have to congratulate you that since your last session Her Majesty's Privy Council has pronounced a judgment in regard to the legal rights of the public in the rivers and streams of the Province, affirming the views so strenuously maintained by the Provincial Legislature.

I have also to express my satisfaction that the questions submitted to the Supreme Court of *Canada* touching the validity of the License Acts passed by the Federal Parliament, in 1883 and 1884, have been answered by the Supreme Court to the effect that (with certain considerable exceptions) these enactments exceeded the jurisdiction of the Federal Parliament. The confusion which those Acts created has thus been removed.

The Province has been favoured with a bountiful harvest of farm products, and the official returns of the Department of Agriculture again show that in staple cereals the average yield is larger than obtains in any other equal area on the continent. It is, however, a matter for serious regret that, owing to the low market prices which have prevailed for some time, the full commercial benefit of the harvest has not been realized to any such extent as in former years.

It is to be regretted also that the lumber trade of the Province, from which a large portion of our revenue is derived, has not escaped the depression which has affected other industries here and elsewhere during the past year; but our lumber producers will participate in any improvement occurring in the trade of *Great Britain* and the *United States*, which are the principal markets for the products of our forests.

The work of Agricultural Education and Experiment at the Agricultural College and Model Farm continues to be carried on with success. The Professors of the College, in addition to their ordinary work, have recently conducted institutes in different parts of the Province for the purpose of discussing with our farmers improved methods of agriculture and other matters of special importance to the farming community. These institutes have excited much interest, have been largely attended, and appear likely to prove of considerable service to the great industry for the benefit of which they were devised.

The number of immigrants who settled in the Province during the past year is not so large as in the preceding year, but I am glad to say that they have on the whole been of a somewhat better class, and have been better fitted to earn a livelihood for themselves than many who came to the Province in the previous year. Owing to the present abundance of labour and scarcity of employment in all parts of the Province, you will be asked to appropriate for the purpose of settling immigrants a sum considerably less than the expenditure in recent years. You will be glad to learn that, notwithstanding the inducements offered by other sections of the Dominion, the volume of immigration into the newer portions of the Province has been large, and has considerably exceeded that of the preceding year.

Notwithstanding the increased accommodation which has been provided for the insane during the past few years, it is my duty to inform you that a further expenditure for a similar purpose is again necessary. Additional buildings at *Orillia* for the idiotic are also required, the present buildings being insufficient for the proper care and custody of those now in confinement, and there being also numerous applications for admission, with which for want of room it has been impossible to comply.

The important subject of the extension of the franchise will, I trust, receive your careful attention.

Owing to the changes made in the Acts respecting Public, High and Separate Schools, since the consolidated Acts of 1878, it is desirable that another revision should be made. Bills for this purpose will be submitted, containing amendments which, I trust, will simplify the law, and at the same time extend still further the advantages of the system of education which has contributed so much to the intellectual life and vigour of our people. The subject of Higher Education has received special attention from my Govern-

ment during the recess, and considerable progress has been made towards a Federation of the Universities of the Province, from which valuable results may be expected.

Among other measures in preparation for your consideration are : a Bill for extending the jurisdiction of the County Courts ; a Bill for further promoting the efficiency of the Administration of Justice in the Province, and a Bill for simplifying titles and transfers of real estate in certain cases.

The judges appointed under the Act of last Session to enquire into certain attempts to corrupt Members of the Legislative Assembly have made their Report, which, with the evidence, I will cause to be submitted for your information.

The Reports, also, of the various Departments of the Public Service for the past year will be laid before you.

The Estimates for the current year have been prepared with a view to economy and efficiency, having regard in every case to the many objects of public interest which it is desirable to aid and foster.

I feel assured that you will devote yourselves with earnestness and assiduity to the consideration of the subjects which I have mentioned, and to all other matters affecting the public interests.

His Honour the Lieutenant-Governor was then pleased to retire.

Mr. Speaker informed the House that he had received from the Judges for the trial of Election Petitions, pursuant to the Controverted Elections Act, their Certificates and Reports relating to the Elections for :—

The East Riding of the County of *Simcoe*.

The East Riding of the County of *Middlesex*.

The District of *Muskoka* and *Parry Sound*.

The County of *Cardwell*.

The West Riding of the County of *Middlesex*,

The South Riding of the County of *Renfrew*.

The several Certificates and Reports were then read by the Clerk at the Table, as follow :—

In the matter of the East Riding of *Simcoe* Election Petition.

I, the Honourable *John Alexander Boyd*, Chancellor of *Ontario*, and one of the Judges for the time being for the trial of Election Petitions under the Controverted Elections Act of *Ontario*, do hereby, in pursuance of the said Act, certify that upon the thirtieth and thirty-first days of October (1883), at the Town of *Orillia*, in the above Riding, and upon the third day of November, at the City of *Toronto*, in the County of *York*, the Honourable *Matthew Crooks Cameron* with me held a Court for the trial of the Election Petition between *Isaac Reid*, Petitioner, and *Charles Drury*, Respondent, relating to the Election held on the twentieth and twenty-seventh days of February (1883), for the Electoral District of the East Riding of *Simcoe* aforesaid, and that we delivered Judgment therein at the said City of *Toronto* on the fifth day of March (1884).

And I further certify that the said the Honourable *Matthew Crooks Cameron* and I differed in our Judgments upon the trial of the said Petition.

And I for myself certify that certain irregularities were proved at the said trial to have occurred in holding the polls in sub-divisions one and two of the Township of *Tiny*, in the said Riding, but that in my judgment the said Election ought not to be avoided by reason of such irregularities, having regard to the provisions of section 197 of the Election Act of *Ontario*.

And I for myself further certify that it was alleged in the said Petition that the whole of the said Election proceedings were nugatory and null by reason of the Returning-Officer for the said Electoral District not having begun the said proceedings till after the hour of two o'clock in the afternoon of the day fixed by his Proclamation for holding the said Election, contrary to section 33 of the said Election Act of *Ontario*, and that it was proved at the said trial that the said proceedings were not begun till after the hour of two o'clock on the said day, but that in my judgment the whole of the said proceedings were not thereby rendered nugatory and null, and the said Election ought not thereby to be avoided.

And I for myself further certify that it was further proved at the said trial that corrupt practices were committed by an agent of the Respondent at the said Election, but that in my judgment the said Election ought not to be avoided by reason of such corrupt practices, having regard to the provisions of section 159 of the said Election Act of *Ontario*.

And I for myself further certify that no corrupt practice was proved to have been committed at the said Election by, or with the knowledge of, the said *Charles Drury*.

And I for myself further certify that in my judgment the said *Charles Drury* was duly returned and elected as Member for the said Electoral District.

And I for myself further certify that it was proved at the said trial that *William M. Harvie, John Thornton, Daniel Regan, Patrick Fenn, and Jeremiah Orser* were guilty of corrupt practices at the said Election.

And I for myself further certify that I have no reason to believe that corrupt practices extensively prevailed at the said Election.

Given under my hand this 22nd day of March, A. D. 1884.

J. A. BOYD.

To the Honourable

The Speaker of the Legislative Assembly,

Toronto.

In the matter of the East Riding of *Simcoe* Election Petition.

I, the Honourable *Matthew Crooks Cameron*, one of the Judges of the Queen's Bench Division of the High Court of Justice for *Ontario*, and one of the Judges on the Rota for the trial of Election Petitions under the Controverted Elections Act of *Ontario*, do hereby, in pursuance of the said Act, certify that upon the thirtieth and thirty-first day of October (1883), at the Town of *Orillia*, in the above Riding, and upon the third day of November (1883), at the City of *Toronto*, in the County of *York*, the Honourable *John Alexander Boyd* with me held Court for the trial of the Election Petition between *Isaac Reid*, Petitioner, and *Charles Drury*, Respondent, relating to the Election held on the twentieth and twenty-seventh days of February, 1883, for the Electoral District of the East Riding of *Simcoe* aforesaid, and that we delivered Judgment therein at the said City of *Toronto*, on the fifth day of March, 1884.

And I further certify that the said *John Alexander Boyd* and I differed in our Judgments upon the trial of the said Petition.

And I for myself certify that certain irregularities were proved at the said trial to have occurred in holding the polls in sub-divisions numbers one and two of the Township of *Tiny* in the said Riding, but that in my judgment the said Election ought not to be avoided by reason of such irregularities, having regard to the provisions of section 197 of the Election Act of *Ontario*.

And I for myself further certify that the Returning-Officer for the said Electoral District neglected and omitted to begin the Election proceedings between the hours of eleven in the forenoon and two in the afternoon of the day fixed by his proclamation for holding the said Election, and did not in fact begin the said Election proceedings until after the hour of two o'clock in the afternoon of the said day, contrary to the provisions of section 33 of the said Election Act of *Ontario*, and that in my opinion the whole of the said Election proceedings were, by reason of such neglect and omission, rendered nugatory and null, and that the said Election ought therefore to be avoided.

And I for myself further certify that it was proved at the said trial that corrupt practices were committed by agents of the Respondent at the said Election, and that in my judgment the said Election ought thereby to be avoided.

And I for myself further certify that no corrupt practice was proved to have been committed at the said Election by, or with the knowledge and consent of the said *Charles Drury*.

And I for myself further certify that, it was proved at the said trial that *William M. Harvie, John Thornton, Daniel Regan, Patrick Fenn, and Jeremiah Orser* were guilty of corrupt practices at the said Election.

And I for myself further certify that in the face of the fact that one of the chief executive officers of the Reform Association was proved to have been guilty of several corrupt practices, I am not able to say that corrupt practices may not have more extensively prevailed, while I have no reason to think they prevailed to an extent to disentitle the District to the right of representation.

Given under my hand this 28th day of March, A.D. 1884.

By Mr. *McKay*,—Two Petitions of the County Council of *Simcoe*.

The Order of the Day for taking into consideration the Speech of His Honour at the opening of the Session, having been read,

Mr. *Aurey* moved, seconded by Mr. *Hagar*,

1. That an Humble Address be presented to His Honour the Lieutenant-Governor, thanking His Honour for his gracious Speech, and reciprocating the expression of pleasure by His Honour in welcoming the representatives of the people assembled for the discharge of the important duties devolving upon them under the Constitution.

2. That we rejoice that His Honour is able to congratulate us on the fact that in pursuance of the agreement between this Province and the Province of *Manitoba*, which last session received our approval, the question of our Provincial Boundaries has been submitted to the Judicial Committee of Her Majesty's Privy Council, and that, so far as their Lordships dealt with the question, they have adjudged our true boundaries to be those

which were awarded by the Arbitrators, and have ever since been insisted on by this Province in opposition to the Dominion authorities and to the claim of *Manitoba*.

3. That we thank His Honour for informing us that his Government was anxious that there should be submitted at the same time to the same Tribunal the question of our whole Northern Boundary, and also the question of title to certain lands to which the Federal Government has set up a claim on other grounds, and that the correspondence on these subjects, and some other correspondence which has taken place on matters affecting the Territory, will be laid before us.

4. That we are pleased to know that after the decision of the Privy Council His Honour issued a proclamation bringing into force the Act passed at our last session for establishing the Provisional Judicial District of *Thunder Bay*, and that by another proclamation, authorized by the same statute, that part of the Province which lies west of the old provisional line from *Hunter's Island*, has been erected into a Territorial District under the name of "The Territorial District of *Rainy River*." We beg to assure His Honour that as legislation will be necessary for the more effectual administration of Justice, and the establishment of Registry and Surrogate Offices in this territory, we will give our best attention to any Bill for these purposes which may be submitted for our consideration. We will be glad to consider also the propriety of encouraging settlers and settlement by Free Grants in specified portions of the territory.

5. That we rejoice that His Honour is able to congratulate us on the fact that since our last session Her Majesty's Privy Council has pronounced a judgment in regard to the legal rights of the public in the rivers and streams of the Province, affirming the views so strenuously maintained by this Legislature.

6. That we share His Honour's satisfaction that the questions submitted to the Supreme Court of *Canada* touching the validity of the License Acts passed by the Federal Parliament, in 1883 and 1884, have been answered by the Supreme Court to the effect, that (with certain inconsiderable exceptions) these enactments exceeded the jurisdiction of the Federal Parliament, and that the confusion which those Acts created has thus been removed.

7. That while we share His Honour's gratification that the Province has been favoured with a bountiful harvest of farm products, and that the official returns of the Department of Agriculture again show that in staple cereals the average yield is larger than obtains in any other equal area on the continent, we also share the feeling that it is a matter for serious regret that, owing to the low market prices which have prevailed for some time, the full commercial benefit of the harvest has not been realized to any such extent as in former years.

8. That we agree with His Honour in regretting that the lumber trade of the Province, from which a large portion of our revenue is derived, has not escaped the depression which has affected other industries here and elsewhere during the past year; and we share the confidence expressed by His Honour that our lumber producers will participate in any improvement occurring in the trade of *Great Britain* and the *United States*, which are the principal markets for the products of our forests.

9. That we rejoice to know that the work of Agricultural Education and Experiment at the Agricultural College and Model Farm continues to be carried on with success; that the Professors of the College, in addition to their ordinary work, have recently conducted institutes in different parts of the Province for the purpose of discussing with our farmers improved methods of agriculture and other matters of special importance to the farming community; and that these institutes have excited much interest, have been largely attended, and appear likely to prove of considerable service to the great industry for the benefit of which they were devised.

10. That we are glad to learn that, while the number of immigrants who settled in the Province during the past year is not so large as in the preceding year, they have on the whole been of a somewhat better class, and have been better fitted to earn a livelihood for themselves than many who came to the Province in the previous year; that owing to the present abundance of labour and scarcity of employment in all parts of the Province, we shall be asked to appropriate for the purpose of settling immigrants a sum considerably less than the expenditure in recent years; and that, notwithstanding the

inducements offered by other sections of the Dominion, the volume of immigration into the newer portions of the Province has been large, and has considerably exceeded that of the preceding year.

11. That we regret to learn that, notwithstanding the increased accommodation which has been provided for the insane during the past few years, a further expenditure for a similar purpose is again necessary; that additional buildings at *Orillia* for the idiotic are also required, the present buildings being insufficient for the proper care and custody of those now in confinement, and there being also numerous applications for admission, with which for want of room it has been impossible to comply; and we desire to assure His Honour that we will not hesitate to make such further provision for the keeping and treatment of these unhappy persons as may appear to be necessary.

12. That we assure His Honour that the important subject of the extension of the franchise, will receive our careful attention.

13. That we agree with His Honour that, owing to the changes made in the Acts respecting Public, High and Separate Schools since the consolidated Acts of 1878, it is desirable that another revision should be made, and we are glad to learn that Bills for this purpose will be submitted to us containing amendments which, it is trusted, will simplify the law, and at the same time extend still further the advantages of the system of education which has contributed so much to the intellectual life and vigour of our people. That we are glad to know that the subject of Higher Education has received special attention from his Government during the recess, and that considerable progress has been made towards a Federation of the Universities of the Province, from which valuable results may be expected.

14. That we will carefully consider any Bills which may be laid before us for extending the jurisdiction of the County Courts; for further promoting the efficiency of the Administration of Justice in the Province; and for simplifying titles and transfers of real estate in certain cases.

15. That we thank His Honour for informing us that the Judges appointed under the Act of last Session to enquire into certain attempts to corrupt Members of the Legislative Assembly, have made their Report, and that he will cause the same, with the evidence, to be submitted for our information.

16. That we thank His Honour for the information that the Reports, also, of the various Departments of the Public Service for the past year will be laid before us.

17. That we thank His Honour for the announcement that the Estimates for the current year have been prepared with a view to economy and efficiency, having regard in every case to the many objects of public interest which it is desirable to aid and foster.

18. That we thank His Honour for the expression of his confidence that we will devote ourselves with earnestness and assiduity to the consideration of the subjects mentioned by him; and to all other matters affecting the public interests.

The several paragraphs of the Address, having been again read, were agreed to.

Resolved, That the above Resolutions be referred to a Select Committee composed as follows: the Attorney-General, and Messieurs *Pardee*, *Awrey*, and *Hagar*, with instructions to prepare and report an Address to His Honour in conformity therewith.

The Attorney-General, from the Select Committee, reported an Address which was read as follows:—

To the Honourable *John Beverley Robinson*, Lieutenant-Governor of the Province of *Ontario*:

We, Her Majesty's dutiful and loyal subjects, the Legislative Assembly of the Province of *Ontario*, humbly thank Your Honour for your gracious Speech at the opening of the Session, and reciprocate the expressions of pleasure felt by Your Honour in welcoming the Provincial Representatives of the people assembled for the discharge of the important duties devolving upon them under the Constitution.

We rejoice that Your Honour is able to congratulate us on the fact that in pursuance of the agreement between this Province and the Province of *Manitoba*, which last

session received our approval, the question of our Provincial Boundaries has been submitted to the Judicial Committee of Her Majesty's Privy Council, and that, so far as their Lordships dealt with the question, they have adjudged our true boundaries to be those which were awarded by the Arbitrators, and have ever since been insisted on by this Province in opposition to the Dominion authorities and to the claim of *Manitoba*.

We thank Your Honour for informing us that Your Government was anxious that there should be submitted at the same time to the same Tribunal the question of our whole Northern Boundary, and also the question of title to certain lands to which the Federal Government has set up a claim on other grounds, and that the correspondence on these subjects, and some other correspondence which has taken place on matters effecting the Territory, will be laid before us.

We are pleased to know that after the decision of the Privy Council Your Honour issued a proclamation bringing into force the Act passed at our last session for establishing the Provisional Judicial District of *Thunder Bay*, and that by another proclamation, authorized by the same statute, that part of the Province which lies west of the old provisional line from *Hunter's Island*, has been erected into a Territorial District under the name of "The Territorial District of *Rainy River*." We beg to assure Your Honour that as legislation will be necessary for the more effectual administration of Justice, and the establishment of Registry and Surrogate Offices in this territory, we will give our best attention to any Bill for these purposes which may be submitted for our consideration. We will be glad to consider also the propriety of encouraging settlers and settlement by Free Grants in specified portions of the territory.

We rejoice that Your Honour is able to congratulate us on the fact that since our last session Her Majesty's Privy Council has pronounced a judgment in regard to the legal rights of the public in the rivers and streams of the Province, affirming the views so strenuously maintained by this Legislature.

We share Your Honour's satisfaction that the questions submitted to the Supreme Court of *Canada* touching the validity of the License Acts passed by the Federal Parliament, in 1883 and 1884, have been answered by the Supreme Court to the effect, that (with certain inconsiderable exceptions) these enactments exceeded the jurisdiction of the Federal Parliament, and that the confusion which those Acts created has thus been removed.

While we share Your Honour's gratification that the Province has been favoured with a bountiful harvest of farm products, and that the official returns of the Department of Agriculture again show that in staple cereals the average yield is larger than obtains in any other equal area on the continent, we also share the feeling that it is a matter for serious regret that, owing to the low market prices which have prevailed for some time, the full commercial benefit of the harvest has not been realized to any such extent as in former years.

We agree with Your Honour in regretting that the lumber trade of the Province, from which a large portion of our revenue is derived, has not escaped the depression which has affected other industries here and elsewhere during the past year; and we share the confidence expressed by Your Honour that our lumber producers will participate in any improvement occurring in the trade of *Great Britain* and the *United States*, which are the principal markets for the products of our forests.

We rejoice to know that the work of Agricultural Education and Experiment at the Agricultural College and Model Farm continues to be carried on with success; that the Professors of the College, in addition to their ordinary work, have recently conducted institutes in different parts of the Province for the purpose of discussing with our farmers improved methods of agriculture and other matters of special importance to the farming community; and that these institutes have excited much interest, have been largely attended, and appear likely to prove of considerable service to the great industry for the benefit of which they were devised.

We are glad to learn that, while the number of immigrants who settled in the Province during the past year is not so large as in the preceding year, they have on the whole been of a somewhat better class, and have been better fitted to earn a livelihood for themselves than many who came to the Province in the previous year; that, owing to the

present abundance of labour and scarcity of employment in all parts of the Province, we shall be asked to appropriate for the purpose of settling immigrants, a sum considerably less than the expenditure in recent years ; and that, notwithstanding the inducements offered by other sections of the Dominion, the volume of immigration into the newer portions of the Province has been large and has considerably exceeded that of the preceding year.

We regret to learn that, notwithstanding the increased accommodation which has been provided for the insane during the past few years, a further expenditure for a similar purpose is again necessary ; that additional buildings at *Orillia* for the idiotic are also required, the present building being insufficient for the proper care and custody of those now in confinement, and there being also numerous applications for admission, with which for want of room it has been impossible to comply ; and we desire to assure Your Honour that we will not hesitate to make such further provision for the keeping and treatment of these unhappy persons as may appear to be necessary.

We assure Your Honour that the important subject of the extension of the franchise will receive our careful attention.

We agree with Your Honour that, owing to the changes made in the Acts respecting Public, High and Separate Schools since the consolidated Acts of 1878, it is desirable that another revision should be made, and we are glad to learn that Bills for this purpose will be submitted to us containing amendments which, it is trusted, will simplify the law, and at the same time extend still further the advantages of the system of education which has contributed so much to the intellectual life and vigour of our people. We are glad to know that the subject of Higher Education has received special attention from Your Government during the recess, and that considerable progress has been made towards a Federation of the Universities of the Province, from which valuable results may be expected.

We will carefully consider any Bills which may be laid before us for extending the jurisdiction of the County Courts ; for further promoting the efficiency of the Administration of Justice in the Province ; and for simplifying titles and transfers of real estate in certain cases.

We thank Your Honour for informing us that the Judges appointed under the Act of last Session to enquire into certain attempts to corrupt Members of the Legislative Assembly, have made their Report, and that you will cause the same, with the evidence, to be submitted for our information.

We thank Your Honour for the information that the Reports, also, of the various Departments of the Public Service for the past year will be laid before us.

We thank Your Honour for the announcement that the Estimates for the current year have been prepared with a view to economy and efficiency, having regard in every case to the many objects of public interest which it is desirable to aid and foster.

We thank Your Honour for the expression of your confidence that we will devote ourselves with earnestness and assiduity to the consideration of the subjects mentioned by you ; and to all other matters affecting the public interests.

OSGOODE HALL, 14th February, 1885.

The undersigned Judges, to whom has been referred Section 30, of a proposed Act to incorporate the City of *Stratford*, report as follows :—

The said Section does not seem to call for any remark in a merely legal point of view. Its provisions seem to be matters resting solely with the discretion of the Legislature to grant or refuse.

JOHN H. HAGARTY, C.J.O.

F. OSLER, J.A.

To *Charles T. Gillmor*, Esq.,

Clerk of the Legislative Assembly.

The undersigned Judges, to whom was referred a proposed Act respecting the *Woodstock* Methodist Cemetery, report as follows :—

If the trustees hold the land by grant from the Crown the clause against its reverting to the Crown or other persons is proper.

If it is held by private grant then it seems necessary to ask for information as to the nature of such grant, and whether the consent of the grantors or their heirs has been obtained, as, without such information, a legal difficulty may arise.

An addition is suggested to Sec. No. 2, to the following effect :—

"In case parties owning lots in the said old burying ground do not remove the remains therein interred and apply for conveyance of plots in the new cemetery, it shall be the duty of the said Trustees to remove the same in a decent and orderly manner, and to re-inter them in separate burying plots corresponding in size, as aforesaid, in the said new cemetery, and also to remove from the said old burying ground and to replace in the said several plots in the new cemetery all gravestones and monuments now erected in the former."

Dated, 16th February, 1885.

PRAYERS.

The following Petitions were severally brought up, and laid upon the Table :—

By Mr. *Wilmot*,—The Petition of *Andrew Gray* and others, of *Norrington*.

By Mr. *Lees*,—The Petition of the Town Council of *Perth*.

By Mr. *Clarke (Toronto)*,—Two Petitions of the *Toronto* Painters' Union; also, Two Petitions of the Stone-cutters' Union, *Toronto*; also, Two Petitions of the Excelsior Assembly No. 2305, Knights of Labour, *Toronto*.

Mr. *Widdifield*, from the Committee on Standing Orders, presented their Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, and Fifteenth Reports, which were read as follows :—

The Committee have carefully examined the following Petitions, and find the Notices as published in each case sufficient :—

Of the Town Council of *Windsor*, praying that an Act may pass to empower them to make and levy assessments.

Of the Trustees of *St. John's Church, Cornwall*, praying that an Act may pass to authorize them to sell certain lands.

Of the *St. Catharines* and *Niagara Central Railway Company*, praying that an Act may pass to legalize a certain by-law of the Town of *Thorold*, and for certain amendments to their Charter.

Of the City Council of *London*, praying that an Act may pass to authorize the corporation to borrow on debentures moneys for the purchase of grounds for exhibition purposes.

Of the City Council of *Toronto*, praying that an Act may pass conferring upon the corporation special favours in certain municipal matters.

Of *J. Breen* and others, of *Essex Centre*, praying that an Act may pass to incorporate the *St. Clair, Essex Centre* and *Erie Railway Company*.

The Committee have also examined the Petition of the Town Council of *Trenton*, praying that an Act may pass to empower the Corporation to acquire land, construct a certain dam, and for other purposes; The Committee find that notice of the intended application has been inserted in the *Ontario Gazette* from January 31st, in the *Trenton Courier* from January the 22nd, and in the *Trent Valley Advocate* from January the 23rd, and in each case that the notice is still current. The Committee deeming that sufficient notice has been given to all parties concerned by such publication recommend the suspension of the Rule of the House requiring six weeks notice in this case.

The Committee have also examined the Petition of the Village Council of *Parkdale*, praying that an Act may pass to validate certain by-laws, and certain Debentures issued thereunder and find that notice of the intended application has been inserted the proper length of time in the *Ontario Gazette*, and for two weeks in the *Parkdale News*, and the Committee are informed that such last mentioned notice is still current. The Committee also find that the notice and the Petition agree; and have had evidence adduced before them showing that the Ratepayers of the Village of *Parkdale* are fully aware of the proposed legislation, under these circumstances the Committee recommend that the Rule of the House requiring six weeks notice be suspended in this case.

The Committee have also examined the petitions of the City Council of *London* and of the Town Council of *London East*, severally praying that an Act may pass to legalize and confirm the annexation of *London East* to the City of *London*, and find that notice of the intended application was first inserted in the *Ontario Gazette* on the 31st day of January, and in the *London Evening Advertiser* on the 30th day of January, and

they are informed that such notices are still current ; they are also informed that the Councils of the various Municipalities concerned have respectively agreed on a basis of terms of annexation, but that this basis of terms was not agreed upon sufficiently early to allow of the full publication of notice as required by the Rules of the House. The Committee are also informed that the subject matter of these terms has been widely circulated by full reports of the proceedings of the several Councils through the public press, and deeming that sufficient publicity has been given to the matter by the aforesaid proceedings, recommend the suspension of the Rule of the House requiring six weeks notice in this case.

The Committee have also examined the Petition of the Town Council of *Ingersoll*, and of the *North and West Oxford* Agricultural Society praying that an Act may pass to legalize a certain agreement, and find that notice of the intended application was first inserted in the *Ontario Gazette* on the 7th day of February, instant, and is still current, that similar notices were also published in the *Ingersoll Chronicle* for the space of three weeks, and in the *Oxford Tribune and Sun* once, with instructions to continue the publication in each of these three latter papers for a further space of three weeks. The Committee considering this a matter of local importance are of opinion that in view of the publication of notice as aforesaid sufficient publicity has been given to the matter, recommend that the Rule of the House requiring six weeks notice be suspended in this case.

The Committee have also examined the Petition of the City Council of *Guelph*, praying that an Act may pass to empower the corporation to borrow money on debentures, and find that notice of the intended application was first inserted in the *Ontario Gazette* of the 14th day of February, instant, and in the *Guelph Herald* of the 12th day of February, instant, and that such notice is still current in each of the aforesaid publications, and they are further informed that such notice has also been inserted in another newspaper published in the City of *Guelph*, during the past ten days. The Committee being of the opinion that by the publication of notice as aforesaid, all parties interested have had an opportunity of becoming aware of the proposed legislation, recommend the suspension of the Rule of the House requiring six weeks notice in this case.

The Committee have also examined the Petition of the *Niagara Falls* International Camp Meeting Association, praying that an Act may pass to incorporate them, and find that notice of the proposed application to this Legislature was inserted the proper length of time in the *Ontario Gazette* and in the local papers. After the publication of such notice the Petitioners saw fit to become incorporated under the "Act respecting Provident, Benevolent and other Societies," but after such incorporation to enable them to acquire further powers, they again subsequently to the 7th day of February, instant, inserted another notice in the *Ontario Gazette*, and also in the *Niagara Falls Review*, signifying their intention to apply for such further powers ; this last mentioned notice is still current. The Committee recommend that the Rule of the House requiring six weeks notice be suspended in this case.

The Committee have also examined the Petition of the Village Council of *Alliston*, praying that an Act may pass to legalize a certain by-law, and find that notice of the intended application to this legislature was first inserted in the *Ontario Gazette* the 21st day of February instant, and also in the *Alliston Herald* on the 20th day of February instant. The Committee are informed that it was not until very lately that it was discovered that there was any informality in the said by-law and that when it was so discovered it was too late to give the required term of notice according to the Rules of the House. To obviate this difficulty as far as possible the Committee are informed that the Petitioners caused a notice of the proposed application to this legislature to be mailed to every ratepayer in the village. Under these circumstances the Committee recommend that the Rules of the House requiring six weeks notice be suspended in this case.

IN THE COURT OF APPEAL FOR ONTARIO.

The Controverted Elections Act of *Ontario*.

The Election for the Electoral District of *Algoma*.

James Dumerton Smith, Petitioner,

and

Robert Adam Lyon and *Alexander William Thompson*, Respondents.

We, the Honourable *George William Burton*, one of the Justices of the Court of Appeal for Ontario, and the Honourable *John Edward Rose*, one of the Judges of the High Court of Justice, and being both on the rota for the trial of Election Petitions, have the honour to certify in pursuance of the Controverted Elections Act, that on the fifth day of August, 1884, we opened a Court at the Town of *Port Arthur*, in the District of *Algoma*, for the trial of the Petition of the said *James Dumerton Smith* against the return of the said *Robert Adam Lyon*, as a Member of the Legislative Assembly of the Province of *Ontario*, for the said District of *Algoma*, and that, by adjournment, we again opened the said Court at the Town of *Sault Ste. Marie*, in the said District of *Algoma*, and that after various adjournments, we, the said Judges, delivered our judgments therein, on the fifteenth day of November, 1884, and determined that the said *Robert Adam Lyon* was, not duly elected.

And, in further pursuance of the said Act, we certify that we, the said Judges, differed in our judgments as to whether the said *Robert Adam Lyon* was guilty of a corrupt practice in promising to pay to one *Henry Mander* the sum of one hundred dollars, in violation of the provisions of the Election Act.

I, the said *George William Burton*, for myself, certify that the said *Robert Adam Lyon* was not proved guilty of the said corrupt practice.

And I, the said *John Edward Rose*, for myself, certify that the said *Robert Adam Lyon* was proved guilty of the said corrupt practice.

And I, the said *George William Burton*, do further certify that no corrupt practice was proved to have been committed by or with the knowledge and consent of either of the candidates at such election.

And I, the said *John Edward Rose*, do further certify that a corrupt practice was proved to have been committed by and with the knowledge and consent of the said *Robert Adam Lyon*, inasmuch as the said promise to *Henry Mander* was made with his knowledge and consent.

And we both certify that the said *Henry Mander* was guilty of a corrupt practice in engaging, procuring or endeavoring to procure the return of the said *Lyon* to serve in the Legislative Assembly, in consequence of a gift of the said one hundred dollars.

And we both certify that we have strong reason to believe that corrupt practices did extensively prevail at the said election.

Dated 24th February, 1885.

GEORGE W. BURTON, J. A.
JOHN E. ROSE, J.

To the Honourable The Speaker
of the Legislative Assembly, *Toronto*.

With reference to the foregoing Bill (No. 21), without more specific information as to the manner and terms on which the dedication in the preamble referred to was made, we are unable to report satisfactorily upon the same. If the dedication was by the Crown, we see no objection to the Bill, but if by a private individual, the terms of the dedication should be made known before we could report favourably.

M. C. CAMERON, *C.J.C.P.*

JOHN E. ROSE, *J.*

To CHARLES T. GILLMOR, Esq.,

Clerk of the Legislative Assembly, *Toronto*.

The undersigned beg leave to report on Bill (No. 45), as follows:—

1. No special reason is assigned in the petition or preamble for conferring upon the Trustees powers in relation to Church property exceeding that exercisable under the general Act, R. S. O., cap. 216, sec. 7, etc.

2. Should it be desired to confer such powers, there does not appear to be any objection to the frame of this Bill.

3. The general Act could apply to this property save for the doubt that it would be undesired under the words in sec. 7, "unnecessary to be retained;" it appears to be only *undesirable* to retain it.

4. If larger powers are not to be vested in the Trustees than those given in and by the general Act, it will suffice shortly to enact that R. S. O., cap. 216, shall apply to this property, and that it may be sold and conveyed, and the proceeds dealt with under the provisions of that Act.

And a Debate having arisen, the Motion was, by leave of the House, withdrawn.

Mr. *Broder* moved, seconded by Mr. *Gray*,

That in the opinion of this House it is expedient that the Government should make some suitable recognition to the Volunteers of 1837-1838, residing in the Province of *Ontario*, for the valuable services they rendered in defence of their country at that time

The Attorney-General moved in amendment, seconded by Mr. *Pardee*,

That all the words of the Motion after the first word "That" be omitted therefrom, and that instead thereof there be inserted the following :—"this House cordially recognizes the loyalty and services of the Volunteers of 1837-1838, who responded to the call then made upon them by the lawfully constituted authorities, and recognizes also the services rendered to this Province through the efforts of the Reformers of the same period, which secured for the people of *Canada* the blessings of true constitutional government ; but this House deems it inopportune to make any declaration that might excite hopes and expectations which this House may not be in a position to fulfil."

Mr. *Ross (Middlesex)* then moved in amendment to the proposed Amendment, seconded by Mr. *Ross (Huron)*,

That there be added to the Amendment these words :—"This House, however, would be remiss in a plain duty if it did not avail itself of this opportunity to place on record its high and grateful appreciation of the services of those other Volunteers who, in 1866, loyally and cheerfully rallied to defend this Province against the lawless horde of intruders who then threatened our shores with invasion."

And the Amendment to the Amendment, having been put, was carried.

Mr. *Meredith* then moved in amendment to the Amendment, as amended, seconded by Mr. *Morris*,

That all the words in the Amendment of the Attorney-General after the first word "that" be struck out, and the following words be added to the Amendment of the Minister of Education, "And this House feels that this may be done without impugning the conduct or motives of those who, by constitutional means, contended for principles, the adoption of which they believed to be in the interest of the country."

And objection having been taken to the proposed Amendment, and Mr. Speaker having been appealed to, decided, That, inasmuch as the Amendment to the Amendment confirmed the subject matter of the Amendment, and the Amendment of the Member for *London* proposed to strike out the former portion of the Amendment, his Motion was out of order. It was competent to the Member to vote against the Amendment as amended, or to propose the addition of relevant words thereto.

And Mr. *Meredith* having appealed to the House against the foregoing decision, the same was sustained upon the following division :—

PRAYERS.

The following Petitions were severally brought up, and laid upon the Table :—

By the Attorney-General,—The Petition of *John White* and others, of *Woodstock*.

By Mr. *Young*,—The Petition of the *Paris Gun Club*.

By Mr. *Robillard*,—The Petition of *O. Durocher*, and others, of *Ottawa*.

By Mr. *Hess*,—The Petition of *Riggs* and *McGillivray* and others, of *Perth*.

The following Petition was read and received :—

Of *James Notter* and others, of *Owen Sound*, praying for certain amendments to the law respecting Hawkers and Pedlers.

Mr. *Harcourt*, from the Committee on Privileges and Elections, to whom it was referred, to inquire and report whether or not a Writ can, or should issue for the election of a Member for the Electoral District of the East Riding of *Simcoe*, with power to send for, and examine all necessary persons, papers and records, presented their Report, which was read as follows :—

(1) The Committee have inquired into, and considered the matter so referred to them ;

(2) At the last General Election in this Province for the return and election of Members to the Legislative Assembly, *Charles Drury, Esquire*, was returned as the duly elected Member for the said East Riding of *Simcoe* ;

(3) Subsequently, under the Controverted Elections Act, an election petition was filed and presented against the return of the said *Charles Drury* as such Member ;

(4) At the trial of the said petition it appeared that certain persons had committed breaches of the Election Law, and the Judges disagreed as to whether any one of these was an agent of the said *Charles Drury*, and as to whether, having regard to the provisions of section 159 of the Elections Act, the election ought to be avoided on the ground of illegal practices by agents or an agent of the said *Charles Drury*.

(5) Neither of the Judges found any violation of law by the said *Charles Drury* personally or with his privy ;

(6) Under the 57th section of the Act the Judges certified their disagreement to the Speaker of the House ;

(7) Under the provisions of said section 57 the matter of said disagreement was brought before the Court of Appeal ;

(8) The Registrar of the Court of Appeal has since issued his certificate bearing date 11th November, 1884, whereby after reciting the said proceedings, it is declared that the said *Charles Drury* was not duly elected or returned ;

(9) Neither the said Court, nor its Registrar, nor the said Judges, has or have certified such determination either to the Speaker, or to the Clerk of the House, pursuant to the provisions of said Act or otherwise ;

(10) Counsel, on behalf of said *Charles Drury*, appeared before the Committee ;

(11) Before the Committee, it was contended that, by reason of the facts above stated, said *Charles Drury* was, and is still entitled, in law, to be considered the duly elected Member for said East Riding of *Simcoe* ;

(12) The Trial Judges are said to have refused to make any certificate to the Speaker after the said Appeal, being of opinion that having certified their disagreement as aforesaid, they have no legal authority to make any other certificate to the Speaker ; and the Court of Appeal is said to have refused to direct or authorize the Registrar of the Court of Appeal to make any certificate to the Speaker, being of the opinion that the same is not, in such a case, authorized by law ;

(13) The said Act, as construed by the said Judges and Court, thus appears to be defective in such of its provisions as relate to the powers and duties of said Judges and Court respectively, in respect to certifying any finding or determination come to by said Court when the matter of such a disagreement as the one above mentioned has been brought before said Court ;

(14) It appears to have been the intended policy of the law, that the House should not be called upon to take action in the matter of any such controverted election, except upon proper certificate made and given in that behalf, under the said Act, by and from the Trial Judges or the Court of Appeal, as the case may be ; there seems to the Committee to be no sufficient reason for departing, in the present case, from such policy ;

(15) Therefore, to remove all doubts and to provide for a proper determination and conclusion in the premises, the Committee recommends that a writ should not at present issue for the election of a Member for said riding, but that the said Act should be so amended in the matter of procedure thereunder as to provide in effect that in case of disagreement between the Judges before whom an election petition is tried and of the same being brought before the Court of Appeal, the Registrar of said Court shall certify to the Speaker, or if there is no Speaker, to the Clerk of the House, the judgment, determination and decision of the Court upon the matter of such disagreement, in like manner, and with like effect as according to the judgment and decision of said Court the Trial Judges should have done, and that said Act should be construed as if the foregoing provision had been contained therein at the time of the passing thereof ;

Accompanying this report is an appendix containing the minutes of the proceedings of the Committee. (*Appendix No. 1.*)

That all the words in the Motion after the word "That" be struck out and the following substituted therefor; "the division of the County of *Essex* into two Electoral Ridings was first made in the year 1874, whereby the County was divided into two Ridings by a straight line, running from the *Detroit River* due East and the same Electoral Division of the County was adopted by the Dominion Act of 1882. The Motion having been again put,

Mr. *Kerr* moved in amendment, seconded by Mr. *Ross (Cornwall)*,

That all the words in the Motion after "That" be struck out, and the following substituted therefor : "the population of the Province according to the last decennial census of 1881 was 1,923,228, the number of members to be elected is 90, and the unit of representation is therefore 21,369. The eight most easterly Electoral Districts contain a population of 166,057, made up as follows :—

<i>Prescott</i>	22,857
<i>Glengarry</i>	22,221
<i>Russell</i>	25,082
<i>Stormont</i>	13,294
<i>Carlton</i>	24,689
<i>Dundas</i>	20,598

<i>Cornwall</i>	9,904

and now return eight representatives to the Legislative Assembly. That the population of the Electoral District of *Cornwall* has largely increased since the taking of the last Decennial Census ; so that it has a population now of 13,000 or more, that the Bill proposes to take from the Electoral District of *Cornwall* the right to elect a representative, and unfairly to decrease the representation in the Eastern portion of the Province in the Legislative Assembly ; whilst the following Electoral Districts in the Western portions, with an aggregate population of 124,275 return eight members, namely :

<i>North Brant</i> (exclusive of Indians who are debarred from exercising the Franchise)	11,894
<i>South Wentworth</i>	14,993
<i>North Wentworth</i>	15,998
<i>East York</i>	15,996

<i>West York</i>	15,762
<i>Monck</i>	16,105
<i>South Norfolk</i>	16,374
<i>North Norfolk</i>	17,153

And that the Bill be therefore forthwith referred back to a Committee of the Whole House, with instructions to strike out the provision thereof depriving the Electoral District of *Cornwall* of its right to elect a Member of the Legislative Assembly.

Mr. *Ermatinger* moved in amendment, seconded by Mr. *Preston*,

That all the words after the word "That" in the motion be struck out, and the following substituted therefor :—"the County of *Ontario* is now divided for Electoral purposes into two Electoral Districts—that is to say, *North Ontario* with a population of 28,434 and, *South Ontario* with a population of 20,378. That it is by the Bill proposed to take from the *North Riding* the township of *Reach*, the Village of *Port Perry* and the Municipality of *Scugog Island*, having together a population of 7,517, and to add them to the *South Riding*, whereby the population of the *South Riding* will become 27,895, while that of the *North Riding* will be reduced to 20,917. That if it be desired to equalize the population, it can be better done by taking from the *North Riding*, the Township and Village of *Uxbridge*, with a population together of 5,905, making the population of that Riding 22,529, and by adding them to the *South Riding* making the population of the *South Riding* 26,283. Mr. *McKay* moved in amendment, seconded by Mr. *Hammill*,

That all the words in the Motion after the word "That" be omitted, and the following substituted therefor:—"The proposed readjustment of the Electoral Districts of *East Simcoe*, *West Simcoe*, *South Simcoe*, *Cardwell* and *Peel* is unfair, and while professing to equalize the population reduces *West Simcoe* from 26,120 to 17,406, being 3,963 below the unit of representation. That the said readjustment has been designed to give to the dominant party undue representation in this House, and to obtain that end the proposed objects of the Bill have been disregarded, and the new Electoral Districts have been formed without regard to their geographical situation, and that the Bill be forthwith recommitted to the Committee of the Whole House, with instructions to amend the same by striking out all the provisions thereof relating to the said Electoral Divisions."

May it please Your Honour:

We, Her Majesty’s most dutiful and faithful subjects, the Legislative Assembly of the Province of *Ontario*, in Session assembled, approach your Honour at the close of our labours with sentiments of unfeigned devotion and loyalty to Her Majesty’s person and Government, and humbly beg to present for your Honour’s acceptance a Bill intituled “An Act for Granting to Her Majesty certain sums of money to defray the expenses of Civil Government for the year 1885, and for other purposes therein mentioned,” thus placing at the disposal of the Crown the means by which the Government can be made efficient for the service and welfare of the Province.

To this Bill the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

“His Honour the Lieutenant-Governor doth thank Her Majesty’s dutiful and loyal subjects, accept their benevolence, and assent to this Bill in Her Majesty’s name.”

His Honour was then pleased to deliver the following Speech:—

Mr. Speaker and Gentlemen of the Legislative Assembly:—

In releasing you from the onerous duties of the Session, I desire to express my appreciation of the earnestness and ability with which you addressed yourselves to the important questions which you have had under consideration. During no Session since Confederation have so many measures been passed, beneficially affecting great interests, and permanently influencing the future of the Province.

I have assented with pleasure to the Bill for the extension of the Elective Franchise. The time had come for admitting to all the privileges of citizenship every man who shews by intelligence and frugality that he is capable of providing for his own personal wants and of contributing to the material resources of the country. By making the Assessment Roll the basis of the right to exercise the Franchise, you have recognized as essential elements fixity of residence, and interest in the stability of our institutions. I am glad to be able to congratulate you that in abolishing all distinctions of class, you have liberalized without weakening this mode of giving electoral expression to public sentiment.

The measure for the distribution of seats in the Assembly, while maintaining municipal boundaries, makes an important advance towards the representation of all parts of the Province according to population. At the same time I am gratified to know that you

have recognized the exceptional claims in the cases of *Algoma*, *Parry Sound* and *Muskoka*, arising from their great area, and their rapid development ; and that the Act gives to these districts increased influence in the Councils of the Province.

Among the many important measures to which I have given my assent, there is none of which I more cordially approve than the provisions you have made for the erection of new Departmental and Parliamentary Buildings. It was not becoming for the richest and most prosperous Province in the Dominion to occupy buildings which, however well adapted they may have been to the wants of the Province half a century ago, are wholly inadequate to its present requirements. I hope that the same zeal for the public interests which has marked the deliberations of successive Parliaments in this Chamber will characterize every Parliament that assembles in the buildings you have decided to erect.

The project so earnestly pressed on public attention by His Excellency Lord Dufferin, of preserving the natural beauty of the scenery around *Niagara Falls*, has, I am glad to know, received your careful consideration. I hope that no obstacle will intervene to prevent the establishment of a free Public Park, as provided by the Bill to which I have just given my assent, and that, by your wise foresight, that world-wonder which Providence has entrusted to our care may be preserved to future generations in all its natural grandeur and beauty.

By your legislation respecting Public and High Schools, I am enabled to congratulate you upon your high appreciation of the educational interests of the Province. The greater simplicity in the School Law, as secured by the new Acts, and the amendments by which difficulties in the way of carrying out the law are removed, will, I trust, serve to promote both elementary and higher education, and still more widely to diffuse the blessings of intellectual and moral refinement.

The Bill for simplifying land titles and land transfers meets with my hearty approval. I am glad to know that, within the area of its operation, this Act secures certainty in regard to the ownership of real estate, and will in future transactions prevent harrassing delays, difficulties and expenses, which have hitherto been unavoidable. I feel assured that the success which has attended the new system in the other Colonies of the Empire will attend its introduction into this Province.

The amendments made to the Municipal Laws will, I have no doubt, tend to the better administration of that local system of self-government which is so highly prized by all classes ; while the Acts respecting the Administration of Justice and the Division Courts will give to our Courts increased efficiency in administering justice (wherever practicable) at diminished expense.

The measure respecting Assignments for the benefit of Creditors will do something towards meeting the present commercial exigencies of the Province, arising from the absence of a Bankruptcy Law. I observe that the Act is not to go into operation until a proclamation shall issue, the delay being (as I learn) in the hope that the Federal Parliament at its present Session may, by passing such a law, render the Provincial legislation unnecessary.

I thank you for the liberality which you have displayed in making the necessary appropriations for the public service, and I assure you that the supplies which you have voted will be expended as economically as is compatible with the efficiency of the public service.

In bringing this session to a close, I take occasion to say that it may not be my privilege to meet you again in my present official capacity. During my term of office the Legislative Assembly has been assiduous in the discharge of those duties which under the Constitution devolve upon it. It is my earnest hope that every Parliament entrusted with the responsibility of legislating for this great Province will serve the country as faithfully as those with which for five years I have had the high honour of being connected as the Provincial Representative of the Crown.

The Provincial Secretary then said :—

Mr. Speaker, and Gentlemen of the Legislative Assembly :—

It is His Honour the Lieutenant-Governor's will and pleasure that this Legislative Assembly be prorogued, and this Legislative Assembly is accordingly prorogued.

The Select Standing Committee on Privileges and Elections to whom it was referred, to enquire and report whether or not a writ can or should issue for the election of a Member for the Electoral District of the East Riding of Simcoe, with power to send for and examine all necessary persons, papers and records, beg leave to report:—

- (1) That they have enquired into and considered the matter so referred to them ;
- (2) That, at the last general election in this Province for the return and election of members to the Legislative Assembly, Charles Drury, Esquire, was returned as the duly elected member for the said East Riding of Simcoe ;
- (3) That subsequently, under the Controverted Elections Act, an election petition was filed and presented against the return of said Charles Drury as such member ;
- (4) That at the trial of the said petition it appeared that certain persons had committed breaches of the Election Law, and the Judges disagreed as to whether any one of these was an agent of the said Charles Drury, and as to whether, having regard to the provisions of section 159 of the Election Act, the election ought to be avoided on the ground of illegal practices by agents or an agent of the said Charles Drury ;
- (5) That neither of the Judges found any violation of law by the said Charles Drury personally or with his privity ;
- (6) That, under the 57th section of the Act, the Judges certified their disagreement to the Speaker of Your Honourable House ;
- (7) That, under the provisions of said section 57, the matter of said disagreement was brought before the Court of Appeal ;
- (8) That the Registrar of the Court of Appeal has since issued his certificate, bearing date 11th November, 1884, whereby, after reciting the said proceedings, it is declared that the said Charles Drury was not duly elected or returned ;
- (9) That neither the said Court nor its Registrar, nor the said Judges has or have certified such determination either to the Speaker or to the Clerk of the House, pursuant to the provisions of said Act or otherwise ;
- (10) That Counsel on behalf of said Charles Drury appeared before your Committee ;
- (11) That before the Committee it was contended that by reason of the facts above stated, said Charles Drury was and is still entitled in law to be considered the duly elected member for said East Riding of Simcoe ;
- (12) That the Trial Judges are said to have refused to make any certificate to the Speaker after the said Appeal, being of opinion that having certified their disagreement as aforesaid, they have no legal authority to make any other certificate to the Speaker ; and the Court of Appeal is said to have refused to direct or authorize the Registrar of the Court of Appeal to make any certificate to the Speaker, being of the opinion that the same is not, in such a case, authorized by law ;

(13) That the said Act, as construed by the said Judges and Court, thus appears to be defective in such of its provisions as relate to the powers and duties of said Judges and Court respectively in respect to certifying any finding or determination come to by said Court, when the matter of such a disagreement as the one above mentioned has been brought before said Court ;

(14) That it appears to have been the intended policy of the law that the House should not be called upon to take action in the matter of any such controverted election, except upon proper certificate made and given in that behalf under the said Act by and from the trial judges or the Court of Appeal, as the case might be ; that there seems to the Committee to be no sufficient reason for departing, in the present case, from such policy ;

(15) And, therefore, to remove all doubts and to provide for a proper determination and conclusion in the premises, the Committee recommend that a writ should not at present issue for the election of a member for said riding, but that the said Act should be so amended in the matter of procedure thereunder, as to provide in effect that in case of disagreement between the Judges before whom an election petition is tried, and of the same being brought before the Court of Appeal, the Registrar of said Court shall certify to the Speaker, or if there is no Speaker, to the Clerk of the House, the judgment, determination and decision of the Court upon the matter of such disagreement in like manner and with like effect as according to the judgment and decision of said court the trial judges should have done, and that said Act should be construed as if the foregoing provision had been contained therein at the time of the passing thereof.

That accompanying this report is an appendix containing the minutes of the proceedings of the Committee.

All of which is respectfully submitted.

Chairman.

MINUTES OF THE MEETINGS

OF THE

STANDING COMMITTEE ON PRIVILEGES AND ELECTIONS.

FRIDAY, 13th March, 1885.

The Committee met for organization and, on motion, Mr. Harcourt was appointed Chairman.

On motion it was resolved, That it be an order of the Committee, That the Chairman be instructed to procure exemplifications or duly certified copies of all judgments, orders, and certificates made, given or delivered by the Court of Appeal in the matter of the election of Charles Drury, Esquire, at the last general election held for the election of members to the Legislative Assembly of Ontario.

FRIDAY, 19th March, 1885.

The Committee met, and the Chairman reported the steps taken by him to procure papers, etc., ordered by the Committee.

On motion it was resolved, That to afford Mr. Drury an opportunity to be heard before the Committee he be notified, through the Chairman, that the Committee will, on Tuesday next, proceed with the consideration of the special matter referred to them by the special resolution of the House.

On motion it was also ordered that the Chairman report to the House this day the receipt of the Certificate and Order of the Court of Appeal, and recommend the printing of the same and distribution among the members of the House.

Committee adjourned until Tuesday next.

TUESDAY, 24th February, 1885.

The Committee met pursuant to adjournment.

Mr. Drury, being in attendance, was, on motion, heard before the Committee.

On motion it was resolved, That the Committee do adjourn until Thursday next, to enable Mr. Drury to be heard through counsel.

Committee adjourned until Thursday next.

THURSDAY, 26th February, 1885.

The Committee met pursuant to adjournment.

Mr. Lount, Q.C., appeared before the Committee on behalf of Mr. Drury.

On motion made, the Committee adjourned until Thursday next for the purpose of then hearing Mr. Lount, Q.C., as counsel for Mr. Drury.

The Committee accordingly adjourned.

THURSDAY, 5th March, 1885.

The Committee met pursuant to adjournment.

Mr. Lount, Q.C., addressed the Committee on behalf of Mr. Drury.

On motion it was resolved, That the Committee, having heard Counsel for Mr. Drury, the further consideration of the matters specially referred to the Committee do stand postponed until this day week, when the Committee will proceed to consider the form and matter of such report as the Committee may decide should be presented to the House in the premises.

THURSDAY, 12th March, 1885.

The Committee met pursuant to adjournment.

It was moved by Mr. Meredith, That upon consideration of the Reports of the rota judges for the election petition against the return of Charles Drury, Esquire, for the Electoral District of the East Riding of the County of Simcoe, and the certificate of the Registrar of the Court of Appeal of the judgment and decision of the Court of Appeal, as to whether the corrupt acts committed by the agents of the respondent were of such a nature and were committed under such circumstances as that under the provisions of section 159, of the Election Act (R.S.O., cap. 10), the election of the respondent ought not to be avoided (as to which the rota judges disagreed), and the judgment and decision of the said court, that the said Charles Drury was not duly elected, the Committee are of opinion that the seat of the said Charles Drury has become vacated, and the Committee are of opinion that an order of the House ought to be made for the issue of a new writ for the Election of a member to fill the vacancy in the representation of the said Electoral District.

The Committee desire to express their regret that steps were not taken at an earlier period of the Session for the consideration of the matters which form the subject of the reference to them, the result of which has been that the constituency has hitherto remained and will remain unrepresented in the Legislative Assembly during the present session.

It was moved in amendment, by Mr. Fraser, That all after the word "That" in the motion be omitted and that instead thereof there be inserted these words: "the Chairman be instructed to draft a report for presentation to the House which will set forth briefly the proceedings, etc., of the Committee and will recommend that, in the opinion of the Committee, it is expedient to amend the Controverted Elections Act so as to provide that the Court of Appeal shall have power to certify any determination it may already have or may hereafter come to in the matter of the election petition filed against the return of Mr. Drury as the member elect for the East Riding of Simcoe, and that, pending the legislation, so recommended in the premises, a writ for an election in said Riding should not issue."

The amendment, being put, was carried upon the following division:

YEAS.—Messieurs Harcourt, the Attorney-General, Badgerow, Ballantyne, Blezard, Cascaden, Dryden, Ferris, Fraser, Graham, Hagar, Hart, McIntyre, McKenzie, Morin, Murray, Rayside, Sills, Snider—19.

NAYS.—Messieurs Brereton, Broder, Creighton, Ermatinger, French, Meredith, Merrick, Monk, Ross (Cornwall), White—10.

COMMITTEE ROOM,
26th March, 1885.

J. M. FERRIS,
Chairman.

MINUTES AND PROCEEDINGS

OF THE

PUBLIC ACCOUNTS COMMITTEE

FOR 1885.

TREASURER'S OFFICE,

Wednesday, February 25th, 1885.

The Committee met at the call of the Chair, this day, Wednesday, the 25th day of February, 1885, at 11 o'clock a.m.

Present :

Messieurs Awrey,
Balfour,
Ballantyne,
Carnegie,
Clarke (Toronto),
Harcourt,
Hardy,

Messieurs Ross (Huron),
Meredith,
Merrick,
O'Connor,
Waters,
Wood—13.

In the absence of (Mr. Ferris) the Chairman, Mr. Ballantyne was, upon motion of Mr. Hardy, chosen Chairman (pro tem).

Mr. Ballantyne, then being called upon, took the Chair.

The Committee then proceeded to examine the Public Accounts, 1884.

Mr. Meredith moved, That the Treasurer be requested to produce to the Committee a statement shewing the amounts payable in respect to any branch of the public service on 1st January last, and not then paid, the same to be classified under the same heads as the expenditures for the year are classified under in the public accounts.

Considerable discussion arose thereon, as to the power of the Committee to order, and the Treasurer to comply with the same.

Mr. Ross thought the Committee could not so order.

Mr. Hardy objected to the motion upon the ground that the Committee had no power to deal with it. It was a matter that should be first brought up in the House and

upon motion and order, referred to this Committee for examination. This Committee could only examine accounts which had first been submitted to the House and then referred to this Committee.

Mr. Meredith stated to the Committee that it was important that this statement should be brought down to enable the Committee to ascertain the liabilities of the Province at the end of the year; that a statement similar in principle to the one asked for in the motion had been asked for, with reference to the Crown Lands Department, in the earlier part of the sittings of this Committee of last session, but not brought down.

Mr. Hardy said he had no distinct present recollection of a motion of that kind last Session, but if there was, it was not acted upon.

Mr. Meredith.—Is it not in the interest of the general public?

Mr. Clarke (Toronto)—We should have some way of knowing what the liabilities of the Province are at the end of the year.

After some further remarks for, by Messieurs Merrick and Carnegie, and by Messieurs Ross and Hardy, in reply (against the motion),

Mr. Hardy moved the following amendment:—

That all after the word "That" in the resolution be omitted, and there be substituted in its stead the following: inasmuch as only the public accounts for the year 1884 have been referred to this Committee, that any other accounts not yet submitted to the House should be first brought down by motion and order and be referred to the Committee in the usual way, and that this Committee do now proceed to consider the accounts submitted, and referred, and contained, in the Public Accounts for 1884.

The amendment was then put by the Chairman, and carried upon the following division:—

YEAS.—Messieurs Awrey, Balfour, Ballantyne, Hardy, Ross, O'Connor, Waters—7.

NAYS.—Messieurs Carnegie, Clarke (Toronto), Meredith, Merrick—4.

The motion as amended was then put and carried on the same division.

The following requisitions for papers, etc., were placed in the hands of the Chairman:

Mr. Merrick, papers, Law Costs *re* Elliott Arbitration, page 227, Public Accounts, 1884. Item, \$1,165.17. Ordered.

Mr. Carnegie, Vouchers, pay sheets, and accounts, representing items, charged as "expenses" under the head of Experimental Farm, pages 177, 178, 179, 180, 181, 182, 183, Public Accounts, 1884.

Mr. Carnegie suggested that in order to facilitate the business of the Committee a sub-committee be appointed to look into and examine papers, and then submit those to the Committee upon which they desire the Committee to take action, etc.

Mr. Ross—In my opinion the committee is too small to allow of the appointing of a sub-committee.

Mr. Meredith concurred in the suggestion of Mr. Carnegie.

Mr. Waters also thought the Committee too small to allow of a sub-committee.

Mr. Merrick—A great deal of time could be saved by appointing a sub-committee.

Mr. Ross—The better way would be for Mr. Meredith to particularize any branch or accounts and papers he would take up for examination at the next meeting of the Committee, and they would try and have the papers ready.

Mr. Meredith—No doubt it would greatly facilitate business of the Committee, say a sub-committee of three members—two from the Government side and one from the Opposition side—to examine papers, accounts, etc., and submit what accounts, etc., they desire the Committee to consider, as suggested by Mr. Carnegie, would permit of a better examination of the Public Accounts.

Mr. Hardy—I do not think a sub-committee would do, as questions might arise, and the Opposition would require their following, or the Government might require their following, and a sub-committee would want to be making reports to the Committee, which would deter business. That if they desired to examine papers, they could take them to one side (while the Committee was sitting) and do so as much as they chose.

Mr. Carnegie again urged its appointment.

The discussion then closed without appointing a sub-committee.

On motion of Mr. Hardy, the Committee adjourned till Tuesday, at 10 o'clock a.m.

The Chairman asked an explanation with reference to items *re* Osgoode Hall in Open Accounts, No. 2, pages 15, 16, Public Accounts, 1884, and that the Clerk be instructed to request the Commissioner of Public Works (the Hon. C. Fraser) to appear before the Committee at its next meeting to give the information desired. Ordered.

Mr. McLaughlin entered Committee Room.

Mr. Meredith examined papers *re* Election Expenses, Algoma District, stated there was nothing to show how the account of Mr. Thompson, Returning Officer, was made up.

Mr. Hardy—There is a regular form.

Mr. Meredith—It appears in his bill, amounts overpaid over the amounts allowed by tariff, and nothing to show how these amounts are made up.

Mr. Hardy—These are necessary payments he had to make.

Mr. Meredith—I would ask, Mr. Chairman, that Mr. Totten be requested to appear before the Committee at its next meeting to explain these accounts *re* Election Expenses. Ordered.

Considerable time was spent in examining or looking over a number of papers by different members of the Committee until 12.30 a.m.

On motion of Mr. Hardy, the Committee adjourned until Tuesday, the 3rd March, 1885, at 11 o'clock a.m.

TREASURER'S OFFICE,
Tuesday, 3rd March, 1885.

The Committee met pursuant to adjournment at 11 o'clock a.m.

Present :

Mr. Ferris, Chairman.

Messieurs Awrey,
Balfour,
Ballantyne,
Carnegie,
Creighton,
McLaughlin,

Messieurs Harcourt,
Meredith,
Merrick,
O'Connor,
Ross (Huron),
Waters—13.

Mr. Fraser, Commissioner of Public Works, appeared before the Committee, as requested in the communication sent him by order of the Committee.

By the Chairman—Can you give us any information, Mr. Fraser, about these items of expenditure in *re* Osgoode Hall? Open Accounts, pages 15, 16, Public Accounts, 1884.

Mr. Fraser—It does not all come under my department. I will furnish the Committee with the papers connected with it, as far as my department is concerned, and will send the Architect to explain them.

Mr. Ferris—This is an open account, and there is being added to it every year about \$14,500, and I would like to know what belongs to the Province and what to the Law Society, what the Province has to maintain and what revenue is received therefrom.

Mr. Fraser retired from the Committee room.

Mr. Ross—Possibly Mr. Sproule could explain something about it.

Mr. Ferris—I would ask that Mr. Sproule be requested to appear before the Committee, to explain the same.

Mr. Sproule, being notified, appeared before the Committee and, in reply to the Chairman, stated that the items referred to were items entirely in charge of Mr. Harris, the Assistant Treasurer, and went through his books, that he (Mr. Sproule) was not at present familiar with it, and would therefore ask that the matter be allowed to stand for a short time, to enable him to look into the matter.

By consent of the Committee the matter was allowed to stand, to allow Mr. Sproule to look into the matter.

Mr. Sproule then retired from the Committee room.

Messieurs McLaughlin and Balfour entered Committee room.

Mr. Carnegie looked over accounts and papers *re* Experimental Farm.

Mr. Creighton looked over papers *re* Immigration.

Mr. Meredith entered Committee room.

Mr. Merrick looked over accounts, J. O'Brien, Colonization Roads, *re* Addington.

Mr. Meredith examined papers *re* Immigration, and asked that the account of Wall and Shenston, voucher No. 10, \$754.25, Immigration Pamphlets, be entered upon the minutes of the Committee.—Ordered.

Mr. Meredith—to Mr. Hardy—Can you give us any explanation about this account?

Mr. Hardy—The manuscript belonged to Messieurs Wall and Shenston, was purchased from them by the Government, and they were allowed Queen's Printer prices for printing the same.

Mr. Meredith—How did that suit the Queen's Printer; is he not supposed to do all the Government printing? I think I recollect a case where he was allowed for printing that was done outside of him.

Mr. Hardy—That was an entirely different case. The Government are allowed to purchase manuscript and allow Queen's Printer prices for printing.

Mr. Meredith—How do you know you were only charged Queen's Printer prices for printing?

Mr. Hardy—Because it was checked by the Queen's Printer here.

Mr. Meredith—I would ask that the Queen's Printer be requested to appear before the Committee to explain the account of Wall and Shenston.

Mr. Harcourt entered Committee room.

Mr. Hardy—I think the Assistant Queen's Printer would be the better person to call as it was he who made the estimate.

The Committee ordered that Mr. Thomas, the Assistant Queen's Printer, do appear before the Committee in *re* Wall and Shenston account, Immigration Pamphlets.

Mr. Meredith examined voucher 426, Immigration Papers *re* J. J. Jones, \$500, rent of halls, advertising pamphlets, and stating it was curious that the correct names of persons to whom money was paid could not be had. This account appeared in the Public Accounts as paid to J. J. James. I think I know the party, it should be J. J. Jones. I would ask that this account with the letter attached, be entered upon the minutes. Ordered.

DEPARTMENT OF IMMIGRATION, ONTARIO,

Toronto, 13th May, 1884.

Abstract of Appended Accounts and how to be charged.

NAME.	ADDRESS.	\$ c.	SERVICE.
John James Jones.....	Care of Dept., C.H.S.	500 00	European Agencies-

Mr. Jones will return to-morrow and wants cheque if possible before leaving.

(Sgd.) D. S.

Will Mr. Spence have the sum of \$500 paid to John James Jones, Esq., for expenses incurred by him in England for halls, advertising, and other expenses in connection with immigration for 1883 and 1884.

(Sgd.) ARTHUR S. HARDY.

May 12, 1884.

Mr. Meredith examined the account for plumbing, and thought it very large.

Mr. Hardy—I am not satisfied with it myself, but it could not be helped; we are compelled to have them for two or three months before every session.

The Chairman.—Would it not be advisable to have a regular plumber employed by the year?

Mr. Hardy—They would require assistants, etc.

Mr. Meredith examined papers North-west Boundary. I see a number of names here to whom money was paid, I would like to know at what work they were employed at, with regard to the N. W. Boundary.

Mr. Hardy—Perhaps Mr. Meredith had not seen the pamphlet that was necessary and gotten up in connection with the N. W. Boundary case. Mr. McDonald had charge of the work, and employed from the Sessional writers, or among the oldest of them, persons to help him in preparing the same, which was very voluminous.

Mr. Meredith—I see the name of Mr. Botham appears here for one month's service in July, \$120, Voucher No. 664, in connection with N. W. Boundary.

Mr. Hardy—I think that is a mistake in charging to N. W. Boundary, it should be charged to the License Branch; he took the place of McDonald as accountant, while he was connected with the Boundary case and in England.

On motion, the Committee adjourned until to-morrow, 4th March, at 10.30 a.m.

COMMITTEE ROOM,

Wednesday, 4th March, 1885.

The Committee met pursuant to adjournment at 10.30 a.m.

Present.

Mr. Ferris, Chairman.

Messieurs Awrey, Balfour, Ballantyne, Carnegie, Clarke, Creighton, Harcourt, Hardy, Meredith, Merrick, Mulholland, Ross, O'Connor (13).

The Committee proceeded with the examination of Immigration Papers, account, Wall and Shenston, Immigration Pamphlets, called, "The Immigrant in Ontario."

Mr. G. E. Thomas, Assistant Queen's Printer, appeared before the Committee as requested, in re Wall and Shenston, sworn—examined, evidence taken down by shorthand writer, appended and marked "A."

"A."

MARCH 4th, 1885.

GEORGE E. THOMAS, sworn—examined by the Hon. A. S. HARDY.

Q. You recognize that statement in Mr. Creighton's hands?

A. Yes.

Q. Who is it prepared by?

A. I prepared it.

Q. What position do you occupy?

A. I am Assistant Queen's Printer.

Q. How long have you occupied that position?

A. Nearly two years.

Q. Had you practical knowledge of these matters prior to your appointment?

A. Yes.

Q. I suppose you were appointed largely on that ground?

A. Yes.

Q. What does that statement represent?

A. An estimate of the cost of publishing 33,500 immigration pamphlets, entitled "The Immigrant in Ontario." I went carefully over the work. I estimated the cost of the composition, presswork, paper, folding, stitching, covers, pasting on maps, and folding maps. The other two items, freight on maps and cost of packing, I came to a conclusion on from my general knowledge of the business. I based my calculation upon the contract then in force.

Q. What contract was that?

A. The Robinson-Warwick contract.

Q. You had the pamphlet in your hands?

A. Yes.

Q. You understood that the map was supplied by the department?

A. Yes.

Q. The only additional charge is for folding and pasting in the maps?

A. Yes.

Q. The work was done in 1883?

A. Yes.

Q. It was partly paid for in 1883?

A. Yes.

Q. You made that estimate at whose request?

A. At your request.

Q. The charge of \$150 for the manuscript, that of course you did not attempt to pass an opinion on one way or the other?

A. I did not.

Q. And there are some allowances for changes after the work was stereotyped?

A. Yes, \$98.44

Q. You had no way of estimating those beyond what you were told?

A. No.

Q. Looking at those items, would they appear to be reasonable; the items for paper, composing, and presswork, \$98.44?

A. Yes; although not having seen the actual work performed I could not speak very definitely.

Q. In all other respects you adhered to the contract?

A. Yes. I have lost the notes made at the time, but I have gone over the items carefully since I was summoned to come here, and I find all the items correct, though I shaved them pretty close on the paper.

Examined by Mr. CREIGHTON.

Q. How did these changes come to be made for which this \$98.44 is charged; I understand they received \$150 for the manuscript?

A. Yes.

Q. And after the work was printed there were changes made in the work?

A. Yes.

Q. At whose request were the changes made?

A. I don't know. It is an every day thing for me to pass items for making alterations and so I passed those. I suppose there were 24 pages deleted.

Q. Then we understand from your evidence that these 24 pages of this pamphlet that were not thought to be suitable?

A. I cannot give evidence as to that.

Q. Were these 24 pages about which you have given evidence used or not?

A. They were not used.

Q. You produce a copy of the book?

A. Yes.

Q. This book is 64 pages and a cover, the map being furnished by the Province?

A. Yes.

Q. They had nothing to do with the map except pasting it in?

A. That is all.

Q. The issue was 33,500?

A. Yes.

Q. And the cost, excepting manuscript and alterations, \$2,005?

A. Yes.

Q. Then there was extra for manuscript, and the extras, \$248; making a total cost of \$2,254?

A. Yes.

Q. That was for 33,500 copies of the pamphlet?

A. Yes.

Q. And these were printed by Walls & Shenston, of Brantford?

A. Yes.

Q. They were not the contractors for the printing?

A. No.

Examined by Mr. FERRIS.

Q. What does the contract with the Queen's Printer's cover ; does the contract bind the Government to give everything that requires to be printed to the contractors, or does it only include certain definite classes of work ?

A. The contract speaks for itself.

Q. Read the clause relating to that ?

A. "This specification is meant and understood to cover the whole of the public printing, binding, etc., of the Government and Legislature of the Province of Ontario, as well as the departments thereof."

Q. According to that contract the printing contractors are entitled to have the whole of the printing of the Government and departments ?

A. It is understood so.

Re-examined by the Mr. HARDY.

Q. That does not prevent the Government buying printed books ?

A. No.

Re-examined by Mr. FERRIS.

Q. Did the manuscript belong to these people ?

A. I never saw it.

Q. Do you know if it was compiled in the Department ?

A. I don't.

Re-examined by Mr. HARDY.

Q. You understood that the manuscript belonged to the printers, from the fact of a charge being made for it ?

A. Yes.

Re-examined by Mr. CREIGHTON.

Q. Didn't you understand that the manuscript belonged to the Government, by reason of their being charged for it ?

A. If they prepared the manuscript, and the Government used it, they were entitled to pay for it.

Mr. Thomas produced and laid on the table the Government printing contract (of Blackett Robinson), shewing the prices under which this work was estimated and done.

Mr. Thomas' evidence being concluded, he retired.

Mr. Creighton asked Mr. Hardy to explain how these men came to prepare this manuscript. Did they intend to publish it at their own risk ?

Mr. Hardy replied that they prepared the manuscript by an arrangement with himself.

Mr. Merrick examined papers, re John O'Brien, Colonization Road, Addington. I find that all the papers to make up the item of \$600 are not here.

The Clerk stated that those were all the papers he had received from Mr. Smith, Superintendent Colonization Roads, Crown Lands Department.

Mr. Merrick—There was a small book or diary with them when I last saw them, which is not here now.

The Clerk—The book is still here, but belongs to another account, namely, "Inspections." (Mr. Smith).

The Clerk was instructed to make enquiry in the Crown Lands Department, if all the papers connected with the account, J. O'Brien, Addington Road, were brought down.

Mr. Carnegie asked some explanation of account, re Experimental Farm.

Mr. Ross gave the required explanation.

On motion the Committee adjourned to the call of the Chair.

Those members present remained in the Committee Room until 10:20, when they adjourned for want of a quorum.

COMMITTEE ROOM,
Wednesday, 11th March, 1885.

The Committee met at the call of the Chair.

Present :

Mr. Ferris, Chairman.

Messieurs Ballantyne,
Carnegie,
Creighton,
McLaughlin,
Merrick,

Messieurs Mulholland,
Ross,
O'Connor,
Wood—10.

The Committee proceeded to business.

Mr. Carnegie asked that the Statement of Accounts of C. F. Aylsworth, D. M. Card and R. Boyd, Inspectors, be entered upon the minutes of the Committee.—Ordered.

The Chairman—I think these gentlemen ought to appear before the Committee so as to explain these accounts.

Mr. Carnegie—I would also ask that the account of W. O'Connor *re* Expenditure Experimental Farm—Implements, \$110—be entered upon the minutes of the Committee.

Mr. Ross—I think, before any of these accounts are entered upon the minutes, that Mr. Brown should be heard in explanation, as it is not giving the public proper information to put accounts in without explanation.

Mr. Carnegie—I am quite willing that Mr. Brown should be heard in explanation if the Committee would appoint a time for hearing him.

Mr. Ross moved—

That Tuesday next be the day appointed for hearing Mr. Brown, and that he be instructed to appear before the Committee on that day.—Carried.

The account of W. O'Connor allowed to stand.

Mr. Carnegie asked that he be allowed to look over the papers (brought down) in the presence of the clerk when the Committee is not sitting in order to facilitate the business of the Committee in allowing him to make notes of what he desired to bring before the Committee.

Mr. Ross—I have no objections to your looking at the accounts, but there is so little room here my time would be taken up ; I could not very well interview people while they were being examined.

Messieurs Merrick and Ballantyne entered Committee Room.

Mr. Carnegie—I could go to the clerk's room or anywhere else.

Mr. Ross—I think the papers should only be examined while the Committee was sitting.

The Committee adjourned to the call of the Chair.

Messieurs Harcourt,

Ross—10.

The following papers were brought down this day :

Agricultural College and Farm Permanent Improvement under Farm Superintendent.

Mr. Carnegie examined papers, Agricultural College and Farm Permanent Improvement under Farm Superintendent.

Mr. Creighton asked that a statement be furnished of all sums paid for printing in 1884, to persons other than the contractors for Legislative and Departmental printing, with the names and residences of the persons to whom paid and the description of work.
—Ordered.

Mr. Creighton asked for papers, Northerly and Westerly parts of the Province.—
Ordered.

Also, details of payments *re* Northerly and Westerly parts of the Province.—
Ordered.

Mr. Sproule, Provincial Auditor, called, and examined by Mr. CARNEGIE, in *re* Accounts, Experimental Farm and Agricultural College, taken down by shorthand writer, appended and marked “B.”

“B.”

MARCH 12th, 1885.

C. H. Sproule, Provincial Auditor, examined by Mr. CARNEGIE.

Q. How are these accounts for the Agricultural College paid? Do they pay them first and send down the accounts afterwards?

A. They are not paid until being sent here, except in the matter of ordinary contingency payments, items of a trifling nature, or in the case of servants leaving when the money is required at once. They have a contingency fund from which the payments are made.

Q. The other accounts, what is the course with respect to them?

A. They are prepared in monthly sheets, copies of which you have before you under the different sub-heads; they are sent to the Audit office, there inspected, and if the accounts call for explanation they are returned, or the matter represented to the Treasurer for his instructions; after that is gone through they are sent to the Council as is customary, warrants are issued, upon that warrant the regular cheque is issued. The cheque is made out in favour of, and sent to, the Bursar. The amount of the cheque is for the monthly account.

Q. How do you ascertain that the Bursar completes the payment?

A. By investigation and by the return of the receipts.

Q. The receipts are sent to the office?

A. In every case they are returned by the Bursar.

Q. This is the account as returned?

A. No; they are in duplicate. The receipt is returned, or failing that the paid cheque sometimes. In dealing with some classes of accounts it is inconvenient to get the receipt on the spot, and in that case in the absence of the receipt the cheque itself is taken.

Q. I find that there is not one receipt here?

A. No; we have that in the office.

Q. Could you not attach the receipt to the account itself?

A. We have never had that system; we have the receipt in the office.

Q. You go over the accounts to see that they are paid?

A. Yes.

Q. And mark them?

A. No; we examine the lists and compare the receipts.

Q. This is the sheet you have to check?

A. Yes.

Q. There is no mark on it ?

A. We would not necessarily mark it. I take the returned receipts and compare with the lists, and if they are all right it is a small matter to compare them. We should mark them only if there was something wrong.

Q. Then you take the gross amount of this list and add the receipts together, and if they agreed you would accept them as right ?

A. No ; each item is gone over.

Q. Have you any more definite information given to you of the revenue than the statement laid before the Committee a few days ago. They are lump sums ?

A. I can have papers prepared, going into details as far as it is required. I have the returns for 1884.

Q. Of the details ?

A. I think so ; yes.

Q. You could not lay your hands on it at once ?

A. No, but I can return it to-morrow.

Q. Can you give returns of the sales of stock in September, 1883. Do they return details of the amount paid in cash and the amount paid in notes ?

A. No, we have no departmental record of such things. That is a matter they deal with.

Q. You just deal with the amount of cash which they return as having been received ?

A. Yes, that is so.

Q. As to the audit department, you have no check upon that ; you just enter up the amount you have received without asking for further information ?

A. We do, if it is necessary.

Q. The amount credited in the Public Accounts for 1883, and the amount in the Public Accounts for 1884, on account of the sale by auction, of stock, in September, 1883, both together, do not agree with the reported receipts of the sales, and yet there was another sale of stock in 1883 ? As Auditor, did you ask for any information on the subject ?

A. I have gone to the College to examine the accounts, and I find the actual state of things to be that part was sold for cash and part for notes.

Q. What I want to get at is this. There was a certain sale of stock in September, 1883, the receipts for which footed up to some eleven thousand dollars. There is a certain amount credited in the Public Accounts of 1883 on account of the sale of stock, and a certain amount in 1884, the sum of these accounts is less than the amount said to have been reached for the sale in September, 1883 ; I want to know if you, as Auditor, would look into such a matter ?

A. I am not prepared to answer the question just now. I had no idea that you would go into such a matter.

Q. There were some notes outstanding at the close of 1884 on account of that sale ?

A. I am not quite sure of that.

Q. Were they all closed up in 1884 ?

A. I think so.

Q. Then if they are all closed up these amounts should rather overrun the amount said to have been realized from the sale in 1883, as there was a sale in 1882 on the same terms, some of the notes for which would have been paid in 1883 ?

A. That is a matter I will require to look into.

Q. Do you, as auditor, consider it your duty to check and ascertain how the matter stands ?

A. Most decidedly so.

Q. I will call your attention to the cattle sold to Goodfellow at the Easter sale, 1884 ; it is returned as a June sale and the amounts are not the same ?

A. I would require to prepare a statement to answer a question of that sort.

Q. Then again, the fat stock sale of Christmas is entered here, voucher 812, and I find that the sheet for that sale does not agree with the amount received as reported in the newspapers. Probably you can give us some information as to that ?

A. Yes.

Examined by Mr. BALLANTYNE.

Q. Any receipt on account of the sales of stock would pass through the Bursar's hands ?

A. Yes.

Examined by the CHAIRMAN.

Q. Do you check anything in connection with the accounts beyond the gross amount ? Do you take notice of the details further than seeing that the account as a whole is properly certified, and then that the receipt is right ?

A. The Bursar certifies if the account is correct, and as to the extensions and additions.

Q. Do you ever go beyond the Bursar's certificate ?

A. Not as to the details. He is instructed in the case of an account rendered for provisions, say, to see that the account is correct, to check the extensions, additions, etc. and initial the account at the foot.

Examined by Mr. BALLANTYNE.

Q. You would have no means of noticing any such discrepancies as those pointed out. For instance, suppose the return to you was for cattle sold for \$7,000, and the newspapers reported the sale as realizing \$8,000 ?

A. Mr. Brown receives the money on account of the sales ; he enters them in the cash receipt book ; I deal only with what cash is actually received and paid, but still returns are asked for as to the result of the sales, and in these cases as there are notes running over a portion of 1884, Mr. Brown is a responsible officer of the Government, and I didn't think it necessary to look after the matter particularly. As soon as they are returned by the Bursar then they are dealt with.

Examined by Mr. CARNEGIE.

Q. Is it Mr. Brown or the Bursar who would take charge of the collection of and accounting for the notes ?

A. Well, the Bursar in future will do so. There have been changes, and the Bursar not being perfectly up the first year, Mr. Brown did the work. It is the rule that in future the Bursar will have charge of all financial matters.

Examined by Mr. ROSS.

Q. As far as the notes were concerned they were all deposited in the bank for collection ?

A. Yes.

Examined by Mr. CREIGHTON.

Q. You say in regard to the accounts, that they are sent to the Bursar, then he sees that they are correct and the money is sent by means of a cheque ; the Bursar gets a receipt, and after that vouchers are called for by this Committee ; would not you understand that the Committee in asking for vouchers wanted to see receipts ?

A. No ; I consider that what the Committee asked for was the account. I think it is the duty of the officer to see that the accounts are paid. I didn't know that any doubt existed as to the fact of accounts having been paid after the cheque had been issued.

Q. I hold in my hands what professes to be vouchers in connection with the expenditure on capital account, *re* Creamery and Experimental Farm, and all marked vouchers. I understand a voucher to be some guarantee that the money has been paid to somebody?

A. An account would be, perhaps, a more proper name.

Examined by Mr. CARNEGIE.

Q. Voucher No. 507 is headed "Bills of persons employed." This is a pay list, and I find it is a printed sheet with heading for names, the work employed at, the time, rate and amount of wages; these are filled up but the head, "I acknowledge to have received the said sum" is blank. There are no signatures acknowledging the receipt of the money?

A. That is a mere matter of detail; we have taken thorough measures to see that the business is properly attended to.

Examined by Mr. Ross.

Q. Are there not duplicates kept at the College?

A. Yes.

Q. These are signed by the parties receiving the money?

A. Yes.

Q. In addition to the audit you conduct here, you visit the College?

A. Yes.

Q. Monthly?

A. Yes.

Q. To audit the accounts there?

A. Yes.

Q. Then you say that the Bursar holds the duplicates of these accounts, and they are signed by the parties receiving the money?

A. Yes.

Examined by Mr. CREIGHTON.

Q. Would it not be some convenience to have the receipts attached to the accounts?

A. We can find the receipts for you if you want them.

Q. Don't you have to look up each particular voucher to find if it corresponds with the receipt?

A. Yes; but I have the schedule and I take the bundle of receipts for the month, and it is only a matter of ten minutes' work to go over the list if it is all right. The receipts are kept together for future reference at any future time.

Examined by Mr. CARNEGIE.

Q. Will you further explain the stock affair?

A. I go periodically and examine the books. Of course I am aware from looking at the books just how the matter stands in regard to the outstanding note. It is thus within the intelligence of the department if the account is not closed up, although we haven't a direct record in the department.

Q. I have here a voucher for April, 1884. It is for one farm horse, \$225. On the bottom of that account it says, "we have sold three old horses this spring for \$150, \$125, and \$125," which I hope will be sufficient explanation, P. J. Wood. Now, what I want to know is whether you have any information as to the payment for these horses? Can you say if they are paid for yet or not?

A. I could not answer you without reference to the college accounts.

Q. As to the terms of sale or anything else?

A. No.

Q. Then here I find in a bundle of vouchers, 465, October 16, 1884, an account of James Rennie, Toronto, for seed wheat, September 9th, 1882, on which interest—39c.—is properly charged. What system do you have as a check so as to prevent accounts being paid a second time. That you will see is two years old?

A. Of course in the case of accounts being rendered long after the articles were purchased we always refer back. We have the schedules of accounts and entries of all payments in our books, and it is a small matter to refer back to the different ledgers and see what payments are made.

Q. You see that Rennie received payment two years after, and without going into all the accounts paid I don't see how you can effectually check accounts?

A. That is done.

Examined by Mr. A. M. Ross.

Q. In the case of an account of that kind coming in to the Bursar he would refer to the books?

A. Yes; he is responsible for any possible mistake of that kind. I was only speaking as to the check we have here to ensure accuracy.

Examined by Mr. CARNEGIE.

Q. This account has been paid by the Bursar without reference to the Department?

A. It has been paid out of their contingencies fund.

Mr. Sproule's examination being concluded, he retired.

The Committee adjourned to the call of the Chair.

COMMITTEE ROOM,

FRIDAY, 13th March, 1885.

The Committee met, at the call of the Chair, at 10.30 a.m.

Present:

Mr. Ferris, Chairman.

Messieurs Awrey,
Ballantyne,
Carnegie,
Creighton,

Messieurs McLaughlin,
Mulholland,
Ross,
Wood—9.

Mr. Carnegie examined papers, Maintenance of Government and Departmental Buildings.

Mr. Creighton enquired about commutation of Surrogate Judges, and if it was fully met by the fees.

Mr. Ross—I have made some enquiries about it, for my own personal benefit, to learn how it was working, and called the attention of the Attorney-General to it.

The Chairman, wishing to retire, called upon Mr. McLaughlin to take the Chair in his absence.

Mr. Carnegie asked that the account of P. Scully be entered upon the minutes of the Committee.—Deferred.

Mr. Carnegie asked for papers, Petley and Petley, 1883.—Ordered.

Mr. Carnegie asked that pages 193-194, Furnishings, etc., be placed so that all the accounts of one person or firm will be together in one package, so as to facilitate business.—Ordered.

The Committee adjourned to the call of the Chair.

COMMITTEE ROOM,

Tuesday, 17th March, 1885.

Present:

Mr. Ferris, Chairman.

Messieurs Awrey,
Ballantyne,
Carnegie,
Creighton,
Harcourt,
McLaughlin,

Messieurs Merrick,
Mulholland,
Ross,
Waters,
Wood—12.

On motion of Mr. Wood, Mr. Ballantyne was chosen Chairman, *pro tem* in the absence of Mr. Ferris, the regular Chairman.

Mr. Carnegie asked if the Committee intended to take up for consideration, paper *re* Experimental Farm and the examination of Mr. Brown, as had been decided upon at a previous meeting of the Committee; if Mr. Brown had been notified by the Clerk to appear, and if he was in attendance?

The Clerk informed the Committee that Mr. Brown had been requested to appear and was in attendance.

The Chairman called Mr. Brown, who appeared before the Committee, was sworn, examined by Mr. Carnegie, evidence taken down by shorthand writer appended and marked "C."

"C."

MARCH 17th, 1885

Mr. WILLIAM BROWN sworn (examined by Mr. CARNEGIE).

Q. You are Professor of Agriculture at the Agricultural College?

A. That is my position.

Q. And as such you have charge of all the outside departments

A. All except the garden.

Q. You have nothing to do with the garden?

A. Nothing.

Q. How is it that the garden expenses are charged up with the farm?

A. That has always been done in the past, and I pass the accounts for the garden.

Q. On your own knowledge or simply on the recommendation of the gardener?

A. On the recommendation of the gardener.

Q. What is the extent of the place altogether?

A. 550 acres more or less.

Q. About how much is occupied by the college buildings and the grounds apart from the garden?

A. About 30 acres.

Q. How much is occupied by the garden?

A. Nearly five acres, including walks and borders.

By Mr. Ross.—Q. Does that include orchard?

A. No, sir.

By Mr. CARNEGIE.—Q. How much is actually devoted to field experiments?

A. About 24 acres.

Q. How much is included in a state of nature; that is, in woods which do not afford any pasture?

A. That takes two aspects: whether cleared and not cultivated, or in bush. In the latter we have about 60 acres. That is stating roughly.

Q. Then you have about what in pasture and cultivated apart from the 24 acres in experiments?

A. You will have to do a little more analysis. There is a large new orchard.

Q. How much is in the orchard?

A. About 20 acres.

Q. Are there crops put in?

A. Occasionally, according to the consent of the gardener, we take a swath crop between the trees.

Q. Were there any crops in the last two years?

A. Yes.

Q. What sort of crops?

A. We had grains.

Q. What grains?

A. One year we had oats and another wheat.

Q. Any more details of land to be added?

A. About 7 acres in roads, and the vinery about 4 acres.

Q. Anything more than that?

A. No.

Q. Deducting the garden, grounds attached to the college, grounds for buildings, roads, orchard, vinery, and the experimental farm of 24 acres, how much is there for the farm proper?

A. About 350 acres, possibly.

By Mr. Ross.—Q. Does that include the land cleared and not yet cultivated?

A. No.

By Mr. CARNEGIE.—Q. How much land is there used as pasturage?

A. I imagine about 40 or 45 acres cleared but never plowed.

Q. You will have 375 or 400 acres of land available for the ordinary purposes of farming?

A. Yes, possibly so.

Q. Then you have 350 acres that may be said available for cropping, and besides that you have 40 or 45 acres for pasturage?

A. Yes, we have always thought that we had about 400 acres for the farm.

Q. What is your salary?

A. \$2,000 a year.

Q. Anything else?

A. Yes.

Q. What else?

A. I have board, which is limited to \$700.

Q. Are you allowed a house?

A. Yes.

Q. What in connection with the house?

A. Fuel and light.

Q. Anything else, furniture?

A. There was a little furniture when I went there but four-fifths of it belongs to me. My office is furnished apart from the house.

Q. You furnished your own house?

A. Largely so.

Q. And the \$700 is allowed you for board?

A. That was the understanding.

Q. Is that the fact upon which you are going now?

A. I don't know. The department checks it. The Bursar supplies the house.

Q. You don't know whether it exceeds \$700 or not?

A. I don't know.

Q. All your provisions are ordered through the Bursar?

A. Yes.

Q. And if he does not get it you order it yourself and pay for it?

A. Yes, we do a good deal of that.

Q. As manager you have control of the financial operations of the farm?

A. Not altogether.

Q. How?

A. The Bursar is responsible for the public sales by auction, otherwise I am responsible.

Q. The sales outside auction sales; are they all made for cash?

A. Largely for cash. In some cases where we know the person we allow a short credit, or where a man takes a little spring wheat for which he would pay within the month we allow a short credit.

Q. If a person does not pay at all do you hold yourself responsible?

A. Yes.

Q. Then if the Province is not paid by the man you pay it?

A. Yes.

Q. How is the service of animals managed?

A. My best answer to that is to show this book which will show the system pursued. If a man comes with a cow and I am home he comes to me, if I am not, to the farm foreman. We don't admit everybody; for instance, in the case of a man coming with a diseased cow, or other circumstances making it inadvisable to admit the animal, we don't. Then the man might not be worth ten dollars.

Q. What is your charge for the service?

A. Ten dollars for what we call our best bulls, such as Shorthorn, Hereford, and Aberdeen polls. For the others our charge is one dollar each.

Q. What about sheep?

A. I have been charging two dollars and one dollar. If a man brings a large number we charge him less, and so with bulls, if a man brings a number of cows I charge him less according to my judgment.

Q. What is the charge for the imported rams?

A. We have nothing but imported rams.

Q. What is the charge for the service of the boars ?

A. One dollar.

Q. This appears to be an order on the cattleman, is it not ?

A. That is a check to enter it in the farm office. We keep a boy for the purpose of keeping such records of the farm, the list for distributing the student and the rough records of the farm.

Q. There is a memorandum at the bottom of the order, "The animal named in this order has been served as above;" and there is a blank to charge the number of days' keep?

A. The cow cannot be removed until the Bursar has received the amount due; or unless under a special arrangement.

Q. If under a special arrangement you assume the responsibility ?

A. Yes.

Q. Then as far as the payment to the Province is concerned you assume the responsibility ?

A. Yes.

Q. Are you in a position to give any information more than the Bursar has furnished with regard to the revenue of the farm ?

A. I might give you something.

Q. The return states that the proceeds from the sale of stock for 1883 was \$7,725.79. Can you tell me how much would be from the sale of 1882 and how much from the sale of 1883 ?

A. No, I could not. You see the public sales are not in my hands.

Q. Can you tell me as to the private sales outside the public sales of 1882-3 ?

A. I could if I were at home in my office.

Q. You do make private sales ?

A. Yes.

Q. Can you give any idea ; say was it \$500 ?

A. I could not tell without my books.

Q. At all events there were sales of stock ?

A. Yes.

Q. The sale of fat stock in 1883, what did it amount to ?

A. I have no idea.

Q. Would it amount to \$1,000.

A. I could not tell.

Q. Would it be \$500.

A. I don't know, and there is no use for me to say any amount I am not sure of.

Q. There is also \$62.24 returned as realized from wheat ?

A. That was possibly spring wheat for seed ; or it might be a little fall wheat.

Q. That appears to be all the wheat sold that year ?

A. Yes.

Q. Your cropping report shows 500 or 600 bushels grown ?

A. Yes, possibly so.

Q. And the service of animals is returned as realizing \$41. It would appear that the people did not value your animals very highly ?

A. They were old animals.

Q. I would like you to give some details of these receipts?

A. I can only give you details from the Bursar's books.

Q. Am I to understand that you cannot give me details?

A. I shall be able to give you details, as I have said, from the books.

Q. How many male animals did you have for service in 1883?

A. I cannot possibly tell that at present.

Q. Probably you can from your reports?

A. Well, let me see.

Q. How many animals did you have for service in 1883?

A. Well, say nine.

Q. What were they?

A. One Shorthorn, one Hereford, one Aberdeen, one Devon, one Ayrshire, one Highland.

Q. That would be six bulls?

A. Yes.

Q. From the first of January to the sale of 1883?

A. Yes.

Q. The shorthorn bull remained there all the year?

A. Yes.

Q. As to the rams?

A. We had one Cotswold, one Leicester, one Oxford-down, one Southdown, one Shropshire, and one Merino.

Q. Making six in all?

A. Yes.

Q. All imported rams?

A. Yes.

Q. Then as to the boars?

A. We had one Berkshire, one Essex, one Poland-China.

Q. The Poland-China was sold?

A. Yes.

Q. You had all these animals in 1883 and yet the amount returned as being realized for service was \$41?

A. Yes.

Q. Are you certain of this?

A. You must remember of course that all the bulls and rams are not patronized. Most of the men in the neighbourhood of Guelph believe a great deal in Shorthorns, and very little in any other class of bulls.

Q. From the book you produce there appears that on the 28th July there is \$14 for boars' service, and \$25 for bulls'.

A. Yes.

By Mr. Ross.—Q. Would those receipts be for that day or for time previous?

A. They would be the accumulated receipts.

Q. At that time you had no such check book as this you produced here to-day?

A. No.

By Mr. CARNEGIE.—Q. How long has that check-book been used?

A. Since the last importation of stock.

Q. Then in addition to the two amounts given before you have in the Bursar's book on the 9th March, \$2 for boar's service?

A. Yes.

Q. All the other revenue given for 1883, outside stock, is \$62.24?

A. So the book says.

Q. Well, here, can you tell me what the meaning of that is. In this summary the farm is credited with \$115, that is more than the whole revenue returned?

A. It is probably a cross entry that the Bursar has made in connection with the keep of the students, though I am not sure of that. This is the Bursar's book and is not kept by me.

Q. According to this book there appears to have been sold on the 2nd April, 1883, fat wethers and steer, \$115; June 7, 18 head of fat steers, \$1,310; on the 28th July, 6 cull wethers, \$40, and according to the same book there appears to have been paid in on account of the public sale \$3,772.76?

A. That is so.

Q. Then the total from the public sale was \$5,945.91?

A. Yes.

Q. In December there is a lot of sheep sold for \$74.88?

A. That is by public sale.

Q. Then there is \$250, making \$324.88, and another entry of \$500 for two lots?

A. Yes.

Q. Then these would bring the total to \$6,770.79?

A. Yes.

Q. Then the \$41 appears to be all that was realized for service?

A. Yes.

Q. And the grain sold was \$62.24?

A. Yes. As to the amount for service I should explain that the animals were all old and had been used for a long time in the neighbourhood, hence the necessity for getting new stock.

Q. The boars were not old animals?

A. They were old.

Q. Why didn't you sell them at the sale?

A. We had to keep something. You can do less damage from inbreeding in pig life than anything else.

By Mr. BALLANTYNE.—Q. What were you then charging?

A. \$1.

By Mr. CARNEGIE.—Q. We will take the service of 1884. What animals had you then?

A. We had practically only one boar; the Berkshire and Essex were no good.

Q. You bought a Berkshire boar during the season in this country?

A. Yes.

Q. He was good for service?

A. Yes.

Q. You imported this year one boar?

A. Yes, one boar and one sow.

Q. What time did your importations arrive at the farm?

A. In August.

Q. What period of August?

A. Say the middle of August.

Q. Since that time you have had valuable animals for service?

A. Yes.

Q. Consisting of?

A. Say from the 15th of August, one Durham, one Hereford, one Polled Angus, one Devon, Ayrshire, Galloway, Guernsey, Jersey, and one Holstein.

Q. Making in all nine?

A. Yes.

Q. And of sheep you had imported rams?

A. One Lincoln, two Cotswold, one Leicester, one Highland, two Cheviot, two Oxford Downs, two Hampshire Downs, two Shrops, and one Southdown.

Q. Making in all?

A. Fourteen.

Q. Now the revenue for 1884?

A. The service of bulls is \$86.50.

Q. All the service for 1884 appears to have been credited subsequent to the arrival of the new importations?

A. I don't know.

Q. Does it appear so from that book?

A. Yes.

By the CHAIRMAN.—Q. I understand the cash only shows the cash receipts, and not anything for the service of the stock on the farm?

A. That is so. Since the arrival of the new stock our receipts for service from them has been \$550. This is for seven months, and it would give about seven per cent. interest if we take the value of it at \$12,000.

By Mr. BALLANTYNE.—Q. That is at a time when the service is not most required?

A. Sheep service is required, but the Shorthorns not so much.

Q. And in that neighbourhood the service of Shorthorns is most required?

A. Yes.

Q. By the CHAIRMAN.—Then I understand you to say that the amount you have mentioned has been received outside the service required on the farm?

A. Yes.

By Mr. CARNEGIE.—Q. I want you to go over the book and give me the amount of the receipts of the farm outside the public sale?

A. By my report to the Department I show that at the public sale stock of the value of \$11,748 was sold, and if I had time I could show you that all this has been received except about \$800.

Q. How would that \$800 be accounted for?

A. By discount on notes, discount for payment for cash, and there are two or three who have not yet paid.

By Mr. BALLANTYNE.—Q. The sale was for time subject to a discount for cash?

A. Yes, time on purchases over \$50, and a discount if it were paid at once.

By Mr. CARNEGIE.—Q. Can you give me the amounts over \$50.

A. No, not at present.

Q. Then you say that two or three have not yet paid?

A. Yes, and some did not lift the lots; they did not complete the sale. Then we have \$200 in the case of two cows which were returned.

Q. Why were they returned?

A. One was returned because our own veterinary surgeon certified that it was diseased before the sale, and in another case an animal warranted to be in calf proved not to be so.

Q. What animal was returned as being diseased?

A. A Devon.

Q. To whom was it sold?

A. To George Rudd. Those four items will account for the \$800, I suppose.

Q. I want you to go over that book and give information of the sales that were made in 1884 independent of the auction sale?

Q. By Mr. FERRIS.—Q. Is that book kept by you.

A. No.

Q. Then any one of us can give the information as well as you?

A. Yes.

Q. The book that you have been speaking from, whose is it?

A. The Bursar's cash book.

Q. And you have no access to it?

A. Not ordinarily.

Q. You know nothing as to the arrangement of how the accounts are kept?

A. I have a general idea as to how they are kept but I have no power over them whatever.

By Mr. CARNEGIE.—Q. The fat cattle sold to Goodfellow did not include sheep or pigs?

A. No.

Q. Did the Christmas sale include either sheep or pigs?

A. No.

Q. All cattle.

A. Yes.

Q. And this book produced by you shows an entry, H. Arkle, price of pigs, \$10.

A. Yes.

Q. On June 25, there is an entry Peter Collin, six fat sheep, \$67?

A. Yes.

Q. And this was not at the fat stock sale?

A. Certainly not.

Q. Can you tell me how many sheep and pigs you sold during the year 1884?

A. I cannot.

Q. Can you give me no idea?

A. I cannot give you any idea at present.

By the CHAIRMAN.—Q. Can you from your own book ?

A. Yes.

By Mr. CARNEGIE.—Q. Did you sell or did you keep over the sheep you were experimenting with during the winter season, 1883-4 ?

A. A number we kept over.

Q. Can you say positively that there were any more sheep sold during 1884 than those sold to Collin ?

A. I cannot say positively now.

Q. At the fat stock sale of Christmas, 1884, you sold seven steers ?

A. We sold six, and one was retained.

Q. Why was one retained ?

A. Because I wished to hold him over another year.

Q. You credit the whole as having been sold in your report ?

A. That is my statement to the Commissioner as to what should be put to the hammer.

Q. These were six out of a lot of nine steers which you had been testing ?

A. Yes.

Q. That leaves three, and you have these not disposed of ?

A. I have three yet on hand, and I am going to keep them over another year.

Q. This Lady Olive, was she bought or was she of your own breeding ?

A. She was bought ; I bought her for \$35 in the fall of 1883 along with a lot for experimental feeding. I think it was in the fall of 1883.

Q. And Whiat Prince, when was he obtained ?

A. I think in January, 1884.

Q. You are not sure if he was on hand at the end of 1883 ?

A. I am not sure, the vouchers will show.

Q. Do you pay cash at the time of the purchase ?

A. Sometimes.

Q. I suppose they are all paid for within the month ?

A. Yes.

Q. In your statement of the stock on hand I suppose it represents the stock actually on hand at the college at the close of the year ?

A. It ought to.

Q. Your report of 1883 shows that you had on hand 49 cattle in December, 1883 ?

A. Yes.

Q. During the year you sold, at the Easter or June sale, 40 head ?

A. And Miller six cows.

Q. This book shows that on the 20th March you sold to J. & R. Miller one heifer, \$60, and on the same date William Hearn two fat pigs for \$35 ?

A. Yes.

Q. You say that you sold to Miller six head ?

A. Yes.

Q. And we have only found the price of one in this book ?

A. Yes.

Q. What does your report show as the amount received for the cattle sold to Good fellow in 1884?

A. \$3,523.

Q. Well what does the statement of the farm revenue show as the receipts?

A. \$3,367.

Q. Can you give any explanation of the difference?

A. I cannot, except this would be an explanation: when I take cattle out of my own stable to go to market I weigh them on my own scales so as to give the farm the benefit of the full weight, and to show how the feeding had progressed; by driving the beasts to market they usually lose 25 to 50 pounds in travelling. That is one reason why there would be a difference in the prices.

By Mr. Ross.—Q. Was there any discount allowed?

A. A little, though practically none. If there was an odd 40 cents over I might throw it off.

Q. What was the price?

A. These were experimental cattle, fed up to certain time and hour. I weighed them as they went out and took credit to the farm on the experimental issue at six and a-half cents a pound. I knew that I got six and a-half cents a pound and so I took credit for the amount that they would make at that price according to the weight of the cattle as they went out of the yard.

Q. Then your report shows the value of the cattle at six and a-half cents per pound at the weight they were when they left your hands, and the Auditors report shows the amount actually received for them in cash?

A. That is so.

By Mr. CARNEGIE.—Q. How many officials have you assisting you in supervision?

A. There is the farm foreman.

Q. That is Mr. Woods?

A. Yes.

Q. What is his salary?

A. \$700.

Q. What else does he receive?

A. A free house.

Q. Anything else?

A. Nothing else.

Q. Finds everything himself?

A. Yes.

Q. The next one?

A. MacIntosh, the mechanical foreman.

Q. The same salary?

A. Yes.

Q. And a free house?

A. Yes.

Q. Anyone else?

A. There is the experimental superintendent, Shuttleworth.

Q. What is his salary?

A. \$600.

Q. He so far has not been on the staff of the college as voted by the House, or on the regular pay list?

A. I think he is on the pay list of the experimental department.

Q. Has he a free house?

A. No.

Q. Any other?

A. James Stock, farm instructor.

Q. What is his salary?

A. \$500.

Q. With free house?

A. No, he has nothing else.

Q. Anyone else?

A. There is also an assistant to the experimental superintendent, an ex-student named Wark.

Q. When did he come on?

A. He was on all 1884, I think.

Q. What does he receive?

A. \$33 a month.

Q. Is he still employed.

A. Yes.

Q. What is he doing?

A. In the summer time he superintends the field experiments. We have 180 plots for this purpose.

Q. In the winter time what do they do?

A. Shuttleworth assists the Professor of Chemistry in analysing milk and any other thing in that department, and the other is employed in the experimental dairy.

Q. Do they do anything with the stock experiments?

A. Yes, they may be so employed.

Q. Are they?

A. Yes.

Q. How?

A. With the experimental milking, and the experimental feeding of calves. That is to say they book all the returns.

Q. Have you any other assistants?

A. There is the cattleman, George Magill.

Q. What pay does he receive?

A. \$33 per month, with \$2 per month for feeding the horses.

Q. Has he anything else?

A. A free house and the keep of a cow.

Q. Any others?

A. Archie Parker, shepherd.

Q. What is his salary?

A. \$33 a month, a free house and the keep of a cow.

Q. What other help have you?

A. We have four plowmen all the year round at \$30 per month.

Q. Have they anything else ?

A. No.

Q. Do they house and board themselves ?

A. Yes.

Q. As a matter of fact do they live on the place or off the place ?

A. Practically off the place, though one or two of them live with the men.. Then there is the drainer and fencer.

Q. What does he do in the winter time ?

A. He helps to lead the students by assisting in the details of labour both summer and winter.

Q. What does he receive ?

A. \$30 per month.

Q. You have nothing to do with the garden ?

A. Nothing.

Q. What other employees of the college are there ?

A. There is the assistant gardener, Joyce, at \$33 per month.

Q. Do you know if he receives anything else ?

A. So far as I know, nothing more than his wages.

Q. There is the garden teamster, at \$30 per month, do you know if he receives anything more ?

A. I don't know that he does.

Q. There is the garden labourer at \$27 per month, does he receive anything else ?

A. Nothing.

Q. Then you have a clerk ?

A. Yes. He drives the express and keeps the kind of journal.

Q. What does he receive ?

A. \$28 a month.

Q. Anything else ?

A. No.

Q. His duties are ?

A. To do anything at all, I can hardly name them.

Q. He is in fact clerk to you ?

A. No, not to me ; he attends to the roll call, the distribution of the students, runs the express, keeps the journal, and does other work.

Q. Besides these there is Thatcher, the experimental plowman ; why is his name not on the regular pay list ?

A. I cannot say.

Q. Why is Shuttleworth not on the pay list ?

A. Don't know.

By Mr. FERRIS.—Q. Have they a regular salary ?

A. Yes.

Q. Why are they not on the pay list ?

A. It is a separate department.

By Mr. CARNEGIE.—Q. Then there are some for the regular department and some for the experiments ?

A. Yes.

By the CHAIRMAN.—Q. Are there pay sheets for the regular farm hands and also for the experimental?

A. No ; for the latter they give separate vouchers.

By Mr. CARNEGIE.—Q. Besides those you have mentioned how many students had you engaged during the year?

A. I don't know.

Q. All the students are required to work certain hours per day?

A. Yes.

Q. The first year students working in the forenoon and the second year students working in the afternoon, or *vice versa*?

A. Yes, except on Saturday.

Q. How many hours do they work each day?

A. It depends on the season of the year.

Q. I think the farm reports show that they work from half-past seven to twelve, and from half-past one to five?

A. That is at present, in the winter time.

Q. How many students had you assisting you on the farm on the average?

A. I might tell you how many I had assisting me, but I could not let you know how much work they did.

By Mr. BALLANTYNE.—Q. I observe that they are not paid at one uniform rate?

A. It depends on the value of the work the rate they are paid at.

By Mr. CARNEGIE.—Q. The college rolls show that you commenced the session with 109 in October?

A. I think the average is about 100.

Q. How would they be divided between first and second year students?

A. About 12 to 15 second year and all the rest first year.

Q. Then during last year they were all first year students and the special class?

A. Largely so.

Q. There are students who remain during July and August and work on the farm?

A. Yes.

Q. How many?

A. I could not say.

Q. Then you say that you had, during the session, about 100 students to work?

A. No ; our experience is that we have had, during the past winter, about 12 to 15 on the sick list each day.

Q. Then how many would you have at work each day?

A. About 70.

Q. You had the work of 70 students during portions of the year 1884, say from half-past seven to twelve, or from half-past one to five, and all the hired help?

A. Yes.

By Mr. AWREY.—Q. What have they been doing at this season of the year?

A. We take a class of say 50 and distribute 8 to the mechanical department, 8 to the garden, 4 to grain feeding, and so on.

By Mr. CARNEGIE.—Q. What work are they doing in the garden?

A. They can work in the green house, in the propagating department, potting, cutting, besides the general outside work of taking in vegetables to the college. They are largely instructed in grafting, potting, and similar work.

Q. What do the 8 in the mechanical department do?

A. There are many repairs to be done; they do all these and a great deal of carpenters' work.

By Mr. AWREY.—Q. Do you do all your own repairs?

A. Yes; we can do pretty scientific machine work. Our mechanical foreman is a man who is able to put machinery together. As he is an old millwright you may imagine what he can do in the way of odd jobs, and if anything requires doing to the engine we are able to manage it.

By Mr. CARNEGIE.—Q. What do you send the others to?

A. A number are sent according to the season to cattle feeding, experimental feeding, fodder or ensilage feeding, steam feeding, feeding calves and other such work. This is not ordinary farm work. You don't take a forkful of hay and put it before the cattle, but everything is weighed, and the water must be measured. In the same way those in charge of the experiments in connection with milking cows. This means not only milking, but the experimental feeding of them, the records of the dairy, the testing of milk, cream, butter, cheese. The best of the students are sent there. One is sent to the chemist, which is a most important work. Also when I need any help in the way of holding cattle or horses in the class rooms we take them for this purpose. Others are sent to the engineer to help in running the engine and keeping it in trim. Others are sent to spread manure, keep manures of all classes together, keep them level, put some gypsum on it two or three times a week. Then there are some sent to the cattleman. He gets from 6 to 8 to do the currying and feeding. I am sending four students every night to attend to the lambing.

By Mr. ROSS.—Q. Do they get pay for this latter?

A. No, I consider it is part of their education. Two or three hands are sent to the bull shed every day. The instruction has been lately arranged so that we are putting ten or twelve students to special instruction at the implements during the winter. That is a new department, and one that was needed. We have got such arrangements that we can work every machine, including such as the self-binder.

Q. Are they allowed pay for that?

A. No.

Q. Is the experimental a separate department?

A. The experimental means, with the exception of the animals, field work. We require six to eight for that work.

Mr. Ballantyne retired from Chair, calling upon Mr. Awrey.

During the examination of Mr. Brown several members of the Committee entered the Committee Room.

Mr. Awrey retired from Chair in favour of Mr. Ferris, the regular Chairman.

Mr. Brown produced and laid before the Committee blank forms of work roll and distribution of students.

Mr. Carnegie asked that the forms (filled up) be entered upon the minutes of the Committee.

Mr. Awrey—If that is to be done I should think that two forms be had, filled up, say from the busiest week and from the slackest week.

Mr. Carnegie—Say two of each.—Ordered.

Mr. Brown was instructed to send in required forms filled up as ordered above.

It being 1 o'clock, the usual hour of adjournment, Mr. Brown was instructed to appear before the Committee again to-morrow morning, at 10 o'clock, to continue his evidence.

On motion the Committee adjourned until to-morrow at 10 o'clock a.m.

COMMITTEE ROOM,
Wednesday, 18th March, 1885.

The Committee met pursuant to adjournment at 10 o'clock a.m.

Present :

Mr. Ferris, Chairman.

Messieurs Balfour,
Ballantyne,
Carnegie,
Clarke (Toronto),
Harcourt,

Messieurs Meredith,
Merrick,
Mulholland,
Ross—10.

Mr. Ferris, the regular Chairman, wishing to attend the Municipal Committee,
(4) J

Mr. Harcourt was, upon motion, chosen Chairman.

Mr. Harcourt, in the Chair, called upon Mr. Brown to continue his evidence.

Mr. Brown, appeared, continued his evidence, which was taken down by the shorthand writer, appended and marked "D."

"D."

The examination of Mr. William Brown continued :—

Mr. BROWN said :—I desire to correct my statement in yesterday's evidence as to the area of the farm. The amount cultivated is 325 acres. College grounds and buildings and farm buildings, 45 acres ; garden, 5 acres ; experimental grounds proper, 24 acres ; orchard, 20 acres ; natural pasture, 60 acres ; bush, 65 acres, and roads, 7 acres. That is a more correct statement than the one I made yesterday.

Mr. CARNEGIE.—Q. In respect to the amount stated in your report as received from the cattle sold, and the difference from the amount returned as revenue you spoke as the loss by reweighing as being one of the causes, what would be the average loss per head ?

A. About 30 to 35 pounds. That would only amount for \$70 or \$80.

Q. I asked you about the apparent difference in the cash returns for the sale of 1883, and the amount returned in your report, and you said that some of the sales were not carried out. Can you give me any idea of the amount of those sales which were not carried out ?

A. I could not now.

Q. Can you give me the names of the persons or of the animals ?

A. Not now, but I could if I were at home.

Q. Could you from your report ?

A. No. I remember that Henry H. Hawes did not complete his purchases.

Q. Do you recollect any other names ?

A. No.

Q. There is here a voucher for George Rudd, as I understand you. This is for one of the animals sold in 1883 ?

A. Yes.

Q. Your certificate says 1882, is that a mistake in figures ?

A. No ; that must be right and it was in 1882's sale.

Q. Was it not a long time afterwards to make a claim in 1884 for an animal sold in 1882 ?

A. The certificate is quite correct.

Q. The certificate says : " This is to certify that I consider the cow returned by Mr. Rudd to have been diseased at the time he purchased her, and a *post mortem* examination confirmed this " ?

A. It was the case of a cow warranted to be sound. We took our veterinary surgeon's advice on it.

By Hon. A. M. Ross.—Q. Was it fifteen months after the sale that she was returned, or is the certificate the time of the cash payment ?

A. The certificate is the date of the examination.

Q. What is the date of the certificate ?

A. February 22nd, 1884.

By Mr. CARNEGIE.—Q. Now, with regard to the cattle, how many cattle were you fattening of all head in the winter of 1883-4?

A. I cannot possibly remember the exact numbers.

Q. Take your report?

A. This shows 48 and 9; that would be 57. The other six were not for fattening purposes.

Q. I see 63 cattle engaged in experimental feeding?

A. The cows were for milking.

Q. Then they were not for fattening purposes?

A. They have been sold afterwards for beef.

Q. Turn to your stock report and see how they are returned there?

A. Still some of them may be milch cows.

Q. Were they?

A. Some of them were.

Q. Those 57 head, could you pick them out from this report?

A. They are not necessarily the same cattle at all.

Q. Those 48 head put up for feeding in November, 1883, would be carried over to January at all events. Surely they ought to be there?

A. I could tell you better if I were at home.

Q. That report is put in and signed by you and you specify them yourself. I suppose it was correct when it was put in?

A. Certainly.

Q. There is Shorthorn bull calf entered there, and only two Shorthorn including this; what became of the Shorthorn bull calf entered the previous year?

A. We have that on hand.

Q. Point it out in your report?

A. This is it entered as a bull calf.

Q. That is not it. Would a bull calf in December, 1882, be a bull calf in December, 1883?

A. That is the same animal. Call it a yearling.

Q. And it has decreased in value?

A. That is so. Every breeder knows that a calf which sells for three or four hundred dollars just after he is dropped, on account of his pedigree, it might be, might possibly not be worth more than \$50 a year afterwards.

Q. How many grade cattle of all kinds had you in December, 1883, according to your report?

A. About fifty-six.

Q. Well; how many had you?

A. Fifty-six.

Q. Well, for breeding and fattening purposes how many had you?

A. Fifty-eight.

Q. That is what you began 1884 with?

A. Yes.

Q. What purchases of stock did you make that year?

A. The vouchers will show that.

Q. Then you purchased from James Anderson one Shearling ewe, \$20; one Berkshire pig, \$10, and one Berkshire pig, \$8.

A. Yes.

Q. From James Hurley one milk cow, \$60?

A. Yes.

Q. And the account is dated 17th October?

A. Yes.

Q. Would that be about the time she was purchased?

A. Yes; the purchase in some cases would be a little before the date of the payment.

Q. You purchased from Robert Marsh two Southdown ewes for \$80 on October 3rd?

A. Yes, that is right.

Q. From James Keough you purchased one cattle beast and six pigs for experimental work, \$86?

A. That is right.

Q. On the 13th November, James Taylor, two cows and one heifer for experimental work, \$145?

A. Yes.

Q. James Taylor is a farmer?

A. Yes; a farmer and auctioneer.

Q. On November 22nd, 1884, George Magill, one milk cow, \$55?

A. Yes.

Q. On November 29th, 1884, William Mackenzie, 11 lambs, \$55?

A. Yes.

Q. These are all under the second heading of cows, sheep and pigs in 1884 report?

A. Yes.

Q. James Taylor, one milk cow for farm, \$50?

A. Yes.

Q. Why do you make a distinction between the farm and the college?

A. It is a mere distinction in the name.

Q. James Taylor, one milk cow for \$65 for college?

A. Yes.

Q. March 12th, 1884, John Barker, one boar pig, \$30?

A. Yes, that is right.

Q. James Laidlaw, the sum of \$50 for milk cow, with no date, though the account is rendered September 15th, 1884?

A. Yes.

Q. E. Thompson, twenty grade ewes, \$120, four wethers, \$20?

A. That is so.

Q. Now, with regard to pigs. Your report in 1883 showed how many on hand?

A. Twenty-one apparently.

Q. And that includes four breeding sows?

A. Yes.

Q. And during the year 1884, the accounts we have just read show that you bought nine more?

A. Yes.

Q. You had on hand twenty-one at the beginning of the year, and you bought nine more, making thirty in all?

A. Yes.

Q. How many do you show to have on hand at the close of the year 1884?

A. Seventeen.

Q. Two of these were imported?

A. Yes.

Q. So that you really purchased eleven during the year, making with those on hand at the close of 1883, thirty-two?

A. Yes.

Q. At the close of 1884 you had seventeen on hand, leaving fifteen to be accounted for, and the produce?

A. Yes.

Q. Did any of the sows have pigs during the year?

A. Yes. At least I think so.

Q. How many?

A. I cannot say.

Q. As to the fifteen pigs, independent of those on hand at the close of the year, can you give me any information what became of them?

A. You got some information yesterday. If they are not accounted for by sales, they will be accounted for by deaths. I cannot give you particulars at the present time.

Q. Are you prepared to answer it by the book you produced yesterday? I would like to get the information some way?

A. The book was not kept by me.

Q. Then you cannot give me any information as to what became of the pigs?

A. I cannot at the present moment.

Q. W. E. Austin, nine days' work, \$11.25, certified to by William Mackenzie, what was that doing?

A. Building carpenter's and experimental buildings.

Q. Which experimental buildings?

A. Partly on additions to the bull shed.

Q. That is not experimental?

A. Largely so.

Q. W. E. Austin, \$30, being allowance for milking cows four months. Is that the same hand who was doing carpenter's work?

A. Yes; he does both.

Q. W. E. Austin, \$5, being an allowance for the Christmas holidays, 1883?

A. He was attending to the experimental cattle.

Q. David Adam, April 12th, \$48 for twenty-four days' work on building house for experiments on soils?

A. That is the regular mechanical assistant.

Q. Is he employed all the year round?

A. We have employed him during the last twelve months.

Q. At what?

A. The bill referred to was for the time during the first of his employment, and we gave him what was the regular pay of carpenters, and now he is reduced to \$1.50 a day.

Q. Does he board himself?

A. I don't know.

Q. Does the college board him?

A. No.

Q. Who engaged him?

A. I did.

By Mr. BALLANTYNE.—Q. And the wages you have stated are without board?

A. Yes.

By Mr. CARNEGIE.—Q. R. C. Alexander, \$8.40, being allowance for night attendance on fodder and steam feeding from 19th April to 14th June. That is Alexander the student?

A. I think so.

Q. P. C. Black, \$5, being allowance while employed in experimental feeding, Christmas, 1883?

A. That is right.

Q. J. C. Butler, a student, is down here for \$8.60?

A. Yes.

Q. Will you read that?

A. April 2nd, 1884, J. C. Butler, \$2.50; being allowance for attendance on experimental cattle, December, 1883.

Q. October 3rd, 1884, pay J. C. Butler \$25, the sum due him for attendance on cows and breeding cattle, five weeks ending 30th September, 1884?

A. That is correct.

Q. That would be over and above the sums credited him for labour during part of that time?

A. Yes.

Q. Received from William Brown the sum of \$10 on account of clerk work in connection with the Experimental Farm, signed R. E. Brown?

A. Yes, that is right.

Q. Then there is one for driving the experimental engine during thrashing of experimental crops, \$10.90; R. E. Brown?

A. That is correct.

Q. Then there is John Braham, September 15th, 1884, 26 days' work at \$1.25—thistles, stoning and stumping?

A. Yes.

Q. There is also a bill for the 15th of September for 24 days' work at \$1.25; it does not specify what it is for. This makes \$30?

A. Yes.

Q. Making with the other a total of \$62.50?

A. Yes.

Q. Why was this man not put on the regular pay list?

A. He was an extra harvest help.

Q. Thistles, stoning and stumping do not appear to be extra harvest help?

A. It shows that we put him to other work to keep him employed.

Q. That would be from the 15th July to the middle of September when the whole work was done?

A. Yes.

Q. And it is divided into two months?

A. Yes.

Q. This is bill for John Braham, \$16.25 for 13 days' working on the farm?

A. Yes.

Q. Did this man board at home?

A. The College did not board him.

Q. E. Denton. \$17.50, being allowance for attending milking cows, 20th May to 15th July?

A. Yes.

Q. Earnest Collins, \$5; being allowance for attending experimental dairy, December, 1883?

A. Yes.

By Mr. ROSS.—Q. You found it cheaper to pay a student to milk the cows rather than employ a person regularly to whom you would have had to pay wages and board?

A. Yes.

By Mr. CARNEGIE.—Q. This E. Denton again fifteen dollars, being an allowance for milking cows; 15th July to 31st August?

A. Yes.

Q. That is \$10 a month?

A. Yes.

Q. A. Graham, 11 $\frac{3}{4}$ days' carpentering Experimental Buildings, \$23.50?

A. That is so.

Q. The building was put up in 1883, was not it?

A. No.

Q. Was not anything done at it in 1883?

A. Very little if any.

Q. F. L. Jones, carpenter, 10 $\frac{9}{10}$ days' work upon Experimental Houses, \$10.90?

A. Yes.

Q. He was painting?

A. Yes, I think so.

Q. Was he a student or regular painter?

A. He was not a regular painter; he just did odd jobs at \$1.00 a day.

Q. Hugh Lappin, two months to 15th September, extra harvest hand? One month \$42, and one month \$45?

A. Yes. We give them less when the hard work is over.

Q. Hugh Lappin, one month at \$33, to the 15th October?

A. Yes.

Q. Why should not a man of that kind be put on the pay list?

A. He is extra help.

Q. Then you will have more on the July pay list than in January?

A. More of those who are not regular hands.

Q. Hugh Lappin \$35, being wages of extra farm hand a month and two days, ending November 18th, 1884?

A. Yes.

Q. So that that extra farm hand was kept on until the 18th November?

A. Yes, that one.

Q. O. Matheson, the sum of \$5, being allowance for attending experimental cows, December, 1883?

A. Yes.

Q. James McGregor, \$5 for superintending the sheep-feeding experiments, December, 1883?

A. Right.

Q. — MacFarlane, five weeks and six days' work as shepherd, from August 28th to October 2nd, \$30?

A. That is so.

Q. Why did you require an extra shepherd?

A. Partly during the time of the absence of the regular shepherd at quarantine and when the new stock arrived.

Q. That is a student shepherd?

A. Yes.

Q. He received \$6 a week as assistant shepherd?

A. Yes.

Q. I find a voucher which shows that McGill, that is the cattleman, has been getting \$35 a month, there was an extra amount given him as an increase of salary, \$2 a month?

A. Yes.

Q. And that was dated back?

A. Yes.

Q. Well, the bills show that \$35 was paid to him in 1884, he was really getting \$37 a month?

A. No.

Q. This list shows that in November, 1884, McGill is on it for \$35?

A. Yes.

Q. The increase was made before that?

A. Yes.

Q. McGill really receives \$37 a month?

A. I think not; \$33 and the raise makes \$35.

Q. Previous to that he must have been getting \$33 then.

A. It should be so.

Q. In January, 1884, he was getting \$35?

A. Yes.

Q. McGill, besides his salary, has a house?

A. All our regular hands have houses.

Q. Does he receive anything else?

A. I told you yesterday he did, he receives \$35 and a cow's keep and a house.

Q. And anything else?

A. And nothing else.

By Mr. Ross.—Q. Can you tell me when he began to get the \$2 a month extra?

A. It must have been for a good part of 1883.

Q. What was this for?

A. He is allowed that for feeding horses before and after his regular working hours.

By Mr. CARNEGIE.—Q. Archie Parker, \$30 being price of dogs as per agreement?

A. That is so.

Q. Who is this Parker?

A. He is the shepherd.

Q. Were the dogs his own?

A. Yes.

Q. Now, as to the purchase of cattle, we have here a bill for twenty, costing \$1,023?

A. Yes.

Q. That is an average of about \$50 a piece?

A. Yes.

Q. Now was that about the average of the whole purchase of cattle?

A. No.

Q. What was the average?

A. The average was under \$43 per head.

Q. How many did you purchase?

A. It must have been forty head in 1884.

Q. John McGill, that extra allowance was for care of horses?

A. Yes.

Q. This is \$15.50, being amount of thirty-one days' work at horses?

A. Yes.

Q. What work is that?

A. That is a boy employed to look after the express horse, creamery horse, my horse, and bringing fuel to the cottages.

Q. What cottages?

A. My house and the Bursar's.

Q. Who is he?

A. A son of John McGill, the shepherd.

Q. How many horses do you keep altogether?

A. Farm horses, ten; instruction horses, two; experimental horses, two; garden horses, two; five driving horses.

Q. Who owns the five driving horses, the institution or the officials to whom they are attached?

A. Partly both.

Q. I would like to know what horses are owned by the Province?

A. Three out of the five driving horses are owned by the Province.

Q. You gave in your answer ten horses for the farm, and two instruction horses, that is instruction belonging to the farm?

A. No, that is instruction proper.

Q. Has it anything to do with the farm as a farm?

A. No.

Q. Did you make up this return in your report which sets forth thirteen horses?

A. I am responsible for it.

Q. Your statement now is ten farm, two instruction and two experimental, that is fourteen, and yet thirteen is the number you give in your report; surely these all belonged to the farm at the end of December, 1884?

A. The statement there is eight working horses, four instruction, and one express horse; that is the farm return made by the foreman.

Q. Did you take a statement of that kind, sign them and have them published without verification?

A. Those are the horses for farm cultivation and it is a mere question of designation.

Q. But there are two horses short; you give us ten working horses, and in your report only eight?

A. They are all working horses.

By Mr. ROSS.—Q. You give in your list ten farm horses, two instruction horses, two experimental horses, and one express horse; what do you call experimental horses?

A. Two horses for the purpose of doing all the work of the experimental department.

By Mr. CARNEGIE.—Q. You have also three belonging to the Province as driving horses?

A. Yes.

Q. And that makes eighteen in all?

A. Yes.

Q. I asked you about three horses sold?

A. Yes.

Q. As I understand you you could not show the receipts for them?

A. There has only been two sold.

Q. You bought four horses during the year?

A. Yes.

Q. And that ought to show an increase of two in all?

A. Yes.

Q. Then you sold two horses and had not obtained the money yet?

A. Yes.

Q. You hold yourself responsible for cases in which you did not receive the money?

A. Yes.

Q. What record have you of the sales? Has the Bursar a record?

A. We have a record first on the farm clerk's book and then my own journal, and maybe, but not necessarily, it is placed among the Bursar's books; if there is a note it may be kept by myself or sent to the Bursar's office.

Q. Then as book-keeper to the establishment, the Bursar might not have anything to shew for these sales?

A. Maybe.

Q. There is no check?

A. I am a check.

Q. There is no check upon you?

A. Certainly there is.

Q. Suppose you died to-day, what record has the institution, what evidence have they got that these men owe for these?

A. The evidence of the notes; I am an official as well as the Bursar.

Q. Any other evidence?

A. There is the evidence of the clerk's journal.

Q. You have not returned anything to the Bursar?

A. In some cases.

Q. Then in some cases you have, and in some cases you have not?

A. Yes.

By Mr. ROSS.—Q. In regard to these sales of animals, you say there are two horses sold and not paid for?

A. Yes.

Q. They do not go into the Bursar's books until the cash is received?

A. That is so.

By Mr. CARNEGIE.—Q. Have you refreshed your memory as to the sales of stock, outside the sales in June last, and Christmas?

A. No, I cannot make it out at all at present.

By Mr. ROSS.—Q. How much student labour has been employed heretofore on the average each year, in value?

A. On the farm proper?

Q. Yes?

A. In the neighbourhood of \$3,000.

Q. What rates per hour do you pay?

A. According to merit, running from four cents to nine cents per hour, very rarely the maximum.

Q. Formerly you used to allow pay for all kinds of work?

A. We allowed pay for all kinds of work for the first six years or so, so as to give encouragement to students, to help them to pay their way, and cause them to take greater interest in their work. We really paid them for everything, even instruction; we do not do that now.

Q. They are not now paid anything for instruction?

A. Nothing. If it is in the nature of instruction; if a student is not expert or requires to be shown how to do any work we do not give him anything for the work.

Q. You do not allow any pay unless the work is inuring to the benefit of the Province?

A. Not if he requires instruction.

Q. Do you know what the practice is in similar institutions in the States?

A. Yes.

Q. What is the practice there?

A. They allow for labour irrespective of merit and the nature of the work.

Q. What is the average rate?

A. The average in Michigan is nine cents per hour for labour.

Q. What is our average?

A. About seven and a quarter.

Q. And that is the invariable custom in the States at all agricultural colleges to allow for all labour?

A. Yes. I am aware of it because I visited Michigan purposely to investigate.

By Mr. BALLANTYNE.—Q. You have a special class?

A. Yes.

Q. Are they paid anything for their labour?

A. They are paid nothing.

Q. Who fixes the rate per hour at which the students are paid?

A. The foreman of each department, subject to my approval. I go over as they are doing their work and check as much as possible by my own personal observation.

Q. What does the special class pay?

A. Its fees to the college are the same as the other exactly, whether home or foreign students, those coming from outside the Province pay \$100, and those inside \$20.

By Mr. Ross.—*Q.* Are none of them paid for extra work?

A. Yes.

Q. In what case?

A. Where I require help to superintend experimental feeding or other of the most important work. I distribute them for that and pay them.

Q. What do they get?

A. I suppose each student gets \$1.25 to \$1.50 per month.

Q. Not more than that?

A. No, it goes over the whole number, and we only require two at a time.

By Mr. CARNEGIE.—*Q.* Do you have charge of the expenditure under the head of expenditure for permanent improvement under Farm Superintendent?

A. Yes; I am Farm Superintendent.

Q. Was that work done under your supervision?

A. The classification is mine.

Q. There are three items for \$217. Public Accounts, page 84m to Howard?

A. That would be experimental laboratory probably.

Q. You have marked that to be charged to what?

A. Farm.

Q. And the supplies mentioned in that \$81.85 are for what?

A. Maintenance of Farm Superintendent's house.

Q. That would be part of your salary?

A. No, sir?

By Mr. Ross.—*Q.* In connection with this it is understood that the house is furnished to you?

A. Furnished as regards fuel and light.

Q. There is a double heater charged?

A. Yes, for sending hot water to the bath-room.

By Mr. CARNEGIE.—*Q.* Is the sum of \$304 for fittings experimental dairy and experimental laboratory?

A. Yes.

Q. Here is another one marked capital experimental dairy?

A. Yes.

Q. That is the same dairy?

A. No.

Q. It amounts to \$192.20?

A. Yes.

Q. P. J. Woods, that is the Farm Superintendent?

A. Yes.

Q. There is a bill paid to him for one coal stove, pipes, etc., \$30.90, charged to experimental department?

A. Yes.

By Mr. Ross.—Q. Chemical apparatus, what is that for?

A. It is an apparatus largely in connection with the experimental department, heating experimental dairy, drain gauges, etc.

Q. Is this in connection with the experimental work?

A. That is altogether for the chemical laboratory, with outside gauges for weather, drain gauges, etc. It is chemical apparatus and furnishings to the experimental chemical laboratory.

Q. There is another \$192.20 for chemical apparatus also?

A. Yes.

Q. That is in connection with the experimental dairy?

A. Yes, and part of the experimental laboratory.

Q. One item is \$92.20, heater for dairy?

A. Yes.

Q. What sort of a heater is that?

A. It is a self-acting heater, to send heat and moisture into the dairy room to avoid dust in the dairying rooms.

Q. If there is any dust it would interfere with the dairy experiments?

A. It would be impossible to carry them out without some arrangement of that kind.

Q. Then this \$30.90 to P. J. Woods, for a Radiant Home stove and pipes, what were the circumstances connected with this?

A. The circumstances were these: My assistant and superintendent of the experimental department, came to me for a stove to heat the chemical laboratory. He said that P. J. Woods was furnishing his house anew and had a stove to spare. I said it was not regular to purchase these things from an employee, but if he would get a certificate from a competent party saying it was worth the amount he asked for it, then I would purchase it. I will admit that the transaction was somewhat irregular, but in getting the certificate I provided a check. The stove was a decided bargain.

Q. There is G. F. Stern, certifying to the value of it?

A. Yes.

By Mr. CARNEGIE.—Q. There is a large amount charged for lumber, carpentering, and hardware. What were the improvements going on?

A. Thorough repairs and overhauling of all the farm buildings in preparation for new importations, new shed for fattening stock, large addition to the bull shed to accommodate extra bulls, new experimental laboratory buildings, farm fencing, garden fencing, posts for vinery.

Q. What would the bull shed consist of?

A. Forty or fifty feet long, with stalls for bulls.

Q. What would be the width of it?

A. About fifty feet wide.

Q. Nearly square?

A. Nearly square.

Q. What other building was there?

A. One for the cattle eight feet by eighteen.

Q. Was it a separate building?

A. It was a lean to the old piggery.

Q. How high is it?

A. Fifteen feet.

Q. Is it more than one story?

A. No.

Q. It is big enough for how many cattle?

A. Twenty head.

Q. Could you put any value on it?

A. No.

Q. Or on the bull shed?

A. No; a carpenter would be the best to say that.

Q. Included in the previous list there would be one wind pump and fencing round it?

A. There must be some other items.

Q. Were there any hurdles made?

A. Yes.

Q. Many?

A. Yes; a large number of portable fences, they are not racing hurdles, there would be 150 to 200 rods of portable fencing.

Q. I suppose it was made on the plan of the Superintendent in the report of 1883?

A. Yes.

Q. By whom?

A. By the students.

By Mr. ROSS.—Q. There was a large account to Stewart, that account had been running over the year 1883?

A. That is so.

By Mr. CARNEGIE.—Q. This account begins April, 1884?

A. Yes.

Q. As far as that account is concerned there are no items for 1883?

A. That is so.

By Mr. ROSS.—Q. This is an account of Stewart's commencing in January, 1883?

A. Yes.

Q. And you will recollect that I wrote to you finding fault for the account being held over?

A. Yes.

By Mr. CARNEGIE.—Q. Can you give us any information why that account was held over?

A. No; except that I remember that we had trouble in getting it analyzed.

Q. This is an account to W. O'Connor, dated 11th August, 1883, for one harvester, \$110, and marked by you to be paid in February?

A. The cause was we got this on trial and we said that if it turned out satisfactory it would be taken.

By Mr. ROSS.—Q. Do you mean after it had been tried next season.

A. I am not certain of the fact, but if I am not mistaken that account goes further back. I should like to see the first submission of the account. I remember perfectly well the fact that we had not much work for it to do then. I should imagine the machine was got in 1882 or 1883.

Q. That is just the point, as to whether it is 1882 or 1883?

A. I think the voucher must have been dated wrong.

By Mr. CARNEGIE.—*Q.* If it was got in 1882, subject to the trial at the harvest in 1882, there would be no object in deferring payment until February, 1884.

A. Not unless I had an agreement with him.

By Mr. ROSS.—*Q.* Is it a common thing to get these kinds of thing on credit?

A. Yes.

By Mr. CARNEGIE.—*Q.* Do farmers pay a higher price for these when they get them on credit?

A. We are tempted so often to take instruments for nothing that I get them at less than other people get them, and I am quite sure that I did not pay a higher price because I had it on trial.

Q. I observe that according to the list of the number of animals imported and your stock list, there appears to have been some lost; do you lose any?

A. Yes, I lost three sheep which were poisoned on board the vessel. The sheep licked the red lead from the newly painted work.

Q. Anything else on board the ship?

A. No.

Q. Any others anywhere else?

A. We lost a grade cow in Quarantine.

Q. Did you bring out grade cows?

A. Yes, we needed them for nurses.

Q. Did you lose anything else?

A. I lost a dog.

Q. Did you lose any since their arrival at the farm?

A. Yes, we lose stock from time to time. There might be deaths every month.

Q. In shipping you seem to have lost a Highland ewe?

A. Yes, she died in Quarantine.

Q. The list seems to have dropped from 20 to 14?

A. If there has been such a loss it is something new to me.

Q. Now, Mr. Brown, you seem to have been buying a good many horses for working purposes, were they simply to supply losses by death?

A. There was one case of death, the others were largely to make up a new staff. We had bought nothing of any amount for nine years, and it was very largely a renewal by buying new ones and selling off the old ones.

Q. Have the old ones been all sold?

A. No.

Q. You bought four in 1884?

A. Yes.

Q. And you sold how many in 1884?

A. Two, I think.

Q. There is a statement of three sold?

A. Yes.

Q. On what terms were these horses sold?

A. The money for one of these should have been received, if not for the other two. I know that one has not been paid for.

Q. Now, according to this return there appears to be nothing for sheep or pigs in 1884?

A. We have found some credit for sheep and some for pigs in the Bursar's book.

Q. But even that makes a very small return for the number you had on hand. They are very prolific. How many breeding sows had you on hand?

A. We had three breeding sows.

Q. How many bred?

A. Two.

Q. Your statement shows that you had on hand in December, 1883, two boars, two sows for breeding, and fifteen young pigs of various ages, valued at \$500?

A. That is true according to my statement.

Q. Your statement shows that in December, 1884, besides imported pigs, you had on hand two Berkshire boars, five sows, one Essex boar, one Essex sow, and six feeding pigs?

A. That is quite correct.

Q. They were valued at \$453?

A. Yes.

Q. And during the year, besides the imported animals, you bought a pig in Canada?

A. Yes.

Q. What became of the produce?

A. The sales will be shown in that book, the deaths will be shown nowhere.

Q. At the end of December, 1883, you had fifteen young pigs—in all twenty-one pigs, valued at \$500, and at the end of 1884, you had only fifteen in all, valued at \$453?

A. Yes.

Q. This book shows that one pig was sold to Arkle for \$10?

A. Yes.

Q. And two fat pigs on the 20th March, to W. Hearn, for \$35?

A. Yes.

Mr. Carnegie asked that the Bursar of the Agricultural College be instructed to prepare and send in to the Committee a statement showing the amount paid for student labour in each month in 1884.—Ordered.

Mr. Brown's evidence concluded.

Mr. Brown was instructed to prepare and send in a statement shewing purchases and sales of live stock in 1885.

Mr. Creighton enquired of the Chairman what the Committee intended to take up for consideration to-morrow.

Mr. Ballantyne (Chairman *pro tem.*)—I know of no particular business set for to-morrow's meeting of the Committee.

Mr. Creighton—I would ask then, Mr. Chairman, that the Committee take up for examination, at to-morrow's sitting, papers in *re* Repairs and Maintenance Government

and Departmental Buildings, pages 193 and 194, Public Accounts, 1884; and that Mr. Kivas Tully, the Provincial Architect, be instructed to appear before the Committee to give information and explanation in connection therewith.

To which the Committee agreed.

On motion the Committee adjourned until to-morrow, Thursday, at 10.30 a.m.

COMMITTEE ROOM,

KIVAS TULLY, Sworn.

By Mr. CREIGHTON.—*Q.* These are the Public Accounts of the year 1884?

A. Yes.

Q. You are the Provincial Architect?

A. Yes.

Q. You notice page 193, the item for plumbing and gas fixtures, who is it paid to and what does it amount to?

Q. That is for what?

A. The main building.

Q. Then we have for the west wing what?

A. \$274.10.

Q. And one and a-half make ten and a-half ?

A. Yes.

Q. Four more, fourteen and a-half.

A. Yes.

Q. Half, and one and a-half, makes sixteen and a-half?

A. Yes.

A. Yes.

Q. Three more, twelve and a-half?

A. Yes.

Q. And one and a half, and one, making fifteen days in all in November, at \$3.50 per day?

A. Yes.

Q. What was done that made it necessary to have such a tremendous amount of plumbing done as is indicated by the days' work we have read over?

A. I shall have to go over the accounts to see what the men were doing.

Q. Was there any work done during that time more than the ordinary repairs?

A. I was just thinking of that. We had to refit all the water closets, though I don't know whether that came in this account. They were in a very bad state.

Q. Will you look in the accounts and see if they came in those we have gone over?

A. Yes. I see here some refitting in the wash room.

Q. How much does that amount to?

A. It does not amount to very much. Judging from the accounts, I should say that they are all repairs here. The urinals were all repaired too. They appear to be all ordinary repairs.

By Mr. ROSS.—Q. In 1883-4, was there not a general overhauling of the plumbing in the building?

A. Yes, I think so. The speaker's closet was all repaired.

Q. During what month?

A. September, 1884. It was in a very bad state. We also put in a new closet for the kitchen built.

By Mr. CREIGHTON.—Q. Was that done by day work?

A. By day work.

Q. How many days' work were there on that?

A. About twelve and one-half, I think.

Q. In the items now before you, what would you call extraordinary repairs?

A. I don't see any there. I have found the items for taking up urinals.

Q. Do you call them extraordinary repairs?

A. Yes.

Q. But we didn't take the days' work in connection with that?

A. I think so.

Q. Can you give me an idea of the days' work for that work?

A. I think it was all included in that 42 days. There would not be 42 days at that.

Q. How many?

A. Probably four or five. A couple of days taking down and a couple of days putting up. I see there is work at the gas fittings and water pipes, and there was a general overhauling of the plumbing throughout the building. It was in a very bad state. There were leaks in every direction. We overhauled the drains in the same way, as there were great complaints of sickness throughout the building.

Q. That is the way you account for the very large number of days' work?

A. Yes. The material used would not be in proportion to the labour as it was mostly tinkering.

Q. Then we would infer that for a year or two past there had been a great deal done, and that last year it had been necessary to do much more?

A. There was not much done for a few years before we overhauled the waterclosets, and we overhauled all the gas pipes. I would say that I don't check all the items in these accounts, yet it is done in my department, and I know the work has been done which is charged for. There is a Mr. Fairbairn in my department who goes over each account. These are of his checking, and if you want further details I can get him here.

By the CHAIRMAN.—Q. You are satisfied that the checking is done correctly?

A. Perfectly satisfied.

By Mr. CLARKE.—How can you get 42 days in a short month?

A. There would be two or more men employed at the one time.

Q. The charge is uniformly \$3.50 a day?

A. Yes.

Q. That would be for a man and his helper?

A. Yes.

Q. Then how do you get forty-two days in a short month?

A. There would be two or more men with their helpers employed at one time.

By the CHAIRMAN.—Q. You would not get a plumber and his helper for \$3.50 a day?

A. Yes, we do. They have tried for a long time to get \$4 a day, but I will not allow it.

By Mr. CREIGHTON.—Q. Take February last. What was the number of days charged for?

A. Forty-three days.

Q. That would account for two men and their helpers employed nearly all the month?

A. Yes.

Q. Then for January it would be for two men and their helpers nearly all the month?

A. Yes.

Q. In the month of March, that would mean two men and their helpers employed nearly all the time, as there are forty-two days?

A. Yes.

Q. You mentioned 1883 as the year a general overhauling was done, what was done in 1884?

A. We had a general overhauling in 1884?

Q. There must have been a great deal done in 1883?

A. There was.

Q. What was Ritchie & Co.'s bill for the main building in 1883?

A. \$1,954.45.

Q. And this account would bring it to \$2,592 for the main building?

A. Yes.

Q. Not only for plumbing but gas?

A. Yes.

Q. Take the accounts for gas. I would like you to go over them and give us the number of lights put in for the year. I mean new ones?

A. There are gaseliers and other lights, making 95 in all. When the Department of Public Works was first organized I recommended to the Commission that a plumber should be employed. I believe it would have been cheaper if we had had one. It must be remembered also that these chandeliers and gas fittings have been practically in since confederation, and never renewed until last year.

Q. To whom did you recommend the employment of a plumber?

A. To Mr. Carling. I think I put it in my report.

Q. Then you find gaseliers, or brackets, for new lights, amounting to 95 in all for the main building?

A. Yes.

Q. Put in during the last year?

A. Yes.

Q. Or rather from October, 1883, to November, 1884?

A. Yes.

Q. I suppose we had some light here before, we were not in total darkness?

A. Some were new lights altogether, and some were to replace others already existing.

Q. Can you give me an idea how many were new lights and how many were to replace others?

A. I cannot unless I went over the building, and I don't know that I could tell even then at this time.

Q. What became of all the old ones taken down?

A. I think you will find some amounts for old materials credited.

Q. There is \$1.20, 31 cents and 48 cents, making altogether \$1.99?

A. Yes.

Q. Can you show any other credits for old materials?

A. That is all in these accounts. I think in the accounts for 1883 there were some.

Q. We are now dealing with the accounts for 1884?

A. That account you have begins with October, 1883.

By Mr. A. M. Ross.—Q. There is nothing credited for old gaseliers returned, specially. These are for old brass?

A. Yes.

Q. And forty-eight cents is for old iron?

A. Yes.

By Mr. CREIGHTON.—Q. Then for the old brass on nine gaseliers would be \$1.55?

A. Yes.

Q. Do you know if there is any other?

A. It is the custom of plumbers to claim all the old material. I have had more trouble than it is worth trying to keep these old buildings in anything like decent repair.

Q. Then we will take the items for new globes?

A. Yes.

By Mr. A. M. Ross.—*Q.* If you put in new lights there would be new globes required?

A. Yes.

Q. Then there would be a new globe for every one of the new lights?

A. Yes, about that.

By the CHAIRMAN.—*Q.* Do you think as a matter of economy, there is any advantage in the new globes?

A. Yes.

Q. That is, you get more light from the same consumption of gas?

A. Yes.

Q. And a steadier light?

A. Yes.

By Mr. CREIGHTON.—*Q.* These accounts concerning which you have been giving evidence, are all improvements for the main building?

A. Yes.

Q. And do not include either the Crown Lands Department or the eastern wing?

A. No.

Q. In addition to the charges for the main building, you have \$274.10 for the same kind of items for the west wing?

A. Yes.

Q. And for the same kind of items for the east wing you have \$395.58?

A. Yes.

Q. The details of each we have not gone into?

A. Yes.

By the CHAIRMAN.—*Q.* In going over the plumbing last year did you discover any serious defects in the drainage?

A. Yes; there are some leaks now that we don't, know if they are gas leaks or sewer gas. We have been hunting for them during the past two weeks.

Q. I understand that you found one drain open which had been in that state for years?

A. Mr. O'Brien complained of a bad smell and on opening up the drain we found a drain open.

By Mr. CREIGHTON.—*Q.* That has just been opened this year?

A. Yes.

Q. Was it in the plumbing accounts?

A. No.

By Mr. Ross.—*Q.* Then I am to understand that you had a pretty general overhauling of the plumbing in 1883-4?

A. Yes; there has been a great deal of discussion in the city with respect to the plumbing, and attention has been drawn to the subject throughout the country, to the unsanitary arrangements of houses generally. A good deal of attention has been paid to drainage and the state of the public health in consequence of defects in drainage, plumbing, etc.

Q. Have you had complaints from the persons occupying the departmental buildings as to the unsanitary state of the buildings?

A. There has always been a good deal of complaints on this ground.

Q. Has there not been a good deal of sickness such as typhoid fever?

A. Yes.

Q. Mr. O'Brien's family have had diphtheria, and Mr. Kennedy's family also?

A. Yes. Some years ago Mr. Carling had typhoid fever in this building. Mr. Fraser's health has not been good since he slept in the building and Mr. Hardy has also suffered.

Q. There has been general complaint from the employés as to the unsanitary state of the buildings?

A. Yes, I was very glad to get out of them.

Q. And that would be a reason for the general overhauling in 1883-4—the general complaints of the unsanitary state of the buildings?

A. Yes. I think since the Provincial Board of Health has been formed and attention drawn to the need of better sanitary arrangements there has been a good deal of expense incurred in putting things right.

By Mr. FERRIS.—*Q.* Have you any of these new fittings suitable for the new buildings?

A. Not exactly.

By Mr. ROSS.—*Q.* In regard to those new gas fittings, I think you said the old ones had been in use since Confederation?

A. Yes; for about seventeen years.

Q. Then I suppose the old ones would be worn out and leaking?

A. Yes, the taps would leak. They will not last more than a certain number of years.

By Mr. CREIGHTON.—*Q.* Were there any of the new gas fixtures included in the account of last year?

A. I mentioned that the repairs were going on over the two years or parts of 1883-4.

Q. You have mentioned Mr. O'Brien's sickness. There has been a new building erected for him during the past year?

A. Yes.

Q. There is none of the plumbing for the new building in the accounts we have been dealing with?

A. No.

Q. That is out of capital account, and not repairs and maintenance?

A. Yes.

By Mr. ROSS.—*Q.* You recommended at the time that Mr. Carling was Commissioner of Public Works, that a plumber should be employed regularly by the Department?

A. Yes.

Q. Have you ever made any similar recommendation since?

A. No; I was rather snuffed out then and I have not done it again.

Q. Is it your opinion still that a plumber employed regularly would be a means of saving?

A. Yes; decidedly. Not only could he attend to these buildings, but he could do the work at the Education Department, the Normal School and Osgoode Hall.

Q. Would one plumber do all the work?

A. Yes, in my opinion. The buildings are all in pretty good order now.

Q. Of course the plumber would only save the amount charged for labour, less his wages?

A. That is so. But there would be the profit on the articles purchased.

By Mr. CARNEGIE.—Q. What is the size of the grounds?

A. I cannot tell you at this moment. I can give you a memorandum of it.

Q. Do so, and the area covered by the buildings?

A. I will.

By Mr. FERRIS.—Q. This is a plan of the Osgoode Hall property?

A. Yes.

Q. It indicates that which is Government property, and that which belongs to the Law Society?

A. Yes.

Q. Do you know when the Government obtained the title to this land?

A. Under the Act of Confederation, Osgoode Hall was the property of the Government.

Q. The Law Society claim the portion indicated. Under what trust do they make their claim?

A. There is a deed between them and the Government, establishing this boundary.

Q. Do you heat the whole of the building from your boiler-house?

A. Yes, and we charge them \$800 a year for heating the portion belonging to the Law Society.

Q. Is there any bargain to that effect?

A. It is not completed yet. We wanted to let this winter pass over before we came to a definite agreement. They offered \$750, but we will have to ask \$800.

Q. When you spoke of the Law Society owning this property. Has the Government ever conveyed it to them?

A. I suppose it has been conveyed. The deed will show. They have control of the library.

Q. Is that by deed?

A. Yes.

Q. Does the Government maintain the library?

A. They are asking us to make repairs, but we say they ought to keep it in repair.

Q. Do you provide it with carpets and fittings of that kind?

A. No.

Q. Has the Government not supplied any furniture or carpets for the Law Society?

A. Not for the library or east wing, only for our own portion.

Q. Does the Law Society pay for the lighting and heating?

A. I think they pay for the light. They had a contract with the Government to light and heat Osgoode Hall. This last year it was transferred to the Government, but I rather think that they pay for the light of the library and the east wing themselves. I think the heaters are charged to them.

Q. Who would know all the details?

A. Mr. Eston.

Q. Who is Mr. Eston?

A. The Secretary of the Law Society.

Q. By the plan produced you cannot reach Osgoode Hall except by passing through the grounds of the Law Society?

A. You cannot reach it from Chestnut street or Queen street, except by passing through the Law Society's grounds.

Q. The ordinary approach to Osgoode Hall is through the property of the Law Society?

A. Yes.

Q. The maintenance of the walks and grounds, who is it done by?

A. The Law Society.

Q. Has it been done under your direction?

A. No. They have been talking of asking us to clear away the snow.

Q. Who are employed to keep the grounds in order?

A. The engineer and fireman are employed by the year, and they do the work in the summer time. The Law Society pays them up to July.

Mr. Tully was instructed to prepare and send in to the Committee a memorandum shewing the size of the Parliament Buildings block, and how occupied, and area covered by buildings.

Mr. Ferris, Chairman, then examined Mr. Tully in *re* Osgoode Hall.

Mr. Tully was instructed to prepare a plan of Osgoode Hall grounds, showing area and how occupied, what belonged to the Province, and what to the Law Society, with approaches thereto.

Mr. Tully's evidence concluded.

The Committee, at the request of Mr. Carnegie, agreed to take up for consideration to-morrow papers, *re* P. O'Brien, to pay dusters, items \$696.91, \$137.70, \$457.71, page 104 Public Accounts for 1884.

Mr. Carnegie asked that Mr. P. O'Brien, the chief messenger, be requested to appear before the Committee to-morrow to explain above mentioned items.—Ordered.

On motion the Committee adjourned until to-morrow, Friday, 20th, at 10.30. a.m.

Present:

Mr. Ferris, Chairman.

Balfour,
Ballantyne,
Carnegie,
Creighton,
Harcourt,

Messieurs McLaughlin,

Mr. Carnegie asked that Mr. McCallum, the Bursar of the Agricultural College, be requested to appear before the Committee at a day to be hereafter fixed.—Ordered.

Mr. Meredith enquired why the papers and statement in *re* W. D. Lyon, accountable warrants, page 78, Public Accounts, 1884, asked for and ordered at one of the early sittings of the Committee, had not been brought down.

Mr. Ross—I was not aware until this morning that they had not been brought down. Mr. Sproule (the Auditor) was not in at present, being down at the bank. I will enquire about it when he returns.

Mr. Carnegie—If Mr. P. O'Brien, Chief Messenger, is in attendance, I would like him called in, *re* accounts for dusting.

Mr. O'Brien called, sworn, examined by Mr. Carnegie, evidence taken down by the shorthand writer, appended, marked "F."

"F."

MARCH, 20th, 1885.

P. O'BRIEN, Sworn.

By Mr. CARNEGIE.—Q. You are the housekeeper of the centre building of the Parliament buildings?

A. Yes.

Q. And as such, you have charge of all the cleaning?

A. Yes.

Q. That will be your receipt for washing and cleaning for November, 1884?

A. Yes.

Q. That is for a lump sum paid out to individuals you employed?

A. Yes.

Q. This is another of the same date, December 4th, \$30 for dusters for November?

A. Yes.

Q. Then the two items make \$57.06 for dusting, washing and cleaning, November, 1884?

A. Yes.

Q. This is an item paid in June for May, \$26.46, for washing and cleaning for May, 1884?

A. That is correct.

Q. That is \$33 for dusters for May again, paid to yourself in the same way as the others?

A. Yes.

By Mr. Ross.—Q. Will you give an explanation of the term dusters?

A. There are all the offices to be looked after every morning. I have just gone as my predecessor did.

Q. It embraces the employment of charwomen for cleaning the offices and the building?

A. Yes.

By Mr. CARNEGIE.—Q. These bills are for work all limited to the main building?

A. Yes.

By Mr. Ross.—Q. But there are offices to be cleaned every morning?

A. Yes.

By Mr. CARNEGIE.—Q. Here is an account dated 4th April?

A. That is for January, February and March.

Q. That account is for \$180.82?

A. Yes.

Q. Paid to yourself to distribute?

A. Yes.

Q. Here is voucher \$22.57 for washing and cleaning for April?

A. Yes.

Q. And one of \$32 for the payment of dusters for the same month?

A. Yes.

Q. Why do you distinguish between dusters and washing and cleaning?

A. I cannot say. I have just followed the example set by my predecessor?

Q. The work is practically the same?

A. No, there is washing for the offices.

Q. What washing?

A. Washing the towels and other things.

Q. Are we to understand that in April there would be \$22.57 for the washing of towels?

A. I cannot tell you what the particular items are.

Q. On the 12th of July we have \$38 for dusters in June?

A. Yes.

Q. And we have \$25.65 for washing and cleaning in the same month?

A. Yes.

Q. That would make the total \$63.65 for these purposes in that month?

A. Yes.

Q. We have on the 2nd of August a receipt for \$46 for services as duster, signed by Julia Kennedy, per somebody whose signature I cannot make out?

A. I don't know anything about it.

Q. On the 1st of August there is \$29 for washing and cleaning for July, for which you give a receipt?

A. That is correct.

Q. And on the 1st of August, \$31 for dusters in July, which you receipt?

A. Yes.

Q. That would make \$60 for the month?

A. Yes.

Q. Independent of the voucher to Julia Kennedy?

A. Yes.

Q. On the 10th of October there is \$30.41 for washing and cleaning?

A. That is for August and September.

Q. And \$24.11 for washing and cleaning, that says for August?

A. Yes.

Q. That should be for August and September?

A. No.

Q. And there is \$32.50 for dusters in September?

A. Yes.

Q. And \$31 for dusters for August?

A. Yes.

Q. In November you receipted for \$31 for washing and cleaning?

A. Yes.

Q. And \$26.33 for washing and cleaning for October ?

A. Yes.

Q. Do you know anything about John Kennedy's accounts ?

A. No.

Q. You have charge of the whole washing and cleaning for the main building ?

A. Yes.

Q. Here is an item for \$34.50 for wages as a duster, sixty-nine days, at fifty cents a day. Mrs. Larmount, per P. O'Brien. You received the money ?

A. Yes.

Q. And paid it to Mrs. Larmount ?

A. Yes.

Q. On the same day there is an account for \$43, for services as a duster, eighty-six days at fifty cents a day, to Julia Kennedy, per P. O'Brien ?

A. Yes, that is all right.

Q. Here is one the same day, \$45, for services as duster, ninety days at fifty cents per day to Mrs. McGrath ?

A. Yes, that is correct.

Q. On the same day there is one, \$45 for ninety days' services as duster, to Mrs. Kanane ?

A. Yes.

Q. On the same day \$78.50, for 157 days at fifty cents a day, to R. McGinness ?

A. Yes.

Q. That is a woman ?

A. Yes.

Q. On January 3rd, 1884, you receipted for \$56.71, payments for washing, etc., for December, 1883, paid to yourself ?

A. Yes.

Q. On the 4th April, 1884, you receipted for \$132.50, for payments of dusters to date ?

A. Yes, that is correct. I received the money.

Q. Of the item \$457.71, charged for dusters, etc., paid to sundry persons, on page 194 of the Public Accounts, you received the sum of \$246 for the services of particular persons during the session of the House ?

A. Yes.

By Mr. Ross.—Q. Are all these vouchers for extra work during the session of the House ?

A. Yes.

Q. Or in special work cleaning and preparing for the session ?

A. Yes.

Q. And all in connection with the session of the Legislature ?

A. Certainly, and that is the most expensive time of the year.

By Mr. CARNEGIE.—Q. Then you received yourself, to pay persons you employed, the sum of \$189.21.

A. Yes.

Q. The other two items, \$18 and \$4.50, you know nothing about ?

A. That is so.

Q. M. Healy, work in chambers, \$19.47, that is 1883?

A. Yes, the chamber was repaired, painted; the desks were all taken out, and Healey was employed to put them in their places and give them a polishing.

Q. That in preparation for the session of 1884?

A. Yes.

Q. H. Williams, cleaning carpet, \$2.50, was not in connection with the same?

A. I don't know. I don't know that it was in the chamber.

Q. Was it under your direction that the chimneys were cleaned, and the snow cleared away?

A. No, under Mr. Tully's.

By Mr. CREIGHTON.—Q. These receipts produced are signed by you, and are payment of dusters and cleaners running from \$50 to \$60 per month, or thereabouts?

A. Yes.

Q. These moneys have been received by you and paid over to sundry persons?

A. Yes.

Q. Do you furnish any statement or bills of the parties to whom the money has been paid?

A. I furnish a statement to Mr. Gillmor and he gives me the order to pay them.

By Mr. AWREY.—Q. Were these payments made under the direction of the Clerk of the House?

A. Yes.

Q. You furnish accounts every month?

A. Yes.

Q. And he satisfies himself of the correctness of them?

A. Yes.

Q. Are you obliged to furnish to Mr. Gillmor a statement each month of the amount you require?

A. Yes.

Q. And you pay them with the order from Mr. Gillmor?

A. Yes.

By Mr. ROSS.—Q. He gives you a cheque for the amount?

A. Yes.

By Mr. AWREY.—Q. What offices and rooms are included in expenses for which the accounts have been read?

A. Mr. Notman's offices. Mr. Sydere's, Col. Gillmor's, the Reporters' rooms, the Library, the Speaker's room, the various Committee rooms, the halls, the Chamber, the Reception room, the smoking room, post office—two rooms, Law Clerk's room, the Council chamber and the ante-room.

Q. Then these rooms would be dusted and looked after every day?

A. Yes.

Q. What items would be included under the head of washing?

A. Washing the towels, scrubbing, and cleaning up generally.

By Mr. CARNEGIE.—Q. The payments for June, July, August, and September, when the House is not sitting, appear to be for regular amounts. Do you keep a regular staff, or do you get in outsiders to help?

A. We don't get outsiders generally.

Q. Do you keep a regular staff?

A. Yes.

Q. What regular staff do you keep?

A. Generally two women.

Q. Is that all?

A. We get outsiders in if we need them?

Q. What is the rate of pay?

A. Fifty cents a day is the regular pay.

Q. That is for half a day?

A. The women come in the morning and get to work generally before the members come in.

Q. That would be during the session?

A. In the offices when the house is not sitting they cannot be around cleaning when the clerks are around.

Q. What would be the regular charge for a day's work?

A. A dollar a day for a full day's work.

Q. Then what am I to understand by a half day's work?

A. Then women come in the morning and get through their work as soon as they can. They sometimes come at six o'clock in the morning.

Q. And if they come at six o'clock what time do they get through their work?

A. About nine o'clock.

Q. Half a day would be about three to three and a half hours?

A. Yes.

Q. Then when I find Julia Kennedy entered as duster for 86 days that means 86 days at three to three and a half hours a day?

A. They have got the work to do, and the sooner they get through the better for them.

Q. You furnish the statement to Col. Gillmor?

A. Yes.

Q. He gives you the order and you get the money?

A. Yes.

Q. Do you pay the money over to the parties?

A. Yes.

Q. Do you take receipts from the parties to whom you pay the money?

A. No; I didn't know that I was required to do so, but I will take care to do so in future.

By Mr. Ross.—Q. If these people don't get their money they would soon let some one know about it?

A. Yes.

By Mr. AWREY.—Q. You would not consider 50 cents a day fair payment for ten hours' work?

A. No.

Q. Can you get any women to come for less than a dollar a day for a full day's work?

A. No.

By Mr. CARNEGIE.—Q. Who conducts the refreshment room?

A. I do.

Mr. O'Brien's evidence being concluded, he retired.

Messrs. Waters and Balfour entered Committee room during examination of Mr. O'Brien.

Mr. Harcourt asked for the following paper, under heading of Provincial Police, at Clifton and Fort Erie, page 75, Public Accounts, 1884, viz. :

A. G. Hill, sundry payments	Item	\$295 33
Anderson and Hogan, police clothing.....	"	284 00
T. K. Wynn, travelling expenses	"	253 14

Also under Education.

Map and School Supply Co., page 117, Public Accounts '84.	"	384 90
---	---	--------

Required for Tuesday next. Ordered.

Mr. Carnegie asked that Col. C. T. Gillmor, C.L.A., be requested to appear, in *re* accounts, J. Kennedy, \$137.00, services as duster, etc. Ordered.

Colonel Gillmor on being notified, appeared before the Committee, sworn, examined by Mr. Carnegie. Evidence taken down by the short hand writer, appended and marked "G."

"G."

COLONEL GILLMOR, sworn.

By Mr. CARNEGIE.—Q. I understand that the general management of the House is under your control. That is the centre building?

A. Yes.

Q. I see that while a large amount is paid through Mr. O'Brien for dusters, some is not paid through him at all. For instance, under date 12th March, 1884, Julia Kennedy receipts for \$45 for services as duster, January, February and March, 1884?

A. The housekeeper is entitled to two dusters, and I pay for the dusters and take his receipt for the amount. Julia Kennedy is held responsible for the refreshment room and I pay her. It is more convenient to pay Mr. O'Brien a round sum and take his receipt for it. The two dusters would amount to amount \$360 each year.

Q. There was \$696 paid for dusting and cleaning last year?

A. The balance would be for extra work.

Q. Then, as I understand you, Mr. O'Brien has a fixed amount for getting the work done, and as long as he gets it done you don't care where the money goes to?

A. I do care where the money goes to. I know that he has to employ two women through the year.

By Mr. ROSS.—Q. There are two engaged constantly at fifty cents per day?

A. Yes.

Q. And then there is the cleaning, scrubbing, and so forth?

A. Yes.

Q. Does he furnish accounts for cleaning, scrubbing, etc.?

A. Yes.

Q. During the session it is considerably more than usual?

A. Yes.

By Mr. CARNEGIE.—Q. During the session of 1884, a considerable amount was paid for dusting?

A. Yes.

Q. Why were not these paid through you?

A. These two women that Mr. O'Brien employs are solely under his control, but this Julia Kennedy is employed separately. She has never been paid through Mr. Phillips or Mr. O'Brien.

Q. Then she is not one of those two who are allowed to Mr. O'Brien?

A. No.

Q. What are her duties?

A. There is a certain portion of the building that she is responsible for the care of.

By Mr. Ross.—*Q.* There was too much for these two women, and Julia Kennedy was employed to assist?

A. Yes.

By Mr. CARNEGIE.—*Q.* Where are her duties performed?

A. She has the care of the Speaker's dining room, the kitchen, and the refreshment room.

Q. Is she employed during the whole of the year?

A. Yes.

Q. And she receives fifty cents a day?

A. Yes.

By Mr. Ross.—*Q.* So that there are practically three women employed at fifty cents a day?

A. Yes.

Q. Two of them under Mr. O'Brien, and the other you pay direct?

A. Yes.

By Mr. AWREY.—*Q.* And there can be no money paid out without your consent?

A. No.

Colonel Gillmor's evidence being concluded he retired from Committee room.

Mr. Carnegie—I would ask that Tuesday next, the 24th March, be the day appointed for examining Mr. McCallum, the Bursar of the Agricultural College. Ordered.

Mr. Carnegie asked that Prof. Mills, President of the Agricultural College, be requested to appear before the Committee on Wednesday next, the 25th day of March, in *re* expenditure under his control, in connection with the college. Ordered.

Also, that Mr. McCallum be instructed to bring with him all necessary books and papers in, *re* purchases and sales connected with the college. Ordered.

Also, that the following papers be brought down for Tuesday next:

Expenses, Agricultural College, pages 173, 174, 175, 176, Public Accounts for 1884. Ordered.

On motion, the Committee adjourned until Tuesday next at 10 a.m.

COMMITTEE ROOM,

TUESDAY, 24th March, 1885.

The Committee met pursuant to adjournment, at 10 a.m.

Present:

Mr. Ferris, Chairman.

Messieurs Awrey,
Balfour,
Ballantyne,
Carnegie,
Harcourt,
Hardy,

Messieurs Merrick,
Mulholland,
Ross (Huron),

Wood—12.

Mr. Carnegie asked if statement ordered to be prepared by Mr. Brown had been sent in.

Mr. Ross stated it had, and laid the same on the table.

Mr. Carnegie asked that the statement prepared by Mr. Brown be entered upon the minutes of the Committee. Ordered.

Mr. Carnegie enquired if Mr. McCallum, Bursar, Agricultural College, had been notified, and if in attendance that he be called and heard.

Mr. McCallum, called, appeared, sworn, examined by Mr. Carnegie, evidence taken down by short hand writer, appended and marked.

“ H.”

MARCH, 24th, 1885.

A. MCCALLUM, Sworn.

By Mr. CARNEGIE.—Q. You are the Bursar of the Agricultural College?

A. Yes.

Q. How long have you been so?

A. Since July last.

Q. And as such, you have charge of all the accounts, I presume?

A. Yes.

Q. Do you keep stock lists of the live stock on the farm?

A. No.

Q. You have no check of what is on the farm at certain times, what comes on, what goes off, and what remains on the farm?

A. No.

Q. Neither do you know what live stock is on the farm at the present time?

A. I don't know.

Q. All payments are made through you?

A. As far as I know, yes.

Q. Were these cattle for fattening purposes paid for through you?

A. Some of them.

Q. All the payments did not pass through your books?

A. No, I think not.

By Mr. Ross.—Q. They were all paid for through you except the cattle for fattening purposes?

A. Everything I know of, except a certain number of cattle bought last fall for fattening purposes.

By Mr. CARNEGIE.—Q. Can you tell me what proportion of this item of \$3,146 was paid through you?

A. I could not say from memory.

Q. Then the items on pages 181 and 182 of the Public Accounts for 1884, amounting to \$3,146, you cannot say that any of them were paid through you?

A. I cannot say.

By Mr. Ross.—Q. The purchases were made before you became bursar?

A. Yes.

By Mr. CARNEGIE.—Q. The items aggregating \$2,073.20, in the Public Accounts for 1884, for cows, sheep, pigs, horses and dogs. Were any of them paid through you?

A. I recognise some of the names as being the same as those to whom I paid money for stock, but I would not say that these items are the same as those I paid for. I think that most of these items were paid before I became bursar.

By the CHAIRMAN.—Q. You don't know that these items are the same that you paid for.

A. No.

By Mr. CARNEGIE.—Q. Is that the book produced by Mr. Brown before the Committee?

A. I think it is, he had it here.

Q. The first column—what does it relate to?

A. The College proper.

Q. And the other?

A. To the farm.

Q. I want to get the credits for 1884, will you read from the book all the credits to the farm?

A. These are, H. Arkle, the price of one pig, \$10.

Q. The entries in this book are made when the money is received by you?

A. Yes.

Q. And no entry is made until you receive the money?

A. That is my custom, but I cannot say anything about the way this has been done.

Q. Has any return been made to you of the amount which has not been paid yet?

A. No.

Q. Then you will give the other amounts of the credits?

A. E. Stark, oats, \$12.08; J. A. Miller, one heifer, \$60.

Q. Who are J. & R. Miller?

A. Firm of butchers.

Q. The same who supply the college with meat?

A. Yes.

Q. Give the other credits?

A. William Kearns, two fat pigs, \$35; E. W. Brown, forty-three bushels of oats, \$15.

Q. Those are all in the month of March?

A. Yes.

Q. In June you have?

A. Proceeds of the notes from the sale of 1883, \$2,359.72; sale of fat cattle, \$1,367; note, \$533.47; then comes a transaction for wheat to Kelliaher, 75c.; F. McQuillan, \$22.75; Benny, six sheep, \$67; Chadwick, oats, \$10.50; Kerr, twenty bushels of wheat, \$22.80; Kerr, eight bushels of wheat, \$9.90; J. R. McCuen, \$125; Callahan, \$13.68; Powell, \$9.65; Cummins, \$9.69; Thomas Smith, \$12.54; James Keough, \$5.70; James Callahan, \$3.20; F. McQuillan, \$3.90; McQuillan, wheat, \$2.40; interest, 85c.

Q. Those are for June, 1884?

A. Yes.

Q. Now for August?

A. One dollar for service of bull.

Q. In September?

A. Service of animals, \$25.

- Q. In October ?
A. W. French, plow, \$5 ; service of animals, \$14.
- Q. In November ?
A. Service of animals, \$65.
- Q. I observe that the amounts for the service of animals all seem to come together ?
A. It does not follow that they all came in together ?
- Q. Don't you receive the entries as you receive the money ?
A. Yes.
- Q. You seem to have no dates ?
A. Only the general date of November.
- Q. Will you give the other items ?
A. Vegetables, \$5.35.
- Q. In December you have ?
A. One dollar for service of animals ; \$6.50 for sale of dogs ; \$16 for butter ; \$812 from sale of fat stock.
- Q. You received \$392.95 from the sale of butter ?
A. Yes, and \$13 from the service of animals ; \$2 for vegetables.
- Q. Now in regard to the receipts from butter, in the statement furnished by the auditor, is the amount supplied to the college a cash payment or is it a credit ?
A. It is a cash account.
- Q. Does it go in your statement as a cash transaction ?
A. It goes in as a cash account credited to the creamery.
- Q. Have you any other items than those you have given me ?
A. No.
- Q. Have you a cash account for the creamery ?
A. No.
- Q. Do you know how much was outstanding at the end of December, 1884, on account of the creamery ?
A. No.
- Q. Do you keep track of the sale of butter from the creamery ?
A. No.
- Q. Who did ?
A. Mr. Brown had charge of it.
- Q. Did you pay for the cream purchased ?
A. No ; at least I paid for a portion of it. There is a separate set of books for creamery, and the men who had charge of it were anxious to get home and they left me a statement of the accounts and asked me to pay them.
- Q. They did not leave any statement of any amounts which were due to the creamery ?
A. No ; Mr. Brown has charge of that. He brought in the money to me which had been received from the sale of butter.
- Q. He did not bring in the money for the butter sold to the college ?
A. I don't know that he did.
- By Mr. Ross.—Q. It would not necessarily be a cash transaction ?
Q. No.
- Q. Have you another item for butter in December ?
There is \$51.76.

By Mr. CARNEGIE.—Q. I think I am right in my recollection that we have only had thirteen hundred and odd dollars as the amount received from the sale of the fat cattle to Goodfellow. Where is the previous amount?

A. I don't know anything about it.

Q. Well, look and see if you can find it?

A. This is not a transaction which occurred in my time as bursar.

Q. With regard to the item of fat cattle balance as per agreement, \$1,367, you say that you have looked over the books for the previous two months and you cannot find any record of the previous portion?

A. That is so, but it is not a transaction which occurred while I was bursar.

By Mr. ROSS.—Q. Then the \$1,367 is the only cash you received?

A. I did not receive that.

Q. Then the whole transaction occurred before you became bursar?

A. Yes.

By Mr. CARNEGIE.—Q. Did you make up the statement of the revenue for 1884?

A. Yes.

Q. Where is it?

A. It is just as I got it from the book here.

Q. To whom did you furnish it?

A. To the auditor.

A. I asked you if you had made up a statement of the revenue for 1884?

A. Yes.

Q. Do you send in monthly statements of revenue and expenditure?

A. Yes, I am supposed to do.

Q. But do you send in monthly statements?

A. Yes, I send them to the President.

Q. You don't know what becomes of them after that?

A. No.

Q. Did you furnish this statement, or did the President?

A. I sent it in from this book.

Q. That is the only record you have?

A. Yes.

By Mr. ROSS.—A. And the statement you have given is only a copy of the items you have read over as part of your evidence?

A. Yes.

Q. There might be more?

A. Yes, there is more.

Q. In this statement you sent in as revenue, were there other items than those you found in this book?

A. Well, I could not say that.

Q. Was there anything else in the statement?

A. I cannot say.

Q. Did you put in anything but what you found in this book?

A. I have a recollection of some cattle sales which Mr. Brown furnished, but I don't remember the amount.

Q. That you put in the revenue ?

A. Yes.

Q. Did he furnish the money or a statement that the cattle had been sold ?

A. He told me that the cattle had been sold.

Q. Do you know if the money has been received ?

A. No.

Q. You never looked up to see if the money had been received ?

A. No.

Q. Was there anything else of the same kind ?

A. No.

Q. Do you know what stock sale that was for ?

A. No.

Q. Was it a large amount or a small amount ?

A. I think the amount was \$2,000.

Q. Are you aware that Mr. Brown has received accountable warrants for the purchase of cattle ?

A. Yes, I have heard him say so.

Q. And these do not go through your books ?

A. That is so.

Q. Mr. Brown accounts directly to this office for the money ?

A. Yes.

Q. Mr. Brown considers that as a kind of advance to him, to be repaid by him from the money received from the sales of the cattle ?

A. Yes.

Q. And the sales do not come through your books ?

A. No.

Q. Do you recollect of one amount that Mr. Brown has given you to include in the statement of revenue that he had as an accountable warrant ?

A. I think that he told me when he gave me the amount I have mentioned that it was from the accountable warrant.

By Mr. CARNEGIE.—Q. So far as you know, were there any unsettled and outstanding accounts included in your statement of the revenue for 1884 ?

A. I don't think there were any.

Q. Do you know of any outstanding accounts not paid at the end of 1884 ?

A. I don't know of any, but there might be a few.

Q. What would be the amount ?

A. I could not say, but not over \$200.

By Mr. ROSS.—Q. I suppose your accounts for December would not be paid until January ?

A. That is so.

Q. Then of course the accounts due in December, 1884, would not come in the public accounts for 1885 ?

A. Yes.

By Mr. CARNEGIE.—Q. Do you make up the accounts for every calendar month or from one certain date to another ?

A. From the 15th to the 15th.

By Mr. ROSS.—Q. Then the account sent in in December would be up to the 15th?
A. Yes.

Q. And when would they be paid?

A. They might not be paid until the 25th or the 26th, or they might not be paid until January.

By Mr. CARNEGIE.—Q. Has there been any grain sold to your knowledge that does not appear in this book?

A. No.

Q. There is none entered from June to December?

A. I have no knowledge of any more than is returned here.

Q. Mr. Brown has sent in a return here of three horses sold but not paid for; have you any knowledge of these?

A. No.

Q. You have no knowledge of them as Burser at all?

A. No.

Q. He has also stated here, 13 pigs, sold to J. Taylor, to be accounted for; have you any knowledge of this transaction?

A. No.

Q. Nothing has been furnished to your office at all?

A. No.

Q. Had you any knowledge as to whether all the cattle imported arrived at the farm or not?

A. No.

Q. Did you ever hear of any animals—those of the imported—having been lost on their arrival at Guelph?

A. I cannot say that I did, any more than some one said that a cow which had been bought in Lower Canada had been lost?

Q. Did you ever see this notice?

Mr. ROSS objected to the witness answering the question, as the notice had not been signed by him, and he said he knew nothing about it.

By Mr. CARNEGIE.—Q. Do you know anything about the stove bought from P. J. Woods for the experimental buildings, is the same stove there now?

A. I don't know.

Q. Do you know where the stove that is there now was obtained?

A. No.

Q. Are your supplies for the boarding house purchased by tender?

A. The supplies of groceries, meat, bread and fuel are purchased by tender?

Q. Water and light are supplied by the companies at Guelph.

A. Yes.

Q. Do all of these supplies purchased, come into the college boarding-house proper?

A. Mr. Mills' house is supplied out of them.

By Mr. ROSS.—Q. Mr. Brown also gets some supplies?

A. Not through me.

By Mr. CARNEGIE.—Q. Do you know whether he orders them himself or not?

A. No.

Q. How do the accounts come into you ?

A. They come in Mr. Brown's name from the different merchants.

Q. Does he certify that they are correct ?

A. They are all certified to by the President or by Mr. Brown.

Q. What accounts does Mr. Brown certify to ?

A. The farm accounts.

Q. Do any other officers certify to accounts except Mr. Mills and Mr. Brown.

A. No.

Q. None of the other staff or employees receive supplies except Mr. Mills and Mr Brown ?

A. No, not so far as I know.

Q. You have never paid any such accounts that you know of.

A. Not that I am aware of.

Q. Would your books show what supplies went to Mr. Brown and what went to the college proper ? Not without sifting the accounts through ?

A. No.

Q. Then the supplies for groceries supplied to Mr. Brown would be in the gross amount of groceries said to be supplied to the college.

A. Yes.

Q. You have been charging the students for board, do you charge them a sum irrespective of the cost ?

A. I charge them so much per week, irrespective of the cost of provisions.

Q. What is the amount ?

A. \$2.50 per week.

Q. You have a large number of servants, are they all employed in the college.

A. Yes.

Q. Mr. Brown's servants, are they paid by the Province ?

A. Yes.

Q. How many servants has Mr. Brown ?

A. Two.

Q. I think you told me that you could not tell what the amount due to the creamery was outstanding at the end of 1884.

Q. You were aware that the payments on account of the creamery had been in advance of the receipts ?

A. I don't know anything about it.

Q. You say that you don't know anything about it ?

A. Yes.

Q. I thought you said that the accounts were handed to you for settlement ?

A. Nothing more than I have told you.

Q. The money for the butter, I understand you to say, was remitted to Mr. Brown, and he paid it to you ?

A. Yes.

Q. He handed you nothing as being the amount on hand, or due ?

A. No.

Q. Have you had to pay any of the liabilities of the creamery since the accounts were handed over to you ?

A. No. I think there was one small transaction of \$5 for cream that was omitted to be paid for last fall, and that I have paid.

Q. That is since the 1st of January?

A. Yes.

By Mr. Ross.—Q. Are you aware that the cream was paid for at the creamery at the time of delivery?

A. That was what I understood.

Q. It did not go through your hands?

A. No.

By Mr. CARNEGIE.—Q. About the Christmas sale of fat stock. Did you have anything to do with it except taking the money handed to you?

A. I was at the sale and took a memorandum of the description of each animal sold and the price it brought.

Q. How many animals have you a record of being sold at the sale?

A. Seven.

Q. Is that the number you have of those sold?

A. Yes.

Q. You were there?

A. Yes.

Q. And you took a record of the sales?

A. Yes.

Q. You know nothing of the number of horses kept on the place?

A. No.

Q. Can you tell me how much you have credited to the students in each month for college labour?

A. I have a statement of it.

Q. There is the report of Mr. Mills for 1884. How much does he credit the students for labour. How do you account for the difference between the amount you return and the amount he returns?

A. It will be accounted for in this way: My return only shows the ordinary labour and Mr. Mills' report shows some special labour.

Q. Is there a large amount of special labour paid for in cash?

A. Yes.

By Mr. A. M. Ross.—Q. You furnished the amount to Mr. Mills which he placed in his report?

A. Yes.

Q. And the amount in the statement?

A. Yes.

Mr. Kivas Tully, Provincial Architect, handed in plans of Parliament Buildings and grounds etc.

Osgoode Hall and grounds etc.

Mr. Ferris retired from the Chair, calling on Mr. Mulholland to take the same *pro tem.*

Mr. McCallum laid upon the table statement of Student labour, as asked for by Mr. Carnegie.

Mr. Carnegie asked that the statement just handed in by Mr. McCallum (Student Labour), be entered upon the minutes of the Committee.—Ordered.

Several members entered and retired from Committee room during the examination ination of Mr. McCallum.

Mr. McCallum's evidence concluded.

Mr. Sproule, Provincial Auditor, called, appeared, sworn, examined, (in re auditing book, Agricultural College), by Mr. Carnegie, evidence taken down by shorthand writer marked "I."

"I."

C. H. SPROULE, sworn (examined by MR. CARNEGIE).

Q. I think I understood you to say that you went up to Guelph at frequent intervals to audit the books?

A. I go up, but not frequently.

Q. How often do you go?

A. About half a dozen times in the course of the year.

Q. These are the statements furnished by you of the revenue for the past two years

A. They came through our office.

Q. Is this a copy of the Bursar's statement?

A. It is the Bursar's statement itself, This is his own writing.

The writing of the statement was shown to Mr. McCallum, who stated that it was not written by him,

MR. SPROULE—It is an extraordinary coincidence that the writing should be so much like Mr. McCallum's. It was prepared by an extra clerk in the office.

By MR. CARNEGIE.—Q. Is it simply a copy or was it made up in your office from different source?

A. It is the original statement,

Q. On this statement produced by you the farm revenue is given as?

A. Services of animals \$41, sales of wheat \$62, 24 sales of cattle \$8,235.79?

Q. Making a total of?

A. \$8,339.03.

Q. Less advance to Professor Brown, *re* purchase of cattle, \$500?

A. Yes.

Q. Leaving?

A. \$7,839.03.

Q. That would correspond with the statements of the previous months?

A. Yes.

Q. Now, as auditor, do you think that a proper way of entering that \$500? Why should it not be entered as revenue?

A. Because of the actual transaction itself. The reason it was entered as it is is this. It was an advance made in an unofficial way to Mr. Brown under the authority of the late Treasurer, Mr. Wood, by the Guelph branch of the Bank of Commerce. It was made so as to enable him to purchase cattle for fattening purposes during the winter, and Mr. Brown had, as I have said, Mr. Wood's authority for getting the advance.

Q. That \$500 does not appear in the public accounts as an item of expenditure?

A. No, neither does the college get credit for the revenue.

Q. What about the refund to the students?

A. That is a refund of \$195 which Mr. Mills thought it just to make.

By Mr. ROSS.—Q. Is that a refund on account of board?

A. Not specially, it is a refund in adjusting the whole accounts.

By Mr. CARNEGIE.—Q. Now this statement shows that the whole revenue from the farm, without including the creamery, for the year 1884, was \$7,813.63?

A. Yes.

Q. The first item of that is a credit for sales of stock, April, 1883, \$3,323.69?

A. Yes.

Q. Does that settle for the sale of 1883, or does it leave some accounts outstanding?

A. I cannot answer a question of that sort at the present time.

Q. What do you examine when you go to Guelph?

A. I examine the cash book.

Q. Who receives the money?

A. The orders are that Mr. Mills receives all the money from the College.

Q. Does Mr. Mills receive the money from the farm?

A. Not at all.

Q. Who does?

A. Mr. Brown receives all the ordinary revenue of the farm, and at the end of the month checks with the Bursar, and then I examine the cash book to see that everything is correct.

Q. Who checked the sale of 1883?

A. Well, that remains in an unsettled state. Before the present Bursar went there there was more or less trouble with the Bursar, and the present Bursar has not had time to get into all the details of the office, and so the sale of 1883 has not yet been settled up. The Bursar has been instructed to have a proper record of all the past sales made to keep the others under his control.

Q. Then, as auditor, you don't know if the sale of 1883 has been straightened up?

A. No, the Bursar informed me that it was straightened up, and all the entries brought into the books. That is my impression or knowledge of the facts.

Q. After the items for the sale of cattle to Goodfellow, where did you get the details?

A. I don't go into details.

Q. But where did you get the money from? Is that in the Bursar's books?

A. Yes.

Q. Will you produce the Bursar's book?

A. I am not responsible for that. If a return is ordered and I find that it agrees as far as the total is concerned with what I have examined before and found to be correct, I do not go into the details of it to test it.

Q. The whole of this statement is the Bursar's?

A. Yes.

Q. You checked this book ?

A. Yes.

Q. Now show me this item in the book ?

A. I don't go into details, there are two men on the farm to do that.

Q. You audited the book, and you certify that the amount returned as revenue is there ?

A. Yes.

Q. Then you say that the items in the cash book at each of your examinations are correct ?

A. Yes.

Q. And how can it be correct if they do not include these items ?

A. That is a question of the correctness or the correctness of the statement. There may be some mistake in the details.

Q. All you do in your checking is to examine the cash book and ascertain that the amount returned as revenue corresponds with the amount received ?

A. I also see that the amount has been deposited and certified to by Mr. Mills.

Q. Does Mr. Mills certify to the correctness of the accounts ?

A. Yes.

Q. Does Mr. Brown certify to the correctness of the farm accounts ?

A. Yes.

Q. Are we to understand that Mr. Mills and Mr. Brown have certified to these statements ?

A. Mr. Mills does not certify to statements.

Q. As far as your auditing goes, animals, produce or implements might be sold off the farm and the proceeds never accounted for ?

A. No ; that might have been possible in former years, but it could not be done now.

Q. What check have you ?

A. Under Mr. Ross' orders I have given instructions that such sales are to be guarded against by a record being kept.

By Mr. Ross.—Q. I have given instructions that a stock book shall be kept in which shall be entered the stock on hand at any time, the stock purchased, with the price, and from whom bought, and time of purchase, sales, deaths, etc.

A. Yes

By Mr. CARNEGIE.—Q. When did that go into force ?

A. It should have gone into force months ago, but owing to the change in Bursars it did not.

Q. Has it been in force for 1885 ?

A. It is supposed to be in force.

Q. Is it in force or is it not in force to-day ?

Q. I cannot answer that. Orders have been issued that it should go into effect at once.

By Mr. Ross.—Q. In regard to the item of \$500 advanced to Mr. Brown for the purchase of cattle in 1883, that money was returned by Mr. Brown ?

A. Yes.

Q. It was got as an advance and returned.

A. Yes.

Q. In that way it does not appear on the public accounts ?

A. Yes.

Q. In 1884 accountable warrants have been issued for the purchase of stock?

A. Yes.

Q. And in that way they will appear in the public accounts?

A. Yes.

Q. The warrants will appear as expenditure?

A. Yes.

Q. And the receipts as revenue?

A. Yes, and I would further explain that the special reason why the \$500 appeared in that way. The bank in place of making application for the regular check took it upon themselves to write it off the books instead of allowing it to go through the regular routine. That is the way it slipped through.

By Mr. CARNEGIE.—Q. These are the Public Accounts for 1884?

A. Yes.

Q. On pages 181, 182, there are charges of \$3,146 for cattle for fattening purposes

A. Yes.

Q. On pages 182 and 183 there are charges for cows, sheep, pigs, horses and dogs, \$2,073?

A. Yes.

Q. Making a total of?

A. Five thousand two hundred and nineteen dollars.

Q. Then there are expenses for the purchase of cattle amounting altogether to?

A. About \$80.

Q. You can give me any information as to why the statement of Mr. Brown does not correspond with the Public Accounts?

A. I cannot without comparing them.

By Mr. ROSS.—Q. You can by comparing them?

A. Yes; I can test its accuracy or its inaccuracy, if there is any. I can give any return that is asked for, but I cannot judge of other people's without examination.

Q. That return for the \$2,000 was sent in by you among the other statements?

A. Yes, to the best of my knowledge.

Mr. McCALLUM recalled by Mr. CARNEGIE.—Q. This item in your statement of cattle sold is made up of \$1,367 credited in the Bursar's cash book, and \$2,000 paid by Mr. Brown into the Provincial Treasury direct?

A. Yes.

Q. Where are the sales of pigs and sheep included?

A. In the general statement of sales of stock; If you take the whole memorandum and add to it the \$2,000 paid in by Mr. Brown, you will find that it agrees with the amount returned as being the amount received from the sale of stock.

Q. Then you have included the \$2,000 in the sales?

A. Yes.

By Mr. ROSS.—Q. This is the statement of the farm revenue sent in by you?

A. Yes.

Q. It was produced before the Committee a few days ago?

A. I suppose it was.

Q. The item \$3,326.69 includes all the amounts that go to make up the sales of stock?

A. Yes.

- Q. Then will you give to the Committee all the details?
- A. There is the amount from the sales of 1883, \$3,154.69, pigs \$45, sheep \$76, still to be paid \$60.
- Q. And this makes in all \$3,326.69?
- A. Yes.
- Q. And corresponds with the statement in?
- A. Yes.
- Q. The item which appears in the statement of cattle sold to Goodfellow at the Easter sale of 1884, \$3,367, appears as \$1,367 cash received by the Bursar and \$2,000 forwarded to the Provincial Treasury?
- A. Yes.
- Q. And that makes the statement sent in and the public accounts agree?
- A. Yes.

During the examination of Mr. Sproule Mr. Ferris entered Committee Room and resumed the Chair.

Mr. Sproule's evidence concluded.

Mr. McCallum recalled to make certain explanations, after which, and on motion the Committee adjourned to the call of the Chair.

The Committee met at 10 o'clock, a.m.

Present.

Mr. Ferris, Chairman.

Messieurs Awrey, Balfour, Ballantyne, Carnegie, Creighton, Harcourt, Hardy,	Messieurs Meredith, Merrick, Mulholland, Ross, O'Connor, Waters—14.
---	--

Mr. Carnegie asked that Mr. Mills, President, Agricultural College, be called.

The Chairman called Mr. Mills, who appeared, was sworn, examined by Mr. Carnegie, evidence taken down by shorthand writer, appended and marked "K."

" K "

MARCH 25th, 1885.

Mr. JAMES MILLS, Sworn (examined by Mr. CARNEGIE).

Q. You are Principal of the Ontario Agricultural College?
A. Yes.

Q. And as such, you have charge of all matters relating to the college and the students?

A. Yes.

Q. How do you charge for the board of the students? Have you a fixed amount, or do you charge according to the cost?

A. In 1884 we charged \$2.50 for Board, and for washing 30 cents a dozen.

Q. All of which was done in the college?

A. Yes.

Q. Then, in the amounts credited as receipts as board from the students, washing would be included?

A. Yes.

Q. I observe from your report for 1884 that the receipts for board amounted to \$3,984.21?

A. I presume that is correct.

By Mr. Ross.—Q. What is that for?

A. The balance of the board accounts after deducting the amount for labour.

By Mr. CARNEGIE.—How much did you allow for labour in 1884?

A. \$4,234.98,

Q. That is your own report?

A. I took it from the bursar.

Q. How many weeks' board would that represent?

A. I am not prepared to answer that; it is a matter of division.

Q. How many weeks' board were charged to the students in 1884?

A. I have not made an estimate; they were charged for every week they were there, though it is not all paid.

Q. Would there be more unpaid at the close of 1884 than at the close of 1883?

A. I could not say at the present time.

Q. Have you no idea?

A. I have no idea; it never occurred to estimate. I bring all due pressures to bear on them, but there is great difficulty in getting them to be prompt.

Q. Supposing a student were at the college all the terms from the first of January to the end of December, how many weeks' board would he have to pay for?

A. We admit students both in October and in April, the number on the rolls is always greater than the number in attendance. A great many leave at Easter and in June.

Q. What was the average attendance during last year?

A. I could not answer that now. I should have to make it out from the attendance roll.

Q. The period of attendance would be over 42 weeks if each student were in attendance the whole of the term?

A. Between 42 and 43 weeks, but I am sorry to say that it is not that or anything like it.

Q. That would be about \$100 from each student for board if every one were to be present all the time?

A. Yes.

Q. So that the amount received from the students for board and the amount allowed for board would average about 82 students?

A. Yes, if the amount due at the end of December, 1883, and the amount due at the end of December, 1884, were the same in each case.

By Mr. Ross.—Q. Eighty-two students would be the full average?

A. Yes.

Q. The average, taking the full course of 42 weeks?

A. Yes; less if anything.

By Mr. CARNEGIE.—Q. The amount of expenses charged to the college is \$26,323?

A. Yes.

Q. Now if you will look back you will find an item—Harris, \$826 for bread

A. Yes.

Q. Was that bread supplied by contract?

A. Yes.

Q. Would that be all for the board of the students?

A. No.

Q. Who were supplied with bread outside the students?

A. Myself and Professor Brown.

Q. You live in the college?

A. Yes; I am supplied from the college kitchen meal for meal as the students are.

Q. Then the item covers the students, Professor Brown, yourself, and the servants?

A. Yes.

Q. Then you will find J. & R. Miller, meat, butter and eggs, \$4 082.21?

A. Yes.

Q. Was that all for the students?

A. No.

Q. For whom was it?

A. The same as the other.

Q. D. Nasmith, \$152.44; the same is true of that?

A. More or less, I don't know to what extent.

Q. E. Parsons, \$35?

A. Yes, that is for sausages.

Q. W. Roe, \$65.50?

A. Yes; I cannot say as to whether any portion of that goes to Professor Brown or not. I think that was bought by the Bursar. All our beef and mutton is by contract from Miller and Nasmith, but we do sometimes buy in the open market, from the farmers or where we can get it to the best advantage.

By Mr. Ross.—Q. In regard to all these meat supplies Professor Brown's house is furnished as well as the college, and you board in the college?

A. Yes.

By Mr. CARNEGIE.—Q. Then there is the further item—Angel, \$17.34?

A. Yes.

Q. Then we have Wood, \$28?

A. Yes.

Q. Lock, groceries, \$587?

A. Yes.

Q. Is that by contract?

A. Yes; perhaps it was the balance of last year. Lock was the previous contractor, and he was succeeded by Wood.

Q. Then that would be for December, 1883?

A. We have not been quite exact in letting the contracts, and it might extend a little over the twelve months.

By Mr. Ross.—Q. The new tenders go into effect in the month of January?

A. Yes.

Q. And Wood succeeds Lock?

A. Yes.

By Mr. CARNEGIE.—Q. Can you tell me what portion of the supplies went to the college, and what portion to Professor Brown?

A. Yes.

Q. Will the vouchers show it?

A. Yes; partly.

By Mr. Ross.—Q. You are put to considerable expense in entertaining visitors to the college?

A. Yes; I have a great deal of entertaining to do, that I think devolves on me as the head of the institution. I entertain none privately.

Q. What I refer to particularly: there was a meeting of members of the British Association, and about one hundred gentlemen were invited to meet them at the college?

A. Yes.

Q. And the members of the Legislature paid a visit, and a good many were also invited to meet us?

A. Yes; we have more of that kind of entertaining than any other institution I know of.

Q. Public visitors that you could not afford to neglect?

A. Yes.

By Mr. CARNEGIE.—Q. There is Lock's statement for the month ending 15th December, how is that divided?

A. This went into the 1884 statement.

Q. How is that divided?

A. College, \$268.12; Professor Brown, \$23.16.

Q. Then the account of Lock for January, how is that divided?

A. College, \$682.50; Professor Brown, \$37.15.

By Mr. Ross.—Q. That account of Lock's for January would show that his contract practically would not close till the middle of January or February?

A. Yes.

Q. I suppose these accounts are all checked over by somebody?

A. Yes.

Q. By whom?

A. The Bursar, and I check the college part.

Q. You have a girl that is detailed to check the receipt of groceries?

A. For the college portion the bill is brought with it, is delivered at the store room, the goods are weighed and the items on the bill are checked.

Q. By whom are the bills checked?

A. By the girl in charge of the store room. The bills are kept in the room by the girl until the end of the month. They are taken out at the end of the month.

Q. Checked with her books?

A. Yes.

Q. And checked with the prices in the tenders?

A. Yes,

By Mr. CARNEGIE.—Q. Who checks the bills for supplies to Professor Brown?

A. I don't know about that.

Q. Is there any certificate that they have been checked, or that the goods have been received?

A. No, not on the face of it.

Q. Do the bills come to you direct, or are they sent to Professor Brown, and by him to the Bursar?

A. He usually buys from the same places where the college supplies come from, receives the bill and sends it to the Bursar.

Q. Who is that account from, and what is its date?

A. It is dated 15th December, 1883, and is from J. A. Wood.

Q. For what?

A. Groceries.

Q. For whom?

A. This is for the college.

Q. Was this got while the contract was running with Lock?

A. Yes. But this is for butter, and since the college started butter has never been in the contract. They buy butter where they can buy it the best and the cheapest.

By Mr. ROSS.—Q. And the account you read was for butter?

A. Yes.

By Mr. CARNEGIE.—Q. What have you besides your board and salary?

A. Living in the college buildings which are heated by steam, I have heat, and the same is true about light. I have one servant at \$8 a month and the use of the college horse.

Q. It is kept for your own use?

A. Yes, when I want it I have it.

Q. What has Professor Brown?

A. He has a house furnished to some extent by the Province, fuel, light, groceries, meat, bread and fruit.

Q. Has he any servants?

A. Two, one at \$8 a month and another at \$10.

Q. From Professor Brown's evidence we learn that there were a good many horses kept for the use of the officials of the college, would they be under your control?

A. They are on the farm and not controlled by me. The matron has a horse kept by the Province which belongs to herself.

Q. What has the Bursar outside of his salary?

A. He has a house furnished in part, fuel and light. He has also three newspapers, the Globe, Mercury and Herald. Two of these are free copies.

Q. What has the engineer?

A. An allotment for fuel to the amount of \$40. The assistant resident and mathematical master has board and washing.

Q. He boards in the college?

A. Yes; he has also paper and envelopes. The matron has board and washing, and the keep, shoeing and feed of a horse.

By Mr. Ross.—*Q.* Which belongs to herself?

A. Yes, she owns her own buggy and harness.

By Mr. CARNEGIE.—*Q.* What about the other officers?

A. The messenger has board and washing. The watchman has board and washing. We only keep him for nine months in the year.

Q. Why do you keep him for nine months only?

A. Because, in July and August we have not any students.

Q. If you can get the watchman for nine months, why do you keep the engineer all the year?

A. The engine is running all the year. The stoker has board and washing for six months in the year. We dispense with his services in the six winter months.

Q. Professor Hare, you did not mention him?

A. He gets nothing at all.

Q. Does he live at the college?

A. He lives in the suburbs of Guelph.

Q. How about the supplies from the farm?

A. I have no control over the farm.

Q. Then you know nothing about that?

A. Not except what we get from the farm and garden for the kitchen. The girl I have mentioned checks all this.

Q. Then you know nothing about the entry I find in the gardener's report of what he has delivered to the college. He says he supplied to Professor Brown, Dr. Hare and others \$121.21?

A. If he supplied anything to Dr. Hare it was paid for. He consulted me one day last summer about some raspberries, and I told him that he could not supply them unless Dr. Hare paid for them.

By Mr. WATERS.—*Q.* What was the amount?

A. I could not say.

By Mr. Ross.—*Q.* I suppose Professor Brown could get vegetables from the garden as part of his supplies?

A. Yes.

Q. Among the expenses charged in 1883-4 I find a great many items for furniture and furnishings, were these all for the college?

A. I could not say without going through the items.

Q. There is one, J. McBean, furnishings \$12.75, what is that for?

A. I could not say.

Q. J. B. Skinner, furniture \$295.25, what is that for?

A. I could not say.

Q. What are the next four items?

A. I could not say without the vouchers.

Several members entered Committee Room during examination of Mr. Mills.

Mr. Mills' evidence concluded.

Mr. Carnegie asked why he could not get statement of cattle for fattening purposes he asked for some time ago.

Mr. Ross—The Auditor gave me to understand that the statement had been sent in and that he could not get it back.

Mr. Carnegie—I did not see all the items of the statement. I saw the accountable warrant for the \$1,000, but the \$2,000 I did not see.

Mr. Ross—I understood the Auditor to say that he put them all together and he did not get the one back.

Mr. Carnegie—I asked for the statement of the \$3,000 expenditure for cattle, and I have not got the statement for the \$2,000 of it.

Mr. Ross—I promise you that if I get the statement I will give you a copy of it.

Mr. Creighton asked that the statement of sums paid for printing, in 1884, to other than the contractors, be entered upon the minutes.—Ordered.

Statement appended and marked "L."

"L."
