INTRODUCTION

The Purpose of Supplementary Estimates

Where it is necessary to seek the Legislature's approval for additional expenditures after the tabling of the Main Estimates, Supplementary Estimates may be tabled.

Format, Presentation, Terms and Definitions

Terms and definitions used throughout these Supplementary Estimates have the same meaning as described in the INTRODUCTION section of the 2023-24 Main Estimates. There are differences between the format and presentation of the Main and Supplementary Estimates described below.

Supplementary Estimates, unlike Main Estimates, do not include "Ministry Program Summary" tables providing a high-level perspective of each Ministry and listing all Votes/Programs, Statutory Appropriations and consolidations and other adjustments. "Vote Summary" tables display only those Items where authority for additional expenditures is being requested via Supplementary Estimates.

For comparative purposes, current and previous year's Estimates amounts, which reflect previously tabled Main and Supplementary Estimates, and Actual amounts for the fiscal year two years ago are provided on Vote Summary pages. While all Supplementary Estimates amounts are "TO BE VOTED", total Estimates amounts may include Special Warrants (if issued). Prior years' amounts are restated to provide comparability where functional reorganizations and transfers, Supplementary Estimates or accounting changes have occurred. For more details on restatement to previously published data refer to the Main Estimates, restatement tables completing each Ministry's section.

Estimates Accounting Policies

The Main and Supplementary Estimates are prepared on an accrual basis of accounting, consistent with the Province's Budget and Public Accounts.

TREASURY BOARD SUPPORT PROGRAM - VOTE 3404

The Treasury Board Support Program provides leadership and advisory services that support evidence-based decision making, prudent financial management and transparent public reporting across the public sector in Ontario. The program also provides leadership to ministries and provincial agencies through the delivery of strategic enterprise-wide policies, directives and advice designed to promote excellence in public service, including leading and supporting the review of Ontario's provincial agencies.

The program fosters accountability and fiscal integrity by providing expertise and advice on the development and implementation of fiscal, financial management, performance measurement and infrastructure frameworks. The program ensures the appropriate use of public resources to meet government priorities by supporting Treasury Board/Management Board of Cabinet and providing advice on ministries' annual multi-year plans, the management of in-year expenditures and the design of programs. In addition, the program assists the President of the Treasury Board, Deputy Minister and Secretary of the Treasury Board/Management Board of Cabinet and the government with public reporting on plans and results through, for example, the Expenditure Estimates. The program also provides the Ontario Public Service and broader public sector with accountability and oversight advice.
