Local Health Integration Networks

Update / April 15, 2005

The ministry continues its ongoing work towards the establishment of the 14 LHINs later this spring. In the meantime, please find below a couple of updates related to the content of the LHIN web site.

Updated Health Care Provider Info for LHINs

Since the release of the April 1 bulletin with the final LHIN boundaries and related information, the ministry has expanded the list of available key categories of health providers in each LHIN to include community support services organizations. To view the revised lists, please visit the [LHIN Geographic Boundaries and Supporting Information](#) section of this web site.

LHIN Bulletins To Date - Now It's Easier To Find The Information You Need

To make it easier for you to search for LHIN related information contained in our Bulletins, they have been organized by topic, e.g. information on LHIN boundaries is contained in Bulletins No. 1, 8 and 9. Feel free to browse through the [newly organized section on LHIN bulletins](#) on this site.
