November 2003 Page 1/5

OFFICE OF THE PRESIDENT & CEO

The Ontario Tourism Marketing Partnership Corporation (OTMPC) places major emphasis on achieving results and tracking our programs. At the last board meeting held on November 12 -13, IBM Consulting and the Market Performance and Assessment Committee led by Joel Peters, presented tracking results of OTMPC campaigns to reflect on how to take the results and further strengthen our campaigns. On average in 2002-2003, for every dollar invested by the OTMPC in advertising \$12.7 was generated in visitor spending. These are surprisingly positive results given the difficult market conditions we have been operating in over the last year. Below is a chart giving you the breakdown of the 2002-2003 campaigns.

Campaign	Trips Generated (000s)	Revenues Generated (000s)	ROI (Visitor Expenditures \$)
Domestic Spring	223	\$57,100.0	17.8
Domestic Summer	68	\$15,600.0	10.0
Domestic Winter	149	\$31,000.0	24.0
Domestic Total	440	\$103,700.0	17.1
US Near Market Spring	128	\$34,400.0	7.5
US Near Market Summer	72	\$19,300.0	8.3
US Near Market Winter	168	\$45,400.0	27.9
US Total	368	\$99,100.0	11.6
US Mid Market Spring/Summer	11	\$6,700.0	3.7
2002 Spring Summer and Winter Campaigns Total	819	\$209,500.0	12.7

We also report on public relations results. This includes our work with travel print, broadcast and on-line travel media. It is based on the advertising cost multiplied by four. We do this to measure third party endorsement for positive stories. The following gives you a synopsis of the P.R. value for 2002-2003.

Value	Domestic (000s)	U.S. (000s)	U.K. (000s)	Germany (000s)	Japan (000s)	Other (000s)
Advertising	\$2,443.0	\$9,916.0	\$3,373.0	\$3,131.0	\$15,000.0	\$4,000.0
PR Value	\$9,774.0	\$36,766.0	\$13,483.0	\$12,525.0	\$60,000.0	
Joint Mktg Agreements	n/a	\$66.2	\$264.5	\$234.1	\$400.0	\$57.9

printed *Resource Guide* that will be distributed beginning January 2004. The *Resource Guide* will be available to travelers at Ontario Travel Information Centres, through 1-800-ONTARIO and on the www.ontariotravel.net web site.

We have developed Premium listings on the website that can be purchased for an additional \$200 per year. This provides your tourism business with larger photos, a 150-word description, and an icon highlighting your listing in the search results. You will also receive a banner ad or a sponsored link that will give you added exposure. Space is limited so book early.

Register at www.tourismpartners.com to take advantage of this opportunity or if you are already registered just log-in at www.tourismpartners.com and go to Manage Organization. On the right menu select Create or Update Listing - link to see an example of how your premium listing could look! - If you have any difficulties, please email info@tourismpartners.com

We have also improved the search tool for visitors on the consumer site at www.ontariotravel.net. Consumer feedback indicated that we needed to make it easier for consumers, or potential visitors to Ontario to get travel information. With the improvements we've made, visitors to the site can now use the new accommodation search button for easier access to listings on where to stay and access relevant search tools with better descriptions. These improvements have been incorporated to make it easier for potential visitors to Ontario to search for travel information. We have also expanded the industry categories and types of tourism businesses listed in the database to serve diverse visitor inquiries. We know that if we make it easier for the consumer to find you, it will be easier for them to book their overnight stay!

Huronia Historical Parks on the Move!

Huronia Historic Parks (HHP) has developed new programs to strengthen links with its community. A new TM Vista visitor management program has been installed which will allow the site to tabulate numbers and visitor information. Other developments include construction of a new boardroom, and a larger conference room area, which can be rented to the community. A.V. presentations in the two theatres have been upgraded to D.V.D., which will enable the facility to better target the MC&IT market and help bring more tourism revenue into the community.
