Net Weekly Income Tables

The Commission has published final versions of three tables (dated November 25, 1993) to help automobile insurers calculate net income for the proposed statutory accident benefits schedule.

These tables may be used to compute net income from employment, net income from self-employment, and net collateral benefits.

For companies licensed to write automobile insurance, we have attached copies of these three tables and corresponding worksheets.

Companies other-than-auto may order copies by phone: (416) 590-7155 (Linda Laprade) or 590-7188 (Erika Munro); or by fax (416) 590-7265.

Net Weekly Income Table -Other Than Self-Employment

**Tableau du revenu hebdomadaire net
-Excepté le travail à son compte**

November 25, 1993/le 25 novembre 1993

©1993
Queen's Printer for Ontario/
l'imprimeur de la Reine pour l'Ontario
ISBN 0-7778-2111-7

Use this worksheet to calculate the net weekly income from the table for claimants who are not self-employed. For claimants who receive all their income from self-employment, use the *Net Weekly Income Worksheet (for claimants with self-employment income only)*. If a claimant receives income from both employment and self-employment, you cannot use the tables to calculate net income. In these cases, you must calculate net weekly income using the formula that will be found in the *Statutory Accident Benefits Schedule*.

Utilisez cette feuille de travail pour calculer le revenu hebdomadaire net à l'aide du tableau pour les demandeurs qui ne travaillent pas à leur compte. Pour les demandeurs qui tirent tout leur revenu du travail à leur compte, utilisez la Feuille de travail - *Revenu hebdomadaire net (pour les demandeurs travaillant seulement à leur compte)*. Si un demandeur tire un revenu, à la fois d'un emploi et du travail à son compte, il ne peut utiliser les tableaux pour calculer le revenu net. Dans ces cas-là, il faut calculer le revenu hebdomadaire net en utilisant la formule qui se trouve au *Barème légal des indemnités d'accidents*.

ISBN 0-7778-2110-9

Use this worksheet to calculate the net weekly income from the table for claimants who receive all their income from self-employment. For claimants who receive no income from self-employment, use the **Net Weekly Income Worksheet (for claimants with no self-employment income)**. If a claimant receives income from both employment and self-employment, you cannot use the tables to calculate net income. In these cases you must calculate net weekly income using the formula that will be found in the *Statutory Accident Benefits Schedule*.

Utilisez cette feuille de travail pour calculer le revenu hebdomadaire net à l'aide du tableau pour les demandeurs, qui tirent tout leur revenu d'un travail à leur compte. Pour les demandeurs qui ne travaillent pas à leur compte, utilisez la Feuille de travail - **Revenu hebdomadaire net (pour les demandeurs ne travaillant pas à leur compte)**. Si un demandeur tire un revenu, à la fois d'un emploi et du travail à son compte, il ne peut utiliser les tableaux pour calculer le revenu net. Dans ces cas-là, il faut calculer le revenu hebdomadaire net en utilisant la formule qui se trouve au *Barème légal des indemnités d'accidents*.
