What is LHINC?

14 LHINs + Enhanced Collaboration = New LHIN Collaborative (LHINC)

The LHIN Collaborative (LHINC) is a new LHIN-led provincial organization intended to support the LHIN mandate and transformation of the broader health system.

The LHINC encompasses all LHINs and provincial health service provider associations. In this new collaborative structure, LHINs and provincial associations will work together to promote integration and implementation of provincial strategies.

“As an organization who works collaboratively with Ontario’s 13 other LHINs, the North East LHIN is very pleased to welcome and support the valuable work of the LHINC,” says Peter Vaudry, Interim Chair of the NE LHIN Board of Directors. “The LHINC’s spirit and intent – in building on previous work and anticipating the future – can only help citizens in our region and elsewhere as we collaboratively pursue our province-wide quest for health care system enhancement.”
