Hospital Service Accountability Agreement *Update*

2008-10 HSAA Leading Practices Nomination Form

As announced in past issues of the *Hospital Services Accountability Agreement (HSAA) Update*, the Joint Local Health Integration Network (LHIN)/Ontario Hospital Association (OHA) HSAA Review Task Force will be reviewing and providing recommendations on the leading practices and processes of the 2008-10 HSAA negotiations.

The Leading Practices Work Group has been tasked with identifying initiatives that are enabling hospitals to deliver services and programs within the available funding allocations in 2008/09, 2009/10 and beyond. We are particularly interested in documenting strategies or initiatives that:

- Promote efficiency/productivity and patient care (e.g., access, quality, safety, collaborative service delivery);
- Are linked to the Hospital Annual Planning Submission (HAPS) Guidelines Prioritization Framework, hospital/LHIN/Ministry of Health and Long-Term Care (MOHLTC) priorities, and provincial policy;
- Are transferable/adaptable to other organizations or communities;
- Are creative and innovative;
- May support integration opportunities and/or involve other health service providers; and
- Have produced significant results or have the potential to do so if well implemented.

Please take a few moments to complete the attached form and forward it to ohadata2008@oha.com by Monday, **December 1**. Hospitals may identify up to three practices (please use one form per practice). If your organization has existing background information on the practice, please attach this information to the nomination form. Practices most supportive of the above criteria may be included in the Task Force report to be released in December 2008.

If you have any questions, please contact Tomi Nieminen at 416-205-1492 or tmieminen@oha.com.

Hospital Service Accountability Agreement Update

Hospital Service Accountability Agreement Update is published by [Ontario's Local Health Integration Networks](#), in collaboration with the [JPPC](#), [Ministry of Health and Long-Term Care](#) and the [OHA](#). It is intended to keep senior executives in Ontario hospitals informed of new developments related to the LHIN's ongoing negotiations with hospitals towards achieving balanced budgets and the signing of service accountability agreements.

2008-10 HSAA Leading Practices Nomination Form
