Fee Calculations & Rate Tables

Each Designated Blue Box Waste material is associated with an annualized fee rate. (See [Fee Setting Methodology](#) & [Setting of Fees](#)) For each obligation year, fee rates are carefully calculated, consulted upon, approved by Stewardship Ontario's Board of Directors and then by Waste Diversion Ontario's Board of Directors. Once approved, they are programmed into the Steward Reporting System.

This system automatically calculates how much each obligated steward is required to pay, based on the amount of each designated material that they used in packaging or printed material during the "data" year.

2010 marks the eighth "obligation year" for the program. An obligation year is a calendar year for which stewards are or were required to register, file a Steward's Report and applicable fees. The first obligation year for this program was 2003.

Most obligated stewards were required to file Steward's Reports during the first seven obligation years (i.e. 2003, 2004, 2005, 2006, 2007, 2008 and/or 2009). Stewards are now required to file Steward's Reports as follows:

Obligation year	Applicable calendar time period	Data year for which obligation is calculated	Basis for fees (fee schedule)	Filing & payment deadline for Stewards Reports
2003	Feb 1 to June 30 2004	2002	2003 fee schedule	93 days from notification date
2004	July 1 to Dec 31 2004	2002	2004 fee schedule	93 days from notification date
2005	Jan 1 to Dec 31 2005	2003	2005 fee schedule	93 days from notification date
2006	Jan 1 to Dec 31 2006	2004	2006 fee schedule	93 days from notification date
2007	Jan 1 to Dec 31 2007	2006	2007 fee schedule	93 days from notification date
2008	Jan 1 to Dec 31 2008	2007	2008 fee schedule	93 days from notification date
2009	Jan 1 to Dec 31 2009	2008	2009 fee schedule	93 days from notification; filing payment schedule in Appendix C of the 2009 Rules
2010	Jan 1 to Dec 31 2010	2009	2010 fee schedule	93 days from notification; filing payment schedule in Appendix C of the 2010 Rules

Please note: The 2003 and 2004 obligation years are submitted as one Steward's Report using the 2002 data year. In addition, the 2007 Rules require stewards to submit data reflecting their 2006 sales and DBBW to Stewardship Ontario in order to calculate their fees for 2007. Stewards will *NEVER* be required to collect and submit 2005 data to Stewardship Ontario.
