

# BI-WEEKLY FIT and microFIT REPORT

Data as of September 30th, 2011

BI-WEEKLY FIT and microFIT REPORT

Data as of September 30th, 2011

SUMMARY OF PROGRESS IN THE FIT PROGRAM

| Count of Applications |              |              |                                 | Contract Executed |                         |
|-----------------------|--------------|--------------|---------------------------------|-------------------|-------------------------|
| Energy Groups         | Applications | Awaiting ECT | Total Contracts Offered to Date | Under Development | In Commercial Operation |
| Bioenergy             | 124          | 13           | 57                              | 42                | 7                       |
| Solar PV              | 8,903        | 202          | 2,259                           | 1,700             | 86                      |
| Hydroelectric         | 102          | 30           | 52                              | 49                | 0                       |
| Wind                  | 286          | 134          | 83                              | 70                | 1                       |
| Total Applications    | 9,415        | 379          | 2,451                           | 1,861             | 94                      |

| Sum of Applications (MW) |              |              |                                 | Contract Executed |                         |
|--------------------------|--------------|--------------|---------------------------------|-------------------|-------------------------|
| Energy Groups            | Applications | Awaiting ECT | Total Contracts Offered to Date | Under Development | In Commercial Operation |
| Bioenergy                | 324          | 117          | 61                              | 50                | 8                       |
| Solar PV                 | 7,995        | 1,713        | 1,334                           | 1,225             | 15                      |
| Hydroelectric            | 365          | 143          | 193                             | 188               | 0                       |
| Wind                     | 11,671       | 5,515        | 3,165                           | 2,574             | 1                       |
| Total MWs                | 20,355       | 7,488        | 4,753                           | 4,037             | 24                      |

|                                 |                                                                                               |
|---------------------------------|-----------------------------------------------------------------------------------------------|
| Applications                    | Total applications submitted to the program                                                   |
| Awaiting ECT                    | Applications that did not successfully pass TAT/DAT and are awaiting the next ECT             |
| Total Contracts Offered to Date | Cumulative number of contracts offered to date of reporting                                   |
| Contracts Executed              | Applications which have executed their Contract Offer                                         |
| Under Development               | Executed Contracts that have not yet reached Commercial Operation                             |
| In Commercial Operation         | Executed Contracts that have reached Commercial Operation and are considered to be in service |

BI-WEEKLY FIT and microFIT REPORT
