

# BI-WEEKLY FIT and microFIT REPORT

Data as of January 9, 2012

## BI-WEEKLY FIT and microFIT REPORT

Data as of January 9, 2012

### SUMMARY OF PROGRESS IN THE FIT PROGRAM

| Count of Applications     |                                      |              |                                 | Contracts Executed |            |                      |
|---------------------------|--------------------------------------|--------------|---------------------------------|--------------------|------------|----------------------|
| Energy Groups             | Total Applications Submitted to Date | Awaiting ECT | Total Contracts Offered to Date | Pre-NTP            | Post-NTP   | Commercial Operation |
| Bioenergy                 | 130                                  | 11           | 58                              | 31                 | 10         | 9                    |
| Solar PV                  | 9,585                                | 190          | 2,249                           | 1,306              | 335        | 150                  |
| Hydroelectric             | 104                                  | 30           | 52                              | 41                 | 8          | 0                    |
| Wind                      | 294                                  | 123          | 83                              | 68                 | 5          | 4                    |
| <b>Total Applications</b> | <b>10,113</b>                        | <b>354</b>   | <b>2,442</b>                    | <b>1,446</b>       | <b>358</b> | <b>163</b>           |

| Sum of Applications (MW) |                                      |              |                                 | Contracts Executed |            |                      |
|--------------------------|--------------------------------------|--------------|---------------------------------|--------------------|------------|----------------------|
| Energy Groups            | Total Applications Submitted to Date | Awaiting ECT | Total Contracts Offered to Date | Pre-NTP            | Post-NTP   | Commercial Operation |
| Bioenergy                | 336                                  | 91           | 62                              | 45                 | 5          | 9                    |
| Solar PV                 | 8,427                                | 1,601        | 1,332                           | 1,131              | 85         | 23                   |
| Hydroelectric            | 366                                  | 143          | 193                             | 136                | 53         | 0                    |
| Wind                     | 11,845                               | 5,118        | 3,165                           | 2,876              | 42         | 215                  |
| <b>Total MWs</b>         | <b>20,974</b>                        | <b>6,954</b> | <b>4,752</b>                    | <b>4,188</b>       | <b>184</b> | <b>247</b>           |

|                                             |                                                                                                                                                                                                                             |
|---------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Total Applications Submitted to Date</b> | Total applications submitted to the FIT program                                                                                                                                                                             |
| <b>Awaiting ECT</b>                         | Applications that did not successfully pass Transmission Availability Test and Distribution Availability Test and are awaiting the next Economic Connection Test                                                            |
| <b>Total Contracts Offered to Date</b>      | Cumulative number of contracts offered                                                                                                                                                                                      |
| <b>Contracts Executed</b>                   | Applications that have executed their FIT contract offer                                                                                                                                                                    |
| <b>Pre-NTP</b>                              | Executed contracts that have not yet been issued Notice to Proceed (NTP)                                                                                                                                                    |
| <b>Post-NTP</b>                             | Contracts that have been issued Notice to Proceed following submission of a valid request for NTP, REA (if applicable), financing plan, impact assessments, and Domestic Content Plan in the case of wind or solar projects |
| <b>Commercial Operation</b>                 | Executed contracts that have reached Commercial Operation                                                                                                                                                                   |

## BI-WEEKLY FIT and microFIT REPORT

Data as of January 9, 2012

### FIT PROJECT STATUS SUMMARY

#### Count of Applications

|                                    |                  | Application Stage |              |              |                        | Not Executed     |               | Contract Stage |              |            |                      | Grand Total   |
|------------------------------------|------------------|-------------------|--------------|--------------|------------------------|------------------|---------------|----------------|--------------|------------|----------------------|---------------|
