FREE Online Tutorials to Help You Use the Agricultural Information Atlas!

Posted on [September 16, 2015](#) by [Evan Elford](#)

The Ministry of Agriculture, Food and Rural Affairs (OMAFRA) developed a series of tutorials to help you use the Agricultural Information Atlas (AIA). The tutorials provide step-by-step instructions on a range of topics – from the basics of navigating through the application to creating specific maps for submissions to OMAFRA.

With the AIA, you can:

- create custom maps for your farm
- create farm sketches for nutrient management and tile drainage planning
- find agricultural information for Ontario

You can find the 13 tutorials on the [OMAFRA website](#). To access the AIA, go to the AgMaps Geographic Information Portal at ontario.ca/agmaps.

For more information, contact the Agricultural Information Contact Centre at 1.877.424.1300 or ag.info.omafra@ontario.ca.
