Soil: Our Common Ground, NFU National Convention Nov 26-28, 2015

Posted on [October 29, 2015](#) by [Evan Elford](#)

The 2015 NFU National Convention will take place on November 26 – 28, 2015 in London, Ontario at the Doubletree by Hilton, 300 King Street, London

This year’s theme is “**Soil: Our Common Ground**”

Healthy soil is the foundation of the food system. Soil filters our water, provides essential nutrients to our forests and crops, and helps regulate the Earth’s temperature and greenhouse gases. This year’s convention will highlight the need for policies and practices to protect our soil and our common ground.
