Revision of the Canadian Organic Standards

Posted on [November 30, 2015](#) by [Evan Elford](#)

The revised Canadian Organic Standards are now available as a free download on the Standards Council of Canada (SCC) website. Standards revision took place from 2013-2015 and included updates to:

NSC CAN/CGSB 32.310, *Organic Production Systems – General principles and management standards*; and, NSC CAN/CGSB 32.311, *Organic Production Systems – Permitted substances lists*.

The updated Canadian Organic Standards are available at the following links on the Public Works and Government Services Canada website:

- [NSC CAN/CGSB 32.310, Organic Production Systems – General principles and management standards](#)
- [NSC CAN/CGSB 32.311, Organic Production Systems – Permitted substances list](#)

The update of the Canadian Organic Standards was made possible by the [Organic Federation of Canada \(OFC\)](#), [Agriculture and Agri-Food Canada \(AAFC\)](#) and through sponsorship from over [35 different industry organizations](#).
