Farm Fencing Systems

Posted on [May 28, 2019](#) by [Betty Summerhayes, OMAFRA, Technology Transfer Specialist](#)

A variety of farm fencing systems for confining or excluding various kinds and sizes of livestock is available today. Although most fencing types have many applications on the farm, there is often one type best adapted to a specific function. Read the OMAFRA factsheet [Farm Fencing Systems](#) that discusses the fencing systems available, their application and approximate costs.
