Funding available under the Great Lakes Protection Initiative

Posted on January 28, 2020 by Betty Summerhayes, OMAFRA, Technology Transfer Specialist

Today, Environment and Climate Change Canada launched a call for applications to environmental funding programs, including funding under the Great Lakes Protection Initiative.

For funding under the Great Lakes Protection Initiative, applications are now being accepted until **March 3, 2020** for all priorities, with the exception of the engaging Indigenous Peoples priority. Applications for projects that support the engaging Indigenous Peoples priority will be accepted until **March 17, 2020**.

To learn more about this funding opportunity and how to apply, please visit www.canada.ca/en/environment-climate-change/services/great-lakes-protection/funding.

Great Lakes Protection Initiative

The goal of the *Great Lakes Protection Initiative* is to target the most significant environmental challenges affecting Great Lakes water quality and ecosystem health by delivering on Canada’s commitments under the *Canada-United States Great Lakes Water Quality Agreement*.
