

Best Management Practices Website Launched

Posted on [October 5, 2021](#) by [Betty Summerhayes, OMAFRA, Technology Transfer Specialist](#)

Just released, the virtual library of [Best Management Practices](#) (BMP) books, booklets, Soil Health infosheets and Environmental Farm Plan infosheets.

This website contains all the BMP titles and is designed to make it easy to find the information you seek. The award-winning BMP series helps Ontario farmers and rural landowners find the best options for managing soil, water and natural areas on their properties.

BMP publications range from infosheets to in-depth booklets. For each topic you'll learn more about the roots of a problem (e.g., cropland erosion) and find a range of BMP options from which to choose the right solutions for your property and goals. You can now source information by publication, by problem, by function and by series!

Search a particular topic and the site shows you publication titles, chapters, keywords or phrases found within a publication! You can also download the entire publication pdf or just the chapter pdf!!

Bookmark this page, [Best Management Practices](#), and come back often.
