ONTARIO REGULATION 25/23

made under the

ELECTRICITY ACT, 1998

Made: February 23, 2023

Filed: February 23, 2023

Published on e-Laws: February 23, 2023

Printed in *The Ontario Gazette*: March 11, 2023**BROADER PUBLIC SECTOR: ENERGY REPORTING AND CONSERVATION AND DEMAND
MANAGEMENT PLANS****Definitions**

1. In this Regulation,

“municipal service board” means,

- (a) a municipal service board or joint municipal service board established or continued under the *Municipal Act, 2001*,
- (b) a city board or joint city board established or continued under the *City of Toronto Act, 2006*, or
- (c) a joint board established in accordance with a transfer order made under the *Municipal Water and Sewage Transfer Act, 1997*; (“commission de services municipaux”)

“Portfolio Manager” means the ENERGY STAR Portfolio Manager electronic reporting system developed by the United States Environmental Protection Agency, as adapted for use in Canada and administered by Natural Resources Canada, and available on the Internet; (“Portfolio Manager”)

“post-secondary educational institution” means a university in Ontario, a college of applied arts and technology in Ontario or another post-secondary educational institution in Ontario, if the university, college or institution receives an annual operating grant; (“établissement d’enseignement postsecondaire”)

“public hospital” means a hospital within the meaning of the *Public Hospitals Act*; (“hôpital public”)

“school board” means a board within the meaning of the *Education Act*. (“conseil scolaire”)

Prescribed public agencies

2. For the purposes of the definition of “public agency” in subsection 25.35.2 (1) of the Act, the following are prescribed as public agencies:

- 1. Every municipality.
- 2. Every municipal service board.
- 3. Every post-secondary educational institution.
- 4. Every public hospital.
- 5. Every school board.

Plan

3. (1) Every public agency that is not a ministry of the Government of Ontario shall prepare an energy conservation and demand management plan.

(2) The energy conservation and demand management plan shall be approved by the senior management of the public agency to whom the plan applies before the public agency publishes the plan on the public agency’s website and makes the plan available to the public in printed form at the public agency’s head office in accordance with section 9.

Plan, prescribed operations

4. The operation, by a public agency, of a building or facility referred to in Table 1 for that type of public agency is prescribed as an operation for the purposes of paragraphs 1 and 2 of subsection 25.35.2 (3) of the Act.

Plan, prescribed additional information

5. (1) The following information is prescribed, for the purposes of paragraph 4 of subsection 25.35.2 (3) of the Act, as additional information the energy conservation and demand management plan must include:

1. A summary of annual greenhouse gas emissions for each of the public agency's prescribed operations, which shall be included in the summary of the public agency's annual energy consumption required under paragraph 1 of subsection 25.35.2 (3) of the Act.
2. A description of the results of previous activities and measures to conserve the energy consumed by the public agency's prescribed operations and to otherwise reduce the amount of energy consumed by the public agency, including by employing such energy conservation and demand management methods as may be prescribed.
3. The cost and saving estimates for the public agency's current and proposed activities and measures referred to in paragraph 2 of subsection 25.35.2 (3) of the Act.
4. A description of any renewable energy generation facility operated by the public agency and the amount of energy produced on an annual basis by the facility.
5. A description of,
 - i. the ground source energy utilized, if any, by ground source heat pump technology operated by the public agency,
 - ii. the solar energy utilized, if any, by thermal air technology or thermal water technology operated by the public agency, and
 - iii. the proposed plan, if any, to operate heat pump technology, thermal air technology or thermal water technology in the future.
6. The estimated length of time the public agency's current and proposed activities and measures referred to in paragraph 2 of subsection 25.35.2 (3) of the Act will be in place.
7. A confirmation that the energy conservation and demand management plan has been approved by the public agency's senior management.

(2) The energy conservation and demand management plan may also include information on the operation of a building or facility by the public agency that is not a prescribed operation for that public agency.

Summary, prescribed operations of certain buildings or facilities

6. (1) The information required under section 7 for each of the public agency's prescribed operations is required only if the public agency owns or leases the building or facility whose operation is prescribed and,

- (a) the building or facility is heated or cooled and the public agency is issued the invoices and is responsible for making the payments for the building or facility's energy consumption; or
- (b) the operation is related to the treatment of water or sewage, whether the building or facility is heated or cooled, and the public agency is issued the invoices and is responsible for making the payments for the building or facility's energy consumption.

(2) If only part of the building or facility is heated or cooled, the public agency is only required to include the information required under section 7 for the part of the building or facility that is heated or cooled.

Summary, prescribed requirements

7. (1) The summary of annual energy consumption required under paragraph 1 of subsection 25.35.2 (3) of the Act and the summary of annual greenhouse gas emissions required under paragraph 1 of subsection 5 (1) of this Regulation shall be for the year that ends on December 31 immediately preceding the day the summary is required to be submitted.

(2) The summary for a year must include the following information for each of the public agency's prescribed operations:

1. The name of the building or facility.
2. The address of the building or facility.
3. The total floor area of the indoor space of the building or facility.
4. The type of the building or facility, as set out in a paragraph in Column 2 of Table 1.

5. If the building or facility has more than one use, the type of the building or facility for the purpose of paragraph 4 shall be determined based on the use that occupies the largest amount of total floor area of the indoor space or, if more than one use occupies the same amount of total floor area of the indoor space, based on one of those uses chosen by the public agency.
 6. A description of the days and hours in the year during which the building or facility is operated and, if the building or facility is operated on a seasonal basis, the period or periods during the year when it is operated.
 7. The total amount of each type of energy that was consumed in the year to operate the building or facility and that was purchased by the public agency, regardless of when it was purchased.
 8. The total amount of greenhouse gas emissions that were emitted in the year with respect to each type of energy, calculated from the total amount of each type of energy included under paragraph 7.
- (3) The summary for a year must also include the following information, if applicable:
1. If the public agency is a school board whose operation of a school is prescribed,
 - i. whether the school had classrooms in temporary accommodations and the number of such classrooms, and
 - ii. whether the school had an indoor swimming pool.
 2. If the public agency is a public hospital whose operation of a facility used for hospital purposes is prescribed, whether the facility was operated as a chronic or acute care facility, or both.
 3. If the public agency is a municipality or municipal service board whose operation of a building or facility related to the treatment of water or sewage is prescribed,
 - i. the volumetric flow rate of water treated, if the building or facility treats water, or
 - ii. the volumetric flow rate of sewage treated, if the building or facility treats sewage.
- (4) A public agency may exclude, from the summary, any amount of energy consumed or greenhouse gas emitted related to the temporary use of an emergency or back-up generator to continue the operation of the building or facility.
- (5) In this section,
- “volumetric flow rate” means a rate that sets out the flow of water or sewage in units of volume over time.

Summary, submission to Ministry

- 8.** (1) Each year, every public agency shall submit to the Ministry, through the use of Portfolio Manager, the summaries referred to in subsection 7 (1).
- (2) The summaries for a year ending December 31 shall be submitted on or before July 1 of the following year.
- (3) Despite subsection (2),
- (a) the summaries for the year ending December 31, 2021 shall be submitted on or before July 1, 2023; and
 - (b) the summaries for the years ending December 31, 2022 and December 31, 2023 shall be submitted on or before July 1, 2024.

Plan, publication

- 9.** (1) On or before July 1, 2024 and on or before July 1 in every fifth year thereafter, every public agency shall publish on its website, and make available to the public in printed form at its head office, the public agency’s energy conservation and demand management plan.
- (2) The reference to the plan in subsection (1) does not include the summaries referred to in subsection 7 (1), other than the summaries for the most recent year before the applicable due date referred to in subsection (1).

Revocation

- 10. Ontario Regulation 507/18 is revoked.**

Commencement

- 11. This Regulation comes into force on the day it is filed.**

Organismes publics prescrits

2. Pour l'application de la définition de «organisme public» au paragraphe 25.35.2 (1) de la Loi, les entités suivantes sont prescrites comme organismes publics :

- 1. Chaque municipalité.
- 2. Chaque commission de services municipaux.
- 3. Chaque établissement d'enseignement postsecondaire.
- 4. Chaque hôpital public.
- 5. Chaque conseil scolaire.

Plan

3. (1) Chaque organisme public qui n'est pas un ministère du gouvernement de l'Ontario prépare un plan de conservation de l'énergie et de gestion de la demande.

(2) Le plan de conservation de l'énergie et de gestion de la demande est approuvé par la haute direction de l'organisme public auquel il s'applique avant que l'organisme public ne le publie sur son site Web ou ne le mette à la disposition du public sous forme imprimée à son siège social conformément à l'article 9.

Plan : activités prescrites

4. L'exploitation, par un organisme public, d'un bâtiment ou d'une installation visé au tableau 1 pour ce type d'organisme public est prescrite comme activité pour l'application des dispositions 1 et 2 du paragraphe 25.35.2 (3) de la Loi.

Plan : renseignements supplémentaires prescrits

5. (1) Les renseignements suivants sont prescrits pour l'application de la disposition 4 du paragraphe 25.35.2 (3) de la Loi comme des renseignements supplémentaires devant être compris dans le plan de conservation de l'énergie et de gestion de la demande :

1. Un résumé des émissions annuelles de gaz à effet de serre de chacune des activités prescrites de l'organisme public, qui est inclus dans le résumé de la consommation annuelle d'énergie de l'organisme public exigé par la disposition 1 du paragraphe 25.35.2 (3) de la Loi.
2. Une description des résultats des activités et des mesures précédentes entreprises en vue de conserver l'énergie consommée dans le cadre des activités prescrites de l'organisme public et de réduire de quelque autre façon la quantité d'énergie consommée par l'organisme public, notamment en employant les méthodes prescrites de conservation de l'énergie et de gestion de la demande.
3. Une estimation des coûts et des économies au titre des activités et des mesures actuelles et proposées de l'organisme public visées à la disposition 2 du paragraphe 25.35.2 (3) de la Loi.
4. Une description de toute installation de production d'énergie renouvelable exploitée par l'organisme public et la quantité d'énergie produite annuellement par l'installation.
5. Une description de ce qui suit :
 - i. l'énergie géothermique utilisée, le cas échéant, au moyen d'une technologie de pompe à chaleur géothermique exploitée par l'organisme public,
 - ii. l'énergie solaire utilisée, le cas échéant, au moyen d'une technologie de capteurs thermiques à air ou une technologie de capteurs thermiques à eau exploitée par l'organisme public,
 - iii. le plan proposé, le cas échéant, pour exploiter une technologie de pompe à chaleur, de capteurs thermiques à air ou de capteurs thermiques à eau à l'avenir.
6. Une estimation de la durée pendant laquelle les activités et les mesures actuelles et proposées visées à la disposition 2 du paragraphe 25.35.2 (3) de la Loi seront en place.
7. La confirmation que le plan de conservation de l'énergie et de gestion de la demande a été approuvé par la haute direction de l'organisme public.

(2) Le plan de conservation de l'énergie et de gestion de la demande peut également comprendre des renseignements concernant l'exploitation d'un bâtiment ou d'une installation par l'organisme public qui n'est pas une activité prescrite pour cet organisme public.

Résumé : exploitation prescrite de certains bâtiments ou installations

6. (1) Les renseignements exigés par l'article 7 au sujet de chacune des activités prescrites de l'organisme public ne sont exigés que si l'organisme public est propriétaire ou preneur à bail du bâtiment ou de l'installation dont l'exploitation est prescrite, et si l'une ou l'autre des conditions suivantes s'applique :

- a) le bâtiment ou l'installation est chauffé ou refroidi et l'organisme public reçoit les factures et est responsable des paiements concernant la consommation d'énergie du bâtiment ou de l'installation;
- b) l'activité concerne le traitement de l'eau ou des eaux usées, que le bâtiment ou l'installation soit chauffé ou refroidi, et l'organisme public reçoit les factures et est responsable des paiements concernant la consommation d'énergie du bâtiment ou de l'installation.

(2) Si seulement une partie du bâtiment ou de l'installation est chauffée ou refroidie, l'organisme public n'est tenu de fournir les renseignements exigés par l'article 7 que pour cette partie.

Résumé : exigences prescrites

7. (1) Le résumé de la consommation annuelle d'énergie exigé par la disposition 1 du paragraphe 25.35.2 (3) de la Loi et le résumé des émissions annuelles de gaz à effet de serre exigé par la disposition 1 du paragraphe 5 (1) du présent règlement concernent l'année qui se termine le 31 décembre et qui précède immédiatement le jour où le résumé doit être présenté.

(2) Le résumé d'une année inclut les renseignements suivants pour chacune des activités prescrites de l'organisme public :

1. Le nom du bâtiment ou de l'installation.
2. L'adresse du bâtiment ou de l'installation.
3. La superficie intérieure totale du bâtiment ou de l'installation.
4. Le type de bâtiment ou d'installation indiqué dans la colonne 2 du tableau 1.
5. Si le bâtiment ou l'installation sert à plus d'une utilisation, le type de bâtiment ou d'installation pour l'application de la disposition 4 est déterminé en fonction de l'utilisation qui occupe la plus grande partie de la superficie intérieure totale ou, si plusieurs utilisations occupent des superficies intérieures égales, en fonction de l'une de ces utilisations choisie par l'organisme.

6. Les jours et les heures dans l'année durant lesquels le bâtiment ou l'installation est exploité et, si le bâtiment ou l'installation est exploité de manière saisonnière, la période ou les périodes de l'année durant lesquelles l'exploitation a lieu.
7. La quantité totale de chaque type d'énergie consommée au cours de l'année pour l'exploitation du bâtiment ou de l'installation et achetée par l'organisme public, quelle que soit la date de l'achat.
8. La quantité totale d'émissions de gaz à effet de serre émise au cours de l'année à l'égard de chaque type d'énergie, calculée à partir de la quantité totale de chaque type d'énergie inclus en application de la disposition 7.

(3) Le résumé annuel doit également inclure les renseignements suivants, le cas échéant :

1. Si l'organisme public est un conseil scolaire et que son administration d'une école est prescrite :
 - i. l'existence ou non de salles de classe situées dans des installations d'accueil temporaires et le nombre de telles salles de classe,
 - ii. l'existence ou non d'une piscine intérieure dans l'école.
2. Si l'organisme public est un hôpital public et que son exploitation d'une installation utilisée à des fins hospitalières est prescrite, la question de savoir si l'installation était exploitée comme un établissement pour malades chroniques ou un établissement de soins actifs, ou les deux.
3. Si l'organisme public est une municipalité ou une commission de services municipaux dont l'exploitation d'un bâtiment ou d'une installation qui se rapporte au traitement de l'eau ou des eaux usées est prescrite :
 - i. le débit volumétrique de l'eau traitée, si le bâtiment ou l'installation traite de l'eau,
 - ii. le débit volumétrique des eaux usées traitées, si le bâtiment ou l'installation traite des eaux usées.

(4) L'organisme public peut exclure du résumé toute quantité d'énergie consommée ou d'émissions de gaz à effet de serre liée au recours temporaire à une génératrice de secours ou d'appoint afin de poursuivre l'exploitation du bâtiment ou de l'installation.

(5) La définition qui suit s'applique au présent article.

«débit volumétrique» S'entend d'un taux mesurant le débit d'eau ou d'eaux usées en unités de volume par rapport au temps.
(«volumetric flow rate»)

Présentation du résumé au ministère

8. (1) Chaque année, chaque organisme public présente au ministère, à l'aide de Portfolio Manager, les résumés visés au paragraphe 7 (1).

(2) Les résumés d'une année qui se termine le 31 décembre sont présentés au plus tard le 1^{er} juillet de l'année suivante.

(3) Malgré le paragraphe (2) :

- a) les résumés de l'année qui se termine le 31 décembre 2021 sont présentés au plus tard le 1^{er} juillet 2023;
- b) les résumés des années qui se terminent le 31 décembre 2022 et le 31 décembre 2023 sont présentés au plus tard le 1^{er} juillet 2024.

Publication du plan

9. (1) Au plus tard le 1^{er} juillet 2024 et au plus tard le 1^{er} juillet de chaque cinquième année par la suite, chaque organisme public publie sur son site Web et rend accessible au public sous forme imprimée à son siège social son plan de conservation de l'énergie et de gestion de la demande.

(2) La mention du plan au paragraphe (1) ne s'entend pas des résumés visés au paragraphe 7 (1), à l'exception des résumés de l'année la plus récente précédant la date d'échéance applicable visée au paragraphe (1).

Abrogation

10. Le Règlement de l'Ontario 507/18 est abrogé.

Entrée en vigueur

11. Le présent règlement entre en vigueur le jour de son dépôt.

Amending O. Reg. 446/20

(ZONING ORDER - TOWN OF OAKVILLE, REGIONAL MUNICIPALITY OF HALTON)

1. Section 1 of Ontario Regulation 446/20 is revoked and the following substituted:**Definitions****1. In this Order,**

“accessory”, when used to describe a use, building or structure, means a use, building or structure normally incidental or subordinate to a long-term care home or retirement home use, building or structure located on the same lot, including but not limited to,

- (a) a school, post-secondary,
- (b) a day care,
- (c) a general office,
- (d) a medical office,
- (e) a personal service shop,
- (f) a research and development use,
- (g) a restaurant,
- (h) a retail store,
- (i) a seniors’ community centre,
- (j) a service commercial use,
- (k) administrative offices,
- (l) dining facilities,
- (m) nursing stations, and
- (n) activity rooms;

“long-term care home” has the same meaning as in the *Fixing Long-Term Care Act, 2021*;

“seniors’ community centre” means a multi-purpose facility or part of that facility which offers a variety of programs of a recreational, cultural, community service, informational or instructional nature that are designed for seniors;

“zoning by-law” means Zoning By-law 2009-189 of the Town of Oakville.

2. Section 2 of the Regulation is amended by adding the following subsection:

(2) Despite any existing or future severance, partition or division of the lands described in subsection (1), this Order applies to the whole of the lands as if no severance, partition or division had occurred.

3. Sections 3 and 4 of the Regulation are revoked and the following substituted:**Permitted uses**

3. In addition to the uses permitted by the zoning by-law on the lands described in subsection 2 (1), the following uses are permitted:

- 1. An apartment dwelling.
- 2. A long-term care home with accessory uses, buildings and structures.
- 3. A retirement home with accessory uses, buildings and structures.

4. A parking garage.

Zoning requirements

4. Despite the zoning by-law, the zoning requirements for the uses permitted under section 3 are as follows:
 1. The lot line abutting Hospital Gate is deemed the front lot line.
 2. The minimum front yard setback is 3 metres.
 3. The minimum flankage yard setback is 3 metres.
 4. The minimum rear yard setback is 6 metres.
 5. The maximum building height is 63 metres.
 6. The maximum number of storeys is 15.
 7. The area of buildings occupied by retirement home uses shall not exceed a floor area of 73,000 square metres, including the floor area of any accessory uses.
 8. The area of buildings occupied by apartment dwelling uses shall not exceed a floor area of 28,000 square metres.
 9. The maximum number of dwelling units, other than dwelling units within a retirement home, is 250.
 10. The maximum surface parking area coverage is 35 per cent of the lot area.
 11. The minimum required parking spaces are as follows:
 - i. For a long-term care home, 0.25 spaces per bed.
 - ii. For a retirement home, 0.33 spaces per assisted living unit and dwelling unit within a retirement home.
 - iii. For an apartment building, 1.25 spaces per dwelling unit, of which 0.25 spaces per dwelling unit shall be designated as visitors parking spaces.
 12. The minimum landscape area is 10 per cent of the lot area.
 13. The minimum width of a landscape strip abutting any lot line or any surface parking area is 3 metres.
 14. Rooftop mechanical equipment shall be set back a minimum of 5 metres from all edges of a roof if the rooftop mechanical equipment is not fully enclosed within a mechanical penthouse.
