

COVID-19 cases in schools and child care centres

Learn about coronavirus (COVID-19) cases in Ontario schools and licensed child care settings, and what happens if there is an outbreak. Data is published weekdays at 10:30 a.m.

[Download the raw data from the Ontario Data Catalogue \(https://data.ontario.ca/dataset?keywords_en=COVID-19\)](https://data.ontario.ca/dataset?keywords_en=COVID-19)

[Learn what to expect for the 2020-2021 school year \(https://www.ontario.ca/page/covid-19-reopening-schools\)](https://www.ontario.ca/page/covid-19-reopening-schools)

Data updates during April break

We will not publish data for elementary and secondary schools from April 13 to 16, 2021. We will resume regular publishing on April 20, 2021.

We will continue to publish child care data on regular business days for child care programs that are permitted to operate.

This page does not include data for regional closures in a public health unit area.

Summary of cases in schools

This report provides a summary of COVID-19 activity in publicly-funded Ontario schools. Cumulative totals represent all total cases reported to the Ministry of Education as of September 5, 2020, including resolved cases.

Cases reported on this page on Tuesdays include the total number of cases reported from Friday afternoon to Monday afternoon. School boards report to us every weekday from Monday to Friday.

Last updated: April 12 at 10:30 a.m.

Report	Number of new cases reported today	Number of cases reported in the last 14 days	Number of cases reported more than 14 days ago	Cumulative total (total number of cases reported)
School-related cases (total)	217	2,629	12,280	14,909
School-related student cases	186	2,173	9,091	11,264
School-related staff cases	30	448	2,034	2,482
Individual(s) not identified	1	8	1,155	1,163

Number of schools with reported cases and schools closed

Report	Number	Total number of schools	Percentage
Current number of schools with a reported case	1,302	4,828	26.97%
Current number of schools closed	0	4,828	0.00%

Note:

- In some instances, the type of case has not been identified as either student/child or staff/provider/partner due to privacy considerations. These "individuals" only include unidentified students/children or staff/providers/partners and not visitors or parents. These cases will be tracked as "individuals" but not included in the "student/child" or "staff/provider" columns.
- Recommended isolation period for COVID-19 cases is 14 days.
- This report includes individual school closures that are due to outbreaks or operational considerations. It does not include regional closures in a local public health unit area.

Note: In some instances, the type of case has not been identified as either student/child or staff/provider/partner due to privacy considerations. These "individuals" only include unidentified students/children or staff/providers/partners and not visitors or parents. These cases will be tracked as "individuals" but not included in the "student/child" or "staff/provider" columns.

Note: Cases listed at board office sites include occasional school staff (for example, occasional teachers, occasional early childhood educators and occasional educational assistants), board staff who visit schools (for example, social workers, psychologists and resource teachers or staff) and centrally or regionally assigned school board staff.

Cases in school board partners

This report lists confirmed recent COVID-19 cases in school board partners (for example: school bus drivers, health professionals). If cases overlap across various school boards, school boards will be listed together so cases are not counted more than once.

Last updated: April 12 at 10:30 a.m.

COVID-19 cases in school board partners

School Board(s)	Municipality	Confirmed cases – individual(s) not identified
Ottawa-Carleton District School Board	Ottawa	2
York Region District School Board	Richmond Hill and Vaughan	1
York Catholic District School Board	Markham	1
Dufferin-Peel Catholic District School Board	Mississauga	3

Summary of cases in licensed child care settings

This report provides a summary of COVID-19 activity in:

- licensed child care centres
- home child care agencies

Cumulative totals represent cases reported to the Ministry of Education since June 12, 2020, including resolved cases.

There are over 5,500 licensed child care centres and over 130 licensed home child care agencies in Ontario and most of these programs have reopened.

Cases reported on this page on Tuesdays represent the total number of cases reported Friday afternoon to Monday afternoon. Licensed child care centres and home care agencies report to us every weekday from Monday to Friday.

Last updated: April 12 at 10:30 a.m.

Summary of cases in licensed child care settings

Report	Number of new cases reported today	Number of cases reported in the last 14 days	Number of cases reported more than 14 days ago	Cumulative total (total number of cases reported)
Confirmed cases in child care centres and homes	66	913	3,374	4,287
Child-care related child cases	33	534	1,847	2,381
Child-care related staff/provider cases	33	379	1,527	1,906
Individual(s) not identified	0	0	0	0
Centres closed	12	130	392	522
Homes closed	3	50	691	741

Number of centres with confirmed cases and centres closed

Report	Number	Total number of open child care centres	Percentage

Report	Number	Total number of open child care centres	Percentage
Current number of centres with a confirmed case	418	5,282	7.91%
Current number of centres closed	130	5,282	2.46%

Note:

- Home child care data is not included in the table above.
- Recommended isolation period for COVID-19 cases is 14 days.
- This report includes individual closures that are due to outbreaks or operational considerations. It does not include regional closures in a local public health unit area.

Licensed child care centres and home child care agencies with recent COVID-19 cases

This report lists child care centres and home child care agencies that have recently reported cases of COVID-19.

Last updated: April 12 at 10:30 a.m.

Note: In some instances, the type of case has not been identified as either student/child or staff/provider/partner due to privacy considerations. These "individuals" only include unidentified students/children or staff/providers/partners and not visitors or parents. These cases will be tracked as "individuals" but not included in the "student/child" or "staff/provider" columns.

Where the numbers come from

Case data

Every day, schools, child care centres and licensed home child care agencies report to the Ministry of Education on children, students and staff that have positive cases of COVID-19.

If there is a discrepancy between numbers reported here and those reported publicly by a Public Health Unit, please consider the number reported by the Public Health Unit to be the most up-to-date.

Schools

Schools and school boards report when a school is closed to the Ministry of Education. Data is current as of 2:00 pm the previous day.

Child care centres and homes

Licensed child care centres and home child care agencies report when a centre or home is closed to the Ministry of Education, using the Child Care Licensing System. Data is taken from the system at 12:00 pm the previous day.

If a COVID-19 case is confirmed at your school

The local public health unit will determine what happens if a COVID-19 case is confirmed at your school.

Check for notices on the school or board website

School boards and schools will post a notice on their website if a student or staff member tests positive for COVID-19. Search for a COVID-19 advisory section on their website.

No personal information will be posted.

Working with public health

Schools will work with public health units to help them identify who has been in close contact with a person who tested positive for COVID-19.

This means that a school may provide the public health unit with your child's name and information about their:

- class cohort
- school bus cohort
- child care cohort

Schools will provide information in accordance with all applicable legislation, including the [*Municipal Freedom of Information and Protection of Privacy Act \(https://www.ontario.ca/laws/statute/90m56\)*](https://www.ontario.ca/laws/statute/90m56).

If there is risk of exposure

The public health unit will assess risk of exposure. Those at high risk will need to isolate for 14 days.

If your child was in close contact with a person who tested positive, the public health unit will tell you that your child must isolate for 14 days. They'll also tell you if your child or family need to get tested for COVID-19.

If your child is feeling well enough, the school will give your child remote learning activities they can do at home during their 14-day isolation period.

Not everyone may have been exposed

Since students will be grouped in class cohorts, the public health unit may determine that your child has not been in close contact with a person who tested positive for COVID-19 from another class or part of the school.

The public health unit will advise you to monitor your child for symptoms, but your child will be able to keep going to school as long as they are not ill and the school is open.

Closing classes or schools

If the local public health unit declares an outbreak, they will determine what happens next. This could include closing classrooms, cohorts or an entire school.

If an outbreak is declared in a school, the public health unit will help determine which groups of students need to be sent home or if a partial or full school closure is required.

Declaring an outbreak

An outbreak may be declared by the local public health unit when:

- within a 14-day period, there are two or more laboratory-confirmed COVID-19 cases in students, staff or other visitors with an epidemiological link (for example, if cases are in the same class or cohort)
- at least one case could have been infected in the school (including on a school bus or in before or after school care)

What your local public health unit will do

If an outbreak exists, the local public health unit is responsible for:

- declaring an outbreak
- providing direction on how to control the outbreak
- declaring when an outbreak is over

The local public health unit is responsible for determining:

- if an outbreak exists
- how to manage the outbreak in collaboration with the school and other relevant partners, such as before and after school programs
- who to test, in alignment with the province's broader testing strategy
- who is at high-risk of infection and needs to self-isolate
- if a partial or full school closure is required
