Hi Helen,

We downloaded your comments on the transformation slide to Didem, and this is where the slide landed – see slide 17. Hopefully this gets to what you and Nicole were chatting about when I met up with you in the lobby.

It sounds like MOF is rolling though edits as well.

Subject: RE: edits to FPC deck

Hi Daniel,

Thank you so much for sharing the latest version of the deck. Please find attached the latest version with slide 17 (Transformation Initiatives Slide) updated to reflect our DM's feedback. As you will see, we have moved the content from the table into the bullets. While I have highlighted the changes/moved parts in red, I think it may be safest to replace the whole slide.

Please don't hesitate to let us know if you have any questions or concerns.

Cheers,
Didem

Hi Didem,

See attached – please make edits to this version.

Note that we're also rolling in edits from MOF divisions concurrently, so please highlight any changes you make.

Thanks,
Daniel

Importance: High

Hi Daniel,

As you will see in Kyle's email below, our DM has asked for some edits on the transformation initiatives slide.

We have the version from v12 (attached) that Selena shared on Thursday, June 1st @ 2:30 pm. Is this the latest version (i.e. the version we should be editing)? If not, can you please email us the latest version of the deck, so that we can update it to reflect her direction.

Thank you,
Didem

Subject: edits to FPC deck

Hi Didem –

Helen mentioned a few edits for you to the FPC deck on the transformation initiatives - slide 15. It sounds like she'd like to streamline the slide and to make it look more like the format of slides 13 and 14.

1. Keep the first bullet – add a period after “citizens”, start a new sentence “The objectives are to:”, then move the three bullets under “objective” in the table to be sub-bullets
2. Keep bullet #2
3. Keep bullet #3 - add a new sentence to the bullet beginning “The approach would:”, then move the four bullets under “Approach” in the table up to be sub-bullets
4. Keep bullet #4
5. Delete the table from “design and governance” down.

Let me know if you'd like to chat 5-9084.

K.
