Hi Helen,

Attached is the latest version the LR & Compensation Sector Overview paper (clean and tracked). CO recommended some edits which were mostly for clarification ie. clarifying whether we are referring to public or private sector, adding in sources in the footnotes. The team has addressed those comments and also included some of the feedback that you provided in the Collective Bargaining overview deck, which track to this document as well e.g. indicating that the govt can influence compensation through legislative measures.

We are still doing some fact checking on the numbers but this version is going to be shared with the SOC's office today.

Have a great long weekend!

Thanks,
Mary
