Thanks, Lynn. All credit to Kirsten who built an excellent deck and wrote the narrative.

We will add a slide on US engagement and pass to you/PO when it's added.

Maria - it's an excellent narrative. Let's add a slide on the US engagement. It's a big part of their eco strategy and what she has been doing over the last couple of months. I know it is integrated in the notes but I think we add a separate slide that also highlights the fact we are working on MOUs with states and we will announce in the budget key areas that have gone through cabinet on training and eco development. Thanks again. - Lynn

Hi Lynn,

Per Alexandra's earlier note, please find attached the PD&G deck with your requested changes as well as a full narrative to accompany the slides. Once Monday's initiative is in the public domain, we'll add this to the spring rollout slide and update the notes to reflect accordingly.

Once you've reviewed, we'll send to Bryan and Rebecca tomorrow for concurrent review, then back to you to pass to Andrew.

Happy to receive any input or changes.

Thanks!
Maria
