Good Morning:

Please find enclosed the deck for ENE Caucus presentation regarding the Fair Hydro Plan Implementation / Legislation / Communications.

Goal will be for Minister to run through the crunchy parts of the Legislation at the front and then spend majority of the discussion on our newest project (hydro bill redesign) - RAP = Redesign Action Plan.

Legislation Update: Pens are down. Doing a bit of tidy work this weekend. You will note that apparently ENE on FPC agenda for Wednesday on the GA legislation. For that presentation we will have a Blakes'-produced deck on the intricacies of the proposed bill. We know we need to make formal TB/MBC and CAB submission decks. Bandwidth is depleted, so I'm hopeful that we are ready for Friday next week binder circulation, but will update folks along the way next week.

Please let Matt or I know if you should have any questions or concerns.
